Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Sheridan Academy For Young Leaders

District Borough Number (DBN):

09X457

Grades Served:

3K-5

School Address:

1116 Sheridan Ave, The Bronx, NY 10456

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Lisette Febus	Principal or Designee*	
Laura Silberman	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Asia Fournier	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Jacqueline Vargas	District Council 37 (DC 37) Representative (staff), if applicable	
Ariane Sumpay	Title I Parent Advisory Council Chairperson (or alternate)	
NA	Student Representative (Required for middle and high schools)	
NA	Student Representative (Required for middle and high schools)	
Judith Mercedes	CBO Representative, if applicable	
Isidora Hernandez	Teacher	
Tina Hess	Teacher	
Jannen Garcia	Teacher	
Laura Silberman	Teacher	
Tessa StMarthe	Parent	
Isamar Vargas	Parent	
	Parent	
	Parent	
	Teacher	
	Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our MISSION is to Learn today to lead tomorrow! Our VISION is that through cultivated love, acceptance, and joy our Young Leaders will work collaboratively to empower each other to think independently, by being responsible community members, and leading new generations to success.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Sheridan Academy for Young Leaders (S.A.Y.L.) is a community elementary school located in the Morrisania section of the Bronx serving students in grades 3K-5 . S.A.Y.L. currently serves 412 students where 26% are Students With Disabilities, 27% are Multilingual Learners, and 15% are in Students in Temporary Housing.

Our Priority Focus: By enhancing teachers' and support staff's understanding of literacy grounded in the science of reading—through coaching, targeted professional development, classroom inter-visitations, and Professional Learning Communities—school leaders will empower educators to implement literacy curricula that develop foundational skills, increase student engagement, and foster independence both in school and in the community.

SAYL has a key partnership with New York Edge. New York Edge is a major provider within the NYC Community Schools initiative, which aims to create a supportive environment for students by integrating services like health, wellness, and social services.

Briefly summarize the key initiatives your school will implement this school year.

S.A.Y.L will focus on Explicit and Systematic Instruction by implementing UFLI Foundations in all K-2 classroom. UFLI Foundations emphasizes explicit and systematic instruction in foundational reading skills. This means that skills are taught directly and in a logical, sequential order. UFLI is heavily grounded in research and evidence-based practices for teaching reading. It draws on insights from various fields, including education, psychology, linguistics, neuroscience, and educational research.
UFLI Foundations aims to build a comprehensive set of foundational reading skills, including phonemic awareness, phonics, decoding, encoding (spelling), and automaticity.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Into Reading (ELA)	K-5	Digital and Print	N/A
Creative Curriculum (ELA & Math)	Pre-K and 3K	Digital and Print	N/A
UFLI Foundations (ELA)	K-2	Digital and Print	N/A
Envision (Math)	K-5	Digital and Print	N/A

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
EOY ACADIENCE Grades K-2 June 2025 54 students well below benchmark (45%) 18 students below benchmark (15%) 22 students at benchmark (8%) 26 students at above benchmark (11%)	A substantial number of students in Grades K–2 are not mastering essential foundational literacy skills—such as phonemic awareness, decoding, and reading fluency. Curricular adjustments disrupted the delivery of explicit, systematic, and intensive early reading instruction. Additionally, the postponement of core academic instruction until mid-October across Grades K–5, in favor of a schoolwide focus on social-emotional learning	Students require clear, structured, and engaging instruction in foundational reading that is explicit, systematic, intensive, and multi-sensory—delivered consistently every school day. To address existing learning gaps, academic instruction in foundational reading will begin on September 8th, ensuring

	(SEL), further widened existing instructional gaps.	an early and focused start to literacy development.
2025 NYS ELA Exams Grades 3-5 45 students performed at Level 1 well below standard (29%) 61 students performed at Level 2 partially proficient (39%) 40 students performed at Level 3 proficient (26%) 11 students performed at Level 4 exceeds proficiency (7%) % Level 1 decreased from 50.0% to 28.7% ? -21.3 pts % Level 2 increased from 31.2% to 38.9%.? +7.7 pts % Level 3 improved from 16.9% to 25.5% ?+8.6 pts % Level 4 from 1.9% to 7.0%. ? +5.1 pts Combined % Level 3+4 increased from 18.8% to 32.5%.? +13.7 pts	Across all grades, the X457 demonstrated a clear upward trajectory in ELA academic performance in grades 3-5, with fewer students at the lowest level and more achieving proficiency or higher as evidenced by 2025 data trends. Protocols such as Close Reading were proven successful in increasing student outcomes.	Continue to strengthen reading comprehension in Grades 3–5 through by ensuring all students have access to grade level texts where instruction integrates vocabulary development and text-based written analysis, and student discussion.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	41%	By June, 2026, literacy for All Students will improve, as measured by a 19 Increase, from 41% to 60%, of number of grade K to 2 students performing at or above benchmark on the Acadience.
All Students	18.8	By June, 2026, literacy for All Students will improve, as measured by a 13.7 Increase, from 18.8 to 32.5, of percentage of students scoring at or above proficiency on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

A Multi-Tiered System of Supports (MTSS) ensures that all students receive instruction and interventions matched to their needs—whether they are struggling, on track, or excelling.

Tier 1: High-Quality Core Instruction
Use evidence-based, explicit, and systematic literacy instruction aligned with the science of reading.
Incorporate daily phonics, fluency, vocabulary, and comprehension practice.
Provide professional development for teachers to strengthen instructional delivery.
Tier 2: Targeted Small Group Interventions
Identify students below benchmark using screening and progress monitoring tools (e.g., Acadience).
Deliver focused interventions in small groups, 3–5 times per week, targeting specific skill gaps.
Tier 3: Intensive Individualized Support
Provide one-on-one or very small group instruction for students significantly below grade level.
Use diagnostic assessments to tailor instruction and monitor progress closely.

Root Cause Addressed:

Ensuring High-Quality Core Instruction (Tier 1)

All students receive explicit, systematic instruction in phonemic awareness, phonics, fluency, vocabulary, and comprehension.
Instruction is aligned with the science of reading, directly targeting the foundational gaps identified in early grades.
Providing Early Identification and Intervention (Tiers 2 & 3)

Students who are struggling are identified early using screening and progress monitoring tools (e.g., Acadience).
They receive targeted, intensive support before gaps widen and affect later reading comprehension.
Building Teacher Capacity

Teachers receive ongoing professional development in evidence-based literacy practices, ensuring consistent, high-quality instruction across classrooms.
Engaging Families and Communities

Families are equipped to support reading at home, reinforcing skills taught in school and creating a literacy-rich environment beyond the classroom.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning revolving Tiered instruction on all levels
Professional Learning on ELL resources
Professional Learning tier one explicit instruction
High Impact Tutoring Sessions

Key Strategy 2 (Optional):

Data-driven analysis and decision-making to inform instructional delivery.

Root Cause Addressed:

Teachers are not yet consistently using data to identify root causes of reading deficits or to plan targeted, differentiated instruction that addresses phonics, comprehension, vocabulary, and evidence-based writing needs. While teachers collect assessment data, the analysis, progress monitoring, and instructional application of that data remain inconsistent, limiting the school's ability to close gaps and accelerate growth.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate data inquiry cycles in grade-level and MTSS meetings using i-Ready, and Acadience data to identify specific phonics, comprehension, and vocabulary deficits and determine instructional next steps.
Provide targeted professional learning for teachers on analyzing multiple data sources (i-Ready and Acadience) and

translating data into differentiated small-group literacy instruction.
Implement weekly and bi-weekly progress monitoring to track student growth in foundational skills and reading comprehension, ensuring teachers adjust instruction based on data trends.
Use walkthroughs to provide feedback on how effectively teachers are using student data to guide instruction and to monitor the impact of data-driven practices on student outcomes.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The school will utilize the MTSS Team and grade-level data cycles as the primary structures to monitor the implementation of data-driven instruction aimed at addressing phonics, reading comprehension, and vocabulary gaps. The MTSS Team will meet bi-weekly with grade teams to review i-Ready and Acadience, identify trends, and make instructional and intervention adjustments. These meetings will ensure that instructional decisions are directly informed by ongoing analysis of student performance and progress-monitoring data.
Targeted walkthroughs will be used to observe classroom implementation of data-informed instruction. Coaches and administrators will provide feedback aligned to key instructional look-fors, including explicit phonics instruction, integration of learning intentions and success criteria, and differentiated small-group instruction. Lesson plans and small-group plans will also be reviewed to ensure teachers are using data to plan and deliver instruction that meets the diverse needs of learners, especially multilingual learners and students with disabilities.
Teachers will engage in consistent progress monitoring using tools such as i-Ready Growth Monitoring, Acadience assessments and formative comprehension checks. These measures will help teachers track individual and group progress, assess the effectiveness of instructional adjustments, and make timely changes to intervention strategies. Data collection and tracking will be embedded into classroom routines and team meetings to strengthen accountability and instructional responsiveness.
The MTSS Team will analyze schoolwide data each marking period to evaluate implementation fidelity, measure growth, and identify areas needing additional support or professional learning. Evidence such as i-Ready and Acadience reports, lesson plans, student work, and walkthrough data will inform progress toward goals. The expected impact includes measurable growth in reading comprehension and vocabulary outcomes, an increase in students meeting or exceeding grade-level benchmarks, and improved teacher practice as reflected in Advance components 1e, 3b, and 3c.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/20/2026	Literacy Nights & Family Workshops Host regular events where families learn strategies to support reading at home that include interactive activities such as like read-alouds, phonics games, and book giveaways.	
09/08/2025	06/20/2026	Home Literacy Supports Provide take-home materials (books, flashcards, phonics games) aligned with classroom instruction. Include workshops and guidance for parents on how to use them effectively.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Literacy interventionists and reading specialists to provide Tier 2 and Tier 3 support. Classroom teachers trained in the science of reading and structured literacy practices. Instructional coaches to support implementation and monitor fidelity. Parent coordinator to lead outreach and literacy events.

Instructional Resources

Evidence-based literacy curriculum: UFLI Foundations. Diagnostic and progress monitoring tools (e.g., Acadience, i-Ready). Decodable texts and phonics-based materials. Professional development modules and coaching cycles focused on foundational reading skills.

Schedule Adjustments

Dedicated intervention blocks built into the daily schedule for small group instruction. Weekly common planning time for teachers to analyze data and plan targeted instruction. Time allocated for professional learning communities (PLCs) and coaching sessions.

Other Resources Needed

Funding for curriculum materials and assessment tools. Technology to support digital literacy tools and data tracking. Translation services and multilingual materials to support family engagement. Community partnerships to provide books, volunteers, and literacy event support.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
There were 26 infractions reported in OORS during the 2024- 2025 school year. There were 59 infractions reported in OORS during the 2023-2024 school year.	While the number of infractions reported in OORS decreased significantly from 59 to 26 over the past year, the remaining incidents suggest that some students may still lack consistent access to proactive behavioral supports and social-emotional learning strategies. This may be due to uneven implementation of SEL practices, limited staff training in restorative approaches, or inconsistent behavior expectations across classrooms.	There is a need to continue to strengthen and sustain schoolwide implementation of social-emotional learning and restorative practices to ensure all students receive consistent behavioral support and to further reduce disciplinary incidents.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	26 occurrences	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in A decrease in student infractions from 26 occurrences to 24 occurrences, per the Online Occurrence Reporting System(OORS) .

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strategy 1: Implement Harmony SEL Curriculum Modules
Professional Learning:

Facilitate monthly professional development sessions focused on Harmony SEL modules, emphasizing strategies for embedding CRSE and trauma-informed practices.
Provide targeted coaching and modeling for teachers on integrating Harmony lessons into daily instruction.
Host peer-led learning labs where teachers can share best practices and reflect on implementation.

Student-Facing Activities:

Integrate Harmony SEL lessons into weekly classroom schedules across all grade levels.
Use Harmony's relationship-building activities (e.g., Meet Up and Buddy Up) to foster inclusive classroom communities.
Collect student feedback on SEL lessons to inform instructional adjustments.

Root Cause Addressed:

There is a need for additional professional learning for teachers and staff around the SEL framework and the DESSA screener, to foster positive outcomes and build an equitable school environment where Culturally Responsive-Sustaining Education (CRSE) is embedded daily.
Provide targeted coaching and modeling for teachers on integrating Harmony lessons into daily instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate monthly professional development sessions focused on Harmony SEL modules, emphasizing strategies for embedding CRSE and trauma-informed practices.
Provide targeted coaching and modeling for teachers on integrating Harmony lessons into daily instruction.
Host peer-led learning labs where teachers can share best practices and reflect on implementation.
Integrate Harmony SEL lessons into weekly classroom schedules across all grade levels.
Use Harmony's relationship-building activities (e.g., Meet Up and Buddy Up) to foster inclusive classroom communities. Collect student feedback on SEL lessons to inform instructional adjustments.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

SEL Leadership Team Meetings (Monthly)

Review implementation progress of Harmony SEL strategies.
Analyze data trends and adjust action steps as needed.
Instructional Walkthroughs and Learning Walks

Focused on SEL integration, classroom climate, and use of Harmony strategies.
Use a common rubric or checklist aligned to Harmony and expectations.
Professional Learning Communities (PLCs)

Teachers reflect on SEL implementation.
Share student work, behavior data, and instructional strategies.
Student Support Team (SST) Reviews

Use OORS data to identify students needing additional support.
Monitor Tier 2 and Tier 3 interventions.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	06/16/2026	Organize community circles and family forums to gather feedback and build shared understanding of schoolwide SEL goals.	
	06/15/2026	Partner with local mental health organizations to provide family workshops on emotional wellness and trauma-informed parenting.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Harmony SEL curriculum teacher leads. Parent coordinator to support family engagement Community-based organization (CBO) liaisons

Instructional Resources

Harmony SEL curriculum and digital platform

Schedule Adjustments

Harmony SEL curriculum and digital platform

Other Resources Needed

Printing and materials for newsletters, flyers, and SEL visuals

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 NYS Math Exam 19% (30 students) performed at Level 1 well below standard 39% (61 students) performed at Level 2 partially proficient 38% (60 students) performed at Level 3 proficient 4% (8 students) performed at Level 4 exceeds proficiency 42% (67 students) met proficiency on the NYS Math Exam.	Students need consistent exposure to and guided practice with multi-step word problems. Instruction often underemphasizes problem comprehension, identifying relevant information, and selecting appropriate operations. Daily access to structured routines—such as a daily "Problem of the Day" grounded in the 5 Practices (anticipating, monitoring, selecting, sequencing, and connecting)—will increase opportunities for explicit modeling, scaffolding, and productive mathematical discourse. The delayed start of core academic instruction until mid-October due to a schoolwide SEL focus further hampered student student outcomes.	Students in Grades 3–5 need consistent instruction in solving one-step and two-step word problems involving

		all four operations.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	42%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By August, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 6% from 42% to 48%, for All Students, as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a structured problem-solving framework that combines a schoolwide problem-solving protocol and instructional routine the 5 Practices for Orchestrating Productive Mathematics Discussions to build students' comprehension, reasoning, and application of all four operations in one- and two-step word problems.

1. Implement the 5 Practices Protocol 3 times a week
Anticipate student responses to tasks.
Monitor student work during problem-solving.
Select student strategies to highlight.
Sequence student responses to build understanding.
Connect strategies to key mathematical ideas.
2. Integrate these practices into daily math instruction to promote discourse and conceptual understanding.
3. Provide PD on both the problem-solving protocol and the 5 Practices framework.
4. Facilitate lesson studies and peer observations focused on math discourse and student thinking.

Data-Driven Small Group Support
Use NYS Math Exam and classroom data to identify students needing targeted support.
Provide small-group instruction during intervention blocks focused on problem-solving strategies.
Monitor and Adjust
Use formative assessments, student work samples, and observation data to monitor implementation.
Adjust instruction and supports based on trends discussed in PLCs and coaching sessions.

Root Cause Addressed:

This action plan directly addresses the root cause: students' limited ability to unpack and comprehend multi-step word problems due to insufficient exposure to structured problem-solving strategies and a lack of opportunities to engage in mathematical reasoning and discourse. By implementing a consistent problem-solving protocol and the 5 Practices for Orchestrating Productive Mathematics Discussions, students will develop the skills and confidence needed to analyze, solve, and explain complex word problems using all four operations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teacher teams will engage in month inquiry meetings using data sources such as IReady math assessment, Envision topic tests, and District 9 math interim assessments to engage in collaborative discussions around data, curricular adjustments, student groupings, and supports/scaffolds for all students.
Teachers leaders will be trained to implement and turnkey Building Fact Fluency schoolwide. Building Fact Fluency invites students to think strategically through multiple, real-world contexts.
Teachers will continue to engage students in problem solving protocols at the beginning of the math block to develop student comprehension of rigorous word problems suing visuals and math tools.
Peer collaborative and model teachers will support staff professional learning by assisting with instructional planning, deepening content knowledge—particularly around conceptual understanding—leveraging data to inform instruction, implementing hands-on, differentiated learning experiences, and facilitating the consistent use of Building Fact Fluency and 5 Practices across all classrooms.
Cycles of learning walks will be conducted with a focus on Building Fact Fluency, 5 Practices, and EnVision's Solve and Share component. Feedback from these walks will be used to drive instructional improvements and support pedagogical shifts."

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/19/2026	We will host ongoing parent workshops to equip families with strategies for supporting their children's math growth at home.	NY Edge

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers trained in structured problem-solving strategies and the 5 Practices framework. Math instructional coach to support planning, modeling, and feedback. Interventionists or support staff for small-group instruction. Parentcoordinator to organize math nights and home-learning resources.

Instructional Resources

Research-based math curriculum with embedded problem-solving tasks: (Building Fact Fluency Kits). Supplemental materials such as math journals, manipulatives, and visual models. Professional development materials and books (e.g., 5 Practices for Orchestrating Productive Mathematics Discussions). Digital platforms for math practice and formative assessment (iReady)

Schedule Adjustments

Dedicated time for daily problem-solving routines within the math block. Weekly PLC time for teachers to plan, analyze student work, and reflect on implementation. Intervention blocks built into the schedule for targeted small-group instruction.

