Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness

- Part E: Parental Notification
- Part F: Monitoring

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 20 Clinton Hill School

District Borough Number (DBN):

13K020

Grades Served:

3K-5

School Address:

225 Adelphi Street, Brooklyn, NY 11205

Phone Number:

718-834-6744

Fax:

718-423-0712

School Contact Person:

Karen Colon

School Contact Person Email Address:

Kcolon3@schools.nyc.gov

Principal:

Nicole Blyden

United Federation of Teachers (UFT) Chapter Leader:

Sara Garro

Parents' Association President:

David Pristin and Laurel Pinson

SLT Chairperson:

Sarra Garro

Title I Parent Advisory Council Chairperson (PAC):

NA

Student Representative(s) Middle /High School:

NA

Student Representative(s) Middle /High School:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Nicole Blyden	Principal or Designee*	
Jessica D'Amato	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Brett Masterson	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
n/a	District Council 37 (DC 37) Representative (staff), if applicable	
n/a	Title I Parent Advisory Council Chairperson (or alternate)	
n/a	Student Representative (Required for middle and high schools)	
n/a	Student Representative (Required for middle and high schools)	
n/a	CBO Representative, if applicable	
Tara Mann	Member/Teacher	
Margo Rivera-Power	Member/Teacher	
Sarah Durand-McGuigan	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Terria Boston	Member/Parent	
Mark Shepard	Member/Parent	
Rebekah Ale-Iuliano	Member/Parent	
Alex Ponce de Leon	Member/Parent	
Nichole Dembert	Member/Assistant Principal	
Esmeralda Kalemaj	Member/Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 20 we firmly believe in nurturing the leader in each and every child. We are deeply committed to our students' social, emotional and academic growth. We provide an intimate and supportive learning environment and community that challenges students to raise questions, create ideals, communicate effectively and take responsibility for
their ideas and actions.

We want our students to know that they have the power to influence their school, their communities and the world with their creativity, intellect and their ability to work collaboratively. Our ongoing goal is for our children to strive to be informed thinkers who are prepared to thrive and lead in a complex world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Clinton Hill School- PS 20, is located in Fort Greene, Brooklyn currently serving 657 children from 3K through grade 5. PS 20 is a true community school which promotes student voice, parent involvement and family celebration. Enrollment at PS 20 has been steadily climbing over the past several years, which can be attributed to strong academics, a variety of enrichment programs grounded in the arts, a thriving French Dual Language Program, strong ties to the community with an emphasis on parent empowerment.

Parents are an integral part of the decision-making process, they enjoy access to classrooms where learning is shared and celebrated. Collaboration between parents and administrators is strong, open and communicative which fosters a sense of trust and belonging.

Briefly summarize the key initiatives your school will implement this school year.

Through the JEDI Committee, the PTA and Multicultural Families Committees we work to promote social justice, inclusivity and equity in our school and community through our partnerships with Define New York Run Club, PS 20 Mosaic, Futbol Rebels, Brooklyn Basketball Academy, Kaleidoscope and It Takes a Village-Youth Services.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Math	K-5	Envisions Math	
ELA	K-5	Expeditionary Learning	
Curriculum	K-5	I.B. Framework	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase Reading Proficiency in students K-2	Increase in percentage of students performing at or above grade level benchmark on the Acadience Reading Benchmark screener 2024-2025 from 75% to 78%.	Need to increase differentiation and scaffolding of literacy instruction.
Increase Reading Proficiency in SWD in K-2	Increase in percentage of students performing at or above grade level benchmark on the Acadience Reading Benchmark screener 2024-2025 from 51% to 54%.	Need to increase special design instruction, differentiation and scaffolding of literacy instruction.
Increase Reading Proficiency in	Increase in percentage of students performing at or above grade level benchmark on the Acadience Reading Benchmark screener 2024-2025 from 56% to 59%.	Need to increase differentiation and scaffolding of literacy instruction.

Black students in K-2		

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	75	By June, 2026, literacy for All Students will improve, as measured by a 3% Increase, from 75 to 78, of percentage of students scoring At or Above Benchmark on the Acadience Reading Screener.
Students with Disabilities (SWD)	51	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 3% Increase, from 51 to 54, of percentage of students scoring At or Above Benchmark on the Acadience Reading Screener.
Black Students	56	By June, 2026, literacy for Black Students will improve, as measured by a 3% Increase, from 56 to 59, of percentage of students scoring At or Above Benchmark on the Acadience Reading Screener.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience Reading Screener

Enter a Key Performance Indicator

percentage of All students scoring At or Above Benchmark

Baseline:

75

Enter the date for the baseline data:

59

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide all students with challenging standards based Phonics instruction using Fundation and Heggerty curriculum. Monitor progress at regular intervals using Acadience Reading Benchmark Assessment screener. All students will increase reading comprehension and phonemic awareness skills as a result of teacher participation in professional learning activities.

Root Cause Addressed:

Need to increase differentiation and scaffolding of literacy instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide all students with challenging standards based Phonics instruction using Fundation and Heggerty curriculum.
Monitor progress at regular intervals (BOY, MOY, EOY) using Acadience Reading Benchmark Assessment.
Implement ongoing RTI and Tier 2 instructional strategies in K-2 classroom.
Provide teachers with ongoing professional learning activities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The Acadience Reading Benchmark Assessment data in the beginning, middle and end of the year will be used as evidence to determine the growth in percentage of all students in K-2 who are reading At or Above Benchmark. Ongoing analysis of Strategic Instructional Period Data, RTI Data, Fundations Assessment Data to identify patterns and trends that will inform instructional shifts.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent Workshops	
09/04/2025	06/26/2026	Families as Reading Partners	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, families and staff developers.

Instructional Resources

Fundation and Heggerty Curriculum

Schedule Adjustments

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase social emotional support for students.	School Survey for Social Emotional Learning (SEL): access to school-based supports to assist students socially emotionally resulted in a 96% positive response.	Need to ensure that staff are trained and engaging in restorative practices within the school community.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	96%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 3% Increase, in percentage of positive responses to survey questions about adults teaching students to advocate for themselves from 96% to 99%, per the NYC School Survey results.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Results from Google surveys given to teachers and staff to determine if they have received enough professional development in the area of restorative practices.

Instructional walkthrough data that assesses the implementation of restorative practices (morning meetings, restorative circles) across classrooms.

Danielson Observation Data

Root Cause Addressed:

The need to ensure that staff is trained and is engaged in implementing the 4Rs Program and restorative practices in the school community.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development for teachers in the 4Rs Program.
Teacher implementation of 4Rs Program.
Ongoing Staff Development in restorative practices.
Ongoing implementation of Restorative Circles.

Key Strategy 2 (Optional):

\

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Results from Google surveys given to teachers and staff to determine if they have received enough professional development in the 4Rs Program and area of restorative practices. Instructional walkthrough data that assesses the implementation of 4Rs Program and restorative practices (morning meetings, restorative circles) across classrooms. Danielson Observation Data.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent workshops on SEL supports for students.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, AP, IB Coordinator, Guidance Counselor, SBST, Instructional Leadership Team, Teachers, Parent Coordinator

Instructional Resources

4Rs Program, Leader in Me

Schedule Adjustments

Common Prep for Grade Teams, Monday PD, Morning and Evening Workshops

Other Resources Needed

Per session for after school trainings and events

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Black students need to perform on or above grade level in math.	66% of Black students are performing at or below grade level as measured by a combination of formative assessments, end module assessments, state math exam and MAP assessments.	Although structures are in place to examine and analyze school wide math data and grade level data instructional practices need to be strengthened.
Hispanic students need to perform on or	50% of Hispanic students are performing at or below grade level as measured by a combination of formative assessments, end module assessments, state math exam and MAP assessments.	Although structures are in place to examine and analyze school wide math data and grade level data instructional practices need to be strengthened.

above grade level in math.		

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	66	By June, 2026, the percentage of Black students performing low or low average will decrease by 3% from 66% to 63%, for Black Students, as measured by MAP Growth Math Screener Results.
Hispanic Students	50	By June, 2026, the percentage of Hispanic students performing low or low average will Decrease by 3% from 50% to 47%, for Hispanic Students, as measured by MAP Growth Math Screener Results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

On going progress monitoring and data analysis by teachers and administration, 6-8 week cycles of intervention groups during the Math Strategic Instructional Period and classroom RTI and increased parental involvement during Parent Math Workshop.

Root Cause Addressed:

Increase in the percentage of students scoring from Average to High Average on the Math Map Growth assessment screeners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implementation of the Strategic Instructional Period at least 2 times weekly using the Focus Math Curriculum.
Teachers will meet in grade teams to look at and analyze formative and summative Envision math assessments, and Math MAP assessments. They will use reports to form differentiated small group and one-on-one activities for students to address needs.
ILT will work with grade teams to refine pacing calendars and Tier 2 supports (such as math stations and differentiated small groups) to address identified areas of need.
Offer Parent Math Workshops throughout the school year.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Provide at least 3 workshops for families on how they can support their children at home in the area of mathematics.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, AP, Instructional Leadership Team, Teachers, Parent Coordinator

Instructional Resources

EnVisions Math, Focus Math

Schedule Adjustments

Common prep for Grade Teams Monday PD, PTC Professional Development Days, Strategic Instructional Period

Other Resources Needed

School website with resource links for families; Professional Development workshops; math materials to accompany curricular units

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase Program Coherence	NYC School Survey result for Program Coherence: Curriculum , instruction and learning materials are well coordinated across the different grade levels at the school resulted in a positive response of 93%.	Need to ensure that all staff is engaged in professional development.

