Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

James Weldon Johnson Leadership Academy

District Borough Number (DBN):

04M057

Grades Served:

3K -8

School Address:

176 East 115 Street New York New York 10029

Phone Number:

212 876-5522

Fax:

212 860 6072

School Contact Person:

Yaira Jimenez

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Yaira Jimenez	Principal or Designee*	
Karen Miller	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jacqueline Rivera	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Pedro Perez	District Council 37 (DC 37) Representative (staff), if applicable	
Wendy Diaz	Title I Parent Advisory Council Chairperson (or alternate)	
Alexis Martinez	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Jairo Martinez	CBO Representative, if applicable

n/a	n/a	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our Mission
The education of our children begins in the home and is continued through a partnership between parents, educators, and the community. We believe that all children will achieve when provided with active learning experiences that challenge and build real-life connections. Children must be empowered to become full participants in their education.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

James Weldon Johnson Leadership Academy is located in East Harlem and enjoys the strong presence of Latino cultural heritage and background. The ethnic distribution of our school is as follows: 490 students Hispanic; 5 students American Indian or Alaskan; 10 students Asian; 0 students Native Hawaiian or Other Pacific Islander; 111 students Black; 10 students White; 2 students multi-racial and two students blank. We serve 630 students in 3-K and Pre-K to Grade 8. The gender distribution is 329 girls and 301 boys. The number of students eligible for free meals (HRA) is 630. 100% of the students in the school are classified as Economically Disadvantaged. Our annual attendance rate for 2022-2023 was 88%.
The special student populations that the school serves are students with disabilities, English language learners, and students in temporary housing. There are 127 students with IEP, of which 0 are served through SETSS, 72 are served in ICT settings, 0 receive both ICT and SETSS services, and 11 students receive only related services, including speech services, occupational therapy, and counseling.
There are 174 English language learners (%) students. There are 114 students at the Entering level, 7 at the Emerging level, 12 at the Transitioning level, and 41 at the Expanding level.
There are 11 Dual Language classes in the following grades: 3K-8 (1 day "on and 1 day off" Model).
ELL students receive ENL instruction from 2 ENL teachers who provide services through an integrated and stand-alone model as per the students' mandated services for English Language Learners.
Partnerships and collaborations that the school implements include the following:
YMCA Program – A recreational program for kindergarten - 5th-grade students, providing time for after-school activities and homework help. The afterschool program improves students' educational readiness, engagement, and outcomes while helping them grow emotionally and physically.
Saturday Academy – Focused 3 – 4-hour sessions designed for English Language Arts and Math remediation, enrichment skill building, and enhancement in preparation for the citywide tests.
Extended-day Programs – After-school academic tutorials and enrichment opportunities for targeted students' support in reading, math, and science
English Language Learners Extended-Day Program – An after-school language development initiative for targeted English Language Learners designed to support language development, reading fluency, and comprehension.

Academic Improvement Services (AIS) – One-on-one and small group instruction provided to 1st – 8th-grade students during the day via a push-out/pull-out model
Tiger Athletics:
Move to improve: Elementary school teachers use Move-to-Improve to add physical activity into their classroom lessons and must receive training to use Move-to-Improve with their students. The Move-to-Improve activities build on what students learn in physical education and in their other subjects.
Cheer-leading: Cheerleaders set a great example of motivation, school spirit, and positive energy both in the classroom and on the field. Cheerleaders often encourage other students to show up and participate in school events. Physical activity always feels good, especially for our cheerleaders with loads of energy. As our cheerleaders work on workout routines, stunts, passes, and dancing, it helps them to build up the stamina to do and improve cardiovascular stamina.
Soccer: students who participate in our soccer program get to benefit from strengthening their cardiovascular system in a way that most other sports can't. This program requires our students to change directions frequently, which boosts their overall agility and balance. It facilitates strong relationships and teamwork while living healthier lives.
Drumline - PSMS 57 drumline is where students begin their musical journey. It is a time when the three basic elements of music, rhythm, melody, and harmony, begin to take shape and make sense to students. Our drumline teaches our students dedication, teamwork, hard work, respect for others, and the pursuit of common goals: These attributes will stay with the students throughout their lives, enhancing educational goals, career choice, family environment, interpersonal relationships, and life in general. Moreover, members of our drumline are active participants in opening events in District 4, representing our Tiger community.
Concrete Safaris – This community-based organization prepares youth in East Harlem to lead healthy lives and shape their environment through outdoor education, play, exploration, and community engagement.
Girls on The Run – This program reaches girls at a critical stage, strengthening their confidence. Underscoring the important connection between physical and emotional health, our program addresses the whole child. This group empowers students to be physically active while developing and strengthening important skills.
Roads to Success – NYC mayoral initiative for middle school students accentuating recreation & arts, homework help, social development activities, and college & career readiness activities
Community Service – A positive behavior and social development program for middle school students.
Horticultural Society – Students in grades 3-6 investigate science concepts via hands-on botanical activities that emphasize gardening activities and observations.
Winter Festival of Lights – Celebration of the December holidays accentuating cultural diversity and celebrating the joys of the season.
Spirit Day & Pajama Day – Whole-school social events that are designed as test-prep, stress-reduction activities for students and staff, including music, competitions, prizes, and 'hat' project displays.
Ballroom Basix – Professional dance instruction for students in grade 5 to develop their dance expression, social skills, and cultural awareness.
Studio In a School -Professional visual artists foster students' passion, creativity, knowledge, and skill to the classroom, guiding students to discover and develop their own creative expressions. Studio in a School serves young people by integrating the visual arts into teaching and learning and provides professional development for artists and teachers.
Cool Culture – An organization that ensures families can seize the limitless learning opportunities in New York City's arts and cultural institutions through fun, enriching experiences for young children and their families.

Briefly summarize the key initiatives your school will implement this school year.

The key initiatives that the school will implement this year are, as follows:
The school will deepen the co-generative conversations between teachers and students to elevate students' voices on a routine basis.

The school will expand opportunities for students to further develop their college and career readiness through emphasis on habits of learning and executive functioning skills, across all grades, at developmentally-appropriate levels.

The school will strengthen its comprehensive approach towards inclusion and responsiveness to families.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-2	HMH Into Reading	N/A
ELA	3 - 5	HMH Into Reading	N/A
ELA	6-8	HMH Into Reading	N/A
Math	K-2	Envisions Remote and print	N/A
Math	3-5	Envisions Remote and print	N/A

ELA	3K-PreK	Creative Curriculum Print and Digital	N/A
Math	3K-PreK	Creative Curriculum Print and Digital	N/A

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on Items Skills Analysis spring 2025, spring 2025 NYS ELA exam results reflect the following overall school-wide data: 94 students scored level 1 100 students scored level 2 84 students scored level 3 32 students scored level 4 116 students scored Level 3 and 4 combined spring 2025 NYS ELA exam results reflect the following data, by grade: 9 3rd grade students scored level 1 8 3rd grade students scored level 2 6 3rd grade students scored level 3 6 3rd grade students scored level 4 10 4th grade students scored level 1 17 4th grade students scored level 2 10 4th grade students scored level 3 4 4th grade students scored level 4 14 5th grade students scored level 1 9 5th grade students scored level 2 17 5th grade students scored level 3 6 5th grade student scored level 4 25 6th grade students scored level 1 25 6th grade students scored level 2 17 6th grade students scored level 3 4 6th grade students scored level 4 24 7th grade students scored level 1 19	Inconsistent pedagogical practices across the school to maximally leverage the data from the June Instructional Report and Item Skills	There is a need for teachers and teacher teams to maximally leverage the data from the June Instructional Report and Item Skills

7th grade students scored level 2 17 7th grade students scored level 3 5 7th grade students scored level 4 12 8th grade students scored level 1 22 8th grade students scored level 2 17 8th grade students scored level 3 7 8th grade students scored level 4 Based on New Visions Portal, as of October 2025, results of NYS ELA exam: All Students-37% of 241 students scored Proficient MS SWDS-25% of 51 students scored Proficient ES SWDS-19% of 16 students scored Proficient MS ELLs- 0% of 31 students scored Proficient ES ELLS- 0% of 10 students scored Proficient Based on New Visions Portal, as of October 2025, the following reflects New York State spring 2025 ELA exam results for students living in shelters: 13% of 16 MS students scored Proficient 0% of 7 ES students scored Proficient for students living doubled up: 40% of 15 MS students scored Proficient 25% of 8 ES students scored Proficient Based on Items Skills Analysis spring 2024, spring 2024 NYS ELA exam results reflect the following overall school-wide data: 145 students scored level 1 90 students scored level 2 82 students scored level 3 18 students scored level 4 100 students scored Level 3 and 4 combined spring 2024 NYS ELA exam results reflect the following data, by grade: 27 3rd grade students scored level 1 14 3rd grade students scored level 2 6 3rd grade students scored level 3 2 3rd grade students scored level 4 17 4th grade students scored level 1 9 4th grade students scored level 2 9 4th grade students scored level 3 5 4th grade students scored level 4 21 5th grade students scored level 1 19 5th grade students scored level 2 15 5th grade students scored level 3 1 5th grade student scored level 4 32 6th grade students scored level 1 11 6th grade students scored level 2 15 6th grade students scored level 3 1 6th grade student scored level 4 20 7th grade students scored level 1 13 7th grade students scored level 2 18 7th grade students scored level 3 7 7th grade students scored level 4 28 8th grade students scored level 1 24 8th grade students scored level 2 19 8th grade students scored level 3 2 8th grade students scored level 4 Based on New Visions Portal, as of May 2025, the following reflects academic achievement data for students in temporary housing: 11 students scored Proficiency on spring 2024 New York State ELA exam 31 students scored below Proficient on spring 2024 New York State ELA exam	Analysis Report to form and adjust strategic instructional groups with strategic reading practices. The spring 2024 NYC School Quality Guide Teacher Panorama Survey reflect the following teachers' responses related to Quality of Student Discussion: Q.1: How many students in your classes... ...build on each other's ideas during class discussions? Favorable 55% up 8% from last survey Q.2: How many students in your classes... ...use data or text references to support their ideas? Favorable 53% up 3% from last survey Q.3: How many students in your classes... ...show that they respect each other's ideas? Favorable 74% up 6% from last survey Q.4: How many students in your classes... ...provide constructive feedback to their peers/teachers? Favorable 55% up 3% from last survey Q.5: How many students in your classes... participate in class discussions at some point? Favorable 75% up 10% from last survey As of spring 2025, Advance Evaluator Report reflects the following component averages: Component 1a: 2.80 Component 1e: 2.74 Component 3b: 2.65 Component 3c: 2.74 Component 3d: 2.68 Component 4e: 2.96	Teachers did not consistently use a variety of discussion protocols to elicit and promote rigorous discourse.	There is a need to engage students in rigorous discourse that allows them to explore and understand literary concepts, processes and relationships while fostering joy in learning.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	80 students	By June 2026, literacy for All Students will improve, as measured by an increase of 30 students, from 39 students to 69 students scoring Proficient, as measured by the i-Ready Reading Diagnostic Assessment.
All Students	296 students	By June 2026, literacy for All Students will improve, as measured by a decrease of 30 students, from 248 students to 218 students scoring 2 or more years below grade level, as measured by the i-Ready Reading Diagnostic Assessment.
All Students	31 students	By June 2026, literacy for All Students will improve, as measured by an increase of 30 students in grades K-2, from 26 students to 56 students scoring at or above benchmark, as measured by the Acadience Reading Screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning Communities focused on enhancing and deepening teachers' capacity to promote rigorous student to student discourse through divergent questioning and engaging discussion techniques

Root Cause Addressed:

Teachers did not consistently use a variety of discussion protocols to elicit and promote rigorous discourse.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Grade level teachers will analyze ELA standards to prioritize skills that students require in order to progress within the shared core curriculum. Grade level teacher teams will review the ELA curriculum, and standards to determine necessary modifications for development of learning/ performance assessment tasks that ensure alignment to high leverage Next Generation Learning Standards across grade levels and embed daily opportunities for students to engage in metacognitive practices to recognize and articulate how their learning is applicable in real-life. Grade level teacher teams will review the ELA curricula and standards to determine appropriate modifications, adaptations, and scaffolds to be implemented to support subgroup students' access and success within the Tier 1 instruction. Principal and assistant principals will engage in i-Ready reading data reviews with the grade level ELA teams to assess student progress and support revision of instructional plans. Admin will support the capacity of teachers' data-driven planning and implementation of MTSS tiered reading interventions (small group and/or one on one) through observations and actionable feedback, considering progress monitoring i-Ready reading data results. Principal, Assistant Principals, and Instructional Coach will meet weekly to establish and deepen protocols for rigorous student discourse. Teachers will be provided with professional development, and teachers will engage in inter visitations to

observe discussion protocols being implemented during ELA instruction. School leaders will leverage the Advance system of observations and provide rating, feedback, and next steps, focusing on components 3d, 1a, 1e, and 3c.

The SLT will meet monthly to progress monitor the Priority 1 action plans and relevant reading data and consider implications for planning activities and strategies that are responsive to students' perspectives, opinions, and ideas. Student interviews will be conducted throughout the year (at least 3 times) to elevate students' voices and develop/refine plans that meet the needs of students, as they have shared their ideas about their literacy learning. School leaders will provide students with leadership opportunities, inclusive of Student Council/Government that provide structures with ongoing opportunities for students to actively participate in decision-making and co-plan authentic civic/social issue projects, through CRSE/ELA units of study. The school will continue teacher teams' collaboration to plan for and implement culturally-relevant real-world topics, materials, and engaging activities and tasks, across the school, across all classes, on a daily basis. The school will develop a master overview of grade-related topics and materials, which intentionally represent the diverse student populations and celebrate the students' identities. Three teacher leaders and the instructional coach will support teachers in grade bands with cycles of professional development and planning in collaboration. (Professional Development: Unit modifications, and planning for explicit teaching of domain-specific terminology.)

Principal, Assistant Principals, and Instructional Coach will attend teacher planning meetings to provide actionable feedback and professional resources to enhance the ELA curriculum and instruction throughout the school.

Based on Danielson's Framework for Teaching, administrators will engage in bi-weekly norming sessions to provide actionable feedback to teachers, focusing on evidence of teachers' lesson plans and classroom practices that incorporate Historically Responsive Literacy Framework lessons to enhance students' enthusiasm and participation in classroom lessons, encouraging joy in learning.

Administrators and the Instructional Leadership Team will engage in norming sessions on conducting observations, in order to provide targeted, actionable feedback to improve academic vocabulary instruction in all content areas during class visits.

Key Strategy 2 (Optional):

Data-driven instructional decision-making

Root Cause Addressed:

Inconsistent pedagogical practices across the school to maximally leverage the data from the June Instructional Report and Item Skills Analysis Report to form and adjust strategic instructional groups with strategic reading practices

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Grade level teachers and special education teachers will engage in professional learning on how to leverage individual students' IEP annual goals in order to plan for adaptations to the delivery or methodology of ELA instruction. Teachers will plan and implement discussion strategies to scaffold and support students' comprehension of rigorous texts within the core curriculum (Tier 1). Teacher teams will re-visit the ELA i-Ready data to modify tiered interventions, based on students' performance levels. (Tier 2 and Tier 3). Collaborative decisions will be made to determine adding/reducing/removing tiered interventions for students, based on progress monitoring results in i-Ready reading assessment at least 3 times during the year.

The administrative team will engage teachers in six week inter-visitation cycles, where teachers share their reflections of class visits, using the Danielson Teacher Reflection Tool, and meet to determine areas for growth and professional development topics, based on analysis of data. The administrative team will provide teachers with 1-2 inter-visitations, that focus on student engagement, student to student discussions, within the ELA/Literacy curriculum. The administrative team will engage in at least 2 six to eight weeks observation cycles to provide feedback and next steps, explicitly for Advance components 1a, 1e, 3b, 3c, 3d.

School leaders will provide professional development opportunities for teachers on a weekly basis, inclusive of analyzing complex texts, how to make close reading a habit of practice in fiction and non-fiction and embedding questioning and discussion techniques to engage students (3b,3c).

Professional development cycles will be developed and provided throughout the year to support teachers' capacity to interpret Acadience data and make appropriate adjustments in classroom instruction. Such support will occur on a bi-weekly basis, throughout the year, using the plan, do, study, act (PDSA) model. School leaders and teacher teams in grades K, 1, and 2 will engage in Acadience data discussions to deepen understanding about the data and how to apply it in daily lessons, through data-driven differentiated classroom practices.

Grade level teacher teams will review the new ELA curricula, HMH, and standards to determine appropriate modifications, adaptations, and scaffolds to be implemented to support subgroup students' access and success within the Tier 1 instruction. Based on i-Ready benchmark assessments, Tier 2 and Tier 3 ELA interventions will be re-considered for students who would benefit from multi-tiered intervention support. Teacher teams will collaborate to develop and continually revise Historically Responsive Literacy Framework lessons to enhance students’ enthusiasm and participation in classroom lessons, encouraging joy in learning.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 1 include:
Team Meetings-Rolling agendas, minutes, and attendance are reviewed and feedback to teacher teams is provided by school leaders.
Teacher PD reflection forms are collected and results used to influence next PD steps.
Data-driven discussion protocols memorialize progress monitoring results.
Weekly Supervisory Cabinet meetings include updates on Advance observations, with discussion of normed ratings, feedback, and supports provided to teachers.
Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to Priority 1 literacy curriculum and instruction.

