Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Tara OBrien	Principal	
Kieran Macinnes	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Nicole Ruhl	Staff -SLT- Facilitator	
Hanadi Awwad	Staff-SLT- Financial Liaison	
Angelica Lopez	Staff or Parent	
Eileen Mcmanus	Parent Association- President	
Reality Talifero	Title I Parent Advisory Council Chairperson (or alternate)	
Ebony Fullerton	Parent Association- Secretary	
Alexis Mcgraw	Parent Association- Treasure	
Michelle Munoz-Machen	Parent- SLT member	
Francesca Lucaj	Parent- Title 1 Pac Secretary	
Stephanie Grijalva	Parent- Title 1 Alternate chair	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our vision of Growing Leaders of Today and Tomorrow, is supported by our mission, to unite and ignite a love of learning
and to create a joyful, equitable and inclusive learning environment which fosters the leadership skills and values necessary for the success of all members of our school community.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Our vision of Growing Leaders of Today and Tomorrow, is supported by our mission, to unite and ignite a love of learning
and to create a joyful, equitable and inclusive learning environment which fosters the leadership skills and values necessary for the success of all members of our school community. Each day, we strive to ensure that learning is a stimulating, invigorating, and engaging experience designed to meet the needs of our diverse student population. Our
diverse population is made up of 58% male students and 42% female students. Our community of learners is made up of
students with varied ethnic backgrounds and cultures. Eighty percent of our students identify as Hispanic, eight percent
identify as African American, seven percent identify as white, four percent identify as Asian and one percent identify as
Native American. Thirty-nine percent of our students are classified as ENL students, twenty-one percent are classified as
Students with Disabilities, and seventy-three percent of our students are considered economically disadvantaged. In order
to meet the needs of our diverse community of learners, we tailor our models and supports to fit the needs of all students.
Our strategic partnerships provide learning experiences designed around the varied learning styles of our students. We
offer ENL and Dual Language classes self-contained, ICT, SETSS, Related Services, Academic Intervention Services, Flexible
Schedules and Enrichment experiences on every grade level. Our efforts begin with the creation of a community designed
to unite and ignite a love, desire and excitement for learning. This aesthetic blueprint begins at our main entrance, inviting
our students and visitors into a building filled with a rich visual experiences throughout. Evergreens frame the

entrance
steps which lead to double doors boasting our new orange and gray school colors along with our newly designed school
logo; two abstract figures which form a tree trunk and its branches with small hand prints serving as the leaves. Lively
colors continue into our front vestibule which we have coined as Welcome Way. This area of our community
includes our Welcome to P.S. 207 Board for parents and families, our School Leadership Team Board which includes our school goals
and a Bravo Board, exhibiting our honors and recognitions received over the years. Immediately past Welcome Way, our
students and visitors are greeted by our cafe-theater doors decorated with life-size R.O.C.K.S. guitars etched with two life
size guitars reflecting our school leadership values including respect, organization, cooperation, kindness, and safety,
serving as a reminder to all who enter this community to uphold the leadership values we hold true. These doors lead into
our Seasons Cafe, decorated in playful, lively murals reflecting and celebrating the cycles of the four seasons which vary
significantly and prompt renewed change and growth. Each of our graduates leave a hand print on the massive tree mural,
which celebrates their growth during their time with us. Like the changing seasons, the passing of each year allows us to
delight in the learning and discovery that our students engage in as they grow into young leaders of today and tomorrow.
Our community design continues throughout the hall and stairwells of our building. The walls and bulletin boards of our
main floor serve as a reminder to all who enter that 207 R.O.C.K.S. leadership values, academics, social emotional learning
and teamwork are priorities at P.S. 207. The halls of our first floor have been transformed into neighborhoods including
Leadership Lane celebrating our young leaders, Healthy Highway, depicting our dedication to healthy living, Academics
Avenue and R.O.C.K.S.Road which celebrate the wonderful teaching and learning that takes place each day, and
Writers Walkway, accentuating and illustrating the Instructional Focus at P.S. 207. In keeping with our community theme, our
stairwells are referred to as Celebrations Circle, showcasing our monthly festivities and Artists Avenue which showcases
the artistic talents of our students. Our upper floors have been divided into “neighborhoods” for each grade level placing
emphasis on literacy with author themes throughout, with our Pre-K “neighborhood” transformed into Eric Carle Court,
Kindergarten into Ezra Jack Keats Corner, First Grade into Pam Munoz Road, Second Grade into Patricia Polaccco Place,
Third Grade into Alma Flor Ada Avenue, Fourth Grade into Eve Bunting Boulevard and we added Jaqueline Woodson Way
during the 2020-2021 school year when we expand to Grade Five. In addition to providing a visually stimulating experience
forall of our students, families, and visitors, our surroundings serve as a support for our special populations, including our
English-Language Learners and Students with Disabilities, who greatly benefit from a setting which taps into varied
learning styles. Alongside our specifically designed environment, we offeran academic program which includes bilingual,

ENL, Dual Language and ICT, programs and our curriculum and student supports are tailored to meet the needs of all of our
students. In addition, teaching and learning practices at PS 207 have shifted significantly, holding true to our vision and
mission to foster the social emotional and academic growth of our students, ensuring that each child feels safe, nurtured
and valued in a developmentally appropriate, joyful environment where we foster the R.O.C.K.S.-S.T.A.R. (Respect, Organization, Cooperation, Kindness, Safety - Successful, Thorough, Authentic, Reflective) Academic and Social Leadership
skills necessary for our students to compete in our ever-changing global community. Highlights include: -Morning Meeting
routines with activities designed to help to prepare the minds and bodies of our students in the day's learning including
movement exercises across classrooms supported by our Move-to-Improve curriculum -Content-based literacy learning
units which embed the Hallmarks of Advanced Literacy and the the Historically Responsive Literacy Model Framework -
Exploratory mathematics and learning using the 5 Practices approach -Keyboarding supported by our music teacher and our Music and the Brain partnership -Chorus supported by our music teacher and our Young People's Chorus (YPC) partnership.
-Theatre Arts experiences supported by our partnership with Child's Play. -Visual Arts experiences (K) supported by our
partnership with Studio in A School. -After-School Arts Enrichment experiences including Poetry, Music, Theatre and Visual
Arts supported by our partnership with DreamYard. -STREAM (Science, Technology, Reading, Engineering, Art and Mathematics) projects supported by our partnerships with Arch for Kids and Bash the Trash -Yoga & Mindfulness -Standards-based Physical Education. Our carefully planned campus, exciting learning opportunities, strategically chosen
partnerships and initiatives are intended to build a feeling of joy of coming to school and to align with our mission of providing an environment that fosters leadership values through growth, learning and discovery. At P.S. 207 we hold true to
our values, to ensure that each child feels safe and nurtured in a developmentally appropriate environment where we build
the leadership skills of our early childhood students which provide a foundation which will allow them to compete in our
ever-changing global community.

Briefly summarize the key initiatives your school will implement this school year.

In alignment with the Chancellor's Pillars, here are our focus areas:
Pillar #1: Reimagining the Student Experience
-Strengthen our ELA and Math approach across grades and utilize a cyclical data based MTSS plan to address areas of celebration and areas of need to ensure that every student is receiving an academic experience tailored to his or her needs.
Pillar #2: Scaling, Sustaining, and Restoring What Works
-Continue to strengthen instruction and build coherence in highly effective practices focused on student engagement by identifying models of best practice that can be emulated across our school while simultaneously continuing to use Professional Learning as a driver for accelerating learning in our school.
Pillar #3: Prioritizing Wellness & Student Success
-Continue to strengthen community-based partnerships to add to our tiered school safety, mental health,

attendance, and enrichment supports.
Pillar #4: Engaging Families to be our True Partners
-Continue to engage families in meaningful ways by, making efforts to listen to parents, support them, and ensure that they have the tools to be active partners in their child's education.
In alignment with the Chancellor's Levers, here are our focus areas:
Lever #1: Schools will facilitate mastery of core academic skills and content expertise.
-Partner with Professional Learning Organizations to increase staff skills in ELA and Math.
Lever #2: Schools will facilitate pedagogy that prioritizes critical thinking and problem-solving skills.
-Weekly common planning sessions with teachers focused on integration of critical thinking and problem-solving skills in teacher practice.
Lever #3: Schools will facilitate a sense of belonging and inclusivity for all learners.
-Daily SEL lessons addressing inclusivity and sense of belonging among other topics.
Some key initiatives to support our work include:
-MTSS small groups for all students in K-5
-Early phonics intervention for 3rd-5th grade students 2+grade levels below in reading
-Service Learning projects for advance level students through the National Youth Leadership Council
-After school interest clubs in partnership with our CBO
-Math Bowls 3x a year to encourage students skills and enthusiasm for math
-Spelling assessments weekly to prepare students to compete in district and city level spelling competition
-Implementation of 2 STREAM projects in grades 4 & 5

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH	Inclusion of ELA specific strategies and standards
ELA	K-2	Fundations	Inclusion of ELA specific strategies and standards
Math	K-5	IReady Classroom Math	Inclusion of Math specific strategies and standards

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the June 2024-2025 Acadience ELA Data, In 1st grade, there are 50% of students well below the benchmark. According to the June 2024-2025 Acadience ELA Data, In 2nd grade, There are 59% of students below or well below the benchmark.	There is a lack of consistency and timeliness in utilizing Acadience progress monitoring data to inform student groupings and adjust instructional strategies.	There is a need for students in 1st grade to strengthen their nonsense word fluency and oral reading fluency with retell. In 2nd grade there is a need to strengthen their oral reading fluency with retell. Identifying the frequency of progress monitoring should be implemented as well.
According to the June 2024-2025 IReady ELA Data, In K-2	Teachers would benefit from additional support in the following areas: Analyzing	There is a need for students in K-2nd grades to strengthen their

There are 12% of students two grade levels below, 37% is one grade level below, 20% early on grade level, and 31% mid or above grade level.	and interpreting i-Ready reports to inform instructional decisions. Effectively using student data to plan small-group instruction and select appropriate scaffolds.Implementing targeted strategies to meet the specific learning needs of students performing below grade level.	foundational reading skills, such as Phonemic Awareness, Phonics, and Vocabulary
According to the June 2024-2025 IReady ELA Data, In 3-5 There are 22% of students who are three or more grade levels below, 20% are two grade level below, 26% are one grade level below, 21% are early on grade level, and 10% are mid or grade level.	Teachers may need more support in effective implementation of new professional learning focused on data interpretation and targeted instruction in phonics, phonemic awareness, and vocabulary that requires dedicated time and strategic planning.	There is a need for students in 3-5th grades to strengthen their phonological awareness, phonics, vocabulary, and comprehension.
SWD: According to June 2024-2025 iReady ELA data, in grades 3-5 there are 16% who are three or more grade levels below, 29% two grade levels below, 37% one grade level below, 11% early on grade level, and 5% mid or above grade level. According to the Shared Path Dashboard, 38.5% of students with IEPs performed at a level 1 on the 2024 ELA NY State Assessment. (in comparison to the 39.8% non-SWD)	While Tier 1 curriculum and instruction are in place, instruction is not consistently differentiated or scaffolded to meet the needs of students who are significantly below grade level in ELA. MTSS small group intervention is implemented, but progress monitoring data is not consistently used to inform instructional adjustments, and there is limited integration of specially designed instruction (SDI) during core instruction for SWDs.	Increase access to differentiated, data-driven ELA instruction with a focus on accelerating growth for students performing below grade level, particularly for students with IEPs, by improving Tier 1 instruction, integrating specially designed instruction into the classroom, and expanding small group intervention based on student need.
According to the Spring 2024, 11 students received a raw score of 010-014 in writing but only 7 students received a raw score of 10-14 AND reached proficiency at the commanding level.	Some students are getting close to the score needed for proficiency, but they aren't consistently strong in all parts of their writing—like using clear organization, strong vocabulary, and correct grammar. This shows that they may need more support in the specific areas that help push them to the Commanding level. Teachers need to further develop students' skills in writing specifically in basic sentence structure/construction and in organizing ideas into a paragraph with an introduction, supporting details and grade level tier 1 and tier 2 vocabulary.	Students need targeted writing support in key areas such as sentence structure, paragraph organization, and vocabulary development to help them consistently demonstrate proficiency and reach the Commanding level. Teachers need professional development and instructional resources to effectively teach and reinforce basic writing skills—including constructing clear sentences, organizing ideas into cohesive paragraphs, and using appropriate Tier 1 and Tier 2 vocabulary.

According to the June 2023-2024 June Instructional Report, 4R.4 Craft & Structure, there is a -13% gap between the school and the city, in 4R.7 Integration of Knowlege & Ideas, there is a -11% gap between the school and the city	Grade level and content teachers did not adequately supplement the curriculum with strategies focused on content vocabulary and text features	There is a need to engage students in grades 3-5 in standards-based tasks focused on dtrategies focused on content vocb and text features.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40	By June, 2026, literacy for All Students will improve, as measured by a 16 Increase, from 40 to 56, of By June 2026, the number of students scoring at proficiency will increase by 16 students, from 40 students to 56 students, as measured by the NYS ELA exam. on the NYS ELA Exam.
All Students	9	By June, 2026, literacy for All Students will improve, as measured by a 4 Decrease, from 9 to 5, of Number of students scoring at level one on the NYS ELA Exam.
English Language Learners (ELL)	7	By June 2026, the number of eligible ELLs who score between 010-014 raw score (Commanding Level) in the writing modality AND reached overall Commanding proficiency will increase by 5, from 7 students to 12 students, as measured by the NYSESLAT exam.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

12

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit Teaching

Root Cause Addressed:

Grade-level and content area teachers will enhance core instruction by integrating strategies that support students in retelling texts using key details, across both fiction and nonfiction units. Instructional planning will be consistently guided by i-Ready Oral Reading Fluency data with retell, with a targeted focus on grades 3–5. This data will help teachers identify specific student needs in fluency and comprehension, enabling more precise and responsive instruction. Additionally, Advance observation data will inform the identification of instructional gaps and the tailoring of lessons to address those needs effectively.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Principal and the Instructional Leadership Team will engage in monthly classroom visits (instructional rounds/collegial intervisitations) to provide targeted, actionable feedback to teachers to improve literacy instruction utilizing Danielson and Advance Teacher ratings.
Instructional coaches will support teachers and teacher teams on a weekly basis, utilizing the PDSA model, by providing sustained professional development for K-5 teachers on how to interpret i-Ready reading and Acadience data and make appropriate adjustments in classroom instruction.
Teachers will participate in monthly intervisitations to develop their instructional knowledge and skills based on data

from Advance Observations by learning from the successful practices of their colleagues and supporting one another in reflective teaching practice through peer mentoring

Key Strategy 2 (Optional):

Multiple Exposures through MTSS

Root Cause Addressed:

There will be a consistent, school-wide emphasis on utilizing ELA screener and benchmark assessment data to design and implement targeted interventions and supports, with a specific focus on improving oral reading fluency across all classrooms.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Every six weeks, teachers will participate in data-driven check-ins with school leadership to review i-Ready ELA performance, with a focus on monitoring student progress in fluency, comprehension, and overall growth. Based on this data, teachers will adjust instructional plans and targeted supports—particularly for students performing 2–3 grade levels below—to ensure alignment with school wide goals and address identified learning gaps.
The Principal and Instructional Leadership Team will review i-Ready ELA and MTSS data bi-weekly to make strategic, ongoing adjustments to intervention programs, instructional supports, and student groupings—particularly for students performing 2–3 grade levels below—in order to accelerate growth and close achievement gaps across K–5.
The School Leadership Team will meet monthly to share and review i-Ready ELA data trends, reflect on the implementation of Priority 1 action steps, and revise strategies as needed to strengthen instruction, interventions, and progress monitoring—particularly for students performing below grade level in grades K–5.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly Supervisory and Instructional Lead Team Meetings will be dedicated to reviewing the status of Advance Teacher MOTP ratings, providing feedback, identifying areas for support, and determining next steps to improve instructional practice. At the same time, weekly teacher team meetings will center around the PDSA (Plan-Do-Study-Act) cycle, incorporating the analysis of student work, collaboration around effective instructional strategies, self-reflection, and revisions to lesson plans and instructional delivery. Bi-weekly Instructional Leadership Team (ILT) meetings will focus on the implementation and monitoring of multi-tiered systems of support (MTSS), using student work and assessment data to adjust groupings and interventions as needed. In addition, monthly ILT meetings will track the progress of CEP Priority 1 action plan activities, discussing successes, challenges, and identifying next steps. To assess the impact of these efforts on instruction and student achievement, the school will collect and analyze a range of data, including: i-Ready Diagnostic Reading Assessments and Acadience Screener Assessments during three progress monitoring windows (November, February, and June); Advance MOTP teacher ratings during the same periods; HMH Unit Assessments administered at the conclusion of each unit; and MTSS intervention assessments, monitored every 4–6 weeks. Additionally, the School Leadership Team (SLT) will meet monthly, following the NYC DOE's recommended SLT calendar, and will engage in collaborative review and reflection on the school's progress toward its CEP goals for Priority 1.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	The school will host monthly parent workshops and a minimum of two literacy events throughout the year, focused on the Science of Reading, NYC Reads, and the implementation of the new reading curriculum. These events will help families understand how foundational literacy skills—such as oral reading fluency and retelling with key details—are being taught and assessed, and how they can support reading growth at home, particularly for students working below grade level.	
09/01/2025	06/30/2026	Monthly parent newsletters will provide families with practical strategies to support literacy at home—such as building oral reading fluency and retelling using key details—along with updates on the new reading curriculum, the Science of Reading, and NYC Reads. These communications will reinforce school-home partnerships and support efforts to accelerate reading progress, especially for students performing below grade level.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom Teachers and Other Staff

Instructional Resources

HMH, iReady, Sound Sensible, Spire, Phonics for Reading, Fundations, Heggerty, UFLI

