

2025-2026 COMPREHENSIVE EDUCATIONAL PLAN (CEP)

DBN
17K705

SCHOOL NAME
Brooklyn Arts and Science Elementary School

PRINCIPAL
Michael Pizzingrillo

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Brooklyn Arts and Science Elementary School P.S. 705

District Borough Number (DBN):

17K705

Grades Served:

3K – 5

School Address:

443 St. Marks Ave. Brooklyn, NY 11238

Phone Number:

718-230-0851

Fax:

718-230-0531

School Contact Person:

Michael E. Pizzingrillo

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Michael E. Pizzingrillo	Principal or Designee*	
Sarah Abodunrin	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Lisa Gaulke	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Elba Van Dunk	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Alessandro G. Rebaudengo	Member/ Teacher/Chairperson	
Dory Thrasher	Member/Parent	
Irit Gross	Member/Parent	
Jordan Thompson-DeSon	Member/Parent	
Melvin Backman	Member/Parent	
Malika Zouhali-Worrall	Member/Parent	
Ruth De Los Santos	Member/Teacher	
Suad Shahein	Member/Teacher	
Jessica Sain	Member/Teacher	
Belmarys Sosa	Member/Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Ashley Romano	NIA Community Services Network	
Eugenio Gbenedio	Friends of Crown Heights

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Brooklyn Arts and Science Elementary School Mission Statement

Established in 2012, the mission of Brooklyn Arts and Science Elementary School is to celebrate the unique talents of each child and to cultivate those strengths into powerful assets that serve the student and society.

In keeping with our guiding principles:
We celebrate each other's unique abilities.
We cultivate the innate curiosity of each learner.
We perceive challenges as opportunities for growth.
We realize the power of shared intelligence through collaboration.
We nurture the spirit of exploration through cultural experiences.

Our inquiry-based instructional approach is inspired by the Chinese proverb: "Tell me and I forget. Show me and I remember. Involve me and I understand." Our students are expected to gather and analyze information, make observations, and draw their own empowering conclusions.

Through a curriculum based on the scientific method, school-wide enrichment classes, and our global studies focus, we prepare our students to fully participate in the world as 21st century citizens.

Our School's Social Justice Mission Statement

Brooklyn Arts and Science Elementary School aims to ensure that we have a welcoming and affirming environment that promotes discourse, high expectations, and rigorous instruction, as well as inclusive curricula and assessment with ongoing professional learning and support.

We believe:
Students should be taught with a holistic and inclusive approach that will culminate in the collective empowerment of our students.
Students should be provided with a learning environment that promotes critical thinking and supports agency for social change.
Students should be able to ground their own identities in order for them to challenge, confront, and disrupt misconceptions, untruths, and stereotypes.
Students should be able to identify and understand structural inequalities, facilitate an inclusive learning environment, and have tools to become change agents.

Our Orientation Towards Continuous Improvement

We are all a part of one or another type of PLC where it is led by teacher leaders. We believe that using these Professional Learning Communities to analyze data and progress monitor data for all of our subgroups have enabled us to improve teaching and learning to help our scholars to thrive. We believe that ALL children can learn and will learn if you provide a warm and affirming environment, rigorous instruction, set high expectations, and shared and inclusive curriculum and assessment as we continue to learn and grow, through ongoing professional learning, we are becoming the very best practitioners for our scholars.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Demographic Data

Student Demographics:

Asian: 3%
Black: 42%
Hispanic or Latinx: 32%
Native American: 0%
Native Hawaiian/Pacific Islander: 0%
White: 18%
English language learners: 9%
Students with IEPs: 26%
Female: 45%
Male: 55%
Neither female nor male: 0%

Teacher Demographics:

Asian: N/A (fewer than 5 teachers)
Black: 46%
Hispanic or Latinx: 19%
Native American: 0%
Native Hawaiian/Pacific Islander: 0%
White: 19%

Dual Language Program in PreK, Kindergarten, and Grade 1

LSI designated school

Majority of our families stay with us for the duration of their primary learning grades K-5.
Principal 4 years and 5 months.

Partnerships:
National Dance Institute Dance Residency (Grades 3-5)
Stages on the Sound Theatre Partnership
Brooklyn Arts Council Dance Residency (Grades 1-2)
Harmony Social Emotional Program
NYU Teacher Development Fellow Program
Partnership with CSD 17 Literacy, Math and Science Leads
My Sister's Keeper/My Brother's Keeper
NY Parks and Recreation Swimming
Cool Culture (#K, PreK, and Kindergarten)

Briefly summarize the key initiatives your school will implement this school year.

Academics:
Enhanced MTSS Interventions throughout the school
Improved Small-Group Instruction and Data-Driven Grouping
Integrated Co-Teaching Parallel Teaching Practices
Review of Danielson Framework to Improve Return on Instructional Practices Investment

School Wide Enrichment:
Core Arts Instruction in Visual Arts and Music
Arts Infusion through Dance, Theatre, Instrumental Music for all grades
Chess for Kindergarten and Grade 1
Swimming for Grade 2

Student Engagement:
Student Council
Athletic Department (Basketball, Soccer, Spirit Squad)
After-School Programming through NIA and Friends of Crown Heights
After-School Activities around the Arts, including Chorus and Drama
Debate Team
Math Team (Math Slam Participation)
STEM Fair
Minecraft Competition

Respect for All:
Monthly Assemblies and Events in accord with NYCPS Curriculum and Programming
Equity Book Club for Grades 3-5 (students who identify as girls)

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations

ELA	K-5	HMH Into Reading	iReady, Brain Pop, Epic, Scratch
Math	K-5	Envision 2020	iReady
ELA - Dual Language	K-5	HMH Arriba	iReady, Brain Pop, Epic, Scratch, Estrellita

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students are struggling to comprehend informational texts because of limited vocabulary. (I-Ready EOY 2025 Diagnostic)	Limited exposure/Language proficiency/SES Limited independent reading time outside of school COVID Gaps Inconsistent use of Vocabulary instruction and/or protocols Not enough training and time in the ELA block.	Clear expectations for ELA block and targeted AIS for students showing vocabulary deficits Intentional Small Grouping Consistent, uniform vocabulary protocols/structures (morphology walls) across grades. Revamping the ELA block/Departmentalizing Revamping Dual Language Standards being tracked with Mastery (not enough focus on standards and more on covering curriculum); Standards based Curriculum Mapping and Assessing

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	58%	By June 2026, as measured by a 10% increase, from 58% to 68%, literacy for all students will improve by scoring at or above grade level on the i-Ready Reading Diagnostic.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

I-Ready Reading Diagnostic

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We use a variety of strategies and progressive action steps to address our goals and priority needs. Among these strategies are the following:

- Designing and implementing clear expectations for ELA block and targeted AIS for students showing vocabulary deficits

- Incorporating MTSS blocks into the school to meet the needs of struggling learners and advance on-level learners to higher proficiency levels

- Revamping the ELA block to ensure NYC Reads components and D17 expectations

- Creating intentional small groups based on data

- Tracking mastery of grade level standards

Root Cause Addressed:

Vocabulary deficit and lack of compression due to vocabulary gap.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Intentional grouping of students for small groups based on data
Continue progress monitoring of data with a focus on mastery of standards
Consistent use of morphology walls in classrooms
Partner with the HMH Coach to Review Curriculum Maps and Create a Standards Tracker
PD on Vocabulary Instruction/Protocols
Intervisitation
PD on Data Tracking of Standards

Key Strategy 2 (Optional):

Another key strategy we will use is utilizing consistent, uniform vocabulary protocols/structures, including morphology walls, across grades.

Additionally, we will be revamping our Dual Language program to ensure that our ELLs/MLLs are able to gain grade level, standards based, academic vocabulary

Root Cause Addressed:

Vocabulary deficit and lack of compression due to vocabulary gap.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Vocabulary focused professional development during all school PD and grade team meetings
Use of vocabulary journals and protocols to acquire and use new vocabulary in context

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Weekly planning meetings for teams to align vocabulary instruction with reading and writing standards.

Use formative assessments to inform instruction and adjust pacing and grouping as needed.

Provide ongoing coaching and resources to support teachers in implementing strategies effectively.

Looking at IReady data during ILT and SLT meetings to inform next steps.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Book Fair, Love of Reading, Sound wall implementation, SPIRE, Differentiated literacy, HMH workshops, ENL and SWD reflections,	PTA, HMH Coach, UFT coach, Teachers

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School staff and administrators including classroom teachers, EAs, ENL teacher, speech pathologists, coaches including HMH, per-session

Instructional Resources

HMH, iReady, Fundations, Spire, Raz Kids, Estrellita and Arriba (Dual Language programs)

Schedule Adjustments

Departmentalizing Science and Social Studies so that there is sufficient time given to the ELA Block (150 minutes).

Other Resources Needed

Additional PD for teachers, coaching, time to meet on grade teams to adjust curriculum maps and small groups

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
SWD-to-SWD interactions can benefit from de-escalation strategies (OORS Data SY 24-25)	Teacher and EA intercession and implementation of de-escalation strategies can benefit from refresher.	Professional learning on strategies to meet the needs of the students; implementation of an empathy-based approach for students

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	17 out of 21 A24 incidents involve SWDs	By June, 2026, physical and mental wellness for Students with Disabilities (SWD) will improve, as measured by a 25% decrease, in the number of A24 incidents from 17 out of 21 A24 incidents involving SWDs. The goal is to decrease the percentage of A24s involving SWDs overall while reducing A24s overall, per the Online Occurrence Reporting System (OORS) Reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

By implementing a refresher for staff on how to intercede with students prior to incidents taking place, the number of A24s will decrease. With a focus on the staff assigned to supervise SWDs, the percentage of A24s involving SWDs should decrease.

Professional learning sessions which will include intervention strategies and scenarios will be provided to Educational Assistants to ensure they are equipped with current and best practices to meet the desired outcome. This will also include (re)training on active supervision and engagement in student-focused activities that mitigates disruptive behaviors.

Root Cause Addressed:

By providing refresher professional learning, the root cause will have been addressed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish training sessions for staff
Provide SEL instruction to students through Harmony
Support empathy approaches and strategies for implementation
Evaluate implementation and progress monitor

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	06/30/2026	Language to be added to the Parent Handbook, PTA Presentation on the new approach, School Newsletter	NIA to support with professional learning, other PL providers to support

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School Social Worker to lead with Administration, Teachers and EAs to be trained.

Instructional Resources

Supporting materials from Harmony and other SEL materials (RULER)

Schedule Adjustments

none necessary

Other Resources Needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Students are performing poorly on the domains of Geometry and Measurement and Data. (I-Ready EOY Diagnostic)	Curriculum Mapping has it at the end of the Year Late start of NTN Coach	Embed Small Group Geometry and Measurement during Math Block and AIS block. NTN coach supporting with pedagogy, planning, and curriculum mapping Intervisitation I-Ready Assignments specifically on Measurement and Data based on Diagnostics

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	48%	PS 705 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June 2026, the percentage of students scoring at or above grade level will Increase by 10%, from 48% to 58%, as measured by I-Ready Math Diagnostic.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Embed Small Group Geometry and Measurement during Math Block and AIS block. Teachers should have standard-based small grouping and instruction occurring daily based on the I-Ready Diagnostic domains as well as on Envision Assessments, while also ensuring ALL students are receiving at least one small group focused on Measurement and/or Geometry even if that is not the current topic at hand. To support this, we will also encourage teachers to create I-Ready Assignments specifically on Measurement and Data for their students, and reference the lessons provided by I-Ready for Small Group Instruction.

NTN coach supporting with pedagogy, planning, and curriculum mapping. We will continue our partnership with NTN. At the beginning of the year, we will partner with the coach to ensure curriculum maps are updated and aligned with standards across all grade levels to ensure vertical alignment.

Intervisitation. In consultation with the ILT and NTN, we will create an intervisitation schedule so that teachers can see how standards-based small group instruction are implemented. This will be followed by debriefing sessions to improve small group instruction.

Root Cause Addressed:

This addresses the struggle our students are having with the domains of Measurement and Data & Geometry.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

PD on Planning for Small Group Instruction
PD on Utilizing and Creating Cohesion with I-Ready and Envision Resources for Small Group
NTN Coaching Cycles (Planning, Modeling Teaching)
NTN/ILT Revising Curriculum Maps
NTN/ILT Coordinating Intervisitation Cycles
PD on Math Block Expectations/Setting Up the Room for Math
PD on Implementing Data Trackers

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will be using a class formative data tracker to help them track students progress towards Mastery for the various Math topics/standards. This will then be used to inform the creation of small groups.

NTN and ILT will conduct Learning Walks to gauge implementation of Data tracking, Math Block/Math Room Expectations, and Small Groups.

NTN Coaching Debrief Sessions with Admin and ILT to be able to gauge progress on instructional practices.

We will review I-Ready Diagnostic Data as an ILT three times a year for Progress Monitoring. Grade Teams will review their I-Ready Data on Grade Teams to implement shifts in curriculum mapping and small group instruction.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	once a month parent workshop, newsletters, dojo post, curriculum night	Teachers

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School staff and administrators, classroom teachers, Math Coach (NTN), SETTS teachers, ILT, SLT

Instructional Resources

Savaas, IReady, Math NTN coach, manipulatives,

Schedule Adjustments

Departmentalizing Science and Social Studies so that there is sufficient time given to the Math Block (90 minutes).

Other Resources Needed

Staff professional development, curriculum training and coaches including NTN, math manipulatives, math walls

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Limited student awareness of diverse college paths and careers is anecdotally noted (past exposures, Career Days, college awareness).	Ability to diversify college and career awareness has been limited; openness to diverse options is taking hold	Expanded college and career exposure

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	1-2 events per year	PS 705 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June 2026, the number of events that students participate in will increase by 100% from 1-2 events per year to 3-4 events per year as measured by PCAR Data (Parent Events and Activities).

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Anxiety/Misunderstanding around assessment as well as technology Data Source: Internal PS 705 SLT Parent Survey 2024-2025 SY	Teacher variation on what is shared about school with families.	Providing Clarity on I-Ready Implementation, use of technology, and achieving a balance between testing/love for learning.

Concern over teaching/handling of current events/political topics Data Source: Internal PS 705 SLT Parent Survey 2024-2025 SY	Differing cultural/religious/political beliefs	Creating a sense of belonging, while also acknowledging differences/pressure points.
Desire for increased attendance of family events Data Source: Internal PS 705 SLT Parent Survey 2024-2025 SY	Family Work Schedules	Provide a variety of family engagement opportunities at different times and dates including weekends with remote options.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	10%	PS 705 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June 2026, the percentage of parents/families that participate in parent engagement activities related to assessment, technology, and teaching acceptance will Increase by 10% from 10% to 20% as measured by PCAR Data, NYC School Survey Results, and SLT Internal School Survey Data.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Back to School Information Session(s) at different/times/dates/virtually for parents and caregivers to meet one another/staff and to hear about important school policies and practices. This should include student code of conduct, parent handbook, testing, technology, and i-Ready.

Teachers continue weekly Dojo Communication. However, once a unit, teachers should communicate curriculum expectations. Admin, ILT, and SLT should partner together to create a menu of options of what Parent Communication should include in Dojo Posts.

Provide parent workshops at different times/dates/virtually, while reintroducing the workshop series around assessment, technology, and teaching acceptance

Root Cause Addressed:

Teacher variation on what is shared about school with families.