Priority 1 data to be collected and analyzed include the following: i-Ready Reading Diagnostic Assessments;

Acadience Reading Screeners; NYS ELA exam results; Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; core curriculum unit writing assessments

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly parent workshops related to literacy instruction and Next Generation Standards in ELA	n/a
09/10/2025	06/20/2026	Monthly parent newsletters with tips to help parents support their children's literacy	n/a
09/10/2025	06/20/2026	Tri-annual student created newsletters to families, celebrating their culturally relevant learning experiences and their Cultivating Genius of identity, intellect, skills, critically, and joy	n/a

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

parent coordinator, coaches, consultants

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of May 2025, OORS Level 1-5 Incidents and Infractions Summary reflects: Level 1:3 incidents Level 2:12 incidents Level 3:12 incidents Level 4:26 incidents Level 5:4 incidents	Students' social-emotional trauma that they have experienced requires more time to heal through the services of professional experts.	There is a need to provide teachers sustained evidence-based professional learning opportunities from experts in how to

		authentically strengthen students' sense of confidence and well-being.
As of May 2025, OORS Hourly Report reflects: 17 incidents occurred between Noon-1 PM As of May 2025, OORS Location Report reflects: Cafeteria: 7 incidents Classrooms:30 incidents Gym:5 incidents Hall:3 incidents Lobby:2 incidents School Playground: 7 incidents Other: 1 incident As of May 2025, Advance Evaluator Report reflects the following component averages: Component 2a- 2.95 Component 2d- 2.93	Some students, especially newly-arrived students, faced linguistic and cultural challenges in understanding established school rules and guidelines and school personnel have not maximally provided consistent support to them.	There is a need to strengthen students' ability to self-regulate their emotions and demonstrate self-control.
As of May 2025, the school-created student survey reflects: 42% favorable student survey responses to Question/Prompt # 1: "At this school, students harass, bully, or intimidate other students." The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Safety: Q5: "I feel safe in my classes." Favorable 83% up 6% from last survey The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Social Emotional: Q1: "I know where to go at my school if I need additional support with my mental-health." Favorable 71% down 7% from last survey Q3: "During this school year, most days I have felt safe when at school." Favorable 61% down 2% from last survey Q8: "There is time at school to talk about feelings and emotions." Favorable 60% up 3% from last survey	Changing students' mindsets related to interpersonal relationships requires continued time and sustained reinforcement, especially within an ever-changing societal climate.	The school needs to continue to provide effective strategies for students to utilize to mitigate bullying and intimidation.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30 incidents	By June 2026, physical and mental wellness for All Students will improve, as measured by a decrease of 10 incidents that occur in classrooms, from 30 incidents to 20 incidents, as measured by OORS Location Summary Report.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementation of Trauma-Informed Practices Across the School

Root Cause Addressed:

Students' social- emotional trauma that they have experienced requires more time to heal through the services of professional experts

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will leverage the expertise of CBOs to provide a visible supportive presence, during times that OORS data reflects incidents occur and at specific locations that OORS data reflects incidents occur. The ILT, school leaders, and other school personnel will develop and implement systems and structures, redeploying appropriate personnel with specific assignments to ensure a full-school presence, with attention to time and location, using OORS data to drive safety decisions.
The ILT and school leaders will re-visit and revise relevant student handbook expectations and communicate them through student advisory classes and/or student/family town halls. Advisory classes will focus on safety and restorative justice practices to address harassment, bullying, and intimidation. Student surveys and interviews will be conducted to elicit students' perceptions about safety in the school, including bullying, intimidation, and harassment. Results will be shared with teachers and teacher teams. School leaders will review OORS data and share results with all school constituents to determine next appropriate steps, based on the OORS data.

Assistant Principal will schedule time in the middle school schedule for student advisory or leadership groups to help create dialogue opportunities for students to be able to communicate their needs, ideas, thoughts, and feelings with other students in order to build their capacity for respectful student to student discussion. Professional development cycles will be implemented, throughout the year, to strengthen the continued implementation of Cogenerative Dialogues, based on the professional work of Christopher Emdin's "For White Folks Who Teach in the hood...and the Rest of Y'all Too," building teachers' capacity.

Teachers will receive professional development on how to provide dialogue opportunities and promote meaningful academic discourse that is culturally relevant, using a culturally responsive curriculum and culturally-responsive instructional practices that empower, recognize, and celebrate student voice, ownership and agency. The professional work of Zaretta Hammond's Culturally Responsive Teaching and the Brain and Gholdy Muhammad's Cultivating Genius will be used as resources. Administrators will leverage the Advance system for supervision and support to frequently monitor teachers' performance in planning, preparation, instructional delivery, and professional development and provide actionable feedback, next steps, and support with a lens on components 2a, 2d, 3b, and 3c. School leaders and teachers, including content area teachers, will engage in cyclical classroom visits to gauge the level of student engagement (peer to peer; peer to teacher) and rigorous, respectful discourse.

The ILT and school leaders will develop cycles of professional learning to support teachers and support staff to highlight respect for all and restorative justice practices to mitigate against bullying, harassment, or intimidation. Teacher teams and support personnel highlight and clarify relevant terminology, such as "reflective," towards a schoolwide normed understanding of terms, across all school constituents, to ensure effective communication among school constituents. Instructional Leadership Team will administer a teacher survey in grade teams, ascertaining the level of expertise, comfortability, and strength and weaknesses to determine which and how many teachers feel they "help students respectfully build on each other's ideas during class discussions" and embed social-emotional supports for students within academic instructional delivery.

The Safety Committee will have met at least 3 times to analyze school data related to safety (incidents and suspensions), including assessments of students' mental and physical well-being. Leveraging expertise of CBOs, the school partnership will provide ongoing professional training to support staff to develop and implement effective strategies related to student safety and well-being in school locations, other than classrooms

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

n/a

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	59 students	04M057 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 2026, the number of students scoring Proficient will increase by 30 students, from 15 students to 45 students, as measured by i-Ready Math Diagnostic Assessment.
All Students	254 students	04M057 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 2026, the number of students scoring 2 or more years below grade level will decrease by 30 students, from 250 students to 220 students, as measured by i-Ready Math Diagnostic Assessment.
English Language Learners (ELL)	5 ELL students	04M057 will address Priority 3: All students have a high-quality academic experience with the following SMART goal: By June 2026, the number of ELL students who score at the Commanding level (011-014 raw score) in the writing modality will increase by 8 ELL students, from 0 ELLs to 8 ELLs, as measured by NYSESLAT exam.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

8 ELLs

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning Communities focused on building and strengthening teachers' capacity to incorporate instructional practices to address students with diverse leaning needs, using available and evolving data from i-Ready Math Diagnostic Assessments.

Root Cause Addressed:

Emphasis on addressing the performance of lowest scoring students may have impacted the emphasis placed on addressing the needs of students scoring at proficient levels.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will develop instructional resources for interventions and cycles of targeted instruction to ensure that missed content is covered in fall. Teacher teams review student work and math units of study to ensure all students have access to high quality rigorous instruction. Teacher teams will meet to identify and select culturally-relevant materials with real-world context to be used during math instruction. Professional development is delivered to teacher teams to strengthen lesson plans with math strategies that include multiple entry points for students. Teacher teams and school leaders will analyze progress monitoring i-Ready math data and plan for the implementation of appropriate tiered interventions, based on the i-Ready results three times, periodically, throughout the year. Principal and assistant principals will engage in i-Ready math data reviews with the grade level math teams to assess student progress and support revision of instructional plans. Admin will support the capacity of teachers' data-driven planning and implementation of MTSS tiered math interventions (small group and/or one on one) through observations and actionable feedback, considering progress monitoring i-Ready math data results. Professional

development cycles will be delivered to teacher teams to strengthen lesson plans with math strategies that include multiple entry points for students.

Through professional development cycles, teacher teams will be trained to identify examples that reflect the culture, traditions and language(s) of ELLs when selecting differentiated supplemental and enrichment materials for math instruction. Through professional development cycles, teacher teams will be trained to identify examples that reflect the learning needs, IEP modifications, accommodations, and IEP goals of SWDs when selecting differentiated, supplemental and enrichment materials for math instruction.

School teams comprised of all math and ENL teachers meet and create a process to facilitate productive math discussions, with embedded evidence-based ELL strategies. School teams comprised of all math and special education teachers meet and create a process to facilitate productive math discussions, with embedded strategies, aligned to SWD students' IEPs. Student interviews will be conducted at least 3 times during the year to elicit students' perceptions and feedback related to math instruction, considering academic aspects, social-emotional support provided, and CRSE practices and materials, aligned to the 5 Pursuits from Gholdy Muhammad's work, Cultivating Genius. Principal and assistant principals will engage in i-Ready data reviews with the math team to assess student progress and support revision of instructional plans.

Provide professional development on the effective, strategic use of explicit and systematic instruction as a complement to strong core math instruction. Provide cycles of professional development to teachers on the planning and implementation of embedding social-emotional supports within math instruction, on a daily basis. Teachers will provide students with sufficient practice with feedback in order to promote automaticity of a problem-solving strategy. Math teacher team, principal, and assistant principals will review lesson plans to ensure that teachers are allotting time during independent work time for students to review work for errors after solving a math problem. Administrators will engage in i-Ready data reviews with the math team to assess student progress and support revision of instructional plans to support math educational planning.

At least 3 times during the year, school leaders and ENL teachers will administer and review ELL students' progress monitoring progress and performance through the lens of i-Ready assessment results, Acadience results, and Mock NYSESLAT Writing Assessment results (BOY, MOY, EOY). Based on these triangulated results, adjustments to instruction will be determined and implemented, including precise, targeted Tier 2 and Tier 3 MTSS interventions.

Key Strategy 2 (Optional):

Teacher Teams focusing on leveraging data from the June Instructional Report and Item Skills Analysis Report to form and adjust strategic instructional groups with strategic math practices throughout the year.

Root Cause Addressed:

Teachers and teacher teams have not prioritized using the data from the June Instructional Report and Item Skills Analysis Report to form and adjust strategic instructional groups with strategic reading practices throughout the year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps
School leaders will utilize the NYC DOE School Support Rubrics (Tier 2 and Tier 3) to share with staff and monitor the effectiveness of ELL policy and instructional delivery at the school. ENL teachers analyze results from fall progress monitoring writing assessments for ELLs to determine the next instructional focus and share findings with classroom teachers and school leaders. Based on deep dives into ELL students' progress, using the NYSESLAT writing rubric, professional development will be provided to teachers on how to incorporate the WITsi Sentence Tracker to support students' capacity to write complex sentences. Professional development cycles will be provided to all teachers to support the explicit focus on language acquisition and vocabulary development, using the Next Generation “Standard 6 Vocabulary/Language Acquisition Student Self-Reflection Form,” giving students ownership related to their vocabulary development.
Classroom teachers will plan and incorporate language objectives, as well as content objectives, in daily lessons. Professional development cycles will be provided to all teachers, focusing on “ELLS GO TO STRATEGIES,” to plan and implement differentiated classroom instruction for ELLs, based on their NYSESLAT scores in the 4 language modalities (listening, speaking reading, and writing), with particular attention to the writing modality. School leaders will leverage the Advance system of observation and support to provide ratings, actionable feedback, and differentiated professional support, through the lens of components 1a, 1e, and 3c. Monolingual teachers and ENL teachers will collaborate to compare and contrast the criteria of the NYSESLAT Writing Rubric and the HMH Writing Rubric and develop a school-created version that incorporates all criteria within one comprehensive writing rubric that will be used by all teachers, across classrooms, school-wide
Professional development cycles will be provided to classroom teachers, with ENL teachers, and special education teachers, focusing on deepening understandings of NYSESLAT Writing Rubric criteria and determining specific, high leverage criteria as the priority focus for the year, such as complexity of language and quality of language. ENL teachers will utilize the Targets of Measurement (TOMs) to monitor and track ELL students' progress and performance and provide targeted Tier 2 and Tier 3 interventions. ENL teachers will collaborate and share ELL students' progress and performance with classroom teachers to ensure coherence and consistency between Tier 1 core instruction and Tier 2 and Tier 3 supportive interventions, on a weekly basis, throughout the year, making ongoing revisions and adjustments to units of study and daily lesson plans. To address the progress and performance gaps, based on current data for the cohort of students who are both ELLs and SWIs, professional development will be provided for all teachers, to explore the crosswalk between language and learning disabilities so that effective strategies may be planned and implemented to address the dual learning needs of this particular subgroup, within the broader ELL or SWI subgroups
ENL teachers will collaborate with teacher teams to incorporate meaningful, real-world culturally-relevant materials, practices, and tasks on a daily basis, to promote equity, inclusion, and diversity, making necessary revisions, based on students' interest surveys and input from ongoing student interviews. Teacher teams will collaborate to develop grade band NYSESLAT writing assessment exemplars to use in classroom instruction and analyze them, using the NYSESLAT Writing Rubrics criteria. Grade-level Teacher Teams will unpack the progress monitoring writing assessments to understand the increasing cognitive demand of the assessments, across the grades. Grade-level Teacher Teams will conduct study groups, unpacking previous NYSED NYSESLAT writing assessments to determine consistent teaching points to address the NYSESLAT Writing Rubrics criteria.
Grade level teachers and special education teachers will engage in weekly professional learning on how to leverage individual SWI students' IEP annual goals in order to plan for appropriate adaptations to the delivery or methodology of Math instruction. Grade level teachers and ENL teachers will engage in weekly professional learning on how to leverage individual ELL students' NYSESLAT language proficiency in order to plan for appropriate adaptations to the delivery or methodology of Math instruction. Grade Level Teacher Teams will plan and implement explicit instruction

of Tier 2 and domain-specific academic vocabulary on a daily basis. Teachers across content areas who "teach/share" ELL students will meet weekly to discuss common strategies to implement and reinforce and share students' progress and performance, using varied assessment, with NYSESLAT Writing Rubrics as the common lens.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring for Priority 3 include the following:
Monthly ILT (Instructional Leadership Team) meetings focus on updating status of CEP action plan activities for Priority 3, with successes, challenges, and next steps.
Supervisory meetings focus on updating status of Advance Teacher MOTP ratings, feedback, support, and next steps.
Weekly Teacher Team meetings focus on cycles of looking at student work, data inquiry, and collaborative pedagogical
practices, with self-reflections and revisions to lesson planning and classroom instruction.
Monthly School Leadership Team (SLT) meetings follow the NYC DOE recommended calendar of SLT activities and participate in shared analysis of the school's CEP progress monitoring for this priority. SLT agendas, sign sheets, minutes, and shared documents will be uploaded to the
CEP.
Rolling agendas, minutes, and attendance are reviewed and feedback to teacher teams is provided by school leaders.
Teacher PD reflection forms are collected and results used to influence next PD steps.
Data-driven discussion protocols memorialize progress monitoring results.
Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to math curriculum and instruction and English language proficiency. Priority 3 data to be collected and analyzed include the following: i-Ready Math Diagnostic Assessments; Acadience Math Screeners; NYS Math exam results; Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; core curriculum unit math assessments; NYSESLAT exam results; MOCK NYSESLAT writing assessments

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	05/20/2026	monthly parent workshops and school wide events focusing on math instruction and Next Generation Standards in math	Roads to Success
09/10/2025	06/20/2026	monthly parent newsletters, highlighting strategies to support children's mathematical learning	Roads to Success
09/10/2025	06/20/2026	monthly parent workshops and school wide events focusing on English language proficiency	Roads to Success

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

parent coordinator, coach, consultants

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per diem, per session, training rate

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of May 2025, the school's internal Career Plan tracker reflects: 65% of students have initiated, developed, and/or progress monitored an individualized NYSED Career Plan. The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Guidance: Q1: "This school provides me with guidance on the high school application process." Favorable 82% up 5% from last survey Q2: "This school provides my family with	The school has implemented the career plans but there are still	The school needs to provide a school-wide initiative that supports

guidance on the high school application process." Favorable 78% up 4% from last survey	some students who have not fully participated or engaged in developing the plan for themselves.	students at all grade levels the opportunity to develop age-appropriate career plans.
The 2023-2024 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Additional Survey Questions: Q20:"This school helps to prepare my child for college, career, and success in life after high school." Favorable 91% down 6% from last survey Q 21 "This school provides resources to me and my child to prepare my child for college, career, and success in life after high school." Favorable 92% down 2% from last survey The 2023-2024 New York City School Quality Guide Student Panorama Survey reflects the following responses related to Additional Survey Questions: Q1: "In general, my teachers make their lessons relevant to my everyday life experience." Favorable 76% Q.7: "Adults at this school teach me important skills about money, like earning it, saving it, and spending it wisely." Favorable 57% no change from last survey Q12: "At this school, I have the opportunity to learn about different careers to help me think about my future." Favorable 77% up 7% from last survey	Historically, College and Career Readiness has not been prioritized as an immediate priority for elementary school children.	The school needs to expand the resources that are provided to students and their families to prepare the children for college, career, and success in life after high school.
The 2023-2024 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Additional Survey Questions: Q1: "I am able to teach students skills about financial literacy, including earning, saving, and spending." Favorable 73% up 4% from last survey Q.16: It's a priority at this school that adults...provide students with opportunities to learn about different career paths." Favorable 100%	The competing demands for instructional priorities of literacy and math have limited the opportunity to incorporate financial literacy skills within existing mandated curricula..	The school needs to expand opportunities for training teachers to plan and incorporate the implementation of instruction that focuses on grade-appropriate financial literacy skills to support students' financial literacy skills.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65%	04M057 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June 2026, the number of all students who initiate, develop, and progress monitor an individualized NYSED Career Plan will increase by 60%, from 34% to 94%, as measured by NYSED Career Plans.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Enhancing students' engagement with initiating, developing, progress monitoring individualized NYSED Career Plans

Root Cause Addressed:

The school has implemented the career plans but there are still some students who have not fully participated or engaged in developing the plan for themselves.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teacher teams will develop student interest surveys. Teacher surveys will be administered to gauge teachers' abilities and interest in teaching enrichment clubs. The school will administer student interest surveys at least 2 times per year and results will be analyzed and shared with stakeholders to determine possible CCCR-focused enrichment clubs (for lunch time, after-school, during the day), based on the student interest surveys. (Cooking Club, Coding Club, Environmental Club, Art Club, Sewing/Knitting/Crocheting Club, Robotics Club, Makers Club, STEAM Club, Athletic Club, Gardening Club, Health Club, Equity Club, Journalism Club, Poetry Club, Book Club, etc.)
Clubs will be created that connect students to interests they already know they have AND clubs will be created that connect students to interests they don't know they have yet. School leaders, teacher teams, and coaches will collaboratively develop a CCCR-"Look Fors" checklist to be utilized during collegial walkthroughs and teacher to teacher classroom intervisitations. Teacher teams will collaboratively determine best evidence-based CCCR practices, materials, and assessments already in place. Teacher teams will review Career and Technical Education

curricula to backwards plan vertically-designed CCCR skill progressions and prioritize 1-2 for implementation per year.
School leaders provide ongoing opportunities to engage all stakeholders, elevating their voice and input related to learning materials and activities needed for robust, culturally-relevant CCCR units of study (various forums, such as SLT meetings, Town Halls, ILT meetings, teacher team meetings, student interviews, family/student/teacher/paraprofessional questionnaires). School Leadership Committee members (including all constituencies) will engage in sub-committees to develop broad, comprehensive parent engagement plans. Career Fairs will be implemented throughout the year.
The school will plan and implement Career-oriented assembly series and class visits with guest speakers The school will plan and implement a monthly guest speaker series highlighting diverse careers. Work place tours will provide opportunities for career exposure. Partnerships with diverse range of community businesses will be leveraged.
Guidance personnel will initiate, support, and progress monitor individualized NYSED Career Plans with students and their families (see downloaded templates), including translated versions for MLL/ELL students/families. Professional development workshops will be conducted on a monthly basis to support teachers in providing appropriate CCCR-related strategies within the classroom learning environment, on a daily basis. SLT will meet monthly to progress monitor the successes and challenges related to the CCCR action plan and collaboratively determine possible revisions to the CEP. Minutes, agendas, and sign sheets will be uploaded in the CEP.

