Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Zejdi Ljumanoska	Principal or Designee*	
Katherine Kelly	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Marilyn Serrano	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Jennifer Castillo	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable

	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Vision Statement

Educational Excellence for All

Mission Statement

Our school community will empower students to become lifelong learners by providing equitable access to educational excellence.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Nestled in the heart of Bedford-Stuyvesant, P.S. 59 – The Dawn Best School has been a cornerstone of the community since its establishment in 1955. Serving multiple generations of families, our school's history is woven into the fabric of the surrounding housing developments, where the majority of our students reside.

Our school is a microcosm of New York City itself, rich in diversity and culture. The student population is composed predominantly of African American and Hispanic students, each bringing their own unique backgrounds to our learning environment. The school serves families with roots that span the globe, including Senegal, Ethiopia, the West Indies, Pakistan, Colombia, Puerto Rico, and the Dominican Republic. This diverse student body not only enriches our school community but also fosters a spirit of inclusivity and mutual respect among students and staff alike.

Our dedicated faculty reflects the vibrant diversity of the city, with a blend of experienced educators and newer staff members, all committed to providing a nurturing and dynamic learning environment. Whether young or seasoned, our teachers bring a wealth of cultural perspectives, unique teaching styles, and innovative ideas that support our mission to cultivate an atmosphere where every child can thrive.

At P.S. 59, we strongly believe that a child's growth is not limited to academic success. We foster a holistic approach to education that includes a robust range of extracurricular offerings, such as sports, media, STEM, fashion, arts, and culture. These programs are designed to align with the Chancellor's Pillars, the Framework for Great Schools, and the Instructional Leadership Framework. Through these guiding principles, we create an inclusive, supportive environment that nurtures each child's interests, creativity, and academic potential.

As part of our commitment to preparing students for the future, we embrace technology integration as a fundamental part of our educational approach. Our students are digital natives, having grown up surrounded by technology, and we recognize the importance of empowering them not just as consumers, but also as innovators and creators. While they may already be familiar with using technology for entertainment and communication, we believe that giving them the tools and guidance to use technology in meaningful and constructive ways will open up opportunities for success in the future.

Our partnerships with local vendors and community-based organizations provide students with even more opportunities to engage in academic and artistic pursuits. From STEM initiatives to cultural programs, our students benefit from exposure to a wide range of resources that enhance their learning and personal development.

In addition to our strong academic and extracurricular offerings, P.S. 59 is proud to be a UCS Community School and a recipient of several prestigious grants, including the 21st Century Grant and the Advantage Grant. These partnerships allow us to offer a variety of enrichment services, including extended academic support and additional programming for both students and families. A key feature of this collaboration is our afterschool program, coordinated by community organizations and school staff, which provides exciting activities, homework support, and even a hot supper five days per week.

Furthermore, we are dedicated to supporting the broader well-being of our community. We offer an onsite dental clinic, a community room, and a food pantry, ensuring that our students and families have access to essential services. We also host numerous parent workshops and community activities throughout the year, building strong connections and support systems within the Bedford-Stuyvesant neighborhood.

P.S. 59 – The Dawn Best School is more than just an institution of learning; it is a vibrant community hub where families, educators, and partners work together to provide a supportive, inclusive, and empowering environment for all our students.

Briefly summarize the key initiatives your school will implement this school year.

At P.S. 59, we are committed to continuously improving student outcomes through targeted and data-driven strategies. One of our key initiatives for the upcoming year is the refinement of data-based station teaching supports in our classrooms. This approach will ensure that students receive tailored, individualized support to master grade-level standards before requiring more intensive out-of-class interventions. These data-driven stations will complement our core instruction and the collaborative Data Analysis grade team meetings, where we will use student performance data to drive instructional decisions and better meet the needs of every learner.

To ensure that all students are equipped to achieve grade-level learning goals, we will also augment our curriculum by providing curricula-based resources that allow for differentiated instruction. Our approach will be grounded in equity, focusing on providing multiple entry points for all learners. This means designing lessons that embrace a diversity of voices, encourage collaborative discussions, and incorporate rich, real-world contexts, especially in areas like mathematics and project-based learning in English Language Arts. Moreover, we will empower our students by fostering student agency in the learning process—allowing them to take ownership of their mastery and growth through self-directed learning and progress tracking.

In alignment with the Chancellor's vision, we will expand and renew initiatives to create more opportunities for career-connected learning and enrichment throughout the school year. A significant part of this initiative is our weekly enrichment period, where students will have the chance to choose from a variety of career-connected clubs and activities. Teachers will lead these clubs, allowing students to explore their passions and make real-world connections through hands-on, engaging projects. This enrichment period is designed to provide students with a broad spectrum of learning opportunities that connect classroom content to future career paths, helping them

envision a wide range of possibilities beyond graduation.

Additionally, we will refine our signature practices across the school to ensure that we continue to meet the evolving needs of our students. This includes revisiting and adjusting the school's lesson flow based on real-time data and ongoing teacher feedback. We will update and enhance our student data trackers and portfolios, ensuring that every student's progress is visible and measurable. Accountability will be strengthened across all areas, particularly in station teaching groups, project-based learning, and curriculum pacing. By continuously fine-tuning these practices, we aim to create a flexible and responsive learning environment that maximizes student achievement.

At P.S. 59, we are committed to fostering an environment where every student has the tools and support they need to succeed academically and personally. These initiatives represent just a few of the ways we're working to ensure that our students have the resources, experiences, and mindset to thrive both inside and outside of the classroom.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-2	Fundations	Routine adjusted based on end of unit data
ELA	K-5	Into Reading	Units supported by curriculum-based station teaching
Math	K-5	Eureka Math	Units supported by curriculum-based station teaching
ELA	PK-2	Heggerty Phonemic Awareness	Routine adjusted based on end of unit data

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
38% of students (90) on or above grade level based on i-Ready 2025 EoY reading diagnostic.	Prerequisite phonics skills have not been mastered and upper grade teachers do not have a phonics curriculum to help students master beginning phonics	Focused interventions, including station teaching and data targeted small group instruction, for students who have not yet mastered phonemic awareness, fluency, and phonics
43% of students (in grades 3-5) are below grade level in phonics based on i-	Attendance/lateness leading to students missing phonics; teachers are new to the curricula; lack of opportunities for students	Professional learning series for K-3 teachers in early stages of implementing Fundations, Heggerty, and Into Reading. Professional learning schoolwide on effectively using decodable readers in small group

Ready 2025 EoY reading diagnostic.	to practice phonics skills in context using decodables	instruction for students that have not shown beginning phonics mastery.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62%	By June, 2026, literacy for All Students will improve, as measured by a 75% Decrease, from 62% to 16%, of percentage of students scoring below grade level on the MAP Growth assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Leverage professional learning and grade team meeting time to strengthen staff content knowledge and develop targeted interventions informed by student achievement data. This approach will support the development of MTSS Tier I instruction aligned to student needs, while also identifying and providing additional supports for students through MTSS Tier II and III services.

Root Cause Addressed:

This targeted literacy support strategy addresses both root causes by leveraging professional learning to build teachers' capacity in planning and leading data-driven small group instruction. Grade team meetings will support educators in identifying the components of Scarborough's Reading Rope targeted in each module, while also providing time to analyze student data, develop station teaching activities, and refine small group instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Offer year-round professional learning focused on breaking down key content, using explicit modeling, and incorporating teacher think-alouds to enhance instruction.
Offer year-round professional learning focused on student engagement and discussion aligned to Danielson components 3B and 3C.
Monthly grade team meetings to analyze student data and assign tier I interventions.

Monthly grade team meetings to analyze the Into Reading curriculum, identifying how the strands of Scarborough's Reading Rope are embedded in the modules and augmenting strands as needed based on class/grade data.
Daily station teaching in all classrooms as an MTSS Tier I support using high quality, targeted resources such as Into Reading stations and decodable readers aligned to Fundations and Heggerty.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Student achievement will be primarily monitored through MAP Growth assessments, administered three times per year as a universal screener. Additional progress monitoring will occur through curricular assessments, including those from Fundations and Into Reading. This data will be used to inform instruction and guide planning during grade team meetings.

Professional learning will be documented in the school's professional learning calendar, with linked resources for each session to allow teachers to revisit key content. Implementation of instructional practices introduced during these sessions will be monitored through the Advance system and an informal walkthrough feedback tracker to ensure effective application of new learning in the classroom.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/11/2025	09/11/2025	Back to school workshop introducing all parents to their child's grade's schedule and the curriculum or: Back-to-school workshop welcoming all parents to learn about their child's grade-level schedule and curriculum.	N/A
10/06/2025	06/01/2026	Morning Mondays (Parents in the Classroom) will introduce parents to the activities of the curriculum and provide key workshops and presentations to help parents better support their children with reading at home.	Arete, St. Nick's Alliance

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Staff member to lead coordination of Morning Mondays; Building leader or teacher leader to manage grade team meetings and lead professional learning

Instructional Resources

Into Reading, Fundations, and Heggerty materials

Schedule Adjustments

Examine possibly shifting Fundations to later in the day to accommodate students that regularly arrive late.

Other Resources Needed

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
151 level 1-5 infractions as of June 17, 2025 per the Online Occurrence Reporting System.	Underdeveloped behavior management systems in the classrooms; social emotional learning needs that are not being met	Schoolwide structures for SEL and behavior management

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	151 incidents	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 15% Decrease, in number of level 1-5 incidents from 151 incidents to 129 incidents, per the Online Occurrence Reporting System (OORS).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The SEL Team, in collaboration with school leadership, will design and continuously refine a comprehensive, schoolwide framework for tiered social-emotional learning (SEL) support. This framework will include strengthened Tier I programming (such as Me & Mine), systematic tracking and coordination of Tier II and III interventions, and ongoing professional learning for all staff. The tiered SEL structure will be integrated into classroom-level behavior management systems and reinforced through individualized coaching and training when data indicates that additional support is needed.

Root Cause Addressed:

This strategy addresses both dimensions of the identified root cause: underdeveloped behavior management systems and unmet social-emotional learning (SEL) needs. It strengthens student support by enhancing interventions at every tier, while also investing in the professional growth of educators. All staff will participate in schoolwide professional learning focused on effective behavior management and SEL integration. Additionally, teachers identified through data as needing further support will receive targeted, individualized professional development to deepen their classroom management skills and improve student outcomes.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Work with SEL Team, Crisis Team, and school leaders to update the schoolwide MTSS structure for social emotional learning and behavior.
Launch Me&Mine SEL platform across all grades, K-5, as part of the morning SEL block. Ongoing tracking and

feedback should be used to identify whether this time would be better spent after lunch or other activities with less structure, such as physical education and dance.
Track occurrences by student through OORS to assign Tier II and III supports to students with repeated discipline code violations.
Expand P.S. 59 dollars to allow students to purchase items from the school store with dollars earned from strong behavior practices (in addition to attendance).
BoY and ongoing training for all staff on SEL pillars and behavior management techniques, including individualized coaching for teachers when OORS reports show excessive discipline code violations coming from their classrooms.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of this plan will be monitored through ongoing evaluation of OORS reports. This will allow the school to track individual students to assign Tier II and III supports when warranted. It will also allow us to track the frequency of reports from each classroom, allowing for targeted support for teachers.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Information provided to all families about classroom and schoolwide SEL and behavior expectations during back to school night meetings	N/A
09/04/2025	06/26/2025	Individual parent meetings for all students in need of Tier II and III SEL and behavior supports	N/A

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

SEL Team, Crisis Team, all school staff

Instructional Resources

Me&Mine curriculum, Harmony SEL curriculum

Schedule Adjustments

Not at this time, though Me&Mine may need to be rescheduled based on key stakeholder feedback and data

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
32% on or above grade level in mathematics based on the 2025 end of year i-Ready math diagnostic	Students have prerequisite needs that have not been met; curriculum is not always closely aligned to standards	Targeted MTSS Tier I supports for all students with a robust Tier II and III structure for students with additional needs; professional learning for teachers regarding the demands of the math standards

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32%	P.S. 59 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring on or above grade level will Increase by 15% from 32% to 47%, for All Students, as measured by i-Ready math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To accelerate math achievement, P.S. 59 will implement a daily station teaching model in all K–5 classrooms. This differentiated approach will allow teachers to provide targeted, small-group instruction tailored to students' individual needs. Grade-level teams will meet monthly to analyze student data, unpack curriculum content, and engage in professional learning aligned to the math standards. These collaborative meetings will inform the design of specific interventions and instructional strategies to ensure all students make meaningful progress in mathematics.

Root Cause Addressed:

This strategy directly addresses all identified root causes by strengthening teacher understanding of both the standards and the curriculum, while simultaneously targeting individual student needs through station teaching. By combining standards-aligned instruction with differentiated interventions, this approach will lead to more effective teaching, increased student support, and a deeper teacher grasp of the rigor and expectations embedded in each grade level's math standards.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monthly grade team meetings to unpack math standards using the North Carolina standards unpacking documents and analyze problem solving trends seen in student work related to the standard.
Monthly grade team meetings to analyze student data and assign tier I interventions.

Monthly grade team meetings to analyze the Eureka Math curriculum to ensure alignment with the NGLS.
Station teaching daily in all classrooms using high quality, targeted resources such as ECAM centers and Eureka Math materials.
Additional data collection cycles through the use of the Rally online simulation exam in grades 3-5.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Introduction to the grade level expectations of the Eureka Math curriculum and the NGLS presented by teachers at back to school night	N/A (though Arete and St. Nick's Alliance may participate in back to school night activities)
10/06/2025	06/01/2025	Morning Mondays on the first Monday of each month, where parents are invited to join their students in the classroom. Teaching content during this time will include key math concepts for the grade.	N/A (though Arete and St. Nick's Alliance will help to provide workshop content alongside the classroom visits for Morning Mondays)

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Cluster teacher coverage for grade team meetings

Instructional Resources

Eureka Math curriculum, NC Standards Unpacking Documents, ECAM Centers

Schedule Adjustments

Programming for station teaching and weekly grade team meetings in all grades

Other Resources Needed

N/A

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In 2024-2025, 100% of 3-5 students were engaged in self-selected enrichment clubs based on a student survey, though K-2 students attended a classwide club selected by the teacher. This means 50%	Concerns about the lower grade students' readiness to change teachers and classrooms prevented programming these	Expand self-selected enrichment clubs to include second grade students and promote cross-grade collaboration, mentorship and shared learning with third grade peers. This structure fosters student engagement,

of the students schoolwide attended a self-selected enrichment club.	grades for clubs in other classrooms.	leadership development, and a sense of community across grade levels.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	50%	P.S. 59 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students attending a self-selected enrichment club for All Students will Increase by 10% from 50% to 60% as measured by an in house survey using a Google Form.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Grade 2-5 students will complete a survey to select their first and second choices from a curated list of enrichment clubs developed through teacher expertise and partnerships with community-based organizations (CBOs). This strategy expands access by including second grade students and refining the program to encourage peer collaboration between second and third graders, fostering mentorship and cooperative learning. Enrichment clubs will operate in two distinct cycles—fall and spring—with the second cycle beginning in January, providing more students the opportunity to engage in their top-choice clubs and supporting differentiated learning experiences. Each cycle will culminate in an Enrichment Showcase, where students present their work to the broader school community, fostering a culture of curiosity and highlighting the depth of student engagement. These initiatives emphasizes student choice, interest-based grouping, and collaborative, leadership, mentorship enhancing meaningful learning experiences. To further support peer collaboration, structures such as, mentorship opportunities, and shared projects will be established to strengthen partnerships between second and third grade students.