Increase Family Satisfaction with their Child's Education and navigating transitions for college and career opportunities.	NYC School Survey results for Family Satisfaction with Child's Education: My child's school helps me understand what grade level schoolwork looks like resulted in a positive response of 87%.	Need to ensure there are varied forms of communication to enable families to connect (e.g. varied languages, in person, virtual, morning, and evening).

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93	PS 20 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of curriculum , instruction and learning materials are well coordinated across the different grade levels at the school for All Students will Increase by 3 from 93 to 96 as measured by NYC School Survey Results.
All Students	87	PS 20 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of Family Satisfaction with their Child's Education: My child's school helps me understand what grade level schoolwork looks like for All Students will Increase by 3 from 87 to 90 as measured by NYC School Survey Results.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. School Survey results for communication about helping their	Need to ensure parents are supported in ways that they can support their child's learning.	Increase outreach to families to engage them directly in the

child learn resulted in a positive response percentage of 87%.		processes of strengthening student learning.
School Survey results for communication about students' academic performance resulted in a positive response rate of 88%.	Need to ensure that parents are receiving information regarding their child's academic performance in regular intervals.	Increase communication to families about students' academic performance.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	87%	By June, 2026, the Percentage of parents/families indicating that they are satisfied with the communication they are receiving about helping their child learn will Increase by 3% from 87% to 90% as measured by NYC School Survey Results.
Parents of All Students	88%	By June, 2026, the Percentage of families saying that they are satisfied with the communication that they are receiving about their child's academic performance will Increase by 3% from 88% to 91% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent workshops for families.

Root Cause Addressed:

The need to ensure parents are supported in ways they can support their child's learning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Curriculum events: math workshops, reading workshops, STEAM night, IB informational sessions
Families as Learning Partners with a focus on providing families with strategies for supporting their child's learning.
Parent Outreach during parent engagement time with a focus on updating families on academic performance.

Key Strategy 2 (Optional):

Progress reports for families and updates about students' progress during parent engagement time.

Root Cause Addressed:

The need to ensure that parents are receiving information regarding their child's academic performance in regular intervals.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Curriculum events: math workshops, reading workshops, STEAM night, IB informational sessions
Families as Learning Partners with a focus on providing families with strategies for supporting their child's learning.
Parent Outreach during parent engagement time with a focus on updating families on academic performance.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Collaborative planning in SLT for parent outreach, monthly Chat and Chews, PTA meetings, workshops	N/A
09/05/2024	06/26/2025	Affinity groups (parents of SWDs, cultural groups etc.) that meet periodically to plan and identify needed supports for families	N/A
09/05/2024	06/26/2025	Monthly Families as Learning Partners	N/A

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, AP, IB Coordinator, Guidance Counselor, Instructional Leadership Team, Teachers, Parent Coordinator

Instructional Resources

Common Prep for Grade Teams; Monday PD, School Events

Schedule Adjustments

N/A

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Chronic Absenteeism for Black students is 22% higher than overall student attendance as measured by the data in New Visions Portal- June in New Visions Portal- June 2025.	Families need support with ensuring that their children attend school on a daily basis Despite periodic attendance meetings and outreach to families, there is a need for increased support for families with housing, food and transportation needs.	Black student attendance needs improvement.
Chronic absenteeism for Students with Disabilities students is 19% more than overall student attendance as measured by the data in New Visions Portal- June 2025.	Families need support with ensuring that their children attend school on a daily basis. Despite periodic attendance meetings and outreach to families, there is a need for increased support for families with housing, food and transportation needs	Students with Disabilities attendance needs improvement.

Chronic absenteeism for Hispanic students is 11% more than overall student attendance as measured by the the data in New Visions Portal June 2025..	Families need support with ensuring their children attend school on a daily basis. Despite periodic attendance meetings and outreach to families, there is a need for increased support for families with housing, food and transportation needs	Hispanic student attendance needs improvement.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	49%	By June, 2026, the Percent of Black students that are chronically absent. for Black Students will decrease by 3%, from 49% to 46%, as measured by the New Visions Chronic Absenteeism Reports.
Students with Disabilities (SWD)	46%	By June, 2026, the Percent of Students with Disabilities (SWD) with chronic absenteeism will decrease by 3%, from 46% to 43%, as measured by the New Visions Chronic Absenteeism Reports.
Hispanic Students	38%	By June, 2026, the Percent of Hispanic students present for 90% or more of enrolled instructional days will increase by 3%, from 38% to 35%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

27

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Analyzing Attendance Data and Progress Monitoring

Increased outreach and support for families of chronically absent students

Root Cause Addressed:

Despite periodic attendance meetings and outreach to families, there is a need for increased support for families with
housing, food and transportation needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Bi monthly attendance meetings with Cabinet and Attendance Team. Identify staff point person for family to do more one-on-one communication.
Developing and implementing attendance check-in protocol; Developing a system for identifying and addressing issues contributing to absenteeism.
Members of attendance team will attend the monthly district attendance meetings.
Teachers will notify the Parent Coordinator, Community Associate and Guidance Counselor of students who are

absent more than three days and will personally reach out the families of students who are absent more than 3 days.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
According SESIS data, the school had a total of 14 IEPs that were out of compliance.	More training has to be provided on IEP development and the fidelity of implementation.	IEP Development and Fidelity of Implementation
N/A	N/A	Transition Planning and Compliance

According to special education referral data, the school has a 5% referral rate.	Continued training and professional development around the referral process and ensuring that there is equity for all.	Referral Process and Equity
According to the 2025 OORS data, the school has a 0.0% student suspension rate.	Continued training and professional development around ensuring equitable practices in school discipline.	Equity in School Discipline
		N/A

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	14 IEPs out of compliance	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the timeliness of IEP completion from 14 IEPs out of compliance to 0, as measured by SESIS.
Students with Disabilities (SWD)	5	By June, 2026, there will be a decrease in the number of referrals for students to be evaluated for an IEP by 2%, from 5% to 3%, as measured by SESIS.
Students with Disabilities (SWD)	0	By June, 2026, to maintain the current rate of disproportionate suspension rates for Students with Disabilities (SWD), we will maintain the current rate of 0% disproportionate suspensions within the school as measured by OORS.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Improve Pre-Referral Process (RTI Process).
Professional development for staff.

Root Cause Addressed:

The need to ensure that paraprofessionals, teachers, social worker and school psychologist receive professional development in the target areas to address the root cause.

Monitor the events in SESIS on a weekly basis to determine what next steps should be put in place to maintain compliance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional development for FBA/BIP development and progress monitoring the BIP.
Closely monitoring the events in SESIS to ensure that IEPs are completed before the due dates.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly School Implementation Team meetings to address school-wide Special Education compliance (FBA/BIP writing, BIP progress monitoring, IEP development.
Special Education Team monthly meetings focused on IEP development.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent workshop and training.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

School psychologist, administration, teachers, paraprofessionals

Instructional Resources

Materials on BIP development

Schedule Adjustments

Common Prep for SIT; Monday PD, Morning or Evening Events

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Strategic Reading Period (6-8 week cycles)- K-2	Acadience Monitoring	Fundations	Small Group	During Strategic Instructional Period	No
Strategic Reading Period (6-8 week cycles)- 3-5	MAP Growth ELA Monitoring	Phonics for Reading	Small Group	During Strategic Instructional Period	No
Strategic Math Period (6-8 week cycles) 2-5	MAP Math Growth Monitoring	Focus Math	Small Group	During Strategic Instructional Period	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Restorative Circles	Universal structure forall classrooms to utilize.,	4Rs	Whole Class or Small Group	During the school day	no
At risk counseling	Referral from staff or family based on situations occurring with the student.	Referral to the SIT Team	one to one	During the school day	no
Peer Mediation	Need as expressed by students, teachers, and building adults utilizing signup forms.	4R's	Small Group by Peer Mediator Students and Adult Mediation Coaches	During the school day	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school's essential components of MTSS are shared with families during PTA meetings and monthly Principal Chat and Chews.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions via meetings with the classroom teacher, Strategic Instructional Period teacher, guidance counselor or peer mediator via: meetings with families, phone calls, or progress reports.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are involved in the decision making regarding the progress of students receiving Tier 3 intensive intervention meetings with families via discussions during meetings with the key stakeholders who are involved with providing Tier 3 intensive intervention for their child.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

40

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After careful analysis of historical demographic, attendance and achievement data for our STH population the following trends were noticed:

-Chronic absenteeism or lateness,

-A large number of STH students do not perform or above grade level on school and NYS assessments..

The STH Title survey results were used to determine the types of support that is needed for STH students.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select

services aligned to need?

