Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Silas B. Dutcher

District Borough Number (DBN):

15K124

Grades Served:

3K through Grade 5

School Address:

515 4th Avenue

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Valeria Ossa	*Principal or Designee	
Marlon McRae	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Kristin Wunder	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
TBD	District Council 37 (DC 37) Representative (staff), if applicable	
Maria Marin	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for high schools)	
N/A	Student Representative (Required for high schools)	
Laurel Boyce, Counseling In Schools Director	CBO Representative, if applicable (21St Century Grant Partner)	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
N/A	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Jasmine Moran	Staff	
Judith Newel	Staff	
Zoraida Bejarano	Staff	
Anna Dengler	Parent	
Avani Shah	Parent	
Dante Ciampaglia	Parent	
Ben Hoser	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 124, our mission is to develop the next generation of critical thinkers by balancing academic excellence and innovation with social-emotional development, while fostering a culture of kindness, respect, community, and equity among students, families, and staff.

Our vision at PS 124 is we are a small school with a big heart. We strive to cultivate a vibrant, warm, and inclusive community focused on social-emotional well-being and experiential learning through innovative academic approaches. We are committed to creating a safe and equitable environment where everyone feels valued. By embracing diverse perspectives and fostering teamwork, we adapt to meet the evolving needs of our city, demonstrating persistence and flexibility. Our aim is to enhance the holistic student experience and empower every child to build a brighter future for themselves and the world around them.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 124 Silas B. Dutcher is a vibrant, culturally diverse community that welcomes students and families from many backgrounds. Our student body includes speakers of Spanish, French, Haitian Creole, Japanese, Arabic, Bengali, Chinese, Russian, and English. Our faculty and staff also reflect this diversity, bringing a wide range of cultural perspectives and experiences to our classrooms.

We offer a variety of instructional models to meet the diverse learning needs of our students. These include Dual Language Spanish classes in Pre-K, Grades 1, 3, and 5, as well as Dual Language Bilingual Integrated Co-Teaching (ICT) in Kindergarten, 2nd, and 4th grades. We provide English ICT classes in Grades 1, 2, 3, and 5, and we have mixed-age Self-Contained Special Education classes serving students from Kindergarten through Grade 5. We also proudly offer 3K and 4K programs to support our youngest learners.

P.S. 124 offers a rich selection of arts and enrichment experiences. Our students engage in project-based learning in social studies and participate in theater, music, dance, and visual arts throughout the year. Our arts partnerships include a theater residency with The Gallery Players, a dance residency with Notes in Motion, and a music residency with The Brooklyn Conservatory of Music, where students explore movement, singing, and instrument work to build music literacy. In visual arts, students create hands-on projects using materials such as clay, paint, and papier-mâché. Our physical education program encourages healthy living through good nutrition and active movement.

To support the whole child, P.S. 124 partners with Counseling In Schools to provide social-emotional services for at-

risk students and families, as well as in-school and after-school enrichment programs. We also partner with the YMCA to offer a free afterschool program that provides a safe, engaging space for students while supporting working families. Together, these programs ensure that our students have access to academic, emotional, and creative opportunities that help them grow and thrive.

Briefly summarize the key initiatives your school will implement this school year.

Our school will implement the following initiatives this school year.

*Partnering with Bank Street Teddy Bear (Emotional responsive Practice)
*Teaching Matters (Literacy)
*Metamorphosis (Mathematics)
*G & R Inclusive (Special Education ICT Model)
*Peace Institute (Mediation/Restorative Justice)
*Budha Booth (Mindfulness for Responsive Classrooms)
*Field trips aligned to curriculum and enrichment
*Cool Culture Family Pass
*The Brooklyn Conservatory of Music
*Freestyle Repertory Theatre @ Gallery Players
*BioBus
*Oh Mi Mushroom
*Dance Wave
*Anja Music Bollywood
*YMCA Swim Water Safety Classes
*Lego robotics
*Coding
*Child Mind Institute (Parent workshops and Professional development)
*Counseling in School (Trauma Informed workshops for students)
*Robin for Professional Development and Parent Workshops

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into reading and writing	N/A
ELA	K-5	HMH Into reading and writing	N/A
ELA	K-3	Fundations - Wilson Language Training	N/A
ELA	Pre-K to Gr. 3	Heggerty	N/A
Math	3-5	Illustrative Math	N/A

Math	K-5	Problem Solving Tasks	Tier 2/3
Math	K-2	Illustrative Math	N/A
ELA	K-1	Sound Sensible	Tier 2/3
ELA	1-2	Fun In Focus	Tier 2/3
ELA	3-5	Wilson Reading Intervention Program	Tier 2/3

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024-2025 school year, PS 124 declined in ELA OOA data from BOY 35% to EOY 27% based on Acadience and Map Growth data. We are still below benchmarks.	More than half of our school population, in all grades, arrive at school without basic or limited foundational language skills due to displacement and interrupted schooling.	In order to support students in need of essential skills. Provide students with explicit research based foundational literacy skills instruction and implement interventions with fidelity. Use of cycle of assessment, that includes Progress Monitoring for students well below benchmark, to make informed decisions for instruction. This includes monthly data analysis meetings and in-depth professional development on how Acadience and MAP Growth data can be used to inform instructional decisions.

In the 2024-2025 school year, PS 124 declined in ELA OOA data from BOY 35% to EOY 27% based on Acadience and Map Growth data. We are still below benchmarks.	African American and Hispanic students demonstrate a lack of academic progress or minimal progress in reading and writing due to displacement and interrupted schooling.	Instructional staff improvement in ability to assess and progress monitor students in order to better understand and design targeted small group instruction to meet the needs of all students.
In the 2024-2025 school year, PS 124 declined in ELA OOA data from BOY 35% to EOY 27% based on Acadience and Map Growth data. Our state exams demonstrated 48% of the students that took the exam were below benchmarks. We are still below benchmarks.	Academic vocabulary is important for students at all levels because it provides the language tools they need to understand, engage with, and express complex ideas across subjects.	Instructional planning for teaching academic vocabulary intentionally helps close language gaps for students from diverse linguistic and socioeconomic backgrounds; teachers must strategically teach vocabulary with multiple entry points so that students at all levels can engage in collaborative learning.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Black Students	27%	By June, 2026, literacy for Black Students will improve, as measured by a 3% Increase, from 27% to 30%, of By June 2026, Hispanic and African American students will increase 3% from 27% to 30% as measured by Acadience K-2 screeners and 3-5 MAP Growth. on the EOY 24-25 Data: ELA Screener data, ELA State Exam Data, Advance Observation Data, Student work, Teacher Lesson Plans.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Provide students with explicit research based Foundational literacy skills instruction and implement interventions with fidelity. (Heggerty for Phonemic Awareness, FUNdations for Phonics, Decoding, Encoding, Reading, Writing, Grammar, Morphology, HMH Into Reading/Arriba La Lectura for Reading, Writing, Grammar, Morphology, and Vocabulary)

Provide students with explicit research based Foundational literacy skills instruction at the appropriate grade level and implement interventions, scaffolds, and differentiation with consideration of the students zone of proximal development and individual needs thus maximizing the time spent in Foundational Skills instruction so that students are able to make adequate yearly progress towards their literacy and foundational skills goals.

Root Cause Addressed:

More than half of our school population of students in all grades are arriving at school without basic foundational language skills due to displacement and interrupted schooling.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Summer curriculum planning team will revise and refine foundational skills scope and sequence for our ELA and Foundational Skills Curricula (Heggerty for Phonemic Awareness, FUNdations for Phonics, Decoding, Encoding, Reading, Writing, Grammar, Morphology, HMH Into Reading/Arriba La Lectura for Reading, Writing, Grammar, Morphology, and Vocabulary) This planning process will include highlighting lessons in each curricula that explicitly

teach grade level foundational skills and synthesizing those lessons across Heggerty, FUNdations, and HMH Reading/Arriba La Lectura to maximize instructional time and increase transference of skills across subject areas.

Summer curriculum planning team will revise and refine foundational skills scope and sequence for our ELA and Foundational Skills Curricula (Heggerty for Phonemic Awareness, FUNdations for Phonics, Decoding, Encoding, Reading, Writing, Grammar, Morphology, HMH Into Reading/Arriba La Lectura for Reading, Writing, Grammar, Morphology, and Vocabulary) This part of the planning process will include eliminating or combining lessons that are revisited at a later point in the scope and sequence so that foundational skills are taught explicitly and to mastery before moving on. Heggerty, FUNdations, and HMH are taught in grades K-5 and spiral in complexity, therefore the scope and sequence for each must be looked at holistically across the year, within grade bands, and vertically, across grade bands.

Summer curriculum planning team will determine the most high-leverage HMH vocabulary words for each unit and create an editable resource for teaching teams to use when planning for vocabulary instruction that includes phonics, grammar and morphology instruction.

Summer curriculum planning team will brainstorm ideas for multi-disciplinary project based learning (PBL) and centers for Project Play that align to Heggerty, FUNdations, and HMH Reading/Arriba La Lectura.

Instructional Cabinet (Principal, AP, Coaches, iRead Lead Teacher, ENL Coordinator and relevant classroom teachers) will create a yearlong PD plan that includes Monday PD time, weekly Grade Team Meetings and external professional development (iRead, Teaching Matters, Orton-Gillingham etc.) with a focus on explicit teaching of Foundational Skills in phonemic awareness, phonics, decoding, encoding, reading, writing, vocabulary grammar, and morphology through high leverage practices that can be used while teaching Heggerty, FUNdations, and HMH Into Reading/Arriba La Lectura lessons.

Instructional Cabinet (Principal, AP, Coaches, iRead Lead Teacher, ENL Coordinator and relevant classroom teachers) will create an assessment plan for incoming students so that PS 124 can address the needs of a student population that has inconsistent attendance and frequent discharges/incoming students due to our proximity to multiple Temporary Housing Shelters. This assessment plan will focus on diagnostic screeners such as Acadience and MAP Growth, itemized knowledge inventories (letter names, sounds, HFW), phonemic awareness assessments, FUNdations assessments and HMH reading assessments (this assessment plan will NOT include F&P or Rigby reading levels). This assessment plan will also include next steps for students who are determined to be below or well-below grade level such as the Wilson Intervention Program Assessment for Grades 3-5 or more in-depth phonics and phonemic awareness assessments for Grades K-2.

Staff Conference Day- Summer Curriculum Planning Team will turnkey changes to the Instructional Scope and Sequence to the whole staff. The Instructional Cabinet will present an overview of the yearlong PD plan with staff so that teachers understand there will be ongoing professional development, progress monitoring, and check-ins regarding literacy skills instruction. The Instructional Cabinet will present the assessment plan with staff so that there is clear direction and deep understanding of which assessments will be used to track and monitor student learning so that lessons and interventions are implemented with fidelity. The assessment plan will also include the dates of BOY, MOY, and EOY screeners.

Heggerty, FUNdations, HMH Into Reading/Arriba La Lectura will be taught according to the Scope and Sequence. Monthly grade team meetings will be held with each grade to monitor pacing, implementation, and assessment data. Teachers will work with their grade-level colleagues and the instructional cabinet to make revisions as needed and share best practices.

Monthly Planning Days (SEL days) will allow teachers to work with their grade-level colleagues on creating and

executing lessons, multi-disciplinary projects and centers for Project Play that align to Heggerty, FUNdations, and HMH Reading/Arriba La Lectura.
A dedicated assessment team will work with classroom teachers to assess and plan instruction for newly enrolled students and students that are in need of additional intervention services according to the assessment plan.
BOY Assessments will be administered with fidelity.
Grade team meetings will focus on BOY data analysis.
Grades 3-5 will begin to use Waggle/Google Classroom to administer HMH assessments so that data can be more easily monitored by all relevant stakeholders.
Grades 3-5 will implement technology readiness and typing lessons/activities on a weekly basis to prepare students with the 21st century skills they will need for success.
MOY Assessments will be administered with fidelity.
Grade team meetings will focus on MOY data analysis.
Grades K-2 will begin to use Waggle/Google Classroom to administer HMH assessments so that data can be more easily monitored by all relevant stakeholders.
Monthly Planning Day (SEL day) will focus on a mid-year check-in in regards to pacing and implementation of instructional Scope and Sequence. Grades 3-5 will also begin to prepare for State Testing.
Grades 3-5 will engage in biweekly online practice tests for the ELA, Math, and Science state exams.
EOY Assessments will be administered with fidelity.
Grade team meetings will focus on EOY data analysis for the purposes of planning for next year. Monthly Planning Day (SEL day) will focus on needs analysis and reflection for the 2026-2027 school year.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress Monitoring and Assessment Framework:

Screening & Progress Monitoring: Students performing well below benchmark (bottom 20%) are monitored biweekly using.

- Acadience Reading (formerly DIBELS)

- MAP Growth assessments

- Diagnostic & Tiered Support Review

- i-Ready Diagnostics administered quarterly

Tiered support levels are reviewed and adjusted on a quarterly basis, based on diagnostic data and intervention outcomes.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	Monthly Newsletters/Module Letters will be created by Grade Teams and sent home to families so that they know what their child is learning.	Grade Teams
09/01/2025	06/30/2026	Monthly Parents as Learning Partners events will allow parents to work with their child and teacher on multi-disciplinary projects.	Classroom Teachers
11/01/2025	11/30/2025	Parent Workshop on the importance of vocabulary and language development for the purposes of increasing students background knowledge.	ELA Coach and ENL Coordinator
11/01/2025	06/30/2026	Encourage families to sign up for Cool Culture pass so that families can promote language development and background knowledge through exploring museums and parks throughout New York City.	Parent Coordinator
01/01/2026	01/30/2026	Celebrations/activities for College and Career Awareness Month- Promotes long term commitment to learning and literacy	All Staff
05/01/2026	06/30/2026	PBL Showcases to celebrate and promote ownership of student learning throughout the year.	All Staff

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

All PS 124 Staff, iRead Staff, Teaching Matters Coach

Instructional Resources

Heggerty, FUNdations, HMH Into Reading/Arriba La Lectura Curricula, RAZ Kids, iReady (funding dependent)

Schedule Adjustments

SEL Days and 6th period Grade Team Meetings

Other Resources Needed

Title 3 After School for ELL's, Title 1 After School for Economically Disadvantaged and STH students, Huntington Afterschool Tutoring, Enrichment Clubs (for building vocabulary and background knowledge)

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The 3-year trend is a reduction from 254 incidents (2022/23) to 160 incidents (2023/24)	Inconsistent application of behavioral expectations and consequences across classrooms and staff, combined with a lack of proactive supports (e.g., self-regulation tools, trauma-informed practices), results in escalated behaviors and increased referrals. Students may not fully understand behavioral expectations or experience a predictable, supportive response from adults.	Reduce Level 3–5 behavioral incidents through the consistent implementation of PBIS (Positive Behavioral Interventions and Supports), with clear, schoolwide expectations and consequences..

reduced to 88 incidents. Our goal is for 2% reduction in incidents.		
There were 20 - A24 highest incidents in the classroom and continues to the highest infraction in minor altercations.	There is limited staff training/buy-in to implement trauma-informed approaches and a lack of embedded SEL programming contribute to an inconsistent schoolwide response to these behaviors. Without a common language or structure for supporting students experiencing trauma, many classrooms are ill-equipped to respond proactively, which can escalate minor behaviors into more serious incidents.	The data reveals an urgent need to support students in developing self-regulation skills, social-emotional awareness, and appropriate classroom behavior. Of the 87 OORS incidents recorded, the highest category was A24 – disruptive behavior in the classroom, with many of these incidents involving students in temporary housing (STH). This underscores a need for targeted behavioral interventions, trauma-informed supports, and proactive classroom management strategies.
Level 3-5 incidents trend higher at (10) incidents January, March, and May.	A key root cause of the high number of behavioral incidents is the impact of housing instability and trauma on students' emotional regulation and readiness to learn. Students in temporary housing often arrive at school in a heightened emotional state, exhibiting "fight or flight" responses due to environmental stressors beyond their control. These students may lack access to consistent routines, emotional safety, and adult regulation outside of school, which leads to difficulty navigating social situations and regulating their behavior during instructional time.	There is a priority need for explicit instruction in social skills and emotional regulation, especially for students who have not had the opportunity to develop these skills due to displacement or adverse childhood experiences.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	Of 87 overall incidents 33 are level 3-5 incidents	By June, 2026, physical and mental wellness for Students in Temporary Housing (STH) will improve, as measured by a 2% decrease, reducing student number in level 3-5 incidents in the classroom by 2% from Of 87 overall incidents 33 are level 3-5 incidents to 2% Decrease, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To build a unified approach to behavior management, the school will offer teacher per-session opportunities to collaboratively develop and refine a schoolwide behavioral language and consequence framework. This team will help align staff on common expectations and support the implementation of tiered interventions and consequences, adapted from the K–5 PBIS-aligned Interventions Guide. In addition, staff will receive targeted professional development to ensure consistent use of behavioral expectations and interventions across classrooms, promoting a proactive, restorative, and equitable approach to student behavior.

Root Cause Addressed:

Inconsistent application of behavioral expectations and consequences across classrooms and staff, combined with a lack of proactive supports (e.g., self-regulation tools, trauma-informed practices), results in escalated behaviors and increased referrals. Students may not fully understand behavioral expectations or experience a predictable, supportive response from adults.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and roll out a schoolwide PBIS matrix outlining clear expectations for all settings (classrooms, hallways, cafeteria, etc.)
Provide professional development to all staff on behavior expectations, trauma-informed responses, and

consequence protocols aligned with PBIS system
Introduce a tiered consequence system tied to PBIS, ensuring logical, fair outcomes for behaviors (e.g., reflection sheets, loss of privilege, parent calls)
Provide targeted SEL interventions and check-ins for students with repeated infractions.
Continue addressing individually student behavior whollisticaly with the counseling team during rounds.
Create a committee of different members of the team as leads in disciplinary and restorative work to support consistency
Continue modified schedule initiative with targeted safe adults to support students individually in building academic stamina

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

:Implementation of key strategies will be monitored through multiple data-driven structures to ensure consistency and impact. School leaders and behavior teams will conduct rounds SEL review meetings to analyze referral patterns, identify trends, and monitor progress in reducing behavioral incidents. Classroom walkthroughs and observations will occur at least twice per month using a fidelity or consistency rubric to assess whether behavioral expectations are clearly posted, proactively taught, and reinforced. Data collected will include evidence of self-regulation tools, trauma-informed practices, and consistent responses to behavior. Staff reflection during PLCs and monthly meetings will provide opportunities to review data, share challenges, and identify additional professional learning needs.

To gauge student experience and the overall impact on school climate, student voice surveys will be administered quarterly to assess perceptions of fairness, safety, and support from adults. Professional learning logs and coaching records will be maintained to track staff participation and application of trauma-informed and SEL strategies. Progress will be measured through reductions in office referrals and suspensions, improved staff consistency ratings from walkthrough data, and increased positive responses on school climate surveys. These structures will ensure continuous monitoring, support, and accountability for consistent, proactive behavioral practices across all classrooms.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/25/2026	Coffee With the Principal	CIS
09/08/2025	06/25/2026	STH Focus T3i during recess to support structured sports activity.	T3i
09/08/2025	06/26/2026	Rounds every Tuesday and Thursday Mornings to address SE needs of students	School Staff/CIS
09/08/2025	06/26/2026	AP Grady weekly meetings with School aides to address any safety issues at lunch/recess	School Staff

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Our school has added Human Resources support to strengthen student engagement and well-being initiatives. We have hired Ti3 to support lunch activities targeting specific groups of boys, and partnered with Girls on the Run to empower girls through structured group activities. Additionally, we are implementing a Healthy Boundaries after-school club in collaboration with a Community-Based Organization (CBO). To further enhance social-emotional learning and classroom culture, we are also incorporating Bank Street's Teddy Bear Classroom Responsive Practice.

Instructional Resources

SEL lessons about school culture and rules are introduced at the beginning of the year and revisited as needed. PBIS behavior matrices are posted around the school. Teddy bear Curriculum in ECE sets foundation for social emotional skills and learning.

Schedule Adjustments

Lunch periods have been spread out to ensure there are only two grades eating together at a time and there is adequate supervision during lunch and recess periods.

