Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P.S. 90 - The Magnet School for Environmental Studies and Community Wellness

District Borough Number (DBN):

21K090

Grades Served:

3K-5

School Address:

2840 West 12 Street, Brooklyn, NY 11224

Phone Number:

718-787-3333

Fax:

718-787-3335

School Contact Person:

Greta Hawkins

School Contact Person Email Address:

ghawkins@schools.nyc.gov

Principal:

Greta Hawkins

United Federation of Teachers (UFT) Chapter Leader:

Joan Postrygacz

Parents' Association President:

Maria Montalvo

SLT Chairperson:

Maria Montalvo

Title I Parent Advisory Council Chairperson (PAC):

Shameccka Webb

Student Representative(s) Middle /High School:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Greta Hawkins	Principal or Designee*	
Joan Postrygacz	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Maria Montalvo	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Concetta Polichetti	District Council 37 (DC 37) Representative (staff), if applicable	
Shameccka Webb	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Irvin Pierre	CBO Representative, if applicable	
Jacqueline Brathwaite	Member/UFT	
Tiffany Flores	Member/Parent	
Rubina Mumtaz	Member/Parent	
Donna Timp	Member/Parent	
Lisa DiGeronimo	Member/UFT	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

PS 90, the Magnet School for Environmental Studies and Community Wellness, seeks to prepare students for college by tapping into their rich cultural backgrounds. Student success is our priority. Our goal is for all students, including students with special needs and/or students who have limited English proficiency, to apply knowledge and skills learned in order to become responsible and respectful citizens in the 21st century. We wish to prepare students to lead successful lives in an increasingly multicultural society. To that end, our students benefit from curricula, events, and daily experiences that reinforce sustainability and wellness practices.

And, yes, the school's motto is "The road to college starts here."

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS90 – The Magnet School for Environmental Studies and Community Wellness in South Brooklyn, NY, is located near the iconic Coney Island Wonder Wheel. Our student demographics are as follows: Asian, 14%; Black, 20%; Hispanic/Latinx, 49%; Native American, <1%; White, 15%. We have 25% English language learners and 23% students with disabilities, with a gender breakdown of 51% male and 49% female.

The Wonder Wheel symbolizes the opportunities awaiting our students and their future role as environmental defenders. Since becoming a magnet school in 2016, PS90 has focused on environmental sciences and climate change education. Our K-5 students understand how climate change affects their coastal community and recognize that their actions impact the local environment.

Designated a federally funded magnet school, our program centers on Environmental Studies and Community Wellness. We align our academic and extracurricular activities with the U.S. Department of Education Green Ribbon School Program's pillars: reducing environmental impact, improving health and wellness, and offering effective environmental education. Our goal is to lower our carbon footprint by reducing energy use.

In 2021, PS90 was recognized as a Green Ribbon School by the NY State Education Department and US-Ed for our innovative efforts in sustainability.

Our student-led Green Team surveys classrooms and offices to provide energy scores based on practices. We also implement an award-winning intensive recycling program with an eleven-stream waste system, covering everything from paper and plastics to organic waste and clothing collection.

In health and wellness, we are among the first in Brooklyn to adopt a plant-based menu, emphasizing a healthy diet

and reduced carbon footprint. As a Move-to-Improve school, 100% of our staff is trained in integrating physical activity into lessons.

Our students learn about climate change through personal responsibility in diet, energy consumption, and waste management. Morning announcements feature sustainability lessons, and we introduce an environmentally based STEM career each week. Students engage in STEM field trips and maintain hydroponic gardens in partnership with Grow NYC, producing edible plants for the school community.

Our partnerships with organizations like The Coalition for Healthy School Food, Alliance for Climate Education, and the National Wildlife Federation enhance our STEM, health, and wellness curricula. We also partner with numerous arts programs such as Marquis Studio, Ballet Hispanico, and The Center for Artistic Development to provide students with enriching, hands-on experiences in visual and performing arts that foster creativity, cultural awareness, and self-expression.

PS90 holds several designations:
-Comfort Dog School
-Computer Science for All School
-Move-to-Improve School
-Civics for All School
-NYC Health and Wellness School
-Respect for All School
-Sustainability, Efficiency, and Environmental Dedication School
-Green Ribbon School

The impact of our partnerships is evident as our students become active environmental advocates. Our Green Team, guided by our sustainability coordinator, independently manages recycling, a significant achievement for our school. Our plant-based menu and Fresh Fruit and Vegetable Program ensure students have daily access to healthy food options.

In addition to our Green Ribbon status, we have received numerous awards, including the Pepsi Cola Sing, Speak and Write Competition 1st Place Award for Best Environmental Song and multiple recognitions from the NYC Department of Sanitation.

We will continue to lead in environmental education, confident that our NYS Green Ribbon Schools Honoree status will further enhance our efforts. Our planet depends on it.

Briefly summarize the key initiatives your school will implement this school year.

The Into Reading curriculum will continue to be utilized, with a focus on refining our approach to ensure all learners have access. Additionally, we will provide ongoing training for educators on the Fundations literacy program to ensure that all students have a strong foundation to master grade-level literacy standards. Furthermore, we will focus on enhancing our interventions, ensuring that all resources within our school are integrated to address each child holistically. This includes being more mindful about scheduling to ensure that teachers have time to collaborate effectively, making certain that all services, interventions, and core instruction are accessible to every student while addressing their individual needs comprehensively.

