Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Washington Heights Expeditionary Learning School (WHEELS)

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Marelyn Pichardo	*Principal or Designee	
Samantha Love	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Richard Ortiz	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
Yulissa Sanchez	District Council 37 (DC 37) Representative (staff), if applicable	
Ellen Haga	Title I Parent Advisory Council Chairperson (or alternate)	
Laura Perez	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
Aurora Kushner	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Tatiana Acuna	Staff or Parent	
Irma Rucker	Staff or Parent	
Esther Castillo	Staff or Parent	
	Staff or Parent	
	Staff or Parent	
	Staff or Parent	
	Staff or Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At Washington Heights Expeditionary Learning School (WHEELS), our mission is to work with families to prepare each Pre K –
twelfth grade student academically, emotionally, intellectually and socially to succeed in the college of her or his choice and
beyond.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Washington Heights Expeditionary Learning School (WHEELS) was founded by a team of teachers, parents, and students in
2006. Our mission is to work with families to prepare each Pre K – twelfth grade student academically, emotionally, intellectually and socially to succeed in the college of her or his choice and beyond. We serve almost 1,000 students across
grades PreK-12 in Washington Heights. 92% of our students are Latinx, with a majority of families with roots in the Dominican Republic. 92% of our students identify as Latinx 88% of our students receive free or reduced lunch 20% of our
students are emergent bilingual 21% of our students have IEPs Some distinctive characteristics of the school are that we are
an NYC Outward Bound School implementing the EL Education model. This fundamentally means that we focus on three
dimensions of student achievement: Mastery of Knowledge and Skills; Character; High Quality Work. Each of these dimensions have interdependent core practices that guide staff, students, and families in what it means to be EL. Further,
our Lower Grades are dual language, Spanish and English, to build on the assets of our community. Finally, the primary ethos
of our school is a focus on relationships, with students and staff frequently referring to WHEELS as a "family".

Briefly summarize the key initiatives your school will implement this school year.

1. Students reflect on their progress towards long-term targets.
2. Students develop positive identity through experiences and connections in Crew and class that lead to a strengthened sense of belonging.
3. Students apply higher-order literacy & numeracy skills to generate complex work daily.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-8	EL Education	
Math	K-12	Illustrative Mathematics	
ELA/ Math	PK	Creative Curriculum	
ELA	9-12	FishTank	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students scoring below benchmark need to make accelerated growth in reading	Need more instructional practices	Literacy acceleration
Multilingual Learners achieve average proficiency as measured by NYS ELA Exams	Need more tiered intervention	Numeracy intervention

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30	By June, 2026, literacy for All Students will improve, as measured by a 20% Increase, from 30 to 50, of percentage of students scoring at or above proficiency on the NYS ELA ..

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Aligned school-wide practices developed in teacher PD

Root Cause Addressed:

Teacher knowledge gap

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Build data analysis skills of teachers after the beginning of year benchmark data is available to target instruction.

Key Strategy 2 (Optional):

Team level LASW

Root Cause Addressed:

Inconsistent team practices

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Plan-Do-Study-Act cycles supported by professional learning that target literacy instruction to improve student outcomes.
Ensure that all teachers are aligned in curriculum implementation.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

10/13/2025	05/29/2026	Parent Literacy Workshops	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Periods for reading intervention

Instructional Resources

EL Curriculum & Coaches

Schedule Adjustments

Intervention periods for high-need students

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School Quality Survey	Lack of peer accountability and restorative practices	Prevent bullying

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 13% Increase, in All Students will improve, as measured by an increase in percentage of positive student responses to survey questions about personal attention/safety/bullying from 62% to 75 from 62 to 75, per the NYC School Survey result.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYS State Exams Math	Teachers can expand tiered intervention strategies and frequency	Students scoring below benchmark need to make accelerated growth in math

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students meeting growth will Increase by 20% from 40 to 60, for All Students, as measured by MAP MATH growth.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

targeted intervention

Root Cause Addressed:

Need for targeted intervention

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop data analysis skills in teachers to plan for intervention

Key Strategy 2 (Optional):

research-based, high leverage practices

Root Cause Addressed:

High Quality Instruction with access for ALL

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure vertical alignment of IM implementation
Ensure vertical alignment of IM implementation

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Graduation Rate Data	Graduation rate of IEP	Outreach & targeted support

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	80	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the 4 Year Graduation Rate for Students with Disabilities (SWD) will Increase by 10% from 80 to 90 as measured by Graduation Tracker.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. 2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Schools Survey	lack of parent inclusion	Outreach to Parents & Events

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	80	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families engaging in student-led parent-teacher conferences will Increase by 15% from 80 to 95 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Targeted Intervention Support
Parent Outreach

Root Cause Addressed:

Students feeling unsupported
Parents unaware of gravity

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Daily outreach to families regarding attendance
Team level monitoring of attendance
Use weekly attendance meetings to develop tiered interventions across the school community and targeted interventions for students who are chronically absent.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
PLOP and annual goals are not aligned	Inconsistent use of Goal Book	IEP Development and Fidelity of Implementation
		Transition Planning and Compliance
		Referral Process and Equity

		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	75	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities SWD, we will improve Alignment of IEPs across present level of performance PLOP, goals, and recommended programs and services by a 15% Increase, from 75% to 90%, as measured by IEP Review. by a 15% Increase, from 75 to 90, as measured by student IEP goals.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

SIT School Implementation Team) discusses students recommended for Special Class to determine whether they can move to ICT in one or more subject areas and determine additional supports that may be necessary.

Root Cause Addressed:

Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Special education teachers will work collaboratively with general education teachers to determine highest leverage skill areas for each student and design goals that provide multiple opportunities for students to show mastery.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Literacy Intervention, Tier 2	ELA scores below benchmark	Differentiated instruction 4X/ week	Small group in classroom	During School	No
Literacy intervention, tier 3	ELA scores significantly below benchmark	SPIRE 3X/ week	Small group in separate location	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Counseling, at risk, tier 2	Teacher recommendations, SEL screener	SEL	Small group or 1-1	During school	no
Counseling, tier 3	IEPs	SEL	Small group or 1-1	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Communicate with families on data, intervention plans and home support

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Teacher outreach and interim assessment reports

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

1:1 teacher outreach regarding intervention plan and next steps

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Increase number of families in temp housing,

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Services for sSTH population include: coats, uniform, school supplies, at-risk counseling, SEL and Crew lessons, restorative circles as necessary.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At risk counseling
supplies
agency collaboration

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

at-risk couseling
CREW support

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

SERS is offering 20 hours a week of intervention for Students with Disabilities or students below benchmark with a special
education teacher. The intervention offered will be aligned to classroom curriculum and use progress monitoring tools to
measure growth.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Teachers certified in the content area volunteer to provide intervention in their area of expertise.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Classroom teacher will be paired with student from their grade or content area to ensure curricular alignment.

Provide a description of the materials purchased to support implementation of ELT.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

WHEELS 06M348 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support

services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, NYC School Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

WHEELS 06M348 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- inform a trusted adult in school if I need help with something related to my school or home life;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title 1

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

EL Education Coach, NYC Outward Bound School Coach, Illustrative Mathematics PD

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Aligned curriculum, Turning 5 IEPs, Welcome Night, Shared records

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Futures Ignite	High School	Support in college application and visits	

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Futures Ignite on site to support 100% of WHEELS seniors to apply to college, visit colleges, and learn about college and career readiness.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The SLT and FTA work in partnership with ALT on school decisions including hiring and development of partnerships.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

New York Presbyterian is our on-site health clinic. We refer students to to them and they support families with health screenings.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Weekly review of attendance on Insight Portal - team approach to intervention, assigning caseloads, and supporting individual attendance success plans, provided greater intervention or agency support as needed.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Culturally responsive approach, exposure to new ideas, people and experiences

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Marelyn Pichardo
Assistant Principal (Where Applicable)*	Corbett Beder
English as a New Language (ENL) Teacher*	Shelly October
Teacher (if school has a bilingual program must be a bilingual teacher)*	Tatiana Acuna
Parent/Guardian*	Ellen Hagan
Teacher	Jada Toote
Parent Coordinator	Yulisa Sanchez
School Counselor	Ann Glynn
Related-Service Provider	Grace Frutos
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

Number of certified ESOL teachers not currently teaching ENL:

Number of teachers who hold both content area/common branch and ESOL certification:

Number of ESOL certified teachers with a bilingual extension:

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

Total number of teachers with LOTE certification providing World Language instruction:

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

Total number and percentage (%) of current ELLs:

Total number and percentage (%) of former ELLs:

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish		1	1	1	1	1	1								6
DLBE	ICT	Spanish		1	1	1	1	1	1								6
DLBE																	0
				total: 2	total: 2	total: 2	total: 2	total: 2	total: 2	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In Elementary, grades K-5, all ELLs receive Dual Language Instruction with 50 percent of the curriculum delivered in English and the other 50 percent in Spanish. Students who are Entering to Transitioning as assessed by the NYSESLAT or NYSITELL, receive additional language supports throughout English instruction to have access to content and develop their skills in their home language.

In Middle School and High School, grades 6-12, ELLs receive dedicated English language instruction in enrichment course. This setting allows for focused language development tailored to the needs of ELLs, based on their to date NYSESLAT as well as current assessments. They then receive instruction that emphasizes language skills (speaking and listening), vocabulary, and literacy. These services are provide by Bilingual certified teachers in middle school and TESOL certified educators in High School.

Integrated ENL:

English Language Learners (ELLs) receive language development support while simultaneously engaging with grade-level academic content. Instruction is delivered either through co-teaching (a certified ENL teacher and a content-area teacher jointly planning and delivering instruction) or through push-in support, where the ENL teacher provides targeted scaffolds within the general education classroom.

Integrated ENL lessons are designed with both language objectives and content objectives in mind. This ensures that ELLs are not only building their English proficiency across listening, speaking, reading, and writing, but also accessing instruction aligned to state standards in core subjects such as English Language Arts, mathematics, science, and social studies.

Teachers collaborate to implement differentiated supports, such as sentence frames, visuals, graphic organizers, and vocabulary previews, and they use formative language assessments to monitor progress. Instruction is scaffolded based on students' English language proficiency levels, and teachers use strategies to promote academic discourse and content mastery.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language Bilingual Education (DLBE) program is implemented schoolwide in grades K–5, with approximately two Dual Language- Spanish classes per grade level. The program serves both General Education and Integrated Co-Teaching (ICT) settings, with instruction delivered in English and Spanish, following a 50/50 model where students receive approximately half of their instruction in each language across core content areas.

DLBE programs follow a 50/50 model, where students receive instruction in English and the partner language for specific percentages of the school day or week. Spanish and English used strategically and purposefully, not only for language instruction but also for content learning in subjects such as ELA, math, science, and social studies. The program emphasizes language separation by subject or time, to support the development of both languages without interference.

Instruction is aligned to the NYS Next Generation Learning Standards and integrates both language and content objectives. Teachers utilize culturally responsive pedagogy and ensure that materials, texts, and classroom practices affirm student linguistic and cultural identities.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The conversation for programming English Language Learners (ELLs) typically begins as soon as students are identified as ELLs through the initial screening and assessment process, NYSITELL, SLAB and NYSESLAT. This includes considering their English language proficiency, Home Language skills and abilities, educational background, and any additional individual support needs.

Staff collaborate in professional development with ENL teachers and other service providers, who develop and deliver tailored English language instruction; bilingual education teachers, who facilitate instruction in both students' native languages and English; and the ENL coordinator, who oversees the ELL program to ensure compliance with regulations. General education teachers collaborate with ENL and bilingual teachers to integrate ELLs into mainstream classes, while school counselors address the social and emotional needs of these students. Administrators, such as the principal or assistant principal, provide leadership and resources for ELL programming, and SBST are involved in creating Individualized Education Plans (IEPs) for ELLs with additional support needs.

Entering and Emerging ELLs require at least 360 minutes of instruction a week in stand alone services; In high school, grade 9-12, this increases to 540 minutes. Transitioning ELLs require at least 180 minutes a week in integrated ENL/ELA (English Language Arts) instruction and Stand alone or integrated ENL within content areas across K-8; and Expanding/Commanding ELLs are entitled to a minimum of 180 minutes per week in integrated ENL/ELA or other core content area instruction. When programming ELL services, we take into account student levels and teacher certifications to meet minute mandates.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our school, the delivery of ENL, English Language Arts (ELA), and Home Language Arts (HLA) instructional minutes is carefully structured across grade levels and program models to meet the needs of English Language Learners (ELLs).

