Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Professor Juan Bosch School

District Borough Number (DBN):

06M178

Grades Served:

K - 5

School Address:

12-18 Ellwood St. New York, N.Y. 10040

Phone Number:

212-569-0327

Fax:

212-569-0389

School Contact Person:

Milagros Santos

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Patricia Sanchez	*Principal or Designee	
Michael Gates	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Briana Packen O'Melveny	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President	
Iris Reynoso	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Sarah Rainey	Staff	
Karina Bello	Staff	
Laurie Burke	Staff	
Teresa Yamana	Parent	
Maggie Mead	Parent	
Barry Kogan	Parent	
Khatiya Moon	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At P.S. 178 we believe that all students should be given the foundational skills and technological tools necessary to prepare them for success in the 21st century. We pride ourselves on having a caring, inclusive environment that nurtures student self-confidence, acceptance and emotional well-being. In order for every child to be successful, we promote mutual respect and social responsibility by placing an emphasis on strong partnerships between home, school and the community. At P.S. 178, we help diverse learners excel academically by providing them with equitable learning opportunities. By providing a rigorous academic curriculum and a nurturing, caring learning environment, students will leave our school as creative problem solvers, critical thinkers and responsible, compassionate citizens of the world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 178 is a thriving K-5 public school nestled in the heart of Washington Heights, Manhattan. Our school community is a rich tapestry of diverse cultures and backgrounds, reflecting the vibrant spirit of New York City. We serve approximately 248 students, including a significant population of English Language Learners and students with diverse learning needs.

Our school is committed to providing a high-quality education that empowers all students to reach their full potential. Through an integrated curriculum, our dedicated teachers foster a love of learning by connecting subjects like math, science, and language arts. We prioritize literacy development and employ a variety of instructional strategies to meet the needs of every learner.

Partnerships for Success
We believe in the power of community partnerships to enhance our students' educational experience. We collaborate with several organizations, including:

YWHA: Offers after-school programs and cultural enrichment activities.
CHALK: Promotes healthy lifestyles through physical activity and nutrition education.
KidsZone @PS 178M: Provides quality after-school care and academic support.
Sports and Health in the City: Offers sports programs and health education.
New York Road Runners and Girls on the Run: Inspires young athletes and promotes physical fitness.
Family Engagement
We value the partnership between home and school and actively involve families in their children's education. We host regular parent-teacher conferences, workshops, and volunteer opportunities to strengthen communication and foster a sense of belonging.

By working together, we create a supportive and nurturing environment where students can thrive academically, socially, and emotionally.

Briefly summarize the key initiatives your school will implement this school year.

P.S. 178 is continuing scientific based reading programs with Expeditionary Learning at the center, supplementing with Fundations, Heggarty, and Write from the Beginning and Beyond with Thinking Maps. We embed station teaching and small groups into our math and ELA practices across grades. Students are instructed in Illustrative Math. This school year, P.S. 178 will continue to offer two cycles of STEAM Labs for students and offering Computer Science for All, a curriculum focused on standards in digital citizenship, fluency, and computer science.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Expeditionary Learning	Digital and Project based learning, Spanish theme based library
ELA	K-5	Thinking Maps Program	TMLC online map creator, tutorials, The Balance Between Professional Development, WFTBB
ELA	K-2	Fundations	Implementation of decodable text, Fun Hub Online
Math	K-5	Illustrative Mathematics	Use of Problem Solving Protocol (School created)
Math	K-5	Number Talks	Supplemental to Illustrative Mathematics
ELA	K-5	CSA Computer Science for All	
ELA	3-5	Just Words	Fun Hub Online
ELA	K-5	iReady Reading	Teacher-developed adaptations to be responsive to student's educational needs and levels
Math	K-5	iReady Math	Teacher-developed adaptations to be responsive to student's educational needs and levels

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
61% of students are below grade level in vocabulary. (June 2025 i-Ready)	Students are exposed to rich vocabulary in curriculum and accessible books but the vocabulary instruction in Expeditionary Learning can be easily missed or taught too briefly. There needs to be a focused schoolwide emphasis on vocabulary strategies.	Students need to be able to build contextual background information to internalize and use grade level vocabulary.
5% of students are three or more grade levels	All of the students who are three or more grade levels below are deficient in phonics. Phonics is not taught whole class in upper grades.	Students need to get targeted instruction in foundational skill through support in small group settings.

below. (June 2025 i-Ready)		
58% of students are below grade level in informational text comprehension. (June 2025 i-Ready)	Students need strong vocabulary skills in order to comprehend informational texts, especially in unknown topics. Students also need to be exposed to various text structures repeatedly.	When a reading unit or module heavily focuses on literature comprehension teacher should curate informational texts on the topic to have students make connections between ideas and text structures.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62%	By June, 2026, literacy for All Students will improve, as measured by a 2 percentage points Increase, from 62% to 64%, of percentage of students scoring at Levels 3 & 4 on the NYS ELA State Test results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement explicit vocabulary and comprehension instruction across all grades and content areas to strengthen students' academic language, background knowledge, and reading stamina-- particularly for multilingual learners and students performing below grade level.

Root Cause Addressed:

School data and teacher observations indicate that students struggle with academic vocabulary and informational text comprehension, which limits their ability to access grade-level ELA and content texts. Inconsistent schoolwide routines for vocabulary instruction and limited exposure to complex informational text contribute to these gaps.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Integrate daily explicit vocabulary instruction using EL Education routines and morphology practice in all classrooms.
Use i-Ready Reading reports to identify and group students for targeted small-group instruction in vocabulary and instruction in vocabulary and comprehension.
Provide professional learning cycles on teaching academic vocabulary and using text-dependent questions to deepen comprehension.
Implement data-driven planning meetings to analyze i-Ready and formative data, track subgroup progress, and adjust interventions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Units reviewed by teams monthly for vocabulary and comprehension strategies.
- i-Ready growth reports reviewed mid year by grade teams.
- Midyear and end-of-year data reviews shared at SLT.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/03/2025	06/26/2026	Host bilingual family workshops on supporting reading at home (vocabulary, read-alouds, comprehension strategies)	none
11/06/2025	06/26/2026	Share i-Ready progress reports at time of report cards to parents with reading tips by grade level.	none

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Afterschool teachers

Instructional Resources

Curriculum for afterschool and intervention groups

Schedule Adjustments

Time for teacher instruction on vocabulary and comprehension and progress monitoring.

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
19% of staff believe that the school does not do enough to prevent or remediate bullying (Internal school survey, May 2025)	Staff are not informed of city policies relating to student behavior	Staff needs to meet to discuss the regulations from the city based on levels of student behavior.
3 assemblies were conducted to present information related to Respect for All.	Social worker came on to the staff in January, by then it was difficult to schedule school assemblies when the calendar was set with trips, class events, and schedules.	Social workers will choose dates in the early fall for the whole year to prioritize Respect for All assemblies.

30% of students report that they know who they would go to in the case of a problem with another student.	There is no direct communication with students about different ways to report incidents to school staff.	Students need to be informed of different ways to report incidents and accidents during school, especially during unstructured times such as lunch and recess.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	7.8/10	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 1.2 point increase Increase, in the average staff rating of the school's internal climate survey question, "P.S. 178 takes an active role in preventing bullying," from 7.8/10 to 9/10, per the Internal school survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

9/10

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Establish consistent, schoolwide systems for bullying prevention, SEL, and positive school culture though common routines, proactive instruction, and strengthened communication among staff, students, and families.

Root Cause Addressed:

School survey feedback indications inconsistent practices for preventing and responding to bullying, limited shared language around expectations, and insufficient structured opportunities for students to learn SEL skills and community norms. These gaps contribute to lower staff confidence in the school's ability to actively prevent bullying behaviors.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Revise and communicate schoolwide bullying-prevention expectations to staff, students, and families (protocols, visuals, translations)
Provide staff PD on bullying prevention, restorative responses, DOE regulations, and the school's reporting protocol.
Implement monthly Respect for All assemblies focusing on kindness, identity, conflict resolution, and safe peer interactions.
Roll out Lifeskills at the beginning of the school year and integrate monthly SEL lessons into classrooms to reinforce themes from the Respect for All assemblies (e.g. empathy, communication, problem-solving).

Launch a positive recognition system highlighting students showing positive peer interactions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Monitoring of assembly completion and lesson alignment with Respect for All themes.
- Review of behavior logs, counseling referrals, and follow up documentation.
- SLT monthly analysis of trends and progress toward the goal.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/26/2026	Bilingual workshops on bullying prevention, digital safety, and supporting conflict resolution at home.	n/a
10/01/2025	06/26/2026	Monthly ClassDojo posts summarizing RfA assembly themes with family-facing strategies.	n/a

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Social workers, school counselor, AP, and classroom teachers will lead and support bullying-prevention initiatives, monthly Respect for All assemblies, SEL lessons, targeted small grou

Instructional Resources

Respect for All curriculum materials, SEL lesson resources, restorative practices tools, translated family resources, digital reporting logs, and DOE-provided guidance on school climate and student wellness.

Schedule Adjustments

Monthly Respect for All assemblies added to the school calendar; structured SEL lesson blocks integrated into classroom schedules.

Other Resources Needed

Printing for visuals and communication material and access to translation services for family engagement.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
60% of students scored below grade level in geometry. (June 2025 i-Ready Math)	Geometry is covered towards the end of the year.	Geometry needs to be spiral reviewed during warm ups and centers throughout the year
53% of students scored one or more grade levels below in math. (June 2025 i-Ready Math)	Many students lack strong mental math skills for basic operations, which increases the difficulty of tackling more complex mathematical tasks. The extra effort required to complete foundational calculations hinders their ability to extend and apply higher-level math concepts.	Number Talks need to be used systematically and across grade levels.

30% of students score below a level 3 on the Problem Solving Protocol assessment (June 2025 PSP assessment data)	Students need stronger skills in translating written problems into mathematical equations, as many struggle to identify key information and apply appropriate operations when faced with word problems	Students need to be guided more on how to plan in a word problem, specifically in the "I will..." section of the problem solving protocol.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62%	PS 178 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 2 percentage points from 62% to 64%, for All Students, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen math instruction through high-quality implementation of Illustrative Mathematics (IM), supported by i-Ready progress monitoring and data driven small group instruction to build conceptual understanding and procedural fluency.

Root Cause Addressed:

Data shows uneven growth in math proficiency, with inconsistent use of discourse routines, representations, and small-group support across grades. As IM is newly adopted schoolwide, teachers need coaching in lesson internalization, pacing, and using i-Ready data to respond to gaps in foundational skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement Illustrative Mathematics with fidelity, following the full lesson arc (launch→ activity→ synthesis)
Use i-Ready Diagnostic and Growth Monitoring (fall, winter, spring) to identify prerequisite skill gaps and adjust instruction.
Monthly math planning meetings focused on IM lesson internalization, anticipating misconceptions, and connecting i-Ready data to small-group needs.
Provide targeted small-group instruction for students below grade level using i-Ready tools and aligned IM supports (fluency, prerequisite lessons).

Support multilingual learners using math language routines and sentence frames embedded in IM.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Monthly review of i-Ready Growth Monitoring reports.
- Analysis of fall/winter/spring Diagnostic data to identify trends.
- Monitoring of IM pacing and completion of units.
- Walkthroughs and observation feedback focused on discourse and use of IM lesson structure
- Small-group logs showing i-Ready-aligned skill work.
- SLT monthly data updates.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/0025	06/26/2026	Bilingual workshops explaining IM, i-Ready reports, and how to support math at home.	n/a
10/01/2025	06/26/2026	ClassDojo updates by unit with family support and unit vocabulary.	n/a
10/01/2025	06/26/2026	Family math night focusing on hands-on IM activities and grade-level fluency games.	n/a

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, classroom teachers, ENL teacher, AIS/SETSS provider supporting IM implementation, i-Ready data analysis, and intervention planning.

Instructional Resources

Illustrative Mathematics curriculum materials, i-Ready instructional lessons and teacher reports, manipulatives, pacing guides, math language routines.

Schedule Adjustments

Math planning time during PD and intervention blocks for i-Ready-aligned small-group instruction.

