Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Cristina Gonzalez	Principal or Designee*	
Alfredo Pelaez	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Vincent Lu	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Rebeca Bravo DeTapia	District Council 37 (DC 37) Representative (staff), if applicable	
LiQin Lin	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Crystal Hu	CBO Representative, if applicable	
Cynthia Olavarria	Member/UFT	
Clara Pearls	Member/UFT

	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

P. S. 94K, The Henry Longfellow School is a diverse community school that believes in the value of developing citizens who are proud of their cultural heritage, embrace multilingualism, multi-literacies, and multiculturalism. We envision our school as a welcoming and affirming environment where positive communication and relationship building with students, staff, and parents are the fabric of the school community. Through the delivery of a rigorous, inclusive, and culturally responsive Next Generation Learning Standards based curriculum, we prepare all students for college and career readiness, and a vast world of opportunities in a new global, multicultural, and multilingual society. PS 94 is committed to making a positive difference and pressing for a more inclusive and equitable world where everyone feels valued.

Mission
P. S. 94K, The Henry Longfellow Community School is committed to developing inquisitive, critical thinkers who embark on a lifelong journey of learning.
To meet our vision and mission, we are committed to...

- Provide ALL students a safe, clean, and secure environment.
- Provide ALL students rigorous and coherent literacy and content area instruction, while upholding high explicit expectations, aligned to the Next Generation Learning Standards.
- Provide ALL students engaging and equitable access to the curriculum that identifies students learning styles and incorporates instructional strategies responsive to those learning styles.
- Provide ALL students the opportunity to become multilingual, multi-literate and multicultural through our Dual Language Spanish-English and Chinese-English programs.
- Provide ALL students cooperative learning opportunities such as project-based learning that leverages student experiences, strengths and expertise, to develop critical problem solvers and foster students' cultural understanding and connection to the surrounding community.
- Utilize academic student data and assessment measures that reflect learning growth of mindset, modalities, and demonstration of academic and social-emotional proficiency.
- Continuously engage in professional learning communities driven by discipline data and research that leads to collaborative planning, alignment and sustaining best practices.
- Work collaboratively with community based organizations to support and meet all of our families' needs
- Work with parents as co-creators of our school to provide culturally responsive and rigorous learning experiences

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P. S. 94, The Henry Longfellow, is a K-5 elementary school located in Sunset Park, Brooklyn. We have a culturally and linguistically diverse student population of close to 1000 students of which 49% are English Language Learners, and 13% are students with disabilities. We offer Dual Language programs in Spanish and Chinese in grades K-5. Our dual language programs affirm student identity and are exposed to content skills as well culturally relevant curricula. PS 94 is a school that prioritizes social and emotional learning in our instructional practice and school culture in order ensure that our students are engaging in their academic studies with a growth mindset and the goal of inspiring a generation of future advocates for justice. We acknowledge that children learn best when their emotional needs are met and that conflicts or incidents will occur when those needs are not being met.

Instructional Focus

Instructional Foci- Small group instruction: Teachers are to analyze student data, provide differentiated scaffolds and supports tailored to meet the learning needs of our students for effective and equitable small group instruction. Providing equity while teaching, learning, assessing, and monitoring student progress Teachers will provide a safe and affirming learning environment for students by getting to know them as individuals and learners so that all students are engaged and challenged.
Fostering student agency in learning Teachers will partner with families and students to foster a growth mindset, leading to independence and intrinsically motivated achievement of academic and personal goals.
Core Values
Scholarship
Respect
Resilience
Empathy
Communication
Responsibility

We will create a student centered learning environment that will follow the Culturally Responsive Sustaining Framework five pursuits: identity, skills, intellect, criticality and joy. We will ensure the principles are grounded in the school's vision whether the students are learning at 94I.

To meet our instructional goal:
- Teachers and coaches will collaborate during ELA and Mathematics to provide academic intervention to students in the classroom.
- Teachers will continue to use ongoing checks for understanding and student self-assessments.
- Teachers will continue to revisit skills, strategies and scaffolds that would provide multiple entry points for all students, including English language learners and students with disabilities.
- Teachers will continue to monitor student progress through student goals, small group instruction, station teaching, formative and summative assessments, conferences and student portfolios.
- Teachers' support will be a combination of in-person conferences as well as asynchronous tasks and learning experiences that will include the use of technology.
- Teachers will use rubrics in all content areas and reading and writing learning progressions to provide actionable and meaningful feedback to all students.
- Teachers will track student progress in all four modalities of language aligned to New York State Next Generation Learning Standards and content areas by using checklists, rubrics, beginning and end of unit assessments.
- Teachers will build intentional interactions with target words and their features, during listening, speaking and reading learning activities, and use writing as a method for practicing using the target words.
- School Leaders will continue to track progress of teacher practice through the Danielson Framework.
- School leaders will continue to develop teacher pedagogy from a coherent set of beliefs about how students learn best.
- School leaders will monitor student progress as measured by student portfolios and conferring notes.
- Students will have meaningful conversations about their understanding of the given task.

- Students will produce meaningful and authentic work products.
- Parents will support the school community by ensuring the child completes homework assignments, including projects and meets regularly with their child's teacher.

Inclusive Curriculum and Assessment-
• We will provide a curriculum that includes content area learning and social-emotional learning. For grades K-5, content area learning will include modified units from Into Reading, Arriba La Lectura curricula from Houghton Mifflin Harcourt for our dual language programs, Eureka squared Math, Amplify Science, Passports and Civics for All.
• Students will have access to the following supplemental resources: Raz Kids, Rosetta Stone, SumDog, i-Ready, Exemplars, i-Chinese Reader.
• We will include alternative achievement metrics to measure academic skills as well personal growth through the C.A.S.E.L. competencies.
• Formative Assessments measure student performance on specific student expectations immediately following instruction to inform a teacher's instructional choices, adjustments to unit plans, or changes to lessons.

Briefly summarize the key initiatives your school will implement this school year.

At the school and community level, PS 94 staff is charged with carrying out the District 15 mission of providing students with equitable opportunities for success through actionable steps that ensure staff, families and the community are active partners. The staff ensures that teaching and instruction are aligned with students' needs, strengths, experiences, interests, and cultural/linguistic assets. The staff engages and supports parents by collaborating with community-based organizations to ensure families' needs are met so that they can take a more participatory role in the education of their children. Finally, by creating rich, culturally relevant, and challenging learning opportunities for students, staff members are preparing students to become advocates for a more just society that will promote community-based solutions to global and national problems. Through our three instructional foci, PS 94 staff is delivering high academic achievement that is responsive to student needs, culture, interests, strengths, and experiences; our instruction and environment are tailored to empower and educate students so that they may apply their learning to advocate for a just, fair, and equitable society. By partnering with families and the community we are ensuring that collaboration and shared visions for student success are guiding every aspect of the PS 94 school community.
- The ILT and the Equity Committee will focus on finding meaningful ways to engage all students and families in a culturally relevant and inclusive manner. By supporting the multi-perspective, social-emotional learning will take place in our school and create a climate that is welcoming to all families, the committee by creating a school culture steeped in the values necessary for student success. ILT Initiatives:
    - Data Analysis and CEP Goals
    - Small Group Instruction and Scaffolds
    - Equitable Assessments and Digital Portfolios
    - Student Council
        - Participatory Budget
    - Debate Team
    - Equity Youth Congress
    - Student Learning
    - Sustainability
- PS 94 instructional foci will continue to be real time data analysis to provide differentiated instruction through small Group Instruction at the students' ZPD
- PS 94 through an inquiry process continues to understand, unpack, analyze and plan to develop teachers and students tools to progress monitoring the learning and mastery of skills during instruction.
- By implementing Passports to Social Studies, Civics for All, Social-Emotional CASEL Competencies, and the

Historically Responsive Literacy (HRL) Framework we will prepare our students to be productive citizens of a global community and to nurture and promote global awareness.
- Departmentalized Social Studies and STEM Collaborative Periods to provide academic intervention supports during project based learning. PS 94 will partner with families and invite families and community members, when pertinent, to enrich our project based learning and instructional activities.
- Adult Collaboration-Working with our staff and D15 Instructional Support team in continuing to develop assessments and monitoring of learning that is equitable and responsive to students' identity and learning styles.
- Continue to communicate and engage with families to get to know our students well to provide support and scaffolds. Provide translations as necessary.
- Continue to design inclusive social-emotional learning and content area instruction where all students see themselves represented and affirmed. Continue to design explicit social-emotional learning instruction.
Continue to work collaboratively to explicitly teach how all our languages of instruction work. Continue to provide opportunity for students to develop metalinguistic connections in our dual language programs.
We are working on finding content area teaching connections between HMH and our content areas (STEM and Social Studies)

Community Services Initiatives to Address Basic Needs
Partnership with China Institute-workshops for parents and students
Immigration workshops
Workshops to faster employment-popbread kitchen
Food Pantry
Food Distribution Events
Clothing Boutique
Washing Dryer Room
STH students receive materials based on STH Survey
Medical Services: Health Clinic, Mental Health Clinic and Dental Clinic for all students and families. Vision Screening services with free glasses provided.
At risk mental health services
Partnerships with Together Growing Strong, ParentCorps, Center for Family Life, Chinese Planning Council, Stop and Shop, Sunset Park Coalition, and local agencies such as Hot Bread Kitchen and NYU Langone BASIS Pilot Program (Building Access to food through Systems and Solidarity).
Students in Temporary Housing receive additional school supplies, materials, and resources in addition to priority use of school-based laundry facilities and Success Mentor Program
Partnerships with Arcadia Earth, Office of Arts, Brooklyn Botanical Garden Project Green Reach, Atlantic 10 Sports Organization, Road Runners Organization to support access to enrichment opportunities, cultural events, and the arts.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA (Reading,	K-5	HMH Into Reading	Curricula for grades K-5 that provides direct instruction and guided practice in foundational skills, vocabulary, reading, writing and

Writing, Grammar, and Foundational Skills)			grammar. This curriculum is thematic, and skill based allowing our teachers to modify it as per the needs of our students. Texts are culturally relevant and diverse, making the learning experiences of our students more inclusive, more culturally responsive and more supportive of special populations (SWDs, and MLLs). We continue to adapt the small group instruction, literacy centers and independent practice based on students' learning needs. Additionally, we adapt assessments to bring student growth into focus. Additionally, each module has a PBL that we continue to adapt to create student choice and voice, where students work on projects that are meaningful and relevant to their culture, their lives, and their future. We will continue with an interdisciplinary approach with PBLs through Social Studies and Science by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills.
ELA (Reading, Writing, Grammar, and Foundational Skills)	k-5	HMH Arriba La Lectura	Curricula for our Spanish Dual Language programs. This curriculum is thematic, and skill based allowing our teachers to be able to modify it as per the needs of our students. Spanish texts are authentic selections that are culturally relevant and diverse, making the learning experiences of our students more inclusive, more culturally responsive and more supportive of special populations (SWDs, and MLLs). We continue to adapt the small group instruction, literacy centers and independent practice based on students' learning needs in the home language, to ensure that students have access to enrichment lessons in Spanish academic language. We will continue with an interdisciplinary approach with PBLs through Social Studies and Science by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills.
ELA (Phonemic awareness and Phonics)	K-2	Heggerty	Phonemic awareness program in English for all our classrooms and in Spanish for our Spanish dual language programs. Heggerty is a phonemic awareness program that provides students with repeated practice to help develop phonological and phonemic awareness skills. Throughout the lessons, students learn to isolate sounds, blend, segment and manipulate large units of language and individual sounds in spoken words. The instructional focus is on the phonemes or sounds we hear in words. The lessons are an oral auditory warm up to phonics instruction, Into Reading foundational skills.
Mathematics	K-5	Eureka Math Squared and Exemplars	We have adapted the curricula with student materials and teacher resources to make the learning experiences of our students more inclusive, more culturally responsive and more supportive of special populations (SWDs, and MLLs). For the 2023-2024 school year, we will implement Eureka Math Squared. Teachers will have access to print and digital resources. Eureka Math Squared provides SWOA's and MLLs with increased opportunities for

			intentional student discourse and deliberate engagement. The Eureka Math Squared program will supports teachers to deliver and students to learn the following: - establish a foundational understanding of mathematics (the why) rather than only relying on procedural skills (the how) -strengthen reasoning and critical-thinking skills -develop a productive struggle by addressing the variability of all learners through the Universal Design for Learning principles that are explicitly provided in all lessons. Additionally we continue to adapt Gholdy Muhammad's Historically Responsive Literacy Framework to include the 5 pursuits (skills, intellect, identity, criticality, and joy) to cultivate the geniuses of all our students. For the 2023-2024 school year, we will continue to collaborate with Social Studies and STEM departments. Through this collaboration, we will foster an interdisciplinary approach that focuses on PBLs. As students engage in authentic projects of their choice, they will be provided opportunities to extend topic knowledge by engaging in deeper research and develop authentic project showcases. In addition to students developing content reading, writing, listening and speaking skills, they will also understand and integrate the authenticity of real-life mathematical connections and skills that align to the authentic projects of their choice.
Science-STEM	K-5	Amplify Science	We have adapted the curricula with student materials and teacher resources to make the learning experiences of our students more inclusive, more culturally responsive and more supportive of special populations (SWDs, and MLLs) PS 94 has a STEM department that focuses the teaching of science through PBL by engaging students in a relevant, real-world problem where they investigate scientific phenomena, engage in collaboration and discussion, and develop models or explanations in order to arrive at solutions. We will continue with an interdisciplinary approach with PBLs through Science by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills. Using inquiry and research through interdisciplinary curriculum, learners will use their thinking skills to formulate questions about the world, find appropriate and accurate information, and make thoughtful judgments about their findings. Additionally we have been working with Gholdy Muhammad to adapt our curricula to the Historically Responsive Literacy Framework to include the 5 pursuits (skills, intellect, identity, criticality, and joy) to cultivate the geniuses of all our students. To align the practice, we have assessed and modified our mentor texts and our libraries to become more culturally responsive and engaging to the students and families we serve.
Social Studies	K-5	Passports, Civics for all	We have adapted the curricula with student materials and teacher resources to make the learning experiences of our students more inclusive, more culturally responsive and more supportive of special populations (SWDs, and MLLs) PS 94 has a Social Studies department that focuses on collaboratively teaching relevant and

			culturally responsive learning activities to all our students. We are adapting units and PBL tasks to make learning experiential. Students will experience the learning by participating in trips and collaborative projects that allow for all students to learn together. We will continue with an interdisciplinary approach with PBLs through Social Studies by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills. Using inquiry and research through interdisciplinary curriculum, learners will use their thinking skills to formulate questions about the world, find appropriate and accurate information, and make thoughtful judgments about their findings.The Social Studies curriculum will continue to be modified and updated to make it culturally relevant and more engaging to all students at PS 94. Additionally we have been working with Gholdy Muhammad to adapt our curricula to the Historically Responsive Literacy Framework to include the 5 pursuits (skills, intellect, identity, criticality, and joy) to cultivate the geniuses of all our students. To align the practice, we have assessed and modified our mentor texts and our libraries to become more culturally responsive and engaging to the students and families we serve. We will also continue to integrate Mathematics in our Social Studies PBLs to provide students the opportunity to use content learned in math and apply it while working in Social Studies.
ELA (Phonemic awareness and Phonics)	K-5	Edwards-Orton Gillingham	This year, our school is making a significant investment in foundational literacy by enhancing phonics instruction across selected classrooms in grades K-5. Recognizing the critical role that early reading skills play in long-term academic success, we are proud to announce the integration of the Edwards-Orton Gillingham (EOG) approach into our core literacy framework. The Edwards-Orton Gillingham method is a research-based, multisensory instructional approach to teaching phonics and word recognition. Rooted in the original Orton-Gillingham principles, the EOG method combines direct, explicit, and systematic instruction in phonemic awareness, decoding, encoding, and fluency. It is particularly effective for diverse learners, including students with reading difficulties such as dyslexia, but benefits all students by providing a strong and structured foundation in the English language. This year, selected classroom teachers in grades K-5 will receive specialized professional development in the EOG approach. The training emphasizes how to implement multisensory phonics techniques in a way that aligns with both Tier 1 (core classroom instruction) and Tier 2 (targeted small group interventions) of our Multi-Tiered System of Supports (MTSS). Tier 1 Implementation: In Tier 1, the EOG method will be integrated into daily whole-class literacy blocks. Teachers will use structured lesson routines and multisensory activities that engage visual, auditory, and kinesthetic pathways to help all students master foundational reading skills. This ensures consistency, continuity, and fidelity across classrooms while addressing the diverse needs of learners within the general education setting. Tier 2 Implementation: For students

			requiring additional support, the EOG approach will also be used in Tier 2 small-group interventions. These sessions will be more intensive and individualized, reinforcing skills taught in the core program and closing learning gaps through focused practice and corrective feedback. This dual-layer implementation will ensure that phonics instruction is not only consistent and high-quality across classrooms, but also responsive to the varying needs of our learners. We believe that investing in the Edwards-Orton Gillingham approach will strengthen early literacy outcomes and empower every student to become a confident, capable reader. We will monitor progress through ongoing formative assessments, classroom observations, and teacher feedback, ensuring that implementation remains strong and that student needs are met with fidelity.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13%. –SWOAs Grades 3-5: decreased from 9% to 7%. By June, 2026,	Evidence indicates that students demonstrate a broad range of strengths and needs, particularly in language acquisition and content-specific skills. To address these disparities, it is essential to elevate Tier 2 small group instruction tailored to each student's zone of proximal development. Strengthening Tier 2	(1) Our priority is to leverage current student data to plan and deliver instruction aligned to each learner's zone of proximal development, ensuring targeted support that meets students where they are and promotes academic growth.

elementary school ELA for all students will increaser 5% 52.7% to 57.5%, as measured by NYS ELA Exam. By June, 2026, elementary school ELA for English language learners will increase 5% 18.6% to 23% as measured by the NYS ELA Exam. By June, 2026, elementary school ELA for students with disabilities will increase 5% from 6.5% to 11.5%, as measured by NYS ELA Exam. NYS ELA Test 2025 NYS ELA Test 2025 All students Grade 5 (students are currently in Grade 6) Proficient 52.4% Level 3 and 4 52.4% Level 2 17.9% Level 1 29.7% All students Grade 4 (students are currently in Grade 5) Proficient 51.1% Level 3 and 4 51.1% Level 2 24.1% Level 1 24.8% All students Grade 3 (students are currently in Grade 4) Proficient 54.4% Level 3 and 4 54.4% Level 2 15.7% Level 1 29.9% All students Proficient 53% Level 3 and 4 53% Level 2 19% Level 1 28% 2025 - 2026 MAP Reading Screener 3-5: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 24% to 29 %, as measured by BOY MAP Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 1% to 6%, as measured by BOY MAP Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 4% to 9%, as measured by BOY MAP Reading Screener (September 2025). 2025 - 2026 Acadience Reading Screener K-2: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 33% to 38%, as measured by BOY Acadience Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 19% to 24%, as measured by BOY Acadience Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 16% to 21%, as measured by BOY Acadience Reading Screener (September 2025).	instruction is key to closing learning gaps, reinforcing foundational skills, and accelerating progress for students below grade level. Data guiding these goals reflect both English language development for multilingual learners and skill-based proficiency for English-proficient students, including those at Levels 3 and 4—underscoring the need for both targeted remediation and academic enrichment.	
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All	PS 94 has identified a critical need to strengthen instructional practices that	(2)To address the diverse literacy needs of students and support early reading success, our instructional

Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 4% to 9%, as measured by BOY MAP Reading Screener (September 2025). 2025 - 2026 Acadience Reading Screener K-2: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 33% to 38%, as measured by BOY Acadience Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 19% to 24%, as measured by BOY Acadience	build students' phonological and phonemic awareness—key metalinguistic skills foundational to early reading development and decoding success. While this represents only one component of the broader Science of Reading, explicit instruction in these areas remains essential for all students, particularly those in Grades 3–5 who continue to struggle with word recognition, decoding accuracy, and reading fluency. Current data reveal persistent gaps in students' ability to recognize, manipulate, and apply sound-symbol correspondences and sound patterns of the English language. These gaps are evident in areas such as letter-sound correspondence, phonograms, CVC words, blends, digraphs, high-frequency words, and spelling. To address these challenges, there is a pressing need for explicit, systematic, and metalinguistically informed instruction during the ELA block and in small-group settings. Instruction must focus on isolating, blending, segmenting, and manipulating both large units of language and individual phonemes to support fluency, accuracy, and decoding. Strengthening these skills —especially for upper elementary students who may have missed foundational instruction—is vital to unlocking complex	priority is to provide targeted, systematic foundational skills instruction aligned to Orton-Gillingham Level 1 (Grades K–2) and Level 2 (Grades 3–5) in selected classrooms. As well as provide targeted, systematic foundational skills instruction aligned to HMH Structured Literacy framework. Foundational skills instruction in Grades K–2 emphasizes the application of phonemic awareness, phonological instruction, phonics, word analysis, fluency, and high-frequency word recognition. Focus on: 1:1 letter-sound correspondence, including short vowel sounds Letter-sound relationships for blends and digraphs Decoding of short and long vowel sounds in regularly spelled one-syllable words Decoding of two-syllable and multisyllabic words using basic syllable patterns Transitioning from CVC words to complex orthographic patterns Identifying and understanding root words, prefixes, and suffixes (e.g., walk/walked) Reading all common high-frequency words by sight Engaging in phonemic and phonological awareness activities Developing decoding and encoding skills through structured practice Using decodable texts aligned with taught letter-sound relationships Strengthening oral language and word recognition strategies Students in Grades 3–5 continue to receive daily, explicit, and systematic instruction in foundational skills to strengthen reading accuracy, automaticity, and fluency. Focus on: Decoding advanced phonetic elements, word features, and orthographic patterns Building fluency through multi-syllabic word reading Developing awareness of spelling patterns and morphology. Applying word study strategies to improve comprehension and vocabulary development

Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 16% to 21%, as measured by BOY Acadience Reading Screener (September 2025).	texts and closing long standing reading gaps.	
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13%. –SWOAs Grades 3-5: decreased from 9% to 7%. 2025 - 2026 Acadience Reading Screener K-2: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 33% to 38%, as measured by BOY Acadience Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 19% to 24%, as measured by BOY Acadience Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 16% to 21%, as measured by BOY Acadience Reading Screener (September 2025).	PS 94 has identified a critical need to elevate Tier 2 instruction through targeted, skill-based small groups. There is a need for explicit instruction in vocabulary, fluency, reading comprehension strategies, grammar, and writing craft. Equally important is the effective use of ongoing progress monitoring to guide instructional decision-making. Frequent and systematic data collection is essential to inform the design of responsive, Tier 2 interventions and to ensure that instruction is tailored to students' evolving needs. This continuous cycle of assessment, analysis, and targeted instruction is foundational to accelerating student growth and closing skill gaps.	(3)Targeted Tier 2 small group instruction is designed to meet students at their zone of proximal development by addressing specific skill deficits and accelerating literacy growth. Instruction will be data-informed, structured, and responsive to individual student needs. Kindergarten – Tier 2 Focus Integrate decoding skills while reading independently to support comprehension Read beginning reader texts with sufficient accuracy and fluency to aid understanding Grade 1 – Tier 2 Focus Integrate decoding skills while reading independently to comprehend texts Read connected text fluently—with accuracy, automaticity, and appropriate prosody Use context to confirm or self-correct word recognition and understanding Re-read text to enhance comprehension Grade 2 – Tier 2 Focus Read connected text fluently—with accuracy, automaticity, and appropriate prosody Use context to confirm or self-correct word recognition and understanding Re-read to support deeper comprehension of text Grade 3 – Tier 2 Focus Read high-frequency words by sight to improve automaticity Use context clues to determine the meaning of unfamiliar words and phrases Integrate decoding skills to support independent reading comprehension Use context to confirm or self-correct word recognition Identify the main idea and explain how key details support it Retell stories, including key details and central message Grade 4 – Tier 2 Focus Use context clues to confirm or self-

		correct word recognition and understanding Summarize texts, identifying main ideas and supporting details Draw inferences based on textual evidence Determine the theme from key details in a text Grade 5 – Tier 2 Focus Use context clues to determine the meaning of words and phrases, including figurative language Determine the theme using supporting details Summarize texts with clear identification of main ideas and key details Compare and contrast characters, settings, or events within a text Compare and contrast the overall structure of ideas or events in two or more texts Analyze an author's claim, citing reasons and evidence to support argument
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13%. –SWOAs Grades 3-5: decreased from 9% to 7%. By June, 2026, elementary school ELA for all students will increaser 5% 52.7% to 57.5%, as measured by NYS ELA Exam. Teachers are incorporating scaffolds and differentiated strategies, but there is still room to deepen expertise in applying second language acquisition theory to daily instruction. Additionally, while oral language opportunities and some progress monitoring tools are in use, their integration across content areas and small group instruction is inconsistent. Strengthening these	(4)There is a need to provide targeted, skill-based small group instruction for Entering and Emerging English Language Learners through the intentional design and delivery of explicit, differentiated instruction based on students' language acquisition levels and academic performance data. Ongoing progress monitoring must be used to inform instruction, support language development, and improve academic achievement.

Proficient 54.4% Level 3 and 4 54.4% Level 2 15.7% Level 1 29.9% All students Proficient 53% Level 3 and 4 53% Level 2 19% Level 1 28% 2025 - 2026 MAP Reading Screener 3-5: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 24% to 29 %, as measured by BOY MAP Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 1% to 6%, as measured by BOY MAP Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 4% to 9%, as measured by BOY MAP Reading Screener (September 2025). 2025 - 2026 Acadience Reading Screener K-2: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 33% to 38%, as measured by BOY Acadience Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 19% to 24%, as measured by BOY Acadience Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 16% to 21%, as measured by BOY Acadience Reading Screener (September 2025).	practices through strategic, schoolwide efforts will ensure instruction is responsive, language-rich, and fully aligned to the evolving needs of multilingual learners.	
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13%. –SWOAs Grades 3-5: decreased from 9% to 7%. By June, 2026, elementary school ELA for all students will increaser 5% 52.7% to 57.5%, as measured by NYS ELA Exam. By June, 2026, elementary school ELA for English language learners will increase 5% 18.6% to 23% as measured by the NYS ELA Exam. By June, 2026, elementary school ELA for students	Although PS 94 provides small group instruction for English Proficient learners, there is a continued need to strengthen educators' understanding of how to deliver targeted, skill-based instruction that leverages students' language strengths in ways that are both intentional and rigorous. EP students possess full command of English, allowing them to access and manipulate language to engage in deeper meaning-making. Instruction should therefore emphasize academic discourse, vocabulary,	(5) There is a need to provide targeted, skill-based small group instruction for English Proficient learners that is explicit, differentiated, and aligned to individual academic performance data. Progress monitoring of student outcomes should guide instructional adjustments to ensure sustained academic growth and improved achievement across content areas.

with disabilities will increase 5% from 6.5% to 11.5%, as measured by NYS ELA Exam. NYS ELA Test 2025 NYS ELA Test 2025 All students Grade 5 (students are currently in Grade 6) Proficient 52.4% Level 3 and 4 52.4% Level 2 17.9% Level 1 29.7% All students Grade 4 (students are currently in Grade 5) Proficient 51.1% Level 3 and 4 51.1% Level 2 24.1% Level 1 24.8% All students Grade 3 (students are currently in Grade 4) Proficient 54.4% Level 3 and 4 54.4% Level 2 15.7% Level 1 29.9% All students Proficient 53% Level 3 and 4 53% Level 2 19% Level 1 28% 2025 - 2026 MAP Reading Screener 3-5: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 24% to 29 %, as measured by BOY MAP Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 1% to 6%, as measured by BOY MAP Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 4% to 9%, as measured by BOY MAP Reading Screener (September 2025). 2025 - 2026 Acadience Reading Screener K-2: Goal 1: By June, 2026, elementary school ELA for all students will increase 5% from 33% to 38%, as measured by BOY Acadience Reading Screener (September 2025). Goal 2: By June, 2026, elementary school ELA for English language learners students will increase 5% from 19% to 24%, as measured by BOY Acadience Reading Screener (September 2025). Goal 3: By June, 2026, elementary school ELA for students with disabilities will increase 5% from 16% to 21%, as measured by BOY Acadience Reading Screener (September 2025).	figurative language, and advanced comprehension strategies rather than foundational language development. While teachers are using academic data to form groups, instructional planning does not always align with individual skill-based needs or capitalize on students' verbal and written fluency to deepen analysis, critical thinking, and metacognitive reflection. These learners benefit from complex, text-based tasks that promote synthesis, evaluation, and argumentation, as well as instruction that builds their capacity to analyze genre, style, author's intent, and text structure. However, instructional adjustments are not consistently driven by real-time progress monitoring, which limits responsiveness to students' evolving academic needs. There is a need for more strategic use of formative assessments and student work analysis to inform instruction that advances both foundational literacy and higher-order thinking skills. Elevating teacher expertise in using language strengths to design differentiated enrichment opportunities will ensure English Proficient learners continue to make meaningful academic gains across all content areas.	

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52.7	By June, 2026, literacy for All Students will improve, as measured by a 5 Increase, from 52.7 to 57.5, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.
English Language Learners (ELL)	18.6	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 5 Increase, from 18.6 to 23, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.
Students with Disabilities (SWD)	6.5	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5 Increase, from 6.5 to 11.5, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

26% percent of students scoring at grade or above grade level (level 3 & level 4) in grades k-2 and 14% percent of students scoring at grade or above grade level (level 3 & level 4) in grades 3-5

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance Progress Monitoring (Sept. 2025 – June 2026):
- Monitor student attendance and punctuality to minimize learning disruptions

Professional Development and Collaboration (Sept. 2025 – June 2026):
- Engage teachers in structured PD through grade meetings and instructional coaching cycles,
- Build teacher capacity to analyze ELA performance data, identify priority skills as well as zone of proximal development, plan small-group Tier 2 and Tier 3 small-group interventions with explicit modeling, visual supports, language scaffolds and evidence-based literacy routines rooted in the Science of Reading.
- Coordinate common planning time with teachers and coaches to design ZPD-aligned small group instruction based on the school's instructional focus
- Plan professional development sessions to align differentiated instructional practices with HMH resources

ELA Instructional Design:
- Support teachers in sequencing ELA instruction logically, by breaking down chunking complex literary skills, and embedding phonemic awareness, decoding, fluency, vocabulary, and experiential learning tasks aligned to the Science of Reading
- Unpack ELA academic language, explicitly teaching vocabulary in context, and structured academic talk routines and comprehension components.
- Implement Orton-Gillingham instruction in selected classrooms, with a focus on phonics and morphology
- Ensure daily implementation of Heggerty and Structured Literacy across all classrooms

Content and Language Integration in ELA:
- Use student language proficiency data to plan differentiated content and embed language objectives into ELA instruction (e.g., using sentence frames, vocabulary banks, and oral rehearsal strategies) across reading and writing tasks.
- Incorporate scaffolds such as sentence frames, word banks, interactive read-alouds, and oral rehearsal strategies to support multilingual learners. Emphasize the integration of content knowledge (e.g., science and social studies themes) within literacy tasks to deepen conceptual understanding and engage diverse learners.

Data-Driven MTSS Cycles:
- Implement data trackers and formative assessments to monitor literacy growth in real time.

- Use progress-monitoring data to refine instructional groups, increase intervention frequency or intensity, and align supports to the specific decoding, fluency, or comprehension needs of students—particularly those with IEPs or identified language needs. Ensure interventions align with SMART IEP goals and English language proficiency targets.

Vertical and Cross-Content Planning:
- Facilitate cross-grade and interdisciplinary collaboration to align ELA standards, vocabulary development, and academic language routines, and instructional strategies.
- Develop performance tasks and experiential learning opportunities that embed reading, writing, and oral language opportunities tied to real-world themes, ensuring coherence and continuity of literacy instruction from grade to grade.
- Facilitate weekly vertical team meetings for special education staff to address IEP goals and student needs
- Support planning and implementation of specially designed instruction (SDI) as outlined in students' IEPs

Root Cause Addressed:

Evidence indicates that students demonstrate a broad range of strengths and needs, particularly in language acquisition and content-specific skills. To address these disparities, it is essential to elevate Tier 2 small group instruction tailored to each student's zone of proximal development. Strengthening Tier 2 instruction is key to closing learning gaps, reinforcing foundational skills, and accelerating progress for students below grade level. Data guiding these goals reflect both English language development for multilingual learners and skill-based proficiency for English-proficient students, including those at Levels 3 and 4—underscoring the need for both targeted remediation and academic enrichment.

PS 94 has identified a critical need to strengthen instructional practices that build students' phonological and phonemic awareness—key metalinguistic skills foundational to early reading development and decoding success. While this represents only one component of the broader Science of Reading, explicit instruction in these areas remains essential for all students, particularly those in Grades 3–5 who continue to struggle with word recognition, decoding accuracy, and reading fluency.
Current data reveal persistent gaps in students' ability to recognize, manipulate, and apply sound-symbol correspondences and sound patterns of the English language. These gaps are evident in areas such as letter-sound correspondence, phonograms, CVC words, blends, digraphs, high-frequency words, and spelling.
To address these challenges, there is a pressing need for explicit, systematic, and metalinguistically informed instruction during the ELA block and in small-group settings. Instruction must focus on isolating, blending, segmenting, and manipulating both large units of language and individual phonemes to support fluency, accuracy, and decoding. Strengthening these skills—especially for upper elementary students who may have missed foundational instruction—is vital to unlocking complex texts and closing long standing reading gaps.

PS 94 has identified a critical need to elevate Tier 2 instruction through targeted, skill-based small group. There is a need for explicit instruction in vocabulary, fluency, reading comprehension strategies, grammar, and writing craft. Equally important is the effective use of ongoing progress monitoring to guide instructional decision-making. Frequent and systematic data collection is essential to inform the design of responsive, Tier 2 interventions and to ensure that instruction is tailored to students' evolving needs. This continuous cycle of assessment, analysis, and targeted instruction is foundational to accelerating student growth and closing skill gaps.

While PS 94 has established foundational practices to support Entering and Emerging English Language Learners, there remains a need for greater consistency and intentionality in the use of language acquisition data to inform instruction, create opportunities for purposeful academic language development alongside content mastery. Teachers are incorporating scaffolds and differentiated strategies, but there is still room to deepen expertise in applying second language acquisition theory to daily instruction. Additionally, while oral language opportunities and

some progress monitoring tools are in use, their integration across content areas and small group instruction is inconsistent. Strengthening these practices through strategic, schoolwide efforts will ensure instruction is responsive, language-rich, and fully aligned to the evolving needs of multilingual learners.

Although PS 94 provides small group instruction for English Proficient learners, there is a continued need to strengthen educators' understanding of how to deliver targeted, skill-based instruction that leverages students' language strengths in ways that are both intentional and rigorous. EP students possess full command of English, allowing them to access and manipulate language to engage in deeper meaning-making. Instruction should therefore emphasize academic discourse, vocabulary, figurative language, and advanced comprehension strategies rather than foundational language development. While teachers are using academic data to form groups, instructional planning does not always align with individual skill-based needs or capitalize on students' verbal and written fluency to deepen analysis, critical thinking, and metacognitive reflection. These learners benefit from complex, text-based tasks that promote synthesis, evaluation, and argumentation, as well as instruction that builds their capacity to analyze genre, style, author's intent, and text structure. However, instructional adjustments are not consistently driven by real-time progress monitoring, which limits responsiveness to students' evolving academic needs. There is a need for more strategic use of formative assessments and student work analysis to inform instruction that advances both foundational literacy and higher-order thinking skills. Elevating teacher expertise in using language strengths to design differentiated enrichment opportunities will ensure English Proficient learners continue to make meaningful academic gains across all content areas.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning Cycles: Teachers will engage in ongoing professional development through grade meetings, instructional coaching, content area departments, ENL department sessions, and HMH and OG led training.
Collaborative Instructional Planning: ENL staff, administrators, and ELA coaches will meet weekly to analyze literacy data, identify priority skills, and design learning experiences that include explicit instruction, differentiated scaffolds, and progress monitoring tools for all learners.
Integration of Literacy Across Content Areas: Content area departments will collaborate with administrators and coaches to develop grade-level instructional maps that integrate literacy skills with content knowledge through experiential learning.
Targeted Intervention Development: Grade teams, administrators, and ELA coaches will design small-group interventions focused on research-based practices to strengthen phonological and phonemic awareness.
MTSS Implementation and Monitoring: The MTSS team—including administrators, coaches, ENL and content area staff, and the SEL coach—will meet weekly to monitor instructional cycles of support and track measurable outcomes in student progress and instructional practice.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

* Advance Danielson framework observations with a focus on 1a, 1e and 3d
* Analyzing online end of module HMH assessments grades 2 - 5.
* Administration and instructional coaches walkthroughs
* Professional Development Learning Teachers and coaches (eg. Mondays and 6th Prep) to analyze data, plan for tier 1, 2, and 3 targeted support in ELA (phonics reading and writing) in Mathematics and in all four modalities of language (reading, writing, speaking, and listening.
* Weekly meetings followed by a debrief with instructional flagged classrooms
* Analysing data through formative assessments every five weeks during teachers 6th prep
* Teacher exit tickets using feedback to develop/revise future meetings

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/15/2025	04/15/2026	Focus: Using Edwards Orton Gillingham Practices to Support Struggling Readers at Home Workshop Series Title: Reading Together- Building Stronger Readers at Home Workshop 1: Understanding How Children Learn to Read Workshop 2: Making Reading Fun at Home Workshop 3: Supporting Struggling or Reluctant Readers Workshop 4: Vocabulary and Comprehension Through Conversation	Time: 8:30 AM Assistant Principal: Rose Rodriguez ENL Teacher: Lu Zhang ELA Coaches

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Instructional coaches, SEL/Equity Coach, Grade Leaders, Classroom teachers, Paraprofessionals, Teaching Matters Coach, Edwards Orton Gillingham Coach

Instructional Resources

HMH Into Reading Curriculum with Structured Literacy (Paper and Digital Resources) Heggerty Phonics Edwards Orton Gillingham Training (EOG) Staff, grade and individualized meetings Curriculum Maps 2025 End of Year Data, Data Trackers MTSS Instructional Coaching Cycles

Schedule Adjustments

In addition to the flow of the day, we will provide MTSS tier intervention, before and after school academic programs and Saturday academy as per the needs of the students

Other Resources Needed

DOE professional development sessions, District 15 Office professional support, additional professional development sessions.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
From July 2024 to June 2025, PS 94 reported 102 Level 1–5 incidents. Of these, 60 were Level 4 (primarily aggressive behavior and bullying), and 29 were Level 3 (including minor altercations). (OSYD Portal, 2024-2025)	Inconsistent implementation of proactive SEL strategies and behavior intervention systems across classrooms. Lack of embedded, schoolwide conflict-resolution routines.	Consistent, schoolwide integration of CASEL core competencies, restorative practices, and SEL-aligned classroom management techniques.
41 incidents were due to Level 4 physically aggressive behavior	Limited targeted social-	Increased SEL

(A33), and 15 incidents were tied to bullying and intimidation (A36). (Infraction Code Summary, OSYD, 2024-2025) According to the 2023–2024 School Survey, 34% of responding teachers reported that bullying occurs most of the time at PS 94. In the 2024–2025 School Survey, 30% of teachers reported that bullying occurs some or most of the time, showing a slight improvement in perceived peer-to-peer safety. Based on 2024–2025 OORS data, 15.69% of all recorded incidents at PS 94 were classified as A36 (harassment, bullying, intimidation) or A37 (sex-based harassment). This reflects a slight increase compared to 13.04% in 2023–2024 and 11.11% in 2022–2023, an area the school continues to address through expanded PBIS, de-escalation strategies, and a schoolwide SEL integration plan. (Teacher School Survey 2023-2024, 2024-2025; Level 1-5 Incidents by Infraction Type 2024-2025; 2022-2025 3-year LEVEL 1-5 incident & Suspension.)	emotional skill instruction in high-conflict locations such as the cafeteria and specific classrooms.	instruction and supervision during high-incidence times and in key school locations.
The cafeteria had the highest number of incidents (35 total). Multiple classrooms also showed recurring incidents. (Incident Location Summary, 2024-2025)	Supervision in high-traffic areas is reactive rather than proactive; staff may lack training on de-escalation or structured transitions.	Proactive supervision strategies and clear expectations during lunch and transitions in and out of classrooms.
Most incidents occurred between 10 AM–1 PM, with 28 incidents logged between 11–12 PM. (Hourly Report, 2024-2025)	Lack of support during lunch blocks and limited SEL practice in unstructured times.	SEL integration into midday routines and adult presence/support in common areas during peak hours.
Year-over-year comparison shows a rise in Level 4 incidents from 43 (2023–2024) to 60 (2024–2025), and an increase in Level 3 incidents from 39 to 29. While the total number of incidents decreased slightly overall (from 113 to 102), there was a notable increase in Level 4 aggressive behaviors, indicating a need for targeted interventions. (Source: 3-Year OSYD Level 1–5 Incident & Suspension Summary) According to the 2024–2025 teacher survey, teachers expressed concern regarding bullying at our school. More specifically, when asked, this is how our school pedagogues responded: Preventing Bullying 2023–2024 – Q1: "At this school, students harass, bully, or intimidate other students." None of the time/ Rarely: 66% Some of the time/ Most of the time: 34% Favorable responses: 66% (None of the time + Rarely) As per the 2024–2025 School Survey, 0% of responding teachers reported that bullying occurs most of the time. As per the 2024–2025 School Survey, 30% of responding teachers reported that bullying occurs some or most of the time. Preventing Bullying 2024–2025 – Q1: "At this school, students harass, bully, or intimidate other students." None of the time: 17% Rarely: 54% Some of the time: 30% Most of the time: 0% Favorable responses:	Absence of cohesive schoolwide Tier 1 behavior expectations and insufficient PD on trauma-informed practices.	Establishment of a MTSS-aligned PBIS framework and consistent SEL training for staff.

