Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Indhira Ventura	*Principal or Designee	
Abigail Halliday	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Krystle Roque	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Magali Diaz Lopez	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for high schools)	
N/A	Student Representative (Required for high schools)	
Jalen Natera	CBO Representative, if applicable	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
N/A	Parent	
Fakir Kakoli	Parent	
Soledad Perez	Parent	
Bria Pinkney	Parent	
Alisha Celetti	Staff	
Yanelza Collado	Staff	
Patrick Lindsey	Staff	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Vision
The vision of P.S. 54 is to empower students to become lifelong learners equipped with the academic and social skills needed to succeed in an ever-changing world.
Mission
Our mission is to collaborate with families and the community to foster students' intellectual and interpersonal growth through a culturally responsive curriculum and inclusive learning environment. We emphasize real-world problem-solving, kindness, and respect as core values.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Public School 54X is a Title I school located in the Fordham-Bedford section of the Bronx, serving a diverse population of 344 students. Approximately 96% of our students qualify for free or reduced lunch. Our student body is composed of 77.7% Latino, 17.7% Black, 0.87% Asian, and 0.87% White students. We proudly serve English Language Learners (23%) and Students with Disabilities (22%). Additionally, 20% of our students live in temporary housing, including shelters and doubled-up arrangements.

Instructional Focus
This year, our instructional focus has centered on data-driven instruction and small group teaching. We have implemented a Multi-Tiered System of Supports (MTSS) to ensure students receive targeted interventions based on data from screeners and diagnostic assessments. Our goal is to provide timely, responsive, and individualized instruction that meets each student's unique needs.
Academic Programs
P.S. 54 offers a Dual Language Program (K–4) and an English as a New Language (ENL) program, which includes both integrated and standalone instruction. Our Dual Language classrooms utilize the Estrellita and Arriba la Lectura curricula to support early literacy and biliteracy development in Spanish and English. These programs foster bilingualism, biliteracy, and cross-cultural understanding.
For Students with Disabilities, we offer Special Education Teacher Support Services (SETSS), Self-Contained (SC), and Integrated Co-Teaching (ICT) models. We are committed to placing students in the least restrictive environment and providing flexible programming to meet their academic and social-emotional needs.
Progress Monitoring and Assessment

To support academic achievement in English Language Arts and Mathematics, we have enhanced our systems for progress monitoring. All students are benchmarked three times a year using i-Ready and Acadience. Students receiving additional support are monitored more frequently to ensure instructional strategies are effective. Teachers use this data to adjust instruction and provide targeted support, with the ultimate goal of all students reaching proficiency before leaving P.S. 54.

Social-Emotional Learning and School Culture
We are committed to nurturing the whole child. Our PBIS TAILS program promotes positive behavior and character development by teaching students to:
Take responsibility
Act safely
Interact respectfully
Lead with kindness
Strive for success
We also use MeandMine to monitor students' social-emotional learning on a daily basis. Our inclusive environment ensures that every student is valued and supported, regardless of background or circumstance.
Vision
The vision of P.S. 54 is to empower students to become lifelong learners equipped with the academic and social skills needed to succeed in an ever-changing world.
Mission
Our mission is to collaborate with families and the community to foster students' intellectual and interpersonal growth through a culturally responsive curriculum and inclusive learning environment. We emphasize real-world problem-solving, kindness, and respect as core values.
Instructional Framework:
We aim to develop self-reliant, curious learners by integrating:
Thinking Maps to support cognitive development
Culturally Responsive-Sustaining Education (CR-SE)
RULER for social-emotional learning
Community Partnerships
To promote healthy habits and global citizenship, we partner with organizations such as Fan4Kids and the Fresh Fruits and Vegetables Program. These initiatives, along with our technology-rich classrooms, help students connect their learning to the world around them and prepare for success in the 21st century.

Briefly summarize the key initiatives your school will implement this school year.

Some key initiatives for the 2025-2026 School Year include:
·Launching systems and structures for aggressive data monitoring across all classrooms
·Refining our structures for progress monitoring and interventions to ensure that all students receive the instruction that is necessary for them
·Deepening our use of Thinking Maps school wide in order to create a cohesive system for engaging in the 8 cognitive functions
·Getting all of our K-2 teaching staff LETRS trained to ensure that we can provide the best foundational skills according to the science of reading
·Supporting all students' social-emotional health through the use of PBIS to reinforce and incentivize positive behavior and Me and Mine to teach students important self-regulation strategies
·Implementing College and Career Readiness opportunities
·Building deeper relationships with more families across the school to create a partnership in the education of all of

our children
·Continuing a meaningful partnership with our CBO ensuring that all of our students and parents needs are being met

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	n/a
MATH	K-5	Envision	n/a
ELA and MATH	K-5	iReady	n/a
ELA	K-3	Fundations	n/a
ELA	K-2	Heggerty	n/a
ELA	K-5	HMH Writing	n/a

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
29% of students scoring a Level 1 were students classified as SWD according to the 2025 Spring NYC ELA exam 60% of students scoring a Level 1 were students classified as SWD according to the 2024 Spring NYC ELA exam	Students with disabilities are not being provided with the consistent individualized instruction that will help them make the accelerated growth needed to close their academic gap.	Students with disabilities need regular learning opportunities that are specific to their needs and aligned to their IEP goals.
According to the Spring 2025 NYS ELA Test: - 30% of all students tested in Grades 3-5 scored a level 1 -38% of Students	Systems and structures for	Students below and well-below level, need to

with Disbaiities tested in Grades 3-5 scored a Level 1 -19% of Black students tested in Grades 3-5 scored a Level 1 According to the Spring 2024 NYS ELA Test: - 44.9% of all students tested in Grades 3-5 scored a level 1 -83% of Students with Disbaiities tested in Grades 3-5 scored a Level 1 -20% of Black students tested in Grades 3-5 scored a Level 1	academic interventions in grades 3-5 were not adequately implemented in order to effectively close the learning gap for our most struggling students.	receive strategic interventions that meet their learning needs. Their data needs to be carefully monitored and if progress is not made, instruction/interventions need to be adjusted.
According to the Spring 2025 NYS ELA Test: - 36% of all students tested in Grades 3-5 scored a Level 3 or 4 -7% of Students with Disabilities (SWD) tested in Grades 3-5 scored a Level 3 or 4 According to the Spring 2024 NYS ELA Test: - 25% of all students tested in Grades 3-5 scored a Level 3 or 4 -0% of Students with Disabilities (SWD) tested in Grades 3-5 scored a Level 3 or 4	Instructional strategies specific to students with disabilities have not been developed and implemented on a consistent basis.	The school needs to provide additional Professional Learning opportunities as well as utilize district supports, to ensure that Special Education teachers employ the necessary instructional strategies that will lead our SWD students towards proficiency levels.
According to the 2025 EOY Acadience Reading Composite score for Grades K-2: -41% of students scored at or above benchmark -16% of students scored below benchmark -43% of all students scored well below benchmark -43% of Black students in K-2 are below level According to the 2025 EOY iReady Diagnostic for Grades K-2: -82% of all students are early, mid or above grade level within the domain of Phonological Awareness -54% of all students are early, mid or above grade level within the domain of Phonics -72% of all students are early, mid or above grade level within the domain of High Frequency Words	Students have not been provided with enough opportunities to segment and blend sounds in order to become fluent decoders.	Students in grades K-2 need regular opportunities to practice decoding conventional and unconventional CVC words in order to develop fluency with segmenting and blending sounds.
According to the 2025 EOY iReady Diagnostic: -39% of all students scored early, mid or above grade level -33% of all students scored one grade level below -28% of all students scored two or more grade levels below -54% of black students in grades 3-5 scored early, mid or above grade level -38% of black students in grades 3-5 scored two or more grade levels below -12% of SWDs in grades 3-5 scored early, mid or above grade level -59% of SWDs in grades 3-5 scored two or more grade levels below	Instructional staff have not been responsive enough to students' immediate instructional needs, limited the amount of accelerated growth that is needed to close the gap and bring more students up to proficiency levels.	The instructional staff needs to aggressively monitor and respond to students' data in between benchmark periods to ensure that instruction is meeting the most current academic needs of each student.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	25	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 36% to 46%, of students scoring at a level 3 and 4 on the New York State ELA exam.
All Students	44%	By June, 2026, literacy for All Students will improve, as measured by a 10% Decrease, from 30% to 20%, of students scoring at a level 1 on the New York State ELA exam.
All Students	41%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 41% to 51%, of students in Grades K-2 scoring at or above benchmark on the Acadience Reading Composite Score.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Data-Driven Instruction: Aggressive Monitoring

Root Cause Addressed:

Root Cause Addressed: The instructional staff needs to aggressively monitor and respond to students' data in between benchmark periods to ensure that instruction is meeting the most current academic needs of each student. This will be addressed by: Collaborating with a Data Consultant to support instructional leadership and staff with tracking and responding to student data.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Leadership and teachers will monitor student learning during ELA and demonstrate how the data can be quickly collected and analyzed on a frequent basis to ensure that all instruction is matching the most current needs of learners. This will include the use of Aggressive Monitoring Laps. School personnel will plan for the use of instructional laps and review data collected during instructional laps, as per the work with Paul Bambrick-Santoyo.
Professional Learning will be provided on an ongoing basis for all instructional staff and will include: -Aggressive data monitoring: ongoing cycles of collecting, reviewing and responding to class data -Aggressive Monitoring Laps -Generating feedback that is useful and actionable -LETRS: support in Phonemic awareness and phonics instruction for K-2 teaching staff -SWD: supports for teachers that will include instructional strategies specific to SWD population -ELs: supports for teachers that will include instructional strategies specific to English Learners -Thinking Maps: supports for all students to make their cognitive processes visual and consistent across the school

POWER STANDARDS: The instructional leadership team along with the ILT will use 2025 ELA data to determine which standards should become power standards for our school. Professional Learning opportunities will be provided to all instructional staff to analyze our power standard and understand what those standards expect students to be able to do across grade levels. Power standards will be taught weekly and progress monitored with Datamate across the year to measure student growth.

Weekly grade team data meetings will focus on analyzing classroom assessment data (including data collected from aggressive monitoring laps) to provide students with quality, student-friendly feedback and to inform instructional next steps for subgroups of students that need additional support and enrichment.

Academic Reading screeners such as Acadience Reading Benchmark and iReady Reading will be administered 3 times over the course of the year, BOY, MOY and EOY, to track and monitor growth over time. Additional data will be collected at various times during the year to measure learning. These assessments will include: *MOCK ELA assessments, Grades 3-5 *MOCK NYSESLAT assessments, Grade K-5 *HMH End of module assessments, Grades K-5 *On-demand Writing assessments, K-5 *Fundations End of Unit assessments, K-3.

Benchmark Period (BOY, MOY, EOY) Data Chats with Administration to review data trends and action plans. Data will be reviewed and discussed for all students and subgroup data will also be reviewed to ensure adequate growth is occurring for black and SWD students in all classes.

SUBGROUP SUPPORT for SWD Students -Teachers will monitor their data for all SWD students to closely monitor their progress and ensure that this subgroup is making similar growth to all students. - Instructional supports such as tutoring, before/after school programs - Attendance support - mentor and family outreach -targeted Instructional materials to address reading levels and interest of identified subgroups

SUBGROUP SUPPORT for Black Students -Teachers will monitor their data for all Black students to closely monitor their progress and ensure that this subgroup is making similar growth to all students. - Instructional supports such as tutoring, before/after school programs - Attendance support - mentor and family outreach -targeted Instructional materials to address reading levels and interest of identified subgroups

SUBGROUP SUPPORT for EL students: -English Learners will receive differentiation based on their English Language proficiency levels -Support for NYSESLAT development will take place throughout the year, including simulation NYSESLAT assessments for teachers to gather data and better understand what specific needs each student has

The School Leadership Team (SLT) will meet monthly to share, review and reflect on the implementation of the plan.

The Instructional Leadership Team (ILT) will meet weekly to track the implementation of the plan and revise action plans based on data. The work with the ILT will include aggressive data monitoring, instructional walks, and data reviews at the school level.

Key Strategy 2 (Optional):

MTSS

Root Cause Addressed:

Root Cause Addressed: Instructional staff have not been responsive enough to students' immediate instructional needs, limited the amount of accelerated growth that is needed to close the gap and bring more students up to proficiency levels.
This will be addressed by: MTSS: 1. Spring 2025 EOY Acadience data will be analyzed to determine which students require additional assessment. 2. Diagnostic assessments will be administered. 3. Students will be placed in strategic intervention groups and assigned to trained personnel. Intervention groups include but are not limited to SPIRE and Phonics for Reading. 4. Progress will be monitored on a bi-weekly basis.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
MTSS: 1. Spring 2025 EOY Acadience data will be analyzed to determine which students require additional assessment. 2. Diagnostic assessments will be administered. 3. Students will be placed in strategic intervention groups and assigned to trained personnel. Intervention groups include but are not limited to SPIRE and Phonics for Reading. 4. Progress will be monitored on a bi-weekly basis.
iBlock Intervention support (K-2) -Spring 2025 EOY and Fall 2025 BOY Acadience data will be reviewed to determine which students will need to receive additional support -Students will receive the LETRS diagnostic assessment, data will determine Tier 2 intervention groups -Diagnostic Assessments will be administered for students being placed in Tier 2 interventions -Student groupings will be made for each class and an iBlock interventionist will push into every K-2 classroom to provide targeted intervention. -Progress monitored on a biweekly basis/A
K-2 instructional staff (classroom teachers and iBlock interventionists) will receive training on fluency and automaticity. Fluency routines will be implemented in all K-2 classrooms and daily fluency practice will be provided for all students. Center activities will also be implemented weekly to provide students with additional phonics and phonemic awareness practice.
Academic Reading screeners such as Acadience Reading Benchmark and iReady Reading will be administered 3 times over the course of the year, BOY, MOY and EOY, to track and monitor growth over time. Additional data will be collected at various times during the year to measure learning. These assessments will include: *MOCK ELA assessments, Grades 3-5 *MOCK NYSESLAT assessments, Grade K-5 *HMH End of module assessments, Grades K-5 *On-demand Writing assessments, K-5 *Fundations End of Unit assessments, K-3.
Benchmark Period (BOY, MOY, EOY) Data Chats with Administration to review data trends and action plans. Data will be reviewed and discussed for all students and subgroup data will also be reviewed to ensure adequate growth is occurring for black and SWD students in all classes.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A rolling agenda will be maintained to memorialize weekly cabinet meetings with administration and instructional coaches will be used to review data and progress towards CEP action steps. Data that will be used will include iReady and Acadience benchmark and progress monitoring reports, Fundations end of unit assessments and teacher feedback.

Weekly ILT meetings will be used to review school data and plan for next steps. Data that will be used will include iReady and Acadience benchmark and progress monitoring reports, Fundations end of unit assessments and teacher feedback from instructional walks and PDSAs.

Monthly SLT meetings will be used to review progress towards CEP goals and monitor the implementation of the plan. Data will include the quantitative reporting on each CEP progress monitoring period (BOY, MOY, EOY).

Academic Reading screeners such as Acadience Reading Benchmark and iReady Reading will be administered 3 times over the course of the year, BOY, MOY and EOY, to track and monitor growth over time. Additional data will be collected at various times during the year to measure learning. These assessments will include: *MOCK ELA assessments, Grades 3-5 *MOCK NYSESLAT assessments, Grade K-5 *HMH End of module assessments, Grades K-5 *On-demand Writing assessments, K-5 *Fundations End of Unit assessments, K-3.

Progress Monitoring Data that will be reviewed and analyzed includes:
iReady Online Instruction for Grades 3-5-
BOY - No more than 55% of students will be 2+ grade levels below proficiency and at least 15% of students will be on, mid or above proficiency level.
MOY- No more than 46% of students will be 2+ grade levels below proficiency and at least 32% of students will be on, mid or above proficiency level.
EOY- No more than 36% of students will be 2+ grade levels below proficiency and at least 42% of students will be on, mid or above proficiency level.

Acadience Reading Composite Score for Grades K-2-
BOY - At least 30% of students will score at or above benchmark.
MOY- At least 41% of students will score at or above benchmark.
EOY- At least 51% of students will score at or above benchmark.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly SLT Meetings	Digital Age Learning
09/04/2025	06/26/2026	PA Meetings	Digital Age Learning
09/04/2025	06/26/2026	Monthly Parent Workshops	Digital Age Learning
09/04/2025	06/26/2026	Use of Class Dojo, Backpack letters/flyers and school website to communicate on a regular basis	Digital Age Learning

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, instructional coaches, sub teachers as needed, intervention teachers, tutors

Instructional Resources

Consumable resources, curriculum resources, intervention programs, technology, classroom supplies

Schedule Adjustments

N/A

Other Resources Needed

Per session

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2024 Panorama Survey Data, 80% of teachers who participated in the survey responded favorably to the question; "How many adults at this school have access to school-based supports to assist with behavioral/emotional escalations"	Teachers have not been adequately trained on de-escalation strategies in order to deescalate without assistance from school-based support.	Students need to have more access to staff, including their classroom teachers, that have the ability to de-escalate and also prevent behaviors from escalating.
Based on OSYD as of 6/6/25 the school has 85 Level 4 OORS entered. 79% of the Level 4 reports fall under the subcategory of 'Altercation and/or Physically Aggressive Behavior'	Staff may not understand how to notice early warning signs and how to step in to begin the de-escalation process before a behavior becomes aggressive.	The school needs to more clearly define behavior escalations and support staff in implementing systems and structures that will support in

		limiting behaviors from escalating.
November through March were months with the highest rates of Level 4 infractions. Monthly OORS data for Level 4 infractions: September - 7 October - 8 November - 9 December - 10 January - 14 February - 9 March - 13 April - 7 May - 8 June - N/A	The colder weather months may provide situations for students to become more reactive due to holidays seasons, school vacations, indoor recess, etc.	Students need calm environments and access to emotional regulation strategies/supports, especially during times of the year that may create more challenging circumstances.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	85	By June, 2026, physical and mental wellness for All Students will improve, as measured by a decrease of 9 Level 4 reports from 85 to 76, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Collaborative Learning/Professional Development

Root Cause Addressed:

Root Cause Addressed: Staff may not understand how to notice early warning signs and how to step in to begin the de-escalation process before a behavior becomes aggressive.
This will be addressed by: Grade Level Meetings and Professional Learning sessions will be used to train teachers consistently throughout the year on developing systems and structures to prevent behavior escalations.
Every teacher will conduct a case study on one student.
Teachers will take observational notes, employ strategies they have learned in PD sessions, reflect and plan for future implementation. Grade Level Meeting and Professional Development sessions will occur on a bi-weekly basis to share learning and continue to develop our practice of social emotional learning and behavior escalation prevention.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Grade Level Meetings and Professional Learning sessions will be used to train teachers consistently throughout the year on developing systems and structures to prevent behavior escalations. Every teacher will conduct a case study on one student. Teachers will take observational notes, employ strategies they have learned in PD sessions, reflect and plan for future implementation. Grade Level Meeting and Professional Development sessions will occur on a bi-weekly basis to share learning and continue to develop our practice of social emotional learning and behavior escalation prevention.

