Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Ana Dejesus	Principal or Designee*	
Lara Terry	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Amanda Eccles	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Herendira Bermejo	District Council 37 (DC 37) Representative (staff), if applicable	
Collisa Mckiver	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Lara Terry	Member/SLT Chairperson	
Gillian Shotwell	Member/Teacher	
Jahani Thornhill	Member/Teacher	
Erika Garcia Maldonaldo	Member/Parent	
Alexis Cariello	Member/Parent	
Richard Bishun	Member/Parent	
	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of our school is to promote the Six Exceptional Systems:

1. Culture of Universal Achievement

2. Collaboration

3. Standards Alignment

4. Assessments

5. Data Analysis

6. Interventions/Enrichments

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 249, The Caton School, which services grades Pre K - 5, is located in the Flatbush/Kensington section of Brooklyn in Community School District 17. The district, as well as the school's population is diverse, representing immigrants from more than 56 countries including El Salvador, Haiti, Brazil, Mexico and Bangladesh, in addition to many other African, Caribbean, South American, Middle Eastern and Asian nations. Many of these students have arrived in the U.S. within the last three years; therefore, English is a new language for many of our students and parents. Due to the diverse ethnic backgrounds of our student body, PS 249 offers academic programs that aim to engage all students' learning styles, promote bilingualism and foster an appreciation for different cultures. As of the 2024-2025 school year, we have 2 full day Pre-Kindergarten classes, 19 general education classes, 6 Special Education classes, 5 Spanish bilingual classes and 6 self-contained English as a New Language (ENL) classes.
PS 249 has developed a partnership with Advancing Literacy, Amplify and other consultants. These organizations and their consultants work closely in conjunction with our administration and staff to develop effective pedagogy that is aligned to Next Generation Standards. Advancing Literacy provides consultants to increase teacher clarity in literacy instruction for all classroom teachers. Teachers in Grades K-5 also work with the Amplify to increase mathematical discourse, content and problem-solving skills, and address standards-alignment.
PS 249 is the Recipient of the National Blue Ribbon Award for 2020-2021. It is one of 325 schools in the United States recognized for its overall academic excellence and progress in closing achievement gaps. This award affirms the hard work of our school leaders, teachers, parents, and students in creating a safe and welcoming school community where students engage in content, master challenges, and become resilient. In 2017-2018, PS 249 was

the recipient of the National Title I Recognition Award. During this time, PS 249 was one of 100 schools recognized for exceptional student achievement. PS 249 was recognized for its excellent student assessment performance for two consecutive years and for closing the achievement gap for historically under performing student sub-groups.
PS 249 is a PROSE community. The Progressive Redesign Opportunity for Schools of Excellence program enables schools who have a demonstrated record of effective school leadership, collaboration, and trust to implement innovative practices outside of existing programming rules in the NYCDOE. Administrators and teachers collaboratively engage in school improvement efforts guided by the Framework for Great Schools and then leverage granted flexibilities in the UFT and/or CSA contracts, as well as Chancellor's and/or state regulations in order to increase student achievement.
Parent Workshops are provided on an ongoing basis by our teachers, full time parent coordinator, and partnership with the Child Mind Institute. Topics of Parent Workshops include immigration, Next Generation Learning Standards, Technology, Parenting and Mental Health. Parents are engaged in various learning activities and participate on various committees, such as the Parent Teacher Association and the School Leadership Team. They also support content area instruction through participation in class and school-wide celebrations, class trips, and assemblies.
Our volunteer Foster Grandparents, who are members of our community, work with our students by reading books aloud to them on a daily basis, as well as assisting the children with their academic and social needs.
The bilingual program at PS 249 provides integrated language proficiency and cross-cultural understanding. Grade Level curriculum in the content areas is taught to all students in both English and Spanish and organized around major concepts that students are expected to learn while developing academic language.
PS 249 offers many after school, Saturday day and early morning school programs. Some of which include the following: English Language Learners Academy (ELLA) and Max Scholar for new students from other countries, after school programs for grades Kindergarten through 5, and a writers program to prepare student for State Exams. The Morning Writing and Math programs for all grade 3 through 5 students. We also offer weekly enrichment clubs that include Science, Technology, Engineering and Mathematics (STEM), Art, Dance, Music, Reading Book Clubs, Soccer, School Newspaper, School Year Book, and Physical Education & Wellness (CHAMPS).

PS 249 is a NYC Community School and as a NYC Community School we strive exemplify four core evidence-based features, which drive student learning and success. These features are Collaborative Leadership, Expanded Learning Time (ELT), Family & Community Engagement, and Wellness & Integrated Supports. The lead organization in our Community School partnership is The Leadership Program, providing support through the 21st CCLC Grant.

Briefly summarize the key initiatives your school will implement this school year.

Elevate parent workshops, LinkIt data collection & analysis, HMH, Math in the City, CSAS (UFLI training) & Amplify.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Printed Curricula	N/A
ELA	K-5	Printed Curricula	N/A
Math	K-5	Printed Curricula	N/A
Math	K-5	Printed Curricula	N/A

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
i-Ready ELA EOY Diagnostic: 68% proficient June 2025	Students struggle with drawing conclusions and/or making connections across texts in multiple genres due to increased complexity in Grades 3-5 as evidenced by the following data: the i-Ready ELA EOY Diagnostic showed only 68% of the students were at or above the grade level benchmark for June 2025. This is due to limited opportunities to independently practice skills & strategies. Students need to continue to develop persistence and to build stamina when reading dense texts.	ELA: Grades 3-5
i-Ready ELA EOY	Students struggle with applying decoding strategies to their independent reading as evidenced by the following i-Ready ELA data: only 83% of K-2 students are at or above	ELA: Grades

Diagnostic: 83% proficient (phonics strand) June 2025	grade level on the June 2025 benchmark for phonics. This is due to a gap between isolated phonics instruction and independent reading.	K-2

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	88	By June, 2026, literacy for All Students will improve, as measured by a 7% Increase, from 88 to 95, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

In Grades 3-5, MTSS providers and classroom teachers will receive professional development/coaching on how to build
background knowledge for non-fiction topics. We will embed the NYC Science & Social Studies scope & sequence into small group plans. Increase amount of instructional time focused on nonfiction reading and writing to improve performance with next generation standards. After school programs will be focused around non-fiction reading and writing. We will utilize Scholastic magazines and online resources during these programs to target writing about non-
fiction texts.

Achievement Team cycles will focus on common formative assessments to track progress in non-fiction reading units. The teams will use the data from these assessments to revise curriculum & address the needs of the students during instruction (whole class & small groups).

In Grades K-1, we will continue to implement Heggerty phonological and phonemic awareness curriculum during the phonics block. Students who have gaps in their word reading skills in grade 2 (as identified by a phonics decoding assessment) will be provided explicit decoding small group instruction. We will have a five-day MTSS block for entering and emerging ENLs that focuses on reading comprehension and word reading skills.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The number of level 3 incidents in OORS is 106 for the	The social emotional impact of social media and the overuse of electronic devices are ongoing stressors for students and families and have created the need for additional social emotional learning and intervention to assist with the increase of mental health matters among our population. Students lack the skills and strategies to address conflicts and resolve them in positive ways. SEL has been proven to improve students' academic performance by prioritizing communication, empathy and problem solving.	Reduce Level 3 OORS Reports by Integrated Social Emotional Learning practices which will improve student community, peer relationships,

2024-2025 school year.		communication, empathy and problem solving.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	106	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 30% Decrease, in number of level 3 incidents from 106 to 74, per the Online Occurence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will have a more structured and responsive indoor and outdoor recess time.

The lead organization in our Community School partnership is The Leadership Program, providing support through the 21st CCLC Grant. The Leadership Program will be responsible for youth development, including Arts, Enrichment and SEL (Social Emotional Learning) in ELT (school day and lunchtime) and after school programs. School staff (teachers) will provide academic enrichment, tutoring and test prep for selected students, based on academic need. During the day school hours students will receive support through the services of the school based social work team. The CSD (Angela Reyes) will coordinate with school staff to identify students for programs and additional supports. Programming for students will incorporate activities that support mental, physical, and emotional health including, but not limited to, Sports and Fitness, Dance, Arts, Music and Storytelling. CBO staff are trained in the most up to date Social Emotional Learning (SEL) practices and the curriculum aligns with SEL standards. CSD Angela Reyes will also coordinate with school foods to ensure that students have access to nutritious after school meals, Eye Exams, and Dental Visits.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The PTA has provided acitivities & material

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
i-Ready Math EOY Diagnostic: 69% proficient May 2024 (school average 62%)	We are shifting to a student-centered math curriculum (Amplify Math). This includes a new structure of teaching math workshop. One challenge is training teachers in this new structure. Another challenge is helping students feel comfortable with low floor-high ceiling tasks (NYC Math #2), inquiry-based instruction, and problems that have more than one answer.	Students in Grades 3-5 adjusting to an inquiry-based approach to learning Mathematics
i-Ready Math	We are shifting to a student-centered math curriculum (Amplify Math). This	Grades K-2

EOY Diagnostic: 55% proficient May 2024 (school average 62%)	includes a new structure of teaching math workshop. One challenge is training teachers in this new structure. Another challenge is helping students feel comfortable with low floor-high ceiling tasks (NYC Math #2), inquiry-based instruction, and problems that have more than one answer.	

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	62	PS 249 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students achieving proficiency will Increase by 13% from 62 to 75, for All Students, as measured by i-Ready Math results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will have consultants from Amplify & Math in the City provide in-house professional development and conduct lab sites to help implement our new Math curriculum.

The lead organization in our Community School partnership is The Leadership Program, providing support through the 21st CCLC Grant.
Expanded after-school learning opportunities for our Kindergarten, 1st, 2nd, 3rd, 4th, and 5th graders will support the language, academic, and social/emotional development of all participating students. The Community School day time and after school programs are specifically designed to support working families and provide equity and access to all of our learners, particularly those with learning disabilities and English Language Learners. Students and families have responded favorably to expanded academic support by school day staff and identified increased instructional and enrichment time as a strong driver of student success.

Root Cause Addressed:

The new Math curriculum and training will help shift the learning to a more student-centered approach which will increase transference of skills and knowledge.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	59	PS 249 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the proficiency for All Students will Increase by 16% from 59 to 75 as measured by the iReady ELA EOY diagnostic.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. - Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Integrating more opportunities for Computer Science & STEM instruction. We will host a middle school fair in the fall to provide parents with information about local and specialized programs to meet the needs of our graduating 5th Graders.

Root Cause Addressed:

We are providing multiple opportunities throughout the school day for students to gain proficiency in technology and increase their science knowledge. In addition, we are offering free clubs and additional academic support to help our students become college and career ready.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
In addition to a dedicated period each week for Computer Science instruction, we will have a morning and afternoon coding club. We will also continue our STEM class during Saturday School
We will organize fundraising opportunities to try support the contracting STEM organizations to conduct residencies during the school day.

Key Strategy 2 (Optional):

NYC School Survey Results: 75%	The school has several family events & workshops and even though accommodations are made to mitigate attendance issues (e.g. virtual	Greater participation

participation rate for parents	workshops), we still do not have a large number of parents who participate.	from parents in school events

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	75	P.S. 249 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families attending at least 3 in-person school events will Increase by 15% from 75 to 90 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continuing to have in-person Parent-Teacher conferences & virtual meetings or workshops. We will also partner with Marble Health to provide virtual parent workshops on a variety of topics to assist families with social and emotional concerns.

The lead organization in our Community School partnership is The Leadership Program, providing support through the 21st CCLC Grant.