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Over the past three years, student performance on the Grade 4 and Grade 5 math state assessments has shown a steady increase in procedural fluency, but a decline in performance on multi-step problem-solving and real-world application tasks	Limited exposure to college and career pathways in early grades, resulting in low student awareness and engagement.	Stronger alignment between academic instruction and real-world skills, including financial literacy, career exploration, and post-secondary planning.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	42%	<SchAll students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the Percentage of students in Grades 4 and 5 scoring proficient (Level 3 or 4) on multi-step problem-solving and real-world application items. for All Students will Increase by 18% from 42% to 60% as measured by District 9 Interim Assessments.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Integrate Real-World Problem Solving into Math Instruction.

Root Cause Addressed:

Students demonstrate procedural fluency but struggle with applying math to real-world, multi-step problems due to limited exposure and instructional focus.
Strengthen College and Career Awareness in Upper Elementary Grades

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a Problem-Solving Focus Cycle: Implement bi-weekly instructional cycles in Grades 4 and 5 focused on multi-step, real-world math tasks aligned to District 9 Interim Assessments.
Peer Collaboration: Establish teacher planning teams to co-develop and analyze performance tasks.
Career Exploration Days: Host quarterly events where students engage with professionals from various fields through panels, Q&A sessions, and hands-on activities.
Integrate career-themed math problems (e.g., budgeting, engineering, data analysis) into instruction.
Facilitate monthly grade team meetings to analyze District 9 Interim Assessment data and adjust instruction.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/27/2025	06/26/2026	Host interactive events where families engage in real-world math challenges with their children, learn strategies to support problem-solving at home, and explore how math connects to careers.	
10/27/2025	06/12/2026	Organize workshops for families on early college and career planning, including understanding academic pathways, financial literacy, and how to nurture student interests and strengths. Goal: Equip families with tools to support long-term academic and career planning.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Grade 4 and 5 teachers implementing real-world problem-solving tasks Math coach or instructional lead to support professional learning and planning Parent coordinator to organize family engagement events Community partners and guest speakers for career panels Data specialist or AP to support data inquiry cycles

Instructional Resources

District 9 Interim Assessments and performance task rubrics Real-world math problem-solving curriculum supplements Digital student portfolio platform (All In Learning) Career exploration materials and resources Professional development modules on problem-based learning and college/career readiness

Schedule Adjustments

Bi-weekly planning time for teachers to co-develop and analyze performance tasks Monthly PD sessions embedded into staff development calendar Time allocated for student-led conferences and family math nights Dedicated instructional blocks for problem-solving and portfolio work

Other Resources Needed

Funding for student materials (journals, folders, digital tools) Incentives for student participation in career events and portfolio presentations Translation services and multilingual materials for family workshops Technology support for digital portfolios and virtual family engagement

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the Parent Coordinator Activity Reports (PCAR, 2024–2025), an	Parent engagement efforts are not consistently aligned with the academic curriculum, limiting families' ability to	There is a critical need to strengthen family engagement by aligning parent workshops with the school's academic

average of 87 parents participated in school events throughout the year, indicating moderate engagement but room for growth. The NYC Learning Environment Survey (Spring 2025) revealed that many parents feel the school does not provide adequate support around academic programs, highlighting a gap in communication and alignment between school initiatives and family needs.	support student learning at home. There is a lack of culturally responsive communication that acknowledges and values the diverse racial, ethnic, and linguistic backgrounds of families. Trusting relationships between staff and families are not yet fully established, which may contribute to parents feeling unsupported or disconnected from the school's academic mission. A schoolwide culture of shared accountability and high expectations for family partnership has not been fully developed or communicated.	curriculum and fostering culturally responsive, trust-based relationships between staff and families. This need is underscored by NYC Learning Environment Survey results (Spring 2025), which indicate that parents feel unsupported in understanding academic programs, and by Parent Coordinator Activity Reports (2024–2025), which show limited but consistent parent participation. Addressing this need will help ensure that all families feel valued, informed, and empowered to support student learning and success.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	87 parents	All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, parent participation will Increase by 10% from 87 parents to 97 parents as measured by Parent Coordinator Activity Reports (PCAR) .

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop and implement an interim family engagement survey designed by the school leadership team to gather actionable feedback from families on how to strengthen trust and communication between school staff and the parent community.

Root Cause Addressed:

Survey data and family engagement reports indicate that many families do not feel fully supported or valued by school staff, particularly in understanding academic programs and building meaningful relationships. This disconnect may stem from a lack of culturally responsive communication, limited opportunities for two-way dialogue, and insufficient structures for family voice in school decision-making.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school leadership team, in collaboration with the parent coordinator and family engagement committee, will develop a short, accessible survey focused on trust, communication, and academic support. Questions will be translated into multiple languages and reviewed for cultural responsiveness and clarity.
The survey will be shared through multiple channels (email, text, paper copies, school website, and during events) to ensure broad participation. Staff will be trained to encourage families to complete the survey and explain its purpose during parent-teacher conferences and workshops.

The leadership team will review survey data to identify trends, strengths, and areas for growth. Results will be disaggregated by grade level, language, and other relevant demographics to ensure equity in interpretation.
Survey results will be shared transparently with families through newsletters, town halls, and the school website. A summary of key takeaways and next steps will be co-developed with the School Leadership Team and shared with staff.
Based on survey feedback, the school will implement targeted strategies to improve family-staff relationships, such as: Hosting culturally responsive communication workshops for staff Creating family advisory groups to co-plan events and initiatives Offering curriculum-aligned family workshops based on identified needs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Visions Portal June 2025 reveals 36(9%) Severely Chronic Absent	Although there was a notable improvement in attendance from 2024 to 2025—such as a decrease in Severely Chronic Absences from 13.5% to 8.74%—a significant portion of students (over 60%) still fall into the Chronically Absent or At Risk categories. This trend suggests that while some progress has been made, many families may not yet fully understand or prioritize the connection between consistent attendance and student academic success. A key contributing factor is the need for stronger, trust-based relationships between families	Strengthen Family-School Relationships to Support Attendance The data shows that while Severely Chronic Absences decreased from 13.5% in 2024 to 8.74% in 2025, over 60% of students remain in the Chronically Absent or At Risk categories. This indicates a continued need to build

students,116 (28%) Chronically Absent students. 136 (33%)At Risk Students 122(30%) Not At Risk, out of 412 students	and school staff. When families feel connected to the school community and see educators as partners in their child's growth, they are more likely to value daily attendance, engage in learning conversations at home, and support school initiatives. Without this relational foundation, efforts to improve attendance may not be sustainable or equitably effective.	trust and communication between families and school staff. Strengthening these relationships can help families better understand the impact of attendance on academic performance and feel more empowered to support their child's learning.
As per the New Visions June 2024 data there were 44(14%) Severely Chronic Absent students 78(24%) Chronically Absent students. 110 (34%) At Risk Students 94 (29%) Not At Risk Students		Increase Family Awareness of the Link Between Attendance and Academic Success Many families may not fully recognize how chronic absenteeism affects student achievement, particularly in foundational skills like reading and math. There is a need for targeted outreach and education that clearly communicates this connection in culturally responsive and accessible ways.
		Enhance Family Engagement Structures and Supports Current family engagement efforts may not be reaching all families equitably, especially those facing barriers such as language, work schedules, or limited access to technology. There is a need to expand and diversify engagement strategies to ensure all families feel welcomed, informed, and involved in their child's education.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	37%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 5% , from 37% to 32%, as measured by the New Vision Portal.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent and Staff Orientation Schoolwide attendance expectations
Assembly celebrations for parents and students

Root Cause Addressed:

Chronic absenteeism stems from a range of factors, including students feeling disconnected from school, unsafe, or disengaged from the curriculum. External barriers such as housing instability, transportation issues, and health concerns also contribute. Strengthening relationships between families, staff, and students—while clearly communicating expectations and celebrating progress—can help address these root causes and foster a culture of belonging and accountability.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Connect chronically absent students with a grade level counselor and/or an attendance committee member to intensify the amount of support and connection chronically absent students receive.
Connect chronically absent students with a team member to intensify the amount of support and connection chronically absent students receive with a focus on plans to bolster attendance.
Implement a school wide system for contacting the family of absent students day of absence that uses phone calls, texts and or emails to inform families and encourage attendance

Implement an incentive system that rewards all students for increasing their percentage of in-attendance days.
Review students who have more than 2x absences per week at our weekly attendance meetings

Key Strategy 2 (Optional):

Early intervention for students who exhibited 10-18 absences at the end of June 2025 and these students will be tracked throughout the first 90 days of school, and supported through check ins and attendance trackers

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement a school wide system for contacting the family of students who fall within the chronically absent range monthly. Parents will receive a phone call, a personalized letter home and follow up support
Host weekly attendance meetings with the Attendance Team comprised of Principal, AP, Guidance Counselors, Attendance Teacher and other designated school staff with a set agenda.
Review the i-log of home communication. Outreach to families in need with attendance assistance.
school leaders will send individual letters to chronically absent students along with the RRSA report indicating the amount of absences and correlation with attendance flyer showing which tier absences fall within
The attendance committee will create posters to display throughout the school emphasizing the importance of regular school attendance as a community which will be updated monthly. Flyers will include daily routines to make consistent attendance possible, such as setting an alarm and getting a good night's rest.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly meetings will take place with a rolling agenda

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
The needs assessment identified several priority areas for improvement. Chief among these are: Strengthening transition planning processes to	Professional/Report-Ready Version: Pedagogues require additional professional development in explicit instruction to	IEP Development

ensure all students with IEPs are fully prepared for postsecondary goals. Enhancing staff professional learning focused on differentiated instruction and inclusive practices. Improving data tracking and communication systems to maintain high compliance while promoting more personalized support for students with disabilities.	ensure that classroom practices align with students' IEP goals and that instruction is implemented with fidelity. Concise and Direct Version: Teachers need targeted training in explicit instruction to ensure lessons align with IEP goals and are delivered as intended. Collaborative/Supportive Tone: Ongoing professional learning in explicit instruction will help teachers align their practice with students' IEP goals and deliver instruction consistently and effectively.	and Fidelity of Implementation
Analysis of student performance and service data revealed several key trends. According to the Provision of Services Powered BI Data (June 2026), 97% of students with IEPs at P.S. 457 were fully served, reflecting strong compliance with special education mandates and consistent implementation of support services. Additional data from NYC Public Schools (NYCPS) and the New York State Education Department (NYSED) show stable service delivery over the past three years, with incremental gains in timely IEP implementation and transition planning. These trends indicate continued progress in meeting the diverse learning needs of students with disabilities, while also highlighting areas for further improvement in targeted instructional supports and postsecondary transition readiness.	Several factors within the school's control may be contributing to the current outcomes. These include the effectiveness of internal systems for monitoring IEP compliance, the consistency of staff training on differentiated instruction, and the allocation of resources to support inclusive classroom practices. Additionally, variations in collaboration between general education and special education staff may influence the quality and timeliness of service delivery.	Transition Planning and Compliance
A June 2025 review of the Shared Path Framework Dashboard indicated 6.3%initial referrals for this past school year, an increase from 5.6% last year, and above the District's average.	A need for Schoolwide transparency of the MTSS , so that the process is known and followed to fidelity before a referral is made.	Referral Process and Equity
OSYD report indicates 6 suspensions for special education students in the last 3 years, however there were no SSE students suspended this past year (2024-2025)	1. Equity-Focused and Professional: Pedagogues require additional training in culturally responsive Positive Behavior Intervention Strategies (PBIS) to ensure equitable, supportive, and inclusive learning environments for all students. 2. Concise and Direct: Teachers need further training in equitable and culturally responsive positive behavior supports to promote fairness and inclusion in all classrooms. 3. Supportive and Growth-Oriented: Ongoing professional learning in culturally responsive Positive Behavior Intervention Strategies will equip teachers to address diverse student needs and	Equity in School Discipline

	foster equitable, respectful learning communities.	

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	5.6%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Specific: By enhancing the use of Positive Behavior Intervention Strategies (PBIS) and improving the development and implementation of Functional Behavioral Assessments (FBAs) and Behavior Intervention Plans (BIPs), the school will reduce the overall student referral rate. Measurable: Decrease the total number of disciplinary referrals by 15% by June 2026, with a specific focus on reducing disproportionate referrals among students with IEPs and students from historically marginalized groups. Achievable: Provide targeted professional development for all pedagogues on culturally responsive PBIS and de-escalation techniques, ensuring at least 90% of instructional staff complete the training and apply strategies consistently in classrooms. Relevant: This goal supports the school's commitment to equity, inclusion, and positive school climate, ensuring behavioral supports align with students' IEP goals and reduce barriers to academic success. Time-Bound: Progress will be monitored quarterly through data reviews of referrals and student outcomes, with full goal evaluation completed by June 2026. by a 3% Decrease, from 5.6% to 2.6%, as measured by Shared Path Framework Dashboard.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

1. Increasing Movement to Least Restrictive Environment (LRE)

NYCPS will prioritize expanding inclusive educational opportunities by increasing access to Integrated Co-Teaching (ICT) settings. This will be achieved through targeted professional development on LRE decision-making, strategic hiring of ICT-certified staff, and the use of a centralized dashboard to monitor student placement trends and ensure equitable access to less restrictive environments.

2. Improving IEP Development and Implementation Fidelity

To improve the quality and consistency of IEPs, NYCPS will implement monthly IEP clinics focused on writing measurable goals and aligning services with student needs. Schools will be provided with structured collaboration time for IEP teams and will undergo biannual audits to ensure fidelity of implementation.

3. Enhancing Transition Planning and RTI Compliance

The district will strengthen the RTI process by developing a clear, schoolwide RTI handbook and visual flowchart, conducting staff training workshops, and engaging families through informational sessions. These efforts aim to ensure that interventions are implemented with fidelity before special education referrals are made.

4. Promoting Equity in Discipline and Referral Processes

Promote equitable discipline practices by launching a yearlong professional development series on Positive Behavior Interventions and Supports (PBIS), trauma-informed care, and de-escalation techniques. Schools will establish behavior intervention teams and regularly review disaggregated discipline data to identify and address disparities.

Root Cause Addressed:

1. Increasing Movement to Least Restrictive Environment (LRE)

This strategy addresses the lack of professional development and staffing capacity that has historically limited student transitions from more restrictive settings, such as 12:1 classrooms, to ICT environments.

2. Improving IEP Development and Implementation Fidelity
:
This approach targets the root causes of inadequate training in IEP development and the absence of systematic monitoring, which have contributed to inconsistencies in IEP quality and execution.

3. Enhancing Transition Planning and RTI Compliance

This strategy addresses the inconsistent implementation of RTI and the lack of transparency and understanding among staff and families, which has led to an increase in initial referrals beyond the district average.

4. Promoting Equity in Discipline and Referral Processes

This strategy directly responds to the limited training on PBIS and the inconsistent application of equitable discipline practices, which have historically contributed to disproportionate disciplinary actions for students with disabilities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide quarterly professional development on LRE and co-teaching models. Hire additional ICT-certified teachers and paraprofessionals. Use LRE tracking dashboards to monitor student placement and progress.
Launch monthly IEP clinics focused on SMART goal writing and service alignment. Schedule dedicated collaboration time for IEP teams. Conduct biannual IEP implementation audits to ensure fidelity.
Develop and distribute a schoolwide RTI handbook and visual flowchart. Conduct RTI training workshops for all instructional staff. Host family engagement sessions to explain RTI and referral processes.
Implement a yearlong PD series on PBIS, trauma-informed care, and de-escalation strategies. Establish school-based behavior intervention teams to support students proactively. Review disaggregated discipline data monthly to identify and address disparities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Due to the lack of an RTI system in place and followed with fidelity, the number of initial referrals of IEPs for Students with Disabilities(SWD), have increased from 5.6% to 6.3% this year, above the District benchmark.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps
Pedagogues will be invited to join the SIT team early in the school year to regularly review data.
Pedagogues will plan differentiated lessons which will be measured by classroom observations and Danielson 1a and 1e feedback.
Pedagogues will be trained on RTI process, data analysis, differentiation and intervention strategies.
Pedagogues will be made aware of positive behavior interventions and supports (PBIS) to reduce behavioral referrals.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor implementation of key strategies, PS 457 will use a combination of centralized dashboards, structured collaboration, and targeted data collection. For increasing access to the Least Restrictive Environment (LRE), student placement trends will be tracked through a centralized dashboard, alongside professional development participation and staffing data. IEP quality and fidelity will be monitored through monthly clinics, structured team collaboration, and biannual audits. RTI compliance will be supported by a districtwide handbook, staff training, and family engagement, with fidelity tracked through intervention logs and referral data. Equity in discipline will be promoted through professional development on PBIS and trauma-informed practices, with behavior teams reviewing disaggregated discipline data to identify and address disparities. These structures will ensure continuous progress monitoring and inform adjustments to improve instruction, student learning, and achievement.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/19/2026	Monthly Family Workshops on topics such as understanding the IEP process, transition planning, and navigating special education services. Multilingual Communication through translated newsletters, robocalls, and interpreters at all meetings to support families with limited English proficiency. Quarterly Progress Reports aligned with IEP goals, shared in family-friendly language and formats.	
09/08/2025	06/26/2026	IEP Goal Review Meetings held mid-year for students with more intensive needs, ensuring families are updated on progress toward annual and post-secondary goals. Parent Liaisons assigned to families of students in self-contained or ICT settings to provide ongoing support and check-ins. RTI/Referral Process Info Sessions to help families understand interventions before special education referrals are made.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Coordinator to oversee IEP development, LRE transitions, and compliance. ICT-Certified Teachers and Paraprofessionals to support inclusive classroom models. Parent Coordinator with a focus on special education family engagement. Social work and Guidance to support PBIS implementation and staff training. Speech and Counseling Providers funded through Title I to support at-risk students.

Instructional Resources

IEP Writing Software and Progress Monitoring Tools (e.g., SESIS enhancements, Goalbook). Curriculum Supplements for executive functioning, social-emotional learning, and transition planning. Sensory Materials and Adaptive Equipment for students with sensory processing needs. Inclusion Coaching to support co-teaching teams and build capacity in ICT classrooms. Multilingual Family Engagement Materials to support communication with families with limited English proficiency.

Schedule Adjustments

Dedicated IEP Team Planning Time built into the weekly schedule. Monthly Family Engagement Evenings to accommodate working families. Professional Development Days allocated for IEP clinics, PBIS training, and RTI workshops. Flexible Meeting Times for IEP meetings, including early morning and evening options.

