Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

THE BILINGUAL BICULTURAL SCHOOL/ PS 182

District Borough Number (DBN):

04M182

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Yazmin Perez	Principal or Designee*	
Carmen Rodriguez	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Kathryn Schierberl	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
na	District Council 37 (DC 37) Representative (staff), if applicable	
Gloria Burgos	Title I Parent Advisory Council Chairperson (or alternate)	
na	Student Representative (Required for middle and high schools)	
na	Student Representative (Required for middle and high schools)	
na	CBO Representative, if applicable	
Mary Torres	Member/UFT	
Karla Alexander	Member/UFT	
Marissa Lamarca	Member/UFT	
Diana Cortes	Member/Parent	
Crystal Montalvo	Member/Parent	
Gloria Burgos	Member/Parent	
Alexander Kidder	Member/Parent	
na	Member/	
na	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

We will develop a school that is highly regarded for its dedication to equity and accessibility, attention to technology, and contributions for developing strong communities. We will do this by engaging students in rigorous learning opportunities that provide entry points to learning and accessibility to resources. We will ensure to foster a supportive learning environment where students are safe and advocate for equity and accessibility as a tool to foster academic, social and emotional growth.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Bilingual Bicultural Mini School is a small school with a focus on developing students that are highly regarded for their high academic capabilities and social-emotional intelligence. We have a highly developed Dual Language education program where students acquire grade-level skills in English and Spanish. In addition to this, we have a well-established special education program, to provide services to differently abled students. We are located in East Harlem and proudly serve 298 students across 3K-5. Our student demographic consists of 98% Hispanic and 2% African American. Our student population includes a high number of identified students classified as Multilingual Learners (45%). Our MLL students represent various Caribbean Islands and countries across Central America and South America. Our students represent unique cultures including the Mixtecos who speak Spanish and Mixtec. We proudly serve students in 3K, Pre-K, and grades Kindergarten to 5.

Based upon Instructional Rounds, Data-Driven Discussions, and Classroom Observations, we have recently revised our Theory of Action in English Language Arts: If the principal develops the capacity of Literacy Design Collaborative (LDC) leaders through cycles of collaborative inquiry, the LDC leaders provide training focused on deepening their understanding of highly effective and profoundly impactful pedagogical practices, thus ensuring equitable practices across all classrooms. Literacy Design Collaborative is an integral component of literacy instruction at BBMS. Through LDC, students engage with standards-aligned modules that feature rich, grade-level texts and opportunities for in-depth understanding through discourse and interactive activities. To support this initiative, grade-level leaders convene bi-weekly with an LDC teacher-leader, who facilitates the teaching and learning cycles. Additionally, data meetings are conducted at the conclusion of each module to assess student growth throughout the quarterly cycles.

The Bilingual Bicultural Mini School employs HMH and Arriba La Lectura to deliver core instruction in English Language Arts. Our educators utilize Universal Design for Learning, a scientific approach that ensures all students have access to the curriculum. We also leverage the Hallmarks of Literacy, which aim to develop the skills and competencies necessary for effective communication in diverse contexts and promote the understanding and use of

text for various purposes.

As a school community, we strive to provide meaningful education for all our students, honoring their identities. To support this goal, we have implemented equity training based on the work of Dr. Gholdy Muhammad. In the first year of this initiative, teachers developed and taught mini-modules aligned with the five pursuits identified by Dr. Muhammad in Cultivating Genius: An Equity Framework for Culturally and Historically Responsive Literacy. These modules included four ELA units that allowed each student to connect with their personal experiences. During the 2022-2023 school year, teachers across grades K-5 implemented these modules and engaged in call-to-action learning activities. Our objective is to deepen this work in the 2025-2026 academic year by incorporating Dr. Muhammad's most recent work, Unearthing Joy. We will refine our Literacy Design Collaborative units to integrate the five pursuits, demonstrating our commitment to the equity journey and ensuring that our students are represented and have a voice.

Students in grades kindergarten through five have the unique opportunity to explore core scientific concepts in increasingly complex ways through the Amplify Science curriculum. The primary objective of Amplify Science is for students to understand and apply scientific explanations of both the natural and designed worlds; to grasp the nature and development of scientific knowledge and technological capabilities; and to engage productively in scientific and engineering practices.

Through their own investigations and analyses, students construct a solid understanding of science concepts, utilizing laboratory equipment, readings, and interactive technology. They will think, read, write, and argue like real scientists and engineers. During the 2024-2025 school year, teachers in grades K-2 participated in professional development aimed at enhancing their ability to provide hands-on, experiential learning opportunities for their students. In the 2025-2026 school year, they will infuse this new knowledge into their teaching, thereby offering a more tactile approach to science education.

We are proud to note that in the 2021-2022 school year, we opened a dedicated science/STEM lab. For the 2025-2026 academic year, we will continue to have an assigned science teacher for grades 3-5. This educator will focus on innovative and engaging methods for teaching science, possessing a robust background and a comprehensive understanding of science standards, expectations, and effective pedagogical practices. Investigations, engineering, coding, and robotics will remain central to our science instruction. Our science teacher will work closely with students as they prepare for our district-wide science fair. We are proud to share that we have participated in the science fair numerous times over the years, achieving second place in the 2025 District 4 Science Fair.

Continuous progress monitoring is essential when making instructional decisions. In order to do so, students participate in quarterly assessments in English Language Arts and Mathematics. Teachers meet within grade teams to closely analyze students' data and identify patterns and trends that must be addressed in order to help students achieve mastery of grade levels skills and standards. Teachers develop 'Multi-Tiered Systems and Support (MTSS) Action Plans' that include specially designed instruction for students to address areas of concerns that are present within the data. Teachers also modify units of study based upon students' progress towards meeting grade-level expectations.

We believe in the development of the 'whole child' at BBMS. With this philosophy in mind, we have created Club Fridays. Students have the opportunity to select a club based upon their interests. Among the offerings are the Technology Club, NASA Club, Sustainability Team, Basketball Club, Art Club and Music Club. The school also works closely with the New York City Football Club. We have partnered with the International Space Station's Growing Beyond Earth program. Students at BBMS, along with their peers nationwide, conduct plant experiments that simulate the agricultural systems on the International Space Station. Through this initiative, students collect data to enhance their understanding of the optimal conditions for plant growth. They complete data forms and submit their findings to NASA for analysis.

We are the BBMS OWLS. As a school, we leverage an evidence-based three-tiered framework to improve and integrate all of the data, systems, and practices affecting student outcomes every day named Positive Behavior Intervention System (PBIS). PBIS creates schools where all students succeed. The school has established practices and systems to encourage:
Only good choices
We are kind
Love of Learning
Safety
All staff members are encouraged to actively "look out" for students who demonstrate "OWLS" behaviors throughout the school, including in classrooms, hallways, and common areas such as the auditorium and cafeteria. When students exhibit these behaviors, they receive an OWLS ticket. At the end of each week, these tickets are collected in a basket, and winners are randomly selected. Weekly winners receive small rewards for their demonstration of OWLS behaviors. This positive reinforcement strategy has proven effective in encouraging students to adhere to the rules in classrooms, hallways, bathrooms, and the cafeteria.

As part of our social and emotional initiatives, we utilize the research-based practice known as RULER. This approach has enabled us to enhance our Positive Behavioral Interventions and Supports (PBIS) system by creating check-in and check-out opportunities that are aligned with the principles of RULER.
Recognizing: Identifying emotions in oneself and others.
Understanding: Understanding the causes and consequences of emotions.
Labeling: Using a nuanced vocabulary to describe emotions.
Expressing: Expressing emotions in accordance with cultural norms and social context.
Regulating: Managing emotions effectively.

Students at BBMS are continuously developing 21st-century skills to prepare for the digital landscape, and we are further expanding the technological resources available to them. Currently, each classroom is equipped with an interactive Smartboard, Mac laptops, an iPad cart, and a Wi-Fi printer accessible to both students and teachers. Additionally, we have an Apple technology lab that students can utilize throughout the day. During the 2021-2022 academic year, we implemented the Computer Science for All initiative, providing students with opportunities to enhance their computational thinking, problem-solving abilities, and creativity—key skills for success in the 21st century. In the 2025-2026 school year, students in third, fourth, and fifth grades will have the chance to engage in Computer Science for All, with a specific focus on algorithms and coding.

The Bilingual Bicultural Mini School seeks to achieve its vision by living out our mission statement in collaboration with the school community, parents and following partnerships:
- Mt. Sinai On-Site Clinic
- Literacy Design Collaborative (LDC)
- CASA/Teatro SEA with an arts residency for kindergarten and first grade students
- Love and Essence
- The Carmel Hill Fund
- Success in Motion
- El Museo del Barrio

We strive to be our best in an effort to ensure a positive, safe and rigorous learning environment. We are the BBMS Owls.

Briefly summarize the key initiatives your school will implement this school year.

During the 2023-2024 school year, teachers across grades K-5 began developing HMH units of study using a Backwards Planning approach. These units are designed to align with Literacy Design Collaborative (LDC) modules, ensuring they are highly rigorous and meet grade-level standards and expectations.

In the 2024-2025 academic year, teachers in grades 1-5 implemented HMH modules for the first time. Throughout the school year, they documented necessary revisions to the modules. In the 2025-2026 school year, teachers will revise the units based on student performance with the curriculum from the previous year. They will collaborate within their grade teams, as well as across grade levels, to more closely align HMH and LDC instruction, thereby enhancing the development of ELA skills.

During the 2025-2026 school year, teachers will continue to engage in professional development and planning sessions with a math coach. The focus for this academic year will be to enhance their skills in designing and implementing STREAM (Science, Technology, Reading, Engineering, Arts, and Mathematics) stations and activities. These stations will be specifically crafted to promote critical thinking and collaboration among students. Participants will utilize their reading comprehension and mathematical skills to engage in multifaceted projects that incorporate science or social studies standards.

Teachers in kindergarten, first, and second grades will revise their units of study to incorporate opportunities for students to engage in hands-on learning. Students will apply their understanding of scientific concepts to address real-world problems. The goal is to cultivate critical thinking skills through science-based inquiry. Additionally, students will collaborate with one another, further enhancing their ability to use scientific vocabulary to articulate their ideas effectively.

Each third, fourth, and fifth-grade classroom will feature a hydroponic indoor garden. The benefits of this resource include promoting hands-on learning and fostering critical thinking. It serves to inspire and ignite a passion for STEM education while preparing our students for future careers in STEM fields. Hydroponic gardens in the classroom will enable students to observe, experiment, and actively participate in the growth of plants, enhancing their understanding of scientific principles.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH/ Arriba la Lectura	HMH modules that will be implemented are in alignment to NYCDOE recommended scope. HMH is the English component of core literacy instruction Arriba la Lectura is the Spanish component of core literacy instruction Units will include 5 pursuits of Dr. Muhammad's Cultivating Genius Framework
ELA	K-5	Literacy Design Collaborative	Modules are revised to meet the needs of students in a grade level. Kindergarten-Grade 5 students will engage in three LDC modules.

			Units will include 5 pursuits of Dr. Muhammad's Cultivating Genius Framework
ELA	K-2	Really Great Reading	Supplemental resource: Heggerty
Mathematics	K-5	Envision 2024 Digital Upgrade	Embed opportunities for students to develop critical thinking skills with Exemplars. Units will include 5 pursuits of Dr. Muhammad's Cultivating Genius Framework
Cross-Curriculuar	3K & Pre-K	Creative Curriculum	Modules are student-centered and adapted to meet students' interests

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
English Language Arts Simulation #2 (April 2025) Third grade students' average score was far below grade-level expectations on 6 out of 6 constructed response questions. Fourth grade students' average score was far below on 2 out of 6 constructed response questions. Students' average was approaching grade-level expectations on 4 out of 6 constructed response questions. Fifth grade students' average score was approaching on 5 our of 6 constructed response questions. Students' average was on	Teachers implemented HMH in tandem with LDC for this first time this school year. Teachers rewrote HMH Writing modules to reflect LDC rigor and structure.	Strengthening HMH reading and writing core instruction with a specific focus on 'power standards'.

grade level in 1 out of 6 constructed response questions.		
Literacy Design Collaborative Module 3 (May 2025) Kindergarten Average: 2.7 out of 4 First Grade Average: 3.1 out of 4 Second Grade Average: 2.4 out of 4 Third Grade Average: 3.0 out of 4 Fourth Grade Average: 2.8 out of 4 Fifth Grade Average: 3.1 out of 4 Overall module average for grades K-5: 2.9	Data indicates that students struggled with R6 standard. Data indicates that students struggled to organize their writing. Teachers aligned HMH modules to LDC this school year. HMH units of study spiral and do not focus specifically on R6, or any other standard over several weeks. This may have impacted student outcomes as students required additional time to master skills associated with a specific standard.	Revising HMH modules to ensure that students have sufficient time to deepen their English Language Arts skills.
Literacy Design Collaborative 24-25 Module Average (June 2025) Kindergarten Average: 2.7 out of 4 First Grade Average: 2.8 out of 4 Second Grade Average: 2.5 out of 4 Third Grade Average: 2.9 out of 4 Fourth Grade Average: 2.8 out of 4 Fifth Grade Average: 3.0 out of 4 Overall module average for grades K-5: 2.8	Data indicates that the K-5 average for LDC module 1 was 2.7. Data indicates that the K-5 average for LDC module 2 was 2.8. Data indicated that the K-5 average for LDC module 3 was 2.9. Students made slow but steady progress towards grade-level mastery within LDC modules. Teachers met within LDC meetings throughout the school year to refine HMH modules as well as LDC modules, ensuring that students have opportunities to learn, practice and reinforce their understanding of these skills.	Strengthening HMH reading and writing core instruction with a specific focus on 'power standards'.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62.33%	By June, 2026, literacy skills for students in grades 3-5 will increase by 10% from 62.33% to 72.33% as measured against the 2025 ELA Constructed Response (All) Writing to Sources.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Literacy Design Collaborative Module Rubric

Enter a Key Performance Indicator

Baseline:

Average score of 2.8 out of 4 for 2024-2025 LDC Modules

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Ensure that all teachers are designing and implementing HMH lessons in alignment to District 4 priorities.

Leverage LDC as a means to strengthen core instruction in HMH, particularly in the area of writing.

Root Cause Addressed:

Teachers are in the second year of HMH implementation and are still developing units of study that are closely aligned to the structure and rigor of Literacy Design Collaborative.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule inter-visitations for grade team members to observe one another during LDC instruction.
Establish Hallmarks for Literacy Design Collaborative. These look-fors will guide teachers as they participate in inter-visitations and provide one another with high-impact feedback that can shift instructional practices.
Incorporate LDC data into quarterly assessment data discussions/ vertical meetings. Highlight key findings from LDC data and utilize the data to drive instruction for small groups during station rotations.

