Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Cypress Hills Community School

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Sara Siddappa	Principal or Designee*	
Amanda McCullough	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Jessica Almodovar	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Evelin Cruz	District Council 37 (DC 37) Representative (staff), if applicable	
Yohana Aldna	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Ancel Torres	CBO Representative, if applicable	
Maria Mediavilla	Member/Parent	
Nelly Rodriguez	Member/Parent	
Karla Quinteros	Member/Parent	
Bridgedette Castro	Member/Assistant Principal	
Karol Arteaga		
	CBO Representative	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Our mission is to educate the whole child to be emotionally conscientious, a socially responsible lifelong learner and a critical thinker in both the real word and our digital society. We will accomplish this mission utilizing a dual language curriculum that amplifies the voices of marginalized communities and embraces a diversity of social and cultural identities, equity, inclusion and student agency. We will attain this through the collaboration of school staff, families and the greater community.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

The Cypress Hills Community School (CHCS) is a 3K-G8 community-based, school-wide dual language program led by the Principal in regular consultation with the School Leadership Team. This team includes parents, teachers, administrators, and members of the Cypress Hills Local Development Corporation (CHLDC), our partner community-based organization (CBO). Our vision is for all students to become fully bilingual and bicultural, deeply concerned about themselves, each other, their community, their environment, and the world. We aim to foster in the young people we serve, a capacity and propensity to take purposeful initiative*, so that they go forth seeking meaning and acting with purpose to achieve the conditions they desire in their own and others' lives (*Definition of agency from Tom Vander Ark).

CHCS serves a population that is 98% Hispanic and 96% qualifying for free or reduced lunch. Our English Language Learner (ELL) population makes up 49% of the K-8 student body, and 29% of our pre-K-8 student body are students with special needs. Our students with insecure housing make up 18% of the population. To address this specialized population's needs, CHCS developed a school-wide dual language program in 1997, a dual language Integrated Co-Teaching (ICT) program in 2008, and a Newcomers Middle School program in 2010. These initiatives established a strong, process-oriented approach to creating and implementing unique educational practices, with a focus the 3 goals of dual language education: bilingualism and biliteracy, high academic achievement in both languages, and sociocultural competence.

CHCS continuously reflects on the implementation of our Dual Language Program and methods to enhance students' skills in both languages across content areas. For several years, we have designed and revised assessment tools to help teachers gather data demonstrating the acquisition of higher-order skills in both English and Spanish for all students. Weekly assessments and end-of-module assessments for the HMH Into Reading and Arriba la Lectura language arts curriculum for grades K-2, ELA Focusing-Question Tasks and end-of-module assessments for the Wit & Wisdom language arts curriculum for grades 3-8, and Math Learning Target Assessments as part of the Eureka Math Squared curriculum are administered every other week for grades K-8. These assessments are graded using criteria-based rubrics that measure students' knowledge, skills, and thinking.

We use Otus, a K-12 data system, as a standards-based progress monitoring tool. Otus enables teachers to manage learning and assessment digitally as needed; and to account for varied and multiple opportunities for students to work towards command of specific standards. Student work is uploaded in the platform or kept in classroom folders; and work products are graded using a standards-based rubric in the platform, offering a comprehensive system for tracking progress toward standards. Administrators and teachers also use Otus to reflect on teaching frequency and methods for assessing each standard and utilize student work for goal setting and differentiated learning.

All K-8 students are assessed using the MAP Growth Assessment, a computer-adaptive reading assessment. By combining summative data, MAP Growth assessments, and ongoing formative assessments within integrated humanities units, teachers develop knowledge around reading behaviors and a deeper understanding of how to analyze student work/data to accelerate reading development. Throughout the year, consistent supports are provided to K-8 teachers to reinforce reading development, including cycles of support from the Early Reading Matters (ERM) Consultant and our school-based Literacy Coach, focusing on formative and summative data collected using Acadience and mClass to plan instruction in foundational skills and priority ELA standards. Grade-level teacher team meetings also help customize the K-2 HMH and 3-8 Wit & Wisdom ELA curricula, emphasizing learning activities that support progress in priority standards and implementing explicit instruction in writing. In grades K-3, teachers use Fundations, Heggerty, and Estrellita/Cancionero to improve students' phonemic awareness skills. Additionally, all K-3 teachers are trained in LETRS to enhance their pedagogy in the Science of Reading. The Spanish curriculum in 3-8 includes the use of Benchmark; it reflects grade level language arts standards, while emphasizing Spanish word-work and grammar, and the use of authentic Spanish texts to practice reading comprehension skills and to drive writing assignments.

In math, teachers integrate productive struggle and visual models to support conceptual understanding. Number Talks are incorporated across grades K-8 to give voice to students and value various representations of mathematical thinking. This instructional routine encourages students to explain their thinking and build oral skills while developing concepts and fluency in math operations. Students collaboratively explore concepts through problem-based lessons with real-world scenarios, using tasks thoughtfully chosen with Universal Design for Learning in mind. This approach ensures entry points for a range of levels and opportunities to extend thinking to more sophisticated mathematical concepts. Discussions focus on student work and problem-solving strategies. Teachers also use digital platforms including iXL and Edmentum to ensure sufficient skills practice (or "reps") at individuals' levels. Students are grouped heterogeneously for concept exploration and more homogeneously for practice and enrichment during station teaching and targeted small group instruction. Our Learning Target Assessments (LTAs) are aligned with the standards and created by teachers using questions from the Eureka Math Squared mid- and end-line module assessments as well as questions from past NYS Math State Exams. These assessments address specific standards over 7-12 lessons, with student work maintained in the classroom and/or uploaded in Otus. The data gathered informs instruction throughout each unit.

Furthermore, our school partners with ExpandEd to provide High Intensity Tutoring in ELA for students in grade 1 and 2, and in Math for students in grades 6-8. Tutors from outside organizations and classroom teachers meet with groups of no more than 4 students, three times a week, to provide them additional support. In addition, we have partnered with Young Audiences New York for over 20 years to provide additional arts programming beyond our regular music and art classes during the school day. Additional experiences including cooking, greenhouse/STEM, and dance with partner organizations further support students in building and activating prior knowledge, which translates into meaning-making in the classroom and memorable learning experiences.

Briefly summarize the key initiatives your school will implement this school year.

The Priority Focus for SY2526: Centering vocabulary as a tool for thinking, we are prioritizing the use of high-utility words in student articulation (speaking and writing) to build a deep, working vocabulary that drives reading

comprehension across all content areas while supporting students in integrating knowledge across sources and experiences.

This school year will be marked by the use of:
- Common language reflecting the goals of dual language education; ultimately that learning two language builds powerful thinkers.
- PBIS Rewards to emphasize a cohesive set of behaviors that we believe will focus productive behaviors associated with communication and effort and in alignment with our core values of C.A.R.E. (communication, accountability, respect and efffort).
- Co-teaching across all classes as a result of the reduced class size funding; including weekly common planning time for targeted small group instruction
- Yearlong implementation of the Relay Weekly Data Meeting protocol, a structured process focused on analyzing student work to improve teaching moves specifically, and learning outcomes as a result of this process.

The theory of action is: IF school leaders establish instructional priorities that emphasize the role of classroom culture and cross-linguistic connections; while also providing professional learning with ongoing, actionable feedback for teachers through job-embedded coaching, weekly data meetings, and collaborative planning,

THEN teachers will strengthen their core instructional practices, particularly in creating classroom environments where all students feel valued and safe taking intellectual risks. Teachers will explicitly model and encourage respectful interactions, and use strategies that cultivate a culture of thinking. They will effectively foster cross-linguistic connections and metacognitive skill development. Teachers will collaborate in teams and apply job-embedded coaching insights to refine their teaching focused on Danielson components 2a (Rapport), 3b (Peer Discussion) and 3c (Intellectual Engagement).

THEN teachers will implement the core curriculum, explicitly teaching students how to a) make connections between their two languages, b) build on one another's thinking, and c) name the practices they are engaging in. In these supportive environments, students will feel confident to ask questions and learn from mistakes. Teachers will provide varied levels of support, gradually releasing responsibility to students for increased independence.

THEN students will construct meaning, integrating knowledge across sources, with increasing independence and confidence in their own intellectual abilities within a truly supportive and challenging learning community.

As such, the instructional focus is around growing student independence in their learning. Using tier 2 or high-utility vocabulary as a key strategy. Classroom cultures will encourage intellectual risks, enabling students to interact frequently, learn from mistakes, make cross-linguistic connections, and name the practices they're using. We'll explicitly teach these strategies to equip students to question, connect, and express their understanding with increasing independence and confidence.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	3-8	Wit & Wisdom	
ELA	K-3	Fundations	

ELA	K-3	Heggerty	
Math	K-8	Eureka Math Squared	
ELA and Math	K-8	IXL, Edmentum	
ELA	K-2	HMH Into Reading	
ELA	K-5	Lexia LETRS	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
While K-2 students demonstrated growth in different areas in the Spring 2025 Acadience Reading Assessment, at grade benchmarks in K demonstrated a decrease in Nonsense Word Fluency by 14% from MOY to EOY. At grade benchmarks in Grade 1 increased on Nonsense word fluency by 24% from MOY to EOY, 58% of the class is below benchmark. At grade and above grade benchmarks in grade 2 decreased on Oral Reading Fluency by 3% from MOY to EOY.	K-2 students have yet to master the eight phonological awareness skills. As students develop two languages (English and Spanish), students need phonemic awareness skills taught explicitly.	Teachers are in need of professional learning focused on prioritizing explicit phonemic awareness and phonic skills in targeted small group instruction to provide students with supports and

		practice in foundational skills.
Based on Spring 2025 MAP Growth results, students in G3 - G8 scored the lowest (in the Low range) in the area of Understanding Key Ideas, Details, and Connections. MAP 41st percentile showed a decrease by 1% from fall to Spring, from 25% to 24% respectively.	MTSS supports not consistently implemented in grades 3-8 for oral reading fluency and comprehension.	Students in grade 3-8 are in need of a consistent MTSS system designed to support tier 2 and tier 3 to address comprehension skills.
Data across assessments is stronger for English literacy development in the ICT classes (01s) where there are two striking configuration differences in the two classes on a grade in grade-levels 3-8, including a co-teacher in all core classes and more advanced ELLs.	First, CM, EX, TR ELLs tend to be in the ICT class while ELLs with 3 or less years in the U.S. (EN, EM) are in the other class where they receive integrated ENL supports during ELA periods and for targeted small group instruction in grades 3-4 and 6-8 ELLs receive Stand Alone ENL services but not targeted MTSS for foundational reading skills. Second, the ICT class is consistently co-taught across all core-subjects with a bilingual SPED provider while the other class generally lacks co-teaching supports for the high need group.	Increase co-teaching across both classes on a grade to allow for more differentiation in the 02 classes and improved teacher to student ratio comparable to the 01 classes.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	16%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 16% to 26%, of Percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.
All Students	25%	By June, 2026, literacy for All Students will improve, as measured by a 6% Increase, from 25% to 31%, of percentage of students scoring at or above proficiency on the Acadience Reading Composite Score.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase intervention periods for Tier 2 ELA beyond grades K-4 to including G5-8 at minimum twice/week
Provide professional development for the implementation of targeted small group instruction K-8. Creating opportunities for students to interact frequently, learn from mistakes, and make cross-linguistic connections, to help them deepen their understanding of phonological concepts in both languages.
Targeted small group tutoring in grade K-2 afterschool program will continue and will be supplemented by Springboard after school tutoring to include students in G3-4 as well.

Root Cause Addressed:

Students reading below grade level, hinders their ability to comprehend on-grade level text and draw conclusions because comprehension of text is limited.
K-2 students have lagging skills in the eight phonological awareness skills. As students develop two languages (English and Spanish), students need phonemic awareness skills taught explicitly. These deficits progress with each grade unless we continue to close the gaps before students move into G3.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
As students develop two languages (English and Spanish), students need phonemic awareness skills taught explicitly. Since K-2 students have yet to master the eight phonological awareness skills we must consolidate and review data for the students in K-2 students enrolled in Springboard literacy collaborative during July and August to begin to inform tier 2 and tier 3 intervention programming for fall 2025. This will be monitored throughout weekly data meetings among the K-2 teacher teams.