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024-2025 school year, PS 124 declined in Math OOA data from BOY 28% to EOY 25% based on Acadience and Map Growth data. We are still	A high number of students, including English Language Learners (ELLs) and Students with Disabilities (SWDs) in grades 1–5, are entering school without basic foundational math skills. As a result, teachers are spending additional time spiraling back to review these foundational concepts, which has created pacing challenges and delayed progress toward mastery of the current module.	Teachers need professional development and weekly/biweekly meetings that focus on improving teachers' content knowledge, and pedagogy to design instruction that fosters a positive attitude towards math, emphasizing importance of real-life applications so that students will have more opportunity to engage in class discussions and high inquiry projects based in Math with use of real-world examples.

below benchmarks.		
In the 2024-2025 school year, PS 124 declined in Math OOA data from BOY 28% to EOY 25% based on Acadience and Map Growth data. We are still below benchmarks.	Students in grades K-5, including ELL and SWD, have limited opportunities in math class to engage in discussions that demonstrate mastery of skills and the ability to explain their thinking using content vocabulary.	Teachers are in need of professional development that focuses on improving students' discussion and critical thinking skills so that they are able to make their learning visible and engage in authentic inquiry based peer learning.
In the 2024-2025 school year, PS 124 declined in Math OOA data from BOY 28% to EOY 25% based on Acadience and Map Growth data. We are still below benchmarks.	Staff and students need consistent and cohesive mathematical vocabulary and thinking maps that spiral in complexity in order to enhance accessibility for all students in order for there to be a gradual increase in rigor and complex mathematical reasoning.	Staff must engage in vertical collaboration to create consistent and cohesive mathematical vocabulary and thinking maps that spiral in complexity and address Mathematical learning standards, the IM curriculum, and real-world application of mathematical concepts.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Hispanic Students	25%	By June 2026, Hispanic and African American students will increase their performance on math progress monitoring screener data by 3 percentage points, from 25% to 28% proficiency, as measured by Acadience screeners (Grades K–2) and MAP Growth assessments (Grades 3–5).

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build teacher instructional practices and content knowledge aligned with the state standards and the NYCPS Math Shifts.

Root Cause Addressed:

High number of students inclusive of ELL and SWD in grades 1-5 are arriving at school without basic foundational skills in mathematics.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Design a targeted teacher survey: Develop survey questions to assess teacher confidence and instructional needs related to teaching fundamental math skills, applying critical thinking and implementing project-based learning in math.
Distribute the survey to teachers: share the survey with teachers across grade levels via staff meetings or digital platforms. Clearly communicate the purpose: to align PD with enhancing math instruction through real world problem solving and critical thinking.
Analyze Survey Results: Review teacher responses to identify key needs, such as scaffolding foundational skills within PBL, designing real-world tasks, or promoting student discourse in math.
Develop a Targeted PD Plan: Plan job-embedded professional learning that models how to integrate foundational

math skills with higher-order thinking PBL contexts.
Launch the first PD Cycle: Begin PF through workshops, model lessons, PLCS, and peer intervisitations. The focus will be on designing and implementing standards-aligned PBL units that require students to apply math concepts to real-world scenarios.
We will use ADVANCE Observation data focused on Danielson components 3c (Engaging Students in Learning) and 1E (Designing Coherent Instruction) to strengthen math instruction within the IM curriculum. Evidence from 1E will help identify how teachers plan lessons that build coherence across IM units, balance conceptual understanding with fluency, and ensure pacing supports mastery of grade-level standards. Evidence from 3c will be used to assess how effectively students are engaged in meaningful mathematical tasks, discussions, and problem-solving aligned to the NYCPS Math Shifts. This data will inform targeted coaching and professional development sessions to improve lesson design, differentiate instruction, and increase student ownership and engagement in math learning.
K-4 teachers will implement no less than 3 of the lessons/activities shared in the NYC Kids Rise curriculum guide which will center on financial literacy/financial planning.
Teachers will participate in district-led IM implementation series in grades K-2 and 3-5.

Key Strategy 2 (Optional):

Synthesizing the learning of foundational Mathematics skills with the learning of higher level discussion skills through the use of critical thinking maps and consistent content area vocabulary that spirals in complexity from grades K-5.

Teachers are in need of professional development that focuses on improving students' discussion and critical thinking skills so that they are able to make their learning visible and engage in authentic inquiry based peer learning.

Root Cause Addressed:

Students in grades K-5, including ELL and SWD, have limited opportunities in math class to engage in discussions that demonstrate mastery of skills and the ability to explain their thinking using content vocabulary.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Summer Planning and Scope & Sequence Development: During Summer Planning, teacher leaders and the staff Development Committee will review the IM curriculum and create a year- long scope and sequence that intentionally embeds opportunities for student discussion, critical thinking and real-world application. This will include identifying units where Thinking Maps can be used to deepen conceptual understanding and inquiry.

Collaborative Lesson Review and Planning: (during grade team meetings, being September) Grade teams will use planning time to review upcoming IM lessons. They will identify lessons that promote critical thinking and revise or enrich lessons that are overly procedural by integrating strategies like open-ended questioning, student discussion protocols, and Thinking Maps.

Thinking Map Integration: (coaching sessions and planning meetings, beginning September) Instructional coaches will support teachers in embedding Thinking Maps into IM lessons during weekly planning sessions, ensuring alignment with math content and student discussion goals. Job-Embedded Professional Learning(during PD days and grade meetings) Instructional coaches will support teachers in embedding Thinking Map into IM lessons during weekly planning sessions, ensuring alignment with math content and student discussion goals.

Lesson Implementation and Reflection: Teachers will implement revised lessons and use grade team meetings to reflect on student work samples to analyze how well students are making thinking visible and applying higher-order skills.

Monitor and Adjust instructional Supports:(monthly check-ins with coaches and admin) Instructional coaches and school leaders will meet monthly with grade teams to assess progress, adjust planning supports, and provide additional resources or modeling as needed. Successes will be highlighted to promote shared learning and collaboration.

Summer Planning and Grade Band Vocabulary Mapping: During summer During summer curriculum planning days, grade band teams (K-2,3-5) will meet with instructional coaches and administrators to identify essential math vocabulary aligned to priority standards and major units of study across the grades. Teams will outline key terms and concepts that vertically align to promote a gradual increase in academic rigor.

Select Vocabulary Templates with Visuals and Examples: Each grade band will co-create a vocabulary template that include: The term, a clear definition in student definition in student friendly language, a visual or diagram, real-world and mathematical examples. Synonyms or related terms and morphological breakdown (prefix, root, suffix) where appropriate these templates will be created and stored digitally for consistency and access.

Launch and Model in Classrooms: Teachers will introduce vocabulary using the agreed-upon template format during instruction and post vocabulary visuals in the classroom. Instructional coaches will support launch lessons and model strategies for using vocabulary banks to build academic talk and independence.

Use Vocabulary Banks in Lesson Planning: (weekly grade team meetings_ During weekly planning, grade teams will reference the shared vocabulary banks to ensure consistency in language use and intentional integration into IM lessons, math talks, and tasks. Teachers will plan when and how to introduce, reinforce, and revisit terms across units.

Student Application and Ownership: Students will regularly engage with vocabulary through activities like vocabulary journals, sentence frames, math discussions, and self-assessment checklist. The goal is for students to internalize and use academic language independently during problem solving and peer conversations.

Monitor share and Refine (monthly during coach check-ins and PLCs) Teachers will bring student work and anecdotal evidence to monthly PLCs or coaching check-in to reflect on vocabulary use. Strong examples will be shared and vocabulary resources will be adjusted as needed based on student performance and feedback.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monitor share and Refine (monthly during coach check-ins and PLCs)
Teachers will bring student work and anecdotal evidence to monthly PLCs or coaching check-in to reflect on vocabulary use. Strong examples will be shared and vocabulary resources will be adjusted as needed based on student performance and feedback.

Monitor and Adjust instructional Supports:(monthly check-ins with coaches and admin) Instructional coaches and school leaders will meet monthly with grade teams to assess progress, adjust planning supports, and provide additional resources or modeling as needed. Successes will be highlighted to promote shared learning and collaboration.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	12/31/2025	Host Family Math Night to introduce families to project-based learning and Thinking Maps used in math. Include stations where students and families engage in real-world problem solving together.	Relevant CBO'S and PS 124 Teachers
01/01/2026	03/31/2026	Partner with local STEM organizations or colleges to offer a community project challenge or math expo where students apply math learning to real-world issues and present to families.	Relevant CBO'S and PS 124 Teachers NYC STEM Education Network, local college/university outreach departments.

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

All PS 124 Staff, IM Coach

Instructional Resources

Illustrative Math Curriculum, iReady (funding dependent)

Schedule Adjustments

SEL Days and 6th period Grade Team Meetings

Other Resources Needed

Title 3 After School for ELL's, Title 1 After School for Economically Disadvantaged and STH students, Huntington Afterschool Tutoring, Enrichment Clubs (for building vocabulary and background knowledge)

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Kids Rise Building Block 1 participation rate at of June 1, 2025- 19% (28	The NYC Kids Rise scholarship program aims to award participating students with a $100 scholarship fund that increases in value until students can access the funds for the purposes of attending a college or trade school.	Increased participation in the NYC Kids Rise scholarship program and knowledge of 529 savings accounts.

out of 144 eligible students)	However, parents and families have not been enrolling in the program due to insufficient messaging about the program.	
School offers 1 college and career readiness event per year.	Early Exposure through age-appropriate stories, activities, and visits from college representatives and career professionals will expose students to different career options and possibilities to increase interest in graduating.	To teach the importance of acquiring an education and pursuing a career, increase student motivation and desire to continue in school and continue their academic trajectory and graduate.
School embedes financial literacy lessons into math curricula OR school hosts 1 financial literacy event per year	Real world application of mathematics skills is foundational to developing lifelong financial literacy skills, without these opportunities, students will not fully invest in their futures.	To more fully integrate financial literacy and college and career readiness into each curricular area so as to ensure students develop an optimistic and global perspective on their future.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	s of June 1, 2025: 19% of all eligible students have activated and viewed their NYC Kids Rise Scholarship Accounts, completed Building Block 1 (BB1). 10% of eligible Kindergarten students have completed BB1. 18% of eligible First Grade students have completed BB1. 23% of eligible Second Grade students have completed BB1. 22% of eligible Third Grade students have completed BB1.	By June 1, 2026, P.S. 124 will increase the percentage of active NYC Kids RISE college savings accounts among eligible students by at least 6 percentage points. As of June 1, 2025, 19% of eligible students had activated and viewed their NYC Kids RISE Scholarship Accounts and completed Building Block 1 (BB1). Our goal is to reach at least 25% or above activation among eligible K–4 students by the target date.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increased participation in the NYC Kids Rise scholarship program and knowledge of 529 savings accounts.

Monthly messaging around the NYC Kids Rise Program; including school-wide flyers that are back-packed home, devices at Coffee with the Principal for parents to sign-up for Building Block 1, monthly follow-up with families who have not yet signed up for Building Block 1.

Meet with all K-4 classroom teachers, front office staff and Parent Coordinator to provide information about the NYC Kids Rise program for the purposes of enlisting their support in promoting the NYC Kids Rise program.

Root Cause Addressed:

The NYC Kids Rise scholarship program aims to award participating students with a $100 scholarship fund that increases in value until students can access the funds for the purposes of attending a college or trade school. However, parents and families have not been enrolling in the program due to insufficient messaging about the program.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monthly/Bimonthly Text/Email/Flyers Home to K-4 families who have not yet completed BB1
Flyers/Information will be given to families upon enrollment as a part of the orientation and enrollment packet.

Devices will be present at every Coffee with the Principal event so that parents can easily activate and view their child's NYC Kids Rise Account.
Ms. Grady and Ms. Garces will educate all PS 124 staff about the NYC Kids Rise Scholarship program during Election Day PD.
Opt-out letters will be sent home to Kindergarten families, any opt-out letter received will have a follow-up phone call to confirm that the families understand that they are opting out of a free scholarship and savings program.
Weekly messages will be sent out to 1-4 families who have not yet completed BB1 as a part of College and Career Readiness Month (annually every January).
PS 124 will hold at least one student centered event during the month of January to promote College and Career Readiness Month (annually every January).
PS 124 will feature an information session about the NYC Kids Rise Scholarship program during Coffee with the Principal.
Building Block 1 begins for the 2025-2026 Kindergarten students. Kindergarten Teachers will remind parents at dismissal to begin activating their child's NYC Kids Rise Scholarship accounts.
Weekly messages will be sent out to K-4 families who have not yet completed BB1.
QR codes will be posted outside at dismissal areas for parents to scan and activate their child's NYC Kids Rise Scholarship accounts.
K-4 teachers will implement no less than 3 of the lessons/activities shared in the NYC Kids Rise curriculum guide which will center on college/higher education/career readiness.
K-4 teachers will implement no less than 3 of the lessons/activities shared in the NYC Kids Rise curriculum guide which will center on financial literacy/financial planning.
Ms. Garces will create an NYC Kids Rise Bulletin Board on the first floor and post pictures of the K-4 students who have completed BB1 on the NYC Kids Rise "Money Tree." This bulletin board will be updated monthly as more students complete BB1.
Ms. Grady and Ms. Garces will meet with Kindergarten teachers to plan how the NYC Kids Rise Program will be celebrated in the Kindergarten Stepping Up ceremony.
Kindergarten teachers will highlight students and families who have completed BB1 during the Kindergarten Stepping up ceremony.
K-4 student and families who have completed BB1 and the NYC Kids Rise EOY data will be celebrated/highlighted during the final Coffee with the Principal in June.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Ms. Garces will check the NYC Kids Rise BB1 Activation rates on a biweekly basis via Power BI.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/30/2026	Monthly/Bimonthly Text/Email/Flyers Home to K-4 families who have not yet completed BB1	Maria Garces-Parent Coordinator

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Related question: "I feel good about the way my child's teacher helped my child adjust to their program". We decreased from 96% in favor to 92%.	Language or cultural barriers between families and school staff.	Increase family engagement at the school and higher level of involvement.

In the section school commitment, we fared low at 67% and a mere 58% would recommend the school to other families.	Lack of trust or negative past experiences with educational institutions and other systems	Limited access to educational resources at home (e.g., books, internet, quiet study space).
We trend between 30% and 35% chronic absenteeism among our students in temporary housing	Increased families in temproary housing and experiencing homelessness.	Chronic absenteeism due to unstable housing, lack of transportation, or caregiving responsibilities.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of Students in Temporary Housing (STH)	10 careivers that attend consistently	By June 2026, family engagement among caregivers of students in temporary housing will increase by 10%, as measured by participation in at least two family workshops during the school year. Specifically, the number of consistently participating caregivers will grow from 10 to at least 20 caregivers, demonstrating increased visibility, connection, and inclusion of families in school activities.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Parent Coordinator will host a series of family engagement workshops and events throughout the school year, including Family Orientation, Middle School Application Workshops, Kindergarten Application workshops, Early Childhood Tours, Parents as learning partners, the Book Fair, and School Carnival Events to ensure all families—especially those in temporary housing—feel welcomed and supported.

Our Community Coordinator provides home visits, hosts book clubs to support STH Families, and laisse with Shelter based Directors to ensure communication with all families.

The school has formed an Enrollment Team to proactively identify, connect with, and address the unique needs of families of students in temporary housing. This team will work collaboratively with the Parent Coordinator and Community-Based Organizations (CBOs) to improve outreach and participation.

Progress and participation will be tracked through Parent Coordinator Activity Reports (PCAR), Community Coordinator Logs, and event attendance data to monitor growth and impact.

Root Cause Addressed:

To address the barriers faced by families experiencing temporary housing and homelessness, PS 124 is implementing intentional strategies to rebuild trust, strengthen communication, and create inclusive opportunities for engagement. The Parent Coordinator and Community Coordinator are leading targeted outreach efforts, including regular check-ins, personalized invitations to events, and collaboration with community-based organizations that support families in temporary housing. The school is hosting welcoming workshops and events—such as Family Orientation, Middle School Application Workshops, the Book Fair, and School Carnival—to foster positive relationships and a sense of belonging. To overcome language and cultural barriers, the school provides translation and interpretation services, uses culturally responsive communication, and ensures that all materials are accessible to families in their home languages. Through these actions, the school is working to build trust, increase participation, and ensure that every family—especially those in temporary housing—feels valued and connected to the school community.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parent Coordinator will host Family Orientation events in August.
Parent Coordinator will host Middle School Application workshops with Guidance Counselor in November.
Parent Coordinator will host Kindergarten Application workshops in December and January.
Parent Coordinator will host biweekly Early Childhood and School Tours.
PS 124 will host monthly Parents as Learning Partners events.
PS 124 will host monthly Coffee with the Principal events.
PS 124 will host multiple cultural and academic events throughout the school year such as; Book Fair, Back to School Carnival, Black History Month Show, Hispanic Heritage Month Celebration, Holiday Concert, Halloween Parade and many more.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will check on implementation during monthly meetings with the Attendance and Enrollment Team and SEL Team where we analyze caregiver attendance via the monthly PCAR and Community Coordinator Reports.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/25/2026	Enrollment Orientation for all new students	CIS
09/08/2025	06/25/2026	Parent Workshops for Middle school, K, and Pre-K application process	CIS
09/08/2025	06/26/2026	Parents as Learning Partners	Staff
09/08/2025	06/26/2026	Mobile Pantry Support & outreach families	NYC Pantry
09/08/2025	06/26/2026	Coordinate Enrichments events such as Bollywood, Science Bus, Book Fairs and other events that include parent engagement opportunities.	Anja Dance Company, Scholastic, and Bio Bus

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

The school has allocated $20,000 to support family engagement events such as Bollywood enrichment activities, field trips, and parent engagement outings. Most events are provided at little to no cost to the school, as they are coordinated through arts grants, community partnerships, and PTA funding. This strategic use of resources allows the school to offer meaningful, culturally inclusive experiences that strengthen family-school connections while maintaining fiscal responsibility.

Instructional Resources

Classroom teachers and out of classroom staff (Music, Art, ENL teachers etc.) will collaborate with support staff (Parent Coordinator, Community Coordinator, Social Workers etc.) to host events and workshops.

Schedule Adjustments

Classroom Schedules will be adjusted for special events that occur during the school day.

Other Resources Needed

CBO's and partnerships with NYC DOE approved vendors as needed.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Attendance data shows that 88% of our students are are in attendance year to date.	Chronic absenteeism among students among our STH students is often rooted in a complex set of challenges. These include unstable housing, lack of reliable transportation, unmet basic needs, and the burden of additional responsibilities such as caring for siblings or helping parents.	To address these barriers, the school will continue to implement and expand the Walking School Bus program. This initiative helps ensure students—particularly those living in shelters or temporary housing near the school—arrive on time and safely each day. By creating a consistent routine and offering community-based support,

Attendance overall data shows that 51% of our students are chronically absent.	Families may not perceive school as a top priority when they are coping with daily survival needs or frequent disruptions. This can lead to decreased engagement and a lower perceived value of education, resulting in inconsistent attendance.	Partner with parent coordinators, STH (Students in Temporary Housing) liaisons, attendance teachers, and school district personnel to to effectively communicate with families in understanding the critical role regular school attendance plays in academic success and overall student well-being.
Overall data K-5 shows that 56% of our STH students are chronically absent.	Chronic absenteeism is often a symptom of deeper challenges for our students in temporary due to housing instability, family hardships, lack of transportation, mental health issues, or disengagement from school. These factors disproportionately affect our vulnerable student populations such as English language learners, and students with disabilities.	Collaborate to identify and address barriers to consistent attendance, especially for vulnerable student populations. In addition, motivate and incentivize students by offering engaging activities, positive reinforcement, recognition, or reward systems—such as tokens, praise, or special privileges—to encourage regular and punctual attendance.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	77 out of 137	By June 2026, P.S. 124 will reduce the Chronic Absenteeism Rate for Students in Temporary Housing (STH) by 2 percentage points, from 56% (77 out of 137 students) to 54%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

A key initiative at PS 124 is the launch of a monthly attendance incentive program that publicly recognizes students and classrooms with perfect or most improved attendance. The attendance team conducts daily outreach and meets weekly with the attendance teacher to review data and next steps. The attendance teacher also provides home visits as needed, with additional outreach support from the STH Community Coordinator when families are difficult to reach.

Attendance letters are sent home after a student accumulates five or more absences, and information forms are shared during Parent-Teacher Conferences to engage families and offer supports. This consistent and visible recognition helps motivate students—particularly those in temporary housing—by setting tangible goals and celebrating progress.

To further reinforce positive attendance habits in a fun and engaging way, PS 124 introduced “Ice Pops” Fridays, rewarding the class with the best
or most improved attendance. This simple incentive builds school spirit and promotes collective responsibility.

Additionally, a new “Attendance Bucks” program will be implemented, allowing students to earn school currency for arriving on time and maintaining consistent attendance. These bucks can be exchanged for small prizes at the Attendance Store, providing immediate, meaningful rewards—especially impactful for students in unstable housing who may lack consistent external motivators.