In elementary grades K–5, students participate in a 50/50 Dual Language Bilingual Education (DLBE) program where instruction is provided equally in English and Spanish. Both General Education and Integrated Co-Teaching (ICT) settings offer these dual language classes, which include approximately two Spanish Dual Language classes per grade level. ELA and Spanish Language Arts are taught in language of instruction of the module by bilingual and special education teachers.

In middle school (grades 6–8), students receive ENL instruction integrated within ELA and other content-area classes in both General Education and ICT cohorts. For students requiring additional language support beyond the integrated services, stand-alone ENL is provided by bilingual-certified teachers in small-group settings to ensure they receive the mandated minutes of direct language instruction. This model allows students to access academic content while receiving targeted language development tailored to their proficiency levels.

At the high school level (grades 9–12), ENL continues to be delivered primarily through integrated services within ELA and core content classes across General Education and ICT settings. Students who need extra support also receive stand-alone ENL instruction, which is provided by teachers certified in TESOL. Collaboration between ENL and content-area teachers ensures that instruction is responsive to the language needs of students. Throughout all grade levels, the instructional minutes are carefully monitored to ensure that each student receives the required instructional minutes according to their English language proficiency, promoting both academic success and language acquisition.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school implements a 50/50 Dual Language Bilingual Education (DLBE) Spanish model across grades Pre-K through 5, designed to promote language equity and biliteracy for both English proficient students and English Language Learners (ELLs).

In grades Pre-K to 2, the program follows a roller coaster model, where instruction alternates by weeks between Spanish and English. This means that students may begin a week with Spanish instruction and end with English, or vice versa, rotating the subjects covered in the partner language. This approach maintains a balanced 50/50 distribution of language instruction while providing varied exposure and reinforcement of both languages throughout the week.

In the upper elementary grades (3–5), the DLBE Spanish model continues with a roller coaster structure based on literacy units. Literacy instruction cycles between languages across units to ensure that students build background knowledge, apply skills, and produce final projects in both English and Spanish over the academic year. When literacy instruction is conducted in English (ie: reading, writing, and additional language and literacy blocks) core content areas like math and science are taught in Spanish. Conversely, when literacy units switch to Spanish, math and science instruction shift to English, creating integrated and complementary bilingual learning experiences aligned with the literacy overview without interfering with each other.

Throughout all grade levels, both English proficient students and ELLs are fully integrated within the same classrooms, promoting inclusive learning environments in both General Education and Integrated Co-Teaching settings.

b. In which language(s) is each core content area taught?

In elementary grades (K through 5), all core and content areas are delivered in both English and Spanish following the weekly or unit-based roller coaster model. This means that students experience instruction in all subjects in Spanish during one week or unit and in English during the next, ensuring balanced bilingual exposure across the academic year.

In middle school and high school (grades 6–12), all core and content area instruction is delivered in English, with targeted ENL supports integrated across subjects to meet the language development needs of English Language Learners. This model ensures access to grade-level content while providing necessary scaffolds to support academic success.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At Washington Heights Expeditionary Learning School (06M348), the current ELL population consists of 210 students, which is 23.6% of the total student body.

ELL Subgroup Breakdown:
Newcomers (0–3 years of ELL service): 107 students (51.0%)

Developing ELLs (4–6 years of service): 47 students (22.4%)

Long-Term ELLs (7 or more years of service): 56 students (26.7%)

This means over half of the ELL population are Newcomers, while just over a quarter are Long-Term ELLs, a demographic that requires instructional needs at both ends of the language acquisition spectrum.

Instruction for Newcomers at 06M348 focuses on building foundational English skills, with an emphasis on vocabulary development, basic sentence structures, and survival social language. Teachers use scaffolded supports such as visuals, sentence frames, and total physical response (TPR) to make content accessible. Lessons are designed to support both academic and cultural acculturation, often incorporating sheltered content instruction and, when possible, bilingual supports.

For Developing ELLs, instruction shifts toward increasing access to grade-level academic language. These students benefit from language-rich content instruction that includes strategies to support comprehension of complex texts, as well as structured opportunities for academic discourse. Instruction targets reading and writing fluency, including genre-based writing, and emphasizes differentiated supports such as small-group instruction and targeted feedback based on NYSESLAT and formative assessment data.

Long-Term ELLs require more intensive and individualized instruction to close persistent language gaps, particularly in academic writing, grammar, and syntax. Teachers explicitly address advanced language forms and provide sustained practice with academic vocabulary and written expression. Instruction for this subgroup is closely aligned

with classification goals and may include Regents preparation and collaboration across content areas to embed language development into all disciplines.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At Washington Heights Expeditionary Learning School ,06M348, less than 1% of current ELLs are identified as Students with Inconsistent/Interrupted Formal Education (SIFE), according to the Fall 2024 ELL Data Analysis Tool. While this means that no students currently meet the official SIFE criteria, it remains essential for instructional teams to be prepared to support students who may have similar academic gaps or limited literacy in their home language, even if they are not formally designated as SIFE.

Effective instruction for SIFE is differentiated through targeted, trauma-informed, and accelerated approaches. These students often need intensive literacy support in both their home language and English, as well as explicit instruction in foundational academic skills that may not have been developed. Instruction includes the use of diagnostic assessments to determine literacy levels, Orton-Gillingham-informed strategies for decoding and phonemic awareness, and project-based learning to foster engagement and context for content. Teachers provide extended learning time, small group instruction, and language-rich scaffolds, while also incorporating socioemotional supports to help students adjust to school routines and expectations. Instruction is culturally responsive and designed to rebuild confidence, while aligning to grade-level content through careful scaffolding.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At Washington Heights Expeditionary Learning School, 06M348, 26.7% of ELLs are classified as Long-Term ELLs, meaning they have received English language development services for seven or more years. In contrast, 22.4% are Developing ELLs, with four to six years of service.

Effective instruction for Long-Term ELLs consider targeted support to address persistent gaps, particularly in academic writing, advanced grammar, and oral language precision. Instruction emphasizes explicit language instruction integrated into content areas, with a focus on language use rather than learning basic structures. These students also benefit from metalinguistic strategies that help them reflect on their language use and correct errors. Additionally, instruction is often designed to support readiness, including preparation for the English Regents and structured opportunities for extended writing, academic discussions, and language analysis.

Instruction for Developing ELLs focuses on deepening academic language and increasing access to grade-level content. These students often have a solid foundation in English and benefit from strategies that promote reading comprehension, writing fluency, and academic discourse. Teachers use scaffolded instruction with complex texts, structured writing tasks, and collaborative learning opportunities to strengthen their ability to engage in content-specific language. Emphasis is placed on integrating language objectives into content lessons and providing explicit instruction in academic vocabulary and sentence structure.

Frequent formative assessments and benchmarks guide targeted interventions to accelerate ELLs progress toward exiting ELL status.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At Washington Heights Expeditionary Learning School, 06M348, 49 students are classified as Former ELLs, representing 5.5% of the total student population. These students have exited ELL status within the last two years and are entitled to receive mandated Former ELL support in accordance with CR Part 154.

To meet mandated requirements, the school provides differentiated support across grade bands. In the elementary grades, Former ELLs receive targeted small-group instruction and integrated ENL support during literacy blocks. Teachers use scaffolded texts, language-rich classroom routines, and formative assessments to monitor progress in reading, writing, and oral language. Instruction is designed to reinforce academic language while fostering independence in content learning.

In the middle school grades, Former ELLs benefit from language-integrated content instruction with a focus on building disciplinary literacy. Teachers collaborate with ENL specialists to embed language objectives, vocabulary routines, and writing supports into social studies, science, and ELA lessons. Formative assessment data is used to identify students who may need reentry supports or academic interventions.

At the high school level, Former ELLs are monitored closely for academic performance, particularly in Regents-aligned courses. Instructional teams ensure that students receive academic scaffolds within their content-area classes, especially in ELA, history, and science. Former ELLs have access to co-taught classes and their performance is reviewed regularly to ensure continued growth toward college and career readiness.

Across all grade levels, the school maintains documentation in STARS to track Former ELL status and ensure compliance. Instruction is aligned to state mandates while being tailored to the developmental and academic needs of each grade band.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk indicators from the Fall 2024 EDAT reveal that a portion of ELLs at Washington Heights Expeditionary Learning School, 06M348, face multiple challenges that impact their academic progress and language development. Nearly half of all ELLs (47.1%) have at least two at-risk indicators, and 15.2% show three or more, indicating a need for multi-tiered supports. A notable trend in high school students is the high percentage who are off-track for graduation: 22.9% have completed two years of high school with fewer than 20 credits, 17.6% have three years with fewer than 20 credits, and 13.8% have three years with fewer than 24 credits. These students are considered overage and under-credited, placing them at high risk of dropping out.

Academic language development remains a concern. One-third (33.3%) of ELLs scored Level 1 or 2 on the most recent ELA assessments, and 21.9% did not pass the 2023–24 ELA Regents exam. Additionally, 15.2% of ELLs are identified as potential Long-Term ELLs, suggesting that many students are not making expected progress toward English proficiency and reclassification. While less than 1% of current ELLs are officially designated as Students with Interrupted or Inconsistent Formal Education (SIFE), several students exhibit overlapping risk factors commonly associated with SIFE profiles, such as low literacy and interrupted learning.

Another significant trend is that 37.6% of ELLs at the school have an IEP, which is far above the citywide average. This intersection of language development and special education needs requires a high level of instructional coordination and differentiation. Together, these data trends point to the need for targeted interventions, enhanced instructional planning, and structured and consistent monitoring systems to support ELLs still developing their academic English.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Former ELLs at Washington Heights Expeditionary Learning School, 06M348, face several at-risk factors that impact their academic success. These include lower academic performance compared to non-ELL peers, chronic absenteeism, and higher rates of disciplinary incidents. Many former ELLs also encounter challenges related to socio-economic status, such as limited access to resources and support outside of school.

A notable trend is that former ELLs tend to have a higher likelihood of being classified as at-risk in early grades, especially in literacy and language proficiency. Although some improve over time, a significant portion continue to struggle with academic gaps as they progress through middle and high school. Additionally, former ELLs often require ongoing language and academic support, indicating that exit from ELL status does not necessarily mean they have mastered the use and grade-level needs of the language.

Overall, the data suggests that former ELLs remain vulnerable to academic and social challenges that require sustained intervention and monitoring to ensure long-term success.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At Washington Heights Expeditionary Learning School, 06M348, the home languages with the largest representation among ELLs are Spanish, Mandarin, and Arabic. These language groups make up the majority of our multilingual student population.

To support communication and learning that honors and values these home languages, we implement several key staff roles, structures, and processes:

We employ bilingual teachers, instructional aides, and family liaison staff fluent in Spanish. or communication with other languages we access translators or the translation services offered by the DOE. These staff members facilitate communication between families and the school, provide direct language support to students, and help bridge cultural gaps. This is in addition to the use of parent communication platforms like Remind and DOE messenger which also provide communication in the parents preferred language.

We also host regular multilingual family workshops and informational meetings with interpretation services to ensure meaningful parent involvement. Communication materials, including newsletters and school announcements, are translated into the top home languages.

Our Academic Support programs, English as a New Language (ENL) program, integrate sheltered instruction strategies that leverage students' home languages to build literacy and content knowledge. We also provide dual-language in Elementary and heritage language enrichment opportunities for Middle School and High School when possible.

Teachers and staff receive ongoing Professional development on culturally responsive teaching practices and the importance of home language validation to foster inclusive classrooms and support with the use of consistent language supports.

We use a language access plan that ensures interpreters are available for parent-teacher conferences and other critical interactions. The school's messaging and automated phone messages are available in multiple languages.

Together, these resources and strategies create a supportive environment that values students' linguistic assets and promotes family-school partnerships rooted in respect for home languages.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At Washington Heights Expeditionary Learning School, 06M348, the ELL population reflects a diverse range of racial and ethnic backgrounds. The majority of ELLs identify as Hispanic/Latinx, followed by Asian (primarily Chinese and Arabic-speaking communities), with smaller percentages representing Black/African American and multiracial students. This diversity enriches our school community but also calls for intentional strategies to meet a variety of cultural and linguistic needs.

