Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The School of Journalism and Technology

District Borough Number (DBN):

20K506

Grades Served:

K through 5

School Address:

330 59th Street Brooklyn NY 11220

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Dana Parentini	Principal or Designee*	
Jennie Petrie	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Zaira Rivera	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
NA	District Council 37 (DC 37) Representative (staff), if applicable	
Alma Raeziul	Title I Parent Advisory Council Chairperson (or alternate)	
NA	Student Representative (Required for middle and high schools)	
NA	Student Representative (Required for middle and high schools)	
Colleen MacDonald	CBO Representative, if applicable	
Josephine Bucciero	Member/ DOE	
Kelly Graham	Member/ DOE	
Rocio Castillo Siegel	Member/ DOE	
Katherine Lozano	Member/Parent	
Marta Chumil	Member/Parent	
Xue Mai Mai	Member/Parent	
Kunzhu Lu	Member/Parent	
Ingris Salazar	Member/	
	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS 506, we believe that students learn best when educators create a safe, risk-free academic environment where students can engage in productive struggle. Teachers provide meaningful, relevant, and challenging instruction by offering differentiated entry points, modeling expected outcomes and providing clear and specific next steps. Students receive multiple opportunities to work collaboratively with peers resulting the in the expansion of their knowledge.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 506 is located in south Brooklyn's vibrant Sunset Park Community. The school serves families from many backgrounds. 64% of students enrolled are Hispanic. 31% of students enrolled are Asian. 4% of students enrolled are white. As a Community School, PS 506 offers many services to our students and families, including our School Based Health and Dental clinic in partnership with NYU Langone. PS 506 also works closely with Center for Family Life in partnership with the Office of Community Schools to provide additional support, such as after school academic and enrichment programming for students.

Teachers work together to regularly evaluate, reflect, and revise existing programs and curricula to best meet the needs of all students by providing purpose and context to learning. The Instructional Leadership Team and grade level teams have aligned curriculum for literacy instruction aligned to the Hallmarks of Advanced Literacy. Students develop literacy skills through rich discussion, frequent on-demand writing tasks as well as through culminating projects that allow students to use reading, writing, speaking, and listening skills.
Teacher teams have also revised math programs to provide real world, complex problems that students can grapple with to strengthen problem solving skills. Teams meet regularly to to continue to adjust future instruction using student work as the guide. Teachers also use student work and assessment to plan dynamic student grouping for targeted, high leverage instruction. Students are given multiple opportunities to reflect on and revise work based on clear expectations. These reflection opportunities allow students to develop the habits and skills needed to be self reflective in all areas.

PS 506 is a Leader in Me school, which teaches students, parents and staff about the, "Seven Habits of Highly Effective People," by Stephen Covey. Students learn how to, "Be proactive; begin with the end in mind; put first things first; think win-win; seek first to understand, then to be understood; synergize; sharpen the saw." These life skills help students set high expectations for themselves to be leaders so that they prioritize work, set goals for themselves, work well with others by listening, and balance elements of life. Students have an opportunity to set personal and academic goals and monitor and track their progress. Teachers assist in this process by modeling these processes and providing feedback around their goals and action plans. PS 506 received Lighthouse

Certification after outside reviewers observed the school using an extensive rubric to assess the integration of habits within our school community. PS 506 was re-certified as a Lighthouse school in 2018.

Some students participated in History by Design: NYC Edition (HBD:NYC) a program for students to engage in investigating New York City history and the hidden voices that helped shape it. This program allows students to dive deeper into social studies, history, and the arts in an experiential learning environment that explores multiple perspectives and encourages student voice. Students become Curator Crews and create a museum exhibit centered on a lesser-known figure in New York City history selected from the NYC DOE's Hidden Voices project. Hidden Voices features the stories of 16 lesser-known New Yorkers whose stories have been unheralded, unrecorded, or forgotten over time. Students work together to brainstorm, research, plan, and create a museum exhibit based on a historical figure and inspired by what they have learned during three live virtual field trips to NYC museums. They gain experience in working as a group on a long-term project designed to make social studies, the arts, and history come to life by making it accessible and relevant to their day-to-day lives. At the end of this school year, students had the opportunity to present their work as a team and view the work of other Curator Crews at a virtual Culminating Exhibition. This was our first year working with this program. The historical figure we studied was Emily Warren Roebling and how she was able to accomplish great feats under a time where women had limitations.

In addition, some classes were partnered with Brooklyn Connections. This program is designed to make the research process fun and accessible for students and educators. Fully aligned with the Common Core State Standards, Brooklyn Connections anchors students in the 21st Century learning skills needed in order to achieve academic success in school and beyond. The program is committed to fostering critical thinking, communication, collaboration and creativity. Students choose a topic related to Brooklyn history. The archives at the Brooklyn Public Library are available for them to use in their research. An educator visits the classroom and conducts weekly lessons on research skills which the students apply to completing their Brooklyn history project. At the end of the school year, students gather for a convocation event where students present and exhibit their projects. PS 506 has worked on projects related to the history of the Battle of Brooklyn, the Brooklyn Bridge, Jackie Robinson and Prospect Park.

Students at PS 506 also enjoy a full arts program, including visual arts, and theater. We participate in Disney Musical in Schools Program in which students prepare and implement a full musical production. We also have a partnership with New Victory Theater, which allows students to see life professional theatrical productions as well as participate in workshops with New Victory Teaching artists. PS 506 has partnered with Arts Connection as well as Dance Wave. Teaching artists visit weekly and provide art residencies to all students in visual arts, dance, and drumming.

Briefly summarize the key initiatives your school will implement this school year.

ELA / Math Programs
The ELA and Math Instructional Leadership Teams will meet during planning days to reflect on school wide implementation and protocols, discuss the structure of small group instruction, and revise practices as needed.

Teachers on the grade will meet during planning days to draft unit plans and to select and/or create scaffolds and supports for students to access grade level text. Teachers will also participate in District Level Professional Learning Communities. They will have opportunities to visit classrooms across the district and discuss best practices to support planning.

Continued Expansion of Arts Partnerships
Last year, we worked with Dance Wave and National Dance Institute. During the 2025/2026 school year, we will continue and expand these programs in addition to our theater program to give all students access and experience in a variety of art forms.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Into Reading	.
ELA	K-2	Fundations	.
ELA	K-2	Heggerty	.
Math	K-5	Envision	.

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 Acadience End of Year Screener Data - 61% of kindergarten, first and second grade students are scoring on or above grade proficiency levels in the reading composite score	While we are implementing Fundations and Heggerty with fidelity, there is limited differentiation.	Support staff in monitoring progress and differentiating instruction within core instruction.
2024-2025 Iready ELA End of Year Screener Data - 32% of third, fourth and fifth grade students scoring on or above grade proficiency levels in overall score	Limited differentiated instruction, especially in grade 3, to close the gap.	Students need small group, differentiated instruction based on Iready screener data as well as HMH weekly assessments. Students also need to have progress

		monitored using NGLS standards.
2024-2025 Acadience End of Year Screener Data - 61% of kindergarten, first and second grade students are scoring on or above grade proficiency levels in the reading composite score; 2024-2025 Iready ELA End of Year Screener Data - 32% of third, fourth and fifth grade students scoring on or above grade proficiency levels in overall score	While we have strong tier 1 core instructional materials (HMH Into Reading, Heggerty, Fundations), students do not have enough time to read independently	Provide students daily time to independently read to transfer and previously taught skills and strategies.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	61	By June, 2026, students' literacy skills in kindergarten, first and second grade will improve 9 percentage points, from 61% to 70%, as measured by Acadience Reading Composite Score.
All Students	32	By June, 2026, the percentage of third, fourth and fifth grade students scoring on or above grade level will improve 8 percentage points, from 32 percent to 40 percent, as measured by the Iready End of Year Benchmark Assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will continue to strengthen foundational reading skills by using Heggerty and Fundations, while ensuring that instruction is responsive to students needs. This will include daily explicit instruction with frequent opportunities to apply skills through reading decodable texts. Teachers will continue to progress monitor data to group students by specific skill deficits and provide targeted small group instruction.

We will continue to strengthen comprehension for students in the upper grades by addressing any lingering gaps through targeted intervention.

Root Cause Addressed:

While we are implementing Fundations and Heggerty with fidelity, there is limited differentiation.

Limited differentiated instruction, especially in grade 3, to close the gap.

While we have strong tier 1 core instructional materials (HMH Into Reading, Heggerty, Fundations), students do not have enough time to read independently.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide refresher workshops at the beginning of the year that includes routines and student engagement strategies.
Provide refresher workshops at the beginning of the year that includes small group instruction using decodable texts.

Continue to provide professional development around inquiry work, specifically from Relay Graduate School of Education. The workshops will include analyzing student work, standards and text as well as selecting key lessons to reteach based on data.
Conduct weekly classroom walkthroughs to check for differentiated support and independent reading using decodables / grade level texts during the literacy block.
Teachers will progress monitor data in between diagnostic screener data using HMH weekly assessments and Acadience progress monitoring. This analysis will help teachers differentiate instruction for students.
Administrators will meet with teacher to review progress monitoring data and discuss next instructional steps. Follow up walkthroughs will take place to monitor next instructional steps for students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Administrators will meet with teachers after each assessment period to discuss student groupings, progress monitoring and next instructional steps. We will use Acadience progress monitoring data as well as HMH Into Reading assessment data. Administrators will review small groups and areas of focus from each teacher. This monitoring will help guide differentiated professional development for teachers. Administrators will use the data during observations to evaluate small group instruction efficacy.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Family workshops following family engagement days that focus on decodable texts.	NA
09/04/2025	06/25/2026	Family workshops following family engagement days that focus on the structure of an HMH Into Reading lesson,	NA
09/04/2025	06/25/2026	Family engagement days will include HMH Into Reading culminating project celebrations.	NA

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

AIS / RtI instructor to provide tier 2/3 support for students

Instructional Resources

Acadience; HMH Into Reading

Schedule Adjustments

Planning days for grade level teams to analyze data and plan next instructional steps.

Other Resources Needed

NA

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Leader in Me Measurable Results Assessment: Supportive Student Environment Measure 79%	Time was given for social emotional lessons; however, it was too infrequent	Create structures for integrated social emotional learning (SEL)
Leader in Me Measurable Results Assessment: Supportive Student Environment Measure 79%	Increase student voice and choice	Create structures for student input by increasing participation of student lighthouse team and participation in surveys.
Leader in Me Measurable Results Assessment: Supportive Student Environment Measure 79%	Increase support services in and out of the classroom	Create structures for tiered behavioral support interventions.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	73	By June 2026, the percentage of students who feel they are in a supportive school environment will increase by 10 percentage points from 79% to 89% as measured by the Leader in Me Measurable Results Assessment (MRA).

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will establish integrated structures for social emotional learning (SEL) using the HMH Into Reading Curriculum by embedding SEL themes into discussions and tasks that support empathy and self awareness. We will also strengthen student voice by supporting our student Lighthouse Team with clear roles and meeting protocols, ensuring students from different backgrounds and grade levels are represented. We will also administer student voice surveys quarterly to gather feedback on classroom environment, relationships and learning preferences. We will also implement tiered behavior support interventions including school wide community building practices, targeted supports for smaller groups and individual support when needed.

Root Cause Addressed:

Time was given for social emotional lessons; however, it was too infrequent.
Increase student voice and choice.
Increase support services in and out of the classroom

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will embed social emotional themes and discussion protocols into ELA lessons using HMH Into Reading by identifying key discussion questions from each module.
Student Lighthouse team will represent students from each grade through student elections. The team will meet weekly and have clear feedback between the team and classrooms.

We will administer student voice surveys three times per year to gather student opinions on classroom environment, social emotional supports and engagement. Results will be shared with Student Lighthouse Team.
We will establish Tier 1 behavior supports school wide to foster a positive climate in all classrooms. Teacher will receive professional development on common language, expectations and restorative practices.
We will provide targeted small group support for students with behavior concerns.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor each plan through data-review and stakeholder feedback. Student voice survey results, behavior data and classroom walkthrough observations will be analyzed three times per year to assess impact. Adjustments will be made on these findings.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Parent workshops after family spirit days about the social emotional lessons within HMH Into Reading	NA
09/04/2025	06/25/2026	Parent workshops after family spirit days about behavioral supports in the classroom	NA

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
I-Ready End of Year Diagnostic Assessment: 32% of all students score at or above grade level.	Students need to engage in problem solving with complex problems.	Students need more opportunities to make sense of problems and persevering in solving them.
I-Ready End of Year Diagnostic Assessment: 32% of all students score at or above grade level.	Teachers need additional professional development on how to lead mathematics discussion with high leverage questions and prompts.	Students need opportunities in each math lesson to construct viable arguments arguments and explain their reasoning.
I-Ready End of Year	Students need more opportunity for self	Teachers need to provide time for

Diagnostic Assessment: 32% of all students score at or above grade level.	and peer review to identify errors and revise thinking.	students attend to precision and review / revise work.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32	By June of 2026, the percentage of students scoring at or above grade level will increase by 8 percentages points from 32% to 40% , as measured by I-Ready End of Year Math Diagnostic Assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Students will engage with rich, open-ended tasks from the Envision curriculum. Students will have the opportunity to problem solve daily using the Share and Show problem at the beginning of the lesson. These problems are multi-step, real world problems that require students to apply conceptual understanding, choose strategies and justify their reasoning. Teachers will also facilitate consistent discussion routines including turn and talk to promote peer-to-peer discussion. Teachers will provide students opportunities to engage in the read-talk-write cycle to better understand word problems. Teachers will also build in time for students to self and peer assess work using student-friendly rubrics. This will promote metacognition.

Root Cause Addressed:

Students need to engage in problem solving with complex problems.
Teachers need additional professional development on how to lead mathematics discussion with high leverage questions and prompts.
Students need more opportunity for self and peer review to identify errors and revise thinking.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will engage in professional development on how to facilitate math discussions with students by using questions and prompts.
The math instructional leadership team will meet to discuss structuring the lesson to include more opportunities for students to self and peer assess. The team will also select a student-friendly math rubric for students to use during

this process.
Additional professional development will be offered to teachers on how to monitor, select, sequence, and share student work for discussion.
Grade level teams of teachers will meet to review assessment data to make curricular adjustments as well as plan small group instruction.
.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Administrators will conduct bi-monthly walkthroughs to check that open-ended tasks provide multiple entry points and encourage conceptual thinking. Student outcome will be monitored. Engagement and persistence with complex tasks will be assessed quarterly. Teacher teams will meet to discuss and compare priority word problems using a rubric . Administrators will meet with teachers after each assessment period to discuss student groupings, progress monitoring and next instructional steps. We will use the I-Ready Math Diagnostic Assessment as well as Envision topic assessments. This monitoring will help guide differentiated professional development and support for teachers.

Priority 3 Family and Community Engagement

Family and Community Engagement

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Leader in Me Measurable Results Assessment 72% scored favorably about the goal setting process.	Students need more experience with realistic goal setting and action planning with clear models and examples provided by teachers	Ensure that students set goals and action plans

Leader in Me Measurable Results Assessment 72% scored favorably about the goal setting process.	Students need more choice in their learning to build intrinsic motivation about their learning.	Increase meaningful choice and autonomy in their learning
Leader in Me Measurable Results Assessment 72% scored favorably about the goal setting process.	Students need more opportunity to self monitor their goals and share their progress with their peers and adults.	Ensure that students set their own goals and deadlines. Ensure that students are capable of tracking their own progress and identifying the steps they need to reach those goals.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	68	By June 2026, the percentage of students choosing they have confidence in setting and monitoring their academic goals will increase ten percentage points from 76% to 86% as measured by the Leader in Me Measurable Results Assessment (MRA).

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Students will engage in regular goal setting conferences, where they will set academic and personal goals in partnership with teachers and peers. They will revisit them biweekly using student-friendly tracking tools. Teachers will provided structured opportunities for choice within lessons. Students will be taught how to track their own progress using rubrics or self assessment checklists.