Transportation services, busing, metro cards
Counseling
School supplies
Winter clothing
Care Closet (Clothing and supplies for families)
Ipads, Macbook laptops
Afterschool enrichment
School trips fully funded

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

5

Students receive social emotional and academic supports through the school's:
Guidance Counselor
Teachers
Peer mediator

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing historical demographic, attendance, and achievement data for students in foster care, I have noticed the following trends:

-The data indicates the those students are severely or chronically late.
-The data indicates that those students are severely or chronically late.
-The students' academic achievement data indicates that they are more likely to need Tier 2 or Tier 3 academic

support.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 20, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 20 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 20, is in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Nicole Blyden
Assistant Principal (Where Applicable)*	Nicole Dembert
English as a New Language (ENL) Teacher*	Sheilah Quinn
Teacher (if school has a bilingual program must be a bilingual teacher)*	
Parent/Guardian*	
Teacher	Karina Lorenzo
Parent Coordinator	Karen Colon
School Counselor	Deborah deShong
Related-Service Provider	Elina Ayzman
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

2

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

3

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

584

Total number and percentage (%) of current ELLs:

24 ELLs 4.1%

Total number and percentage (%) of former ELLs:

8 ELLs 1.4%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

20 ELLs 83.3%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

4 ELLs 16.7%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 ELLs 0.0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 ELLs 0.0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

3 ELLs .05%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DL	FR	2015	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The make up of ELLs is a mixture of Entering, Emerging, Transitioning, Expanding and Commanding level students from Kindergarten to fifth grade. All students in The Stand Alone program are instructed solely in English grade level appropriate or based on their ELL level according to the current spring NYSESLAT or NYSITELL. They are instructed by means of differentiation in content, delivery, process and product. Services are provided by a dually certified ENL/English teacher in a Pull-Out setting with students working at individual levels, albeit at different age levels and supported through differentiated instruction but within common pods when able. ENL is provided for 180 minutes per week for Transitioning and Expanding students whereby the time slot is blocked for such mandates whether remote or in-person. The Commanding students receive .5 units of study per week in the said time block outlined for Transitioning and Expanding students and 360 minutes of ENL is blocked for our Entering and Expanding students through mixed grades as well as heterogeneous ENL levels broken up by Transitioning/Expanding and another of Entering/Emerging. Entering students receive two units per week of ENL/ELA. Emerging students receive one and a half units per week in ENL and/or ELA and ninety minutes of Content Area studies. Transitioning students receive one unit of study a week in Stand Alone ENL and in Integrated. Our Expanding students receive one unit of a combination of Integrated ENL, ELA and Content Area Studies. Former ELLs receive ninety minutes of Integrated ENL/ELA, Content Area or Project Based services by an ENL teacher based on individual needs. Former ELLs are programmed for two additional years in a Project Based Program or Small Group Program based on teacher recommendations.

Integrated Instructional minutes are provided in the classroom, daily. Assignments and support is provided by the ENL teacher in Person. When necessary, during inclement weather or school closures, the ENL teacher pushes into the Google Classroom to provide continuity in instruction.

Support is offered through the ENL program and customized for IB Learning, The EL Curriculum which are aligned with and guided by the Next Generation Learning Standards through strategies and differentiated based on item analysis of available assessments. Scaffolding: TPR, modeling, bridging, schema building, contextualization, text representation, use of student's Home Language and metacognition are highly relied upon to build and help expand students' prior knowledge and schema. Standardized test data through City, State formal, Predictive exams, and Teacher-made Assessments are all analyzed and used to inform and drive instructional practices of the classroom teacher and ENL provider. Students establish their individual goals and work toward mastery with the support of scaffolds, visuals, differentiated instruction, Native Language supports, small group instruction and self assessments. In content areas, the ENL teacher monitors the understanding of linguistically challenging material and uses a variety of instructional methods, practices and discussion protocols to help students attain English proficiency. Our ELLs in the Dual Language French program who are taught by a dually certified ENL/Common Branch teacher receive their ENL service through said teacher according to their instructional, Unit of Study, mandates.

Integrated ENL:

Integrated Services are provided by a full time, dually certified ENL/English teacher in both Push-In and Pull-Out settings. Integrated Instructional minutes are provided in the classroom daily. Assignments and support is provided via students' Google Classroom by the ENL teacher during Remote Instruction during school closures and inclement weather and In Person. Entering students receive two units per week of ENL/ELA, one unit of Stand Alone and one of Integrated ENL. Emerging students receive two units of ENL, one of them being Integrated ENL. Transitioning students receive one unit of study a week in ENL/ELA, of those, ninety minutes are Integrated. Our Expanding students receive one unit of a combination of Integrated ENL, ELA and Content area studies. Former ELLs receive ninety minutes of Integrated ENL/ELA, Content Area or Project Based services by an ENL teacher and/or classroom teacher based on individual needs and teacher recommendations.

Our ELLs in the Dual Language French program are taught by dually certified ENL/Common Branch teacher and receive their ENL services according to their instructional, Unit of Study, mandates. Dual Language students are provided mandates via dually certified bilingual teachers either with bilingual extensions or TESOL certifications. The NYSESLAT provides the ENL Level in conjunction with the mandated minutes of eligibility. Teachers incorporate and utilize best practices learned through professional development opportunities and requirements to guide and support our English Language Learners.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

Currently there is no TBE at PS 20.

Dual Language Bilingual Education (DLBE):

Dual Language ELLs are serviced in the ENL program depending on their proficiency level and their mandates with the ENL students by a dually certified ENL/English teacher. They receive the other language by a bilingual French teacher. Our ELLs in the Dual Language French program who are taught by a dually certified ENL/Common Branch teacher receive their ENL service through said teacher according to their mandates and based on ENL Units of Study and Staffing Requirements set forth by NYS and Part 154-2.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The core content is delivered in English through the ENL providers based on their English proficiency level and their mandated minutes for ENL Stand Alone and ENL Integrated following the regulations set forth by NYS and Part 154-2. Students are scheduled in the same class across grade levels so Integrated ENL mandates can be met. Students are grouped by proficiency level across two contiguous grades so that they can be pulled for instruction based on these grade levels, proficiency levels and mandated minutes. The ENL program and customized for IB Learning, The EL Curriculum which are aligned with and guided by the Next Generation Learning Standards through strategies and differentiated based on item analysis of available assessments. The ENL program utilizing strategies of sheltered English, TPR, and differentiation based on item analysis of available assessments. Through Remote Instruction, the teacher is able to monitor and adjust assignments and provide scaffolds to foster the language needed for ELLs to meet learning standards and objectives set by the teachers based on the core curricula is ELA, Math, Science, and Social Studies. The ENL teacher provides Integrated Instruction based on the Next Generation Learning Standards (NGLS) that are being taught in the General Education class of each grade level. Instruction is given across content areas so that students can master the content as well as skills necessary to learn them. Scaffolding: modeling, bridging, schema building, contextualization, text representation, and metacognition are implemented to build and help expand students' prior knowledge and schema. Standardized test data through ATS reports, City and State formal, Predictive exams, and Teacher-made Assessments are all analyzed and used to inform and drive instructional practices of the classroom teacher and ENL provider. Students establish their individual goals and work toward mastery with the support of scaffolds, visuals, differentiated instruction, small group instruction and self assessments. In content areas, the ENL teacher monitors the understanding of linguistically challenging material and uses a variety of phrasings, synonyms, cognates and visuals to clarify meaning.

As students work toward proficiency in English, academic content for students is challenging, engaging and presented through well developed l earning strategies that incorporate the use of their native language, when applicable, cognates and ENL methodology and instructional practices to shelter language and make content across the curriculum more comprehensible without sacrificing academic rigor. In math, extra time is devoted to the untangling of difficult word problems, and students a re required to make verbal explanations of these problems to encourage writing in the content areas and metacognition. In Social Studies, teachers scaffold their instruction with visual aids such as maps, atlases, images through technical means and illustrations to increase comprehension for ELLs . These students also receive additional support in both reading and writing through small group instruction provided by the various staff members. Staff has been trained in RTI and some of the ELLs are in the classroom RTI targeted group receiving specialized interventions. Small group instruction for lower grades may focus on moving the child toward grade-level proficiency and state recognized benchmarks of proficiency of English language skills in speaking, listening, reading and writing as well as reading components such as , phonemic awareness, phonics, letter recognition, comprehension and critical thinking skills through remediation by a remedial reading teacher. PS 20 currently infuses The Leader in Me methods and philosophy building-wide to promote Character Education and Leadership. The I.B. curricula allows the ENL teacher to cohesively align planning and implementation of lessons both in Stand Alone and Integrated ENL. Teachers follow The I.B. Units of study for each grade level, co-plan in Professional Development time and Other Professional Work minutes to provide consistent instruction for ELLs.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

When it comes to delivering instructional minutes for ENL, English Language Arts, and Home Language Arts to ESL students, it is done through a combination of whole group instruction, small group, activities, differentiated, instruction, and language development strategies catered to their language proficiency levels. ENL instruction focuses on language acquisition and development, often delivered by ENL specialists and certified ENL teachers. Second language instruction, English Language Arts instruction and Home Language Instruction is integrated with

content subjects to support language development across the curriculum. Home Language Arts may be used to support, maintain and strengthen students' proficiency in their native language.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The French Dual Language Program is self-contained whereby instruction is taught 50% in English and 50% in French. Subject Areas are alternated between English and French Language Instruction. It is a Two-way Model where ELLs and English proficient students are provided instruction equally in French and English.

b. In which language(s) is each core content area taught?

Each core content area is taught 50% in English language and 50% in French language.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

There is no TBE program.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The Newcomer ELLs with up to three years of service, make up 89.3% of our total. When working with ELLs, who are new to the language, it is essential to create a supportive and inclusive environment that fosters language acquisition. Key strategies for effective instruction for newcomer ELLs would include using visuals and Realia to support comprehension, incorporating hands-on activities to engage students in learning, providing scaffolding and differentiated instruction to meet individual learning needs and learning styles. Encouraging peer interactions and cooperative learning provide support for Newcomers. Peer tutors and buddies of students who speak the same language offers language support and comfort. Teach through an asset based lens and use students strengths and unique talents and interests. Provide TPR, gestures, visuals and simplified language. Offer translations in their native language, and use cognates and native language support to foster success.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0% of the students are SIFE. It is essential to create a supportive and inclusive environment that fosters language acquisition for all students at PS 20. Key strategies for effective instruction for SIFE ELLs would include using visuals and Realia to support comprehension, incorporating hands-on activities to engage students in learning, providing scaffolding and differentiated instruction to meet individual learning needs and learning styles. Encouraging peer interactions and cooperative learning provide support for SIFEs. Peer tutors and buddies of students who speak the same language offers language support and comfort. Teach through an asset based lens and use student's strengths and unique talents and interests. Provide TPR, gestures, visuals and simplified language. Offer translations in their native language, and use cognates and native language support to foster success. They learn new vocabulary through explicit instruction implemented in a variety of ways for example, by hands on and through experiential, kinesthetic approaches, using visuals, prior knowledge, and contextualization as we teach thematically through the I.B. curriculum as well as Core Content Areas. Furthermore, we teach the whole child by leveraging The SEL and Culturally Responsive curricula. SIFE ELLs encounter the curriculum and standards with a strong emphasis on CALP and instruction is scaffolded with strategies to front load vocabulary and specific content. Vocabulary is delivered through context clues, use of signal words, vocabulary games and hands

on/kinesthetic activities like musical chairs. Tier Two words are taught through direct instruction, deliberate practice and through writing so students can gain an access to new language through extensive and varied vocabulary instruction. Students are provided personal word walls, glossaries, picture dictionaries, word-for-word dictionaries in English and their home languages to support English acquisition. The explicit instruction of vocabulary reinforces reading instruction and comprehension across content areas necessary to access our I. B. Curriculum. We strive to provide ELLs multiple exposures to target words and content over several days and across various content as well as the modalities of Speaking, Listening, Reading and Writing based on their English proficiency and developmental abilities. We delve into The SEL of SIFEs and try to infuse the curriculum into their lessons and studies to support their learning and social well-being.

