Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Dorothy Sanabria	*Principal or Designee	
Talia Chico	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Vianey Cruz	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
Vianey Cruz	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
Erica Ocasio	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Maria McCune	Staff or Parent	
Fletcher McCune	Staff or Parent	
Rosanna Velez	Staff or Parent	
Daniella Mackic	Staff or Parent	
	Staff or Parent	
	Staff or Parent	
	Staff or Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Stephanie Rush	Position / Constituent Group/Lead Teacher	
Janice Grullon	Position / Constituent Group/ENL Teacher	
Rebeca Christian	Position / Constituent Group/Lead Teacher	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Mission Statement
At PS 155, we learn and grow together with purpose, passion, and East Harlem pride. Grounded in empathy, equity, and collaboration, we cultivate a joyful, rigorous, and inclusive learning environment where every voice is valued and every student thrives.

Vision Statement
We envision a school community where students, families, and educators work in collaboration to foster curiosity, creativity, and excellence. Through culturally responsive teaching and a shared commitment to growth, belonging, and innovation, PS 155 will stand as a vibrant community of achievement, collaboration, and East Harlem pride.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

At P.S. 155M, we offer a comprehensive Spanish Dual Language Program spanning from 3K through 5th grade, empowering students to become proficient in both English and Spanish. To meet diverse learning needs, we also provide Integrated Co-Teaching and Special Class (12:1+1) settings across multiple grade levels. Students benefit from a range of support services, including bilingual speech-language therapy, occupational therapy, physical therapy, and counseling.

Our commitment to holistic education extends far beyond academics. P.S. 155M has built strong community partnerships to ensure students and families have access to essential resources. We proudly partner with the Boriken Neighborhood Clinic, which provides on-site medical professionals and social workers to support student well-being. As a designated Community School since the 2022–2023 school year, we collaborate with The Home, a community-based organization (CBO), to strengthen students' social and emotional health by providing two full-time clinicians on site each day. We also offer daily after-school programs to further support our scholars and families.

To nurture our students' creativity, athletic skills, and STEM interests, we have expanded our programming by hiring a dedicated art teacher and partnering with New York City Football Club, Scholar STEM, Imagine Chess, and Musical IQ. These enriching partnerships, offered through our after-school program, provide students with opportunities for self-expression, exploration, and growth.

P.S. 155M remains dedicated to providing a well-rounded education that celebrates diversity, fosters inclusivity, and equips every student with the skills and confidence to thrive in an ever-changing world.

Briefly summarize the key initiatives your school will implement this school year.

At PS 155, we are committed to a cohesive, school-wide approach to literacy and mathematics that promotes academic excellence and aligns with the NYC Reads and NYC Solves initiatives. In English Language Arts (ELA), we have transitioned to the HMH Into Reading curriculum for grades K–5, implemented in both monolingual and dual-language classrooms to ensure all students build strong foundational reading skills. This includes a daily phonics block for K–2 and structured, collaborative lesson planning to ensure consistency, alignment, and effective practice across classrooms.

In mathematics, we are strengthening our instruction in line with the NYC Solves vision by deepening the use of high-leverage strategies such as Number Talks, Three Reads, and the Eight Mathematical Practices. These approaches promote critical thinking, reasoning, and problem-solving, while engaging students in collaborative discussions that build confidence and deepen conceptual understanding.

Current data shows that over half of our students in grades K–5 are performing more than two levels below grade expectations, with particular challenges in vocabulary development and comprehension of informational text. While teachers have begun to incorporate stronger questioning and discussion techniques, implementation has been inconsistent.

To address these gaps and fully align with the NYC Reads priority, we are focusing on two key areas: intentional vocabulary development and building students' capacity to understand and analyze informational text. With our diverse student population in mind, we are committed to embedding culturally responsive and sustaining practices to make learning meaningful, relevant, and engaging for every learner.

Through our shared commitment and alignment with NYC Reads and NYC Solves, our goal is to ensure every student receives rigorous, standards-aligned instruction in literacy and mathematics that nurtures their growth and equips them with the skills and confidence needed for future success.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Digital and Print HMH Into Reading	None
Math	K-5	Digital and Print Eureka	Teacher Teams make modifications.
Creative Play	PreK3 and PreK 4	Digital and Print	None

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of Spring 2025, 27% of students in grades K-2 are performing at or above grade level in Acadience Reading, highlighting the need for enhanced reading instruction and interventions	Teachers need targeted PD on the science of reading. Limited Tier 2 interventions and lack of time for data-driven planning.	Increase the percentage of students in grades K-2 who are at or above grade level in reading proficiency.
As of Spring 2025, 21% of students in grades 3-5 are at or above grade level in i-Ready Spring 2025.	Lack of exposure to vocabulary instruction and informational/nonfiction texts.	Improve the percentage of students in grades 3-5 who are reading at or above grade level.
As of Spring 2025, 14% of students with IEPs in grades K-2 are performing at or above	Insufficient daily structures for explicit phonics	Increase the percentage of K–2 students proficient in foundational

grade level in Acadience Reading, highlighting the need for enhanced reading instruction and interventions.	instruction and vocabulary building.	reading skills (phonemic awareness, phonics, and vocabulary development).

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	27	By June, 2026, literacy for All Students will improve, as measured by a 20 Increase, from 27 to 47, of percentage of students performing on or above grade level on the Acadience Reading Results.
Students with Disabilities (SWD)	14	By June, 2026, literacy for Students with Disabilities (SWD) in grades K-2 will improve, as measured by a 10% Increase, from 14 to 24, of percentage of students performing on or above grade level on the Acadience Reading Results .
All Students	21	By June, 2026, literacy for All Students in grades 3-5 will improve, as measured by a 20% Increase, from 21 to 41, of on or above grade level on the iReady Diagnostic Results .

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen foundational literacy instruction through explicit phonemic awareness, phonics, and vocabulary development aligned with the NYC Reads initiative.

Root Cause Addressed:

Teachers need targeted PD on the science of reading.
Insufficient daily structures for explicit phonics instruction and vocabulary building.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue to provide targeted professional development on the Science of Reading, focusing on phonemic awareness, phonics, and explicit vocabulary instruction for K–2 teachers.
Launch a new cycle of teacher-led lesson studies and inter-visitations to model best practices for foundational reading skills and Tier 1/2 small group instruction.
Literacy coach and IEP teacher co-plan and co-teach demonstration lessons that embed new phonics and vocabulary routines.
Expand inter-visitation cycles so all K–2 teachers can observe peers implementing newly learned strategies for phonics, vocabulary, and RTI Tier 2 groups.

Key Strategy 2 (Optional):

Build teacher capacity in data-driven small group instruction and Response to Intervention (RTI) for foundational reading skills.

Root Cause Addressed:

Limited Tier 2 interventions and lack of time for data-driven planning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule new bi-weekly data meetings for K–2 teachers to analyze Acadience results and adjust Tier 2 groups accordingly.
Revise and expand the progress monitoring calendar to include regular Acadience data reviews and student goal setting.
Convene mid-year PD refresh sessions to deepen staff understanding of analyzing data trends and adjusting small group instruction to address gaps.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures
Strategic Curriculum Planning Team & Grade Team Data Meetings: Bi-weekly meetings to review Acadience (Priority 1) benchmark and progress monitoring data. Teachers will analyze trends, identify students for targeted Tier 2 supports, and adjust instructional plans.
Inter-visitations & Peer Coaching Cycles: Teachers will engage in lesson study, inter-visitations, and peer feedback sessions to strengthen practice around the NYC Reads shifts, specifically explicit instruction, phonics instruction,

vocabulary instruction, and promoting discourse.
Model Classroom Observations: Teachers will visit model classrooms and provide implementation evidence through reflection notes and debrief protocols.
Advance Observations & MOTP Feedback: Administrators and coaches will conduct targeted classroom walkthroughs and formal observations focused on new routines and RTI structures. Feedback will explicitly address the implementation of agreed strategies.
Leadership Team Progress Checks: The Instructional Leadership Team (ILT) will meet monthly to review implementation logs, discuss coaching notes, and monitor alignment with professional learning.

Data/Evidence Sources Collected
Student Achievement Data: Acadience (Priority 1), bi-weekly exit tickets, targeted assessments.
Teacher Planning Artifacts: Lesson plans demonstrating embedded practices around the NYC Reads shifts, specifically in explicit instruction, phonics instruction, vocabulary instruction, discourse routines and protocols, vocabulary routines, and RTI grouping plans.
Inter-Visitation Reflections: Teacher feedback logs from peer visits to capture how new practices are being adapted.
Attendance & Participation Data: Logs of teacher attendance at PD sessions, inter-visitations, and family engagement events.
Student Work Samples: Annotated student work demonstrating growth in reading fluency, vocabulary use, inferencing, and using evidence to support their claims.
Family Engagement Feedback: Attendance sheets and surveys from family literacy and math sessions to gauge reach and effectiveness.

Determining Progress & Impact
Collected evidence will be used to:
Monitor whether teachers are consistently embedding new practices in daily instruction.
Check if students are demonstrating measurable growth toward proficiency targets (Acadience, i-Ready, NYS ELA).
Identify adjustments to Tier 1/2 supports, reallocate coaching, and refine PD.
Report progress to the School Leadership Team (SLT) and broader school community through quarterly data presentations.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Meet the teacher where we will engage families in a curriculum review. Orientation and Play date so that we may be able to not only meet our new families, but so families can start to build relationships with each other.	The Home
		Monthly technology workshop for parents to help them better communicate and receive communication from the school and have the tools to support children in virtual learning.	The Home

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Literacy Coach, IEP Teacher, and Lead Teachers to support planning, demonstration lessons, and co-teaching for foundational literacy (Priority?1). Teaching Matters Math Coach, Peer Collaborative Teachers, and Math Lead Teachers to deliver targeted professional development, modeling, and coaching for Number Talks, Three Reads, and MTSS structures. Principal and Assistant Principal to facilitate data meetings, progress checks, and inter-visitation cycles.

Instructional Resources

HMH Into Reading curriculum, Acadience Screeners, I-Ready ELA Benchmark tools, decodable texts, and new vocabulary toolkits aligned with NYC Reads.

Schedule Adjustments

Dedicated weekly grade team meetings for planning, data analysis, and RTI grouping. Scheduled inter-visitation cycles and peer coaching periods during math and ELA blocks. Protected PD time for Teaching Matters Math Coach sessions and literacy-focused Science of Reading training.

Other Resources Needed

Materials for family engagement (home reading kits, family math games). Stipends or coverage for extended data meetings, coaching, or inter-visitation support if needed. Continued partnership with community-based organizations (The Home, Wediko) to expand parent workshops and student academic supports connected to these goals.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2025 NYC School Survey, 64% of parents and staff responded favorably overall to the students at this school are given the necessary tools to engage in non-violent conflict resolution.	Lack of consistent implementation of the SEL curriculum. Teachers need additional training and tools to intentionally build environments that nurture SEL skills. Many students continue to struggle to recover social skills lost during pandemic-related isolation and limited peer interaction during critical years.	Foster the development of social-emotional learning (SEL) skills to promote a positive school community and strengthen student relationships in the classroom through teacher training and school leadership following through on

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	64	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20% Increase, in percentage school staff and parents who indicate that students at this school are given the necessary tools to engage in non-violent conflict resolution, from 64 to 84, per the NYC School Survey Results .

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a school-wide SEL curriculum (Sanford Harmony or other comparable program) to explicitly teach and strengthen students' social awareness, self-management, and empathy skills.