71% (None of the time + Rarely) (Teacher School Survey 2023-2024, 2024-2025)		
Data Source: Schoolwide Participatory Budget Voting Records & Student Council Logs 100% of PS 94 students in grades 3–5 participated in the Civics for All Participatory Budget vote, selecting proposals to improve school climate and lunchtime experiences. 5th-grade students participated in Capital Budget voting for Sunset Park and the Brooklyn Borough-Wide Participatory Budget initiative, indicating high levels of civic awareness and engagement at age 11. Student Leadership & Voice Initiatives (2024–2025) Data Source: Student Council Meeting Minutes & Projects Log The Student Council created and shared a schoolwide PSA advocating for inclusive lunchroom practices and supported the use of budget funds aligned with student needs. Student Council representatives regularly attended the D15 Equity Student Congress, contributing to district-wide conversations on school inclusivity and equity. Incident Reports – OSYD Data (2024–2025) Data Source: OSYD Portal Incident Summary A total of 102 Level 1–5 incidents were reported, with 60 classified as Level 4 (physically aggressive or intimidating behavior). This reflects a need for more proactive SEL and student-led culture-building initiatives that promote empathy, emotional regulation, and collaboration. 2024-2025 Promotion and expansion of Student Council to include representatives from 1st to 5th Grade 2024-2025 Student Council Youth Equity Council Representative for District 15 2024-2025 PS94 School Newspaper The Rise Chronicle participated in the Civics for All Participatory Budget vote, selecting proposals to improve school climate and lunchtime experiences. 5th-grade students participated in Capital Budget voting for Sunset Park and the Brooklyn Borough-Wide Participatory Budget initiative, indicating high levels of civic awareness and engagement at age 11. Ensure all staff receive mandated training on the NYC DOE Respect For All: Making School Safe and Supportive for All Students by October 31, 2023.
As per the NYC DOE Compliance Checklist for the 2025 - 2026 School Year	Ensure students have an understanding of what student to student discriminations, harassment, intimidation, and or bullying, and where to go for support.	Conduct student workshops on CR A-832 for K-5 using the Respect for All A-832 Elementary Students Powerpoints provided by NYC DOE.
As per the NYC DOE Compliance Checklist for the 2025 - 2026 School Year	Ensure students have an understanding of what sexual harassment is and where to go for support.	Conduct student workshops on CR A-831 using the NYC DOE K-5 PowerPoints All About Sexual Harassment

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	83	By June 2026, PS 94 will reduce the number of Level 3–5 OORS reportable incidents by 15%, from 95 incidents in 2024–2025 to 81 incidents, through a comprehensive schoolwide SEL framework, expanded PBIS practices, and targeted supervision improvements, as measured by OORS reporting and OSYD Portal data.
English Language Learners (ELL)	baseline	By June 2026, PS94 will increase the percentage of ELL students in grades 3–5 who report feeling emotionally safe and supported during unstructured times from baseline to at least 85%, as measured by the Spring 2026 SEL student survey.
Students with Disabilities (SWD)	baseline	By June 2026, PS94 will reduce the number of Level 3-5 behavioral incidents involving SWD's by 20% compared to 2024-2025 data, by implementing Tier I SEL routines.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a Schoolwide SEL Framework Integrated with PBIS

Root Cause Addressed:

Inconsistent SEL instruction and lack of proactive behavior supports in high-incidence areas

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Sept 2025 - Oct 2025 Re-establish Tier 1 PBIS expectations and visual cues in classrooms and common spaces
Sept 2025 - June 2026 Launch weekly SEL lessons using CASEL-aligned resources
Oct 2025 - June 2026 Conduct monthly behavior data reviews to identify trends and adjust interventions
Oct 2025 - Feb 2026 Provide de-escalation and trauma-informed PD to staff

Key Strategy 2 (Optional):

Improve Supervision and SEL Routines During Midday Hours

Root Cause Addressed:

High incidents in cafeteria and common areas between 11AM–1PM

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Sept 2025 - June 2026 Assign rotating SEL support staff to supervise cafeteria
Sept 2025 - Oct 2025 Develop lunchroom expectations matrix with student input
Oct 2025 - June 2026 Use restorative circles and peer mediation in lunch groups
Oct 2025 - June 2026 Schedule counselor-facilitated SEL breaks for high-need students

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the progress and effectiveness of our key strategies and action steps, PS 94 will use a combination of qualitative and quantitative data collection aligned to our instructional focus and SEL/PBIS priorities. The following structures will be implemented to assess impact on instruction, student learning, and school culture:
- Monthly PBIS and SEL Leadership Meetings: Review OSYD Portal incident data, behavior referral trends (OORS entries by time/location/infraction), and class-specific patterns to guide targeted Tier 1 and Tier 2 interventions.
- SEL Implementation Walkthroughs (K–5): Conduct monthly look-fors using an SEL-aligned observation tool to assess use of CASEL-aligned strategies in both classroom and non-instructional settings (e.g., lunchroom, recess, hallway transitions).
- Midday Supervision Logs & Behavior Tracking Sheets: School aides and SEL support staff will complete weekly supervision reflection logs to document student interactions, restorative practices used, and incidents managed.
- Student Voice & Belonging Surveys Administer SEL surveys twice per year (K–2 and 3–5 versions) to measure growth in students' sense of safety, empathy, self-regulation, and peer connection.
- Restorative Practices Logbook & Mediation Tracker: Monitor frequency, type, and outcomes of peer mediation and restorative circles facilitated during lunch periods and class meetings.
- Professional Learning Reflections: Track staff participation and feedback on trauma-informed care, de-escalation

training, and culturally responsive SEL implementation, with exit tickets and follow-up pulse checks.
- Progress Reporting Tool (PRT): All implementation progress will be documented and tracked through the iPlan Portal's Progress Reporting Tool during designated check-in cycles.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	10/31/2025	Ensure all Parents and Guardians are invited to attend training on the NYC DOE Behavioral Expectation (Discipline Code)	Review the Discipline Code with students using the NYC DOE Discipline Code Training / Workshop Slideshow for parents
10/01/2025	10/31/2025	Ensure all Parents and Guardians are invited to attend training on the NYC DOE Respect For All: Making School Safe and Supportive for All Students	Review the Discipline Code with students using the Respect For All: Making School Safe and Supportive for All Students Workshop Slideshow for parents.
09/04/2025	06/26/2026	Monthly SEL parent workshops (conflict resolution, regulation)	Guidance Counselor & Social Worker
10/01/2025	05/31/2026	Bilingual family workshops on restorative practices	Guidance Counselor & Social Worker
10/01/2025	06/26/2026	Student-led town halls	Student Council
10/20/2025	06/26/2026	Strategies on supporting children through conflict and understanding the definitions of bullying and cyberbullying.	NYPD Community Relations Officers will provide workshops to parents and guardians on how to tell if your child is being bullied or being a bully.
10/20/2025	06/26/2026	Strategies on using physical and mental brain breaks, mindfulness practices, and social emotional wellness strategies that support the creation of a sustainable, healthy, happy and focused school environment.	Facilitated by the Brain Power Wellness Focus: Creating a sustainable healthy, happy, and focused school environment through the use of brain breaks, mindfulness practices, and social emotional well being strategie.
10/20/2025	06/26/2026	Strategies using physical and mental brain breaks to create and sustain healthy, happy and focused lifestyles.	Facilitated by a TBD Zumba Provider Focus: Creating a sustainable healthy, happy, and focused lifestyle through use of physical and mental breaks to build mindfulness practices.

11/07/2025	11/07/2025	Mood meter Workshop	Social Worker and Guidance Counselor
11/21/2025	11/21/2025	Calm Corners Workshop	Social Worker and Guidance Counselor
06/05/2026	06/05/2026	Helping them make a successful transition from Kindergarten to 1st Grade Workshop # 1 will focus on parents expectations and school readiness for our kindergarten and grade 1 students	ParentCorps
03/02/2025	06/26/2026	Parenting Program 12 Sessions An opportunity to build a supportive community with other caregivers, where we share ideas and experiences, reflect, and learn about parenting strategies and child development. English, Chinese, Spanish	ParentCorps

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Instructional coaches, SEL/Equity Coaches, Universal Literacy Coaches Grade Content Leaders, Classroom teachers, Paraprofessional Assistant teachers, IEP teacher, School Based support team, Guidance Counselor, our partners at ParentCorps

Instructional Resources

Curriculum Maps, SIOP Maps, Lesson Plans, 2021 EOY Data, 2021-2022 Data, Mentor texts, Read alouds, Instructional resources (printed and digital), math manipulatives and instructional supplies, anecdotals, assessments, conferring notes. CASEL-aligned SEL curriculum, PBIS visuals, conflict resolution scripts

Schedule Adjustments

Midday SEL block for target grades; staff lunchroom duty rotations

Other Resources Needed

District 15 Office professional support, Brooklyn North Professional support, additional professional development sessions. Data dashboard access for trend monitoring; translation support for family engagement

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 42% to 81%. –MLLs Grades K-2: increased from 28% to 76%. –SWOAs Grades K-2: increased from 14% to 64%. As per 2024-2025 Acadience Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs	PS 94 has identified an ongoing challenge in effectively integrating language development within mathematics instruction. Many teachers, while confident in delivering math content, may not view themselves as language instructors—yet they are responsible for ensuring all students, including multilingual learners and students with disabilities, can access and	(1)Targeted Tier 2 and Tier 3 Intervention: skills based small group instruction (Grades K-5)

Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 55% to 65%. –MLLs Grades 3-5: increased from 34% to 51%. –SWOAs Grades 3-5: increased from 17% to 22%. As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13% – SWOAs Grades 3-5: decreased from 9% to 7%. By June, 2026, for All Students will Increase 5%, from 65.7% of students scoring at grade or above grade level (level 3 & level 4) to 70.5%, as measured by NYS Math Exam. By June, 2026, for English Language Learners (ELL) will Increase 5%, from 53.3% of students scoring at grade or above grade level (level 3 & level 4) to 58.3%, as measured by NYS Math Exam. By June, 2026, for Students with Disabilities (SWD) will Increase 5%, from 17.7% students scoring at grade or above grade level (level 3 & level 4) to 22.7%, as measured by NYS Math Exam. 2025-2026 NYS Math Test Grades 3-5 Data Trends 2025 Data All Students (Gr.3-5) Level 3/4= 56.9% MLLs (Gr.3-5) Level 3/4= 29.7% SWOAs (Gr.3-5) Level 3/4= 29% All Students (Gr.3-5): Level 3 & 4: 65.7% Level 2: 18.9% Level 1: 15.4% Gr.3 Level 3/4:58% Gr.4 Level 3/4:57% Gr.5 Level 3/4: 60% PS 94 understands and uses the definition of Students with Disabilities (SWDs) as mandated by State and City Dept. of Education, however, for us, we believe they are Students with Other Abilities (SWOAs). The acronym SWDs is a connotative term. Whenever you read SWOAs, we are referring to the students identified by State and City as SWDs.	engage with rigorous mathematical concepts. Research confirms that mathematics texts are linguistically dense, often embedding multiple concepts per sentence or paragraph, and conveyed through symbolic and abstract language. As a result, the oral and written communication necessary for math understanding is often underemphasized. Data trends continue to demonstrate the need for explicit instruction that merges literacy and mathematical thinking, particularly in areas such as language acquisition, building background knowledge, increasing student language production, and teaching academic vocabulary. To address this, there is a clear need to elevate Tier 2 small group, skill-based instruction that targets each student's zone of proximal development. Effective Tier 2 instruction requires systematic data analysis, explicit delivery, differentiated scaffolds, accurate and specific feedback, and regular progress monitoring using data trackers. These practices not only support foundational skills but also accelerate student growth in content-specific areas. Furthermore, for students with other abilities, Specially Designed Instruction (SDI) must be embedded within Tier 2/3 small group instruction. SDI involves adapting content, methodology, or instructional delivery to meet individual student needs as outlined in their IEP goals. It must be intentional, systematic, and responsive—ensuring meaningful access to the general curriculum through small group or 1:1 instruction.	
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience	Substantial research shows that collaborative learning promotes	(2)The school's priority need for improvement: continue to

Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 42% to 81%. –MLLs Grades K-2: increased from 28% to 76%. –SWOAs Grades K-2: increased from 14% to 64%. As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 55% to 65%. –MLLs Grades 3-5: increased from 34% to 51%. –SWOAs Grades 3-5: increased from 17% to 22%. For example, a 2014 NCTM study found that mathematical conversations and discourse among students—at all grade and ability levels—helps build a shared understanding of mathematical ideas. Problem-based learning offers a powerful approach to collaborative learning in math. The focus is teachers emphasizing the importance of the process of getting to the answer, encouraging the sharing of “rough draft ideas” that students can develop together. Ultimately the process is for students to reflect on what they’re doing rather than just report what they did. The Math Carousel is a cooperative learning practice and the goal is to engage students to express their mathematical reasoning and really think about the demands of an Exemplar task through deep discussions before writing their mathematical thinking. Students sustain discussions in small groups while the teacher circulates and facilitates the discussions. The Carousel allows students to comment, discuss and/or respond (verbally and/or in writing) to probing questions, statements, topics, themes that are posted by the teacher. Ultimately students unpack the rigorous demands of a task with their peers (group) and engage in hands-on experiences using deliberate scaffolds and mathematical tools as needed. In addition, explicit language scaffolds are accessible to all learners to be successful in the job they are expected to do.	implement the Math Carousel teaching practice, which infuses cooperative learning and close reading skills through guided discovery with direct instruction in order to strengthen students’ problem solving and reasoning processes. The Math Carousel teaching practice will flexibly support students to generate, interpret, communicate, critique, connect and refine their mathematical reasoning(s) while developing students to receive (reading and listening) and produce (speaking and writing) English language skills in mathematical contexts.

believe they are Students with Other Abilities (SWOAs). The acronym SWDs is a connotative term. Whenever you read SWOAs, we are referring to the students identified by State and City as SWDs.		
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 42% to 81%. –MLLs Grades K-2: increased from 28% to 76%. –SWOAs Grades K-2: increased from 14% to 64%. By June, 2026, for English Language Learners (ELL) will Increase 5%, from 53.3% of students scoring at grade or above grade level (level 3 & level 4) to 58.3%, as measured by NYS Math Exam. By June, 2026, for Students with Disabilities (SWD) will Increase 5%, from 17.7% students scoring at grade or above grade level (level 3 & level 4) to 22.7%, as measured by NYS Math Exam. 2025-2026 NYS Math Test Grades 3-5 Data Trends 2025 Data All Students (Gr.3-5) Level 3/4= 56.9%	Students who learn only mathematical facts, definitions, rules, and procedures may perform well on large-scale tests that address these relatively easy-to-score elements of mathematics. But many of these same students later find that they cannot use what they know when they encounter any problem or situation they haven't specifically learned how to solve. We are aware of the preparation of students who cannot apply what they've learned, we are also mindful we cannot continue to cling to the old notion that mathematics consists primarily of a checklist of knowledge and skills. In reviewing the math data from previous years, it is noted subgroups such as MLLs and SWOAs consistently underperform grade level than peers. This data inquires us to think about: "how can math habits of mind and SEL be effectively integrated into grade-level mathematics instruction? Are all students equally comfortable contributing? Do all students have equal agency?" When educators recognize that math habits are the basis for mathematics instruction and learning, they: –enhance the ways students produce knowledge rather than how they merely reproduce it. –students learn how to develop a critical stance with their work: inquiring, editing, thinking flexibly, and learning from another person's perspective. The critical attribute of an intellectual individual is not only having information but also knowing how to act on it. These learning experiences bring a new and unique understanding and prepare students for the math they	(3) The school's priority need is to: – develop mathematical habits of mind as a powerful concept for rethinking students' learning of mathematics – integrate Social Emotional Learning skills Habits of mind can't be learned and developed by simply talking about them or memorizing the definition. Students immersed in classroom experiences that let them engage in learning mathematics concepts through problem solving, making and using abstractions, and developing and applying mathematical theories have greater opportunities for developing mathematical habits of mind. The development of a mathematical habits mindset is fostered by a: – productive struggle – emphasizes the possible value of wrong answers –embracing the importance and value of grappling with problems The more teachers engage their students in learning and doing mathematics, the greater the likelihood of their developing the mathematical habits of mind of a productive mathematical thinker -- and becoming experienced problem solvers who know what to do when they don't know what to do. As students internalize these mathematical practices, they also engage in interpersonal and intrapersonal skills, known as social and emotional learning (SEL) competencies. Social-emotional learning in math class focuses

MLLs (Gr.3-5) Level 3/4= 29.7% SWOAs (Gr.3-5) Level 3/4= 29% All Students (Gr.3-5): Level 3 & 4: 65.7% Level 2: 18.9% Level 1: 15.4% Gr.3 Level 3/4:58% Gr.4 Level 3/4:57% Gr.5 Level 3/4: 60% PS 94 understands and uses the definition of Students with Disabilities (SWDs) as mandated by State and City Dept. of Education, however, for us, we believe they are Students with Other Abilities (SWOAs). The acronym SWDs is a connotative term. Whenever you read SWOAs, we are referring to the students identified by State and City as SWDs.	experience in their everyday lives. In our classroom, students cannot do math in isolation. Effective math instruction are planned experiences that include: -growth mindset -healthy collaboration and conflict resolution -coping with frustration when challenged by mathematical concepts/skills. When math habits and SEL are seen as interwoven vital components of mathematics learning, students will increase academic achievement, improve attitudes and behaviors, and reduce emotional distress.	on mindset, perseverance, risk-taking, relationships, and attitude. These are the key indicators that students will build as they interact with the math curriculum's processes and expectations Problem-solving is not only a quantitative challenge but a human one. There is a need to explicitly engage students in everyday experiences, to deeply understand what resolving problems entails and what it feels like. Ultimately, these are life skills that can significantly impact student learning and performance.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	65.7	PS 94 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of students scoring at or above grade level (Level 3 & Level 4) will Increase by 5% from 65.7 to 70.5, for All Students, as measured by NYS Math Exam results.
English Language Learners (ELL)	53.3	PS 94 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of MLLs scoring at or above grade level (Level 3 & Level 4) will Increase by 5% from 53.3 to 58.3, for English Language Learners (ELL), as measured by NYS Math Exam results.
Students with Disabilities (SWD)	17.7	PS 94 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 & 4 will Increase by 5% from 17.7 to 22.7, for Students with Disabilities (SWD), as measured by NYS Math Exam results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

June 2026 (Grades K-2:42% and Grades 3-5: 23%) of all students scoring at grade or above grade level (level 3 & level 4)

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance Progress Monitoring:
- Monitor student attendance and punctuality to minimize learning disruptions

Professional Development and Collaboration (Sept. 2025 – June 2026):
- Engage teachers in structured PD through grade meetings and instructional coaching cycles,
- Build teacher capacity to analyze math performance data, identify priority skills as well as zone of proximal development, plan small-group Tier 2/3 interventions with explicit modeling, visual supports, and language scaffolds.
- Coordinate common planning time with teachers and coaches to design ZPD-aligned small group instruction based on the school's instructional focus
- Plan professional development sessions to align differentiated instructional practices with EM2 resources

Mathematics Instructional Design:
- Support teachers in sequencing math instruction logically, chunking complex skills, and incorporating hands-on and experiential learning tasks aligned to the math learning continuum.
- Unpack math language and vocabulary, and explicitly teach problem-solving strategies using visuals, manipulatives, and structured academic talk routines.
- Plan professional development sessions to align differentiated instructional practices with EM2 resources

Content and Language Integration in Math:
- Use student language proficiency data to plan differentiated content and embed language objectives into math instruction (e.g., using sentence frames, math-specific vocabulary banks, and oral rehearsal strategies).
- Leverage technology and math tools (e.g., virtual manipulatives, digital math journals) to deepen conceptual understanding and engage diverse learners.

Data-Driven MTSS Cycles:
- Implement data trackers and formative assessments to monitor student progress in real time.
- Use data to adjust instruction and increase frequency and intensity of interventions for students not making adequate growth, especially those with IEPs or language development needs.
- Align instruction to SMART IEP goals where applicable, ensuring instruction meets both mathematical and language development targets.

Vertical and Cross-Content Planning:
- Facilitate cross-grade and interdisciplinary collaboration to align math content knowledge, academic language, and instructional strategies.
- Develop performance tasks and experiential learning opportunities that integrate mathematical thinking with real-world problem solving.
- Facilitate weekly vertical team meetings for special education staff to address IEP goals and student needs
- Support planning and implementation of specially designed instruction (SDI) as outlined in students' IEPs

Root Cause Addressed:

Priority 1 Root Cause: PS 94 has identified an ongoing challenge in effectively integrating language development within mathematics instruction. Many teachers, while confident in delivering math content, may not view themselves as language instructors—yet they are responsible for ensuring all students, including multilingual learners and students with disabilities, can access and engage with rigorous mathematical concepts. Research confirms that mathematics texts are linguistically dense, often embedding multiple concepts per sentence or paragraph, and conveyed through symbolic and abstract language. As a result, the oral and written communication necessary for math understanding is often underemphasized.

Data trends continue to demonstrate the need for explicit instruction that merges literacy and mathematical thinking, particularly in areas such as language acquisition, building background knowledge, increasing student language production, and teaching academic vocabulary. To address this, there is a clear need to elevate Tier 2 small group, skill-based instruction that targets each student's zone of proximal development. Effective Tier 2 instruction requires systematic data analysis, explicit delivery, differentiated scaffolds, accurate and specific feedback, and regular progress monitoring using data trackers. These practices not only support foundational skills but also accelerate student growth in content-specific areas.

Furthermore, for students with other abilities, Specially Designed Instruction (SDI) must be embedded within Tier 2/3 small group instruction. SDI involves adapting content, methodology, or instructional delivery to meet individual student needs as outlined in their IEP goals. It must be intentional, systematic, and responsive—ensuring meaningful access to the general curriculum through small group or 1:1 instruction.

Priority 2 Root Cause: Substantial research shows that collaborative learning promotes active learning, critical thinking, communication skills, social development, a positive learning environment, deeper understanding of concepts, and preparation for real-life situations. For example, a 2014 NCTM study found that mathematical conversations and discourse among students—at all grade and ability levels—helps build a shared understanding of mathematical ideas.

Problem-based learning offers a powerful approach to collaborative learning in math. The focus is teachers emphasizing the importance of the process of getting to the answer, encouraging the sharing of "rough draft ideas" that students can develop together. Ultimately the process is for students to reflect on what they're doing rather than just report what they did.

The Math Carousel is a cooperative learning practice and the goal is to engage students to express their mathematical reasoning and really think about the demands of an Exemplar task through deep discussions before writing their mathematical thinking. Students sustain discussions in small groups while the teacher circulates and facilitates the discussions. The Carousel allows students to comment, discuss and/or respond (verbally and/or in writing) to probing questions, statements, topics, themes that are posted by the teacher. Ultimately students unpack the rigorous demands of a task with their peers (group) and engage in hands-on experiences using deliberate scaffolds and mathematical tools as needed. In addition, explicit language scaffolds are accessible to all learners to

be successful in the job they are expected to do.

Priority 3 Root Cause: Students who learn only mathematical facts, definitions, rules, and procedures may perform well on large-scale tests that address these relatively easy-to-score elements of mathematics. But many of these same students later find that they cannot use what they know when they encounter any problem or situation they haven't specifically learned how to solve. We are aware of the preparation of students who cannot apply what they've learned, we are also mindful we cannot continue to cling to the old notion that mathematics consists primarily of a checklist of knowledge and skills.

In reviewing the math data from previous years, it is noted subgroups such as MLLs and SWOAs consistently underperform grade level than peers. This data inquires us to think about: "how can math habits of mind and SEL be effectively integrated into grade-level mathematics instruction? Are all students equally comfortable contributing? Do all students have equal agency?"

When educators recognize that math habits are the basis for mathematics instruction and learning, they:
–enhance the ways students produce knowledge rather than how they merely reproduce it.
–students learn how to develop a critical stance with their work: inquiring, editing, thinking flexibly, and learning from another person's perspective.

The critical attribute of an intellectual individual is not only having information but also knowing how to act on it. These learning experiences bring a new and unique understanding and prepare students for the math they experience in their everyday lives.

In our classroom, students cannot do math in isolation. Effective math instruction are planned experiences that include:
-growth mindset
-healthy collaboration and conflict resolution
-coping with frustration when challenged by mathematical concepts/skills.

When math habits and SEL are seen as interwoven vital components of mathematics learning, students will increase academic achievement, improve attitudes and behaviors, and reduce emotional distress.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning Cycles: Teachers will engage in ongoing professional development through grade meetings, instructional coaching, content area departments, ENL department sessions and training as needed.
Collaborative Instructional Planning: Administrators, and Math coaches will meet every 5 weeks to analyze mathematics data, identify priority skills, and design learning experiences that include explicit instruction, differentiated scaffolds, and progress monitoring tools for all learners.
Targeted Intervention Development: Administrators, Math coaches and selected classroom teachers with a need for target support for teachers and students will design instructional actional plans and small-group intervention plans focused on data as per the needs of students

MTSS Implementation and Monitoring: The MTSS team—including administrators, coaches, ENL and content area staff, and the SEL coach—will meet bi-weekly to monitor instructional cycles of support and track measurable outcomes in student progress and instructional practice.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary structures to progress monitor implementation of key strategies and action steps:

--MTSS instructional cycles of support for students and teachers linked to measurable outcomes in teacher and student improvement
--Advance Observations Cycles: implementing support, monitoring implementation of support and outcomes of

student learning, with a focus on 1a, 1e and 3d
--Professional Development Learning (eg. Mondays and 6th Prep) to unpack data, analyze data, plan for tier 1, 2, and 3 targeted support
--Administration and instructional coaches walkthroughs

Specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement:

--Acadience and MAP Growth Screeners
--Advance Observation Reports with a focus on 1a, 1e and 3d
--Administration and instructional coaches walkthroughs
--MTSS Data: All and by sub group
--Selected assessments from Eureka Math Squared and Exemplar Program
--Formative data collection by pedagogue as we monitor student learning through small group instruction (data tracker)
-- Weekly meetings followed by a debrief with instructional flagged classrooms
-- Analysing data through formative assessments every five weeks during teachers 6th prep
--Teacher exit tickets using feedback to develop/revise future meetings

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/16/2025	05/02/2026	Math Matters: Building Confident Mathematicians at Home" for Grades K-5 Parents/Guardians will understand and learn: -to develop a positive math mindset - specific strategies and conceptual models that develop major grade level fluency skills - how to reinforce skills and concepts using mathematics tools from school or practical tools from home -invite students' curiosity by posing questions or scenarios that spur them to notice and wonder Workshop 1: How Children Learn Math – The Science of Math Made Simple Workshop 2: Math in Everyday Life Workshop 3: Helping with Homework Without the Stress Workshop 4: Building Problem-Solving and Perseverance	Time: 8:30 am Assistant Principal Doris Corniel Math Coaches
02/24/2026	02/24/2026	Understanding the NYS ELA and Mathematics Tests for Grades 3-5 with a focus on Computer Based Testing Skills	Time: 8:30 AM Testing Coordinator: Jennifer Pannunzio Assistant Principal: Rose Rodriguez ENL Teacher: Lu Zhang

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Instructional coaches, SEL/Equity Coach, Grade Leaders, Classroom teachers, Paraprofessionals, Teaching Matters Coach, Edwards Orton Gillingham Coach

Instructional Resources

Eureka Math Squared Curriculum (Paper and Digital Resources) Exemplars Tasks Staff, grade and individualized meetings Curriculum Maps 2025 End of Year Data, Data Trackers MTSS Instructional Coaching Cycles

Schedule Adjustments

In addition to the flow if the day, we will provide MTSS tier intervention, before and after school academic programs and Saturday academy as per the needs of the students

Other Resources Needed

DOE professional development sessions, District 15 Office professional support, additional professional development sessions.

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 - 89% of all Kindergarten, First Grade, Second and Third Grade students have completed Building Block 1 June 2025- K- 90% completed Building Block 1 1st - 91%completed Building Block 1 2nd - 89% completed	While the majority of students have successfully completed the first building block of the NYC Kids Rise program, there is a need to deepen understanding of financial literacy and long-term planning across the school community.	Increased participation in the NYC Kids Rise scholarship program and knowledge of 529 savings accounts. (Finance workshops, NYC Kids Rise

Building Block 1 3rd - 87% completed Building Block 1 April 4, 2025 Neighborhood Tech/ Parent Coordinators Enrolled Families 28 families participated in NYC Kids Rise Parent Workshop Include participation in financial literacy workshops.	Many families may not be fully aware of the benefits of 529 savings accounts or how to access and manage them. In some cases, financial literacy may not be a regular part of family conversations or school-to-home communication. The current implementation has focused primarily on classroom-based completion. Moving forward, a stronger emphasis on family engagement and home-school connection is needed to ensure the program's long-term impact and relevance.	Workshops, Integration of the NYC Kids Rise Curriculum into Mathematics) This will become one of our goals to monitor and measure
School Year 2024-2025: 98% of PS 94 students were economically disadvantaged, 24% of PS 94 students were classified as unhoused or "Students in Temporary Housing"	PS 94 is located in a working class neighborhood that has been historically disadvantaged due to poverty, crime, and political disenfranchisement. While the immediate crisis of COVID 19 has passed, the lingering economic and social instability in Sunset Park continues to shape the lived realities of students and families. Providing early exposure to college and career pathways equips students with tools to break cycles of poverty and envision a more secure and fulfilling future.	Knowledge of diverse educational or career paths and a commitment to helping students build a foundation that leads to achieving a rewarding and economically stable career. (Career Day, NYC Scholarship Month, Middle School Application Process, Social Studies, Additional lessons in Social Awareness, Self Management, Responsible Decision Making Units) This will become one of our goals to monitor and measure.
According to 2024-2025 OORS data, 65% of all incidents were either A24 or A33 which indicates a need for increased support and instruction in the SEL competencies of Self-Management, Relationship Skills, and Responsible Decision Making. PBIS Word - RISE Walkthrough data on visual signage and expectation teaching in shared spaces (e.g., cafeteria, bathrooms, hallways, and playground) Articles written in the school newspaper for student-created content related to RISE expectations and positive social-emotional messages Evidence of student-led promotion of safe, respectful, and inclusive practices through written and visual media. PSA	Students are continuing to develop the skills needed to manage emotions, build healthy relationships, and make thoughtful decisions. While strong structures like the RISE expectations, student-led initiatives, and SEL programming are in place, student benefit from more frequent and embedded opportunities to practice these skills in both structured and unstructured settings. The data indicates that additional support in areas like self-management and conflict resolution can help students feel more confident and successful in their daily interactions. Strengthening SEL instruction across the school day will support all students in building positive habits that contribute to	To promote self-management skills, responsible decision making, goal directed behavior, and optimistic thinking in students. (SEL curriculum, lunch groups, recess, student council, counseling, all SEL supports)

Student Council and School Newspaper Student of the Month Assemblies	a safe, respectful, and inclusive school environment.	
2024 Sunset Park Poverty Rate- 18% 2024 Sunset Park Unemployment Rate- 7.1% 2024 Sunset Park population aged 25+ without a high school diploma- 31% 2021 Sunset Park Homeownership rate 30% Student Council - Voting for Participatory Budget Lunch Games Creating PSA for school Student Newspaper Student Council Escort Career Day Guest Students Council Day of Action at City Harvest Student Council Food Collaboration Program feedback on the food Student Council - 2 Student SoapBox Competition	To overcome systemic and inequitable economic and political oppression individuals must learn, internalize, and capitalize on self-management skills, resilience, personal responsibility and goal directed behaviors; these habits must be taught and cultivated as early as possible so that students can maximize every opportunity for success and achieve their full potential throughout their whole lives. SEL lessons must develop these skills with an additional emphasis on how these skills will provide social and economic benefits in the long term as well as short term benefits of personal responsibility and increased independence.	To create and maintain a sustained plan for curricular and programmatic supports that prioritize responsible study habits that sets the foundation for continued goal setting and achievement that eventually leads to an economically viable career. (SEL lessons, Cindy's plan, Middle School Application Process, increased visibility of individual/classroom goals, afterschool programs, career day)
June 2025 91% of all Kindergarten, First Grade, Second Grade, and Third Grade students have completed Building Block 1 of the NYC Kids Rise Scholarship program. June 2025 -91.5 % of all Kindergarten and First Grade students have completed Building Block 1 of the NYC Kids Rise Scholarship program.	While the NYC Kids Rise program has been successfully introduced in the early grades, there is a continued need to connect financial literacy and college and career readiness to the broader goals of civic engagement and long-term planning. Students are beginning to build a foundation, but they need more integrated and consistent opportunities across subjects to explore how their current learning connects to future choices and contributions. Embedding these themes into daily instruction helps students build a positive and informed perspective about their role in school, their community and the world.	To more fully integrate citizenship, civic engagement, college and career readiness into each curricular area so as to ensure students develop an optimistic and global perspective on their future. (Additional lessons in Social Awareness, Self Management, Responsible Decision Making Units, Social Studies, Civics For All, Student Equity Council)
June 2025 - 91% of all Kindergarten, First Grade, Second Grade and Third Grade students have completed Building Block 1 K- 90% 1st - 93% 2nd - 90% 3rd - 92% 2024-2025- 48 students in grades 1-5 participated in PS 94 student equity council, 3 students participated in D15 Youth Equity Council	Although a high percentage of students have completed Building Block 1 of the NYC Kids Rise program, there is still a need to strengthen how students connect their current learning to future goals. The involvement of students in the Equity Councils reflects growing interest in leadership and voice. However, instruction around civic engagement, goal setting, and future planning needs to be more consistent and embedded across all classrooms. This will help ensure that all students,	To more fully integrate purposeful, goal driven classroom discourse and discussions about citizenship, civic engagement, college and career readiness into each curricular area so as to ensure students and teachers begin or continue to understand the importance of education and foundational skills in

	not only those in leadership roles, develop a clear understanding of college, career, and community pathways.	ELA and Math to future success and economic stability. (Additional PD for all staff on how to weave citizenship, civic engagement, college and career readiness into classroom discourse, conversations, and PBL)

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	91	Our goal is to have at least 94% of all eligible K-4 students activate their NYC Kids Rise Save for College Account by June 1, 2026. This will assist students and families in developing a strong plan towards college and career readiness which will lead to economic stability and an optimistic future.
All Students	0	Our goal is to have at least 90% of all eligible incoming Kindergarten students activate their NYC Kids Rise Save for College Account by June 1, 2026.
All Students	90	Our goal is to have at least 94% of all eligible incoming First Grade students activate their NYC Kids Rise Save for College Account by June 1, 2026.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

NYC Kids Rise Savings Account

Enter a Key Performance Indicator

Percentage of PS 94 students who have completed BB1 in comparison to Percentage of District 15 students who have completed BB1.

Baseline:

92% of all eligible grade 1 and 2 students have completed BB1 and 0% of Kindergarten students have completed the BB1.

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Since this program has rolling enrollment, the overall percentage of students who have completed BB1 declines/resets once the incoming cohort of Kindergarten students becomes eligible. Progress will be monitored for the 2025-2026 First Grade,Second Grade, Third Grade, Fourth Grade classes throughout the fall with the aim of increasing their percentage by 1% (91% ,94,91,93)respectively) by 11/4/2025.

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Since this program has rolling enrollment, the overall percentage of students who have completed BB1 declines/resets once the incoming cohort of Kindergarten students becomes eligible. Progress will be monitored for

the 2025-2026. First Grade Second Grade Third, and Fourth classes throughout the fall and winter with the aim of increasing their percentage by 1%(92% ,95,92,94)respectively) by 2/1/2026. In previous years, the cohort of Kindergarten students are eligible to activate their accounts in January; our aim is to have 30% of all eligible Kindergarten students complete BB1 by 2/1/2026.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By 6/1/2026 all Kindergarten, First, Secon, Third Grade Fourth Grade students will be eligible for the program. We aim to have at least 94% of all eligible students complete BB1 by 6/1/2026.