Family and Community Engagement: Describe how your Community School will welcome and empower families to participate, collaborate and take a leadership role in the school community. PS 249 The Caton School families will be consulted before, during, and after program implementation through surveys, open school nights, and open office hours with CSD (Angela Reyes) for ongoing feedback. In the spring, the annual Community School Forum will be conducted as a more formal feedback loop for families and school team. Parents and families will regularly be invited to participate in, plan, and help coordinate meetings, special events, workshops, and after School programming. Parent family engagement can take place both virtually and in-person aligning with the needs and schedules of our families.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

We will have a series of virtual parent workshops through the Marble Health Initiative

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
15% of students are at-risk to be chronically absent according to Insight Beta	Some of the root causes of at-risk absenteeism for these students are: extensive commutes, family hardships, lack of community resources & support for families with additional challenges, such as health concerns & families in shelters.	At-risk to be Chronically Absent students

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	15	By June, 2026, the Chronic Absenteeism Rate (at-risk students) for All Students will decrease by 5%, from 15 to 10, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Parent outreach & weekly attendance meetings. Continued celebrations of classes & individual students with stellar attendance. The CST will include the Principal (Anan DeJesus), CSD (Angela Reyes), Parent Coordinator, DOE Program Manager (Nuree Choe) two student representatives, one or more parent representatives, UFT Chair/Liaison, and representatives from all partner CBOs. The CST will meet monthly to share information about upcoming school events; identify the primary needs of the community and organize committees to support new efforts; conduct ongoing data reviews to measure program participation and effectiveness; and to strengthen and introduce community partnerships and resources. Additionally, the Data Sorter will be incorporated into monthly Attendance Committee meetings to track student progress, and as a tool to help measure effectiveness of intervention strategies. CSD will collaborate with Guidance Counselor and Attendance Secretary to ensure that attendance data and interventions are up-to-date across platforms.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Weekly attendance meetings which review attendance trends, track students with a low attendance rates, or increased number of absences and times they are late
Provide incentive awards for students with perfect attendance and most improved. Have 100% attendance celebration. Provide awards for students with the most improved attendance.

Students will be recognized in each class throughout the year for excellent attendance on the "wall of recognition" display outside of each classroom door.
Classes with excellent attendance will be given incentives/rewards.

Key Strategy 2 (Optional):

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

The lead organization in our Community School partnership is The Leadership Program, providing support through the 21st CCLC Grant. Firstly, CSD Angela Reyes will coordinate communications between school day teachers and support staff to CBO staff to ensure that students are receiving aligned supports throughout the day and into after school. She will also ensure that CBO staff are receiving trainings in Equity Based Education and Teaching Practices, and that staff and using inclusive curriculum and materials. CSD Angela Reyes will ensure that programs are accessible for all participants by: hiring one on one Paras to align with students IEPs, providing instructional materials in multiple languages, hiring multi-lingual staff who can teach in multiple languages, making sure spaces and classroom set-ups comply with ADA regulations, etc.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action

steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
ELA Tier 2/Tier 3	Based on prior ELA Exams, MOSL results, in house assessments, as well as teacher observations; there is a clear need to address how students read and interpret grade specific texts in all genres.	RTI Reading: SPIRE, Max Scholar & CAPIT	small group instruction, one to one tutoring	Morning Math & Morning Writing, After School and Saturday School	Yes
Math Tier 2/Tier 3	Based on prior Math Exams, in house assessments, as well as teacher observations; there is a clear need to address how students solve multi-step word problems. Problem-Solving using the SOLVE method and using mathematical routines is the focus of our work.	RTI Math: Illustrative Math, NTN & Math in the City	small group instruction, one to one tutoring	Morning Math & Morning Writing, After School and Saturday School	Yes
Chronic Absentism	Students are either late or absent, as a result they are behind in their reading and math levels.	Strenghten Core Instruction	small group instruction, one to one tutoring	Morning Math & Morning Writing, After School and Saturday School	NO

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Social Emotional Support Tier 2	Students identified at-risk for additional intervention	One to one, small group, or extracurricular activity (Mentor/ Mentee Program, My Sister's Keeper, My Brother's Keeper). Also Growth Lunches and reflective mediations with the Guidance Counselor & SAPIS Worker	small groups, one to one, before/after school program	during school	No
Social Emotional Support Tier 3	Students identified as in need for additional intervention	One to one and/or small group and extracurricular activity provided by the SAPIS Worker, Guidance Counselor, Social Worker & School Psychologists	small groups, one to one, before/after school program	during, and/or before/after school	No
Social Emotional Support Tier 1	Provided to all students .	The Leadership Program, PBIS, Trait of the Month, Respect For All	Small group and/or class	during school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

We share essentials components of our MTSS work during our SLT and PTA meetings as well as during Parent-Teacher conferences. We also have information on our website.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Progress is shared in a variety of ways, including: during IEP meetings and Parent-Teacher Conferences, through i-Ready reports that are sent home and during weekly parent engagement meetings.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

The School-Based Support Team communicates with parents as well as, classroom teachers throughout the school year (PTCs & IEP Meetings). In addition, SETSS providers, related service providers & our IEP teacher communicate with families about students needs and progress.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

65 total
49 doubled up
11 shelter
5 other

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The services that PS 249 provides to the STH population includes, but are not limited, to academic support and programs, emergency supplies if needed, counseling and intervention sservices if necessary.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

3 students are in foster care. We have a Guidance Counselor and SAPIS worker that help at-risk students with counseling sessions. Our Parent Coordinator & SAPIS worker hold a series of workshops throughout the school year to help students and their families with SEL issues and life skills. In addition, the school has a Mentor-Mentee program and a Family SEL night that provides supports and strategies for social-emotional issues.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S.249, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Ps 249 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 249, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

PS 249 uses a variety of strategies to attract high quality teachers, these include the Administrative Staff and Instructional Leaders attending hiring fairs and open houses in order to recruit highly-qualified teachers. Strategies and activities that ensure our current staff becomes highly qualified and aware of the latest research bases instructional practices include High Quality and On Going Professional Development, including, but not limited to, National Training Network Teachers College Reading and Writing Project, and interpreting data. Mentor teachers are assigned to support all struggling and first year teachers, new teacher meeting are held weekly, intervisitations with in house teachers as well as common planning time, Grade Level meetings, Teacher Team meetings, peer observations and common planning preps. Formal and informal observations, as well as one to one conversations provide the instructional staff with feedback related to best practices.
There are a variety of on-going professional development workshops offered to all personnel. NTN Math and TCRWP as well as in-house professional development (e.g. Chancellor Days, Lunch & Learns and etc) in an effort to improve instruction for all our MLLs/ELLs in math, reading and writing. When a staff member attends a workshop relating to MLLs/ELLs, the staff returns to the school and turn-keys the information for all personnel in the school. I Teach NYC is an additional resource in which staff can sign up for new professional development workshops which can support MLLs/ELLs. Also staff can take "P" inservice courses through ASPDP (After School Professional Development Program) to support MLLs/ELLs. The staff members that participate in PDs and conferences turn-key the information for the entire personnel. Members of the Committee of Special Education attend workshops as well as turn-key Special Education information regarding IEPs, SESIS and referral process requested by administrators. Secretaries continue to attend training and workshops requested by administrators.
PS 249 uses Teacher's College Reading & Writing Project as our ELA and content area curriculum for Grades K through 5. As a result, there are many one-day workshops that are offered during the school year in which teachers can attend. Each workshop is aligned with Common Core Learning Standards/Next Generation Standards.. Teachers are able to attend these workshops throughout the year as well as attend in-house workshops with TCRWP consultants to support MLLs/ELLs using reading and writing strategies.
PS 249 receives additional workshops and professional development from NTN Math consultants to support common core standards /Next Generation standards to support MLLs/ELLs as well as all students to promote math fluency, math computation, mathematical discourse as well as problem solving.
PS 249 purchased a year's subscription to SimpleK12 - where teachers can choose from a variety of virtual learning surrounding ESL
and it keeps track of the ongoing number of hours of PD you have completed.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

PS 249's transition plan for assisting preschool children from early childhood programs to elementary school include creating a parent friendly environment, ongoing Professional Development (PD) with translators, i.e. what is expected of a kindergarten student, the Common Core Learning Standards for Kindergarten Students, prearranged visitations for incoming students and parents.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	669,950.00	X	Section 5
Title I, School Improvement 1003(a)	Federal	669,950.00	X	Section 5
Title II, Part A	Federal	107,991.00	X	Section 5
Title III, Part A	Federal	26,318.00	X	Section 5
Title III, Immigrant	Federal	0	X	Section 5
Title IV, Part A	Federal	107,991.00	X	Section 5
Tax Levy (Fair Student	Local	4,789,607.00	X	Section 5

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Ana DeJesus
Assistant Principal (Where Applicable)*	
English as a New Language (ENL) Teacher*	Julie Jay
Teacher (if school has a bilingual program must be a bilingual teacher)*	Jahani Thornhill
Parent/Guardian*	Amanda Eccles
Teacher	Linda Sung
Parent Coordinator	Nyoca Mackey
School Counselor	Kathleen Amsterdam
Related-Service Provider	Nicholas Katz
Other (Name and Title)	Gillian Shotwell, Instructional Coach
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

6

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

N/A

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

5

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

642

Total number and percentage (%) of current ELLs:

130 and 20.25%

Total number and percentage (%) of former ELLs:

50 and 7.79%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

104 & 80.0%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

13 &10%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 & 0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 & 0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

27 & 20.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE						1											1

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Our Stand-Alone English as a New Language (ENL) Program is a self-contained and heterogeneous learning environment, where students are grouped by English language proficiency levels, specifically Entering and Emerging.

Instruction is delivered in English by a certified ESOL teacher, using specialized ENL teaching strategies. Students receive both language arts and content-area instruction designed to support English language development.

The amount of ENL instruction each student receives is based on their proficiency level:

Entering ELLs:
- 2 units of stand-alone ENL instruction per week (360 minutes)
- 1 additional unit of ENL instruction (180 minutes)

Emerging ELLs:
- 2 units of stand-alone ENL instruction per week (360 minutes)
- 0.5 unit of additional ENL instruction (90 minutes)

Transitioning and Expanding ELLs:
- 1 unit of integrated ENL instruction per week (180 minutes)

Instruction is provided alongside general education content, with ENL supports

Integrated ENL:

In our Integrated English as a New Language (ENL) classes, students receive instruction in core content areas such as English Language Arts (ELA), math, science, and social studies, while also building their English language skills.

Instruction includes:
- English language development embedded into content lessons
- Use of students' home or primary language as support when appropriate
- ELL instructional strategies that help strengthen comprehension

Students are grouped by mixed English proficiency levels, and teachers organize groups based on students' skills and learning needs to provide targeted support.

Minutes of ENL Instruction by Proficiency Level:

Entering & Emerging ELLs
- Receive 2 units of ENL instruction per week (360 minutes total)
-This includes 1 unit (180 minutes) of integrated ENL in ELA

Transitioning ELLs
- Receive 1 unit of ENL instruction per week (180 minutes)
- Within that time, 0.5 unit (90 minutes) is in integrated ENL

Expanding ELLs
- Receive 1 unit of integrated ENL instruction per week (180 minutes)
- This may take place during ELA or another content area (math, science, or social studies)

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language Bilingual Education Program is designed to support students in becoming bilingual, biliterate, and bicultural. The classes are heterogeneous, meaning students are grouped with peers who have varying levels of proficiency in both their Home Language (HLA) and English.

In this program:
- Students receive instruction in both the home language and English across content areas such as math, science, and social studies
- English Language Learners (ELLs) continue to develop their home language skills while building their English language proficiency
- The goal is for all students to become proficient in both languages and achieve academic success in all subject areas

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

English Language Learner (ELL) Instructional Support – Based on CR Part 154 Requirements:
ELLs receive targeted English as a New Language (ENL) instruction based on their English proficiency level, whether they are in a self-contained ENL class, a Dual Language program, or a Transitional Bilingual Education program.

ENL Instruction by Proficiency Level:

Entering - 2 units of ENL instruction per week (360 minutes)
Includes:
- 180 minutes of stand-alone ENL
- 180 minutes of integrated ENL in ELA

Emerging - 2 units of ENL instruction per week (360 minutes)
Includes:
- 90 minutes of stand-alone ENL
- 180 minutes of integrated ENL in ELA

Transitioning: 1 unit of ENL instruction per week (180 minutes)
Includes:
- 90 minutes in ELA
- 90 minutes of integrated ENL in a content area (e.g., math, science)

Expanding: 1 unit of ENL instruction per week (180 minutes)
- Delivered as integrated ENL in ELA or another content area

Commanding: 0.5 unit of ENL instruction per week (90 minutes)
- Delivered as integrated support in ELA or another content area
- These students are in their two-year monitoring period

Native Language Arts (NLA) Instructional Time in Bilingual Programs
ELLs in Transitional Bilingual Education (TBE) and Dual Language programs receive Native Language Arts (NLA) instruction in Spanish, supporting both language and academic development.