Root Cause Addressed:

This strategy addresses the root cause of limited enrichment opportunities for lower-grade students by including second graders in the schoolwide enrichment program. By providing them access to self-selected clubs and opportunities to transition between these learning experiences, the initiative fosters student agency and independence. If successful, this model could serve as a foundation for expanding enrichment programming to additional lower grades in the following school year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Survey all teachers for possible clubs and use these ideas to survey students for first and second choice of clubs.
Program students in grades 2-5 for an enrichment period on Wednesdays linked to a club they selected.
Buddy up 2nd and 3rd graders to serve as mentee/mentor partnerships, providing leadership skills for the students and community.
Conduct two distinct cycles of enrichment clubs and conclude each club cycle with an enrichment showcase open to families.
Upon reprogramming for the second enrichment club cycle, focus on students that did not receive their top choice in clubs for the first cycle to ensure they all receive a self-selected club assignment.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure equitable access and student satisfaction, the implementation of enrichment clubs will be monitored through the use of Google Forms. Prior to each enrichment cycle, all students will complete a survey indicating their first and second club choices. Responses will be reviewed to ensure that the majority of students are placed in one of their top selections. This data will help identify patterns in interest, inform decisions about club offerings, and guide adjustments to maximize participation. Survey results will also be used to track student preferences across cycles and ensure that all students have the opportunity to engage in enrichment experiences that align with their interests and strengths.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Teachers will share possible enrichment club topics with families at back to school night. Families will also learn more about the initiative as a whole, including the projected dates of the enrichment showcases. At this time, families will also contribute ideas for possible enrichment clubs they think will be of interest to their children.	N/A (this work will be completed by the teaching staff)
12/17/2025	06/17/2026	Enrichment showcases scheduled for December 17 and June 17 will present student learning from enrichment clubs for families and community members to see.	Arete and St. Nick's Alliance will support with club instructors and event logistics

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

All teachers will provide clubs, with CBOs supporting

Instructional Resources

in house

Schedule Adjustments

All 2-5 classes programmed for enrichment clubs on Wednesdays last period

Other Resources Needed

N/A, apart from club-specific materials that are dependent on teacher offerings and student club selections

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Feedback from 2025 Community Forum and School Leadership Team	Conflicting and/or changing dates for school events; some cohorts are not included for certain events, leading to confusion	Schoolwide scheduling platform/approach inclusive of all

		stakeholders; annual event calendars
95% of parents report attending a school event based on 2025 NYC School Survey	Parents may not know about school events (or may find out late) due to communication preferences	Schoolwide approach for staff to collect and communicate key information about school events

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	approximately 50%	P.S. 59 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percent of families attending at least two in person events will Increase by 10% from approximately 50% to 60% as measured by attendance tracking documents from school events.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop a clear, collaborative approach to planning schoolwide events, supported by a shared calendar accessible to all staff. This calendar will align with instructional priorities, cultural celebrations, and community engagement efforts.

Implement a consistent communication protocol to ensure events are effectively advertised through DOE Messenger, Class Dojo, printed backpack flyers, and the school marquee. Materials will use inclusive, accessible language and be translated as needed to reach all families.

Staff will be granted access to all relevant platforms and receive support to use them effectively, promoting consistent, high-quality communication and strong family engagement across all school events.

Root Cause Addressed:

Both root causes, including changes and conflicts in event scheduling, as well as inconsistent communication with key stakeholders, will be addressed through the implementation of this comprehensive strategy. By introducing clear structures for collaborative planning, a shared schoolwide calendar, and consistent communication protocols, the school can proactively coordinate events and avoid scheduling conflicts.

This approach increases transparency and ensures that all stakeholders receive timely, accurate, and accessible information. As a result, families will be better able to plan for and participate in school events, and staff will be equipped to support engagement efforts in a more coordinated, informed manner.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish a consistent communication protocol to ensure all schoolwide events are effectively advertised through DOE Messenger, Class Dojo, backpacked flyers, and the school marquee.
Create a shared schoolwide staff calendar to catalog all school events involving parents. This calendar will also be displayed outside the main office and sent home via all communication channels monthly. A pocket folder next to the main office calendar will provide additional copies for interested stakeholders.
Train teachers on using new systems during back to school professional learning time.
Solicit feedback from the PTA on the new system and what can be done to improve it.
Master Google Form created to provide event details. This form will also communicate dates, including when notifications will be sent to families and staff.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Share and explain new approach to calendaring and communicating events with parents at back to school night. Solicit early feedback at this time.	N/A
10/01/2025	10/31/2025	Solicit feedback from key stakeholders in the PTA and SLT to see how the new structure is working and make changes to improve it.	SLT, PTA

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
85% average daily attendance in 2024-2025 according to the Insight portal.	At the community forum, most parents reported that they did not believe their child had any attendance issues, suggesting that one root cause may be a lack of parent education about chronic absenteeism.	Additional communication related to attendance, attendance progress, and attendance initiatives.
55% chronic absenteeism in 2024-2025 according to the Insight portal.	Most parents reported they did not believe their child had any issues with attendance at the community forum, meaning one root cause may be parent education about chronic absenteeism.	Parent communication related to attendance, attendance progress, and attendance initiatives.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	85%	By June, 2026, the average daily attendance for All Students will increase by 5%, from 85% to 90%, as measured by the Insight Portal and ATS attendance reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To boost average daily attendance for all students, the Attendance Team will implement monthly incentive events for those who achieve perfect attendance. Students who attend every school day within a given month will be invited to participate in special events such as attendance luncheons, movie screenings, or evening trips to sporting events and shows. These incentives will be widely promoted through a monthly Attendance Newsletter, which will include the total number of school days for the month and details about the corresponding reward.

In addition to these new incentives, the Attendance Team will refine existing initiatives, such as Sigma Days, P.S. 59 Dollars, the School Store, Presence = Presents, attendance report cards, and Spirit Weeks, based on analysis of attendance data from the previous school year. These strategies will continue to serve as Tier I supports for the whole student body.

For students in need of additional intervention, Tier II and III supports will include targeted phone calls and success mentoring. Accountability for all attendance practices will be strengthened through consistent daily monitoring of the attendance tracking log. Designated team members will make phone calls from the main office at the same time each day to ensure timely follow-up and support.

Root Cause Addressed:

This plan addresses the root causes of high chronic absenteeism and low average daily attendance by combining proactive incentives with timely interventions. Monthly rewards tied to perfect attendance motivate students and create a positive culture around showing up to school, while the Attendance Newsletter ensures families are informed and engaged.

Refined Tier I initiatives like Sigma Days and Spirit Weeks increase visibility and consistency of attendance messaging. For students with ongoing challenges, daily monitoring, phone calls, and success mentoring provide targeted Tier II and III supports. This multi-tiered approach tackles both motivation and underlying barriers to attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Plan and execute monthly incentive events and draft and share monthly Attendance Newsletters.
Communicate new attendance incentives to students and parents at the beginning of the year via all platforms (as well as before target date incentives and at the beginning of each month).
Continue to communicate the importance of attendance by sending members of the Attendance Team to key parent events, including SLT meetings, PTA meetings, and Morning Mondays (a parents in the classroom initiative).
Provide professional learning to Success Mentors to ensure high quality tiered support for students with low attendance.
Use phone calls, success mentoring, letters home, in person meetings, and home visits as part of a robust multi-tiered approach to improving attendance and reducing chronic absenteeism.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation of key attendance strategies will be progress-monitored through multiple data sources and regular analysis. Attendance data will be collected and reviewed weekly using ATS, the New Visions Data Portal, and the Insight Portal. The Attendance Team will also track daily attendance for target dates, compile success mentor logs, and compare data with nearby peer group schools using shared spreadsheets to assess initiative effectiveness.

Weekly Attendance Team meetings will serve as a structured forum for analyzing trends, identifying barriers, and adjusting action steps in real time. To ensure consistent follow-through, building leadership will review the daily phone call log weekly and monitor success mentor calendars monthly. This provides an added layer of accountability for outreach and intervention efforts.

These data points will be used not only to evaluate implementation fidelity but also to measure impact on student engagement, instructional access, and overall schoolwide attendance rates—key indicators tied to student learning and achievement.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	09/17/2025	Monthly attendance incentives announced at back to school night for all families.	N/A
09/17/2025	06/26/2025	Monthly Attendance Newsletters remind families of key attendance events, the number of school days in the month, and the big attendance incentive at the end of the month.	N/A, though partners may be leveraged to help with monthly events

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Other Resources Needed

Ongoing funding for attendance prizes and incentives. Currently, we have sought grants from the Wallentas Foundation and may be able to secure additional funding through CBO partnerships with Arete, St. Nick's Alliance, and United Community Schools.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
3 late IEPs based on the 2025 SESIS annual review compliance status report	Additional follow up from SBST, the school psychologist, and school leadership have led to a significant reduction in late IEPs; all three late IEPs	IEP Development

	due to PWN not processed in time, meaning the staff needs additional training	and Fidelity of Implementation
No students in the school require transition planning based on age and grade.	N/A	Transition Planning and Compliance
Pupil Personnel Team and School Implementation Team met twice monthly throughout the 2025 school year based on meeting agendas and schedules, leading to a 50% decrease in referrals	Tiered supports for academics and social emotional learning have reduced the need for special education referrals.	Referral Process and Equity
Based on 2025 Insight Portal data, 0% of students with disabilities were suspended during the school year.	Tiered supports for social emotional learning, a robust integrated coteaching program, and 12:1:1 options have supported student in meeting behavior expectations.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	five late IEPs (3 late annuals)	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve timeliness of IEP completion by three, from five late IEPs (three late annuals) to two or fewer late IEPs, as measured by the SESIS Compliance Status Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

These strategies directly address the root causes of late IEPs by improving staff understanding, streamlining referral processes, and enhancing early identification systems. Professional learning for special educators will ensure a clear understanding of IEP timelines—particularly the 10-day compliance window and the importance of finalizing the PNN (Prior Notice of Recommended Special Education Services)—which will reduce delays in document completion and submission.

In addition, professional development for all teachers on the special education referral process, including appropriate use of the Pupil Personnel Team (PPT) and the Multi-Tiered System of Supports (MTSS), will lead to more appropriate, timely, and data-driven referrals. This will reduce last-minute or unnecessary evaluations, which often contribute to delays.

Finally, holding PPT meetings twice a month provides consistent opportunities to identify and support at-risk students early, allowing the school to implement interventions before formal evaluations are needed. This proactive structure helps manage caseloads more effectively and ensures that any necessary evaluations are initiated in a timely manner, ultimately reducing the number of late IEPs.

Root Cause Addressed:

This plan addresses the root causes of IEP timeliness by improving staff knowledge, streamlining referrals, and ensuring early identification. Professional learning helps special educators understand critical deadlines like the 10-day window and PNN finalization, reducing delays due to missteps. Training all teachers on the referral process and use of MTSS ensures referrals are timely and appropriate. Regular, twice-monthly PPT meetings provide a consistent structure to identify and support at-risk students early, allowing for better planning and on-time IEP development.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Schedule, plan, and host twice monthly PPT meetings.
Plan and conduct staffwide professional learning on IEP compliance, including the 10 day window and finalizing the PNN in the beginning of the year.
Provide monthly reminders, follow up reminders, and calendar invites to responsible teachers and building leadership regarding all IEP deadlines.

Building leadership offers individualized follow up as IEP deadlines approach.
PNNs submitted to school psychologist and building leadership one day prior to IEP deadline.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

An in-house spreadsheet will be used to track all IEP deadlines and monitor the implementation of key strategies. This tool will include key dates such as IEP due dates, PNN submission deadlines, and scheduled meetings. It will also flag upcoming deadlines and identify cases that require follow-up. The spreadsheet will be reviewed regularly by the school psychologist and building leadership and shared with relevant team members to ensure accountability. By centralizing this information, the tool will support proactive planning, reduce missed deadlines, and provide a clear record of progress on the strategies aimed at improving IEP timeliness.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/17/2025	10/30/2025	Special education policies, procedures, and family rights are shared with families at beginning of year events, including back to school night, PTA meetings, and Title I Parent Advisory Council meetings.	PTA, SLT, Title I PAC
09/04/2025	06/26/2026	Ongoing communication with families regarding all students presented to the Pupil Personnel Team, including a summary of at risk services and possible next steps, including the option for an evaluation for special education services.	SBST, PPT, special education teachers

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

All special educators and SBST will be involved, though no additional human resources will be brought on staff

Instructional Resources

N/A

Schedule Adjustments

Scheduling for SIT and PPT, possibly on Mondays during "other professional work" time.

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Reading Level "Below Grade Level" based on i-Ready ELA Diagnostic and/or Acadience assessments	K-5 Academic Afterschool	Small Group	After School	Yes, but with teacher-led instruction as well
Tier 2	Math Baseline and/or Benchmark Scores "Below Grade Level" based on i-Ready Math Diagnostic	K-5 Academic Afterschool	Small Group	After School	Yes, but with teacher-led instruction as well
Tier 3	Reading Level "Far Below Grade Level" based on i-Ready ELA Diagnostic and/or Acadience assessments	K-5 AIS	One On One or Small Group (depending on need)	During School	No
Tier 3	Math Baseline and/or Benchmark Scores "Far Below Grade Level" based on i-Ready Math Diagnostic	K-5 AIS	One On One or Small Group (depending on need)	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Two or more behavior incidents in OORS	Restorative Circles with the Guidance Team	Small Group	During School	No
Tier 3	Four or more behavior incidents in OORS	Intensive Guidance Support	One On One	Before, During, and After School	No
Tier 2	Consecutive RULER Mood Meter Scores of Two or Lower	SEL Circles with the Guidance Team	Small Group	During School	No
Tier 3	Referral from Family or Staff Member	At Risk Counseling and/or Outside Referral	One On One	During School (at risk counseling) and After School (outside referral)	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At P.S. 59, we believe in strong partnerships with families to support every child's academic and social-emotional success. To keep families informed and engaged, we are committed to sharing clear, accessible information about how MTSS works in our school community. In the upcoming school year, we will:

Host Family Workshops
Explain what MTSS is, how it supports students, and what parents can expect at each tier.