Key Strategy 2 (Optional):

n/a

Root Cause Addressed:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority 4 include:

Team meetings-Rolling agendas, minutes, and attendance are reviewed and feedback to teacher teams is provided by school leaders. Teacher PD reflection forms are collected and results used to influence next PD steps.

Data-driven discussion protocols memorialize progress monitoring results.

Weekly Supervisory Cabinet meetings include updates on Advance observations, with discussion of normed ratings, feedback, and supports provided to teachers.

Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to Priority 4 CCCR initiatives.

Priority 4 data to be collected and analyzed include the following: Advance observation reports; teacher and staff PD surveys/questionnaires/reflections; Individualized student NYS Career Plans; school-created NYS Career Plan Tracker reports; school-created CCCR Initiatives/Activities/Events Tracker

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Favorable 92% down 7% from last survey	school-family communication had not been consistently prioritized.	implement systems and structures for monitoring effective communication between school staff and families.
The 2023-2024 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Parent Involvement: Q.1: Since the beginning of the school year, how often have you...communicated with your child's teacher about your child's performance? Favorable 91% down 5% from last survey Q.2: Since the beginning of the school year, how often have you... seen your child's projects, artwork, homework, tests, or quizzes? Favorable 88% down 9% from last survey Q.4: During the school year, have you...attended a general school meeting or school event (virtually or in-person)? Favorable 94% down 4% from last survey	Health-related disruptions and challenging family circumstances have continued as competing demands that parents face.	The school needs to deepen its effective strategies to increase the percentage of parents who attend general school meetings or school events (virtually or in-person).
The 2023-2024 New York City School Quality Guide Teacher Panorama Survey reflects the following responses related to Outreach to Parents: Q.1: At this school...teachers understand families' challenges and concerns. Favorable 93 down 4% from last survey Q.2: At this school...teachers work closely with families to meet students' needs. Favorable 95 down 2% from last survey Q.3: At this school...staff regularly communicate with families about how they can help students learn. Favorable 98 up 4% from last survey Q.4: At this school... school staff value families' race, ethnicity, culture, family structure, and background. Favorable 98%	Outreach to and communication with some parents and families have been limited due to individual, personal family circumstances	Teachers need to highlight students' progress and performance during parent-teacher interactions on a consistent, ongoing basis.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	89%	04M057 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June 2026, the percent of favorable parent survey responses to Q # 1, related to Outreach to Parents, "School staff regularly communicate with me about how I can help my child learn." will increase by 7%, from 89% to 96%, as measured by NYC Parent Panorama Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implementation of systems and structures for monitoring effective communication between school staff and families.

Root Cause Addressed:

Accountability and progress monitoring of school-family communication had not been consistently prioritized

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
SLT sub-committee will highlight the need to strengthen family empowerment and engagement by incorporating monthly updates on SLT agendas, with successes, challenges, and next steps. School leaders, parent coordinator, and PTA/PA leaders will create a Summit committee to explore and deepen understanding about parent participation in school-wide events/meetings to develop strategies to improve parents' engagement and participation in schoolwide events/meetings.
Parent coordinator will leverage NYC DOE and district resources to support the school's family empowerment initiatives. Parent coordinator and key family empowerment committee members will conduct a series of family surveys and questionnaires to continually elicit and monitor parent input and feedback, related to improving family engagement, including the use of translation and interpretation services in the languages represented in the school community.
SLT members and other stakeholders will reflect and evaluate the effectiveness of the action plan activities related to

redesigning the system to be more inclusive and responsive to families and incorporate feedback and input and plan revisions, as deemed necessary by consensus of constituents. Agendas for school-wide events/meetings will include at least one strongly-correlated celebration of students' achievements related to academics and culturally-relevant topics
School-wide events/meetings will feature students and parents to serve as presenters, not just as attendees. School-wide meetings will be scheduled to coincide with student performances, celebrations, and/or showcases of students' learning.
School will offer a range of incentives to increase parent participation and attendance at school-wide meetings and events. School will leverage an assets-based approach through the school's effective messaging apps, website, newsletter, social media platforms to advertise meetings and events, with advance notification and timely reminders.
Monthly calendar of planned events will be developed and shared with the school community in multiple languages and schedules of events that are responsive to families' schedules. Meetings will be recorded for families who cannot attend to access information at their convenience.
SLT members and other stakeholders will reflect and evaluate the effectiveness of the action plan activities related to redesigning the system to be more inclusive and responsive to families and incorporate feedback and input towards revisions of the CEP for 2025-2026. Documentation will be uploaded to the SLT Implementation section of the CEP on a monthly basis
SLT members and other stakeholders will collaborate to plan family events to be included in the next school year.

Key Strategy 2 (Optional):

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of May 2025, New Visions Portal reflects the following YTD Attendance for students in grades 1-8: Level 1 (85% or lower)-119 students Level 2 (85.1%-90%)-74 students Level 3 (90.1%-95%)-121 students Level 4 (95.1% or higher)-116 students As of May 2025, New Visions Portal reflects the following YTD Attendance for students in grades PK - K: YTD: 87% CA: 53% TOTAL PK-K STUDENTS: 81 Level 1 (85% or less) - 26 students Level 2 (85.1% - 90%) - 17 students Level 3 (90.1% - 95%) - 25 students Level 4 (95.1% or higher) - 13 students	There have been limited opportunities for staff to communicate sustained, authentic opportunities based on the Attendance Multi-Tiered Support System and Ladder of Referral	Students need to learn techniques of personal responsibility and consistent attendance, using multi-tiered systems for support and clear expectations/criteria for success.

	to maximize students' opportunities for students to take accountability of their own attendance.	
As of May 2025, New Visions Portal reflects the following Overall, school-wide YTD attendance is 88% and Chronic Absenteeism rate is 46%	Students and their families have experienced disproportionately high levels of stress, anxiety, illness, and change in student body make-up with increased new arrival students in temporary housing and have not had access to adequate resources in the community to enable students and their families to focus on their academic learning.	Students experiencing traumatic stress, including but not limited to anxiety, cognitive, emotional and physical due to housing or family related circumstances, require expert guidance and support to help them cope and address their issues and focus on their academic learning.
As of May 2025, New Visions Portal reflects the following YTD Attendance for Students in Temporary Housing: Middle School: 60% or lower Hotel-n/a Doubled Up-1 Temp Housing-0 Shelter-3 students 60.1%-80% Hotel-n/a Doubled Up-1 student Temp Housing-0 students Shelter-8 students 80.01%-90% Hotel-n/a Doubled Up-7 students Temp Housing-0 students Shelter-7 students 90.01%-95% Hotel-n/a Doubled Up-8 students Temp Housing-1 student Shelter-5 students 95.01%-100% Hotel-n/a Doubled Up- 10 students Temp Housing- 0 students Shelter- 9 students Elementary School: 60% or lower Hotel-n/a Doubled Up-0 students Temp Housing-0 students Shelter 10 students 60.1%-80% Hotel-n/a Doubled Up-4 students Temp Housing-0 students Shelter- 18 students 80.01%-90% Hotel-n/a Doubled Up- 6 students Temp Housing- 0 students Shelter-24 students 90.01%-95% Hotel-n/a Doubled Up- 12 students Temp Housing- 1 student Shelter- 11 students 95.01%-100% Hotel-n/a Doubled Up- 8 students Temp Housing- 0 students Shelter- 8 students As of May 2025, New Visions Portal reflects the following Chronic Absenteeism rates for Students in Temporary Housing: Middle School: Hotel-n/a Doubled Up- 44% Temp	Teachers have not received sufficient training in helping students cope or provide resources to families with related stresses that continue to impact their learning from living in insecure housing situations.	Ongoing professional development needs to be offered to teachers to promote positive ways to help students cope with stress, and the ways to prevent and address it, especially for students living in insecure housing situations.

Housing- 0% Shelter- 56% Elementary School: Hotel-n/a Doubled Up- 33% Temp Housing- 0% Shelter- 73%		

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	274 students	By June 2026, the number of all students in grades 1-8 with at least 90.1% year to date attendance will increase by 8 students, from 237 students to 245 students, as measured by the New Visons Attendance Report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Leveraging CBO partnership and community resources to support improved student attendance

Root Cause Addressed:

Students and their families have experienced disproportionately high levels of stress, anxiety, illness, and change in student body make-up with increased new arrival students in temporary housing and have not had access to adequate resources in the community to enable students and their families to focus on their academic learning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School leaders will review 2023-24 attendance data to develop three lists: 1) returning students who were chronically absent These students will be given Tier 3 supports. 2) incoming students who are siblings of those who were chronically absent These students will be given Tier 2 supports in the first half of the year. 3) returning students who missed between 14 and 17 days These students will be given Tier 2 supports in the first half of the year. Introduction of a new attendance program to assist with outreach and monitoring students' attendance needs and goals, called "EveryDay Intervention" (EveryDay Labs) as a prevention program designed to maximize school and district attendance initiatives through proactive family outreach by integrating behavioral science, data science, and evidence-based family communications strategies to deliver personalized, multichannel outreach that is proven to reduce chronic absenteeism by 10%-15%.
School leaders will work toward developing Tier 2 and 3 supports. For Tier 3, this will involve identifying staff who are willing to serve as mentors for students and developing expectations for the role of mentor. For Tier 2 supports, this

will involve communicating to the assigned teacher that the child is potentially at-risk for chronic absenteeism, and that attendance should be supported by positively reacting to the child's presence in the class, establishing contact early and often with the child's home, and monitoring for factors that may be likely to negatively affect the child's attendance. School leaders will identify staff to serve as members of the attendance committee and develop protocols and expectations for this committee. School leaders will clearly communicate the expectation that teachers will call the home of students who are not in attendance each day. CBO partners will be leveraged to support the attendance improvement plans in all components.

School leaders will send letters to parents explaining the importance of regular school attendance and the connection to school success. The attendance committee will create posters to display in the school and through remote platforms, emphasizing the importance of regular school attendance.

Staff mentors will meet daily with student mentees receiving Tier 3 support to check-in and encourage regular school attendance. Mentors will share any information about barriers to school attendance with the attendance committee. Staff will call the home of each student who is not in attendance each day. The principal will emphasize the importance of regular school attendance in the monthly parent newsletter.

The attendance committee will conduct its monthly meeting and cover set topics: 1) Review attendance data for each month and identify students who have missed two or three days of school. Members of the attendance committee will contact families of these students by phone to discuss the importance of regular school attendance and identify any barriers. 2) Identify students that have missed more than three days of school. The attendance committee will develop monthly individualized plans or each student to address barriers to school attendance. 3) Review the attendance of those receiving Tier 2 supports. Consider moving any student in Tier 2 to Tier 3 supports. 4) Review the attendance of those receiving Tier 3 supports. Schedule a meeting with the mentor assigned to any student in this group that has missed more than 2 days of school to determine if additional support is needed.

The attendance committee will work with families to engage the support of outside agencies to address barriers that are beyond the school's capacity. Teachers will call the home of each student who is not in attendance each day. Staff mentors will meet daily with student mentees to check-in and encourage regular school attendance. School staff will implement the individualized plans developed by the attendance committee to address barriers to school attendance.

Should any child record a 15th day of absence, the child will be placed on "high alert." The attendance committee will identify a series of strategies to ensure that child limits absences in the future.

Office staff will generate a one page information sheet for each student that identifies in a bar graph: 1) the number of days the child has been absent 2) the average number of days children at the school have been absent This sheet will also contain a short message about the positive impacts of attendance and will be mailed home to all families.

The SLT will engage all stakeholders to progress monitor the CEP action plan activities for Attendance/Chronic Absenteeism at least 3 times during the year to analyze the school's status in meeting the progress period targets and collaboratively determine possible revisions to the action plan, based on attendance/CA data. SLT documentation will be uploaded to the CEP each month.

Key Strategy 2 (Optional):

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Implementation Monitoring Priority Attendance/Chronic Absenteeism include:
Meetings-Rolling agendas, minutes, and attendance are reviewed and feedback to SLT is provided by school leaders.

Data-driven discussion protocols memorialize progress monitoring results.

Stakeholder surveys/questionnaires/interviews are conducted to elicit multiple perspectives related to attendance and chronic absenteeism. Parent workshop attendance results are reviewed and shared with PTA and SLT to determine next steps.

Priority Attendance/Chronic Absenteeism data to be collected and analyzed include the following:
New Visions Portal attendance and chronic absenteeism rates; guidance support personnel parent/family outreach logs; CBO attendance reports; stakeholder surveys/questionnaires/interviews

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/10/2025	06/20/2026	Monthly parent/family workshops focusing on attendance and connections to achievement	Roads to Success

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
As of spring 2025, the IEP Review Dashboard reflects: 75% of IEPs include specific specially-designed instruction (SDI) (Question 24) 25% of IEPs include general specially-designed instruction (SDI) (Question 24) 75% of	The school continues to deepen its	IEP Development

Favorable 100% up 7% from last survey Q.6: “I am able to...design appropriate instruction that is matched to students' need (e.g. English language learners (ELLs) or Emergent Multilingual Learners (EMLLs) proficiency and students with disabilities).” Favorable 100% up 10% from last survey Q.8: “I am able to...develop appropriate Individualized Education Programs for my students with disabilities.” Favorable: 200% up 3% from last survey Q.9: “I am able to...monitor progress on Individualized Education Program goals for my students with disabilities.” Favorable: 97% no change from last survey) Q.10: “I am able to...distinguish linguistic/cultural differences from learning difficulties.” Favorable: 100% up 5% from last survey	commitment to quality IEPs through continuous review and adjustments in incremental, strategic focus in order to align annual goals, recommended services and programs with PLOPs.	and Fidelity of Implementation
As of May 26, 2025, the Shared Path Dashboard reflects: 100% of IEPs with completed transition fields (2024-2025) 100% of IEPs with completed transition fields (2023-2024)	Transition planning continues to be a priority for the school.	Transition Planning and Compliance
As of May 26, 2025, the Shared Path Dashboard reflects: Referral Rate 2.8% (2024-2025) Referral Rate 2.9% (2023-2024)	Ensuring equity is an ongoing priority in the school.	Referral Process and Equity
As of May 26, 2025, the Shared Path Dashboard reflects: SWIEP suspension rate 3.3% (2023-2024) SWIEP suspension rate 3.1% (2024-2025)	Ensuring equity is an ongoing priority in the school.	Equity in School Discipline
As of spring 2025, the IEP Review Dashboard reflects: 75% of IEPs include quotes and statements by students (Question 15A) 50% of IEPs include statements by students describing the students' vision of success for themselves (Question 15C)	The school is ready to deepen its its strong commitment and ongoing efforts to elevate parents/families/ voice in the IEP	The school needs to continue to deepen its strong commitment and ongoing efforts to elevate

	process, having reached initial levels of student engagement	students voice in the IEP process.
As of spring 2025, the IEP Review Dashboard reflects: 0% of IEPs include statements by parents/families describing their vision of success for the student (Question 15C) As of spring 2025, the school's internal IEP Review reflects: 100% of IEPs include statements and quotes by parents/families (Question 15A) The 2023-2024 New York City School Quality Guide Parent Panorama Survey reflects the following responses related to Additional Survey Questions: Q.23: "I am satisfied with the educational planning and Individualized Education Program (IEP) development process at this school." Favorable: 93% down 4% from last survey Q.24: "At this school, my child receives what they need to achieve their Individualized Education Plan (IEP)" Favorable 93%	The school is ready to deepen its its strong commitment and ongoing efforts to elevate parents/families/ voice in the IEP process, having reached initial levels of parent/family engagement	The school needs to continue to deepen its strong commitment and ongoing efforts to elevate parents/families/ voice in the IEP process.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	25%	By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve parents' voice by a 75% increase in IEPs that include statements by parents/families that describe their vision of success for the student, from 0% to 75%, as measured by IEP Review Dashboard (Question 16C).