TBE Program: Kindergarten: 675 minutes per week of NLA instruction in Spanish
Grades 1 & 2: 540 minutes per week of NLA instruction in Spanish

Dual Language Program: Grades 3 & 4: 450 minutes per week of NLA instruction in Spanish

These supports ensure that ELLs continue to grow in both English proficiency and academic achievement, while also developing or maintaining literacy in their home language.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In both the Dual Language Bilingual Education Program and the Transitional Bilingual Education Program, students receive English as a New Language (ENL) instruction based on their English proficiency level as determined by the NYSESLAT (New York State English as a Second Language Achievement Test).

Former ELLs (Commanding or Expanding with Level 3 on ELA):
- Receive 0.5 unit of ENL instruction per week
- This includes 90 minutes of small-group support
- Support is provided for two years after reaching the Commanding level

Current ELLs – By Proficiency Level:

Expanding & Transitioning: Receive 1 unit of ENL instruction per week (180 minutes)
- All instruction is integrated ENL in ELA

Emerging & Entering: Receive 2 units of ENL instruction per week (360 minutes)
Includes: 180 minutes of stand-alone ENL
180 minutes of integrated ENL in ELA

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

In Kindergarten, Grades 1, 2, 3 and 4, our school implements the One-Way Dual Language Bilingual Education program.

Both English-proficient students and English Language Learners (ELLs) learn Spanish (the home language) and English throughout the day.

Students are fully integrated in the classroom, meaning English-proficient students and ELLs learn together 100% of the school day.

b. In which language(s) is each core content area taught?

In Kindergarten, Grades 1, 2, 3 & 4 Dual Language Bilingual Education program, Spanish is used as the language of instruction in both Math and Science classes.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Our school provides mandated instruction in English as a New Language (ENL) and/or Native Language Arts (NLA) each week according to CR Part 154-2 instructional requirements. We currently have 104 Newcomers, which represents 80% of our ELL population, and none of them are Students with Interrupted Formal Education (SIFE). Newcomers, defined as students who have been in U.S. schools for 0 to 3 years, receive support in all academic areas and are placed in programs such as ENL self-contained classes, Dual Language Bilingual Education (Spanish/English), or Transitional Bilingual Education (TBE), based on parental choice.

Effective instruction for Newcomers focuses on foundational English acquisition, cultural adjustment, and building trusting relationships through culturally responsive practices, while also emphasizing productive language development, such as speaking and writing, and allowing additional processing time to respond. Their schedules are flexible and prioritize reading, writing, and phonics, with additional small-group interventions for students with limited English proficiency. Many also attend afterschool programming such as the English Language Learners Academy and morning literacy sessions using Max Scholar to accelerate progress. I

n contrast, we currently serve 26 Developing ELLs, which represents 20% of our ELL population, and their instructional needs differ significantly from those of Newcomers. While Newcomers benefit most from direct language teaching and extensive scaffolds for comprehension, Developing ELLs require rigorous grade-level instruction integrated with continued language development. They participate in MTSS small groups each week, receive individualized online instruction in i-Ready Reading and Math, and are provided phonics support when needed to ensure consistent growth. At this time, we do not have any Long-Term ELLs in our school population; however, if we did, they would be supported through a combination of targeted small-group literacy interventions such as S.P.I.R.E., individualized academic support to address gaps in higher-order language skills, and consistent integration of language development within grade-level content instruction.

The key distinction across these groups is that Newcomer instruction is designed to help students gain initial proficiency in English and adapt to a new cultural and academic environment, Developing ELLs are challenged to refine academic language and strengthen literacy skills, and Long-Term ELLs—when present—require strategic

interventions that prevent stagnation and ensure continued progress toward full mastery of academic language and content standards

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

There are currently no Students with Inconsistent/Interrupted Formal Education (SIFE) in our English Language Learner (ELL) population. However, if any students are identified as SIFE in the future, our school is prepared to provide targeted and flexible supports that address both their academic and language development needs. Instruction for SIFE students would be differentiated from that of Newcomers or Developing ELLs by focusing on rebuilding foundational literacy and numeracy skills, developing background knowledge, and bridging academic gaps caused by interrupted schooling, while still ensuring access to rigorous, grade-level instruction and ongoing English language development across the curriculum.

To meet these needs, SIFE students would receive flexible scheduling to allow individualized pacing, participate in small-group MTSS instruction (three days of ELA and two days of Math), and engage in intensive literacy interventions such as LLI and S.P.I.R.E. They would also have access to individualized online learning through i-Ready Reading and Math, as well as extended opportunities for growth through Title III-funded afterschool and Saturday programs and early morning instruction with Max Scholar. This combination of supports ensures that SIFE students would not only access grade-level content but also receive targeted academic support, focused interventions, and social-emotional supports to accelerate both their academic progress and English language development.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At P.S. 249, an elementary school serving students from Pre-K through Grade 5, there are currently no English Language Learners (ELLs) classified as Long-Term ELLs (students who have received ELL services for 7 or more years). However, we are closely monitoring 13 ELLs who may become potential Long-Term ELLs if additional support is not provided early and consistently. To support these students, we provide rigorous, grade-level instruction across all content areas, with a continued focus on teaching language skills across the curriculum. Students also have access to afterschool and Saturday School programs funded through Title III, and they participate in weekly MTSS small group instruction, which includes three days of ELA and two days of Math.

Targeted interventions are in place, including Leveled Literacy Intervention (LLI), a short-term, intensive, small-group reading program designed to strengthen foundational literacy skills, and S.P.I.R.E., a research-based program that incorporates phonological awareness, phonics, spelling, fluency, vocabulary, and comprehension. In addition, individualized online instruction through i-Ready in both Reading and Math further supports growth. While Developing ELLs benefit from instruction that builds on their growing English proficiency with integrated literacy and content-area supports, students at risk of becoming Long-Term ELLs require more intensive, targeted literacy interventions, explicit academic vocabulary instruction, and structured opportunities for extended oral and written discourse to address persistent language gaps. This approach ensures that we differentiate between the needs of Developing ELLs and potential Long-Term ELLs, providing proactive supports to prevent students from remaining in ELL status beyond the expected timeframe.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At our school, we have 50 Former ELLs, which represents 7.8% of our student population. To support their continued academic success, Former ELLs receive 90 minutes of small-group instruction each week for two years after exiting ELL services. This supplemental instruction differs from the daily language development instruction that current ELLs receive, as it is specifically designed to reinforce academic language, monitor progress, and prevent regression. In small groups, ESOL/Bilingual certified teachers work closely with each student to identify strengths and address any gaps in reading or writing, while tailoring lessons to focus on individual learning goals. Teachers provide frequent, individualized feedback and use these sessions to reinforce skills taught in whole-group lessons, ensuring Former ELLs remain on track with grade-level expectations. Additionally, Former ELLs take the i-Ready Reading diagnostic assessment three times per year—fall, winter, and spring—which provides percentile ranks that show how their performance compares to peers in the same grade. This data helps teachers closely monitor progress and adjust instruction as needed, ensuring that Former ELLs continue to thrive academically after exiting ELL services. This distinction ensures that while current ELLs continue developing English proficiency, Former ELLs are supported in maintaining and extending their skills to achieve long-term academic success.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At our school, there are 66 students classified in the lowest risk category, indicating they are performing well and not exhibiting major barriers to success. These students will continue to be monitored with general support and provided with enrichment opportunities to ensure they remain academically and socially on track. Another 43 students fall into the moderate-risk category, requiring closer monitoring and targeted interventions such as additional language support, academic tutoring, and attendance monitoring. These supports may also include small group instruction or pairing with peer mentors to address specific needs before they become more significant barriers. Eleven students are currently in the highest risk category and are prioritized for immediate intervention through tailored action plans that address their academic, linguistic, and personal development needs. When examining the data more closely, patterns emerge across specific ELL subgroups. For example, 80% of our ELLs are Newcomers (0–3 years of ELL service), and while many are progressing, some face challenges in foundational literacy and content-area vocabulary, which can place them at moderate or high risk if not supported intensively. Additionally, 10% are Potential Long-Term ELLs (5–6 years of service), highlighting the need for consistent, targeted literacy interventions and vocabulary development to prevent stagnation. Performance data also indicates that 15.4% of ELLs scored at Levels 1 or 2 in ELA last school year, with 5.4% consistently scoring at Levels 1 or 2 in both SY 2022–23 and 2023–24, suggesting that a portion of students are struggling persistently with English Language Arts and may require stronger reading and writing interventions. Similarly, 6.9% of ELLs scored at Levels 1 or 2 in Math last school year, and 3.1% scored at these levels across both SY 2022–23 and 2023–24, pointing to academic gaps that extend beyond language proficiency into content mastery. Another concerning trend is that 12.3% of ELLs are in Temporary Housing, which adds an additional layer of risk due to instability, attendance challenges, and limited access to resources. Taken together, this data demonstrates that while many ELLs are thriving, specific subgroups—particularly Newcomers, Potential Long-Term ELLs, students with persistent low performance in ELA and Math, and those in Temporary Housing—are disproportionately represented in the moderate- and high-risk categories. The EDAT is utilized to observe trends and patterns, including additional risk factors such as overage status or social-emotional needs, which is critical in ensuring that the school addresses both the academic and non-academic barriers that may adversely affect the progress of ELLs.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

In Spring 2023, 18 students tested out of ELL status, and in Spring 2024, that number increased to 32 students. Among the former ELLs who tested out in 2024 by scoring Commanding on the NYSESLAT, 17 students also scored

Level 3 on the Spring 2024 ELA test, 11 students scored Level 3 on the Spring 2024 Math test, and 8 students scored Level 4 on the Spring 2024 Math test. While the majority of former ELLs are demonstrating success, an emerging at-risk trend is that 2 former ELLs scored Level 2 on the Spring 2024 ELA test, indicating a potential need for additional support in literacy, particularly writing. Broader data patterns further highlight areas of concern: 12% of Former ELLs scored at Levels 1 or 2 in ELA last school year, 2% scored at Levels 1 or 2 in both SY 2022–23 and 2023–24, 2% scored at Levels 1 or 2 in Math last school year, and 10% of Former ELLs are currently in Temporary Housing. These figures suggest that although most Former ELLs are progressing well, a subset continues to face persistent challenges in literacy and math, and that instability in housing presents an additional risk factor that may adversely affect achievement. The Spring 2025 EDAT is utilized to observe trends and patterns and will be essential in identifying additional risk factors that may influence the academic progress of Former ELLs, ensuring that targeted interventions and supports are in place to meet their needs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language with the largest representation among our English Language Learners (ELLs) at our school is Spanish. To support Spanish-speaking students and their families, our school has over 27 staff members who speak Spanish fluently, including teachers, aides, counselors, and administrative staff who help bridge communication and foster a welcoming environment. Our school supports Spanish-speaking families and students by providing translations of all important communications (letters, flyers, report cards) in Spanish, offering interpretation services during parent meetings, conferences, and IEP sessions with Spanish-speaking staff or professional interpreters, and posting materials in Spanish on our school website and through the Remind App, allowing families to select their preferred language. We also employ bilingual teachers and aides who support Spanish-speaking students during instruction in both self-contained and integrated classrooms, and we implement Transitional Bilingual Education and Dual Language programs where Spanish is used as a language of instruction alongside English. Parent workshops and school events are also conducted in Spanish to encourage family engagement and support student learning. In addition to Spanish, our ELL population includes students who speak other home languages such as Arabic, Bengali, and Haitian Creole. While these groups are smaller in number, the school ensures inclusivity by providing professional translation and interpretation services as needed, leveraging multilingual staff where available, and using digital tools that allow communication in families' preferred languages. This ensures that all ELL families—whether part of the largest language group or smaller subgroups—are supported, valued, and engaged in both communication and learning.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At our school, the racial and ethnic classifications of English Language Learners (ELLs) reflect the wide diversity of our community. Among our ELL population, 19.2% identify as American Indian or Alaskan Native, 8.5% as Asian, 16.9% as Black, 0.8% as Multiracial, 6.2% as Native Hawaiian or Other Pacific Islander, and 48.5% as White. This diversity informs how we plan and implement Culturally Responsive and Sustaining Education (CR-SE) to ensure that all students feel recognized, valued, and supported. ELLs are fully included in our planning and delivery of CR-SE through a collective responsibility among staff to learn about and honor student cultures and communities. We celebrate culturally significant observances such as Hispanic Heritage Month, Black History Month, and Asian Pacific American Heritage Month, providing opportunities for students to see their identities reflected and honored. Our curriculum emphasizes high expectations and rigorous instruction, while also creating opportunities for students to explore themes of power, privilege, identity, and community, helping them develop as independent learners and