Root Cause Addressed:

The root cause of chronic absenteeism to ensure equitable access to foundational instruction in ELA and mathematics, particularly for students in temporary housing, students with disabilities (SWDs), and English Language Learners (ELLs), the school has introduced several new and high-leverage strategies designed to improve daily attendance and engagement. Families may not perceive school as a top priority when they are coping with daily survival needs or frequent disruptions. This can lead to decreased engagement and a lower perceived value of education, resulting in inconsistent attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Early Morning Attendance Calls/Text Reminders: Personalized daily check-ins to remind families of school start times and offer support (transportation, school supplies, etc.).
Collaborate with the district's transportation department OPT and shelters to monitor and resolve missed bus pickups, route issues, or delays. In addition secretary as the point to support families for MetroCards, taxis, or rideshare options when necessary and allowable.
Community Coordinator to coordinate with shelters and community partners to ensure safety, punctuality, and consistency.
Continue and maintain the Walking School Bus initiative with staff or I Graduate Mentors escorting students from shelters or temporary residences to school.
Community Coordinator to maintain ongoing communication with shelter staff and families to identify and address attendance barriers in real time.
Offer daily or weekly attendance incentives, such as breakfast treats, certificates, or classroom shoutouts. Provide monthly recognition for students in temporary housing with improved or perfect attendance.
Partner with team members, shelter staff, I Graduate Mentors, and other community partnerships to offer daily check-ins, tutoring, or small-group instruction to help students close academic gaps due to absences.
Train staff on trauma-informed care, recognizing that instability in housing can impact school participation and behavior.
Distribute school supplies, clothing, food, and digital tools to reduce barriers.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Implementation monitoring will take place during biweekly attendance meetings.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Early Morning Attendance Calls/Text Reminders: Personalized daily check-ins to remind families of school start times and offer support (transportation, school supplies, etc.).	Parent Coordinator
09/08/2025	06/26/2026	Community Coordinator to coordinate with shelters and community partners to ensure safety, punctuality, and consistency.	Community Coordinator and Shelter Staff
09/08/2025	06/26/2026	Attendance Incentive addressing boys groups Mondays and Fridays	TI3

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Community Coordinator, SEL Social Worker, STH Social Worker, CIS Director and Staff. Funds are allocated for per-session and to support attendance initiatives such as Ti3 and enrichment field trips.

Instructional Resources

Classroom Teachers will emphasize the importance of attendance and punctuality to families during PTCs and Parents as Learning Partners events.

Schedule Adjustments

Arrival and Dismissal procedures have been streamlined to ensure students and families understand that students are expected to be in the classroom learning from bell-to-bell.

Other Resources Needed

CBO's and other NYC DOE partners as needed (District support staff, central attendance and STH staff).

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Sesis/Advance reports IEP Meetings	Transparent communication has been inconsistent between the SBST team and key stakeholders directly involved in the case. A contributing factor is the	IEP Development

SIT/PPt meetings School Based Support team Check-in's	involvement of too many external parties who are not directly related to the case, leading to diluted accountability and misaligned expectations.	and Fidelity of Implementation
IEP Reviews, SIT/PPT meetings, school based support team check-ins.	IEPs (Individualized Education Programs) often lack explicit and comprehensive information about the student's history, academic data, and meaningful input from both parents and teachers. As a result, the goals outlined in the IEPs are not always truly individualized or fully aligned to grade-level standards. This limits the effectiveness of the IEP in addressing a student's specific needs and supporting measurable academic growth.	Transition Planning and Compliance
IEP Reviews, SIT/PPT meetings, school based support team check-ins.	The team includes new staff, new administrators, teachers, and paraprofessionals who have not yet received sufficient training in the systems and procedures necessary for effectively conducting Functional Behavior Assessments (FBAs), developing Behavior Intervention Plans (BIPs), and establishing consistent systems for monitoring student progress. This gap in foundational knowledge and consistent practice has led to inconsistencies in the implementation of behavior supports and in the collection and use of progress monitoring data across all team members.	Referral Process and Equity
OORs report related to students with IEP	Students with IEP have had higher rates of incidents than students with Non-IEP's. Of the 6 incidents to date that are level 3-5, all 6 are students with IEP's. We will implement restorative practices and other alternative strategies to support students with IEP's.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	32.5% of students in our school have IEP's.	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve We are looking to improve our quality of support to students that arrive at our school with many needs by a Due to the number of rolling enrollment in our school we expect a 2% incerease. Increase, from 32.5% of students in our school have IEP's. to Our number of students with IEP's will increase based on student needs., as measured by Insight and Sesis Program.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

We will create a high-quality, inclusive, and accessible learning environment for students with disabilities by strengthening our systems of support and communication. To ensure that all students—especially new enrollees and those in temporary housing—receive the services and accommodations they need, we will increase our IEP check-in meetings (PPT/SITT) to once per week. These weekly meetings will allow us to promptly identify and address student needs, monitor service implementation, and ensure alignment between instructional practices, related services, and family engagement.

Root Cause Addressed:

Due to rolling enrollment, we have experienced errors in placement, open IEPs, programming issues, and decision-making that is not fully aligned with our school mission. This occurs because students' needs are not always captured promptly upon enrollment, particularly for those in temporary housing.

To address this, we will increase our IEP check-in meetings (PPT/SITT) to once per week with our SBST team. These weekly meetings will ensure that all new and existing students with disabilities have their needs identified and addressed quickly, that services are implemented accurately, and that instructional and related services are aligned with our school mission and inclusive practices.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Incorporating central and district-offered professional learning opportunities for all SPED staff in developing IEPs.
Deliver PD on high-quality IEP development (data-driven, individualized goals, culturally responsive practices)
Define clear staff roles in data collection, goal development, and stakeholder engagement (including paraprofessionals and teachers)
Provide training on aligning IEP goals to grade-level standards and using assessment data
Hold IEP clinics or collaborative planning sessions focused on Hispanic students

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Audit IEPs again — measure progress against baseline; identify gaps
Provide targeted coaching or “last-mile” support for staff writing IEPs still below standard
Conduct mid-year IEP review for Hispanic students — provide coaching/feedbackImplement data-driven progress monitoring tools and train paraprofessionals and teachers on usage
Schedule coaching sessions with our CFIT for new and returning SPED teachers to ensure school wide alignment in IEP writing and SPED instruction
Leverage our CFIT teacher as an additional IEP compliance monitor to prevent continuing gaps and misalignment with NYC DOE policies, NYS Chancellors Regulations, and Education Laws regarding SWDs.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor implementation of our goal to have weekly PPT/SITT meetings during our Instructional Cabinet meetings on Mondays. We will have weekly PPT/SITT meetings in the calendar and keep to the agenda with strict timekeeping so these meetings stay frequent and quick in order to maximize instructional support and ensure all deadlines are met in a timely manner.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/26/2026	We will continue to schedule IEP meetings at the convenience of our families and offer remote options when needed.	SBST Social Worker
06/26/2025	06/25/2026	We will continue to employ a bilingual school psychologist in order to support our multilingual families.	Bilingual School Psychologist

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

SBST Team, Administrators, CFIT Teacher

Instructional Resources

Not applicable to our goals at this time.

Schedule Adjustments

There are several periods throughout the week in which cluster teachers are not already scheduled in order to provide easier coverage for classroom teachers or to provide make-up preps.

Other Resources Needed

Not applicable to our goals at this time.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
ELA Tier 2	Level 1 & 2	Decodable reading sessions/ Strategy lessons	Small Group	During school day	No
ELA Tier 2	Level 1 & 2	Heggerty Phonemic Awareness /Fundations	Small Group or 1:1	During school day/Before School	No
Math Tier 2 & 3	Level 1 & 2	Acadience Progress Monitoring	1:1	During School & After School	Yes
Math Intervention	Level 1 & 2	Problem solving Tasks	Small Group	During School Day/After School	No
ELA Tier 3	Levels 1 & 2	Wilson reading	Small Group	During School Day/After School	No
ELA Tier 2	Level 1 & 2	Fun and Focus	Small Group	During School Day/After School	No
Foundational Skills- Tier 2 and Tier 3	Level 1 & 2	iRead ICT Program Model	Program Model for ICT Classes which involves specialized training/PD in Science of Reading, Designated Lead Teacher providing daily interventions, biweekly/monthly progress monitoring using Acadience.	During School Day	Yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At-Risk Counseling	Teacher Referral or Parental Request	Counseling	1:1 or Small Group	During or After School	No
Morningside: Restorative Circles	Teacher or Parental Observations	Clubs	Small Group	During/After School	No
Culturally Responsive Units	Teacher or SEL Support Staff	Read Alouds	Small Group, Whole Group	During School	No
Crisis team rounds	Counseling Support	Individual targeted Counseling	Individual/small group	During school	No
Trauma Informed Girls Group	STH 3-5 grade	Group Counseling	Group/Club	Afterschool	No
Community Coordinator Home visit	Tier 3 to assess family needs	Preventative Family Visits	Family Model	During/Afterschool	No
Walking School Bus	STH	Preventative	Family support/group	Before/Afterschool	No
Bank Street Teddy Bear Curriculum	Trauma Informed curriculum	Preventative	Individual/Whole Group/	During School	No
Grief Sensitive School	Trauma Informed curriculum	Preventative	Individual/Whole Group/	During School trainings /Family meetings	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At our school, we prioritize transparent, ongoing communication with families to ensure they are informed and actively engaged in the Multi-Tiered System of Supports (MTSS) that promotes academic success, social-emotional growth, and student well-being. We employ a variety of communication strategies and family engagement opportunities, including:

Family Meetings: Regularly scheduled family meetings provide a platform to explain the essential components of MTSS, review student supports, and offer families tools to support learning and behavior at home.

Letters and Written Communications: Targeted letters and informational packets are sent home to explain specific interventions, upcoming programs, and student supports, ensuring families have accessible, written records of school processes and resources.

School Media & Newsletters: In effort for more consistent school-to-home communication we have hired a media team to help us wit family communication on school-wide events. Individual family communication will continue through Konstella on an as-needed basis. This includes highlighting initiatives like the Walking School Bus, Restorative Circles, and Culturally Responsive Units to keep families connected to the broader community work.

At-Risk Counseling and Specialized Groups: Families are directly contacted and invited to collaborate when students participate in specialized supports such as At-Risk Counseling, the Girls Trauma-Informed Group, and Grief-Sensitive School services. Personalized outreach ensures families understand the supports in place and can reinforce these efforts at home.

Community-Based Initiatives:
Home Visits: The Community Coordinator conducts home visits to build trust, provide resources, and offer individualized support to families, particularly for students who require Tier 2 or Tier 3 interventions.

We offer a mobile pantry every Wednesday to support our school community.

Walking School Bus: Families are engaged in community safety and attendance initiatives like the Walking School Bus to foster positive routines and school readiness.

Social-Emotional Learning and Trauma Support: Programs such as Restorative Circles, Culturally Responsive Units, the Girls Trauma-Informed Group, Crisis Team Rounds, and the Bank Street Teddy Bear Curriculum are introduced and explained to families during meetings and through communication channels, ensuring families are aware of the SEL-focused and trauma-informed strategies supporting their children.

Through these methods, we ensure that families are valued partners in the MTSS process and are provided with accessible, culturally responsive, and timely information that empowers them to support their child's academic and social-emotional development.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Our school is committed to maintaining consistent, meaningful communication with families whose children receive Tier 2 targeted or Tier 3 intensive interventions within the Multi-Tiered System of Supports (MTSS). We ensure that families are kept informed and actively involved through the following structures:

Parent-Teacher Conferences: These conferences serve as essential touchpoints where families can discuss their child's academic, behavioral, and social-emotional progress. During these meetings, families also have the opportunity to connect directly with related service providers, such as counselors, intervention specialists, and special education staff, to gain a holistic understanding of their child's growth and needs.

Individualized Progress Reports: Families of students receiving Tier 2 and Tier 3 interventions receive tailored progress reports that specifically detail their child's performance in targeted areas, the interventions provided, and measurable growth over time. These reports are distributed on a regular basis, in addition to standard academic report cards.

Ongoing Communication with Family Liaisons, Parent Coordinator, and Community Coordinator: Family liaisons, the parent coordinator, and the community coordinator maintain regular outreach to families to offer updates, answer questions, and provide resources that align with the student's intervention plan. These personalized touchpoints help build trusting relationships and ensure that families are supported as active participants in their child's educational journey.

Responsive and Flexible Communication: In addition to scheduled updates, families are encouraged to reach out at any time to discuss their child's progress. School staff remain accessible through phone calls, emails, in-person meetings, and home visits when needed, to ensure timely and responsive communication.

Through these multiple pathways, our school prioritizes partnership with families, providing clear, consistent, and individualized updates that empower them to support their child's continued progress in Tier 2 and Tier 3 interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At our school, we are committed to partnering with families as essential decision-makers in the success of students receiving Tier 3 intensive interventions. We provide multiple opportunities for families to actively participate in the development, monitoring, and adjustment of their child's support plan, supported by a comprehensive network of school-based resources.

Key Family Engagement Opportunities:
Collaborative Intervention Planning Meetings: Families are invited to problem-solving meetings with members of the School-Based Support Team (SBST), including the guidance counselor, Bridging the Gap social worker, social-emotional social worker, related service providers, community coordinator, and parent coordinator. These meetings provide a space for families to share their perspectives, review progress data, and collaboratively shape the intervention plan.

Ongoing Communication and Progress Updates: Families receive regular updates from intervention providers and support staff through individualized progress reports, phone calls, and in-person or virtual check-ins. The community coordinator, parent coordinator, family School liaisons, and school counselors play a key role in maintaining ongoing communication, ensuring that families fully understand their child's progress and available resources.

Parent-Teacher and Multi-Disciplinary Conferences: These meetings offer structured opportunities for families to

meet with general education teachers, intervention providers, and the school-based support team to review student progress, evaluate the effectiveness of current interventions, and collaboratively decide on potential adjustments.

Data-Informed Decision-Making: Families are provided with accessible, student-specific progress monitoring data and are supported by staff—such as the Bridging the Gap social worker, social-emotional social worker, and guidance counselor—who can help them interpret the information and understand next steps.

Counseling in Schools Partnership: Through our partnership with Counseling in Schools, we are able to offer students additional social-emotional support and art therapy services that complement Tier 3 interventions. Families are invited to participate in discussions about these services and collaborate in determining the best social-emotional supports for their child.

Connection to Additional Services: When it is appropriate to consider more intensive services, such as special education evaluations, families are consulted thoroughly. The school-based support team, related service providers, and social workers ensure that families are fully informed and supported throughout the decision-making process.

Flexible, Culturally Responsive Family Engagement: Our parent coordinator and community coordinator work to provide flexible scheduling, language support, and multiple ways to meet (in-person, virtual, or by phone) so that all families feel empowered to participate, regardless of their availability or language preference.

Through these intentional structures, community partnerships, and school-based supports, we ensure that families are not just recipients of information, but active and valued partners in every decision that impacts their child's Tier 3 intervention and overall success.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Data PreK to Grade 5 as of June 24th, 2025:

D - Doubled up 13
S - Shelter 127

46%

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

TBD
STH Language Proficiency Levels:
Non-ELLs: 45 students or 34.88%,
Entering: 53 students or 41%,
Emerging: 18 students or 14%,
Transitioning: 6 students or 4.65%,
Expanding: 5 students or 3.88%
Commanding: 2 students or 1.55%

This highlights that a close majority of our STH students are entering ELLs; our ENL and DBLE team must work intentionally together to ensure they are provided targeted support specifically effective for newcomer ELLs.

Grades K-2 Acadience Pathway (Growth Measure) for STH Students:
Well Above Typical Progress: 1 student or <0%
Above Typical Progress: 4 students or 3%
Typical Progress: 10 students or 8%
Below Typical Progress: 13 students or 10%
Well Below Typical Progress: 29 students or 23%

F&P Reading Levels
Average Levels Moved for All Students: 3.4 levels
Average Levels Moved for non-STH students: 3.67 levels
Average Levels Moved for STH students: 2.74

STH students are not making adequate progress in the development of foundational literacy skills. Services next year must be intentional to target those making below and well below typical progress.

51% of STH students are chronically absent versus a school wide percentage of 48%. However, based upon Progress Monitoring, last year's chronic absetism rate for STH was

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

At P.S. 124 Silas B. Dutcher, a multifaceted support system is in place to assist students experiencing temporary housing instability. The school employs a dedicated Bridging-the-Gap Social Worker, Sharice Simpson, who offers trauma-informed counseling and emotional support to students affected by homelessness. Additionally, Angelique Coward, the STH Community Coordinator, serves as a vital link between families and the school, connecting them to essential resources such as food, clothing, and shelter services. The Parent Coordinator, Maria Garces, facilitates communication with Spanish-speaking families, ensuring they are informed and engaged in their children's education. To address transportation challenges, the School Secretary manages MetroCard distribution and bus route coordination, ensuring students can attend school regularly. Furthermore, School Aides supervise a walking school bus initiative, promoting attendance and fostering a sense of community among students.

These services were strategically selected based on identified needs within the student population. Data from the STH Title I Survey highlighted areas such as mental health support, access to basic needs, and transportation as critical concerns. In response, the school allocated resources to establish roles and programs that directly address these issues. For example, the presence of a social worker and community coordinator was implemented to provide emotional support and connect families with necessary services. The inclusion of a bilingual parent coordinator ensures effective communication with non-English-speaking families, enhancing their involvement in school activities. Addressing transportation barriers through the school secretary and walking school bus initiative reflects the school's commitment to removing obstacles to regular school attendance.

The STH Title I Survey plays a pivotal role in aligning services with the actual needs of the student population. The survey serves as a tool for families to express their concerns and priorities, providing the school with valuable insights. By analyzing survey data, the school can identify prevalent issues and tailor its services accordingly. This approach ensures that interventions are not only responsive but also proactive in addressing emerging needs. The continuous feedback loop established through the survey allows for ongoing assessment and adjustment of services, maintaining their relevance and effectiveness in supporting students and their families.

In summary, P.S. 124 Silas B. Dutcher's comprehensive support system for students in temporary housing is a testament to the school's mission for equity and inclusion for all. By integrating targeted services such as counseling, resource coordination, bilingual support, and transportation assistance, the school addresses the multifaceted challenges faced by these students. The strategic selection of these services, informed by data from the STH Title I Survey, ensures that the interventions are both relevant and effective. This holistic approach not only supports the academic success of students but also fosters a nurturing environment where all students can thrive.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

At P.S. 124 Silas B. Dutcher, we currently have one student in foster care. Our school is committed to providing a supportive and welcoming environment to ensure that all students, including those in foster care, feel safe, valued, and equipped to succeed academically and socially.

To support this student, we offer a range of social-emotional and academic services. Our Bridging-the-Gap Social Worker, Sharice Simpson, provides individual and group counseling, addressing trauma and fostering emotional resilience. Additionally, our Community Coordinator, Angelique Coward, serves as a liaison between the student's foster family and the school, ensuring access to basic needs and community resources. Our Parent Coordinator, Maria Garces, facilitates communication and engagement with the student's biological family, providing translation services and organizing workshops to empower family involvement. The School Secretary assists with transportation arrangements, ensuring the student has reliable access to school. Furthermore, our School Aides support the student in building relationships through initiatives like the walking school bus and participation in school events.

Through these collaborative efforts, P.S. 124 Silas B. Dutcher strives to make a positive impact on the educational experience of our student in foster care, supporting their journey toward academic achievement and personal growth.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At P.S. 124 Silas B. Dutcher, we are committed to providing comprehensive support for students in foster care, including those newly transitioning into the system. Recognizing the unique challenges these students face, our school has implemented a range of targeted interventions designed to promote stability, emotional well-being, and

academic success.

One of the cornerstone supports is individual counseling provided by our Bridging-the-Gap Social Worker, our SEL Social Worker, or our counseling in schools CBO partnerships. This service offers students a safe space to process their experiences, manage trauma, and develop coping strategies. Additionally, individual tutoring sessions are available during the school day, allowing students to receive personalized academic assistance tailored to their specific needs. These sessions not only address academic gaps but also provide a consistent routine that fosters a sense of stability.

Our administration maintains continuous communication with the student's foster family, ensuring that any changes in the student's circumstances are promptly addressed. This collaboration extends to coordinating with caseworkers and other involved professionals to create a unified support network. Such partnerships are essential in providing a holistic approach to the student's well-being and educational progress.

Furthermore, our school embraces a trauma-informed approach, understanding that students in foster care may have experienced disruptions that impact their learning and behavior. By fostering a supportive and understanding environment, we aim to mitigate the effects of trauma and help students build resilience. This approach is integral to our commitment to ensuring that every student has the opportunity to succeed and thrive.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Our analysis of historical data for students in foster care at P.S. 124 Silas B. Dutcher shows a clear pattern: these students often struggle with poor attendance, emotional challenges, and lower academic achievement—trends that mirror national findings showing increased grade repetition, disciplinary issues, and performance gaps. However, when a stable network of supportive adults surrounds them—teachers, counselors, caseworkers—they maintain their academic standing. We recognize the unique challenges faced by students in foster care, especially those transitioning into the system. To ensure these students receive the necessary support, our school collaborates closely with foster care agencies such as HeartShare St. Vincent’s Family Services and the New York City Administration for Children’s Services (ACS). These partnerships facilitate a coordinated approach to address the academic, emotional, and logistical needs of our students in foster care.