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Enhance parents/families' voice in the IEP process

Root Cause Addressed:

The school is ready to deepen its its strong commitment and ongoing efforts to elevate parents/families/ voice in the IEP process, having reached initial levels of parent/family engagement

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The SIT Team will develop and implement an effective progress monitoring tool to review IEPs through benchmarks across the year, with a clear, well-defined rubric. The SIT team meets twice a month to discuss special education students and to review IEP's. During the discussion, teacher suggestions regarding student performance and programming is reviewed. Discussions will be focused on opportunities to mainstream students for certain subjects for a certain amount of time. Currently, we do not have any students being mainstreamed, however, the SIT's November meeting will be focused on determining if any students will have that capability. During the IEP reviews the SIT team discusses a select group of IEPs to determine that the student is receiving all of the services they require. Attention is also taken in regards to ensuring that any services or accommodations that are no longer necessary are being evaluated to ensure that the students are receiving the least restrictive environment. School IEP Team will develop and utilize a reliable measurement tool to progress monitor IEPs at least 3 benchmark intervals throughout the year
The administrative team, instructional coach, and teacher leaders work together to review data points and our problems of practice in order to create SMART goals focusing on the Next Generation Standards as well as our school-wide focus to develop annual goals that reflect the integrity of the standards and mission of the school overall. Teachers will plan their lessons to specifically and strategically include and address students' IEP-based learning needs and designated modifications and adaptations in daily instruction.
Meetings are held with service providers and teachers prior to IEP meetings and during SIT team meetings to ensure the impact of disability statements are reflective of the student's disability. Benchmarks have been established to assess student's progress and monitor the effect of the general education curriculum
Each special education teacher, general education teacher, and paraprofessional assigned to a student with an IEP are required to read it and provide the strategies and accommodations as stated during their daily interactions and planning with and for the student. Administration works within the best of their ability to ensure each program and

service mandated are appropriately staffed and delivered accordingly. School leaders will provide extensive professional development to empower teachers and paras in instructional delivery to meet the diverse learning needs of individual students, including social emotional support School leaders and IEP personnel will schedule and program time for co-teachers and paras to collaborate with each other and with other school support personnel to develop quality IEPs. Cycles of professional development will be provided to address the areas of need identified in the 2022-2023 IEP Review Dashboard, including but not limited to questions 15A, 15C, 16A, 16C, 20, 23, 24, 29, 41A, 41B, 50A, 50B, 50C, 50D, 60, 61, 62, 63, 64.

We have not had any students age 14 or older in quite some time. However, our transitional plan, should it be necessary, will involve the student, teacher, parent, and guidance counselor to discuss the move to high school. The meeting would address fears and goals the child has about the new setting, and a formulated plan to address each. The purpose of the meeting will be to establish a specific plan which facilitates the needs of the student, and can travel with them for reference and guidance

A schoolwide document was created to list the compliance dates of all IEPs. The document includes a date three weeks prior to submitting the IEP draft for feedback and a date one week prior to apply feedback and make revisions. The IEP meeting date must be held at least one week prior to the compliance date to ensure parent feedback is clear and well represented. Teachers receive email reminders for each of these dates to ensure they are complying with deadlines. This system has been working and the meetings have been held in a timely fashion, and compliance dates have been adhered to.

IEP Team will review all referrals and elicit parents/families perspectives and ideas, including parents' directs quotes and statements an including statements by parents/families that describe their vision of success for the student. IEP Team will review all referrals and elicit parents/families perspectives and ideas, including students' directs quotes and statements an including statements by students that describe their vision of success for themselves.

Based on our specific school data we have the overwhelming majority of our referrals coming from parents requesting special education services. Due to that fact, a system was created where the special education supervisor is contacted when a parent requests a referral. The supervisor meets with the parents to discuss their concerns. A meeting with the teacher is scheduled to gain their insight. A six-week cycle of support is created, based on the specific concerns. At the end of the cycle a new meeting is held where the outcomes are discussed and next steps are considered. If the parent still would like to proceed with the referral process, they can begin the process with the SBST team. The same six-week cycle of support is required for teachers that consider the referral process. At the end of the cycle, a meeting with is convened to determine the validity of the referral.

Key Strategy 2 (Optional):

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary structures to progress monitor implementation of key strategies and action steps for this priority include:
SIT Team meetings include agendas, minutes, and attendance sign sheets
IEP Reviews through school's internal IEP Review Tracker

Data that will be collected and used to determine progress towards meeting this priority goal include:
IEP Review Dashboard; school-created IEP Reviews

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/10/2025	06/20/2026	monthly parent/family workshops focused on elevating parent voice in the IEP process	n/a
09/10/2025	06/20/2026	monthly parent/family newsletters highlighting parents/ rights and responsibilities in the IEP process	n/a

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

parent coordinator, guidance personnel, SIT Team

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

n/a

Other Resources Needed

per session, per diem, training rate

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Academic Support	Math and Reading i-Ready 2 years below grade level Teacher recommendation, in-class assessments	conferencing	small group	during school	no
Tier 3 Academic Support	Math and Reading i-Ready 3 or more years below grade level Teacher Recommendation, in-class assessments	conferencing	one to one	during school	no
Tier 2 Academic Support	Students scoring high level 1 and low level 2 based on NYS ELA and Math Exams	Saturday Academy	Small Group	Saturdays	no
Tier 2 Academic Support	Math and Reading Acadience 1-2 years below grade level Teacher Recommendation, in-class assessments	Heggerty	Small Group	during school	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 SEL Support	Teacher Recommendation. in-class anecdotal reports	at-risk counseling	small group	during school	no
Tier 3 SEL Support	Guidance personnel recommendation, suspensions and/or class removals	mandated counseling	one to one	during school	no
n/a	n/a	n/a	n/a	n/a	n/a

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school's essential components of MTSS are shared with families through parent/family workshops, parent/family newsletters and through individual parent-teacher conferences. The school's website also features a description of the Tier 2 and Tier 3 academic and social-emotion intervention supports that the school provides.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive updates on the progress of their child(ren) who receive Tier 2 targeted or Tier 3 intensive interventions through individual parent-teacher conferences and student progress reports.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are involved during decision-making regarding the progress of students receiving Tier 3 intensive interventions through on-going interactions, focused on the students' progress reports, Teachers and/or support staff discuss next instructional steps and/or next social-emotional supports with parents/families to engage them, elicit their feedback, and follow up with home activities that parents/families can implement to reinforce the school's supports.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

The school currently serves 163 students in temporary housing (31.8%)
Doubled-Up-57 students
Hotel/Motel-0 students
Shelter-104 students
Other Temporary Living Situation-2 students

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

As of May 2025, New Visions Portal reflects the following YTD Attendance for Students in Temporary Housing:
Middle School:
60% or lower
Hotel-n/a

Shelter- 73%

Based on New Visions Portal, as of May 2025, the following reflects academic achievement data for students in temporary housing:
11 students scored Proficiency on spring 2024 New York State ELA exam
31 students scored below Proficient on spring 2024 New York State ELA exam

11 students scored Proficiency on spring 2024 New York State ELA exam
53 students scored below Proficient on spring 2024 New York State Math exam

Middle School:
87 STH students scored Level 1 on i-Ready Diagnostic Reading Assessment
16 STH students scored Level 2 on i-Ready Diagnostic Reading Assessment
5 STH students scored Level 3 on i-Ready Diagnostic Reading Assessment
6 STH students scored Level 4 on i-Ready Diagnostic Reading Assessment

Elementary School:
96 STH students scored Level 1 on i-Ready Diagnostic Reading Assessment
46 STH students scored Level 2 on i-Ready Diagnostic Reading Assessment
12 STH students scored Level 3 on i-Ready Diagnostic Reading Assessment
6 STH students scored Level 4 on i-Ready Diagnostic Reading Assessment

Middle School:
93 STH students scored Level 1 on i-Ready Diagnostic Math Assessment
16 STH students scored Level 2 on i-Ready Diagnostic Math Assessment
0 STH students scored Level 3 on i-Ready Diagnostic Math Assessment
6 STH students scored Level 4 on i-Ready Diagnostic Math Assessment

Elementary School:
84 STH students scored Level 1 on i-Ready Diagnostic Math Assessment
66 STH students scored Level 2 on i-Ready Diagnostic Math Assessment
6 STH students scored Level 3 on i-Ready Diagnostic Math Assessment
4 STH students scored Level 4 on i-Ready Diagnostic Math Assessment

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Based on the results from the spring 2025 Title STH Parent survey, parents indicated that the following goods and services would, in their opinion, be beneficial to them and their children:

The school may provide resources and services, as needed, from the following allowable expenditures:
1. Items of clothing and shoes necessary for participation in classes
2. Student fees that are necessary to participate in the general education program
3. Personal school supplies such as backpacks, notebooks, and remote learning devices such as internet and/or laptop/tablet
4. The acquisition of birth certificates
5. Immunizations
6. Food
7. Medical and dental services
8. Eyeglasses and hearing aids
9. Counseling services related to homeless issues that are impeding learning
10. Outreach services
11. Extended learning time (before and after school, Saturday, summer)
12. Extra-curricular activity fees
13. Tutoring services, especially in shelters or other locations where homeless students are residing
14. Parental involvement
15. Fund all or part of the homeless liaison's salary even if that person has no Title I duties.
16. Transporting students in temporary housing to and from their school of origin.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There are 0 students in foster care currently enrolled in the school.
The following social-emotional and academic supports would be available to them if they were enrolled:

- Trauma-informed counseling by school psychologist, social worker, guidance counselor.
- SEL Sanford Harmony-related small groups or one-on-one sessions
- SEL Ruler-related small groups or one-on-one sessions
- Restorative Circles small groups
- Reading i-Ready individualized lessons, based on students' i-Ready reading data
- Math I-Ready individualized lessons, based on students' i-Ready math data
- Add other Tier 2 and Tier 3 interventions that the school implements

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Targeted supports that would be in place for students in foster care, including those newly transitioning into the foster care system, include the following:

- Building trust and rapport with consistency with reliable figures for mentoring
- Showing empathy and understanding
- Creating supportive learning environments with culturally-responsive materials and pedagogical practices
- Getting to know students as individuals, learning about their backgrounds, interests, and challenges through one on one co-generative dialogues or conferences
- Promote students' positive identity, sense of self through celebrations of students' accomplishments and strengths
- Establish and reinforce clear expectations and boundaries with student-friendly handbooks

The school would ensure that these students receive the necessary interventions to promote stability and success through:

- Advocacy for students in foster care
- On-going collaboration with foster parents and case workers
- CBO and/or school support staff provide professional development to all staff, focusing on educating staff about foster care
- School leaders follow up through supervisory cabinet meetings to track and monitor the progress of students in foster care and ensure that targeted supports are being provided to them

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

n/a

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

The school implements the following specific strategies to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support:

- Building trust and rapport with consistency with reliable figures for mentoring
- Showing empathy and understanding
- Creating supportive learning environments with culturally-responsive materials and pedagogical practices
- Getting to know students as individuals, learning about their backgrounds, interests, and challenges through one on one co-generative dialogues or conferences
- Promote students' positive identity, sense of self through celebrations of students' accomplishments and strengths
- Establish and reinforce clear expectations and boundaries with student-friendly handbooks
- Advocacy for students in foster care
- On-going collaboration with foster parents and case workers
- CBO and/or school support staff provide professional development to all staff, focusing on educating staff about foster care
- School leaders follow up through supervisory cabinet meetings to track and monitor the progress of students in foster care and ensure that targeted supports are being provided to them

These strategies help address the academic and behavioral challenges that students in foster care may face by strengthening the students' sense of identity, self-worth, authentic achievements and recognition.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

In order to actively address the unique learning needs and interests of all students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting, the school will utilize expanded learning time to offer opportunities for enrichment and additional learning, as follows:

1. Algebra Afterschool Program - It is implemented once a week, from 3 pm - 4: 30 pm. Students engage in small group learning with topics ranging from Exponential Functions, Polynomials, and Quadratic Expressions, Quadratic Equations, Quadratic Functions. We have one teacher facilitating the lessons, and there are 25 students in 8th grade enrolled. The activities include the following: Adding, Subtracting, Multiplying and Dividing Polynomials, Factoring Polynomials, Laws of Exponents, Exponential Function Growth and Decay, Solving Quadratic Equations by Factoring, Square rooting, Completing the square, Graphing Quadratic Functions, finding the maximum and minimum, the vertex, the y-intercept. Students' learning is assessed with the following measurement tool; previous regents to measure students' progress in specific standards and skills.

2. ENL Morning and After School Academy-

The program is implemented twice a week, two times in the morning from 7 am-8 am and two times in the afternoon from 3 pm - 4 pm. Students engage in small group learning with topics ranging from student-chosen and culturally relevant materials. This program aims to increase students' writing and discourse development. In this program, we have 1 license ENL teacher facilitating the early program with middle school students and another licensed ENL teacher in the afterschool program with upper elementary school students. There will be a range of 25 students between the grades of 3-8th grade enrolled in the program. The activities include projects that will allow students to develop their writing skills and engage in oral presentations. The materials chosen for students will increase their vocabulary development as they share their own experience writing pieces utilizing academic discourse with fellow peers. Students' learning is assessed with the ELL periodic assessment tool.

3. Saturday Academy-

Saturday Academy meets virtually each week for 3 hours to address the needs of our students that are struggling academically, and are in our subgroups of SWD's, ELL's, and African Americans. Saturday Academy uses the RALLY test prep materials to dissect the reading strategies and skills needed to navigate grade level texts, and answering questions based on the passage. We also utilize this in Math to address basic content misconceptions, and dissecting grade level word problems and operations. During this time there is also a grade level standalone read aloud which addresses reading for pleasure incorporated with inferential questioning and opportunities for discussion. In the math block students engage in a learning project which addresses critical thinking skills and promotes math talks. There is one class per grade level, and in grades 5th-8th there is a math specialist and reading specialist that meets with the students in their specialty area.

4. Reading Alliance

Read Alliance provides striving readers with the building blocks to academic success through phonics instruction based on the science of reading. The leveled Reading for All Learners Program (RALP) curriculum reinforces foundational reading skills and phonemic awareness. While early literacy remains at the core of the curriculum, the unique model allows our students to be exposed to a high-dosage of tutoring 3 days a week after school

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

ELT instruction will be delivered under the supervision of a New York State certified content area teacher.

Teachers providing the ELT instruction are NYS certified in their content area.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Alignment of ELT instruction with core academic subject area instruction that is offered during the regular school day will be ensured, as follows:

The same Algebra teacher who teaches the course during the school day also teaches the course during ELT. This teacher knows the students' needs and strengths from their classroom assessments and leverages this data to inform coherent ELT instruction.

Saturday Academy - Different teachers teaching during ELT - Time is scheduled to provide collaborative planning to ensure coherence between instruction that occurs during the school day and instruction that occurs during ELT.

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. 04M057, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

04M057 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

04M057, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

The school provides year-long mentors and Next Generation Standards professional development opportunities for teachers in the areas of concentration for ELA and math.
Teachers attend professional development sessions provided by the District in ELA and math, as well as in other content areas of science and social studies.
Special Education workshops; ELL workshops; City-wide workshops are provided and/or turnkeyed by in-school personnel and district personnel.
The school provides differentiated PD for new teachers and PD consultants provide workshops that focus on aligning the curriculum to the Next Generation Standards.
Reading and Math Grade Level planning occurs weekly, incorporating the Next Generation Standards in ELA and math, as well as in the use of remote platforms to support virtual teaching and learning.
Literacy coaches provide support in the areas of ELA and math standards and lesson planning.
Teachers collaborate on grade-level teacher teams to analyze student work and during these sessions, they learn from each other, as they identify students' strengths, areas of need, discuss potential feedback to students and determine next instructional steps.
Mentors and consultants also meet with teachers in small groups or in one-on-one meetings to deepen the teachers' skills in analyzing student work and determine feedback and next instructional steps.
The principal attends professional development provided by Teachers College and District 4, and Central. The assistant principals participate in CSA's Executive Leadership Institute workshops and mentoring program. as well as professional learning provided by District 4 and Central.