Create a Family-Friendly Letters
Use visuals and plain language to summarize Tier 1, 2, and 3 supports. Translate into home languages.

Share During School Events
Include MTSS overviews at PTA meetings, Back-to-School Night, and parent-teacher conferences.

Send Personalized Progress Reports
Notify families of student scores during each of the five assessment cycles, with clear details and next steps.

By keeping families informed and involved in the MTSS process, we build trust, promote transparency, and ensure that students receive the support they need to thrive. Whether through a flyer, a face-to-face conversation, or a progress report, our goal is to make sure every family feels empowered to partner with us in their child's success.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

At P.S. 59, we are committed to maintaining open and ongoing communication with families whose children receive Tier 2 (targeted) or Tier 3 (intensive) interventions as part of our Multi-Tiered Systems of Support (MTSS).

Families are informed when their child begins receiving additional support and are provided with details about the intervention, including goals, frequency, and who will be working with their child. Progress updates are shared every 4–6 weeks through a combination of:

-Phone calls or in-person check-ins with teachers, counselors, or the intervention team

-Progress reports or data summaries that highlight the student's growth toward goals

-Parent-teacher conferences to review student data, discuss concerns, and adjust supports as needed

-Emails or written updates outlining the child's response to the intervention and next steps

For students receiving Tier 3 supports, which often include counseling or individualized interventions, updates may also include:

-Reflections from social-emotional check-ins or sessions

-Recommendations from outside providers (when applicable)

-Behavior or attendance tracking summaries

All communication is designed to be family-friendly and translated when necessary. Families are encouraged to ask questions and are considered key partners in shaping and reviewing the support their child receives.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At P.S. 59, we view families as essential partners in the success of students receiving Tier 3 intensive interventions. We ensure that families are involved at every key decision-making point through a structured and supportive process.

When a student is identified for Tier 3 support, families are promptly notified by the classroom teacher and invited to participate in a collaborative planning meeting. During this meeting, the intervention team—including teachers, counselors, administrators, and support staff—reviews the student's academic and/or behavioral data with the family and outlines the specific interventions that will be put in place.

Throughout the intervention period, families are regularly updated on their child's progress and are invited to review and discuss data during scheduled progress meetings. These meetings provide space for families to:

-Ask questions or share insights about their child's needs

-Offer feedback on how the intervention is working from their perspective

-Help set or adjust goals based on their child's response to the supports

-Participate in decisions about intensifying, modifying, or continuing services

In addition, we make sure communication is accessible, offering translation services and multiple modes of contact (e.g., in-person, virtual, phone, email) based on family preference.

This ongoing collaboration ensures that Tier 3 interventions are not only data-informed but family-informed, giving each student the best opportunity for success.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

We currently serve 49 students identified as living in temporary housing. The majority of these students reside in doubled-up situations, sharing housing with extended family or friends due to economic hardship. Additionally, several families are living in shelters, including domestic violence shelters.

In recent years, we have also supported families newly arriving to New York City from abroad who are placed in transitional shelters while awaiting permanent housing. Although we are not currently serving any students in this category, we remain prepared to support them as needed.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

A review of historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH) reveals several key trends that inform how we tailor supports for this vulnerable population.

In recent years, we have seen an increase in students from families seeking asylum, primarily from Latin American countries. Many of these students have experienced disruptions in formal education due to extended periods of travel or instability. As a result, there is a greater need for academic intervention and language support, particularly for students who are both STH and English Language Learners.

Attendance data shows that students in "doubled-up" housing situations have a chronic absenteeism rate of 47.8%, which closely mirrors the rate of students in permanent housing. However, students residing in shelters face significantly higher barriers, with a chronic absenteeism rate of 63.6%. This gap highlights the need for targeted outreach and support for shelter-based families, including transportation assistance, communication with shelter providers, and flexible attendance interventions.

Feedback from the STH Title I Needs Assessment Survey shows that families in temporary housing consistently identify critical needs across all categories—particularly in academic support, school uniforms and supplies, and food security. In response, we have expanded wraparound services to address these concerns, including access to our Community Room (food, hygiene, laundry), uniform and supply drives, and tutoring support.

This data-driven approach helps ensure our outreach is responsive and equitable, with specific strategies aimed at reducing absenteeism, supporting learning recovery, and strengthening trust with families navigating temporary housing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

At P.S. 59, we provide a comprehensive range of services to meet the unique and often urgent needs of our Students in Temporary Housing. These services are directly informed by data and feedback from the STH Title I Needs Assessment Survey, which helps us prioritize supports in areas families have consistently identified as most critical—academic support, food, uniforms, hygiene items, and attendance assistance. To address these needs, we offer:

-Basic necessities such as backpacks, school uniforms, school supplies, hygiene kits, and winter coats

-Transportation assistance including MetroCards and escorted "Walking School Bus" support when needed

-Access to our Community Room and Food Pantry, which provides fresh and canned foods, personal care items, access to laundry services, and Wi-Fi-enabled technology for family use

-Technology and at-home learning support, including remote learning supplies

Social-emotional support through two full-time at-risk social workers and a dedicated community assistant who works directly with STH students and families. This team takes a proactive, individualized approach to identify and remove barriers to attendance, learning, and engagement. They work in close collaboration with the Attendance Team, Community School Director, and Department of Education partners to design responsive interventions such as providing alarm clocks, helping to secure stable transportation, offering counseling, and coordinating with shelters or other agencies.

The STH Title I Survey plays a central role in shaping our services. By reviewing trends in the survey responses, we are able to tailor our supports each year to better match the lived realities and needs of our STH families—ensuring they feel seen, supported, and equipped for success in school.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently serve fewer than five students in foster care. These students have a wide variety of academic, social emotional, and wraparound supports available to them.

1) Academic Supports for Students in Foster Care

-Multi-Tiered Systems of Support (MTSS): Students in foster care receive targeted instruction and interventions through our MTSS framework. Tier 1 provides high-quality core instruction, while Tier 2 and Tier 3 offer increasing levels of personalized academic support based on data from classroom performance and school-wide assessments.
-Certified ELT Instruction: Students benefit from afterschool instruction delivered by certified teachers, aligned to core academic standards and designed to reinforce learning from the school day.
-Access to Learning Materials: Students are provided with all necessary school supplies, including backpacks, notebooks, and writing tools. If needed, they may also receive technology devices to support learning at home.
-Tutoring and Homework Help: Small group and one-on-one tutoring are made available after school and during the school day for students who require additional support.

2) Social-Emotional Supports for Students in Foster Care

-Counseling Services: Two full-time at-risk social workers provide ongoing counseling to support students experiencing emotional or behavioral challenges. Topics may include coping with trauma, separation anxiety, adjustment to new placements, and self-esteem.
-At-Risk Support Team: A dedicated team, including a community assistant, the Community School Director, and school counselors, monitors the well-being of students in foster care, coordinates services, and ensures communication with families and child welfare agencies.
-SEL Curriculum: All students, including those in foster care, engage in evidence-based Social Emotional Learning through the Harmony SEL program. Lessons focus on relationship-building, emotional regulation, and conflict resolution.
-Crisis Intervention: Immediate supports are available for students facing urgent emotional distress, with referrals to

outside agencies when appropriate.

3) Additional Wraparound Supports

-Attendance Support: Students in foster care are monitored through the school's attendance team and may be assigned Success Mentors or receive tailored outreach to ensure consistent attendance.
-Family and Agency Collaboration: The school maintains close communication with foster families and caseworkers to ensure a coordinated approach to support.
-Community Resource Access: Foster care students and their families have access to the Community Room, where they can receive food, clothing, hygiene products, and referrals for housing or health services.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At P.S. 59, we recognize that students in foster care often face unique challenges that can impact their academic performance, emotional well-being, and school stability. To ensure these students are fully supported, we provide targeted, tiered interventions across three key areas: academics, attendance, and social-emotional learning.

Students in foster care benefit from our school's Multi-Tiered System of Supports (MTSS), which includes:

-Tiered academic support, such as small group instruction, tutoring, and individualized learning plans

-Attendance monitoring and outreach, with personalized support from our Attendance Team and Community Assistant to address barriers like transportation or transitions between placements

-Social-emotional learning supports, including daily SEL lessons and check-ins aligned to Harmony SEL, designed to help students manage transitions, build resilience, and feel connected to the school community

In addition, students identified as at-risk, such as those newly entering foster care, receive counseling services from one of our two full-time at-risk social workers. These services are tailored to meet the emotional needs of students who may be coping with trauma, separation, or instability. We also provide wraparound services as needed, including access to hygiene kits, school supplies, uniforms, technology, and food through our Community Room and food pantry.

To ensure timely and appropriate support, we maintain close collaboration with foster care agencies, caregivers, and DOE partners. When a student transitions into foster care, we initiate immediate contact with the caseworker and foster family to establish communication, review the student's needs, and ensure continuity in academics and services.

Through this coordinated, responsive approach, we work to ensure every student in foster care receives the consistency, care, and resources they need to thrive at school and beyond.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After analyzing historical data related to demographics, attendance, and academic performance of students in foster care at P.S. 59, several key trends have emerged:

-Increased Enrollment of Students in Foster Care: In recent years, there has been a modest but steady rise in the number of students entering the foster care system, often due to housing instability or family reunification delays.

-Higher Rates of Chronic Absenteeism: Students in foster care consistently exhibit higher levels of chronic absenteeism than their peers, often due to placement changes, transportation issues, or emotional stress tied to transitions.

-Interrupted Academic Progress: Achievement data reveals that many students in foster care have experienced inconsistent school attendance or multiple school transfers, contributing to learning gaps, particularly in foundational literacy and math skills.

-Increased Need for SEL and Mental Health Support: Social-emotional screening data, along with teacher referrals and counseling notes, show that students in foster care often exhibit signs of anxiety, withdrawal, or difficulty with peer relationships.

These findings are being used to strengthen our support systems for students in foster care through:

-Prioritized Attendance Outreach: Assigning Success Mentors and providing transportation supports (e.g., MetroCards or bus coordination) for students with identified attendance barriers.

-Expanded Mental Health Resources: Increasing access to trauma-informed counseling through our at-risk social workers, and offering consistent SEL instruction to foster belonging and emotional safety.

-Individualized Academic Interventions: Using progress monitoring tools and MTSS structures to provide tutoring, skill-based small groups, and personalized academic supports, especially after a placement change or prolonged absence.

By using data to identify trends and needs, P.S. 59 is committed to removing systemic barriers and providing responsive, compassionate supports that promote long-term stability and success for students in foster care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At P.S. 59, we recognize that students in foster care may face unique emotional and behavioral challenges as they adjust to new environments and academic expectations. To support them effectively, we implement a Multi-Tiered System of Support (MTSS) that addresses both Social-Emotional Learning (SEL) and attendance in an integrated, responsive way. Here are some of our practices:

Tiered SEL Interventions, including:

-Tier 1: All students, including those in foster care, receive daily SEL instruction using the Harmony SEL curriculum, which promotes relationship-building, emotional regulation, and inclusive classroom culture.

-Tier 2: Students in foster care showing early signs of distress or disengagement are referred for small group SEL support, check-ins with a counselor, or targeted social skills groups.

-Tier 3: Students with significant emotional needs, often those newly entering care or experiencing transitions, receive individual counseling from one of our two full-time at-risk social workers, who use trauma-informed strategies such as play therapy, art therapy, and coping skill development.

Targeted Support for Transitional Grades: In grades where students experience major shifts in academic expectations or school environments, we provide additional counseling check-ins, peer mentorship opportunities, and classroom-based discussions to ease anxiety and foster a sense of belonging.

Attendance-SEL Coordination: Through MTSS, our attendance and SEL data are reviewed together to identify students in foster care who may be struggling silently. SEL supports are then layered with outreach and logistical help (such as transportation or family coordination) to address root causes of absenteeism.

Family and Agency Collaboration: We work closely with foster care agencies and caregivers to share SEL goals, create consistent emotional support structures, and reinforce positive behavior strategies across home and school settings.

By embedding SEL within our MTSS framework, these supports help students in foster care:

-Build emotional resilience and reduce school-related anxiety

-Strengthen peer relationships and classroom participation

-Improve behavior, self-regulation, and engagement with learning

-Maintain school stability and reduce the negative academic impact of placement transitions

Through a consistent, data-driven SEL approach, we aim to empower students in foster care to thrive emotionally, behaviorally, and academically, especially during times of transition.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

At P.S. 59, we utilize Expanded Learning Time (ELT) strategically to offer high-quality academic and enrichment opportunities before, during, and after school, tailored to the diverse learning needs and interests of all students, especially those who thrive in non-traditional learning environments.

We offer a five-day-per-week afterschool program for all students in Pre-K through 5th grade. This program delivers standards-based instruction in ELA and mathematics, with a special focus on foundational skills. In the early grades, students receive targeted support through a robust phonics curriculum, ensuring essential literacy development in a small group setting. These academic supports are personalized to reinforce classroom learning and close skill gaps.

In addition to academics, our afterschool program works in coordination with our in-school enrichment program to offer a vast menu of student-centered enrichment opportunities, designed to be transdisciplinary and culturally responsive. Based on feedback from student interest surveys and community input, offerings have included:

Martial arts
Dance
Keyboarding
STEM and robotics clubs
Jewelry making
Cooking and nutrition
Podcasting
Cosmetology
Hair Braiding
Lacrosse

These activities are intentionally aligned with student interests and core content areas to deepen student learning through engaging, hands-on experiences. For example, cooking clubs integrate math and science skills, while jewelry making enhances spatial reasoning and fine motor skills. By tapping into student interests, these offerings build confidence and promote participation among students who may not feel as successful in traditional academic settings.

We also offer seasonal weekend and summer programs (through CBO partners and grant-funded initiatives) that provide academic reinforcement and enrichment to help students maintain progress, prevent learning loss, and explore new areas of interest in a supportive environment.