Root Cause Addressed:

Students need more experience with realistic goal setting and action planning with clear models and examples provided by teachers.
Students need more choice in their learning to build intrinsic motivation about their learning.
Students need more opportunity to self monitor their goals and share their progress with their peers and adults.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will launch goal setting at the beginning of the year so that students can set personal and academic goals. Teachers will have professional development in the beginning of the year as a refresher on goal setting and the templates that students will use.
Teachers will plan student choice through designing project options and menu-style tasks.
Students will have time to actively monitor their growth on personal and academic goals using trackers. Teachers will use check-ins as part of classroom routines.

Students will have opportunities to celebrate growth and goal achievement by showcasing to their peers and families.
Administrators will conduct classroom walkthroughs with a focus on goal setting every 6-8 weeks to monitor the use of templates and tools.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor both teacher practice and students' experiences. Administrators will conduct walkthroughs to observe evidence of student goals and choice opportunities. We will monitor student voice through surveys administered three times per year.

Priority 4 Family and Community Engagement

Family and Community Engagement

.	.	.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	.	By June 2026, the average number of families attending school wide events will increase from 39% to 45% as measured by parent sign-in forms.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

We will invite families to monthly school spirit days to participate in activities with their children. After each family spirit day, families will be invited to participate in workshops. In addition, families will be invited to attend various student performances throughout the year.

Root Cause Addressed:

While our attendance rate for school events increased last school year, we want more families to participate. While our attendance rate for workshops increased last school year, we want more families to participate.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create a year-long calendar for family spirit days when parents are invited into classrooms to participate in various activities. The calendar will be distributed at the beginning of the school year so that families can plan accordingly.
Create a year-long calendar of family workshops. This calendar will be distributed at the beginning of the the school year so that families can plan accordingly.
Request feedback from families via surveys about the type of workshops they would like to engage in during the school year.
Partner with Center for Family Life to provide some of the workshops during the school year.

Send reminders about family spirit days and workshops via School Messenger (both text message and emails) as well as a hard copy of the notices back packed home with students.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Each month, administrators and the parent coordinator will meet to discuss attendance rates for both family spirit days as well as workshops. After reviewing the data, we will make adjustments to communication methods, types of activities and / or workshops based on feedback from families.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Distribute year long parent calendar that includes all school wide events, including family spirit days, workshops and student performances	Center for Family Life
09/04/2025	06/25/2026	Distribute survey to families requesting feedback about the types of workshops they would like to attend.	NA

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator; Teachers / staff / outside agencies facilitating workshops

Instructional Resources

All core subject curricular resources; translated powerpoint handout for families

Schedule Adjustments

Adjust the program for one day each month when families are invited into the classroom to engage in family spirit day.

Other Resources Needed

NA

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
New Vision Data Portal 94% YTD attendance for the 24/25 school year	Through feedback from families, some parents need additional resources and information regarding the importance of consistent attendance	Teacher need additional support with collaborating / articulating with attendance team members
New Vision Data Portal 19% of students are chronically absent	Through feedback from families, some parents are unaware about chronic absenteeism.	Families need more information about chronic absenteeism and the importance of consistent attendance
New Visions Data Portal 31% of	Through feedback from families, some parents are unaware about chronic absenteeism.	Families need more information about chronic absenteeism and the importance

kindergarten students are chronically absent		of consistent attendance, specifically kindergarten.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	19%	By June 2026, the percentage of students who are chronically absent will decrease by four percentage points, from 19% to 15%, as measured by New Visions Chronic Absenteeism Report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Classroom teachers will work with attendance team members in identifying families to outreach, specifically students who are absent 80-89% of the time. Attendance team members will conduct professional development workshops for teachers about communicating with parents about chronic absenteeism. The attendance team will continue to promote consistent attendance through rewards and celebrations both with students and families.

Root Cause Addressed:

Through feedback from families, some parents need additional resources and information regarding the importance of consistent attendance.
Through feedback from families, some parents are unaware about chronic absenteeism.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Classroom teachers to conduct targeted outreach through email, phone calls and meetings with parents of students who have 80-89% attendance rate.
Attendance team members to conduct grade level professional development workshops to share success mentor outreach strategies.
Develop and monitor attendance plans for chronically absent students.
Student lighthouse team will communicate school wide attendance goals with stakeholders and celebrate success

monthly.
Teachers to receive monthly attendance reports for students in their classes.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will regularly evaluate the chronic absenteeism rate at each attendance meeting. Report will be generated for each class to share with the classroom teachers. Classroom teachers to conduct outreach to families and the attendance team will monitor improvements at the following meeting. The attendance team will create plans for severely chronically absent students and monitor plans at each meeting.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/24/2026	Conduct parent workshops to support consistent student attendance	Center for Family Life
09/04/2024	06/26/2026	Daily family outreach from classroom teachers and attendance team liaison.	Center for Family Life

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Formal assessments; progress monitoring tools; observational data;	Teachers and services providers don't have sufficient common time to collaborate.	IEP Development and Fidelity of Implementation
NA	NA	Transition Planning and Compliance

Number of Initial and Reevaluation cases	Ensure that tier 2 and tier 3 supports are actively monitored for progress	Referral Process and Equity
OORS Reports	Ensure that teachers continue to provide supportive classroom environments with tiered behavioral supports.	Equity in School Discipline
.	.	.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	36	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve the alignment of goals to work toward grade level foundational reading level skills. There will be a 10% increase, from 36% to 46%, of kindergarten, first and second grade students with disabilities reading at or above grade level as measured by Acadience spring benchmark assessment.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

We will provide professional development for special education teachers on writing SMART goals that are standard-aligned and connected to the science of reading. IEP goals will use data from Acadience screeners to inform instruction. Teachers will also be supported with professional development in Acadience and foundational literacy skills.

Root Cause Addressed:

Teachers and services providers don't have sufficient common time to collaborate.
Ensure that tier 2 and tier 3 supports are actively monitored for progress

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Review IEPs of students in Kindergarten, first and second grade with a focus on alignment of reading goals with foundational reading standards.
Provide professional development on developing measurable IEP goals aligned to grade level expectations. Teachers will be provided support in using Acadience data to inform goal setting.
Ensure adequate time for special education, general education teachers as well as related service providers to collaborate so there is aligned foundational support.
.
.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will implement monthly IEP checks and progress monitoring using Acadience benchmark and progress monitoring data. We will also conduct walkthroughs to ensure instruction aligns with students' goals in foundational literacy.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/25/2026	We will provide workshops to families of students with disabilities about foundational literacy skills.	NA
09/04/2025	06/25/2026	We will provide workshops to families of students with disabilities around IEP goals.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

IEP Teacher

Instructional Resources

Acadience Professional Development; Goalbook Supports

Schedule Adjustments

Time for Articulation between teachers and service providers

Other Resources Needed

NA

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Acadience Survey	HMH Into Reading	Small group in class	During School	No
Tier 2	Acadience Survey	Fundations	Small group in class	During School	No
Tier 3	Acadience Survey	Sound Sensible (K-1)	Small group in class	During School	No
Tier 3	Acadience Survey	SPIRE	Small group in class	During School	No
Tier 3	Acadience Survey	Phonics for Reading	Small group in class	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Student shows signs of emotional distress or displays behavioral challenges	teacher discussion and check ins	one to one or group support	During the school day	No
Tier 2	Student shows signs of emotional distress or displays behavioral challenges	at risk services with guidance counselor	one to one or group support	During the school day	No
Tier 3	Student shows signs of emotional distress or displays behavioral challenges	mandated counseling services	one to one or group support	During the school day	No
Tier 3	Student shows signs of emotional distress or displays behavioral challenges	referral to clinical counseling through School Based Health Clinic	One to one support	After school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

We will discuss the components of our MTSS plans, including curriculum, instructional practices, intervention systems and behavior expectations with families through a variety of communication. We host a curricular night in September as well as family engagement events such as workshops and PTA meetings each month. We will also email families key components of our MTSS plans.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Teachers communicate with families, on a weekly basis. Communication with students receiving Tier 2 or Tier 3 support will be prioritized so that families receive consistent information regarding their child's progress in the various programs. Families will receive phone calls from teachers, interventionists or support staff. These calls are used to discuss the student's current progress, review data trends and explain the interventions being used and address any questions or concerns that the family may have. Families whose children are receiving tier 2 and tier 3 intervention will receive progress monitoring reports every six weeks.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families will be a part of the decision making process as tier 3 supports are considered. Teachers, service providers and administrators will invite families to in-person meetings to discuss the progress made during tier 3 interventions. Families will be invited to review this data during meetings held every 6 weeks where educators explain the student's performance with data and intervention logs. During the meeting, school staff and families collaborate to adjust pans. We will also support families by providing strategies to reinforce learning at home.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

84

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

At the beginning of the school year, the school will send out the STH Title 1 Survey to families. We will carefully review the needs of families before allocating funds for products or services.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Our School Based Support Team and Guidance Team will assess the needs of STH students throughout the year. The team will make recommendations for types of supports needed, such as academic intervention, at-risk counseling and any wrap around support services offered by the Office of Community Schools. We will provide supplies and materials, such as clothes, glasses, books, and any other school supply needed.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

NA

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

NA

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

NA

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Through ongoing assessment, we will identify students who are at risk on not meeting grade level standard in ELA and math. After school programs will offer additional, targeted support in the identified core subject area. Using the Iready Diagnostic tool, instructional groups will be created and students will have access to computer adaptive lessons that will address each student's unique learning gap.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

All postings to staff for the after school program will require appropriate teacher license / state certification to be eligible for selection into the program.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

The Iready Diagnostic Assessment is aligned to both ELA and Math Next Generation Standards. This multi-standard assessment will be administered three times per school year as an interim benchmark assessment. The instructional groups and tailored instruction is aligned to both ELA and math instruction during the school day.

Provide a description of the materials purchased to support implementation of ELT.

.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 506, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 506 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 506, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

School liaisons will continue to attend the District Level Learning Labs for literacy and turnkey information to staff during the Monday Professional Development block. The instructional leadership teams will continue to identify areas of focus. Once the teams identify the area of focus, the teams will create school wide best practices to bring back to grade level teams. Book studies, webinars, instructional rounds, and inquiry work will be used to develop and assess best practices throughout the school year.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

During the month of September, kindergarten students will transition to rigorous, standards-based curricula through community building activities embedded within the programs. Parents will be invited to kindergarten orientations at the start of the school year to explain school expectations and norms. They will be given information about family spirit days, workshops as well as PTA information.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	395882	X	ELA / Math
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal	60235	X	ELA / Math / IEP
Title III, Part A	Federal	15120	X	ELA / Math / SEL
Title III, Immigrant	Federal		X	
Title IV, Part A	Federal		X	
Tax Levy (Fair Student	Local	3034134	X	.

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
Center For Family Life	10% of Total Enrollment	After School Academic Support	Expanded Learning Time
Center For Family LIfe	10% of Total Enrollment	After School Specialist / Enrichment Activities	Wellness and Integrated Support

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The CBO director will work closely with school leadership through attending monthly School Leadership Team Meetings. This forum will provide the CBO director a clear picture of the school's annual goals, progress monitoring and action plans for the year. This will allow for better aligned with the academic support offered during the after school program.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

We will continue to offer family spirit days where parents can visit classrooms and participate in an activity with their children. In addition, we we offer monthly family workshops on a variety of topics, including chronic absenteeism, health and wellness resources available at the school and how parents can provide academic support to their children at home. We will also activity seek parent volunteers and leaders through a variety of forums, such as PTA meetings, SLT meeting and informational monthly meetings.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

Center for Family Life's school based Social Workers work directly with PS 506 School Mental Health team to refer families to their Sunset Park based Family and Community support programs that include a comprehensive range of integrated services aimed to sustain and nurture families and to create a supportive community from which children can emerge as confident, capable adults. The Community Services program offers support in times of crisis with services that address basic needs. The program combines a food pantry with the resources of a Benefits Access Program and Advocacy Clinic to help families move toward stability. CFL's Benefits Access Program, our Health Insurance Enrollment Program, and our Action NYC Immigration Legal Services Program. Additionally, CFL's Social Workers work with the School Mental Health team to identify families in need of additional supports such as Family Counseling, English as a Second Language Classes, Employment Services, and more.

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

The CBO director will attend weekly attendance meetings with all the grade liaisons. All grade liaisons have been trained through the Office of Community Schools about the Success Mentor Program. Each grade liaison then turnkeys this information to classroom teachers conducting outreach for chronically absent students. Center for Family Life will provide additional staffing support to conduct outreach to families and provide targeted workshops for families.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for all students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

Our Community School partners with neighbor-hood based CBO Center for Life in Sunset Park (CFL) to enrich the lives of the families in our community and provide culturally responsive supports to all students by providing well-attended and impactful afterschool and summer camp programs that engage children and youth in consistent group and community-building activities that promote social, physical, academic and artistic development during out-of-school hours. Center for Family Life's school based multigenerational Neighborhood Center provides social and recreational activities for children, youth and adults in the evening and on weekends. Activities, classes, events and performances for parents, families and community members make our Beacon sites hubs of enriching,

intergenerational programming for all ages.

In all of its youth-serving programs, Center for Family Life hires staff that reflect the community, cultures, and native languages of the students that we serve in the diverse neighborhood of Sunset Park, Brooklyn. Of CFL's school-based staff, 63% are Hispanic, 17% are White, 9% are Black, 6% are Asian, and 5% identify as other; 85% are community residents.

CBO staff also work together to develop participant activities and materials based on a culturally responsive pedagogy in which students' unique cultural strengths are identified and nurtured to promote achievement and a sense of well-being about students' cultural place in the world. We recognize the importance of including students' cultural references in all aspects of learning and design our youth development services accordingly. In addition, program and organizational leadership regularly participate in and contribute to coalitions working on racial justice in education, including the Coalition for Community School Excellence, among others.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Dana Parentini
Assistant Principal (Where Applicable)*	Ellie Vargas
English as a New Language (ENL) Teacher*	Nicole Scaccia
Teacher (if school has a bilingual program must be a bilingual teacher)*	Rocio Castillo-Siegel
Parent/Guardian*	Zaira Rivera
ENL Teacher	Yulya Kravchik
School Counselor	Luz Cuervo
ICT 2nd Grade Special Education Teacher	Josephine Bucciero
Parent Coordinator	Denice Gonzalez
4th Grade Teacher	Jenny Petrie
Special Education Intervention Teacher	Anna Blaustein

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

6

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

5

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

5

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

2

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

Total number of teachers with LOTE certification providing World Language instruction:

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

Total number and percentage (%) of current ELLs:

Total number and percentage (%) of former ELLs:

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	2015-2016	1	.5	.5	1	1	1								5.0
DLBE																	0
DLBE																	0
				total: 1	total: 0.5	total: 0.5	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At P.S. 506 we currently offer the Stand-alone English as a New Language program. Our Stand-alone English as a New Language program follows a pull-out model. Students at the Entering and Emerging levels of proficiency receive 180 minutes of Stand-alone ENL instruction per week.

We utilize the pull-out model at P.S. 506 for grades kindergarten through fifth for stand-alone ENL.

All mandated minutes and units of instruction are dictated by CR Part 154, and strictly followed by ENL teachers.

In grades kindergarten through five, ELLs are placed in one or two classes throughout the grades in order to ensure an effective pull out model. ELL students in general education classes and special education classes are grouped heterogeneously. Entering and Emerging ELL students are serviced in one group for stand alone ENL. All special education ELL students are always serviced in the setting recommended by their Individual Education Plan (IEP). In our pull-out model, dually certified teachers group students based on proficiency levels and provide the mandated amount of minutes of Standalone ENL instruction according to CR Part 154.

Integrated ENL:

At P.S. 506 we currently offer Integrated English as a New Language program. Our Integrated English as a New Language program includes two models: self contained and push-in/pull-out. Students at the Entering and Emerging levels of proficiency receive 360 minutes of Stand-alone ENL (180 minutes) and Integrated ENL/ELA (180 minutes) instruction per week. Students at the Transitioning and Expanding proficiency levels receive 180 minutes of Integrated ENL/ELA instruction and English Language. Students at the Commanding level receive 90 minutes of Integrated ENL/ELA or other content area instruction per week.

At P.S. 506 we have a self-contained class in grade one. Students in this class participate in ENL instruction through content and grade appropriate curriculum and State standard based literacy instruction that is modified through ENL techniques and methods.

Students spend their instructional day with a certified ENL teacher who provides instruction in all curricular areas. Students in the self-contained classroom are grouped heterogeneously in terms of mixed English proficiency levels.