Priority 4 Progress Measures and Targets

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Integration of the NYC Kids Rise Curriculum into Mathematics for Grades K-3
-SEL Coaches will revise K-5 Self Management and Responsible Decision Making units to better reflect and align to College and Career Readiness goals.
-College Awareness Day, Career Day
-Finance workshops for parents
-NYC Kids Rise Workshops for parents
-NYC Scholarship Month Events

Root Cause Addressed:

We will support families by informing the of the program as well as supporting and facilitating their enrollment.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
We will facilitate workshops to inform them of the program
We will communicate with parents via calendar and our digital platforms to support their enrollment
We will reach out in the parents home language to address any questions they may have regrading NYC Kids Rise

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Parent Coordinators, Classroom teachers, Guidance Counselor, Social Worker, our partners at ParentCorps

Instructional Resources

Informational tools from central, materials to inform parent of the initiative, lesson for students regarding educational investments

Schedule Adjustments

We will meet with parents during parent engagement. We will also schedule workshops that will be included in the action plan to unpack the initiative

Other Resources Needed

We will plan sessions for parents to use our computer labs (after the instructional day) to support the application process

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
During the 2024-2025 school year	Students excel when there is a strong school to home connection in which educators and parents partner to promote	Authentic and beneficial use of Parent

hosted 108 workshops/events with a total of 3014 parents instances of attendance throughout the year. Parent Survey Data would flesh this out a lot more.	children's social, emotional, physical, and academic well being. PS 94 has many systems, structures, and resources already in place and available for students and families in need; including a Food Pantry, Clothing Boutique, Health Clinic, Dental Clinic, and partnerships with CBO's who provide after school care, ENL classes, and various parent workshops aimed at supporting parents in the following areas: financial literacy, technological literacy, immigration, safety, and mental health. These resources are instrumental in promoting the overall well being of students and families, especially those that are economically disadvantaged, residing in temporary housing, or otherwise in need. Many of these family and student support structures were put into place based on parent feedback, however, there is still a discrepancy between the engagement of our families of Asian descent and those of Hispanic or LatinX descent, especially in leadership roles on the PTA. This is partially due to enrollment demographics (the Asian student population is twice that of the LatinX student population).	Engagement Time to promote the academic success and social emotional well-being of students and their families by strengthening the bond between teachers and families. This will become one of our goals to monitor and measure
The lack of data is the evidence that this is needed.	There is a lack of centralized, real-time, accurate data to gauge the success (or lack thereof) parent engagement activities and initiatives. This leads to unequal levels of participation amongst different stakeholder groups and prevents school staff from problem-solving in real time.	A standardized and easy to access Parent Workshop Exit Ticket via Google Forms will be created so that each and every Parent Workshop is an opportunity to collect data on attendance, satisfaction, areas of strength and areas of need. This digital attendance/exit ticket form will allow school staff to collect parent engagement data in real time and assist staff in better aligning our parents engagement programming to parents needs and convenience. This will become one of our goals to monitor and measure.
Pending results of 2024-2025 Parent Engagement Survey (anecdotal evidence suggests that certain demographic groups of parents	There is limited participation of certain demographic groups in parent workshops that would benefit the academic achievement of their children. This may be caused by the timing of the event or a lack of understanding that the information shared in these workshops is immensely beneficial in overcoming the achievement gap. This could also be caused by feelings of an unwelcoming school environment due to limited leadership and	Further increase the visibility, voice, and choice of individual stakeholder groups for the purposes of increasing participation in Family Engagement events and programs

have limited participation in certain workshops, events, and programming)	participation of certain demographic groups in PS 94 PTA and SLT.	
PTA election data, SLT attendance data 2025-2026 PTA	There is a core group of parents that attend PTA meetings, SLT meetings, and D15 CEP meetings, however, this limits the diversity of opinions and voices that plan, execute, and participate in family engagement events which may dissuade other stakeholder groups from attending family engagement events which can compound and lead to increased feelings of an unwelcoming school environment.	Increased and widespread participation of diverse stakeholder groups and voices in PS 94 PTA, PS 94 SLT, D15 CEP, and NYC PEP
Results of 2024-2025 Parent Engagement Survey ZUMBA attendance, Yoga attendance, Coffee with the Principal Attendance Total #2,066	In previous years parents have requested that Title 1 funds be used for mental health support workshops and activities such as Zumba, Yoga, and SEL. These workshops promoted the social emotional well-being of parents and built community between diverse groups of stakeholders who may not share common cultural, racial, or linguistic backgrounds.	Regular and frequent workshops and activities with parents to build community and teach self-care skills, thus promoting their mental health and creating a sustainable welcoming and inclusive school environment. (Wellness Workshop Wednesdays)
PS94 App June 2024 to May 2025 7,737 interactions Top 3 Views Family Page 1,408 views Student 1,042 view Staff Directory 955 views # of Push Messages Users Receive 333 Total App Download 623 IOS Users 467 Android User 156 June 2024 - May 2025 139 Push Messages Sent PS 94 Twitter and IG use data As of May 2025 Last 90 Days 13,271 Views IG Data As of May 2025 Last 30 Days 2,500 Views IG Data	Regularly sharing school events and classroom activities on social media and digital platforms is an important strategy for promoting PS 94 as a welcoming and inclusive school community. While we have seen increased usage and viewership this year across our school app, Twitter, and Instagram, there is still a need to ensure that all staff know how to access and contribute to these platforms. Currently, the majority of posts still come from a small group of staff members. Expanding access and building shared responsibility across grade levels and departments would allow for a more consistent and representative view of student learning and family engagement across the school.	Social Media Liaison/s that are widely known to all school staff and easily accessible in order to regularly share events and activities on all platforms (Instagram/Twitter/etc.) so that parents and the community can easily keep connected with the school and school community.

Pending Result of The Parent Survey According to 2022-2023 OORS data, less than 4% of all incidents at PS 94 were A36 or A37.	Facilitated by the SEL Coaches/ Guidance Counselors, a workshop for families that unpacks what is Bullying and Harassment (3x a Year) is needed due to somewhat frequent parental complaints of bullying and harassment that prove to be unfounded.	Frequent Bullying and Harassment Workshops for families

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	baseline	By June, 2025, for All Students will Increase 3%, from 93% to 96% as measured by NYC School Survey (Family), parent involvement section, q1: "Since the beginning of the school year, how often have you..... communicated with your child's teacher about your child's performance?"
Parents of All Students	baseline	By June, 2025, for All Students/families will Increase 5%, from 87% to 93% as as measured by NYC School Survey (Family), Parent Involvement section, q3: During the school the school year, have you... attended a school meeting, school event, or parent-teacher conference (virtually or in-person)?

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

PS 94 will strengthen family-school partnerships through multilingual, culturally responsive engagement that enhances families' capacity to support student learning and social-emotional well-being. By leveraging existing community partnerships (NYU Langone, Parent Corps, CPC, SCAB, D15 Office, and the Office of Wellness) and deepening parent participation in MTSS and classroom learning, the school will ensure authentic two-way communication and collaboration with families.

Root Cause Addressed:

Analysis of survey and participation data revealed inconsistent family participation in academic planning and limited understanding of MTSS, social-emotional supports, and language development expectations. Families expressed a need for more structured opportunities to learn about student supports, classroom expectations, and SEL practices in their preferred languages.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parent Learning Partner Series-Teachers collaborate to design monthly bilingual parent workshops (Spanish, Chinese, English) that model reading and math strategies aligned to i-Ready, Into Reading, and Eureka Math Squared.
Family MTSS Orientation & Tier Updates-Families receive information on Tier 1–3 interventions, student progress, and data reports during Curriculum Night, conferences, and monthly updates.
Family SEL and Wellness Workshops-Expand parent workshops on SEL, bullying prevention, and digital wellness, co-

facilitated with NYU Langone, Parent Corps, and the Office of Wellness.
Cultural Celebrations and Heritage Events-Continue multilingual events (Hispanic Heritage Month, Lunar New Year, Asian Pacific Month, etc.) that honor student identity and promote belonging.
Communication Protocols-Implement bilingual monthly grade newsletters, weekly school bulletin, and NYCSA family updates to inform families about academics, attendance, and SEL supports.
Family Feedback Loops-Use surveys and exit tickets at workshops to collect feedback and adjust programming for accessibility, topics, and timing.

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Data Sources:
- NYC School Survey results (Family Engagement index)
- Family workshop attendance logs and feedback forms
- MTSS parent communication logs and student progress data
- OORS data on behavioral incidents and SEL survey indicators
- Parent teacher conference participation rates
- NYCSA usage analytics

Monitoring Structures:
- SLT Family Engagement Subcommittee reviews attendance/feedback quarterly.
- MTSS Team and ILT integrate family engagement data into progress monitoring cycles.
- AP and Parent Coordinator track communication consistency and workshop attendance monthly.

Implementation Progress Checks
Progress Check 1 – November 2025
Date: November 2025
As Evidenced By: Increased family attendance at Curriculum Night and first MTSS orientation (target +15% from 2024–25 baseline).
Reflection: Add evening and virtual sessions to improve working parent access.
Progress Check 2 – February 2026
Date: February 2026
As Evidenced By: Mid-year survey shows 80% of parents feel confident supporting at-home reading/math practice.
Reflection: Expand translation access; introduce parent-led SEL circles.
Progress Check 3 – June 2026
Date: June 2026
As Evidenced By: Chronic absenteeism decreases 2%; family workshop participation increases 20%; School Survey family trust index rises by 10 points.
Reflection: Sustain partnerships with NYU Langone and Parent Corps; publish year-end Family Engagement Impact Report.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Bullying and Harassment workshops and unpacking the Discipline Code (series of 3 workshops)	NYU Langone, Parent Corps, SCAB, D15 Office, CPC, Office of Wellness
09/04/2025	06/26/2026	PS 94 host mental health support workshops and activities such as Zumba, Yoga, and SEL for families	NYU Langone, Parent Corps, SCAB, D15 Office, CPC, Office of Wellness
09/04/2025	06/26/2026	PS 94 staff will collaborate to plan events and activities to promote the authentic and beneficial use of weekly Parent Engagement Time to promote the academic success and social emotional well-being of students and their families by strengthening the bond between teachers and families.	NYU Langone, Parent Corps, SCAB, D15 Office, CPC, Office of Wellness
09/04/2025	06/26/2026	PS 94 staff will collaborate to plan events and activities authentic and beneficial use of Parents as Learning Partner Time to promote the academic success and social emotional well-being of students by strengthening the bond between teachers and families.	NYU Langone, Parent Corps, SCAB, D15 Office, CPC, Office of Wellness
09/15/2025	10/15/2025	Hispanic Heritage Month Celebration	PS 94 Staff
02/09/2026	02/20/2026	Lunar New Year Celebration	PS 94 Staff

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, coaches, parent coordinators, classroom teachers

Instructional Resources

PS 94 Survey, DOE Family Survey, Agendas and attendance of all parent activities

Schedule Adjustments

We will share information regarding school events in our digital platforms, our school calendar and flyers that will be also backpacked to students

Other Resources Needed

D15 family support team

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to our 2025 Insight data, 0 (0%)of students were identified as severely chronically absent 107 out of 825 (13%)students chronically absent, 128 out of 825 (15%) at risk of becoming chronically absent. When zooming closer to our special populations: MLLs- Severely Chronically absent: 0 (0%) MLLs- Chronically absent: 51 out of 427 (12%) MLLs- At risk of becoming chronically absent: 79 out of 427 (19%) SWDs- Severely Chronically absent: 0 (0%) SWDs - Chronically absent: 27 out of 131 (21%) SWDs - At risk of becoming chronically absent: 23 out of 131 (18%) LatinX Students- Severely Chronically absent: 0 (0%) LatinX Students - Chronically absent: 80 out of 287 (28%) LatinX Students - At risk of becoming chronically	Evidence data indicates students demonstrate a struggle to establish consistent attendance habits from households facing financial hardship, job instability, or inconsistent childcare. These students are more likely to miss days without advanced notice. To address these disparities it is essential to strengthen	Our priority is to continue to strengthen early intervention systems by improving attendance monitoring protocols and ensuring timely,

absent: 83 out of 287 (29%) Asian Students- Severely Chronically absent: 0 (0%) Asian Students Chronically absent: 16 out of 517 (3%) Asian Students At risk of becoming chronically absent: 40 out of 517 (8%)	parent outreach from teachers, parent coordinators, secretaries, and school staff reaching out to parents within 1 day of absence.	consistent outreach to families facing within 24 hours of student absence.
According to our 2025 Insight data, 0 (0%)of students were identified as severely chronically absent 107 out of 825 (13%)students chronically absent, 128 out of 825 (15%) at risk of becoming chronically absent. When zooming closer to our special populations: MLLs- Severely Chronically absent: 0 (0%) MLLs- Chronically absent: 51 out of 427 (12%) MLLs- At risk of becoming chronically absent: 79 out of 427 (19%) SWDs- Severely Chronically absent: 0 (0%) SWDs - Chronically absent: 27 out of 131 (21%) SWDs - At risk of becoming chronically absent: 23 out of 131 (18%) LatinX Students- Severely Chronically absent: 0 (0%) LatinX Students - Chronically absent: 80 out of 287 (28%) LatinX Students - At risk of becoming chronically absent: 83 out of 287 (29%) Asian Students- Severely Chronically absent: 0 (0%) Asian Students Chronically absent: 16 out of 517 (3%) Asian Students At risk of becoming chronically absent: 40 out of 517 (8%)	Evidence indicates that families new to the school system or city may struggle to establish consistent attendance habits. To address these disparities it is essential to strengthen parent outreach from teachers, parent coordinators, secretaries, and school staff reaching out to parents within 1 day of absence.	Continue to strengthen outreach and support systems to better engage families new to the school or city, ensuring consistent communication and follow-up within 1 day of student absence.
As per the RCUL ATS report below is the breakdown regarding student punctuality for the BOY year 2025-2026: Students with 10-20 latenesses: 5 (1%) Students with 21 or more latenesses: 0 %	Analysis of attendance data and school practices indicates that repeated student lateness (more than 10) is often linked to limited family engagement at the point of arrival. When students are allowed to sign themselves in without parent involvement, it reduces opportunities for timely communication	Continue to strengthen daily monitoring and communication protocols with families to increase accountability, reduce repeated student lateness, and ensure timely arrival through consistent parent engagement at the point of late entry.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	0 (0%) of students were identified as severely chronically absent, 107 (13%) students chronically absent, 128 (15%) at risk of becoming chronically absent	By June, 2026, for All Students will Decrease 2%, from 13% to 11%, as measured by Chronic Absenteeism.
Students with Disabilities (SWD)	0 (0%) SWDs Severely Chronically absent: 27 (21%) SWDs - Chronically absent: 23 (18%) SWDs - At risk of becoming absent chronically absent	By June, 2026, for Students with Disabilities (SWD) will Decrease 2%, from 21% to 19%, as measured by Chronic Absenteeism.
English Language Learners (ELL)	0 (0%) MLLs Severely Chronically absent; 51 (12%) MLLs- Chronically absent; 79 (19%) MLLs- At risk of becoming chronically absent	By June, 2026, for English Language Learners (ELLs) will Decrease 2%, from 12% to 10%, as measured by Chronic Absenteeism.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance Progress Monitoring (Sept. 2025- June 2026):
Monitor student attendance and punctuality to minimize learning disruptions
Use real-time data tools (ATS, Insight and New Visions) to track attendance daily
Use a shared digital log by the attendance committee (e.g., Google Sheets, DOE system) for recording date, reason, contact method, and follow-up outcome of every outreach.
Host weekly attendance meetings to discuss and flag concerns and plan interventions

Parent Outreach (Sept. 2025- June 2026):
Designate specific staff, the attendance committee comprised of administration, parent coordinators, secretaries, school aides to call parents daily within 1 day of absence to clearly communicate school attendance expectations to students and their families
Include attendance tips and reminders in newsletters, social media, and parent-teacher conferences.
Connect families to available community and DOE resources (childcare referrals, housing support, food assistance)

Family Engagement & Attendance Education (Sept. 2025- June 2026):
Provide workshops to parents to clearly communicate school attendance expectations to identify the impact on a student's educational attainment, achievement and development
Provide welcome packets with attendance expectations and support contacts
Recognize and celebrate improved punctuality publicly and privately (e.g., attendance certificates)

Root Cause Addressed:

Priority Root Cause 1: Evidence data indicates students demonstrate a struggle to establish consistent attendance habits from households facing financial hardship, job instability, or inconsistent childcare. These students are more likely to miss days without advanced notice. To address these disparities it is essential to strengthen parent outreach from teachers, parent coordinators, secretaries, and school staff reaching out to parents within 1 day of absence.

Priority Root Cause 2: Evidence indicates that families new to the school system or city may struggle to establish consistent attendance habits. To address these disparities it is essential to strengthen parent outreach from

teachers, parent coordinators, secretaries, and school staff reaching out to parents within 1 day of absence.

Priority Root Cause 3: Analysis of attendance data and school practices indicates that repeated student lateness (more than 3) is often linked to limited family engagement at the point of arrival. When students are allowed to sign themselves in without parent involvement, it reduces opportunities for timely communication and intervention.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September 2025 - June 2026: Ongoing parent outreach by teachers and the attendance committee including administration, parent coordinators, secretaries, and school aides to call parents daily within 1 day of absence to clearly communicate school attendance expectations to students and their families.
Attendance teacher will do early intervention on evenings and weekends, especially students who have been chronically absent this past academic year

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary structures to progress monitor implementation of key strategies and action steps:
* Monitoring daily attendance using ATS, Insight, and New Visions data
* Weekly attendance committee meetings to review attendance data, identify trends or patterns, and address any emerging concerns, discuss specific cases of chronic absenteeism, determine underlying causes, and develop targeted intervention strategies
* Parent outreach within 1 day of absence to clearly communicate school attendance expectations to students and their families including developing goals to improve the student's attendance
* Equipping families with the knowledge and tools to identify and suggest improvements to current attendance policies and communication practices between students, parents, and school staff to better support consistent school attendance to minimize learning disruptions

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Initiate contact with parents or guardians within one day of a student's absence to underscore the critical importance of consistent school attendance in maximizing learning opportunities. Clearly communicate the school's attendance protocols, which include daily outreach to families and systematic documentation of all interactions in ATS "iloging" all interactions.	Attendance committee including parent Coordinators, school secretaries, and school aides
09/04/2025	06/26/2026	In the event that a student arrives late, a parent or guardian is required to report to the main office and sign the student in upon arrival. Failure to comply with this procedure will result in a follow-up phone call from the Attendance Committee.	Attendance committee including parent Coordinators, school secretaries and school aides
09/04/2025	06/26/2026	Our school cafeteria opens at 7:30 am to welcome students who need to start the day earlier. We provide breakfast to all students.	Kitchen staff and members of the arrival team
10/01/2025	10/01/2025	Parent Workshop: Attendance Matters	Time: 8:30 AM Facilitator: AP Rose Rodriguez and Attendance Committee
10/07/2025	05/26/2026	Morning intervention programs include students identified as being at risk for chronic absenteeism.	Teachers and arrival team

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

The attendance committee will meet weekly to review attendance trends, identify patterns, and plan targeted interventions to improve student attendance outcomes.

Instructional Resources

We will have instructional materials to send home on a case by case basis depending on the nature and frequency of the absences and lateness of our students.

Schedule Adjustments

We will address schedule adjustments on a case by case scenario.

Other Resources Needed

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
2024-2025 Acadience Gr. K-2 Data Trends As per 2024-2025 Acadience Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 42% to 81%. –	The following contributing factors leading to these school outcomes are: 1. SDI Design & Alignment to	IEP Development

MLLs Grades K-2: increased from 28% to 76%. –SWOAs Grades K-2: increased from 14% to 64%. As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 55% to 65%. –MLLs Grades 3-5: increased from 34% to 51%. –SWOAs Grades 3-5: increased from 17% to 22%. As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13% –SWOAs Grades 3-5: decreased from 9% to 7%. Acadience/MAP Growth Screener Data will be entered September 2025. Internal IEP Review Data for Instructional Alignment to assess: Inclusion of academic screeners in the PLOP Evidence of SDI linked to reading/math gaps Clarity and specificity of goals related to academic needs PS 94 understands and uses the definition of Students with Disabilities (SWDs) as mandated by State and City Dept. of Education, however, for us, we believe they are Students with Other Abilities (SWOAs). The acronym SWDs is a connotative term. Whenever you read SWOAs, we are referring to the students identified by State and City as SWDs.	IEP Goals --Intentional, individualized SDI aligned to IEP goals --Data-driven SDI --Adaptations responsive to each student's disability 2. Instructional Delivery & Access --Instruction adapted in content, methodology, or delivery --Systematic embedding of SDI in small group or 1:1 settings 3. Professional Learning for teachers on disability classifications and SDI data collection structures 4. Monitoring & Outcomes -Measurable academic growth through individualized support to close performance gap --Progress monitor to adjust SDI on the go.	and Fidelity of Implementation
IEP Reviews indicate inconsistent inclusion of parent and student voice. Particularly questions 15 and 16 of the IEP Review Survey emphasize the critical role of student and family voice in shaping the Present Levels of Performance (PLOP), measurable goals, and recommended services within the IEP. The primary focus of these questions is to ensure the IEP: --highlight personal background and lived experiences --ask about a vision of success --consider how priorities reflected in instruction, goals, or services The presence—or absence—of student and family input in these areas highlights the need to strengthen both family and student collaboration within the IEP development process.	The following contributing factors leading to these school outcomes are: Opportunities such as classroom discussions, community circles, and goal-setting routines are in use and can be further strengthened by embedding them more consistently into daily instruction to elevate authentic student voice. For example, community circles, classroom discussions and parent interviews can be used routinely to ask students and families about: --What success looks like for them --What goals they have --What supports help them thrive Surveys, interest inventories, and self-assessments are valuable tools already in practice and can be more intentionally integrated into the curriculum to capture student strengths, preferences, and learning needs.This data can be	Transition Planning and Compliance

	used to: --customize IEP goals --support PLOP development --guide service decisions Students are beginning to engage in goal-setting and reflection, and there is an opportunity to deepen this practice by supporting co-created goals and student choice to enhance their role in IEP development.	
Initial Referral Rate: 2019-2020: (12) 2020-2021- (3) 2021-2022- (9) 2022-2023-(15) 2023-2024-(28) 2024-2025-(18) 2024-2025 Data Trends As per 2024-2025 Acadience Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 55% to 65%. –MLLs Grades 3-5: increased from 34% to 51%. –SWOAs Grades K-2: increased from 14% to 64%. As per 2024-2025 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from 35% to 61%. –MLLs Grades K-2: increased from 16% to 46%. –SWOAs Grades K-2: increased from 17% to 30%. 2024-2025 MAP Growth Gr. 3-5 Data Trends As per 2024-2025 MAP Growth Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from 55% to 65%. –MLLs Grades 3-5: increased from 34% to 51%. –SWOAs Grades 3-5: increased from 17% to 22%. As per 2024-2025 MAP Growth Reading Screener #1 to #3 growth measures – –All students Grades 3-5: increased from 41% to 44%. –MLLs Grades 3-5: increased from 5% to 13% –SWOAs Grades 3-5: decreased from 9% to 7%. Acadience/MAP Growth Screener Data will be entered September 2025. 2025-2026 Acadience Gr. K-2 Data Trends As per 2025-2026 Acadience Math Screener #1 to #3 growth measures – –All Students Grades K-2: increased from ____% to ____%. –MLLs Grades K-2: increased from ____% to ____%. –SWOAs Grades K-2: increased from ____% to ____%. As per 2025-2026 Acadience Reading Screener #1 to #3 growth measures – –All Students Grades K-2: increased from ____% to ____%. –MLLs Grades K-2: increased from ____% to ____%. –SWOAs Grades K-2: increased from ____% to ____%. Acadience/MAP Growth Screener Data will be entered September 2025. 2025-2026 MAP Growth Gr. 3-5 Data Trends As per 2025-2026 MAP Growth Math Screener #1 to #3 growth measures – –All Students Grades 3-5: increased from ____% to ____%. –MLLs Grades 3-5: increased from ____% to ____%. –SWOAs Grades 3-5: increased from ____% to ____%. 2025-2026 MAP Growth Gr. 3-5 Data Trends As per 2025-2026 MAP Growth Reading Screener #1 to #3 growth measures – –All students Grades 3-5: decreased from ____% to ____%. –MLLs Grades 3-5: decreased from ____% to ____% –SWOAs Grades 3-5: increased from ____% to ____%.	With more consistent academic growth among Students With Other Abilities (SWOAs), opportunities for decertification and greater access to general education environments can be expanded. The following contributing factors leading to these school outcomes are: Strengthening Multi-Tiered Systems. Continued focus is needed to ensure the consistent implementation and integration of MTSS data in ways that meaningfully inform instruction and targeted support. Instructional practices can be further refined to reflect a more cohesive integration of MTSS, Specially Designed and Instruction (SDI). Progress monitoring practices benefit from greater consistency in frequency to better inform timely adjustments to interventions. Pre-Referral Intervention Systems Tier 2 and Tier 3 interventions need to be intensified in both frequency and focus for students not making adequate progress. A need for more strategic use of small group instruction, differentiated scaffolds, and explicit language teaching prior to referral. Ensuring Access in the Least Restrictive Environment Strengthening the alignment between instructional planning and students' IEP goals will enhance the effectiveness of Specially Designed Instruction (SDI) and improve access to grade-level content. Continued refinement in developing and implementing SMART IEP goals will help ensure individualized	Referral Process and Equity

	needs are fully supported in inclusive settings.	
2024-2025 Attendance Data: SWDs- Severely Chronically absent:_0_ (0%) SWDs - Chronically absent: 27 out of 131 (21%) SWDs - At risk of becoming chronically absent: 23 out of 131 (18%) 2024-2025 OSYD OORS Data: 20% of SWDs who are involved in Level 3–5 incidents.	• Build staff capacity to provide evidence-based behavior supports through ongoing professional learning. • Conduct more frequent IEP reviews with classroom teachers to unpack social and behavioral needs, aligned to IEP Review Survey specifically questions 42–51. • Increase fidelity in implementing SEL curriculum and supports that promote the CASEL competencies. • Improve parent communication and collaboration to align home-school behavioral expectations and strategies.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	80%	By June, 2026, we will improve IEP Development and Ensure Fidelity of Implementation for Students with Disabilities (SWD)- by a 5% Increase, from 80% to increase percentage of IEPs that demonstrate SDI through improved alignment among the Present Levels of Performance (PLOP) and measurable annual goals, specifically targeting instructional needs identified in reading and math performance data, as measured by Internal IEP Review Data for Instructional Alignment.
Students with Disabilities (SWD)	18	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Referral Process and Equity by a 5% Decrease, from 18 to 13, through consistent implementation and integration of a Multi-Tiered System of Supports (MTSS), specifically targeting instructional needs identified in reading and math performance data to reduce referral rate as measured by Special Education Initial Evaluations Report.
Students with Disabilities (SWD)	25%	By June, 2026, to strengthen Transitioning Planning and Compliance for Students with Disabilities (SWD), we will improve improve the percentage of of IEP Reviews, particularly questions 15 and 16, to show alignment of student and family voice in the Present Levels of Performance (PLOP), measurable goals, and recommended services by a 25% Increase, from 25% , as measured by IEP Reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Key Strategy for IEP Development and Ensure Fidelity of Implementation: increase percentage of IEPs that demonstrate SDI through improved alignment among the Present Levels of Performance (PLOP) and measurable annual goals, specifically targeting instructional needs identified in reading and math performance data

Key Strategy for Referral Process and Equity- consistent implementation and integration of a Multi-Tiered System of Supports (MTSS), specifically targeting instructional needs identified in reading and math performance data in order to decrease the special education referral rate

Key Strategy for Transitioning Planning and Compliance- improve the percentage of of IEP Reviews, particularly questions 15 and 16, to show alignment of student and family voice in the Present Levels of Performance (PLOP), measurable goals, and recommended services

Key Strategy for Equity in School Discipline- improve the percentage of SWDs involved in level 3-5 incidents

Root Cause Addressed:

IEP Development and Ensure Fidelity of Implementation- the following contributing factors leading to these school outcomes are:

• SDI Design & Alignment to IEP Goals
--Intentional, individualized SDI aligned to IEP goals
--Data-driven SDI
--Adaptations responsive to each student's disability
• Instructional Delivery & Access
--Instruction adapted in content, methodology, or delivery
--Systematic embedding of SDI in small group or 1:1 settings
• Professional Learning for teachers on disability classifications and SDI data collection structures
• Monitoring & Outcomes
--Measurable academic growth through individualized support to close performance gap
--Progress monitor to adjust SDI on the go.

Referral Process and Equity- with more consistent academic growth among Students With Other Abilities (SWOAs), opportunities for decertification and greater access to general education environments can be expanded. The following contributing factors leading to these school outcomes are:

• Strengthening Multi-Tiered Systems.
--Continued focus is needed to ensure the consistent implementation and integration of MTSS data in ways that meaningfully inform instruction and targeted support.
--Instructional practices can be further refined to reflect a more cohesive integration of MTSS, Specially Designed and Instruction (SDI).
--Progress monitoring practices benefit from greater consistency in frequency to better inform timely adjustments to interventions.

• Pre-Referral Intervention Systems
--Tier 2 and Tier 3 interventions need to be intensified in both frequency and focus for students not making adequate progress. A need for more strategic use of small group instruction, differentiated scaffolds, and explicit language teaching prior to referral.

• Ensuring Access in the Least Restrictive Environment

• Strengthening the alignment between instructional planning and students' IEP goals will enhance the effectiveness of Specially Designed Instruction (SDI) and improve access to grade-level content.
--Continued refinement in developing and implementing SMART IEP goals will help ensure individualized needs are fully supported in inclusive settings.

Transitioning Planning and Compliance: the following contributing factors leading to these school outcomes are:

• Opportunities such as classroom discussions, community circles, and goal-setting routines are in use and can be further strengthened by embedding them more consistently into daily instruction to elevate authentic student voice. For example, community circles, classroom discussions and parent interviews can be used routinely to ask students and families about:

--What success looks like for them
--What goals they have
--What supports help them thrive

• Surveys, interest inventories, and self-assessments are valuable tools already in practice and can be more intentionally integrated into the curriculum to capture student strengths, preferences, and learning needs.This data can be used to:
--Customize IEP goals
--Support PLOP development
--Guide service decisions

• Students are beginning to engage in goal-setting and reflection, and there is an opportunity to deepen this practice by supporting co-created goals and student choice to enhance their role in IEP development.

Equity in School Discipline-

• Build staff capacity to provide evidence-based behavior supports through ongoing professional learning.
• Conduct more frequent IEP reviews with classroom teachers to unpack social and behavioral needs, aligned to IEP Review Survey specifically questions 42–51.
• Increase fidelity in implementing SEL curriculum and supports that promote the CASEL competencies.
• Improve parent communication and collaboration to align home-school behavioral expectations and strategies.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ongoing Professional Learning Structures Teachers will participate in continuous professional development through grade meetings, instructional coaching cycles, and supported trainings focused on best practices in literacy and mathematics instruction. The Professional Learning Sessions will be internal as well as external such as district and central professional learning focused on SDI, IEP writing, progress monitoring.
Integrated Literacy and Math Planning (Weekly) Administrators, instructional coaches and ENL providers will collaborate weekly to analyze student literacy and mathematics data, identify priority skills, and design learning experiences with: Explicit instruction Differentiated content and language scaffolds Data trackers for progress monitoring Teachers will examine the intersection of language and content, recognizing the critical role language plays in developing and expressing both literacy and mathematical understanding.
MTSS Implementation and Progress Monitoring (bi-weekly) The MTSS team instructional coaches, MTSS providers and administration will meet bi-weekly to document and review instructional cycles of support. These meetings will focus on aligning instruction to measurable student and teacher outcomes and adjusting intervention plans as needed.
Student Support Case Review (Bi-Weekly) The MTSS Team such as instructional coaches, ENL providers, and classroom teachers will collaborate bi-weekly to review individual student cases, analyze progress monitoring data, and align MTSS supports to ensure students receive appropriate interventions in a timely manner.
Attendance and Punctuality Monitoring (Ongoing) Student attendance and punctuality will be closely monitored to reduce learning disruptions and ensure consistent access to instruction and interventions.
Deep Engagement with IEPs to Support SDI (Ongoing) Teachers will engage in regular review and discussion of students' Individualized Education Programs (IEPs) to fully understand each student's unique learning needs and ensure the effective implementation of Specially Designed Instruction (SDI) aligned to IEP goals and accommodations.

Key Strategy 2 (Optional):

Conduct IEP meetings within specified compliance dates
Develop standards-aligned, rigorous annual IEP goals that are directly connected to each student's unique learning needs and guide the delivery of Specially Designed Instruction (SDI).
Ensure the timely and consistent delivery of all programs and services as mandated in each student's Individualized Education Program (IEP).

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The Assistant Principal and Centrally Funded Intervention Teacher will continue to develop and maintain an IEP Meeting Calendar—including Annual Reviews, M3Y, Re-Evaluations, Initials, and T5 meetings—to ensure that all IEP meetings are scheduled at least three weeks in advance of their compliance due dates. This proactive approach supports timely communication with families, service providers, and team members, ensuring compliance and quality planning.
The Assistant Principal overseeing special education services will meet regularly with special education teachers to provide professional development and coaching on developing SMART, standards-aligned IEP goals. These meetings will also focus on aligning Specially Designed Instruction (SDI) to students' individualized goals and ensuring that effective progress monitoring systems are in place to track growth, inform instructional adjustments, and support meaningful student outcomes.
The Assistant Principal will conduct weekly reviews of the Program Recommended Services Report and Service Records Report to ensure that all students are receiving the programs and services mandated on their IEPs, SESIS encounter attendance is entered and in alignment with compliance requirements.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The implementation and monitoring of our action plans to meet the goals will be as follows:

Special Education Vertical Team: All special education teachers will now have a weekly common planning time together every Friday from 8:55-9:50am

Teachers will progress monitor every two weeks gathering data and meeting to reflect on students' progress

New teachers will have an additional guided coaching period to meet with coaches and align curricula to students' IEP goals weekly

Ms. Betzaida Medina, Coaches and Cabinet will lead data analysis sessions for teachers to unpack evidence of learning using a variety of tools and protocols to determine the impact of their instruction

Targeted Professional Development Sessions focusing on SDI, Goal alignment and learning styles to support Curriculum alignment with students' goals

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/16/2025	10/16/2025	Understanding the IEP Process To support parent understanding and engagement, we will provide detailed information on the five key steps of the IEP process: Step 1: Initial Referral or Request for Referral Step 2: Evaluation Step 3: IEP Meeting Step 4: Arranging Special Education Services Step 5: Annual Review/Reevaluation Workshop Outcomes: Parents will gain a clear understanding of the IEP process and their critical role in each step. Parents will receive the Family Guide to Special Education Services for School-Age Children in their preferred language. A PowerPoint presentation summarizing the IEP process will also be shared. All workshops will be conducted in English, Spanish, and Chinese to ensure accessibility for all families.	Time: 8:30 AM Facilitator: Assistant Principal Doris Corniel and Centrally Funded Intervention Teacher Betzaida Medina NYCDOE Special Education Family Guide
01/18/2026	01/18/2026	Preparing for the IEP Meeting Focus: This workshop will empower parents to become effective and confident advocates during their child's IEP meeting. The session will focus on: Guiding parents through each section of the IEP Providing specific questions parents can ask to ensure the development of a student-centered IEP Supporting parents in understanding how to actively participate in decision-making Preparing for the IEP Meeting Focus: This workshop will empower parents to become effective and confident advocates during their child's IEP meeting. The session will focus	Time: 8:30 AM Facilitator: Assistant Principal Doris Corniel and Centrally Funded Intervention Teacher

		on: Guiding parents through each section of the IEP Providing specific questions parents can ask to ensure the development of a student-centered IEP Supporting parents in understanding how to actively participate in decision-making	Betzaida Medina NYCDOE Special Education Family Guide
03/15/2026	03/15/2026	Understanding your Child's IEP This workshop will provide parents with a clear understanding of each section of the Individualized Education Program (IEP), helping them become informed partners in the special education process. The session will include a review and explanation of the following IEP components: Present Levels of Academic Achievement and Functional Performance (PLAAFP): A description of the child's current strengths and needs in academic and functional areas. Measurable Annual Goals: Academic and functional goals tailored to the child's needs, including how progress will be measured and reported. Program Recommended Services: Special education services, related services, and supplementary aids and supports necessary for the child's success. Testing Accommodations: Modifications and supports provided during assessments to ensure equitable access. Progress Reporting and Transportation Services: How and when progress will be reported to families, and any transportation services included in the IEP. Workshop Outcomes: Parents will become effective and confident advocates during their child's IEP meeting Parents will receive the Family Guide to Special Education Services for School-Age Children in their preferred language. A PowerPoint presentation summarizing the IEP process will also be shared. All workshops will be conducted in English, Spanish, and Chinese to ensure accessibility for all families.	Facilitator: Assistant Principal Doris Corniel and Centrally Funded Intervention Teacher Betzaida Medina NYCDOE Special Education Family Guide

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Principal, Assistant Principals, Instructional coaches, SEL/Equity Coach, Grade Leaders, Classroom teachers, Paraprofessionals, Centrally Funded Intervention Teacher and School Based Support Team

Instructional Resources

ELA and Math Curriculums Standard Operating Procedures Manual Special Education District and City Wide Resources Staff, grade and individualized meetings Curriculum Maps 2025 End of Year Data, Data Trackers MTSS Instructional Coaching Cycles

Schedule Adjustments

DOE professional development sessions, District 15 Office professional support, additional professional development sessions.

Other Resources Needed

In addition to the flow of the day, we will provide MTSS tier intervention, before and after school academic programs and Saturday academy as per the needs of the students

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At P.S. 94, we believe that strong home-school partnerships are essential to student success. The essential components of our Multi-Tiered System of Supports (MTSS) are first introduced to families during our annual Curriculum Night and then reinforced during our initial Parent-Teacher Conferences. Throughout the year, as students are identified for Tier 2 or Tier 3 supports, families will receive additional information about the MTSS process and what it entails. We ensure that parents are fully informed about the supports and progress monitoring tools being used. Communication will take place in the family's preferred language and focus on student work, attendance, and specific academic or social-emotional goals. Notices and permission slips will be sent home to secure consent for services and ongoing communication.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 interventions are engaged through regular updates from the classroom teacher, the service provider, and/or an instructional coach. These updates include the use of a progress monitoring tool aligned to specific goals, checklists of targeted skills, and samples of student work that demonstrate growth over time. Progress is discussed during one-on-one meetings, which can be scheduled in person or remotely based on family preference. We ensure communication is accessible and consistent, and we include both academic and behavioral indicators such as attendance, participation, and student engagement.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At P.S. 94, families are considered active partners in the MTSS decision-making process—especially at the Tier 3 level. Parents provide consent before services begin and are encouraged to observe sessions, ask questions, and share input. This is an open and collaborative process, and our staff—including teachers, coaches, and related service providers—remain available for follow-up conversations and progress reviews. Our doors are always open, and we are committed to keeping families informed and engaged in their child's learning journey through individualized meetings, updates in their home language, and meaningful discussions centered around data, student work, and next steps.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

STH: 215
Double up: 210
Shelter: 3
Hotel: 2

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Analysis of PS 94K's 2024–2026 STH data reveals that while total enrollment has decreased, the number of students in temporary housing has risen from 210 to 215—now representing 28% of the school population. Attendance data show a persistent 26% chronic absenteeism rate, with many students hovering just below the 90% threshold, highlighting the need for consistent outreach and stability supports. Academic data show steady growth: reading proficiency rose from 36% to 42% and math from 41% to 48%, demonstrating the effectiveness of Orton-Gillingham and small-group instruction. However, early literacy and attendance remain key barriers. In response, PS 94K will strengthen attendance mentoring, expand early intervention in reading, extend math enrichment programs, and deepen community partnerships to address both academic and social-emotional needs. These data-driven supports aim to ensure that all students in temporary housing experience academic continuity, emotional safety, and equitable access to learning.

As we learn of the challenges our families are facing, we create initiatives and add services to better support them:

To reduce chronic absenteeism among STH students from 26% to below 20% by June 2026 we will:
- Implement early-warning attendance alerts. - Pair each STH student with a mentor for check-in/check-out.
- Provide MetroCards, uniforms, and weekend pantry boxes for families in need.
- Our STH Liaison (A. Osbourne-Perez), and Attendance Team, will monitor our weekly attendance dashboard -

To increase Academic Achievement – Reading/Mathematics we will:
- Continue OG small groups and SRP decoding sessions (Grades 3–5).
- Add K–2 early literacy intervention cycles.
- Provide literacy family nights at shelters.
- Progress-monitoring End-of-year data reports
- Target computation and problem-solving fluency through MTSS and Saturday Academy. - Connect lessons to real-world contexts
-Strengthen social-emotional and family supports to promote belonging and stability.
- Integrate RISE SEL lessons weekly in STH classrooms.
- Host parent SEL workshops at shelters.
- Expand mentorship and peer-buddy programs.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Services for STH students are as followed: STH Liaison and SEL Coaches Attended A New Mentor Framework Session 1 January 22, and will continue to attend sessions during the school year 2025-2026 STH Liaison and SEL Coach will attend Annual McKinney-Vento Act Training Use the data from regular Attendance Meetings inform needs and supports of students and families Regular reach out to families students who were at risk of be chronic and students were chronically absentive Ensure that students have working devices for optimum learning. We will continue our Success Mentoring for STH students during the school year 2025-2026. Meeting with the students regularly using the FUN- NY Mentor activities (http://new.every1graduates.org/wpcontent/uploads/2016/08/FUNActivitiesCatalogue_MentorNY.pdf) and Everyday Circle Cards Success Mentor support in student attendance and check in with the students. STH Liaison and SEL Coach will continue to attend New Mentor Framework Sessions With the support of the Parent Coordinators reach out to families to identify the needs of the students. After assessing the needs using McKinney-Vento fund ordered back packs with the following supplies for our students: Clothing (uniforms), Hygiene Kit, blanket and headset with microphone for remote learning. STH Liaison and SEL Coach will attend the STH Achieve Winter Conference We will continue to schedule Floating Hospital Workshops for students and families. Communication to parents will be done through flyers and posters for families aware of the floating hospital services shared in our digital platforms as well as backpacking letters to parents. All communications will be done in English, Spanish, and Chinese STH Liaison and SEL Coach will distribute backpacks for the families and students with what they need after conducting a needs assessment STH Students receive sneakers from TOP Shoes STH Liaison and SEL Coach will continue to create a plan for school year 2025-2026 STH Liaison and SEL Coach will continue to meet with the Attendance Team STH Team will conduct ongoing meetings to assess the needs of the STH students and families Use the Checklist assess the needs: https://nysteachs.org/wpcontent/uploads/2020/09/INF_TEACHS_CheckInChecklist_HybridAndRemote_091420.pdf Create Attendance Celebrations and identity Attendance Incentives create school Moto STH Liaison and SEL Coach will continue to conduct regular Check-ins students and families STH Liaison and SEL Coach will continue the Success Mentors for 2025-2026 school year. STH Liaison and SEL Coach will create afterschool enrichment programs

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

As of this academic year, P.S. 94 has 4 students in foster care. We view every student in our care as a whole child—one who deserves safety, dignity, and the opportunity to thrive academically, socially, and emotionally.
Social-Emotional Supports:
Foster care students are prioritized for real-time SEL support through our in-house SEL coaches and guidance counselors, including check-ins, small group sessions, and restorative practices.
We facilitate direct connections to internal and external mental health services, including referrals to licensed clinicians via our partnerships with Together Growing Strong, Center for Family Life, and NYU Langone's BASIS Program.
Foster care students have priority access to school-based mental wellness resources and are continuously monitored for signs of social-emotional distress so that supports can be mobilized immediately.
Academic Supports:
Students are assessed using Acadience (K–2) and MAP Growth (3–5) within their first two weeks to determine current performance levels.
Based on data, they are placed into Tier 2 or Tier 3 small group instruction for targeted support in reading, math, or foundational skills, including instruction via the Edwards-Orton Gillingham phonics approach and Eureka Math Squared.
Instructional supports include afterschool and Saturday programs, as well as ongoing 1:1 and small group conferring with coaches and interventionists.
Basic Needs Support:
All foster care students are automatically connected to our school's food pantry, clothing boutique, and free laundry facility.
They are issued learning devices and hotspots, if needed, and provided school supplies, hygiene kits, and uniforms.
These supports are offered without delay to ensure students' essential needs are met so they can engage fully in learning.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Every student in foster care receives an individualized transition plan developed in partnership with caregivers, teachers, counselors, and service providers. We recognize that transitions can be disorienting, so we respond with urgency, compassion, and coordination.
Targeted Supports Include:
Real-time access to mental health support, including immediate intake by our counseling staff and fast-tracked referrals to external providers.
A designated school-based Success Mentor assigned to each new student to support daily routines, check in on emotional well-being, and help the student navigate the school day.
Academic screening (Acadience/MAP Growth) within the first two weeks to ensure timely placement into intervention groups aligned to the student's Zone of Proximal Development (ZPD).
Enrollment in afterschool academic programs and Saturday enrichment when appropriate, with outreach to caregivers to facilitate consent and participation.
Immediate access to basic needs resources, including food, clean clothing, laundry services, and devices for schoolwork and communication.
Caregiver Communication and Consent:
Parents or guardians (including foster parents and caseworkers) receive notices and permission slips for any targeted interventions.
Progress and participation updates are provided in the caregiver's preferred language and through their preferred method (in-person, phone, or virtual).