Differing cultural/religious/political beliefs

Family Work Schedules

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Parent Workshop/Series on Assessments

Parent Workshop/Series on Technology
Parent Workshop/Series on Celebrating Difference/Living in a Diverse Community
Back to School Information Session
Monthly check-ins with CBOs

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Use the internal PS 705 SLT Parent Survey three times a year to monitor family satisfaction.
Parent Sign-In of Events to monitor attendance rates and modify scheduling/types of events as needed.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2025	Parent Workshop Series (Academics, CRSE, Testing, SEL)	Teachers, PTA, Parent Coordinator, CBOs
08/26/2024	09/12/2025	Back To School Information/Meet and Greet Sessions	Teachers, PTA, Parent Coordinator, CBOs

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, PTA E-Board, Parent Coordinator, CBOs

Instructional Resources

Core Curriculum and I-Ready

Schedule Adjustments

Evening and Weekend Workshops, while also maintaining school-day events

Other Resources Needed

Per-Session

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Insight attendance data	Families that are feeling a lack of connection with each other and with the school community. Need to make outreach earlier in the school year.	Families need local support systems within the larger school community
Insight attendance data	Families low socio-economic and STH not knowing how to access or who to ask to get information about transportation after school and before school.	Resources: for example safe transportation, after school, before school for STH
Insight attendance,	Language barriers, need for better translation services, feeling of community within school	Reaching our ELL/MLL families other than Spanish speaking

staff observations		

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32%	By May 2026, the percentage of chronically absent students for All Students will decrease by 7%, from 32% to 25%, as measured by the Chronic Absenteeism reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School leaders will share attendance expectations and protocols with teachers. Teachers are expected to reach out to attendance team after 2 consecutive absences. Teachers are also introduced to the attendance team.
Use June's EOY Data to identify tier 3 CA students and develop the mentors to: Build a relationship with the school community and introduce them to attendance barriers
Host weekly attendance meetings composed of Principal, Assistant Principal, social worker, Parent coordinator, school secretary, attendance teacher. Make outreach to parents of students at risk for being chronically absent.
Celebration for classes/ students with the highest attendance.
Family attendances breakfasts and workshops to help engage the support of outside agencies and connect them with the families.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will be using Insight data in order to check with the students attendance during each weekly meeting.
We will track the student's attendance issues and discuss with the team and bring it to the parents

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	01/05/2026	Family engagement punchcards	PTA
09/08/2025	06/25/2026	Attend at least 2 PTA meetings and deliver information about attendance and survey families about how best to support them in getting their children to school.	PTA

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principal, social worker, parent coordinator, school secretary, school aide

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
1. Progress Monitoring Reports are below 100% at marking periods throughout	1. Difficulty completing progress monitoring during school day.	IEP Development

the 25-26 year BOY Progress Monitoring 25.4% MOY Progress Monitoring 54.5% EOY Progress Monitoring 93.6%		and Fidelity of Implementation
		Transition Planning and Compliance
2. High Initial Referral rates EOY: 83 Students with IEPs. 17 Initial Referrals requested in the 25-26 school year 3. Specially Designed instruction not consistently implemented in all 11 classrooms	2. Overreliance on the IREADY data, which then flows to over referrals 2. Inability to differentiate assessments for students who do not perform well on computers. 2. IREADY data is not accurate portrayal of student ability 2. Students with behavioral concerns are over referred 2. Promotion In Doubt letters sent home to parents which leads to referrals 3. Teachers do not consistently implement SDI strategies listed in the IEPs	Referral Process and Equity
4. FBA's and behavioral paraprofessionals requested for students with behavioral concerns without previous intervention implemented EOY- 4 FBA's and Paraprofessionals	4. Behavior management strategies not implemented regularly for general education students 4. Difficulty with behavior management in the classroom which leads to referrals	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	27% or 3/11 classrooms	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve More specially designed instruction would result in students having increased academic and socioemotional progress in the classroom. by a Increase from 27% to 54% Increase, from 27% or 3/11 classrooms to 54% or 6/11 classrooms, as measured by The school will use in-person observations and data from assessments.
Students with Disabilities (SWD)	25.4%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve consistent and accurate progress monitoring throughout the school year by a 3% Increase, from 25.4% to 28% at the beginning of the school year, 57% at the middle of the school year, and 96% at the end of the school year, as measured by the Progress Service Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

17K705 will assign time during the Professional Learning time allotted on Mondays to complete Progress Monitoring.

Root Cause Addressed:

1. Difficulty completing progress monitoring during school day.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
17K705 will assign time during the Professional Learning time allotted on Mondays to complete Progress Monitoring in order to make progress monitoring goals. This action step will be introduced at the first report card distribution.

Key Strategy 2 (Optional):

17K705 teachers will use the "Classroom Specially Designed Instruction Summary" template to input information from their students IEPs as a guide to implement SDI consistently.

Root Cause Addressed:

3. Teachers do not consistently implement SDI strategies listed in the IEPs

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
17K705 teachers will use the "Classroom Specially Designed Instruction Summary" template to input information from their students IEPs as a guide to implement SDI consistently. This action step will be introduced in September 2025.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure implementation of the assigned time for progress monitoring during the Professional Learning days, the time allotted will be indicated in the Weekly Newsletter and PL Monday Agenda. To ensure implementation of SDI, the SDI template will be reviewed and classroom observed.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Annual IEP Meetings	Teachers, School Psychologists, IEP Coordinator, Related Service Providers

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Teachers, School Psychologist, School Social Worker, Guidance Counselor, Related Service Providers, Parent Coordinator

Instructional Resources

SPIRE, Core Curriculum, Harmony

Schedule Adjustments

Coordinating intervention services with a master schedule to try to align services with classroom teacher schedules.

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2- ELA	iReady Diagnostic	Guided Reading Groups	Small group instruction	DURING-AFTER-BEFORE	YES
Tier 3- ELA	iReady Diagnostic	Reading Rescue	1:1, Small group	DURING	YES
Tier 3- ELA	iReady Diagnostic	SPIRE	small group	DURING	YES
Tier 3- ELA	iReady Diagnostic	Great Leaps	1:1	DURING	YES
Tier 2- ELA	iReady Diagnostic	IXL	1:1 Computer	DURING-BEFORE-AFTER	YES
Tier 2- ELA	iReady Diagnostic	Amira and Waggle	1:1 Computer	DURING-BEFORE-AFTER	YES
Tier 2- Math	iReady Diagnostic	IXL	1:1 Computer	DURING-BEFORE-AFTER	YES
Tier 2- Math	EnVision Benchmark Exams	EnVision Math	Small Group Instruction	DURING	NO
Tier 3- ELA	Speech and Language Screener	At- Risk Speech services	1:1, small group no more than 3	DURING	NO

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Crisis or Proactive	Counseling	Small group	during	No
Tier 3	Crisis	Counseling	1:1	during	N/A
Tier 3 (Family)	Crisis/Need	Family Counseling	Family	outside hours (CCM)	N/A

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

A MTSS Handbook was created by the ILT. This will be shared with staff and families so that everyone is aware about the essential components of MTSS. We are planning a Back to School Kick-off Event that will include a presentation of school policies, which includes MTSS.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive updates on the progress of their child(ren) who receive intervention quarterly with Report Cards. If these students have IEPs, their Progress Reports will also be shared during this time. Additionally, during the Annual Review of a child's IEP services and progress will be introduced and shared with families. Families will also be kept abreast of progress during Parent Teacher Conferences and during Parent Engagement Time throughout the year as needed.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

If Tier 3 intervention services are needed, this is communicated during IEP Meetings and/or during Parent Teacher Conferences. As always parent input and collaboration are key in ensuring that families are aware of WHAT the intervention is HOW it is being Implemented and WHY it is being implemented. During these conversations, feedback is taken and questions are addressed.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

36 in total
Doubled up (with friends or relatives because they cannot find or afford housing): 27
Living in a shelter or transitional shelter: 8
Living in a hotel/motel: 1
Living in a car, bus, or train: 0
Living in a park or public place: 0
Living in an abandoned building: 0

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

87%
is your school's year-to-date average attendance rate (subgroup filter: Housing: In temporary housing.

58%
of students are chronically absent, having missed 10% or more of the current school year (subgroup filter: Housing: In temporary housing)
(21 out of 36 students)

Addressing Attendance Challenges for Students in Temporary Housing at PS 705
Analysis of Trends:

A careful analysis of historical data for our Students in Temporary Housing (STH) population reveals a concerning trend:

High Chronic Absenteeism: The data indicates a significant disparity between the overall school attendance rate (87%) and the chronic absenteeism rate (58%) for students in temporary housing. This suggests a specific challenge for this subgroup.
Meeting the Needs:

To address this disparity and improve outcomes for STH students, we will utilize a two-pronged approach:

1. Examining the STH Title I Survey Data:

The 87% positive response rate on the STH Title I Survey indicates a high level of participation from families in temporary housing. We will analyze the survey data to gain further insights into the specific barriers these families face regarding their children's attendance. Here are some potential areas of focus:

Transportation Issues: The survey may reveal transportation challenges as a significant factor in absenteeism.
Health Concerns: Unstable housing situations can lead to health concerns that may impact attendance.
Academic Support Needs: The survey may highlight a need for additional academic support at home or school to improve engagement.
2. Targeted Interventions:

Based on the survey data and further conversations with families, we will implement targeted interventions to address the specific needs identified. Here are some potential approaches:

Transportation Assistance: We can explore partnerships with community organizations to provide transportation support for students in temporary housing.
Health and Wellness Resources: We can connect families with healthcare providers and mental health resources to address any concerns impacting attendance.
After-School Programs: Offering after-school programs can provide a safe and supportive environment while offering academic enrichment and homework assistance.
Home-School Communication: Strengthening communication between teachers and families through regular check-ins and home visits can foster a sense of connection and partnership.
Mentorship Programs: Matching STH students with mentors can provide social-emotional support and a positive role model.
Collaboration is Key:

To ensure the success of these interventions, we will collaborate with various stakeholders:

Social Worker: Our school social worker can play a crucial role in connecting families with resources, providing individual support to students, and facilitating communication.
Community Partners: We can partner with local organizations serving families experiencing homelessness to share resources and leverage their expertise.
Parents: We will actively engage parents in the solution by fostering open communication and building trust.
Conclusion:

By analyzing data, utilizing the STH Title I Survey data, and implementing targeted interventions in collaboration with various stakeholders, we can create a comprehensive support system to address the specific needs of our STH

population. This will help improve attendance rates, academic achievement, and overall well-being for these students.

Moving Forward:

We will continue to monitor the impact of these interventions and adjust our approach as needed. Our ultimate goal is to ensure that all students at PS 705, regardless of housing situation, have the opportunity to reach their full potential.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Mentorship
Providing uniforms and supplies to all STH. Broadway exposure.
Comprehensive Support for Students in Temporary Housing (STH) at PS 705
At PS 705, we are committed to providing a comprehensive support system for our Students in Temporary Housing (STH) population. We understand that unstable housing situations can create significant challenges for students, impacting their attendance, academic performance, and overall well-being.

Needs-Based Approach:

The services we offer cater to the specific needs identified through a two-pronged approach:

Analysis of STH Title I Survey Data: We will utilize data from the STH Title I Survey to gain insights into the specific barriers and challenges families face.
Collaboration with Families: We will maintain open communication with families through regular meetings and check-ins, allowing them to voice their concerns and priorities.
Based on these combined insights, we have chosen the following services to effectively address the diverse needs of our STH students:

Academic Support:

Lunch Groups with Teachers: These small group sessions provide personalized academic support, allowing teachers to identify individual needs and address any learning gaps.
Social-Emotional Support:

Mentoring Programs: Partnerships with MSK (likely Memorial Sloan Kettering) and MBK (likely Men of Color) provide students with positive role models who can offer guidance, encouragement, and emotional support.
Counseling Services: Our school counselor provides individual and group counseling sessions to address emotional and social concerns that may be impacting students' academic performance and well-being.
Clubs with NIA: (Assuming NIA refers to National Institute on Aging) We will explore potential partnerships with age-appropriate organizations to offer clubs that foster student engagement and social interaction.
Extracurricular Activities:

Cheerleading, Basketball, Soccer: Participation in sports teams can improve physical health, build teamwork skills, and provide a sense of belonging.
Bracelet Making & Other Clubs: Creative outlets like bracelet making and clubs offered by NIA (assuming it refers to a community organization) can provide opportunities for self-expression, relaxation, and social interaction.
Broadway Exposure: Exposure to the arts through field trips or in-school programs can spark creativity, broaden

perspectives, and ignite a passion for learning.
Collaboration is Key:

The success of these services hinges on collaboration with various stakeholders:

Families: We encourage active family participation in their child's education and ensure clear communication throughout the process.
Community Partners: We will continue to build partnerships with organizations like MSK, MBK, and NIA to leverage their expertise and expand resources available to our STH students.
School Staff: From teachers to counselors and social workers, our dedicated staff will work together to create a supportive and inclusive environment for all students.
Monitoring and Evaluation:

We will regularly monitor the impact of these services on student attendance, academic performance, and overall well-being. We are committed to adapting and evolving our approach based on data and feedback to better serve the needs of our STH population.

Creating a Supportive Environment:

By offering a variety of services that address academic, social-emotional, and extracurricular needs, we aim to create a supportive environment where all students in temporary housing feel valued, connected, and empowered to succeed.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Aligning Early Learning Times with Core Academics at PS 705
At PS 705, we are committed to ensuring a seamless and aligned learning experience for all students, from Early Learning Times (ELT) to core academic subjects. Here's how we plan to achieve this alignment:

Collaborative Planning & Shared Curriculum:

Cross-Grade Collaboration: We will facilitate regular collaboration meetings between ELT teachers and core academic teachers in the same grade level. This ensures teachers are familiar with each other's curriculum and can identify opportunities for integration.
Shared Learning Objectives: ELT and core academic teachers will work together to develop shared learning objectives that build upon each other. This creates a cohesive learning progression where concepts introduced in ELT are reinforced and expanded upon during core instruction.
Thematic Units: We will explore the development of thematic units that span ELT and core subjects. This allows for a holistic approach to learning where students can apply concepts across different domains.
Integration Strategies:

Morning Triage: The information gathered during morning triage can be shared with classroom teachers to tailor instruction and address specific needs identified in the morning session.
Embedded Small Group Instruction: Small group instruction, either embedded within ELT time or in collaboration with core teachers, allows for targeted skill development and differentiation based on individual student needs. These sessions can solidify concepts introduced in ELT or provide additional support for core academic work.
Saturday School (Optional): While optional Saturday school can provide additional academic support and enrichment opportunities, it shouldn't be relied upon as the sole means of aligning ELT and core instruction.
Communication & Alignment:

Shared Resources & Materials: ELT and core teachers will have access to a shared online platform or physical resource room with developmentally appropriate materials and learning activities that directly connect to core academic concepts.
Weekly Lesson Plans: Both sets of teachers will share weekly lesson plans electronically, allowing for cross-checking of alignment and identifying potential areas for further collaborative planning.
Data Sharing & Analysis: Regular data sharing and analysis of student progress in both ELT and core subjects will inform our approach and allow for adjustments to improve alignment over time.
Benefits of Alignment:

By implementing these strategies, we aim to achieve a seamless learning experience for our students:

Reinforcement & Deeper Learning: ELT concepts are reinforced and expanded upon throughout the school day,

leading to deeper learning and knowledge retention.
Transferable Skills: Students develop a strong foundation in core academic skills while also building essential social-emotional and communication skills in ELT.
Engaged Learners: A cohesive learning experience fosters student engagement and motivates them to see the connections between different parts of the curriculum.
Conclusion:

We believe that a strong alignment between ELT and core academics is crucial for maximizing student learning. Through collaborative planning, strategic integration strategies, and open communication, PS 705 will create a unified learning environment where all students can develop the knowledge and skills they need for success.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Ensuring NYS-Certified Instruction in Early Learning Times at PS 705
At PS 705, we are committed to providing high-quality Early Learning Times (ELT) instruction delivered by qualified educators. While we recognize the challenge of ensuring all ELT teachers hold NYS certification in specific content areas, we've developed a comprehensive approach that leverages various strategies to meet this requirement:

Creative Staffing Solutions:

Co-Teaching Model: We will utilize a co-teaching model whenever possible. This involves pairing a NYS-certified core academic teacher with a qualified teaching assistant who can provide support and ensure alignment with NYS standards.
Specialized Coaches: We will explore partnerships with external organizations to bring in specialized coaches with NYS certifications in specific content areas like literacy or math. These coaches can lead targeted ELT sessions or provide ongoing professional development for our staff.
Collaboration with Special Education Teams: Our special education teams often have teachers certified in early childhood education. We will explore opportunities for them to collaborate with ELT teachers and ensure content alignment without compromising their primary duties.
Maximizing Effectiveness of Non-Certified Personnel:

While we strive for all ELT teachers to be NYS certified, we acknowledge the reality of staffing challenges. In cases where non-certified personnel are involved, we will utilize the following strategies to ensure effectiveness:

Rigorous Training: We will provide focused professional development opportunities for non-certified teachers on NYS curriculum standards and best practices for ELT instruction.
Mentorship Programs: Establishing a mentorship program with NYS-certified teachers can provide ongoing guidance and support for non-certified ELT staff.
Resource Sharing & Lesson Plans: Developing a central repository of high-quality lesson plans aligned with NYS standards and utilizing effective instructional strategies will provide a strong foundation for all ELT teachers, regardless of certification status.
Time Management & Efficiency:

Beyond staffing, we will prioritize time management and efficient use of resources:

Technology Integration: We will explore the use of technology platforms and pre-recorded lessons created by NYS-certified educators to supplement instruction and free up ELT teachers for more personalized interactions with students.
"Breakout Rooms" for Differentiation: Utilizing designated spaces within the classroom allows for differentiated

instruction, where certified teachers can lead small groups on specific content areas while other staff manage activities for the remaining students.
Focus on Quality & Support:

Problem Selection: Assigning high-quality problems that encourage critical thinking and deeper understanding will be prioritized over quantity.
Visual & Written Support: Providing clear visual aids and written instructions alongside oral directions ensures understanding for all students.
"Three Before Me" Rule: We will encourage students to seek help from peers or review available resources ("Three Before Me") before requesting assistance from an adult. This fosters independence and allows certified teachers to focus on supporting those needing additional help.
Conclusion:

PS 705 is committed to providing a nurturing and enriching ELT experience for all students. By combining various staffing solutions, maximizing the effectiveness of non-certified personnel, and prioritizing efficient time management, we will ensure high-quality instruction delivered under the supervision of qualified educators.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Ensuring Seamless Learning: Aligning ELT with Core Academics at PS 705
At PS 705, we believe a strong connection between Early Learning Times (ELT) and core academic subjects is crucial for student success. Here's how we plan to achieve a seamless and aligned learning experience:

Collaborative Planning & Shared Vision:

Cross-Grade Teams: We will establish cross-grade level teams consisting of ELT teachers and core academic teachers in the corresponding grades. These teams will collaborate regularly to:
Define shared learning objectives across ELT and core subjects.
Develop thematic units that weave concepts across domains, promoting a holistic learning experience.
Share curriculum materials and resources to ensure alignment and continuity.
Integration Strategies for Deeper Learning:

Morning Triage & Data Sharing: Information gathered during morning triage can be shared with core teachers. This allows for targeted support in core instruction aligned with identified needs.
Embedded Small Groups: Regular small group instruction, either within ELT or in collaboration with core teachers, will solidify concepts introduced in ELT or provide individualized support for core subjects.
"Playful Learning" in Core Classrooms: Core teachers can incorporate playful learning strategies used in ELT, such as manipulatives and games, to reinforce academic concepts in a fun and engaging way.
Technology & Communication Tools for Efficiency:

Shared Online Platform: We will create a shared online platform where both sets of teachers can access and contribute lesson plans, resources, and student data.
Weekly Lesson Alignment Checks: ELT and core teachers will dedicate a portion of their planning time to checking each other's weekly lesson plans, ensuring alignment and identifying opportunities for further collaboration.