Root Cause Addressed:

Lack of consistent implementation of the SEL curriculum. Teachers need additional training and tools to intentionally build environments that nurture SEL skills. Many students continue to struggle to recover social skills lost during pandemic-related isolation and limited peer interaction during critical years.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional development for all K–5 teachers on implementing the Sanford Harmony SEL curriculum.
Launch daily SEL lessons and morning meetings integrated into all classrooms to explicitly teach SEL skills.
Conduct mid-year reflection PD sessions to share SEL implementation successes and refine lessons.
Expand student leadership opportunities (e.g., peer mediators, student council SEL ambassadors) to strengthen student voice and ownership of SEL routines.
Host family SEL nights to help families reinforce SEL strategies at home.

Guidance Counselor, mental health team, and WEDIKO will implement youth development workshops each month to school community.

Guidance counselor and mental health team will also create a week long celebration for "Respect For All Week". Each day, students will engage in a different activity in their classroom in order to develop an school culture where trusting and respectful relationships exist between staff and students and no one is harassed, bullied or intimidated based on actual or perceived race, color, religion, age, creed, ethnicity, national origin, alienage, citizenship status, disability, sexual orientation, gender (including gender identity and gender expression) or weight.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure that Priority 2 strategies — implementing a comprehensive school-wide SEL curriculum and strengthening students' social-emotional skills — are effectively carried out, PS?155 will use the following progress monitoring structures and evidence sources:

Primary Monitoring Structures

SEL/Crisis and Counseling Team Meetings:
The SEL/Crisis and Counseling Team, including the Guidance Counselor, Mental Health Team, and Principal, will meet monthly to review Sanford Harmony lesson implementation, gather teacher feedback, and identify additional supports needed.
Classroom Walkthroughs & Observation Cycles: Administrators and the SEL/Crisis and Counseling Team will conduct regular walkthroughs and informal observations to check that daily Sanford Harmony lessons and routines

(like morning meetings) are being delivered with fidelity across all K–5 classrooms.

SEL school-created screener & Survey Monitoring:
The Counseling Team will administer the SEL school-created screener twice a year and compare Fall to Spring results to measure growth in students' social awareness, self-management, and empathy skills. NYC School Survey results will be reviewed to validate improvements in student perceptions of their SEL skills and classroom relationships.
Professional Learning Logs: The Leadership Team will maintain PD sign-in sheets and track completion to ensure 100% of teachers receive the required Sanford Harmony training.

Specific Data & Evidence Collected
SEL school-created screener results (baseline and Spring comparison).
NYC School Survey student responses specific to social awareness, self-management, and sense of belonging.
Teacher lesson plans that show planned Sanford Harmony activities.
Teacher reflections and feedback logs on implementation challenges and successes.
Walkthrough observation notes verifying frequency and quality of SEL instruction.
PD attendance records for all staff trained on Sanford Harmony.

How Progress Will Be Used
Collected data and evidence will be used to:
Confirm daily SEL lessons and activities are embedded in classroom routines.
Measure student growth in key SEL competencies.
Identify professional learning needs and refine supports.
Celebrate bright spots and adjust coaching for teachers who need additional support.
Keep the School Leadership Team, families, and students informed about SEL progress and impact.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
	06/30/2026	Series of Respect For All workshop for parents to gain a better understanding of diversity	WEDIKO, Guidance Counselor, Counseling Team,and Parent Coordinator

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance Counselor, Social Workers, School Psychologist, SEL/Crisis and Counseling Team, Classroom Teachers (K–5), Parent Coordinator, and Community-Based Organization partners (e.g., Wediko). Mental Health Team to co-facilitate student SEL groups and parent SEL support sessions.

Instructional Resources

Sanford Harmony SEL Curriculum materials and digital resources for all K–5 teachers. School-created screener subscription and survey tools to measure student SEL growth. Professional development materials for staff training sessions on Sanford Harmony.

Schedule Adjustments

Daily dedicated time for Sanford Harmony lessons and classroom morning meetings built into the master schedule. Protected time for SEL Leadership Team meetings, PD follow-up sessions, and peer support check-ins.

Other Resources Needed

Printed family SEL take-home guides and workshop materials to support home-school connections. Small incentives or supplies for student SEL celebrations and classroom community-building activities. Additional funds for supplemental training or external consultants if deeper coaching is needed mid-year.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of Spring 2025, 19% of K–5 students are proficient in Math according to iReady Diagnostic	Inconsistent routines for math discourse and productive struggle.	Improve K–5 students' proficiency in mathematics by strengthening number talks, three reads, and mathematical practices.
As of Spring 2025, 13% of MLL/ENL K–5 students are proficient in Math according to iReady Diagnostic	Limited structures for Tier 1/2 math interventions. Gaps in using i-Ready and formative data to adjust instruction.	Improve ENL, K–5 students' proficiency in mathematics by strengthening number talks, three reads, and mathematical practices.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	19	PS 155 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students performing on or above grade level will increase by 20% from 19 to 39, for All Students, as measured by iReady Diagnostic Results .
English Language Learners (ELL)	13	PS 155 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students performing on or above grade level will increase by percentage of students performing on or above grade level from 13 to 23, for English Language Learners (ELL), as measured by iReady Diagnostic Results .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish daily mathematical routines (Number Talks, Three Reads, and the Five Mathematical Practices) to increase student discourse, productive struggle, and conceptual understanding.

Root Cause Addressed:

Improve K–5 students' proficiency in mathematics by strengthening number talks, three reads, and mathematical practices.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Partner with Teaching Matters Coach to continue to build capacity through professional development on Number Talks, Three Reads, and the Five Mathematical Practices for all K–5 math teachers.
Launch a new "model math classroom" for inter-visitations, allowing teachers to see strong routines and discourse practices in action.
Introduce mid-year math lesson studies for teachers to collaboratively design, implement, and reflect on lessons that increase productive struggle and conceptual reasoning.
Host monthly family math learning workshops to help families understand and support Number Talks and problem-solving routines at home.

Key Strategy 2 (Optional):

Strengthen Multi-Tiered Systems of Support (MTSS) for math through regular data analysis, targeted small-group interventions, and peer coaching.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement bi-weekly data team meetings for teachers to analyze I-Ready math benchmarks and targeted assessments to plan MTSS Tier 1 and Tier 2 supports.
Provide peer coaching cycles where Peer Collaborative Teachers support colleagues in designing and co-teaching lessons that embed Number Talks (or other number sense routines) and higher-order problem-solving.
Expand inter-visitation cycles to deepen teachers' use of Number Talks (or other number sense routines), Three Reads, and peer math discourse in daily lessons.
Schedule end-of-year data summit to analyze growth, adjust RTI systems for math, and plan carry-over strategies for the next school year.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures
ILT & Grade Team Data Meetings: Bi-weekly meetings to review i-Ready Math benchmark and progress monitoring data. Teachers will analyze trends, identify students for targeted Tier 2 supports, and adjust instructional plans.
Inter-visitations & Peer Coaching Cycles: Teachers will engage in lesson study, inter-visitations, and peer feedback sessions to strengthen practice in Number Talks (or other number sense routines), Three Reads, vocabulary, and

math discourse.
Model Classroom Observations: Teachers will visit model classrooms and provide implementation evidence through reflection notes and debrief protocols.
Advance Observations & MOTP Feedback: Administrators and coaches will conduct targeted classroom walkthroughs and formal observations focused on new routines and RTI structures. Feedback will explicitly address the implementation of agreed strategies.
Leadership Team Progress Checks: The Instructional Leadership Team (ILT) will meet monthly to review implementation logs, discuss coaching notes, and monitor alignment with professional learning.

Data/Evidence Sources Collected
Student Achievement Data: i-Ready Math Benchmarks, bi-weekly exit tickets, targeted assessments.
Teacher Planning Artifacts: Lesson plans demonstrating embedded Number Talks (or other number sense routines), Three Reads, and vocabulary routines, and RTI grouping plans.
Inter-visitation Reflections: Teacher feedback logs from peer visits to capture how new practices are being adapted.
Attendance & Participation Data: Logs of teacher attendance at PD sessions, inter-visitations, and family engagement events.
Student Work Samples: Annotated student work demonstrating growth in reading fluency, vocabulary use, and math reasoning/problem-solving.
Family Engagement Feedback: Attendance sheets and surveys from family literacy and math sessions to gauge reach and effectiveness.

Determining Progress & Impact
Collected evidence will be used to:
Monitor whether teachers are consistently embedding new practices in daily instruction.
Check if students are demonstrating measurable growth toward proficiency targets (i-Ready, NYS Math).
Identify adjustments to Tier 1/2 supports, reallocate coaching, and refine PD.
Report progress to the School Leadership Team (SLT) and broader school community through quarterly data presentations.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
	06/30/2026	Meet the teacher event where teachers engage families in the curriculum review.	Support teachers and families during the event.
	06/30/2026	Quarterly classroom showcase where parents visit classrooms to not only observe but participate in mathematical instruction.	Support school by conducting parental out-reach.

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Literacy Coach, IEP Teacher, and Data Specialist to support planning, modeling, and co-teaching for foundational mathematics. Peer Collaborative Teachers, Teaching Matters Coach, and Math Lead Teachers to provide targeted professional learning and coaching for Number Talks, Three Reads, and RTI implementation in math (Priority?3). Principal and lead teacher to lead data meetings, monitor implementation, and facilitate inter-visitations.

Instructional Resources

Eureka Math curriculum, I-Ready Math Benchmarks, bi-weekly targeted math tasks, math discourse anchor charts, manipulatives for Number Talks, and problem-solving resources aligned with NYC Solves.

Schedule Adjustments

Dedicated weekly grade team meetings for planning, data analysis, and RTI grouping. Scheduled inter-visitation cycles and peer coaching periods during math and ELA blocks. Protected PD time for Teaching Matters Math Coach sessions and literacy-focused Science of Reading training.

Other Resources Needed

Materials for family engagement (home reading kits, family math games). Stipends or coverage for extended data meetings, coaching, or inter-visitation support if needed. Continued partnership with community-based organizations (The Home, Wediko) to expand parent workshops and student academic supports connected to these goals.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
College & Career Awareness: NYC School Survey results (Spring 2025), 85% of parents responded favorably that the school helps to prepare my child for college, career, and	While there is strong family trust that the school supports college and career awareness, the curriculum does not yet fully embed explicit lessons or activities that help students connect their interests to concrete academic planning. Teachers need more tools and time to integrate	Increase opportunities for students to practice setting goals, exploring pathways, and understanding

success in life after high school.	college and career connections into daily learning, especially for goal setting and skill building.	how academic effort today supports future options.
As of May, 2025, 12.5% of Prek-K Families who have enrolled in NYC Rise	Lack of parent awareness of this resource.	Provide workshops for families to learn about this opportunity and support with how to sign up.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	84	PS 155 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentatage of familes who answered favorable that the school helps to prepare my child for college, career, and success in life after high school. for All Students will Increase by 10% from 84 to 94 as measured by NYC Survey Results .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy #1: Integrate age-appropriate college and career awareness lessons into core subjects, focusing on helping students connect their personal interests to academic pathways and future goals.

Root Cause Addressed:

While there is strong family trust that the school supports college and career awareness, the curriculum does not yet fully embed explicit lessons or activities that help students connect their interests to concrete academic planning. Teachers need more tools and time to integrate college and career connections into daily learning, especially for goal setting and skill building.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop a K–5 college and career awareness lesson bank with clear grade-appropriate activities that link interests to academic goals.
Host the first family “Future Ready Night” where families learn strategies to support goal-setting and connect home conversations to school pathways.
Conduct teacher reflection and planning sessions to share best practices for integrating college and career themes into daily instruction.

