Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification

- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle

structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services,

school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Julie Cavanagh	*Principal or Designee	

Sam Coleman	*United Federation of Teachers (UFT) Chapter Leader or Designee, Prek Teacher, and parent
Rosette Diaz	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President
Katherine Sing	Chair, District Council 37 (DC 37) Representative
Jasmine Marsh	Title I Parent Advisory Council Chairperson (or alternate)
NA	Student Representative (Required for high schools)
NA	Student Representative (Required for high schools)
NA	CBO Representative, if applicable
NA	Student Representative (Required for CSI, TSI, Receivership Middle Schools)
NA	Student Representative (Required for CSI, TSI, Receivership Middle Schools)
Vacancy	Vacancy

Raquel Rosado Kemp	UFT/Paraprofessional
Hannah Krueger	UFT/Teacher
Rachel Forbes	Parent
Justin Riservato	Parent
Aaron Castro	Parent

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Alanna Howe	Staff, Art Teacher	
Alev Dervish	Staff, ENL Teacher	
Johanna Bjorken	Business Manager	
Melissa Campbell	Parent Coordinator	
Dalila Mendez	AP	
Parents	Various parents for interviews and feedback conversations	
Students	Various students for interviews and feedback conversations	

Stakeholder Participation

Background

The CEP must be developed in consultation with parents, school staff, and in secondary schools, students, and in accordance with §100.11 of Commissioner's Regulations and Chancellor's Regulation A-655. All schools are expected to engage stakeholder representatives (via the School Leadership Team/Community Engagement Team) at every step of CEP development. Follow the guidelines outlined in Assembling Your Team.

The School Leadership Team will engage in a five-part needs assessment before developing the CEP. Writing the plan is the last step.

Optional Pre-Activity: Envision: Exploring Your Vision, Values, and Aspirations

- Analyze: Data Variation Part 1: Identification
- Analyze: Data Variation Part 2: Share and Explore
- Analyze: Survey Data
- Listen: Student Interviews
- Envision: Reflect and Synthesize
- Writing the Plan

Meeting Dates

Use the space below to identify the meeting date(s) when each specific step(s) occurred.

Orientation for School Teams

(Required for Schools Newly Identified for the TSI Support Model)

March 4, 2025

1. Analyze: Data Variation - Identification

3/25/25-4/29/25

2. Analyze: Data Variation - Share and Explore

4/8-4/29/25

3. Analyze: Survey Data

5/6-5/27/25

4. Listen: Student Interviews

4/22-5/27/25

5. Envision: Reflect and Synthesize

5/6-5/29/25

6. Plan Writing and Revision

5/15-6/25/25

Stakeholder Involvement Signature Page

Directions: In the table below, list the individuals involved in the development of the CEP, their relationship with the school, and the dates in which they participated. The individuals listed should include members of the School Leadership Team and, where applicable, the Community Engagement Team (for Receivership schools). The dates should match the dates identified in the Meeting Date table completed previously. THIS PAGE MUST BE PRINTED AND SCANNED AND SUBMITTED WITH THE CEP. If the school is unable to obtain a signature from an individual, the school should write "Addendum attached" and explain why it was unable to obtain the signature of the individual. If an individual identified below has objections or concerns related to the CEP, that team member shall note "Addendum Attached" next to his or her signature and provide, in a separate document, an explanation of the specific objections or concerns.

Dates Involved (enter m/dd in the space below for each date the individual attended)

Stakeholder Name	Role	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd	m/dd
Sam Coleman	CL	3/4	3/18	4/2	4/22	4/29	5/6	5/13	5/27	na	na
Jasmine Marsh	Title 1 Chair Parent	3/4	3/18	4/2	4/22	4/29	5/6	5/13	5/27	na	na

Section 4: School Summary

Accountability Status

Accountability Status: **TSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Nestled in the heart of Red Hook, Brooklyn The Patrick F. Daly Magnet School of the Arts is a community school with a STEAM (science, technology, engineering, arts, mathematics) that operates under a Diversity, Equity, Inclusion, Justice and Liberation Framework. We take a holistic approach to education that nurtures the child by offering a safe and stimulating education for all our students, including students with Disabilities (SWDs), English Language Learners (ELL) and high achieving students; our teachers participate in professional development to offer continuous improvement and ongoing staff development.

We promote wellness through numerous on-site services and community partners such as an in-house occupational, physical, and speech therapy and a school-based medical, dental and mental health clinic with NYU. PS 15 thrives on active partnerships with many community organizations including: Good Shepherds, Marquis Studios, Pioneer Works, Cafeteria Culture and many more.

We encourage strong parent participation as well as a collaborative and professional partnership with community-based organizations that address the physical, intellectual, emotional, and social needs of our children. Our instructional programs enable all children to reach high levels of performance that will prepare them to be successful people in the 21st Century. Operating under a Diversity, Equity, Inclusion, Justice and Liberation Framework, we believe students should be leaders of their own learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 15 is a SWP Title 1 School serving a diverse student population with approximately: Latinx 45%, Asian 2.5%, Black 30%, White 17%, Male students 53%, Female students 46%, 43% children with IEPs, and 5% ENL students. PS 15 has long been a school that operates from a school as center of community model. We are a Beacon School, in partnership with Good Shepherd, a pARTnership School with Marquis Studios, and we are home to a full medical, mental and dental health clinic with our partners at NYU. In addition, PS 15 leverages relationships with various CBOs to meet our arts and STEM integration and family support needs. We are a Computer Science For All school. We are home to an ACES and ACES/ACCESS Specialized Program as well as a Spanish Dual Language BSE ICT Program.

PS 15 is a Magnet STEAM school and engages with interdisciplinary PBL units of study that build and are paced vertically throughout the year. PS 15 operates under a Diversity, Equity, Inclusion, Justice and Liberation Framework. Whether visiting our ACES program, an inclusive program for children with intellectual and multiple disability, children who have long been separated and segregated from community public schools; our Dual Language program where we emphasize the importance of valuing native language and bilingualism; our Students' Justice League where students self select to meet with the principal across grade bands weekly to offer feedback, raise problems, evolve solutions, and engage in projects to service the school and/or community; we believe that children should be leaders of their own learning and they, their families and our staff should have a supportive environment to grow, explore and be (and become) their whole, true selves.

Briefly summarize the key initiatives your school will implement this school year.

- Year 3: School wide implementation of Illustrative Mathematics (Focus: Checks for Understanding and Progress Monitoring and PreRequisite skills aligned with standards identification and implications for UDL, SDI, and Tier 2 instruction).

-Year 3: School wide implementation of Thinking Maps (Focus: Build TM student fluency with identifying maps for use and for 2-5 to incorporate with notetaking).

-Year 2: Implementation of HMH (Focus: checks for Understanding and Progress Monitoring and PreRequisite skills aligned with standards identification and implications for UDL, SDI, and Tier 2 instruction

-Year 2 The Intersectionality of Language: Deepening our understanding of language form and functions through intentionally setting Language Learning Objectives of the diverse language repertoires of our students and families (Focus: How can students demonstrate mastery while developing a language? Build foundational staff capacity in understanding and implementing the Next Generation Learning Standards (NGLS) and data practices (Year 3: Equity Case Studies, Year 2: ODM Grade Team Cycles) to inform and strengthen language instruction across content areas.

-Foundational Skills: K-2 Integrating OG and multisensory foundational literacy (Foundational Literacy Per Session PLC with OG trained staff facilitators), K-5 implement vertically coherent weekly writing routine building foundational skills from simple sentences to complex morphology and syntax work.

-Project Based Learning: Complete Dr. Gholdy Muhammed Mini-PBL units integrated with six HMH Modules, PBL Per Session PLC to mirror District work and finalize units.

-School Wide Sensory Stations to further support Tier 1 and provide students and staff with a structure to support self regulation, voice choice and agency.

-Granularly planned classroom based scheduling with designated dosage of strategic reading and math periods, a progress monitoring period, and additional human capital for strategic/explicit instruction periods.

- MTSS: Adding Progress Monitoring section to School Wide Data System; all teachers K-2 will administer screeners on their own this year AND will use ORF or other approved progress monitoring tool from a menu to progress monitor students in the bottom 16th in 10 week cycles.

-We See You Project: strengthening our Healing Justice Framework to support upstream factors, attendance and engagement with target families with risk factors such as CA.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	prek-2	Heggerty and PAF/Aprendo Leyendo	We will use the Full Heggerty Bridge to Reading this year (phonemic awareness and phonics tier 1) and will use OG, PAF/Aprendo, Sounds Sensible, and UFLI for tier 2 and 3.
ELA	3-5	HMH and F&P Word	Teachers have a Kinsella Vocabulary book and an interactive upper

		Study Kits and Research Based Writing Routines	grades Word Study toolkit in addition to new HMH components. In addition we are creating, using The Writing Rope, vertically aligned explicit writing routines.
ELA	K-5	HMH reading and writing	HMH Reading and Writing Modules
Math	K-5	Illustrative Mathematics	IM, St Math, Number Talks, Number Corner

Summarize key strengths that contributed to the achievement of the previous year's annual goals.

In the 2024-2025 school year we continued to improve data systems in place to collaboratively capture, report, analyze and develop action plans driven by data in three cycles. Teachers utilized Tier 1, 2 and Tier 3 forms to plan and refer students for targeted small group and 1:1 academic support. In Grade Teams/PLCS staff worked in cycles focused on instructional coordination, equity case studies and ODM and process whereby each progress monitoring period, teacher teams analyzed data to form small groups and 1:1 instruction. We are moving to a system using an upper and lower grade screener whereby our intervention team will analyze and aggregate the data, plan for target groups, meet with teacher teams and then teachers 1:1 to support direct and targeted tier 1 and 2 instruction while our intervention team members provide tier 3 instruction. Our Intervention team used all of the data this year and forms to create intervention cycles on a tier three level in the area of ELA via esearched based direct and explicit programs such as UFLI, SPIRE, etc. We implemented Heggerty school wide prek-2 and in selected 12:1 classes. In addition were were able to add an math intervention teacher who completed cycles with students grades 2-5 as well as coaching with teachers. We finalized school wide data tracking data base that gathers and tracks all data on an individual student level (student detail), by grade, by class, and whole school and also utilized DOE provided platforms including Insight for attendance, Portal by New Visions, and we used ALO Acadience and MAP NWEA databases. This deeper data driven worked empowered our teams to specially design groups, teaching targets, and 1:1 support so that we could meet individual student needs and accelerate learning.

Another important aspect to our achievement this year was the centering of SEL and Trauma Informed work for our students and families. School wide all classes engage in circles or an SEL activity each day through October and then at least once a week from October to June. Project Play period continued school wide, grades 3K-K play every day, grades 1-2 at least 2-3 times per week, grades 3-5 at least 1-2 times per week. Our Healing Justice Committee that worked with various CBOs, vendors and donors to meet the diverse and deep needs of our families and staff, from rent to food to clothing to health care.

Identify significant challenges or obstacles that may have negatively impacted the achievement of the previous year's annual goals.

We are still clawing our way back around shifts in perceptions around attendance since the pandemic and the world's trajectory. Structural and human capacity shifts along with increased mandates impacted internal capacity (for example our Community Associate had to go on medical leave for nearly the whole year). There was a shortage with hiring paraprofessionals, we had several new teacher and grade teams, which impacted our teacher capacity; as a collaborative school there were challenges in maintaining the same level and spirit of collaboration. We implemented HMH year 1, which was a significant shift and required extreme flexibility and commitment from staff especially due to the fact the the curriculum needs to be very heavily modified for our diverse student population both in terms of cultural responsiveness and access.

Student Interviews are essential to fully understand what this past year has meant for students by providing opportunities for students to share their experiences and their hopes for school moving forward. To make sure that the student experience is at the center of the Comprehensive Education Plan:

Describe how Student Interviews informed the development of the plan.

Student interviews were prioritized in terms of implementing feedback directly. Specifically considerations that were included are represented in our SEF/SEL plans including an emphasis on emotion coaching, conflict resolution, and better systems and options at recess. Students continue to bring up up sports consistently, which unfortunately we can not act on this year due to a construction project and budget. Students also highlighted content areas they love and are less interested, which was fairly varied, there was some consistency around both excitement and challenges in math and we are being responsive in terms of school wide new curriculum implementation. Many students shared clubs and enrichment options they would like to lead or participate in and continue to enjoy Project Play. Some students expressed concern with the new (not yet turned on) camera system reminding us to center their voice, choice and agency.

Evidence-Based Intervention

Every school identified for Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement, or Targeted Support and Improvement (TSI) must implement at least one evidence-based intervention (EBI) as part of its CEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. Schools should indicate all of the EBIs meeting the federal definition that will be pursued during the upcoming school year.

Directions: Respond "Yes" or "No" to indicate whether or not each EBI listed below is being implemented this year.

Align High School and College Courses to Increase Post-Secondary Transition Outcomes

No

Community Schools

No

Elementary School Looping

No

Establish an Early-Warning Intervention and Monitoring System

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
ELA State Test: The constructed response scores 2024 3rd grade: 41% vs City 59% 4th grade: 37% vs City 61% MOY Screeners Achievement vs Growth by sub group, 2024-2025 All students: 30% vs 35% Black: 18% vs 35% Hispanic 29% vs 31% IEP 16% vs 35% ENL 13% vs 27% Eco. Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33.3%	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 33.3% to 38.3% of all students scoring a 3 or 4 on the State ELA exam.
Black Students		In 2025-2026 25 % of all black students in grades 3-5 will score a 3 or a 4 on the State ELA exam.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Professional Learning and Building Teacher Capacity around Language- explicit instruction and experiences grounded in research to bridge language acquisition gaps and grow language rich classrooms where language is scaffolded and taught and supported with intentional planning, UDL and SDI.

