Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 108 The Sal Abbracciamento School

District Borough Number (DBN):

19K108

Grades Served:

3K though 5

School Address:

200 Linwood Street Brooklyn, NY 11208

Phone Number:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Constance Hahn	Principal or Designee*	
John Rini	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Kennia Blanc	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Lisalda Tejada	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Lea KixMiller	CBO Representative, if applicable	
Jennifer Persaud	Member/ Chairperson/ UFT	
Mayrobi Manzueta	Member/Parent	
Jessica Morel	Member/Parent	
Anclin Suarez	Member/Parent	
Kristy Higuera	Member/UFT	
Jacqueline Rodriguez	Member/UFT	
	Member/	
	Member/	
	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Rebecca Melzer	Teacher/ILT	
Jeanine Messina	AP/ ILT	
Jennifer Dzelalija	Teacher/ ILT

Ericka Rivera	Teacher	
Evelyn Polanco	Cypress Hills/Parent Coordinator	

Rafael Amadeo	Parent Coordinator/Secretary

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

Vision Statement:
The vision of PS 108K is to collaboratively educate each child intellectually, physically, emotionally, and socially, with families as our partners, through high-quality learning opportunities so they graduate with the skills needed to reach their full potential as they develop into our future leaders.

Mission Statement:
P.S. 108K's school community is committed to educating each child by embedding 21st century learning through a growth mindset, providing a cognitively challenging learning environment so our students are college and career ready. We will accomplish this collaboratively with all stakeholders by utilizing data-driven, shared goals to impact each student to ensure equity and wellness for all.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 108K is an elementary school located in the Cypress Hills/East New York section of Brooklyn, serving students from 3K through 5th grade. As a Title I Universal Free Lunch School, we proudly serve a diverse and dynamic student body, with 91% of our students coming from economically disadvantaged backgrounds. Our inclusive and equity-driven community supports all learners, including 25% of students with disabilities and 26% who are English Language Learners.

To meet the varied needs of our students, we offer a wide range of instructional programs, including Dual Language classes from Pre-K through 5th grade, and special education services tailored to the least restrictive environment as determined by student evaluations—such as SETSS and ICT classes across all grades. Our instructional practices are grounded in data analysis and a strong commitment to continuous improvement. With the support of two UFT Teacher Center Coaches, we provide ongoing professional development, facilitate collaborative planning, and work to strengthen instructional practice schoolwide.

At the core of our approach is a collaborative, learner-centered instructional model. Teachers work in partnership to integrate Universal Design for Learning (UDL), differentiation, Social-Emotional Learning (SEL), and culturally responsive practices into daily instruction. As reflected in our Focus Priority, we aim to create a learner-centered environment where students take ownership of their learning through self-monitoring and active engagement. Our Instructional Focus on student discussion promotes accountability and positions students as active, empowered participants in the learning process.

Our commitment to a Multi-Tiered System of Supports (MTSS) is embedded in every aspect of the school day. We

dedicate time for grade-level and vertical teacher teams—including Special Education and Dual Language teams—to engage in collaborative planning, reflection, and data-driven decision-making. Through structured protocols, our CORE ILT, Professional Development Committee, SLT, and teacher teams analyze student data regularly to adapt instruction and ensure each learner receives targeted support aligned with their individual needs.

As a proud Community School, we work in close partnership with the Cypress Hills Local Development Corporation to provide comprehensive supports for students and families. Our CBO partner leads school-wide attendance initiatives, supports instruction in stand-alone classrooms, and offers enriching after-school programming. Together, we are building a nurturing, whole-child-focused learning environment that prioritizes academic achievement, social-emotional development, and the well-being of every student.

Briefly summarize the key initiatives your school will implement this school year.

At P.S. 108K, we remain committed to our vision of collaboratively educating the whole child every day. As we continue to grow and refine our practice, we are prioritizing several key initiatives that support both academic achievement and social-emotional development.

We are strengthening our literacy instruction by continuing ton deepen our focus on the Science of Reading to emphasize the essential foundational skills along with comprehension of texts. Our school is actively implementing high-quality core instructional programs such as Wit & Wisdom and FUNdations in ELA and Eureka Math2 in mathematics which promote consistency, rigor, and alignment across classrooms.

Our Multi-Tiered System of Supports (MTSS) continues to play a central role in ensuring all students receive instruction tailored to their individual needs. Through research-based interventions in literacy and math, we are providing targeted, tiered supports designed to enhance learning outcomes and promote equity based on data.

To support the whole child, we are maintaining and expanding initiatives that nurture students' social-emotional well-being. Our partnership with the Institute for Community Living provides mental health services for students and families, while the Foster Grandparents program continues to offer mentorship and guidance. We are also working to recruit additional mentors to further strengthen student support.

Social-emotional learning (SEL) remains a key priority. We are continuing our implementation of MindUP for Life which is integrates SEL strategies into daily instruction. To monitor and support SEL growth, we use the DESSA (Devereux Student Strengths Assessment), which provides data to inform targeted interventions and measure progress over time. In addition, student and parent surveys guide our understanding of community needs and help tailor our supports accordingly.

Our monthly hybrid Family Fridays will continue to provide families with meaningful opportunities to engage in their children's learning. These events, developed through collaborative planning with staff and stakeholders, allow families to experience Tier 1 instruction firsthand and foster stronger connections between home and school.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations

ELA	K-5	Wit & Wisdom	Customizations/CRSE
Math	K-5	Eureka Math Squared	Customizations/Problem of the Day/CRSE
ELA	K-2	Fundations	Differentiation
ELA	K-5	Digital Edmentum	Personalized
Math	K-5	Digital Edmentum	Personalized
ELA	K-2	Heggerty	NA

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Oral Reading Fluency-words correct per minute and reading rate; below 55% in grades 1-5 (Grades K-5 2024-25SY)	-Struggling to break down non CVC words -reading through the whole word, missing endings/suffixes. -They guess the end of the word -Struggling to transfer skills taught in lessons to independent practice -they need applicable texts on their level to practice -finding the time to cover grade level standards and meeting the students needs to close their achievement gap	To build students oral reading fluency (accuracy, reading rate, and prosody) which will lead to increased reading comprehension
Central Idea, Theme, Individuals,	-Struggle to put the text in their own words -Difficulty distinguishing between significant and insignificant details -fluency is impacting	R2: Central Idea, Theme,

Events, Ideas, and Concepts (D19 ELA Benchmark, NYS Instructional Reports, Edmentum)	their comprehension -lacking decoding skills on multisyllabic words	Individuals, Events, Ideas, and Concepts
Writing is still an area of need for our students--one of our lowest areas on NYS Assessments, FUNdations is still not consistently at 80%	-Students struggle with stating a claim and finding the best details -Difficulty distinguishing between significant and insignificant details -Don't fully comprehend the text enough to respond to it -Fluency is impacting comprehension (reading accuracy, rate, and prosody) -Students are still struggling with multiple option sounds (ex: ee, ea, ey, etc...) -Students are still struggling to hear all the sounds in words -Writing stamina	Increase the amount of Writing Opportunities (Responding to Texts & Encoding)

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	75	By June, 2026, literacy for All Students will improve, as measured by a 1% Increase, from 75% to 76%, of students scoring at or above grade level on the NYS ELA exam results.
English Language Learners (ELL)	27	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 1% Decrease, from 27 to 26%, of level 1s on the NYS ELA exam results.
Students with Disabilities (SWD)	60%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 1% Increase, from 60% to 61%, of students at or above grade level on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

174

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continue to build staff's knowledge base of Science of Reading and naturally apply it into all curriculum areas (increasing ORF and Reading Comprehension) while building a love of reading and fostering independence.

Root Cause Addressed:

-Struggling to break down non CVC words
-reading through the whole word, missing endings/suffixes. -They guess the end of the word
-Struggling to transfer skills taught in lessons to independent practice
-they need applicable texts on their level to practice
-finding the time to cover grade level standards and meeting the students needs to close their achievement gap
-Struggle to put the text in their own words
-Difficulty distinguishing between significant and insignificant details
-fluency is impacting their comprehension
-lacking decoding skills on multisyllabic words

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue with LETRS training and PLOs in the Science of Reading
Workshops & grade-level intervisitations for intervention programs-Double Dose FUNdations, Targeted, Small Group Instruction, Phonics for Reading, Rewards, Sound Sensible

Workshops & Grade level Intervisitations for core curriculum- FUNdations and Heggerty
Parent-Teacher workshops to help parents know how to help their children at home (possibly connected to Family Fridays for greater attendance)
Collaboratively Planning Lessons in Core Curriculum (Wit & Wisdom, FUNdations)
UFTTC Coaches to Model and provide actionable feedback to teachers in K-5
Embedding multiple choice and short response into intervention based programs such as Phonics for Reading and Rewards
Ensure Edmentum Standard mastery and Exact path are utilized
Literacy consultants & Coaches model the way to teach phonics instruction embedding LETRS training
Grade level intervisitations for core curriculum- Wit & Wisdom
UFTTC coaches and staff developers will meet with teachers to co-plan small group literacy lessons that embed UDL, differentiation, SDI, a learner centered environment and student ownership.
Principal's Core ILT, Extended ILT and SLT/Community Task Force (all stakeholders) will analyze literacy data by all students, pergrade level, per class and by subgroup. This data will be used to drive revisions to the action plans, as well as inform our differentiated, professional development, which is delivered in a multitude of ways including, but not limited to, workshops, one-on-one meetings, teacher teams, inter-visitations, and demonstration lessons
Instructional Walkthroughs around our Priority Focus by all stakeholders
Collaboratively Planning FUNdations lessons with FUNdations Consultant, A. McKinney
Workshops & Grade level Intervisitations for core curriculum- Wit & Wisdom
Utilizing Standards Mastery and Exact Path in Edmentum
Embedding multiple choice and short response into intervention based programs in Wit & Wisdom in K-5
Utilizing the LETRS Comprehension Checklist Template for F & C Tasks in 3-5 and W&W in K-2
Teachers will provide differentiation when needed through the use of phased supports
Ensure Edmentum Standard mastery and Exact path are utilized
PLOs in the Science of Reading
PLOs provided by K-12 Coalition consultant, E. Strauss
Training in different intervention programs such as SPIRE

Key Strategy 2 (Optional):

To enhance students' critical thinking, communication skills, and content mastery through increased, meaningful writing opportunities across all grade levels and subjects building a love of writing and fostering independence.

Root Cause Addressed:

-Students struggle with stating a claim and finding the best details
-Difficulty distinguishing between significant and insignificant details
-Don't fully comprehend the text enough to respond to it
-Fluency is impacting comprehension (reading accuracy, rate, and prosody)
-Students are still struggling with multiple option sounds (ex: ee, ea, ey, etc...)
-Students are still struggling to hear all the sounds in words
-Writing stamina

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will embed writing units in between Wit & Wisdom Modules for more explicit writing instruction. (3-5 Extended Responses)
Analyze FQT and EOM Assessment in grade level meetings to create future implications and action steps
Extension activities following Wit & Wisdom Modules to promote creativity in expressing ideas
Workshops & Collaboratively Planning for dictation in FUNdations
Students will show ownership by engaging in discussion using high-level vocabulary related to texts which will then lead to writing.
PD for teachers that need vocabulary strategies within the classroom other than context clues and pictures: morphology, prefixes, suffixes
Instructional Walkthroughs around our Priority Focus by all stakeholders
Analyze a mid unit FQT and EOM Assessment in Teacher Team Teams to create future implications and action steps
Utilizing Standards Mastery and Exact Path in Edmentum
Embedding Multiple Choice and Short Responses into Wit & Wisdom daily lessons.
Embedding Standards 7, 8, and 9 in FLuency and Comprehension Tasks.

Teachers will provided differentiation when needed through the use of phased supports

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-One FQT from each Wit & Wisdom module will be collected per module and analyzed by teacher teams
-EOM Tasks will be collected and analyzed during teacher teams
-Teacher Team will meet a minimum of twice a week to discuss patterns, trends, and implications
-Vertical teacher teams will meet weekly to discuss patterns, trends, and implications
-Instructional Walkthroughs by all stakeholders surrounding PS 108K's Priority Focus
-Collaboratively Planning Curriculum lessons with horizontal and vertical teacher teams with an emphasis on Faded Support
-MTSS Team will closely motor Progress Monitoring through Acadience
-Analysis on FUNdations Unit assessments in grades K-2
-Coaching cycles will be implemented by UFTTC Coaches

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Bi-Monthly Family Fridays incorporating at home strategies that families can use to help their children	Cypress Hills, PS 108K Staff
10/01/2025	05/25/2026	Literacy Events (Read Aloud Day, Community Resource Fair)	Cypress Hills, PS 108K Staff
09/08/2025	05/25/2026	Resources shared with families through DOJO, Family Friday events, Videos, PS 108Ks Website	PS 108K Teachers and Staff
09/08/2025	05/25/2026	Twice a year hold a Book Swap Event at a similar time of the Scholastic Book Fair for students to swap out books	Cypress Hills, PS 108K Staff
10/01/2025	05/25/2026	Instructional Walkthroughs around our Priority Focus by all stakeholders	Cypress Hills, PS 108K

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

UFFTC Coaches, Cypress Hills, PS 108K Staff

Instructional Resources

Wit & Wisdom, FUNdations, Customizations, Phonics for Reading, Rewards, decidable texts (esp FUNdations decodable texts), teacher created materials

Schedule Adjustments

Teacher teams, collaborative planning time, planned Instructional Walkthroughs, push in support, Family Fridays

Other Resources Needed

n/a

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
By the second 2024-25 DESSA assessment, Tier 3 students decreased from 7% to 4%, indicating progress in SEL interventions (DESSA, Fall and Winter 2024-25).	Increased Tier 2 and Tier 3 support through SEL programming and progress monitoring, but inconsistent Tier 1 implementation across classrooms.	Strengthen Tier 1 SEL instruction across all classrooms to ensure consistent, proactive support for all students.
Early childhood students showed a higher percentage in Tier 3 on the DESSA, indicating elevated SEL needs upon school entry (DESSA, Fall 2024-25).	Limited structured SEL routines in early childhood classrooms during the first months of the year.	Implement early and developmentally appropriate SEL supports in Pre-K through Grade 2.
Student surveys (2024-25) and attendance	Emotional and behavioral	Develop systems to proactively

data show that students with SEL or behavioral challenges often miss more instructional time (Attendance Overview & Student Survey, 2024-25).	struggles not being addressed early or consistently, leading to disengagement and missed instructional time.	identify and support students showing signs of SEL-related disengagement to minimize instructional time loss.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33	By June 2026, physical and mental wellness for all students will improve, as measured by a 3% increase of students scoring strength on DESSA from 33% to 36%.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The school implements both universal and Tier 2 strategies to support the development of Social Emotional Learning (SEL) skills for all students.

Root Cause Addressed:

Supporting students in developing strong character and social-emotional skills helps create a positive, nurturing school environment for all.

Students identified as needing support in developing SEL and interpersonal skills receive targeted guidance in a supportive and encouraging environment

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify enrichment activities to support SEL development
Continue to implement Mind-up curriculum and staff trainings
PBIS rubric implemented across the school and ROAR Bucks , which is aligned with the PBIS rubric, will be distributed to students to encourage positive behavior and reinforces core school values.

Comprehensive related services for all students who qualify
Partnership with ICL and Lodestar to provide on site referrals
Individual counseling services
Peer mediation and restorative practices implemented by the Director of Student Services
Quarterly Resource Fairs to support students and families
Provide teachers with DESSA training
Students will show ownership of their actions by being guided through restorative justice discussions to reflect on behavior and provide strategies to limit future incidents.
Targeted emotional and academic support through small group instruction
Academic support through MTSS
Implementing Mind Up Curriculum Modules focusing on Brain Breaks / Provide other SEL Strategies
Respect for All Lessons, which promotes inclusivity, kindness, respect, and a sense of belonging across the school community, will be provided by School Counselor and Director of Student Affairs
Mindfulness Ambassadors: The student government will show ownership and facilitate the SEL Mindfulness/Mind Up for Life program for their peers during lunchtime.
During instructional time and/or when conflicts arise, MBK/GEM will demonstrate exemplary use of restorative practices to their peers by leading the implementation of key strategies.
Target academic supports through after school programs
Develop SEL skills through the implementation CASEL framework, Mind Up, peer mediation, and enrichment opportunities
Identify students SEL needs by using student and parent surveys. Surveys will be utilized to ensure all students are being provided with with what they need to be successful.
Tier 2 supports, guided by student survey data, include afterschool enrichment programs and targeted counseling groups for students in need.
Additional programs and services, such as MBK and GEM student groups, student government, and related services (speech, OT, PT) help address a wide range of student needs.
Cycles of students participate in the Beautiful Me Workshops, a self-esteem program designed to educate women by promoting appreciation for their genuine qualities, accurate self awareness and the satisfaction of helping others with R. Ingram.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor our goals bi-weekly during team meetings and during SLT meetings by reviewing Student Survey data, DESSA screening results, and the implementation of our action steps. This ongoing review will ensure we are prepared to report on our progress in November 2025, February 2026, and June 2026.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/07/2025	06/26/2026	Partnership with ICL and Lodestar to provide on site intake services and referrals	Lodestar Children Services, ICL
09/07/2025	06/26/2026	Quarterly Resource Fairs to support families	Cypress Hills LDC
09/07/2025	06/26/2025	Foster Grandparents Program- connect students to a positive mentor from the community.	Cypress Hills (CBO)

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Social Workers, School Counselor, School Psychologists, Administrators, Director of Student Services, Data Specialists, teachers. paraprofessionals, nurse, and school aides

Instructional Resources

Mind-Up Curriculum, DESSA Needs Assessment, Google Docs, Google Forms

Schedule Adjustments

The Mind-Up For Life Program (SEL) will be embedded into the daily schedule with check ins, Brain Break Scripts, movements, mindfulness etc.