Through our ELT strategy, P.S. 59 is committed to ensuring that all students—especially those who benefit from alternative formats—have access to equitable, engaging, and high-impact learning opportunities throughout the year.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

To ensure compliance with the requirement that ELT instruction is supervised and delivered by a New York State–certified teacher in the appropriate content area, our afterschool program provides a minimum of two days per week of academic instruction led by certified teachers from within our school building.

In most cases, the after-school instructor is the same teacher assigned to the student's classroom during the school day. This structure not only guarantees content-area certification, but also promotes instructional continuity, deeper understanding of each student's academic needs, and alignment with classroom goals. This approach exceeds state requirements by ensuring that students receive high-quality, personalized instruction from educators who already have established relationships with them and deep familiarity with grade-level standards.

This model supports both academic growth and social-emotional consistency, allowing students to transition seamlessly between their day and afterschool learning environments.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

To ensure that Extended Learning Time (ELT) instruction is fully aligned with core academic subject area instruction delivered during the regular school day, our school takes a strategic approach. ELT teachers—who are often the same educators teaching during the day—are provided with high-quality, research-based instructional resources, including Measuring Up, Focused Reading, Focused Mathematics, ReadyNY, and i-Ready.

Using these resources, teachers intentionally select lessons and standards that directly correspond to classroom instruction, ensuring that the content reinforces, extends, or re-teaches academic material introduced during the school day. In addition, the i-Ready platform supports data-driven instruction by allowing teachers to analyze individual student performance from day-school assessments and target specific learning gaps through personalized lessons during i-Ready sessions.

This alignment ensures instructional coherence, deepens student understanding, and promotes academic growth by reinforcing key skills in a consistent and meaningful way across all learning settings.

Provide a description of the materials purchased to support implementation of ELT.

To support the effective implementation of our Extended Learning Time (ELT) program, we have purchased (and/or plan to purchase) a range of instructional and enrichment materials that align with academic goals and student interests. These include:

-Instructional resources such as Measuring Up, Focused Reading, Focused Mathematics, ReadyNY, and i-Ready digital licenses, which provide targeted, standards-aligned content for ELA and math instruction.

-Manipulatives and hands-on learning tools to support phonics instruction, math fluency, and differentiated learning during small group sessions.

-Technology resources, including headphones, tablets, and laptops, to facilitate personalized instruction through

platforms like i-Ready and digital literacy activities.

-Enrichment materials to support student choice and engagement in areas such as STEM (robotics kits, building materials), the arts (dance supplies, musical keyboards, jewelry-making kits), and physical education (martial arts equipment, yoga mats).

These materials were selected to reinforce academic skills, provide equitable access to enrichment opportunities, and support diverse learning styles across grade levels.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 59 - The Dawn Best School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 59 - The Dawn Best School will support parents and family members of Title I students by:

•providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
•providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
•fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
•providing assistance to parents in understanding City, State and Federal standards and assessments;
•sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand; and
•providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent-Teacher Association, as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

•actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
•engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
•ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
•support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
•maintain a Parent Coordinator to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office;
•conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and

technology training to build parents' capacity to help their children at home;
•provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
•host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
•schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions; and
•translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

•hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year, including sessions on instructional priorities and strategies, the NYCSA and digital resources, Parent University, and NYC RISE;
•encouraging meaningful parent participation on School Leadership Teams, Parent-Teacher Association, and Title I Parent Advisory Council;
•supporting or hosting Family Day events such as Parents in the Classroom, art projects and workshops, including tie-dying, sewing, and dance classes;
•establishing a Parent Resource Center/Area called the Community Room, including a food pantry, washer/dryer, internet access, and access to classroom supplies for families that need them; instructional materials for parents;
•encouraging more parents to become trained school volunteers;
•providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
•developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress; and
•providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 59 - The Dawn Best School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

•using academic learning time efficiently;
•respecting cultural, racial and ethnic differences;
•implementing a curriculum aligned to the State Learning Standards;
•offering high quality instruction in all content areas; and
•providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA).

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

•conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
•convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
•arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
•respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
•providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
•involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
•providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information; and
•ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

•ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
•notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
•arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities; and
•planning activities for parents during the school year, e.g., Parent-Teacher Conferences.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

•creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
•assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
•sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
•supporting parental involvement activities as requested by parents and family members;
•ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy; and
•advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs.

II. Parent/Guardian Responsibilities

•monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
•ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
•check and assist my child in completing homework tasks, when necessary;
•read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
•set limits to the amount of time my child watches television or plays video games;
•promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
•encourage my child to follow school rules and regulations and discuss this Compact with my child;
•volunteer in my child's school or assist from my home as time permits;
•participate, as appropriate, in the decisions relating to my child's education;
•communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
•respond to surveys, feedback forms and notices when requested;
•become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;

•participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
•take part in the school's Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams; and
•share responsibility for the improved academic achievement of my child.

III. Student Responsibilities

•attend school regularly and arrive on time;
•complete my homework and submit all assignments on time;
•follow the school rules and be responsible for my actions;
•show respect for myself, other people and property;
•try to resolve disagreements or conflicts peacefully; and
•always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

At P.S. 59, we believe that student achievement is directly linked to the ongoing professional growth of our educators. To ensure all students are able to meet and exceed state standards, we prioritize high-quality, sustained professional learning for teachers, principals, staff, and paraprofessionals. Our professional development initiatives are research-driven, purposefully aligned to school-wide goals, and designed to strengthen instructional practices, deepen student engagement, and cultivate an inclusive, supportive learning environment. The strategies and activities outlined below reflect our commitment to building educator capacity and fostering continuous improvement across our school community.

Elementary Math
-Walkthroughs for feedback
-PD on explicit instruction
-PD on Tier II and III schoolwide support systems and Multi-Tiered Systems of Support structure
-PD on multiple entry points
-PD on student engagement
-PD cycles based on teachers' needs
-PD on Tier I supports, including station teaching (both small group instruction and centers)
-Math consultant
-Staff developer

Elementary ELA
-Walkthroughs for feedback
-PD on the Science of Reading
-PD on explicit instruction
-PD on Tier II and III schoolwide support systems and Multi-Tiered Systems of Support structure
-PD on multiple entry points
-PD on student engagement
-PD cycles based on teachers' needs
-PD on Tier I supports, including station teaching (both small group instruction and centers)
-Literacy coaching
-Staff Developer
-Fundations/Heggerty PD for teachers new to the program
-Into Reading PD through the Literacy Collaborative

Chronic Absenteeism
-Success Mentor PD

Quality IEPs
-PD on compliance dates and processes for special educators
-PD on the Pupil Personnel Team and the referral process for all teachers
-Grade level standards PD

Supportive Environment Framework

-Harmony SEL feedback cycles
-Restorative Practices training

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 59, we have a strong and cohesive early childhood program that supports a smooth transition from preschool to elementary school. Our program includes a classroom for three-year-olds and two classrooms for four-year-olds, which means that many of our kindergarten students are already familiar with our school environment, routines, and staff.

To support all incoming students and families, we host a variety of transition-focused activities throughout the year. These include open houses, town halls, a “Stepping Up” ceremony for preschoolers, and ongoing parent workshops designed to engage families and prepare them for the kindergarten experience. During these events, parents have opportunities to meet with Pre-K and Kindergarten teachers, learn about the curriculum, and ask questions or share concerns.

Our curriculum is intentionally aligned across early grades to ensure continuity of learning. One example of this alignment is our use of the Heggerty Phonemic Awareness Program, which spans from Pre-K through second grade. This consistency helps children build on foundational literacy skills year over year.

We also prioritize effective communication and information-sharing during transitions. Our pupil accounting secretary and parent coordinator play key roles in collecting and distributing student records and maintaining strong connections with families throughout the process. Parents interested in enrolling their children in our Pre-K program are welcomed with a meet-and-greet hosted by our parent coordinator, followed by an interactive, guided tour of the facility.

Professional development is another important component of our transition plan. Pre-K teachers receive individualized coaching and support from the Division of Early Childhood Education, which provides regular visits from an instructional coach and a social worker. Additionally, our participation in QualityStarsNY ensures ongoing program quality through monthly visits from specialists and a structured evaluation process that includes specific feedback and action steps for continuous improvement.

Together, these strategies form a comprehensive and intentional approach to supporting young learners and their families as they move from early childhood programs into the elementary school setting.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$350,866 (including STH and carry over; not including parent involvement)	X	STH Support; Section 5, Priority 1 (read well); Section 5, Priority 3 (academic experience); Chronic Absenteeism; Section 5, Physically & Emotionally Safe; Quality IEPs
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	$16,095	X	Section 5, Priority 1 (read well); Section 5, Priority 3 (academic experience)
Title III, Part A	Federal	$12,193 (LEP)	X	Title III ELL Academy
Title III, Immigrant	Federal	N/A	N/A	N/A

Title IV, Part A	Federal	N/A	X	STH Support; Section 5, Priority 1 (read well); Section 5, Priority 3 (academic experience); Chronic Absenteeism; Section 5, Physically & Emotionally Safe
Tax Levy (Fair Student Funding)	Local	$2,616,658 (including FSF and C4E FSF)	X	Section 5, Priority 1 (read well); Section 5, Priority 3 (academic experience); Chronic Absenteeism; Section 5, Physically & Emotionally Safe; Quality IEPs

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Hellen Keller Institute	All Students	Eye exams, and glasses	Health & Wellness Vision Care
Smile Dental	All Students	Dental Cleanings, hygiene, dental health and care, provides toothbrushes/tooth- paste for children; Mobile dental clinic	Supportive Environment (Health and Wellness)
St. Nick's Alliance	K-5th Grade Students	Provides an evidence-based social - emotional learning curriculum through Youth Development Specialists. Supports the UCS CSD with Family & Community Engagement events	ELA and Math (Expanded Learning Time)
Puerto	All	Sits on our UCS Advisory Board and is a primary Health	Supportive

Rican Family Institute	Students	Provider. On-site Mental Health Center - Counselor, LMSW	Environment (Family Empowerment and Health & Wellness
Woodhull Hospital (Family Health Challenge)	2nd Graders and K/1/2 12:1:1 class	Provides healthy habits curriculum to students; presented by physicians and engages families to practice healthy habits with children- nutrition, portion control; calorie intake, exercise, drinking more water etc.	Supportive Environment (Health and Wellness and Family Empowerment)
New York Cares	All Students, ELLs, MLLs	Sits on our UCS Advisory Board and provides a wide range of programming, including homework help for ELLs, programming support, field days, community revitalization and literacy days for children in the lower grades	ELA and Math (Special populations, Health & Wellness, Collaborative Leadership, Expanded Learning Time)
Disney Musicals in Schools	All Students and Parents	Disney Musical provides a creative outlet for student expression, performing arts and theater	ELA (Expanded Learning Time)
Woodhull Hospital (Additional Services)	All Students	Sits on the Advisory Board. Provides food and clothing donations to STH population. Provides PPE to the Community Room. Provides Health and Wellness materials for the Community during Food Distributions. Also, provides personal personal care packages to the STH population	Supportive Environment (Family Empowerment and Health & Wellness)
MetroHealth Plus	All Students	Provides Health and Wellness materials to the Community. Provide food donations of farm fresh produce to the Community. Offers Health Screenings for the Community	Supportive Environment, Chronic Absenteeism (Family Empowerment and Health & Wellness)
Green Generations	2nd - 5th Grade Students	SEL Lunchtime Programming	Health and Wellness Supports
No Kid Hungry	Students in Temporary Housing	Food and Personal Hygiene	Health and Wellness Supports
Arete	3K - 5th Grade Students	Provides afterschool services, including academic support, enrichment, and social emotional learning; Supports the UCS CSD with Family and Community Engagement Events; Provides Success Mentoring	ELA and Math (Expanded Learning Time), Chronic Absenteeism, Health and Wellness Supports, Family Empowerment

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

To achieve the school's annual goals, P.S. 59 engages in collaborative planning and shared leadership with United Community Schools (UCS) through structured, ongoing partnerships and data-driven decision-making.

Each month, an Advisory Board, chaired by the UCS Community School Director, convenes key stakeholders, including teachers, school staff, parents, and representatives from community-based organizations. These meetings are grounded in school data and the UCS Pillars, guiding the group to assess progress, identify emerging needs, and collaboratively plan targeted initiatives that support the academic, social-emotional, and overall well-being of students and families.

The UCS Community School Director plays a central role in coordinating support services, working closely with school staff and partner organizations. Current initiatives include Social-Emotional Learning (SEL) lunchtime support for all students, as well as addressing food insecurity through a monthly food pantry and the provision of personal hygiene items for families in need.

Key partners like New York Cares play a critical role on the Advisory Board and in daily support. They help stock the school's Community Room with essential clothing items such as coats for students experiencing housing instability or financial hardship. In addition, New York Cares offers academic support for both students and educators and provides targeted services for English Language Learners through the ELL Academy. They also collaborate with the school on participation in the Winter Wishes program, ensuring every student receives a holiday gift.

Woodhull Hospital is another vital Advisory Board member. Their contributions include providing food and up-to-date health and vaccination information to the school community. They support the school's Community Room and participate in food distributions to ensure families have access to necessary health and nutrition resources. The Family Health Challenge has further enhanced these efforts by promoting healthy eating habits and wellness as part of the school's Family Empowerment initiatives.

To further engage the broader school community, P.S. 59 and UCS host an annual Community Forum each May. This event invites families to provide feedback on existing services and share input on emerging needs. Their insights directly inform goal-setting and planning for the upcoming school year, ensuring that programs remain relevant, responsive, and rooted in community voice.

Together, this strong partnership between P.S. 59 and United Community Schools ensures a comprehensive, collaborative approach to student success, family support, and community well-being.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

P.S. 59, in partnership with United Community Schools (UCS), is committed to building authentic school-family partnerships that empower parents and community members to actively participate in school decision-making, leadership, and student development.

The UCS Community School Director (CSD) works closely with the Parent Coordinator, PTA, and Community-Based Organizations (CBOs) to co-design programming and events that reflect the interests and needs of families. Input is gathered through Community School Forum responses, parent surveys, and one-on-one conversations. This information informs targeted outreach and personalized invitations to encourage parent participation in initiatives that matter to them.

One key strategy is to pair PTA meetings with student performances and interactive learning showcases, creating a welcoming and engaging environment for families. Additional engagement opportunities include Curbside Cafés, Family Workshops, and fresh produce and meat distributions (offered as grant funding allows) to support both participation and basic needs.