Other Resources Needed

Manipulative replenishment, printed anchor charts, translated family resources, technology access for i-Ready online instruction.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
11% of parents surveyed disagreed or strongly disagreed when asked if the school provides resources to parents and students to prepare for college, career, and success in life after high school. (2024 School Survey)	Parents may have a misunderstanding that the foundational skills addressed in elementary school as building blocks for future success between literacy and math instruction, social emotional learning, and growth mindset.	During curriculum night teachers will share connection between foundational skills and future success in college and career.

48% of students in grades 3-5 report that they may have some ideas of a kind of career they would be interested in but are not sure. (June 2025 in school survey)	Students need exposure and explicit connections between school activities and career options throughout the year	Career week and educational path exploration will be strategically scheduled throughout the year
1 day was devoted to career exploration in the 2024-2025 school year	Career exploration should be touched on throughout the year and have a devoted week earlier on.	Teachers will meet at the beginning of the year to schedule and prioritize career and educational path exploration.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	8.5	PS 178 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students who report they have no idea what career they might want to go into for All Students will Decrease by 3.5 percentage points from 8.5 to 5 as measured by Internal school student career survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase students' exposure to a variety of careers and strengthen their understanding of interests, strengths, and future pathways through classroom lessons, schoolwide events, and community partnerships.

Root Cause Addressed:

Student survey data shows limited opportunities for students to learn about different careers, connect their interests to real-world jobs, or interact with community members who represent diverse fields. Most exposure is informal or sporadic, leading to students reporting that they "have no idea" what they might want to pursue.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement career awareness mini-lessons during morning meeting or SEL periods (interests, strengths, "What is a career?").
Host Career Day featuring family members and community speakers across a range of fields.
Introduce "Career of the Month" spotlights with short videos, books, or morning announcements.
Integrate small group interest inventories for upper grades (3-5) to help students identify areas of curiosity or strengths.
Partner with local organizations for virtual or in-person career chats (library, CBOs, first responders, STEM groups)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Review of student interest inventories and reflection sheets
- Monthly check of Career of the Month completion
- Monitoring of classroom mini-lessons through planning/observations
- Attendance records for Career Day and guest speakers
- Midyear and end of year analysis of internal student career survey

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
05/01/2026	06/26/2026	Invite families as guest speakers to share their careers or skills	n/a
01/01/2025	06/26/2026	Provide bilingual resources on discussion interests and future goals at home	n/a

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Counselors, teachers, Parent Coordinator, admin team, and social worker support career lessons, interest inventories, and schoolwide events.

Instructional Resources

Career awareness lesson materials, interest inventories, career books in classroom libraries, video spotlights, digital resources.

Schedule Adjustments

Time built into morning meeting/SEL blocks for monthly career lessons; dedicated day for Career Day; flexible scheduling for guest speakers

Other Resources Needed

Materials for bulletin boards, Google Forms for inventories, translation services, partnerships with local professionals and community organizations.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
5% of parents disagreed or strongly disagreed when asked if they knew the next steps to get support at school if they suspect their child	We need to be more clear about how to reach out if they are concerned about academics.	Parents will be informed at curriculum night what they can do if they suspect that

needs additional learning support. (2024 NYC School Survey)		their child needs more support
11% of parents disagreed/strongly disagreed that the school provided resources to parents and students to prepare for college, career, and success in life after high school. (2024 NYC School Survey)	Parents don't see the connection between the foundational skills that are taught in elementary school and future college and career options.	We need to be more clear about the connection
6% of parents disagreed/strongly disagreed that the school helps parents understand what grade-level schoolwork looks like. (2024 NYC School Survey)	There is no school wide communication of curriculum work expectations.	We will provide workshops to inform parents of what students are working on in Math and ELA and what grade level work looks like.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	3.9	P.S. 178 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the average answer out of five when asked "I know what grade level schoolwork looks like" will increase by 0.6 points from 3.9 to 4.5 as measured by Internal school survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase clarity and communication around grade-level expectations for students and families through consistent academic routines, aligned messaging, and structured opportunities to see and discuss grade-level work.

Root Cause Addressed:

Families report inconsistent understanding of what grade-level work looks like across classrooms. Opportunities to experience instruction firsthand or receive clear, grade-specific guidance are limited, resulting in uneven clarity about expectations and next steps for academic growth.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host Learning-in-Action Days (fall and spring) where families observe an EL lesson to see grade level literacy expectations in action.
Create grade-level expectations guides (1-page or slide deck) outlining academic expectations for reading, writing, and math.
Have one teacher per grade host a mid-year Zoom session for families to review expectations, discuss common challenges, and share resources for home support.
Use SLT inter-visitations to identify strengths and trends in how expectations are communicated across grades.

Share monthly family newsletters by grade summarizing current units and what grade-level work looks like that month.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Walkthroughs monitoring posted learning targets and use of exemplars
- Review of family attendance at Learning-in-Action Days and mid-year Zooms
- SLT inter-visitation reflections
- Review of shared monthly grade-level updates

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
01/01/2026	02/01/2026	Mid-year Zooms hosted by grade-level representatives with Q&A	n/a
10/15/2025	05/31/2026	Learning-in-Action Days for parents to see grade-level instruction live	n/a
09/15/2025	06/26/2026	Regular ClassDojo updates linking to resources, exemplars, and unit overviews	n/a

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, admin team, coaches, Parent Coordinator, and SLT members support in-class events, parent sessions, and expectation setting.

Instructional Resources

Grade-level exemplars, learning targets, curriculum overviews, and translated family guides.

Schedule Adjustments

Designated time for Learning-in-Action Days; one mid-year Zoom session per grade; monthly communications incorporated into planning time.

Other Resources Needed

Translation for family documents, printing for guides, Zoom access, materials for displays/exemplars.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
27% of students are chronically absent. (June 2025)	Due to personal and health issues students do not attend school on a regular basis or have an extended period of missing school.	Teachers and staff will meet with parents to problem solve attendance issues.
49% of students on the chronic absenteeism list are in the Dual	This disproportionate representation may be due to the following factors: newcomer students, housing transitions,	P.S. 178 needs to strengthen attendance supports for multilingual learners and newly arrived migrant students, who experience disproportionately higher chronic absenteeism due to late school entry, extended travel, transitional housing, and mobility-related challenges.

Language classes. (October 2025)	family instability due to migration status.	
Four families with two students miss school at the same rate. (October 2025)		

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	27%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 7 percentage points, from 27% to 20%, as measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Providing targeted, bilingual family outreach and support in program areas and grade levels with chronic absenteeism, while implementing early identification and intervention systems to address attendance issues at the family level.

Root Cause Addressed:

Analysis of attendance data shows that chronic absenteeism at P.S. 178 is concentrated within specific program areas and grade levels rather than evenly across the school. Dual Language classes account for 49% of chronically absent students, and first grade has the highest rate at 25%. In addition, four families have two students on the chronic absenteeism list, indicating that attendance challenges often occur at the household level rather than being tied to individual students. These patterns suggest that inconsistent family routines, limited understanding of attendance expectations and importance, and varying communication needs across programs are contributing to higher absenteeism rates. Addressing these program and family level factors is essential to improving overall attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monitor attendance weekly and flag students reaching 5-10% absenses.
Conduct bilingual outreach (calls, ClassDojo, letters) to families of chronically absent or at-risk students, especially in Dual classes or first grade.

Create attendance plans for students with 10+ absences, including check ins and follow ups with families.
Host workshops on attendance expectations and supports.
Implement positive attendance recognition for students and classes.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/26/2026	ClassDojo messaging about attendance expectations	n/a
10/01/2025	06/26/2026	Direct outreach to families in Dual, ICT, and early grades.	n/a
10/01/2026	06/26/2026	Communication tailored to families with more than one student on the chronic absentee list.	n/a

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Admin team, Parent Coordinator, Social Worker, classroom teachers.

Instructional Resources

Translated materials, attendance trackers.

Schedule Adjustments

Time for weekly attendance review, family outreach, monthly recognition

Other Resources Needed

Incentives for attendance recognition

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
25% of IEPs during the IEP review did not have consistent language around parent and student voice	Special education team needs to meet to create a system or structure to	IEP Development

	ensure consistency of language and inclusion of parent and student voice.	and Fidelity of Implementation
60% of IEPs for students with a behavioral related para do not have a transition plan to fade support of the para, especially in fourth and fifth grade students who are working towards more self regulation ahead of middle school.	Teachers and paras need to meet at the beginning of the year to create a plan to ensure that para support fades as the student progresses through the school year.	Transition Planning and Compliance
40% of the referrals from the 2024-2025 school year followed the specific school referral process	School psychologist needs to meet with school staff at the beginning of the year to review referral process.	Referral Process and Equity
80% of behavioral OORs reports during the 2024-2025 school year involved students with IEPs.	Lifeskills will be implemented to target self regulation and positive behavior in peer interactions.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	25%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), students will be included in the IEP process by including student voice to better align with their strengths and interests, from 25% to 50%, according to an IEP review.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Develop and implement a schoolwide structure for incorporating student voice into the IEP-writing process by embedding student strengths, interests, preferences, and learning input into Present Levels of Performances (PLOP) and goal development, supported by tools, protocols, and coaching for case managers.

Root Cause Addressed:

Currently, student strengths, interests, preferences, and perspectives are not consistently captured in the IEP-writing process. Case managers often rely on academic data and teacher observations alone, resulting in PLOPs and goals that do not fully reflect the whole child. There is no schoolwide system, template, or expectation for including student voice, which leads to uneven practices across grade levels and providers. Increasing student participation and structured student-reflection tools will address this gap and improve the quality and inclusiveness of IEPs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop a short "Student Voices in IEPs" protocol (K-2 and 3-5 versions) for case managers to use during IEP preparation.
Create a one-page student strengths and interests survey for students to complete (or be interviewed) prior to IEP meetings.
Train case managers on embedding student voice into PLOPs and goal-writing.
Conduct two internal IEP reviews (mid-year and spring) to measure inclusion of student voice.
Share findings with SLT and revise supports as needed.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Monthly review of IEPs to check for student voice elements (strengths, interests, preferences)
- Completion rates tracked by grade and program (ICT, Nest)
- PD attendance and coaching logs
- Midyear and end of year rubrics comparing progress towards target

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/01/2025	06/26/2026	Share the student voice interview during IEP meetings so parents understadn how they child describes their own strengths and preferences.	n/a
10/01/2025	06/26/2026	Offer optional "Understanding IEP Process" workshop for families in English and Spanish.	n/a

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Coordinator, admin team, case managers/teachers, social workers/counselors

Instructional Resources

Student strengths and interests survey (paper or digital), IEP writing checklist, protocol for embedding student voice in PLOPs and goals, PD slides/training materials

Schedule Adjustments

PD time to train case managers and time during IEP process to complete student surveys/interviews

Other Resources Needed

n/a

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Assessment	Phonics	Small group	During School	No
Tier 2	i-Ready Diagnostic	Afterschool Early Risers Program, Saturday Academy	Small group	Before School	Yes
Tier 2	i-Ready Diagnostic	Math Afterschool	Tutoring	After School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	As needed	Restorative Circles	Small Group	During School	No
N/A	N/A	N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A	N/A	N/A

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

We will have workshops to inform parents and teachers will share general information and specifics in their grade during curriculum night.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

We will send additional progress monitoring reports where they receive updates of their students who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

50

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Based on a careful analysis of historical demographic, attendance, and achievement data for our student population experiencing temporary housing (STH), several trends have emerged that inform the services and support we provide. These insights reveal challenges such as higher rates of absenteeism compared to housed peers, disparities in academic achievement, and heightened social-emotional needs among STH students. To address these trends, our approach focuses on implementing targeted interventions. These include initiatives to improve attendance through transportation support and incentives, academic support programs like tutoring and access to resources, and services aimed at addressing social-emotional well-being through counseling and mentorship. Additionally, we recognize the importance of supporting families with workshops and resources to navigate educational systems and strengthen support networks. Furthermore, utilizing the STH Title I Survey enables us to align our services closely with identified needs by gathering specific feedback on priorities from STH students and families. This approach ensures that our interventions are responsive, inclusive, and effective in promoting educational success and overall well-being for students experiencing temporary housing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The services planned for our student population experiencing temporary housing (STH) are carefully selected to address their specific needs, informed by thorough assessment and direct feedback mechanisms. These include essential interventions such as transportation support to improve attendance, academic resources like tutoring and educational materials, and initiatives to enhance social-emotional well-being through counseling and mentorship. These services are complemented by additional supports including clothing, school supplies, food provisions, and funding for admission to cultural institutions during school field trips. These provisions were chosen based on insights derived from both historical data analysis and the STH Title I Survey, which solicited input from STH students and families to ensure alignment with their immediate and ongoing needs. This holistic approach aims not only to bridge academic gaps but also to create a nurturing environment that supports the overall success and well-being of our STH population.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 178, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 178 Juan Bosch will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 178 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