Continued professional collaborative learning around foundational literacy as well as intentional planning and scheduling of Strategic Reading Periods with targeted progress monitoring in 8-10 week cycles.

Finalized Curriculum Plan with standards alignment and teacher/student facing checklist, pacing and scheduling and dosage plans, SDI/UDL/Checks for understanding toolkits, and cohesive vertical writing protocol with PS 15 Dashboard for all links (and full HMH writing integration, PBL units, Thinking Maps Plan (year 3) and Play Stories Plan (year 3) w/ HMH reading year 2) (all in progress).

Launch Writeable 3-5
Waggle K-5
Coachly 305 w/ specific focus on writable
Writable year 1:
6 High Fives for Station cycles during strategic reading period grades 3-5 and
Lesson 15 performance task (writing) in reading curric that can be done on writable

Utilizing the Advance Teacher Rubric and Classroom Observations; we will focus on 1e and 3c and 3D to ensure we are engaged in low floor high ceiling tasks differentiated w/SDI/UDL as well as advancing and assessing questions.

Root Cause Addressed:

Language

Foundational Literacy

Writing Foundations (not procedure, concepts/skills/patterns/rules/content/academic language/voice...)

Continuous improvement with curriculum and planning: standards alignment, pacing and scheduling and dosage, SDI/UDL/Checks for understanding toolkits, and cohesive vertical writing protocol

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning- OG/Early Literacy Per Session PLC PBL Per Session PLC ODM Plan Equity Case Studies Plan 60 Min Mondays Plan (with ODM: focus on SDI/UDL/Checks for Understanding) Intervisitation Plan (Focus: SDI/UDL/Checks for Understanding/PBL) Grade Team Cycles Plan (ODM, Equity Case Studies, Instructional Coordination) Coaching Cycles Plan (Teaching Matters (Caroline year 2) 10 DOE sessions focused on K-2 Foundational Literacy and 12 PS 15 sessions focused on new teacher coaching side by side support and launching and implementing writeable , Internal Coaches: Focus- Foundational Literacy, ELA shifts, Math Shifts, designing UDL/SDI/tier 2 driven by student data, student directed choice voice and agency, and checks for understanding.)
Cohesive Protocols and Ongoing Practices- Continue NYC Reads Shifts Master Schedule and Strategic Reading Periods Dosage and Cycles and AIS Plan Mini PBL Units integrated with HMH driven by the research of Dr. Muhammad and M. McDowell) Project/Play Stories: integrate PBL and Language Objectives Standards Aligned integrated ELA Curriculum Pacing Map with Learning Targets, Language Objectives, Vocabulary, UDL/SDI suggestions, and Success Criteria/Standards teacher/student facing “checklists” Thinking Maps Year 3 (all students can identify which maps they can use for thinking processes, 2nd-5th will expand to note taking using thinking map). SDI/UDL/DIfferentiation/Checks for Understanding Toolkits Vertical Writing for Meaning Protocol (to evolve News of the Day from ERP and use “The Writing Rope to develop and implement K, 1, 2, and 3-5 Templates for explicit writing instruction and practice for use at minimum 2x a week in classrooms and as a model to integrate for clusters as well.)
Data Smarts: Release of next phase of school wide data system: Progress Monitoring in 8-10 week cycles. Implement Progress Monitoring Menu (ORF, Spire, Sounds Sensible....)
PBL Per Session PLC with a member of each grade team Sept-June with principal mirroring District PBL PLC principal attends. Finalize 6 PBL integrated units 3K-5th to accompany 6 HMH modules in year 2 of our implementation.
OG and Foundational Literacy Per Session PLC with up to 10 members in partnership with District 15, and co-facilitators AP and Teachers, who completed OG training in 2025. K-2 teachers will combine ODM and Equity Case Studies frameworks as well as expanded Progress Monitoring for strategic small groups to focus on students in the bottom 16th in K-2.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Fun Fridays and Super Saturdays with Academic and Enrichment themes, activities, workshops, and resources.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture
09/04/2025	06/26/2026	Monthly PTA, Monthly PC/Principal Coffee and Chat, Parent Room and Hub, Parent/Guardian Digital Volunteer System, Classroom Based Communication and Monthly Events including Learning Walks.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison

Instructional Resources

HMH, Waggle, Writable, Heggerty, OG, Sounds Sensible, Spire

Schedule Adjustments

Academic Enrichment clubs 3 days 2:50-4:15, Granular school day schedules per class with set dosage for Strategic/explicit instruction and progress monitoring periods, programming 6th prep for Grade Team Cycles including ODM and Equity Case Studies

Other Resources Needed

Additional funds for Per Session for building staff capacity with Foundational Literacy, PBL, and Checks for Understanding w/ UDL/SDI toolkits as well as to contract Teaching Matters for at least 20 days for continued support with HMH implementation in the context of our focus

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Academic Enrichment Clubs: (Per Diem and Per Session) We will extend learning three days a week from 2:50-4:15, clubs combine both enrichment Renzulli style and academics. This year clubs will be scheduled in cycles with 6-10 weeks cycles of Themed enrichment focus (for example coding) driven by choice and then academic sprints for 6 weeks using Waggle, Writable, and/or ST Math.

Building Teacher Capacity: (Per Diem and Per Session)
Coaching, Teaching Matters
OG/Foundational Literacy PLC
PBL PLC

Research based program kits such as Spire, Sounds Sensible, OG materials etc. for in class and club usage.

Evidence-Based Intervention Category

Increased Learning Time
Instructional Coaching and Professional Learning
High Quality out of school time programs
Evidence based instruction

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
OORS 2024-2025 45% of incidents are in the classroom, 112 total 36% of incidents are during lunch/recess 91 total (minus injury- true "incidents/infractions" there are 46) Overall (all locations) for target codes: 68 total A33 44 total A24 Suspensions: All boys 2 principal (1 black student, 1 afroLatino) 4 Removals (1 black student, 1 afroLatino, 2 Latinx) 1 Superintendent (1 black student) Summary of high incident levels w/ demographic: Male IEP Latinx student (last digits 07) 10 incidents Male IEP Black Student (31) 14 incidents Male IEP Black Student (45) 15 incidents Male IEP Black Student (34) 17 incidents Male Afrolatino Student (05) 8 incidents Male IEP Black Student (86) 8 Incidents Male IEP Black Student (40) 8 incidents Female IEP Latina Student (30) 8 incidents Male IEP Black Student (32) 7 incidents Male IEP Black Student (18) 7 incidents	The need for co-regulation, regulation, and emotion coaching in the classroom is high due to factors of trauma, poverty, and adverse childhood experiences. While we have an excellent Tiered Protocol Plan with a full menu of options as well as continuous professional learning restorative practices, trauma informed care, and neurodiverse students, more support is needed to offer students choice and options for scaffolding and supporting self regulation. In addition, more support is needed for families in terms of wrap around case management to meet various upstream needs.	Enhanced Tier 1 support school wide (create school wide sensory stations, pass, break system) Enhanced Case management/Tier 3 support for students and families. Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students		By June 2026, there will be a 50% decrease in All students classroom based incidents as measured by OORS data from 112 incidents to 56 (or less).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Enhanced Tier 1 support school wide (create school wide sensory stations, pass, break system)

Enhanced Case management/Tier 3 support for students and families.

(Two partnerships:

Harbor/PS 15/RHI/Justice Center/NYU integrated interagency healing justice plan

District 15 w/ Donna: Healing Justice Target Group/We see you project)

Root Cause Addressed:

The need for co-regulation, regulation, and emotion coaching in the classroom is high due to factors of trauma, poverty, and adverse childhood experiences.

While we have an excellent Tiered Protocol Plan with a full menu of options as well as continuous professional learning restorative practices, trauma informed care, and neurodiverse students, more support is needed to offer students choice and options for scaffolding and supporting self regulation. In addition, more support is needed for families in terms of wrap around case management to meet various upstream needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PL Plan: Equity Case Studies: Funds of Knowledge, Linguistic Repertoires, Identity, Connecting Cultural Capital to empower greater voice choice and agency. Equity PLCs w/ Therapist Group: Trauma and Neurodivergent Informed Practices and the Intersection of Vicarious Trauma

Initiate School Wide Sensory Stations and Pass and Protocol System
Continue to improve Tiered Support Plan: strengthen Tier 1 menu of options that are accessible to teachers and paraprofessionals including Kindness Card Initiative.
Continue Recess Helpers (peer mediation) Continue Recess Stations
Intervisitation with 958, 24, and Harbor Middle School
PS 15 will begin Year 1 of a continuous plan targeting upstream factors and will partner with Harbor Middle School, Red Hook Initiative, and a Brooklyn College Researcher to create an integrated inter-agency and CBO vertical community plan to positively impact school readiness, academic achievement, attendance and agency with a target focus on our economically disadvantaged students with the goal of creating a sustainable cradle to grave comprehensive community centered supports and resource. This will include the “Milestones Project” which will prioritize a developmentally themed enrichment based programming 3K-5 to ensure equity of access to the activities and experiences commiserate with typical child development.
Healing Justice Project w/ Tyshawn Oritz (teacher) and Donna Dawson (D15): The We See You Project: A Community-Based Reimagination of Empowerment. This plan offers a multi-tiered, human-centered, dignity-based approach to grow greater agency and connect school to our families lives with meaningful connection and includes Circle Target Groups and Mentorship for parents and their children, separate and together, with a focus on self advocacy and empowerment.
Academic Enrichment Clubs October-May: Mix of strategically designed and student assigned academic clubs that have 8-10 week cycles of academic focus (for example: HMH Readers Theater or OG) woven with 6 weeks of a student team directed PBL/Renzulli style focus for 6 weeks.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor OORS and discuss and center in both Safety Committee Meetings once a month as well as PPC/Healing Justice Team Meetings weekly.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Math discourse and writing/explanations need furthering centering language and mathematical literacies and further developing curriculum pacing and planning aligned with standards to better target pre requisite skill gaps and strengthen tier 2 strategic math instruction while developing a toolkit of UDL and SDI options to better support diverse and young learners. Math protocols for language scaffolds and direct instruction, mathematical literacies and writing that are not procedural but support and grow conceptual understanding.	IM Implementation plan including completed pacing and curriculum maps that are standards aligned with enhancement including vocabulary, academic language, UDL and SDI suggestions, scheduled strategic math periods and Adoption of protocol we saw at PS 29 Targeted math coaching cycles

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20.5%	By June, 2026, 3-5 graders scoring 3 or 4 will Increase by 9.5 from 20.5% to 30, for All Students, as measured by NYS math exam results.
Black Students		By June 2026, 20.3 % of all black students in grades 3-5 will score a 3 or a 4 on the State ELA exam, an increase of 10%.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

NWEA MAP Growth Math assessment.

Enter a Key Performance Indicator

OOA (On Or Above) grade-level

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

IM Implementation plan including completed pacing and curriculum maps that are standards aligned with enhancement including checks for understanding, vocabulary, academic language, UDL and SDI suggestions, scheduled strategic math periods.

Adoption of Building Thinking Classrooms steps 1-3

Targeted math AIS coaching cycles and school wide scheduling for strategic math periods and "regular" math periods with target groups

Coaching partnership with District 15 focused on 3rd grade: pacing, identifying and properly supporting prerequisite gaps w UDL/SDI/low floor/High ceiling tasks

Advance and Observations with a focus on planning for low floor, high ceiling tasks, differentiation w/UDL/SDI, and assessing vs. Advancing questions: 1e, 3c, 3d

Root Cause Addressed:

We are moving into our third year with IM and a more constructivist math approach; navigating math shifts and pacing as well as the imprint of digital literacy on math.