Instructional strategies are varied and targeted to meet individual learning styles and objectives based on student deficiencies. SIFEs who are struggling will receive services by the ENL provider and teachers of RTi where particular skills are reinforced. Teachers and school leaders use data to determine when it is necessary to adjust instruction for all ELLs. Knowledge of typical new language development and the student's history of first and second language (e.g. educational background) is considered when setting benchmarks. Our school uses data to guide instruction with the Response to Intervention (RTI) framework for grades K-5. We employ research based, professionally taught, data driven instruction for all students, including ELLs at the Tier I, II, and III intervention levels, and incorporate language development to move ELLs and narrow academic gaps. The school uses available and current data of all standardized tests and MOSL to guide instruction for ELLs within the classroom and create the RTI plan for flexible grouping, needs for differentiation, intervention and small group instruction throughout the day. Data is considered when deciding what staff to group students with, and to establish plans and implementation of instruction. During team meetings or RTI discussions educators brainstorm possible scaffolds, differentiated activities and instructional methodologies to provide ELLs with practice gaining proficiency in the particular area and demonstrating their growth, understanding or mastery of it. They aim to provide diverse methods to both teach it using the four modalities and have students gain mastery of it. The implications for the school's LAP and instruction are derived from the strengths and needs noted in the NYSESLAT and other assessments (NYSITELL, DRA, Teacher Assessments, teacher anecdotals, SBST evaluations, SIT Team discussions, informal observations and input, as well as students' educational history and parental input). cWe utilize this data to guide instructional practices and programs and align NGLS within lessons to particular ELL needs within the Response to Intervention. Teachers will use data to target language development across the grades and content areas, creating opportunities for active, meaningful engagement and written opportunities for publishing and using academic language.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Long Term ELLs with seven or more years of service make up 0% of our population. Supporting long-term ELLs, who have been in the program for seven years or more, requires a specialized approach to further enhance their language acquisition and proficiency. These students have unique needs and challenges, and it is essential for us to provide them with the targeted strategies to continue their linguistic development. Some effective strategies for teaching Long-Term ELLs are implementing project based learning activities that allow students to apply language skills in real life contexts. Offering opportunities for independent research and presentations to enhance speaking and listening skills. Providing advanced vocabulary instruction, and focusing on academic language to support content and comprehension. Encouraging peer collaboration and discussions to promote fluency and communication skills is necessary for language acquisition.

Long Term ELLs who are struggling will receive services by the ENL provider and teachers of RTi where particular skills are reinforced. Long Term ELLs encounter the curriculum and standards with a strong emphasis on CALP and instruction is scaffolded with strategies to front load vocabulary and specific content. The Home Language is greatly supported and used to present content. We leverage the use of cognates in the content areas to support academic

instruction. Vocabulary is delivered through context clues, use of signal words, vocabulary games and handson/kinesthetic activities like musical chairs for Developing ELLs and we focus on school-based literacy programs.

Tier Two words are taught through direct instruction, deliberate practice and through writing so students can gain an access to new language through extensive and varied vocabulary instruction. Students are provided personal word walls, glossaries, picture dictionaries, word-for-word dictionaries in English and their home languages to support English acquisition. The explicit instruction of vocabulary reinforces reading instruction and comprehension across content areas necessary to access our IB Curriculum. We strive to provide ELLs multiple exposures to target words and content over several days and across various content as well as the modalities of Speaking, Listening, Reading and Writing based on their English proficiency and developmental abilities. We incorporate technology tools and multimedia resources to engage students in enhanced language learning. We continue to support their native language instruction. By employing these strategies we can create a dynamic and supportive learning environment that caters to the specific needs of Long-Term ELL students.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Currently the one Former ELL makes up .2% of our ELL population. In order to continue to support our students' academic success, we use effective strategies for teaching former English Language Learners who are now at the Commanding level of English proficiency. These students have made significant progress in their language acquisition journey, and it is crucial for us to provide them with tailored instruction that meets their advanced language skills. Some key strategies for teaching former ELLs at the Commanding level are offering challenging and enriching content that aligns with their language proficiency through the IB units of inquiry. Encouraging critical thinking and higher order language skills through discussions, debates and analysis is important in supporting Former ELLs. Providing opportunities for authentic language use in real world contexts and fostering independent learning skills aides in their further development. Teaching the self monitoring of language use by incorporating culturally relevant materials to maintain engagement and connection to their heritage is key. By employing these strategies, we can ensure that our Former ELLs at the Commanding level continue to thrive academically and linguistically. We aim to support the diverse needs of all of our Former ELL students.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Indicated on the Early warnings for ELLs through the at risk indicators for ELLs on the EDAT data analysis tool, show there are eight ELLs
in temporary housing and seven who did not demonstrate sufficient progress on the NYSESLAT. There are ELLs in grades one and two, with a high concentration of indicators. Three students scored a level one or two in the last school year. There are ELLs who scored a level one or two in math.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Five current ELLs met progress. One student met Annual Progress Target. Zero students met Safe Harbor

Cumulative growth, and seven students have Progress Not Met status. Based on their years of service, students are on track to meet targets or have been programmed for additional supports, RTi or Individualized Educational plans.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish, Arabic, French, Chinese and Portuguese are the top languages spoken by our ELLs and their families. We plan and implement, cultural events programs, assemblies performances, talent, shows, social justice runs and other learning experiences based on our student and family representations. We offer translation if our staff members cannot provide support for our families. We have a diverse staff and a dual language French program, whereby many teachers speak multiple languages. The languages supported through our staff are Spanish, Arabic, Creole French Portuguese, Mandarin Chinese, Korean and Italian.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Currently at PS 20, a French Dual Language school, 2.1% of our ELLs are Hispanic, 2% white, 0.3% are black, 0.7% are Asian and 0% are American Indian or Alaskan Native. One hundred percent of our ELLs in the ENL and DL programs are considered and included when planning and delivering Culturally Responsive and Sustaining Education. Teachers take ongoing PD to develop their skills at implementing, planning and delivering Culturally, Responsive Education, inclusivity and open mindedness. Our JEDI and Rainbow Club committees of parents and school staff hold community events centered around inclusion.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The English Language Proficiency Growth chart demonstrates student growth in English proficiency and a school's annual federal and state accountability metrics. ELL students who meet Annual Expected Progress are on track to exit ELL services. Five students or 38.5% of ELLs met progress by exiting ELL status. One student met the Annual Progress Target which equate to 7.7% of students. Zero students met the Safe Harbor Cumulative Growth and seven ELLs or 53.8% are still at Progress Not Met. Students are both exiting out of ELL status and staying in the program without making progress and in many instances remaining at the same proficiency levels. It is proving difficult for students to progress from the Expanding to the Commanding level.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Of the current ELLs who took the NYSESLAT, none in kindergarten nor first grade scored low in any modality. The bulk of our low scoring students were from second and fourth grade. There was one student in second grade who scored low on reading, two in writing, and two in speaking. No students in the third grade scored low. In the fourth grade one student scored low in reading, one student in writing two students in listening, and one student in

speaking. Out of the fifth graders no one scored low on the NYSESLAT. The modalities that need attention are reading and speaking.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Of the current ELLs who took the NYSESLAT, none in kindergarten nor first grade scored low in any modality. The bulk of our low scoring students were from second and fourth grade. There was one student in second grade who scored low on reading, two in writing, and two in speaking. No students in the third grade scored low. In the fourth grade one student scored low in reading, one student in writing two students in listening, and one student in speaking. Out of the fifth graders no one scored low on the NYSESLAT. The modalities that need attention are reading and speaking. The bulk of the students who scored low on the ELA or Math are Emerging and Transitioning students and ELLs with IEPs.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Of the current ELLs who took the NYSESLAT, none in kindergarten nor first grade scored low in any modality. The bulk of our low scoring students were from second and fourth grade. There was one student in second grade who scored low on reading, two in writing, and two in speaking. No students in the third grade scored low. In the fourth grade one student scored low in reading, one student in writing two students in listening, and one student in speaking. Out of the fifth graders no one scored low on the NYSESLAT. The modalities that need attention are reading and speaking. The bulk of the students who scored low on the ELA or Math are Emerging and Transitioning students and ELLs with IEPs. Years of service is impacting the scores on their standardized exams. Students with IEP's are impacted. In class they receive accommodations, but also support of small group instruction, rei, strategic reading groups, and one on one assistance for individualized problems or inquiries. They have access to assistive devices however on a standardized test they have basic modifications without the support of teachers and tools they're comfortable with.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

PS 20 is a 3K-5 school.