Key Strategy 2 (Optional):

Develop authentic opportunities for students to build and practice readiness skills (presentation, goal setting, self-advocacy) through school-wide events, showcases, and student-led activities.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Plan and hold the annual College & Career Awareness Day with guest speakers and age-appropriate activities.
Organize student-led showcases where students present personal interests, academic goals, and future pathways to peers and families.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures:

The College & Career Readiness Team will meet monthly to review lesson integration, event participation logs, and student reflections.
Leadership Team will check that teachers implement the lesson bank and that students complete structured goal-

setting activities.
Family attendance and feedback forms will be collected at all workshops and events to measure reach and impact.
School survey results and teacher reflection logs will be reviewed to identify what supports or refinements are needed mid-year.

Data & Evidence Collected:
NYC School Survey results (parent section).
Student participation logs for college/career lessons, events, and goal-setting activities.
Samples of student goal-setting reflections and presentations.
Family workshop sign-ins and feedback surveys.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
	06/30/2026	Host the first family "Future Ready Night" where families learn strategies to support goal-setting and connect home conversations to school pathways.	
		Host a second family workshop focused on helping parents understand skills students need for middle school, high school, and beyond.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance Counselor, Classroom Teachers, Parent Coordinator, Guest Speakers, Community-Based Organization (Wediko), College & Career Readiness Team.

Instructional Resources

K–5 College & Career Lesson Bank, goal-setting templates, presentation materials, guest speaker honorariums.

Schedule Adjustments

Protected time for student showcases, College & Career Day, and Family Nights.

Other Resources Needed

Student showcase materials, family workshop handouts, and possible small incentives to celebrate student goal milestones.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
PS 155 has seen inconsistent levels of family engagement across grades and demographic groups, with limited participation from families of Students in Temporary Housing (STH), multilingual learners,	Inconsistent, varied platforms for communication (limited	Improve access to communication

and recently arrived migrant families. According to attendance data and participation logs from the 2024–2025 school year, family turnout at curriculum nights and school events averaged 35%, with only 22% of STH families represented.	multilingual outreach and inconsistent digital access) - such as email, ClassDoJo, and WhatsApp	by addressing language and platform barriers
Parent survey results (NYC School Survey 2024) also show that while 68% of families feel welcome, only 41% report feeling like partners in their child's learning.	There are limited structured opportunities for families to directly engage with student learning and school decision-making in a sustained and authentic way.	Develop and implement structures that elevate family voice and build strong home-school partnerships.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of English Language Learners (ELL)	41	By June 2026, PS 155 will increase the percentage of families who report feeling like partners in their child's learning from 41% to at least 60% on the NYC School Survey, by implementing monthly School-Wide Morning Meetings, "Family Share" classroom visits in all grades 2–3 times per year, and launching a Family Advisory Council that includes representation from Students in Temporary Housing (STH), migrant families, and multilingual learner households.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish and amplify family voice in school decision-making, particularly for STH, migrant, and multilingual learner families

Root Cause Addressed:

lack of formal structures for sustained family input and the underrepresentation of STH, migrant, and multilingual learner families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS 155 will launch a Family Advisory Council (FAC). This council will meet bi-monthly and inform school planning by sharing lived experiences, elevating concerns, and making recommendations directly to the School Leadership Team (SLT).

Key Strategy 2 (Optional):

Foster culturally responsive and joyful engagement opportunities that reflect family cultures

Root Cause Addressed:

Limited representation of families' cultural identities in school programming and the lack of student-led engagement opportunities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS 155 will host Family Share classroom events (2–3 per year per grade). These will provide families with structured opportunities to engage in learning alongside their child and celebrate student work, particularly for under-engaged populations.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Meeting agendas and minutes; attendance records; summary of recommendations shared with SLT; documented SLT notes showing integration of feedback; quarterly family satisfaction check-ins

Event calendars and attendance logs; photos and artifacts; post-event family and student feedback forms; teacher reflections in grade team meetings

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Launch a Family Advisory Council (FAC) with representation from STH, migrant, multilingual, and underrepresented families to advise on school planning and decision-making.	Wediko, Parent Coordinator
09/04/2025	06/26/2026	Host monthly School-Wide Morning Meetings featuring student performances, cultural celebrations, and school updates to build community and celebrate family identities.	Wediko, Parent Coordinator

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator to coordinate FAC, workshops, and communication ENL Teachers and Dual Language staff to support multilingual outreach and family events School Leadership Team (SLT) and Equity Team to review and integrate family feedback Community School Director and CBO partners to support programming and outreach

Instructional Resources

HMH Into Reading multilingual family resources Culturally responsive texts and visual displays for Family Share events NYCPS translation services Family engagement toolkits from FACE and NYCPS

Schedule Adjustments

Protected time during monthly PD/Faculty meetings to reflect on family engagement practices Early morning or evening event scheduling to accommodate working families Staggered classroom Family Share scheduling to avoid conflicts for families with multiple children

Other Resources Needed

Modest school budget allocations for refreshments, interpretation services, and materials for family events Anticipated support from Title I Parent Involvement funds Technology access (laptops/tablets) for family workshops if needed. Additional translation and interpretation staff for in-person events Funding for culturally relevant books, supplies, and displays to enhance family-facing experiences Continued partnership support from community-based organizations to extend capacity

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Chronic Absenteeism: According to ATS Reports (Spring 2025), 52% of students are chronically absent (missing 10% or more of instructional days). This rate is significantly higher than the NYCPS average and represents a major barrier to academic success for a large portion of the student population.	While tiered interventions are in place, outreach by Success Mentors is inconsistent and not always impactful enough to re-engage high-risk students. Family outreach often occurs only after multiple absences have occurred rather than proactively.	The school needs to strengthen and expand its tiered attendance systems so that Success Mentors deliver consistent, meaningful outreach to students and families. More proactive communication and early intervention are needed to prevent chronic absenteeism.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 20%, from 52 to 32, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen the tiered attendance outreach system by expanding Success Mentor roles, ensuring proactive outreach, and tracking outreach effectiveness weekly.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify and train Success Mentors; assign mentors to targeted students; launch proactive weekly outreach tracking system.
Redesign the PBIS RISE incentive system to include clear attendance-specific rewards (e.g., daily, weekly, monthly).
Host a family attendance kick-off event to communicate expectations, incentives, and partnership strategies.
Provide PD for teachers to embed daily community circles or morning meetings focused on connection, goal-setting, and celebrating attendance wins.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures:

Weekly Attendance Team meetings to review ATS data and Success Mentor outreach logs, and to adjust supports.
The Attendance Incentive Team will track participation in attendance reward systems and collect student feedback on what motivates them.
SEL walkthroughs and teacher reflection logs will verify that daily community-building activities are in place to boost student connectedness.

Data & Evidence Collected:
ATS Reports on chronic absenteeism trends.
Success Mentor outreach logs and contact summaries.
Attendance incentive participation logs and reward distribution records.
Student surveys to gather feedback on SEL routines and their sense of belonging.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Teacher, Success Mentors, Guidance Counselor, Parent Coordinator, PBIS Incentive Team.

Instructional Resources

Attendance incentive materials and rewards, family communication tools, outreach templates for mentors.

Schedule Adjustments

Protected time for weekly mentor-student check-ins, family phone calls, and monthly attendance celebrations.

Other Resources Needed

Student incentives (certificates, small prizes, experiences), family engagement materials for attendance events.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Reading below grade level	IReady NYS ELA Exam Teacher assessments	Phonics for Reading, Sound Sensible S.P.I.R.E. Wilson Reading System	Small Group One-one- Support	During School & After School	No
Math performing below grade level	IReady NYS Math Exam Teacher Assessments	IReady, IXL	Small Group One-one- Support	During School & After School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Maladaptive social skills with peers and adults.	DESSA Screener, IEP,	Harmony, Play therapy, Harmony, Art Therapy, and Child Therapy Worksheets, and PBIS	Small group mandated group and individual counseling. At-Risk Counseling	During school hours	No
Walking out of class	Teacher Report	Established Goals Incentive Structure	Behavior Plan/Chart	During school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We currently have 119 students in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

During the 2023-24 school year, we will work with our Community Based Organization (WEDIKO) and Parent Coordinator to conduct a needs assessment for our families. This will be conducted throughout the course of the school year.

Based on the expressed needs of our families, we will leverage the support of our CBO and other community based organizations to provide our families with resources and referrals to enhance their overall quality of life.

We will also engage our families with monthly workshops to meet their social emotional needs. We will work with the RSA school community to conduct monthly food drives for our school community as well.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

During the course of the 2023-24 school year, teachers will provide scholars with instructional support three days a week in ELA and Math during after school hours for one hour. They will provide targeted support to students who are performing below grade level in grades 2nd through 5th grade or have school a level 1 or 2 on the NYS ELA and Math exam.

ENL students will be provided with additional academic support by dual language teachers in the area of ELA and Math as well. These session will be conducted on Saturday's for one hour. During the summer session, we will provide academic enrichment for scholars in grades Kindergarten through 5th grade in the areas of ELA and Math.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Teachers will be provided with on-going professional learning support. They will receive on-going academic support in Eureka math, Fundations, Teachers will also engage in weekly grade level meetings where they will review grade level curriculum and differentiate to their scholars academic needs. Teachers will regularly assess their scholars through the use of IReady and provide tiered academic support based on student data. Teachers will be using the Houghton Mifflin Harcourt (HMH) HMH core, intervention, and supplemental programs to support student learning in ELA and Math.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Teachers will work in grade level team meeting three days a week with teacher leaders to review and align Expanded Learning Instruction lessons to core academic subject areas. Additional planning time will be provided to teachers through the use of per-session hours.

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 155 , in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council
as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 155 will support parents and family members of Title I students by: • providing materials and training to help parents and caregivers understand the response to intervention process and learn how to effectively advocate for their children; • providing parents with the information and training on the Individualized Education plan and how to effectively advocate for their children; • provide parents with materials and workshops on how to support their children with their homework and virtual classrooms; • provide parents with materials and workshops on how to understand their child's curriculum focus; • provide parents with social emotional and wellness training and strategies to cope during post pandemic times; • Engage the parents in Respect for All workshops throughout the school year.

Parental Involvement and School Quality

During the 2025-26 school year, we will work collaboratively to increase and improve parent involvement and school quality, the school will:

1. We will work in partnership with our (CBO) WEDIKO, to serve and support our families based on their expressed needs.
2. We will conduct regular with our (CBO) WEDIKO, meet with families to gain insight on how we can further improve our school community.
3. Engage parents in a charrette to review and discuss the quality of services of our school community and the effectiveness of our School Comprehensive Education Plan;
4. conduct parent workshops with topics that may include: parenting skills, social emotional and wellness awareness and support; • engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills; • we will conduct a school-based survey to assess the needs of our parents and provide them with professional development in their desired areas of interest. We will also leverage the support of our parent coordinator. •
5. Conduct workshops on the DESSA survey and its importance to increasing our scholars social- emotional development; • We will host the required Annual Title I Parent Meeting to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA; and
6. We will host school wide events and will leverage the support of our parents in the planning and preparation process (i.e., Mother Figure & Me Event, Valentine’s Day, breakfast with father and father figure, Nutrition/cooking course, Perfect &Improved attendance, and Tech Tuesdays to assist parent in learning the use of technology such as tablets, laptops and applications such as MySchools, NYCSA, and ClassDojo. We will host monthly Coffee and Community meetings to provide our parents the space to voice concerns and/or provide feedback.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

• hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year (i.e., family game night);
• encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
• supporting or hosting Family Day events such as our Festival of gratitude and love, Multicultural potluck, Family easter egg hunt and Winter Wonderland.