Professional Development & Ongoing Support:

Professional Learning Communities (PLCs): We will establish PLCs specifically focused on ELT-core alignment. These communities will provide a forum for teachers to share best practices, receive professional development focused on integration strategies, and troubleshoot any challenges.
Mentorship Programs: Experienced core teachers can mentor newer ELT teachers, providing guidance on integrating academic skills into a playful learning environment.
Benefits of a Cohesive Approach:

By implementing these strategies, we aim to create a learning environment where:

Concepts are Reinforced: ELT activities lay the foundation for core skills, and core instruction builds upon this foundation.
Transferable Skills Develop: Students develop strong literacy, math, critical thinking, and social-emotional skills that seamlessly transfer across ELT and core subjects.
Engagement & Motivation Increase: A cohesive approach fosters student engagement and motivation, allowing them to see the connections between different parts of the curriculum.
Conclusion:

At PS 705, we are committed to ensuring that ELT instruction not only prepares students for core academics but also complements and enhances their learning experience throughout the day. Through collaboration, communication, and a shared vision, we aim to create a seamless learning environment where every student thrives.

Provide a description of the materials purchased to support implementation of ELT.

During ELT, we utilize Digital and Print I-Ready Resources as well as Core Curriculum Resources.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 705, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 705-BASES will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 705-BASES, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

NTN Training
CRSE Professional Development
ENL Professional development
SBST Professional development
SEL_Harmony Professional Development
Attendance team Professional Development
ICT Teacher's Professional Development
Building Strong teams Professional Development

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We have aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, peer intervisitations and grade team planning. The teachers also are a part of our various PLCs.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
NIA	100 Scholars in Grades PK-5	2:30PM-5:30PM	To enrich scholars in the arts and in core subject areas . To engage and empower families
FOCH	Grades K-5	2:30PM-5:30PM	To enrich scholars in the arts and in core subject areas.
NIA	Parents 100 PK-5	2:30PM 5:30PM	Empower and engage parents to best serve their children

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Collaborative Leadership and Practice: Building Bridges for Shared Success
At Brooklyn Arts and Science Elementary School 17K705, we firmly believe that collaboration is key to achieving our school goals. As a Community School, we foster strong partnerships with Community Based Organizations (CBOs) who share our commitment to student success. These partnerships extend beyond mere service provision; they involve a shared leadership approach where CBOs are actively engaged in collaborative planning for the benefit of our students and community.

Shared Leadership & Collaborative Planning:

Regular Communication: To ensure alignment and shared vision, we meet with our CBO partners both weekly and monthly. These meetings focus on:
Goal Setting: We collaborate on developing annual goals for the Community School that address the needs of our students and community. This ensures CBO programs complement and support the school's academic and social-emotional learning objectives.
Collaborative Planning: We work together to develop comprehensive plans for implementing programs and services. This includes creating a shared calendar, outlining roles and responsibilities, and establishing clear communication protocols.
Building a Shared Understanding:

Foundational Knowledge: We recognize the importance of a shared understanding among stakeholders. To this end, we'll provide training sessions for both school staff and CBO representatives on key topics like:
High-Quality Early Childhood Education: We'll share best practices for providing high-quality early childhood education, ensuring our programs support development and readiness for school across the board.
Benefits of Partnership: We'll emphasize the community-wide benefits of a strong school-CBO partnership, highlighting how collaboration fosters student success and a thriving community.
Navigating Differences:

Understanding Policies and Regulations: We acknowledge that schools and CBOs operate under different policies and regulations. We'll hold dedicated sessions to clarify these differences and develop strategies for collaborative service delivery within these frameworks.

Coordinating Services: We believe in seamless service delivery. We'll work together to create a unified program calendar, avoid duplication of services, and ensure clear communication pathways for families accessing services.

Monitoring and Management:

Joint Evaluation: Regularly, we'll conduct joint evaluations of our community school programs. This will involve data analysis, feedback from students, families, and staff members to assess the program's effectiveness and identify areas for improvement.

Safety Protocols: We adhere to the highest safety protocols in all aspects of our partnership. These include background checks for CBO personnel, clear reporting procedures for any safety concerns, and ensuring CBO staff

complete all necessary training and certification requirements.

By fostering strong collaborative leadership with our CBO partners, we create a framework for shared understanding, efficient service delivery, and ultimately, a thriving school community where all students can reach their full potential.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Family and Community Engagement: Building a Village for Every Student
At PS 705, we believe that true student success hinges on a strong partnership between school, family, and community. As a Community School, we're committed to fostering authentic school-family partnerships and creating a welcoming environment where families and community members feel empowered to participate, lead, and contribute to our students' holistic development.

Here's how we'll achieve this:

Building Authentic Partnerships:

Shared Leadership Team (SLT): We'll establish a Shared Leadership Team (SLT) comprised of parents, teachers, community members, and myself (the principal). This team will meet regularly to discuss school improvement initiatives, curriculum development, and resource allocation. This structure ensures families and community members have a voice in shaping the school's direction.

Open Communication Channels: We'll offer multiple avenues for communication, including:

Monthly Coffee and Conversations with the Principal: These informal gatherings allow for open dialogue and address any concerns families may have.
Weekly Meetings with Parents and Families: Teachers will hold weekly office hours for individual consultations. Additionally, we'll host thematic workshops and information sessions on topics relevant to student success.
Town Hall Meetings: We'll hold quarterly Town Hall meetings to share school updates, progress reports, and solicit feedback on major initiatives.
Fostering Engagement and Leadership:

Weekly Meetings with PTA E-board: Strong partnerships with organizations like the PTA are key. We'll have regular meetings with the PTA Executive Board to collaborate on events and initiatives that support student learning and create a vibrant school community.

Acknowledging Families as Partners: We'll consistently acknowledge families' contributions through school newsletters, social media, and personalized thank-you notes. This recognition fosters a sense of shared responsibility and strengthens the school-family bond.

Creating Supportive Environments:

Safe Connected Spaces: We'll establish welcoming spaces within the school, like a Family Resource Center, where families can connect with social services, community resources, and other parents. This fosters a sense of belonging and support.

Childcare at PTA Meetings: Recognizing the needs of working families, we'll provide childcare options during PTA meetings, ensuring all parents feel welcome to participate.

Building a Holistic Community:

Holistic Community Partnerships: We'll expand partnerships beyond traditional PTA structures. We'll connect with local businesses, faith-based organizations, and cultural institutions to offer mentorship programs, volunteer opportunities, and guest speakers. This enriches student learning experiences and connects them to the wider community.
Cultivating Belonging:

Celebrating Diversity: We'll celebrate the diverse backgrounds and cultures of our families and students through school events, cultural festivals, and heritage presentations. This creates a sense of belonging and strengthens the school community.
By implementing these strategies, we aim to build a true village around each student. We believe that strong family and community engagement is not just a goal; it's the foundation for student success and a thriving school environment.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Wellness and Integrated Supports: Building a Foundation for Learning
At PS 705, we recognize that a student's well-being is directly linked to their ability to learn and thrive. As a Community School, we address out-of-school barriers to learning by creating a comprehensive support system that integrates academic success with social, emotional, and health services.

Partnerships for Holistic Support:

Social and Health Service Agencies: We partner with social service agencies and healthcare providers to connect students and families with essential resources, from housing assistance and food banks to mental health counseling and medical care. By addressing these basic needs, we remove barriers to learning and allow students to focus on school.

On-Site Social Workers: Our dedicated social workers are readily available to provide individual and family support, crisis intervention, and referrals to outside services. Additionally, they will collaborate with teachers by:

Coaching in Classrooms: Social workers can co-teach social-emotional learning (SEL) lessons or provide targeted interventions for students experiencing emotional or behavioral challenges.
Small Group Counseling Sessions: Social workers can lead small group counseling sessions on topics like anger management, social skills development, and coping mechanisms for stress or anxiety.
Building a Supportive Environment:

Restorative Justice and Conflict Resolution Training: We believe in fostering a positive school climate where conflicts are resolved constructively. We'll provide training for staff on restorative justice practices and conflict resolution techniques, empowering them to de-escalate situations and promote positive communication among students.

Harmony SEL Curriculum: We've embedded the Harmony SEL curriculum schoolwide. This evidence-based program equips students with essential social-emotional skills, such as self-awareness, relationship management, and responsible decision-making. Integrating SEL into academics creates a holistic learning environment that fosters both academic and social-emotional well-being.

Beyond the Classroom:

Family Engagement: We understand the importance of family involvement in promoting student wellness. We'll partner with families to provide workshops on topics like positive parenting strategies, social-emotional learning at home, and how to communicate effectively with their children.

Community Partnerships: We strive to build bridges within the community. We'll partner with local organizations to offer after-school programs that provide safe spaces, enrichment activities, and social-emotional support for

students.

Continuous Improvement:

We'll continuously assess the effectiveness of our integrated support system through data analysis, feedback from students, families, and staff. This ensures we're addressing the evolving needs of our school community and creating a truly supportive environment for all students to reach their full potential.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

Here's how we'll work with CBO partners to achieve this goal:

Weekly Collaboration:

Dedicated Attendance Team: We'll establish a dedicated Attendance Team comprised of school staff (including myself, the attendance coordinator, social worker, and relevant teachers) and representatives from partner CBOs. This team will meet weekly – virtually or in-person – to discuss attendance data, identify chronically absent students, and strategize interventions.
Data-Driven Approach:

Harnessing Data Power: We'll leverage data from DOE systems and New Visions for Public Schools to identify trends in student absences. This data can reveal patterns, such as time of day, specific grade levels, or even specific classrooms, that could point to underlying causes.
Multi-Tiered Intervention:

Personalized Strategies: Based on the data and insights from the Attendance Team, we'll develop personalized interventions for chronically absent students. This might include:
Early Intervention: For students with occasional absences, we can implement early warning systems, such as personalized phone calls or home visits.
Success Mentors: Partnering with CBOs, we can pair students with Success Mentors. These mentors, often volunteers from the community, can provide academic support, social-emotional connection, and act as advocates for students and their families.
Addressing Root Causes: CBOs often have a deep understanding of community needs. We'll work with them to identify and address any barriers to attendance, such as transportation issues, healthcare needs, or lack of childcare. This might involve connecting families with social services, community transportation options, or after-school programs.
Building on Community Strengths:

Resource Network: CBOs bring valuable resources to the table. We'll create a network where CBOs can provide support services like food banks, health screenings, mental health counseling, or legal aid. Addressing these external factors can improve attendance by alleviating stress and ensuring basic needs are met.
Communication is Key:

Transparent Communication: We'll maintain open communication with families through regular progress reports, parent-teacher conferences, and translated materials. We'll also partner with CBOs to leverage their cultural

understanding and language skills to better connect with families.
Evaluation and Continuous Improvement:

Monitoring Progress: We'll track the impact of our interventions and adjust them as needed. Regular meetings with the Attendance Team will allow for data analysis and refinement of strategies.
Through this collaborative approach with CBO partners, a data-driven focus, and a commitment to personalized support, we believe we can significantly reduce chronic absenteeism in our school. Every student deserves the opportunity to learn and thrive, and through Every Student, Every Day, we're building a strong network to ensure that happens.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Special Populations: Building Bridges, Not Barriers
At PS 705, we are committed to creating a truly inclusive learning environment where all students, regardless of background or needs, can thrive. As a Community School, we leverage partnerships to provide differentiated and culturally responsive supports, ensuring every student receives the resources they need to succeed.

Meeting Individual Needs:

Differentiated Instruction: Our teachers are trained in differentiated instruction strategies, tailoring their approach to meet the unique learning styles and needs of all students. This includes providing various learning materials, scaffolding instruction, and offering multiple assessment methods.

Culturally Responsive Practices: We foster cultural understanding by incorporating diverse perspectives and experiences into curriculum and classroom activities. We work with CBO partners to celebrate cultural holidays and traditions, ensuring all students feel valued and respected.

Supporting Specific Populations:

Students in Temporary Housing: We understand the challenges faced by students experiencing housing instability. We partner with shelters and social service agencies to provide on-site support services, such as enrollment assistance, school supplies, and access to hygiene products.

Multilingual Learners/English Language Learners (ML/ELLs): We offer a comprehensive ENL program with certified ENL teachers who deliver targeted instruction aligned with WIDA standards. Additionally, CBO partners can provide translation services for communication with families and cultural competency workshops for staff.

Students with Disabilities: We have a dedicated team of specialists, including special education teachers, social workers, and psychologists, to create Individualized Education Programs (IEPs) for students with disabilities. CBOs can connect families with legal aid or therapy services to further support their needs.

Optimizing Systems and Structures:

Data-Driven Decisions: We utilize data from student assessments, attendance records, and parent surveys to identify areas where additional support is needed. This data informs our allocation of resources and ensures our systems are working effectively for all students.

Collaborative Teams: We have established interdisciplinary teams comprised of teachers, social workers, guidance counselors, and CBO representatives. These teams meet regularly to discuss student progress and develop individualized support plans.

Family Engagement: We value strong partnerships with families. We host translated parent-teacher conferences, provide resources for home learning, and hold workshops focused on culturally responsive parenting strategies.

Flexible Scheduling: For students who need additional support due to temporary housing situations or other factors, we can explore flexible scheduling options, such as before or after-school tutoring programs.

Continuous Improvement:

We are committed to constantly improving our systems and structures. We will regularly solicit feedback from students, families, staff, and CBO partners to ensure our Community School model is truly meeting the needs of all learners.

By creating a network of support within our school and leveraging the expertise of our CBO partners, we believe we can provide students from all backgrounds with the differentiated and culturally responsive supports they need to reach their full potential.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Michael Pizzingrillo
Assistant Principal (Where Applicable)*	Risa Bockler
English as a New Language (ENL) Teacher*	Jessica Sain
Teacher (if school has a bilingual program must be a bilingual teacher)*	Alessandro Rebaudengo
Parent/Guardian*	Elba VanDunk
Teacher	Suad Shahein
Parent Coordinator	Nia Haggwood
School Social Worker	Tanesha Nichols
Related-Service Provider	Erica Wolff
Other (Name and Title)	Ruth De Los Santos (DL Teacher)
Other (Name and Title)	Ruth Guerrero (DL Teacher

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

227

Total number and percentage (%) of current ELLs:

24 (10.6%)

Total number and percentage (%) of former ELLs:

4 (1.8%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

20 (83.3%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

4 (16.7%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

7 (29.2%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	N/A																0
TBE	N/A																0
TBE	N/A																0
DLBE	GE	Spanish	2013	1													1
DLBE	GE	Spanish	2013		1												1
DLBE	GE	Spanish	2013			1											1
				total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

ENL stand-alone services will be delivered to students grouped by English language proficiency and grade levels. These groups will be determined by the results of the Spring 2025 NYSESLAT or 2025 NYSITELL, for new admits, which determine current English language proficiency levels. To accommodate our population, we anticipate creating both homogenous groupings (Entering and Emerging) and heterogenous groups (Emerging, Transitioning and Commanding) bridging no more than 2 contiguous grade levels as per CR Part 154. The number of minutes each group receives for stand-alone services will be determined by the CR Part 154 and the minimum requirements based on English proficiency level. Entering students will receive at least the minimum of 1 unit of stand alone study (180 minutes) and Emerging students will receive a minimum of .5 units of stand alone study (90 minutes). We will provide additional stand alone minutes for our Transitioning and Expanding students who require additional small group support as determined by ELA and Math assessments such as iReady, Acadience, HMH and Envision unit assessments, ELA and Math state exams, as well as classroom work and teacher feedback.

ENL students who receive their minutes in the DLBE setting will also receive stand-alone ENL services based on need according to Acadience, iReady, ELA and Math State Exams, HMH and Envision unit assessments, as well as classroom work and teacher feedback. Students in the DLBE classrooms will be grouped by proficiency level and will be with students of other grades bridging no more than 2 contiguous grade levels.

Integrated ENL:

We provide integrated ENL services through push-in support during our ELA and Math blocks. We prioritize push-in services during ELA blocks, but schedule integrated Math support as needed based on individual student assessment data as well as grade level needs. Multiple data points show that the reading and writing components of our ELA curriculum (HMH) are the areas where our ELL/MLLs need the most support. This data is consistent across NYSESLAT testing, iReady assessments, state ELA exams and classroom assessments. Integrated services are provided by grade, so the English proficiency levels are mixed within classrooms allowing for heterogenous groupings.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

We do not have a Transitional Bilingual Education (TBE) program at PS 705.