English Language Arts - Expeditionary Learning
Writing - Thinking Maps "Write from the Beginning and Beyond"
Math - Number Talks resources to support math language

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS 178 provides virtual and in school tours for incoming Kindergarten students. In addition, we have parent-student orientation activities for incoming Kindergarten students.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$284,432.00	X	Section 5, Priority 1
Title I, School Improvement 1003(a)	Federal	N/A	X	
Title II, Part A	Federal	$42,919.00	X	
Title III, Part A	Federal	N/A	X	
Title III, Immigrant	Federal	12,193	X	Instructional Supplemental Program
Title IV, Part A	Federal	N/A	X	
Tax Levy	Local	$2,414,216.00	X	Section 5,

(Fair Student Funding)				priority 2

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Patricia Sanchez
Assistant Principal (Where Applicable)*	Maryosie Mota
English as a New Language (ENL) Teacher*	Ileana Garcia
Teacher (if school has a bilingual program must be a bilingual teacher)*	Ohacy Feliz
Parent/Guardian*	Rebecca Lally
Parent Coordinator	Milagros Rodriguez Santos
Related-Service Provider	Erin Vargas

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

250

Total number and percentage (%) of current ELLs:

40 (16.0%)

Total number and percentage (%) of former ELLs:

6 (2.4%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

38 (95%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

2 (5.0%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1 (2.5%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

7 (17.5%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2001-2022	1	1	1	1	1	1								6

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

TESOL certified teacher, Ileana Garcia, provides Stand-alone ENL services to Entering and Emerging ELLs in a pull-out model. Students are grouped heterogeneously (ungraded) as both groups can receive the same allotted amount of instructional stand-alone minutes. The students are grouped within 2 consecutive grade levels (K/1, 2/3, 4/5) and meet at least 4x a week in a small group setting outside of the classroom.
The students receive targeted instruction that builds upon oral language development and English literacy skills through explicit teaching addressing all four modalities.

Integrated ENL:

Integrated English as a New Language (ENL) is co-taught by an ELA or other content teacher as well as TESOL certified teacher, Ileana Garcia.
In this model, students are grouped by their official classes (graded); English proficiency levels vary in the integrated model. The ENL teacher pushes in to the classroom and co-teaches for an entire ELA period and works with students in smaller groups (blocked). ELLs in an integrated model are supported regardless of proficiency levels. Furthermore, the ENL teacher plans and co-teaches with grade-level teams with the goal of developing mastery of academic language and facilitates engagement with grade-level content with the support of differentiated ENL strategies, modifications and supports within these small groups. Explicit attention is paid to vocabulary development which impacts comprehension and writing throughout the content areas. The curriculum is shared with classroom and ESOL teachers. Lesson plans allow for content to be easily accessible to ELLs with scaffolds and differentiations set in place to achieve content knowledge and language proficiency in the subject area.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Language Allocation Policy: Dual Language Program
Our Dual Language program is designed to foster biliteracy and academic excellence in both Spanish and English. We aim to provide a supportive and immersive environment that caters to the evolving linguistic needs of our students.

Program Model by Grade Level
Kindergarten: We implement an 80/20 Spanish/English model. This allocation prioritizes Spanish literacy and content learning, providing a strong foundation in the heritage language.

First through Fourth Grade: Instruction transitions to a 50/50 alternate-day model. This balanced approach ensures continued development in both languages across all content areas.

Fifth Grade: Students receive compartmentalized instruction by subject, with dedicated Dual Language instruction 2-3 times per week, flexibly scheduled. This prepares students for more specialized learning while maintaining their bilingual proficiency.

Instructional Support and Strategies
We utilize various strategies and tools to support language acquisition and content comprehension:

Scaffolded Instruction: Support for heritage language literacy and development (often referred to as Home/Heritage Language Arts or HLA) is provided through scaffolded instruction. This includes tools like picture dictionaries, bilingual dictionaries, and native language content materials in learning centers. These resources are available on an individual, as-needed basis.

Collaborative Learning: Students learn alongside their grade-level peers in the bilingual classroom. To foster continued linguistic and academic growth, fifth-grade Dual Language students work closely with fourth-grade Dual Language students throughout the year on special projects and collaborative activities. By fourth and fifth grade, students engage in these and other collaborative special projects one to two times a week during the school day and after school. Respective teachers for both grade levels collaborate closely to design and facilitate these cross-grade opportunities, ensuring alignment and seamless transitions.

Strategic Grouping: Language services are delivered to students with mixed proficiency levels. Strategic pairing of students who share the same heritage language helps bridge learning between their native language and English.

Integrated and Stand-Alone Instruction:

Integrated instruction (180 minutes mandated for many ELLs) is delivered through whole-class instruction, strategic pairing, special projects, and independent assignments with teacher support.

Stand-alone instruction (180 mandated minutes for ELLs) is provided through small group instruction, where bilingual teachers target students at the entering and emerging proficiency levels. This dedicated time focuses on English language development to build the academic language necessary for success in ELA and Math.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

P.S. 178M uses the 'Programming: Minimum ENL Unit of Study Requirements' adapted from the NYSED CR PART 154-2 (K-8) ENL Units of Study' and NYSESLAT/NYSITELL results at the beginning of the school year, in September, to determine students' proficiency levels and the number of minutes needed in each ENL program model (stand-alone/integrated). We then create a spread sheet and organize students by program (Dual Language and ENL program) by grade and proficiency levels. We use this information to program students accordingly in STARS, ensuring that all mandated minutes are explicitly accounted for and that these are integrated within content area instruction as well as English language skills.

We continuously monitor the monthly EDUR (ELL Data Update Report) for programming purposes and to make sure we are in compliance with mandated instructional minutes for ELLs. These reports are discussed and monitored by administration (Principal, Patricia Sanchez, Assistant Principal Maryosie Mota), the ENL teacher (Ileana Garcia) and STARS programmer (Starrett Pierson) monthly.

We have a literacy block of a minimum of 120 minutes, which is inclusive of all components of balanced literacy. For ENL, Entering students receive 180 minutes of stand-alone instruction as well as 180 minutes of integrated ENL/ELA instruction in the classroom. Emerging students receive 90 minutes of stand-alone ENL and 180 minutes of integrated ENL/ELA (the other 90 minutes can be stand-alone or integrated). Transitioning students receive 90 minutes of integrated instruction while the other 90 minutes can be Stand-alone ENL or integrated ENL/Core Content Area. Expanding students receive 180 minutes of Integrated ENL. Commanding/Former ELLs receive 90 minutes of integrated instruction every week for the next two years. The ENL teacher and classroom teacher use the integrated literacy block to plan for common content and language goals using data and our learning standards inclusive of all 4 modalities. In a stand-alone setting, the ENL teacher works to ensure that comprehension of skills and topics are being taught in the classroom and are reinforced in a small group setting within this time frame every week.

Ensuring Mandated Instructional Minutes by English Language Proficiency Levels:

At PS 178M, our Dual Language program is meticulously designed to ensure all students receive the mandated instructional minutes tailored to their English language proficiency levels, in full compliance with NYSED CR Part 154-2: Requirements for Bilingual Education Programs, specifically the Transitional Bilingual Education (TBE) Units of Study for Grades K-8.

1. Assessment-Driven Placement and Programming:
For our English Language Learners (ELLs), initial and annual English language proficiency levels are precisely determined by the NYSITELL and NYSESLAT assessments. This crucial data is the foundation for:

Targeted Minute Allocation: Each student's proficiency level (Entering, Emerging, Transitioning, Expanding) directly dictates the specific number of integrated and stand-alone English Language Development (ELD) minutes mandated by state regulations.

STARS System Integration: We meticulously program each ELL student in the STARS system, ensuring that all required instructional minutes are explicitly accounted for and documented according to their proficiency level. This system provides a robust mechanism for tracking and accountability.

2. Program Model Integration and Delivery:
Our Dual Language model ensures these mandated minutes are delivered effectively within each grade's program structure:

Integrated Instruction: The required 180 minutes of integrated instruction for many of our ELLs are seamlessly woven into core content area lessons across all program models (Kindergarten 80/20, Grades 1-4 50/50, and Grade 5 compartmentalized). This is achieved through:

Whole-group instruction

Strategic student pairing that leverages heritage language as a bridge to English

Collaborative special projects (including cross-grade collaboration between 4th and 5th-grade DL students, facilitated by close teacher collaboration)

Independent assignments supported by classroom teachers.

Stand-Alone Instruction: The mandated 180 minutes of stand-alone ELD are delivered primarily through targeted small-group instruction. Bilingual teachers expertly utilize this time to provide explicit English language development, focusing on the specific linguistic needs of students at the entering and emerging proficiency levels, enabling them to acquire the academic English essential for success in ELA, Math, and all content areas.

3. Holistic Language Development for All:
Our Dual Language program uniquely serves both ELLs developing English proficiency and English-proficient students interested in learning Spanish. This integrated setting creates a dynamic environment where all students serve as rich linguistic models for one another, fostering reciprocal language development and biliteracy. We are committed to sustained biliteracy, ensuring that students, even after reaching the Commanding level on the NYSESLAT, remain within the Dual Language program to continue their advanced Spanish acquisition while solidifying their English proficiency.

Through this comprehensive and data-driven approach, PS 178M consistently ensures that all mandated instructional minutes are not only provided but are strategically delivered to maximize English language acquisition and overall academic achievement for every student.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In a stand-alone model, Entering and Emerging ELLs in K-5 receive 180 minutes a week of instructional support that are dedicated to reinforcing skills that students need the most to build the English language throughout the content areas (mostly ELA). This may include hands on learning and more opportunities to practice these skills throughout the 4 modalities, with the support of their home language, to gain understanding in an academic setting and facilitate a smoother transition to English. The ENL Teacher, Ileana Garcia, works with Entering and Emerging students in a stand-alone model to reinforce these skills within the content areas.
In an integrated setting, 180 minutes a week are dedicated to academic and language support in ELA or other content areas. Students use their home language and ELL instructional supports (differentiation and accommodations) to further support language output and input. Ileana Garcia, the ENL teacher, pushes in during (ELA/Social Studies/ Small Group Time) to provide support in the classroom.

Delivery of ENL, English Language Arts (ELA), and Home Language Arts (HLA) Instructional Minutes
Our Dual Language program at PS 178M ensures the strategic delivery of English as a New Language (ENL), English Language Arts (ELA), and Home Language Arts (HLA) minutes, adapting to each program model and individual student needs.

1. English as a New Language (ENL) Instruction:
ENL instruction is meticulously delivered to our English Language Learners (ELLs) based on their proficiency levels and the mandated units of study. This includes:

Integrated ENL Minutes: A minimum of 180 minutes of integrated ENL instruction is seamlessly embedded into content area teaching within both the Kindergarten 80/20 (Spanish/English) and Grades 1-4 50/50 alternate-day models. In Fifth Grade's compartmentalized structure, integrated ENL continues to be woven into content instruction. This delivery occurs through whole-group lessons, strategic pairing of students, and collaborative activities designed to scaffold English acquisition.

Stand-Alone ENL Minutes: An additional 180 minutes of stand-alone ENL instruction is provided weekly, specifically targeting students at the Entering and Emerging proficiency levels. Delivered primarily through small-group instruction, these dedicated minutes focus on explicit English language development to build academic language necessary for success across all subjects.