• keep our parents informed through the use of our PS 155 monthly newsletters from teachers and our parent coordinator, and ClassDojo
*Hosting Parent appreciation breakfast and acknowledging their presence and support throughout the school year.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 155, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on
assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and
Assessments by:
• using academic learning time efficiently;
• respecting cultural, racial and ethnic differences;
• implementing a curriculum aligned to the
State Learning Standards;
• offering high quality instruction in all content areas;
• providing instruction by highly qualified teachers and when this does not
occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

• conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
• convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be
involved;
• arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or
child care for those parents who cannot attend a regular meeting;
• respecting the rights of limited English proficient families to receive translated
documents and interpretation services in order to ensure participation in the child's education; • providing information related to school and parent programs,
meetings and otheractivities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
•
involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and

Family Engagement Policy and this
Compact;
• providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
• ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
• ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents; • notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
•arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
• planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

• creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
• assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress
by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);

• sharing and communicating best
practices for effective communication, collaboration and partnering with all members of the school community;

• supporting parental involvement activities
as requested by parents and family members; • ensuring that the Title I funds allocated for parent involvement are utilized to implement activities;
• advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

• monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent; • ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
• check and assist my child in completing homework tasks, when necessary;
• read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);

• set limits to the amount of time my child watches television or plays video games;
• promote positive use of extracurricular time such as,

extended day learning opportunities, clubs, team sports and/or quality family time;
• encourage my child to follow school rules and regulations and discuss this Compact with my child;

• volunteer in my child's school or assist from my home as time permits; • participate, as appropriate, in the decisions relating to
my child's education;

• communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;

• respond to surveys, feedback forms and notices when requested;

• become involved in the
development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
• participate in or request training
offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
• take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams; • share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

• attend school regularly and arrive on time;
• complete my homework and submit all assignments on time;
• follow the community agreements and be
responsible for my actions;
• show respect for myself, other people and property;
• try to resolve disagreements or conflicts peacefully;
• always try my best
to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

School-wide Program

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

?? Priority 3: Improving Mathematics Proficiency for Students in Grades K-5
Professional Learning Focus:

Provide ongoing professional development on:
? Differentiated instruction and scaffolding in math
? Using iReady and formative assessment data to drive instruction
? Implementing math talk routines to support conceptual understanding
Facilitate collaborative planning cycles for teachers to analyze student work, adjust instruction, and share best practices.
Utilize math coaches and peer observations to model and support effective strategies.
?? Priority 5: Increasing Parent Engagement in School Meetings
Professional Learning Focus:

Train teachers, parent coordinators, and staff on:
? Culturally responsive family engagement strategies
? Effective communication with multilingual families
? Strategies for making PTA, Parent-Teacher Conferences, and School-Wide Meetings more interactive and welcoming
Provide staff with tools and strategies to support families in navigating school resources and participation opportunities.
?? Priority 5: Strengthening Quality IEPs, SIT Meetings, and RTI Structures
Professional Learning Focus:

Conduct ongoing PD for teachers and support staff on:
? Implementing effective RTI interventions at each tier
? Writing high-quality, measurable IEP goals
? Using data-driven decision-making for SIT meetings and student progress monitoring
Facilitate joint planning sessions between general education, special education, and ENL teachers to strengthen alignment of supports.
Provide IEP workshops for paraprofessionals to ensure they can effectively support students with disabilities in meeting their learning goals.
?? Schoolwide: Culturally Responsive Literacy & Vocabulary Development
Professional Learning Focus:

Align with CRSE (Culturally Responsive-Sustaining Education) practices and HMH Into Reading curriculum.
Train staff in building academic vocabulary and supporting comprehension of informational texts.
Utilize ‘Street Data’ by Jamila Dugan and Shane Safir to guide discussions on student-centered, equity-driven instructional practices.
Alternate between whole staff PD sessions and grade-level team meetings for deeper collaboration.
?? Ongoing Coaching & Data-Driven Instruction
Professional Learning Focus:

Establish data cycles where teachers review and analyze student progress to inform instruction.
Leverage teacher leaders and instructional coaches to model best practices and facilitate peer observations.
Provide targeted PD for paraprofessionals and support staff to ensure alignment with instructional goals.
?? Implementation & Monitoring
Use teacher surveys and feedback to adjust PD offerings.
Conduct walkthroughs and classroom observations to assess implementation of strategies.
Provide coaching cycles and follow-up supports to ensure sustainability and impact.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 155 we make sure our Early Childhood Academy is part of our professional learning community and all families have workshops with all grade levels. We offer workshops for families of our 4k program for a smooth transition and we have our kindergarten teachers collaborate with our Pre-K teachers.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	196,243	X	N/A
Title I, School Improvement 1003(a)	Federal	36,800	X	N/A
Title II, Part A	Federal	30,659	X	N/A
Title III, Part A	Federal	12,182	X	N/A
Title III, Immigrant	Federal	12,182	X	N/A
Title IV, Part A	Federal	4,841	X	N/A
Tax Levy (Fair Student	Local	1,774,385	X	N/A

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Home For Little Wonderers	All Students, Special Populations, and At-Risk Students	Health, Mental Health, Family & Community Engagement, ELT (Extended Learning Time) , Attendance Supports, Side by side,Social emotional support in classroom.	100% of identified students
Creative Art Works	K-5	Enhance community engagement through the arts.	60% of enrolled students
Empower Thru Music	3-5	Provide exposure and access to the arts through music.	50 % of enrolled students

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

In an effort to share leadership and engage in collaborative planning with the PS155 School Community Leadership Team, we will meet with the Principal, Assistant Principal, Parent Coordinator, PTA President, Teachers and students to establish and assess the needs of the school. We will review the data from the 2022-23 NYC Survey and develop next steps by leveraging the support of all of the PS 155 stakeholders. The community School Director (CSD) will attend all SLT meetings. The CSD will engage in weekly meetings with the Principal and Assistant Principal to discuss and plan school wide family engagement events. The CSD, Senior CBO Leadership, Principal and Assistant, and Office of Community School Contract Manager will meet quarterly (3-4 times per year), to discuss community school program models for implementation, allocate funding to further engage in our collaborative planning sessions.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

In an effort to develop an authentic school -family partnership with our families, we will conduct a Community School Forum with our parents to gain a better understanding of their present needs to enhance their overall quality of life and their child's academic progress, social emotional growth, and overall educational experience.

We will work with the parent coordinator to develop workshops for the school year 2024-2025. These workshops will be geared to address our parent's expressed needs. These workshops will support families in navigating online systems, medical, accessing school resources and, government assistant. We will connect families to resources to increase knowledge on self advocacy.

We will also host forums with students to gain a better understanding on how we can improve their perception of the school climate and culture. Our goal will be to increase their awareness to the resources available for Conflict Resolution, Restorative justice, Personal attention and support, Bullying, and Social emotional learning. We will create relationships with other CBO's within the community to further meet the needs of our families to increase their quality of life.

In addition to this, we will survey our families to assess their basic needs for their overall emotional, living, and educational support. Our families will be surveyed during the inception of the school year and at the end of the school year. To ensure the integrity of our data, we will also survey all new admits throughout the course of the school year.

In an effort further build our relationships with families, we will support the PS 155 community by promoting and increasing participation in SLT meetings and ensuring that all materials communicated to families are accessible in all languages. As we strive to foster relationships with our families, we will have an open door policy with our families.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Counselors will conduct individual, group and family counseling to referred students. Counselors will provide and support with observations, collateral contacts, assessments and crisis assistance when needed. Counselors will also collaborate with the onsite SBHC to make referrals for treatment. Individual Counselors will have a caseload of maximum 10 students, at a frequency of 1x per week. Open to the entire student body, as needed. Maximum of 30 students serviced my team.

Consultants will facilitate workshops with teachers on Social Emotional Learning.Consultants will push into identified classes to model and support teachers with newly acquired social emotional learning techniques Counselors will facilitate student groups based on identified areas of need, such as gender-based empowerment groups and living with loss. 2 instructors per grade for a total of 6 instructors, individual coaching,1x month, group coaching 2x month Groups will run in cycles of 6-8 weeks, 1x weekly, until May 2024

Counselors will support identified families through outreach, linkages and referrals as needed. Counselors will collaborate with DOE staff to provide crisis de-escalation support when needed. Counselors will conduct individual, check in and check out to referred students. Counselors will track students' progress in the classroom daily. Counselors will also collaborate with classroom teachers to discuss a plan and strategy to encourage their students' success. Teachers will build positive relationships with their students and be involved in their progress by identifying students' strengths and obstacles that are making it difficult for them to succeed in their classroom.

Counselors will develop and facilitate professional development training for DOE staff based on trauma informed practice and social emotional learning. Counselors will support DOE staff by providing training and increasing knowledge of social-emotional topics, such as trauma and effects of community violence, in an effort to increase classroom management skills, and decrease incident occurrence.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Every Student Every Day: School Administrators, CBO, and other stakeholders will continue to develop the Attendance Team. Attendance Team will meet weekly, and review data to identify targeted students. Key members of the school community will implement the Success Mentor model to support at risk, and chronically absent students. Mentors will check in with students and families regularly to support in tackling challenges around

attendance. School community will work on creating a positive and welcoming, judge free environment. Gains around attendance will be celebrated in tiered levels. Students making gains in attendance will be invited to participate in celebrations and given the opportunity to win prizes. Classes with improved attendance will be awarded monthly prizes. Whole school assemblies will celebrate individual and class gains in attendance improvements.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

During the 2023-24 school year, we will work with the PS 155 Community and Parent Coordinator to conduct a needs assessment for our families. This will be conducted throughout the course of the school year. This will help us to indentify food insecurities within the Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities and their families,

Based on the expressed needs of our families, we will work with PS 155 and other community based organizations to provide our families with resources and referrals to enhance their overall quality of life. We will also engage our families with monthly workshops to meet their social emotional needs. We will work with the RSA school community to conduct monthly food drives for our school community as well.

We will further support the students by pushing into classrooms throughout the course of the school day to provide SEL support and end support. During Afterschool, these same services will be provided in addition to homework help.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Dorothy Sanabria
Assistant Principal (Where Applicable)*	
English as a New Language (ENL) Teacher*	Janice Grullon
Teacher (if school has a bilingual program must be a bilingual teacher)*	Ms. Velez
Parent/Guardian*	
Teacher	
Parent Coordinator	
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

184

Total number and percentage (%) of current ELLs:

88 (47.8%)

Total number and percentage (%) of former ELLs:

7 (3.8%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

80 (90.9%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

8 (9.1%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

11 (12.5%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

8 (9.1%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language	Spanish	2016	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL is implemented following the guidance of CR Part 154. In our school, we implement standalone ENL in both the Dual language Program and the ENL program. Janice Grullon is the ENL Teacher for grades k-5. so she provides MLL students who are in monolingual classes with the mandated minutes according to their proficiency levels. We have a certified Dual language teacher for each grade in kindergarten through fifth.

Bryan Taveras-Kindergarten
Edgar Mejia-First Grade
Rosanna Velez-Second Grade
Concepcion Avila-Third Grade
Mariah Ramirez- Fourth Grade
Lissette Zurita-Fifth Grade

Students work in small heterogeneous groups in which the affective filter is low; hence its conduciveness for second language acquisition. Small group instruction provides students with a safe place to practice their linguistic skills and acquire the English language needed for success in the content areas. This provides all students an opportunity to learn from their more advanced peers. In addition, the ENL program creates groups with other peers of their grade or the next grade as only two grade bands may be mixed.

Integrated ENL:

Students enrolled in the Integrated English as New Language program receive services from both a content-area teacher and a certified ENL teacher. In monolingual classes with ELLs, the ENL teachers, and the classroom teacher co-teach. In this model, a certified ENL teacher works in collaboration with the classroom teacher to provide English instruction using ESL methodology in the academic content areas such as math, science, social studies, and English Language Arts, among other subjects. Teachers co-plan, co-deliver, and individualize instruction for all students in the class.