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The infractions in the online reporting system (OORS) for level 1 infractions has increased from 2023-24 to 2024-25 by 19 incidents which is 36%.	New students entering the school without established social-emotional skills or behavioral supports.	Clear, schoolwide behavior expectations that are taught, modeled, and reinforced regularly. Consistent routines and positive behavior systems in every classroom.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	53	By June 2026, physical and mental wellness for all students will improve, as measured by a decrease of 11, from 53 to 44, in the number of level 1 infractions, per the Online Occurrence Reporting System, OORS.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PBIS

Root Cause Addressed:

New student enrollment causes children to be unfamiliar to our school culture and core values.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement school-wide behavior expectations using a PBIS framework. Teach, model, and reinforce positive behavior expectations across all settings.
Provide small group SEL sessions focused on conflict resolution, peer mentoring, impulse control, and emotional awareness.
Develop individualized Behavior Intervention Plans (BIPs) for high-needs students. Conduct Functional Behavior Assessments (FBAs) where appropriate.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Share with families our school-wide behavior expectations using a PBIS framework.	
09/05/2025	06/26/2026	Use Class DOJO as a communication to update families on behavior	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Guidance Counselor, Dean, Classroom Teachers, Paraprofessionals

Instructional Resources

SEL programs, Me and Mine, PBIS incentives and rewards, sensory room and materials

Schedule Adjustments

Monthly assemblies, Morning meeting, Lunch bunch, Me and Mine (10 min block) daily

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the June 2024-2025 Acadience Math Data, In 1st grade, 32% of students are well below the benchmark and below benchmark is 12%. According to the June 2024-2025 Acadience Math Data, In 2nd grade, There are 34% of students well below the benchmark, and below 5% below benchmark.	A primary contributing factor appears to be gaps in early math skill development, particularly in number sense and fluency, which are critical for later success. Additionally, inconsistent use of progress monitoring tools has limited the ability to identify struggling	There is a need to strengthen foundational math skills through targeted instruction and adjusted pacing to ensure alignment with NYS math standards. Instruction should incorporate regular opportunities to spiral back to previously taught concepts to support students who are not meeting grade-level benchmarks

	students early and adjust instruction in a timely manner.	
According to the June 2024-2025 IReady Math Data, In K-2 There are 12% of students two grade levels below, 52% is one grade level below, 13% early on grade level, and 23% mid or above grade level.	This outcome may be attributed to lack of early numeracy development, inconsistent use of progress monitoring data, and a lack of differentiated instruction to meet diverse learner needs.	In grades K–2, there is a need for continued focus on differentiated math instruction to support students in building foundational skills and progressing toward grade-level expectations. Instruction should include scaffolding, small-group support, and intentional spiraling of key concepts to help address learning gaps and promote steady growth
According to the June 2024-2025 IReady Math Data, in grades 3-5, there are 13% of students who are three or more grade levels below, 22% are two grade level below, 39% are one grade level below, and 26% are proficient.	The limited use of data to tailor instruction, and gaps in foundational math skills from earlier grades. Additionally, inconsistent progress monitoring and a need for professional development in differentiated math instruction impact student progress.	In grades 3–5, there is a clear need for targeted math interventions and differentiated instruction to support a wide range of learner readiness. Many students require reinforcement of foundational skills from earlier grade levels, while others benefit from scaffolded access to current grade-level content. Instruction should be intentionally designed to close learning gaps, build conceptual understanding, and promote consistent growth toward grade-level proficiency.
According to the June 2024-2025 June Instructional Report: In Grade 3, in NY3.NF.3D, Measurement & Data: Area with Distributive Property, there is a -.29%, gap between the school and the city, in NY3.ND.7C, in Numbers & Operations: Comparing Fractions. there is a -.26% gap between the school and the city In Grade 4, in NY4.G.2A, Geometry and there is a -30% gap and between the school and the city, in NY4.NBT.3 Numbers and Operations: Round Whole Numbers, there is a -.22% gap between the school and the city	Teachers demonstrated different levels of expertise in understanding and providing instruction in these mathematical domains.	Teachers need to develop students' skills in the Geometry and Fraction domains

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	31	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at levels 3 & 4 will Increase by 15 students from 31 to 46, for All Students, as measured by NYS Math Exam results.
All Students	53	P.S. 207 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Level 1 will Decrease by 20 students (13%) from 53 to 33 students as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit Teaching

Root Cause Addressed:

Consistent focus on intentional, direct instruction of math vocabulary, using evidence-based language and vocabulary acquisition methodologies and revisiting previously taught content to ensure mastery.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Instructional coaches will support teachers and teacher teams on a weekly basis, utilizing the PDSA model, by providing sustained professional development for K-5 teachers on how to interpret i-Ready math and Acadience data and make appropriate adjustments in classroom instruction.
Teachers will participate in monthly intervisitations to develop their instructional knowledge and skills by learning from the successful practices of their colleagues and supporting one another in reflective teaching practice through peer mentoring.
The Principal and the Instructional Leadership Team will engage in monthly classroom visits (instructional rounds/collegial intervisitations) to provide targeted, actionable feedback to teachers to improve math instruction.
Teachers will engage in data-based check-ins and discussions with the administration every 6 weeks to monitor data and action plans on the classroom level; teachers will make changes to instructional plans as necessary.

Key Strategy 2 (Optional):

Multiple Exposures

Root Cause Addressed:

School-wide protocols and practices to provide instruction on math strategies and Next Generation standards across grade levels.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The Principal and Instructional Leadership Team will review MTSS data bi-weekly to make strategic adjustments to programming, intervention implementation, and student groupings on an ongoing basis. NTN Trainer will help redevelop the pacing calendar to spiral back to standards throughout the year.
Thursday teacher team meetings will be dedicated to unpacking the math curriculum and standards around Numbers and Algebraic Thinking and Numbers within Fractions. Teachers will also work on creating lesson plans with a focus on embedding research based vocabulary instruction and protocols in daily classroom tasks.
All K-5 Teachers will engage in weekly professional learning focused on designing standards based lessons that focus on multi-step problems within culturally relevant real world context and monitoring student achievement provided by NTN Trainer.
Biweekly Tuesday teacher team meetings will be dedicated to teachers review of Thinking maps and creating writing lesson plans to increase ELLs proficiency.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly Supervisory/Instructional Cabinet meetings will focus on updating status of Advance Teacher MOTP ratings, feedback, support, and next steps. Weekly TeacherTeam meetings will focus on PDSA cycles including looking at student work, and collaborative pedagogical practices, with self-reflections and revisions to lesson planning and classroom instruction. Bi-weekly ILT meetings will focus on strategic programming, implementation, and monitoring of multi-tiered interventions including looking at student work and assessment data and making revisions to groupings and interventions as necessary. Monthly ILT (Instructional Leadership Team) meetings will focus on updating status of CEP action plan activities for Priority 3, with successes, challenges, and next steps. The data that will be collected and analyzed to determine progress and impact on instruction, student learning, and achievement may include the following: I-Ready Diagnostic Math Assessments during 3 Progress Monitoring Periods (November, February, and June) Acadience Screener Assessments during 3 Progress Monitoring Periods (November, February, and June) Teachers' Advance MOTP ratings during 3 Progress Monitoring Periods (November, February, and June) IReady Math Classroom Unit Assessments at the end of all units MTSS intervention Assessments Progress Monitoring Periods Every 4-6 weeks NYSESLAT D10 Interim Assessments during 3 Progress Monitoring Periods (November, February, and June) Monthly School Leadership Team (SLT) meetings will follow the NYC DOE recommended calendar of SLT activities and participate in shared analysis of the school's CEP progress monitoring for this priority.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host monthly parent workshops and at least two school-wide events specifically dedicated to math instruction and Next Generation Math Standards. These will provide families with practical strategies to support their children's math learning at home.	
09/04/2025	06/26/2026	Monthly newsletters will highlight math strategies and activities families can use at home to reinforce key concepts and build confidence in math	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the Save for College Program Report, our data showed that in 2024-2025 our rate was at 26%, which was below our expected rate of 35%.	2024-2025 was the first year that we introduced this program to our school community and parents weren't familiar with it.	Educating the parents and supporting them in the process of understanding what the program entails and the benefits for the future.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	26%	By June 2026, the number of families who complete Building Block 1 for the NYC RISE Save for College Program will increase by 20%, from 26% to 46%, as measured by the Save for College Program Report.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build family understanding and engagement through targeted outreach, multilingual resources, and accessible in-person and virtual support to promote completion of Building Block 1.

Root Cause Addressed:

Many families lack awareness or understanding of the NYC RISE Save for College Program, including how to complete Building Block 1 and why participation matters for their child's future. Limited access to individualized support and language-appropriate materials has contributed to low completion rates.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Family workshops and resources to support families to activate and to review their students' accounts.
Sharing information about Building Block 1 and instructions for completion.
Supporting families one on one and in small and large groups to understand the importance of this program.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly ILT (Instructional Leadership Team) meetings with the school guidance counselor will focus on updating the status of CEP action plan activities for Priority 4, with successes, challenges, and next steps. The data that will be collected and analyzed to determine progress and impact on instruction, student learning, and achievement may include the following: K-5 NYSED Career Plan completion rate during 3 Progress Monitoring Periods (November, February, and June) Student survey results from CCCR activities on student perception and engagement. Participation rates of parents and families at CCCR activities Monthly School Leadership Team (SLT) meetings will follow the NYC DOE recommended calendar of SLT activities and participate in shared analysis of the school's CEP progress monitoring for this priority.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/06/2025	06/26/2026	During registration of incoming students focus on our income Kindergarten students.	
09/06/2025	06/26/2026		

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School based counselor, social worker, parent coordinator, bilingual staff to provide translation

Instructional Resources

NYC RISE Save for College Program materials, customized checklists and FAQs for families, Multilingual flyers, Family-facing digital tools for account activation support

Schedule Adjustments

Staff coverage or schedule flexibility for team members facilitating one-on-one sessions with families, Workshops held during morning, evening, and weekend hours to increase accessibility

Other Resources Needed

Translation services for all languages

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The school needs to create more survey tools to more systematically gauge parents' interest and needs.	2023 NYC School Survey Data reveals that 97% of parents responded favorably to the prompt,	The school has not utilized specific school-wide inventories to determine parents' interests.

	“I have attended a general meeting or event either in-person or virtually, at my child’s school.	
Parents need sustained cycles of workshops (inperson, remote, and/or hybrid) that are scheduled at varying times to meet parents’ diverse schedules and provide information for how parents can support their child.	Parent Coordinator Activity Report (PCAR), Parent Event Sign-in Sheets 2024 NYC School survey data shows a 6% decrease communication between parents and teachers about ways to support their child.	Parents have not had sustained workshop opportunities at varying times to meet parents’ diverse schedules around student support.
Parent Coordinator needs monitoring and feedback on action steps to increase parent involvement.	Parent Coordinator Activity Report (PCAR) 2024 NYC School survey data shows a 3% decrease in the Outreach to Parents category.	School leaders have not consistently monitored parent coordinator’s Parent Coordinator Activity Report, on a monthly basis, and provide actionable feedback to support parent outreach efforts and impact.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	20	By June 2026, the Number of workshops offered to parents will Increase by 5 from 20 to 25 as measured by Parent Coordinator Activity Reports (PCAR).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Setting goals and Collaborative Learning

Root Cause Addressed:

Utilize specific school-wide inventories to determine parents' interests. Provide workshop opportunities at varying times to meet parents' diverse schedules. School leaders will consistently monitor parent coordinator's Parent Coordinator Activity Report, on a monthly basis, and provide actionable feedback to support parent outreach efforts and impact.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The school will administer parent interest surveys at least 2 times per year and results will be analyzed and shared with stakeholders to determine possible parent/family activities to be implemented throughout the year to support families in helping their children succeed in school and beyond.
Calendar of Parent Workshops will be created and disseminated that connects to parents' interests, building on the offerings that the school already has in place.
Parent Coordinator will leverage messaging apps, websites, and newsletters to notify parents of upcoming family activities.
The Parent Coordinator will update the school website for all stakeholders, including families, with relevant

information and sections, pertinent to parents and families, and provided in various languages, representative of the school community on a monthly basis.
School Leadership Team will meet monthly to share, review, reflect, and revise the implementation of CEP action plan activities, strategies, and progress monitoring outcomes related to the Priority 5 goals.
Teachers will utilize 50 mins of parent time monthly to offer either a workshop or independent meetings with parents to discuss ways to support their child.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly ILT (Instructional Leadership Team) meetings with the Parent Coordinator will focus on updating the status of CEP action plan activities for Priority 5, with successes, challenges, and next steps. The data that will be collected and analyzed to determine progress and impact on instruction, student learning, and achievement may include the following: Parent Coordinator Activity Reports during 3 Progress Monitoring Periods (November, February, and June) Parent survey results from interest surveys given twice during the year (Septemberand February) Participation rates of parents and families at parent/family workshops Teacher weekly parent engagement logs Monthly School Leadership Team (SLT) meetings will follow the NYC DOE recommended calendar of SLT activities and participate in shared analysis of the school's CEP progress monitoring for this priority.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Share with families our school-wide behavior expectations using a PBIS framework.	
09/05/2025	06/26/2026	Use Class DOJO as a communication to update families on behavior	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator

Materials to engage parents

Schedule Adjustments

Make workshops available in the morning, during the school day, evenings and, possibly, Saturday.

Other Resources Needed

Per session for after hours work

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the New Visions 2024-2025 data, 40% of students are categorized as chronically absent.	While the school has implemented some attendance supports, existing strategies may not yet fully address the varied and complex barriers students face to consistent attendance, including health, transportation, and family circumstances. Additionally, data-informed early interventions and targeted outreach may need to be more consistently applied across all student groups.	There is a need to enhance targeted, tiered supports and strengthen family partnerships to promote regular attendance and reduce chronic absenteeism.

Based on the New Visions 2024-2025 data, our attendance rate is 90% year to date.	Although the school maintains a generally solid attendance rate, some students face attendance challenges related to extended family travel during school breaks and transitions in housing, including periods of temporary housing. These factors, often outside the school's immediate control, impact student attendance patterns. Additional outreach and flexible planning strategies may help better support these families.	There is a need to enhance proactive communication and responsive supports for families navigating extended travel or housing transitions to promote consistent attendance and minimize instructional disruptions.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	90%	By June, 2026, the attendance rate for All Students will increase by 2%, from 90% to 92%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Partner with families to understand and support their needs around travel, housing, and school schedule planning. Leverage partnerships (e.g., shelter liaisons, attendance improvement programs, community organizations) to provide wraparound supports for families in temporary housing or experiencing instability.

Root Cause Addressed:

Although the school maintains a generally strong attendance rate, some students face challenges related to extended family travel over breaks and housing instability (including temporary housing). These circumstances, while often outside of school control, impact attendance patterns. There is a need for more proactive planning, flexible supports, and tailored communication strategies to help mitigate attendance interruptions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish or strengthen an Attendance Team that reviews weekly data and identifies students at risk of falling below 90% attendance.
Implement structured outreach protocols before and after breaks to encourage consistent attendance and problem-solve potential travel or housing issues.
Develop re-entry plans and check-ins for students returning from extended absences to ease transitions and reduce future absenteeism.

Launch a positive attendance incentive program (monthly recognitions, classroom-based competitions, or raffles) to motivate regular attendance.
Provide professional learning for staff on how to identify and respond to attendance barriers with empathy and consistency.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor implementation of the key strategies and action steps, the school will utilize weekly Attendance Team meetings to review attendance data from ATS and the New Visions Chronic Absenteeism Reports, identify trends, and track student-level interventions. A tiered intervention tracker will be used monthly to assess which students are receiving targeted supports and whether those supports are leading to improved attendance. Family outreach logs will document pre-break communications and post-absence check-ins to ensure consistency in engagement efforts. Re-entry plans will be created for students returning from extended absences, and student feedback will be collected to inform re-engagement strategies. Additional evidence will include staff reflections following professional learning, participation data from attendance incentive programs, and student-level attendance case notes. Progress will be measured by increases in the average daily attendance rate, a reduction in the number of students classified as chronically absent, and improved academic re-engagement among students with prior attendance challenges.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	The Attendance Team will partner with the school's parent coordinator and community-based organizations to host workshops and information sessions on the importance of consistent attendance and how families can support learning at home, especially during extended travel or housing transitions.	
09/01/2025	06/30/2026	Families will be invited to participate in developing attendance success plans for students with chronic absenteeism, and the school will offer flexible meeting options (in-person, phone, or virtual) to increase accessibility.	
09/01/2025	06/30/2026	The school will celebrate improved and consistent attendance through public recognition and community events, fostering a shared commitment between families and the school to prioritize regular attendance.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team (including guidance counselors, social worker, AP, parent coordinator) to lead intervention planning and outreach, Bilingual family liaison or translator to support outreach and communication

Instructional Resources

Attendance intervention tracker

Schedule Adjustments

Dedicated time during team meetings (e.g., grade, MTSS, or student support meetings) to review attendance data, Flexible scheduling options for family meetings (virtual, evening, or weekend)

Other Resources Needed

Contact with the temporary housing liaison

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
According to the 2024–25 Power Bi IEP review dashboard, only 89% included specific SDI statements (Q24), and 11%	Inconsistent understanding of how to write individualized SDI and measurable annual goals tied to the PLOP. Lack of school-wide protocols for	IEP Development

had general statements or no mention of SDI at all.	using progress monitoring data to revise instruction. Lack of comprehensive training and accountability systems for IEP development.	and Fidelity of Implementation
Based on the 2024–25 Power Bi IEP review data, only 44.4% of IEPs included the student's vision for success and 55.6% reflected student priorities (Q15).	Lack of standardized transition planning procedures and training and improve staff capacity. Inconsistent documentation of student voice in PLOP and annual goals.	Transition Planning and Compliance
Based on the 2024-25 Shared Path Data, there is a 7.6% special education referral rate. According to the 2024-25 Shared Path Data, ELL referrals are higher (15.4%) vs. non-ELLs (4.4%) suggesting over-identification, particularly among students who are both ENL and struggling academically.	Inconsistent implementation of pre-referral interventions and progress monitoring to support struggling students. Limited team capacity to disaggregate and respond to dual-identified student data. Inconsistent Tier 2 intervention documentation prior to referral. Gaps in staff training on using progress monitoring to determine when referral is appropriate.	Referral Process and Equity
In 2024–25 Power Bi IEP Review Dashboard, only 75% of IEPs included objective and measurable descriptions of areas of concern regarding behavior as well as how those behaviors interfere with a child's progress and performance (Q44A/B).	Limited use of structured tools to track the effectiveness of behavioral supports and interventions. Inconsistent documentation of behaviors and supports in place	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	89%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve IEPs by including program and service recommendations that are aligned to student strengths, needs, and PLOP, with explicit SDI identified by a 11% Increase, from 89% to 100%, as measured by Power Bi IEP Review Dashboard.
Students with Disabilities (SWD)	7.6%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve overall referral rate through consistent implementation of MTSS and documentation of intervention prior to referral by a 2.6% Decrease, from 7.6% to 5%, as measured by Shared Path Dashboard.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Develop and implement a schoolwide IEP Quality Protocol focused on aligning PLOP, goals, SDI, and services.