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 Operations and Algebraic Thinking is the lowest strand in 4th grade based on both Edmentum District 19 benchmarks	word problems, multi-step word problems, with remainders that can be interpreted 3 ways - the remainder is the answer - you have to round the quotient up -you drop the remainder and the quotient is the answer	-multiple strategies for division such as division using place value boxes -anchor chart for ways to interpret remainder with an example and annotated picture
Fractions is the lowest strand in 3rd and 5th based on both Edmentum District 19 benchmarks	-fractions reasoning of size (comparison) -don't understand equal parts -solve word problems with addition	-using hands on manipulative such as fraction strips, sentence strips into equal parts, -understanding the connection between common

	and subtraction -finding the common denominator	denominator making a fraction equivalent
DL classes are 20% or more lower than our GE and ICT classes based on Eureka Math Assessments, Edmentum District 19 benchmarks and NWEA Math assessments	-Students that are ELLs transferring their thoughts -reading levels of the students	-Push-in support staff for Dual Language classes for MTSS math based on student data for students below grade level -Supporting comprehension of word problems through literacy development
Operations and Algebraic Thinking is the lowest strand in K-2 for General Education and SWDs in 2nd Grade for students based on Eureka Math squared assessments	-students have difficulty with the word problems and choosing the operation -language in the word problems (real world) is different than used in the curriculum	-Problem of the Day -Three Reads Strategy- sentence by sentence (on the 2nd read)
Number Sense and Operations in Base Ten is the lowest strand in K-2 for SWD and ENL students based on Eureka Math squared assessments	-students struggle with the conceptual understanding of adding and subtracting.	-using math manipulatives -teaching to draw -small group instruction -translanguaging

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	81	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students achieving a 3 and/or 4 will Increase by 2 from 81 to 83, for All Students, as measured by NYS Math Assessment .
Students with Disabilities (SWD)	74	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 and/or 4 will Increase by 2 from 74 to 76, for Students with Disabilities (SWD), as measured by NYS Math Assessment.
English Language Learners (ELL)	55	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at Levels 3 and/or 4, will Increase by 2 from 55 to 57, for English Language Learners (ELL), as measured by NYS Math Assessments.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Math Coach will provide targeted support for teachers aligned with identified instructional standards, focusing on key areas of need to strengthen teaching and learning outcomes.
With a specific focus on
-understanding the importance of connecting procedural knowledge and conceptual knowledge
-K-2 Operations and Algebraic Thinking
-3-5 Fractions

Root Cause Addressed:

Grades 3-5: Students are demonstrating persistent challenges with foundational fraction concepts, which hinder their overall mathematical understanding and performance. Specifically, students struggle with:

Reasoning about the size of fractions, particularly when making comparisons
Grasping the concept of equal parts as the basis of fractional understanding
Solving word problems involving fraction addition and subtraction
Identifying and applying common denominators when comparing or performing operations with fractions

Grades K-2:
Operations and Algebraic Thinking is the lowest strand in K-2 for General Education and SWDs in 2nd Grade for students based on Eureka Math squared assessments

-students struggle with the conceptual understanding of adding and subtracting.
-understanding the word problems

These difficulties suggest gaps in conceptual understanding and number sense, which impact students' ability to engage in more complex fraction tasks.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Coordinating Consultant's schedule to coincide with teachers' delivery of Eureka Math² modules, ensuring timely and relevant in-classroom support.
Providing Learning Outcomes: Supplying Priority Learning Outcomes (PLOs) for the identified strands across grade bands.
Collaborative Strategy Development: Working alongside UFTTC coaches to design and implement effective strategies that enhance teacher instruction and student learning.
Purpose: Strengthen daily instruction through intentional planning. Help teachers design lessons with clear learning goals, scaffolds, and checks for understanding, including providing resources for differentiating instruction.
To ensure alignment, transparency, and shared understanding of instructional goals, the math coach will meet with administrators at the end of each coaching session day for a debrief. This collaborative reflection helps maintain a consistent focus on school-wide instructional priorities and ensures coaching efforts are directly aligned with both teacher and student needs.
At the conclusion of each classroom coaching session, the math coach will meet with the mentored teacher for a focused debrief. This reflective time helps build teacher capacity, reinforces best practices, and ensures ongoing, targeted professional support.
Ensure Edmentum Standard Mastery and Exact Path are utilized.
student centered and student ownership/mathematical practices
PLOs on conceptual vs procedural knowledge and understanding the difference and importance of having both

Key Strategy 2 (Optional):

Implement the Three-Read Strategy in mathematics instruction to deepen students' comprehension of word problems, enhance mathematical reasoning, and support equitable access to problem-solving tasks. This approach emphasizes understanding the context, identifying relevant information, and developing a plan for solving, fostering stronger connections between language and mathematics.
This year grade 3-5 teachers during the 1st read teachers modeled reading sentence by sentence to break the problem down.

-Continue and review the strategy in grades 3-5
-Roll out the strategy in grades K-2

Root Cause Addressed:

Students are experiencing difficulty comprehending and solving multi-step word problems, often due to challenges in interpreting mathematical language and identifying relevant information. These struggles indicate a need for instructional strategies that explicitly connect reading comprehension with mathematical reasoning. The implementation of the Three-Read Strategy addresses this gap by supporting students in making sense of problems, developing a deeper understanding of context, and improving their ability to construct and justify mathematical solutions. Adding the step of reading sentence by sentence ensures students are thinking about each part of the word story.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning: Provide targeted professional development for teachers in grades 3-5 on the Three-Read Strategy, focusing on its purpose, implementation, and alignment with mathematical practices and literacy skills.
Build Teacher Capacity: Provide targeted professional learning for K–2 teachers focused on adapting the Three-Read Strategy to early learners, emphasizing oral language development, comprehension of mathematical language, and age-appropriate scaffolds.
Strategic Lesson Planning: Integrate the Three-Read Strategy into lesson plans for problem-solving tasks, ensuring that teachers prepare purposeful questions and prompts aligned to each read.
Develop Language and Vocabulary: Embed opportunities to build academic and mathematical language during each read, with a focus on key vocabulary (part, whole, more, fewer) and sentence stems to support student talk.
Monitoring & Feedback: Use formative assessments and student work samples to monitor progress and provide feedback, ensuring that students are applying the strategy effectively and independently.
Ongoing Support: Engage the Math Coach and instructional leaders in co-planning, modeling lessons, and supporting teachers through module cycles to ensure consistent and effective use of the strategy.
UFTTC Coaches and staff developers will model the Three Read Strategy in classes for new teachers
Inter-visitation's will take place to support implementation of the strategy in K-2
UFTTC Coaches and staff developers will provide the gradual release support model with new teachers to support their understanding of the strategy

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure the successful implementation of our instructional strategies and improve student achievement in mathematics, our school will use a multi-tiered system of progress monitoring. This includes the collection and analysis of both quantitative and qualitative data aligned to our priority focus areas: Operations and Algebraic Thinking (K–2) and Fractions (3–5). The following structures will support continuous reflection and improvement:

1. End-of-Module (EOM) Assessment Data – K–5

Purpose: To measure student mastery of grade-level math standards following each instructional module.
Focus Areas:
Grades K–2: Operations and Algebraic Thinking
Grades 3–5: Fractions
Process: Teachers will collaboratively analyze EOM assessment data during grade team meetings to identify trends, strengths, and misconceptions. Data will inform instructional planning, targeted reteaching, and small group interventions.

2. NWEA MAP Growth Assessment

Purpose: To measure student growth in mathematics over time and identify individual learning needs.
Frequency: Administered 2–3 times per year.
Use of Data: Results will be used to track longitudinal growth, set personalized learning goals, and inform Tier 2 and Tier 3 intervention plans. Data will also be disaggregated by subgroups to monitor equity and access.

3. District Benchmark Assessments

Purpose: To monitor progress toward proficiency on grade-level standards and readiness for the state exam.
Frequency: Quarterly
Use of Data: Benchmark data will be analyzed in teacher teams to adjust pacing, differentiate instruction, and plan targeted supports. Comparison to EOM and NWEA data will ensure consistency in student performance trends.

4. Analysis of Student Work and Exit Tickets

Purpose: To provide immediate insight into student understanding and inform day-to-day instruction.
Structure: Teachers will engage in collaborative protocols during weekly team meetings to review student work, focusing on accuracy, strategy use, and misconceptions. This analysis supports real-time instructional adjustments and deepens understanding of student thinking.

5. Informal and Formal Classroom Observations

Purpose: To assess instructional quality, strategy implementation, and student engagement.
Process: Administrators and instructional coaches will conduct informal walkthroughs and formal observations aligned to the Danielson Framework. Feedback will be shared with teachers to support growth and implementation of best practices, especially in mathematics.

6. Instructional Walkthroughs Involving Staff, Students, and Parents

Purpose: To build a shared understanding of high-quality instruction and engage all stakeholders in the learning process.
Process: Regular walkthroughs will include school staff, student leaders, and parents (when appropriate), with a

focus on observing math instruction aligned to our priority standards. Feedback will be synthesized to inform schoolwide professional development and promote a culture of transparency and collaboration.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/26/2025	06/26/2026	Family Fridays	Administration Teachers Paraprofessionals School Aides CBO Parent Coordinator
11/03/2025	03/28/2026	Parent Workshops K-2- Operations and Algebraic Thinking 3-5 Fractions	Teachers UFTTC Coaches Math Coach Parent Coordinator
10/24/2025	06/25/2026	Family Fun Day- Math Games	Administration Teachers Paraprofessionals School Aides CBO Parent Coordinator
09/09/2025	06/25/2026	Volunteers will support teachers in classes with SWDs, ELLs and GE students.	Foster Grandparents Support
09/09/2025	06/25/2026	Sending home the Module Family Newsletter	Administrators Teachers UFFTC Coaches School Aides
10/01/2025	06/13/2026	Financial Literacy: Community vendors provide resources for families including banking and housing	CBO Administartion

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

UFTTC Coaches, Staff Developer, Math Consultant from outside agencies

Instructional Resources

Math Manipulative sets, Eureka Math Squared student workbooks, teacher's guides tangible and online, Spanish Language student workbooks, Rally!, Measuring Up (3-5)

Schedule Adjustments

MTSS and/or AIS push in support forELL students in DL classes, Flexible scheduling allowing for students to receive the additional support as needed, 90 minute block for the Eureka Math curriculum, Teachers will utilize stations to teach in small groups to support Tier 1 and 2 students with reteach lessons and Tier 3 and 4 students with enrichment problems

Other Resources Needed

Use AI in mathematics to support instruction and parents/guardians

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
280 students are enrolled in and attending enrichment program in winter of 2025 (enrichment program attendance, 2024/2025)	Some classes are able to participate more because their teachers are offering more extended day opportunities	Increase students involvement in enrichment programs

More parents participate at workshops when they are tied into another event (parent workshop participation, 2024/2025)	Parents are unable to take off from work to attend workshops during the day	Increase parent participation to create understanding of the enrichment programs available to students before, during, and after school
Most students on a given survey in grades 2-5 agree with statements such as they understand what they are learning in both math and ELA and that they feel comfortable giving their opinion in the classroom (student survey, 2024/2025)	Some students are not as outspoken and do not feel comfortable voicing their needs and opinions.	Give various opportunities to voice needs and opinions.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	By June, 2026, the percentage of students attending enrichment programs for All Students will Increase by 5% from 35% to 40% as measured by student participation and attendance in enrichment programs.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Additional enrichment programs, with a wider variety, will be created to allow for more students to participate in the programs before, during and after school.

Root Cause Addressed:

Students may not have exposure to different enrichment activities such as STEM, running, volleyball, and dance that will enhance their knowledge of their strengths and various career opportunities.

Students do not understand the expectations of after school.

Students do not recognize the opportunities they have to use their strengths in various settings that will advance their college and career readiness.

Number of students able to participate in enrichment programs that create more exposure.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students survey where they share their future career aspirations and explain to parents the why behind their choices.
Trips to colleges for students including visiting campuses for performances.

Elevate parent workshops hosted by parent coordinator
Students from student government will be invited to School Leadership Team meetings
School-based career fair for students in grades K-5
Watch videos in the classroom about various careers to engage students in conversations around career opportunities.
Add additional enrichment programs to expose students to opportunities involving STEAM, newspaper, the arts, etc.
Invite additional students to participate in before, during and after school enrichment programs.
Students will be invited to participate in Community Task Force meetings.
Students will have a booth at the resource fair where they can explain what they are learning across curriculums.
More student involvement with the school Hydroponics lab.
Cypress Hills Members will share their HS and colleges experiences in the after school program and an assembly
Students will participate in Instructional Walkthroughs and discuss the focus priority.
Students will write and present Soapbox speeches to their peers.
Students will write speeches to present to peers for the student government elections
Early childhood classes with visit the school library
The student government will meet with school administrators.
Field trips to local businesses for students in grades K-5.
All students receive STEAM: 1 period a week from STEAM teacher

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Enrichment clubs will be added throughout the school year; attendance of enrichment clubs will be monitored to ensure participation of variety of students
Surveys will be administered to students in January and June to allow opportunities to identify their strengths and college/career interests

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Provide workshops for parents regarding topics students will be learning about in the classroom.	
02/02/2026	05/22/2026	Parent Workshop: Preparing for the NYS ELA Exam- how the NYS ELA Exam and the NGLS prepare students to be college and career ready	UFTTC, Staff Developers
05/04/2026	06/25/2026	Career fairs with members of the community	Cypress Hills (CBO)
02/02/2026	05/22/2026	Parent Workshop: Preparing for the NYS Math Exam- how the NYS Math Exam and the NGLS prepare the students to be college and career ready	UFTTC, Staff Developers
09/04/2025	06/25/2026	Schedule resource fairs to provide families with information from different vendors	Cypress Hills (CBO)
09/04/2025	06/26/2026	Workshops for parents on financial literacy	PTA/ Parent Coordinator/ Cypress Hills (CBO)
09/04/2025	06/26/2026	Workshops for parents on RISE, scholarships, and grants	Parent Coordinator

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Enrichment program teachers, CBO Cypress Hills Community School Director, Parent Coordinator, Career fair presenters, staff developers, local librarian

Instructional Resources

Customizations of curriculums, STEM materials, sports equipment, arts materials, student surveys

Schedule Adjustments

Classroom visits to school hydroponics lab, school library, visits from librarians, visits from authors, scheduling career fairs with people from different professions, scheduling college visits.

Other Resources Needed

n/a

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Attendance for Parent Workshops and School Events is lower when	-Working parents are not able to attend multiple events each month due to having too take many days off from work -It is difficult for families with non school age children to attend	Continue to pair events together, targeted outreach

conducted in isolation (PCAR 2024-2025 SY)	multiple events throughout the month -Parents don't prioritize the importance of attending school events -Parents fear they may not understand the curriculum	works well. Increase the number of families attending.
Parent Teacher Conference Attendance for 2024-2025 SY showed that 53 % of ELL families attended PTC as compared to 62% of all students.	-Parents may not feel comfortable attending -Parents want to communicate effectively with their child's teacher -Parents need to be aware that school has access to all languages through translation tools for seamless communication -Parents don't prioritize the importance of attending school events	Increase the percentage of ELL parents attending PTC s

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	442	By June, 2026, the the number of families attending PS 108K events will increase by 20 from 442 to 462 as measured by PCAR.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will adjust the timing of our most important family engagement events to better optimize the schedule of the day to best fit families schedules. We will respond to family requests to offer families a wide variety of events at times that are most convenient for them to attend.

Root Cause Addressed:

We will address the root cause of providing families with the activities and offerings they want and need for their children to be successful in school. While communicating in a manner that works best for families and helps them to understand what events are being offered to them.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue to provide monthly calendars of events
Events to be posted on schoolwide Dojo and individual classroom teacher Dojo.
Host monthly Family Friday's
Host quarterly Resource Fairs before or after Family Friday
Host Family Game Days

Host presentations of learning
Adjust the timing of Family Friday's and Resource Fairs to be most convenient for families and vendors
Pairing Events together on the same day
Title 1 Workshop in September/October
Townhall and PTA Meetings
Continue to discuss and reflect how to engage our families in events at SLT
Add on the Parent Calendars, a Resource Fair table - translation resources for parents to provide support

Key Strategy 2 (Optional):

Improve communication and technology support for families prior to PTC to help families, particularly ELL families attend PTC at a higher rate.

Root Cause Addressed:

Assisting families in being able to attend PS 108K events and get information in the best way possible.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Facilitate a Workshop on using class DOJO early on in the year, also cover how to sign up for PTC
Create a flyer for PTC with a help QR code
Have one uniform system for families to sign up for PTC to assist families in engaging in this process
Teachers will share curriculum updates during PTA meetings to keep families informed on what is being taught at each grade level.
Teachers and students will co facilitate a booth at the Resource Fairs answering curriculum related questions for families.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

At SLT meetings, we reflet on our attendance at PS 108K events and receive feedback from all stakeholders. Parent Surveys will be reviewed and action plans will be created for each data point.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/07/2025	06/26/2026	Quarterly Resource Fairs	Cypress Hills LDC
09/07/2025	06/26/2026	Partner with companies to provide Parent Workshops	Elevate Education, NYPCC

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
June 2025 Insight - all students 93% attendance rate, 25% chronically absent	student illness, travel, family emergencies cause students to miss school	Families need support to ensure they have their needs met and can bring students to school daily
Insight - SWD - 92% attendance rate, 30% chronically absent	Many students with IEPs live far and are in temporary housing and stay at PS 108K because of the related services on their IEP, this can make challenges getting to school because of distance	Assist families to manage their housing and transportation issues to increase school attendance.
Insight - ELLs - 93% attendance rate, 20%	Family emergencies in home country have largest impact and recent arrivals needing to complete vaccine and	Work with families to minimize school absences

chronically absent	immigration appointments	and navigate systems.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93%	By June, 2026, the attendance for all students will increase by .2% from 93% to 93.2% as measured by the Insight, New Visions, ATS.
All Students	25	By June, 2026, the Percentage of chronically absent students for All Students will decrease by 1, from 25 to 24, as measured by the Insight, New Visions, ATS.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Attendance team will work to support students and families specific needs. This enables the attendance team to triage family needs, support families with resources, referrals, and support.

Root Cause Addressed:

Improving families communication, incentives and support so that they know they can receive what they need to attend school regularly.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Dedicated attendance outreach manager to reach out to families everyday a student is absent.
Success mentors to work with students identified as needing extra support to come to school daily
Encouraging positive attendance through effective incentives
Conduct parent meetings and make home visits when necessary.
Referrals provided as needed

Provide regular attendance incentives for students and families including: prizes, ROAR bucks, All STAR T-shirts and class prizes.
Attendance team will work to support students and families with daily attendance calls, dedicated attendance phone and email to provide regular communication and support to families.

Key Strategy 2 (Optional):

Support students with IEPs through collaboration with School Assessment Team to provide individualized support to each family.

Root Cause Addressed:

Supporting parents with students with an IEP to understand and navigate the needs their child has. This will help them support their child and understand the impact missing school has on their child's learning, development and services.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure attendance information is documented in every IEP meeting.
Collaborate with Lodestar and ICL to provide support for families.
Parent workshops are designed to help families gain a better understanding
Resource fairs offer families access to valuable community resources and connections.
The attendance team will collaborate with the school assessment team to support families of students with IEPs, helping them understand related services and how attendance affects student progress.
Workshops on attendance and special needs support will be offered to enhance family understanding.
Invest in our partnerships with ICL and Lodestar Children Services will provide onsite mental health support and referrals, ensuring comprehensive assistance for students and families.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The attendance team meets weekly to track progress, follow the action plan, and enhance student success. We will review our CEP progress in November 2025, February 2026, and June 2026.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/07/2025	06/26/2026	Partnership with Lodestar and ICL to provide onsite intakes and referrals	Lodestar, ICL
09/07/2025	06/26/2026	Quarterly Resource fairs to provide families with resources	Cypress Hills LDC
09/07/2025	06/26/2026	Partner for parent workshops	Elevate Education, NYPCC, Safety and Personal Development

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Success Mentors will be assigned to chronically absent and at-risk students to build positive relationships, identify barriers, and support consistent attendance. The Attendance Team—including the AP, guidance counselors, school social worker, and family worker—will meet weekly to monitor trends and coordinate outreach. Teachers will be engaged in identifying early signs of disengagement and will participate in family outreach efforts.

Instructional Resources

Attendance incentive programs will be supported with monthly recognition activities and materials. SEL curricula (MindUp) will be used to strengthen students' sense of belonging and connection to school. Google Forms and digital tracking systems will be used to log outreach and student check-ins.

Schedule Adjustments

During Attendance Meetings, staff will review attendance data, plan targeted outreach, and develop strategies to increase student engagement. Morning meetings and advisory time will focus on building strong relationships and fostering a greater sense of belonging within the school community.

Other Resources Needed

Funding for attendance incentives (certificates, school supplies, celebratory events), translation services to support communication with families, and professional development for staff on trauma-informed approaches and positive engagement strategies. Additional support from central attendance teams or CBO partners may be needed to extend outreach capacity.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Current progress monitoring data indicates that 9.6% of students with IEPs are not making progress toward their annual IEP goals. This trend highlights the need	Teachers may not be consistently using valid and reliable tools to monitor students' progress toward annual IEP	IEP Development

for more targeted supports, consistent implementation of Specially Designed Instruction (SDI), and more frequent data-driven reviews to ensure students are on track to meet their individualized goals.	goals. Without timely and specific data, instructional teams are unable to adjust interventions or instructional strategies to support students who are not on track.	and Fidelity of Implementation
		Transition Planning and Compliance
During the 2024–2025 school year, the school recorded a referral rate for initial referrals for special education services at 7.4%. This number reflects a continuing trend that necessitates a deeper review of early intervention practices, instructional supports, and culturally responsive teaching.	There may be a need for more systematic use of progress monitoring and formative assessment data to inform instruction and determine when students truly require more intensive support.	Referral Process and Equity
Discipline referrals in 2024–2025 show 34% involved students with IEPs as per OORs.	Proactive behavior supports and restorative practices are still developing, with opportunities to strengthen the use of preventative strategies and conflict-resolution approaches to promote a more positive and inclusive school climate.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	9.6	By June 2026, we will improve IEP implementation for Students with Disabilities by strengthening our data review process to quickly identify those not making progress. This will allow for timely instructional adjustments and targeted support. We aim to reduce the percentage of students not making adequate progress from 9.6% to 8.6%, based on Progress Monitoring Data.
Students with Disabilities (SWD)	7.4	By June 2026, we aim to improve the quality and implementation of IEPs for Students with Disabilities by strengthening our data review process. This will help us quickly identify students who need support, allowing staff to adjust instruction and provide targeted interventions. As a result, we expect to reduce the district's special education referral rate by 0.5%—from 7.4% to 6.9%.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Recent progress monitoring data indicates that 9.6% of students with Individualized Education Programs (IEPs) are not making adequate progress toward their annual IEP goals. This trend highlights a critical need for more targeted supports, consistent implementation of Specially Designed Instruction (SDI), and more frequent data-driven reviews to ensure students are on track to meet their individualized goals.