When teachers request support, the Guidance Counselor and Social Worker will support teachers in their classrooms with de-escalation strategies and only resort to student removal in the event of a crisis. In-class de-escalation support may include modeling de-escalation strategies or coaching a teacher through the implementation of a deescalation strategy.
Resources will be made available to all staff that will explain de-escalation strategies that may be referenced to and revisited at any time.
De-escalation strategies will be provided to all staff, including non-instructional staff, so that the use of these strategies is cohesive and consistent across all environments and personnel. This may include school aides, cafeteria workers, parent coordinator, STH Liaison, secretaries, etc.
Collaboration with external partners will occur throughout the school year. This will include resources for parents to follow up with supportive care for their child and support for teachers to better understand how to effectively de-escalate students in crisis or leading up to a possible crisis.
The School Leadership Team (SLT) will meet monthly to share, review and reflect on the implementation of the plan.
OORS training for personnel entering OORS reports to ensure that reports are entered in the correct Level, particularly the distinction between Level 4 (physically aggressive behavior) and Level 3 (minor altercation). OORS training for staff to ensure the language that is used when writing an OORS report is accurate and unbiased.
Biweekly Behavior Assessment Team meetings will be used to review data and plan for next steps. OOR data will be reviewed and plans for students with Level 4 reports will be discussed and behavioral support plans will be developed as needed.
Positive Behavioral Interventions and Supports (PBIS) will be implemented within the school. All school staff with reinforce the school's behavior matrix, TAILS, and teach students the appropriate behaviors that exemplify PS54 students. The PBIS TAILS matrix will be used to reward students that exemplify behavior traits detailed on the matrix. Class Dojo points will be earned and students will shop from the rewards cart with their points on a monthly basis.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A rolling agenda will be maintained to memorialize weekly cabinet meetings with administration and instructional coaches will be used to review data and progress towards CEP action steps. Data that will be used will include iReady progress monitoring report..

Biweekly BAT meetings will be used to review data and plan for next steps. OOR data will be reviewed and plans for students with Level 4 reports will be discussed and behavioral support plans will be developed as needed.

Monthly SLT meetings will be used to review progress towards CEP goals and monitor the implementation of the plan. Data will include the quantitative reporting on each CEP progress monitoring period (BOY, MOY, EOY).

Progress Monitoring Data that will be reviewed and analyzed includes:
Level 4 OORS reports:
BOY - No more than 25 Level 4 OORS reports
MOY- No more than 50 Level 4 OORS reports
EOY- No more than 76 Level 4 OORS reports

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
35% of students scoring a Level 1 were students classified as SWD according to the 2025 Spring NYC MATH exam 43% of students scoring a Level 1 were students classified as SWD according to the 2024 Spring NYC MATH exam	Students with disabilities are not being provided with the consistent individualized instruction that will help them make the accelerated growth needed to close their academic gap.	Students with disabilities need regular learning opportunities that are specific to their needs and aligned to their IEP goals.
According to the Spring 2025 NYS MATH Test: -31% of all	Systems and	Students below and well-

students tested in Grades 3-5 scored a level 1 -56% of Students with Disabilities tested in Grades 3-5 scored a Level 1 -47% of Black students tested in Grades 3-5 scored a Level 1 According to the Spring 2024 NYS MATH Test: - 51.14% of all students tested in Grades 3-5 scored a level 1 -88.57% of Students with Disabilities tested in Grades 3-5 scored a Level 1 -24% of Black students tested in Grades 3-5 scored a Level 1	structures for academic interventions in grades 3-5 were not adequately implemented in order to effectively close the learning gap for our most struggling students.	below level, need to receive strategic interventions that meet their learning needs. Their data needs to be carefully monitored and if progress is not made, instruction/interventions need to be adjusted.
According to the Spring 2025 NYS MATH Test: - 25% of all students tested in Grades 3-5 scored a Level 3 or 4 -42% of Black students scored a Level 3 or 4 -16% of Students with Disabilities (SWD) tested in Grades 3-5 scored a Level 3 or 4 According to the Spring 2024 NYS MATH Test: - 24.29% of all students tested in Grades 3-5 scored a Level 3 or 4 -24% of Black students scored a Level 3 or 4 -0% of Students with Disabilities (SWD) tested in Grades 3-5 scored a Level 3 or 4	Instructional strategies specific to students with disabilities have not been developed and implemented on a consistent basis.	The school needs to provide additional Professional Learning opportunities as well as utilize district supports, to ensure that Special Education teachers employ the necessary instructional strategies that will lead our SWD students towards proficiency levels.
According to the 2025 EOY iReady Math Diagnostic: -27% of all students scored early, mid or above grade level -48% of all students scored one grade level below -25% of all students scored two or more grade levels below -54% of black students in grades 3-5 scored early, mid or above grade level -29% of black students in grades 3-5 scored two or more grade levels below -12% of SWDs in grades 3-5 scored early, mid or above grade level -62% of SWDs in grades 3-5 scored two or more grade levels below	Instructional staff have not been responsive enough to students' immediate instructional needs, limiting the amount of accelerated growth that is needed to close the gap and bring more students up to proficiency levels.	Students need instruction that aligns with their current academic needs. Instructional staff must aggressively monitor student data between benchmark periods and make timely adjustments to ensure instruction remains responsive and effective.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24%	By June, 2026, the students scoring at a level 3 and 4 will Increase by 10% from 25% to 35%, for All Students, as measured by New York State Math Exam.
All Students	51%	By June, 2026, the students scoring at a level 1 will Decrease by 10% from 31% to 21%, for All Students, as measured by New York State Math Exam.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Feedback/Aggressive data monitoring between benchmark assessment periods

Root Cause Addressed:

Root Cause Addressed: Instructional staff have not been responsive enough to students' immediate instructional needs, limiting the amount of accelerated growth that is needed to close the gap and bring more students up to proficiency levels.
This will be addressed by: Collaborating with a Data Consultant to support instructional leadership and staff with tracking and responding to student data.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will collaborate with a data consultant who will provide Leadership and instructional staff with regular training on aggressive data monitoring. This will include systems and strategies for planning for data collection, collecting data, analyzing data, crafting actionable feedback and planning for next instructional steps. Leadership and teachers will understand how to monitor student learning during MATH instruction, including how that data can be quickly collected and analyzed on a frequent basis to ensure that all instruction is matching the most current needs of learners.
Professional Learning will be provided on an ongoing basis for all instructional staff and will include: -Aggressive data monitoring: ongoing cycles of collecting, reviewing and responding to class data -Generating feedback that is useful

and actionable -SWD: supports for teachers that will include instructional strategies specific to SWD population - Thinking Maps: supports for all students to make their cognitive processes visual and consistent across the school

POWER STANDARDS: The instructional leadership team along with the ILT will use 2025 MATH data to determine which standards should become power standards for our school. Professional Learning opportunities will be provided to all instructional staff to analyze our power standard and understand what those standards expect students to be able to do across grade levels. Power standards will be taught weekly and progress monitored with Datamate across the year to measure student growth.

Weekly grade level data meetings will focus on analyzing data in order to provide students with quality feedback that can be understood by students and make instructional plans for students, subgroup students will be prioritized when analyzing this data.

Data will be collected at specific times during the year to measure learning, these assessments will include: *MOCK MATH assessments, Grades 3-5 *Envision End of module assessments, Grades K-5 *Standards mastery assessments to progress monitor, 2-5 *iReady and Acadience Benchmark data, K-5

Benchmark Period (BOY, MOY, EOY) Data Chats with Administration to review data trends and action plans. Data will be reviewed and discussed for all students and subgroup data will also be reviewed to ensure adequate growth is occurring for black and SWD students in all classes.

MTSS -Student screener data will be analyzed and students will be placed in Tier 2 groupings as needed -Cycles of Tier 2 support will include intervention instruction 3x/week, Kickstart will be used in grades K-2 and Math Fluency and Do the Math in Grades 3-5 -Students in Tier 2 interventions will be progress monitored every 3 weeks

SUBGROUP SUPPORT for SWD Students -Teachers will monitor their data for all SWD students to closely monitor their progress and ensure that this subgroup is making similar growth to all students. - Instructional supports such as tutoring, before/after school programs - Attendance support - mentor and family outreach -targeted Instructional materials to address reading levels and interest of identified subgroups

SUBGROUP SUPPORT for Black Students -Teachers will monitor their data for all Black students to closely monitor their progress and ensure that this subgroup is making similar growth to all students. - Instructional supports such as tutoring, before/after school programs - Attendance support - mentor and family outreach -targeted Instructional materials to address reading levels and interest of identified subgroups

SUBGROUP SUPPORT for EL students: -English Learners will receive differentiation based on their English Language proficiency levels -Support for NYSESLAT development will take place throughout the year, including simulation NYSESLAT assessments for teachers to gather data and better understand what specific needs each student has

The School Leadership Team (SLT) will meet monthly to share, review and reflect on the implementation of the plan.

The Instructional Leadership Team (ILT) will meet weekly to track the implementation of the plan and revise action plans based on data. The work with the ILT will include aggressive data monitoring, instructional walks including immediate feedback for teachers, and data reviews at the school level.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A rolling agenda will be maintained to memorialize weekly cabinet meetings with administration and instructional coaches will be used to review data and progress towards CEP action steps. Data that will be used will include iReady and Acadience benchmark and progress monitoring reports and teacher feedback.

Weekly ILT meetings will be used to review school data and plan for next steps. Data that will be used will include iReady and Acadience benchmark and progress monitoring reports and teacher feedback from instructional walks and PDSAs.

Monthly SLT meetings will be used to review progress towards CEP goals and monitor the implementation of the plan. Data will include the quantitative reporting on each CEP progress monitoring period (BOY, MOY, EOY).

Progress Monitoring Data that will be reviewed and analyzed includes:
iReady Online Instruction for Grades 3-5-
BOY - No more than 50% of students will be 2+ grade levels below proficiency and at least 10% of students will be on, mid or above proficiency level.
MOY- No more than 40.6% of students will be 2+ grade levels below proficiency and at least 24.5% of students will be on, mid or above proficiency level.
EOY- No more than 30.6% of students will be 2+ grade levels below proficiency and at least 34.5% of students will be on, mid or above proficiency level.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly SLT meetings	Digital Age Learning
09/04/2025	06/26/2026	Monthly PA Meetings	Digital Age Learning
09/04/2025	06/26/2026	Monthly Parent workshops	Digital Age Learning
09/04/2025	06/26/2026	Use of Class Dojo, Backpack letters/flyers and school website to communicate on a regular basis	Digital Age Learning

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, instructional coaches, sub teachers as needed, intervention teachers, tutors

Instructional Resources

Consumable resources, curriculum resources, intervention programs, technology, classroom supplies

Schedule Adjustments

N/A

Other Resources Needed

Per session

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
82% of students in Grades K-5 completed a New York State Career Plan.	Strategic planning allowed for all K-5 classrooms to engage in Career Planning exposure and instructional support on completing career plans.	Students need continued guidance to stay on path for their career plans and be provided with opportunities to update and revise their plans as they grow and new interests develop.

20% (41 students) of Families have completed Building Block 1 Building Block 1 Completion rates by grade level: Grade K- 15% (7 students) Grade 1- 22% (13 students) Grade 2- 21% (10 students) Grade 3- 21% (11 students)	Clear communication to parents on how the account benefits their child varied throughout the year, limiting understanding and engagement.	Students need financial security for their future in College and careers and families need more informational sessions regarding Save for College.
80% of families have not completed the Save for College Building Block 1 for their child.	Families enrolled in certain public assistance programs fear that creating a Save for College account may have a negative impact on the families public assistance eligibility.	The school needs to provide families with more information regarding how completing Building Block 1 will not interfere with the current public assistance programs that they may currently be enrolled in.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20%	By June, 2026, the percentage of families completing NYC RISE Building Block #1 for All Students will Increase by 10%, from 20% to 30%, as measured by NYC RISE enrollment reports .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Collaborative Learning/Family Informational Sessions

Root Cause Addressed:

Root Cause Addressed: Families need more information on how this account can benefit their child.
This will be addressed by: Ongoing workshops will be held throughout the year that will provide key information regarding the benefits of creating the Save for College account and also dispelling any possible misconceptions regarding access to other government funding.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will create a Save for College team, consisting of the Guidance Counselor, Parent Coordinator and the STH Liaison to organize and plan for family events/workshops. The team will thoroughly understand how to support families and how to utilize the Save for College Info Hub to provide families with accurate information.
Ongoing workshops will be held throughout the year that will provide key information regarding the benefits of creating the Save for College account and also dispelling any possible misconceptions regarding access to other government funding.
Save for College 1:1 support sessions will be offered to guide parents through the process of completing Building Block 1. Additionally, 1:1 support may also be provided to families who need assistance in continuing through the Building Blocks.

The Save for College Team and administration will meet monthly to review and discuss data and family enrollment in Building Block 1. These meetings will also highlight certain parents that may need to be specifically contacted to support their completion of Building Block 1.
Information and Resources regarding Save for College will be posted on the school website and will be available in all necessary languages.
Flyers and promotional materials will be shared via flyers (digital and physical) and will be made available in all necessary languages.

Key Strategy 2 (Optional):

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A total of 142 parents across grades PK-5 attended at least 1 classroom event offered throughout the course of the year. 42% of students had at least 1 parent/guardian attend at least 1 event in their	Events were not all advertised with sufficient time for	The school needs to plan all events at the

classroom. 68% of students had no parent/guardian attend any event over the course of the school year. 7 scheduled events did not occur, limiting the opportunities for parents in some grades/classes. Event Attendance: *New parents in attendance for each period P1 P2 P3 Gr PK 10 3 0 Gr K 15 0 2 Gr 1 31 1 12 Gr 2 17 5 4 Gr 3 12 4 7 Gr 4 12 2 0 Gr 5 4 1 0	working families to prepare for their attendance.	start of the year and provide parents with a calendar of dates so they are aware of when activities will occur.
Grade 5 had a total of 5 parents attend any event over the course of the whole year. Grades 4 & 5 had 0 parents attend any event during Period 3. K-2 had a total of 100 parents attend an event over the course of the year while 3-5 had a total of 42 parents attend an event over the course of the year.	Communication about classroom events is not consistently structured or reinforced for families of students in Grades 3–5, which can reduce awareness as students become more independent at home.	The school and upper-grade teachers need to ensure that parents of students in Grades 3–5 are informed about all school events.
Grade 1 had the highest attended Period 3 event, 12 new parents attended the Period 3 Mother's Day Celebration that was offered.	Events that focus on family connections and familiar topics generated higher parent engagement.	School events need to be consistently planned with consideration for topics and formats that engage a broad range of parents.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	42%	By June, 2026, the percentage of parents attending in-person classroom and principal events will Increase by 10% from 42% to 52% as measured by a School Created Attendance Form.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Collaborative Planning

Root Cause Addressed:

Root Cause Addressed: The school needs to plan all events at the start of the year and dates for all events will be given to parents at the start of the year so that they are aware of when all activities will occur.
This will be addressed by: Create and update a calendar of events that details 3 parent classroom celebrations per class for the 2025-26 school year. The parent coordinator and administration will collect sign in sheets for each classroom event in order to track attendance and progress monitor this goal. Teachers will consider and be sensitive to cultural aspects, for example having a celebration with food during Ramadan, or calendaring an event on a holiday for a particular culture. Teachers will consider topics that were well attended last school year, i.e. Mother's Day. To encourage more participation in the upper grades, topics based on grade level will be offered - graduation, testing etc.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create and update a calendar of events that details 3 parent classroom celebrations per class for the 2025-26 school year. The parent coordinator and administration will collect sign in sheets for each classroom event in order to track attendance and progress monitor this goal. Teachers will consider and be sensitive to cultural aspects, for example having a celebration with food during Ramadan, or calendaring an event on a holiday for a particular culture. Teachers will consider topics that were well attended last school year, i.e. Mother's Day. To encourage more participation in the upper grades, topics based on grade level will be offered - graduation, testing etc.

The principal will calendar and widely advertise 2 dates across the year for Breakfast with the Principal. The events will offer community and important information to parents in all grades. Parents will be notified at least 1 month before the event to provide adequate notice for working parents.
Teachers at every grade level will plan all 3 classroom events (date and event topic) within the first 2 weeks of school. During the back to School Meet & Greet- Parents will be introduced to teachers and key staff members to ensure that they are familiar with the parties involved in their child's success and all event dates will be discussed.
Teachers and School Staff will continue to promote events and encourage attendance throughout the year: *Parent Teacher Meetings *Class Dojo *Backpack Flyers *School Calendars *School Website
P.S. 54 Parent Survey- Survey parents to gather information on their preferred interests in workshops and preferred times to attend parent workshops. The parent coordinator along with administration will also create a survey with key questions aligned to our priority needs.
During Period 3, school staff and teachers will make additional outreach to parents who have not attended any of the Period 1 or Period 2 events to remind and encourage Period 3 participation.
Class Incentives will be offered for classrooms that have the highest parent turnout at each benchmark period (i.e. extra prep, extra recess, etc.)
The School Leadership Team (SLT) will meet monthly to share, review and reflect on the implementation of the plan.