Students are heterogeneously mixed with the wider school population as well as other ELLs with varied English language proficiency. This setting allows ELLs to interact with a culturally and linguistically diverse group of students. During the course of the year, ELLs in integrated classes are exposed to a variety of reading and writing genres.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The dual language classroom has designated periods where the MLL's are given group ENL instruction.
The target language is Spanish so they alternate days. On non- target language days the certified bilingual teacher provides our MLL's who are not commanding with the mandated minutes as per CR Part 154. They follow the station model so they are working collaboratively in small groups.

Each grade in our school has a dual language class. Research indicates that a student who becomes literate in their native language will transfer those skills to the new language they are learning, in this case English. Students in the DL program are heterogeneously grouped by grade with different English and Spanish levels of proficiencies. Dual language teachers provide rigorous instruction using HMH into Reading and Arriba la Lectura! that support students in building English language proficiency through grade-level content. In this program, content area instruction is taught in both the students' native language and English. All subjects are taught in English three times a week. Spanish is taught on Tuesdays and Thursdays. Dual language teachers differentiate instruction by teaching their students using ESL methodology so they are better prepared to enter a monolingual English class if they choose to. Students in this program become bilingual, bi-literate and bicultural.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our free-standing ENL students receive the mandated number of instructional minutes appropriate to their proficiency levels, as outlined in CR Part 154. All Entering/Emerging level students receive a minimum of 360 minutes of ENL instruction per week; 180 minutes for ENL and 180 ENL/ELA. Transitioning students receive a minimum of 180 minutes; 90 minutes of Integrated ENL/ELA or Integrated ENL/Social Studies. Expanding ENL students are programmed into 180 minutes of Integrated ELA/ENL or Integrated Content Area/ENL. Commanding students receive 90 minutes of small group instruction or integrated ENL/ELA or Integrated Content Area classes.

Our DLBE program also ensures our MLLs receive the mandated number of instructional minutes appropriate to their proficiency levels, as outlined in CR Part 154 and explained above. However, the certified Bilingual Education teacher provides these minutes by providing both whole group and small group English instruction using ENL Methodologies.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Home Language Arts are provided by their dual language teacher with a bilingual certification in grades k-5 using both small groupings and whole group instruction.

All ELL students entitled to integrated ENL instruction will receive the mandated number of minutes as per CR Part 154. Entering students receive a minimum of 180 minutes of standalone ENL instruction and 180 minutes of integrated ENL in ELA. Emerging students receive a 90 minutes of standalone ENL, 180 of integrated ENL in ELA and 90 minutes of integrated ENL in Social Studies. Students who are in the transitioning proficiency level receive 90 minutes of integrated ENL in ELA and 90 minutes of ENL in Social Studies. Students who are expanding receive 180 minutes of ENL instruction in ELA while Commanding students receive 90 minutes of ENL in ELA. ELLs will receive stand-alone ENL instruction designed to support their acquisition of the English language by focusing on all four language modalities and their level of English proficiency. HL support in ENL includes teacher translations or interpretations in the student's Home language. The ENL teacher, alongside the classroom teachers, offer support and scaffolds to ELLs by adding scaffolds such as charts, sentence starters, and pictures to the HMH curriculum. All ELL students receive these mandated minutes from either their General Education classroom teacher or their ENL teacher. Those who are in Dual Language classes will receive instruction in their home language on Tuesdays and Thursdays. Teachers are provided with explicit schedules that include all services indicated in terms of time in which the services are to be provided. Student data is necessary to provide for grouping in the times indicated are also provided to the teachers. Teachers are supervised by administrators who use the schedules to monitor the implementation of the mandated services in all programs. Programming is designed differently in each program model: One ENL teacher follows a schedule to push-in to deliver ENL integrated services in classes she serves, and pulls students out to her classroom for stand-alone services. Teachers document grouping for ENL instruction, through a variety of possible means, such as class schedules, grouping schedules/lists, and the data taken from the RLAT report. This indicates when ENL integrated instruction is provided and Stand-Alone is provided. In these classes, Stand Alone is done though small group instruction, rather than pull-out. In DL classes the Home language is taught through all content areas on Tuesdays and Thursdays. Support is provided as data indicates a need, through Tier II and Tier III options. Small group instructional formats are frequently used, not necessarily for support per se, but as a regular structure for teaching. Groups are flexible to allow teachers to address differentiated support needs.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

English proficient students and ELLs are integrated in Kindergarten-5th grades and are following the one way self-contained model. All of the dual language classes have both ELL students and English proficient students and they have one teacher who switches the language of instruction. Therefore, MLL's are integrated with their English proficient peers 100% of the instructional day.

b. In which language(s) is each core content area taught?

All core content areas will be taught in both languages. Grades kindergarten through second follow the roller coaster model. This means they are alternating between the two languages on a daily basis. However, in grades 3-5, English will be taught three times a week and Spanish will be taught twice a week.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Effective services for Newcomers differ from those provided to Developing or Long-Terms ELLs in the instructional targets. 90.9% of ELLs are Newcomers. Effective services for Newcomers differ from those provided to Developing or Long-Terms ELLs because the teacher will target specific language objectives in order to develop background knowledge. Sheltered instruction targeting the four modalities is most beneficial for newcomers. Differentiated instruction also allows newcomers to tackle and complete their coursework. Another difference between the effective services for Newcomers and those provided to developing or Long-Term ELLs is that they are in a very different stage of language development. Their stage of development will guide the ENL/DL teacher's instruction. Newcomer ELLs in a dual language class will be provided with many more language scaffolds and home language translations than developing or long-term ELLs. The ENL teacher will teach content and foundational phonetic skills simultaneously.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

12.5% of our ELLs are also students with
inconsistent Formal Education.We use the SIFE questionnaire screener and classroom formative assessments as tools to help us assess the strengths, talents and weaknesses that students with inconsistent formal education bring with them. Additionally, we also use the resources provided by HMH into Reading. We value their unique perspective and life experiences, therefore, teachers use their knowledge of students to integrate lessons that are culturally and linguistically appropriate for this particular population.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0.0% of our ELLs are Long-Term ELLs. Developing ELLs are at the stage of language development in which they need sheltered instruction that provides content rich material, combined with rigorous language objectives. Sheltered ENL instruction allows the students to develop language in an environment outside of the general education setting that they can then bring into this setting. Long-term ELLs have passed this stage of language development. These students have retained their ELL status due to issues more generally related to academic achievement. With support, they are able to understand class content, however may lack foundational phonetic skills or the level of deep comprehension to be successful academically and meet standard requirements. Using the NYSESLAT scores, ENL / Bilingual staff can design scaffolds and differentiate instruction in the integrated/ co-teaching setting to target the modalities in question.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

3.8% of our students are former ELLs. The ENL teacher side by side with the gen ed teacher add differentiation to the HMH Curriculum and co-plan together. The progress of former ELLs is monitored for 2 years in the general education setting in order to ensure that the student is able to meet the standards.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

There is a direct correlation between attendance and academic success. ELLs especially benefit from consistent and repeated exposure of content. ELL services are programmed with a scope and sequence the ENL teacher creates. ELLs who are absent will have missed an opportunity for differentiated instruction or sheltered/ stand-alone instruction. The biggest at-risk level is that of the newcomers as they are 90.9% of our ELL student population. Another challenge is that 55.7% of them are currently in temporary housing which also impacts their attendance tremendously as they are navigating challenges such as a commuting, different languages and a different culture.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

57.1% of our former ELLs who scored either a 1 or a 2 in the Math assessment are at-risk. ELLs need the appropriate scaffolds, not necessarilty translations, during math instruction in order to master the concepts. Otherwise, it will continue to be a challenge. Another challenge is that 42.9% of them are currently in temporary housing which impacts their instrinsic motivation. As in all academic successes, consistency is key.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages with the largest representation at our school are, in the following order English, Spanish, Arabic, French, and Soninke. We are very fortunate to have a staff that largely represents our student body. Many of our staff members speak Spanish, one speaks French and one speaks Arabic. The ENL staff and office staff work together to ensure that families who speak a language other than English are given the information and documents in their native language. Because the Spanish speaking community is quite large, the ENL teacher works very

closely with them and with the rest of the Spanish speaking office staff, to ensure that they are supported in any way possible. This includes acclimating Spanish speaking students within the school building; either through instruction or introduction to the school, its staff, and school culture.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Out of 88 ELLs, 37 are classified as Hispanic. Amongst Hispanic Students are a variety of ethnic backgrounds. Based on the information reported by families during the enrollment process, our Hispanic students are ethnically diverse coming from American Indian or Alaskan Native, Asian, Multiracial, Black Native Hawaiian or Other Pacific Islander, White ethnic classifications. Our non-Hispanic students fall largely under the American Indian, Black , and Native Hawaiian or Other Pacific Islander ethnic classifications. All teachers strive to teach through culturally responsive texts that represent their students. We use curriculums informed by Gholdy Muhammad's Cultivating Genius so that students can explore their identities.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Four students met annual progress target but that is about 14.3% of the total progress eligible students. Eight students met ELP sufficient progress. 71.4 % of ELL students did not meet ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Speaking was overall the modality of strength for all grades and this is a trend in the past six years. About 30% of the second graders who took NYSESLAT 2024 showed that listening was their modality of strength.Their second highest modality was writing. Fourth grade was the only grade to include writing as one of their modalities of strength. Reading was not listed as a strength for the fifth grade so they need a lot more support to develop their writing.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Students who performed better on the ELA assessment also scored higher in the NYSESLAT. For example, the four students that scored a 3 in ELA also scored Commanding on the NYSESLAT. Five students who scored in the Transitioning Level also scored a 1 in ELA. Similar to the ELA assessment, the students did not score a 4 in ELA. The first grade students that scored a 1 in the Math assessment also scored Entering or Emerging in the NYSESLAT so it shows a very direct correlation between that of students' performance on the NYSESLAT and other state assessments such as the ELA and Math assessment. Two students were outliers by scoring a level 1 or 2 in the Math assessment yet Commanding on the NYSESLAT.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Out of 4 ELLs with IEPs, 1 scored Entering, 1 scored Emerging, 1 scored Transitioning, and 1 scored Expanding. ELLs with IEPs are similar to students in other subgroups in that their needs are individualized. This means that depending on the needs of the student, their IEP goals, or educational background, there are a variety of factors that contribute to NYSESLAT results. Besides any academic hurdles that these students are working hard to overcome, difficulties in the test format and test taking in general may impact the results for these students. Students with IEPs may have trouble completing the test even if they have test accommodations

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provides ELLs with a high-quality academic experience that leads to deeper learning in several ways. All of our ELLs receive the mandated number of minutes of ENL instruction per week, which takes place through ENL stand-alone instruction and ENL integrated instruction in the core content areas but mostly ELA using HMH into Reading. The ENL teacher and content area teachers co-plan and co-deliver instruction to ensure ELLs are able to receive a high-quality academic experience, which meets their needs and further allows them to deepen their learning. Additionally, our school provides a fully implemented dual language program, which allows students to continue to develop their academic Spanish language skills, while also developing their academic English language skills. Furthermore, our school uses the HMH curriculum for all students, including ELLs. Teachers meet in teams to make this rigorous curriculum accessible. Student learning is also deepened through a variety of high academic experiences, which includes the following: projects, presentations, interviews, and publishing events, all of which involve engagement from other students, teachers, and parents, thereby contributing to a highly enriching educational experience.

Our school ensures we area always working towards a shared mission that always includes our ELLs. Our ELLs benefit from an engaging curriculum that is implmeneted to inspire creativity and joy.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school leadership team (SLT) has a clear vision of how to best support ELLs by providing teachers with staff development to improve their instructional practices; providing students with a safe and inclusive learning environment that fosters strong literacy skills and content-area knowledge.