Through our collaboration with HeartShare, we have access to a range of services designed to support students in care. HeartShare provides case planning, educational advocacy, and access to on-site mental health clinics, ensuring that students receive comprehensive care. Their Youth Development Program offers tutoring, workshops, and extracurricular activities that help students build a strong foundation for their future. Additionally, they often support with transportation and school work completion so the student's do not fall behind.

Our partnership with ACS enhances our ability to support students by ensuring educational stability and access to necessary resources. ACS's initiatives. These resources enable us to offer personalized support tailored to each student's needs. The consistent communication with agencies help student outcomes.

In addition to these external partnerships, our school implements internal strategies to support students in foster care. We offer individual counseling through our Bridging-the-Gap Social Worker, Sharice Simpson, providing students with a safe space to process trauma and develop coping strategies. Individual tutoring sessions are available during the school day, allowing students to receive personalized academic assistance. Our administration maintains continuous communication with the student's foster family, ensuring that any changes in the student's circumstances are promptly addressed and that the family remains engaged in the student's educational journey.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At P.S. 124 Silas B. Dutcher, we've designed a targeted SEL support framework specifically for students in foster care, especially those transitioning during pivotal grades. These strategies work in tandem to bolster both emotional well-being and academic engagement while also addressing behavior challenges.

One essential element is Tier 2 and Tier 3 SEL support within an MTSS framework. We embed individual counseling with our Bridging-the-Gap Social Worker, which serves as a Tier 3 intervention to help students process trauma and build emotional resilience. Additionally, each student has a trusted adult mentor (teacher, counselor, or aide) who provides proactive check-in/check-out moments, offering daily scaffolding to set goals, monitor mood, and navigate stressors. We have started a practice of rounds every morning to check-in on students that need more targeted supports through the day with all our counselors and school aides.

Classroom environments integrate Tier 1 SEL strategies schoolwide, such as morning meeting rituals, explicit lessons on emotional literacy, self-regulation, empathy-building, and mindfulness exercises?. This universal SEL foundation ensures that every student, including those in foster care, encounters a stable, supportive learning space where emotions and relationships are validated.

To address the academic side of transition stress, we leverage small-group or one-on-one academic tutoring sessions that intentionally include SEL integration—for example, co-teaching emotion regulation strategies during work, reinforcing metacognitive skills such as frustration tolerance. Moreover, school-based family counseling supports creating consistent adult support across settings.

Finally, we've implemented peer-support systems—including buddy pairings and mentorship opportunities—to foster belonging and reduce isolation for new students?. These relationships supplement classroom and adult-led SEL work and provide additional behavioral role models. Continuous collaboration with agencies such as Counseling in Schools, IGraduate Mentors, and outside partnerships have offered success in supporting the child wholistically.

By blending trauma-informed counseling, structured SEL instruction, mentoring, academic tutoring, and restorative and positive behavior systems, P.S. 124 ensures that transitional students in foster care receive holistic support—helping them manage emotions, build relationships, achieve academically, and experience stability even amid life changes.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

At P.S. 124 Silas B. Dutcher, we use Extended Learning Time (ELT) in multiple settings—before school, during the school day, after school, —to meet the unique needs and interests of all students, especially those who benefit from opportunities beyond the traditional classroom.

We start our mornings with a fitness program offered on separate days. We also have school aides supervising morning play before breakfast in our playground. These activities focused on SEL-building activities like group play/fitness/talks that help students begin their day with confidence and connection. During the day and after school, we partner with the YMCA to provide a lottery-based, no-cost afterschool enrichment program, offering a diverse mix of academic support, arts, STEM, and physical activities. We offer lunch activties and in-house afterschool enrichment clubs led by teachers and community partners give students hands-on experiences in music, coding, cooking, and more—tailored to their interests and building new strengths.

In the summer, we support families in applying to the NYC Summer Rising program, which offers full-day academic instruction in the mornings and enrichment—such as field trips, arts, and recreation—in the afternoons.

Throughout the year, we host family events and learning fairs, bringing students, families, and staff together to celebrate achievements and build community. These gatherings reinforce school-home connections and empower families to support their children's growth. Together, our coordinated ELT efforts—morning groups, afterschool enrichment, summer learning, and family engagement—ensure that every student gains access to rich, varied, and meaningful learning experiences tailored to their interests and needs.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

At our school, we are deeply committed to partnering with families as essential decision-makers in the success of students receiving Tier 3 intensive interventions. Families are actively involved in the development, monitoring, and adjustment of their child's support plan through multiple, collaborative structures supported by a wide range of school-based and community resources all supported by Administration and Lead teacher supervision such as our Title 3 programming.

Key Family Engagement Opportunities:
Collaborative Intervention Planning Meetings: Families are invited to decision-making meetings with the School-Based Support Team (SBST), which includes the guidance counselor, Bridging the Gap social worker, social-emotional social worker, related service providers, community coordinator, parent coordinator, AIS staff, and out-of-classroom teaching staff. Together, we review student progress, discuss next steps, and ensure family voices guide

intervention decisions.

1:1 and Small Group Interventions: To accelerate academic progress for our most vulnerable students, we have hired AIS (Academic Intervention Services) staff and are leveraging our out-of-classroom teaching staff to provide targeted 1:1 and small group interventions. These supports are designed to help students catch up on interrupted learning and build skills in a personalized setting.

Expanded Learning Opportunities through Title III and the Arts: Through Title III-funded programs, book clubs, animation, music, and the arts, we provide enrichment and language development opportunities that support both academic growth and student engagement. Families are regularly invited to monitor progress, attend showcases, and provide input into these supplemental programs.

Huntington School Tutoring Partnership: We have partnered with Huntington School Tutoring Services to provide additional academic recovery support for students impacted by interrupted learning. Families are actively engaged in conversations about participation, progress, and scheduling to ensure the tutoring aligns with student needs and family routines.

Counseling in Schools Partnership: Through our partnership with Counseling in Schools, we offer students social-emotional support, including art therapy services, to address the holistic needs of our learners. Families are engaged in these support decisions and invited to explore the best options for their child's emotional well-being.

Ongoing Communication and Progress Updates: Families receive regular updates from intervention providers and support staff through individualized progress reports, direct outreach from family liaisons, the parent coordinator, and the community coordinator, as well as through parent-teacher and multi-disciplinary conferences. Our school works to ensure that families can access timely, meaningful updates and participate fully in decision-making.

Flexible and Culturally Responsive Engagement: We offer flexible scheduling, interpretation services, and a variety of communication methods (in-person, virtual, phone) to ensure that all families can engage in the process in a way that is accessible and comfortable for them.

Through these intentional structures, expanded interventions, and community partnerships, we ensure that families are true partners in supporting their child's Tier 3 progress and academic recovery.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

To maintain instructional alignment, our school employs an Intervention/Enrichment (I/E) block—a structured period built into the school day where every student participates in something meaningful. Rather than pulling students out, the I/E block provides differentiated support: some students receive re-teaching or catch-up help, while others engage in center-time hands on learning enrichment. This ensures ELT complements, we've organized our schedule into extended content blocks, especially in ELA, math, and STEM. These addiitonal periods allow teachers to seamlessly same standards and objectives practiced during ELT

To promote continuity across ELT and regular classes, teachers participate in weekly collaborative planning time as part of a Professional Learning Community (PLC). During this time, they analyze student data, align lesson plans, develop ELT mini-lessons, and coordinate pacing to ensure the curriculum is coherent and purposeful .

We also utilize data-driven instruction: formative assessment results from the regular day inform the focus of ELT sessions. If students are struggling in a specific concept, those areas become the priorities for ELT interventions. This tight feedback loop helps ensure that ELT supports are targeted and effective specifically in the IRead classes

where progress monitoring is a mandate and teachers can continuously review their student data to make informed decisions about their academic goals.

Provide a description of the materials purchased to support implementation of ELT.

We invested in instructional kits and consumables used daily during ELT intervention and enrichment blocks. These include culturally responsive literacy and math toolkits (e.g., leveled readers, fluency sets, manipulatives) aligned to our primary curriculum.
Our ELT program is supported by educational software licenses (IReady, ST math, and Discovery) and digital textbooks, accessible via Chromebooks issued to students. These resources allow for flexible, multimedia-rich instruction—essential during one-on-one or small group ELT sessions .

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS124K, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS124K, will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS124K, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

-Partnership and ongoing monthly professional development with Teaching Matters coach for English Language Arts & Literacy
-Partnership and ongoing monthly professional development with Metamorphosis coach for Mathematics
-Professional development in Teaching Strategies Gold curriculum for early childhood teachers and paraprofessionals
-Partnership and Professional development with Morningside Center for social-emotional learning and support
-Partnership with Dancewave and Anja Bollywood to provide dance classes for targeted classes at PS 124 (3K, 4K, K, Grade 1, Grade 4 and Grade 5
-Central led and/or facilitated literacy trainings in academic intervention programs
-Weekly common grade preparation periods for common planning and meeting

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS 124 plans to use the following to aide students in transitioning from preschool early childhood programs to elementary school programs:
-intermittent planned visitation to the Kindergarten classrooms for readiness and preparedness to aide in easing the transition from early childhood
-co-planning and grade meetings between 3K & 4K and Kindergarten to review student records and information, as well as pertinent information about each student to support a successful and seamless student transition experience into Kindergarten.
-teacher involvement in CPSE/CSE turning 5 meetings for ensured necessary student support programs and services in transition to elementary school programs as per individualized student needs
-aligned curriculum support with the 3K & 4K curriculum Teaching Strategies Gold to support foundational skills for students in transition to Kindergarten
-designated special days for 4K to meet the Kindergarten staff and classrooms to ease their transition experience for Kindergarten
-designated special days for 4K to eat lunch in the school cafeteria to familiarize them with the transition to the lunchroom, and introduce the lunchroom routine and expectations
-individual student articulation cards for students that capture pertinent information regarding each student individual needs, programs, alerts, medical and health information, English Language Learner status, IEP status and any relevant information pertinent to individual students that is supportive to the incoming teacher
-focused partnerships with neighboring schools for walking trips to visit the school building and environment for students transitioning to neighboring schools
-parent workshops to support family needs during the transition process
-office hours with the Parent Coordinator to aide with completing admission and enrollment applications
-access to the PS 124 Family Resource Center to provide technology and in person assistance for families

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$267,349	X	
Title I, School Improvement 1003(a)	Federal	N/A	X	
Title II, Part A	Federal	$20,879	X	
Title III, Part A	Federal	$12,000	X	
Title III, Immigrant	Federal	N/A	X	
Title IV, Part A	Federal	N/A	X	
Tax Levy (Fair Student	Local	$2,794,534	X	

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
YMCA	110	After School Program	Homework Assist & Enrichment (Sports/ARTS)
Counseling in Schools	30	At-Risk Counseling	SEL

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Counseling In Schools partners with the administration to plan and execute programs that are specifically tailored to the students and families' needs. Counseling In Schools leads thing such as, food distributions, student assemblies, enrichment programs, supporting staff with SEL whole class lessons and parent events. The Counseling In Schools' director has participated in instructional team cabinet, SLT and attendance team meetings. Counseling In Schools collaborates with other staff in the building to support students in need of at-risk services.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Counseling In Schools supports with developing an authentic school-family partnership with having events throughout the school year such as, coffee with the principal, having parents come for assemblies, community forum and workshops. Every year Counseling In Schools has a community forum where families can share their feedback and suggest things that they would like to see within the school in regards to programming, events and curriculum feedback. Counseling In Schools thrives to build relationships with parents. This year Counseling In Schools has a staff member dedicated to supporting families, Community Schools Support Personnel. The Community Schools Support Personnel's roles is to connect families to any needed resources and building connections to parents and the school.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Counseling In Schools also collaborates with the Social Emotional Learning Team, consisting of school social workers, guidance counselors and school psychologists to address any gaps or concerns coming up for students. Counseling In Schools is participating in the Morningside Professional Development with teachers to support SEL curriculum and building community within the classroom and school wide. Counseling In Schools will have a dance enrichment afterschool program which will have an SEL component that will happen twice a week.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Counseling in Schools team are collaborative members of our school's attendance team and collaborates with our Bridging the Gap Social Worker to address and motivate chronically absent students via recognition incentives and awards. The Community School Director will analyze attendance data with the principal to identify chronically absent students and create ideas to improve school wide attendance.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Counseling in Schools team supports Youth Equity Team and co-facilitates our School-wide Equity Team. The team also pushes into classrooms 2x a month to support SEL. Through the use of Counseling In Schools, Community Support Personnel this staff member supports with translated documents due to our high population of asylum seeking families and students in temporary housing.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Valeria Ossa
Assistant Principal (Where Applicable)*	Liliana Scamardella
English as a New Language (ENL) Teacher*	Mayra Badillo
Teacher (if school has a bilingual program must be a bilingual teacher)*	Ladyjey Sanchez
Parent/Guardian*	Maria Eugene Marin
Teacher	
Parent Coordinator	Maria Garces
School Counselor	Carrie Rosenberg
Related-Service Provider	Tara Scoza
iRead Lead Teacher	Gabriela Pena
Community School Director	Laurel Boyce

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

4

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

221

Total number and percentage (%) of current ELLs:

63 or 28.5%

Total number and percentage (%) of former ELLs:

2 or 0.9%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

56 or 88.9%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

9 0r 14.3%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

18 or 28.6%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2025-2026	0	0	0	1	0	1								2
DLBE	BSE	Spanish	2025-2026	1	1	1	0	1									4
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Instruction for English Language Learners at 15K124 follows a stand alone and integrated model approach as per CR Part 154.2. Depending on the students' proficiency level, students receive stand alone instruction as well as integrated instruction in the classroom.

Stand-alone ENL students receive English language development (ELD) instruction from a New York State-certified ESOL teacher, designed to help them acquire the English language skills necessary for success in core content areas, such as English Language Arts, Social Studies, Science, and Mathematics. Stand-alone ENL is a dedicated time for English language development specifically for Entering and Emerging students. At 15K124, homogeneous groupings based on proficiency levels are used to provide targeted services within grade bands.

In our Dual Language program, stand-alone English minutes for English Language Learners (ELLs) are delivered on the days when instruction is conducted in English by a bilingual-certified teacher. During these times, ELLs receive focused and explicit English language instruction, typically embedded within the English literacy block (reading and writing). Students are grouped homogeneously based on their English Language Proficiency (ELP) levels to ensure instruction is appropriately targeted. When appropriate, ELLs may also be grouped heterogeneously at the discretion of the trained bilingual educator to support differentiated learning needs.

15K124 follows the NYSED units of study and staff requirements chart referenced in the Policy and Reference Guide for Multilingual Learners/English Language Learners 2025-2026 School Year:

CR Part 154-2 (K-8) English as New Language (ENL) Units of Study and Staffing Requirements

Integrated ENL:

For Integrated ENL services, teachers work with students in small groups to develop literacy and target language skills. These groups are composed of mixed proficiency levels (Entering, Emerging, Transitioning, Expanding) to provide integrated services. Groupings are based on data gathered from conferences, student work, and ongoing assessments. Instruction is tailored to meet the needs of students according to their English language proficiency. Lessons and activities are designed around the core curriculum and Targets of Measure (TOMS), incorporating visuals to support language acquisition and scaffold learning. Visuals include photographs, diagrams, slides, infographics, and recorded videos.

Students receive core content area and English language development instruction, including the use of the home language as support and appropriate ELL instructional support to enrich comprehension. Integrated ENL classes are taught by a teacher dually certified in the content area and TESOL or are co-taught by a certified content area

teacher and a certified TESOL teacher.

Integrated English minutes in our Dual Language program are delivered during content-area instruction on English days by a bilingual-certified teacher. This form of instruction embeds English language development within core academic subjects such as English Language Arts, science, and social studies. Teachers strategically plan lessons that include both content and language objectives, ensuring that ELLs develop academic vocabulary and language structures needed for success in grade-level content. Instruction is scaffolded to meet students' English Language Proficiency (ELP) levels and includes strategies such as visual supports, sentence frames, and structured academic discussions. Through integrated English instruction, ELLs build their English proficiency while engaging meaningfully with rigorous academic content.

The required number and type of instructional minutes vary based on the student's proficiency level and grade. Students may be required to complete a minimum mandated unit of study, such as 180 minutes per week of integrated ENL, and/or a specified number of flexible ENL minutes. These flexible minutes can be scheduled as either stand-alone ENL or additional integrated ENL services.

15K124 follows the NYSED units of study and staff requirements chart referenced in the Policy and Reference Guide for Multilingual Learners/English Language Learners 2025-2026 School Year :
CR Part 154-2 (K-8) English as New Language (ENL) Units of Study and Staffing Requirements

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

15K124 does not have a Transitional Bilingual Education (TBE) program for the 2025-26 academic year.

Dual Language Bilingual Education (DLBE):

The Dual Language Bilingual Education (DLBE) program at 15K124 has two program types, General Education (GE) and Bilingual Special Education (BSE).

The DBLE in General Education will have a stand alone Spanish Dual Language Program with one Spanish DLBE class in grades three and five for 2025-2026.

In the Spanish Dual Language program, one qualified Dual Language education teacher will deliver the required instructional minutes according to each student's language proficiency level and grade. This instruction is integrated into the literacy block, where literacy is taught in both English and Spanish, allowing English Proficient and English Language Learners to develop strong biliteracy skills.

During the literacy block, students engage in reading and writing activities in both languages, fostering language development, comprehension, and academic vocabulary across content areas.

Mathematics and Science instruction is conducted exclusively in English. However, to support English Language Learners (ELLs), educators provide targeted language supports, instructional modifications, and clearly defined language objectives. These resources ensure that ELL students can access the content effectively while continuing to develop their English proficiency.

The DBLE in Bilingual Special Education will have a stand-alone Spanish Dual Language Program with one Bilingual Special Education teacher and Spanish Dual Language General Education teacher in grades Kindergarten, first, second, and fourth for 2025-2026.

In a stand-alone Dual Language Bilingual Special Education (BSE) class, instruction is delivered in both English and Spanish by a bilingual special education teacher/Dual-Language general education teacher. These ICT classrooms follow a bilingual model 60/40 and are designed to support students with IEPs by integrating academic content and language development. Lessons are culturally responsive and include visual supports, hands-on materials, and explicit language objectives. Instruction aligns with IEP goals and supports both language proficiency and academic growth.

In a bilingual special education Spanish classroom using the ICT (Integrated Co-Teaching) model, the general education teacher holds a bilingual extension and collaborates closely with the dually certified special education teacher. The general education teacher provides instruction in both English and Spanish, ensuring that academic content is accessible to all students while supporting language development across both languages. In grades K, 1, 2, and 4, the general education teacher focuses on delivering standards-based instruction that promotes oral language development, early literacy, vocabulary acquisition, and content-area learning in both Spanish and English. The teacher works in partnership with the special education co-teacher to differentiate instruction and ensure that students with IEPs receive the appropriate scaffolds and accommodations while fully participating in the dual language program.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

ENL and Spanish Dual Language Bilingual Education (DLBE) teachers follow the Policy and Reference Guide for Multilingual Learners/ELLs and their NYSITELL data to determine the required units of study and number of instructional minutes for each student. They also use ATS reports (RELC, RLAT, RFSF, and REXH) and the ELL Data Analysis Tool (EDAT) to identify students' English language proficiency levels. These tools help guide instructional planning and ensure that each multilingual learner receives the appropriate level of language support.

ENL providers and bilingual teachers deliver integrated services during the literacy block and content area instruction. They collaborate closely to align instruction and schedules with grade-level standards and mandated ENL service minutes. Daily attendance is recorded across all program models to ensure that every student receives the required instructional time based on their language proficiency level. This coordinated approach supports both language development and academic achievement for multilingual learners.
The Assistant Principal is responsible for ENL programming in STARS. Teacher schedules are created by the assistant principal and ENL providers, ensuring students are receiving the mandated minutes according to their language proficiency level.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

15K124 follows all mandates outlined in the Policy and Reference Guide for Multilingual Learners/ELLs to provide both stand-alone and integrated ENL services. Instructional programming is guided by each student's English language proficiency level and grade, as determined through ATS reports and the ELL Data Analysis Tool (EDAT).

Stand-Alone ENL and DLBE services are delivered only to current MLs/ELLs and vary based on proficiency level:

Entering (K–5): 1 full unit (180 minutes/week) of stand-alone ENL.

Emerging (K–5): At least 0.5 units of stand-alone ENL, with 0.5 flexible units (90–180 minutes total).

Transitioning (K–5): Up to 0.5 units of stand-alone ENL (0–90 minutes) as part of flexible minutes.