Math discourse and writing/explanations need furthering centering language and mathematical literacies and further developing curriculum pacing and planning aligned with standards to better target pre requisite skill gaps and strengthen tier 2 strategic math instruction while developing a toolkit of UDL and SDI options to better support diverse and young learners. Math protocols for language scaffolds and direct instruction, mathematical literacies and writing that are not procedural but support and grow conceptual understanding.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Professional Learning- OG/Early Literacy Per Session PLC PBL Per Session PLC ODM Plan Equity Case Studies Plan 60 Min Mondays Plan (with ODM: focus on SDI/UDL/Checks for Understanding) Intervisitation Plan (Focus: SDI/UDL/Checks for Understanding/PBL) Grade Team Cycles Plan (ODM, Equity Case Studies, Instructional Coordination) Coaching Cycles Plan Inernal: Math Lead by sign ups and cycles AND with Jesse from District 15 Team with a focus on our third grade
Continued focus on Curriculum Pacing and Standards Alignment and Protocols/Routines: IM pacing map and Standards “checklist” Scheduled Strategic Math periods with grade level dosage and resources including ST math
Math Coach and AIS Provider: Math Coaching cycles driven by student data to build teacher capacity in keeping pace while identifying and properly supporting through SDI and UDL prerequisite gaps. Math AIS cycles driven by student data: Sept-December: 4th and 5th grade January-June: 4th and 3rd grade
Academic Enrichment Clubs October-May: Mix of strategically designed and student assigned academic clubs that have 8-10 week cycles of academic focus (for example: HMH Readers Theater or OG) woven with 6 weeks of a student team directed PBL/Renzulli style focus for 6 weeks.
Continue NYC Solves Shifts: Year 3 Implementation Illustrative Math Focus: Success Criteria/Standards checklists and build SDI and ULD toolkits at each grade level driven by data, increase Peer to Peer Problem Solving Collaboration (PS 29 protocol).
With the math coach, we will integrate some financial literacy with crosswalks in grades K-3 while also covering financial literacy in our STEM/Hydro Cluster.
PS 15 Math/AIS coach and K/1 Math support (two teachers) will participate in D15 Professional Learning Series: Implementing a Problem Based Curriculum - Illustrative Math K-2 PL series (3 full day PL) 3-5 PL series (3 Full day PL)
Year long coaching cycle partnership with PS 15 math coach, grade team leader, classroom teachers, and Jesse (math lead from D15) with a focus on pacing, implementing Building Thinking Classrooms, and identifying skill gaps and designing SR periods, UDL, and SDI

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Action Steps:

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

N/A

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Fun Fridays and Super Saturdays with Academic and Enrichment themes, activities, workshops, and resources.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture
09/04/2025	06/25/2026	Monthly PTA, Monthly PC/Principal Coffee and Chat, Parent Room and Hub, Parent/Guardian Digital Volunteer System, Classroom Based Communication and Monthly Events including Learning Walks.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison

Instructional Resources

ST Math

Schedule Adjustments

Academic Enrichment clubs 3 days 2:50-4:15, Granular school day schedules per class with set dosage for Strategic/explicit instruction and progress monitoring periods, programming 6th prep for Grade Team Cycles including ODM and Equity Case Studies

Other Resources Needed

funding for math AIS and coach as well as ST math subscription

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Academic Enrichment Clubs: (Per Diem and Per Session) We will extend learning three days a week from 2:50-4:15, clubs combine both enrichment Renzulli style and academics. This year clubs will be scheduled in cycles with 6-10 weeks cycles of Themed enrichment focus (for example coding) driven by choice and then academic sprints for 6 weeks using Waggle, Writable, and/or ST Math.

Building Teacher Capacity: (Per Diem and Per Session) , coaching, intervisitation, Math Shifts Per Session PLC (pending funding)

Evidence-Based Intervention Category

Instructional coaching
Increased Learning Time
High quality of outschool time programs
Early warning intervention and monitoring system

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
20% of financial literacy lessons complete (as well as some out of classroom not captured in this survey) as reported by teachers in survey PS 15 24/25	New program/standards Building capacity and integrating in curriculum	Time and planning We are shifting some to integrate w/ math in classrooms and some to be packaged in a reimagined cluster: Hydro Lab/Financial Literacy/ Civics

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students		PS 15 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of All Students participating in Financial Literacy Curriculum will increase from 20% to 90%.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Pacing and Curriculum Planning - Math Coach/AIS teacher will create a continuum and dosage for classroom teachers and Hydro/Financial Literacy/Civics

We are shifting to integrate w/ math in classrooms and some to be packaged in a reimagined cluster: Hydro Lab/Financial Literacy/ Civics

Root Cause Addressed:

New program/standards

Building capacity and integrating in curriculum

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
We have created an adjusted Cluster in our Hydroponics Lab program to integrate Financial Literacy and Civics into the curriculum and our Math Coach and AIS teacher will run the program.
Financial Literacy Standards/Lessons not integrated in the new Hydro Lab Curriculum Program, will be integrated with IM units across grades K-3.
We are partnering with Red Hook Initiative and NYC Kids Rise (in process) to enhance support for parents to complete the sign ups and Building Blocks and to add additional possible incentives to the program for children in Red Hook which include fundraising for NYCHA students. This is an effort to connect financial literacy and college and career readiness.
By June 2026, have a completed Financial Literacy Cluster and Classroom IM Crosswalks by grade pacing calendar to cover the full Financial Literacy Curriculum.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
School survey completion 2025	Parents/Guardians may need more support and encouragement to fill out the surveys.	Dedicated support, mentorship, 1:1 organizing etc for families where there are at risk factors. Bigger, more incentivized events for parents to participate in NYCSA, Surveys, and NYC Kids Rise Account Sign Ups and Blocks. And an event for turning in school surveys. A parent hub at PS 15 where parents have access to computers, printer, and support.
NYCSA	We need to continue to improve	Create urgency/highlight importance: Use the system more

Sign Up Rate 2025	communication of why these accounts are important, use the accounts for communications, and direct families to accounts so they understand the utility of the account.	outward facing, for example, no more printing report cards. Create a simpler checklist visual of all the things parents can use NYCA for A parent hub at PS 15 where parents have access to computers, printer, and support.
School Surveys and Student and Parent Interviews and Discussion	Parents want trimmed down streamlined communication, and less school wide events, they want more direct opportunities and communications from teachers as main method of both communication and in school events such as learning walks.	Clear and granular communication plan and expectations for staff w/ compensated time for staff for greater classroom based communication. Learning Walks and other Calendared, classroom based events Planned classroom based by grade and staggered throughout the year.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	71%	By June, 2026, 90% of families to be signed up for NYCSA as an indicator of overall engagement and empowerment will Increase by from 71-90% as measured by NYCSA Rates.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent Coordinator and Community Associate will engage in 1:1 organizing for NYCSA, Save for College and Parent Engagement events and opportunities. We will create a parent hub in newly renovated 109 parent community space. We will create a mini parent hub in lobby.
Combined with the We See You Project and digital volunteer system, we aim to bring families into the school and connect as much as humanly possible.

Root Cause Addressed:

It is hard to get things completed when parents do them on their own- families need 1:1 support and equity of access to technology etc. with support.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Set up Parent Hub in lobby and room 109 for families to have regular access to technology, DOE sites, etc.
Healing Justice Project w/ Tyshawn Oritz (teacher), Tenell Green (Community Associate) and Donna Dawson (D15): The We See You Project: A Community-Based Reimagination of Empowerment. This plan offers a multi-tiered, human-centered, dignity-based approach to grow greater agency and connect school to our families lives with meaningful connection and includes Circle Target Groups and Mentorship for parents and their children, separate and together, with a focus on self advocacy and empowerment. PS 15 takes a Healing Justice Approach to support families with upstream factors that also often impact attendance. Our Healing Justice Committee, chaired by our Guidance Counselor and Community Associate, meets each Tuesday. This committee, and our Community Associate, works to uncover challenges and barriers for our families and partners with them and donor partners (if needed) to evolve solutions including supporting: laundry, transportation, clothing, food, bussing, financial security, etc. Family Success Mentors are assigned via our Healing Justice and Attendance Committee to support challenges that impact overall wellness and attendance and engagement in school. “We See You Project Families” will get targeted support with 1:1 outreach for in-school events, meetings, and completing system invitations such as NYCHA, Save for College, and the School Survey.

Staff facing parent communication dosage checklist and dedicated parent facing schedule denoting times parents can meet with the given staff member via phone, zoom or in person with clear expectations for teacher to family communication
Message that as of March 2026 we will no longer print report cards and all families must begin using the NYCSA system with dedicated office hours from September-February with our Parent Coordinator for NYCSA (as well as Save for College). Calendar vertically school wide in-class opportunities for Learning Walks and Themed events replacing school wide Friday parent events with the exception of once a month Breakfast w/ the PC and Principal. This will be provided to families with the Family Handbook for 2025-2026 school year.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Black Students and FRL are highest at 52%, Latinx at 51%, followed by students w/ IEPS at 49%.	The implications of poverty and upstream factors negatively impact our students in a variety of ways: medical health, mental health, hygiene and clothing, etc.	Supports and resources for upstream factors and to build bridges of empowerment and agency to increase self advocacy in these areas for children and their grown ups.
45% of all students are CA	Red Hook as unique challenges that impact CA: Housing, transportation, specialized programs (higher rate of students with medical fragility), diverse and integrated community (so we get the implications of poverty, but also	Supports and resources for upstream factors and to build bridges of

	vacations as an implication of wealth and then also vacations that are a result of cultural norms for visiting home countries). We have high rates of asthma and other conditions that particularly make November-March a challenge health wise for many families.	empowerment and agency to increase self advocacy in these areas for children and their grown ups.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students		By June 2026, All students Chronic Absenteeism will decrease 10% from 45% to 35% as measured by insight/ATS Chronic Absenteeism Rate.
Economically Disadvantaged (ED) Students		By June 2026, Economically Disadvantaged students chronic absenteeism will decrease 10% from 52% to 42% as measured by insight/ATS CA Rate.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Supports and resources for upstream factors and to build bridges of empowerment and agency to increase self advocacy in these areas for children and their grown ups.

The We See You Project: A Community-Based Reimagination of Attendance
Attendance is not compliance. It's connection.
How do we engage in the lives of our students who are chronically absent? This plan offers a multi-tiered, human-centered, dignity-based approach to transform attendance into a meaningful connection.
Tier 1: Universal Belonging & Incentive Culture
Goal: Shift school culture to make attendance feel like joining something sacred—not avoiding punishment.
- Belonging Campaign: Launch a school-wide initiative around "We Can't Grow Without You." Kids design attendance flags, garden symbols, or puzzle pieces representing themselves; each day they're present, it's marked in the community visual.
- Attendance Garden Wall: Like a sticker chart, but beautiful—symbolic tiles or leaves bloom when students attend, creating a living metaphor of growth.
- Weekly Celebration Rituals: Classroom rituals every Friday to honor the students who showed up, big or small—"Streak Star," "Bounce Back Champ," "Most Improved Roots," etc.
Tier 2: Supportive Systems & Predictable Routines
Goal: Reduce the friction and barriers that make school attendance feel insurmountable.
- Attendance Concierge Team: Designate a small group (counselor, family liaison, trusted para, or trained volunteers) to track and tend to chronic absentees like a case manager, not a truancy officer.
- Transportation Partnership Outreach: Explore city or nonprofit partners for transit support (vouchers, rideshares, walking buddies).
- Morning Anchor Zones: Create warm, welcoming arrival hubs with breakfast, quiet music, and hugs/fist bumps so kids who are running late don't feel like the day is already lost.
Tier 3: Relational Triaging & Family Partnership
Goal: Identify the true reasons kids are missing school and wrap support around the family, not just the child.
- Story First Protocol: For every Tier 3 student, don't lead with attendance data. Lead with a story circle. Let caregivers tell their reality. Then build from that place.
- "We Show Up With You" Crew: Assign one adult per chronically absent student (staff, community volunteer, etc.) who checks in once a week with a call or text: "We missed you today. We're still here."
- Tiered Home Visit Program: In loving, non-punitive fashion, bring the school to the student if they are consistently missing. Share books, a snack, and a message: "You're still ours."
• Circles: Donna(D15), school counselor, Mr. Ortiz (and possible researcher from BK College) will alternate weeks facilitating circles—one week with the adults from the 'We Show Up With You' Crew and the next week with the students who are chronically absent. These circles provide space for connection, reflection, and shared commitment, reinforcing that no one is alone in this journey.
Big Picture Systems Ideas

- Absentee Data Rituals: Make absence data personal. Have staff meetings where you read names, not just numbers. It keeps it human.
- Micro-Grants for Families: Explore ways to partner with a local org or PTO to fund mini-grants for shoes, asthma meds, or Uber rides.
- Community Care Days: Kids and families are invited to school on a weekend or after hours for a fun, resource-rich event not tied to attendance, but built around love: food pantry, parent resources, haircuts, dance, etc.

Spirit Days will be "fun event days" rather than clothing themed based for equity on target high absence days for example: STEM Challenge Day.
Mondays: All classrooms school wide will start the day with Project Play
Fridays: School Spirit Fridays

Root Cause Addressed:

The implications of poverty and upstream factors negatively impact our students in a variety of ways: medical health, mental health, hygiene and clothing, etc.

Red Hook as unique challenges that impact CA: Housing, transportation, specialized programs (higher rate of students with medical fragility), diverse and integrated community (so we get the implications of poverty, but also vacations as an implication of wealth and then also vacations that are a result of cultural norms for visiting home countries).