Root Cause Addressed:

Teachers and special education staff may not be adequately trained on how to select, implement, or interpret valid and reliable progress monitoring tools. Many educators may not fully understand how to use these tools effectively to track specific IEP goals. Additionally, the absence of consistent professional development on using these tools can result in inconsistent application across classrooms.
In some cases, teachers may rely more on informal, qualitative observations (e.g., "Student seems more engaged today") rather than using structured, quantitative tools that can provide reliable, measurable data on progress toward specific IEP goals. This can lead to vague assessments of student performance and make it harder to track growth over time.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide teachers with ongoing, targeted training on how to use valid and reliable progress monitoring tools and how to analyze data to inform instructional decisions. Training should be practical and focus on aligning tools with specific IEP goals.
Implement and maintain a centralized, user-friendly system for tracking student progress. This system should allow for easy input, retrieval, and analysis of data and should be accessible to all educators working with the student.
Regular Data-Driven Reviews: Frequent reviews of student progress through formative assessments and data-driven discussions among educators ensure that interventions are effective. This data should be used to adjust SDI and

learning strategies as necessary to keep students on track toward meeting their goals.
Ensure all teachers involved with the same student use the same tools and methods to track progress, creating consistency across classrooms.
Review student IEP goals and data regularly to ensure that interventions are aligned with the goals and are having the intended impact.
Establish a schedule for regular, structured IEP data review meeting involving IEP teams.
Differentiated Instruction: Tailoring teaching methods to meet the diverse needs of students ensures that lessons are accessible to all learners. Teachers can use flexible grouping, modify content, and provide alternative materials or formats (e.g., audio, visual aids) to engage students with varying learning styles.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Utilize Universal screeners to identify students who are not making adequate progress
Create and disseminate a comprehensive toolkit of differentiated instructional strategies and interventions for staff, focusing on academic and behavioral support within the Response to Intervention (RTI) framework.
Monthly Referral Review Committee (SIT)
Monitoring of MTSS tracker
Establish clear guidelines for the frequency of progress monitoring data collection based on student need and IEP

requirements.
Regular Review of District Referral Rate and Progress Monitoring Data

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

District Progress Monitoring Compliance Reports
Track progress towards student IEP goals utilizing teacher data
Review student IEP goals and data regularly to ensure that interventions are aligned with the goals and are having the intended impact
Schedule regular data review meetings
Utilize Universal screeners to identify students who are not making adequate progress
Monitoring of MTSS tracker
Monthly Referral Review Committee (SIT)

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/07/2025	06/26/2026	Parent Workshop on Understanding Your Child's IEP and the Special Education Process	Parent Coordinator School Psychologist IEP Liaison
09/07/2025	06/26/2026	Family Resource Fairs	Cypress Hill LDC

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

PS 108 Staff, Cypress Hills

Instructional Resources

Fundations, Spire, Heggerty, Sound Sensible, Phonics for Reading, Sensory materials,

Schedule Adjustments

Teacher Teams, Collaborative Planning Time

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: San Diego Quick, CFOL, PA WRD, ORF, Intervention Program Placement Assessment	Double Dose of FUNdations	Small Group (max. 8 students)	During School (3-5 times a week)	No
Tier 2	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: San Diego Quick, CFOL, PA WRD, ORF, Intervention Program Placement Assessment	Phonics for Reading: Level 1, Level 2, or Level 3	Small Group (max. 8 students)	During School (3-5 times a week)	No
Tier 2	Measured by Universal Screeners NWEA ELA Acadience K-5 Measured by Secondary Screener: San Diego Quick	Rewards	Small group (max. 8 students)	During School (3-5 times a week)	No
Tier 3	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: San Diego Quick, CFOL, PA WRD, ORF, Intervention Program Placement Assessment	Phonics for Reading Level 1, Level 2, or Level 3	Small Group (max. 3 students)	During School (4-5 times a week)	No
Tier 3	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: San Diego Quick	Rewards	Small Group (max. 3 students)	During School (4-5 times a week)	No
Tier 3	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: San Diego Quick, CFOL, PA WRD, ORF, Intervention Program Placement Assessment	S.P.I.R.E.	Small Group (max. 3 students)	During School (4-5 times a week)	No

Tier 2	Measured by Universal Screeners NWEA ELA, Acadience K-5. Measured by Secondary Screener: NWF	Sound Sensible	Small Group (max. 8 students)	During School (4-5 times a week)	No
Tier 3	Measured by Universal Screeners NWEA Math	Double Dose of Eureka Math2	Small Group (max. 8 students)	During School (4-5 times a week)	No
Tier 2	Measured by Universal Screeners NWEA Math	Double Dose of Eureka Math2	Small Group (max. 8 students)	During School (4-5 times a week)	No
Tier 2	Measured by Universal Screeners NWEA Math	3 Read Strategy Protocol with Word Problems	Small Group (4-8 students)	During School (4-5 times a week)	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Students who frequently exhibit difficulty with self-regulation, as identified in OORS reports.	Counseling	one-to-one	During school (September-June)	No
Tier 2	Students who frequently exhibit difficulty with self-regulation, as identified in OORS reports.	Restorative Justice	Small group	During school	No
Tier 3	Based on the PSS scores that students received Scores ranging from 27-40% would be considered high perceived stress	Referrals to New York Psychotherapy and Counseling Center (NYPCC) ICL Therapy	Intensive Intervention/Individual and small group	During school	No
Tier 3	Based on the PSS scores that students received Scores ranging from 27-40% would be considered high perceived stress	At Risk Counseling provided by counselor	Intensive Intervention/Individual and small group	During school	No

Tier 2	Measured by Universal Screener DESSA	GEM	Small group	During school Afterschool	No
Tier 2	Measured by Universal Screener DESSA	MBK	Small group	During school Afterschool	No
Tier 2	Measured by Universal Screener DESSA	Counseling	Small group	During school	No
Tier 2	Measured by Universal Screener DESSA	Afterschool Programs: Art Running STEM Student Government Newspaper Dance	Small Group	After school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

During various meetings, many components of MTSS are shared with families and caregivers. PS 108K holds an SLT meeting where staff members and parents come together to make decisions regarding purchasing of various programs used during MTSS and hiring of consultants to support teachers in implementing effective MTSS. Some of the various programs purchased have been S.P.I.R.E, Sound Sensible, Phonics to Reading, Rewards, FUNdations Readers, Fact Fluency Kits, and Game of 24. Consultants hired include a FUNdations literacy expert, coaches from Bank Street College of Education, and a Math Consultant. PS 108K also hosts Community Conversations where parents hear about programs occurring and being implemented at PS 108K, but can also voice their needs and concerns. During monthly Family Friday's, parents and families are able to come into PS 108K to see MTSS in action during class instructional time. Parents have been able to come into the classroom to see our Strategic Reading Period, which includes small group, Tier 2 and Tier 3 instruction, as well as programs such as S.P.I.R.E, Sound Sensible, Phonics to Reading, Rewards, FUNdations Readers. Parents have also had the opportunity to see small group math instruction that includes fact fluency, the 3 Read Strategy, and Edmentum.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of children receiving Tier 2 (targeted) or Tier 3 (intensive) interventions receive detailed information about their child's academic progress and the effectiveness of the support being provided. These updates include, but are not limited to:

NWEA Reports: Families are provided with NWEA reports, which offer data on student growth and achievement in core subjects such as reading, math, and language arts. These reports help parents see how their child is progressing compared to grade-level expectations and national norms.

Acadience Parent Reports: For students receiving reading interventions, Acadience parent reports are shared. These reports offer insights into foundational reading skills and help identify whether a student is on track or at risk for reading difficulties. The reports also include tips for families on how to support reading development at home.

Parent-Teacher Conferences: Scheduled parent-teacher conferences provide a dedicated time for families and educators to discuss the child's academic performance, intervention plans, and goals. These meetings offer a space for two-way communication, where families can ask questions, express concerns, and collaborate with school staff to support their child's learning.

Parent-Teacher Conferences: Held at key points during the school year, these conferences offer an opportunity for families and teachers to engage in two-way communication about the student's academic progress, intervention strategies, and next steps. These meetings allow for collaborative decision-making and ensure that families remain active partners in their child's educational journey.

Overall, P.S. 108 maintains a proactive approach to communication, ensuring families are well-informed and engaged in the intervention process.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families help analyze data during School Leadership Team meetings and contribute to the action plans for students, classes, and grades. During meetings, parents help recognize trends in the grades regarding students learning and instruction. Parents are invited to participate in instructional walkthroughs where they zone in on the focus priority to see that the individual needs of students are being met. After participating in these walkthroughs, parents help to identify trends amongst the grades and school and create action steps for moving forward and improving instruction.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Number of students in temporary housing who are:

Doubled up (with friends or relatives because they cannot find or afford housing): 168
Living in a shelter or transitional shelter: 14
Living in a hotel/motel: 0
Living in a car, bus, or train: 0
Living in a park or public place: 0
Living in an abandoned building: 0

Total Permanent housing: 477

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Upon analyzing historical demographic, attendance, and achievement data for our Students in Temporary Housing (STH) population at PS108K, a noticeable trend for the SY 2023-2024 school year is the high number of recently

arrived families facing housing insecurities. To address this population's needs, we plan to provide comprehensive case management services and referrals in housing, immigration, food, and counseling.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The services implemented within the Multi-Tiered System of Support (MTSS) are specifically designed to address the individualized academic needs of students in temporary housing. These services were selected based on the student's identified needs to support their academic and social-emotional well-being.

In addition to the academic services provided through MTSS, the school counselor leads a team that includes various support staff to ensure that students can access essential resources such as metro cards, school supplies, technology, and counseling services. Continuous assessment of families for additional needs throughout the school year allows for referrals to be made as needed in areas like general assistance, housing support, health services, youth programs, and access to a food pantry.

The Success Mentor/STH liaison is committed to supporting students daily. This includes implementing strategies such as morning meet-and-greets, creating digital safe spaces, making positive phone calls home for absences, conducting one-on-one or small group meetings, recognizing achievements, and collaborating with Family Assistants. These efforts aim to ensure holistic support for the STH population, empowering them to thrive academically and emotionally despite challenging circumstances.

Additionally, Cypress Hills, a Community-Based Organization (CBO), supports our students in temporary housing through after-school programs. These programs are designed to support academic and social-emotional needs through enrichment programs tailored to the student's interests and abilities. Together with MTSS and other support services, these after-school programs provide a comprehensive support network for students in temporary housing.

Furthermore, students in temporary housing are also supported by various programs such as the GEM (Girls Empowered by Movement) program, the MBK (My Brother's Keeper) initiative, and musical instruction provided by the Brooklyn Conservatory of Music.

The GEM program offers opportunities for female students to explore and express themselves through music. At the same time, the MBK initiative provides mentorship and support for male students to help them reach their full potential. The musical instruction provided by the Brooklyn Conservatory of Music enhances students' musical abilities, provides a creative outlet, and fosters a sense of achievement.

Overall, these various programs, along with the support from MTSS, the school counselor's team, and the CBO's afterschool programs, aim to provide a comprehensive and holistic support network for students in temporary housing. This collective effort empowers students to succeed academically and emotionally despite their challenges.

- Food Pantry

As a success mentor and the STH liaison, the school counselor and team can help day to day support for Students in Temporary Housing by:

- Morning meet-and-greet or wake-up calls
- Create digital safe spaces with different resources
- Phone call home every time student is absent and share a positive message

- Meet one-on-one and/or in small groups
- Recognize and celebrate even small successes
- Collaborate with Family Workers

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Currently, our school has one student in foster care who receives comprehensive support tailored to their needs. This includes regular communication between the teacher and the guardian, transportation via the bus, small group instruction, and ongoing check-ins with the teacher, Guidance Counselor, and related service provider. The student benefits from visual aids, scaffolding techniques, and social-emotional learning (SEL) brain breaks, alongside close proximity seating to the teacher. All observations and interventions are thoroughly documented in ILog to ensure continuity and accountability in support.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Our school is committed to providing targeted interventions that facilitate stability and support for foster care students, particularly those who are newly transitioning into the system. To promote stability for our students in tier 3, we currently support one student in foster care who receives a comprehensive range of services. The student takes the bus to school, ensuring consistent attendance. Ongoing communication among the teacher, related service provider, and education specialist is maintained, while the student benefits from small group instruction and frequent check-ins. The school counselor and teacher has regular discussions with the student's guardian. Additionally, supports such as visual aids, scaffolding, social-emotional learning (SEL) brain breaks, and the option for questions to be read and reread are integrated into their learning, with all progress documented in our ilog system to promote accountability and success.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support

provided to this population?

Analyzing past data for students in foster care reveals patterns of high absenteeism and low academic success. Currently, one third-grade student demonstrates positive attendance, highlighting the effectiveness of proactive measures such as phone calls, emails, imessages, SMS and messages through Class Dojo. The support services in place ensures success for students in Foster Care.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Our school has specific strategies to support Social-Emotional Learning (SEL) for students in Tier 3/foster care, especially those in transitional grades. We provide one-on-one at risk counseling services and small support groups to help build trust. We also have regular check-ins and brain breaks to improve focus. Teachers use positive reinforcement, mood meters, and sit close to students to refocus them. These strategies are layered with our school wide Tier 1 (universal) and Tier 2 (targeted) strategies including our Mind Up curriculum, enrichment clubs, small group counseling sessions, GEMS, MBK and after school programs. These efforts make students feel safe and valued, which can help improve their behavior and learning. Recently, there's been a stronger focus on SEL in schools, highlighting its importance for helping vulnerable students thrive.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

P.S. 108K will utilize our Expanded Learning Time (ELT) program to offer a wide range of opportunities for enrichment and additional learning before, during, and after school. Our CBO partner will deliver ELT as part of our Community School designation, providing targeted students with homework help, social and emotional learning activities, literacy learning activities, and math learning activities.

In addition, we will offer Extended Day programming, pending funding, to targeted students who will engage in literacy and math learning activities two-to-three times per week after the regular school day.

To support our English Language Learners (ELLs), we will utilize Title III monies to provide Expanded Learning Time Support. This will include literacy and math learning activities in both their native language and English.

Furthermore, we will offer a range of enrichment clubs as part of our Expanded Learning Time Support, including STEM, Coding, Running, Volleyball, Music, Visual Arts, Theatre, and Dance. These clubs will provide students with opportunities to explore their interests and develop new skills outside of the traditional classroom setting.

In addition to academic enrichment, we will also provide Student Government programming as part of our Expanded Learning Time Support. This will ensure that students have a voice in decision-making and can develop important leadership skills.

Overall, our ELT program is designed to provide targeted students with additional opportunities for learning and growth before, during, and after school, as well as on weekends and during the summer. By offering a range of academic and enrichment programs, we aim to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

P.S. 108K is committed to ensuring that all Expanded Learning Time (ELT) instruction is delivered under the supervision of a teacher who is NYS certified in the content area. To meet this requirement, we will employ a NYS-certified teacher who will oversee staff with licenses for early childhood and/or grades 1-6. This certified teacher will provide guidance and support to our staff, ensuring that all ELT instruction is aligned with state standards and curriculum.

In addition, we will recruit NYS-certified teachers for our Extended Day and Enrichment Clubs programs. This will ensure that students receive high-quality instruction in literacy and math, as well as in subjects such as STEM, Coding, Visual Arts, Theatre, and Dance.

For our Title III Program, which serves English Language Learners (ELLs), bilingual and ENL-licensed teachers who are certified in their respective languages. These teachers will provide instruction in both the native language and English, ensuring that ELLs receive targeted support to meet their unique learning needs.

By having a team of NYS-certified teachers leading our ELT programs, we can ensure that all students receive high-quality instruction and support before, during, and after school. This will help us to meet the diverse needs of our students and provide them with the opportunities they need to succeed.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

P.S. 108K is committed to ensuring that all Expanded Learning Time (ELT) instruction is aligned with core academic subject area instruction offered during the regular school day. To meet this requirement, we will work closely with our Administration and UFTTC Coaches to ensure that ELT instruction is aligned with the core academic subject area instruction.

The Community School's Project Manager will attend School Leadership Team (SLT) meetings to ensure that ELT instruction is aligned with the school's overall instructional goals and objectives. Additionally, the Project Manager will work closely with teachers who provide instruction during the day and our UFTTC Coaches to ensure that ELT instruction is seamless and builds upon the core academic subject area instruction.

Teachers who provide instruction during the day will also deliver instruction during Extended Day, Title III, Enrichment Clubs, and Student Government programs. This will ensure that students receive consistent instruction and reinforcement of key concepts and skills, both in and out of the regular school day.

Furthermore, our UFTTC Coaches will provide coaching and support to teachers who deliver ELT instruction, ensuring that they are equipped to provide high-quality instruction that aligns with the core academic subject area instruction. This will also help to ensure that students receive a cohesive and comprehensive educational experience that supports their academic growth and development.

By working closely with our Administration, UFTTC Coaches, and teachers, we are confident that we can meet the requirement of ensuring alignment between ELT instruction and core academic subject area instruction, providing students with a comprehensive and supportive educational experience.

Provide a description of the materials purchased to support implementation of ELT.

We have purchased Magnetic Reading to be utilized during ELT. Tutors were also hired to work with some additional students and provide intensive support during ELT. The tutors utilize a program called Passport, that was purchased and supports our students needs. Classroom teachers also utilize other resources to prepare students for the next grade that include Rally physical books, and Rally online.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

PS 108K values continuous collaboration with all stakeholders to develop and implement a shared vision and mission for learning. At PS 108K the parents and students voices are valued and included in all key decision making meetings, such as the School Leadership Team, Community Task Force, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council. Parents and families are welcome members of the school community and volunteer within our school. On the School Leadership Team, parents collaborate with students, staff and CBOs to review data, contribute to school-wide decisions, plan school events, and regularly create surveys for parents/guardians to provide feedback.

At PS 108K we sustain a learning environment that actively involves students in meaningful, relevant learning, which is clearly connected to their experiences, cultures and futures, as well as requires them to construct meaning of

concepts and processes in deductive (prove it or test theory) or inductive (create) ways.

PS 108K hosts Hybrid Family Friday's, held monthly, where the entire school is involved in a singular project which is planned collaboratively during School Leadership Team Meetings. Family Friday is an opportunity for all families to witness and become a part of their child's learning environment as well as provide feedback. Family Friday projects have a particular focus on Social Emotional Learning and community building, in order to have students, families, teachers, and CBO staff participate in completing a common project.

Support for Parents and Family Members of Title I Students

PS 108K will support the parents/guardians and family members of Title I students by:
- providing workshops, materials, and training to assist parents in working with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents with the information and training needed to effectively involve themselves in the planning and decision-making to support their children's education;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- assisting parents in understanding City, State, and Federal standards and assessments;
- sharing information about the school and parent-related programs, meetings, and other activities in a format and language that parents can understand;
- providing professional learning opportunities for families co-facilitated by parents to improve outreach, communication skills, and cultural competency to build stronger ties between parents and other members of the school community.

Parental Involvement and School Quality

The PS 108K school community, in conjunction with parents, family members, students and CBO staff develops assessments and accountability systems that enable students, teachers and parents to monitor students progress, teacher learning, as well as uncover patterns and trends to better understand student achievement.

