Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS463 Urban Scholars Community School

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Debra Jones	*Principal or Designee	
Gary Gonzalez	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Johanna Veras	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
Andrea Patterson	District Council 37 (DC 37) Representative (staff), if applicable	
Tanganika Mills	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for high schools)	
N/A	Student Representative (Required for high schools)	
Patricia Chavez	CBO Representative, if applicable	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Sabrina Serio-Pasquale	Staff	
Rosy Santos	Parent	
Maria Bisono	Staff	
Carla Harper	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

N/A	N/A	
N/A	N/A	
N/A	N/A	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Urban Scholars Community School is committed to providing an education of excellence that meets the needs of a diverse community of learners. All students will be supported and challenged to achieve their potential through hard work, collaboration and determination. Our culturally responsive curriculum emphasizes the development of strong literacy and numeracy skills and world knowledge needed to succeed as students and citizens of a global society.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Urban Scholars Community School is an elementary school located in the Morrisania section of the South Bronx, the poorest
congressional district in the country. We currently have 309 students in grades PreK-5. Ninety-nine percent of our families
are Economically Disadvantaged. 54% of our students are Hispanic/Latinx and 44% are African American. 23% are English
Language Learners and 25% are identified as students with special needs. Over one-fourth of our student population is
living in temporary housing and a growing number of them come to school with a variety of health issues such as chronic
asthma. In addition to health concerns, a significant number of students in temporary housing have patterns of chronic
absenteeism and may have repeated a grade prior to their enrollment at Urban Scholars Community School. Students in
temporary housing may also display one or more of the following characteristics: poor health and nutrition, lack access to
proper health care, anxiety, developmental delays, depression and low self esteem. As a community, we are diligent and
committed to offering our students a welcoming environment where their needs for food, clothing and related supports and
services are readily accessible. We are able to acquire needed resources and support form our Community Based Organizations, Eastside House Settlement and Partnership With Children.

Briefly summarize the key initiatives your school will implement this school year.

For the 2025-26 school year our students will participate in the following initiatives:

-My Sisters Keeper
-Peer Mentoring
-Student Council
-Kinder Dance
-Student Council

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Into Reading	K-5	Print and Digital	
Illustrative Math	K-5	Print and Digital	
Fundations	PreK-2	Print and Digital	
Heggerty	PreK-2	Print and Digital	
Creative Curriculum	PreK	Print and Digital	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students are not mastering the foundational skills that they need to become proficient readers. 31% of students were at benchmark (Reading Composite Score)	Teachers need to provide targeted instruction to students in small groups to help them master the standards needed to become fluent readers.	Professional development from a literacy expert is needed for all teachers in grades PreK-2.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	31	By June, 2026, literacy for all students will improve, as measured by a 14% increase, from 31% to 45%, in the percentage of students scoring at or above benchmark on the Acadience Screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers will review how to assign essential literacy skills that students will be progress monitored for during each cycle.

Root Cause Addressed:

Teachers will be able to tailor their instructional practices to meet the needs of the students in the area of phonics and phonemic awareness.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Grades K-2 teachers will receive professional development on how to align their instructional practices to meet the needs of students who are identified as needing Tier 2 and Tier 3 intervention.
Students who are identified as being in Tiers 2 and 3 will receive intervention from one of our interventionists.
Teachers will use Heggerty, Fundations and Just Right Readers for daily small group instruction.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will administer the Acadience Universal Screeners to determine which students need to take the diagnostic. Diagnostic results will be analyzed and the data will be used to plan small group lessons in which students will receive support in phonics and phonemic awareness.

The literacy coach, interventionist and SEIT teacher will provide Tier 2 and 3 support to identified students. Progress monitoring will take place bi-weekly during instructional time and results will be reviewed bi-weekly to insure that the instructional practices are aligned with the students needs.

During grade team meetings, teachers will analyze progress monitoring data and discuss what instructional practices are needed to accelerate instruction. These sessions will be led by our PreK-2 literacy coach bi-weekly.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Parent Teacher Conference-PreK-5	
10/06/2025	12/19/2025	Family literacy workshops	LEAP
10/06/2025	12/05/2025	Family literacy workshops facilitated by the literacy coach, lead teachers and interventionist	
11/06/2024	11/06/2024	Parent Teacher Conference Prek-5	
11/10/2025	04/30/2026	Family literacy workshops	LEAP
01/12/2026	04/30/2026	Family literacy workshops facilitated by the literacy coach, lead teachers and interventionist	
03/19/2026	03/19/2026	Parent Teacher Conference Prek-5	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, Interventionist K-2, Acadience Mentor

Instructional Resources

Acadience Platform, Fundations, Heggerty, Just Right Readers

Schedule Adjustments

Intervention periods for students in grades K-2

Other Resources Needed

Per session for planning

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to our 2025 OORS data, students are being physically aggressive when trying to resolve conflicts.	Our students need support in how to manage their emotions and to resolve conflict without being physically aggressive. According to our OORS data, 25% of our incidents are identified as Code A18, engaging in inappropriate or unwanted physical contact or touching someone in a private part of the body.	Students require targeted instruction and practice in social emotional learning skills and strategies to manage emotions effectively and avoid inappropriate physical contact.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	25%	By June 2026, physical and mental wellness for all students will improve, as measured by a 10% decrease, in the number of Code A18 infractions from 25% to 15%, as per the Online Occurrence Reporting System.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Guidance counselor and Partnership with Children social worker will facilitate social emotional lessons with students in order to teach them how to manage their emotions and also how to resolve conflict without being physically aggressive. Teachers will also participate in professional development sessions on how to de-escalate aggressive behaviors when they arise.

Root Cause Addressed:

Students are becoming physically aggressive when conflict arises with their peers; thus leading to them having physical altercations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Guidance counselor and PWC social worker will facilitate lessons with students on how to manage their emotions and how to resolve conflict without being physically aggressive.
Guidance counselor and PWC social worker will facilitate professional development sessions for staff members to teach them how to de-escalate student conflict.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In the beginning of the school year, we will have one of our CBO's, Partnership with Children facilitate a series of sessions on how to de-escalate aggressive behavior when a student is in crisis. Based on our OORS data, 25% of our incidents are Code 18's in which students are involved in unwanted physical contact. We want to decrease that number by 10%. We also know that the majority of incidents occur in the classroom, so we need to train our teachers on how to de-escalate conflict. A decrease in incidents should lead to raising academic achievement because students will be calm and can focus on their learning.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	09/19/2025	Getting to Know you sessions-families will complete surveys asking specifics about their child's interest, likes and dislikes	Partnership with Children, Teachers
10/06/2025	11/21/2025	Families will participate in Social Emotional Workshops facilitated by our social worker from Partnership with Children and our guidance counselor	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Partnership with Children Social Worker, Guidance Counselor

Instructional Resources

4R's Curriculum

per session for guidance counselor

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Teachers must ensure that students are proficient in Mathematics grade level standards by the end of the school year. According to the 2025 iReady Diagnostic Assessment data, 41% of our students in grades 3-5 are performing two to three grade levels below in Mathematics.	The causes for grades 3-5 students performing below grade level is limited to prior exposure to rigorous, conceptual math instruction and teacher training on scaffolding strategies and differentiated instruction for struggling learners within the Illustrative Mathematics curriculum.	Students in grades 3-5 require intensive, targeted interventions focused on building foundational math skills through rigorous instruction. Teachers need professional development on scaffolding strategies and differentiated instruction within the Illustrative Math curriculum.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	41%	By June, 2026, the Percentage of students in grades 3-5 scoring two to three grade levels below in Mathematics will decrease by 10%, from 41% to 31%, as measured by the iReady EOY Mathematics Diagnostic Assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers in grades 3-5 will receive professional development on how to use the Illustrative Math Curriculum. Teachers will also use the iReady platform to assign standards based lesson to students during center time.

Root Cause Addressed:

41% of students in grades 3-5 are two to three grade levels below in Mathematics according to the iReady Diagnostic.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers in Grades 3-5 will receive professional development on how to use the Illustrative Math Curriculum for their daily instruction.
Teachers in Grades 3-5 will assign standards based lessons to students on the iReady platform
Teachers will facilitate small group lessons daily in order to address the gaps..

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Currently, some of our teachers in grades 3-5 are participating in a professional development series on how to teach mathematics using the Illustrative Math curriculum. Teachers are also refining their practice on how to analyze data and group students for effective small group instruction.

Priority 3 Family and Community Engagement

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the NYC Rise Platform, only 44% of our families have set up accounts for their students.	More parents need to apply for the Save for College Program. Parents are lacking awareness of the NYC Kids Rise Save for College Program.	Parents need to have additional informational sessions and apply to the program. NYC Rise needs to provide more on-site support.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44%	By June 2026, the percentage of active NYC Rise college savings accounts for students in grades K-4 will Increase by 10%, from 44% to 54%, as measured by the NYC Rise Enrollment Reports.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will plan Save for College events that will take place at least five times during the school year. We will invite the members from the NYC Rise office to facilitate enrollment sessions for our families.