The Strategic Curriculum Planning Team plans both vertically and horizontally. It focuses on building alignment across grade levels and content areas using the principles from the book "Street Data" by Jamila Dugan and Shane Safir. The focus is on vocabulary development and introducing of rich grade level texts to build knowledge and language skills. They also provide their students with

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the integrated ENL program model, a certified ENL teacher works in collaboration with the content- area teacher to provide integrated language and content instruction. Students receive instruction in English. The ENL and the content area teachers plan lessons purposefully and consistently to make content accessible to all students. Each lesson contains language objectives to address the language needs of ELLs and to afford ELLs the opportunity to engage with complex grade-level texts. In the Dual Language Program model, students of the same home language have the opportunity to learn English while continuing to learn academic content in their home language. Students are heterogeneously grouped by grade with different English proficiency levels as well as different Spanish proficiency levels.

In the Bilingual Program, content is delivered via a shared and coherent curriculum in both languages. Teachers differentiate the HMH and Arriba la lectura to promote transfer of knowledge and skills across languages.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs with IEPs are identical to students in other subgroups in that their needs are individualized. This means that depending on the needs of the student, their IEP goals, or educational background, there are a variety of factors that contribute to academic success. To help them rise above these challenges, all teachers work together with the IEP Teacher to make sure that their student's are given the individualized support their IEPs via grade level content. They target vocabulary development, build background knowdge and use their home language as a resource.

b. SIFE

SIFE students will be provided with the necessary supports to help them transition back into the school setting. School leaders will obtain specialized home language and English language resources, high interest texts, and SIFE kits that address topics commonly weak or absent in the SIFE student's school experience. The school will also provide professional development support to providers who teach and in other ways support SIFE in school, to address topics such as school acclimation, academic and literacy support, oral developmental needs, and socio-emotional support needs. In particular, the socio-emotional component of the SIFE student's experience will receive special attention through a strong family-school connection, and the grouping of professionals who can provide the student with guidance services.

c. Newcomers

Newcomer students range in ability in the home language as well as in English. Newcomers can range from SIFE to academically advanced and already exposed to English. They may be multilingual. Through a profile, teachers will create differentiated instructional plans. A newcomer student profile will be developed by teachers who will, through

interviews and assessments, develop knowledge they will use to teach these students. As with all sub-groups, depending on the outcomes of literacy, oral , academic language, and content assessments, instruction in the home language, if possible, and in English will be differentiated. Differentiation may include providing oral and written sentence frames for different levels of ability, engaging students in vocabulary and cognate instruction, and introducing differences between discourse styles in each language. Students will be encouraged to continue to read and write in the home language as they are introduced to the new language. The BCCP will be used to guide differentiation. As a general statement, Newcomers also typically need to develop basic new language vocabulary and language to navigate their school, home, and community lives in English, if not exposed to these prior to entrance into the U.S. Also, they need to become familiar with the school and classroom routines and cultural expectations in the new country. Teachers will partner Newcomers for their school days, with a speaker of the same home language, whenever possible, and provide guidance to the student for how and when to do and expect activities. Guidance can come in the form of illustrated procedures, graphic organizers, role play, modeling, and collaborative work. Teachers will take time to assure the Newcomer is welcomed by others and appreciated in the classroom and school community, by peers and colleagues. Teachers will alert staff outside the classroom to the need to provide support to the Newcomer when s/he is not in the teacher's presence. Teachers will focus on these topics with parents and caregivers so that the families can be supported in understanding their Newcomer children's experiences in school.

d. Long Term ELLs

Long Term ELLs are a widely varying group of students that research has struggled to define with a set of attributes. In general, they have been in US schools and have been exposed to English for more than 7 years. Their characteristics and needs are highly variable, so as a first step the school will include in the student profile, assessment activities that will identify some of the reasons for the student's long-term ELL status, to target the possible areas of support needed. To differentiate instruction, teachers will be made aware of the long-term status so that they specifically look for risk factors and strength areas on which to capitalize. Teachers who use tools such English and Spanish classroom assessments will be able to identify some areas of concern, and in classroom assessment investigate these further, and also reveal student strengths. In general, students who are long term ELLs usually need high support in the development of both academic language and content knowledge, but may possess hidden skills acquired from life experience that go unacknowledged in school, although they may be useful. Differentiation of instruction will focus on academic language and content knowledge as a baseline of support, and be designed to leverage the student strengths where they may be. Beyond these areas, as guided by the student profile, and the classroom assessments, teachers may also need to engage families more often and provide specific support for home, and counseling support. In addition, this population is at times maligned as not conforming to common beliefs about language and cultural practices and must be supported to see themselves within a framework of empowerment in the classroom. This means that what is also needed are: 1) teacher awareness of cultural and linguistic differences, 2) rejection of a deficit mindset.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

****
How ENL bilingual certified teahers participate in the IEP meetings?
What systems and structures are in place in place to do quality checks for the implementation of IEP's for ELLs?
What systems and structures are in place to ensure IEP and ENL goals are met?
What systems and structures are in place to support collaboration in the school.**********

Within the core instruction, especially with HMH Curriculum, there are built in ELL supports and built in scaffolds that allows students who are ELLs with IEPs to remain in their classrooms and still receive the supports and services

that they need such as the tabletop minilessons. All teachers including the ELL teacher, the IEP teacher and the service provider read the IEP's to ensure that their management needs are met and integrated into the least restrictive environment. In addition, the ENL/Bilingual Teachers participate in all IEP related meetings. Admin meets with Teachers to discuss data collection strategies and how they impact student acheivement.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

For all instructional programs there are some universals: HMH Into Reading is used to support both English and Spanish language development in all grade bands which is also used to assess both languages. These approaches are taken across languages of instruction. HMH taps into developing literacy and academic oracy through Shared Reading, and classroom discussions.

In ENL, the home language is used for support as well as different strategies are used to support students.

ENL Program: Integrated format Integrated ENL instruction is provided in all content areas. The classroom teacher and ENL teacher coordinate to provide Next Generation Standards based instruction. The teacher is primarily responsible for planning instruction, and the ENL teacher provides ELLs with support for the language demands of all tasks. The ENL teacher uses the Bilingual Progressions as a guide.
ENL Program: Stand-Alone format Stand-alone instruction in ENL is used to provide language development opportunities in the form of additional focus on specific language for grade-level ELA and/or content area tasks. Through language development techniques, ranging from sheltering strategies, to explicit instruction in language features, ELLs receive instruction in necessary language to be able to engage in classroom tasks successfully. The language of instruction is English.
In both formats, teachers use research based best practices, such as, but not limited to, scaffolds, like grouping for instruction to co-construct understanding; they may engage students in differentiated activities to build content and language knowledge, use visuals, and provide written scaffolds for speaking and writing; they may provide guides for reading or listening activities. Teachers may also use techniques such as TPR, role plays, or other ENL strategies, to build language proficiency, reinforce comprehension, and provide structured support for future independent language production. The teacher may also provide home language support verbally. This may be in the form of providing an anticipatory set, or introductory segment of the lesson introducing the students to a concept that will be taught, and language that will be the focus, prior to teaching the lesson in English. It may also include conferring for the purpose of ascertaining what the student understands, or in what areas students may need additional information to continue to perform a task. The teacher may also use home language resources, such as texts or written graphic organizers, and cognate charts. Home language support may also be provided by encouraging collaboration between students sharing a common language.

Dual Language:
The Dual language programs at PS 155 foster bilingualism, biliteracy, enhanced awareness of linguistic and cultural diversity, and high levels of academic achievement through instruction in two languages, English and Spanish. The Dual language program provides all language arts, content area, and language development through the school-wide approaches in English, and through the adaptation of these in Spanish. In grades k-2 they follow the roller-coaster model where they begin with one language and end the day with a different language. In grades 3-5, all subjects are taught in English three times a week. Spanish is taught on Tuesdays and Thursdays. Dual language teachers also employ the same kinds of comprehensibility supports and supports for language production that ENL teachers provide, but they do so in two languages. Dual language teachers differentiate instruction by teaching their students using ESL methodology so they are better prepared to enter a monolingual English class. Students in this program become bilingual, bi-literate and bicultural. cognates, supporting students in seeing and identifying language patterns, allowing students to respond in their home language. Looking at language/sentence patterns and

chunking these ideas within the text. cognates, supporting students in seeing and identifying language patterns, allowing students to respond in their home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

(N/A)

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

******HOw do teachers plan and collaborate with classroom/content area teachers for the planning and implementation of intergrated services?**********

Our school wide system entails having planning time once a week so that ENL teachers and General Education classroom teachers can collaborate and coplan to ultimately codeliver the lessons.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

****how teachers are supported in implementing the curriculum
Giving bilingual teachers PD relevant to supporting their ELLs****

In 2025-2026 teachers in PD will be supported to collect, analyze and use ELL assessment instruments and data. Specifically, teachers will be learning to interpret and adjust instruction using student data through the study of Driven by Data, by Paul Bambrick-Santoyo (potential). Teachers and other staff continue to learn or review the purpose of each instrument, how to collect the data effectively, how to triangulate and analyze data, and about what teaching actions are implied by the outcomes. Administrators and support staff will apply what is learned to make programmatic and/or school-wide adjustments.

At the beginning of the school year the Respect For All Liaison will provide a training around all chancellor regulations around social-emotional regulations. Later in the year, teachers will receive professional development around Sanford Harmony Curriculum. Teachers will continue to implement and revise their practice around Mood-Meter. Lastly, guidance counselor will prepare staff for anti-bullying week (in October) and Respect For All Week (in February.)

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154

(15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The Principal and ENL teachers will continue to send out emails with information regarding professional development that offers CTLE hours.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Aside from NYSESLAT, I-Ready and Acadience are the most reliable screening assessments that help us guide our instruction.

Writing in the Home Language and in a New Language:
Writing is assessed in both languages using HMH Into Reading assessment tools for pre and post-unit. Teacher-Team Created End of Unit Assessments for Writing are used to assess student writing in English and Spanish as home languages.

Content Areas:
Unit assessments are used in Eureka Math and Amplify Science to assess content learning in both English and Spanish languages. Informal Checks for understanding are used in Shared Reading. We also use I-Ready (Math) for grades k-5.

We use the data to help students who are struggling with specific areas of language development and offer intervention to directly support them in those areas.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

ENL and Dual Language teachers will enhance English language instruction in students in their supplemental afterschool program.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school's RTI framework is a 3 tier approach. At the start of the school year we review data from state exams, Acadience, I-ready and unit ELA assessments. Based on the data, we determine the needs of each student and plan appropriate instruction. The first tier of intervention begins with high quality research-based Tier 1 core instruction.