We are also introducing flexible planning for students with IEP's. Students will be provided with personalized schedules and tailored support services that align with their individual learning goals, ensuring greater access to the curriculum and opportunities for meaningful academic and social growth.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Math	K-5	Envision 2.0	DYO Task Cards and Vertical Grade Planning Team
ELA	K-2	Fundations Phonics	Gradewide Curriculum Map
ELA	K-5	Into Reading	Gradewide Curriculum Map
ELA	K-2	Heggerty	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Only 45% of students in grades K-2 are reading on grade level as reflected by an Acadience end-of-year benchmark assessment administered in June of 2025.	Instruction is not consistently differentiated to meet the diverse needs of individual learners. There is a lack of fidelity in the implementation of Fundations and Into Reading. Additionally, student progress is not being monitored effectively, and some teachers are not fully prepared to deliver the curriculum in a way that supports personalized learning.	55% of students in K-2 are not proficient in grade level literacy standards.
Only 39% of students in grades 3-5 are reading on grade level as reflected by an I-Ready end-of-year	Instruction is not consistently differentiated to meet the diverse needs of individual learners. There is a lack of fidelity in the implementation of Into Reading. Additionally, student progress is not being monitored effectively, and some teachers are not fully	61% of students in 3-5 are not proficient in

benchmark assessment administered in June of 2025.	prepared to deliver the curriculum in a way that supports personalized learning.	grade level literacy standards.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45% of students in grades K-2 and 39% of students in grades 3-5 are currently scoring at or above proficiency in ELA	By June, 2026, students in grades K-2 performing on or above grade level in ELA will increase 10%, from 45% to 55%, as measured by Acadience Diagnostic and students in grades 3-5 performing on grade level in ELA will increase 10%, from 39% to 49%, as measured by i-Ready Diagnostic.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience ELA (grades K-2) and I-Ready ELA (grades 3-5)

Enter a Key Performance Indicator

Acadience ELA (K-2) and I-Ready ELA (3-5) end of year data will reflect an increase of 10% for students scoring on or above grade level proficiency.

Baseline:

Grade K-2 (45%), Grades 3-5 (39%)

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To improve ELA outcomes and address the root causes of inconsistent differentiation and uneven curriculum implementation, PS 90 will implement the following key strategies:

Targeted Professional Learning:
Teachers will engage in ongoing, differentiated professional learning aligned to their specific instructional needs in ELA, with a focus on using Into Reading and Fundations more effectively to support diverse learners. Professional learning will be delivered in small groups and will include real-time coaching, modeling, and co-planning opportunities. Emphasis will be placed on strategies for differentiated instruction, small-group instruction, and language-rich support for ELLs and students with disabilities.

Development and Use of Individualized Learning Plans (ILPs):
To support more personalized instruction, K–5 teachers will develop and use Individualized Learning Plans along with flexible planning for students performing below grade level. These ILPs will be informed by diagnostic data and teacher observations and will include tailored strategies, specific learning goals, and progress checkpoints. ILPs will serve as a tool to guide instruction, support interventions, and foster student ownership of learning.

Structured Inter-Visitations to Share Best Practices:
A peer inter-visitation system will be launched to promote collaboration and professional growth. Teachers will visit colleagues across grade levels to observe effective ELA practices, particularly around differentiation, small-group instruction, and data-driven planning. These visits will be followed by structured debriefs that focus on identifying high-impact strategies that can be replicated schoolwide.

Consistent Feedback Loops for Continuous Instructional Improvement:
Instructional leaders will implement a regular feedback cycle that includes informal observations, instructional walkthroughs, and actionable feedback focused on lesson planning, differentiation, and curriculum alignment. Feedback will be followed by short, targeted follow-ups to ensure that strategies are being implemented and refined over time.

Regular, Collaborative Common Planning Time with Peer Feedback:
Teachers will engage in regular common planning sessions with a focus on aligning Instruction to student needs identified through data. These sessions will include protocols for peer feedback on lesson plans and instructional

strategies. The goal is to build shared ownership of student outcomes, refine instructional practices, and increase coherence across classrooms and grade levels.

Root Cause Addressed:

The key strategies outlined directly address several root causes contributing to underperformance in ELA. First, the lack of differentiation to meet the needs of individual learners is tackled through targeted professional learning that equips teachers with practical strategies for small-group instruction, scaffolding, and data-driven planning. The introduction of Individualized Learning Plans (ILPs) for students performing below grade level ensures that instruction is responsive to specific learning profiles, allowing teachers to tailor supports and interventions more effectively.

In response to inconsistent implementation of the Into Reading and Fundations programs, PS 90 will be prioritizing ongoing coaching, inter-visitations, and collaborative planning time to build teacher confidence and consistency in delivering the curriculum. These structures allow educators to see best practices in action, reflect on their own instruction, and make meaningful adjustments. Additionally, consistent feedback loops and peer-to-peer support create a culture of continuous improvement, allowing teachers to implement the curriculum with greater intentionality and skill.