Root Cause Addressed:

Only 44% of our families have completed the enrollment process.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
A minimum of five Save for College enrollment events
Kindergarten families will sign up when registering their child for school
NYC Rise staff will facilitate enrollment events during the school year

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

According to the NYC Rise platform, only 44% of our parents of students in grades Kindergarten-3rd have set up their accounts. Our parent coordinator and guidance counselor will host a series of informational sessions in order to get the parents to sign up. Students will receive an incentive once the parents sign up. The data for each class will be reviewed bi-weekly.

Priority 4 Family and Community Engagement

Family and Community Engagement

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Teachers need to meet with parents monthly during the school year in order to communicate areas of academic progress and areas that need improvement.	Parents are only meeting with teachers during the parent teacher conferences during the school year.	Parents need to communicate with their child's teacher monthly.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	86%	By June 2026, the percentage of families that respond, if they suspect their child needs additional learning supports and services, they know the next steps to get support at the school will increase 5%, from 86% to 91%, as measured by the NYC Schools Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parents will have the opportunities to meet with their child's teacher a minimum of five times during the school year. This will give them the opportunity to discuss their child's strengths and weaknesses and get additional support if needed.

Root Cause Addressed:

Parents need to know the steps to ask for additional support for their child(ren).

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Build in 3 additional opportunities for parents to meet with their child's teacher to discuss their academics and next steps.
Discuss at-risk students and their needs at our weekly SIT Team meetings in order to get input and support for the students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will meet with parents of at-risk students an additional three times during the school year. These sessions will be in person and the parents will be able to review student work and ask specific questions about the students progress. Teachers will also present student data at the SIT Team meetings in order to get input from the team and learn about additional supports. The teacher will then communicate this information to the parents.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Our chronic absenteeism rate is 39%.	Parents are not sending students to school due to family issues, such as food insecurity and lack of clean clothing.	Provide families with food as needed and also offer items to clean clothing.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	90%	By June, 2026, the Percentage of absent students for All Students will decrease by 3%, from 90% to 93%, as measured by the New Visions Absenteeism Report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Every grade level will be assigned a Success Mentor to support and monitor student attendance. Success mentors will provide outreach to the families as well to identify barriers and offer support where needed.

Root Cause Addressed:

Parent Coordinator and CBO Director will conduct outreach to identify families in need of food and laundry supplies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
East Side House Settlement will distribute food weekly to families.
Loving Laundry will be contracted to provide laundry service to identified families.
Family support meetings/check ins will be facilitated by the Success Mentors
Success Mentors will meet weekly to discuss students and identify and additional supports needed to improve their attendance

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance will be reviewed weekly during our attendance meetings. Home visits will be conducted if necessary and parents will also be referred to outside agencies for assistance if needed. Daily phone call to absent student's parents will be made by 10am. Students are encouraged to come to school even if they are late.

Families will be given a list of food pantries in the neighborhood to assist with food insecurities. Parent coordinator will work with Loving Laundry to identify and sign-up at least 25 families.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	09/03/2025	Back to School attendance meeting for families of students that are chronically absent	East Side House Settlement

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

We will continue to strenghten our staff's expertise in developing Specially Designed Instruction to meet individual student needs. We will do this by...

1. Creating schedules to foster collaboration between teachers, related service providers and other special education staff to ensure a shared understanding of the students needs and goals.

2. Providing ongoing training for teachers on effective instructional strategies and differentiated instruction.

3. Actively involving parents in the IEP development process to levergae their insights and supports from home.

4. Organizing grade team meetings so data is consistently analyzed to inform instructional strategies and IEP goals.

Root Cause Addressed:

1. Staff has limited understanding of Specially Designed Instruction.
2. In addition to IEP reviews, we need to build in time to conduct SDI walkthroughs.
3. Teachers need to be invited to SIT meetings and participate in IEP reviews.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
We will conduct professional learning sessions related to SDI at the start of the year to all Special Education Staff. We will follow up sessions with SDI walkthroughs to ensure teachers are implementing what they have learned.
We will create a schedule to inform teachers of when SDI walkthroughs will take place as well as when they will particpate in IEP reviews.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring will take place in the Progress Reporting Tool is the iPlan Portal.

When conducting SDI walkthroughs, we will use a checklist.

Our Professional Development calendar will house all professional learning sessions offered throughout the year.

Our SIT agenda will indicate teacher's invitation to review IEPs.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Reporting of the progress of IEP goals during each marking period.	Special Education Teachers
09/04/2025	06/26/2026	Parent Learning Sessions	District, Staff members (D75 and NYCA Charter) that our co-located in our school, Special Education Liaison.

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Liaison, District Special Education Team Member, Guidance Counselor, Social Worker

Instructional Resources

Specially Designed Instruction Checklists

Schedule Adjustments

Horizon Team Meetings, Grade Level Planning Meetings, Weekly SIT Meetings, Parent Support Meetings

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students in the lowest 40th percentile according to Fundations assessments.	Fundations (Double Dose)	Small Group	During School	No
Tier 2	Students in the lowest 40th percentile according to Acadience Screener	Sound Partners	Small Group (Grades K-2)	During School	No
Tier 2	Students who need additional instruction with phonological awareness and alphabet knowledge	Sound Sensible	Small Group (Grades K-2)	During School	No
Tier 2	Students who fall 2 or more levels below according to IReady ELA data.	SPIRE	Small Group (Grades 3-5)	During School	No
Tier 2	Students who fall 2 or more grade levels below according to IReady math data.	Targeted Math skills Group	Small Group (Grades K-5)	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	OORS Infractions	Social Skills Group	Small Group/and or peer assistance	During school	No
Tier 2	Students who do not respond to classroom interventions	Mentoring	One to one sessions with various staff members.	During school	No
Tier 3	Students who do not respond to small group interventions	At-Risk Counseling	One to one sessions with guidance counselor or social worker.	During School	No
Tier 3	OORS Infractions	Check-in/Check out	One to One	During	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The MTSS framework is published in the Family Handbook. If a student is in need of tier 2 or tier 3 instruction, families receive a letter from the assigned interventionist.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families receive progress reports. During Parent Teacher Conferences, teachers and interventionists share student work, rate of progress and goals with families.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families receive resources (Websites and community services)

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Doubled Up-33
Shelter-19
Other Temporary Situation-5

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Academic struggles, emotional and mental health challenges, Attendance issues, parental challenges

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

We will provide all students in temporary housing (STH) with... -School bags containing necessary school supplies, personal
health and hygiene products and clothing (uniforms, coats). -Designated members from the attendance team will be assigned specific students and families to provide specific support when it comes to attendance and vital

information for
student success such as, setting up NYCSCHOOLS accounts, registration for Summer Rising and other programs and
services. -Parents/guardians will receive gift cards to essential community businesses such as supermarkets.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Total-5

Social-emotional:
Guidance Counselor provides at-risk counseling
Partnership with Children, our Mental Health Organization, provides student and family therapy.

Academic-
America Reads/Counts Tutors work with students individually and in small groups
Students received targeted academic support in tier 2 and 3 from an interventionist

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Dedicated school liaison, staff receives training on trauma-informed practices, at-risk counseling, Parent/caregiver workshops, access to community resources

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Academic struggles, emotional and mental health challenges, Attendance issues, parental challenges, transitional needs

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At-risk counseling from guidance counselor or Partnership with Children addresses emotional and psychological challenges, helping students process their experiences. Personalized academic support such as learning plans, tutoring and mentoring help students catch up academically, resulting in fewer behavioral or emotional outbursts.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Students will attend after-school and they will receive standards based instruction based on their needs. Lessons and
materials will be differentiated to ensure that they are working towards meeting their grade level standards. Students also
participate in enrichment activities in the arts, sports, and a wide range of other areas based on student interests.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

All of our teachers are NYS certified. Should we be presented with vacancies, we will create job postings to match the license requirements of each position and ensure that appropriate staff members are encouraged to apply

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Teachers will plan their lessons based on current data and use resources that are aligned to the curriculum used during the
regular school day. Teachers will instruct students use best practices and will participate in articulation sessions with the
classroom teacher. In many cases the teacher providing instruction during ELT is the core academic instructor teaching the
course during the school day, however in the case where and ELT teacher is not the core academic instructor of the subject
or grade, the appropriate teacher will provide curriculum maps and they will have access to schoolwide data tracker to plan
for student needs.

Provide a description of the materials purchased to support implementation of ELT.