All key stakeholders, including parents, are engaged regarding decisions that focus on determining, obtaining, allocating and utilizing all necessary human, fiscal and technological resources to ensure they are aligned with present and future needs.

PS 108K develops the capacity in all members for distributed leadership by enabling administrative, teacher, student, and parent leaders to assume leadership roles and co-create a process by which today's leaders identify, support, and promote the leaders of tomorrow.

PS 108K has multiple diverse groups involved in defining, promoting, and protecting the welfare and safety of students and staff within and beyond the school walls. Diverse groups, including parents, are represented on our safety committee and are involved in ensuring we take a holistic and community-based approach to make PS 108K a safe and inclusive place for everyone.

Diverse stakeholders are involved in the annual Assets and Needs assessment, where the Community Task Forces (CTF) assesses the quality of the school, community, programs, and partnerships. This process also informs each year's Comprehensive Education Plan (CEP) plan to ensure our school goals reflect everyone's voice. The CTF also plans our annual Community School Forum, where we present the past year's progress, whether or not our goals were met, and what our plan is to achieve our goals for next year. This process is an additional chance for multiple stakeholders to become involved, offer feedback, and take on leadership roles within the school community.

PS 108K presents regular Parent Workshops on diverse topics with parents, community members, and members of the CBO as co-facilitators. There are regular opportunities for parent input on workshop topics, time, and format to ensure they reach different constituencies.

Various data is collected regularly from all stakeholders and analyzed with and amongst diverse groups to ensure continuous improvement in all facets of the PS 108K community. Students, educators, parents, and community partners are engaged in employing a range of mechanisms and technology to identify and tap into the communities' diverse cultural, social, and intellectual resources, promote their widespread appreciation, and connect them to desired improvements in teaching and learning.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team and Community Task Force, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parental involvement and school quality, the school will:
- actively involve and engage parents and other family members in the planning, review, and evaluation of the effectiveness of the school's Title I program as outlined in the School's Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Community Task Force, the Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a monthly log of events and activities planned for parents and file a report with the central office;
- conduct parent workshops, co-facilitated by parents, with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, mathematics, Social Emotional Learning (SEL), accessing community and support services; and technology training to build parents' capacity to assist their children at home better;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Quarterly School Report Card and Progress Reports, School Quality Report, Quality Review Report, Learning Environment Survey Report; Attendance Reports through the NYC Schools Account (NYCSA)
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program, and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions; translate all critical school documents and provide interpretation during meetings and events as needed.
- support school initiatives such as Family Fridays, Spirit Days, School Carnival, etc.;
- receive feedback from parents through the use of surveys
- conduct Town Hall meetings to keep parents informed, allow them to ask questions, and address any concerns they may have.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by offering diverse opportunities for parents to be included in the decision making process and have their voices heard, through:
- Regularly surveying parents for their thoughts and opinions as well as actively using parent feedback in the decision making process.
- Holding monthly Family Friday events
-Hosting educational family events/activities such as curriculum workshops during Parent-Teacher Conferences and throughout the school year.
-Encouraging meaningful parent participation on the School Leadership Team, Community Task Force, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council.
-Supporting or hosting Family Day events.
-Establishing a Parent Resource Center/Area or lending library; providing instructional materials for parents.
-Encouraging increased parental involvement through the co-facilitation of workshops by school volunteers.
-Providing written and verbal progress reports that are periodically provided to parents to inform them of their children's progress.
-Utilizing social mediators and School Messenger to keep parents informed about school activities, meetings and relevant updates.
-Utilizing Class Dojo for regular written communication between parents/guardians and teachers in multi languages.
-Encouraging more parents to follow the school on instagram to remain informed about school activities and events.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 108K, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, school staff and students will share the responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children meet their grade level State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards on assessments by:
-using academic learning time efficiently;
-respecting cultural, racial and ethnic differences;
-implementing a curriculum aligned to the State Learning Standards;
-offering high quality instruction in all content areas;
-providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA).

I. School Responsibilities: Supporting Home-School Relationships

PS 108K builds and sustains positive relationships with families and caregivers which enables them to take on significant roles in ongoing school improvement efforts. We engage parents in regular town halls, meetings, workshops, open houses and teacher, CBO and administrative outreach to find unique ways to reach all parents and involve them in what is happening at PS 108K and inform them on how they can have a positive impact on their child's learning at home.

PS 108K ensures a system of responsibility is in place that supports high ethical standards and inspires stakeholders (educators, parents, students and community partners) to own and be accountable for every students academic and social success.

Support home-school relationships and improve communication by:
-conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed, as well as how this Compact is related;
-convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs as well as their right to be involved;
-arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation who cannot attend a regular meeting; virtual meetings are also available;
-respecting the rights of limited English-proficient families to receive translated documents and interpretation services to ensure participation in the child's education;
-providing information related to school and parent programs, meetings, and other activities is sent to parents of participating children in a format, and to the extent practicable, in a language that parents can understand;

-involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy, and this Compact;
-providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
-ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

PS 108K will provide parents reasonable access to staff by:
-ensuring all staff has access to interpretation services in order to effectively communicate with limited English speaking parents;
-notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
-arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities during Family Friday;
-planning activities for parents during the school year, e.g., Parent-Teacher Conferences, Dad take your child to school day, Carnival day, Spirit Day; Family Resource Fairs;
-using diverse methods of communication and interaction with parents.
-Utilization of Tuesday Engagement Time
-Having diverse, consistent and multifaceted ways for parents to be involved in the school community.
-Participating in Family Fridays (with choice of Hybrid Model) and other school events

I. School Responsibilities: Providing General Support to Parents

PS 108K will provide general support to parents by:
-creating a safe, supportive and effective learning community for students and a welcoming, respectful environment for parents/guardians;
-assisting parents in understanding academic achievement standards and assessments, as well as how to monitor their child's progress, by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
-sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
-supporting parental involvement activities as requested by parents and family members;
-ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
-advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;
-referring parents to community partners when the need arises;
-increasing parental access to community based resources.

II. Parent/Guardian Responsibilities

Parents are responsible for:

-monitoring my child's attendance and ensure that my child arrives to school on time, as well as to follow the

appropriate procedures to inform the school when my child is absent;
-ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
-check and assist my child in completing homework tasks and when necessary; monitoring Class Dojo to make sure my child stays on task;
-read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
-set limits to the amount of time my child watches television or plays video games;
-promote positive use of extracurricular time such as, extended day learning opportunities, Cypress Hills after school, clubs, team sports and/or quality family time;
-encourage my child to follow school rules and regulations and discuss this Compact with my child;
-volunteer in my child's school or assist from my home as time permits;
-participate, as appropriate, in the decisions relating to my child's education;
-communicate with my child's teacher about educational needs and stay informed about their education by promptly reading and responding to all notices received from the school or district;
-responding to surveys, feedback forms and notices when requested;
-becoming involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy
-participating in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
-taking part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
-sharing responsibility for the improved academic achievement of my child.

III. Student Responsibilities

Students responsibilities are as follow:
-attend school regularly and arrive on time;
-complete my homework using different strategies;
-submit parent handbook with parent/guardian and student signature;
-follow the school rules and be responsible for my actions;
-show respect for myself, others and other peoples property;
-try to resolve disagreements or conflicts peacefully;
-always try my best to learn in all I do
-use social media tools properly;
-stay focused and aim to achieve my goals
-persevere through challenges

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Attending, turn keying and implementing Unbounded PLO's
Attending, turn keying and implementing D19 PLO's
Weekly PLO's provided by UFTTC Coaches, including grade-wide teams, content-specific teams, Special Education Team, English Language Learner Team and vertical teams
In classroom gradual release of Support provided for teachers by UFTTC Coachers
Reciprocal teaching to support best practices.
Specially Designed Instruction PLO for all teachers
Differentiation strategies for all subgroups including high achievers
Universal Design for Learning
How to address unfinished learning?
PLOs pertaining to intervention programs
Providing New Teacher PLOs and mentoring of new teachers
Providing professional development on how to embed for 5 Pursuits from Cultivating Genius
How to use student data, academic and SEL, to drive instruction
How to hold students accountable for their learning and for peer's learning
How teachers and students can provide rubric-based feedback to advance student learning
How to facilitate authentic student discussion
CR-SE learning for all stakeholders
ENL strategies for new teachers-Jose P mandate
How to align learning activities with teaching point and standards

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 108K, we prioritize a smooth transition for our new students and families. To achieve this, we offer several initiatives to ensure a warm welcome. We host Town Hall meetings to introduce families to our school community, providing a chance for them to connect with our staff and get familiar with our school.

In addition, our Grade Level Teams provide virtual tours and videos to give students and families a sneak peek at our classrooms and school facilities. This helps build excitement and reduces anxiety on the first day of school.

To further support our students' transition, we invite parents and guardians to walk their children to their classrooms and stay with them for the first day of school. This helps students feel more comfortable and secure as they begin their educational journey.

Our curriculum is designed in alignment with the New York City Department of Education's standards. Our 3K and Pre-K program utilizes the Collaborative Learning. These resources provide a solid foundation for our students' learning and development.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	670,532	X	Section -5A Section -5B
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	84,052	X	Section -5A Section -5B
Title III, Part A	Federal	14,493	X	Section -5A Section -5B
Title III, Immigrant	Federal	0		
Title IV, Part A	Federal	0		
Tax Levy (Fair Student	Local	5,414,212	X	Section -5A Section -5B

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Cypress Hills	All Students	After School Programs	Literacy, Mathematics, Enrichment, SEL
Cypress Hills	Chronically Absent Students	Phone Calls, Home Visits	Improved Attendance
Cypress Hills	School Community and Families	Support with employment, security and housing	Forming a Partnership with Families
Cypress Hills	All Students	Small group instruction during school day	Literacy, Math, Attendance, SEL
New York Psychotherapy and Counseling Center	All students	Morning until evening hours	Social Emotional Support

Institute For Community Living	All students	During school hours	Social Emotional Support

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

Cypress Hills will partner with P.S. 108K to support our CEP goals. CBO will sit on the SLT and Community Task Force and regularly meet with the administration to ensure there is a collaborative process for planning through out the year. During Community Task Force and SLT meetings we will complete the Assets and Needs Assessment and plan the annual Community School Forum, both these initiatives inform the CEP process and track how we are meeting school goals.

The CBO will provide an after school program that will support all students in literacy and mathematics (including SWDs, ELLs, high achievers). They will also provide push-in support, attendance out-reach, parent-engagement activities and workshops, organize Family Fridays, homework help, and enrichment opportunities. The CBO will embed Social and Emotional instruction and team building as well.

The CBO will be responsible to daily attendance calls/ text messages to all students who are absent each day. When necessary the CBO will conduct parent meeting and home visits to follow up with families of students who are at risk for being chronically absent or who are unresponsive to attendance outreach. The CBO will connect families with necessary resources and be responsive to families needs to assist with helping families reduce barriers to regular school attendance.

The CBO will host regular family events and workshops with the aim of meeting families needs, responding to parent voice and using the assets and needs assessment to determine areas of need and work with community partners to reduce these needs. Events will include resource fairs to connect families with community partners and build connections in the neighborhood.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

Our community school will welcome and empower families by conducting a community needs surveys, community school forums (workshops, dinners and open communication forums), as well as promote parent/guardians as ambassadors to build on the community needs.

During various meetings including SLT, PTA and Community Task Force, as well as in parent surveys and the assets and needs assessment we gather data, feedback and parent voice to determine what workshops, events and activities PS 108K will host throughout the year.

Parent Coordinator/Teachers/Other Staff Members will conduct various workshops to help bring our community together. Workshops topics will include Social and Emotional Learning and Culturally Responsive Education.

The technology team will conduct "how to" and informational workshops to assist families with technical issues.

The staff development team will conduct workshops about Wit and Wisdom, Eureka Math2, and NYS Assessments.

Multiple surveys will be offered to get input from all the community stakeholders including, teachers, students, parents/guardians, and CBOs.

NYPCC will provide 3 workshops for parents/guardians and teachers. New York Psychotherapy and Counseling Center (CBO) will continue to provide mental health screenings for families and referrals as needed. They also provide other needed supports
including food pantry and health information.

New York Psychotherapy and Counseling Center (Parent\Guardian and Teacher Informational and Supportive Meetings) will provide workshops and resources to assist families.

The Institute for Community Living (ICL) East New York Hub will provide workshops and resources to assist families.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

P.S. 108K utilizes a multi-tiered approach focusing on encouraging positive self-esteem, self-confidence, resilience, and teamwork. We work hard to provide support to our students and families in any needed form including addressing their physical well being as well as their social emotional functioning, which would include individual, classroom and school wide interventions, strategies and behavioral supports. Our goals are centered around promoting healthy student development in a safe, welcoming, affirming and nurturing learning environment where students are provided the opportunity to explore their interests, embrace their individuality, develop their adaptive coping skills, manage their feelings, strengthen their resilience and enhance knowledge of self. We begin to address these goals from the onset of the school year.

Our Community Task Force team acts as our wellness committee bringing together multiple stakeholders to conduct the assets and needs assessment, identify gaps in community needs address wellness needs and host events, collaborate with community partners to further the physical, mental and emotional needs to the community.

Teacher Involvement

Teachers are educated in several mindfulness techniques and the 5 SEL competencies (self-awareness, self-management, social awareness, relationship skills, and responsible decision making) during their professional learning opportunities. They are provided social-emotional support to better develop their abilities to address and encourage social-emotional learning in the classroom. They are provided with a toolbox of hands-on activities to be utilized with their students.

Schoolwide Practices:

The students at P.S. 108K are provided many opportunities to learn about and address issues including, but not limited to, "Respect for All", Girls Empowerment Group (GEM), My Brother's Keeper group (MBK), bereavement groups, cyber-bullying, harassment, self respect, respect for others, differences and tolerance. The Director of Students Services provides workshops on "Respect for All", bullying, conflict resolution, mindfulness, mediation and personal safety. The Director of Students Services and teachers will continue to hold follow up discussions on each of these issues, addressing "Respect for All" throughout the school year.

The School Counselor provides a link for all classes at P.S. 108K to review issues related to child abuse and neglect, sexual abuse, bullying and cyber-bullying. Furthermore, the Technology Coordinator conducts lessons regarding cyber-bullying utilizing the "Common Sense Media CIPA Toolkit for New York City Department of Education," which includes lessons such as Going Places Safely, Showing Respect Online, and the Power of Words. The School Counselor also provides at-risk individual and group counseling to students addressing a myriad of topics including self-esteem, self-respect, responsibility, tolerance, bullying and cyber-bullying.

Family Engagement:

P.S. 108K works very closely alongside our families and maintains regular communication via in person meetings, Zoom meetings, class dojo, school messenger, the P.S. 108 website, and google classroom. Family workshops and assemblies provide information on parenting, behavioral support, health, academic support, mental health, nutrition and other topics. We provide our families with resource lists which include services such as food pantries. Workshops are provided by the school support team as well as in collaboration with CBO's such as Institute for Community Living, New York Psychotherapy Counseling Center and the School's Mental Health Support. Additionally, we utilize the information received from student and parent surveys, as well as benchmark data, to monitor, measure, and revise our impact on student achievement and student well-being.

CBO's:

Cypress Hills LDC provides diverse services both at PS 108K and within the community. Cypress Hills LDC has teams that focus on Housing Counseling, Food and Benefits Access, Adult/ Continuing education and Career studies within the community. These multifaceted services allow for referrals and access to resources for the PS 108K families.

P.S. 108K supports all students to feel safe—socially, emotionally, academically & physically. Schools explicitly connect students and their families to the resources in the school community, providing them with multiple opportunities to practice newly developed skills. Support and counseling are also provided to the student and their families upon their return to the school. Any student, that exhibits at-risk behaviors are immediately referred to the Guidance Counselor, Safety/Crisis Intervention Team and/or member of the Building Response Team (BRT). Cypress Hills and PS 108K have partnered with the Institute for Community Living (ICL) in order to provide students and families with additional resources.

We pride ourselves on creativity and have collaborated with neighborhood businesses to better inform and support our families, promote academic growth, attendance, and behavioral improvement.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

PS 108K works with our CBO partners to focus on reducing chronic absenteeism in the school through the collaboration with the Cypress Hills team to support the school community in encouraging positive attendance. The Cypress Hills team makes the daily attendance calls to every student who is absent every day and logs these interactions in the PS 108K attendance outreach manager. Once a family has been unresponsive or is at risk for being chronically absent the Cypress Hills team will schedule a parent meeting or conduct a home visit. Cypress Hills will also award weekly, monthly and perfect attendance incentives throughout the year to encourage positive attendance.

We will communicate our school's attendance policies to students, families and staff through a variety of means including, but not limited to Town Hall meetings, parent and student handbook, and Meet the Teacher Night.

We will implement the Success Mentor Program and our weekly attendance meetings to increase positive attendance for our students who are chronically absent. We will use the Insight tool as well as ATS (DISA, RISA, RRSA) to help guide our Success Mentor Program and as a reference for our weekly attendance meetings. The aforementioned resources will be used to identify students with patterns of absences and guide our intervention procedures used during initial outreach, or before a 407 is issued. Our success mentors will use teacher notes as a tool to help streamline their efforts for outreach to families of students with chronic absenteeism. Success mentors

outreach includes, but is not limited to phone calls, emails, home visits, and meetings with families of students with chronic absenteeism. Success mentors provide outreach to see what the family needs from our school community to improve positive attendance.

Outreach efforts are coordinated by the Outreach Committee, Attendance Teacher, Attendance Coordinator, Family Assistant, Family Worker, Guidance Counselor and/or Social Worker and Cypress Hills director. The success mentors review all 407 cases and continue to attempt to resolve these cases. The success mentors attempt personal telephone contacts, mail letters. PS 108K staff collects all absence notes and inputs any appropriate absence codes into ATS and the I-Log. The Attendance Coordinator, Attendance Teacher and/or Guidance Counselor schedule appointments and coordinates planning meetings in order to discuss improving student attendance and to provide resources as needed to address the needs of the family.

The Outreach Team consisting of the Family Assistant, Family Worker, and CBO with the collaboration of the Success Mentors will contact families with attendance concerns. The CBO contacts the families of students that receive special education services. All parental contact are documented in iLog. Letters are mailed and/or emailed home twice a month regarding 95% or less attendance. Students with attendance 95% or below will attend conferences with the success mentor, outreach team, attendance coordinator and/or attendance teacher to determine social and emotional needs.

Students with perfect attendance will be celebrated monthly during PTA meetings. In addition, the photo of students with perfect attendance during a given month will be displayed on a bulletin board in front of the main office.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our school community regularly engages key stakeholders (students, parents, teachers, staff, administrators) in identifying and addressing issues of concern to diverse members of the school community which is integrated into school decision making:

-Cypress Hills (CBO) welcomes and empowers families by conducting community needs surveys, community school forums (workshops, dinners and open communication forums), as well as promote parent/guardians as ambassadors to build on the community needs.

-Cypress Hills (CBO) will partner with P.S. 108K to support our CEP goals. They will provide an after school program that will support all students in literacy and mathematics (including SWDs, ELLs, high achievers). They will also provide homework help, meals and enrichment opportunities. They provide the Ready Readers Program from K -2 and Rising Readers for grades 3-5. SEL will be embedded as well as team building activities.

-NYPCC will provide 3 workshops for parents/guardians and teachers. New York Psychotherapy and Counseling Center (CBO) will continue to provide mental health screenings for families and referrals as needed. They also provide other needed supports
including food pantry and health information.

-New York Psychotherapy and Counseling Center (Parent\Guardian and Teacher Informational and Supportive Meetings)

-Conflict Resolution/ Restorative Circles: The learning strategies lend themselves to help students apply self-

motivation and self-direction to identify long and short term academic & career and social/emotional goals. These practices help create positive and supportive relationships with other students and adults.