Dual Language Bilingual Education (DLBE):

We have Dual Language Bilingual Education Program in Spanish beginning with Pre-K and as needed in upper grades. For the 2025-2026 school year we anticipate having Dual Language Bilingual Education in grades K, 1 and 2 to meet the needs of our multilingual learners (MLLs/ELLs) and Spanish heritage speakers. We are currently rebuilding the Dual Language program from the bottom up with the intention of building strong foundational literacy skills in students' home language (Spanish). This rebuilding begins in Pre-K and continues into K, 1st and 2nd grades. We are working closely with the District and the Department of Multilingual Learners to ensure that our students are receiving the supports they need to thrive and excel in both their home language and in English while meeting grade level standards. The building of strong, foundational, literacy skills in Spanish will occur while simultaneously advancing students' English language proficiency and literacy skills.

Since our DL classes are organized by grade, ENL students in these classes represent a range of English proficiency levels from Entering to Commanding (former ELLs). Entering students will receive 1 unit of stand-alone ENL study (180 minutes) and 1 unit of integrated ENL study (180 minutes) along with 1 unit of Home language arts (HLA) and at least two bilingual content classes in subjects such as Science, Math, and Social Studies. Emerging students will receive at least .5 units (90 minutes) of stand-alone ENL and 1 unit of integrated ENL in ELA along with 1 HLA class in ELA and at least two bilingual content classes in subjects as Science, Math, and Social Studies. While we are rebuilding the dual language program, our MLLs/ELLs not in a Dual Language Bilingual classroom will receive their English language services and support through our English as a New Language (ENL) program and will receive mandated minutes of push-in and pull-out services as determined by their English proficiency levels. However, several classes do have Spanish speaking instructors (including dually certified instructors and paraprofessionals) so students will continue to receive support throughout their day in their home language.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

We ensure that the mandated number of instructional minutes are provided according to the students' English language proficiency levels in each program model by using current proficiency levels as determined by the NYSESLAT and NYSITELL examsAt a minimum, ELL students in the Spanish DLBE will receive HLA instruction in ELA every week as well as bilingual instruction in at least 1 subject: including math, social studies and science to meet the required minimum number of minutes needed to support our ELLs in the dual language program. In order to meet these requirements, we have adequate TESOL-certified teachers on staff as well as dual language-certified staff. The schedule for DL classes is created to ensure that students receive at least the minimum number of minutes required for stand-alone and integrated services. The schedule ENL schedule is created to allow the ENL teacher to push into classes for integrated ENL services and to pull-students out for necessary stand-alone ENL services as dictated by students' proficiency levels.

The way that we deliver ENL, English Language Arts (ELA) and Home Language Arts (HLA) is determined by grade and proficiency level. Generally speaking, all ENL services are delivered in both push-in services during ELA by class and pull-out services based on proficiency level. In dual language classes the Home Language Arts (HLA) instructional minutes are delivered in accordance with the required minutes with all students, regardless of proficiency level, receiving at least 1 HLA course and 1 bilingual content area subjects such as math, social studies and science.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

We deliver instructional minutes in each program model in accordance with CR Part 154.

For ENL, we deliver required minutes through our ENL certified instructors in both stand-alone (pull-out) and integrated (push-in) formats. For our Dual Language program (DLBE) we deliver instruction through our bilingual certified staff, one of whom is dually certified in ENL.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Dual Language model is self-contained with English proficient students and ELLs learning together 100% of the time. The classroom setting is General Education (GE) so all instruction is delivered by the dual language-certified teacher. However, ELLs will be pulled for stand-alone ENL services according to their minutes as dictated by their proficiency levels. We prioritize pull-out services for Dual Language students who are at Entering and Emerging stages of proficiency as well as students who are not yet on grade level in reading. As mentioned above, students in grades K, 1, and 2 will receive mandated minutes in their designated classes, self-contained, through a bilingual certified teacher.

b. In which language(s) is each core content area taught?

Core content areas are taught in Spanish and English. Aside from Home language arts (Estrellita) we also teach at least one core content area subject in Spanish. Each of our core content area curriculums are offered in Spanish including HMH Into Reading (ELA), Envision(Math), Amplify (Science) and NYC Passport for Social Studies.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

We currently have 15 ELL students, all of whom are classified as Newcomers (88.24% of our ELL population). When instructing our Newcomers, we rely on home language support and ensure that our instructional materials are culturally responsive. We also go to great lengths to create a welcoming and affirming environment, recognizing that Newcomers often experience significant adjustments to both the academic and cultural environment. We focus on building strong relationships with students and families so they feel supported and valued, which promotes maximal growth within the classroom. Instruction for Newcomers differs from that provided to Developing or Long-Term ELLs. Newcomers often benefit from visual supports, structured oral language practice, and explicit vocabulary instruction to build foundational language skills and confidence. In contrast, Developing and Long-Term ELLs typically require greater emphasis on academic language development, writing conventions, and content-based literacy to support their progress toward proficiency. This differentiated approach ensures that all ELLs receive instruction tailored to their language development needs and academic goals.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, 0% of our ELL population are classified as Students with Inconsistent/Interrupted Formal Education (SIFE). Although we do not have any SIFE students this year, when we do, we utilize an abundance of home language supports and ensure that both stand-alone and integrated instruction focus on prerequisite academic and linguistic skills to address potential educational gaps. Instruction for SIFE students is differentiated through targeted foundational literacy instruction, scaffolded lessons that build background knowledge, and the integration of visuals and hands-on activities to enhance comprehension. We also provide small-group and project-based learning opportunities that allow students to engage meaningfully while building language and content knowledge simultaneously. In addition, we place a strong emphasis on social-emotional learning (SEL) to support SIFE students as they adjust to new academic and cultural environments. This includes creating safe, affirming spaces, implementing trauma-informed practices, and fostering a sense of belonging that promotes both emotional well-being and academic growth.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently, 0% of our ELL population are classified as Long-Term ELLs. Although we do not have any Long-Term ELLs this year, when we do, we rely heavily on data from multiple sources such as NYSESLAT, i-Ready, NYS ELA and Math exams, and classroom performance to identify specific areas where additional support is needed to advance English language proficiency. Instruction is tailored to the individual needs of each student, with a focus on intensive writing and reading instruction designed to strengthen academic language development and help students use it effectively across content areas. Effective instruction for Long-Term ELLs differs from that for Developing ELLs in several key ways. Long-Term ELLs often benefit from explicit instruction in complex grammar, syntax, and academic vocabulary, as well as opportunities for extended discourse and structured writing tasks that promote precision and elaboration. In contrast, Developing ELLs may require continued scaffolding in foundational language skills such as oral fluency, vocabulary expansion, and sentence construction as they move toward higher levels of proficiency. This differentiated approach ensures that both groups receive targeted instruction aligned to their specific linguistic and academic development needs.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Currently, 4 students (1.8% of our total population) are classified as Former ELLs. We provide mandated instruction and monitoring by ensuring that our ENL and/or Dual Language certified teachers work with these students in small groups within integrated classroom settings. Instruction focuses on targeted skill development in writing, reading comprehension, and academic vocabulary acquisition to ensure continued growth in English language proficiency and content mastery. In alignment with CR Part 154 regulations, former ELLs receive continued instructional and academic support for two years after exiting ENL services. During this period, teachers closely monitor student progress through formative assessments, classroom performance, and data reviews to ensure that students maintain proficiency and meet grade-level expectations. When necessary, additional interventions or supports are provided to prevent academic regression and ensure sustained success in all content areas.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

We have several at-risk factors that may adversely affect ELLs at our school. The most noticeable one is the high percentage of Newcomers, totaling 15 students (83.3%), who require intensive academic, linguistic, and social-emotional support as they adjust to new school routines, a new language, and a new culture. Another significant trend is that 8 students (33.3%) are in temporary housing, which can negatively impact attendance and consistency, as these students often face long commutes or must relocate during the school year. Additionally, 9 students (37.5%) were not fully programmed in STARS due to insufficient ENL-certified staff, limiting access to mandated ENL services. This issue is being addressed by restoring the ENL-certified teacher to full-time status next year to ensure full compliance and support. Academic performance data also indicate areas of concern—4 students (16.7%) scored at Levels 1 or 2 on both the ELA and Math state exams, highlighting the need for increased support in core content instruction to promote grade-level mastery. According to the EDAT, performance trends reveal that 4.2% of ELLs scored at Level 1 or 2 in ELA during SY 2022–23, while 8.3% of ELLs scored at Level 1 or 2 in Math during SY 2023–24. This upward trend suggests that more ELLs are performing below grade level in key content areas, emphasizing the need for targeted interventions and differentiated instruction. Furthermore, 5 students (20.8%) did not demonstrate sufficient English Language Proficiency (ELP) progress on the NYSESLAT, likely due to limited longitudinal data for newly enrolled students. To address these factors, the school plans to increase data-driven instructional support, strengthen co-teaching models, and provide professional learning focused on scaffolding

strategies and academic language development. Progress will be monitored through ongoing data analysis, formative assessments, and regular review of EDAT indicators to ensure ELLs receive the support necessary to meet proficiency targets and demonstrate continuous growth.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Based on our current data, there are limited at-risk factors that may adversely affect our former ELLs; however, academic performance remains a key area of focus. Specifically, 50% of Former ELLs scored at Level 1 or 2 in ELA last school year, while 25% of Former ELLs scored at Level 1 or 2 in both SY 2022–23 and SY 2023–24 in ELA. Similarly, 25% of Former ELLs scored at Level 1 or 2 in Math last school year, and 25% scored at Level 1 or 2 in both SY 2022–23 and SY 2023–24 in Math. These longitudinal data points, as reflected in the EDAT, suggest that a portion of former ELLs continue to perform below grade level, particularly in ELA, indicating challenges in sustaining academic progress after exiting ENL services. Furthermore, while the number of students is small, these results represent a significant portion of the former ELL population and reveal an emerging trend of persistent academic risk among some students. As a result, this pattern underscores the importance of maintaining consistent support beyond the two-year monitoring period to prevent regression and ensure full mastery of grade-level standards. To address these concerns, targeted instructional strategies such as differentiated literacy instruction, explicit academic vocabulary development, and structured opportunities for extended writing and discourse will help close identified gaps. In addition, strengthening collaboration between ENL and content-area teachers to reinforce language development within core instruction—along with the use of formative assessments and EDAT data reviews to monitor progress—will ensure that former ELLs sustain academic success and continue to meet proficiency expectations across all content areas.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of our ELLs with the largest representation at our school are Spanish (17 students) and Arabic (3 students), followed by French, Fulani, Russian and Bengali with one student in each category. This does not account for our Former ELLs or our 3-K and pre-k population. We have additional speakers of a language other than English including Portuguese.

We greatly value home language at PS705 and feel it is important to include and represent home languages within our instruction. We ensure that students see their languages represented during classroom lessons. We also provide technology and tools for translation, including dictionaries and content area dictionaries. We also provide authentic texts in students' home languages to ensure that they are exposed to high quality and culturally responsive texts in their home languages, particularly in our DL classes. We have staff that are bilingual that help with student and family communication. We also have two school LACs who ensure that home language support is available for parents at all times. We place students in classes where they speak the same language as their peers, whenever possible, to ensure a home language connection which helps lower students' affective filters. We also use translanguaging and teach cognates and grammatical structures highlighting similarities and differences in specified languages. Students work in pairs with linguistically similar peers to aid in comprehension and to provide quality engagement for classroom activities like turn and talks and engage and retells. Research based ELL strategies are used in integrated and stand alone classes which help students build academic language, literacy, and vocabulary. We also use home language to build background knowledge and link students' cultures to classroom learning. We

also use home language to build comprehensible input and aid in greater output. Use of home language also aids in classroom participation and stimulates and encourages higher order thinking.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs at our school reflect a richly diverse student population. According to our data, there are 24 ELLs in total—17 Hispanic and 7 Non-Hispanic. Within the Hispanic ELL group, 8 students identify as American Indian or Alaskan Native, 2 as Black, 1 as Multiracial, 1 as Native Hawaiian or Other Pacific Islander, and 5 as White. Among our Non-Hispanic ELLs, 4 identify as Asian, 2 as Black, and 1 as White. This diversity showcases the cultural and linguistic richness of our student body, which we actively celebrate and integrate into instruction, communication, and school culture. To ensure that ELLs are fully included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE), our school designs curriculum maps that are diverse, affirming, and reflective of our students' racial, ethnic, and linguistic identities. For example, core and supplemental materials intentionally incorporate authentic texts that mirror our students' backgrounds and experiences. These texts are used across content areas to promote representation and critical engagement with themes of identity, equity, and community. In addition, our Social Studies units provide opportunities for students to explore culturally relevant topics that connect local, national, and global perspectives. Furthermore, ELLs are given opportunities to actively contribute to classroom planning and discussions through student-voice initiatives such as peer presentations, cultural sharing activities, and collaborative projects that allow them to draw from their lived experiences. These activities not only affirm identity but also empower ELLs to take ownership of their learning. Throughout the year, we reinforce CR-SE principles by celebrating the diversity of our community through multicultural events, school-wide assemblies, and cultural heritage observances such as Women's History Month, Black History Month, and Asian American and Pacific Islander (AAPI) Month. By doing so, we ensure that students' languages, cultures, and histories are honored as integral parts of the school experience. Ultimately, our CR-SE approach at PS 705 goes beyond representation—it creates an environment where ELLs feel seen, valued, and heard. Through inclusive curriculum design, authentic cultural integration, and active student participation, we sustain a school culture that affirms the identities of all learners while promoting equity, belonging, and academic excellence.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

When reviewing English Language Proficiency (ELP) growth at our school, we notice that 12 out of 17 students met ELP sufficient progress, while 5 students (29.4%) did not meet sufficient progress. Of the students who met sufficient progress, 4 students (23.5%) met progress by scoring Commanding on the NYSESLAT and exiting ELL status, 6 students (35.3%) met their annual progress target, and 2 students (11.8%) met Safe Harbor cumulative growth. This data aligns with the ELP progress chart, which shows consistent growth for a majority of our eligible ELL students. However, 6 students did not have sufficient NYSESLAT data to determine growth, which indicates that a portion of the ELL population could not be included in the progress calculations. This may be due to factors such as new enrollments, incomplete prior-year data, or recent student transfers. Furthermore, in examining emerging trends, the data suggest that most students are meeting ELP growth through annual progress targets and successful exits from ENL services, indicating that current instructional practices and supports are largely effective. However, the 29.4% of students who did not meet sufficient progress highlight a continued need for targeted instructional support. The school plans to address this by providing differentiated small-group instruction, increased formative assessment tracking, and focused intervention strategies to help all ELLs make measurable gains in language

proficiency.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When reviewing the results of the New York State English as a Second Language Achievement Test (NYSESLAT), several important trends stand out. Listening and Speaking emerged as the strongest modalities for students in grades 2–5, demonstrating that students are developing oral language proficiency and confidence in expressive communication. Additionally, Kindergarten and Grade 3 students showed Reading as an area of strength, which suggests that early literacy and decoding instruction are effectively supporting comprehension and language development. However, Writing continues to be an area of need across all grades, which mirrors trends identified in previous years. This consistent pattern indicates that students may require additional targeted support in areas such as sentence structure, vocabulary usage, and written organization. This year, Speaking also appeared as an area of need for a small group of Entering-level students, suggesting that these learners may benefit from increased opportunities for structured academic talk and oral language scaffolding. Unlike in prior years, Reading and Listening did not appear as areas of need, which reflects steady improvement and instructional growth in these modalities. The data indicate that instructional strategies focused on comprehension, phonemic awareness, and interactive read-alouds have had a positive effect on student outcomes. Moving forward, instructional planning will intentionally leverage Listening and Speaking strengths to enhance Writing performance, incorporating more opportunities for oral rehearsal before writing, sentence frames, and explicit modeling of written conventions. Teachers will also continue using integrated language and literacy instruction, targeted feedback, and formative assessments to monitor progress in Writing and Speaking, ensuring that students continue to make measurable gains in English proficiency across all modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship between students' performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and other state assessments, such as the ELA and Math assessments, demonstrates consistent trends in language proficiency and academic achievement. Students who perform at higher proficiency levels on the NYSESLAT—particularly those scoring Expanding or Commanding—tend to perform better on the ELA and Math state assessments. For example, two ELLs who scored Commanding on the NYSESLAT also scored Level 2 on the ELA state exam, and one ELL who scored Commanding achieved a Level 3 on the ELA exam. This pattern suggests that as students advance in English language proficiency, they show corresponding gains in literacy and content understanding. When reviewing i-Ready data, we notice similar trends, with ELLs demonstrating ongoing needs in phonemic awareness, reading comprehension, and academic vocabulary, which echo the same language domains measured by the NYSESLAT. In Math, the development of academic vocabulary and comprehension of word problems continue to be key areas for targeted support. To address these patterns, the school is focusing on integrated literacy and content instruction that builds academic vocabulary and reinforces comprehension strategies across disciplines. Co-teaching models, small-group instruction, and scaffolded tasks are being used to strengthen both language and content mastery. By continuing to align instruction with language development data from the NYSESLAT and academic performance data from ELA and Math assessments, teachers can better tailor instruction to ensure that linguistic growth supports academic success across all subject areas.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

