Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The Emily Dickinson School

District Borough Number (DBN):

03M075

Grades Served:

K-5

School Address:

309 West 95th Street, New York, NY 10025

Phone Number:

212-866-5400

Fax:

212-866-5543

School Contact Person:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
George Georgilakis	Principal or Designee*	
Toni Corsello	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Chelsea Duke/Lindsay Kaden	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Laura Forer	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Shailyn Rivas	Member/SLT Co-Chair/Teacher	
Robert Ryan	Member/SLT Co-Chair/Parent	
Antonio D'souza	Member/Parent	
Amiko Glasford	Member/Parent	
Valerie Sorensen-Clark	Member/Parent	
Nicole Faurot	Member/Parent	
Mercy Palomeque	Member/Teacher	
Elizabeth Jarrett	Member/Teacher	
Mercedes Rodriguez	Member/Teacher	
Carolette Gilead	Member/Paraprofessional	
Asjah Davis-shim	Member/Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to provide our children with the necessary skills, knowledge and tools to be creative problem solvers, independent thinkers and social advocates. This mission is reflected on a more nuanced level in our Vision Statement as describe below:

P.S. 75 is a community that works together to:

- Create a safe, supportive and engaging environment
- Strengthen education through respectful and responsive partnerships between home, school and the broader community
- Develop responsible, competent and independent students who are lifelong learners and contributing members of society
- Affirm and strengthen the racial identity and lived experiences of our students, families and staff

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 75 The Emily Dickinson School is a community that puts our students and families at the center of every decision. This approach is reflected in our core values of equity, empathy, compassion and flexibility. As we plan for the 2025-2026 school year, we are committed to adapting our curricula (Wit & Wisdom, Envision Mathematics, Sanford Harmony, Fundations, and Passport to Social Studies) and classroom learning experiences to reflect and develop the racial identities and lived experiences of our staff, students and families. Our robust science and arts classes complement our other academic subjects by providing opportunities for students to visualize, observe, question, create and reflect in order to understand the world around them. We are a diverse community that prioritizes inclusive learning environments that celebrate and engage every student that is reflected in our student population:

Asian: 2.8%
Black: 13.9%
Hispanic or Latinx: 54.7%
Native American: .41%
Native Hawaiian/Pacific Islander: 0%
White: 23.6%
Multi-Racial: 4.1%
Native American: 0.6%

English language learners: 32%
Students with disabilities: 46%

Briefly summarize the key initiatives your school will implement this school year.

What I Need Period: Period dedicated to all students to support ELA and Math. Teachers provide ELA intervention using SPIRE and Sounds Sensible programs.

Wit & Wisdom: As a district this will be our second year implementing Wit & Wisdomin classrooms Kindergarten through 5th grade. Teachers will engage in coaching professional learning sessions to improve practice and meet the needs of all students.

In the 2025-2026 school year, PS 75 grade teams will align with district priorities to create additional transdisciplinary units.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Wit & Wisdom	NA
Math	K-5	Envision Mathematics	NA
Phonics	K-3	Fundations	NA
Social Studies	K-5	Passport	NA

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Acadience and iReady Screener Data	Gaps in foundational skills, especially in early grades	Strengthen tier 1 instruction
Acadience and iReady Screener Data	Inconsistent implementation of high-quality phonic instruction taught with fidelity	Strengthen tier 1 instruction
Acadience and iReady Screener Data	Limited family understanding of how to support reading at home	Increase parent understanding of grade level benchmarks

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40.7	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 40.7 to 45.7, of Percentage of student scoring at or above proficiency on the Acadience and iReady Screener Data .
English Language Learners (ELL)	3.5	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 5% Increase, from 3.5 to 8.5, of percentage of students scoring at or above proficiency on the Acadience and iReady Screener Data .
Students with Disabilities (SWD)	36.8	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5% Increase, from 36.8 to 41.8, of percentage of students scoring at or above proficiency on the Acadience and iReady Screener Data .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continuation of WIN Period and MTSS Structures

Root Cause Addressed:

- Gaps in foundational skills, especially in early grades
- Inconsistent implementation of high-quality phonic instruction taught with fidelity

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continuously monitor student progress through ongoing assessment and adjust instruction based on individual and group needs.
Analyze student data during grade team meetings, ILT, and SLT
Utilize educational software (iReady, RAZ, Sora)
Teacher intervisitations to observe practices
Administer SPIRE placement exam to students who are not meeting the benchmark
Staff Coaching (Wit&Wisdom, Fundations, Mentoring)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Use of progress monitoring in Acadience and iReady
-WIN Cycle spreadsheet to monitor movement

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host family literacy events and workshops on reading strategies for home	
09/04/2025	06/26/2026	Share reading goals and progress with families through report cards and screener (Acadience/iReady) generated reports	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Coach/Intervention Specialist, ENL Teachers, Special Education Intervention Teacher, Parent Coordinator

Instructional Resources

Fundations, Heggerty, SPIRE, Sounds Sensible, iReady, Acadience

Schedule Adjustments

N/A

Other Resources Needed

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Online Occurrence Reporting System (OORS) reports	Limited Tier 1 Supports: A lack of school-wide, proactive supports (Tier 1 interventions) to prevent behaviors and establish clear expectations.	Tier1 Framework Implementation: Establish a robust Tier 1 framework through school-wide Positive Behavior Interventions and Supports (PBIS) to proactively address behavior issues and reinforce clear expectations.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	95	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 15% Decrease, in number of level 3 & 4 incidents from 95 to 80, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Establish a school-wide PBIS

Root Cause Addressed:

Limited Tier 1 Supports: A lack of school-wide, proactive supports (Tier 1 interventions) to prevent behaviors and establish clear expectations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Break areas in all classrooms
Provide staff training on Tier 1 supports, de-escalation techniques, and restorative practices
Implement restorative circles and peer mediation programs to address conflicts and repair relationships among students.
Review OORS data monthly during crisis team meetings to identify patterns, evaluate progress, and adjust strategies as needed.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Continuation of crisis team meetings
- Analyze OORS data and look for patterns/trends
- School based support team meetings (social worker, counselors, psychologist) to case conference students
-

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host workshops and communication initiatives to involve families in behavior interventions and equip them with strategies for supporting their children.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School Counselors, Social Worker, STH Coordinator, School Psychologist, Teachers, Parent Coordinator, Administration

Instructional Resources

N/A

Schedule Adjustments

TBD

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
iReady Reports	Measurement and data taught towards the end of the year due to Envisions pacing calendar	Include opportunities for measurement and data math instruction throughout the school year
iReady Reports	Limited opportunities for hands-on and real-world application of measurement concepts	More hands on math activities
iReady Reports	Gaps in foundational mathematical skills impacting students' understanding of complex measurement tasks	Time for math intervention

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48.3	PS 75 Emily Dickinson will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students in grades 3-5 scoring at or above grade-level proficiency in the measurement and data section will Increase by 10% from 48.3 to 58.3, for All Students, as measured by i-Ready Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Create transdisciplinary units incorporating measurement and data into other disciplines

Root Cause Addressed:

-Measurement and data taught towards the end of the year due to Envisions pacing calendar
-Limited opportunities for hands-on and real-world application of measurement concepts
-Gaps in foundational mathematical skills impacting students' understanding of complex measurement tasks

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development for Teachers
Curriculum Enhancements and Planning Time
Data-Driven Instruction
Family and Community Engagement- Math Workshops
Targeted Student Support & Intervention (Ace Academy, Title 3 Programs, WIN)
Math Coaching (Number Strings, Number Talks)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Conduct progress monitoring checks using iReady to ensure students are meeting benchmarks within the Measurement and Data domain

Share progress updates with stakeholders, including families and school leadership teams.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family Workshop "Math in Action" to demonstrate how measurement and data skills are used in everyday contexts.	
09/04/2026	06/26/2026	Provide families with at-home activities and resources to reinforce measurement concepts.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC RISE college savings accounts	Limited knowledge of resources of scholarship programs	Increased knowledge of support and resources
NYC RISE college savings accounts	Misconceptions about costs or eligibility requirements.	Increased knowledge of eligibility requirements.

NYC RISE college savings accounts	Lack of access to resources needed for enrollment (e.g., internet, documentation).	Access to enrollment

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40	PS 75 Emily Dickinson will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 10% from 40 to 50 as measured by NYC RISE enrollment reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Family Outreach and Workshops

Root Cause Addressed:

-Limited knowledge about options to save fo programs to save for college

-Misconceptions about costs or eligibility requirements.

-Lack of access to resources needed for enrollment (e.g., internet, documentation).

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Translated Materials: Distribute flyers, posters, and emails in multiple languages with step-by-step enrollment instructions.
Informational Sessions: Host workshops (in English and Spanish) to explain the program and its long-term benefits.
Partner with PTA and other community stakeholders to encourage participation through outreach
Digital Outreach: Use social media(PS 75 Instagram), school website, and messaging app (School Messenger) to spread awareness about the program.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Track enrollment progress monthly in Save for College Program Portal and identify groups with lower participation rates for targeted outreach.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family workshops both in person and virtual to support families activating their accounts	
09/04/2025	06/26/2026	Partnership with PTA to discuss NYC RISE college savings accounts at a monthly PTA meeting.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, PTA, ENL Teachers, Teachers

Instructional Resources

NA

Schedule Adjustments

Morning or Afternoon Workshop

Other Resources Needed

Paper for flyers, Multilingual materials and translation services.t echnology (e.g., tablets, computers) for on-site enrollment.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC School	Families who primarily speak languages other than English	Increase workshops

Survey Participation Results	may face barriers to fully participating in classroom activities, parent groups, school events, and the PTA	(English/Spanish) focused on supporting student learning at home
NYC School Survey Participation Results	Timeliness of communication to families and the misunderstanding of the importance of NYC School Survey	Advanced notice and communication to families to complete NYC School Survey

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	53	PS 75 Emily Dickinson will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Percentage of parents/families completing the NYC School Survey will Increase by 10% from 53 to 63 as measured by Family Responses to NYC School Survey .

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent Outreach and Workshops:

Root Cause Addressed:

Families who primarily speak languages other than English may face barriers to fully participating in classroom activities, parent groups, surveys, school events, and the PTA

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host multilingual family welcome nights and workshops (e.g. navigating the school system, supporting learning at home)
Consider bilingual family liaisons to work with parent coordinator to serve as bridges between school and community
Send home timeline of events earlier on in the year and then reminders
Accessibility Enhancements: Provide additional opportunities for parents to complete on school tablets or on paper in the school.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Track participation rates weekly and identify groups with lower response rates to target additional outreach efforts.

Collect feedback from parents who have not participated to identify additional barriers and address them in real-time.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host a parent information night (in Spanish and English) explaining how previous survey results have led to positive changes in the school.	PTA
09/04/2025	06/26/2026	Engage parent representatives or (PTA) members & Class Parents in partnership with parent coordinator to advocate for survey participation and explain how to access	Class Parents, PTA

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

ENL Teachers and Leads, Coaches, Parent Coordinator, Teachers, and Staff

Instructional Resources

N/A

Schedule Adjustments

N/A

Paper for resources, extra curricula resources for families to take home to support home/school connection

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions Portal Attendance Data	Barriers and Misconceptions	Increase student year to date attendance rates and decrease school wide chronic absenteeism

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 5%, from 33 to 28, as measured by the New Visions Chronic Absenteeism Reports.
Students with Disabilities (SWD)	37	By June, 2026, the Percentage of Chronically Absent Students for Students with Disabilities (SWD) will decrease by 5%, from 37 to 32, as measured by the New Visions Chronic Absenteeism Reports.
English Language Learners (ELL)	44	By June, 2026, the Percentage of Chronically Absent Students for English Language Learners (ELL) will decrease by 5%, from 44 to 39, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Family & Community Communication

Root Cause Addressed:

Some families may not fully recognize the importance of consistent attendance in elementary school or may not actively track how many days their children have missed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Make outreach calls when families are unresponsive to emails/flyers.
Communicate daily schedules clearly by grade level, including when attendance is taken.
Provide information on attendance success and available supports
Ask families what they need to help get kids to school.
Consider organizing family pair-ups for morning routines.

Key Strategy 2 (Optional):

Student Engagement & Motivation

Root Cause Addressed:

Possible misconceptions about attendance

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Prime students to look forward to the next school day.
Incentivize good attendance (e.g., monthly awards or breakfast with admin, homework passes, stickers).
Work with Student Council to promote attendance efforts via newsletters

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Data-Driven Accountability & SLT Engagement:

- Continue monthly attendance team meetings to monitor chronic absenteeism rates
- Examine root causes and driving forces behind chronic absenteeism.
- Increase SLT engagement in decreasing chronic absenteeism rates by adding absenteeism as an agenda item to brainstorm additional ideas on a variety of stakeholders can support with this initiative.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Teachers and staff will utilize weekly parent engagement time to contact families	Teachers, Staff, Parent Coordinator, Attendance Team, Counselors
09/04/2025	06/26/2026	Principal chat and PTA meeting dedicated to the importance of attendance and how it affects academics. Resources will be sent out to all families following the event.	PTA, Administration

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team Members, PTA, SLT, Community Members, Teachers and Staff, Parent Coordinator

Instructional Resources

Extra curricula items to support learning at home

Schedule Adjustments

N/A

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Internal SESIS Review	Limited collaborative time for staff to review and align IEP goals with classroom practices.	IEP Development and Fidelity of Implementation
Internal SESIS Review	Scheduling conflicts and insufficient outreach contributing to low family participation.	Transition Planning and Compliance

Special Education Implementation Team Data	Lack of consistency of tier 1 strategies in the classroom and Implicit bias in referral decision-making	Referral Process and Equity
OORS	Lack of consistent implementation of restorative practices	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	5.9%	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, we will improve percentage of students referred for special education services. by a 2% Decrease, from 5.9% to 3.9%, as measured by Referral rate .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Improve Pre-Referral Process

Root Cause Addressed:

Lack of consistency of tier 1 strategies in the classroom and implicit bias in referral decision-making

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development: Train staff on evidence-based Tier 1 strategies to address diverse learning needs in general education settings.
Implement standardized tools to document interventions, progress, and decision-making before moving to referral.
Require approval from the SIT before submitting a special education referral.
Professional Development; Conduct implicit bias workshops for all staff, focusing on equitable decision-making in referrals.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress checks will be conducted at monthly SIT meetings. The number of referrals will be tracked each month.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host workshops for families on understanding the referral process and available pre-referral interventions.	
09/04/2025	06/26/2026	Use multilingual and multimodal approaches to inform families about intervention options and the importance of equity in referrals.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Intervention Teacher, Instructional Coaches, Nest Coach, Administration, SIT, Parent Coordinator

Instructional Resources

Materials for family outreach (Spanish and English)

Schedule Adjustments

N/A

Other Resources Needed

Access to professional development on Tier 1 and Tier 2 interventions, data tracking tool for pre-referral monitoring

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Academic Screener, Spire Placement Exam	SPIRE or Sounds Sensible	small group	During school day	No
Tier 3	Academic Screener, Spire Placement Exam	SPIRE or Sounds Sensible	small group	During school day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	High frequency of school crisis incidents	Crisis counseling	one to one, small group	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

To ensure families are well-informed about the school's MTSS framework and its impact on student success, the following strategies will be implemented:

Family Information Sessions: Periodic workshops (in person or virtual) will be organized to introduce families to MTSS, explain its purpose, structure, and how it supports academic, behavioral, and social-emotional development.