To include ELLs in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE), our school integrates students' cultures and histories into the curriculum across subjects, ensuring representation and relevance. ELL students are encouraged to participate in all extracurriculars including, student councils, clubs, and focus groups that influence school climate and instructional practices. Staff receive ongoing professional development on CR-SE with a focus on the needs of multilingual learners, addressing bias and promoting equity. Families of ELL students are engaged through culturally relevant events and their feedback helps shape school-wide initiatives. Additionally, ENL and content teachers collaborate regularly to design lessons that honor students' cultural identities while maintaining academic rigor. These efforts ensure that ELLs are supported not only in language development but also in affirming their cultural identities, creating an inclusive environment where all students can thrive.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In reviewing English Language Proficiency (ELP) growth at our school, a trend was that although many students make steady progress in acquiring English skills, a significant portion of ELLs, including those identified as newcomers or have interrupted formal education, are challenged when meeting sufficient grade- appropriate progress benchmarks. Students in early grades tend to show more rapid gains However, middle and high school students often experience slower growth as academic language demands increase.

Of the total ELL population, approximately 65% of students met the ELP sufficient progress criteria during the most recent assessment cycle and about 35% did not meet the sufficient progress benchmarks. This emphasizes the need for targeted interventions and differentiated support to address the needs of students who are struggling to advance their English proficiency at the expected rate.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The New York State English as a Second Language Achievement Test (NYSESLAT) results, demonstrate trends across the four modalities: Listening, Speaking, Reading, and Writing.

In Listening Students generally perform well, often achieving higher proficiency levels compared to other areas. This suggests that many ELLs can comprehend spoken English in academic contexts with relative ease. This can be contributed to the constant peer collaboration and classroom discourse that is implemented across subject and

grade levels.

In the Speaking modality, students also show strengths with students demonstrating the ability to express ideas and participate in conversations effectively. However, challenges arise for students who are socially fluent but struggle with academic language, particularly in writing.

In Reading proficiency, students tend to encounter challenges to demonstrate proficiency with many students scoring lower in this area. The complexity of academic texts and the need for advanced literacy skills contribute to these challenges.

Writing is often the most challenging modality, with students facing difficulties in constructing coherent, detailed responses. This is particularly evident among long-term English Language Learners (LTELLs), who may have strong oral skills but limited writing proficiency.

These trends highlight the need for targeted interventions that address the specific challenges in each modality, with a particular focus on enhancing reading and writing skills to support overall English language development and connections in listening and speaking strengths to leverage growth in reading and writing skills.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Students' performance on the NYSESLAT often correlates with their results on other state assessments like the ELA, Math, and Regents exams, but the relationship varies by subject and language proficiency level. Students who demonstrate higher proficiency on the NYSESLAT tend to have better results on the ELA assessments because both require strong English language skills, including reading comprehension and writing ability. This alignment suggests that English language proficiency is a key factor in success on literacy-based assessments.

In contrast, the relationship between NYSESLAT scores and Math assessment performance can be less direct. While Math relies more on quantitative reasoning and problem-solving skills, language barriers can still affect comprehension of word problems and math vocabulary, impacting performance even when students have access to the assessment in their home language. Students with stronger English proficiency often navigate these language demands more successfully, leading to better Math scores.

NYSESLAT performance is a useful indicator of their readiness to access grade-level academic content in Regents exams. Students with higher NYSESLAT proficiency are generally more prepared to navigate the language demands of Regents exams across subjects, whereas those with lower English proficiency may struggle without additional language and academic supports.

Overall, NYSESLAT performance provides valuable insight into how well ELLs can access and demonstrate their knowledge on broader academic assessments, underscoring the importance of integrating language development with content instruction.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

New York State English as a Second Language Achievement Test (NYSESLAT) results reveals distinct trends among English Language Learners (ELLs) with Individualized Education Programs (IEPs) and Students with Interrupted/Inconsistent Formal Education (SIFE). These subgroups often face unique challenges that impact their English language proficiency outcomes.

Students with disabilities who are also ELLs may experience difficulties in acquiring English proficiency. While some ELLs with IEPs perform at high levels across all modalities of the NYSESLAT. The variability in performance can be attributed to the nature and severity of the disabilities, the effectiveness of the accommodations provided, and the alignment of instructional strategies with both language and special education needs. It's important to note that the NYSESLAT is designed to assess English language proficiency and does not specifically accommodate for disabilities, though testing accommodations specified in the IEPs are implemented during the assessment.

Several factors impact the NYSESLAT outcomes for ELLs with IEPs and SIFE. One major influence is the quality and intensity of instructional support. While students receive tailored instruction that addresses both language acquisition and their specific learning needs, through ENL services, special education supports, or a combination, there is inconsistent growth demonstrated based on developmental and skill gaps. Testing accommodations also play an important role; supports such as extended time and alternative response formats can provide equitable access to the assessment. However, since the NYSESLAT is designed to measure language proficiency, it may not fully account for the diverse cognitive or academic needs of these subgroups. A student's educational background significantly affects performance. Although we do not have SIFE identified students, newcomers often enter school with limited prior schooling, limited skills and trauma, which can result in delays in both language development and content knowledge. These students may require more time, counseling services, scaffolding, and targeted literacy instruction to build the foundational skills needed for success on language proficiency assessments.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

Based on the available data, 26 English Language Learners (ELLs) are currently on-track towards graduation. This indicates that these students are meeting the necessary credit accumulation and assessment benchmarks aligned with their cohort and graduation requirements.

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

Based on the available data, 5 ELLs in grades 11–12 have a documented postsecondary plan in STARS or ATS. This suggests that additional support may be needed to ensure all upper-grade ELLs are engaging in college and career readiness planning.

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

To support ELLs who are currently off-track to graduate in four years, several targeted strategies and interventions are being implemented as part of the school's Language Allocation Policy (LAP) Plan. First, off-track students are provided with access to credit recovery opportunities, extended learning time through after-school and Saturday sessions, and summer school options. These programs are supported by ENL and content-area teachers who collaborate to provide scaffolded instruction tailored to the linguistic and academic needs of ELLs. Additionally, regular academic progress monitoring protocols are in place to ensure early identification and intervention.

Teachers and ENL staff review student data on a consistent and regular basis to develop timely supports through Student Support Teams.

To promote long-term success, college and career counseling has been enhanced for ELLs, particularly in grades 9–12. Multilingual advisement, small-group workshops, and the integration of career exploration into ENL instruction help students develop realistic postsecondary plans in collaboration with Futures Ignite. Communication with families also plays a critical role. The school hosts regular family engagement events with interpretation services to discuss student progress, graduation requirements, and next steps, while also providing progress updates.

Instructionally, the school prioritizes co-teaching models and integrated ENL supports in Regents-bearing classes to ensure students receive language development alongside academic content. Teachers are offered ongoing professional development in scaffolding strategies and effective co-teaching practices. These combined efforts aim to increase the graduation rate of ELLs and ensure they have access to meaningful postsecondary opportunities.

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

One key strategy is the development of individualized academic support plans that identify credit gaps and set concrete, achievable goals. These plans are developed collaboratively with students, families, counselors, and ENL staff. We consider flexible credit recovery programs, including blended learning options, after-school and Saturday sessions, and summer bridge programs, which allow students to make up credits while receiving tailored language and content support. Additionally, advisory periods or mentorship programs pair students with trusted adults who monitor progress, offer encouragement, and help navigate barriers both in and out of school.

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

WHEELS provides English-Language Learners (ELLs) with a high-quality academic experience that fosters deeper learning through its dual-language program for Elementary. This program ensures a balanced 50-50 language split between English and Spanish, immersing students in a linguistically rich environment from Pre-K through 5th grade. By integrating ELLs and Spanish Language Learners (SLLs), the school cultivates bilingualism and biliteracy for all students, reinforcing language development through standards-based grade-level content taught in both languages.

The Spanish Language Arts curriculum is thoughtfully designed to mirror the English Language Arts curriculum, supporting students in strengthening their skills in both languages. Within linguistically diverse classrooms, students engage in peer learning, benefiting from each other's native and second language development. Teachers employ various language acquisition strategies, small group instruction, individualized support, and push-in services to ensure that students receive tailored learning experiences.

Through rigorous curriculum and dual-language instruction, students not only enhance their linguistic proficiency but also explore cultures, expanding their understanding of the world around them. This approach equips students with the critical thinking, creativity, and communication skills necessary to thrive in an evolving global society. At WHEELS, bilingualism is embraced as an essential skill that empowers students academically, socially, intellectually, and emotionally, setting them up for success.

In Middle school and High school, English-Language Learners (ELLs) are provided with a rigorous and enriching academic experience through a structured English as a New Language (ENL) program. Our approach ensures that ELLs receive comprehensive language support while engaging in grade-level content that fosters deep learning, critical thinking, and bilingual proficiency.

In our middle and high school programs, ENL services are tailored to meet students' individual linguistic and academic needs. Teachers use specialized language acquisition strategies, differentiated instruction, and targeted small-group support to strengthen English proficiency while ensuring access throughout all core subject areas. Other language services of speech and other supports offer additional assistance, allowing students to build their language skills in a supportive environment without being removed from rigorous academic coursework.

Through integrating ENL services with engaging academic experiences, WHEELS prepares students to become self-directed learners who think critically, solve problems creatively, and communicate effectively in both English and their native language. Our commitment to language development ensures that every ELL student receives the support they need to succeed throughout their educational journey and beyond.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

WHEELS is committed to providing English-Language Learners (ELLs) with a rigorous academic experience that supports their language development while ensuring access to grade-level content. Through a comprehensive English as a New Language (ENL) program, students receive targeted language acquisition support tailored to their individual needs. Teachers utilize specialized strategies, differentiated instruction, and small-group learning to strengthen students' English proficiency while maintaining their engagement in core subjects.

To further enhance instruction for Multilingual Learners (MLLs), WHEELS integrates research-based curricula such as Illustrative Mathematics across grade bands Kinder through High school. For literacy we implement EL Education Kinder through eighth grade. In High school, grades 9-12, curricula is teacher created that reflects the NYS literacy standards. These programs include carefully crafted supports and recommendations designed to help MLLs access rigorous academic content while developing their language skills. Team Leaders and the Instructional Leadership Team (ILT) collaborate to identify the best strategies for differentiation, ensuring that teachers have the tools necessary to meet the diverse needs of their students. ILT regularly disaggregates data to analyze the growth and performance of sub-groups, including ELLs, allowing for informed instructional adjustments that drive student success. Based on these results, ILT provides recommendations to teacher teams and monitors progress through continuous improvement cycles.

Beyond language development, WHEELS recognizes the importance of bilingualism and biliteracy in preparing students for success in a global society. Throughout crew and experiences students are exposed to diverse cultures, challenging curricula, and personalized instruction, students develop the critical thinking, problem-solving, and communication skills needed to thrive academically, socially, and professionally. By integrating ENL services, high-quality instructional materials, and data-driven support, WHEELS ensures that ELLs receive the guidance and resources necessary to succeed and build independence.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core content is delivered with an extended roller coaster model in K-5 in Spanish and English. In 6-12 content is delivered in English with ENL supports. Illustrative Mathematics and EL Education are backwards planned from the standards. Ongoing PD is given to teachers to help them plan instruction and assessment with the Next Generation Standards in mind, including formative assessments using Competency Based Grading. DL (in K-5): instruction alternates A week/B week with either morning block core content delivered in
the AM/ PM in Spanish/English -- allowing for all core subjects (literacy & numeracy) be taught in both languages. ENL (in 6-12) All instruction is delivered in English. Dual cert teachers in core subjects provide language and vocabulary support/scaffolds as needed. In the grades with emerging ELLs an additional stand-alone ENL class is programmed daily for targeted literacy support. ALL classes focus heavily on development of writing skills and integration of complex texts.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

To ensure that MLs/ELLs across elementary, middle, and high school levels access grade-level academic content while accelerating English language development, our instructional approach is differentiated by grade band, English proficiency level (Entering, Emerging, Transitioning, Expanding, Commanding), and student subgroup, including ELLs with IEPs. Instruction is guided by the NYS Next Generation Learning Standards and NYSESLAT performance indicators.