The school staff participates in professional development around the topics of equity and culturally responsive teaching.
Paraprofessionals will attend professional development sessions that the city and district will be providing to specifically meet the needs of paraprofessionals to maximize their effectiveness in the classroom. Lead paras will then turnkey their learning and information with other paraprofessionals on staff.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Pre-K teachers work collaboratively with kindergarten teachers throughout the year to share curricula and developmentally appropriate practices. Professional development activities permit teachers to be trained together while having opportunities to discuss curricula and the connections to the student needs, reviewing students' progress, including early interventions, as needed. Pre-K teachers inter-visit in kindergarten classrooms so they have an opportunity to prepare their students for the transition to kindergarten. Parent workshops and welcoming meetings support parents as their children enter the kindergarten program. Newsletters with tips for parents also help the parents help their children for a smooth transition.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	650,065.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title I, School Improvement 1003(a)	Federal	66,125.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title II, Part A	Federal	46,811.00	x	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title III, Part A	Federal	12,182.00	x	Section 5/Priority 1,,2,3,4,5 CA,IEP
Title III, Immigrant	Federal	n/a	n/a	n/a
Title IV, Part A	Federal	99,127.00	x	Section 5/Priority

				1,,2,3,4,5 CA,IEP
Tax Levy (Fair Student Funding)	Local	4,361,512.00	X	Section 5/Priority 1,,2,3,4,5 CA,IEP

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Roads to Success	All students K-8	Academic support, mentoring, after school, extended learning time	Section 5/Priority 1, 2, 3
n/a	n/a	n/a	n/a
n/a	n/a	n/a	n/a

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The CBO will partner with our Community School to support the achievement of annual goals, as follows:
RTS will provide support staff including community school director, afterschool coordinator, and school climate coordinator to provide mentoring, academic support, & wellness opportunities for students. RTS will provide schools with opportunities for professional development to support positive teacher mental health and relationship building. RTS will provide support for parents to build community and skills, by encouraging outreach and participation in family engagement events, workshops, and school celebrations. RTS will provide students success mentors to help motivate students to achieve new levels of academic success and to reinforce the importance of attending school everyday. RTS will provide individual and group targeted counseling for students and families to support mental health awareness.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Our Community School will welcome and empower families to participate, collaborate, and take a leadership role in the school community, as follows:
RTS will provide families with opportunities to become active participants in school planning and preparedness by supporting the school with family engagement, literacy, and work development opportunities. Through collaboration with the school parent coordinator, parents will receive support to sign up for opportunities focusing on parent health and wellness, parent student relationship building, and job readiness preparation courses. RTS will work to provide parents with community resources to support with food insecurities, housing stability, mental health & hygiene, and academic mentoring.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Our Community School offers integrated health and wellness programs that help to build healthy habits and support students' social emotional and academic learning, as follows:
RTS will provide a full-time Social Worker to partner with Article 28 school clinic to provide individual counseling to students that exhibit serious problem behaviors and emotions. Counseling will be provided virtually and in-person. Social workers will offer problem-solving and cognitive therapy counseling. Success Coaches will provide students who are chronically absent or are at risk for being chronically absent with consistent and continuous school-based mentoring aimed at uncovering and solving the underlying causes of their absenteeism. Mentoring sessions will be provided virtually and in-person. Success Coaches will provide referrals for identified students to professional support as needed. Full-time Social Worker will partner with Article 28 school clinic and social work interns to provide small group counseling for students exhibiting risky behaviors. Counseling sessions will be provided in person. Counselors will provide a safe setting where students, along with their peers, can increase their self awareness and improve their cooperation and communication skills. Full-time on-site School Climate Coordinator will implement a positive behavior intervention and support system which includes school-wide expectations, a behavioral matrix, and reinforcement systems to reward desired social behaviors.

RTS will provide success mentors to provide activities during Recess for students to support with social emotional learning and respect for all. RTS will provide middle school leadership and career exploration opportunities for students through implementation of the RTS pathways online curriculum during the school day. RTS will provide after school activities for middle school students to support with student relationship and social emotional skill building.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Our Community School will work with CBO partners to actively focus on reducing chronic absenteeism, as follows:
RTS will provide 5 Success Mentors to manage caseloads of chronically absent students. mentors will support the school with outreach, phone calls, texts, emails, mail, & home visits. Mentors will build intimate relationships with families and support students mental well-being by incorporating celebrations to reinforce positive commitment. Mentors will use data driven assessments to provide support to school attendance committee.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our Community School will partner with CBOs to optimize systems and structures and provide differentiated and culturally responsive supports to ensure equity for all students, including students in temporary housing, MLLs/ELLs, and students with disabilities, as follows:
PS/MS 57 currently operates a dual language program, RTS will support by providing specialized clubs and mentoring opportunities for students based on cultural sensitivity and awareness. School will partner with organizations including Grow NYC, Institute for family health, NYCares, and Operation Warm. Parents will be provided with translation services and all program related materials and workshops will be transcribed to meet the language needs of our families.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Yaira Jimenez
Assistant Principal (Where Applicable)*	Annette Berrios
English as a New Language (ENL) Teacher*	Andrea Romero
Teacher (if school has a bilingual program must be a bilingual teacher)*	
Parent/Guardian*	
ENL Teacher	N. Nadgar
Parent Coordinator	Liz Rivera
School Counselor	
Related-Service Provider	
Instructional Coach	Kate Nutley
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

2

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

8

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

468

Total number and percentage (%) of current ELLs:

145, 31%

Total number and percentage (%) of former ELLs:

22, 4.7%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

132, 91%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

8, 5.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

5, 3.4%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

11, 7.6%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

11, 7.6%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	DL	Spanish		1	1	1	1	1	1	1	1	1					9
TBE																	0
TBE																	0
DLBE																	0
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At PS/MS57, the freestanding ENL program comprises both the integrated and stand-alone models. According to the EDAT from Spring 2025, there are currently a total of 145 current ELL/MLLs enrolled at PS/MS 57.

The freestanding ENL program at PS/MS 57 has a stand-alone component. Approximately 63.4% of the ELLs/MLLs at PS/MS 57 are at the Entering / Emerging proficiency level. Therefore, students are pulled out of the classroom and/or grouped either heterogeneous or homogeneous in the classroom, based on student needs and schedule. ENL instruction is delivered by a certified ENL teacher to develop English language skills so that students can succeed in core content courses while developing their English Language skills. These Entering and Emerging students receive English-acquisition-focused instruction based on their individual needs for a total of 180 minutes.

The ENL teacher collaborates with classroom teachers and designs lessons to cover all aspects of language, while incorporating the work students have been exposed to during their classroom instruction, to ensure language and content understanding. In ENL services, the curriculum is modified to meet the individual needs of the ELL/MLL students, using NLAP ENL strategies that align with the Next Generation standards. The services will include but are not limited to in-person instruction along with the use of the Google Classroom portal that will allow ENL teachers to plan and deliver instruction for ELL/MLL students.

Integrated ENL:

At PS/MS 57, the integrated model, the K-12 certified ENL educator co-teaches and collaborates with either our K-6 certified elementary teachers or our 7-8 certified content area teachers (i.e., ELA, math, science, or social studies) to deliver instruction that builds English language skills.
The ENL teachers design the instructional schedule in accordance with CR Part 154.2 which mandates students who have scored in the Entering and/or Emerging level on the NYSITELL or NYSESLAT are provided with a total of 360 minutes of ENL support per week. Of the total 360 minutes per week, 180 minutes, at a minimum, should be conducted within the integrated ENL/ELA model. Students at the Transitioning proficiency level are provided with a total of 180 minutes of ENL support per week, of which 90 minutes are delivered through the integrated ENL/ELA model.

Within both the Emerging and Transitioning levels, up to 90 minutes per week are deemed flexible and can be delivered either through the integrated or stand-alone model. It is up to the ENL teacher's discretion to determine which setting is more beneficial, based on the student's individual needs. Students who scored at the Expanding level receive a total of 180 minutes per week, all of which must be conducted within the integrated model. Finally, Commanding students receive a total of 90 minutes of integrated ENL services per week, provided by the classroom or content teacher supported by the ENL teacher. At the Expanding levels, the ENL educator pushes in and provides ENL support in either English Language Arts or another content area including math, science, or social studies. Commanding students are serviced either with the push in model similar to the expanding students for a

total of 90 minutes or by the classroom teacher with additional support of ENL provider.
Instruction within the integrated model is accomplished by collaboration between the ENL and the classroom teacher. The curriculum is modified to meet the individual needs of the ELL/MLL students, using NLAP ENL strategies that align with the Next Generation standards. Integrated learning blocks support ELLs in numerous ways including, but not limited to: reinforcing content vocabulary, providing additional visual cues, implementing various opportunities for discussions by providing language stems, and incorporating the use of graphic organizers.
In order to service ELLs and former ELLs through the integrated model with our new reshaped educational instructional model that includes in-person and online learning, the ENL teachers will collaborate with classroom teachers through either in-person or virtual meetings. The ENL teachers will be contributors in the Google Classroom portal with classroom teachers and this will allow them to share instructional plans and materials to support ELL/MLL students. The ENL teachers will design instruction to meet student needs and provide differentiating materials that are modified based on the proficiency level of the student and the Next Generation Standards. ENL teachers will plan accordingly aligning all four modalities using the TOMs rubric. The strategies that align the four modalities will allow students to practice their language proficiency include but are not limited to the use of pre-recorded videos and lessons, glossaries, Google Meets conversations, modeled text, sentence stems, and vocabulary support.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Dual Language program at PS/MS 57 is designed to ensure that all students become bilingual, bi-literate, and multicultural with the ability to meaningfully engage with their learning in an increasingly global society. All instruction in Spanish and English is aligned with our vision and mission, the NGLS, WIDA standards, and English Language Development Standards. Our Dual Language Program services students from 3K to 8th grade.

The Dual Language Program provides students with literacy and content instruction in both English and Spanish at a 50-50 ratio. In our Dual Language program, our students experience half of their academic instruction in Spanish and another half of their academic instruction in English using our language allocation. In our Dual language model, the core content is delivered by the certified bilingual teacher. The bilingual teachers in our Dual Language Program use similar ENL strategies to make core content comprehensible and to foster language development, while simultaneously meeting the demands of the Next Generation Learning Standards. The strategies include, but are not limited to: native language support, activating prior knowledge, repetition, front-loading vocabulary, modeling, scaffolding, using visuals or graphic organizers Additionally, it is important to note that the content areas are approached through the development and delivery of lessons for ELLs that have both language and content objectives.

Furthermore, the Dual language teachers meet vertically during common planning time to ensure continuity between the English and Spanish core content instruction. In conclusion, these methods have been effective in helping to make the content more accessible for ELLs across all our program models.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

PS/MS 57 follows the guidelines established by CR Part 154.2 to ensure that the mandated number of instructional minutes is provided according to proficiency levels in our Dual Language Bilingual Education (DLBE) program.
In the stand-alone model, students are taught in either heterogeneous or homogeneous groups in the classroom designated for ENL instruction. This then allows the ENL teacher the ability to deliver specific and focused ENL instruction – using HLA strategies when necessary to develop English language skills.
Administration ensures the mandated number of instructional minutes is provided according to proficiency levels in the Dual Language program. The administration has worked closely with the Dual Language class teachers to determine the structure of the program, including when Home Language Arts and ENL are provided, as well as how ENL is provided based on different proficiency levels within the class. The decisions for how the program is structured and how instructional units of study are provided are based on the new CR Part 154.2 mandates.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The Dual Language program at PS/MS 57 is a one-way dual language program and is therefore primarily composed of students who come from the same home/primary language. The certified bilingual teacher provides instruction in both English and the home/target language of Spanish in the classroom. PS/MS 57 language allocation, uses an alternating-day model in which language use alternates on a daily basis. Students learn in English on Mondays and Wednesdays and Spanish on Tuesdays and Thursdays. Fridays consist of 50% of the day in English and 50% of the day in Spanish. Students learn language across all content areas, including English Language Arts, math, science, and social studies. Students are grouped throughout the day, according to the teacher's discretion in various ways, including heterogeneous and homogeneous groupings. The bilingual certified teacher in each class provides integrated and/or standalone ENL services to students, according to their levels and corresponding CR Part 154.2 mandates.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS/MS 57 our dual language program is a self contained program where Spanish is used for 50% of the instructional time and English is used for 50%. At each grade level, the amount of instruction in the English and Spanish language remains the same. According to the Spring 2025 EDAT, our dual language program has 122 Current ELL/MLLs.

AT PS/MS 57 the core content subjects are taught in both languages English and Spanish at a 50/50 range.

b. In which language(s) is each core content area taught?

AT PS/MS 57 the core content subjects are taught in both languages English and Spanish at a 50/50 range.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to the Spring 2025 EDAT, we currently have 91.0% of our ELLS as newcomers and 7.6% of students with inconsistent or interrupted formal education. Instruction for Newcomers, SIFE, and Developing or Long Term ELLs differ. For instance, newcomers in our school are grouped for stand-alone ENL classes with ENL teachers to support them in content and language acquisition in a small group setting.
Teacher's instruction is planned using the student's proficiency scores. The teachers increase the students' comprehension using online tools, interactive activities, and videos for newcomers to engage in language acquisition and literacy instruction. The effective services for our Newcomers are differentiated after analyzing students' scores in Reading, Writing, Listening and Speaking on the NYSITELL/NYSESLAT exam. The ENL teachers also modify activities ensuring that students learn what is understandable to them at their respective levels.
Instruction for Newcomers is differentiated by providing various scaffolding techniques to ensure students can participate in any lesson regardless of their language level. Effective strategies for Newcomers include, but are not limited to using visuals, gesturing, graphic organizers, and sentence starters. The teacher models the expectations and students are grouped in small groups to increase comprehensible input. This provides intensive literacy and language instruction and teaches students specific language-based learning strategies to apply throughout their academic careers.
The instruction for developing or long-term ELLs differs from Newcomers slightly. Since our Developing and Long Term students have been in English as a New Language Program for more than four years, the instruction is planned differently as they are integrated with heterogeneous groups and have more peer support with collaboration in accessing the language in all modalities rather than with less teacher guidance in language. ENL teachers along with content area teachers analyze individual student data from NYSESLAT, ELA and Math State Exams along with classroom observations and assessment to plan instruction to meet the needs of the long-term ELLs. Long term ELLs are given strategies to use across curriculums that target their specific needs in order to move them. Long term ELLS are also provided an after school program to give further support.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, we have 11 SIFE students. The instruction for SIFE students is planned after in depth interviews and proficiency scores. Educators will provide their instruction similar to the newcomer's model with the addition of phonics instruction in their home language and English. The tools provided to increase rigorous explicit instruction for our SIFE students include phonics, visuals, language prompts, and sentence starters. SIFE instruction differs due to the explicit instruction needed for our students in this particular subgroup. The implementation of scaffold instruction also includes graphic organizers, modeling, paraphrasing, repetition, and audiobooks. Within this subgroup, we also provide cultural and linguistic needs for our SIFE students. Teachers collaboratively work together and share instructional methods designed to improve their academic needs. This allows a lower affective filter so that the student feels comfortable in a supportive environment. The Next Generation Learning Standards are used in conjunction with lesson planning to differentiate the lessons and focus on our SIFE students' needs. Building on SIFE students' strength in order to bridge the gaps is the main goal.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to the Spring 2025 EDAT, 4.4% of our ELL/MLL population are long-term ELLs. These students are supported throughout all content areas. Push-in ENL services are provided based on mandated minutes; however, the ENL department also works with content area teachers to provide support and strategies to move students in each subject.
Long term ELLs are provided with instruction to develop tier 2 and tier 3 vocabulary. Instruction is differentiated, using various scaffolding techniques all while activating prior knowledge, and providing opportunities for group work and collaboration. Next Generation Learning Standards are used in conjunction with lesson planning to differentiate instruction.
5.5 % of our ELL population are developing ELLs. For our developing ELLs, ENL teachers create graphic organizers for use in the classrooms. Students are provided with visual glossaries and other visual supplements to support comprehension. Developing ELLs can be placed in various groups; at times with other students on similar proficiency levels for direct instruction or they are grouped heterogeneously depending on the student and topic. Next Generation Learning Standards are used in conjunction with lesson planning to differentiate instruction.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Former ELLs make up 4.7% of the population. After exiting ELL status, Former ELLs are supported by small group instruction and one-on-one conferencing to highlight their strengths and address their weaknesses. This is accomplished by providing adequate modeling and examples, providing opportunities for group work whenever possible. ENL department works closely with classroom and content teachers to support former ELL students. ENL teachers collaborate with teacher teams to incorporate meaningful, real-world culturally-relevant materials, practices, and tasks to promote equity, inclusion, and diversity, making necessary revisions, based on students' interest surveys and input from ongoing student interviews.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to the Spring 2025 EDAT 15.9% of ELL scored a 1 or 2 on the 2024 ELA exam. We also have 17.9% of our ELLs not demonstrating sufficient ELP progress on the Spring 2024 NYSESLAT. We also have a large number of ELLs/MLLs in temporary housing - 69.0 % of our population. The ENL department works closely with our STH department to not only provide services to the students but to the families as well. We provide workshops geared

towards parents to help support themselves and their children in order to be successful. Attendance plays a critical role in the students' academic performance. We are heavily influenced in parent outreach when students are missing two or more consecutive days of instruction. If any of our ELLs are having attendance issues, our attendance team reaches out to parents and students on a daily basis to engage in conversations about the importance of attendance and its effects on learning. At PS/MS 57 we provide monthly attendance ceremonies, allowing students to engage in school attendance and receive monthly certificates for perfect attendance. We offer these special incentives for our students to increase class attendance and improve their academic performance for our students to achieve.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the Spring 2025 EDAT, out of the 22 former ELL students, 63.6% scored a 1 or 2 on last year's ELA exam and 86.4% scored a 1 or 2 on last year's Math exam. Out of these students 4.7% students have IEPs, and 3.5% of the students who scored a 1 or 2 last year are in the Dual Language program.

We also have a large number of ELLs/MLLs in temporary housing, 69.0% , while 4.5% of our former ELLs/MLLs population is in temporary housing.. The ENL department works closely with our STH department to not only provide services to the students but to the families as well. We provide workshops geared towards parents to help support themselves and their children in order to be successful. Attendance plays a critical role in the students' academic performance. We are heavily influenced in parent outreach when students are missing two or more consecutive days of instruction. If any of our ELLs are having attendance issues, our attendance team reaches out to parents and students on a daily basis to engage in conversations about the importance of attendance and its effects on learning. At PS MS 57 we provide monthly attendance ceremonies, allowing students to engage in school attendance and receive monthly certificates for perfect attendance. We offer these special incentives for our students to increase class attendance and improve their academic performance for our students to achieve.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the most significant representation of the home language in our school. Through our up-to-date monthly EDUR, with our student's demographics, our school community is predominantly Spanish speaking. Out of our 145 ELL students, 138 have Spanish as their home language. We have 4 students with a HL of Arabic, 1 student who has a HL of Malinke, 1 student who has a HL of Portuguese, and 1 student who has a HL of American Sign Language.