IEP Progress Reports: IEP progress reports are sent home with report cards which shares progress towards student IEP goals.

Report Cards: Families receive updates on their child's progress through report cards in November, March, and June.

Family Resource Room: A dedicated space that will provide families with resources about MTSS and who to reach out to for additional support

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive updates through a combination of regular communication via email, in person conversations, and phone conversations, progress monitoring, and collaborative decision-making.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families collaborate with teachers and coaches to make decisions regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

93 students (STH)

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After analysis it has been determined that services should focus on stability, continuity of education, and addressing the specific challenges these students face due to transportation. Services need to be culturally responsive and address potential language and cultural barriers. Interventions for chronic absenteeism should be targeted towards identifying barriers to attendance (such as transportation issues, health concerns, or family circumstances) and providing necessary support to improve attendance rates. Chronic absenteeism often correlates with lower academic achievement. Addressing attendance issues can have a direct positive impact on academic outcomes for STH students. There are achievement gaps between STH students and their peers who are not in temporary housing. Academic support programs should be tailored to address these gaps, potentially focusing on foundational skills and providing additional resources to support learning continuity despite mobility.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select

services aligned to need?

Regular sessions with social workers and STH coordinator. Use of funds to provide instructional and SEL resources for classroom and home use. Partner with community based organizations to provide tutoring and clothing for families. Additionally we have a STH resource room.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

2 students

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

PS 75 is committed to providing targeted supports for students in foster care, including those newly transitioning into the foster care system.

The following measures are in place to promote stability and success:

STH Resource Room: A dedicated space that provides resources, clothing, laundry detergent and common items often needed for families in temporary housing.

Busing/Transportation: Our busing team ensures that students in foster care have consistent busing to and from the school building. This includes arranging busing service if the student's foster placement is outside the immediate school zone. They are also provided with metro cards if requested.

Partnerships with School Staff: Foster parents are connected with the STH Coordinator and Parent Coordinator to build strong communication channels and ensure their concerns are addressed.

Counseling: At risk counseling services are offered to help students cope with the challenges of transitioning into foster care and adapting to new environments.

Academic and Behavioral Interventions Students in foster care are prioritized for interventions, such as tutoring

programs and small-group instruction. Behavioral support plans are implemented to address any challenges stemming from trauma or instability.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged include lower academic performance, chronic absenteeism, and emotional dysregulation. Using data-informed insights to guide interventions allows schools and communities to move beyond one-size-fits-all approaches. By focusing on stability, mental health, academic continuity, and consistent relationships, educators and service providers can create a system of support where students in foster care can thrive.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Supports provided include busing, consistent communication with foster families, extra academic support, consistent meetings and access to social workers/counselors. This allows for a more compassionate, effective educational response. Addressing these emotional needs through trauma-informed practices, consistent mental health support, and adult stability is essential for improving both academic outcomes and overall well-being. The goal is to not just meet educational benchmarks, but to create safe, nurturing environments where foster youth can truly thrive.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 75 The Emily Dickinson School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 75 The Emily Dickinson School will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing grade-specific newsletters or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 75 The Emily Dickinson School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this with children
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

The following is a list of high quality and ongoing professional learning activities to support teachers and staff:
- Wit and Wisdom Coaching and Training
- Transdisciplinary learning professional development
- Spire and Sounds Sensible Interventions
-ASD Nest
- Sanford Harmony Social Emotional Learning Curriculum Support
-Equity Work
-Reading Garden Team to Support Hands on Activities
-Instructional Leadership Team

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

-Parent Involvement Activities
-Ongoing Communication and Sharing of Records
-Targeted Intervention Services
-Progress Monitoring Meetings

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$342,304 + $19,886 (Title 1 SWP Carry over)	X	Section 5, Priorities 1,2,3,4,5
Title I, School Improvement 1003(a)	Federal	$0	X	N/A
Title II, Part A	Federal	$33,951 + $22,674 (Title IIA Carry Over Supplemental)	X	Section 5, Priorities 1,2,3,4,5
Title III, Part A	Federal	$12,320 + $8,216 (Title III LEP Carry Over)	X	Section 5, Priorities 1,2,3,4,5
Title IV, Part A	Federal	$108,575 + $18,447 (Title IV CC rollover)	X	Section7, Section 5, Priorities 2,5
Tax Levy	Local	$4,848,619	X	Section 7,

(Fair Student Funding)				Section 5, Priorities 1,2,3,4,5

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	George Georgilakis
Assistant Principal (Where Applicable)*	Grasilel Diaz
English as a New Language (ENL) Teacher*	Anna Trejos
Teacher (if school has a bilingual program must be a bilingual teacher)*	Mercedes Rodriguez
Parent/Guardian*	Maria Tapia
English as a New Language (ENL) Teacher*	Pamela Sanchez
Assistant Principal	Jenna Kantrowitz

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

4

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

17

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

6

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

Spring 2025 EDAT - 465 Total number of students

Total number and percentage (%) of current ELLs:

Total number of current ELLs: 90 (19.4%)

Total number and percentage (%) of former ELLs:

Total number former ELLs: 13 (2.8%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

80 (88.9%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

10 (11.1%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0.0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

4 (4.4%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

32 (35.6%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	General Education (GE)	English/ Spanish	1988	2	1	1	1	1	1								7
DLBE	Integrated CoTeaching (ICT) special education	English/ Spanish		0	1	1	1	1	1								5
DLBE																	0
				total: 2	total: 2	total: 2	total: 2	total: 2	total: 2	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL instruction is dedicated time for students to engage in small-group instruction with the designated ENL Teacher and receive explicit language instruction separately from their integrated sessions. During stand-alone ENL sessions, for Entering and Emerging EL/MLLs, students receive focused instruction on language skills such as vocabulary development, grammar, speaking, listening, reading, and writing. Sessions also incorporate activities to build cultural, social, and communication skills. Stand-alone ENL classes provide Entering and Emerging EL/MLLs with targeted support to strengthen their English language proficiency and students are grouped homogeneously by grade level.

**Stand-alone sessions are provided to Entering/Emerging K-5 EL/MLLs, as CR Part 154 suggests mandated ENL time be delivered to Transitioning and Expanding students in integrated lessons. Ms. Anna Trejos (ENL Teacher/Coordinator) and Ms. Pamela Sanchez (ENL Teacher) will be delivering the ENL Stand-Alone services.

Integrated ENL:

Integrated ENL instruction embeds English language development within the content areas such as math, reading, writing, and social studies. The ENL teachers collaborate with classroom teachers to plan and prepare for integrated language support strategies, such as visual aids, graphic organizers, and language scaffolds, to make content comprehensible for ELLs. During integrated ENL sessions, The ENL teacher works inside the classroom with teachers and delivers ENL sessions in small groups, supporting multilingual learners to acquire language skills while simultaneously learning academic content.

Students are homogeneously grouped by grade, as integrated ENL is delivered in the classroom, however, small groups are heterogeneously designed to allow students to learn from each other and build communication skills in a supportive environment.

The Dual Language and monolingual classes are created homogenously by grade and heterogeneously organized with students at different English proficiency levels. Within the class, ELLs are grouped, based on their academic and language proficiency levels as measured by the NYSITELL or NYSESLAT. Anna Trejos (ENL Teacher/Coordinator) and Pamela Sanchez (ENL Teacher) will be delivering the ENL services in the ENL Program.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

PS 75's K-5 English and Spanish Dual Language Program follows the 50/50 language instruction model, and students receive instruction in both English and Spanish, with each language comprising approximately half of the instructional time.

This DLBE program is aimed at fostering bilingualism, biliteracy, and cross-cultural competence among students. EL/MLLs in the DLBE Program, receive equal instructional time in English and Spanish during Reading, Writing, Math, and Social Studies.

Students are grouped homogeneously by grade and receive Integrated and Stand-Alone ENL Instruction according to CR Part 154 by the designated certified bilingual common branch classroom teacher.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The school ensures that the mandated number of instructional minutes is provided according to students' English language proficiency levels in both the ENL and Dual Language program models.

At the beginning of the school year, the ENL teachers generate the RELC and RFSF reports from ATS. The ENL teachers use this report to analyze which English Language Learners are in Dual Language and ENL program, and their proficiency levels to determine the number of mandated instructional ENL, ELA, and/or HLA minutes each student will receive.

All classroom teachers receive an email that informs them of the English Language Learners in their class and their language proficiency levels. All ENL and Dual Language teachers complete classroom schedules that detail ELA and HLA instruction times for M/ELL. All schedules are submitted to the Administration for approval and are available in the main office. Class schedules are posted outside each classroom. The DLBE Program follows the 50/50 instructional model to ensure the mandated instructional minutes are provided according to the student's English language proficiency level.
In the DLBE program, Math, Reading, Writing, and Social Studies are taught in English and Spanish. The DLBE 50/50 model is designed for Instruction in English on Mondays and Wednesdays, and Spanish on Tuesdays and Thursdays, with alternating instructional language on Fridays. Dual Language teachers are informed of their students' English proficiency levels at the beginning of the school year and as needed throughout the school year. Teachers use this data to plan for ELA and HLA instruction.

Dual Language teachers across all grades provide their Entering, Emerging, Transitioning, and Expanding M/ELLs with their mandated 180 minutes of Integrated Language Arts instruction via small during ELA or Math instruction. Students at the Entering and Emerging proficiency levels receive their additional 180 mandated stand-alone instruction time from their bilingual certified classroom teacher/s. For students at the Entering and Emerging levels, the 180 minutes is delivered in a stand-alone model, also via small-group instruction, with a strong focus on language acquisition techniques and language production. Students work in pairs or groups, and the Phonics or Literacy instruction is delivered using ENL methods.

Dual Language teachers also provide 90 minutes of ENL support to Former ELLs for 2 additional years after exiting ELL status or scoring Commanding level on the NYSESLAT. This is done during the 180 minutes of integrated ENL instruction. Dual Language teachers are informed of their students' proficiency levels and use this data to plan for ELA and HLA instruction. Dual Language teachers across all grades provide their Entering, Emerging, Transitioning, and Expanding M/ELLs with their mandated 180 minutes of Integrated Language Arts instruction via small-group instruction during ELA or Math instruction

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The ENL, English Language Arts (ELA), and (HLA) instructional minutes are delivered to EL/MLLs at outlined by NYS in the The Units of Study tables, ensuring guidelines for mandated services for ELLs as per Commissioner's Regulations Part 154-2 in both the English as a New Language and Dual Language Bilingual Education programs.

At the beginning of each school year, the ENL teachers generate the RELC and RFSF reports from ATS to analyze whether EL/MLL students are placed in Dual Language programs and whch students are in the ENL program and will receive integrated and/or stand-alone ENL instruction. ENL teachers also collaborate with grade-teams and administration to ensure that EL/MLLs in the ENL program are in the same classes, where allowable, to facilitate scheduling integrated and/or stand-alone instructional ENL minutes. The ENL teachers provide Dual Language

classroom teachers with the names of their English Language Learners and their proficiency levels, to determine the number of mandated instructional ENL, ELA, and/or HLA minutes each student will receive. All ENL and Dual Language teachers, complete classroom schedules that detail ELA and HLA instruction times for M/ELL. All schedules are submitted to Administration for approval and are available in the main office. Class schedules are posted outside each classroom.

Duel Language Program Model: In the English/Spanish Dual Langauge classes, students receive Reading and Writing instruction in Spanish 50% of the week, meeting the mandated amount of Home Language Instruction (1HLA Class per week). Students at the Entering and Emerging proficiency levels receive their additional 180 mandated stand-alone instruction time by their bilingual certified classroom teacher/s. For students at the Entering and Emerging levels, the 180 minutes is delivered in a stand-alone model, also via small-group instruction, with a strong focus on language acquisition techniques, and language production. Students work in pairs or groups, and the Phonics or Literacy instruction is delivered using ENL methods.

ENL Program: Students at the Entering and Emerging levels receive a total of 360 minutes (8 periods) and students at the Transitioning and Expanding levels, receive a total of 180 minutes (4 periods) a week. The ENL teacher delivers integrated ENL sessions in the students classroom during Reading and Writing instructional periods. During integrated ENL sessions the ENL teacher collaborates with the classroom teacher to provide small-group targeted support to ELLs. The ENL teacher delivers stand-alone ENL sessions outside of the students classroom in a small-group.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

PS 75's K-5 English and Spanish Dual Language Program follows the 50/50 language instruction model, and students receive instruction in both English and Spanish, with each language comprising approximately half (50%) of the instructional time. This DLBE program is aimed at fostering bilingualism, biliteracy, and cross-cultural competence among students. Dual Language classes are heterogeneously composed of English-proficient students and EL/MLLs, the students are integrated for the entirety of their school day in the classroom. Furthermore, when planning for small-group targeted instruction, english-proficient and EL/MLL students are grouped together based on their support needs. To provide comprehensive support, all out-of-classroom teachers collaborate closely with the classroom teacher in assisting ML/ELL students during specials, throughout the instructional day, our English-proficient students and emergent bilingual learners are integrated for the entirety of their learning time.

b. In which language(s) is each core content area taught?