The school also operates a well-resourced Community Room, which helps alleviate food and financial insecurity for families. This space provides access to food, personal hygiene items, and laundry services, ensuring that essential needs are met so families can more fully engage in the school community.

Effective communication is central to our family partnership strategy. Multiple platforms are used to reach families, including phone calls, emails, Class Dojo, flyers, School Messenger, DOE outreach tools, social media, and face-to-face interactions, ensuring accessibility and consistency in messaging.

The Parent Coordinator facilitates regular workshops focused on helping families support their children's academic journey. These sessions include topics such as homework strategies, test preparation, navigating curriculum changes, and social-emotional learning at home. UCS and school staff also collaborate with CBOs to deliver schoolwide events such as food distributions, mobile dental and vision services, and other wraparound supports that contribute to whole-child development.

Through funding from multiple sources, the school provides food, hygiene supplies, and targeted support for students in temporary housing (STH) and other vulnerable populations.

Feedback from the most recent Community School Forum highlighted a strong desire among parents for support in understanding new math concepts and for increased access to physical activities and sports. In response, the school will offer interactive curriculum nights with teachers to build parental confidence in academic content, alongside efforts to expand extracurricular offerings that align with students' interests and wellness needs.

Together, these initiatives create a school environment where families are not just informed, but actively involved in shaping school priorities, driving change, and partnering in the holistic development of every child.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

P.S. 59 actively addresses out-of-school barriers to learning through a comprehensive Community School strategy that integrates academic, health, and social supports in partnership with social service agencies, healthcare providers, and community-based organizations. These efforts ensure that students attend school regularly, remain engaged in learning, and have the support needed to thrive.

Through a grant from No Kid Hungry, the UCS Community School Director has expanded access to fresh, nutritious food for students and families, particularly those in temporary housing (STH). This includes a broader selection of fresh produce—such as garlic and ginger—to support immune health during cold and flu seasons. In partnership with the Parent Coordinator and school leadership, the school will also offer cooking and nutrition workshops for students and families, promoting healthy habits and family engagement.

P.S. 59 has strengthened its mental health support services by securing funding for a second at-risk social worker. Counseling is available to students dealing with challenges such as hyperactivity, impulsivity, separation anxiety, and low self-esteem, as well as difficulties transitioning back to in-person learning. Interventions include deep breathing exercises, art and play therapy, coping skills development, and virtual morning check-ins—strategies that support emotional regulation and student resilience.

To reduce absenteeism related to dental care, the school has partnered with the Smile Dental Clinic to provide on-site mobile dental services. This ensures students can access essential care without missing instructional time.

P.S. 59 benefits from a dual designation as both a United Federation of Teachers (UFT) Community School and an Office of Community Schools (OCS) site under 21st Century funding. These complementary initiatives have led to expanded afterschool programming, greater access to health and mental health services, and the development of strong partnerships that holistically support students' academic and personal growth.

Social-emotional learning (SEL), conflict resolution, and restorative practices are embedded into the school culture. Teachers and support staff use SEL strategies daily and facilitate restorative circles to help students resolve conflicts and build positive relationships.

Physical activity and wellness are also prioritized. Teachers implement Move-to-Improve activities in classrooms for at least 20 minutes each day to help students stay active and engaged. In addition, before- and after-school programs—including basketball and running clubs—offer inclusive physical activity opportunities to all students, regardless of ability, gender identity, or expression. A range of enrichment clubs also support student interests and foster a sense of belonging.

The school hosts an annual Wellness Fair, which provides students, families, and staff with valuable resources on nutrition, physical activity, and mental health. The fair also helps strengthen relationships with local organizations, laying the groundwork for sustained partnerships that support long-term school wellness goals.

Through these coordinated efforts, P.S. 59 ensures that students and families receive the supports they need beyond the classroom, removing barriers to learning and laying the foundation for academic success and personal well-being.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

P.S. 59 is committed to reducing chronic absenteeism through a strategic, data-informed approach grounded in collaboration with Community-Based Organization (CBO) partners and aligned with DOE and New Visions for Public Schools systems.

The school's Attendance Team meets weekly with the UCS Community School Director and CBO representatives to review real-time attendance data from DOE systems and New Visions. These meetings allow the team to identify attendance trends, monitor chronically absent and at-risk students, and assign timely, personalized interventions. Students are grouped by grade-level cohorts, with staff and mentors designated to conduct outreach, build relationships, and provide ongoing support to students and their families.

Tier 1, 2, and 3 attendance interventions are deployed daily. These include parent phone calls, home visits, in-school support meetings, and coordination with external resources to address underlying barriers such as transportation challenges, housing instability, or health-related absences. Success Mentors are assigned to students in need of consistent, individualized support, fostering trust, motivation, and accountability.

The school also uses creative incentive programs to promote and celebrate attendance gains, highly popular in student and parent surveys. Initiatives like P.S. 59 Dollars, Sigma Day, and Presence = Presents reward students for perfect, improved, or consistently good attendance. These programs are supported by community donations and reinforce the connection between attendance and student success in a fun, engaging way.

In direct response to family feedback, the school is expanding its “Walking School Bus” initiative. This program offers escorted walks to school for students whose families face mobility challenges or caregiving constraints, ensuring these students have a reliable and safe path to school each day.

The Attendance Team also incorporates parent education into its outreach, ensuring that families understand the importance of consistent school attendance and how it directly impacts academic achievement. These conversations are used to build relationships, share resources, and connect families with supports that help eliminate barriers.

P.S. 59’s approach reflects a broader understanding that improving attendance is not only about tracking data, but about engaging the whole community. By combining weekly data monitoring with individualized interventions and leveraging the power of CBO partnerships, the school is able to create a culture of attendance where every student is seen, supported, and motivated to be present and engaged every day.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School’s systems and structures will be optimized to work for all students, including students in

temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

P.S. 59 works closely with Community-Based Organization (CBO) partners to ensure all students receive differentiated, culturally responsive supports tailored to their unique identities, needs, and learning experiences. Through intentional programming, strategic partnerships, and inclusive school structures, our Community School model is designed to serve all students—especially those who are Multilingual Learners (MLLs/ELLs), Students with Disabilities, and Students in Temporary Housing (STH).

Culturally Responsive Programming
In collaboration with our CBO partners, P.S. 59 offers culturally sustaining programming that celebrates the diversity of our student population. The Salute to Excellence series and Motivational Mondays, for example, honor the lived experiences of "everyday heroes" from our community—highlighting Black, Latinx, and female professionals who share their stories and contributions. These events go beyond "heroes and holidays," offering students a deeper understanding of identity, representation, and social impact.

Equity is also embedded in our school culture through student-led Town Halls, identity-centered discussions, and multicultural events. Guest speakers and community leaders are invited to engage students in conversations about race, identity, and belonging. These conversations are also embedded into our social-emotional learning curriculum, Harmony SEL, fostering inclusive classroom environments where all voices are heard and valued.

Differentiated and Inclusive Supports
Our systems are designed to ensure differentiated supports are accessible and responsive:

Students in Temporary Housing (STH): We provide targeted supports including winter coats, hygiene kits, backpacks, school supplies, and food packages. These resources are made available through both school-based and CBO partnerships, ensuring STH students can fully participate in school life.

Multilingual Learners (MLLs/ELLs): P.S. 59 works with New York Cares to enhance English language development and literacy skills through after-school enrichment and in-class support. Volunteers and educators facilitate read alouds, discussion groups, and tailored writing activities that affirm students' cultures and backgrounds. For grades 3–5, ELLs engage with culturally relevant texts and technology tools that build reading comprehension while honoring their linguistic and cultural identities.

Students with Disabilities: Instruction is differentiated and inclusive, with academic and social-emotional supports aligned to students' IEPs. Our partnerships also include parent workshops focused on parenting, confidence, self-esteem, and whole-child well-being, ensuring that families of students with disabilities are informed and empowered.

Equity-Centered Systems and Structures
P.S. 59's weekly team meetings and cross-functional planning structures (including equity and SEL teams) ensure that student data is regularly reviewed to monitor progress and guide interventions. These systems are used to identify barriers and provide wraparound supports in a culturally affirming way, in alignment with the DOE's Culturally Responsive-Sustaining Education (CR-SE) framework.

Through our intentional use of community resources, culturally relevant materials, and inclusive practices, we strive to create a school environment where every student feels seen, supported, and empowered to succeed.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Zejdi Ljumanoska
Assistant Principal (Where Applicable)*	Zachary Mack
English as a New Language (ENL) Teacher*	Charlie Vargas
Teacher (if school has a bilingual program must be a bilingual teacher)*	Jessica Yepez
Parent/Guardian*	Ms. Serrano
Teacher	n/a
Parent Coordinator	Jonathan Figueroa
School Counselor	Aime Ferdinand
Related-Service Provider	Briana Cintron
Other (Name and Title)	n/a
Other (Name and Title)	n/a

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

0

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

5

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

236

Total number and percentage (%) of current ELLs:

35 students - 17.37%

Total number and percentage (%) of former ELLs:

2 or 0.85%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

4 students-14.29%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

30 students - 85.71%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3 or 9.1%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

7 or 21.2%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2013	1	1	1											3
DLBE	GE	Spanish	2022				1										1
DLBE	GE	Spanish	2023					1									1
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

For the 2025-2026 school year, students identified as Entering and Emerging ELLs (English Language Learners) will receive the following services:

Entering ELLs will receive 180 minutes per week of stand-alone ENL (English as a New Language) instruction.

Emerging ELLs will receive 90 minutes per week of stand-alone ENL instruction.

The ENL teacher will deliver stand-alone services during Periods 1, 2, and 3, with each period lasting 60 minutes, to accommodate the proficiency levels of these students.

Additionally, the ENL teacher will provide:

1 unit of ENL for Entering ELLs.

0.5 unit of ENL for Emerging ELLs.

Integrated ENL:

For the 2024-25 school year, similar to last year's delivery of service, our ENL teacher (Mr. Vargas) who has both ESOL, provides integrated ENL minutes in an integrated ENL format as an integrated (Push-in) support to students at the Entering, Emerging, Transitioning and Expanding levels.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

For the 2025-26 school year, our dual language (DL) program follows a 50/50 model, where instruction in the target language alternates on different days. All teachers hold certifications in Childhood Education with a bilingual extension. In our K-4 dual language program, Multilingual Learners (MLs) and English Language Learners (ELLs) are grouped heterogeneously and progress with their class each year. As per CR Part 154 guidelines, students in the dual language program receive instruction in both their home language and the target language, meeting the required instructional minutes. These students are taught Home Language Arts (HLA) and bilingual content area subjects, with additional scaffolding and differentiation provided when necessary to support their learning.

The standalone English as a New Language (ENL) component is delivered by the bilingual teacher.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures that MLs (Multilingual Learners) and ELLs (English Language Learners) receive the required number of instructional minutes by first assessing their proficiency levels and determining the mandated instructional time. The STARS administrator ensures that the required minutes are entered for each student, and a school-wide system is in place to track each student's needs and required instructional minutes. Our approach to instruction varies based on the student's proficiency level. Below is a breakdown of the program:

Continuing for the 2025-26 school year, entering MLs / ELLs: These students receive both integrated and stand-alone language arts instruction through specific units that total 360 minutes per week. This is divided into 180 minutes of integrated ENL (English as a New Language) with the ELA (English Language Arts) teacher and 180 minutes of stand-alone ENL services with the ENL teacher. In dual language classrooms, students also participate in one home language class.

Emerging ELLs: These students receive both integrated and stand-alone instructional formats, but the stand-alone time is more flexible, with 0.5 units of study in ELA or another content area, totaling 360 minutes per week. Both the content teacher and the ENL teacher contribute to the instruction.

Transitioning Students: Students at this level receive 180 minutes of ENL through an integrated ENL/ELA approach. This includes 90 minutes of ELA instruction, and the remaining 90 minutes can be flexible, either through stand-alone ENL services or content-area instruction. Dual language students also receive at least one bilingual content area subject and one home language arts class.

Expanding Students: These students receive 180 minutes of integrated ENL/ELA instruction each week. Dual language students also receive at least one bilingual content area subject for additional support.

Commanding Students: At this stage, students continue to receive additional ENL support according to CR Part 154 through approved program options or 0.5 units of study in ELA/ENL per week.

To ensure ELLs are programmed to meet their mandated stand-alone and/or integrated ENL minutes, we use ATS reports such as RLER, RGEL, STRE, RACL, and RSES, along with NYSESLAT proficiency data, STARS scheduling, SESIS, and the school's master schedule to cross-reference student eligibility, placement, and service minutes in alignment with NYSED regulations.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The bilingual teacher, who holds both a common branches certification and a bilingual extension, delivers the ENL/ELA instructional minutes in the DLBE classroom, while the ENL teacher provides both integrated and stand-alone services to ensure each student receives the required minutes, which are recorded by our STARS administrator in STARS Admin.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The dual language model implemented at P.S. 59 is a two-way Dual Language Bilingual Education (DLBE) program, in which classes consist of a balanced combination of English proficient students and English Language Learners (ELLs). Our dual language teachers, who are certified in both common branches and hold a bilingual extension, deliver instruction in both the home language (Spanish) and the target language (English), supporting biliteracy and content learning across both languages.

Instruction is delivered in a 50/50 model, meaning English proficient students and ELLs are integrated for 100% of the instructional day, with the languages of instruction alternating by subject or day depending on grade level and unit focus.

The instructional minutes for ENL services are delivered through an integrated co-teaching model and vary based on NYSESLAT proficiency levels:

Entering/Emerging: 360 minutes per week of integrated ENL/ELA instruction (1.5 hours daily), plus at least two bilingual content area subjects.

Transitioning: 180 minutes per week of integrated ENL/ELA instruction, alongside home language arts and bilingual content instruction.

Expanding: 180 minutes per week of integrated ENL/ELA support, as well as instruction in home language arts and bilingual content areas.

Commanding: 90 minutes per week of continued ENL support via .5 integrated ENL/ELA or participation in language production projects, per NYSED guidelines for two-year post-commanding monitoring.

All ENL services are scheduled and tracked in STARS Admin by our STARS administrator to ensure compliance with mandated minutes and instructional models.

b. In which language(s) is each core content area taught?