Research based programs
Enrichment-STEM, sports

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Urban Scholars Community School will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
? hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
? encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
? supporting or hosting Family Day events;
? establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
? encouraging more parents to become trained school volunteers;
? providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
? developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
? providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Urban Scholars Community School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers will participate in professional development session every Monday. During these sessions that will continue to learn how to make adjustments to their lessons based on data, make revisions to the curriculum to ensure that it is culturally relevant and they will also learn how to make their lessons more rigorous as well. Educational assistants will always participate in the training so that they can support the students that they work with.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

During the school year, our PreK teachers attend all Kindergarten professional development sessions so that they are knowledgeable about what students need in order to be successful in Kindergarten. The PreK teachers have also done Heggerty this year so that their students phonemic awareness and phonics school are strengthened. Every June, the PreK teachers articulate with the Kindergarten teachers about their students who will remain in our school and during this time records are exchanged. For the 2025-26 school year, PreK teachers will use Fundations for phonics instruction.

Parents of our PreK students are invited in at the end of the school year to tour our Kindergarten classes. They are given the space to ask questions and voice any concerns. During this time, the flow of the day is reviewed and the academic expectations are discussed.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	0	X	N/A
Title I, School Improvement 1003(a)	Federal	0	x	N/A
Title II, Part A	Federal	0	x	N/A
Title III, Part A	Federal	0	x	N/A
Title III, Immigrant	Federal	$12,000	X	Sections 1,2,3
Title IV, Part A	Federal	0	x	N/A
Tax Levy (Fair Student	Local	0	x	N/A

Funding)				
Title III LEP Carryover	Federal	$8,000	X	Sections 1,2,3

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
East Side House Settlement	PreK-5	Attendance/Family Engagement	Attendance-Decrease number of chronically absent students by 10%-from 39% to 29%.
Partnership with Children	K-5	Counseling/Student Support	Counseling-Provide at-risk counseling for more students. Currently we only have 5 students receiving at-risk counseling.

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Our CBO's, Eastside House Settlement and Partnership with Children are an integral part of our school community. They provide our families with needed supports, such as clothing, food and housing assistance. They facilitate monthly workshops and they also bring in sub-contractors to work with our families.

Eastside House is responsible for our after school program, Kiwi Academy. They ensure that our students are exposed to various art forms, as well as photography and media classes. Our CBO director facilitates our MSK group and works with our girls to build self-esteem. Eastside House has also established a pantry in our school and our parents receive groceries every Tuesday. In addition, parents are also given gift cards to purchase groceries.

Partnership with Children provides counseling and social emotional support to our families. They have also written grants that have given our students the opportunities to participate in music and dance clinics throughout the year.

Our SW from Partnership with Children also had a Parenting Journey series in which parents/caregivers explored how their past experiences shape and impact their parenting. At the end of the 12 week course, we had seven graduates.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The goal of the partnerships that we bring in to support our families are to teach them something new and to enrich their lives. We have a partnership with Wellness in the Schools, and our families learned how to prepare delicious healthy meals and shop for nutritious inexpensive groceries. Our parents also participated in the FEAST Program where they cooked healthy meals and also received a stipend after each session. They received a certificate of completion at the end of the 15 sessions.

Every year our families are surveyed and asked what kind of workshops they want to participate in. They are always looking to do hands on activities (Jewelry making, crocheting, scrap-booking). We use LEAP for these workshops.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

We have a partnership with the Food Bank of NY (Cook Shop) and Wellness in the Schools. Both of these programs provide our students and families the opportunities to prepare healthy meals and eat them. Our Farm to Table Initiative give our students to grow different herbs and use them to prepare healthy dishes. Our teachers are the facilitators of this great program.

We use the 4R's curriculum from Morning Side Alliance for our social emotional program. Students are taught how to self-regulate and develop critical skills including empathy, community building and conflict resolution.

Our students begin and end the day with restorative circles. They are given the space to share how they are feeling about certain topics and to have discussions with their peers and teachers. All of our teachers are trained to facilitate these activities.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Our CBO partners are also Success Mentors. We use the New Vision portal to monitor attendance patterns. When students are having attendance issues, our CBO meets with the parents to get to the root cause. If parents need metro cards, housing assistance or clothing, it is provided by our CBO. Our CBO has been able to purchase furniture and other household items for our families.

Having our CBO partners as Success Mentors allows them to get to know our families very well. They are able to provide them with needed supports that should help the child's attendance to improve.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our CBO will ensure that our students and families receive differentiated and culturally responsive supports via the activities, trips and workshops that are offered. Our parents are surveyed every year about what classes and other

workshops they want to participate in at school. There is always translation at all of our workshops so that our parents are able to actively engage.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Debra Jones
Assistant Principal (Where Applicable)*	Maria Bisono
English as a New Language (ENL) Teacher*	Starkeisha Steadman
Teacher (if school has a bilingual program must be a bilingual teacher)*	Lany Matos
Parent/Guardian*	Vanessa Cantres
Teacher	N/A
Parent Coordinator	N/A
School Counselor	N/A
Related-Service Provider	N/A
English as a New Language Teacher	Belkis Pena
Other (Name and Title)	N/A

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

286

Total number and percentage (%) of current ELLs:

43, 14.63%

Total number and percentage (%) of former ELLs:

14, 5.92%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

36, 86%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

6,14%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0, 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0, 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

11, 28%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our school offers a stand-alone ENL model for students in grades K–4, all of whom are enrolled in Dual Language classrooms. Within this structure, our ENL students travel in consistent groups with their grade-level peers, which allows for efficient scheduling and consistency of support across all subjects.

To ensure full compliance with Part 154 regulations, we provide ENL instruction based on each student's English language proficiency level as determined by the NYSITELL or NYSESLAT assessments. All ENL students receive their mandated instructional minutes through a combination of stand-alone ENL instruction and integrated supports from both ENL teachers and classroom teachers.

Entering and Emerging level students are pulled out for stand-alone ENL instruction for 180 minutes per week by one of our two certified ENL teachers.

Students are grouped by grade band to promote appropriate peer interaction and streamline instruction:
First and second graders are banded together for stand-alone ENL services.

Third and fourth graders are grouped similarly for their own instructional block.

This small-group instruction is designed to build foundational skills in listening, speaking, reading, and writing, with targeted language objectives aligned to both the NYS Next Generation Learning Standards and the students' content-area curriculum. Lessons incorporate visual supports, sentence stems, modeling, interactive activities, and explicit vocabulary instruction to support academic language development in a culturally and linguistically responsive environment.

In addition to stand-alone services, classroom teachers collaborate with ENL teachers to ensure that integrated language support continues within the Dual Language setting. This includes using scaffolds, academic language objectives, and differentiated materials during content instruction in both languages.

Instructional minutes and student groupings are carefully tracked by the Assistant Principal, and schedules are reviewed regularly to ensure ongoing compliance and to adjust for any changes in student placement or proficiency level throughout the school year.

Integrated ENL:

During Integrated ENL time, instruction is co-planned and co-delivered with classroom teachers and includes the use of sentence frames, academic vocabulary scaffolds, modeling, guided writing, visuals, and speaking opportunities. Instructional focus is aligned with both the Next Generation ELA Learning Standards and the language goals outlined in each student's ENL plan.

Our service minutes by proficiency level are as follows:

Entering:
Stand-Alone ENL: 180 minutes/week
Integrated ENL: 180 minutes/week

These students receive the most intensive support, with direct instruction in foundational English and targeted support during ELA and writing instruction.

Emerging:
Stand-Alone ENL: 90 minutes/week
Integrated ENL: 180 minutes/week 1unit (180 minutes/week) of the integrated ENL instruction occurs in the ENL/ELA setting and not other content areas.

These students are building on early proficiency and benefit from ongoing language scaffolds in content areas.

Expanding:
Integrated ENL: 180 minutes/week
These students require fewer basic supports and instead focus on developing academic discourse, complex sentence structures, and writing for a variety of purposes.

Transitioning:
Integrated ENL: 90 minutes/week-0.5 unit (90 minutes/week) of the integrated ENL instruction occurs in the ENL/ELA setting and not other content areas.

These students are nearing proficiency and benefit from targeted support during writing and close reading to refine their academic language.

Commanding (Former ELLs):
Former ELLs will continue to be entitled to ENL instruction as per CR Part 154 for 2 years after testing out. They participate in Project-Based Learning (PBL) activities and are given access to scaffolded supports within the classroom as needed. Teachers continue to monitor their performance and provide language-rich tasks to maintain and deepen their academic English skills.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Currently we have one dual language class in each of the following grades K, 1, 2, 3 and 4. Students are placed into these Dual Language classes by mixed proficiency levels.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school takes a structured and collaborative approach to ensure that all English Language Learners (ELLs) are programmed to receive the mandated number of instructional minutes each week in accordance with New York State Part 154 regulations. Students' instructional requirements are determined based on their most recent NYSESLAT or NYSITELL scores, which indicate their English language proficiency level (Entering, Emerging, Transitioning, Expanding, or Commanding).

