DANIELLE DERRIG

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Samara Community School

District Borough Number (DBN):

12X458

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Danielle Derrig	*Principal or Designee	
Janira Gonzalez	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Desyre Frias	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
Samantha Quesada	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
Gary Perez	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Sally Bojorquez	Parent	
Anthonette Plummer	Parent	
Ruth Benitez	Staff	
Katherine Cordova	Staff	
Kathyusca Cordova	Staff	
Ruth Gonzalez	Parent	
	Staff or Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

In collaboration with families and community stakeholders, we will support the positive development of students that are bi-literate, creative, caring, divergent thinkers and life-long learners through student-focused and inquiry-based learning experiences in a dual language setting.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Samara Community School is a dual language (English/Spanish) elementary school serving PK-5 students and families in the central Bronx. The school's student population reflects the ethnic diversity of the central Bronx with 87% identifying as Hispanic/Latinx, 11% identifying as Black and 1% identifying as White. While all Samara students are emergent bilinguals learning in both English and Spanish, 18% are speakers of other languages and identified as English Language Learners. Our language learning model recognizes bilingual and multicultural identity as a strength, and seeks to empower our youth with language, while reclaiming lost heritage language due to generational and systemic inequities. Samara Community School was founded on the guiding principles of culturally relevant and place-based education to foster students' connection to place and create vibrant partnerships between schools and communities. Several local cultural institutions serve as long standing partners in our students' education, including: the New York Botanical Garden (NYBG), Bronx Zoo, Bronx River Alliance, and the Children's Aid, which offers comprehensive community support on-site. The school is located in proximity to several important geographic features that sustain learning about our local environment, including the Bronx River Greenway and Crotona Park, in addition to special relationships forged with neighborhood community gardens, such as Morning Glory Garden. Samara's PreK program boasts the Bronx's first and only public Forest School program, in partnership with NYBG. Samara's early outdoor learning experiences provide a foundation for a unique, integrated thematic curriculum across all grade levels that leverages the rich offerings of other NYC museums and cultural institutions through field trips, including: El Museo del Barrio, Museum of the City of New York (MCNY), New York Historical Society (NYHS), Queens Museum, NY Hall of Science (NYSCI), American Museum of Natural History (AMNH), Wave Hill, Swedish Marionette Cottage Theatre and TeatroSEA. The rich and varied experiences afforded to students at Samara Community School within our community and beyond, help boost student achievement and improve environmental, social and economic vitality.

Briefly summarize the key initiatives your school will implement this school year.

Samara Community School will begin year 3 of deepening implementation of the HMH Reading curriculum and year two of Illustrative Mathematics. We will also focus on deepening Science instruction with a focus on non-fiction texts.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	PK-5	Preventing Academic Failure (PAF)/Aprendo Leyendo (Spanish)	Teachers created Google slide decks of letter and word cards. Provided digital copies of workbooks and readers.
ELA	K-5	HMH Into Reading/Arriba la Lectura	
ELA/Math	K-5	I-Ready Reading and Math learning plan and teacher-assigned lessons	Teachers assign students lessons along with their individualized paths
Math	K-5	Illustrative Mathematics	Students will also use I-Ready platform for individualized practice along with Zearn
ELA	PK-2	Heggerty (English and Spanish	n/a

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
36% of K students are at benchmark at EOY in Acadience	More professional learning is needed to support teachers in foundations of literacy	More professional learning for teachers to reinforce grade level literacy skills and understand the progression in learning to read.
31% of K-5 students are approaching benchmark as per I-Ready EOY Reading data	Students who are below standards decreased to 7% and now more students are approaching. These students need more targeted instruction to further close the gap	Teachers need to learn how to provide quality tier 2 strategies that are targeted based on need to increase students who are at benchmark.

49% of 1st grade students are at benchmark at EOY in Acadience	More students are approaching and reaching proficiency but there is still a need to support students in phonological awareness and phonemic awareness based.	First grade students moving into second grade needs literacy skills reinforced and more professional learning for teachers to be able to address students' deficits in breaking the code.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	61	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 61 to 71, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strategy 1: Implement Tier 2 Reading Interventions for Students Approaching Benchmark
All teachers will be trained in Tier 2 instructional strategies designed to support students who are nearing grade-level reading benchmarks. These strategies will include small-group instruction, targeted skill practice, and progress monitoring to close specific gaps in fluency, decoding, and comprehension.

Strategy 2: Strengthen Foundational Reading Instruction in Lower Grades (K–2)
Teachers in the lower grades will deepen their understanding of the science of reading, with a focus on phonemic awareness, phonics, fluency, vocabulary, and oral language development. Professional learning will emphasize structured literacy practices and early intervention techniques.

Strategy 3: Enhance Reading Comprehension Instruction in Upper Grades (3–5)
Upper grade teachers will focus on advanced comprehension strategies, including inferencing, synthesizing information, analyzing text structure, and building academic vocabulary. Instruction will also include scaffolding techniques to support diverse learners in accessing complex texts.

Root Cause Addressed:

Students are approaching benchmark levels in Reading but there are gaps in teacher knowledge to support teachers and a better targeted tier 2 intervention approach to this group of students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Professional learning for teachers in grades k-2 around foundational literacy
Implementation of sound walls in K-2
Professional learning for teachers in grades 2-5 around comprehension and targeted supports
Monitoring of tier 2 students and sharing strategies in grades 3-5 during bi-weekly meetings
Creating a bank of quality comprehension strategies for grades 2-5

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring every six weeks during MTSS meetings using Acadience in lower grades and for students in tier 2 and tier 3 intervention groups in upper grades.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/20/2026	Workshop for parents in upper grades around comprehension. Workshop series for lower grade families in K-1 around the science of reading and how to support reading at home	Children's Aid, Braintrust, FACE, Literacy Trust
11/12/2025	01/06/2026	Literacy Cafe for families	Children's Aid, Braintrust, Literacy Trust

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

per session for teachers to participate in professional learning, tier 2 bi-weekly meetings, and to run workshops for literacy cafe and parent workshops

Instructional Resources

books for professional reading, materials for Literacy cafe

Schedule Adjustments

n/a

Other Resources Needed

n/a

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Average score for DESSA EOY screener around the concept of solving conflict positively was second lowest with the score of 2.96 (of 4)	Students are missing strategies, mindsets and belief systems that allow them to react positively.	Need for teaching students solve conflict positively
Average score for DESSA EOY screener around the concept of seeking out challenging tasks was the lowest with the score of 2.68 (of 4)	Students are missing strategies, mindsets and belief systems that allow them to react positively.	Need for students to have the opportunity to select challenging tasks
Average score for DESSA EOY screener around the concept of thinking before acting was third lowest with a score of 3 (of 4)	Students are missing strategies, mindsets and belief systems that allow them to react positively.	Need for students to learn strategies to think before acting

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	24	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 50% Decrease, in number of students scoring "in need" on DESSA screener from 24 to 12, per the DESSA screener results.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

School-wide rollout of 8 dimensions of agency (locus of control, metacognition, mastery orientation, self-regulation, perseverance of effort, pursuit of interest, future orientation, self-efficacy) including a monthlong study of the rollout for the 5th grade advocacy project culminating with a poster and teaching to the rest of the school.

Root Cause Addressed:

Addressed the need for students to learn strategies to improve social and emotional needs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional learning for teachers around Responsive Classroom
month long rollout for 5th grade Samara school study
expansion of the Harvard navigators program including the training of teachers
ILT share out during PL to continue the work with the action strategy
5th grade museum share and teaching to other students in grades K-5

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring during our NCSS meetings every two months using the DESSA screener and Navigator data to analyze with core group (CBO director, data analyst, core teachers, guidance counselor, principal and social worker) during meeting

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/14/2025	11/14/2025	Museum share for the dimensions of agency to teach families about the school rollout	Children's Aid
03/18/2026	03/18/2026	Mental health summit where we address ways to teach children strategies to become better agents of change	Children's Aid

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

per session for teachers to be trained,

Instructional Resources

DESSA screener, children's books to address dimensions of agency, materials for Mental Health Summit

Schedule Adjustments

schedule adjustment for museum share

Other Resources Needed

n/a

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
60% of all students K-5 are proficient in EOY I-Ready Math	Despite improved overall performance from the Illustrative Mathematics curriculum, a gap in students reaching proficiency persists due to lack of differentiated instruction and targeted interventions addressing individual students' needs.	The need is to provide engaging strategies, targeted differentiated intervention and regular progress monitoring to close this gap effectively.
35% of all students K-5 are approaching proficiency in	There has been an increase of students who are approaching grade level and a reduction in below grade level standards. These students need targeted instruction to reengage based on individual need	There is a need to reengage students based on daily exit tickets to ensure students meet

EOY I-Ready Math		grade level standards on a daily basis.
5% of all students K-5 are below proficiency in EOY I-Ready Math.	There has been a reduction in students who are well below grade level; however, there is a still a need to support students with individualized instruction to close the gap.	There is a need to provide individualized instruction using tier 3 strategies in Math.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	60%	By June, 2026, the grade-level proficiency will Increase by 10% from 60% to 70%, for All Students, as measured by iReady Math EOY Diagnostic.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Structured Data Review Sessions: Teacher teams will engage in regular, scheduled meetings to review formative and summative assessment data (e.g., exit tickets, unit assessments, benchmark data).
Focus will be on identifying trends, misconceptions, and student progress toward grade-level standards.
Targeted Student Grouping

Based on data analysis, teachers will create flexible student groupings for small-group instruction.
Groups will be designed to address specific needs:
Reengagement: For students needing reteaching or additional practice.
Enrichment: For students ready to extend their understanding through higher-order tasks or advanced concepts.
Collaborative Lesson Planning

Grade teams will co-plan differentiated lessons aligned to the identified needs of each group.
Planning will include:
Clear learning targets
Scaffolded supports and enrichment tasks
Aligned formative checks for understanding
Teams will also share strategies and resources to ensure consistency and effectiveness across classrooms.