Key Strategy 2 (Optional):

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
53% of SWD are chronically absent based Insight Beta data from 6/20/2025	The school lacked proactive outreach and sustained support to SWD families, contributing to chronic absenteeism.	The school needs to strengthen collaboration between special education staff and families, providing personalized support plans to ensure attendance-related barriers for SWD students.
39% of STH are chronically absent based Insight Beta data from 6/6/2025	School staff lacked consistent systems for identifying and responding to the transportation, basic	The school needs to develop and implement a school based system for early identification and coordination support for STH, including transportation

	needs, and mental health challenges faced by STH families resulting in missed opportunities to support regular attendance.	assistance, basic needs referrals and access to mental health services.
Monthly attendance rate based on Insight Beta from 6/20/25 September - 94% October - 93% November - 90% December- 89% January -88% February- 89% March -90% April -91% May- 90% June- 89% (as of June 20) Overall attendance rate as of 6/20/25 cited from the Insight Beta platform: 90% According to Insight as of 6/20/25 65% of all students have an attendance rate of 90.1% or higher. According to Insight as of 6/20/25 the Chronic Absenteeism Rate for student in grades PK and K is 51% and for students in grades 1-5 is 31%.	The school lacks proactive attendance monitoring and outreach systems during high risk months (November to February), resulting in missed opportunities to address extended absences due to family travel and seasonal illnesses.	The school needs to implement proactive attendance tracking and family outreach strategies during high risk months (November to February), including early communication about attendance expectations, flexible reentry plans for returning students, and staff led engagement efforts to reduce absenteeism.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65%	By June 2026, at least 70% of all students will have an attendance rate of 90.1% or higher, from 65% to 70%, as measured by Insight.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Collaborative Planning

Root Cause Addressed:

The root cause addressed: The months between November through February are lower attendance months due to extended vacations taken by families over the holidays and increased illnesses.
This will be addressed by: The attendance team—made up of an administrator, district representative, attendance teacher, social worker, guidance counselor, STH coordinator, SBST family worker, parent coordinator, and school aide—will meet weekly to improve student attendance using the PDSA (Plan, Do, Study, Act) cycle. The team will manage data reviews, parent communication (calls, mailings, emails, and Dojo), the Success Mentorship Program, the Attendance Incentive Program, and update action plans as needed using Community Schools resources.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The attendance team—made up of an administrator, district representative, attendance teacher, social worker, guidance counselor, STH coordinator, SBST family worker, parent coordinator, and school aide—will meet weekly to improve student attendance using the PDSA (Plan, Do, Study, Act) cycle. The team will manage data reviews, parent communication (calls, mailings, emails, and Dojo), the Success Mentorship Program, the Attendance Incentive Program, and update action plans as needed using Community Schools resources.
The attendance team will review the previously defined tier model along with 2024–2025 attendance data. Students will be categorized based on attendance patterns. Tier 1: At-Risk Students (Attendance: 90.1%–95%) Tier 2: Chronic

Absenteeism (Attendance: 80.1%–90%) Tier 3: Severe Chronic Absenteeism (Attendance: below 80%, with minimal improvement despite interventions) Referral Ladder & Outreach Protocol: A structured referral system has been created to address attendance issues based on severity. Tier 1 Students – Outreach Protocol: Day 1: A school aide will call the family, and an automated DOE message will be sent. Day 2: The classroom teacher will contact the family via Dojo messaging. Day 3: The school aide will notify the counselor for further outreach. Day 4: The attendance teacher will be informed and asked to support. Day 5: A home visit will be conducted by the attendance teacher or, if unavailable, the SBST family worker or STH coordinator. Tier 2 Students – Additional Support: Receive Tier 1 interventions plus assignment of a Success Mentor (staff members including counselors, teachers, etc.). Mentors will conduct 1:1 engagement with students, maintain ongoing family communication, and monitor attendance trends and report weekly. Tier 2 students will also be invited to participate in specialized extracurricular activities hosted by CBO beginning in October. Tier 3 Students – Intensive Support: Receive Tier 1 and Tier 2 interventions Scheduled parent conferences with members of the attendance team. Meetings aimed to understand the family's specific challenges and explore new strategies and external resources. If attendance does not improve: A meeting with the principal will be scheduled to discuss the social-emotional and academic impact of continued absences. Interventions will be adjusted or intensified as needed. If no improvement continues, a report to SCR may be made. All outreach actions following the second day of absence must be I-Logged by the responding staff member. Teachers will be kept informed of all outreach efforts and may be asked to support ongoing communication. In addition, the SBST family worker or STH coordinator will review the RADL printout and conduct outreach to their families. Efforts will focus on personalizing communication to better understand each family's needs and connect them with appropriate support and resources.

September: To support Attendance Awareness Month, the attendance team will work to highlight the importance of daily school attendance. Planned Initiatives: Student Pep Rally: Host a school-wide pep rally to kick off the school year and energize students around the value of daily attendance. Parent Meeting: Host a parent meeting for families of students identified as at-risk at the end of the previous year. Topics will include: Attendance expectations and the value of regular attendance Procedures for reporting absences (excused and unexcused) Chancellor's regulations SCR protocols Available resources, with particular attention to students with disabilities (SWD) and students in temporary housing (STH) Incentives and rewards available to parents who ensure their child attends school consistently. Parent Mailing: Send a letter to parents that includes the student's prior year attendance percentage and guidance on establishing strong attendance habits. Staff Review: Review attendance procedures and expectations with all teachers such as: Attendance will be recorded using the NYCPS GAMA Attendance Digital Application. Teachers must submit attendance by 8:30 a.m. and a school-wide PM attendance check will occur at 12:30 p.m. Monthly: Teachers will receive a copy of the RISA report to cross-reference with their class lists, ensuring accuracy and minimizing discrepancies. Monthly Planning Meetings: Selected teachers will be invited to participate in meetings regarding students identified as chronically absent.

The attendance team will organize school-wide activities and events to promote regular attendance. These will include class competitions and themed spirit days aligned with the school calendar. Monthly "Slice of Excellence" pep rallies will be hosted by the CBO to encourage and motivate at-risk students by recognizing progress, promoting school spirit, and reinforcing the importance of regular attendance. Additionally, the team will establish reward systems to celebrate students who achieve excellent attendance (>95%) or demonstrate noticeable improvement.

A monthly attendance report card will be mailed to families, including each student's year-to-date attendance percentage and their tier classification. The mailing will also include encouraging messages asking parents to partner with us in reaching our school's CEP goal of a 93% attendance rate, along with a reminder of the Chancellor's attendance regulations.

The attendance team will meet with school administration and district representatives to review Beginning-of-Year (BOY) and Middle-of-Year (MOY) attendance data. Based on the findings, adjustments to the attendance plan will be made as needed. Success mentors will be reassigned to provide targeted, individualized interventions for students requiring additional support.

During parent-teacher conferences, teachers will receive an updated summary of each student's year-to-date (YTD) attendance to help guide conversations about the connection between attendance and academic success. Attendance data may also be considered when making Promotion in Doubt decisions.
In December, a winter attendance letter will be sent home with tips to help families support regular attendance during the colder months. It will include a mid-year attendance summary, key upcoming dates (like state testing), and reminders about how to report absences, Chancellor's regulations, SCR protocols, and available resources. Teachers will also receive a mid-year refresher on attendance procedures to support consistency.
In June, the attendance team will meet to review end-of-year (EOY) data and begin developing an action plan for the 2026–2027 school year.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Action Steps:

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Feedback/ Aggressive data monitoring between benchmark assessment periods

Root Cause Addressed:

Root Cause Addressed: The majority of SWD scores on State Tests has been a Level 1 in bothe ELA and Math over the last three consecutive years. Students with IEPs have not had the same outcome as their non IEP peers. Either IEP development or implementation has not led most students to their desired outcomes. School personnel have not consistently developed appropriate goals and supports for students with IEPs and/or teachers of students with IEPs have not been able to implement those IEPs to fidelity.
This will be addressed by: SBST, SIT and special education teachers will develop IEPs with strategic specially designed instruction that will provide students with the academic support that will result in students moving closer to grade level proficiency. The specially designed instruction will be specific and actionable and measured every 3 weeks to monitor the effectiveness of the instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
SBST, SIT and special education teachers will develop IEPs with strategic specially designed instruction that will provide students with the academic support that will result in students moving closer to grade level proficiency. The specially designed instruction will be specific and actionable and measured every 3 weeks to monitor the effectiveness of the instruction.
Monthly SWD meetings and BCO training Teachers will turn key findings after reading IEPs to show an understanding of SDI within the IEP. Teachers will collaboratively generate systems and procedures to cite data that informs missing strategies/skills and align SDI to address those missing skills.
Professional Learning will include: *SWD IEP writing *SWD instruction/differentiation *Progress Monitoring of Annual goals *Aggressive data Monitoring *Implementing Progress monitoring and accurately reporting it in SESIS
Students with IEPs will be progress monitored with the following assessments: *IEP annual goals *iReady ELA benchmark assessments *iReady ELA standards mastery *Acadience ELA benchmark assessments *Acadience ELA progress monitoring assessments *Datamate ELA test simulation assessments Teachers of students with disabilities will ensure that all testing modifications are supportive to student performance and are implemented during all assessments throughout the year.

SWD department meetings will occur biweekly to review student data, student progress, and plan for instructional next steps. The team will consider how to make instructional modifications to the grade level curriculum to ensure that the diverse learners in their classrooms are able to access the content and make gains towards grade level standards.
The SWD department will work with District points to strengthen their repertoire of instructional strategies for SWD learners.
The MTSS team and the SIT will collaborate to ensure that all systems and structures in place for SWDs will be closely monitored and revised as needed. This will include matching SWD students to supports that will most benefit them and do not detract from current services they may already be receiving. The team will also ensure that student services are not excessively removing students from their classroom instruction.
A calendar of Progress Monitoring dates will be shared with SWD teachers and providers, progress monitoring reminders will be communicated throughout the year.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A rolling agenda will be maintained to memorialize weekly cabinet meetings with administration and instructional coaches will be used to review data and progress towards CEP action steps. Data that will be used will include iReady progress monitoring report..

Biweekly SWD department meetings will be used to review data and plan for next steps. Data that will be used will include iReady and progress monitoring reports..

Monthly SLT meetings will be used to review progress towards CEP goals and monitor the implementation of the plan. Data will include the quantitative reporting on each CEP progress monitoring period (BOY, MOY, EOY).

Progress Monitoring Data that will be reviewed and analyzed includes:
iReady Online Instruction for SWD Grades 3-5-
BOY - 63% of IEPs will have progress reported in SESIS as per the Power Bi
MOY- 69% of IEPs will have progress reported in SESIS as per the Power Bi
EOY- 73% of IEPs will have progress reported in SESIS as per the Power Bi

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Monthly SLT Meetings	Digital Age Learning
09/04/2025	06/26/2026	PA Meetings	Digital Age Learning

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Schools Based support team, special education teachers, special education liaison, service providers

Instructional Resources

consumable resources, curriculum resources, intervention programs, technology, assistive technology, classroom supplies

Schedule Adjustments

N/A

Other Resources Needed

per session

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	In Grades K-2 the students who score 'below' or 'well below' on the Acadience reading screener will receive the LETRS or Roswell Chall assessment.	Sound Sensible 5x/week 12 week cycle Acadience Progress Monitoring weekly	Small group, 8:1 ratio or less	During School	No
Tier 2	In Grades K-2 the students who score 'below' or 'well below' on the Acadience reading screener will receive the LETRS or Roswell Chall assessment.	Spire 5x/week 12 week cycle Acadience Progress Monitoring weekly	Small group , 8:1 ratio or less	During School	No
Tier 3	In Grades K-2, after 1 cycle in Tier 2 interventions with limited growth, students will move to Tier 3.	Sound Sensible or SPIRE 5x/week 12 weeks Acadience Progress Monitoring weekly	Small Group, 3:1 ratio or less	During School	No
Tier 2	In Grades K-2 the students who score 'below' on the Acadience math screener	Kickstart 2x/week 6 weeks Acadience Progress Monitoring biweekly	Small group, 8:1 ratio or less	During School	No
Tier 3	In Grades K-2 the students who score 'well below' on the Acadience math screener	Kickstart 3x/week 12 weeks Acadience Progress Monitoring biweekly	small group, 3:1 ratio, or less	During School	No

Tier 2	In Grades 3-5 the students who score 'below' or ‘well below’ on the Acadience reading screener will receive the Phonics for Reading Placement test.	Phonics for Reading 3x/week 12 weeks Acadience Progress Monitoring biweekly	small group, 8:1 ration or less	During School	No
Tier 3	In Grades 3-5, after 1-2 cycles in Tier 2 interventions with limited growth, students will receive the Spire Placement Test	Spire 5x/week 12 week cycle Acadience Progress Monitoring every week	Small Group:1 ratio or less	During School	No
Tier 2	In Grades 3-5 the students who score ‘below’ or 'well below' on the Acadience math screener	Do the MATH 3x/week 12 week cycle Acadience Progress monitoring every 2 weeks	Small Group, 8:1 ratio or less	During School	No
Tier 3	In Grades 3-5, students who have made limited growth after 1-2 cycles of Tier 2 intervention	Math Fluency 5x/week 12 week cycle Acadeince Progress Monitoring weekly	Small Group, 3:1 ratio or less	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Crisis Intervention for students who have 1 or more crisis referral forms	a brain-based, trauma-informed, relationship-building verbal strategy that turns crisis situations into learning opportunities for young people.	One to one	During School	No
Tier 2	SEL Skill Development for students who have 3 or more social skills referral forms	Pre-K to 5th grade instructional tools and classroom resources to support healthy relationships and build social and emotional ..	Small Group	During School	No
Tier 2	Social Skills Instruction for students who have 6 or more social skills referral forms	Circles provide an opportunity for community members to come together to address harmful behavior in a process that explores harms and needs and a path toward accountability and repair.	Small Group	During School	No
Tier 2	Mental Health Skill Building for students who have 1 or more referral forms that indicate the student may be in distress	skill buildig program to build on strengths and increase capacity for sustainable access to mental wellness for students.	Small Group	During School	No
Tier 2	Conflict	Conflict Resolution	Small	During	No

	Management Skill Development for students who have 3 or more referral forms for student to student conflict		Group	School	
Tier 3	Student not showing progress towards goals after 12 weeks of Tier 2 intervention and/or 6 weeks of Tier 3 Counseling Intervention	FBA/BIP Development, Assessment & Identifying Target Goals	One to one	During School	No
Tier 3	Mandated counseling as per IEP	Counseling (Mandated/At Risk)	Small group or One to one (based on IEP)	During School	No
Tier 3	Student not showing progress towards goals after 6 weeks of Tier 2 intervention	Counseling (Mandated/At Risk)	Small Group	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school's MTSS plan will be shared in a presentation during the October SLT meeting and presented to all parents during the Back to school breakfast with the Principal. When parents come to the school to express academic concerns, the MTTS components will be discussed with specificity regarding the child's progress within their current intervention as well as the progress monitoring data points.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Students receiving Tier 2 or Tier 3 targeted intervention will receive a letter home detailing which intervention their child has been placed in. All families receive student screener results three times per year. Families of students in Tier 2 or Tier 3 receive detailed intervention reports every 6–8 weeks, outlining the instructional plan and actionable strategies for home support. Multilingual resources are provided to ensure accessibility and understanding for all families.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

The school will make decisions regarding which students should receive Tier 3 interventions and parents will be consulted during this process to communicate lack of progress during Tier 2 interventions. Their child's progress/data will be shared and the details of the Tier 3 supports will be explained to parents.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Number of students in temporary housing who are:
Doubled up (with friends or relatives because they cannot find or afford housing): 50
Living in a shelter or transitional shelter: 16
Living in a hotel/motel:6
Living in a car, bus, or train:0
Living in a park or public place: 0
Living in an abandoned building: 0
*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After careful analysis of historical demographic, attendance, and achievement data for students in temporary housing, several important trends emerge. Currently, we serve a total of 66 students in temporary housing: 50 students who are doubled up (living with family or friends due to loss of housing or economic hardship) , 6 residing in other Hotel/Motels and 16 students in shelter. We currently have no students residing in parks, abandoned buildings, transportation stations, or other substandard living situations.
Trends Noticed:

Chronic absenteeism and inconsistent attendance are more prevalent among students in shelter compared to those who are doubled up. Shelter placements often involve longer commutes, frequent transfers, and less control over daily routines, contributing to missed instructional time.
Students who are doubled up, while sometimes experiencing more stability than those in shelters, still face overcrowded conditions, lack of privacy, and increased stress, which can negatively affect concentration, homework completion, and academic performance.
Achievement data shows a widening gap in ELA and math scores over time when compared to their housed peers, particularly for students in shelter. Doubled-up students also show signs of academic struggle, though some perform closer to grade level, especially when supported early.
How These Trends Can Inform Services and Support:
Prioritize transportation support and scheduling flexibility for shelter students to reduce attendance barriers.
Consider early morning check-ins or alternative instruction methods to recover lost time.
Implement targeted academic interventions for both groups, especially in literacy and math. Push-in or after-school tutoring tailored to their needs can be especially effective.
Expand socio-emotional supports, including trauma-informed practices, counseling, and peer support groups. Students experiencing housing instability often carry emotional burdens that interfere with learning.
Strengthen family engagement, particularly with families who are doubled up, to build trust and ensure they're aware of rights, services, and supports available under McKinney-Vento.
Use consistent data monitoring to flag early signs of attendance drops or academic decline, allowing for timely intervention.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Services Selected to Meet Identified Needs
Based on the survey results from our families in temporary housing, several priority areas emerged. These included:
Food assistance (ranked as the #1 need)
Coats, uniforms, and clothing
Personal hygiene items such as detergent
Enrichment experiences through field trips
Enrichment Classes (ESL, Computer)
Access to networking and community referrals
In response, we developed a layered support plan that addresses these needs with both immediate relief and long-term enrichment:
Food Security & Pantry Services
We implemented an in-school pantry program that provides regular access to food staples, snacks, and fresh produce for STH families. This also includes hygiene items (e.g., detergent, toothpaste) and infant supplies when needed. Families can access this discreetly, helping preserve dignity and reduce barriers to basic needs.
In addition, we began referring families to local food distribution programs and housing support agencies to create a wraparound network of care.
Clothing, Uniforms, and Winter Gear
Based on clear feedback, we established a uniform and coat closet stocked through donations, Title I funds, and vendor partnerships. Families can select what they need during pop-up events or through school social worker referrals. We prioritize discretion and cultural sensitivity during distribution.
Purposeful, Enriching Field Trips
We listened to families who wanted educational experiences that go beyond traditional outings. One example includes a well-planned trip to iFLY Indoor Skydiving, which incorporated a STEM-based learning module on aerodynamics, providing both inspiration and academic connection. These types of trips are designed not only to bring joy but to promote curiosity, self-confidence, and exposure to new opportunities.