Within English Language Arts stations, teachers in grades 2-5 will design a 'Textual Exploration Station'. The objective of this station is to encourage deep analysis and critical thinking about selected texts, leading to students working collaboratively to produce written responses.
Students will provided time throughout the week to complete I-Ready ELA activity to further develop the prerequisite skills required to be successful in reading and comprehending complex text
Identify LDC grade-team leaders that will facilitate LDC discussions within the grade team.
Embedding common planning time within the week for grade teams to meet and specifically prepare for the implementation of LDC modules.
Ensure that teachers are designing and implementing HMH lessons in alignment to District 4 priorities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Structures to Progress Monitor Implementation of Key Strategies and Action Steps:
1) Identify Literacy Design Collaborative leaders for each of the grade levels. This LDC leader will be responsible for ensure that teachers are engaging in LDC protocols prior to, and during LDC module implementation to ensure that instruction is making the greatest impact. LDC leaders will also facilitate data meetings to analyze student performance and determine next-steps to shift student outcomes. Grade teams will upload artifacts to the Google Drive. The impact of this work will be measured by shifts in student performance on LDC modules.

2) Design inter-visitation schedule for grade teams prior to the start of the 2025-2026 school year. Evidence of the impact of this work will include feedback provided to teachers during inter-visitation feedback sessions. The feedback is aligned to the improvement of pedagogical practices in order to shift student outcomes. Grade team members will monitor the implementation of feedback with inter-visitations.

3) Gather data from Literacy Design Collaborative (LDC) modules using the Google Drive. Evidence of teachers reflecting on this data to drive instruction will be reflected in grade-level MTSS action plans in ELA. Impact will be measured weekly during each MTSS cycle.

4) HMH modules are uploaded to the Google Drive. Teachers will revise HMH modules throughout the school year. Evidence of revisions will be made in a different color font. Impact of HMH instruction will be evident in end-of-module assessments.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	10/31/2025	Parent Workshop: Fostering Literacy At Home	
11/03/2025	12/31/2025	Parent Letter: Literacy Design Collaborative Module 1 Introduction	
01/05/2026	02/27/2026	Parent Letter: Literacy Design Collaborative Module 2 Introduction	
03/02/2026	04/30/2026	Parent Workshop: English Language Arts State Assessment	
04/01/2027	04/30/2027	Parent Letter: Literacy Design Collaborative Module 3 Introduction

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Grade-Level Literacy Design Collaborative Leaders

Instructional Resources

HMH, Literacy Design Collaborative Modules

Schedule Adjustments

At minimum 2 periods of common planning periods per week

Other Resources Needed

n/a

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New York City Survey 2025 Result 91% New York City Survey 2024 Result 91% New York City Survey 2023 Result 95% New York City	PBIS and RULER are used to help students develop positive self image. PBIS and RULER are used to norm behavior patterns and educate children of how altering from normed behavior patterns can cause disruption. PBIS and RULER are used to support children who might need additional help with regulation strategies. A student may require additional strategies and resources to support in the social emotional growth.	We need to incorporate a new programs that build self confidence, which will help students develop a positive image and resilience against negative peer influences. Such programs will include A Mindfulness and Meditation Program- this will be done daily for 15 minutes per day school wide. Additionally in Physical Education a new Team Sport Initiative will be in place to promote teamwork and resilience.

Survey 2022 Result 100%		
OORS Data 2025 A33 Result 30.77% OORS Data 2024 A33 Result 34.78%	The survey data has shifted slightly and we believe this has to do with a small percentage of students needing additional support in learning self regulation and self efficacy. Sometimes a student will act out because they don't feel included. The way students see themselves plays a role in how they engage with peers. We will continue to utilize PBIS and RULER as a means to support students' social emotional well-being.	Students need conflict resolution training. This will help them learn how to use problem solving skills, that will help them learn how to handle disagreements constructively rather than resorting to verbal or physical aggression.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	For A33 a total of 8 students and for A36 a total of 1 student where as the year before A33 had a total of 4 and A36 1	By June 2026, level 3 infractions will decrease by at least 10% as measured by OORS data; Level 3 infractions will decrease from 34.78% to at least 24.78%.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Quarterly Data (November, February and June) will be analyzed using Online Occurrence Reporting System This will be done three times across the school year.

Enter a Key Performance Indicator

We want to see a shift from levels 3 and 4 thus seeing that students are using self regulations strategies to cope with social matters

Baseline:

At this time we have a total of 8 students with infractions of level 3

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Level 3-5 infractions from 4 to 2

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Level 3-5 infractions from 6 to 3

Enter Period 3: End of Year (EOY) Progress Target:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To effectively combat bullying behavior in our elementary school, we have developed a comprehensive action plan centered around three key initiatives: a conflict resolution training program, a mindfulness program, and a team sports program. Each initiative will be implemented with specific strategies and quarterly check-ins to ensure continuous improvement and engagement.

Conflict Resolution Training: "Peaceful Problem Solvers"

The first component of our plan is the "Peaceful Problem Solvers" program, aimed at equipping students with essential conflict resolution skills. We will conduct bi-monthly workshops where students will learn techniques such as active listening and empathy-building. Role-playing activities will be integrated into these workshops, allowing students to practice resolving conflicts in a safe environment. Additionally, we will train selected students as peer mediators who will assist their classmates in resolving disputes.

To monitor the program's effectiveness, we will conduct quarterly check-ins. At the end of the first quarter, we will assess students' understanding through feedback and scenario-based assessments. By the second quarter, we will gather insights from participants and teachers to evaluate the program’s impact. In the third quarter, we will review mediation success rates and student surveys regarding their experiences with conflict resolution. Finally, at the end of the fourth quarter, we will analyze the overall impact on bullying incidents and student relationships.

Mindfulness Program: "Mindful Moments"

The second initiative is our "Mindful Moments" program, designed to foster self-awareness and emotional regulation among students. We will introduce daily mindfulness practices, such as breathing exercises and guided visualizations, into the school routine. Additionally, weekly mindfulness sessions will focus on self-awareness and stress management, complemented by mindfulness journals where students can reflect on their feelings and practices.

Quarterly check-ins will help us gauge the program's effectiveness. At the end of the first quarter, we will conduct surveys to assess student engagement and perceived benefits. By the second quarter, we will host a mindfulness showcase where students can share their experiences and techniques learned. In the third quarter, we will evaluate changes in students’ emotional well-being through teacher observations and feedback. Finally, at the end of the

fourth quarter, we will assess the overall impact on student behavior and the reduction of bullying incidents.

Team Sports Program: "Team Spirit"

Our third initiative, the "Team Spirit" program, will promote teamwork and cooperation through inclusive team sports. We will offer a variety of sports to encourage participation from all students, ensuring that everyone feels welcome. Skill-building clinics will be organized to help students develop their abilities while focusing on cooperation rather than competition. To reinforce positive behaviors, we will implement a reward system that recognizes teamwork and sportsmanship.

To ensure the success of this program, we will conduct quarterly check-ins. At the end of the first quarter, we will review participation rates and gather feedback on student enjoyment. By the second quarter, we will assess the development of teamwork skills and relationships among participants through surveys. In the third quarter, we will monitor changes in student interactions during sports activities, noting improvements in conflict resolution. Finally, at the end of the fourth quarter, we will analyze the program's impact on the overall school climate and bullying incidents.

Root Cause Addressed:

This action plan addresses the root cause of low self-confidence among students. By implementing programs focused on conflict resolution, mindfulness, and team sports, the plan aims to build students' self-esteem, promote emotional regulation, and enhance social skills. These initiatives help students develop a positive self-image and the resilience needed to navigate peer interactions, ultimately reducing bullying behavior.

Another root cause addressed in this plan is insufficient conflict resolution skills. The conflict resolution training specifically aims to equip students with the tools and techniques necessary to effectively resolve disputes and handle conflicts constructively, fostering better decision-making and interpersonal interactions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch Team Sports Program
Evaluate and adjust programs based on feedback.
Continue program implementation with focus on skills reinforcement and teamwork.
Conduct final evaluations and prepare a comprehensive report on outcomes.
Engage Stakeholders: Organize meetings with teachers, parents, and community members to gather support, share the plan, and encourage participation in the programs, ensuring a collaborative approach to implementation.

Conflict Resolution Training: "Peaceful Problem Solvers and launch
Mindfulness Program Training: "Mindful Moments" and launch

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Family Workshops: Organize workshops for parents and guardians that focus on conflict resolution strategies, mindfulness practices, and the importance of teamwork, enabling them to support their children at home	Love and Essence
09/08/2025	06/26/2026	Regular Communication: Send out newsletters or updates that highlight the progress of the programs, share resources, and provide tips for families to reinforce the skills being taught in school.	Parent Coordinator and ILT team
09/08/2025	06/26/2026	Family Participation Events: Host events where families can participate in mindfulness sessions, team sports, or conflict resolution activities alongside their children, fostering a sense of community and collaboration.	Succes in Motion

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

We will work with Love and Essence, Success in Motion and Key ILT team members

Instructional Resources

We will be developing themes during mindfulness activities. We will continue using PBIS and we will have Success in Motion conduct all student workshops

Schedule Adjustments

This will be done quarterly

Other Resources Needed

na

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 I-Ready End-of-Year Benchmark Assessment Data for K-5: 44 students mid or above grade level 49 students early on grade level 123 students one grade level below 22 students two grade levels below 11 students three or more grade levels below	The following domains ave the greatest percentage of students that are three or more grade levels below: 'Measurement and Data' and 'Geometry'	Address gaps in core instruction to ensure that students are gaining the skills required to be successful within these domains
2024-2025 Math Simulation #2 (Grades 3-5) Whole School Average 2.22 Third Grade Average 2.00 Fourth Grade Average 2.23 Fifth Grade Average 2.37	Among subgroups, ELLs average proficiency was the lowest	Ensuring instructional core is strong in DL classes. Ensuring students have access to high-quality stations in DL classes.

		Ensuring students receive interventions via MTSS.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	67%	By June 2026, through HQI, there will be an overall increase of at least 10% in New York State Math Proficiency, thus increasing from 67% to 77%.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

It is imperative that we consistently engage in data analysis to inform instruction for all students. Understanding each student's strengths and areas requiring further development will help ensure that every learner reaches their fullest potential.

The foundational element of instruction is the instructional core; during the 2025-2026 academic year, we will enhance this core by ensuring that all students have equitable access to learning opportunities.

Teachers will initiate mathematics stations within the first few weeks of school. These stations will be crafted with consideration of students' strengths, interests, and areas for growth. The objective is to foster student engagement in collaborative discourse, encourage critical thinking, and enable them to apply their mathematical understanding to complete complex tasks.

Teachers will introduce 'Measurement and Data' and 'Geometry' standards early in the academic year. This will be accomplished through various methods, including the use of stations, small group instruction facilitated by the teacher, and a redesign of the mathematics scope and sequence to teach these units earlier in the school year.

Root Cause Addressed:

Data from I-Ready reveals that students exhibited their lowest averages in the domains of 'Measurement and Data' and 'Geometry.'

I-Ready data also indicates that the greatest number of students that are scoring well below grade level are in grade 3.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps
Develop instructional stations aligned with the 'Measurement and Data' and 'Geometry' standards at the beginning of the academic year to enhance student exposure to these concepts.
Participate in cycles of data analysis to ensure that instructional practices are directly aligned with the data.
Instructional rounds will occur throughout the academic year, incorporating Dual Language classes, as students identified as English Language Learners (ELLs) constituted the lowest-performing subgroup on Mathematics Simulation #2.
Develop a Professional Learning Cycle focused on the design and implementation of Science, Technology, Reading, Engineering, Arts, and Mathematics (STREAM) stations.
Participate in three cycles of Multi-Tiered Systems of Support (MTSS) throughout the academic year, concentrating specifically on the prerequisite skills that students need to access and master grade-level standards.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Structures to Progress Monitor Student Learning
1) Students will participate in benchmark assessments three times during the academic year: at the beginning, middle, and end. Educators will leverage the data gathered from these assessments to inform small group instruction within the Multi-Tiered System of Supports (MTSS).

2) Educators will engage in continuous progress monitoring throughout the academic year, utilizing data collected through Multi-Tiered System of Supports (MTSS) cycles. Grade-level teams will employ a progress monitoring instrument to track students' advancement in acquiring essential skills. These tools will be accessible in the Drive and will be used to inform instructional decisions throughout the year.

3) Simulation assessments will be administered to monitor students' progress toward mastery of grade-level skills. This data will be analyzed within grade-level teams and across the school during vertical meetings. Teachers will design cohesive instruction by leveraging insights from this data. Evidence of this will be reflected in MTSS data, benchmark assessment results, simulation data, and end-of-topic assessments.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	10/31/2025	Parent Workshop: Building Foundational Skills in Mathematics: Supporting Your Child's Learning at Home	Jem Solutions
11/03/2025	01/30/2026	School Visit: What does math instruction in my child's classroom look and feel like?	
02/02/2026	04/30/2026	Parent Workshop: Preparing my child for the New York State Mathematics Test	
05/04/2026	06/25/2026	Parent Workshop: Prevent the Summer Slide: A Parent's Guide to Continue Math Learning During the Summer Months	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Jem Solutions

Instructional Resources

Station Rotation Resources to be determined by individual classroom teachers

Schedule Adjustments

grade-level common planning periods for planning and data analysis, schedule adjustment for K-2 vertical meetings

Other Resources Needed

n/a

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
82% of Students with Disabilities had parent voice in their IEP	Teachers and providers continue to enhance their ability to engage families and empower them to include their voice in the IEP.	Ensuring that all stakeholders have a voice in the IEP, including that of the student and the family.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	82%	By June 2026, there will be an increase of at least 13% (from 82% to 95%) in parent and student voice within the IEP design, this will be tracked and measured using the CEP Rubric designed by the School Implementation Team .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

2025-2026 Comprehensive Education Plan (CEP) Rubric design by the School Leadership Team (SIT) of the Bilingual Bicultural Mini School

Enter a Key Performance Indicator

5ht grade student and parent participation in the design of the IEP as well as in the IEP meeting.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Key Strategy: Empower students to contribute to the IEP in a meaningful way through self-reflection and advocacy.

At the Bilingual Bicultural Mini School, we assert that student input in an Individualized Education Program (IEP) is essential. As students mature, they become increasingly adept at articulating their learning styles and preferences. Additionally, they can clearly express their needs and identify the resources necessary for their success. Consequently, we are committed to fostering our students' abilities and encouraging their active participation in the development of their IEPs.

We are implementing a system that enables students to convey their learning styles and preferences during the IEP development process. Their input is crucial, as it allows them to communicate both the strategies that facilitate their success in the classroom and the challenges they encounter.

We recognize the significance of parental involvement in the IEP design process. Parents possess valuable insights into their child's unique strengths and preferences. Therefore, we actively invite parents to contribute to the development of the IEP.

We engage in ongoing communication with students throughout the IEP design process, conducting one-on-one meetings and providing surveys to gather student feedback. A patient and collaborative approach is employed when working with families to obtain information and develop the IEP.

The expectation for students to play an integral role in the IEP design is clearly communicated at the beginning of the academic year. Teachers utilize their preparation and expertise to collaborate with both parents and students throughout the year. Additionally, we have developed a comprehensive rubric for the educational plan, which we employ to assess the involvement of families and students in the IEP design process.

Resources to facilitate family empowerment are available and serve as guidance for case managers. This includes parent and student surveys. The special education department presents these materials to teachers and case managers at the beginning of the academic year to support their efforts in achieving our goals.