Expanding & Commanding: No stand-alone ENL required (0 minutes).

Integrated ENL and DLBE is provided during literacy and content area instruction, aligned with grade-level standards and mandated service minutes:

Entering (K–5): 1 full unit (180 minutes/week) of integrated ENL.

Emerging (K–5): At least 1 full unit, plus 0.5 flexible units (180–270 minutes total).

Transitioning (K–5): At least 0.5 units, plus 0.5 flexible units (90–180 minutes total).

Expanding (K–5): 1 full unit of integrated ENL (180 minutes).

Commanding (Years 1–2 post-exit): 0.5 units or approved alternative support (90 minutes/week).

ENL providers and classroom teachers collaborate regularly to align instruction, schedules, and ensure compliance with all mandated service minutes. Teachers frequently use informative and formative assessments to progress monitor distinct goals of students. Attendance is taken daily to monitor consistent delivery of services for all multilingual learners.

HOME LANGUAGE ARTS (HLA):

P.S. 124 offers a two-way Dual Language program for students in grades K–5, serving a diverse population of both native English speakers and English Language Learners (ELLs). This program fosters bilingualism, biliteracy, and cross-cultural understanding through instruction in both English and Spanish.

Instruction is collaboratively delivered by classroom teachers and support staff, both inside and outside the classroom, to create a rich, balanced bilingual learning environment. Students engage with both languages across core academic subjects, with a strong emphasis on developing skills in reading, writing, speaking, and listening in English and Spanish.

Currently, Home Language Arts (HLA) instruction in Spanish is provided on a biweekly basis. The current language allocation model at P.S. 124 consists of approximately 35% Spanish HLA and 65% English Language Arts (ELA). Our long-term goal is to achieve a 50/50 instructional balance between Spanish and English, in alignment with best practices for Dual Language education.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Spanish Dual Language Program at 15K124

The Spanish Dual Language program at 15K124 follows a self-contained model from kindergarten through fifth grade. Students in these classes are heterogeneously grouped, with mixed language proficiency levels determined by data collected from conferences, student work, and formal assessments.

Bilingual teachers utilize the Policy and Reference Guide for Multilingual Learners/ELLs to determine the required units of study for each student. English Language Learners (ELLs) receive all or part of their mandated English as a New Language (ENL) instruction through an integrated co-teaching model, combining core content instruction with English language development.

The program maintains a 100% integrated model, with English Proficient (EP) students and ELLs learning side by side in both English and Spanish. Literacy instruction is delivered in both languages during the literacy block. Mathematics and Science are taught in English, with native language support available to assist entering ELLs. Phonics, read-alouds, shared reading, interactive writing, and Social Studies are taught in Spanish, the target language.

Additionally, 15K124 implements the Heggerty Spanish Phonemic and Phonological Awareness curriculum across all Spanish Dual Language classes in grades K–5, supporting early literacy development in Spanish.

b. In which language(s) is each core content area taught?

Home Language Arts (HLA) is taught in Spanish, while all other core content areas are delivered in English. The Spanish Dual Language program follows a self-contained model from kindergarten through fifth grade, with 100% integration of English Proficient students and English Language Learners (ELLs). Instruction is designed to promote bilingualism and biliteracy through purposeful use of both English and Spanish.

Curriculum and Language Allocation:

Literacy (English and Spanish):
Core Spanish literacy instruction is based on ¡Arriba la Lectura! (Grades K–5).
All Spanish Dual Language classrooms implement the Heggerty Phonemic and Phonological Awareness curriculum in Spanish.

Content Areas:
English: Mathematics and Science
Spanish: Word Study, Read Alouds, Shared Reading, Interactive Writing, and Social Studies

This language allocation ensures balanced exposure to both languages, supporting students' academic development and linguistic growth in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Currently, 15K124 does not have a Transitional Bilingual Education (TBE) program for the 2025-26 academic school year.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At 15K124, teachers and administrators work collaboratively to support the academic success of both current and former English Language Learners (ELLs). ENL and classroom teachers regularly engage in data-driven discussions to monitor student progress, identify needs, and ensure that all ELLs continue to make meaningful growth in their classrooms. This shared responsibility reflects the school's commitment to providing ongoing, targeted support for multilingual learners at every stage of their language development.

According to the ELL Data Analysis Tool (EDAT) and RFSF report for 15K124, there are 53 out of 61 ELLs are identified as Newcomers. The percentage of ELLs as Newcomers is 86.9%.

Newcomer:
ENL and classroom teachers work collaboratively to support Newcomer English Language Learners (ELLs) through a variety of intentional strategies designed to make learning more accessible and to support the development of English proficiency (EP). Using the Sheltered Instruction Observation Protocol (SIOP) model, teachers provide instruction in both academic content and English language development using clear, simple language. To make lessons more comprehensible, they use native language libraries and glossaries, as well as visuals, gestures, and modeling, such as pictures, hand movements, and demonstrations to explain new ideas. When possible, primary language support is offered to help students better understand key concepts in their home language. Teachers also use sentence frames to support speaking and writing, and word walls to reinforce essential vocabulary. Scaffolded vocabulary instruction is provided, meaning new words are introduced gradually with visual aids, clear explanations, examples, and opportunities for practice. These strategies help newcomer students build both confidence and competence as they acquire English while engaging with grade-level content.

According to the ELL Data Analysis Tool (EDAT) and RFSF report for 15K124, there are 8 out of 61 (13.1%) ELLs are identified as Developing and 0% are Long-Term ELLs.

Developing:
Instruction for Developing English Language Learners (ELLs) focuses on building academic language and content knowledge through structured support and increasing independence. Instruction is integrated, emphasizing in small

group instruction tailored to their language and academic needs. Key strategies include the preview-review lesson model and front-loading academic vocabulary across content areas to prepare students for whole group instruction. These approaches help ensure that developing ELLs can fully engage with grade-level content while continuing to build English proficiency. ENL and classroom teachers use graphic organizers to help students organize ideas and understand complex concepts. Peer collaboration and structured discussions are encouraged to develop oral language skills and support comprehension through meaningful interaction. Guided reading and writing activities are provided in both English and the home language, when available, to reinforce literacy development across languages. Instruction follows a gradual release to maximize independence in the target language, where teachers first model skills, then guide practice, and ultimately support students as they work independently, helping them gain confidence and autonomy in both language and learning.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to the RFSF report and the ELL Data Analysis Tool (EDAT) report for 15K124, there are currently 2 ELLs identified as SIFE (Students with Inconsistent/Interrupted Formal Education.) The data indicates that the percentage of SIFE ELLs is 3.3%.

15K124 uses a literacy-first approach for SIFE students, prioritizing the development of foundational literacy skills in both English and, when possible, the student's home language. Intensive support in phonics, phonemic awareness, and decoding addresses gaps from interrupted schooling. Strategies such as the language experience approach, where students create written texts from their own oral stories, help build literacy through meaningful, personal connections. The primary language support is provided to reinforce learning and reduce frustration, especially in literacy and math through the use of bilingual glossaries, translated materials, and peer language partners.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

According to the RFSF report and the ELL Data Analysis Tool (EDAT) report for 15K124, there are currently 0 Long-Term ELLs. The data indicates that the percentage of Long Term ELLs is 0%.

Long-term ELLs:

Instruction for Developing ELLs emphasizes integrated support through small group instruction, vocabulary front-loading, and strategies like guided reading, structured discussions, and the gradual release model to build academic language and promote independence. In contrast, instruction for Long-Term ELLs, though not currently enrolled at 15K124, would include a more targeted intervention plan designed to address long-standing gaps in academic language development. This plan would focus on explicit vocabulary and grammar instruction tied to academic content, targeted reading interventions to support comprehension and critical thinking, and structured writing support across academic genres. The goal is to re-engage Long-Term ELLs with rigorous, supportive instruction that helps them fully access grade-level expectations and build lasting language proficiency.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to the RFSF and RLAT reports and the ELL Data Analysis Tool (EDAT) for 15K124, there are 2 former ELLs. The data indicates that the percentage of former ELLs is 0.8%.

At 15K124, teachers and administrators share a collective responsibility for supporting the academic and language development of both current and former English Language Learners (ELLs). The school utilizes alternative language pathways to ensure former ELLs continue to make progress as Commanding proficient ELLs. ENL teachers and classroom teachers meet regularly to review student data, monitor progress, and plan targeted instruction. This collaboration includes planning for both whole group and small group instruction to provide differentiated support that aligns with students' evolving needs.

Former ELLs continue to receive up to 90 minutes of integrated ENL instruction for two years after exiting ELL status. They also benefit from ongoing language support, such as bilingual glossaries, native language texts, and appropriate testing accommodations, including access to New York State exams in accordance with ELL guidelines. This intentional, collaborative approach ensures that former ELLs remain on track for sustained academic success.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Currently, only 1.6% of ELLs and former ELLs at 15K124 have no at-risk indicators. Approximately 9.8% (6 out of 61 students) have one at-risk indicator, while 54.1% present with two at-risk indicators.

The two highest at-risk indicators are ELL students who are in temporary housing (77.0%) and newcomer status (86.9%). When these two factors intersect, which they do, our population is faced with many challenges that deeply affect educational outcomes. The instability of temporary living situations often results in frequent school changes, disrupted daily routines, and limited access to consistent study spaces, factors that can significantly hinder learning. At the same time, newcomer students, many of whom are still acquiring English language skills, often struggle to understand academic content, connect with peers, and navigate school systems. These combined barriers can lead to lower attendance, as well as reduced academic performance. Social and emotional challenges are also common, as many of these students have faced trauma, forced migration, or cultural isolation.

English Language Learners (ELLs) with three or more at-risk indicators comprise 19.7% of the population, primarily due to limited progress in English Language Proficiency (ELP) and scoring a Level 1 or 2 on both the ELA and Math state assessments during the 2023–2024 school year. According to the Spring 2025 ELL Data Analysis Tool for 15K124 (EDAT), there are 15 currently enrolled students that did not demonstrate sufficient English Language Proficiency (ELP). Of these, 7 students showed progress within their quartile; however, this growth was not sufficient according to state standards. Notably, 5 of the 15 students are in Grade 2, a drop in ELP may be attributed to the sharp increase in rigor between the Kindergarten and 1st grade New York State English as a Second Language Achievement Test (NYSESLAT) assessment. Additionally, 7 of these students have Individualized Education Programs (IEPs), and also scored either a 1 or 2 for both the ELA and Math state assessment in 2023-2024.

English Language Learners (ELLs) with five to seven at-risk indicators make up 14.8%. Half of these students have Individualized Education Programs (IEPs) and/or are classified as newcomers. All of them scored a Level 1 or 2 on both the ELA and Math state assessments in the 2023–2024 school year. Additionally, more than half live in temporary housing, highlighting the multiple challenges they face.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to data from the ELL Data Analysis Tool report for 15K124, 0.8% are former ELLs. Two key at-risk indicators that might adversely affect this group include scoring at Level 1 or 2 on the New York State Grades 3–5 Mathematics assessment and a rising percentage of former ELLs living in temporary housing.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

To ensure students are appropriately evaluated in their home language, ENL providers and trained staff refer to the Home Language Identification Survey (HLIS) and utilize ATS reports such as RPOB, RLAT, and RELC. According to the ELL Data Analysis Tool (EDAT), Spanish is the most commonly reported home language at 15K124, with 54 families identifying it as their primary language. The school currently has one Language Access Coordinator (LAC), who plays a key role in supporting language assistance services. In alignment with Chancellor's Regulation A-663, the LAC ensures that parents who prefer a language other than English receive timely and accurate communication in their preferred language. The LAC is well-versed in the linguistic needs of the school community and uses a variety of communication strategies, both written and oral, to engage families in school services and events. Additionally, the LAC collaborates with the DOE's Language Translation and Interpretation Unit to provide guidance and serve as a liaison to families. To further support multilingual communication, office staff and school personnel have access to free over-the-phone interpretation in more than 350 languages through the DOE-contracted vendor, Linguistica International. Furthermore, both the office staff and the school's Counseling in Schools partnership team are trained to use Pocketalk translation devices available in two models, Pocketalk S and Pocketalk Classic, which enable real-time conversations in 82 languages.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

All classes in kindergarten through fifth grade have culturally responsive classroom libraries which are used throughout content areas to provide opportunities for our students to develop positive relationships with their peers and their cultural identity. Selections include Spanish language books for Dual Language classrooms. In addition, the school has developed a lending library in various languages representative of all students' languages. 15K124 is also taking advantage of partnerships with several community based organizations that provide services to the entire school community. Partnerships include working with Prospect Park YMCA to provide after-school services to all of the students as well as working with Counseling in Schools. The counselors and staff of Counseling in Schools provide socio-emotional support, conduct culturally responsive workshops and facilitate series to the entire school community. Additionally CIS partners with our out of classroom teachers to facilitate a monthly Social Emotional (SEL) day that is designed to teach students culturally responsive content and skills that can be transferred across content areas and in their daily lives. Themes have included Women's History, Hispanic Heritage Month, Black History Month, Earth Day and other social and emotionally responsive themes. 15K124 will continue the partnerships with YMCA and CIS for the 2025-26 academic school year.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

According to the Spring 2025 ELL Data Analysis Tool (EDAT) for school 15K124, 27 out of 61 English Language Learners (ELLs) were identified as progress-eligible. Among these students, 12 met the criteria for sufficient

progress in English Language Proficiency (ELP).

Specifically, 2 students (7.4%) exited ELL status. An additional 9 students (33.3%) successfully met their annual progress targets. One student (3.7%) demonstrated sufficient progress through Safe Harbor cumulative growth, an alternative measure of language development.

However, 15 students (55.6%) did not meet the required level of English language proficiency based on the criteria outlined in the EDAT.

Students who met sufficient ELP progress generally had fewer risk factors compared to those who did not. Although 15 students did not meet the state-defined threshold for sufficient progress, 7 of them showed growth within their performance quartile. However, this growth was not substantial enough to meet the state's standard for ELP gains.

Notably, 5 of the 15 students who did not demonstrate sufficient progress are in Grade 2. This may be attributed to the significant increase in assessment rigor between the Kindergarten and Grade 1 New York State English as a Second Language Achievement Test (NYSESLAT), which could contribute to the observed drop in proficiency.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

At 15K124, the 2024 NYSESLAT proficiency levels among English Language Learners (ELLs) show a range of language development across students. Out of 45 ELLs who participated in the assessment, 2 students (4.4%) achieved the Commanding level and are classified as Former ELLs. Meanwhile, 8 students (17.8%) are at the Expanding level, 12 students (26.7%) are at the Transitioning level, 13 students (28.9%) are at the Emerging level, and 10 students (22.2%) are at the Entering level.

Focusing on student progress within levels, of the 10 students at the Entering level, 3 were within 11–20 points of advancing to the Emerging level, and 2 students were within just 1–10 points of reaching Emerging. Among the 13 students at the Emerging level, 4 were within 11–20 points of progressing to the Transitioning level, while 2 were within 1–10 points.

Looking at the 12 students at the Transitioning level, 4 were within 11–20 points of moving up to the Expanding level, and another 4 students were within 1–10 points of making that same advancement. Of the 8 students currently at the Expanding level, 3 were within 1–10 points of achieving the Commanding proficiency level, which would classify them as Former ELLs.

Notably, approximately one-quarter of the students who took the 2024 NYSESLAT were within 1–10 points of reaching the next proficiency level. For many of these students, limited scores in the writing modality are preventing them from achieving a Commanding level.

There are 7 out of 12 Grade 2 students who are currently performing at the Transitioning level. All of these students had previously scored at the Expanding level on the 2023 NYSESLAT. This shift is largely attributed to the significant increase in assessment rigor between the Kindergarten and Grade 1 NYSESLAT exams.

The Spring 2024 EDAT results revealed an overall increase in students' strengths across multiple modalities compared to 2023. Students in Grades 4 and 5 demonstrated significant growth in speaking proficiency on the 2024 NYSESLAT. Listening skills also improved, particularly in Grade 5. Interestingly, many students who scored exceptionally high in the speaking modality are identified as having learning disabilities. While these students exhibit strong oral language skills, they continue to face challenges in literacy.

Students who made gains on the 2024 NYSESLAT showed notable improvement in the speaking and listening modalities. However, writing remains an area of need, as reflected in both the 2023 and 2024 assessment data.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

According to the Spring 2025 ELL Data Analysis Tool (EDAT), 15 English Language Learner (ELL) students participated in the 2024 New York State English Language Arts (ELA) Exam.

Of these 15 students, 6 are currently in Grade 4. Five of the six scored at Level 1 or 2 on the ELA exam and are also classified as struggling learners with Individualized Education Programs (IEPs). Notably, the majority of these students fall within the Developing ELL subgroup. While they demonstrate strength in the Speaking modality of the NYSESLAT, they continue to face significant challenges in literacy.

The remaining 9 students are currently in Grade 5. Of these, six students who scored at Level 1 were administered the ELA exam for the first time. According to the 2024 NYSESLAT, these students were identified as being at the "Entering" or "Emerging" proficiency levels.

In summary, ELL students who scored at Level 1 or 2 on the ELA exam are predominantly either newcomers or students with IEPs, highlighting the need for targeted instructional support in literacy.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the Spring 2025 EDAT, the following outlines the proficiency levels of Students with Disabilities (SWD) and non-SWDs based on the 2024 NYSESLAT results:

Entering: 3 SWD, 7 non-SWD

Emerging: 4 SWD, 9 non-SWD

Transitioning: 7 SWD, 5 non-SWD

Expanding: 2 SWD, 6 non-SWD

Commanding: 2 non-SWD

In total, 16 out of the 45 students who took the 2024 NYSESLAT were identified as Students with Disabilities, representing nearly half of the tested ELL population. Among these 16 SWDs, 6 belong to the Developing ELL subgroup, while the remaining 10 are classified as Newcomers. Of these Newcomers, only 2 are currently identified as SIFE. There is a growing subgroup of ELLs who have intersecting needs as both Newcomers and Students with Disabilities. This highlights the need for more collaboration among ENL and Special Education teachers to help address both language development and disabilities, especially during the critical early stages of language acquisition.

The remaining 29 students without IEPs belong to the Newcomer subgroup. Of these, 16 scored at the Entering or Emerging proficiency levels, while 11 are performing at the Transitioning or Expanding levels, indicating steady progress. 2 non-SWD students achieved a Commanding score and are now considered former ELLs. Among Newcomer ELLs without disabilities, there is a clear upward trajectory in English language proficiency. This noticing

suggests that targeted language instruction is yielding positive results, and with continued support, more students are likely to transition out of ELL status in the future.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

15K124 offers ELLs engaging, hands-on learning experiences throughout the academic year. Academic learning during the ELA block is supported by the use of the HMH Into Reading curriculum and in Mathematics through the Illustrative Math curriculum. These experiences are enhanced and built upon through Project-Based Learning (PBL) in the areas of science and social studies, complemented by high-quality, rigorous literacy and math centers that meet grade level ELA and Math standards while developing ELLs language acquisition. ELLs are given scaffolded access to general education content through PBL, small group instruction, and various activities. Classroom teachers also enhance learning with experiential opportunities, such as thematic field trips (e.g., to a museum).

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Staff Development Committee (SDC) analyzes student performance data from the NYS ELA, NYS Math, and NYSESLAT assessments, as well as school-wide screener data from Acadience and MAP Growth. This data-driven approach is used to identify and group students for targeted academic instruction, intervention support services, small group instruction, and one-on-one conferences to address individual learning needs.

Instructional design considerations include:

*Designing a data collection spreadsheet which includes ELA, Math, Writing and Phonics assessments (HMH, IM, FUNdations)
*Heggerty Phonemic Awareness curriculum-A phonemic awareness program for students in Kindergarten through second grade students and self-contained classes (ELLs with IEPs)
*The Intensive Reading Education and Development (iREAD) Early Literacy Program for students in kindergarten through fourth grade with a lead teacher that supports and helps teachers tailor instruction to meet the needs of all learners, specifically for students with reading disabilities.
*Engaging in Complex Text (read alouds) as part of the HMH curriculum as a school-wide initiative for all students in grades K through fifth grade.
*Embedding Mathematics problem solving tasks to the current mathematics curriculum for all students in

kindergarten through fifth grade. The consideration was made to assist ELL students and all students with multi-step word problems by providing language scaffolds to ensure content area language acquisition to present work in both oral and written form.
*Native language (Spanish) classroom libraries for Dual Language classrooms and the use of the Arriba La Lectura curriculum during Spanish lessons that complement the Into Reading lessons delivered during the English lessons
*Culturally responsive and decodable libraries for all classrooms

Curriculums include:
*K-5 Reading and Writing HMH Into Reading/Arriba La Lectura
*K-3 Heggerty and Fundations Phonics
*K-5 Math Illustrative Math
*K-5 Science Amplify
*K-5- Social Studies- Passport and Civics For All

School Leadership Team (SLT), Staff Development Committee (SDC), and/or grade teams meet weekly to conduct data meetings where trends are identified, root causes are postulated, then action plans are being developed; with follow up on the action plans being discussed in subsequent meetings. Data discussed comes from classroom observations, classroom assessments (teacher created, standards aligned, curriculum based, formative, or summative), and/or screener data.