Finally, these strategies address gaps in instructional readiness by building teacher capacity through professional collaboration, real-time feedback, and shared problem-solving. Rather than relying solely on top-down monitoring, PS 90 is cultivating a professional learning environment that empowers teachers to take ownership of their growth, refine their practice, and improve outcomes for all learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch Individualized Learning Plans (ILPs) for all K–5 students performing below grade level in ELA, with training for teachers on how to create, implement, and monitor ILPs tied to diagnostic and formative assessment data.
Establish targeted professional learning cycles focused on differentiation, small-group instruction, and effective use of Fundations and Into Reading, with support from instructional coaches and teacher leaders.
Implement a structured inter-visitation schedule where teachers observe peers using high-impact instructional strategies, followed by reflective debriefs and planning for application in their own classrooms.
Embed regular, data-informed common planning time for grade teams to collaboratively analyze student work, adjust instruction, and plan differentiated ELA lessons aligned to student needs.
Develop and implement a feedback loop system in which teachers receive timely, actionable feedback from administrators or coaches, with follow-up support tied to instructional goals.

Facilitate peer feedback protocols during planning meetings or professional learning sessions, allowing teachers to share lesson plans, receive input, and collaboratively refine their approach to ELA instruction.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of PS 90's key ELA strategies, the Instructional Leadership Team (ILT) will conduct regular reviews of progress using multiple data sources. These include teacher participation in professional learning cycles, observation and coaching notes from instructional walkthroughs, and documentation of Individualized Learning Plans (ILPs). ILT meetings will be used to analyze trends in instructional practice, assess fidelity to strategies such as differentiation and small-group instruction, and identify areas for support or adjustment.

Additional monitoring tools will include inter-visitation reflection forms, peer feedback logs from common planning sessions, and student progress data linked to ILP goals. These artifacts will help assess the impact of professional learning, collaboration structures, and individualized planning on both instruction and student outcomes. Data will be reviewed on an ongoing basis to inform responsive adjustments and ensure alignment to the school's ELA improvement goals.

Additionally, baseline and ongoing student performance data from Acadience (K–2), I-Ready (3–5) diagnostics, and progress monitoring screeners will be central to monitoring progress toward our ELA goals. These assessments will provide critical evidence of student growth and inform the development and adjustment of Individualized Learning Plans. Grade-level teams will participate in regular data analysis review meetings to examine assessment results, identify learning gaps, and plan targeted instruction. Data from these meetings, combined with teacher observations

and formative assessments, will be used to track student progress over time and evaluate the effectiveness of instructional strategies. Insights gained will also guide professional learning topics and coaching focus areas, ensuring continuous improvement in teaching practices aligned with student needs.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	Conduct regular workshops and information sessions focused on strategies to support literacy at home, understanding curriculum expectations, and interpreting assessment data.	
09/05/2025	06/26/2026	Organize family literacy nights, story telling sessions, and book fairs to promote reading and engage families in school activities related to ELA.	
09/05/2025	06/26/2026	Offer programs that provide parents with resources and tools to help their children succeed in ELA, including workshops on reading strategies, literacy development, and digital literacy.	
09/05/2025	06/26/2026	Establish clear and consistent communication channels (e.g., newsletters, school websites, mobile apps) to keep families informed about curriculum updates, assessments results, and ways to support learning at home.	
09/05/2025	06/06/2026	Solicit feedback from families through surveys, focus groups, and informal conversations to assess the effectiveness of family engagement efforts and make improvements based on input.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
A24, A23, and A13 occurred most frequently in classrooms (OORS Reports June 2025)	Inconsistent behavior management practices across classrooms lead to unclear expectations and varied responses to student behavior. Lack of effective practices to prevent incidents from occuring in the classroom.	Reducing the top three majority incidents that occur in classrooms; A24, A23, and A13
As of June 2025, there were 318 OORS reports, with 159 of those incidents occurring specifically within classrooms.	Limited communication and collaboration among stakeholders and families have made it challenging to establish a consistent, school wide approach to behavior management and student support.	Increased Communication and Collaboration Between Stakeholders

As of June 2025, there were 318 OORS reports, with 159 of those incidents occurring specifically within classrooms.	A lack of targeted training and resources for both new and returning teachers on positive behavior interventions and effective classroom management strategies has led to reduced preparedness and confidence in preventing and addressing behavioral incidents.	Professional Learning for Effective Classroom Management

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	318	By June 2026, the implementation of both classroom-based and school-wide positive behavior interventions will improve the learning environment by reducing classroom infractions of Chancellor's Regulations. Infractions occurring within classrooms will decrease from 50% (159 incidents) to 40% (no more than 127 incidents), representing a 10% reduction. Progress will be measured through a decrease in classroom incidents reported in OORS, contributing to more collaborative and trusting relationships school-wide.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement insistent positive behavior intervention systems, school-wide.

Implement a school-wide MTSS system of support, utilizing all staff members.

Provide professional learning for teachers, paraprofessionals, and cluster teachers on effective classroom management techniques and positive behavior interventions.

Continue to create a feedback loop involving students, parents, and staff to continuously assesses and improve positive behavior intervention strategies.

Utilize restorative practices and peer mediation circles to address conflicts and misconceptions, focusing on strengthening relationships within the school community.