The ENL teacher carefully reviews each student's RLAT (Recommended Language Allocation Table) and works collaboratively with classroom teachers, across Dual Language, General Education, and Special Class settings, to create an instructional schedule that ensures each student receives the correct combination of stand-alone and/or integrated ENL minutes. Once the ENL teacher and classroom teachers establish a draft schedule, the administrator in charge of programming reviews all schedules and verifies that each student is receiving the required number of minutes, instruction is delivered in the appropriate setting (stand-alone or integrated), student groupings are appropriate for language development and schedules are accurately entered in STARS in compliance with CR Part 154.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Entering students receive 180 minutes of stand alone and 180 minutes of integrated ENL in ELA instruction each week.

Emerging students receive receive 180 minutes of integrated ENL in ELA and 90 minutes of stand alone along with 90 minutes of either stand alone or integrated.

ELLs at the transitioning level receive 90 minutes of integrated and 90 minutes of either stand alone or integrated ENL each week

ELLs at the expanding level receive 180 minutes of integrated ENL instruction each week.

ELLs at the commanding level receive 90 minutes of integrated ENL instruction each week.

Schedules and minutes are entered into STARS classroom by our Assistant Principal to ensure all the mandated minutes are met.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school implements the Self-Contained Dual Language Bilingual Education (DLBE) model, in which the Dual Language Classroom includes a balanced ratio of approximately 50% English-proficient students and 50% English Language Learners (ELLs) whose home language is Spanish. This intentional composition ensures that students serve as linguistic models for one another, creating a collaborative, language-rich learning environment that promotes biliteracy, bilingualism, and cross-cultural understanding.

In this model, English proficient students and ELLs are fully integrated throughout the entire instructional day, meaning they learn together in both languages rather than being separated by language proficiency level. Instruction is delivered in both English and Spanish, following a 50/50 model in which approximately 50% of instruction is conducted in English and 50% in Spanish across content areas. This balanced approach allows students to develop high levels of proficiency in both languages, while accessing rigorous academic content aligned with state standards.

Dual Language teachers strategically plan and differentiate instruction to ensure that language objectives are embedded within content instruction, and that both English-dominant and Spanish-dominant students are supported in developing their second language through authentic academic tasks, cooperative learning, and scaffolded support. The ENL teacher also collaborates with classroom teachers to provide integrated ENL instruction, ensuring that ELLs meet both language and academic learning goals while remaining fully included in the classroom community.

This integrated model fosters equity, access, and high expectations for all learners, and supports long-term academic success and cultural pride in both language groups.

b. In which language(s) is each core content area taught?

Grades K-2 are taught Social Studies and Science in Spanish and ELA and Math in English. Grades 3-5 are taught ELA and Social Studies in English and Math and Science in Spanish.

***At our school, the language of instruction for core content areas in the Dual Language Bilingual Education (DLBE) program is strategically designed to ensure students develop strong academic skills in both English and Spanish, while also building cross-linguistic connections and cultural understanding. The distribution of content areas across languages varies by grade band to support developmental and linguistic progression.

Grades K–2:
Social Studies and Science are taught in Spanish, providing students, especially Spanish-dominant ELLs, with rich opportunities to develop academic vocabulary and content knowledge in their home language.

English Language Arts (ELA) and Math are taught in English, allowing English-dominant students to access foundational literacy and numeracy in their stronger language while their peers simultaneously acquire academic English.

This language allocation helps support early biliteracy development by grounding each group of students in both languages across meaningful academic content.

Grades 3–5:

English Language Arts (ELA) and Social Studies are taught in English, building on the reading and writing skills established in the early grades while strengthening students' ability to express complex ideas in English.

Math and Science are taught in Spanish, providing continued opportunities for students to deepen their academic Spanish proficiency and use content-specific language in authentic, problem-solving contexts.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Currently, approximately 86% of our ELLs are Newcomers, defined as students who have been in the United States for less than three years and are typically at the Entering or Emerging proficiency levels. The remaining 14% of our ELL population is composed of Developing ELLs (Transitioning/Expanding) and Long-Term ELLs who have received ENL services for six or more years without reaching Commanding proficiency.

Effective language strategies such as wait time, repetition and visual representations are frequently used. Technology and peer support are used to help students take risks. Students use technology applications such as, Flipgrid to create and record presentations. To facilitate collaboration and communication, students are paired up to support newcomers by translating for teachers or helping them to acclimate to their new school environment. Developing-Meaningful and approachable texts: Teachers use texts that have a lower linguistic demand but explore topics that are of interest to older students and reflect their interests and emotional and social lives. Use of technology: Teachers expose students to software that allows them to create authentic materials, such as comic strips, books, albums, websites, podcasts, and blogs to support their progressing language abilities and provide a creative outlet for students to express themselves. Heterogeneous groupings: Developing MLLs/ELLs are paired with Newcomers who share the same home languages. The Newcomergets language support and a student perspective, the Developing MLL/ELL is able to dive deeper into the content by breaking it down for a peer. Developing MLLs/ELLs are also paired with LongTerm MLLs/ELLs, Former MLLs/ELLs, and monolingual students in collaborative work, as they learn from each other's points of view. Long Term-Teachers use a gradual release of responsibility model of instruction. which begins with teacher modeling and visual and verbal scaffolds and continues toward student independence with cooperative learning and partner workTeachers build spaces for students to create and reflect upon goals. They help students select and set goals for reading, writing, language, speaking, and behavior, and DBN: 12X463 143 of 188 School: URBAN SCHOLARS COMMUNITY SCHOOLthen reflect on them at set intervals. Teachers provide curricular materials that are connected to students' backgrounds and interests. Teachers embed opportunities for structured oral language development (public speaking, presentations, role play, sentence frames) to develop academic oral language.Teachers expose students to vocabulary and language structures they are expected to use in the content areas: Teachers build on and extend their students' languaging, by writing content and language objectives for their lessons.

***At our school, our English Language Learner (ELL) population is diverse and includes students across all stages of English proficiency and varying educational backgrounds. Our ELL subgroups consist of Newcomers, Developing ELLs, and Long-Term ELLs (LTELLs).

Instruction for Newcomers is focused on building basic interpersonal communication skills (BICS) as well as foundational academic language and literacy in English. They receive instruction targeting vocabulary, phonemic awareness and high-frequency sentence structures. Visual supports, bilingual resources, and realia are used to connect new concepts to prior knowledge. Opportunities for listening and speaking is provided. We also incorporate language-rich routines and sentence frames to promote early communication and confidence.

Developing ELLs and Long-Term ELLs require a different instructional approach. These students are often proficient in social English but struggle with academic discourse, writing fluency, and advanced grammar. Effective instruction for them includes scaffolded instruction within content areas, especially in writing and vocabulary development. Direct instruction in academic language, including transitional phrases and content-specific terminology. Opportunities for extended writing, peer dialogue, and project-based learning. Feedback and conferencing that focuses on improving sentence structure, organization, and word choice.

Instruction is differentiated by proficiency level and is aligned with New York State English as a New Language (ENL) standards, ensuring each subgroup receives the targeted support they need to succeed academically and linguistically. Teachers also use formative assessments and language progress monitoring tools to adjust instruction in real time and provide equitable access to content across all ELL subgroups.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to the Spring EDAT, there are 0% of student with inconsistent/interrupted formal education (SIFE). However when these students arrive to our school, they often face unique challenges related to literacy, academic readiness, and adjustment to school routines.

Effective instruction for SIFE students is differentiated to address their academic, linguistic, and social-emotional needs. We recognize that beyond language development, SIFE students require a strong sense of interconnectedness and belonging. Instruction is designed to build on their cultural knowledge and oral language strengths, blending familiar processes with new academic tasks. Whenever possible, we integrate oral transmission of knowledge, storytelling, discussion, and peer collaboration, before introducing written tasks, which supports both comprehension and engagement.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At our school, approximately 0% of our current English Language Learners are classified as Long-Term ELLs (LTELLs) students who have been receiving ENL services for six years or more without reaching Commanding proficiency.

Effective instruction for Long-Term ELLs differs from that of Developing ELLs in several important ways. While Developing ELLs (typically in the Entering, Emerging, or Transitioning stages) need support with basic vocabulary, comprehension, and foundational language skills, Long-Term ELLs require more targeted instruction in academic language, writing, and critical thinking. They often have strong conversational English, but struggle with advanced

literacy tasks, academic vocabulary, and complex grammar structures needed for grade-level content.