Root Cause Addressed:

At the Bilingual Bicultural Mini School, our students graduate upon completing the fifth grade and transition to larger schools with significantly greater student populations. To ensure that all students are equipped to advocate for themselves, articulate their needs, and seek assistance when necessary, it is essential for them to participate actively in discussions regarding their education and planning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Introduce the Comprehensive Education Plan (CEP) Rubric designed by the School Implementation Team to all special education caseload managers
Implement professional learning cycles to enhance teacher capacity in incorporating student and family perspectives into the Individualized Education Program (IEP).
During SIT meetings, engage in discussions regarding potential resources that can be utilized to foster family empowerment and amplify student voice in the development of the Individualized Education Program (IEP).
Ensure that the IEP draft is disseminated to parents prior to the IEP meeting, allowing them the opportunity to review it in advance. This enables them to arrive prepared to pose questions and offer valuable insights, thereby contributing to the development of a more robust IEP for the student.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will convene monthly School Implementation Team (SIT) meetings. During these sessions, the CEP goal will be a key agenda item. We will assess our progress toward this goal, identify any additional resources that case managers and teachers may require, and address any barriers that may arise during this process.

We will employ the Bilingual Bicultural Mini School Comprehensive Education Plan (CEP) Rubric to ensure that student voice is prominently reflected in the IEP and that families feel empowered to contribute meaningfully to the IEP process.

We will utilize data and insights gained from Individualized Education Program (IEP) reviews to enhance the quality of IEPs, ensuring their alignment with and accurate representation of a student's abilities and management requirements.

Invite parents to participate in workshops designed to deepen their understanding of the IEP development process.

Incorporate students on the invitation page of the IEP. Notify parents and guardians that students are encouraged to attend and engage actively in the IEP meeting. Establish a school-wide policy of inviting students to these meetings. Extend invitations to students in grades 3 and 4 as determined appropriate by the IEP team.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Distribute a draft of the Present Levels of Performance to parents two weeks prior to the meeting.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
At least 30% of parents have attended at least one school event during the 2024-2025 school year. (June 2025)	Meetings are held during the school day, in person, and parents are sometimes unable to attend events during the school day	Ensuring that events are held during the school

		day as well as after school
There was at least one parent event held per month during the 2024-2025 school year. (June 2025)	These events were pre-scheduled. They are indicated in the school calendar and parent event flyer.	Ensure that there are multiple opportunities to empower families

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	30%	By June 2026, there will be an overall 20% increase of family participation from 125 parents to at least 190 parents as measured against the 2026 New York City Survey Results for Parent Involvement in schools.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We aim to empower families to play a more significant role in their children's education. This will be achieved by offering workshops, resources, and tools designed to equip them with the necessary skills and knowledge to support their child's learning at home and extend educational experiences beyond the classroom.

Root Cause Addressed:

To facilitate greater community engagement, it is imperative to schedule events both during school hours and after school, while also providing numerous opportunities for family empowerment.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop a year-long calendar of parent events, to be created before the start of the school year in collaboration with the school leadership team. This calendar will be flexible and adjusted throughout the year based on feedback from parents regarding additional workshops or resources they may find beneficial.
Engage stakeholders with relevant experience and enthusiasm to lead workshops for families. These facilitators will possess extensive knowledge, resources, and materials to share, enabling families to deepen their understanding of the content and skills their children are expected to master. This approach will empower families to effectively support their child's learning at home.
Ensure that we maintain up-to-date parent contact information to facilitate timely communication through emails and text messages about upcoming events. We will collect blue cards from students at the beginning of the school year

and will continue to update this information as needed throughout the year.

Solicit feedback from families regarding potential additional parent empowerment events and resources that may be beneficial. Time will be allocated during parent association meetings for families to share their insights, and they will also have the opportunity to provide recommendations during school leadership team meetings.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will prioritize parent outreach and maintain open communication with families regarding upcoming events. The primary progress monitoring tool will be the Parent Coordinator Activity Report (PCAR). This tool will be utilized to track our progress throughout the school year and ensure we are achieving our goal of empowering families and equipping them with the necessary tools and resources to actively support their child's learning at home. Evidence of parent engagement will include the PCAR report as well as signatures collected from parents during events.

Priority 5 Family and Community Engagement

As a school, we continue to engage in parent outreach to support families in ensuring the child is in attendance daily.	Assist families during transitions between residences by providing Metrocards or busing when they meet eligibility criteria.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	86%	By June 2026, there will be an increase in the year-to-date attendance percentage for Students in Temporary Housing (STH) of 10%, from 86% to 96%, as measured by the New Visions Attendance Report: Students in Temporary Housing.

Attendance/Chronic Absenteeism Progress Measures and Targets

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

monthly awards assemblies
consistent parent outreach
parent workshops
provide Metrocards and support families in establishing busing for students that are eligible

Root Cause Addressed:

Parents often misinterpret the concept of absence coding, overlooking its importance in ensuring that students attend school consistently. Understanding this system is crucial, as daily attendance plays a vital role in a student's academic success and overall development. For this reason, we will continue to engage in parent outreach and inform families of attendance-related matters through parent workshops, flyers, meetings, etc.

Families are frequently moving, which disrupts transportation logistics and hampers parents' ability to facilitate their children's school attendance. We will support families by providing Metrocards and making requests for busing to those families that qualify.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish the Attendance Team, comprising individuals tasked with parent communication. Provide training for team members on how to utilize the i-log feature in the ATS system.
Distribute informational materials to parents that emphasize the critical significance of daily student attendance.

Disseminate attendance notifications to parents when there is a decline in student attendance.
Hold bi-monthly meetings with the Attendance Team to discuss attendance-related matters.
Organize a monthly awards assembly to recognize and honor students who have demonstrated substantial improvements in their attendance.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The Attendance Lead will be tasked with the weekly monitoring of attendance patterns. This individual will facilitate biweekly meetings to review attendance data and discuss potential interventions to support students and their families.

Designated personnel will engage in daily outreach to students classified as Severely Chronically Absent or Chronically Absent, with all communication logged in the ATS system. Additionally, success mentors will be assigned to these students, conducting daily check-ins and participating in brief activities. At the conclusion of each week, students who attend every day will receive a small reward.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/30/2025	06/25/2026	Monthly Perfect Attendance Awards	N/A
09/04/2025	11/07/2025	Parent Workshop: Understanding the Importance of Attendance: Overview of how regular attendance impacts academic success.	Parent Coordinator and Attendance Lead
11/10/2025	12/24/2025	Parent Workshop: Strategies for Ensuring Daily Attendance: Practical tips for parents to help their children attend school consistently.	Parent Coordinator and Attendance Lead
01/06/2025	02/06/2025	Parent Workshop: Creating a Supportive Home Environment: Tips for fostering routines that promote school attendance.	Parent Coordinator and Attendance Lead
02/09/2026	03/13/2026	Parent Workshop: Building Resilience in Children: Workshop on emotional and social skills that encourage regular attendance.	Parent Coordinator and Attendance Lead
03/16/2026	05/02/2025	Parent Workshop: Collaborating with the Community: Exploring community resources that can assist families facing attendance challenges.	Parent Coordinator and Attendance Lead

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
New York State Math Proficiency for Students with Disabilities 2022- 7.7% 2023- 48.3% 2024- 44.4% New	2022 SY was the first year students tested post-pandemic, city- and state-wide scores were	IEP Development and Fidelity of Implementation

York State Math Proficiency for General Education Students 2022- 27.5% 2023- 33.7% 2024- 58.5%	significantly lower during the 2022 SY.	
		Transition Planning and Compliance
		Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	44.4%	By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve student performance in mathematics by a 10.0% Increase, from 44.4% to 54.4%, as measured by New York State Mathematics Assessment.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

During the 2025-2026 academic year, we will continue to implement station-based learning as a pedagogical strategy to address the diverse needs of all learners in the classroom. These stations are designed based on student needs, encouraging them to engage deeply with the content and apply the skills they have developed.

Root Cause Addressed:

Post-pandemic, our school has undertaken significant efforts to ensure that all students achieve grade-level standards and master requisite skills. We place particular emphasis on mathematics to support students in acquiring the prerequisite skills essential for attaining these standards.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will analyze and triangulate data at the beginning of the school year to design stations that reinforce prerequisite and grade-level skills, promote critical thinking, and facilitate meaningful discourse.
Teachers will engage in a professional learning cycle to enhance their proficiency in designing STREAM (Science, Technology, Reading, Engineering, Arts, Mathematics) stations.
Teachers will comply with the Bilingual Bicultural Mini School Assessment Calendar to administer and analyze benchmark assessment data within grade teams.
Grade teams will collaborate to develop 6-week MTSS action plans aimed at addressing learning gaps identified through data triangulation.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/05/2025	12/23/2025	Parent Workshop: Station Rotations in Mathematics	
01/01/2026	03/31/2026	Classroom Visits During Mathematics Instruction	
04/01/2026	06/26/2026	Parent Workshop Series: Mitigating Summer Slide: Strategies for Supporting Your Child During the Summer Months.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Tier 3	Lowest 1/3 According to Acadience, i-Ready, LDC, & HMH Baseline Assessments	SPIRE	Small group	during school hours	No
Tier 2 Tier 3	Lowest 1/3 According to Acadience, i-Ready, LDC, & HMH Baseline Assessments	Orton Gillingham Progra	One-to-one	during school hours	No
Tier 2 Tier 3	Lowest 1/3 According to i-Ready and Envision Baseline Assessments	Great Leaps Mathematics	One-to-one	during school hours	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Tier 3	Check-In/ Check-Out System	RULER/ Blueprint	One-to-one	during school hours	Yes
Tier 2 Tier 3	Mood Meter Responses	RULER/ Meta-Moment	One-to-one	during school hours	Yes
Tier 2 Tier 3	Check-In/ Check-Out System	PBIS	Small group	during school hours	No
Tier 2 Tier 3	OORS Reports and Check-in/Check-out System	At-risk counseling	one-to-one small group	during school hours	No
Tier 2 Tier 3	Students that are Identified as Chronically Absent	Success mentor	one-to-one	during school hours	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Academic MTSS
Parents receive updates on their child's performance quarterly through progress reports. These reports detail current academic functioning and highlight student strengths. Additionally, teachers provide recommendations to families to support their child's growth and skill development outside of school.

Social Emotional Learning MTSS
At the commencement of the academic year, classroom teachers disseminate information regarding the social-emotional supports available within the school. They prepare presentations and pamphlets for parents that outline our Positive Behavioral Interventions and Supports (PBIS) initiative, as well as the resources provided through the RULER framework. Parents are afforded the opportunity to review these materials in the classroom and pose any clarifying questions they may have.

School leadership collaborates closely with families, counselors and social workers to identify students who may require at-risk counseling. These services are provided to support students' social-emotional well-being.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Parents receive progress reports during the school year. The progress report includes information about students' performance throughout the cycle of MTSS as well as their performance on classroom and benchmark assessments.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Teachers continually engage in parent outreach, sharing students' progress throughout the school year.

Parents of students considered for at-risk counseling meet with the school counselor to discuss the frequency and duration of sessions. Parents make the final decision if a student will participate in at-risk counseling.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

43

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

An analysis of the attendance data reveals a lower percentage of attendance among students residing in temporary housing. The attendance team routinely conducts outreach to parents of students classified as severely chronically absent or chronically absent. We proactively contact these families when a student is absent and continue to offer transportation options, such as busing or a MetroCard, to qualifying students, thereby encouraging consistent attendance. When necessary, we involve additional stakeholders from the district office to provide further support to the families of students in temporary housing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Attendance and Child Protection Teams
- Team members meet to closely monitor students' attendance. Students in Temporary Housing are identified and closely monitored.
- Team engages in parent outreach to support parents and improve students' attendance
- Team members support families by engaging in outreach to shelters and supporting transitions from one home to another
- Teachers and additional stakeholders are invited to attend the meetings and discuss interventions that can be leveraged to support families

Instructional Leadership Team
- Data meetings are held, during which time teachers analyze students' performance across content areas. Students in Temporary Housing are closely monitored to ensure that academic supports meet students' needs.
- Data-driven action plans are developed for students that require additional academic support.

Positive Behavior Intervention System (PBIS)
- PBIS Owls Tickets are used to praise students for positive behaviors while in the classroom. Students are encouraged to attend school regularly so that they can earn OWLS tickets.
- RULER

Response to Intervention
- Students in need of additional academic support are receiving Response to Intevervention to address areas of concern.
- Students in need of additional behavior support are receiving Response to Intervention to teach skills aligned with social emotional learning.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently do not have any students in foster care.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

This is not applicable as we do not have any students in foster care.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

This is not applicable as we do not have nay students in foster care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

This is not applicable as we do not have nay students in foster care.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. The Bilingual Bicultural Mini School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

The Bilingual Bicultural Mini School/ PS 182 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

The Bilingual Bicultural Mini School/ PS 182, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Our school will continue to implement the Literacy Design Collaborative (LDC) to prioritize the most significant factors influencing student outcomes. We will concentrate on enhancing teacher effectiveness through a partnership with LDC. School leaders, teachers, and paraprofessionals will work collaboratively to deepen their understanding of the standards and align them clearly with grade-level tasks. This initiative will occur throughout the school year in cycles of modules.

These cycles will facilitate a systematic approach to data analysis, instructional planning, teaching, and evaluating student learning. Leaders will analyze data to assess shifts in teacher effectiveness across the modules. This process will be integrated with cycles of observations that include feedback and actionable next steps for teachers and paraprofessionals.

The efforts will align with our Comprehensive Education Plan (CEP) goals, and the professional learning will constitute a yearlong process outlined in our professional development plan. LDC leaders will meet with their respective grade levels weekly. Additionally, the Instructional Leadership Team will convene bi-monthly with LDC leaders.

All initiatives focus on empowering teachers to unpack standards, identify essential content, plan with a clear end goal, and create grade-level tasks aligned with those standards.

Teachers are also participating in ongoing professional development in mathematics. These weekly sessions encompass small-group learning cycles, one-on-one coaching, and instructional rounds. Professional learning will emphasize the implementation of station rotations to deliver more rigorous instruction and the use of triangulated data to implement Multi-Tiered Systems of Support (MTSS) for the lowest-performing third of students.

A mathematics instructional coach will provide job-embedded support during the 2025-2026 school year. This coach will focus on enhancing teachers' understanding of how to design learning stations that accurately reflect student performance on benchmark assessments. The objective is for teachers to develop station activities that are both appropriately rigorous and highly engaging for students.Students will have the opportunity to participate in various stations, including but not limited to a fluency station, a technology station featuring personalized learning, a jigsaw word problem station, a STREAM station, a "3-reads" station, and a "create your own word problem" station.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Our objective is to facilitate a seamless transition for students and families from preschool programs to our Kindergarten program. A crucial component of this process involves providing opportunities for students to visit and engage with Kindergarten teachers, which will occur in spring 2026.

Additionally, we offer all families the opportunity to meet the Kindergarten teachers during June, allowing them to acclimate to the upcoming changes. Families can observe instructional practices within the Kindergarten classrooms and are given time to engage in dialogue with the teachers, fostering an open line of communication.