Root Cause Addressed:

Inconsistent implementation of PBIS and restorative practices across classrooms, resulting in varied expectations, routines, and responses to student behavior. This inconsistency contributes to higher rates of classroom infractions and uneven learning environments.

Insufficient Tier 2 behavioral and social-emotional supports for students with recurring behavior challenges, leading to repeated infractions because underlying SEL or behavioral skill gaps are not being adequately addressed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch differentiated PD cycles on PBIS Tier 1 practices and restorative language, paired with peer coaching and model classroom visits to strengthen consistent behavior practices.
Develop and implement a new “Behavior Expectations Toolkit” with common routines, visuals, and restorative prompts, guided by OORS data trends that reveal inconsistencies in expectations across grade levels.
Establish an OORS Data Review Team to conduct trend analyses, identify patterns in classroom infractions, and design targeted behavior supports based on those findings.
Introduce biweekly restorative circles in all advisories or homerooms, with topics shaped by behavior and climate data to proactively address emerging relational or behavioral challenges,
Implement new Tier 2 interventions—such as Check-In/Check-Out, small-group behavioral skill-building, and restorative mentoring—identified through data as necessary for students with repeated or escalating infractions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Progress monitoring of key strategies and action steps will be carried out through a combination of data review structures and evidence-based practices designed to assess both implementation and impact. Monthly meetings of the OORS Data Review Team will analyze incident trends, patterns in classroom infractions, and the effectiveness of

interventions, providing a consistent data stream to guide adjustments. Classroom learning environment observations—conducted using a calibrated look-for tool—will provide qualitative evidence of implementation fidelity for PBIS expectations, restorative circles, and newly introduced behavior supports. Documentation from Tier 2 interventions, such as Check-In/Check-Out progress logs and small-group skill-building session notes, will be reviewed to assess student growth and responsiveness to supports. Feedback from restorative circles, including reflection surveys and thematic summaries, will help determine whether relational strategies are contributing to improved climate and fewer infractions. Family communication logs and participation in workshops will offer additional indicators of strengthened home–school alignment. Collectively, these data sources will be used during Implementation Progress Checks in the PRT to assess whether actions are being implemented as intended and whether they are leading to measurable improvements in instruction, student learning, and overall school climate.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/05/2025	06/26/2026	We will conduct workshops and information sessions for families on PBIS, restorative practices, and social-emotional learning strategies to help caregivers reinforce behavior expectations at home and strengthen school–home alignment.	Administrators, mental health team, teachers, families
09/05/2025	06/26/2026	Implement proactive family communication and engagement protocols that include regular updates on student behavior, recognition of positive accomplishments, and invitations to participate in restorative activities or school-wide behavior initiatives.	Administrators, mental health team, teachers, families

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
56% of students in K-5 are not proficient in grade level standards based on the end-of-	A lack of personalized learning plans and targeted interventions informed by student data has limited the school's ability to address individual learning needs. Professional learning has not been sufficiently targeted to build teacher confidence and capacity in differentiating instruction. Many teachers need additional support in using data to design instruction that bridges foundational gaps while addressing	There is a need to improve math proficiency through stronger alignment of instruction, intervention, and progress monitoring. Current diagnostic data reflects significant gaps between student performance and grade-level expectations. The school must deepen data-driven instructional planning,

year I-Ready diagnostic administered in June of 2025.	grade-level standards. As a result, students are not consistently receiving instruction that is responsive to both their current skill level and grade-level expectations.	increase access to targeted small-group instruction, and enhance teacher capacity in math pedagogy to support students in meeting proficiency benchmarks.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44% of students are scoring at or above grade level proficiency in math within grades K-5	By June, 2026, students in grades K-5 performing on or above grade level proficiency for math will increase 15%, from 44% to 59%, as measured by I-Ready diagnostics.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Development and Implementation of Personalized Math Learning Plans:
Create individualized learning plans for students performing below grade level, informed by i-Ready diagnostics and classroom data, to target foundational gaps and accelerate progress toward proficiency.

Targeted Professional Learning in Math Differentiation and Data Use:
Continue to provide focused, ongoing professional development to build teacher capacity in differentiating math instruction, using diagnostic data effectively, and scaffolding grade-level content while addressing unfinished learning.

Math Content Coaching and Real-Time Instructional Support:
Continue math content coaching cycles with modeling, co-teaching, and in-the-moment feedback to support high-quality, standards-aligned instruction and address gaps in teacher content knowledge and pedagogy.

Increased Use of Small-Group, Skills-Based Instruction:
Implement structured, daily small-group math instruction (WIN groups) to provide targeted support based on students' specific needs as identified through formative assessments and progress monitoring.

Implementation of Data-Driven Instruction Cycles (Continuous Learning Cycles):
Establish regular data meetings where teams analyze i-Ready and formative assessment data, adjust groupings, and plan strategic instructional responses.

Integration of Math Discourse and Problem-Solving Routines:
Strengthen students' conceptual understanding and engagement by embedding regular opportunities for math talk, reasoning, and collaborative problem-solving across all grade levels.