Instruction for LTELLs includes:

Explicit instruction in writing across genres, frequent opportunities for academic discussion and oral rehearsal, vocabulary development tied to content areas, corrective feedback focused on grammar and syntax, scaffolded access to grade-level texts with high cognitive demand. Teachers also integrate language objectives into content lessons, collaborate with ENL staff, and use formative assessments to identify persistent gaps. Social-emotional factors, like language fatigue or low confidence, are also addressed through student-centered practices and positive reinforcement.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Currently, approximately 5.92% of our student population are former English Language Learners (ELLs) who have exited ENL services within the past two years and are entitled to continued support under NYS regulations.

Our school ensures these students receive their mandated Former ELL services through integrated ENL support in the classroom. ENL teachers collaborate with general education teachers to provide scaffolded instruction, language supports, and academic interventions tailored to students' needs. These supports include graphic organizers, visual aids, sentence starters, and extended time during writing assignments or assessments. There are strategic pairings and groupings allows these students the opportunities for leadership, collaboration and additional support. Digital tools and technologies provide Former MLLs/ELLs with a variety of ways to express themselves and gather information for classroom tasks and projects. Students recieve .5 units of study as 90 minutes of integrated ENL instruction.

Former ELLs are also monitored regularly by ENL staff through classroom observations, student work reviews, and benchmark assessments to ensure they are maintaining academic success. If needed, additional small-group instruction is offered, and families are kept informed of their child's progress. This targeted monitoring continues for the two years post-exit, in compliance with NYSED guidelines.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The EDAT reveals...
85% of students are newcomersm 56% of students are in temporary housing and 26% of students did not make sufficient ELP progress.

A high percentage of ELLs are also classified as economically disadvantaged. Additionally, we have a growing number of ELLs with IEPs, who face dual challenges in language acquisition and learning needs. Chronic absenteeism is also more common among ELLs, particularly among newcomer students. These risk factors; poverty, special needs, and attendance issues, tend to compound and significantly slow academic progress.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The EDAT reveals...
33% of students scored 1 or 2 in ELA, 22% of students scored 1 or 2 in ELA-two consecutive years.
27% of students scored 1 or 2 in Math, 16% of students scored 1 or 2 in math-two consecutive years.

At our school, we closely monitor former ELLs to ensure they continue to thrive after exiting ENL services. While many former ELLs make steady academic progress, we have identified several at-risk factors that can adversely affect their long-term success.

Students continue to struggle with academic language and writing, particularly in content-heavy subjects like ELA and Social Studies. In addition, some former ELLs who exited with borderline proficiency still require language scaffolds, especially during assessments and writing assignments.

Another trend we've observed is that former ELLs are sometimes under-identified for enrichment or advanced academic opportunities, possibly due to lingering misconceptions about their language abilities. To address these challenges, we've implemented continued monitoring for two years post-exit, targeted small-group support, and collaboration between ENL and classroom teachers to ensure scaffolds remain in place as needed.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish is the second largest home language behind English. About half of our staff speaks Spanish. All information Flyers, emails) sent home to families is translated in Spanish. When parents/guardians are invited into the building for meetings Parent Support, IEP meetings) and welcomed into the building for performances or special events, a staff member is invited to translate. A large number of our staff members Instructional and Support) speak Spanish and can assist students. We have Dual Language classes where the second language is Spanish.

Our school is committed to maintaining inclusive and accessible communication with all families. We use the Home Language Identification Survey (HLIS) and student registration information to determine each family's preferred language. All major school communications, such as newsletters, event flyers, emergency notices, and program updates, are provided in the home language whenever possible, using DOE translation services or school-based bilingual staff.

To support two-way communication, families can respond or initiate communication in their preferred language through translated written notes, emails, or text messages, and through apps like ClassDojo, which offer automatic translation features. Additionally, bilingual teachers, parent coordinators, and trained interpreters are available to assist with phone calls or in-person communication. This ensures families feel heard, respected, and fully engaged in their child's education, regardless of their English proficiency.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At our school, the majority of the ELL population is identified as Latino/Hispanic (58%) , with additional representation from Black/African (38%). Our ELLs are actively included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE) through curriculum choices, classroom discussions, and school-wide events that honor their identities and lived experiences. Teachers incorporate multilingual texts and culturally relevant materials, that allow students to share their heritage and connect lessons to real-life experiences.
We also hold multicultural celebrations, like Hispanic Heritage Month and Black History Month. Instructionally, teachers use scaffolds that validate students' home languages and cultures, while also supporting English language development. In planning, ELL voices are elevated through student surveys, voting, classroom reflection circles, and family engagement events, ensuring that instruction is inclusive, affirming, and empowering. Curriculum modifications are made to ensure that the texts, and instruction is culturally responsive of all languages represented in our ELL demographics.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Upon reviewing our school's English Language Proficiency (ELP) data, we noticed a positive trend in growth among students at the Emerging andTransitioning and levels, particularly in Speaking and Reading. These students demonstrated consistent yearly growth and were more likely to meet ELP sufficient progress targets.

Out of 42 ELL students, 23 students (54%) met ELP sufficient progress based on NYSESLAT/NYSITELL gains. This includes students who moved up at least one proficiency level or demonstrated progress within their current band, as per NYSED guidelines.

However, 7 students (16%) did not meet ELP sufficient progress. These students were primarily in the Entering, Emerging and Transitioning levels, many of whom are newcomers, or students with IEPs. Common barriers to progress included gaps in foundational skills, limited exposure to academic language, and inconsistent attendance.

The remaining 12 students showed some progress towards, but not sufficent.

This data has informed our decision to implement more targeted interventions, small group instruction, and increased collaboration between ENL and general education teachers to accelerate language growth for our most at-risk students.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

What stands out in the NYSESLAT results is that students seem to have difficulties in the listening modality. Listening is a very difficult skill that students start to grasp after being well exposed to the language and when they are provided with the necessary strategies to understand oral texts. These implications are affecting students' comprehension and therefore, they are not performing well on the test. Another modality they are struggling in is the

writing. Students struggle organizing and communicating ideas clearly, effectively, and concisely in writing. In reading, students have difficulty decoding words in texts. In addition, there is a lack of fluency. Because of their slow, labored reading, they often do not comprehend much of what they read, and the attention they have to give to figuring out the words keeps them from understanding the text's message. Speaking is an area that most of the students do well. When all the scale scores are added, the total scores always show that most students advanced one proficiency level or more. This is clearly noticeable when students are in EN and TR levels. Once students become expanding, they can remain in that category for a few years until they become commanding.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Once ELLs have mastered the New York State Learning Progression Standards, they are also equipped with the academic language necessary to perform well in other content areas. For example, the Kindergarten and grades 1 and 2 tests measure Foundational skills, Vocabulary, and Key Ideas and Details in literature; grades 3 through 12 measure Vocabulary, and Key Ideas and Details in literature and informational text, Craft and Structure, as well as Integration of Knowledge and Ideas.

There is a clear correlation between NYSESLAT proficiency levels and performance on the ELA assessment. Students who score at the Expanding or Commanding levels on the NYSESLAT are more likely to pass the ELA test, while those at the Entering and Emerging levels often struggle with grade-level ELA content. In Math, language barriers also impact performance, especially when students are required to read and interpret word problems. However, some students perform better in Math than ELA, especially when the concepts are more visual or procedural. On the Regents exams, long-standing ELLs or SIFE students tend to underperform, particularly on exams with high language demands like U.S. History or English Regents.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The data gathered in the NYSESLAT of ELLs subgroups such as students with IEPs shows a slow progression in their academic achievements. This is because these students have had limited opportunities for academic language development in either English or their native languages. As a result, they typically have limited academic literacy skills in English or in their native languages. .

A high percentage of ELLs are also classified as economically disadvantaged, and many have limited formal education. Additionally, we have a growing number of ELLs with IEPs, who face dual challenges in language acquisition and learning needs. Chronic absenteeism is also more common among ELLs, particularly among newcomer students. These risk factors; poverty, special needs, interrupted education, and attendance issues, tend to compound and significantly slow academic progress.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We are committed to ensuring that our English Language Learners receive a high-quality academic experience that promotes critical thinking, inquiry, and deep engagement with content. To achieve this, we implement a number of intentional instructional practices:

Integrated Language and Content Instruction. We embed language objectives into all subject areas, ensuring that students build academic English while accessing grade-level content.

Culturally Responsive and Sustaining Education (CR-SE): Lessons are designed to be relevant, affirming, and reflective of students' identities and experiences. Students are given opportunities to explore real-world topics that connect to their communities and cultures, which increases engagement and fosters deeper understanding.

Project-Based and Inquiry-Driven Learning: ELLs engage in hands-on, collaborative projects that encourage them to ask questions, conduct research, and present their learning in a variety of formats. These projects provide opportunities for oral language practice, academic discourse, and multimodal expression, supporting students at all language proficiency levels.

Strategic Use of Scaffolds: Teachers use visual aids, sentence frames, graphic organizers, anchor charts, bilingual supports, and oral rehearsal strategies to ensure that students can access and process complex ideas while continuing to develop English.