By May, records and pertinent information are shared with the Kindergarten teachers, and dedicated time is allocated in June for 4K teachers to collaborate with their Kindergarten counterparts to discuss student progress.

Furthermore, educators across preschool and elementary levels participate in professional learning sessions throughout the academic year to ensure that we are effectively supporting student learning and transitions. We collaborate closely with preschool coaches to facilitate a smooth and healthy transition for all students.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	180,340	X	X
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	90,340	X	
Title III, Part A	Federal	13,674	X	
Title III, Immigrant	Federal	0		
Title IV, Part A	Federal	5,122	x	
Tax Levy (Fair Student	Local	2,187,244	X	X

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Yazmin Perez
Assistant Principal (Where Applicable)*	Karla Alexander
English as a New Language (ENL) Teacher*	Cynthia Grullard
Teacher (if school has a bilingual program must be a bilingual teacher)*	Christina Torres
Parent/Guardian*	Jose Hernandez
IEP Teacher	Marissa Lamarca
Parent Coordinator	Jessica Hernandez
School Counselor	Sarah Hobson Martin
Related-Service Provider	Julia Morse
Math Coach	Carmen Rodriguez
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

3

Number of ESOL certified teachers with a bilingual extension:

3

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

7

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

4

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

273

Total number and percentage (%) of current ELLs:

174 students - 63.7%

Total number and percentage (%) of former ELLs:

17 students - 6.2%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

158 students - 90.8%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

10 students - 5.7%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

33 students - 19%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	n/a																0
TBE	n/a																0
TBE	n/a																0
DLBE	General Education	Spanish	2019	1	0	1	1	1	0								4
DLBE	Integrated Co-Teaching	Spanish	2019	0	1	0	0	0	1								2
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our school ensures that the mandated number of minutes for Stand Alone English as a New Language are provided. Students at the Entering Level of Proficiency receive 1 unit of study in English as New Language (ENL) per week. This accounts for 180 minutes of instructional time. In the Dual Language classroom, students receive this service from the bilingual certified teacher in the classroom. For any student who is not programmed for dual language instruction, a certified bilingual teacher provides Stand Alone services in a pull-out model. Each year in committee a program is designed related to pull-out services. An analysis of student proficiency levels is conducted. Programs are designed to provide support to students on the same grade level with similar mandated minutes of Stand Alone service. A student who is entering and emerging may be grouped together for pull-out services, for example.

Students at the Emerging Level of Proficiency receive at least .5 units of study for Stand Alone English as a New Language services per week. Students are programmed for 180 minutes of instructional time. In the Dual Language classroom, students receive this service from the bilingual certified classroom teacher. For students who are not programmed for dual language instruction, the certified bilingual teacher provides Stand Alone services in a pull-out model. As stated previously, an analysis of student proficiency levels is made in order to create a pull-out schedule to provide support to students on the same grade level with similar mandated minutes of Stand Alone service. A student who is emerging may be grouped together for pull-out services.

A student who is at the Transitioning level of proficiency receives 1 unit of Stand Alone English as a New Language services per week. Students are programmed for 1 unit of study which would account for 180 minutes of support each week. Students at this proficiency level are programmed for .5 unit (90 minutes) of Stand Alone English as a New Language service each week. Services are provided in the dual language classroom by the certified bilingual classroom teacher. For students who are not programmed for dual language instruction, a certified bilingual teacher provides Stand Alone services in a pull-out model. Transitioning students may be grouped with Expanding students based on data analysis.

Expanding students are not programmed for Stand Alone ENL services.

Integrated ENL:

Our school ensures that the mandated number of minutes for Integrated English as a New Language are provided. Students who are at the Entering level of proficiency require 2 units of study per week for a total of 360 minutes of mandated instructional support. In terms of Integrated English as a New Language, students are programmed for 1 unit of study accounting for 180 minutes of support. Students programmed for dual language instruction receive this support in their classroom. For students who are not programmed for dual language instruction, the certified provider provides Integrated ENL instruction through a push-in model.

Students who are Entering also require 2 units of total ENL mandated support. One unit of study (180 minutes) of

Integrated English as a New Language support is provided by the classroom teacher in a dual language program. For students who are not receiving services in a dual language classroom, the ENL provider provides 180 minutes of Integrated ENL services through a push-in model. This same level of service is provided for students who are Emerging. Emerging students are mandated for 1 unit of service totaling 180 minutes of Integrated ENL instruction.

Transitioning students in a dual language classroom receive 90 minutes of Integrated English as a New Language support in the dual language classroom. Students who are not programmed for a dual language classroom, receive their mandated services through a push-in model. The ENL provider provides 90 minutes of Integrated English as a New Language support in the student's classroom. Integrated ENL services for Transitioning students is .5 unit of total ENL instructional time.

While Expanding students are not mandated for Stand-Alone English as a New Language support, they are programmed for 1 unit of Integrated ENL instruction each week. This accounts for 180 minutes of instruction. For students in a dual language classroom, students receive this support by the dual language classroom teacher. Students who are not programmed for dual language instruction, receive their Integrated ENL services by an ENL provider in their classroom. They are programmed for 180 minutes of Integrated ENL push-in support.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Our school graduated the last TBE class in June 2019. We no longer have a TBE program.

Dual Language Bilingual Education (DLBE):

Our school has grown the dual language program. Since then our school included dual language classrooms on each grade level K-5.

Both integrated and stand-alone English as a New Language services are provided in our Dual Language classrooms as per individual student mandated minutes of service. Students requiring Stand-alone English as a New Language services, receive instruction which will support them in acquiring English which is needed for success in core content areas. Students requiring Integrated English as a New Language services, receive instruction in core content areas and English language development instruction which includes home language supports and appropriate MLL/ELL scaffolds. Instructional plans include strategic grouping which considers the level of proficiency for individual and groups of students. All teachers consider the needs of entering, emerging, transitioning, expanding and former ELL/MLL students.

Bilingual teachers in our dual language classrooms ensure that instruction is aligned with our focus on Advanced Literacies. It is key that ELL/MLL students are supported in communicating both orally and in writing for multiple purposes. Students engage with varieties of texts for multiple purposes across all areas of learning. Hallmark 2 is a very important component as it relates to our MLL/ELL students. Students are supported in engaging in rich discussions in their core instruction. It is important that as their language development in their new language increases, they are also acquiring academic language and knowledge as well.

Our focus for the 2025-2026 school year is continue to develop teachers understanding of the Science of reading. This understanding will allow teachers to implement instruction that is aligned to how children best learn how to read.

Additionally, teachers use Quality Teaching for English Language Learners (Q-TEL) strategies to support student

engagement. Q-TEL supports students in engaging in activities that are perceived as valuable. Student interactions increase when using Q-TEL strategies which results in increased language development.

Students in our dual language classrooms receive Integrated ENL support which also supports language development. The instructional goals during Integrated ENL instruction are specific to content area learning and language development. Bilingual teachers in the dual language classroom create clear and specific goals which support language development. During instruction, it is key that well-designed lessons include both content and language objectives. Teacher carefully analyze selected texts and resources in order to strategically plan for student learning. Teachers consider whether students will make their understanding visible orally or in writing. It is key that students acquire content knowledge in both languages. The teacher must identify what constitutes evidence of content area learning, i.e. oral expression, writing, and what language.

When students are the recipients of instruction with Q-TEL strategies embedded in the lesson, engagement is deepened. Student activities support sustained student to teacher and student to student interactions which support student language development. Students develop conceptual, analytical and linguistic practices. Bilingual teachers in the dual language classroom instructional plans consider the needs of students across all proficiency levels, entering, emerging, transitioning, expanding and former-ELL/MLL students.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures that the mandated number of instructional minutes are provided through our Dual Language Program. This includes Home Language Arts as instruction is delivered to Multilingual Learners/English Language Learners (MLL/ENL) students through teacher modeling and thoughtful and strategic planning designed to increase competencies in both English and Spanish. All classroom teachers working in a dual language program received Arriba la Lectura to use for Native Language instruction.

Teachers implement HMH and Arriba La Lectura in dual language classrooms for ELA instruction. Beginning in school year 2019-2020 school year, all grades now engage in Literacy LDC instruction. As a result, all dual language classrooms incorporate Literacy Design Collaborative modules into their core literacy instruction. LDC modules support students in reading, writing and listening and speaking. Students engage in an end-of-module performance assessment where they are able to apply all skills and strategies to engage in a writing from sources task. For the 2020- 2021, 2021-2022, 2022-2023, 2023-2024 and 2024-2025 school years, teachers met the instructional needs of all students in well-planned classroom instruction. The same model will continue for the 2025-2026 school year with all classroom teachers facilitating four Literacy Design Collaborative (LDC) modules across grades K-5.

The instructional minutes are delivered based on the CR-Part 154 mandates: Students that are at Entering and Emerging levels of proficiency receive 2 units of ENL instructional time weekly for a total of 360 minutes of weekly mandated instruction. Both Entering and Emerging students receive 180 minutes of Stand-Alone ENL instruction and 180 minutes of Integrated ENL instruction. Transitioning students receive 180 total minutes of weekly mandated instruction which is 1 unit which includes 90 minutes of Stand-Alone ENL and 90 minutes of Integrated ENL instruction. Expanding students receive 180 minutes of weekly Integrated ENL instruction. Students who have reached a Commanding level of mastery, receive 90 minutes of continued support in developing a portfolio as a Former-Multilingual Learner/English Language Learner (F-MLL/ELL). This ensures that Former ENL students continue to make linguistic gains. To support a highly level of quality instruction, teachers design lessons to meet the mandates of both Stand-Alone ENL and Integrated ENL instruction. Students who are not programmed for dual language instruction receive the same mandated minutes service by the ENL provider in both Stand-Alone ENL pull-out and Integrated ENL push-in models. Lexia English was also implemented to support building students English language skills.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The language model that is used in the dual language class is the self-contained model. The students who have been identified as English proficient (EP) integrate 100% of the time with students identified as Multi-language learners/English language learners (MLL/ELL). The core content areas are taught in both English and Spanish, alternating languages from one day to the next; for example Monday literacy is taught in English and Mathematics is taught in Spanish on Tuesday, literacy is taught in Spanish and Mathematics is taught in English. Emergent Literacy is taught in both languages. Our model mirrors the Roller Coaster model.

b. In which language(s) is each core content area taught?

In our dual language classrooms, each core content area is taught in English and Spanish. The 50/50 percent model is followed which provides all Multilingual/English Language learners students equal opportunity to engage in all areas of learning in both languages.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Our school graduated the last Transitional Bilingual Education (TBE) class in June 2019. We no longer have a TBE program.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At our school, we currently have ELL subgroups as follows:
Former ELLS that tested out in 2023-2024: 4.0%
Former ELLS that tested out in 2022-2023: 3.4%
Former ELLS that tested out in 2021-2022: 4.4%

Newcomer with 0-3 years: 158 students - 90.8%
Developing ELLS with 4-6 years: 16 students - 9.2%
Long-Term ELLS (7 or more years): 0 students - 0%

Instruction for newcomers emphasizes the Science of Reading in both their native and new language instruction. We prioritize the use of research-based curricula to offer students meaningful opportunities for language development. This approach supports the enhancement of skills in their native language while facilitating the transfer of those skills to the new language. A significant focus is placed on word work for newcomers, ensuring that they develop the foundational skills necessary for acquiring a new language.

Lessons are designed with multiple entry points to ensure that all students can access the learning material. We implement station learning to facilitate engagement across various modalities. Additionally, we incorporate Universal Design for Learning (UDL) and Quality Teaching and Learning (QTEL) strategies to enhance comprehension and foster deeper understanding.
9:26 AM

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At this time, we do not have any students who have officially been identifies as SIFE.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We do not have any students that are identified as long-term ELLS.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Former ELLs that tested out in 2023-2024 was 4% - 11 students
Former ELLs that tested out in 2022-2023 was 2.2% - 6 students

To support students identified as Former English Language Learners, we provide 90 minutes of instructional support each week. Throughout the school year, students develop a portfolio that showcases evidence of their learning through project-based activities. Teachers collaborate with students to select literacy products that will be included in their individual portfolios.

In conjunction with maintaining these portfolios, teachers engage in data analysis during class and grade team meetings, closely monitoring student performance through various measures. Progress monitoring for Former ELLs remains a priority. It is essential for teachers to focus on specific sub-groups, including these students, during data discussions that follow quarterly assessments.

The New York City Department of Education mandates the use of the i-Ready Reading Diagnostic for grades K-5, which is administered three times a year: at the Beginning of Year (BOY), Middle of Year (MOY), and End of Year (EOY). Similarly, the i-Ready Mathematics Diagnostic is given three times per year for grades 3-5. Additionally, the enVision Cumulative Benchmark Assessments are utilized to monitor student performance, particularly regarding key mathematics standards.

Data is systematically reviewed for all students, with particular attention to specific sub-groups, including those who have achieved mastery on the NYSESLAT assessment. When Former English Language Learners (F-ELLs) exhibit a need for academic support, they are identified for MTSS Tier II services. During these cycles, providers engage in ongoing progress monitoring of the targeted areas for improvement.

MTSS providers collaborate with the school's Instructional Leadership Team to discuss the progress of these targeted students. Support for F-ELLs can occur both within the classroom, through Tier II interventions by classroom teachers, and outside the classroom via Tier III services provided by special education, bilingual educators, or related service personnel.

At the start of the school year, all teachers receive pertinent data regarding English Language Learners (ELLs) and Former ELLs. This information facilitates strategic planning for differentiated instruction tailored to meet the diverse needs of all students.

At the beginning of the school year, when Reading and Mathematics screeners are administered, teachers analyze the resulting data to identify students who require immediate support. Formative assessments play a crucial role throughout the year to monitor student performance effectively. Former English Language Learners (F-ELLs) will continue to receive targeted support as needed.

While maintaining individual portfolios for these students, it is essential to formally review multiple measures of data to ensure ongoing progress in all learning areas. To foster early literacy skills and track literacy development in reading and writing, our school employs a balanced literacy approach. This methodology incorporates a variety of formative and periodic benchmark assessments, including informal reading behavior checklists, reading inventories,

and conference notes that document specific student reading and writing behaviors.

Analyzing the reading and writing behaviors of F-ELLs is vital for providing strategic support tailored to individual needs. For the 2023-2024 school year, guided reading instruction will be central in addressing specific challenges, utilizing resources such as the Rigby Level Library. This approach will also benefit Former Multilingual/English Language Learners.

Teachers will conduct meaningful, targeted conferences to support student learning. As noted earlier, quarterly assessments and diagnostic screeners are critical for identifying student strengths and areas requiring attention. All Multilingual/English Language Learners, including F-ELLs, will participate in the adaptive i-Ready Reading Diagnostic assessment for grades 3-5. This assessment captures data across six foundational domains of reading: phonological awareness, phonics, high-frequency words, vocabulary, and comprehension in both literature and informational text. Teachers leverage these assessment results to provide targeted support for groups and individual students.