Other Resources Needed

Title I and Title II Funding to support staffing, training, and instructional materials. Technology Upgrades to support virtual IEP meetings and digital progress reporting. Partnerships with CBOs (e.g., INCLUDEnyc, Advocates for Children) for family advocacy and transition support. Summer Institute focused on executive functioning and transition skills for students with IEPs.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Below performance in Tier 1	UFLI Foundations	Small Group	During school	Lexia
Tier 2	Below performance in Tier 2	Envisions Reteach	Small group	During School	Zearn
Tier 3	Below performance in Tier 1	Sound Partners	Small Group One on One	During Schools and After School	Lexia

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Teachers anecdotals and OORS reports	Sanford Harmony / DESSA	Small group	During school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

1. Family-Friendly Communication Materials
Simplified Guides: Create brochures, infographics, or videos that explain MTSS in plain language.
Translated Materials: Provide resources in the home languages of families to ensure inclusivity.
Visual Aids: Use diagrams to show the tiered support structure (Tier 1, Tier 2, Tier 3).
2. Regular Family Engagement Events
Workshops and Info Nights: Host sessions that explain MTSS, how it supports students, and how families can be involved.
Parent-Teacher Conferences: Include MTSS updates and student progress within these meetings.
3. Digital Platforms and Communication Tools
School Website: Dedicate a section to MTSS with FAQs, resources, and contact information.
Newsletters and Emails: Share updates on MTSS implementation and success stories.
Parent Portals: Use platforms like ClassDojo, Remind, or PowerSchool to share individual student support plans and progress.
4. Collaborative Decision-Making
Family Input in Planning: Invite families to participate in MTSS teams or advisory councils.
Feedback Opportunities: Use surveys or focus groups to gather family perspectives on MTSS practices.
5. Culturally Responsive Practices
Respect for Family Values: Ensure MTSS strategies align with the cultural and social values of the community.
Community Partnerships: Collaborate with local organizations to support families and extend MTSS beyond the school.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

1. Progress Monitoring Reports
Frequency: Families receive updates every 4–6 weeks (or more frequently for Tier 3).
Content: Reports include data on specific goals, intervention strategies used, and student progress over time.
Format: These may be shared via printed reports, email, or through digital platforms like parent portals.
2. Scheduled Meetings
Tier 2: May involve periodic check-ins with teachers or interventionists.
Tier 3: Often includes regular team meetings with families, specialists, and school staff to review data and adjust plans.
Purpose: These meetings ensure families are part of the decision-making process and understand the supports in place.
3. Digital Communication Tools
Apps and Portals: Tools like ClassDojo, Seesaw, or PowerSchool allow real-time updates and two-way communication.
Messaging: Teachers and interventionists may use secure messaging to share quick updates or answer questions.
4. Personalized Communication
Phone Calls or Home Visits: Especially for Tier 3, schools may use more personalized outreach to build trust and ensure understanding.
Language Support: Interpreters or translated materials are provided to ensure accessibility for all families.
5. Intervention Plans and Adjustments

Families are informed when:
A new intervention begins.
A student meets goals and may exit the intervention.
Adjustments are made due to lack of progress.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

1. Collaborative Problem-Solving Meetings
Frequency: Held regularly (e.g., every 4–6 weeks) to review student progress.
Participants: Include families, teachers, intervention specialists, school psychologists, and administrators.
Purpose: To analyze data, discuss what's working or not, and make joint decisions about continuing, modifying, or intensifying interventions.
2. Shared Data Review
Families are shown:
Progress monitoring data (e.g., graphs, scores, observations).
Intervention fidelity (how consistently and accurately the support is being delivered).
Staff explain data in family-friendly language, ensuring understanding and encouraging questions.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Total Number of Students in Temporary Housing: 58
Living in Shelter: 24
Living in hotel/motel: 3
Doubled -Up: 31

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

1. Chronic Absenteeism
Trend: STH students often have higher rates of absenteeism due to housing instability, transportation issues, or family crises.
Implication: Missed instructional time contributes to academic gaps and disengagement.
2. Lower Academic Performance
Trend: STH students may perform below grade level in reading and math.
Implication: Inconsistent schooling and lack of access to learning resources at home can hinder academic growth.
3. Higher Mobility Rates
Trend: Frequent school transfers disrupt learning continuity and social-emotional development.
Implication: Students may struggle to form relationships with peers and staff, impacting engagement and behavior.
4. Increased Social-Emotional Needs

Trend: STH students often experience trauma, anxiety, or depression.
Implication: These factors can affect behavior, focus, and classroom participation.
5. Limited Family Engagement
Trend: Families in temporary housing may face barriers to school involvement (e.g., work schedules, lack of transportation, language barriers).
Implication: Reduced communication can limit collaboration on student support plans.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Attendance Supports
Provide transportation assistance (e.g., MetroCards, bus routes).
Assign attendance liaisons to monitor and follow up on absences.
Offer flexible scheduling or virtual learning options when needed.
Academic Interventions
Implement targeted tutoring and Tier 2/3 interventions.
Ensure access to technology and learning materials at shelters or temporary residences.
Use progress monitoring to adjust instruction quickly.
Stability and Continuity
Designate a McKinney-Vento liaison to support school stability.
Create transition plans for students who move frequently.
Maintain student records and intervention plans across schools.
Mental Health and SEL Supports
Provide access to school counselors, social workers, and trauma-informed care.
Integrate social-emotional learning (SEL) into daily instruction.
Offer small group or individual counseling sessions.
Family Engagement Strategies
Host family nights at shelters or community centers.
Use multilingual communication tools and family-friendly formats.
Partner with community organizations to provide wraparound services.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Currently, there are 6 students in foster care enrolled at our school. To support their success, we provide targeted social-emotional and academic services. These include regular check-ins with school counselors, access to a licensed social worker, small group counseling, and trauma-informed practices across classrooms. Academically, students receive individualized support through tutoring, intervention services, and flexible instructional accommodations. Progress is closely monitored to ensure each student receives the necessary resources to thrive both emotionally and academically.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Our school provides targeted supports to ensure stability and success for students in foster care, including those newly transitioning into the system. Upon enrollment or change in placement, a designated support team—including counselors, social workers, and administrators—immediately connects with the student and caregivers to assess needs. Students receive priority access to counseling, trauma-informed care, and academic interventions such as tutoring and flexible scheduling. Regular progress monitoring, collaboration with child welfare agencies, and individualized support plans help ensure timely interventions and a stable, supportive learning environment.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Analysis of historical demographic, attendance, and achievement data for students in foster care reveals several key trends. These students often experience higher rates of chronic absenteeism, mid-year school transitions, and lower

academic performance compared to their peers. Additionally, gaps in achievement tend to widen over time without targeted intervention.

These insights highlight the need for proactive, data-informed supports. Schools can respond by implementing early warning systems to flag attendance and performance concerns, ensuring continuity of services during transitions, and providing consistent academic and social-emotional interventions. Strengthening collaboration with child welfare agencies and caregivers also helps create a more stable and supportive educational experience.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Our school implements several targeted strategies to support students in foster care, particularly those in transitional grades, with a strong focus on Social-Emotional Learning (SEL). Upon enrollment or transition, these students are immediately connected with a school counselor or social worker for individualized support. They participate in small-group SEL sessions that focus on emotional regulation, relationship-building, and resilience.

We also integrate trauma-informed practices across classrooms and provide staff with ongoing professional development to better understand and respond to the unique needs of foster youth. Mentorship programs and peer support groups offer additional layers of connection and stability.

These strategies help address academic and behavioral challenges by fostering a sense of belonging, reducing anxiety, and improving self-regulation—key factors that contribute to better attendance, engagement, and academic performance. Regular progress monitoring ensures that interventions are responsive and adjusted as needed.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Beginning September 16, 2025, through June 2026, our school will partner with NY Edge CBO to implement a robust Expanded Learning Time (ELT) program.

ELT will be offered before and after school, on select weekends, and during the summer, creating multiple access points for students to receive both academic intervention and enrichment. Instructional support will focus on foundational literacy and math skills, while enrichment opportunities will include STEM, visual and performing arts, physical education, and social-emotional learning activities. These offerings are tailored to meet the diverse learning styles and interests of students, particularly those who may not thrive in traditional classroom settings.

Through small-group instruction, project-based learning, and culturally responsive programming, ELT will provide a safe, engaging environment that promotes academic growth, creativity, and confidence. Progress monitoring tools and regular collaboration between school staff and NY Edge will ensure that interventions are data-driven and responsive to student needs.

This comprehensive approach not only addresses academic gaps but also fosters a sense of belonging and motivation, helping all students—especially those most vulnerable—stay on track for long-term success.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Staffing and Scheduling:

All ELT academic sessions will be staffed or supervised by NYS-certified teachers who hold certification in the relevant content area (e.g., ELA, Math, Science).
Certified teachers will be scheduled to lead or co-lead instruction during ELT hours, ensuring content alignment and instructional quality.
Partnership Coordination:

Our partner organization, NY Edge CBO, will coordinate closely with school leadership to align ELT programming with certified teacher availability.
Enrichment activities led by non-certified staff will be supervised by certified teachers to maintain instructional oversight.
Documentation and Compliance:

A master ELT schedule will be maintained, documenting teacher assignments and certifications.

Attendance logs and instructional plans will be reviewed monthly to ensure compliance with NYSED requirements.
Professional Collaboration:

Certified teachers will collaborate with ELT staff to design and review lesson plans, ensuring academic rigor and alignment with state standards.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

There is not ELT instructional programming during the school day.

Provide a description of the materials purchased to support implementation of ELT.

The Expanded Learning Time (ELT) program at PS 457 is supported through a collaborative partnership with NY Edge, which fully funds all enrichment materials used in after-school and extended-day programming. This includes supplies for arts, STEM activities, physical education, and other hands-on learning experiences that enhance student engagement and creativity.

To complement these efforts, PS 457 will fund all student-facing educational materials necessary to support academic instruction during ELT. These materials include, but are not limited to:

Grade-level aligned workbooks and practice packets in ELA and Math
Manipulatives and visual aids to support differentiated instruction
Instructional technology tools such as headphones, tablets, or adaptive software
Assessment tools for progress monitoring and data-driven instruction
Notebooks, folders, and writing supplies to support student organization and participation
This shared investment ensures that all students—especially those at risk of falling behind—have access to high-quality academic and enrichment resources that support both their learning and personal development.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. Sheridan Academy for Young Leaders, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Sheridan Academy For Young Leaders will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Sheridan Academy For Young Leaders, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Monday PD will be dedicated for all ENL teachers specific to supporting Students that are non English speakers. Technology will be implemented in order for students to engage in real-time academic discourse.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We will be designate Success Mentors and closely monitor EC students.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	TBD	x	TBD
Title I, School Improvement 1003(a)	Federal	TBD	x	TBD
Title II, Part A	Federal	TBD	x	TBD
Title III, Part A	Federal	TBD	x	TBD
Title III, Immigrant	Federal	TBD	x	TBD
Title IV, Part A	Federal	TBD	x	TBD
Tax Levy (Fair Student	Local	TBD	x	TBD

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
New York Edge	ALL	Provide leadership for coordinating work of different partners within the school, and aligning work of partners with school faculty.	NYE will develop strong relationships and ensure all key stake- holders understand what a community school is and how it supports student achievement.

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

New York Edge will provide support in the following components:

Collaborative Leadership and Practice:
1. Organize Community School Team (CST) meetings
2. Work with School Leadership to maintain a focus on results and track progress.
3. Convene and facilitate collaborative Planning meetings aligned to the office of community schools (OCS) collaborative planning cycle.

Expanded Learning Time (ELT) :
1. Work with the School Leadership Team (SLT) , teachers, and partner agencies to integrate expanded learning and enrichment activities before, during, or after the school day.
2. Build relationships and mechanisms to effectively link the school day to expanded learning activities.
3. Assist the school in identifying outside providers for ELT as necessary.

Family and Community Engagement:
1. Work with Principal , SLT, Parent Coordinator , and Family Outreach Specialist to implement a transformative model of family engagement that creates strong school-to-home partnerships and cultivates families as leaders in the school .
2. Support special events , such as community school forums, that promote family and community engagement leadership.

Wellness & Integrated Supports:
1. Serve as a point person for coordinating vision screenings, mental health, and physical health services.
2. Identify local community resources and broker new partnerships that are aligned with schools goals and needs.
3. Develop memoranda of understanding and subcontract agreements as necessary.

Attendance Improvement/ Every Student, Every Day:
1. Serve as key member on the school's attendance team, including using data tools such as New Visions Data Portal and DOE Insight for tracking and coordinating student interventions . Assist with data collections and research , facilitate and manage data driven decisions.
2. Organize and oversee assets and needs assessments ad seek input from teachers , school staff, parents and students to determine ongoing needs of students and families. Identify high need students , coordinate with teachers to target interventions, track and monitor impact of interventions.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The NYE Community School Director will act as a liaison to all family and community stakeholders and will establish continuous lines of communication through newsletters, websites, social media platforms, or other digital tools. In addition to ensuring that families and community members play an integral role in decision-making, the NYE team will assess the needs of individual families and the community as a whole to identify and align resources that address any service gaps and barriers. Throughout the year, the NYE team will plan and organize several events that bring together families, community members, and school staff. These events can be social, educational, or cultural in nature and provide opportunities for networking, learning, and building relationships. Through surveys, community forums, the PTA, Parent Coordinators, and Parent Advocates, NYE creates a continuous feedback loop that allows us to be responsive to the evolving needs of the community. By implementing these strategies, our school community can create a strong foundation for authentic school-family partnerships and foster a supportive and collaborative environment for all stakeholders involved.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

NYE provides students with the comprehensive mental health & social-emotional support they need to thrive in school and life. The Community School team will identify and collaborate with local community resources that can provide an array of integrated support for our students and families. Integrated supports may include mental health referrals, a 3-tiered approach to student interventions (individual, small group, and school-wide) as well as specialized workshops for families and community stakeholders. Through its extensive network of mental health and community partnerships, NYE connects families to resources such as food, legal counsel, housing, and other social services.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

As a part of the Attendance Team, the Community School Director determines which students need extra attendance support and works with school leadership to develop attendance improvement strategies which may include assigning Success Mentors who conduct daily outreach. By addressing barriers and fostering an environment that encourages high rates of attendance, NYE works with school leaders to increase student attendance by building school-wide attendance incentives strategies, monitoring the effectiveness of interventions, and tracking the progress of chronically absent students. Attendance improvement strategies may include but are not limited to, in-school and out-of-school incentives, trips and sporting events, conducting regular check-ins with families and home visits, and more.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

The New York Edge Community School Director works closely with local community-based organizations, such as non-profit groups and social service agencies, to identify and provide necessary resources for students in temporary housing and their families such as metro cards, translation services, and a mobile pantry. We understand the challenges these students may face and aim to create a supportive environment that addresses their specific needs. Additionally, the team works closely with special education coordinators, therapists, and other professionals

to develop their unique abilities and goals. New York Edge also promotes a strong sense of belonging and fosters an open and collaborative relationship between students, families, staff, and community members.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Lisette Febus
Assistant Principal (Where Applicable)*	Marjorie Purdee Iglio
English as a New Language (ENL) Teacher*	Alyscheska Paula
Teacher (if school has a bilingual program must be a bilingual teacher)*	Zoirys Matos
Parent/Guardian*	Yesenia Ramirez
Teacher	
Parent Coordinator	Saika Beltran
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

366

Total number and percentage (%) of current ELLs:

98- 27%

Total number and percentage (%) of former ELLs:

19-19.3%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

11-.11.2%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

45-45%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

6- 6%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1- 1%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

26- 26.5%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Gen Ed	Spanish	2024-2025	1	1												2
DLBE	Gen Ed	Spanish															0
DLBE																	0
				total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

To ensure the mandated number of instructional minutes is provided according to proficiency levels in each program model, P.S.457 follows the standalone and Integrated ENL program for grades Kindergarten to 5th grade. ENL students are placed in the same class on each grade level and ENL services are provided by a certified ENL and common branch teachers who push in and pull out depending on the needs of the student. In K and 1st we have a bilingual program where most of English Language learners whose home language is Spanish is within that class which satisfies both their Integrated and Stand-alone minutes as per the CR Part 154 in the Kindergarten class since the bilingual teacher in that class is also TESOL certified. In the first grade bilingual class, most of the ELLs whose home language is Spanish is in that class which satisfies only their integrated minutes as per the CR part 154, since that bilingual teacher is not certified in TESOL, so this class receives pull-out services for students who are entering and emerging in terms of English proficiency levels. In grades 2nd – 5th grades, all ELLs (unless they have IEPs for ICT) remain in one cohort and there are ENL certified teachers who push in and pull out. In compliance with CR part 154 regulation, students at the entering level will receive a total of 360 minutes of ENL instruction (180 minutes of standalone ENL and 180 minutes of integrated ENL). Students at the emerging level will receive a total of 360 minutes of ENL instruction (90 minutes of standalone ENL and 180 minutes of integrated ENL with a flexible 90 minutes provided either standalone or integrated). Students at the Transitioning level will receive a total 180 minutes of ENL instruction (90 minutes of integrated and 90 minutes of ENL/ELA instruction). Students at the expanding level will receive a total of 180 minutes of only integrated ENL/ELA instruction. Students at the commanding level will receive 90 minutes of integrated ENL by the classroom teacher in small groups. In addition, all teachers will conduct a PLO on the Hallmarks of Advanced Literacy using Leaders Tool 4.1. Through instructional inventory, teachers will examine instruction and practice for the Hallmarks in order to foster students' academic language acquisition into all content areas. In the Stand-alone model, language development occurs through content. To ensure that there is consistency in what is being taught and how it is being taught, the focus of the content learning (for example, ELA, social studies) is an additive approach to students' learning of language and content.