Craft Professional Development Plan incorporating ongoing training around the Science of Reading through Lexia LETRS; Wit & Wisdom and HMH module studies; looking at student work; and standards-based progress monitoring, including using student and teacher data to inform planning. This will be addressed through weekly Professional Development Periods, in which teacher teams will engage in protocols to facilitate module studies, lesson studies and look at student work to monitor progress towards standards to identify opportunities to align MTSS systems designed to support tier 2 and tier 3 to address comprehension skills.

Because the ICT class is consistently co-taught across all core-subjects with a bilingual SPED provider while the other class generally lacks co-teaching supports for the high need group, grade level and vertical teams will be developed to evaluate current curriculum to revise as needed to focus on the priority standards. Starting at the beginning of the year co-teaching will increase across both classes on a grade to allow for more differentiation in the 02 (ENL) classes and improved teacher to student ratio comparable to the 01(ICT) classes.

K-2 students have yet to master the eight phonological awareness skills. Additionally, G3 - G8 scored the lowest (in the Low range) in the area of Understanding Key Ideas, Details, and Connections. MAP 41st percentile showed a decrease by 1% from fall to Spring, from 25% to 24% respectively. A needs assessment based on the following tools will be conducted: K-2 Acadience, K-5 mCLASS in English and Spanish, Heggerty Phonemic Awareness. Benchmarks in English and Spanish) K-3, MAP Growth Reading (English and Spanish) K-8. ELL student capacity with Spanish will inform strengths to leverage and needs that require tier 2 and tier 3 interventions.

Key Strategy 2 (Optional):

Increase intervention periods for Tier 2 ELA beyond grades K-4 to including G5-8 at minimum twice/week
Provide professional development for the implementation of targeted small group instruction K-8. Through explicit teaching students will be empowered to confidently question, connect, and express their emerging understanding, building their comprehension with increasing independence and confidence.-

Root Cause Addressed:

Students reading below grade level, hinders their ability to comprehend on-grade level text and draw conclusions because comprehension of text is limited.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Craft Professional Development Plan incorporating ongoing training around Analyzing Student Data; looking at student work; and standards-based progress monitoring, including using student and teacher data to inform planning.
Develop grade level and vertical teams to evaluate current curriculum to revise as needed to focus on the priority

standards.
Based on identified common skill deficits, create a clear scope and sequence for Tier 2 intervention content, focusing on foundational reading skills (e.g., advanced phonics, morphology, fluency, vocabulary, comprehension strategies) appropriate for older students.
Create structured opportunities for teachers to observe each other's small group instruction (intervisitations) and engage in peer debriefs focused on specific instructional practices learned in PD.
Establish a shared digital library of high-quality, research-based resources for small group instruction (e.g., lesson plans, activities, assessment tools, articles, video exemplars).
Implement a robust job-embedded coaching model (instructional coaches, lead teachers) where coaches observe small group instruction, provide targeted feedback, model lessons, and co-plan with teachers.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

K-3 teachers will progress monitor students byweekly by using Acadience and Lexia Core 5. 4-8 teachers will progress monitor using WW FQTs skills every 2 -3 weeks.
Regular classroom Learning walkthroughs to check how well instructional strategies are being implemented and whether they’re aligning with the progress monitoring efforts.

Weekly data meetings will be held to analyze student work and plan for instructional next steps.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
01/29/2026	01/29/2026	Coaches will facilitate a Curriculum Night for families around the literacy curricula and targeted small group instruction.	In partnership with the CHLDC (CBO) afterschool program providers (Learning Center) who support students through learning labs and with homework help.
11/20/2025	11/20/2025	Coaches and the Family Outreach Team will facilitate a night to review grade level expectations, examples of growth across various measurements; targeted small group instruction progress monitoring data tools (Acadience,mClass Lectura, MAP Growth)	In partnership with the CHLDC (CBO) afterschool program providers (Learning Center) who support students through learning labs and with homework help.
12/04/2025	12/04/2025		

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Coaches and Administrators Planning Team (CAPT), ENL coordinator, IEP coordinator

Instructional Resources

NGLS shifts (K-2); HMH Into Reading resources, Lexia LETRS training

Schedule Adjustments

Summer institutes for lead teacher teams in August 2025, use of teacher professional work time on Mondays, use of Chancellor PD days, weekly professional development period.

Other Resources Needed

Consultants for math and literacy

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Increase in student to student incidents in the classroom as opposed to during less structured time such as recess.	Increase in documentation with purpose and increase in intentionality around serving students with SEL needs; also increased disruptions to programming (E.g., mid-year reorganization of classes due to creating a second ICT class; and staffing adjustments)	Continue to hold students more accountable for social behaviors while increasing their skills capacity; increased staff PD around collective efficacy.
Inconsistency in providing SEL curriculum across the school (e.g., staff survey April 2025 reflected inconsistent	4R's curriculum used in the elementary school was perceived by teachers as too literacy based without	Align SEL curricular resources to student lagging skills needs according to

implementation of the 4Rs curriculum in G4-5 and the RULER curriculum in G6-8; green corners implemented in the elementary school but inconsistent in the middle school)	enough elements of social emotional learning. RULER curriculum in middle school was perceived by teachers as not culturally responsive.	maturity and developmental levels observed
Inconsistency in providing SEL curriculum and following the school's SEL calendar (i.e. topics, celebrations)	There are competing demands (i.e. literacy curriculum). In addition teachers communicated the need for more training to understand and facilitate SEL lessons.	Provide more Professional Development for staff to build their skills as teachers of Social Emotional Curriculum including needs assessment around lagging skills and appropriate instructional responses.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	52.7%	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 9% Decrease, in classroom incidents from 52.7% to 43.7%, per the OORS, NYC School Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To cultivate a positive school climate and enhance student social-emotional learning outcomes, our comprehensive approach encompasses targeted professional development and evidence-based programming. All staff members will participate in one complete cycle of either Trauma-informed Care in Schools (TCIS) or Circles 360 training to strengthen their capacity for supporting student well-being and creating inclusive learning environments. We will continue implementing RULER practices school-wide to develop emotional intelligence skills across all stakeholders. Our social-emotional learning instruction will be differentiated through intentional SEL lessons specifically designed to address the unique behavioral needs of each classroom, moving beyond generic curricula to provide targeted interventions. Additionally, we will sustain student engagement and reinforce positive behaviors through our PBIS Rewards system while empowering students to develop conflict resolution skills through our Peer Mediation Program. These integrated strategies collectively support our commitment to fostering a safe, supportive, and academically rigorous environment where all students can thrive.

Root Cause Addressed:

Inconsistent implementation of evidence-based practices: Without systematic training, staff may apply behavioral interventions inconsistently across classrooms and grade levels
Generic approach to behavioral interventions: Current SEL programming does not necessarily address the specific needs of individual classrooms or student populations
Lack of emotional regulation skills: Students struggle with identifying, understanding, and managing their emotions, leading to behavioral disruptions and academic challenges

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

School Social Worker and Counselors in collaboration with leadership will facilitate staff Professional Development (TCIS, RULER, Circles 360) monthly to review the school's goals, and specific strategies/curriculum to ensure students are receiving intentional SEL instruction
Student Peer Mediation Program with Cohort Training - include one teacher from each grade band to participate alongside students. School counselors will collaborate Morningside Center for Teaching Social Responsibility in November of 2025 to train the new cohort, and then the school will begin to implement the program with students (November - June).
Weekly progress monitoring during SEL Team meeting using PBIS Rewards data. During weekly meetings the SEL Team in collaboration with Leadership will review several platforms (OORS, PBIS Rewards) to monitor student progress and design a plan to support students' social and emotional development.

Key Strategy 2 (Optional):

Implement a comprehensive PBIS rewards system using Navigate 360 to promote common language and behavioral expectations, educe student behavioral conflicts, and increase consistent recognition of positive student behaviors by the end of the 2025-26 school year.

Root Cause Addressed:

Inconsistent responses to student behavior across staff
Lack of systematic way to track and reward good choices

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The SEL Team and Leadership will create and communicate behavior expectations that everyone understands, which will align with the school's core values and RULER
Provide staff training to support them utilizing and tracking students points
SEL Team and Leadership will review the data weekly to evaluate the use of the program and to review data trends

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The SEL Team and Leadership will track our PBIS system's success through weekly data checks and monthly team meetings. Evidence will be collected from the Navigate 360 system showing how many positive points teachers give students and how student behavior incidents change over time. To measure impact on learning, we'll track how much class time is lost to behavior problems, student attendance rates, and whether grades improve as behavior improves. Our SEL Team will meet monthly to review all this data and decide if we need to make changes to help teachers or students. If we see that behavior referrals are going down, students are earning more positive points, and teachers report feeling more confident managing their classrooms, we'll know our system is working. When the data shows problems, like teachers not using the system consistently or students not understanding expectations, we'll provide extra training and support right away.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 MAP 41st Percentile was consistent w/ NYS level 3s and 4s in the fall (28% and 26% respectively). Growth overall showed 34% at the 41st percentile in the spring; this was markedly higher at 39% when grade 4 is removed from the data set. All grades 3-8 showed significant growth less G4 which showed regression across all	Mid-year reorganization of classes given student IEP updates, additional newcomer ELL students, and staffing changes; uneven class sizes due to 1 ICT class on a grade with 12 students; 2 new teachers on the grade; all untenured teachers on the grade.	Increase staffing experience and expertise on the grade; departmentalize.

MAP tests reflecting other factors influencing student performance.		
MAP 41st Percentile in Spring '25 showed significant growth for G7 students performing at above grade level compared to NYS data for Spring '24, 14% (and MAP 41st Percentile for fall '24, 18%). Spring results showed 33% at the 41st percentile, more than doubling the amount of students on or above. Likewise, G6 was at 24% and grew to 35% using the same metrics; and G5 grew from 26% to 41%.	Students in grades 5-7 benefitted from targeted small group instruction provided by 3 math teachers per class twice weekly to close gaps identified in MAP scores during the early part of the school year; and increased focus on grade level standards during the second third of the school year	Continue this practice of targeted small group instruction with dedicated math teachers/coaches extending it to grades 3-4.
Aside from grade level achievement, the grades with the most significant growth included G7 (80% of students demonstrated average to high growth from fall to spring on the MAP asses); and G3 (74% growth). Likewise G2 had 64% growth and G5 had 59% growth. Whereas G4 and G1 demonstrated the least growth with 50% and 41% growth respectively.	The classes with more success benefitted from co-teachers in all classes as they were organized into 2 co-teachers and smaller class size (17-18 students in each G3 class). Moreover, G4 and G1 reflect populations with some of the greatest needs, both include 12 or more students with IEPs, maxing out the resources required to service a single ICT class on a grade with a large class; coupled with a high number of English Language Learners.	Allocate additional resources for G4 and G1 teachers to inform conceptual development, explicit instructional practices, and differentiation repertoire to better address the range of mathematical demands; simultaneously engage G5 and G2 teachers in weekly data meetings to monitor students learning and proactively employ strategies to promote progress; prioritize after school supplemental instruction around these cohorts of students in order to close skills gaps.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33%	At PS/IS 89 we will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of students scoring at Levels 3 & 4 will Increase by 5% from 33% to 38%, for All Students, as measured by NYS Math Exam results.
All Students	42%	PS/IS 89 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Percentage of students scoring at the 41st percentile and above will Increase by 10 from 42% to 52%, for All Students, as measured by MAP Math Exam Results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Deepen the content knowledge in teachers for math instruction.

-Departmentalize Grade 4 math as we've done in G5 and G6 to support teachers in developing greater command over the content and effective instructional practices.

- Strengthen Tier 1 instruction with emphasis on fidelity to the Eureka Math Squared curriculum, lesson internalization and module study.