Relationship Building Through Animal Encounters
Rather than general zoo visits, we coordinated experiences with smaller animal centers or behind-the-scenes tours that offered hands-on interaction and learning, creating more meaningful and personalized engagement for students in temporary housing who may have limited access to such enrichment.
Referrals & Community Partnerships
Through collaboration with local service providers and DOE supports, we connect families to:
Emergency shelter referrals
Mental health and counseling services
Domestic violence support
Clothing banks, after-school programs, and legal assistance

Use of the STH Title I Needs Assessment
The STH Title I Needs Assessment Survey was instrumental in guiding our decisions. We analyzed both quantitative rankings (e.g., food = #1 need) and qualitative feedback from families. We weighted the results based on:
Frequency of identified needs across respondents
Urgency of basic necessities (e.g., food, shelter, hygiene)
Opportunities for sustainable impact (e.g., learning-based field trips)
This data directly informed budget allocations, vendor partnerships, and program timelines, allowing us to offer supports that reflect what families say they need, not just what schools typically provide.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There are currently s foster care students currently enrolled at P.S. 54.
Academic Supports

1. Designated DOE Foster Care Liaison – District 10
PS 54 has a Foster Care Liaison responsible for:
-Coordinating school enrollment and transfers
-Arranging transportation (MetroCards or yellow bus service)
-Advocating for students' educational stability
The District 10 Foster Care point person ensures compliance with McKinney-Vento and NYSED Foster Care Guidance.

2. IEP/504 Evaluations
Students in foster care have a right to timely evaluations for special education services, regardless of custody status.
-The IEP team includes a foster parent or educational surrogate.
-PS 54 staff can initiate this to address learning gaps and emotional needs.

3. Targeted Intervention Services
Based on need, students can receive:
-Push-in/pull-out academic support
-After-school tutoring or Tier 2/3 RTI services
-Literacy and numeracy intervention, often with paraprofessional or teaching assistant support

Social-Emotional & Behavioral Supports
1. School-Based Mental Health Team
PS 54 has access to:

-A school counselor
-A social worker and/or psychologist (often shared across the district)
-Partnerships with community-based organizations

2. Trauma-Informed Counseling
Many foster youth have experienced loss, instability, or abuse. Supports include:
-One-on-one trauma-informed counseling
-Behavioral intervention plans (BIPs)
-Small group SEL sessions using programs like Second Step or RULER

3.Crisis Intervention & Wraparound Plans
In collaboration with ACS caseworkers, caregivers, and DOE staff, schools can:
-Develop Behavior Crisis Intervention Plans (BCIPs)
-Hold regular Child Study Team (CST) meetings
-Access Mobile Crisis Services or referrals for outpatient therapy

Transportation & School Stability
-Under ESSA, foster students have the right to remain in their "school of origin" (PS 54), even if they move placements.
-The DOE ensures yellow bus service or MetroCards to preserve stability.
-The school's Foster Care Liaison works with the DOE Office of Pupil Transportation (OPT) to coordinate routes, including door-to-door if needed.

Family & School Engagement
-Share IEP progress reports, intervention updates, and report cards.
-Offer parent, teacher conferences at times that accommodate foster caregivers and agency reps.

Attendance & Monitoring
-Students in foster care are monitored closely through:
  -ATS flags and automated alerts
  -Weekly attendance reviews
  -Individual attendance plans, where needed

Chronic absenteeism is often addressed through:
-Counseling support
-Transportation troubleshooting
-Caregiver engagement and rewards for improved attendance

In Summary, Supports at PS 54
Support Area- Services Available
Academic- Tutoring, IEP/504, RTI, literacy/math intervention
Social-Emotional- Individual counseling, SEL, trauma-informed care
Stability & Mobility- Guaranteed transportation, enrollment assistance
Family Coordination- Inclusion of foster parents, caseworkers, surrogates
Legal Rights- Full access under ESSA, McKinney-Vento, IDEA

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At PS 54 (STH) we recognize that students in foster care require coordinated, trauma-informed, and proactive support to promote both academic achievement and emotional well-being. Our school implements a multi-tiered approach to meet the unique needs of this population, including those who are newly placed in foster care.

Targeted Supports for Foster Care Students
1. Immediate Enrollment & Liaison Support
Upon notification of a foster care placement, our Designated Foster Care Liaison ensures immediate enrollment, regardless of documentation status, and initiates support services without delay. The liaison also acts as a central point of communication between caregivers, ACS caseworkers, and school personnel.
2. Transportation for Stability
Students in foster care have the legal right to remain at PS 54 as their "school of origin." Our school works closely with the DOE's Office of Pupil Transportation to coordinate yellow bus service or MetroCards to minimize disruption and preserve continuity in education.
3. Academic Interventions
All foster care students are reviewed for:
-Targeted academic supports including literacy and math interventions
-RTI (Response to Intervention) services
-After-school tutoring and homework assistance
If warranted, we fast-track evaluations for IEPs or 504 plans, ensuring access to special education services, classroom accommodations, or behavior supports.
4. Social-Emotional Learning & Counseling
Our mental health team provides:
-Individual and small-group counseling
-Check-ins with the school social worker or counselor
-Trauma-informed care, especially for newly placed students who may be experiencing grief, anxiety, or emotional dysregulation
SEL lessons are also embedded into the school day using structured programs such as Second Step.
5. Family & Caseworker Engagement
We actively involve foster parents, relatives, and ACS caseworkers in IEP meetings, behavior support planning, and academic progress updates. Staff are trained to use inclusive language and practices that support trust-building and open communication with non-traditional caregivers.
6. Attendance Monitoring & Early Intervention
Foster care students are flagged in our attendance system to allow for real-time monitoring. In the event of excessive absences or lateness, we initiate an attendance improvement plan involving caregivers, our liaison, and student support staff.

Ensuring Stability and Success
Our school ensures students in foster care receive necessary interventions by:
-Holding Child Study Team meetings soon after notification of placement
-Coordinating wraparound services through school-based and community mental health partnerships
-Maintaining confidentiality and sensitivity when addressing students' experiences and needs
Using data-driven decision-making to track academic progress, behavioral referrals

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support

provided to this population?

At P.S. 54 (STH) our analysis of students in foster care, many of whom are also classified as living in temporary housing has revealed several consistent and urgent trends that inform how we shape our supports:

Trends Identified
1.Higher Mobility & School Transitions
Students in foster care often experience multiple school moves within a single school year. This instability leads to interruptions in learning, gaps in records, and social–emotional challenges, especially for those newly placed in temporary housing or shelters.
2. Chronic Absenteeism
Attendance data show that students in foster care, particularly those in shelters or doubled-up situations, are more likely to be chronically absent. This is often due to:
-Transportation issues
-Health/mental health challenges
-Unstable home routines or case transitions
3. Lower Academic Achievement
Historical performance trends (ELA and math) reveal that students in foster care score below grade level at higher rates than their housed peers. The impact is especially noticeable in reading comprehension and foundational math skills, likely due to learning interruptions and trauma.
4. Increased Need for Social–Emotional Support
Behavior referrals, counseling notes, and wellness team referrals suggest a higher incidence of trauma-related behaviors and emotional regulation difficulties. These are particularly acute for students who have entered foster care recently or moved into shelter settings.

How We Use These Insights to Improve Supports
1. Proactive Identification & Coordination
Upon enrollment or placement notice, our Designated Foster Care Liaison immediately flags students in ATS and coordinates with our child study team to develop a customized support plan. This plan considers both the educational and emotional needs of students.

2. Transportation & Attendance Support
Our school prioritizes school stability and daily attendance. We work with DOE's OPT to arrange yellow bus service or MetroCards for students in shelters or distant placements. For chronically absent students, we deploy home outreach, schedule flexibility, and attendance incentives.

3. Targeted Academic Intervention
Based on historical underperformance in math and literacy, foster care students are prioritized for:
-Tier 2 and Tier 3 RTI services
-Small group instruction and after-school tutoring
-Accelerated evaluations for IEPs or 504 plans when appropriate

4. Social–Emotional & Mental Health Services
We provide access to:
Individual and small-group counseling
Trauma-informed classroom strategies
Partnerships with community-based mental health providers

5. Wraparound Team Support
We conduct regular multi-agency team meetings involving school staff, ACS caseworkers, caregivers, and support agencies to create consistent routines and integrated plans that promote student resilience, emotional safety, and academic continuity.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At PS 54, we understand that students in foster care, especially those in transitional grades, face unique social, emotional, and academic challenges due to frequent disruptions in their home and school environments. These challenges often manifest more intensely during critical transition points, such as entry into kindergarten, the shift to state-tested grades, or the move to middle school. To address these challenges proactively, we implement a range of targeted SEL strategies that directly support both academic progress and positive behavior development.

Targeted SEL Strategies for Transitional Grades
1. Early Transition Planning & Welcome Protocols
-Foster care students entering new grades or classrooms are paired with a "transition buddy" to ease social adjustment.
-Staff conduct individualized welcome conferences involving the caregiver, classroom teacher, guidance counselor, and the foster care liaison to review academic and emotional needs early in the year.

2. Small-Group SEL Sessions
-Students in foster care are invited to participate in weekly small-group SEL sessions facilitated by the school social worker or counselor.
These sessions focus on:
-Emotional regulation
-Coping with transitions
-Positive self-identity
-Peer relationship building
SEL groups are built around core competencies from evidence-based programs such as Second Step and RULER.
Individual Counseling & Trauma-Informed Support
Foster care students, particularly those recently placed or re-housed, are referred for individual counseling to help process trauma, loss, or anxiety.
Staff use trauma-informed practices in the classroom, such as de-escalation strategies, flexible seating, or quiet corners, to support emotional regulation without shame or discipline.

3. Behavior Reflection & Positive Reinforcement Systems
-Foster care students often struggle with behavioral expectations when adjusting to new environments. To support this, we use:
-Behavior reflection journals
-Check-in/check-out systems
-Positive Behavior Intervention Supports (PBIS) customized for individual students
These help students set small, achievable goals and celebrate growth, reducing office referrals and supporting executive function development.

5. Academic, SEL Integration in the Classroom
-Teachers in transitional grades incorporate daily SEL warm-ups (like morning meetings or emotional check-ins) to build routine and emotional vocabulary.
-These strategies help foster care students feel emotionally safe and ready to learn, increasing participation and decreasing avoidance behaviors.

How These Strategies Help with Academic and Behavioral Challenges
-Improved Attendance and Engagement: By building trusted relationships and offering consistent emotional support,

foster care students are more likely to attend school regularly and engage in instruction.
-Reduced Behavior Incidents: SEL strategies help students manage frustration, anxiety, and impulsivity, reducing outbursts, defiance, or withdrawal.
-Academic Readiness: By addressing the emotional barriers to learning, students can focus more on instruction, ask for help when needed, and build confidence.
-Stronger Peer Relationships: Group SEL work helps foster care students navigate social situations more effectively, reducing isolation and supporting classroom collaboration.

A final analysis, at PS 54, we don't see SEL as a separate intervention, it's woven into our academic and behavioral framework. By supporting the whole child, especially during sensitive transition periods, we create a safe, stable, and empowering environment that helps students in foster care/STH thrive both socially and academically.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

10×054 staff along with the Digital Age Learning team will support early morning, after school and Saturday activities for targeted students' grades K through 5. The program supports academic intervention and enrichment activities focused on the needs of the students based on data analysis of student work, the activities will include integration of the arts and athletics as well as parent and family workshops to support family and community needs. The program runs for 15 hours per week for 30 weeks of the school year. In addition, as part of an ELT effort, the school has requested club enrichment activities to be coordinated during school day lunch periods, to increase student engagement in fun learning activities during the lunch time hours.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

The school will create ELT postings and hire NYS certified teachers to deliver all instructional content. Teachers will be hired from our in house teaching staff as well as outside of the school, when needed. Recruitment will happen prior to the launch of ELT instruction.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

All ELT instructional programming will align with core academic subject area instruction offered during the school day. Administration, along with the CBO, will align all curriculum being used during ETL to grade level content and standards. Supplemental materials from the current curriculum, including Into Reading, Envision and iReady will support the creation of ELT materials/resources. Student data will be reviewed for students participating in ELT, administration will make data driven decisions regarding instructional choices made for ELT.

Provide a description of the materials purchased to support implementation of ELT.

Some of the materials to be purchased will include sports equipment, paper, paints, crayons, pencils, colored pencils, markers and paintbrushes.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school’s Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Parent and Family Engagement Policy at 054X
At P.S. 054X, we believe that strong family-school partnerships are essential to student success. Our Parent and Family Engagement Policy is designed to foster meaningful collaboration between families, educators, and the broader school community to support academic achievement and school improvement.

Collaborative Planning and Input
Our policy is developed with active input from parents, the Parent Coordinator, and the Title I Parent Advisory Council (PAC). Regular meetings, surveys, and feedback sessions ensure that family voices are central to shaping our engagement strategies. The PAC Chairperson serves in a consultative role on the School Leadership Team (SLT), representing the interests and perspectives of Title I families.

Alignment with CEP Goals
All engagement activities are aligned with our Comprehensive Education Plan (CEP) goals, which focus on improving literacy, math proficiency, and social-emotional learning. Family engagement strategies are designed to support these goals through workshops, academic nights, and home-based learning resources.

Key Engagement Strategies:
- We offer monthly workshops on literacy, math strategies, and social-emotional development, often in collaboration with the Parent Academy.
- We maintain open lines of communication through newsletters, ClassDojo, school website updates, and multilingual outreach to ensure all families are informed and engaged.
- Events such as Family Literacy Night, Math Game Night, and Cultural Heritage Celebrations foster community and reinforce learning in fun, inclusive ways.
- We support parent leadership through training opportunities and encourage participation in school governance bodies like the SLT and PAC.

Support for Parents and Family Members of Title I Students

P.S. 54 is committed to empowering parents and family members of Title I students through meaningful support and engagement. Our efforts include:

- Providing Educational Resources and Training: We offer materials and workshops to help families support their children's academic growth in areas such as literacy, mathematics, and digital literacy.

- Encouraging Active Participation: Parents receive the guidance and tools needed to engage in school planning and decision-making processes that impact their children's education.

- Strengthening the Home-School Connection: We promote a nurturing and collaborative partnership between home and school, enabling parents to effectively support and monitor their child's academic progress.

- Clarifying Academic Standards and Assessments: We assist families in understanding local, state, and federal academic standards, as well as the assessments used to measure student progress.

- Ensuring Accessible Communication: All school-related information, including programs, meetings, and events, is shared in clear, family-friendly formats and in the languages spoken by our school community.

- Building Staff Capacity with Parent Input: We provide professional learning opportunities for school staff—shaped by parent feedback—to enhance communication, cultural responsiveness, and outreach efforts, fostering stronger relationships across the school community.

Parental Involvement and School Quality

Parental Involvement and School Quality at P.S. 54
At P.S. 54, we recognize that meaningful parent and family engagement is essential to student success and school improvement. Our Parent and Family Engagement Policy is grounded in a comprehensive assessment of the needs of all families, including those of Multilingual Learners/English Language Learners (ML/ELL) and students with disabilities. This policy is developed and reviewed annually with the active participation of Title I parents and family members to ensure it remains responsive and effective.

Ongoing Evaluation and Improvement
Each year, the school community—together with parents—conducts an evaluation of the content and effectiveness of the Parent and Family Engagement Policy. Using school surveys, feedback forms, and parent input, we identify strengths and areas for growth. These findings directly inform strategies to better meet family needs and enhance the academic quality of our Title I program.

Inclusive Development Process. In developing this policy, we consult with:

Parents of Title I students
Members of the Parent Association (PA/PTA)
Parent representatives on the School Leadership Team (SLT)
These stakeholders are also encouraged to gather feedback from the broader parent community to ensure the policy reflects diverse perspectives.

Strategies to Strengthen Parent Involvement and School Quality
To foster a strong home-school partnership and improve school outcomes, P.S. 54 will:

- Engage Parents in Planning and Decision-Making: Parents are actively involved in reviewing the Title I program and the School-Parent Compact, as outlined in the Comprehensive Education Plan (CEP).

- Collaborate on Title I Budget Decisions: Parents participate in discussions about the use of the 1% Title I set-aside funds, which support family engagement activities such as literacy workshops and parenting skills development.

- Ensure Effective Use of Title I Funds: All parent engagement funds are used to implement strategies outlined in the Parent and Family Engagement Policy and the School-Parent Compact.