At the elementary level, grades k-5, instruction focuses heavily on oral language development, foundational literacy skills, and academic vocabulary acquisition. Teachers use visual supports, Total Physical Response (TPR), songs, chants, and sentence frames to help young learners connect words to meaning. Entering/Emerging: Teachers provide picture word walls, interactive read-alouds, and guided language modeling using tools like Reading A-Z, Acadience, Skills, Spire, Un;lock Phonics and Phonics for Reading. Transitioning/Expanding: Students engage in leveled guided reading, shared writing, and small group discussions with explicit instruction on language structures and grammar. Commanding: Students participate in complex text analysis, extended writing tasks, and independent research, with gradual release of scaffolded support based on progress.

At the middle school level, grades 6-8, instruction balances language development with content mastery across ELA, Math, Science, and Social Studies. Teachers incorporate academic language frames, guided note-taking, graphic organizers, and collaborative learning protocols such as think-pair-share. Entering/Emerging: Teachers use simplified texts, bilingual glossaries, and sentence starters to scaffold access to grade-level materials. Technology tools like Newsela (leveled articles) and ELL supports to develop vocabulary and comprehension. Transitioning/Expanding: Instruction includes annotated text and text-dependent questioning to deepen academic conversations and writing. Commanding: Students work with grade-level complex texts, conduct research projects, and engage in argumentative writing, with ongoing formative assessments to ensure mastery. Co-teaching models (ENL + content teacher) are often used to support content-language integration in inclusive settings across subjects.

At the High School level, grades 9-12, instruction is designed to build academic language for college and career readiness. Strategies include explicit instruction of tiered vocabulary, scaffolded reading of complex texts, and disciplinary writing tasks across Regents-aligned courses. Entering/Emerging: Teachers use parallel texts, graphic adaptations, visual timelines, and structured oral practice and tools to support comprehension and expression. Transitioning/Expanding: Focus shifts to evidence-based writing, academic discourse, and research projects. Students receive guided support with text annotation, collaborative debates, and peer review. Commanding: Students engage in rigorous coursework, including AP and Regents-level classes, with minimal scaffolding. Support focuses on fine-tuning academic writing, critical analysis, and sustained inquiry.

ELLs with IEPs receive individualized supports tailored to both their language development needs and disability-related accommodations. Across all grade levels, instruction incorporates Universal Design for Learning (UDL) and multi-modal strategies (visuals, hands-on materials, auditory supports).

In elementary grades, ENL and special education teachers co-plan to ensure phonics, decoding, and oral language activities align with IEP goals. In middle school, students benefit from reduced linguistic load, modified assessments, and assistive technologies like Text-to-Speech or Speech-to-Text tools. In high school, instruction emphasizes transition planning, functional academic language, and writing scaffolds for assignments aligned with graduation requirements. Collaboration between ENL, general education, and special education teachers is ongoing, with regular data review to monitor both language proficiency growth and IEP goal progress.

By differentiating instruction across grade levels and English proficiency bands our school ensures that all ELLs, including those with disabilities, have equitable access to academic content and accelerated pathways to English language proficiency.

b. SIFE

Upon enrollment, SIFE students are assessed using the NYSITELL along with diagnostic tools like the Initial Literacy Screening for SIFE and home language interviews to determine their educational history and skill levels. Where possible, students are placed in ENL classes that provide integrated language and content instruction with a focus on literacy and acculturation. Whenever available, bilingual paraprofessionals or translated materials are used to build on the student's native language as a foundation for learning.

At the elementary level, grades k-5, SIFE identification and instruction emphasizes basic literacy and numeracy skills, oral language development, and classroom routines. Teachers use repetitive language structures, visual schedules, manipulatives, and picture dictionaries to establish foundational skills. Entering/Emerging: Teachers begin with phonemic awareness, letter recognition, and oral storytelling supported by visuals. Programs like Lexia Core5, and Reading A-Z offer adaptive literacy instruction aligned with students' readiness. Transitioning/Expanding: As students build language and literacy, instruction incorporates leveled readers, interactive read-alouds, and guided writing to support comprehension and expression. Regular use of anchor charts, sentence stems, and interactive literacy centers help SIFE students participate in classroom instruction at developmentally appropriate levels.

At the middle school level, grades 6-8, SIFE students often face dual gaps in academic content and literacy, especially in English. Teachers focus on building foundational literacy while introducing grade-level concepts in accessible ways. Entering/Emerging: Instruction includes survival English, oral storytelling, phonics-based instruction, and visual supports. Students use Newsela in Spanish or home language, when available, for bridging instruction. Transitioning/Expanding: Students begin to participate in content-based units with support through graphic organizers, sentence frames, and paired reading. Core content is introduced using simplified texts, bilingual glossaries, and audio supports. Specialized small group instruction using Bridging for Language Development materials and targeted language experience.

For SIFE students at the high school level, grades 9-12, instruction focuses on intensive literacy development, credit recovery, and preparation for Regents exams or alternate pathways to graduation. Teachers prioritize academic vocabulary, functional literacy, and oral communication skills while building access to content. Entering/Emerging: Instruction includes phonics-based and leveled texts, bilingual materials, and visual-rich content. Transitioning/Expanding: Students begin to access content-area texts through scaffolded reading, bilingual dictionaries, and interactive lessons. Key supports include chunking of texts, graphic outlines, and explicit instruction in academic language. Flexible scheduling, extended learning time, and access to SIFE-specific supports such as internships, socio-emotional learning programs, and family engagement specialists are embedded in the school program.

c. Newcomers

These students may have varying levels of prior education and English proficiency. Our school implements a structured, supportive, and culturally responsive instructional plan for newcomers to ensure they gain access to grade-level academic content while rapidly developing social and academic English. The instructional focus for newcomers includes English language development, access to grade-level academic content, and strong social-emotional supports.

In elementary school, grades K–5, focus is on oral language development, foundational literacy skills, and establishing classroom routines. Teachers use visuals, songs, storytelling, manipulatives, and Total Physical Response (TPR) to help students connect language with meaning. For students at Entering and Emerging proficiency levels, programs such as Lexia English, Lexia Core5, and Reading A-Z provide adaptive instruction in phonics, vocabulary, and reading comprehension. As students progress to Transitioning or Expanding levels, they engage in guided reading and writing activities with supports like sentence frames, word banks, and shared writing opportunities. Instruction is often delivered in a co-teaching model or with push-in ENL support to ensure newcomers are engaged in grade-level content while building their English proficiency.

In middle school , grades 6–8, instruction for newcomers balances social English development with academic content learning. Teachers prioritize survival English, oral fluency, and structured routines that support students' adjustment to a new school environment. At the Entering and Emerging levels, students are provided with modified texts, bilingual glossaries, and visual organizers. Digital tools such as Newsela with leveled articles, and Google Translate are used to support comprehension and engagement with core content. As students reach higher proficiency levels, they begin to analyze texts, participate in group discussions, and engage in structured academic writing. ENL enrichment and integrated ENL support ensure that students receive the language development and academic instruction needed to succeed.

In high school, grades 9–12, newcomer students are placed in stand-alone ENL courses that integrate academic content and English language instruction. Instruction for students at lower proficiency levels includes survival vocabulary, functional communication skills, and highly scaffolded reading and writing tasks using visual-rich content and simplified texts. Programs that help build foundational literacy and content knowledge are implemented into the curriculum. As newcomers progress, they engage in more rigorous academic tasks such as evidence-based writing, research projects, and text analysis with support from sentence starters, graphic organizers, and peer collaboration.

Across all grade levels, newcomers receive targeted support through an initial orientation for students and families, translated materials, and home language supports where possible. Instruction is aligned with the NYSITELL results and focuses on developing academic and social language through content-based learning. Teachers integrate students' cultural backgrounds into instruction and create opportunities for identity expression and peer connection. Technology tools like Google Classroom with translation extensions and Read&Write for Chrome are integrated into daily instruction to enhance access and personalize learning. This comprehensive, differentiated approach ensures that newcomer ELLs are supported in both their academic success and their transition to life in a new school environment.

d. Long Term ELLs

Long-Term English Language Learners (LTELLs) are students require English language development services but have not demonstrated sufficient progress toward proficiency. These students often speak English fluently in social settings but struggle with academic language, especially in reading comprehension, writing, and subject-specific vocabulary. We use a targeted, data-driven approach to meet the needs of LTELLs, focusing on language development within academic content, explicit literacy instruction, and culturally responsive practices to improve engagement and achievement.

In middle school, grades 6–8, instruction for LTELLs focuses on deepening academic vocabulary, improving extended writing, and supporting comprehension of complex texts. Teachers use scaffolded strategies such as sentence frames, text annotation, structured dialogue, and modeling of writing in all content areas. LTELLs are grouped for targeted ENL instruction that focuses on gaps identified through NYSESLAT and classroom assessments, with particular attention to writing organization, grammar, and syntax.

In high school, grades 9–12, LTELLs often struggle with the academic language demands of Regents-level coursework. Teachers address this by providing disciplinary literacy instruction, including direct teaching of subject-specific vocabulary and sentence structures commonly used in argumentative, explanatory, and analytical writing. Students engage in reading-to-write tasks, with scaffolds such as graphic organizers, model essays, and peer feedback protocols. In addition, LTELLs benefit from co-taught content classes, where ENL and content teachers work together to embed language instruction into subject learning.

Across all grade levels, our school emphasizes student engagement and identity development for LTELLs. Teachers use culturally responsive texts and projects to affirm students' backgrounds and encourage meaningful participation. LTELLs are given opportunities for peer collaboration, leadership, and reflection through class discussions, presentations, and personal narratives. Instruction is aligned with the NYSESLAT performance indicators and guided by regular progress monitoring, with supports adjusted based on individual needs. By combining academic language instruction, differentiated content access, and culturally affirming practices, we provide LTELLs with the tools and opportunities needed to meet proficiency standards and succeed in postsecondary pathways.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school provides a comprehensive, collaborative support system for English Language Learners (ELLs) with Individualized Education Plans (IEPs) to help them achieve their IEP goals and attain English language proficiency within the least restrictive environment (LRE).

A component of our approach is ongoing collaboration between ENL and special education teachers to ensure that students receive both mandated language supports and IEP services in inclusive settings whenever possible. Co-teaching and push-in models allow instruction and services to be delivered within the general education classroom, supporting students' access to core content alongside their peers. When pull-out services are necessary, Speech and Language Pathologists (SLPs) strive to minimize instructional disruption by scheduling sessions during specials rather than core academic classes. SLPs also push in services as much as possible, working directly in the classroom to support students in meeting their IEP goals within the least restrictive environment.

During pull-out sessions, SLPs support classroom learning by using strategies such as close read-alouds and guided writing practice that reinforce both language development and content mastery. This integration helps students connect their therapy goals with grade-level academic material, promoting transfer of skills across settings.

Instruction is individualized and data-driven, tailored to students' English proficiency, disability classification, and learning profiles. Teachers use scaffolds like visual aids, graphic organizers, sentence frames, and modified texts, incorporating multi-modal strategies to support comprehension and expression. Assistive technology tools such as text-to-speech, speech-to-text, and bilingual glossaries are provided in accordance with IEP accommodations to enhance learning and assessment access.

Staff regularly participate in professional development focused on culturally and linguistically responsive teaching, differentiated instruction for multilingual learners with disabilities, and effective collaboration between ENL and special education teams. Family engagement is also prioritized, with interpretation services and translated materials provided to ensure families are fully involved in planning and progress monitoring.

Through this integrated and carefully coordinated approach, including push-in and pull-out Speech and Language Pathology services designed to align with classroom content and minimize disruption, we support ELLs with IEPs in

making meaningful progress toward their IEP goals and English language proficiency in the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language assessment varies across program models to ensure appropriate identification and placement of English Language Learners (ELLs) while honoring students' linguistic backgrounds. In DLBE programs, home language assessment begins with the Home Language Identification Survey (HLIS) completed by families at enrollment. This survey collects detailed information about the student's language(s) spoken at home, language proficiency in both English and the partner language (e.g., Spanish, Arabic), and language use patterns. To determine eligibility for dual language services, schools often use oral proficiency interviews or language proficiency assessments in both English and the partner language. This ensures that students have sufficient skills in the partner language to benefit from bilingual instruction and supports balanced bilingual development.

In ENL programs, home language assessment starts with the HLIS to identify students who speak a language other than English at home. The primary tool for placement is the NYSITELL, which assesses English proficiency. Although ENL programs may not formally assess home language proficiency in depth, educators gather information about students' home language background to inform instruction and, when possible, provide home language supports through translation services, bilingual aides, or family engagement. Understanding the home language context is important for cultural responsiveness and differentiated instruction but the main focus remains on English language development.