2. English Language Arts (ELA) Instruction:
ELA instruction in our Dual Language classrooms is designed to cultivate robust biliteracy, ensuring students develop strong literacy skills in both English and Spanish. Within the established 80/20, 50/50, and compartmentalized models, ELA minutes are delivered through:

Balanced Literacy Approaches: Students receive comprehensive literacy instruction in English, utilizing strategies such as read-alouds, shared and interactive reading/writing, word study, and independent reading/writing.

Transfer of Skills: Teachers actively facilitate the transfer of literacy skills and strategies learned in Spanish to English and vice-versa, leveraging students' linguistic strengths across both languages.

Content Area Integration: ELA skills are not taught in isolation but are deeply integrated into content area instruction, promoting critical thinking, research, and communication across subjects.

3. Home Language Arts (HLA) Instruction:
Home Language Arts instruction is a cornerstone of our Dual Language program, designed to develop and maintain strong literacy skills in Spanish for our ELLs, alongside their English language development.

Mandated Delivery: HLA instruction is mandated for all ELLs enrolled in our bilingual program, recognizing the critical role of the home language in overall cognitive and academic development.

Comprehensive Coverage: Our program consistently provides more than 180 minutes of dedicated HLA instruction weekly. This instruction is primarily delivered by the bilingual classroom teachers within the Spanish portion of the 80/20 (Kindergarten) and 50/50 (Grades 1-4) models, as well as during the 2-3 weekly dedicated Dual Language instructional periods in Fifth Grade.

Focus on Spanish Literacy: HLA encompasses explicit instruction in Spanish reading, writing, grammar, and cultural literacy, ensuring students build foundational and advanced academic language in their home language.

Through this multi-faceted approach, our school ensures that all mandated instructional minutes for ENL, ELA, and HLA are not only met but are delivered through engaging and effective pedagogical practices that promote true

biliteracy and academic success for every student.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

a. Dual Language Bilingual Education Model and Student Integration

At PS 178M, we implement a self-contained Dual Language Bilingual Education (DLBE) model designed to foster biliteracy and academic excellence for all students. In this model, English Proficient (EP) students and English Language Learners (ELLs) are fully integrated within the same classroom throughout the entire instructional day across all grade levels. This intentional integration creates a rich linguistic environment where students serve as authentic language models for one another, fostering reciprocal language development in both Spanish and English.

The percentage of instructional time dedicated to each language varies by grade level, ensuring a developmentally appropriate and effective pathway to biliteracy:

Kindergarten (80% Spanish / 20% English): In Kindergarten, we initiate with an 80/20 language allocation model. This approach prioritizes a strong foundation in Spanish literacy and content learning, providing English Proficient students with immersive exposure to Spanish while giving our entering ELLs a solid boost in their heritage language proficiency. This early emphasis supports sustained Spanish language growth into the higher grades.

Grades 1-4 (50% Spanish / 50% English): From first through fourth grade, our program transitions to a balanced 50/50 language allocation. Language separation within this model is achieved primarily through alternating days of instruction in each language or through alternating units of study, ensuring equal exposure and deep learning in both Spanish and English across the entire curriculum, including the literacy block and content areas.

Fifth Grade (Compartmentalized Subject Instruction with Dual Language): By fifth grade, students receive compartmentalized instruction by subject. While core content subjects are predominantly taught in English, students continue to receive dedicated Dual Language instruction 2-3 times per week, flexibly scheduled, to maintain and advance their Spanish language proficiency.

Curriculum Integration and Targeted Support:

Our curriculum for both languages is meticulously planned and mapped by teachers who meet regularly to ensure comprehensive coverage without overlap or gaps. Emergent literacy skills are developed simultaneously in both languages within the context of our grade-level language allocation models.

For students who demonstrate a need based on careful ongoing assessment and monitoring (e.g., those entering with minimal pre-literacy skills or performing below grade level), we provide targeted, differentiated instruction. This may include temporary, intensive guided reading intervention in their dominant language to accelerate their reading performance. Our experience shows this direct support in their native language significantly improves overall literacy outcomes in both their heritage language and English. Once adequate progress is achieved, students seamlessly transition back into the full 50/50 time model.

b. In which language(s) is each core content area taught?

b. Language of Instruction for Core Content Areas
The language of instruction for core content areas at PS 178M is determined by the specific Dual Language program model implemented at each grade level, ensuring a balanced and comprehensive approach to biliteracy:

Kindergarten (80% Spanish / 20% English Model):

The majority of Mathematics, Science, and Social Studies content instruction is delivered in Spanish.

English is introduced through dedicated English instructional blocks and integrated into content as appropriate for the 20% English allocation.

Home Language Arts (HLA) instruction focuses on Spanish literacy, while initial English Language Arts (ELA) foundations are laid through integrated ENL.

Grades 1-4 (50% Spanish / 50% English Alternate-Day Model):

Core content areas, including Mathematics, Science, Social Studies, English Language Arts (ELA), and Home Language Arts (HLA), are taught in both languages.

Instruction occurs on alternating days, meaning that on Spanish days, all core content is delivered in Spanish, and on English days, all core content is delivered in English. This ensures equal exposure and development of academic vocabulary and concepts in both languages across the curriculum.

Fifth Grade (Compartmentalized Subject Instruction):

In fifth grade, English Language Arts (ELA) is taught in English.

Core content areas such as Mathematics and Science are also primarily taught in English.

However, students continue to receive dedicated Dual Language instruction 2-3 times per week, flexibly scheduled. During this block, students focus on Spanish literacy (grammar, reading, and writing), ensuring the continued development of advanced academic language in Spanish. We are also very project-driven, and a lot of these projects and special activities will involve Social Studies, Geography, and research projects, allowing for integrated content learning within the Spanish Dual Language block.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The number of ELLs that are Newcomers in our school has decreased by 6 when comparing Spring 2024 and Spring 2025 data (from 45 Newcomers to 38; while also keeping in mind that our number of ELLs have also decreased by 11) The biggest population of Newcomers in our school are currently enrolled in 2nd grade (15 students) followed by 1st grade (10 students). Only 2 students in our ELL population are Developing ELLs enrolled in 4th grade. We currently do not have any Long-Term ELLs. Effective instructional practices differ for our Newcomers in comparison to our Developing ELLs. Newcomers are strategically paired with English speaking peers who also speak the student's native language so that spoken English is modeled throughout the day. Newcomers are encouraged to use their native language to show comprehension. Visual, kinesthetic, and auditory supports are provided to build language and further understanding. The ENL and classroom teacher work together to provide scaffolding and connections to skills in their native language. Assessments are modified so that these students show comprehension in a more accommodating way. Services differ for those who are newcomers because more communication and collaboration, as well as frequent check ins, are done between ENL teachers, classroom teachers and parents.
To get a complete picture of academic and language progress/growth for Newcomers we use informal assessments like: check-ins, exit-slips, partner talks, one-on-one or small group activities alongside more formative assessments. We use this information to modify and differentiate instruction to support student learning.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

There is currently 1 Student with Inconsistent/Interrupted Formal Education (SIFE) enrolled in our school. This student is enrolled in the 5th grade.
With SIFE students, our school understands that each SIFE student comes in with varying prior experiences in their education and personal life. The ENL and classroom teachers know it's important to focus on student strengths. We believe that it is imperative not to make assumptions on what students "can't do" as assuming only leads to limiting opportunities for students to prove to themselves, and us, what they CAN do. To provide differentiated effective instruction for this group of students, classroom teachers focus on building the student's native language in content

and literacy instruction. An increased time in native language development aids in the transfer of knowledge to the English language. Allowing students to work/interact in small groups allows them to focus on continuously building skills in both languages. Collaboration in the classroom reinforces learning and language development. Another important way to provide effective instruction for our SIFE students is finding opportunities for them to "see themselves" in their learning. Making instruction culturally and linguistically responsive allows our ELL population to make personal connections to their learning and invites them to share their culture.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We currently do not have any Long-Term ELLs. When working with Long-Term ELLs, some effective strategies designed for this subgroup are shifting their language growth from teacher dependencies to strategy dependency. Students learn specific strategies, when to use them, how to use them and their purpose. When learning new information, Long-Term ELLs work to take charge of their learning.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Currently, 6 students are Former ELLs who scored Commanding on the Spring 2024 NYSESLAT. In comparing the data, there was a significant increase. While 6 students scored Commanding in the Spring 24' NYSESLAT, 0 students scored Commanding in the Spring 23' NYSESLAT.
At our school, services are provided to former ELLs in an integrated setting whether in General Education classrooms or Dual Language classrooms. The ENL and classroom teacher collaborate to provide at least a half unit of study (90 minutes) in ELA. Former ELLs continue to be provided with scaffolding and individualized support needed to continue to build content knowledge and language skills through the content areas for up to two additional years. They are also eligible for ELL testing accommodations for the same amount of time. Former ELLs are met with new challenging tasks without as much linguistic support as their prior years as ELLs. Because of this, classroom and ESOL teachers collaborate and assure that scaffolds are in place to meet these new expectations and continue holding them to the same standards as the rest of their peers. Some strategies that we use to support our former ELLs are: think-pair share, thinking maps, and visuals. Without as much linguistic support, the goal is for Former ELLs to continue to practice their language skills with another student through the content areas. Students are able to build vocabulary, refine their speaking abilities and work on sentence structure and vocabulary building. The consistency of using thinking maps allows former ELLs to continue organizing and/or visualizing their thinking when presented with a writing or speaking task.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk indicators impacting the greatest number of ELLs are Newcomer ELLs with less than 3 years of ELL services (38 ELLs), ELLs in Temporary Housing (16 ELLs), and ELLs not demonstrating sufficient ELP progress (8 ELLs). When comparing the data to the one from the previous school year (2023-24 vs. 2024-25), we can say that: The number of Newcomer ELLs has decreased from 45 Newcomers to 38 Newcomers. The number of ELLs in Temporary Housing has decreased from 23 to 16. The number of ELLs not demonstrating sufficient ELP progress has decreased from 12 to 8.

When it comes to “state test related” at-risk indicators, the number of ELLs scoring at level 1 or 2 has significantly

decreased from 6 students (Spring 23') to 2 students (Spring 24') in ELA. The number of ELLs scoring at a level 1 or 2 has doubled in Math from 4 students (in Spring 23') to 8 students (in Spring 24')

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at-risk levels of our former ELLs are relatively low for the Spring 2024 NYSESLAT data. Out of the 6 students who scored Commanding, 5 students have 0 at-risk factors while 1 student had 1 at-risk factor. This at-risk factor is Former ELLs in Temporary Housing. When comparing last year's results, 2 of our Former ELLs had 0 at-risk factors while 1 Former ELL had 1 at-risk factor and another student had 2 at-risk factors. These factors were: ELA: Former ELLs who scored Level 1 or 2 and Math: Former ELLs who scored Level 1 or 2. We noticed that though students were scoring Commanding (within 2 consecutive years) they were still scoring a 1 or 2 on the ELA state test.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

For two consecutive years, the home language of ELLs with the largest representation at P.S. 178 M is Spanish. The grade level with the highest number of ELLs is 2nd grade (15) and first grade (10) in the 24-25 SY and first grade (17) and Kindergarten (11) in 23-24 SY'.
To support communication and learning that values their home language we have educators who speak both English and Spanish to support first and second language acquisition. The school provides written and oral communication in the family's preferred language. In the classroom, students are provided with sensory support (manipulatives, pictures, illustrations, videos), graphic support (picture dictionaries, visuals) and interactive support (strategic pairing, small group, native language partners) to support their home language and make content/language transferable to English. Students are also encouraged to use their home language to demonstrate their understanding of core content.

For families who speak Languages other than English, we have bilingual staff who speak a multitude of languages: Arabic, Chinese, to name a few. We also have access to the DOE's translation services for meetings, parent-teacher conferences, and other important interactions to ensure effective communication and collaboration between parents and the school community.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

As per information provided by families during the enrollment process, 100% of our current ELL families identify themselves as Hispanic ELLs. In the 2024-2024 School year, 0% of students identified as Non-Hispanic ELLs. Within the Hispanic ELLs, the top 3 categories in the 2024-25 Ethnicity Breakdown are: 13 White Hispanic, 8 Black Hispanic and 8 American Indian or Alaskan Native. This is similar to the top 3 in the Ethnicity breakdown in the SY 2023-24; 13 White Hispanic, 11 Native Hawaiin and 11 Black Hispanic. Whereas 2 students identified as Non-Hispanic ELLs- 1 as black non-Hispanic and 1 as multiracial non-Hispanic.