Root Cause Addressed:

There is still a gap in students reaching proficiency, targeted instruction to reengage based on individual need, support students with individualized instruction to close the gap.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review and analyze data during common planning with teacher teams and coaching/admin
Group students based on need and on teacher teams with admin and coaches, plan targeted lesson that enrich and or reengage
Progress monitor data from exit tickets, I-Ready, standards mastery and module assessments for effectiveness
Provide feedback to teachers based on new strategies implemented
Inter-visitations for teachers to observe teacher team practices
Professional learning for teachers around the progression of mathematical standards and practices

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress checks will be conducted monthly during data meetings with standards mastery being the primary progress monitoring data.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
01/20/2026	01/26/2026	Math carnival to teach families about ways to support their child in math from teacher-led stations	Children's Aid
10/15/2025	10/22/2025	Math workshop for parents (K-2) and (3-5) to learn about how to support their child at home	Children's Aid

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

per session for professional learning, per session for family workshops

Instructional Resources

books and resources for Math carnival and workshop, professional books for Math teacher study

Schedule Adjustments

schedule for common planning

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
50% of all students K-2 are meeting or above grade level benchmarks in Reading as per Acadience	There has been an increase in targeted interventions for students in Reading resulting in an increased proficiency of students reaching grade level	Provide targeted instruction for students to stay on level

		across the year.
18% of students K-2 are approaching grade level benchmarks in Reading as per Acadience	There is an increase of students that are either at or above grade level or well below grade level standards. There are not a lot of students that are approaching grade level and need targeted tier 2 instruction within the period to ensure they reach grade level standards.	Provide tier two instruction for students to stay get on level before EOY.
28% of students K-2 are below grade level benchmarks in Readng as per Acadience in comparison to 44% of all students K-2 last year scored below grade level benchmarks in Acadience	There has been a 16% decrease in students who are below benchmarks from EOY last year to EOY this year. Students receiving targeted intervention increased their proficiency.	Provide tier 3 instruction for students to close the gap and increase proficiency.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the proficiency of students at or above benchmark for All Students will Increase by 10% from 50 to 60 as measured by Acadience.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Targeted small-group reading instruction with tier 2 and tier 3 supports in Reading to ensure all students are able to rapidly decode upon 2nd grade graduation using progress monitoring with Acadience benchmarks.

Root Cause Addressed:

Students that are approaching grade level need targeted tier 2 instruction within the period to ensure they reach grade level standards.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students reading below grade level receive a double dose of targeted instruction through PAF (preventing academic failure) for a minimum of 15 minutes per day.
Intervention: Sound Partners tutoring will begin in October. Students will be selected from 1st grade which is the priority grade for the program based on their Acadience data. Students work for 30 minutes with a tutor to focus on phonics and writing complete sentences.
Progress monitor students reading below grade level using Acadience Progress Monitoring every 6 weeks and adjust groupings accordingly.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
There was a 1% decrease (98%) from last year's results in the parent	There are five parents who disagree and this might be that they do not feel that teachers provide the necessary tools for	There is a need to ensure that teachers feel like parents are capable and able to support their children and then provide

survey for the following question: My child's teachers treat me a partner in educating my child.	them to partner or treat them as limited in their ability to help.	the necessary tools for parents to be partners.
The lowest rated question on the parent survey at 97% was the following question: School staff regularly communicate with me about how I can help my child learn.	There are a few parents who disagree and this might be due to families feeling that they do not have tools to help their child learn, especially when they are struggling. They also might not have been able to attend the parent workshops and family nights where they would learn how to help their child.	There is a need for more parent workshops and better promotion of them to ensure parents know that they will learn how to help their child during these times. We might have to find ways to provide individual workshops to parents to learn how to help their child and use PTC to help teach these skills
The next lowest rated question on the parent survey at 98% was the following question: My child's school will make me aware if there any concerns about my child's social or emotional well-being.	There are a few parents who feel that we do not communicate when the school has concerns about their child's social or emotional well-being. This might be because parents want to receive information continuously and find certain behaviors to be of concern.	There is a need to norm what behaviors constitute immediate call to parents and what can wait for a different time.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	97	By June 2026, the percentage of families that respond to the following question: School staff regularly communicate with me about how I can help my child learn. will Increase by 3% from 97 to 100 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Enter a Key Performance Indicator

Baseline:

Enter the date for the baseline data:

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The key strategy is two-fold. The first part of the strategy is to create a system for parents to understand all of what is offered at Samara and communicate in an organized fashion where parents understand the day-to-day happenings of the school. The second strategy is to then provide targeted support to families either in small groups, larger groups or individualized based on what parents and teachers have identified as needs in order to support their child at home.

Root Cause Addressed:

There are a few parents who disagree and this might be due to families feeling that they do not have tools to help their child learn, especially when they are struggling. They also might not have been able to attend the parent workshops and family nights where they would learn how to help their child.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create a class parent who supports families in logistics and parent support.
Create a hub for new parents to learn about all structures/events/activities at Samara
New parent workshops to learn specifically what is expected as families at Samara
Survey parents to learn what tools they think they need to support their child's education and how they best learn

Provide tailored workshops to support families with individual needs in small groups or personalized support

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

There will be an in-house survey that is provided at the beginning and middle parts of the year that mimics the school survey and asks for possible ideas to ensure we do help their families as necessary.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	10/02/2025	New parent orientation to support families new to the school in understanding all of the supports and offerings at the school	Children's Aid
09/30/2025	06/30/2026	monthly Donuts with Danielle to learn what parents are looking for and go over some of the questions from the survey to learn how to better support our families	Children's Aid

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

per session for teachers to provide workshops to parents

Instructional Resources

books and tools to provide parents to help their children at home

Schedule Adjustments

possible coverages for teachers to attend donuts with danielle and for personalized workshops for parents as needed

Other Resources Needed

n/a

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of EOY 2025, 26% of all students with disabilities are considered chronic absent for the school year.	Many of the students with disabilities also suffer from health-related illnesses that cause students to be absent. Many SWD students also have busing issues.	There is a need to support families in understanding the difference between a common cold and an illness in which students stay home.
As of EOY 2025, overall attendance was 93%	Certain days such as last days of school or rainy days cause for low attendance.	School can provide attendance incentives to increase attendance on days where attendance is historically low.
As of EOY 2025, 20% of all students are considered	Many of the students suffer from health-related ailments and asthma.	There is a need to support families in understanding the difference

chronic absent for the school year.		between a common cold and an illness in which students stay home.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93	By June, 2026, the Attendance average for All Students will increase by 3%, from 93 to 96, as measured by the New Visions Attendance reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Targeted attendance supports for families that have been chronically absent or who exhibit chronic absenteeism in the beginning of the year by creating individualized plans and progress monitoring using a tiered support approach as a way to increase overall attendance.

Root Cause Addressed:

Many of the students with disabilities also suffer from health-related illnesses that cause students to be absent. Many SWD students also have busing issues. Families are unaware of the accumulation of absences once or twice a month for reasons non-health related.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
During new parent orientation, discuss the attendance policy and ensure parents sign the attendance policy before start of school.
Meet with all families that had 10% CA during the 24-25 school year in August to set up a plan.
Meet with families after five absences to develop an attendance plan for the year.
Follow up on the attendance plans on a monthly basis.
Attendance incentives for students with 100% attendance including monthly trips based on 100% attendance and

100% homework

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Plan will be monitored on a weekly basis for students during Attendance meetings using RCUA and New visions data alongside the individualized plans for families.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	09/03/2025	New family orientation where attendance is included and explained	Children's Aid
09/02/2025	06/26/2026	Monthly attendance incentives for students with 100% attendance on a monthly basis	Children's Aid

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP Review Completion Report 2024-2025- 50% of IEPs have progress reported in SESIS.	IEP goals are not broken down into skill benchmarks that can be assessed more frequently and therefore allowing for more target SDI instruction.	IEP Development

		and Fidelity of Implementation
		Transition Planning and Compliance
As per the 2023-2024 School Performance Dashboard, 22% of the student population are students with IEPs is the same as city wide percentage.	Students are new to our school come in with existing IEPs and not record of previous interventions or tiers of support.	Referral Process and Equity
IEP Review Completion Report 2024-2025-100% of IEP goals that are related to behavioral concerns are objective, measurable, and connected to areas of need and supports.	Students with or without IEPs who present with behavioral concerns are case conferenced with the Guidance team and goals and support plans are created to address the behavior concerns. Plans are progressed monitored and adjusted if needed.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	50%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve By June 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the reporting of IEP progress in SESIS by a 25% increase from 50% to 75%. by a 25% Decrease, from 50% to 75%, as measured by IEP Review Completion Report for 2025-2026 school year. .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Develop rigorous, standards-aligned annual goals with regular progress monitoring timelines for skill benchmarks within annual goals.

Root Cause Addressed:

Annual goals are created as year long targets, and often do not include milestones within the goal that can be progress monitored more frequently.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Annual IEP goals will be standard based and rigorous to ensure access or close to access of the grade level content. Teachers will use data and standards to write goals.
Teachers will develop milestones within each applicable annual goal to ensure that teachers are able to progress skills frequently and adjust SDI if needed. This will ensure that students will meet their IEP goals within one year or allow time for teacher to modify goals if needed.
Teachers will complete a Specially Designed Summary (SDI) in the PLOP of student's IEP. Teachers will continue to attend central or district level professional development to support the plan and implementation of SDI.
All student referrals for evaluations will be presented to the RTI team and data from Stars, I-Ready and Acadience will be reviewed to determine a 6-week intervention plan and goals. Once this plan is complete, the team will meet again to determine next steps for the student based on progress made during the intervention.
Members of the Guidance Team, as well as the School Implementation team, will work together to monitor all formal BIPs as well as informal behavior plans to ensure that behaviors which impede the student from accessing the curriculum are supported before they escalate. Students with BIPs, will be supported by school staff and progress monitoring of goals on the BIP will be reported frequently to parents and related stakeholders.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring will take place during one of our School Implementation Meetings which take place bi-weekly. Data collected and reviewed will include progress monitoring systems from teachers, SESIS reports as well as the IEP Goal Reporting Progress document.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/11/2025	09/11/2025	During Back to School Night, parents of students with IEPs will be given the opportunity to meet with key members of the school implementation team (ex. AP, social worker), to review their child's IEP together and ask any questions or concerns that they may have.	
11/06/2025	11/06/2025	A family workshop for parents of students with IEPs which focuses on defining the role of the parent during the IEP meeting.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

School Implementation Team Members, NEST Team and Consultants as well as district level Administrator of Special Education

Instructional Resources

NEST Training Materials, SPED Liaison presentations, and Next Generation Learning Standards