-Support Parent Leadership: We provide technical assistance and leadership development for parents serving on the SLT, PA, and Title I Parent Advisory Council (PAC).

- Maintain a Dedicated Parent Coordinator: Our Parent Coordinator serves as a vital link between families and the school, offering workshops based on parent needs, maintaining a monthly log of events, and ensuring a welcoming school environment.

- Offer Targeted Parent Workshops: Topics include parenting skills, understanding curriculum and assessments, literacy support, accessing community resources, and technology training to support learning at home.

- Host the Annual Title I Parent Meeting: This meeting informs families about the Title I program, their rights, and opportunities for involvement under ESSA.

- Provide Flexible Meeting Times: Additional meetings are scheduled throughout the year, including morning and evening sessions, to accommodate family schedules and encourage participation.

- Ensure Language Access: All critical school communications are translated, and interpretation services are provided during meetings and events to ensure all families can engage fully.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;

- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 54, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- school wide messaging app to allow for direct parent/teacher communication;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;

- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Priority 1, Priority, 2, Priority 3, Priority 4, Priority 5, Chronic Absenteeism, Quality Individualized Education Plan

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Our school implements a variety of strategies to ensure a smooth and supportive transition from Pre-K to Kindergarten. Throughout the school year, Pre-K students and their families are included in all school-wide events, including parent involvement activities, to help build familiarity with the broader school community.

Professional Development is provided for all instructional staff, including Pre-K teachers, when applicable. These sessions often focus on school-wide initiatives and help create curricular and instructional alignment across grade levels.

As part of the transition process, student records and relevant data are shared with Kindergarten teachers to ensure they are informed of each child's academic progress and social-emotional development. This enables a more personalized and responsive approach at the start of the new school year.

We also host open houses for Kindergarten and Pre-K families during both the spring and summer. These events allow families to meet staff, tour the building, and gain insight into the expectations and routines of Kindergarten. In addition, school aides, secretaries, and our parent coordinator reach out to families to assist with registration and to guide them through the transition process.

Finally, we encourage early application for 504 services and other early intervention supports to ensure that any necessary accommodations are in place ahead of the school year. These combined efforts ensure that students and families experience a warm, well-supported transition into the elementary school environment.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$416,701	X	X
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	$21,968	X	X
Title III, Part A	Federal	N/A	N/A	N/A
Title III, Immigrant	Federal	N/A	N/A	N/A
Title IV, Part A	Federal	N/A	N/A	N/A
Tax Levy (Fair Student	Local	$3,362,128	X	X

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Digital Age Learning	189 K-5 Students	The 10X054 21st CCLC Grant supports early morning, after school and Saturday activities for 189 targeted students grades K through 5. The program supports academic intervention and enrichment activities including integration of the arts and athletics as well as parent and family workshops to support family and community needs. The program runs for 15 hours per week for 30 weeks of the school year.	Priority 1, 2, 3, 4, 5
N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The CBO maintains an onsite full-time project director to support and facilitate communication, collaboration, and management of the grant. School designees (principal and assistant principal) and CBO project director meet regularly to ensure collaborative planning and execution of school and grant goals. The Digital Age Learning team also supports the project director in all project activities through weekly communications by phone and video calls and participates in all advisory committee meetings to discuss successes and challenges of the project. Modifications to program activities are made as needed. A fidelity checklist is also provided, this allows the CBO and school to collaborate in achieving the goals together.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

CBO Digital Age Learning team in partnership with the school administrative team, PTA president and parent coordinator will leverage resources from CBO and Community Partners to meet family needs and schedule and promote events to share these resources with families. CBO project director works with school staff to plan and implement family workshops and events in response to parent needs. CBO project director also attends SLT meetings to better understand school and family and community needs. The CBO team also hosts an annual community school forum where multiple resources are invited to educate and inform our community.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

A P.S. 54 team, composed of school leaders, teachers, and support staff in collaboration with CBO Digital Age Learning team will develop proactive student support plans and support students during times of crisis. The P.S. 54 social worker/wellness lead will make agency to agency referrals for families in need of intensive support. The P.S. 54 team in collaboration with CBO Digital Age Learning team will also collaborate with Community Based Wellness organizations. The school social worker will provide workshops and training for teachers and school staff on crisis intervention and de-escalation tips as needed using restorative practices and evidence-based approaches. The social worker may also assist in creating a crisis protocol in assessing the effectiveness of the current protocol. The social worker/wellness lead will collaborate with DOE and various Wellness Resources, and relevant health centers to provide workshops and training for families, students and staff. In addition, Ms Velasquez runs a peer mediation group during after school hours twice a week to support students and families in youth development and character education activities. Ms Velasquez has been provided with training in specific social emotional learning techniques through Digital Age Learning and Career Visions Ltd (a NYC contracted vendor for professional learning in social emotional wellness and development).

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

P.S. 54 attendance team composed of school leaders, teachers and support staff in collaboration with the CBO Digital Age Learning team will actively use data to inform decisions related to conducting attendance improvement initiatives for students and families. The team will rely on tools and practices for developing highly effective teams, such as the use of rolling agendas, action plans, data collection and review tools, surveys and communication protocols. The team will be responsible for conducting ongoing outreach, celebrations ceremonies, and incentives. The CBO project director will work with the school staff to monitor student daily attendance, especially for chronically absent students, and will use ATS reporting documents to recruit students with higher levels of school day absenteeism to attend after school programs. CBO program director also collaborates with the school to host monthly success mentor ceremonies recognizing attendance improvement. CBO project director will monitor chronically absent students' attendance to track if after school program engagement can be used as an incentive leading to increased attendance during the school day. The CBO has also formulated partnerships with organizations to promote and increase student attendance. Students are also rewarded with monthly pizza, monthly announcements and monthly giveaways.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

A P.S. 54 team, composed of school leaders, teachers and support staff in collaboration with the CBO Digital Age Learning team will be the primary teams responsible for ensuring students receive differentiated and culturally responsive services and supports. Each of these teams will review attendance, academic, and incident data for all students and by subgroups (students in temporary housing, Multilingual Learners/English Language Learners, and Students with Disabilities) to analyze trends and make recommendations to support the success of all students with specific differentiated and culturally responsive supports. PS 54 recruits teachers that are familiar with the students and families that attend the after school program, providing a level of trust and student engagement aligned with the specific needs of the students and families they serve. Similarly, Digital Age Learning recruits and provides teaching artists for Community School program activities that are of similar diverse backgrounds as the students they serve. Digital Age Learning provides ongoing professional learning for its teaching artists including the areas of culturally responsive teaching and how to support students with disabilities through diversifying instruction to meet varying students' needs.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Indhira Ventura
Assistant Principal (Where Applicable)*	Peter Eisma
English as a New Language (ENL) Teacher*	Marilyn Costa
Teacher (if school has a bilingual program must be a bilingual teacher)*	Yaritza Fanini
Parent/Guardian*	Aracelis Bravo
Teacher	Loyda Suero
Parent Coordinator	Cristina Flores
School Counselor	Trena Moore
Related-Service Provider	N/A
Other (Name and Title)	N/A
Other (Name and Title)	N/A

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

5

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

5

Number of ESOL certified teachers with a bilingual extension:

5

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

316

Total number and percentage (%) of current ELLs:

81 or 25%

Total number and percentage (%) of former ELLs:

5 or 1.6 %

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

67 or 82.7 %

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

14 or 17.3 %

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

16 or 19.8 %

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0		0
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0		0
TBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0		0
DLBE	DLBE	Spanish	2015	1	1	1	1	1	1	0	0	0	0	0	0		6
DLBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0		0
DLBE	N/A	N/A	N/A	0	0	0	0	0	0	0	0	0	0	0	0		0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL is delivered by a New York State certified English to Speakers of Other Languages (ESOL) teacher to Entering and Emerging ML students. This instruction is provided in a pull-out and/or small group setting for a minimum of 180 minutes per week, focusing on English language development to support students' acquisition of the English language needed for success in core content areas such as Social Studies, English Language Arts (ELA), Science, Math, and the Arts.

Students are grouped homogeneously by grade level and proficiency level to tailor instruction to their specific needs.

Instruction is aligned with grade-level content and standards. Teachers select content that corresponds with the material covered during students' core instruction, linking stand-alone ENL minutes to the content area that most benefits the students or leveraging thematic units with cross-content entry points.

Integrated ENL:

In alignment with New York State's Commissioner's Regulations Part 154, all English Language Learners receive Integrated ENL instruction delivered by a New York State certified English to Speakers of Other Languages (ESOL) teacher. This instruction is provided for a minimum of 180 minutes per week, tailored to the students' English language proficiency levels.

Students are grouped by grade level and English language proficiency level to ensure that instruction is aligned with their specific needs.
Integrated ENL instruction is designed to support students in developing English language skills while accessing grade-level content. This approach ensures that MLs/ELLs receive linguistically and academically rigorous instruction, enabling them to meet the Next Generation Learning Standards.

The instructional goals of Integrated ENL are specific to both content area learning and language development. Teachers develop content and language objectives that are explicitly designed to support MLs/ELLs. These objectives are informed by the linguistic demands of the content, such as accessing texts and expressing knowledge orally or in writing. Instructional strategies are implemented to make learning explicit and accessible for ELLs, fostering their academic success across all content areas.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language (DL) program is a self-contained model where students receive 50% of instruction in Spanish and 50% in English across grades K–4. Instruction is delivered using the HMH Into Reading curriculum alongside HMH ¡Arriba la Lectura! and Estrellita for Spanish literacy, complemented by Envision Math in both languages. These curricula are designed to be complementary, providing students with consistent exposure to the same texts in both languages.

Instruction occurs in both whole group and small group settings, with targeted support based on ongoing assessments throughout the year. In the DL program, students are placed in self-contained classrooms where teachers provide instruction in both English and Spanish. Key components include:

ELL Students programmed in a Dual Language class receive their integrated minutes from their Dual Language classroom teacher. ELL Students programmed in General Education classes receive their integrated minutes from the ENL Teacher as a push in small group support. Mandated integrated units are programmed in STARS according to each student's current proficiency level. Students are grouped by grade level and proficiency level so that instruction can be aligned to the needs of students.
ENL Component: Developing skills in speaking, listening, reading, and writing in English.
Content Area Instruction: Teaching all subjects in both English and Spanish.
Home Language Arts: Fostering skills in speaking, listening, reading, and writing in Spanish, while cultivating an appreciation for Hispanic cultures.

Classes consist of 50% Multilingual Learners/English Language Learners (MLs/ELLs) sharing the same home language and 50% non-MLs/ELLs. This structure supports our goal of developing bilingual, biliterate, and bicultural students, enhancing their academic achievement and cultural appreciation.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Data from the NYSESLAT Spring of 2024 determines how many minutes each student is entitled to.

As per CR Part 154, proficiency level drives the number of mandated minutes ELLs are entitled to in the English as a New Language (ENL) as follows: Entering and Emerging student receive a total of 360 minutes on ENL. Transitioning and Expanding student receive a total of 180 minutes of ENL per week. Commanding students receive 90 minutes of ENL weekly. Instruction is provided through stand alone and integrated settings. In the Dual Language Bilingual Education (DLBE) program, ELLs and non-ELLs receive instruction in English (50%) and Spanish (50%) of the day. ELLs in the DLBE program receive ENL as per their proficiency level by the bilingual teacher and/or the ENL provider. STARS programming is done according to the proficiency levels of all ML/ELL identified students.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ELA instruction is delivered using the HMH Into Reading curriculum, which includes teacher-facing modules and lesson plans, read-aloud books in both English and Spanish, and student-facing materials available in print and digital formats.

ENL instruction is provided in small groups by either the ENL coordinator or the Dual Language teacher, based on students' NYSESLAT performance levels and aligned ENL required minutes. Instruction is conducted in English, focusing on skills and strategies identified through NYSESLAT performance and in-house MOCK NYSESLAT assessments.

HLA instruction is delivered by Dual Language teachers using the HMH ¡Arriba la Lectura! and Estrellita programs, focusing on developing skills in speaking, listening, reading, and writing in Spanish.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school implements a 50/50 Two-Way Dual Language Bilingual Education model, where instruction is equally divided between English and Spanish. This model aims to develop bilingualism, biliteracy, and cross-cultural understanding among students.

In this model, approximately 50% of students are English Language Learners (ELLs), and 50% are English-proficient students. This balanced composition fosters an environment where students learn from and with each other, promoting mutual respect and cultural appreciation.

Instruction is delivered in both languages across all core content areas, ensuring that both ELLs and English-proficient students are integrated throughout the instructional day. This approach supports the development of proficiency in both English and Spanish for all students.

b. In which language(s) is each core content area taught?

Core content area in Math, Social Studies and Science is taught in English and Spanish. Additionally, all participating students receive literacy instruction in English (ELA) and Spanish (HLA).

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 054, 67 students (82.7%) have been identified as Newcomers, recent arrivals to the United States with limited English proficiency. The remaining 14 students (17.3%) are classified as Developing English Language Learners (ELLs), who have been in U.S. schools for several years but continue to face challenges in achieving full English proficiency.
Instruction for these two groups differs to address their distinct stages of language acquisition and academic readiness.
Newcomers require foundational language instruction, focusing on basic English skills across all domains (speaking, listening, reading, and writing). For this group, teachers simplify language and instructions by using clear, slow speech and simple sentences. They incorporate visual aids and gestures, use Total Physical Response (TPR) to connect language learning with physical movements, and implement interactive activities such as games, role-plays, and storytelling to practice language in a low-pressure environment. Teachers also provide sentence frames and starters, utilize technology tools to facilitate instruction, and create a classroom culture that celebrates diversity and encourages students to share their cultural backgrounds.

Developing ELLs have acquired basic language skills and are progressing toward fluency. They receive more support in academic language development and content-area literacy. Instruction includes strategic scaffolds to appropriately challenge students, ensuring continued progress and preventing stagnation in language development. Teachers emphasize academic vocabulary development and differentiate instruction to meet varying proficiency levels, offering support as needed while challenging students to expand their skills.

P.S. 054 has been implementing Thinking Maps to support students in mapping their thinking to support their writing. In addition, teachers provide opportunities for students to actively participate in lessons through activities that promote language use and content understanding, and contextual learning that relates lessons to real-world scenarios to make abstract concepts more relatable and understandable.
To prevent Developing ELLs from becoming Long-Term ELLs, P.S. 054 provides targeted interventions that include ongoing progress monitoring and small group instruction focused on academic vocabulary and complex language structures. Teachers collaborate with ENL specialists to ensure instruction is aligned with students' language proficiency levels and academic needs. Additionally, students are given frequent opportunities to engage in oral

language practice, academic discussions, and writing tasks across content areas to accelerate language acquisition and support reclassification.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At P.S. 054, 0% of English Language Learners (ELLs) are currently identified as Students with Inconsistent/Interrupted Formal Education (SIFE). However, the school recognizes the importance of being prepared to support SIFE students should they enroll during the school year. Effective instruction for SIFE students is differentiated to address gaps in foundational academic skills, limited literacy in their home language, and potential social-emotional needs.
Instructional strategies include:
- Conduct initial assessments to identify literacy levels, numeracy skills, and prior schooling experiences.
- Provide intensive instruction in phonics, phonemic awareness, number sense, and basic math operations.
- Incorporate visuals, manipulatives, and hands-on activities to support understanding and engagement.
- Use small group instruction tailored to individual learning needs and language proficiency levels.
- Collaborate with counselors and social workers to address trauma, transitions, and acculturation challenges.

Proactive Plan for Supporting SIFE Students at P.S. 054:
- Identification Protocol- Train staff to recognize indicators of interrupted education.
Use the NYSED SIFE Identification Interview and Literacy Screener upon enrollment.

- Initial Support Structures
Assign a bilingual staff member or ENL teacher to support intake and orientation.

- Instructional Planning
- Develop individualized learning plans (ILPs) with short-term and long-term goals.
Schedule daily intervention blocks focused on foundational literacy and numeracy.

Family Engagement
- Host multilingual family workshops to explain school expectations and available support.

- Progress Monitoring
- Use formative assessments and progress monitoring tools to track growth.
- Adjust instruction based on data and student response.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At P.S. 054x, 0% of our English Language Learners (ELLs) are classified as long-term ELLs, and 17.3% are identified as developing ELLs. This indicates that all of our ELLs are in the early stages of language acquisition, having been in U.S. schools for fewer than four years.

Developing ELLs have acquired basic language skills and are progressing toward fluency. Instruction for this group includes, strategic scaffolds, teaching with a focus on content-area literacy and academic vocabulary, adapting instruction to meet varying proficiency levels, implementing visual tools to help students organize and express their

thoughts and providing opportunities for students to actively engage in lessons through activities that promote language use and content understanding.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At P.S. 054x, 5 students (1.6% of the student population) are classified as former English Language Learners (ELLs). These students, having exited ELL status within the past two school years, continue to receive mandated support to ensure sustained academic success and language development.
To ensure compliance and effectiveness of support, the school has implemented the following monitoring and accountability systems:

- ENL teachers maintain detailed service logs documenting the weekly 90 minutes of Integrated ENL instruction provided to each former ELL. These logs are reviewed monthly by the ENL coordinator and administration to ensure fidelity to the mandated instructional time.

- Former ELLs are included in the school's progress monitoring cycles for literacy and language development. Tools such as i-Ready, running records, and writing rubrics are used to track growth in academic language and content-area literacy.

- Former ELLs are flagged in the school's MTSS data systems. Their performance is reviewed during monthly MTSS meetings, where instructional teams analyze assessment data, attendance, and participation to determine if additional supports or interventions are needed.

- For students continuing in the Dual Language Program, bilingual teachers collaborate with ENL staff to monitor biliteracy development. Student portfolios and bilingual writing samples are reviewed quarterly to assess progress in both languages.