Self-contained teachers are dually certified in ESOL and general education (Common Branch).

We utilize the push-in/pull-out model at P.S. 506 for grades kindergarten through fifth. If ENL teachers are duly certified in ESOL and the content areas (Common Branch), they utilize either the push-in or pull-out model. Teachers who are only certified in ESOL, push-in for Integrated ENL/ELA instruction.

The push-in/pull-out model involves ELLs in general education and special education classes. Students at the Entering and Emerging levels of proficiency receive Integrated ENL/ELA (180 minutes) instruction per week from licensed ENL teachers. Students at the Transitioning and Expanding proficiency levels receive 180 minutes of Integrated ENL/ELA push-in/pull-out instruction provided by licensed ENL teachers. Students at the Commanding proficiency level receive 90 minutes of integrated ENL/ELA push-in instruction provided by licensed ENL teachers. The ENL teacher works collaboratively with the classroom teacher on literacy and content area instruction. The reduced ratio of teacher to students allows for small group and individualized instruction. Through small group instruction, strategy lessons, interactive experiences, and individualized instruction, the students are led to interact, reflect, read, write, problem solve, develop and practice strategies, in the second language. As in the self contained classes, instruction is differentiated and supported by ENL methods in accordance with the Next Generation Learning Standards and the Bilingual Common Core New Language Arts Progressions. All mandated minutes and units of instruction are dictated by CR Part 154, and strictly followed by ENL teachers.

Our self-contained class follows the block model. Each class travels together as a group. The students are mixed heterogeneously (mixed proficiency levels) in the self-contained class. Instruction for the self-contained class, in all subject areas, is delivered by the same licensed ENL teacher. Our push-in model follows the block model as well. In grades kindergarten through five, non-self contained ELLs are placed in one or two classes throughout the grades in order to ensure an effective push-in model. ELL students in general education classes and special education classes are grouped heterogeneously. When licensed ENL teachers push in to provide services to these students, the students are placed in homogeneous groups based on English proficiency levels and reading skills in order to provide effective small group instruction. Entering and Emerging ELL students are serviced in one group, Transitioning and Expanding students are serviced in another group, and Commanding students in a third group or they join the Expanding students depending on their reading skills. All special education ELL students are always serviced in the setting recommended by their Individual Education Plan (IEP). In our pull-out model, dually certified teachers group students based on proficiency levels and provide the mandated amount of minutes of Standalone ENL and Integrated ENL/ELA instruction according to CR Part 154.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Dual Language Bilingual Education (DLBE) program

P.S. 506 has Kindergarten - Fifth Grade Spanish Self-Contained Dual Language classrooms. The Dual Language (DL) program follows a model where English proficient students and ELLs of one common language (Spanish) learn together in two languages, English and the target language (Spanish). In our Dual Language classroom, students not only develop new language skills and learn academic subjects in both languages, they also practice and share language and culture with each other, making them bilingual, biliterate and bicultural. Our dual language programs offer students accessibility to high quality rigorous Next Generation Learning Standards (NGLS) aligned instruction that will prepare students for college and careers in the 21st century.

Instruction is provided in two languages, so that students become proficient in reading, writing, listening and speaking in English and in Spanish. ELLs enrolled in DL programs receive ENL instruction as a part of their academic schedule. Students receive all subject area instruction in both the primary language and the target language. 180 minutes of Home Language Arts instruction in Spanish is also provided weekly. This equates to 45 minutes a day for 4 days of Home Language Arts instruction.

Mandated minutes of target language instruction and ENL instruction is followed in accordance to CR Part 154. ELL students in the DL program are of mixed ENL abilities.

Students at the Entering and Emerging levels of proficiency receive Integrated ENL/ELA (180 minutes) instruction per week from their classroom teachers. Students at the Transitioning and Expanding proficiency levels receive 180 minutes of Integrated ENL/ELA instruction provided by their classroom teachers. Students at the Commanding proficiency level receive 90 minutes of integrated ENL/ELA provided by their classroom teachers. This is done during the writing and reading blocs.

Students at the Entering and Emerging levels of proficiency receive 180 minutes of Stand-alone ENL instruction per week by their classroom teachers during the small group instruction period of the reading bloc.

Our Dual Language classes follow the block model. Each class travels together as a group. The students are mixed heterogeneously (mixed proficiency levels) in the Dual Language classes. Instruction for the classes, in all subject areas, is delivered by the same Bilingual licensed teacher.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Our school ensures all students receive their mandated instructional minutes through a multi-layered, data-driven process that combines state guidelines, detailed scheduling, and continuous monitoring through multiple verification systems.

1. Data-Driven Foundation and Initial Programming

The process begins with our official student information systems to ensure accuracy from the very start.

We use ATS as the definitive source for identifying students' official English Language Learner (ELL) status and their most current English proficiency levels as determined by the NYSESLAT. This ensures our programming is based on the official system of record.

All teachers are provided the RLAT report for their individual classes. The RLAT report translates the official ATS data into an accessible, classroom-focused format, guiding teachers to understand the specific ENL and HLA service requirements for their students.

Applying State Guidelines: With these accurate proficiency levels, teachers and administrators strictly follow the guidelines set by CR Part 154.2 to determine the required number of instructional minutes.

2. Implementation and Documentation
The required minutes are then meticulously documented and implemented in student schedules.

Program Cards: Each student's program card is updated to clearly reflect their specific mandates. These cards detail the proficiency groups, the type of instruction (e.g., Stand-alone vs. Integrated ENL), and the location where services are provided.

Teacher Scheduling: Out-of-classroom ENL teachers use the ATS and RLAT data in conjunction with CR Part 154.2 to build their schedules, ensuring that every student's mandated instructional time is correctly allocated.

3. Multi-Layered Verification and Ongoing Monitoring
To ensure mandates are met not just at the beginning of the year but consistently throughout, we employ a multi-layered verification and monitoring system.

The ELL Administrator and Coordinator conducts a thorough initial review of the program cards for all ENL and Dual Language (DL) teachers. This provides essential human oversight to confirm that all schedules are in compliance from day one.

We conduct reviews of monthly EDURs. This ongoing process allows the administration to monitor student mandates. Any discrepancies are flagged and addressed immediately.

STARS provides a critical automated check. The system generates action items or alerts if a student's programmed courses do not align with their state-mandated ENL service requirements. This is a crucial safeguard that prevents programming errors and ensures all students remain on track and in full compliance.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

At P.S. 506 we currently offer the Stand-alone English as a New Language program. Our Stand-alone English as a New Language program includes two models: self contained and push-in/pull-out. Students at the Entering and Emerging levels of proficiency receive 360 minutes of Stand-alone ENL (180 minutes) and Integrated ENL/ELA (180 minutes) instruction per week. Students at the Transitioning and Expanding proficiency levels receive 180 minutes of Integrated ENL/ELA instruction and English Language. Students at the Commanding level receive 90 minutes of Integrated ENL/ELA instruction per week. At P.S. 506 we have self-contained classes in grade one. Students in these classes participate in ENL instruction through content and grade appropriate curriculum and State standard based literacy instruction that is modified through ENL techniques and methods. Students spend their instructional day with a certified ENL teacher who provides instruction in all curricular areas. Students in self-contained classrooms are grouped heterogeneously in terms of proficiency levels. Self-contained teachers are dually certified in ESOL and general education (Common Branch).

We utilize the push-in/pull-out model at P.S. 506 for grades kindergarten through fifth. If ENL teachers are duly certified in ESOL and the content areas (Common Branch), they utilize either the pull-out or push-in model. Teachers who are only certified in ESOL, push-in for ELA instruction and pull-out/push-in for stand alone ENL. The push-in/pull-out model involves ELLs in general education and special education classes. Students at the Entering and Emerging levels of proficiency receive 360 minutes of push-in/pull out Standalone ENL (180 minutes) and Integrated ENL/ELA (180 minutes) instruction per week from licensed ENL teachers. Students at the Transitioning and Expanding proficiency levels receive 180 minutes of Integrated ENL/ELA push-in/pull-out instruction provided by licensed ENL teachers. Students at the Commanding level receive 90 minutes of Integrated ENL/ELA instruction per week. The ENL teacher works collaboratively with the classroom teacher on literacy and content area instruction. The reduced ratio of teacher to students allows for small group and individualized instruction. Through guided reading instruction, strategy lessons, interactive experiences, and individualized instruction, the students are led to interact, reflect, read, write, problem solve, develop and practice strategies, in the second language. As in the self-contained classes, instruction is differentiated and supported by ENL methods in accordance with the Next Generation Learning Standards. All mandated minutes and units of instruction are dictated by CR Part 154, and are strictly followed by ENL teachers.

Our self-contained classes follow the block model. The students are mixed heterogeneously (mixed proficiency levels) in the self-contained classes. Instruction for the self-contained classes in all subject areas is delivered by the same licensed ENL teacher.

Our push-in model follows the block model as well. In grades kindergarten through five, non-self contained ELLs are placed in one or two classes throughout the grades in order to ensure an effective push-in model. ELL students in general education classes and special education classes are grouped heterogeneously. When licensed ENL teachers push in to provide services to these students, the students are placed in homogeneous groups based on English proficiency levels and reading levels in order to provide effective small group instruction. Entering and Emerging ELL students are serviced in one group and Transitioning and Expanding students are serviced in another group. All special education ELL students are always serviced in the setting recommended by their Individual Education Plan (IEP).

In our pull-out model, dually certified teachers group students based on proficiency levels and provide the mandated amount of minutes of Stand-alone ENL and Integrated ENL/ELA instruction according to CR Part 154.

The DL program at PS 506 uses the 50-50 model. One certified bilingual teacher services the students. There is a clear separation of printed languages in the DL self-contained classroom. The teacher sets-up bulletin boards and displays student work using the English language on one side of the room and the target language on the other. The print in English is blue/black and for Spanish in red. Bulletin boards for subject areas are also color-coded. A multicultural bulletin board is used as an instructional tool when celebrating the students' culture for the month. Instructional tasks as well as instruction are sequential, not repetitive, and aligned to the NGLS. The materials chosen reflect the 50/50 model in quantity and quality.

Instruction will be provided in two languages, so that students become proficient in reading, writing, listening and speaking in English and in Spanish. ELLs enrolled in DL programs receive ENL instruction as a part of their academic schedule. Students receive all subject area instruction in both the primary language and the target language. Students receive 180 minutes of Home Language Arts instruction in Spanish weekly. Mandated minutes of target language instruction and ENL instruction is followed in accordance to CR Part 154. ELL students in the DL program are of mixed ENL abilities.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

P.S. 506 has Kindergarten - Fifth Grade Spanish Self-Contained 50-50 model Dual Language classrooms. The Dual Language (DL) program follows a model where English proficient students and ELLs of one common language (Spanish) learn together in two languages, English and the target language (Spanish). In our Dual Language classroom, students not only develop new language skills and learn academic subjects in both languages, they also practice and share language and culture with each other, making them bilingual, biliterate and bicultural. Our dual language programs offer students accessibility to high quality rigorous Next Generation Learning Standards (NGLS) aligned instruction that will prepare students for college and careers in the 21st century; as well as to be lifelong readers and writers. English proficient students and ELLs are integrated 100% of the day in our Dual Language self-contained classrooms.

b. In which language(s) is each core content area taught?

Reading, writing, and math are taught in both languages (Spanish and English). Social studies and science are taught in Spanish. Students also receive home language arts (HLA) instruction in Spanish for the mandated amount of minutes required during the reading and writing blocs. Phonics instruction is provided daily in English only in K-2 classrooms. All prep classes are in English only. The small group re-teach lesson bloc in literacy is in English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Percentage of Newcomers: 74.3%

Effective instruction for English Language Learners (ELLs) is not a one-size-fits-all approach. The academic and socio-emotional needs of a student who has just arrived in the country are vastly different from those of a student who has been learning English for several years. Recognizing and responding to these distinctions is crucial for fostering language acquisition and academic success. Instruction for Newcomers, Developing ELLs, and Long-Term ELLs diverges significantly in its focus on acculturation and foundational skills, the complexity of language instruction, and the strategies employed to address specific learning gaps.

Students categorized as Entering and/or Emerging are provided with 360 minutes of Standalone ENL and Integrated instruction per week. Students who scored Transitioning and Expanding are provided with 180 minutes of Integrated ENL instruction.

Support for these students is given in the following ways:
• Participation in before/after school and/or Saturday programs.
• Classroom libraries contain varied genres and lexile levels.
• All ELLs are held to the Next Generation Learning State Standards.
• Instructional programs use materials that are aligned to the NGLS.
• On-going formal and informal assessments are provided to assure that students' achievement is periodically measured.
• Small groups and individualized instruction is based on assessments.
• Home language supports and bilingual glossaries are provided.
• More explicit support for vocabulary instruction is provided.
• Background knowledge activation and building is focused on.
• Phonics instruction is provided when necessary.
• Personalized i-Ready lessons are provided for every student.
• Students are provided with laptop devices to bring home.

Key Instructional Differences for Newcomers:

Emphasis on a Welcoming and Safe Environment: The initial phase for Newcomers is often a "silent period" where they are absorbing their new surroundings. Therefore, creating a low-anxiety classroom with predictable routines and non-verbal cues is paramount. This includes explicitly teaching classroom procedures and expectations.

Visuals and Scaffolds: Teachers of Newcomers utilize a rich array of visual aids, manipulatives, gestures, and graphic organizers to make content comprehensible. Real-world objects and hands-on activities are central to their learning.

Native Language Support: Whenever possible, leveraging the student's native language is a key strategy. This can involve bilingual aides, peer translators, or technology to clarify concepts and provide a bridge to English.

Foundational Literacy: For students with limited or interrupted formal education (SLIFE), instruction may need to begin with the very basics of literacy, such as letter recognition and phonemic awareness.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Percentage of SIFE Students: 1.4%

To meet the needs of our SIFE students we do the following:

• Small group reading and writing instruction at the students' ability level both in reading and language is provided.
• Participation in the before/after school and/or Saturday programs.
• Teachers create and review their lessons with careful consideration to the SIFE student need and modify instruction where needed.
• Teachers provide individual and guided support in literacy and content areas.
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at their ability levels through Stand-alone ENL or Integrated ENL/ELA.
• Immersive readers and other technology tools assist SIFE students with accessing grade level texts and content.
• Create a Predictable and Structured Environment: Establish clear, consistent routines for everything—from entering the classroom and organizing materials to participating in group work. Visual schedules and explicit modeling are crucial.
• Foster a Strong Sense of Belonging: Intentionally create a community where students' native languages and cultures are valued. Group them strategically with supportive peers.
• Native Language as a Bridge: Whenever possible, leverage the student's home language to build foundational concepts. A cognate wall (e.g., information in English, información in Spanish) can be a powerful tool. Using bilingual aides, peer tutors, or even translation apps to clarify key instructions or concepts can accelerate understanding.
• Explicit, Multi-sensory Literacy Instruction: Do not assume any prior knowledge of print. Instruction must be explicit and systematic in phonemic awareness, phonics, and basic sentence structure. Use multi-sensory techniques—tracing letters in sand, using letter tiles, incorporating chants and songs—to make these foundational skills stick.
•Heavy Use of Visuals and Non-Linguistic Cues: This is the cornerstone of SIFE instruction. Use pictures, videos, real-world objects (realia), gestures, and graphic organizers for everything. When teaching about ecosystems, bring in leaves and soil. When discussing a story, act it out. The goal is to make the academic concept understandable even if the English words are new.
•Contextualize Everything: Anchor learning in themes that are relevant and immediately useful. A thematic unit on "Community" could integrate geography (mapping the school), civics (classroom rules), English (vocabulary for

places and jobs), and math (calculating distances). This context provides a "hook" for new vocabulary and concepts to attach to.
•Scaffold Output and Production: Have multiple pathways for students to demonstrate their understanding. Instead of a written paragraph, a SIFE student might: Draw and label a diagram, Sort pictures or vocabulary words into categories, Verbally explain their understanding to a partner in their native language or with key English words, Use sentence starters and frames to build academic sentences piece by piece. (e.g., "The main character is _____. He feels _____ because _____.")