In all models, the home language assessment process is designed to be family-friendly, often supported by translated documents and interpretation services to ensure accurate and meaningful communication with families. This foundational step guides appropriate program placement and instructional planning to best support ELLs' language and academic growth.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

For grades 6–12, our school offers a comprehensive sequence of language electives designed to support Multilingual Learners (MLs) and English Language Learners (ELLs) in developing strong bilingual and biliterate skills. The language program includes Spanish 1 through AP Spanish Language & Culture, providing students with a clear pathway from beginner to advanced proficiency. These courses focus on language mechanics, cultural competency, academic language, and communication skills essential for success in both school and beyond.

To prepare MLs and ELLs, our school aligns instruction and assessments with state requirements. Students are supported in developing proficiency in both English and a language other than English (LOTE), with Spanish as the primary LOTE offered. Beginning with Spanish 1, instruction emphasizes foundational grammar, vocabulary, reading, writing, listening, and speaking skills. As students progress to higher-level courses, including Spanish 4 Honors and AP Spanish Language & Culture, they engage in more complex texts, analytical writing, and advanced communication tasks that mirror college-level expectations.

Our school uses multiple standardized assessments to guide instruction. These include the Student Learning Profile (SLP) to document language growth, the LOTE proficiency exams, and the AP Spanish Language & Culture exam. Students receive targeted support and test preparation through specialized review sessions, practice assessments, and one-on-one tutoring to ensure they meet or exceed proficiency benchmarks.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At our school, multiple systems and structures are intentionally designed to support collaboration and co-teaching among educators across all ELL program models, including Integrated Co-Teaching (ICT), Dual Language Bilingual Education (DLBE), grade-level teams, and departmentalized teachers.

1. In ICT classrooms, ENL teachers and general education teachers co-plan and deliver instruction by sharing complementary roles such as team teaching and parallel teaching. Dedicated co-planning time is built into the weekly schedule, allowing these teachers to align language objectives with content standards, design scaffolds, and analyze student progress collaboratively.

2. Dual Language teachers work closely as language partners to deliver balanced instruction in two languages. They meet regularly to coordinate curriculum pacing, plan bilingual units, and share strategies that support biliteracy development. This partnership is supported through structured collaborative time and shared digital platforms to ensure consistency and coherence across both languages.

3. Each grade-level team, which includes general education, ENL, and special education teachers, meets regularly to discuss student data, share best practices, and coordinate supports for ELLs. These meetings promote a schoolwide collaborative culture, allowing teachers to collectively problem-solve and align strategies to meet diverse learner needs.

4. In settings where teachers are departmentalized by subject, like middle school math, science, or literacy, subject teachers collaborate closely with ENL and Special education specialists assigned to their content area. Regular departmental meetings are scheduled for co-planning and integrating language objectives with content instruction, ensuring ELLs receive targeted support across disciplines.

5. To facilitate ongoing collaboration, teachers use shared digital tools for lesson planning, progress monitoring, and resource sharing. This ensures transparency and allows co-teachers to adapt instruction responsively based on student needs.

6. School leadership supports these collaboration structures to prioritize scheduling that protects common planning time, providing coaching focused on co-teaching and bilingual education best practices, and fostering professional development opportunities centered on ELL instructional strategies.

7. Regularly scheduled data meetings include all relevant educators to review formative and summative assessments for ELL students. This practice guides instructional adjustments and identifies students needing additional interventions or enrichment.

These systems create a cohesive framework that promotes collaboration among all educators, ensuring instruction is integrated, culturally responsive, and aligned with student needs across program models and content areas.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's annual professional learning (PL) plan is thoughtfully designed to ensure that all staff develop the knowledge and skills necessary to address the academic and social-emotional needs of Multilingual Learners (MLs) and English Language Learners (ELLs), with a commitment to equity and inclusion.

A foundational element of our PL plan is the school's ongoing dedication to becoming a more anti-racist institution. This commitment shapes our professional learning focus in several key ways. We emphasize culturally responsive education by critically examining curriculum content and its implementation to ensure it reflects diverse perspectives and histories relevant to our ML/ELL students. We prioritize the inclusion of student voice through structures such as student committees and focus groups, which inform both classroom practices and school-wide policies, fostering agency and belonging among MLs/ELLs. Our social-emotional learning (SEL) supports are integrated schoolwide via a common SEL curriculum delivered during advisory periods, ensuring all students, especially MLs/ELLs, receive consistent and culturally sensitive SEL instruction.

Professional learning offerings are differentiated to meet the needs of all staff:

1. Administrators engage in training on leading equitable school environments, supporting anti-racist practices, and using data to monitor academic and social-emotional progress of MLs/ELLs.

2. Teachers receive ongoing development in co-teaching strategies, integration of language and content instruction, and implementation of culturally responsive pedagogy aligned with anti-racist goals.

3. Staff participate in workshops addressing the social-emotional challenges faced by MLs/ELLs, trauma-informed care, and effective communication with multilingual families.

To strengthen our work, we partner with expert support organizations and consultants who provide targeted coaching, facilitate professional learning sessions, and assist in evaluating the effectiveness of initiatives supporting MLs/ELLs. Professional learning is embedded within daily practice through collaborative planning time, grade-level and departmental PLCs, and reflective coaching cycles. Data analysis meetings focus on both academic achievement and social-emotional indicators, enabling staff to make informed, responsive decisions. We utilize surveys and focus groups continuously inform the refinement of our PL plan to ensure it remains responsive to the evolving needs of students and staff.

Through these efforts, our professional learning plan equips all staff with essential skills to support MLs/ELLs academically and emotionally but also advances our school's vision of fostering an empowering environment for all learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

WHEELS is committed to fully meeting the Continuing Teacher and Leader Education (CTLE) requirements ensuring that all certified staff complete the mandated ELL-specific professional development hours required for certification renewal.

A key feature of our plan is a dedicated weekly team professional development block. During this time, teachers collaborate to monitor and analyze the academic progress of ELL subgroups, plan targeted instruction, and adjust

interventions. This embedded time ensures ongoing, job-embedded professional learning focused on meeting the needs of MLs/ELLs.

In addition to school-based sessions, staff participate in district- and superintendency-led workshops and professional learning series focused on ELL education. These offerings provide access to expert knowledge, updated research, and best practices that support meeting CTLE requirements and enhance instructional effectiveness.

By combining structured weekly collaboration, school-based learning, and district-level workshops, our professional development plan effectively ensures all certified staff meet CTLE ELL requirements while continuously improving their ability to support the academic and social-emotional growth of MLs and ELLs.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

WHEELS uses a combination of MAP Growth (ELA and Math), WIST, Phonics for Reading, Unlock Phonics, IXL and Lexia as key screening assessments to guide instructional planning for English Language Learners (ELLs). These assessments provide valuable data on students' academic progress, language development, and skill gaps, which are critical for tailoring instruction to meet the diverse needs of our multilingual learners. The Instructional Leadership Team (ILT) plays a central role in analyzing this data. During regular data meetings, the ILT supports educators in setting instructional goals, identifying students in need of targeted interventions, and monitoring the effectiveness of strategies through ongoing progress checks. This structured use of assessment data ensures that ELLs receive differentiated instruction aligned with both their language proficiency and academic achievement levels, helping to drive equitable outcomes across grade levels and content areas.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Across all grade bands, our school implements targeted intervention programs to support ELLs in ELA, Math, and other core content areas, tailored to meet the specific needs of various ELL subgroups including Newcomers, Long-Term ELLs, Students with Interrupted Formal Education (SIFE), and ELLs with IEPs.

In elementary grades, K-5, academic support is integrated throughout the school day in all instructional blocks, allowing for frequent, embedded Tier II and Tier III literacy interventions that occur three times per week in a separate setting. These interventions focus on foundational reading skills, vocabulary development, and comprehension, delivered by trained interventionists and Bilingual staff using scaffolds such as visuals, sentence frames, and guided reading. Math support similarly occurs within daily instructional blocks, emphasizing numeracy skills with bilingual resources as needed.

In middle school, grades 6-8, ELLs receive daily enrichment sessions designed to reinforce both language development and content mastery. These sessions provide small-group, targeted instruction based on MAP and Lexia data to address individual skill gaps in ELA and Math. Supports in science and social studies include co-teaching and push-in models where ENL teachers assist with academic vocabulary and language strategies during core classes.

For high school, intervention schedules are more varied and tailored to student mandates and credit requirements. Support is delivered through a combination of pull-out sessions, credit recovery courses, and co-taught classes to ensure students meet graduation criteria. These interventions include literacy and math labs, Regents preparation classes, and college and career readiness workshops, with instruction provided in English and alternate languages when appropriate. Across all grade bands, the instructional leadership team regularly reviews assessment data to

guide intervention placement and monitor student progress, ensuring that ELLs receive differentiated, culturally responsive support aligned with their academic and language development needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

WHEELS uses a comprehensive Multi-Tiered System of Supports (MTSS) framework to guide instruction for English Language Learners (ELLs) across all grade levels. Data plays a central role in this process, with multiple sources such as MAP Growth, Lexia, NYSESLAT, formative assessments, and attendance records systematically reviewed to identify students' academic and language development needs. The Instructional Leadership Team (ILT) facilitates regular data meetings where teacher teams analyze this information to determine appropriate tiered interventions, monitor student progress, and adjust instruction accordingly. This approach ensures that ELLs receive targeted supports aligned with their proficiency levels and learning goals.

To promote consistency and effectiveness, we provide weekly ongoing professional development in six week cycles that focus on culturally responsive instructional practices and language support strategies within math, literacy, and content areas. Training includes the use of language scaffolds, differentiated questioning techniques, and integration of language objectives into content lessons, all aligned with the MTSS Guide for Multilingual Learners (MLs) and ELLs. By embedding these strategies into the MTSS framework, teachers are equipped to deliver tiered interventions that address both academic skills and language acquisition. This data-driven and collaborative model fosters a supportive learning environment that promotes equitable access and positive outcomes for all ELL students.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

WHEELS utilizes a variety of formative assessments to inform and drive instruction for ELLs across all grade levels. In grades K–2, the SKILLS (EL Curriculum) assessments are used regularly to monitor language development and literacy skills, providing detailed insights that help tailor instruction to young learners' needs. For students in grades 3–12, MAP Growth assessments in both ELA and Math serve as key tools for identifying skill gaps and tracking academic progress throughout the year. Additionally, the Acadience assessment is used primarily in the lower grades to assess reading fluency and comprehension. IXL and Lexia is also implemented school-wide as an adaptive literacy intervention platform that provides ongoing data on students' reading skills and informs targeted instructional groupings. In addition to these benchmark assessments, teacher-created assessments and other formative measures such as NYC Performance Tasks and ELL Periodic Assessments are incorporated to capture a comprehensive picture of student learning. This combination of assessments allows teachers to continuously monitor and adjust instruction, set meaningful goals, and implement interventions aligned with both language development and academic achievement.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that Multilingual Learners (MLs) and English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the year, we use several key assessments and protocols designed to provide accurate, linguistically responsive data. The NYSESLAT serves as the primary annual language proficiency assessment, measuring listening, speaking, reading, and writing skills in English while also informing instructional planning based on students' English language development levels. In addition to English assessments, we use the NWEA MAP Growth assessments, which are available in Spanish, allowing Spanish-speaking students to demonstrate their academic skills in their home language and providing teachers with valuable insights into their true content knowledge apart from English proficiency barriers.

We also use Lexia's adaptive literacy program includes resources specifically designed for ELLs, supporting foundational reading skills and offering progress monitoring that considers students' linguistic backgrounds. We implement best practices to ensure assessments are administered in students' dominant languages whenever possible, particularly during initial screening and placement, as well as during progress monitoring for newcomers and early-stage ELLs. Teachers and support staff are trained to interpret assessment data with an understanding of language acquisition stages and to use this information to differentiate instruction effectively. These practices ensure that MLs/ELLs receive equitable evaluation and support that respects and leverages their home language proficiency throughout the school year.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

WHEELS uses several summative assessments to evaluate the effectiveness of our Multilingual Learner (ML) and English Language Learner (ELL) programs and to guide instructional design and curricular decisions. The NYSESLAT is a key annual assessment that measures students' English language proficiency across listening, speaking, reading, and writing domains. This data helps us identify growth areas and target language development supports. Additionally, the MAP Growth assessments in both ELA and Math are administered three times per year, providing longitudinal data on academic progress and helping to monitor student growth over time.