Schedule Adjustments

Team meetings which take place outside of school hours which require per session

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
2	Approaching Grade Benchmark on iReady diagnostic	Preventing Academic Failure	Small group (2-3 times a week)	During the school day	no
3	Below Grade Benchmark on iReady diagnostic	Wilson Reading Program	Small group of 3rd-5th graders (4-5 times a week)	During the school day	no
2	Approaching Grade Benchmark on Acadience Screener	Sound Partners	Small group & 1 to 1	Before, during and after school	no
2	0 on IM cool downs (exit tockets)	Illustrative Mathematics reengagement lessons	Small group	During the school day	no
3	Below Grade Benchmark on iReady diagnostic	Preventing Academic Failure & Orton Gillingham	Small group (3-4 students)	During the day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student has a limited threshold for attention and self control before their maladaptive behavior begins to intensify.	Structured Breaks	One to one	During the school day	No
Tier 2	Student has difficulty transitioning (i.e physically, academically, etc).	Check-in/ Check out	One to one	During the school day	No
Tier 3	Frequency, duration and/or intensity of maladaptive behavior significantly impedes student from progressing in a general education setting and all Tier 2 interventions have been deemed unsuccessful	Behavioral Intervention Plans	One to one	During the school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Families are provided clear, jargon-free explanations of MTSS through newsletters, family nights, and printed materials. These outline the tiers of support, how students are identified for additional help, and how progress is monitored.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive progress reports from iReady and/or Acadience screener.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families will meet with classroom teachers and interventionist to discuss student progress. With family input, it will be decided if student will continue services or be moved into a Tier 2 support group.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

28

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

50% of STH students are chronically absent, this rate is significantly higher than the 33% chronic absenteeism for students who are doubled up. This suggests that students living in temporary housing has a direct correlation with chronic absenteeism, which can impact both academic progress and social-emotional development. Housing-insecure students demonstrated 33% proficiency in ELA, while math proficiency is at 57%. This discrepancy suggests particular challenges in reading and writing skills, which could be linked to interrupted learning.

In order to support this population, our attendance team will monitor attendance and do outreach to help re-engage students. We will work with our CBO to provide food access, or healthcare support. Our Harvard navigators program will expand next year to serve as trusted adults for STH students. STH students will be priority for ELA intervention programs.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students in temporary housing are provided with additional uniforms including, but not limited to: Samara polo shirts, T-shirts, sweats, hoodies, etc. Students get access to metro cards to travel to and from their current residence. They are given extra school supplies such as pencils, notebooks and book bags . Families are given priority access to the food pantry provided by our CBO (Community Based Organization), Children's Aid. Based on the STH Title 1 survey, teachers provided after-school tutoring for students in our STH population. Time was also provided afterschool for students to complete homework twice a week.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students in foster care are connected with our social worker, who maintains consistent communication with each child's case worker and foster family. Classroom teachers collaborate by sharing clear expectations to support the student's academic and social success. Additionally, our parent coordinator fosters positive engagement to ensure that foster families feel supported and informed.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Our social worker will meet with each foster student to help build trust and emotional safety. Our guidance counselor will provide targeted group instruction focusing on SEL skills—like managing emotions, resolving conflict, and building healthy relationships. These strategies will help students in foster care regulate their emotions and see the school as a safe haven.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Samara Community School will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Samara Community School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers participate in a consultancy with the Buck Institute to improve their practices in project-based learning. Teachers participate in Thinking Maps Writing training and Responsive Classroom. Teachers also participate in Illustrative Mathematics and Foundations of Reading training.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Preschool children participate in a two day transition at the beginning of the school year to support the transition. Parents participate in two parent orientations, one in June and one in September to support families in the transition. PK teachers are also rolling out Creative Curriculum and attending professional development around the rollout.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	345349	x	PD, software, personnel
Title I, School Improvement 1003(a)	Federal	23770	x	PD, software, supplies, personnel
Title II, Part A	Federal	0	x	n/a
Title III, Part A	Federal	12000	x	PD
Title III, Immigrant	Federal	0	x	n/a
Title IV, Part A	Federal	0	x	n/a
Tax Levy (Fair Student	Local	3,017,576	x	personnel

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Danielle Derrig
Assistant Principal (Where Applicable)*	Tara Lozada
English as a New Language (ENL) Teacher*	Kristina Bermduez
Teacher (if school has a bilingual program must be a bilingual teacher)*	Joana Colon
Parent/Guardian*	Mayra Cabrera
Teacher	Mone Alvarez
Parent Coordinator	Maria Vargas
School Counselor	Oscar Mejia
Related-Service Provider	Joanna Deossa
NEST Teacher	Joana Colon
Bilingual Teacher	Claire Quinn

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

6

Number of teachers who hold both content area/common branch and ESOL certification:

6

Number of ESOL certified teachers with a bilingual extension:

6

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

17

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

5

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

6

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

284

Total number and percentage (%) of current ELLs:

15.49

Total number and percentage (%) of former ELLs:

7 students, 2.46%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

17 students, 6%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

9 students, 3.17%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

17 students, 6%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual Language	Spanish	2014	2	2	2	2	2	2								12
DLBE																	0
DLBE																	0

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

ELL instruction is delivered to students via stand-alone ENL, which contains either one grade level or two contiguous grade levels combined according to their ELL proficiency levels. For Entering and Emerging ELLs, 180 minutes of Stand-Alone instruction per week will be scheduled. For Transitioning ELLs, 90 minutes of Stand-Alone Instruction per week ELLS are placed in one mainstream
classroom except for ICT students and students with related services, to facilitate quick pick up and drop off of students for Stand-alone Instruction.

Content-level instruction from mainstream classrooms is mirrored in the Stand-alone classroom. For example, if they are working on a specific HMH module, ELL teacher will integrate that into her lessons as well.

During Stand-Alone ENL, students are grouped in blocks by their grade level. The students are grouped by grade and we try to group them by proficiency as well. During Pull out ENL, students are grouped by proficiency so there can be adequate differentiation.

For Kindergarten, there are 2 groups. These groups are homogeneous and based on reading profieciency. Instruction and grouping for all grades are based on data collected from NYSESLAT scores, HMH modules, Map Growth, iReady, Acadience, and PAF.

Definition: Stand-alone ENL instruction is a dedicated time where English Language Learners (ELLs) receive explicit English language development instruction from a certified ENL teacher.
Purpose: Focuses on developing English language skills in listening, speaking, reading, and writing, separate from content area instruction.
For 1st Grade, there are 3 groups. We have data from the same places as listed above. This is currently our largest ELL population in the school.
Group 1: Homogeneous
Group 2: Homogeneous
Group 3: Heterogeneous

For 2nd Grade, there is 1 group. They are grouped heterogeneously. This is due to the fact that they are the smallest group but they have similar needs in term of language acquisition. 2 of the students (commanding) in this group also receive push in services for 90 minutes during literacy.

For 3rd Grade, there is 1 group. They are grouped heterogeneously. There are two children who receive 90 mins in their classroom for integrated studies.

For 4th Grade, there are 2 groups. One group is the 360 mins and they're grouped heterogeneously. There are two groups due to one group being entering and the other group are the expanding and transitioning students. Also, two students receive 90 mins in their classroom for integrated studies.

For 5th Grade, there are two groups based NYSESLAT/NYSITELL scores. Four students receive 90 mins in their classroom for integrated studies.
Depending on their proficiency, they either get 180 or 90 mins.

Integrated ENL:

Students are heterogeneously grouped and placed in one mainstream classroom for each grade except for ICT students and students with
related services. ELL instruction is delivered to students in heterogeneous small groups according to their ELL proficiency levels. For Entering and Emerging ELLs. For Entering and emerging ELLs, 180 minutes of Integrated ENL Instruction per week
will be scheduled. 90 minutes of Integrated ENL Instruction per week will be scheduled for Transitioning ELLs. For Expanding ELLs, 180 minutes of Integrated Instruction per week will be scheduled. Integrated Instruction will be delivered to former ELLs by the classroom teacher via small group instruction in ELA or Math. Sometimes, ELL teacher will push in to Inquiry. Former ELLs will be grouped with at-risk students to meet the required 90 minutes per week of instruction.

During Integrated Instruction, ELLs are mostly grouped heterogeneously and depending on the language of the day, I pull them over into the English classrooms to ensure their minutes are being met.

Across all grades, the integrated instruction is mostly during the ELA block. However, there are instances where integrated instruction happens during the math block.
The flow of that block is a mini lesson supplemented with vocabulary and visuals, then a 5P practice, after that ELLS are grouped together to do an additional mini lesson or review depending on the instructional needs of that group.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

NA

Dual Language Bilingual Education (DLBE):

Our Dual Language Program allows for rapid growth and learning through HL and English. Instruction is delivered using many modalities and by creating an abundance of experiences. We use media, text sets and mentor texts, and are dedicated to project based learning.Students learn to speak, read, and write in two languages, and also learn about other cultures while developing strong self-esteem and diverse language skills.

Our Dual Language program seeks to offer students the opportunity to become bilingual, biliterate, and bicultural while improving their academic ability. We place a strong emphasis on both English and Spanish.

The students receive half of their instruction in their primary or home language, and the remainder of their instruction in the target language. The goal is that we are delivering 50/50 instruction.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The school ensures mandated minutes by methodically designed schedules that are edited throughout the year. The ENL teacher collaborates with grade teams during common planning to ensure that the minutes are being provided in the most effective and meaningful ways. ESL/ENL teachers work closely with classroom and content teachers, as well as administration, support staff and community organizations. The ESL teacher develops individualized instruction for language acquisition and cognitive academic language
skills through the use of sound instructional techniques.

Students are assessed using the NYSESLAT (New York State English as a Second Language Achievement Test) or NYSITELL (initial placement test).
Every child's proficiency level determines their required instructional minutes.

Our school uses master scheduling in a shared folder to allocate ENL instructional time.
The ENL teacher is assigned to students based on their proficiency levels and required minutes. She creates a schedule based on the best time to see them and then meets with admin to ensure CR-154 is followed and that it works for everyone involved.

For integrated ENL, co-teaching models are used where ENL and content teachers plan and deliver instruction together.
This ensures that integrated minutes are met during core content instruction. We maintain instructional logs and student schedules to track compliance.

Grade teams meet for common planning every week with admin and coaches and they are informed on which practices are best for ELLS.