-Town Hall Meetings/Parent Teacher Association- PTA meetings are held on a monthly basis, including summer months. Parent/Guardians are offered various workshops throughout the school year including positive discipline, child development, stress management, and child abuse prevention and intervention. Parents/guardians are encouraged to share concerns and maintain an
open communication with the school. Parents are provided with surveys where they can express concern or share ideas/experiences to help improve translation services, workshop themes, and other areas of concern. All meetings are held bilingually and the availability of support from school staff is emphasized at Town Hall/PTA meetings. Parents/Guardians are also encouraged to follow us on Instagram and the school website where we are constantly posting and updating information and upcoming events. On these platforms, parents can easily have the information translated to the language of choice, which helps keep them connected and being part of the school community.

P.S. 108K offers families participation in "Family Fridays" for parents/guardians on the last Friday of every month. Community Liaisons from New York Psychotherapy and Counseling Center will present at the meetings to provide information and support to parents/guardians.

-School Implementation Team- The SIT Team at PS108K works very closely with all teachers and parents/guardians to identify and work with children and families at risk. The team meets on a bi-monthly basis in order to discuss children exhibiting behavioral and/or academic difficulties. These difficulties often impact on family functioning. Parents/guardians' input is part of the decision process at the SIT meetings in order to better comprehend the child's academic, social and emotional functioning. The parent/guardians can then assist in creating a plan of action for the child. Interventions in school are also offered. The family is often referred for services outside of the school as well.

-SLT- The School Leadership Team is an opportunity for parents/guardians to participate in creating a safer school environment, exercise leadership skills in team meetings and become aware of all school programs. The School Leadership Team convenes once a month with additional meetings as needed.

- PS108K has an extensive RTI/AIS program. The RTI/AIS coordinator tracks academic progress for the children and implements intervention services as needed. Children are reassessed throughout the year. The RTI/AIS coordinator also refers children to the Pupil Personnel Team.

-My Brothers Keeper (MBK): To empower young males of color by fostering belief in their abilities, setting and upholding high expectations, providing positive male role models, building and strengthen self-confidence, creating fraternal bonds, instilling morals and values, celebrating their uniqueness, and providing exposure to opportunities that will prepare them for the world.

-Girls Empowerment Movement (GEM): The District 19's GEM Squad is a collaborative mentorship initiative across 34 schools that is designed to inspire and foster sisterhood amongst our community of girls. As a district and school community mentors, we work together to design and customize in-school mentorship programs and experiences built around our core values. Mentors help guide our girls use their voice for the following core values so that they have the tools needed to reach their full potential and be agents of change.

-Ready Readers promotes literacy and develop students' fluency through the arts. All in-person students in the kindergarten, first and second grade attend the program.

-Gender Neutrality- P.S 108K has adopted gender-neutral language, essentially asking all staff to not make assumptions about gender and sexual orientation and to not stereotype through the language we use in the classroom and throughout our school.

-Equity Committee: The equity team are a team of teachers and administrators who meet once a month to analyze data to find which subgroup has the largest gap and brainstorm ideas of how as a school we can support the subgroup in closing the gap.

-At Risk Counseling Services: works with at risk students in our school and provides counseling and RTI.

-Cypress Hills provides support to students in grades 3K-5

-Mood Meter-The mood meter is a concrete tool that can shift conversations about feelings from rote responses like good to more nuanced responses like curious, excited, or worried. Accurately labeling and discussing feelings helps adults and children acknowledge the role that emotions play throughout the day.

-Rising New York Road Runners: Rising New York Road Runners is a free, nationwide program that helps youth develop the ability, confidence, and desire to be physically active for life. We take a developmental approach to physical education that's focused on a student's age, needs, and ability. Our research-based program consists of games and activities that make it fun to learn - and teach - the fundamental movement skills at the heart of running and most other sports

STEM- Students will be exposed to learning opportunities that provide them with the foundations for developing skills that will be critically important in our future workforce.

-Black History Month

-Hispanic Heritage Month

-Art Club

-Science Club

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Constance Hahn
Assistant Principal (Where Applicable)*	Angelica Hutton-Espinal
English as a New Language (ENL) Teacher*	Nancy Raza and Susan Bodok
Teacher (if school has a bilingual program must be a bilingual teacher)*	Elisa Clotet
Parent/Guardian*	Kennia Blanc
Teacher (1st Grade Gen. Ed)	Melissa Vega-Jones
Parent Coordinator	Evelyn Polanco
School Counselor	Ramona Jimenez
Related-Service Provider	Felicia Saucedo
UFT Coach	Kristy Higuera
Special Education Liaison	Josephine Ferretti

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

3

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

1

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

534

Total number and percentage (%) of current ELLs:

120---22%

Total number and percentage (%) of former ELLs:

48--9%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

112--21%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

8--1%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

10--2%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

28--5%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2005-2006	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand-alone ENL is taught by two certified ESOL teachers. Entering and Emerging students receive English language proficiency development instruction in order to acquire the English language needed for success in core content areas. Students are homogenously grouped. Curriculum is devoted to English language acquisition and English language development through content. The stand-alone component is aligned to the grade level content and standards.

As a result of school wide common grade meetings, ENL teachers are able to select content based on the instruction that is taking place during content area instruction such as Wit and Wisdom, and selecting key texts with rich language and content that aids ELLs in better understanding the instructional goals of the unit of study.

The required amount of stand-alone ENL instruction depends on the English proficiency level of each student as measured by their NYSESLAT and/or NYSITELL scores.
We currently have Entering and Emerging students in all grades, kindergarten through 5th grade. Since we follow flexible scheduling, it enables us to re-group our students as often as needed with flexibility, according to their needs, content being taught, grade-level standards, etc, always within two consecutive grades.

Entering Students receive 180 minutes of stand-alone per week.

Emerging Students receive 90 minutes of stand-alone per week plus depending on their individual needs, some also receive the additional 90 Flexible minutes in Stand Alone instruction.

Integrated ENL:

Integrated ENL is co-taught by a certified content area teacher and a certified ENL teacher. Students receive instruction in English Language Arts along with English language development. The instructional goals are specific to the content area and language development and helps ELLs acquire grade level content knowledge. The language objectives are determined according to the linguistic demands of the content and the specific needs of the MLL/ELLs in the heterogenous class.

The content area teacher, along with the ENL teacher, plan the units of study to ensure that the needs of the MLLs/ELLs are met. At this time, teachers take into consideration the linguistic demands of the content, anticipate misconceptions, plan purposeful scaffolds including home language supports, discuss potential background knowledge and cultural awareness, and put supports in place to enrich comprehension and achieve the grade level standards.

The required amount of Integrated ENL instruction depends on the English proficiency level of each student as

measured on their NYSESLAT and/or NYSITELL scores.

Entering Students receive 180 minutes of Integrated ENL/ELA per week.

Emerging Students receive 180 minutes of Integrated ENL/ELA per week.

Transitioning and Expanding Students receive 180 minutes of Integrated ENL/ELA per week.

Commanding students or FELLs receive 90 minutes of Integrated ENL/ELA per week.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language program is a general education program, with one Dual Language class per grade. Classes are mixed heterogeneously across proficiency levels. Each teacher holds a Common Branch license and a Bilingual Extension license. A mix of English Language Learners and English Proficient students are enrolled in all of our Dual Language classes. The Bilingual teachers provide support for their students through standalone and integrated ENL.

The program serves both ELL students in need of English language development and English proficient students who wish to learn Spanish. The goal is to make each student completely bi-literate and bilingual.

Instruction in the Dual Language classes alternate between Spanish and English, 70% in English and 30% in Spanish. ENL is provided/embedded during the Strategic Reading Period and Wit and Wisdom blocks. Students receive the required periods of ENL based on their NYSESLAT or NYSITELL scores.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

During our weekly ENL teacher meetings, the UFTTC Coaches and staff developers, along with administration and the ENL teachers, gather to discuss student progress, trends, and data. The ENL teachers go over the EDAT and NYSESLAT results and ensure that all teachers identify the ELL students in their class and their proficiency levels. Further discussions are held regarding implications for instruction, language acquisition skills, various approaches, scaffolding, UDL, ILPs, etc.. Teachers must also submit, and keep, updated program cards/schedules which reflect their ENL, HLA, and Bilingual content area blocks.

Dual Language:
Instruction in the Dual Language classes alternate between Spanish and English, 70% English and 30% Spanish. ENL is provided/embedded during the targeted, small group literacy instruction and Wit and Wisdom literacy block. All students in the Dual Language classroom receive 45 minutes of Spanish HLA per day as well as 90 minutes in Bilingual Content Area subjects in Math and Science.

ENL:
- The ENL teachers provide instruction to their ELL students through stand-alone and integrated ENL.
- In both programs, students receive the required periods of ENL based on their NYSESLAT or NYSITELL scores.
- Entering ELLs receive 180 minutes of standalone ENL and 180 minutes of integrated ENL/ELA, totaling 360 minutes of ENL instruction per week.
- Emerging ELLs receive 180 minutes of standalone ENL and 180 minutes of integrated ENL/ELA for a total of 360 minutes per week.
- Transitioning ELLs receive 90 minutes of integrated ENL/ELA and 90 minutes of either standalone or integrated ENL/Content area, totaling 180 minutes of ENL instruction.
- Expanding ELLs receive a total of 180 minutes of ENL/ELA or ENL/Content area.
- Commanding ELLs receive 90 minutes of integrated ENL in ELA/Content area.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Dual Language: ENL is provided/embedded during the small group literacy instruction and Wit and Wisdom literacy blocks. All Students in the Dual Language classroom receive 45 minutes of Spanish HLA per day as well as 90 minutes in Bilingual Content Area subjects in Math and Science. ENL: The ENL teachers provide instruction to their ELL students through stand-alone and integrated ENL. In both programs, students receive the required periods of ENL based on their NYSESLAT or NYSITELL scores.

- Entering ELLs receive 180 minutes of standalone ENL and 180 minutes of integrated ENL/ELA, totaling 360 minutes of ENL instruction per week.
- Emerging ELLs receive 180 minutes of standalone ENL and 180 minutes of integrated ENL/ELA for a total of 360 minutes per week.
- Transitioning ELLs receive 90 minutes of integrated ENL/ELA and 90 minutes of either standalone or integrated ENL/Content area, totaling 180 minutes of ENL instruction.
- Expanding ELLs receive a total of 180 minutes of ENL/ELA or ENL/Content area.
- Commanding ELLs receive 90 minutes of integrated ENL in ELA/Content area.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our Dual Language program is a 70-30 general education program, with one Dual Language class per grade. Classes are mixed heterogeneously across proficiency levels. It is a two-way program in which a mix of both English Language Learners and English Proficient students are enrolled.

ELLs and non-ELL students are integrated all day long. We use a whole group-small group teaching model where the teacher introduces a concept to the whole group and then breaks up the students into small groups according to needs and abilities. The groups are different for each content area subject and also change with frequency as the children grow and develop.

b. In which language(s) is each core content area taught?

Science is taught in Spanish. Math is alternated every other day between Spanish and English. All other content areas are taught in both English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 108K, English Language Learners (ELLs) make up a significant portion of our student population, with 120 current ELLs, representing 22% of our total enrollment. Our ELL population is further categorized into the following subgroups:

Newcomers: 112 students (21%)
Developing ELLs: 8 students (1%)
Long-Term ELLs: 0 students

Instructional services for ELLs are differentiated based on their level of English Language Proficiency and time in U.S. schools.

The majority of our ELLs are Newcomers who are at the Entering or Emerging levels of English Proficiency. These students receive a combination of stand-alone and integrated ENL instruction, designed to support both language acquisition and academic content learning. ENL teachers utilize targeted second language acquisition strategies along with scaffolded supports to accelerate English development while addressing potential academic gaps.

In contrast, Developing ELLs, who are progressing toward proficiency, may receive more integrated ENL support embedded within the content areas, depending on their specific instructional needs.

To further support our Newcomers, we offer a Title III after-school program facilitated by ENL and/or bilingual teachers. These classes are intentionally designed to strengthen both academic skills and language development, providing additional time and support for students to grow their English proficiency in a structured and supportive setting. Participation in this program is highly encouraged for Entering and Emerging ELLs.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

SIFE: Out of 120 current ELLs, 10 are SIFE students (2%).

SIFE students receive UDL-driven instruction so they can access the same grade-level content as their peers. These students receive small-group literacy instruction. SIFE students are also invited to attend our after-school program, which provides ENL and Native Language support in Mathematics, Science and Social Studies. Certified ENL and bilingual teachers teach these classes.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At this time we do not have any Long-Term ELLs, but in the event we were to receive a transfer student who is a long-term ELL, this student would receive small group instruction and be invited to our after-school programs. In addition, this student would get one-on-one support from a bilingual paraprofessional.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

There are currently 48 Former English Language Learners (FELLs) in grades 1–5 at P.S. 108K, representing 9% of the student population.

In accordance with state guidelines, FELLs receive a minimum of 90 minutes of integrated ENL/ELA support per week for two years following their attainment of English proficiency as measured by the NYSESLAT. This support is provided by ENL teachers and is designed to ensure continued academic success as students transition out of ELL status.

FELLs also continue to receive state-mandated testing accommodations for up to two years and are strongly encouraged to participate in our after-school academic programs, which provide additional reinforcement in both content knowledge and language development.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

According to the Spring 2024 ELL Data Analysis Tool, a large percentage of our English Language Learners (ELLs) face multiple risk factors that impact their academic success. The most significant trends include:

Newcomer status: 92.3%

Temporary housing: 51.8%

Lack of sufficient progress in English Language Proficiency (ELP): 20.8%

In addition, 10% of ELLs are identified as Students with Interrupted or Inconsistent Formal Education (SIFE), who often require more intensive instructional support.

Many of our ELL students experience multiple overlapping risk factors, including:

23.8% with 1 at-risk factor

45.8% with 2 factors

16.7% with 3 factors

8.9% with 4 factors

3.6% with 5 factors

1.2% with 6 factors

These patterns reflect a high-need population requiring intentional, differentiated support. In response, P.S. 108K has prioritized targeted small-group instruction delivered by ENL teachers, Dual Language teachers, and bilingual paraprofessionals. Instruction is tailored to address both academic gaps and language development, with a focus on equitable access to grade-level content.

Teacher teams regularly review student data and collaborate to adjust instructional strategies that best support our multilingual learners' academic and social-emotional growth.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

According to the Spring 2024 ELL Data Analysis Tool, there are 15 Former English Language Learners (FELLs) at P.S. 108K. A strong majority, 73.3% (11 students)—have zero at-risk indicators, reflecting a low overall risk profile for this group and suggesting a successful transition following reclassification.

The remaining 26.7% (4 students) have been identified with one or more at-risk factors. These fall into two primary categories:

Temporary Housing (13.3%): Two students are currently in temporary housing, a known risk factor that can impact school stability, attendance, and academic performance.

Low ELA Proficiency (13.3%): Two students scored Level 1 or 2 on the most recent ELA assessment, indicating a continued need for language and literacy support to ensure academic success across content areas.

The most notable trend is the overall academic stability among Former ELLs, with the majority not exhibiting any current risk factors. This is a promising sign of effective ENL instruction and reclassification support. However, the small subset of students experiencing challenges, particularly those in temporary housing or with low ELA scores—may benefit from continued monitoring and targeted interventions to ensure sustained progress.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The majority of our English Language Learners (ELLs) are Spanish speakers. Currently, we serve 114 Spanish-speaking students, along with 1 Arabic speaker, 1 Japanese speaker, 2 Fulani speakers, and 2 Quiché speakers.

ELLs in our Dual Language program receive support in both their native language and cultural assimilation through instruction delivered by bilingual teachers. These educators utilize a range of strategies, including second language acquisition techniques, native language support, Universal Design for Learning (UDL), and the integration of cultural and heritage celebrations to create inclusive, affirming learning environments.

Our ENL teachers, in collaboration with classroom staff, intentionally select culturally relevant texts and materials that reflect and celebrate the diverse backgrounds represented in our school community. Through the curriculum, we teach about global religions, holidays, traditions, and cultural festivities, fostering respect and appreciation for students' identities.

Instructional supports include the use of translated materials, native language resources, culturally responsive content, and a wide array of ENL strategies and scaffolds to ensure language access and academic success for all multilingual learners.

We have translators available during our PTC and doing our Community Resource Fairs.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

We currently have 115 ELL students who identify themselves as Hispanics; 94 who identify themselves as American Indian/Alaskan, 13 of which identify as White; 6 who identify as Black,1 which identifies as Pacific Islander; and 1 Hispanic ELL who identifies as Multiracial.

We also have 3 ELL students who identify themselves as Non-Hispanic; 1 of which identifies as Black; 1 who identifies as White; and1 who identifies as Multiracial.

Due to the racial and ethnic diversity of our students, it is imperative that ELLs are included in the planning and delivery of Culturally Responsive and Sustaining Education. Culturally responsive and sustaining education means valuing and recognizing diversity (i.e., race, social class, gender, language, sexual orientation, nationality, religion, ability) and making it an integral part of teaching and learning. Students and families enter our school buildings with a variety of different backgrounds and cultures, and it is our job as educators to make the learning meaningful and relevant to the students. Intertwining education and culture is one important way we can make this learning meaningful for them. We have to mindfully include our ELLs in each principle of the CR-SE, welcoming and affirming environment, high expectations and rigorous instruction, inclusive curriculum and assessment, and ongoing professional learning. We will make sure all students cultural identities are valued and respected upon entering the school building. We will ensure the learning is rigorous, while also keeping in mind the different ways in which students learn. We will encourage our students and make sure they know they can succeed, and we will constantly examine, adapt, and self-reflect the teaching and learning going on, so that we can make whatever changes may be necessary to ensure ELLs can be successful.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

We had 140 ELL students take the NYSESLAT in Spring of 2025, of them had sufficient data points to determine proficiency progress. Of those students: (%) did not meet progress goals, (%) met progress goals by exiting ELL status, (%) met progress goals by meeting annual progress target, and (%) met progress by meeting safe harbor cumulative growth, for a total of (%) students who made progress. Over students did

not have sufficient data to determine progress.

37 (27%) became Commanding
41 (31%) became Expanding
22 (17%) became Transitioning
24 (18%) became Emerging
8 (6%) tested at Entering

As per the data, our ELL students continue to show strength in the Speaking and Reading Modalities, while Writing continues to be the area of need. This year, we saw an increase in improved scores in Listening throughout all K-5th grades.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The following is the Proficiency level breakdown for the Spring 2025 NYSESLAT:

37 (27%) became Commanding
41 (31%) became Expanding
22 (17%) became Transitioning
24 (18%) became Emerging
8 (6%) tested at Entering

The data shows that our students continue to make adequate growth in English Language acquisition as seen in the positive trajectory of students making progress from one level to the next. Our highest concentration of students is in Expanding and Commanding; with 41 students at Expanding and 37 at Commanding.

Entering (All)	10 out of 10 students made progress.
Emerging	18 out of 22 students made progress. 4 remained the same.
Transitioning	22 out of 25 students made progress. 3 remained the same
Expanding	23 out of 32 students made progress. 8 remained the same and 1 went down to TR.

Entering ELLs made the most progress, testing at Emerging or higher on their first NYSESLAT. There were 43 first year NYSESLAT test takers. 35 of them tested at Emerging or higher. Only 8 students tested at Entering.

Entering	8
Emerging	14
Transition	4
Expanding	12
Commanding	5

The overall area of need amongst our ELL population is writing.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Our ELL students perform better in the NYSESLAT assessment, although the NYSESLAT is aligned to the Next Generation Learning Standards and new Bilingual Common Core Progressions. The NYSESLAT contains five performance levels: Entering, Emerging, Transitioning, Expanding, and Commanding, that the ELA assessments does not measure. The NYSESLAT assessment also has four sections which integrate speaking, reading, writing and listening questions which are tied to global themes.