agents of positive social change. We integrate Social Emotional Learning (SEL) across grade levels, with classroom teachers developing culturally responsive lessons and our SAPIS counselor conducting inclusive workshops that support all students, including ELLs. Our classroom libraries are carefully curated to reflect the racial, linguistic, and cultural diversity of our students, ensuring representation and inclusivity in daily instruction. Additionally, our partnership with the Ajna Dance Company brings South Asian dance and culture into the classroom. Through traditional dances such as Bharatanatyam and Kathak, folk dances like bhangra and garba, and modern Bollywood styles, students experience culture through music, movement, and storytelling. For ELLs, this program is especially meaningful because it allows participation without relying solely on English, creating space for self-expression and cultural sharing. Ajna fosters a joyful, welcoming environment where students feel seen and valued, supporting both confidence and learning regardless of the language spoken at home.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Spring 2024 NYSESLAT Results Overview: 32 students met progress by exiting ELL status, 16 students met their Annual Progress Target, 5 students met Safe Harbor Cumulative Growth, and 44 students had Progress Not Met. These results help us identify which students have successfully advanced in their English language proficiency and which students may require targeted support and intervention to meet future language development goals. When examining the data more closely, several trends emerge. Students who exited ELL status or met their Annual Progress Target were largely Newcomers who have been in U.S. schools for fewer than three years, suggesting that targeted instruction and intensive supports are helping this subgroup make strong gains. On the other hand, students in the Progress Not Met category include a higher proportion of Potential Long-Term ELLs (5–6 years of service), indicating a need for more intensive, sustained literacy and vocabulary interventions to prevent stagnation. Additionally, a review of student demographics reveals that ELLs in Temporary Housing are disproportionately represented among those who did not meet sufficient progress, which points to non-academic barriers such as attendance and stability that may be adversely impacting language development. Overall, while the school is making steady progress in moving students toward proficiency, the emerging concern is that Potential Long-Term ELLs and students in Temporary Housing require more targeted interventions in both literacy and content-area instruction. Continued monitoring, differentiated small-group instruction, and expanded support services will be essential in helping these students achieve English Language Proficiency in future years.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

As part of the Spring 2024 NYSESLAT, students were assessed in the four modalities of Listening, Speaking, Reading, and Writing.

By grade level, the results highlight notable strengths: in Grade 1, 19 students showed strength in Listening and 16 in Reading; in Grade 2, 9 students performed well in both Listening and Reading; in Grade 3, 10 students showed strength in Reading and 9 in Listening; in Grade 4, 16 students excelled in Speaking; and in Grade 5, 7 students demonstrated strong Speaking skills. These results show that younger students are developing Listening and Reading as early strengths, while upper-grade students are beginning to demonstrate more confidence in Speaking.

At the same time, areas of need were identified. In Grade 1, 7 students need more support in Speaking; in Grade 2, 3

students need Writing support and 4 need Speaking; in Grade 3, 1 student requires Writing support and 2 need Speaking; and in Grade 4, 2 students need Writing support and 3 need Speaking. While the numbers of students requiring support in each grade are relatively small, these patterns point to modality-specific needs. When reviewing the results across the school as a whole, several trends emerge.

Listening and Reading are consistent strengths across multiple grade levels, especially in the early grades, suggesting that students are building receptive language skills and beginning to transfer these into literacy development. Speaking is a recurring area of need across grades, with students requiring more opportunities to practice oral language, academic vocabulary, and extended discourse. Writing also emerges as an area that needs attention, particularly from Grade 2 onward, where students must expand their ability to organize and express ideas in written form.

These schoolwide patterns indicate that while ELLs are progressing in receptive skills, more targeted instruction in Speaking and Writing will be necessary to balance growth across all modalities and prepare students for success in both academic and social language use.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Analysis of student performance shows a correlation between NYSESLAT proficiency levels and scores on other state assessments in ELA and Math.

Students who score Commanding on the NYSESLAT typically achieve Level 3 or higher on the state ELA assessment. These students also tend to score at Level 3 or Level 4 on the Math assessment, indicating that strong English proficiency supports academic success across content areas.

Students at the Transitioning and Expanding levels on the NYSESLAT generally score at Level 2 in ELA, with their Math performance ranging between Level 2 and Level 3, reflecting that while they may grasp mathematical concepts, language demands often remain a barrier in problem-solving and explaining reasoning.

When looking at Former ELLs, data indicates that many continue to perform at or above proficiency levels after exiting services, with the majority maintaining Level 3 or Level 4 scores in both ELA and Math. However, a small subset of Former ELLs still demonstrates challenges in literacy—particularly writing on the ELA exam—highlighting the need for continued monitoring and targeted small-group support during the mandated two years after exit. This analysis confirms that there is a strong relationship between English language proficiency and performance on state assessments, underscoring the importance of targeted instruction. Ensuring that students at the Transitioning and Expanding levels receive additional literacy support, while Former ELLs continue to benefit from supplemental instruction and progress monitoring, helps sustain growth and ensures that gains in English proficiency translate into long-term academic achievement.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

This year, we closely reviewed how our English Language Learners (ELLs) with Individualized Education Programs (IEPs) performed on the NYSESLAT. Here's how these students are currently developing their English language

skills:

- 12 students are at the Entering level (beginning to learn English)
- 4 students are at the Emerging level (developing basic English skills)
- 12 students are at the Transitioning level (using more English in academic settings)
- 9 students are at the Expanding level (using English more confidently)
- 5 students are at the Commanding level (proficient in English)

This trend indicates that ELLs with IEPs are making progress at different stages of language development:

A majority (28 students) are still in the Entering to Transitioning range, which means they are actively learning and growing in their English skills but still need structured language and academic support. A growing number (14 students) are at the Expanding or Commanding levels, which shows that some students with IEPs are reaching higher levels of English proficiency despite additional learning needs.

We are committed to supporting our English Language Learners (ELLs) who also receive special education services through targeted and personalized instruction. Our teachers provide lessons that address both language development and individual learning goals. In addition, students receive differentiated support through small group instruction and classroom-based strategies that meet their unique needs. Our ENL and Special Education teachers work closely together to ensure that instruction is aligned and supportive across all settings. We also carefully monitor each student's progress and adjust our teaching approaches as needed to help every student grow and succeed.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At our school, we believe that every English Language Learner deserves access to rigorous, meaningful learning experiences that help them grow academically, socially, and linguistically. To support this, we provide instruction that is both challenging and accessible, allowing students to develop a deep understanding of grade-level content while also building strong English proficiency. Teachers in our stand-alone ENL classes and One-Way Immersion Dual Language (Spanish) program play a vital role in helping students develop strong academic skills, bilingualism, and biliteracy.

Teachers of ELLs closely monitor progress and adjust instruction to meet each student's needs. They provide small-group support, targeted intervention and feedback, , on-going progress monitoring and differentiation that challenges students while ensuring they feel successful. Also language development is intentionally embedded into daily instruction. Teachers highlight academic vocabulary, provide opportunities for purposeful speaking and listening, and support students in reading and writing across subjects.

Teachers of ELLs use intentional strategies to integrate content areas so that students learn both academic content and English language skills at the same time. Rather than teaching language in isolation, lessons are designed so that ELLs develop vocabulary, speaking, reading, and writing skills while exploring math, science, social studies, and ELA topics.

Across all content areas, teachers of ELLs:
- Use visuals, sentence frames, and modeling to support understanding
- Incorporate collaborative discussions so students practice speaking and listening
- Scaffold instruction to meet students at their language level while challenging them academically
- Provide frequent opportunities to read, write, and talk about content

By integrating math, science, social studies, and ELA in this way, teachers ensure that ELLs are not only learning English—they are learning through English, building strong academic skills, critical thinking, and confidence as learners.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At our school, we believe "College Begins in Pre-Kindergarten" and that every student can succeed in reading, writing, and math. We are committed to helping all children reach their highest potential.

Our Instructional Leadership Team (ILT) meets biweekly to review student data from classroom tests, i-Ready diagnostics, Running Records, and state exams. We pay special attention to supporting English Language Learners (ELLs), Former ELLs, and students with disabilities, ensuring they have the support needed to thrive.

To give ELLs equitable access to the core curriculum, the ILT monitors ENL Stand-Alone instruction for foundational language skills, as well as Integrated ENL instruction, where ENL teachers work with classroom teachers to teach both content and language together in subjects like ELA, math, science, and social studies. Our Dual Language Bilingual programs also ensure students can learn grade-level content in both English and their home language while developing bilingualism and biliteracy.

We review schedules, class structures, and program compliance to make sure ELLs are included in grade-level instruction and receive the necessary scaffolds and supports. Teachers also receive ongoing professional development tailored to multilingual learners, and instruction is designed to be culturally responsive and respectful of students' home languages and experiences.

Through this combination of careful monitoring, program oversight, and targeted support, ELLs are able to fully access the curriculum and achieve academic success alongside their peers.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At our school, English Language Learners (ELLs) receive instruction that fully aligns with the Next Generation Learning Standards by integrating both content and language objectives across all subjects.

In ENL Stand-Alone classes, students develop foundational English skills through daily phonics and literacy instruction, building the reading and writing abilities they need to access grade-level content. Teachers also integrate content from ELA, Math, Science, and Social Studies while embedding explicit language support through scaffolds, modeling, and structured opportunities for speaking and writing. This approach ensures that students are simultaneously developing English proficiency and engaging with rigorous, grade-level standards across all subjects. Teachers use research-based methods such as visuals, graphic organizers, sentence frames and collaborative learning to ensure that all students can access grade level content.

In One-Way Immersion Dual Language classes, students receive instruction primarily in Spanish while also developing English language proficiency. Teachers deliver core academic content in Spanish—including ELA, Math, Science, and Social Studies—while embedding explicit strategies to support language development in both Spanish and English. Instruction includes daily phonics and literacy lessons in Spanish, modeling of academic language, structured speaking and writing activities, guided reading and writing, and scaffolded opportunities to practice new vocabulary and grammar.

Teachers use research-based methods such as visuals, graphic organizers, sentence frames, and collaborative learning to ensure that all students can access rigorous, grade-level content while simultaneously developing bilingual and biliterate skills. Lessons are carefully planned to include language objectives alongside content objectives, supporting students as they develop reading, writing, speaking, and listening skills in both languages.

As students progress, instruction gradually incorporates more English while maintaining strong support for Spanish literacy, ensuring a smooth transition to full bilingual proficiency. By integrating culturally responsive practices, translanguaging, and project-based learning, One-Way Immersion students not only develop academic language and literacy but also build deep conceptual understanding across subjects, fully meeting the demands of the Next Generation Learning Standards in K–5.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of ELLs with IEPs often adapt core curriculum materials using scaffolds, visuals, or technology tools to ensure that English Language Learners (ELLs) with IEPs not only receive targeted intervention but also have equitable access to grade-level content alongside their peers. By integrating intervention programs such as S.P.I.R.E., Acadience, Phonics for Reading and MaxScholar with everyday classroom instruction, teachers support both language development and academic growth in reading while simultaneously reinforcing skills in content areas like science, social studies, and mathematics. This approach ensures that interventions are not isolated but work in tandem with classroom learning, providing students with consistent support while promoting meaningful engagement with the full curriculum.

b. SIFE

Currently, we do not have any Students with Interrupted or Inconsistent Formal Education (SIFE) enrolled in our school. However, if we do welcome SIFE students in the future, we are fully prepared to support them both academically and emotionally. Teachers of English Language Learners (ELLs) with IEPs and Students with Interrupted Formal Education (SIFE) adapt core curriculum materials using scaffolds, visuals, and technology tools to ensure students not only receive targeted intervention but also have equitable access to grade-level content across all subject areas. By integrating programs such as S.P.I.R.E., MaxScholar, Phonics for Reading, and Acadience with classroom instruction, teachers support both language development and academic growth in reading while reinforcing content-area skills in science, social studies, and mathematics. This coordinated approach addresses gaps in foundational knowledge, helping ELLs with IEPs and SIFE engage with rigorous, grade-level content while receiving individualized support to accelerate reading proficiency and overall academic success.