Core Content Areas: Reading, Writing, Math, Social Studies, and Phonics are taught in English and in Spanish. On Mondays and Wednesdays students receive instruction in Spanish. On Tusdays and Thursday's students receive instruction in English. On Friday's, students receive instruction in English half of the day, and in Spanish during the remaining half of the day.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to the Spring 2025 EDAT, 88.9% of ELLs (80 students) at P.S. 75 are Newcomers. These students are in the early stages of English language development and adjusting to new academic and cultural environments. Instruction is highly scaffolded, asset-based, and aligned with the Science of Reading and language acquisition principles. Teachers emphasize foundational skills, oral language, and content understanding using visuals, gestures, sentence frames, and structured routines.

Newcomers receive targeted support during Tier 1 and WIN (What I Need). Instruction is grouped by proficiency levels and closely monitored through formative assessments. In contrast, Developing ELLs focus on academic language, extended writing, and content integration. While there are no Long-Term ELLs, the school monitors students approaching five years of service to ensure continued progress.

All instruction affirms students' identities, builds confidence, and provides access to rigorous, grade-level learning.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to the Spring 2025 EDAT, 4.4% of ELLs (4 students) are identified as Students with Inconsistent or Interrupted Formal Education (SIFE), all of whom speak Spanish. Upon enrollment, students are assessed using the Multilingual Literacy SIFE Screener, NYSITELL, and interviews about prior schooling. These tools help tailor instruction to each student's academic and linguistic profile.

Instruction is explicit, systematic, and grounded in the Science of Reading. Students engage with sound walls, decodable texts, and structured routines. Teachers use sentence frames, oral rehearsal, and guided writing to support comprehension and expression.

SIFE students receive support during Tier 1 and WIN, delivered by ENL and classroom teachers in small groups. Technology tools like text-to-speech and voice typing enhance access. Progress monitoring and family

communication in home languages are essential. Instruction is culturally responsive and trauma-informed to ensure equitable learning.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to the Spring 2025 EDAT, 0% of current ELLs are classified as Long-Term ELLs. The school monitors students in their fourth and fifth years of service to ensure progress. Instruction for Developing ELLs targets academic language, oral communication, and extended writing. Teachers provide opportunities for students to express ideas using grade-level vocabulary and text-based responses.

If any students approach Long-Term status, the school plans for additional support, including more small-group instruction and strategic collaboration between ENL and classroom teachers. The focus remains on responsive, rigorous instruction aligned to each student's evolving needs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to the Spring 2025 EDAT, former ELLs make up 8.2% of the student population. These students are monitored through teacher collaboration, classroom observation, and formative assessments. Instructional supports include sentence stems, vocabulary previews, and extended processing time. These are embedded into core instruction.

Some former ELLs also receive small-group support during WIN to strengthen academic vocabulary and writing. Instruction is culturally responsive and builds on students' multilingual strengths while promoting continued success.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to the Spring 2025 EDAT, many ELLs at P.S. 75 are identified with one or more risk indicators that may impact their academic and language progress:
80 students (88.9%) are Newcomers
69 students (76.7%) live in Temporary Housing
27 students (30.0%) did not demonstrate sufficient English Language Proficiency (ELP) progress
23 students (25.6%) scored Level 1 or 2 on the NYS Math exam
13 students (14.4%) scored Level 1 or 2 on the NYS ELA exam
52 students (57.8%) have two or more overlapping at-risk indicators

A key trend is the high overlap between Newcomer status and housing instability. Of the 80 Newcomers, 55 also live in Temporary Housing, which suggests that the majority of students who are new to the school system are also navigating unstable living conditions. This dual challenge can affect attendance, emotional well-being, and access to consistent learning.

Students in Temporary Housing are also overrepresented among those who did not meet ELP progress or scored below proficiency on state assessments. These patterns reflect the need for coordinated, targeted support.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the Spring 2025 EDAT, former ELLs comprise 8.2% of the population. While they have exited services, some continue to face academic language challenges, especially in reading comprehension and extended writing.

Students who recently exited often benefit from continued scaffolds. Supports include visuals, sentence starters, and guided writing, especially in science and social studies. Students needing additional support are served during WIN.
Instruction is designed to ensure these students maintain academic success and grow as independent learners.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the Spring 2025 EDAT, 88.9% of ELLs speak Spanish. Other home languages include Russian, Korean, and Arabic.

P.S. 75 uses Spanish-speaking ENL teachers and support staff to ensure instruction and communication are accessible. The school also uses interpretation services and ensures that written materials are translated. Dual Language classrooms in grades K through 2 support Spanish-speaking students' development in both languages. Monolingual classroom teachers collaborate with ENL teachers to integrate language supports and affirm home language as an asset. These practices build trust with families and support learning for all multilingual students.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

According to the Spring 2025 EDAT, the racial and ethnic classifications of English Language Learners (ELLs) at P.S. 75 are as follows:
American Indian or Alaskan Native: 57 ELLs (63.3%)
Asian: 2 ELL (2.2%)
Black: 6 ELLs (6.7%)
Multiracial: 8 ELLs (8.9%)
Native Hawaiian or Other Pacific Islander: 1 ELLs (1.1%)
White: 16 ELLs (17.8%)
Total ELLs: 90 ELLs (100%)

To ensure ELLs are meaningfully included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE), P.S. 75 teachers incorporate instructional materials that reflect the cultural and linguistic diversity of their students. This includes texts, visuals, and discussions that affirm students' identities and connect to their home languages and lived experiences.

Instruction is data-informed, with teachers using formative assessments to guide lessons that support both academic and language development. Staff receive professional learning from the Division of Multilingual Learners and the district, focused on CR-SE strategies and language-inclusive teaching practices.

P.S. 75 fosters an inclusive school environment by celebrating the cultures represented in its community. School-wide events such as Hispanic Heritage Month, Black History Month, and Asian American Pacific Islander Heritage

Month invite students and families to share music, food, stories, and projects that reflect their heritage. These events build belonging and promote a school culture of respect and inclusion for all multilingual learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 EDAT, 52.2% of ELLs (47 of 90) met sufficient progress. Students at the Emerging and Transitioning levels showed the most growth, especially those who received consistent services during literacy and WIN blocks.

Students who did not meet expected growth include some with IEPs, chronic absenteeism, or extended time in service. These trends highlight the need for differentiated instruction, strong attendance outreach, and regular formative assessments.

The school is focused on professional development, oral language routines, and collaboration to ensure every student receives effective support.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the Spring 2025 EDAT, students performed best in Speaking and Listening. This reflects the school's consistent use of structured oral language routines and partner discussions.

Reading and Writing remain more challenging, especially for students at lower proficiency levels. These areas require more support with vocabulary, sentence complexity, and extended written responses.
Teachers are embedding modeled writing, reading routines, and explicit vocabulary instruction across all subjects to address these needs.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to the Spring 2025 EDAT, students who scored at the Transitioning or Expanding levels on the NYSESLAT were more likely to meet proficiency on the ELA assessment. Students at the Entering or Emerging levels often struggled with ELA tasks requiring complex language.

In Math, students with limited English proficiency showed strengths in computation but faced challenges with word problems and multi-step tasks due to language demands.

These patterns show the importance of language scaffolds in both ELA and Math and the need for consistent support as students grow in English proficiency.

Although P.S. 75 is an elementary school and does not administer Regents exams, the current trends suggest that continued language support is essential for long-term academic success across subjects. These insights are being used to guide instructional planning, particularly in how academic language is taught and supported in all content areas

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the Spring 2025 EDAT, ELLs with IEPs and SIFE students are more likely to remain at the Entering or Emerging levels, particularly in Reading and Writing.

ELLs with IEPs often struggle with processing and expressive language, which affects academic tasks. SIFE students may have gaps in foundational literacy and vocabulary due to limited prior schooling.
Instruction for both groups is scaffolded, co-taught, and supported through WIN. Teachers use formative assessments to adjust strategies and ensure access to language and content. Continued collaboration and professional development are essential to improving outcomes.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At PS 75, we are committed to ensuring that English Language Learners (ELLs) receive a high-quality academic experience that fosters deeper learning and long-term academic success. One of the key strategies we use is dedicating a weekly instructional period specifically for reading intervention services. This targeted time allows us to provide personalized, data-driven support that addresses each student's unique language development and literacy needs. In addition to this intervention period, our instructional practices are grounded in culturally and linguistically responsive teaching. ELLs are fully integrated into core content areas where instruction is scaffolded, differentiated, and aligned with grade-level standards. Teachers use visuals, sentence frames, and academic language supports to ensure comprehension and active engagement. Furthermore, collaborative planning among teachers ensures that ELLs are supported across content areas, and regular progress monitoring allows us to adjust instruction based on individual growth. Together, these efforts create an inclusive learning environment where ELLs are empowered to access rigorous content, build critical thinking skills, and make meaningful connections to their own experiences.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's leadership team plays an active role in ensuring that English Language Learners (ELLs) have equitable access to core instruction and curriculum. We work closely with grade-level teams during collaborative planning meetings to review curriculum materials and ensure that instructional strategies are inclusive and appropriately scaffolded for multilingual learners. We also monitor classroom instruction through regular walkthroughs and observations, focusing on how teachers are supporting language development within content-area lessons. Professional development is provided throughout the year to build teacher capacity in delivering culturally responsive, language-rich instruction. Additionally, we analyze student data regularly—including language proficiency levels and academic progress—to identify gaps and implement timely interventions. By maintaining a strong partnership with our ELL teachers and instructional coaches, we ensure that the core curriculum is both accessible and meaningful for all students, regardless of their language background.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At PS 75, we offer a Dual Language (DL) program designed to ensure that students receive high-quality instruction in both English and Spanish while meeting the demands of the Next Generation Learning Standards (NGLS). Core content—including ELA, math, science, and social studies—is delivered through a 50/50 model, with instruction equally divided between English and Spanish. This approach supports the development of bilingualism and biliteracy while ensuring students have full access to rigorous academic content in both languages.

Instruction in each language is strategically planned to build content knowledge and language proficiency simultaneously. Teachers collaborate to align their lessons across languages, using cross-linguistic connections to reinforce learning. Key instructional approaches include translanguaging, thematic units, vocabulary-rich instruction, and sheltered strategies such as visuals, sentence frames, and guided language practice. Academic vocabulary and language structures are explicitly taught in both English and Spanish to support comprehension and expression in all content areas.

By integrating culturally and linguistically responsive practices into all aspects of instruction, our Dual Language program not only meets the academic standards set by the NGLS but also affirms students' cultural identities and prepares them to thrive as bilingual and bicultural learners.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

At PS 75, teachers of Multilingual Learners (MLs)/English Language Learners (ELLs) implement a range of instructional strategies and use grade-level materials—including technology tools—to ensure access to academic content and accelerate English language development across all subgroups of ELLs. Instruction is grounded in the Next Generation Learning Standards and tailored to meet the unique needs of ELLs with IEPs, Students with Interrupted Formal Education (SIFE), newcomers, and Long-Term ELLs (LTELLs).

Teachers use scaffolding strategies such as sentence frames, visual aids, graphic organizers, anchor charts, and bilingual glossaries to support content comprehension. Small-group instruction and guided reading are used to target students' specific language levels. Teachers also apply the principles of sheltered instruction (e.g., SIOP model) and translanguaging to make content comprehensible and to honor students’ home languages as academic resources. Differentiated instruction is central to our approach, with tasks adapted for complexity, language output, and support based on students’ English proficiency and educational backgrounds.

We use standards-aligned curricula such as Wit & Wisdom for ELA and Eureka Math or Illustrative Math for mathematics, both of which offer language-rich instruction and opportunities for oral and written discourse. In science and social studies, teachers integrate multimedia resources, hands-on investigations, and vocabulary-building tools. English language development is supported through programs like iRead, Lexia, and Imagine Learning, which provide adaptive, personalized practice in foundational skills and academic language.

Technology is an essential component of instruction. Teachers utilize platforms like Nearpod, BrainPOP (including ELL modules), Epic Books, Google Translate, and translation extensions on Chromebooks to support comprehension and engagement. These tools also allow for differentiated tasks and promote independent language practice. For

speaking and listening development, apps like Flip (formerly Flipgrid) and Seesaw are used to promote oral language production and reflection.

Here are the supports for specific ELL subgroups:
- ELLs with IEPs: Instruction is co-planned and co-delivered by ENL and special education teachers. Accommodations are aligned to students' IEPs, and language goals are embedded within content instruction. Multi-sensory strategies, assistive technology, and structured routines help reinforce learning.
- SIFE (Students with Interrupted Formal Education): Instruction prioritizes foundational literacy, numeracy, and acculturation. Teachers use targeted small-group instruction, survival vocabulary, visuals, and culturally relevant materials. Additional time is provided to develop background knowledge and bridge educational gaps.
- Newcomers: Teachers provide intensive English language support using visuals, realia, gestures, and consistent routines. Newcomers receive daily ENL instruction with a focus on social and academic vocabulary development. Peer support, home language resources, and family engagement are critical components of their success.
- Long-Term ELLs (LTELLs): Instruction emphasizes academic language, writing skills, and reading comprehension. Teachers support LTELLs with extended opportunities for speaking and writing, sentence expansion activities, and peer dialogue. Technology is used to track growth and provide individualized feedback.