Root Cause Addressed:

The classes with more success benefitted from co-teachers in all classes as they were organized into 2 co-teachers and smaller class size (17-18 students in each G3 class). Moreover, G4 and G1 reflect populations with some of the greatest needs, both include 12 or more students with IEPs, maxing out the resources required to service a single ICT class on a grade with a large class; coupled with a high number of English Language Learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Allocate additional resources for G4 teachers to inform conceptual development, explicit instructional practices, and differentiation repertoire to better address the range of mathematical demands. Math coach will meet weekly with G4 team for weekly data meetings to inform instruction.
Support teachers in lesson internalization protocols during professional development periods (PDP) throughout the

year with the support of the math coach.
Engage teachers in module studies periodically throughout the year to outline the learning goals and progressions embedded in the Eureka Math Squared curriculum.

Key Strategy 2 (Optional):

Build more capacity for teachers to look at student work to identify students in need of Tier 2 interventions and to strengthen Tier 1 practices:

-Expand Tier 2 targeted small group instruction to 4th grade, continue Tier 2 in grades 5-8

-Teacher teams consistently looking at the impact of Tier 1 instruction through weekly data meetings to assess the Tier 1 teaching practices

Root Cause Addressed:

Students in grades 5-7 benefitted from targeted small group instruction provided by 3 math teachers per class twice weekly to close gaps identified in MAP scores during the early part of the school year; and increased focus on grade level standards during the second third of the school year.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
G3-8 math teachers will engage in weekly data meetings with math coach to monitor student learning and inform instructional next steps. They will examine MAP data, Eureka Squared exit tickets, along with other assessments.
Identifying and adjusting tier 2 student groups based on data analysis to more effectively target areas of need.
Evaluate Tier 1 teacher practices that leverage tier 2 vocabulary development through work analysis and make adjustments based on student work.
Targeted Small Group Instruction: Grow the TSGI program for math with dedicated math-content teachers/coaches from G5-8, extending it to grades 3-4. All grades, 4-8, will begin using this structure in September using MAP scores to guide the students' groupings and the areas of focus that are most in need. Design TSGI instructional periods leveraging IXL and Edmentum as tools in combination with predictions from MAP performance.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Survey students and teachers throughout the school year to document their engagement and progress with co-teaching across all grades and TSGI small group instruction in 3rd through 8th.

Conduct progress monitoring based on the following tools: MAP Growth Math K-8; use mid-line data from January 2025 to inform intervention and enrichment program groupings. Use end-line data from May 2025 to reflect on teacher practice and student outcomes.

Teachers work in small groups using a protocol to reflect on standards-based progress monitoring practices, triangulating data across sources, and looking at student work alongside teacher instructional moves accounting for student growth in priority standards and determine next steps.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/11/2025	11/15/2025	Coaches and the Family Outreach Team will facilitate a Curriculum Night to present Historically Responsive Literacy, digital Math apps, the Eureka Math Squared curriculum and related tools families can access to support children at home.	In partnership with the CHLDC (CBO) afterschool program providers (Learning Center) who support students through learning labs and with homework help.
02/03/2026	02/28/2026	Coaches and the Family Outreach Team will facilitate a night to inform families about Co-teaching across the school and small group instruction opportunities that are provided.	In partnership with the CHLDC (CBO) afterschool program providers (Learning Center) who support students through learning labs and with homework help.
05/18/2026	05/18/2026	Students in grades 4-8 will present a math project to their families.	In partnership with the CHLDC (CBO) afterschool program providers (Learning Center) who support students through learning labs and with homework help.

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators and Coaches Team (ACT), ENL coordinator, IEP teacher, lead teachers

Instructional Resources

Eureka Math Module Study Guide; NGLS for math (K-2 shifts); IXL digital PD curriculum, EdMentum, Do The Math, Mentor text: Cultivating Genius: An Equity Framework for Culturally and Historically Responsive Literacy

Schedule Adjustments

Small group instruction integrated into the schedule, Weekly Data Meetings and Professional Development Periods embedded into the schedule, Summer Institutes for lead teacher teams in August 2024, use of teacher professional work time on Mondays, use of Chancellor PD days,

Other Resources Needed

n/a

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per NYC Enrollment Portal, 1% of students matched to SHS	Limited exposure to rigorous academic environments	Year-round prep/tutoring services
As per 2425 School Survey 94% of families feel that they receive support with high school articulation	Families seem to be satisfied with available support but unaware of additional needs for specialized programs	additional office hours to address families' concerns

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	1%	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the increased number of 8th grade students applying for SHS and CTE programs for All Students will Increase by 2% from 1% to 3% as measured by STARS, NYC RISE, NYC Enrollment Portal, IPR interviews.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Through established partnerships with high schools and CUNY programs, students will participate in campus visits and targeted workshops that provide authentic exposure to higher education environments and academic expectations. We will implement service learning projects designed to bridge classroom learning with real-world applications, creating pathways to work-based learning opportunities that develop both academic and professional skills.

Root Cause Addressed:

Awareness, leveraging community resources - Our comprehensive college and career readiness initiative leverages strategic partnerships and multi-faceted programming to prepare students for post-secondary success while engaging families in the educational journey. Our Advisory and House systems will incorporate increased real-world project-based learning experiences that connect students to their communities while building critical thinking and problem-solving abilities. Annual Career Day and College Day events will expose students to diverse professional pathways and post-secondary options, complemented by our College U elective course that provides individualized career assessments and targeted academic remediation. To ensure equitable access to higher education, we will maintain year-round SHSAT preparation programming while simultaneously strengthening family engagement through financial literacy workshops aimed at increasing college affordability awareness.

Additionally, we will focus on expanding participation in college savings initiatives by increasing the number of Kindergarten families enrolled in 529 college savings plans and the NYC Kids Rise program, establishing a foundation for long-term educational investment and family financial planning.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School Counselor will collaborate with teachers to establish and organize student workshops with CTE HS and CUNY programs during SEL and House/Advisory instructional periods
School Counselor in collaboration with teachers will tailor College U course to align to students need
School Counselor and Leadership will offer College U program for families to build knowledge and understanding of the process during the Fall (September) and Spring (May)
House/Advisory teachers will integrate financial literacy in Math curriculum during SEL instruction (Mondays and Fridays beginning in the Spring of 2026)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Student Workshops with CTE High Schools and CUNY Programs: The primary monitoring structure will include quarterly review cycles tracking workshop attendance rates (target 95%), student engagement levels measured through IPR interviews, student pre/post surveys and annual analysis of career interest shifts and high school application patterns. This data will demonstrate impact on instruction through enhanced career-focused teaching, student learning through improved career vocabulary and pathway knowledge, and achievement through higher

CTE program enrollment and specialized school matches.

Tailored College U Course Aligned to Student Needs: Grade 7 student progress will be monitored weekly when they are scheduled for CAFA/College U. Advisory teachers will meet to review how students are doing and adjust the course based on student feedback and choices. We will track test scores from the beginning of the course and class grades/marks (aiming for 90%), what learning options students pick, and how their College U grades compare to their other class grades. We will also collect student work samples that show growth, have students rate their own learning progress, ask students monthly what they think about the course, and document how teachers work together across subjects.

Financial Literacy Integration in Math Curriculum during SEL Instruction: The monitoring involves monthly lesson integration documentation and student understanding checkpoints, with monthly progress reviews tracking financial literacy skill development, math achievement correlations, and SEL competency growth measurements.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
01/09/2026	01/09/2026	College Day - Family Guest speakers	Cypress Hills LDC

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 Based on the NYC School Survey, families reported 97% in favor that leadership is inclusive.	This year, there was a transition in leadership roles. In addition, we added a parent as a class representative for each class.	maintain parent inclusion as well as positive perspective of leadership.

Based on the NYC School Survey, families reported needing more information about transportation options, with only 83% responding favorably in this category.	This role falls on a single staff person.	We need to distribute the responsibility of communicating about transportation options through greater outreach.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	97%	Cypress Hills Community School will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents reporting that they believe leadership is inclusive will Increase by 3% from 97% to 100% as measured by NYC School Survey Results.
Parents of All Students	83%	CHCS will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of families reporting satisfaction regarding transportation options will Increase by 7% from 83% to 90% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. - Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The new leadership team will build opportunities throughout the school year to increase their contact with families.

Root Cause Addressed:

Sustain the favorable feedback attained from the parent survey about School Leadership.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Increase the number of meet and greets like "Coffee Time with Leadership".
Increase the participation of leadership in welcoming and dismissing students each day.

Key Strategy 2 (Optional):

We will add a key staff member to partner with the parent class representative elected for each class. This will aid in communicating effectively and efficiently on all topics to the rest of the school community.

Root Cause Addressed:

Increasing communication with families on topics such as transportation.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a survey of staff members to find out who would like to partner with families.
Assign one teacher to each group.
Hold an introduction meeting for teachers to meet their parent partner and discuss their partnership in person.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will review the survey at the end of the end of the year to assess any change.

Priority 5 Family and Community Engagement

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 STH had an average attendance rate of 89% (chronically absent) whereas students in permanent housing had an average of 95% attendance.	Increased appointments due to housing status and change of temporary housing location; and/or unmet basic needs in this process related to sleep, laundry, bathing inhibiting feeling prepared to attend school.	Increase attendance for partial days following appointments; explore what basic needs can be met at school if not met in shelter.
Nearly 25% of 4th graders were chronically absent (80-90% attendance rate); and this class had the lowest rate of growth and academic achievement across the MAP assessments comparted to all grades (K-8 math and 3-8 reading).	Extended vacation, delayed start to school year (due to extended travel), extensive illness, new baby in the household - all parenting related	Increase family workshops/effectiveness of workshops to make the connection more concrete between

		attendance and academic outcomes

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students in Temporary Housing (STH)	89%	By June, 2026, the Average attendance for Students in Temporary Housing (STH) will increase by 3%, from 89% to 92%, as measured by the New Visions Chronic Absenteeism Reports, Perfect Attendance .

Attendance/Chronic Absenteeism Progress Measures and Targets

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Weekly monitoring and outreach through Family Outreach Team (attendance teacher, guidance, administrators, parent coordinator).

Root Cause Addressed:

Increased accountability including data-in-hand to families the day of. I.e., educating families on the correlation between attendance and academic achievement; incentivizing

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
create/conduct comprehensive attendance data analysis to identify patterns
multitierred intervention protocols
create barrier assessment and service coordination; implement automated communication system and real-time tracking
develop and share family support/resource guides
PBIS Rewards

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The Attendance and SEL team will meet weekly to assess students' progress and provide support as needed. The data used will be RISA and 407 reports as well as reports from New Vision Portal.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/18/2025	09/18/2025	Family Meeting focusing attendance policy CR210	CHLDC
06/22/2026	06/22/2026	PBIS Rewards - Family Activity to recognize student progress	Mets

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP annual goals progress monitoring and reporting, with 26% completion rate	Teachers need to develop systems to be put in place that will support best practice in progress monitoring and reporting	IEP Development

		and Fidelity of Implementation
Vocational assessments to be completed starting at age 11 and annually thereafter (at minimum Teacher and Student)	Need to develop system for annually completing and uploading to SESIS vocational assessments	Transition Planning and Compliance
Use of RTI, CSG, MTSS and/or AIS data to support referrals for special education evaluations. Over the last 3 years, a significant increase in referrals for special education, with over 28 initial referrals opened in school year 2024-2025. Use of SESIS data for cases opened.	Parents need more information and awareness about RTI and AIS services when voicing concerns about child's academic achievement	Referral Process and Equity
Increase in student infractions, among SWDs in grades 3-5, as evidenced by OORS reporting data and classroom removals	Need for Tier 1, Tier 2 and Tier 3 interventions being implemented with fidelity, Not all teachers have been trained for Restorative Circles and/or are implementing Tier 1 SEL lessons with fidelity, Increase number of SWDs in these grades.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	26%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Progress monitoring of students' annual goals by a 74% Increase, from 26% to 100%, as measured by SESIS data, including completion of reporting progress to parents.
Students with Disabilities (SWD)	10%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve referral process and equity by a 40% Increase, from 10% to 50% of students will have MTSS and/or AIS data to upload to SESIS., as measured by SESIS/STARS data and school-based data reporting systems for AIS and MTSS.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Develop progress monitoring tools and data tracking systems for teachers to use with fidelity when determining and reporting progress toward meeting annual goals to parents

Root Cause Addressed:

Teachers need to develop systems to be put in place that will support best practice in progress monitoring and reporting to parents

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers meeting prior to beginning of the year, to develop systems for progress monitoring
Teachers develop case management forms to track deadlines and input information in SESIS in a timely manner
Students understand their academic goals and are conferenced with in order to know their progress
Teachers will develop a system to review and report the IEPs with parents

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will meet regularly to reiew student work, and identify next steps or additional SDI needed to ensure goal attainment

Teachers will develop systems of best practices in order to progress monitor, track progress and report progress toward meeting annua goals

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/19/2025	09/19/2025	IEP Coordinator, Coaches and the Family Outreach Team will facilitate a Curriculum Night to introduce academic curriculum and related tools parents can access to support their children at home.	Learning Center (Cypress Hills Local Development)

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Coaches and Administrators Planning Team (CAPT), lead teachers, ENL coordinator, Centrally Funded IEP Intervention teacher

Instructional Resources

Heggerty Phonemic Awareness Benchmarks in English and Spanish) PK-3, Acadience Learning, mCLASS, K-3, mCLASS Lectura (Spanish) K-3, MAP Growth Reading (English and Spanish) K-8.