When reviewing NYSESLAT results for ELL subgroups, we notice several trends among our ELLs with IEPs, while noting that we do not currently have any Students with Interrupted or Inconsistent Formal Education (SIFE). Among our ELLs with IEPs, 1 student scored at the Entering level, 2 at the Emerging level, 1 at the Transitioning level, 3 at the Expanding level, and 2 at the Commanding level. This distribution reflects a broad range of English proficiency levels within this subgroup, demonstrating that while some students are making significant language development gains, others are still in the early stages of English acquisition. The trend suggests that ELLs with IEPs are progressing at varied rates depending on the intensity of language support and alignment between ENL and special education services. The fact that several students scored at the Expanding and Commanding levels highlights the effectiveness of targeted, individualized instruction and collaborative supports. Conversely, students who remain at the Entering and Emerging levels may require more intensive scaffolding, increased opportunities for oral language practice, and explicit instruction in academic vocabulary to accelerate growth. Several factors appear to be impacting the results for this subgroup. ELLs with IEPs often face dual demands—developing English proficiency while working toward IEP academic and behavioral goals. These overlapping needs can make progress slower, especially when linguistic and cognitive demands intersect. To address this, ENL and special education teachers collaborate to provide differentiated instruction, targeted interventions, and consistent progress monitoring using both IEP and NYSESLAT data. This collaborative approach ensures that students receive appropriate language supports while meeting individualized academic goals. Moving forward, the school will continue to strengthen co-teaching practices, integrate language objectives into IEP instructional plans, and provide professional learning on scaffolding strategies to further support this subgroup's language and academic development.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provides ELLs with a high-quality academic experience that leads to deeper learning through intentional instructional design and collaborative practices. Instruction is grounded in explicit teaching and the gradual release of responsibility model, ensuring that students move from guided practice to independent application with confidence. Both stand-alone and integrated ENL services are provided in accordance with the Chancellor's Regulations, giving students consistent opportunities to develop language proficiency while engaging in rigorous, standards-based instruction across content areas. Beyond mandated programming, we extend support through collaboration between our ENL and Dual Language (DL) teachers, who work together to plan lessons that integrate language and content learning. This collaboration ensures that instruction is language-rich, cognitively challenging, and culturally affirming. Additionally, our ENL committee—composed of representatives from multiple grade teams—meets regularly to design and lead professional learning sessions focused on the evolving needs of multilingual learners. Through these collaborative efforts, we continuously analyze student data, review classroom practices, and adjust pacing calendars and lessons to ensure instruction remains responsive to ELL needs. This process promotes deeper learning by encouraging students to engage in critical thinking, problem-solving, and extended academic discourse. Teachers incorporate inquiry-based tasks, scaffolded discussions, and project-based learning experiences that allow students to explore complex ideas, make connections across disciplines, and apply their growing language skills in authentic contexts. Aligned with the Culturally Responsive-Sustaining Education (CR-SE) Framework, our instructional approach affirms students' identities, integrates their linguistic and cultural backgrounds into classroom learning, and promotes equitable access to rigorous academic opportunities. By doing so, we cultivate an environment where ELLs are empowered to think deeply, communicate effectively, and achieve academic success across all areas of study.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school's Instructional Leadership Team (ILT) ensures that ELLs have equitable access to the core curriculum and high-quality instruction through a data-informed and collaborative approach. To begin, the ILT analyzes both qualitative and quantitative data to identify trends, strengths, and areas of need for multilingual learners. Using

Leader's Tool 5.2 from Teaching Advanced Literacy Skills, the team reviews a range of data points throughout the year to guide instructional design and curricular adjustments. As a result, this process allows the team to make intentional decisions that directly support the academic and linguistic needs of our diverse ELL population. Furthermore, our ILT is composed of a representative cross-section of staff members, including teachers from Dual Language, Integrated Co-Teaching (ICT), and General Education classrooms, as well as our ENL teacher, who co-chairs the committee alongside administrators. In addition, the inclusion of our ULIT instructional coach, Speech teacher, and other service providers ensures that multiple perspectives inform decision-making and that the needs of ELLs are considered across disciplines and grade levels. When examining data, the team intentionally looks at how results intersect across subgroups (e.g., Students with Disabilities, ELLs, students in temporary housing, and those who are chronically absent) to understand how overlapping factors impact student outcomes. Through this intersectional lens, the ILT can identify barriers to access and implement targeted supports, such as differentiated instructional strategies, language scaffolds, and culturally responsive materials. Moreover, the ILT shares its findings with grade teams, during whole-staff meetings, and in ongoing coaching sessions to ensure that decisions made at the leadership level are translated into actionable classroom practices. For example, ILT insights inform curriculum map adjustments, co-teaching structures, and professional learning sessions focused on language development within content areas. In turn, these actions help ensure that ELLs engage meaningfully with rigorous academic content while developing English proficiency. Finally, to maintain accountability, the leadership team monitors implementation through classroom walkthroughs, coaching cycles, and regular data reviews. These structures allow for continuous reflection and adjustment, ensuring that all ELLs consistently have access to core instruction that is linguistically rich, academically challenging, and culturally responsive.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

IIn our Spanish Dual Language (DL) classes, core content is delivered in both English and Spanish to ensure that students develop bilingualism and biliteracy while meeting the Next Generation Learning Standards (NGLS). Instruction follows the program's required structure, with Home Language Arts (HLA) taught in Spanish and at least two bilingual content area classes—such as Math, Science, or Social Studies—also delivered in Spanish. This intentional design provides students with equitable access to academic content in both languages while supporting their language development and cultural identity. To support this goal, we have intentionally selected curriculum resources that promote rigorous and authentic learning experiences in both languages. These include HMH Into Reading for ELA, Envision Math, Passport to Social Studies, and Amplify Science, all of which are aligned to the NGLS. Each of these programs provides strong linguistic supports for multilingual learners, with HMH Into Reading offering mini-lessons that scaffold grammar and vocabulary, and Envision 2020 incorporating tiered language supports ranging from light to intensive scaffolding. These curricular choices ensure that language and content instruction are fully integrated and developmentally appropriate for students at all proficiency levels. Instructionally, teachers use a range of scaffolds and differentiation techniques to promote comprehension and language development. These include pre-teaching vocabulary, using visuals, implementing translanguaging practices, total physical response (TPR), repetition, word walls, word banks, dictionaries, sentence stems, linguistic frames, and graphic organizers. These strategies are embedded across all subject areas and are designed to build academic vocabulary, deepen content understanding, and promote oral and written language development in both English and Spanish. As a school, we follow the gradual release model of instruction, which begins with explicit teaching and modeling through mini-lessons, moves into guided practice as a whole class, and culminates in independent work and small-group learning. Teachers use flexible grouping structures informed by both informal and formal data to ensure that students receive the right level of support based on their current proficiency and understanding. Multilingual learners (MLLs/ELLs) are strategically placed in small groups according to their linguistic and academic needs, allowing for more personalized and targeted instruction. Furthermore, ENL teachers collaborate closely with DL and general education teachers to provide both push-in and pull-out support. During integrated instruction, the

ENL teacher co-teaches or supports classroom lessons to ensure that ELLs can access core content while developing English proficiency. During stand-alone sessions, the ENL teacher focuses on specific language skills aligned with classroom content across all core subjects. This intentional collaboration ensures that instruction is coherent, scaffolded, and focused on both language development and academic achievement. Finally, the leadership team and teachers regularly monitor student progress through formative assessments, NYSESLAT data, classroom performance, and collaborative planning meetings. This ongoing reflection ensures that curriculum delivery remains responsive to student needs and that all multilingual learners are provided with a high-quality, rigorous academic experience that fosters deep learning, language growth, and biliteracy.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Our school provides ELLs with IEPs access to grade-level academic content and targeted English language development through intentional instructional design, collaboration, and differentiated supports. All of our core curriculum programs include recommended scaffolds for ELLs and students with IEPs, ensuring that both language and individualized learning goals are addressed. Students in Integrated Co-Teaching (ICT) settings receive services from a licensed special education teacher, and we are fortunate to have a dually certified bilingual/special education teacher who supports instruction in both languages as needed. In addition, a bilingually certified speech pathologist provides language therapy and support aligned to students' IEP goals, ensuring consistent progress in both speech and language development. Teachers use a wide range of instructional strategies to meet the dual needs of ELLs with IEPs. These include explicit vocabulary instruction, visual supports, sentence frames, total physical response (TPR), manipulatives, and scaffolded reading and writing tasks that allow students to engage with rigorous content at their individual readiness levels. Multi-modal instruction is incorporated into every lesson, allowing students to learn through listening, speaking, reading, writing, and movement. Teachers also utilize assistive technology tools such as text-to-speech software, translation applications, and interactive platforms like i-Ready, Nearpod, and Google Translate to make academic content accessible while promoting language growth. Instructional planning is guided by both IEP goals and language proficiency levels. Teachers embed accommodations and supports within lesson plans that reflect where students are on the five stages of second language acquisition, as well as the specific needs identified in their IEPs. The Language Acquisition Chart for English Language Learners from the Office of ENL, World Languages, and Bilingual Education serves as a key reference tool to ensure that instructional supports are developmentally appropriate and aligned to each student's English proficiency level. Furthermore, collaboration is an essential part of our approach. ENL, special education, and general education teachers co-plan lessons to ensure that content objectives, language goals, and IEP targets are seamlessly integrated. Through this collaborative model, students receive cohesive, scaffolded instruction that supports both their cognitive development and English language acquisition. Finally, teachers and service providers monitor progress through formative assessments, IEP goal reviews, and English proficiency data to determine the effectiveness of instructional strategies and adjust supports accordingly. This continuous reflection ensures that ELLs with IEPs not only access grade-level content but also make steady gains in both academic achievement and English proficiency.

b. SIFE

Currently, our school does not have any Students with Interrupted or Inconsistent Formal Education (SIFE) enrolled. Nevertheless, if SIFE students were to join our school community, we would have well-established structures and

practices in place to ensure that they receive equitable access to academic content and targeted English language development, while addressing their unique social-emotional and academic needs. We prioritize the social-emotional well-being of our students, recognizing that safety, belonging, and emotional stability are essential to academic success. Our school implements a robust Social-Emotional Learning (SEL) program that emphasizes relationship building, emotional regulation, and community belonging. In addition, aligned with the Culturally Responsive-Sustaining Education (CR-SE) Framework, we intentionally create a welcoming environment through bilingual communication, culturally affirming classroom practices, and multilingual staff supports. For example, we have a bilingual social worker and numerous bilingual staff members and students who help SIFE students and their families feel supported, respected, and connected to the school community. From an instructional perspective, SIFE students would receive intensive academic and language support based on their individual needs and prior educational experiences. To ensure appropriate placement and instructional focus, diagnostic and formative assessments would first be used to identify each student's literacy, numeracy, and English proficiency levels. Based on this data, teachers would then provide explicit, scaffolded instruction that meets students where they are academically while fostering English language growth. Instructional strategies would include pre-teaching key vocabulary, integrating visuals and real-life examples, using Total Physical Response (TPR), and providing structured opportunities for oral language development and guided reading. Furthermore, to accelerate both academic and linguistic growth, SIFE students would participate in tiered interventions through our RTI and at-risk programs, which offer targeted small-group and one-on-one instruction in foundational literacy, math, and English language development. Additionally, technology-based programs such as i-Ready, Raz-Kids, and Nearpod would be incorporated to provide adaptive and interactive learning experiences that reinforce essential skills and promote student engagement. Collaboration is also a key element of our approach. Our ENL teacher ensures that SIFE students receive their mandated minutes at minimum while creating additional opportunities for individualized support and progress monitoring. Moreover, the ENL teacher collaborates closely with classroom teachers and service providers to align instruction across content areas, ensuring that students develop both academic content knowledge and English proficiency simultaneously. Finally, through ongoing collaboration, data review, and reflection, our staff works to ensure that every SIFE student's academic, linguistic, and emotional needs are met in a coordinated and supportive way. This comprehensive, student-centered approach ensures that, if enrolled, SIFE students would experience a learning environment that fosters resilience, language growth, and academic success.

c. Newcomers

A majority of our multilingual learners (MLs/ELLs) are Newcomers, so our instructional approach intentionally incorporates a wide range of tools and strategies to ensure equitable access to grade-level academic content while accelerating English language development. Teachers focus on building background knowledge and activating students' funds of knowledge so that new learning connects to their prior experiences, cultures, and linguistic strengths. We also make it a priority to use culturally relevant and affirming materials that reflect students' identities and lived experiences, in alignment with the Culturally Responsive-Sustaining Education (CR-SE) Framework. Before introducing new content, teachers pre-teach key vocabulary—particularly high-leverage and content-specific terms—to give students the linguistic foundation necessary for comprehension and participation. During instruction, all four modalities (listening, speaking, reading, and writing) are activated so students can use their current strengths while building new language skills. Strategies such as translanguaging, visuals, anchor charts, gestures, and Total Physical Response (TPR) are used consistently to make instruction comprehensible and engaging. To support literacy development, many Newcomer students receive additional instruction in reading and phonemic awareness. Teachers provide targeted small-group instruction that focuses on foundational literacy skills while simultaneously reinforcing vocabulary and concepts from core subjects such as ELA, Math, Science, and Social Studies. Technology tools like Imagine Learning, Raz-Kids, Nearpod, and Newsela are used to enhance engagement, build comprehension, and expose students to leveled texts in English (and when possible, in their home languages). Scaffolds are embedded into every lesson to ensure accessibility to complex texts and tasks. These include sentence stems, bilingual glossaries, guided note-taking organizers, and visuals that support both academic

language development and content understanding. Teachers also implement the gradual release of responsibility model—moving from modeling and guided practice to independent application—to build confidence and autonomy in language use. To ensure ongoing progress, teachers use formative assessments and data-driven small-group instruction to monitor Newcomers' growth in both language proficiency and academic achievement. Assessment data are reviewed regularly during team meetings to identify students who may need additional support or enrichment opportunities. Through this continuous reflection process, instruction remains responsive, targeted, and aligned with the Next Generation Learning Standards (NGLS). Overall, our approach ensures that Newcomers feel welcomed, supported, and challenged. By integrating academic language development with culturally responsive instruction, small-group support, and meaningful technology use, our teachers create a learning environment where Newcomers can thrive both linguistically and academically.

d. Long Term ELLs

While we do not currently have any Long-Term English Language Learners (LTELLs) enrolled this year, our school has established systems and instructional practices to ensure that, if identified, these students would receive targeted supports that accelerate their English language development and ensure access to grade-level academic content. Our approach centers on strong family and school collaboration. LTELLs and their families would participate in regular meetings with the ENL teacher, classroom teacher, and related service providers to discuss progress, review assessment data, and develop individualized action plans. These meetings help ensure that communication remains consistent, expectations are clear, and all stakeholders are aligned around student growth goals. Instructionally, LTELLs would receive daily small-group instruction tailored to their specific language and academic needs, informed by both formative and summative assessment data. Teachers would provide explicit instruction in academic vocabulary, grammar structures, and writing conventions to strengthen students' command of academic English. Targeted writing instruction—focusing on paragraph structure, use of transitional phrases, and development of ideas with evidence—would be integrated across content areas to help LTELLs close linguistic gaps that may persist despite fluency in conversational English. In terms of materials, LTELLs would continue to engage with grade-level curricula such as HMH Into Reading, Envision Math, Passport to Social Studies, and Amplify Science. These programs are aligned to the Next Generation Learning Standards (NGLS) and provide built-in supports and scaffolds to ensure access to rigorous, standards-based instruction. Teachers would also supplement core curriculum with authentic, culturally relevant texts that promote engagement and connect to students' experiences while advancing academic language proficiency. Technology integration plays an essential role in supporting LTELLs. Digital platforms such as Newsela, Nearpod, NoRedInk, and i-Ready would be incorporated to build comprehension, writing fluency, and grammar accuracy. These programs allow for personalized practice and real-time feedback, enabling students to strengthen academic vocabulary and literacy skills at their own pace while reinforcing content knowledge. In addition to in-class instruction, LTELLs would have access to Morning Reading Support and Afterschool Intervention programs that reinforce literacy and language development. These sessions provide extended opportunities for targeted reading, writing, and vocabulary practice in a supportive, small-group environment. Finally, progress would be monitored consistently through formative assessments, student writing samples, and NYSESLAT data analysis. The ENL and content-area teachers collaborate regularly to adjust instruction, identify areas for growth, and provide additional scaffolds as needed. This ongoing, data-driven collaboration ensures that LTELLs receive instruction that is rigorous, responsive, and aligned to both language development and grade-level content mastery.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our school ensures that ELLs with IEPs receive the supports necessary to achieve both their IEP goals and English language proficiency within the least restrictive environment (LRE) by utilizing curricular, instructional, and scheduling flexibility. We carefully design student schedules to ensure that all mandated ENL, special education, and related services are delivered without conflict and in accordance with IEP recommendations. This includes maintaining a balance between specialized support and access to the core curriculum, allowing ELLs with IEPs to learn alongside their peers whenever possible. Furthermore, our ELLs receive services through a variety of program models, including Dual Language (DL) and Integrated Co-Teaching (ICT) classes. Students in Dual Language settings who receive Special Education Teacher Support Services (SETSS) or related services continue to participate in grade-level bilingual instruction with linguistic and academic scaffolds. Likewise, ELLs in ICT settings receive integrated ENL and special education supports that allow them to fully engage with grade-level content while developing English proficiency. Collaboration among educators is a cornerstone of our approach. ENL and special education teachers co-plan and co-teach lessons to ensure that language objectives are embedded within instruction aligned to each student's IEP goals. This collaborative planning allows teachers to tailor lessons to individual learning profiles, differentiate instruction, and adjust scaffolds as students progress. Instructional strategies include explicit vocabulary instruction, use of visuals and graphic organizers, sentence frames, and structured opportunities for speaking and writing to reinforce both content and language skills. In addition, our instructional team also integrates technology and assistive tools to make learning accessible and engaging. Programs such as i-Ready, Nearpod, and Google Read&Write are used to provide adaptive practice, text-to-speech options, and digital scaffolds for comprehension and writing. These tools help students build literacy skills while accessing complex academic texts in alignment with grade-level standards. In addition to our bilingual-certified instructional staff, we provide specialized bilingual support whenever possible. This includes a bilingual counselor who provides social-emotional support in English and Spanish and a bilingual speech-language pathologist who works with Spanish-speaking students requiring speech services. These bilingual specialists ensure that language and culture are honored throughout service delivery, supporting both linguistic and emotional well-being. To ensure accountability and continuous growth, our school closely monitors progress toward both IEP and English language development goals. Teachers and service providers meet regularly to review formative assessment data, NYSESLAT results, and IEP progress reports to determine next steps and adjust instruction accordingly. Through ongoing collaboration, data review, and differentiated supports, we ensure that ELLs with IEPs receive high-quality, individualized instruction that fosters academic achievement and English proficiency within the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Home language assessment and support are essential components of both our Dual Language Bilingual Education (DLBE) and English as a New Language (ENL) program models. In our DLBE program, home language proficiency is assessed and supported through ongoing formative and diagnostic assessments administered by our bilingual-certified teachers. Teachers use a range of assessment tools such as running records, oral language rubrics, writing samples, and comprehension checklists in Spanish to evaluate students' progress in reading, writing, listening, and speaking. These assessments are conducted periodically throughout the year to monitor students' linguistic growth and to inform instructional decisions. Instructionally, home language support in the DLBE program is embedded across all core content areas—ELA, Math, Science, and Social Studies—through high-quality Spanish materials such as HMH Into Reading, Envision Math, Amplify Science, and Passport to Social Studies. Authentic Spanish texts and culturally relevant resources are used to promote biliteracy and deepen conceptual understanding. Teachers meet in grade-level teams to review student work and home language assessment data in order to plan targeted small-group instruction, differentiate lessons, and ensure alignment with both Next Generation Learning Standards (NGLS) and students' language development needs. In ICT and self-contained classrooms, DL teachers collaborate with general education and special education teachers to extend home language support to Spanish-speaking students, ensuring that language scaffolds and materials are used consistently across settings. Additionally, our Arabic-