Through thoughtful planning, differentiation, and collaboration, our instructional team ensures that all MLs/ELLs receive rigorous, supportive, and equitable access to content-area learning while accelerating their English language development.

b. SIFE

All of the identified SIFE students are Spanish-speaking and placed in the Dual Language programs. To ensure that SIFE students have access to and engage with grade-level content, teachers assess student levels in Math and Spanish Language Arts and use this data to differentiate and plan for instruction. The Multilingual Literacy Screener (MLS) is a diagnostic tool used in the process of identifying Students with Interrupted Formal Education (SIFE). THE MLS is used to assess students' reading, math, and vocabulary abilities in their home language. Teachers analyze student performance reports and use the data to guide instruction. SIFE students benefit from being in a classroom where the native language is leveraged to support learning, and when available, SIFE students are placed in an ICT setting, where they can benefit from having two teachers. Students with Interrupted Formal Education work in small-group instruction and one-to-one support with classroom teachers and other support staff, including the Bilingual SETSS teacher.

Intensive literacy and numeracy instruction and project-based learning are used to make learning accessible, relevant, and meaningful for SIFE students. Moreover, teachers prioritize the Social-Emotional development of students and use trauma-informed instructional approaches that consider the emotional and psychological needs of students who have experienced interruptions in their education. Teachers work closely with families to provide academic and SEL supports and assess additional needs that students may have.

c. Newcomers

There is a strong focus when planning for instructional strategies, grade-level materials, and technology for Newcomer students, as it is our largest sub-group and consists of students in all grades and language proficiency levels; however, a high number of students are at the Entering/Emerging language proficiency level in this sub-group. Teachers leverage students' native language strategically to support understanding of academic content, English-language development, and to facilitate the transfer of skills and knowledge in L1 to English. To support the development of social and academic language for the vast majority of Newcomers at the Entering level, teachers provide students with ample opportunities to engage in collaborative learning activities; Mix and Match, Meet and

Greet, Picture Sequencing, Carousel, Stations, Multi-Step Interviews, Retelling, Role Play, Literature Circles, Choral Readings, Four Corners, Think-Pair-Share, Think-Write-Pair-Share, Museum Gallery Walk, and Readers' Theater. To ensure access to grade-level academic content, teachers use comprehensible input strategies such as visuals, graphic organizers, gestures, demonstrations, and simplified language. Teachers focus on presenting content in ways that students can understand, regardless of their entering or emerging language proficiency.

d. Long Term ELLs

According to the Spring 2025 EDAT, there are 0 (0%) of Long-Term ELLS at PS 75. In the case that the school has long-term ELLs, the following supports will be provided: small-group instruction and one-to-one support. Long-term ELLs are invited to all Title 3 programming to help them with all components of English language acquisition.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Teachers in the school provide support for ELLs with IEPs by explicitly modeling appropriate language, incorporating curriculum differentiation and accommodations, and integrating the use of technology and media into the curriculum.

Teachers design instruction for ELLs with IEPs to stimulate linguistic growth. Explicit language instruction is integrated into all academic content areas. Teachers focus on building vocabulary and modeling specific ways to use new terms in context according to the content area. ELLs with IEPS also have an opportunity to preface unfamiliar vocabulary before they are introduced to a new unit. To increase ML/ELLs metalinguistic awareness, teachers explain different parts of language, through explicit modeling. The heterogeneous grouping of M/ELL with monolingual students allows Spanish-speaking students to engage in English and Spanish discussions with their peers, develop social and academic language, and use vocabulary. Moreover, teachers integrate the use of word banks, sentence frames, and paragraph frames to support receptive and proficient language.
Teachers also provide additional language scaffolding, encouraging students to explore and use Engish/Spanish cognates. ML/ELLs have access to word walls and process charts that include the language they are learning. Interactive word walls are created in classrooms and serve as an effective tool for language development. ML/ELLS with IEPs benefit from this teaching tool because they use it as a point of reference. Additionally, teachers play language games to support ML/ELL students with IEP access and engage with content. Some vocabulary games include Bingo, Simon Says, I-Spy, charades, and Taboo words. Teachers use visuals/artifacts that represent a concept or a vocabulary word to facilitate instruction.

Students with IEPs are provided with modified instruction and materials that align with their IEP / Management needs to help them meet their goals. Instructional tasks are modified to ensure that students can complete the work and feel successful. For accelerated English language development, a lot of oral and written language supports are in place such as word walls, and difficult content is reviewed often alongside visuals.

Students with IEPs have access to downloaded assistive technology programs to support learning. These programs are available for students to use in the classroom and at home. Students have access to digital platforms to enhance learning such as; Flocabulary, i-ready, Raz-Kids, and Brainpop, IXL.

Some of these include:
Math task is broken down into smaller parts
Breaks as needed
Directions read and re-read aloud

Check-ins for understanding
Visual cues
Vocabulary review with images
Visual charts
Picture walk
graphic organizers
Sentence starters
Small group discussion to activate prior knowledge/reflect on learning
visual timer to support completing tasks in a timely manner
Written tasks that are broken down into smaller parts
additional wait time to answer questions
Redirection to stay on topic/task

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language is assessed for all students in Dual Language and ENL Program models. The Spanish LAB, administered to all Spanish-speaking ELLs upon entry to the NYC Public School system, is the first native language evaluation given. In the case of kindergarteners, it assesses the child's verbal skills in their native language. For older children entering the NYCDOE for the first time, the Spanish LAB provides a snapshot of their native language literacy skills. Moreover, all students in grades 3-5 are administered the Multilingual Literacy Screener as a General Literacy evaluation. This MLS screener is administered in the student's home language and provides insightful data of the students reading comprehension and vocabulary skills in their home language.

In the Dual Language Program model the DRA 2 in Spanish is used to evaluate progress in the native language by tracking reading progress and determining students' strengths and weaknesses periodically throughout the year. These assessments also help to drive instruction for students in their native language. Students in grades 3-5 have the option of taking the NYS standardized math exams in their native language.

In the ENL Program model, home language is assessed completing the multilingual literacy screener, which measures vocabulary and reading comprehension. This screener provides students with reading and vocabulary levels aligned to Next Generation Learning Standards.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A - PS 75 is a K-5 School.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 75, we have established strong systems and collaborative structures to support effective co-teaching and ongoing collaboration among teachers in our Dual Language Integrated Co-Teaching (ICT) program model, ensuring that all multilingual learners receive high-quality, inclusive instruction.

In our Dual Language program, instruction is delivered in both English and Spanish through co-teaching

partnerships, either between two certified bilingual teachers. Weekly collaborative planning time is built into the schedule to allow co-teachers to align on instructional goals, language allocation, cross-linguistic connections, and the use of scaffolds and supports. Teachers work together to develop cohesive, standards-aligned lessons in both languages that build academic content knowledge and promote biliteracy. Our leadership team supports this work with planning templates, bilingual instructional resources, and targeted professional development.

In Integrated Co-Teaching (ICT) classrooms, general education teachers co-teach with special education teachers, and in the case of ELLs with IEPs, they also collaborate closely with ENL teachers. Weekly co-planning sessions are used to coordinate instruction, differentiate content, and incorporate both IEP and language acquisition goals. Teachers use a variety of co-teaching models—including station teaching, parallel teaching, and team teaching—to best meet the needs of their students. Our leadership team provides ongoing coaching and walkthroughs to support effective co-teaching practices and ensure instructional consistency.

For students with IEPs in monolingual classes, all IEP services are provided as mandated, and ENL support is delivered through a combination of push-in and pull-out models. ENL and special education teachers collaborate with classroom teachers to deliver differentiated instruction and ensure that students are supported in both their content learning and language development, while remaining in the least restrictive environment.

School-wide, we support collaboration through structured grade team meetings, instructional leadership team sessions, and vertical articulation meetings. These spaces allow teachers to analyze data, share best practices, and ensure that all multilingual learners—including those with disabilities—have access to rigorous, inclusive, and language-rich instruction across program models.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's annual professional learning plan is intentionally designed to build the collective capacity of all staff—administrators, teachers, and non-pedagogical personnel—to meet the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs). Grounded in our commitment to equity, inclusion, and culturally responsive education, our professional learning framework prioritizes practices that support language development, rigorous content instruction, and the holistic well-being of our multilingual students.

Each year, we begin by analyzing school-wide data, including ELL progress, classroom walkthrough trends, and Panorama social-emotional learning surveys, to identify priority areas for staff development. Based on this analysis, we design a yearlong professional learning sequence that incorporates topics such as effective co-teaching strategies, integrating language and content instruction, planning for cross-linguistic transfer, and implementing scaffolds that support ELLs at various proficiency levels. These topics are explored through whole-staff workshops, small group sessions, and grade team planning meetings to ensure ongoing application and reflection.

Administrators participate in learning sessions focused on instructional leadership for multilingual learners, including how to conduct observations with a language lens and how to support teacher collaboration in dual language and integrated co-teaching models. ENL teachers are supported through targeted learning communities and leadership roles that allow them to model effective strategies, co-plan with colleagues, and lead professional development.

Non-pedagogical staff, including school aides, office personnel, and related service providers, also engage in training that builds awareness of the linguistic and cultural backgrounds of our students. These sessions address topics such as inclusive communication, trauma-informed care, and culturally responsive practices, which are essential to fostering a welcoming and supportive environment for MLs/ELLs.

Throughout the year, we provide opportunities for job-embedded coaching, classroom modeling, and peer collaboration to ensure that learning translates into practice. By aligning professional learning with our school goals and the needs of our multilingual learners, we foster a school culture where every adult is prepared and empowered to support the academic success and emotional well-being of all students.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development plan is strategically designed to meet the mandated Continuing Teacher and Leader Education (CTLE) requirements under CR Part 154, ensuring that all certified staff receive the necessary ELL-specific hours for certification renewal. We prioritize high-quality, targeted professional learning opportunities that are directly aligned with the instructional and social-emotional needs of our multilingual learners (MLs)/English Language Learners (ELLs), while also fulfilling the required percentages of ELL-focused training for different certification groups.

For all certified faculty—including holders of permanent or professional certificates in classroom teaching, educational leadership, and Level III teaching assistant certificates—our plan ensures that at least 15% of their total CTLE hours are ELL-specific. These hours are embedded throughout the school year via faculty meetings, grade team sessions, instructional rounds, and targeted workshops. Topics include integrating language and content instruction, co-teaching strategies, scaffolding academic language, culturally responsive practices, and using data to support ELLs' language development and academic progress.

For ENL and bilingual education teachers, our plan ensures that at least 50% of their total CTLE hours are dedicated to ELL-specific professional development. These educators participate in additional training sessions and professional learning communities that focus on advanced topics such as cross-linguistic transfer, translanguaging pedagogy, strategies for teaching newcomers and SIFE students, and analyzing NYSESLAT and language progress data to inform instruction.

We also offer job-embedded coaching, model lessons, and co-planning support led by our ENL specialists and instructional coaches, ensuring that ELL-focused learning is continuous, practical, and grounded in classroom practice. Administrators are included in the professional development plan to build their capacity to support instructional excellence for multilingual learners, conduct observations with a language acquisition lens, and monitor program implementation.

All CTLE activities are tracked through sign-in sheets, agendas, and a professional development log to ensure compliance with certification requirements. By embedding ELL-specific training throughout the year and across roles, our school ensures that every educator is equipped to meet the diverse needs of our multilingual learners while fulfilling their professional certification obligations.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

PS 75 uses the following screening assessments to guide instructional planning for ELLs. In Grades K-2, the Acadience Literacy and Math Screeners are used conducted as an initial screening at the beginning of the school year, that helps identify ELL's that may need more support. Using the screeners as a beginning, middle, and end-of-year benchmark provides teachers with data on student progress and helps monitor the effectiveness of interventions. Teachers use the data to identify specific areas of strength and development for English Language Learners including phonemic awareness and letter and sound recognition. The assessment data is used to plan for targeted interventions, differentiated and small-group instruction. If an ELL is struggling with phonemic awareness teachers provide additional segmenting and blenging practice during instruction. The data from the math screener is often used for differentiation of math instruction, and helps teachers plan for small-group during focusing on the specific skill identified by the screeners.

Grades 3-5 use the iReady Literacy and Math Screeners to assess a range of reading and language skills including phonics, vocabulary, comprehension, and fluency, as well as math skills such as number operations, algebraic thinking, geometry, and data analysis. At the begining of the school year, an initial literacy diagnostic assessment is used to identify current reading levels and specific skill strengths and gaps of ELLs. The screeners are also used in the middle and end-of year to monitor progress and track the growth of ELLs over time, and ensuring that ELLs are making adequate progress. Data is used to to guide the differentiated instruction, small-group support, and targeted interventions.

The Multilingual Literacy SIFE (Students with Interrupted Formal Education) Screeners are designed to assess the academic skills of ELLs in grades 3-5 in their home language, providing valuable insights into their math, vocabulary, and reading abilities. The Reading assessment measure students' reading comprehension, fluency, and ability to decode text in their home language. The vocabulary area evaluates the students' knowledge of vocabulary in their home language which can be a strong indicator of their overall langauge-proficiency and how we can leverage the home language vocabulary during academic instruction. Lastly the math component assesses students' understanding of key mathematical concepts and their ability to perform calculations and solve problems. The MLS is administered to students shortly after being identified as an ELL. The ENL teacher registers students on the MLS platform and schedules time to administer this screener and emails the reports to classroom teachers. The MLS screener provides data that is used for ENL and Dual Language programs, teachers use the data to plan for supports and small-group instruction.

Professional Development is provided to teachers with training on how to use Acadience screeners effectively, interpret the data, and implement targeted interventions. Collaboration opportunities are planned to ensure ESL teachers, general education teachers, and specialists develop comprehensive support plans for ELLs. The screeners provide data that is used to drive content instruction and planning for language objectives- ensuring that ELLs develop grade-level language and content

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Across all grades, our school implements a comprehensive and targeted intervention plan to support English Language Learners (ELLs) in developing foundational skills and accessing core content in English Language Arts (ELA), Math, and other academic areas. These interventions are specifically designed to address the diverse needs of our ELL subgroups, including newcomers, Long-Term ELLs (LTELLs), ELLs with IEPs, and Students with Interrupted Formal Education (SIFE).