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Our review of multi-year data shows several recurring patterns for students in foster care, underscoring the impact of instability and trauma—but also pointing to clear action steps.
Emerging Trends:
Attendance concerns, particularly among newly transitioned students, which correlate with housing or placement changes.
Reading and math gaps, especially in decoding, fluency, and vocabulary acquisition.
Increased behavioral referrals, often tied to emotional regulation or social adaptation challenges.
Responsive Actions and Continuous Improvement:
We have enhanced our early identification systems to flag attendance, academic performance, and SEL needs in real time.
Data now triggers automatic referral to the MTSS team, where academic and SEL supports are co-designed to provide coordinated interventions.
These students are also prioritized for mental health referrals, mentorship, and small group counseling.
All foster care students are guaranteed access to wraparound supports including food, clothing, laundry, and device access, ensuring their basic needs do not become barriers to success.
Our teams meet regularly to review progress, using updated data to refine and strengthen supports as students transition and grow.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these

strategies help address academic and behavioral challenges?

We believe SEL must be more than a program—it must be a way of being. At P.S. 94, we embed SEL into instruction, relationships, and routines, ensuring every child, especially those in foster care, is seen, heard, and valued.
Targeted SEL Strategies for Transitional Grades (2nd and 5th):
SEL Circles and Mentorship: Foster care students are invited to join SEL reflection circles facilitated by counselors and coaches, and are paired with trusted peer mentors and adult staff.
Trauma-Informed Care: All staff receive training in trauma-responsive teaching, and classroom practices include de-escalation, conflict resolution, and co-regulation strategies.
Real-Time Response: Behavioral incidents are met with immediate check-ins from counselors or the SEL coach, with a goal of repair and learning—not punishment.
Affirmation and Belonging: SEL lessons are culturally responsive and identity-affirming, helping students navigate identity, trust, and resilience.
Civic Voice and Agency: Students in foster care are encouraged to participate in student-led initiatives such as the Student Council, Youth Equity Congress, and The Rise Chronicle newspaper to develop agency and self-advocacy.
Whole-Child Focus:
These strategies foster academic stability by addressing emotional well-being. When students feel safe and connected, they engage more fully in learning, participate more confidently in class, and build positive relationships with peers and staff.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

PS 94 will planned programs to support students' needs such as:

Academic Intervention Programs
- Reading Intervention Afterschool Program for students in grades k-5
- Mathematics Intervention Afterschool Program for students in grades k-5
- Saturday Academy program in ELA and Mathematics for students in grades 3-5
- Saturday ENL program for ELL students in grades 2 and 3

Special Education Academic Recovery Program
- ELA and Math Afterschool Program for students with IEPs in grades K-5

Enrichment programs
- Theater enrichment program for English language learners students with a focus on all four modalities of language
- Martial arts program
- Yoga
- Lego Robotics
- Coding Club
- Track and Field Grades 2-5
- STEAM for girls in grade 3
- Soccer in partnership with Brooklyn Premier Soccer Academy

Art Enrichment Grades 4-5

SEL Focus programs
- SEL enrichment program for STH
- SEL enrichment program for students in grades 1-5

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

A posting will be created for teachers to apply. Principal and hiring committee will select a certified teacher that will deliver the instruction

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Coaches and program teachers will plan a program that is tailor to the students' needs.

Provide a description of the materials purchased to support implementation of ELT.

Depending on the program, we anticipate the purchasing be focused around school supplies and technology devices.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 94, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS94 will support parents and family members of Title I students by:
providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
providing assistance to parents in understanding City, State and Federal standards and assessments;
sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
using technology to increase access to school information through the PS 94 website and phone application.
providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;
provide families access to local resources to support career development, literacy skills, technology based skills, medical resources, and basic necessities such as food and personal care items
engaging parents in physical activities such as Zumba to promote Social Emotional well being.
Providing workshops aligned to social emotional wellness through BrainPower partnership
Providing access to food, basic necessities, and medical needs through the PS 94 Food Pantry, Boutique, Health CLinic, and Dental Clinic

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and

families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

provide families access to local resources to support career development, literacy skills, technology based skills, medical resources, and basic necessities such as food and personal hygiene items
engaging parents in physical activities such as Zumba to promote Social Emotional well being.
Providing workshops aligned to social emotional wellness through BrainPower partnership
Providing access to food, basic necessities, and medical needs through the PS 94 Food Pantry, Boutique, Health CLinic, and Dental Clinic
Conduct monthly meetings with the school community CBO , PTA, and administration to discuss supports for the school community

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
• hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
• encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
• supporting or hosting Family Day events;
• establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
• encouraging more parents to become trained school volunteers;
• hosting events that showcase local resources to support career development, literacy skills, technology based skills, medical resources, and basic necessities.
• Providing workshops aligned to social emotional wellness through BrainPower partnership
• Providing access to food, basic necessities, and medical needs through the PS 94 Food Pantry, Boutique, Health CLinic, and Dental Clinic
• providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
• developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
• providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.
• using technology to increase awareness of school events and resources through the PS 94 website and PS 94 School App.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS94 in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing an affirmative and inclusive curricula aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;
- Conducting needs assessment surveys to ascertain the services parents are in need of such as clothing, food, or medical.
- increasing parent communication through the use of digital platforms such as the use of the school app and

website for notifications and resources, and iLearnNYC homepage for notifications

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

provide families access to local resources to support career development, literacy skills, technology based skills, medical resources, and basic necessities such as food and personal hygiene items
Providing workshops aligned to social emotional wellness through BrainPower partnership
Providing on site access to food, basic necessities, and medical needs through the PS 94 Food Pantry, Boutique, Health CLinic, and Dental Clinic

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports

and/or quality family time;

- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Professional Development is planned after surveying the school staff. The PD committee then meets with the principal and discuss the PD the staff needs in alignment to the vision/mission, instructional focus and priorities of the school

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Parent Corps Series of Workshops, School Tours, Parents as learning partners, guidance counselor and SEL coaches support the transition during the BOY beginning of the school year. Additionally we are beginning a partnership with NYU Langone via participation on an ECE transition task force that seeks to develop a pilot program in which ECE centers are partnered with Kindergarten teachers and registration staff to ensure that families and schools are able to have a more standardized foundation on the process, expectations, and philosophies regarding early childhood education and the transition to Kindergarten.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
N/A	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student Funding)	Local			

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Chinese Planning Council (CPC)	Students	After School Program at 94. CPC will serve 3 units (sections) with up to 20 students in each section	For the school year 2023-2024 CPC will provide academic and enrichment experiences to our students
Chinese Planning Council (CPC)	Students	After school Leadership Academy for students in grade 5	This program was successfully launched during the 2021-2022 school year. Students meet every week to address leadership skills as well as expectations as they are moving on to middle school. This program is co-located with a highschool where students get to spend time and learn about themselves in new/unfamiliar academic environments.

Chinese Planning Council (CPC)	Parents/Families	English as a second language classes	CPC works with parents and provide ESL classes to parents
Chinese Planning Council (CPC)	Parents/Families	Food pantry and boutique	CPC works in partnership with PS 94 to support the needs of our families
Chinese Planning Council (CPC)	Parents/Families	Community Building	CPC will invite parents for a culinary tour of our neighbor as a way of building community and learning about ourselves and our cultures with the sharing of food
Chinese Planning Council (CPC)	Parents/Families	Community Building-SEL support	CPC will continue to provide workshops to create a space for parents to share joy, or concerns as we build community. We will continue our Knitting workshop as parents' feedback have been very positive.
Chinese Planning Council (CPC)	Parents/Families	Community Building-Developing strong leadership skills with our parents and families	CPC will work with our families and create our first cohort of our "Parent Leadership Group" focusing on developing leadership skills, deeper understanding of voice-participation-impact and the development of action plans to improve our community
Chinese Planning Council (CPC)	Parents/Families	Elevating enrichment experiences during our instructional day as well as during the afterschool-enrichment portion of our CPC-Afterschool Program	CPC will work with Americorps to establish a partnership and create a foster Grandparent-Program focusing on student support while at PS 94

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Our partnership with the Chinese American Planning Council continues to strengthen and adapt to meet the evolving needs of the PS 94 school community. In the school year 2024-2025, we collaboratively launched a new needs assessment survey to gain fresh insights into family priorities. The survey was co-designed by teachers, administrators, family outreach staff, and the CPC director and was distributed in English, Chinese and Spanish through a variety of formats including online forms, printed copies, individual conversations, and during parent engagement events. Survey results revealed clear community needs. Families expressed strong interest in adult education classes focused on English language and computer skills, as well as after-school and enrichment programming in areas such as art, music, sports and technology. Families also voiced a desire for continued access to food assistance, mental health support, housing services, and legal or immigration resources. CPC plays a central role in addressing these needs through a collaborative planning model. CPC director regularly attends our monthly School Leadership Team meetings and participates in biweekly planning sessions with the Principal and Instructional Cabinet. These sessions focus on coordinating logistics for extended learning time, aligning available resources, reviewing family feedback, and planning for program delivery. CPC director also joins informal check-ins with school leaders to support ongoing alignment between programming and family needs. Together, we have taken action based on this shared leadership approach. We have expanded the PS 94 Food Pantry and Clothing Boutique, developed adult classes in English and technology, provided workshops to support parents' SEL development, and a family resource room with childcare and computer access to make school events and services more inclusive. Planning is underway for a community bulletin board to improve family connection and access to information.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

At PS 94, we believe that families are essential partners in student success and school transformation. The CPC director participates in key planning and leadership meetings to ensure that family needs and perspectives are consistently integrated into our academic programs and community initiatives. This includes monthly SLT meetings and ongoing planning sessions with the Principal and Instructional Cabinet. These collaborative spaces allow us to align programs and services with real-time family feedback and create inclusive opportunities for participation. We are deepening family leadership through school-based committees such as the Pantry and Clothing Boutique committee. Parents on these teams take the lead in decisions around food selection, culturally relevant offerings, and the organization distribution events. Their leadership ensures that the services we offer reflect the values, traditions, and lived experiences of the families we serve. The 2024-2025 family needs assessment survey confirmed that parents are eager for more opportunities to connect with one another and with the school. Many families expressed interest in adult education classes, community events, and bulletin boards to share resources and build connections. In response, we have increased family engagement through English language and computer classes and community building events. We are also using family surveys, informal conversations, and event feedback to guide our planning for school improvement, external partnerships, and community services. These tools support meaningful input and ensure that families help shape the vision and direction of our school.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

At PS 94, we are committed to addressing out-of-school barriers to learning by working closely with our community based organization partner, the Chinese American Planning Council, and other social and health service agencies. Together, we provide support that ensures students can attend school regularly, engage in learning, and thrive socially and emotionally. In the school year 2024-2025, we conducted a new family needs assessment survey to better understand what services are most needed by our community. Families shared that their top concerns remain consistent with prior years. They continue to view PS 94 as a safe and trusted space, and want their children to spend more time in our care through after school programs, summer enrichment, and wellness services. More than half of the respondents expressed interest in programs like after school support, food assistance, academic enrichment, and community building events. Parents also identified mental health, technology, English classes, and access to legal, housing, and medical support as essential resources for the community. In response to this feedback, we have continued to strengthen our integrated services. Our school-based team includes a social worker, school psychiatrist, bilingual guidance counselor, and SEL coach. This team supports students through one to one check ins, small group counseling, wellness programming, and SEL lessons embedded into the school day. We also use conflict resolution and restorative practices to help students develop positive relationships and resolve interpersonal challenges in a safe and respectful way. Our partnership with CPC expands these supports beyond the classroom. CPC operates a daily after school program for students in K-5 and runs a fifth grade leadership academy to prepare students for the transition to middle school. They also offer adult education classes in English and technology and host community events such as block parties and other services with partners like NYU Langone to promote health and wellness. CPC also helped to launch a family resource room to provide access to computers, application assistance, and childcare during family events. Based on the survey feedback, we are also planning to expand student activities in areas that families identified as high interest, such as art, music, dance, soccer and technology. These activities not only foster engagement and confidence but also contribute to emotional resilience and overall school connectedness.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

At PS 94, we are committed to ensuring that every student is present, supported, and engaged in learning each day. While overall attendance continues to remain strong with daily rates typically above 90%, we remain focused on identifying and supporting students who are chronically absent or at risk of becoming chronically absent. We understand that consistent presence in school is essential for students to fully access instruction, develop social emotional skills and succeed alongside their peers. In addition to the existing taskforce of administrators, parent coordinators, guidance counselors, and SEL Instructional Coaches that are committed to ensuring our Students in Temporary Housing are receiving the supports and resources needed to overcome barriers to attendance, our

partnering CBO's will ensure that none of our vulnerable Students in Temporary Housing fall through the cracks. Using daily and weekly attendance data, our parent coordinators will be in regular contact with any chronically absent students to determine the cause of their absence so that we may target our assistance with precision. We will make every effort to ensure that any barriers to attendance are overcome swiftly and with the help of our CBO, the root causes of chronic absenteeism will be addressed to the fullest extent. The funding received via the McKinney Vento Act will be allocated to students and their families based on an extensive needs assessment survey to determine the kinds of materials and resources each and every student needs. Each year a team of staff members call each individual family to determine what items they lack and if applicable, what sizes and amounts they need of each item. In the past we have purchased school supplies, clothing, toiletries, cleaning supplies and other household items. Our STH coordinators have also assigned Success Mentors from our body of out-of-class teachers, instructional coaches and staff to each student in temporary housing. We have designed programming supports in the form of wellness check-ins, small group activities, and after school enrichment which are implemented by our Success Mentors. These supports will further advance the goals of promoting steady attendance and academic engagement with our temporary housing students. We have built a range of services at PS 94 that support student and family needs beyond academics. Our Food Pantry and Clothing Boutique provide families with access to nutritious food and essential daily items. Students and families also have access to free laundry facilities on site, and we are continuing our partnership with NYU Langone to maintain and expand health services, including a school-based dental clinic. Insights from the 2024-2025 family needs assessment survey highlight how much our families value these supports. Families shared that the food pantry, after-school programming, and access to services have helped them send their children to school more consistently. They continue to view PS 94 as a safe, welcoming place where students and families are cared for and connected.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

PS 94 is a school of linguistically, culturally, and ability diverse students. From the moment one enters the school building, there is an abundance of visible decorations that reflect the multitude of cultures in our school community as well as linguistically diverse signage that provide information to families, students, staff, and community members. Furthermore, the way in which we speak about these special populations is affirming and from a value added perspective. Our students are not English Language Learners, they are Multilingual Learners or Emergent Bilinguals; our students with IEPs are Students with Other Abilities, not Students with Disabilities. The terminology used to describe these students' colors is how staff develops differentiated and culturally responsive supports and using positive terms will ensure that the supports we develop capitalize on their strengths in order to support their areas of need.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Cristina Gonzalez
Assistant Principal (Where Applicable)*	Rose Rodriguez
English as a New Language (ENL) Teacher*	Jennifer Ou
Teacher (if school has a bilingual program must be a bilingual teacher)*	Shirley Li
Parent/Guardian*	Vicky Kwan
Teacher/Subject Area	Tracy Zheng
Parent Coordinator	Nellie Hernandez
School Counselor	Cindy Hsiung
Related-Service Provider	Betzaida Medina
Coach	Laura Chan-Yau
Coach	Natalie Calixto
LAP Coordinator	Christina Chow

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

7

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

4

Number of teachers who hold both content area/common branch and ESOL certification:

5

Number of ESOL certified teachers with a bilingual extension:

6

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

35

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

24

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

9

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

756

Total number and percentage (%) of current ELLs:

371 and 49.21%

Total number and percentage (%) of former ELLs:

124 and 16.40%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

296 and 79.8%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

75 and 20.2%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

74 and 19.9%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	We have 10 Dual Language programs, 2 are ICT: ICT Dual in grades 3 and 4	Spanish		2	2	1	2	2	1	0	0	0					10
DLBE	We have 24 DL Chinese Classroom. We have a SC Grs 3-5 that is Dual Language Chinese	Chinese		4	3	3	5	5	4								24
DLBE																	0

				total: 6	total: 5	total: 4	total: 7	total: 7	total: 5	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Students receiving instruction in ENL classrooms receive ENL support all day from their classroom teacher. Classes are formed with students with different language proficiency levels and teachers provide differentiated instruction to support the language and academic development for all students. One of our approaches to support language development is by following the SIOP Model, additionally all our services follow the push in model, in the stand-alone ENL classroom, the classroom teacher is the ENL teacher and delivers language supportive instruction to the students. Support is provided to students without the loss of classroom instruction or engaging learning time. The reading and writing progressions of the curriculum along with the New Language Arts Progressions are used to provide appropriate academic and developmental support to the students. Edwards Orton Gilingham's structured, explicit, and multisensory approach helps students at different proficiency levels break down the complex code of English. It provides clear, systematic instruction in phonology, orthography, and syntax—all of which are critical for ELLs learning a new language. There are scheduled at least 360 minutes of ENL instruction a week in all of our ENL classroom environments.

Integrated ENL:

Instruction in this program, formerly known as English as a Second Language (ESL), emphasizes English language acquisition. In an ENL program, language arts and content-area instruction are taught in English using specific ENL instructional strategies. In an English as a New Language program students come from many different language backgrounds and are taught together. Students receiving instruction in ENL classrooms receive ENL support all day from their ENL teacher. Classes are formed with students with different language proficiency levels and teachers provide differentiated instruction to support the language and academic development for all students. We provide ENL support following the SIOP Model, all our services follow the push in model, where an ENL teacher delivers language supportive instruction to the student in the classroom while the student receives instruction from the general education or special education teacher. This is a collaborative way of providing language support to students without the loss of classroom instructional or engaging learning time. The general education teacher or special education teacher along with the Push-In/Pull-Out ENL teacher collaborate on curriculum and data analysis to target the needs of the students. The reading and writing progressions of the curriculum along with the New Language Arts Progressions are used to provide appropriate academic and developmental support to the students. The Edwards Orton-Gillingham (OG) approach in an Integrated ENL (English as a New Language) classroom is adapted to support both language and literacy development. The structured, explicit, and multisensory approach helps students at different proficiency levels break down the complex code of English. It provides clear, systematic instruction in phonology, orthography, and syntax—all of which are critical for ELLs learning a new language. There is at least 150 minutes of ENL/ELA instruction a day in all ENL classrooms.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

In order to meet the linguistic needs of our ELLs, parental choice and part 154 mandates, PS 94 Language Allocation Policy will be as follows: Dual Language 50% English 50% Spanish or Chinese, ENL Program Self Contained 100% English. All programs provide or go above the Part 154 mandates of providing 360 minutes a week of ENL for Entering and Emerging students; 180 to our Transitional and Expanding students and 90 minutes a week to our Commanding students for two additional years as per the new CR Part 154. All ELL students will receive 180 minutes a week of Home Language Arts. We use the NYSESLAT scores to update the proficiency level of each child to ensure that they are receiving the mandated minutes. Since all ELLs are in Dual Language Programs or self-contained ENL, the programming is set by student needs and teachers are able to adjust instruction based on proficiency levels of students. In addition, all instruction regardless of the content has a language objective. ENL instruction is integrated in all content areas including ELA, teachers also integrate their ENL instruction during the minilesson, as well as when teaching in small groups in their classrooms.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

One of our goals at PS 94 is to afford students the opportunity for high academic achievement while becoming bilingual, biliterate, and multicultural. We believe that these linguistic and cultural skills will enable them to function more successfully in a global society. We are strongly committed to providing our ELLs with the skills they need to be academically successful. Our guiding mission is to increase the academic achievement of our English Language Learners. To meet our mission we have heterogeneously grouped classes in Dual Language Spanish and Chinese in grades Pre K-5 as well as self contained ENL and integrated ICT classrooms in grades K-5. Every decision we make about the direction of our instruction is informed by the assessment of what our diverse student population does well and what it needs to improve. Our goals and objectives are designed to build upon the previous years of teaching and learning so we can focus on short term planning and long term planning for growth and improvement every year. We continuously compare our practice against best practices for gaps that give direction to our teaching and learning. Our weekly schedule and our flow of the day reflect the mandated requirements from the CR Part 154 in terms of ENL (standalone and integrated) and HLA.

ENL Classes Grades K-5:

Minutes	Flow of the Day
20 minutes:	Phonics in ENL
45 minutes:	Reading in ENL
45 minutes:	Writing and Grammar in ENL
45 minutes:	Prep-Multicultural Focus
50 minutes:	Lunch
45 minutes:	Mathematics in ENL
45 minutes:	Social Studies or Science in ENL

Dual Language Self Contain Classes

Dual Language Programs

For the school year 2025-2026, we will continue our dual language programs as a one-way enrichment dual language programs, meaning enrollments of both Hispanic-American and Chinese- American heritages with a mix of English and Spanish or Chinese proficiency is present among the student population. The idea of an "enrichment-based program" is to bring these students together to teach each other the curriculum through their two heritage languages. (Collier, V. P., & Thomas, W. P. (2004).) In addition, the use of an enrichment based program is to create cognitive challenges through thematic units, with no translation and no repeated lessons in the other language, but instead building upon the understanding of skills and foundations of their L1 language to help their L2 language. Studies have shown that these types of programs that focus on real world problem solving stimulate students to make more than one year's progress every year in both languages.(Collier, V. P., & Thomas, W. P. (2004). The goal of our programs align directly to district 15's goal of having students learn how to speak, read, understand, and write in two languages, and also learn about and appreciate others' cultures. (NYC Department of Education - District 15 Superintendent, 2022) For our K-5 classes we will be following a week by week language instruction schedule meaning; Week 1's content instruction will be in English and week 2's content instruction will be in home language with the exception of Social Emotional Learning, Heggerty, Phonological & Phonemic awareness, Vocabulary center in Grades 3-5 , and part of the writing component in the literacy blocks(K-2) and the full writing block in grades 3-5 . These subjects will always be taught in English in both weeks.

For all K-5 Dual Language Classes:
Grades K Flow of the day by week:
Week 1 - Instruction in English
SEL - 10 minutes
Heggerty -10 minutes

Phonics -30 minutes
Shared Reading/Reading -45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL - 10 minutes
Heggerty in English - 10 minutes
Phonics in English - 30 minutes
Reading/Shared Reading with HLA -45 minutes
Writing with HLA -30 minutes
Heggerty in Spanish - 10 minutes
Writing with English-15 minutes
Mathematics with HLA- 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Grades 1-2 Flow of the Day
Week 1 - Instruction in English
SEL - 10 minutes
Heggerty - 10 minutes
Phonics - 30 minutes
Shared Reading - 20 minutes
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL in English - 10 minutes
Heggerty in English - 10 minutes
Heggerty in Spanish - 10 minutes
Phonics in English - 30 minutes
Shared Reading - 20 minutes
Reading- 45 minutes
Writing in HLA- 30 minutes
Writing in English- 15 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Grades 3-5 Flow of the Day

Week 1 - Instruction in English
SEL - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics - 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes

Enrichment/Cluster - 45 minutes

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL in English - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing in English - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Subjects in blue are taught in English during the Home Language Weeks.

In accordance with CR part 154 our Spanish dual language program provides or goes beyond the mandates of providing 360 minutes a week of ENL for entering and emerging students; 180 to our Transitional and Expanding students and 90 minutes a week to our commanding students for two additional years as per the new CR part 145. Including in the Spanish weeks where students get a total of 375 minutes weekly of English instruction. In order to meet the linguistic needs of our ELLs, parental choice and part 154 mandates, PS 945 Language Allocation Policy will be as follows: Dual Language 50% English 50% Spanish or Chinese, ENL Program Self Contained 100% English. All programs provide or go above the Part 154 mandates of providing 360 minutes a week of ENL for Entering and Emerging students; 180 to our Transitional and Expanding students and 90 minutes a week to our Commanding students for two additional years as per the new CR Part 154. All ELL students will receive 180 minutes a week of Home Language Arts. As soon as the NYSESLAT scores are available, we review the proficiency level of each child to ensure that they are receiving the mandated minutes. Since all ELLs are in Dual Language Programs or self-contained ENL, the programming is set by student needs and teachers are able to adjust instruction based on proficiency levels of students. In addition, all instruction regardless of the content has a language objective.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

-To support the equitable and inclusive instruction of MLLs and ELLs, Tabletop Minilessons support language development and language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. Students are provided with multiple embedded supports to meet the needs of all learners, including multiple access points, as well as scaffolded differentiation strategies and learning throughout the Modules in the Reading and Writing curriculum.
-Students are provided with carefully selected, content-rich text sets to help students build topic knowledge and reading skills, digital texts, videos, graphic organizers, picture supports, language stems, sentence frames, multilingual glossary, and lists of cognates. Scaffold talking and writing about a text by providing word banks, sentence stems, and sentence frames. Students are provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help students establish connections and develop their knowledge of content specific vocabulary. Hallmark 4 of Advanced Literacies (https://www.nysed.gov/sites/default/files/nov-8-nys_brief-6-of-8_-summer-2017_-hallmark-4-vocab_final_2.pdf-a.pdf) research indicates that ELA instruction provides students repeated opportunities to develop strategies for learning academic vocabulary through the use of research based word-learning strategies (eg. think alouds) and supports to help students establish connections and develop their bank of content specific vocabulary.

-"El Dictado"meaning "The dictation" is an intentionally bilingual methodology to meet the linguistic and pedagogical needs of PS 94 students. It will be incorporated in English and the Home Language to teach and refine language arts skills, and to teach content, mechanics, including spelling, punctuation, and fluendy in a more integrated way. More

importantly, El Dictado allows students to develop metalinguistic awareness and cross language transference.
-To ensure ELLs—have access to explicit, systematic instruction in phonics, phonemic awareness, and decoding, essential for reading success, Edwards Orton Gilingham's structured, explicit, and multisensory approach helps students at different proficiency levels break down the complex code of English. It provides clear, systematic instruction in phonology, orthography, and syntax—all of which are critical for ELLs learning a new language. It helps students transfer literacy skills across languages, reinforcing foundational literacy skills alongside English acquisition.

ENL Classes Grades K-5:

Minutes	Flow of the Day
20 minutes:	Phonics in ENL
45 minutes:	Reading in ENL
45 minutes:	Writing and Grammar in ENL
45 minutes:	Prep-Multicultural Focus
50 minutes:	Lunch
45 minutes:	Mathematics in ENL
45 minutes:	Social Studies or Science in ENL

For all K-5 Dual Language Classes:
Grades K Flow of the day by week:
Week 1 Instruction in English
SEL - 10 minutes
Heggerty -10 minutes
Phonics -30 minutes
Shared Reading/Reading -45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Week 2 - Instruction in Home Language
(Chinese or Spanish)
SEL - 10 minutes
Heggerty in English - 10 minutes
Phonics in English - 30 minutes
Reading/Shared Reading with HLA -45 minutes
Writing with HLA -30 minutes
Heggerty in Spanish - 10 minutes
Writing with English-15 minutes
Mathematics with HLA- 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Grades 1-2 Flow of the Day
Week 1 - Instruction in English
SEL - 10 minutes
Heggerty - 10 minutes
Phonics - 30 minutes
Shared Reading - 20 minutes
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes

Enrichment/Cluster - 45 minutes
Week 2 - Instruction in Home Language
(Chinese or Spanish)

SEL in English - 10 minutes
Heggerty in English - 10 minutes
Heggerty in Spanish - 10 minutes
Phonics in English - 30 minutes
Shared Reading - 20 minutes
Reading- 45 minutes
Writing in HLA- 30 minutes
Writing in English- 15 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Grades 3-5 Flow of the Day
Week 1 - Instruction in English
SEL - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics - 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Week 2 - Instruction in Home Language
(Chinese or Spanish)
SEL in English - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing in English - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes
Subjects in blue are taught in English during the Home Language Weeks.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Dual Language Model: Self- Contained Dual Language Self Contain Classes Dual Language Programs For the school year 2025-2026, we will continue our dual language programs as a one-way enrichment dual language program, meaning enrollments of both Hispanic-American and Chinese- American heritages with a mix of English and Spanish or Chinese proficiency is present among the student population. The idea of an "enrichment-based program" is to bring these students together to teach each other the curriculum through their two heritage languages. (Collier, V. P., & Thomas, W. P. (2004).) In addition, the use of an enrichment based program is to create cognitive challenges through thematic units, with no translation and no repeated lessons in the other language, but instead building upon the understanding of skills and foundations of their L1 language to help their L2 language. Studies have evidenced that these types of programs that focus on real world problem solving stimulate students to make more than one year's progress every year in both languages.(Collier, V. P., & Thomas, W. P. (2004). The goal of our programs align directly to district 15's goal of having students learn how to speak, read, understand, and write in two languages, and also learn about and appreciate others' cultures. (NYC Department of Education - District 15 Superintendent, 2022) For our K-5 classes we will be following a week by week language instruction schedule meaning; Week 1's content instruction will be in English and week 2's content instruction will be in home language with the exception of Social Emotional Learning, Heggerty, Phonological & Phonemic awareness, Vocabulary center in Grades 3-5 , and part of the writing component in the literacy blocks (K-2) and the full writing block in grades 3-5 . These subjects will always be taught in English in both weeks. We follow the weekly model at our school, one week in the home language, and one week in the new language.

For all K-5 Dual Language Classes:
Grades K Flow of the day by week:
Week 1 - Instruction in English
SEL - 10 minutes
Heggerty -10 minutes
Phonics -30 minutes
Shared Reading/Reading -45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL - 10 minutes
Heggerty in English - 10 minutes
Phonics in English - 30 minutes
Reading/Shared Reading with HLA -45 minutes
Writing with HLA -30 minutes
Heggerty in Spanish - 10 minutes
Writing with English-15 minutes
Mathematics with HLA- 45 minutes
Enrichment/Cluster - 45 minutes
El Dictado - 15 minutes x3 a week

Grades 1-2 Flow of the Day
Week 1 - Instruction in English
SEL - 10 minutes
Heggerty - 10 minutes

Phonics - 30 minutes
Shared Reading - 20 minutes
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL in English - 10 minutes
Heggerty in English - 10 minutes
Heggerty in Spanish - 10 minutes
Phonics in English - 30 minutes
Shared Reading - 20 minutes
Reading- 45 minutes
Writing in HLA- 30 minutes
Writing in English- 15 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Grades 3-5 Flow of the Day

Week 1 - Instruction in English
SEL - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics - 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Week 2 - Instruction in Home Language (Chinese or Spanish)
SEL in English - 10 minutes
Interactive Read Aloud - 15 minutes
Phonics 15 minutes x2 a week
El Dictado - 15 minutes x3 a week
Reading - 45 minutes
Writing in English - 45 minutes
Mathematics - 45 minutes
Enrichment/Cluster - 45 minutes

Subjects in blue are taught in English during the Home Language Weeks.

In order to meet the linguistic needs of our ELLs, parental choice and part 154 mandates, PS 94 Language Allocation Policy will be as follows: Dual Language 50% English 50% Spanish or Chinese, ENL Program Self Contained 100% English. All programs provide or go above the Part 154 mandates of providing 360 minutes a week of ENL for Entering and Emerging students; 180 to our Transitional and Expanding students and 90 minutes a week to our Commanding students for two additional years as per the new CR Part 154. All ELL students will receive 180 minutes a week of Home Language Arts. As soon as the NYSESLAT scores are available, we review the proficiency level of each child to ensure that they are receiving the mandated minutes. Since all ELLs are in Dual Language Programs or self-contained ENL, the programming is set by student needs and teachers are able to adjust instruction based on proficiency levels of students. In addition, all instruction regardless of the content has a language objective.

b. In which language(s) is each core content area taught?

Dual language classes: Mathematics is taught in both English and the Home Language Reading is taught in both English and the Home Language Writing is taught in both English and the Home Language Phonics is taught in both English and the Home Language Social Studies enrichment is taught in both English and the Home Language STEM enrichment is taught in English

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At PS 94, 85.3% of ELLs are Newcomers. We have 1 student at PS 94 with inconsistent/ interrupted formal education (SIFE).
-Newcomers students receive instructional support in the program they are enrolled : ENL or dual language. Newcomers will benefit from OG's explicit and multisensory approach to learn the alphabet, sounds, and early decoding. We will use OG for basic sound-symbol relationships (alphabet, phonemic awareness), iIncorporating visuals, gestures, and realia with multisensory OG activities, including oral repetition and kinesthetic tracing to connect sounds to letters.
-Developing ELLs are learning to build fluency and early academic skills. We will implement OG to teach blending, segmenting, and decoding skills, pairing OG word work with vocabulary visuals and sentence frames, using structured routines and small-group instruction for guided practice
-Additionally, they are invited to participate in our English language arts after school program designed to develop vocabulary and address early reading strategies. They are also invited to participate in our weekend program which focuses on developing scaffolding strategies and vocabulary focus on phonics. Additionally, we also invite them to participate in our immigrant-newcomers theater after school program where they can explore the arts as they develop their understanding of the English language. Services for Long-Term ELLs-We currently do not have any long term ELL students.
-Developing ELLs receive instructional support in the program they are enrolled in: ENL or dual language.
-Developing ELLs will receive literacy instruction using the Edwards Orton-Gillingham approach, which offers a structured, multisensory, and explicit method for teaching foundational reading and writing skills. This approach is especially beneficial for newcomers as they begin to acquire English literacy.
-Developing ELLs will benefit from using Rosetta Stone as a foundational resource for acquiring essential English language skills that focuses on building vocabulary, pronunciation, and basic grammar. By reinforcing listening, speaking, and visual recognition of words, it helps students gain confidence in their ability to understand and communicate in English. Rosetta Stone's interactive approach provides the consistent, accessible practice that is crucial for early language learners as they build their foundational language skills.
-LTELLs benefit more from instruction in Tier 2 and Tier 3 ENL support by one of the ENL service providers.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We have 1 SIFE student at PS 94. To support the equitable and inclusive instruction of our SIFE student, we use tabletop Minilessons to support language development and language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. They are provided with multiple embedded supports to meet their learning needs, including multiple access points, as well as scaffolded differentiation strategies and learning throughout the Modules in the Reading and Writing curriculum. They are provided with carefully selected, content-rich text sets to help them build topic knowledge and reading skills, digital texts, videos, graphic organizers, picture supports, language stems, sentence frames, multilingual glossary, and lists of cognates. Scaffold talking and writing about a text by providing word banks, sentence stems, and sentence frames. They are provided word relationship activities, repeated exposure to content specific vocabulary through texts, videos, and experiential learning. The student is also provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help them establish connections and develop their knowledge of content specific vocabulary. Integrating the Edwards Orton-Gillingham approach helps SIFE students build foundational literacy skills, especially when combined with strategies that support language development and background gaps. Rosetta Stone is used as a supplemental tool for supporting SIFE students to build oral language, listening comprehension, and everyday vocabulary. It plays a valuable role in language acquisition and confidence-building for newcomers with limited or interrupted schooling.

In Mathematics, we provide ample and intentional opportunities for the student to engage in a balanced way with all four aspects of language—reading, writing, speaking, and listening while engaging with mathematics. Modeling teacher–student discourse and by providing suggestions for supported student-to-student discourse, educators provide opportunities for language-rich classrooms. High impact academic vocabulary is explicitly introduced and used repeatedly in various contexts to build familiarity and fluency.

Teacher-led skill-based small group instruction is a part of every subject in our school where students receive differentiated instruction, equitable learning strategies, and teachers monitor skill learning during instruction.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

PS 94 does not have any Long-Term ELL students. At PS 94, 14.7% of ELLs are Developing ELLs students (4-6 years of services).
-Developing ELLs receive instructional support in the program they are enrolled in: ENL or dual language.
-Developing ELLs will receive literacy instruction using the Edwards Orton-Gillingham approach, which offers a structured, multisensory, and explicit method for teaching foundational reading and writing skills. This approach is especially beneficial for newcomers as they begin to acquire English literacy.
-Developing ELLs will benefit from using Rosetta Stone as a foundational resource for acquiring essential English language skills that focuses on building vocabulary, pronunciation, and basic grammar. By reinforcing listening, speaking, and visual recognition of words, it helps students gain confidence in their ability to understand and communicate in English. Rosetta Stone's interactive approach provides the consistent, accessible practice that is crucial for early language learners as they build their foundational language skills.
-LTELLs benefit more from instruction in Tier 2 and Tier 3 ENL support by one of the ENL service providers.
-LTELLS are encouraged to participate in the academic after school programs which focus on all four modalities of language. They are also invited to participate in the Saturday Academic Program which focuses on close reading strategies in both ELA and Mathematics for grades 3-5 or in our ENL Saturday program for grades 2 and 3.
-LTELLs benefit from Rosetta Stone for supplemental practice, especially in oral fluency or pronunciation, refining language accuracy and filling academic language gaps.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At PS 94, 19.1 % of students are former ELLs. These students continue to receive language supports and scaffolds as per their individual needs and as indicated by formative data. They receive instructional support in the program they are enrolled in: ENL or dual language. They are also supported by their teachers and instructional coaches who address their need in small group instruction or 1-1 conferring groups. PS 94 teaches content areas through PBL projects which is one of the pathways to support the development of language and vocabulary as they actively engage in learning. Students are provided targeted instruction in academic English, focusing on vocabulary, complex sentence structures, and content-area language. Former ELLs are provided with ongoing differentiated support and targeted academic language development, as they engage with more advanced academic content.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Attendance is not a concern at PS 94. The risk factors impacting PS 94 the most are: 7.1% of ELLs are at risk of becoming Long-Term ELLs. 18.5% of ELLs have scored level 1 or 2 in ELA last year. 15.2% of ELLs have scored level 1 or 2 in Math last year. PS 94 will conduct an itemized analysis of the skills, where students evidenced slow growth and will design programs as well as plan resources to support students while learning. We will also invite selected students to engage in our tier 1 and 2 instructional support. We will meet with teachers of selected students in September and develop a plan to address their individual needs which will include during and after school academic services and we will meet with parents to share findings and address, make them partners in the plan and any concerns they may have.