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Percentage of Long Term ELL students: 0%

To meet the needs of our Long-Term English Language Learners we do the following:
• Analysis of the NYSESLAT, ELA and other assessments to monitor testing history and track progress.
• Attendance records are reviewed for interruption of instruction and services.
• Parent conferences are held several times a year to monitor home study and academic practices.
• Teacher assessments, conferences and writing samples are assessed to identify areas of strengths and needs.
• Small group reading and writing instruction at the students' ability level.
• Participation in before/after school and/or Saturday programs.
• Teachers create and review their lessons with careful consideration to the student's need and modify instruction where needed.
• Teachers provide individual and guided support in literacy and content areas.
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at their ability levels
• Professional development is provided for all teachers on modifying and differentiating instruction to best support our ELLs.
• Assessments, on a six to eight week cycle, are administered to monitor student progress.
• Decisions are made whether to continue intervention services, modify the instructional plan or refer students to the RTI team for formal evaluation and other services.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Percentage of Former ELL students: 13%

Students who achieve language proficiency, based on the NYSESLAT or other exit criteria, receive 90 minutes of mandated
instructional services by ENL teachers through push-in Integrated ENL/ELA. Literacy ENL providers work with these children, differentiating instruction during the literacy periods. Parents of these students are given the opportunity to enroll their children in a before/after school tutorial program and/or the Saturday Academy program. These programs provide continuing ENL, literacy and mathematics support for learners who may be at risk of not meeting promotional standards. These students will continue to receive, for two years, testing accommodations for ELLs as based on the New York State testing requirements.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Attendance directly affects the achievement of all of our students. Students with high levels of absenteeism are at risk
students that are tracked. Plans are made for those students to improve attendance and thereby improve academic success.

The overwhelming majority of our current ELLs (35.7%) have two at-risk indicators. Being a Newcomer ELL (104 students) is our number one at risk indicator at P.S. 506.

25.7% of our current ELLs have one at-risk indicator. 16.4% of our current ELLs have three at-risk indicators. 6.4% of our current ELLs have four at-risk indicators. 5.0% of our current ELLs have five at-risk indicators. 9.3% of our current ELLs have six at-risk indicators. 1.4% of our current ELLs have seven at-risk indicators.

Besides the newcomer at risk indicator, here are the other risk indicators affecting our ELL students:
22 students are potential Long Term ELLs
60 students did not demonstrate sufficient ELP progress
46 students are in temporary housing
44 ELLs scored Level 1 or 2 last school year in math
19 ELLs scored Level 1 or 2 in SY 2022-23 and 2023-24 in math
45 ELLs scored Level 1 or 2 last school year in ELA
26 ELLs scored Level 1 or 2 in SY 2022-23 and 2023-24 in ELA
2 are Students with Inconsistent/Interrupted Formal Education (SIFE)

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The overwhelming majority of our Former ELLs (42.9%) have zero at-risk indicators.

For the ones that do have at-risk indicators, here are the top trends we notice:

32.1% of former ELL's scored a level 1 or 2 on the State ELA last school year.
17.9% of former ELL's scored a level 1 or 2 on the State ELA during the 2022-2023 school year and the 2023-2024 school year.
46.4% of former ELL's scored a level 1 or 2 on the State math assessment last school year.
21.4% of former ELL's scored a level 1 or 2 on the State math assessment during the 2022-2023 school year and the 2023-2024 school year.
14.3% of former ELL's are in temporary housing.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Chinese and Spanish are the dominant languages spoken by P.S. 506 families. The Home Language Identification Survey is administered to parents at enrollment, which notes parents' language communication preferences (both oral and

written). This data is inputted into ATS and is also noted in the school. In September, we utilize the RPOB report in ATS to
accurately identify the home language of parents, which is used in conjunction with the survey to identify parents' language
communication preferences.

Based on ATS data, the Home Language Identification Survey, the Blue Emergency cards, and our school survey, all data indicates that majority of parents at P.S. 506 need notices in Spanish and Chinese. Administration looks at these findings, and hires translators for Parent Teacher Conferences accordingly, as well as translating important communication notices, school calendars, and publishing party invitations. Staff is notified of oral and written translation needs during faculty conferences. Paraprofessionals or the DOE translation hot line is utilized for lower incidence languages.

Of the current ELLs, 87 families speak Spanish and 41 speak Chinese. 9 speak Arabic, 1 Russian, and 2 Tadzhik.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

P.S. 506 is made up predominantly of Asian and Hispanic students. P.S. 506 uses an educational strategy that embraces students' identities through culturally responsive-sustaining education (CR-SE). It is a way of seeing diversity as a
source of knowledge. With CR-SE, students use their own identity to get education. They learn using aspects of their race,
social class, gender, language, nationality, religion, or ability.

ELLs are at the center of our planning and delivery of CR-SE. New York City is a diverse and inspiring city. We want to give students mirrors that reflect the greatness of who they are, and windows into the world that allows students to connect across cultures. To give all students both windows and mirrors, we adopted a culturally responsive approach throughout our curriculum with inclusive themes. At P.S. 506 we see and value the background, views, and needs of all students, especially ELLs. This includes experiences related to race, culture, language, or ability. When planning and delivering instruction, we are aware of past and present forms of bias and oppression. We use teaching methods that are challenging, but honor students' diversity. Students' lives and identities connect to their education through our
thematic units. Students are encouraged to be critical thinkers and feel the agency to end inequality. P.S. 506 staff has high
expectations for all students. Staff members build strong connections with their ELLs. They understand their lives, backgrounds, and identities. P.S. 506 creates emotional safe spaces and fosters trust among students. Nurturing students' identities gives them a sense of ownership and belonging.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

16% of students met progress by existing ELL status.
12.8% of students met annual progress targets.
63.8% of students did not meet progress.
7.4% of students met safe harbor cumulative growth.

ELLs can demonstrate sufficient progress, or a threshold of student growth on the NYSESLAT, in one of three ways: (1) exiting ELL status by scoring commanding on the NYSESLAT or Expanding on the NYSESLAT and either 3 or above on NYS ELA or 65 or above on English Regents Exam; (2) meeting the annual ELP progress target between the two most recent NYSESLAT exams, or (3) meeting the safe harbor criteria for cumulative progress between the most recent year and their initial NYSESLAT English language proficiency level. If students did not exit ELL status, did not receive a spring 2024 NYSESLAT proficiency level, or have fewer than two NYSESLAT exams, then they have insufficient data to calculate ELP progress.

113 active ELLs have a 2024 NYSESLAT proficiency level. 27 have no NYSESLAT history. Of the 113, 12 made annual growth, 7 met the safe harbor requirement, 60 made no progress, and 34 have a 2024 NYSESLAT level, but no other previous exam history. 15 students tested out on the NYSESLAT in the Spring of 2024, and 13 in the Spring of 2023.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Data patterns across proficiency levels on the NYSITELL and NYSESLAT throughout the grades revealed progress in language development from one grade level to the next. The majority of our kindergarten students were newcomers and possessed limited English language skills in the Fall as is evidenced by the NYSITELL. This data reveals the amount
of students who are beginners decreased while the amount of advanced students increased throughout grade levels as students progress through the ENL program.

11.7% of students are Entering, 19.5% are Emerging, 22.7% are Transitioning, 34.4% are Expanding, and 11.7% are Former
ELLs.

When we analyzed the overall NYSESLAT Proficiency Results, we also noticed that when students reached the end of a testing band, the number of students who became proficient increased.

Patterns across NYSESLAT modalities indicate that students acquire listening and speaking skills earlier than reading and writing skills. Students have scored proficient in listening and speaking, while scoring intermediate/advanced in reading and writing. The NYSESLAT modality proficiency levels affect instructional decisions by allowing teachers to form groups and differentiate instruction focusing on the areas of need.

Based on recent data, instruction will focus primarily on reading and writing for our intermediate and advanced students. Progress may appear slower on paper, but we see growth everyday in our students and every year on the NYSESLAT. Students grow on a timetable appropriate for them; even small steps lead to be bigger gains in the succeeding years. Overall, our students progress in all four modalities over time as seen by the fact that the overwhelming majority of our students are classified as Newcomers (74.3%), with very few Developing ELLs (25.7%) and zero Long-Term ELLs.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Our ELL students are consistently showing progress on the NYSESLAT. The amount of ELL students at the Entering level decreases from kindergarten through fifth grade, while the number of Expanding level ELL students increases. 11.7%
of students are Entering, 19.5% are Emerging, 22.7% are Transitioning, 34.4% are Expanding, and 11.7% are Former ELLs.

On the ELA, the amount of ELL students scoring at a Level 1 decrease as ELL students move from third to fourth to fifth grades, while the amount of Level 2 increases.

On the New York State Math assessment, the amount of ELL students scoring at a Level 1 decrease as well as ELL students move from third to fourth to fifth grade, while the amount of Level 2 increases.

ELA level one students range in NYSESLAT levels from Entering to Expanding. However, level two students are only emerging and expanding students. Level 3 and 4 students are commanding only. As students move through NYSESLAT proficiency levels, students progress on the ELA exam.

Math assessment progress is also tied to language development. However, students who are literate in their home languages, have the ability to show proficiency in math despite being entering or emerging on the NYSESLAT because of the ability to take math assessments in the home language. Math level one students range in NYSESLAT levels from Entering to Expanding. Level two students are entering, emerging, transitioning, expanding and commanding students. Level 3 students are emerging, transitioning, expanding and commanding only. Level 4 students are expanding and commanding on math state assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

ENL teachers analyze NYSESLAT data in September to formulate small groups and recognize areas of strength and struggle for students. They also look at how students are progressing by comparing current NYSESLAT scores to previous
year's scores. If students dropped NYSESLAT levels, ENL teachers discuss the possible reasons for the drop, and what
interventions must be put into place in order to ensure progress during the new school year.

The EDAT tool also assists with the formation of groups and next steps. ENL teachers then meet with classroom teachers during common preps to disseminate this information and ensure consistency in teaching between the two teachers. Both teachers
understand the English acquisition needs of the student, and provide the same scaffolds across the curriculum. Both teachers also
understand the strengths of the student and capitalize on those to ensure the student continues to grow.

NYSESLAT scores are also used in the initial use of the Bilingual Common Core Native Language Arts Progressions. The progressions
are divided into the four modalities, like the NYSESLAT, so students are placed into the appropriate groups initially based
on their NYSESLAT results. The Progressions provide scaffolds/interventions for ELLs to make the Next Generation Learning Standards accessible to all students while ensuring progress and success during a unit.

The success of our ELL students is evaluated by monitoring their growth through the EDAT tool, informal assessments, New York State Standardized tests, and class work. Success is also evaluated by monitoring the increase in proficiency levels on the NYSESLAT.

Teachers utilize the RLAT report from ATS to monitor the progress over time of ELL students on the NYSESLAT. Our ELL
students, all subgroups, are consistently showing progress on the NYSESLAT. The amount of ELL students at the Entering level

decreases from kindergarten through fifth grade, while the number of Expanding level ELL students increases.

At P.S. 506 we have 40 ELLs with IEPs and 100 without. Of those 46 ELLs, 2 are Entering ELLs, 10 are Emerging, 13 are transitioning, and 13 are expanding. Our IEP students are showing progress, however, it is slower than their non-IEP counterparts due to their disabilities in reading and writing.

At P.S. 506 we had one SIFE student take the NYSESLAT in the Spring of 2024. On the NYSITELL, the students scored entering with 0 points. They made progress on the NYSESLAT despite still scoring at an entering level. Students in
this subgroup make progress as well, although slower than their regular ELL counterparts due to interrupted literacy or mathematics instruction.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

NA

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

NA

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

NA

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Every student at PS 506 is held to grade level standards in the four content areas, English Language Arts, Math, Social Studies and Science. Our ELA program, Into Reading, in thematically structured which allows for content knowledge building across each module. Envision math program provides students with multiple opportunities to problem solve and work collaboratively with partners discussing strategies. Amplify science program is also thematically based with an essential question that students build knowledge throughout the unit to help answer. Passport for social studies also poses an essential question. Students work throughout the unit to build knowledge to help answer the question.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILT team considers all learners, especially ELLs, when constructing and implementing the school's instructional design. At P.S. 506, we are committed to deepening and expanding our shared commitment to equity and excellence to ensure that every student will be ready for the next stage of their education, and ultimately, their career and their future as empowered agents of change in their communities and world. We need our ELL students to be critical thinkers, capable of working with new information in order to solve unstructured problems, many of which we cannot yet anticipate. As a system, our instructional priorities and practices shifted to meet these changing demands with every student in mind.

With the Instructional Leadership Framework, we are continuing to deepen this commitment: rigorous instruction, collaborative teachers, effective leadership, and a clear focus on student achievement. The Instructional Leadership Framework is a system-wide approach to: ensure that every school has the strategy and tools to continuously improve instruction, and provide our students with the rigorous learning experiences they all deserve; and take stock to identify what instruction every student is receiving, how they're receiving it, why they're receiving it, and how it can be improved.

The Instructional Leadership Framework combines research-based practices outlined in Teaching Advanced Literacy Skills and the tenets of Culturally Responsive-Sustaining Education.

At P.S. 506 we are working on updating our curriculum to take into consideration the tenants of Advanced Literacy and CR-SE. ENL and Bilingual Teacher representatives are part of the ILT team. They ensure the curriculum includes access points for ELLs at all levels to be successful at grade appropriate tasks. Scaffolds are always built in to support our MLs/ELLs.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core content in the Stand-Alone English as a New Language program is taught in English using ENL methodologies of teaching. Various instructional approaches and methods are used to make content comprehensible to foster language development and meet the demands of the Next Generation Learning Standards. Special attention is paid to vocabulary and language development when creating lesson plans. Language functions and structures are included. Scaffolds and principles of UDL are utilized to differentiate instruction for various ELL proficiency levels. The Bilingual Common Core Language New Language Arts Progressions are utilized in helping to make content comprehensible to foster language development and meet the demands of the Next Generation Learning Standards.

In the Dual Language program, all content areas are taught in Spanish and English. Home Language Arts is provided in Spanish. The DL teacher uses visuals, graphic organizers, sentence frames, word walls, etc. to foster language development in the target language and English to meet the demands of?the Next Generation Learning Standards. The Bilingual Common Core Language New and Home Language Arts Progressions are utilized in helping to make content comprehensible to foster language development and meet the demands of the Next Generation Learning Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

We currently have an Integrated Co-teaching Kindergarten, First, Second, Third, Fourth, and Fifth grade class; a licensed ENL teacher services the ELLs. In addition, we have 12:1:1 bridge classes in grades K, 1, 2, 3, 4 and 5. Services for our special education students are provided by our push-in/pull-out ENL teachers. The ENL teachers work collaboratively with special education teachers in the 12:1:1 and ICT classrooms to review the goals of each student as indicated on their Individualized Education Plan. Here are the grade level materials teachers of English Language Learners with Special Needs (ELL-SWDs) use that provide both access to academic content areas and accelerate English language development:

Literacy:
Into Reading Program (which includes a reading anthology, big books, write-in readers, leveled guided reading books, vocabulary cards, projectable stories, assessments, charts, and focus walls) is utilized. ELL students read books at their appropriate reading levels and participate in guided strategy lessons. The HMH Into Reading curriculum is based on research in the essential elements of literacy with scaffolds for multilingual learners and a Spanish-English biliteracy solution.

Science:

Amplify is utilized. Teachers develop specific content vocabulary flash cards to use for instruction and to place on the word walls in order to scaffold Amplify lessons. Students perform experiments, read books on the topic, watch videos, discuss, and write about the topics. Constant exposure to vocabulary through various portals such as video, books, etc. helps students to acquire specific academic content language.

Social Studies:
Passport to Social Studies core curriculum is utilized. It is a comprehensive K–5 curriculum designed to engage and motivate every student. Through the stories of the intriguing people, exciting places, and fascinating events that make social studies relevant to their lives, students gain a global perspective. They also learn the social studies themes and skills they need to become informed, participating citizens who consider diverse points-of-view, use critical thinking skills, and are active in their communities. The
program's content provides rigor and depth in an easy-to-read, highly visual format that instantly connects with all types of learners. Reading Skill development and reinforcement organized around a Big Idea and What to Know Essential Questions is core to the pedagogy. Because students also learn through interaction, the engaging hands-on activities and technology explorations in the Passport to Social Studies program provide the high-interest level tools to foster that connection. Mentor texts, movies, and
vocabulary cards are utilized to make the material more comprehensible forELL-SWD students.