We have high rates of asthma and other conditions that particularly make November-March a challenge health wise for many families.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
PS 15 will begin Year 1 of a continuous plan targeting upstream factors and will partner with Harbor Middle School, Red Hook Initiative, and a Brooklyn College Researcher to create an integrated inter-agency and CBO vertical community plan to positively impact school readiness, academic achievement, attendance and agency with a target focus on our economically disadvantaged students with the goal of creating a sustainable cradle to grave comprehensive community centered package supports and resources. This will include the “Milestones Project” which will prioritize developmentally themed enrichment based programming 3K-5 to ensure equity of access to the activities and experiences commiserate with typical child development.
Academic Enrichment Clubs October-May: Mix of strategically designed and student assigned academic clubs that have 8-10 week cycles of academic focus (for example: HMH Readers Theater or OG) woven with 6 weeks of a student team directed PBL/Renzulli style focus for 6 weeks.
Healing Justice Project w/ Tyshawn Oritz (teacher), Tenell Green (Community Associate) and Donna Dawson (D15): The We See You Project: A Community-Based Reimagination of Empowerment. This plan offers a multi-tiered, human-centered, dignity-based approach to grow greater agency and connect school to our families lives with meaningful connection and includes Circle Target Groups and Mentorship for parents and their children, separate and together, with a focus on self advocacy and empowerment.
PS 15 takes a Healing Justice Approach to support families with upstream factors that also often impact attendance. Our

Healing Justice Committee, chaired by our Guidance Counselor and Community Associate, meets each Tuesday. This committee, and our Community Associate, works to uncover challenges and barriers for our families and partners with them and donor partners (if needed) to evolve solutions including supporting: laundry, transportation, clothing, food, bussing, financial security, etc. Family Success Mentors are assigned via our Healing Justice and Attendance Committee to support challenges that impact overall wellness and attendance and engagement in school

PS 15 has an attendance Phone Call Protocol: one day absence triggers an automated call, two days absent triggers a 1:1 office staff or attendance team member call. After three-six absences, depending on the circumstances, the CF Attendance Teacher then makes direct outreach to the family and possibly makes a home visit. The CF Attendance Teacher also makes 1:1 outreach when a child is approaching CA or has surpassed CA as well as when we are having a challenge making consistent contact or where there is not consistent improvement shown.

Principal Letters are sent home to emphasize the importance of attendance at least four times per year. Principal Letters are sent to individual families for “Benchmark Points” (three days, six days, nine days, twelve days and for any student who approaches or qualifies as CA on a regular basis monthly.

Organized Targeted Celebrations: Spirit Fridays where students present are entered in a raffle for PS 15 Swag and where classes w/ 100% attendance all get PS 15 Swag prizes! Spirit weeks and days ahead of holidays/calendar breaks and half days (for example: Half-Day Hat Day, but also moving away from “dress up” and more to “experiences” such as STEM Challenge Day, Stick the Principal/AP to the wall day, etc. (leaning into active engagement). Marvelous Mondays and Fun Fridays: Start your day w/ Play. School wide project play every Monday and Friday morning.

Attendance Committee meets Friday three times per month and team members monitor attendance daily. Automated phone calls are made for one day absent. Attendance Team makes in person phone calls if two days absent. Attendance Team makes phone calls at “Benchmark Points” (three days, six days, nine days, twelve days and for any student who approaches or qualifies as CA on a regular basis). Buddy/ Attendance Mentor Staff-Family Matches are made to launch in September to support families with improving attendance and overcoming barriers and challenges. Students who maintain 95% attendance or above and/or have improved their attendance receive special recognition and rewards monthly

The Attendance Committee will focus on all students and follow support and intervention as well as celebratory protocols for students in the 80-89% attendance range. In addition, our Community Associate will tack FRL student attendance and target students in this subgroup weekly that fall in the 83%-89% attendance rage to encourage improvement to reach 90% or higher attendance

Community Associate will work with donor and local small business community partners to enhance opportunities for celebrating 90% plus and improved attendance for students in the FRL subgroup including gift cards or invitations for dinners at Red Hook establishments that for most FRL families would otherwise be inaccessible.

We have made a hallway called the "Attendance Garden". Each Friday, each students design an item to add to the "garden" with their name and number of days they were in school that week to celebrate that we belong here, when we are here, we Bloom together.

Per session will be allocated for the Attendance Teacher to make home visits outside of contractual time for CA students when appropriate and accessible.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Fun Fridays and Super Saturdays with Academic and Enrichment themes, activities, workshops, and resources.	Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison
09/04/2025	06/25/2026	Family Success Mentors and Monthly PTA, Monthly PC/Principal Coffee and Chat, Parent Room and Hub, Parent/Guardian Digital Volunteer System, Classroom Based Communication and Monthly Events including Learning Walks.	Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison Brooklyn College

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison

Instructional Resources

na

Schedule Adjustments

Academic Enrichment clubs 3 days 2:50-4:15, Granular school day schedules per class with set dosage for Strategic/explicit instruction and progress monitoring periods, programming 6th prep for Grade Team Cycles including ODM and Equity Case Studies

Other Resources Needed

Pantry Support and Case management Support

School Improvement Grant (SIG) Expenditures

Directions: Indicate how SIG funding will be leveraged in support of the key strategies outlined in this Priority. Be sure to include a detailed description of each activity and the evidence-based intervention category to which it belongs.

Detailed Description of Activities

Academic Enrichment Clubs: (Per Diem and Per Session) We will extend learning three days a week from 2:50-4:15, clubs combine both enrichment Renzulli style and academics. This year clubs will be scheduled in cycles with 6-10 weeks cycles of Themed enrichment focus (for example coding) driven by choice and then academic sprints for 6 weeks using Waggle, Writable, and/or ST Math.

Supplies for attendance incentives.

Evidence-Based Intervention Category

Increased Learning Time
Early warning intervention and monitoring system
High quality of out of school time programs

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Quality IEP Rubric and IEP surveys	BIP monitoring often past due, para considerations and management needs as well as surfacing detailed SDI can improve.	IEP Development and Fidelity of Implementation
STARS SESIS Linkage	awaiting D75 Placements, new students awaiting comparable plans and new IEPS or transfers	Transition Planning and Compliance

Referral Rate	Generally only parents request evaluations however we must ensure barring a clear organic disability/neurodivergence that a child has a year of AIS before moving forward with an evaluation.	Referral Process and Equity
Suspension Rate	there were seven suspensions (2 P, 4 R, 1 S) and all were black or afrolatino students and all but one student had an IEP. Incidents must be documented for safety etc., but the top ten students with incidents are all students of color with IEPs except for one.	Equity in School Discipline
na	na	na

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	This year's IEP rubric focus meet our goal of 85%, however the focus for next year will be more granular so it is not an exact comparison	By June, 2026, to strengthen the quality and implementation of IEPs for All Students, 90% of reviewed IEPS will score 85% or higher in total on questions related to SDI, Management needs, and Paraprofessional considerations.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Our SIT/CST will review a random selection of IEPs, ten in BOY/MOY/EOY and utilize the IEP Rubric to assess the effectiveness, clarity, and intentionality around writing detailed management, SDI, and para consideration needs in student IEPS.
We believe with more granular strategic and detailed specially designed supports for each student students will have greater rates of achievement (both in terms of IEP goals and progress towards proficiency) and we also believe this will have a positive impact on decreasing duration and frequency of currently needed services (for example, decreasing a para from 1:1 to group and from group to decertifying). We also believe this will have a positive impact on decreasing OORS incidents for students with IEPs.

Root Cause Addressed:

IEP Development and Fidelity of Implementation
Equity in School Discipline

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
SIT/CST will meet three times a year to review ten random IEPS with an IEP rubric to assess the quality and effectiveness with a focus on SDI, management needs and paraprofessional considerations.
Within Grade Team Cycles, one week in each 8-10 week cycle will be led by our SE liaison and/or ACES coordinator will support building capacity with explicitly capturing SDI, management needs and para considerations.
Our SE liaison and ACES coordinator and two SE teachers will coach and mentor new SE teachers as well as SE teachers who received a developing (two or more in the year) in Advance in 2024-2025 with a specific focus on SDI, Management needs and Para considerations.
All classrooms will publish a Paraprofessional Handbook and Schedule which will include granular assignments, supports, 1:1 and target groups, roles and responsibilities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly AIS/CST meetings where we review student progress (progress monitoring) as well as referrals, IEP processes, and at risk student needs.
Three times a year SIT team will review ten random IEPS with the IEP rubric and offer feedback to all staff as well as target staff.
Teacher mentors and coaches will maintain coaching notes that will be reviewed with administration.
Administration will review teacher written IEPs when considering Advance domain 1E planning and 4e planning during Advance observation cycles.
Students with IEPS will be monitored in OORS via Safety Committee and PPC/Healing Justice Committee at least once a month.
Paraprofessional full time 1:1 needs will be monitored and reviewed three times a year with AIS/CST.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Fun Fridays and Super Saturdays with Academic and Enrichment themes, activities, workshops, and resources.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture
09/04/2025	06/26/2026	Monthly PTA, Monthly PC/Principal Coffee and Chat, Parent Room and Hub, Parent/Guardian Digital Volunteer System, Classroom Based Communication and Monthly Events including Learning Walks.	Marquis Studios, RHI, Pioneer Works, Good Shepherd, NYU, Kids Rise, Justice Center, Cafeteria Culture

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.
Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.
Human Resources:

Principal, Assistant Principal, Parent Coordinator, Community Associate, Guidance Counselor, Counselor, Teachers, Paraprofessionals, Related Service Providers, AIS teachers, SETSS Teachers, ACES/ACCESS Coordinator, CF SE Teacher/SE liaison , ACES coordinator

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Teachers utilize a tier 1/2 form that is updated at the start of the school year and after progress monitoring periods for every student not meeting current benchmarks in ELA and math.	Strategic Reading/Math Periods and Stations Model: Teachers specially design stations to deliver targeted small group and 1:1 instruction in ELA and Math. Stations are inclusive of small guided groups with data driven teaching targets.	small group and 1:1	During School	No
Tier 3	Teachers can refer children for Tier 3 using our tier 3 form. Intervention Team designates cycles with target staff. Our first cycle includes students who were previously held over, had recieved a PID letter the previous year and/or in June's progress monitoring were performing below grade level benchmarks. The remaining cycles are driven by progress monitiroing data and teacher completion of tier 3 forms where we target students who are far below benchmarks and who are approaching benchmarks.	Spire, sounds sensible, reading recovery, guided groups w/ teaching targets driven by data, F&P Reading Intervention System, Teacher created book clubs.	Small group and 1:1	during school	No
Tier 3	Invitation for children approaching or fall below progress monitoring benchmarks and typically we also invite children who are meeting and exceeding as well. Strategic groups for students in bottom 16th.	Academic Enrichment Clusters (Cycles of Academic Sprints and Renzulli Style clubs)	Small Group	after school	no
Tier 2+3	Invitation for children and families for our "We See You Project" additional academic support, sel support, parent support/wellness/coaching	We See you Project	small group and 1:1	During School and After School	NO

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	all students benefit and have a need	Circles, Peace Tables/Path to Peace, peer mediation	small group, whole group, student pairs	During	No
Tier 3	Tier 3 referal form for counseling services with a scale of immediate assistance needed or time to schedule	Counseling, NYU referral or Good Shepherd referral	small group and one-to-one	During and after school w/ CBO partners	No
Tier 2 and Tier 3	Yoga/meditation referal form as well as in class supported practices	Breathe for Change certified social worker- yoga and meditation	small group	during	no
Tier 3	SEL screener scores, OORS data, attendance data	We have a committee that is working to implement an inter-agency comprehensive support model for students and families with the goal of being proactive in identifying families for CBO or internal support services in both medical and mental health as well as essential and adaptive needs and skills. Our PPC committee included PPC, Counseling and Crisis and Healing Justice Committees- we meet once a week on Tuesdays.	Small group and one-to-one	Before, during and after school	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

During PTA and SLT meetings we review and share our MTSS process and systems.
Our school wide data system is shared with and referred to with families during conferences.
Families of students not meeting or approaching grade level standards receive Tier 2/3 forms indicating areas of strength, areas of focus, what supports and interventions are being implemented at the school level and how to help their child at home.
When students receive AIS or at risk services, families receive a letter, introduction and invitation to communicate with the AIS provider.
An overview is also included in our Family Guidebook.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Tier 2/3 Forms
Progress Reports
Report Cards
Conferences
Regular and Ongoing Parent Communication

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Teachers meet and communicate and collaborate with families on what is working and not working and next steps.
After of a year of Tiered support, some families and staff meet/communicate about possible additional supports in and out of school including evaluation referrals.
Families have the option to sign their children up for Academic Enrichment clubs after school.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

27

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

There are gaps in attendance for STH students with greater CA numbers.
Students in STH have greater below or well below proficiency rates.
A greater number of STH students are MLL than ever before.

Our Community Associate does regular check ins with all Sth Families in 6-8 week cycles to be continuously updated based on needs and with donor and community partners, works to meet those needs.

We are launching the We See You Project which will provide target families with circles, mentorship, and case management.

Laundry has been identified as a significant need and we have partnered with Loving Laundry.

We have several donors who work with us to meet specific needs from cell phone, to groceries, to clothing to providing enrichment experiences for vacations such as museum tickets, metrocards, and food cards.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services

aligned to need?

Our Community Associate and Counselor are identified as our STH support point person Together with our parent coordinator and a school aide who will support in a success mentor role, we work to meet the individual needs of our STH families. Our Pupil Personnel Committee/Healing Justice meets weekly Our success mentor reaches out to STH families after one absence. Depending on needs and barriers for families we work with a variety of CBOs and donors to provide legal, housing, food, clothing, mental health and other supports. We maintain a closet with bookbags, school supplies, hygiene items and emergency clothing.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We currently have three students in foster care.

NYU mental health clinic
School counseling
SAPIS
SEL curriculum
Circles and Restorative and Responsive Trauma Informed Practices
Culturally Responsive Practices
Academic Enrichment Clubs
Small Class sizes
Designated School Counselor is contact and mentor for foster children/agency/foster parents/bio parents and follows up with needs, check ins, and always does outreach for absence.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Designated counselor
On our PPC/Healing Justice agenda weekly
Counselor and Community Associate mentor/case management

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Attendance: our foster care rate is 85%, lower than 89% school wide
Students in foster care have typically had significantly more academic needs then their same aged peers and require

additional case management support for things like after school, IEP process, applications such as summer school, etc.