- Families of former ELLs receive regular updates on their child's progress through report cards, parent-teacher conferences, and bilingual newsletters. This ensures transparency and shared accountability between school and home

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At P.S. 054x, two major at-risk factors impacting English Language Learners (ELLs) are housing instability and insufficient progress in English Language Proficiency (ELP). Currently, 37% of ELLs are in temporary housing, and 28.4% did not make sufficient progress on the Spring 2024 NYSESLAT.
These challenges often intersect, compounding barriers to academic success and language development. To address these concerns, the Instructional Leadership Team (ILT), guidance counselors, and ENL teachers work collaboratively to monitor and support at-risk ELLs. The ILT reviews attendance, academic performance, and language proficiency data during monthly meetings to identify students in need of intervention.
Guidance counselors track attendance patterns and provide emotional support and referrals for students experiencing housing instability. ENL teachers monitor language development through formative assessments and adjust instruction to meet individual needs. Weekly student support meetings bring these teams together to discuss student progress and coordinate academic and social-emotional supports. Additionally, families are engaged through bilingual communication and resource-sharing to promote consistent attendance and learning continuity. This integrated approach ensures that at-risk ELLs receive the targeted support necessary to thrive academically and emotionally.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At P.S. 054x, two notable at-risk indicators for former English Language Learners (ELLs) are academic underperformance and housing instability. According to the EDAT, 20% of former ELLs are currently living in temporary housing, and 20% of ELLs scored at Level 1 or 2 on the state exams for both ELA and Math, suggesting that former ELLs may also be at risk of academic challenges if supports are not sustained.
These trends highlight the importance of continued monitoring during the mandated two-year support period following ELL exit. To ensure accountability and progress, the school tracks state exam and i-Ready data separately for former ELLs, allowing instructional teams to identify trends and respond with targeted interventions.
Attendance patterns are also closely monitored, especially for students in temporary housing, to ensure consistent engagement and access to instruction. The Instructional Leadership Team (ILT), ENL teachers, and guidance counselors collaborate through PLC and MTSS data cycles to review student progress, identify barriers, and coordinate academic and social-emotional supports. This multi-tiered approach ensures that former ELLs receive the ongoing attention and resources needed to thrive beyond their ELL designation.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At P.S. 054x, Spanish is the predominant home language among English Language Learners (ELLs), spoken by 92% (75 out of 81) of our ELL students. This linguistic majority is reflected in the intentional structures and staffing we have in place to support both instruction and family engagement. Our bilingual staff members play a critical role in bridging communication between school and home, ensuring that Spanish-speaking families are actively involved in their children's education.
The Dual Language Program promotes bilingualism and biliteracy, allowing students to develop academic proficiency in both English and Spanish, which enhances comprehension and engagement across content areas. Instruction is further supported by culturally responsive resources, including Spanish-language books and materials in classrooms and libraries, which affirm students' identities and foster literacy development.
To strengthen family engagement, all school communications are sent in both English and Spanish, and real-time translation tools are used during meetings to ensure accessibility. Platforms like School Messenger and ClassDojo allow for multilingual messaging, keeping families informed and connected. These supports not only enhance instructional outcomes by validating students' linguistic backgrounds but also build strong partnerships with families, creating a more inclusive and supportive school community.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S. 054x, the racial and ethnic composition of English Language Learners (ELLs) reflects a rich diversity, with 93% identifying as Hispanic and the remaining 7% representing a mix of Asian, Black, and American Indian/Alaskan Native backgrounds. This diversity is central to how we plan and deliver Culturally Responsive and Sustaining Education (CR-SE). Our school actively includes ELLs in CR-SE through inclusive curriculum resources, such as classroom and school libraries stocked with books that reflect a wide range of cultures, languages, and lived experiences, including materials in students' home languages. To celebrate and affirm student identities, we are launching a school-wide social studies fair during the 2025–2026 school year that will highlight global cultures and

student heritage, encouraging students to share and celebrate their backgrounds.
Instruction is guided by the NYC Passport to Social Studies Curriculum, which ensures that students see themselves reflected in what they learn. Importantly, student voice and lived experiences are incorporated into instructional planning through culturally relevant writing prompts, classroom discussions, and project-based learning that invites students to connect academic content to their personal narratives. These efforts ensure that ELLs are not only supported academically but also empowered to see their identities as assets within the school community.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The data shows the following distribution among English Language Learners (ELLs) in terms of their progress toward English proficiency:

60.5% (23 students) did not meet ELP sufficient progress.

39.5% (15 students) met ELP sufficient progress, broken down as:
5.3% (2 students) met Safe Harbor cumulative growth.
26.3% (10 students) met the Annual Progress Target.
7.9% (3 students) met progress by exiting ELL status.

A majority of students (60.5%) are not on track to exit ELL services, indicating a need for enhanced instructional support and targeted interventions.
Nearly 40% of students are showing positive growth, with some even exiting ELL status. The presence of students meeting Safe Harbor suggests that while they may not have met the full annual target, they are making incremental gains.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

At P.S. 054x, the 2024 NYSESLAT results reveal that 94.5% of ELLs are at least at the Emerging level, with 47.3% at Expanding and 23.6% at Transitioning. In contrast, only 47.8% of students met proficiency in ELA and Math combined.
Data observations and Trends:
Higher ELL Proficiency on NYSESLAT: A significant majority of ELLs demonstrate proficiency in language

acquisition, with 47.3% at Expanding and 23.6% at Transitioning levels.
Lower Academic Achievement in ELA & Math: Despite strong language development, only 47.8% of students are proficient in ELA and Math, indicating challenges in applying language skills to academic content.
Speaking & Listening: Proficiency in these areas correlates with higher NYSESLAT levels, suggesting effective oral language development.
Reading & Writing: The lower proficiency in ELA and Math suggests that reading and writing skills may not be transferring effectively to academic tasks.

Analysis of NYSESLAT and ELA/Math Test Performance
NYSESLAT Proficiency Levels (Total: 55 students):
Expanding: 26 students (47.3%)
Transitioning: 13 students (23.6%)
Emerging: 8 students (14.5%)
Entering: 5 students (9.1%)

ELA Test Performance:
Level 1: 1 Emerging, 5 Transitioning, 5 Expanding, 1 Commanding
Level 2: 6 Expanding
Level 3: 1 Commanding

Math Test Performance:
Level 1: 1 Emerging, 1 Entering, 3 Transitioning, 5 Expanding
Level 2: 1 Emerging, 3 Transitioning, 4 Expanding, 1 Commanding
Level 3: 2 Expanding, 1 Commanding

Key Trends and Observations:
Expanding Students: While many are nearing English proficiency, a notable number still scored Level 1 on both ELA and Math, indicating a need for continued academic support. However, some are achieving Level 2 and even Level 3, showing a wide range of academic readiness within this group.

Transitioning Students: Most scored at Level 1 or 2, suggesting they are progressing but still require scaffolding to reach grade-level expectations.
Emerging and Entering Students: These students are primarily scoring at Level 1, which aligns with their early stage of English development and highlights the need for foundational language and content support.

Commanding Students: These students are performing better academically, with scores at Level 2 and 3, indicating readiness for mainstream instruction.

The NYSESLAT results some growth in English proficiency, especially among Expanding and Transitioning students. However, the academic performance data from ELA and Math tests reveals that language proficiency does not always equate to academic readiness. This highlights the importance of integrated language and content instruction, differentiated supports, and ongoing progress monitoring to ensure ELLs succeed across all modalities.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

2023 IEP students data-14 students out 66 or 21% (2 students scored emergent, 6 students scored transitioning, 4 students scored expanding)

2024 EIP students data- 16 or 19.8 % of ELLs have IEPs. (4 students scored emergent, 6 students transitioning, 5

expanding)

While many expanding students are nearing English proficiency, a notable number still scored Level 1 on both ELA and Math, indicating a need for continued academic support. However, some are achieving Level 2 and even Level 3, showing a wide range of academic readiness within this group. Most transitioning students scored at Level 1 or 2, suggesting they are progressing but still require scaffolding to reach grade-level expectations. Emerging and Entering Students are primarily scoring at Level 1, which aligns with their early stage of English development. Commanding Students are performing better academically, with scores at Level 2 and 3, indicating readiness for mainstream instruction.

The distribution of proficiency levels among ELLs with IEPs indicates a range of language acquisition stages. While some students are progressing toward fluency, others remain at the emergent level.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

P.S. 054x provides English Language Learners (ELLs) with a high-quality academic experience that fosters deeper learning through meaningful program choices and culturally responsive instruction. Students who qualify and opt into our Dual Language program benefit from a rich bilingual environment where they continue to develop their home language while acquiring English, promoting biliteracy, bilingualism, and critical thinking. However, all ELLs, regardless of program placement, have access to rigorous instruction that supports deeper learning. Teachers implement scaffolded strategies aligned to students' language proficiency levels, ensuring that academic content is accessible while promoting higher-order thinking. Instruction is enriched through the use of culturally responsive materials, collaborative learning structures, and opportunities for students to connect content to their lived experiences.
ENL teachers co-plan and co-teach with classroom teachers to integrate language development into core instruction, and Thinking Maps are used school-wide to support metacognitive skills and academic writing. These practices empower ELLs to engage meaningfully with grade-level content, express themselves in multiple ways, and build the skills necessary for long-term academic success.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At P.S. 54, the school's leadership team ensures that English Language Learners (ELLs) have full access to core instruction and curriculum through a collaborative, data-driven, and equity-focused approach.

A key structure supporting this work is the Instructional Leadership Team (ILT), which includes a dedicated Multilingual Learners (MLLs) sub-team composed of all Dual Language (DL) and English as a New Language (ENL) teachers. This team meets weekly with the principal to analyze student data, review student work, and engage in reflective dialogue to align instruction with the school's mission and vision for ELL success.

To ensure ELLs are fully included in the school's instructional design, the MLL sub-team engages in cycles of PDSA (Plan-Do-Study-Act), which help refine practices and ensure continuous improvement. The team also monitors ELL performance through data cycles, ensuring instruction is responsive and targeted.

Instructional practices that support access to core curriculum include:

Interclass visitations to promote shared learning and best practices
Ongoing professional development cycles focused on ELL strategies
Culturally Responsive-Sustaining Education (CR-SE), and Social-Emotional Learning (SEL) frameworks
Inclusion of DL programs as a core part of the school's instructional plan
Together, these systems and practices ensure that ELLs are not only accessing the core curriculum but are also thriving within it.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At P.S. 054x, core content is delivered through ENL and Dual Language Bilingual Education (DLBE) models. In the ENL program, instruction is in English with scaffolds to support language development. Teachers use read-alouds, shared reading, and guided reading to build listening, speaking, and reading skills. Students receive 30 minutes of daily intervention that includes independent reading, conferencing, and small group instruction. Instruction aligns with NYS Next Generation Learning Standards, ENL standards, and Arts standards, and integrates listening and speaking across all subjects.
In the DLBE program, instruction is split between English and Spanish. Students access leveled libraries in both languages and participate in guided reading based on assessments. Teachers use interactive read-alouds, shared reading, and cooperative discussions to build fluency, vocabulary, and comprehension. Strategies like Think-Pair-Share and accountable talk are used to promote oral language and critical thinking. Both models ensure ELLs receive rigorous, language-rich instruction that supports academic success and deeper learning.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

At P.S. 054x, teachers of Multilingual Learners (MLs)/English Language Learners (ELLs), including those with IEPs, use differentiated strategies and grade-level materials to ensure access to academic content and accelerate English language development. Across core subjects ELA, Math, Science, and Social Studies, teachers use graphic organizers, sentence stems, interactive read-alouds, and turn-and-talk strategies to build academic language and comprehension. Technology tools like Google Slides and video recordings support multimodal learning.
For ELLs with IEPs, materials are adapted to meet individual goals, and instruction is scaffolded to support both content mastery and language growth. Systematically used programs include Promethean Boards, i-Ready, and BrainPOP ESL, which offer visual, auditory, and interactive supports tailored to language proficiency levels. These tools and strategies ensure all ELLs, regardless of subgroup, receive rigorous, inclusive instruction aligned to grade-level standards.

b. SIFE

At P.S. 054x teachers of Multilingual Learners (MLs)/English Language Learners (ELLs) with SIFE status implement targeted instructional strategies and utilize specialized materials to provide access to grade-level academic content while accelerating English language development.

These students often require intensive support due to limited prior schooling and significant gaps in literacy and numeracy. Our SIFE students are primarily supported by ENL (English as a New Language) teachers who provide both integrated content-based instruction and stand-alone language development sessions tailored to their proficiency levels.
This subgroup is prioritized for before- and after-school programs that offer additional instructional time to accelerate academic and language growth. When possible, SIFE students receive increased daily ENL instructional time to support rapid language acquisition and foundational skill development. Teachers use visuals, sentence frames, graphic organizers, and modeled examples to make content comprehensible and build academic language. Tools such as Google Slides, Pear Deck, and voice-recorded instructions support multimodal learning and reinforce key concepts. Classrooms emphasize oral language development through structured academic conversations, sentence starters, and collaborative tasks. Instruction is designed to validate and incorporate students' cultural backgrounds and prior experiences, fostering engagement and a sense of belonging.

c. Newcomers

Newcomer English Language Learners (ELLs), as defined under CR Part 154, are students who have received English as a New Language (ENL) instruction for zero to three years in the NYC DOE. This group includes both recently arrived immigrants and U.S.-born students at various levels of English proficiency—from emerging to transitioning and beyond.

To meet their diverse needs, teachers at P.S. 054x implement a comprehensive, culturally responsive, and data-informed instructional plan.
- Bilingual, ENL, and monolingual teachers receive ongoing professional development in second language acquisition and ENL methodologies. Monthly workshops ensure staff are equipped with current best practices.
- Instruction is tailored using students' first language proficiency scores (when available), English proficiency levels, and academic background. Teachers use scaffolds such as sentence frames, visuals, and bilingual glossaries to support comprehension and language development.
- Family literacy levels are identified to guide communication and support. Families are introduced to school and community resources (e.g., school/public libraries, Dial-A-Teacher in Spanish, parent coordinators).
One-on-one meetings with the ESL coordinator during registration help build trust and clarify expectations.
- Intake interviews with parents gather information about students' prior schooling and educational systems in their home countries. Teachers develop a clear understanding of students' cultural identities, background knowledge, and life experiences to inform instruction.
- ENL and content area teachers collaborate regularly to align instruction, co-plan lessons, and ensure language objectives are embedded in content instruction.

Home Language Survey & NYSITELL
- These tools are administered upon enrollment to determine language proficiency and appropriate program placement.
- Teachers analyze student profiles and formative assessment data to monitor progress and adjust instruction accordingly.
- Interactive learning tools such as Google Slides and Pear Deck are used to present content visually and interactively.
- Translation tools, voice recordings, and bilingual dictionaries help students access content while developing

English skills. Programs such as Imagine Learning, Raz-Kids, and Newsela provide leveled texts and language practice tailored to students' proficiency levels.

Core Content and Language Materials:
- Modified and leveled texts, adapted materials aligned to grade-level standards help students engage with rigorous content while building language proficiency.
- Hands-On Supports, math manipulatives, science visuals, and Thinking maps are used to support conceptual understanding. Instruction is aligned with WIDA or NYSESLAT standards, focusing on academic language across listening, speaking, reading, and writing.
This comprehensive approach ensures that newcomer ELLs regardless of their background or proficiency level receive the support they need to thrive academically and linguistically.

d. Long Term ELLs

Long-Term English Language Learners (LTELLs) at P.S. 054x are students who have received ENL instruction for seven or more years and often face challenges such as limited academic language, literacy gaps, and disengagement. To support them, we implement targeted, asset-based strategies focused on academic language across listening, speaking, reading, and writing. Small group and one-on-one instruction address specific gaps, and lessons are tailored to proficiency levels, interests, and learning styles to boost engagement. LTELLs are prioritized for after-school programs and tutoring led by certified ENL and bilingual teachers using research-based methods. Instruction integrates students' cultural backgrounds and real-world applications to build relevance and confidence.

ENL and content teachers co-plan and co-teach, embedding language objectives into grade-level instruction. Tools like Newsela, CommonLit, Quill, Google Classroom, and Flip support reading, writing, and collaboration. Translation tools, speech-to-text, and audio supports help students access content and express ideas. Core content is delivered using adapted readings, scaffolded materials, and aligned to WIDA and NYSESLAT standards, with a focus on academic language in all subjects. Sentence frames, thinking maps, and modeled responses support structured communication.

Progress is tracked through i-Ready growth data, writing benchmarks, and NYSESLAT modality analysis, ensuring instruction is responsive and systematically adjusted to close persistent gaps.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At P.S. 054x, English Language Learners (ELLs) with IEPs receive targeted support aligned to both their IEP goals and English language development needs, ensuring access to instruction in the least restrictive environment. Students are placed in either the ENL or Dual Language (DL) program based on IEP recommendations and language proficiency. ENL students receive stand-alone and/or integrated instruction grouped by grade level and NYSESLAT/NYSITELL scores. DL students receive standards-based instruction in both English and Spanish (50/50 model), supporting bilingualism and biliteracy while meeting IEP goals.

Instruction is differentiated using ENL and special education strategies, and students receive the mandated ENL minutes based on proficiency levels. Collaboration among ENL, bilingual, and special education teachers ensures instruction is cohesive and inclusive. Materials and assessments are scaffolded to support both academic and language growth.