speaking teacher contributes linguistic and cultural content to support Arabic-speaking students, which helps strengthen engagement and comprehension across the grades. In our ENL program, home language use is viewed as a powerful instructional resource. Teachers intentionally incorporate students' home languages—including Spanish, Bengali, Arabic, and French—to support comprehension and promote English acquisition. Formative assessments such as oral retells, bilingual reading logs, and vocabulary checks are used to evaluate how students draw upon their home language to make meaning in English. Teachers also use translated texts, bilingual glossaries, cognate work, and vocabulary protocols to build cross-linguistic connections that accelerate English language development. Technology also plays a key role in supporting home language development and assessment. Tools such as Google Translate , and Nearpod's multilingual features are used to assess comprehension, support oral language production, and provide feedback in both languages. These platforms allow teachers to track progress and adjust instruction based on individual language strengths.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Our school has established clear systems and structures to support co-teaching and collaboration among teachers across all ELL program models, including Integrated Co-Teaching (ICT), Dual Language Bilingual Education (DLBE), and stand-alone ENL instruction. These systems are intentionally designed to promote consistent co-planning, shared accountability, and cohesive instruction that meet the academic and linguistic needs of multilingual learners (MLs/ELLs). First and foremost, co-planning serves as the foundation of our collaborative structure. All grade-level teams meet on a staggered schedule, allowing the ENL teacher to attend and collaborate regularly with each team. This structure ensures that lesson design and instructional planning are aligned across content areas and that language objectives are intentionally embedded into daily instruction. During these sessions, teachers review formative assessment data, discuss students' progress toward English proficiency goals, and identify appropriate scaffolds and supports for upcoming units. In addition, our ENL Committee further strengthens cross-grade collaboration. The committee is composed of teachers representing all grade bands and program models. It functions as a bridge between the ENL department and grade-level teams, ensuring that best practices, resources, and program updates are shared consistently across the school. Committee members also help facilitate ongoing professional conversations about culturally responsive teaching, academic language development, and equitable instructional practices for MLs/ELLs. Moreover, within co-taught classrooms, teachers implement multiple co-teaching models—including team teaching, parallel teaching, and station teaching—to differentiate instruction and provide targeted language and content support. Roles and responsibilities are clearly defined during co-planning to ensure instructional balance and shared ownership. For example, in ICT settings, ENL and special education teachers co-design lessons that address both content and language goals, while in Dual Language classrooms, bilingual and general education teachers collaborate to maintain a 50/50 balance of English and Spanish instruction and monitor students' bilingual progress. Furthermore, collaboration is reinforced through professional learning and instructional coaching. Teachers participate in joint professional development sessions focused on co-teaching strategies, differentiation, and integrating language objectives into core instruction. Instructional coaches and administrators facilitate peer observations and reflection cycles, allowing co-teaching partners to observe effective models and refine their practice. This continuous professional learning helps sustain consistent implementation across classrooms and ensures that co-teaching remains responsive to students' evolving needs. In addition, data-

driven collaboration plays a vital role in our system. Teachers engage in regular data meetings to analyze NYSESLAT results, formative assessments, and classroom performance. These meetings promote shared accountability for student progress, guide instructional adjustments, and help identify students in need of targeted language or academic intervention. Ultimately, our school fosters a strong culture of collaboration and shared responsibility for multilingual learners' success. Through structured planning time, a variety of co-teaching models, and ongoing professional learning opportunities, we ensure that all teachers—whether ENL, general education, special education, or bilingual—work together seamlessly to provide equitable access to grade-level instruction and accelerate English language development across all program models.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's annual professional learning plan is intentionally designed to ensure that all staff—including administrators, teachers, and non-pedagogical staff—participate in learning experiences that address the academic and social-emotional needs of multilingual learners (MLs/ELLs). Each year, we allocate at least 15% of our whole-school professional development (PD) to focus on ELL-specific topics to build staff capacity and foster inclusive, culturally responsive instruction. The development of our PD plan is grounded in multiple data sources and collaborative reflection. We use student performance data, staff surveys, classroom observations, and collaborative planning conversations with teachers, specialists, and administrators to identify priority learning areas. This ensures that PD topics are responsive to real-time school needs and tailored to the strengths and challenges of our ML/ELL population. Throughout the year, professional learning sessions emphasize both instructional and social-emotional dimensions of student success. Topics include integrating language and content instruction, scaffolding lessons based on proficiency levels, creating and utilizing language objectives, and leveraging home language and students' funds of knowledge. Teachers also engage in sessions on advocating for ELLs, administering and interpreting the NYSITELL and NYSESLAT assessments, and understanding the key stages of second language acquisition. In addition, staff participate in PD on culturally responsive practices and building classroom environments that affirm linguistic and cultural identity, aligning with the Culturally Responsive-Sustaining Education (CR-SE) framework. The ENL Committee plays a vital role in creating and sustaining professional learning opportunities. Members of the committee collaborate to develop and lead ELL-related sessions, which are then shared during whole-school PDs or grade-level team meetings. This structure ensures that professional learning is differentiated by grade and aligned with teachers' instructional contexts. Ongoing grade team discussions allow for immediate application of strategies introduced in PD sessions, fostering consistent alignment across classrooms and grade levels. Furthermore, our school prioritizes sustained learning through continuous support and reflection. Following each PD session, teachers receive follow-up coaching, participate in peer collaboration, and engage in classroom walkthroughs to observe and refine implementation of best practices. Administrators and instructional coaches provide feedback focused on how PD strategies are being applied to improve language and literacy outcomes for MLs/ELLs. Professional learning also extends to non-pedagogical staff and administrators. Our administrators participate in PD focused on data analysis, compliance with CR Part 154, and fostering inclusive leadership practices, while non-pedagogical staff receive training on language access protocols, family engagement, and culturally responsive communication to ensure all members of the school community are equipped to support ELLs and their families. To monitor effectiveness, our ENL Committee and leadership team use multiple measures to evaluate the impact of professional learning. This includes teacher reflection forms, student progress data (such as NYSESLAT growth),

and classroom implementation evidence observed during coaching and walkthroughs. The results of these evaluations guide future PD planning, ensuring that professional learning remains dynamic, responsive, and directly tied to student outcomes. Ultimately, our annual professional learning plan promotes a cohesive, whole-school approach in which every staff member plays a role in supporting multilingual learners' academic success and emotional well-being. Through intentional planning, consistent follow-up, and data-informed reflection, our school ensures that professional learning remains both equitable and transformative for all stakeholders.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development (PD) plan is intentionally structured to ensure compliance with Continuing Teacher and Leader Education (CTLE) requirements as outlined in CR Part 154, while also strengthening the instructional capacity of all staff to meet the academic and social-emotional needs of multilingual learners (MLs/ELLs). The PD calendar is designed to ensure that all certified faculty members—including teachers, administrators, and teaching assistants—complete the required 15% of ELL-specific CTLE hours, while bilingual and ENL-certified teachers complete 50% of their total hours focused on ELL-related professional learning. Our school provides a wide range of ELL-specific professional learning opportunities throughout the year. These include school-based sessions facilitated by ENL and bilingual staff, as well as targeted workshops developed by the District 17 Office of Multilingual Learners and NYC Public Schools (NYCPS). We also collaborate with external partners such as RBERN at NYU and online professional networks like Colorín Colorado to offer additional CTLE-aligned learning opportunities that enhance staff understanding of ELLs' academic, linguistic, and social-emotional development. In addition, ENL and bilingual teachers receive specialized professional development aligned with their 50% CTLE requirement. These sessions include district-wide ENL trainings on compliance, instructional strategies, culturally responsive practices, and assessment implementation. Our ENL teacher attends all District 17 ENL professional learning sessions and turn-keys this information to staff and administrators during staff meetings, committee sessions, and grade team collaborations. This system ensures that knowledge gained through external PD directly benefits the broader school community. To ensure accountability and compliance, our school maintains clear systems for tracking and documenting CTLE hours. Attendance for all professional learning sessions is recorded and monitored internally. Staff are also provided with ongoing guidance on maintaining personal CTLE records for certification renewal. The administration reviews PD participation quarterly to verify that staff are meeting the mandated ELL-specific hour requirements and to ensure equitable access to professional learning across roles. Furthermore, our PD topics are strategically aligned with CR Part 154 expectations and responsive to student data. Each year, we use NYSESLAT results, ELA and Math assessments, and classroom observation data to identify areas of instructional need. This data-driven approach ensures that professional learning supports teachers in developing skills related to co-teaching models, scaffolding language and content instruction, creating language objectives, and integrating culturally responsive practices into daily instruction. To monitor the effectiveness of professional learning, the leadership team and ENL committee review multiple data sources. These include ELL academic growth, NYSESLAT progress, teacher feedback forms, and instructional walkthrough evidence. The insights gathered inform adjustments to future PD offerings, ensuring that professional learning remains dynamic, targeted, and aligned with student outcomes. Ultimately, our CTLE-aligned professional development plan ensures that all staff members—teachers, administrators, and non-pedagogical personnel—are equipped to support the linguistic, academic, and

emotional growth of multilingual learners. Through structured tracking systems, targeted ELL-specific PD, and continuous reflection on impact, our school maintains full compliance with CR Part 154 while cultivating a community of educators committed to equitable, culturally sustaining instruction.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses a combination of formal screening assessments and instructional assessment tools to guide instructional planning and support the academic and linguistic development of our English Language Learners (ELLs). Formal screeners such as Acadience and i-Ready are used at multiple points throughout the school year to identify students' strengths, areas of need, and potential risk factors in both literacy and mathematics. Acadience provides data on foundational reading skills, including phonemic awareness, phonics, fluency, and comprehension, which helps teachers determine specific intervention needs for ELLs at varying levels of English proficiency. Similarly, i-Ready diagnostic assessments measure performance in reading and math, offering adaptive, individualized data that teachers use to differentiate instruction, plan small-group lessons, and monitor academic progress over time. These screeners serve as key data sources for identifying trends, tracking growth, and making informed instructional decisions. In addition to formal screeners, our teachers use Running Records and formative assessments from our core curriculum materials to gather deeper, qualitative insights about students' learning. While these are not formal screeners, they play a critical role in guiding ongoing instruction. Running Records allow teachers to observe students' reading behaviors, accuracy, fluency, and comprehension in authentic literacy contexts, while formative assessments embedded within programs such as HMH Into Reading, Envision Math, and Amplify Science help track mastery of grade-level standards and language objectives. These tools are essential for planning targeted lessons and adjusting instructional strategies in real time. When data from these assessments indicate that a student may need additional support, the case is brought to the Student-Based Support Team (SBST) for review. In this collaborative setting, teachers, specialists, and administrators discuss assessment results and determine appropriate next steps, such as Tier 2 or Tier 3 interventions, additional formative monitoring, or linguistic scaffolds tailored to ELL needs. To ensure that decisions are equitable and linguistically appropriate, teachers and the ENL team review screening results alongside NYSESLAT data and classroom performance. This layered approach ensures that instructional decisions are informed by multiple data sources and that students' English proficiency levels are always considered when interpreting screening outcomes. Overall, our assessment system integrates both formal screeners and instructional tools to provide a comprehensive view of ELLs' academic and linguistic growth. This balanced approach ensures that instruction is responsive, data-driven, and aligned with each learner's unique language development trajectory.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our school implements a comprehensive system of targeted intervention programs to support English Language Learners (ELLs) across grade levels and content areas. These interventions are designed to strengthen both academic content knowledge and language development, ensuring equitable access to grade-level instruction for all ELL subgroups, including Newcomers, Developing ELLs, and Dual Language students. In ELA, we use multiple

evidence-based programs to provide targeted literacy support. The SPIRE program offers structured, multisensory phonics instruction that reinforces decoding, fluency, and comprehension skills, particularly for Newcomers and Developing ELLs who need additional support with foundational reading skills. In addition, Amira Learning provides adaptive reading practice and fluency support, allowing students to receive individualized instruction based on real-time oral reading data. Fundations is implemented in grades 2 and above to build phonemic awareness, spelling, and word recognition for students who need concentrated support with early literacy and orthographic patterns. These interventions are conducted primarily in English but include visual and linguistic scaffolds to support comprehension for multilingual learners. Furthermore, for our Dual Language (DL) program, we offer Spanish literacy intervention using Estrellita in grades K–1, which supports phonemic awareness, vocabulary, and reading fluency in Spanish. This program is complemented by additional interventions through HMH Into Reading (Spanish Edition) to strengthen Spanish literacy and promote cross-linguistic transfer of reading skills to English. Intervention services in DL classrooms are provided in Spanish and English, depending on the student's proficiency level and instructional goals. In addition to literacy supports, our interventions also target academic development in other core content areas. Edmentum is used for both ELA and Math intervention, providing individualized, computer-based instruction that adapts to each student's academic level and language proficiency. This platform includes bilingual and visual supports that make content more accessible to ELLs while reinforcing key academic vocabulary and conceptual understanding. For students demonstrating challenges with expressive or receptive language, we also provide Speech and Language services, which focus on building communication, articulation, and literacy-related language skills in alignment with their instructional programs. Moreover, intervention services are delivered through a combination of small-group, push-in, and pull-out sessions, depending on students' individual needs. Teachers and specialists meet regularly to review Acadience data, i-Ready diagnostics, and classroom-based formative assessments to identify students requiring additional or differentiated support. This ensures that instructional decisions remain data-driven, student-centered, and responsive to each learner's academic and linguistic growth. In addition, progress monitoring is ongoing and systematic. Teachers and specialists analyze screening data, benchmark results, and informal Running Records to track student improvement in reading, math, and English language proficiency. Intervention plans are then adjusted as needed to ensure that all ELLs—particularly those at risk of academic underperformance—are on track toward meeting both Next Generation Learning Standards (NGLS) and English proficiency benchmarks. Ultimately, our targeted intervention framework integrates language and content development across programs and languages. By using a range of structured, evidence-based tools—such as SPIRE, Amira, Fundations, Edmentum, and Estrellita—our school ensures that every ELL receives the linguistic, academic, and social-emotional support necessary to thrive in all core content areas and reach their full potential.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses a combination of formal universal screeners and instructional progress-monitoring tools to guide instruction for English Language Learners (ELLs) within our Multi-Tiered System of Supports (MTSS). This approach allows us to identify academic and linguistic needs early, provide targeted interventions, and continuously monitor progress to ensure that instruction is both responsive and data-driven. Formal screeners such as Acadience and i-Ready are administered three times a year to all students, including ELLs. Acadience provides benchmark data on foundational literacy skills such as phonemic awareness, decoding, and fluency, which helps teachers identify students at risk of reading difficulties. Similarly, i-Ready offers adaptive diagnostic assessments in both reading and math, generating individualized reports that pinpoint students' skill gaps and areas for enrichment. Together, these screeners form the foundation for identifying students who need Tier 2 and Tier 3 supports, ensuring that instruction is aligned with their English proficiency levels and academic goals. In addition, teachers use ongoing instructional assessments such as Running Records and formative classroom data to monitor student progress and adjust instruction in real time. While Running Records are not formal screeners, they provide valuable qualitative