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

PS 20 is a 3K-5 school.

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

PS 20 is a 3K-5 school.

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

PS 20 is a 3K-5 school.

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

A few ways in which we try to incorporate high-quality academic experience that leads to deeper learning is by differentiated instruction, tailoring teaching methods to meet the diverse learning needs of students that can ensure all learners are engaged and challenged at their individual levels. We use project based learning when possible. Implementing project based learning experiences allow students to investigate real world problems, and collaborate with peers and apply their knowledge in meaningful ways. We do this through the IB inquiry. Also we integrate technology to enhance student engagement, facilitate personalized learning and develop critical digital literacy skills. Hands-on and experiences to provide opportunities, such as experiments field trips, hydroponics, interactive activities that can deepen our students understanding of concepts and promote active learning is planned and implemented.

We use social, emotional learning. Emphasizing social emotional skills can create a supportive learning environment where students feel safe, valued, and motivated to engage in their academic pursuits. To accomplish this, we use interactive whiteboards. These can be used to display multimedia content, interactive lessons and educational games to make learning more engaging and interactive. We utilize educational apps on tablets and computers to provide personalized learning experiences, practice activities to provide immediate feedback to students. We learn use online learning platforms to supplement classroom instruction and provide additional resources. We offer opportunities for students to access educational content at their own pace. We offer virtual field trips to historical sites, museums, and other locations around the world enhancing their understanding of various subjects. We use digital storytelling tools to create multimedia presentations, videos, and animations to showcase students' understanding of concepts, and enhance their communication skills.

We use mindfulness, movement breaks, and practice relaxation techniques to manage stress and improve emotional well-being. We use digital journals to encourage students to keep digital journals or blogs where they can expressed their thoughts, feelings and experiences. By integrating, educational technology tools that support social emotional learning we can create a holistic learning environment that nurtures student's academic growth and social and emotional development.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT and SLT considers all ML/ELLs in all aspects of the curriculum planning, goal setting instructional implementation and the creation of Committees and the organizing of events. The core content is delivered in English through the ENL providers based on their English proficiency level and their mandated minutes for ENL Stand Alone and ENL Integrated following the regulations set forth by NYS and Part 154-2. Students are scheduled in the same class across grade levels so Integrated ENL mandates can be met. Students are grouped by proficiency level across two contiguous grades so that they can be pulled for instruction based on these grade levels, proficiency levels and mandated minutes. The ENL program utilizing strategies of sheltered English, TPR, and differentiation based on item analysis of available assessments. Throughout instruction, the teacher is able to monitor and adjust assignments and provide scaffolds to foster the language needed for ELLs to meet learning standards and objectives set by the teachers based on the core curricula is ELA, Math, Science, and Social Studies. The ENL teacher provides Integrated Instruction based on the NGLS and I.B. curricula being taught in the General Education class of each grade level. Instruction is given across content areas so that students can master the content as well as skills necessary to learn them. Scaffolding: modeling, bridging, schema building, contextualization, text representation, and metacognition are implemented to build and help expand students' prior knowledge and schema. Standardized test data through ATS reports, City and State formal, Predictive exams, and Teacher-made Assessments are all analyzed and used to inform and drive instructional practices of the classroom teacher and ENL provider. Students establish their individual goals and work toward mastery with the support of scaffolds, visuals, differentiated instruction, small group instruction and self assessments. In content areas, the ENL teacher monitors the understanding of linguistically challenging material and uses a variety of phrasings, synonyms, cognates and visuals to clarify meaning.

As students work toward proficiency in English, academic content for students is challenging, engaging and presented through well developed l earning strategies that incorporate the use of their native language, when applicable, cognates and ENL methodology and instructional practices to shelter language and make content across the curriculum more comprehensible without sacrificing academic rigor. In math, extra time is devoted to the untangling of difficult word problems, and students a re required to make verbal explanations of these problems to encourage writing in the content areas and metacognition. In Social Studies, teachers scaffold their instruction with visual aids such as maps, atlases, images through technical means and illustrations to increase comprehension for ELLs . These students also receive additional support in both reading and writing through small group instruction provided by the various staff members. Staff has been trained in RTI and some of the ELLs are in the classroom RTI targeted group receiving specialized interventions. Small group instruction for lower grades may focus on moving the child toward grade-level proficiency and state recognized benchmarks of proficiency of English language skills in speaking, listening, reading and writing as well as reading components such as , phonemic awareness, phonics, letter recognition, comprehension and critical thinking skills through remediation by a remedial reading teacher. PS 20 currently infuses The Leader in Me methods and philosophy building-wide to promote Character Education and Leadership. The I.B. curricula allows the ENL teacher to cohesively align planning and implementation of lessons both in Stand Alone and Integrated ENL. Teachers follow The I.B. Units of study for each grade level, co-plan in Professional Development time and Other Professional Work minutes to provide consistent instruction for ELLs.

Furthermore when planning core instruction, we pair students with Bilingual paras when applicable, utilize data from parent and student interviews and the LAB-R to evaluate language dominance, by buddying students with speakers of their native language and pairing students in intervention with bilingual teachers of their native language are measures we utilize to appropriately plan the instructional design. Students are provided personal word walls, glossaries, picture dictionaries, word-for-word dictionaries in English and their home languages as scaffolding measures. Cognates are provided on walls in the classrooms to be utilized by all students, lists of cognates in their languages are provided to ELLs and parents of ELLs. Classroom libraries include books in the languages represented in our school ie: French, Portuguese, Mandarin, Spanish, Arabic, Italian, and Haitian Creole. Holidays of different Cultures are celebrated through books read by parents in The International Families Committee. The PTA donates titles through funding and discussions held during The School Leadership meetings and various committee meetings. Our vision is to utilize The Wylentas Grant for the implementation of a parent tutoring Section and work

stations to read multilingual books and audio. Students use the technology of The Pen Pal program to read and hear books read in their Native Languages. We promote an inclusive community where are all welcomed and involved. This is done through thematic units incorporated into as many school wide events, electives and curricula as possible, ie: Jazz Band, Gardening, Assemblies, Performances, Parents as Learning Partner events, The International Families Committee, JEDI (Justice, Equality, Diversity and Inclusion), PTA sponsored events, The Social Justice Run, Movie Night, Bake Sales, teacher PD on Restorative Justice and Transgender Workshops, the French Elective and Graduation and Stepping Up ceremonies. We encourage culturally rich texts that promote inclusion and pride in our differences.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The Dual language model used in the school's K-2 grade French program is self-contained. The emergent literacy taught is self contained. In the morning lessons are taught in French and in the afternoon Math is done in English, along with all other afternoon lessons. All afternoon lessons are taught in English, as are lessons taught by specialty teachers. Out of the 28 periods during which these students are with their classroom teacher (not including lunch, specialty teacher classes, and Friday clubs), half are taught in French and half are taught in English. Reading and Writing and routines in content areas are taught in French, whereas content areas of Math, Science, Social Studies and Specialty classes are taught in English.

At PS 20 we believe that students acquire language, knowledge and build schema through positive experiences with children their age and therefore do not linguistically separate them. Students receive 50% of their instruction in French and 50% of their instruction in English from the classroom teacher. In the dual language classrooms students are instructed in French in the morning and English in the afternoon. On alternate days, this switches to the alternate language in the am, and the reverse in the pm. Native language arts and social studies a re taught in French; English language arts and math are taught in English. 20-30 minutes/day are devoted to Math in French and Social Studies in English to support academic language development in the second language. Language Arts is integrated with Social Studies and Science to encourage higher academic vocabulary acquisition and use. Specialty subjects are taught in English, such as Art, Science, and P.E. Music is taught in both French and English in the kindergarten dual language classroom. All students have a specialty class once a day. Q-TEL protocols, scaffolds, and Native Language supports are used and put in place to ensure ELLs access curriculum and content is comprehensible.

Dual Language Model: Because we strongly believe in first, the development of native language literacy and then second language literacy, our program has a self-contained dual language class in K. Students a l ternate between one cl ass and the other on an a l ternate day schedule. The French dominant students learn to read in French first, and English dominant students l earn to read first in English. We strive to meet the demands of the Next Generation Learning Standards through the core content as well as all of the offered electives and community programs.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Pen Pal, Scholastic Edge, Epic and EL Curricula (Language Dives) are guided reading programs used. As students work toward proficiency in English, academic content for students is challenging, engaging and presented through well developed l earning strategies that incorporate the use of their native language, when applicable, cognates and

ENL methodology and instructional practices to shelter language and make content across the curriculum more comprehensible without sacrificing academic rigor. In math, extra time is devoted to the untangling of difficult word problems, and students a re required to make verbal explanations of these problems to encourage writing in the content areas and metacognition. In Social Studies, teachers scaffold their instruction with visual aids such as maps, atlases, images through technical means and illustrations to increase comprehension for ELLs . These students also receive additional support in both reading and writing through small group instruction provided by the various staff members. Staff has been trained in RTI and some of the ELLs are in the classroom RTI targeted group receiving specialized interventions. Small group instruction for lower grades may focus on moving the child toward grade-level proficiency and state recognized benchmarks of proficiency of English language skills in speaking, listening, reading and writing as well as reading components such as , phonemic awareness, phonics, letter recognition, comprehension and critical thinking skills through remediation by a remedial reading teacher. PS 20 currently infuses The Leader in Me methods and philosophy building-wide to promote Character Education and Leadership. The I.B. curricula allows the ENL teacher to cohesively align planning and implementation of lessons both in Stand Alone and Integrated ENL. Teachers follow The I.B. Units of study for each grade level, co-plan in Professional Development time and Other Professional Work minutes to provide consistent instruction for ELLs.