Root Cause Addressed:

Lack of comprehensive training and accountability systems for IEP development.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch monthly IEP quality workshops led by the Special Education Team or Goalbook Partnership focused on effective goal writing, SDI articulation, and appropriate service alignment.
Create an intervisitation cycle with the special education team to review exemplars and best practices with an SDI focus.
Develop an internal IEP peer review process before IEP meetings with feedback tools aligned to IEP Review indicators.
Create a “Pre-IEP Meeting Checklist” for teachers and providers that ensures PLOP, strengths, family input, SDI, and language needs are clearly addressed.
Schedule bi-monthly case conferences for complex IEPs.
Establish a peer review documentation and teacher feedback system to ensure IEP goal alignment and SDI is clearly identified.

Key Strategy 2 (Optional):

Root Cause Addressed:

Inconsistent implementation of pre-referral interventions and progress monitoring to support struggling students. Inconsistent Tier 2 intervention documentation prior to referral.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a schedule for MTSS leadership to review intervention fidelity and documentation monthly
Conduct staff training on progress monitoring tools and pre-referral protocols
Implement a standardized referral checklist requiring evidence of tier 2 and tier 3 academic and behavioral supports
Strengthen the system for MTSS providers to communicate and document the progress for the interventions being delivered

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Quarterly internal IEP audits scored using the same metrics as the Power BI dashboard. Meeting agendas, coaching session notes, and attendance at professional development sessions. Peer review documentation and teacher feedback on IEP goal alignment.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/01/2025	06/30/2026	All necessary stakeholders, including the parent/guardian, will be invited to the IEP meeting with a minimum of three documented outreach attempts (e.g., phone call, email, and written notice). Outreach will be conducted in the family's preferred language when applicable.	School-Based Support Team (SBST), Special Education Coordinator, DOE Translation & Interpretation Unit
09/01/2025	06/30/2026	Progress reports and personalized family outreach by service providers (Occupational Therapy, Physical Therapy, Speech, Counseling) for students with IEPs to update on progress toward annual IEP goals and post-secondary planning (when applicable). Classroom teachers share individualized updates with families of students with IEPs during Parent-Teacher Conferences, and via communication logs ClassDojo messages. Updates will include progress toward IEP goals in reading, math, behavior, and social-emotional learning.	Classroom teachers, School-based Related Service Providers

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Liaison/Coordinator, NEST Coordinator, Speech, OT, PT, and Counseling providers, Special Education Classroom Teachers, Bilingual School Psychologist, Social Worker, Family Worker, Paraprofessionals

Instructional Resources

Goalbook Toolkit, Sensory tools, Intervention Programs for ELA and Math (Kickstart, Phonics for Reading, etc.), SEL curriculum supports (Me and Mine)

Schedule Adjustments

Dedicated IEP meeting blocks in the school schedule to ensure full team and parent participation. Weekly special education meetings to share resources, encourage collaboration to brainstorm ways to support students, discuss strategies, inquiry around student work, turnkey information and learning from professional learning. Dedicated periods to provide intervention and support.

Other Resources Needed

Budget allocation for Goalbook licenses to all ICT and related service providers

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 ELA	K-2 students who scored 2 grade levels below benchmark on the Acadience reading screener.	Sound Sensible	Small Group	During School (WIN period) 5x/week Progress Monitoring: Weekly Acadience	No
Tier 2 ELA	K-2 students who scored 1 grade level below benchmark on the Acadience reading screener.	Fundations with Geodes	Small Group	During School (WIN period) 5x/week Progress Monitoring: Weekly Acadience	No
Tier 2 ELA	K-2 students who scored on grade level below benchmark on the Acadience reading screener.	UFLI	Small Group	During School (WIN period) 5x/week Progress Monitoring: Bi-Weekly Acadience	No
Tier 2 ELA	K-2 students who scored above grade level below benchmark on the Acadience reading screener.	Phonics for reading (leveled)	Small Group	During School (WIN period) 5x/week Progress Monitoring: Bi-Weekly Acadience	No
Tier 2 ELA	3-5 students who scored 2 grade levels below benchmark on the Acadience reading screener.	UFLI	Small Group	During School (WIN period) 5x/week Progress Monitoring: Weekly Acadience	No
Tier 2 ELA	3-5 students who scored 1 grade level below benchmark on the Acadience reading screener.	Phonics for Reading	Small Group	During School (WIN period) 5x/week Progress Monitoring: Weekly Acadience	No
Tier 2 ELA	3-5 students who scored on grade level below benchmark on the	Rewards	Small Group	During School (WIN period) 5x/week Progress	No

	Acadience reading screener.			Monitoring: Bi-Weekly Acadience	
Tier 2 ELA	3-5 students who scored above grade level below benchmark on the Acadience reading screener.	Standards Based Passages	Small Group	During School (WIN period) 5x/week Progress Monitoring: Bi-Weekly Acadience	No
Tier 2 Math	K-2 the students who scored below benchmark on the Acadience Math Screener.	Kickstart	Small Group	During School (Math MTSS period) 3x/week Progress Monitoring: Weekly	No
Tier 2 Math	3-5 the students who scored below benchmark on the Acadience Math Screener.	Problematic	Small Group	During School (Math MTSS period) 3x/week Progress Monitoring: Weekly	No
Tier 3 Math	K-2 the students who scored well below benchmark on the Acadience Math Screener.	Kickstart	Small Group	During School (Math MTSS period) 3x/week Progress Monitoring: Weekly	No
Tier 3 Math	3-5 the students who scored well below benchmark on the Acadience Math Screener.	Kickstart	Small Gorup	During School (Math MTSS period) 3x/week Progress Monitoring: Weekly	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Accumulation of only. 49-100 points over the course of 4-6 weeks	Behavior Plan	Small Group	During School	No
Tier 2	Students who overly aggressive or overly sensitive as measured through RULER practices	At-Risk Counseling	Small Group	During School	No
Tier 2	Students who have been exposed to trauma that is impacting their schooling	Trauma-Based Clubs	Small Group	During School	No
Tier 2	Accumulation of 150-200 points over the course of 4-6 weeks	Student Clubs	Small Group	After School	No
Tier 2	Students who meet all leadership criteria	Student Council	Small Group	During School	No
Tier 3	Students who are not making progress after 2 cycles of Tier 2	At-Risk Counseling	1:1	During School	No
Tier 3	Students who exceed leadership criteria	Tailored Clubs	1:3	After School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

To share the key parts of MTSS with families, PS 207 holds workshops, gives out simple guides, and provides regular updates on how students are doing. PS 207 explains the three levels of support, involve parents in decision-making, and share strategies parents can use at home. Staff is available to answer questions and regular check-ins like parent-teacher conferences.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 interventions receive regular and personalized updates on their child's progress. Intervention progress is shared during parent-teacher conferences, through written progress reports, and in scheduled phone calls or meetings. For students receiving Tier 2 support, families are updated at least once per marking period with specific information about the intervention focus, frequency, and their child's response to the support.

For Tier 3 intensive interventions, families receive more frequent updates—typically bi-weekly or monthly—through direct communication from interventionists or support staff. These updates include progress monitoring data, goals, and next steps.

Parents are also encouraged to attend intervention meetings where they are invited to provide input and collaborate on strategies that can be reinforced at home. Staff are available to answer questions and provide resources to ensure that families are active partners in supporting student growth.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are invited to participate in individual meetings during parent engagement to discuss the student's progress, review data collected from assessments and interventions, and set goals for the next steps. During these meetings, parents are encouraged to share their observations, provide input on strategies being used at home, and ask questions about the interventions.

Progress reports are shared with families, which include both quantitative data (such as test scores or progress monitoring results) and qualitative feedback on the child's engagement and behavior. In addition, ongoing communication ensures that parents are kept informed of their child's development, and any necessary adjustments to interventions are discussed collaboratively to ensure the best possible outcomes for the student.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We currently have 106 Students in Temporary Housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The number of STH students in our school has increased over the last year. 45% of our STH students are chronically absent and they represent 38% of the chronically absent students in our school.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Our parent coordinator is our dedicated liaison for families in temporary housing. She is able to partner with our Guidance Counselor to provide resources, connect parents to outside agencies for help, and partner with organizations to deliver workshops or resources to parents among other things. As in previous years we will continue to have a drive where families
can donate gently used clothing or toys, food, and other housing items. Families of STH are invited in monthly to

take any needed materials from our donation closet. We will also continue to partner with outside agencies to provide free dental care and eye exams at our school for family convenience. Our parent coordinator will provide monthly check-ins with these families to make sure they have access to information about key resources such as: 1. Receiving technology from the DOE
and free internet through the city 2. Share information about remote learning or returning to in person learning 3. Make sure they know about nearest Meal Hub 4. Share information about other community resources and public benefits 5. Help sign up young children for 3K, Pre-K and Kindergarten 6. Connect homeless unaccompanied youth with housing and college resources.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 207, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 207 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

P.S. 207's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

P.S. 207 will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 207, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- inform a trusted adult in school if I need help with something related to my school or home life;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Our strategic resource allocations focused on the continued learning and growth of our staff alongside our students, our strategic partnerships, our collaboration with our families and our continued focus on making our curriculum and teaching more responsive, all support the continuous growth of our vision and mission to ensure that we foster the leadership skills necessary for our students to compete and succeed in our ever-changing global community as Leaders of Today and Tomorrow.

Our Area of Concentration that indicates strategies and activities for high quality professional learning is ELA. Specifically we have a goal of decreasing the number of level 1 students in ELA. Our needs assessment revealed that we need to strengthen instruction and supports for students in writing. With this in mind, we will put several action steps in place to ensure high quality professional learning as listed below:
-Improved inquiry team collaboration, use of protocols for analyzing student work and identifying support strategies as a result of Professional Learning supported by our Strategic Inquiry partnership.
-Development of higher quality/organized writing tasks as a result Professional Learning supported by our Thinking Maps partnership.
-Improved student writing as evidenced by BOY, MOY and EOY as a result Professional Learning supported by our Thinking Maps partnership.

Evaluation of our new HMH curriculum using the UbD approach to enhance units of study by incorporating all that we learn each year incorporating the Hallmarks of Advanced Literacy, The 5 Practices (for Orchestrating Productive Mathematics Discussions, and Danielson FGS expectations will ensure high quality and ongoing professional learning is sustained through the school year-. Threaded throughout our units of study are the results of our work with our partnerships with DAL (digital literacy), VTS (questioning and critical thinking), Kagan (engaging discussion structures), TFC (academic supports), our PBIS ROCKS Leadership values (Respect, Organization, Cooperation, Kindness and Safety), and our newly formed partnership with Thinking Maps are exemplified. District 10's prior partnership with Ghouldy Muhammed, which informed the design of our monthly in-house Equity PL will be utilized this summer as our teams continue to evaluate and enhance our units of study with the lens of examining how Ghouldy Muhammed's Historically Responsive Literacy Framework is reflected in our units of study, teaching toward the learning pursuits of:
Identity Development—Helping youth to make sense of themselves and others
-Skill Development— Developing proficiencies across the academic disciplines
-Intellectual Development—Gaining knowledge and becoming smarter
-Criticality—Learning and developing the ability to read texts (including print and social contexts) to understand power, equity, and anti-oppression

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

One of our big goals is retention of of Preschool Children. In order to increase retention and assist with their transition to elementary school we plan to implement the following:
-Parent tours and open houses to introduce families to our school community
-School Welcoming Ice Cream Social which consist of spending time with current Kindergarten teachers and students to begin building relationships with our families
-PK and Kinder family meetings and workshops on the first two days of school about the curriculum, our ROCKS STAR leadership system, etc.
-Monthly PK and Kindergarten parent workshop about best ways to support students in early literacy and math, how to help them build relationships, etc.
-Teachers meet 3-4x a year with parents to review development of ROCKS STAR leadership values and plans to continue to support students in early childhood development

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I High Need	Federal	26,278	x	
Title I, SWP	Federal	380,766	x	
Title I, STH Carry over	Federal	79,338	x	
Title I, SWP STH	Federal	101,633	x	

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Tara Obrien
Assistant Principal (Where Applicable)*	Josian Rodriguez, I.A.
English as a New Language (ENL) Teacher*	Lucy Cordero
Teacher (if school has a bilingual program must be a bilingual teacher)*	Lisa Hernandez
Parent/Guardian*	Edina Gutic
Teacher	Jennifer Brijlall
Parent Coordinator	Laura Polanco
School Counselor	Sherely de la Cruz
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

8

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

4

Number of certified ESOL teachers not currently teaching ENL:

4

Number of teachers who hold both content area/common branch and ESOL certification:

8

Number of ESOL certified teachers with a bilingual extension:

4

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

349

Total number and percentage (%) of current ELLs:

97, 27.8%

Total number and percentage (%) of former ELLs:

19, 5.4%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

86, 88.7%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

11, 11.3%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0, 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3, 3.1%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

19, 19.6%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Sp	2016	.5	.5	.5	.5	.5	.5								3.0
DLBE	n/a																0
DLBE	n/a																0
				total: 0.5	total: 0.5	total: 0.5	total: 0.5	total: 0.5	total: 0.5	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-Alone ENL is implemented as per CR Part 154 for Entering, Emerging, and some Transitioning ELL students. Students are grouped heterogeneously by grade level. For example, one class with ENL students will have mixed proficiency levels. The primary role of an ENL and bilingual teacher in all models is to support ELLs with the language needed to access grade-level content. Depending on the language proficiency of the students, teachers will ensure that supports are inclusive of teaching vocabulary, language structures, activating prior knowledge, linking new information to old information, and building background knowledge, to name a few. These supports are always designed in relation to a text and/or task in a given content area (for example, a unit in social studies, a math problem, an ELA text, science journaling), and never in isolation. During the Stand Alone ENL time, the ENL/bilingual teacher focuses on developing language through content. Students are pulled into a small group by the ENL/bilingual teacher to receive their Stand Alone service focused on English language development. To ensure that there is consistency in what is being taught and how it is being taught, the focus of the ELA content learning is an additive approach to students' learning of language and content. All instruction is aligned to the grade level content, grade level standards, and the framework provided through the New Language Arts Progressions (NLAP). ESOL teachers, as a result of their common planning meetings, select content based on the instruction that is taking place during content area instruction and select key texts with rich language and content that leverages the overarching instructional goals of a unit of study. Home language is used to support learners during stand alone ENL, when possible.

Integrated ENL:

Integrated ENL is implemented as per CR Part 154. Students are grouped heterogeneously by grade level. For example, one class with ENL students will have mixed proficiency levels. In the integrated ENL block, there is always evidence of specific instructional goals that support language development. Content and language objectives are designed to make learning explicit for MLs/ELLs. The language objective is carefully determined by the teacher to determine the linguistic demands of the content. All instruction is aligned to grade level content, grade level standards, and the framework provided through the New Language Arts Progressions (NLAP). Lessons are differentiated according to product, process or content as well as students' readiness levels, interests, and learning preferences. Differentiation would touch upon one or all the following modalities: kinesthetic, tactile, auditory or visual learning styles via classroom activities designed to meet their needs. In planning lessons, varying background knowledge, environment, materials, method of presentation, student practice and evaluation are tailored to the differing abilities within each classroom. Home language is used to support learners during stand-alone ENL, when possible.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

This program is not currently offered at PS207.