Root Cause Addressed:

The key strategies directly target the instructional gaps contributing to low math proficiency. Personalized learning plans and structured small-group instruction will ensure that student data is used to inform tailored interventions, addressing the lack of individualized support. Regular data-driven instruction cycles and targeted professional

learning will build teacher confidence and skill in using diagnostic data to plan lessons that bridge foundational gaps while progressing toward grade-level standards. Additionally, math content coaching and real-time support will enhance teachers' ability to differentiate instruction effectively, ensuring all students receive instruction aligned to both their current needs and grade-level expectations.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop and Launch Personalized Math Learning Plans (MLPs): In Fall 2025, teachers will receive training on how to analyze I-Ready and formative assessment data to create Math Learning Plans for students performing below grade level. Plans will include targeted skill goals, progress checkpoints, and aligned interventions. These will be reviewed and updated during regular data meetings.
Implement Professional Learning Cycles on Differentiation and Foundational Skill BuildingL Beginning in September, all K–5 math teachers will participate in weekly professional learning sessions focused on differentiation strategies, scaffolding techniques, and using data to close foundational gaps. Sessions will include modeling, collaborative planning, and follow-up coaching.
Introduce Weekly Small-Group, Skills-Based Math Instruction: Starting in October, teachers will incorporate dedicated time for small-group math instruction 3–5 times per week, informed by student performance data. Coaches and administrators will support planning and observe implementation to ensure alignment with MLPs and grade-level expectations.
Launch Continuous Learning Meetings : Grade teams will engage in structured meetings beginning in October to analyze student progress using i-Ready and classroom data. During these meetings, teams will adjust groupings, refine MLP goals, and plan targeted instructional responses.
Provide Math Content Coaching and Real-Time Instructional Support: Math coaches and instructional leads will begin working with grade teams in early fall through cycles of co-teaching, in-class modeling, and individualized coaching sessions. Focus will be placed on building content knowledge, deepening instructional practices, and supporting the implementation of discourse routines and conceptual math tasks.

Key Strategy 2 (Optional):

Root Cause Addressed:

To address the identified root causes—specifically the lack of personalized learning plans, inconsistent use of data to guide instruction, and insufficient teacher capacity in differentiation—PS 90 has implemented a targeted set of strategies that directly respond to these gaps. The school introduced Personalized Math Learning Plans (MLPs) to ensure instruction is data-driven and tailored to individual student needs, particularly for those performing below

grade level. Embedded professional learning cycles and math content coaching strengthen teacher expertise in using diagnostic and formative assessment data to scaffold instruction and deliver differentiated, standards-aligned lessons. The expansion of structured small-group, skills-based instruction and the establishment of regular, data-driven continuous learning meetings ensure that instructional decisions are consistently informed by current student performance. Together, these strategies operationalize a coherent system in which data analysis, personalized planning, and strengthened teacher practices collectively target the foundational root causes impacting student proficiency, positioning the school to make sustained academic gains

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly Review of Math Learning Plans (MLPs):
-Teachers and instructional leaders will review and update student MLPs during grade team or coaching meetings to ensure alignment to current data and student needs.
-Evidence Collected: Updated MLPs, student work samples, teacher reflections

Biweekly Instructional Walkthroughs Focused on Differentiation and Small-Group Math:
-School leaders and coaches will conduct biweekly walkthroughs to monitor the implementation of small-group instruction and differentiation practices.
-Evidence Collected: Observation notes, feedback logs, implementation rubrics

Ongoing Monitoring of Professional Learning Participation and Impact:
-Attendance and engagement in targeted math professional learning will be tracked, with reflections and surveys used to assess application in practice.
-Evidence Collected: Attendance records, exit tickets, teacher feedback forms

Data-Driven Continuous Improvement Cycles:
-Grade teams will engage in continuous improvement cycles to analyze i-Ready and formative data, adjust instruction, and regroup students.
-Evidence Collected: Meeting protocols, student data trackers, instructional planning documents, formative assessment data

I-Ready Diagnostic and Growth Data Analysis
-Student progress will be monitored through fall, winter, and spring diagnostics, with interim checks using i-Ready

progress monitoring tools and screener data.
-Evidence Collected: Diagnostic and growth reports, proficiency trend analysis, subgroup performance data

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/10/2025	06/20/2026	Math-Focused Family Workshops: Host regular workshops to help families understand grade-level math standards, the i-Ready diagnostic, and ways to support math learning and problem-solving at home.	
		Clear, Two-Way Communication About Student Math Progress: Use newsletters, texts, and parent portals to share timely updates on student math progress, personalized learning plans, and available supports, inviting family feedback and questions.	
		Family Math Nights and Interactive Activities: Organize fun, hands-on math events where families and students engage in games and activities that reinforce math skills and concepts taught in school.	
		Resources and Tutorials for Home Support: Provide families with multilingual math resources, online tutorials, and guides aligned with classroom instruction to support learning outside school.	
		Partnerships with Community Organizations Collaborate with local libraries, after-school programs, and tutoring centers to offer additional math support and enrichment opportunities for students and families.	Coney Island Public Library, YWCA