c. Newcomers

At our school, we make sure that all newcomer Multilingual Learners and English Language Learners (MLs/ELLs) are fully included in grade-level lessons and classroom activities. To help them succeed, teachers provide extra support and use targeted strategies to make rigorous learning accessible while supporting English language growth. In

English Language Arts (ELA), teachers pre-teach important vocabulary before lessons begin and use supports such as anchor charts, student work samples, question prompts, and vocabulary tools to help students understand complex texts. For reading intervention, students may use MaxScholar, an online program that builds decoding, comprehension, and fluency skills, while i-Ready Reading provides personalized lessons based on diagnostic results to address individual gaps. Also, in Math, teachers use visuals, graphic organizers, real objects (manipulatives), and simplified texts to make abstract concepts clearer. Personalized lessons in i-Ready Math further allow Newcomers to practice grade-level standards while also receiving language supports like word banks and glossaries that break down math vocabulary. Furthermore, in Science and Social Studies, teachers provide scaffolds such as short videos, pictures, and simple texts to explain new ideas. Programs like Scholastic SuperSTEM offer materials at different reading levels, allowing Newcomers to engage with the same grade-level topics as their peers. Students also use BrainPOP, BrainPOP Jr., and BrainPOP ELL, which provide interactive lessons across content areas with visuals, audio, and games that reinforce both content knowledge and academic vocabulary. Across all subjects, teachers integrate strategies such as Total Physical Response (TPR), where students hear English commands and respond with movement, making vocabulary memorable and engaging. Graphic organizers, visuals, and exemplars are also used consistently to support comprehension and expression. With these supports in place, Newcomer MLs/ELLs are not only learning English but are also given equitable access to grade-level academic content in ELA, Math, Science, and Social Studies. This approach ensures that Newcomers feel welcomed, build confidence, and grow as independent learners while accelerating their English language development.

d. Long Term ELLs

At this time, we do not have any Long-Term Multilingual Learners/English Language Learners (MLs/ELLs) enrolled in our program. However, if students are identified as Long-Term MLs/ELLs in the future, we are fully prepared to support them. The teachers of long-term ELLs (LTELLs) adapt core curriculum materials using scaffolds, visuals, and technology tools to ensure all students have equitable access to grade-level content across subject areas. By integrating programs such as S.P.I.R.E., MaxScholar, Phonics for Reading, and Acadience with classroom instruction, teachers support reading development, academic language, and content-area learning in science, social studies, and mathematics. This coordinated approach addresses gaps in foundational knowledge and language proficiency, enabling ELLs with IEPs, SIFE, and LTELLs to engage meaningfully with rigorous content while receiving individualized support to accelerate literacy and overall academic success.

Also these students will have full access to grade-level content and will receive a variety of supports, or scaffolds, to help them stay engaged and succeed academically. These supports may include anchor charts, student examples, question and answer prompts, visuals, focused vocabulary instruction, and graphic organizers to make learning easier to understand and express. When helpful, long-term MLs/ELLs may also use word-by-word glossaries to support their understanding of grade-level texts and academic vocabulary. In addition to these supports, instruction for Long-Term ELLs would focus on addressing the specific challenges they face, such as plateauing in language development. Teachers would provide increased opportunities for academic discussion in pairs and small groups to strengthen oral language, along with extended writing tasks across content areas to develop the ability to express complex ideas in writing. Instruction would also include explicit teaching of advanced vocabulary and grammar structures, ensuring that students build the academic language necessary to meet the demands of the Next Generation Learning Standards. To further build reading and language skills, students may use

MaxScholar, an online reading program based on the Orton-Gillingham approach, which strengthens foundational reading and comprehension. After completing benchmark assessments, teachers can also assign personalized i-Ready Reading and Math lessons that target each student's individual needs. Together, these tools and strategies would ensure that Long-Term MLs/ELLs not only receive the right support to grow but are also challenged with higher-level language tasks that accelerate their academic progress and help them thrive in the classroom.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school provides comprehensive supports to English Language Learners (ELLs) with IEPs to help them achieve their individualized goals and develop English language proficiency within the least restrictive environment. Teachers adapt core curriculum materials using scaffolds, visuals, graphic organizers, and technology tools to ensure equitable access to grade-level content.

Targeted literacy interventions—such as S.P.I.R.E., MaxScholar, Phonics for Reading, and Acadience—are integrated with classroom instruction to strengthen reading skills, academic language, and content-area knowledge in science, social studies, and mathematics. For Students with Interrupted Formal Education (SIFE) and long-term ELLs (LTELLs), additional supports address gaps in foundational skills and academic language.

ESOL and special education teachers collaborate to provide differentiated instruction, co-teaching, and small-group or individualized interventions. Progress monitoring is embedded throughout, using formative assessments, benchmark assessments, and IEP goal tracking to ensure instruction is responsive and interventions are effective. This approach allows ELLs with IEPs to make measurable gains academically and linguistically while remaining fully engaged in inclusive, grade-level classrooms.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

At our school, we are proud to offer different programs to support the language development of our Multilingual Learners/English Language Learners (MLs/ELLs) while honoring their home languages and cultures. In ENL stand-alone classes, students receive English language instruction from certified ESOL teachers who incorporate visuals, movement-based learning (TPR), and vocabulary strategies that draw on students' home languages, such as counting in English, Spanish, and Creole. Classroom libraries include books written in students' home languages to promote literacy and engagement, and teachers use informal assessments such as classroom participation, family surveys, and comprehension checks to understand how students use their home language as a bridge to English.

In Dual Language Bilingual Education (DLBE) classrooms, half of the library features books in English and the other half in Spanish, with instruction balanced between the two languages to support listening, speaking, reading, and writing skills in both. Teachers use formal assessments such as oral language tasks, writing samples, and comprehension activities in Spanish to measure biliteracy growth alongside English. Students who speak Spanish as their home language receive instruction in both Spanish and English, with the balance gradually shifting from 70% Spanish and 30% English in Kindergarten to 70% English and 30% Spanish by Grades 3 and 4.

Home language growth in TBE is monitored through formal Spanish-language writing assignments, oral presentations, and vocabulary checks, ensuring students maintain strong Spanish foundations as English instruction

increases. In the One-Way Dual Language model, students who share Spanish as a home language are taught in both Spanish and English with the goal of becoming bilingual and biliterate, and their Spanish progress is assessed through formal assessments like reading comprehension activities and written responses as well as informal measures such as classroom discussions.

Across all program models, certified ESOL and bilingual teachers intentionally use a combination of formal assessments (e.g., writing tasks, vocabulary checks, oral presentations) and informal assessments (e.g., participation, surveys, comprehension checks) to monitor how students are developing and applying their home language skills. These results, paired with English language development data, guide instruction and ensure that students are supported in both languages while meeting the demands of the Next Generation Learning Standards.

In a One-Way Dual Language model, students who share the same home language (Spanish) are taught in both Spanish and English, with the goal of helping them become bilingual or multilingual. Meanwhile, in our ENL program, certified ESOL teachers provide English instruction that also supports home language connections using all four language domains—listening, speaking, reading, and writing—so students can succeed in both content areas and language learning.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A - Our school is an elementary school from K - 5.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At our school, grade-level teaching teams meet three times a week to plan lessons collaboratively, ensuring that all students—especially English Language Learners (ELLs), students with disabilities (SWDs), and those receiving additional support—receive instruction tailored to their needs. During these planning sessions, teachers differentiate lessons and strategically.

In Integrated ENL settings, ENL and content-area teachers co-plan and co-teach lessons to embed language objectives alongside content objectives. ENL teachers provide scaffolds—such as sentence frames, visuals, and vocabulary supports—while content teachers deliver rigorous, grade-level curriculum.

In Dual Language Bilingual Education (DLBE) classrooms, English and Spanish teachers collaborate closely to design lessons that balance both languages. They use strategies such as cognates, translanguaging, and shared assessments to support biliteracy and bilingualism, co-delivering instruction so students build skills in both English and their home language while accessing challenging content.

Across all models, small-group time allows ELLs to receive individualized instruction, mini-lessons, or one-on-one conferences to reinforce language development and comprehension of classroom content. These systems and structures ensure co-teaching is consistent, intentional, and responsive to the unique demands of each ELL program

model. By fostering teacher collaboration, our school ensures that every ELL has equitable access to core content and the support needed to thrive academically.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At our school, we believe that supporting the academic and social-emotional well-being of Multilingual Learners/English Language Learners (MLs/ELLs) is essential to their success. Our annual professional learning plan ensures that all staff—including teachers, administrators, and support personnel—receive training focused on meeting both the academic and social-emotional needs of MLs/ELLs.

Professional development includes co-teaching strategies, scaffolding techniques, and integrating language and content instruction, enabling teachers to provide access to grade-level curriculum while building students' English proficiency. Staff also engage in training on culturally responsive-sustaining education (CR-SE) practices to strengthen connections between instruction and students' identities, languages, and cultures.

To address social-emotional needs, students participate in Social Emotional Learning (SEL) activities, supported by staff training provided through S.A.P.I.S. (Substance Abuse Prevention and Intervention Services). Selected staff have completed Implicit Bias Training, with additional sessions planned throughout the year to deepen capacity in creating inclusive learning environments. Our school implements P.B.I.S. (Positive Behavioral Interventions and Supports) to foster a positive and respectful climate and maintains a mentor-mentee program to help students build supportive relationships. SEL themes—such as self-awareness, self-management, social awareness, relationship skills, and responsible decision-making—are integrated into Social Studies and Reading lessons, allowing students to make meaningful connections across content areas.

Through this combination of academic-focused training and SEL-centered professional learning, all staff are equipped to meet the holistic needs of MLs/ELLs, ensuring that students feel safe, supported, and challenged while gaining equitable access to rigorous instruction that prepares them for long-term success.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school is committed to ensuring that all teachers and staff are well-prepared to meet the needs of Multilingual Learners/English Language Learners (MLs/ELLs). Each year, we update our Professional Development Plan to align with New York State's Continuing Teacher and Leader Education (CTLE) requirements, specifically CR Part 154. This regulation requires that at least 15% of professional learning hours for all certified teachers focus on supporting ELLs, and 50% of total hours for Bilingual Education and ENL teachers must be ELL-specific. Throughout the school year—including on designated Professional Development days—our staff participates in workshops led by consultants from Advancing Literacy (TC), HMH, and other experienced developers. These sessions may be offered virtually or in person, providing flexible and relevant training to help educators better support language development and academic success for MLs/ELLs. In addition, Bilingual and ENL teachers have access to further professional

learning through platforms such as Pro-Learner (via TeachHub) and the English Language Learner Portal, where they can register for online PDs that count toward their CTLE ELL-specific hours. To ensure compliance, our administration team tracks and monitors CTLE hours for all certified staff through attendance logs, completion certificates, and digital records of professional learning sessions. Building leaders review PD records regularly to confirm that all certified teachers meet the 15% ELL-specific requirement, while Bilingual and ENL teachers are supported in documenting and verifying that 50% of their CTLE hours are directly tied to ELL-specific professional learning. Staff are also given reminders and individual updates throughout the year to ensure they remain on pace to fulfill the mandate. These ongoing professional learning opportunities, paired with consistent monitoring and accountability structures, ensure our staff not only has access to high-quality training but also fully complies with state regulations while staying current with best practices for helping all MLs/ELLs thrive.

To ensure compliance with CTLE ELL-specific requirements, our school employs a multi-layered monitoring and tracking system. All professional learning sessions—both in-person and online—are logged in a centralized PD management system, where staff record attendance and completion, and the system flags sessions that qualify as ELL-specific. Teachers submit supporting documentation, such as certificates of completion, sign-in sheets, or screenshots for online courses, which are stored digitally for verification. Building leaders conduct quarterly audits of all certified staff's PD records to ensure that the 15% and 50% ELL-specific requirements are being met. Throughout the year, teachers receive individualized progress reports showing total hours completed and remaining ELL-specific hours, and staff who are behind receive targeted recommendations for upcoming workshops, online modules, or other professional learning opportunities. School leaders maintain administrative oversight at both the individual and grade-level team levels, ensuring alignment with state regulations while promoting equitable access to high-quality, ELL-focused professional development.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Assessments play a critical role in guiding instruction for English Language Learners (ELLs) by providing detailed information about both language proficiency and academic skills, allowing teachers to tailor instruction to meet each student's unique needs. For newcomer ELLs, assessment data identifies English proficiency levels and prior content knowledge, informing small-group or one-on-one instruction with scaffolded lessons and language modeling. Long-term ELLs (LTELLs) benefit from assessment insights that highlight persistent gaps in academic language or reading comprehension, guiding targeted interventions in vocabulary development, text analysis, and higher-order thinking while maintaining grade-level rigor. Students with Interrupted Formal Education (SIFE) are supported through assessments that pinpoint foundational skill gaps, allowing teachers to provide intensive literacy and numeracy instruction with scaffolded access to grade-level content. For ELLs with IEPs, assessment data informs both individualized learning plans and classroom instruction, ensuring that interventions—such as S.P.I.R.E., MaxScholar, or phonics programs—align with content objectives and promote skill growth. Across all subgroups, assessment results drive flexible student grouping, differentiated lessons, scaffold selection, and progress monitoring, ensuring that instruction is responsive, equitable, and designed to accelerate both language development and academic achievement.