All teachers work to make all content delivery inclusive of all students. Some of the culturally responsive techniques

used are having ELLs work with native English speakers so that language is being modeled and practiced consistently throughout the day. Also, having high expectations for all students and providing the needed scaffolds for all students to succeed, providing a welcoming and affirming environment for ELLs where they can make personal connections to topics, use their home language when needed, and see themselves represented in the texts they read. Similarly, texts and materials are chosen to represent culturally relevant, and representative of the diverse home lives and situations students may find themselves in or can relate to. Students in grades 3-5, including ELLs, are involved in book selection and categorization at the beginning of the school year to find topics and subjects most relevant and inclusive for them in order to bolster their interest in reading and research.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

As per NYSESLAT 2023 and 2024 results, the number of ELLs exiting their ELL status (ELP method 1) drastically increased. In the Spring 2024 NYSESLAT, 6 students Met progress by exiting ELL status in comparison to 0 students exiting the program in Spring 2023. Additionally, 1 student met annual progress in Spring 24 in comparison to 0 students meeting annual progress in Spring 23. The number of students who did not meet progress in Spring 2024 in comparison to the Spring 2023 decreased by 4 (12 students in Spring 2023 and 8 students in Spring 2024)

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When looking at the results of the most recent New York State English as a Second Language Achievement Test (NYSESLAT) 8 students are now considered Former ELLs. 12 students scored at the Expanding, 6 students scored at the Transitioning level, 4 students scored at the Emerging level and 6 students scored at the Entering level.
When comparing the Spring 24' to the Spring 25' data, we can confirm that the number of total ELLs with a NYSESLAT score decreased by 11 students (39 students in Spring 24 and 28 students in Spring 25'). The number of ELLs with a proficiency level of Former ELLs, Emerging and Expanding changed the most within 2 consecutive years. Former ELLs increased 6 students (Spring 24') to 8 students (Spring 25'), Emerging students decreased from 10 students (Spring 24') to 4 students (Spring 25') and Expanding students increased from 8 students (Spring 24') to 12 students (Spring 25')

The 2025 NYSESLAT results indicate that 2 Expanding ELLS were 1-10 points away from scoring commanding on the NYSESLAT (Spring 24') while 3 Expanding students were 11-20 points away from scoring Commanding and becoming Former ELLs. Additionally, 2 of the ELL students who scored at the transitioning level were 10 or less points away from scoring Expanding.

Based on 2025 NYSESLAT results, out of the 28 students who were administered the NYSESLAT, 17.86% scored high on reading, only 14.29% scored high in Writing, 32.41% scored high in listening and 42.86% scored high in speaking. A majority of our students scored high in speaking while writing and reading continues to be the modality where students continue to struggle the most.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

In the Spring 2025, 5 ELL students were administered the ELA State Test. 4, of the 5, students scored a one. (2 students were Expanding, 1 was Transitioning and 1 was Emerging) 1 student scored a two (this was an Expanding student)
In the Spring of 2024, two students were administered the ELA State test. Both students scored a one-- (1 Transitioning and 1 Expanding ELL)

In Math, we had a total of 7 ELLs who were assessed for the Math State Test in the Spring 2025.
Out of this total, 5 ELLs scored a Level 1 (one was Entering, one was Emerging, and three were expanding.) 1 student scored a level 3 (Emerging ELL) One student scored a 2 (Transitioning ELL) In the Spring of 2024, we had a total of 8 ELLs who were assessed for the Math State Test. Out of this total, 5 ELLs scored a Level 1 (two were Entering ELLs, two were Emerging ELLs and 1 was an expanding ELL) 3 out of the 8 students scored at a Level 2 in Math (2 were Entering ELLs and 1 was a Transitioning ELL).

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Supporting ELLs with Individualized Education Programs (IEPs) and SIFE Students
Demographic Overview:
For two consecutive years (2022-23 and 2023-24 school years), we have consistently supported 6 ELL students with Individualized Education Programs (IEPs). The distribution of proficiency levels among these students varied slightly:

2022-23 SY: 3 Transitioning ELLs and 3 Expanding ELLs had IEPs.

2023-24 SY: The group comprised 1 Entering, 1 Emerging, 1 Expanding, and 3 Transitioning ELLs with IEPs. Additionally, our school continues to support 1 Student with Inconsistent/Interrupted Formal Education (SIFE), who is currently at the Entering proficiency level.

NYSESLAT Trends and Challenges:
NYSESLAT results for these specific ELL subgroups (students with IEPs and SIFE students) indicate a consistent need for improvement in writing skills. Despite showing progress and often being close to the Expanding or Commanding levels, these students have not consistently demonstrated sufficient English Language Proficiency (ELP) progress, largely due to ongoing challenges with developing strong literacy skills, particularly in reading and writing, which can persist throughout their academic careers.

These results are often impacted by students' specific learning needs, such as identified learning disabilities or speech-related difficulties. Common areas of need observed include:

Selective Attention: Difficulty focusing on a single task.

Sustained Attention: Challenges maintaining focus on a single task over an extended period.

Stamina: Limited ability to persist through difficult or lengthy academic tasks.

Long-Term Memory: Difficulties in recalling previously learned information.

It is also important to note that many of the linguistic abilities demonstrated by ELLs with IEPs are more readily observed in their speaking and listening modalities, while their progress in reading and writing may be underrepresented. These specific needs can make it challenging for these ELLs to master content knowledge and language skills through traditional assessment methods.

Responsive Instructional Strategies:
To address these unique challenges and provide effective instruction for our students with specific learning needs, we employ several responsive strategies:

Task Chunking: Breaking down complex tasks into smaller, more manageable steps.

Hands-on Instruction: Utilizing tactile and kinesthetic activities to enhance the learning experience and deepen understanding.

Modeling with Supports: Providing clear models of expected output, enhanced with the use of sentence starters and frames.

Repetition: Incorporating systematic repetition of key concepts and language structures.

Visual Organizers: Utilizing thinking maps and other graphic organizers to help students organize, visualize, and make connections with their thinking, particularly in writing and speaking tasks.

These targeted strategies aim to support the academic and linguistic growth of our ELLs with IEPs and SIFE students, empowering them to overcome challenges and demonstrate their full potential.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

English Language Learners are provided with high-quality academic experience that leads to deeper learning at PS 178M. This is done using various strategies throughout the day. Peer learning has been a powerful tool in the classroom, particularly for ELLs. Encouraging peer interaction and collaboration provides opportunities for language use and practice. ELLs also benefit from observing how their peers learn and problem solve. Teachers support students by: providing a rigorous and safe environment for students to flourish; providing opportunities for practice (pair or group work, key vocabulary or phrases are clearly taught and modeled, and repetition of topics, concepts and vocabulary); encouraging the use of students' home languages (build confidence, help build comprehension, deepen understanding, provides students with the chance to express themselves); increasing oral academic language (use sentence frames, discussion norms); building background knowledge and celebrating culture (Hispanic Heritage Month projects, Black History Month projects, multicultural day, classroom group work, projects, and presentations). The fourth and fifth grade Dual Language classes work collaboratively throughout the year during the school day and in After School programs. They work on special projects, take field trips and prepare school wide presentations, such as plays in Spanish. ELLs across all grades have also benefited from After School programs

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our goal is to address our students' needs and use collected data to organize instructional support and needed interventions to support them. When discussing instructional strategies, our Instructional Leadership Team (ILT) considers how to make instruction accessible to all students, especially our MLLs.
Our ILT finds it important to learn about the different languages and cultures of our MLs/ELLs. English learners come from diverse backgrounds that can be different from the school culture and home culture of their English speaking peers. There may be language barriers that may prevent academic support at home. Being in a new country with different school structures and languages may be also be overwhelming for students. We realize that these factors do affect a students' language development and academic achievement. Inclusivity is a key factor to academic success for our students. In incorporating students' language and culture into the curriculum, we use their experiences as a stepping stone for learning language and content because students see themselves in what

they're learning, can make connections and can actively contribute to the classroom community.

Staff members discuss instructional approaches like: active modeling, intentional small group, ample opportunities to practice language skills, using visuals to aid in vocabulary development, building background knowledge and using thinking maps as a way to map out our students' thinking process and develop critical and creative thinking skills. During our staff meetings, we discuss ELL needs with all teachers to find what will help our students succeed academically in the classroom and build language proficiency. This information is shared throughout the grades so that students are getting a consistent approach to building language and knowledge as they progress through the years. Progress monitoring throughout the school year is important to analyze the effectiveness of our approaches. Teachers and staff monitor language assessments like the NYSITELL and NYSESLAT, informal assessments during small group and group work, formative and summative assessments as well. We use this data and discuss strengths, progress and needs of improvement-- this information is then used to modify, reteach or simplify instruction/curriculum to better support our MLLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In a stand-alone learning model, ELLs are provided with support to further build their core content knowledge in the classroom. Students work to build content knowledge in English. However, their native language is used as a foundation to connect prior knowledge and build background knowledge. Big tasks are broken down into modalities to build an overall understanding of a given topic or idea. The ENL teacher works with a small group of students, heterogeneously, to study a small set of high-utility vocabulary to master language and knowledge in a specific content area. Then, they perform several tasks that allow them to discuss the topic to build language and knowledge. Students are introduced to different mediums like: videos, articles, pictures, books to gain multiple perspectives on the content they are learning. Students head back to their main classroom with a better understanding of the material due to these supports in a small group setting.

Integrated Instruction:
In an integrated setting, students continue to be provided with scaffolds to make learning manageable and achievable. The ENL teacher works with the classroom teacher to provide support like: intentional partner discussions on specific topics, using thinking maps to visualize their thinking process, and using pictures to demonstrate understanding. The ENL teacher provides instruction in English with the support of students' native language as a foundation to connect content knowledge.

Dual Language: In Dual Language classrooms, core content is delivered through a reading and writing curriculum that fosters independence in applying vocabulary knowledge in multiple contexts. This allows students to become flexible with their language development during instruction in either English or Spanish. Students receive opportunities to work in partnerships and small groups where they can have discussions, read aloud and work through reading strategies in order to improve comprehension. Students are guided through the cognitive processes required by the NGLS and use Thinking Maps to make their thinking visible. During Spanish instruction, vocabulary is front-loaded so that students can access challenging texts and use their English repertoire of vocabulary and reading strategies to apply during Spanish reading.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English

language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

We strive to provide all ML/ELLs with IEPs the opportunity to access grade level academic content and to help accelerate their English language development. To do this, teachers work collaboratively to provide scaffolds and differentiation to supplement their areas of difficulty. With scaffolding, teachers begin instruction at a student's current level of understanding and provide supports to assist students in reaching the next level of mastery.

Visual aids are extremely beneficial to our ELLs with IEPs. Thinking maps allow our students to see the relationship between ideas and new concepts. They are also able to visualize new information and organize their thinking which then supports their writing and oral production. The use of diagrams and pictures allows educators to augment what they say in words. Sentence frames/ starters help our ELLs by providing a structure that they won't be able to produce on their own, yet. It also helps students focus on one part of the text at a time. Coloring coding grade-level texts provides the same support (narrowing down the focus)

Text-to-speech books on GetEpic! help our ELLs with IEPs by enabling them to read material that is beyond their reading levels while matching their interests and supporting their listening comprehension. It is also a great way for our ELLs with IEPs to build language. This technology also helps our learners see how words are spelt which supports their writing and phonemic awareness.

Educators highlight student needs on their IEP and instruction is modified/adapted to better support students in the classroom and in small groups. For example, directions are simplified/clarified or repeated for students during content instruction. We make sure that information is chunked so that students do not get overwhelmed and to make sure students are building content knowledge and vocabulary at a pace that works best for them. Additional time is provided to complete tasks and visual timers allow students to manage their time and have a routine/structure during lessons.

b. SIFE

With our SIFE students, it's important to create collaborative models across all academic areas so that students not only build language but also consistently receive opportunities to understand and integrate new concepts and vocabulary. Teaching is intentional when building academic language as we want students to make connections to prior knowledge and to build a deeper overall understanding of ideas and concepts. We begin by developing student's oral language skills in order to then build on their acquisition of reading and writing.