For the 2025–2026 school year, students in our Dual Language Bilingual Education (DLBE) program receive instruction in both English and Spanish across core content areas. In alignment with CR Part 154 requirements, Entering and Emerging ELLs receive a minimum of two bilingual content area subjects, specifically Math and either Science or Social Studies, taught in the home language (Spanish) in addition to English Language Arts and Spanish Language Arts. This ensures full access to content while supporting the development of biliteracy.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

According to our Spring 2025 ELL Data Analysis Tool (EDAT), the breakdown is as follows: Newcomer ELLs make up 87.8% of the total, while Long-Term ELLs account for 0.0%. Our focus continues to be on providing developing or long-term ELLs with opportunities to explore their learning experiences. This includes welcoming them into new environments, engaging with their families to ensure they have access to necessary resources, and connecting them with our staff and teachers.

Newcomer ELLs benefit from ongoing support through required instructional minutes, scaffolded lessons, and small-group instruction. Due to the large number of newcomers, for the Fall 2025-26 school year, PS 59 extended its ELL academy to include a Newcomers Program. This program is specifically designed to assist new ELLs while also providing continuous academic and social-emotional support to their families. The support provided aims not only to address academic gaps for developing MLLs but also to aid newcomers as they transition into their ELL journey.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

SIFE (Students with Interrupted Formal Education) learners who are also ELLs are a key part of our daily teaching at PS 59. According to the Spring 2025 EDAT report, SIFE students make up 12.2% of our ELL population. To support these learners, we ensure they receive the required ENL minutes, while also offering additional intensive literacy and language support. We focus on teaching strategies that help them succeed in other subject areas as well.

We adapt our instruction for SIFE students by utilizing available resources from both our ELA and math curriculums to meet their unique needs.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to the 2025 EDAT report, the percentage of our ELLs considered long-term currently stands at 0.0%. As we have no students classified as long-term ELLs, the focus of our instructional delivery is primarily on our newcomers and developing ELLs. In preparing for the 2025-26 academic year, we continue to adopt practices designed to provide effective services for long-term ELLs, which differ from those used for developing ELLs. For long-term ELLs, we ensure that they receive the mandated integrated and stand-alone instruction, while also utilizing progress monitoring and offering the necessary response to intervention (RTI) support.

Throughout our instructional approaches, teachers working with long-term ELLs continue to ensure that materials, resources, and pacing are designed to provide opportunities for students to engage in discussions, ask questions, and participate in ongoing checks for understanding. As a school, we remain committed to improving our instructional practices to support newcomer ELLs and to address the linguistic needs of our developing ELLs as we move into the 2025-26 school year.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to the PS 59 2025 EDAT report, former ELLs make up 0.4% (1 student) of our ELL population. These students are required to receive up to two additional years of ELL support. To meet their needs, our school provides a range of engaging learning experiences, including rigorous group activities and project-based opportunities.

We ensure these students have continuous enrichment through language development, content support, and production projects aligned with their current unit of study. Throughout the day, the ENL teacher collaborates with classroom teachers, providing language support and helping students deepen their understanding of concepts through extended language production projects.

In addition, our school offers various extracurricular opportunities, such as clubs, music, arts, and after-school programs, through partnerships with Arete and St. Nick's Alliance. Former ELLs also have the chance to participate in activities like debate teams, Move-to-Improve, and assessments designed to track their ongoing growth and identify areas for improvement.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Based on the 2025 Spring EDAT report, we at PS 59 have identified three critical areas that require ongoing support, careful planning, and further investigation. First, 78.8% of our ELLs are newcomers who need consistent language support from kindergarten through grade 5, along with a strong commitment to help them develop the foundational and linguistic skills necessary for success. Second, we observed that 45.5% of our ELLs who took the 2024 NYSESLAT did not show sufficient progress in their English Language Proficiency (ELP). We remain committed to ensuring these students actively engage in all learning modalities—speaking, reading, writing, and listening—in order to improve their understanding. Lastly, we found that 33% of our ELLs are currently living in temporary housing.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Based on our Spring 2025 EDAT report, two students (0.8%) are classified as former ELLs. As a result, we continue to offer them language support for an additional two years, in accordance with the program option selected by their parents. We notice with the right MTSS supports, we should see an increase in former ELLs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

According to the Spring 2025 EDAT, Spanish is the most common home language among our ELL students at PS 59, with 40 students speaking Spanish. At PS 59, we are committed to ensuring that students whose home language is not English receive translated documentation, assignments, and notifications to support equal access to educational opportunities. Our dedicated staff collaborates closely with both our in-house bilingual team and the DOE's Translation and Interpretation Unit. This includes Mr. Vargas, ENL teacher and Language Access Coordinator, as well as Mr. Martinez, Ms. Murillo, Ms. Yepez, and Parent Coordinator Mr. Figueroa, who assist in translating for our Spanish-speaking families. We deeply value and celebrate the diverse languages within our learning community, and we make translation and interpretation services available to families upon request.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Based on our Spring 2025 EDAT data, the racial and ethnic composition of PS 59's ELL students is as follows: 16 students (40%) are identified as White, 9 students (22%) as Black, and 11 students (26.8%) as American Indian or Alaskan Native. ELLs are actively involved in the planning and delivery of instruction, aligning with the core principles of CR-SE. This ensures that our lessons and units reflect the values of a welcoming and affirming environment, inclusive curricula and assessments, rigorous instruction, and high expectations. To support our educators, we provide continuous professional learning opportunities through our partnership with District 14 and SEL programs. When designing instruction for ELLs, teachers assess both strengths and areas for growth, using data from the NYSESLAT and classroom participation to ensure that the four modalities of learning are effectively addressed with best practices. Teachers also consider the cultural perspectives and awareness of our students as valuable assets in shaping the learning experience. Additionally, PS 59 has invested in a diverse and well-rounded CR-SE library for each classroom, which reflects the ethnicities outlined in our EDAT report and data.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 EDAT, we observed that 12 of our ELLs did not achieve ELP. This can be attributed in part to their recent arrival in the country (less than two years ago) and limited exposure to English at home. Three of our students made growth.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Based on the Spring 2025 EDAT report, students in grades K-5 demonstrated stronger performance in speaking compared to other modalities. While there were some improvements in reading, writing, and listening, the overall trend remains consistent, with speaking consistently ranking higher than the other areas.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

N/A

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The trends observed in the NYSESLAT for subgroups, including emerging and transitioning ELLs with IEPs as well as SIFE learners, show continued progress across all learning modalities. Thanks to the dedication of service providers, ELL teachers, and other support staff, students are receiving the necessary assistance and are steadily moving toward narrowing the achievement gap.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

For the 2025-2026 school year, our school is committed to ensuring that our English Language Learners (ELLs) receive a high-quality academic experience that fosters deeper learning. We offer a range of opportunities for them to engage in discussions, debates, and small-group instruction, as well as continued learning through our extended day program and ELL academy. Every student is given the chance to develop their reading, writing, and math skills with support from both content and ENL teachers.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's instructional leadership team views multilingual learners (MLs) and English language learners (ELLs) as a central element of our daily teaching practices. Consequently, our ILT ensures that our instructional strategies not only support native-speaking students but also meet the needs of our linguistically diverse learners. We prioritize culturally responsive instruction by offering opportunities for students to engage with advanced literacy skills, continuing the foundational work of the four hallmarks of core instruction, and integrating technology to enhance learning beyond traditional texts.

Additionally, our ILT reviews summative data for MLs/ELLs and makes deliberate decisions to provide targeted intervention support and strategies for all teachers working with ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The core content is delivered in both English and Spanish through a combination of in-person and remote learning formats. Students benefit from a variety of instructional strategies and support systems, including differentiated instruction, scaffolding, and guided learning opportunities. This year, we continued to enhance our instructional practices by focusing on advanced literacy skills, offering a structured series of learning opportunities that

encompass developmental tasks in English Language Arts (ELA), Math, and other content areas to foster both knowledge acquisition and language development.

We ensure that our program models align with the language demands outlined in the Next Generation standards and specific assessment practices that ensures learning.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

We utilize a range of grade-level materials, including technology, to support and enhance the achievement of our MLs/ELLs. This group is supported through tools like I-Ready, running records, and tailored instruction based on their PLOP in the IEP. In ELA, these students participate in ICT settings, where they receive services from both the ENL teacher and the content area teacher.

b. SIFE

We at PS 59, ensure that our SIFE students receive a high quality education that is rooted and embedded in the belief of a shared and inclusive education. In order to achieve this, we will continue to ensure that our SIFE students receive instruction through our dual language program format as well as through our ENL program. In order to do this effectively, our SIFE students receive instruction in English, provided foundational skills with phonics to close learning gaps as well as given opportunities to share their learning, even using their first language.

Our SIFE subgroup is identified early in order to effectively develop a learning action plan that can easily help narrow any misconceptions of learning, given simulation practice assessments, participate in our weekly ELL academic academy.

c. Newcomers

At PS 59, we embrace our newcomer ELLs and assure that each child is recognized and provided with the same equitable learning opportunities as other students. With such, we provide our newcomers with the opportunities to learn content and vocabulary like their peers, participate in extracurricular events, develop the academic language needed to succeed with content area instruction and take part with our ELL academy.

Through our shared and inclusive curriculum, our lessons and text selections are carefully analyzed to meet student demands as well as the cultural and learning experiences possible. Our teachers ensure that our newcomers are embraced, nurtured, and given the opportunities to engage with the learning experiences. We intend to continue this practice for the 2025-2026 school year.

d. Long Term ELLs

Our long term ELLs benefit from the continued practice of ENL integrated / stand-alone instructional practice. In accordance to the instructional leadership framework, we continue to provide a sound educational program to our long term ELLs that will prepare them for language and content proficiency supports.

Our long term ELLs continue to be a focus of attention with our instructional approaches and providing them with the most adequate resources to support their content learning and assessment techniques. Our long term ELLs also receive daily skill of the week assessments included and discussed with the ENL teacher to determine the best course of action with placement suited for continued learning.

According to our EDAT data, our school services 0.0% long-term ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school utilizes flexible curricular, instructional, and scheduling strategies to support ELLs with IEPs in achieving their IEP goals and attaining English language proficiency in the least restrictive environment. This is done by ensuring that all ELL-SWDs receive instruction through an ICT model. To provide access to the curriculum, we incorporate various instructional strategies such as small group instruction, collaborative group work, and reciprocal teaching. Academic intervention is embedded in the schedule to help meet IEP goals while improving English proficiency and language acquisition.

Our curriculum and schedule are designed to offer students numerous opportunities to engage in discussions about their learning, follow classroom discussion protocols, and feel reassured that their instruction is tailored to their specific needs through specially designed instruction.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language support is provided to both our ENL and DL students through their respective instructional models, i.e., pus h-in and pull-out language services and alternating days of instruction in Spanish or English based on the 50:50 dual language model. Through this targeted approach, both our dual language and ENL programs are supported by using the primary language(s) as an instructional support mechanism to enhance content learning and second language acquisition. During remote learning, students are given access to translation dictionaries, on-line vocabulary intervention and home language read alouds that have been translated into their home language.

We do not have a transitional bilingual program (TBE).

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual

Education teacher partnerships, etc.).

For the 2025-2026 school year, the systems and structures used for supporting co-teaching and collaboration among teachers was immediate feedback from administrators, looking at best practice research for effective co-teaching, our continuous support from NY reads and Eureka Math consultants on how to better meet the demands of ELLs and other learners as well as opportunities to look at data to inform our instructional approaches.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

As a school, our mission is to ensure not only that our students are provided a sound, equitable education, but that our teachers and staff incorporate learning specifically related to the academic and social emotional needs of our MLs / ELLs. Through our current SEL school-wide program, Sanford Harmony, teachers participate in staff development on building communities, team work and ways to improve our meta cognition. We provide our ELLs the opportunities to share their feelings and express them in a hostile free environment where their voice is heard and taken into consideration. We aim for the 2025-2026 school year to continue improving how we can develop these MLs / ELLs into multi-literate individuals who can learn and share their feelings with staff.

Teachers, staff and administrators attend virtual and in person meetings to discuss how to improve in the area of SEL and ways to incorporate them when doing both the integrated and stand-alone formats.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school meets the professional development requirements set forth by CR Part 154:2 by providing 4 in school professional learning opportunities for teachers to further their craft in the delivery of instruction to ELLs by using the advanced literacies framework and the Next Generation Standards. These professional learning opportunities will be administered in a hybrid format where some will be done in person and others remotely. The goal is to further our understanding with advanced literacies and building 21st Century language skills. Attendance and records will be kept in a binder located in the main office.

As we approach the 2025-2026 school year, we intend on improving the teacher participation with the areas of bilingual and ML / ELL professional development opportunities as we continue to work alongside our partners with the Office of Multilingual Learners.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The screening assessments used to guide instruction planning for our ELLs are periodic assessments baseline from the DOE as well as BOY (Beginning of the Year Assessments) to help guide us with our instruction and address intervention strategies needed for our struggling students. Teachers disaggregates the data obtained from these scores and develop lessons from the content of instruction using these scores. Once discussed, as a next step, teachers share with common planning how to closely ensure that these students are placed in intervention groups.

Once in groups, we monitor that these students are given time to review strategies and skills and given a skill of the week assessment for the purpose of obtaining the necessary data from these students and provide them further guidance with learning.

For the 2025-26 school year, we intend on continuing to use Acadience, IReady and MAP Growth.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our ENL, dual language, and ELL academy provides targeted intervention for ELLs in ELA, Math and other content areas that are aligned to the ski l l of the week and other assessments. Additionally students receive small group/differentiated intervention in the classroom 3 days per week where the focus is on meeting the instructional needs of each student. During our remote learning instructional time, ELLs / MLLs receive strategy lessons that will continue in the fall to provide opportunities to maximize learning. Another key intervention program that will continue on a blended / remote format is our work with NY Cares reading and writing projects.

The language used for these programs is English with some home language considerations.

We have identified specifically our long-term ELLs because according to our EDAT data, this subgroup needs the continued support, progress monitoring and check-ins.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

For the 2025-26 school year our goal is to provide a comprehensive educational program for our ELLs, our school utilizes multiple data sources to guide both teaching and instructional support within the RTI framework. First, we identify ELLs/MLs who have not made sufficient progress for various reasons. We designate three days each week to focus on providing targeted, tiered interventions. Next, we group students based on their current performance levels and design strategy lessons aimed at addressing specific gaps in understanding. For students requiring more intensive intervention, we collaborate with out-of-classroom teachers to provide additional support and continuously reassess their understanding of the relevant skills or strategies. Our multi-tiered approach includes:

TIER 1: Whole group instruction, led by both classroom and ENL teachers

TIER 2: Small-group reinforcement lessons

TIER 3: Intensive literacy and math support

Additionally, all students receive Specially Designed Instruction (SDI) to help close achievement gaps.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments used to inform and drive our instruction are:

NYC Periodic Assessments, I-Ready progress monitoring, TCRWP, weekly skill of the week assessments, ELL periodic assessments, BOY, progress monitoring and EOY assessments to inform and drive our instruction and inform our curriculum decisions. As a school practice, we assess student's reading progress and determine what next steps should be included in our instructional planning. Additionally, we intend on using Acadience and IReady indicators.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

We ensure that our MLs / ELLs are appropriately evaluated in their home languages throughout the year using a combination of audio, read-aloud, technological software programs and discussions in their native language about texts and reasoning. In our dual language classes, teachers are constantly checking in for progress through their lesson flows, assessment and discussion in LOTE about written texts or mathematical concepts.