Schedule Adjustments

Integrating intervention and small group instruction as part of the school day; Academic After School offered; High impact tutoring through ExpandEd

Other Resources Needed

NYC Reads initiative, Springboard Learning, ExpandEd

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Heggerty Phonological and Phonemic Awareness Program, Tier 1	Not meeting the 8 skills of phonemic awareness	Intervention	Academic Tutoring	After-school	No
IXL and Edmentum	Tier 1 and Tier 2	Intervention	Classroom and Small group	During the school day	Yes
SPIRE, Tier 2 & 3	Reading far below reading level	Intervention	Small group	During School, After School	No
Rewards, Tier 2 & 3	Reading far below reading level	Intervention	Small group	During School, After School	No
Springboard, Literacy Intervention Program, Tier 2	Students identified reading far below grade level	Intervention	Small groups	Afterschool	No
Do the Math, Tier 2	Students identified with lagging math skills	Intervention	Small groups	After School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
At Risk Support with School Counselor	Low engagement	Intervention	Small Group	During School	No
At Risk Support with Social Worker	Low engagement	Intervention	Small Group	During School	No
Collaborative Problem Solving, Tier 2 & Tier 3	Students exhibiting challenging behaviors	Intervention	One-to-one	During School	No
At Risk Support with Restorative Justice Coordinator	Making poor choices	Intervention	Small Group	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

When students are enrolled in an intervention program, families are contacted either with a letter sent home, a phone call if the service is for social/emotional support or as part of family conferences.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive updates as to their child's progress in each program during family conferences.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Upon being informed of students being assigned to an intervention, families voices are heard as to whether they would like their child to continue in this intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Currently there are 88 students in temporary housing.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

This year, a few families switched shelters, which we were only aware of by running the RATH ATS report. The number of students in temporary housing have ranged from between 75 and 85 consistently over the past year. The majority our families in temporary housing are newcomers and struggle to navigate systems such as the NYC PS, access to health insurance, and access to affordable housing. We have 25 students in shelters and more than 50 identify as doubled up.

Element 9 is a vendor that provides services to students in temporary housing, such as food and enrichment experiences. Services such as Collective Baskets and NYC Bike give away helped supplement resources for families; as did regular access to a school-based social-worker and guidance team to help navigate NYC PS systems (e.g. applying to high schools) and securing medical coverage.

Some families are living outside of the district and experience challenges commuting to/from school or increased vulnerabilities by having young adolescents (i.e., sixth graders) traveling alone and without cell phones. These

families have benefitted from access to the after school program and in more extreme cases, support finding schools closer to where they are living.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The services provided to the STH families are as follows:

School uniforms, pajamas, coats, hygiene kits, first aid kits, socks and underwear
Clean Rite laundry service gift cards
School Supplies
Attendance Improvement and Student Support
Food Assistance (ie. Element 9)
Mental Health (outside Therapy Resources)
Counseling
Medical and Vision Resources

We collect information about families from three main sources: a needs survey, a phone conference with families at the beginning of the school year, and regular check-ins with students. We use the STH Title I Survey as a reference to engage in conferences with families.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

In 2024-2025, we had one student in the foster care system. He received weekly at-risk counseling. He also received weekly therapy services outside of school on a weekly basis. He received academic tutoring through his agency as well as after school for Mathematics. In addition, he received targeted small group instruction in Mathematics during the school day.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

As we do with all of our students, we hold an intake interview. We assess their emotional and academic needs. We add them to our at-risk counseling services and we assess whether they need Tier 2 or Tier 3 intervention for academic support.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

This year, this student had a 94% attendance rate. He was considered for promotion in doubt. He planned to participate in Summer Rising but still needs a mandatory orientation. He is performing below grade level in both Math and Reading, according to his state exam scores, which are both below 2. His MAP scores indicate that he is one grade below grade level, whereas he is 3 grades below in Reading. This information tracts because he is not a dominant English language speaker. Despite this data, he is passing all of his classes and is a responsible student. On occasion, he makes poor choices, signaling a greater need for emotional support.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

All students engage in Social-Emotional Learning activities. For students in foster care, in addition to at-risk counseling, the counselor has monthly contact with the students' case manager.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

Cypress Hills Community School PS/IS 89 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Cypress Hills Community School PS/IS 89, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Throughout the school year consistent supports are provided to K-8 teachers to reinforce reading development such as the continued cycles of support provided by the Early Reading Matters (ERM) Consultant and our school-based Literacy Coach around topics such as looking at formative data to plan for instruction in foundational skills and priority standards in ELA. In addition, through grade level teacher team meetings, teachers and the literacy coach continue to customize the K-8 Wit & Wisdom ELA curriculum to emphasize learning activities that support progress in priority standards, along with implementing explicit instruction in writing.

In math, we have crafted Professional Development Plan incorporating ongoing training around the Math Practice Standards; productive
struggle in problem-solving; fluency and number sense; Eureka module studies; constructivist pedagogy in the math classroom; looking at student work; and standards-based progress monitoring, including using student and teacher data to inform differentiated PD plan for faculty members.

Teachers work in small groups monthly using a protocol to reflect on standards-based progress monitoring practices, triangulating data across sources, and looking at student work alongside teacher instructional moves accounting for student growth in priority standards and determine next steps.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Key Components of the transition plan are as follows:
1) Building collaboration: The school based social worker will collaborate with the classroom teacher and the early childhood social worker to establish transition goals and support teachers to implement them successfully

2) Improving Child Outcomes: Early Childhood Coach will collaborate with School based coaches and classroom teacher to use data including observations to better prepare teachers and students for the grade level transition

3) Partnering with families: The school based social worker will collaborate with the early childhood social worker to provide meaningful opportunities and resources that support children's development and the whole family's well being.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	539,831	x	Math, ELA
Title I, School Improvement 1003(a)	Federal	0	x	Math, ELA
Title II, Part A	Federal	12,136	x	Math, ELA
Title III, Part A	Federal	26,593	x	Math, ELA
Title III, Immigrant	Federal	15,797	x	Math, ELA
Title IV, Part A	Federal	5,491	x	Math, ELA
Tax Levy (Fair Student	Local	4,433,960	x	Math, ELA

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Sara Siddappa
Assistant Principal (Where Applicable)*	Bridgedette Castro
English as a New Language (ENL) Teacher*	Christine Lee
Teacher (if school has a bilingual program must be a bilingual teacher)*	Gaby Moya
Parent/Guardian*	Sasha Rincon
Teacher	
Parent Coordinator	
School Counselor	
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

31

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

10

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

374

Total number and percentage (%) of current ELLs:

190 (51%)

Total number and percentage (%) of former ELLs:

28 (7.5%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

150(79.8%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

26 (14.2%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

13 (6%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

4 (2.3%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

72 (33%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	ICT	Spanish															0
DLBE	x																0
DLBE																	0
				total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

All English Language Learners (ELLs) participate in the school-wide dual language program and are placed in heterogeneous classes with varying proficiency levels. In kindergarten through second grade, students receive all mandated stand-alone ENL instruction from their bilingual-certified classroom teachers during targeted small group sessions. For grades three through eight, entering and emerging ELLs receive the required 180 minutes of stand-alone ENL instruction in grade-level groups, taught by an ENL-certified teacher.

Integrated ENL:

All English Language Learners (ELLs) participate in the school-wide dual language program. In kindergarten through sixth grade, bilingual-certified classroom teachers provide all mandated units of integrated ENL instruction. Beginning in fourth grade, ELLs receive additional support during English Humanities and/or through targeted instruction from an ENL-certified teacher. Students in heterogeneous classes receive the required 180 minutes of integrated ENL during English Humanities periods.

Former ELLs continue to receive integrated ENL support during ELA. In kindergarten through sixth grade, this instruction is delivered by bilingual-certified classroom teachers, while in seventh and eighth grade, it is provided by ENL-certified teachers.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Cypress Hills Community School implements a school-wide dual language program in Spanish and English, serving all students from kindergarten through eighth grade. All English Language Learners (ELLs) participate in this program and receive their required stand-alone and integrated ENL instruction from bilingual or ENL-certified teachers.

The dual language model includes two classes per grade. In kindergarten through fourth grade, students remain with one bilingual teacher who provides instruction in both Spanish and English. From fifth through eighth grade, students switch teachers for Math, Science, Spanish Humanities, and English Humanities.

All students are placed in heterogeneous, grade-level classes that include both ELLs and English-proficient peers. Kindergarten through fifth grade follows a five-day language rotation, alternating the language of instruction every five days. From fourth through eighth grade, students receive bilingual instruction in both Math and Science. Middle school students also attend daily Spanish Humanities classes.

English Humanities for entering and emerging ELLs in grades four through eight is co-taught by a content-certified teacher and an ENL-certified teacher.

The school also offers a self-contained special education class for grades six through eight, taught by bilingual-certified special education teachers, as well as Integrated Co-Teaching (ICT) classes in all grades.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

All ELLs at Cypress Hills Community School participate in a school-wide dual language program, receiving 50% of their instruction in English and 50% in Spanish.

In kindergarten through third grade, bilingual-certified classroom teachers provide all mandated integrated and stand-alone ENL support. From fourth through eighth grade, ELLs receive their mandated support during English Humanities classes and/or through additional instruction by an ENL-certified teacher.

Entering and emerging ELLs in seventh and eighth grade receive the required 360 minutes of ENL support per week, including 180 minutes of stand-alone instruction. Transitioning and expanding students receive 180 minutes per week, delivered during English Humanities periods.

In grades K–5, bilingual teachers alternate the language of instruction weekly—English one week, Spanish the next. In Middle School, English and Spanish instruction is integrated across content areas throughout the week. Additionally, all Middle School students receive 270 minutes of Spanish Humanities instruction weekly.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

All ELLs at Cypress Hills Community School participate in a school-wide dual language program, receiving 50% of their instruction in English and 50% in Spanish.

In grades K–3, bilingual-certified classroom teachers provide all mandated ENL support, both integrated and stand-alone. In grades 4–8, support is delivered during English Humanities and/or through additional instruction by an ENL-certified teacher.

Entering and emerging ELLs in grades 7–8 receive 360 minutes of ENL support weekly, including 180 minutes of stand-alone instruction. Transitioning and expanding students receive 180 minutes per week during English Humanities.

All Middle School students also receive daily Spanish Humanities instruction (270 minutes/week).