Intervention services are offered in both English and Spanish to ensure accessibility and to support bilingualism and biliteracy.
English Language Arts (ELA) Interventions – English Instruction:
Sounds Sensible and SPIRE (K–5): These Orton-Gillingham-based, multisensory structured literacy programs are used for targeted reading intervention across all grades. Sounds Sensible supports students in developing phonological awareness, alphabet recognition, and basic decoding skills, making it especially effective for newcomers, SIFE students, and ELLs with IEPs who are developing foundational literacy. SPIRE is used for more intensive intervention with students who need systematic support in decoding, fluency, vocabulary, and comprehension, including LTELLs and ELLs who require tiered support to meet grade-level standards.

Spanish Language Literacy Interventions – Spanish Instruction:
Escalera and Fugaces from the Estrellita Intervention Program (K–2): These programs are used to support Spanish literacy development in Dual Language classrooms. Escalera provides systematic phonics and fluency instruction in Spanish for students who are beginning readers or who need reinforcement of foundational reading skills. Fugaces targets Spanish fluency and is especially useful for students who are decoding accurately but need to build speed, prosody, and comprehension. These interventions support newcomers and SIFE students whose primary literacy instruction is in Spanish, and they also serve as early supports for students in dual language programs who need additional help maintaining literacy growth in their home language.

Mathematics Interventions:
Across all grades, math intervention is delivered in small groups and focuses on conceptual understanding, vocabulary development, and problem-solving strategies. Teachers use manipulatives, visuals, and sentence frames to support language and content access. Interventions are delivered in English and Spanish, depending on the student's language of instruction, with additional scaffolds provided for SIFE students and ELLs with IEPs. For newcomers, math instruction often emphasizes academic vocabulary and language structures needed to access multi-step problems and mathematical reasoning.

Other Core Content Areas:
In science and social studies, intervention takes the form of push-in support, guided reading with leveled non-fiction texts, and vocabulary-based activities aligned to content units. ENL and classroom teachers co-plan to adapt materials and provide pre-teaching of key concepts and language. These supports are critical for LTELLs and newcomers who may have gaps in background knowledge or academic language.
Overall, our intervention model is data-driven and responsive, with services provided in both English and Spanish to honor students' linguistic strengths and support their growth in both languages. By using evidence-based programs like Sounds Sensible, SPIRE, Escalera, and Fugaces, we ensure that our multilingual learners receive targeted, effective support tailored to their unique needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At PS 75, we use a Multi-Tiered System of Supports (MTSS) that is intentionally designed to meet the academic, linguistic, and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs). Grounded in the Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs, our MTSS framework is both data-driven and equity-centered, ensuring that all students receive the differentiated instruction and interventions necessary to thrive.

Tier 1 – Core Instruction with Embedded Language Supports:
All ELLs receive high-quality, grade-level core instruction that is culturally and linguistically responsive. Teachers use formative assessment data, such as running records, classroom observations, and student work, to differentiate instruction and integrate language development into content learning. ENL teachers collaborate with general education and bilingual teachers to co-plan lessons that embed scaffolds such as visual aids, sentence frames, and academic language routines. Instruction is aligned to the Next Generation Learning Standards and the New Language Arts Progressions (NLAP) to ensure ELLs are developing both content knowledge and language proficiency.

Tier 2 – Targeted Small-Group Interventions:
For ELLs who require additional support, we provide targeted small-group instruction using data from progress monitoring tools such as i-Ready, Acadience, NYSESLAT, and classroom-based assessments. Students are grouped based on specific language domains (listening, speaking, reading, writing) and skill gaps. Tier 2 supports include Orton-Gillingham-based interventions such as Sounds Sensible and SPIRE (for English instruction), and Escalera and Fugaces from the Estrellita program (for Spanish instruction in Dual Language settings). Instruction at this level addresses foundational skills, vocabulary, and comprehension with the goal of accelerating growth and preventing long-term academic gaps.

Tier 3 – Intensive, Individualized Interventions:
ELLs who demonstrate significant and persistent challenges—such as SIFE students, newcomers with minimal literacy, or ELLs with IEPs—receive individualized, high-frequency intervention. These services are guided by a deep analysis of multiple data sources, including NYSESLAT performance levels, individualized language assessments, and IEP progress monitoring. Instruction is highly scaffolded and may be delivered in one-on-one or very small group settings, with frequent checks for understanding and language modeling. ENL and special education teachers collaborate closely to ensure that instruction is linguistically appropriate and aligned to students' developmental and cognitive profiles.

Ongoing Data Review and Decision-Making:
Our Instructional Leadership Team (ILT) meets regularly to review data dashboards, identify trends, and adjust MTSS supports for ELLs. We use MTSS decision rules tailored to ELLs, taking into account time in U.S. schools, English proficiency levels, home language literacy, and academic history. This prevents over-identification for special education and ensures that language development is not mistaken for a disability.
Family Engagement and Communication:
We keep families informed of their child's progress through translated communication, parent-teacher conferences, and family workshops focused on how to support literacy and language development at home. We also ensure that MTSS plans and decisions for ELLs are communicated in the family's preferred language and with cultural sensitivity.

By aligning our practices to the Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs, our school ensures that all ELLs receive responsive, data-informed instruction and intervention that honors their linguistic assets and promotes success across academic and social-emotional domains.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At PS 75, we use a comprehensive set of formative assessments throughout the year to inform and drive instruction for Multilingual Learners (MLs)/English Language Learners (ELLs). These assessments provide timely, actionable insights into student progress in both content knowledge and language development, allowing teachers to make informed instructional decisions and differentiate support. The school uses i-Ready ELA and math benchmark assessments to monitor students' progress in grades 3-5. Additionally, grades K-5 use pre and post-assessments for literacy instructional units. These assessments allow teachers to monitor students' progress and growth in reading and writing skills. Finally, Fundations and Heggerty multisensory programs are used in grades K-5 to assess ongoing phonics, spelling, and handwriting progress.

Performance Tasks are used regularly across content areas to assess students' ability to apply knowledge, use academic language, and demonstrate higher-order thinking skills. These tasks are aligned to the Next Generation Learning Standards and often include writing, speaking, and problem-solving components, providing a well-rounded view of student understanding.

ELL Periodic Assessments are administered by ENL teachers to monitor English language development across the four domains—listening, speaking, reading, and writing. These assessments help identify specific language needs and guide the focus of ENL instruction, such as targeting academic vocabulary, language functions, or grammar in the context of content instruction.

Home Language Arts (HLA) Assessments are used in our Dual Language program to evaluate literacy development in Spanish. These include running records, reading fluency checks, comprehension questions, and written responses, and are critical for tracking biliteracy progress and informing instruction in the home language.

End-of-Module Tasks from the Wit & Wisdom ELA curriculum and End-of-Unit Tasks from the Math program are used to assess students' mastery of grade-level content and academic language in both reading/writing and mathematics. These assessments provide essential information about how well students are understanding key concepts and applying skills, and they help teachers identify areas that require reteaching or additional practice. For mathematics, we adopt the Envision Math Curriculum in both English and Spanish across grades K-5. We utilize EnVision math assessments at the end of each unit and use informal assessments regularly to monitor students' progress. In addition, digital assessments are available for students requiring assistive technology.

Teacher-Created Assessments are tailored to the specific needs of each class and are used frequently to monitor student learning in real time. These include exit tickets, quizzes, speaking and writing rubrics, short response tasks, and interactive group activities. They allow teachers to respond immediately to student needs and provide targeted feedback.
Collectively, these formative assessments are essential to our data-driven instructional approach. Teachers analyze the results during weekly grade team planning and data meetings to regroup students, scaffold instruction, and align strategies to both academic and language proficiency goals. This system ensures that instruction is personalized, equitable, and responsive to the unique needs of all MLs/ELLs.

To screen students' progress in ELA and math, we administer Acadience and iReady assessments. These screeners help us gauge students' skills and growth in the respective subjects.

These formative assessments provide valuable insights into students' performance, progress, and areas of growth.

In addition, the data obtained from these assessments guide our instructional decisions, allowing us to provide targeted support and differentiate instruction based on the diverse needs of our students.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

PS 75 is committed to ensuring that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the year as part of our effort to provide equitable, accurate, and culturally responsive assessments. This practice supports our understanding of students' true academic abilities, independent of their English proficiency, and helps us plan instruction that builds on their strengths.

We begin by identifying each student's home language using the Home Language Identification Survey (HLIS) and results from the initial NYSITELL. Based on this information, we prioritize the use of home language assessments—particularly in Spanish, which is the predominant language among our ELL population.

Throughout the school year, we administer formative and summative assessments in students' home languages when available and appropriate. This includes literacy screeners, running records, and writing prompts in Spanish for students in our Dual Language program, as well as performance tasks and curriculum-based assessments aligned to their language of instruction. We also use tools such as Estrellita's progress monitoring resources for early Spanish literacy, which include phonics, fluency, and comprehension checks aligned to foundational skills in the primary grades.

When evaluating MLs/ELLs for intervention, special education, or program placement, we involve bilingual staff and, when necessary, licensed interpreters to ensure assessments are conducted in the student's strongest language. We follow guidance from the NYSED CR Part 154 regulations and collaborate with bilingual special education staff to ensure that students are not misidentified or inappropriately placed due to language barriers.

Additionally, teacher-created assessments, rubrics, and classroom performance tasks are adapted or translated as needed to provide an accurate picture of student progress. Teachers in bilingual and Dual Language classrooms also use cross-linguistic analysis to understand how students transfer skills between their home language and English.
Ongoing professional development for teachers emphasizes how to use data from home language assessments to inform instruction, differentiate supports, and communicate progress effectively with families. By using home language assessments throughout the year, we ensure that our MLs/ELLs are evaluated fairly and comprehensively, and that their cultural and linguistic assets are valued in every aspect of their education.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At PS 75, we use multiple summative assessments—including the New York State English Language Arts (ELA) and Math assessments, as well as the New York State English as a Second Language Achievement Test (NYSESLAT)—to evaluate the effectiveness of our Multilingual Learner (ML)/English Language Learner (ELL) programs. These assessments provide valuable insights into students' academic progress, language development, and access to grade-level standards. In alignment with the ELL Data Analysis Tool, we use the results to inform instructional

design, curricular decisions, and targeted interventions.

NYSESLAT results are central to assessing English language proficiency across the four domains—listening, speaking, reading, and writing. We disaggregate the data by grade level, language proficiency level, and subgroup (e.g., newcomers, LTELLs, ELLs with IEPs) to track individual growth and identify trends. This information is used to adjust ENL service models, determine the intensity of language support, and guide professional development for teachers in areas such as oral language instruction or academic writing.

New York State ELA and Math Assessments help us evaluate how well ELLs are accessing and mastering grade-level academic content. We compare ELL performance with school-wide trends and look closely at growth over time. When patterns of underperformance emerge, particularly in vocabulary, comprehension, or problem-solving, we use that data to adjust instructional strategies within core programs such as Wit & Wisdom and Eureka Math. It also informs the selection of scaffolds, visuals, sentence frames, and opportunities for structured academic talk within lessons.

The leadership team, ENL staff, and grade teams meet regularly to review assessment data, using the ELL Data Analysis Tool to guide discussions about student progress, curriculum alignment, and support services. This collaborative process ensures that our instructional design remains responsive to student needs and that curricular adjustments are data-driven. Additionally, summative data plays a critical role in shaping our school's MTSS plans, professional learning priorities, and decisions about resource allocation, including the implementation of intervention programs like SPIRE, Sounds Sensible, Estrellita's Escalera, and Fugaces.

Through strategic use of these summative assessments, we ensure that our ELL programs are not only compliant but also continuously improving, equitable, and tailored to the success of every multilingual learner.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

As outlined in the Policy and reference guide to ensure that the school administers all parts of the NYSESLAT to all eligible students, the principal will work with their test coordinators to identify coordinators and support staff. The testing coordinator will design a team to coordinate the administration of the NYSESLAT. The team includes the collaboration of the Administration Team, ENL teachers, Dual Language classroom teachers, the Bilingual SETTS provider, and the Bilingual Literacy Interventionist/Coach. The team will attend NYSESLAT administration and scoring training provided by the district and familiarize themselves with the School Administration Manual. The testing coordinator will order the materials needed for testing.

The team will download the RLER report to identify students eligible to take the NYSESLAT. A letter will be shared with Parents/guardians in their preferred language to inform them of testing dates and the purpose of the NYSESLAAT exam. A copy of the NYSED NYSESLAT Parent guide will also be provided to families in their preferred language.

The team will work together to plan for student grouping and review IEP testing accommodations, the number of students by grade bands, and proficiency levels. Students with disabilities will be provided testing accommodations as specified on their IEPs or 504 Plans. A testing schedule will be designed, to include student groups, proctors, rooms, and times of NYSESLAT administration. The administration of the NYSESLAT will be broken up into multiple days to minimize student fatigue and ensure that testing is completed within the appropriate testing window. The schedule will be shared with classroom teachers and specialists to ensure that students continue to receive their mandated ENL and other support services during the NYSESLAT testing window. In the case of mandated service

conflicts, adjustments will be made to the schedule, and/or substitute teachers will be supporting teachers and students.

To track completion & ensure that all students eligible to take the NYSESLAT have been administered all parts of the NYSESLAT, an organization table will be designed to track absences and monitor test completion. This table will be shared with proctors and the MLL team to plan for make-ups as needed within the administration windows. At the end of each testing day, the proctors have the opportunity to meet, discuss, count, and secure test materials.