We designate a counselor as the foster care mentor to provide direct support and check ins with students and families. The counselor is further supported by our community associate for supporting and meeting family needs.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

We have a three tiered SEL and Student Support system at PS 15.
We have weekly PPC Healing Justice Meetings where foster students are always on the agenda weekly.
We utilize various SEL curriculum and programs.
We have at risk groups with our sapis that we ensure, in addition to school based or NYU counseling, foster students are included in at least one targeted small group with our sapis.

These strategies help to ensure students feel welcome, safe and supported and have the space and confidence to develop their choice, voice and agency.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 15, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 15 will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g.,

literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office, we also will have a Family Success Mentor and hopefully, contingent upon funding, a Community Coordinator;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow

parents to provide suggestions; Specifically once a month Family-Principal Forum and once a month Family-Parent Coordinator Forum as well as monthly Family Friendly events on each grade

- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 15, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:

- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;

- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;

- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Early Literacy and Reading Science: Phonemic Awareness, Phonics, Word Study, vocabulary, academic language,
HMH: Reading and Writing Modules
Illustrative Mathematics: Constructivist Teaching and Math, Conceptual Understanding, Computational Fluency
Thinking Maps
Equity PLCS: Gholdy Muhammed and Bettina Love
Project Play and Play Stories
Lunch/Recess and After School Enrichment Clubs
Equity of Voice and Students as Leaders of Their Own Learning: Staff will continue to implement our Equity of Voice Toolkit, master the use of various protocols for peer to peer discussion, discourse, feedback and assessment (Peer to Peer and Adult and Student Conferences and Feedback)

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We have implemented and aligned The Gold Curriculum in our 3K and 4K program. Our 3K and 4K teachers participate in the same PDs (when applicable and including Thinking Maps) that the rest of our team does and also participate in curriculum and planning and PLCs in vertical groups. All PS 15 families have a myriad of Parent involvement activities including Family Friendly Fridays that include Parent Coffee, Learning Walks, Workshops and school wide or in-class parent child events. 3K and 4K children are included in our school-wide data-base for student detail which includes an SEL section so that vital information that can provide a supportive environment for our youngest learners is shared with the teacher(s) the following year, students in 3K and 4K are offered all early intervention related services onsite.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	357, 322	x	ELA/Math small class sizes to allow for focus on specially designed instruction, small groups, 1:1 driven by data
TItle 1, SWP STH	Federal	44,987	x	After School Clubs, Community Associate and Sth coordinator, Sth supplies, Equity Academy F status teacher
Title II, Part A	Federal	33, 000	x	ELA/Math Literacy and Math Coaching Support
Title III, Part A	Federal	20,000	x	After School Club/Instruction, Thinking Maps Consultant, Supplies, Interpretation
Title III, Immigrant	Federal	0	x	NA
Title IV, Part A	Federal	0	x	na
Tax Levy (Fair	Local	3,774,683	x	ELA/Math/SEL/CA Continuous math and ELA improvement: small class

Student Funding)				size, professional learning, curriculum

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:** Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.

- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written "Addendum Attached" and provided supplemental documentation to explain why the school was unable to obtain the individual's signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Julie Cavanagh
Assistant Principal (Where Applicable)*	Dalila Mendez
English as a New Language (ENL) Teacher*	Alev Dervish
Teacher (if school has a bilingual program must be a bilingual teacher)*	Isabel Castaño
Parent/Guardian*	Sam Coleman
Teacher	
Parent Coordinator	Melissa Johnson
School Counselor	Deresie Pierre
Related-Service Provider	Neisha Gonzalez
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

310

Total number and percentage (%) of current ELLs:

34; 10.97%

Total number and percentage (%) of former ELLs:

3; 1%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

30; 90.9%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

4; 9%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0; 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

20; 58.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DL	Spanish	2013	1	1	1	1	.5	1								5.5
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 0.5	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our ENL program is delivered by a certified ENL teacher, who also holds a license to teach Grades PK-6. Therefore, she delivers both stand-alone and Integrated ENL service with minutes determined by CR Part 154 mandates.

For pull-out/stand-alone, students are grouped in adjacent grade bands (depending on the number of ELLs in each grade) but with mixed proficiency levels. The teacher delivers lessons that teach English language development based on assessment results, observations and classroom teacher feedback. There are times when students (newcomers and/or students at the lowest proficiency levels) are grouped homogeneously in order to deliver targeted ENL stand-alone instruction to help them get the maximum amount of support beginners need to find success. For example, one pull-out group may be comprised of students who have been in our school under 2 years or less with NYSITELL or NYSESLAT scores of Entering or Emerging.

Integrated ENL:

As stated above, Our ENL program is delivered by a certified ENL teacher, who also holds a license to teach Grades PK-6. Therefore, she delivers both stand-alone and Integrated ENL instruction to Ell students.

For integrated instruction, the ENL teacher and DLBE teachers deliver content-area instruction with English language scaffolding. The teachers deliver thematic lessons that support English language development within all content areas, specifically, reading, writing, social studies or science. Each session is planned to meet the required minutes of instruction (stand-alone or integrated) that each student's language proficiency level demands.

For example, a group of ELLs gets instruction centered on grade-level social studies and science themes through their work as the school's Green Team. They partake in PBL tasks centered around sustainability and the environment. These ELLs are a mix of proficiency and grade levels. Another group of ELLs with IEPs in adjacent grades and with varying language proficiency levels are served through push-in lessons that align ENL targets of measurement with their IEP goals in the classroom setting and in content-area cluster setting (science) to provide language development support within their classroom's curriculum units of study. That is but one example. To be clear, ELL students of all proficiency levels are provided integrated ENL lessons via ELA, Math, science, andsocial studies as that is part of the requirement.

Our ENL teacher plans with the classroom teacher and/or cluster teachers (for example, science or library teachers) and then co-teaches or leads lessons that have been designed to serve ELLs within their class setting during those sessions.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

We have a Spanish DLBE program in Grades Pk-5. Students in our DLBE program who are ELLs receive ENL services from their licensed bilingual classroom teachers. All DLBE classroom teachers receive an official ELL list with their students' proficiency levels with the corresponding mandated instructional minutes for each ELL in their class. These teachers use the students' proficiency levels and guidelines provided in CR Part 154 to ensure they deliver the proper amount of ENL instruction to their ELL students. Teachers make time in their schedules for standalone ENL to be provided to ELLs classified as having Entering or Emerging language proficiency and are able to provide the optional .5 unit of stand-alone for those classified as having Transitioning language proficiency. Students of mixed proficiency levels are in the DLBE classrooms and one bridge class containing Grades 4/5. The 25-26 school year will be our third year expanding our DLBE ICT program to include Grades K-3.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

CR Part 154 provides a table with explicit guidelines on programming ELL's instructional minutes. These guidelines are used in combination with NYSESLAT and NYSITELL results when those teachers delivering ENL services are scheduling their ENL and DBLE programs. Once schedules are made they are shared with and reviewed by our Principal and Assistant principal. Internal audits take place among the DLBE team and ENL teacher throughout the school year. Our ELL Coordinator is responsible for programming these minutes into STARS. Student assessment and screener results (NYSESLAT, MAP, Acadience, NYSITELL, MLLS) help determine whether the .5 flexible unit is in stand-alone ENL or integrated core content for EM and TR students.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In Stand-Alone ENL the minutes are delivered primarily through small-group pull-out instruction with push-in lessons in the students' classes or during clusters such as science or library when scheduling allows for it

In the DLBE/Bilingual ICT classes students are grouped for small group instruction by the classroom teacher by students' language proficiency level (both heterogeneously/homogeneously using data to meet both the content/language objectives), academic and social/emotional needs. The entering/emerging groups receive 360 minutes of ENL services, the transitioning/expanding groups receive 180 minutes of ENL services and commanding groups receive 90 minutes of ENL services. ELLs in each model are in grade appropriate classes and are grouped heterogeneously. DLBE/Bilingual ICT teachers provide differentiated language support based on the content objective and/or learning target. The lessons have a language objective, vocabulary/high frequency words introduced, visuals, charts/thinking maps, videos, illustrations, and photos that are embedded in the assignment and tasks to support students in meeting content and language objectives in both ELA and HLA (including foundational literacy skills, phonemic awareness and phonics in both languages). Teachers utilize the HMH curriculum to provide seamless continuity of instruction and equal time for both ELA and HLA.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our two way DLBE program (self contained) is a program led by one bilingual classroom teacher in each general education classroom (Grades 4K, 3-5) and by two bilingual teachers (one with a special ed. license) in each ICT Dual classroom (K-2nd Grade). English proficient students and ELLs are integrated 100% of the day. Teachers use English and Spanish (the target language) by adhering to the following:
PreK-roller coaster model
K-5 alternate day model

b. In which language(s) is each core content area taught?

Core Content areas (Science, Social Studies, Math, Writing) are taught through thematic modules of study and these modules alternate language of instruction.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

86.7% (26 of our 30) ELLs are considered Newcomers according to the state classifications which are based only on years of service. We find this label flawed. As of May 30, 2025 10 of these students were born in the US, living in households where the dominant language is other than English, and have been in the NYC public school system since Pre-K, which is a completely different experience than students who are literally new to this country. These and other considerations are used to determine effective instruction for each student. For example, students born in the US have been exposed to academic and social language in English since enrolling, but need more support learning the English vocabulary for household items, foods, and phrases used at home. New arrivals to the US need support learning all of those, plus academic and social language used in school. We recognize and plan for these different needs.

The state defines Developing ELLs as those with 4-6 years of service. Again, this situation is more nuanced than years of service. Our 4 students in this category (13%) have unique needs and the NYSESLAT is not an appropriate measure of their language proficiency. Two students are transfer students to our specialized program for students with intellectual disabilities. Their previous school had them each repeating grades and they are unable to show what they know through the NYSESLAT. It's not a proper tool to measure their growth nor proficiency! They are trapped in a program with only one state-tanctioned way out that is biased to general education students. The other two students are enrolled in an ICT and self-contained special education programs. They too are unable to display their strengths via the NYSESLAT, but do so in their classes, within small groups, and in enrichment clubs daily. Lessons are tailored to their specific needs using their IEP and all other assessment results.

The state defines Long-Term Ells as those with 7 or more years enrolled in school. We are an elementary school, have no Long-Term ELLs and this situation is rare as it would mean the student repeated grades multiple times--which is not something we do here at PS 15.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We have two SIFE students (6.7%). Their experiences are unique and their instruction is tailored to their needs. When appropriate, we make use of the MLSS to get results in both English and their native language for their classroom teachers

to use for instruction. In addition, our intervention teachers provide additional small-group lessons based on the specific skills they need to approach grade-level proficiency.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0%
The state defines Long-Term Ells as those with 7 or more years enrolled in school. We are an elementary school, have no Long-Term ELLs and this situation is rare as it would mean the student repeated grades multiple times--which is not something we do here at PS 15. In the rare case this would happen, it would be a student transferring from another school and effective instruction would mean, following their IEP, administering screeners to identify causes of this delay, and arranging for Tier 3 support.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

1%. As of Spring 2025 we have 3 former ELLs. The method of mandated instruction is decided upon after a consultation between the ELL coordinator and the student's classroom teacher once fall screeners are completed. This instruction follows CR Part 154 requirements and could be: involvement in an enrichment group, small group content-area instruction and/or PBL lessons lead by an ENL provider.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk levels that might adversely affect Ells at our school according to state definitions include:

Newcomers at 86.7% (26 students), Ells in temporary housing at 33% (10 students) and ELLs Who Did Not Demonstrate Sufficient ELP Progress (Spring NYSESLAT) 23.3% (7 students) and ELLs Who Scored a Level 1 or 2 in Math last year 16.7% (5 students) and ELLs Who Scored a Level 1 or 2 in ELA last year 10% (3 students).

The trends are that two of these four factors are out of our control and the rest are based on standardized tests only, which are known to be culturally biased. Furthermore the criteria does not include NYSAA results (that 16.7%/5 of our ELLs took that year and DID show progress) and these same students who do take the NYSAA are unable to show progress using the NYSESLAT, as it is an inappropriate tool to measure their growth and therefore can be considered biased against students with intellectual disabilities.
Trends we do notice about the at-risk levels of ELLs at your school is that the bulk of these students classified as "at-risk" are enrolled in our dual language program.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

ELA: Former ELLs Who Scored Level 1 or 2 Last School Year
ELA: Former ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24
Math: Former ELLs Who Scored Level 1 or 2 Last School Year
Math: Former ELLs Who Scored Level 1 or 2 in SY 2022-23 and 2023-24

The above are the at-risk levels assigned to Former ELLs. Each one affected 1 Former ELL student.

What I notice is all of the three Former ELLs were able to show progress through the NYSESLAT, but one was unable to show progress via the standardized state tests. This sample is not large enough to draw any conclusions.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The Top Ten Languages by Grade Level include Spanish (25 students) and Arabic (5 students).

We support communication through:

Staff: We maintain a list of bilingual staff who are willing to support students and parents

Structures: We offer a dual language Spanish program, we hire bilingual paraprofessionals who speak Spanish or Arabic when possible, we have Pocket Talk digital translators available for staff and students.