Minutes are delivered in small groups either in or out of the classroom depending on which ELL level they are on.

ENL and ELA is delivered within the ENL program to ensure mandated minutes are provided by push in and pull out services.

Entering and Emerging students receive 180 mins push in weekly during a ELA or their literacy block either in HMH or PAF or Thinking Maps Writing. They also get 180 mins weekly of stand alone ENL.

Transitioning students receive 90 mins ENL in literacy or math block weekly and then 90 mins weekly of stand alone ENL.

Expanding students receive 180 mins ENL in literacy or math block weekly.

Commanding students receive 90 minutes of integrated ENL during either literacy, inquiry, or math block.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Instructional minutes are delivered based on each grade level's schedule. ELLs are grouped by grade and are scheduled according to their ELL Proficiency levels as follows: Entering and Emerging ELLs=180 minutes of Stand-Alone ENL Instruction and 180 minutes of
Integrated instruction Transitioning ELLs=90 minutes of Stand Alone ENL Instruction and 90 minutes of Integrated

ENL Instruction. Expanding ELLs 180 minutes of Integrated ENL Instruction. ELLs are placed in the mainstream classroom and ICT classrooms.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

We implement the side by side model and students are integrated 100% of the day.

In upper grades (3-5), classes are departmentalized so they switch classrooms mid point in the day.

b. In which language(s) is each core content area taught?

Core Content is taught in both English and Spanish depending on the A/B schedule.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Gen Ed ELLs: 27
Sped ELLs: 17
Newcomers: 17
Developing: 9
Commanding/Former ELLs: 7

These students are typically in the earliest stages of English acquisition and often new to the country. Instruction for Newcomers focuses on building foundational English skills, including survival language and basic communication. Teachers often use sheltered instruction strategies, such as the SIOP model, and rely heavily on visuals, gestures, and real-life objects (realia) to support understanding. Scaffolding techniques, like sentence frames and native language support when available, are also essential.

In contrast, Developing ELLs have acquired some English proficiency and are working on expanding their academic vocabulary and improving their fluency and comprehension. Instruction for these students often includes content-based ESL lessons that integrate language development with subject matter learning. Teachers may use collaborative learning strategies, such as think-pair-share, and provide targeted grammar and writing support. Reading materials are often differentiated to match students' language levels.

For Long-Term ELLs or Commanding/Former ELLs, the focus shifts to refining academic language and closing any remaining achievement gaps. These students benefit from explicit instruction in complex sentence structures and academic vocabulary. Teachers often emphasize academic discourse and writing, use culturally responsive teaching practices, and conduct ongoing formative assessments to monitor progress and adjust instruction accordingly.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

N/A

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Developing ELLs are typically progressing steadily in their English acquisition. Instruction for them focuses on expanding academic vocabulary, improving reading comprehension, and strengthening writing skills. Teachers often use differentiated texts, scaffolded writing tasks, and structured peer interactions to support language development within content areas.

Long-Term ELLs, on the other hand, often face persistent challenges in mastering academic English, especially in writing and complex syntax. They may plateau in their language development due to gaps in foundational skills or limited exposure to rigorous academic discourse. Effective instruction for Long-Term ELLs includes:

Explicit teaching of academic language across all subjects
- Frequent opportunities for extended oral and written language use
- Targeted grammar and syntax instruction
- Culturally responsive teaching to build engagement and relevance
- Ongoing formative assessments to identify and address specific language gaps

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At our school, 7 students are classified as former English Language Learners (ELLs), which makes up about 2.46% of our total student population. These students have demonstrated English proficiency and have exited ELL services, but we recognize that their journey doesn't end there. We are committed to supporting them through a federally mandated two-year monitoring period, as outlined in the Every Student Succeeds Act (ESSA). During this time, we closely track their academic progress using classroom performance, assessments, and teacher observations. If we notice any signs of academic struggle, we respond quickly with appropriate interventions such as tutoring, small group instruction, or targeted academic support.

We also encourage our teachers to continue using scaffolding strategies like sentence frames, visuals, and vocabulary supports to ensure that former ELLs remain successful in content-heavy subjects. Even though these students have exited formal ELL programs, we understand that they still benefit from language-rich instruction. To support this, we invest in professional development so our staff can better understand the unique needs of former ELLs. Our teachers are trained to recognize subtle language challenges that may still impact learning and to adjust their instruction accordingly.

Collaboration is key, so we foster strong partnerships between ESL teachers and general education staff. This teamwork helps us create a more inclusive and supportive learning environment. We also prioritize communication with families, ensuring that they are informed, engaged, and supported throughout the monitoring period. Our communication is clear, accessible, and culturally responsive, helping families feel connected to their child's progress. We use data to guide our decisions and adjust support as needed. If a student is thriving, we gradually reduce monitoring while remaining attentive to their needs. However, if challenges persist, we consider re-evaluating the student for additional language support. Ultimately, our goal is to ensure that every former ELL is fully

integrated, confident, and successful in all academic areas.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

To examine the at-risk levels that might adversely affect ELLs at our school, we can consider several common risk factors that often impact English Language Learners. These include:

1. Academic performance gaps – ELLs may struggle with grade-level content due to language barriers.
2. Limited English proficiency – Students at the Entering or Emerging levels may have difficulty accessing the curriculum.
3. Newcomer status – Recently arrived students may face cultural adjustment, trauma, or interrupted formal education.
4. Special education needs – Dual-identified students (ELLs with IEPs) often require highly individualized support.
5. Socioeconomic challenges – Many ELLs come from low-income households, which can affect access to resources.
6. Attendance issues – Language barriers and family responsibilities can contribute to chronic absenteeism.
7. Family mobility – High rates of relocation can disrupt learning continuity.
8. Limited family engagement – Language and cultural differences may hinder communication between school and home.
9. Long-Term ELL status– Students who remain in ELL programs for many years may face persistent academic challenges.
10. Mental health and trauma – Some ELLs, especially newcomers, may have experienced trauma or stress related to migration.

A trend I noticed is potential overlap. There may be students who fall into more than one category (e.g., ELL and special education), which requires careful planning and individualized support.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Underperformance in Writing: Former ELLs often continue to struggle with academic writing, especially in upper grades.

Silent Language Gaps: They may appear fluent but still lack the academic language needed for success in subjects like science or social studies.

Invisibility in Data: Once exited, they may not be tracked as closely, leading to missed opportunities for intervention.

Overrepresentation in Tier 2 Interventions: They may frequently appear in small group or remedial instruction without clear language support.

Emotional Fatigue: Some may feel pressure to “keep up” without the same level of support they once had.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values

these home languages?

At our school, the home languages of ELLs with the largest representation are:

Spanish – spoken by the vast majority of ELLs
Arabic – spoken by 2 students

To support communication and learning that values these home languages, our school often implements the following:

1. Bilingual Staff and Translators
Having Spanish-speaking staff (teachers, aides, office staff) helps facilitate daily communication.
For Arabic-speaking families, access to interpreters—either in-person or through phone/video services—is essential.

2. Translated Materials
Important documents (e.g., report cards, newsletters, permission slips) should be available in both Spanish and Arabic.
We use digirtal platforms, like Remind, to communicate.

3. Culturally Responsive Teaching
Teachers incorporate students' cultural backgrounds into lessons, texts, and classroom discussions.
Celebrating cultural holidays and traditions helps build a sense of belonging.

4. Family Engagement
Hosting bilingual family nights or workshops in Spanish and Arabic encourages participation.
Providing interpreters at parent-teacher conferences ensures families can engage meaningfully.

5. ESL Program Design
ESL instruction is tailored to the linguistic needs of Spanish and Arabic speakers, with attention to common language transfer issues.
Visual supports, sentence frames, and vocabulary scaffolds are used to bridge language gaps.

6. Peer Support and Mentoring
Pairing new ELLs with bilingual peers or student mentors helps with both language and social integration.

7. Professional Development
Teachers receive training on supporting multilingual learners and understanding the cultural and linguistic backgrounds of Spanish and Arabic speakers.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At our school, the majority of English Language Learners (ELLs) identify as Latino or Hispanic, with Spanish as their home language, and a small number of students speak Arabic, likely identifying as Middle Eastern or North African. This linguistic and cultural diversity is central to how we plan and deliver Culturally Responsive and Sustaining Education (CR-SE). We ensure that our curriculum reflects the lived experiences, histories, and contributions of our students' cultures, particularly Latinx and Arab communities.

Our teachers incorporate bilingual texts, culturally relevant themes, and opportunities for students to share their backgrounds through projects and discussions. We also prioritize student voice by involving ELLs in leadership roles and classroom decision-making, helping them feel seen and valued. Family engagement is a key part of our approach, with translated materials, interpreters, and multilingual events that welcome all families into the school community. Staff receive ongoing professional development on CR-SE practices, with a focus on linguistic equity and anti-bias instruction. We display student work and signage in multiple languages to affirm students' identities and promote pride in their heritage. Our ESL and general education teachers collaborate to ensure that instruction is inclusive and accessible for all learners. Through these efforts, we aim to create a school culture where every ELL feels respected, represented, and empowered to succeed.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

We don't have the proper data to answer this yet.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

At our school, a noticeable trend in English Language Proficiency (ELP) growth is that many of our ELL students score lower in the writing and listening domains of the NYSESLAT. This pattern is not uncommon, as these two areas often present greater challenges for multilingual learners. Writing tends to be especially difficult because it requires students to master grammar, vocabulary, and academic language structures, all while organizing their thoughts clearly.

Listening can also be a struggle, particularly when students are exposed to fast-paced or unfamiliar speech, or when they lack the background knowledge needed to fully understand academic content. These challenges may be compounded by limited opportunities for structured writing practice and academic listening tasks across content areas. Students may understand the material but struggle to express their knowledge in written English or comprehend complex spoken instructions.

To address this, we are working to incorporate more scaffolds such as sentence frames, graphic organizers, and modeled writing examples. For listening, we are integrating more audio texts, interactive listening activities, and pre-teaching of key vocabulary. By combining listening and writing in tasks like note-taking or summarizing videos, we aim to build both skills simultaneously. These targeted supports are essential to helping our ELLs grow in the areas where they need it most.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Waiting on 2025 results

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There are several factors that may be impacting the test results for ELLs (English Language Learners) who also have IEPs (Individualized Education Programs). These students face a unique set of challenges because they are navigating both language acquisition and a disability that affects learning. One major factor is the **dual demands** placed on them—they must process academic content in a second language while also managing the cognitive, emotional, or physical challenges outlined in their IEPs.