Teachers plan and deliver instruction to ELLs using ENL methodology that promotes academic language development. Our staff also differentiates instruction as per students' language proficiency level, learning styles and current level of academic performance. The ELL team examines achievement at the class level and periodically measures students' progress to identify the competencies that need further intervention. If after receiving high quality Tier 1 instruction, ELLs do not show sufficient progress on specific skills, they are provided with additional intensive targeted intervention. The RTI Team meets monthly or as needed to review student progress and assess whether the intervention provided meets the needs of the student. Based on this data, The RTI Team determines whether the student continues to receive Tier 1 instruction or receives Tier 2 or Tier 3 intervention.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

In order to measure student academic growth, The NYC Measures of Student Learning (MOSL) Performance Assessments in English Language Arts (ELA) is administered to students in September to establish baseline scores for our students. This assessment is administered at the end of the school year to measure student growth in ELA. In addition, the school uses iReady, NYSESLAT and ELA data to measure ELLs' literacy development.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our ELA curriculum, HMH into Reading, provides teachers with the same lessons and assessments in both English and Spanish. This ensures that students are continuously being evaluated in their home language and given the opportunity to further literacy development in their home language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Spanish LAB as a baseline for first time admits, who have been administered the NYSITELL and have been identified as ELLs and speak Spanish as a home language. New York State ELA, Math, Science (Grades 3-8) and the grades K-8 New York State English as a Second Language Achievement Test (NYSESLAT) assessments are routinely used to obtain summative achievement data. English is the language of assessment for all ELLs taking the ELA, and other languages are used, depending on the student, and available resources, in Math and Science. The NYSESLAT measures student progress toward English proficiency in English as a new language. These assessments inform measurement of adequate yearly progress (AYP) for the school, assist in promotional decision making for students, and are a key resource in school planning for the upcoming school year.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the

assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

We have dual language teachers administering the NYSESLAT in each grade band. We also have the following teachers available to proctor tests for students who have special testing accomodations:

Ms. Gill: IEP Teacher
Ms. Grullon: ENL Teacher

Ms. Grullon and Ms. Gill will makeup sessions with students who have missed instructional time due to NYSESLAT testing.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former ELLs receive necessary accommodations for state assessments. All teachers have in-depth knowledge of students' IEPs. Teachers access SESIS online to review current and former ELLs IEPs in order to ensure that accommodations for state examinations are provided. During the state examinations, the testing coordinator prepares each examination for students by identifying and listing the specific accommodations that current and former ELLs receive. Depending on the accommodations, some students may be placed in a separate location, have the test read, unlimited time, etc. Teachers proctoring the state examinations are fully informed about the testing accommodations for current and former ELLs in writing. Teachers administer all state examinations with the appropriate accommodations for all current and former ELLs.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

As per CR Part 154, our school ensures families of ELLs are provided with the required meetings, as well as receive the necessary translations/interpretations in their preferred language. Translations and interpretations are done through the Office of Language Access, which conduct over the phone interpretations, as well as through the bilingual staff at our school. Furthermore, our school conducts a parent orientation to all parents of newly admitted English Language Learners in a group setting at the beginning of the year. Thereafter, we conduct individual parent orientations with parents of newly admitted English Language Learners as they are admitted throughout the year. The ENL coordinator, teachers, and parent coordinator schedule these meetings with parents. Attendance is taken at the meetings, which is then kept on file with the school. Parents also sign and date the survey and attendance form, which serve as evidence of the meetings. During the meetings, staff inform the parents of the three ML/ELL program models available to their child, which include: Transitional Bilingual Education, Dual Language Bilingual Education, and English as a New Language. With regard to our school, we specifically offer Dual Language Bilingual Education (in Spanish) and English as a New Language. Though we do not offer Transitional Bilingual Education at our school, we inform parents that they may still select this option and be placed at a different school that offers it. Moreover, we explain each of these options in detail so that parents can be fully informed about each program before making their decision. We indicate that through the Transitional Bilingual Education program, the student will learn and develop English language skills in listening, speaking, reading, and writing, but also receive instruction in the core content areas in their home language. Our staff also explains that in the Dual Language Bilingual Education program, students will be able to become bilingual, bicultural, and biliterate as they receive instruction in both their home language and in English. We also explain that instruction in each language takes place during different days of the

week. For example, we inform parents that one day instruction will take place in Spanish, whereas the next day instruction will take place in English. We further explain that through this model, students will develop academically in both their home language and in English since they receive instruction in both languages simultaneously. In addition, we explain that students will still remain in the program even if they score at the commanding level on the NYSESLAT. Lastly, we also inform parents that in the English as a New Language program students learn English with a certified ENL teacher alongside students from various language backgrounds. We indicate to parents that instruction is fully in English, but that students will also receive stand-alone instruction with the ENL teacher, as well as integrated instruction in the core content areas with both the content area teacher and the ENL teacher. Though we discuss this information in great detail, we also show parents the New York State Education Department's Parent Orientation video in their preferred language and hand out the "Guide for Parents of ELLs" brochure, which we review with them.

Additionally, during the ELL Program Orientation, we also communicate to parents about the school expectations for English Language Learners. As we provide rigorous instruction in each of the four modalities and collect data throughout the year to assist in optimal planning, students are expected to demonstrate progress yearly through moving up levels in the NYSESLAT. Our staff also reviews with parents the Next Generation Learning Standards in each of the content/grade levels for their child. Parents receive a printed document of the Next Generation Learning Standards as the staff explains each aspect of it. We also provide parents with in-depth information on assessments our school uses, including online programs, such as iReady, which tracks student progress in several important areas throughout the school year, as well as provides supports for students to improve in areas of need. We inform parents that they will have access to student data reports, including reports from iReady, thereby informing them of their child's progress.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our staff conducts Annual Individual Meetings with parents throughout the school year. During these meetings, which are conducted in the parents' preferred language through the use of interpretation and translation provided by the staff and the Office of Language Access, parents receive information about the goals of the program, student progress in language development, language proficiency assessment results, and language development needs in content areas. Teachers meet one-on-one with parents to discuss the goals of the particular program their child is enrolled in. They discuss their progress and development in English by referring to student data, assessments, and other student reports. Teachers explain to parents the structure of the NYSESLAT by stating that it is an achievement test to determine English language progress and proficiency. Teachers explain the different achievement levels: entering (beginning), emerging (low intermediate), transitioning (intermediate), expanding (advanced), and commanding (proficient). Parents are informed that the commanding level indicates that their child has tested out of the program, though they will still receive English language services for an additional two years. Teachers review with parents the child's score and level on the NYSESLAT. For example, teachers discuss how the student did in each of the four modalities: listening, speaking, reading, and writing. Teachers explain that the student must achieve an overall passing score in each of these modalities in order to test out of the ENL program at the commanding level. However, teachers also review progress made in each subtest, as well as areas of need that the student must address to make further progress. Teachers also meet with parents to review data with regard to language development from the following programs: iReady, Acadience, and HMH for English Language Arts; Amplify for science and Eureka for math. Lastly, staff also reviews the results of other state assessments, such as the New York State English Language Arts Examination, New York State Mathematics Examination, and New York State Science Examination. These meetings include sign-in sheets that include the parents' full names, signatures, and date of appearance. The sign-in sheets are kept on file with the ENL department as evidence of the meeting.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

PS 155 is committed in continuing to develop solid foundations around parental involvement. We believe that families, teachers and dxschool leaders should be involved in order to make education a collaborative effort between home and school. We will provide engaging and entertaining workshops for the families of MLs /ELLs. This series of workshops will inform parents of additional important topics concerning the education of their children. Parents will be notified about these activities via Classdojo and a school mailing prior to each session. Translation will be provided in notifications and in the workshops. During the first workshop, the P.S. 155 staff will help them get acclimated to the school such as receiving help to register for class dojo and learning about their rights. With the help of our CBO, Wediko, we will also provide our families of MLs/ELLs with parenting journey and child development workshops. • providing materials and training to help parents and caregivers understand the response to intervention process and learn how to effectively advocate for their children • providing parents with the information and training on the Individualized Education plan and how to effectively advocate for their children • provide parents with materials and workshops on how to support their children with their homework • provide parents with materials and workshops on how to understand their child's curriculum focus • provide new New Yorkers with social emotional and wellness training and strategies to cope with the changes • In addition to these workshops, families of MLs/ELLs will have the following workshops: October 2025: What is reading fluency? Why is it important? How can I help my child at home with reading fluency? December 2025: Reading with the stars! Students will have a publishing party to celebrate the holidays. Parents will have the opportunity to see their children develop
fluency in their reading.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our Parent Coordinator, Monique Stevenson, and our CBO, Wediko, use the results from the community school forum to determine the needs. Specifically, families of MLs/ELLs also fill out a needs survey where they can share the areas they would like more support in. They are always available thanks to their open door policy.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Families of MLs/ELLs are aware of family leadership opportunities such as the Parent Association, School Leadership Team and the Community Education Council. We inform them of these opportunities via Class dojo messages, flyers sent home in their home language as well as word of mouth. The Parent Coordinator and other stakeholders remind parents as they arrive of the approaching deadlines and/or opportunities to either run or vote for vacant positions whether in the SLT or PA. We give them the opportunity to volunteer before events so that they are included in all processes.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We are fortunate to have a partnership with our CBO, Wediko. We will work collaboratively with Wediko, to provide an array of resources that will help our families successfully support their child's attendance, academic and social emotional growth, and build a stronger family/school community. Wediko's staff represents the language that the majority of our ELL population speaks: Spanish. They are able to support them in their home language and have meetings with the students parents to communicate any areas of strengths, growths and overall progress.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our Language Allocation Policy supports our Multilingual and English language learners by providing them with small group supplemental instruction fostering both linguisitic proficiency and academic achievement. To develop strong connections with our students, especially those from historically underserved backgrounds, we prioritize cultural responsiveness and take time to understand their unique experiences and identities. It's crucial to recognize and celebrate the diverse strengths each student brings to the classroom while addressing any biases and ensuring fairness in all aspects of teaching. As ENL and Dual Language teachers in East Harlem, we embrace cultural responsiveness by learning about our students' languages, traditions, and backgrounds. We incorporate their stories into lessons to foster a sense of belonging and empowerment.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Six members make up the ELL Identification Team. It consists of one ENL teacher and five dual language teachers.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school follows the NYC DOE Policy & Reference Guide for MLs/ELLs for identification of English Language Learners (ELLs). When students are admitted to our school, we first check student enrollment status. If the student is a first time admit, we initiate the ELL identification process. We determine if the student is a first time admit by verifying whether or not the student already has an OSIS number on file, as well as if their prior school is outside of New York State. In addition, we also initiate the ELL identification process if a new admit already has an OSIS number on file and has not been in a New York State school in over two years. In other situations, such as if the student is transferring from another school within New York State or from a school within the New York City Department of Education, we contact the prior school to request the Home Language Identification Survey (HLIS) and other documents. A new Home Language Identification Survey is only used for students that have not been enrolled in a New York State school for more than two years. After determining that the ELL identification process is necessary for a new admit, we conduct the Home Language Identification Survey (HLIS) and the student interview. Through this process, we are informed of the student's home language. If the student's home language is English, the ELL identification process ends at this point. However, if the student's home language is any other language, the process continues. The in-depth interview and screener assessment are also used to determine eligibility for the New York State Identification Test for English Language Learners (NYSITELL). Moreover, at this point in the process, we also identify if the student has an Individual Education Plan (IEP). If this is the case, then we will contact the Language Proficiency Team (LPT) to further assess whether or not the student is eligible for the NYSITELL. Once NYSITELL determination has been made, we file the decision in the student's cumulative folder. If the child is not an ELL, then they will be removed from the ELL category via ELLO-A or ELLO-B on ATS. Once eligibility for the New