In grades K–5, bilingual teachers alternate the language of instruction weekly—English one week, Spanish the next. In Middle School, English and Spanish are integrated throughout content area classes.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Cypress Hills Community School follows a self-contained classroom model, where students remain in one room and receive instruction in both English and Spanish from the same teacher. Classes are heterogeneous, with a mix of ELLs and English-proficient students integrated throughout the school day.

b. In which language(s) is each core content area taught?

Instruction is evenly divided between English and Spanish for all ELLs and English-proficient (EP) students. In grades K–5, teachers alternate the language of instruction weekly. In Middle School, students have daily English and Spanish Humanities and receive instruction in both languages across content areas, including Science, Math, and Social Studies. The language of instruction in Math and Science rotates weekly to ensure balanced exposure to both languages throughout the day.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Newcomers make up 80% of Cypress Hills Community School's ELL population. Kindergarten through third-grade newcomers receive both stand-alone and integrated English as a New Language (ENL) instruction from their bilingual certified classroom teachers. Fourth through eighth-grade English humanities classes are co-taught by a content-certified teacher and an ENL-certified teacher. All teachers use the Bilingual Common Core Progressions to guide differentiated instruction and assessment for these students.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Two percent of English Language Learners are Students with Inconsistent/Interrupted Formal Education (SIFE). These students, across all grades, receive differentiated and supplemental materials to support their learning. The school's Child Study Group actively monitors the progress of SIFE students and works to enhance support for classroom teachers in meeting their unique needs. For SIFE students in third through fifth grade, additional support includes Guided Reading and participation in SETSS groups when identified as at-risk.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Long-Term English Language Learners (ELLs) make up 6% of Cypress Hills Community School's ELL population. Most of these students also have IEPs and remain at the Expanding proficiency level. ELA teachers address their needs through guided reading, small group instruction, and conferencing.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Six percent of the students are former English Language Learners (ELLs). These students remain in the Dual Language program, receiving instruction in both English and their home language from bilingual certified teachers. This program ensures that students who achieve proficiency on the NYSESLAT continue to receive content area instruction and support in their home language while simultaneously developing their English skills. Based on literacy assessments and teacher observations, some of these students may also receive ongoing small group English support.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The majority of English Language Learners (ELLs) at our school have three or fewer at-risk indicators. The most common indicators include:

Scoring Level 1 or 2 on the previous year's ELA or Math exams

Living in temporary housing

Not demonstrating sufficient English language proficiency (ELP) progress on the Spring 2024 NYSESLAT

These patterns reflect our observations that most entering, emerging, and transitioning ELLs scored Level 1 on both the ELA and Math exams. Approximately 80% of our ELLs are newcomers, many of whom are at the entering or emerging proficiency levels and took the New York State ELA exam for the first time. While many students move quickly through the initial NYSESLAT proficiency levels, they often remain at the expanding level for several years before reaching commanding proficiency.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

One-third of former English Language Learners (ELLs) have no at-risk indicators, and another third have two or fewer. The most common at-risk indicators for former English Language Learners (ELLs) include the following:

Math: Former ELLs who scored Level 1 or 2 in the previous school year

ELA: Former ELLs who scored Level 1 or 2 in the previous school year

Math: Former ELLs who scored Level 1 or 2 in both the 2022–23 and 2023–24 school years

ELA: Former ELLs who scored Level 1 or 2 in both the 2022–23 and 2023–24 school years

Many former ELLs are students with IEPs. While they may demonstrate English proficiency on the NYSESLAT, they often continue to struggle with meeting grade-level standards in both ELA and Math. To support these students, targeted small group instruction and tutoring are provided to strengthen their literacy and math skills.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At Cypress Hills Community School, Spanish is the home language for all English Language Learners (ELLs). The school offers a dual language program in Spanish and English, providing core content instruction from bilingual teachers in both languages. All school programs and communications are also conducted in English and Spanish.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

All English Language Learners (ELLs) at Cypress Hills Community School identify as Hispanic. Their racial classifications are as follows: 85% American Indian or Alaskan Native, 5.5% Black, and 7.8% White.

All ELLs participate in the school-wide dual language program and are included in the implementation of Culturally Responsive and Sustaining Education (CRSE).

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In 2024, 49.7% of English Language Learners (ELLs) met their English Language Proficiency (ELP) sufficient progress target, while 50.3% did not. The majority of those who met the target did so through Method 2: Meeting their Annual Progress Target. This reflects a 10% increase in the number of students meeting ELP sufficient progress compared to 2023. In previous years, the data was less representative due to the high number of newcomer ELLs. For example, in 2023, only 50% of ELLs had sufficient data to calculate ELP progress. In 2024, that figure rose to 84%, providing a more accurate picture of overall ELP achievement. The data also includes sixth-grade students who took the NYSESLAT at different schools before transferring to Cypress Hills Community School for middle school. A closer look at NYSESLAT proficiency level results reveals that many students were within ten points of advancing to the next level. To address this trend, we will continue to support teachers in integrating listening, speaking, reading, and writing activities aligned with the NYSESLAT across all grade levels and content areas.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Speaking is the strongest modality across all grade levels, reflecting a school-wide emphasis during the 2023–2024 school year on academic conversations and increased opportunities for speaking practice across grades and content areas. In 2023, 30 students had Speaking identified as a strength; in 2024, that number increased to 54. This upward trend is also evident in other modalities. For example, in Listening, 6 students demonstrated strength in 2023, compared to 21 students in 2024. Writing showed improvement as well, with 9 students across five grade levels identified as strong writers in 2024, up from just 3 students across two grades in 2023. These gains reflect a school-wide effort to integrate listening, speaking, reading, and writing activities aligned with the NYSESLAT throughout all grades and subject areas.

Despite these improvements, students generally develop skills in receptive modalities (Reading and Listening) more quickly than in productive modalities (Speaking and Writing). Writing continues to be an area of need across all

grade levels. One contributing factor may be the emphasis on reading comprehension in standardized assessments (District 19 assessments, MAP, and NYS exams) and in the Wit & Wisdom curriculum. While some writing is embedded, the majority of instructional time is focused on comprehension. Speaking also remains a need in many grades, particularly due to the high number of newcomer students, who are still developing foundational English skills.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Overall, students' performance on the NYSESLAT aligns closely with their results on the New York State ELA and Math assessments.

In ELA, all entering, emerging, and transitioning ELLs scored Level 1 on the state exam. Expanding ELLs typically scored a Level 1 or 2. Students who met grade-level standards on the ELA exam were all commanding-level ELLs who had demonstrated English proficiency on the NYSESLAT.

In Math, performance improved significantly across all proficiency levels. While most entering students still scored a Level 1, there were students at every proficiency level who scored a 2 or 3. Notably, more emerging and transitioning students scored a Level 3 than in previous years. This marks a positive shift from past trends, where only expanding or commanding students approached or met grade-level standards on the Math exam.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

According to the 2024 NYSESLAT results, the majority of ELLs with IEPs were distributed across the emerging, transitioning, and expanding proficiency levels, with an average of 17 students at each level. Five students reached the commanding level. These results indicate that many ELLs with IEPs progress steadily through the entering, emerging, and transitioning stages but tend to remain at the expanding level for a longer period. Students with Interrupted Formal Education (SIFE) made up 10% of ELLs at the emerging level.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Cypress Hills Community School implements a school-wide dual language program in Spanish and English. All English Language Learners (ELLs) in the program receive their required stand-alone and integrated English as a New Language (ENL) instruction from bilingual or ENL-certified teachers. In grades 4–8, ENL teachers provide integrated support during English Language Arts (ELA) using the Wit & Wisdom curriculum. Literacy instruction in grades K–2 follows the Into Reading/Arriba la Lectura curriculum. The school uses Eureka Math and Passport Social Studies curriculums in both English and Spanish.

Across all grade levels, teachers use scaffolds like graphic organizers, chunked texts, and visual glossaries to ensure the curriculum is accessible to every student. During the 2023–2024 and 2024–2025 school years, teachers worked to incorporate academic conversation protocols into instruction across all subjects, including art and physical education.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Cypress Hills Community School implements a school-wide dual language program in Spanish and English. All Multilingual Learners (MLs)/English Language Learners (ELLs) participate, receiving required stand-alone and integrated English as a New Language (ENL) instruction from bilingual or ENL-certified teachers. The program's design ensures MLs/ELLs are fully considered in the school's instructional planning. Administrators, instructional coaches, and the ENL Coordinator meet weekly to review student data, identify trends, determine additional ENL support, organize support cycles, and coordinate professional development to make the core curriculum accessible to ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the

Next Generation Learning Standards.

Cypress Hills Community School employs a dual language program that alternates between English and Spanish instruction.

In kindergarten through fifth grade, bilingual certified classroom teachers rotate the language of instruction weekly: one week is entirely in English, and the next is entirely in Spanish. Middle School students receive both English and Spanish instruction in their content area classes throughout the week. This ensures all English Language Learners (ELLs) at Cypress Hills Community School receive 50% of their instruction in English and 50% in their home language.

Across all grades and classes, teachers plan and deliver instruction using Next Generation standards-aligned curricula and texts. These include Into Reading/Arriba la Lectura for kindergarten through second grade and Wit & Wisdom for grades three through eight. To help ELLs meet the demands of the Next Generation Learning Standards, teachers provide various scaffolds, such as graphic organizers, visuals, chunked texts, and small group instruction.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

All ELLs with IEPs participate in the school-wide dual language program, which includes K–8 ICT classes and one self-contained middle school class. Bilingual-certified teachers (K–3) and ENL teachers (4–8) provide mandated ENL services alongside special education teachers, ensuring access to grade-level content through combined instructional supports.

Across all grades, teachers plan and implement instruction using Next Generation-aligned curricula like Eureka, Wit & Wisdom, and Into Reading/Arriba la Lectura. These resources foster ELLs' academic vocabulary and oral language through activities such as explaining work and participating in Socratic Seminars. Teachers further differentiate with Newsela for varied English and Spanish reading materials.

Every classroom has laptops and SMART boards, and our library offers a diverse selection of English and Spanish books. Teachers create graphic organizers and other materials to differentiate for ELLs, and RAZ-Kids provides leveled reading in both languages for individual and small group assignments.

In kindergarten and first grade, the Estrellita Accelerated Spanish Reading Program builds foundational Spanish literacy, while Fundations and Heggerty support English phonemic awareness. Teachers use progress monitoring data to flexibly group ELLs, extending Estrellita's use for those needing more time. This program serves as a bridge, laying a strong Spanish literacy foundation that aids English skill transfer and reading comprehension. Students also use Duolingo and BrainPOP ELL for extra language practice.

b. SIFE

All ELLs at Cypress Hills Community School are part of the Dual Language program, receiving instruction in both English and their home language from bilingual certified teachers.

SIFE students across all grades receive differentiated and supplemental materials. The school's Child Study Group

actively monitors SIFE students' progress, working to enhance classroom teachers' ability to address their unique needs. Additionally, SIFE students in third through eighth grade receive targeted small group instruction and are often included in SETSS groups due to their at-risk status.

c. Newcomers

All newcomers at Cypress Hills Community School are integrated into the Dual Language program, receiving instruction in both English and their home language from bilingual certified teachers.