Teachers utilize data analysis through multiple measures to match students with appropriately leveled texts via the MyOn reading platform, available in both English and Spanish. Launched in the 2019-2020 school year, MyOn offers a diverse range of literature designed to enhance independent reading. It features quarterly assessments that evaluate students' reading comprehension abilities and suggests suitable book choices as they engage with the platform. Students can select high-interest literature for online reading, and upon completing a book, they can take an assessment through the Accelerated Reader (AR) platform. This process provides teachers with valuable data on student independent reading success.

It is crucial for students identified as Former Multilingual/English Language Learners to continue developing a passion for reading. Since its implementation in the 2021-2022 school year, Lexia Core has focused on phonemic awareness and phonics skills tailored to each student's instructional level. The platform assesses each student's needs and delivers targeted lessons accordingly, while also providing teachers with essential data and instructional resources to support differentiated instruction.

All platforms are accessible to students in grades K-5 and support the five pillars of reading tailored to their abilities and needs. We place significant emphasis on fostering a love of reading among our students, while also ensuring they develop strong writing skills across various genres, including narrative, informational/expository, and opinion/persuasive writing. As we monitor the progress of our Former Multilingual/English Language Learners in reading proficiency, it is equally important to support their writing development.

Our instructional focus aims to help all students understand that text serves multiple purposes. This aligns with our emphasis on Hallmark 3, where writing enhances both language and knowledge. With strategic support, Former English Language Learners can become proficient writers. Capturing and analyzing student data across different writing genres is essential.

In the 2024-2025 school year, we will introduce a new core curriculum, HMH, which is grounded in the science of reading and includes components for students with disabilities as well as English Language Learners. Furthermore, we continue to collaborate with the Literacy Design Collaborative (LDC) to assist teachers in creating writing modules that utilize Understanding Backward Design (UBD) principles. This initiative ensures all students have equitable access to rigorous instruction with complex texts aimed at specific tasks.

By integrating Universal Design for Learning (UDL) principles into each module's instructional framework, we provide essential scaffolding and support to help students demonstrate grade-level writing proficiency. At the end of each module, classrooms and grade teams analyze student writing using pre-determined NGSS-aligned rubrics. During grade team meetings, teachers participate in Looking-at-Student Work protocols to identify mastery levels and areas for improvement, which in turn informs instructional strategies and future focus standards.

By offering concentrated and rigorous instructional support in reading and writing across grades K-5, we ensure that our Former English Language Learners benefit significantly from this crucial aspect of literacy instruction.

Mathematics instruction for the 2024-2025 school year has been enhanced through the implementation of Mathematics Instructional Rounds. In this collaborative protocol, teachers visited each other's classrooms to provide feedback aimed at maximizing student performance. These rounds took place in dual language classrooms, where teachers received explicit feedback and actionable next steps.

Evidence indicates that students in dual language settings have made significant progress in achieving grade-level skills, as reflected in the 2025 simulation assessment and i-Ready assessment data. Additionally, there was notable engagement in rich discourse among students, which aligns with expectations set forth in the NYSESLAT.

For the 2025-2026 school year, we plan to continue both station rotations and Instructional Rounds. Data from the 2025 state assessments will guide teachers in refining their instructional stations to effectively address the needs of all learners, with a particular focus on English Language Learners (ELLs).

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

One of the most notable trends in the data reveals that 158 students, representing 90.8% of English Language Learners, are newcomers with 0-3 years of service. This finding is crucial as we evaluate the necessary scaffolds in dual language classrooms to effectively support these learners. It also underscores the types of professional development opportunities that should be offered to educators working with this population.

Additionally, another significant data point shows that 116 students, or 66.7% of English Language Learners, are currently in temporary housing. Recent attendance data indicates that ELLs in temporary housing demonstrate higher absence rates compared to other student subgroups.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

We have a small population of former ELLS, 5 students in total - 29.4%, that are in temporary housing. Recent attendance data indicates that ELLs in temporary housing demonstrate higher absence rates compared to other student subgroups.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Home language of our English language Learners include Spanish and English. There are 173 students that speak Spanish and 1 student that speaks Portuguese.

The vast majority of the teaching and support staff at The Bilingual Bicultural School/PS 182 are fluent in Spanish. All written communications sent home, whether via backpack or email, are provided in both English and Spanish. These communications are also accessible on the school's website.

The website allows parents to choose their preferred language from a drop-down menu of over 100 languages, ensuring they can access the information shared on the BBMS webpage. Additionally, the New York City Department of Education's Info Hub offers resources related to Translation and Interpretation Services. Over-the-phone interpretation services have been utilized effectively by teachers during meetings with families, particularly during Parent-Teacher Conferences.

Meetings, such as those held by the Parent Association, are conducted in both English and Spanish, fostering an inclusive environment. All members of the school parent body are encouraged and welcomed to participate in all school-based activities.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The Bilingual Bicultural School/PS 182 has consistently worked to meet the diverse needs of our students and their families. We recognize that biases and inequities are deeply embedded in our country's history, negatively impacting many children based on their linguistic backgrounds and ethnicities.

Founded in the early 1970s, our school was established to address the needs of families whose home language was not English, providing bilingual education to students. Over the years, we have evolved from a Transitional Bilingual model to a full Dual Language program. Central to our mission is the commitment to welcome and celebrate the diverse cultural backgrounds of all students.

An analysis of the ELL Data Analysis Tool (EDAT) reveals that among our English Language Learner students, 172 are identified as Hispanic. Additionally, 2 students are identified as non-Hispanic ELLs. This data underscores our ongoing commitment to equity and inclusion within our school community.

When a family first registers their child at our school, we warmly welcome them into our community. Before the COVID pandemic, prospective and new parents had opportunities to visit the school. During Spring 2020 and the current 2020-2021 school year, we adapted by providing virtual tours and school overviews for new families. Our Parent Coordinator conducts immediate outreach to ensure new families feel welcomed, and members of the Parent Association also play a vital role in this process.

Each new student receives a warm welcome, which is especially important for those arriving after the school year has begun. Every morning, teams of staff members greet each student, fostering a child-centered and inviting environment. When parents require assistance, we respond promptly to provide the necessary support. The social-emotional well-being of all students is our top priority, creating an affirming atmosphere for everyone.

While many families in our school community identify Spanish as their home language, we celebrate the diversity of our ELL students and their families, who come from various countries. The school hosts cultural celebrations where students can share their heritage by wearing traditional dress and bringing food. These events allow all members of the community to showcase their individual cultures, customs, and traditions.

Because our school fosters a learning environment where students are treated with respect and dignity, they know they are affirmed and valued. Our goal is to provide all students with rigorous instruction and maintain high expectations for everyone.

During the current school year, the Instructional Leadership Team (ILT) engaged in instructional learning walks, allowing team members to visit classrooms remotely and provide actionable feedback. A major focus of these walks was student engagement, and the feedback received by participating teachers was well-received. This initiative

exemplifies our commitment to increasing student-to-student interaction while engaging in challenging tasks that require critical thinking.

We encourage our students to take risks and develop independence. Each teacher's instructional plan is designed to meet the diverse needs of their students, incorporating Universal Design for Learning (UDL) strategies. This approach ensures that all students can access the content being delivered. Students may engage with the information in various ways, and the final tasks can be tailored to allow for alternative means of demonstrating understanding.

Our goal is to provide differentiated instruction that maintains rigor, ensuring that all students develop a positive self-image and feel empowered to succeed. In creating an inclusive curriculum with equally inclusive assessments, all students have the opportunity to engage with the same content.

For example, our school has partnered with the Literacy Design Collaborative (LDC) for several years. The objective of LDC instruction is to enable students to engage with complex texts and activities related to specific final tasks. Over the past two years, all students in grades K-5 have participated in LDC modules focused on literary analysis and grade-level science understandings. Students are learning to write from sources and receive strategic guidance during instructional delivery through well-planned mini-tasks. Teachers can modify and tailor each mini-task to support students in demonstrating success. A key aspect is that throughout the module, students are made aware of the assessment criteria, which helps them understand the purpose of each component.

The Literacy Design Collaborative (LDC) modules are just one part of our comprehensive literacy instruction. All students benefit from a strong balanced literacy approach. To capture early literacy skills, we utilize various formative assessments. Understanding individual student reading levels and behaviors is crucial, especially for our English Language Learner students. This awareness allows us to tailor instruction effectively and meet the diverse needs of all learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

ELLs can demonstrate sufficient progress, or a threshold oof student growth on the NYSESLAT in one of three ways:
1) Exiting ELL status by scoring commanding on the NYSESLAT or Expanding on the NYSESLAT and either 3 or above on the NYS ELA assessment.
2) meeting the annual ELP progress target between the two most recent NYSESLAT exams
3) meeting the safe harbor criteria for cumulative progress between the most recent year and their initial NYSESLAT English language proficiency level.

According to the Spring 2024 NYSESLAT Result Overview Report:
Method 1: Met Progress by Exiting ELL Status: 11 students - 16.2%
Method 2: Met Annual Progress Target: 14 students - 20.6%
Method 3: Met Safe Harbor Cumulative Growth: 1 student - 1.5%
Progress Not Met: 42 students - 61.8%

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

2024 NYSESLAT Proficiency Level
Former ELLs: 11 students - 9.2%
Expanding: 21 students - 17.5%
Transitioning: 25 students - 20.8%
Emerging: 20 students - 16.7%
Entering: 43 students - 35.8%

There are 4 students that were within 10 point of reaching proficiency.
There are 3 students that are within 11 and 20 points of reaching proficiency.

There are 9 students that are within 10 points of reaching expanding.
There are 5 students that are within 11 and 20 points of reaching expanding.

There are 5 students that are within 10 points of reaching transitioning.
There are 2 students that are within 11 and 20 points of reaching transitioning.

There are 16 students that are within 10 points of reaching emerging.
There are 11 students that are within 11 and 20 points of reaching emerging.

NYSESLAT Modality Analysis: Strengths
Data indicates that students performed better during the 2024 school year in the area of speaking (16 students) when compared to the NYSESLAT result of the 2023 school year (5 students).

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

NYSESLAT Spring 2024 ELA Comparative Analysis
- 1 Entering student scored level 1
- 1 emerging student scored level 1
- 6 transitioning student scored level 1
- 3 expanding students scored level 1
- 8 expanding students scored level 2
- 1 commanding student scored level 2
- 5 commanding students scored level 3
- 4 commanding students scored level 4

NYSESLAT Spring 2024 Math Comparative Analysis
- 8 entering students scored level 1
- 2 entering students scored level 2
- 1 entering student scored level 3
- 1 emerging student scored level 2
- 3 emerging students scored level 3
- 2 transitioning students scored level 1
- 2 transitioning students scored level 2
- 3 transitioning students scored level 3
- 1 transitioning student scored level 4
- 6 expanding students scored level 2

- 5 expanding students scored level 5
- 1 commanding student scored level 2
- 7 commanding students scored level 3
- 2 commanding students scored level 4

Students in our school do not take the Regents exams.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

2024 NYSESLAT by IEP Designation
- There are 4 students with IEPs that are entering.
- There are 7 students with IEPs that are emerging.
- There are 6 students with IEPs that are transitioning.
- There are 5 students with IEPs that are expanding.
- There are 2 students with IEPs that are commanding.

The number of students with IEPs that are ELLs is only a small fraction of the number of total ELLs. There are 24 ELLs with IEPs and 96 ELLs without an IEP.

There are no identified SIFE students in our school.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

All students engage in HMH core instruction aligned to grade-level standards, provided in both English and Spanish within our dual language programs. Core curriculum materials, including consumable books and libraries, are available in both languages. The English Language Arts instruction is grounded in the principles of the science of reading, a research-based approach that leverages neuroscience to teach children how to read effectively.

Students in dual language classrooms also participate in Literacy Design Collaborative (LDC) modules, which are highly engaging and rigorous. These modules require students to read complex texts and complete various mini-tasks that encourage deep analysis and understanding through writing.

In mathematics, all students in dual language classrooms engage with the Envisions core instruction. After completing core lessons and activities, students participate in mathematics station rotations. During these rotations, they work collaboratively in groups to engage in vocabulary activities, STEAM projects, fluency practice, and solving multi-step word problems. This approach fosters collaboration and enhances their mathematical skills.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team (ILT) plays a crucial role in supporting the success of our Multilingual/English Language Learners (MLL/ELL) at The Bilingual Bicultural School/PS 182. Founded on the principles of providing rigorous and tailored instruction, our school has always maintained high expectations for all students, including those with additional needs, such as Special Education or those in Temporary Housing.

The ILT is composed of staff members with diverse expertise, including lower and upper grade teachers, bilingual educators, and special education teachers. Their responsibilities encompass engaging in activities that strengthen core instruction. A strong instructional core is vital for MLL/ELL students to achieve high levels of academic success and language proficiency. We recognize that each student's social-emotional well-being is fundamental to their overall success.

One key aspect of the ILT's work is to support the successful outcomes of our school's Comprehensive Education Plan (CEP) goals. The team identifies professional learning needs and plans Professional Learning Cycles to support teachers. Examples of these cycles include Guided Reading, Universal Design for Learning, Culturally Responsive Teaching, and Hallmarks of Advanced Literacies.

The ILT also assists teachers in conducting Data Talks related to Quarterly Assessments in literacy and math. After these assessments, grade teams analyze data, guided by the ILT using specific Looking-At-Student Work protocols to ensure efficient and productive discussions. The team has developed data capturing tools that allow Teacher Leaders to present findings at scheduled meetings with the entire ILT and Grade Team Leaders, where feedback is provided, focusing on areas of need for individual or small groups of students. Teachers revise MTSS action plans based upon the feedback received during vertical meetings.

Additionally, the ILT engages in Instructional Rounds, where team members schedule visits with participating teachers focusing on student engagement. Teachers plan lessons that incorporate peer discussions, supporting our work around station rotation practices in mathematics. Following each lesson, ILT members and Teacher Leaders debrief with individual teachers, providing specific and actionable feedback. Instructional Rounds are also facilitated to support teachers in the implementation of station rotations in mathematics

Our school is dedicated to strengthening our Multi-Tiered System of Supports (MTSS). The ILT supports teachers in identifying students who need MTSS assistance, guiding them through progress monitoring during MTSS cycles. At the end of these cycles, the team participates in MTSS shares, providing feedback on specific students or small groups.

When the ILT meets to discuss professional learning needs, engage in data talks, and analyze pedagogical practices, the focus is always on the needs of individual students. Specific subgroups, including Multilingual/English Language Learners and those with varying abilities, are consistently prioritized, alongside other indicators related to individual students.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

For the current school year, we have six Dual Language classrooms that utilize a balanced literacy approach and incorporate QTEL (Quality Teaching for English Learners) strategies alongside Understanding by Design (UDL) principles to ensure accessibility for all students. Our Dual Language program follows a 50/50 language allocation model, providing equal instruction in both English and Spanish daily. For example, students experience one day of English and one day of Spanish for literacy and mathematics instruction. This exposure allows students to acquire skills in both languages, ultimately becoming proficient biliterate students.

Teachers deliver instruction through a workshop model that integrates QTEL and UDL strategies, offering scaffolds essential for understanding content and enhancing language development.