Integrated ENL:

Students receive core content area areas (English Language Arts, Social Studies, Science, and/or Mathematics) and English language development instruction including home language supports and appropriate ELL scaffolds. Integrated ENL along with a subject area taught are dependent upon the student's proficiency level. In grades K to 5, at the entering, emerging and transitioning levels, integrated ENL with ELA is provided by a TESOL certified teacher; at the expanding level, the integrated ENL is with any content area that best meets the needs of the student. The ENL teacher and common branch or content area teacher work collaboratively to explicitly target language development for students with a focus on building their academic language as a means towards accessing and engaging in grade-level instruction utilizing he Know It Show It and HMH Vocabulary.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

We have a 1st grade and Kindergarten two-way immersion dual language 50:50 program. We use the alternate day model within a two week cycle, to ensure we remain true to the 50:50 model, learning both English and Spanish simultaneously. The goals for this program are for all Multilingual Learners, including ELLs. to: Develop bilingualism and biliteracy based on high proficiency levels in two languages, English and a partner language, achieve academically in both languages, and attain cross-cultural competencies within a linguistically and culturally diverse community as listed in the Bilingual Education Program Descriptions Document.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

In compliance with CR part 154 regulation and alignment with new Bilingual Progression levels, students at the entering level will receive a total of 360 minutes of ENL instruction (180 minutes of standalone ENL and 180 minutes of integrated ENL). Students at the emerging level will receive a total of 360 minutes of ENL instruction (90 minutes of standalone ENL and 180 minutes of integrated ENL with a flexible 90 minutes provided either standalone or integrated). Students at the Transitioning level will receive a total 180 minutes of ENL instruction (90 minutes of integrated and 90 minutes of ENL/ELA instruction). Students at the expanding level will receive a total of 180 minutes of only integrated ENL/ELA instruction. Students at the commanding level will receive 90 minutes of integrated ENL by the classroom teacher in small groups. There are 2 ENL teacher positions where these teachers will focus on ensuring each and every English Language Learner will receive their mandated minutes in compliance with CR-Part 154, including those of the Dual Language program. The teachers' schedule will clearly state how their minutes are servicing the ELLs depending on their proficiency levels and student needs and will even include a list of students' names and their proficiency levels within their schedule for each 50 minute block on their schedule cards.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the regular ENL Program (students not in a bilingual class) the ENL Instructional Minutes are delivered in standalone ENL classes as well as Integrated ENL support. Standalone ENL Classes: ELLs are pulled out of their general education classrooms for dedicated ENL instruction. This occurs for a set number of minutes each day or week, focusing on developing English language skills (listening, speaking, reading, and writing) in compliance with CR-Part 154. Integrated ENL Support: In addition to standalone classes, ENL teachers co-teach or provide push-in support within the general education classroom to reinforce language skills within the context of content area instruction. In order to deliver ELA Instructional Minutes in the monolingual classrooms, ELLs participate in the same ELA instruction as their native English-speaking peers, with accommodations and modifications as needed. The focus is on grade-level literacy skills, including reading comprehension, writing, vocabulary, and grammar. In the Kindergarten Transitional Bilingual Program, similarly to the Regular ENL Program, students receive targeted English language instruction, but it is done all by the classroom teacher, who is certified in common branch with a bilingual extension, as well as a TESOL license. This is delivered through pull-out sessions where they receive intensive language instruction separate from their native language (Spanish) instruction. ENL support is also integrated across other subject areas to help students develop English proficiency in various contexts by the classroom teacher as she is the one who fulfills all of their mandated minutes in compliance with CR-Part 154. During bilingual ELA Instruction, students receive ELA instruction in both English and Spanish. Initially, more time is spent on Spanish literacy development, but will gradually increase the English instructional time as students' proficiency grows. The program balances phonics, vocabulary, and comprehension skills in both languages, with a gradual transition to more English instruction as students become more proficient throughout the school year. In the First Grade Two-Way Immersion Dual Language Program, ENL Instructional Minutes include Integrated Language Development where ENL support is embedded within the dual language instruction. ELLs learn alongside native English speakers and native Spanish speakers, receiving language development support in both languages.
Content-Based Language Instruction is also given where ENL support is provided within the context of subject area instruction, helping students develop language skills while learning grade-level content. Dual Language ELA Instruction is delivered in both English and Spanish, with a balanced approach to developing literacy in both languages. Instructional time is split evenly between the two languages (50:50). Students work on reading, writing, speaking, and listening skills in both languages. The program aims to develop biliteracy, bilingualism, and biculturalism.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school implements the Two-Way Immersion (TWI) Dual Language Bilingual Education model in a self-contained setting. Specifically, we use a 50:50 model, where instruction is delivered equally in English and the partner language (Spanish). Our school's Two-Way Immersion (TWI) Dual Language Bilingual Education model, using a 50:50 language allocation, fully integrates English proficient students and ELLs throughout the instructional day. By alternating the language of instruction on a daily basis within a two-week cycle, we ensure that all students receive equal exposure to both English and Spanish, promoting bilingualism, biliteracy, and academic success for all students.

b. In which language(s) is each core content area taught?

On days designated for English instruction, Language Arts is taught entirely in English. This includes reading, writing, listening, and speaking activities. On days designated for Spanish instruction, Language Arts is taught entirely in Spanish, focusing on developing literacy skills in the target language. Mathematics instruction alternates between English and Spanish according to the daily schedule. For example, if Monday is an English day, math is taught in English, and if Tuesday is a Spanish day, math is taught in Spanish. This ensures that students develop the ability to understand and apply mathematical concepts in both languages. For Science and Social Studies instruction will take place in English as we have no Bilingual certified cluster teachers for Science or Social Studies. However, Science and Social Studies is very much embedded within out ELA (HMH) curriculum. So if it is a Spanish day and the topic of the passage from the curriculum is Science, that is how they would gain content in Spanish for that specific core content area.Same for an English day.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

With the majority of our ELLs being Newcomers (83.2%), instruction emphasizes more of a basic communication skills and "survival English" while also imbedding and reviewing content vocabulary, focusing on vocabulary and phrases needed for everyday interactions as well as making the content they are learning in class accessible to them. Explicit instruction in phonics, pronunciation, and basic grammar are extremely important in the first few years, especially if the students are not proficient in their home language, which could benefit them reading in writing in English. It is also important to allow Newcomers to productively struggle in a way that they, themselves, are able to find their own connections between their home language and their target language, English.
For Developing/Long-Term ELLs, they receive instruction that builds on their existing language skills, focusing on academic language development, complex sentence structures, and higher-order thinking skills. Newcomers also need lessons that incorporate cultural orientation to help students adjust to their new environment, understand school routines, and learn about local customs and traditions. Teachers also provide support in navigating the school system and community resources.

With Developing/Long-Term ELLs, cultural support remains important, the focus shifts to more advanced cultural and social integration.
Teachers will be provided with training on how to utilize the HMH English Language Table Top and the English Language Development Slides resources in order to provide scaffolds.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Out of our 107 English Language Learners, 5 of them are SIFE (4.7%). To differentiate effective instruction for SIFE (Students with Interrupted Formal Education), ENL and classroom teachers recognize and address the unique needs and challenges these students face. It is crucial to establish a supportive and inclusive classroom environment where SIFE feel safe to express themselves and take academic risks. In terms of instructional strategies, flexibility is key. Recognizing that SIFE may have gaps in their foundational knowledge, teachers provide scaffolded learning experiences that build upon their existing skills while gradually introducing new concepts. This involves breaking

down complex tasks into smaller, more manageable steps, providing visual aids, and utilizing hands-on activities to enhance understanding. Language acquisition is often a significant barrier for SIFE, so incorporating language-rich activities across all subject areas is essential, such as integrating vocabulary development exercises, promoting peer interactions to encourage language practice, and utilizing bilingual resources when available. In order to accurately gauge SIFE's progress and comprehension, teachers also incorporate differentiated assessment strategies by offering alternative forms of assessment such as oral presentations, projects, or portfolios, which allow students to demonstrate their understanding in ways that align with their strengths. We also have F-status teachers who provide intervention services in these students' home language to support in closing gaps in the students home language, which will then help them in their target language. Collaboration with other professionals, such as ENL teachers and social workers is also something we encourage, as it is invaluable in providing support for SIFE both academically and socially. By working together with a diverse team, educators tailor instruction to meet the individual needs of each SIFE student.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently, we have no Long-Term ELLs, so 0%

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

We have a total of 16 former ELLs, which is 4.7% of our total ELL population. Our school uses the alternative pathways option for former ELLs to provide mandated instruction. Services are delivered through small group learning by the classroom teacher, where the teacher supports the students by providing opportunities for rich language use, collaboration, problem-solving, and targeted content-based learning 90 minutes per week, which fulfills their required 90 minute of integrated instruction. If students are not making progress in the alternative pathway option, they then are provided 90 minutes of integrated instruction by a TESOL certified teacher.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The majority of ELLs being newcomers (83.2%) suggests that the school may frequently receive new students who need foundational English instruction. This trend requires strong onboarding programs and early intervention strategies to help these students acclimate quickly. ELLs who do not demonstrate sufficient ELP progress (51.5%) are less likely to perform well in academic subjects that require strong English proficiency. This can lead to lower overall academic achievement and higher failure rates in subjects like English Language Arts (ELA) and other content areas taught in English, which is evident that it was a factor as to why 17.8% of our ELLs received only a 1 or a 2 on the NY State ELA Exams.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Based on the data from the ELL Data Analysis Tool for 09X457, there are some trends that are evident regarding the at-risk levels of former English Language Learners (ELLs) at Sheridan Academy for Young Leaders. One significant trend is the high percentage of former ELLs residing in temporary housing. According to the data, 31.3% of the

former ELL students are in temporary housing. This situation suggests that these students face substantial instability, which can negatively impact their academic performance and engagement due to frequent school changes, absences, and lack of necessary resources. Another noticeable trend is the consistent academic struggles of former ELLs, particularly in standardized tests. The data indicates that a considerable portion (25%) of these students are scoring at Level 1 or 2 in both ELA and Math. This highlights the challenges former ELLs face in transitioning from language support programs to mainstream classes, suggesting that their language and content learning needs might not be fully addressed after exiting ELL services.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At Sheridan Academy for Young Leaders, the home languages of English Language Learners (ELLs) with the largest representation are Spanish, French, Mandinka, Arabic, Hausa, and Twi. Spanish is the predominant home language, spoken by 98 students, while smaller groups speak French (3), Mandinka (2), Arabic (1), Hausa (1), and Twi (1).

To support communication and learning that value and celebrate these home languages, the school has established a comprehensive network of staff, structures, and processes that promote equity, inclusion, and bilingualism. Bilingual and multilingual staff members—including teachers, teaching assistants, the parent coordinator, and support staff—serve as essential bridges between languages and cultures. They facilitate communication with families, provide linguistic scaffolds for students, and ensure that all learners feel seen and supported.

The school implements bilingual education programs where instruction is provided in both English and the student's home language, allowing students to access grade-level content while building English proficiency. In addition, English as a New Language (ENL) classes focus on developing students' skills in listening, speaking, reading, and writing. The program ¡Arriba la Lectura! is a key component of this work—it promotes Spanish language literacy and biliteracy through culturally responsive and high-quality instructional materials that reflect students' identities and linguistic strengths.

To strengthen family engagement, Sheridan Academy ensures translation and interpretation services are available for all major school communications, including parent-teacher conferences, school events, and written notices. This approach ensures families are informed, welcomed, and empowered to participate fully in their children's education.

Finally, the school prioritizes ongoing professional learning for staff on culturally and linguistically responsive teaching and differentiated instruction. Through these efforts, Sheridan Academy for Young Leaders fosters an inclusive environment where students' home languages are recognized as assets—and every learner has equitable access to high-quality instruction and meaningful participation in the school community.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Hispanic ELLs (98 students):
White – 27 students (27.6%)
Black – 24 students (24.5%)
Asian – 1 student (1.0%)
American Indian or Alaskan Native – 29 students (29.6%)
Multiracial – 13 students (13.3%)
Native Hawaiian or Other Pacific Islander – 4 students (4.1%)

Non-Hispanic ELLs (9 students):
Black – 8 students (88.9%)
Asian – 1 student (11.1%)

This breakdown shows that most of our ELLs identify as Hispanic, with significant racial diversity among them. Notably, a large number identify as American Indian or Alaskan Native (29 students), Black (24 students), and White (27 students). The small but important group of Non-Hispanic ELLs is predominantly Black.

Our school's instructional approach and community engagement are rooted in the principles of Culturally Responsive and Sustaining Education (CRSE), ensuring that ELLs are fully included and valued.

Instruction and Curriculum: Teachers incorporate students' cultural backgrounds into lesson content, particularly through texts, discussion topics, and projects that reflect the diversity of our Hispanic and Black ELL populations. We are mindful of intersectional identities, ensuring that Latinx students who identify as Indigenous, Multiracial, or Black are represented in the classroom materials.

Instructional Supports: Strategies aligned with the SIOP model are used to ensure ELLs access content while developing academic English. This includes visual aids, vocabulary pre-teaching, native language support when available, and scaffolding for speaking and writing tasks.
Student Voice and Identity: ELLs are encouraged to share their cultural knowledge and experiences in class discussions, writing, and school-wide events. Classrooms use multilingual resources and affirm students' home languages as assets.

Family Engagement: We provide interpretation and translation for school communications and hold family events in students' home languages. We also offer families opportunities to give input into programming and services that support their children's success.
Through these efforts, we strive to ensure all ELLs feel safe, represented, and supported as they grow both academically and linguistically.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Based on the Spring 2025 NYSESLAT results, a total of 68 English Language Learners (ELLs) at our school had sufficient data to evaluate their English Language Proficiency (ELP) growth. Of these students, 33 met the criteria for sufficient progress, while 35 did not. This means that 48.5% of eligible students demonstrated adequate growth in English proficiency, while 51.5% did not meet the required progress benchmarks.

Among the students who met sufficient progress, the majority—19 students, or 27.9% of the eligible group—did so by meeting the Annual Progress Target (Method 2). Another 13 students (19.1%) met sufficient progress by exiting ELL status (Method 1), and one student (1.5%) met the Safe Harbor Cumulative Growth standard (Method 3). These trends suggest that while some students are progressing steadily, most are not exiting ELL status or making significant cumulative growth over time. The data signals a need for increased instructional support, more frequent progress monitoring, and intentional scaffolding to accelerate language acquisition. As we review and refine our instructional approach, this information will guide the allocation of services and resources to ensure more students meet or exceed their English language development goals.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

An analysis of the 2025 NYSESLAT modality scores reveals clear trends in English language development across the four domains. All 90 tested English Language Learners had scores reported in Listening, Speaking, Reading, and Writing. The average Listening score was 16.0 (range: 6–24), indicating moderate comprehension skills with relatively consistent performance. Speaking scores averaged slightly higher at 17.3 but ranged widely from 0 to 21, suggesting that while some students demonstrate oral fluency, others need substantial support in expressive language. Reading scores averaged 14.1 (range: 3–27), reflecting a wide performance gap that points to variability in decoding and comprehension abilities. Writing showed the most significant need, with the lowest average score of 6.5 and a range from 0 to 14, indicating that many students are struggling to express themselves in written English and require targeted instructional support.

These trends highlight the importance of differentiated instruction across modalities, with a particular focus on strengthening writing skills. To support students' continued growth, our school will prioritize scaffolded writing instruction through sentence stems, modeled writing, and targeted grammar and vocabulary development. Oral language development will be supported through structured conversation protocols, peer interaction, and teacher modeling. Reading instruction will emphasize vocabulary acquisition and comprehension strategies tailored to students' language levels, while listening skills will be reinforced through audio-supported tasks and formative assessments. These actions will be incorporated into lesson planning, small group instruction, and intervention blocks to ensure ELLs continue progressing in all four language domains.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Based on the Spring 2025 data, there is a clear relationship between students' English language proficiency levels on the NYSESLAT and their performance on the state ELA and Math assessments. Students who performed at higher proficiency levels on the NYSESLAT (Transitioning, Expanding, or Commanding) were more likely to score at Levels 3 or 4 on the ELA and Math assessments. For example, students in the Expanding and Commanding NYSESLAT bands included those who also scored at proficient levels (3 or 4) on the ELA exam, meeting the exit criteria from ELL status. In contrast, most students who scored Entering or Emerging on the NYSESLAT also scored Level 1 or 2 on the ELA assessment, showing that lower English proficiency limited their ability to meet grade-level expectations.

This pattern is also evident in the Math comparison. Although Math is generally less language-intensive, students with higher NYSESLAT proficiency still showed better performance, suggesting that English language development plays a significant role in understanding word problems, math vocabulary, and multi-step instructions. The data highlight a need for targeted language support, especially in academic vocabulary and reading comprehension, to help ELLs access both ELA and Math content more effectively.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The Spring 2024 NYSESLAT results for ELL subgroups at Sheridan Academy for Young Leaders show notable disparities in English language proficiency progress among students with IEPs and Students with Interrupted or Inconsistent Formal Education (SIFE).

For ELLs with IEPs, the majority remained at the Entering or Emerging levels, with only a small number reaching

Transitioning or Expanding. Out of the 21 ELLs with IEPs, only 2 were at the Expanding level, and none reached Commanding. In contrast, ELLs without IEPs were more evenly distributed across the higher proficiency levels, with stronger representation at Transitioning and Expanding. This trend suggests that the intersection of language needs and disabilities significantly affects language development. Factors contributing to this may include limited instructional time tailored to both language and learning needs, insufficient differentiation, and a lack of specialized strategies that integrate language development into special education services.

For SIFE students, similar challenges are evident. Among the five identified SIFE students, most remained at the Entering or Emerging levels, with minimal movement toward Transitioning or higher. The interrupted schooling these students have experienced prior to arrival likely contributes to gaps in foundational literacy and content knowledge in both their home language and English. Furthermore, these students may also be adjusting to formal schooling routines and academic expectations, which can slow their progress on assessments like the NYSESLAT that measure academic language proficiency.

Overall, both subgroups require intentional, scaffolded support. ELLs with IEPs benefit from integrated ENL and special education instruction, while SIFE students need accelerated, culturally responsive interventions that rebuild foundational skills and ease the transition into academic language learning.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At Sheridan Academy for Young Leaders, our approach to providing ELLs with a high-quality academic experience is rooted in integration, intentional scaffolding, and culturally responsive teaching. ELLs are fully included in core content instruction alongside their peers, with ENL support delivered through both push-in and pull-out models depending on students' language proficiency levels and instructional needs. During push-in, ENL teachers collaborate closely with classroom teachers to co-plan and co-teach, ensuring that language objectives are embedded into grade-level lessons. During pull-out sessions, students receive small-group instruction focused on strengthening foundational literacy skills, expanding academic vocabulary, and building confidence in oral and written expression.

We also ensure ELLs experience deeper learning by focusing on tasks that require analysis, collaboration, and communication rather than rote learning. For example, in ELA, students engage with grade-level complex texts using strategies like text chunking, sentence frames, and discussion scaffolds. Visuals, bilingual resources, and home language support are used to make content accessible without watering it down. Our teachers also use formative assessments tailored to language learners, such as oral retells, graphic organizers, and scaffolded writing tasks, to check for understanding and adjust instruction. Through this blend of access and high expectations, our ELLs are not only learning English—they're also becoming critical thinkers, problem solvers, and active participants in their academic journey.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At Sheridan Academy for Young Leaders, the leadership team plays a proactive role in ensuring ELLs have consistent and equitable access to core instruction and curriculum. One key strategy is the close collaboration between administrators, the ENL coordinator, and grade teams to review data and adjust programming to meet students' language and academic needs. The leadership team regularly analyzes NYSESLAT levels, classroom performance, and formative assessment data to determine appropriate ENL services, including strategic grouping for push-in and pull-out models that align with the demands of the core curriculum.