Lastly, the testing coordinator and team will create a schedule to score the NYSESLAT Writing portion, ensuring that the teachers scoring are not the student's ENL or ELA teacher and that sufficient teachers are on the team to follow guidelines for scoring constructed-response prompts. The school will score NYSESLAT in-house by printing answer documents from ATS and scanning completed answer documents into ATS. The scoring team will attend the MBO Training for NYSESLAT Scoring, and be provided with time to analyze and reflect on sample responses and norm the exam. The team will run the LTDS report to verify the data was properly captured.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that both current and former English Language Learners (ELLs) receive all required accommodations for state assessments by implementing a systematic, collaborative process that aligns with New York State Education Department (NYSED) guidelines. This process is overseen by the school's testing coordinator, in collaboration with ENL teachers, special education staff, and classroom teachers, to ensure that accommodations are appropriate, documented, and consistently applied.

For current ELLs, we review NYSESLAT proficiency levels, years of service, and individual student profiles at the beginning of the school year and again prior to testing windows. Based on this information, we determine and document accommodations such as extended time, translated test directions, separate testing locations, bilingual glossaries, and the use of English and native language responses where permitted. These accommodations are recorded in the student's testing profile and communicated to all relevant staff members to ensure consistent implementation.

For former ELLs within the two-year monitoring period, we continue to provide allowable testing accommodations to support their transition and academic success. We maintain close communication with classroom and ENL teachers to monitor academic performance and language needs, ensuring that former ELLs are not prematurely exited from support systems and receive equitable access during assessments.
Accommodations for ELLs with IEPs are determined through the IEP process and reflect both language needs and disabilities. The IEP team, which includes ENL teachers, ensures that language-related accommodations (such as the use of a bilingual dictionary or translated directions) are included alongside those related to learning needs and that these are applied appropriately during testing.

Our school provides staff with regular training on testing accommodations, including guidance on proper administration and documentation. Prior to all state assessments, we hold accommodation review meetings to double-check student rosters, ensure all required supports are in place, and coordinate testing logistics. By following these procedures, we guarantee that current and former ELLs receive the accommodations necessary to demonstrate their knowledge and skills fairly and accurately on state assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The initial parent orientation, conducted as part of the ELL identification process at PS 75, is coordinated by ENL Teachers Ms. Trejos and Ms. Sanchez. These meetings are scheduled before or after school hours, based on the family's availability, to ensure maximum participation. The ENL teachers personally call families to arrange a convenient time and provide preliminary information about the orientation. If the teachers cannot reach the families by phone, they attempt to connect with them during school drop-off or pick-up times.

For families who speak a Home Language Other Than English (HLOTE), the school ensures language access by using translated versions of Multilingual Learner Parent Notification Letters for all key communications. During the orientation, parents watch the "English Language Learner (ELL) Programs in New York State" video in their preferred language, as available on the NYSED website. The school also uses Language Line Solutions, an over-the-phone interpretation service, to assist with communication when scheduling and conducting these meetings.

The orientation itself includes a slideshow presentation where ENL teachers introduce key school personnel, such as the administration team, guidance counselors, social worker, school psychologist, parent coordinator, pupil secretary, and nurse. The presentation also covers language proficiency levels, an overview of the NYSITELL and NYSESLAT exams, and important school dates, including parent-teacher conferences and special events. Parents receive translated copies of the NYCPS school calendar and the Parents' Bill of Rights for New York State's English Language Learners. Additionally, the orientation informs families about the Dual Language and ENL programs available at PS 75, as well as other bilingual program options in District 3. Families are advised that they can request

a bilingual program transfer if their preferred program is not offered at PS 75.

Additionally, at PS 75 during the parent orientation, families are provided with comprehensive information to ensure they understand their rights and the instructional options available for their children. Parents view the New York State parent orientation video, which explains the three program models offered by NYC Public Schools—English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language Bilingual Education (DLBE)—in their preferred language to promote access and clarity. They are also informed of their right to select their preferred program model, including the option to request a bilingual program transfer if a program is not currently available at the school. Beyond program options, the orientation includes an overview of the Next Generation Learning Standards, assessments such as the NYSITELL and NYSESLAT, and the academic expectations for English Language Learners. Parents complete the ELL Parent Survey and Program Agreement Form in their preferred language to formally indicate their program choice and is maintained in the student's cumulative folder.

To maintain evidence of orientations, the school uses a parent sign-in sheet, which is scanned and stored in a shared One Drive folder. Copies of the NYSITELL Communication Letters and completed ELL Program Selection Forms are kept in students' cumulative records and are also scanned into the shared One Drive folder. Finally, records of the orientation session, including agendas, attendance, and interpretation services provided, are retained for compliance and accountability, ensuring that families receive the necessary guidance and support to make informed decisions about their child's education.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At PS 75, the administration team organizes Annual Individual Meetings with EL/MLL families in collaboration with ENL teachers and the Dual Language team. ENL teachers, Ms. Trejos and Ms. Sanchez, schedule meetings with families of students in the ENL program, while K–5 Dual Language teachers arrange meetings with the families of their EL/MLL students. These meetings are scheduled for the Fall/Winter of the 2025–2026 school year and are offered in flexible formats—including virtual sessions, in-person meetings, or phone calls—to best accommodate families' preferences and schedules. Importantly, this Annual Individual Meeting is separate from the mandated ELL program orientation meeting (which provides families with information on program models, standards, and assessments) and is also distinct from any DOE-scheduled parent-teacher conference.

During the Annual Individual Meetings, teachers discuss each student's language development progress across all content areas, review results from language proficiency assessments such as the NYSESLAT, and set clear goals for ongoing language development. For Dual Language program students, progress is reviewed in both English and Spanish. Teachers highlight individual student strengths and areas for growth, share student work samples, and collaborate with families to set goals for continued support. The school ensures language access for families who speak a Home Language Other Than English (HLOTE) by using translated DOE parent meeting templates and arranging interpretation services through Language Line Solutions as needed. Families are also provided with resources such as digital platforms, books, flashcards, and information about community partnerships that support language and academic growth. If families request additional assistance, teachers ensure connections are made to appropriate school staff for follow-up support.

For accountability and documentation, teachers maintain a shared parent attendance log, and copies of the Annual EL/MLL Meeting invitations are stored in student cumulative folders and scanned into a shared One Drive folder for school-wide access and record keeping.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

P.S. 75 has established clear systems to ensure families receive all communications in their preferred language. During registration, families indicate their home language and preferred language for communication, which is recorded using the Reporting of Children's Primary Language (RCPL) in ATS. This information is cross-referenced with the English Language Development Assessment Tool (EDAT) to confirm home language trends and grade-level representation, allowing the school to plan proactively for translation and interpretation needs.

All school-wide communications, including written notices, robo-calls, newsletters, and event updates, are sent in families' preferred languages. The school uses a centralized communication log to track language preferences and ensure consistent outreach. Classroom teachers also refer to this log when sending messages to families and request translation support when needed.

Families are able to respond or initiate communication in their home language through multiple channels. Bilingual staff, interpretation services, and the DOE Language Line are available to support two-way communication during meetings, phone calls, and written exchanges. These practices ensure that all families can fully engage with the school and receive timely, meaningful information in the language they understand best.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

P.S. 75 empowers families of multilingual learners through meaningful, culturally responsive events and workshops that reflect the community's voices and strengths. Families are invited to participate in multicultural celebrations such as Hispanic Heritage Month, Black History Month, and Asian American Pacific Islander Heritage Month. These events provide opportunities for families to share personal stories, cultural artifacts, music, and food. Students and families collaborate on projects that highlight cultural pride and foster mutual respect across the school community.

To identify community needs, families are invited to complete surveys, and their feedback is used to guide the planning of monthly workshops. Topics have included supporting students with schoolwork, understanding IEPs, navigating technology platforms, managing challenging behaviors at home, and promoting emotional wellness. Workshops are designed and facilitated by ENL teachers, the tech team, school counselors, classroom teachers, and members of the social-emotional learning team. Interpretation and translation are provided to ensure full access for all families, with Spanish support consistently available.

Community partnerships with museums and cultural institutions also support this work, offering resources that extend beyond the classroom. In addition, bilingual staff are encouraged to participate in interpretation training to better support families during workshops, meetings, and events. These efforts reflect the school's commitment to creating a welcoming and inclusive environment where families feel informed, connected, and empowered to take an active role in their children's education.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

P.S. 75 ensures that families of multilingual learners are informed about leadership opportunities through multiple modes of communication in their preferred languages. New families are welcomed with a school tour that includes an introduction to the Parent Association office and information on how to get involved. They also meet with the parent coordinator, who shares the school's mission and vision, explains the roles of the Parent Association, SLT, and CEC, and provides contact information for key staff members.

Information about family leadership opportunities is shared through translated flyers, email announcements, classroom messaging apps, and automated phone calls in families' home languages. Teachers help reinforce these messages by sharing updates directly with families.
PTA and SLT meetings are open to all families, and active recruitment is ongoing throughout the year. New families are added to communication lists to ensure they are included and invited to participate. All outreach is designed to be inclusive, culturally responsive, and accessible, encouraging meaningful family engagement in school decision-making processes.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

P.S. 75 prioritizes building culturally and linguistically responsive partnerships that reflect and support the diversity of its school community. The school partners with the Audubon Society to provide students with hands-on science learning experiences that promote environmental awareness. Students participate in trips where they observe birds in their natural habitats and explore topics such as conservation, ecosystems, and human impact, all while making connections to classroom learning.

The arts remain a central part of student engagement and cultural expression. Partnerships with Ballet Hispánico, Dancing Classrooms, and Symphony Space bring music, dance, and storytelling into the curriculum. These programs highlight diverse cultural traditions and give students opportunities to express themselves creatively while deepening their appreciation for the arts.

P.S. 75 also collaborates with the SWIFT Education Center through a grant-funded initiative focused on building equity-based Multi-Tiered Systems of Support (MTSS). This partnership strengthens the school's capacity to meet the academic, behavioral, social, and emotional needs of all students, particularly multilingual learners and students with disabilities.

These partnerships support the school's commitment to equity, inclusion, and culturally responsive education.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Throughout the school year, we review on a quarterly basis our ELL subgroup through our literacy data base system. Identifying students at risk for academic intervention services is an essential component of the success of our program. At the end and beginning of each school year, we analyze student performance across grades K-5. At this point, we identify areas of strength and areas that need improvement. We continue instructional practices that have proven to be successful in the past. We also analyze our areas of challenge and collaboratively identify a new strategy to implement and improve student performance.

The two ENL teachers each use NYSESLAT levels of progression to group students and plan instruction. The raw scores for the four modalities of listening, Speaking, Reading, and Writing of the NYSESLAT are reviewed and analyzed to determine areas of strength and areas of need. We have identified all ELLs in monolingual classrooms and placed them in classrooms where the ENL teachers push in and pull out throughout the week and provide differentiated and small group instruction. Tier II program instruction is monitored and used to adjust program materials, lessons, and strategies.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Ms. Anna Trejos - ENL Teacher / Program Coordinator
Ms. Pamela Sanchez - ENL Teacher / Program Coordinator
Ms. Mercedes Rodriguez- Instructional Coach/SETSS Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At PS 75 Emily Dickinson School, we follow the NYCPS Commissioner's Regulations (CR) Part 154 and the NYC DOE Policy & Reference Guide for MLs/ELLs to ensure that the identification of English Language Learners (ELLs) is conducted year-round in a manner that does not interrupt mandated ENL or bilingual instruction for current, former, and potential ELLs.

Student Registration and HLIS Administration: Upon enrollment, every student completes the Home Language Identification Survey (HLIS), which is administered in person by qualified personnel—a licensed and trained pedagogue—through both the survey and the mandated parent/student interview. If a home language other than English is indicated, and the interview supports that the student is eligible for NYSITELL testing, students are assessed using the NYS Identification Test for English Language Learners (NYSITELL).

IEP Considerations: For incoming students with Individualized Education Programs (IEPs), the Language Proficiency Team (LPT), which includes both ENL and Special Education staff, determines NYSITELL eligibility and completion of all LPT Determination Forms. This ensures that assessments are responsive to both language development and disability-related needs, in alignment with CR Part 154.3

Proactive Planning to Avoid Instructional Disruption: To ensure mandated instruction is not disrupted, PS 75 has an

ELL Identification Team Schedule posted in the main office. This schedule clearly outlines staff availability for administering HLIS, interviews, and assessments, ensuring the process is completed within the state-required 10 school days (20 school days for students with IEPs) while ENL and bilingual instruction continues uninterrupted

Roles and Responsibilities:

Principal and Assistant Principals: Oversee compliance with timelines and ensure sufficient staffing and resources.

ELL Coordinator: Manages the identification process, collaborates with staff to enter data into ATS (ELPC, BNDC screens), and maintains accurate records.

ENL/Bilingual Teachers: Administer HLIS interviews, conduct or support language assessments, and deliver mandated ENL/bilingual instruction.

Special Education Staff: Collaborate with ENL teachers and the LPT for students with IEPs to align language services with disability supports.

Classroom Teachers: Provide differentiated instruction and partner with ENL staff to support ELLs in all content areas.

Ensuring Continuity of Services: Identified ELLs are placed into the appropriate program (ENL or DLBE) immediately after assessment. Former ELLs continue to receive the mandated half-unit of integrated ENL for two years following exit, along with allowable testing accommodation. Ongoing monitoring ensures that students maintain progress, and re-identification procedures are in place if misidentification is suspected.

Parent Engagement and Language Access: Families are engaged throughout the process with translated parent notifications, surveys, and program agreements, and interpretation services (such as Language Line Solutions) are available to ensure parents understand assessment results and program placements.