When planning literacy instruction, teachers and grade teams closely examine all learning sessions within the HMH reading and writing units. By embedding UDL principles, units and individual lessons are tailored to meet the diverse needs of all students. Literacy Design Collaborative (LDC) modules are also modified to include engaging texts and focus on big ideas in literary analysis, science, and social studies, supporting all four Hallmarks of Advanced Literacies.

Students engage in discussions with both teachers and peers, enhancing their learning experience. The professional

learning initiatives of the Instructional Leadership Team have increased student engagement, allowing for more student-to-student interaction as teacher talk has strategically decreased.

In terms of content instruction, Amplify Science is employed to facilitate hands-on exploration, encouraging students to think critically about science concepts while collaborating on investigations. This approach not only enhances academic language but also fosters deeper understanding through discussion and writing. Science instruction is further augmented with rich informational literature and virtual experiences, including field trips.

The Social Studies Passport program aligns with the Next Generation Learning Standards, providing students with engaging texts related to various social studies concepts. Teachers plan opportunities that support these standards, particularly in speaking and listening.

All four Hallmarks of Advanced Literacies are designed to support Multilingual Learners/English Language Learners in engaging with rich texts, facilitating the development of both conversational and academic language. Our students write across all learning areas, not just in the Writing Workshop, using writing as a means to convey ideas and build knowledge. Exposing students, especially Multilingual Learners/English Language Learners, to rich vocabulary is crucial for their success. When supported meaningfully, they can effectively utilize new vocabulary and academic language in their learning.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

For the 2025-2026 academic year, our institution will persist in utilizing a balanced literacy approach to instruction. Educators will continue to implement QTEL (Quality Teaching for English Learners) strategies alongside Universal Design for Learning (UDL) principles to ensure equitable access for all students. The Dual Language program operates on a 50/50 language allocation model, providing students with equal instruction across all subject areas on a daily basis. This content-area teaching facilitates lessons delivered in both the students' native language and the second language of instruction.

QTEL strategies furnish essential scaffolding that aids students in comprehending content and enhancing language acquisition. Students engage with a diverse array of texts, participating in word-learning activities that promote discussion and debate, aligning with Hallmark 4 of Advanced Literacies Instruction: Academic Vocabulary and Language. Writing tasks are integrated into the program to further develop literacy skills. When UDL strategies are thoughtfully embedded in daily instruction, students gain access to the curriculum across all disciplines. Teachers meticulously plan literacy instruction by closely examining each lesson within the HMH reading and writing units of study. UDL principles are crucial for providing barrier-free instruction, allowing units and individual sessions to be tailored to meet the diverse needs of all learners.

Moreover, our school will maintain its partnership with the Literacy Design Collaborative (LDC), enabling teachers across all grades (K-5) to implement module instruction that offers students opportunities to engage with compelling texts. These modules emphasize significant concepts and rich content in literary analysis, science, and social studies, thereby supporting Advanced Literacies Hallmark 1. Indeed, the TC units of study and LDC module instruction bolster all four Hallmarks of Advanced Literacies. Students not only read and write to enhance their language and knowledge but also engage in meaningful discussions with both educators and peers. The professional development initiatives led by the Instructional Leadership Team have empowered teachers to create enriched instructional opportunities that promote greater student engagement. As a result, interactions among students have increased, with student-to-student dialogue rising as teacher-led discussions strategically decrease.

In the realm of content instruction, Amplify Science engages students in hands-on exploration, prompting them to critically analyze scientific concepts while collaborating on investigations. This approach enhances their academic language and understanding, allowing them to articulate their insights through discussion and writing. Teachers enrich science instruction by incorporating engaging scientific concepts through informative literature and virtual experiences, including field trips. This methodology similarly extends to social studies, where the Social Studies Passport program aligns with the Next Generation Learning Standards, offering students opportunities to read captivating texts related to various social studies topics.

When planning, educators incorporate opportunities that support the Next Generation Learning Standards in speaking and listening. All four Hallmarks of Advanced Literacies are designed to assist Multilingual Learners/English Language Learners in engaging with rich, stimulating texts. Students are afforded increased opportunities to develop not only conversational language but also academic language. Our students participate in writing activities across all areas of learning, extending beyond the Writing Workshop. For our Multilingual/English as a New Language Learners, writing serves not only as a means to convey ideas but also as a vital tool for building language and knowledge. Exposing students to rich vocabulary is essential; when we provide meaningful support to our Multilingual Learners/English Language Learners, they can effectively utilize new vocabulary and academic language.

b. SIFE

Currently there are no SIFE students at The Bilingual Bicultural School/PS 182.

c. Newcomers

As previously articulated, our school's objective regarding Multilingual/English as a New Language Learners with IEPs is to ensure that all students have equitable access to rigorous grade-level content. The Bilingual Bicultural School was established in the early 1970s to address the academic and linguistic needs of local children, many of whom were newcomers at that time. Over the years, our institution has adeptly served the educational and linguistic requirements of students across a spectrum of proficiency levels. Each academic year, the distinctive learning needs of students identified as Newcomers are carefully considered during planning sessions conducted by individual teachers and grade teams. Educators not only integrate Universal Design for Learning (UDL) principles into their lessons and unit plans but also incorporate QTEL strategies, with the overarching goal of facilitating the progression of Newcomers to higher levels of proficiency.

During meetings of the Instructional Leadership Team (ILT) with individual teachers and teaching teams, a primary focus is ensuring that pedagogical practices are robust and effectively tailored to meet the needs of all students, particularly those within targeted subgroups. This process involves utilizing the results of the NYSESLAT to identify students across various proficiency levels. Newcomers are designated as a targeted subgroup for differentiated instruction, ensuring they have access to rigorous educational experiences. When the ILT, along with Teacher Leaders, engages in instructional rounds, a key focus during classroom observations is student engagement, particularly among those identified as part of this targeted group. Teachers receive constructive feedback on executing cohesive lessons that foster heightened student engagement, thereby providing increased opportunities for peer discussions that support newcomers both academically and linguistically.

All students are afforded equal access to rigorous yet tailored instruction. When designing literacy units using the HMH Units of Study in Reading and Writing, educators make informed instructional decisions based on disseminated professional learning. This intentional planning is further supported by extensive training on employing UDL

principles to eliminate barriers that hinder student learning. Teachers modify the presentation of content, the processes students engage in during learning, and the methods by which students demonstrate their understanding.

Our institution has consistently prioritized the social and emotional needs of our student body. Newcomers must feel welcomed, valued, and respected—principles that are central to our mission. We are deepening our commitment to equity and access, while also supporting the social and emotional well-being of our students. We aspire for our students to become risk-takers and independent learners; when newcomers feel valued, a strong foundation for learning is established. A recent review of the ELL Data Analysis Tool (EDAT) indicates that 82.4% of our Multilingual/English as a New Language Learners are currently identified as Newcomers. All discussions surrounding data take into account the specific needs of this subgroup of MLL/ELL students.

d. Long Term ELLs

As per the ELL Data Analysis Tool (EDAT) our school does not have any Long Term Multilingual/English as a New Language Learners.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school uses curricula, and instructional strategies which include highly differentiated approaches as per UDL principals, and scheduling flexibility to enable MLL/ELL-SWD students to meet their IEP goals and obtain language proficiency in Spanish and English the following ways:

• Q-TEL (Quality Teaching for English Learners) strategies are used to deliver instruction utilizing Understanding by Design (UDL) strategies that will ensure accessibility for all students. Teachers refine their practices to design instruction to meet the needs of MLL/ELL-SWD students in their classroom. Strategically designed lessons allow for multiple means of representation by providing options for perception; options for language and various options for maximizing student comprehension.

• Provide common planning for the general education and special education teacher to plan around the students' IEP goals and language needs.

• MTSS programs such as Guided Reading intervention, Orton Gillingham, Lexia phonics, Lexia English Language, At Risk related services and other additional intervention programs are scheduled within their day to target specific needs based on iReady and Acadience data

• Utilize various instructional models of co-teaching, co-teachers (special education and general education teachers) work closely together to design coherent instruction that is tailored to meet the needs of MLL/ELL-SWD students.

• The school leader develops schedules that provide consistent opportunities for teachers to plan during the school day and during professional development periods.

• The school leader plans for professional development that supports teachers in planning for MLL/ELL-SWD students which include: Southern Cross Mathematics consultant, Literacy Design Collaborative (LDC) Coach - Understanding By Design (UBD) backwards design planning.

- The Professional Learning Coach provides support to new teachers in Understanding by Design (UDL) instructional strategies which support the needs of all students according to the three principals.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

The Bilingual Bicultural School/PS 182 is a dual language bilingual school. We have Spanish dual language classrooms on each grade level. The model of instructional delivery is aligned to the 50/50 model where instruction is provided equally in the home language and new language English. School leaders meet with classroom teachers to review their weekly schedule in order to ensure that students have equal access to learning in both languages. Schedules are posted outside of all classrooms and uploaded to the school's Google Shared Drive.

School leaders visit classrooms during instruction when lessons are being taught in Spanish. It is very important that classroom visits are conducted not only when students are learning in the new language. This enables school leaderships to ensure that the appropriate standards of instructional delivery are being executed appropriately when instruction is in Spanish. Not only are students receiving 50% of their learning in Spanish but that standards of practice for dual language instruction are observed.

The Instructional Leadership Team along with Teacher Leaders can also participate in learning walks in order to observe instruction in the home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At The Bilingual Bicultural School/PS 182 the social and emotional needs of our students has always been paramount. Our school has always sought to create a supportive and welcoming environment for all students especially for students whose home language is not English. Newcomer and developing students must feel safe and secure in order to establish a firm foundation which will support their academic well-being. In order to deepen our support for students in terms of social emotional well-being, a deep level of professional learning has taken place.

Our school has provided cycles of professional learning related to Positive Behavior Intervention Services (PBIS) in order to strengthen teacher skillsets in supporting students in positive ways in the classroom and in learning areas outside of the classroom. While our school has not experienced concerning issues related to overall behavioral

issues as a school community, the work around PBIS has supported all staff members in always maintaining the most positive focus even when encountering a difficulty or concerning situation. This program has supported students in engaging with another in positive ways.

Maintaining a safe learning environment has always been important. Any potential issue related to bullying or other concerning behaviors has always been addressed immediately. The PBIS program has deepened this work. Our school's mascot is the BBMS Owl. The owl is wise. There is a connotation that owls are smart. This supports our mission that all our students can meet their full potential. The owl is also an acronym - O - Only good choices, W - We are kind, L - We have a Love of learning, and S - Safety is first. Teachers have been provided owl tickets which are presented to students when an positive behavior related to the Owl Ticket is observed. In fact, any staff member can present a student with an Owl Ticket. Tickets are placed in and Owl Ticket holder basket and at the end of the instructional week, a ticket is selected. The principal invites Owl Winners to her office in order to select a prize. During remote learning, the PBIS leader would meet with the weekly Owl Ticket winners in order to engage in fun activity.

Another professional learning for all staff members is related to the Yale Center for Emotional Intelligence. One teacher was trained by the Yale Center in the area of RULER which is a systematic approach to SEL. RULER stands for R - Recognizing, U - Understanding, L - Labeling, E- Expressing and R - Regulating. Part of training was related to the use of the Mood Meter. As a result, students received instruction in Mood Meter. Each day students are able to reflect and share their current feeling. They are invited to privately share their feeling using a daily google document. Teachers review the results and if any concerning feeling and statement is observed, the teacher will engage with the student in order to assess their feeling. If it is deemed that the concern is great, other staff members including the school counselor will be called. This daily tool is also used to monitor any trends or patterns. Mood Meters are displayed in each classroom and in the common hall near the main entrance.

We have also utilized the DESSA tool to screen all students for areas of emotional strengths and weaknesses. Once all the data has been collected the SEL team looks into these weaknesses to find research based interventions that can be implemented within the classroom provided by the DESSA platform. Members have one to one discussions with teachers who serve these students to discuss potential interventions. Guided by the SEL member the teacher(s) are to implement, monitor and collect data based on the intervention and student experience. Teacher(s) are supported during this process by a member of the SEL team and make adjustments as needed. Ideally these tier 2 and 3 interventions will support the student to strengthen their weakness so that by the post DESSA assessment they show improvement in the targeted emotional category.

Social Emotional professional learning activities are, of course school-wide initiatives. However, our school always considers the social emotional needs of students who are identified as being in a specific subgroup. This would include MLL/ELL students.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In order to meet teacher professional development as it relates to Continuing Teacher and Leader Education (CTLE) specific to ELL certification renewal, professional learning must always consider the needs of Multilingual/English as a New Language Learners, and MLL/ELL students with IEPs. Recent professional learning related to, Universal Design for Learning (UDL), Quality Teaching for English Language Learners (Q-TEL), PBIS, RULER, Advanced

Literacies, ULIT PD Guided Reading, etc. must be tailored to the needs of supporting the needs of our diverse student body. Professional Learning specific to bilingual teachers are supported by teacher leaders in professional learning activities.

Agendas and official sign-in sheets are maintained and archived in the school's Google Shared Drive. Teachers also maintain an accounting of all professional learning, including activities related to the Multilingual/English as a New Language Learners.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Kindergarten teachers use LETRS Assessments in order to identify: concepts about print, letter/sound identification, and phonological awareness.

The use of Lexia Core (phonics) was launched in the Dual Language classrooms for the 2020-2021 and has continued since then. During the 2022-2023 school year we also launched Lexia English Language to screen, intervene, assess and track students English language progression as it relates to the NYSISLAT

iReady is used in grade 3-5 and Acadience in grades K-2 to screen for reading skills such as phonemic awareness, phonics, fluency, comprehension and sight word recognition.

During the 2023-2024 school year we worked closely with our AIS coordinator to pilot a screener for Dyslexia using the C-Topp. The students who were identified as at risk for Dyslexia were targeted with a double dose of Heggerty and Fundations as prescribed by Columbia College. During the 2025-2026 school year, we anticipate the continual use of this screener.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The targeted intervention programs for MLL/ELLs in ELA, math, and other content areas are:

Kindergarten students receive additional phonics instructional support by the speech and language teacher. The teacher uses Orton Gillingham for differentiated targeted support to small groups of students.

MTSS Tier II: Teachers in grades K-5 after engaging in data analysis using initial screeners, results of Quarterly Assessments and classroom assessments identify students who demonstrate need for Tier II MTSS. Students are grouped according to identified need. Teachers provide focused targeted support in small group three times weekly. As part of MTSS, teachers engage in consistent progress monitoring. Information related to student progress is entered into the schools Google Shared Drive MTSS folder for the current Cycle. Services are provided for approximately 6 weeks. At the end of the MTSS Tier II Cycle the teacher meets with the Instructional Leadership Team. Student progress is reviewed. The team supports the teacher in identifying which students can be discontinued for Tier II support and which students need to continue for a new Tier II Cycle. Additional strategies and recommendations are made. Students can receive MTSS Tier II support in reading, writing and/or math. All students including Multilingual/English Language Learners receive targeted MTSS Tier II support. In terms of the language of service, depending on student need, MTSS Tier II support can be provided in either English or Spanish.