insights into students' reading behaviors, fluency, and comprehension. This data is especially useful at Tier 1, as it helps teachers tailor instruction and scaffold lessons for ELLs who may exhibit varying literacy levels in English. Furthermore, teachers incorporate daily formative assessments to reinforce skills identified through formal screening results. Moreover, teachers and grade teams meet weekly during common planning time to analyze screening and progress-monitoring data. During these meetings, teams review Acadience, i-Ready, NYSESLAT subdomain data (listening, speaking, reading, writing), and formative assessment results to determine appropriate Tier 1 and Tier 2 supports. For example, students identified as needing additional reading support through Acadience may receive targeted Tier 2 instruction using programs such as SPIRE or Fundations, while i-Ready data may identify students who require math interventions that emphasize academic vocabulary and conceptual understanding. Furthermore, the Instructional Leadership Team (ILT) and ENL Committee play a key role in the MTSS process. These collaborative teams review data across all tiers, identify emerging trends, and plan professional learning focused on addressing specific instructional gaps. They also use the Instructional Leadership Tool for MLs/ELLs to ensure that both language and content objectives are integrated into instruction and that all interventions align with students' proficiency levels. Through this collaborative model, the ILT and ENL Committee ensure that decisions are data-driven, equitable, and linguistically responsive. To strengthen and streamline the MTSS process, our school is partnering with Branching Minds, an approved NYC Public Schools platform designed to enhance data collection, tier identification, and progress monitoring. This system enables teachers and administrators to visualize growth trends, track interventions, and collaborate across teams more efficiently. As a result, our MTSS implementation will be more cohesive, transparent, and aligned with ELL needs. Ultimately, our use of data within the MTSS framework ensures that ELLs receive timely, equitable, and linguistically appropriate supports. By differentiating between formal screeners (Acadience and i-Ready) and instructional progress-monitoring tools (Running Records and formative assessments), and by using these data sources collaboratively through the ILT and ENL Committee, our school ensures that every multilingual learner receives the targeted instruction and intervention necessary to thrive both academically and linguistically.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At our school, we use a variety of formative assessments to continuously inform and guide instruction for English Language Learners (ELLs). This approach ensures that teaching is responsive, data-driven, and aligned to both language and content goals across all subject areas. Our teachers use several classroom-based assessments, including Running Records (HMH Into Reading), ELL baseline and periodic assessments, teacher-created assessments, and curriculum-embedded checks for understanding. These formative tools allow teachers to monitor progress in real time, identify learning gaps, and adjust instruction to meet students' academic and linguistic needs. For example, Running Records help teachers track reading fluency, decoding, and comprehension skills, while ELL periodic assessments provide insight into students' progress across the four language domains—listening, speaking, reading, and writing. In addition, we also use i-Ready as a universal screener to identify student proficiency levels and measure overall growth throughout the school year. While it is not a formative assessment, the data it provides is used alongside classroom-based measures to help teachers plan instruction and determine which students may need additional support or enrichment. Furthermore, formative assessments are embedded in daily classroom practices. Teachers use exit tickets, quick writes, retells, performance tasks, and student work samples to gather ongoing evidence of student understanding. These frequent, low-stakes assessments enable teachers to make immediate instructional adjustments and provide targeted feedback to students. Moreover, grade-level teams and instructional leaders meet regularly to review formative data and make instructional decisions. During these collaborative meetings, teachers discuss trends in Running Records, ELL periodic assessments, and curriculum-based measures to determine how best to group students, reteach skills, or extend learning

opportunities. This data-driven collaboration ensures that instruction is coherent and responsive to ELLs' evolving needs. Ultimately, by combining formal screeners like i-Ready with authentic formative assessments, our school ensures that every multilingual learner receives targeted, evidence-based instruction. This balanced approach allows teachers to monitor both academic progress and English language development while continuously refining instruction to promote deeper learning and language growth.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our school ensures that multilingual learners (MLs/ELLs) are appropriately evaluated in their home languages by implementing consistent and purposeful assessment practices within our Dual Language (DL) program. Dual Language students are assessed in their home language throughout the year using formative assessments embedded in the DL ELA curriculum and through teacher-created assessments that align with grade-level standards and program goals. These assessments allow teachers to track students' literacy and language development in both English and Spanish, ensuring balanced bilingual growth. In grades K–1, home language evaluation is primarily conducted through the Estrellita curriculum, which provides a structured approach to assessing early Spanish literacy skills such as phonemic awareness, decoding, and comprehension. Teachers use this data to adjust instruction, reteach concepts, and monitor students' progress toward biliteracy. In upper grades, teachers supplement curriculum-based assessments with running records, writing samples, and oral language activities in Spanish to gauge students' reading and writing proficiency across both languages. Furthermore, assessment results are reviewed collaboratively among bilingual and ENL teachers to ensure that instructional decisions are well-informed and consistent across program models. During grade team and ENL committee meetings, teachers analyze home language data alongside English-language performance to identify patterns, address specific skill gaps, and plan targeted interventions that support continued bilingual development. Moreover, while formal home language assessments are primarily available to Dual Language students, our school also values and incorporates the linguistic assets of students who speak other home languages, such as Arabic, Bengali, and French. For these students, teachers use informal language check-ins, translated materials, and visual supports to monitor comprehension and participation. This practice ensures that all MLs/ELLs are supported through linguistically responsive assessment, regardless of the language they speak at home. Ultimately, by combining curriculum-based, teacher-created, and informal assessments across both English and home languages, our school maintains a comprehensive and equitable system for monitoring linguistic growth. This approach allows us to ensure that all multilingual learners are progressing academically while honoring and developing their home language as a vital part of their identity and learning.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Our school uses a range of summative assessments to evaluate the effectiveness of our ML/ELL programs and inform ongoing instructional and curricular decisions. To begin, we analyze results from the New York State English as a Second Language Achievement Test (NYSESLAT) and the New York State ELA and Math exams to assess both student progress and program effectiveness. These assessments allow us to measure English language proficiency growth and academic achievement, helping us determine whether our instructional practices are effectively

supporting multilingual learners. Specifically, the NYSESLAT provides valuable data on students' performance across the four language modalities—listening, speaking, reading, and writing. We pay close attention to proficiency levels and growth patterns to identify areas of strength and need for individual students, grade levels, and subgroups such as Newcomers and Developing ELLs. This information directly informs instructional planning, including the formation of small instructional groups and stand-alone ENL groupings that address students' linguistic needs. For instance, when the data show that reading and writing are consistent areas of need, teachers increase scaffolding and differentiation in literacy instruction, while targeted speaking and listening strategies are used in grades where those modalities require reinforcement. In addition, data from the ELA and Math state exams are reviewed to determine how well ELLs are accessing and mastering grade-level content. This analysis is conducted through the ELL Data and Analysis Tool (EDAT) and other data platforms to disaggregate results by subgroup and proficiency level. Teachers and administrators use this information to identify curriculum standards that need to be revisited, retaught, or spiraled for greater mastery, ensuring that instructional adjustments are aligned with both language and content demands. Furthermore, these summative results are reviewed collaboratively by the Instructional Leadership Team (ILT), ENL Committee, and grade-level teams to inform broader programmatic decisions. Through these meetings, the school identifies trends across cohorts, evaluates the effectiveness of instructional strategies, and refines the integration between content and language objectives. This collaborative data review process ensures that summative assessments are not viewed as isolated results but as essential tools for guiding curriculum planning, professional learning, and instructional improvement. Ultimately, by using summative assessment data from the NYSESLAT and state exams to guide instructional priorities, professional development, and curriculum alignment, our school ensures that the ML/ELL program remains responsive, data-driven, and equitable. This continuous improvement cycle allows us to strengthen instruction, refine ENL service models, and promote sustained language and academic growth for all multilingual learners.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our school's NYSESLAT administration plan is designed to ensure that all English Language Learners (ELLs) are tested annually in full compliance with New York City Public Schools and NYSED guidelines, while maintaining uninterrupted mandated instruction for all ELLs and former ELLs. The administration team will include our ENL instructor, Dual Language (DL) certified teachers, and the school testing coordinator, who will oversee all aspects of test management, security, and scheduling. The ENL instructor will serve as the primary administrator for students in Dual Language programs who do not receive stand-alone ENL instruction. Conversely, Dual Language instructors will administer the Speaking assessment to ENL students who are not part of their own DL classes. This collaboration ensures that all students are tested by qualified educators familiar with their linguistic and instructional needs. In terms of scheduling, the NYSESLAT Speaking component will be administered first, followed by the Listening, Reading, and Writing sections. For Kindergarten, the ENL instructor and classroom teachers will jointly administer the three required parts of the assessment. For grades 1–5, testing will occur one section per day by grade level, ensuring that students complete the assessment in manageable segments and that instructional time is preserved. Make-up sessions will be scheduled within the testing window for students who are absent to ensure that every ELL is tested without exception. Furthermore, to maintain instructional continuity during the testing period, the ENL and DL teachers will collaborate with the Instructional Leadership Team (ILT) to create a detailed testing calendar. This calendar aligns testing sessions with students' mandated ENL and DL instructional periods to prevent service interruptions. Classroom coverage plans will be established so that former ELLs and other students continue to receive targeted academic support during testing days. Additionally, scoring of the NYSESLAT will follow NYSED protocols to ensure accuracy and objectivity. The ENL instructor and Dual Language teachers will collaboratively score the Speaking and Writing components, ensuring that the required number of trained scorers is available for each section. The testing coordinator will oversee the scoring process, verify score submission

timelines, and ensure that all materials are securely stored before, during, and after testing. Moreover, communication of the NYSESLAT plan will be shared with all staff through weekly planning meetings, the school testing calendar, and email reminders from the testing coordinator. This ensures that everyone involved understands the testing schedule, roles, and procedures, fostering a consistent and organized administration process across the school. Ultimately, through careful collaboration, transparent communication, and structured planning, our school ensures that every ELL is assessed with fidelity while maintaining access to their mandated instruction. This approach allows us to uphold both compliance and instructional equity, ensuring that testing supports rather than disrupts student learning.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school ensures that current and former ELLs receive the necessary accommodations for all state and language assessments by convening our testing committee, which includes our ENL teacher. The committee reviews each student's eligibility and ensures that accommodations are properly documented and implemented. We provide required supports such as extended time, separate testing locations, and bilingual glossaries to ensure equitable access for all students. These accommodations are communicated to staff in advance, verified prior to testing, and monitored throughout the testing period to ensure full compliance with NYC Public Schools assessment guidelines.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Fostering Multilingual Learners: ELL Program Orientation at PS 705
At PS 705, we celebrate the rich diversity of our student body and are committed to providing exceptional support for our Multilingual Learners (MLLs). As part of the enrollment process, we identify students who may benefit from our English as a New Language (ENL) or Dual Language (DL) program. To ensure a smooth transition and empower families, we host a comprehensive ELL Program Orientation.

Welcoming New MLL Families:

This orientation serves as a warm introduction for parents and guardians of newly identified MLLs. We begin by creating a welcoming and inclusive atmosphere, emphasizing our commitment to partnering with families to support their child's academic success.

Understanding Program Options:

We delve into the details of our MLL program offerings, regardless of whether PS 705 currently has a Dual Language program in a specific language. Here's how we break it down:

Dual Language Bilingual Education (DL): (If offered at PS 705) We explain how this program immerses students in both English and another language, fostering fluency in both while meeting all academic standards. We highlight the

benefits of bilingualism and the program's structure. (If not offered) We explain alternative program options available at PS 705 and explore the possibility of future DL program expansion.

Transitional Bilingual Education (TBL): We describe how this program provides focused English language instruction alongside content-area subjects taught in English. We emphasize the program's effectiveness in accelerating English proficiency while maintaining academic progress.

English as a New Language (ENL): We explain how ENL services provide targeted support for MLLs within their mainstream classrooms. We discuss how ENL teachers collaborate with classroom teachers to address individual student needs and ensure comprehension through various instructional strategies.

Program Goals and Requirements:

For each program, we outline the specific goals, instructional approaches, and any participation requirements. This allows families to understand what to expect and feel confident in their child's placement.

Transparency and Collaboration:

We believe in transparency and open communication. We encourage questions and provide opportunities for clarification throughout the presentation. Additionally, we emphasize the importance of ongoing collaboration between families, teachers, and the ENL teacher to ensure a successful learning experience.

Beyond the Program: Supporting the Whole Child

We recognize that a strong support system extends beyond the classroom. We provide information about:

Next Generation Learning Standards (NGLS): We explain the NGLS, which set the academic expectations for all students, including MLLs. We discuss how our curriculum is designed to support MLLs in meeting these standards in their developing language.

Assessments: We explain the NYSESLAT (New York State English as a Second Language Achievement Test) and other state assessments that MLL students may participate in. We also highlight the various formative assessments used to monitor progress and tailor instruction.

School Community and Resources: We introduce key school personnel, including the ENL teacher, and showcase the various resources available to MLL families, such as translation services, parent-teacher conferences, and workshops. We also promote parent engagement opportunities through the PTA and volunteer programs.

After-School Activities and Enrichment: We showcase the diverse after-school programs and extracurricular activities offered at PS 705, emphasizing inclusivity and opportunities for all students to participate.

Building a Foundation for Success:

This orientation serves as the foundation for a successful and collaborative journey. We ensure families feel informed, empowered, and confident in their child's educational path at PS 705. We conclude by offering ongoing support and encourage families to maintain open communication with the school community.

Together, we can create a thriving learning environment where all MLLs can reach their full potential!

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Cultivating Growth: Annual Individual Meetings for ML/ELL Students at PS 705
At PS 705, we are committed to providing targeted support for our Multilingual Learners (MLs) and English Language Learners (ELLs). To ensure their ongoing success, we conduct annual Individual Meetings that go beyond mandated ELL program orientation meetings and DOE-scheduled parent-teacher conferences. These in-depth meetings provide a valuable opportunity to discuss language development progress, assessment results, and set collaborative goals for the year.

Structure and Timing:

Regular Communication: We believe in open communication throughout the year. We utilize ClassDojo, phone calls, and classroom meetings to maintain regular contact with families and keep them informed about their child's progress.

Formal Annual Meeting: In January, we conduct a formal Individual Meeting with each ML/ELL student's family. This meeting allows for a focused discussion of their child's language development journey.

Meeting Focus:

Review of Progress: We review language development progress since the beginning of the school year, utilizing data from formative assessments, classroom observations, and anecdotal notes.

Language Proficiency Assessment Results: We revisit the results of the previous year's NYSESLAT (New York State English as a Second Language Achievement Test) or other language proficiency assessments discussed during September's Parent-Teacher Conferences (PTCs).

Collaborative Goal Setting: Based on the above data, we work together with families to set clear and measurable goals for the remaining half of the school year. These goals will target specific language skills and address individual needs in all four language modalities (reading, writing, listening, and speaking) across all content areas.

Strengths and Areas for Improvement: We identify areas of strength as well as areas where additional support may be beneficial. This collaborative approach ensures parents feel empowered to participate actively in their child's learning journey.

Upcoming Assessments: We discuss upcoming standardized tests, such as the NYSESLAT, and provide strategies to support students' preparation.

Open Dialogue and Collaboration: The meeting provides a space for open dialogue and collaboration. We encourage parents to ask questions, share their insights, and discuss any concerns they may have.

Benefits of Annual Meetings:

Shared Understanding: These meetings foster a shared understanding of students' progress and create a collaborative plan for continued growth.

Family Engagement: By actively involving families in the goal-setting process, we empower them to be active partners in their child's education.

Data-Driven Decisions: Utilizing data from assessments and progress reports, we can tailor our instruction and support services to meet individual student needs.

Continuous Progress: The January meeting serves as a springboard for continued progress throughout the second half of the school year.

Beyond the Meeting:

Our commitment to ML/ELL students doesn't end with the annual meeting. We provide ongoing support through:

Small Group Instruction: Targeted small group instruction groups students based on similar language proficiency levels and needs.

Differentiated Instruction: In classrooms, teachers differentiate instruction to cater to the diverse language skills of ML/ELL students.

Collaboration with ENL Teacher: Our ENL teacher collaborates with classroom teachers to provide support and resources for ML/ELL students.

At PS 705, we believe that effective communication and collaboration are key factors in helping our ML/ELL students thrive. The annual Individual Meetings are an essential part of this process, ensuring a successful learning journey for all.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Going Beyond the Basics: Building Bridges through Multilingual Communication at PS 705
At PS 705, we believe that clear and consistent communication is essential for building strong partnerships with our families. We go beyond the mandated meetings and orientations to ensure all families, regardless of language background, receive school communications and documents and have the opportunity to respond or initiate communication in their preferred language. Here's how we achieve this:

Collaborative Communication Team:

A Network of Support: We've established a collaborative communication team comprised of our ENL teacher, School Leadership Advisory Council (LAC) representatives, classroom teachers, the school secretary, and the Parent Coordinator. This team works together to develop strategies for translating documents and facilitating communication in multiple languages.

Leveraging Technology: We utilize ClassDojo as a primary communication tool across the school. This user-friendly platform allows teachers and staff to send messages to families directly translated into their preferred language. This real-time translation removes language barriers and ensures families receive important information promptly and accurately.

DOE Translation Services: When necessary, we utilize the Department of Education's translation services to facilitate clear communication during phone conversations and in-person meetings. This ensures critical information is understood and allows for open and productive two-way communication.

Beyond Communication, Building Relationships:

Language Support During Meetings: During mandated meetings and orientations, we offer interpretation services to ensure all families comprehend the information presented. Additionally, we encourage families to bring a trusted friend or family member who speaks English to assist them if needed.