Math:
enVision is used (manipulatives, vocabulary flash cards, projects, Math Journal pages, etc.) to support ELL-SWD students in learning the content material. enVision is a focused elementary math curriculum designed to meet the goals of the Next Generation Learning Standards for Mathematics. The Standards for Mathematical Practice are integrated throughout the program. Students and teachers are supported as they advance from concrete to abstract content through the use of models and Math Talk. The flexibility, comprehensiveness, and rigor of enVision provide personalized and adaptive 21st-century instruction to ensure success.

Classroom libraries are organized appropriately and include a variety of reading genres. The push-in ENL teachers provide shared, guided and interactive lessons that support the skills and strategies addressed by the special education teacher. All of the above resources maybe implemented in an online platform.

b. SIFE

SIFE students are placed in an age appropriate grade. After orientation, parents have the opportunity to meet the supervisor of that grade, and meet the ENL Coordinator to discuss the educational plan for the student. The goal is to provide students with differentiated lessons that highlight student strengths to support areas of need. With this goal in mind, our SIFE population will receive the following support:

• Small group reading and writing instruction at the students' ability level both in reading and language
• Participation in the before/after school and/or Saturday programs
• Teachers create and review their lessons with careful consideration to the SIFE student need and modify instruction where needed
• Teachers provide individual and guided support in literacy and content areas.
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at their ability levels through Stand-alone ENL or Integrated ENL/ELA.

The ENL teacher collaborates and communicates with the general education or special education teacher in order to ensure the student's needs are met.

c. Newcomers

Students identified, through their home language survey, are eligible for testing and the administration of the NYSITELL, within ten days of registering. In the case of students coming from other city schools, a verification of testing is done through ATS. Students categorized as Entering and/or Emerging are provided with 360 minutes of Standalone ENL and Integrated instruction per week. Students who scored Transitioning and Expanding are provided with 180 minutes of Integrated ENL instruction.

Support for these students is given in the following:

• Participation in before/after school and/or Saturday programs.
• Classroom libraries are leveled and contain varied genres.
• All ELLs are held to the NGLS.
• Instructional programs use materials that are aligned to the NGLS.
• On-going formal and informal assessments are provided to assure that students' achievement is periodically measured.
• Small groups and individualized instruction is based on assessments.

d. Long Term ELLs

The school's academic intervention team, ENL service providers and teachers will analyze students' NYSESLAT scores and other assessments to identify academic strengths and needs. Teachers will plan and modify instruction to best meet the needs of our Long Term English language Learners.

To meet the needs of our Long Term English Language Learners we do the following:

• Analysis of the NYSESLAT, ELA and other assessments to monitor testing history and track progress
• Attendance records are reviewed for interruption of instruction and services
• Scores obtained from the citywide, state and other assessments are reviewed for patterns
• Parent conferences are held several times a year to monitor home study and academic practices
• Teacher assessments, conferences and writing samples are assessed to identify areas of strengths and needs
• Small group reading and writing instruction at the students' ability level
• Participation in the before/after school and/or Saturday programs
• Teachers create and review their lessons with careful consideration to the student's need and modify instruction where needed
• Teachers provide individual and guided support in literacy and content areas
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at their ability levels through Standalone ENL or Integrated ENL/ELA
• Professional development is provided for all teachers on modifying and differentiating instruction to best support our ELLs
• Assessments, on a six to eight week cycle, will be implemented to monitor student progress
• Decisions are made whether to continue intervention services, modify the instructional plan or refer students to the RtI team for formal evaluation and other services

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

Our ELL-SWD population receives the following differentiated support and instruction:

Small group reading and writing instruction at the students' ability level.

Teachers create and review their lessons with careful consideration to the student's need and modify instruction where needed.

Teachers provide individual and guided support in literacy and content areas.

An ENL teacher pushes-in to provide literacy assistance and language development support aimed specifically at working with students at their ability levels.

Inquiry cycles focus around ELL-SWDs and using data to determine student progress and next instructional steps.

All ELL-SWDs are placed either in General Education, ICT, or 12:1:1 classrooms based on their IEP requirements. These ELLs receive ENL services, and/or related services depending on their IEP requirements. All ELL-SWDs are placed in the least restrictive environment.

Whenever possible, students receive their special education and ENL services in a co-taught classroom with their general education peers. The special education teacher and ENL teacher co-plan to weave both IEP goals and language development objectives into the core curriculum.

Accommodations that Address Both Needs: The IEP includes accommodations that support both the disability and the language acquisition process. These may include:

Presentation Accommodations: Use of bilingual glossaries, translated key vocabulary, visual aids, and text-to-speech software that can read text aloud in English.

Response Accommodations: Allowing the student to answer questions using their home language, providing speech-to-text software, or using drawings, models, or graphic organizers to demonstrate understanding.

Timing/Setting Accommodations: Extended time on assessments, testing in a separate, small-group location with an ENL or special education teacher.

We leverage technology to create pathways to learning. Students have access to tablets and laptops with tools such as:

Bilingual digital dictionaries and translation apps.

Graphic organizer software to help structure writing.

Adaptive literacy software that provides instruction at the student's reading and language level.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the ENL program model for English language instruction, native language support is delivered to students through bilingual glossaries and classroom library books. Bilingual glossaries are available for ELA, math, social studies, and science. Students may also take the math and science tests in their native languages. All assessments are aligned to the science of reading and NYC literacy shifts and are core curriculum resources.

In addition, school personnel, when available, are able to provide native language support to students during the school day. They provide clarification for ELLs in their native languages in the lunchroom , nurse's office, main

office, etc. Teachers also group students of the same language for certain activities, so that they can assist each other and respond in their native languages. Language partners are also utilized throughout the school day.

In the Dual Language classrooms, home language support is provided by the bilingual teacher in small groups or whole group as needed. Visuals, bilingual charts, bilingual classroom libraries, glossaries, bulletin boards, word walls, etc. support the home language.

P.S. 506 uses Spanish enVision, Estrellita, i-Ready assessments in Spanish for both reading and math, Arriba la Lectura assessments, Heggerty assessments, and formal and informal assessments to evaluate students in their home language throughout the year. Assessments are used to drive instruction and ensure students are acquiring the target language. All assessments are DOE approved assessments and are aligned to the science of reading and NYC literacy shifts.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

P.S. 506 believes in the importance of supporting systems and structures for collaboration among teachers for all ELL program models. This is necessary for a successful co-teaching model. Teachers are given planning time on Monday mornings with their grade bands. ENL teachers attend these sessions and are part of all grade level planning sessions offered throughout the year. If an ENL teacher supports more than one grade, they alternate grade meeting attendance. All grade level planning is dropped into a shared Google Drive folder shared with all pertinent staff members. If a teacher is not able to attend a meeting, they can find all of the planning in these folders.
There are also HMH coaching sessions where teachers will be meeting with their grades and planning with the support of an HMH coach. ENL teachers attend these meetings for the grades they support. Tuesday mornings are also available for teachers to meet and collaborate during Other Professional Work time.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Professional development is achieved through the combined efforts of experienced content specific, and licensed personnel that includes: teacher teams, assistant principals, ENL teachers, Dual Language (DL) teachers, and the ENL Coordinator. The pertinent personnel will work with the staff (both teachers and non-pedagogic) to analyze and disaggregate data for all ELL's. The teachers will utilize the information from the disaggregated data to plan small group instruction, group students by area of need and individualize instruction. Teachers share this information with the paraprofessionals that support their classrooms.

Teachers meet on a weekly basis during common preps to plan curriculum units of study, gather and share resources and materials with the administrators, grade facilitators and/or ENL teachers. ENL teachers work together and articulate with the general education teachers, on student goals and progress.

Instructional rounds and debriefing sessions are conducted in order to provide the staff with examples of best practices. In addition, teachers provide demonstration lessons and time is afforded for teachers to discuss and plan next steps in student learning.

The ENL Coordinator attends workshops provided by the Division of Multilingual Learners and the D20 Superintendent's Team, and turnkeys information at grade meetings and/or weekly planning sessions to all staff members.

DL teachers attend Division of Multilingual Learners workshops on bilingual instruction and turn-key the information to the ENL Coordinator and ELL Administrator. They then plan for next steps or implementation. They also turn-key the information to the whole staff when applicable.

Mentoring is provided to new personnel at the school.

Common planning sessions are provided to all teachers of ELLs.

Professional development is provided to discuss and implement the Bilingual Common Core New and Home Language Arts Progressions into units of study for all staff members.

Professional development will continue on the following topics school wide:
Dissecting and Understanding Into Reading
Successfully Implementing Into Reading
Diving into Data and Planning for Small Group Instruction
Scaffolding Into Reading For Multilingual Learners

Grade level teams will continue to meet weekly to plan for the implementation of the new reading, writing and math core curriculums. During inquiry meetings teachers are expected to use protocols to look at student work and make modification to the curriculum based on the student work samples. Each team is comprised of an Inquiry Liaison that meets vertically and then turn-keys to their team. Non-pedagogic staff are invited/encouraged to attend all inquiry team meetings as well as staff and grade meetings.

All of these activities can be done remotely using video conferencing technology.

P.S. 506 provides professional development to all teachers and administrators that specifically addresses the needs of English language learners. A minimum of fifteen percent (15%) of the required professional development hours for all teachers prescribed by CR Part 80 are dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. For all bilingual and English as a new language teachers, a minimum of fifty percent (50%) of the required professional development hours are dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English

language learners. Administrators keep a professional development binder in the main office that contains agendas for workshops offered to the staff in the school. Teachers are also encouraged to keep binders with agendas of attended workshops. Administrators, with teacher feedback, plan out the year's professional development calendar ensuring every teacher receives their mandated ELL professional development hours in accordance with CR Part 154.2.

ENL and DL teachers are also required to provide at least 4 workshops to the staff with an ELL focus based on information they learned from attending Professional Development Workshops.

We are hoping to pair with ArtsConnection to provide further enrichment for students and training for staff on various art forms. Teachers will collaborate with ArtsConnection staff to create engaging tasks and units for students to deepen language and content skills through the arts.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

P.S. 506 provides professional development to all teachers and administrators that specifically addresses the needs of English language learners. A minimum of fifteen percent (15%) of the required professional development hours for all teachers prescribed by CR Part 80 are dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners. For all bilingual and English as a new language teachers, a minimum of fifty percent (50%) of the required professional development hours are dedicated to language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for English language learners.

Administrators keep a professional development binder in the main office that contains agendas for workshops offered to the staff in the school. Teachers have a tracking sheet to record attended workshops. Teachers are also encouraged to keep binders with agendas of attended workshops. P.S. 506 has a Professional Development Committee which meets with the principal and brainstorms ideas of workshops teachers would like to attend. A Professional Development Survey is also emailed to teachers to ensure all voices are heard. Administrators, with teacher feedback, plan out the year's professional development calendar ensuring every teacher receives their mandated ELL professional development hours in accordance with CR Part 154.2.

ENL and DL teachers are also required to provide at least 4 workshops to the staff with an ELL focus based on information they learned from attending Professional Development Workshops.

In house professional development sessions that are CTLE accredited are provided by HMH coaches. They work with teachers in making the Into Reading curriculum accessible to all ELLs.

The ELL Coordinator also shares the Multilingual Monthly newsletter from the Office of Multilingual Learners with all teachers; thereby giving everyone a chance to attend CTLE accredited workshops.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

The following screening assessments are currently being used to guide instructional planning for our ELLs:

P.S. 506 began using i-Ready online assessments during the 2019-2020 school year. Students in grades 3 -5 took i-Ready ELA and Math assessments three times a year. The rich data from i-Ready Assessments empowers teachers with a deeper knowledge of their students' needs. A suite of intuitive reports provide a common language through which both teachers and administrators can work towards the shared goal of student achievement. The i-Ready Assessments suite pinpoints students' strengths and knowledge gaps at the sub-skill level; delivers personalized learning paths in i-Ready Instruction; saves time by automatically grouping students and offering targeted instructional recommendations; helps educators spot trends across student groups; and predicts performance on specific standards by school/class. i-Ready is administered to K-2 students in Math. i-Ready is administered in Spanish as well as English in the Dual Language classrooms.

P.S. 506 also administers Acadience to students in K-2. Acadience Reading equips educators with research-based tools that identify exactly where students are struggling so they can receive instructional support and get back on track. Acadience Reading Diagnostic is a set of untimed measures that are administered individually to understand the reading skills of students in grades K–6 or for older students who are reading well below their grade level. The precise information provided by these assessments helps educators make informed decisions and answer questions to better target instruction for struggling readers to determine what types of support a student needs; what specific skills educators should focus on for instruction or intervention; and what instructional strategies they should implement.

Data from these assessments is closely monitored to create actionable next steps and address the needs of our ELLs.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At P.S. 506 we have various intervention programs for struggling ELLs in Math, ELA, and other content areas. All intervention programs are offered in English.

For ELA and Math, all struggling below grade level ELL students participate in after school programs, budget pending. Revisions on students' intervention plans are modified as needed. Progress is carefully tracked by the classroom teacher, ENL providor, and other licensed teachers providing support services.

Targeted interventions for the ELA for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL-SWD):

• Extended use of scaffolding methods during components of balanced literacy. Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc.
• Teachers further develop the acquired vocabulary and content through student conferences.
• Small group reading and writing instruction at the students' ability level both in reading and language.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed.
• Teachers provide individual and guided support in literacy and content areas.
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at their ability levels.
• Individual support through Amira Learning
• Individual support through i-Ready
• ELLs eligible for Tier 3 services receive either Spire (K-2) or Phonics for Reading (3-5) intervention services daily with their classroom teacher with built in small group time.
• ELLs eligible for Tier 2 services receive small group intervention through a HMH reteach of lessons they are struggling with as is evidenced by screener data or HMH weekly assessments.

Students in Tier 2 and 3 are programmed in STARS and tracked to monitor progress and success of the interventions.

Targeted interventions for Math for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL-SWD):

• Small group math instruction at the students' ability level both in math and language.
• Teachers further develop the acquired vocabulary and content through student conferences.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed.
• Teachers provide individual and guided support in math.
• Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc.

Targeted interventions for Science and Social Studies for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL-SWD):

• Extended use of scaffolding methods during components of content area instruction. Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc.
• Small group content area instruction at the students' ability level.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed.
• Teachers provide individual and guided support in the content areas.

For all interventions, progress is tracked through formal and informal assessments. Teachers constantly reflect on the needs of the students and redirect lessons and small groups to tackle the needs of the student.

If, however, these interventions do not seem to be adequately moving the student in any of the subject areas, the student is then referred to the MTSS team, and then eventually the Pupil Personnel Team.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At P.S. 506 we have various intervention programs for struggling ELLs in Math, ELA, and other content areas. All intervention programs are offered in English. For ELA and Math, all struggling below grade level ELL students participate in after school programs. Revisions on
students' intervention plans are modified as needed. Progress is carefully tracked by the classroom teacher, ENL providor, and other
licensed teachers providing support services.

Targeted interventions for the ELA for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL-SWD):
• Extended use of scaffolding methods during components of balanced literacy. Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc.
• Teachers further develop the acquired vocabulary and content through student conferences.
• Small group reading and writing instruction at the students' ability level both in reading and language.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed. • Teachers provide individual and guided support in literacy and content areas.
• An ENL teacher pushes-in/pulls-out to provide literacy assistance and language development support aimed specifically at working with students at theirability levels.
• Individual support through Amira Learning
• Individual support through i-Ready Targeted interventions for Math for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL-SWD):
• Small group math instruction at the students' ability level both in math and language.
• Teachers further develop the acquired vocabulary and content through student conferences.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed.
• Teachers provide individual and guided support in math.
• An ENL teacher pushes-in/pulls-out to provide language development support aimed specifically at working with students at their ability levels.
• Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc. Targeted interventions for Science and Social Studies for all subgroups (Newcomer, 4 to 6 years, Long Term, and ELL┐SWD):
• Extended use of scaffolding methods during components of content area instruction. Learners are supported through scaffolding of instruction that ensures that needed elements are in place before constructing meaning of the whole topic. Some examples are the usage of sentence prompts, charts accompanied by pictures and/or diagrams, vocabulary flash cards accompanied with definitions and pictures, etc.
• Small group content area instruction at the students' ability level.
• Teachers create and review their lessons with careful consideration to the ELL students needs and modify instruction where needed.
• Teachers provide individual and guided support in the content areas.