MTSS Tier II support provider provides targeted support for identified students. The Great Leaps Fluency intervention program is used to support students who demonstrate deficiencies in reading in phrases. The Great Leaps program supports students in building automaticity in reading high-frequency and high utility words. The program supports students in reading in phrases and builds to sentence reading. The last activity applies previously practiced skills to apply to short passages.

The Afterschool Program provides support for students in ELA and Math. Data related to individual students is reviewed. Students in need of additional support beyond the regular school day are identified. Students can receive additional support in reading and mathematics as needed.

In terms of classroom instruction, data analysis is conducted where implications for instruction are identified. Teachers plan for highly targeted instruction which includes appropriate UDL strategies in order to provide multiple entry points to the lessons. Small group/guided instruction is provided after each mini lesson for all areas of instruction. Response to Intervention Tier I support is provided in English and Spanish based on student need and level of English proficiency. During literacy instruction, the students complete tiered activities where they apply the skill introduced during the mini lesson. These activities provide scaffolded instruction to meet the specific needs of students. When planning for guided reading, writing or math instruction, teachers use data specific to Multilingual Learners/English Language Learners to identify groups and instructional focus. When planning for support in English, teachers use NYSITELL or NYSESLAT data to help in forming appropriate groups. Data from the Spanish Lab can be used to identify student fluency in Spanish. It is critically important that classroom teachers engage in progress monitoring as a standard of practice in order to support student learning. Teachers collect data during small group instruction and of course, during one-to-one support either in a conference or when working with a student during independent work time.

Teachers have received professional development in how to provide meaningful feedback to students. Students receive glows related to their progress. This supports students in feeling accomplished and positive. There has been and continues to be a great focus on student's social emotional well-being. This is central in maintaining a positive learning environment. When students receive feedback related to areas of need and focus, this will be received in a positive way because the teacher has already established a positive learning environment.

As teachers engage in on-going progress monitoring, in addition to the calendared assessments that are administered, regular informal assessments must take place. Teachers also conduct Acadience reading assessment. This supports the goal of having all student reading at grade level by the end of the year or in reaching the goal that has been established for the individual student. This is particularly critical for all MLL/ELL students especially entering and emerging students.

Assessment is key is monitoring student progress. It is important that current MLL/ELL students also receive MLL/ELL test accommodations when assessed. Teachers are mindful that MLL/ELL students may require additional time to complete a targeted assessment. Students should also have access to a bilingual dictionary/glossary. Of course, for New York State Mathematics and Science (Gr. 4) assessments, students must be provided opportunity to test in their home language or be provided assessments in both languages in order to support students. Having side-by-side test booklets has proven to be valuable to students as per student reporting.
In addition, oral translations are provided where the home language is not available.

Student grouping is very important. Teachers are mindful of student proficiency when partnering students especially during an activity which will be conducted in English. In order to support English language acquisition, more English proficient students may be paired with entering and emerging students. At times homogeneous grouping is key to the instructional focus.

The differentiated and targeted Tier I Response to Intervention supports are key in supporting all students, especially our Multilingual/English as a New Language students.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

During the 2025-2026 school year, the Bilingual Bicultural Mini School will engage in the process of triangulation of data in order to develop action plans that address specific sub-skills that must be mastered in order for students to access grade-level standards. Data will be analyzed within grade-teams in conjunction with the Instructional Leadership Team (ILT). Assessments to be administered will include: Envision Benchmark Assessment, Simulation Assessments (3-5), HMH Module Assessments, Acadience ELA Assessment (K-2), i-Ready Assessment Math Assessment (K-5), i-Ready ELA Assessment (3-5), and Literacy Design Collaborative (LDC) end-of-module Assessment. Action plans will be implemented in cycles throughout the school year and students' progess will be measured weekly. Action plans will be adjusted in accordance with data.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

To support individual students and subgroups in achieving academic success, rigorous data analysis is a fundamental practice.

One of the most significant literacy assessments is the i-Ready Reading Diagnostic, administered quarterly throughout the academic year. Following test administration, formal reports are generated for each class, grade, and the school as a whole, including individual student reports. Grade teams convene to conduct in-depth analyses of student results across five domains of reading: phonological awareness, phonics, high-frequency words, vocabulary, and comprehension for both literature and informational texts. Student performance is categorized into graduated tiers. Each grade team has received training in specific Looking-at-Student-Work protocols, such as the Atlas Protocol, which optimizes time and enhances focused data analysis. Teams prepare reports highlighting areas of greatest concern, identify trends and patterns, and analyze findings to uncover potential causes of learning gaps. Subsequently, action plans are developed, outlining a four- to six-week instructional remediation plan tailored to address identified concerns, which will be integrated into core instruction. Students requiring more substantial support beyond Tier I Response to Intervention (RtI) will be targeted for Tier II support, involving a focused cycle of tailored interventions. Ongoing progress monitoring is implemented, with data uploaded to the school's Google Drive.

At the conclusion of the RtI cycle, teachers meet with the Instructional Leadership Team (ILT) to share data pertaining to targeted students. ILT members, Grade Team Leaders, and other teachers who provided Tier II support attend these meetings. When teachers present the outcomes of the Tier II support, the teams offer recommendations as necessary. This collaborative process fosters a school-wide understanding of data analysis and the effectiveness of targeted interventions, enhancing the collective comprehension of effective academic support strategies.

In mathematics, classroom teachers administer quarterly assessments using the enVision Topics Cumulative Benchmark Assessments, also conducted four times a year. Post-testing, grade teams engage in a process analogous to that used for the i-Ready assessments, focusing on identifying major mathematical standards that present challenges. This identification informs the development of grade-level action plans aimed at remediating

deficiencies in these key standards. Additionally, students requiring intensified support are identified for targeted assistance during core instruction or Tier II RtI interventions.

Teachers continuously collect data related to mathematics. At the end of each topic in enVision Math, students complete a topic assessment that yields immediate feedback regarding their understanding of recently taught content, enabling timely instructional adjustments.

In recent years, our school has collaborated with the Literacy Design Collaborative (LDC). As part of our literacy instruction, teachers incorporate four LDC modules annually. Upon completion of each module, grade teams collaboratively score student final tasks, ensuring the reliability of final scores through a standardized norming process. Results are disseminated to the school community via Google Drive. The ILT analyzes outcomes from all LDC modules and compares them to the i-Ready Reading Diagnostic results, allowing for the identification of patterns and trends across these multiple data measures. Subgroup data, including that of Multilingual Learners/English Language Learners (MLL/ELL) and differently abled students, is also examined. The team then meets with specific teachers to provide insights and recommendations.

Classroom teachers administer pre- and post-assessments for HMH, alongside the Renaissance AR reading assessment and MyOn assessments, which students complete after reading self-selected fiction and nonfiction texts. This self-directed activity allows students to choose texts from the MyOn online library, enjoy their selections, and subsequently take an online assessment, receiving immediate feedback. Teachers can generate reports for comparative analysis of this data against quarterly assessments and running records.

Teacher-created assessments are also crucial. Educators design comprehensive assessments and smaller evaluations, such as Exit Tickets, to monitor student mastery of specific topics. In dual language classrooms, students participate in these assessments in both languages.

Through data analysis, teachers develop time-bound action plans targeting specific students and subgroups. Mastery of data interpretation is essential for making informed instructional decisions that benefit all students, particularly Multilingual/English as a New Language learners and those with special needs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

The dual language model serves as the framework for our bilingual education. Through this approach, students receive core instruction in both English and Spanish, enabling them to demonstrate proficiency in literacy across disciplines, including reading, writing, mathematics, science, and social studies. When classroom assessments are conducted, students in dual language classrooms have the opportunity to express their understanding in both languages, an essential aspect of their learning experience.

Teachers can effectively monitor student proficiency in their home language, and the results from the Spanish Lab assessment provide insights into students' initial proficiency upon arrival. However, it is crucial to continuously assess student literacy in both English and Spanish over time. Our objective is for our Multilingual Learners/English as a New Language students, whose home language is Spanish, to achieve biliteracy.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our school has multiple structures in place which are used to evaluate the effectiveness of our Multilingual/English as a New Language program. One of the most important activities is engaging in data analysis using multiple measures of data. When teachers, grade teams and the Instructional Leadership Team take deep dives into assessments, the information derived supports our school in making instructional and curricular decisions.

In terms of summative assessment data analysis our school engages in a review of NYSESLAT and New York State Assessments such as the English Language Arts (ELA), Mathematics, and Grade 5 Science Written and Performance assessments.

NYSESLAT Spring 2024 ELA Comparative Analysis
- 1 Entering student scored level 1
- 1 emerging student scored level 1
- 6 transitioning student scored level 1
- 3 expanding students scored level 1
- 8 expanding students scored level 2
- 1 commanding student scored level 2
- 5 commanding students scored level 3
- 4 commanding students scored level 4

NYSESLAT Spring 2024 Math Comparative Analysis
- 8 entering students scored level 1
- 2 entering students scored level 2
- 1 entering student scored level 3
- 1 emerging student scored level 2
- 3 emerging students scored level 3
- 2 transitioning students scored level 1
- 2 transitioning students scored level 2
- 3 transitioning students scored level 3
- 1 transitioning student scored level 4
- 6 expanding students scored level 2
- 5 expanding students scored level 5
- 1 commanding student scored level 2
- 7 commanding students scored level 3
- 2 commanding students scored level 4

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The testing coordinator leads the coordination of the administration of each year's NYSESLAT assessment. The testing coordinator attends the Manhattan Borough Assessment Implementation Director's Testing Coordinator

meetings to ensure that all information and procedures related to testing is captured.

In order to prepare for the administration of the NYSESLAT assessment, the ATS RLAT is generated in order to identify entitled students who will be tested. Of course, this report is a key piece of data which is generated and shared with teachers, grade teams and committees. Additionally, a SESIS report is generated in order to identify testing modifications related to students with IEPs. The NYSESLAT testing manual is downloaded from the New York State NYSED website. All pertinent memoranda are also reviewed.

In terms of the administration of the Speaking component of the NYSESLAT, teachers are identified who will administer the one-on-one Speaking component. The testing coordinator meets with teachers and conducts a professional learning session related to scoring protocols and procedures. Teachers use the practice manuals to ensure that they are completely familiar with the process for accurately scoring student responses. Teachers transfer student responses on student answer documents. In terms of preparing for the Listening, Speaking and Writing components of the assessment for Kindergarten and Sessions 1, 2, and 3 for grades 1-5, testing groups are designed where the needs of students are considered. Teachers of students in dual language classrooms serve as proctors. For students who are not participating in the NYSESLAT assessment, students will be assigned to another class on the grade level in order to ensure that there is no disruption to their instruction. Proctors are identified and notified that they will administer the assessment. For students who have special accommodations that cannot be met in the regular classroom, additional groups are designed. The assessment dates are shared with the school community.

Prior to testing, the testing coordinator meets with teachers and identified proctors to share test administration responsibilities. Parents receive notification of the test dates. Testing dates are also shared on the Parent Monthly calendar which is prepared by the school's Parent Coordinator. Dates are also shared on the official school calendar which is posted on our school's Google Drive. On the day of testing, the school creates a supportive testing environment which is conducive to providing students an appropriate test environment.

Post assessment, the testing coordinator meets with a team of teachers who have been identified as scorers of the writing component of the assessment. A professional learning session is conducted which supports teachers in learning how to score each writing tasks across Kindergarten and grade bands 1-2, 3-4 and 5-6. A schedule for scoring is set. Teams of teachers score writing tasks. At our school we engage in inter-rater scoring to ensure reliability of scores. This has proven to be a very successful practice.

Staff members who administer the assessment are dual language classroom teachers. These include bilingual special education and bilingual teachers from dual language ICT classrooms. Out of classroom teachers who are experienced in administering and scoring the NYSESLAT writing tasks are scheduled for these activities.

In order to ensure that students receive mandated services during testing, the school schedules the listening, reading and writing components of the NYSESLAT assessment over three days. Once the test has been completed, teachers return to their regular instruction. Since the NYSESLAT is an English assessment, teachers are able to modify their set schedule to ensure that students have instruction in Spanish for literacy later in the day. Teachers are mindful of the importance of maintain equal instruction 50/50 English and Spanish. For students who receive push-in Stand-Alone and pull-out Integrated English as a New Language services, providers will revise their schedule to ensure that students are not missing mandated instruction.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

During registration, parents are informed about the English Language Learner (ELL) programs available at the Bilingual Bicultural Mini School.

At Curriculum Night, classroom teachers present grade-level expectations alongside the Next Generation Common Core Learning Standards (CCLS) that students are expected to master throughout the academic year.

In Dual Language classrooms, educators provide parents with detailed information regarding the instructional methodology employed in both languages.

Across all classes, teachers supply parents with resources, including access to digital platforms that support the curriculum.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

During the annual individual meetings, parents gain insight into the objectives of the dual language program at BBMS. A primary goal is for students to develop the capacity to articulate their thoughts clearly using newly acquired Tier II and Tier III vocabulary. Additionally, it is essential that students preserve their native language while acquiring proficiency in their second language (L2).

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All family communication including school calendards, notification and flyers are provided to parents in English and Spanish.

Our school utilizes Kinvolved to send parents text alerts for key information. This platform sends messages in both English and Spanish.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

It is very important to support our parent body especially the families of our Multilingual/English as a New Language Learners. Our school's parent coordinator plays a major role in planning for activities which provide a wide array of supports and experiences for our families. One of the most powerful activities is the Know Your Rights cycle of support.
During these meetings parents are able to learn about their immigration rights from attorneys. Individual meetings between parent and attorney are arranged where a family can share their personal needs. Our families need to feel safe and secure. Another series of workshops is related to nutrition and healthy eating.

When the Parent Association holds its monthly meetings, a workshop is always incorporated into the official meeting. Workshops have supported parents in receiving information related to New York State assessments, how to support their children in reading and mathematics problem-solving. All activities and workshops are conducted in Spanish and English. In order to plan activities that are tailored to meet the needs of our parents, a survey is provided to all parents. Parents are invited to rank activities and they are also able to add a request that the school community had not considered. Prior to the coved pandemic parents were provided an opportunity to visit their child's classroom each month.