Open Communication Channels: We foster an environment where families feel comfortable communicating with school staff in their preferred language. We can be reached by phone or email, and staff members are always willing to utilize translation services or work with our ENL teacher to ensure clear understanding.

Building Trust and Confidence: By consistently providing translated materials and actively listening to families regardless of language, we aim to build trust and confidence. This encourages families to participate more actively in their child's education and in the school community as a whole.

Continuous Improvement:

We regularly assess the effectiveness of our multilingual communication strategies through surveys and feedback from families. We are committed to continuous improvement and will adapt our approach based on the needs of our diverse school community.

At PS 705, we believe that clear communication is the cornerstone of strong family-school partnerships. By prioritizing multilingual communication, we remove language barriers, empower families, and foster a welcoming and inclusive environment where everyone can thrive.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Empowering ML/ELL Families at PS 705: A Commitment to Collaboration
At PS 705, we understand the critical role empowered families play in the academic success of their Multilingual Learners (MLs) and English Language Learners (ELLs). We are committed to fostering a school environment where ML/ELL families feel welcome, valued, and equipped to support their children's learning journey.

Identifying Community Needs:

Data Analysis: We analyze student data, including language proficiency assessments and family surveys, to identify the specific needs and interests of our ML/ELL families.

Family Input Sessions: We conduct focus groups and open forums throughout the year to gather direct feedback from ML/ELL families on their needs, concerns, and preferred methods of engagement.

Teacher-Family Communication: We encourage ongoing communication between teachers and families through translated newsletters, conferences, and home-language phone calls. This allows us to gather insights into individual student needs and family backgrounds.

Activities that Foster Empowerment:

Culturally Rich Celebrations: Throughout the year, we host a wide range of cultural celebrations that reflect the diversity of our school community. These include events for Hispanic Heritage Month, Asian American and Pacific Islander Heritage Month, Black History Month, and more. We encourage ML/ELL families to share their traditions, music, and foods at these events, fostering a sense of belonging and cultural pride.

Family-Friendly Events: Our PTA plays a vital role in organizing engaging family activities. This includes movie nights, Fall Festivals, and Valentine's Day dances. These events provide opportunities for families to connect with each other, build relationships with school staff, and participate in a fun and welcoming environment. All events include translation services to ensure inclusivity for non-English proficient families.

"Coffee and Conversation" with Administration: We hold monthly "Coffee and Conversation" sessions with the administrative team. These informal gatherings offer a platform for open dialogue, allowing families to ask questions, share concerns, and feel empowered to contribute to the school community. Translation services are available at these sessions to ensure accessibility for all families.

Parent Workshops: We offer workshops focused on topics relevant to ML/ELL families, such as navigating the American school system, understanding language acquisition, and supporting their child's learning at home. These workshops are offered in multiple languages, empowering families with knowledge and strategies to advocate for their children's education.

Leadership Opportunities: We actively encourage ML/ELL families to participate in school leadership teams and decision-making processes. This can involve joining the PTA, serving on school committees, or volunteering in classrooms. By providing leadership opportunities, we empower families to have a voice in shaping their children's

educational experience.

Building a Collaborative Spirit:

These activities are just a starting point. We believe in continuous improvement and will adapt our strategies based on ongoing feedback from our ML/ELL families. By working together, fostering open communication, and creating a culture of empowerment, we can ensure all families at PS 705 feel valued and equipped to support their children's success.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Keeping ML/ELL Families Informed: Fostering Leadership Through Effective Communication
At PS 705, we understand that empowered families are a driving force behind student success. For our Multilingual Learner (ML) and English Language Learner (ELL) families, clear communication about leadership opportunities is essential. Here's how we ensure they are aware and encouraged to participate:

Multilingual Communication Strategies:

ClassDojo – A Bridge to Engagement: We leverage the power of ClassDojo, a platform that translates messages into families' preferred languages. This allows us to disseminate information about family leadership opportunities, such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC), directly to families. By removing the language barrier, we open doors for broader participation.

Personalized Outreach: In addition to digital communication, we prioritize personalized outreach through in-person and phone conversations. Our staff, including teachers, the ENL teacher, and the Parent Coordinator, utilize translation services to ensure clear communication and extend personalized invitations to school-wide events and meetings. This fosters a sense of connection and demonstrates our genuine interest in family involvement.

Visible Calendar and Consistent Messaging: We maintain a comprehensive school calendar that includes all events and leadership meetings. This calendar is easily accessible on our website and distributed in multiple languages. Additionally, classroom teachers and the Parent Coordinator consistently highlight upcoming leadership opportunities throughout the school year, keeping communication lines open and ensuring families are continuously informed.

Fostering a Culture of Inclusivity:

Celebrating Diversity: We recognize the rich cultural backgrounds and perspectives that ML/ELL families bring to our school community. We celebrate diversity through cultural events and celebrations, creating a welcoming environment where families feel comfortable taking on leadership roles.

Mentorship and Support: We understand that some families may be new to the American school system or navigating leadership roles for the first time. We offer mentorship and support to help families feel comfortable participating in leadership opportunities. This may involve providing information sessions, leadership training workshops, or connecting families with experienced leaders.

Continuous Improvement:

We are committed to ongoing improvement and actively seek feedback from ML/ELL families. Through surveys,

focus groups, and informal conversations, we strive to identify any communication barriers and refine our strategies to ensure all families feel empowered to participate in school leadership.

By implementing these communication strategies and fostering a culture of inclusivity, we at PS 705 aim to empower all families, regardless of language background, to take an active role in shaping the educational experience of their children and our school community.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Culturally and Linguistically Responsive Partnerships at PS 705
At PS 705, we are committed to fostering a welcoming and inclusive environment that celebrates the diverse cultures and languages of our student body. To achieve this, we've established several culturally and linguistically responsive partnerships that provide enriching experiences and support the needs of our school community.

1. National Dance Institute (NDI):

Our partnership with NDI goes beyond just learning dance steps. It's about cultural exploration through movement and social justice awareness. NDI's curriculum incorporates diverse dance forms from around the world, exposing students to different cultures and traditions. Additionally, the program integrates social justice themes into the choreography, encouraging students to think critically about the world around them. This program fosters cultural understanding, collaboration, and self-expression, enriching the learning experience for all students.

2. Cool Culture:

Recognizing the importance of early exposure to cultural experiences, we partnered with Cool Culture. This partnership provides Pre-K and Kindergarten families with free or discounted access to museums, theaters, and other cultural institutions across New York City. This program breaks down economic barriers and allows our youngest learners and their families to explore the vibrant cultural landscape of our city. By experiencing diverse art forms and historical exhibits, these young minds are exposed to a wider world and develop an appreciation for different cultures.

3. "Creating Belonging in Diversity" Family Workshops:

Launched this past spring, our "Creating Belonging in Diversity" workshops have been a resounding success. These monthly workshops provide a safe space for families to come together, engage in discussions about cultural competency, and learn strategies for fostering inclusivity at home and in the school community. The workshops are offered in multiple languages, ensuring accessibility for all families. This program strengthens the school-family connection and empowers parents to be active partners in creating a welcoming and inclusive environment for all students.

These partnerships are just a few examples of how PS 705 is committed to cultural and linguistic responsiveness. We are constantly seeking new opportunities to celebrate diversity and ensure that all students feel valued and supported. In the upcoming school year, we plan to:

Expand our partnership with NDI to offer additional dance styles and incorporate student voice into the choreography.
Work with Cool Culture to host cultural events at PS 705, creating a space for families to share their own cultural traditions with the school community.
Continue and build upon the success of our "Creating Belonging in Diversity" workshops by incorporating more

interactive activities and exploring new topics of interest to our families.
By fostering these culturally and linguistically responsive partnerships, we create a vibrant learning environment where students can thrive and develop into well-rounded global citizens.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Supporting Multilingual Learners and English Language Learners (MLs/ELLs) at 17K705
At 17K705, we are deeply committed to fostering a welcoming and inclusive environment where all students, regardless of their language background, can thrive. Our Multilingual Learner (ML) and English Language Learner (ELL) program is designed to provide the necessary support to ensure their academic success, social integration, and overall well-being.

Core Components of our ML/ELL Support System:

Language Acquisition Program: We offer a comprehensive English as a New Language (ENL) program delivered by certified ENL teachers. This program focuses on developing students' listening, speaking, reading, and writing skills in English, aligned with the WIDA [WIDA language acquisition standards] framework.

Differentiated Instruction: Our teachers are trained in differentiated instruction strategies to meet the individual needs of MLs/ELLs. This includes scaffolding instruction, providing graphic organizers, using visuals, and offering multiple modes of assessment.

Collaborative Planning and Support: Our ENL teachers collaborate with general education teachers to ensure alignment between the ENL program and the core curriculum. This collaborative approach allows for seamless integration of language acquisition and content learning.

Home Language Integration: We value the importance of students' home languages and cultures. We encourage the use of home languages in the classroom whenever possible, fostering a sense of belonging and cultural pride.

Family Engagement: We believe that strong partnerships with families are essential for student success. We offer workshops and resources to support parents/guardians in helping their children with language acquisition at home. We also communicate effectively with families in their preferred language through translated materials and parent-teacher conferences conducted with interpreters or bilingual staff.

Additional Initiatives:

Newcomer Program: We have a dedicated Newcomer program that provides targeted support for students who are new to the country and have limited or no English proficiency. This program focuses on building basic language skills and cultural orientation.

Peer Mentorship Program: We have a peer mentorship program that pairs MLs/ELLs with English-proficient students. This program provides social support and an opportunity for language practice in a safe and encouraging environment.

After-School Support Programs: We offer after-school support programs specifically designed for MLs/ELLs. These programs provide additional opportunities for language development and academic help.

Professional Development: Our staff participates in ongoing professional development opportunities related to effective practices for teaching MLs/ELLs.

Data-Driven Approach:

We are committed to continuously monitoring the progress of our MLs/ELLs. We use a variety of data sources, including state assessments, WIDA assessments, and classroom observations, to assess student needs and measure program effectiveness. This data informs our program development and ensures that we are meeting the ever-changing needs of our diverse student population.

Alignment with our Leadership and Accountability Plan (LAP):

Supporting MLs/ELLs is a core component of our LAP. We have specific goals and strategies outlined in our LAP that address language acquisition, academic achievement, and social-emotional well-being for MLs/ELLs. These goals are regularly reviewed and updated based on data analysis and the evolving needs of our student population.

Conclusion:

At 17K705 we are proud of the comprehensive program we have in place to support our MLs/ELLs. We believe that all students deserve the opportunity to reach their full potential, and we are committed to providing them with the resources and support they need to succeed.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Michael E. Pizzingrillo, Principal
Jessica Sain, ENL Teacher
Alessandro Rebaudengo, DL and TESOL certified teacher
Ruth De Los Santos, DL teacher
Ruth Guerrero, DL teacher
Erica Wolff, Bilingual Speech Pathologist
Elba VanDunk, Parent, PTA Vice-President

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

When a new student comes to enroll in the school, the school Secretary notifies our ENL teacher who meets with all new families. If the student is new to the DOE or has been out of the DOE system for 2 years or more, the ENL teacher administers the Home Language Identification Survey (HLIS) and interviews the family and student about their home language and prior educational experiences. If the student has a home language other than English, the ENL teacher administers the NYSITELL and follows the steps outlined in the NYC DOE Policy and Reference Guide for MLs/ELLs. Part of this process is determining if students have IEPs, which requires the creation of a Language Proficiency Team, before determining if a student should take the NYSITELL exam. Further identification steps are also considered to determine if a student has encountered interrupted or inconsistent formal education prior to coming to the DOE and might be designated as a SIFE student. After the NYSITELL is administered, our ENL teacher schedules orientation for families where they complete the parent choice program questionnaire after watching the designated videos and being provided with program choice options and information. Program choice is entered into ATS. The students are then appropriately scheduled for their service minutes in STARS and begin receiving their designated ENL supports. Our ENL teacher continually communicates throughout the year with our school Secretary

and administrative team to be apprised of new registrations or changes in enrollment that might affect our ENL program. The ENL teacher is responsible for paperwork such as entitlement and continued entitlement letters as well as ensuring that those staff members who handle STARS programming are aware of the necessary programming requirements. Our ENL teacher also updates the ENL files and cumulative files to ensure continued compliance and proper documentation.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Alessandro	Rebaudengo	Teacher - Bilingual	11/06/2024	Y
Jessica	Sain	Teacher - ENL	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	4	1.20%	4	1.20%	1	1
BENGALI (BANGLA IN BANGLADESH)	1	0.30%	1	0.30%	0	0
FULANI	1	0.30%	1	0.30%	0	0
ENGLISH	278	83.48%	277	83.18%	20	20
RUSSIAN	3	0.90%	3	0.90%	0	0
SPANISH	46	13.81%	47	14.11%	8	8

FRENCH	1	.30%	0	0	1	

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Flyers	We use bilingual staff and DOE translators as well as our school app, Class Dojo, which translates communication into all current preferred languages.
IEPs	We use bilingual staff and DOE translators via the over-the-phone service.
Report Cards	We use bilingual staff and DOE approved translation services.
Monthly Calendars	We use bilingual staff, DOE approved translators and Class Dojo.
PTA meeting notices	We use bilingual staff and Class Dojo.
Educational Resources	We use bilingual staff, DOE approved translation services and Class Dojo.
Teacher communication	We use bilingual staff and Class Dojo.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops,	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

PTCs)	
PTA Meetings	We will utilize bilingual staff and over-the-phone translation services. We also schedule in-person translation services when available.
Parent Teacher Conferences	We utilize bilingual staff and over-the-phone interpretation services.
Parent Workshops	We utilize bilingual staff and over-the-phone interpretation services (if virtual).
School-Wide Assemblies	We utilize bilingual staff and in-person translators or over-the-phone (if virtual).
Parent meetings	We utilize bilingual staff and over-the-phone translation services.
Tours	We utilize bilingual staff and over-the-phone translation services.
Curriculum Night	We utilize bilingual staff and over-the-phone translation services.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

During an emergency, we communicate with parents who speak a language other than English in the following multi-platform approach:

Our multilingual school messenger service has the ability to reach all families within minutes. Messages sent out via school messenger will be sent in the appropriate languages as determined by families' preferred language.

Our primary communication tool for all school-wide communication is Class Dojo, which automatically translates messages into a parent or guardians' preferred language. This ensures we are able to communicate in a timely manner to a broad range of families.

We utilize the NYC DOE approved translation system for any necessary documents that need to be translated into a language other than English. This ensures that official documentation, like emergency notices, are accessible in all necessary languages.
For individual student emergencies we use bilingual staff and over-the-phone translation services to ensure we are communicating with families in their preferred languages.

When we receive calls or communication from multilingual families we use our bilingual staff and over-the-phone interpretation services to effectively communicate with our multilingual families.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Our school ensures that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform by providing sufficient time during professional development time to complete these trainings.

Additionally, our school LACs attend all District trainings and reviews the LAC monthly newsletters to ensure that they are always informed of updates, resources, training and best practices. The school LACs communicate information to appropriate parties including administrators, school Secretary and office personnel, and staff through professional development and written emails.

The school LACs ensure that there is appropriate signage and materials throughout the building to indicate we are able to accommodate the communication needs of our multilingual families and that translation is always available.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The school will inform parents about available language assistance in their preferred language through various channels.

Signage is translated throughout the building and we display the mulitlingual welcome poster and other DOE provided multicultural signage in key areas such as the entry, main office and hallways. Our school has adequate signage indicating key locations throughout the building including the restrooms, main office and parent coordinator's office. The office personnel including the Secretary and Parent Coordinator have multiple pamphlets and resources indicating language services that are available to parents and families as well as their rights regarding language support. This notification, in their preferred language, includes information on their access rights to orientation, curriculum night, parent-teacher conferences, IEP and PTA meetings along with the notification of parents' rights and responsibilities. Parents are also reminded of language services and available resources through the Class Dojo app which automatically translates communication into parents' preferred langauges.

We also translate flyers and official documents that are sent home according to preferred language. This includes official letters such as report cards and IEPs as well as notices about events, both school-wide and in the wider community, and broader DOE communication.

We also inform parents of language support services during our parent orientation for all English Language Learners (ELLs).

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Initially, we inform parents of our available methods of communication in languages other than English. At this time we survey our parents regarding their preferred languages and means of communication. We inquire about their access to apps like Class Dojo and other technological tools for translation. We also update our emergency blue cards and ATS to reflect preferred languages of communication. Throughout the year, we strive to keep our methods and means of communicating open with parents to gain ongoing feedback to improve our ability and efficiency in communicating with our multilingual families.

Additionally, our school conducts an annual survey to parents at the end of the year including the availability and quality of language assistance that is provided during the school year. The responses are used to further improve communication between school families and staff. This information is reviewed by our ILT, SLT and MLL committees to improve practices for our multilingual families. We also acquire ongoing feedback through our family engagement and interactions to ensure that families feel welcome and affirmed within the school building throughout their educational journey at PS705.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

This year, we secured translation services at all PTA meetings. Our Home Language Survey is administered by staff members who are fluent in the preferred language of the parent. City-wide and local communications have been backpacked in English, Spanish, and Arabic to meet the needs of the overwhelming majority of our parent population.

For next year, in addition to those language assistance services outlined above, our school will provide the school calendar in translation for families digitally. As we are developing a new parent handbook, it will also be provided in three languages for the families. For virtual meetings, translation services will continue to be engaged and expanded upon.