Processes: We follow the Language Access Policies using posters and signage to make sure parents know they are entitled to communicate in their preferred language, we make use of over-the-phone translation, we have IEPS, and emails and letters home translated, we educate staff on CR Part A-663 and provide links to all support materials to follow the regulation.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Ethnicity
Hispanic American Indian or Alaskan Native ELLs: 6, 24%
Black Hispanic ELLs: 5
Native Hawaiian or Other Pacific Islander Hispanic ELLs: 3
White Hispanic ELLs: 11
Non-Hispanic ELLs/White: 5
Total White ELLs: 16

Planning: Through Equity PLCs, we have spent the 2024-25 school year reviewing the DOE's mandated literacy curriculum to make adjustments and modifications that center student's cultures and identities. This work was guided by the PS 15 Professional Learning Plan which states:

Staff will continue to deepen their understanding of Equity through the lens of unpacking deeply rooted systemic issues and centering joy AND will reflect on how systemic issues show up in their practice and implications for our practices and overall school systems and functioning to ensure we continue to deepen our equity work as it directly relates to student achievement and staff impact.

And with our Priority Foci:

Teachers will engage in Equity Case Studies focused on Linguistic Repertoires with an emphasis on Project Play and Play Stories to deepen understanding of language forms and functions to center, build upon and expand students' linguistic repertoires.

Staff will take the next steps focused on theory to practice.

Delivery: In grade team cycles using an ODM process with a focus on ELA, with administrative guidance and facilitation, teachers will set learning objectives alongside learning targets for a target group of marginalized students on each grade in a strategic ELA small group/stations model aligned with NGLS language standards, and evolve a targeted practice (best practice) to build their capacity in understanding language forms and functions, standards and ADLs alignment and directly, positively impact student achievement and closing achievement gaps for the target group.

Teachers will have at least one week of their 6-8 week grade team cycles devoted to Equity Case Studies with support and facilitation with Ms. Mendez.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Met ELP Sufficient Progress?
Method 1: Met Progress by Exiting ELL Status: 3 (23.1%)
Method 2: Met Annual Progress Target: 3 (23.1%)
Method 3: Met Safe Harbor Cumulative Growth: 0
Progress Not Met: 7 (53.8%)

Total of Progress Eligible Students: 13

Out of 13 eligible students, 6 met profress target and 7 did not. Seven is hardly a large enough sample to note any trends but further examination reveals:

Of the 7 students who did mot make ELP:

-4 are in our dual language program and all of them have IEPs, 3 get stand-alone ENL one has an IEP and is in our specialized program for students with intellectual disabilities and her growth is better measured by the NYSAA

-One of the students getting stand-alone ENL scored only 9 points away from commanding!

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

What Stands Out: Students who take NYSAA are unable to fully participate in every modality of, nor show progress with the NYSESLAT. That said the city and state have yet to address this with a more inclusive and equitable assessment for these students. Our samples are too small to make comparisons between NYSESLAT results and the state ELA and math test results.

Trends for Each Modality: Modalities of strength including Listening and Speaking while Writing continues to be an area of improvement.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Our samples are too small to make comparisons between NYSESLAT results and the state ELA and math test results. For example, of 4 students who took the ELA test, all received 1s on that test, yet each child scored in a different language proficiency level from Emerging to Commanding.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Out of 31 students 2 are SIFE . This subgroup is too small to note any trends.

We currently have 15 ELLs with IEPs and 16 ELLs without. The trends are that each subgroup has the same number of students scoring within the Entering level of language proficiency and almost the same scoring Expanding.

ELLs with IEPs:	ELLs Without IEPs:
Entering-7.	Entering-7
Emerging-1.	Emerging-4
Transitioning-3	Transitioning-0
Expanding-4.	Expanding-5

Another trend is students in our ACES program tend not to be able to complete the NYSESLAT as it is an inappropriate tool to measure their growth and therefore, four of the students with IEPS who have scores of "Entering" on the NYSESLAT use more English throughout the school day than they can show on that assessment.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We employ the use of the following to provide our ELLs with high quality academic experience:

We have expanded the use of Thinking Maps school-wide 3K-5 including cluster teachers and provided a yearl-long series of professional devolpment to support staff.
Thinking Maps is a whole-school, brain-based approach to teaching and learning designed to build foundational critical thinking, problem-solving, comprehension, and communication skills necessary for academic success. The maps provide a shared visual “language for learning” for an entire school. Thinking Maps can help to bridge the language divide for ELLs. The visual format of the Maps helps all students, including ELLs, activate key cognitive processes and unlock meaning from academic content to support making their thinking visual. Each Map focuses on a specific thinking process, such as describing, sequencing, comparing/contrasting, or seeing analogies. This format, grounded in cognitive science, is ideal for helping ELLs create meaning from grade-level content and demonstrate their understanding of the content.

A school-wide focus on language objectives: Teachers will set learning objectives alongside learning targets embedded in the flow of the day and aligned with NGLS language standards to build their capacity in understanding language forms and functions, standards and ADLs alignment.

Teachers use Gholdy Mohammed's HILLS model to enrich their thematic units of study to infuse the teaching of histories, identity, literacies and liberation, allowing ELL students to make deeper connections between their own funds of knowledge and their work and learning in the classroom.

School-wide PBL in all grades allow for teachers to create hands-on student-centered experiences.

We provide literature selections to all classroom libraries that represent all students' cultures/backgrounds and home languages enrich our ELL students' academic experience to increase dialogue and enrich their language repertoire.

2. How does your school’s leadership team ensure ELLs have access to core instruction/curriculum?

We engage experts from our district office to provide targeted professional development to ensure our teachers are able to deliver our curriculum/core instruction to ELLs via PD and PLCs.

Our ENL teacher is available throughout the year to help classroom and cluster teachers enrich their instruction to address the needs of ELLs, this includes classroom organization, unit planning, vocabulary instruction, and more.

Our AP supports the DLBE program via monthly team meetings with specific bilingual/biliteracy content strategies, SDI/UDL approaches for DLBE/Bilingual ICT students and ELLs. Bilingual ICT teachers also meet with our SETTS provider/Intervention teacher (whom is bilingual) to enhance their best practices of working with students who are neurodivergent and ELLs.

DLBE teachers utilize translanguaging as a scaffold and part of culturally responsive instruction to help students engage with content, leading to deeper learning.

Sentence stems, opportunities for choral and echo reading, songs and chants and scaffolded vocabulary and word study routines are used to encourage ELL participation.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Freestanding ENL:

Our ENL program is delivered by a certified ENL teacher, who also holds a license to teach Grades PK-6. Therefore, she delivers both stand-alone and Integrated ENL instruction to Ell students. Core content instruction is delivered in English, but learning materials are chosen to reflect the students' cultures whenever possible. In addition, the use of cognates and home languages are used whenever possible and when appropriate. The units of study are thematic, include opportunities for student choice and make use of multi-sensory and interdisciplinary activities. They are standards-based and designed to compliment and scaffold the learning that is happening in the students' classrooms.

Instructional approaches include:

Kate Kinsella's model of infusing academic language use into classroom instruction and conversation.

Kate Kinsella's vocabulary instruction protocol, a routine that include:
• Wide reading of fiction and nonfiction texts
• Direct teaching of important individual words • Teaching independent word learning strategies • Fostering “word consciousness”

Thinking maps to better organize and deepen understanding of concepts while developing critical thinking

Shared and close reading to provide access to grade-level text and standards-based concepts.

Interactive writing and Language Experience Approach to scaffold independent writing

Sentence frames to support academic discussions

Dual Language Bilingual Education:

Core content is delivered in both Spanish and English in whole group, small group and within the ICT classrooms in a variety of models such as team teaching and station teaching. Instructional approaches within our MTSS framework of

instruction include: carefully crafted thematic modules that blend content-area instruction (social studies and science standards) with reading and writing units of study and direct instruction of both languages through daily phonemic awareness/foundational skills or word study sessions. Thinking Maps, sentence frames, word walls in both languages, cognate walls, language resources/helpers are incorporated in multimodal instruction. Bilingualism is dynamic and contingent, thus teachers engage with a variety of strategies to support student's bilingualism and biliteracy by ensuring their classroom's multilingual ecology reflects both English and the target language (Spanish) in a balanced manner. Furthermore, teachers use translanguaging to mobilize multiple languages to process content to support students to be bilingual, increase their comprehension and empower students to participate. This is done by ensuring that students feel welcome to use their entire linguistic repertoire within read aloud, discussions, songs, targeted instruction stations and games. The use of translanguaging is to scaffold instruction and understand what students truly know and can do in both languages. Teachers are beginning to use translanguaging "rings" to expand student's zones of proximal development and translanguaging documentation spaces where students understand these are moments to translanguage (use their entire language repertoire to express themselves.) Lastly, each module/unit of instruction is grounded in the Next Generation Learning Standards and includes a Project-Based-Learning inquiry/experience.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Instructional Strategies for All ELLs include:
Project-Based Learning
Thinking Maps and Graphic Organizers
Station learning
Student-directed activities
Multi-sensory approach to literacy and math instruction
Translanguaging
Shared Reading Protocol to support reading comprehension K-5
An interactive age and grade appropriate vocabulary protocol K-5
multisensory hands-on thematic approach to deliver science and social studies units

Materials:
Heggerty
Bridge to Reading
HMH Into Reading/Into Reading Writing Workshop
HMH Multilingual Learner Supports
HMH Table Top Minilessons
First Author Writing (designed for students with with cognitive disabilities, developmental disabilities, or learning disabilities to access standards-based writing)
Equals Math (print-based, multisensory math curriculum meets individual needs, aligns to extended standards, and includes a variety of adaptations to support students' language, motor, vision, and cognition needs)
Illustrative Math-(This curriculum builds on foundational principles for supporting language development for all students. Embedded within the curriculum are instructional routines and practices to help teachers address the specialized academic language demands in math when planning and delivering lessons, including the demands of reading, writing, speaking, listening, conversing, and representing in math)
Illustrated Word Banks on a variety of themes including content areas, SEL and more
Sentence frames to support classroom discussion
Vocabulary templates
math manipulatives
science supplies
Elkonin boxes and markers
Communication devices (when IEP supports)

Digital Resources:
Sora
Brain Pop
Flocabulary
Raz Kids
Newsela
Scratch
Scratch Jr.
Code.org
ST Math
Waggle
Google Classroom

b. SIFE

When we serve a student identified as a SIFE, we use a variety of age and grade-appropriate CRSE instructional materials to support their learning. Students identified as a SIFE will be supported with a rotating assignment of learning buddies (who speak that student's home language if possible) to help this new student get acquainted with our school community, routines and procedures. A check-in with a guidance counselor can be scheduled if needed, to make sure the child has a safe place for questions beyond the classroom. Our ENL teacher will offer support to classroom teachers who may need additional support with lesson planning to make the curriculum accessible.

If/when a SIFE is in our DLBE program, the teacher uses the MLS data to support foundational skills in their home language to create a strong foundational base to transfer over to their academic growth of foundational skills in their target language, English.

c. Newcomers

Newcomers may need additional support with early literacy skills regardless of their grade. Careful consideration is taken when planning instructional units, so we may embed this learning in addition to and within grade-appropriate units of study. Teachers in classes K-2 use Heggerty to support phonemic awareness development. Our ENL Teacher uses UFLI Foundations to support early literacy development. We use Heggerty's complete early literacy program, Bridge to Reading for more continuity in all K-2 classes. ELLs in dual languages classes benefit from Heggerty Phonemic Awareness instruction in Spanish and English. Along with the HMH Arriba La Lectura program for HLA. In addition, teachers use Aprendo Leyendo program within Tier 2 programming to strengthen their home language literacy skills.

We use a variety of age and grade-appropriate instructional materials to support our Newcomers. Native language dictionaries (when appropriate), language development software and digital programs such as Sora, Flocabulary, BrainPop, and RAZ kids (a website that supports independent reading on the student's level) are used to build vocabulary, provide support in content areas and strengthen reading abilities. The children may access these programs in class or at home.

High quality literature that includes an emphasis on an array of diverse themes and featuring characters with backgrounds that mirror our own students' along with inclusive nonfiction texts are part of our balanced literacy instruction. These books provide relevant reference points for our ELLs. The Benchmark series English Explores provides multi-level texts, that teach standards-based content area topics and allow students to experience grade appropriate content-area subjects on their proper reading level, with built-in visual and vocabulary supports.

All teachers have access to Interactive whiteboard technology to help them provide visuals (pictures and video clips) that enhance the grade's curriculum by providing clarity to new and challenging topics. When available or mandated, native language support is offered through alternate placement paraprofessionals and staff. We have purchased 5 PocketTalk digital translating tools to support newcomer ELLs throughout the day so they may easily communicate with peers, teachers and staff.