For newcomers in kindergarten through second grade, stand-alone and integrated English as a New Language (ENL) instruction is provided by their bilingual certified classroom teachers. Additionally, newcomers in fourth through eighth grade benefit from co-taught English humanities classes, led by both a content-certified teacher and an ENL-certified teacher. Teachers utilize the Bilingual Common Core Progressions to guide differentiated instruction and assessment for all newcomers.

d. Long Term ELLs

Long-term ELLs at Cypress Hills Community School are integrated into the Dual Language program, receiving instruction in both English and their home language from bilingual certified teachers. During English Language Arts (ELA), teachers address the needs of these students through small group instruction and conferencing.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

All ELL-SWDs are part of the Dual Language program and thus receive both English and home language instruction from highly qualified providers, bilingual special education certified teachers, who make decisions about how to effectively adapt curricular resources in order to support students in meeting their goals. As a school with dual language ICT in every grade, as well as a separate bilingual SETSS provider, we are well-equipped to foster flexible scheduling where appropriate for particular students.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Cypress Hills Community School's dual language model ensures all students are assessed in Spanish. They complete curriculum-based assessments in Spanish across all core content areas. Specifically, students in kindergarten through fifth grade are assessed using mCLASS Lectura throughout the year. Additionally, third through eighth graders take the Measures of Academic Progress (MAP) Spanish reading assessment three times annually.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

All instruction at Cypress Hills Community School is conducted in English and Spanish. There are no additional language electives offered. Seventh and eighth graders have the opportunity to earn Spanish language proficiency credits.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

In grades four through eight, multiple co-planning periods are scheduled each week to ensure that ENL teachers have dedicated time to collaborate with grade-level teams and plan integrated ENL instruction. In grades kindergarten through three, bilingual-certified teachers provide ENL support within the classroom. All teachers participate in a scheduled weekly grade-level planning period, and collaboration is further supported through the sharing of ENL instructional materials via the school's Google Drive. Additionally, professional development opportunities, including workshops and Professional Learning Communities (PLCs), foster collaboration and the exchange of best practices among educators.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Professional development (PD) at Cypress Hills Community School is grounded in best practices for language acquisition, which have proven effective for a wide range of student learning profiles. As a school-wide dual language program, it is essential that content-area specialists are also knowledgeable in language development. To support this model, both the math and literacy coaches are bilingually certified educators, and the ELL Coordinator is an integral member of the professional development team.

This team meets weekly with individual teachers and grade-level teams through various collaborative structures designed to support co-planning and vertical alignment. These sessions focus on analyzing student work, studying content through a language development lens, and adapting instruction to meet the needs of diverse learners. Key areas of emphasis include curricular adaptations, assessment design, and the careful selection of supplemental materials to support a wide range of literacy levels within each classroom.

In addition, mandated professional development time is dedicated at least monthly to mathematics. These sessions focus on building common academic language in Spanish across grade levels and ensuring continuity in instructional strategies aligned with the Mathematical Practice Standards and related learning progressions.

Professional Learning Communities (PLCs), facilitated by the math coach for grades 3–8, focus specifically on modifying the math curriculum to support newcomers and Students with Interrupted Formal Education (SIFE) who have significant gaps in content knowledge and foundational skills. These sessions include reviewing assessment data, analyzing ELL proficiency levels, and using the Bilingual Common Core Progressions to differentiate both instruction and assessment for language learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

In order to meet the mandated Continuing Teacher and Leader Education ELL specific hours, information is shared with teachers via email when opportunities are available through the NYC Regional Bilingual Education Resource Network (RBERN) or through the DOE.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

All students are assessed in both their home language and English (Spanish and English for all students). In grades K–3, students are assessed using Acadience, while students in grades 3–8 take the MAP Reading Assessment in English. Additionally, students in grades 3–8 are assessed in Spanish reading using the MAP Reading Assessment in Spanish.

Benchmark data is used to inform classroom groupings and identify students in need of academic intervention services. Ongoing progress monitoring assessments help guide instructional grouping decisions. Teachers use formative assessment data to implement flexible grouping, differentiate instruction, monitor progress, and develop targeted intervention plans. In alignment with current research, our data shows that students tend to make faster progress in their home language than in English during the initial years of instruction. The dual language model supports this development by delivering content in the home language and emphasizing academic conversations.

.
Math assessments are conducted in students' dominant language. In grades K–2, classroom assessments are administered monthly, and in grades 3–8, bimonthly. In addition, students take the MAP Math Assessment in English or Spanish three times per year to track academic growth and inform instruction.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

In kindergarten through fifth grade, students receive targeted small group instruction based on a variety of assessment data, including MAP assessments and English language proficiency assessments. Students in grades six through eight also receive targeted small group instruction in math.

In English humanities classes for grades four through eight, newcomer students benefit from a co-teaching model, with instruction provided by both a content-certified teacher and an ENL-certified teacher. Across all grade levels, classroom teachers use literacy assessments, math LTAs, student conferencing, and classroom observations to differentiate instruction and guide small group instruction within the content areas. Intervention programs are offered in both English and Spanish, tailored to meet students' individual language and academic needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At Cypress Hills Community School (CHCS), instruction for English Language Learners (ELLs) in grades K–8 is guided by data within a Multi-Tiered System of Supports (MTSS). All ELLs are initially screened using the Home Language Identification Survey and the NYSITELL. As part of the school's dual language program, ELLs receive core instruction from bilingually certified teachers, many of whom are also special educators serving students in ICT classrooms, the self-contained class, or through SETSS.

All classroom teachers and middle school content-area teachers have received training to work effectively with both ELLs and students with IEPs. These educators regularly engage in inquiry cycles supported by grade-level teams and instructional coaches, using a range of data sources—including classroom observations, student work, and both historical and current assessment data—to inform instructional planning. This data is used to design modifications, form small groups, and provide targeted academic interventions as needed.

Students requiring Tier 2 supports receive additional small group instruction within the classroom and during designated academic intervention periods. Instruction is differentiated and supplemented based on individual student needs. Progress is monitored using NYSESLAT scores, NYS Math results, and literacy assessments in reading and writing to evaluate both individual growth and the overall effectiveness of ELL instruction. This data also informs decisions about adjustments to core instruction and program design.

Students who do not respond to Tier 2 interventions are referred to the Child Study Group for Tier 3 intensive support. This includes students who are reading more than two years below grade level in their home language (e.g., Spanish), or who, after more than two years of ENL service, still score at the "Entering" level on the NYSESLAT.

The Child Study Group, composed of three bilingually certified teachers, a bilingual guidance counselor, a bilingual social worker, and the IEP coordinator, conducts low-inference classroom observations, reviews student work with classroom teachers, and develops individualized goals and action plans. These plans are monitored in 10-week cycles to assess instructional effectiveness and determine if further adjustments are needed.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

All students are assessed in both their home language and English (Spanish and English for all students). In math, students in grades K–2 are assessed monthly using classroom-based assessments in their dominant language, while students in grades 3–8 are assessed bimonthly. Additionally, all students take the MAP Math Assessment in English or Spanish three times per year.

In literacy, students in kindergarten through third grade are assessed in English using Acadience. Students in kindergarten through fifth grade are assessed using mCLASS in both English and Spanish. Students in grades 3–8 also take the MAP Reading Assessment in English and Spanish three times a year. Formative assessments, including Wit & Wisdom Focus Questions and Tasks, provide further insight into student progress. Teachers use this data to create flexible groups, differentiate instruction, monitor progress, and develop targeted intervention plans.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

All assessment data is recorded in a shared Google Drive, accessible to teachers, instructional coaches, and administrators. This data is used to inform differentiation, guide small group instruction, and monitor student progress throughout the year. Teachers regularly meet with coaches to analyze data and address specific instructional needs. Students in grades 3–8 are assessed in both English and Spanish using the MAP Reading Assessment three times per year. Because content area instruction and assessment are delivered in both languages, teachers also assess student progress in their home language across math, science, and social studies on a regular basis.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Results from the NYSESLAT, NYS ELA, and NYS Math exams are used to evaluate the effectiveness of the ELL program at Cypress Hills Community School. NYSESLAT data is particularly valuable for determining the allocation of ENL resources and identifying which classes or students require additional support. For instance, while bilingual-certified teachers provide ENL instruction in grades K–6, the school has strategically added integrated co-teaching with an ENL-certified teacher in grades 4–6. This decision was based on analysis of NYSESLAT and ELA exam scores, which indicated a need for enhanced support at those grade levels.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The ELL Coordinator has dedicated coordination periods for organizing and coordinating the administration of the NYSESLAT.

Classroom teachers administer the Speaking test to students from the other class on their grade level. For Sessions 1–3, students are grouped by grade level or testing band. Teachers from kindergarten through eighth grade administer these sessions.

Testing is scheduled in two-period blocks across three separate days, allowing for efficient administration with minimal disruptions to instruction.

The ELL Coordinator and a team of classroom teachers score the NYSESLAT exams after school. This schedule ensures that teachers can continue to provide mandated services during the regular school day throughout the testing period.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ELL Coordinator maintains a comprehensive data document that includes proficiency levels and testing accommodations for all current and former ELLs. This document is shared with the entire staff. The ELL Coordinator also reviews testing rosters for state assessments and the SHSAT to ensure that all eligible students receive their mandated accommodations.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

All students enrolling at Cypress Hills Community School are automatically part of the dual language program. During the enrollment process, parents watch the ELL Orientation video, ask questions and receive information about the school expectations for English Language Learners to ensure they have information about all three program models before enrolling in the dual language program. During this time parents also receive information to help them understand the rights and resources available to families of multilingual learners. The school maintains attendance for this orientation. Bilingual staff provide the Orientation in both English and Spanish.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

The ELL Coordinator will lead a workshop for all classroom teachers to outline expectations and share resources for conducting annual individual meetings with families. This workshop will include a slide deck that teachers can use to ensure consistency across meetings. The presentation will cover key topics such as program goals, student progress in language development, English language proficiency assessment results, and language needs across content areas.

Prior to scheduling meetings, teachers will have the opportunity to review relevant student data. Classroom teachers and ENL providers will hold individual family meetings during parent engagement time within a designated window and will record attendance in a shared Google spreadsheet. Utilizing parent engagement time provides teachers with flexibility to schedule meetings at times that are most convenient for families.

All staff members are bilingual in English and Spanish and are able to conduct meetings in the parent's preferred language.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Cypress Hills Community School ensures all parents are well-informed by providing all school publications—including information posted at the entrance, pamphlets, newsletters, the school website, and letters—in both English and Spanish. These materials apprise parents of important upcoming events such as testing dates, school events, and open school nights.

Given our school-wide dual language program, nearly all staff are bilingual, allowing meetings, conferences, and workshops to be conducted seamlessly in both English and Spanish.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Cypress Hills Community School actively encourages parent participation through various initiatives. Parent Teacher Collaborative (PTC) meetings are scheduled with a rotating system (morning and evening sessions) to accommodate diverse parent availability. These meetings are conducted in both English and Spanish, with additional accommodations for parents with disabilities to ensure their full participation.

Beyond monthly PTC meetings, parents are invited to culminating celebrations highlighting their child's achievements, such as band concerts, family art nights, final artist residency performances, and moving-up ceremonies.

ELL parents are represented on the School Leadership Team (SLT), where they collaborate with other stakeholders to discuss instructional goals and school functions. SLT members are also invited on learning walks to observe curriculum implementation and how ELLs are supported through small groups, language acquisition strategies, and integrated checks for understanding. Feedback from these sessions is encouraged to better support ELL parents.

Our Parent Coordinator maintains an open-door policy to help ELL families access essential community resources, including food pantries, housing assistance, and legal support.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All school communications—including posted notices, pamphlets, newsletters, the school website, and parent letters—are used to inform families about important upcoming events such as testing dates, school functions, and Open School Night. These materials are provided in both English and Spanish.

Due to our school-wide dual language program, most staff members are bilingual. As a result, meetings, conferences, and workshops are conducted in both English and Spanish.

Parents are encouraged to attend Parent Teacher Collaborative (PTC) meetings, which follow a rotating schedule developed in partnership with PTC leadership to accommodate varying parent availability. All PTC meetings are bilingual.

We also make accommodations for parents with disabilities to ensure full participation in school activities.

In addition to monthly meetings, families are invited to attend culminating events celebrating student achievements, such as band concerts, Family Art Night, final artist residency performances, and moving-up ceremonies.

English Language Learner (ELL) parents are represented on the School Leadership Team, which collaborates with other stakeholders on instructional goals and overall school planning.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Cypress Hills Community School has partnered with Young Audiences of New York to provide artists residencies in elementary school classes. The school also partnered with a social justice consultant to support teachers in developing a more culturally responsive Social Studies curriculum and incorporating social justice into instruction across grade levels and content areas. Teachers also participated in PLCs and individual coaching sessions with Atara Boker to develop instructional practices that support ELLs linguistic development.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The identification team consists of the ELL Coordinator, ENL teachers, and the Literacy Coach. When a new student is enrolling, the Parent Coordinator or school secretary notifies a member of the team.