For high school students, Regents exams, SATs, and AP exams serve as critical summative measures of academic achievement. Our instructional leadership team conducts detailed item analyses on these assessments to identify trends and patterns in student performance, focusing on content areas or skills where MLs/ELLs may be underperforming. This data-driven approach informs curricular adjustments, targeted intervention planning, and professional development priorities to better address the specific needs of our ML/ELL population. Utilizing the ELL Data Analysis Tool, we regularly review these summative results alongside formative data to continuously refine instruction and ensure equitable access to rigorous academic content for all learners.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our school's NYSESLAT administration plan is overseen by Principal Marelyn Pichardo and Coordinated by the ENL and Testing Coordinator Tatiana Acuna, who ensures that all ELLs from grades K–12 are tested annually in

accordance with state requirements. The process begins with a thorough review of ATS reports to identify all current ELLs and confirm that they are included on the testing roster.

To maintain consistency and accuracy, a dedicated core group of trained teachers administer and score the NYSESLAT each year. The testing Coordinator carefully assigns testing responsibilities to ensure that no teacher is tasked with testing or grading their own students, thereby upholding the integrity of the assessment process. All administration details, schedules, and guidelines are shared digitally with staff to promote transparency and accuracy throughout the testing period.

During NYSESLAT testing, the school also implements a clear plan to guarantee that both ELLs and former ELLs continue to receive mandated instruction without disruption. Instructional teams coordinate schedules to provide ongoing support in content and ENL classes despite testing activities. Following test administration, NYSESLAT results are shared with teacher teams, with explicit differentiation between current and former ELLs, along with information on accommodation entitlements. This allows for tailored instruction and interventions based on students' language proficiency levels, ensuring continuous support aligned with state mandates and student needs.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

WHEELS ensures that current and former ELLs receive all necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) when applicable, through a systematic and data-driven approach. We utilize monthly ELL updates generated from EDUR reports to closely monitor students' language proficiency levels, accommodation eligibility, and assessment participation. These reports help confirm that all mandated accommodations are documented accurately and consistently applied during testing and implemented in daily instruction when appropriate.

Additionally, the Instructional Leadership Team collaborates with testing coordinators, ENL teachers, and special education staff to verify accommodation plans and communicate requirements clearly to both students and testing personnel. Training is provided regularly to ensure staff understand how to implement accommodations appropriately and maintain compliance with state policies. This process ensures equitable access to assessments so that students can demonstrate their academic abilities without language barriers interfering with performance.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

WHEELS has developed a comprehensive plan to ensure that orientation for the English Language Learner (ELL) program is effectively communicated to parents and guardians of newly identified ELLs. This plan includes Home Language Survey at moment of enrollment, along with Parent option survey and required meetings and family communication once ELL identification process is complete.

Upon the identification of a student as an ELL, we schedule an initial orientation meeting for parents and guardians. This meeting serves to explain the ELL program, designated ELL level and includes goals, instructional strategies, and the support services available to their child. During this meeting, parents receive important information regarding their child's language proficiency levels, the instructional minutes mandated by state regulations, and how these services will be integrated into the school day. We also provide materials in the parents' native language, through translated materials or using the translation hotline or interpreters to maintain clear communication with parents and guardians.

In addition to the initial meeting, we conduct follow-up sessions throughout the school year to update families on student progress. These meetings offer families with updates on their child's progress, language progressions, opportunities to ask questions, and information on how they can support their child's language development at home.

Update families on scheduled student lead conferences and through individual progress reports if students have an IEP.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual Individual Meetings are scheduled to take place in the winter after the NYSESLAT assessments from the previous year is available and NYSITELL/SLAB assessments have been administered. This timing allows us to discuss the most current data regarding each student's language proficiency and progress across core subjects with supports in place. Parents are informed of the meeting dates through multiple channels, including letters sent home in both English and the parents' native languages, phone calls, and announcements via our school's communication platforms, DOE messenger and REMIND, as well as newsletters and the school website. We also provide reminders as the meeting dates approach to ensure attendance.

During the Annual Individual Meeting, we focus on discussing the child's progress in achieving ELL program objectives, based on data from various sources, including:

NYSESLAT Assessment Results: We review these results to assess progress across all four language modalities (listening, speaking, reading, writing).
Progress Over Time: We look at how the student's language proficiency has evolved over the years, discussing specific growth areas and ongoing challenges.
Current Language Development Needs: We identify the child's specific needs in language development across all content areas, allowing parents to understand how they can support their child at home.

To ensure effective record-keeping, we maintain attendance sheets for each meeting, which are signed by parents and staff members present. These sheets are filed in the student's educational record along with meeting notes that document the key points discussed, action items, and follow-up strategies.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To effectively communicate with families, our school utilizes the Automated Student Information System (ATS) and the Education Data Access Tool (EDAT) to gather and access information regarding the preferred languages of all families. This information is collected during student enrollment and updated as needed, allowing us to maintain accurate records of each family's language preference. By leveraging these tools, we ensure that we can tailor our communications appropriately.

Our overall plan for effective communication with parents includes various methods:

Oral Communication: We offer opportunities for in-person meetings, phone calls, and conferences in families' preferred languages. Bilingual staff members are available to assist during these interactions, ensuring clarity and understanding.

Written Communication: Important notices, newsletters, and announcements are translated into the languages spoken by our families. We prioritize timely and clear communication about school events, policies, and student progress.

Communication Platforms: We utilize platforms such as School Messenger, REMIND and Jump rope to share information in parents preferred language. These platforms allow us to send messages and alerts in multiple languages, accommodating families' preferences.

To ensure that all family-facing documents are accessible, we have a systematic process for translation. Documents are translated by parent coordinator and we review materials for cultural relevance and accuracy. This includes everything from enrollment forms to the school's website, where we aim to have essential information available in the preferred languages of our families.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

To effectively determine the needs of our community, particularly for families of Multilingual Learners (MLs) and English Language Learners (ELLs), our school employs a data-driven approach that incorporates various sources of information. This ensures that our programming is relevant and responsive to the specific needs of our families.

We also utilize the Department of Education's annual School Survey to gain insights into the broader community's sentiments. This survey allows us to analyze trends in parent satisfaction and engagement. For instance, findings from last year indicated that 60% of parents would like more opportunities to engage with teachers and staff. In addition to surveys, we conduct focus groups with parents to dive deeper into specific concerns and gather qualitative feedback. This helps us understand barriers to engagement and tailor our activities accordingly.

Based on the data collected, our school has developed a comprehensive plan for parent engagement activities throughout the school year, specifically designed to empower families of Multilingual Learners (MLs) and English

Language Learners (ELLs). This plan includes a variety of workshops and events aimed at enhancing family involvement. For instance, we will hold workshops such as "Supporting Language Development," which focuses on strategies parents can use to foster their children's language skills at home, and "Navigating the School System," an informational session that helps parents understand school policies, procedures, and available resources for ELLs.

In addition to workshops, we will organize family events, where families can share their diverse cultures, fostering a sense of community and belonging, and engage families in reading and literacy activities together. Our plan also includes monthly FTA Meetings, providing open forums for parents to discuss their concerns, provide feedback, and learn about school initiatives, with interpretation services available to ensure participation from all families. Furthermore, we will host dedicated Parent-Teacher Conferences for parents of MLs/ELLs, allowing for focused discussions on academic progress and language development.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school employs a systematic approach to determine the activities needed by our school community, particularly for families of English Language Learners (ELLs). We begin by collecting data through school-created surveys, the DOE School Survey, and focus groups. These tools help us gauge parent interests, concerns, and preferences regarding school activities and resources. For example, feedback from recent surveys indicated a strong interest in workshops focused on supporting language development and navigating school resources, guiding us in planning relevant programming.

To encourage families of ELLs to participate in governing bodies such as the Family Teachers Association (FTA) and School Leadership Team (SLT) our school actively promotes these opportunities through various channels. We communicate the importance of these roles in fostering a supportive school environment and advocate for diverse representation. Information sessions are held to explain the responsibilities and benefits of participating in these bodies, and we ensure that announcements are translated into families' preferred languages to enhance accessibility. Additionally, we reach out personally to parents, inviting them to join and emphasizing their valuable perspectives as part of the school community.

Our school also has established systems in place to facilitate parent volunteering. We maintain a volunteer database where parents can express their interests and availability. Regularly scheduled volunteer orientations inform parents about various opportunities, from assisting in classrooms to participating in special events. We also create a welcoming environment by recognizing and celebrating the contributions of volunteers, fostering a sense of belonging and community involvement. Through these efforts, we aim to empower families and ensure they have a meaningful role in our school.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school has established several culturally and linguistically responsive partnerships with community-based organizations (CBOs) and non-profit institutions that support the needs of our school community, particularly families of English Language Learners (ELLs). These partnerships are designed to provide comprehensive services that address various aspects of students’ and families’ lives.

Our school works closely with community health clinics that offer free or low-cost health services, including immunizations, dental care, and mental health support. These clinics often have bilingual staff, which helps ensure that ELL families can access the services they need without language barriers.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

WHEELS is committed to supporting Multilingual Learners (MLs) and English Language Learners (ELLs) through a comprehensive and differentiated approach across all grade levels. In kindergarten through fifth grade, we offer a Dual Language Bilingual Education (DLBE) program in Spanish, which serves both Integrated Co-Teaching (ICT) and General Education cohorts. This model promotes bilingualism and biliteracy while providing students with access to grade-level content in both English and Spanish, fostering strong academic and language development in two languages.

For students in grades 6 through 12, instruction is primarily delivered in English with targeted ENL supports integrated across ELA and other core content areas. These supports are provided in a variety of settings including ICT, General Education, and specialized 12:1 special education classes. Our ENL staff collaborate closely with content teachers to scaffold instruction, embed language objectives, and differentiate assignments to meet diverse linguistic and academic needs. Related services and accommodations are consistently implemented to ensure equitable access.

Together, these programs reflect our school's commitment to culturally responsive pedagogy and equity. By combining dual language instruction in the early grades with robust ENL supports at the secondary level, we create a coherent continuum of language development and academic achievement for all MLs and ELLs. This holistic approach, paired with data-driven decision-making and family engagement, helps us foster a supportive environment where multilingual students can thrive.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Tatiana Acuna, ELL Coordinator, Oversees the identification and support process for ELL students.

Marelyn Pichardo, Principal, Provides leadership and ensures compliance with district and federal guidelines.

Shelly October, ESL Teacher, Assesses students' English proficiency and provides language instruction.

General Education Teachers provide input on the student's academic performance in the general classroom.

Ann Glynn, School Counselor, contributes information about the student's background and support needs.

Elena Hayward, School Psychologist, May assist with interpreting assessment data or evaluating students for special services.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

In accordance with the NYC DOE Policy & Reference Guide for Multilingual Learners/English Language Learners (MLs/ELLs), our school has established a structured, year-round identification process to ensure that all incoming students, including those with Individualized Education Plans (IEPs), are properly assessed and placed in mandated English as a New Language (ENL) or bilingual instructional programs. This includes maintaining trained staff throughout the school year to conduct Home Language Identification Surveys (HLIS), administer the NYSITELL, and coordinate with teaching teams to ensure that instructional support begins immediately, even before official identification is finalized.

Upon enrollment, the HLIS is administered by the ELL Coordinator. If a language other than English is indicated, the ELL coordinator reviews the survey along with prior academic records and any IEPs. If the student qualifies for screening, the NYSITELL is administered within 10 school days by the testing coordinator or ELL team. For students with IEPs, the special education coordinator collaborates with the ELL team and the SBST (School based support team) to ensure appropriate testing accommodations are provided during the NYSITELL. Following assessment, students are placed into an appropriate ENL or bilingual program according to their English proficiency level and any required IEP supports. Parents are notified of placement in their preferred language, and student data is recorded in ATS by the data specialist.