Differentiated Instruction and Small Group Support: Based on data from benchmark assessments and formative observations, ELLs receive targeted small-group instruction during intervention blocks, tailored to their language and content needs.

Student Voice and Ownership: ELLs are encouraged to collaborate with peers, reflect on their learning, and take academic risks in a supportive environment. Teachers foster classroom cultures where students' voices are valued and their linguistic growth is celebrated.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's leadership team ensure that English Language Learners (ELLs) have full and equitable access to the core curriculum across all grade levels and content areas through intentional planning, strategic resource allocation, and continuous collaboration between administrators, ENL teachers, and classroom educators.

Our schedules prioritize integrated instruction, ensuring that ELLs are not pulled from core academic classes unnecessarily. ENL services are aligned with students' proficiency levels to maximize access to content while supporting language development.

Core curriculum is accessible and appropriately scaffolded for ELLs. This includes selecting materials that support language-rich instruction, embedding language objectives, and ensuring that both English and home language supports are available where appropriate (especially in Dual Language settings).

Teachers use strategies such as visual scaffolds, vocabulary instruction, sentence frames, and structured academic talk to help ELLs access grade-level standards. We ensure that ourENL and bilingual teachers have extensive professional development on how to improve their pedagogical practices. We create time and space formeaningful collaboration for each grade level where teachers of MLs/ELLs are able to plan for meaningful integrated instruction with classroom teachers. In addition, we provide culture and diversity training to inform teachers of different cultures, and the differences among students.

ELL progress is reviewed regularly to adjust instruction when needed.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At our school, we offer a Dual Language Bilingual Education (DLBE) program alongside Stand-Alone and Integrated ENL instruction, ensuring that English Language Learners (ELLs) receive high-quality, standards-aligned instruction that promotes both language development and content mastery.

Dual Language Program Model (Two-Way Model, 50/50):
In our Dual Language classrooms, core content is delivered in both English and Spanish, with instruction divided approximately 50/50 across languages. The program is structured to support biliteracy and bilingualism, while meeting the academic demands of the Next Generation Learning Standards.

Grades K–2:

ELA and Math are taught in English. Social Studies and Science are taught in Spanish

Grades 3–5:

ELA and Social Studies are taught in English. Math and Science are taught in Spanish

Instructional approaches in Dual Language settings include: Content and Language Integrated Learning (CLIL): Language objectives are embedded within each lesson alongside content objectives. We also use sheltered

Instruction strategies such as visual aids, anchor charts, realia, and sentence frames, partner talk and cooperative learning to foster oral language development, and explicit vocabulary instruction in both languages.

Teachers also adapt materials to be linguistically accessible without reducing rigor. Students engage in grade-level tasks, including close reading, academic writing, and inquiry-based projects in both languages.

Stand-Alone ENL Model:
Stand-Alone ENL services are provided for students at the Entering and Emerging levels, focusing on foundational English language development. Instruction is delivered in English, using scaffolded supports and thematic units aligned with the Next Generation Learning Standards for ELA and NYS English as a New Language (ENL) benchmarks. Students receive direct instruction in listening, speaking, reading, and writing, often through small-group lessons.

Integrated ENL Model:
Integrated ENL services are provided for all proficiency levels, with ENL teachers pushing into content-area classrooms (especially during ELA and Writing blocks). Language objectives are aligned with content standards and address academic vocabulary, complex sentence structures, and discourse patterns required by the NGLS. ENL teachers support student learning by: scaffolding complex texts, modeling writing structures, facilitating small-group instruction within the general education setting, and encouraging structured academic talk and collaborative group work

This model allows ELLs to fully engage with grade-level content while receiving the linguistic supports necessary for success.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of Multilingual Learners/English Language Learners (MLs/ELLs) use a variety of evidence-based instructional strategies and grade-appropriate materials to ensure students can access academic content while developing English proficiency. Instruction across content areas is scaffolded and aligned to the Next Generation Learning Standards, with targeted supports that vary by proficiency level and subgroup needs.

Teachers use: Sheltered Instruction strategies, including visual supports, sentence frames, realia, and graphic organizers. Also,
technology tools such as iReady and Imagine Learning, to support comprehension, vocabulary, and interactive learning

For ELLs with IEPs, instruction is provided through small stand-alone ENL classes or integrated co-taught settings, based on their IEP mandates. These students benefit from multisensory instruction, explicit vocabulary development, and progress monitoring tools to assess growth and inform next steps.

Materials and supports are selected to meet students where they are while accelerating language acquisition, ensuring access to grade-level content and fostering academic confidence.

b. SIFE

As a school we...
1. Build supportive environments that respond to the immediate social, cultural, and linguistic needs of students with limited schooling.
2. Consider how standards and the curriculum can be adapted so that SIFEs learn critical material in a way that is effective, accessible, and age-appropriate. We consider using thematic curriculum, individual learning plans. We adapt standards-based lessons so that they cover the most important information in a way that is accessible, culturally relevant, and age-appropriate.
3. Provide intensive literacy/language instruction. We provide explicit instruction in an age-appropriate manner of the five components of reading - phonemic awareness, phonics, fluency, vocabulary, and comprehension. Increase student access to literacy-rich environments and print materials, and unifying language and content instruction.
4. Use the full resources of the community to support students. We aim to form contacts with community resources such as health care organizations, mental health institutes, after-school tutoring, job programs, and ethnically/linguistically based community groups.

Instructional Staff...
1. Activates prior knowledge, provides a print rich environment, engage students in hands-on learning, give frequent checks for understanding and allow wait time. They allow students to work in cooperative groups, and if possible, build the native language content and literacy instruction in order to build on English.

c. Newcomers

To ensure students feel welcomed into the school community, we address each student's individual situation, seek understanding of their home country and culture, and provide support when and where students need it. We aim to teach this group of students about the contributions of newcomers.

Effective language strategies such as wait time, repetition and visual representations are frequently used.

Technology and peer support are used to help students take risks. Students frequently engage with various online platforms to add to their learning. To facilitate collaboration and communication, students are paired up to support newcomers by translating for teachers or helping them to acclimate to their new school environment.

For Newcomers, we focus on building trust, cultural connection, and foundational English skills. Teachers use visuals, repetition, wait time, and peer support to make content accessible. Students are often paired with bilingual peers who help translate and support classroom routines.

Technology tools like Imagine Learning is used to reinforce vocabulary and encourage participation. Instruction is scaffolded and aligned to grade-level standards, while also honoring students' backgrounds and promoting their confidence as learners.

d. Long Term ELLs

Teachers use a gradual release of responsibility model of instruction. which begins with teacher modeling and visual and verbal scaffolds and continues toward student independence with cooperative learning and partner work.

Teachers build spaces for students to create and reflect upon goals. They help students select and set goals for reading, writing, language, speaking, and behavior, and then reflect on them at set intervals.

Teachers provide curricular materials that are connected to students' backgrounds and interests.

Teachers embed opportunities for structured oral language development (public speaking, presentations, role play, sentence frames) to develop academic oral language.

Teachers expose students to vocabulary and language structures they are expected to use in the content areas: Teachers build on and extend their students' languaging, by writing content and language objectives for their lessons.

For Long-Term ELLs, instruction focuses on academic language development, especially in writing, vocabulary, and complex sentence structures. Teachers use sentence frames, modeled writing, and structured academic talk to build fluency and confidence.

Materials are grade-level, with scaffolds embedded to support comprehension. Technology tools like iReady is used. Instruction emphasizes critical thinking and language precision to move students toward full proficiency.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

ENL students with IEP's receive instruction from our ENL teachers. In addition, all of our self contained classes are parallel programmed to general education classes for ELA to support students who are ready for main streaming opportunities. Also, pull out sections are designed by reading skills and/or NYSESLAT levels regardless of IEP status.

ELLs with IEPs receive services in the least restrictive environment through a combination of special education and ENL support. Instruction is coordinated between ENL and special education teachers to address both language goals and IEP objectives. Students receive small-group instruction, scaffolded materials, and progress monitoring to ensure growth in both areas.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language is assessed via writing and reading assessments such as Acadience Diagnostic Assessments.

In all program models, our school uses a combination of formal and informal assessments to monitor students' home language development.

For students in DL, the home language (Spanish) is assessed through reading and writing assessments administered in the target language. Tools such as the Acadience Diagnostic Assessments (in Spanish), writing samples, and oral language checklists are used to measure fluency, comprehension, vocabulary, and writing development in the home language.

In the ENL model, while the focus is on English development, teachers informally assess the home language through oral interviews, initial screenings, and observations to understand students' literacy backgrounds and prior academic experiences in their first language. This informs instruction and allows teachers to build on what students already know.