Another key issue is that standardized assessments like the NYSESLAT may not fully accommodate their needs. Even with testing accommodations, the format and language complexity of the test can be overwhelming. For example, students with processing delays or learning disabilities may struggle with the pace and structure of listening and writing tasks, which are already difficult for many ELLs.

Additionally, instructional gaps can play a role. If instruction isn't sufficiently differentiated to meet both language and disability-related needs, students may not receive the targeted support they require. There may also be **limited collaboration between ESL and special education staff**, which can lead to fragmented support rather than a cohesive, integrated approach.

Finally, social-emotional factors—such as frustration, low confidence, or past academic struggles—can impact performance. These students may internalize a sense of failure or feel overwhelmed by the expectations placed on them.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

NA

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

NA

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

NA

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

The Instructional Leadership Team centers on the need for language development. Language development is embedded into the content. Teachers use the HMH language and content objectives to promote language. 12X458 uses the HMH Into Reading program in all grades as well as ¡Arriba la Lectura!. Within this program students are explicitly taught comprehension skills and strategies through the gradual release model (I do: model, we do, and you do).

Students are exposed to a range of complex, content-rich, and culturally relevant texts. Students are explicitly taught and exposed to target vocabulary to help deepen their comprehension of a text and the theme being studied. Within the reading instruction block students also receive instruction on the necessary foundational skills. Using progress monitoring data: formative and summative assessments teachers identify the needs of students and group students according to their needs and provide explicit targeted instruction.

Small group instruction can focus on all components of literacy: phonics, spelling, comprehension, vocabulary, fluency, spelling, grammar, and writing. ELL students are also provided various accommodations to help meet their needs. For this, the ENL teacher uses HMH resources as well as Thinking Maps. They are provided with graphic organizers (thinking maps), explicit vocabulary instruction, visuals when needed, terms and organizers translated when needed, and glossaries.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Student learning is fostered through Culturally Responsive Teaching and 21st Century Advanced Literacy Skills through the use of Hallmark 1: working with engaging texts that feature big ideas, rich content, and multiple text sets, Hallmark 4 Frontloading academic vocabulary, and language through the use of visuals and realia. Text-based content learning in interactive experiences is provided to students through online platforms to promote academic conversations and student collaboration. The school leadership team provides teams with the opportunity for educators to be trained in the current reading program-HMH. We also offer Amplify PD and our next one will be Summer 2025.

Within these training teachers have been provided with various resources to implement during lessons to meet the needs of the ELLs in their class. School leaders provide opportunities to staff during Monday and Tuesday afternoons to collaborate and plan to meet the language needs of ELL students. Teachers use their formative and summative assessments to group students based on their needs and meet with small group students to meet these needs. Teachers are provided with resources for their ENL learners to implement in their classrooms as necessary. For example, iPads with translation resources, phonics programs, graphic organizers, and glossaries.

We consider Gholdy Muhammad covers five pursuits of culturally and historically responsive teaching: identity, skills, intellectualism, criticality, and joy.

The ILT considers ELLs in school's instructional design by providing substantial and sustained opportunities for all teachers to participate in meaningful professional development that addresses the needs of ELLs/MLLs, including home and new language
development.

In addition to that, the ILT is carefully crafted to have many voices throughout grades and content areas. This ensures that those working closest with ELLs voices are heard and their needs are being met.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At 12X458 Core content is scaffolded for ELLs. In our stand-alone and integrated programs students learn to read and write through phonemic awareness, word recognition/phonic strategies, fluency, background knowledge, vocabulary instruction, and the use of comprehension strategies.

Core content is delivered side by side in a dual language AB model. On an A day, every single class except for (some) specials are in Spanish. On a B day, the students will receive the next lesson in English. We provide opportunities for students to discuss content and problem-solve with peers and we allow and encourage translanguaging. Students also have access to a multitude of scaffolds specific to their needs. Overall, we maintain a safe and inclusive learning environment that recognizes and respects the languages and cultures of all students.

Instruction is standards-based in both languages. Lessons include, but are not limited to, Text-based evidence in reading and writing,
Critical thinking and problem-solving, Academic discourse aligned with grade-level expectations, Assessments are designed to measure content knowledge and language proficiency in both languages.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Our school uses curricular, instructional, and flexible scheduling to enable ELL-SWDs to achieve their IEP goals and attain English proficiency within the least restrictive environment. Where applicable, ELL-SWDs are mainstreamed to General Education classes for ELA, Math, and other content area subjects during the time that the ELL teacher provides integrated ELL instruction.

We use HMH and Thinking Maps Writing and additional supports, and differentiation materials provided by HMH (tabletops, decodable, blend it books, start right readers) to provide grade-level academic content are language development. We use this alongside PAF materials and instruction.

We use many forms of scaffolding and differentiation.
We use visuals, manipulatives, and 5P's during math instruction. In addition to this, math talks allow multiple entry points into the conversation.

During literacy blocks, we use Thinking Maps, anchor charts, sentence starters, close reading, cloze responses, and multiple points of entry.
We allow our ELLS with IEPs to grapple with grade level and rigorous work and allow them assistance as needed with a gradual release approach.

Instructional strategies we use are iReady so that the instruction is developmentally appropriate and individualized to each student, F&P so we can track their growth and needs, and text sets.
For math, we ensure that all problem sets, exit tickets, mini lessons, etc. are translated into HL.

b. SIFE

All reading instruction is provided based on students' current reading levels. Students in need of specialized reading instruction either receive Guided Reading or Preventing Academic Failure (PAF) based on their learner profile. Math instruction is provided in English and Spanish with bilingual translation available when needed. Students who are not at proficiency in the respective standards receive differentiated instruction during the period with the goal of accessing grade level content. ENL teacher pushes in during various content blocks to provide language instruction through parallel and alternative teaching models, based on student need in the particular content.

c. Newcomers

Instruction is designed to kick-start the development of a second language
through content-level teaching. ELL instructional strategies are outlined in the HMH Into Reading materials for K-5 classes. These strategies include explicit vocabulary teaching routines (with images), discussion routines which we set in the first 6 weeks of school, anchor charts, thinking maps, and linguistic frames to
help scaffold content for reading and writing.

Instruction is enhanced through digital content, interactive slides, visuals, and audio.All reading instruction is provided based on students' current reading levels. Students in need of specialized reading instruction either receive Guided Reading or Preventing Academic Failure (PAF) based on their learner profile. Math instruction is provided in English and Spanish with bilingual translation available when needed. Students who are not at proficiency in the respective standards receive differentiated instruction during the period with the goal of accessing grade level content. Newcomers also receive pull out ENL services to support English literacy development with a certified ENL teacher. ENL teacher pushes in during various content blocks to provide language instruction through parallel and alternative teaching models, based on student need in the particular content.

d. Long Term ELLs

All reading instruction is provided based on students' current reading levels. Students in need of specialized reading instruction either receive Guided Reading or Preventing Academic Failure (PAF) based on their learner profile. Math instruction is provided in English and Spanish with bilingual translation available when needed. Students who are not at proficiency in the respective standards receive differentiated instruction during the period with the goal of accessing grade level content. ENL teacher pushes in during various content blocks to provide language instruction through parallel and alternative teaching models, based on student need in the particular content.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Supports for ELLs with IEPs
1. Collaborative Planning and Instruction
- Co-Teaching Models: ENL (English as a New Language) and special education teachers co-plan and co-teach with general education teachers.
- Integrated Services: Language and special education supports are embedded into core instruction.

2. Individualized Instructional Strategies
- Differentiation: Lessons are tailored to meet both language proficiency and cognitive/learning needs.
- Scaffolding: Use of visuals, sentence starters, graphic organizers, and modeling.
- Multisensory Approaches: Especially helpful for students with learning disabilities.

3. Language Development Supports
- Explicit Language Instruction: Focused on vocabulary, syntax, and discourse.
- Bilingual Support: When possible, instruction or support in the student's home language.
- Use of Assistive Technology: Tools like text-to-speech, translation apps, and visual aids.

4. IEP-Aligned Services
- Goals Aligned with Language Proficiency Standards: IEP goals reflect both academic and language development targets.
- Progress Monitoring: Regular assessments to track both IEP and English language development progress.
- Accommodations and Modifications: Adjustments to instruction, assignments, and assessments based on IEP. For example: scribe, test read, directions read and re-read, extra time, etc.

5. Inclusive Environment
- Least Restrictive Environment (LRE): Students are placed in general education settings as much as possible, with supports.
- Peer Interaction: Opportunities for social and academic interaction with peers to build language and social skills.

6. Family and Community Engagement
- Bilingual Communication: IEP meetings and school communications are provided in the family's preferred language.
- Cultural Responsiveness: Instruction and supports are sensitive to students' cultural and linguistic backgrounds.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

1. Dual Language Program
- Home Language Assessment to determine language proficiency in the partner language (e.g., Spanish).

- To inform instructional placement and biliteracy development.
- To monitor progress in both languages.

2. Assessment Tools and Methods
- Initial Screening:
- Home Language Questionnaire (HLQ)
- Language Proficiency Tests (e.g., NYSITELL for English; IDEA Proficiency Test (IPT) or LAS Links for Spanish)
- Ongoing Assessment:
- Formative assessments in both languages (e.g., running records, writing samples).
- Standardized tests in the partner language (SLAB)
- Teacher-created assessments aligned with curriculum and standards.
- Bilingual Progress Monitoring:
Rubrics that assess reading, writing, speaking, and listening in both languages.
Portfolios showcasing student work in both languages.

3. English as a New Language (ENL) Program
- Home Language Assessment to understand the student's linguistic background and academic history.
- Support English language development by leveraging the home language.
- Determines if additional supports (e.g., bilingual instruction) are needed.

Assessment Tools and Methods
Initial Identification: Home Language Questionnaire (HLIS), NYSITELL (New York State Identification Test for English Language Learners)

Informal Assessments:
Interviews with students and families in the home language, Review of prior academic records (if sent from other school/brought in)

Use of Native Language Assessments:
Less common, but may be used if available and appropriate.
Helps identify whether challenges are due to language acquisition or other factors.