The ELLs in our school are provided with different programs that value their home language. The majority of our ELLs are in Dual language programs. ELLs in the Dual Language classes are evaluated in the various content areas in their home language at predetermined points throughout the year. For example, students take math unit assessments in their home language periodically throughout the school year. In addition, students' reading and writing skills are assessed using Iready and HMH curriculum-based reading and writing tasks in both languages. Dual Language teachers also consistently informally assessing students' home language speaking skills through observations, questioning, and discussions. i-ready assessments and lessons are also given throughout the year in both Spanish and English. Our new curriculum HMH - Into Reading and Into Literature has a Spanish component as well. When you walk the halls of PS/MS 57 you will see that all signage is in both Spanish and English. Morning announcements are given in both Spanish and English. All parent communication is in both languages as well. All meetings and assemblies with students and parents are provided in both Spanish and English. Interpreters and translators are also present for Arabic, French and Portuguese.

In order to continue to support our ELLs' families with translation, we provided a language survey at the beginning of the school year to all our staff. This helps us find out the language availability within our school community, so we can provide immediate translation and interpretation services when needed. Our Language Access Coordinator supervises the translation services in our school using DOE translation services. We currently have staff members that speak most of the languages in our school - Spanish, French, Haitian-Creole Russian and Urdu. We use the office of language and translation services to provide support for Arabic. 57 honors and embraces students and families of all backgrounds and cultures. This is also present in the extensive SEL work that is given to students everyday.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Our school population consists of a majority of multilingual learners who identify as Hispanic. According to the Spring 2025 EDAT, we have 71.0 % American Indian or Alaskan Native, 2.1% Asian, 10.3% Black, 6.2% Multiracial,, and 10.3% White.
We deliver a culturally responsive and sustained education to our students by incorporating instruction that will allow students to engage in learning. We provide text filled with diverse authors, articles, and topics that are in their interest and represent their various racial and ethnic classifications. We strongly believe a student's voice is essential. Our delivery focuses on increasing motivation and engagement with student choice and culturally relevant materials. Reflecting on various students' cultures in the class and creating an authentic and confident environment for our ELLs is how we provide a sustaining education in our delivery for our ELLs to feel welcome and included. We have designed responsive units using the five learning pursuits from Dr. Gholdy Muhammad (Joy, intellect, identity, skills, and criticality).

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The English Language Proficiency (ELP) growth shows that out of 36 eligible students, 10 met sufficient progress and 26 did not meet sufficient progress. Of the 26 students who did not meet sufficient progress in their ELP growth, 50% (13 students) have more than 5 at-risk indicators.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the data from the 2024 NYSESLAT, ELLs scored best on speaking and writing. Overall, ELLs had the lowest scores in reading and listening. Because of the influx of newcomers we will continue to focus on writing even though our writing scores on NYSESLAT were strong. The ENL instruction for the upcoming year will target developing students' reading and writing. In conjunction with classroom teachers, ENL teachers will continue and modify add in support to the curriculum of HMH to ensure it is meeting the needs of our ELL students. Also, the shared reading protocol was established in the 2023-2024 school year to build student's reading and listening comprehension skills across content areas.
We will continue to provide writing learning cycles for ENL and Bilingual educators to implement in the classroom focusing on the NYSESLAT writing rubric since we have an influx of newcomers. ESOL and bilingual educators will continue to improve student's writing skills through modeling, differentiation, strategies of comprehension, and enough literacy support for students to master their writing skills. ENL teachers track students' progress during the

ENL common planning time using the data that identifies students' strengths and needs. The team's primary focus is discussing strategies to use that will impact students' performance. The ENL teachers/Bilingual teachers will also continue to align the New Language Arts Progression standards to the Next Generation Standards to modify and scaffold instruction, discussing best practices for ELLs/MLLs.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

2024 NYSESLAT and 2024 ELA comparison for grades 3-8: Of the 29 ELLs who have valid scores for both the NYSESLAT and the ELA state exam, 24 scored a level 1, and 5 scored a level 2. Of the 24 students that scored a 1 on the 2024 ELA, 3 scored Commanding on the 2024 NYSESLAT, 10 scored expanding, 2 scored Transitioning, and 8 scored Emerging. Of the 5 students that scored a 2 on the 2024 ELA, 3 scored Commanding on the NYSESLAT, and 2 scored Expanding.

This relationship shows that our ELLs/MLLs need more support in developing English Language Art skills and knowledge in order to be successful on the ELA State Assessment. This data allows us to identify students that have results that differ in grade-level content in reading and writing on the ELA exam and their proficiency results on the NYSESLAT.
The relationships on all state assessments allow ESOL and bilingual educators to provide appropriate instruction for students with deep analysis of the text and accessibility of language materials when using the L1. During meetings, teachers are provided with professional learning cycle opportunities that focus on how to engage ELLs/MLLs in writing to obtain the desired outcomes in writing. These professional learning cycles focus on engaging students with different strategies that enhance students' extended writing responses, focusing on the complexity of language, the quality of the language, and their coherent responses. Moreover, during instruction ESOL and bilingual teachers provide academic and content-specific language support to understand the reading and elaborate student content and writing skills using the NYSESLAT rubric as our primary source for scoring student writing across the content areas.

2024 NYSESLAT and 2024 Math comparison for grades 3-8: Of the 59 students who have valid scores for both the 2024 NYSESLAT and the 2024 Math state exam, 1 students scored a level 3, 21 scored a level 2 and 37 scored a level 1. The 1 student that scored a 3 on the 2024 Math, scored Emerging on the 2024 NYSESLAT. Of the 21 students that scored a 2 on the 2024 Math, 3 scored Commanding on the NYSESLAT, 9 scored Expanding, 7 scored Emerging, and 2 scored Entering. Of the 37 students that scored a 1 on the 2024 Math, 3 scored a Commanding on the 2024 NYSESLAT, 3 scored Expanding, 4 scored Transitioning, 12 scored Emerging, and 15 scored Entering.

Students have the option to take the Math state exam in their home language, which explains why they are able to get higher scores even if their proficiency level is not as high

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the Spring 2025 EDAT, of the ELLS who took the Spring 2024 NYSESLAT 10 % of those ELLS have an IEP. These ELLs have made many gains in transferring their ideas to writing. To continue to improve students' learning, we will provide appropriate scaffolds for students to organize their thoughts and construct sentences that align with their language demands and Individual educational plan. ENL teachers will provide students with formative and summative assessments to collect data and monitor student's growth to receive appropriate instruction. We would also engage in one-on-one conferences with students to reflect on their learning process. ENL teachers will continue to work closely with special education teachers to build on students' strengths and move them towards not only their IEP goals but also language acquisition goals. According to the Spring 2025 EDAT, 7.6% of our ELLs are

SIFE. The 2024 NYSESLAT data shows that these students are scoring in the low Emerging quartiles and high Entering quartiles. These SIFE students are still struggling with basic literacy skills, which is why they will not progress until they are taught those skills. Due to the influx of New New Yorkers and SIFE students, we will work closely with all teachers of ELLS to give targeted instruction to meet the students where they are and build on those skills in order to improve English Language acquisition.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

In order to have continuous school improvement and the execution of high-quality instruction accessible to all students, the Instructional Leadership Team (ILT) engages in two-way communication with all school stakeholders. The ILT team uses data to develop a clear message and assist in the implementation of best practices for the school. The ILT drives the cycle of inquiry in our school and it comprises members of different departments in our school community. During our meetings, the ENL department and the administrator that supervises the ELLs/MLLs are in charge of analyzing all data and disseminating the data for our ELLs/MLLs subgroups. As they analyze the data, it is shared during the ILT meetings, so as the school starts to prepare their new learning cycles, they are provided with the ELLs' data and action steps to implement best practices for ELLs that will support language acquisition development. The ILT team consists of the ENL department along with classroom teachers, the IEP teacher and administration. ELLs/MLLs have always been one of the main focuses on the ILT team. With the recent influx of New New Yorkers, the ILT team has shifted from not just supporting our long term ELLs, but now supporting newcomers and SIFE students too. The school has implemented curriculum based on literacy shifts and in accordance with NYC Reads.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

In order to have continuous school improvement and the execution of high-quality instruction accessible to all students, the Instructional Leadership Team (ILT) engages in two-way communication with all school stakeholders. The ILT teams is comprised of teachers, coaches, ENL & Dual Language Teachers. This group is responsible for ensuring that ELLS have access to core curriculum by providing teachers with professional learning with the core curriculum. The ENL department and the administrator that supervises the ELLs/MLLs are in charge of analyzing all data and disseminating the data for our ELLs/MLLs subgroups. As they analyze the data, it is shared during the ILT meetings, so as the school starts to prepare more professional development to ensure ELLS are accessing the core curriculum. Classroom teachers and science teachers integrate science-based reading and writing to reinforce students' literacy skills with non-fiction texts and written assignments within content areas and enhance the rigor of science teaching and learning.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The ability to make core content comprehensible for ELLs is of paramount importance to our school community. In our ENL program, two licensed ENL teachers service the ELL students, based on proficiency levels, using one or the two models combined: integrated and stand-alone.
In the integrated model, the ENL and classroom or content teacher collaborate to make core content comprehensible through a variety of ENL strategies including, but not limited to: native language supports, activating prior knowledge, repetition, front-loading vocabulary, modeling, scaffolding, using visuals, sentences stems, or graphic organizers. All of these strategies and collaboration along with cultural connections and representations foster language development in our ELLs.

In the standalone model, we provide home language support, whenever possible, since we recognize the importance of the transfer effect from the first language to a second language, as well as the cultural connections for the students. ENL teachers provide quality instruction by highlighting the strengths of the students' literacy skills in order to develop the English language. Direct instructions using a guided reading & writing model are used. Careful attention is given to vocabulary instruction. Teachers translate prompts and other components of instructional materials into students' home language to build the transfer of language. Glossaries both visual and in word form support this work as well. When taking standardized math and science tests, ELLs have the option of receiving a test booklet in their native language, along with access to bilingual dictionaries. They can also have the questions and directions read to them in their native language. PS/MS 57 also has bilingual teachers in the school that are readily available to communicate in Spanish, French,. In addition, we offer foreign language classes in Spanish in middle school to help students develop and maintain their home language.

In our Dual language model, the certified bilingual teacher delivers the core content. The bilingual teachers use similar ENL strategies referenced above to foster language development while simultaneously meeting the demands of the Next Generation Learning Standards. Additionally, it is important to note that the content areas are approached through the development and delivery of lessons for ELLs that have both language and content objectives. Furthermore, the Dual language teachers meet vertically during common planning time to ensure continuity between the English and Spanish core content instruction. In conclusion, these methods have been effective in helping to make the content more accessible for ELLs across all our program models. In the 2023-24 school year, we implemented the new core curriculum of HMH from PreK-8th grade. This program provides a spanish component as well. We will continue to unpack the curriculum across grade levels in order to ensure it meets the needs of all learners and all ELLs. ENL teachers, along with ELA and DL teachers will work collaboratively to modify the curriculum to ensure it is accessible to our long term ELLs, our ELLs with IEPs, our newcomers and the SIFE students.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

A variety of instructional strategies and grade level materials are used to meet the needs of our ELLS with IEPS. With the launch of the new ELA curriculum, HMH we built in supports that are needed to provide grade level access to all materials. Some of these strategies include but are not limited to building prior knowledge by using KWL charts or idea webs, previewing text, providing video connections and visuals to build conceptual knowledge, having small group reteaching sessions, and partnering up students in homogeneous or heterogeneous groupings.

All of these strategies are planned out ahead of time in collaboration with the gen ed, sped and ENL teachers to ensure ELLs with IEPs are receiving target instruction to meet IEP goals and language proficiency goals. Professional learning will also take place in order to build DL, content teachers and ENL teachers pedagogy in supporting ELLS with IEPs.

b. SIFE

With our influx of SIFE students, we will look at the new curriculum along with the individual strengths of the SIFE students. Each SIFE student will have an individual plan to move them forward. Classroom teachers will work collaboratively with ENL teachers in order to design and modify curriculum. Educators will differentiate instruction to include many visuals, language prompts, and sentence starters. In addition, graphic organizers and audiobooks are utilized, if necessary. We will also provide a supportive environment that responds to the SIFE student's immediate social, cultural, and linguistic needs. These actions lower the affective filter so that the student feels more comfortable participating in academic activities. Our teaching staff also has ongoing training in cross-cultural communication and instructional methods designed to improve the academic achievement of SIFE students. We have created a collaborative instructional model that reinforces student learning and accelerates the academic progress of our SIFE students. Next Generation Learning Standards are used in conjunction with lesson planning to differentiate instruction to meet the needs of our SIFE students. Students categorized in the SIFE subgroup will be provided tools and resources that will support their learning. ESOL educators and classroom teachers will provide students with modeling, paraphrasing, and repetition. Students will also receive graphic organizers, visuals, and pre-recorded videos to feel comfortable engaging with academic activities. Professional learning will also take place in order to build DL, content teachers and ENL teachers pedagogy in supporting SIFE students.

c. Newcomers

Newcomer ELLs are grouped for standalone ENL classes with an ENL teacher based on proficiency level. Instruction is differentiated after analyzing students' scores in Reading, Writing, Listening, and Speaking on the NYSITELL/NYSESLAT exams. Activities for these students are modified to set students up for success to comprehend the academic content at their respective levels. Instruction is differentiated by providing various scaffolding techniques to ensure students can participate in any lesson regardless of their language level. Techniques include but are not limited to using visuals, gesturing, graphic organizers, and sentence starters. The teacher models the expectations, and we provide group work throughout the day to increase comprehensible input. This goes along with delivering intensive literacy and language instruction and teaching students specific language-based learning strategies to apply throughout their academic careers. Finally, Next Generation Learning Standards are used in conjunction with lesson planning to differentiate instruction for students to engage in grade-level content. The teacher's instruction will be planned after analyzing the student's proficiency scores. The teacher will increase the students' comprehension using online tools, interactive activities, and videos for newcomers to engage in language and literacy instruction. Teachers will engage students through various interactions not just in the classroom to initiate conversations about feelings and emotions for social-emotional support. Some of the activities include but are not limited to scavenger hunts on colors representing their mood or interacting in a read-aloud conversation starters regarding the mood meter chart. Specific connections are made from the L1 to L2 in order to transfer and build literacy skills in both languages. Due to the influx of newcomers, flex scheduling in the DL classroom is also being implemented in order to group students with similar language strengths. Guided Reading groups and the use of targeted iREADY resources will also build our newcomers language proficiency. Professional learning will also take place in order to build DL, content teachers and ENL teachers pedagogy in supporting newcomers.

d. Long Term ELLs

Long Term ELLs are provided with high-interest, low-level books, and they are provided with instruction to develop tier 2 and tier 3 vocabulary. Instruction is differentiated, using various scaffolding techniques, activating prior knowledge, fostering the development of students' academic vocabulary and academic oral language, and providing opportunities for group work and collaboration. Next Generation Learning Standards are used in conjunction with lesson planning to differentiate instruction. Students will receive a plethora of tools that will engage students in learning. The ENL teachers will be able to provide scaffolding techniques and assign students online leveled reading books. The resources will allow ENL teachers to monitor students' reading and engage students in understanding academic vocabulary and continue to provide online scaffolded instruction. Classroom/content teachers will work directly with ENL teachers to provide instruction to target long term ELLs to ensure language proficiency. NYSESLAT scores are analyzed in depth for our long term ELLs to pinpoint modalities that need more support. This data analysis will be shared with all teachers of ELLS to ensure they are receiving targeted instruction.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

PS/MS 57 uses curricular, instructional, and scheduling flexibility to enable ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment by modifying the content of the curriculum when necessary, aligning language goals to IEP goals, whenever possible.

Administration, school social workers, psychologists, general, and special education teachers work collaboratively along with our ENL department to determine student progress. This helps them to reflect on students' individual goals, and modify those goals to reflect the students' current instructional needs. The ENL department works collaboratively with all special education teachers to focus on student-specific academic needs to monitor progress and adjust instruction and goals as needed. In addition, the ENL teachers and Special Education department are involved in advocating for the needs of ELL-SWDs to ensure that all teachers working with them are aware of their second language needs and understand how to differentiate these needs from their learning disability. It is also a priority of this team to ensure that ELLs are properly identified as SWDs and are not placed in more restrictive settings than necessary due to their second language acquisition needs. The ENL teachers push into these classrooms to provide ENL services in a small group setting. This is coordinated with the other service providers in the school.

The teachers will continue to work with administration, special education teachers, guidance counselors, school social workers, ENL coordinators, and psychologists to carefully monitor students and assist them in meeting IEP goals. The service providers will coordinate and keep in communication with one another to ensure that students receive the appropriate instruction in the least restrictive environment.

To address the progress and performance gaps, based on current data for the cohort of students who are both ELLs and SWDs, professional development will be provided for all teachers, to explore the crosswalk between language and learning disabilities so that effective strategies may be planned and implemented to address the dual learning needs of this particular subgroup, within the broader ELL or SWD subgroups.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language instruction and support is provided for our ELLs in our Dual Language Program and in our integrated and standalone program. In the Dual Language program, the bilingual teachers deliver the instruction in all subjects in English and Spanish on alternating days. Additionally, iReady is used in both Spanish and English to support

home language instruction and assessment. iReady lessons and resources can be used in small groups or individually to support home language. The HMH curriculum has both English and Spanish components for instruction, assessment and small group support.