Additional trends identified through data analysis:

Concentration of Early-Stage Learners: Over 50% of PS 94's ELL population (372 students, 49% of the school) are Entering or Emerging proficiency levels, with the highest concentrations in Kindergarten and Grade 1

Analysis of the 2024–2025 NYS ESLAT comparison shows that while PS 94 made gains in students moving from Emerging to Transitioning, a noticeable portion remained stagnant within Transitioning for a second year, placing them at risk for Long-Term ELL status. We will work on intentionally working with our students that score Transitioning to develop their language to gain command of the language as expected.

The number of Commanding students rose slightly (from 119 to 124 between 2024 and 2025), suggesting effective Tier 1 instruction and exit supports but highlighting a need for greater focus on accelerating students in the middle proficiency bands.

The overall trend shows that PS 94's ELL population is linguistically diverse and stable in enrollment, with strong compliance and program implementation. We continue to engage in data analysis and identify risk factors that are most pronounced for students in the Emerging and Transitioning bands, particularly those showing slower progress on the NYSESLAT scores. To address this, we will intensify targeted Tier 2 interventions, expand vocabulary instruction in both English and home languages, and use Data Wise cycles to monitor growth for students approaching Long-Term ELL status.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

There are 23 former ELLs (14.7%) with one at-risk indicator, 7 former ELLs (4.5%) with two at-risk indicators, and 1 former ELLs (0.6%) with three at-risk indicators. Standardized test performance is a concern for some of the former ELLs. The data shows that 14 former ELLs (9.0%) scored level 1 or 2 in ELA and 9 former ELLs (5.8%) scored level 1 or 2 in Math. This suggests that despite exiting ELL status, these students are still having difficulties in core academic subjects, which are critical for their overall academic success. Additionally, we need to consider different factors such as temporary housing, with 16 former ELLs (10.3%) living in temporary housing. Other factors may also include that some former ELLs are students with an IEPs. Some of these students are in a Dual Language Classroom setting, which may also impact their language development as they develop both their home language and English.

One of our top priorities as a school is to meet the needs of all students as we strive to meet high standards of performance. One of the values of standards-based education is that it forces us to look closely at those students who are at-risk of not meeting grade level achievement standards.
- Students must be carefully assessed and identified so that they get additional support such as ELA and mathematics intervention through one on one and/or small group instruction.
- Assessment tools such as formative and summative assessments, conferring notes, attendance and standardized test scores will help us to identify students' needs.
- Careful record keeping, including anecdotal notes, and work samples are particularly important to help us determine a plan of action and create a portfolio that clearly describes the student academically.
- When you need assistance figuring out how to best meet the needs of a student, please consult an administrator. Depending on the particular case, you may also submit the child's name to Assistant Principal Ms. Doris Corniel by completing the "Request for Intervention Form" pg. 59-63. Forms must be completed accurately, clearly and with all supporting documentation attached.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The languages with the largest representation at PS 94 are first Chinese and then Spanish. To support the needs of our community, PS 94 has a very diverse staff that can meet the linguistic needs of our families. Additionally, we have parent coordinators that speak Chinese and Spanish, Secretaries who speak Chinese and Spanish. The Cabinet speaks Spanish as well. All documents shared with our families are translated in all three languages (English, Chinese, and Spanish). All workshops and meetings are available in all three languages. When in-person, we have microphones and devices that allow for simultaneous translation so we can all be together during the meetings. For all remote events, depending on the size of the audience and the length of the event, we may have a translator in the meeting, break up rooms, or meetings in one language that will be repeated in the other two languages at a different time.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The vast majority of racial classifications of the ELLs at PS 94 are Asian or Hispanic descent. As per this year's RSEC report from ATS, 36 % of students identify themselves as hispanic, about 63 % identify themselves as Asian, 24.4% identify themselves as American Indian or Alaska native, 1.2% as Black, 9.5% as white, and 1.2% as multiracial. Each school in our district is required to form a diversity committee that reflects its individual school community. Based on our district's core belief, empathy is an essential component to building an inclusive, diverse, and equitable learning environment. The work of the committee will focus on finding meaningful ways to engage all students and families in a culturally relevant and inclusive manner. By supporting the multi-perspective, social-emotional learning will take place in our school and create a climate that is welcoming to all families, the committee

will play a vital role in creating a school culture steeped in these values necessary for student success. P.S. 94 strives to create a diverse community in which all members are valued, safe and respected. We believe that by promoting a diverse learning environment we can foster intellectual, social and emotional growth for all stakeholders in our school community. We seek to celebrate the varied appearances, abilities, perspectives and values that characterize our community. Through conversation, collaboration and cooperation, the P.S. 94 ILT/Equity Committee will support the school's implementation of all initiatives aligned to our school's vision. It is our goal to facilitate the celebration, not just recognition of, diversity in our school and community. We define diversity as differences of all kinds, including cultural, racial, sexuality, gender, class, intellect, learning style, and body type. We will work to ensure that PS 94 has an inclusive curriculum that exposes children to diverse viewpoints on issues surrounding diversity. Ms. Gonzalez will chair this committee. This committee meets for one period every Tuesday. Our Equity and Instructional Leadership (ILT/Equity) team will continue to work together with the rest of our school in creating a plan to develop culturally responsive practices at PS 94. All personnel have received anti-bias training. Since 2020-2021, we have updated our libraries and adapted our ELA and STEM curricula to become more culturally responsive. We now have mentor texts that are culturally responsive to our community. We continue to make our Science curricula culturally responsive as the interdisciplinary tasks and projects are designed to include knowledge, scientists and contributions from other cultures. During 2020-2021 we re-wrote our Social Studies curriculum and will continue to make further adaptations to ensure our students' cultures and identities are included and respected in our learning. For the 2025-2026 school year, we will continue to integrate our SEL curriculum in all content areas, we are partners with Yale University and have integrated all Social-Emotional CASEL Competencies in our curricula as well as developed our own stand-alone SEL curriculum. Since 2021-2022 we have also integrated the equity framework from Cultivating Genius named the Historically Responsive Literacy (HRL) Framework by Dr. Gholdy Muhammad, which addresses students' Identities, Skills, Intellect, Criticality, and Joy in our teaching practices and our students' learning experiences. Our work has just begun, we will continue to improve our plans, resources, assessments and practices as inclusivity will engage all of our students in learning. In our work with the Minor Collective, we have focused on our PBL's in Science and Social Studies to reflect in ways to integrate student voice and culture using their curiosity. We will continue to focus on finding joy in our practice through student engagement by centering our student's questions in our teaching and learning. The HMH ELA modules are built around themes related to history, civics, geography, and culture, such as community, government, immigration, civil rights, and historical figures. The curriculum includes authentic nonfiction texts, historical fiction, and biographies that expose students to social studies content while practicing reading comprehension, vocabulary, and critical thinking. Essential questions and paired texts often connect ELA skills to historical and civic topics, encouraging students to analyze events, compare perspectives, and build background knowledge. Units explore themes such as empathy, perseverance, kindness, identity, and belonging, aligned with CASEL's core SEL competencies (e.g., self-awareness, social awareness). Stories and texts prompt students to reflect on character motivations, emotions, and decision-making, helping them connect with themselves and others. Structured collaborative discussions support respectful listening, empathy, and self-expression, all vital SEL skills.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Results
23.2% Met progress by exiting ELL Status 57 of 246
13.4% Met Annual Progress 33 of 246
1.6% Met Safe Harbor Cumulative Growth 4 of 246
61.8% Progress Not Met 152 of 246

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Overall, the trends suggest that while listening and speaking are strengths for many students, reading and writing need targeted interventions to support students' English language development comprehensively.

- Reading: The results indicate that reading is a modality where some students excel, yet there is also a significant need for improvement. In the Spring 2024 NYSESLAT, multiple grade levels showed a mix of high and low scores in reading. For example, students in grade 1 had 40 students scoring high, while the same grade had a number of students scoring low in this modality.
- Writing: Writing appears to be a challenging area for many students. The data from Spring 2024 shows that while some grades, like grade 1, had students scoring high (31 students), there were also considerable low scores across various grades. Grade 5 has no students scoring high in the Spring 2024 NYSESLAT. This suggests that writing remains a critical area for development, especially for upper grades.
- Listening: Listening is a relative strength for the students. A high number of students in grade 1, 2 and 3 performed well in this modality during the Spring 2024 NYSESLAT, indicating good comprehension skills when listening. This modality consistently shows fewer low scores compared to reading and writing.
- Speaking: Speaking is another area where students tend to perform better. For example, grade 3 had 40 students scoring high in the Spring 2024 NYSESLAT. However, there are still students who struggle with speaking, as evidenced by lower scores in the 4th grade.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Students who perform well on the NYSESLAT tend to also achieve higher scores on the ELA and Math assessments. This shows that proficiency in English language skills, as measured by the NYSESLAT, is closely related to academic performance in other subjects. For example, students who scored at "Commanding" level in NYSESLAT generally also scored at 3 or 4 on ELA and Math. Students who scored at "Entering" or "Emerging" typically scored 1 or 2 on the ELA and Math. This indicates that limited English proficiency can hinder students' ability to perform well in other state assessments that require strong language skills. Students who show annual progress on the NYSESLAT also tend to improve their scores on the ELA and Math assessments. This positive correlation highlights the importance of continuous language development in enhancing overall academic performance. For instance, students moving from the "Emerging" to "Transitioning" levels on the NYSESLAT often see corresponding improvements in their ELA and Math scores. Some students may perform well in one or two modalities of the NYSESLAT in listening and speaking, but continue to struggle with academic language required for the ELA and Math assessment.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Results
2.36% of 10 Entering Have IEP
6.16% of 26 Emerging Have IEP
4.27% of 18 Transitioning Have IEP
1.9% of 8 Expanding Have IEP
0.24% of 1 Commanding Have IEP
14.69% of 62 Students are ELL and have an IEP
0% of 0 Students Former ELLs in Temporary Housing have IEP
95% Attendance Rate for our Students are ELL and have IEP

Tiered Supports and Interventions for ELLs (MTSS and RTI)
For each English language learner who scores below expected levels of performance on outcomes-based measures, such as the annual English language proficiency (NYSESLAT) or ELA and math assessments, or on literacy and math screening measures, such as Acadience, NWEA MAP Growth, or Renaissance STAR, the school must determine additional supports to provide the student, taking into consideration
evidence such as the following:
• Number of years of instruction in a bilingual education or English as a New Language program
• English and home language literacy
• Content area and socio-emotional support needs of students with inconsistent/interrupted formal education (SIFE)
• Results on the annual English language proficiency assessment exam (NYSESLAT)
• Information from the bilingual education or English as a New Language teacher
• Information from a content area teacher
• Information from the parent or guardian
• Samples of student work in English and, if possible, in the home language

Additional support and interventions should not be withheld from a student based on English Proficiency. The supports or interventions provided should be based on the specific skills or needs that have been identified for further support, accompanied by progress monitoring of those targeted areas,with frequency and intensity adjusted based on student response to instruction (RTI).

Therefore, we need to consider different factors such as temporary housing. Other factors may also include that some former ELLs are students with an IEP. Some of these students are in a Dual Language Classroom setting, which may also impact their language development as they develop both their home language and English.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and

are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

By integrating language development into core instruction, differentiating based on proficiency, and using inclusive practices, our Tier 1 instruction equips ELLs with the tools they need for deep learning, academic success, and confident participation in all classroom activities. Key Elements of High-Quality Tier 1 Instruction for ELLs include:
-Integrated Language and Content Instruction to make grade-level content comprehensible while promoting English language development. Language objectives are embedded in every lesson, alongside content objectives.
- Scaffolds and supports including Instruction with visual aids, realia, sentence frames, graphic organizers, anchor charts, and modeling. Teachers provide comprehensible input through repetition, rephrasing, and simplified explanations without diluting content.
- Collaborative Learning and Structured Talk with ELLs participating in collaborative conversations, group work, and structured academic discourse routines (e.g., Think-Pair-Share, Accountable Talk). Oral language is developed through meaningful peer interactions using sentence stems and discussion prompts.
-Differentiated Instruction is adjusted based on language proficiency levels. ELLs receive targeted small-group support during Tier 1 instructional blocks (e.g., shared reading/interactive read aloud, vocabulary stations).
-Culturally Responsive Practices include teachers integrating students' backgrounds, experiences, and home languages into instruction. Texts and materials reflect cultural diversity, fostering engagement and belonging. Lessons are language-rich and include explicit vocabulary instruction to help ELLs connect sounds and meaning in English.
- Ongoing Formative Assessment in which teachers use language assessments to check understanding and adjust instruction in real-time. ELLs are assessed using multiple modalities (listening, speaking, reading, writing) to show what they know.
- Literacy with Edwards Orton-Gillingham (OG) approach during Tier 1 phonics instruction provides a structured, multisensory way to build phonemic awareness, decoding, and encoding—critical for developing English literacy.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team of PS 94 spends considerable time and energy focusing on the needs of ML's and ELL's when designing our school's instructional focus. ML's, ELL's, and Former ELL's are our largest subgroup of

students; 51.7% of our students are ELL's and 19.1% are former ELL's. Since more than three quarters of our student population are in need of specialized and targeted English language instruction, our ILT considers the community's diverse linguistic and identity needs in every aspect of our curriculum, programming, and instruction. The first and most important step is our staff development. Not only do the teachers and support staff of the school reflect the cultural and linguistic identities of the student population, as at least half of our staff are multilingual, but we also spend considerable time during staff development discussing the importance of getting to know one's students beyond their academic needs. By developing the mindset and understanding that ELL's are not deficient in English, but proficient in another language and culture amongst our staff, we are setting a goal and a standard that our ELL's will achieve from the top down. Next, the ILT has discussed and enacted several changes to our programming to better support teachers and clusters in delivering instruction that can be modified per student need; the creation of out of classroom STEM and Social Studies teachers that can deliver content in English, Spanish and Mandarin allow classroom teachers to focus on ELA and Math. This process is ongoing and will allow all teachers more time to work collaboratively on how to best modify and align instruction for each and every student, including ML's, ELL's, students with IEP's and any other subgroup. Finally, the ILT has had many intense discussions and reflections on curriculum modification. As we've deepened our understanding of our students and their diverse backgrounds, we've taken intentional steps to make our classroom libraries more culturally responsive. We have curated a broader range of texts that reflect the languages, cultures, histories, and perspectives of our multilingual learners. Our collections now include own-voice authors, stories featuring diverse protagonists, and books that affirm students' identities while also building empathy and global awareness. In addition, we are using these texts as mentor texts during instruction to: validate students' backgrounds and experiences, foster inclusive discussions, promote social-emotional learning through relatable narratives, and support language development by providing rich, meaningful contexts for vocabulary and comprehension. We have been engaging in curriculum modification as far as best instructional practices for quite some time; our current focus is how we can align the curriculum so that our ML's and ELL's see their languages, their cultures, their families and themselves in the books that they read, the problems they solve, and the projects they create. By holistically developing our staff, program, and curriculum to the linguistic and identity needs of our student population, we are creating a learning environment that is responsive to and considerate of their needs and intellectual development.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Mathematics All classes from Kindergarten through Fifth Grade will deliver Great Minds- Eureka Math Squared program as the core instructional program as well as Math Exemplars and i-Ready as supplemental resources. These programs combine to create a comprehensive mathematics program that is aligned to the Next Generation Learning Standards, integrates and solidifies a progression of skills with conceptual learning practices to help all students master 21st Century math skills. In addition, through the Mathematical Teaching Practices, students develop a healthy mathematics identity in a socially, emotionally, and academically safe environment for mathematics teaching and learning. PS94 Mathematics Expectations are aligned to the National Council of Teachers of Mathematics Recognize that each and every student, from Pre-Kindergarten through Fifth grade, is able to solve challenging mathematical tasks successfully. Build in each student positive mathematical identity and a sense of agency Design instruction that builds on students prior knowledge and experiences Teach in ways that ensure that each and every student is reasoning and making sense of mathematics on a daily basis Reflect on ways that tasks and teaching can be improved to provide greater access, challenge and support for every learner Great Minds- Eureka Math Squared: This program offers teachers the opportunity to differentiate learning experiences for all students. By teaching mathematics as a "story", Eureka Math builds students' knowledge logically and thoroughly to help them achieve a deep understanding. This program incorporates a balanced approach of fluency activities, concept development, and applications, to support the development of an increasingly complex understanding of mathematical skills. It is not enough for students to know the process for solving a problem; they need to understand why that process works. Student problem solving experiences are a progression of the pedagogical approach of the

concrete, pictorial, and abstract stages of learning in combination with writing with reasoning to express their mathematical thinking. The instructional design of Eureka Math Squared develops engaging learning experiences of our students that are more inclusive, culturally responsive and supportive of special populations (SWDs, and MLLs). As students engage in the learning, lessons and modules increase exponentially in mathematical rigor to help students build enduring math knowledge. More specifically, Eureka Math Squared provides SWOA's and MLLs with increased opportunities of intentional student discourse and a deliberate progression of engagement. The Eureka Math Squared program will supports teachers to deliver and students to learn the following: - establish a foundational understanding of mathematics (the why) rather than only relying on procedural skills (the how) - strengthen reasoning and critical-thinking skills through student discourse -develop a productive struggle by addressing the variability of all learners through the Universal Design for Learning principles that are explicitly provided in all lessons. For the 2025-2026 school year, we will continue to collaborate with Social Studies and STEM departments. Through this collaboration, we will foster an interdisciplinary approach that focuses on PBLs. As students engage in authentic projects of their choice, they will be provided opportunities to extend topic knowledge by engaging in deeper research and developing authentic project showcases. In addition to students developing content reading, writing, listening and speaking skills, they will also understand and integrate the authenticity of real-life mathematical connections and skills that align to the authentic projects of their choice. Great Minds- Eureka Math Squared Supporting Multi-lingual Learners and Students with other Abilities (SWDs)- Eureka Math Squared provides multiple supports to meet the academic, language and learning style variability of all learners. The instructional design, instructional routines, and lesson-specific strategies support teachers as they address learner variance and support students with understanding, speaking, and writing English in mathematical contexts. The language support embedded in all lessons, across all grades, provides ideas to support students with receiving (reading and listening) and producing (speaking and writing) English in mathematical contexts. Suggestions may include ways to promote student-to-student discourse, support new and familiar content-specific terminology or academic language, or support students with multiple meaning words. The Eureka Math Squared program promotes student discourse by employing routines that encourage student-to-student dialogue, using open-ended questions and scenarios to generate opportunities for authentic class discussion, and suggesting when students might use the leveled sentence starters provided in the Talking Tool to participate in discussions. The instructional guidance that appears in the lesson's blue margin notes provides information about facilitation, differentiation, and coherence and supports teachers to plan for learner variability for SWOAs and MLLs. Within each lesson, across all grade levels, there are six types of instructional guidance: teacher notes (inform pedagogical choices), Universal Design for Learning (UDL), language support, differentiation to challenge and support, mathematical practices, math past. The Universal Design for Learning (UDL) framework guides the construction of the entire curriculum, informing its use of math models, simple-to-complex progressions, routines, and discourse so that all students can understand the why behind the math and productively engage in math learning. Ultimately, the Eureka Math Squared program prioritizes student engagement by maximizing the number of students actively participating at any given time. Finally, All Eureka Math Squared materials are translated in both English and Spanish. Our Dual language Chinese teachers translate students' resources, assessments and instructional materials to teach our students in the dual language Chinese program. Science, Technology, Engineering, Mathematics (STEM) Our STEM team uses Amplify Science, for grades K-5. Amplify Science aligns to the Next Generation Learning Standards by blending hands-on investigations, literacy-rich activities, and interactive digital tools to empower students to think, read, write, and argue like real scientists and engineers. Each unit of Amplify Science engages students in a relevant, real-world problem where they investigate scientific phenomena, engage in collaboration and discussion, and develop models or explanations in order to arrive at solutions. Students are: introduced to a phenomenon and a related problem, provided opportunities to collect evidence from multiple sources (digital, text, simulations, hands-on, and observations), build increasingly complex explanations, and apply knowledge to solve a different problem. Students are taught through a multimodal approach, which allows students to experience learning in a variety of ways to create diverse learning styles. All Amplify units, chapters, and lessons are grounded in the Do, Talk, Read, Write, Visualize approach. PBL is integrated into each unit. Students are exposed to a real world phenomena and investigate this phenomena throughout the unit using hands-on activities, multimedia resources, research, field trips, discourse, and writing to apply their learning and solve a similar real world problem. Students show their learning by creating models, visuals, and writing pieces. After completing a project, students present their projects to other students and/or parents and peer assess and self-assess their work. Students not only understand content

more deeply but also learn how to take responsibility, build confidence, solve problems, work collaboratively, communicate ideas, and be creative innovators. This year, we will continue to integrate an interdisciplinary approach with PBLs through Science by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills in ELA. Using inquiry and research through an interdisciplinary curriculum, learners will use their thinking skills to formulate questions about the world, find appropriate and accurate information, and make thoughtful judgments about their findings. In each module, students complete a focused, inquiry-based project paced over several weeks. Children research, collaborate, and complete a project about the topic of the module. Through inquiry and research projects, children can practice these critical skills and learn that the process of finding answers to their questions can be joyful, reflective and inquisitive. Project based learning aligns with and allows for students to strengthen their Science and Engineering practices. Amplify Science allows project based learning to be taught through a 3 dimensional approach, with a broad range of experiences. 3-D learning engages students, allows them to build their science and engineering practices, and apply cross-cutting concepts to develop understanding and solve challenging problems connected to disciplinary core ideas. Students will be: Asking questions (for science) and defining problems (for engineering) Developing and using models Planning and carrying out investigations Analyzing and interpreting data Using mathematics and computational thinking Constructing explanations (for science) and designing solutions (for engineering) Engaging in arguments from evidence Obtaining, evaluating, and communicating information Amplify Science is designed with diversity and equity in mind. They believe “diversity in the science and engineering classroom is an asset. It offers countless opportunities for creativity and innovation and opens the door to multiple perspectives and cross-cultural understanding.” With this belief in mind they have designed the curriculum to provide quality and supportive materials for teachers so that every student regardless of their background, where they live, the language they speak at home, or their learning characteristics — has access to and benefits from deep and engaging science and engineering learning opportunities. Two overarching conceptual frameworks informed Amplify Science’s approach to ensuring access and equity for all students: Universal Design for Learning and Culturally and Linguistically Responsive Teaching. This year our STEM program has been integrated with Social Emotional Learning and a focus on the CASEL competencies. Students will be provided opportunities to strengthen their self-awareness, self-management, social awareness, relationship skills, and responsible decision making. All units have integrated the HEART Curriculum, everyday circle cards, Humane Education Resource Guide, Kindness for all guide, and the Mood Meter. Students will have multiple times throughout a unit to revisit and enhance social emotional skills. Unit PBL/ projects have been modified to allow for students to use their social emotional learning when solving real world problems particularly in the areas of social awareness, relationship skills, and responsible decision making. Amplify Science-Supporting Students with other Abilities (SWDs) and Multilingual Learners Amplify Science provides multiple supports to meet the needs of all learners, and includes multiple access points for students throughout the unit. Amplify Science aligns to Hallmark 4 of Advance Literacy in studying a small set of high utility words. Amplify Science understands that language development involves understanding the meanings of words and phrases heard or read, as well as using those words and phrases to communicate effectively in speech or writing. Students are provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help students establish connections and develop their knowledge of content specific language. Students are provided word relationship activities, repeated exposure to content specific vocabulary through texts, videos, and hands on activities. Amplify Science provides multiple supports to meet the needs of all learners, and includes multiple access points for students throughout the unit. Students are provided digital texts, print materials, videos, picture supports, language stems/frames, and multilingual glossary. Each unit of Amplify science has a differentiation section in the lesson brief for each lesson. This section provides embedded supports for diverse learners and tools for differentiation, as well as specific differentiation strategies for English Learners. These sections are tailored to each lesson. Students are provided a multimodal approach. A Multimodal learning approach teaches concepts using multiple modes to provide information to students including but not limited to the sue of pictures, texts, modeling, hands on activities, and videos. Monitoring Student Learning All students will engage in formal and informal assessment opportunities to demonstrate understanding and for teachers to gather information throughout the unit. Students have the opportunity to take a Pre-Unit / End of unit Assessment for every unit. The pre-unit assessment is an opportunity for students to articulate their initial ideas and understanding about the unit topic. It allows for teachers to see what concepts students already understand and what misconceptions the students have. The end of unit assessment will be graded with the end of unit rubric. The

end of unit assessment written explanations show each student's level of understanding of the core concepts from the unit, as well as provide evidence of growth over time when compared with their pre-unit assessments. In each grade, there are multiple opportunities to monitor student progress through the use of the Critical Juncture assessments and On the Fly assessments. Critical Juncture assessments signify points in the unit at which it is especially important that all students understand the content before continuing. They are designed to provide formative information about the actual level at which each student understands the content by the end of each of the lessons indicated. Each Critical Juncture Assessment includes specific suggestions for how to tailor instructional opportunities so they are targeted to a student's current level of understanding. On the Fly assessments are quick checks for understanding designed to help the teacher monitor and support students' progress throughout the unit. On-the-Fly Assessments are provided for nearly every lesson. Each On-the-Fly Assessment indicates the specific concepts and practices to look for (or listen for) as students engage with the learning experiences, followed by suggestions to the teacher of what to do, based on what was observed. These formative assessments are embedded in the instruction and do not require formal scoring of students' work. Students should have a STEM folder that highlights their work. In their folders students should have the opportunity to include: Samples of work from key learning areas, Writing samples, Investigation pages, Student self-reflections, Photographs of work, Pre and End of unit assessments, and Final Projects. We will continue to use the Passports to Social Studies program in kindergarten through fifth grade. Our Social Studies curriculum has been enhanced in order to not only include the Passports to Social Studies curriculum, Civics for All, and Social-Emotional CASEL Competencies curriculum, but we have also integrated the equity framework from Cultivating Genius named the Historically Responsive Literacy (HRL) Framework by Dr. Gholdy Muhammad, which addresses students' Identities, Skills, Intellect, Criticality, and Joy. The Passports to Social Studies program aligns to the NYC Social Studies Scope & Sequence and integrates the New York State Social Studies Framework to support effective and engaging social studies teaching and learning. Most importantly, students use rich content, themes, and big ideas to learn history, geography, economics, civics, citizenship, and government. They also use important skills to "think like historians." The Passports to Social Studies program units of study are guided by an essential question. The essential question is multi-faceted and is designed for open discussion and interpretation and can be applied beyond the content of one specific unit. Each lesson from the Passports to Social Studies program and Civics for All is guided by a focus question to direct students on developing the relevant skills, practices, and knowledge objectives that lead to historical understanding. Students are challenged to think like historians and encouraged to raise questions, think critically, consider many perspectives, and gather evidence in support of their interpretations through the practice of chronological processing, decision-making, and historical research and analysis. These real-world skills will serve students well as participating citizens of a democracy and as productive adults in the future. Passports are translated to Chinese and Spanish, and we follow the 50 – 50 model for our dual-language programs. P.S. 94 is a Civics for All partner school. Civics for All is a companion to the Passport to Social Studies, designed with the New York State K-12 Social Studies Framework, the New York State Next Generation English Language Arts & Literacy in History/Social Studies Learning Standards, and the New York City K-12 Social Studies Scope & Sequence in mind. Our teachers translate students' resources and instructional materials to Spanish and Chinese to teach our students in the dual-language programs. The Civics for All initiative strengthens opportunities for students to develop skills and knowledge related to democracy. The goal is for all our students to become engaged citizens who can think critically and are empowered to chart the course that our city and country will take. Civics for All helps schools support students in making connections between history, current events, and democratic structures. Civics for All lessons are incorporated into Passports to Social Studies units and lessons to cultivate civic responsibility and awareness in our students to become active and informed participants of our democratic society. The Historically Responsive Literacy (HRL) Framework from Cultivating Genius by Dr. Gholdy Muhammad is a universal teaching and learning model that helps teachers cultivate the genius within students and within themselves and teach in ways that create space for mutual empowerment, confidence, and self-reliance. The Historically Responsive Literacy (HRL) Framework is an equity framework that believes every time children of color come together to read, write, think, and learn, they are making sense of who they are through Identity, developing their proficiencies in the content they are learning within through Skills, becoming smarter about something or gaining new knowledge and concepts in the world through Intellect, and developing the ability to read texts to understand power, authority and anti-oppression through Criticality. These five goals or pursuits are connected to the body of literacy research on cognitive and sociocultural perspectives of literacy development and what youth need to attain personal and academic success: Identity: It is composed of who

we are, who others say we are, and who we desire to be. Youth need opportunities in school to explore multiple facets of selfhood, but also learn about the identities of others who may differ. Knowing about the cultures of other people teaches them how to respect, love, and live in harmony with others who don't look or know the world as they do. As an educator, ask yourself, "How will my instruction help students to learn something about themselves and/or about others?" Skills: It is essential for today's youth to read, write, and think about diverse sets of literature in multimodal forms in order to develop their literacy skills. It is important that students develop the skills necessary in not only literacy but in all content areas. In particular, the skill of writing development should be cultivated in each content area because it entails the act of reading something, thinking about the content, considering new ideas to set on paper, and then communicating those words to an intended audience. Skills give across areas of learning students access and tools for education. As an educator, ask yourself, "How will my instruction build students' skills for the content area?" Intellect: Intellect or knowledge is what we learn or understand about various topics, concepts, and paradigms. Through the pursuit of Identity and Skills, the possibility is created for Intellect, and when students develop intellectualism, they can express their ideas, work through justice-centered solutions to the world's problems and expand their mental capacities. Intellect is not only about academics, but also emotional intelligence and self-and social awareness. As an educator, ask yourself, "How will my instruction build students' knowledge and mental powers?" Criticality: It is the capacity to read, write, and think in ways of understanding how power, privilege, social justice, equity, and oppression operate throughout society particularly for populations who have been historically marginalized in the world. It enables students to question both the world and texts within it to better understand the truth in history, power, and equity. Teaching criticality humanizes instruction and makes it more compassionate. It begins to give students the tools they need to respond to injustice in and around schools and to tell the difference between facts and truths. As an educator, ask yourself, "How will my instruction engage students' thinking about power and equity and the disruption of oppression?" Joy: This is another aspect of the framework because it's essential to maintain one's journey. All the pursuits are collaborative and encourage others to participate. When we offer a variety of subjects to excite students' interest, bring joy and pleasure from reading, and stimulate their minds to think and debate about significant issues, we create an environment that affords students the opportunity to shape their own ideas through acts of literacy. It is our job as educators to not just teach skills, but teach students to know, validate, & celebrate who they are. As an educator, ask yourself, "How am I elevating beauty in humanity?" By implementing Passports to Social Studies, Civics for All, SocialEmotional CASEL Competencies, and the Historically Responsive Literacy (HRL) Framework we will prepare our students to be productive citizens of a global community and to nurture and promote global awareness. For our students to be globally aware citizens, students must understand and be able to: connect the local and the global, understanding of how the actions of people around the planet have an economic, technological, and cultural influence on all peoples of the world. participate in local and global economies. be open-minded, especially in understanding one's own cultural lens as well as others' distinct cultural lenses. celebrate similarities among different groups of people. understand and respect peoples' differences. use electronic technologies in order to research people and cultures in every world region. understand the importance of cross-cultural communication, both within the United States and across borders. recognize and reduce stereotypes and prejudices. have compassion for all peoples of the world. assume responsibility for the ways in which they process information and read the world with a critical eye, refusing to accept unexamined information as factual or truth. This school year Passports to Social Studies and Civics for All has been integrated with Social Emotional CASEL Competencies. As students engage in historical explorations, global perspectives, historical literacies, and cultural studies, they will be able to deepen their connections and strengthen their personal social emotional skills in the areas of self-awareness, self-management, social awareness, relationships skills, and responsible decision making. This year Social Studies units of study maps will continue to have an essential question along with a social emotional focus question aligned to the content as well as SEL competency. Students will have multiple opportunities throughout a unit to revisit and enhance social emotional skills using complimentary lessons from Civics for All, and HEART resources such as Everyday Circle Cards, Humane Education Resource Guide, Kindness for All Guide, and the R.U.L.E.R Mood Meter. Project-Based Learning PBL is an effective and enjoyable way to learn and develop deeper learning competencies required for success in college, career and civic life. Students are active, not passive; a project engages their hearts and minds, and provides real world relevance for learning. PBL engages students in experiential learning, they work on projects that are aligned to content grade expectations as they work together solving a problem that has relevance to the real world. After completing a project, students present their projects to other students and/or parents and peer assess and self-

assess their work. Students who gain content knowledge with PBL are better able to apply what they know and can do to new situations. Students not only understand content more deeply but also learn how to take responsibility and build confidence, solve problems, work collaboratively, communicate ideas, and be creative innovators. The Next Generation standards emphasize real-world application of knowledge and skills, and the development of 21st century competencies such as critical thinking, communication in a variety of media, and collaboration. PBL provides an effective way to address such standards. Modern technology – which students use so much in their lives – is a perfect fit with PBL. With technology, teachers and students can connect with experts, partners, and audiences around the world, and use tech tools to find resources and information, create products, and collaborate more effectively. PBL is integrated throughout the units of study and our learning maps. PBL is an effective and enjoyable way to learn and develop deeper learning competencies required for success in college, career and civic life. Students are active, not passive; a project engages their hearts and minds, and provides real-world relevance for learning. PBL engages students in experiential learning, they work on projects that are aligned to content grade expectations as they work together solving a problem that has relevance to the real world. During in-person, synchronous and asynchronous instruction students can demonstrate their learning by creating models, visuals, and writing pieces through student-led research projects intended to reinforce, extend or apply lesson objectives or independent student goals. After completing a project, students present their projects to other students and/or parents and peer assess and self-assess their work. Students not only understand content more deeply but also learn how to take responsibility and build confidence, solve problems, work collaboratively, communicate ideas, and be creative innovators. Project based learning aligns and allows students to strengthen their Social Studies and Civics practices. This year, we will continue to integrate an interdisciplinary approach with PBLs through Social Studies by engaging children in projects that provide opportunities to extend topic knowledge while building research, writing, listening, speaking, and collaboration skills in ELA. Using inquiry and research through an interdisciplinary curriculum, learners will use their thinking skills to formulate questions about the world, find appropriate and accurate information, and make thoughtful judgments about their findings. In each module, students complete a focused, inquiry-based project paced over several weeks. Children research, collaborate, and complete a project about the topic of the module. Through inquiry and research projects, children can practice these critical skills and learn that the process of finding answers to their questions can be joyful, reflective and inquisitive. We will continue to incorporate Mathematics into our PBLs. Math is easy to link to economics, but it can be connected to history, civics, and geography. The study of human social relationships is studied using mathematical models. Mathematical analysis is also used to analyze social networks, how humans are connected to each other, and how they behave in various social situations. It is important not to think of integration as using the particular subject to solve math problems, but as a way to use math to solve problems and answer questions about those topics in Social Studies. Both disciplines use words such as compare, explain, articulate, analyze, predict, demonstrate and interpret and should be used to make connections between both disciplines. Some ways we will integrate mathematics into our Social Studies PBLs is through map skills (latitude and longitude), shapes in our community, calculating distances (fractions), number sense (ability to analyze numbers), and different nationalities and their number systems (Egypt, China, etc.). Students who can make connections between Math and Social Studies are able to think critically and understand history, culture, and politics. Teachers will engage in ongoing collaboration to develop PBLs that are aligned to both Social Studies and Mathematics. Passports to Social Studies and Civics for All Supporting Students with Other Abilities (SWOAs) and Multilingual Learners Passports to Social Studies and Civics for All provides multiple supports to meet the academic, language, and learning style needs of all learners. Students are provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and visual support to help students establish connections and develop their content knowledge. In addition, students are provided with supports to meet the needs of all learners, and includes multiple access points. Where available, students are provided digital texts, videos, picture supports, language stems, sentence starters, sentence frames, virtual field trips, and multilingual glossaries. Hallmark 4 of Advanced Literacies research indicates that Social Studies instruction provides students repeated opportunities to develop strategies for learning academic vocabulary through the use of research based word-learning strategies (eg. think alouds) and supports to help students establish connections and develop their bank of content specific vocabulary. English Language Learners and Multilingual Learner Students are provided with Passports to Social Studies workbooks in English and in the student's home native language. Assessing Students and Monitoring Student Learning Assessments of students are essential in monitoring student learning and growth. Students will engage in formal and

informal assessment opportunities to demonstrate understanding and for teachers to gather assessment data throughout the unit. Informal assessment examples may include, but are not limited to teacher created checklists, student/teacher created questionnaires, writing samples, class discussions, and student portfolios. Students will take Pre-Unit Assessment and End-of-Unit Assessment for every unit. The pre-unit assessment will be administered prior to the start of a new unit. It is an opportunity for students to articulate their initial ideas and understanding about the unit topic. It allows for teachers to see what concepts students already understand and what misconceptions students may have. The end of unit assessment may consist of Performance Tasks, Formative Assessments, or Extension Activities as outlined in Passports to Social Studies Teachers Guide or Civics for All Teachers Guide. In a Performance Task Assessment at the end of units, students are assessed based on their abilities to: compare/contrast, illustrate similarities and differences, illustrate bias or point of view, describe change over time, discuss issues categorically: socially, economically, politically, explain causes and effects of historic events, and or examine contending perspectives on an issue. In a Formative Assessment, students are assessed based on their abilities to successfully complete a project illustrating understanding of the unit topic. Extension Activities assessments are units which include relevant Civics for All PBL projects. These end of unit assessments provide evidence of growth over time when compared with their pre-unit assessments data. All students will use iLearnNYC portfolios to monitor their growth. Digital portfolios will be used to document the learning process and/or growth of students, and for formative assessments. To manage or import evidence, students and or teachers can use the portfolio tool within iLearnNYC, or through the mobile App. to submit work digitally. Students or teachers may include the following into the paper and/or digital portfolios: Samples of work Writing samples Workbook pages Student self-reflection. Photographs of work Video recordings Pre and end of unit assessments / Performance Tasks / Extension Activities.
Core Content Is Delivered Using HMH ELA Curriculum Across ELL Program Models. Teachers use the HMH Into Reading curriculum to introduce vocabulary, reading strategies, and writing skills. Lessons support grade-level expectations by integrating literacy standards by identifying the skills in each module, while gradually building access through scaffolds. HMH's emphasis on authentic texts, scaffolded questions, and writing frames helps ELLs meet both language and literacy goals. Lessons are scaffolded using visual supports, sentence frames, graphic organizers, and realia. Emphasis is placed on listening, speaking, reading, and writing in context, with guided practice and repetition. Oral language is built through structured discussion routines, choral reading, and interactive read-alouds. ELLs develop academic vocabulary and syntax through close reading, collaborative discussions, and writing tasks. Teachers may use side-by-side texts, glossaries, or home language mentors to bridge concepts across languages building biliteracy and metalinguistic awareness by comparing how language works across English and the home language. Home language support accelerates conceptual understanding, while English instruction gradually increases in complexity. Teachers adapt content using intentional language supports and differentiated strategies to ensure that English learners develop both the language proficiency and academic skills required to meet the Next Generation Learning Standards.

To support the equitable and inclusive instruction we use tabletop Minilessons to support language development and language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. They are provided with multiple embedded supports to meet their learning needs, including multiple access points, as well as scaffolded differentiation strategies and learning throughout the Modules in the Reading and Writing curriculum. They are provided with carefully selected, content-rich text sets to help them build topic knowledge and reading skills, digital texts, videos, graphic organizers, picture supports, language stems, sentence frames, multilingual glossary, and lists of cognates. Scaffold talking and writing about a text by providing word banks, sentence stems, and sentence frames. They are provided word relationship activities, repeated exposure to content specific vocabulary through texts, videos, and experiential learning. The student is also provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help them establish connections and develop their knowledge of content specific vocabulary.