For all interventions, progress is tracked through formal and informal assessments. Teachers constantly reflect on the needs of the students and redirect lessons and small groups to tackle the needs of the student. If, however, these interventions do not seem to be adequately moving the student in any of the subject areas, the student is then referred to the RTI team, and then eventually the Pupil Personnel Team. The RtI team at P.S. 506 consists of the building's administrators, RtI teachers, guidance counselors, SETTS teachers, and other service providers. Each

member possess in depth knowledge of their field. The team has a systematic approach for examining how ELLs' backgrounds and educational contexts (i.e., first and second language proficiency, educational history including bilingual models, immigration pattern, socioeconomic status, and culture) have an impact on their academic achievement in the classroom. To refer any student to the RtI, classroom teachers must fill out a form including data on the student and what attempts have been made to have the student progress. Here is a list of some of the data that is included on the RtI referral form: i-Ready levels, ELA/Math scores, NYSESLAT/LAB-R/NYSITELL proficiency scores, writing samples, a description of the amount and type of ENL instruction being provided, etc. When ELLs are referred to the RtI, the team first examines the appropriateness of classroom instruction that is given by the classroom teacher, based on knowledge of individual student factors. The informal and formal assessments are analyzed when examining instruction and learning about the learner. When evaluating data, the RtI team examines how the child performs relative to peers of the same age, grade level, and English language proficiency. If an ELL student is flagged as at- risk or below-benchmark on any particular skill or competency (such as in math or literacy), the student receives targeted instructional support to bolster development in this area. This support is delivered in coordination with language support services. For example, when the data shows ELL students are below grade level in reading, they are pulled for extra guided reading instruction. They may also receive at risk SETSS, AIS, and Speech services if deemed necessary by the team. The ENL provider of the referred ELL is present during the intervention planning to provide input on the extent, if any, to which ENL instruction is needed during Tiers 2 and 3 interventions to ensure the student will benefit from the intervention. The classroom/referring teacher is also given specific strategies to try with the student fora specific time frame to watch for growth and progress. Each suggestion by the RtI team addresses a different concern that the child has according to the data provided by the referring teacher. Teachers work collaboratively when necessary to ensure the success of the implementation of the RtI plan for the student. After the allotted time has passed, a liaison to the teacher presents the new data on the child to see if progress has been made. If not, the RtI reconvenes and continues through the framework to suggest other interventions.

Data drives all suggestions and instruction. Data is drawn from multiple sources to inform decisions, and multiple tools are used to uncover critical information. The Pupil Personnel Team is composed of the Principal, Assistant principals, school psychologist, guidance counselors, and the RtI provider of the grade. The PPT team meets once a month to discuss academic interventions for the long term ELLs, ELL-SWDs, as well as any struggling ELLs. They make decisions whether to continue intervention services, modify the instructional plan, or refer students for formal evaluation and other services.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments are crucial for informing and driving instruction because they provide ongoing feedback about student learning in real-time. This allows teachers to adjust their teaching strategies to meet individual student needs.

Here are some common types of formative assessments used at P.S. 506:

Teacher-created assessments (Quizzes, Exit Tickets, Short Assignments): Teachers can quickly gauge understanding of a specific concept or skill, identify misconceptions, and determine if students are ready to move on or if re-teaching is needed. Exit tickets, for example, provide a snapshot of what students understood or are still confused about at the end of a lesson.

Observations: Teachers constantly observe students during class discussions, group work, and independent

practice. Observations reveal engagement levels, problem-solving approaches, collaborative skills, and areas where students might be struggling or excelling. This "in the moment" data allows for immediate adjustments, such as clarifying instructions or providing targeted support.

Discussions and Questioning: Engaging students in conversations and asking open-ended questions. This helps teachers understand students' thought processes, identify gaps in understanding, and encourage deeper thinking. Teachers can adjust their questioning strategies or provide further explanations based on student responses.

Student Work Samples/Portfolios: Collecting and analyzing student work overtime. Provides a comprehensive view of student progress, allowing teachers to identify patterns in strengths and weaknesses and tailor future instruction to address specific learning needs.

Peer and Self-Assessment: Students evaluating their own work or the work of their peers. Encourages metacognition and allows students to take ownership of their learning. Teachers can use student reflections and peer feedback to understand how students perceive their own learning and adjust instruction accordingly.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

P.S. 506 utilizes the ENL program model for English language instruction. Native language support is delivered to students through bilingual glossaries and classroom library books. Bilingual glossaries are available for math, social studies, and science. Students may also take the math and science tests in their native languages.

In addition, school personnel, when available, are able to provide native language support to students during the school day. They provide clarification for ELLs in their native languages in the lunchroom , nurse's office, main office, etc. Teachers also group students of the same language for certain activities, so that they can assist each other and respond in their native languages. Language partners are also utilized throughout the school day.

In the Dual Language classrooms, home language support is provided by the bilingual teacher in small groups or whole group as needed. Visuals, bilingual charts, bilingual classroom libraries, glossaries, bulletin boards, word walls, etc. support the home language.

P.S. 506 uses Spanish enVision, Arriba La Lectura, Spanish Amplify and Passports assessments, formal and informal assessments to evaluate students in their home language throughout the year. Assessments are used to drive instruction and ensure students are acquiring the target language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

To identify baselines, progress and areas of need in reading, P.S. 506 utilizes the HMH Into Reading Module Assessments. HMH assessments equips leaders and teachers with actionable data that connect directly with resources to teach, re-teach, and differentiate learning for learner's exact needs.

In phonics for grades K-2, students take Fundations unit exams to monitor mastery of vital phonics skills being taught in each unit.

Teachers of ELLs use NYSESLAT data in September to identify progress and areas of need for our English Language Learners. They use this data to provide scaffolds into the curriculum and plan for lessons.

Grade 3 teachers administer a mock State ELA and Math exam that is used to drive instruction for students and pinpoint a student's strength and weakness. enVision unit exams are then given after every completed unit of study.

Grade 4-5 teachers use State ELA, Math, and Science exam scores to plan for instruction. These tests provide a baseline of Next Generation Learning Standards teachers need to target to ensure success in the future grade. Unit Math and Science exams are given to continue monitoring progress in those subject areas and plan for instruction.

The EDAT tool is used to analyze how ELL students are fairing in all subject areas. All teachers of ELLs are given a snapshot of their students with the warning indicators and next steps for each student present from the EDAT tool. The data is used to track and monitor progress of high-risk ELLs. The EDAT tool is also utilized in deciding which students to include in supplemental intervention programs.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

NYSITELL, RLER, NYSESLAT Exam History Report (RLAT) and the Report for Fair Student Funding (RFSF) are used to determine NYSESLAT eligibility. At the beginning of the school year, the ENL Coordinator and the licensed ENL out of classroom pedagogues examine the RLER, RLAT and RFSF to determine which students still qualify to receive English language support services. If a student scores at a proficient/commanding level on the annual NYSESLAT, the student is no longer considered LEP and is not entitled to receive English language support services. If a student scores at a entering, emerging, expanding or transitioning level, they are still considered LEP and are entitled to receive services. After the scores are examined, the ENL Coordinator distributes Continued Entitlement Service letters to parents of students who did not score proficient on the NYSESLAT; this informs the parent that their child still continues to be an ELL. Nonentitlement letters are provided to parents whose students scored proficient on the NYSESLAT. Newly enrolled students who did not test out of the NYSITELL are also elgible to take the NYSESLAT.

The ENL Coordinator compiles, keeps, and updates a list of students who are required to take the NYSESLAT based on the ATS reports described above.

During the designated NYSESLAT testing open window, the ENL Coordinator and the testing administrator work together to ensure that all four components of the NYSESLAT are administered. The ENL Coordinator is also the NYSESLAT testing coordinator. She is in charge of training all staff participating in the administration of the NYSESLAT. The speaking component is administered first. Licensed pedagogues are each assigned a list of students to administer the speaking component of the NYSESLAT. The pedagogues are first trained by the ENL Coordinator using the New York State NYSESLAT training materials. All testing materials are stored daily in the secured designated testing closet. The ENL Coordinator ensures that every eligible student is given the speaking

component in the required time frame.

Administration examines the open testing window for the listening, reading, and writing components of the NYSESLAT and selects specific dates to administer each component. All teachers involved in administering the NYSESLAT are trained by the ENL Coordinator, using the New York State NYSELAT training materials. The listening component is administered first, followed by the reading, and lastly the writing. All tests are stored in the designated secured testing closet. Students absent on the designated testing dates, are adminstered the missing components immediately on the next day of attendance to ensure all required students are evaluated by the NYSESLAT in each component. The ENL Coordinator and the testing administrator ensure that all labels are affixed on answer documents and booklets. They also ensure that the speaking scores are transferred onto the appropriate answer documents. The testing team package all testing materials and send them back to the appropriate location.

Throughout the NYSESLAT testing process, the ENL Coordinator continuously cross checks utilizing an updated ATS report to ensure that every eligible LEP student is tested in each component.

ELLs and former ELLs continue to receive mandated services during the testing period. Teachers do not score or administer the exam the whole day. Teachers are given time to provide services to their students. Dual language teachers are not utilized for scoring exams and administering the 1:1 components of the exam.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Each year before state testing, the testing meets to review all current and former ELL students to ensure that they receive the appropriate accommodations. Spreadsheets are generated with student information and accommodations and are reviewed by ENL providers, teachers and administrators.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Parents of newly identified ELLs are invited to attend parent orientations by the ENL department. Parent orientations are held on an ongoing basis to accommodate newcomer ELLs that enter the school throughout the school year. Parent orientations are held within 10 days of student enrollment to ensure that they understand all three program choices available for ELLs. Translators and translating devices are made available during the meeting to provide support in the parents' native language. Brochures are provided with information on the educational program options in the language spoken by the parent. In addition, parents view a video which also explains the educational programs available: Transitional Bilingual, Dual Language Program and Stand-Alone English as a New Language Program. The video is viewed in the parents' native language. Parents have an opportunity to ask questions about the programs available and select to have their child placed in one of the three program options. Parents complete a Parent Survey and Program Selection Form before they leave.

Topics Discussed During the Orientation
Our orientation is structured to be a clear and comprehensive one-stop resource for families. The meeting is led by our school's certified ENL teachers. The following topics are covered in detail:

Welcome and Introduction: A warm welcome to the school community and an introduction to key personnel, including the Parent Coordinator and the school's administration.

Identification Process: A clear, jargon-free explanation of how their child was identified as an English Language

Learner, referencing the Home Language Identification Survey (HLIS) and the results of the New York State Identification Test for English Language Learners (NYSITELL).

Program Options and Goals (CR Part 154 Mandate): A detailed presentation of all three NYC DOE program models. Crucially, we present all three options regardless of whether our school currently offers them, ensuring parents are aware of all possibilities, including the right to request a program at another school.

English as a New Language (ENL): We explain that this is a required service for all ELLs, involving both stand-alone (pull-out) and integrated (in-class) English instruction. We emphasize that the goal is the development of English language proficiency.

Transitional Bilingual Education (TBE): We describe this program as one that uses the student's home language to teach core subjects while they learn English, with the goal of transitioning to an all-English classroom.

Dual Language Bilingual Education (DLBE): This program is presented as an enrichment model where students from two different language backgrounds learn together in both languages, with the goal of becoming bilingual and biliterate.

Parental Rights: We explicitly state that parents have the right to choose any of these programs for their child and the right to decline all bilingual programs in favor of the ENL-only model.

Next Generation Learning Standards and Assessments: We provide an overview of the academic standards for their child's grade level and explain how students, including ELLs, are assessed throughout the year. This includes information on the annual New York State English as a Second Language Achievement Test (NYSESLAT) and how it measures progress in English proficiency.

School Expectations and Support: We outline school expectations for attendance, participation, and homework, while also highlighting the academic and social-emotional supports available to all students.

Question and Answer Session: Ample time is reserved for parents to ask questions and receive clear, direct answers.

To ensure that language is a bridge, not a barrier, to participation, we implement the following support structures:

Proactive Communication in Preferred Language: All invitations and meeting announcements are sent home in the parents' preferred language as indicated on the HLIS.

Interpretation Services: A bilingual staff member, in-person interpreter is scheduled for the dominant language(s) of the newly enrolled families. For families who speak other languages, we have dedicated devices ready to immediately access the DOE's over-the-phone interpretation (OPI) services. We never use students or untrained staff as interpreters.

Translated Materials: All presentation materials, handouts, and program selection forms are translated into the target languages. Parents receive a folder with all relevant documents in their home language to take with them.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

ELL Parental involvement is encouraged through participation in our PTA, classroom activities (publishing parties, cultural celebrations,
etc.) and school events (open school week, parent teacher conferences, meet and greets, assemblies, etc.). In addition, monthly reports
are disseminated to all parents with opportunities to outreach to the classroom teacher if they need further information. Additionally,
the ENL teachers facilitate a few workshops for parents during parent engagement time.

P.S. 506 provides annual individual meetings with the parents or guardians of English language learners at least once a year during Parent Engagement time, in addition to parent-teacher conferences, initial parent orientations, quarterly progress meetings or other scheduled meetings provided for parents or guardians, to discuss the goals of the program, their child's language development progress, their child's English language proficiency assessment results, and language development needs in all content areas. This additional meeting includes the school staff necessary to sufficiently inform the parents or guardians about the child's language development in all content areas in English and in the child's home language in the case of students enrolled in a dual language program. These meetings are conducted with a qualified interpreter/translator in the language or mode of communication the parent or guardian best understands. Either staff members assist with translation or telephone translation services are utilized. Teachers use tracking sheets to record attendance and all correspondences with parents. These tracking sheets are on Google Drive and monitored by the ELL Administrator. Teachers reach out to parents to schedule these annual individual meetings and send a paper invitation confirming the meeting. These paper copy invitations are then collected and filed in the critical documents binder by the ELL Coordinator in June with a copy of the tracking sheet. ENL/Bilingual teachers schedule weekly appointments during Parent Engagement time with the parents/guardians of their ELL students. Classroom teachers are often present for these conferences. ENL/Bilingual teachers discuss what the results of the NYSITELL/NYSESLAT really mean and explain what their child's proficiency level entails. They also reflect with the parents on the progress of language development by analyzing past NYSESLAT or NYSITELL data as well as classroom assessments/observations. They make plans with the parents on how parents can support their children in their language development and prepare them for the NYSESLAT. They explain the goals of the program that their child is enrolled in, and the importance of keeping their child in the same program for several years to see progress.