Dual Language Bilingual Education (DLBE):

Students whose parents select the DLBE program are placed in one of our dual language classrooms where they receive instruction in English and Spanish. ELL identified students receive their mandated ENL services in the DLBE program. Currently we have bridge DL classes across two grades. Students are heterogeneously grouped in these classrooms and receive the number of ENL minutes according to their most current ELL proficiency level. Our Entering and Emerging students receive 180 minutes of Stand Alone ENL services delivered by their bilingual teacher; in some instances we provide 90 minutes of stand-alone instruction to Transitioning students who may require concentrated linguistic support. Our Entering, Emerging, Transitioning and Expanding students receive 180 minutes of Integrated ENL services delivered by their bilingual teacher. Commanding students receive 90 minutes of Integrated ENL instruction delivered by their bilingual teacher. Our DL programs are designed to continue developing students' home languages as well as English language skills. In addition, English-proficient students are given the opportunity to learn a new language. Our DL programs serve both ELL students in need of English language development and English-proficient students who are interested in learning a second language. Both groups provide good linguistic role models for each other and, through their interactions, support language development in both languages. Students in our dual language program remain in the program during their tenure at P.S. 207. Therefore, even after the student reaches the commanding level on the NYSESLAT (former ELL status), the student continues in the dual language program. During the Stand Alone ENL time, the bilingual teacher focuses on developing language through content. This time occurs on an English day or during the English language instruction period. Students are pulled into a small group by the bilingual teacher to receive their stand-alone service focused on English language development. To ensure that there is consistency in what is being taught and how it is being taught, the focus of the ELA content learning is an additive approach to students' learning of language and content. All instruction is aligned to the grade level content, grade level standards, and the framework provided through the New Language Arts Progressions (NLAP). TESOL licensed teachers, as a result of their common meetings, select content based on the instruction that is taking place during content area instruction and select key texts with rich language and content that leverages the overarching instructional goals of a unit of study. During the Integrated ENL block in the DL program there is always evidence of specific instructional goals that support language development. Content and language objectives are designed to make learning explicit for MLs/ELLs. This time occurs on an English day during the ELA instructional period. The language objective is carefully determined by the teacher to determine the linguistic demands of the content. All instruction is aligned to the grade level content, grade level standards, and the framework provided through the New Language Arts Progressions (NLAP). Lessons are differentiated according to product, process or content as well as students' readiness levels, interests, and learning preferences. Differentiation would touch upon one or all the following modalities: kinesthetic, tactile, auditory or visual learning styles via classroom activities designed to meet their needs. In planning lessons, varying background knowledge, environment, materials, method of presentation, student practice and evaluation are tailored to the differing abilities within each classroom. Bilingual and ENL teachers also have common preps with General Education teachers to plan, receive staff development, and discuss issues that may affect the ENL population. There are preps and lunch periods given throughout the week that allow the teachers to plan with each of the grades (monolingual counterparts) represented in their classroom.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

STARS programming is done according to the proficiency levels of all ML/ELL identified students. Entering and Emerging receive 360 minutes of English as a New Language (ENL) instruction, content area instruction that is responsive to the needs of ELLs and use of strategies like sheltered instruction to make content accessible. Transitioning and Expanding students receive 180 minutes of instructional services in content areas such as ELA, Math, Science, and Social Studies.
Home language supports provided to students may include: translated books in the target language where possible, use of visuals, digital applications, buddy system, etc. In our Dual Language classes, the teachers are bilingual certified teachers, therefore this ensures the mandated minutes are met for ENL instruction. We teach the subject matter 50% of the time in Spanish and 50% of the time in English. The teachers use a variety of strategies including, but not limited to, sheltered instruction. For ENL/ELA, we use and modify standards based instructional units for Reading and Writing, which includes elements from Into Reading and Arriba La Lectura. The lessons include tasks/activities, which provide multiple entry points and scaffolds that support students in accessing the content. In addition to tier 1 instruction, we utilize tier 2 and tier 3 data driven small instruction during our MTSS period in both ELA and Math. Teachers use formative assessments during instructional periods to gather evidence of student learning and provide immediate feedback. Some supports/strategies used during instruction include, but not limited to: picture walks, explicit vocabulary instruction, comprehension checks within/about/beyond the text, read alouds, graphic organizers, thinking maps, oral rehearsal and cooperative learning groups using Kagan structures. A digital resource used for instruction and assessment is: iReady.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In our ENL classrooms, ENL instruction may be provided separately, often in small groups or one-on-one sessions, focusing on language acquisition and development. ELA instruction is typically integrated into the regular classroom curriculum, covering reading, writing, speaking, and listening skills in English. In settings where students' home languages are supported, HLA may be integrated into the curriculum alongside ELA, allowing students to develop literacy skills in their native language.

In our Dual Language classrooms, ENL support might still be provided as needed, but the primary focus is on developing proficiency in both English and another language through content instruction. ELA instruction is delivered in both English and the target language, with a balanced approach to literacy development in both languages. In dual language immersion programs, HLA is a central component, with students receiving instruction in their home language to develop literacy skills alongside English.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our DL programs serve both ELL students in need of English language development and English-proficient students who are interested in learning a second language. Both groups provide good linguistic role models for each other and, through their interactions, support language development in both languages. For the 2025-2026 school year, we will have a DL program in each grade Kindergarten-Fifth Grade. Our Dual Language programs are self-contained classes comprised of approximately 50% ELLs and 50% of monolingual students. English proficient students and ELLs are integrated for the entire instructional day.

b. In which language(s) is each core content area taught?

In ENL classrooms, each core content area is taught in English. In the Dual Language classrooms we use a 50-50 model. Therefore, each core content area is taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At our school, the majority of English Language Learners (ELLs) are Newcomers, comprising 87.1% of the ELL population, with 0–3 years of service. Families of Newcomers have the option to enroll their children in either English as a New Language (ENL) or Dual Language programs, both of which promote the development of students' native language alongside English instruction. Classrooms are language-rich, incorporating English and Spanish to provide purposeful language experiences. Literacy instruction includes shared reading with teacher voice guidance, while writing is supported through interactive writing using a gradual release of responsibility. These strategies are scaffolded according to students' developmental levels: Newcomers focus on visuals, gestures, repetition, and shared reading; Developing ELLs engage with sentence frames, retelling, and graphic organizers; Long-Term ELLs emphasize comprehension questions, independent reading, and fluency practice. Across levels, the curriculum emphasizes receptive language development to build a foundation for expressive language skills.

In mathematics, instruction incorporates manipulatives, cooperative learning structures, and rehearsal of academic language, while interactive Smart Boards provide visual support in all classrooms. Newcomers and Developing ELLs participate in small MTSS groups led by certified teachers, offering targeted support in both ELA and Math. Additionally, these students are invited to the ENL Afterschool program, where they engage in activities designed to enhance oral language, listening comprehension, reading, and writing in English. Students in testing grades receive appropriate accommodations, such as extended time, as determined by the principal and relevant team members.

Developing ELLs receive instruction in small MTSS groups alongside Newcomers, with a focus on skills identified through ongoing formative assessment. Teachers provide scaffolds such as teacher-guided language modeling, interactive reading and writing, and cooperative learning opportunities, while targeting modalities—listening, speaking, reading, and writing—where growth has been stagnant, as identified through NYSESLAT and EDAT data. For Long-Term ELLs, instruction is data-driven and individualized. Lessons are designed to target specific modalities needing improvement and include scaffolds such as guided practice, visual supports, sentence frames, and peer interaction. Teachers formatively assess daily and explicitly monitor students' progress toward modality-specific goals.

Across all ELL subgroups, the ENL Afterschool program continues to support oral language, listening, reading, and

writing development, reinforcing classroom instruction and providing additional opportunities for academic growth and language acquisition.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0% of the Newcomers are Students with Inconsistent/Interrupted Formal Education (SIFE). Instruction for Students with Interrupted Formal Education (SIFE) requires a tailored approach that addresses their unique needs and challenges. Here are some strategies to differentiate effective instruction for SIFE: Cultural Sensitivity and Understanding: Recognize and respect the diverse cultural backgrounds and experiences of SIFE students. Incorporate culturally relevant materials and topics into instruction to make learning meaningful and engaging. Language Development: Provide intensive English language instruction to support language acquisition. Use a variety of language acquisition strategies such as visual aids, gestures, and real-life contexts to make language input comprehensible. Scaffold language learning by breaking down complex concepts into smaller, more manageable chunks. Academic Support: Offer targeted instruction in core academic subjects (e.g., math, science, social studies) to bridge educational gaps. Use differentiated instruction techniques to accommodate varying levels of academic proficiency. Provide additional support
through tutoring, peer mentoring, or small group instruction as needed. Cognitive and Socio-Emotional Support: Recognize the
emotional and psychological challenges faced by SIFE students, such as trauma or displacement. Create a supportive and inclusive classroom environment that fosters a sense of belonging and safety. Offer counseling services or access to social-emotional learning programs to address socio-emotional needs. Culturally Responsive Pedagogy: Implement teaching practices that honor the cultural identities and backgrounds of SIFE students. Encourage students to share their cultural experiences and perspectives in the classroom. Incorporate culturally responsive teaching strategies, such as storytelling, cooperative learning, and collaborative projects.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

The percentage of ELLs that are Long Term ELLs is 0%. Long-Term ELLs are placed in to MTSS groups with a certified teacher.
These groups are small and the instruction is targeted to address the needs of each student in both ELA and Math. In addition, the
data gathered from the NYSESLAT and EDAT is analyzed to explicitly target modalities found to have been stagnant or non
improving with these subgroup. Teachers then explicitly create instructional experiences for these particular students which would
heavily incorporate identified modality/ies providing students with appropriate scaffolds along the way to be successful. Although teachers formatively assess daily they also monitor student progress explicitly when targeting modalities. The added layer for Long Term ELLs is that we also try to identify if students are not making adequate progress based on any social emotional aspects as well. If that is the case, then the Guidance Counselor, Teacher, Parent and potentially the student engage in the creation of an action plan to support the student reevaluating the plan when necessary. Long-Term ELLs are invited to the ENL After School program where they engage in activities and lessons that helps with oral development, listening comprehension, reading and
writing.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

The percentage of students that are former ELLs is 4.0%. FormerELLs are provided with Integrated ENL where students receive
content-area instruction with English language development. We integrate ENL instruction in the content areas where the focus is
heavier on high utility vocabulary words found throughout the content areas being studied. Content teachers assess instruction daily and gather data for inquiry cycles as well. As additional support our formerELLs receive testing accommodations for extended
time and depending on need, may be in a Tier 2 intervention group. Supports within the classrooms continue as needed. We choose Option D: A minimum of 90 minutes per week of ENL for formerELLs.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The trends indicate that ELLs who are at risk academically tend to have made little to no progress on the NYSESLAT, and attendance is a key factor influencing these outcomes. Data shows a clear correlation: students with high rates of chronic absenteeism are more likely to remain at-risk on the NYSESLAT because they miss foundational instruction in both language and content areas. Poor attendance also negatively impacts student culture and engagement, as students who are inconsistently present struggle to participate fully in classroom activities and language development opportunities.

To address this, our school has implemented targeted instructional and intervention adjustments for ELLs with chronic absenteeism. These include:

Daily monitoring and follow-up with parents for students who are frequently absent.
Home visits conducted by the attendance teacher when patterns of absenteeism persist.
Small-group or individualized instruction to provide foundational skills support for students who miss key lessons.
Supplemental ENL support, including oral language practice, shared reading, and interactive writing sessions, to help students catch up on missed instruction.

We anticipate that these measures will increase attendance rates, improve student engagement, and lead to measurable gains in NYSESLAT performance, as students are able to access consistent instruction and participate fully in school activities. Continuous monitoring will allow us to adjust interventions for students who continue to experience chronic absenteeism, ensuring that attendance and academic growth remain closely linked.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

When examining at-risk levels among former English Language Learners (ELLs) at PS 207, several factors can impact their academic, linguistic, and socio-emotional development. Former ELLs may experience challenges in academic achievement due to language barriers, interrupted education, or gaps in foundational knowledge. Data trends, including NYSESLAT scores from 2023–2025, indicate that some former ELLs demonstrate lower proficiency in listening, speaking, reading, and writing compared to non-ELL peers. These trends are reflected in reduced performance on standardized tests, slower progress toward grade-level benchmarks, and difficulty mastering complex academic concepts. Even after exiting ELL programs, many students continue to struggle with English proficiency, particularly in academic contexts where advanced reading, writing, and oral language skills are

required.

To support former ELLs, content-area instruction is intentionally scaffolded. Teachers provide visual aids, sentence frames, structured academic discussions, cooperative learning opportunities, and small-group interventions to reinforce language and content simultaneously. Formative assessment and data from NYSESLAT and other progress measures are used to target specific skill gaps, particularly in modalities where students show stagnant growth. Additionally, programs such as ENL Afterschool support help students strengthen oral language, listening, reading, and writing skills in a structured environment. These interventions ensure that former ELLs continue to develop proficiency, close performance gaps, and engage fully in grade-level instruction, supporting both academic success and socio-emotional confidence.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Home languages of ELLs with the largest representation is Spanish with a total of 78. PS207 has a large number of staff ranging
from one of the assistant principals across to its kitchen staff and security agent. Students and families constantly receive all forms of communication both in English and Spanish. Translation is provided when necessary.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

7 students are Non-Hispanic ELLs. 4 identify as Asian. 1 identifies as white. 78 students are Hispanic ELLs. 25 identify as American
Indian or Alaskan Native. 20 identify as Black. 6 identify as multiracial. 2 identify as Native Hawaiian or Other Pacific Islander. 25
identify as White. ELLs are included in the planning and delivery of Culturally Responsive and Sustaining Education in several ways, including culturally responsive texts. OurELA curriculum is content rich in Social Studies which includes histories,
contributions, experiences, points of view and concerns relevant to students from diverse backgrounds. In all content areas,
connections are made between background knowledge and content standards. An array of instruction strategies are utilized to
address students' district preferences. Cultural beliefs and values are considered in all aspects of the school community for
planning and delivery of instruction.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

46% students met ELP sufficient progress. 8 (16%) students met progress by exiting ELL status. 13 (26%) students met annual
progress target and 2 (4%) students met safe harbor cumulative growth. 27 (54%) students did not meet ELP sufficient progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

According to the results of the NYSESLAT 2023, an area of strength for students in grades 1-2 was in the Listening modality, particularly students in Grade 1. According to the results of the NYSESLAT 2023, an area of strength for students in grades 3-5 was in the Speaking modality, particularly students in Grade 4 An area of need for students grades 1 was in the Speaking modality. An area of need for students grades 2-5 was in the Writing modality.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

In grades 3-5 there were 2 students on the Emerging level, 3 in Transitioning and 3 on the Expanding level. These students scored
a Level 1 on ELA. There were 2 students on the Expanding level and 1 in the Commanding level that scored a Level 2 on the ELA
exam. There was one student on the Commanding Level who scored a Level 3 on the ELA exam. There was one student on the
Commanding Level who scored a Level 4 on the ELA exam. In conclusion, the greater the proficiency level the greater the likelihood students will score a level 2 or 3 on the ELA exam. In grades 3-5 there were 2 students on the Emerging level, 4 in Transitioning, 3 in Expanding, and 1 in Commanding level who scored a Level 1 on the Math. There was 1 student on the Entering level, 1 in Transitioning, 2 in Expanding, and 1 in Commanding who scored a level 2 on the Math exam. There was one student on
the commanding level who scored a level 3 on the Math exam. In conclusion, the greater the proficiency level the greater the
likelihood students will score a level 2 or 3 on the ELA exam.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There were 14 students with an IEP flag tested NYSESLAT 2023. 1 scoring Entering level, 3 Emerging, 5 Transitioning, 4 Expanding,1 Commanding. There were no students with SIFE tested in NYSESLAT 2023. Factors impacting the results may be the following:Performance Distribution: From the results provided (1 Entering, 3 Emerging, 5 Transitioning, 4 Expanding, 1 Commanding), it seems that the majority of students are clustered in the Transitioning and Expanding levels. This indicates that while some students are making significant progress (Transitioning and Expanding), others are still in the earlier stages of language acquisition (Entering and Emerging). Impact of IEPs: Students with IEPs typically have specific learning needs that require individualized support. The distribution shows a range of performance levels, suggesting that the effectiveness of the supports provided through the IEPs may vary. Factors such as the adequacy of instructional support, accommodations during testing, and alignment of teaching strategies with individual needs could influence these results.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

n/a

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

n/a

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

n/a

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

n/a

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At PS 207, English Language Learners (ELLs) engage in a high-quality academic experience that promotes deeper learning through targeted, research-based strategies.

Differentiated Instruction: Teachers tailor lessons to meet the diverse needs and language proficiency levels of ELLs, providing scaffolded support, leveled assignments, and accessible materials. For example, in ELA and Math, students work in small guided groups to master grade-level content, resulting in measurable gains in standardized assessments and classroom performance.

Language Development Across the Curriculum: Academic language instruction is integrated into all content areas—math, science, social studies, and the arts—so students develop both content knowledge and language proficiency simultaneously. Strategies like sentence frames, vocabulary routines, and interactive reading and writing help ELLs demonstrate deeper understanding through oral rehearsal, written responses, and assessments.

Collaborative and Culturally Responsive Learning: Students engage in peer discussions that foster critical thinking, problem-solving, and communication in English and their home language. Instruction includes culturally relevant texts and materials that reflect students' linguistic and cultural backgrounds, promoting engagement and a positive sense of identity. Evidence of deeper learning is seen in students' ability to apply concepts in real-world tasks, explain their thinking, and collaborate effectively.

Family and Community Engagement: Families are partners in learning, participating in workshops, and school events. This support contributes to improved attendance, homework completion, and student engagement, reinforcing classroom learning.

Professional Development: Teachers and staff receive ongoing training in language development, differentiation, and cultural competency. Implementation of these practices has been linked to improved NYSESLAT scores, classroom assessments, and student confidence in academic language use.

By combining differentiated instruction, integrated language development, collaborative and culturally responsive

practices, and family engagement, PS 207 ensures that ELLs not only acquire English proficiency but also achieve deeper understanding and mastery of academic content.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At PS 207, English Language Learners (ELLs) are supported through two high-impact programs, English as a New Language (ENL) and Dual Language (DL), designed to foster academic and behavioral success while leveraging students' home languages and cultural backgrounds. Our Instructional Leadership Team (ILT)—comprising the ENL Coordinator, Special Education Coordinator, and Data & Instructional Coach—guides planning and instructional design using frameworks such as the ILT Framework, CSRE, Hallmarks of Advanced Literacy, and bilingual progressions. These documents ensure that the needs of multilingual learners remain central to school-wide planning.

Instruction is data-driven and goal-oriented. Teachers analyze NYSESLAT, i-Ready, Acadience, and content-area assessments to identify skill gaps and guide unit design. Planning cycles are structured to provide multiple exposures to key ideas and vocabulary, coherent instructional routines, and repeated opportunities for student interaction with content and peers, ensuring ELLs can access grade-level standards while developing English proficiency. For example, literacy instruction incorporates shared reading in English and students' home language, interactive writing, and small-group guided instruction, with scaffolds such as visual supports, sentence stems, word banks, audio texts, and oral rehearsal. Math instruction integrates manipulatives, cooperative structures, and academic language rehearsal, while MTSS periods utilize evidence-based programs like Phonics for Reading, Sound Sensible and other SGI-aligned supports.

Cultural and social-emotional supports complement academic scaffolds. Teachers embed culturally relevant materials and texts, foster growth mindset skills through monthly lessons, and utilize tools such as the Mood Meter to promote emotional awareness. The School Counselor provides targeted support for Newcomers and students with additional social-emotional needs.