New York State English Language Arts (NYS ELA) data was analyzed to identify current student thinking and performance gaps. Our findings were that across all grades our students were becoming more adept at citing evidence and using relevant details from text to support their answers. However, it was noted that ELL students were now struggling more so with engaging in student discussions. They need more support with providing feedback, extending conversations, and elaborating on their thinking when conversing with peers. Also, most of our ELL students do not have prior knowledge of literary genres such as fairy tales, myths, legends, and tall tales. Although our teachers activate prior knowledge or built background information, knowing the vocabulary will not solve the problem. Our ELLs students may be able to read the words but it doesn't mean they will be able to fully comprehend the text. Most times ELLs are not aware of information that the author left unsaid; the information that "everyone knows." By shifting our instructional focus to improving student discussion skills, we are giving our students opportunities to learn from each other, provide and receive feedback, and see different and new perspectives. This will aid in reaching the goal of students meeting grade level expectations as outlined in the Next Generation Standards.
In April 2025, for the ELA state assessment, 2 entering students scored a level 1 and 1 entering student scored a level 3. 4 emerging students scored a level 1 and 5 emerging students scored a level 2. 1 transitioning student scored a level 1, 8 transitioning students scored a level 2, 6 transitioning students scored a level 3, and 1 transitioning student scored a 4. 2 expanding students scored a level 2, 7 expanding students scored a level 3, and 4 expanding students scored a level 4. For the Spring 2025 Math State assessment, 4 entering student scored a level1, 6 entering students scored a level 2, 3 entering students scored a level 3, and 1 entering student scored a 4. 1 emerging student scored a level 1, 2 emerging students scored a level 2, and 6 emerging students scored a level 3. 6 transitioning students scored a level 2, 6 transitioning students scored a level 3, and 3 transitioning students scored a level 4. 2 expanding students scored a level 2, 5 expanding students scored a level 3, and 6 expanding students scored a level 4.
ELL students demonstrated stronger math scores as math is a universal language and newcomer students are able to take the test in their home language. 20 ELLs scored a 3, while 10 scored a 4. However, the ELA scores were pretty similar to the Math, having 14 ELLs score a 3, and 5 score a 4. 7 ELL students also became Commanding after testing at Expanding on the NYSESLAT, and scoring a 3 or 4 on ELA.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

In the 2025 NYSESLAT, we had 8 ELL students in the SIFE subgroup.1 student at the emerging level and 7 students who were entering, as per the NYSITELL, since they had not yet taken their first NYSESLAT. 6 out of the 8 students scored at emerging on their first NYSESLAT.

Additionally, we had 31 ELLs with IEPs take the Spring 2025 NYSESLAT. The results were as follows: 0 ELLs with IEPs were Entering, 6 ELLs with IEPs were Emerging, 4 ELLs with IEPs were Transitioning, 11 ELLs with IEPs were Expanding, and 10 ELLs with IEPs became commanding.
The data shows that our belief in least restrictive environment, as well as equal access for all students and making sure that these students' needs are always in the forefront of our discussions and planning, have made a positive impact on the language learning skills of the students in these subgroups. This is especially visible with the majority

of our SIFE students testing at Emerging on their first NYSESLAT. It is further evident in the Special Education subgroup where 18 students moved up 1 proficiency level and 9 moved up 2 or more levels.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

P.S. 108K is committed to providing all students, including English Language Learners (ELLs), with access to a high-quality academic experience aligned with New York State Learning Standards. Instruction is designed to maximize academic learning time while honoring the cultural, racial, and ethnic diversity of our student population.

We implement the Wit & Wisdom English Language Arts curriculum in grades K–5, which is fully aligned with the Next Generation Learning Standards. Teachers differentiate and adapt lessons to meet students' individual learning needs, ensuring that ELLs are fully engaged with grade-level content while developing their language proficiency.

In addition to core instruction, ELLs receive targeted small-group instruction focused on language development and literacy skills. To further support access and comprehension, Spanish-English glossaries are provided in ELA, Math, Science, and Social Studies.

Across content areas, we use:

Eureka Math² for mathematics instruction (grades K–5)
Amplify Science (NYC DOE curriculum) for science instruction
Edmentum, a technology-based platform, to provide individualized practice and intervention in both ELA and Math

Instruction is data-driven, with Individualized Learning Plans (ILPs) developed for ELLs based on a range of assessments and teacher observations. These include:

NYSESLAT
End-of-Module (EOM) and Formative Quarterly Tasks (FQT)
FUNdations
Acadience
Edmentum Digital Assessment Tools

By combining rigorous, standards-aligned curricula with personalized instruction and culturally responsive practices, we ensure that ELLs have equitable access to deep learning and long-term academic success.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The Instructional Leadership Team focuses on the inclusion of every learner. The ILT understands that ensuring every student has equitable access to engaging grade-level content and instructional rigor is essential. This means including students in core instruction rather than focusing only on remediation and catching up. To include each ELL student, we employ instructional strategies that access and engage in rich, grade-level work.

The ILT is constantly reviewing ELL data, such as the EDAT and the monthly EDUR, to identify and address gaps in learning through targeted instruction. Once we determine a student has potential areas of unfinished learning, intense core instruction that is culturally responsive and paired with formative assessments will be key in pinpointing gaps. Teachers can respond to students' needs in real-time while adhering to grade-level standards. ELLs' specific needs and challenges are always considered and addressed in the Instructional Leadership Team meetings.

PS 108K follows our district's shared ELA Curriculums, Wit & Wisdom and FUNdations. Our school's leadership team ensures that English Language Learners (ELLs) have full access to core instruction and curriculum through a combination of intentional planning, professional development, and inclusive instructional practices:

Collaborative Planning: Our leadership team facilitates regular collaboration between classroom teachers, ENL specialists, and interventionists during our grade level meetings and Dual Language Teacher Team Meetings. These planning sessions help ensure that lessons are scaffolded and aligned with both language and content objectives, enabling ELLs to engage meaningfully with grade-level material.

Professional Development: Teachers receive ongoing training in ELL strategies and other best practices for supporting language development within content instruction. Each student has an Individualized Learning Plan. Teachers are involved in coaching cycles by the UFTTC Coaches/Staff Developers, attend collaborative planning sessions, inter-visitations, and sometimes participate in reciprocal teaching with other teachers.

Use of Language Supports: The leadership team ensures that classrooms are equipped with visual aids, bilingual resources, sentence frames, and vocabulary support to make content accessible. Technology tools like translation apps or language-learning platforms are also utilized when appropriate.

Data-Driven Decisions: ELL student progress is closely monitored using formative assessments, EDAT, EDUR, Acadience, FUNdations, NWEA, District Assessments, Edmentum Data, Progress Monitoring and classroom performance. The leadership team uses this data to adjust support services, provide targeted interventions, or offer additional resources.

Inclusive Scheduling: ELLs that are not in the Dual Language Program are scheduled for core instruction in the general education classroom with push-in or pull-out ENL support as needed. The leadership team ensures that ESL services do not replace or conflict with core instruction in key subject areas.

Family Engagement: Our school values the involvement of ELL families. The leadership team works to provide interpreters, translated materials, and multilingual communication so that families can actively support their children's education.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In Dual Language classrooms, content is taught in both Spanish and English using second language strategies like bilingual word walls, cognate charts, home language support, and visual aids.

Wit & Wisdom is used for ELA in grades K–5. FUNdations and Heggerty are used in K–2, with Phonics for Reading supporting upper grades. Students use Spanish-English glossaries and receive explicit Tier 1–3 vocabulary instruction using strategies such as Inside Out, picture clues, and cognates.

Students engage in academic discussions, including Socratic Seminars and text-based questioning.

FUNdations is taught in Spanish for Home Language Arts.

Math alternates daily between Spanish and English using Eureka Math²

Amplify Science is taught by a bilingual science specialist.

UDL strategies support vocabulary and concept development.

ENL Instruction
ENL instruction is delivered in English, using UDL, TPR, Phased Supports, visuals, and realia to support language development.

Wit & Wisdom is the ELA curriculum in grades K–5. Eureka Math² is used across all ENL classrooms. Lessons are tailored to student needs and incorporate second language strategies throughout the day.

ENL teachers also use:

Oxford Content Area Picture Dictionary

Non-fiction texts in science and social studies

Bilingual glossaries (Spanish and Arabic) across content areas

Students receive targeted small group support and strategies that promote both language and content mastery

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

English Language Learners (ELLs) with Individualized Education Plans (IEPs) receive the required instructional minutes with appropriate scaffolds aligned to their specific learning goals. Teachers consistently implement the necessary accommodations during ENL instruction and ensure all IEP testing accommodations are provided during the NYSESLAT and other assessments.

Instruction is tailored based on each student's language proficiency and IEP goals. Teachers use strategies to build background knowledge, develop academic vocabulary, support access to grade-level texts, and incorporate home language and peer interaction as learning supports.

Instructional tools include:

Peer discussions and small group instruction

“Notice and Wonder” strategies

Anchor charts, sentence starters, and paragraph frames

Word/picture boxes and glossaries

Digital tools like WordSift to reinforce vocabulary and sight words

These supports ensure ELLs with IEPs can engage meaningfully with academic content while progressing in both language and learning.

b. SIFE

SIFE students receive UDL-driven instruction so they can access the same grade-level content as their peers. These students receive small group literacy instruction. SIFE students are also invited to attend our after-school program, which provides ENL and Native Language support in mathematics, science, and social studies. Certified ENL and bilingual teachers teach these classes.

c. Newcomers

ELLs with less than three years of service are taught the same grade-level content as their peers. ENL and dual language teachers ensure that many scaffolds are in place so these students can access the same content as their proficient counterparts. Differentiation in lesson delivery and assessments ensure that these students access the same academic content as the entire grade. The students are grouped based on their language proficiency to provide targeted instruction to address their strengths and next learning steps.

d. Long Term ELLs

Currently, there are no long-term ELLs in our school. However, if we were to receive a transfer student who is a long-term ELL, this student would receive small group instruction and be invited to our after-school programs. In addition, this student would get one-on-one support from a bilingual paraprofessional.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

ENL and classroom teachers meet with the Special Education providers to discuss the students strengths and areas of need as well as IEP and language goals. They collaborate around how each provider/teacher is working towards helping each student meet their language and individualized learning goals.

ELL: Targeted, small group literacy instruction is a support service for SWD students who are ELLs. ENL and Dual Language teachers provide targeted, small group instruction during the literacy block. All teachers of ELLs create Individual Learning Profiles ILPs for their students. They adapt their instruction to meet each child's needs according

to their proficiency level.

SWD: Specially Designed Instruction (SDI): Teachers adapt, as appropriate, the content, methodology, or delivery of instruction to address the unique needs of a child that results from the child's disability; this ensures access of the child to the general curriculum so that he or she can meet the educational standards.

The least restrictive environment is always a priority when designing and implementing a program. Special education students should learn in the least restrictive environment (LRE). This means they should spend as much time as possible with peers who do not receive special education. Students' goals are aligned with common core standards. Students are held to the same standard as the general education student. Our school offers flex programming for students with disabilities. If the student is doing exceptionally well in an academic area, the student will move to a less restrictive environment for that subject.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Native Language Support: In the Dual Language classes, FUNdations is used to teach in Spanish as the HLA curricula. Teachers provide a beginning and end of the year assessment to check student growth and properly tailor their lessons according to their students' needs. Science instruction is provided by the bilingual classroom teacher. Dual Language teachers provide social studies instruction in both Spanish and English. Bilingual paraprofessionals provide small group instruction through reading intervention programs. All dual language classes have bilingual word walls and a cognate (English & Spanish) wall. This component is helpful to both ENL and Dual Language students.

Students are assessed with multiple indicators such as FUNdations, Wit & Wisdom end of module performance tasks, Acadience, Edmentum, NWEA MAP assessments, Edmentum Math, ELA, and Math Benchmarks, as well as teacher observations to assess students' academic strengths and deficiencies accurately.

In ENL classes, teachers use cognates, bilingual content-area picture dictionaries, translated materials, and bilingual math, science, and social studies glossaries. Students also use the technology-based Edmentum Literacy and Edmentum Math programs, which also has assistance in their native language for their needs. Teachers also use translated copies of the Wit & Wisdom books for language support, as well as related videos and clips in their home language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Weekly collaboration meetings are provided to Dual Language teachers by ENL teachers, aiding in the effectiveness of the educators, for improved student outcomes. The ongoing collaborative meetings provide our teachers with the knowledge and deep understanding about language development to help English language learner students meet the high levels of language proficiency required for success. Additionally, ENL teachers, who are responsible for providing the integrated instruction for ELLs in different proficiency levels, meet with UFT Teacher Coaches, ICT

teachers, and teachers of ELLs, during weekly Monday professional development meetings to discuss best practices for the ranges of students served in their classes. Additionally, ENL teachers work closely together with classroom teachers to develop appropriate scaffolds for their ELL students and strategies to use during integrated lessons. Teachers complete inter-visitations throughout the year to observe best practices. Vertical teacher teams complete lesson studies and reflect on effectiveness of plans and lessons.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The focus of our professional development plan is to strengthen teacher practice by continuing to examine and implement the Next Generation Standards and the Danielson Framework for Teachers. Our goal is to strengthen student work by refining classroom instruction and teacher effectiveness.

Professional development is provided to every teacher in our school by our UFTTC Staff developers. The following school personnel receive development along with the teachers: paraprofessionals, psychologist, guidance counselor, occupational/physical therapists, speech therapists, and parent coordinator. The entire staff participates in teacher teams, where the needs of all our students, including ELLs and students with disabilities, are analyzed. The needs of all our ELLs/MLs are addressed during these sessions and team meetings.

The staff development team provides additional professional development to all teachers, including teachers of ELLs through demonstration lessons, lesson studies, instructional rounds, model lessons, co-teaching and inter-visitations. We also have a Dual Language Teacher Team for grades K - 5, which meets weekly.

The following are some of the topics that will be covered during the 2025-2026 school year professional development meetings: New Language progressions for grades K-5, five language proficiency levels, foundational skills, stages of language acquisition, NYSESLAT/NYSITELL, ELA/MATH levels and areas of need, SIFE students, ENL and UDL strategies to be used with their ELL students during reading, close reading, and math; scaffolding, as well as explicit modeling, target vocabulary instruction, use of native language support, and meaningful peer discussions.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Professional Development and Support for School Staff: Our school provides professional development to all teachers and staff that specifically addresses the needs of English language learners. All teachers receive a minimum of 15% of the required professional development hours focused on best practices for co-teaching and integrating language and content instruction for ELLs and language acquisition for English Language Learners.

All bilingual and ENL teachers receive at least 50% of the required hours in ELL-specific topics such as language acquisition in alignment with core content area instruction, best practices for co-teaching strategies, and integrating scaffolds in language and content instruction for ELLs. Training is provided during professional development days,

faculty conferences, and new teacher workshops. All staff knows the importance of supporting the ELLs attending our school and their families.

The focus of our professional development plan for the 2025-2026 school year is to strengthen student work and teacher practice by continuing to examine and implement Next Generation Standards and the Danielson Framework for Teachers. We aim to strengthen student work by refining classroom instruction with teacher effectiveness.

Professional development is provided to every teacher in our school by our UFTTC/ELL staff developers. The following school personnel receives professional development with the teachers: paraprofessionals, psychologists, guidance counselors, occupational/physical therapists, speech therapists, secretaries, school aides, and the parent coordinator. The entire staff participates in horizontal and vertical teacher teams where the needs of all our students, including ELLs and students with disabilities, are analyzed. Our teachers are provided with standard preparation periods during which the Staff Developers engage teachers in study group activities. The needs of our ELL students are addressed during these sessions and team meetings. The staff development team provides additional professional development to all teachers, including teachers of English Language Learners, through demonstration lessons, lesson studies, instructional rounds, model lessons, co-teaching, and inter-visitations.

These sessions cover the following topics:
-Scaffolding close reading for ELL students.
-Analysis of teacher practice, assessment data, and student work for ELLs and FELLs to strengthen teacher instructional capacity and promote the continued implementation of the standards to ensure increased student achievement.
-Strategies for struggling readers during small group literacy instruction.
-Analysis of ELA and Math MAP assessment: Identifying grade, class, ELL, SWD, and gender trends to determine implications for instruction, and
-NYSESLAT Training.

We have a Dual Language Teacher Team for grades K-5. This team meets weekly. These Teacher Team sessions allow Dual Language and ENL teachers to develop lesson studies by analyzing student data and work samples. This focuses on strategies that can be implemented across the grades to move student achievement in the four modalities. Professional development will also focus on deepening teachers' knowledge, understanding, and application of second language acquisition strategies to support recently arrived ELLs.

The ENL teachers attend periodic ENL meetings facilitated by Brooklyn North ELL specialists.

ELL Teacher Staff Development schedule:
New Teachers Meetings -Wednesdays: 7:15 AM – 8:00 AM
Dual Language Teacher Team- Mondays: 8:00 AM-8:45 AM

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Various screening assessments are used to guide instructional planning for ELL students. Acadience, Edmentum ELA and Math, as well as MAP assessments assess students' fluency, comprehension, language usage, and vocabulary skills. The children are also tested for Concepts of Print and Phonemic Awareness. Teacher Teams meet to analyze and discuss the data gathered from these assessments. Based on the data, targeted interventions such as small group instruction and after-school programs are offered to students.

NYSITELL results are also used to plan lessons and differentiate instruction based on students' proficiency levels. An Individual Learning Profile, or ILP, is developed for each ELL student. The ILP breaks down the student's strengths, areas of weakness, methods of measurement, and the ELL and UDL strategies that teachers will implement to bridge any gaps in learning.

Our MTSS plan embraces ELL students in both Dual Language and Stand Alone by creating small groups based off of multiple individual data points. Students with similar needs are grouped together so that those specific skills can be addressed.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The following intervention programs are offered to ELLs in ELA:
-We use Edmentum which is an educational program including Exact Path, that is designed to support elementary students' learning. It focuses on personalized learning paths, addressing individual student needs and skill gaps in subjects like reading, math, and language arts. The diagnostic assessments identify areas where students need support and then provide tailored learning experiences to help them progress.

-We use SPIRE (Specialized Program Individualizing Reading Excellence), which is a comprehensive, multi-sensory reading intervention program designed to help struggling elementary students improve their reading skills. It focuses on foundational reading skills like phonological awareness, phonics, fluency, vocabulary, and comprehension. SPIRE is often used for students with characteristics of dyslexia or other learning disabilities, or for students who need direct, systematic, and sequential reading instruction.

- Phonics for Reading - This reading program is being used as targeted intervention for ELLs at the transitioning and expanding levels to support phonics acquisition. It contains explicit instruction in phonics, decoding, fluency, and high frequency words. It supports meaning making including vocabulary and comprehension.

- Targeted small group literacy instruction for ELLs of all proficiency levels - K-2 Entering and Emerging students

receive twice daily instruction in phonics utilizing Fundations and Heggerty to build phonemics awareness and phonics skills. 3-5 students receive AIS intervention using Rewards and/or Phonics for Reading.

- Title III program on Wednesdays and Thursdays - For ELLs in grades K - 5. The focus is on building Math and ELA skills.

-Newcomer ELLs: Edmentum Reading, Edmentum Math, and Amplify Science are used to build fluency and foundational skills in both reading, science, and math. The NYS glossaries and Oxford Content Dictionaries are used as resources in all core curriculum classes. These students receive intensive ENL instruction focused on vocabulary development across the four modalities.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

We use multiple indicators such as FUNdations, Wit & Wisdom end of module performance tasks, Acadience, Edmentum Reading, NWEA MAP assessments, Edmentum Math, ELA, and Math Benchmarks, as well as teacher observations to assess students' academic deficiencies accurately. Data is gathered for new students admitted within the first month of school. Updated data is also gathered for students who needed more than Core Instruction at the end of the previous school year. Students receive supplemental instruction from the classroom teacher; after analyzing multiple sources of data, a response to intervention is provided based on the area of weakness, such as phonemic awareness, phonics, fluency, vocabulary, or comprehension. Students identified as Tier 3 in the fall are given more intensive instruction by someone other than the classroom teacher. Instruction is based on the area of greatest need. We use research-based programs based on a student's area of greatest need. Approximately every 6 to 8 weeks, students' progress is reviewed, and a decision is made if the program is working. If the program is working and the student still needs extra support, we continue to provide MTSS using a different program.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We use Acadience as a Universal Screener for grades K-5, assessing early literacy skills in grades K - 5. FUNdations Unit assessments in grades K-2 assess their mastery in the early foundational skills. We also use Edmentum for grades K -5. Edmentum is a technological tool that supports students in building phonemic awareness, phonics, vocabulary and comprehension. It provides support based on each students' entry level. It is a self-paced program that continuously assesses the students and adjusts to their level and areas of need. The Edmentum Math program is used for grades K - 5 and has embedded assessments. The data is analyzed to identify current student thinking and surfacing gaps.