Additionally, the leadership team ensures that all classroom teachers receive support in scaffolding instruction for ELLs by organizing professional development sessions on strategies such as using sentence frames, visuals, graphic organizers, and language objectives. Co-planning time between ENL and content teachers is encouraged and built into the schedule, allowing for integration of language goals into core instruction. The administration also monitors lesson plans and classroom instruction to ensure ELLs are being exposed to grade-level content with appropriate supports rather than being given below-grade-level work. By creating a culture of shared responsibility for ELLs' success and providing structures for collaboration and accountability, the leadership team helps guarantee that multilingual learners can access and engage in the same rigorous academic opportunities as their peers.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At Sheridan Academy for Young Leaders, core instruction for English Language Learners (ELLs) is delivered through both English as a New Language (ENL) models and a Dual Language Bilingual Education (DLBE) program. These models ensure that multilingual learners have full access to grade-level content while building academic language proficiency. All instruction is aligned to the Next Generation Learning Standards and incorporates research-based strategies to promote both language development and deep content understanding.

In our ENL program, we implement both Stand-Alone and Integrated ENL models. In the Stand-Alone model, students receive small-group instruction outside the classroom focused on English language development through vocabulary, oral expression, reading comprehension, and writing strategies. Instruction is differentiated by language proficiency level using visual supports, sentence starters, and structured routines to build confidence and independence. In the Integrated ENL model, ENL teachers push into general education classrooms and collaborate with classroom teachers to co-plan and deliver lessons. Language and content objectives are taught together, and strategies such as partner discussions, annotated texts, and graphic organizers are used to support students as they engage with rigorous, grade-level material.

Our Dual Language Bilingual Education (DLBE) program is currently implemented in Kindergarten and 1st grade using a 50/50 model, with instruction alternating between English and Spanish each day. Students receive core content—including ELA, Math, Science, and Social Studies—in both languages, using parallel curricula such as HMH Into Reading and Arriba la Lectura for literacy, and EnVision Math in both English and Spanish. To support foundational literacy in Spanish, we use Aprendo Leyendo for explicit phonics instruction. This program is aligned with the scope and sequence of Spanish literacy development and helps students build decoding and fluency skills in their home language. Teachers plan collaboratively to ensure cross-linguistic transfer is supported, using strategies like cognate recognition, visual aids, anchor charts in both languages, and language objectives designed for bilingual growth.

Together, these models reflect a schoolwide commitment to fostering biliteracy, high achievement, and a sense of belonging for all ELLs. Instruction is both language-rich and culturally responsive, preparing students not only to meet academic benchmarks, but to thrive as multilingual learners.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs with IEPs For ELLs with IEPs, teachers use scaffolded materials and multimodal instruction to reinforce both language and content goals. Lessons incorporate visuals, manipulatives, and frequent checks for understanding. Core content is delivered through curricula such as HMH Into Reading and EnVision Math, with adapted text levels, graphic organizers, and sentence starters to support comprehension and written expression. Technology tools such as Reading Coach and ReadWorks (with audio features) help provide access to grade-level texts while addressing decoding or processing difficulties. Collaboration between ENL and special education teachers ensures IEP goals are aligned with language development strategies.

b. SIFE

For Students with Interrupted or Inconsistent Formal Education (SIFE), instruction focuses on rebuilding foundational skills and integrating language-rich content instruction. Teachers use Bridging and Accelerated Literacy strategies, including leveled texts, anchor charts, and repeated read-alouds with targeted vocabulary. In early literacy, SIFE students benefit from Arriba la Lectura and Aprendo Leyendo (if Spanish is their home language), which allow them to reconnect with print concepts and phonics. Technology such as iReady and Reading Coach offers personalized pathways that target foundational skills without isolating students from grade-level content.

c. Newcomers

For Newcomers, who are typically Entering or Emerging in English proficiency, instruction prioritizes oral language development and high-frequency academic vocabulary. Teachers use picture-word cards, sentence frames, interactive notebooks, and modeled speaking activities across all subject areas. HMH Into Reading, EnVision Math, and science units are adapted with bilingual glossaries, realia, and text chunking. Newcomers also use platforms like Imagine Learning or BrainPOP ELL, Reading Coach, iReady (in both English and Spanish) to build foundational English skills in a personalized and engaging way. When students are literate in Spanish, Aprendo Leyendo supports simultaneous development of literacy in the home language.

d. Long Term ELLs

N/A

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

In order to to enable ELLs with IEPs to achieve their IEP goals and attain English Language proficiency within the least restrictive environment the classroom teacher, the ENL providers, Special Education Teacher Support Services (SETSS) provider, and other providers work collaboratively to create schedules that support student learning and diminish academic interruptions.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At Sheridan Academy for Young Leaders, home language assessment plays a crucial role in ensuring instruction is responsive to students' linguistic strengths and needs across all program models, including Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL). We recognize that evaluating students' proficiency and literacy skills in their home language allows us to provide more targeted instruction, promote cross-linguistic transfer, and honor students' cultural and linguistic identities.

Beginning in the 2025–2026 school year, we will implement Acadience Español as a universal screening tool to assess foundational literacy skills in Spanish. This will be used in both the DLBE and ENL models to monitor students' development in key areas such as phonological awareness, decoding, and oral reading fluency. In addition, i-Ready Español will be used to assess students' Spanish literacy and math proficiency. These assessments provide adaptive, standards-aligned data that help teachers differentiate instruction and determine the appropriate level of support in both languages.

In the DLBE model, home language assessments are used to ensure students are progressing in Spanish literacy alongside English. Teachers analyze data from Acadience Español and i-Ready Español to inform small group instruction, phonics intervention using Aprendo Leyendo, and content delivery in Spanish. This data is also used to ensure students are making balanced progress across both languages in accordance with the goals of biliteracy.

In the ENL model, although instruction is primarily in English, assessing home language skills—especially for newcomers and students with interrupted education—gives teachers insight into what students already know conceptually and linguistically. This allows educators to scaffold instruction more effectively and build on prior knowledge, even if it was developed in another language. For Spanish-speaking ELLs in ENL-only settings, data from i-Ready Español and informal home language writing samples may also inform the selection of bilingual resources or additional supports.

Through consistent home language assessment across all program models, our school ensures that instruction is not only aligned to academic standards but also tailored to each child's full linguistic profile.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At Sheridan Academy for Young Leaders, systems and structures for supporting collaboration and alignment across ELL program models are designed to ensure that instruction is cohesive, rigorous, and language-responsive. While our Integrated ENL model includes co-teaching partnerships, our Dual Language Bilingual Education (DLBE) model follows a one-teacher model, where a single teacher provides instruction in both English and Spanish on alternating days using a 50/50 model.

In the ENL Integrated Co-Teaching model, ENL and general education teachers are scheduled for weekly co-planning sessions. These meetings focus on embedding language objectives into core content instruction, selecting appropriate scaffolds, and determining the most effective co-teaching structures, such as station teaching or one teach–one support. Instructional leadership supports these teams through regular check-ins, shared planning documents, and walkthroughs focused on ENL strategies in action.

In the DLBE model, each classroom has one bilingual-certified teacher who delivers all instruction in both English and Spanish on alternating days. To support this teacher's ability to align curriculum across both languages, the school provides protected planning time, access to parallel curricular materials (e.g., HMH Into Reading and Arriba la Lectura, EnVision Math in both languages), and coaching support focused on cross-linguistic planning. While there is no co-teacher, the DLBE teacher receives support through collaboration with the ENL coordinator, grade team members, and district bilingual education networks when available. Structures such as bilingual anchor charts, cross-linguistic transfer strategies, and consistent routines across both languages are emphasized to promote biliteracy and content mastery.

These systems help ensure that all ELLs—whether in ENL or DLBE settings—receive consistent, high-quality instruction with intentional language development built into every lesson.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At Sheridan Academy for Young Leaders, our annual professional learning plan is intentionally designed to build schoolwide capacity to meet the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs). We believe that supporting ELLs is a shared responsibility, so our professional learning includes all staff—administrators, teachers, paraprofessionals, and support personnel—throughout the year.

Our plan includes a cycle of targeted professional development that focuses on high-leverage strategies such as integrating language and content instruction, scaffolding for diverse proficiency levels, and co-teaching models that support ELLs in general education settings. At the start of the school year, all staff engage in foundational training on ELL program models, NYSESLAT proficiency levels, and the importance of using language objectives alongside content objectives. Throughout the year, teachers participate in sessions on culturally and linguistically responsive teaching, cross-linguistic transfer, and strategies to support newcomers and students with interrupted formal education (SIFE). ENL teachers also facilitate planning support and model lessons to demonstrate how to integrate vocabulary, speaking opportunities, and structured writing into content-area instruction.

In addition to instructional practices, our plan includes training on the social-emotional needs of ELLs, including trauma-informed care, building a welcoming classroom for newcomers, and strategies to foster identity and belonging for multilingual students. Non-pedagogical staff, including school aides and office personnel, receive training on inclusive communication practices and language access resources to help families feel welcomed and supported. By embedding ELL-focused learning throughout the year and across roles, our school ensures that all staff are equipped to support both the academic achievement and emotional well-being of our multilingual learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Rigorous, research-based professional development will be provided for all ENL educators and support staff, such as paraprofessionals, and occupational/physical therapists to provide the best teaching possible for our ELLs. Our professional development focuses on how to implement strategies that promote a literate learning environment, which cultivates a culturally responsive environment. Through assessment, observation, study groups and discussions with colleagues, we will continue to adjust curriculum instruction to meet the cultural and learning needs of our students. Staff development will continue to support ENL methodologies and strategies through technology in literacy development. All administrators will assist the staff with the implementation of Next Generation Learning standards and effectively aligning the curriculum of grades K-6. Ms. Chiarello and Ms. Valentin will continue to attend the ENL Compliance Conferences and various workshops provided by OML. They turn-key valuable information to assist in planning for our ENLs and provide classroom teachers with instructional support. The school schedules a common prep for teachers of ENLs and Bilingual teachers bi-weekly. During the meetings, teachers share best practices, plan collaboratively, look at student work and data, and are develop impacting teaching and learning strategies. Teachers are updated about city and state mandates. Professional Development Plan for ENL personnel will be held on Professional Learning Mondays for 80 minutes.

Cycle 1 (Month of September): Implementation of the New CR Part 154: New teachers learn about the regulations and policy that govern education to ENLs and its implications in programming and the classroom. Aligning practice and instruction on the Hallmarks of instruction as per advanced literacy.

Cycle 2 (Month of October): Exploring the Next Generation Standards and its relation to the Bilingual progression standards.

Cycle 3 (Months of November and December) Engaging in Collaborative Inquiry: Teachers of ENLs revisit the theories of engaging in inquiry and put it into practice using ELL relevant data, identify a common problem, creating a plan of action, implementing strategies to help resolve the problem, and assess student performance at the end of the cycle. This year we plan to look closely at our students' discussions: language and knowledge use.

Cycle 4 (Month of January-February) Strategies for Academic Language Development: Teachers will explore and implement a variety of strategies to improve students' academic language development.

Cycle 5 (Month of March-April): Using Questioning and Discussion Techniques in the ENL/bilingual Classroom to engage ELLs in rich academic Discussion: Teachers of ELLs explore strategies to pose higher-order thinking questions and discussion techniques to deepen student understanding and use of academic language. Teachers will explore the elements of Hallmark 2 and 4 and the notion of "Do all higher-order thinking questions engage students in academic discussions?"

Cycle 6 (Month of May and June) Reflecting on Practice, looking at end-of-year student data, and looking ahead to the next school year. In addition, professional development will be offered for teachers in science and social studies. Teachers will collaborate in grade level l teams to navigate and implement the NYCDOE's Enhanced Science and Social Studies Scope and Sequence. In teams, teachers will determine the important content that students will learn and be clear about the big picture, key concepts, and the language structures needed to effectively access those concepts. They will explore and deepen their understandings of the Enhanced Science Scope & Sequence and make connections between the NYS Science Standards and Next Generation standards through our HMH Into Reading curriculum.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

At Sheridan Academy, we use a combination of screening assessments to guide instructional planning for our English Language Learners (ELLs), ensuring that decisions are grounded in data and responsive to students' varying needs and proficiency levels. These assessments provide insight into both foundational skills and grade-level readiness, allowing teachers to differentiate instruction effectively.
We will be using Acadience to screen ELLs who are identified as Students with Interrupted or Inconsistent Formal Education (SIFE) and those with significant academic gaps. Acadience helps us pinpoint where these students are in terms of early literacy skills such as phonological awareness, letter recognition, and decoding. This information is critical for rebuilding foundational skills and targeting small-group interventions.

In addition, we use i-Ready to assess reading and math performance across all grades. i-Ready provides diagnostic data that breaks down specific skill domains, allowing teachers to see where ELLs may struggle with vocabulary, comprehension, or math problem-solving. The program also offers adaptive learning paths that reinforce both content and language development.

We also administer MAP Growth in reading and math to monitor student progress three times a year. MAP Growth is particularly useful for ELLs because it measures growth over time, regardless of the student's starting point, and offers norm-referenced data that helps us track whether ELLs are closing academic gaps compared to their grade-level peers.

Together, these assessments allow our team to develop data-informed instructional plans that include scaffolded supports, targeted ENL instruction, and intervention as needed—ensuring all multilingual learners receive instruction that meets them where they are and helps them grow.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At Sheridan Academy, targeted intervention programs are in place across all grades to address the academic needs of English Language Learners (ELLs), with a particular focus on students with significant gaps, Students with Interrupted or Inconsistent Formal Education (SIFE), and those performing below grade level in core content areas. Intervention services are primarily offered in English, with some support in Spanish for students in the Dual

Language Bilingual Education (DLBE) program.

In ELA, ELLs receive targeted intervention through F-status teachers, who provide small-group support during designated intervention blocks. For students—especially SIFE and those with significant foundational reading gaps—Sound Partners is used to build skills in letter-sound correspondence, phonemic awareness, and early decoding. This evidence-based program is delivered in English and supports both newcomers and developing ELLs who require explicit, structured phonics instruction.

In Math, students receive additional support through KickStart and Building Fact Fluency, which are used by both classroom and F-status teachers to address foundational numeracy and operational fluency. These interventions target ELLs who have significant gaps in mathematical understanding, including SIFE and long-term ELLs who need repeated exposure to concepts and math language. Instruction is delivered in English, with the support of visuals, manipulatives, and academic language scaffolds. In DLBE classrooms, key math vocabulary is reinforced in Spanish using parallel EnVision Math resources and bilingual glossaries.

Overall, these intervention programs are closely aligned to diagnostic data from i-Ready, MAP Growth, and Acadience. Instruction is tailored to students' specific skill gaps and language levels, ensuring ELLs receive the targeted support they need to access and succeed in core content areas.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Data-driven decision-making is at the heart of our Multi-Tiered System of Supports (MTSS) for Multilingual Learners/English Language Learners (MLs/ELLs). Our approach is informed by the Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs, ensuring that we are implementing a culturally and linguistically responsive system that supports both academic achievement and language development.

Across all grades, we use multiple data sources—including NYSESLAT proficiency levels, i-Ready diagnostics, MAP Growth, Acadience (for foundational literacy in SIFE and students with significant gaps), classroom-based assessments, and formative observations—to monitor ELL progress and determine levels of support. During regular data cycles, the ENL coordinator, F-status intervention teachers, and grade teams collaborate to identify students who need Tier 2 or Tier 3 interventions. These discussions consider not just academic performance, but also students' English proficiency levels and time in program, ensuring that students are not over-identified for intervention based solely on language acquisition.

For Tier 1, all ELLs receive instruction with embedded language supports, such as content and language objectives, scaffolds, and differentiated materials aligned with their NYSESLAT level. In Tier 2, students who show gaps in specific skill areas—such as vocabulary, comprehension, or foundational math skills—are grouped for targeted small-group instruction during intervention blocks. These groups may be led by F-status teachers using programs like Sound Partners (ELA) or KickStart and Building Fact Fluency (Math). Tier 3 supports are reserved for students who show persistent needs despite Tier 2 intervention. These students often include newcomers, SIFE, or long-term ELLs, and receive individualized or intensive small-group instruction with a focus on foundational literacy or numeracy.

By triangulating academic, language, and social-emotional data, we ensure that each ELL receives the right level of support without confusing language acquisition with learning disabilities. Our MTSS approach is intentionally

collaborative, asset-based, and reflective of each learner's full profile, ensuring equity in access and outcomes for all multilingual learners.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At SAYL, we use a variety of formative assessments across all grades to inform and drive instruction for our English Language Learners (ELLs). These assessments provide ongoing insight into students' academic progress and language development, allowing teachers to adjust instruction in real time and meet students where they are.

Teachers regularly use teacher-created assessments, such as exit tickets, running records, and writing samples, as well as NYC Performance Tasks aligned to unit standards in ELA and math. These performance tasks allow students to demonstrate understanding through writing, problem solving, and oral presentations, giving teachers a window into both content knowledge and language use.

To support consistent expectations and instruction aligned with language development goals, all teachers will be trained to use the Universal English Language Development (ELD) Framework as a lens to support ELLs across disciplines. As part of this initiative, teachers will also implement the NYC DOE's Speaking and Writing Rubrics to assess and provide feedback on oral and written language. These rubrics will help standardize formative assessments and ensure that all students are progressing not just academically, but linguistically as well.

Together, these tools ensure that instructional decisions are grounded in meaningful, ongoing assessment data and aligned to the specific language and content needs of our multilingual learners.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Assessing students in their home language allows us to distinguish between language acquisition and true skill gaps, guiding more effective and equitable instructional planning.

To support this, we use Acadience Español as a key tool for evaluating foundational literacy skills in Spanish. This assessment is administered to Spanish-speaking students—particularly newcomers, SIFE students, and those in our Dual Language Bilingual Education (DLBE) program—to track progress in early literacy areas such as phonological awareness, letter-sound correspondence, and oral reading fluency. Acadience Español allows teachers to identify students who need additional support or intervention in Spanish, rather than assuming difficulties stem from English language acquisition.