Also, we provide students opportunities to respond to text using their home language. This provides us the opportunities to assess on demand how strong and literate the student is in their first language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We assess the effectiveness of our ML/ELL programs using various summative tools, including NYSESLAT scores, formative assessments, ELA and Math skills of the week, I-Ready assessment scores, and teacher observations. These assessments help inform our instructional design and curricular decisions. To ensure continued progress, we regularly meet with administration to discuss how best to support our students and identify any necessary changes or adjustments to enhance our teaching strategies.

During both integrated and stand-alone ENL sessions, we review content and language objectives to confirm that the curriculum aligns with the language requirements of our assessments. This ensures that the design of our curriculum, thematic units, and project-based learning can be executed smoothly and effectively.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan consists of the ENL teacher and the assistant principal creating a schedule of assessment dates and a specific team of scorers to assist with the scoring of writing. Normally, the ENL teacher attends a NYSESLAT administration meeting from our office of Multilingual , discuss any changes to the format of the test as well as address deadlines to submit test.

Our ELLs and former ELLs continue to receive their mandated minutes of instruction during the day as the NYSESLAT is administered during prep time as well as modified lunch schedules for students. We do this to ensure that the assessment can take place as well as continue to provide services to our MLLs / ELLs.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

N/A

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

As required by CR At PS 59, newly arrived ELLs undergo the full ELL identification process and are interviewed using the HLIS form. Once a language code other than English is assigned to the child in OTELE, they are given the NYSITELL assessment and the Spanish Lab. Based on the results, the parent is informed of the score, invited to an ELL orientation, and provided with program options based on the three available modes of ELL services. The standards-based ELL programs offered by our school are also discussed with the parent.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

For the school year 2025-2026, our ENL and bilingual teachers meet with families of our MLs / ELLs for the purpose of providing them with the opportunities to engage in discussions on language progressions, how their students are assessed and provided opportunities to observe our bilingual classes. We include the activities in our monthly parent newsletter (which is translated) into home language and shared with families. In September, we invited our ELL families to discuss how our lessons aim to include language and content objectives, provide opportunities to answer questions regarding how our ELLs are monitored through our data tracking systems and

language progressions. During the consecutive monthly meetings, the ENL teacher provides results and discusses the ML / ELL progressions and the next step in supporting their child's achievement with content and language. Further, during our annual parent meetings, each parent receives information pertaining to their child's current language proficiency according to their last NYSESLAT scores, current level of proficiency
from weekly skill of the week assessments as well as through our running records and current reading level of each student.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

For the 2025-2026 school year, our families will receive communications and documents in their preferred language of choice. Through our in-house translation and services provided by the Office of Translations services, documents were translated as well as all communication were returned in the family's preferred language. Our main office has signs translated as well as resources for families regarding programs translated in their home language.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 59, our school empowers and encourages family voice as we create beginning of the year surveys (translated) with cooperation from our Community Based Organizations to deem what is the highest need for our parents and what specific demands should be address for our ML/ELLs. The results provide us with a better understanding on how to plan for our MLs/ELLs for the school year. Our community schools director also assists us with the specific individual needs of our families and students.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

For the 2025-2026 school year, we will continue our commitment to MLs/ELLs and their families by assuring that are aware pf PA meetings, school leadership team opportunities as well as CEC meetings and opportunities. Our parent coordinator, administration and the ENL teacher assures that these families are included with outreach to these meetings as well as documentations related in their home language of choice.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

For the 2025-2026 academic school year and through our partnerships with district 14, NY Cares, St. Nick's and Arete, we aim as a school to provide a safe, nurturing environment for our students families as well as embrace the cultural awareness our families bring. Each year, we prepare monthly performances and activities that are triggered to raise awareness of all our cultures and with such, refine our cultures. Our classroom libraries are enshrined with books, audio and games that raise awareness of language and culture and establishes opportunities for students to share their culture.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

At PS 59, our students are celebrated through a rich, diverse and warm environment that accepts and embraces all cultures. Our classroom structures have been created to assure that all our students receive a high quality, appropriate education that prepares them for the 21st century workforce. Our ML/ELLs receive opportunities to learn language and literacy as well as content level work through a partnership with both the ENL and content area teacher. Students receive a multi-tiered format of learning as well as opportunities to engage in discussions about their learning during both the regular school day as well as during our extended learning day. In 2025-26 , we will continue to maximize student growth and opportunities to learning through all senses assuring that our ML/ELLs have equitable voice in their continuous success as well as inform our families of the many resources our school and the office of multilingual learners provide. We continue to develop our teachers and staff with embracing the rich culture and diverse school population that makes it ideal to shine within our learning community.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

For the 2025-2026 school year, PS 59 warmly welcomes both newly enrolled and current English Language Learners (ELLs), recognizing them as vital to the success of our school, community, and overall learning environment. Every day, we make it a priority to embrace and support these students. Mr. Vargas, our ENL teacher, meets with families and students, providing school tours and distributing essential materials, activities, and information about community events held at both the school and in the surrounding area. Our parent coordinator, community school director, and guidance counselor ensure that families stay informed about upcoming activities, distributions, and events for both students and families.

ENL Teacher: Mr. Vargas greets families and offers guidance on appropriate placement and program selection for students, in full compliance with CR Part 154.

Parent Coordinator: Works to ensure families have equal access to updates on student progress, assists with parent-teacher communications, and distributes important DOE or district policies and compliance reports.

Guidance Counselor: Provides essential emotional support for families, offers a space for private discussions on social-emotional needs, and serves as a liaison for our school's "Respect for All" initiative. Additionally, the guidance counselor helps 5th-grade ELLs transition smoothly to middle school.

Mr. Vargas also sends parent notification letters through the Info Hub, in the family's preferred language, informing them of the specific instructional format best suited for former ELLs.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**

- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

For the 2025-26 academic year at PS 59, our ELL identification team consists of:
ENL / Bilingual Teacher- Charlie Vargas
Teacher / Content Area- Jessica Yepez
Parent Coordinator- Jonathan Figueroa
Community Schools Director: Ms. Jocelyn
IEP Teacher- Ms. Delora

Our primary process for identifying students for services involves Ms. Garcia identifying any families that speak languages other than English at home during the intake process followed by Mr. Vargas administering a Home Language Survey and connecting the incoming student with other team members on an as needed basis after a discussion with the family. Once we receive the child, Ms. Ottley and Mr. Vargas researches the students' information and determines if the child has ELL status from a previous school, and if not, goes through the ELL identification process of an interview, assessment and family orientation.
If determined that the student has an IEP, our language proficiency team meets to identify if the student is eligible for the NYSITELL assessment, placement and program selection.
Structure:
Ms. Garcia (Pupil Personnel Secretary) / Mr. Vargas (ENL Teacher, Coordinator)- Interviews family with child and properly inputs the OTELE code in ATS;
Parent Coordinator welcomes family and child; our school's language proficiency team obtains information regarding a potential MLL / ELL, discusses the possibility and needs by using questionnaires, home language surveys and teacher assessments to make determinations. Families are greeted and provided a school tour of the many learning experiences offered at PS 59.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Dr. Cherry-Ann Joseph-Hislop

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Charlie	Vargas	Teacher - Regular Grades	02/14/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	1	0.30%	1	0.30%	0	
BENGALI (BANGLA IN BANGLADESH)	1	0.30%	1	0.30%	0	
FRENCH	1	0.30%	1	0.30%	0	
ENGLISH	249	74.11%	249	74.33%	24	
SPANISH	84	25.00%	83	24.78%	6	6

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
2025-26 Emergency Blue Cards	Our school's Language Access Coordinator (Mr. Vargas) and / or other staff translate emergency documents before distribution to classrooms
2025-26 School Wide Events	Our family letters are translated to our primary language (Spanish) to our Spanish speaking families. If there is another primary language other than English, we reach out to our translation services unit.
Arete / St. Nick's CBO Programs	Our CBO directors have after-school programs translated as well as phone calls made and translated in family's preferred language.
Evacuation Drills/Signage	Throughout the school our signage for evacuation and rooms have labels in the family's home language.
Trip Consent Forms	Our school-wide trips and flyers are translated into Spanish by our ENL teacher.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those

meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Association Meetings	Translated flyers, translated school messenger, translated dojo apps, translated signage throughout school
Curriculum Nights	PS 59 continues to provide access to language during our curriculum nights and our parent coordinator and ELL teacher translates these documents into Spanish, Arabic

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

At PS 59, we prioritize effective communication by promptly notifying parents about any unforeseen circumstances, such as lockdowns or other emergencies. Parents receive immediate notifications via text, school messenger and robo-call in their preferred language, providing detailed information about the situation and the next steps. School Messenger supports these translation services.

Additionally, our building features posters and drill/evacuation procedures that are translated into multiple languages. We also have signs throughout the school in various languages to support our families who speak languages other than English (LOTE).

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

For the 2025-2026 academic year, our bilingual staff (teachers and paraprofessionals) will offer various translation and interpretation services to help ensure that families fully understand our educational expectations and how they can support their child's learning. These services include translated materials, access to the Department of Education's Translation and Interpretation Office, and the ability to facilitate IEP meetings (both in-person and virtual) in the family's preferred language. Parents will be informed about online programs available for their children in their native language, and immediate support will be provided, either in person or remotely, to resolve any issues. Our Parent Coordinator and Language Access Coordinator work together to ensure that families understand their rights and receive services in the language of their choice. Teachers and staff have access to resources from the translation and interpretation unit. Throughout the 2024-2025 school year, our Language Access Coordinator has provided training and shared important information with school staff. These training sessions are also incorporated into grade-level meetings during designated teacher time. Our school secretary has implemented many of the recommended practices to prioritize language accessibility in daily operations and office procedures.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

PS 59 ensures that every parent whose primary language is one of the covered languages and who requires language assistance services receives a copy of the Bill of Parent Rights and Responsibilities. This document outlines their rights regarding translation and interpretation services. For the 20225-2026 school year, our families will be warmly greeted and assisted with the appropriate language services upon arrival. Our ENL teacher/Language Access Coordinator supports the completion of home language surveys during student registration. These surveys are provided when a new student enrolls.

This process is aligned with the Title III Chancellor's Regulations, which require a conference with non-English speaking parents to explain their right to bilingual or ENL education for their child. Additionally, we display a sign in each of the most commonly spoken covered languages near the primary entrance and main office, notifying parents about the availability of interpretation services.

Our safety plan includes procedures to ensure that parents who need language assistance can reach the school's administrative offices without barriers. We offer parents the opportunity to connect with someone who can translate during any communication with the school. These provisions are reviewed at least twice a year during our safety meetings.

For parents of students who speak a language other than English (LOTE) and constitute more than 10% of the school population, we provide translated documents—such as signage and forms—through the Translation and Interpretation Unit, in accordance with Chancellor's Regulation A-663.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

To ensure effective feedback from our LEP (Limited English Proficiency) parents, our school will implement several strategies. These include conducting interviews during the parent orientation sessions scheduled from September to June 2025, ongoing outreach facilitated by our parent coordinator, and regular parental engagement meetings between parents and teachers, which are typically held on a weekly basis.

Based on the Spring 2025 EDAT data, Spanish is identified as the primary language spoken by our LEP families. To address this, our bilingual (Spanish-speaking) staff will provide translations for all important documents and meeting agendas. For parents who speak other languages, PS 59 plans to utilize professional translation and interpretation services to ensure accessibility and clear communication.

In addition, we will actively seek to foster a welcoming environment where all parents feel comfortable providing feedback, making sure that language barriers do not hinder participation. This multi-faceted approach will help us build stronger relationships with our LEP families and ensure that their voices are heard throughout the school year.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

PS 59 is committed to ensuring that parents who speak a Language Other Than English (LOTE) have the opportunity to provide feedback on the services we offer, both for themselves and their children. For the 2025-2026 school year, we have welcomed a significant number of Spanish-speaking families who have emphasized the importance of receiving school communications—such as documents, letters, teacher notices, and surveys—in their native language. In response to this, our bilingual staff has worked diligently to have all relevant documents translated in-house. Additionally, we have utilized the Department of Education's Office of Multilingual Services website to download pre-translated PDF documents, making the necessary adjustments to ensure that they meet the specific language needs and cultural considerations of our families. This proactive approach reflects our commitment to fostering an inclusive and supportive environment for all of our students and their families.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

24

Grades to be served in this program. Select all that apply.

,2,3,4,1

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

4

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Our continued focus for the 2025-2026 academic school year is to focus primarily on the data ascertain from both NYSETILL, NYSESLAT, I-Ready and classroom assessments to determine our needs and areas of focus. With such our data should reflect:

Data Analysis Conducted: We will use multiple data sources to determine the highest areas of needs and determine specifically what areas students should receive support such as running records, Beginning of Year (BOY) weekly ski l l of the week (ELA / Math), benchmarks, I-Ready and NYSITELL / NYSESLAT assessments and levels. These data sources gives us a clear picture of students strengths and weaknesses and how to explicitly teach them throughout our literacy and math lessons and how to further provide adequate instructional strategies for student success. As a school, we keep track of our data by entering it on a data tracker spreadsheet as another form of tracking achievement and inform our instructional practices.
Quantitative Data: Action plan for the 2025-26 school year, PS 59 will continue in providing MLL / ELLs in grades 1-5 the necessary linguistic supports and scaffolds necessary to succeed in ELA, Math and content area subjects. This supplemental program further has the objective to extend learning after school hours to further give our MLLs extra opportunities to engage in learning and increase achievement within the content areas.
cording to our I-Ready data, students in grades K-5 are performing as followed:
ELA: 30% are at grade level Math: 24% are at grade level sub groups of students to be served: Newcomers, SIFE, SWD, Entering, Emergent, Transitioning and Expanding MLLs / ELLs (K-5). Our after school program will initiate November 7, 2025 and culminate in May 17. 2026. The days of the programs are Thursdays and Fridays (2:30- 4:30 pm). . The primary language of instruction is English with Spanish / language support from the ENL teacher. The resources used for the program will be Ready Into Reading, Math, Ready NY, and i-Ready, as well as a phonics program for students lacking the phonemic foundation necessary for rea ding in grades K-2. The materials are created by curriculum associates and the I-Ready program is assessment driven. Students will be grouped by level and provided with a content
area teacher as well as a bilingual / dual language teacher. Students will receive instruction in English with Spanish scaffolds (when needed) as well as engage with the online software platform provided by I-Ready (Curriculum Associates) Other materials that will be used to provide instruction to our students is found on the Ready NY teacher toolbox, which has lessons and interactive activities for students to engage as well as Reaching for the New Standards by Rally Education.