Additionally, we use the MAP/NWEA Screener to assess the student's academic progress in both ELA in grades 3 to 5, and in Math for grades K-5. Analysis of the results will show students' areas of strength and need for each subject.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students in the Dual Language classes are assessed twice a year with a beginning and end of year HLA or Home Language Fundations Assessment in Spanish. It is designed to assess the student's literacy achievement in Spanish. This test is administered to ELLs and EPs in grades K-5.

Some ELLs in the Dual Language Classes are assessed in Spanish for Math, Science, and Social Studies.

ELLs can take the NYS Mathematics and Science Assessments in their native Spanish language. ELLs who are speakers of a language other than Spanish are provided an interpreter when taking these state exams if the exam is not provided in their native language by the state.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSESLAT: We evaluate the success of our Dual Language and ENL programs by analyzing the results of the NYSESLAT and the ELA state assessments during the Dual Language teacher team to create lesson plans that would meet the needs of all ELL students based on their language proficiency and acquisition levels. We also analyze the growth in reading levels as evidenced by Acadience scores.

The 2025 NYSESLAT indicates that our students continue to show growth in all four modalities.
In Spring 2025, 132 current ELLs took the NYSESLAT exam. The NYSESLAT results show 8 students tested at Entering, 24 are Emerging, 22 are Transitioning, 41 are Expanding, and 37 are at the Commanding level or became proficient (FELLS).

NYS ELA & Math Assessments Spring 2025:
-41 current ELLs took the ELA state exam. Our English Language Learners performed as follows: 5 scored a 4, 14 scored a 3, 15 scored a 2, and 7 scored a 1.
-51 current ELLs took the Math state exam. Our ELLs performed as follows, 10 scored a 4, 20 scored a 3, 16 scored a 2, and 5 scored a 1.

New York State English Language Arts (NYS ELA) data were analyzed to identify current student thinking and performance gaps. Our findings were that across all grades, our students were becoming more adept at citing evidence and using relevant details from the text to support their answers. However, it was noted that ELL students were now struggling more to engage in student discussions. They need more support with providing feedback, extending conversations, and elaborating on their thinking when conversing with peers.

Also, most of our ELL students do not have prior knowledge of literary genres such as fairy tales, myths, legends, and tall tales. Although our teachers activate prior knowledge or build background information, knowing the vocabulary will not solve the problem. Our ELL students may be able to read the words, but it doesn't mean they will

be able to comprehend the text thoroughly. Most times, ELLs are not aware of information that the author left unsaid, the information that "everyone knows." By shifting our instructional focus to improving student discussion skills, we are giving our students opportunities to learn from each other, provide and receive feedback, and see different and new perspectives. This will aid in reaching the goal of students meeting grade level expectations as outlined in the Next Generation Standards.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The testing coordinator is in charge of receiving and storing The NYSESLAT materials. The 2 ENL teachers work with the assistant principal in charge of ELLs and the testing coordinator to develop a schedule for the NYSESLAT administration. The speaking subtest is administered by the ENL teachers, who test all the ELLs in the Dual Language classes. Other out-of-classroom teachers assist with the speaking test since the ENL teachers cannot test their own students. To ensure protocols, no teacher tests or scores their own students.

All Dual Language, ENL teachers, and selected pedagogues are involved in administering the other 3 NYSESLAT sessions. ELL students with IEPs receive all their accommodations, as stated on their IEPs.

The transposing and scoring of the NYSESLAT are all done by a team of teachers which includes ENL teachers, dual language teachers, special education teachers and the testing coordinator.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The STARS programmer, Stephanie Shapiro, ensures the recommended services are documented in STARS. We monitor the services by analyzing the STARS linkage report weekly. S.I.T. Team will continue to review IEPs of all newly admitted students for quality assurance including, but not limited to, recommended services, accommodations, PLOP, goals and summaries are aligned to fit the needs of the students. The testing coordinator and special education team ensure that all IEP testing accommodations are documented and followed during state testing. The testing team creates a resource document of all students with accommodations as per their IEPs.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Parents of newly enrolled ELL students are invited to attend two orientation sessions in September. These sessions provide families with detailed information about the ELL programs offered at our school, including ENL and Dual Language. The orientations are held at varied times and on different days to accommodate family schedules and are separate from ongoing meetings hosted by ENL teachers and the Parent Coordinator.

When a student is identified as an ELL through the NYSITELL, families are invited to a parent orientation meeting. During this session, parents receive:

An explanation of the ELL program models available in NYC

A parent video describing the three models, presented in the family's preferred language

Time for questions and discussion to ensure parents fully understand their choices

Translation and interpretation services throughout the meeting

Families make their ELL program selection during this session.

Documentation of parent engagement includes sign-in sheets, presentation materials, flyers, and handouts.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Throughout the school year, teachers hold individual meetings with parents/guardians of English Language Learners. During these meetings, Dual Language, ENL, and classroom teachers collaborate to share:

The goals of the ENL and Dual Language programs

Results from Language Proficiency Assessments

The child's language development progress and needs across content areas

Instructional implications and scaffolds that will support academic success

An overview of assessment types used throughout the year

Information on available translation and interpretation services

Teachers also review the Parent's Guide to the Next Generation Learning Standards and the Parent's Bill of Rights for NYS Multilingual Learners/ELLs, and provide copies to families. Additionally, families receive tips and online resources to support language development at home across subject areas.

Documentation of meeting dates and agendas is maintained both electronically and in hard copy, and regularly shared with the ELL Coach/Staff Developer.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

At P.S. 108K, we are committed to fostering clear and inclusive communication with all families. Our Language Access Coordinators—Evelyn Polanco (Parent Coordinator), Nancy Raza (ENL Teacher), and Susan Bodok (ENL Teacher)—play a key role in ensuring that every family remains well-informed and actively engaged in all school activities, regardless of their preferred language of communication. Through their work, all families are afforded meaningful opportunities to participate in, and access, the programs and services that are vital to their child's academic success and overall well-being.

We use Class Dojo, which offers in-app translation so families can send and receive messages in their home language in order to communicate with their child's teachers. For phone or in-person conversations, the staff uses the DOE Translation and Interpretation Line, introduced to all staff at the beginning of the school year by our Language Access Coordinators.

School updates and announcements are shared through platforms like Instagram, with posts available in multiple languages. The Parent Coordinator also uses an automated messaging system to send translated messages to families based on their preferred language.

All school-wide documents, such as academic standards, programs, parent handbooks, IEPs and 504 Plans, monthly calendars and special events, are translated into the most commonly spoken languages in our school community, ensuring families have equitable access to important information.

In both the foyer and main office, we have posted the DOE's posters indicating the availability of language assistance services and how to obtain them. We also distribute the "I Speak" cards to all parents who prefer to communicate in a language other than English, and we are providing language access training to all Parent-Facing school staff on the policies and procedures, as well as best practices, language access supports, and ethical standards of practice.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our community school will welcome and empower families by conducting community needs surveys, community school forums (workshops, dinners and open communication forums), as well as promote parent/guardians as ambassadors to build on the community needs. All of the workshops offered by PS 108K will be co-facilitated by a staff member, parent/guardian, and/or additional community members. Parent Coordinator/Teachers/Other Staff Members will conduct various workshops to help bring our community together. Workshop topics will include social/emotional learning and culturally responsive education. The technology team will conduct "how to" and informational workshops to assist families with technical issues. The staff development team will conduct workshops about Wit and Wisdom, Eureka Math Squared, and Assessments. Multiple surveys will be offered to get input from all the community stakeholders including, teachers, students, parents/guardians, and CBOs.

Our school is also a Community School and as such it shares a partnership with the Cypress Hills Community Based Organization. This program hosts several family resource fairs a year, with resources available in English and Spanish. However, interpreters are also hired to facilitate the information to parents who speak other languages, making them feel welcomed and part of our school community. They provide parents with information on nutrition, special programs for children, housing, dental and medical assistance, health insurance and food stamps (SNAP program), etc. These resource fairs are excellent for our families, especially families of Newcomers to our school. The school identifies students in temporary housing and regularly provides families with household and school supplies.

NYPCC will provide 3 workshops for parents/guardians and teachers. New York Psychotherapy and Counseling Center (CBO) will continue to provide mental health screenings for families and referrals as needed. They also provide other needed supports including food pantry and health information. -New York Psychotherapy and Counseling Center (Parent\Guardian and Teacher Informational and Supportive Meetings)

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

To ensure families are aware of family leadership opportunities within the school all information is sent home either on Class Dojo where information can be translated or is sent home in English and Spanish. Families are also made aware of leadership opportunities during Town Hall meetings.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

P.S. 108K is proud to be a Community School, working in close partnership with the Cypress Hills Local Development Corporation (CBO) to meet the diverse needs of our school community. Together, we offer a range of supports, including community resource fairs, after-school programs, and summer enrichment opportunities for students and families.

Throughout the year, we host workshops that equip parents—especially those of multilingual and immigrant students—with tools and strategies to confidently navigate the school system and support their child’s long-term academic success. On the last Friday of every month, we host "Family Friday" which allows parents to come to school and sit with their children in their classrooms while doing a special project or a lesson. Interpreters are hired for those days and parents are made aware of the available service. These sessions help ensure that families can fully and equitably engage in their children’s educational journeys.

Additionally, we actively pursue professional learning opportunities for educators, parent coordinators, counselors, and social workers, while also providing ongoing supports and enrichment for both students and families.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

P.S. 108K partners with Cypress Hills Local Development Corporation to provide direct support in both Dual Language and ENL classrooms. Cypress Hills staff also lead our after-school program, with priority enrollment for ELL/ML students. This program offers homework help, literacy support, and engaging activities that promote language development.

We also run an Extended Day Program specifically designed to meet the academic needs of our ELLs. Students receive small-group, targeted instruction that addresses their individual language goals. Lessons integrate speaking, listening, reading, and writing, and are scaffolded based on each student's language proficiency level. Teachers enhance instruction with visual supports such as charts, images, graphs, and realia to reinforce vocabulary and comprehension.

Our ELLs are actively encouraged to participate in all enrichment and extracurricular programs, including:

Cumbia Dance Group

Student Government

Art Club

STEAM Club

Running Club

Chorus Club

Music CLub

These opportunities help foster both language growth and a strong sense of belonging and community.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Our ELL Identification Team is composed of the following pedagogues:

Assistant Principal and Team overseer
2 ENL Teachers
2 MTSS Intervention Teachers
Special Education Liaison
Director of Student Affairs
Guidance Counselor

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

ELL Services Continuation and Identification Procedures

The continuation of services for English Language Learners (ELLs) is based on their most recent NYSESLAT scores and corresponding proficiency levels. Once the scores are released, ELL teachers, the Assistant Principal, and the ELL Staff Developer analyze the data to ensure students are correctly entered into STARS and receive the appropriate number of ENL instructional minutes. For students who exit the program, staff ensure they continue to receive mandated ENL support, including scaffolds and accommodations.

ELL Identification Process for New Students

Newly enrolled students are assessed for ELL status within 10 days of enrollment. Upon registration, the pupil accounting secretary notifies an available member of the ELL Identification Team. This team conducts a review of

the Home Language Identification Survey (HLIS), interviews the parent and student, completes the questionnaire, and collects a student work sample.

If the student attended a NYS public school within the last two years, the team contacts the prior school to obtain ELL status, relevant assessments, and English proficiency levels. If the student was out of NYS schools for more than two years, the full identification process is repeated. After collecting all required information, the student's home language is determined and shared with the secretary to proceed with registration. All information is then forwarded to the ELL teachers for review.

The ELL team determines if the student is eligible to take the NYSITELL. If the student has an IEP, the school's Language Proficiency Team (LPT) meets to make a recommendation to the principal, who seeks final approval from the superintendent.

If the student qualifies as an ELL, after testing, parents are invited to an orientation where they view the DOE Program Choices video and have their questions addressed. They complete the program selection form, and the child is placed according to their choice. All documentation is photocopied, with originals placed in the cumulative folder and copies in the ELL Critical Data Binder.

Students with a home language of Spanish are also administered the Spanish Lab, and those in grades 3–5 are screened for potential gaps or interruptions in formal education. Parents are informed of their right to appeal their child's ELL status within 45 days through the ELL Re-identification Process. If this process is used, the principal reviews any ELL status changes within 6 to 12 months. All related documentation is stored in the student's cumulative file.

Extended Support Programs

Newly identified ELLs are invited to a specialized summer school program tailored for newcomer students. Developing and Long-Term ELLs also have access to summer programs suited to their needs. These programs are taught by certified TESOL teachers.

Additionally, all ELL subgroups, including newcomers, participate in after-school programs focused on language acquisition and content area support. Students are grouped by proficiency level and individual needs, and classes are taught by certified Bilingual and/or ENL teachers.

ELL teachers, bilingual staff, and staff developers collaborate to review student data and create appropriate instructional groupings. These groupings are approved by the administration, after which the ENL teachers send notification letters to families. Once returned and signed, letters are filed in the main office.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Constance Hahn

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Rafael	Amadeo	Secretary	02/05/2025	Y
Susan	Bodok	Teacher - Regular Grades - ENL	02/13/2025	Y
Nancy	Raza	Teacher - Regular Grades-ENL	02/26/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ACHOLI	0	0.00%	1	0.10%	0	0
ARABIC	1	0.10%	1	0.10%	0	0
CHINESE ANY	1	0.10%	1	0.10%	1	1
CROATIAN	1	0.10%	0	0.00%	1	1
HAITIAN CREOLE	1	0.10%	0	0.00%	1	1
ENGLISH	492	46.77%	484	46.01%	50	50
QUICHE	2	0.19%	2	0.19%	0	0

SPANISH	554	52.66%	563	53.52%	20	25

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Monthly Calendars; Student Handbooks	Written Spanish translations are done in-house by school personnel, such as the Parent Coordinator, bilingual and ENL teachers. When a translation in a language other than Spanish is needed, and no school staff is fluent in that language, then the Parent Coordinator sends the document to the interpretation/translation unit.
Workshop Announcements; Reminders	Documents distributed by the school community, such as teachers, guidance counselors, parent coordinator, etc., are disseminated in English and Spanish. They are also sent out through our school's website, students' emails and class dojo. The school's Instagram account our school's website is always updated with upcoming events and important messages in both English and Spanish.
Parent Teacher Conferences Announcements & Notifications	Announcements about Parent Teacher Conferences are downloaded from the DOE intranet in the parents' preferred language, utilizing the NYCPS Info Hub template(s) for the covered languages. If there are any parents whose language preference is not one of the languages translated by the DOE, we send out a request for the document to be translated by an approved DOE subcontractor / translation vendor.
Special Events: Picture Day, Trips, Book Fairs, Middle School Visits	Documents distributed by the school community such as teachers, guidance counselors, parent coordinator, etc., are disseminated in English and Spanish. They are also sent out through our school's website, students' emails and class dojo. The school's Instagram account our school's website is always updated with upcoming events and important messages in both English and Spanish.
Afterschool; special school	Afterschool permission letters and other related documents distributed by the school community such as teachers, guidance counselors, parent coordinator, etc., are disseminated in English and

programs	Spanish. They are also sent out through our school's website, students' emails and class dojo. The school's Instagram account our school's website is always updated with upcoming events and important messages in both English and Spanish.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences, Open School Night	Bilingual school personnel is assigned to assist with interpretation on these special events. Over-the-phone interpretation services are utilized for the parents/guardians who speaks languages other Spanish and English, to ensure we can communicate effectively.
Parent Engagement Meetings	During these meetings, teachers use in-house personnel to translate in Spanish. In order to communicate with parents/guardians who speak other languages, teachers utilize the translation unit to have phone conferences with such caregivers.
IEP Meetings	The special education team is composed of mainly Spanish bilingual professionals, who can hold the meetings bilingually. In the event that translation is needed in a language other than Spanish, they use the translation unit prescheduled appointment times.
Attendance Meetings	The guidance counselor and social worker, who are both bilingual, support the attendance liason and as such, are able to easily communicate easily with Spanish speaking parents. For those who speak a language other than Spanish or English, the translation unit phone conference service is used.
Community Resource Fair	Bilingual school personnel is assigned to assist with interpretation on these special events. In Person interpretation services are utilized for the parents/guardians who speaks languages other Spanish and English, to ensure we can communicate effectively.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

At P.S. 108K, we are committed to ensuring that all families receive timely and accurate information during emergencies, in their preferred language.

School-Wide Emergencies
In the event of a school-wide emergency, the Language Access Coordinator sends out a message in English and Spanish through our automated phone messaging system and Instagram. For families who speak other languages, a designated grade-level staff member contacts the DOE Language Line, which then delivers the translated message directly to the parent/guardian.

We also use over-the-phone interpretation services to ensure all automated messages and urgent calls reach families in their home language.

Student-Specific Emergencies
In student-specific emergencies, our Parent Coordinator and bilingual secretary assist the school nurse in contacting parents. If communication is needed in a language other than Spanish or English, staff use the translation and interpretation unit to facilitate communication.

In-Person or Phone Inquiries
If a parent/guardian visits or calls the school during an emergency, office staff identify the family's preferred language and immediately contact the DOE interpretation vendor to assist with communication.

Additionally, our attendance liaison, guidance counselor, Parent Coordinator, and secretaries are bilingual and provide direct support to Spanish-speaking families.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

In September 2025, during the first Chancellor's Conference Day, Ms. Raza, Ms. Bodok, and Ms. Polanco will review Chancellor's Regulation A-663 with the entire faculty. All staff will receive a copy of the regulation in their school handbook, which will also include the phone number for over-the-phone interpretation services, instructions for accessing the language line through virtual platforms, and guidelines for working with interpreters. Staff will watch training videos on how to use the DOE's translation and interpretation services. Throughout the school year, the Parent Coordinator will send monthly reminders about these services, along with letter templates in multiple languages from the DOE's language access website for key dates and events.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

As per Chancellor's Regulations A663 all posters which advertise the availability of translations/interpretations upon request, are displayed in both the Main Office and the school 's foyer. The Language Access ID cards are available in the Main Office as well as by the security desk. The cards identify the parents/guardians language so that staff members are made aware of the parent's translation needs. The parent coordinator is strategically stationed in the main office so that she may be readily accessible to parents as they enter the building. The availability of interpretation services will be announced at hybrid (in-person and on-line) PTA meetings, Town Hall meetings, Class Dojo, DOE Messaging, Instagram, Google Classroom, through school newsletters, our school's website, which now houses translated documents, meeting minutes, etc. in parents' preferred languages and posted announcements in the general office. Our school ensures that parents are provided with a meaningful opportunity to participate in and have access to programs and services critical to their child's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In order to gather feedback from our parents/guardians on the quality and availability of services we provide our parents/guardians with the OLA's Translation and Interpretation Feedback Survey as well as school created surveys. We want parents to know that their feedback is valued, that their voices are being hear, and that their concerns about translation services are addressed. The Language Access Coordinator, Ms. Evelyn Polanco, will provide a parent survey during the fall. The survey will be provided both in-person and on-line through the parent/guardian emails and ClassDojo. The survey includes questions about the parents' experience with the school's language services and how these services could be improved.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Once Parents/Guardians return the surveys, they are closely looked at and reflected upon. The Extended ILT Team meets to discuss the findings and next steps. Throughout recent years, we have noticed an increase in parental communication/participation when it came to
correspondence when such things as notices and announcements were sent out electronically through platforms such as Class Dojo. We believe this is due to the program's ability to translate in so many different languages. We continue to build upon that to keep that line of communication open. For such, we began using the Zoom Support Language Interpretation feature in Zoom. This live translation service provides parent/guardians real time interpretation and allows live participation during Parent workshops, PTA meetings, Town Halls, and Community Conversations. The parent coordinator greets the parents on the chat and provides a step by step guide in multiple languages for parents to follow in order to hear the interpreter simultaneously with the meeting. This allows parents/guardians to ask questions and express concerns in real time. This service also helps strengthen the home-school relationship by having the parent become more involved in school activities and be active participants in their child's education.
We will also continue to encourage parents to use social media platforms such as Instagram and our school website where information is constantly updated and can be translated to the language of their choice so that they can stay informed of any upcoming news or events.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

140

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

7

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

7

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The Title III afterschool program runs from 2:21 PM to 4:01 PM on Tuesdays, Wednesdays and Thursdays. It is supervised by administrators using non-Title III funds, as the Title III program operates alongside other afterschool programs.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Our school, PS 108 Sal Abbracciamento (19K108), serves students from Pre-3K through 5th grade in Cypress Hills, Brooklyn. Title III funds will be used to close the achievement gap for ELL students and boost their English proficiency. According to Edmentum, NWEA MAP, and Acadience data, many ELL students are two or more years below grade level in reading. Additionally, a large percentage did not demonstrate mastery on the fall baseline math assessment, administered in English and/or Spanish.