Through these structures—clear team roles, proactive scheduling, compliance with CR Part 154 timelines, and collaboration with families—PS 75 ensures that the identification process is efficient, equitable, and does not interfere with the delivery of mandated language instruction for ELLs and former ELLs.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

George Georgilakis

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Anna	Trejos	Teacher - Model	02/13/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	4	0.53%	4	0.53%	0	0
ENGLISH	578	76.2%	576	75.99	All	All
SPANISH	176	23.22	178	23.48	25	25

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Newsletter by Grade	Dual Language teachers by grade schedule translation time during grade meetings. The Bilingual AP translates on an as-needed basis, and the bilingual secretary translates any document created at the school level.
Family Letters and Updates	Translated by Bilingual Teachers, Bilingual AP, and/or Bilingual Secretary
PTA Letters and Notices	Translated by Bilingual Teachers, Bilingual AP, and/or Bilingual Secretary
School Messenger and ROBO Calls	Bilingual Secretary and/or Office Staff

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Registration	Members of the intake team assist families in English and Spanish. If a language other than those is needed for interpretation, the over-the-phone interpretation unit is called.
Curriculum Night Parent Engagement	Dual Language Teachers facilitate sessions in English and Spanish for their families. The ENL teacher provides Spanish interpretation to Spanish-speaking families who have students in monolingual classes.
Parent-Teacher Conferences	Dual Language teachers facilitates-needed conferences in English and Spanish for their families. The ENL teachers provide Spanish interpretation to Spanish-speaking families who ave students in monolingual classes. For families who speak a language other than English, teachers ensure to plan for the use of over-the phone interpretation unit.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In a school-wide emergency, bilingual teachers and other bilingual school staff can refer to the telephone number indicated on the student's Emergency Card, which puts us in contact with a designated person or family member. To communicate with families who speak a language other than English or Spanish, PS 75 would use the DOE over-the-phone translation services.

To communicate with any family the Emergency Card is used as a reference. To communicate with Spanish-speaking families, the teacher or nurse will seek language support from a staff member who speaks Spanish. The Spanish-speaking staff member will sit with the nurse, attendance, or classroom teacher to convey the student-specific situation. For families who speak a language other than English or Spanish, PS 75 would use the DOE over-the-phone translation services.

If a parent/family/guardian has an emergency and needs to contact the school, they call the main office. The main office has English/Spanish-speaking staff members who assist families with their inquiries or needs. When a family contacts the school and speaks a language other than English or Spanish, a language other than Spanish or English, we use the DOE over-the-phone translation services.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the start of the 2025-2026 academic school year, staff members will engage in professional development training to discuss Chancellor's Regulation A-663. Staff members will receive a copy of Chancellor's Regulation A-663 during the designated PD. Staff members will receive information on how to access translation and over-the-phone interpretation services from the Translation and Interpretation Unit. The Language Access Handbook will be shared with all staff members.

As we register new families of students who speak a language other than English, they will be provided with a copy of the Bill of Parent Rights.

Our school is committed to ensuring that all staff members complete the asynchronous NYCPS Language Access Training for School-based Staff via the WeLearnNYC platform. The designated staff members assigned to the Language Access Team, which are the ENL teacher, the Parent Coordinator, and members of the Intake Team, will participate in the periodic training provided by the Office of Translations and Interpretations.

The following steps will be taken:
Tracking Completion: The principal and designated Language Access Coordinator (LAC) will maintain a training tracker using data from WeLearnNYC to monitor staff completion. Reminders will be sent during weekly staff bulletins and faculty meetings until all required staff have fulfilled the training.

Staff Support: The LAC will provide technical assistance and step-by-step guides for accessing and completing the training, and offer office hours to support staff as needed.

Best Practices Awareness: During a dedicated professional learning session, the LAC will review the NYCPS Best Practices for When to Provide Translation and Interpretation for critical communications with families. Copies will also be uploaded to our shared staff drive and posted in common planning areas.

Dissemination of Updates: The Galaxy-designated LAC will share all future NYCPS Language Access updates through:

- Email summaries to staff

Announcements at monthly staff meetings

- Uploads to a shared digital folder accessible to all staff

- Print notices in staff mailboxes if needed

Through these systems, we will ensure that all staff members are equipped to communicate effectively and equitably with families, and that our school remains compliant with NYCPS language access requirements.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school is committed to ensuring that all families are aware of and have access to language assistance services in their preferred language. We will inform parents through the following methods:

Translated Signage: Posters and signs informing families of their right to free interpretation and translation services are displayed in high-traffic areas such as the main office, entranceways, and parent resource center in the top languages spoken in our community.

Brochures and Flyers: We distribute the "Language Access for NYC Public Schools Families" brochure in multiple languages at the start of the school year, and at enrollment, parent-teacher conferences, and school events.

Parent Engagement Events: Language access services are highlighted at key events such as PTA meetings, Back-to-School Night, International Family Night, and Multilingual Learner (ML) Parent Workshops, where interpreters are available and materials are translated.

Messaging Applications: We use TalkingPoints and ClassDojo, which offer two-way communication in families' home languages, to share information about language assistance and other school updates.

Letters and Reminders: Multilingual flyers and letters are sent home throughout the year, reminding families of their right to request interpretation and translation for any school-related communication.

Through these efforts, we ensure all families are informed, supported, and able to engage fully in their child's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback received through OLA's Translation & Interpretation Feedback Survey, our school will use the following methods to gather ongoing input from families about the quality and accessibility of language assistance services:

Parent Surveys: We would like to distribute brief, multilingual surveys twice a year (paper and digital formats), asking parents about their experiences with interpretation and translation during school events, meetings, and communications.

Focus Groups & Listening Sessions: We will hold small group discussions with multilingual families during events such as ML Parent Workshops and Family Nights, facilitated by bilingual staff or interpreters, to gather more detailed feedback in a supportive setting.

Direct Communication: Our parent coordinator and ENL team will proactively solicit input from families during one-on-one meetings, phone calls, and home-language-supported check-ins, particularly following IEP meetings, report card conferences, or disciplinary hearings where interpretation was utilized.

These strategies ensure that we continually assess and improve how we provide language access, making sure all families feel heard and supported.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has taken several steps to improve language assistance services based on family feedback and staff reflection:

Recent Improvements
Use of Technology: We expanded the use of technology tools to ensure two-way communication in families' home languages. Families have reported increased understanding of school messages and greater comfort responding.

Proactive Planning: We began pre-scheduling interpreters for high-impact events such as IEP meetings, parent-teacher conferences, and school-wide family events. This helped reduce last-minute delays and ensured better access for families.

Resource Sharing: We distributed the Language Access for NYC Public Schools Families brochure during registration and key events. We also posted multilingual signage in visible areas and updated our family resource board.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

69 ELLs in Grades 1-5 will be invited to attend Title III Program. We anticipate participation from approximately 60 students.

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

10 Teachers with TESOL certification/bilingual extension & common branch/content area certification

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

PS 75's Title III Program will take place on Tuesdays & Wednesdays from 2:30 pm - 4:30 pm. The program duration is 8 weeks, and 12 sessions will take place. The program will be conducted in English, with Spanish support provided for students whose home language is Spanish. Bilingual and ESOL-certified teachers will lead the program, targeting English language acquisition for Multilingual Learners.

The activities in the Title III Enrichment Program—Dance, Volleyball, Theater, Knitting, Chess, Photography & Painting, and Cooking—support all four language modalities: Listening, Speaking, Reading, and Writing.

Each activity naturally builds speaking skills by giving students opportunities to use English in authentic, meaningful ways. In clubs like Dance and Theater, students express themselves verbally through describing movements, performing dialogues, or sharing emotions. In Soccer and Basketball, they communicate strategies, give directions, and collaborate with teammates using action-oriented and academic vocabulary. Cooking, Knitting, and Art activities invite students to explain steps, describe processes, and discuss creative choices, reinforcing vocabulary and sentence structures used in procedural and descriptive language. Through these interactions, students practice clear pronunciation, develop fluency, and strengthen their ability to sustain conversation—all of which align with speaking expectations for vocabulary use, discourse, and comprehensibility.

Listening skills are also deeply embedded across the enrichment clubs. Students in Dance, Theater, and Sports must follow oral instructions, music cues, and peer feedback to perform successfully. In Cooking, Knitting, and Art, they listen closely to demonstrations and step-by-step directions, interpreting both literal meaning and implied intent. These experiences promote comprehension of main ideas, key details, and sequencing—key components of the Listening standards—and encourage the use of visual and contextual clues to support understanding.

Reading emerges as a natural extension of participation in each club. Students read recipes, scripts, choreography notes, sports rules, or art guides, all of which strengthen their ability to decode and comprehend informational and functional texts. Reading in these contexts builds content-specific vocabulary, fosters connections between written and visual information, and provides authentic practice in applying reading strategies to real-world tasks.

Writing opportunities are equally rich and purposeful. Students write reflections about performances or games, compose recipes or step-by-step instructions, describe artistic creations, and record personal goals or experiences. Through these written tasks, they organize ideas clearly, select appropriate vocabulary, and express themselves for different purposes—whether creative, reflective, or instructional. This aligns with the focus on organization, coherence, vocabulary, and language control.

Overall, the Title III Enrichment Program create a dynamic environment where all four language modalities are practiced in authentic, engaging, and meaningful contexts. Each club allows multilingual learners to develop academic language and communication skills while pursuing interests that promote creativity, collaboration, and confidence—fully supporting our language development goals.

Social-Emotional Development: Discussions and activities will support students' social-emotional development,

allowing them to explore their identities in a culturally affirming way.

Students will be grouped according to their grades and proficiency levels, with one teacher assigned to each group. There will be 7 groups, each comprising approximately 10 students, for a total of about 70 ELLs participating in the program. The program will be supervised by a designated coordinator who will ensure its smooth operation. Overall, our program aims to provide targeted small-group instruction tailored to the proficiency levels of ELLs, fostering their English language acquisition and supporting their social-emotional growth.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The proposed Title III programs for the 2025–2026 school year aim to expand access to experiential, project-based learning that fosters language development in authentic and joyful ways. These programs directly support our multilingual learners (MLs) by providing inclusive opportunities for enrichment, language acquisition, and social-emotional growth.

Volleyball: Builds teamwork and communication. Few MLs currently access similar programs.

Chess: Supports academic vocabulary through inquiry.

Dance & Drama: Boosts speaking and storytelling confidence; speaking scores show room for growth.

Crafts & Painting: Encourages vocabulary and cultural expression; visual learning improves outcomes.

Cooking & Life Skills: Teaches sequencing and vocabulary in a practical, motivating setting.

Photography: Builds day-to-day descriptive vocabulary and writing fluency through photographic storytelling.

Crochet for Community: Promotes instruction-following, empathy, and oral language through service.

This after-school program offers hands-on, language-rich enrichment clubs designed to support multilingual learners at all proficiency levels. It runs for 8 weeks, with sessions every Tuesday and Wednesday from 2:30 PM to 4:30 PM.

This program supports both receptive and productive language skills, with a focus on writing, a key area of growth identified through NYSESLAT and ELA State Exam data. Language development is embedded in real-world, project-based experiences that also foster identity, confidence, and creativity.

Exploring Identity Through Projects
Students engage in culturally responsive projects—such as identity maps, “I am from” poems, and sports/hobby-related creations—that allow them to express who they are while practicing key language skills. These projects integrate vocabulary, sequencing, and storytelling, and culminate in oral presentations to peers or families.

Building Vocabulary in Context
Tiered vocabulary is introduced through hands-on activities and collaborative discussions. Students use new words

while cooking, crafting, building, or performing—naturally reinforcing language. Writing instruction is guided by NYSESLAT rubrics, emphasizing sentence variety, detail, and organization.

Social-Emotional Learning and Technology
All clubs promote social-emotional development through teamwork, empathy-building, and creative expression. Technology tools—such as iPads, videos, and voice recordings—support reflection, storytelling, and multimodal language use.

Inclusive, Targeted Instruction
Students are grouped by grade and proficiency level. All staff are ESOL and/or Bilingual certified. One teacher provides targeted support for entering-level learners, using home language connections where helpful. Spanish language support is available to ensure full access and participation.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Students in the following subgroups and grade levels will be served:

Grades 1-5 Newcomers (0-3 years of service)
Grades 1-5 Developing ELLs (4-6 years of service)
Grades 3-5 Students with Interrupted Formal Education (SIFE)

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

This after-school program is designed to run for 8 weeks (12 sessions) , with one session offered each Tuesday and Wednesday from November 2025 to December 2025 (subject to budget approval). Each session will last for two hours, starting at 2:30 PM and concluding at 4:30 PM.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Primary Language: English
Spanish Support: Available for students whose home language is Spanish
HLOTE and Spanish: Digital translation tools/platforms will be used to support home languages

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Number: 10 teachers

Certifications: A mix of Bilingual General Education, Bilingual Special Education, and ENL certifications to ensure we can meet the diverse needs of our Multilingual Learners.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

All materials will support hands-on, language-rich learning experiences aligned with each club's goals. Materials will be stored in designated Title III storage cabinets in the ENL/MLL resource room and the main supply room. Materials listed below may be purchased using Title III ELL funds, not to exceed 20% of the total allocation.

1. Volleyball
Materials: Balls, sports vocabulary cards

Supplemental Materials: "English for Volleyball" and "Team Sports Talk" (Teacher Created Materials)

Purchase with Title III Funds: Some items, Yes

2. Photography and Painting
Materials: Cameras, inquiry journals, paint brushes, canvases, paint

Purchase with Title III Funds: Some materials, yes - others the school has in stock

3. Dance & Drama
Materials: Costumes, props, mirrors, scripts, expression cards

Supplemental Materials: Readers' Theater Scripts, Drama Notebooks

Purchase with Title III Funds: Some items, Yes. Others teachers will make using school materials.

5. Cooking & Life Skills
Materials: Measuring tools, child-safe kitchen supplies, visual recipes, laminated sequencing cards

Purchase with Title III Funds: No

6. Crochet for Community
Materials: Yarn, step-by-step illustrated guides

Supplemental Materials: "Crochet for Kids"

Purchase with Title III Funds: Some items, Yes

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Program Implementation
The Title III after-school program will run for 8 weeks, every Tuesday and Wednesday from 2:30 PM to 4:30 PM.

Parents/guardians will be notified at least 3 weeks in advance via translated flyers, text/email alerts, and information sessions. All communication will be provided in the families' preferred languages. Bilingual staff will assist with enrollment to ensure accessibility for all families.

Data on participating ELLs—including names, grades, home languages, and proficiency levels—will be recorded in existing Title III Program templates for accurate tracking and reporting.