Records will maintained and updated through our ENL coordinator and monitored by our assistant principal. Notification letters, consent forms and other related documents will be provided in the parent's preferred language and copies of all documents will be included in the records binder located in the ENL room. Furthermore, there will be a need for supervisory support during our after-school / extended day learning initiates. These programs are essential support to our MLL/ELLs and adequate supervision is needed to ensure safety and delivery of instruction. Parents will be informed of student progress through calls, email, and on-site conferences. All documentation will be translated in Spanish through our bilingual staff and NYC DOE's translation and interpretation services.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

see above

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

For the 2025-2026 school year at PS 59, the following students will be served:

ML/ ELLs in grades 1-4- Students will receive both language and content as well as through our dual language learning model (50/50)

SIFE (Grades 1-4)

Our focus will be to highly support both our entering and emerging ELLs with the necessary linguistic markers, indicators that are suitable to helping them succeed in their primary classroom.

Grades 1-3

Grades 4-

Students will be grouped in accordance to proficiency levels as as well as support through language and content. Our students will be tallied and supported by 1 certified bilingual teacher for every 6 students.

Total number of groups: 4
Total number of students in each group 6
Group 1=Grade 1- 6 students
Group 2=Grade 2 - 6 students
Group 3=Grade 3- 6 students
Group 4=Grade 4- 6 students

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

This program has the purpose of helping our MLL/ELLs succeed in both language and content.

This MLL/ELL academy will initiate in November 7, 2025 and culminate in May 17, 2026. Because we will partner up with NY Cares, a non-profit organization, to assist us with our ELL Reading Academy, we have the ability and stability to run our program until May 17, 2026.

Thursdays and Fridays 2:30-4:30pm

Our program start date will be on November 7, 2025 and end on May 17, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

English with home language support- Teachers and support staff will provide students to engage in discussion and learning through the use of English and home language considerations.

Our curriculum consists of both English and Spanish with highly interactive language supports for student engagement.

Students are provided with glossaries to help them understand the terms in both English and native home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Our program will have:

4 teachers- Teacher 1 will serve grade 1, MLL/ ELLs, Teacher 2 will serve MLL/ELLs in grades 2, and Teachers 3 and 4 will serve MLL/ ELLs in grades 3/ 4- All teachers have both a common branch (content) license and ESOL certification/extension.

Our NY Cares volunteers will be paired up with our teachers to support student reading and engagement as well as

give our students ample opportunities to engage with writing and presentations.

There will be no TITLE III cost for our assistant principal as we have a parallel program running during these days.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials utilized for this program will encompass a diverse range of resources aimed at enhancing both literacy and mathematical proficiency for all students. This will include components from our Into Reading program, Eureka Math, and on-demand writing prompts derived from our reading curriculum. These resources are designed to support the development of reading, writing, and computational skills across the board. In addition, we will incorporate previously purchased bilingual texts and books from our library to further enrich the after-school instruction, ensuring that all students have access to culturally relevant and language-appropriate materials.

While additional resources may not be necessary at this time, any future materials acquired to further support student learning will be sourced from the new reading curriculum, which has already been provided with the necessary materials. Our reading program is published by Houghton Mifflin Harcourt, ensuring high-quality, research-based resources for our students.

We expect that the total cost for these materials will not exceed the 20% allocation limit for program expenditures. This is because throughout the school year, we consistently supplement our core curriculum with additional resources tailored to the evolving needs of our students. This includes bilingual libraries and Spanish-language literary texts, all of which are already available in our classrooms.

It is important to note that materials purchased using TITLE III ELL funds will be exclusively used for after-school programming and will not be utilized during regular instructional hours.

All supplemental program materials are carefully stored within the classrooms, and student attendance is meticulously recorded by the program teacher. Attendance logs are maintained consistently for every session, and parents are informed in writing (in their preferred language) if their child is not attending regularly or if there are concerns regarding intervention needs. To ensure proper tracking and communication, our ELL Coordinator has created a comprehensive MLL/ELL Binder, which includes attendance records, lesson plans, and copies of parental outreach communications.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Students will have continuous access to our I-Ready platform which provides us with daily/periodic progress monitoring. Students will have a rotation method where they will receive direct instruction by the teacher and then rotate to the technological device of I-Ready to independently work on skills with feedback.

Supervisor's regular schedule (throughout the program) will be Thursdays: 2:30-4:30 pm and Fridays 2:30-4:30 pm. This will be at no cost from TITLE III funds.

We have an academic binder where we store data trackers and assessments. Parents will be notified in writing (preferred language) and must provide permission for child to attend our program. Our ENL teacher will meet with parents once a month regarding student progress, program resources beginning November 22, 2025. These notices (agendas and attendances) will be stored in our 2025-26 TITLE III Binder of critical documents in our ELL room 228.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The rationale of providing professional development to the teachers of this TITLE III supplemental program is to provide opportunities for teachers to engage in professional learning opportunities to enhance their teaching skills to better serve students who are MLLs / ELLs. Curriculum Associates is the provider for the I-Ready program administered throughout the school. Teachers that will receive the training for the I-Ready are both content area (common branches) and the dual language and ENL teachers. The goal is to obtain support and instructional strategies to better serve this population as well as maximize learning throughout the duration of the program.

The ENL teacher will also participate in a series of professional development sessions that starts on October 18, 2025 and culminates on May 22, 2026. The professional development sessions are provided by our partners in I-Ready . The topics vary each month starting with How to use data from I-Ready to prepare small-group instruction to support MLL / ELLs as well as using student proficiency levels for planning units. Teachers will also receive virtual training on how to maximize the use of i-Ready to continue supporting all students in K-5. The professional development providers are certified former teachers, administrators and researchers in the field of working with all students, specifically, MLLs / ELLs. There is no cost for the planning sessions as the sessions are not at cost to the TITLE III LEP program. This resource is provided free by our partners at I-Ready.

Teachers will turnkey information obtained from the professional development during their Monday professional development time.

Records of professional development, training and teacher team meetings are kept in a binder located in the main office. Copies will also be held with grade team leaders and the assistant principal.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

At PS 59, we believe that providing professional development opportunities for teachers is essential and crucial for both teacher and student growth. We will continue to provide our teachers with the mandated 15% PD opportunities for General Ed teachers as well as 50% of PD for bilingual teachers. Our PD block will consists of culturally responsive education, providing language support to MLL/ELLs and how to use both formative and informative assessments when making lesson modifications. We, here at PS 59, looked at a few important data sources that substantiates why we see the need to continue focusing on ELL development and closing the gap of achievement with other subgroups. Teachers looked at I-Ready data, parent needs surveys, NYSITELL and NYSESLAT spring scores to make our determination on how to best assist teacher development. Newly implemented NYSESLAT benchmark scores also help us in creating next steps in language and content knowledge. Teachers, during inquiry block look deeper in unpacking skill of the week, weekly assessments of those skills. Teacher observation shows that teachers need support with ELL instruction.

We believe by focusing on what the I-Ready data, analysis of skill of the week and benchmark assessments, we can focus our PD opportunities around strengthening these areas and next steps for student learning.

As we enter the 2025-2026 school year, our teachers will continue to embark on looking at student data (through our data tracker) and identify strengths and weaknesses and how to better serve the needs of our MLLs through the lens of extended support.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

For the 2025-2026 school year,

Mr. Vargas- ENL Teacher / Coordinator- I intend on meeting with our PD providers and turnkey information and resources to our staff
All teachers are required to obtain PD, but teachers working our program will have PD opportunities every Mondays from 2:30-4:00pm, that embarks on the work of MLL/ELLs:

Ms. Estrada- Kindergarten DL Teacher

Ms. Yepez- 1st Grade DL Teacher

Ms. Murillo- 2nd Grade DL Teacher

Ms. Gonzalez- 3rd Grade DL Teacher

Mr. Martinez- 4th Grade DL Teacher

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The schedule is as follows

Day of the week for Professional Development are Mondays from 2:30-4:00 pm.

November 18, 2025-

December 16, 2025-

January 20, 2026

February 17, 2026-

March 17, 2026-

April 14, 2026-

May 21, 2026-

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The topics to be covered will be the following: 2025-2026-

Translanguaging- transferring Spanish-English content

NYSESLAT Data and our MLL / ELLs

Foundational Literacy

Small-Group Instructions that are effective

Content vs Language Objective

Vocabulary build-up

integrated support from the ENL teacher

Project Based Learning

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

For the 2025-2026 school year, PS 59 and our ENL teacher and coordinator as well as our ELA/Math cooperating partners. For ELA and math, our school has several consultants who provide both in-person observations through classroom walkthroughs, direct coaching, modeling and feedback. Our I-Ready consultant partner provides PD to all teachers regarding best practices for working with ELLs and how to best support newly arrived ELLs with foundational skills.

Our providers are:

Curriculum Associates- I-Ready

Harmony SEL

ILF Team- looking at schoolwide data to assess student learning

Heggerty-Foundational Skills

HMH Coaching- Math/ELA units of study

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

For the 2025-2026 TITLE III program, our ENL teacher will hold a binder of critical documents that will contain PD agendas, parent orientation agendas, attendance records and progress monitoring assessments for students participating in the program.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At PS 59, we believe that parents are an important link to student success in school. It is imperative that teachers and parents engage in activities that will better help them support their children at home. We started to provide parents with workshops in November 2024 on the topic of supporting their children at home provided by Mindfulness as well as the Chancellor's initiative with SEL (Social Emotional Learning) We have prepared a monthly calendar of activities to better support our parents in conjunction with our guidance counselor, school social worker and teachers.
At PS 59, we use a variety of communication platforms to inform our parents of workshops such as a school messenger, posting on I-Learn, class dojo, text messages, email messages, social media pages, and backpack invitations and reminders.

The reminders are translated into various languages. Our ENL teacher (Mr. Vargas) and parent coordinator translate into Spanish and the DOE's Office of Language Access will translate any other language needed. We have recently invited our school 's community director to take part in our parent outreach where she also provides fresh and canned foods and other services available to our families. We have identified six parent workshops for families that will begin in November 22, 2025 and will continue for the months of January 2026, February 2026, March 2026, April 2026 and May 2026. The parent workshops are as follows and will not require TITLE III funds. Parents will be notified of these exciting, interactive workshops through our school messenger, Parent Coordinator outreach, and school class page on the I-Learn platform. Here is a tentative schedule:

November: Providing Support for both In-Person / Remote Learning by the Parent Coordinator (Jonathan Figueroa) via zoom (after-school)
January: How to Navigate the I-Learn / Teach Hub by the ENL Teacher Via Zoom (after-school)
February: Family Game Night (after school session) by Zoom platform and provided by both the ENL teacher and Community Schools
March- Best practices with Foundational Reading/Phonics
April- Preparing for the 2025 Spring NYSESLAT
May- Using Interactive Reading Websites and Teach Hub
Director. We have selected the 1st Monday of the month (8:30-10:00am) for our parent engagement activities.

The PDs / Workshops will be provided in English with Spanish language support from the ELL coordinator. These PDs will be at no cost from TITLE III. These workshops / PD attendance and agenda records will be placed in a binder located in the main office. Also, our parent coordinator and ELL teacher will have copies.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The rationale is to provide support to our ML/ELL community and assure that our families obtain the necessary documentations, services and outreach in their preferred home language. Critical to this is the ability to assure that our families feel welcomed and that there language of preference is taken into consideration.

We at PS 59,will consider to assist our families with in-depth, interactive parent activities that will target communication with families, community wide events, assistance with navigation on remote learning (during snowstorms), email blasts, school messenger, etc. Our parent coordinator will provide a calendar of events for our families and students to use throughout the year in the preferred language. Parent coordinator receives in-house surveys from families regarding needs and wants that best suits their children.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

For our 2025-2026 school year,

The schedule is as follows:

November 2025 - May 2026-

Parents will be provided with multiple opportunities to learn about how to best support their students at home by using their home language as well as participate in language building through activities and arts. With the partnership of our parent coordinator, parents will continue to receive resources and support for student success.

Each month, parents will have opportunities to also engage in learning strategies that can be used at home as well as special SEL strategies that can best suit our individual ELLs and their needs.

The days are the 1st Monday of the month from 8:30-10:00am.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

For the 2025-2026 school year, topics to be covered:

How to support their child in school

Good Reading Habits in the Childhood Years

Arts in the Classroom

Multicultural Day Celebrations at PS 59

Mindfulness

Physical Activities to Engage Children in Reading

Hispanic American Monthly Activities / Enrichment

Assistance with middle school applications

Awards Day

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

For the 2025-2026 school year, our support and our Partners at Saint Nick's Alliance and Arete Learning- Our directors support families with providing opportunities to engage with their child's learning through participation with online, in-person and community assistance.

Monthly meetings, guidance, food pantries and community outreach

Providers: Arete Learning, St. Nick's Alliance

Alejandra Figueroa- Arete Learning- Supporting strategies for learning

Mr. Quarles- St. Nick's Learning- SEL support for school and home

Jonathan Figueroa (Parent Coordinator)-

Charlie Vargas (ENL Teacher)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

For the 2025-2026 school year, parents will be notified of these learning opportunities by our Parent Coordinator, ENL coordinator, and primary classroom teacher during our beginning of year conferences with families. Notification flyers are also provided in the parents' preferred language and email blasts are also sent to remind parents. If there is a language other than English that we cannot translate in-house, we will reach out to the Office of Language Access for support.

Parent Coordinator and ENL teacher help provide interpretation support at events.

Through class dojo and messenger, parents receive up-to-date notifications of learning opportunities, engagement and school-wide events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

For the 2025-2026 school year, documents, flyers, agendas of events will be kept in the binder of critical documents and stored in the main office. Our parent coordinator also has a binder of critical documents that he uses to meet, share and provide updates for parents. These letters and flyers are always translated in the parent's preferred language and stored in the main office.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.