Additionally, we use i-Ready Español to assess Spanish literacy and math skills. This adaptive assessment helps us monitor students' comprehension, vocabulary, and numeracy in their home language, providing a clearer picture of what students know and can do academically. These results are used to inform small-group instruction, interventions, and instructional planning in both languages.

By incorporating consistent home language assessments like Acadience Español and i-Ready Español throughout the year, we ensure that MLs/ELLs are evaluated holistically. This approach not only informs instruction but also affirms students' bilingual identities and leverages their full linguistic potential for academic success.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our school uses the following summative -standardized test to measure achievement in broad domains: ELA/Math State Exams, NYSESLAT, NYS) These assessments are used to evaluate the effectiveness of our ML/MLL programs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan is a collaborative team effort composed of the school principal, assistant principals, ESOL teachers, ENL classroom teachers, and testing coordinator. A memorandum is shared with the entire school to explain what is the NYSESLAT and who is eligible. NYSESLAT administration dates and formats are also shared in this memorandum. Projected dates for each modality and sessions of the exam are announced in this memorandum in order to ensure that teachers and testing staff are well prepared.

Administration of the NYSESLAT runs from mid-April to mid-May. The first several weeks are devoted solely to administration of the speaking section. The last 2 weeks are devoted to the other 3 sections. We send home the Parent Guide for the NYSESLAT to parents of ELLs (in their preferred language) prior to the administration of the NYSESLAT. Parent letters are also sent out to inform parents of the dates of administration and of their needed support to ensure that their children are present on these designated days of examination.

The trained pedagogues administering and scoring the exams are 2 ESOL teachers, ENL classroom teachers, and the Bilingual SETSS Teacher. Throughout the exam, ELL students continue to receive mandated services since the exam is given in sessions and in small groups.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

There are a few testing accommodations that we ensure ELLs receive for each state assessment. ELLs receive extended time, however since all state assessments are now untimed all students can take the time they need throughout the instructional school day to complete a state assessment. For the math New York State assessments, ELLs may use both the English version and a translated version of the test simultaneously. This accommodation helps students better understand the questions by cross-referencing both versions. We also ensure that ELLs take their tests in a separate location to minimize distractions and to provide an environment conducive to concentration and language processing. In addition, ELLs in our school community use bilingual dictionaries or glossaries that provide word-to-word translations without definitions. This helps students understand key vocabulary without giving

away answers. Finally, for students who speak languages not commonly represented, oral translation of test instructions and questions are provided.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The ENL Coordinator and/or other ENL teachers provide a comprehensive orientation to parents/guardians of newly identified ELLs within 10 days of initial enrollment. This orientation includes information on ELL program options, including the goals and requirements for Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language programs. Additionally, it covers the Next Generation Learning Standards, assessments, and school expectations for ELLs.

The orientation includes viewing the parent orientation video available in multiple languages, ensuring clarity and understanding??. The orientation is conducted in the language that the parent or guardian best understands. The school utilizes bilingual staff, including the parent coordinator (Spanish speaking) and parent language coordinator (French speaking) to provide translation/interpretation supports. If no staff is available to provide services or if translation/interpretation services are needed for any other language other than Spanish or French, NYC DOE's over the phone language support would be used.

All written materials, including the ELL Parent Survey & Program Agreement Form, are provided in the parents' preferred language??.

'The school schedules meetings at various times, including evenings and weekends, to accommodate parents' work schedules and is conducted in person or virtually if needed. Parents are given ample notice of meeting dates and times, with reminders sent via multiple channels (phone calls, emails, and notices sent home)??.

The school maintains detailed records to comply with NYC DOE Policy and Reference Guide for MLs/ELLs. Session agendas, attendance records, staff members present, and the languages used are recorded for each orientation session??. The completed ELL Parent Survey & Program Agreement Form is retained in the student's cumulative folder. This form documents the parent's program selection and is essential for audits and reviews.

The school's ATS system is used to record the initial parent selection and any subsequent changes, ensuring accurate and up-to-date records??.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The school organize annual individual meetings with parents or guardians of ELL students to discuss the following:
Goals of the ELL Program: An overview of the objectives of the ELL program, emphasizing the importance of bilingualism and biliteracy.
Language Development Progress: Detailed reports on the student's progress in language development across all content areas.
Assessment Results: Review and explanation of the student's performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and other relevant assessments.
Language Development Needs: Identification and discussion of the student's language development needs in English and the home language (if applicable).
Translation and Interpretation Support:

To ensure meaningful engagement of families, the school will:
Provide Qualified Interpreters/Translators: Ensure all meetings are conducted with a qualified interpreter or translator proficient in the language or mode of communication preferred by the parent or guardian.
Translation of Materials: Translate all meeting materials, including assessment results and progress reports, into the preferred language of the parents or guardians.
Scheduling to Facilitate Attendance:

The school will make every effort to schedule these meetings at times that are convenient for families. This includes:
Flexible Scheduling: Offering meetings before, during, or after school hours, including evenings and weekends if necessary.
Advanced Notice: Providing advance notice of the meetings to allow families ample time to arrange their schedules.
Multiple Meeting Options: Allowing parents to choose between in-person, virtual, or phone meetings based on their convenience and comfort level.
Maintaining Evidence of Meetings:

The school will meticulously maintain records of these meetings to ensure compliance with NYC DOE policies:
Attendance Records: Documenting the attendance of parents or guardians at each meeting using existing procedures, including sign-in sheets or digital logs.
Meeting Summaries: Keeping detailed summaries of each meeting, including discussion points and action items, signed by both the school representative and the parent or guardian.
Translation/Interpretation Documentation: Recording the use of translators or interpreters, including their names and the languages provided, as part of the meeting documentation.
Resource Distribution:

The school will distribute key resources to parents during these meetings, including:

Parent's Guide to the Next Generation Learning Standards
Parents' Bill of Rights for New York State English Language Learners/Multilingual Learners
Ensuring these resources are available in the preferred languages of the parents

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Beyond the mandated meetings and orientations, our school has implemented several strategies to ensure that families receive all school communications and documents in the language they best understand, and to facilitate their ability to respond or initiate communications in languages other than English.

Firstly, we employ bilingual staff and utilize translation services to ensure that all important communications, including notices, newsletters, and report cards, are translated into the primary languages spoken by our families. This includes Spanish, Bengali, French, Mandinka, Arabic, and Twi, which are the most common languages among our ELL families. We make use of both in-house translators and external translation services to cover all necessary languages accurately and promptly.

Additionally, our school has set up a communication system that includes multiple platforms such as emails, text messages, and phone calls, all of which can be customized to the preferred language of the recipients.

To facilitate two-way communication, we offer several options for families to respond or initiate communications in their preferred languages. Our front office staff includes bilingual personnel who can directly assist families in their native languages during phone calls or in-person visits. For written communication, families can send emails or letters in their preferred language, which are then translated by our staff or through professional translation services before being responded to.

We also provide training for our teachers and administrative staff on the use of translation tools and services to ensure that language barriers do not hinder effective communication. This includes using translation apps and services during parent-teacher conferences, meetings, and other interactions with families.

We host regular workshops and informational sessions for parents in multiple languages. These sessions are designed to help parents understand the school's processes, their child's progress, and how they can be involved in their child's education. These workshops are led by bilingual staff and are supported by interpreters as needed.

By implementing these comprehensive measures, our school ensures that all families receive clear and accurate information in the language they best understand, and that they have multiple avenues to communicate with the school in their preferred language. This approach fosters an inclusive environment where language differences do not become a barrier to effective communication and parental involvement in their child's education.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

We offer various workshops and training sessions, including parent education workshops that cover topics such as navigating the school system, understanding curriculum standards, and strategies to support learning at home.

To foster parent leadership, we establish Parent Teacher Association that include representatives from the ML/ELL community, ensuring their voices are heard in school decision-making processes. We organize community resource

fairs where families can access information about community services, healthcare, legal aid, and other support systems. These fairs often include representatives from local organizations that can offer assistance in multiple languages.

To tailor our activities and support to the specific needs of our ML/ELL families, we utilize several strategies. We conduct regular surveys to gather input from parents about their needs, concerns, and suggestions for improvement. These surveys are available in multiple languages to ensure accessibility. We also organize focus groups and listening sessions where parents can openly discuss their experiences and challenges, providing qualitative insights that help us understand the unique needs of our community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We provide all communication regarding leadership opportunities in multiple languages. This includes flyers, emails, text messages, and phone calls. By ensuring that information is accessible in the families' native languages, we increase the likelihood that they will understand and engage with these opportunities. Additionally, our school organizes dedicated information sessions and workshops that explain the roles, responsibilities, and impact of participating in the PTA, SLT, and CEC. These sessions are conducted in multiple languages or with the assistance of interpreters to ensure all families can fully comprehend the information.

Teachers, school counselors, and administrative staff personally reach out to ML/ELL families to inform them about upcoming leadership opportunities. This may include one-on-one meetings, or phone calls to discuss the importance of these roles and how parents can get involved. We also collaborate with local community organizations that have established relationships with ML/ELL families. These organizations help disseminate information about leadership opportunities and encourage parents to participate. Their trusted status within the community helps in effectively communicating the importance of parental involvement in school leadership.

Our school uses various technology platforms, such as Class Dojo, to share information about leadership opportunities. We ensure that these platforms support multiple languages and are user-friendly for all families. Additionally, we send regular updates and reminders about leadership opportunities and upcoming elections for positions in the PTA, SLT, and CEC. These reminders are sent through various channels, ensuring that families receive the information in a timely manner.

We encourage parents who are already involved in leadership roles to advocate and recruit other ML/ELL parents. Hearing about the positive experiences and impacts of involvement from fellow parents can be a powerful motivator for others to participate. To further support this, we offer support and mentoring for new ML/ELL parent leaders. Experienced members provide guidance and assistance to help new members navigate their roles effectively.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We work closely with Montefiore Medical Center and BronxWorks to ensure our students and their families have access to healthcare services, including mental health support, regardless of their language proficiency or cultural background. These partnerships help us address broader social needs such as housing, food security, and legal services, often facilitated by bilingual staff and multilingual materials. BronxWorks provides educational support programs that complement the academic efforts at PS 457. They offer after-school tutoring and enrichment programs that help students with homework, improve their academic skills, and explore new interests. These programs are particularly beneficial for ML/ELL students who may need additional help with language acquisition and academic concepts.

New York Edge is a non-profit organization that provides after-school tutoring and homework assistance, helping students reinforce what they learn in class. This support is especially beneficial for ML/ELL students who may need additional help with language acquisition and understanding course material. Additionally, they offer science, technology, engineering, and math (STEM) programs that engage students in hands-on learning experiences, fostering critical thinking and problem-solving skills. Arts education is another key area of support from New York Edge, offering programs in visual arts, music, theater, and dance. These programs allow students to explore their creativity and express themselves through various artistic mediums. They also incorporate culturally responsive activities that celebrate the diverse backgrounds of students, promoting an inclusive environment where all cultures are valued and respected.

New York Edge places a strong emphasis on family and community engagement. They organize workshops for parents on topics such as supporting their child's education, navigating the school system, and accessing community resources. They also host events that bring together students, families, and the community, fostering a sense of belonging and community support. Language and literacy support is another critical area of focus for New York Edge. They employ bilingual staff and provide resources in multiple languages to ensure that ML/ELL students and their families can fully participate in programs and access the support they need. Their literacy programs are tailored to the needs of ML/ELL students, helping them improve their language skills and academic performance. By partnering with New York Edge, PS 457 is able to provide a wide range of enriching activities and support services that address the diverse needs of our student population. These programs enhance students' academic, social, and emotional development, contributing to their overall success and well-being.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Upon enrollment, a Home Language Identification survey (HLIS) is administered to all students by a trained, licensed pedagogue. If the HLIS indicates a language other than English is spoken at home, the student undergoes the New York State Identification Test for English Language Learners (NYSITELL) to determine their English proficiency level.
Based on NYSITELL results, students are placed in suitable ELL programs such as English as a New Language (ENL), Transitional Bilingual Education (TBE), or Dual Language programs by the ENL Coordinator and the pupil account secretary. Placement should be completed within 10 school days of enrollment for most students, and within 20 school days for those with an Individualized Education Program (IEP).
The ENL Coordinator and Classroom teachers develop an Individual Learning Plan for each ELL, outlining specific language acquisition goals and instructional strategies tailored to the student's needs.
The ENL teachers provide daily ENL instruction that focuses on both language development and academic content support. Implement strategies like Sheltered Instruction Observation Protocol (SIOP) to enhance language learning in mainstream classrooms.
The ENL and classroom teachers regularly integrate language objectives into lesson plans, offer pull-out (standalone) or push-in (integrated) support services, and utilize language learning technologies if necessary.
The ENL coordinator and classroom teacher conduct regular formative and summative assessments to track ELL progress. They use data to adjust instruction and provide additional interventions as needed.
The ENL Coordinator and/or trained pedagogue administers the New York State English as a Second Language Achievement Test (NYSESLAT) annually to assess students' progress in English language proficiency.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

ELL Identification Structures and Process

At Sheridan Academy for Young Leaders, we follow the NYC DOE Policy & Reference Guide for MLs/ELLs to ensure all students are identified and appropriately served year-round. The school has a clear, proactive system for identifying and supporting English Language Learners (ELLs), including those with Individualized Education Plans (IEPs).

Proactive Planning to Prevent Instructional Interruptions

Our ELL identification process is strategically built into school operations to ensure that testing and placement do not delay or interrupt the provision of mandated ENL and/or bilingual instruction for current, former, and potential ELLs.

Pre-enrollment Preparation: Prior to the start of the school year, the ELL team—composed of the Assistant Principal, ENL teacher, and Pupil Accounting Secretary—reviews new student registration data in ATS and conducts outreach to families to verify home language survey information.

Rolling Admissions Protocol: Throughout the year, new admissions are screened within the first 10 school days to ensure immediate access to language services without disrupting ongoing instruction.

Instructional Continuity: Students identified as potential ELLs are placed provisionally in ENL-supported classrooms until identification is finalized to avoid any gap in services.

Roles and Responsibilities in the ELL Identification Process

Parent Coordinator & Secretary: Ensure that families complete the Home Language Identification Survey (HLIS) at registration and that documents are submitted to the ENL teacher and Assistant Principal.

Assistant Principal: Oversees compliance with DOE policy, ensures timely scheduling of the NYSITELL exam, and verifies that testing occurs within the required timeframe.

ENL Teacher: Administers the NYSITELL exam, records results in ATS and NYSED portals, and collaborates with the classroom teacher to determine the student's initial language support needs.

Guidance Counselor/Special Education Liaison: For students with IEPs, collaborates with the ENL teacher and the IEP team to ensure language acquisition needs are integrated into the IEP in alignment with the student's Least Restrictive Environment (LRE).

Principal: Reviews and certifies final identification outcomes, ensures students are scheduled for the appropriate ENL or bilingual services, and monitors compliance through the ELL Compliance and Performance (ECP) System.

Ensuring Continuity of Mandated ENL and Bilingual Services

Sheridan Academy has a yearlong monitoring system to guarantee that all identified ELLs and former ELLs receive mandated instructional minutes:

Scheduling: ENL services are embedded into the master schedule to ensure push-in and pull-out supports occur without conflict.

Progress Monitoring: The ENL teacher conducts quarterly language progress reviews, using NYSESLAT performance data and classroom observations to guide instruction and intervention.

Coordination with Classroom Teachers: Co-planning meetings occur biweekly between ENL and general education teachers to ensure instructional alignment.

Former ELLs: Continue to receive support through differentiated instruction, ongoing monitoring, and targeted interventions for two years post-exit, as required by DOE policy.

IEP Collaboration: For students dually identified as ELLs and students with disabilities, the ENL teacher participates in IEP meetings to ensure service alignment and compliance with both ENL and special education mandates.

Summary

Through this comprehensive system—clear role delineation, proactive planning, and continuous monitoring—Sheridan Academy ensures that every Multilingual Learner/ELL, including those with IEPs, receives equitable access to mandated services, language development opportunities, and rigorous academic instruction year-round.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Lisette Febus

Part IX: LAP Assurances

LAP Assurances Page

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Saika	Beltran	Parent Coordinator - Annual	02/05/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	6	1.41%	6	1.49%	0	0
BENGALI (BANGLA IN BANGLADESH)	4	0.94%	4	1.00%	0	0
FRENCH	7	1.64%	8	1.99%	1	1
MANDINKA (AKA MANDINGO)	1	0.23%	1	0.25%	0	
ENGLISH	220	51.52%	209	51.99%		

SPANISH	187	43.79%	172	42.79%	8	8
SONINKE	2	0.47%	2	0.50%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Letters	We currently have a need to translate letters in Spanish and French. Our Parent Coordinator translates the documents into Spanish, and our Parent Language Coordinator translates documents into French. As soon as the letters are written and completed in English, they are immediately shared through Google Docs with the two translators and they are usually translated within 5 school days. Using Google Docs is our main method of sharing all documents to be translated to ensure everyone sees the most updated document and so that the translated version of each document immediately follows the original, English version.
Parent Flyers	We currently have a need to translate flyers in Spanish and French. Our Parent Coordinator translates the documents into Spanish, and our Parent Language Coordinator translates documents into French. As soon as the letters are written and completed in English, they are immediately shared through Google Docs with the two translators and they are usually translated within 5 school days. Using Google Docs is our main method of sharing all documents to be translated to ensure everyone sees the most updated document and so that the translated version of each document immediately follows the original, English version.
Parent/ Student Monthly Calendars	We currently have a need to translate calendars in Spanish and French. Our Parent Coordinator translates the documents into Spanish, and our Parent Language Coordinator translates documents into French. As soon as the letters are written and completed in English, they are immediately shared through Google Docs with the two translators and they are usually translated within 5 school days. Using Google Docs is our main method of sharing all documents to be translated to ensure everyone sees the most updated document and so that the translated version of each document immediately follows the original, English version.