15K124's School Leadership Team works with their ENL and DLBE team to ensure proper programming based upon students' NYSESLAT scores.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Students receive core content area and English language development instruction, including the use of the home language as support and appropriate ELL instructional support to enrich comprehension. Integrated ENL classes are taught by a teacher dually certified in the content area and ENL or are co-taught by a certified content area teacher and a certified ENL teacher.

Instruction for English Language Learners follows a stand-alone and integrated model as per CR Part 154.2. Depending on students' proficiency level, students receive stand-alone instruction as well as Integrated services in the classroom so that each student receives the correct amount of mandated minutes as per their proficiency level determined by their NYSITELL or NYSESLAT scores. Teachers work with students in small and larger groups on literacy and target language skills in listening, speaking, reading and writing based on the language progressions and grade level standards. These small groups focus on specific foundational skills such as decoding and encoding, fluency, use of punctuation to guide reading comprehension or a variety of other reading comprehension strategies. Small groups with a focus on writing would allow students to have practice in writing increasingly complex sentences, elaboration and craft, as well as guided writing of both informational and literary texts. Groupings are mixed proficiency levels for integrated services and homogeneous groupings according to proficiency levels for stand alone services.

Stand Alone Spanish Dual Language and/or Bilingual Special Education Programs in Kindergarten through fifth grade for 2025-2026 academic year. Students in the Spanish Dual Language/BSE classes are grouped heterogeneously, with mixed proficiency levels depending on data collected from conferences, student work as well as assessments. To increase metalinguistic awareness and promote the transference of listening and speaking skills in both English and Spanish teachers will strategically partner or group students for classroom discussions and turn and talks thus allowing students to expand their listening comprehension and discussion skills in both languages. Small group

instruction and literacy centers will focus on specific foundational skills, reading comprehension strategies, or writing practice based on student need and language development. These include decoding, encoding, itemized knowledge practice (letter names and sounds, HFW etc.), fluency practice, handwriting practice, vocabulary and grammar development, as well as grade level reading and writing skill development with guidance and scaffolding as appropriate.

Classroom teachers and ENL teachers receive professional development on grade level curriculum that is aligned to the Next Generation standards. Regular grade team meetings and Monday PD time with administration, the ENL coordinator, and various other support staff focus on how to support teachers on differentiation for all students including ELLs. 15K124 works with both internal teacher leaders and external coaches to propel teaching practice and plan quality instruction that aligns with student need and language development.
For ELLs in non-Dual Language classrooms, core content is delivered by their classroom teacher and collaborative teaching with the ENL teacher. This teaching team works together to provide instruction in phonics (FUNdations), engaging in complex texts and writing (HMH), and math (Illustrative Math). Teaching teams work together to create and curate images, hand-on materials, sentence stems, organic models for oral language, and strategies to provide access to general education curriculum.

For the Bilingual Education program model, Dual Language and BSE teachers provide instruction in both languages. Currently 15K124 provides 35% of Spanish HLA and 65% ELA. Our goal is to reach 50% Spanish HLA instruction and 50% ELA Instruction. Dual Language Teachers provide instruction in foundational skills (phonics) through FUNdations (English), Illustrative Math (both languages), and engage in rich classroom discussions, word study, reading comprehension activities and writing tasks with complex multicultural texts through thematic HMH units of study. Teachers create and curate images, hand-on materials, sentence stems, organic models for oral language, and strategies to provide access to all academic curricula.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Classroom teachers, Integrated Co-Teaching (ICT) teams, and ENL teachers at 15K124 receive ongoing professional development on the grade-level curriculum, which is aligned to the Next Generation Learning Standards for kindergarten through fifth grade. This training ensures that instruction across classrooms remains rigorous, standards-based, and responsive to students' language development needs.

ENL providers and bilingual teachers deliver integrated services during the literacy block and content area studies. They work closely with classroom teachers to align instructional schedules and ensure that lessons meet both grade-level expectations and mandated service minutes for all student subgroups. Additionally, ENL teachers review students' IEPs in collaboration with the SBS Team to ensure that IEP goals and linguistic objectives are aligned with each student's language proficiency level.
All students at 15K124 learn through the HMH Into Reading/Arriba La Lectura program, which serves as the school-wide reading and writing curriculum. For foundational literacy, students in kindergarten through second grade use the Heggerty Phonemic and Phonological Awareness program, while FUNdations is implemented in grades K–3 to teach phonics, decoding, encoding, grammar, and morphology in English.

To support individualized learning, all students have access to Raz-Kids, an online platform featuring leveled and decodable texts, vocabulary development, and comprehension activities tailored to their reading levels. Students in Grades 1-5 have access to iReady in Math and Reading for additionally individualized practice in these content areas. iReady uses responsive and adaptive software to help target the lessons and games students play to address

their needs and areas of strength. For struggling readers, Tier 2 and Tier 3 interventions include access to Orton-Gillingham-based programs such as Wilson Reading and Fun and Focus. These interventions ensure that students continue to progress within a consistent scope and sequence for foundational skill development.

b. SIFE

Students with Interrupted Formal Education (SIFE) are identified using the SIFE intake screener developed by the New York State Education Department. This screening process includes an oral interview and academic assessments in reading, mathematics, and reading comprehension, all conducted in the student's native language. Upon completion, the screener provides results indicating the student's academic level and language proficiency. These results help educators understand the student's performance relative to grade-level expectations in their home language. All screening data is shared with the student's classroom teachers to support instructional planning, and a copy of the oral interview is placed in the student's cumulative folder for future reference. These students receive the same quality instruction as other students and ELLs at PS 124 as well as additional support during the literacy block from their classroom teacher or ENL provider. These supports include scaffolded language prompts or sentence stems for speaking and writing, access to bilingual glossaries or dictionaries. When appropriate, students may also receive native language support or translations from paraprofessionals or classroom teachers to assist with daily instruction and assessments. When possible these students take their content area assessments (State Tests, NYCPT etc.) in their native language. These students are also taught how to use translation software to better understand and communicate with their peers and teachers, especially for students who speak lower incidence languages such as Arabic or Russian.

c. Newcomers

Additional support for newcomers during the literacy block is delivered by their classroom teacher or an ENL provider. Newcomer students receive a combination of stand-alone and integrated instruction based on their language proficiency levels. These supports include scaffolded language prompts or sentence stems for speaking and writing, as well as access to bilingual glossaries or dictionaries. There are also ELL supports within the HMH curriculum which help students access the vocabulary and grammar that will further their English language development. The HMH tabletop lessons provide additional support for Newcomer ELL's as an independent literacy station. ENL providers and classroom teachers collaborate closely to align curriculum and implement scaffolding strategies that support language development and content understanding during their integrated instruction time. When appropriate, students may also receive native language support or translations from paraprofessionals or classroom teachers to assist with daily instruction and assessments, as well as introducing the use of translation software such as Google Translate to help students access grade-level content in their native language. Our DL and/or BSE classes are taught by highly qualified teachers who understand the reciprocity of language learning and metalinguistic awareness and advance student's language acquisition through use of cognates, and direct instruction in grammar and morphology.

d. Long Term ELLs

Long-term English learners have access to native language libraries and glossaries, with instruction integrated into the general curriculum based on their language proficiency levels. ENL and classroom teachers collaborate to align instruction and implement effective scaffolding strategies that support language development and academic success. A specially designed referral system is in place to identify students at risk and provide Tier 2 and Tier 3 interventions tailored to individual needs. Our partnership with the iRead program, a model for ICT classes that focuses on early intervention for students at risk for dyslexia, has provided guidance for assessment and intervention systems which provide students with evidenced based intervention systems that are within the same

Scope and Sequence with as our Tier 1 curriculum (Fundations, Fun in Focus, Wilson Reading System etc.) Students identified as in need of Tier 2 and Tier 3 interventions will be progress monitored via Acadience on a biweekly and/or monthly basis depending on need. Additionally, we have revised our hiring practices to include intervention teachers who work closely with both students and homeroom teachers to strengthen Tier 1 instruction through consistent and effective language scaffolding.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Special Education teachers and ENL providers work collaboratively to develop and review IEP goals, lessons and schedules to ensure that students receive the mandated services and support within the least restrictive environment. Continuous collaborative discussions between classroom teachers, special education teachers and ENL providers are conducted to share data and monitor student progress. These meetings involve in-depth analysis of performance descriptors, targets of measure, and student data to determine next steps for instruction that is aligned both to student language proficiency and grade level. When needed, in some cases students will receive native language support and translations by paraprofessionals or classroom teachers for daily instruction or assessments as a part of their IEP.
15K124 engages in targeted after-school interventions and enrichment programs in English for all English language learners. In addition, for the 2024-25 academic year, we will have a full-time pedagogue as an I-Read Master/ K-2 Academic Intervention Specialist (AIS) to provide push-in ELA support services to targeted student groups. Our partnership with the iRead program, a model for ICT classes that focuses on early intervention for students at risk for dyslexia, has provided guidance for assessment and intervention systems which provide students with evidenced based intervention systems that are within the same Scope and Sequence with as our Tier 1 curriculum (Fundations, Fun in Focus, Wilson Reading System etc.) Students identified as in need of Tier 2 and Tier 3 interventions will be progress monitored via Acadience on a biweekly and/or monthly basis depending on need.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

All original Home Language Identification Surveys (HLIS) are in student cumulative folders and a copy of all HLIS are in a central location in the main office with other pertinent English as a New Language information. To ensure that students are evaluated in their home language, the providers refer to the HLIS as well as to ATS reports available including: RPOB, RLAT and RELC. For the 2025-26 academic school year, students in the Spanish dual language bilingual education program will be assessed using the Acadience Spanish screener and HMH Module Assessments.

For students who are performing below grade level and are in the referral process for an IEP, the school psychologist utilizes key assessment instruments provided by the Department of Education (DOE) to evaluate language proficiency in students: the Ortiz Picture Vocabulary Acquisition Test (Ortiz PVAT) and the Woodcock-Muñoz Language Survey (WMLS), and the Culture-Language Interpretive Matrix (C-LIM). These standardized, norm-referenced tools help to assess both English speakers and English learners, providing critical insights into students' language development and academic language proficiency.

Ortiz Picture Vocabulary Acquisition Test (Ortiz PVAT)
The Ortiz PVAT is designed to assess receptive vocabulary, focusing on students' ability to understand and recognize words. It is a standardized, norm-referenced assessment that can be administered to individuals aged 2 years 6 months to 22 years 11 months, making it versatile for a wide range of students, from early childhood through young adulthood.

One of the key strengths of the Ortiz PVAT is that it can be used to fairly and accurately assess both English speakers and English learners. This is particularly important for students who may be acquiring English as a second language. The test measures Basic Interpersonal Communicative Skills (BICS) and Cognitive Academic Language Proficiency (CALP) in English, two critical aspects of language proficiency.
BICS refers to the everyday conversational skills that are typically acquired relatively quickly. CALP, on the other hand, refers to the academic language skills necessary for success in formal educational settings, which take longer to develop and are more complex.
By measuring both BICS and CALP, the Ortiz PVAT offers a comprehensive understanding of a student's receptive language abilities, which is essential for determining their language proficiency in academic contexts.

Woodcock-Muñoz Language Survey (WMLS)

The Woodcock-Muñoz Language Survey (WMLS) is another standardized, norm-referenced assessment that provides a broader evaluation of academic language proficiency in both English and Spanish. It assesses language skills across four critical domains: listening, speaking, reading, and writing.

The WMLS is especially valuable in bilingual or multilingual educational settings, as it allows the psychologist to assess proficiency in both languages. It categorizes language proficiency into distinct levels, which can help to identify the student's current stage of language development.

These proficiency levels are:
Initial Development
Early Development
Continuing Development
Emerging Proficiency
Proficient
Advanced Proficiency

Each level reflects different stages of language acquisition, from the very beginning stages of language learning to high proficiency in academic language. This detailed breakdown helps to pinpoint where a student stands in their language development and where targeted interventions might be necessary.
Combined Use in a School Setting

Together, the Ortiz PVAT and WMLS provide a comprehensive picture of a student's language abilities. The Ortiz PVAT focuses primarily on receptive vocabulary, while the WMLS evaluates a broader spectrum of language skills, including listening, speaking, reading, and writing. By using both tools, the school psychologist can assess the student's proficiency in both everyday language (BICS) and the academic language required for success in school (CALP).

For English learners, these assessments can identify whether language difficulties are related to a lack of proficiency in English or if there are other factors, such as learning disabilities, at play. The assessments also allow for the identification of students who may need additional language support or intervention, particularly in the areas of academic language proficiency.

Culture-Language Interpretive Matrix (C-LIM)
The Culture-Language Interpretive Matrix (C-LIM) is a valuable tool used in educational and psychological evaluations, particularly for English language learners (ELLs). It is important to understand that the C-LIM is not a test, scale, or diagnostic tool. Instead, it serves as a visual representation of current and past research on how acculturation and limited English proficiency can influence test performance, especially when evaluating the validity of test scores for ELLs.

Purpose and Use of the C-LIM

The primary function of the C-LIM is to assist evaluators in interpreting test scores, especially when cultural and linguistic factors might be affecting a student's performance. It helps clinicians distinguish whether low test scores are indicative of an actual disability (such as in evaluations for Specific Learning Disabilities (SLD) or other cognitive-based disorders), or if they reflect differences in language proficiency and acculturation knowledge. The C-LIM helps evaluators rule out cultural and linguistic influences as exclusionary factors that could undermine the validity of test scores.

Unlike language proficiency measures, the C-LIM does not assess whether someone is an English learner or determine the extent of their English proficiency. For instance, it cannot distinguish between native English speakers and English learners who have achieved high, native-like proficiency in English. It is not intended for use with native English speakers and does not aim to diagnose disabilities directly; instead, it supports the process of determining whether test scores might be reflecting cultural or linguistic factors rather than true cognitive deficits.

Key Features of the C-LIM
The C-LIM categorizes individuals based on their levels of English language proficiency and acculturation, which significantly influence their test performance. These categories help evaluators understand where a student might fall in terms of their cultural and linguistic adaptation to the U.S. educational system. The C-LIM organizes individuals into three broad categories based on these factors:

Slightly Different: This group includes individuals with high levels of English proficiency and high acculturation who are still not entirely comparable to mainstream U.S. English speakers. These individuals may have:
These individuals can often communicate fluently and may have developed solid academic language skills (such as emerging CALP), but there may still be subtle cultural and linguistic differences that affect their full integration into mainstream U.S. educational settings.
Lived in the U.S. for over 7 years.
Parents with at least a high school education.
Native-like conversational English proficiency and solid literacy skills.

Moderately Different: This group encompasses individuals with moderate levels of English proficiency and moderate acculturation. These individuals typically:
These individuals might demonstrate intermediate to advanced BICS and may still experience challenges with academic language, especially if their parents' educational background limits the amount of academic support at home.
Have lived in the U.S. for 3-7 years.
Are able to communicate in English, though their language proficiency may not yet be at the grade level expected.
Have parents who are limited English speakers with some formal schooling.
Have improving literacy skills, but may still be below grade level.

Markedly Different: This category includes individuals with low to very low levels of English proficiency and low or very low levels of acculturation. Examples of these individuals include:
These individuals might only have basic conversational language skills (early BICS) and are still in the process of becoming acclimated to U.S. culture and academic expectations. Their academic language proficiency is typically very limited, making it important for evaluators to consider these factors when interpreting test results.
Recently arrived students or those who have been in the U.S. for 3 years or less.
Individuals with little to no prior formal education.
Those who are just beginning to develop conversational abilities and whose literacy skills are still emerging.

C-LIM's Role in Reducing Bias in Evaluations
The C-LIM plays a crucial role in ensuring that the evaluation of English learners is fair and unbiased. When testing for potential learning disabilities or cognitive-based disorders, cultural and linguistic influences can significantly affect test performance. The C-LIM helps clinicians make more accurate and nondiscriminatory decisions by providing a framework to interpret test data through the lens of cultural and language acquisition. This tool is

essential in preventing misidentification of students as having learning disabilities when their test scores might simply reflect linguistic and cultural differences.

In summary, the C-LIM is an evidence-based tool that aids in the interpretation of test data, ensuring that evaluators consider cultural and linguistic influences when diagnosing cognitive or learning difficulties in English learners. It is not a diagnostic tool in itself but a means to ensure that test scores reflect a true measure of a student's abilities, rather than cultural or linguistic barriers.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At 15K124, all teachers have the opportunity to collaborate with each other during weekly common preps and OPW time. ENL teachers engage in frequent check-ins with classroom teachers to help support the needs of their ELLs. First-year teachers have access to a mentor within their appointed licenses. Dual Language and Bilingual Special Education teachers engage in vertical planning sessions periodically throughout the year on whole staff PD days with a focus on instructional strategies for ELL students that are grade-appropriate and differentiated for students of varying language proficiency areas. These vertical language scaffolds will support all students achieve through standardized vocabulary and sentence stems that spiral in complexity.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

15K124 partners with educational consultants, Teaching Matters and Metamorphosis, to provide year-long professional learning through ongoing coaching cycles. Additionally, our PD committee meets ongoing to assess and develop professional development for the school community.

We are also taking advantage of our partnership with various Community Based Organizations (CBO) who will continue providing socio-emotional support to our school community for the 2024-25 academic year.

We have been working with the Morningside Center for Teaching Social Responsibility to provide training to all school staff on restorative circles, the Morningside curriculum, and recently coaching on SEL components. We have also been working with Bank Street School of Education with their Teddy Bear program; where the focus is on emotional development through playing with teddy bears.

Possible ML/ELLs Professional Learning topics include:
*Overview of the stages of language acquisition
*Scaffolds for ELLs

*Developing Culturally Responsive Classroom through Read Alouds to support discussion, vocabulary development (expressive and receptive language) and comprehension
*Planning Culturally Responsive Celebrations where students, staff and families participate
*RULER (Recognizing, Understanding, Labeling, Expressing and Understanding Emotions) Program
*Development of an Action Plan for students based upon NYSESLAT, Screeners, and Assessment Data
*Vocabulary Development

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The English Language Learner (ELL) Coordinator and TESOL certified teachers will attend professional development sessions provided by the Division of Multilingual Learners, Senior Compliance and Instructional Specialists at the NYCPS Community Education Council District 15 (CEC15) and turnkey to the staff. Topics will include but are not limited to: Instructional Strategies for ELLs , Universal Design for Learning, Effective Co-Teaching, Identification of English Language Learners, Dual Language series in conjunction with NYU and Fordham University and Academic Vocabulary development.

Along with the mandated professional development as per the Commissioner's Regulations Part 154, 2-3, we will provide professional development in using ESL strategies and methodologies to enhance language acquisition in various content areas. Discussion topics will include scaffolding instruction for ELLs , academic vocabulary development for ELLs, NYSESLAT scores and how to interpret them to inform classroom instruction, and develop language objectives.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

15K124 uses screening developed and offered by the New York State Education Department (NYSED) and New York City Public Schools (NYCPS).

Screeners include:
*ENL Coordinator and/or ELL identification trained pedagogues conduct an informal questionnaire survey to all students.
*The Home Language Identification Survey (HLIS) is reviewed and cross referenced in ATS reports.
*Acadience ELA and Math Kindergarten through grade 2
*MAP Growth ELA and Math grades 3-5
(In most cases, students taking the math screener assessment will have access to the content in Spanish.)
*Parent interview is conducted to determine if the child has English language proficiency, dominance, or proficiency in any other language.
*Review of any records from outside sources if the child was enrolled in a school not within the United States school system (USSS) or within New York City prior to attending 15K124.
*Review of previous school records, teacher comments, report cards, Individualized Education Plan (IEPs) and progress reports from home country or a school within the United States.

Instructional decisions for ELLs are also inclusive of the classroom assessment results, such as HMH End of Unit tests, FUNdations assessments, and Illustrative Math tasks as well as the screeners listed above. Teacher instructional practices will include the use of technology, differentiating texts, instructional grouping and scaffolding for ELLs. Collaboration amongst all teachers providing service to ELL students occurs monthly during common prep sessions to discuss progress and plan future lessons within grade specific disciplines. Students will be progress monitored using Acadience in all grades as needed.