Each month is dedicated to a specific area of learning, reading workshop, writing workshop, math problem-solving and science are examples of monthly parent visits. Parents are invited to all student assemblies. These activities will be relaunched for the 2025-2026 school year.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The parent coordinator shares opportunitied for family leadership during Parent Association Meetings. The parent coordinator also shares information about these leadership opportunities through flyers and emails.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

BBMS currently partners with the Society of Educational Arts (SEA) and El Museo del Barrio to provide children and families with opportunities to partake in cultural events inside and outside of the school building.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We do not have any additional information to include in the LAP at this time.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Yazmin Perez, Principal
Karla Alexander, Assistant Principal
Cynthia Grullard, Bilingual Teacher
Mary Torres, Secretary
Carmen Rodriguez, Testing Coordinator

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

To Be Determined

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Yazmin Perez

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Mary	Torres	School Secretary	02/26/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.24%	1	0.24%	0	0
FRENCH	3	0.73%	3	0.73%	0	0
ENGLISH	87	21.17%	87	21.17%	all	all
PORTUGUESE	1	0.24%	1	0.24%	0	0
SLOVAK	1	0.24%	0	0.00%	0	0
SPANISH	318	77.37%	319	77.62%	25	25

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Phone Blasts	Involved digital platform is utilized by parents. Parents are able to select their preferred language to receive information.
School Event Flyers	School flyer with upcoming events, including the school calendar, are in English and Spanish for families.
School Memoranda	School memoranda with important information, including school closures, are provided to families in English and Spanish.
School Website	Our school website includes information in English and Spanish.
Student Family Handbook	The Student & Family Handbook is translated into Spanish for families.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent-Teacher Conferences	The vast majority of educators and staff within the school facility are proficient in Spanish and capable of providing translation services. Should a teacher be unable to assist a parent with translation, additional personnel, including the parent coordinator, are available to offer support.
Parent Association Meetings	Key stakeholders in the Parent Association are proficient in both English and Spanish. Additionally, the parent coordinator is available to assist with translation for parents as necessary.
Welcome Back To School Event	Each classroom will have at least one teacher or paraprofessional who is fluent in Spanish during the welcome-back event. Additionally, materials for this event will be translated into Spanish to accommodate families.
Individual Education Program (IEP) Meetings	Based on family preferences, IEP meetings are conducted in the families' preferred language. If a certified bilingual staff member is present at the meeting and offers to translate, they will assist any non-Spanish speakers. In the absence of a certified bilingual staff member, the case manager will utilize the Department of Education's translation service via phone. All arrangements are made at least one week prior to the meeting.
School Leadership Team (SLT) Meetings	Key stakeholders in the School Leadership Team are proficient in both English and Spanish. Additionally, the parent coordinator is available to provide translation assistance for parents as necessary.
Family Engagement and Empowerment Events	During family engagement and empowerment events, the parent coordinator and/or additional support staff offer translation services for parents who require assistance.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Our school employs the Kinvolved platform for disseminating text message blasts. A member of the instructional leadership team will be instructed by the principal to initiate the communication. The message will be composed and approved by the principal in a timely fashion. Once uploaded to the platform, it will be automatically translated into the preferred language specified by the parent.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Teachers will be provided with information to access the mandated asynchronous NYCPS Language Access Training. They will acknowledge their completion of the course by signing a confirmation.

The designated Language Access Coordinator (LAC) will share linguistic resources with the parent coordinator and the School Leadership Team. These stakeholders will ensure that families receive all essential resources.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

During the registration process, parents are given the opportunity to specify their preferred language of communication. This information is recorded in the student's cumulative folder, which is accessible to classroom teachers. Classroom teachers review these cumulative records at the beginning of the school year, aiding them in preparing correspondence for parents. Furthermore, this allows teachers to develop materials in the parents' preferred language for the welcome-back-to-school event.

At the outset of the school year, the bilingual-bicultural mini school contacts each family to ascertain their preferred language of communication. Parents' preferred languages are recorded in our Kinvolved system for school-related text messages and announcements. Additionally, school flyers and memos are translated into the parents' preferred language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

During the 2025-2026 school year, the school principal will host a "Coffee with the Principal" event. At these gatherings, parents are encouraged to engage in open dialogue with the principal regarding their experiences with communication, accessibility to staff members, timely notifications for events, and potential improvements in our communication strategies. The principal will converse with parents in both English and Spanish, and translation services will be available for those who speak languages other than English or Spanish.

Additionally, the Bilingual Bicultural Mini School conducts monthly Parent Association Meetings, which are open to all parents and families. During these meetings, translation services are provided. Information about upcoming events, workshops, and other pertinent details is shared with parents, who are also invited to ask questions and seek additional support from key stakeholders, including the Parent Association presidents, parent coordinator, and school-based staff such as the instructional coach or special education lead.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our initial telephone and SMS blast system was not designed to accommodate translations into other languages; it was the responsibility of a certified bilingual staff member to translate all text message blasts. Consequently, our school adopted the Kinvolved platform, which we have been utilizing since the 2022-2023 school year. Parents and families have provided positive feedback regarding this system for communication. We have also observed an increase in parental engagement as they leverage this tool to report absences and share other important information with the school.

We plan to continue using this platform in the upcoming school year, having already secured our subscription. Additionally, we have made greater use of the DOE Translation Service this year than in any previous year, which has enhanced our families' ability to stay informed and engage fully in their children's education. This approach also ensures that every staff member remains accessible to all parents.

School Leadership Team (SLT) meetings provide parents with an opportunity to engage in dialogue and share feedback with school administrators and key stakeholders.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

approximately 30

Grades to be served in this program. Select all that apply.

,K,1,2

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2 bilingual certified teachers

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The Title III new arrival (immigrant) program for the 2024-2025 school year will take place after school. The program will take place two days per week with two 50-minute sessions. Students across grade kindergarten thru second grade will participate in activities including digital storytelling, interactive learning language apps, digital cultural projects and multimedia presentations. These activities will grant students the opportunity to build their digital fluency and enhance their skills in collaborative discussion and discourse. The program will be supervised by a school leader at no cost to the Title III new arrival (immigrant).

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Title III Immigrant funded program will support children in kindergarten thru second grade as they develop their ability to engage in discourse and build their digital literacy skills. Data indicates that students have not yet mastered many of the prerequisite skills required to be successful with grade level content. Data sources include i-Ready benchmark assessment data, Acadience assessment data, LETRS assessment data and NYSESLAT. Through the use of technology, students will partake in highly engaging activities designed to foster collaboration, critical thinking, leadership and literacy skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

For each Title III Immigrant funded program, describe the students that will be served. Include:
Students across grades kindergarten thru second grade will participate in the Title III Immigrant funded program. The precise number of students that will participate is yet to be determined. There are current 24 students that are Entering according to the 2024 NYSESLAT; 16 students that are Emerging; 13 students that are Transitioning; and 4 students that are Expanding. Of the students across grades kindergarten thru second grade that have been

identified as English Language Learners, 9 are students with an Individualized Education Program (IEP).

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program is scheduled to begin December 16th, 2024; it is scheduled to conclude on May 16, 2025. The program will take place two days per week between the hours of 3:00 PM and 5:00 PM. There will be two sessions on each day. Each session will be 50 minutes and will take place in the technology lab.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for the Title III program is Spanish. All student that will participate in the program will be Spanish.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

At the present time, it is anticipated that the program will be implemented by two certified Bilingual Education teachers.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Students will utilize digital platforms and resources that are at no cost to the program. Students will also utilize literary and informational texts that are currently a part of classroom libraries and will not need to be purchased. The language of instruction for the Title III program is Spanish. All student that will participate in the program will be Spanish.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The program will take place twice per week, with two 50-minute sessions each day. Student attendance will be captured daily by the teachers during each session. Student work-products will be memorialized in folders, either digital or hard-copy.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The focus of the professional development sessions will be on Quality Teaching for English Leaners (QTEL). This body of research provides support for how to provide highly impactful instruction for English learners across grade levels. The goals and strategies for the professional development lessons are highlighted below.

Goals

- Develop Language Acquisition Skills: Equip teachers with strategies to support language development for English language learners (ELLs).
- Transfer Skills: Teach students to leverage their native language skills to enhance English learning.
- Enhance Comprehension: Foster comprehension skills through collaborative discussions and writing activities.

QTEL Strategies to be Covered

1. Structured Academic Conversations: Implement protocols for discussions that promote critical thinking and language use.
2. Collaborative Group Work: Use cooperative learning strategies to encourage peer interaction and language practice.
3. Use of Visuals and Graphic Organizers: Employ visual aids to support comprehension and vocabulary development.
4. Sentence Frames and Starters: Provide scaffolding for students to formulate responses and articulate their thoughts.
5. Culturally Relevant Content: Integrate materials that reflect students' backgrounds and experiences to make learning more relatable.
6. Interactive Read- Alouds: Use read-aloud sessions to model language use and engage students in discussions about texts.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

This six-week Professional Learning Plan is designed for teachers at PS 182 to enhance their understanding of Quality Teaching for English Learners (QTEL). The focus will be on developing language acquisition skills, facilitating the transfer of skills from students' native languages, and improving comprehension through discussions, collaboration, and writing. As it has been stated, there are current 24 students that are Entering according to the 2024 NYSESLAT; 16 students that are Emerging; 13 students that are Transitioning; and 4 students that are Expanding. Of the students across grades kindergarten thru second grade that have been identified as English Language Learners, 9 are students with an Individualized Education Program (IEP). In order to serve these students and truly make an impact on student outcomes, it is critical that teachers develop their capacity to implement strategic instruction that supports English Language Learners in their development of native language and English language skills while simultaneously enhancing their 21st century skills.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers in grades K-5 will be provided professional development learning experiences. This includes teachers of special education students and bilingual teachers. Bilingual teachers will be provided professional development opportunities that are tailored to meet the needs of Multilingual/English Language Learners. These learning opportunities will be provided in smaller cohort professional development learning.

All teachers that are participating in the program will receive QTEL training in order to support the work taking place with students in the Title III program. The professional development sessions will be led by an on-site facilitator that has extensive training in QTEL. The sessions will take place during the school day.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The QTEL professional learning series is scheduled to begin in December and conclude in February. There will be 6 sessions held by weekly. Adjustments to the schedule are made based upon the NYCDOE calendar as well. The

sessions will take place during the school day from 8:00 AM to 9:00 AM.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Session 1: Introduction to QTEL and Language Acquisition
- Date: December 4, 2024
- Activities:
  - Overview of QTEL principles
  - Discussion on language acquisition theories
  - Introduction to Structured Academic Conversations

Session 2: Leveraging Native Language Skills
- Date: December 18, 2024
- Activities:
  - Strategies for transferring skills from native languages to English
  - Use of bilingual resources and materials
  - Collaborative group work exercise

Session 3: Enhancing Comprehension through Visuals
- Date: January 15, 2025
- Activities:
  - Training on using visuals and graphic organizers
  - Hands-on practice creating visual aids for lessons
  - Discussion on the impact of visuals on comprehension

Session 4: Scaffolding Language with Sentence Frames
- Date: February 5, 2025
- Activities:
  - Introduction to sentence frames and starters
  - Role-playing activities to practice using frames in discussions
  - Sharing of classroom experiences using these strategies

Session 5: Culturally Relevant Teaching
- Date: February 26, 2025
- Activities:
  - Identifying and integrating culturally relevant content
  - Group discussions on how to make lessons more relatable
  - Planning for future lessons that incorporate student backgrounds

Session 6: Interactive Read-Alouds and Writing
- Date: February 26, 2025

- Activities:
  - Modeling interactive read-aloud techniques
  - Strategies for writing instruction that supports ELLs
  - Collaborative planning for upcoming lessons that apply QTEL strategies

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Leslie Guzman, lead the QTEL professional learning sessions
Karla Alexander, Professional Learning Coach/ Data lead

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Documentation and evidence related to professional development sessions will be placed in the Professional Learning binder in the principal's office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The parents of The Bilingual Bicultural School/PS 182 will be provided opportunities to participate in workshops throughout the 2024-2025 school year.

All workshops will be conducted in both English and Spanish. The school's parent coordinator plans for monthly parent workshops. Each workshop is scheduled for approximately one hour. The parent coordinator is available after each workshop to provide individual parents an opportunity to share any ideas or ask any clarifying questions. For the 2024-2025 school year, topics related to immigration will be held once again. One of the most important workshops is the Know Your Rights series. This is a very important series for our parents. The workshops provide information and also provides parents an opportunity to make personal appointments with an attorney in order to receive legal advice related to a variety of immigrant issues and concerns. The Know Your Rights series will be calendared for the 2024-2025 school year as well. The parent coordinator also plans monthly workshops with the Cornell Cooperative Extension for a series of workshops related to nutrition and health. This has proven to be a successful event.

Additionally, parent workshops will be hosted by members of our staff on a variety of topics

The 5th grade bilingual teacher Ms. E. Cortes will conduct a workshop relating to building up students Spanish language at home to support children in continuing to maintain a bilingual brain. She will go over items such as the NYSESLAT, debunk myths about bilingual vs. monolingual education and ways to support students at home.

Related Service providers from our Speech and Language department will also conduct a series of workshops such as Developing Language Skills through Oral Language Development – How can families support oral language development at home? Our Occupational Therapist will conduct parent workshops covering What is Occupational Therapy?, How to Support my Child's Activities of Daily Living at Home and How to Strengthen Fine Motor Movements and Executive Functioning.

Workshop flyers in English and Spanish inviting parents to attend parent events will be backpacked and emailed as well. The school calendar which is provided in both English and Spanish will include information about parent workshops for the month. Workshop flyers will be posted on the principal's google classroom page and the BBMS website. Flyers are prominently posted on the school's bulletin boards on the outside of the school building and in the main entryway. Reminder text messages will also be blasted to all families leading up to the workshops.

Parents will be able to complete a survey at the beginning of the 2024-2025 school year where they will be able to indicate their parent workshop needs related to a variety of areas. These may include academic topics, health and nutrition, social emotional support and issues related to topics such as immigration.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

It is critical that parents are provided opportunity to engage in learning opportunities for a variety of topics. This not only helps parents in learning about important topics related to their children's learning, but also provides information about services provided in the community.

It is equally important that parents have opportunities to meet with other parents. This builds a strong parent body and investment in their child's education.

Based on informal data collection via PTA survey, it was determined that parents required additional support in reading at home with their children and engaging in evidence-based and text-based conversations.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent workshops are provided monthly. All workshops are approximately one hour in length and will be facilitated by our ELA coach. Exact time will be determined based upon parent feedback.

The first Wednesday morning of every month will be a Family Morning. Thereafter, parents will remain for our monthly Awards Assembly.

The third Wednesday of every month will be a Family Friday. Parents will observe instruction across diferent content areas.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parent workshops provide information across a variety of topics. These include and are not limited to:

-Know Your Rights series where legal advice related to a variety of immigrant issues and concerns is provided.
-Cornell Cooperative Extension conducts a series of workshops related to nutrition and health.
-Speech and Language Therapists: Developing Language Skills through Oral Language Development
-Bilingual Education: How to Support my Child's Bilingual Brain
-Occupational Therapist: What is Occupational Therapy?, How to Support my Child's Activities of Daily Living at Home and How to Strengthen Fine Motor Movements and Executive Functioning.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

-Cornell Cooperative Extension
-Know Your Rights - a variety of legal experts conduct these informational sessions
-Ms. J. Morse, Ms. A. Orgel (Bilingual Speech & Language Therapists)
-Mr. N. Moe (Occupational Therapist)
-Ms. E. Cortes (5th Grade Bilingual Educator)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Workshop flyers in English and Spanish inviting parents to attend parent events will be backpacked and emailed as well. The school calendar which is provided in both English and Spanish will include information about parent workshops for the month. Workshop flyers will be posted on the principal's google classroom page and the BBMS website. Flyers are prominently posted on the school's bulletin boards on the outside of the school building and in the main entryway. Reminder text messages will also be blasted to all families leading up to the workshops.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Family engagement activities will be documented in the Family Engagement binder. This binder will house artifacts including event flyers and attendance sheets.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$17,925.00