Assessment data plays a central role in connecting instruction to the specific needs of English Language Learners (ELLs). Teachers use assessment results to group students flexibly based on skill level, language proficiency, or individual needs, allowing for targeted small-group or individualized instruction. Lessons, scaffolds, and supports are differentiated to match the instructional needs of each subgroup, ensuring that all students can access grade-level content while developing language skills. Ongoing progress monitoring allows teachers to adjust instruction in real time, making interventions responsive and effective. Additionally, assessment data guides program alignment, informing the integration of targeted literacy and language development programs—such as S.P.I.R.E., MaxScholar, and Acadience—into core classroom instruction. By analyzing data by subgroup, teachers can make informed, strategic decisions that ensure every ELL, regardless of language proficiency, educational history, or additional needs, receives instruction that is both rigorous and accessible.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At our school, we provide targeted interventions to support English Language Learners (ELLs) in ELA, Math, and other core content areas through a Multi-Tiered System of Supports (MTSS). In grades 3–5, students participate in ELA MTSS on Monday through Wednesday for one hour in small rotational groups organized by reading level and targeted skills. This intervention particularly supports Developing ELLs, focusing on comprehension, vocabulary, and writing, while Former ELLs also participate to maintain grade-level performance. On Thursday and Friday, students receive Math MTSS, with Newcomer ELLs often receiving bilingual support in English and Spanish to access content

and build academic vocabulary. Developing and Former ELLs receive math instruction that reinforces grade-level standards, problem-solving skills, and English language development. Instruction within MTSS is delivered in English and Spanish, depending on each student's needs.

In addition to MTSS, select ELLs—primarily Developing students with literacy gaps—receive intensive reading support through S.P.I.R.E., Acadience Reading, and Phonics for Reading. S.P.I.R.E., delivered in English, uses a structured 10-step approach addressing phonological awareness, phonics, spelling, fluency, vocabulary, and comprehension and is particularly effective for struggling readers and students with dyslexia. Acadience Reading, administered three times a year in grades K–2, helps teachers monitor foundational reading skills such as letter-sound recognition, blending, fluency, and comprehension, informing targeted instruction and grouping. Phonics for Reading provides explicit, systematic phonics instruction to reinforce decoding skills and strengthen early literacy.

By aligning MTSS with these targeted programs and offering instruction in English and Spanish, our school ensures that Newcomers, Developing, and Former ELLs receive research-based, individualized support that promotes both academic growth and English language development across all core content areas.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At our school, we use multiple forms of data beyond reading assessments to guide instruction for English Language Learners (ELLs) across all core content areas. In addition to literacy and foundational skill assessments such as Running Records, UFLI, S.P.I.R.E., and Acadience Reading, teachers analyze i-Ready Math diagnostics, as well as pre- and post-assessments from Amplify Math and Desmos, to monitor numeracy skills, track growth, and identify students needing targeted support in problem-solving, computation, and grade-level standards. Classroom-based assessments—including unit tests, exit tickets, writing samples, and performance tasks—are used to evaluate mastery in Science, Social Studies, and other subjects, while NYSESLAT results track growth in listening, speaking, reading, and writing to ensure instruction integrates both content and language development. By triangulating these multiple data sources—standardized diagnostics, pre/post assessments, formative classroom data, and language proficiency results—teachers can differentiate instruction, form flexible small groups, provide targeted interventions, and scaffold lessons for Newcomers, Developing, and Former ELLs. This comprehensive, data-driven approach allows educators to promote both academic achievement and English language development, ensuring equitable access to rigorous instruction for every ELL.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At our school, we use a combination of teacher-created assessments, i-Ready diagnostics, and post-assessments from unit tests and Amplify Math to guide instruction for English Language Learners (ELLs). After each lesson or unit, teachers design short formative assessments—such as exit tickets, quick checks, and student work samples—that allow them to monitor understanding in real time, adjust instruction immediately, and provide additional support where needed. Teacher-created assessments also help identify students who are ready for enrichment or more advanced tasks, ensuring instruction is responsive to individual learning needs on a daily basis. In addition, students in Kindergarten through Grade 5 complete the i-Ready Diagnostic for Reading and Math three times per year—at the

beginning, middle, and end of the school year. While the diagnostic provides benchmark data, teachers also use i-Ready's ongoing lesson performance reports and progress monitoring tools, as well as post-assessments from unit tests and Amplify Math, to track growth between testing windows. This enables teachers to adjust small groups, assign targeted practice, and differentiate instruction based on current progress. To maintain consistency across grades, teachers meet during Vertical Leadership Team (VLT) meetings to review results from all assessments, identify trends, address common skill gaps, and update curriculum maps to strengthen alignment and close learning gaps. By combining daily formative assessments with diagnostic and post-assessment data, our school ensures that instruction is data-driven, responsive, and tailored to the academic and language development needs of all ELLs.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

At our school, we carefully evaluate the home languages of all Multilingual Learners (MLs) and English Language Learners (ELLs) throughout the year. Upon enrollment, families complete a Home Language Questionnaire (HLQ) to help us identify the language(s) spoken at home. We also use an internally developed assessment form—based on key HLQ questions—that can be administered at any time, even prior to official enrollment, to better understand each student's language needs. Qualified staff are available to determine if a language other than English is spoken at home and to support families throughout the enrollment process.

For students whose home language is Spanish, we administer the Spanish Lab to all new students and use the Sistema de Evaluación de la Lectura for students in grades K–2 to monitor reading development. These assessments are given quarterly to provide updated data on independent and instructional reading levels, guiding both classroom instruction and targeted interventions.

For students whose home languages are not Spanish, we employ a combination of informal assessments, classroom observations, student interviews, and family input to monitor language use and development. Teachers gather data on listening, speaking, reading, and writing in the home language whenever possible, and collaborate with interpreters, bilingual staff, and cultural liaisons to ensure accurate understanding of students' skills. Additionally, teacher notes, anecdotal records, and student work samples are reviewed periodically to track progress and identify areas needing support.

By combining formal assessments in Spanish with ongoing, collaborative, and informal evaluation practices for other home languages, our school ensures that the home language development of all MLs/ELLs is monitored, valued, and used to inform instructional planning, supporting equitable access to both academic content and language development across all student populations.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

t our school, we use summative assessments—including NYSESLAT, ELA, Math, and state exams—to evaluate the effectiveness of our ML/ELL programs and guide instructional and curricular decisions. For example, NYSESLAT results often highlight lower performance in writing, which aligns with trends observed in Grades 3–5 ELA

assessments. In response, one of our instructional school goals is to strengthen both short and extended writing responses. To support this, teachers collaborate with Advancing Literacy & HMH consultants to revise and enhance the writing curriculum, integrating grade-level texts while addressing reading and language standards. In Math, NYSESLAT and Math assessments indicate that solving word problems remains an area of focus. Our instructional team works with consultants from Amplify Math, Desmos, and Math in the City to strengthen problem-solving skills by teaching students strategies such as S.O.L.V.E. to unpack and approach word problems effectively.

We use summative assessment data to monitor progress across different ELL subgroups, including Newcomers, Long-Term ELLs (LTELLs), and Former ELLs. By disaggregating results by language proficiency, years in program, and home language, teachers can differentiate instruction, provide targeted interventions, and group students strategically for MTSS supports. This ongoing analysis ensures that program effectiveness is evaluated for all learners and that curricular adjustments are grounded in evidence, supporting both academic achievement and English language development.

If you want, I can also create a version that explicitly maps each summative

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT will be administered over three consecutive days. ELLs listed on the RLER report will be tested within their appropriate grade bands. Testing will begin at 9:15 a.m. each day and will be administered by bilingual and ENL classroom teachers, along with assigned proctors. Once students have completed the assessment, they will return to their classrooms to continue their mandated instruction. Attendance must be recorded each day students participate in the NYSESLAT. Make-up testing will be conducted for any students who are absent, upon their return to school. The Testing Coordinator, ENL Coach, and Bilingual Teacher will work together to score the assessments.

The NYSESLAT administration plan includes the following:

The Testing Coordinator oversees the overall administration of the NYSESLAT and is responsible for ensuring that all testing materials are properly distributed to staff. They monitor compliance with testing protocols, coordinate make-up testing for students who are absent, and communicate procedures and updates to staff and families. The Testing Coordinator ensures that students receive all testing accommodations as specified in their Individualized Education Programs (IEPs) or 504 plans.

In addition, the Testing Coordinator trains teachers and proctors on proper NYSESLAT administration procedures and provides specialized training for ENL and bilingual teachers on how to accurately score the writing component of the assessment. After testing, the Testing Coordinator collects, organizes, and scans the answer sheets for submission and review, ensuring that scoring is accurate, secure, and compliant with state guidelines.

Classroom teachers, including ENL and bilingual teachers, are responsible for administering the NYSESLAT to their assigned students while ensuring that test security is strictly maintained. They provide all allowed accommodations based on students' IEPs, 504 plans, or language proficiency needs. Testing begins at 9:15 a.m. each day, and teachers monitor students throughout the assessment to ensure that procedures are followed correctly. After students complete the test, teachers ensure they return promptly to their classrooms to continue mandated instruction, minimizing disruption to learning. Additionally, classroom teachers assist with student transitions before and after testing and complete required training on NYSESLAT administration, accommodations, and test security. By balancing assessment administration, student support, and instructional continuity, classroom teachers play a critical role in maintaining the integrity of the assessment while supporting the ongoing academic success of ELLs.

Proctors support the administration of the NYSESLAT by monitoring students during testing, ensuring that all procedures are followed, and assisting with logistical tasks such as setting up testing materials and managing classroom transitions. They help maintain a secure and orderly testing environment and ensure that students remain on task throughout the assessment. All proctors complete training on NYSESLAT administration, accommodations, and test security prior to testing, so they are fully prepared to support teachers and uphold assessment integrity.

The ENL Coach and Bilingual Cluster Teachers, working alongside the Testing Coordinator, collaborate to ensure accurate and consistent scoring of the NYSESLAT. Together, they review student responses—particularly the writing component—and cross-check scores to maintain fidelity and reliability in accordance with state guidelines. This team-based approach ensures that all assessment results are scored fairly and accurately, providing valid data to inform instructional planning and monitor the English language development of all ELLs.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school is committed to ensuring that all current and former English Language Learners (ELLs) receive the testing accommodations they are entitled to on state assessments. To identify eligible students, the Testing Coordinator works closely with ENL teachers to review updated rosters at the start of every testing window, confirming eligibility based on current ELL status, the two-year entitlement period for former ELLs, and any accommodations outlined in students' IEPs or 504 plans. Once eligibility is verified, the Testing Coordinator documents required accommodations and monitors their consistent implementation across all assessments, including ELA, Math, Science, and Social Studies exams. Accommodations may include testing in a separate, quiet location, access to alternate language editions of Math and Science assessments, oral translation support, the use of bilingual dictionaries and glossaries, and the option to write responses in the student's home language when appropriate. Through careful coordination, tracking, and ongoing communication with teachers and proctors, the school ensures that all eligible ELLs and former ELLs are fully supported and able to demonstrate their academic abilities under equitable testing conditions.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

When new students are registered, our office staff uses the Office of Language Access services to communicate with parents of newly identified English Language Learners (ELLs). We have in-person translators available for Spanish, Haitian Creole, and French. For other languages, we provide phone interpretation to ensure all parents understand the ELL program options available at our school.

Parents of newly identified ELL students will be offered a registration appointment. During this appointment, parents will complete the Home Language Identification Survey (HLIS) and other intake forms. They will also watch a short video explaining the three available ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education, and English as a New Language.