Across all models, the data collected helps educators plan appropriate supports, group students for instruction, and ensure a strength-based approach that values bilingualism as an asset.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

There is shared ownership of the teaching and learning of ELLs with high expectations. Teaching staff provides high-quality instruction that is academically rigorous and grade-appropriate. Teachers co-plan to ensure academic, linguistic, social, and emotional needs of ELLs are addressed. They incorporate authentic assessment so that students can demonstrate their knowledge and skills in multiple modalities and languages. They use diagnostic tools and formative assessment practices to measure ELLs' content knowledge, as well as new and home language development, to inform instruction.

Our school provides scheduled co-planning time for ENL and classroom teachers to collaborate on lesson design, differentiation, and language objectives. In Dual Language classrooms, partner teachers coordinate instruction across both languages. In Integrated ENL settings, ENL teachers co-teach during ELA and writing blocks to support language development within content instruction. Ongoing professional learning and planning meetings further strengthen collaboration.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our annual professional learning plan includes social-emotional and academic training for all staff, provided in partnership with Partnership with Children. Several sessions specifically address the unique needs of MLs/ELLs and their subgroups, including strategies for co-teaching, culturally responsive practices, and integrating language with content instruction. Both pedagogical and non-pedagogical staff participate to ensure a schoolwide understanding of how to support ELLs holistically.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school ensures compliance with CTLE requirements by providing ongoing ELL-specific professional development. ENL and Dual Language teachers engage in weekly Monday PD sessions, while Friday lunch meetings are used for co-planning, data analysis, and aligning instructional practices in both Spanish and English. All certified

staff access asynchronous ELL-focused PD modules during designated professional learning time, ensuring both general and ENL educators meet the required ELL-specific CTLE hours in alignment with CR Part 154.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses the Acadience Reading Screener to assess all students, including ELLs, and determine whether they are well below, below, at, or above benchmark in key reading skills. Results are used to inform instructional groupings, identify skill gaps, and guide targeted support.

ELLs who are identified as needing additional support are referred for Tier 2 or Tier 3 interventions, and progress monitoring is conducted regularly to ensure instructional decisions are data-driven and responsive to each student's growth.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

ELA:
At the Tier 1 level, students participate in whole group instruction in order to receive explicit instruction in all areas of reading, including phonological awareness, phonics, reading fluency, comprehension instruction and explicit vocabulary instruction.

At the Tier 2 level, students receive small group reading interventions for 30 minutes for a mininum of 3 times a week.

At the Tier 3 level, students receive intensive 1:1 support from an interventionist for 30 mins for 5 times a week for 6-8 week cycles.

Math:
At the Tier 1 level students participate in lessons where explicit and systematic instructional methods are used. Small group instruction is structured to provide students with practice to address math difficulties early.

At Tier 2 Level students receive engage with an online program that provides classroom teachers with progress monitoring information.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Once Acadience screener data is collected, teachers analyze results to identify ELLs at risk of falling behind in reading, as well as those on track for success. . This includes: differentiated classroom instruction (Tier 1). Targeted small-group interventions (Tier 2). Intensive, individualized supports when needed (Tier 3)

Teachers use data to guide groupings, progress monitoring cycles, and instructional adjustments, ensuring that ELLs receive timely support and instruction tailored to their language proficiency and academic needs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

ENL and classroom teachers collaborate to assess students using Acadience Diagnostic Assessments and NYC ELL Performance Tasks. These tools help identify specific skill gaps, monitor growth, and inform targeted instruction. Students well below grade level are assessed more frequently to ensure interventions are effective and responsive. Formative data guides groupings, lesson planning, and instructional adjustments to meet each ELL's individual needs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students are assessed in their home languages, particularly in writing, through both on-demand and published pieces. In the fall, we gather input from families and students to determine the most appropriate language for assessment. The testing coordinator collaborates with teachers to ensure assessments align with students' linguistic needs. Teachers also partner with bilingual-certified staff to adapt or create assessments that accurately measure content understanding, regardless of English proficiency, ensuring equity in evaluation throughout the year.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use the NYSESLAT to evaluate our program. This assessment is used to plan for student groupings and placements for students in appropriate interventions. ELL performance levels are also used in conjunction with the Next Generation Learning Standards to identify
appropriate evidence of mastery and instructional levels for lesson and unit level tasks.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

We create a NYSESLAT schedule to ensure all ELLs are tested annually. ENL teachers and certified proctors administer and score the assessment. To ensure continuity, ELLs and former ELLs continue to receive mandated instruction during testing through adjusted schedules and push-in support, ensuring no instructional time is lost.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former ELLs receive all required testing accommodations, including extended time, separate location, and translated glossaries, based on their language proficiency and eligibility. The testing coordinator works closely with ENL and classroom teachers to confirm accommodations are in place for all state exams.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

During the identification process, we use the HLIS and the preferred language surveys to determine our parents' preferred languages. We ensure there are bilingual personnel available and for languages for which we do not have bilingual personnel, we use the translation hotline. We provide written documents in the parent's preferred language. We show the orientation video in the preferred language as well to inform parents of the different models available to them in NYS: Dual Language Bilingual Education and English as a New Language.

To facilitate attendance, we provide flexible schedules that allow for different days and times. If parents are unable to come in during school hours, we are available after-school and we also try to accommodate via zoom and phone.

We record the attendance via sign-in sheet. We maintain hard copies of these sheets in a binder as well as any related documents. We also log our parent engagements online in an engagement tracker.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Outreach for in-person meetings is done via, Phone calls, emails, DOJO messages and letters are mailed home. Once parents attend in-person sessions, their attendance is recored via sign-in sheet.

Topics covered-NYSESLAT data, academic and intervention progress. Translators are provided if needed.

All evidence is kept in a binder.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school website and social media platforms contain current school information. Families are able to translate all platforms into their preferred language.

Materials sent home are translated to reflect the common languages of families.

Our staff is instructed to obtain assistance from staff members who speak the language or call the Translation and Interpretation Unit to assist parents who speak and understand a language other than English.

Flyers and posters are displayed around the school building to inform families of how they can initiate conversations with school personnel.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

We consider feedback from the NYC School Survey and the survey administered by our CBO. Parent support meetings also provide insight into the needs of our families.

We partner with LEAP, Learning through Expanded Arts Program. LEAP unites families and the school community through art based workshops.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Information regarding leadership opportunities are shared via our social media platforms, school website, flyers, emails and Kinvolved in the most common language spoken in our school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

East Side House Settlement: Addresses critical needs in our community (Clothing, food, mental health services, GED and English classes, parenting workshops, public assistance and many more services).

Partnership with Children: Offers individual and family counseling to strengthen the emotionalsocial, and cognitive skills of our students and their families so they can succeed in school, society, and life.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We collaborate with the Fordham Regional Bilingual Education Resource Network to learn how we can best support our ENL students.

ELA District support provides professional learning sessions related to the explicit instruction of phonics and reading.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ENL Teacher-Starkeisha Steadman
ENL Teacher-Belkis Pena-Weeks
Assistant Principal-Maria Bisono

They are responsible for the intake when a student is being registered. They assist the family in filling out all forms, interview the student, administer the NYSITELL/Spanish Lab and the also meet with the families to explain program choices.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

ENL Teachers-Meet with parents to explain the programs that we have.

Special Education Team member verifies if the student has an Individualized Education Program.

Administration, in conjunction with ENL teachers, reviews students NYSESLAST or NYSITELL scores in order to program instructional minutes in accordance with CR Part 154.

ELL Identification Process and what we do...
Step 1: Determine if the enrolling student was in a NYS public school for less than 2 years.
-ATS is used to discover a students re-entry status.
-Previous school is contacted to obtain student records.

Step 2: Parent/Guardian completes Home Language Identification Survey (HLIS) with qualified personnel.

-HLIS is conducted during registration by a trained pedagogue.

Step 3: Determine eligibility for NYSITELL and administer NYSITELL to eligible students.
-If the student is to be issued the NYSITELL, it is done so by the designated time.

Step 4: Send entitlement and non-entitlement letters to parent/guardian.
-Parent letters are printed and sent home. A copy is kept in-house.

Step 5: Administer Spanish LAB to newly identified ELLs whose home language is Spanish.
- Spanish LAB is administered to newly identified ELLs.

Step 6: Determine if ELL is a student with interrupted/inconsistent education (SIFE).
-SIFE status is determined within 30 school days of enrollment and SIFE status is entered into ATS.

Step 7: Provide parents/guardians of ELLs with a high-quality parent orientation meeting.
-A trained pedagogue conducts the parent orientation and informs parent of ELL programs offered. Parents complete the survey and parent agreement.
-Parent option is entered into ATS.

Step 8: The student is placed and programmed in an ELL program.
-ENL programming is entered into STARS by an administrator

Step 9: Administer the Re-Identification Process, as necessary.
-If needed, a parent, teacher or student (18 years or older) can appeal the process within 45 days.