Teachers have designed units of study/modules that allow for multiple entry points and have embedded layers of support to meet students where they are and provide the content they need to achieve grade-level learning outcomes and essential understandings.

d. Long Term ELLs

Students who have been receiving ESL services for seven or more years are rare in an elementary setting, but if we did have such students a plan is put in place with the help of our Academic Intervention team to make sure their needs are being met. A variety of tools and approaches are accessible to our team including digital curriculum, direct and systematic programs including sounds sensible, spire, UFLI, Bridge to Reading and Aprendo Leyendo, and stations model teaching.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

It is important to note that all teachers and support staff who serve these students are given time to read the IEPs and understand the students' goals. Our school allows for scheduling flexibility to help our ELLs with IEPs flourish. After initial assessments are analyzed in the fall (and benchmark assessments are analyzed throughout the school year) students ready to begin mainstreaming into a general education setting for specific subject areas are identified and a plan is put into place. Also, because some of our ELL students are classified with an Intellectual Disability and are mandated to receive many pull-out services throughout the school day, our ENL teacher pushes in to their classroom so they do not miss valuable classroom time. She works closely with their classroom teacher, paraprofessionals and related service providers to provide lessons that target language development and align with their IEP goals and school curriculum. Our SETSS teacher, coaches and other staff who provide AIS often integrate ELLs with IEPs into their small groups to provide additional support in varied settings, whether pull-out or push-in. Our literacy coaches provide additional push-in and pull out services to support these students in language and literacy development, as well in all content areas. In addition, they and our ENL teacher make themselves available to support teachers who need help planning lessons to best meet the needs of all of their students, specifically ELLs. In addition, we have a ICT dual language program that provides mandated special education support to ELL students in our dual language program. which allows these students to remain in the dual language program and get their special education services.
It is all of these efforts together that ensure our ELLs with IEPs attain language proficiency within the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

For students who receive ENL services from our ENL teacher, the MLS (Multilingual Literacy Screener) allows for assessment in students' home languages.

For students enrolled in our Spanish DLBE classes their home language is assessed using following (depending on grade level and HLA literacy needs) running records, Spanish writing on-demand, Heggerty Spanish Phonemic Aweness, Spanish Acaidience, Spanish Map Reading, Aprendo Leyendo and Arriba Lectura

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

We are a PK-5 school. This does not apply.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Instructional coaching cycles, teacher mentors, our special ed liaison, inter-visitations, PLCs, and MLL/ELL /DLBE monthly team meetings support our teachers in all ELL program models.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our professional learning plan incorporates many items that relate to the academic and social/emotional needs of our MLs/ELLs.

This year we are partnering with the Schools as Refuge project. This involves teacher and para training and having clinicians in early childhood classrooms alongside teachers and paras to support emotion coaching for our students, including ELLs.

We have a considerations section in our curriculum mapping and lesson plan templates to prompt teachers to include a plan for ELLs as they create and modify their curriculums and units of study.

Professional Learning Communities include SEL broadly and specifically as it relates to our own students, including our ELLs.

We offer several stand-alone PD opportunities in house to all staff with a focus on special design, language acquisition, vocabulary, and literacy.

Out of school PD opportunities are regularly shared with all adults who serve ELLs so they may attend.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The school's professional development program for our ENL teacher and all other staff including classroom and cluster teachers, guidance counselor, parent coordinator, related service providers, and paraprofessionals includes, but is not limited to the professional development sessions offered by our own staff members (who turn-key what they have learned

from district-led PD sessions), outside professionals we hire, and off-site PD offered by a number of organizations.

Our Dual Language and ENL teachers participate in off-site professional development offered by different organizations including The NYC Dept. of MLLs, and the District 15 professionals from the superintendent's office, RBERN and others.

The licensed ENL teacher provides workshops for our parent coordinator, guidance counselor, school secretary and dual language and other bilingual teachers to make sure there is a full understanding of the ELL enrollment process and parental options so they may help with oral interpretation during registration and parent orientations.

In addition to PLC sessions, the ENL teacher and MLL/ELL support staff from the District 15 office of the superintendent may provide PD based on teacher interest and need. These sessions may include using NYSESLAT assessment results and targets of measurement and student observations to drive instruction, lesson planning to address language development and Next Generation language development, listening and speaking standards and best practices for teaching reading comprehension and vocabulary for MLL students. All of this work ensures the teaching staff receives the required PD hours in language acquisition and integrating language instruction with content areas for ELLs. To be clear, 15% of PD hours must be related to language acquisition for general and special education teachers (as prescribed by CR-Part 154) and 50% of PD hours the ENL and Dual Language teachers participate in must relate to serving ELLs, as described above.
Upon completion of professional development sessions, teachers are asked to maintain their own records and copies of sign-in sheets are kept by the school as well. To clarify, the school staff receiving professional development includes but is not limited to: teachers, paraprofessionals and related service providers including our speech therapists. These sessions focus on techniques educators can use in the classroom setting, or during the administration of related services such as speech, physical and occupational therapy. Some topics explored are: How to best use visuals and technology in the classroom, nonfiction writing and the ELL Student, vocabulary development strategies and the content areas, using sentence frames to support your ELLs oral language development , and lesson planning using the Next Generation Standards.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use Acadience and MAP as a screeners at the start of the year to assess students literacy skills, including ELLs. ELLs in our DLBE/Bilingual ICT program also take the Spanish Map screener for Reading and as necessary for Math in Spanish. As needed, we will also use Spanish Acadience. This data is analyzed by the Instructional Leadership Team, Child Study/Academic Intervention team and classroom teachers to look for global strengths and weaknesses that will inform classroom instruction and intervention supports. This data also helps classroom teachers, coaches and our ENL teacher design Tier 2 and 3 instruction for students, including our ELLs. Benchmark assessments follow the screener two more times in the school year to check progress, inform instruction, and reveal the need for/ or successes of AIS cycles of instruction.

For math the MAP and Achieve the Core screeners provide data to help us be strategic about mathematics instruction and intervention.

The MLS Multilingual Literacy Screener is also used to assess our ELLs when needed.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Targeted Intervention Programs for ELLs include:

ELA: Spire, Orton Gillingham, Sound Sensible, Great Leaps, Reading Ready, UFLI Foundations, (All delivered in English)
SLA: Aprendo Leyendo
Math: Great Leaps, Math Toolkit (English)

While not official intervention programs, dual language teachers and our ENL teacher may deliver additional Heggerty lessons in small groups to target English and Spanish language development for Newcomers or Ells with IEPs.

One intervention program our ENL teacher uses with our English Language Learners is UFLI Foundations, a research and evidence-based program that teaches students the foundational skills necessary for proficient reading. This is for English literacy and can be used with all subgroups. The ENL teacher has adapted the program to serve ELL studens.

The SETSS teachers provide services to ELL students who need it in grades K-5. They make use many programs including Reading Ready for Grades K-1--a hands-on multisensory Orton-Gillingham-based word reading program that develops students' phonemic awareness and phonics skills. A program called SPIRE is used with older students. This is intensive reading intervention for struggling readers. It is a multi-sensory program to support the lowest-performing students. With it, the teacher provides data-driven instruction with continual practice and reinforcement. They also use Great Leaps for math support.

Our Literacy coaches provide their service in English. They may support all subgroups of ELLs and plan lessons based on assessment data from Acadience and MAP Assessments, Acadience, MAP, HMH's Spelling Inventory and Heggerty assessments. With those results, they design support in the student's areas of weakness, through small group sessions that employ strategies from Orton-Gillingham and Heggerty and use best practices in reading comprehension and fluency instruction.

Classroom teachers have access to all intervention materials listed in the previous section.

Math: A standards-based toolkit is available to all teaching staff. Teachers may use it during the school year to support students who need math support in specific areas. Once math assessments highlight students' academic needs, teachers will have a collection of math lessons targeting each grade level skill that they can use to deliver academic intervention and additional instruction in small groups.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

To remain steadfast in an equitable way in this process we collect comparative data of MLs/ELLs peers to use for progress monitoring to support student learning. In addition, we engage in comparative data analysis to identify MLs/ELLs who are demonstrating progress and striving to using the outcomes driven model.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

The formative assessments available in HMH, Bridge to Reading ("weekly check"), Heggerty and Illustrative Math along with teacher-made exit tickets and pre/post writing prompts allow for teachers to inform and drive instruction.

ELLs who take the NYSAA exam in place of state tests participate in an assessment called Sandi-FAST (Student Annual Needs Determination Inventory and Formative Assessment of Standards Tasks). This program provides both summative and formative assessment results that support strategic planning for these ELL students.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In our Spanish DLBE classes, our K and Grade 1 teachers uses the Spanish version of the Fountas and Pinnell Benchmark assessment in addition to the English benchmark assessments. We also use, (depending on grade level and HLA literacy needs) running records, Spanish writing on-demand, Heggerty Spanish Phonemic Aweness, Spanish Acaidience, Spanish Map Reading, Aprendo Leyendo and Arriba Lectura

We await any guidelines and materials from the city or state that support evaluating ELLs with home languages other than Spanish if that is required throughout the year.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our Instructional Leadership Team analyzes data from the state assessments: ELA, Math, Science, NYSESLAT and NYSAA.

The team studies the results of the EDAT, school-wide writing assessments, reading benchmark assessments (English and Spanish), early literacy assessments, and our school-wide math benchmark assessments to evaluate our ELL program, discover strengths and areas of need and in turn, grow or modify our instruction accordingly.

At the start of the year the literacy assessments we use provide baseline data in reading and early literacy skills for each child and the results allow teachers to determine specific areas of need for all students, including ELLs in Grades K-5. There are benchmarks included in each of these that indicate where students should be at different points in the school year. The Qualitative Spelling Inventory functions as a summative assessment at the end of the year helping us assess our students' knowledge of orthographic features.

Teacher-made end-of-unit assessments are other assessments that can be used to measure progress and highlight areas of need.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT is administered by our ENL teacher and literacy coach/AIS teacher. The scoring of the exam is managed by our literacy coach who has attended city-run scoring training and includes two other experienced teachers who have been trained by the ENL teacher and/or have attended scoring training provided by the city.

Efforts are made to ensure that the testing and proctoring schedule allows our ENL providers to continue with mandated ENL service as much as possible.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

N/A

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our ELL Program Orientation is delivered by our bilingual AP and/or our DLBE teachers for those students entering our Dual Language program and by our ENL teacher for all other ELLs. We make use of the parent video to explain program options and have oral interpretation available to answer any questions parents have about ELL programs. These orientations include explanations of standards, assessments and expectations for our students. Attendance for these meetings are documented by way of the completed parent survey in the cumulative record folder and one in the school file along with parent attendance sheets in the school files.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our Dual and ENL teachers make appointments with parents to deliver the annual meetings apart from DOE-scheduled parent teacher conferences. In many cases these meetings will be held after the student has had time to complete all assessments but before the first progress report. For students who join us after the start of the year they are held a about 6 weeks after they enroll.
Attendance dates of these meetings will be found on the class data spreadsheet for students enrolled in DLBE in the ELL compliance folder in the school drive.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school secretary enters into ATS parent's preferred language of communication based on what is on the HLIS. We then make use of the Parents' Preferred Language report to guide office staff in preparing documents to go home or for when they make phone calls. Teachers and school staff including SBST members receive a list of parents' preferred languages based on the RAPL (created by our ELL Coordinator/ENL teacher) to refer to when organizing any type of communication, be it face-to-face, phone calls, IEP meetings, school events and more.

Bilingual staff and the DOE over-the-phone interpretation and interpretation technology are used when needed for daily exchanges with families. We make use of the Office of Sign Language Interpreting Services when needed.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

We have added an SEL parent questionnaire to our registration process. It is through that we can learn any needs the families may have in terms of community, resources, physical and mental health, family supports, food/clothing/shelter and more. In addition, we send home a needs survey for all students in temporary housing, do direct contact to families (1:1 phone calls) who live in nycha and/or fall in the socioeconomically disadvantaged category for their needs and finally, classroom teachers provide beginning of the year surveys to all families. Our guidance department does specific outtreach for our chronically absent students. The Parent Coordinator and Community Associate reach out to families at the beginning of the school year. The purpose of this outreachs not only to inform parents but also to begin building connections and engaging in conversations to better understand any challenges or barriers the families might be facing, factors that may have affected, or could continue to affect, their child's attendance.

The Equity Team pot-luck annual event is rooted in inclusivity and diversity, celebrating our school community's many cultures and and languages, we also launched a conversation language exchange for parents to learn English, Spanish, Arabic and Cantonese.

Our bilingual Parent Coordinator promotes the following workshops for parents, all of which do foster empowerment for our MLs/ELLs with interpretation available for all parents who attend.

1)Financial Literacy
2)NYC Kids Rise: Save for College Program
3)Parent Art Workshops w/ Red Hook Art Project
4)Donuts with Grown-ups w/ Principal Cavanagh
5)Check-in and Chats with the Parent Coordinator
6)Volunteer Workshops/ Code of Conduct
7)"VIP" Circles: Very Important Parents Community Circles and Breakfast.
8)Community Pot Luck/Super Saturdays/Fun Fridays (outside of the school day events)
9) Marquis Studios parent/ child art project
10)Marquis Studios Mother and Others dance
11) Marquis Studios Father's and Others Hip Hop Dance
12)Marquis Studios Juneteenth Drum Circle Workshop

13)Touring Tuesday
14) Increasing our multilingual ecology/language landscape of the school to reflect our student's home languages of Arabic, Spanish, French and Chinese (any home language that we can represent). This also supports our DLBE program students see a multilingual landscape as they strive for bi-literacy in English and Spanish, which further empowers the target language of instruction.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We notify all parents, including parents of MLs/ELLs in their preferred language of communication via multiple platfoms including Principal Notes, Parent Coordinator's weekly emails and hard copy flyers sent home. The PTA also sends out regular communications as well.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Marquis Studio
Studio in a School
Holy Apostles
Red Hook Art Project
Pioneer Works
Meet the Author
Carnegie Hall Musical Explorers and Link Up Programs
Jazz at Lincoln Center
Brooklyn Public Library
Cafeteria Culture
New York Sunworks
Cookshop
Red Hook Initiative
Red Hook Farm
Cora Dance
Beacon Good Shepherd Services
NYU Langone
Right At School
CUNY- Kingsborough
CUNY- Brooklyn College
Game Over
Teachers College, Columbia University
Schools as Refuge Project
Cycle Kids
Brooklyn Nets

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

NA

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Julie Cavanagh-Principal
Dalila Mendez-AP
Isabel Castaño- Dual Language Teacher
Alana Howe Parent
Alev Dervish ELL Coordinator/ENL Teacher
Myrna Stanizewski Special Ed Liaison

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The Ell Identification process begins at registration and the ELL coordinator has time in her schedule to administer the NYSITELL when the year begins. ELL students in our DLBE program have no interruption in services as their teachers are their ENL providers. Current ELL students in our Stand-Alone ENL program are seen with as little interruption as possible until NYSITELL administration is finished and a new schedule can be created.