Integrating the Edwards Orton-Gillingham approach helps students build foundational literacy skills, especially when combined with strategies that support language development and background gaps. To ensure ELLs have access to explicit, systematic instruction in phonics, phonemic awareness, and decoding, essential for reading success, Edwards Orton Gilingham's structured, explicit, and multisensory approach helps students at different proficiency

levels break down the complex code of English. It provides clear, systematic instruction in phonology, orthography, and syntax—all of which are critical for ELLs learning a new language. It helps students transfer literacy skills across languages, reinforcing foundational literacy skills alongside English acquisition.

Rosetta Stone is used as a supplemental language development tool to support English Language Learners (ELLs) in building essential communication skills. Its primary focus is on developing oral language fluency, listening comprehension, and everyday vocabulary through an immersive, interactive learning environment. Rosetta Stone immerses students in English through spoken language and visual context, helping them develop an ear for English pronunciation, rhythm, and intonation. Through speech recognition technology, students practice speaking and receive immediate feedback on pronunciation and fluency. Vocabulary is contextualized through visuals and scenarios, promoting deeper understanding and long-term retention. Students listen to native-speaker models and match spoken language to images, strengthening auditory processing and word recognition.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Curriculum Maps Assessment materials ELA-Supporting Students with other Abilities and Multilingual Learners to support the equitable and inclusive instruction of MLs and ELLs, Tabletop Minilessons support language development and language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving. Students are provided with multiple embedded supports to meet the needs of all learners, including multiple access points, as well as scaffolded differentiation strategies and learning throughout the Modules in the HMH Reading and Writing curriculum. Students are provided with carefully selected, content-rich text sets to help students build topic knowledge and reading skills, digital texts, videos, graphic organizers, picture supports, language stems, sentence frames, multilingual glossary, and lists of cognates. Scaffold talking and writing about a text by providing word banks, sentence stems, and sentence frames. Students are provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and support to help students establish connections and develop their knowledge of content specific vocabulary. ELA instruction provides students repeated opportunities to develop strategies for learning academic vocabulary through the use of research based word-learning strategies (eg. think alouds, vocabulary center, vocabulary games) and supports to help students establish connections and develop their bank of content specific vocabulary. Teachers can use small-group instruction, leveled readers, and tiered tasks to meet each student's needs. Many core and supplemental texts are available in audio versions and interactive eBooks with text-to-speech features. Visual supports, annotations, and summaries make complex content more accessible to students with processing or reading difficulties. Graphic organizers and visual charts support comprehension and organization of ideas. ELA Assessment and Monitoring for Student Learning and ongoing assessment is an essential aspect of teachers and are recommended to have a data tracking system of students' instructional needs, skills and strategies taught in reading and writing, student assessment data in reading, writing, and phonics. Students keep a reading log whether digitally or on paper. Students use writing checklists and teachers use writing rubrics aligned to the Next Generation English Language Arts Learning Standards (NGLS). Reading end of module assessments measure student progress toward grade-level standards at the conclusion of a module and provide formative data to guide instruction, intervention, or enrichment. They also assess both foundational reading skills (in early grades) and higher-order comprehension and writing skills (in upper grades). It also includes a constructed response or extended writing prompt requiring students to apply writing skills and cite text evidence (e.g., opinion, narrative, or explanatory writing). Leveled versions or scaffolded supports may be provided for English Language Learners (ELLs) and students with IEPs. Teachers can offer oral administration, extra time, or use of bilingual glossaries, depending on student accommodations. Students pre-writing prompt engage students in authentic, high-level work that is aligned to curricular standards so that teachers can carefully plan targeted instruction that meets students' needs, and are conducted to determine

students' growth and what supports are still needed in regards to standards-based skills. These prompts often appear before the End-of-module writing assessment. Formative assessment data along with observational data of how students learn best is used to plan accessible and meaningful school instruction. Data is used to provide students with tiered supports and actionable and meaningful mastery-oriented feedback. The following components will be used as Summative assessments:

Acadience (K-2) Screener Beginning of Year Assessment
Acadience (K-2) Screener Middle of Year Assessment
Acadience (K-2) Screener End of Year Assessment
MAP (3 -5) Screener Beginning of Year Assessment
MAP (3 -5) Screener Middle of Year Assessment
MAP (3 -5) Screener End of Year Assessment
I-Ready Reading Diagnostic: (K-5) Diagnostic administration #1
I-Ready Reading Diagnostic: Diagnostic administration #2
I-Ready Reading Diagnostic: Diagnostic administration #3

The Edwards Orton-Gillingham (OG) approach will be used to support the development of foundational literacy skills for students who require explicit, multisensory instruction—particularly English Language Learners (ELLs), students with reading difficulties, and those identified for Tier 2 and Tier 3 interventions. This structured, sequential, and diagnostic approach will help students build phonemic awareness, decoding skills, encoding (spelling), and reading fluency, while reinforcing language acquisition. By incorporating OG into small-group and targeted instruction, the school will ensure that all learners, especially those with diverse needs, are given equitable access to the tools they need to become successful, confident readers. In alignment with the New York State Next Generation Learning Standards, the OG approach will help ensure that all students are equipped with strong foundational reading skills, particularly in phonemic awareness, decoding, fluency, vocabulary, and spelling. Teachers will deliver OG-aligned lessons in small-group settings, where instruction can be closely matched to students' specific literacy needs, as identified through formative assessments, i-Ready data, and MTSS referral processes.

Rosetta Stone is used as a supplemental language development tool to support English Language Learners (ELLs) in building essential communication skills. Its primary focus is on developing oral language fluency, listening comprehension, and everyday vocabulary through an immersive, interactive learning environment. Rosetta Stone immerses students in English through spoken language and visual context, helping them develop an ear for English pronunciation, rhythm, and intonation. Through speech recognition technology, students practice speaking and receive immediate feedback on pronunciation and fluency. Vocabulary is contextualized through visuals and scenarios, promoting deeper understanding and long-term retention. Students listen to native-speaker models and match spoken language to images, strengthening auditory processing and word recognition.

Science, Technology, Engineering, Mathematics (STEM) Our STEM team uses Amplify Science, for grades K-5. Amplify Science aligns to the Next Generation Learning Standards by blending hands-on investigations, literacy-rich activities, and interactive digital tools to empower students to think, read, write, and argue like real scientists and engineers. Each unit of Amplify Science engages students in a relevant, real-world problem where they investigate scientific phenomena, engage in collaboration and discussion, and develop models or explanations in order to arrive at solutions. Students are: introduced to a phenomenon and a related problem, provided opportunities to collect evidence from multiple sources (digital, text, simulations, hands-on, and observations), build increasingly complex explanations, and apply knowledge to solve a different problem. Students are taught through a multimodal approach, which allows students to experience learning in a variety of ways to create diverse learning styles. All Amplify units, chapters, and lessons are grounded in the Do, Talk, Read, Write, Visualize approach. PBL is integrated into each unit. Students are exposed to a real world phenomena and investigate this phenomena throughout the unit using hands-on activities, multimedia resources, research, field trips, discourse, and writing to apply their learning and solve a similar real world problem. Students show their learning by creating models, visuals, and writing pieces. After completing a project, students present their projects to other students and/or parents and peer assess and self-

assess their work. Students not only understand content more deeply but also learn how to take responsibility, build confidence, solve problems, work collaboratively, communicate ideas, and be creative innovators. Project based learning aligns with and allows for students to strengthen their Science and Engineering practices. Amplify Science allows project based learning to be taught through a 3 dimensional approach, with a broad range of experiences. 3-D learning engages students, allows them to build their science and engineering practices, and apply cross-cutting concepts to develop understanding and solve challenging problems connected to disciplinary core ideas. Students will be: Asking questions (for science) and defining problems (for engineering) Developing and using models Planning and carrying out investigations Analyzing and interpreting data Using mathematics and computational thinking Constructing explanations (for science) and designing solutions (for engineering) Engaging in arguments from evidence Obtaining, evaluating, and communicating information Amplify Science is designed with diversity and equity in mind. They believe "diversity in the science and engineering classroom is an asset. It offers countless opportunities for creativity and innovation and opens the door to multiple perspectives and cross-cultural understanding." With this belief in mind they have designed the curriculum to provide quality and supportive materials for teachers so that every student regardless of their background, where they live, the language they speak at home, or their learning characteristics — has access to and benefits from deep and engaging science and engineering learning opportunities. Two overarching conceptual frameworks informed Amplify Science's approach to ensuring access and equity for all students: Universal Design for Learning and Culturally and Linguistically Responsive Teaching. This year our STEM program has been integrated with Social Emotional Learning and a focus on the CASEL competencies. Students will be provided opportunities to strengthen their self-awareness, self-management, social awareness, relationship skills, and responsible decision making. All units have integrated the HEART Curriculum, everyday circle cards, Humane Education Resource Guide, Kindness for all guide, and the Mood Meter.

Students will have multiple times throughout a unit to revisit and enhance social emotional skills. Unit PBL/ projects have been modified to allow for students to use their social emotional learning when solving real world problems particularly in the areas of social awareness, relationship skills, and responsible decision making. Amplify Science-Supporting Students with other Abilities (SWDs) and Multilingual Learners Amplify Science provides multiple supports to meet the needs of all learners, and includes multiple access points for students throughout the unit. Amplify Science aligns to Hallmark 4 of Advance Literacy in studying a small set of high utility words. Amplify Science understands that language development involves understanding the meanings of words and phrases heard or read, as well as using those words and phrases to communicate effectively in speech or writing. Students are provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help students establish connections and develop their knowledge of content specific language. Students are provided word relationship activities, repeated exposure to content specific vocabulary through texts, videos, and hands on activities. Amplify Science provides multiple supports to meet the needs of all learners, and includes multiple access points for students throughout the unit. Students are provided digital texts, print materials, videos, picture supports, language stems/frames, and multilingual glossary. Each unit of Amplify science has a differentiation section in the lesson brief for each lesson. This section provides embedded supports for diverse learners and tools for differentiation, as well as specific differentiation strategies for English Learners. These sections are tailored to each lesson. Students are provided a multimodal approach. A Multimodal learning approach teaches concepts using multiple modes to provide information to students including but not limited to the sue of pictures, texts, modeling, hands on activities, and videos. Monitoring Student Learning All students will engage in formal and informal assessment opportunities to demonstrate understanding and for teachers to gather information throughout the unit. Students have the opportunity to take a Pre-Unit / End of unit Assessment for every unit. The pre-unit assessment is an opportunity for students to articulate their initial ideas and understanding about the unit topic. It allows for teachers to see what concepts students already understand and what misconceptions the students have. The end of unit assessment will be graded with the end of unit rubric. The end of unit assessment written explanations show each student's level of understanding of the core concepts from the unit, as well as provide evidence of growth over time when compared with their pre-unit assessments. In each grade, there are multiple opportunities to monitor student progress through the use of the Critical Juncture assessments and On the Fly assessments. Critical Juncture assessments signify points in the unit at which it is especially important that all students understand the content before continuing. They are designed to provide

formative information about the actual level at which each student understands the content by the end of each of the lessons indicated. Each Critical Juncture Assessment includes specific suggestions for how to tailor instructional opportunities so they are targeted to a student's current level of understanding. On the Fly assessments are quick checks for understanding designed to help the teacher monitor and support students' progress throughout the unit. On-the-Fly Assessments are provided for nearly every lesson. Each On-the-Fly Assessment indicates the specific concepts and practices to look for (or listen for) as students engage with the learning experiences, followed by suggestions to the teacher of what to do, based on what was observed. These formative assessments are embedded in the instruction and do not require formal scoring of students' work. Students should have a STEM folder that highlights their work. In their folders students should have the opportunity to include: Samples of work from key learning areas Writing samples Investigation pages Student self-reflections Photographs of work Pre and End of unit assessments Final Projects Social Studies How do we teach Social Studies at P.S. 94-Historically Responsive Literacy Framework For the 2025-2026 school year, as per 2025-2026 school year, we will continue to use the Passports to Social Studies program in kindergarten through fifth grade. Our Social Studies curriculum has been enhanced in order to not only include the Passports to Social Studies curriculum, Civics for All, and Social-Emotional CASEL Competencies curriculum, but we have also integrated the equity framework from Cultivating Genius named the Historically Responsive Literacy (HRL) Framework by Dr. Gholdy Muhammad, which addresses students' Identities, Skills, Intellect, Criticality, and Joy. The Passports to Social Studies program aligns to the NYC Social Studies Scope & Sequence and integrates the New York State Social Studies Framework to support effective and engaging social studies teaching and learning. Most importantly, students use rich content, themes, and big ideas to learn history, geography, economics, civics, citizenship, and government. They also use important skills to "think like historians." The Passports to Social Studies program units of study are guided by an essential question. The essential question is multi-faceted and is designed for open discussion and interpretation and can be applied beyond the content of one specific unit. Each lesson from the Passports to Social Studies program and Civics for All is guided by a focus question to direct students on developing the relevant skills, practices, and knowledge objectives that lead to historical understanding. Students are challenged to think like historians and encouraged to raise questions, think critically, consider many perspectives, and gather evidence in support of their interpretations through the practice of chronological processing, decision-making, and historical research and analysis. These real-world skills will serve students well as participating citizens of a democracy and as productive adults in the future. Passports are translated to Chinese and Spanish, and we follow the 50 – 50 model for our dual language programs. P.S. 94 is a Civics for All partner school. Civics for All is a companion to the Passport to Social Studies, designed with the New York State K-12 Social Studies Framework, the New York State Next Generation English Language Arts & Literacy in History/Social Studies Learning Standards, and the New York City K-12 Social Studies Scope & Sequence in mind. Our teachers translate students' resources and instructional materials to Spanish and Chinese to teach our students in the dual-language programs. The Civics for All initiative strengthens opportunities for students to develop skills and knowledge related to democracy. The goal is for all our students to become engaged citizens who can think critically and are empowered to chart the course that our city and country will take. Civics for All helps schools support students in making connections between history, current events, and democratic structures. Civics for All lessons are incorporated into Passports to Social Studies units and lessons to cultivate civic responsibility and awareness in our students to become active and informed participants of our democratic society. The Historically Responsive Literacy (HRL) Framework from Cultivating Genius by Dr. Gholdy Muhammad is a universal teaching and learning model that helps teachers cultivate the genius within students and within themselves and teach in ways that create space for mutual empowerment, confidence, and self-reliance. The Historically Responsive Literacy (HRL) Framework is an equity framework that believes every time children of color come together to read, write, think, and learn, they are making sense of who they are through Identity, developing their proficiencies in the content they are learning within through Skills, becoming smarter about something or gaining new knowledge and concepts in the world through Intellect, and developing the ability to read texts to understand power, authority and anti-oppression through Criticality.

These five goals or pursuits are connected to the body of literacy research on cognitive and sociocultural perspectives of literacy development and what youth need to attain personal and academic success: Identity: It is composed of who we are, who others say we are, and who we desire to be. Youth need opportunities in school to explore multiple facets of selfhood, but also learn about the identities of others who may differ. Knowing about the

cultures of other people teaches them how to respect, love, and live in harmony with others who don't look or know the world as they do. As an educator, ask yourself, "How will my instruction help students to learn something about themselves and/or about others?" Skills: It is essential for today's youth to read, write, and think about diverse sets of literature in multimodal forms in order to develop their literacy skills. It is important that students develop the skills necessary in not only literacy but in all content areas. In particular, the skill of writing development should be cultivated in each content area because it entails the act of reading something, thinking about the content, considering new ideas to set on paper, and then communicating those words to an intended audience. Skills give across areas of learning students access and tools for education. As an educator, ask yourself, "How will my instruction build students' skills for the content area?" Intellect: Intellect or knowledge is what we learn or understand about various topics, concepts, and paradigms. Through the pursuit of Identity and Skills, the possibility is created for Intellect, and when students develop intellectualism, they can express their ideas, work through justice-centered solutions to the world's problems and expand their mental capacities. Intellect is not only about academics, but also emotional intelligence and self-and social awareness. As an educator, ask yourself, "How will my instruction build students' knowledge and mental powers?" Criticality: It is the capacity to read, write, and think in ways of understanding how power, privilege, social justice, equity, and oppression operate throughout society particularly for populations who have been historically marginalized in the world. It enables students to question both the world and texts within it to better understand the truth in history, power, and equity. Teaching criticality humanizes instruction and makes it more compassionate. It begins to give students the tools they need to respond to injustice in and around schools and to tell the difference between facts and truths. As an educator, ask yourself, "How will my instruction engage students' thinking about power and equity and the disruption of oppression?" Joy: This is another aspect of the framework because it's essential to maintain one's journey. All the pursuits are collaborative and encourage others to participate. When we offer a variety of subjects to excite students' interest, bring joy and pleasure from reading, and stimulate their minds to think and debate about significant issues, we create an environment that affords students the opportunity to shape their own ideas through acts of literacy. It is our job as educators to not just teach skills, but teach students to know, validate, & celebrate who they are. As an educator, ask yourself, "How am I elevating beauty in humanity?" By implementing Passports to Social Studies, Civics for All, Social-Emotional CASEL Competencies, and the Historically Responsive Literacy (HRL) Framework we will prepare our students to be productive citizens of a global community and to nurture and promote global awareness. For our students to be globally aware citizens, students must understand and be able to: connect the local and the global, understanding of how the actions of people around the planet have an economic, technological, and cultural influence on all peoples of the world. participate in local and global economies. be open-minded, especially in understanding one's own cultural lens as well as others' distinct cultural lenses. celebrate similarities among different groups of people. understand and respect peoples' differences. use electronic technologies in order to research people and cultures in every world region. understand the importance of cross-cultural communication, both within the United States and across borders. recognize and reduce stereotypes and prejudices. have compassion for all peoples of the world. assume responsibility for the ways in which they process information and read the world with a critical eye, refusing to accept unexamined information as factual or truth. This school year Passports to Social Studies and Civics for All has been integrated with Social Emotional CASEL Competencies. As students engage in historical explorations, global perspectives, historical literacies, and cultural studies, they will be able to deepen their connections and strengthen their personal social emotional skills in the areas of self-awareness, self-management, social awareness, relationships skills, and responsible decision making. This year Social Studies units of study maps will continue to have an essential question along with a social emotional focus question aligned to the content as well as SEL competency. Students will have multiple opportunities throughout a unit to revisit and enhance social emotional skills using complimentary lessons from Civics for All, and HEART resources such as Everyday Circle Cards, Humane Education Resource Guide, Kindness for All Guide, and the R.U.L.E.R Mood Meter. Mathematics Assessments All Eureka Math2 assessments are considered formative because they are intended to inform instruction. The assessments may also be considered summative when you choose to use the data to produce a grade or report. On its own, a single assessment does not show a complete picture of student progress. For example, a short assessment might use a single question to assess student understanding of part of a standard, thus producing a limited perspective. Use a combination of observational and scored assessments to understand and report on overall student performance. The following images show the various assessments that are included in the Eureka Math2 core curriculum. As the images suggest: Exit Tickets are

designed for use at the end of each lesson. A Topic Ticket or Topic Quiz replaces the Exit Ticket in the final lesson of each topic. Make intentional choices about when to give Topic Tickets. You might give them right after teaching the lessons in the topic or wait a day or two as students internalize their recent learning. The Module Assessment is typically given when module instruction is complete. Exit Tickets - Grades 1-5 Exit Tickets are short assessments that close lessons. These assessments use at least one problem or question to assess whether a student has learned the basic skills and concepts needed for success in upcoming lessons. Items reflect the minimum that students must demonstrate to meet the lesson objective. Students complete Exit Tickets independently, with directions or problems read aloud as necessary. In a typical classroom, most students with basic understanding can finish within 3–5 minutes. In some settings, honoring the timeframe is more important than requiring students to finish. For example, a student's inability to finish within 5 minutes may be valuable information. In other settings, you may extend the time to allow all students to finish as appropriate. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. Topic Tickets - Grades 1-2 A Topic Ticket replaces the Exit Ticket in the final lesson of each topic. Topic Tickets are short sets of items that assess proficiency with the major concepts and skills from the topic. Many items allow students to show evidence of one or more of the Standards for Mathematical Practice (MPs). You may use the Standards and Achievement Descriptors at a Glance charts to find which MPs you may be more likely to see from your students on a given assessment item in relation to the content that is assessed. For example, you may be likely to see evidence of MP1, MP2, MP4, MP5, and MP6 on Module 1 Topic A Quiz as those are the MPs explicitly identified in the lessons of that topic. Students complete Topic Tickets independently, with directions or problems read aloud as necessary. You may find it useful to score Topic Tickets and analyze the data to progress monitor region. understand the importance of cross-cultural communication, both within the United States and across borders. recognize and reduce stereotypes and prejudices. have compassion for all peoples of the world. assume responsibility for the ways in which they process information and read the world with a critical eye, refusing to accept unexamined information as factual or truth. For example, a student's inability to finish within 5 minutes may be valuable information. In other settings, you may extend the time to allow all students to finish as appropriate. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. Topic Tickets - Grades 1-2 A Topic Ticket replaces the Exit Ticket in the final lesson of each topic. Topic Tickets are short sets of items that assess proficiency with the major concepts and skills from the topic. Many items allow

students to show evidence of one or more of the Standards for Mathematical Practice (MPs). You may use the Standards and Achievement Descriptors at a Glance charts to find which MPs you may be more likely to see from your students on a given assessment item in relation to the content that is assessed. For example, you may be likely to see evidence of MP1, MP2, MP4, MP5, and MP6 on Module 1 Topic A Quiz as those are the MPs explicitly identified in the lessons of that topic. Students complete Topic Tickets independently, with directions or problems read aloud as necessary. You may find it useful to score Topic Tickets and analyze the data to progress monitor your students proficiency with major concepts and skills from the topic. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. Topic Quizzes - Grades 3-5 Typical Topic Quizzes consist of 4–6 items that assess proficiency with the major concepts from the topic. Many items allow students to show evidence of one or more of the Standards for Mathematical Practice (MPs). You may use the Standards and Achievement Descriptors at a Glance charts to find which MPs you may be more likely to see from your students on a given assessment item in relation to the content that is assessed. For example, you may be likely to see evidence of MP2, MP4, MP6, and MP7 on the Module 1 Topic A Quiz as those are the MPs explicitly identified in the lessons of that topic. Topic Quizzes: • take 25–30 minutes to complete in a typical setting, • include Depth of Knowledge (DOK) 1 and 2 items, • are intended for digital administration, with a paper-based option, and • are 100% machine scorable when given digitally. You may find it useful to grade Topic Quizzes and analyze the data to progress monitor your students proficiency with major concepts and skills from the topic. There are three analogous versions of each Topic Quiz available digitally. Analogous versions target the same material at the same level of cognitive complexity. However, typical items on analogous versions are not clones of the original version. Use the analogous versions to give retakes, with reteaching or additional practice between takes, until students score proficient or above. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. Module Assessments - Grade K Typical Module Assessments consist of 3–5 interview-style items that assess proficiency with the major concepts, skills, and applications taught in the module. Module Assessments represent the most important content, but they may not assess all the strategies and standards taught in the module. Module Assessments provide suggested language for the interview-style items. As needed, and if possible, consider assessing students in their home language. When students are unable to answer or they respond incorrectly to the first few questions, end the assessment, and retry after more instruction. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. You may find it useful to grade Module Assessments and analyze the data to progress monitor your students proficiency with major concepts and skills from the topic.. Module Assessments - Grades 1- 5 Typical Module Assessments consist of 6–10 items that assess proficiency with the major concepts, skills, and applications taught in the module. Module Assessments represent the most important content, but they may not assess all the strategies and standards taught in the module. Many items allow students to show evidence of one or more of the MPs. You may use the Standards and Achievement Descriptors at a Glance charts to find which MPs you may be more likely to see from your students on a given assessment item in relation to the content (AD) that is assessed. Students complete Module Assessments independently, with directions or problems read aloud as necessary. Students with disabilities must be provided testing accommodations as per the IEP/504 when teachers administer classroom assessments. Module Assessments take up to one class period to complete in a typical setting. You may find it useful to grade Module Assessments and analyze the data to progress monitor your students proficiency with major concepts and skills from the topic.

b. SIFE

To support the equitable and inclusive instruction of our SIFE students instructional supports include:
• Academic Intervention Services during the day
• Home Language Intervention and support
• New Language Intervention for students that scored Entering or Emerging in NYSESLAT/NYSITELL for grades 1-5
• Lunchtime Program grades 3-5
• Students will use Rosetta Stone support in the New Language .
• Students will use Raz Kidz in the new language

• Students will use Chinese Reader support in the Home Language
• Use tabletop Minilessons to support language development and language acquisition and use in listening, speaking, reading, writing, and collaborative problem-solving.
They are provided with multiple embedded supports to meet their learning needs, including multiple access points, as well as scaffolded differentiation strategies and learning throughout the HMH Modules in the Reading and Writing curriculum. They are provided with carefully selected, content-rich text sets to help them build topic knowledge and reading skills, digital texts, videos, graphic organizers, picture supports, language stems, sentence frames, multilingual glossary, and lists of cognates. Scaffold talking and writing about a text by providing word banks, sentence stems, and sentence frames. They are provided word relationship activities, repeated exposure to content specific vocabulary through texts, videos, and experiential learning. The student is also provided repeated opportunities to develop strategies for learning academic vocabulary through the use of instructional strategies and supports to help them establish connections and develop their knowledge of content specific vocabulary.

• Integrating the Edwards Orton-Gillingham approach helps SIFE students build foundational literacy skills, especially when combined with strategies that support language development and background gaps.
• Rosetta Stone is used as a supplemental tool for supporting SIFE students to build oral language, listening comprehension, and everyday vocabulary. It plays a valuable role in language acquisition and confidence-building for newcomers with limited or interrupted schooling.

c. Newcomers

During the intake process newcomers and their families are given a tour of the school. Parent coordinators meet with parents and share community resources and assess the needs the families may have so we can address their need of support. When a newcomer first arrives in the classroom, they are partnered strategically with a learning partner that will support his/hers/their transition. They help them get familiar with our building as well as the classroom flow of the day and student resources. Newcomers students receive instructional support in the program they are enrolled in: ENL or dual language. Additionally, they are invited to participate in our English language arts after school program designed to develop vocabulary and address early reading strategies. They are also invited to participate in our weekend program focused on developing scaffolding strategies and vocabulary focus. Additionally, we also invite them to participate in our immigrant-newcomers theater after school program where they can explore the arts as they develop their understanding of the English language.

Instructional support for ELLs that are newly arrived include:

•Curriculum Compacting (providing instruction based on literacy level instead of grade) for a six week cycle
• Academic Intervention
• School Wide Enrichment grades K-5
• ELA test preparation after school and through a Saturday Academy for ELLS who take the ELA exam.
• Students will use Rosetta Stone support in the New Language .
• Students will use Raz Kidz in the new language
• Students will use !Chinese Reader support in the Home Language
• Students will receive small group instruction reading support in both, the new and the home languages Language
• New Language Intervention for students that scored Entering or Emerging in NYSESLAT/NYSITELL for grades 1-5

d. Long Term ELLs

Instructional Supports for long term ELu include:
- Academic Intervention services targeting language development
- Saturday Academy

- Targeted inquiry work
- Strategy lessons
- Extended guided reading or writing support
- Students will use Rosetta Stone support in the New Language
- Students will use Rosetta Stone support in the New Language .
- Students will use RazKidz in the new language
- Students will use !Chinese Reader support in the Home Language

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The first and most important step to promoting the academic growth of our ELL's with IEP's is by promoting a growth mindset among our staff and students. Without first developing the belief that these students can and will achieve their IEP goals any other curricular, instructional, and scheduling modifications are viewed pejoratively rather than restorative and necessary actions that promote equity and access to our most vulnerable student population. The IEP's of our differently abled ELL's are written by classroom teachers and service providers with the guidance of an IEP teacher and finalized by the assistant principal in charge of SWD's. By engaging a team of educators in writing these IEP's, each student's goals, recommendations, task, assessment and testing modifications are developed holistically and collaboratively, ensuring that each IEP is inclusive and reflective of the whole child including their social, emotional, physical, linguistic and academic needs. Once the IEP is in place, the student's needs are clearly communicated to service providers, cluster teachers and other staff as necessary. Every effort is made to educate the student in the least restrictive environment and maintain the same level of quality and rigor as our students without IEP's. We accomplish this by maintaining a level of flexibility when it comes to programming, task modification, and lesson delivery. One example is that our paraprofessionals are present for many of the same professional development sessions our teachers attend; this allows them to fully engage their students with an expectation for the same level of academic excellence as the classroom teacher. Additionally, the testing accommodations written in the IEP's are considered when creating formative and summative assessments throughout the school year. These testing accommodations are also reflected in both formal and informal task modification in each content area. Furthermore, our ELL's with IEP's receive all the same technological and instructional supports as our ELL's without IEP's, this ensures that no matter the environment, we are enabling our students with the skills, strategies, and knowledge to achieve their IEP goals and English language proficiency.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

The ELLs that are identified as in need of related services receive them as prescribed by their Individualized Educational Plan (IEP). Those students that do not have an IEP are reviewed by the Response to Intervention Team (RTI), where an educational action plan is developed based on age, grade, and proficiency levels. The action plans are reviewed every 6 weeks to determine its success and to create any necessary revisions. Home language support is provided throughout the day during content areas such science, social studies and mathematics. Teachers provide support through the analysis of their language proficiency levels and through the home language arts progression to provide the proper scaffolds. We support our ELLs with specific materials to support second language acquisition. We all follow the SIOP model. All Dual language and ENL classes in grades K-5 use Rosetta Stones, and Raz Kids. Curriculum materials such as maps, charts, posters, and videos are available in English as well as in other languages. Manipulatives for mathematics and science instruction are also used. In addition, our SETSS teacher uses SPIRE for intervention to support our ELLS during one-to-one intervention in English.

All classrooms have:
• Culturally responsive classroom libraries that include books and other printed materials
• Word Wall with pictures in the lower grades and content vocabulary with pictures in all grades
• Multilingual and multicultural libraries
• Listening Centers
• Strategy and language charts related to current unit of study in Reading, Writing and Math
• Charts modeling correct language usage
• Flow of the Day with pictures
• Computers
• Laptops
• IPads

In addition, all classrooms are equipped with Smart Boards and Document cameras to enhance visual aspects of learning for ELLs. Our enrichment team created and designed a STEM lab that contains learning centers including a technology center that have tasks with language strategies and modifications to promote learning in English and the native language. Home language support is offered to our Dual Language and ENL students throughout the day through the curriculum, materials and interventions. Dual Language teachers support home language development by teaching literacy in the home language. Home language support is provided through all components of the Science of Reading. The Dual Language program hires teachers who are home language speakers or fluent speakers to reinforce ELLs mastery of their first language. All students, starting in Kindergarten, take books home in the home language to read independently. Our ENL teachers support home language development by providing books in home language for students to take home and read with their families. Home language dictionaries, glossaries and text books are also in every classroom. We strongly believe in respecting and recognizing the importance of language and culture and are fully committed to preparing our students to become citizens of the world. Students are taught according to their age and grade level. All ELL students receive required services and resources corresponding to their age, grade level and proficiency level.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 94, we are committed to fostering an inclusive, linguistically responsive learning environment through structured collaboration and co-teaching practices in both our Dual Language Bilingual Education (DLBE) and Integrated Co-Teaching (ICT) classrooms. Our systems are designed to support effective instruction, shared planning, and reflective practice to meet the diverse needs of all students, including English Language Learners (ELLs). Leadership strategically builds collaborative planning time into the master schedule to ensure that co-teachers—including general education, special education, ENL, and bilingual educators—have regular, protected time to plan together. This allows teams to align instructional goals, language objectives, and differentiation strategies that address the academic and linguistic needs of ELLs. Administrators and instructional coaches monitor the use and outcomes of this planning time through attendance tracking, planning documentation reviews, and follow-up conversations. In Dual Language classrooms, partner teachers co-plan weekly to align language allocation, content, and biliteracy instruction following the DLBE model. This allows teams to align instructional goals, language objectives, and differentiation strategies that address the academic and linguistic needs of ELLs.

This ensures balanced language development and content mastery in both languages. In ICT classrooms, general education and special education teachers engage in co-planning focused on differentiation, scaffolding strategies for ELLs, and leveraging co-teaching models (e.g., station teaching, parallel teaching) to maximize engagement and support, and differentiate instruction within inclusive settings. Teachers participate in grade-level and vertical PLCs facilitated by instructional coaches and administrators, with a focus on best practices in curriculum planning, language development, culturally responsive pedagogy, and co-teaching strategies. DLBE teachers meet as a cross-grade team to align instructional practices and ensure continuity and coherence of the bilingual program. Teams use shared digital planning tools (e.g., Google Docs, common lesson templates) and follow data protocols to analyze NYSESLAT scores, formative assessments, and classroom data to inform targeted instruction. Instructional coaches support teaching teams through a cycle of co-planning, co-teaching, and feedback. Coaches work side-by-side with teachers to model high-leverage instructional practices, implement language scaffolds, and support student engagement strategies tailored for ELLs. Coaches also assist teams in using data to inform instruction, reflect on lesson effectiveness, and identify next steps for student support. Through these comprehensive systems of leadership, coaching, and collaborative structures, PS 94 ensures that co-teaching teams are empowered and equipped to deliver rigorous, inclusive, and language-rich instruction to meet the needs of all learners, particularly multilingual students. Feedback loops are maintained between teachers, coaches, and administrators to review student data, adjust instruction, and reflect on co-teaching roles and responsibilities. Additionally, school-wide professional development aligns with expectations for collaborative instruction and language development.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

It is important to note that the culture and linguistic make-up of the staff at PS 94, from our administration, all the way to our paraprofessionals and non-pedagogical staff is as diverse as that of our students. This is an intentional hiring practice to ensure that a majority of our staff, both pedagogues and support staff such as Parent Coordinators and Secretaries, are multilingual. This is extremely valuable as they can communicate with parents and students directly, no matter the English language proficiency level. This promotes a school culture that validates and celebrates our ML's/ELL's from the moment they enter our school building. Additionally, our staff understands the perspective of the English Language Learner, as most of them have been in the shoes of a language learner at some point in their life. The identity and background of our staff merely set the stage for the professional learning plan we have put in place to address the needs of our students.

At least 50% of all professional development, staff meetings, and professional learning opportunities are dedicated to the academic, social, and emotional needs of ML's/ELL's. Our whole staff PD's include opportunities for our staff to reflect on their own experiences and background as it relates to education. Additionally, our whole group staff development is designed to shift the mindset around Social Emotional Learning and Equity education so that it is considered as a prerequisite to any content and academic instruction rather than an additional subject to "fit in". At PS 94, every staff member is given the opportunity to engage in deep discussions about best practices in promoting the intellectual and emotional development of our students and each other. Equity, social justice, and advocacy is another area of our professional learning plan that directly relates to the needs of our ML's/ELL's. Our staff spends time dissecting and analyzing the inequities faced by our students in the greater societal context for the purpose of disrupting and dismantling existing systems that marginalize and oppress different groups of people, including the education system. At the grade and department level, our professional learning centers around how we can align our instructional practice to the specific academic skill needs of our students. We also spend this time aligning our PBL and content areas to the greater school culture and vision for an equitable education that addresses emotional and intellectual development. We spend grade level meetings engaged in inquiry that is specific to the developmental needs of that particular grade band; for example, what content and skill knowledge is necessary to prepare students to write letters to local government persuading them to address the lack of multilingual signs in their local park. This

two pronged approach to professional learning, whole staff conversations about culture, language, diversity, and equity as well as grade and department inquiry into specific academic content and skill needs, ensures that our entire staff is working towards a common goal of meeting the academic, and social emotional needs of our ML's/ELL's. To ensure that all teachers, paraprofessionals and related service providers including speech, guidance, psychologist, OT, PT, SETSS and others teaching ELLs are familiar with second language strategies we provide targeted professional development on both the theory and practice of second language acquisition frequently. Due to our large ELL population we are all collectively responsible for student achievement and we ensure that everyone is familiar with best practices for ELLs. Professional development is provided through weekly grade meetings, staff conferences, one to one modeling and use of Lab site classrooms. We have coaches and teacher leaders that provide professional development to all staff. Our Dual Language Coaches and Assistant Principals provide specific professional development to dual language teachers. Teachers participate in Brooklyn North series of workshops targeting instruction for ELLs and then turnkey to the rest of the staff. Additionally staff receive professional development to ensure all pedagogues provide language support for our ELLs in all content areas and subjects. Teachers assist ELLs as they transition in various ways. In May, teachers prepare articulation notes and students visit the grade they are moving up to, they have the opportunity to talk to teachers and students in the grade and are told of the expectations. Grade 5 teachers visit middle schools with their students and our Guidance Counselor assists in transitioning to middle school through workshops and one to one counseling for both parents and students. Students in Grades 3, 4, and 5 will take part in an exciting Career Day event designed to inspire curiosity, broaden horizons, and connect classroom learning to real-world opportunities. Through engaging presentations and interactive sessions, students will meet professionals from a variety of fields, such as healthcare, technology, education, public service, the arts, and skilled trades. In addition, the student council serves as ambassadors for our school and represent us at community forums and at recruitment fairs. Our Parent Coordinators also create and provide parent workshops for parents of ELLs related to strategies to support work at home, Next Generation Language Standards support and amongst many providing technological resources to support ELL language development. According to our Professional Development Calendar, we are providing professional development in all content areas geared to understanding and providing appropriate support for ELLs in mathematics, reading, writing, science and SEL.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

At the beginning of the school year, PS 94 Cabinet (Principal and Assistant Principals) analyze the MOSL data, as well as, the overall rating of teachers to identify the professional development needs of the staff for the school year. Additionally, we use the results of the NYSESLAT and State Tests and reflect on the students' scores and the support teachers are going to need to improve their teaching practice to effectively target instruction and supports for our English language learners at PS 94. Additionally, during the Initial Planning Conferences, administrators discuss all data (students' and teacher's) with each teacher and work on identifying priority areas of improvement together. Finally, our Professional Development committee works with the staff and administration to align professional development sessions with the ELL language development needs of our school. The professional development committee meets and makes recommendations regarding professional development for the teachers to the Principal, together we ensure that the focus of the professional development teachers receive at PS 94 is in accordance with the CR-Part 154 requirements {15% ELL-Specific professional development sessions for all teachers and 50% Ell-specific professional development session for all ENL/Bilingual teachers). The Professional development plan (including agenda and attendance) is in the Principal's office and is revised monthly to adjust the sessions to the needs of our school. To ensure that we meet the requirements of CR Part 154.2, we document all

professional development sessions and instructional support provided through agendas and attendance. Specific activities include training workshops in and out of school building, lunch and learns, grade meetings and staff meetings are all geared to provide ELL language support. All notes are forwarded to all teachers. Records will be kept in the Principal's office.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Up until school year 2022-2023, our school administered and studied ELA and Math data using iReady K-5 in ELA and Math. For the school year 2025-2026, PS 94 will be administering Acadience Reading and Math Screener for grades K-2 and Map Reading and Math Screener for grades 3-5. PS 94 will continue to administer iReady diagnostics in Reading and Math as they provide a digital path of intervention. For Grades 3-5 students that need Phonics based instruction, an additional screener of iReady (phonological awareness and phonics) will be administered during the periodic assessment windows to monitor their progress). Considerations will be made to assess them using EOG summative assessments or Acadience. In addition to the annual data provided by the iReady Reading grades K-5, iReady Mathematics grades 3-5, NYSITELL, NYSESLAT, and State Tests in ELA, Math, and Science, our school collects data on a daily, weekly and monthly basis, both formally and informally. Conference notes from small group instruction and whole group checks for understanding, as well as the social and emotional data collected through use of Mood Meter check-ins throughout the day give teachers daily and weekly data about their students' academic and social needs. This data also will help teachers and the SEL lead team to paint a vivid picture of the needs and strengths of our students from an SEL perspective as well as determining which CASEL competencies we can enhance through our curriculum and programming. Module pre and post assessments in Math, and end of module assessments in ELA end of module assessments also provide a complex picture of a student's needs on a month to month or biweekly basis. At the end of each module, students complete a formal writing task that serves as a summative assessment. Grade-Level Writing genres by module vary, but include: Narrative (personal narrative, story retell, fiction), Informative/Explanatory (how-to, research report, explanatory paragraph), Opinion/Argumentative (opinion letters, persuasive essays). These writing tasks measure how well students apply writing skills taught throughout the module (e.g., structure, content development, grammar, and conventions). After these summative assessments we provide staff with time to examine student work using rubrics that provide teachers with concrete data about their student's strengths and areas for improvement. By facilitating teacher to teacher, grade level, and content area collaboration and data analysis on a monthly basis we have been able to guide instructional planning and specialized Tier 1 interventions for our ELL's of every language proficiency. We firmly believe that collaboration is the key to quality curriculum alignment and modification; often our teachers find that there are similar subgroups of student needs across classrooms and by pooling time and resources, all those diverse needs can be met in real time. These deep dives into skills and strategies assessments allow administration the opportunity to reallocate resources such as instructional coaches, Tier 2 and Tier 3 interventions and other instructional supports (eg. before and after school programs) . Furthermore these benchmark assessments and progress monitoring provide specific data and next steps for the in-house instructional coaches, MTSS and SETTS teachers who assist in Tier 2 and Tier 3 interventions so that they can collaborate with classroom teachers to hit the ground running.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the

intervention services are offered.