Bilingual teachers explain how students are progressing in all content areas both linguistically and content wise. ENL teachers in
conjunction with the classroom teacher explain progress in all subjects and how they are fairing linguistically across the curriculum.
Teachers review student work in all content areas, to help plan next steps with parents to ensure success of their child. Despite being
mandated for one annual individual meeting a year, parents are encouraged to meet frequently. Both the ENL teacher and classroom
teacher reach out to parents to schedule these meetings or have phone conferences. Video conferencing, emails, and telephone calls
are utilized to interact with parents.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

o PS 506 has staff who is able to translate all communication to families in Spanish, Chinese and Arabic.
o Our school website can be translated into any language
o We use NYCDOE School Messenger, which an translate all messages into any language
o For our monthly family workshops, all power point slides are translated into Spanish, Chinese and Arabic.
o We have a multi-lingual staff in the main office that can assist with translation when parents initiate communication

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At P.S. 506 ML/ELL family empowerment stretches beyond mandated meetings and orientations. Parent workshops will focus on various
topics such as: Supporting Students at Home with ELA Supporting Students at Home with Math Social Emotional Support at Home The
Importance of Attendance What is Chronic Absenteeism - The Importance of Attendance Homework Support Grade Level Literacy
Workshop Middle School Application Seven Habits for Parents College Savings Program Community Schools Resource FairENL and Dual
Language teachers also plan fouradditional workshops during Parent Engagement time. Teachers send surveys to parents requesting
information on what they need support on, and then plan workshops accordingly. Workshops change annually pending on the results of
the survey. Past workshops include Understanding the NYSESLAT, Helping my Child Learn Comprehension Skills through Read Alouds,
How to Use Estrellita in the Home, etc. Parents are informed of all activities going on in the school in their native language or preferred
language of oral/written communication. School wide programs are advertised on the school's monthly calendar distributed to parents,
as well as through telephone messages and flyers. Classroom activities are advertised by invitations sent home by the teacher. ELL
parent involvement is via video conferencing, in person, or other online platforms.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Each month, PS 506 sends out a family calendar that is translated into all languages. This calendar includes PTA and SLT meetings. Families are shared on translated communication about the CEC meetings via School Messenger.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

At P.S. 506 we believe it is important to have culturally and linguistically responsive partnerships that support the needs of our school
community. These partnerships promote active participation of families of MLs/ELLs in the school community. They engage families of
MLs/ELLs in collaborative conversations that foster high expectations and pursuit of success. For the 2023-2024 school year, P.S. 506
will be partnering with ArtsConnection, Dancewave, the Leader in Me program, as well as our continued relationship with the Center for
Family Life. Since its inception, Dancewave has been diligent in its mission to create equitable access to quality dance education. They
are committed to developing programs that honor the cultural and historical significance of dance forms and uplift participants through
movement exploration, empathy, and self-expression. Their programs encourage a diverse audience to better understand themselves
and become more active members of their community. Students will be working with Dancewave staff throughout the year, and perform
a cultivating project for the school community. For 40 years, ArtsConnection has provided innovative arts programming to millions of
students in the New York City public school system, enhancing children's intellectual, personal and social growth, while developing
award-winning educational models. ArtsConnection's programming for students, professional development, and research all contribute
to a comprehensive approach, nationally recognized for its quality, design and impact across diverse learning communities. They
provide customized in-school programming to over 120 schools, pre K-12, citywide, serving tens of thousands of young people annually
with extensive professional development opportunities for classroom teachers and arts specialists. Leader in Me provides elementary
schools with a model and process that addresses common challenges that are unique to students during these formative years. Parents,
educators, and school administrators are concerned with their child's physical, mental, social, and economic well-being, all of which are
factors that can contribute to or hinderacademic success. Teachers, staff, and administrators at Leader in Me Schools are empowered
to provide support in all of these areas by creating a learning environment that addresses whole-child education with five (5) Core
Paradigms. These paradigms influence the behavior of staff, students, and their families. The Center for Family Life is a neighborhoodbased family and social services organization with deep roots in Sunset Park, Brooklyn. Since 1978, CFL has grown with the Sunset Park
neighborhood, responding to emerging needs with effective programs in counseling, employment, education, the arts and recreation.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

NA

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Our ELL identification team consists of qualified ENL licensed out of classroom pedagogues. All members of the ELL identification team are out of classroom ENL licensed pedagogues. There are 5 members on the team.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The bilingual Pupil Accounting secretary, Parent Coordinator and ENL Coordinator assist newly enrolled ELLs who enter the school. They answer all questions parents may have about the school, ELL programs, and the curriculum. The ENL Coordinator does not service any mandated students, therefore mandated instruction of ELL and former ELL students is not disrupted. In the event the ENL Coordinator is absent, the Pupil Accounting secretary possess the program cards of all out of classroom ENL licensed pedagogues, and schedules registration appointments based on when these teachers have non-instructional periods as to not disrupt mandated instruction.

Parents of newcomer students who were determined LEP by the NYSITELL are invited to attend parent orientations by the ENL department. Parent orientations are held on an ongoing basis to accommodate newcomer ELLs that enter the school throughout the school year. Parent orientations are held within 10 days of student enrollment to ensure that they understand all three program choices available for ELLs. Translators and translating devices are made available during the meeting to provide support in the parents' native language. Brochures are provided with information on the educational program options in the language spoken by the parent. In addition, parents view a video which also explains the educational programs available: Transitional Bilingual, Dual Language Program and Stand-Alone English as a New Language Program. The video is viewed in the parents' native language.
Parents have an opportunity to ask questions about the programs available and select to have their child placed in one of the three program options. Parents complete a Parent Survey and Program Selection Form before they leave.

The following steps and placement into the ELL program chosen by the parent are completed within 10 school days (20 school days for students entering with IEPs). First, a qualified ENL licensed out of classroom pedagogue administers the Home Language Identification Survey to determine the student's home language as part of general intake procedures. The home language is determined based on the results of the HLIS, which includes an interview with both the parent and student in English and the home language.

A student is considered to have a home language other than English when the interview with the parent and student indicates a language other than English. Therefore, the home language is determined based on a combination of the interviews with the parent and student, and responses to the questions on the HLIS. The home language determination is not based solely on the responses to the questions (regardless of number of responses of one language or another). If the student's home language is English, the ELL Identification Process terminates at this step; if the student's home language is not English, the ELL Identification Process continues to Step 2. For students whose home language is not English, P.S. 506 will administer a more in-depth interview with the student, review his/her school work (if available), and review the Individualized Education Program (if applicable), in order to determine NYSITELL eligibility (whether the student should take the NYSITELL). The school will determine whether the student has English oral and literacy skills sufficient for the grade into which the student is enrolling. Therefore, a trained ESL pedagogue will do the following: interview the student in both English and the home language; review student's prior schoolwork in reading, writing, and mathematics, in both English and the home language. In the absence of sufficient school work, P.S. 506 will use age- and grade-appropriate informal, culturally sensitive, school-based assessments or formal and informal screeners. If the student is ineligible to take the NYSITELL, the ELL Identification Process terminates at this step.

NYSITELL eligibility for students entering with IEPs (from within the United States) will be based on the determination of the Language Proficiency Team (LPT). The LPT is comprised of: a school administrator, a teacher of English to speakers of other languages, the director of special education's designee, the bilingual school psychologist, and the student's parent or guardian. A qualified interpreter or translator of the language or mode of communication the parent or guardian best understands, will be present at each meeting of the LPT. These procedures will be used for initial entry into DOE schools or reentry after 2 years. Based on evidence, the LPT makes a determination as to whether the student may have second language acquisition needs or whether the student's disability is the determinant factor affecting whether the student can demonstrate proficiency in English. If the LPT determines that the student may have English language acquisition needs, the student must take the NYSITELL. If the LPT determines that the student does not have English language acquisition needs and should not take the NYSITELL, the recommendation is sent to the principal for review. If the principal rejects the recommendation of the LPT to not administer the NYSITELL, the NYSITELL is immediately administered to the student. If the principal accepts the recommendation not to administer the NYSITELL, the recommendation is sent to the superintendent or the superintendent's designee for a final decision. The parent/guardian is notified within 3 school days of the decision in the parent's/guardian's preferred language. If the superintendent determines that the student must take the NYSITELL, P.S. 506 will administer the NYSITELL within the 5 additional school calendar days (if necessary) and notify the parent/guardian. The form titled Language Proficiency Team NYSITELL Determination Form is completed and placed in the student's cumulative folder.

After the NYSITELL exam is administered to all eligible students, answer documents are scanned into ATS via the attendance scanner within 10 school days of enrollment. Within 5 school days of ELL determination, P.S. 506 informs parents of the results of the NYSITELL and ELL status using the NYCDOE standard parent notification letters (in the parents' preferred language). Parents receive entitlement letters or non-entitlement letters. All new entrants whose HLIS responses indicate a home language of Spanish and who are newly identified as ELLs based on NYSITELL results are administered the Spanish LAB by Spanish speaking ENL licensed pedagogues at the time of initial enrollment (or re-enrollment) during the same 10-day testing window. After the Spanish LAB is administered, answer documents are scanned into ATS via the attendance scanner within 10 school days of enrollment.

The ENL Coordinator does not service any mandated students, therefore mandated instruction of ELL and former ELL students is not disrupted during the registration process. In the event the ENL Coordinator is absent, the Pupil

Accounting secretary possess the program cards of all out of classroom ENL licensed pedagogues, and schedules registration appointments based on when these teachers have non-instructional periods as to not disrupt mandated instruction. ENL out of classroom personnel administer the NYSITELL and Spanish Lab assessments during noninstructional periods. This is how our school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Dana Parentini

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Yulya	Kravchik	Teacher - Regular Grades - ESL	11/06/2024	Y
Jessica	Penate	Secretary		N
Mercedes	Rodriguez			N

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	21	3.70%	20	3.52%	2	2
CHINESE ANY	144	25.35%	105	18.49%	2	6
MANDARIN	0	0.00%	39	6.87%	2	4
ENGLISH	108	19.01%	109	19.19%	78	78
RUSSIAN	1	0.18%	1	0.18%	0	1
SPANISH	290	51.06%	290	51.06%	28	28
TADZHIK (AKA TAJIK)	4	0.70%	4	0.70%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
The Parent Handbook	Bilingual staff members and our bilingual payroll secretary translate this document, or the documents are sent out for translation. All information is also sent to parents via email in their preferred languages.
Monthly School Calendars	Bilingual staff members and our bilingual payroll secretary translate this document, or the documents are sent out for translation. All information is also sent to parents via email in their preferred languages.
Letters from Administration regarding testing, policies, or news from the school	The Bilingual Parent Coordinator, Bilingual School Aides, and Bilingual Payroll secretary translate this document, or the documents are sent out for translation. All information is also sent to parents via email in their preferred languages.
After School Program Information	The Bilingual Parent Coordinator and Payroll secretary translate these documents, or the documents are sent out for translation. All information is also sent to parents via email in their preferred languages.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	We use our bilingual staff for Arabic, Spanish, Chinese, and Russian interpretation services. For other languages, we utilize Over-the Phone interpretation services. If meetings will take place virtually via either telephone calls or Zoom/Google Meet; then staff members will be provided a list of colleagues to contact for translation services and/or will use the Over-the Phone interpretation services when conducting these virtual meetings.
Parent Engagement Conferences	We use our bilingual staff for Arabic, Spanish, Chinese, and Russian interpretation services. For other languages, we utilize Over-the Phone interpretation services. If meetings will take place virtually via either telephone calls or Zoom/Google Meet; then staff members will be provided a list of colleagues to contact for translation services and/or will use the Over-the Phone interpretation services when conducting these virtual meetings.
Monthly Parent Meetings	We use paraprofessionals, out of classroom bilingual personnel, and the translation hotline for interpretation services. Our school has invested in a translation system which allows us to simultaneously present information in three languages, English, Spanish and Chinese. Additional headsets and transmitters are purchased each year. School staff members also assist with on-site oral translations, as well as phone communication. The Dept. of Education translation service is also used by the school to assist with oral interpretation services. In addition, the school uses the NYC DOE messenger system in order to inform parents of meetings and upcoming events at P.S. 506. The calls/texts (information) go out in English, as well as the languages spoken by parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of a school-wide emergency, the school uses the NYC DOE messenger service in order to inform parents of what is happening. The calls/texts (information) go out in English, as well as the languages spoken by

parents. The NYC DOE messenger has the ability to reach all families within minutes. Emails are also sent out to parents in their preferred languages.

For individual student-specific emergencies/events, we use our bilingual staff members or an over-the-phone interpretation service to communicate with families.

If a parent has an emergency and needs to contact the school, we use our bilingual staff members or will conference in the over the phone interpretation service to communicate with families.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

In alignment with the New York City Public Schools (NYCPS) commitment to equity and access for all families, our school has established a comprehensive plan to ensure all staff members are fully trained in language access protocols and are equipped to effectively communicate with parents and guardians with limited English proficiency. This plan focuses on the mandated asynchronous training on the WeLearnNYC platform, adherence to best practices for translation and interpretation, and the pivotal role of our school's designated Language Access Coordinator (LAC).

To ensure every staff member, from administrators and teachers to support staff, understands their obligations and the resources available for language access, our school will implement a rigorous tracking and support system for the completion of the required asynchronous **NYCPS Language Access Training for School-based Staff** on the WeLearnNYC platform.

At the start of each school year, a school-wide deadline for the completion of the WeLearnNYC Language Access Training will be announced. Our school's administration will utilize the platform's reporting features to monitor completion rates in real-time. Automated reminders will be sent to staff members with incomplete training status at regular intervals leading up to the deadline. Staff members experiencing technical difficulties or other challenges in completing the training will be directed to our school's technology specialist and the designated Language Access Coordinator for support. We will provide time during Monday morning professional time for staff to complete the asynchronous training. We will also track completion through an internal Google survey.

Beyond the foundational training, it is crucial that our staff members are intimately familiar with the established best practices for providing translation of written documents and interpretation for oral conversations. This ensures that our communication with parents is not only compliant but also culturally sensitive and effective. Our approach is guided by two core principles: providing timely and accurate written translations of critical information and ensuring meaningful two-way oral communication through qualified interpreters.

The Language Access Coordinator will hold a meeting at the beginning of the school year to ensure staff members are aware of Chancellors Regulation A-663. Our Principal will share the best practices documents at the first staff meeting of the school year and notify the staff of the WeLearn training.

The LAC is the linchpin of our language access plan and is responsible for the seamless dissemination of resources and updates to all staff members. The LAC will serve as the primary point of contact for all staff questions and requests related to language access. The LAC will provide regular updates to staff during faculty meetings and through school-wide emails regarding any new language access resources, policy changes, or professional development opportunities. Our LAC will maintain regular communication with the district's Field Language Access Coordinator to stay abreast of city-wide initiatives and to advocate for our school's specific needs.

Through this multi-faceted approach, our school is committed to breaking down language barriers and fostering a welcoming and inclusive environment where all parents are empowered to be active partners in their children's education.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To foster a truly inclusive and welcoming environment for all families, our school is committed to a proactive and multi-faceted strategy for informing parents and guardians with limited English proficiency about the full range of available language assistance services. Our approach ensures that information is accessible, timely, and delivered through multiple channels, empowering every parent to be an active partner in their child's education.

P.S. 506, consistent with Chancellor's Regulations A-663, provides translation and interpretation services to all parents who require language assistance in order to communicate effectively with the school. Each parent whose primary
language is a covered language and who requires language assistance services is provided with a copy of the Bill of Parent Rights
and Responsibilities (in their preferred language), which includes their rights regarding translation and interpretation services. Parents are reminded about available language assistance each time they are invited to the school. The Parent Handbook is also translated into languages spoken by our parents and distributed to parents at the beginning of the school year.

A Welcoming First Impression: Translated Signage
Upon entering our school building, families will be greeted with clear and welcoming signage in the top languages spoken by our school community. These signs, prominently displayed at the main entrance, in the main office, and in the parent coordinator's office, will:

Declare a Welcoming Policy: A clear statement such as, "We Welcome All Families. Free Interpretation and Translation Services are Available," will be featured in multiple languages.

Provide Clear Directions: Simple, universally understood icons will accompany text to direct parents to the main office or the parent coordinator for assistance.

Offer On-the-Spot Help: Signage will include a "point-to-your-language" chart, allowing parents to easily identify their preferred language to front office staff, who will then initiate the process for securing interpretation services.

All critical written communication sent home to parents will be translated into their preferred language. We will leverage both centrally-produced NYC Department of Education materials and create our own school-specific documents to ensure comprehensive outreach.

"Language Access for NYC Public Schools Families" Brochure: At the beginning of the school year, and upon registration for new students, every family will receive the official "Language Access for NYC Public Schools Families" brochure. This document, available in multiple languages, will be included in the welcome packet and will also be readily available in the main office and at parent events throughout the year.

Event-Specific Flyers: All flyers and announcements for school events will be translated.

We recognize the importance of personal interaction in building trust and disseminating information. Our parent engagement events will be designed to be inclusive and to actively highlight the availability of language support.

PTA Meetings: Every PTA meeting will begin with a verbal announcement in English and the other most common languages of the school community, reminding families of their right to interpretation services. We will have over-the-phone interpretation services readily available at every meeting for immediate needs and will provide in-person interpreters upon prior request.

Parent-Teacher Conferences: When scheduling parent-teacher conferences, our outreach will include a clear question about whether interpretation services are needed. This ensures that a qualified interpreter is present for these crucial conversations, allowing for meaningful dialogue between teachers and parents.

In recognition of the fact that many of our families rely on mobile technology for communication, we will utilize a school-approved messaging application with two-way translation capabilities. This platform will be used to send out school-wide announcements, reminders about events, and other important information in parents' preferred languages.