SIFE students are strategically paired with English-speaking students who also speak their native language. This works as a language model and an additional support when transferring new ideas to English. We believe that SIFE students benefit from small group instruction as language and concepts are taught, scaffolds like (sentence starters/frames, visual organizers, and partner reading) are provided and ideas are shared consistently.

In order for SIFE students to be able to access grade-level materials, teachers provide scaffolded texts, picture dictionaries in both languages, and a language model to support the student with vocabulary. In addition, technology is leveraged as a support for students, such as using websites or online dictionaries to research or define conceptual or academic vocabulary. Another example of technology used by SIFE students is EPIC Reading or i-Ready reading, in which they can practice reading aloud, or have the text read to them.

c. Newcomers

For our newcomers, we ensure to provide differentiated instruction as teachers intentionally plan for literacy, content, and language development. We work to honor, and respect, the silent period for newcomer ELLs. We practice wait time, and then engage the senses as this subgroup builds the language skills and confidence to begin interacting, and practicing language, with teachers and classmates. Entering, Emergent, and Transitioning students are provided with daily explicit language instruction in heterogenous and homogenous grouping through shared reading and inquiry based tasks that support the targeted linguistic demand. This is in addition to the integrated ENL instruction. Teachers differentiate by planning for language demands based on analysis of text complexity and student needs for all ELLs. ELLs who are in the Expanding and Commanding Stages are also provided with targeted integrated ENL instruction based on literacy, and linguistic data, throughout the content areas and literacy block. Families are invited by teachers and school staff to meet the parent coordinator, guidance counselor and school staff and to tour the school in preparation for the students' attendance.

d. Long Term ELLs

Collaboration between teachers serves as the foundation to supporting long-term ELLs. Sharing ideas, and offering suggestions for LTELs to access grade-level materials, and discussing ways to integrate language into content lessons are crucial. With long term ELLs, we continue to provide instructional strategies and techniques that help them access the content- specifically, providing visuals to build an understanding of key vocabulary, making connections to vocabulary throughout the content areas, and providing opportunities for students to engage in conversations that incorporate their new learning. Feedback also plays an important role in their learning. It allows students to reflect on their progress and growth. It also allows this subgroup to feel supported.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

We offer our ELL-SWDs opportunities to learn in a least restrictive environment by being part of our ICT classrooms. Our ICT classrooms are composed of English proficient students that serve as models for social and academic language. The ENL teacher provides support to our ELLs in these classes, whether by providing integrated or standalone instruction. Our teacher teams provide small group and differentiated instruction throughout the day to ensure students meet their IEP goals. In addition, we have support staff such as an Response to Intervention teacher that provides additional targeted instruction. We have a bilingual speech teacher that provides support as needed. Our ENL teacher articulates with service providers and classroom teachers to discuss the progress of our ELL-SWDs. Common planning time is given for ENL teachers and classroom teachers to be able to discuss what interventions are needed.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

With ENL, home language is assessed by administering the NYSITELL and Spanish Lab to determine proficiency of home language and which language is more dominant. Students build background knowledge by discussing what they may already know in their home language and then are provided with scaffolds and support to make new information transferable to English.

In Dual Language classrooms, students have the opportunity to utilize their vocabulary and reading skills in their home language and transfer these via the usage of cognates, word segmenting skills (root words, suffixes, prefixes)

and cultural background knowledge as they participate in English reading and writing. Their home language is assessed throughout the week during conversations with peers (group discussions, turn and talk, strategic pairing) and during literacy instruction.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Every teacher at PS 178M works collaboratively across all grades. Teachers plan on the grade level, for example. Additionally, Dual Language teachers meet regularly to plan vertically and discuss strategies that have proved successful in their classrooms. Across the school the following is evident: collaborative conversations (discuss students' needs, lives, work and curriculum instruction); collaborative coaching (peer coaching to improve lesson planning and delivery, use of supplementary materials, adapted content, modified instruction, and assessment); collaborative curriculum (align lesson objectives- language and content, unit goals, curriculum maps); and collaborative craftsmanship (explore ELLs background knowledge, prior learning, effective methods for alignment curriculum and objectives).

An example of Dual Language partnership is that of the 4th and 5th grade teachers. They meet regularly throughout the week implementing project based learning. Taking the complexities of learning- and maintaining a new language- into account, teachers consider linguistic factors, such as clear pronunciation, correct words order usage, distribution between formal and informal language, use of idiomatic expressions and colloquialisms, knowledge of social and academic language, and facility with the conventions of writing. Ongoing collaborative practices between teachers, including ENL and Dual Language teachers, provide a path for sharing strategies to support new-language acquisition in the classroom.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The majority of our professional development for our entire staff always includes strategies for ELLs and considers ELL special needs. Some of the professional development includes the following: • TCRWP training days with ELL focus • Attendance at conferences: DOE, R-BERN, and other organizations • Classroom intervisitation • School intervisitations • Mentoring • Coaching (in classroom modeling, fishbowl, etc) All staff, including bilingual and ENL teachers will attend periodic professional development. Some of the topics include: 1. Early Career ENL/Bilingual Teachers Workshop 2. RtL Vocabulary/Academic Intervention Workshop 3. Strategies to Increase Common Core Vocabulary for Transitioning and Expanding ELLs 19 of 274. Teacher to Teacher Share Fair for ELL Educators. In addition, all teachers will participate in all literacy training sessions with a literacy coach where they will acquire best teaching practices for ELLs. The assistant principal, principal and coach attend network and DOE training which they turn-key to the staff. In addition, teachers are sent to select workshops throughout the year.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In-house professional development sessions address ENL instruction as follows: Dual Language, content area and ENL teachers meet on a monthly basis, to plan ENL instruction and support for all ELLS. The Dual Language Vertical Team meets to design and refine ENL and Home Language instruction school-wide as well as ensuring best practices are being implemented across grades to meet the demands of Common Core Learning Standards for all ELLs in both languages (Spanish & English). Minutes are taken at the Vertical Team meeting to document their collaboration. All teachers that require 15% of professional development hours in ELL strategies will be offered professional development by the ENL teacher and/or Assistant Principal as well as through CBOs or district representatives from the Division of Multilingual Learners. Mondays and Tuesdays will be used for turnkey opportunities and the remaining time will be spread out throughout the week or when district PD opportunities become available. Bilingual teachers will receive opportunities to attend ELL- Specific Workshops by both those offered to all teachers (above) and through the Division of Multilingual Learners so that 50% of their PD time is used to learn and apply ELL strategies, scaffolding, and differentiation. Teachers who attend PD sessions provide documentation such as agendas, sign in sheets or certificates from the workshop that is filed by the school secretary. If a teacher is missing documentation or hours, they are scheduled to attend workshops to meet the requirement.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Teachers use a variety of assessments to evaluate students' reading. For example, we use the i-Ready Reading diagnostic or Evaluación de desarrollo de la lectura 2 for reading in Spanish. At PS 178, teachers use the i-Ready diagnostic in English to determine gaps in reading comprehension, vocabulary and phonics. Using these assessments, teachers create instructional groups, differentiated lessons and partnerships with other teachers that target the students' needs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Using guidelines from "Creating an RTI Model for ELLs' Academic Success," a document written in collaboration with nationally renowned researchers in the field of literacy and language development, we support our ELLs under the RTI structure; design research-based instruction that is linguistically and culturally appropriate for ELLs; best use assessments to guide daily instruction (Tier I); and best design instructional routines and interventions in Tiers II and III.

Our Tier I, Core Instruction, includes instruction that supports the needs of our ELLs. Teachers design lessons with language objectives throughout all content areas. Teachers implicitly and explicitly teach vocabulary used in content area studies and read aloud. Students have multiple exposures to new vocabulary, shared reading and through Collaborative Conversations. Students have opportunities to use those words in context. We provided targeted instruction to meet individual students' needs.

For Entering and Emerging ELLs who struggle with reading, the ENL teacher works one on one to provide support with the Fundations. Within this program, students work for 30 minutes on letter and sound recognition, blending, segmenting and building their reading fluency at their pace. For students who are in Transitioning and Expanding levels of proficiency, literacy skills are taught within Tier 1 but with additional scaffolding.

For Tiers 2 & 3, students who struggle with reading are invited to Early Risers, which is a targeted morning program where students have the opportunity to practice English reading skills specific to their needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 178M prides itself in being a community of learners promoting high expectations for students and teachers/staff. Aside from valuing our students' families and cultural backgrounds, we provide our students a safe, welcoming, and supportive environment. Teachers are learners themselves, participating in professional development learning and more. To help our students achieve success at PS 178M we understand that we must not only rely on assessment scores, but we must also ensure that our curriculum is culturally and linguistically aligned, as well as shared and inclusive. PS 178M uses data throughout the academic year to guide instruction for all students, including ELLs, within a Multi-Tiered System of Supports (MTSS). To be specific, teachers use Beginning of the Year Assessments (BOA) and End of the Year Assessments (EOA), such as the MOSL. Additionally, students are assessed in both Reading and Math using iReady Diagnostics three times during the year. Specifically for ELLs, we closely examine NYSESLAT scores to understand their proficiency levels in all four modalities. On-Demand Writing assessments occur four times a year, as well as unit assessments in ELA and Math in the classroom.

TIER 1
These assessments, along with informal ones (teacher observations, for example) help us plan Tier 1 core instruction and a shared and inclusive curriculum. Every classroom teacher receives their ELLs' NYSESLAT proficiency levels and meets with the ENL teacher to receive valuable information on how to best support these students. Teachers understand that they have the support of the ENL teacher, other teachers and administration. The ENL teacher closely studies the raw data from the EDAT report which is obtained via ATS. These scores help in planning ENL groups, for instance. Teachers use the NYSESLAT proficiency levels to help create students pairs or groups in the classroom. In all subject areas, teachers also help build academic vocabulary through explicit instruction and word walls, oral language through protocols and read alouds, written language through modeling and guided writing, reading comprehension through modification and scaffolding, just to name a few. Grade teams meet regularly throughout the week to plan instruction and discuss student achievement. Teachers are always modifying lessons plans to better align it to our students' needs.

TIER 2
Since progress monitoring occurs frequently at PS 178M, we can identify the students who are struggling and not meeting adequate success in one or more academic areas. We use the data from the assessments described above, as well as informal and teacher observations to plan small groups of 3-5 students. We offer many opportunities for struggling students to improve their skills. This can occur during before and after school hours. For example, PS 178M offers "Early Risers," a program in which students arrive at 7:45 for academic intervention. Additionally, students can also stay in the "After School Club" to receive additional support in ELA, Math and Dual Language. These programs have been successful in providing students with quality additional instruction to strengthen their weakened skills. The ENL teacher also teaches an After School group supporting ELLs. These ENL teacher closely examines their NYSESLAT scores and targets specific modalities. Some examples of Tier 2 interventions are: context clues help students derive personal, yet workable definitions of words using the surrounding text that they understand; word parts represent another way in which
students can determine an unknown word's meaning, by focusing on prefixes, suffixes, and root words to find familiar patterns in
unfamiliar words; cognates are words in two or more languages that share a common origin and help English learners link English words to their primary language (in the case of PS 178M, Spanish).

TIER 3
For students not making adequate progress in Tier 2 intervention, they may receive Tier 3 intervention. This program is more intense, providing much smaller groups of up to three students. Often times, the teacher or paraprofessional works with one students at a time to provide Tier 3 services. Younger students may receive support in literacy, for instance, via FUNdations, a research-based Wilson program. Other examples of Tier 3 at PS 178M include, but are not limited to, curriculum modifications based on learning needs; scaffold students' learning by dividing instructional activities into small, manageable units; teach students in an explicit,

systematic manner, using ample modeling and think-alouds to depict how to complete each instructional task; and conduct frequent checks for student understanding and scaffold their learning and instructional tasks as needed.