In the ENL program, in both integrated and standalone, we provide home language support, whenever possible, since we recognize the importance of the transfer effect from the first language to a second language, as well as the cultural connections for the students. Teachers translate prompts and other components of instructional materials into students' home language. Direct translation of vocabulary words are also given in a glossary format. When taking standardized math and science tests, ELLs have the option of receiving a test booklet in their native language, along with access to bilingual dictionaries. They can also have the questions and directions read to them in their native language. PS/MS 57 also has bilingual teachers in the school that are readily available to communicate in Spanish, French, Urdu, Haitian Creole. In addition, we offer foreign language classes in Spanish in middle school to help students develop and maintain their home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

The school offers Spanish and it is required for all middle school students, including the ELLs/MLLs in grades 6-8. P.S. 57 also provides coding and technology, as a class that supports and utilizes domain-specific language.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Collaboration among all our ELL programs includes a biweekly meeting of the Dual Language teachers and the ENL teachers, weekly PDs with all teachers, and the inclusion of an ENL teacher on the curriculum planning and development teams of each grade. The biweekly meetings of the Dual Language teachers and the ENL teachers focuses on the sharing of language acquisition action plans for specific students, tools that are used on those action plans, and the sharing of student work. The weekly PDs include an annual presentation of strategies that classroom teachers can implement with their ELLs with an introduction to the ELL program and an overview of the ELL students at our school.

Additionally, the ILT team, which meets to collaborate on the analysis of student data, consists of the ENL department along with classroom teachers, the IEP teacher and administration.

Integrated co-teaching is supported through the inclusion of the ENL teacher on weekly grade team meetings and content area meetings where student data, lessons, and curriculum are discussed.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

ENL teachers provide professional learning opportunities for the school staff centered around ELLs and their language development. Resources and strategies are taught and shared to support our MLLs/ELLs in the classroom. ENL and DL teachers will also support and attend grade-level meetings and content area meetings to

discuss and implement strategies and protocols to support ELLs as they engage in the Next Generation Standards. Professional learning will continue through the academic school year. Weekly grade meetings for teachers and staff to collaborate on MLL/ELL instruction best practices are built into the week. Due to the influx of newcomers and a shift in our ENL profile, more targeted professional learners will take place around newcomer instruction and support and SIFE support. These along with PL on ELL strategies for long term ELLS and ELLs with IEPs will continue throughout the school year.

The use of technology has become essential to our instruction. Various resources are provided to staff and different professional learning experiences that enable educators to become familiar with multiple online platforms and websites. They include but are not limited to Reading A-Z, Epic, Newsela, Readworks, Visual Thesaurus/Dictionary, and BrainPop. These resources are engaging for students and provide a variety of visual and audio support essential for our ELLs' language acquisition. Students are also involved in activities through these platforms to initiate conversations about feelings and emotions for social-emotional support. In addition, every classroom has a mood meter that is incorporated into the lesson for the first period of every day.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The NYCPS will inform the administration and staff of upcoming ELL/MLL PD opportunities. They provide professional development that emphasizes the integration of ELL/MLL learning, along with instructional strategies. These training and professional development days align with the CR 154.2 mandate. The administration also sets aside a portion of the in-school professional development time to the ENL department to present to the staff to meet the 15% of hours for all teachers related to the instruction of ELL/MLLs. Based on deep dives into ELL students' progress, using the NYSESLAT writing rubric, professional development will be provided to teachers on how to incorporate the WITsi Sentence Tracker to support students' capacity to write complex sentences. The following topics are presented throughout the year to the staff – 1) Overview of ELL/MLL identification and understanding the ELL/MLL levels of students, 2) instructional strategies for teachers of ELL/MLLs to use in the classroom including vocabulary, pre/post-reading strategies, technology use, bilingual glossaries, 3) overview of the Next Generation Learning Standards, 4) understanding the NYSESLAT. Staff members are required to maintain records by keeping agendas from the professional development they attend. The administration keeps the attendance sheets and agendas for each professional learning session. Agendas from The Division of Multilingual Learning Professional Learning are also kept along with records of CTLE credits for the bilingual education/ENL teachers to document the 50% of total hours dedicated to ELL/MLL specific professional development. With the influx of New New Yorkers, we will modify the professional learnings for staff once more data is available (NYSESLAT Scores from 2024) in order to target our learnings to meet the needs of the current ELL population.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school also utilizes iReady as an online screener to monitor students' comprehension skills in literacy and math. The program allows educators to monitor and plan accordingly to provide the skills students need to succeed in reading and math. The iReady platform enables students to build stamina by gradually completing the activities provided based on the mastery of competence they have demonstrated independently. The math assessment is available in Spanish for our newly enrolled students. Using the data collected from the iReady platform, teachers and ENL teachers create action plans for small group introduction support. For all new arrivals, Entering and Emerging do not get screened if they have less than 5 months of ELA instruction.

In addition, our school also utilizes the Acadience screener. This assessment is used to measure student language growth. At PS/MS 57, this assessment caters to our K-2nd population, and our teachers look at this assessment to understand language, vocabulary, and letter/sound growth. Acadencie monitors reading proficiency in different settings. Teachers can distinguish when and where the student needs extra support.

ENL teachers align their instruction based on students' reading levels and iReady data collection to support students' literacy comprehension skills with the screeners provided in our school. The data collected by these screeners allow all teachers to analyze data and trends for our ELLs and create action plans that will target our ELLs' needs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

PS/MS 57 uses a variety of targeted intervention programs to meet ELL/MLL needs. Instruction for ELLs in English Language development is provided first in the Tier I instructional level classroom using the core curriculum. We will continue to use HMH in our school next year and continue to work with the other core curriculum programs (Passport- Social Studies, Amplify Science, and Envision Math 2.0). Students move to Tier II and Tier III if they demonstrate more of a need for intervention. The target intervention program happens in the classroom in conjunction with the ENL or bilingual teachers to meet the ELLs/MLL's needs. Tier-II and Tier-III interventions are used for intensive academic support. The ENL teachers plan and work with the content to make the language more accessible. For example, the ENL teachers can front-load certain vocabulary words, provide a graphic organizer, or use visuals to assist the student. If a student is entering or emerging, a combination of literacy-related skills is taught, including phonemic awareness, fluency, explicit phonics, reading connected text, and vocabulary. The intensive intervention provides frequent opportunities for guided student practice through skill-specific strategies and progress monitoring.

Aside from classroom interventions, PS/MS 57 has the Read Alliance program. The program provides one-on-one reading tutoring for 45 minutes 4 days a week. Hunter Learning Lab is also offered as an intensive tutoring program for students grade 1-6. The program's purpose is to improve students' academic performance. It is a one-to-one program tailored to students' need-based on teacher input. Many of our ELLs/MLLs with IEPS are in the program. Another program that provides literacy enrichment is Readers on the Rise. This program provides the reading foundation students need to become fluent readers, and many of our ELLs participate in this program.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

57 takes actions early on by identifying those students who are at risk to support their needs. Factors such as students in transitional housing, students with disabilities, and ELLs: including dually designated, long term ELLs, and newly arrived students are looked at in order to provide support and to strengthen core instructional practices. 57 educates all staff to understand the purpose and organization of the school's multi-tiered system of supports (MTSS) and how it serves the needs of ML/ELLs. Teams use consistent protocols and decision-making rules to determine instructional changes at the school, classroom and grade-levels, and for the unique needs of groups and individuals. Teams meet by grade and by content area throughout the week. Data from NYSESLAT along with baselines, benchmarks and teacher assessments are examined. At that time, students and their needs are discussed in order to put plans in place to support this work. Parents as well as partnerships in the school are encouraged and invited to participate in this work.
At PS/MS57, both classroom teachers and ENL providers use Response to Intervention to ensure appropriate instruction to support our ELLs/MLLs in their language acquisition. Tier I intervention consists of small group instruction by monitoring students using Tier I instructional interventions in the classrooms. If the students demonstrate sufficient progress, their intervention services in the classroom by the teachers will be reduced. If the students demonstrate minimum progress, the student will then receive Tier II intervention. When the ELL/MLL students are assigned to Tier II and Tier III interventions, the teacher will then incorporate targeted in-depth scaffold support in their small group instruction. Based on formative/ summative assessments and monitoring students' progress, if Tier III instruction proves to be unsuccessful, the RTI committee reconvenes the case and discusses the next steps to be taken for the student to ensure his/her learning needs are being met for his/her future success. ENL teachers will collaborate with teacher teams to incorporate meaningful, real-world culturally-relevant materials, practices, and tasks on a daily basis, to promote equity, inclusion, and diversity, making necessary revisions, based on students' interest surveys and input from ongoing student interviews.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At PS/MS 57, the teachers will use HMH as a formative assessment to monitor our ELLs/MLLs' fluency and comprehension skills. Teachers gather data that provides insight into students' literacy development for appropriate instructional planning. The assessments will allow ENL teachers to plan and support the student's specific needs by creating subgroups that target entering and emerging students and long-term ELLs.
The ENL teachers and our bilingual teachers use an ELL NYSESLAT Mock assessment to monitor students' writing.

These assessments are administered three times a year, and teachers, alongside the ENL department, engage in an inquiry process as they assess the students' writing benchmarks using the NYSESLAT rubric. Teachers and administrators create an action plan addressing students' writing needs from the data collected. This, along with the RFSF in ATS, the April 2025 EDAT, and NYSESLAT scores from 2024, will give a complete picture of the individual student to plan for instruction and apply interventions needed for potential targeted instruction.

Due to our school's influx of ELL students, our focus on writing has shifted slightly to focus on students' reading and listening modalities. We will continue to monitor students' progress and implement best practices for our ELLs to improve their listening and reading modality NYSESLAT scores.

At least 3 times during the year, school leaders and ENL teachers will administer and review ELL students' progress monitoring progress and performance through the lens of i-Ready assessment results, Acadience results, and Mock NYSESLAT Writing Assessment results (BOY, MOY, EOY). Based on these triangulated results, adjustments to instruction will be determined and implemented, including precise, targeted Tier 2 and Tier 3 MTSS interventions.

School leaders will maintain monitoring and tracking systems to ensure students are receiving the supports and interventions, with fidelity, and interfacing with attendance records so that absenteeism does not negatively impact students' consistent access to instruction. In addition, they will utilize the DOE School Support Rubrics (Tier 2 and Tier 3) to share with staff and monitor the effectiveness of ELL policy and instructional delivery at the school.
The ENL teachers analyze results from fall progress monitoring writing assessments for ELLs to determine the next instructional focus and share findings with classroom teachers and school leaders.
The next school year, our school will continue to implement the HMH curriculum and will be implementing assessments associated within the curriculum.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

The Dual Language program uses the above assessments from HMH Arriba la Lectura. The assessments measure students' literacy skills in their home language, and they are monitored and benchmarked to continue to address students' L1. In addition, i-Ready is utilized to evaluate students in their home language, if available, as well as the Into Reading program. The MLS screener is used for concerns regarding student literacy skills in their home language.
At PSMS 57 we modify instruction to improve ELLs/MLLs' comprehension by giving students appropriate reading strategies and support. i-Ready is also used to evaluate students in their home language. Into Reading also provides assessments and instruction in Spanish which is the majority of our students' home language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

For our ELLs/MLLs, we analyze students' NYSESLAT scores along with ELA and Math state scores to focus on lessons to support their strengths and improve on areas of need. Based on the NYSESLAT level, teachers provide

different levels of scaffolded support and interventions. Some of the strategies we used to target the needs in their language modalities include but are not limited to, creating language objectives, visuals, scaffolding strategies and small group instruction.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Every Spring the ENL and Dual language teachers work collaboratively to administer the NYSESLAT. ESOL educators provide professional learning opportunities that focus on information regarding the NYSESLAT administration and turnkey on any given information regarding updates by the district of multilingual ELLs. During the scoring period of the NYSESLAT, outside classroom teachers work collaboratively to grade the NYSESLAT.
ELLs and Former ELLs continue to receive their mandated services with the scaffolded support pre-planned by ENL service provider and the classroom teacher. Another option that we have created is that students will receive asynchronous assignments and scaffold support with the virtual platforms that allow students to continue with their academic learning. Various materials to support ELLs that include but are not limited to scaffolded readings, graphic organizers, exemplars, audiobooks, and decodable readers, such as Reading A to Z.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

All ELLs receive necessary accommodations for all state assessments including SHSHAT. The testing coordinator goes to all trainings and follows the guidelines for all accommodations for ELLS, students with IEPs and 504s. The testing team reviews all accommodations such as separate location, extended time and the use of bilingual glossaries or alternative language exams when applicable to ensure all students receive their accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

According to the ELL Policy Guide, when a student first registers in the DOE, there is an identification process with a ten day window of completion. A member of our team interviews parents in their preferred language. If our team does not speak the preferred language, we use translation/interpretation services to complete the interview. Parents are given the Home Language Identification survey. The team also interviews the student to determine the home language, including reviewing the student's abilities or work samples. If the student is identified as having a home language other than English, they are then eligible to take the NYSITELL. The team then gives the student the NYSITELL. Parents are given the results in their preferred language. Then, parent orientation is given along with the parent survey. Parent orientation includes an introduction to the ENL department, the Dual Language department, NYSED video explaining parents rights regarding ELL program options, followed by the parent survey. Evidence of the meeting is recorded as an attendance form and kept in a compliance binder.
The ENL team invites parents in the winter to present New Language Arts proficiency levels. This presentation allows parents to ask questions and continue to become well informed about best practices utilized in the classroom and other practices that can be used at home to enhance language development. These presentations are offered in the parent's home language with an interpreter or a staff member.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Individual teachers schedule their mandated meeting as per CR Part 154 relates to the Annual Individual Meetings for Families of ELLs. . During this time, the teachers discuss the individual student's strengths and growth, followed by the student's current and previous NYSESLAT proficiency levels. In addition, teachers keep a record of points of strengths and areas they have discussed as evidence of the meeting.

The school hosts annual individual meetings with parents/families of ELLs/MLLs to discuss goals, current performance, and next steps. These meetings are either face-to-face, virtual, or over the phone with appropriate interpretation services. The school uses the Office of Translation and Interpretation or bilingual staff members to provide translation and interpretation as needed. The ENL department also hosts two presentations for families of ELL/MLL students throughout the school year, focusing on the NYSESLAT test and understanding the ENL levels of language acquisition. In addition, parents are encouraged to ask questions and concerns during the meetings and use parent engagement hours for further information regarding their children’s language proficiency progress. As stated above, weekly office hours are also provided to parents.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school has a team by the language access coordinator whose members carry out different roles in the event of a school emergency. The team consists of two ENL teachers, one parent association member, a special education teacher, the BRT leader, and a member of the main office staff. Each member is in charge of one or two languages spoken by parents at our school and has the job of translating the message and the plan for the parents as quickly as possible about the emergency in a timely fashion. This communication is provided to parents through phone calls, phone blasts, email or through the use of the REMIND system.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Parents play an integral part in our school and the ENL/Bilingual program. PS/MS 57 has an active Parent Association that provides a variety of workshops and events for parents. The parent coordinator at the school works closely with the Parent Association to mediate the needs of the school and the needs of the parents. This helps to create a healthy partnership between the school and the home. The parent coordinator speaks both Spanish and English. She acts as an interpreter at many parent meetings. When a language other than Spanish is spoken, the NYC Translation Interpretation Unit is utilized. The Parent Association hosts many activities that not only foster parental involvement but also allow the parents the opportunities to get involved with the community. These workshops include but are not limited to, Welcome Back Breakfast, How to Prepare for Parent-Teacher Conferences, Promotion in Doubt Workshop, Bullying Prevention workshops, Cyber Bullying Workshop, and Safety Protocol Workshop. In addition, due to the influx of new arrivals in our school community. The district was able to offer ESL Adult classes for our parents twice a week.