Key Considerations Across Both Models
Cultural and linguistic responsiveness in assessment practices, trained bilingual staff or interpreters for accurate assessment, and use of assessment data to inform instruction

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

NA

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Co-teaching and collaboration among teachers for ELL programs happen in various ways:

- Coordinating thematic units and assessments in both languages.

- Ensuring consistency in academic expectations.
- Supporting translanguaging and cross-linguistic connections.

Teachers collaborate in the mornings to appropriately plan for lessons that will be taught that day/ week. Teachers have the opportunity to meet on Monday and Tuesday afternoons during professional development and parent engagement times allotted each week. Teachers share pacing calendars and lesson plans through Google Drive.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The annual professional learning plan ensures all staff are trained to support the academic and social-emotional needs of MLs/ELLs through inclusive, culturally responsive practices. Teachers receive targeted training on co-teaching strategies, integrating language and content, and differentiating instruction for multilingual learners. Administrators engage in leadership development focused on data-driven decision-making and equitable program implementation. Non-pedagogical staff participate in foundational sessions to foster welcoming environments and effective communication with multilingual families. Ongoing support includes coaching, PLCs, and SEL-focused workshops to sustain and refine instructional practices throughout the year.

The school's annual professional learning plan supports all staff in acquiring the tools necessary to support all learners, including MLs. For example, this year's focus is on refining curricular practices using the Project-Based Learning tools from PBL Works, which includes all areas of instruction and supports for MLs. All staff is a part of this training. Prior to this, the school spent an entire year, including after school, Monday PD, all learning days and common planning engrossed in learning how to implement Thinking Maps as a scaffold for both English and Spanish instruction across all content areas, which benefitted MLs the most as it provided the tools to access language through visual models.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school is partnered with Lehman College, as a Professional Development Site, and our professional development coordinator provides professional development around various topics related to ELL development, which support the certification renewal for all teachers.

To meet CTLE requirements under CR Part 154, our school ensures all certified staff receive ELL-specific professional development. Teachers with professional certificates, educational leaders, and Level III teaching assistants must complete 15% of their 100 CTLE hours (15 hours) in ELL-focused training. Bilingual and ENL-certified teachers are required to complete 50% of their CTLE hours (50 hours) in language acquisition and integrated content instruction.

Our annual PD calendar includes CTLE-approved workshops, PLCs, and ELL-focused training days. Topics include co-teaching strategies, scaffolding, and culturally responsive teaching. We collaborate with RBERNs and other

approved providers to deliver high-quality, standards-aligned sessions. Administrators also receive training to support ELL program implementation and instructional leadership. All CTLE hours are tracked through a centralized system to ensure compliance. Staff are regularly updated on their progress toward meeting certification renewal requirements. This system ensures that all educators are equipped to meet the academic and linguistic needs of multilingual learners.

As per CR Part 154.2, Professional Development for all ELL personnel that is specific to ELL topics will be 15% of their total hours of professional development and 50% for our ELL teacher. Our ELL teacher and Assistant principal attend district meetings and turnkey the information to the rest of the staff. Agendas and attendance sheets are kept on file for professional development sessions that are both in and out of the building.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use Acadience, MAP Growth, and Acadience to glean an understanding of how children are doing globally. Students are then grouped based on need and students who need extra support receive extra targeted instruction.

It is administered to determine independent and instructional reading levels, forms, and initial groups for reading instruction, plan efficient and effective instruction, and assist teachers in identifying children who need intervention. This type of assessment assists teachers in gathering valuable information about each child's individual processing strategies, fluency, and comprehension, granting them insight into how to target their teaching.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Targeted instruction includes Preventing Academic Failure (PAF) and Aprendo Leyendo for ELA, standards progression work in Math and project based learning with scaffolds for Inquiry.

Intensive targeted intervention is provided to support ELLS who are not showing sufficient progress on the skills and /or competencies measured. Academic Language is embedded to strengthen oral language instruction and build on language skills.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses a Multi-Tiered System of Supports (MTSS) to guide instruction for ELLs in grades K–5, grounded in the NYSED Instructional Leadership Tool and MTSS Guide for MLs/ELLs. All students are screened at the start of the year using culturally and linguistically appropriate assessments. In Tier 1, general education teachers provide high-quality, language-rich instruction with scaffolds and differentiation based on language proficiency data. Tier 2 offers small-group, targeted interventions co-designed by ENL and classroom teachers. Tier 3 provides intensive, individualized support with frequent progress monitoring and bilingual or ENL specialist involvement.

Data from NYSITELL, NYSESLAT, and classroom assessments guide instructional decisions at every tier. Collaborative data teams meet regularly to analyze student progress and adjust supports. School leaders use the Instructional Leadership Tool to ensure instruction is rigorous and inclusive. Teachers receive ongoing professional

development on co-teaching, scaffolding, and culturally responsive practices. Families are engaged throughout the process, with data shared in their home language and their input included in planning.

In grades K-2 teachers use Acadience to track students' progress and identify students' strengths and weaknesses three times a year. Teachers also use the end-of-module assessment for each module in the HMH units being taught. Teachers use the results of these various assessments along with formative assessments to track students' progress, create target groups, and implement various accommodations to help meet each student's needs to continue making the necessary progress.

In grades, 3-5 teachers use iReady to track students' progress and identify student's strengths and weaknesses three times a year. In grades 4 and 5 teachers also have access to previous year's ELA and Math state test results. Teachers also use the end-of-module assessment for each module in the HMH units being taught. Teachers use the results of these various assessments along with formative assessments to track students' progress, create target groups, and implement various accommodations to help meet the needs of each student to continue to make necessary progress.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Our school uses a variety of formative assessments to guide instruction and support ELLs' academic and language development. NYC Performance Tasks are used to assess students' ability to apply skills in real-world, standards-aligned contexts. ELL Periodic Assessments monitor English language development across listening, speaking, reading, and writing. HLA (Home Language Arts) assessments are used in bilingual programs to track literacy in students' home languages. The DRA (Developmental Reading Assessment) helps determine reading levels and inform small-group instruction. Teacher-created assessments, such as exit tickets and writing prompts, provide immediate feedback on student understanding. Curriculum-based assessments embedded in programs like iReady and Amplify offer ongoing checks for mastery. Data from these assessments is reviewed in PLCs and data meetings to adjust instruction and group students. These tools ensure instruction is responsive to both academic and language needs. Together, they support a comprehensive, data-driven approach to teaching multilingual learners.

Our school uses the HMH Growth Measure Reading Assessment to measure reading comprehension language arts skills and longitudinal progress. In Math, teacher-created chapter tests, performance tasks, and weekly constructed response questions are administered and used to monitor progress and proficiency in meeting the NYS Learning Standards for each grade. End-of-unit assessments, as well as teacher checklists, teacher-created assessments, rubrics, and quizzes, are also used to monitor progress in reading and writing. This data informs our school's instructional plan by revealing the trends in progress in reading and math levels being made by our ELL students at all grade levels and helps us pinpoint areas for improvement and interventions.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure MLs/ELLs are appropriately evaluated in their home languages, we begin with the Home Language Questionnaire and parent interviews to identify the student's primary language. Bilingual assessments such as HLA, LAS Links, or IPT are used when available to evaluate literacy and academic skills in the home language. In bilingual and dual language programs, ongoing formative assessments are conducted in both English and the home

language. Teachers create bilingual rubrics and tasks to assess comprehension and expression across languages. ENL and bilingual teachers collaborate to interpret data and ensure it reflects students' true abilities. Translanguaging is encouraged, allowing students to use both languages to demonstrate understanding. Family input is gathered to provide context on language use and development at home. Assessment data is used to inform instruction and support biliteracy growth. Evaluations are culturally and linguistically responsive to avoid misidentification. This comprehensive approach ensures that students' strengths in their home language are recognized and built upon throughout the year.

MLs receive iReady, HMH, and MAP Growth in both English and Spanish. When other content is tested in Math, students are able to choose which test they would like to receive and most tests are created bilingually for students to access both languages where needed.

We utilize the Spanish Lab to evaluate the home language of our ELL students. ELLs undergo an initial assessment during an informal interview in their native language. Teachers receive data on each student in the school, including their preferred language. We honor the preferred language by providing accommodations such as technological translation and additional resources.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

For grades K–5, our school uses several summative assessments to evaluate the effectiveness of our ML/ELL programs and guide instructional decisions. The NYSESLAT is the primary tool for measuring English language proficiency across listening, speaking, reading, and writing. Results from the NYSESLAT help determine ENL service levels and inform language instruction planning.

New York State ELA and Math assessments in grades 3–5 provide data on how well ELLs are accessing and mastering grade-level content. Performance trends from these assessments help adjust curriculum pacing, scaffolding, and instructional strategies. In bilingual programs, Home Language Arts (HLA) assessments are used to monitor literacy development in the students' home language.

These results support biliteracy goals and inform dual language curriculum planning. Teachers and administrators use the ELL Data Analysis Tool (EDAT) to track student progress, identify achievement gaps, and evaluate program effectiveness. This data is reviewed in grade-level and ENL team meetings to make informed instructional and curricular adjustments. Overall, these assessments ensure that our K–5 ELL instruction is data-driven, equitable, and aligned with both language development and academic standards.

NYSESLAT, ELA and Math state tests, MAP Growth Spring assessments and Acadience last screener to determine effectiveness of programming and curricular decisions to then plan for next year. This last set of data provides the school with information regarding which students progressed and did not, and supports the school in determining the curricular focus for the following year.

The summatice assessments used to evaluate the effectiveness of our ELL programs include the NYSESLAT and ELA. These results inform instructional design and other curricular decisions.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

NYSESLAT Administration Plan (Grades K–5):

1. Testing Schedule: The NYSESLAT is administered annually in the spring, following the NYSED testing window. A school-wide testing calendar is created to minimize instructional disruption.

2. Student Identification: The ENL coordinator generates a list of all current ELLs using the SIRS report and cross-checks it with classroom rosters to ensure no student is missed.

3. Test Administrators: Certified teachers trained in NYSESLAT administration—including ENL teachers, classroom teachers, and instructional specialists—administer the test. All staff involved complete NYSED's annual test security and administration training.

4. Scoring Team: Scoring is conducted by certified teachers who have completed NYSESLAT scoring training. Typically, ENL teachers and literacy coaches serve as scorers.

5. Testing Environment: Students are tested in small groups or individually, depending on grade and modality (speaking, listening, reading, writing), in quiet, distraction-free settings.