If a student with an IEP is identified as an ELL, the IEP is amended to include ENL or bilingual instructional services, with coordination between the ENL and special education teams. To ensure ongoing support for ELLs and former ELLs, the ELL roster is reviewed monthly by the ELL coordinator to verify that all students are receiving their mandated services. Instructional schedules are developed to guarantee that ELLs receive the required minutes of stand-alone and integrated ENL instruction based on their NYSESLAT proficiency level. Former ELLs in the two-year monitoring period receive academic support and scaffolding through push-in services or interventions as needed. In addition, general education teachers receive professional development and planning support to ensure linguistically responsive instruction for ELLs across content areas. This comprehensive approach ensures that all ELLs, including those with disabilities, receive equitable and continuous access to the services they are entitled to.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Yulisa	Sanchez	Parent Coordinator - Annual		Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ADANGME	0	0.00%	1	0.08%		
ARABIC	5	0.38%	5	0.38%		
FRENCH	1	0.08%	1	0.08%		
IBO	1	0.08%	0	0.00%		
NAHUATL	1	0.08%	1	0.08%		
ENGLISH	460	35.14%	451	34.61%		
SLOVAK	0	0.00%	2	0.15%		

SPANISH	841	64.25%	842	64.62%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
DOE Notices	Parent Coordinator/ DOE messenger auto translate
School Calendar/Events	Parent Coordinator/ DOE messenger auto translate
Principal Monthly Family Memo	Parent Coordinator/ DOE messenger auto translate
Grade level notices and invitations	Parent Coordinator/ DOE messenger auto translate

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops,	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

PTCs)	
Parent workshops	live translation
Parent Teacher Conferences	1:1 translation
Grade level meetings/presentations	live translation
Discipline or Intervention Meetings	1:1 translation
IEP meetings	1:1 translation

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

DOE messenger - auto translate and document 1:1 translation

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

school-wide memo with resources and expecatiation - delivered electronically

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Posters in Office
DOE auto messenger translator
hand-held translator
DOE translation line

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

SLT and FTA meetings feedback sessions

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Increase use of auto transaltion. systems - lesser incident languages

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

50

Grades to be served in this program. Select all that apply.

,6,7,8,9,10,11,12,5,4,3,2,1

Total number of teachers in this program:

12

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

6

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

6

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

For SY 25-26, WHEELS will implement a targeted Title III ELL-funded after-school intervention program designed to support ELLs in mastering grade-level standards. This program takes place two times per week for 70 minutes (2:50-4:00) per session over six-week cycles following the regular school day. During these sessions, ELL students engage in intensive literacy and language development activities, including guided reading, vocabulary building, and reading comprehension exercises, utilizing research-based intervention manuals and technology such as laptops to personalize learning. Sessions will take place after school.
Over the course of the year student will have 30 sessions.

Students are grouped based on assessment data and language proficiency levels into a total of eight groups, each consisting of approximately 8 to 10 ELLs, ensuring small-group instruction that allows for targeted support. Instruction is delivered primarily through a team teaching model, leveraging the expertise of eight teachers, six of whom hold ENL or bilingual extensions, to provide differentiated scaffolds and language support within the intervention.

The program is supervised by a designated coordinator whose supervision hours are funded through Title III ELL. This supervisor works a regular school day of 8:20 a.m. to 2:40 p.m. and receives additional compensation for overseeing the after-school sessions, ensuring fidelity to the program design, managing materials, and facilitating ongoing professional development for staff. The superviser will be paid per session from 2:50-4:00pm. This structure enables consistent, focused support that is aligned with students' linguistic and academic needs, fostering measurable growth in language proficiency and content mastery.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Title III ELL-funded after-school intervention program is grounded in both qualitative and quantitative data that highlight the critical need to support ELLs in achieving mastery of grade-level standards and to reduce disproportionality in academic outcomes. According to the most recent NYSESLAT data, a significant amount of ELL students are classified as Entering or Emerging, indicating they are at the earliest stages of English language acquisition and require intensive language support. Additionally, about 20% of ELLs are in the Transitioning phase, demonstrating intermediate proficiency but still needing targeted instructional interventions to access grade-level content effectively. The remaining 51% are in the Expanding phase, working towards full language proficiency while continuing to develop academic language and literacy skills, specifically in writing and reading comprehension.

These data, drawn from NYSESLAT results, alongside formative and summative assessments such as MAP Growth scores and classroom performance data, justify the implementation of a focused after-school program that offers frequent, small-group, research-based literacy interventions. Qualitative observations from teachers and ENL specialists further underscore the need for structured, consistent support outside the regular school day to address persistent gaps in language development and academic achievement. By providing targeted instruction three times weekly over six-week cycles, the program aims to accelerate language acquisition, improve reading comprehension, and ultimately increase the number of ELLs meeting grade-level standards.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III ELL-funded after-school intervention program will serve a total of approximately 50 ELL students across grades 1 through 12. These students are primarily drawn from subgroups that require intensified support, with a particular focus on ELLs with IEPs to ensure their specialized academic and language needs are met. The program targets students across multiple English proficiency levels, including those classified as Entering, Emerging, and Transitioning on the NYSESLAT, providing differentiated instruction tailored to each group's language development stage. By focusing on these subgroups, the program aims to close achievement gaps, support IEP goals, and promote equitable access to grade-level standards for ELLs throughout the school.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III ELL-funded after-school intervention program will run in three distinct six-week cycles throughout the school year to provide consistent and ongoing support for ELL students. The program will operate during the following periods: November through January, January through February, and March through April. Each cycle

consists of approximately 10-12 sessions, with sessions held two times per week after school. Each session will last 70 minutes, providing focused, small-group instruction designed to reinforce language development and academic skills. This schedule allows for sustained intervention while accommodating students' other academic and extracurricular commitments.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for the Title III ELL-funded after-school intervention program is English, focusing on building students' English language proficiency alongside grade-level academic skills. While instruction is primarily delivered in English to support language acquisition, home language support is provided informally through bilingual staff when possible, particularly for Spanish-speaking students, to clarify concepts and scaffold understanding. Additionally, materials such as glossaries and translated resources may be used to reinforce learning and bridge language gaps. This approach ensures that students receive targeted English instruction while benefiting from culturally and linguistically responsive supports that honor their home languages.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Title III ELL-funded after-school intervention program is staffed by eight certified teachers, six of whom hold both bilingual and special education (SPED) licenses. This ensures that instruction is delivered by educators with expertise in English language acquisition, bilingual education, and special education, enabling them to effectively address the varied academic and linguistic needs of our ELL students, including those with IEPs.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For the Title III ELL-funded after-school intervention program, a variety of materials will be utilized to support effective instruction. These include instructional supplies, leveled reading books, fieldwork resources, and educational software memberships such as Lexia Core5 Reading, Lexia ENL, Lexia Power-up and IXL . The main supplemental materials consist of reading intervention manuals and digital tools that personalize literacy instruction. Purchased materials will be securely stored in the school's instructional resource room, which is accessible to program teachers and coordinators.
Title III funds will only be used for materials at a cap of 20% ($4,191). All other material needs will be covered by Non - Title III funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The school will notify parents via letters and virtual messaging.
School will ensure that parent notifications are in preferred language by use of DOE messenger with translation option for parent language choice.
The school will keep a binder with parent letters/ attendance records for after school/ teacher programs with certifications/ teacher PD and general overviews of program activities and content/ record of purchases. This binder will be updated by the assigned ENL coordinator.
Teachers are required to take attendance for all after school sessions to submit with per-session payroll sheets. Supervisors monitors to ensure session completion and attendance tracked.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

For the 2025–2026 school year, our Title III ELL professional development plan will continue to be led by the Instructional Leadership Team (ILT), featuring dedicated literacy and math tracks designed to accelerate growth for ELLs and Former ELLs, including those with disabilities. Professional development will focus on deep analysis of benchmark and formative data, such as ELA and Math MAP assessments, with an initial data review scheduled for October 2025. Throughout the year, grade-band teams will engage in ongoing six-week cycles of student work analysis to monitor progress and refine instructional practices.

Regular collaborative sessions will be held in December 2025, February, March, May, and June 2026 to share results and effective strategies that support language development and math proficiency for ELL students. Targeted professional development on instructional supports for ELLs with disabilities, aligned with IEP goals, will be provided by our special education coordinator in November 2025 and followed up in February 2026.

The professional development calendar is organized into four cycles: Cycle 1 (Social-Emotional Learning focus) from mid-September to mid-October, with data check-ins early September and late October; Cycle 2 (Literacy for grades 3–12 and Math for K–2) from late October through mid-January; Cycle 3 from late February to early April; and Cycle 4 from mid-May to early June. Title III ELL funds will support this professional development to meet the academic and linguistic needs of our MLs/ELLs throughout the school year.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development planned for the 2025–2026 school year is grounded in both qualitative and quantitative data analyses that reveal persistent gaps in academic achievement and language development among our MLs/ELLs. Most recently, NYSESLAT results indicate that a significant portion of ELL students remain in the Entering, Emerging, and Transitioning proficiency levels, highlighting the ongoing need for targeted instructional strategies that accelerate English language acquisition while building content knowledge. Additionally, MAP Growth data and formative assessment trends show variability in student progress across literacy and math, with certain subgroups, including ELLs with disabilities, demonstrating slower growth rates.

Qualitative data from teacher surveys and classroom observation feedback further emphasize the need for focused professional development. Teachers report challenges in consistently implementing language scaffolds and integrating language objectives effectively into content instruction, particularly in math and literacy classes. Survey responses also indicate a desire for more collaborative, data-driven planning time and enhanced strategies to support diverse linguistic profiles within their classrooms.

These data sources collectively justify a professional development plan that centers on data analysis skills, differentiated instruction, and culturally responsive practices tailored to ELLs. By equipping teachers with the tools to analyze benchmark and formative data, design targeted interventions, and foster rich language and academic discussions, the PD aims to close achievement gaps and promote equitable access to rigorous content for all multilingual learners.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Professional development sessions under the Title III ELL program are designed to include all teaching staff who work with ELLs, ensuring comprehensive and ongoing support for educators across the school. This includes bilingual educators, teachers with bilingual and special education (SPED) licenses, general education teachers, ENL specialists, and related service providers who participate directly in Title III-funded programs or support ELL instruction in their classrooms. The professional development fosters a shared understanding of best practices in language acquisition, differentiated instruction, and data-driven intervention.

PD sessions will be offered weekly throughout the school year, aligned with the school's professional learning calendar, to build teacher capacity in analyzing assessment data, designing targeted interventions, and implementing culturally responsive strategies that support multilingual learners' academic growth. This inclusive approach ensures consistency in instructional practices and collaborative planning among all staff involved in serving ELLs, strengthening the overall effectiveness of the Title III program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**

- **Days of sessions, and**
- **Time and duration of sessions.**

The Title III ELL professional development for the 2025–2026 school year is structured around four instructional cycles, with sessions held once per week for 1 hour. Each cycle is designed to build teacher capacity in supporting ELLs through data-driven, targeted instruction aligned with student needs. Below is the schedule and duration of each professional development activity:

Cycle 1: SEL Focused

Start–End Dates: September 15 – October 13, 2025

Total Sessions: 6 sessions

Day of Sessions: Mondays

Time/Duration: 1 hour per session

Additional Data Check-ins: September 8 and October 20

Cycle 2: Literacy (Grades K–12) & Math and Specials

Start–End Dates: October 2025 – December 2025

Total Sessions: 6 sessions

Day of Sessions: Mondays

Time/Duration: 1 hour per session

Cycle 3: Instructional Support for ELLs with Disabilities and Progress Monitoring

Start–End Dates: February – April 2026

Total Sessions: 6 sessions

Day of Sessions: Mondays

Time/Duration: 1 hour per session

Cycle 4: Data-Driven Planning and Sharing Best Practices

Start–End Dates: May – June 2026

Total Sessions: 3 sessions

Day of Sessions: Mondays

Time/Duration: 1 hour per session

Each session will include grade-band-specific activities, such as analysis of MAP Growth data, student work protocols, instructional planning aligned to NYSESLAT levels, and strategies for integrating language supports in both literacy and math instruction.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

For the 2025–2026 school year, the Title III ELL professional development activities will cover a range of targeted topics designed to support the academic and social-emotional growth of ELLs and ensure high-quality, inclusive instruction. The topics for each cycle are as follows:

Cycle 1: Social-Emotional Learning (SEL) – September to October 2025
Topics Covered:

Building a Strong Crew Culture: Strategies for fostering inclusive, trust-based learning environments where ELLs feel safe, valued, and supported.

Teaching DBT (Dialectical Behavior Therapy) Skills: Practical tools to support student mindfulness, emotion regulation, and self-awareness—especially for ELLs with trauma or adjusting to a new cultural context.