Through this comprehensive and proactive approach, we are committed to ensuring that language is never a barrier to parent engagement. By providing information in multiple formats and through various channels, we aim to create a school environment where every family feels valued, respected, and empowered to support their child's success.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

While the feedback received through the NYC Public Schools Office of Language Access (OLA) Translation & Interpretation Feedback Survey provides valuable city-wide data, our school is committed to implementing a more localized and personal approach to understanding the experiences of our multilingual families. To ensure our language assistance services are truly effective and culturally responsive, we will employ a variety of methods to actively solicit, listen to, and act upon the feedback from the parents we serve.

Our strategy is built on the principle of meeting parents where they are, using multiple channels to create a continuous and open dialogue.

During monthly parent meetings, surveys are distributed to gather feedback from parents that cannot communicate in English on the language services they receive. The responses are used to further improve communication between our school families and staff.

Parent-teacher conferences offer a natural opportunity to check in on the quality of communication.

The Parent Coordinator will hold dedicated weekly office hours for parents of English Language Learners, creating a safe and welcoming space for open conversation. These will be advertised in parents' home languages.

By creating these multiple, accessible, and culturally sensitive avenues for communication, we will move beyond reliance on a single survey. This comprehensive approach will ensure that the voices of all parents are heard, respected, and used to continuously improve the language assistance services that are critical to their engagement and their children's success.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

P.S. 506 reviews the feedback on the quality and availability of language services, and implements an appropriate solution. For example, the devices purchased for simultaneous translation was a direct result of parents expressing concern that they could not always hear the translation being provided in large group settings. More bilingual personnel present at parent meetings to answer questions was also a result of the feedback we received.

Our parents have asked that we support all language preferences during PTA meetings. As a result, we will expand our interpretation services to cover additional languages at all parent meetings and workshops.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Total number of ELLs to be served in this program:

90

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

7

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

We are proposing a Robotics and Coding enrichment Saturday program tied to Amplify science units for our ELL in grades 3-5. Students will be learning language and content through a STEAM aligned curriculum created by Lego Education in connection with the Amplify science program. Today's elementary students are tomorrow's creative problem-solvers, and we would like to equip them with the necessary STEAM knowledge and skills to be innovative and imaginative thinkers. LEGO Education helps make abstract STEM concepts tangible by taking teaching out of the textbooks and putting it into the hands of our ELL students. The LEGO Education WeDo 2.0 curriculum pack is built on Next Generation Science Standards and delivers key science content to third through fifth grade students. The curriculum facilitates and supports a clear, easy-to-follow journey through subjects, including: life-, physical-, earth- and space sciences, and engineering. At P.S. 506, we believe this Saturday program will help strengthen our ELL's content knowledge, leadership skills, ability to work in teams, as well as develop their vocabulary.

We will be inviting all of our ELLs (Entering, Emerging, Transitioning, Expanding, and Commanding) in grades 3-5 to participate in 10 sessions on Saturdays. Our intention is to have approximately 3 licensed ENL/Bilingual pedagogues and/or 7 content specific pedagogues to teach this program. The program will run every Saturday from 9:00 a.m. - 12:00 p.m. for students. Teachers will begin at 8:00 a.m. and have one hour of professional development and planning time. This program will consist of 10 total sessions. The first session is only for teachers for professional development and planning time. Students will attend 9 sessions.

Sessions are scheduled to take place on October 4th and 25th, November 1st, 8th, 15th, and 22nd, December 6th, 13th and 20th, and January 10th, 24th, and 31st. The program will be taught solely in English with home language supports.

A supervisor will be required, at a cost to the Title III ELL program, to organize and supervise the student enrollment process, as well as supervise staff and evaluate program progress, and aid with the safe dismissal of students. A building supervisor must be present for a Saturday school program to operate. The supervisor will be in charge of collecting attendance, and making outreach (in the parent's preferred language) to students who are frequently absent. A translator or the translation services phone line will be utilized to communicate with parents in their preferred languages. The supervisor will create a binder to maintain all records regarding the program, such as attendance sheets, emergency contact information, student rosters, program notification letters, etc. All program notification letters will be sent in the parents' preferred languages. Letters will be either translated in-house or sent out for translation. The supervisor will also be the lead instructional facilitator organizing ongoing PD related to the program to support teachers. The supervisor will also track and evaluate the success of the program. Our supervisor's regular work day hours are Monday - Friday, 7am- 3pm. Since the per session is on Saturdays (outside of regular working hours), the supervisor will need to be paid Saturdays from 8am - 12:30pm.

Each classroom will be utilizing laptops for both the coding and the robotics portion of the curriculum, as well as the research component. Students will also be utilizing the Lego Education WeDo 2.0 Ready Go Classroom Packs. We have enough Lego kits to ensure that each pair of students will have a set of bricks to build a robot and complete a project. Proper software and a full STEM curriculum are also included in the classroom packs. All of these materials will come at no cost to this Title III ELL program.

Students will also be utilizing the Amplify curricular resources (both the digital and physical) that P.S. 506 already possess.

ENL/Bilingual/Content teachers will be providing direct instruction through whole group and small group instruction with flexible groupings. The Saturday school program will consist of heterogeneous language proficiency groups divided by grade bands.

At least 90 ELLs will be invited to participate in the Title III ELL Saturday program. There will be about 3 classes per grade for a total of 9 classes.

Home language support will be provided through the use of bilingual glossaries and picture support where applicable. Bilingual picture dictionaries will be available for student use. Students will also be able to use their laptops to translate online articles into their home languages.

The Amplify program comes with Spanish books and resources, which will be distributed to Spanish speaking students requesting these materials.

Each class will focus on a grade specific unit from Amplify. The third grade students will focus on Balance and Motion. The fourth grade students will focus on Energy Conservation. The fifth grade students will focus on Ecosystem Restoration. Students will be working on answering the over arching phenomena question in Amplify. Students will deepen their content knowledge using Amplify resources as well as online articles. In addition to building their science knowledge, students will be taught how the Lego kits can be used to create robots or machines. They will then be taught how to code these robots to move. Students will problem solve a science based scenario by building a robot to address the issues in question. The Saturday program will end with an Expo that all parents will be invited to. Students will present a research project answering their overarching questions and showcase their robots that offer a solution. The research project will be presented as a trifold board, in addition to the robot. Students will prepare a speech to present their findings to visitor's of the Expo. Students will have weekly discussion and writing prompts to help develop their content knowledge and prepare them for the culminating project for the Expo.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

We are proposing a Robotics and Coding enrichment Saturday program tied to Amplify science units for our ELL in grades 3-5. Students will be learning language and content through STEAM. Today’s elementary students are tomorrow’s creative problem-solvers, and we would like to equip them with the necessary STEAM knowledge and skills to be innovative and imaginative thinkers. Planning, inquiry, and reflection are essential aspects of all of this work. We are hoping this program opens doors to authentic experiences for our ELLs that lead our young people to have deeper levels of scientific understanding, in addition to enhancing problem solving through creative learning and self-expression.

Students will be required to use their listening, reading, writing and speaking skills in each session. Teachers will provide scaffolds for their students, when appropriate, to ensure students are successful in their acquisition of content knowledge and the production of the final project for the Expo described above.

As per the ELL Data Analysis Tool, 63.8% of our ELL did not meet progress as measured by the Spring 2024 NYSESLAT results and English Language Proficiency progress benchmarks. The Spring 2023 & 2024 NYSESLAT Modality Analysis report indicated that our students K-5 struggle in reading and writing. Keeping this data in mind, as well as assessment data from HMH module assessments, science assessments, math assessments, and social studies assessments, we concluded that we need to strengthen our students' reading and writing skills through project based learning in the content areas. Science topics are concrete and high interest. This Saturday program will deepen content and language knowledge for our students to be both successful in the core curriculum as well as strengthening their problem solving skills.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

We will be inviting all of our ELLs (Entering, Emerging, Transitioning, Expanding, and Commanding) in grades 3-5 to the Saturday school program. Newcomer, developing, long term, and former ELLs will be included.

At least 90 ELLs will be invited to participate in the Title III ELL Saturday program. There will be about 3 classes per grade for a total of 9 classes.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will run every Saturday from 9:00 a.m. - 12:00 p.m. for students. Teachers will begin at 8:00 a.m. and have one hour of professional development and planning time. This program will consist of 10 sessions. The first session is only for teachers for professional development and planning time. Students will attend 9 sessions.

Sessions are scheduled to take place on October 4th and 25th, November 1st, 8th, 15th, and 22nd, December 6th, 13th and 20th, and January 10th, 24th, and 31st.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The program will be taught solely in English.

Home language support will be provided through the use of bilingual glossaries and picture support where applicable. Bilingual picture dictionaries will be available for student use. Students will also be able to use their laptops to translate online articles into their home languages.

The Amplify program comes with Spanish books and resources, which will be distributed to Spanish speaking students requesting these materials.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Our intention is to have approximately 3 licensed ENL/Bilingual pedagogues and/or 7 content specific pedagogues to teach this program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Each classroom will be utilizing laptops for both the coding and the robotics portion of the curriculum, as well as the research component. Students will also be utilizing the Lego Education WeDo 2.0 Ready Go Classroom Packs. We have enough Lego kits to ensure that each pair of students will have a set of bricks to build a robot and complete a project. Proper software and a full STEM curriculum are also included in the classroom packs. All of these materials will come at no cost to this Title III ELL program.

Students will also be utilizing the Amplify curricular resources (both the digital and physical) that P.S. 506 already possess.

Materials will be stored in a secure closet in the building.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The successful launch and continuation of a Title III program hinge on a clear and consistent implementation plan that prioritizes timely and effective communication with the families of English learners. Within 30 days before the beginning of the Title III program, the supervisor of the Title III program will send out initial parent notification letters to the families of all identified English learners. The letters will be backpacked and sent home with the students. All program notification letters will be sent in the parents' preferred languages. The notification letters, provided in their preferred language whenever feasible, will include: a description of the Title III program and the instructional methods to be used, information on how the program will help their child learn English and meet academic standards, details about their right to decline out of the program, and information on how to contact school staff for further discussion.

The supervisor of the Title III ELL program will create a binder to maintain all records regarding the program, such as attendance sheets, emergency contact information, student rosters, program notification letters, etc.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional development is achieved through the combined efforts of experienced content specific, and licensed personnel that includes: teacher teams, the assistant principal, ENL teachers, and Dual Language teachers. The pertinent personnel will work with the staff (both teachers and non-pedagogic) to analyze and disaggregate data for all ELL's. The teachers will utilize the information from the disaggregated data to plan small group instruction, group students by area of need and individualize instruction. Staff will be provided with student's NYSESLAT data in order to plan for scaffolds and home language supports that are appropriate and needed for each student.

All teachers participating in the Saturday Title III ELL program will receive professional development.

Teachers will meet at the beginning of every session (8:00 a.m. - 9:00 a.m.) to plan for the program, gather and share resources and materials, and receive professional development. ENL/Bilingual teachers will work together and articulate with the general education teachers on student goals and progress.

The first session of the program, October 4th, is only for teachers to prepare for the program. This will be a full professional development and planning day from 8:00 a.m. - 12:00 p.m.

Professional development topics will include:

Robotics and Coding
Amplify Science Content Knowledge
Using AI to Develop Language Objectives
Understanding the Engineering and Design Process
Scaffolding Content Area Knowledge for Multilingual Learners
Discussion Protocols
Vocabulary Protocols
Adapting the Lego Curriculum to Meet the Needs of Diverse Learners

Teachers will be working closely with the Science content area teacher to deepen their content area knowledge.

They will also be learning about effective vocabulary instruction for English Language Learners with the assistance and support of the ENL/Bilingual teachers.

Teachers will collaborate to create engaging tasks and units for students to deepen language and content skills through STEAM.

Staff hired to participate in the Saturday Title III program will provide the professional development sessions. Outside vendors will not be utilized.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The professional development plan is centered around content knowledge and effective instruction protocols. As per the ELL Data Analysis report, P.S. 506 has 104 newcomer ELLs. 63.8% of students did not demonstrate sufficient ELP progress on the Spring 2024 NYSESLAT. After analyzing the Spring 2023 & 2024 NYSESLAT Modality Analysis: Needs report, we identified that students struggled most with the reading and writing modalities, as well as speaking for our newly arrived students. From screener data, i-Ready, we noticed ELL students scoring low on the vocabulary strand. Keeping all of these data points in mind, professional development for staff was created centering around activating, building and strengthening the background knowledge and vocabulary of ELLs through robotics and STEAM. Through the program, students will be strengthening their reading, writing, speaking and listening skills naturally and in context. Teachers will be working closely with the Science content area teacher to deepen their content area knowledge in order to achieve these goals. They will also be learning about effective vocabulary instruction for English Language Learners with the assistance and support of the ENL/Bilingual teachers.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers participating in the Saturday Title III ELL program will receive professional development.

Teachers will meet at the beginning of every session (8:00 a.m. - 9:00 a.m.) to plan for the program, gather and share resources and materials, and receive professional development. ENL/Bilingual teachers will work together and articulate with the general education teachers on student goals and progress.

The first session of the program, October 4th, is only for teachers to prepare for the program. This will be a full professional development and planning day from 8:00 a.m. - 12:00 p.m..

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers will meet at the beginning of every session (8:00 a.m. - 9:00 a.m.) to plan for the program, gather and share resources and materials, and receive professional development. ENL/Bilingual teachers will work together and articulate with the general education teachers on student goals and progress.

The first session of the program, October 4th, is only for teachers to prepare for the program. This will be a full professional development and planning day from 8:00 a.m. - 12:00 p.m.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Professional development topics will include:

Robotics and Coding
Amplify Science Content Knowledge
Using AI to Develop Language Objectives
Understanding the Engineering and Design Process
Scaffolding Content Area Knowledge for Multilingual Learners
Discussion Protocols
Vocabulary Protocols
Adapting the Lego Curriculum to Meet the Needs of Diverse Learners

Teachers will be working closely with the Science content area teacher to deepen their content area knowledge. They will also be learning about effective vocabulary instruction for English Language Learners with the assistance and support of the ENL/Bilingual teachers.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The professional development workshops will be provided by the Science content area teacher with the support of ENL/Bilingual teachers.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

The supervisor of the Title III ELL program will create a binder to maintain all records regarding the program, such as attendance sheets, emergency contact information, student rosters, program notification letters, professional development sessions, etc. All program notification letters will be sent in the parents' preferred languages.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

At P.S. 506 ML/ELL family empowerment stretches beyond mandated meetings and orientations.

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Under the Title III ELL program, parents will be invited to attend an Expo highlighting the final culminating projects created by their children led by our Science Teacher. Parents will see the built robots and gain a basic understanding around engineering and the design process of robots.

Parent engagement activities targeted toward parents of ELLs will impact higher achievement of ELLs because they will share their newly acquired knowledge and be able to discuss what they are learning and provide feedback and advice.

The Expo event are at a cost to the Title III program.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parent Survey responses, in-house parent surveys, PTA/PA requests are used to plan activities for parents of ELLs throughout the year as well as for the Title III program. Parents have voiced an interest in seeing what their children are learning and being a part of their child's learning journey. The Expo provides a window to the learning by giving families a chance to witness what the children have built and giving students opportunities to present to a real audience.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parents will be invited on January 31st to attend the end of program Expo.

Parents may also be invited to attend 2-3 sessions for 2 hours each to observe students in the classroom, and learn science and robotics concepts.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Parent engagement activities targeted toward parents of ELLs that will impact higher achievement of ELLs will focus on various topics such as:

Robotics and Coding
Amplify Science Content Knowledge
Understanding the Engineering and Design Process
Program Expo

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

These workshops will be provided by the Science content area teacher with the support of ENL/Bilingual teachers.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are informed of all activities going on in the school in their native language or preferred language of oral/written communication.

Title III related information will be translated and distributed to parents of ELLs via letters, which will be sent home with the students. Letters will be either translated in-house or sent out for translation. In addition, phone calls, providing important information regarding the program, will go home in the native language via Messenger.

During events and activities, multilingual staff will be available for interpretation supports. Family handouts will be translated in the preferred language and available to families during events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The supervisor of the Title III ELL program will create a binder to maintain all records regarding the program, such as attendance sheets, emergency contact information, student rosters, program notification letters, family engagement activities, etc. All program notification letters will be sent in the parents' preferred languages.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