At this time, parents will complete the Parent Selection & Program Agreement form to choose their preferred program. If the form is not completed, parents will receive a Program Placement Default Letter explaining the assigned placement.

Copies of the HLIS, Parent Selection & Program Agreement, and Program Placement or Default Placement letters will be kept in the student's cumulative record and in the ML/ELL binder for easy reference.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school offers meetings with parents either in person or virtually. We send progress reports regularly and arrange individual meetings to discuss your child's program goals, language development progress, assessment results, and language support needs across all subjects.

For parents who speak Spanish, French, or Haitian Creole, we have staff available to translate during meetings. For other languages, we use an over-the-phone translation service to ensure clear communication.

Each week, during a 55-minute Parent Engagement time, teachers meet individually with parents—by phone, Remind App, Zoom, or in person—to review your child's progress and discuss next steps. The school keeps detailed records of these meetings using an online Parent Engagement Tracker.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our families use the Remind app as one of the main ways to communicate with teachers. It allows two-way messaging in families' preferred languages, so parents and teachers can easily stay connected. The app automatically translates messages into over 90 languages, making communication simple and clear for everyone.

Teachers can quickly send notices and flyers to keep families informed about what's happening in the classroom and the school. Using both email and text messages helps ensure that parents stay engaged and up-to-date at all times.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school offers many in-person and virtual activities designed to empower all families, especially our Multilingual Learners (ML) and English Language Learners (ELL) families. Parents can visit our website at www.catonschool.com and click on "News and Announcements" to find a variety of school and community events. School-wide activities include the Art Fair, Career Day, Multicultural Festival, Health Fair, Math & STEM Family Night, Science Fair, Literacy & SEL Family Night, and more. Community events such as the Food Pantry, Summer Camp, Multilingual Family Conference, and Family Resource Fair are also featured, with flyers updated weekly on our website.

We also partner with community organizations like Elevate Education to offer free parent webinar series on topics like "How to Get (& Keep!) Your Child Motivated" and "How You Can Set Your Child Up for Success." Each Tuesday from 5:00 to 7:00 p.m., parents can join in-person or virtual workshops covering Social Emotional Learning, Math, Literacy, i-Ready, and more.

During the summer, some of our teachers lead a Virtual Summer Reading program, reading books aloud to students in English and Spanish. Additionally, our school hosts special events that celebrate and empower MLs/ELLs families, including Respect for All Day, Multicultural Festival, Asian Pacific American Month, Hispanic Heritage Month, Black History Month, and others.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Family leadership opportunities, including the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC), are actively shared with families of MLs/ELLs. We ensure that information about these opportunities is communicated through flyers sent home, messages via the Remind app, and postings on the school's website at www.catonschool.com. Both Remind and the website provide translations in over 90 languages to ensure all families can access and engage with this important information.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school community celebrates and honors its rich cultural diversity by ensuring that all cultures are valued and recognized. We host a Multicultural Day each year and actively promote heritage months throughout the school year, including Spanish Heritage Month, Black History Month, Women's History Month, and Asian American & Pacific Islander Heritage Month. Additionally, the Student Council works closely with the Guidance Counselor to foster citizenship, leadership, and cultural awareness among students.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our school is committed to supporting the academic and language development of our Multilingual Learners (MLs)/English Language Learners (ELLs). One key strategy includes dedicated small group interventions held every Monday from 2:40 to 3:40 p.m. These sessions provide focused instruction in a supportive setting to help students strengthen their English language skills.

In addition to these weekly interventions, some ELL students benefit from flexible scheduling that allows them to receive targeted instruction tailored to their individual learning needs. For example, younger students may participate in phonics-based lessons to build foundational literacy skills, while others may join same-level reading groups to enhance comprehension and fluency.

This structured yet flexible approach ensures that each student receives the support necessary to thrive academically while continuing to develop proficiency in English.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of the ELL Identification Team include the ESOL teacher, bilingual teacher, and testing coordinator.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

When a new student registers at our school, we ask families to complete a Home Language Identification Survey (HLIS). This simple form helps us learn what language is spoken at home. If it looks like the student may need help learning English, our team schedules a friendly English language assessment right away. We do this quickly so your child can continue learning without missing any important instruction.

Office Staff: They collect the HLIS during registration and inform the ELL team that a language assessment may be needed.

ELL Team: This includes our ESOL teacher, bilingual teacher, and testing coordinator. They meet with your child and give the NYSITELL (New York State Identification Test for English Language Learners) to check their English skills. Based on the results, the team will meet with you to talk about the best language support program for your child: Dual Language Bilingual Education (DLBE); Transitional Bilingual Education (TBE) ; or English as a New Language (ENL)

Once a program is chosen, the student's services are scheduled and tracked using a special system called STARS Classroom. This ensures the ELL student receives the mandated number of hours of English language support, as required by New York State Part 154 regulations.

Our ESOL and bilingual teachers work closely with classroom teachers to provide daily language instruction that helps your child grow in listening, speaking, reading, and writing, while keeping up with grade-level content in all subjects.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Ana DeJesus

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Linda	Sung	Teacher - Regular Grades	12/05/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Student Emergency Contact cards,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	3	0.45%	3	0.46%		
BENGALI (BANGLA IN BANGLADESH)	16	2.39%	16	2.39%		
CHINESE ANY	2	0.30%	2	0.31%		
GERMAN	1	0.15%	1	0.15%		
HAITIAN CREOLE	11	1.67%	11	1.72%		
MANDARIN	0	0.00%	1	0.16%		

ENGLISH	446	66.41%	418	65.52%		
PORTUGUESE	1	0.15%	1	0.16%		
	1					
SPANISH	190	28.42%	184	28.84%		
TWI	0	0.00%	1	0.16%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Flyers for Schoolwide Events	Parent flyers for school-wide events are provided in English, Spanish, and Haitian Creole in paper form. Flyers are posted on our school website: www.catonschool.com, where parents can select their preferred language. Flyers are also sent through the Remind app, which allows parents to read messages in the language of their choice.
Parent Letters for Meetings	Parent letters about meetings are provided in English, Spanish, and Haitian Creole in paper form. To ensure accessibility, we also: - Post all parent letters on our school website: www.catonschool.com, where parents can select their preferred language to view the information. - Send parent letters through the Remind app, which also allows parents to choose their preferred language for reading messages.
Report Card	DOE report cards can be translated into nine different languages to support our families. Parents can request a translated version in their preferred language.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
I.E.P. Meetings, Annual Review and Triennials	During IEP meetings, including Annual Reviews and Triennials, our staff contacts parents to confirm their preferred language for communication. We have team members who speak Spanish, Bengali, Urdu, Haitian Creole, and French, and they attend meetings as interpreters when needed. If a parent's preferred language is not spoken by our staff, we use the Over-the-Phone Interpretation Service to ensure full understanding and participation.
Parent Teacher Conference (Virtual or Face-to-Face)	Before Parent-Teacher Conferences, teachers send out a survey asking parents to indicate their preferred language for the meeting. The requested languages are recorded in a spreadsheet, and staff members who speak those languages are assigned to assist teachers with translation. For languages other than English, Spanish, French, Haitian Creole, Arabic, and Bangla, teachers use the Over-the-Phone Interpretation Service to ensure clear and effective communication.
PTA Meeting (Virtual)	Our virtual PTA meetings are conducted in two languages: English and Spanish.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, teachers and select staff send out messages and notices through the Remind app.

All parents are signed up with Remind, which allows for two-way text messaging in each family's preferred language.

This method provides:
- Fast and reliable communication directly to your phone
- Real-time notifications on any device (no smartphone required)
- Automatic translation of every message into the language selected by the parent
- Remind helps ensure that all families stay informed and connected during emergencies.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

The Language Access Coordinator will provide training to staff on how to access and use Over-the-Phone Interpretation (OPI) Services for NYC Public Schools.

Training will be delivered through:
- Faculty conferences
- Grade-level meetings
- Informational memos

The NYCPS Office of Language Access supports schools in their efforts to communicate effectively with families who prefer a language other than English.

This office provides free services to schools and district offices, including:
- Translation
- Over-the-Phone Interpretation (OPI)
- On-Site Interpretation

These services ensure that all families can fully engage in their child's education, regardless of language preference.

Selected staff have been provided two-way translation devices to communicate with parents in-person (office staff; parent teacher conferences).

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To support all families, our school is committed to clear and accessible communication in multiple languages:

As parents enter the school building, they will see large signage displaying various languages. Parents can also use the "I Speak" card at the main office or front security desk to indicate their preferred language, so staff can provide the appropriate assistance.

We ensure that all flyers and letters sent to families are:
- Translated into our school's three major languages: English, Spanish, and Haitian Creole
- Posted on the Remind app and the school website: www.catonschool.com, both of which allow parents to select their preferred language for translation

Additionally, the Parent's Guide to Language Access is:
- Printed and distributed to families
- Posted on our school website
- Shared through the Remind app

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

At the beginning of the school year, parents are invited to sign up for the Remind app with their child's teacher. Teachers use Remind to send important text and app notifications that are hard to miss—offering a faster, more effective alternative to printouts, emails, or phone calls.

Key features include:
- Automatic translation of messages into each parent's preferred language
- Real-time communication anytime, on any device

As part of this process, teachers also use Remind to send out a language preference survey to help ensure that all future communication is sent in the language families are most comfortable with.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

The Remind app has been a highly effective communication tool for our school community. Since most parents have access to a phone or computer, the technology behind Remind has provided a positive experience for nearly all families.

At the beginning of the school year, parents receive a letter with a unique class code to sign up with their child's teacher. This allows for simple, text-like communication between home and school. Remind works on any device, and parents appreciate receiving real-time updates that allow them to follow up on specific moments from the school day.

The app has helped to foster an open and ongoing line of communication with both teachers and school staff. Currently:
- 95% of parents are successfully signed up and using Remind
- 5% of parents have not yet signed up

To support full participation, the school is considering offering a Parent Workshop to help families get started with Remind, ensuring that all parents can communicate and receive important messages from school in a timely and

accessible way.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Total number of ELLs to be served in this program:

75

Grades to be served in this program. Select all that apply.

,K,1,2

Total number of teachers in this program:

5 teachers (One kindergarten, two grade 1 and two grade 2)

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

1. English Language Learning Academy (ELLA)
Grades Served: 1 and 2

Total Enrollment: 60 ENLs/MLs

30 Grade 1 students (2 classes of 15) & 30 Grade 2 students (2 classes of 15)

Schedule:

Days: Wednesdays & Thursdays

Time: 3:00 p.m. – 5:00 p.m.

Duration: October 15, 2025 – April 16, 2026

Total Sessions: 40 days

Instructional Design
Each ELLA class will be led by two educators: an ENL/Bilingual teacher and a Content Area/Common Core teacher, implementing a side-by-side ENL co-teaching model. Students will rotate between instructors after one hour.

Hour 1:
The Content Area/Common Core teacher focuses on grade-level reading and writing units aligned with state standards.

Hour 2:
The ENL/Bilingual teacher integrates TCRWP reading/writing units with ESL strategies, language standards, and all four modalities (Reading, Writing, Listening, Speaking). Lessons include checklists and success criteria for student reflection and assessment.

Supplemental Supports:

UFLI Phonics: Explicit phonics instruction to build foundational literacy skills (phonemic awareness, decoding, sound-symbol relationships).

Getting Ready for the NYSESLAT (Grades 1 & 2): Used as an additional resource for NYSESLAT preparation across all modalities.

2. Saturday Academy
Grade Served: Kindergarten

Total Enrollment: 15 ENLs/MLs

15 Kindergarten

Schedule:

Days: Saturdays

Time: 9:00 a.m. – 12:00 p.m.

Duration: November 15, 2025 – May 2, 2026

Total Sessions: 16 Saturdays

Instructional Focus
The Saturday Academy addresses both language acquisition and core academic development.

Kindergarten:

Focus on early reading and writing in English using rubrics, checklists, and success criteria 1. English Language Learning Academy (ELLA)
Grades Served: 1 and 2

Total Enrollment: 60 ENLs/MLs

30 Grade 1 students (2 classes of 15)

30 Grade 2 students (2 classes of 15)

Schedule:

Days: Wednesdays & Thursdays

Time: 3:00 p.m. – 5:00 p.m.