6. Instructional Continuity: A parallel schedule ensures that ELLs not testing on a given day continue to receive mandated ENL and core instruction. Former ELLs also continue to receive required support services.

7. Coverage Plan: Teaching assistants, subs, and support staff help supervise non-testing students, allowing ENL teachers to administer the test without interrupting services for others.

8. Communication: Teachers and families are informed of the testing schedule and purpose. Bilingual notices are sent home to ensure families understand the importance of the NYSESLAT. These mostly are delivered through our bilingual newsletter sent weekly.

9. Data Use: Results are used to determine ENL service levels, monitor language growth, and inform instructional planning for the following school year.

10. Oversight: The Assistant Principal or Testing Coordinator oversees the entire process to ensure compliance with NYSED regulations and equitable testing conditions for all ELLs.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures current and former ELLs receive appropriate accommodations for state assessments by maintaining updated records of eligible students and their required supports. Accommodations such as extended time, separate testing locations, bilingual glossaries, and translated directions are documented and planned in advance. All testing staff are trained annually to administer these accommodations correctly and equitably. The ENL coordinator and testing team monitor implementation to ensure compliance and effectiveness. Former ELLs in their two-year monitoring period also continue to receive allowable supports to ensure a smooth transition.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school plans to ensure that families of English Language Learners (ELLs) receive the required meetings specified by CR. Part 154 involves several vital components. Parent Orientation is scheduled within ten school days. We ensure that families receive necessary translation/interpretation support to meaningfully engage in the discussions by utilizing bilingual staff members or professional interpreters as needed.

We also provide translated materials and documents in the languages spoken by our ELL families. In addition to adequate translation services, we provide visuals on slidedecks for those who are new to reading and ensure that our school is a safe place!

These meetings typically cover:

1. Program Options: Explanation of English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language Bilingual Education (DLBE) programs.
2. Student Assessment Results: Including the NYSITELL or NYSESLAT scores.
3. Language Proficiency Goals: How the school supports English language development.
4. Parental Rights: Including the right to choose a program and request a transfer if a bilingual program is not available.
5. Academic Progress: Updates on the student's performance and integration.
6. Support Services: Information on tutoring, counseling, and other resources.

We have translation and Interpretation supports (Samara staff and also technology) to ensure meaningful engagement:

1. Translated Materials: All notices, letters, and meeting materials are provided in the family's preferred language.
2. Interpretation Services: Schools use in-person personnel or the DOE's over-the-phone interpretation service during meetings or Google Translate.
3. Language Access Coordinators: Each school designates a staff member to coordinate language access services. (Maria Vargas)
4. Scheduling to Facilitate Attendance

We take several steps to encourage family participation:

1. Flexible Scheduling: Meetings are offered at various times (morning, afternoon, evening) to accommodate work schedules.
- Multiple Formats: In-person, virtual, or hybrid meetings are available.

2. Reminders and Follow-ups: Families receive reminders via phone, email, or text in their home language. We use but are not limited to papers in backpacks, Remind App, Bilingual Newsletters, etc.

We also maintain evidence of meetings to comply with NYC DOE policy:

1. Sign-in Sheets or Attendance Logs: Maintained for each meeting.
2. Meeting Notes or Summaries: Documenting topics discussed and decisions made.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school plans to ensure that families of English Language Learners (ELLs) receive the required meetings specified by CR. Part 154. The LAP team meets with parents quarterly to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas.

These meetings are designed to:

1. Review the goals of the ELL program the student is enrolled in (ENL, TBE, or DLBE).
2. Discuss the student's language development progress in English and, if applicable, in their home language.
3. Share language proficiency assessment results, such as the NYSITELL or NYSESLAT.
4. Identify language development needs across all content areas (e.g., math, science, social studies).
5. Collaborate with families on strategies to support language development at home and in school.

Translation and Interpretation Supports to ensure families can meaningfully participate:

All meeting invitations and materials are translated into the family's preferred language and interpreters (Samara Staff) are provided during the meeting, either in-person or via DOE's interpretation services. Families are informed in advance that they can request interpretation in their preferred language.

To maximize participation:

1. Meetings are scheduled at times convenient for both families and school staff.
2. The meetings can happen on Zoom, etc.
3. Multiple reminders are sent via phone, email, or text, in the family's home language.

All meetings are documented.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

During initial meetings with parents, we ensure to become aware of their home language and document it so that we know how to best communicate with families. We have parents download Remind which is a parent to school direct communication app.

In addition to remind, our principal, Danielle Derrig writes a weekly newletter using S'more. She does this in both English and Spanish. he school provides a monthly newsletter to families about what each grade is learning in school during that current month. Within the newsletter the school also provides updates of things that will be happening at school during that month. Families of ELL students were invited for various workshops during the year to help families better understand and support the services being offered to their child at school. For example, a family workshop was given to explain the different modalities of the NYSESLAT test and
what is expected of the students for this test and how to understand results of the test.

For an example of newsletters, please reach out and I can provide one.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Families of ELL students were invited for various workshops during the year to help families better understand and support the services being offered to their child at school. For example, a family workshop was given to explain the different modalities of the NYSESLAT test and what is expected of the students for this test and how to understand results of the test.

In addition to this, the ELL teacher includes a blurb on the newsletter weekly. Families are consistently invited to multiple events throughout the year like Museum Day (they are included in this).

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school ensures that families of MLs/ELLs are aware of family leadership opportunities by having our parent coordinator send out emails, automated text messages, and newsletters and directly communicate with families. This ensures they know how to get involved in leadership roles within the school community.

In addition to the emails, etc. Our parent coordinator has a desk in the main office and is highly involved throughout arrival and dismissal so all parents know who she is.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We currently have culturally and linguistically responsive partnerships that support the needs of our school community, local organizations, and schoolwide events. These include community fundraisers, musical showcases, back-to-school events, math nights, literacy night, multiple school dances, and graduation events.. We collaborate with families from different backgrounds and provide access to resources in various languages, creating an inclusive environment that addresses the diverse needs within our school community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

To further highlight how our school supports Multilingual Learners (MLs)/ELLs, we implement a comprehensive, equity-driven approach that extends beyond instruction. We foster a culturally responsive school climate by celebrating students' home languages and cultures through bilingual events, multicultural curriculum, and family engagement initiatives. Our school also provides targeted support for Students with Interrupted or Limited Formal Education (though at this time we have no SIFE) and newcomer ELLs through personalized learning plans and social-emotional supports. We maintain strong partnerships with community organizations and Regional Bilingual Education Resource Networks (RBERNs) to enhance professional learning and access to resources. Additionally, we use data-driven reflection cycles to continuously evaluate and improve our ELL programs, ensuring that every multilingual learner thrives academically, linguistically, and socially.

In addition to the above, our Parent Coordinator will continue to assist in increasing parental involvement by translating letters in the parent's native languages, providing interpreters to assist in meetings, and sending weekly newsletter backpacked and via email about school events and activities to parents in different languages. Parents are invited to monthly meetings and workshops. We also disseminate important information and resources available to them in the community either by flyer, email, or a telephone messenger service (remind).

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Danielle Derrig, Tara Lozada, Janira Gonzalez, Kristina Bermudez, Mayra Cabrera, Oscar Mejia

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

To ensure that the identification process does not delay mandated instruction, there are many structures in place.

The Home Language Identification Survey (HLIS) is administered immediately upon enrollment.

If the HLIS indicates a language other than English is spoken at home, the NYSITELL (New York State Identification Test for English Language Learners) is administered within 10 school days (or 20 days for students with IEPs)

While awaiting test results, students are provisionally placed in an ENL program to ensure no interruption in services.
The school has a designated team to handle mid-year enrollments efficiently.

NYSITELL Testing Qualified ENL Teacher or Testing Coordinator administers the test within required timeframe.

IEP Review
Special Education Coordinator: Ensures testing accommodations are applied and timelines are met for students with IEPs

Program Placement:
ENL Coordinator & Guidance Counselor: Places student in appropriate ENL or bilingual program

Notification to Families:
Parent Coordinator: Provides translated placement letters and program options

Identification Plan for Students with IEPs
- Students with IEPs are given up to 20 school days for ELL identification to allow for appropriate accommodations 1.
- The IEP team collaborates with the ENL team to ensure the student receives both special education and ELL services.
- If a student qualifies as an ELL, the IEP is updated to reflect ENL or bilingual instruction as part of their mandated services.

Ensuring Continuity of Mandated Instruction:
Current ELLs continue receiving ENL/bilingual instruction as per their program model.
Former ELLs receive monitoring and support for two years, including access to ENL services if needed.
Instructional Schedules are reviewed regularly to ensure ELLs are not pulled from core content areas.
Progress monitoring is conducted through formative assessments and NYSESLAT results.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Danielle Derrig

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maria	Pons Vargas	Parent Coordinator - Annual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	0	0.00%	1	0.28%		
FRENCH	1	0.28%	1	0.28%		
ENGLISH	212	58.56%	206	58.19%		
SPANISH	149	41.16%	146	41.24%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

50

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

8

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

8

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Schedule:
The program will take place after school during the 2025–26 school year.

Activities:
English Language Learners (ELLs) will engage in enrichment activities focused on literacy supports, including guided reading, vocabulary development, writing workshops, and interactive language games. These activities are designed to enhance instructional opportunities by reinforcing reading comprehension, fluency, and written expression in English.

Student Grouping:
Students will be grouped by grade band level, consistent with the NYSESLAT (e.g., K–1, 2–3, 4–5). There will be 4–5 student groups, with the number of ELLs per group determined by enrollment and need. Grouping by grade band ensures developmentally appropriate, proficiency-aligned instruction.

Instructional Model:
Instruction will be delivered through small group and one-on-one instruction. A total of 8 teachers will provide personalized language development support tailored to students' proficiency levels.

Supervision:
Supervision will be provided by Danielle Derrig (Principal) or Tara Lozada (Assistant Principal).

Title III ELL funds will be used to compensate supervision performed outside their regular DOE administrative hours. Final confirmation of their regular workday hours and number of per-session supervisory hours will be documented as required by funding guidelines.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

1. Qualitative and Quantitative Data Analysis Supporting the Need:

Quantitative Indicators:
Research consistently shows that ELL students face challenges in achieving English proficiency, particularly in

literacy skills such as reading comprehension and writing fluency. Statewide assessments like the NYSESLAT often reveal that many ELL students require targeted support to meet grade-level English language benchmarks.