A team member then assists the parent in completing the Home Language Identification Survey in their preferred language and conducts an interview with both the parent and student in English and the home language.

Based on the results of the survey and interview, the ELL Coordinator determines whether the student is eligible for the NYSITELL assessment. If the student is eligible, an ENL teacher administers the exam.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

When a new student enrolls, the Parent Coordinator or school secretary notifies the ELL Identification Team. A team member assists the parent or guardian in completing the Home Language Identification Survey (HLIS) in their preferred language and conducts an interview with both the parent and student in English and the home language. Based on the HLIS and interview, the ELL Coordinator determines the student's eligibility for the NYSITELL. If the student is eligible, an ENL teacher administers the NYSITELL exam. NYSITELL notification letters are sent home. If the student has an IEP, the LPT team meets to determine NYSITELL eligibility. f the student is eligible, an ENL teacher administers the NYSITELL exam.

The ELL Coordinator has designated periods each day for identification and compliance responsibilities. When the coordinator is unavailable, another team member is notified to ensure continuity. ENL teachers support the process only during scheduled periods to minimize disruption to instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Sara Siddappa

Part IX: LAP Assurances

LAP Assurances Page

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Arely	Mayen	Parent Coordinator - Annual	02/13/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ENGLISH	95	15.30%	88	14.52%		
SPANISH	526	84.70%	518	85.48%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

100

Grades to be served in this program. Select all that apply.

,1,2,6,7,8,3

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

7

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

As a school-wide dual language program, the Cypress Hills Community School (CHCS) uses ELL students' progress in the NYSESLAT and the NYS ELA results as well as the academic screeners such as MAP Growth in English and Spanish reading and for GK-3 in Acadience and mClass determine the sub-groups for each grade identified for the afterschool supplemental instructional program offered. Teachers use this data, as well as student results on standards based graded tasks documented in the Otus Learning Platform to form the targeted groups, those with common needs based on progress and skills achieved.

For SY2526 the school will be offering a 10 week targeted small group instructional program, language of instruction will be English. 100 students will be serviced through this after school academic program by 10 teachers with a ratio of one teacher to 10 students. Teachers will utilize researched based intervention programs such as Sound Sensible, SPIRE, Fundations (double dose), STARI. Attendance at these programs will be managed by the school administration with teacher and student attendance documented in a shared Google file. Supplemental materials to support these programs including printing and digital subscriptions; however no more than 20% of the total allocation will be used for this category. The supervision of the program will be at no cost to the Title III LEP plan.

The anticipated schedule for the initial 10 week program is as follows:
- Commence week of 9/29; notify families of baseline data
- Sessions are 3 times/week for 5 consecutive weeks
- Teachers will monitor student progress weekly and make adjustments to groupings at the 5 week mark (e.g., while this is tier 2, if the intervention is not a right fit and no progress is achieved, then the student may be moved to a tier 3 intervention during the regular school day); families will be given progress reports at the half-way point.
- Conclude the week of 12/1
- Teacher teams will meet during the month to identify updated groupings/interventions for Tier 2 after-school in anticipation of round 2 programming to begin in January 2026; repeating the above outline.

Moreover, students enrolled in the Cypress Hills Learning Center's after school program from 2:20 pm to 5:15 pm, Monday through Friday, are offered a learning lab/homework help including targeted practice using Edmentum digital platform/student individual pathway or assigned tasks from their classroom teachers for math and ELA.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Review of ELL students' progress using multiple measures and data demonstrates the need to provide multi-tiered level of support, including foundational skills for letter-sound and decoding as well as increased repetitions with targeted skills to solidify learning. This intervention is provided by bilingual certified teachers familiar with the students and/or the content and programs used in order to positively impact student growth and achievement.

In particular, fluency is a core area that needs addressing. For students in G1-3, a key underpinning of their fluency needs include attention around sight word recognition; and in the upper grades high utility academic vocabulary. Thus the adoption of STARI to address these skills in students in the upper grades.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

G6-8: (70 students)
Approx 30 Expanding ELLs
Approx 25 Transitioning ELLs
Approx 20 Emerging ELLs

G1-3 (30 students)
Approx 10 Expanding ELLs
Approx 20 Expanding ELLs

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will take place afterschool on Tuesdays, Wednesdays and Thursdays, from 2:30pm - 3:30pm, for 10 week intervention cycles (October - December; and January - March)

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction is English

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

7 bilingually certified (or bilingual special education)
3 ENL

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Teachers will utilize researched based intervention programs such Sound Sensible, Fundations (double dose), SPIRE and STARI. Supplemental materials to support these programs including printing and digital subscriptions; however no more than 20% of the total allocation will be used for this category.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Shared Google Drives document the number of ELLs in each classroom along with a description of their language proficiency levels. In addition, school-wide schedules are documented in the CHCS 2526 shared Google Drive. All

teachers, including bilingual teachers and ENL certified teachers' programs are documented.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

SY2526 will see all staff continue to build on our foundations of from the C6 Biliteracy Framework. Through the explicit use of the four language domains (speaking, writing, reading and listening) plus meta-linguistic awareness, emergent bilingual students will have the opportunity to engage with grade level content and the language of that content area. Moreover, teachers across grades K-8 and across subject areas will harness their dedicated weekly grade-team meetings to identify high-utility vocabulary that will drive formative assessment throughout the progress-monitoring window and yield specific data for teachers around students' language acquisition.

At no cost to program, coaches and consultants will provide professional development that supports the school-wide goal of fine-tuning instructional routines that support differentiate instruction for English Language Learners.

- The support provided by coaches and consultants includes co-planning, modeling and data analysis on a weekly basis. For example, we have contracted an Early Reading Matters Consultant to provide a cycle of support for K-3 teachers on how to use the Early Reading Assessment tools to understand where and how students are reading to inform improvements in pedagogy. Likewise, support is provided through mClass around progress monitoring in both program languages. Students, including immigrant students, are then flexibly regrouped to provide targeted instructional support, such as in the academic program.
- In addition, K-3 bilingual certified teachers and intervention providers for grades 4-8 receive training in Lexia LETRS (Language Essentials for Teachers of Reading and Spelling) to teach the skills needed to master the foundational and fundamentals of reading and writing instruction--phonological awareness, phonics, fluency, vocabulary, comprehension and written language.
- A school-wide SY2526 Professional Development Calendar exists in a shared Google Drive. The calendar documents the differentiated professional development groups for the entire staff including use of the "Weekly Data Meting" protocol during grade-team meetings to look at student work, plan specifically given trends, and revisiting the outcomes the following week. In addition, weekly workshops for staff will address a range of related topics such as Science or Reading for grades 4-8 teachers including non-reading teachers; as well as core academic linguistic skills as part of our work with ENL District lead.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The C6 Biliteracy framework is designed to strengthen teacher's lesson planning to create greater access to grade level standards for all our students. School wide professional development is provided to support teachers with instructional strategies that differentiate instruction for English Language Learners.

The shift this year is around deepening our work with the 4+1 language modalities, making use of insights from the Science of Reading, and related PDs we will offer to G4-8 teachers across content, while continuing the foundational literacy work with teachers in GK-3. In particular, by honing in on a goal of expanding student written and verbal vocabulary, teachers will be guided to focus on core academic linguistic skills (CALS), or the specific language abilities needed for school-based learning across various subjects, such as understanding and using complex words and sentences, with explicit attention to morphology and syntax, which are crucial for comprehending and producing academic texts.

Teachers are being provided professional development with the focus on increasing instructional strategies that differentiate instruction for English Language Learners based on these ideas. This professional development starts with a focus in the early grades (Kindergarten to Third grade) understanding who and how are students are performing in reading, then with data collected, the teachers are able to create strategic small flexible groups that are targeted to support student needs, this is inclusive of immigrant students. Additionally, teachers across grades K-8 engage in a Looking at Student Work protocol with coaches/consultants/administrators during weekly data meetings to account for adequate and differentiated scaffolds in learning activities. Finally, teachers in the after school program will engage in professional practices to build their capacity to reflect on student progress and draw connections between student progress in the afterschool program and its impact on classroom performance for the student.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

A school-wide 2526 Professional Development Calendar exists in a shared Google Drive. The calendar documents the differentiated professional development groups for the entire staff, such as Assessment Design, Data Analysis, and Early Literacy Strategies.

The support provided by coaches and consultants includes co-planning, modeling and data analysis on a weekly basis.

- For example, we have contracted an Early Reading Matters Consultant to provide a cycle of support for K-3

teachers on how to use the Early Reading Assessment tools to understand where and how students are reading to inform improvements in pedagogy. Likewise, support is provided through mClass around progress monitoring in both program languages. Students, including immigrant students, are then flexibly regrouped to provide targeted instructional support, such as in the academic program.

- In addition, K-3 bilingual certified teachers and intervention providers for grades 4-8 receive training in Lexia LETRS (Language Essentials for Teachers of Reading and Spelling) to teach the skills needed to master the foundational and fundamentals of reading and writing instruction--phonological awareness, phonics, fluency, vocabulary, comprehension and written language.

-Teacher participating in the afterschool academic program will receive training in the specific academic intervention programs that will be utilized; in particular for STARI, a literature-focused, Tier II intervention for students in grades 6 and up who read two or more years below grade level; it addresses gaps in fluency, decoding, reading stamina, and comprehension

- A school-wide SY2526 Professional Development Calendar exists in a shared Google Drive. The calendar documents the differentiated professional development groups for the entire staff including use of the "Weekly Data Meting" protocol during grade-team meetings to look at student work, plan specifically given trends, and revisiting the outcomes the following week. In addition, weekly workshops for staff will address a range of related topics such as Science or Reading for grades 4-8 teachers including non-reading teachers; as well as core academic linguistic skills as part of our work with ENL District lead.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

A school-wide SY2526 Professional Development Calendar exists in a shared Google Drive. The calendar documents the differentiated professional development groups for the entire staff including use of the "Weekly Data Meting" protocol during grade-team meetings to look at student work, plan specifically given trends, and revisiting the outcomes the following week. In addition, weekly workshops for staff during the Monday PD block (3-4 p.m.) will address a range of related topics such as Science or Reading for grades 4-8 teachers including non-reading teachers; as well as core academic linguistic skills as part of our work with ENL District lead.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

SY2526 topics will include:
- ENL Data analysis and instructional strategies
- Early Reading Matters assessment tool
- Progress Monitoring and determining instructional next steps

- Literacy and Math Module Studies
- NYS Test Familiarity
- Science of Reading
- Core Academic Linguistic Skills (CALS)
- Advanced Literacies Hallmark 4: Study a Small Set of High-Utility Vocabulary/Words needed to master language and content

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

School Based Instructional Coaches, including ENL Coordinator; Consultant Early Reading Matters; Lexia LETRS Consultants, mClass consultant; D19 ENL Lead (re: CALS);

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Documentation of school-wide professional development, including professional development to support ELL instruction will be documented in a shared Google Drive.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At no cost to program, for School Year 2025-2026 the Cypress Hills Community School offers multiple virtual and in-person parent engagement activities for all parents and guardians including parents of immigrant students targeted towards creating a connected and caring community. For example, this year in October we will include a Multi-Lingual Learner Family Night to celebrate ELLs and Spanish-language Learners in our school-wide Dual Language setting. The event will include necessary resources for families of ELLs regarding their mandated services as well as strategies for improving Spanish-language practices and a cultural celebration with music and dance workshops for all.

We will continue to emphasize our school's commitment to SEL by practicing SEL-based routines and building on prior tools. We are adding the Positive Behavior Incentive System (PBIS) Rewards which includes a school-wide approach to naming and celebrating positive behaviors aligned to our school values of C.A.R.E. (communication, accountability, respect, effort); and includes daily check-ins through a digital platform using a RULER-based mood meter. Family workshops to provide an orientations will take place in the fall with follow-up sessions including explicit ongoing work around collaborative problem-solving tools and the Peace in the Family workshops to support increased communication, positive and productive dialogue and articulation of feelings and experiences. All of which simultaneously aligns with our commitment to SEL while fostering increased and purposeful language use.