The Staff Development Committee(SDC) analyzes student data from the NYS ELA State Exam, NYS Math State Exam, Acadience (ELA and Math) kindergarten through grade 2, MAP Growth grades 3-5, and NYSESLAT data to identify and group students for targeted academic intervention support services, in addition to classroom small group targeted instruction and 1:1 conferences. Pending school budget, before and after school intervention services will be offered to students.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

All intervention services are done in English by the classroom teacher, an AIS/iRead teacher, or paraprofessional. Tier 2 interventions include scaffolded small group instruction that use the OG based programs Wilson Reading and Fun'n'Focus. Tier 3 instruction uses Wilson Reading Intervention in 1:1- 1:3 settings to ensure that they master Foundational Skills in English. Both programs use the same resources, instructional materials and Scope and Sequence so that struggling readers can more quickly internalize and accelerate their foundational skills development.

The Staff Development Committee(SDC) analyzes student data from the NYS ELA State Exam, NYS Math State Exam, Acadience (ELA and Math) kindergarten through grade 2, MAP Growth grades 3-5, and NYSESLAT data to identify and group students for targeted academic intervention support services, in addition to classroom small group targeted instruction and 1:1 conferences. Pending school budget, before and after school intervention services will be offered to students.

As teachers monitor student progress over the course of the school year, students may be identified as not meeting adequate progress in literacy or mathematics. Any student of concern is discussed at the bi-monthly PPT/SIT meetings, which consists of: School Based Support Team (SBST), classroom teacher(s), ENL teacher, Special Education teacher liaison, related service providers, iRead Lead teacher/K-2 AIS teacher, Bridge the Gap Social Worker and administration. A plan is developed by team members and services are monitored for the duration of the allotted cycle and then presented to the team once again to determine the next steps. Parent or guardian is informed of the service plan for the child.

As teachers monitor student progress over the course of the school year, students may be identified as not meeting adequate progress in literacy or mathematics. Any student of concern is discussed at the bi-monthly PPT/SIT meetings, which consists of: School Based Support Team (SBST), classroom teacher(s), ENL teacher, Special Education teacher liaison, related service providers, iRead Lead teacher/K-2 AIS teacher, Bridge the Gap Social Worker and administration. A plan is developed by team members and services are monitored for the duration of the allotted cycle and then presented to the team once again to determine the next steps. Parent or guardian is informed of the service plan for the child.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

As a part of the iRead ICT program model in grades K-4 in ELA, Acadience screener data is used to determine students' performance in foundational literacy skills through an achievement and growth model. PS 124 is able to measure the effectiveness of teacher practice through the Acadience growth model. Selected students are then enrolled into Acadience progress monitoring where they are monitored biweekly or weekly. For the 2025-26 academic year, teachers in grades K-2 will be using the Acadience survey to better support their progress monitoring decision making. The ELL students in these classes are progress monitored by a combination of the classroom teachers and the iRead lead/master teachers.

For grades 3-5 in ELA and Math, teachers will be using the Learning Continuum feature on MAP Growth along with student's RIT scores to a) create small groups grouped by ability b) align instruction to what students currently need. The Learning Continuum is a document from MAP Growth that aligns the RIT scores with the standards/skills the students should be working on in this current moment.

For Tier 1 instruction, Illustrative Math offers daily cool downs which serve as exit tickets for the lessons; teachers

can use this data to provide re-teach or pre- teach math instruction. Additionally, Fundations end of unit assessments can be used to identify students who need to be re-taught or pre- taught concepts in phonics.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments used to inform and drive instruction include:

*Fundations End of Unit Assessment
*NYC ELA performance tasks
*Teacher-created assessments
*Progress Monitoring Intensive Reading Education and Development (IRead)
*NYC Math Performance Tasks
*Illustrative Math Exit Tickets
*Oral Reading Fluency Assessments (i.e. ORF etc.),
*Writing on Demands
*Writing checklist and conferences,
*Teacher-created dictation assignments

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Home language assessment for MLs/ELLs include:

*Teacher-created assessments
*Arriba La Lectura! Module Assessments
*Heggerty in Spanish K-2
*MLS Multilingual Language Screener for SIFE determination in student's native language
*Students in DLBE programs will be evaluated in their HLA (Spanish) through presenting a speech to be evaluated via a rubric.
*Math assessments (screener, formative, and summative) are offered in Spanish and/or English throughout the year, when appropriate.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSESLAT, NYS State Exams, Illustrative Math End-of-Unit Assessments, HMH Summative Assessments, HMH Writing Rubrics are used to evaluate the effectiveness of the academic instruction and programming for MLLs at PS 124. Classroom teachers also make instructional decisions informed by their observations and conferencing notes so that they can provide targeted opportunities for practice and new learning.

The Staff Development Committee (SDC) analyzes student data from the NYS ELA, NYS Math, NYSESLAT data, Illustrative Math End-of-Unit Assessments, HMH Summative Assessments, and HMH Writing Rubrics are used to evaluate the effectiveness of ML/ELL programs, identify and group students for targeted academic instruction, make school-wide curricular decisions, academic intervention support services, and to inform professional learning.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT administration plan will be created by the testing and ENL coordinators. It will be executed by a team of teachers and administrators working closely together to ensure all assessments are administered, completed, and scored in a timely manner and in accordance with NYS and NYC testing procedure. It will also include a contingency plan so that ELLs and former ELLs can continue to receive mandated services during the entire testing period.

Team Members include:
*Assistant Principal-Testing Coordinator responsible for conducting all turn-key and assessment meetings.
*The Testing Coordinator is responsible for facilitating all training sessions for all NYSESLAT scoring for Speaking and Writing.
*Trained pedagogues with TESOL licenses are part of the assessment and scoring team.
*Trained Special Education teachers are also part of the assessment and scoring team
How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable? N/A

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing coordinator works closely with the ENL coordinator and the SBST to determine all accommodations needed for state assessments. For current and former ELL's these accommodations include access to approved bilingual glossaries from NYU-Steinhardt and native language translations of content area assessments (3-5 Math and 5th grade Science). Additionally, first year ELL's do not take the ELA exam as identified by the ATS Code UYRE in ATS.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

ELL Program Orientation meetings are scheduled for September 2025 after the ELL identification process and throughout the year for newly identified ELLs by a 15K124 qualified personnel (licensed and trained pedagogue) that include ENL providers/coordinator and the Assistant Principal. The facilitator of the meeting ensures that families sign an attendance sheet. The meeting facilitator ensures that families sign an attendance sheet, which is then scanned and uploaded to a designated Google Drive folder containing essential ELL documentation for the 2025–2026 school year.

Parent Orientation for Eligible Students:

Families of eligible students are invited to attend a Parent Orientation in person. Usually the ENL coordinator or trained ENL teachers will conduct the ELL Parent Orientation. This session provides information about the goals and requirements of all three NYSED-approved ML/ELL program models, English as a New Language (ENL), Dual Language Bilingual Education (DLBE) and Transitional Bilingual Education (TBE).

Additionally, families view a Parent Orientation video provided by the New York State Education Department (NYSED) in their home language to further inform them about the available ELL program options. During the orientation, the facilitator provides an opportunity for parents/guardians to ask clarifying questions and engage in discussion.

Following the orientation, families complete the ELL Parent Survey and Program Agreement Form in their preferred language to indicate their preferred program placement for their child. Once 15K124 receives the completed form, 15K124 will issue a Placement Letter in the family's preferred language as well to confirm the child's enrollment in the selected ELL program.

Even if 15K124 does not currently offer all program models, families are informed of their full rights. Parents/guardians are the sole decision-makers in selecting the ELL program for their child, both at initial placement and in future years.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

During the Annual Individual Meetings, ENL and DLBE teachers review each student's New York State English Language Assessment Test (NYSESLAT) data from Spring 2025, discussing performance across the four language modalities: speaking, listening, reading, and writing. These meetings provide an opportunity to share the student's progress, identify language development needs, and outline specific areas for improvement aligned with the goals of the language program. Parents and guardians are also informed about upcoming assessments, including the NYSESLAT 2026 and other relevant state exams, to ensure they understand their child's learning trajectory and program expectations.

To ensure that all ELL families participate, the school schedules one-on-one meetings throughout the school year, ideally in January 2026. Meetings may be held in person or virtually to accommodate parent availability. Approximately 90% of the ELL population at 15K124 are native Spanish speakers; therefore, written and oral translations are available through school staff. When a language is not available on-site, the Office of Language Access (OLA) provides virtual or phone interpretation services to ensure effective communication with all families.

Evidence of these required meetings is maintained through documented attendance records. The teacher conducting each meeting records attendance, whether in person or virtual, and submits the documentation to the ENL Coordinator for official record-keeping and compliance verification.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Families can communicate with staff using PocketTalk, a portable translation device that facilitates real-time conversations between people who speak different languages. In addition, staff members who speak the same language and the Office of Language Access (OLA) provide translation services as needed. Documents are translated into Spanish by our certified Spanish translator and/or bilingual staff. Families can also communicate with their child's teachers through Konstella, a platform designed for school-parent communication, in their native language. Konstella automatically translates messages between the family's native language and English, ensuring clear and effective communication.

The Language Access Coordinator (LAC) is also the ENL Coordinator. The LAC supports communication with families by ensuring that all parents and guardians receive important school information in their preferred language. The LAC coordinates translation and interpretation services for both written and oral communication that includes notices, letters, report cards, and meetings such as IEPs, parent-teacher conferences, and ELL program meetings.

If 15K124 does not have staff member available that speaks a family's language, the LAC helps connect the school with OLA, which provides professional interpreters by phone, video, or in person, as well as written translation services for essential documents.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

15K124 determines the needs of its community through ongoing communication, engagement, and feedback gathered from families during various school events and programs. Opportunities such as the ENL Parent Orientation Meeting, monthly PTA and Title I Parent Committee Meetings, and Coffee with the Principal sessions allow parents and guardians to share their questions, concerns, and suggestions directly with school leaders and staff. These regular interactions help the school identify academic, linguistic, cultural, and social-emotional needs within the community.

15K124 offers a wide range of events and programs to actively engage and empower families of Multilingual Learners/English Language Learners (MLLs/ELLs). These initiatives foster family-school partnerships, celebrate cultural diversity, and support academic growth:

Academic and informational engagement opportunities at 15K124 include the Back-to-School Meet and Greet in September 2025, the ENL Parent Orientation Meeting, ongoing PTA Monthly Meetings facilitated by our bilingual Spanish-speaking Parent Coordinator, and Title I Parent Committee Meetings. Beginning in October 2025, families are invited to participate in monthly Families as Learning Partners sessions held in their child's classroom, focusing on literacy, math, and cultural activities. Immediately following these sessions, families are encouraged to attend Coffee with the Principal, an open forum designed to share school updates and provide space for parents to voice questions or concerns.

Cultural celebrations and community events help foster a sense of belonging and inclusivity. These include the

Lunar New Year Celebration, Hispanic Heritage Celebration, Cinco de Mayo Celebration, Winter Sing-Along, Costume Day Parade, and Community Potluck. Families also enjoy events such as the School-Sponsored Carnival, PTA-Sponsored Fall and/or Spring School Festivals, and PTA-Sponsored Family Trivia and Game Nights, which build community connections and celebrate school spirit.

To further support the social-emotional well-being of students and families, PS 124 hosts a Counseling in Schools Community Forum Night and provides a weekly fresh produce and grocery distribution every Wednesday of the week, sponsored by Counseling in Schools. These programs reflect 15K124 commitment to creating a welcoming, supportive, and inclusive environment for all families.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Families of MLs/ELLs are informed of family leadership opportunities (PTA, SLT, CEC) through Konstella, an online messaging platform that delivers notices translated into their native language. In addition, monthly calendars are distributed in both English and Spanish, available in print and shared digitally via Konstella.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

linguistically responsive partnerships for the 2025–26 academic year. These partnerships are designed to enrich students' academic, social-emotional, and cultural learning experiences. They include collaborations with the Gallery Players, the Brooklyn Conservatory of Music, West African Drummers and Brass Queens, and Counseling in Schools, which supports students’ mental health and emotional well-being. Through Cool Culture’s Cultural Access Program, families are offered free access to museums and cultural institutions citywide. Arts and movement-based enrichment will be provided through a Bollywood Dance Residency, Dance Wave, and Notes in Motion, promoting self-expression across cultures. Additionally, partnerships with City Harvest and New York Foundling ensure access to essential resources and wraparound services for families.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

We will continue to strengthen the programs at 15K124, particularly through our Spanish Dual Language Bilingual Education (DLBE) and Bilingual Special Education (BSE) classes. Additionally, we are committed to establishing a dedicated ENL team to provide effective support for our English Language Learners.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Lilianna Scamerdella, Assistant Principal
Mayra Badillo, ENL Coordinator
Jeannie Villavicencio, ENL Teacher
Brenda Grady, iRead Lead Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

To minimize disruptions to mandated ENL services for current and former English Language Learners (ELLs), the ENL Identification Team has designated specific periods within the instructional day for both enrollment and NYSITELL administration. In the event that the instructional members of the team are unavailable, the Assistant Principal serves as the designated pedagogue for ELL identification.

ATS compliance is managed collaboratively by the ENL Coordinator and the Pupil Secretary during the Coordinator's scheduled compliance periods.

ELL Identification Process at 15K124:

The ELL identification process at 15K124 is completed within the mandated 10 school days of enrollment, or within 20 school days for students with Individualized Education Plans (IEP). The process applies to all students enrolling in grades Kindergarten through 5 and includes the following steps:

Home Language Identification Survey (HLIS):
Administered by qualified personnel (licensed and trained pedagogues), this survey is the first step in determining

the student's home language.

Individual Student Interview:
A mandated, documented interview is conducted the student. This includes a student interview conducted in the home language to ensure accurate language identification.

Eligibility Determination for NYSITELL:
Based on the HLIS and interview, the student's eligibility to take the New York State Identification Test for English Language Learners (NYSITELL) is determined.

For Students with Individualized Education Plans (IEP):
The Language Proficiency Team (LPT) convenes to review each case and complete the NYSITELL Determination Form to ensure appropriate assessment and accommodations.

Administration of NYSITELL:
Eligible students are administered the NYSITELL to determine ELL status.

Spanish LAB (Language Assessment Battery):
Newly identified ELLs whose home language is Spanish also take the Spanish LAB.

Parent Notification:
A Notification of Entitlement or Non-Entitlement Letter is sent to parents/guardians within 5 school days of identification. If the student is identified as an ELL, the Entitlement Letter includes an invitation to the Parent Orientation Meeting.

Parent Orientation:
Conducted in the family's preferred language by a trained member of the ELL Identification Team, this session informs parents/guardians of available ELL program options. Interpretation services are provided as needed. During orientation, parents/guardians complete the required Parent Survey and Program Agreement Form in their home language.

Notification of Placement:
Upon receipt of the completed Parent Survey and Agreement form, 15K124 issues a Placement Letter, provided in the family's preferred language, confirming the student's ELL program placement. If the form is not completed, a default placement letter is sent.

Record Keeping:
All ELL identification documents are maintained in the student's cumulative folder, digitally archived via Google Docs and in the ENL files located in the Principal's office.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Mayra	Badillo	Teacher - Special Ed Line 3101	12/05/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	0.54%	2	0.55%		
CHINESE ANY	1	0.27%	1	0.27%		
GUIANESE CREOLE (GUYANAIS/FRENCH-BASED)	0	0.00%	1	0.27%		
FRENCH	1	0.27%	0	0.00%		
FULANI	2	0.54%	2	0.55%		
JAPANESE	1	0.27%	1	0.27%		
ENGLISH	251	68.39%	250	68.31%		
RUSSIAN	2	0.54%	2	0.55%		
SPANISH	107	29.16%	107	29.23%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
TBD	

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

TBD	

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

TBD

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

TBD

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

TBD

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

TBD

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Saturday Academy

Total number of ELLs to be served in this program:

49

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

5

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

5

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The goal of the 2025–2026 Title III Direct Instruction Supplemental Program at 15K124 is to support English Language Learners (ELLs) in developing academic skills, with a particular emphasis on English language acquisition across all four modalities: speaking, listening, reading, and writing. The program will be organized into five instructional groups: Kindergarten, Grade 1, Grade 2, Grade 3/4, and Grade 5, and is specifically designed to improve student performance on the writing and speaking subsections of the Spring 2025 NYSESLAT exam.

Targeted support will be provided to Newcomer ELLs in all grades, as well as students in Grades 3–5 who scored at the Transitioning and Expanding levels on the Spring 2025 NYSESLAT. While current year data is pending, previous results indicate that approximately over 90% of these students performed lowest on the writing subsection. Instruction will focus on enhancing content-area writing and reading comprehension skills. Students will engage in strategies such as monitoring comprehension, using metacognitive techniques, asking and answering questions, recognizing text structures, identifying content-specific vocabulary, and summarizing. Writing instruction will emphasize vocabulary integration, error review, and self-assessment. Teachers will model these skills, guide practice, and provide opportunities for independent application.

An after-school and Saturday academy will be offered to ELLs in all grades, operating on Wednesdays and Thursdays from 2:45 PM to 4:30 PM, and Saturdays from 9:00 AM to 12:00 PM, across two 10-week cycles during the academic year. Attendance rosters will be maintained and collected at the end of each session. The program will be funded through Title III per-session allocations for staff.

Approximately 50 students will participate in the after-school and Saturday academy, divided into five instructional groups with 5–10 students each. To support native language development, bilingual glossaries and dictionaries will be used during Title III sessions. Instructional materials, including TEAM kits, educational games, and consumables will be purchased using Title III funds (not exceeding 20% of the total allocation), with supplemental support from Fair Student Funding if needed. These materials, including Raz Kids ELL and Spanish resources, will be stored in the designated ELL office and used exclusively for Title III programming.

Program supervision will be provided at no cost to Title III LEP funding. Daily attendance will be recorded by assigned teachers, and student progress will be monitored through ongoing review of student work and projects.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Title III Direct Instruction Supplemental Program at 15K124 is designed to enhance English language acquisition for ELL students across all four modalities: speaking, listening, reading, and writing with a particular emphasis on improving writing and speaking proficiency. The program is structured into five instructional groups: Kindergarten, Grade 1, Grade 2, Grade 3/4, and Grade 5, allowing for targeted and developmentally appropriate instruction. Quantitative data from the Spring 2024 NYSESLAT indicates that approximately 90% of the targeted ELL students scored lowest in the writing subsection, highlighting a significant area of need. Additionally, students at the Transitioning and Expanding levels in Grades 3–5 showed limited progress in writing, suggesting that current supports are insufficient. Qualitative data, including teacher observations and student work samples, further reveal that students struggle with organizing ideas, using academic vocabulary, and self-editing. These findings are supported by NYSESLAT performance data, internal assessments, and classroom artifacts, all of which justify the need for a focused instructional program to address these gaps.

The Title III After-School and Saturday Academy Program will provide extended learning opportunities for ELL students in all grades, offering additional instructional time to reinforce reading comprehension, writing skills and speaking opportunities to enhance language acquisition. This program is projected to operate on Wednesdays and Thursdays from 2:45 PM to 4:30 PM and Saturdays from 9:00 AM to 12:00 PM, across two 10-week cycles during the academic year. Approximately 50 students will participate, divided into small groups of 5–10 students to ensure individualized attention. Quantitative data from previous years show that students who participated in extended learning programs demonstrated measurable gains in NYSESLAT scores, particularly in speaking and writing. Qualitative feedback from teachers and students indicates that the after-school setting fosters greater engagement, confidence, and academic growth, especially among Newcomer ELLs. These conclusions are drawn from NYSESLAT performance trends, attendance records, and teacher feedback, all of which support the continuation and expansion of this program.

Usage data from Raz Kids, TEAM kits, language games and other platforms show high levels of student engagement and improvement in reading levels. Qualitative data from teacher implementation logs and student feedback highlight the effectiveness of these resources in reducing frustration and enhancing comprehension. These findings are supported by classroom observations and student progress, validating the need for continued investment in instructional materials tailored to ELL learners.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Approximately 50 students will participate in the after-school and Saturday academy, divided into five instructional groups with 5–10 students each.

The program will be organized into five instructional groups: Kindergarten, Grade 1, Grade 2, Grade 3/4, and Grade 5, and is specifically designed to improve student performance on the writing and speaking subsections of the Spring 2025 NYSESLAT exam.

Targeted support will be provided to Newcomer ELLs in all grades, as well as students in Grades 3–5 who scored at the Transitioning and Expanding levels on the Spring 2025 NYSESLAT.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

An after-school and Saturday academy will be offered to ELLs in all grades, operating on Wednesdays and Thursdays from 2:45 PM to 4:30 PM, and Saturdays from 9:00 AM to 12:00 PM, across two 10-week cycles during the academic year.