b. SIFE

PS 20 has no students who fall under SIFE, however the plan for students with interrupted education is to include them in the reading and math sessions with groups and staff who speak their native language, place them, when possible with the bilingual paras, buddy them up with students who speak their native language. We provide students with access to glossaries, cognates and online translation apps and materials in their native language. We aim to provide them with technology class whereby they can access programs for translation and information in their native language. We would create individualized, student needs assessments and determine the need for RTI. We would find it necessary to provide Professional Development by The Office of MLLs for staff in the ALLA assessment to identify SIFE students, as well as in strategies that benefit the SIFE population. For SIFE ELLs , instruction is differentiated and scaffolding techniques are used in the classroom. The teachers have been trained in Q-TEL and implement the scaffolding techniques learned in their daily instruction. Because SIFE ELLs show more progress with hands-on activities , the teachers plan lessons that are project-based with native language support. Vocabulary is front- loaded when possible, partnered with a cognate or synonym, visual aids or supplemented with multi-media through our online resources. Visuals and graphic organizers are used to support the SIFE ELLs . Differentiation in lessons include the planning, implementation, the visuals, videos, images for vocabulary, in student work products.

c. Newcomers

For Newcomers, or a student who enters school mid-year, it is our plan to invite them immediately in to The International Families Committee monthly events. Student utilize various support programs, peer mediation on social skills periods and various software programs including but not limited to, Lalio Phonics, Starfall, BrainPop ELL, Raz Plus, Language First, Fundations and Rosetta Stone. Wer ustilize scaffolds, protocols and Native Language to ensure ELLs can access the curriculum. Students, have built-in opportunities to acquire vocabulary, language and BICS that their classmates already have. Teachers incorporate test-taking skills into the built-in technology schedule. We gather formative data and summative assessments and provide the following resources to facilitate the transition: An informal Student Orientation/Welcome Back Assembly is recommended and we utilize a Buddy system, identifying a similar student in his/her class that will assist throughout the day. An informal assessment is conducted to identify possible Academic Intervention needs. The Parent Coordinator and Principal make attempts through memos, conversations and invitations for an open “Home/School” communication. Classroom teachers and peers guide them through The 7 Habits and The Leader in Me Process.

d. Long Term ELLs

Long Term ELLs a re involved in at least one of these programs, if not all of the following. The assessment for, and creation of an AIS plan with emphasis on the literacy and math components. Grade appropriate instructional support materials and scaffolds in the General Ed classroom and in the Stand-Alone ENL classroom, plus Differentiation of instruction across the content areas. The above remediation is encouraged and recommended. ELLs continuing to need academic support will receive a personal intervention plan, developed by the Rti team. An analysis of their scores on current assessments, the NYSESLAT, ELA and Math assessments will be done to assess their needs and tailored delivery of content. They will receive full services in Stand-Alone and Integrated ENL by fully certified teachers. model in ENL and continue to receive Intervention services if targeted by The SIT Team/Intervention Team. Our action plan for Long Term ELLs is an academic program, targeting phonics, reading and writing at least three days during the week, monitoring the progress of students in all content areas to differentiate instruction for literacy needs. Differentiation in lessons include the planning, implementation, visuals, videos, images for vocabulary, and include student work products. All lesson plans are differentiated in some way to meet the needs of Long Term ELLs depending on the targeted Core Standards.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The designated staff schedules and meets with the LPT Team and parents within the first 20 days to discuss potential ELLs with IEPs. The determination is made collaboratively as to whether the student should take The NYSITELL. The determination of the NYSITELL score guides the student eligibility and specific mandates. The SIT Team places the student in the least restrictive instructional environment based on the school's program, staff and licensure. We use flexible scheduling to ensure that student's mandates and needs are met according to their IEP and ENL mandates. They are placed in ICT settings based on teacher licensing and provided ELL mandates by a fully certified ENL teacher. Parents are notified of eligibility and programming in writing. Currently our three ELLs with IEPs are in ICT/General Ed classrooms. They are pulled out to receive ENL services and other services such as O.T., Speech and Language, P.T. and SETSS. Schedules are created by The SIT Team Members and Service Providers so that services do not conflict.

The SIT Team works in collaboration to schedule student services and assure that students are scheduled with multiple providers to meet their mandates. Services are provided through push in and pull out to ensure that throughout the day students remain and are instructed in the least restrictive environments possible. The intervention services are offered in English with support, when possible with a student's Native Language. The ENL population of ELLs is a mixture of Entering through Commanding students. Al l Students are instructed grade/level appropriate or by ELL level, based on the spring NYSESLAT by means of differentiation in content, delivery, process and product. Services are provided by a fulltime, dually certified ENL/English teacher in Integrated and Pull-Out settings with students working at individual levels and supported through differentiated instruction. as well as a part time TESOL certified ENL teacher. The RTI specialists, Special Education Providers and classroom teacher target students in need of intervention and provide them with small group assistance and differentiated instruction and strategic methods. These students a rediscussed by their classroom teachers, grade level teachers and referred to the SIT Team. The determination for supplemental help, RTI or other evaluation is determined by said team. Students may receive peer-buddies, peer tutors, and assistance by teachers who share common native languages of French, Spanish, H.C. Arabic, and Polish. PS 20 offers Reading Intervention, Speech and Language, Occupational Therapy and ICT.

Support is offered through the ENL program utilizing strategies of sheltered English, TPR, and differentiation based on item and modality analysis of available assessments. Scaffolding: modeling, bridging, schema building, contextualization, text representation, and metacognition are also used to build and help expand students' prior knowledge and schema. Standardized test data through City and State formal tests, Predictive exams, and Teacher-

made Assessments are all analyzed and used to inform and drive instructional practices of the classroom teacher and ENL provider. Students establish their individual goals and work toward mastery with the support of scaffolds , visuals, differentiated instruction, small group instruction and self assessments.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

ELLs are embraced and celebrated at PS 20 and Native language support is embedded in the DL and ML programs and procedures through: Assessment determined by Bilingual ENL teachers, support staff and bilingual staff members. The International Families Committee, Family Celebrations/Assemblies, the Spanish Lab-r, Standardized tests in native languages, parent brochures, and cultural field trips . The materials selected and utilized for instruction are aligned with the State and City ENL Standards and NGLS. In content areas, specials and the I.B. units teachers strive to use students home languages, cognates, dance, arts or culture represented here at PS 20. Student diversity is respected and celebrated through the support of their native language development and heritage, through celebrations, research, arts, dance, multi-lingual libraries, itranslate programs on the iphone and ipads and through our Dual Language Program. Lessons are taught on Cultural holidays through authentic books and literature. Biographies are researched throughout the year based on student interest, not assigned to "---------- History Month". At PS 20 events, the school and community come together to recognize student achievements in attendance, cultural arts and academics. Native language support is provided through a buddy system, interpretation offered through bilingual staff members, a multilingual library, bilingual dictionaries, NYU Steinhardt glossaries and listening and technology centers. Parent Workshops and conferences through the OMLL and NYC are advertised and posted by fliers in Native Languages and encouraged by our school via the Parent News Bulletin Board and phone blasts.

Starting in Kindergarten, students take books home in the native language to read independently. In addition, students struggling with vocabulary development are encouraged to take home a variety of books/texts for their parents to read aloud in their native language. The Dual Language program also incorporates aspects of the French national curriculum to challenge advanced French-dominant students in their native tongue, especially in phonics, spelling, grammar and vocabulary. Native language support is fostered through Concerts and Assemblies whereby students demonstrate their fluency through songs and performances.

Our ENL teacher supports native language development by sending books and The Pen Pal home in Arabic, French and Spanish. We provide phonics flash cards and games in Spanish to take home, and give the Scholastic magazine “Que Tal ?” to Spanish speakers for at home reading with their families. Children can also watch instructional videos and language learning support in French, German and Spanish through Scholastic on www.maryglasgowplus.com. New purchases of Star Fall was purchased through The Immigration Fund.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

PS 20 is a 3K-5 school.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

PS 20 is a 3K-5 school. The administration, parents and staff work to enhance and establish systems and structures for our co-teaching learning environments at PS 20 through the Push In Model, team planning times and the I.B. Google Classroom where lessons are shared. Implementing effective systems and structures is crucial for providing support, guidance and growth to educators and our students. Key components we consider are scheduling regular coaching meetings with an IB coach to set goals and track progress on a monthly basis. We are provided, time, resources and tools for professional development and planning. We create a culture of collaboration and feedback among staff and utilize Culturally Relevant teaching strategies based on research based professional development. We aim to establish clear expectations and protocols for coaching sessions, team meetings, staff PD's and curriculum planning. We use evidence and data to inform our practices that benefit everyone involved in the learning process.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

PS 20 is a 3K-5 school. The administration, parents and staff work to enhance and establish systems and structures for our inclusive and caring learning environments at PS 20 by attending Professional Development as per contractual requirements. Implementing effective systems and structures is crucial for providing support, guidance and growth to educators and our students. Key components we consider are scheduling regular International Families meetings to gain feedback and establish close connections on a monthly basis. We provide time, resources and tools and "Welcoming" kits to our new families. We create a culture of collaboration and feedback among staff and families to assess needs. We use utilize Culturally Relevant based research when working with families. We provide open communication and translation through our personal staff, translated school signage, memos, Konstella, text messaging, flyers, news letters, Home Language Surveys, invitations, brochures, What's app, and through The Office of Language Access.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional development opportunities are posted and required by the DOE. The OMLL offers support and workshops for teachers. The ENL teacher participates in 50% of PD deriving from workshops in ENL instruction and strategies to support ELLs. This can be conducted by school staff in-house or taken in person or virtually. Professional Development Associations and Conference Organizations, the OMLL and various adult education institutes provide staff of their 15% Professional Development to assist with the instruction of ELLs. Staff training comes through inter-school visitation and after school PD/workshops. Teachers of ELLs a re expected to be trained in The I.B. Framework, The Leader in Me Process, and Scaffolding Nonfiction for ELLs. Hours for ELL training is provided to classroom teachers through faculty meetings, administrative meetings, Jose P Training, grade-level meetings, ELL News on the Agendas, ATS news, LAP meetings and by providing the LAP in the main office, Building-wide PD, and through coaches meetings. This PD is documented by agendas and attendance rosters kept in the administrator's binder. The ENL teacher is involved in departmental, PTA and SLT meetings, Professional Development days and grade conferences, where the ENL teacher, provides information using researched based strategies for assisting ELLs in the General Education classroom via an organized PD Development binder provider

by DOE ELL Instructional Support Personnel is used. Teachers are required to maintain a professional development section in a Data binder with certificates of attended Professional Development and track and register CTLE hours and update PL attendance with The NYS registry.