Professional learning cycles and ILT-led coaching sessions allow teachers to refine strategies that have the highest leverage for ELLs. Units are designed so that Advanced Literacy principles are embedded across content areas, providing measurable outcomes: students aim to progress at least one proficiency level on the NYSESLAT, with students at the expanding level working toward commanding. These goals are monitored through the Comprehensive Educational Plan, linking leadership actions, classroom practice, and student achievement.

Through this structured, data-informed, and culturally responsive approach, PS 207 ensures that ELLs not only gain English proficiency but also deepen content knowledge, develop critical thinking, and cultivate the skills necessary to thrive academically and as future leaders.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At PS 207, literacy and content instruction for Multilingual Learners (MLLs)/English Language Learners (ELLs) is designed to integrate language development across all subjects while promoting deeper learning and mastery of grade-level standards. The school implements explicit language objectives, integrated literacy instruction, project-based learning, and targeted scaffolds such as visuals, hands-on materials, and home-language supports. These strategies ensure students can access rigorous content while simultaneously building English proficiency.

Literacy Instruction: ELA blocks incorporate a structured cycle that includes shared reading/read-alouds, interactive

writing, independent reading, and guided reading, with each component embedding language supports. Teachers model reading strategies, provide multiple exposures to key vocabulary, and use sheltered instruction and CALLA strategies to strengthen comprehension. ENL teachers push into classrooms or co-teach with dually certified teachers to ensure mandated language instruction is fully integrated. Classroom libraries feature diverse literature in English and home languages, supporting engagement and literacy growth. Project- and inquiry-based learning further reinforce comprehension and critical thinking, allowing students to apply new language in authentic contexts.

Content Integration and Scaffolds: Across content areas—math, science, and social studies—teachers integrate literacy strategies such as pre-teaching vocabulary, structured discussions, sentence frames, and interactive journals. Students engage in collaborative problem-solving, cooperative group work, and peer discussions, while visuals, manipulatives, and home-language supports facilitate access to grade-level concepts. In math, lessons follow the 5 Practices of Mathematics, moving from concrete to representational to abstract, allowing students to develop conceptual understanding alongside academic language. Mini-lessons and guided practice provide opportunities for students to articulate thinking, rehearse academic language, and demonstrate mastery.

Data-Driven Planning and Assessment: Teachers use NYSESLAT, i-Ready, Acadience, and content-based assessments to monitor student progress and target instruction to specific modalities (listening, speaking, reading, writing). Instructional units align with the New Language Arts Progressions and NYSED Bilingual Common Core Progressions, ensuring language and content goals are explicit. Small-group instruction through MTSS, stand-alone ENL sessions, and afterschool programming provide additional opportunities for skill development and language acquisition.

Professional Learning and Collaboration: ENL and content-area teachers participate in ILT planning cycles, common branch meetings, and professional learning sessions to align instructional strategies and share high-leverage practices. Teachers collaborate to anticipate linguistic demands, plan scaffolds, and design interventions that support all learners in achieving both content mastery and language proficiency.

Through these integrated and scaffolded approaches, MLLs/ELLs at PS 207 develop advanced literacy skills, build academic language proficiency, and achieve measurable progress in content mastery, preparing them to engage confidently with grade-level standards and the Next Generation Learning Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of Multilingual Learners (MLs)/English Language Learners (ELLs), including those who are students with disabilities (SWDs), use targeted instructional strategies and technology to ensure access to grade-level content and accelerate English language development. High-impact strategies include pre-teaching genre-specific vocabulary at the start of every unit, which allows students to engage with complex texts and academic content, leading to increased participation and improved comprehension on assessments. Parallel teaching provides extended exposure to rigorous content while building background knowledge, enabling MLs/ELLs with IEPs to confidently access new concepts. Differentiated grouping for phonics, reading, and comprehension allows instruction to be tailored to students' proficiency levels, resulting in measurable gains in reading fluency and comprehension. Language scaffolds such as visual supports, sentence stems, cognates, word families, analogies, verbal rehearsal, word walls, anchor charts, and personal charts help students generalize vocabulary and grammar patterns, improving both expressive and receptive language. Direct grammar instruction and fluency practice ensure that students can apply language structures in academic tasks, supporting success in writing and oral presentations.

Technology also plays a critical role in supporting English acquisition and content access. One-on-one Chromebooks provide speech-to-text and on-the-spot translation, enabling students to complete writing tasks and engage with content independently. Interactive Smartboard lessons reinforce grammar, vocabulary, and content knowledge through videos, interactive exercises, and embedded language supports. Supplementary strategies, such as peer modeling, additional practice activities, and independent word study, provide reinforcement for students needing extra support, particularly those with IEP accommodations.

By combining these instructional strategies and technology tools, teachers accelerate English acquisition while ensuring that MLs/ELLs, including those with disabilities, can access rigorous academic content, participate meaningfully in classroom discussions, and demonstrate measurable growth in reading, writing, and oral language. For example, students using pre-taught vocabulary and visual supports demonstrate higher engagement and improved scores on unit assessments, while targeted small-group phonics instruction results in measurable gains in decoding and fluency as tracked through formative data.

b. SIFE

Teachers use strategies/approaches & technology to provide access to academic content areas and accelerate English language development in the following ways: Instructional strategies/approaches: Preteaching of genre specific vocabulary at beginning of every unit. Utilizing parallel teaching to provide extensive or higher level content exposure and build background knowledge so students gain a better understanding of new learning. We provide language support various forms such as: visual supports, sentence stems, cognates, direct grammar instruction, fluency work, word families and analogies to support students in learning patterns which they can apply to a larger word bank, verbal rehearsing, use of word walls and anchor charts for visual support as well as personal charts . We use differentiated grouping for phonics, reading and comprehension as well. Tech: MLs/ELLs have access to one on one chrome-books which they can use for speech to text and on the spot translation. Interactive smartboard lessons so students are able to engage with introductory videos and subsequent activities that support grammar, language and content development. These students are included in our data-driven MTSS periods for ELA and Math where a plethora of interventions are utilized such as Phonics for Reading, Recipe for Reading, Spire, Sound Sensible and Kickstart. We also use iReady, Amira, Waggle and Zearn.

c. Newcomers

Teachers use strategies/approaches & technology to provide access to academic content areas and accelerate English language development in the following ways: Instructional strategies/approaches: Preteaching of genre specific vocabulary at beginning of every unit. Utilizing parallel teaching to provide extensive or higher level content exposure and build background knowledge so students gain a better understanding of new learning. We provide language support various forms such as: visual supports, sentence stems, cognates, direct grammar instruction, fluency work, word families and analogies to support students in learning patterns which they can apply to a larger word bank, verbal rehearsing, use of word walls and anchor charts for visual support as well as personal charts . We use differentiated grouping for phonics, reading and comprehension as well. Tech: MLs/ELLs have access to one on one chrome-books which they can use for speech to text and on the spot translation. Interactive smartboard lessons so students are able to engage with introductory videos and subsequent activities that support grammar, language and content development. These students are included in our data-driven MTSS periods for ELA and Math where a plethora of interventions are utilized such as Phonics for Reading, Recipe for Reading, Spire, Sound Sensible and Kickstart. We also use iReady, Amira, Waggle and Zearn.

d. Long Term ELLs

Teachers of long-term ELLs use targeted strategies and technology to ensure access to grade-level content and accelerate English language development, with a focus on modality-specific scaffolds, differentiated grouping, and data-driven instruction. Instruction begins with pre-teaching genre-specific vocabulary and building background knowledge through parallel teaching, allowing students to engage meaningfully with higher-level content. Language supports are intentionally scaffolded and include visual supports, sentence stems, cognates, direct grammar instruction, fluency work, word families, analogies, verbal rehearsal, word walls, and anchor charts, all of which help students internalize patterns and generalize language skills across academic contexts.

Long-term ELLs participate in differentiated small-group instruction for phonics, reading, and comprehension, as well as in data-driven MTSS periods for ELA and Math, where interventions such as Phonics for Reading, Sound Sensible, Kickstart and iReady are used to target specific needs. Teachers analyze NYSESLAT and EDAT data to identify modalities—listening, speaking, reading, writing—that are stagnant or not improving, and intentionally design lessons that incorporate scaffolds aligned to those modalities.

Formative assessment cycles are embedded daily, with explicit monitoring of student progress on targeted modalities. Technology, such as one-on-one Chromebooks with speech-to-text and on-the-spot translation, and interactive Smartboard lessons, provides additional support for language, grammar, and content development. By combining modality-specific scaffolds, differentiated instruction, and continuous formative assessment, teachers ensure that long-term ELLs can access grade-level content, strengthen English proficiency, and make measurable academic gains.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Assessment data from all sources is examined. Curriculum maps also include a component with activities suggested for English Language Learners and students with disabilities as these subgroups are held to the same expectations as those without disabilities. The instructional approach may vary as per the students needs, IEP and learning modality. Students in flexible self contained classes who may be performing on grade level in a particular academic area are mainstreamed into general education classes for that subject to address that particular student's strength and foster academic growth.

95% of our ELL-SWDs are a part of our ICT program which is the least restrictive for them. Our students benefit from collaborative team teaching by two teachers and ENL teacher support. This setting allows them to have both a special education teacher and a common branch teacher. The teachers collaborate to meet the needs of the students. Each student’s IEP is carefully read and taken into consideration during the planning process. The classroom teachers also collaborate with the Speech Therapist, OT and ENL teacher so that the group can act as a team to meet the needs of the student. Interventions include focused work on skills including reading comprehension, decoding, writing, and math skills. Special-Ed teachers meet weekly to discuss student progress and collaboratively plan next steps.

On each grade level, teachers work in teams to review data and switch students within classrooms on that grade for specific subject areas based on a students needs. Student goals on their IEPs are used as benchmarks when planning and measuring progress for ELLS-SWDs throughout the school year.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In our Dual Language program, students receive 50% of their instruction in Spanish which includes subjects of HLA, Math, and Content studies. Our DL programs have a certified bilingual teacher who delivers Spanish language instruction to students. Students develop their cognitive skills in their native language during their literacy periods in order to strengthen Language 1 which will help them in their acquisition of English. There is an ENL component, as well as content area instruction using CALLA during math and content periods. Our DL program includes a Home Language Arts period to assist in the development of communication and academic skills specifically focusing on reading, writing, listening and speaking in their native language.

We use assessments provided by Estrellita, iReady, and Ready Math in Spanish to assess students progress in their home language. Next year we will also begin using HLA performance task and benchmark assessments to measure growth. All of our DL programs have classroom libraries that includes books in both English and Spanish as well as bilingual glossaries and word walls to support student use of their Home Language.

Our ENL program provides instruction in English with an emphasis on English language acquisition. Content area instruction is provided with a focus on ENL methodology utilizing CALLA and Total Physical Response/TPR. For entering and emerging students, the weekly minimum time allotment is 360 minutes, transitioning and expanding students receive a minimum of 180 minutes weekly. Home language materials such as glossaries or picture cards are available to students as needed. We use computer programs such as iReady and that are tailored to student skills and needs and provide either a Spanish language translation feature or reading and writing material in the Spanish Language. This assists students in strengthening their home language as they are being immersed daily in English. These programs have Spanish assessments that students are able to take as they complete assignments in the program. Teachers are able to monitor their use and growth in Spanish learning through these programs.

The Spanish LAB is administered as part of the identification process and provides insight into the student's strengths and needs in Spanish. HMH Spanish assessment is administered to assess home language. It is administered beginning of year, middle of year, and end of year. We also use iReady Math in Spanish, which is administered beginning of year, middle of year, and end of year

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Integrated Co-Teaching (ICT): Establish regular planning meetings between co-teachers to align curriculum, set instructional goals, and plan differentiated instruction. Encourage co-teachers to share responsibilities, with one teacher providing content instruction while the other provides language support and differentiation.

Dual Language Bilingual Education (DLBE):
Collaborate on lesson planning, curriculum development, and instructional strategies that promote language development and academic achievement in both languages.
Designate specific instructional blocks for each language, ensuring balanced exposure to English and the target language across content areas.

Sheltered Instruction Observation Protocol (SIOP): Train all teachers, including content-area teachers and ESL

specialists, in the principles and strategies of the SIOP model for sheltered instruction. Foster collaboration among teachers to implement SIOP strategies effectively, such as using comprehensible input, providing language scaffolds, and promoting interaction and communication. Establish protocols for peer observation, feedback, and reflection to support continuous improvement in implementing SIOP practices.

Pull-Out ENL/ESL Instruction:
Coordinate schedules to ensure that pull-out ENL/ESL instruction aligns with students' content-area classes. Facilitate collaboration between ENL/ESL teachers and content-area teachers to reinforce language learning objectives and support students' academic progress. Provide opportunities for ENL/ESL teachers to share instructional materials, assessment data, and strategies for language development with content-area teachers.

Collaborative Planning and Professional Learning Communities (PLCs):

Establish PLCs or grade-level teams that include both general education and ELL teachers to collaboratively plan instruction, analyze student data, and share best practices.
Schedule regular meetings for PLCs to discuss student progress, identify areas for intervention or enrichment, and coordinate support services for ELLs. Provide ongoing professional development opportunities focused on co-teaching strategies, language acquisition theory, culturally responsive instruction, and effective collaboration practices.

Resource Sharing and Collaboration Platforms:
Create digital platforms or shared drives where teachers can access and contribute resources, lesson plans, instructional materials, and professional development resources related to ELL instruction.
Facilitate online discussions, forums, or communities of practice where teachers can seek advice, share insights, and collaborate with colleagues on ELL-related topics.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our entire teaching staff including ENL and Bilingual teachers are immersed in deepening our alignment to the Next Generation Standards by continuing to build upon the performance tasks embedded in our K-5 curriculum units through integrating rigorous performance tasks in all curriculum ELA, social studies, science, and math units across disciplines in order to support students to make connections, provide multiple entry points, and improve performance results. Based on the students' results from the implementation of last year's performance tasks, we were able to use the information to refine our curriculum maps and tasks to meet students' needs with a specific focus on scaffolding instruction to support our ELL's and SWD's. Through Teacher Team meetings and classroom learning walks, teachers, together with administration, continue to analyze students' results for gap analysis, plan, discuss gaps in implementation of NGS in curriculum maps, review and align assessments, and create next steps.

The unit performance tasks integrate cross curricular subjects and build upon the interdisciplinary connections across reading, writing and theme subjects in order to afford students opportunities to build and draw upon an increased content knowledge base. The literacy cross curricular and math performance tasks are designed as cumulative unit assessments to measure and monitor students' understanding and application of skills and strategies across disciplines resulting in cognitively challenging tasks. The unit performance tasks also serve as interim progress monitoring measurements in order to move students towards achievement of learning target end year goals. We have also use the NYSESLAT writing rubrics as a standard rubric to analyze other pieces of student writing throughout the year. This change has allowed us to measure students growth and needs in writing with the same rubric that will be used to determine their ENL proficiency level. We will also be connecting strategies taught

during the writing block of literacy to types of writing for NYSESLAT. We continue to use WITsi writing strategies for sentences and paragraphs.

All of our staff have receive training in trauma informed instruction and the Responsive Classroom Approach. We incorporate these practices into our classroom structures, cafeteria procedures and even our staff meetings. All meetings whether with adults or students begin with a mood meter check-in to become aware of any social emotional needs that students or staff might have at that moment. Throughout the year, we revisit key strategies that all staff should be implementing to ensure that we are addressing the social emotional needs of all of our students, including our ELLs.

Assistant Principals, Educational Assistants, Social Workers, Special Education teachers, Psychologists, Occupational/Physical Therapists, Speech Therapists, our Secretary and our Parent Coordinator also seek support from our BBO (ELL Liaison Meeting, District-wide PD) as well as DML on addressing the academic and social emotional needs of our ELLs.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Each school must provide professional development to all teachers and administrators that specifically addresses the needs of English language learners. A minimum of fifteen percent (15%) of the 100 required professional development hours for all teachers who hold a professional license prescribed by CR Part 80 must be dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. For all bilingual and English as a new language teachers who hold a professional license, a minimum of fifty percent (50%) of the required professional development hours must be dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners.

Our school plans Professional Development on ELL specific topics for all teachers totaling 15% of our yearly PD hours. Bilingual/ENL teachers receive professional development with our ENL Coordinator on specific ELL related content and they also attend outside ProfessionalDevelopment on ELL specific topics offered by the Office of English Language Learners, FSC, BBO, DML, and other outside organizations. In an effort to continue building capacity from within, some of these topics are then turn keyed to all teachers in our building by our Bilingual/ENL staff.

The district has been engaging in work around Academic Conversations during the monthly Cross Functional Liaison meetings. This work also includes the Language Functions; Describe Order/Sequence, Elaborate/Describe, Compare and Contrast, Cause and Effect, Justify/Persuade/Refute, Infer/Predict/Hypothesize, Formulate Questions and Classify/Categorize and Tiered Vocabulary to develop an awareness around the importance of explicitly teaching academic vocabulary and determining, or analyzing, the language demands of a task across content areas

with a focus on MLL/ELL students. The ILT turn-keyed this learning through Professional Development cycles with all teachers.

Our School-Wide Instructional Focus for the 22-23 school year is to utilize multiple forms of assessments on an ongoing basis to better understand the needs and progress of each learner, to be able to highlight specific areas of celebration and plan data-based small group instruction tailored for every student across subjects. Not only did students engage in ELA and Math simulations of the state exams, they also engaged in simulations of the NYSESLAT to gather data and tailor instruction. Teachers also engaged in these simulations to determine implications for teaching and for driving instruction.

One of our year long Professional Learning series will focus specifically on building teacher knowledge and skill in teaching writing using the Next Generation Learning Standards and developing teaching points and differentiating instruction.