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the 2025 NYC School Survey, 83% of parents responded that PS 90 provides resources to me and my child to prepare my child for college, career, and success in life after high school. The 2025 NYC School Survey shows that 89% of parents feel the school helps to prepare my child for college, career, and success in life after high school. Based on	Lack of structured framework or guidelines for integrating work-based learning into the curriculum effectively.	Expansion of Work-Based Learning Opportunities

the 2025 NYC School Survey, 80% of teachers reported that it is a priority at this school that adults provide students with opportunities about different career paths.		
According to the 2025 NYC School Survey, 83% of parents responded that PS 90 provides resources to me and my child to prepare my child for college, career, and success in life after high school. The 2025 NYC School Survey shows that 89% of parents feel the school helps to prepare my child for college, career, and success in life after high school. Based on the 2025 NYC School Survey, 80% of teachers reported that it is a priority at this school that adults provide students with opportunities about different career paths.	Many families are unaware of or unable to access available college and career resources due to language barriers, limited outreach, or unclear communication.	Increased Access to College and Career Planning Resources for Families
According to the 2025 NYC School Survey, 83% of parents responded that PS 90 provides resources to me and my child to prepare my child for college, career, and success in life after high school. The 2025 NYC School Survey shows that 89% of parents feel the school helps to prepare my child for college, career, and success in life after high school. Based on the 2025 NYC School Survey, 80% of teachers reported that it is a priority at this school that adults provide students with opportunities about different career paths.	Family engagement activities may not be scheduled at convenient times or aligned with families' needs, leading to lower participation. Some families may also feel unequipped to support post-secondary planning, especially if they lack prior experience with the college or career process.	Enhanced Family Engagement in Post-Secondary Planning Activities

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	83%	By June 2026, PS 90 will strengthen its college and career readiness programming by expanding career exploration opportunities and enhancing family engagement in post-secondary planning. Success will be measured by an increase from 83% to 93% in the percentage of parents who respond positively to the NYC School Survey item: “PS 90 provides resources to me and my child to prepare my child for college, career, and success in life after high school.”

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Expand work-based learning experiences: Partner with local businesses and community organizations to offer internships, job shadowing, career days, and guest speakers that give students direct exposure to various career paths.

Integrate college and career readiness into classroom instruction: Incorporate career-focused projects, post-secondary research activities, and real-world applications into core subjects across all grade levels.

Strengthen communication about college and career resources: Use multiple channels—such as newsletters, social media, workshops, and translated materials—to ensure families are consistently informed about available resources and events.

Host regular, accessible family engagement events focused on post-secondary planning: Offer workshops on topics like college admissions, financial aid, vocational programs, and goal-setting at various times and in families' preferred languages to boost attendance and participation.

Implement student-led post-secondary planning conferences: Empower students to share their goals and planning progress with their families and teachers, fostering meaningful involvement and accountability in the college and career journey.

Create and distribute a comprehensive family toolkit for college and career planning: Provide user-friendly, multilingual materials that outline key steps, deadlines, and contacts to help families actively support their child's future planning.

Root Cause Addressed:

Root Cause 1: Lack of structured framework or guidelines for integrating work-based learning into the curriculum effectively.
Addressed by:
-Expand work-based learning experiences: Provides structured, school-supported opportunities through external partnerships, making career exploration more consistent and accessible.

-Integrate college and career readiness into classroom instruction: Embeds career exploration into academic content, establishing a clear and sustainable framework for implementation across grade levels.

Root Cause 2: Many families are unaware of or unable to access available college and career resources due to language barriers, limited outreach, or unclear communication.
Addressed by:
-Strengthen communication about college and career resources: Improves outreach through multiple, accessible platforms and ensures materials are culturally responsive and available in families' home languages.
-Create and distribute a comprehensive family toolkit for college and career planning: Offers clear, practical guidance in a take-home format that supports independent navigation of the planning process.

Root Cause 3: Family engagement activities may not be scheduled at convenient times or aligned with families' needs, leading to lower participation. Some families may also feel unequipped to support post-secondary planning.
Addressed by:
-Host regular, accessible family engagement events focused on post-secondary planning: Increases opportunities for involvement by varying times, formats, and content based on family feedback.
-Implement student-led post-secondary planning conferences: Builds family confidence and involvement by centering student voice and making planning more personal, structured, and collaborative.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch Monthly Career Exploration Events (Career Spotlight Series): Invite guest speakers from diverse industries (including alumni, local professionals, and trade careers) for in-person or virtual talks. Tie these events to grade-level career themes and ensure families are invited to attend or view recordings.
Create a "College & Career Readiness Resource Hub" for Families: Develop an easily accessible page on the school website and in printed form that includes college planning checklists by grade level, CUNY/SUNY information, vocational program pathways, financial aid resources, and career exploration tools (e.g., Naviance, MyBlueprint).
Host Annual Family College & Career Night: Organize a bilingual evening event with breakout sessions on topics like FAFSA, trade school options, high school selection, early college exposure, and financial literacy. Include sessions led by community partners and DOE college access teams.
Implement Classroom-Based Career Lessons (Grades 3–5):Partner with teachers to integrate monthly career-themed mini-lessons or projects into ELA, social studies, or advisory time. Use the DOE's "Career Awareness Toolkit" or similar resources to support this integration.
Conduct Ongoing Family Surveys & Focus Groups: Administer short, translated check-in surveys and host small focus groups to identify what families need most to support post-secondary planning. Use results to adapt programming and share back how their input shapes decisions.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of key strategies and action steps related to college and career readiness and family engagement, PS 90 will utilize a multi-tiered survey-based progress monitoring system that includes staff, student, and family feedback.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Host a series of bilingual, grade-specific workshops focused on preparing families for post-secondary pathways. Topics include: high school choice, college admissions, financial aid (FAFSA), vocational training, and career exploration tools.	
		Establish partnerships with local businesses, trade organizations, and post-secondary institutions to provide mentorships, virtual/in-person career talks, and hands-on learning opportunities for students and families.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, administrators, staff