Teachers are encouraged to attend via postings of opportunities and required to maintain records and hours of accumulated PD. Professional development opportunities offered to teachers of ELLs who must receive 15% in ENL strategies are anything from The Office of English Language Learners, The Leader in Me Process, Nuts and Bolts for Teachers of ELLs, Scaffolding in the Content Areas, Differentiation in the ENL Classroom, NYSESLAT training, LAP and LTI training, Smartboard Instruction, PowerPoint, Inspiration, Creating Web Pages, Inquiry Training, and Teachers' College Workshops for ELLs. Professional development is provided by school staff, outside agencies, The Leader in Me, UFT and The DOE taken by teachers on our s ta ff have included: Scaffolding in the content areas, Differentiation in the ENL classroom, and ENL in the Mathematics classroom.

Our ELL teacher attends a variety of off-site workshops to promote collaboration between content area and language teachers. These include but are not limited to: Passport Voyager for Academic Intervention, Arts in Education, Scoring and training experience for NY State Assessments grades 3-8, AVID trained and Certified (AVID Eastern Conference, Newport News, VA.), Technology: PowerPoint, Inspiration, Creating Web Pages, NYSESLAT training, Inquiry training, OELL Study Groups on Differentiated Instruction, Marv Marshall: Effective Discipline, Marie Carbo: Learning Styles , Nancie Atwell: Reading and Writing Workshop, Teachers’ College Workshops for ELLs , STRP Reading, Reading i n the Content Area, Lee Canter: Assertive Discipline, Cooperative Learning, Gap Analysis, Cookshop, Cookshop for Families and The Leader in Me training, I.B. training, and Culturally Responsive Teaching.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Staff schedules and meets with the LPT Team and parents within the first 20 days to discuss potential ELLs with IEPs. The determination is made collaboratively as to whether the student should take The NYSITELL. The determination of the NYSITELL score guides the student eligibility and specific mandates. The SIT Team places the student in the least restrictive instructional environment based on the school's program, staff and licensure. We use flexible scheduling to ensure that student's mandates and needs are met according to their IEP and ENL mandates. They are placed in ICT settings based on teacher licensing and provided ELL mandates by a fully certified ENL teacher. Parents are notified of eligibility and programming in writing. Currently our three ELLs with IEPs are in ICT/General Ed classrooms. They are pulled out to receive ENL services and other services such as O.T., Speech and Language, P.T. and SETSS. Schedules are created by The SIT Team Members and Service Providers so that services do not conflict. MAP screeners.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Rti and intervention are offered throughout the grade levels in ELA, Math and Core subjects that are assessed by The State of New York. The intervention services are offered in English with support, when possible in a student's Native Language. The RTI specialists and classroom teacher target students in need of intervention and provide them with small group assistance, scaffolds and differentiated instruction through strategic methods. These students are discussed by their classroom teachers, grade level teachers and referred to the SIT Team. The determination for supplemental help, RTI or other evaluations is recommended by said team. Students can receive peer-buddies, peer tutors, assistance by teachers who share common native languages of French, Spanish, H.C., Arabic, and Polish as supports.
PS 20 offers Reading Intervention, Speech and Language, Occupational Therapy and ICT.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

In our ongoing efforts to support English language learners within a multi tiered system of support, it is essential to leverage data effectively to guide instruction and ensure the success of our students through a data driven approach. Drawing from the instructional leadership tool for MLs and ELLs in New York City, we implement the

following strategies in PS 20. Our data informed decision making utilizes assessment data, including language proficiency assessments and academic progress. Monitoring to identify the needs of English language learners at different proficiency levels within the multi tiered system of supports is essential and ongoing throughout the year and their years of service. We use differentiated instruction to tailor instruction based on data analysis to meet the diverse needs of English Language Learners and meet them where they are. We use I informed strategies to guide students in the reading of grade level texts, to move them forward and language acquisition and their academics. Formative assessments are ongoing and used to adjust teaching strategies and provide targeted support. We use progress monitoring regularly to monitor the progress of English language learners through ongoing assessment and data analysis. We aim to adjust interventions and instructional approaches based on student performance data. We engage in professional development to provide teachers with training on how to interpret and utilize data affectively to inform instruction for English language learners. We collaborate with our colleagues to share best practices and strategies for supporting language development. We attend professional development through the Division of Multilingual Learners. Furthermore, we use family engagement and home language supports to involve families in the data analysis process by sharing insights on student progress and providing resources for supporting English language development at home.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The multiple types of formative assessments used to gather real-time feedback to create continuous improvement are: Teacher created assessments, EL Unit Assessments, observations, IB events, Graphic Organizers, Peer and Self Assessments, quick quizzes, Discussion Protocols, QTEL Strategies, Think-Pair-Shares, Fountas and Pinnell, MAP, Acadience, conference notes, Classroom performances/presentations, IB and EL projects, Exit Slips, NYC Performance Tasks, and MOSL.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We ensure that students are evaluated in their home language by pairing students with Bilingual paras when applicable, parent and student interviews and using the LAB-R to evaluate language dominance. We buddy students with speakers of their native language. We try to group based on shared Home Language. We provide translation apps and games and elicit suggestions from students on how they can demonstrate their learning. Students curate student created online libraries, and home language supports. By assuring access to digital tools to support translation, creating opportunities for students to write and speak in their home languages, having use online or print resources in their home language to gather information and research and encourage students to use all linguistic resources for classroom learning and production. and pairing students in intervention with bilingual teachers of shared home language are measures we utilize to appropriately evaluate ELLs in their home languages. Students are assessed through: NYSESLAT, MOSL, iReady, Acadience, EOY, ELA, Math, Science and Social Studies Standardized Assessments.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative Assessments used are: NYSESLAT, MOSL EOY, ELA, Math, Science and Social Studies Standardized Assessments. These inform our scheduling of students, instructional design and curricular decisions. They inform us of student needs for Rti and Interventions along with student progress and growth and their mandates for ENL and special education services.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The ENL teachers and testing coordinator work collaboratively to create the three Session, four Grade-Band student schedule. The ENL Teacher informs parents through formal emails/letters indicating administration times. The ENL teachers administer The NYSESLAT within grade Bands to eligible students. The ENL teachers oversee the entire administration of the testing window including make ups. Students receive their ENL minutes through the ENL teachers or their certified bilingual teacher or other certified teachers in the building. The scoring takes place through small groups of ENL teachers at The OMLL. School based scoring is conducted by E. Ayzman. Throughout the testing window, students are instructed in homogeneous, flexible groupings based on their grade levels. Two contiguous grades receive their services simultaneously via differentiated lessons.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ENL teachers and testing coordinator work collaboratively to print ATS printouts and IEPs to ensure students are receiving their appropriate accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The certified pedagogues in ENL and DL provide the orientation for newly identified ELLs based on the NYSITELL score. We conduct sessions to introduce families and else to the school environment our academic expectations and our available support services. This outlines the various program models, goals and requirements as per NCYPS. With guidance we inform new parents or guardians of the ELL status, their program options of Dual Language, Bilingual Education, Transitional Bilingual Education and English as a New Language. At present, we offer English as a New Language and a Dual Language French program but communicate to parents regardless of what we offer, select their choice based on linguistic and academic needs as informed decision makers. Guided by the New York City policy on the programs offered, we use the parent selection form to allow parents to choose their option. We continue to monitor parent option because at this time we do not have a traditional bilingual program but realize if enrollment allows, we are obligated to open one. We provide interpretation through the Office of Language Access. During orientation, parents have option to view the online video of different programs in New York City. A testing team of teachers and the guidance counselor informs parents of Next Generation Learning Standards, assessments and what's expected at each grade level for ENL learners, and Dual Language participants. We use multilingual staff to welcome our new families. We maintain proof through a chart detailing the date deseminated and dates conducted.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual Individual Meetings are conducted by the child's Dual language and ENL teachers, the guidance counselor and Grade level teachers. They are invited via translated letters to discuss the individual bilingualism, biliteracy, academic achievement and cross cultural understanding, language proficiency and academic skills. Our aim is to address the needs of our ELL students, their language development, promote academic success and cultural competence. Through parent teacher collaboration we work toward creating inclusive and supportive learning environments where all are valued. Meetings are evidenced by sign in sheets/agendas.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We utilize a team of multilingual teachers and office staff as well as a designated LAC and Office Manager to address the needs of the parents when they enter the building to provide communication in the language they best understand. In addition, the ENL teacher is in ongoing communication with parents and has an open door policy to reach out for assistance with translation for communication with teachers and other entities within the school. We have translation devices and access to The Office of Language Access and training on how to utilize it.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