Specific supports and accountability systems include co-planning between ENL and special education teachers, adapted instructional materials, and use of tools like Promethean Boards, i-Ready, and speech-to-text/audio supports. Progress is monitored through i-Ready growth data, writing benchmarks, and NYSESLAT modality analysis, ensuring instruction is responsive and systematically adjusted to help students meet both IEP and language goals.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At P.S. 54x, home language is assessed through a variety of instructional and formative practices across our program models—Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL). In our DLBE program, which follows a 50/50 model, both English- and Spanish-speaking students receive instruction in their home language and the new language through an immersion approach. Content areas such as ELA, Math, Science, and Social Studies are delivered and differentiated in both Spanish and English, allowing for balanced language development. Instructional strategies such as guided reading, read-alouds, shared reading, vocabulary development, oral language activities, and guided/shared writing are used to support and assess the home language.
Progress monitoring is conducted regularly in small group settings to assess students' comprehension and development in their home language. In our ENL program, although instruction is delivered in English, similar strategies are used to support home language development. Literacy practices such as guided reading, vocabulary building, and differentiated instruction are embedded and tailored to students' language proficiency levels to ensure continued growth and academic success.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Our ELL program includes one Dual Language (DL) teacher per grade level from Kindergarten through Grade 4, as well as one ENL teacher. Dual Language teachers engage in vertical collaboration through co-planning sessions and inter-visitations to ensure instructional alignment and continuity across grades.

The ENL teacher works closely with the general education teachers she supports, fostering collaboration to integrate language development strategies into content instruction. Dedicated collaboration time is built into common planning periods and Tuesday professional time, with additional support provided during scheduled professional development sessions.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our professional development workshops at P.S. 54 are designed to engage all staff members, including paraprofessionals, educational assistants, social workers, counselors, classroom teachers, and administrators. These sessions focus on equipping staff with effective strategies to support the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs). Topics include cultural sensitivity, Culturally Responsive-Sustaining Education (CR-SE), conflict resolution, and the use of data from the DASA report to inform practice.

Workshops also emphasize the development of higher-order thinking skills and study strategies across the four language domains: listening, speaking, reading, and writing. Staff are trained in organizational and time management techniques, as well as strategies for information gathering and improving comprehension of printed materials.

Additionally, we provide training on the use of both formal and informal assessments to differentiate instruction for ELLs at all proficiency levels. Teachers learn to design lessons that target language development and offer multiple entry points to ensure equitable access to the curriculum. We incorporate tools such as observation and feedback cycles, student portfolios, peer evaluations, oral reading assessments, journals, interest inventories, conference logs, and rubrics across all content areas.

Our Monday professional development sessions are structured to meet the requirements of CR Part 154-2, ensuring that all teachers receive at least 15% of ELL-focused professional learning annually, and that bilingual and ENL teachers receive 50% of their professional development in topics directly related to supporting ELLs.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional Development (2025–2026 activities) at P.S. 54 is designed to ensure that at least 50% of PD time is dedicated to ENL and Dual Language (DL) teachers, and 15% of PD hours are allocated for all other teachers who serve English Language Learners (ELLs). Our school is committed to providing high-quality education to ELLs by ensuring that all staff members understand and value the linguistic, academic, cultural, and social-emotional needs of these students. We ground our instructional practices in research-based strategies that enrich the educational experience of ELLs and strive to fully integrate their backgrounds and experiences into the curriculum through differentiated instruction.

To strengthen the instructional practices of bilingual, ENL, and general education teachers, our ENL coordinator, Ms. Costa, along with ENL and DL teachers (Ms. Suero, Ms. Fanini, Ms. Pena, Ms. Valis, and Mr. Taveras), collaborate with District 10 support staff to deliver targeted professional development focused on effective instruction for ELLs

and their subgroups. Teachers are observed both formally and informally to ensure that instruction is rigorous, standards-aligned (Common Core, ENL, and NLA), and responsive to the needs of ELLs. Feedback from these observations is used to help teachers refine their lessons to be more differentiated, engaging, and meaningful.

Our PD programs and workshops provide all teachers with strategies for supporting ELLs in various instructional settings, including general education, DL, self-contained ENL classes, special education, and for specific subgroups such as SIFE and Long-Term ELLs. Instruction for students with IEPs is aligned with both their IEP goals and the Common Core standards. Regular meetings are held to review student assessments, analyze student work, and discuss bilingual/ENL issues. These meetings also serve as a platform to share updates on mandates, compliance, and subgroup performance, including data from the Spanish Lab, NYSESLAT, ELE, ELA, and other formative and summative assessments. These sessions are facilitated by Dr. Ferreira.

Professional development for ENL and DL teachers takes place on Mondays during designated PD time and continues throughout the school year to ensure compliance with the 50% and 15% PD requirements. We follow 6–8 week instructional cycles, with each cycle covering key topics related to English Language Learners. The first cycle of workshops begins in September 2025, with additional cycles and offerings scheduled throughout the academic year.

We also maintain study groups and Instructional Leadership Team (ILT) subgroups focused on understanding the needs of ELLs and Students with Disabilities (SWDs), as well as best practices for instruction. Our Professional Learning Communities (PLCs) meet every Tuesday to address mandated services for ELLs. Common planning time is used to review assessments, student work, and instructional strategies, and to stay informed about compliance and policy updates. Additionally, we support continued learning by sending staff to professional development opportunities offered by colleges, universities, and the NYC DOE.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

i-Ready Reading, Acadience, and NYSESLAT assessments are used to guide instructional planning for our Multilingual Learners (MLLs). We analyze the data to identify specific skill and strategy needs, allowing us to form targeted intervention groups. These groups are designed based on students' individual areas for growth and aligned to their language proficiency levels in speaking, listening, reading, and writing. This data-driven approach ensures that instruction is differentiated and responsive to the diverse linguistic and academic needs of our MLLs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our targeted subgroups are SWDs-ELLs, SIFE, HO, long-term ELLs, newly identified "former" ELLs, and "at-risk."

Students who have been held over in a grade receive Academic Intervention Services (AIS) from specialized personnel who differentiate instruction based on students' specific needs, as identified through formative, summative, periodic, and standardized assessments. These students also participate in a daily 30-minute intervention period, during which they are grouped according to their instructional needs. During this time, students receive one-on-one guided instruction through individual conferences, as well as targeted small group instruction.

They also receive "at-risk" intervention support from our Special Education Teacher Support Services (SETSS) and other licensed special education teachers who provide academic assistance as needed. In addition to these supports, students receive native language assistance when appropriate and ESL instruction according to their mandated service time throughout the school day. When identified through screening tools, students may also participate in evidence-based reading programs during the intervention period to address specific needs in reading, spelling, and language development.

ELL students with interrupted, little, or no formal schooling in their first language receive lessons that are differentiated throughout the day and across all content areas (reading, writing, math, science, social studies, etc.) to meet their unique learning needs. Instructional support is also provided in the student's home language when possible to enhance comprehension and engagement.

Long-term ELLs with interrupted formal education are provided with additional supports such as after-school programs, targeted interventions, differentiated instruction, and small group or individualized academic support. These programs are tailored to meet their specific language development and life needs, with a focus on strengthening their listening, speaking, reading, and writing skills. All instruction is delivered by licensed bilingual and ENL teachers.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In addition to language proficiency assessments administered to English Language Learners (ELLs), we also analyze data from academic screeners such as i-Ready and Acadience. This data is used to create targeted subgroups, allowing us to closely monitor student performance and progress on grade-level assessments. These insights inform instructional planning and help ensure that teaching strategies are responsive to individual student needs. This approach is essential, as students within the same language proficiency level may require different types of instruction to support their academic growth effectively.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

A variety of formative assessments are used to inform and guide instruction for our English Language Learners (ELLs). These include the ELL Mock NYSESLAT assessments, administered three times per year (baseline, midline, and endline), as well as Acadience, Fundations unit assessments, HMH and Arriba reading unit assessments, i-Ready Reading, and teacher-created assessments. These tools provide valuable data on student progress and help educators tailor instruction to meet the diverse academic and language development needs of our learners.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

At P.S. 54, we utilize the EDL2 assessment tool in grades K–3 within our Dual Language classrooms to evaluate students' literacy development in their home language. EDL2 provides valuable insights into students' reading engagement, oral reading fluency, and comprehension, allowing educators to plan timely and targeted instruction. This assessment supports the identification of key reading strategies and skills that successful readers use, helping to monitor growth over time.

In addition to EDL2, performance tasks in Spanish and English across reading, writing, and math are administered throughout the year and at the conclusion of each unit of study. These tasks ensure that Multilingual Learners (MLLs)/English Language Learners (ELLs) are appropriately assessed in both languages. Rubrics in Spanish and English are used to evaluate student understanding and performance, ensuring clarity and consistency in expectations across languages.

We will continue to implement EDL2 in all Dual Language classrooms from grades K–4 to assess Spanish language acquisition. The results of these assessments will inform differentiated instructional planning and support the development of biliteracy in our students.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Summative assessments used are the NYSESLAT, ELA and Math state tests. These assessments are used to evaluate specific areas and skills that students are having difficulties and through this evaluation decisions are made to lead instructional decisions that will benefit the students in their ML/ELL program.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

At P.S. 054x, the NYSESLAT is administered over a three-day period, covering Listening, Reading, Writing, and Speaking. Six Dual Language teachers (K–5) and the ESL service provider administer and score the assessment, with scoring protocols ensuring objectivity—teachers do not score their own students' Speaking or Writing responses. During testing, all ELLs and former ELLs continue receiving mandated instruction through rescheduled ENL services and assignments posted on Google Classroom to maintain continuity.

Assessment data from NYSESLAT, including modality performance, informs instructional planning by identifying language domains needing support. Teachers use this data to group students, adjust scaffolds, and target vocabulary and academic language development. For Long-Term ELLs and ELLs with IEPs, progress is tracked using i-Ready growth data, writing benchmarks, and NYSESLAT trends, ensuring instruction is responsive and aligned to both language and academic goals.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Parents of newly enrolled ELLs or ELLs returning after 2+ years will be informed of all program options, parents will be able to view the parent orientation video which explains all three program options and is available in multiple languages. After the video, the ENL teacher answers questions about the program in our school and informs parents of their right to request a transfer when the preferred program is not available. Our goal is for families to make an informed choice on the survey.

All incoming Kindergarten students will have the ability to enter the Dual Language program and the school will have an orientation that explains the program and also highlights the family commitment that is needed to participate in the Dual Language program. Parents are invited to complete the ELL Parent Survey and Program Agreement during the orientation meeting.
Parents of ELLs in all grades will have frequent communication about their child's data and progress as it pertains to their progression through the Proficiency levels.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In alignment with New York State ELL policy, P.S. 054x holds an Annual Individual Meeting with the parents or guardians of English Language Learners (ELLs), separate from the required ELL orientation and DOE parent-teacher conferences. These meetings are scheduled once per year to discuss the goals of the ELL program, review the student's language development progress, share English language proficiency assessment results, and identify language needs across all content areas.
Relevant school staff including the student's teacher, service providers, and administrators participate to provide families with a comprehensive understanding of their child's academic and language development. For students in bilingual programs, progress in both English and the home language is addressed. To ensure accessibility, meetings are conducted with a qualified interpreter or translator in the parent's preferred language or mode of communication. Meetings may be held in person or by phone, typically during Tuesday parent engagement time. Each meeting is documented with an agenda, parent signatures, and attendance records, including logs for phone conferences.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

The schools will use all available services to adequately translate for all parents. The majority of parents for whom English is not the first language chose Spanish as their preferred language. All documents, flyers, letters and notifications sent home will be written in English and Spanish. Additionally, correspondence shared on the school Website and ClassDojo will be automatically translated into any preferred language. Parents always have the opportunity to contact the school via telephone and email. Additionally. ClassDojo allows all parents connected to the school to contact their child's teacher, the parent coordinator, the ENL service provider as well as any other staff member the child is serviced by. ClassDojo automatically translates all messages into the preferred language.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

To determine the needs of our multilingual learner (ML)/ELL community, P.S. 054x uses a variety of tools including parent-teacher meetings, surveys, and workshops. Families meet with Dual Language or ENL teachers to discuss student progress and identify strategies for support. Surveys are distributed regularly to gather feedback on how the school can better serve ML/ELL students and their families. In addition, parent workshops are held throughout the year to empower families and strengthen their role as advocates and lifelong educators for their children. These efforts help us understand community needs and guide program planning and family engagement.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All information regarding these leadership opportunities will be sent out in multiple ways (flyers, Dojo, website, etc.) and all information will be translated and accessible for all parents. Families can learn about leadership opportunities during Parent Association (PA) meetings, School Leadership Team (SLT) meetings, Community Education Council (CEC), etc.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At Public School 54X, we are proud to partner with Digital Age Learning, our Community-Based Organization (CBO), to support the culturally and linguistically diverse needs of our school community. This partnership plays a vital role in fostering inclusive and responsive practices that reflect the backgrounds and experiences of our students and families.

Digital Age Learning provides:

- Culturally and linguistically responsive workshops for families that promote engagement, understanding, and advocacy in their children's education
- Student-centered programs that affirm identity, build academic confidence, and support language development
- Resources and support structures that are tailored to the linguistic needs of our multilingual learners and their families

Through this partnership, we are able to strengthen home-school connections, promote equity, and ensure that all members of our community feel seen, heard, and supported.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ELL identification team at Public School 54X is composed primarily of pedagogical staff, as required.
Ms. Costa – ENL Coordinator
Ms. Galarza – IEP Teacher
Ms. Peña – Dual Language Bilingual Education (DLBE) Teacher
Ms. Ventura – Principal
This team collaboratively ensures accurate identification and appropriate placement of English Language Learners in accordance with NYS guidelines.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At P.S. 054x, we follow the NYC DOE Policy & Reference Guide for Multilingual Learners/English Language Learners (MLs/ELLs) to ensure accurate, timely, and compliant identification of ELLs throughout the school year. Our identification process is structured to be proactive and minimally disruptive to the mandated instruction of current, former, and potential ELLs.
To ensure continuity of services, we maintain a trained ELL identification team and coordinate closely with the main office and enrollment staff to flag new registrants who may require screening. Dedicated staff handle assessments so that instructional schedules for current and former ELLs remain uninterrupted.
Upon enrollment, the Home Language Identification Survey (HLIS) is administered by the Parent Coordinator and main office staff. The ENL Coordinator reviews the HLIS to determine if the student requires screening. If needed, the NYSITELL is administered by the ENL Coordinator or a certified ENL teacher within the required 10-school-day window or 20 days for students with IEPs. For students with disabilities, the ENL Coordinator collaborates with the IEP teacher to ensure assessments align with both language development and IEP goals.
Once screening results are available, the ENL Coordinator and Principal notify families in their preferred language

and explain program placement options. Students are placed in either the ENL or Dual Language program based on proficiency level and parent choice. Families are invited to an ELL orientation session to learn about available programs and services. All original documents related to ELL identification and services are stored in the student's cumulative record, with copies maintained in a secure, separate location.

Instructional continuity is maintained throughout the identification process. All ELLs and former ELLs continue to receive mandated ENL or bilingual instruction, with schedules reviewed regularly for compliance. Progress is monitored quarterly using NYSESLAT data, classroom assessments, and teacher input. Former ELLs are monitored for two years to ensure continued academic success and access to supports.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Marilyn	Costa	Teacher - Regular Grades	12/05/2024	Y
Cristina	Flores	Parent Coordinator	2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

N/A

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	1	0.26%	1	0.26%	0	0
BAMBARA	1	0.26%	1	0.26%	0	0
FRENCH	2	0.51%	4	1.05%	0	0
FULANI	2	0.51%	1	0.26%	0	0
HAUSA (HAOUSSA)	1	0.26%	1	0.26%	0	0
ENGLISH	211	54.24%	206	53.93%	all	all

SPANISH	170	43.7%	167	43.72%	20	30
VIETNAMESE	1	0.26%	1	0.26%	0	0
N/A	N/A	N/A	N/A	N/A	N/A	N/A

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School Calendars	Sent home in English and Spanish. School events are posted on class dojo and the school website and can be translated into any preferred language chosen on those platforms.
Flyers/Letters	Sent home in English and Spanish. School events are posted on class dojo and the school website and can be translated into any preferred language chosen on those platforms.
IEPs	SBST reaches out to DOE translation services as needed.
Report Cards	Sent home and English and Spanish, teachers use translated report cards that are provided by the DOE, translation services are used as needed.
Progress Reports	Sent home in English and Spanish, teachers use translation services as needed to communicate with families with preferred languages other than English or Spanish.
Permission Slips	Sent home in English and Spanish, teachers use translation services as needed to communicate with families with preferred languages other than English or Spanish.
N/A	N/A
N/A	N/A

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Bilingual staff, over the phone interpretation services, translation headphones when available
Parent Workshops	Bilingual staff, over the phone interpretation services, translation headphones when available
Principal Meetings	Bilingual staff, over the phone interpretation services, translation headphones when available
IEP Meetings	Bilingual staff, over the phone interpretation services, translation headphones when available
N/A	N/A
N/A	N/A
N/A	N/A
N/A	N/A

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, Public School 54X utilizes multiple communication platforms to ensure timely and accessible information for all families:

NYC Schools Messaging System is used to send official updates.
ClassDojo, a multilingual messaging app, is used to communicate directly with families. Messages are automatically translated into the parent's preferred language.
When appropriate, emergency updates are also posted on the school website, which allows parents to translate content into their preferred language using built-in browser tools.
For student-specific emergencies, the school will:

Contact the student's parent(s) or guardian(s) directly by phone.
Utilize bilingual staff when available to facilitate communication.
Access over-the-phone interpretation services when necessary to ensure clear and accurate communication.
When a parent or guardian whose preferred language is not English needs to contact the school, we will similarly use bilingual staff or interpretation services as needed to support effective communication.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

A designated date and time will be scheduled for all staff to complete the Language Access Training via the WeLearnNYC platform.