Authentic Teaching for Identity Development: Methods for empowering students through culturally responsive teaching and affirming multilingual and multicultural identities.

Cycle 2: Literacy (Grades K–12), Math and Specials– October 2025 to January 2026
Topics Covered:

Explicit Literacy Skills Instruction: Best practices for teaching phonics, fluency, vocabulary, and comprehension with language scaffolds embedded for ELLs.

Lesson Planning with Language Objectives: Aligning content and language goals to support reading and writing development.

Math Curriculum Planning and Implementation: Strategies for helping ELLs access rigorous math content, including academic language supports, use of visuals and manipulatives, and real-world application tasks.

Cycle 3: ELLs with Disabilities and Data-Driven Instruction – February to April 2026
Topics Covered:

Providing Targeted Instruction for ELLs with IEPs: Aligning interventions and instructional strategies with students' IEP goals and language proficiency levels.

Using Formative and Benchmark Data to Adjust Instruction: Interpreting MAP and classroom assessment data to refine instructional practices and groupings.

Co-Teaching and Collaborative Planning Models: Strengthening integrated supports across content and ENL instruction.

Cycle 4: Sharing Best Practices and Reflection – May to June 2026
Topics Covered:

Sharing Results from Six-Week Cycles: Teacher-led presentations on successful strategies and student growth across content areas.

Developing Schoolwide Tools for ELL Success: Building common language support practices across grade bands.

Planning for the 2026–2027 School Year: Using reflection and data trends to inform next steps in instruction and professional learning.

These topics are strategically selected to address the academic, emotional, and cultural needs of ELLs while building teacher capacity through practical, collaborative, and data-driven professional learning experiences.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

For the 2025–2026 school year, the following providers will deliver Title III ELL professional development activities to support instructional effectiveness and student achievement for ELLs:

Morningside Center for Teaching Social Responsibility and EL Education
Title: SEL Professional Development Provider and Crew Curriculum
Role: Facilitates SEL-focused sessions including "Building a Strong Crew Culture," teaching DBT skills, and supporting identity development for multilingual learners.

EL Education
Title: Literacy & Instructional Planning Consultant
Role: Leads PD on explicit literacy skills, lesson planning aligned to EL curriculum, and integrating language objectives into core instruction for grades K–12.

Eduquate
Title: Math & Differentiated Instruction Professional Development Provider
Role: Delivers professional learning sessions on math curriculum implementation for grades K–5, differentiation strategies for multilingual learners, and supports for ELLs with IEPs.

Each provider is selected for their expertise in supporting multilingual learners through evidence-based practices that align with the goals of the Title III ELL program.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

To ensure compliance and accountability, our school will maintain thorough documentation of all professional development activities conducted under the Title III ELL plan. For every session, professional development sign-in sheets and attendance records will be collected and stored by the program coordinator.

Additionally, we will maintain detailed agendas, presentation materials, and session summaries for each training, clearly identifying which activities were funded by Title III ELL funds. This includes all sessions led by external providers such as Morningside, EL Education, and Eduquate, as well as any per-session activities compensated through Title III allocations. Documentation will be reviewed periodically to ensure alignment with Title III goals and to support end-of-year reflections.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

While we invite parents and families to all WHEELS workshops on student needs, we do not seek to use Title III money toward this end.

In addition to the parent orientation and ELL identification process parent involvement of our ELL population continues throughout the year in many different ways.

Parent involvement at WHEELS specifically with Ells is organized to ensure we are informing the parents of the success, concerns and plans for their student as an Ell. The students also lead a Student Led Conference in which they present their work to their parents and reflect on how they are learning in all of their classes.

All Ells have a crew advisor (teacher) who is in constant communication as needed with the parent/guardian in regards to behavior, academic and language progress. We offer information sessions regarding the schools culture, progress, and continuity of services at the beginning of the school year. We are in consistent communication with the families of ELL students to keep them informed of student progress and give parents opportunities to ask questions and offer information about their children. The needs of the parents are evaluated by having one to one meetings with parents as needed. In addition meetings that are organized by the Ms. Sanchez, the parent coordinator that focuses on specific issues important to parents of Ells. Each parent has a crew advisor for their child, which is the primary contact for any immediate issues and concerns. In addition each grade has a crew leader, which is dedicated to the families needs on grade level. Grades K-6, 7-9, 10-12 all have an assigned guidance counselor and the upper grades has access to a college access office with dedicated college and alumni counselors.

Parents also participate in different learning celebrations that happen as our students participate in Expedition Learning projects. In addition we hold three Student Led Conferences in the school year in which students themselves speak to their parents about the specific learning targets they are engaged in , in all subject classes. In addition students also speak about their HOWLS (Habits of work and learning) and specifically identify which habits they have mastered and which habits they need to work on. Lastly each trimester in Student Led Conferences parents, teachers and students set goals and a plan to achieve these goals. Student Led conferences happen before report card grades are due which gives families and teachers an opportunity to discuss any specific goals or interventions that need to take place to make sure the students have success in their classes.

Additionally, in our elementary grades (newest created portion of the school) parental involvement has been an integral part of the successful launch of our elementary school. Parents have been included and involved with Community Circles. Each week, the whole elementary school will meet together in a shared space from 8:50 am to 9:20 am. Classes will take turns planning and running these meetings. Each meeting may include activities such as a greeting, sing-along, sharing of student work (including performances), public appreciations, structured conversation (i.e. reflection on a quote or reading), announcements, and/or service learning updates. Family members will be invited to community meetings as a way to strengthen our community and share school activities with families. Other family activities will include family potlucks, family welcome dinners, orientations, home visits and volunteer opportunities in an effort to engage all families, including the families of ELLs, in the school community.

Lastly, The Family and Teachers Association (FTA) is an active collective working to improve our school community. The FTA will work to raise additional funds for the school, specifically for arts enrichment programs, parent workshops, and family nights.
The FTA and school will plan regular family nights (monthly), which will include fun activities for the entire community and provide information about curriculum.

All parent notification of events, meetings etc. happens via electronic messaging (REMIND & JUMPROPE) which provide translated notices. In person translation is used regularly to welcome and engage all members of the school community,

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The rationale for the family engagement activities planned under the Title III ELL program for the 2025–2026 school year is grounded in both quantitative and qualitative data that highlight the need for ongoing communication, academic support, and culturally responsive engagement with families of ELLs.

According to Parent Options data and recent data, a significant portion of families expressed the need for better understanding of their children's English language development and academic progress. Specifically, feedback indicated that parents wanted more frequent updates, guidance on how to support learning at home, and workshops in their preferred languages. These needs were reconfirmed through the family surveys and feedback from FTA meetings, where parents requested sessions that clarify assessment results (e.g., NYSESLAT, MAP), explain instructional programs (e.g., DLBE, ENL supports), and provide tools to navigate the school system and support academic success.

In response, family engagement sessions will be offered during evening and weekend hours to accommodate working families, and interpreters or translated materials will be provided to ensure equitable access. The planned workshops are directly aligned to families' expressed needs, and aim to empower them as partners in their children's education by increasing awareness of language development benchmarks, academic expectations, and available resources.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

For the 2025–2026 school year, the Title III ELL family engagement activities will follow a consistent schedule to provide families of ELLs with accessible, relevant, and language-supportive programming throughout the year. The details are as follows:

Family Title I/Title III Advisory (FTA) Monthly Meetings
Start–End Dates: September 2025 – June 2026

Total Number of Sessions: 10 sessions (one per month)

Days of Sessions: Typically held on weekday evenings, coordinated with PTA/PA calendars

Time and Duration: Times may vary based on family participation either mornings, 8:30-10:00 or evenings 5:00-6:30 pm (1.5 hours per session)

Purpose: These monthly meetings provide families with updates on programs, academic supports, student progress, and Title III initiatives. Sessions will include interpretation services and multilingual materials.

Student-Led Conferences (SLCs)
Dates: November 2025, February 2026, and May 2026

Total Number of Sessions: 3

Days of Sessions: Scheduled on designated parent-teacher conference days

Time and Duration: Scheduled in blocks throughout the school day and into the early evening (typically 8:20 AM – 7:00 PM depending on family availability)

Purpose: Present academic progress to families with the support of bilingual educators. These conferences help build family-student-school connections and include translated student work and NYSESLAT/MAP explanations.

This schedule is designed to support consistent, meaningful family engagement throughout the academic year, with flexibility for working parents and accessibility for multilingual households.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

For the 2025–2026 school year, the Title III ELL family engagement activities will focus on key topics aligned to the needs and priorities of families of Multilingual Learners (MLs) and English Language Learners (ELLs). The topics for each activity are as follows:

Family Title I/Title III Advisory (FTA) Monthly Meetings
Topics to Be Covered:

Understanding NYSESLAT and MAP assessment results and what they mean for student progress

How to support language development and academic success at home

Overview of program models and instructional supports

Rights and services available to ELLs and Former ELLs

Accessing school-based and community resources (e.g., tutoring, translation services, technology assistance)

Building home-school partnerships and advocating for multilingual learners

Culturally responsive family engagement strategies

Updates on schoolwide data and instructional programs serving ELLs

Student-Led Conferences (SLCs)
Topics to Be Covered:

Student academic progress in literacy, math, and content areas

Student self-assessment and language development reflection

Review of student work and goals tied to NYSESLAT and classroom benchmarks

Guidance for families on how to support learning at home

Distribution and explanation of family-friendly progress reports and language supports

Opportunity to connect families with ENL and bilingual educators for individualized support

These topics are directly informed by parent feedback and student data, and are designed to empower families as active participants in their children's educational journey.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

For the 2025–2026 school year, the Title III ELL family engagement activities will be facilitated collaboratively by school staff and family leaders, ensuring that sessions are both community-centered and aligned with program

goals. The providers for each activity are:

Family Title I/Title III Advisory (FTA) Monthly Meetings

FTA Parent Leaders – serve as co-facilitators, providing peer-led insight and culturally responsive outreach

WHEELS Bilingual ENL Team – includes ENL Coordinator, Parent Coordinator, and Bilingual Instructional Coach, responsible for content planning and facilitation

School Support Staff – including counselors and social workers, provide resource information and assist with Q&A sessions

Student-Led Conferences (SLCs)

Classroom Teachers and ENL Teachers – lead conferences and support students in presenting their academic progress

WHEELS Administration and Instructional Leadership Team – support translation services and logistics

Parent Coordinator – manages outreach, scheduling, and ensures availability of interpreters and translated materials

These providers ensure that family engagement activities are inclusive, linguistically accessible, and aligned with the academic and social-emotional development of ELL students.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

For the 2025–2026 school year, our school is committed to ensuring that all families of Multilingual Learners (MLs) and English Language Learners (ELLs) are fully informed and able to participate in Title III ELL family engagement activities through accessible, multilingual communication.

Notification of Activities:
Families will be notified of all events via electronic messaging platforms such as DOE messenger, REMIND and JUMPROPE, which allow for timely and reliable communication. These platforms automatically translate messages into families' preferred languages based on their selected settings, ensuring inclusive outreach.

Translation of Notifications:
All digital and printed announcements (flyers, newsletters, schedules) will be translated into the home languages of families, including Spanish, the school's most commonly spoken language. Translation of materials will be reviewed for clarity and distributed in advance of each event to maximize attendance and engagement.

Interpretation Supports at Events:

During all family engagement activities, in-person interpretation will be provided to support real-time communication and ensure families feel welcomed and informed. Bilingual staff members and trained interpreters will be available for Spanish-speaking families, and additional language support will be arranged as needed to accommodate other language groups. Interpretation services will be embedded into event planning to promote equitable participation for all members of the school community.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

To ensure accountability and compliance with Title III ELL requirements, our school will maintain thorough documentation of all family engagement activities and communications for the 2025–2026 school year.

Documentation of Family Engagement Activities:
For each family engagement event (e.g., FTA meetings, Student-Led Conferences), we will collect and archive the following:

Sign-in sheets to track family attendance

Printed and digital agendas outlining topics covered

Presentation materials or handouts used during sessions

Translated versions of materials shared with families

These documents will be securely stored both digitally in a shared drive maintained by the Parent Coordinator.

Documentation of Family Notifications:
All notifications sent to families will be archived as digital logs showing dates, content, and the language in which they were sent. Copies of printed flyers or newsletters will also be kept, along with documentation of the languages used in translations.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):