Notice of IEP Meetings	Most of these notices are translated by our Special Education Coordinator, who is bilingual in Spanish and English. When a language other than Spanish is needed, our Parent Language Coordinator translates them to French, or, if we do not have a staff member who is able to translate to a family's preferred language, we request translation services from the Office of Language Access.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Notice of IEP Meetings	Each teacher has a survey of each student's preferred language. The language chosen by each family has also been sent by email to each teacher, which can be found in Automate The Schools ATS Adult Preferred Language Report RAPL.This information sent to the teachers helps when creating a schedule for conferences because they would indicate whether or not the parent/caregiver needs interpretation services and, if so, they would specify the language needed. The schedule is inputted into a google spreadsheet, which our entire school has access to. We can see changes in real time which is helpful as administration is constantly looking to see which parents need interpretation services. We assign a bilingual staff member to provide interpretation services who have an out of classroom position and who is available during these conferences. Their name is typed next to the appointment time and the interpreter is made aware of their schedule by email with instructions on how to find the teacher and caregiver though the correct meeting link. If we do not have enough staff members available or if we do not have a staff member who is able to interpret in the families' preferred language, the teacher sets up an appointment with the Over-the-Phone Interpretation OPI Unit from the Office of Langu
SLT	Each parent/caregiver has been surveyed of their preferred language. It helps the School Leadership Team SLT make an appointment before the meeting with the Over-the-Phone Interpretation OPI Unit from the Office of Language Access and assign the preferred language of any parents/caregivers members who speak another language other than English who are taking part in the meeting, if their home language is one that is not able to be interpreted by members of the SLT already.
Parent/Caregiver Engagement	Parent Engagement is offered 35 minutes per week by each teacher. If interpretation services are needed, teachers dial in for interpretation services from the Over-the-Phone Interpretation OPI Unit from the Office of Language Access.

IEP Meetings	The School Base Support Team reads the language survey of each student's preferred language. It helps the team to make an appointment before the meeting with the Over the Phone Interpretation (OPI) Unit om the Office of Language Access and assign the preferred language of families who speak another language other than English. At the same time, there are staff members who speak another languages other than English who are willing to assist their colleagues if necessary. The language chosen by each family has also been sent by email to the School Base Support Team, which can be found in Automate The Schools ATS Adult Preferred Language Report RAPL.
Parent Workshops	Parent Workshops are usually run by the Parent Coordinator who speaks Spanish and English. She would speak in both English and Spanish to meet most of our parents' preferred languages. The Parent Language coordinator, who also speaks French, is also a part of the workshop and interprets if/when needed. If other languages are needed, and a staff member is unable to interpret in a family's preferred languages, staff members would dial in an interpreter from the Office of Language Access.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency such as a lockdown or fire, we rely on our multilingual staff to communicate directly with families, ensuring that everyone understands the situation and knows what actions to take. For languages not spoken by our staff, we have access to on-call translation services that can quickly assist in translating critical communications. Additionally, we update our school's website and social media channels, such as Class Dojo, with information in multiple languages to keep all families informed as the situation develops. This approach ensures effective communication with all parents during emergencies, catering to their language preferences.

For these situations, we primarily rely on direct phone calls made by our multilingual staff. These staff members are trained to provide clear and concise information, ensuring that all necessary details are communicated effectively and compassionately. If the student's family speaks a language that our staff does not, we utilize the on-call translation services provided by the Office of Language Access to assist in the conversation, ensuring no details are lost in translation.

Additionally, we follow up with written communications, such as emails or letters home, which are translated into the parent's preferred language. These documents provide a written record of the incident and any necessary follow-up actions.

Our front office staff includes members who are fluent in the most commonly spoken languages among our school community, Spanish and French. These staff members are readily available to assist with any urgent calls from parents. For languages that are not covered by our office staff, we have access to on-call translation services that can be quickly engaged to facilitate communication. This ensures that every parent's concerns are understood and

addressed promptly.In addition, parents are provided with clear instructions in multiple languages at the beginning of the school year about how to contact the school in an emergency.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school is committed to ensuring that all staff members understand and comply with the goals of Chancellor's Regulation A663, which mandates equitable language access for all families. To facilitate this, our Language Access Coordinator LAC organizes regular training sessions for staff at the start of the school year and as needed, focusing on the importance of language access and the specifics of Regulation A663. These sessions also guide staff on how to use NYC DOE-provided translation and interpretation services effectively. A copy of the Chancellor's Regulation A663 is given to each staff member, along with providing them with a digital version in their email at the start of the school year.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To ensure that parents who are limited in English proficiency are fully informed of their rights to receive information in their preferred language, we have placed multilingual signs at key points around the school, such as the main entrance, hallways, and near the main office. These include welcome posters and a Language Identification Guide provided by the DOE Translation Office, guiding parents and caregivers on accessing language assistance services.

At events designed to engage parents, such as PTA meetings and international parent nights, we make a concerted effort to discuss language access rights clearly and provide interpretation services. This proactive stance is part of our commitment to creating an inclusive atmosphere that welcomes all families and supports the participation of parents who speak languages other than English.

Additionally, our school embraces technology to bridge communication gaps. We utilize the ClassDojo messaging app, which supports translations into over 130 languages, allowing us to communicate directly with parents on their smartphones. This ensures that all families stay well-informed about school happenings, policies, and their children's educational progress in a language they understand best.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

To better understand and improve our language assistance services, one thing we do is ensure that each classroom has its own unique survey hosted on Google Drive, crafted using the ATS RAPL data to accurately match each student with their parents' preferred languages. These surveys are conducted right after any school meeting where we provide interpretation services, allowing us to immediately gauge how effective these sessions are and make any necessary adjustments. In addition, every time we use translators approved by the Department of Education, they provide an after-service survey for both parents/caregivers and school staff, which helps our school community to keep a record during the school year of the translation services we provide to our families.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

From the surveys collected, we identified key areas needing attention, such as the timeliness of interpretation services, accuracy of translations, and accessibility of our digital platforms. Parents noted delays in getting interpreters during meetings and some inaccuracies in translated documents. Also, difficulties with accessing our digital tools like Google Drive and ClassDojo were highlighted.

In response to the feedback we've received, we are implementing several initiatives to enhance our language services this school year. Firstly, we plan to increase our pool of interpreters by surveying our staff at the beginning of the year to identify additional language capabilities. This will help ensure that interpreters are readily available for school meetings. For languages not spoken by our staff, we will set up pre-arranged appointments with Over the Phone Translation services provided by the DOE's Office of Language Access to accommodate the needs of all parents in a timely manner.

To improve the accuracy of our translated materials, we will implement a double-check system, where a second translator reviews all important documents before they are sent to parents. Additionally, recognizing the challenges some parents face with technology, we will offer training sessions to help them effectively use our digital platforms. For parents who prefer traditional methods, we will provide paper copies of surveys and communications, ensuring everyone has access to important school information, which will enhance our inclusivity and ensure all parents can fully participate in their child's education.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School,Saturday Academy

Total number of ELLs to be served in this program:

35

Grades to be served in this program. Select all that apply.

,K,3,4,5,1,2

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

1

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Title III funds will provide P.S. 457X with the opportunity to offer supplemental English language and content instruction to ML/ELLs and conduct parent workshops. The funds provided will be used to enhance the educational opportunities of children have recently arrived to the United States and their families. In addition, it will allow us to purchase educational materials, such as Benchmark Education's Phonics Program geared towards language development. We will acquire educational resources with a focus on non-fiction reading, with an emphasis on academic vocabulary development aligned with Hallmark 4 from Advanced Literacy text by Noni Lesaux.

Based on the recent NYS ELA and Standardized Math test scores, immigrant students did not fare well in these test. The monies from this program can be used to provide additional support in both Math and ELA. One of the educational challenges faced by many immigrant students is the fact that the instructional curriculum that they are exposed to differs from the CCLS aligned curricula. Additional support aside of the core curriculum will bridge the educational gap.

Subgroups and grade levels of students to be served: The focus group will be composed of ELLs categorized as SIFE (Students with Interrupted Formal Education), Newcomers, and immigrant students in grades 3-5. Our identified population of new arrivals is from Dominican Republic, Puerto Rico, French Dominant regions, Bengali, as well as Arabic, among other countries.

Schedule: This program will take place on Tuesday, Wednesdays, and Thursdays from 7:00 - 7:50 a.m. and Tuesday and Wednesday from 2:30-5pm - From November 2025 until May 2026 or until funding is available.

The language of instruction will be English. Our curriculum will consist of Literacy Through Listening, Reading, and Writing Skills, and Getting Ready for the NYSESLAT.

Mrs. Cancel, Ms. Villanueva, Ms. Hess, Ms. Vasilakos and Ms. Paula will provide the instruction.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Our Title III ELL funded programs are based on both qualitative and quantitative data that demonstrate a clear need for supplemental language and content instruction for our multilingual learners. Quantitative data, including recent NYS ELA and math test scores, indicate that immigrant students- particularly those newly arrived- are significantly

underperforming in these areas. Qualitative evidence from teacher observation and classroom performance further highlights that many of our ELLs, especially newcomers and SIFE students are struggling to access grade-level curriculum due to limited English proficiency and gaps in foundational literacy.

To address these needs, we are using data sources such as NYSESLAT results, i-Ready assessments, and teacher-created formative assessments to identify students in need of targeted intervention. Title III funds will support a supplemental program focused on literacy through listening, reading, and writing, with targeted instruction on non-fiction and NYSESLAT preparation. Instruction will be delivered in small groups before and after school, and the curriculum will include materials like Benchmark Education's Phonics Program and Hallmark's Advanced Literacy texts to address decoding, fluency, and comprehension gaps. These instructional enhancements will help bridge the divide between students' current performance and the demands of the Next Generation Learning Standards.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III ELL funded program at P.S. 457 will focus on supporting English Language Learners (ELLs) in grades K-5, with particular attention to two subgroups: newcomers and Students with Interrupted Formal Education (SIFE). These students represent some of the most linguistically diverse and academically vulnerable learners, who require specialized instruction and support to bridge significant language and educational gaps.

The program will serve students from kindergarten through fifth grade, ensuring early intervention and continuous language development support across all elementary levels. By targeting K-5, the program aims to provide foundational language skills in the primary grades and ongoing support as students progress through the intermediate grades.

Subgroup Descriptions:
Newcomers: This subgroup includes recently arrived students with little to no proficiency in English. Newcomers often require a strong focus on developing basic interpersonal communication skills (BICS) and, over time, the academic language skills (CALP) necessary for classroom learning. The Title III program will offer newcomers structured support in listening, speaking, reading, and writing to build a solid foundation in English. For these students, extended sessions will provide intensive language instruction in a supportive, small-group setting, allowing them to acclimate to the English-speaking classroom environment.

Students with Interrupted Formal Education (SIFE): SIFE students, who may have experienced significant disruptions in their education, often have lower literacy levels in both their native language and English. These students require tailored instructional approaches that focus on foundational literacy skills, such as decoding, comprehension, and written expression, which the Title III program will address through focused, skills-based activities. Given that SIFE students are often behind their peers academically, the program’s additional learning time will be essential for helping them acquire the language and academic skills needed to make meaningful academic progress.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The duration of the Before and Afterschool programs will be from Monday, November 3, 2025 through Friday, May 15, 2026.
Saturday Academy will be from Saturday, January 10, 2026 through Saturday, May 16, 2026.

Before School: about 60 sessions Monday through Wednesday from 7:00am-7:50am
After School: about 60 sessions Monday through Wednesday from 2:30pm-4:30pm
Saturday Academy: about 20 sessions on Saturdays from 9:00am-12:00pm

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Before School: The language of Instruction is English for both ELA and Math. The home language will be supported by interpretations and translations by the teacher as the teachers who would be instructing the program will all be bilingual and the students who are attending the program have Spanish as their first language. They will provide Math documents both in English and Spanish.

After School: The language of Instruction is English for both ELA and Math. The home language will be supported by interpretations and translations by the teacher as the teachers who would be instructing the program will all be bilingual and the students who are attending the program have Spanish as their first language. They will provide Math documents both in English and Spanish.

Saturday Academy: The language of Instruction is English for both ELA and Math. The home language will be supported by interpretations and translations by the teacher as the teachers who would be instructing the program will all be bilingual and the students who are attending the program have Spanish as their first language. They will provide Math documents both in English and Spanish.

If a student whose home language is a language other than Spanish, they will be provided with access to the Microsoft Translate app where they will be able to hear Math instruction interpreted in their home language as the teacher is teaching. They would also be provided access to Google Translate where they will be able to scan a document and it would be translated and then read to them in their home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Before school program will consist of 2 teachers. One teacher is certified in TESOL and Bilingual Education, one is certified in only TESOL.

After School program will consist of 4 teachers. Two of which are TESOL certified, one is Early Childhood certified, and one is bilingual and Special Education certified.

Finally for Saturday Academy, it will consist of the same 4 teachers as the after school program. Two of which are TESOL certified, one is Early Childhood certified, and one is bilingual and Special Education certified.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

NYSESLAT Rehearsals from Rally!- not at cost; Benchmark Education Phonics- not at cost; Finish Line New York ELLs from Continental- not at cost.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Our school will launch the Title III ELL program in November 2025. Parents and guardians will be notified of the program through multilingual flyers, phone calls, and Remind messages beginning in October 2025. All communication will be provided in families' preferred languages, as identified in ATS. We will also host an informational session during our monthly parent engagement evening to explain the goals, schedule, and benefits of the program, and to answer any questions from families.

We will maintain a detailed record-keeping system for our Title III ELL program in a shared and secure Google Drive folder accessible to program supervisors. This will include:
- Copies of all parent notifications in multiple languages

- Student attendance logs for each session
- Copies of teacher certifications and assignments for those delivering instruction
- Sign-in sheets and agendas for all professional development activities
- Documentation of parent engagement events related to the program
- Purchase orders, packing slips, and invoices for all Title III-funded materials and resources

These records will be regularly updated and reviewed by the ENL coordinator and administration to ensure compliance with Title III guidelines and readiness for audit or program evaluation.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The professional development (PD) plan for PS 457 aims to enhance teachers' ability to support English Language Learners (ELLs) effectively. This comprehensive PD program includes training on differentiated instruction, cultural competency, and academic language development. These areas are identified based on data-driven needs to improve instructional strategies and student outcomes for our ELL population.

For differentiated instruction, teachers will participate in workshops that focus on strategies for meeting the diverse linguistic needs of ELL students. They will engage in collaborative planning sessions to develop and share differentiated lesson plans and instructional strategies. Additionally, teachers will observe model lessons and receive feedback on their differentiation practices to refine and improve their approaches. These activities aim to equip teachers with the tools and methods necessary to tailor their instruction to the varied proficiency levels of ELL students.

In the area of cultural competency training, teachers will attend workshops designed to enhance their understanding of the cultural backgrounds of their students, focusing on building culturally responsive teaching practices. They will also participate in community engagement activities to build stronger connections with ELL families and gain insights into their cultural contexts. Reflective practice sessions will allow teachers to discuss cultural competency challenges and share successful strategies, fostering an environment of continuous learning and improvement in cultural awareness and sensitivity.

Academic language development workshops will form another critical component of the PD plan. Teachers will join Professional Learning Communities (PLCs) that focus on academic language development across different content areas, sharing best practices and resources. They will receive training on language acquisition theories and practical strategies to support academic language development in the classroom. Collaborative efforts will also be made to integrate academic language development into the existing curriculum, ensuring that ELLs can access and succeed in all subject areas.

The professional development activities described above will be funded by Title III ELL funds. This includes the costs associated with hiring expert trainers, purchasing necessary materials and resources, and covering any

additional expenses related to workshops, training sessions, and community engagement activities. The investment in these professional development initiatives is crucial to building the capacity of our educators to meet the needs of ELL students and to enhance their academic success.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development at PS 457 is designed to address the specific needs of our English Language Learners (ELLs) and to enhance the instructional capacity of our educators. These PDs are justified by a thorough analysis of both qualitative and quantitative data, which highlight areas where our ELL students are underperforming and where teachers require additional support to effectively teach this diverse student population.

The first activity focuses on differentiated instruction for ELLs. Qualitative data, including teacher feedback and classroom observations, reveal that while teachers are attempting to differentiate instruction, the effectiveness of these strategies varies. Teachers report challenges in meeting the diverse linguistic needs of ELL students and express a need for more strategies to differentiate instruction effectively. Quantitative data, such as NY State English as a Second Language Achievement Test (NYSESLAT) scores, show that ELL students at PS 457 are consistently scoring below the state average, particularly in reading and writing. Longitudinal data indicates that ELL students are making slower progress in achieving English language proficiency compared to their peers. The data sources for this activity include NYSESLAT scores, teacher surveys and feedback forms, classroom observation reports, and student progress tracking data.

The second activity is cultural competency training. Parent and community feedback highlights a need for greater cultural sensitivity and understanding from teachers to better support ELL students and their families. Teachers have also expressed a desire to learn more about the cultural backgrounds of their students to build stronger, more supportive relationships.

The third activity involves academic language development workshops. A review of the current curriculum indicates that there is insufficient focus on academic language development, which is crucial for ELL students to access content across subjects. Teachers have identified academic language as a key area where they feel underprepared to provide effective instruction. Quantitative data, such as standardized test scores, reveals that ELL students are underperforming in content areas such as math and science, indicating a need for stronger academic language support. Internal benchmark assessments show gaps in vocabulary and comprehension skills among ELL students. The data sources include standardized test scores and benchmark assessment results.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers working with ELL students under the Title III ELL program at PS 457 will receive ongoing professional development related to the program. This includes classroom teachers, specialist teachers, and support staff who interact with ELL students. The PD sessions will be offered to the entire staff to ensure a cohesive and comprehensive approach to supporting ELLs throughout the school.

To ensure that all teachers receive continuous support and development, regular workshops and training sessions will be scheduled throughout the academic year to cover the various topics mentioned above. Teachers will participate in Professional Learning Communities (PLCs) focused on ELL-related strategies, allowing for ongoing collaboration and sharing of best practices.

Experienced ELL educators will provide mentorship and coaching to other teachers, offering guidance and support as they implement new strategies in their classrooms. Additionally, online learning modules will be accessible to all staff for flexible, self-paced learning on key topics related to ELL instruction. Regular feedback and reflection sessions will provide opportunities for teachers to reflect on their practice, share experiences, and receive feedback from peers and PD facilitators.

By offering these professional development opportunities to the entire staff, PS 457 ensures that all teachers are well-equipped to meet the needs of ELL students, thereby enhancing the overall educational experience and academic success of this student population.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Differentiated Instruction for ELLs
Teachers will participate in workshops that focus on strategies for meeting the diverse linguistic needs of ELL students. Sessions will run from September 9, 2025, to December 16, 2025, with a total of 4 sessions scheduled the first Monday of each month 3:00-4:00pm.