Duration: October 15, 2025 – April 16, 2026

Total Sessions: 40 days

Instructional Design
Each ELLA class will be led by two educators: an ENL/Bilingual teacher and a Content Area/Common Core teacher, implementing a side-by-side ENL co-teaching model. Students will rotate between instructors after one hour.

Hour 1:
The Content Area/Common Core teacher focuses on grade-level reading and writing units aligned with state standards.

Hour 2:
The ENL/Bilingual teacher integrates TCRWP reading/writing units with ESL strategies, language standards, and all four modalities (Reading, Writing, Listening, Speaking). Lessons include checklists and success criteria for student reflection and assessment.

Supplemental Supports:

Sadlier Phonics: Explicit phonics instruction to build foundational literacy skills (phonemic awareness, decoding, sound-symbol relationships).

Getting Ready for the NYSESLAT (Grades 1 & 2): Used as an additional resource for NYSESLAT preparation across all modalities.

2. Saturday Academy
Grades Served: Kindergarten, Grade 4, and Grade 5

Total Enrollment: 45 ENLs/MLs

15 Kindergarten

15 Grade 4

15 Grade 5

Schedule:

Days: Saturdays

Time: 9:00 a.m. – 12:00 p.m.

Duration: November 15, 2025 – May 2, 2026

Total Sessions: 16 Saturdays

Instructional Focus
The Saturday Academy addresses both language acquisition and core academic development.

Kindergarten:

Focus on early reading and writing in English using rubrics, checklists, and success criteria and differentiated instruction driven by i-Ready diagnostics.

STEM Component
All Saturday Academy students will also participate in a 50-minute STEM enrichment session, reinforcing inquiry-based learning and academic vocabulary through hands-on activities.

Summary of Need and Rationale
Assessment data highlights ongoing challenges in Speaking and Writing on the NYSESLAT, insufficient stretch growth on i-Ready for 50% of students, and below-benchmark literacy performance in early grades per Acadience. These findings underscore the necessity of continued, targeted intervention programs. The ELLA and Saturday Academy programs are strategically designed to accelerate language acquisition, close achievement gaps, and prepare students for success on state assessments and in academic classrooms.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Based on multiple assessment sources—NYSESLAT, i-Ready, NYS ELA & Math Tests, and Acadience—we have identified key areas of need among our English Language Learners (ELLs) and Multilingual Learners (MLs), particularly in the foundational modalities of language acquisition.

NYSESLAT 2024 results indicate that students in Kindergarten through Grade 5 show significant needs in the Speaking and Writing modalities. These areas are crucial for language development and academic success across content areas.

i-Ready Diagnostic Data shows that only 50% of students in Grades 1–5 met their annual stretch growth targets. While this demonstrates progress, it also signals that half of our students require additional support to reach grade-level proficiency.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

1. ELLA (English Language Learning Academy)
ELLA will serve students in grades 1 and 2 who are English Language Learners (also known as Multilingual Learners). There will be:

Two classes for 1st grade (15 students each)

Two classes for 2nd grade (15 students each)

Students will be selected based on their English proficiency levels—primarily those who are Entering, Emerging, or Transitioning. If space allows, students at the Expanding level may also be included.
Students will be chosen from transitional bilingual classes, self-contained ESL classes, and/or 12:1:1 special education classes.

2. Saturday Academy
The Saturday Academy will serve 15 Kindergarten students who are English or Multilingual Learners.
Priority will be given to students at the Entering, Emerging, and Transitioning levels, and then to those at the Expanding level, if space allows.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

ELLA (English Language Learning Academy)
ELLA is a two-hour afterschool program held on Wednesdays and Thursdays from 3:00–5:00 p.m.

The program will run from October 15, 2025, to April 16, 2026, for a total of 40 sessions.

ELLA will serve 1st and 2nd grade English/Multilingual Learners (ENLs/MLs), focusing on students who are at the Entering, Emerging, or Transitioning English proficiency levels. If space allows, students at the Expanding level may also participate.

Students will be selected from transitional bilingual, self-contained ESL, and/or 12:1:1 classes.

Saturday Academy is a three-hour program held on Saturdays from 9:00 a.m. to 12:00 p.m.

The program will run from November 15, 2025, to May 2, 2026, for a total of 16 Saturdays.

Saturday Academy will serve Kindergarten ENLs/MLs, prioritizing students who are at the Entering, Emerging, and Transitioning levels, followed by Expanding, if space permits.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The main language of instruction for ELLA and Saturday Academy will be English. However, support in your child's home language will be available through a certified bilingual teacher and materials in their home language to help them succeed.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There are 4 certified teachers for ELLA and 1 certified teacher for Saturday Academy.

3 teachers hold ESOL/Bilingual Certificates (i.e., certified in English to Speakers of Other Languages).

2 teachers hold Content Area/Common Branch certifications.

ELLA (Approx. 80 Hours Each):

Grade 1: 2 teachers to be hired: 1 certified ENL/Bilingual teacher & 1 certified Content Area teacher.

Grade 2: 2 teachers to be hired: 1 certified ENL/Bilingual teacher & 1 certified Content Area/Common Core teacher.

Saturday Academy (Approximately 45 hours)

Kindergarten: 1 teacher to be hired: Certified ENL/Bilingual teacher.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The ELLA (English Language Learners Academy) program for Grades 1 and 2 is designed to support the diverse needs of all Multilingual Learners (MLs) and English Language Learners (ELLs) in an in-person learning environment. The program delivers comprehensive literacy instruction with a strong focus on vocabulary development, phonics, reading comprehension, and writing skills.

Structured literacy is a core component of the program, ensuring systematic and explicit instruction. Foundational skills practice is supported through the use of HMH decodable texts, providing students with meaningful opportunities to apply phonics knowledge and build reading fluency.

To support both ESOL/Bilingual teachers and Content Area/Common Core teachers, the ELLA Program integrates a variety of educational technology tools, including BrainPOP, ESL BrainPOP, Nearpod, i-Ready, PebbleGo, and MyOn. These resources enhance instruction by providing interactive, engaging, and differentiated content tailored to the needs of Multilingual Learners (MLs)/English Language Learners (ELLs).

In addition, the ELLA Program will incorporate Getting Ready for the NYSESLAT (Grades 1 and 2) as a supplemental instructional resource. These materials will be funded through alternative sources and used to support instruction and preparation for the NYSESLAT exam, which assesses students in Speaking, Listening, Reading, and Writing.

During Saturday Academy, Kindergarten

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Parent Notification and Program Start:

The school want to keep families informed and involved! About two weeks before the ELLA Program or Saturday Academy begins, we will send home an application for the parent to complete. This application will be in the parent's preferred written language so it's easy to understand. It will include all the details—what the program is, when it starts, and how it helps your child.

How We Keep Track of the Program:

Our school keeps records for all students in the ELLA Program and Saturday Academy. Here's how:

Student Attendance: We track when students attend the program using a secure Google Spreadsheet. This includes the student's name, their NYSESLAT or NYSITELL test score, your preferred language, and the dates they attend.

Parent Applications: Once the parent sends back the completed application, we scan and upload it to our system to show that the parent gave permission for their child to join.

Teacher Information: The school makes sure all teachers in the program are certified and keep a record of this.

Parent Involvement: When the school have family events or workshops, we ask the parents to sign in. These sign-in sheets are saved to show how families are participating.

Staff Training: Teachers who support your child get special training. We keep a record of these trainings too.

Purchases and Materials: If the school buy materials for the program (like books or software), the school will keep copies of receipts and orders to show how the funding is used.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Title III Professional Development Program: "Pathways to Success for Our Multilingual and Bilingual Students"

As part of our commitment to supporting English Language Learners (ELLs), this year's Title III Professional Development Program will offer high-quality, research-based training aligned with our school's Comprehensive Education Plan. The 2025 focus, "Pathways to Success for Our Multilingual and Bilingual Students," emphasizes evidence-based strategies to foster language and vocabulary development across the curriculum.

Professional development sessions will be held in person and feature expert consultants from Advancing Literacy (funded through alternative sources), who will provide targeted guidance on best practices for multilingual and bilingual instruction.

Workshop Opportunities at Teachers College through Advancing Literacy:
- Innovations in Multilingual and Bilingual Literacies
- Small Group Instruction in Reading
- Small Group Instruction in Writing

Staff are encouraged to register and attend these dynamic sessions to deepen their instructional practices and better support our diverse learners.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

An analysis of the Spring 2023 and Spring 2024 NYSESLAT results revealed that 44 English Language Learners (ELLs) did not meet their progress targets. A closer examination of performance by grade level and language modality identified Writing and Speaking as the areas of greatest need. Across both years, consistent challenges in these two modalities point to a pressing need for targeted instructional strategies that build oral language fluency, academic vocabulary, and writing skills.

These data findings are directly informing our instructional planning, professional development priorities, and classroom practices. By aligning our Title III Professional Development Program with the specific needs highlighted in the NYSESLAT results, we aim to strengthen expressive language development—a critical component of ELL success.

This year's workshops will focus on evidence-based strategies that support oral fluency, vocabulary acquisition, and writing proficiency, ensuring our educators are equipped to improve outcomes in the areas where students need the most support.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All Title III teachers and staff will receive in-person training throughout the school year from Advance Literacy consultants. These sessions are designed to build capacity in supporting English Language Learners through research-based strategies focused on language and vocabulary development. To support ongoing learning and collaboration, a Padlet will be used to collect and organize all shared resources, strategies, and materials from the professional development sessions. This digital platform will serve as a central hub for teachers to access tools that enhance instruction for multilingual learners.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Advance Literacy Workshops (Presenters: Consultants for K-2 & Gr 3-5) In-Person
Time: 45 - 90 minutes sessions.

K-2: September 2 & 3, 2025 & November 4, 2025
Gr 3 - 5: September 2 & 3, 2054 & November 4, 2025

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

"Pathways to Success for our Multilingual and Bilingual Students" - Research Aligned Best Practices to Support Language and Vocabulary Development (year-long)

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Advancing Coaching Institute, Alexandra Roman

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Professional Development records are maintain on our school's Landing Page in Google Docs where all agendas and attendance sheets are hyperlinked.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Title III will provide parental participation opportunities for parents of ENL/ML students. It is our belief that parent education is an integral part of the support for students at home. With this in mind, we strive to strengthen the home-school connections by increasing participation with both in-person and virtual parent workshops. Our parents are also engaged through attendance check-ins, phone calls and Remind messages, parent-teacher conferences, and parent workshops. Translation is provided at all parent meetings so that parents have access to information and can engage fully in the school community.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parent engagement in schools is parents and school staff working together to support and improve the learning, development, and health of children. Parent engagement in schools is an important, shared responsibility and we are committed to getting parents involved in meaningful ways. Parents of MLs will be surveyed to see what kind of parent/family workshops would be most meaningful to them and parents will be surveyed to determine whether they prefer in-person or online events.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Literacy Family Night, Math Family Night & Science Family Night (in-person) from 4:00 to 6:00 p.m. on Wednesdays.

Testing Meetings for Gr 3-5 Parents (in-person) from 9 a.m. to 10:30 a.m. on Saturdays on December 2, 2023 & February 3, 2024.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to be covered:

Literacy Family Night:
- How to Help your Child in Reading and Writing for Kindergarten Parents
- How to Help your Child in Reading and Writing for Gr 1 - 2 Parents
- How to Help your Child in Reading and Writing for Gr 3 - 5 Parents

Math Family Night
- How to Help your Child in Math (K-5 Parents)

- Grades 3 - 5 Testing Meeting
- How to Assist your Child in ELA
- How to Assist your Child in Math

- Publishing Parties
-Exhibitions of Student Work - Art Fair, Science Fair and other events

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

All grade level teachers (ESOL, bilingual, special education & common branch) and the instructional coaches collaboratively provide the virtual workshops for parents.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of parental workshops using various communication methods:
- flyers/notices are posted on Remind App in parents' preferred language
- flyers/notices are sent home in translated versions
- flyers/notices are posted on school's website: www.catonschool.com with parent's preferred language
- flyers/notices are posted in Google Classroom

- Calendars are displayed in the lobby of the school upon entry to the building.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our flyers and notices for parent workshops are translated in three languages: Spanish, English and Haitian Creole. The flyers and notices are posted using Remind App and www.catonschool.com website which parents can access in their preferred languages.

During the parent workshops, agendas and attendance sheets are placed in a binder as well as uploaded to the school's Landing Page in Google Docs.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)