Students will receive targeted instruction in ELA and Math to support at least one year's academic growth. Title III MTSS support will supplement these efforts.

The Acadience Spring 2024 assessment shows that only 16% of ELL students are at or above grade level. Therefore, we will use FSF funding to provide additional support through our Title III after-school program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

ELL students will be served in groups of no more than 20, spanning kindergarten through fifth grade. These at-risk students include newcomers and SIFE learners. A total of 140 students will be served: 18 Kindergarten, 18 first grade, 22 second grade, 30 third grade, 30 fourth grade, and 20 fifth grade students.

Group 1: Kindergarten Dual Language (DL) students (18) will receive math and literacy instruction from a bilingual teacher.

Group 2: First and second grade English as a New Language (ENL) students (20) will receive math and literacy instruction from an ENL teacher.

Group 3: Second grade DL students (20) will receive math and literacy instruction from a bilingual teacher.

Group 4: Third grade DL students (20) will receive math and ELA instruction from a bilingual teacher.

Group 5: Third and fourth grade ELL students (DL and ENL, 20) will receive math and literacy instruction from a bilingual teacher.

Group 6: Fourth grade DL students (20) will receive math and ELA instruction from a bilingual teacher.

Group 7: Fifth grade ELL students (20) will receive math and ELA instruction from a bilingual teacher.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The after-school program will run three days a week, Tuesdays, Wednesdays, and Thursdays, from 2:21 to 4:01 pm. Approximately 20 sessions will be held from October 8, 2025, to December 18, 2025. Spring sessions are tentatively scheduled from January 2026 through May 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

In the after-school program, math instruction will be delivered in English and Spanish for entering and emerging students, and in English for non-Spanish speakers (such as Arabic speakers) as well as transitioning and expanding students. For ELA, instruction will be provided in English for all students.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The after-school program is staffed by 7 certified teachers, including 6 certified bilingual teachers and 1 ENL/ESOL-certified teacher.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For math instruction, teachers will use Eureka Math Squared, along with hands-on manipulatives and the online Edmentum Math program. Eureka Math activities are designed to build students' math vocabulary and strengthen their ability to express and explain math concepts both orally and in writing. This supports the development of evidence-based reasoning, which enhances both math and literacy skills, key components of college and career readiness.

ELA instruction will include the use of NYSESLAT workbooks by Continental Press, aligned to the bilingual Common Core Learning Standards. These workbooks support all four language modalities: listening, speaking, reading, and writing. Students will also use the Edmentum Reading program to build reading comprehension and fluency through adaptive, skill-based activities. In addition, FUNdations materials and sight word practice tools will be used to support foundational literacy skills. All instructional materials are provided at no cost to Title III funding.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records,**

evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.

Teachers will regularly analyze student data to plan instruction and form flexible groups tailored to the specific needs of ELLs. Students at all levels of English proficiency will benefit from targeted instruction in comprehension, phonemic awareness, decoding, vocabulary, fluency, and overall language development. Instruction will be delivered using small groups and will incorporate ENL and Universal Design for Learning (UDL) strategies to support diverse learners.

Title III and ELL professional development will be tracked through agendas and sign-in sheets, maintained in the professional development calendar located in the PD room by ELL Staff Developer Kristy Higuera, along with ENL providers Nancy Raza and Susan Bodok.

Student attendance for the Title III program will be documented and stored in a designated Title III folder in the main office under the supervision of Pupil Accounting Secretary Lizen Garcia. Parent program notifications, translated into families' preferred languages, will be monitored and filed by Parent Coordinator Evelyn Polanco in the main office.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

At PS 108K, we offer a focused and rigorous professional development program for Title III teachers and staff who support ELLs/MLLs. Please see the boxes below for details on the rationale, participating teachers, schedule, duration, topics, and providers.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

At 19K108, our Staff Development team offers regular professional development to all teachers multiple times a week during team meetings, grade-level meetings, and special education and ELL sessions. New teachers receive focused training on effective strategies for supporting ELL students through various professional learning opportunities.

We prioritize honoring ELL students' first language and culture as essential foundations for their academic growth. Understanding that many teachers may initially lack the tools to fully support ELLs, our Staff Developers provide PD during the school day to help teachers identify each student's language proficiency level. This training guides teachers in using language progressions to customize content, vocabulary, and tasks to suit each learner's age, stage, and language development.

Ultimately, student success depends on having skilled, well-prepared teachers in every classroom.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers providing Title III services collaborate regularly with ENL providers Nancy Raza and Susan Bodok to analyze student data and assess the instructional and assessment needs of ELL students in the program. During the school day, they identify learning gaps and implement targeted scaffolding to ensure all students access the Next Generation Standards. Weekly professional learning sessions support teachers of ELLs, enhancing their effectiveness and improving student outcomes.

Ongoing professional development equips teachers with a deep understanding of language development to help ELL students achieve the high language proficiency levels needed for college and career readiness. Our literacy instruction and PD combine a blended approach that integrates comprehension of content-rich, rigorous texts from Wit & Wisdom with individualized foundational skills pathways. Teachers use multiple data sources—including Edmentum, NWEA, FUNdations, Acadience, and bi-weekly phonemic awareness assessments—to tailor instruction, deepen learning, and boost achievement.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

For the 2025-2026 school year, Title III teachers will attend weekly professional development sessions every Monday at 8:00 a.m., led by ENL Staff Developer Kristy Higuera and ENL teachers Nancy Raza and Susan Bodok. Training topics include the New Language Progressions for grades K-5, five language proficiency levels, foundational skills, stages of language acquisition, NYSESLAT/NYSITELL, Wit & Wisdom, small group instruction during Strategic Reading Period, ENL and UDL strategies, explicit modeling, target vocabulary instruction, native language support, meaningful and peer discussions, as well as best practices and scaffolding to meet students' language acquisition needs. All school-day professional development is provided at no cost to Title III funds.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The following topics will be covered during the 2025-2026 professional development sessions for Title III teachers, held Mondays at 8:00 AM: The New Language Progressions for grades K-5, five language proficiency levels, foundational skills, stages of language acquisition, NYSESLAT/NYSITELL, Wit & Wisdom, Eureka Math Squared, and ENL and UDL strategies to support ELL students during read-alouds, shared and strategic reading period, phonics for reading, close reading, and math. Sessions will also cover explicit modeling, target vocabulary instruction, use of native language support, and meaningful peer discussions.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Kristy Higuera, ELL Staff Developer, Nancy Raza and Susan Bodok, ENL providers. Title III professional development agendas and sign-in sheets will be monitored and kept in our professional development Google Docs folder by our ELL staff developer.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Teachers who are working the Title III Extended Day Program, will meet for professional development one day after school to plan for the Extended Day Program. Extended Day professional development will be paid with Title III Funds. The per-session for professional development will not exceed 10% of the Title III Allocation.

Title III Extended Day Program will begin early October 2025 and run through May of 2026. Program sessions will be held every Tuesdays, Wednesday & Thursday from 2:21PM-4:01PM. We will use Title III Funds to pay per session for the Title III Extended Day Program.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At PS108K, we have various parent engagement activities targeted toward parents and families of ELLs that will impact higher achievement for ELL/MLLs. Below, please take a look at the rationale, schedule, duration, topics to be covered, name of the provider, and how parents will be notified of these activities.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

To ensure continuity of learning for all the ELL students in the Title III Program, parents/ guardians will be invited to attend three parent workshops to help parents of ELL students understand the New Generation Standards in literacy and math. Related topics are as follows:

1. Supporting parents on how to best help their children at home through aid with homework, reading, speaking in complete sentences, etc.

2. Informing parents about the NYSESLAT components, modalities, dates, test durations, expectations, and how they can help.

3. Supporting parents with strategies they can use to reinforce at home what their child is learning in school.

The workshops will promote family engagement as a way to encourage the success of ELL students. They will be reminded of the importance of their children's daily attendance. It is hoped that parents will gain the confidence to take on more active leadership roles in their child's education by volunteering for their child's school, attending PTA

meetings, virtual Town Hall meetings, participating in school leadership teams, and eventually enrolling their kids in higher education. For parents/guardians who speak languages other than English and Spanish, we will provide translation services. Parent workshops are at no cost to the Title III program.
We will have a Dual Language Multicultural Festival to culminate the Title III after-school program and share with parents' the students' achievements. The festival will take place in early June of 2026. Parents/guardians will be invited to attend the festival.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

To ensure continuity of learning for the ELL students in the Title I I I Program, parents/ guardians will be invited to attend three sessions, an hour each for program guidance: before the start of the program, at the midpoint, and the end of the program. The first session will occur on November 6, 2025, from 12:30 pm - 1:00 pm and 5:30 pm - 6:00 pm. Our second session will be provided on January 21, 2026, from 1:45 PM-2:45 PM, and our last session will be provided on March 3, 2026, from 8:30 am -9:30 am.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Next Generation Learning Standards, ELA strategies for ELLs, language progressions, language acquisition, NYSESLAT, Eureka math squared, Wit and Wisdom, decoding-phonics-fluency-comprehension, sight words, and how to support ELLs at home.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ENL teachers: Nancy Raza and Susan Bodok and/or Bilingual teachers.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be informed through notices in Class Dojo, the DOE Messaging, phone calls and flyers. The notices will be provided in English and the parents' native languages. We will use the DOE translation and Interpretation service for parents who speak languages other than English or Spanish.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parent agendas and invitations in parents' preferred languages will be placed in our parent workshop binder by our Parent Coordinator, Evelyn Polanco.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

N/A

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

6

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Our school, 19K108, is a 3K - 5th grade elementary school located in the Cypress Hills section of Brooklyn. The Title III Immigrant funds will be used to work towards closing the achievement gap of children born outside the United States, including some ELL and non-ELL students. Some of the participating students are two or more years below grade level in reading, according to Acadience, and the NWEA MAP assessment. A large percentage of these students did not demonstrate mastery on their grade level baseline math assessment administered in English and/or Spanish during the fall. Therefore, students will receive instruction in both Math and ELA to provide them with the support they need to help them make a minimum of one year's progress in literacy and math. Teachers will analyze data to plan for instruction and create flexible groups based on their students' needs: comprehension skills, phonemic awareness, decoding skills, vocabulary, fluency, and comprehension development through the use of small flexible groups and embedded ENL/UDL strategies.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The Title III Immigrant funds will be used to work towards closing the achievement gap of children born outside the United States. Some of the participating students, both ELLs and Non-ELLs, are two or more years below grade level in reading, according to Acadience, and the NWEA MAP assessment. Majority of these students did not demonstrate mastery on their grade level baseline math assessment administered in English and/or Spanish during the fall. Therefore, students will receive instruction in both Math and ELA to provide them with the support they need to help them make a minimum of one year's progress in both literacy and math.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Subgroups and grade levels of students to be served: The students will be served in groups no larger than 20. The groups of students will be from Kindergarten through fifth grade. The students are at risk students who include, but are not limited to, immigrant students, including ELLs newcomers, and SIFE students. 100 students will be invited to participate in this special after school program. 15 Kindergarten students, 15 first grade students, 20 second grade students, 15 third-grade students, 20 fourth-graders, and 15 fifth-grade students.

Group 1: Kindergarten immigrant students will receive instruction by a general education teacher in the area of mathematics and literacy. 15 students will receive instruction in this group.
Group 2: First grade immigrant students will receive instruction by a general education teacher in the area of mathematics and literacy. 15 students will receive instruction in this group.
Group 3: 20 Second grade immigrant students will receive instruction by a common branch teacher in the area of mathematics and literacy.
Group 4: 15 Third grade immigrant students will receive instruction by a common branch teacher in the area of mathematics and literacy.

Group 5: Fourth grade immigrant students will receive instruction by a general education teacher in the area of mathematics and literacy. 20 students will receive instruction in this group.
Group 6: 15 Fifth grade immigrant students will receive instruction by a common branch teacher in the area of mathematics and literacy.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will be scheduled for after-school, provided three times a week, Tuesdays, Wednesdays, and Thursdays from 2:21 PM – 4:00 PM. There will be approximately 40 sessions of after-school. The sessions will tentatively take place from February 3, 2026, through May 21, 2026.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

Language of Instruction: The language of instruction will be English, with native language support as a scaffold when needed during math and ELA instruction.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

of certified teachers for after school: There are six certified common branch teachers for the Title III Immigrant after-school program.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Types of Materials: Teachers will use Eureka Math Squared and Edmentum for instruction. These programs are designed to help children acquire math content vocabulary and the language and writing skills necessary to communicate and understand math concepts, which aligns to our instructional focus: Students will engage in peer discussions based on success criteria or rubrics to provide feedback, extend, justify, and elaborate their thinking which will lead to improved student work. For ELA, teachers will use Wit & Wisdom, Heggerty, Fundations, Edmentum and teacher created strategic reading period resources which focus on phonics, word work, reading and comprehension. These materials are already available for the program at no additional cost.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Title III Immigrant professional development agendas and sign in sheets will be monitored and kept in our professional development binder, in our PD room, by our ELL staff developer, Kristy Higuera. Professional Development is offered during school hours to our teachers. The program will be supervised by the Assistant Principal, Angelica Hutton. Since the program is being served simultaneously with other programs, there will not be a supervisor cost. Title III Immigrant student attendance will be kept in a Title III Immigrant folder in the main office under the supervision of our pupil accounting secretary, Lizen Garcia. Program notifications in parents' preferred language will be monitored and kept in our main office under the supervision of Evelyn Polanco, parent coordinator.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional development is essential to our school community's growth. Teachers involved in the Title III Immigrant program will receive customized training tailored to their students' specific needs. During these sessions, educators will discuss best practices, strategies for scaffolding instruction, and the language acquisition requirements of their students.

Teachers will learn to utilize language progressions to assess and identify their students' learning needs, ensuring they can maximize student participation and success. They will also be equipped to recognize the entry points based on each student's language proficiency. Support will be provided to help teachers select suitable content, vocabulary, and tasks that align with each learner's age, stage, and language-learning requirements.

We believe that having qualified teachers in the classroom is the most critical factor in promoting student success.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

At 19K108, the Staff Development team offers professional development support to all teachers multiple times a week through teacher teams, grade meetings, and special education and ELL teacher collaborations. New teachers receive training focused on various strategies to effectively engage and teach students. Additionally, the importance of valuing students' first languages and cultures as essential foundations for their continued success will be emphasized for those working with immigrant students. All professional development sessions are conducted during the school day, ensuring there is no cost to Title III Immigrant funds.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

At 19K108, the Staff Development team is dedicated to fostering a student-centered environment that promotes student ownership of learning through Universal Design for Learning (UDL) and differentiation. Teachers providing services for the Title III Immigrant program will collaborate with school ENL teachers, N. Raza and S. Bodok, as well as ELL Staff Developer, K. Higuera, to analyze student data and identify the instructional and assessment needs of students enrolled in the program.

Through this collaborative approach, teachers will pinpoint gaps in learning and implement necessary scaffolding to ensure that all students achieve access to the Next Generation Standards. Weekly professional learning opportunities are tailored for educators of ELL and Multilingual Learners (MLLs), enhancing their effectiveness and focusing on improving student outcomes.

Ongoing professional development equips our teachers with the knowledge and understanding necessary for supporting language development, enabling students to attain the high levels of proficiency essential for college and career readiness. Our literacy instruction features a blended approach that combines comprehensive content from rigorous texts, such as Wit & Wisdom, with personalized foundational skills pathways. To meet individual learning needs and deepen student achievement, teachers will utilize multiple data sources, including NWEA, MAP, FUNdations, and Acadience for grades K-5, tailoring learning experiences that foster growth and engagement.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Schedule and Duration: The 6 teachers for the Title III Immigrant program will receive weekly ongoing professional development by our Staff Developers, tentatively on Monday afternoons from 1:35-2:20pm.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The professional learning opportunity (PLO) topics include an array of key areas designed to enhance educators' effectiveness. These topics cover the New Language Progressions, the five language proficiency levels, foundational skills, stages of language acquisition, comprehension skills, and vocabulary development. Additionally, educators will explore various culturally relevant/responsive teaching practices, and other topics such as ENL/UDL strategies applicable during read-alouds, shared and strategic reading period, and close reading. These focused topics aim to equip teachers with the tools and methodologies necessary to support diverse learners in a comprehensive and meaningful way.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Name of Providers: K. Higuera, Staff Developer, N. Raza and S. Bodok, ENL teachers.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Each teacher will receive a Title III Immigrant attendance folder to keep track of their students' attendance during the after-school program. Title III Immigrant student attendance will be kept in a Title III Immigrant digital folder under the supervision of payroll secretary Joana Garcia.

Title III Immigrant professional development agendas and sign in sheets will be monitored and kept in our professional development binder by our staff developers.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

To promote continuity of learning for students in the Title III Immigrant Program, parents and guardians will be invited to attend three workshops. These sessions will help them understand the Next Generation Learning Standards in literacy and math, the school's efforts to address related challenges, and how they can collaborate to support their child's academic success. These workshops will be held by our ENL teachers.

Workshop topics will include:

Importance of parental involvement and voice in the child's/ren educational career.
Providing strategies for parents to assist their children with homework and reading at home.
Offering techniques for reinforcing what their child is learning in school.
These workshops are offered at no cost to participants in the Title III Immigrant Program.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Rationale:

The workshops aim to enhance family engagement to support student success, emphasizing the significance of daily attendance. Parents will be encouraged to take on more active leadership roles in their child's education by volunteering, attending PTA and virtual Town Hall meetings, participating in school leadership teams, and ultimately guiding their children toward higher education. Translation services will be provided for parents/guardians who speak languages other than English and Spanish.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Schedule and Duration: In order to ensure continuity of learning for students in the Title III Immigrant Program, parents/ guardians will be invited to attend 3 sessions, an hour each, for program guidance: before the start of the program, at midpoint, and at the end of the program.

The first session will take place February 2, 2026, from 2:30PM - 3:30PM. Our second session will be held on March 24, 2026, from 4:00PM-5:00PM and our last session will be provided on May 18, 2026, from 2:30-3:30 PM.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Topics to be covered: Next Generation Learning Standards, ELA strategies, language progressions, language acquisition, Wit and Wisdom, reading levels and sight words, how to support students at home, attendance, leadership roles, parent opportunities, parent voice, and others topics of importance parents might want to further explore.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Providers: ENL teachers, S. Bodok and N. Raza, and Staff Developer, K. Higuera.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parents will be informed through notices in Class Dojo, take-home flyers, and phone calls. The notices will be provided in English and the parents' native languages.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parent agendas and invitations in parents' preferred languages will be placed in our parent workshop binder by our Parent Coordinator, Evelyn Polanco. We will use the DOE translation and Interpretation service for parents who speak languages other than English or Spanish.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