We create and utilize surveys disseminated through The International Families Committee, Konstella online communication system, Parent Conferences, Assemblies, PTA meetings, The SLT meetings and monthly International Families events to assess needs and deliver supports to our families.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our PTA informs all parents and guardians of leadership opportunities to join the PTA, the Leadership Team, The International Families Committee, The JEDI Committee and Rainbow Club. When families enter the building, they are greeted by a team that acclimates them to our school culture and include them in committees, meetings, and teams and announces vacancies. When a leadership role comes up there is a letter backpacked, it is addressed at the PTA meetings by our PTA president in the code president and also on the SLT monthly meetings, it is shared.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We are committed to growing our culturally and linguistically responsive community partnerships. At this time we have several which include but are not limited to: The Division of Multilingual Learners, The Metropolitan Center for Research on Equity and Transformational Schools, Yolanda Sealy Ruiz, The International Families Committee of PS 20, The JEDI Committee of PS 20, Futbol Rebels, Remi Palmer with The Bleuler Psychotherapy Center and the Department of Mental Health and Hygiene and Kaleidoscope.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We utilize our International Families Committee monthly meetings to disseminate and discuss surveys with the families with the assistance of other families interpreting and explaining questions put forth. We use the survey information in future SLT meetings, and seek budgetary and financial ways to implement the feedback provided. We use Title III money, as well as school funds and PTA donations to support these needs. The PTA has supported teachers by providing $500. per teacher to receive Professional Development of their choice. The PTA has provided every teacher with $300 worth of supplies which go to new migrants and English Language Learners. Our PTA has funded a parent ENL class based on specific feedback from the needs assessment. We used Title III money to purchase devices and tools for multilingual learners, Pen Pal Bilingual reading pens in the languages represented in our school. We have purchased student workbooks, Measuring UP Getting Ready fr ELLs Grades K-5, Express Readers and a bilingual library. We implemented an ENL Homework Help and Cultural Arts After School seven month program. We use PTA funds to celebrate our International Families and Multilingual Learners through monthly cultural celebrations, which include community cultural performers, cultural arts and crafts, music, religious shares and cultural foods.

We will use the same process to gather feedback from our current and new families next year in September and look at budgets to see how many and what we can fund based on the acquired feedback specific to our individual and unique families. They will decide in The International Families Committee which activities they choose to repeat, improve upon or replace.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Nicole Blyden, Principal
Nicole Dembert, Assistant Principal
Ina Friedman, Office Administrator
Karen Colon, Parent Coordinator
Sheilah Quinn, ENL Coordinator
Karina Lorenzo, ENL Teacher (Bilingual)
Bilingual Staff Members

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The office staff registers any new parents in conjunction with our ENL and DL trained and licensed pedagogues. The home language of the student is determined by said trained and licensed pedagogues. The parent completes the Home Language Identification Survey in the parent's preferred language at this time. The ENL teacher and classroom teachers conduct both student and parent interviews to determine language proficiency and NYSITELL eligibility. Translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services (OLA), or an alternative, high quality translation service.

The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs). Enrollment status of each newly admitted student is determined by the ENL Coordinator and ENL teachers. If the student has been in NYS public schools within two years, our school contacts the previous school to obtain ELL's status, relevant
assessments scores, and proficiency level. If student has been outside of NYS public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry. The NYSITELL is administered by The ENL

teachers. The Teachers then access an RLAT to determine the student's eligibility for services and mandates. If eligible the teacher contacts the parent to
schedule an orientation and provides all letters of eligibility, level of proficiency, Parent Agreement Forms, and Placement letters at said orientation. At that time, parents have opportunities to ask questions and view the New York City parent video in their preferred language. The student is placed and serviced in the ENL or Dual Language Program within the first
10 days of entering NYC schools and 20 days for students with existing IEPs.

The LPT consists of: DL teachers, ENL teachers, the assistant principal, the speech and language provider, the parent, and an SBST
team representative.

Parents are informed of upcoming events such as:
-School Tours
-School Orientations, as per grade level
-Meet and greet the teachers
-Movie Night French and English
etc.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Nicole Blyden

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Ricardo Rivera

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Karen	Colon	Parent Coordinator - Annual	02/26/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school,Other (Please specify in the next question)

If Other was selected, describe the resource here:

Student records from prior schools, medical records for SWDs.

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	9	0.80%	9	0.80%	3	3
BOSNIAN	0	0.00%	1	0.09%	0	0
CHINESE ANY	3	0.27%	1	0.09%	1	1
CANTONESE	0	0.00%	1	0.09%	1	1
FRENCH	13	1.16%	12	1.07%	5	5
MANDARIN	0	0.00%	1	0.09%	1	1
ENGLISH	1079	96.00%	1079	96.08%	40	40

STUDENT DOES NOT SPEAK	1	0.09%	0	0.00%	1	1
NORWEGIAN	0	0.00%	1	0.09%	0	0
SPANISH	19	1.69%	18	1.60%	3	3

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Flyers	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts, put out email blasts and Robo Calls. and meet with parents who require language assistance. Google translate is used for teacher-parent communication. Pocket Talk is used for communication. We utilize our multilingual staff to draft and translate field trip forms, memos, and teacher notes, communicate emergencies, nurse visits, hospital visits etc.
Konstella messages	Our multilingual staff sends Konstella blasts and meets with parents who require language assistance. The Parent Coordinator, Karen Colon creates and edits google translated documents, using OLA.
IEPs	IEPs The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access to ensure proper translation and interpretation. We allow a turnaround time of 10 days to two weeks. We utilize Pocket Talk to assist with IEP meetings when bilingual staff members are not available.
School calendar, emergency notices, field trip forms	When time is available we use the office of language access. We utilize our multilingual staff to draft and translate field trip forms, memos, and teacher notes. emergencies, nurse visits, hospital visits etc.
Teacher notices	When time is available we use the office of language access. We utilize our multilingual staff to draft and translate field trip forms, memos, and teacher notes.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Orientations	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret. We utilize Pocket Talk and Google Translate to communicate with parents.
Parent Workshops	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret. We utilize Pocket Talk and Google Translate to communicate with parents.
Parent Testing Meetings	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret. We utilize Pocket Talk and Google Translate to communicate with parents.
PTA Meetings	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret. We utilize Pocket Talk and Google Translate to communicate with parents.
Field Trip Meetings	The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance. We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret. We utilize Pocket Talk and Google Translate to communicate with parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

(A) a school-wide emergency (i.e. lockdown, fire, etc..)
We use translation and on Konstella, our school community platform and put out email blasts and interpret messages through Robo Calls. The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance to receive emergency communication.

(B) a student-specific emergency (i.e. student attendance, nurse/hospital visit, etc..).
We use the Office of Language Access, the OPI. The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OPI and our multilingual staff to send Konstella blasts and meet with parents who require language assistance to receive emergency communication.

(C) If a parent has an emergency and needs to contact the school.
We use the Office of Language Access for over the phone Interpretation. We utilize our multilingual staff to interpret when available. The Parent Coordinator, Karen Colon creates and edits google translated documents, uses OLA and our multilingual staff to send Konstella blasts and meet with parents who require language assistance to receive emergency communication.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The LAC receives translated signage and information from the Office of Language Access and posts such information in our school showcase. They use PTA meetings, staff meetings, professional development conferences and work days to turnkey practices and policies for the staff to meet compliance of The Chancellor's Regulation A-663. The staff members are provided with the steps and phone number to The Office of Language Access. The Parent Coordinator for our school is Karen Colon.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our certified pedagogues explain to parents their native languages, their rights to language translation interpretation in their parent orientation meeting. The LAC provides translated signage made available by the Office of Language Access, OPI. The Division of Multilingual Learners provides translated documents and letters to parents that are used to assist staff, in abiding by the rules and regulations for New York City Public Schools. Brochures, flyers and letters that are shared with parents are translated by our extensive multilingual staff or through the Office of Language Access. Parent engagement events are interpreted through our extensive multilingual staff when necessary and we use the Office of Language Access as well.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

During SLT meetings teachers, parents, administration and the Parent Coordinator discuss how our LEP parents and their potential needs can be addressed and how we will garner information specific to their family needs and educational outcomes of their children. We then create surveys inquiring about their specific needs. We use our International Families Committee monthly meetings to disseminate and discuss surveys with the families with the assistance of other families interpreting and explaining questions put forth. We use the survey information in future SLT meetings, and seek budgetary and financial ways to implement the feedback provided. We use Title III money, as well as school funds and PTA donations to support these needs.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

We use our International Families Committee monthly meetings to disseminate and discuss surveys with the families with the assistance of other families interpreting and explaining questions put forth. We use the survey information in future SLT meetings, and seek budgetary and financial ways to implement the feedback provided. We use Title III money, as well as school funds and PTA donations to support these needs. The PTA has supported teachers by providing $500. per teacher to receive Professional Development of their choice. The PTA has provided every teacher with $300 worth of supplies which go to new migrants and English Language Learners. Our PTA has funded a parent ENL class based on specific feedback from the needs assessment. We used Title III money to purchase devices and tools for multilingual learners, Pen Pal Bilingual reading pens in the languages represented in our school. We have purchased student workbooks, Measuring UP Getting Ready fr ELLs Grades K-5, Express Readers and a bilingual library. We implemented an ENL Homework Help and Cultural Arts After School seven month program. We use PTA funds to celebrate our International Families and Multilingual Learners through monthly cultural celebrations, which include community cultural performers, cultural arts and crafts, music, religious shares and cultural foods.

We will use the same process to gather feedback from our current and new families next year in September and look at budgets to see how many and what we can fund based on the acquired feedback specific to our individual and unique families. They will decide in The International Families Committee which activities they choose to repeat, improve upon or replace.