According to EDAT data, our ELLs are 87% Newcomers, so we need to have our afterschool program available to them. The 13% of the developing ELLS also benefit from this program using different scaffolds and text to prepare them for NYSESLAT testing and to further language acquisition.

Qualitative Observations:
Teachers and school staff observe that ELL students benefit significantly from extended learning opportunities where they can receive personalized language instruction in smaller groups or one-on-one settings. Feedback from educators and families highlights the need for additional literacy support outside regular school hours to help students overcome language barriers and fully engage with grade-level content.

2. Data Sources Used to Justify the Need:

In addition to using the EDAT, EDUR, and school specific NYSESLAT data we use research literature on common challenges faced by ELL students nationally and statewide. We also reference General NYSESLAT performance trends in the district 12, indicating ongoing language development needs, School staff and educator feedback on student progress and instructional needs, Parent and student testimonials and surveys emphasizing the value of targeted after-school support for language development.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

All MLL, including students also classified with disabilities across K-5.

About 50 ELLs are invited to the program.

Groups are currently banded K, 1, 2, 3-4, and 5.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Start and End Dates/Months:
January 2026 – Mid-May 2026

Total Number of Sessions:
Approximately 36 sessions (Tuesdays and Thursdays over ~18 weeks)

Days of the Week Program is Offered:
Tuesdays and Thursdays

Time and Duration of Sessions:
2:50 PM – 3:50 PM (1 hour per session)

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Instructional Model:
Instruction is delivered primarily through small group and one-on-one instruction. A total of 8 teachers facilitate personalized language development tailored to students' needs.

Language of Instruction and Home Language Support:
Instruction is conducted in English to support English language acquisition. Since most students' home language is Spanish, bilingual staff provide home language support as needed, including clarifications and dual-language materials, to help students and families engage fully.

Teachers use their formative and summative assessments to group students based on their needs and meet with small group students to meet these needs. Teachers are provided with resources for their ENL learners to implement in their groups as
necessary. For example, iPads with translation resources, phonics programs, graphic organizers, and glossaries.

The target language is English but Spanish and translanguaging are honored as well.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

8 Teachers

2 ENL certified
6 Bilingual Special Education certified
(a total of 8 teachers)

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The programming has not started yet but, these are some of the materials we are considering.

Types of Materials:
These books are used during instruction in the classroom as well as during after school programming.
The program utilizes a diverse range of instructional materials to support English language development and literacy, including:

- Big Books (from PAF and Scholastic)

- Small guided reading books (from PAF and Scholastic)

- Workbooks (school-made)

- ELL text sets (from Reading A-Z and NewsELA)

- Table-top mini-lessons (from HMH)

- Reading A-Z materials with ELL-specific supplements

- Bilingual dictionaries, glossaries, and bilingual texts to support Spanish-speaking students

- Print-rich, culturally responsive cross-cultural books organized in leveled or theme libraries

- Real objects (realia), pictures, and pre-reading activity materials to build background knowledge and aid comprehension

Titles and Publishers of Main Supplemental Materials:

Reading A-Z (Learning A-Z) — leveled texts and ELL supports

Big Books and guided reading series from various publishers such as Scholastic

Culturally responsive cross-cultural books from publishers like Lee & Low Books and HarperCollins

Bilingual dictionaries and glossaries from trusted educational publishers

Additional materials are updated annually to maintain culturally relevant and engaging content

Location Where Purchased Materials Will Be Stored:
All materials will be stored securely in the school's ELL resource room and classroom libraries designated for ELL instruction.

Use of Title III ELL Funds for Materials:
The majority of materials are purchased through the school's general budget or other funding sources. Title III ELL funds are used sparingly for materials and do not exceed 20% of the total Title III allocation, primarily to update culturally responsive resources and replenish consumables as needed each year.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parent/Guardian Notification:
Parents and guardians will be notified about the after-school ELL enrichment program through multiple channels to ensure clear communication:

Bilingual letters (English and Spanish) explaining the program's goals, schedule, and benefits will be sent home.

Notifications and reminders will be sent via the Remind app in parents' preferred languages.

Staff will be available to answer questions and provide additional information during parent meetings and school events.

Record Maintenance:
The school will maintain comprehensive documentation to support program accountability and compliance, including:

- A dedicated binder containing permission slips for student participation and other relevant documentation.

- Detailed attendance records for every session to track student participation.

- Assessment data collected at the end of each session to monitor student progress and inform instruction.

- Copies of all parent communications, including bilingual letters and Remind app messages, to provide evidence of notification efforts.

- Documentation of teacher certifications for all staff delivering the program.

- Records of parent engagement activities, such as workshops or meetings, including sign-in sheets and feedback forms.

- Logs of professional development activities attended by teachers, including dates and session content.

- Purchase orders, invoices, and receipts for Title III expenditures related to materials and program costs.

All records will be securely stored and organized for easy access during program reviews and audits.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

ELL teachers will receive PD in project-based learning with ENL supports, guided reading for ENL students and strategy groups for ENL supports during five PD sessions from Tara Lozada, AP and Kristina Bermudez, ENL Teacher in conjunction with PBL consultant from Buck Institute.

The rationale to provide these learning opportunities is to enrich instruction through project based learning.

All teachers on staff receive this training and then there are specific trainings for those participating in the after school programming. One of the topics to be covered, for example, is WITsi. Writing Is Thinking through strategic inquiry (WITsi) is an approach to closing literacy skill gaps through direct instruction in writing strategies across the curriculum, and embedding them in the work of inquiry teams who analyze student work to see how the strategies have performed, make adjustments, and select and design appropriate instructional responses.

By closing the literacy gaps throughout the year, when ELLs are tasked with rigorous after school programming, they will be better equipped to tackle these kinds of tasks. Another reason we support WITsi is that it can be done in any language and is highly customizable for each students' needs.

Another system we will train teachers to use is Thinking Maps. Using Thinking Maps with ELLs is a way to improve educational equity for English Language Learners (ELLs) and others with language-based learning challenges. Using Thinking Maps allows teachers to explicitly teach language through content, build Cognitive Academic Language Proficiency (CALP), and helps students with limited English proficiency access grade-level content and concepts. Thinking Maps are easily adaptable and support all English Language Development Levels. These trainings are given by our Teacher Trainers, Rubi and Claire.

The meetings are 45 mins to an hour and are after school throughout the year.

This is at cost to Title III.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Over the past three years, teachers have been deepening their practices in using Thinking Maps coupled with the supports from WiTSI to support making students thinking visible and in writing coherently with complex sentences. Teachers continue this work for the upcoming school year to further deepen the practice, which has demonstrated its success through continued success on the NYSESLAT writing component of the test.
This has been the need as evidenced in teacher PD surveys to continue to make thinking visible in both languages through more visual supports.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

PD sessions are designed for all teaching staff, including teachers participating in the Title III program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The meetings are 45 mins to an hour and are after school throughout the year. One Monday PD a month is dedicated to language development and Thinking Maps to deepen teachers understanding of how to use visuals for language acquisition and transfer. This supports teachers in making language comprehensible. There are ten sessions on Mondays for one hour each month starting in September 25 through June 26.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

WiTSI (types of sentences, how to support complex sentence structure formation in writing, how to plan a paragraph using the quick outline and how to use the quick outline to write the paragraph)
Thinking Maps (basic understanding of all 8 maps and the cognitive demands, how to increase language through maps, how to take ideas off the maps and into writing, cognitive language and linking words supports)

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Tara Lozada, AP
Rubi Brioso, Bilingual Model Teacher
Rosa Lopez, Bilingual Model Teacher
Natalie Kuhl, SPED Teacher
Janira Gonzalez, Literacy Coach

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All professional development logs are kept on file with the rolling professional development agendas.

We use paper attendance sheets and they are kept on file during the after school programming session. Attendance sheets include proficiency levels,

We also have bilingual parent letters informing parents of the Title III ELL program.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Families of ENL students will participate in three professional development sessions across the year targeted in working in tandem with tutoring teachers to increase literacy in both L1 and L2. Parents will receive a Remind notice, email and flyer.

We are committed to working together in a parent-school relationship with on-going, goal-directed communication and culturally responsive support. This shared responsibility seeks what is best for the academic success of students and families, both individually and collectively.

We are doing this by hosting math nights and literacy nights. Our math instructional coach, Ayanna McCullough has planned to host the committee of teachers to plan the math game night.
There are two time blocks and 6 sessions. They are after school and include everything from math games to ways parents can learn to tackle math homework. They are made bilingual using another staff member to translate and engage Spanish speakers. Currently, all parents speak either English or Spanish.

Parents are notified through many channels such as remind, flyers, and word of mouth.

We also provide a weekly newsletter that is written in Spanish and English! We include pictures of what their child is working on, things to do on the weekend, and any important information they need to know.

These activities are at no-cost to Title 3.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Many parents have joined us for read aloud and book clubs. Math night is also a heavily attended event where families play math games and learn how to support their child outside of school.

For the upcoming school year, we are going to begin normal programming to build community and engagement with our families through Literacy and Math nights alongside other activities in our new parent community room. We will also provide other workshops for parents via zoom to ensure all parents have the opportunity for engagement.

All requests are acquired through the beginning of the year parent survey, during PTA meetings with executive board and through any face-to-face meeting.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Ongoing throughout the year with two big events (Math and Literacy Family Night) and smaller one hour parent workshops throughout the year on a monthly basis. These events are held in January and February for two hours. There are three workshops held across the year for supporting literacy and language in November, March and May (25-26) for families held in the afternoon for one hour in person.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

How to support in Math, Literacy, Thinking Maps, talking to children, building self esteem, etc.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Teachers will sign up in committees to participate in parent engagement activities. The main providers include: Kristina Bermudez, ENL Provider and Mone Alvarez 2nd grade DL teacher and CB/ENL certified teacher. Teachers will be paid per session to conduct these workshops outside of school hours.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Remind, flyers, word of mouth, dismissal and arrival, posters.

All items are always send in parents HL and most of our staff is bilingual in English and Spanish. We speak to parents in their preferred language.

Attendance is recorded by our bilingual Parent Coordinator.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All activities documentation for family engagement will be held with the Parent Coordinator with agenda and sign in sheet in the family engagement binder for the year.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