Start and End dates are to be determined.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of Instruction: English with native language support for newcomer subgroup as needed.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

5 Teachers either TESOL or Bilingual Licensed.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Title III Instructional Materials and Resources component is essential for supporting ELL students' academic development through the use of bilingual glossaries, dictionaries, TEAM kits, and digital platforms such as Raz Kids ELL. These materials provide scaffolding that helps students access content in both English and their native languages, promoting deeper understanding and vocabulary acquisition. Budget allocations confirms will be less than 20% of Title III funds, ensuring compliance while maximizing instructional impact.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

To ensure full compliance with Title III requirements, 15K124 will implement a comprehensive recordkeeping system for all aspects of its ELL-funded programs. Parent notifications will be documented and provided in families' preferred languages. Copies of these notifications will be stored digitally with translation services used to ensure accessibility for all language groups represented in the school community.

Student attendance records for after-school and Saturday academy will be maintained daily by assigned program teachers. These records will be stored digitally at the end of each session for monitoring and reporting purposes.

Evidence of teacher certifications for all staff supporting Title III programs will be verified prior to program implementation by a school administrator.

The school will also maintain a record of parent engagement activities, including bilingual newsletters, family literacy events, and workshops. Attendance logs, agendas, and feedback forms will be used to document participation and evaluate the effectiveness of these activities.

Records of professional development activities funded by Title III will include sign-in sheets, agendas, training materials, and evaluations. These will be stored in the professional development archive and reviewed annually to ensure alignment with Title III goals and impact on instructional practices.

All purchase orders and invoices related to Title III expenditures—including instructional materials, consumables, and digital resources—will be tracked through the school's financial system. These documents will be reconciled against the Title III budget to ensure that spending remains within allowable limits and supports program objectives.

This structured approach to documentation will support transparency, accountability, and ongoing evaluation of Title III-funded initiatives at 15K124.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

For the 2025–2026 school year, teachers at 15K124 will consistently align instructional practices with NYC Department of Education and District 15 expectations, applying an ENL-focused lens to enhance student learning across key areas.

1. Knowledge of Students
Teachers will deepen their understanding of English Language Learners (ELLs) by identifying student proficiency levels, providing effective and targeted feedback, analyzing student work, and exploring students' cognitive processes. This focus will support differentiated instruction and inform planning that meets the diverse needs of ELLs.

2. Instructional Focus
Instructional practices will emphasize the development of language objectives, foundational literacy skills, and academic vocabulary. Teachers will integrate these elements into lesson planning and delivery to support language acquisition and content mastery for ELLs.

3. Collaborative Professional Learning
Professional learning will be structured through a series of workshops and collaborative sessions. Key components include a Professional Learning Series, implementation of effective practices for teacher teams, and co-teaching strategies to support inclusive and integrated instruction.

4. Access to the Language and Interpretation Unit
Staff will receive training on how to access and utilize the Language and Interpretation Unit to ensure that all communication with families is conducted in their preferred languages. This will support equitable engagement and uphold the linguistic rights of all students and families.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For the 2025–2026 school year, the ENL Coordinator along with ENL and Bilingual teachers will participate in targeted professional development sessions facilitated by the Office of English Language Learners, Compliance Specialists, and the District 15 Instructional Team. These sessions will be turnkeyed to the broader school staff to ensure consistent implementation of best practices. Topics will include, but are not limited to: the use of informal assessments, effective co-teaching models, instructional strategies tailored for ELLs, strategic reading approaches, the development of language objectives, and the integration of academic vocabulary and discourse protocols.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

For the 2025–2026 school year, all teachers of English Language Learners (ELLs), including certified ENL teachers, will participate in ongoing professional development both on-site and off-site, during and after the school day. These training sessions will be designed to strengthen instructional practices and support the academic success of ELLs. To ensure accurate documentation and accountability, all professional development activities will be recorded using a shared online Google document, which will include session agendas and attendance logs. Additionally, the ENL Coordinator will maintain a physical folder containing printed records of staff participation, training materials, and sign-in sheets. This dual system of recordkeeping will support transparency and facilitate reporting for Title III compliance.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

In alignment with the Commissioner's Regulations Part 154.2–3, 15K124 will provide ongoing professional development to support ENL strategies that enhance language acquisition across content areas. From November 2025 through March 2026, certified ENL teachers will lead monthly Core Collaborative Study Groups, held from 2:40

PM to 3:40 PM, at no cost to Title III LEP funding. These sessions will include content area teachers and focus on topics identified through staff input and instructional needs. Discussion topics will include scaffolding instruction for ELLs, academic vocabulary development, interpreting and applying NYSESLAT scores to inform instruction, developing effective language objectives, and implementing strategies tailored to support Newcomer ELLs. This initiative is designed to foster cross-disciplinary collaboration and build capacity for effective ELL instruction throughout the school.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Professional Development Topics for the 2025–2026 School Year:
To support the academic success of English Language Learners (ELLs), 15K124 will offer a series of targeted professional development sessions throughout the 2025–2026 school year. All teachers of ELLs, including certified ENL teachers, will be invited to participate in the following sessions:

ELL Identification and Data Use: Understanding how to identify ELLs and utilize student data to inform instruction.

Developing Language Objectives: Creating clear and measurable language objectives to support content and language integration.

Academic Language in Content Areas: Identifying and incorporating academic language and bilingual glossaries into instruction across disciplines.

Effective ELL Practices: Sharing and reflecting on instructional strategies that have proven successful in supporting ELLs.

NYSESLAT Enrichment Areas – ELA Focus: Reviewing areas of the NYSESLAT exam where ELLs need additional support, specifically for ELA teachers and Title III instructors.

NYS Math Exam Enrichment Areas – Math Focus: Identifying areas where ELLs require enrichment on the NYS Math exam, with a focus on math teachers and Title III instructors.

NYSESLAT Success Strategies: Exploring the format of the NYSESLAT exam and how content area teachers can support ELLs in preparation and instruction.

In addition to these sessions, teachers of ELLs and ENL-certified staff will have the opportunity to attend monthly meetings facilitated by District 15 Instructional Specialists. These meetings will provide updated guidance, resources, and turnkey strategies to be shared with the broader instructional team.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

District 15 Instructional Team

ENL Coordinator: Mayra Badillo

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

We will keep records of our internal trainings, professional development vendors, and central trainings via a google form staff will update regularly. In addition, a folder will be kept with all certificates and attendance of trainings.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family Engagement Activities – 2025–2026 School Year
As part of our commitment to fostering meaningful partnerships with families of English Language Learners (ELLs), 15K124 will host a series of parent engagement sessions throughout the school year. These activities are designed to inform, empower, and involve families in their children's educational journey, while remaining within the allowable Title III allocation for family engagement (not to exceed 10%).

Topic: Back-to-School Session & Ongoing Family Engagement Activities
Rationale: This session will introduce and review school policies, as well as the goals of the ENL and Bilingual programs. Individual student proficiency levels and the services provided will be explained. Families will also be introduced to programs available to ELL students, including the Title III After-School Program, YMCA After-School Program, and Counseling in Schools (CIS). The Title III program will be funded through per-session allocations.
Provider: ENL Coordinator
Date: January 2026

Topic: Title III Parent Meeting
Rationale: This informational session will provide parents with substantial and meaningful opportunities to engage in their child's education and understand Title III supports.
Provider: Parent Coordinator – Maria Garces
Date: January 2026

Topic: Parent Connection
Rationale: Orientation sessions will guide parents in setting up and using the school's communication platform, Konstella, to stay informed and connected.
Provider: Parent Coordinator – Maria Garces
Date: Ongoing

Topic: Title III Information Session for Parents of ELLs
Rationale: Parents will receive an overview of the Title III program, including its goals, structure, and how it supports their child's language development.
Provider: ENL Teachers / ENL Coordinator
Date: January 2026

Topic: NYSESLAT Information Session for Parents of ELLs
Rationale: This session will help parents understand the components, expectations, and academic demands of the NYSESLAT exam.
Provider: ENL Teachers
Date: January 2026

Topic: Helping Your ELL Child Learn English
Rationale: Parents will be introduced to strategies and resources to support English language development at home. This session will be designed to stay within the Title III family engagement allocation limit.
Provider: ENL Coordinator / ENL Teachers
Date: TBD

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

For the 2025–2026 school year, 15K124 will ensure that parents of English Language Learners (ELLs) are actively invited to all school events and engagement sessions through multiple communication channels. Invitations will be sent via Konstella, the school's messaging platform, and through translated letters in each family's preferred language of communication. All parent engagement session invitations will be translated to ensure accessibility and inclusivity.

To maintain accurate documentation, the Parent Coordinator will keep detailed records of all engagement activities, including attendance sheets, session agendas, and certificates where applicable. These records will support compliance with Title III requirements and demonstrate the school's commitment to meaningful family involvement.

The overarching rationale for all parent engagement activities is to provide families with substantial and meaningful opportunities to participate in their children's education. Specific session goals include:

Orientation to School Policies and ENL/Bilingual Program Goals: Families will be introduced to school policies, student proficiency levels, and the services available to ELLs, including Title III programming, YMCA after-school programs, and Counseling in Schools (CIS).

Konstella Orientation: The Parent Coordinator will guide families in setting up and using the Konstella platform to stay informed and connected.

Title III Information Session: Parents will learn about the goals, structure, and purpose of the Title III program and how it supports their child's language development.

NYSESLAT Information Session: Families will gain an understanding of the components, expectations, and academic demands of the NYSESLAT exam.

Supporting ELLs at Home: Parents will be introduced to strategies and resources to help their children develop

English language skills outside of school.

All activities will be designed to foster strong school-family partnerships and will remain within the allowable Title III allocation for family engagement (not to exceed 10%).

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Professional development provided by ENL teachers and D15 Support Staff
Afterschool LAAC (Learning about American Culture)
Afterschool AIM (Academic Interactive Mathematics)

Duration: Various times a month

Schedule:
January 2026 - May 2026
After School: Wednesday & Thursday from 2:45PM - 4:30PM
Saturday Academy: 9:00AM - 12:00PM

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Back to School

Parent Connection

Title I Parent Meeting

Title III Information Session for Parents of ELLs

NYSESLAT Information Session for Parents of ELLs

Helping your ELL child learn English

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Parent Coordinator- Maria Garces

ENL Coordinator - Mayra Badillo
Literacy/ Dual Language Coach - Gabriela Pena
Dual Language Teacher - Ladyjey Sanchez

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

For the 2025–2026 school year, parents of English Language Learners (ELLs) will be invited to all school events and parent engagement sessions through Konstella, the school's messaging platform, and backpack letters translated into each family's preferred language of communication. All invitations and communications related to family engagement will be translated to ensure accessibility and inclusivity for all families.

To support compliance and documentation, the Parent Coordinator will maintain detailed records of all parent engagement activities. This will include attendance sheets, session agendas, and communication logs, ensuring that all outreach efforts are tracked and aligned with Title III requirements.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

We will track attending with use of sign-in sheets, a print folder, and a google form kept in our PS 124 folder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$15,200

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	$10,414	Teacher and supervisor per session/per diem for trainings
Purchased services -High quality staff and curriculum development contracts.	$800	Staff Development
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	$2400	Materials and Supplies
Educational Software (Object Code 199)	$5100	Split between fair student funding and Title III
Travel	0	N/A
Other	$2000	Parent Workshops/Parent Events
TOTAL		

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

4

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

*In the school year 2025-2026, Title III Immigrant program will be held Before/After School (Wednesdays, Thursday, Friday and/or Saturday).
*Students will engage in academic support in foundational literacy and math supports during after school programming.
*Students will be grouped with grade level peers. 40 Immigrant students are ELLS will be targeted for service.
*Instruction will be provided in a small group by a certified teacher. Group sizes will be between 10-12 students.
*The program will be supervised by either the Assistant Principal or Principal.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The goal of the 2025-26 Title III Immigrant program will be to provide students with opportunities to grow academically, particularly with foundational literacy and mathematics: speaking, listening, reading, writing and problem solving in mathematics. In particular, this program will consist of 2-3 groups from K-5: Kindergarten/Grade 1, Grade 2/Grade 3, Grade 4/Grade 5. The program is designed to increase proficiency in literacy and mathematics. There are 3 Title III Immigrant groups: Wednesday K-5 and Thursday K-5. We may also include K-5 Saturday Program.

The program at 15K124 will target immigrant students in all grades. We have utilized our Literacy and Mathematics Screener data to group students and identify instructional needs. The direct instruction of this program will target content area writing skills, reading comprehension skills and problem solving in mathematics. Students will focus on the following reading comprehension skills: monitoring comprehension, meta-cognition, answering/asking questions, recognizing text structure, identifying content vocabulary, and summarizing. The program will focus on teaching the following writing skills: incorporating content vocabulary, reviewing writing for errors, and students being able to assess their own work. Teachers will model skills, provide students with guided practice and opportunities to apply strategies and skills. Kindergarten will focus on establishing phonemic awareness.

An after-school program will be offered to our immigrant population in all grades on Wednesdays and Thursdays from 2:45-4:15pm for two 6-week cycles for the 2025-26 academic year. Attendance rosters will be developed and be collected by the end of each session. If our schedules allow, we will implement a 6-week cycle Saturday program from 9AM-12PM in addition to the weekly offerings.

Supervision of the program is at no cost to the Title III funding.

Attendance will be recorded by assigned program teacher daily and student progress will be monitor by reviewing student work and projects.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

*Weekday/Weekend Program Services 40 Immigrant Students
*There are 3 groups of students in grade K- grade 5 Title III Immigrant students on Wednesdays, Thursdays, and/or

Saturday.
*Our Immigrant students who have arrived at our school community since Fall of 2025 have been invited to a weekday academic support program. Parents/Guardians select which program best meets their needs in terms of availability.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

*After School Program: 02/04/2026-3/25/2026 2 Rounds - 6-week sessions from (7:30AM - 8:15AM) (2:45pm - 4:15pm)
*Program days offered will be Wednesday, Thursday, and/or Saturday
*Pilot Remote 1.5 hour Saturday programming (Cooking and Talking together focus on vocabulary)
*12 sessions will be offered per cycle.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Language of instruction will be in English with Home Language supports as needed by language teachers.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

*1 TESOL licensed teacher
*2 Bilingual Spanish certified teachers

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

*Heggerty (No Cost)
*Fundations (No Cost)
*Acadience and Map Growth Data (No Cost)
*iReady (No Cost)
*Raz Kids
*ENL Stand Alone Units (Teach Hub) (No Cost)
*EPIC (No Cost)

Materials will be purchased with Title III Immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

*Attendance rosters will be maintained in our school Google Drive file.
*The school will use screener data from BOY and MOY to support teachers with planning for target instruction during after school in literacy and mathematics.
*ENL teachers, AIS specialist, and bilingual teams will track and monitor student progress.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

For the 2025-2026 school year, all teachers who are teachers of immigrant students including teachers who are working in the Title III Immigrant program will continuously streamline NYC Department of Education & District 15 instructional expectations terms of:

a) Knowledge of Students:

Identifying literacy and math proficiency levels

Providing students with effective feedback

Looking at student work

Looking at students' thinking

b) Instructional Focus:

Developing language objectives

Developing literacy foundational skills

Academic vocabulary

c) Collaborative Professional Learning:

Professional Learning Series

Effective Practice for Teacher Teams

Co-Teaching Strategies

d) How to access the Language and Interpretation Unit

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

For the 2025-2026 school year, the AIS Specialist, ENL Coordinator, and ENL and Bilingual teachers will attend professional development, provided by Compliance Specialists and our District 15 Instructional Team, to turnkey to the staff. Topics will include but are not limited to:
Using Informal Assessments, Effective Co-Teaching and Instructional Strategies for ELLs, District Math PDs, Strategic Reading for ELLs, Developing Effective Language Objectives, Academic Vocabulary and discourse protocols.

Professional Development activities will be scheduled for OG trainings with Title III Immigrant funds. 2 Related Service providers (Support for ELL students with IEP's), Bilingual Special Education teacher, and AP supervisor for BSE classes will attend.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

For the 2025-26 school year, all teachers, including certified ENL & AIS teachers will receive, training on an ongoing basis on site and off site, during the school day and after the school day. In addition, our ENL coordinator will turnkey pertinent information to the staff during PD time.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,

- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Along with the mandated PD as per the Commissioners Regulations Part 154.2-3, we will provide Professional Development in using ESL strategies to enhance language acquisition in various content areas. AIS teachers will participate in PD w/ Teaching Matters, as well as... ENL teachers will lead Core Collaborative study groups that include content area teachers from November 2024-March 2025 1x month at 2:40-3:40pm at no cost to the Title III LEP funding. Based on the requests from staff, the discussion topics will include scaffolding instruction for ELLs, academic vocabulary development for ELLs, NYSESLAT score and how to use them to inform classroom instruction, developing language objectives, and effective ESL strategies for newcomers. This will be at no cost to Title III funding.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

*Teaching Matters (Targeted small group instruction): Monthly
*ENL Coordinator (Providing PD and Planning for ELL)
* Math Professional Development with District Math Lead
* Internal coaching and PD around Literacy

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

*Teaching Matters (Targeted small group instruction): Monthly (Staff Developer Jane Marie)
*ENL Coordinator (Providing PD and Planning for ELL) - Mayra Badillo
*Math District Coach (Providing coaching and PD) - Leila Rachet

Maintaining Records
Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Agendas for Professional Development and attendance will be taken, held and kept on file in the principal's office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

In the school year there will be multiple parent workshops and activities including parents of immigrant students.

Topic : Back to School Session

Rationale: Introduce and review school policies and the goals of ENL and Bilingual Programs. Individual student proficiency levels and services provided will be explained. Introduce programs and opportunities that are available to immigrant students during the school year: Title III after school program, YMCA after-school program, Counseling in Schools (CIS),

Provider: ENL Coordinator

Date: September 2026

Topic : Parent Connection

Rationale; The Parent Coordinator will conduct orientation sessions for parents to set up and use the school messaging system, Konstella.

Provider: Parent Coordinator-Maria Garces

Date: Ongoing

Topic : Title III Information Session for Parents of Immigrant

Rationale: Parents of immigrant students will be informed about the goals, structure, and purpose of the Title III program for their child.

Provider: ENL Teachers/ENL Coordinator/AIS Specialist

Date: January 26, 2026 & ongoing when necessary

Topic : NYSESLAT Information Session for Parents of Immigrant ELLs

Rationale: Parents of Immigrant ELL students will understand the components, demands, and expectations of the NYSESLAT exam for their child.

Provider: ESL teachers

Date: January 26, 2026

Topic: Helping your Immigrant ELL child learn English

Rationale: Informing and exposing parents to strategies and ways to help their children at home.

Topic: Acculturation
Rationale: Informing families of resources and community support agencies in the community
Provider: Parent Coordinator

Monthly Immigrant Family Support Groups
Provider: AP Scamardella & Social Worker Athena Spelios

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

For the 2025-2026 school year, parents of Immigrant ELLs and non-ELL swill be invited to all school events through Konstella, the school messenger service and translated letters in their preferred language of communication. Invitation to all parent engagement session will be translated into parents preferred language. Records including attendance sheets, agendas will be maintained by the Parent Coordinator.

The rationale for all parent engagement activities is to afford parents/families substantial and meaningful opportunities to participate in the education of their children.

The rationale for each topic is outlined below:

Introduce and review school policies and the goals of Title III Immigrants. Individual student proficiency levels and services provided will be explained. Introduce programs and opportunities that are available to students during the school year: Title III,

The Parent Coordinator will conduct orientation sessions for parents to set up and use the school messaging system, Konstella.

Parents of immigrant students will be informed about the goals, structure, and purpose of the Title III program for their child.

Parents of immigrant students will understand the components, demands, and expectations of the NYSESLAT exam for their child.

Informing and exposing parents to strategies and ways to help their children at home.

The school will notify parents with letters in parents' preferred languages.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Quarterly parent workshop will be given by a community-based organization and parent coordinator.

Schedule: January 2025-June 2026
Fridays from 8:30-10:30am (twice a month)

PTA meeting w/ Families 1x month on Wednesdays Mornings 8:30-9:30 AM.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

*How to support my child in phonics
*How to support my child with reading comprehension
*Integrating into American Culture
*Book Club
*Debate Club
*How to support my child with math fluency and problem solving in mathematics

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

*International Potluck: Laurel Boyce
*Winter Show (DECEMBER) Mr. Wettstein
*Family Game Night (October, December, February, May): Ms. Garces
*Project Base Learning Showcase (May): Ms. Scamardella
*EOY Cultural Celebrations (May) Ms. Scamardella
*Winter Dance Show (February) Classroom Teachers
*Theatre SHOW (June) Gr. 4 Teachers
*School Field Day (May): Ms. Resnick

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

*Monthly School Calendar will be sent home via student backpack and posted on Konstella.
*Invitation Reminder Flyers will be sent home week of each event.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Zoom in Link Participant lists or Paper Attendance for in-person meetings.

Hybrid Parent Workshops with WINN Partnership

All programs are at no cost to Title III Immigrant funds.