We were partners for three years with Nell Panero, Founder & Executive Director, of Strategic Inquiry and WIT who provided training to all of our teachers on writing strategies for ELLs. Through this work we continue to participate in inquiry cycles led by our trained WIT facilitators to boost students' language acquisition and writing. Our first year focused on increasing sentence level skills and our second year focused on increasing paragraph level skills. This year we will continue to focus on building teachers capacity to teach essay level skills while developing English language skills.

During this year, several teachers and administration took part in the district led training in Thinking Maps. This training will be utilized to refine our curriculum and instructional practices with cognitive processes and language demands at the forefront. The goal is for all teachers to be trained and use their training, or learning, into their classroom practices.

Some topics for professional learning that we will seek out for our staff are:
• Implementing collaborative models of instruction: co-planning, sharing best practices to support standards-based curriculum accessibility for ELLs;
• Progress monitoring: analyzing and interpreting data to inform instructional decisions; differentiating instruction; designing lessons that accelerate learning; and utilizing formative and summative
assessments to identify and address instructional gaps;
• Implementing language-based strategies in all four modalities and teaching language skills across a standards-based curriculum;
• Utilizing digital tools that cultivate independent learning, critical thinking, and student engagement; and
• Building positive relationships/rapport among teachers, students and parent/guardians.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

During the 2024-2025 school year, we used Acadience and iReady as screening assessments. We will continue to use these assessments in the 2025-2026.

Our Tier 2 instruction unfolds in numerous ways. We screen students using standardized test scores (for grades 3-5) and in house baseline data such as ELA and Math simulations to determine groupings. For Tier 3 Instruction we use assessments from Spire and Sound Sensible to screen students for Intervention groupings and next step strategies.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

With respect to targeted interventions our school uses the following:
K-5
-ELA/NLA-shared reading
-E-Cam Math Centers
-Zearn (Math)
-iReady (ELA/Math, Spanish-HLA)
K-2
-Fundations double-dose for phonics (English-ELA),
Estrellita small guided groups (Spanish-HLA)
2-5
-Phonics for Reading (ELA)
-SPIRE (ELA)
-Sound Sensible (ELA)
-Kickstart (Math)
-MTSS Small group (English-ELA),

-Math, social studies and science, teachers work with small groups during MTSS instructional periods on targeted concepts, skills and strategies in English and Spanish as well.

All subgroups are offered these interventions services dependent on their levels in math and English skills. For Newcomers we focus heavy on building their foundational skills. For Developing ELLs, SIFE, and ELLs with IEPs, we use a number of assessments to get to understand their gap in learning and use the specified interventions above that are suitable to their needs. These interventions are offered throughout the week for students. We will expand our work with WIT on working with our students on writing skills on the paragraph level based on Writing being an

area of improvement on the NYSESLAT. We will continue to monitor our students' progress in our programs in order to make revisions to the instructional program or curriculum maps that best support them to succeed both academically and social-emotionally. The classroom teacher and ENL provider share data (formal and informal) to inform instructional decisions for ML/ELL students.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At PS 207, we use data-driven MTSS practices to provide tiered instructional interventions for ELLs at varying levels of language proficiency and academic readiness. Evidence from multiple sources—including NYSESLAT results, Fundations, i-Ready, Acadience, interim assessments in reading, writing, mathematics, and thematic studies (Science and Social Studies), teacher recommendations, student work samples, and bilingual evaluations—guides the design and delivery of instruction.

Tier 1 instruction is universal and embedded within grade-level lessons. Teachers integrate differentiated instruction, UDL strategies, and multiple modalities (visual, auditory, kinesthetic, and tactile) to address academic and language needs while extending learning for all students. Formative assessment and classroom observations monitor student progress, informing adjustments in instruction and the use of scaffolds, such as sentence frames, word walls, and visual aids.

Tier 2 provides small-group, targeted interventions for students identified as needing additional support. For example, a Newcomer or SIFE (Student with Interrupted Formal Education) who demonstrates low literacy scores on NYSESLAT and i-Ready may receive daily small-group instruction focusing on foundational reading skills, vocabulary development, and oral language practice. Progress is monitored regularly, and instruction is adjusted based on formative data to address specific skill gaps.

Tier 3 delivers individualized support for students with significant academic or language needs. These students work closely with the Tier 3 team on specific areas of concern, using intensive, data-informed interventions to accelerate growth. Adjustments to Tier 3 instruction are made at designated checkpoints throughout the year, based on assessment outcomes and ongoing observations.

Additional supports include the Title III after-school program, which provides ELLs with focused English language development in listening, speaking, reading, and writing. This program complements classroom instruction and has a direct impact on students' performance on formative and summative assessments.

Through this data-driven MTSS framework, PS 207 ensures that every ELL—whether a Newcomer, Developing, or Long-Term—receives instruction targeted to their specific needs, allowing for measurable progress in both language acquisition and academic content mastery.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At PS 207, early literacy skills are assessed using multiple tools that target specific skill areas and inform instruction. Fundations and the phonics placement assessment measure foundational decoding and phonics skills, while Acadience and iReady assess broader literacy skills including reading fluency and comprehension. Into Reading weekly assessments and end-of-module assessments monitor progress in comprehension, vocabulary, and application of reading strategies. In bilingual classrooms, Estrellita and the HLA assess Spanish literacy and academic language development. These assessments are administered through software platforms such as iReady and Acadience, and students are actively monitored during assessment sessions to ensure accurate data collection.

The Spanish Language Arts (SLA) Assessment provides teachers with detailed information about students' strengths and needs in Spanish literacy and academic language. Administered at the beginning and end of the school year, it allows teachers to track growth, identify gaps, and facilitate transfer of literacy skills between home language and English. Data from SLA assessments also helps align instruction across English and Spanish literacy programs, strengthening the instructional core for bilingual students. Principals and program leaders use these results to identify school- or grade-wide instructional priorities and guide professional development and planning.

Formative assessment data is used collaboratively by grade-level teams during weekly data inquiry cycles. Teams analyze performance trends within the ELL subgroup, identifying areas of strength and targeted gaps. This analysis informs the creation of action plans with specific instructional practices, differentiated supports, and scaffolded activities tailored to students' language proficiency and learning styles. The results also guide small-group formation in ELA and Math, ensuring that students receive targeted interventions aligned with their individual skill needs. By systematically using assessment data to plan instruction and monitor outcomes, PS 207 ensures that ELLs' academic and language development is continuously supported and accelerated.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

ELL students are assessed on their native language skills utilizing beginning of the year, middle of the year, end of the year in house assessments for our Bilingual classes. The HLA assessment will also be used to assess students at the beginning and end of the year. In our bilingual classes, we are also implementing the Estrellita Home Language Arts Reading Program which serves as an initial screener and has evaluative components. Progress monitoring is also done throughout the year.

At the beginning of the year, our administration designs a curriculum and assessment calendar that outlines dates for city, state, and school assessments. Our ENL Coordinator and coaches work together to schedule, distribute, assess, analyze, and submit assessments given to our students. Throughout the year, we monitor the data and adjust instruction according to our assessment results. We utilize data from previous state administration data such as 2021-22 NYSESLAT and ELA to plan areas to target for student growth. Throughout the year we meet with parents to make sure parents understand the purpose of the assessments and the importance of the data that come from the assessment. We speak to them about the difference between supporting their child in completing the assessment vs. helping them answer the questions. We also review how to utilize the testing platforms with students and families to minimize any challenges during testing.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Although the ultimate measure of success are the scores from the NYSESLAT, scores in each strand are examined and trends are identified that impact instructional decisions for the following school year. We will continue using the HLA Assessment and ELL writing and speaking rubrics in 2023-24. We currently measure student growth on an on-going basis by administering BOY, MOY and EOY assessments in the content areas as well as interim unit assessments. Utilizing these tools, we are able to get a picture of the whole child and can then determine what supports are working or not working. If the supports aren't sufficient, we then determine what changes should occur in our instructional program in order to increase achievement within our ELL population. According to our most recent NYSESLAT data, students are making progress in the speaking and listening (inGrade 1), but need more support in Writing. Our in-house periodic assessments also reflect a need to increase growth in writing. We have worked with Strategic Inquiry to embed specific writing strategies in our curriculum to address writing skills, vocabulary, and language development of ELLs and will continue to in 2023-24.

After teachers submit data at various points throughout the year, our administration team, including our ENL Coordinator and coaches, analyze the data for trends and patterns. Grade level teams convene weekly to also look through the data and student work in order to think about what the data reveals and next steps to address gaps and misconceptions in student learning. Our team redistributes interventions that are in place such as AIS groups, small group intervention, and after-school to support student growth. We utilize multiple, qualified staff members to deliver small groups instruction as outlined by our MTSS plan.

Teacher teams meet weekly during common planning time to discuss data and analyze student work. During this time, teachers develop next steps and strategies that can be used to address areas of concerns for our students. In addition, our ELL Team meets to discuss compliance related items, data findings, and develop strategies that can be utilized to support ELLs in our various programs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The administration of the NYSESLAT begins with our ENL Coordinator printing the RLER report from ATS to determine NYSESLAT eligible students. The ENL team develops a plan for administration of speaking and the parts for the other modalities. We also identify any NYSESLAT eligible students who have long-term absences and call their parents to ensure students are present during scheduled exam times.

All ENL and bilingual teachers along with our coaches and Special Ed Coordinator are trained in the administration of the Speaking exam. This allows for multiple people to be able to administer the exam without interrupting services for students. The ENL coordinator is given a specific number of students to test during her scheduled ENL administration period. Coaches and coordinators test a specific number of students as well. Since they do not provide ENL services to students, it doesn't cause disruption of services.

During the whole class administration of the booklets for listening, reading, and writing, classroom teachers are scheduled to administer the assessment whole class during a content area block. This prevents disruption of Stand Alone ENL services that occur in the morning and prevents disruption of Integrated services that occur during ELA.

Scoring of the assessments is done by the ENL Coordinator, Coaches, and Special Ed Coordinators during the school day during their administrative scheduled times. Teachers are paid per session to score assessments after school, if needed.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

By implementing these strategies, our school aims to ensure that current and former ELLs receive the necessary accommodations and support to participate meaningfully in state assessments and demonstrate their academic abilities accurately and fairly. We provide accommodations tailored to support ELLs' language proficiency levels, such as extended time, bilingual dictionaries, translated instructions, read-aloud options, or interpretation services. Train test administrators, proctors, and support staff on the proper implementation of accommodations for ELLs, including how to administer accommodations effectively and ensure fairness and equity in assessment administration.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

During the parent orientation for parents of ELLs, families are invited to watch a video which describes the 3 programs that are offered in the New York City Public Schools. After the video, the ENL teacher answers questions about the program in our school and informs parents of their right to request a transfer when the preferred program is not available. Our goal is for families to make an informed choice on the survey.

The parent orientation also provides a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners, as well as the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE) and English as a New Language (ENL) regardless of whether the school currently has either type of bilingual program.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In addition to the generally required meetings, our school meets individually with parents/guardians of ELLs at once in the Winter and once in the Spring to discuss the following: -student's language development process -English Language proficiency assessment results -language development needs in all content areas. Our school will utilize the afternoon Parent Engagement time at 2:20 pm after school to ensure that these individual parent meetings for all ELLs occur. During the upcoming school year, our ENL Team will also be providing once a month parent workshops that discuss language development needs and provide activities that can be used by parents at home to help students. All meetings will be held in person. Annual meetings are required as per policy; they are separate and apart from PTC, Title I meetings, etc. All families of ML/ELL students are entitled to one meeting per year (see the Policy & Reference Guide page 68). The most updated NYSESLAT data is used during the annual meeting. Translation and interpretation are made available when needed. Records for individual meetings with ELL parents are documented via sign in sheet as stated in previous sections of this report. Parent's signature, date of meeting as well as reason for meeting will be included. We will use google sheets so that everyone is able to access the digital document. In addition, the language of preference for each individual parent will be notated as well on the same sign in sheet. Phone calls will be logged as well in addition to any correspondence sent out via US Mail. Parents will be accommodated as needed to ensure there is sufficient communication with them regarding their child's Academic, Linguistic and Social/Emotional progress. There will also be scheduling flexibility so that parents are able to attend meetings as necessary.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

PS207 employs several strategies to ensure that families receive all school communications and documents in the language they best understand, and they can respond or initiate communications in languages other than English.

We translate important school communications, such as newsletters, announcements, event invitations, and school policies, into multiple languages commonly spoken by families in our school community. We also utilize professional translation services or collaborate with bilingual staff and community volunteers to ensure accurate and culturally appropriate translations.

We offer multiple channels for accessing translated materials, including printed copies, electronic formats (e.g., email, website), and mobile applications.

In addition, designate language liaisons or bilingual support staff who can assist families in accessing translated materials, understanding school communications, and navigating the educational system.

The office staff, parent coordinator, and other school personnel are trained to identify language needs and provide appropriate assistance to families who require language support.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 207, we actively determine the needs of our school community through family engagement events, surveys, and ongoing communication. Our Sunshine Committee, which includes the principal, teachers, and the parent coordinator, plans monthly family events designed to gather input, build relationships, and celebrate our diverse community. Events such as the Welcome Back celebration, Multicultural Celebration, Book-a-ween, Trunk or Treat, Winter Wonderland production, and MLK “Power of Our Words” projects provide opportunities for families to share their perspectives, cultural traditions, and priorities for student learning and school activities.

Additional activities such as Back-to-School Night, Sweetheart Day, Career Day, College Day, Paint and Sip, Field Day, talent shows, and Coffee and Conversation with the Principal allow families to interact with staff and provide informal feedback about the school’s programs and their children’s experiences. All events are advertised through the PS 207 website, ClassDojo, and flyers in the main office and entrances, ensuring families have multiple opportunities to participate.

Through these interactive events and ongoing engagement, PS 207 gathers rich qualitative data about family needs, cultural values, and priorities. This information informs planning, programming, and instructional decisions, helping the school ensure that its policies, curricula, and supports are responsive to the community’s academic, social, and emotional needs.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure that families of Multilingual Learners (MLs) and English Language Learners (ELLs) are aware of family leadership opportunities such as Parent Association (PA) and School Leadership Team (SLT), our school employs several strategies. We host informational sessions and workshops specifically targeted at families of MLs/ELLs to educate them about various family leadership opportunities available within the school.
We also provide information on the roles, responsibilities, and benefits of participating in parent associations and school leadership teams.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Studio in a School - Our Studio in A School partnership brings visual arts education to our Kindergarten-5th grade students taught by professional artists to our school by integrating the visual arts into teaching and learning, and providing professional development for artists and teachers. Ruler-Our RULER partnership through Yale University builds our SEL Implementation Team's capacity to support our school community in: Understanding the value of emotions, Building the skills of emotional intelligence, Creating and maintaining a positive school culture.
Responsive Classroom - Our Responsive Classroom partnership builds teacher capacity to maintain safe, joyful, and engaging classrooms. This partnership supported the development of the Morning Meeting component of our day, and our Power of Our Words and Yardsticks book studies. Kagan - Our Responsive Classroom partnership builds teacher capacity to maintain safe, joyful, and engaging classrooms. This partnership supported the development of the Morning Meeting component of our day, and our Power of Our Words and Yardsticks book studies. VTS - Our Responsive Classroom partnership builds teacher capacity to maintain safe, joyful, and engaging classrooms. This partnership supported the development of the Morning Meeting component of our day, and our Power of Our Words and Yardsticks book studies. Digital Age Learning - Our Digital Age Learning (DAL) partnership builds teacher capacity in the use of technology to enhance teaching and learning. Brain Power - Our Brain Power Wellness partnership teachers mindfulness practices and social emotional wellness strategies to all members of the school community to support creating a positive, sustainable, healthy, happy, and focused school environment. Kingsbridge Heights Community Center - Community-based organizations (CBOs) offer our students many opportunities to develop, learn, and grow. These programs include learning opportunities focusing on: academics, social and emotional development,
recreational opportunities, vocational skills, and civics. Service Learning Project - As part of our Pillar 3 work, we have partnered with SLP. The Service Learning Project (SLP), believes children have powerful solutions to the complex problems facing our country. SLP's mission is to help schools and community organizations create opportunities for youth to become active citizens in their schools and communities. Through our school day and after-school programs, young people become agents of change, learning through the process that civic engagement is essential to an effective and equitable democracy.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Lucy Cordero, ENL Coordinator
Angelica Lopez, Science Teacher
Brittany Perrone, Special Education Coordinator
Janet Parry, Intervention Teacher/Dean