Step 10: Within 6 to 12 months, review the progress of the student whose ELL status was reversed.
-Using the ATS report, the principal reviews the Re-identification Process decision.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Debra Jones

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Vanessa	Cantres	Parent Coordinator		Y
Vanessa		Parent Coordinator - Annual		

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

N/A

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
FRENCH	4	1.20%	4	1.22%	0	0
FULANI	1	0.30%	1	0.30%	0	0
MANDINKA (AKA MANDINGO)	2	0.60%	3	0.91%	0	0
MALINKE	1	0.30%	0	0.00%	0	0
ENGLISH	225	66.96%	227	67.37%	6	6
SPANISH	99	29.46%	92	27.71%	6	6
SONINKE	4	1.19%	5	1.51%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Flyers	Translated by CBO Director, AP or Parent Coordinator.
IEPs	An IEP translation request form is completed by the case manager.
Calendar	Translated by CBO Director, AP or Parent Coordinator.
Emails	Translated by CBO Director, AP or Parent Coordinator.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

Parent Teacher Conferences	Office of Language Access
Back to school Night	CBO/Parent Coordinator/Admin
School Performances	CBO/Parent Coordinator/Admin
Parent Support Meetings	CBO/Parent Coordinator/Admin
IEP & other meetings	Office of Language Access
Family Night	CBO/Parent Coordinator/Admin

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of an emergency we will have staff members communicate orally and in writing. We will use the DOE school messaging system, which translates messages into different languages.

We utilize staff members to translate. In cases where there are no staff members to translate, the over the phone interpretation hotline is utilized.

We utilize staff members to translate. In cases where there are no staff members to translate, the over the phone interpretation hotline is utilized.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Language Access Coordinator provides staff with a digital folder of resources.This digital folder is housed in the Staff Hub for all staff members to access.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The Language Access Coordinator displays all flyers and posters from the Office of Language Access.

During parent workshops and trainings, the Language Access Coordinator provides brochures to families.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

30

Grades to be served in this program. Select all that apply.

,1,2,3,4,5

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Title III at PS463 Urban Scholars Community school will support teaching and learning in core subject areas and native language and
English teaching and learning by providing English Language Learners in grades 1-5 with small group, targeted instruction designed to
specifically meet the needs of the ELLs being provided with the additional instruction.

Program will take place after school.

Activities: Students will in engage in lessons that will address foundational skills (Phonics).

Grouping of students: Students will be grouped by proficiency levels.

Instruction: The ENL teacher will provide small group instruction.

Supervision: The program will be supervised by a school administrator. Title III funds will be utitlized.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Title III funds will be used to support an after school enrichment learning program for ELLs English acquisition.

Data sources that will be used to justify instructional and organizational decisions will be, NYSESLAT scores, Acadience screener and classroom observations.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Total Number of ELLS-30

Students in grades 1, 2, 3, 4, 5 will be served.

Subgroups of students from these grades will be Entering, Emerging and Transitioning.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The small group, targeted instruction will provide ELLs with the following...

Dates: January 2026-May 2026

Total Number of Sessions: 30

Days of the Week: Tuesday and Wednesday

Time and Duration: 2 Hours (2:30-4:30)

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be English.

Home language be supported through the following...
1. We will provide books, games, and multimedia resources like videos and music in students' home languages.
2. We will organize events/activities that celebrate various cultures, including language showcases, storytelling, and traditional games.
3. We will pair students with tutors or mentors who speak their home language for personalized support.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Two teachers will be utilized to provide instruction. Both hold TESOL certification.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The program will utilize materials such as decodables, multi-sensory phonics materials.

Work will provide strategic instruction and guidance forELLs to listen to text and progressively gain confidence in word knowledge
and fluency required to develop the English Language and literacy skills required to made strides in their academic achievement.

Materials will not be of cost to Title III funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Teachers will input progress monitoring data into the schoolwide data tracker.

Attendance information will be monitored by the attendance team and the Success Mentors.

Maitenance of Records:
1. Parent notification in their preferred languages,
2. Evidence of teacher certifications for teachers supporting the program,
3. Log of parent engagement activities

4. Records of professional development activities
5. Purchase orders and invoices

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Title III professional development will advance and support language development, English and native language instruction, high student academic achievement in foundational skills.

Rigorous professional learning will be directly correlated to providing teachers of ELLs with the content and language instruction and technology applications that will support their planning and implementation of explicit instruction that will ensure ELLs can access the curriculum and and engage in purposeful learning.

Professional Devleopment will not be of cost to Title III funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Teacher observations reveal teachers need instruction around how to plan for high-quality phonics lessons.

BOY Acadience Screener data reveal students need support with foundational skills.

This is at no cost to Title III.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The two ENL teachers in the building will receive professional learning. One teacher services students in K-2 and the second teacher services 3-5.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Once a month, ENL teachers will participate in the ELL Liaison Meeting and the ELL Compliance Meeting offered by the Field Based Support Office. Every Monday they will participate in weekly PS463 PD series.

In-house PD will occur every Monday from 3:00-4:00pm.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The Monday Professional Development Series at PS463 will offer professional learning to increase ELLs language and content access. Supporting ELLs with Common Core-Aligned Tasks in mathematics. Expanding ELLS Oral language to Support Literacy learning and content knowledge. Scaffolds: Responsive supports for Ells. Content area Literacy: Developing academic literacy, Advanced Literacy Hallmarks, CRHSE. Professional development themes will include training on analysis of diagnostic assessments and its implications for driving instruction. More specifically, teachers of ELLs will participate in professional development to ensure that they are planning and implementing lessons that provide appropriate scaffolds and supports for ELLs to meet respective instructional targets.

Teachers will participate in professional development opportunities offered by The Division of English Language Learners to further their knowledge of best practices and effective strategies. Teachers will continue to enhance the support they provide ELLs with standards-based and grade level instruction. Teachers will receive professional learning sessions on literacy and language development, effective literacy practices, strategic assessments (NYSITELL and NYSESLAT), analysis of student data (e.g., running records and unit assessments and the explicit instructional support teachers must provide for ELLs.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Teachers of ELLs and the ENL teacher will participate in conferences and workshops offered by the NYCDOE Office of English Language Learners. The ML/ELL Services Administrator, Dr. Will Castro, from the district office will provide both ENL teachers with the professional development to advance their knowledge on instructional models that accelerate literacy and language development to ensure ELLs continue making gains towards meeting Learning Standards.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We have a Schoolwide Professional Development Plan. The plan details how professional learning is differentiated for all staff, including our ENL teachers.

Digital running agendas/minutes are maintained were staff attendance is accounted for.

No Title III funding is used for professional development.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family Engagement activities under Title III will be designed to inform families of assessments, instructional resources and methods used and how they can support their children at home.

Activities will not be of cost to Title III funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Families of ELLs will receive information about programs and resources to advance the success of all ELLS across all content areas, with an emphasis on foundational skills.

Data source: NYSESLAT scores, In-house surveys

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**

- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Topics: 1. Understanding your child's NYSESLAT Score. 2. Learning about the instruction and the supports your child receives to meet grade level standards. 3. Ways you can help your child at home. 4. Parent Training to support your child.

Start and End Dates: December 2025-May 2026

Number of Sessions- 4

Day-Monday

Time and Duration-3:00-4:00/1 Hour

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Engagement activities will include ongoing sharing of family literacy and mathematics events to showcase ways families can support with activities at home. This initiative will support PS 463 in strengthening its partnership with families of ELLS. Parent workshops will be scheduled throughout the school year with interpreters of represented languages readily available to ensure information is accessible. In addition, PS 463 will plan and conduct workshops on topics on tests/assessments that are administered to ELLs such as the NYS English Language Achievement. Workshop agenda will include a presentation on the modalities and recent changes to levels, an overview to guide parents of ELLs through an interpretation of their child's respective results and, more importantly, how PS463 is addressing the academic needs of ELLs with differentiated and small group targeted instruction.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops will be facilitated by Literacy Coaches, Assistant Principal, literacy coach, ENL teachers and where appropriate, the district office.

Instructional Coaches: Martha Fabre, Delita Andrews

Assistant Principal: Maria Bisono

Literacy Coach-Martha Fabre

ENL Teachers-Belkis Pena, Starkeisha Steadman

Workshop Sessions:
-Strategies to support the emotional well-being of ELLs
-Information on local services and programs for ELL families
-Navigating the NYCPS Platforms

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Outreach efforts will include the use of Google Forms, emails, and messaging systems (e.g., DOJO) to ensure access and distribution/display appealing and translated notices and fliers of school events to increase families of ELLs participation in the academic lives of their children.

We will utilize the Office of Language Access for translation and interpretation services.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our Parent Coordinator keeps a log of all family engagement activities along with attendance sheets.
A record of translated notifications to families is maintained.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