York State Identification Test for English Language Learners (NYSITELL) is made, we then formally assess the student by administering the NYSITELL. If the student scores at the commanding level, we inform the parents/guardians by providing them with a non-entitlement letter in the parent's preferred language. If he student does not score at the commanding level, we then inform the parents/guardians by providing them with an entitlement letter in the parent's preferred language, which indicates that their child is eligible for English Language Learner (ELL) services. If the student's home language is Spanish, we then conduct the Spanish Language Assessment Batter (LAB). With regard to newly admitted English Language Learners, we determine Students with Interrupted Formal Education (SIFE) status based on the the parent's responses in the Home Language Identification Survey (HLIS), student interview, results of the New York State Identification Test for English Language Learners (NYSITELL), the New York State Education Department (NYSED) Students with Interrupted Formal Education (SIFE) Oral Interview Questionnaire, NYSED Multilingual Literacy SIFE Screener (MLS), and SIFE Writing Screener. We also review available student work. Once the previous steps have been completed, we then conduct the Parent Orientation Meeting (ENL/Bilingual Information Session) with the parent/guardian. At this time, we inform parents/guardians of the available programs
for their child: English as a New Language (ENL), Dual Language (DL),and Transitional Bilingual Education (TBE). Our school offers English as a New Language and Dual Language. However, we inform the parent that it is their choice and that they may request a school that offers the Transitional Bilingual option if that is what they prefer. In addition, we provide the parent with a brochure about the programs and show them the New York State Education Department (NYSED) Orientation Video. We also communicate to them all pertinent information about the programs, state standards, curriculum, assessments, and school expectations. The meeting will be conducted in the language of the parent's choice. Interpretation services are provided by the Office of Language Access (OLA). Once a parent makes a decision on the program for their child, the school places the student in the program of the parent's choice. The program placement is made in STARS. Staff ensures that the student receives the minimum number of minutes according to the student's level. The student is also programmed for stand-alone ENL and integrated ENL based on grade and proficiency. Lastly, a placement letter is provided to the parent/guardian in their preferred language.
The entire ELL identification process is conducted within the required 10 school days of enrollment of the student, with the exception of students with Individual Education Plans (IEPs), in which the process will be conducted within the required 20 school days of enrollment. Both English as a New Language (ENL) teachers and Bilingual Education teachers are trained to conduct the ELL identification process, as well as other certified teachers, which form the ELL identification team. Furthermore, the school produces an ELL identification team schedule for members of the team to be contacted to conduct the ELL identification process when a new student enrolls in the school. The schedule allows for available teachers to conduct the process when they are not teaching. Due to the number of teachers trained in the process, this allows flexibility so that students do not miss instruction. However, in the possible event that instruction may be missed, the school provides substitute teachers to continue instruction in order for students to continue to receive their mandated ENL/bilingual instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Monique	Stevenson	Parent Coordinator - Annual	05/29/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
Arabic	6	2.58%	6	2.58	0	1
French	6	2.58%	6	2.58%		1
English	81	34.76%	80	34.33%	18	18
Spanish	140	60.09%	141	60.52%	10	10

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School Calendar	In house translation in Spanish. Translations in Arabic, French, and Spanish will be conducted using our vendor School Calendar Lingualinx. Lingualinx provides translations for student-specific documents and for documents that are beyond the DOE nine-covered. The Office of Language Access for general parent-facing documents in the nine covered languages.
School Notifications	In house translation in Spanish Translations in Arabic, French, and Spanish will be conducted using our vendor Lingualinx.
Special Education and ELL Related Documentation	In house translation in Spanish Translations in Arabic, French, and Spanish will be conducted using our vendor Lingualinx.
Extra Curricular Activities	In house translation in Spanish Translations in Arabic, French, and Spanish will be conducted using our vendor Lingualinx.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The school will ensure that all staff members receive an email and a physical copy of the document "Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents.

We will turn-key information to school personnel as future language access resources are made available.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Welcome poster will be located in the main entrance of the school. The Parents Bill of right will be sent home at the beginning of the school year a nd copies will be made available upon registration. The Parents' guide to Language access is available in the main office. The Language ID Guide is available at the security desk and in the main office.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Teachers send a Google Form Parent Survey to assess language preferences of the parent community for both written and oral
communication. This is used to ensure that the school is meeting their language needs and to identify any areas of improvement. In the survey, we ask parents if they have received phone calls, school notices, and translation for school events in their preferred language. We also provide an open space where parents can provide feedback regarding the translation services provided by the school.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

45

Grades to be served in this program. Select all that apply.

,K,1,2

Total number of teachers in this program:

3

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S 155 serves a total of 184 students in grades k-5. Of that number students (47.8%) are identified as ELLs, including those who are identified as commanding former ELLs entitled to English as a New Language Services. This school has a Dual Language program spanning grades pre-K to 5th. Students in all grades also receive stand-alone ENL from an ENL teacher. Although there is a great need to provide supplemental academic resources for all ELL students, the Title III supplementary program will be used to provide our students of three proficiency categories the additional support. This is explained below. The After School Program: The Title III program that will be implemented in afterschool for academic supports for MLL/ELL students in grades k-2. This program engages students in purposeful dialogue and reading experiences in a format that makes content and language more comprehensible, encouraging growth in English as a new language. Through small groups students will improve reading in English, particularly in fluency, a key area of reading development needed for reading after students reach early reading levels. This program aims to provide our multilingual learners with opportunities to boost their reading and writing by creating a newsletter.

Dual Language and English as a New Language teachers will provide small group instruction. This approach ensures personalized attention and tailored support to meet the learning needs of each student. Each small group will consist of a maximum of 8 ELLs. The program will run twice a week for 1-2 hours per session. Regular and extended sessions provide sufficient time for meanful engagement, practice and progress in language learning. A unique aspect of the program involves creating a newsletter where ELLs share their personal journeys from their home countries to the United States. This initiate promotes cultural understanding, empathy and community among students, teachers and families.

The overarching goal of the program is to enhance English language, skills, acadmic acheivement, and social integration for ELLs. Opportunities for public speaking and development of complex ideas offered by the program will boost the academic language development these students will need as they enter later grade levels.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The majority of MLL/ELL students in grades kindergarten, first, and second graders fall into the entering/ emerging category; there are a few in the transitioning and expanding categories. We have received a large number of newcomers in our school building. To address this, Title III support will target students at in grades K-2, so that they can have an opportunity to accelerate their English acquisition. The intended consequence is that students exit ELL status prior to reaching 3rd or 4th grade. Academic language is necessary for school success and a significant

challenge for MLL students especially in the higher grades. NYSESLAT (2025) modality analysis reveals that all students in grades kindergarten, first, and second need to improve in all modalities. Due to the broad grade level range, the intervention must impact literacy and oracy. Oracy is a critical support to literacy as an ELL. By fortifying academic literacy and academic language, students will improve their general academic knowledge and habits as they acquire English with closer guidance than that which they can receive in the classroom during the weekdays. Finally, based on reading data from their classroom teacher's assessments MLL/ELLs kindergarten, first and second graders are selected to participate in a program that provides supplemental academic services specifically for MLL/ELLs in building academic skills and literacy. Selected students will be those working at early and transitioning reading levels, and those at extending levels where fluency has been identified as an area needing strengthening.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Selected ELLs in grades kindergarten, first and second grade will be the focus.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Schedule: The program will be held Tuesdays and Wednesdays and from 2:30 to 3:30 or 2:30-4:30. The duration will be 35 sessions and will be taught by a certified Bilingual Teacher or a certified Common Branch.

The focus will be building vocabulary, identifying letters/sounds, and learning how to blend and segment.

The language of instruction will be English with support in the home language when needed.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English will be the language of instruction with Spanish support whenever needed.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Three dual language teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Fundations basic kit for phonemic awareness and initial blending/segmenting.

These materials will be purchased by the Title ELL funded program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Each teacher will have a roster to check off students for attendance.

We will keep evidence that parents have been informed of the supplemental program (named Title III) such as copies of dated, translated letters sent to parents.

In addition, we will keep copies of any school-developed needs assessment surveys for parents/families.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

To ensure MLL/ELL students' literacy, oracy and academic language are targeted areas of focus in their intervention programs and in classrooms, the teachers in the Title III program will participate in professional development. On Mondays the teacher will focus on one of the two major aspects addressed by the program.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Due to the high number of ELL's it is crucial to establish a robust and sustained professional learning series. Our evaluation of NYSESLAT data from 2025 revealed that our newcomers require repeated and explicit instruction, so our teachers will receive professional development to enhance their strategies for multilingual learners, enabling them to better address the specific needs of these students. The professional development sessions will fous on differentiation strategies and techniques to support all students at PS 155. They will also support in the creative writing process to ensure that all teachers have the necessary skills to guide our students in the creation of their own newsletter via an online graphic design tool. Additionally,the school's MLL Lead will attend the Manhattan Borough Office's monthly Professional Learning Opportunities. This information will then be turnkeyed to benefit the entire school community.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers have ELL's in their classrooms, therefore this PD will be available to all teachers.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The duration will be one Monday a month.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

ELL Instructional Strategies: PD focused on effective instructional strategies, specifically tailored for ELLs, such as sheltered instruction techniques, scaffolding, and differentiated instruction.

Cultural Competence: PD focused on developing cultural competence and sensitivity in the classroom to better understand and support diverse student populations.

Professional Learning Communities (PLC) : where teachers collaborate with the PD facilitator and share experiences to discuss best practices in teaching ELLs.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

WESTED- offer biweekly PD to provide teachers of MLL's on English Language Arts.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We will keep copies of all log in sheets during each Professional Development Session.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

PS 155 is committed in continuing to develop solid foundations around parental involvement. We believe that families, teachers and school leaders should be involved in order to make education a collaborative effort between home and school. This series of workshops will inform parents of additional important topics concerning the education of their children. Parents will be notified about these activities via Classdojo and a school mailing prior to each session. Translation will be provided in notifications and in the workshops.

With the help of our CBO, Wediko, and Vibrant we will provide our families of MLs/ELLs with monthly "Parenting Journey" and"Child Development" workshops. These workshops will include:

• P.S. 155 staff will help them get acclimated to the school such as receiving help to register for class dojo, highlighting the importance of attendance and learning about their rights.
• providing materials and training to help parents and caregivers understand the importance of implementing routines.
• providing parents with a workshop all about employment opportunities and information regarding financial literacy.
• providing parents with social emotional and wellness training to help reduce stress.
• providing an opportunity for community building via a painting session
• providing them with the tools and information needed to empower the women to thrive in the home and in the workplace

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Due to the high number of ELL's in PS 155, we want to make sure we service not only our scholars, but our families to provide a welcoming, affirming and supportive environment for our families. The Parent Engagement Activities were based off of the Parent Survey that our Parent Coordinator created.

There is live link of the parent needs survey on the school website.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The parent engagement activities are typically on Tuesdays or Wednesdays from 8:30-9:30 am. The informational sessions are offered again in the afternoon from 2:30-3:30pm for parents who were unable to attend during the morning session.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

In addition to the family engagement activities below, we offer parents technology workshops where they will be given weekly time on Tech Tuesdays to learn the basics on nagivating essential websites like Classdojo, and Myschools Accounts. This will be communicated on a weekly basis via classdojo and email.

October: Our workshop this month focused around supporting parents on how to implement daily routines for their children using visuals and how to transition between activities effectively. This was followed by stress management activities that can be incorporated to allow for mental breaks using yoga mats and yoga blocks which went home with them.

November: Parents will become familiar with health insurance options. This workshop will be provided by Market Place. In addition, we will have an Anti-Bullying Workshop led by Wediko. Parents will receive certificates for Perfect Attendance to acknowledge

December: Urban Upbound will provide our parents with employment opportunities, financial literacy and ESL Classes.

January : Wediko will be leading a workshop focused on self-care and stress management. During this month, we will also begin an eight week nutrition program where parents will be given low cost nutritional recipes. Upon completion, all participating parents will receive a certificate of completion.

February: During this month's workshop, community building is the focus as our parents will be engaged in a family event where they will paint and make connections with other parents.

March: Women's Career Day will be celebrated by the organization Dress to Success as they will empower women to achieve economic independence by teaching them how to dress professionally and giving them the tools they need to thrive both at home and in the workplace.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Ms. Monique Stevenson, Parent Coordinator and Ms. Erica from Wediko.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified about these activities via Class Dojo flyers, and email. Translation will always be provided in notifications and in the workshops.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will keep log in sheets of parents' attendance for these workshops.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):