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

In the beginning of September and as students are newly enrolled, parents are provided with an orientation by our ENL Coordinator that focuses on ELL programs in NYC as well as in our school, they see a video that gives information about the program, and they are also given information about ways to assist theirELL student in becoming familiar with school expectations and systems. Newly enrolled ELLs are placed in the parents program choice and given a partner to assist them with adjusting to classroom expectations. Our identification team is made up of various members who follow the ELL Identification Process. Our members are outlined below: -Principal - Assistant Principal - School Secretary -Parent Coordinator (Assist with Translation) -ENL Coordinator (Trained Pedagogue) -Bilingual Coordinator (Trained Pedagogue) - Special Ed Coordinator (Trained Pedagogue) -Bilingual and ENL Teachers (Trained Pedagogues) Step 1: Our school secretary determines if our enrolling student was in a NYS public school within the past two years. Once determination is made, the ENL coordinator determines if students go through the entire ELL identification process or the if the secretary needs to reach out to obtain NYSITELL / NYSESLAT scores directly from the sending NYS public school in order to allow the student to continue in the ELL status. The secretary places all related documents in the student's cumulative folder after the data is updated on the respective ATS functions. The secretary enters the correct N orY in the ATS system. Step 2: When students enroll in the school who need to go through the identification process, the Home Language Identification Survey (HLIS) is administered as part of general intake procedures. A trained pedagogue, usually one of ourENL

teachers or bilingual teachers, is contacted to administer the survey to the parent. We have a written schedule showing when trained pedagogues have a prep or the ENL teacher has an administrative period throughout the day that the secretary utilizes when contacting a staff member. We will adhere to guidance from OML timelines are altered for the ELL identification during the school year. An interview is conducted by our trained pedagogue with both the parent and student in English and the home language. The trained pedagogue determines the HL code and completes Part I of the HLIS. Step 3: For students whose home language is not English, ourENL coordinator, bilingual teachers, orENL teachers will administer a more in-depth interview with the student, review his/her school work (if available), and review the Individualized Education Program (if applicable), in order to determine NYSITELL eligibility. If the student is ineligible to take the NYSITELL, the ELL Identification
Process terminates at this step; If the student is eligible to take the NYSITELL, the ENL Coordinator administers the NYSITELL within 10 school days after enrollment. During this step, if students are entering school with IEPs, the trained pedagogue consults the Language Proficiency Team (LPT). The LPT determines if students should take the NYSITELL. Our LPT is comprised of: -Our Principal -Our Assistant principal -Our Bilingual and ENL Coordinators -Our Special Ed Coordinator -The student's parent If the LPT determines that the student may have English language acquisition needs, the student takes the NYSITELL. If the LPT determines that the student does not have English language acquisition needs and should not take the NYSITELL, the ENL Coordinator sends the recommendation to the principal for review and then to the superintendent. Step 4: Within five school days of ELL determination, the ENL Coordinator sends entitlement letters to inform parents of the results of the NYSITELL and ELL status using the NYC DOE standard parent notification letters. Step 5: All new entrants whose HLIS responses indicate a home language of Spanish and who are newly identified as ELLs based on NYSITELL results are administered the Spanish LAB during the 10-day testing window by our Bilingual Coordinator. Step 6: If there are indications within the ELL Identification Process that a student has had an interruption or inconsistency in their formal schooling, ourENL Coordinator proceed with the SIFE Identification Process for beginner/entering or low intermediate/emerging level of proficiency as indicated by the NYSITELL results, she administers the below protocols to make a SIFE determination. 1. NYSED Oral Interview Questionnaire 2. NYSED Multilingual Literacy SIFE Screener (MLS) 3. Writing Screener Step 7: After NYSITELL is administered, the ENL Coordinator notifies parents of their child’s eligibility forELL services and provide information and program selection through parent orientations (in the parents’ preferred languages). After parents are informed of all three program models at the parent orientation, the ENL Coordinator provides parents with a Parent Survey & Program Agreement Form (in the parents’ preferred language), where parents can indicate their program choice. The ENL Coordinator then sends the parent the Placement Letter (After Receiving Parent Survey) in their preferred language to confirm their child’s placement into an ELL program. If the parent does not return the Parent Survey & Program Agreement Form within five school days, the student remains in the bilingual program. In this case, the parent is sent the Default Program Placement Letter in the parent’s preferred language. Step 8: Once the student’s program has been determined based on the steps outlined above, the ENL Coordinator sends parents a placement letter (in the parents’ preferred language) indicating the program in which their child has been placed. The Re-Identification of ELL Status process is implemented as necessary during the year. Potential ELL students are programmed in STARS pending the completion of the ELL identification process. Once ELL status is confirmed, STARS is updated as per the proficiency level achieved on the NYSITELL. Original ELL documents are maintained in the student's
cumulative folder.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Laura	Polanco	Parent Coordinator - Annual	02/03/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

n/a

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
AMHARIC (AKA ETHIOPIAN)	1	0.22%	1	0.22%	0	
ALBANIAN	3	0.67%	1	0.67%	0	
ARABIC	11	2.44%	13	2.88%	0	
CROATIAN	1	0.22%	1	0.22%	0	
ENGLISH	218	48.34%	214	47.45%	70	
SLOVAK	1	0.22%	1	0.22%	0	
SPANISH	214	47.45%	216	47.89%	20	

URDU	2	0.44%	2	0.44%	0	

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
All Registration Forms	We access all translated registration forms from All registration forms throughout the school year the DOE website which has forms available in all of languages needed in our school.
Supplement to Stars Report Card and Progress Reports	We translate all documents that need to be distributed to families in English and Spanish. These include calendars, handbook, newsletters, website, all family notices, robo-calls, after-school registration and notification, report cards, testing dates, overview of curriculum, and letters home from the teachers, staff and principal. The material is only translated to Spanish since our families from the other linguistic groups speak English as well as read and write English. All families will be informed upon registration that translation services will be available foraccess forall families. For low incident languages not covered through DOE language listed on our RCPL, we will work with the DOE translation service department to ensure access for these families. Additionally, our parent coordinator will work with community and family members to ensure language translation is available for school meetings, and to translate documents to support information and communication with families of low incident members.
Parent Newsletters	We translate all documents that need to be distributed to families in English and Spanish. These include calendars, handbook, newsletters, website, all family notices, robo-calls, after-school registration and notification, report cards, testing dates, overview of curriculum, and letters home from the teachers, staff and principal. The material is only translated to Spanish since our families from the other linguistic groups speak English as well as read and write English. All families will be informed upon registration that translation services will be available foraccess forall families. For low incident languages not covered through DOE language listed on our RCPL, we will work with the DOE translation service department to ensure access for these families. Additionally, our parent coordinator will work with community and family members to ensure language translation is available

	for school meetings, and to translate documents to support information and communication with families of low incident members.
Parent Flyers and Notifications	We translate all documents that need to be distributed to families in English and Spanish. These include calendars, handbook, newsletters, website, all family notices, robo-calls, after-school registration and notification, report cards, testing dates, overview of curriculum, and letters home from the teachers, staff and principal. The material is only translated to Spanish since our families from the other linguistic groups speak English as well as read and write English. All families will be informed upon registration that translation services will be available foraccess forall families. For low incident languages not covered through DOE language listed on our RCPL, we will work with the DOE translation service department to ensure access for these families. Additionally, our parent coordinator will work with community and family members to ensure language translation is available for school meetings, and to translate documents to support information and communication with families of low incident members.
n/a	n/a
n/a	n/a
n/a	n/a
n/a	n/a

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Curriculum Night	We will work with the community and the DOE office of translation services to provide translation for low incident languages spoken by our families. We will utilize bilingual staff in our building who are willing to translate to communicate with Spanish and Arabic families. Staff can also utilize the over-the-phone translation service provided through the DOE.
Parent Teacher Conferences	We will work with the community and the DOE office of translation services to provide translation for low incident languages spoken by our families. We will utilize bilingual staff in our building who are willing to translate to communicate with Spanish and Arabic families. Staff can also utilize the over-the-phone translation service provided through the DOE.
Meetings with Principal	We will work with the community and the DOE office of translation services to provide translation for low incident languages spoken by our families. We will utilize bilingual staff in our building who are willing to translate to communicate with Spanish and Arabic families. Staff can also utilize the over-the-phone translation service provided through the DOE.

PA Meetings	We will work with the community and the DOE office of translation services to provide translation for low incident languages spoken by our families. We will utilize bilingual staff in our building who are willing to translate to communicate with Spanish and Arabic families. Staff can also utilize the over-the-phone translation service provided through the DOE.

n/a	n/a
n/a	n/a
n/a	n/a

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school emergency, a translated message will be disseminated to all parents via our school messenger. Translated fliers will be created by our school secretary or parent coordinator to be hung outside to provide parents with needed information. A message will also be posted on Class Dojo. 100% of our families are connected to Class Dojo. Class Dojo is an online communication system that has a translation feature that parents can use to translate any message into their preferred language. If necessary, all teachers and additional staff carry emergency contact information for every student during emergencies. Once staff and students are in a safe place and settled, staff will also make phone calls to parents to alert them of emergencies. Bilingual staff will assist with phone translation in the event of an emergency. We will utilize the DOE office of translation services to translate to parents in low incidence languages while making phone calls.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All of our staff are trained yearly on all Chancellor Regulations and Policies. On the first day that staff report to work, our administrative team will review goals, resources, and answer questions about Chancellor's Regulation A-663. Our staff receives a handbook in the beginning of the school year, that outlines policies, procedures, and answers questions they may have about services available in our school. Chancellor's Regulations are a part of that packet and our Language Translation and Interpretation Plan is also given to them.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Based on the above, the staff at PS 207 will provide written and oral translation services as needed. Our front entrance and main office have "I speak another language" cards posted to assist parents with communicating with us about their home language so we can provide translation that is needed. If a need arises and we do not have the personnel with the language of need, we will contact the Borough Field Office parent center for their assistance or DOE translation unit. We will also use the letters translated for general notices from the NYCDOE website. In the advertisement of any parent engagement events, parents will be made aware that translation is available if needed. Our parent handbook provides parents with language interpretation services and a copy of the Parent's Guide to Language Access. School notices and letters to parents are sent home in more than one language. School calendars go home on a monthly basis in more than one language in addition to the Principal's newsletter. Oral interviews, on site registration, ENL and bilingual staff, at point of entry and on-going, will be provided to translate at a given point in time when the need is indicated, as well as office staff. Videos for NYCDOE information and the packet received from the NYCDOE will be utilized. The services will be provided by the school secretaries, school aides, paraprofessionals, bilingual and/orENL teachers, as well as any other bilingual staff member. The school phone messenger also helps support parents who speak other languages, in their native language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Feedback from parents is ongoing and our school provides opportunities for parents to communicate their thoughts on the quality
and availability of services. Our primary source of information is the yearly citywide Parent Survey. Parents also communicate via the School Leadership Team as our Parents Association members sit in on all meetings and provide feedback on their constituency. For the 2025-26 school year we will distribute the Parent Survey on Language Access in the Fall and Spring to receive feedback through this method.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Over the last couple of years our school has continued to strengthen language services for our parents based on feedback. Two years ago we made an investment in purchasing language translation devices to use at parent events. We have began to preschedule translators for major PTA meetings/events and school wide events in order to make sure we are able to secure a translator. This past year based on feedback about the need for more translated daily messages to parents, we researched and
found an online platform, Class Dojo, that allows parents to translate any messages posted or sent to them from staff within moments. Next school year we plan to continue to survey parents about language needs. We will improve on having major documents translated in Arabic to reach our Arabic community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

63

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The PS 207 ENL After-School Program supports English Language Learners through engaging, meaningful experiences designed to strengthen background knowledge and build English proficiency. Students participate in hands-on projects, peer collaboration, rich academic language activities, and opportunities to explore personal interests. Examples are:

Interactive Read-Alouds & Vocabulary Talks – Teachers model fluent reading and highlight Tier 1, 2, and 3 vocabulary. Students discuss key ideas using sentence frames, helping them develop comprehension and oral language aligned to literacy standards.

Structured Partner and Group Tasks – Activities such as turn-and-talks, role-playing, and think-pair-share allow students to rehearse language before writing or presenting. These tasks support speaking and listening standards while building confidence with academic language.

Hands-On Projects & Experiments – Students create posters, build models, conduct simple science investigations, or complete art-integrated tasks. These activities build background knowledge and support content-area standards (science, social studies, and math) while providing natural opportunities for vocabulary use in context.

Writing Workshops – Students write short paragraphs, summaries, and reflections using graphic organizers and scaffolded sentence starters. This supports NYS Next Generation Learning Standards and aligns with the NYSESLAT rubric for writing by helping students organize ideas and use complete, meaningful sentences.

Language Games & Word Study – Word sorts, matching games, categorization tasks, and phonics/phonological awareness activities help reinforce foundational literacy skills essential for early decoding, fluency, and vocabulary growth.

The program serves newcomers, developing ELLs, and ELLs with IEPs in Grades 1–5. Sessions will run Wednesdays and Thursdays from 2:25–4:55 p.m. for 12 weeks.

The groups will be as follows: Group 1 (Newcomers, Entering, Emerging, w/IEP Accommodations Grades 1-2 12 students), Group 2 (Transitioning, Expanding, w/IEP Accommodations Grades 1-2 14 students), Group 3 (Newcomers, Entering, Emerging, w/IEP Accommodations Grades 3-5 15 students), Group 4 (Transitioning, Expanding, w/IEP Accommodations Grades 3-5 22 students).

The PS 207 ENL After-School Program uses station teaching, small-group instruction, and cooperative learning to support language growth. Students rotate through engaging activities, receive targeted support in small groups, and practice speaking and listening with partners. These structures give ELLs more chances to use academic language, build confidence, and understand grade-level content.

Instruction is provided by four certified TESOL and Bilingual Education teachers, ensuring that students receive high-quality, targeted language support in a nurturing and engaging environment.

The program will be supervised by the Assistant Principal at no cost to Title III funding.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The PS 207 ENL After-School Program actively engages English Language Learners in meaningful experiences that strengthen background knowledge and develop English proficiency. Students participate in hands-on learning, peer collaboration, rich language practice, and activities that allow them to explore their personal interests.

Data from NYSESLAT and schoolwide assessments show that many PS 207 ELLs are performing below grade level in reading, vocabulary, and language use. Data from teacher observations, student work, and family input reveal that students need more time to practice speaking, listening, and using academic English. Together, these data sources confirm the need for additional language support after school. The program is justified through NYSESLAT reports, i-Ready results, curriculum assessments, SIFE data, teacher notes, and student work samples.

47.4% of our ELL students did not meet progress on the 2025 NYSESLAT. Therefore, we are targeting these students in our afterschool program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The program will serve newcomers, developing English Language Learners, and ELLs with Individualized Education Programs (IEPs) in Grades 1–5. The total number of ELLs that are invited to participate in the program is 63.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The PS207 ENL After School program will take place on Wednesdays and Thursdays from 2:25pm until 4:55pm for 11 weeks (27 sessions). The program will begin on January 14, 2026 until May 7, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction for the PS 207 ENL After-School Program is English, supported by scaffolds that promote comprehension, access, and engagement. Instruction is delivered in English, while key vocabulary, academic terms, and directions are reinforced through home-language word banks, bilingual glossaries, and multilingual visual supports. Teachers strategically incorporate students' home languages to clarify meaning, build background knowledge, and support emotional and social needs. Students may discuss ideas, plan responses, or annotate texts using their home language before producing work in English. Multilingual technology tools and dual-language texts further support understanding and vocabulary development. When appropriate, students are paired with peers who share a home language to preview content, compare vocabulary, and ensure comprehension. These practices ensure that English remains the primary language of instruction while home-language supports provide equitable access to academic content and accelerate English language development.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Four teachers will provide instruction in the PS207 ENL After School program. These teachers are certified in TESOL and Bilingual Education.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials needed are books and online resources for research, art materials, notebooks, and pencils at no cost to Title III funding.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The school maintains evidence of parent engagement/notification regarding Title III programs. by keeping copies of dated, translated letters sent to parents specifically for the Title III ELL program. The school also maintains Title III ELL Supplemental Program Student Rosters, Proficiency Levels, and Attendance Sheets which includes the name/s of the Title III teacher/s serving the students who hold either an ESOL or bilingual certification. The payroll secretary processes and files Per Session Time Sheets for each teacher serving the Title III ELL program for each pay period throughout the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The focus of our Professional Development will be to provide high quality training to the teachers of our immigrant students on effective, standards-aligned instructional practices that address the academic and linguistic needs specific to this group of students. Our school's instructional focus this year, is to analyze multiple forms of assessments to better determine student progress and areas of need, then we will be able to plan tiered data-based tailored instruction for every student across subject areas including NYSESLAT and embedding the work of inquiry teams who analyze student work to see how the students have performed, make adjustments, and select and design instruction to improve the length and complexity of students peaking and writing skills so that our students will develop the ability to expand, enrich and connect ideas when speaking and writing, while simultaneously building content knowledge, academic vocabulary, oral language, reading comprehension and overall performance on assessments to enhance the writing and speaking skills of our students.

During the 2024-25 school year, teachers met weekly for Professional Learning Sessions where they participated in Inquiry teams focused on ensuring that our curriculum is differentiated based on data of student needs and culturally relevant to our students. During the work in Inquiry teams, teachers looked at student work, created tasks to promote coherent learning, and design action plans and academic intervention groupings that were geared to differentiated instruction for ELL's. In these sessions teachers were given support and a variety of strategies and themes that supported and enhanced all modalities; listening, speaking, reading and writing by our ENL coordinator.

Our ELL Coordinator and school ENL teachers, Bilingual Teachers, School Pupil Secretary and Paraprofessionals are also registered to receive professional developments sponsored by the Division of Multilingual Learners (DML) and District 10 instructional team.

In the past year we have worked to focus on building teacher capacity in using Thinking Maps. This year we will focus on building teacher capacity in using and incorporating Thinking Maps in our PS 207 Writing Approach and Flow to take our students through a writing unit driven by the unit's essential question.

The certified consultants will come on planned dates, full day, to work with teachers on writing strategies targeted to students writing needs. The consultants teach strategies and also conduct nested inquiry with lead teachers around

facilitation of inquiry team meetings.

There will be training sessions provided for all classroom teachers as outlined below at no cost to title III.

Topic: Thinking Maps: Rollout
Provider: Thinking Maps Trainer
of Teachers: 30
Date: TBD
Length of Session: 5 hours

Topic: Thinking Maps: Unpacking HMH & TM Alignment
Provider: Thinking Maps Trainer

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The focus of our Professional Development will be to provide high quality training to the teachers of our immigrant students on effective, standards-aligned instructional practices that address the academic and linguistic needs specific to this group of students. Our school's instructional focus this year, is to analyze multiple forms of assessments to better determine student progress and areas of need, then we will be able to plan tiered data-based tailored instruction for every student across subject areas including NYSESLAT and embedding the work of inquiry teams who analyze student work to see how the students have performed, make adjustments, and select and design

instruction to improve the length and complexity of students peaking and writing skills so that our students will develop the ability to expand, enrich and connect ideas when speaking and writing, while simultaneously building content knowledge, academic vocabulary, oral language, reading comprehension and overall performance on assessments to enhance the writing and speaking skills of our students.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The total number of teachers to receive professional development is 30; the length of each session will be approximately 5 hours.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The training sessions provided for all classroom teachers as outlined in the topics to be covered at no cost to Title III funding.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topic: Thinking Maps: Rollout
Provider: Thinking Maps Trainer
of Teachers: 30
Date: TBD
Length of Session: 5 hours

Topic: Thinking Maps: Unpacking HMH & TM Alignment
Provider: Thinking Maps Trainer
of Teachers: 30
Date: TBD
Length of Session: 5 hours

Topic: Thinking Maps: Writing Flow & Units

Provider: Thinking Maps Trainer
of Teachers: 30

Date: TBD
Length of Session: 5 hours

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Presentations Provider: Thinking Maps

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Although professional development will be at no cost to Title III funding, our team will maintain records of each topic that will take place in the form of attendance sheets and presentations.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parental engagement activities will continue to increase our parents' involvement within the district and our school, to inform our parents of the curriculum and the academic expectations of the Next Generation Learning Standards, and support them in helping their children progress academically to achieve the English language proficiency as needed. Below are some of the activities we have planned that we believe will foster parental involvement for parents of ELLs:

- Parent Coordinator led workshops for parents - every month the parent coordinator has a workshop for parents including the parents of ELLs. The topics range from how to read together with their children, help their children with homework, work with the teacher of your children, the ABCs of discipline at home ,and how to use technology to access child's data. Other topics will be generated as per parent requests or needs.
-Guidance Counselor led workshops- monthly the guidance counselor will host workshops geared towards helping parents address social emotional issues students might have and workshops around managing students behavior.