Step 1: Determine if the enrolling student was in an NYS public school within the past two years: School Secretary

Step 2: Parent completes the HLIS: ENL Coordinator, DLBE Teachers, AP, (bilingual teachers and staff interpret as needed)

Step 3: Determine Eligibilty for NYSITELL: Trained Pedagogue administering the HLIS;
Administer the NYSITELL: ELL Coordinator

Step 4: Send Entitlement and non-entitlement letters to parent/guardian : ELL Coordinator

Step 5: Administer Spanish LAB to newly identified ELLs whose home language is Spanish: DLBE teachers

Step 6: Determine if ELL is a student with interrupted/inconsistent education: ELL Coordinator/pedagogue who filled out

the HLIS

Step 7: Provide families of ELLs a parent orientation meeting: AP, ELL Coordinator, DLBE teachers

Step 8: Student is placed and programmed in an ELL program: ELL Coordinator (ATS and STARS) and school secretary (ATS)

Step 9: Administer the re-identification process, as necessary: ELL Coordinator

Step 10: Within 6-12 months, review the progress of the student whose ELL Status was reversed: ELL Coordinator

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.

b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous

NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Melissa	Campbell	Parent Coordinator - Annual		
Alev	Dervish	Teacher - Regular Grades		
Dalila	Mendez	Assistant Principal 10 Month	11/06/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Other (Please specify in the next question)

If Other was selected, describe the resource here:

Registration Document

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	12	2.00%	12	2.00%	0	2
CHINESE ANY	2	0.33%	2	0.33%	0	1
FRENCH	1	0.17%	1	0.17%	0	0
ENGLISH	519	86.50%	517	86.17%	20	
SPANISH	66	11.00%	68	11.33%	10	15

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
IEP	We utilize the DOE InfoHub template(s) for covered languages. We will also submit a translation request with the translation vendor a month prior to when the flyers are needed. We will submit translation requests to the Office of Language Access for a free translation.
Monthly Newsletters	We utilize the DOE InfoHub template(s) for covered languages. We will also submit a translation request with the translation vendor a month prior to when the flyers are needed. We will submit translation requests to the Office of Language Access for a free translation.
DOE Mandated Communications	Translations Are available on the DOE website

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

PTC	We utilize our bilingual staff and over-the-phone interpretation service
Parent Workshops	We utilize our bilingual staff and over-the-phone interpretation service
IEP Meetings	We utilize our bilingual staff and over-the-phone interpretation service
PTA Meetings	We utilize our bilingual staff and over-the-phone interpretation service
Community Events	We utilize our bilingual staff and over-the-phone interpretation service

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In emergency situations we refer to our parents preferred language sheet posted in the office and make use of bilingual staff, over-the-phone interpretation, or our Pocket Talk device to communicate in the parents' preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The LAC provides a professional development session teaching all staff about

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The multilingual welcome poster and other multilingual signage are displayed in the main entrance and main office of the school building. Parents are notified of their right to recieve infomratin in their preferred language via orientatino, curriculum night and utilizing over-the-phone interpretation

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

A parent survey will be sent to collect parent feedback about language and translation services we provided throughout the year. A parent focus group will gather feedback regarding language services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

This year we purchased Pocket Talk electronic translators that do voice and written translations. Further improvements include scheduling specific times of the year to audit and update the parents' preferred language sheet and staff available to act as interpreters & translators list.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

32

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**

- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

This program will take place after school two days a week from 2:50-4:15pm. Students will engage in explicit phonics/phonemic awareness and foundational literacy skills in both ELA and HLA combined with art lessons designed to develop oral language development. Students will be grouped heterogeneously based on their language proficiency levels and divided into three groups, with 6-13 students in each group dependent upon enrollment. Instruction will be delivered via station teaching, team teaching and/or parallel teaching. At the end of the program, teachers will have a portfolio for each student to share with their families their progression within English and/or towards bi-literacy dependent upon if the child is in an ENL or DLBE setting. The program will be supervised by our assistant principal, attendance will be recorded and kept in our DOE google drive. Supervision will be partially funded by Title III. Supervisor's work hours are 8:00-3:15 daily. The total number of hours of supervision of the Title III program is still TBD.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

EDAT shows the need to offer support to ELL students who fall under multiple at-risk factors. For our school that is our newcomers and ELLs in temporary housing. A review of Acadience and MAP data cross-checked with classroom progress monitoring show the need for a focus on early foundational literacy skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Ells in grades K-5 will be invited to join the program with a focus on our Newcomer ELLs.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Start and end dates: October-May
Total number of sessions: two days a week
Possible days of the week the program will be offered: prospectively Tues./Wed/Thurs
Time and duration of sessions: 2:50-4:15pm

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction will be in English for all students invited and include Spanish for students in our DLBE classes. For students whose home language is other than Spanish, the teachers will make use of contrastive analysis, cognates and word banks in the home language when possible and appropriate.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Two teachers with both bilingual certification and common branch certification
One teacher with Special education certification

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Teacher-made materials that expand and support Tier 3 learning will be used. Supplies necessary to do this include notebooks, pens, pencils, markers, chart paper, and a subscription to Rockalingua will be purchased with Title III money. These are supplemental materials and will not be used in regular day instruction and are solely for the Title III Program. The materials we are purchasing will not exceed 20% of the allowable allocation for OTPS.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**

- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parent consent letters and teacher attendance records will be kept on file by the supervisor.

After NYSITELL testing, admin will review that data, the spring 2024 NYSESLAT scores and fall screeners to determine the students who will benefit from the program. Parents will be notified of the program and outreach will be done to follow up to

Progress monitoring within our DOE Google Drive will be used to account for students and data. Administration and teachers will monitor the program. All staff that will be teaching the program will be supported and monitoring progress.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Thinking Maps training will not be funded by Title III funds but sessions with a Teaching Matters staff developer will be. Thinking Maps are used across all grades and content areas to build the critical thinking, problem-solving, comprehension, and communication skills necessary for academic success in every domain.

The following professional development on literacy instruction will also be provided to support our Title III Ell program, but NOT funded with Title III funds: Arriba La Lectura/Into Reading HMH, Heggerty/Bridge to Reading, UFLI, Adelante (estudio de palabras) and/or Aprendo Leyendo.

The staff developer funded with Title III will not exceed 20% of our total allocation allowable for OTPS.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Teacher surveys, NYSESLAT test scores, MAP and Acadience scores and the EDAT reveal the substantial need to strengthen language acquisition and foundational literacy skills in English for our ELLs and for those in DLBE, in both English and Spanish. The research around language learning reveals it takes between 5-7 years to achieve advanced language fluency. This applies to those with a strong blueprint for literacy in their native language, otherwise it can take 7-10 years. This is the research that supports our work to provide additional instruction to our ELLs in DLBE classes to strengthen their native language.
With a Teaching Matters Coach, teachers will strengthen their capacity in the area of Foundational Skills, with a focus on phonemic awareness, phonics, use of decodable text, and an oral language focus with a explicit focus on syntax.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers working in the Title III ELL program will get the professional development during contractional hours with coaching during the school day as well as professional learning sessions for multilingual learners. In addition, we have two professional learning communities during contractual time twice a month with a focus on an ODM process, centering language, for ELA and Math as well as an Equity Case study process, with a focus on oral language, expressive language, dialects and intersectionality.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

October-June, two Mondays a month for 60 minutes, from 2:50-3:50pm-at no cost to Title III funds.
October-March, coaching sessions with Teaching Matters, each Dual Language teacher/team will have 2-6 sessions. Sessions will include some 45 minute planning sessions as well as two to three 45 minutes sessions combining planning and co-teaching or modeling.
Remaining PD opportunities are on a rolling basis based on what is offered centrally.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics will Include:

Foundational literacy skills in English and Spanish.

Scaffolding instruction for ELLs in the classroom and clusters

Academic vocabulary instruction for ELLs

Developing language objectives

Strategies for newcomers

Thinking Maps training: A shared visual language for learning

Planning for Contrastive Analysis in the DLBE/ Bilingual ICT/ ENL Classroom

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

PD will be provided by the professionals from each program and by instructional coaches or admin through turn-key sessions at no cost to Title III funds.

Thinking Maps: Heidi Henderson (tentative)

Teaching Matters: Caroline Scavone (Tentative)

Strategies for Newcomers, Scaffolding Instruction for ELLs, Academic Vocabulary for ELLs, Developing Language Objectives: AP Dalila Mendez, ELL Coordinator Alev Dervish, Multilingual Learner Service Administrator Cera-Jane Giles

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We will have a record of each activity that has taken place (attendance sheets for professional development events including teachers that attended, dates, times, duration of session) including any digital and print PD materials

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family engagement under Title III I will include the items below as they are intertwined, and will not be funded by Title III.

1)Financial Literacy
2)NYC Kids Rise: Save for College Program
3)Parent Art Workshops w/ Red Hook Art Project
4)Learning walks w/ Principal Cavanagh
5) Coffee and Chat with the Parent Coordinator and Community Associate
6)Volunteer Workshops/ Code of Conduct
7) Fun Fridays and Super Saturdays
9) Marquis Studios parent/ child art project
10)Marquis Studios Mother and Others dance
11) Marquis Studios Father's and Others Hip Hop Dance
12)Marquis Studios Juneteenth Drum Circle Workshop
13)Touring Tuesdays/Open Houses
14) Increasing our multilingual ecology/language landscape of the school to reflect our student's home languages of Arabic, Spanish, French and Chinese (any home language that we can represent). This also supports our DLBE program students see a multilingual landscape as they strive for bi-literacy in English and Spanish, which further empowers the target language of instruction.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The topics for activities are broad to capture parent need and interest. Activities are offered at various times, including before, during and after school in order to meet parents' scheduling needs based on feedback directly provided to the parent coordinator and admin and our equity survey.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Coffee and chats: 8:45 AM -10- 10:30 AM 10 Sessions

Super Sat and Fun Fridays :

November: Fun Friday-"Kids Rise/ College preparation/ NYC Schools Account. Parent Workshops 5:30-7:30 PM

January: Fun Friday- "Math Madness"- Math games projects and grade teachers to promote grade ready math 5:30-7:30 PM

February: Fun Friday- "Reading set Go" book giveaways, story time w/ NYC library Mini workshop to promote reading 5:30-7:30 PM

March: Fun Friday-"Spring into Spring" Afterschool programs, neighborhood camps, Good shepherd, YMCA, RHI, Micco, Red Hook recreation center.

April: Super Saturday- Wellness event- NYU Langone health and Dental , Yoga, Bliss Juice Bar, Island Vibes juice and smoothie, Red hook recreation center/ sports and activities/ Pool info, Planting and Gardening. From 12- 2PM

May : Super Saturday- Spring festivities, Arts and craft tables, Kids Rise sign up assistance, NYC schools account, and enrollment

June: Super Saturday- “Super Soaker Saturday”, Water activities, Cook Out, Ice cream, ICES. Enrollment

Learning walks: Designated Fridays 8:50-10:00/10:30
10/18, Feature Math
11/15, Feature ELA
1/24, Feature Project Play and the Power of Language
3/21, Feature Strategic Small Group and Stations Instruction
4/11, PBL/BLM Gallery Walk

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

See above, although we will include the following;

Financial Literacy, Save for college accounts
The arts including fine arts, music and dance
community circles
cooking
resume writing
deepening understanding of standards based vertical curriculum and learning pathway (ELA, Math, Play and Language, Targeted skills based instruction/learning)
NYCSA accounts
Safety
Middle School and Special Education Services and Supports
Wellness

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Kids Rise: Save for College
PS 15 Staff: all topics
RHI: Resumes and Resources
Marquis Studios and Red Hook Art Project: Arts
Include NYC: IEP/Special Education
Public Library: Reading with your child at home

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified in the preferred language through, hard copy fliers going home, Parent Coordinator's weekly parent email and Principal's emails. These are translated using bilingual staff and digital translating applications. However we make note that an application was used for translation including a disclaimer acknowledging any possible errors.

Interpretation provided at events include bilingual staff members and/or a DOE approved vendor.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Documentation of family engagement activities involve parent permission letters, sign-in sheets and RSVP slips when necessary. Hard copies of sign-in sheets and exit surveys will be collected and maintained by our parent coordinator, Melissa Cambell.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