Our schools deeply believes in the power of communication, and we do our very best to keep the lines of communication open with all of our families. Our teachers communicate via Class Dojo, monthly newsletters, frequent emails, virtual and in person conferences and phone calls to discuss student progress across all three Tiers. Teachers also send additional resources home to help support struggling students (Tiers 2 and 3). For the students who are excelling, teachers provide additional support to meet them at their levels so they can keep soaring.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use the i-Ready diagnostic to assess reading proficiency of all students, including ELLs. In the Dual Language Spanish program, we use of Evaluación del Desarrollo de la Lectura (EDL 2), which is the updated version of the EDL reading assessment used in prior years. In addition, we use Performance-Based Assessments in reading and writing to monitor progress in skills learned throughout the TCRWP and Maravillas curriculum, as well as teacher-created assessments. This includes Pre and Post On Demand writing assessments and reading skills assessments in both English and Spanish. As a supplement to aid in scaffolding writing instruction, in 2021-2022, we began the use of assessments from Writing from the Beginning and Beyond, a writing protocol based on Thinking Maps. These assessments as well as the most current NYSESLAT scores allow us to develop unit plans and curriculum maps for the school year and prioritize the reading and writing needs of ELLs. For example, ELLs have demonstrated a need for greater academic vocabulary support, which is provided by the ELA curriculum and teacher created assessments have been selected to monitor progress in that area. We also use the iReady Diagnostic Tool in Reading and Math to assess beginning of year and end of year performance levels.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In the Dual Language Spanish program teachers use la Evaluación del Desarrollo de la Lectura (EDL 2). As a supplement to aid in scaffolding writing instruction, in 2021-2022, we began the use of assessments from Writing from the Beginning and Beyond, a writing protocol based on Thinking Maps. In addition, we use teacher-created assessment tasks in reading and writing to monitor progress in skills learned through the Maravillas curriculum.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our school evaluates the success of our programs for ELLs using the results of i-Ready, NYSESLAT scores, Fountas & Pinnell benchmark assessments, PBAs (Performance Based Assessments) and the quality of student writing as evaluated through the TCRWP and WFTBB writing rubrics in English and Spanish. These assessments allow us to

collect evidence of student knowledge, skill or proficiency and work closely to close the achievement gap by refining our instruction to better support learning for this group of students.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Identify coordinator(s). Principal identifies the ELL coordinator and certified teachers.
ELL Coordinator identifies eligible students. Use ATS RLER as a source of ELL eligibility for the NYSESLAT. Coordinator also checks for testing accommodations for students with IEPs.
ELL Coordinator informs families/teachers of identified students, about the NYSESLAT and testing window.
ELL Coordinator creates a testing schedule.
Plans for continuity of instruction to ensure that students continue to receive ENL services by making up sessions that were missed during time of testing.
ELL Coordinator meets with teachers to train them in administering NYSESLAT assessment.
ELL Coordinator sets time aside to meet with teachers who are scoring to explore the NYSED modules for the scoring of the NYSESLAT Speaking and Writing components.
ELL Coordinator assures that test materials are secured and locked in a safe location.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

ELLs with an IEP should be provided the testing accommodations specified in their IEP or Section 504 Accommodation Plan (504 Plan), Prior to state assessments, the LPT looks through these students' testing accommodations to determine: if students need the test to be read, the proper setting and grouping of students for specific tests. Former ELLs receive a limited two-year extension in testing accommodations which will provide them an opportunity to demonstrate their content knowledge by leveling the playing field while they continue to develop their linguistic and academic skills.

The categories of testing accommodations most frequently required by students, as indicated in their IEPs/Section 504 accommodations plans (504 plans) are:
• flexibility in scheduling/timing;
• flexibility in the setting used for the administration of assessments;
• changes in the method of presentation; and
• changes in the method of response.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When enrolling, students are administered the HLIS (Home Language Identification Survey) and an individual student interview to assess student's home language and if they would benefit from ENL supports. Students who we deem potential ELLs are administered the NYSITELL to determine their proficiency levels within the four modalities (listening, reading, writing, speaking) After getting an ATS report of our newly identified ELLs, our team reaches out to parents via: email, phone-call or in person for the ELL Program Orientation. The goal is for all parents to come together to learn about the program goals and requirements for all three ML/ELL program models, whether we currently have it or not. Members of our team are fluent in both English and Spanish. Therefore, the Program Orientation PowerPoint is translated in both languages, simultaneously. For parents who speak a language other than English or Spanish, there has always been a staff member who speaks the given language: Arabic, Chinese, etc.

Meetings are scheduled the same week that we print out our list of newly identified ELLs through ATS. Parents are given three dates/times and are encouraged to attend the one that is most convenient for them. Parents who cannot attend our initial meetings are given the choice of an in person meeting 1-1 or a video call. There is a sign-in sheet at each meeting to maintain evidence of attendance. The attendance sheet includes student name, parent name and the class they are currently in. Those who opt for the 1-1 or video call, come in person to sign the attendance sheet and fill out the Parent Survey and Agreement form. Originals and copies of these files are kept in the school's Central Folder and students CUMES.

In the parent orientation, parents learn about the three ML/ELL program models: Dual language Bilingual Education, Transitional Bilingual Education and English as a new Language. They learn that in the dual language program: The goal is for your child to read, write, and speak in both languages. After your child is no longer an English Language Learner (ELL), your child will stay in the program to learn and improve both languages. In the ENL program: Your child will be taught to read, write, and speak in English with support in your child's home language. In the Transitional bilingual program: as your child gets better in English, they will spend more time learning in English and spend less time learning in the home language. When your child is no longer an English Language Learner (ELL), they leave the program. Parents understand that though we don't have a transitional bilingual program, they are still entitled to request a transfer to a school that offers the program they want their child enrolled in.

Parents receive all of this information via a PowerPoint presentation. Presenters pause often so that parents can ask questions. This PPT includes information about Next Generation Learning Standards, the yearly assessments their child will take throughout the school year (NYSITELL, Spanish Lab, NYSESLAT) and how we will always maintain high standards for students regardless of ELL status.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our Annual Individual Meeting takes place in the Spring. Dual Language teachers (Yasmin Arias, Sandra Vargas, Noelina Pena, Carol Medina, Isabel Kranwinkel and Ohacy Feliz) and the ENL teacher, Ileana Garcia, meet with parents on a one-on-one basis to discuss the goals of each program, their child's language development from Fall to the Spring, their NYSITELL/NYSESLAT results and their areas of needs within the four modalities. Most, if not all, of our parents are English/Spanish speakers. Our Dual Language and ENL teacher(s) are fluent in both. In the case that a parent does not speak either languages, staff members who do are asked to translate or we may call for interpretation/translation services.
Teachers may call, e-mail or speak to parents in person to schedule this Annual Individual Meeting. Parents can choose an in-person, video-call or phone call to discuss their child's experience in our programs. An attendance sheet is kept for each class in the Dual Language program and the students in the ENL program. The original and copy of the attendance sheet is kept in the school's Central Folder.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

During student enrollment, families complete the Home Language Identification Survey (HLIS). Prior to signing and dating this form, families are asked, "In what language would you like to receive written information from the school?" and " in what language would you like to verbally communicate with the school? This information is then input into our ATS system and used when sending important notices home and/or general announcements. Our school is also a part of ClassDojo where more than 95% of our families are currently enrolled to receive up-to-date information on events, holidays and school closures. On this app, parents have the option to quickly change the text to their preferred language. Parents may respond in their home language. Most of our staff is fluent in Spanish and/or other languages. Therefore, parents feel comfortable reaching out and communicating their concerns and/or posing questions.

Parents are also Informed that they can bring an interpreter to the school or that one can be provided. We completely avoid using translation websites, which are imprecise and often inaccurate.

Due to our multicultural/ multilingual staff, parents in our school community feel comfortable initiating communication with teachers and other members of our school community.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS178M, we value the families of all our families, including those of MLs/ELLs. For starters, our Principal and Parent Coordinator proudly greet all students and their families to school each morning in English and/or Spanish. This really sets the tone. At the start of the academic year, teachers send questionnaires home asking questions about their students, such as ethnic and linguistic, as well as what they would like to see in their child's class and school, for example. This questionnaire is different from the Home Language Survey that they complete when they first enter the NYCPS system. Families also can disclose any personal information that may affect their student at school, such as family trauma, illness, or other pertinent information. This helps teachers to get to know their students better. Learning about our MLs/ELLs families provides an important foundation for everything else we do at our school. It also helps our school determine the needs of our community. Our Parent Coordinator is an integral part of our community and works closely with each family to provide important information (such as opportunities and resources) and assistance. Families are always kept informed via notices sent home, school wide newsletters, classroom newsletters, phone calls, and via the Class Dojo app (school wide and classroom).

· Throughout the year, PS 178M has planned numerous activities that celebrate all families. We work hard to integrate cultural tradition of our MLs/ELLs throughout the school. These events can be grade-wide or school-wide. For example, Hispanic Heritage Month is celebrated school wide. This gives students the opportunity to learn about influential Hispanic members of society throughout the world. To culminate a month-long learning, 5th graders host a Hispanic Heritage Month Gallery Walk where families are invited to attend.

· Other notable activities that foster empowerment for families of MLs/ELLs throughout our school include: the Spring Carnival; Kingdom of K (kindergarten); Literacy and Math Nights (fun and games for families in both English

and Spanish); field trips which parents can chaperone; book fairs that include books in both English and Spanish and multicultural books; and author visits and book signings. Families also participate in training and information sessions. To illustrate this point, meetings about the ELA and Math State Exams are provided in both languages. Additionally, our school truly values the arts. PS 178M offers Ballroom Dancing (merengue, rumba, tango, swing, foxtrot and waltz) for 5th grade and Alvin Ailey Dance Company West African dance classes for all grades. Both programs showcase a culminating show for families to attend. Students in the lower grades also enjoy music lessons and prepare a concert for all families to enjoy. Finally, students of all grades participate in a dance show at the United Palace in Washington Heights.

· PS 178M offers a welcoming environment for all families. Our families enter a friendly, vibrant atmosphere that lets them know that the school is an integral part of the community and that they are valued members of that community. We understand that his is especially important for migrant or immigrant families who may be intimidated by the formal school environment and the English language needed to participate. ELLs and their families should see themselves throughout the school. Our walls are filled with colorful photographs and work in both English and Spanish. We also offer them a Parent Room. Families are also offered ENL classes. PS 178M crafts and promotes volunteer opportunities that appeal to diverse parent groups. We offer outreach partnerships and community liaison roles that require cross-cultural or multilingual expertise. We consistently utilize parent feedback to inform decision making at the classroom and school.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Notices are frequently sent home in English and Spanish informing families of leadership opportunities. Information is also posted on the school's Class Dojo app informing them of such opportunities. PS 178M has a very active Parent Association (PA) and School Leadership Team (SLT). 50% of our Parent Association is bilingual. A handful of the parents are parents of our ELLs/MLLs. Parents feel comfortable volunteering at our school because we keep all communication channels open; families feel heard in our school community and enjoy being part of an active school community that supports the academic experience of their child. Parents enjoy signing up for our annual Book fairs, fund-raisers and/or Carnivals. Our school is a very nurturing and inviting school with an 'open door' policy. Caretakers may also receive phone calls/e-mails when needed.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At PS178, students need opportunities to express themselves physically and celebrate their cultures through movement. As a result, we partnered with Alvin Ailey Dance company to create dancing instruction that celebrates and explores cultures and traditions within and outside our community. Students were able to express themselves through dance while developing descriptive poems related to a scientific theme or concept. If students were not proficient in the target language, they still had access to the meaning through
the movement of their peers.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Team:
Ileana Garcia (ENL Teacher)
Nelsida Frias (Student Pupil Secretary)
Ohacy Feliz (Dual Language Teacher)
Erin Vargas (Special Education Teacher)

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs). Enrollment status of each newly admitted student is determined.

a. If a student has been in NYS public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and proficiency level.
b. If a student has been outside of NYS public schools for more than 2 years, our school administers the ELL Identification process as part of reentry.