Targeted intervention program for ELLs during the school day
ELA Tier 2 ELA- Using iReady BOY diagnostic, beginning of year assessments, and Acadience and Map screeners (depending on the grade and content area). For Grades 3-5 students that need Phonics based instruction, an additional screener of iReady (phonological awareness and phonics) will be administered during the periodic assessment windows to monitor their progress). Considerations will be made to assess them using EOG summative assessments or Acadience. Instructional coaches in ELA will work collaboratively with classroom teachers to provide small group instructions during the ELA block. Instructional coaches will plan the appropriate scaffolds and language supports as per students' language proficiency levels. Tier 3 ELA Using iReady BOY diagnostic, beginning of year assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in ELA will work collaboratively with classroom teachers to provide 1-1 teacher student conferences during the ELA block. Instructional coaches will plan the appropriate scaffolds and language supports as per student's language proficiency level. Mathematics Tier 2 Mathematics Using iReady BOY diagnostic, beginning of module assessment, Eureka Math assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in Mathematics will work collaboratively with classroom teachers to provide small group instructions (guided mathematics emergency plan) during the mathematics block. Instructional coaches will plan the appropriate scaffolds and language supports as per students' language proficiency levels. Tier 3 Mathematics Using iReady BOY diagnostic, beginning of module assessment, Eureka Math assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in Mathematics will work collaboratively with classroom teachers to provide 1-1 teacher student conferences (guided mathematics emergency plan) during the mathematics block. Instructional coaches will plan the appropriate scaffolds and language supports as per student's language proficiency level. Targeted intervention program for ELLs after the school day, and Saturdays
ELA Tier 2 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Reading for students to use individually in their ipads in English. The program provides vocabulary support via definitions, they also have audio support so the learning tasks can be read to the students in English as well as the students' home language. Learning tasks are also supported with visuals. Tier 3 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Reading for students to use individually in their tablets after school student that will include a succession of learning tasks to work independently using a tablet at home lessons are in Spanish and Chinese to support the developments of students' home language as well Mathematics Tier 2 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Mathematics for students to use individually in their ipads after school student that will include a succession of learning tasks to work independently using an ipad in English. The program provides vocabulary support via definitions, they also have audio support so the learning tasks can be read to the students in English as well as the students' home language. Learning tasks are also supported with visuals. Tier 3 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Mathematics for students to use individually in their tablets after school student that will include a succession of learning tasks to work independently using an iPad at home - lessons are in Spanish and Chinese to support the developments of students' home language as well.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 94 uses a Multi-Tiered System of Supports (MTSS) to ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) receive responsive, data-informed instruction aligned to both language development and academic progress. Using the Instructional Leadership Framework and the NYC MTSS Guide for MLs and ELLs, we take a

proactive and inclusive approach to meeting the needs of ELLs across all grade levels.
Data Sources include iReady (Reading and/or Math) diagnostics, Acadience K-2 Screener (Reading and/or Math), Map 3-5 Screener (Reading or Math). For Grades 3-5 students that need Phonics based instruction, an additional screener of iReady (phonological awareness and phonics) will be administered during the periodic assessment windows to monitor their progress). Considerations will be made to assess them using EOG summative assessments or Acadience, HMH module assessments, NYSESLAT, formative classroom assessments, writing samples, and student work. Teachers deliver grade-level, Next Generation Learning Standards aligned to ELA instruction (e.g., HMH Into Reading), while embedding language objectives and scaffolds for ELLs. Tier 1 instruction is differentiated using student language proficiency data and guided by the Instructional Leadership Tool for MLs/ELLs, which emphasizes culturally and linguistically responsive practices. Teachers monitor language development across all four modalities (listening, speaking, reading, and writing) and adjust instruction accordingly. Tier 2 – Students identified through Tier 1 data receive small-group, targeted instruction focused on specific skill gaps (e.g., vocabulary, decoding, oral language). Research-based interventions such as Edwards Orton-Gillingham for structured literacy, and Rosetta Stone for oral language development, are used with fidelity. Teachers collaborate with ENL staff and MTSS providers to co-plan and analyze student progress every 4–6 weeks using MTSS tracking tools. Tier 3 instruction is Intensive, individualized Support. ELLs receiving Tier 3 services benefit from individualized intervention plans, targeted literacy instruction, and ongoing progress monitoring. Support may be intensified by increasing session frequency, reducing group size, and using home language support when appropriate. Teachers and support staff meet in ILT or MTSS team meetings to review data, adjust interventions, and involve families in decision-making. Data drives lesson planning, flexible grouping, and formative assessment strategies aligned with language and content standards. Teachers engage in professional learning on interpreting NYSESLAT scores, setting language goals, and delivering scaffolded instruction. ELLs receive scaffolded instruction to grade-level content while building English proficiency. The school uses data cycles (e.g., Data Inquiry Teams, ILT reviews) to: Identify trends across ELL subgroups (e.g., newcomers, SIFE, LTELLs), adjust curriculum pacing and intervention groupings, ensure equity in access to core instruction and enrichment. Instructional coaches in ELA will work collaboratively with classroom teachers to provide small group instructions during the ELA block. Instructional coaches will plan the appropriate scaffolds and language supports as per students' language proficiency levels. Tier 3 ELA Using iReady BOY diagnostic, beginning of year assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in ELA will work collaboratively with classroom teachers to provide 1-1 teacher student conferences during the ELA block. Instructional coaches will plan the appropriate scaffolds and language supports as per student's language proficiency level. Mathematics Tier 2 Mathematics Using iReady BOY diagnostic, beginning of module assessment, Eureka Math assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in Mathematics will work collaboratively with classroom teachers to provide small group instructions (guided mathematics emergency plan) during the mathematics block. Instructional coaches will plan the appropriate scaffolds and language supports as per students' language proficiency levels. Tier 3 Mathematics Using iReady BOY diagnostic, beginning of module assessment, Eureka Math assessments, and Acadience and Map screeners (depending on the grade and content area); instructional coaches in Mathematics will work collaboratively with classroom teachers to provide 1-1 teacher student conferences (guided mathematics emergency plan) during the mathematics block. Instructional coaches will plan the appropriate scaffolds and language supports as per student's language proficiency level. Targeted intervention program for ELLs after the school day, and Saturdays ELA Tier 2 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Reading for students to use individually in their iPads in English. The program provides vocabulary support via definitions, they also have audio support so the learning tasks can be read to the students in English as well as the students' home language. Learning tasks are also supported with visuals. Tier 3 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Reading for students to use individually in their tablets after school student that will include a succession of learning tasks to work independently using a tablet at home lessons are in Spanish and Chinese to support the developments of students' home language as well Mathematics Tier 2 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Mathematics for students to use individually in their ipads after school student that will include a succession of learning tasks to work independently

using an ipad in English. The program provides vocabulary support via definitions, they also have audio support so the learning tasks can be read to the students in English as well as the students' home language. Learning tasks are also supported with visuals. Tier 3 Using iReady BOY diagnostic, and Acadience and Map screeners (depending on the grade and content area); teachers plan and design 1-1 iReady intended intervention pathway in Mathematics for students to use individually in their tablets after school student that will include a succession of learning tasks to work independently using an iPad at home - lessons are in Spanish and Chinese to support the developments of students' home language as well.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

While we have official tri-annual Acadience K-2 and Map 3-5 Screeners in ELA and Mathematics and the iReady diagnostic, most of our student data comes from our end of module assessments in ELA assessments, such as unit Pre and Post assessments for Math, Social Studies, and Science; as well as our formative assessments such as NYC performance tasks, ACADIENCE Reading and Math Screeners (K-2), Map Screener (3-5), iReady ELA and Math k-5, Exemplars, informal language progressions, HLA performance tasks, and PBL in each content area, including Social Emotional Learning. For Grades 3-5 students that need Phonics based instruction, an additional screener of iReady (phonological awareness and phonics) will be administered during the periodic assessment windows to monitor their progress). Considerations will be made to assess them using EOG summative assessments or Acadience. All of these formal and informal assessments combined, paint a complete picture of each student, including their interests and identities, their language proficiency, and academic content and skill level. Once we know our students well, teachers can plan instruction that engages and excites each learner. For example, a student who struggles with written expression in informational writing as determined by their writing pre-assessment can be given targeted small group instruction in writing about a topic they have background knowledge of and experience with as determined by their success with a prior PBL in STEM or Social Studies. Students who excel at logical thinking and reasoning as evidenced in their HLA performance task, but struggle to complete Exemplars in English can have additional linguistic support such as bilingual dictionaries, use of manipulatives and additional practice with English on Rosetta Stone. Our school is adept at adapting our instruction to meet the diverse needs of our students because we understand that diagnosing strengths, areas of improvement and then addressing the whole child is what leads to academic success. Grade leaders, grade teams, supervisors and instructional support teams use all data streams to support, intervene and track all ELLs students at risk and how they progress. This data informs our instructional plan by completing periodic assessments that track our students progress as well as the support we provide per content, writing genre and reading. As we meet for inquiry we use the student work to analyze trends, strengths and struggle to then inform our teacher practice and student learning. We assess early literacy skills in several ways at PS 94. Beginning the school year 2025-2026 we will also administer the ACADIENCE Reading and Mathematics Screener in grades K-2 that measures the acquisition of early literacy skills, as well as the MAP in reading and Mathematics for grades 3-5. The insights provided by these screeners highlight the need for foundational skills instruction in Grades K-2. As a result of the screener data, teachers are able to identify early foundational skills to develop tailored individualized instruction in order to set students on a path to proficiency. We also administer the iReady diagnostic test in grades K-5 in English Language Arts and Mathematics. The insights provided by these assessments highlight and identify ELLs who are at risk and are in need of receiving additional literacy support. Student writing pieces are assessed using the HMH Writing Rubrics and the the English Language Arts 2-Point and 4-Point New York State Writing Evaluation Rubric. End of unit projects (using the Project Based Learning approach) are also assessed in the areas of presentation and collaboration. Teachers have created progress logs to track oral language development aligned to the Speaking and Listening standards. The insights provided by this assessment highlight the oral language progress and needs of ELLs. Teachers adapt and design activities that allow learners to practice single modalities (listening, speaking , reading, writing) as well as linked modalities (e.g., listening and

speaking, reading and writing). Teachers continue to include grammar practice in their instruction while working toward the goal of global proficiency. Through the PBLs, students work together cooperatively, they have to speak and listen to each other and are frequently engaged in synthesizing information from sources (reading), taking notes (writing) and pulling together their ideas (writing) for later presentation (speaking/listening). Teachers also use progress logs document data on students in the four modalities. In addition, presentation rubrics in PBL encompass the 4 modalities of language by having students explain their ideas and present their information; organize their ideas in both writing and speaking; presenting their project individually or collaboratively in a group to an audience, and responding to audience questions. In addition, teachers have created assessments in Chinese and Spanish in reading and writing to assess literacy skills for our Chinese and Spanish Speaking population. These assessments are aligned to the next generation learning standards. We assess each student's writing vocabulary as a way of tracking vocabulary development. In grades K-2 we use the results of these early literacy assessments to identify ELLs who are at risk and these students participate in additional small group instruction with targeted learning activities, Chinese Language, Spanish Language Intervention or English as a New Language Intervention. This school year 2025-2026 we administered the Home Language New York City Performance Tasks in Chinese and Spanish to students in Kindergarten through fifth grade in the Dual Language programs, as well as, the Chinese reading test for Dual Language students in grades 3-5. The Chinese Reading Test is used to assess students' development of Chinese literacy. This test will be used to meet Commissioner's Regulations Part 154 evaluation requirements relating to progress in home language arts. The Chinese Language Arts (CLA) NYC Performance Tasks (NYCPTs) provide teachers with information about their students' strengths and needs in their Chinese literacy skills and on students' language development. These assessments are administered 2-3 times during the school year. Teachers will use the assessment data to provide targeted skills based instruction, and to provide opportunities for students to transfer literacy skills between their home language and new language. The Spanish Language Arts (SLA) NYC Performance Tasks (NYCPTs) provide teachers with information about their students' strengths and needs in their Spanish literacy skills and n students' language development. These assessments are administered two to three times during the school year. Teachers will use the assessment data to provide targeted skills based instruction, and to provide opportunities for students to transfer literacy skills between their home language and new language.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

PS 94 have developed intake assessments, performance tasks and rubrics to assess students in their home languages in our dual language programs. Additionally, Spanish and we created Chinese assessments per grade to assess all four modalities of language (Speaking and Listening logs, reading end of module assessments)

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We use several methods to evaluate progress and measure the success of our programs. The standardized test such as the NYSESLAT helps us monitor and evaluate the success of our programs. The NYSESLAT data is informative as we use it to also plan additional tools and progress to provide opportunities for our ELLs to develop all four modalities of language. We analyze the data to ensure students are progressing in their language proficiency. Additionally, we administer the HLA performance tasks in Spanish for our grades k-5. We will use that data to monitor and evaluate the success of our Spanish Dual Language program. This data will also inform us of the tools

and support our students may need to become bi-literate and bilingual at PS 94. Moreover, feedback from our parents, teachers and students. Every year the demand for placement at 94 has grown and we are proud of the focused and comprehensive services provided to English Language Learners. Our program has grown because students are successful in the program. All teachers respect and recognize the importance of language and culture and are fully committed to preparing our students to become citizens of the world. Parents recognize and appreciate all we do to ensure that every child leaves 94 ready for college. Additionally our success can be seen by the feedback and recruitment we receive from neighboring junior high schools.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan is as follows: we follow the state guidelines and schedule the administration of all sessions as indicated. Our school has a large out of classroom staff team that gets trained as proctors. All students receive their mandated services during testing because their classroom teachers do not interrupt instruction or delivery of services during the testing sessions.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Testing Coordinator works with LAP Team and IEP team to ensure that all students receive the necessary accommodations for state assessments as per their IEP and/or CR Part 154. These accommodations include the option to receive copies of exams in their native/home language, with the exception of the ELA exam. Additional accommodations would be a part of their IEP (if applicable).

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When parents first come to register their children, PS 94's ELL Intake Team—consisting of a licensed pedagogue, an Assistant Principal, the Parent Coordinator, and a secretary—meets with each family to complete the Home Language Identification Survey (HLIS). In compliance with CR Part 154, this survey is always administered by a licensed and trained pedagogue, who conducts the mandated in-person interview with the parent and student to determine the child's home language and NYSITELL eligibility.

Once the HLIS process is complete, families participate in the required ELL Parent Orientation. During this orientation, the team provides a high-quality overview of:

The three ELL program models available (Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language), including each program's goals, instructional model, and benefits. PS 94 currently offers Dual Language Programs and ENL programs.

Next Generation Learning Standards, expectations for academic progress, and the assessments that monitor English language development (NYSITELL and NYSESLAT).

Language rights, interpretation and translation services, and parent options to select or transfer between ELL program models.

We also share how PS 94 integrates ELL instruction within its dual-language and ENL programs to support multilingualism and academic rigor.

To ensure equitable participation, interpretation and translation are provided in all major school languages (Spanish, Mandarin, Cantonese, and English). Documents, surveys, and consent forms are distributed in families' preferred language, as required by DOE policy. When needed, a qualified interpreter/translator—as defined in CR Part 154—is available for additional language support

The orientation takes place in-person when families register and is scheduled flexibly during school hours, with evening and virtual options offered during the year to ensure maximum access. Parents are encouraged to ask questions and review sample bilingual materials.

To maintain evidence of compliance, PS 94:

Keeps a visitor logbook signed by attending parents.

Maintains agendas and sign-in sheets from each orientation.

Retains copies of translated materials and parent program selection forms in students' cumulative folders.

Uploads documentation of ELL parent meetings into ATS and STARS as part of the annual compliance verification process.

Additionally, the Assistant Principal or Principal meets with each family to confirm placement and enter data in ATS, ensuring the student is enrolled in the appropriate bilingual or ENL program. Families also receive their Parent Notification and Program Agreement Letters in their preferred language and are invited to a follow-up orientation at the beginning of the school year to review program progress and supports.

In summary:
PS 94 ensures full compliance with CR Part 154 by conducting all required orientations with fidelity—led by licensed pedagogues, supported by interpreters, and documented through signed logs, agendas, and program agreements. These procedures ensure that every family of an ELL is informed, engaged, and meaningfully included in their child's educational journey from the moment of registration.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In addition to the scheduled parent-teacher conferences, teachers meet with parents individually during their parent engagement time as per their contract.
Teachers are reminded weekly through an internal newsletter of the expectations regarding the additional mandatory meeting for parents of students identified as English Language Learners. During the meeting, parents are reminded of the goal of our programs. We share:
At PS 94, the goal of the Dual Language programs is to promote bilingual, bi-literate, and multicultural students, preparing them to be college and career ready, and competitive and productive in the global marketplace. Upon their completion in the Dual Language programs the goal is that students in both language groups will:
Meet or exceed Next Generation Learning Standards
Develop proficiency in their home language
Develop proficiency in their new language

Develop positive cross-cultural attitudes; behaviors, and skills that will help them function in a global society
Develop second language skills while learning content knowledge in both languages.

Teachers follow the expectations of the meetings as communicate them with our staff below:
Parent Teacher Conference 5: Any day during the school year only for ELLs (mandated). Agenda, attendance and must be shared with Assistant Principals Rose Rodriguez and Sharon Valentin. Information should be included in the "ELEMENTARY SCHOOL CUMMULATIVE RECORD personal and Educational data" form located inside the cumulative folder for each student.
Additional information regarding the Mandatory PTC conference for parents of ELLs, or MLLs students:
Each year, schools are responsible for holding annual one-on-one meetings with the parents or guardians of all English Language Learner (ELL) students enrolled in either an English as a New Language (ENL) or bilingual class setting. As per Commissioner's Regulation (CR) Part 154, these meetings must be held at least once a year to discuss the goals of the ELL program, the child's language development progress, English language proficiency assessment results, and language development needs across all content areas. These meetings are in addition to regularly scheduled parent-teacher conferences, initial parent orientations, and quarterly progress meetings.

Schools must schedule these meetings at convenient times to ensure attendance and provide a qualified interpreter or translator in the language or mode of communication the parent or guardian best understands. These meetings should not be held during regularly scheduled parent-teacher conferences and should involve a deep review of student work and a discussion about language acquisition and progress toward English proficiency. They can occur virtually, but not over the phone. You have the option of a "teams" or "zoom" meeting, all documentation must be provided and kept in the student's cumulative folder.

Schools must ensure these meetings are scheduled and completed by the end of the school year.

Record Keeping:
Agenda, Attendance Record and records shared are to be placed in the student's cumulative record
Additionally, all pedagogues are required to provide a copy of all documents to AP Valentin f to be maintained in the Binder of Critical ELL Documents.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All school notices will be translated to accommodate the native language at home (English, Spanish, Chinese). We are continuing to build capacity with our Arabic and Russian speaking staff and currently avail ourselves of NYCPS translation services when needed. Translation services during meetings and workshops will be provided by parent volunteers and several translating resources.

Additionally, PS 94 has multilingual office staff, parent coordinators, administrators, and teachers. Generally, PS 94 is able to disseminate all necessary communications in English, Spanish, and Chinese. We are continuing to build capacity with our Arabic and Russian speaking staff. We have recently purchased several translating devices for use by our monolingual staff or families that speak languages other than English, Chinese, and Spanish.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Parents come to our school the first Friday of every month and visit their children's classroom for a period as part of our Parents as Learning Partners. Teachers, parents and students work together as parents learn strategies to support their ELLs academic development. PS 94 will continue to conduct monthly Coffee with the Principal meetings after Parents as Learning Partners with translation services to support parents and address any concerns they have in real time. This is also an opportunity for staff to determine additional needs of the community and plan supports accordingly.

Teachers and Assistant principals offer workshops to parents to get a deeper understanding of our goals, our students language development, the different proficiency levels and ways to support language development for our ELLs at home.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All school notices are translated and disseminated across digital platforms and backpacked home to families. PTA meetings, SLT meetings, and CEC meetings will be translated to accommodate all languages.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

In collaboration with the Office of Teaching and Learning, we helped integrate CR-SE by creating and piloting lessons from the updated AAPI curriculum. Using primary materials to teach the history of discrimination against people of AAPI decent, students embarked on a journey of learning about their AAPI heritage. We have partnered

with the Minor Collective, in particular on our PBL's in Science and Social Studies to reflect on ways to integrate students' voice and curiosity. In professional development with teachers and staff we have focused on finding joy in our practice through student engagement by centering student's questions in teaching and learning. We have collaborated with Makeosity to further enhance our hands-on learning in Science through robotics and electrical engineering. Parents are invited and trained as coaches to support teachers to introduce these topics in the classrooms.

We partner with various organizations to address basic needs and enrichment opportunities for students and their families. Organizations we partner with are:
Together Growing Strong - offers parent classes that support parenting skills and workshops focused on getting students ready for Kindergarten.
Center for Family Life - offers affordable (free) after school opportunities for families.
Chinese Planning Council - offers affordable (free) after school opportunities for families; 5th grade Middle School transition academy; supports our PS 94 Food Pantry; provides workshops for families focused on learning English, computer literacy skills, financial security information, social emotional learning, and housing workshops.
Hot Bread Kitchen - empowers women to become business owners within the food industry by providing free job training.
NYU Langone BASIS Pilot Program - provide nutrition education sessions tailored to culturally responsive foods.
Brooklyn Garage - provides fresh produce to our PS 94 Food Pantry and items for large scale community distribution events.
Project Green Reach - provides students with enrichment opportunities through gardening.
Stop and Shop School Pantry program - provides a stipend to be used for the PS 94 Food Pantry for food and personal care items.
Sunset Park Coalition - provides a grant to support the PS 94 Food Pantry, and assistance to large scale food distribution events. Members from the coalition such as Grandmother's Love provide resources for clothing drives and furniture to families.
Helen Keller International - provides vision screening, free glasses, and referrals as needed to all families in grades K-5.
Tzu Chi Foundation - organizes a Good Health Day event for the community that gives access to medical practitioners.
The NY Immigration Coalition - organize a community event that provides free legal services and access to local community resources.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We partner with various organizations to address basic needs and enrichment opportunities for students and their families. Organizations we partner with are:
Together Growing Strong - offers parent classes that support parenting skills and workshops focused on getting students ready for Kindergarten.
Center for Family Life - offers affordable (free) after school opportunities for families.
Chinese Planning Council - offers affordable (free) after school opportunities for families; 5th grade Middle School transition academy; supports our PS 94 Food Pantry; provides workshops for families focused on learning English, computer literacy skills, financial security information, social emotional learning, and housing workshops.
Hot Bread Kitchen - empowers women to become business owners within the food industry by providing free job training.
NYU Langone BASIS Pilot Program - provide nutrition education sessions tailored to culturally responsive foods.
Brooklyn Garage - provides fresh produce to our PS 94 Food Pantry and items for large scale community distribution events.
Project Green Reach - provides students with enrichment opportunities through gardening.
Stop and Shop School Pantry program - provides a stipend to be used for the PS 94 Food Pantry for food and personal care items.
Sunset Park Coalition - provides a grant to support the PS 94 Food Pantry, and assistance to large scale food distribution events. Members from the coalition such as Grandmother's Love provide resources for clothing drives and furniture to families.
Helen Keller International - provides vision screening, free glasses, and referrals as needed to all families in grades K-5.
Tzu Chi Foundation - organizes a Good Health Day event for the community that gives access to medical practitioners.
The NY Immigration Coalition - organize a community event that provides free legal services and access to local community resources

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

PS 94 ELL Identification team: Principal, Assistant Principal, Language Allocation Coordinator, ENL teacher, Instructional Coach/Dual language teacher, secretary PS 94 Language Proficiency Team (LPT)-(as part of the intake team) Assistant Principal Special Education, Special Education IEP teacher, the student's parent or guardian Identification Process for English Language Learners All students who enroll after the first day of school, must be identified and placed within the standard 10 school days of enrollment (or 20 school days for incoming students with IEPs).
The ELL identification process includes:
1. In-person administration of the Home Language Identification Survey (HLIS) by qualified personnel (licensed and trained pedagogue) which includes a mandated interview with the student and parent to determine the student's home language.
2. If a student has an IEP, the Language Proficiency Team (LPT) should determine NYSITELL eligibility and complete the NYSITELL determination form.
3. Administration of the NYSITELL to eligible students.
4. Sending parents/guardians notifications of the NYSITELL results and entitlement/non-entitlement of services in their preferred language.
5. Administration of the Spanish Language Assessment Battery (Spanish LAB) to newly identified ELLs whose home language is Spanish.
6. Parent orientation and completion of Parent Survey and Program Agreement form.
7. Place the student into an ELL program based on NYSITELL results.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

At P.S. 94, we follow the NYC DOE's guideline for identifying MLLs/ELLs throughout the year, making sure that this process integrates smoothly with our instructional programs.

Potential ELLs
- The administration of the HLIS by qualified personnel, ELL identification team
- Mandated document individual interview with the student and parent to determine the student's home language, including a review of the student's abilities
- Determination of eligibility to take the NYSITELL
- For incoming students with IEP, this includes convening LPTs and completion of the NYSITELL determination form
- Administration of the NYSITELL to eligible students
- Administration of the Spanish LAB to newly identified ELLs whose home language is Spanish
- Parent notification and parent orientation in their preferred language
- Placement into ELL program

Former ELLs
- Students who exited services based on their Spring 2025 NYSESLAT scores and those students who met the exception of an Expanding level on the 2025 NYSESLAT and a level 3 or 4 on the grades 3-8 NYS ELA exam will continue to be entitled to ENL instruction as per CR Part 154.

Current ELLs
- Schedule ELLs for ENL based on spring NYSESLAT results and other available data.

The ELL identification team has specific roles during the process:
1. The pupil Accounting Secretary and a Parent Coordinator welcome the family when they first enter our main office. The Pupil Accounting Secretary informs the LAP Coordinator and an assistant principal about the intake. Then, a trained language pedagogue meets with the family and support the family in completing the Home Language Identification Survey (HLIS) by qualified personnel (licensed and trained pedagogue) which includes a mandated interview with the student and parent to determine the student's home language.
2. If a student has an IEP, the Language Proficiency Team (LPT) should determine NYSITELL eligibility and complete the NYSITELL determination form. The committee is formed by an Assistant Principal, a pedagogue, another pedagogue with a special education certificate and the parent who together will recommend eligibility to take the NYSESLAT to the principal.
3. Once the student is registered, an ENL teacher will conduct the administration of the NYSITELL to eligible students.
4. The assistant principal will then send parents/guardians notifications of the NYSITELL results and entitlement/non-entitlement of services in their preferred language.
5. If the student speaks Spanish we will proceed with the administration of the Spanish Language Assessment Battery (Spanish LAB) to newly identified ELLs whose home language is Spanish. The test will be administered by a dually certified in Spanish teacher.
6. The parent will then meet with an Assistant Principal and we will finish the parent orientation and completion of Parent Survey and Program Agreement form.
7. Place the student into an ELL program based on NYSITELL results.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Cristina Gonzalez

Part IX: LAP Assurances

LAP Assurances Page

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Rose	Rodriguez	Assistant Principal 12 Month	02/05/2025	Y
Sharon	Valentin	Assistant Principal 10 Month	02/26/2025	Y
Lu	Zhang	Assistant Principal 10 Month	02/13/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school,New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Other (Please specify in the next question)

If Other was selected, describe the resource here:

When parents first come to register her children to our school, Assistant Principal, Parent Coordinator, teacher, secretary Intake team meets with family, then they shared with us through the intake process (part III of the Home Language Identification Survey) what language according to each modality they want us to use when communicating with them. Team meets and discusses the best setting for students. Principal meets with the family and parent coordinator. Together develop a plan for support. That information is then entered in ATS and shared with our staff to ensure we communicate with all parents in the best/prefered way possible. We also give parents the option to complete the blue card or any survey in their preferred language.

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
Chinese Any	573	44.25	526	37.755		
Spanish	231	30.37	232	30.655		
English	121	19.97	115	19.76		
Arabic	4	4.705	5	4.765		

Russian	1	0.055	1	0.055		
Cantonese	2	0.105	0	0		
Mandarin	9	0.485	45	6.95		
Luganda	1	0.055	1	0.055		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Handbook	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
School Calendar	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
Classroom Newsletter	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
Flyers	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
Miscellaneous Forms	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
Chancellor's Letters	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
Superintendent Letters	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over-the-phone interpretation services.
CEC15 Flyers and letters	Staff translation and translations provided by CEC15 office.
School App	Translation provided through the application setting features.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Initial Registration Interview	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Parent Teacher Conferences	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Additional Parent Meeting as per the CR-Part 15	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Tuesday Parent Engagement	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Parents as Learning Engagement	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Parent Workshops	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
SLT Meetings	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Open Houses	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Coffee with Principal	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Safety Town Hall Meeting	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Food Pantry Committee Meetings	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.
Community School Organization, Chinese Planning Council, PTA, and Administration Meetings	Staff translation. If necessary, we will use a translation app on our phones or call the DOE over- the-phone interpretation services.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance,

nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

A school-wide emergency (i.e. lockdown, fire, etc..):
School App / Website Translating Capabilities School App Express Messenger Service Translating Capabilities Remote learning platforms with translation services for assignments and directions in assessments

A student-specific emergency (i.e. student attendance, nurse/hospital visit, etc..):
Remote learning platforms with translation services for assignments and directions in assessments School Phone Translating Capabilities Parent Coordinator DOE Cell Phone Translating Capabilities Staff Email Translating Capabilities

If a parent has an emergency and needs to contact the school:
School Phone Translating Capabilities Parent Coordinator DOE Cell Phone Translating Capabilities Parent can reach us out via email by going through our App, they just need to have a smart phone. The entire school community has Principal Gonzalez's email and cell phone numbers (personal and work), they can always reach out to her if they have any concerns.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Staff will receive professional development to ensure they are aware of the goals of Chancellor' Regulation A-663 during the first Monday of the school year 2025-2026

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

PS 94 will engage in meetings and workshops to share how information will be disseminated in our community. All documents will be shared in the parents' preferred language. Our school signage is translated to Chinese, Spanish and Arabic. During our initial intake interview, we will learn our families preferred language and at that moment we will begin providing translation and interpretation services to our families. All parents receive information regarding all meetings in at least two languages: English and their preferred language. We also share our school calendar in English, Chinese and Spanish, and we are ready to provide additional translated versions if necessary. If necessary, we will use a translation app on our phones or call the over- the-phone interpretation at (929) 552-7103. All workshops, parent-teacher meetings and townhalls are conducted in English and/or our community preferred languages. When they are conducted in English, parents and community members that attend are given individual headphones for simultaneous translations. A member of our staff will provide translation and interpretation services during these events. All presentations, tools, resources and scaffolds shared during these events are provided in English and also in our parents/guardians' preferred languages.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parent Coordinators reach out via email and phone. Backpacked letters with students in their parents preferred language Information shared in our digital platforms in the families home language. PS 94's policy is to provide opportunity for parent/guardian feedback every time they come for an event or activity. Parents are given flashcards for them to provide feedback or share any questions, concerns or comments they have. Parents are welcome to write in their preferred language. Principal then translates and reads all flashcards and addresses all feedback, issue, concerns or comments parents shared. PS 94 will create a feedback survey for parents to fill out during every PTC. Administration meets with the PTA every two weeks where they also have an opportunity to provide feedback to administration.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

The school shares results of surveys with staff during professional development sessions. The school shares results of surveys with parents when meeting with SLT, PTA, hosting workshops or during coffee with principal once a month. As per the 2024-2025 school survey feedback, parents responded to Q12, "Language translation and interpretation are readily available for all family events at my child's school" 99% favorably. PS 94 will continue to make sure we provide language support to all families we serve.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

180

Grades to be served in this program. Select all that apply.

,2,3,5,4

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

1

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Theatre Program-for up to 100 ELLs Students

This theater program brings P.S. 94K's vision to life. It reflects our mission to provide rigorous, culturally sustaining instruction while fostering multilingualism, multi-literacies, and student voice. By supporting identity, language, and creativity, the program affirms our commitment to nurturing confident, expressive, and empowered learners who will lead with empathy and pride in their heritage. P.S. 94K serves 371 ELLs, representing 49.21% of total enrollment. Of these, 79.8% are newcomers (0–3 years), highlighting a need for scaffolded, engaging opportunities to accelerate language development. This program directly responds to these needs. Through script analysis, dialogue practice, character exploration, and ensemble performance, students are immersed in an authentic, high-interest context where language use is purposeful, embodied, and emotionally resonant. These experiences promote fluency, expand vocabulary, and elevate engagement—all essential to academic success and personal growth.
Theater provides students with numerous invaluable opportunities for connection. It also allows students to develop their English proficiency skills as they work together in reading, writing, listening, and speaking while engaged in the shared purpose of performing a play. Through the lens of theater, students connect to stories (literacy), peers, teachers, their emotions, and the world around them. These experiences cultivate language development, collaboration, reading and writing skills, and social relationships. By offering this program after school, students are given the time and space to explore and deepen these connections, leading to lasting learning experiences and positive identity development—especially for those new to the country.
Within this after-school theater program, students will experience meaningful, multimodal engagement. They will:

- Develop literacy skills by reading scripts as an ensemble
- Memorize lines and songs, building vocabulary and fluency
- Create original character bios and backstories, deepening comprehension
- Explore acting and movement through kinesthetic learning
- Reflect on characters' emotional journeys, bridging fiction and real-life experiences

Instructional strategies will include guided rehearsal, modeled reading, oral language scaffolding, and vocabulary instruction—all grounded in ENL best practices. Students will also participate in prop creation and basic stage design, engaging in project-based learning that integrates the arts with academic language acquisition.
This experience is especially meaningful for ELLs, who will use all four modalities of language—reading, writing, listening, and speaking—while improving pronunciation, dialogue structure, and contextual understanding of vocabulary. Through performance, students will not only learn language—they will embody it, connect it to emotion, and bring it to life. Within an after-school theater program, the students will be able to connect their learning in practical, memorable, and life changing ways. Students will develop their literacy skills by working on a script, practice reading through the script as an ensemble, memorize lines and lyrics to songs, and even write down original character bios, objectives, and backstories. Through this process, there is constant reinforcement of language structures and vocabulary. The focus of supporting language development and peer collaboration for our students who are also English language learners is to provide them with enrichment opportunities that will increase engagement, and participation. For ELLs, this can be a significant experience because not only are they using all four modalities of language, they are also working on their speech, dialoguing techniques and acquisition of new vocabulary. The opportunity to build new vocabulary and knowledge of the English language throughout this process can provide lasting results because, after memorization, they have to create their character's connection to

the story. In doing this, they are embodying the language and creating realistic characters who show action and emotions as they are telling the story. This requires a deeper level of understanding of the language and meaning of each word in a scene or song. By using these visual, auditory, reading, writing, and kinesthetic learning activities throughout the process, this program will innately reinforce students' specific learning styles and greatly increase language learning.

Once students have internalized their scripts, they will draw upon personal knowledge of emotions, relationships, and life events to portray believable characters. This step is especially powerful for ELLs navigating a new cultural landscape. It allows them to safely explore difficult or unfamiliar emotions, express their identities, and build empathy—all while gaining confidence in their English abilities. Students will have the opportunity to bring their prior life knowledge of relationships, emotions, situations, and the way people react to those situations to their character's performance to communicate the story clearly to an audience. This is particularly important for students getting to know a new country. They will be able to share who they are and their past experiences as they make sense and make this country their new home. Deep understanding and connection to one's own life experiences is crucial in developing believable characters onstage. Through fictional situations and characters, students can feel safe exploring relationships and emotions that they may otherwise feel insecure expressing. This safe space can teach students how to bring what they learn from the fictional characters and stories to real life situations, experiences, and emotional issues.
Theater also demands ensemble collaboration. Students will build community as they work together to produce a culminating performance for the school and families. This inclusive and celebratory event reflects P.S. 94K's commitment to cultivating creativity, nurturing compassion, and empowering multilingual students to lead and advocate. The students will also learn about theater production, creating all props and really understand what it takes to "ensemble" a play. Collaboration, sharing of ideas, building on others ideas, and working together as a team is at the core of every theater performance project. Students will have the opportunity to merge their cultures, ideas, and ways of communicating as they work together toward the final performance. The connections the students will make to each other as they become an ensemble will encourage them to seek out ways for further collaboration in every area of their lives. Indeed, they will realize that we are better together. They will conclude the program by performing to our school community and our families.
Program Structure and Logistics:

- When: Afterschool on Wednesdays and Thursdays, 2:20–4:20 PM
- Duration: February 5 to June 8, 2026
- Grade Levels: Grades 2–5
- Number of Student Groups: 4 groups
- Group Size: Up to 25 students per group
- Staffing: 4 instructors: 2 theater teachers, 1 music, 1 ESOL/Bilingual certified teacher; plus 1 paraprofessional to support SWDs
- Instructional Model: Whole-group rehearsal and small-group coaching, with collaborative ensemble-based instruction and language scaffolding
- Technology and Materials: Students will use school-issued devices. All materials, including supplies and costumes, are provided at no cost to Title III funds
- Supervision: The program will be supervised by the principal or designee. The supervisor's regular workday is 7:00 AM–3:00 PM. Per-session compensation for afterschool oversight will be funded by Title III ELL
- Attendance: Daily attendance will be submitted and maintained in the principal's office

Basketball Program for up to 80 ELLs Students

This program embodies our school's mission to deliver rigorous and inclusive instruction while fostering a growth mindset, cultural pride, and multilingual advocacy. By nurturing both academic and social-emotional skills, we empower our students to rise—through resilience, scholarship, empathy, and voice. With 422 current ELLs (51.7% of total enrollment), including 85.3% classified as newcomers and 70 students with IEPs, P.S. 94K's Title III program is

uniquely designed to meet urgent needs:

- Modality data from the 2024 NYSESLAT shows writing and speaking as consistent areas of need (Grades 3–5 showed low performance in written and oral modalities).
- Over 60% of ELLs did not meet English Language Proficiency progress in 2024, highlighting the need for extended, creative literacy time.
- The program directly targets these growth areas through multimodal engagement embedded in student interest areas (sports), thus increasing participation, motivation, and authentic language practice.

Instruction will be delivered through a combination of whole-group mini-lessons and small-group targeted instruction. Team teaching will be employed, with ENL-certified teachers and paraprofessionals co-facilitating drills and literacy workshops. Instructional strategies will include guided reading, vocabulary notebooks, modeled writing, and oral language scaffolds aligned to NYSESLAT modalities.

This program will run before school and after school to ensure equitable access for more students. Boys' basketball literacy sessions will occur in the morning and in the afternoon, as well as the girls basketball teams. The AM sessions will run from 7:00–8:00 a.m. Monday through Thursdays. The PM sessions will run from 2:20–3:20 p.m., Tuesday through Friday, from the week of October13, 2025 through the week of May 25, 2026.

Activities and Instructional Enhancements:

Students will engage in structured literacy-based activities centered on basketball, designed to enhance their listening, speaking, reading, and writing skills in English. Activities will include:

- Research and writing projects on basketball rules, history, and influential athletes
- Vocabulary development through reading and analyzing sports texts and articles
- Oral presentations and debates on teamwork and game strategy
- Collaborative team-based drills that foster real-time communication and language negotiation

This approach leverages students' interests to strengthen both academic and social-emotional development. By integrating culturally relevant content and affirming students' identities, the program builds confidence, strengthens expressive language, and creates meaningful opportunities for multilingual learners to use English authentically.