In addition, teachers of ELLs will have quarterly workshops to help parents understand ways to address language learning needs of their children at home. Teachers will also invite the ELLs and their parents on a variety of cultural field trips that will engage the students and parents in learning together. Trips will include museum visits, theater, parks, as well as exploring various historical areas of New York City (e.g., trips to NYC Aquarium, Museum of Natural History, Bronx Botanical Gardens, etc.). We will also continue to invest in Rosetta Stone for our bilingual parents. Parent activities will be at no cost to Title III LEP funding.

Parents will be notified about all activities via our school Family newsletter and parent calendar. Flyers will also be distributed to students and posted on Class Dojo, an online communication platform where 100% of our families and staff are connected to send and receive messages in their preferred languages.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parental engagement activities will continue to increase our parents' involvement within the district and our school, to inform our parents of the curriculum and the academic expectations of the Next Generation Learning Standards, and support them in helping their children progress academically to achieve the English language proficiency as needed.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent activities will occur 1-2 times per month for an hour each time. Agendas and sign in sheets will be maintained on file.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Activities we have planned that we believe will foster parental involvement for parents of ELLs: - Parent Coordinator led workshops for parents - every month the parent coordinator has a workshop for parents including the parents of ELLs. The topics range from how to read together with their children, help their children with homework, work with the teacher of your children, the ABCs of discipline at home ,and how to use technology to access child's data. Other topics will be generated as per parent requests or needs. -Guidance Counselor led workshops- monthly the guidance counselor will host workshops geared towards helping parents address social emotional issues students might have and workshops around managing students behavior. In addition, teachers of ELLs will have quarterly workshops to help parents understand ways to address language learning needs of their children at home. Teachers will also invite the ELLs and their parents on a variety of cultural field trips that will engage the students and parents in learning together. Trips will include museum visits, theater, parks, as well as exploring various historical areas of New York City (e.g., trips to NYC Aquarium, Museum of Natural History, Bronx Botanical Gardens, etc.). Parent activities will be at no cost to Title III funding. Agendas and sign in sheets will be maintained on file.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parents activities will be led by the Parent Coordinator, Guidance Counselor, and classroom teachers on a monthly basis.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Flyers will be distributed to students and posted on Class Dojo, an online communication platform where 100% of our families and staff are connected to send and receive messages in their preferred languages. Outreach to families will be done in their preferred language where possible.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Although family engagement will be at no cost to Title III funding, our school will maintain records of each activity that will take place in the form of attendance sheets, invitations, translations, evidence of interpretation, PowerPoints presentations.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

n/a

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	n/a	n/a
Purchased services -High quality staff and curriculum development contracts.	n/a	n/a
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	n/a	n/a

Travel	n/a	n/a
Other	n/a	n/a
TOTAL	n/a	n/a

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

4

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The PS 207 ENL After-School Program supports English Language Learners through engaging, meaningful experiences designed to strengthen background knowledge and build English proficiency. Students participate in hands-on projects, peer collaboration, rich academic language activities, and opportunities to explore personal interests. Examples are:

Interactive Read-Alouds & Vocabulary Talks – Teachers model fluent reading and highlight Tier 1, 2, and 3 vocabulary. Students discuss key ideas using sentence frames, helping them develop comprehension and oral language aligned to literacy standards.

Structured Partner and Group Tasks – Activities such as turn-and-talks, role-playing, and think-pair-share allow

students to rehearse language before writing or presenting. These tasks support speaking and listening standards while building confidence with academic language.

Hands-On Projects & Experiments – Students create posters, build models, conduct simple science investigations, or complete art-integrated tasks. These activities build background knowledge and support content-area standards (science, social studies, and math) while providing natural opportunities for vocabulary use in context.

Writing Workshops – Students write short paragraphs, summaries, and reflections using graphic organizers and scaffolded sentence starters. This supports NYS Next Generation Learning Standards and aligns with the NYSESLAT rubric for writing by helping students organize ideas and use complete, meaningful sentences.

Language Games & Word Study – Word sorts, matching games, categorization tasks, and phonics/phonological awareness activities help reinforce foundational literacy skills essential for early decoding, fluency, and vocabulary growth.

The program serves newcomers, developing ELLs, and ELLs with IEPs in Grades 1–5. Sessions will run Wednesdays and Thursdays from 2:25–4:55 p.m. for 12 weeks.

The groups will be as follows: Group 1 (Newcomers, Entering, Emerging, w/IEP Accommodations Grades 1-2 12 students), Group 2 (Transitioning, Expanding, w/IEP Accommodations Grades 1-2 14 students), Group 3 (Newcomers, Entering, Emerging, w/IEP Accommodations Grades 3-5 15 students), Group 4 (Transitioning, Expanding, w/IEP Accommodations Grades 3-5 22 students).

The PS 207 ENL After-School Program uses station teaching, small-group instruction, and cooperative learning to support language growth. Students rotate through engaging activities, receive targeted support in small groups, and practice speaking and listening with partners. These structures give ELLs more chances to use academic language, build confidence, and understand grade-level content.

Instruction is provided by four certified TESOL and Bilingual Education teachers, ensuring that students receive high-quality, targeted language support in a nurturing and engaging environment.

The program will be supervised by the Assistant Principal at no cost to Title III funding.

Our immigrant population is comprised of ELLs. Therefore, we are extending the ELL program with the immigrant funding.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The PS 207 ENL After-School Program actively engages English Language Learners in meaningful experiences that strengthen background knowledge and develop English proficiency. Students participate in hands-on learning, peer collaboration, rich language practice, and activities that allow them to explore their personal interests.

Data from NYSESLAT and school wide assessments show that many PS 207 ELLs are performing below grade level in reading, vocabulary, and language use. Data from teacher observations, student work, and family input reveal that students need more time to practice speaking, listening, and using academic English. Together, these data sources confirm the need for additional language support after school. The program is justified through NYSESLAT reports, i-Ready results, curriculum assessments, SIFE data, teacher notes, and student work samples.

47.4% of our ELL students did not meet progress on the 2025 NYSESLAT. Therefore, we are targeting these students in our afterschool program.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The program will serve newcomers, developing English Language Learners, and ELLs with Individualized Education Programs (IEPs) in Grades 1–5. The total number of ELLs that are invited to participate in the program is 63.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The PS207 ENL After School program will take place on Wednesdays and Thursdays from 2:25pm until 4:55pm for 11 weeks (34 sessions). The program will begin on January 14, 2026 until May 7, 2026.

Title III Immigrant funding will be used to cover the cost of 7 sessions to extend the ELL program.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for the PS 207 ENL After-School Program is English, supported by scaffolds that promote comprehension, access, and engagement. Instruction is delivered in English, while key vocabulary, academic terms, and directions are reinforced through home-language word banks, bilingual glossaries, and multilingual visual supports. Teachers strategically incorporate students' home languages to clarify meaning, build background knowledge, and support emotional and social needs. Students may discuss ideas, plan responses, or annotate texts using their home language before producing work in English. Multilingual technology tools and dual-language texts further support understanding and vocabulary development. When appropriate, students are paired with peers who share a home language to preview content, compare vocabulary, and ensure comprehension. These practices ensure that English remains the primary language of instruction while home-language supports provide equitable access to academic content and accelerate English language development.

Number and Types of Certified Teachers

For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Four teachers will provide instruction in the PS207 ENL After School program. These teachers are certified in TESOL and Bilingual Education.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

The materials needed are books and online resources for research, art materials, notebooks, and pencils. They will be no cost to the program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

The school maintains evidence of parent engagement/notification regarding Title III programs. by keeping copies of dated, translated letters sent to parents specifically for the Title III program. We maintain digital files on google drive. We track program attendance on google sheets.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The focus of our Professional Development will be to provide high quality training to the teachers of our immigrant students on effective, standards-aligned instructional practices that address the academic and linguistic needs specific to this group of students. Our school's instructional focus this year, is to analyze multiple forms of assessments to better determine student progress and areas of need, then we will be able to plan tiered data-based tailored instruction for every student across subject areas including NYSESLAT and embedding the work of inquiry teams who analyze student work to see how the students have performed, make adjustments, and select and design instruction to improve the length and complexity of students peaking and writing skills so that our students will develop the ability to expand, enrich and connect ideas when speaking and writing, while simultaneously building content knowledge, academic vocabulary, oral language, reading comprehension and overall performance on assessments to enhance the writing and speaking skills of our students.

During the 2022-23 school year, teachers met weekly for Professional Learning Sessions where they participated in Inquiry teams focused on ensuring that our curriculum is differentiated based on data of student needs and culturally relevant to our students. During the work in Inquiry teams, teachers looked at student work, created tasks to promote coherent learning, and design action plans and academic intervention groupings that were geared to differentiated instruction for ELL's. In these sessions teachers were given support and a variety of strategies and themes that supported and enhanced all modalities; listening, speaking, reading and writing by our ENL coordinator.

Our ELL Coordinator and school ENL teachers, Bilingual Teachers, School Pupil Secretary and Paraprofessionals are also registered to receive professional developments sponsored by the Division of Multilingual Learners (DML) and District 10 instructional team.

In the past year we have worked to focus on building teacher capacity in using Thinking Maps. This year we will focus on building teacher capacity in using and incorporating Thinking Maps in our PS 207 Writing Approach and Flow to take our students through a writing unit driven by the unit's essential question.

The certified consultants will come on planned dates, full day, to work with teachers on writing strategies targeted to students writing needs. The consultants teach strategies and also conduct nested inquiry with lead teachers around facilitation of inquiry team meetings.

There will be 8 training sessions provided for all classroom teachers as outlined below at no cost to title III.

Topic: Thinking Maps: Basic Training
Provider: Thinking Maps Trainer
of Teachers: 30
Date: October 3, 2023
Length of Session: 5 hours

Topic: Thinking Maps: Setting the Stage
Provider: Thinking Maps Trainer
of Teachers: 30
Date: Oct 10, 2023 & October 11, 2023
Length of Session: 5 hours

Topic: Thinking Maps: Narrative
Provider: Thinking Maps Trainer
of Teachers: 30
Date: October 24, 2023 & October 25, 2023
Length of Session: 5 hours

Topic: Thinking Maps: Expository Writing
Provider: Thinking Maps Trainer
of Teachers: 30
Date: December 5, 2023, December 6, 2023 & December 18, 2023
Length of Session: 5 hours

Language Essentials for Teachers of Reading and Spelling (LETRS) is expertly- and intentionally-designed professional development for educators who are responsible for teaching and improving PreK–12 instruction in reading, writing, and spelling. Sixty percent of students learn to read with instruction, while a small percentage will learn no matter what. Of that 60 percent of students who learn to read with instruction, 30% need explicit, specific, sometimes even intensive instruction. For this reason, beyond the routines and lesson plans of adopted reading programs, it is important that educators understand the language structures they are teaching, how students learn to read and write, and the reasons some children struggle. LETRS gives teachers this knowledge while addressing each component of reading instruction—phonemic awareness, phonics and word study, oral language, vocabulary, reading fluency and automaticity, comprehension, assessment, and writing. Through LETRS, teachers and reading coaches gain a deeper understanding of language structure and how to help struggling readers. LETRS and the national cadre of expert trainers, all of whom were once educators, help teachers apply best practice in teaching reading in the classroom every day.

Topic: LETRS Training: Unit 1
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: November 27, 2023 & November 28, 2023
Length of Session: 5 hours

Topic: LETRS Training: Unit 2
Provider: Thinking Maps Trainer

of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: January 29, 2024 & January 30, 2024
Length of Session: 5 hours

Topic: LETRS Training: Unit 3
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: March 25, 2024 & March 26, 2024
Length of Session: 5 hours

Topic: LETRS Training: Unit 4
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: May 20, 2024 & May 21, 2024
Length of Session: 5 hours

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The focus of our Professional Development will be to provide high quality training to the teachers of our immigrant students on effective, standards-aligned instructional practices that address the academic and linguistic needs specific to this group of students. Our school's instructional focus this year, is to analyze multiple forms of assessments to better determine student progress and areas of need, then we will be able to plan tiered data-based tailored instruction for every student across subject areas including NYSESLAT and embedding the work of inquiry teams who analyze student work to see how the students have performed, make adjustments, and select and design instruction to improve the length and complexity of students peaking and writing skills so that our students will develop the ability to expand, enrich and connect ideas when speaking and writing, while simultaneously building content knowledge, academic vocabulary, oral language, reading comprehension and overall performance on assessments to enhance the writing and speaking skills of our students.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

The total # of teachers to receive professional development is 30; the length of each session will be approximately 5 hours.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The training sessions provided for all classroom teachers as outlined in the topics to be covered at no cost to Title III funding.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Topic: Thinking Maps: Basic Training
Provider: Thinking Maps Trainer
of Teachers: 30
Date: October 3, 2023
Length of Session: 5 hours

Topic: Thinking Maps: Setting the Stage
Provider: Thinking Maps Trainer
of Teachers: 30
Date: Oct 10, 2023 & October 11, 2023
Length of Session: 5 hours

Topic: Thinking Maps: Narrative

Length of Session: 5 hours

Topic: LETRS Training: Unit 1
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: November 27, 2023 & November 28, 2023
Length of Session: 5 hours

Topic: LETRS Training: Unit 2
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: January 29, 2024 & January 30, 2024
Length of Session: 5 hours

Topic: LETRS Training: Unit 3
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: March 25, 2024 & March 26, 2024
Length of Session: 5 hours

Topic: LETRS Training: Unit 4
Provider: Thinking Maps Trainer
of Teachers: 30 (1 day for K-2 and 1 day for 3rd-5th teachers)
Date: May 20, 2024 & May 21, 2024
Length of Session: 5 hours

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Presentations Provider: Thinking Maps and LETRS.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Agendas and sign in sheets will be maintained on file.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Parental engagement activities will continue to increase our parents' involvement within the district and our school, to inform our parents of the curriculum and the academic expectations of the Next Generation Learning Standards, and support them in helping their children progress academically to achieve the English language proficiency as needed. Below are some of the activities we have planned that we believe will foster parental involvement for parents of ELLs:

- Parent Coordinator led workshops for parents - every month the parent coordinator has a workshop for parents including the parents of ELLs. The topics range from how to read together with their children, help their children with homework, work with the teacher of your children, the ABCs of discipline at home ,and how to use technology to access child's data. Other topics will be generated as per parent requests or needs.
-Guidance Counselor led workshops- monthly the guidance counselor will host workshops geared towards helping parents address social emotional issues students might have and workshops around managing students behavior.

In addition, teachers of ELLs will have quarterly workshops to help parents understand ways to address language learning needs of their children at home. Teachers will also invite the ELLs and their parents on a variety of cultural field trips that will engage the students and parents in learning together. Trips will include museum visits, theater, parks, as well as exploring various historical areas of New York City (e.g., trips to NYC Aquarium, Museum of Natural History, Bronx Botanical Gardens, etc.). We will also continue to invest in Rosetta Stone for our bilingual parents. Parent activities will be at no cost to Title III Immigrant funding.

Parents will be notified about all activities via our school Family newsletter and parent calendar. Flyers will also be distributed to students and posted on Class Dojo, an online communication platform where 100% of our families and staff are connected to send and receive messages in their preferred languages.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and

- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Parental engagement activities will continue to increase our parents' involvement within the district and our school, to inform our parents of the curriculum and the academic expectations of the Next Generation Learning Standards, and support them in helping their children progress academically to achieve the English language proficiency as needed.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Parent activities will occur 1-2 times per month for an hour each time. Agendas and sign in sheets will be maintained on file.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Activities we have planned that we believe will foster parental involvement for parents of ELLs: - Parent Coordinator led workshops for parents - every month the parent coordinator has a workshop for parents including the parents of ELLs. The topics range from how to read together with their children, help their children with homework, work with the teacher of your children, the ABCs of discipline at home ,and how to use technology to access child's data. Other topics will be generated as per parent requests or needs. -Guidance Counselor led workshops- monthly the guidance counselor will host workshops geared towards helping parents address social emotional issues students might have and workshops around managing students behavior. In addition, teachers of ELLs will have quarterly workshops to help parents understand ways to address language learning needs of their children at home. Teachers will also invite the ELLs and their parents on a variety of cultural field trips that will engage the students and parents in learning together. Trips will include museum visits, theater, parks, as well as exploring various historical areas of New York City (e.g., trips to NYC Aquarium, Museum of Natural History, Bronx Botanical Gardens, etc.). Parent activities will be at no cost to Title III funding. Agendas and sign in sheets will be maintained on file.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parents activities will be led by the Parent Coordinator, Guidance Counselor, and classroom teachers on a monthly basis.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Flyers will be distributed to students and posted on Class Dojo, an online communication platform where 100% of our families and staff are connected to send and receive messages in their preferred languages. Outreach to families will be done in their preferred language where possible.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Agendas and sign in sheets will be maintained on file.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