Family Game Night and the Thanksgiving luncheon are also ways parents and students come together. These events are intended to help parents be more involved with their children's academic lives and be present in the classroom environment. Parents are also strongly encouraged to volunteer to help with school art projects and various duties. As a community, the parents are active participants in field trips, school shows, and other activities. For the upcoming year, we will continue to offer ESL Adult classes for our parents, in addition, We will also hold a parent nutrition class through the Cornell University program, and parents will be invited to be a part of the Parent Art Class that the PTA hosts.
In the fall, the ENL department hosts a meeting for all parents of ELLs to attend and find out how their child performed on the NYSESLAT the previous spring and what they can do at home to help their child prepare for the next exam. The breakdown of modalities and strategies are shared for exercises they can practice at home with their child to help them improve their language skills, which includes native language instruction from the parent when possible. In the spring, the ENL department holds two workshops for parents to help them understand the implications of the NYSESLAT and how they can help their children study and prepare at home. The second workshop provides insightful strategies implemented for students in the English support and what to practice at home and spring date reminders of the school calendar. Weekly ENL office hours are held during parent engagement time. Parents are notified of the various weekly topics and can join as needed. This time also supports families with questions or concerns about their children.
This year with our influx of newly enrolled ELL students, the school community worked together to provide an

exceptional opportunity for parents to stay informed and involved in our school community. We offered workshops for families and had assistance from the Division of ELLs to welcome families to our school community. The workshops we provided this year for our new families were created for them to have a welcoming environment. We provided breakfast, an introduction to our school staff, and shared insightful information with the families. The STH coordinator coordinated bussing for lower-grade students, metro cards for parents and students, and school materials and uniforms. The school collaborated with a partnership for parents to sign up for healthcare. In addition, our school nurse shared resources for families and information regarding dental services for students and vaccination. These workshops will continue next year.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our parent coordinator, principal, assistant principal, and ENL Department work collaboratively to provide leadership opportunities to all of our families. We send flyers and reminders in all languages to keep our ELL parents aware of leadership opportunities in our school community and district. We also hold parent meetings and invite translators, if needed, to provide all the information in our parents' native language.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school provides culturally and linguistically responsive partnerships through our Social Emotional Learning programs and differentiated instruction for our students. During the fall, our school had an influx of newcomer students, and we had an increase in Newcomers entering our Dual Language program. Our ELL population doubled, and our rigorous instruction had a shift in teaching strategies. Our school implements SEL instruction in the mornings; students use journal writing and a mood meter chart to express their thoughts and emotions. Our students can express their emotions in English and their native language. The SEL program provides excellent support for students to express their feelings and cultural and emotional experiences. Teachers utilize students' cultural learning experience and language competency to include in their classrooms with other students. In dual language classrooms, newcomers with a higher understanding of their native language are partnered with students fluent in English. Therefore, students can collaborate, increasing the L2 by utilizing the L1 as support.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

As our ELL population grows due to the influx of students, the Dual Language team and ENL Department work closely together to create culturally appropriate strategies to increase student English language proficiency. The Dual Language teachers and the ENL teachers meet every other Thursday to share best practices and resources that have allowed students to grow in their new language and discuss the obstacles they have faced to gain insight for best practices next year. Professional development workshops have also been provided for all staff, explaining ways to implement differentiated instruction for newcomer ELLs. The ENL Department worked closely with general education teachers to create a shared reading practice for students, applying the appropriate scaffolding instruction, and shared resources with all staff.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Yaira Jimenez- Principal
Annette Berrios- Assistant Principal
Andrea Romero- ENL Teacher
Nitika Nadgar- ENL Teacher
Kate Nutley- ENL Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The administration, parent coordinator, and ENL teachers work together to acclimate newly enrolled ELLs before school begins. The parent coordinator is actively reaching out to the families and inviting them to an orientation meeting in August before school starts. At this meeting, we outline the programs available (ENL or Dual Language) and offer parental choice as to what program they think works best for their child's needs. We also will provide a school tour. Former ELLs, teachers, and administration will present the tour. The tour will let incoming students and parents know about our school community. For new ELLs who enroll throughout the year, the same orientation meeting is held individually, held by the ENL teachers, in which parents and students are welcomed to the school and taught about the various literacy models provided for students acquiring English as a new language. In addition, newly enrolled ELLs are given a tour of the school, and we provide a buddy, a current or former ELL who provides the tour, to answer any questions they may have about our school and community. The new students are also introduced to key staff members, including school guidance counselors, social workers, teachers, and students in the building who share a common home language.
Due to our population of ELL students increasing, we had unique opportunities for teachers and students to work closely with newly enrolled students. Teachers, guidance counselors, the STH coordinator, the parent coordinator, and the administration team worked together to provide a welcoming environment for our students and families. The

school created two parent workshops for families to better understand the school community. Opportunities for parents to ask questions and stay informed of their child's education were implemented in these workshops. In these workshops, breakfast was provided, and students and parents had the opportunity to meet the ENL Department and Dual Language teachers. The school also provided a partnership with Healthcare for parents to sign up and apply. In addition, the division of Multilingual learners/ELLs was also part of the workshops where they assisted in creating student accounts.
Other opportunities were available for our ELLs throughout the school year. The district provided an annual spelling bee, and in addition, we had a Spanish spelling bee competition. Our newcomers thrived and had the opportunity to be involved in a contest representing our school. Our current and Former ELLs have also participated in both the English and Spanish Spelling Bee, allowing our students to have increased opportunities to participate throughout the year. In addition, students were invited to participate in afterschool programs they were interested in joining. For the 2023-24 school year, we started our Title III after school newsletter for ELLs which included parent celebrations. We will continue with this program in following years.

As per the EPRG, PS 57 has a trained team of ENL teachers and administrators that complete the intake and identification of new students. All students undergo this process to determine if they can be classified as English Language Learners. All members of the team are trained to complete this process. A member of our team interviews parents in their preferred language. If our team does not speak the preferred language, we use translation/interpretation services to complete the interview. Parents are given the Home Language Identification survey. The team also interviews the student to determine the home language, including reviewing the student's abilities or work samples. If the student is identified as having a home language other than English, they are then eligible to take the NYSITELL. The team then gives the student the NYSITELL. Parents are given the results in their preferred language. Then, parent orientation is given along with the parent survey. If the child has an IEP, the LPT team convenes to decide if the student should take the NYSITELL. The LPT team comprises our admin team, special education teacher, ENL teachers, and classroom teacher. Students with a home language of Spanish are also given the Spanish Lab test. Finally, the student is placed into the appropriate ELL program.

The administration, parent coordinator, and ENL teachers work together to acclimate newly enrolled ELLs before school begins. The parent coordinator is actively reaching out to these families and inviting them to an orientation meeting in August before school starts. At this meeting, we outline the programs available (ENL or Dual Language) and offer parental choice about what program they think works best for their child's needs. For new ELLs who enroll throughout the year, the same orientation meeting is offered individually and held by the ENL teachers. Parents and students are welcomed to the school and taught about the various literacy models for students acquiring English as a second language. In addition, newly enrolled ELLs are given a tour of the school, and we provide a buddy to answer any questions they may have about our school and community. The new students are also introduced to key staff members, including school guidance counselors, social workers, and teachers and students in the building who share a common home language.
In the future, as we continue to receive the influx of newcomers, our school will continue to provide opportunities with workshops for families with the support of the staff and the assistance of the district division department of ELLs to complete the responsibilities and requirements needed during the period of ELL identification process.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Annette	Berrios	Assistant Principal 10 Month		
Kate	Nutley	Teacher - Regular Grades		
Andrea	Romero	Teacher - Regular Grades - ESL	12/05/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Surveys conducted by your school,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	4	0.77%	4	0.79%		
BENGALI (BANGLA IN BANGLADESH)	3	0.58%	3	0.59%		
FRENCH	1	0.19%	1	0.20%		
HAITIAN CREOLE	1	0.19%	1	0.20%		
MALINKE	1	0.19%	1	0.20%		
ENGLISH	279	53.97%	269	52.95%		

SPANISH	138	43.91%	228	44.88%		
(AMERICAN) SIGN LANGUAGE	1	0.19%	1	0.20%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Newsletters	We utilize staff members who completed the staff language survey to provide translation services. Other needed languages will be sent to a translation vendor.
PTC Flyer	We utilize the NYCPS info hub templates for the covered languages. All other languages not covered by the NYCPS will be sent to a translation vendor
Calendars	We utilize staff members who completed the staff language survey to provide interpretation and translation services. All other languages not covered by the NYCPS will be sent to a translation vendor.
Parent Handbook	We utilize staff members who completed the staff language survey to provide interpretation and translation services. All other languages not covered by the NYCPS will be sent to a translation vendor.
School Invites	We utilize staff members who completed the staff language survey to provide interpretation and translation services. All other languages not covered by the NYCPS will be sent to a translation vendor.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	We utilize staff members who completed the staff language survey to provide interpretation services. The over-the-phone interpretation services are utilized during this time. In addition to the covered languages, all other languages needed will be sent to an approved vendor.
Curriculum Night	We utilize staff members who completed the staff language survey to provide interpretation services. The over-the-phone interpretation services are utilized during this time. In addition to the covered languages, all other languages needed will be sent to an approved vendor.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Our school has a team by the language access coordinator whose members carry out different roles in the event of a school emergency. The team consists of two ENL teachers, one parent association member, a special education teacher, the BRT leader, and a member of the main office staff. Each member is in charge of one or two languages spoken by parents at our school and has the job of translating the message and the plan for the parents as quickly as possible about the emergency in a timely fashion. This communication is provided to parents through phone calls, phone blasts, email or through the use of the REMIND system. For extreme emergencies which can not wait a few minutes for a perfectly translated message the team has compiled various emergency messages in different languages spoken by the parents, explaining the nature of the emergency and asking parents to contact the school for more information.?

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At our staff orientation early in September, our Parent Coordinator and Language Access Coordinator meet with the staff to provide them with information about their roles as Parent Coordinator and LAC, and to provide information about the Chancellor's Regulation A-663. It is at this meeting, where available resources and updates are explained to teachers and other staff members. These resources help all members of our school community to meet compliance mandates and safety guidelines. This meeting will be held in person or online depending on CDC guidelines of health and safety. After our meeting, the staff will provide the Administration a confirmation email indicating they have read and reviewed the updated school handbook.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

At PM/MS 57 parents are made aware of the availability of translation and interpretation services at scheduled parent meetings. Next to the parent coordinator office, we have the NYC DOE Welcome Poster displayed, with all 10 of the most common languages in New York. Parents can point to their preferred language to request translation. When parents request a translated version of written documents in a language other than Spanish, we contact the Translation and Interpretation Services through the NYCPS approved vendors. In the event that it does happen, we are prepared to do so through our trained Language Access Coordinator.

Any correspondence sent out by our school is sent out in English and Spanish, and all other preferred languages including phone blasts or text messages, the school handbook, newsletters, calendars, parent-teacher conference announcements, after-school program information, New York State testing dates, curriculum issues, letters from school leadership, and any other announcements, as needed. These letters, phone calls, and announcements are distributed to families at various times throughout the year. In the event that translation is needed for any document other than English or Spanish, translation services will be contacted 2-4 weeks in advance to translate documents. In addition, all the posters and information given to parents will be posted in students' Google Classrooms and sent to parents via email, Dojo, and Remind.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

AT PS/MS57, we collect feedback from limited-English proficient parents through the annual school environment survey, in the parents' preferred languages; through informal feedback from PTA meetings; through feedback from School Leadership Team meetings; through parent-teacher conferences, and through orientation meetings with parents, using translation and interpretation services, as necessary. We will continue to provide additional directions in the community's language(s) that inform parents of available interpretation resources, such as the over-the-phone interpretation at the school.?

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on the feedback gathered, we can make adjustments to provide language services that meet the needs of our families, empowering them to participate as fully engaged partners in our school community. During our parent meetings, we confirm that the parent's preferred language is accurately listed on file. We will also create a survey and email it to parents to collect feedback from parents on the translation and interpretation services. We want to ensure that our school community celebrates and represents all preferred languages of students and their families and that language services are available to enable our families to participate and become engaged in our school community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

50

Grades to be served in this program. Select all that apply.

,3,4,5,6,7,8

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S./M.S. 057, James Weldon Johnson Leadership Academy is a 3K-8th grade elementary and middle school in East Harlem. The staff at P.S./M.S. 057 includes 3 certified ENL teachers and 8 certified bilingual teachers. The total student population is 468 students. Of the 468 students at P.S./M.S.057M, 145 are English Language Learners (ELLs), ELLs comprise 31.0% of the total student population. The home languages of the ELLs at P.S./M.S. 57 include Arabic, French, Portuguese, and Spanish.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

After analyzing the 2025 Spring EDAT, the 2024 NYSESLAT, the ELL Benchmark, and the ELA results, the data shows that ELLs at P.S./M.S. 057, including our long-term ELLs, need additional instruction in all modalities in order to support language acquisition. We also have newcomers who need support in transferring knowledge from L1 to L2 along with getting them acclimated to our school community and the greater communities of NYC and the United States. Therefore, the programs are carefully selected to target the needs of our ELLs to enhance their English language skills. In order to address these needs, the Title III after school program will implement the following:

Current ELLs in the program will be working on language development and acquiring language academic skills through vocabulary, academic discussion and building concepts with text that relate to student's everyday life. Teachers will implement scaffold instruction according to the students language needs. In addition, teachers will build the students' quality and complexity of language and writing.

Teachers will utilize the supported curriculum aligned to the New Generation Standards targeting the reading, writing, listening, and speaking modalities and the Targets of Measurement rubric utilized in ENL instruction. The students will receive instruction with the HMH English 3D for ELLs curriculum. The after-school program will reinforce students' four modalities. Teachers will also build literacy skills, using multiple strategies that best support ELLs by allowing them to practice their modalities through collaborative conversations while discussing high-order thinking questions. The program will be divided based on students' literacy proficiency skills in their home language. The standards-based instruction enables students to develop academic language through all four modalities.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Our Title III programming is designed to support a specific group of students. The target population includes long-term ELLs, potential long-term ELLs, and newcomer ELLs. The program is structured to cater to the needs of these students in all four language modalities, with a particular focus on the Quality and Complexity of Language. The program is inclusive, serving ELLs, long-term ELLs, ELLs with IEPs, SIFE students and newcomers, in grades 3-8.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The anticipated dates of the program are November 12th, 2025, through Spring 2026. Every Thursday, there will be teacher planning from 2:20 to 4:00 p.m. Every Tuesday and Wednesday, starting November 18th, students will stay from 2:20 to 4:00 p.m. We would like to invite parents to the orientation on November 12th, 2025 to kickoff the Title III after school program. The program for students will begin on November 18th, 2025.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be English. The home language will be supported through Bilingual Glossaries.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be 5 teachers programmed to teach heterogeneous groupings of ELLs. These teachers will be ESOL or bilingually certified.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

HMH English 3D Curriculum textbooks and workbooks ($), notebooks, pencils, and scaffold supports.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school will maintain documentation of family engagement and activities by having copies of dated agendas and signatures from parents for attendance purposes. Parent notifications sent home copies are placed in the ENL Compliance binder and kept for record purposes.

Teachers will be provided with an attendance sheet for each group to ensure ongoing attendance with dates throughout the program. In addition, letters will be distributed to parents regarding the celebrations that will be provided in the program. The letters will be translated into the parent's preferred language. In addition, The ENL team will provide professional development sessions with an agenda regarding Title III LEP funds. The ENL team, Ms. Nadgar, and Ms. Romero will provide the PL for staff and parents regarding the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The professional development opportunities offered to the teachers involved in the Title III program include workshops, training given by the NYCPS and our ENL Department There will be other opportunities presented to the PS/MS 57 school community by the ENL Department involving ENL instruction. Schedule: On-going throughout the school year.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

An ELL study group composed of the 5 teachers in the Title III program will meet during the school's allotted professional development time.

After analyzing the 2025 NYSESLAT scores, the Spring 2025 EDAT , the ELL Benchmark, and the ELA results, the data shows that ELLs at P.S./M.S. 057, including our long-term ELLs and New New Yorkers, need additional instruction in their reading, and listening modalities and continued work in developing the quality and complexity of language. Therefore, the programs are carefully selected to target the instruction of our ELLs. In order to address these needs, an ELL study group composed of the 5 teachers, administrators, and ENL teachers in the Title III program will meet during the school's allotted professional development time. School leaders will maintain monitoring and tracking systems to ensure students are receiving the support and interventions, with fidelity.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The teachers who will receive training will be the following:
Dual Language Teachers, ENL Teachers, Classroom teachers and para and every staff member who works with ELL students.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

These meetings will be held every other Thursday from 2:20- 3:00pm starting from November 2025 until the Spring of 2026. Teachers will be asked to bring specific materials that may be useful for that week's topic of study. Strategy implementation will be discussed and assessed. Reflections on student and teacher learning will be an additional part of collecting data at the program's beginning, middle, and end.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

For each Title III ELL professional development activity, include topics to be covered.

Based on deep dives into ELL students' progress, using the NYSESLAT writing rubric, professional development will be provided to teachers on how to incorporate the Sentence Tracker to support students' capacity to write compound, complex, and compound-complex sentences. We will continue to use ENL strategies into the content areas using The Go to Strategies by Linda New Levine, Laura Lukens, and Betty Ansin Smallwood.

Topics to be covered are:

Who are our ELLs? What sub groups are in our program? Best practices to implement in each modality

Collaborative Conversations: Building all students abilities to have deep and meaningful conversations with a lens on ELLS and SWD

ENL strategies for writing focusing on Quality of language - Modeling the complexity and qualities of language in students' writing- implementing appropriate scaffolds for students in each grade level.

ENL strategies to deepen reading comprehension: Using specific scaffolds to strengthen reading comprehension skills.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

ENL Supervisor: Ms. Berrios
ENL Teachers : Ms. Romero Ms. Nadgar

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Our school will maintain documentation of family engagement and activities by having copies of dated agendas and signatures from parents for attendance purposes. Parent notifications sent home copies are placed in the ENL Compliance binder and kept for record purposes.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At P.S./M.S. 057, we believe that parental involvement creates a stronger community of learners, and we strive to incorporate parents into all parts of our students' learning.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

After gathering quantitative and qualitative data and conducting analysis, we understood what our parents wanted to experience in our school community. Upon reviewing our I-Ready data, and NYSELAT, we recognized the need to support our Multilingual students in language development and academic and content vocabulary. As a result, parents will be invited to the school before the onset of the Title III program for a program orientation. They will learn about the Title III program and the strategies they can use to support their children's English language development, including helpful hints such as utilizing television shows like Jeopardy and Wheel of Fortune for family engagement. Additionally, staff will provide parents with an in-house survey to gather information on their interests and needs within our school. Parents will also be provided with information on the English as a New Language (ENL) programs available throughout the city, including ENL for adults and programs hosted by the NYC Public Schools (NYCPS). Interpretation and translation will be provided to parents as needed.

Additionally, during the orientation, where teachers introduce the program to parents, they will review what the program is about and how it will strengthen students' language development. In this orientation, parents will also participate in the activities students are part of to enhance their four modalities. There will be different stations for parents to join and participate with their children and other parents. Parents will be invited to celebrate the students'

progress at the end of the program, where students will showcase their portfolios, and we will celebrate their achievements in the elementary and middle school programs.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In the fall, parents will be invited to an orientation to set expectations for the program. In the spring, parents will attend a graduation which will showcase their children's portfolios.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to be covered include:
Title III Parent Orientation
Developing Quality and Complexity of Language
Activities to Promote Literacy at Home
Recap of instruction provided in the program
Showcase of student work

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Annette Berrios, Assistant Principal
Lizbeth Rivera, Parent Coordinator
Andrea Romero, ENL Teacher Grades K-5
Nitika Nadgar, ENL Teacher Grades 6-8

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified through:
Flyers sent home
Remind App
Phone Blast
Jupiter Ed
Google Classroom posts

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our school will maintain documentation of family engagement and activities by having copies of dated agendas and signatures from parents for attendance purposes, whether in a remote session or in-person meeting. Parent notifications sent home copies are placed in the ENL Compliance binder and kept for record purposes.