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
87% School staff regularly communicate with me about how I can help my child	There may be inconsistent or unclear communication between school staff and families about academic support strategies. This could stem from: One-way	Improve the quality and consistency of two-way, instructional

learn. Down 5% from 2023-2024 survey. (2024 and 2025 School Survey)	communication (e.g., notifications instead of conversations) Lack of individualized or actionable guidance for helping students at home	communication between school staff and families.
89% of teachers work closely with me to meet my child's needs (down 7% from SY 23/24) (2024 and 2025 School Survey)	Teachers are not consistently collaborating with parents on individualized support for their child.	Strengthen teacher-family partnerships through regular, personalized communication focused on student needs and progress.
During the school year, 88% of families attended a school meeting, school event, or parent teacher conference. (2025 School Survey)	Some families may face barriers such as scheduling conflicts, limited childcare, or lack of awareness about school events.	Increase accessibility and outreach for school events through flexible scheduling, clear communication, and family-friendly supports.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	87% of families reported that school staff regularly communicate with me about how I can help my child learn.	By June 2026, PS 90 will deepen its inclusive and responsive practices with families by fostering more meaningful communication and collaboration between school staff and families. Success will be measured by an increase from 87% to 97% in the percentage of families who respond positively on the NYC School Survey to the statement: “School staff regularly communicate with me about how I can help my child learn.”

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a System for Regular, Two-Way Communication Channels: Establish consistent platforms (e.g., Class Dojo, email, phone calls) and expectations for staff to share learning updates and receive feedback from families in their preferred language.

Facilitate Academic-Focused Family Workshops: Host workshops that guide families on how to support reading, math, or homework routines at home, with practical, culturally responsive strategies.

Personalize Parent-Teacher Conferences: Shift to student-led or goal-oriented conferences where teachers share tailored academic supports and invite families to collaborate on next steps.

Build Staff Capacity Around Family Engagement: Provide professional learning for staff on inclusive communication practices and how to build trusting, responsive relationships with diverse families.

Offer Flexible and Inclusive Event Options: Schedule events at varied times (including virtual options) and provide childcare or translation to remove barriers and increase family participation.

Create Family Feedback Loops: Regularly collect and act on family input through short surveys, suggestion boxes, or focus groups to continuously improve engagement practices.

Root Cause Addressed:

Inconsistent or unclear communication / One-way communication:
Implement structured two-way communication systems (e.g., regular check-ins, personalized messages) to encourage dialogue rather than just sending notices.

Lack of individualized or actionable guidance:
Train staff to provide specific, practical strategies tailored to each student's learning needs during family interactions.

Teachers not consistently collaborating with parents:

Establish clear protocols and time for teachers to engage families in goal-setting and progress discussions, supported by professional development.

Family barriers like scheduling conflicts, childcare, or awareness:
Offer events and meetings at varied times (including virtual options), provide childcare, and improve outreach through multiple communication channels in families' preferred languages.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Set up regular two-way communication routines (e.g., weekly check-ins via phone, email, or apps) so families receive ongoing updates and can ask questions.
Host monthly family workshops focused on how to support specific academic skills at home, with materials translated as needed.
Train teachers on personalized family engagement strategies to improve collaboration and provide tailored guidance.
Schedule flexible family engagement events at varied times (including virtual options) with childcare and language supports to boost attendance.
Collect and review family feedback quarterly through surveys or focus groups to adjust communication and engagement practices continuously.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of key strategies and action steps, PS 90 will primarily utilize the NYC School Survey data alongside targeted family and staff surveys conducted quarterly throughout the school year. These surveys will gather specific feedback on the effectiveness of communication practices, family engagement events, and the quality of teacher-family collaboration.

Data/Evidence to Collect and Use:

Family Survey Responses: Percentage of families who report regular, clear, and helpful communication about how to support their child's learning.

Teacher Survey Responses: Frequency and quality of teacher outreach efforts and collaboration with families.

Event Attendance Records: Tracking participation rates in family workshops, conferences, and meetings.

Qualitative Feedback: Open-ended survey questions and focus groups to identify strengths and barriers experienced by families and staff.