The home language of the student is determined by a trained and licensed pedagogue (Our ENL Teacher Ileana Garcia or Admin: Patricia Sanches or Maryosie Mota)

The parent completes the Home Language Identification Survey in the parent's preferred language with guidance and support from qualified personnel (licensed and trained pedagogue- Ileana Garcia, Patricia Sanchez or Maryosie Mota); translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

A mandated documented individual interview with the student and parent is held in English and the home language. (Done by the ENL teacher: Ileana Garcia)

This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language. Eligibility for the NYSITELL is determined. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

Students are administered the NYSITELL, if eligible. (By ENL Teacher Ileana Garcia)

Students are administered the Spanish Language Assessment Battery (Spanish Lab) to newly identified ELLs whose home language is Spanish. (By ENL Teacher Ileana Garcia)

Parent notification letters are sent to the parent in the parent's preferred language. Parents are notified of their child's ELL status and results of the NYSITELL. (By ENL Teacher Ileana Garcia)

Parent orientation meeting provides parents with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting. (By ENL Teacher Ileana Garcia)

Students are placed into an ELL program.

a. If the ELL program that the parent selected is not available, the parent is offered a transfer to a school with that program in accordance with DOE transfer policies.
b. If the ELL remains in the school, the ELL is placed in an ENL program and our school keeps track of parent choices so that when minimum thresholds are met, we can open the ELL program of choice.

Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Reidentification Process)
If the ELL Reidentification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Reidentification Process within 6 to 12 months. Copies of letters and parent notifications regarding ELL identification are kept in the students' cumulative files.
Note: We keep a schedule of team members' availability (aside from the ENL teacher) to allow for ongoing enrollment. This allows for the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Patricia Sanchez

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Milagros	Santosrodriguez	Parent Coordinator - Annual	10/30/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Student Emergency Contact cards,Part III of the Home Language Identification Survey (HLIS),New York City Schools Account (NYCSA) Student Profile,Surveys conducted by your school

If Other was selected, describe the resource here:

n/a

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ENGLISH	135	54.44%	123	54.91%		
SPANISH	113	45.56%	101	45.09%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Class Dojo	Documents are translated on every school Dojo post.
Welcome letter	Staff translates
IEP meeting	If staff do not speak parents' home language a translator is provided.
IEPs	As requested by the parent, IEPs are sent to the translating unit.
Letters from teachers or school	Translated by staff.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

Curriculum night	Staff translate.
PTCs	Staff translate, translators paired with staff as needed.
Workshops	Staff translate, school has a device offered to staff as needed to translate spoken language into 98 different languages.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Translation device is readily available and accessible via the front office to translate spoken language into any language the parent may speak. All office staff speak Spanish and English to be able to communicate with parents as needed readily.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

School will provide time and share resources available to complete the asynchronous training. The LAC will meet with the staff to share resources as needed during staff development time.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

During registration the parents report their preferred language of communication and the school makes note in internal documents. In the welcome letter sent in August, parents will be informed of available language assistance services and how to make use of them during any school event or when school communicates with families.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Survey will be sent once in the fall and once in the winter to gather feedback on language assistance.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

School purchased spoken translating devices to have accessible to all staff if needed for conferences or workshops.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

40

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

English Language Learners will participate in the Afterschool Academy as needed based on their NYSESLAT and NYSITELL scores. The Afterschool Academy will have two cycles: Fall and Spring. Students in grades K-2 will attend the Fall academy, and students in grades 3-5 will attend the Spring academy. The Afterschool Academy will focus on providing students with extra time and support to develop their English language proficiency and academic skills. Students will have the opportunity to engage in small group activities to enhance their speaking, listening, reading, and writing skills through the content areas. Students will be grouped by their English proficiency levels (Entering/Emerging and Transitioning/Expanding) and in groups of less than eight with one teacher per group. The teachers participating in the program will have bilingual or ESOL certification who have experience and training in working with our ELL population. The program will be supervised by the assistant principal or principal who is already supervising other afterschool programs. The supervision will not be at cost to the Title III program.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

At PS 178, we believe that small group instruction during the Afterschool Academy can be highly beneficial for our English Language Learners (ELLs). Implementing small groups during this time will provide a supportive environment for targeted language practice and personalized learning tailored to the needs of students learning English. Teachers and administrations use the NYSESLAT, NYSITELL and ELL data reports to provide targeted instruction to meet the needs of all students. In reviewing the latest EDAT, 40% of our ELLs met progress by exiting ELL status, 6.7% met annual progress target, 0% met safe harbor cumulative growth and 53.3% did not make any progress. In comparing the 2023 vs. 2024 NYSESLAT, more students scored HIGH on all four modalities (2024 SY) compared to the previous school year (2023 SY). However, more students scored LOW in writing (15 students) and speaking (18) in the Spring 2024 NYSESLAT. In the Spring 2023 NYSESLAT data, only 2 students scored LOW in both modalities. Writing continues to be a struggle area for our ELL population.
The Afterschool Academy will provide opportunities for ELLs to continue building language and understanding within all four modalities. Our plan is for instruction to be modified, simplified and retaught based on individual student needs. This additional instructional time after-school will continue to support language input. Language input allows students to have access to content learning.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

We currently have 40 ELLs. All ELLs in Kindergarten through Fifth grade will participate in the Afterschool Academy. We will use the NYSITELL/NYSESLAT data to group students by their proficiency levels (Entering/Emerging and Transitioning/Expanding ELLs). As per the EDAT, currently 95% of our students are considered Newcomers. Our ELL subgroups will include: one group of low Entering ELLs, High Entering/Emerging ELLs and one group with Transitioning/Expanding ELLs (for both the Fall and Spring sessions)

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The After-school Academy for the Fall will begin in October- December; the Spring Semester will run from February until May.
There will be a total of 21 sessions per session, total of 42 sessions in all.
The After-school Academy will run on Tuesdays and Wednesdays from 2:35-4:00pm.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Instruction for the Afterschool Academy will be in English and Spanish, the students' home language.
It is important to leverage the students' native language to build a strong foundation for English language proficiency- we recognize that when students have a strong first-language skills it can help facilitate the development of their second language acquisition. To do this, we will continue to provide opportunities for students to use their home language to show understanding when needed (through conversation or activities) and allow ELLs to utilize home language resources (like books, posters, multilingual resources) to support their literacy development.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Six teachers will participate in the Afterschool Academy for ELLs. Five teachers have bilingual certification, and one teacher has ESOL certification.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For both programs, students will participate in small group and/or station activities. This includes language games (increased opportunities for interaction), teacher-guided and technology-based stations that will provide targeted instruction and support based on their English language proficiency levels and specific learning needs. Materials will include Estrellita, Fundations, and Lexia Reading Program. Each teacher will store purchased material in their classrooms. The Lexia licenses will be at cost to the Title III program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The L.A.P team will meet early in September to look over our ELL data report(s), discuss program activities and program details. ELL parents receive parent notification letters about the program and are asked to sign and return. Returned letters with parent/guardian responses/signature are maintained in a secure location in the main office by the assistant principal. The assistant principal will maintain records of all letters for each program as well as student attendance forms.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

All teachers will participate in professional development provided by the ENL teacher to incorporate strategies to support ELL students in the EL curriculum. Various aspects include understanding language acquisition, how to build a supportive and welcoming classroom environment and implementing effective instructional strategies for this demographic.
In addition, the teachers participating in the Title III Afterschool Academy will participate in professional development to strengthen their knowledge of ESL strategies, how to implement differentiated instruction, and how to challenge students at each proficiency level in English with home language support.
Teachers in the Title III Afterschool Academy will meet with the FACIL lead teacher to plan the implementation of stations during the Academy and participate in Lexia professional learning.
Professional Development will not use Title III ELL funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Within the last two years, our ELL population has decreased from 40 ELLs to 35 ELLs. In the 2023-2024 SY, there was in influx of migrant population enrolled in our school. Those numbers have decreased drastically these past two years. Though this is a significant decrease in our ELL population, staff continues to keep focus on the ELL data

reports like the EDAT, NYSITELL/NYSESLAT results, pre-assessments and informal observations that allows us to see the academic and language support our students need to succeed. Data shows that our students continue to struggle academically in reading and writing. Based on 2025 NYSESLAT results, out of the 28 students who were administered the NYSESLAT, 17.86% scored high on reading while only 14.29% scored high in Writing. Listening and Speaking were significantly higher. This data has been the foundation for planning and conversation about the best way to support our ELL population.

The Professional development with the ENL teachers will provide opportunities for classroom teachers to learn strategies that will aid in scaffolding/differentiating and simplifying instruction to better support the ELLs in their classroom.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers in the Title III program (Dual language teachers in K-5 and the ESOL teacher) will receive professional development targeted to enhancing their ability to effectively teach ELLs and meet state standards during our Monday PD days. PDs will focus on language acquisition, content instruction and culturally responsive teaching.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

All teachers will participate in five fifty-minute professional learning sessions provided by the ENL teacher or the assistant principal in charge of ELLs.
The sessions will take place on Mondays during professional development (2:35 - 3:35 p.m.) from September to March.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

All bilingual and ENL teachers will participate in five 50-minute professional development sessions that will be devoted to ELL services provided by the ENL teacher or assistant principal.

September 15, 2025: Assessment, valuation, and placement of ELLs.
October 27, 2025: Small group instruction- Using NYSESLAT scores for instruction.
November 17, 2025: Identifying and developing language proficiency.
February 9, 2026: Making content comprehensible for ELLs
March 9, 2026: Understanding and implementing the NYSESLAT

In addition, the teachers participating in the Title III Afterschool Academy will participate in the supplemental professional development.

September 29, 2025: FACIL - Station teaching to support ELLs.
December 8, 2025: Questioning techniques for each level of language proficiency.
February 23, 2026: Making meaning from print
April 13, 2026: Assessment tools and evaluation

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Ileana Garcia, ENL teacher
Maryosie Mota, Assistant Principal
Patricia Sanchez, Principal

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Documentation of the professional development to support ELLs (agendas, attendance sheets) will be kept in a binder in the main office. All professional development to support ELLs will not use Title III ELL funds.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At PS 178, we recognize that families and other community members are a vital part of our students' academic and social success and consider family involvement an essential ingredient for a successful educational program. Our efforts will focus on strengthening home-school relationships and increasing parent and community involvement.

We will provide Adult ESL classes to help Newcomer families. The ESL classes will begin on Saturday, November 8th, 2025, through January 17th, 2026, for a total of 10 sessions. Parents with young children will be provided with childcare services and refreshments. This program will be at a cost to the Title III ELL program.

All parents will participate in monthly workshops developed to assist them in understanding the curriculum as well as the Language Allocation Policy in the Dual Language program. These workshops will take place during the school day and will not be at cost to the Title III ELL program.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Most of our ELL students and their families are Newcomers. Currently, 95% of our students are Newcomers. The PTA has many parents of our ELLs (Newcomers, Commanding ELLs, SIFE) who attend meetings and discuss the needs of our school community. Discussions had during the PTA show that our parents continue to need: translation services, community supports like access to food banks, clothing drives, etc. Our Family Engagement Activities work to provide positive experiences for our families and opportunities to help out where it is needed most. The Adult ESL classes will allow parents/guardians to become more involved in their children's education that may be difficult due to language barriers.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The ESL classes will begin on Saturday, November 8th, 2025, through January 17th, 2026, for a total of 10 sessions. The sessions will be from 9:00am-11:00am every Saturday. Parents with young children will be provided with childcare services and refreshments. This program will be at a cost to the Title III ELL program.

The Family workshops will take place on Wednesdays, at 9:00 am.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The goal of the Adult ESL classes is to help parents acquire English language proficiency which will allow them to better communication with schools, access resources, and participate in their children's education. Topics for this program will include: work and travel, introductions and greetings, food and shopping, basic grammar, travel and culture, money and finance and relationships and socializing.

The monthly workshops will include topics about the new EL curriculum, ELLs, Equity and Inclusion, and instruction.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Ileana Garcia, ENL teacher will provide the ESL classes for adults.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**

- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

A flyer will be sent home inviting families to attend the ESL classes. The parent coordinator will reach out to individual families to inform them of the sessions. All flyers and information sent to parents is translated by the administration team.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The ENL teacher and the parent coordinator will maintain documentation of family engagement activities and notifications to families.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$12,193.00

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