Virtual supports will continued to be provided by our school-based social worker and our Family Outreach Team for digital platform orientation (Edmentum, Otus, Google Drive); as well as trainings and support with NYCPS systems (NYCSA, myschools).

The following family workshops will be offered in person:
*Curriculum Nights (MLL, Math, Literacy, Science)
*Arts Family Nights (Artist in Residency, Band Performances, Visual Art Show)
*Family Fitness Nights (Sports, Zumba, Dancing)

Furthermore, as partners with Urban Advantage, the school offers fieldtrips to cultural institutions (e.g. Brooklyn Botanic Garden, Museum of Natural History, Hall of Science) to support science education and investigations.

All workshops are offered in English and Spanish. The school's Parent Coordinator, who is bilingual, reaches out to parents via email, GAMA and WhatsApp to communicate about school events and ensure that parents' needs are heard. All school communication is in English and Spanish.

A Family Outreach calendar exists in a shared Google Drive. The calendar documents the family supports offered.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

In addition to the above notes regarding our commitment to SEL, family survey results and discussions with family representatives in the SLT reflect increased satisfaction in in-person events and increasingly interactive events (such as the parents vs. students soccer game in the fall of 2024; and the math family night that featured baking and math with pizza). As a result, we are building onto existing practice to refine the opportunities we make available to families to ensure we foster opportunities for connection, instruction, and capacity-building.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Last Thursday of each Month (typically)
Minimum 3 sessions
90 minutes/session
8/27/25, 9/25/25, 10/29/25 5:30 - 7:00 p.m.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

August Welcome Back activity included building tours, distribution of school supplies and uniforms, confirmation of students' official class, and introductions of support team (principal, guidance counselor, ENL coordinator, parent coordinator)

September Family Workshop included our Literacy Inc partner and Brooklyn Public Library who distributed materials and announced future workshops; introduction to the Parent Teacher Association, the Assistant Principal, and some

teachers (science cluster, after school staff).

October Family Workshop included a cultural celebration through food, dance, music; a focus on literacy instruction through games in English and Spanish; and ENL-specific workshop for new families regarding ENL instruction; with teacher representatives facilitating activities including early childhood bilingually certified general education and special education, elementary bilingually certified general education and special education; and middle school ENL provider and bilingually certified teachers.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

August Welcome Back activity included building tours, distribution of school supplies and uniforms, confirmation of students' official class, and introductions of support team (principal, guidance counselor, ENL coordinator, parent coordinator)

September Family Workshop included our Literacy Inc partner and Brooklyn Public Library who distributed materials and announced future workshops; introduction to the Parent Teacher Association, the Assistant Principal, and some teachers.

October Family Workshop included a cultural celebration through food, dance, music; a focus on literacy instruction through games in English and Spanish; and ENL-specific workshop for new families regarding ENL instruction; with teacher representatives facilitating activities including early childhood bilingually certified general education and special education, elementary bilingually certified general education and special education; and middle school ENL provider and bilingually certified teachers.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Emails, Whatsapp PTA Group announcement, Monthly Calendar distributed and posted online, and phone calls for target families; and all communication about events and during events is consistently provided in English and Spanish reflective of the language needs in the community.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All Family Engagement Activities will be documented in a shared Google Drive. In addition, flyers, attendance and agendas will be maintained by the Parent Coordinator in a file and digitally.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Grades to be served in this program. Select all that apply.

,1,2,6,7,8,3,K,4,5

Total number of teachers in this program:

3

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

1. The school is hosting a daily morning Learning Lab from October through May for students in K-8 who can self-select or can be recommended by either a parent or a teacher to engage in additional recommended practice per their individualized Learning Path in the Edmentum Digital Platform for ELA skills and/or math skills. The teacher facilitator hosts the Learning Lab from 7:30 - 8:00 a.m. in the library right off the lobby where morning line-up takes place; he tracks attendance including "Frequent Flyers" who are recognized for their extra efforts; and monitors individual engagement; including providing 1:1 coaching as needed based on the dashboard notifications in the platform.

Attendance fluctuates from 16-24 students/daily for 10-25 minutes per student; students K-8 work individually; and benefit from the consistent time, space, devices, and reliable internet access. Consistent with our population,

approximately 1 of every 2 student participants is an ELL. Title III immigrant funding supplements per session costs for 1 teacher.

2. The school is partnering with Brain Trust tutors to provide a High Impact Tutoring program in ratios of 1:4 for students in K-3 in literacy; and for students in G6-8 in math for 8-10 weeks starting in December through May. Title III immigrant funding supplements program costs for the Brain Trust provider. Additional bilingually certified classroom teachers work with the students at no additional coast to the program. In total 32 students selected for the Braintrust program require Tier 2 intervention. These students will meet in their targeted small groups 4 times/week for ELA during the dedicated "What I Need" (WIN) 45-minute period for K-3; and after school 3 days/week for a 45-minute block for math for 6-8th grade.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

PS 89 Cypress Hills has 191 students that are identified as English Language Learners, the vast majority of whom are immigrants from Spanish speaking countries and are in grades K-8 (144 students or 75% of our ELLs). In particular, since the middle school program is a Newcomer Program, almost 65% of students in in grades 6-8 are ELLs and over 50% are immigrants with 3 years or less in the country.

Per Acadience fall data (and MAP Growth data for Grade 3), immigrant students in K-3 are not performing at grade level yet in English reading skills, which is consistent with their relatively short time in the country in some cases. While student manage the added demand of simultaneously developing academic Spanish, due to the additional load, students benefit from more time to practice skills with an expert coach and/or in targeted small groups of 8 or less with their bilingually certified teachers when additional staff are allocated to support during particular periods each day.

Similarly, per MAP Growth fall data, approximately 80% of ELL students in 6-8 are not performing at grade level yet in math; again most of these students are newcomers with limited time in the country. While students can test in their dominant or preferred language for math, and several are approaching grade-level, students benefit from additional practice and feedback with an expert coach.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

1. Academic Mornings: Learning Lab

Total Number Varies as students self-select, K-8, as described above; approximately 50% of participants are ELLs with a range of proficiency levels; and on average 16 - 24 students participate daily (M-F), October onward.

2. High Intensity Tutoring with Brain Trust

Total Number K-2 is 20 students; 12 ELLs (Transitioning/Expanding); and 12 students 6-8; where 8 are ELLs (Transitioning/Expanding).

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

1. The school is hosting a daily morning Learning Lab from October through May for students in K-8 who can self-select or can be recommended by either a parent or a teacher to engage in additional recommended practice per their individualized Learning Path in the Edmentum Digital Platform for ELA skills and/or math skills. Attendance fluctuates from 16-24 students/daily for 10-25 minutes per student; students K-8 work individually; and benefit from the consistent time, space, devices, and reliable internet access. Consistent with our population, approximately 1 of every 2 student participants is an ELL. Title III immigrant funding supplements per session costs for 1 teacher.

2. The school is partnering with Brain Trust tutors to provide a High Impact Tutoring program in ratios of 1:4 for students in K-3 in literacy; and for students in G6-8 in math for 8-10 weeks starting in December through May. These students will meet in their targeted small groups 4 times/week for ELA during the dedicated "What I Need" (WIN) 45-minute period for K-3; and after school 3 days/week for a 45-minute block for math for 6-8th grade.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for all named programs will be English. Students benefit from a bilingually certified teacher facilitator for the Academic A.M. program; as well as targeted small groups made up for students with like needs and strengths and curated content based on the precise skills to push student capacity for literacy and/or math grade-level standards.

Number and Types of Certified Teachers

For each Title III Immigrant funded program, include number and type(s) of certified teachers.

1 bilingually certified teacher faciliates Academic A.M.s

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials will be at no additional cost to the program. They include Braintrust materials such as workbooks/notebooks; as well as school based materials used during targeted small group work such as SPIRE and Fundations. All materials will be stored in the K-2 classrooms respectively and in the middle school math classrooms.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

The Assistant Principal and the Math Coach will maintain student progress in a shared google drive.
Progress monitoring will be reflected in student Edmentum Exact Path; as well as through Brain Trust progress monitoring tools captured and reported back by the assigned tutors; and ultimately in student progress in the Acadience Lit assessment (K-3); and the MAP Growth Math assessment (6-8).

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

During SY 2024-2025, we continue to offer professional development to all teachers, including those participating in the Title III immigrant program initiatives.

All professional development will be at no cost to the Title III immigrant program.

Springboard teachers will attend orientation, training and professional development sessions to enhance instructional skills. Teachers will engage in feedback and coaching conversations with Program Leaders to continuously improve teaching practice. Teachers will also participate in weekly professional learning community meetings with colleagues to review data, plan instruction, prepare for workshops and share best practices. These meetings take place on Mondays from 3:00 pm to 4:00 pm.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development

- Data sources used to justify the professional development

Teachers will be supported in the following:
1. Creating a positive, achievement-oriented and structured learning environment that supports student engagement and growth
2. Delivering targeted small group and individual instruction to group of 10 students, tailoring instruction to meet specific needs
3. Assessing students and use assessment data to drive individualized instruction
4. Collecting and monitoring data, including reading levels, attendance and good achievement.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers, including teachers participating in the Title III immigrant program, receive professional development on Mondays, from 3:00 pm to 4:00 pm.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

see above

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

see above

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Springboard Collaborative and school based instructional coaches in Literacy, Math and ENL will provide professional development to teachers.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Attendance sheets are kept in a file in the main office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At no cost to Title III immigrant program, for School Year 2024-2025 the Cypress Hills Community School offers multiple virtual and in-person parent engagement activities targeted including parents of immigrant families towards creating a connected and caring community. For example, we provide cooking workshops on site and YANY Family arts night.

In addition, after conducting a needs assessment we focused on providing the following virtual supports:
*Digital Platform Workshops
*Trainings on DOE systems and protocols.

The following family workshops will be offered in person:
*Curriculum Nights (Math, Literacy, Science)
*Arts Family Night

Furthermore, as partners with Urban Advantage and separately with the school, the school offers field trips to cultural institutions (e.g. Brooklyn Botanic Garden, Museum of Natural History, Hall of Science, State of Liberty) to support science education and investigations.

The school's Parent Coordinator, who is bilingual, reaches out to parents via email, Remind and WhatsApp to communicate school events and ensure that parents' needs are heard. All school communication is in English and Spanish.

A Family Outreach calendar exists in a shared Google Drive. The calendar documents the family supports offered.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and

- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

52% of the student population are English Language Learners. As such, it is imperative that the school become familiar with include cultural traditions of our families and create a welcoming environment. As such, we will host a variety of parent-school partnership events, organize parent learning sessions and consistently utilize parent feedback to inform decision making at the classroom and school level.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

PTA meetings are on the last Thursday of the month from 5:30 pm to 7:00 pm. The school collaborates with the PTA to implement workshops that support families in extending the education of their children at home.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

At no cost to program, the Cypress Hills Community School offers multiple parent engagement activities targeted towards creating a connected and caring community.

In addition, after conducting a needs assessment we focused on providing the following virtual supports: Digital Platform Workshops and Office Hours; and Trainings on DOE systems and protocols.

Furthermore, as partners with Urban Advantage and separately with the school, the school offers field trips to cultural institutions (e.g. Brooklyn Botanic Garden, Museum of Natural History, Hall of Science, State of Liberty) to support science education and investigations.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

School based staff will conduct all parent engagement activities.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

The school's Parent Coordinator, who is bilingual, reaches out to parents via email, Remind and WhatsApp to communicate about school events and ensure that parents' needs are heard. All school communication is in English and Spanish.

A Family Outreach calendar exists in a shared Google Drive. The calendar documents the family supports offered.

Translations are available at all parent engagement activities.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Attendance is taken at every meeting. The Parent Coordinator maintains attendance in the Family Engagement binder.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