Cultural Competency Training
Workshops designed to enhance cultural understanding will occur from October 14, 2025, to January 13, 2026, spanning 4 sessions scheduled on the second Monday of each month from 3:00 PM to 4:00 PM.

Academic Language Development Workshops and HMH Curriculum Integration

From November 18, 2025, through February 17, 2026, teachers will participate in a series of Academic Language Development Workshops designed to strengthen instructional practices that support language acquisition across content areas.
These sessions will be held on the third Monday of each month, from 3:00 p.m. to 4:00 p.m., for a total of four

workshops. Each session will focus on strategies for integrating academic language development within the HMH curriculum, ensuring that all students—particularly Multilingual Learners—are provided equitable access to grade-level content and rigorous instruction.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to be Covered for Differentiated Instruction for ELLs PD:

- Understanding the needs of ELL students
- Techniques for differentiating instruction based on language proficiency
- Using formative assessments to guide differentiation
- Strategies for scaffolding and providing language support
- Integrating technology to support differentiated learning

Topics to be Covered during Cultural Competency Training:

- Cultural awareness and sensitivity
- Building relationships with diverse student populations
- Strategies for culturally responsive teaching
- Effective communication with ELL families
- Addressing and reducing cultural biases in the classroom

Topics to be Covered during the Academic Language Development Workshops:

- Language acquisition theories and principles
- Strategies for teaching academic language across content areas
- Developing vocabulary and comprehension skills
- Designing lessons that incorporate academic language development
- Assessing and monitoring academic language progress

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Title III ELL Professional Development Activity: District ENL Professional Learning

Provider(s):

District ENL Team / Office of Multilingual Learners (OMLL) Joe Allegretto, Instructional Lead - Math and Multilingual Learners– District-level Professional Learning Series

School-Based ENL Coordinator- A. Paula – On-site facilitator providing ongoing coaching and support at no cost to the school

Description:
These sessions offer targeted professional learning to deepen teachers' understanding of effective ENL instructional strategies, compliance expectations, and integration of language objectives within core content instruction. The school-based ENL Coordinator supplements district offerings by leading follow-up coaching cycles and collaborative planning aligned to school needs and the HMH curriculum.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Sheridan Academy for Young Leaders maintains a systematic and transparent process for documenting and storing all materials related to Title III–funded professional development activities, ensuring full compliance with NYCDOE and federal guidelines.

Documentation Procedures:

Agendas and Attendance Sheets: Each professional development session—whether district-led or school-based—includes a detailed agenda and participant sign-in sheet. The ENL Coordinator collects and verifies attendance and uploads all materials to the school's shared Title III Compliance Folder located on the secure DOE drive.

Session Materials and Presentations: Copies of presentation slide decks, handouts, and teacher reflection forms are archived electronically in the same folder, labeled by date, title, and provider.

Implementation Evidence: Follow-up coaching notes, teacher feedback forms, and instructional artifacts (e.g., lesson plans or student work samples) are maintained to demonstrate the impact and application of Title III professional learning.

Funding Identification:

Activities supported by Title III ELL funds are clearly labeled on all agendas, attendance sheets, and documentation.

The Academic Language Development Workshops and HMH Curriculum Integration sessions (November 2025–February 2026) are identified as Title III–funded professional development.

District ENL professional learning and school-based ENL Coordinator support are provided at no cost to the school and are not charged to Title III funds.

Oversight and Record Retention:
The Assistant Principal and ENL Coordinator jointly ensure that all documentation is complete, current, and stored securely for a minimum of seven (7) years. Records are made available upon request for Title III audits, district monitoring, or program evaluation.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As part of our on-going outreach efforts, parents are invited through various methods of communication such as; Instagram, Class Dojo, event flyers, and monthly calendars. Families are encouraged to be active participants of all school related activities such as; Monthly grade specific learning activities and "Annual Community Learning Fair" in June. This event is a great venue for parents of ELLs to be integrated into the school community. Other events that take place throughout the year targeting this population are:
1. The Annual Day of Giving, in November 2025 to celebrate diversity
2. Math and Literacy Nights- Translators will be available upon request
3. Community Learning Fair

In addition to the events listed above, we have created a Parent Equity and Language Committee to support parent's translation through the use of translation devices. This is overseen by Ms. Beltran and Mr. Sy, our School Language Coordinator. This will support parents during workshops, trainings, and meetings on various topics. These workshops will take place throughout the fall, winter, and spring of 2025-2026 academic school year. Each workshop will last at least one hour.

This will be at a cost to Title III ELLs as some materials and supplies are needed for each workshop/gathering.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Increase parent Involvement

The Sheridan Academy for Young Leaders will increase parents/caregivers' involvement by making sure that we reach out to parents regularly to ensure parents/caregivers know how to get ahold of our school. In addition, we will conduct parents/caregivers meetings to keep families up to day on school activities, expectations, and students' progress.

We will offer multiple ways for parents to ask questions and provide feedback (phone, text, email, Google Classroom, ClassDojo, School's Calendar, fyers, or virtual Coffee meetings), establish a regular communication schedule, so families know when and how to expect updates and ask questions. In addition, we will guide families in how they can help their children with certain assessments allowing families to provide feedback on areas where their child may need extra support. All these communications will be in the families' native language to make it equitable for every parent/caregiver creating a strong relationship between families and our school community.

The Sheridan Academy for young leaders will collaborate with our Parent Association (PA) to improve recruitment and training work involving families as volunteers to support student and school programs. In addition, to be effective with parents/caregivers' needs, we will create a Need Assessment for families to connect them with the different Community Organizations (CBOs) and services accordingly to their needs.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

As part of our ongoing outreach efforts, parents are invited through multiple communication platforms such as Instagram, Class Dojo, event flyers, and the monthly school calendar. Families are encouraged to be active participants in all school-related events including monthly grade-specific learning activities and the Annual Community Learning Fair in June, which serves as an opportunity for parents of ELLs to be further integrated into the school community.

Annual Family Engagement Calendar (SY 2025–2026):

September–June:
A calendar of family engagement workshops will be developed and disseminated based on parent interests, building on existing family events and programs at Sheridan Academy for Young Leaders.

October:
The Parent Coordinator, ENL Coordinator, and School Leadership Team (SLT) will collaborate to develop a Family Interest and Needs Assessment Survey to guide the planning of workshops and to connect families with appropriate community-based organizations (CBOs).

November 2025:
Annual Day of Giving – Celebrating diversity and increasing parent involvement through cultural sharing activities. Duration: 1.5 hours. Day/Time: Evening session.

December 2025 – February 2026:

Academic Support Workshops (Math and Literacy Nights) – Translators and interpretation supports available upon request. Frequency: Monthly. Duration: 1 hour per session.

March – May 2026:
Parent Equity and Language Committee Meetings – Facilitated by Ms. Beltran and Mr. Sy (School Language Coordinators) to support translation needs through the use of translation devices. Workshops will take place in the fall, winter, and spring and will focus on topics such as supporting ELLs at home, understanding assessments, and building academic vocabulary. Each session will last approximately one hour.

June 2026:
Annual Community Learning Fair – A culminating event that showcases student learning and provides a venue for families to engage in hands-on activities. Duration: 2 hours. Day/Time: Weekday afternoon.

Communication and Documentation:

Parent invitations and notifications will be distributed through multiple channels (Class Dojo, flyers, school website, and automated phone calls).

All communication will be translated into families' preferred languages to ensure equity and accessibility.

Attendance sheets, agendas, and photos of events will be maintained in the school's Title III Compliance Folder on the secure DOE drive.

Funding and Resources:

Some materials and supplies for family engagement workshops will be purchased using Title III ELL funds.

Incentives for parent participation (e.g., raffles or take-home resources) will be provided from October through June to encourage consistent engagement.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

ENL Strategies
Classroom Scaffolds and the SIOP Model will provide differentiation. We will integrate technology, google translator for support during classroom instruction. Students and parents will be using technology in their own language to communicate during the instructional day and parent meetings.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The Center for Educational Innovation (CEI) will collaborate with The Sheridan Academy for Young Leaders to support the facilitation of parent workshops and engagement activities throughout the 2025–2026 school year.

School-Based Providers and Facilitators:
Family engagement activities will be led by multiple members of the school community, including but not limited to:

Dr. Marjorie Purdee-Iglio, Assistant Principal – Oversees planning, coordination, and implementation of all Title III ELL family engagement initiatives.

Sakia Beltran, Parent Coordinator – Leads outreach and communication with families; co-facilitates parent workshops; provides translation and family support services.

Krystal Lindsey, Instructional Coach (K–2) – Facilitates primary grade-level family learning sessions and supports parent training in foundational literacy strategies.

Laura Silberman, Instructional Coach (Grades 3–5) – Facilitates upper-grade family engagement sessions focused on academic vocabulary and literacy development.

A. Paula, ELL/Language Access Coordinator – Oversees translation services, ensures language accessibility for all families, and co-leads ELL-specific parent workshops.

School Social Worker – Provides support during family sessions related to socio-emotional learning, community resources, and student well-being.

Vendor/Partner Organization:

Center for Educational Innovation (CEI) – Provides professional development and technical assistance for staff facilitating parent workshops, as well as materials and strategies to strengthen parent engagement for ELL families.

Language Access:
The majority of staff members facilitating these workshops are Spanish-English bilingual, ensuring equitable communication and accessibility for our multilingual families.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

We will communicate the school events utilizing many sources of communication:
Translated Flyers, Automatic Translation on Class dojo, and School Messenger. We will also communicate utilizing the school's new website: EChalk.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will keep copies of the notification to parents, such as flyers. During each activity, there will be a sign in sheet to document which families were there for each activity and store it in a family engagement binder along with the flyers.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School,Saturday Academy

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

2

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

After School Learning Program

This program serves all ENL students in grades 3-5. The program runs from December 7, 2025, to June 2026. Students meet after school on Tuesdays, Wednesdays, and Thursdays from 2:25pm to 4:30 pm. We have 45 students in this program and 2 teachers. Students are grouped homogeneously as per English proficiency levels determined in 2023 NYSESLAT and teacher performance assessments. Instruction is in English. Ells in this program will benefit from techniques such as cooperative learning, connections to students' experiences, targeted vocabulary instruction, visual demonstrations, and the use of text and supplementary materials.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

(Qualitative Data) To develop the best educational programs for our Immigrant students we have taken into consideration their diverse backgrounds, their educational and cultural experiences, as well as their considerable linguistic differences. Upon admission, administrators and ENL staff review Home Language Identification Surveys and conduct parent interviews to assess educational and cultural experiences and determine an instructional design.

(Quantitative Data) This year we have approximately 25-30 newly admitted immigrant students in grades 3-5. Within this group, we have identified 20% as being students with interrupted formal education. Our instructional goal for all immigrant students is to ensure the development of formal or academic English. In our programs we are incorporating well implemented and cognitively challenging techniques that can help students close achievement gaps and demonstrate their knowledge of science skills, social studies concepts, and mathematical reasoning.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

This program serves all ENL students in grades 3-5. The program runs from December 7, 2025, to June 2026. Students meet after school on Wednesdays, and Thursdays from 2:25pm to 4:30 pm. We have 45 students in this program and 2 teachers. Students are grouped homogeneously as per English proficiency levels determined in 2025 NYSESLAT and teacher performance assessments. Instruction is in English. Ells in this program will benefit from techniques such as cooperative learning, connections to students' experiences, targeted vocabulary instruction, visual demonstrations, and the use of text and supplementary materials.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and

- Time and duration of sessions.

The Title III Immigrant-funded after-school program will run from December 7, 2025, through June 2026. Sessions will be held twice weekly, on Wednesdays and Thursdays, from 2:25 p.m. to 4:30 p.m. Each session will last approximately two hours, providing targeted academic and enrichment support for participating students.

The program will include a total of 40 sessions, depending on the school calendar, holidays, and scheduled professional development days.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Early Learning Program

This program serves all SIFE students in grades 3-5 and all other ELL students who are at the entering and emerging levels in English proficiency. The program runs from November 8, 2025, to June 2026 and students meet on Tuesdays, Wednesdays, and Thursdays from 7:10am to 7:50am. There are 15 students and one teacher in this program. Instruction is in English with native language support when needed. Ells in this program will benefit from instruction in the key components of reading such as phonemic awareness, phonics, fluency, vocabulary, and text comprehension.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Administrative team will identify those certified teachers best qualified to serve in these programs and together create a timeline for each program and determine instructional materials and techniques that will support the development of English language proficiency in both conversational settings and complex academic language settings. Teachers will meet to create content and language opportunities that will enhance both receptive (listening and reading) and productive (speaking and writing) English language skills.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

This program serves all SIFE students in grades 3-5 and all other ELL students who are at the entering and emerging levels in English proficiency. The program runs from November 8, 2025, to June 2026 and students meet on Tuesdays, Wednesdays, and Thursdays from 7:10am to 7:50am. There are 15 students and one teacher in this program. Instruction is in English with native language support when needed. Ells in this program will benefit from instruction in the key components of reading such as phonemic awareness, phonics, fluency, vocabulary, and text comprehension using Fundations and Corrective Reading Decoding Level A and B1.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Parents and guardians will be notified about the program through multiple communication platforms, including Class Dojo, the school website, flyers, monthly calendars, and direct letters translated into families' preferred languages. Announcements will also be made during family workshops, open houses, and grade-level meetings.

Program details—such as objectives, schedules, and eligibility—will be communicated at the start of each cycle or event, and reminders will be provided prior to each session. The Parent Coordinator, ELL Coordinator, and Assistant Principal will ensure that notifications reach all participating families and that translation or interpretation services are available as needed.

Maintaining Records:
The school will maintain organized and accessible records for all Title III Immigrant-funded activities, including:

Student Attendance Logs: Teachers will maintain detailed attendance records to monitor participation in all sessions and enrichment activities.

Parent Communication Records: Copies of parent notifications, flyers, and messages (in the families' preferred languages) will be archived electronically in a shared Title III documentation folder.

Teacher and Staff Records: Rosters of teachers, instructional coaches, and facilitators supporting the program will be maintained by the Assistant Principal and ELL Coordinator.

Parent Engagement Documentation: Sign-in sheets, agendas, photos, and evaluations from parent workshops and family engagement events will be filed for audit and review.

Professional Development Records: Attendance logs, agendas, and feedback forms from all PD sessions related to immigrant and ELL supports will be kept on file.

Financial Documentation: All purchase orders, packing slips, and invoices associated with Title III Immigrant funding will be stored in both electronic and hard-copy format by the School Business Manager and Assistant Principal.

All documentation will be reviewed periodically by the Assistant Principal and Parent Coordinator to ensure completeness and compliance with Title III guidelines.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Made First, Dana Unger will train teachers on how to use different Microsoft and Google translation applications. We will train teach to use PowerPoint presentation with translated subtitles. We will train teachers on the National Geographic Reach and Corrective Reading programs.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

(Qualitative Data) To develop the best educational programs for our Immigrant students we have taken into consideration their diverse backgrounds, their educational and cultural experiences, as well as their considerable linguistic differences. Upon admission, administrators and ENL staff review Home Language Identification Surveys and conduct parent interviews to assess educational and cultural experiences and determine an instructional design.

(Quantitative Data) This year we have approximately 25-30 newly admitted immigrant students in grades 3-5. Within this group, we have identified 20% as being students with interrupted formal education. Our instructional goal for all immigrant students is to ensure the development of formal or academic English. In our programs we are incorporating well implemented and cognitively challenging techniques that can help students close achievement gaps and demonstrate their knowledge of science skills, social studies concepts, and mathematical reasoning.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Mondays and During the school day teachers will receive training.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The Title III Immigrant-funded professional development sessions will take place every Monday throughout the 2025–2026 school year, excluding holidays and non-instructional days. Each session will run for approximately 45 minutes, providing ongoing support to staff in implementing effective instructional strategies for immigrant and multilingual learners.

The series will run from September 2025 through June 2026, totaling approximately 35 sessions, aligned with the school calendar.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Language Translation: How to access tools to best communicate within our school communities.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Dana Unger from Made Manifest

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

School Parent Coordinator will maintain all records.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Community and school collaboration is key. Working together shows our students how we can join forces to create and promote a more effective and equitable positive school culture. Our Parent Coordinator, Ms. Saika Beltran, works with the administrative staff, school counselors, and Parent Teacher Association to provide workshops that address the needs of our Immigrant parents and enhance the bond between parents and school. In this academic year 2025-2026, the following workshops have been posted on monthly family school calendars, class dojo notices, and school posters to promote parental participation:

September.

1. A Day in your child's life as a student

2. Fathers bring their child to school day

October

1. Hispanic Heritage month workshop

2. Stress Management workshop in collaboration with School Guidance Counselor, Ms. Ikwuazom

3. Child abuse workshop in collaboration with School Guidance counselor, Ms. Ikwuazom

November-

1. Affirmation rocks workshop

2. Turkeys' giveaway for parents

3. Safety Townhall

December

1. Make your own snow cone with your child

January-

2. Parents University workshop

February-

3. Create your own Valentine's Day bracelet

4. Bullying and Conflicts in Collaboration with Tabel Reyes

March-

5. NY State school survey workshop

6. Setting goals, a home in collaboration with Tabel Reyes

April-

7. Managing time in collaboration with Jessica Gonzalez

May-

8. Mother's Day celebration

9. Managing Stress in collaboration with Tabel Reyes

June-

10. Father's Day Celebration

11. 3K, Pre-K and Kindergarten Orientation

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

(Qualitative Data) To develop the best educational programs for our Immigrant students we have taken into consideration their diverse backgrounds, their educational and cultural experiences, as well as their considerable linguistic differences. Upon admission, administrators and ENL staff review Home Language Identification Surveys and conduct parent interviews to assess educational and cultural experiences and determine an instructional design. We will also review the Learning Environment Survey Parent Responses Data.

(Quantitative Data) This year we have approximately 25-30 newly admitted immigrant students in grades 3-5. Within

this group, we have identified 20% as being students with interrupted formal education. Our instructional goal for all immigrant students is to ensure the development of formal or academic English. In our programs we are incorporating well implemented and cognitively challenging techniques that can help students close achievement gaps and demonstrate their knowledge of science skills, social studies concepts, and mathematical reasoning.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

January- June 3 sessions on varying days during the school day.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Language Access and independent translation skills utilizing free applications.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Dana Unger, Made to Manifest

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

We will inform parents utilizing Class Dojo, Translated Flyers, and letters.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

School Parent Coordinator will maintain all records

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Allocation Amount ($):