The Language Access Coordinator (LAC) will be allocated time to deliver professional development sessions to all staff, focusing on the dissemination of language access resources, updates, and best practices. Additionally, important information and updates regarding language access will be shared through email communication as appropriate.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Public School 54X is committed to ensuring that all families are informed about available language assistance services in their preferred language. To achieve this, the school uses a variety of communication methods, including:

Translated Signage: Key areas of the school display signage in multiple languages to inform families about language access services and how to request them.
Flyers, Brochures, and Letters: Materials such as the Language Access for NYC Public Schools Families brochure, as well as school-generated flyers and letters, are distributed in families' preferred languages.
Messaging Applications: The school uses ClassDojo, a multilingual messaging app that automatically translates messages into the parent's preferred language.
School Website: Information about language access services is posted on the school's website, which includes translation features to support all major languages.
Parent Engagement Events: Events such as PTA meetings, curriculum nights, and international family nights include information about language assistance services and how families can access them.
These efforts ensure that all families, regardless of language background, are informed and empowered to engage fully in their child's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through the Office of Language Access (OLA) Translation & Interpretation Feedback Survey, Public School 54X uses the following methods to gather input from families regarding the language assistance services they receive:

School-Developed Surveys: Throughout the year, the school distributes surveys to parents in their preferred language to gather feedback on the quality and effectiveness of translation and interpretation services provided during meetings, events, and communications.

Informal Feedback Collection: The Parent Coordinator plays a key role in gathering qualitative feedback from families. After translation services are provided—such as during parent-teacher conferences, IEP meetings, or school events—the Parent Coordinator engages families in informal conversations to assess their satisfaction and identify areas for improvement.

These methods help ensure that language assistance services are responsive to the needs of our multilingual families and continuously improved based on their input.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

This year, we enhanced our language assistance services by purchasing translation headsets to support real-time interpretation during meetings and events. We have also seen an increase in parent requests for EIP (Early Intervention Program) translation services, reflecting growing awareness and engagement.

To further elevate parent voice, we expanded the use of translated surveys and feedback tools, allowing families to share their experiences and needs in their preferred language. Additionally, we continue to provide translated materials for all major school communications to ensure accessibility and inclusivity for all members of our school community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School

Total number of ELLs to be served in this program:

40

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

For the 2025–2026 school year, P.S. 054x's Title III ELL-funded program will focus on enhancing literacy, writing, and mathematics skills to support English Language Learners (ELLs) in becoming confident and academically successful. The program will run as a morning initiative for a total of 83 sessions, held Monday through Thursday from 7:00 a.m. to 7:50 a.m., beginning in October 2025 and concluding in March 2026. Instruction will immerse students in reading, writing, and math through engaging themes and targeted skill-building activities, using differentiated strategies and resources to ensure active participation and language development.

Students will engage in structured writing tasks such as personal narratives, opinion pieces, and informational texts, supported by vocabulary development, sentence structure practice, and peer editing. Math instruction will focus on problem-solving and reasoning, while reading activities will promote comprehension and academic language. The program will serve at least 30 ELL students in grades K–5, grouped by grade bands and proficiency levels into 3–4 instructional groups of 7–10 students each, allowing for tailored instruction.

Instruction will be delivered through a team-teaching model, with four teachers collaborating to plan and lead lessons. Small group instruction will provide targeted support aligned to students' language goals. To ensure instructional quality and student progress, the program will be supervised by a designated school leader, who will oversee planning, implementation, and instructional alignment with Title III objectives. The supervisor will conduct regular observations, review lesson plans, monitor student data, and provide feedback to staff. Title III funds will support this supervisory role, including compensation for per-session hours worked outside the supervisor's regular schedule, which will be documented in accordance with Title III guidelines.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The rationale for implementing a Title III ELL-funded program focused on literacy, writing, and mathematics is grounded in both quantitative and qualitative data from the Spring 2025 ELL Data Analysis Tool (EDAT) for P.S./I.S. 54. The data clearly indicate a significant need for targeted academic support among English Language Learners (ELLs), particularly in foundational literacy and writing skills.

Quantitatively, the school currently serves 81 ELLs, which represents 25.5% of the total student population. A substantial 82.7% of these students are newcomers (0–3 years of ELL service), indicating a high concentration of students in the early stages of English language acquisition. Additionally, 19.8% of ELLs have IEPs, highlighting the need for differentiated and inclusive instructional strategies.

The Spring 2024 NYSESLAT results further support the need for intervention. Only 7.9% of students met exit criteria, and 60.5% of students did not meet sufficient English Language Proficiency (ELP) progress. Writing was identified as a particular area of need across multiple grade levels, with multiple students scoring low in writing modality (defined as answering less than 15% of questions correctly). This aligns with school-level observations that writing is a major area of academic need.

In terms of early warning indicators, 35.8% of ELLs scored Level 1 or 2 on the ELA state exam, and 22.2% scored Level 1 or 2 on the math exam, indicating that a large portion of ELLs are performing below grade level in core academic areas. Furthermore, 37% of ELLs have at least one at-risk indicator, with 28.4% having two or more, underscoring the urgency for targeted academic support.

Qualitatively, the school has identified through teacher feedback and classroom observations that many ELLs struggle with expressing their ideas in writing and applying mathematical reasoning in English. These challenges are compounded by limited exposure to academic vocabulary and structured writing practice.

The data sources used to justify the need for this program include:

Spring 2025 ELL Data Analysis Tool (EDAT)
Spring 2024 NYSESLAT proficiency and modality analysis
Spring 2024 ELA and Math state assessment results
At-risk indicators and subgroup analysis (e.g., newcomers, ELLs with IEPs)
School-based qualitative observations and teacher input
Given these findings, the Title III ELL-funded program is designed to provide intensive, small-group instruction in literacy, writing, and math during morning sessions. The program will directly address the academic gaps identified in the data and support ELLs in making measurable progress toward English language proficiency and academic achievement.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III ELL-funded program at P.S./I.S. 54 will serve a total of 40 English Language Learners (ELLs) in grades 3 through 5. These students have been selected based on their academic performance, English language proficiency levels, and risk indicators identified in the Spring 2025 ELL Data Analysis Tool. The majority of students in the program are classified as Newcomers, having received ELL services for three years or less, which aligns with the school's overall ELL population, where 82.7% are Newcomers. The remaining students are Developing ELLs, with four to six years of service. Participants represent a range of English proficiency levels, including Entering, Emerging, Transitioning, and Expanding, as measured by the Spring 2024 NYSESLAT. Many of these students scored at Level 1 or 2 on the NYSESLAT and state ELA and Math assessments, indicating a need for targeted support in writing, reading comprehension, and mathematical reasoning. The program is designed to address these needs through small-group instruction that supports both language development and academic achievement.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III ELL-funded program at P.S./I.S. 54 will begin in October 2025 and conclude in March 2026. The program will consist of a total of 83 sessions, offered Monday through Thursday each week. Each session will take place in the morning from 7:00 a.m. to 7:50 a.m., providing 50 minutes of targeted instruction per day. This schedule is designed to maximize instructional time without interfering with the regular school day, allowing students to receive consistent, focused support in literacy, writing, and mathematics.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The Title III ELL-funded program at P.S./I.S. 54 will be delivered primarily in English, using an English as a New Language (ENL) instructional model. This approach supports English language development while integrating academic content in literacy, writing, and mathematics.

Home language support will be provided as needed through strategic scaffolding techniques, such as the use of bilingual glossaries, translated materials, visual aids, and peer support from students who share the same home language. The school's ELL population is predominantly Spanish-speaking, so Spanish will be the primary home language used for support. Teachers will also use culturally responsive strategies to ensure that students' linguistic backgrounds are acknowledged and leveraged to support comprehension and engagement.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Title III ELL-funded program at P.S./I.S. 54 will be staffed by four certified teachers. These educators will include a combination of English to Speakers of Other Languages (ESOL)-certified teachers and content area teachers with experience working with English Language Learners.
All teachers assigned to the program will hold valid New York State certification appropriate to their instructional roles, ensuring they are qualified to deliver targeted instruction in literacy, writing, and mathematics while supporting English language development. The team-teaching model will allow for collaboration between ESOL and content area specialists to provide differentiated, small-group instruction aligned with students' language proficiency levels and academic needs.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Materials needed for the Title III ELL-funded program will include consumables, such as NYSESLAT test preparation materials. Title III ELL funds will be used to purchase materials, ensuring compliance with the requirement that material costs not exceed 20% of the total allocation. Other supplemental materials will include a variety of leveled readers and writing resources already available in the school's literacy and ENL resource rooms. All materials used in the program will be stored securely in the ENL classroom and literacy support areas, where they will be accessible to program staff for daily instruction.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

To implement the Title III ELL-funded program at P.S./I.S. 54, the school will notify parents and guardians through translated letters sent home in families' preferred languages prior to the program's start in October 2025. These letters will include program details such as dates, times, instructional focus, and the benefits of participation. The school will also follow up with phone calls and in-person communication, as needed, to ensure families are informed and engaged.
To maintain accurate and compliant records, the school will create a dedicated digital folder on the school's secure shared drive. This folder will include:
(1) attendance records for all participating students, including daily sign-in sheets;
(2) group composition lists and student rosters with ELL proficiency levels;
(3) copies of all dated and translated parent notification letters;
(4) evidence of teacher certifications for all staff assigned to the program;
(5) documentation of parent engagement activities related to the program;
(6) records of professional development sessions, including agendas and sign-in sheets; and
(7) purchase orders and invoices, if any materials are purchased using Title III ELL funds.

This system will ensure transparency, compliance with Title III requirements, and ease of access for monitoring and

reporting purposes. The program is designed to support ELLs at all proficiency levels through differentiated instruction in listening, speaking, reading, and writing, based on the school's analysis of student data and identified needs.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional development for the Title III ELL-funded program at P.S./I.S. 54 will be ongoing throughout the duration of the program and will be closely aligned with the instructional goals of the supplemental morning sessions. The PD sessions will take place on Fridays and will focus on enhancing teacher capacity to support English Language Learners in literacy, writing, and mathematics. Teachers will engage in activities centered around data analysis, including reviewing NYSESLAT results and formative assessments to inform instruction; material analysis, to evaluate and adapt instructional resources for ELLs; and student work analysis, to assess progress and adjust strategies for differentiated instruction.

These sessions will also include collaborative planning time, sharing of best practices for scaffolding instruction, and strategies for supporting students across various English proficiency levels. The professional development will be led by school-based instructional leaders and ENL specialists. At this time, Title III ELL funds will not be used to cover the cost of professional development, ensuring that all PD activities remain within the school's existing budget and do not impact the Title III allocation limits for OTPS or per-session compensation.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale for the professional development provided under the Title III ELL-funded program at P.S./I.S. 54 is based on both quantitative data from the Spring 2025 ELL Data Analysis Tool (EDAT) and qualitative input from teacher observations and school-based surveys. Quantitatively, the data show that 60.5% of ELLs did not meet sufficient English Language Proficiency (ELP) progress on the Spring 2024 NYSESLAT, and a significant portion of students scored at Level 1 or 2 on the ELA and Math state assessments. Writing was identified as a particular area of need, with multiple students scoring low in the writing modality across grades 3–5. These trends indicate a need for teachers to deepen their understanding of how to support ELLs in developing academic language, particularly in writing and content-area literacy.

Qualitatively, teacher feedback gathered through in-house surveys and instructional team meetings revealed a need for more targeted support in analyzing student work, adapting instructional materials for ELLs, and using data to inform differentiated instruction. Teachers expressed interest in learning how to better scaffold instruction for students at varying proficiency levels and how to align instructional strategies with NYSESLAT expectations.

As a result, the professional development sessions will focus on analyzing student work products, reviewing and adapting instructional materials, and interpreting NYSESLAT and classroom data to inform instruction. These sessions will also explore the specific needs of ELL subgroups, such as Newcomers and Developing ELLs, and provide strategies for supporting students across all proficiency levels. The goal is to build teacher capacity to deliver high-quality, differentiated instruction that accelerates language development and academic achievement for all ELLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers assigned to the Title III ELL-funded program at P.S./I.S. 54 will participate in ongoing professional development specifically aligned to the goals and instructional focus of the program. This includes the four certified teachers who will be delivering instruction in literacy, writing, and mathematics to ELL students in grades 3–5. These teachers will engage in weekly professional development sessions, held on Fridays, that are designed to build their capacity in supporting English Language Learners across all proficiency levels.

The PD sessions will focus on analyzing student work, using assessment data to inform instruction, adapting instructional materials, and implementing effective strategies for language development. By ensuring that all program teachers are consistently involved in targeted professional learning, the school will maintain instructional coherence and ensure that students receive high-quality, differentiated support throughout the duration of the program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The professional development for the Title III ELL-funded program at P.S./I.S. 54 will consist of a total of six sessions, beginning in October 2025 and concluding in March 2026. These sessions will be held on Fridays, once per month, to provide consistent, ongoing support aligned with the instructional goals of the program.

Each session will take place in the morning from 7:00 a.m. to 7:50 a.m., for a total duration of 50 minutes per session. The professional development will focus on analyzing student work, using assessment data to inform instruction, and implementing effective strategies for supporting ELLs across all proficiency levels.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

All teachers assigned to the Title III ELL-funded program at P.S./I.S. 54 will participate in ongoing professional development specifically aligned to the goals and instructional focus of the program. This includes the four certified teachers who will be delivering instruction in literacy, writing, and mathematics to ELL students in grades 3–5.

These teachers will engage in weekly professional development sessions, held on Fridays, that are designed to build their capacity in supporting English Language Learners across all proficiency levels. The PD sessions will focus on analyzing student work, using assessment data to inform instruction, adapting instructional materials, and implementing effective strategies for language development. By ensuring that all program teachers are consistently involved in targeted professional learning, the school will maintain instructional coherence and ensure that students receive high-quality, differentiated support throughout the duration of the program.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The provider of these PDs will be the ENL coordinator, Marilyn Costa and the Literacy coach, Jennifer Mooney.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Although professional development will be at no cost to Title III funding, our team will maintain records of each topic that will take place in the form of attendance sheets and presentations.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As part of our Title III ELL program at P.S./I.S. 54, we will engage families through a series of family night events designed to strengthen the home-school connection and support English Language Learners' academic and cultural development. During these events, students will showcase their learning through presentations and performances, and families will participate in interactive activities that promote English language development and cultural understanding. Topics will include multiculturalism, navigating the school system, community resources, and the use of technology and the arts—both visual and performing—as tools for communication and cultural exchange.

Another key component of our family engagement plan will focus on language development at home and strategies for helping students adjust to and succeed within American culture. Families will also receive guidance on how to support their children's literacy and academic progress in both English and their home language. To ensure consistent communication, families will be informed of events and updates through monthly calendars, emails, newsletters, flyers, and translated invitations. All materials will be provided in families' preferred languages to ensure accessibility and inclusivity.

Title III ELL funds will not be used to cover the cost of these family engagement activities. All events will be supported through existing school resources. Agendas and sign-in sheets will be maintained on file as documentation of participation and compliance.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The rationale for the family engagement activities under the Title III ELL program at P.S./I.S. 54 is grounded in the belief that parents are essential partners in the learning process. Their active participation helps strengthen the connection between home and school, which is especially important for Multilingual Learners (MLLs) who are navigating both academic and cultural transitions. Based on feedback from parent surveys, informal conversations during parent-teacher conferences, and requests made during PTA meetings, families have expressed a strong interest in better understanding how to support their children's language development and academic success.

Quantitative data from the Spring 2025 ELL Data Analysis Tool (EDAT) show that a significant portion of ELLs are newcomers and are still developing foundational English skills. This highlights the need for families to be equipped with strategies and resources to support learning at home. In response, the school will offer family engagement activities that focus on language development, navigating the school system, understanding available community resources, and using the arts and technology to support communication and cultural awareness.

These events will be scheduled during evening hours or at times that accommodate working families, based on parent availability data collected through school surveys. The goal is to create inclusive, accessible opportunities for families to engage in their children's education and to build a stronger, more informed school community. These activities will be supported through existing school resources, and Title III ELL funds will not be used to cover the cost of family engagement activities.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The family engagement activities under the Title III ELL program at P.S./I.S. 54 will begin in September 2025 and conclude in May 2026. The school will host a total of five sessions, scheduled by-monthly to allow families time to plan and participate. These sessions will take place on weekday evenings, typically on Wednesdays, to accommodate working families and maximize attendance.

Each session will run from 5:30 p.m. to 7:00 p.m., for a total duration of 1.5 hours per session. The schedule is designed to provide consistent opportunities for families to engage in meaningful learning experiences that support their children's academic and language development.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The family engagement activities under the Title III ELL program at P.S./I.S. 54 will cover a range of topics designed to support families in promoting their children's academic success and language development. Topics will include:

- Supporting English language development at home, including strategies for reading, writing, and vocabulary building
- Understanding the NYSESLAT and ELL proficiency levels, so families can track their child's progress and set goals
- Navigating the school system, including how to access school resources, communicate with teachers, and understand academic expectations
- Multiculturalism and cultural identity, helping families celebrate their heritage while supporting their children's integration into American school culture
- Using technology and the arts as tools for communication, learning, and cultural expression

These sessions are designed to be interactive and informative, empowering families to become active participants in their children's education. All materials and presentations will be provided in families' preferred languages to ensure accessibility and engagement.-

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The family engagement activities under the Title III ELL program at P.S./I.S. 54 will be facilitated by a team of school-based staff who are experienced in working with multilingual learners and their families.
- The sessions will be led by Principal Ms. Ventura, who will oversee the overall coordination and ensure alignment with school goals.
- Parent Coordinator Ms. Flores will support outreach, communication, and logistics to ensure strong family participation.
- Dual Language Teachers will assist in delivering content related to language development, multiculturalism, and academic support strategies.
- MLLs Coordinator, Ms. Costa, will lead sessions focused on English language proficiency, NYSESLAT understanding, and strategies for supporting language learning at home.

This collaborative team approach ensures that families receive accurate, relevant, and culturally responsive information throughout the program.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

To facilitate and ensure academic excellence for all MLLs, parents will be informed through monthly calendars, emails, invitations to programs, newsletters, meetings, and workshops as to new developments concerning our English Language Learners and the programs being offered in the school and citywide.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Although family engagement will be at no cost to Title III funding, our school will maintain records of each activity that will take place in the form of attendance sheets, invitations, translations, evidence of interpretation, PowerPoints presentations.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.