Student Grouping and Program Scope:

- Total Number of Student Groups: 4 (2 in the morning and 2 in the afternoon)
- Total Number of ELLs: Approximately 80 ELLs will participate, with 20 students per group
- Grouping Criteria: Students will be grouped by grade band as much as possible (e.g., Grades 3–4 and 4–5). Ell ells will be supported according to their English proficiency level to ensure differentiated support. Groups are inclusive of newcomers and developing ELLs, with flexible groupings to meet individual student needs.

Supervision and Funding:

- The program will be supervised by the school's Bilingual/ENL Instructional Lead, who will oversee coordination, instruction, and progress monitoring.
- The supervisor's regular work hours are 7:00 a.m.–3:00 p.m. They will receive per session funding for their afterschool supervision from Title III ELL funds.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Theatre Program

According to the 2024 EDAT, 51.7% of the student population at P.S. 94K are English Language Learners (422 out of

817 students), and 85.3% of those students are newcomers (0–3 years of service). These students are navigating both academic English and cultural adaptation. More than 41% of our ELL population exhibit early warning indicators—including limited classroom participation, low oral language use, and foundational literacy gaps—demonstrating a need for engaging, non-traditional supports that foster connection, confidence, and expression.
Our Spring 2024 NYSESLAT data showed that the majority of students in grades 2–5 are struggling with productive modalities—particularly speaking and writing. Over 61.8% of ELLs did not meet expected English Language Proficiency (ELP) progress, with speaking and writing scores disproportionately represented in the lowest performance bands. This makes it essential to design extended day learning environments where language development is intentionally embedded into meaningful activities.

As previously stated, this program intends to provide experiences for our families as they are making Sunset Park their new home. Our teachers' goal is primarily to provide opportunities for all to feel welcome as they learn together. In addition to using drama to develop our students' language, drama also helps students share their emotions and develop peer-to-peer connections. They are encouraged adaptability, fluency, and communicative competence. It makes the need of using language positively as students are engaged successfully in real-life situations closely monitored by pedagogues to help them navigate the challenges of their new environment.
During our theater program, students work and communicate together using all four modalities of language experientially in a welcoming and scaffolded environment.
Vocabulary:
Students will increase their vocabulary: through scripts, improv and scenery development, students will learn context based vocabulary as well as communication specific language and grammatical structures.
Listening:
Theater requires active listening. Students will have the opportunity to listen to teachers and peers while reading or discussing scenes and scripts. They will listen to how the English language sounds and will have the opportunity to practice while also speaking.
Speaking:
Theater will create many opportunities for students to verbally express themselves. Reading:
Reading is a fundamental part of our theater program. Readalouds in groups as well as individually will support the classroom work and the skills and strategies learned during the day.
Writing:
Through script writing, students will learn to use their new vocabulary and language structures in this program. During the writing section of the program students will be able to improve their writing skills.

Theater is an ideal response to this need. It naturally integrates all four modalities of language (listening, speaking, reading, and writing), while offering students a safe and affirming space to develop fluency, comprehension, and confidence. The structure of the program supports academic growth by:

- Strengthening literacy skills through reading scripts, writing character backstories, analyzing story structure, and reflecting on narrative meaning.
- Building oral language through line memorization, character rehearsal, and live performance in front of authentic audiences.
- Promoting social-emotional growth as students explore emotions, relationships, and identity through character development and ensemble collaboration.

Additionally, this program supports multicultural awareness and inclusive practice, encouraging ELLs to merge their personal stories and cultural backgrounds with fictional characters. In doing so, students gain a deeper connection to the English language and to one another. For many newcomers, theater becomes a vehicle to express who they are, where they come from, and how they see the world—strengthening both linguistic and personal identity.
Data Sources Used to Justify the Program:

- 2024 NYSESLAT Modality Performance Reports: Identified speaking and writing as the most challenging modalities for ELLs in grades 2–5.
- EDAT Spring 2025: Revealed that 85.3% of ELLs are newcomers, 41% have early warning indicators, and 61.8% are not meeting ELP growth targets.
- Qualitative Observations & Staff Input: Teachers report that ELLs respond positively and with increased

engagement in visual and performing arts settings where language is attached to emotion, movement, and collaboration.

- Student Participation & SEL Data: Internal records show a strong correlation between creative enrichment participation and increased classroom engagement for ELLs flagged as at-risk.

This Title III-funded theater program is not only a literacy intervention—it is a platform for language development, cultural celebration, and identity building. It addresses the critical need for differentiated, student-centered, and emotionally resonant instruction beyond the school day. By aligning with the academic and SEL needs of our multilingual learners, the theater program fulfills our school's mission to deliver rigorous instruction in a way that is joyful, inclusive, and affirming. It empowers our ELLs to find their voice—on the stage, in the classroom, and in their lives.

Basketball Program

P.S. 94K serves a linguistically rich and growing multilingual population, with English Language Learners (ELLs) comprising 51.7% of the student body (422 out of 817 students). Of these, 85.3% are classified as newcomers (0–3 years of service), reflecting the urgent need to build foundational English language skills through high-interest, culturally responsive programs.

An in-depth analysis of the Spring 2024 NYSESLAT results reveals that a significant percentage of ELLs continue to struggle with oral language development and written expression:

- 61.8% of ELLs did not meet their expected English Language Proficiency (ELP) progress, according to NYSESLAT performance trends.
- In grades 3–5, writing and speaking were the two weakest modalities, with high percentages of students scoring in the lowest proficiency bands.

Additionally, 41% of ELLs exhibit early warning indicators, including underperformance in ELA, low language acquisition gains, and social-emotional disengagement. These factors highlight the need for engaging, affirming, and language-rich opportunities beyond the school day.

The Basketball program is designed as a before- and after-school initiative that integrates physical activity with literacy and social-emotional learning. Rooted in our mission to promote high expectations, multilingualism, and rigorous literacy instruction, the program offers students meaningful opportunities to:

- Build academic vocabulary and syntactic awareness through thematic content related to sports
- Strengthen all four language modalities (reading, writing, listening, speaking) via structured activities such as research projects, oral debates, reflection journals, and team communication drills
- Foster community, confidence, and identity through peer collaboration and culturally relevant instruction

By connecting literacy with real-world content—basketball—the program engages students who might otherwise be disengaged, while also reinforcing cross-disciplinary skills that translate to ELA and content-area classrooms. The integration of ENL pedagogy with sports ensures that students develop language both formally and informally in rich, communicative environments.

Data Sources Used

- Spring 2024 NYSESLAT Modality and Proficiency Reports: Identifies listening, writing, and speaking as key areas of need in grades 3–5
- EDAT Early Warning Indicators: Shows high concentration of newcomers and at-risk ELLs (41%)
- Demographic Overview in EDAT: Reveals dominance of Chinese and Spanish home languages, indicating a need for scaffolded instruction that bridges cultural and linguistic assets
- Progress Monitoring and ELP Growth Data: Highlights limited gains in language proficiency and the need for additional supports beyond the core day

This initiative serves not only as an academic intervention, but as a vehicle for empowerment, belonging, and voice—a reflection of our school's commitment to nurturing confident, multilingual learners ready to lead, advocate, and thrive.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Theater program:

Grades to be served: 2, 3, 4, and 5
Subgroups: PS 94 beliefs in providing inclusive learning experiences for all, students to be served will be English language learners.

- Number of Student Groups: 4 groups
- Group Size: Up to 25 students per group

Basketball Program:
Grades served: 2-5
Groups of up to 20 students
There will be two groups in the morning (one group of boys and one group of girls) Each group meets twice a week in the morning.
There will be two groups in the afternoon (one group of boys and one group of girls) Each group meets twice a week in the afternoon.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Theater Program

The afterschool program will start the week of February 5, 2026 and conclude the Week of June 8, 2026. The sessions are scheduled for Wednesdays and Thursdays from 2:20-4:20 pm. The sessions with students will begin on Thursday February 5, 2026. The afterschool program will start the week of February 3, 2026 and conclude the Week of June 8, 2026. The sessions are scheduled for Wednesdays and Thursdays from 2:20-4:20 pm. The sessions with students will begin on Thursday February 5, 2025.

Basketball Program
The before school program will begin the week of October 13th, 2025 until the week of May 25, 2026. The before school sessions will be from Monday through Thursday from 7:00 am to 8:00 am.
The afterschool program will begin the week of October 13th, 2025 until the week of May 25, 2026. The afterschool

sessions will be from Tuesday to Fridays from 2:20pm to 3:20 pm. The sessions with students will begin on Monday October 13, 2025.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Theater Program
Language of Instruction: English

Basketball Program
Language of Instruction: English

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Theater Program
There will be 4 teachers leading this afterschool program: an ENL teacher, 2 theater teacher, and 1 music teacher. A paraprofessional will also join the sessions to support our SWDs. The paraprofessional is at no cost to the Title III plan. The ENL teacher will push in to all sessions and work in collaboration with the other teachers to plan language supports and scaffolds as per students' proficiency levels.

Basketball Program
There will be two teachers leading the teams, one ENL teacher and one Common branch/Special Ed teacher. There will be two paraprofessional assisting at no cost to the Title III plan. The ENL teacher will push in to all sessions and work in collaboration with the other teachers to plan language supports and scaffolds as per students' proficiency levels.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Theater Program
Students will be using their technology devices for the meetings. Teachers will share all materials with families

which will include regular school supplies (writing paper, pens, markers) and costumes we already have at our school. Materials will be at no cost to Title III Immigrant funds.

Basketball Program
Students will be using sports related materials at no cost to the program. Students will be using their technology devices for the meetings. Teachers will share all materials with families which will include regular school supplies (writing paper, pens, markers) and costumes we already have at our school. Materials will be at no cost to Title III Immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Theater Program

There will be four student groups from grades 2-5 who will work together in large spaces (Auditorium) as the final go is to practice and perform a show. The ratio will be 1 teacher per 25 students. The supervisor of the program will be an assistant principal on site at no cost to the program. The program will be in-person and will only switch to remote if there is a school closure. Attendance records will be captured during each session and teachers will submit daily attendance that will be kept in the Principal's office.

Basketball Program

There will be four student groups from grades 2-5 who will work together in large spaces (Gymnasium) as the final go is to practice and play as teams against each other and in friendly tournaments with other schools. . The ratio will be 1 teacher per 20 students. The supervisor of the program will be an assistant principal on site at no cost to the program. The program will be in-person and will only switch to remote if there is a school closure. Attendance records will be captured during each session and teachers will submit daily attendance that will be kept in the Principal's office.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Teachers will work on connecting literacy to the arts:

With the assistance of our ENL department, our teachers will work on developing scaffolds and supports for our immigrant students and our English language learning while learning theater:
Professional Development session "Connecting arts and literacy: looking at the language proficiency levels to plan appropriate scaffolds for all of our students" Facilitators: Lu Zhang, Paola Sua and Jennifer Ou-ENL Providers Date: March 9, 2026 Time 2:20-3:00 pm Targeted audience: Visual arts teachers, Music Teacher, and Theater teachers.
Professional Development session "Connecting arts and literacy: how do we learn new words? Planning for experiential learning and fluency" Facilitators: Lu Zhang, Paola Sua and Jennifer Ou-ENL Providers Date: March 16, 2026 Time 2:20-3:00 pm Targeted audience: Visual arts teachers, Music Teacher, and Theater teachers. The professional development will be at no cost to the Title III Immigrant funds. The program will be remote and attendance records will be captured during the professional development session and attendance records will be kept in the Principal's office.

Strengthening Explicitly Literacy Instruction for our ELLs:

P.S. 94K is committed to building teacher capacity through high-quality, research-based professional development that directly addresses the academic and linguistic needs of our multilingual learners. In alignment with our instructional foci and our continued pursuit of rigorous, affirming, and differentiated instruction, we will prioritize the training of our ENL teachers in the Edwards Orton-Gillingham (EOG) methodology.
Our Title III-funded professional development plan will focus on equipping ENL and bilingual educators with the tools necessary to deliver explicit, structured, multisensory foundational skills and phonics instruction to English Language Learners (ELLs) at all levels of language proficiency and across all elementary grade bands.
The EOG methodology is uniquely suited to address the needs of multilingual learners as it supports students in systematically mastering the structure of the English language—while simultaneously engaging all four modalities: listening, speaking, reading, and writing. This is especially critical at P.S. 94K, where 51.7% of our students are ELLs, and 85.3% are classified as newcomers (per EDAT 2024). Additionally, NYSESLAT modality analysis shows that our ELLs continue to underperform in speaking and writing, reinforcing the need for direct, structured language

instruction that targets the productive domains.

Professional Development Activities:
Additionally, We will be partnering with Edwards-Orton Gillingham to elevate the instruction of foundational skills, phonics and ELA literacy skills over all with a methodology proven to be aligned to the Science of Reading. This professional development plan directly advances our Instructional Focus by:

- Strengthening our ENL team's ability to design explicit, differentiated, small group instruction rooted in language and academic data
- Supporting teachers in tailoring instruction through ongoing progress monitoring
- Equipping educators with research-based strategies to improve student achievement in literacy, language development, and content-area access

It also aligns with our SEL Integration Focus by embedding consistent, confidence-building routines that reinforce emotional regulation, empathy, and collaborative learning—essential elements of both the EOG framework and successful language development.
Through this investment, we will ensure that every ENL teacher at P.S. 94K is prepared to meet our multilingual learners wherever they are in their journey—academically, linguistically, and emotionally. This is not just a training—it is a long-term commitment to inclusive, affirming, and high-impact instruction that empowers students to thrive.
We will partner directly with Edwards Orton-Gillingham (EOG) to provide the following two-tiered training plan:

- Level 1 Training: Focused on the fundamentals of structured literacy, including phonemic awareness, alphabetic principle, multisensory instruction, and core routines to support decoding, encoding, and early reading comprehension. Teachers will learn how to deliver direct and scaffolded instruction tailored to the linguistic needs of Entering and Emerging ELLs.
- Level 2 Training: Designed to deepen instructional practice by equipping teachers with strategies for advancing orthographic mapping, morphology, vocabulary development, syntax, and fluency. This level will prepare teachers to differentiate instruction for Transitioning, Expanding, and Commanding level students and provide targeted support aligned with their Zone of Proximal Development (ZPD).

Both levels will include embedded coaching and application tasks where teachers:

- Analyze student language and literacy data to inform instruction
- Design and deliver skill-based small group instruction tailored to language acquisition levels
- Implement multisensory routines that integrate SEL and foster confidence in multilingual learners
- Develop lesson plans that address all four language modalities using the EOG framework

Professional development will be provided in a hybrid format to accommodate teachers' schedules and will take place both after school (via per-session) and during designated professional learning days.
Funding and Compliance with Title III ELL Regulations:

- This EOG training will be funded in part by Title III ELL allocations. Vendor costs (EOG) will be calculated as part of OTPS and will remain under the 20% threshold of the total allocation.
- Teacher per-session compensation for attending afterschool training sessions will also be funded through Title III ELL and will not exceed 10% of the total allocation.
- Materials, digital licenses, and follow-up coaching sessions included in the partnership will directly support the implementation of small group instruction and progress monitoring, consistent with our school's instructional focus.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Teachers will work on connecting literacy to the arts:
With the assistance of our ENL department, our teachers will work on developing scaffolds and supports for our English language learners while learning theater.

Strengthening Explicitly Literacy Instruction for our ELLs:

The professional development we are proposing under Title III ELL funding is rooted in our school's core commitment to advancing equitable, rigorous, and affirming instruction for our multilingual learners. Specifically, our rationale for training our ENL and bilingual teachers in the Edwards Orton-Gillingham (EOG) methodology emerges from both quantitative performance data and qualitative instructional trends that point to persistent challenges in foundational literacy and oral language development for our ELL students.
Our teachers consistently identify a lack of cohesive training in how to support ELLs with foundational literacy—particularly phonics, phonemic awareness, and word recognition—which impacts their ability to deliver targeted small group instruction aligned to students' linguistic needs and Zones of Proximal Development (ZPD). This gap became even more evident through:
- In-house instructional walkthroughs and formal observations, where ENL teachers expressed uncertainty about how to explicitly scaffold phonics instruction.
- Teacher feedback from our Spring 2025 Professional Learning Survey, which highlighted the need for a systematic approach to teaching reading that supports decoding, encoding, fluency, and vocabulary development across language proficiency levels.

The Edwards Orton-Gillingham (EOG) methodology directly addresses these gaps. It offers a structured, multisensory, and sequential approach to foundational literacy—designed to support diverse learners, including ELLs. By training teachers in both Level 1 and Level 2 EOG, we are:
- Ensuring they are equipped to teach ELLs across all grade levels, from initial phonemic awareness to advanced morphological understanding.
- Enabling teachers to embed language development across all four modalities—reading, writing, listening, and speaking—through consistent, affirming literacy routines.
- Supporting our instructional focus of targeted small group instruction that is explicit, differentiated, and data-responsive.

This professional learning also aligns with our SEL Integration Focus. EOG routines promote student confidence, perseverance, and ownership of learning—fostering emotional regulation and resilience as students experience success with previously challenging skills. This approach strengthens our school-wide efforts to reduce behavioral incidents and increase engagement through emotionally supportive, culturally sustaining instruction.
Training ENL teachers in EOG is not simply a literacy intervention; it is a strategic, mission-aligned investment in our multilingual learners. It is supported by clear trends in performance data, teacher feedback, and classroom observations. It reinforces P.S. 94K's commitment to ensuring all students—regardless of background or proficiency level—have access to high-quality, rigorous, and emotionally supportive instruction that allows them to thrive.
Data Sources Used to Justify Professional Development
- 2024 NYSESLAT Modality Data: Revealed consistent underperformance in writing and speaking, especially among Entering and Emerging ELLs.
- ELL Data Analysis Tool (EDAT): Showed high numbers of newcomers and early warning indicators requiring foundational supports.
- In-house Teacher Survey Data (Spring 2025): Indicated a strong need for phonics-specific training tailored to ELLs.
- Classroom Observations and Coaching Notes: Documented limited use of structured, multisensory phonics instruction during ENL and small group time.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers will work on connecting literacy to the arts:
Targeted audience: Visual arts teachers, Music Teachers. Dance teacher, and Theater teacher.

Strengthening Explicitly Literacy Instruction for our ELLs:
ENL teachers, Special Education Teachers and Dual Language teachers serving our ELLs Students

Asynchronous Level 1: Self-Paced Level 1 Training, accredited by International Dyslexia Association, aligns with the Structured Literacy Knowledge and Practice Standards.

Participants will engage in a series of modules designed to equip them with the essential skills for teaching reading and spelling using the structured, multi-sensory Orton-Gillingham approach. Through detailed lessons, hands-on activities, and guided practice, participants will gain mastery over phonological awareness, multi-sensory instruction, lesson planning and many more structured literacy practices.

Engaging, Interactive Learning: Dive into dynamic, self-paced modules packed with practical strategies and multisensory techniques you can apply immediately.
Practical Tools for Real Results: Learn how to implement structured literacy effectively, making a measurable difference in your students' success.
Expert-Guided Content: Build your skills with evidence-based methods aligned with the International Dyslexia Association’s Knowledge and Practice Standards.

Level 2: The Level 2 training course equips trainees with the skills and knowledge to effectively implement the Orton-Gillingham Approach in one-on-one tutoring, as well as small group and classroom settings. This training dives deeper into understanding the dyslexic profile, exploring the neuropsychological evaluation process, and using assessment data to inform instruction. It also provides guidance on building the application portfolio required for certification.
Trainees at this level are encouraged to pursue a supervised practicum and consider applying for certification through The International Dyslexia Association (Structured Literacy Dyslexia Interventionist (C-SLDI)) and the Orton-Gillingham Academy (Associate Level).
Please note that Level 1 training is not a prerequisite for registering for Level 2 training.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers will work on connecting literacy to the arts:
Professional Development session
“Connecting arts and literacy: looking at the language proficiency levels to plan appropriate scaffolds for all of our students”
Date: March 13, 2026 Time 9:50-10:50 am
Professional Development session “Connecting arts and literacy: how do we learn new words? Planning for experiential learning and fluency”
Date: March 27, 2026 Time 9:50-10:50 am

Strengthening Explicitly Literacy Instruction for our ELLs:
Level 1: 5 Sessions of one hour per teacher. Each session is 6hrs long
Level 2: 4 Sessions of one hour per teacher. Each session is 6hrs long

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Teachers will work on connecting literacy to the arts:
Professional Development session
“Connecting arts and literacy: looking at the language proficiency levels to plan appropriate scaffolds for all of our students”

Professional Development session “Connecting arts and literacy: how do we learn new words? Planning for experiential learning and fluency”

Strengthening Explicitly Literacy Instruction for our ELLs:
Level 1" 5 Asynchronous or in-person sessions per teacher. Asynchronous will take place as per teacher availability during Summer of 2025. In person will take place during the month of September once school starts.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Teachers will work on connecting literacy to the arts:
Facilitators: Lu Zhang, Paola Sua and Jennifer Ou-ENL Providers

Strengthening Explicitly Literacy Instruction for our ELLs:
Facilitators: Ann Edwards and Jillian Edwards

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Teachers will work on connecting literacy to the arts:
The professional development will be at no cost to the Title III Immigrant funds. The program will be remote and attendance records will be captured during the professional development session and attendance records will be kept in the Principal's office.

Strengthening Explicitly Literacy Instruction for our ELLs:
This professional development will be partly funded by Title III Immigrant funds. Vendor costs (EOG) will be calculated as part of OTPS and will remain under the 20% threshold of the total allocation. The program will be remote and attendance records will be captured during the professional development session and attendance records will be kept in the Principal's office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Rationale
The activities planned for our parent engagement sessions will be at no cost to the Title III funds. The program will be in-person and attendance records will be captured during the professional development session and attendance records will be kept in the Principal's office.

Schedule and duration
Parent workshop: "Theater and Literacy: the 4 modalities of language in performing arts"
Facilitator: Jessica Cressionnie and Rose Rodriguez
Date: April 3rd, 2026
Time: 9:00 am-10:00 am

Parent workshop: "Theater and vocabulary development: what are we learning?"

Facilitator: Jessica Cressionnie and Rose Rodriguez
Date: April 24, 2026
Time: 9:00 am-10:00 am

Topics to be covered
Parent workshop: "Theater and Literacy: the 4 modalities of language in performing arts"
Parent workshop: "Theater and vocabulary development: what are we learning?"

Name of provider
Facilitator: Theater teacher Jessica Cressionnie and Assistant Principal Rose Rodriguez

How parents will be notified of these activities
Workshops will be included in our monthly calendar and posted in all our digital platforms.
Parents will also receive a flyer that will be backpacked and send home with their children.

All communication (calendar, platform and flyers) will be translated in the parents' preferred language.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The activities planned for our parent engagement sessions will be at no cost to the Title III funds. The program will be in-person and attendance records will be captured during the professional development session and attendance records will be kept in the Principal's office.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and duration
Parent workshop: “Theater and Literacy: the 4 modalities of language in performing arts”
Facilitator: Jessica Cressionnie and Rose Rodriguez
Date: April 3rd, 2026
Time: 9:00 am-10:00 am

Parent workshop: “Theater and vocabulary development: what are we learning?”
Facilitator: Jessica Cressionnie and Rose Rodriguez
Date: April 24, 2026
Time: 9:00 am-10:00 am

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parent workshop: “Theater and Literacy: the 4 modalities of language in performing arts”
Parent workshop: “Theater and vocabulary development: what are we learning?”

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Facilitator: Theater teacher Jessica Cressionnie and Assistant Principal Rose Rodriguez

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians’ preferred language, and**
- **How interpretation supports will be provided at events.**

Workshops will be included in our monthly calendar and posted in all our digital platforms.
Parents will also receive a flyer that will be backpacked and send home with their children.

All communication (calendar, platform and flyers) will be translated in the parents' preferred language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All workshops for parents will be translated simultaneously (translation units) to their preferred language. Attendance and records will be maintained in the main office. The binder will them be kept in the principal's office.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

PS 94 is a conceptually consolidated school

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Grades to be served in this program. Select all that apply.

,2,3,4,5,1,K

Total number of teachers in this program:

8

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Newcomer Reading Intervention and Orientation Program for Newcomer ELLs: 8 Teachers.

For students in grades k , 1, and 2 the sessions will take place during the afternoon. It will be and afterschool program.
This program will consist of 20 teaching sessions after school, delivered twice a week (Wednesdays and Thursdays), starting the week of December 15, 2025, and concluding the week of March 26, 2025.

For students in grades 3, 4 and 5
This program will consist of 9 teaching sessions after school, delivered once a week (Saturdays), starting the week of December 13, 2025, and concluding the week of March 23, 2026.

The program is designed to support newcomer immigrant students, specifically ELLs as per their Language Assessment data (NYSITELL or NYSESLAT). The goal is to improve literacy development in foundational reading skills, vocabulary acquisition, and comprehension, while also addressing social-emotional needs through cultural orientation to life and school routines in New York City.
Teachers will provide direct instruction to the same group of students during each session. Activities will include:
- Reading Skills: Phonemic awareness, decoding strategies, high-frequency word acquisition, and vocabulary development.
- Comprehension Strategies: Self-monitoring, fluency-building activities, and reading responses aligned with the science of reading and NYC Reads initiatives.
- Cultural Orientation: Lessons will focus on NYC public transportation, school routines, community resources, and cultural norms to support social integration.

All instructional materials, including texts, vocabulary cards, and NYC-specific resources, will be purchased with Title III Immigrant funds. Each student will maintain a portfolio of their progress, including formative assessments, reading logs, and cultural orientation activities.
Students will be grouped by their language proficiency and grade level and grade, based on NYSITELL and classroom formative assessments.
- Number of Groups: 8 groups
- Student-to-Teacher Ratio: 1 teacher per group with 6-10 students

Each teacher will work with the same group of students throughout the program to ensure continuity and build strong instructional relationships. All sessions will be conducted in person. In case of a school closure, sessions will transition to remote learning to ensure program continuity.

The primary language of instruction will be English, with strategic scaffolding in students' home languages to support comprehension as needed. The program will be supervised by the Assistant Principal, who will monitor lesson planning, student progress, and alignment with Title III Immigrant objectives. Attendance will be recorded at each session and documented in teacher binders and the AP's binder.
Parents will be notified about the program in both English and their preferred languages. Permission slips for participation will be sent home in multiple languages to ensure accessibility and understanding. This program is designed to address the unique needs of newcomer ELLs by providing targeted literacy instruction and cultural orientation, helping students succeed academically while adapting to their new environment.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:
- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The Newcomer Reading Intervention and Orientation Program was developed in response to the following data-driven insights:

Quantitative Data:
- NYSITELL: Assessments of the 77 newcomer ELL students show that the majority are at the Entering

proficiency level, indicating significant gaps in foundational reading skills, vocabulary acquisition, and comprehension.
- Classroom Formative Assessments: Data from exit tickets, reading logs, and quizzes highlight that newcomer students in need of support in decoding words, building fluency, and understanding grade-level texts. These findings reflect a critical need for targeted intervention.
- Attendance and Participation: Observations of participation and engagement in classroom discussions, along with classroom work, suggest the needs in navigating academic and cultural expectations.
- 1st Enter NYC Date Data

Qualitative Data:
- Teacher Observations: Teachers shared observations the needs of supporting newcomer students in accessing content, participating in classroom activities, and developing the confidence needed to succeed academically.
- Parent Feedback: During school-based parent meetings and conferences, parents shared hopes supporting their children to adjust to the school environment, communicate effectively, and complete schoolwork.
- Student Interviews: Discussions with newcomer students revealed needs in navigating school routines, exploring NYC, understanding classroom expectations, and engaging with peers.

Data Sources Used to Justify the Program
- NYSITELL: This provide baseline data on students' English language proficiency levels and highlight the need for targeted literacy intervention.
- 1st Enter NYC Date
- Formative Assessments: Reading logs, exit tickets, and teacher-generated quizzes indicate specific areas where students require additional support in literacy.
- Grade-level meeting notes and informal teacher surveys highlight the needs of language development and cultural adjustment for newcomer students.
- Input from parents gathered during family engagement events.
- Insights from conversations with students.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:
- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Total number of students for each program: 77
Grade levels: K-5
Newcomer ELLs are included in this program.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

For students in grades K, 1, and 2
This program will consist of 21 teaching sessions after school, delivered twice a week (Wednesdays and Thursdays), starting the week of December 16, 2025, and concluding the week of March 23, 2026.
Wednesdays: 2:20pm - 4:20pm
Thursdays: 2:20pm - 4:20pm

Afterschool program for students in K, 1, and 2. Schedule of sessions:
December 16, 2024-Planning, and parent orientation 2:20-3:20 Planning. Parent Orientation: 3:20-4:20pm
Schedule of sessions with students:
January: 7, 8, 14, 15, 21, 22, 28, 29 of 2026
February: 4, 5, 11, 12, 25, 26 of 2026
March: 5, 12, 13, 19, 20, 26 of 2026

For students in grades 3, 4 and 5
This program will consist of 9 teaching sessions after school, delivered once a week (Saturdays), starting the week of December 13, 2025, and concluding the week of March 23, 2026.
Saturday Program for students in grades 3-5. Saturdays: 8:00-9:00 am Planning. Students in session: 9:00-12:00 pm.
Schedule of sessions:
December 13, 2025-Planning, and parent orientation 8:00-10:00 am Planning. Parent Orientation: 10:00 am to 12:00 pm
Schedule of sessions with students:
January: 10, 24, 31 of 2026
February: 7, 28 of 2026
March: 7, 14, 21, 28 of 2026

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction will be in English for all programs and sessions.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Teachers will hold one of the following licenses:
ENL License

Dually certification with an extension in Chinese or Spanish
Special Education Teacher

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials to be used at no cost to the Title III Immigrant funds:
iPads
iReady Reading
EOG Materials
Epic library books

Notebooks
Pencils
Decodable books

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

All attendance records will be kept at a binder in the main office.
All permission to go home will be kept at a binder in the main office.
All invitations to the program will be kept at a binder in the main office.
All assessments will be kept inside student's portfolios

Assistant principal Ms. Rodriguez will supervise the program
The staff that will teach the program are license teachers.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Our Journey at P.S.94 has been a transformation for change. Our 2024-2025 ELA and NYSESLAT data indicated that our students needed additional scaffold support and differentiation in reading, specifically when unpacking unfamiliar words. In addition, we also needed to provide opportunities for students to develop their oral language skills. PS 94 researched an approach that would be inclusive and focused on supporting language. We will continue to learn and Implement the Sheltered Instruction Observation Protocol (SIOP) during the first and second grade reading Intervention program as we believe this is the most effective way to incorporate the strongest elements of reading. SIOP language methodologies will be integrated during guided reading and small group Instruction for first and second grade reading intervention student. Ultimately, the integration of the SIOP model will provide multiple pathways for students to participate and succeed academically with additional literacy language support in itemized knowledge, early reading strategies, decoding strategies, self-correction strategies monitoring reading strategies, using all sources of Information to read, vocabulary development, fluency in an effort to improve reading comprehension using multiple sources of tens. Teachers will receive professional development to understand how to best support our English language learners and will be required to attend training sessions on Mondays from 2:20-3:20 p.m. Professional development will include the understanding of the science of reading and explicit instruction to target the needs of English Language Learners. Teachers will also receive professional development sessions where they will focus on unpacking data and designing skill based differentiated instruction. Additionally this school year, we are teaching phonics and morphology using the Edwards-Orton Gillingham approach which is a more effective and explicit way to teach students how the English language works.

All agendas and attendance sheets will be kept in PS 94 Professional Development Binder. These sessions will be conducted at no cost to Title III. Records to our meetings will be maintained by Assistant Principal Rose Rodriguez. If the sessions are conducted in person, Ms. Rodriguez will keep all handouts, agendas and signing sheets in a binder. If sessions are conducted digitally, Ms. Rodriguez will print out the digital attendance (google form or zoom attendance tool) as well as all resources and agendas shared during the meeting.

PROFESSIONAL DEVELOPMENT
Date: November 17, 2025
Time: 2:20 pm -3:00 pm
Topic: Unpacking ELA-HMH module 3, ELA block, NYSESLAT and ELA data. Unpacking Instructional leadership Framework. Focusing on all litearcy shifts
Facilitators: Ms. Lu Zhang and Ms. Christina Chow
Targeted Audience: All Teachers As a result, teachers will reflect on our school data as they unpack the Instructional leadership Framework.

Date: January 26, 2026
Time: 2:20·3:30 pm
Topic: Technology Resources to Support English Language learners: tablets, desktops, Razkids and Rosetta Stone. How can we use technology to support MLLs using both blended and full time remote learning model?
Facilitators: Mr.Pelaez, Ms. Hernandez, Mr. Huang
Targeted Audience: All Teachers As a result teachers will: Teachers will understand how to use schoolwide technological resources to support English Language Learners. Teachers will learn how to group their students by language proficiency levels and Reading levels to schedule time for them to use Rosetta Stone and Razkids in the classroom and at home.

Date: February 16, 2026
Time: 2:20· 3:00 pm
Topic: Alternative Pathways to Support FormerEnglish language learners' Language Development and Academic Progress: Small Group Instruction (guided reading/writing/Mathematics), Individualized targeted learning (Research - Decide -teach Conference), and Project based learning
Facilitators: Ms. Lu Zhang, Ms. Christina Chow, Ms. Jennifer Ou and Ms. Cristina Gonzalez
Targeted Audience: All teachers in small groups

Date: March 9, 2026
Time: 2:20· 3:00 pm
Topic: How are we ensuring comprehensible content for our ELLs? Developing differentiated tool kits in the content areas. Using the room. Individualized scaffolds, individualized word walls, and technology to promote language development.
Facilitators: Ms. Lu Zhang, Ms. Christina Chow, Ms. Jennifer Ou and Ms. Cristina Gonzalez
Targeted Audience: All teachers in small groups

Professional development will be conducted at no cost to the program

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development

- Data sources used to justify the professional development

The professional development designed to support the program was creating in collaboration with the Staff Development Committee as well as teacher survey and The Danielson Framework reports of our teachers.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers will receive professional development.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Date: November 17, 2025
Time: 2:20 pm -3:00 pm
Topic: Unpacking ELA-HMH module 3, ELA block, NYSESLAT and ELA data. Unpacking Instructional leadership Framework. Focusing on all litearcy shifts
Facilitators: Ms. Lu Zhang and Ms. Christina Chow
Targeted Audience: All Teachers As a result, teachers will reflect on our school data as they unpack the Instructional leadership Framework.

Date: January 26, 2026
Time: 2:20·3:30 pm
Topic: Technology Resources to Support English Language learners: tablets, desktops, Razkids and Rosetta Stone. How can we use technology to support MLLs using both blended and full time remote learning model?
Facilitators: Mr.Pelaez, Ms. Hernandez, Mr. Huang
Targeted Audience: All Teachers As a result teachers will: Teachers will understand how to use schoolwide technological resources to support English Language Learners. Teachers will learn how to group their students by language proficiency levels and Reading levels to schedule time for them to use Rosetta Stone and Razkids in the classroom and at home.

Professional development will be conducted at no cost to the program

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The providers are selected staff members from PS 94. Assistant principals, Department head teachers, ENL providers and instructional coaches.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All agendas and attendance sheets will be kept in PS 94 Professional Development Binder. These sessions will be conducted at no cost to Title III. Records to our meetings will be maintained by Assistant Principal Rose Rodriguez. If the sessions are conducted in person, Ms. Rodriguez will keep all handouts, agendas and signing sheets in a binder. If sessions are conducted digitally, Ms. Rodriguez will print out the digital attendance (google form or zoom attendance tool) as well as all resources and agendas shared during the meeting.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

PS 94 recognizes that parents are our children's first teachers. Research shows that students who have involved parents outperform their peers academically. We are proud that our parents are active participants in the education or their child. Parents participate in the first Friday of every month, which they visit their child's classroom and work on a special project, read or play math games and learn about language strategies to support our ELLs. In addition to the scheduled parent-teacher conferences, teachers meet with parents individually during their parent engagement block every Tuesday or every day of the week for 30 minutes during teachers' office hours while we are following the blended learning model. Staff members will inform main office and safety desk of all scheduled in-person appointments. All social distancing protocols will be followed when a meeting is scheduled to be conducted in-person. Assistant Principal Rodriguez uses the EDAT tool (when available) to identify students at risk and uses that Information to meet with parents and teachers to discuss ways to support those students' language development. When not available, Assistant Principal Rodriguez uses the RLAT to identify students at risk and discuss support with their parents and collaborating teachers. Teachers and Assistant Principals offer workshops to parents to get a deeper understanding of our goals, our students' language development, the different proficiency levels, and ways to support language development for our Ells at home.

Parents can attend workshops in their preferred language along with information and resources about the workshop. All workshops are planned to be conducted in-person. Parents will be notified of the workshop through our school's monthly calendars as well our teachers' monthly newsletter to parents. Calendars and newsletters are sent home in the parents preferred language, they are also posted in all our digital platforms. We will also include information about the workshops in our school website, which can be translated to our parents' preferred language.

Records of the agendas, attendance and handouts will be maintained in the parent communication binder in the main office. Copies of agendas, attendance, handouts and exit slips will be maintained in Ms. Gonzalez's parent workshop binder as well. Workshops will be conducted in English, Spanish and Chinese as we will have translators and FM units available for parents to use and participate together during the workshop. These sessions will be conducted at no cost to Title III. Activities are for parents of immigrant students, both ELLs and non-Ells.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

The topic selection is a result of parent surveys, PTA and SLT meetings and student data.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Date: December 5, 2025 Time: 8:30 – 9:15 am
Topic: Understanding our Dual Language Programs for grades K-5
Facilitators: Ms. L.Zhang, Ms. Rodriguez
Targeted Audience: Parents in Grades K·5 As a result, parents will learn and understand our Dual Language Programs for grades K-2. They will also learn about our school's Vision and Mission for all our students in the dual language programs. Parents will learn about our settings and how to support our students in developing both home and new language.

Date: February 6, 2026 Time: 8: 30 - 9:15 am
Agenda/Topic: How do we support our English language Learners in all four modalities of language? Facilitator: Ms. C.Chow, and Ms. Lu Zhang. As a result parents will: Parents will learn about the process of learning English and the four modalities of language.

Date: March 6, 2026 Time: 8:30- 9:15am
Topic: Technology Resources to Support English language learners: How to set up Razkids and Rosetta Stone in tablets, desktops and smart phone so that students can use these tools at home
Facilitators: Mr. Pelaez, Ms. Hernandez, Mr. Huang and Ms. Corniel
Targeted Audience: All parents
As a result teachers will: Parents will learn and set up technological resources to support English Language Learners at home. Parents will learn how to use Rosetta Stone and Razkids.

Date: March 13, 2026 Time: 8:30-9:15 am
Topic: Using your community resources to support your child's learning
Facilitators: Ms. N. Hernandez, and Ms. A. Ta
Targeted Audience: Parents
As a result teachers will: Parents will learn about our community resources and school expectations as we address their questions about making a successful transition in a new school and home environment.

Date: March 20, 2026 Time: 8:30 – 9:15am
Agenda/Topic: Getting Ready for the NYSESLAT Specific strategies for close reading and writing for our ELLs Grades K-5

Facilitator: Ms. R. Rodriguez, Ms. L.Zhang, Ms. Chan-Yau, and Ms. Calixto
Targeted Audience: Parents
As a result parents will: Parents

Topics to be Covered

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement

activities described in this section).

Selected staff members

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents can attend workshops in their preferred language along with information and resources about the workshop. All workshops are planned to be conducted in-person. Parents will be notified of the workshop through our school's monthly calendars as well our teachers' monthly newsletter to parents. Calendars and newsletters are sent home in the parents preferred language, they are also posted in all our digital platforms. We will also include information about the workshops in our school website, which can be translated to our parents' preferred language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Records of the agendas, attendance and handouts will be maintained in the parent communication binder in the main office. Copies of agendas, attendance, handouts and exit slips will be maintained in Ms. Gonzalez's parent workshop binder as well. Workshops will be conducted in English, Spanish and Chinese as we will have translators and FM units available for parents to use and participate together during the workshop. These sessions will be conducted at no cost to Title III. Activities are for parents of immigrant students, both ELLs and non-Ells.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