Program Enrollment Form: A custom enrollment form will be used to gather:
- Parental/guardian consent
-Student interests and goals
- Health or accessibility needs (if applicable)
- This form will also help determine grouping by grade level and language proficiency.

Attendance Records: Attendance will be tracked for each session using ATS scanning records and electronic forms maintained by program staff. All records will be entered into a centralized tracking spreadsheet for monitoring and reporting.

Progress Monitoring: Teachers will conduct formative assessments to monitor language growth in listening, speaking, reading, and writing, as well as engagement in identity-based activities.

Student projects, writing samples, and presentation artifacts will be saved either in digital portfolios or physical folders as evidence of progress.

Additional Record-Keeping
Teacher Certifications: Documentation of all ESOL/Bilingual teacher credentials will be maintained on file.

Parent Engagement: Sign-in sheets and communications from any family events (e.g., culminating showcases) will be collected and stored.

Professional Development: Agendas, attendance records, and certificates from any PD related to Title III will be archived.

Material Purchases: All purchase orders, invoices, and inventory lists for Title III-funded materials will be stored securely in both digital and hard copy format and kept within the program coordinator's office or ENL supply area.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

PS 75's school's Title III and LEP program has allocated NYCPS advised 10% ($2053.60) for professional development. The school will encourage teachers to take advantage of free professional development opportunities offered through the NYCPS Division of Multilingual Learners (MLL) and the Fordham University Regional Bilingual Education Resource Network (RBERN). These resources provide valuable support and training without cost to Title III funds. However, there are also paid professional learning opportunities through institutions like the American Museum of Natural History, El Museo del Barrio, and the New York Historical Society. These institutions, along with others such as the Association of Two-Way & Dual Language Education (ATDLE) and the National Association for Bilingual Education (NABE), offer specialized workshops and learning series that may enhance bilingual educators' skills and may be considered for Title III funding if applicable. The professional development plan is designed to equip teachers with the necessary skills and knowledge to effectively support English language learners (ELLs), immigrant students, and students with limited English proficiency (LEP). The plan includes workshops, training sessions, and ongoing support activities that focus on aspects of teaching and learning for multilingual student populations. The team aims to integrate elements of

1. Cultural Competency and Awareness
Teachers will participate in workshops that focus on understanding the cultural backgrounds of ELLs and immigrant students. These workshops will cover cultural sensitivity, diversity in the classroom, and strategies for creating an inclusive environment.

2. Instructional Strategies for ELLs
Teachers will receive training on differentiated instruction techniques specifically tailored for ELLs. Topics will include scaffolding, the use of visual aids, and the incorporation of students' native languages in instruction. Teachers will also work together to design lesson plans that integrate these strategies, with guidance from experienced ELL and ENL educators.

3. Language Development and Acquisition- Focused on the stages of language acquisition, these workshops will help teachers understand how students learn a new language and how to support them at each stage. Teachers will engage in hands-on activities that demonstrate effective practices for promoting language development in various

subjects.

4. Assessment and Data-Driven Instruction- Teachers will be trained on how to use assessment data to inform instruction for ELLs and LEP students. This will include formative and summative assessments tailored to language learners. Teachers will also learn to analyze assessment data to identify student needs and track progress.

5. Social and Emotional Support for Immigrant Students
Workshops will cover the social and emotional challenges that immigrant students may face and strategies for providing support. Teachers will participate in peer support groups to share experiences and strategies for addressing the needs of immigrant students.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale for the professional development provided is based on both qualitative and quantitative data collected. Over the past three years, the school has welcomed over 96 "New New Yorkers." This population includes students with interrupted formal education (SIFE) and English language learners (ELLs), many of whom are navigating significant challenges such as housing insecurity. The school's team has conducted formal and informal assessments, working closely with teachers and families to identify key areas of need, such as trauma-informed instruction and social-emotional learning (SEL) support, as highlighted in family surveys.

Quantitative academic data gathered from sources like iReady, running records, screeners, and attendance records further underscore the need for professional development in areas like biliteracy, SIFE support, and technology integration. For example, lower scores in reading assessments and high absenteeism rates correlate with students' need for additional literacy and tech support. Additionally, data from the EDAT (Early Warning Data Analysis Tool) report has been used to determine specific areas where teachers require professional development to better meet the needs of these students. By addressing these needs, the school aims to improve academic outcomes and provide a more inclusive and supportive learning environment.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The professional development provided to teachers working in the Title III LEP program will be strategically aligned with both their professional growth and the overall student outcomes. The topics covered will address specific needs identified through data and feedback, ensuring that teachers are well-equipped to support multilingual learners effectively. Teachers will learn strategies to support students who have experienced trauma, many of whom

are recent immigrants. By understanding how trauma impacts learning, teachers can create safer, more supportive classrooms, leading to improved emotional well-being and academic success for students. teachers will receive training on how to address gaps in learning and provide targeted interventions. This training will focus on instructional strategies that scaffold content and language learning simultaneously, ensuring that SIFE students can make progress despite significant educational disruptions. training will emphasize dual-language strategies, translanguaging, and literacy instruction in both the home language and English. Teachers equipped with biliteracy strategies can support stronger language development, helping students achieve proficiency in both languages and improving overall academic performance. Teachers can also benefit from learning tools that offer language scaffolds, translation support, and adaptive learning. Teachers who effectively integrate technology will create more engaging and accessible lessons that cater to diverse learning needs.

Ongoing professional development for all Title III LEP program and Dual Language teachers will be offered through various channels, including workshops, online learning platforms, and collaborative learning communities. Teachers will also have access to free resources from the NYCPS Division of MLL, Fordham University RBERN, and other educational institutions, ensuring continuous growth. Additionally, regular coaching sessions, peer collaboration, and follow-up training will be provided to ensure that teachers apply these strategies effectively, enhancing their practice and improving student outcomes in the long term.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Professional development opportunities for teachers in the Title III ELL program will be scheduled to maximize participation and minimize disruption to instructional time. These sessions will be held on Mondays between 3:10-4:10 pm during the designated professional development time throughout the school year, wherever possible.

We anticipate the professional development activities will take place in the Fall and Spring of the 2025-2026 school year. Teachers will be encouraged to engage with as many of the professional development sessions as possible. We anticipate that the 10% funding will allow two sessions of paid professional learning opportunities through an academic or cultural institution.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

1. Cultural Competency and Awareness
Interactive Case Studies: Teachers will work through case studies to apply cultural competency concepts to real-world scenarios. Cultural Fairs: Teachers will participate in and help organize cultural fairs that celebrate the diversity of the student body.

2. Instructional Strategies for ELLs
Lesson Plan Development Teachers will collaboratively create and review lesson plans that incorporate ELL instructional strategies. Peer Observations: Teachers will observe each other's classrooms to see ELL strategion and provide feedback.

3. Language Development and Acquisition
Role-Playing: Teachers will engage in role-playing activities to practice language development techniques.
Language Labs: Teachers will participate in language labs where they can practice using new instructional strategies with feedback from facilitators.

4. Assessment and Data-Driven Instruction
Data Workshops: Teachers will work in small groups to analyze sample assessment data and develop action plans based on their findings.
Simulation Exercises: Teachers will engage in simulation exercises to practice using assessment data to modify instruction.

5. Social and Emotional Support for Immigrant Students
Scenario-Based Discussions: Teachers will discuss scenarios that illustrate common social and emotional challenges faced by immigrant students and brainstorm support strategies. Support Network Building: Teachers will participate in activities to build a support network within the school, including partnerships with counselors and community organizations.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Providers for Professional Learning Opportunities:

NYCPS Division Of Multilingual Learners
Office of Multilingual Learners
Fordham Univeristy - Regional Bilingual Education Resource Network
New York State Association for Computers and Technology in Education (NYSCATE)

The team will continue to look for professional learning opportunities at other NYC + NYS Institutions, museums, universities, etc.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

This comprehensive professional development plan aims to build teachers' capacity to effectively support ELLs, immigrant students, and students with limited English proficiency, ensuring that all students have equitable access to high-quality education and the resources they need to succeed. We plan to use a shared online folder where we will share all professional learning presentations and resources. Additionally, we will keep a tracker to track the professional development each teacher receives.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As a school community, we want to ensure that parents and guardians of ELLs have a voice in their children's education and have the information they need to advocate for their children and make informed decisions regarding their education. We provide families with various resources and information, as well as a variety of family engagement activities to meet their needs. These range from academic support to social-emotional support and program-wide celebrations. These activities are customized based on the family survey results we send at the beginning of the program. The information collected from each student and their family is used to tailor culturally responsive practices to that student's needs.

All parent engagement activities are intended to empower parents/caregivers and teach them how to access support for their children to grow socially, emotionally, and academically. Parent engagements are scheduled at different times and facilitated by Title III teachers. The first parent engagement is a parent orientation to build a community amongst the parents and families of ELLs/MLLs. The initial parent engagement will focus on providing families with resources and support for language development in L1 and L2. We begin by asking parents to share something that brings them joy. Parents are encouraged to speak in the language in which they feel most comfortable. During the orientation, families will learn about what it means to be a multilingual learner and strategies to support their students' language acquisition. Families learn about opportunities to connect with community resources such as Culture Pass and other organizations that can support them. Families are asked to share any questions or concerns. Families are encouraged to get to know each other and participate in school-wide events. We discuss the importance of their input in different school-wide parent events and provide a list of current and upcoming opportunities such as PTA meetings, SLT meetings, Special Events Committee, Principal-Parent Monthly Check-ins, etc.

The second parent engagement is an Informational Workshop for families to learn about additional resources in and outside of school (such as community partnerships, after-school programs, parks department events, public library events, etc) and an opportunity for students to showcase their learning. This parent engagement will aim to inform families of NYSESLAT, ELA, and Math tests and answer any questions they may have. Parents can explore and become familiar with the online resources available to students, such as the SORA App, IXL, Raz Kids, etc. This family engagement will also allow us to celebrate students' work and learning centered around identity. We will create a comfortable environment and provide families with refreshments and resources. Families will be encouraged to praise their children on the work they present and to circulate to meet and greet parents/families that are part of the program. Families will not be charged for these activities, celebrations, or professional development opportunities.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The family engagement activities planned for the Title III program are designed to empower parents and guardians of English Language Learners (ELLs) with the knowledge, tools, and support needed to actively participate in their children's educational progress. The decision to implement these activities is grounded in both qualitative and quantitative data collected from the school's diverse ELL population, as well as ongoing feedback from parents, teachers, and students.

Quantitative data from student reading assessments, such as Acadience and iReady scores, show that many ELL students are performing below grade level in reading. Qualitative data from family feedback and teacher-parent conferences highlight that parents are eager to support their children's literacy development but are unsure of effective strategies, especially in a bilingual context. Providing families with hands-on literacy strategies for use at home is critical to closing the literacy gap for ELL students.

Quantitative data from technology usage reports (iReady, Google Classroom, etc.) indicate that students who receive additional support with educational technology may perform better on assessments. However, qualitative feedback from families shows that many parents may be unfamiliar with these platforms and are unsure how to help their children navigate digital learning tools at home. Providing parents with hands-on guidance will empower them to reinforce technology-based learning at home, increasing student engagement and academic progress.

Both qualitative and quantitative data suggest that celebrating students' cultural and linguistic backgrounds enhances family engagement and student identity development. Research shows that EL/MLL students who maintain pride in their bilingualism are more motivated in school and have higher academic outcomes. The parent engagements are aimed at strengthening the partnership between the school and families, ultimately leading to improved student outcomes in both academic performance and social-emotional well-being.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Title III program will include two key parent engagement activities to foster strong connections between families, teachers, and students. These sessions aim to inform and involve families in their children's learning journey, ensuring they have the tools and resources to support multilingual learners at home.

Beginning-of-Program Orientation:
Date: November 2025
Duration: 45 minutes to 1 hour

Details: This parent engagement and orientation session will introduce families to the Title III program's goals, resources, and strategies for supporting their children's academic and language development. Teachers will walk families through the program structure, expectations, and the types of support students will receive. Parents will also learn about the various academic tools available to help their children, such as language learning apps, bilingual books, and homework support services. There will be a dedicated Q&A segment to check in with families, address any concerns, and establish open communication channels. Additionally, families will have the opportunity to connect, building a community of support around their children's education.

End-of-Program Celebration and Family Engagement:
Date: December 2025
Duration: 45 minutes to 1 hour

Details: This event will celebrate the completion of the Title III program and showcase student progress. Families will be invited to a special presentation where students can display their culminating projects, allowing them to take pride in their achievements. During this session, teachers will also share valuable resources, tools, and strategies with families to continue supporting their children's language development at home. This will include tips on encouraging biliteracy, recommended bilingual reading materials, and strategies for integrating technology into language learning. Families will receive printed materials and online resources to help them stay engaged in their children's academic journey moving forward.

Both sessions will create a welcoming environment for families, emphasizing the critical role they play in their children's success. By keeping families informed and equipped with resources, these engagements will foster a deeper partnership between the school and home, ultimately enhancing student outcomes in the Title III program.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to be covered:

*Reading and Writing Strategies
*Ways to Support your Students at home with language acquisition
*Accessing community, school, and online resources for your students
*Supporting the social-emotional needs of MLL students
*Supporting students taking the NYSESLAT, ELA, and Math tests.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Title III. Coordinating Staff and Teachers will be in charge of facilitating Parent Engagement activities.
Licenses include: Bilingual General Education, Bilingual Special Education, and ESOL

- Ms. Trejos - ENL Coordinator/Teacher
- Ms. Sanchez - ENL Teacher
- Ms. Rodriguez- Bilingual Instructional Coach
- Ms. Quintero- Bilingual General Education Teacher

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Families will be notified through written, verbal, and electronic communication. Bilingual staff that are part of the MLL (Multi-lingual Team) translate the written and electronic communication for families based on the language preferences of the families in the program.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The ENL coordinator and teachers maintain family activity documentation, including parent sign-in sheets, family surveys, communication/outreach logs, as well as notifications/information shared with families.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):