The combined survey data will be reviewed quarterly to assess progress toward the goal, inform adjustments to engagement strategies, and measure impact on instruction and student achievement by correlating family engagement levels with student performance trends.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Create Collaborative Family Workshops: Host regular, interactive workshops that empower families with practical tools and strategies to support their child's learning at home, while also providing space for families to share their experiences and build community.	
		Develop Multilingual Communication Channels: Ensure all communication is accessible by offering messages and materials in families' preferred languages through various platforms (texts, emails, phone calls, and printed materials), fostering inclusive and responsive engagement.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
46% of students were chronically absent based on the New Vision Portal Chronically Absent report as of June 2025.	Lack of community involvement in supporting attendance and wellness initiatives has contributed to 46% of students being chronically absent. Without strong partnerships, the school struggles to provide the comprehensive support needed to improve student attendance and overall well-being.	Building and cultivating relationships with local community groups, businesses, and key stakeholders to collaboratively enhance and encourage attendance and wellness programs.
46% of students were chronically	Limited access to resources that support students' physical health and mental well-being—such as	Expanding access to resources that support students' physical health—such

absent based on the New Vision Portal Chronically Absent report as of June 2025.	healthcare, nutrition programs, counseling, and stress management—has negatively impacted student attendance rates. Without these essential supports, many students face barriers that contribute to chronic absenteeism.	as healthcare services and nutrition programs—as well as their mental well-being through counseling and stress management, with the goal of improving student attendance.
46% of students were chronically absent based on the New Vision Portal Chronically Absent report as of June 2025.	While systems to track absenteeism exist, they do not consistently monitor data closely enough to enable timely interventions. This limited tracking contributes to ongoing chronic absenteeism, as students at risk may not be identified and supported promptly.	Improving systems to track, monitor, and respond proactively to student absenteeism through timely interventions.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	46% are chronically absent	By June 2026, PS90 will continue to implement improved attendance practices to combat chronic absenteeism, and will expand implementation of physical and mental wellness supports, reducing chronic absenteeism by 10%, from 46% to 36%, as measured by New Visions Chronically Absent report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Community Partnerships to Support Attendance and Wellness:
Build and deepen collaborations with local organizations, healthcare providers, and businesses to provide holistic resources and support that address barriers to attendance and promote student well-being.

Expand Access to Physical and Mental Health Services:
Increase availability of on-site and community-based healthcare, nutrition programs, counseling, and stress management resources to support students' overall wellness and reduce attendance barriers.

Enhance Attendance Monitoring with Data-Driven Early Warning Systems:
Improve the frequency and depth of attendance data tracking to identify students at risk earlier and implement timely, targeted interventions.

Implement Tiered Attendance Intervention Plans:
Develop and consistently apply structured intervention plans based on student risk levels, including outreach, family engagement, and connection to community resources.

Provide Family Education and Engagement on Attendance and Wellness:
Offer workshops, communication campaigns, and resources that inform families about the importance of attendance and available supports, fostering a collaborative approach to improving student attendance.

Root Cause Addressed:

The strategy to strengthen community partnerships actively tackles the lack of community involvement by engaging local organizations and stakeholders to provide comprehensive support that extends beyond the school. This collaboration helps bridge gaps and ensures families and students receive the resources and encouragement needed to improve attendance and wellness.

Expanding access to physical and mental health services addresses the limited availability of essential supports by providing students with direct access to healthcare, nutrition, counseling, and stress management resources. This holistic approach reduces barriers that contribute to chronic absenteeism and promotes student well-being.

Enhancing attendance monitoring with data-driven early warning systems improves upon existing tracking by increasing the frequency and detail of data analysis. This will enable staff to identify students at risk of chronic absenteeism earlier and implement timely, targeted interventions, ensuring students receive the support they need before absences become persistent.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Establish and Expand Community Partnerships: Identify and formalize partnerships with local health providers, social service agencies, and community organizations by Fall 2025 to coordinate resources and supports for students and families.
Increase Access to On-Site and Referral-Based Health and Wellness Services: Launch or expand programs offering physical health screenings, nutrition assistance, counseling, and stress management workshops starting in Fall 2025, with regular monitoring of student participation.
Implement a Regular Attendance Data Review Cycle: Conduct bi-weekly attendance data reviews using New Visions and school attendance systems to identify students with emerging attendance concerns and track progress of interventions.
Develop and Roll Out Tiered Attendance Intervention Plans: Create clear intervention protocols by October 2025, including personalized outreach, family engagement strategies, and referrals to wellness supports, with staff training on implementation.
Host Family Engagement Events Focused on Attendance and Wellness: Organize quarterly workshops and communication campaigns to educate families on the importance of attendance, available health and wellness resources, and how to partner with the school in supporting their children.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Attendance-Focused Family Workshops: Host workshops to educate families on the impact of attendance on student success and share strategies to support regular attendance at home.	
		Consistent, Two-Way Communication on Attendance: Use texts, calls, newsletters, and Class Dojo to provide timely updates on student attendance and invite families to collaborate on solutions.	
		Family Attendance Advisory Group: Create a family-led group to provide input on attendance initiatives and promote a school-wide culture valuing consistent attendance.	
		Community Partnerships to Support Attendance: Collaborate with local organizations to provide resources addressing barriers to attendance, such as healthcare, transportation, and wellness supports.	
		Personalized Family Outreach and Home Visits: Conduct targeted outreach and home visits for families of chronically absent students to build trust and connect them to support services.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
19% of students in grade K-2 are performing on or above grade level proficiency in ELA	Inconsistent development and implementation of IEPs has limited the effectiveness of instructional supports for students with disabilities. When IEP goals and accommodations are not	IEP Development

based on the Acadience end-of-year benchmark administered in June of 2025.	closely aligned to literacy development and monitored for fidelity, early learners struggle to access and master foundational ELA skills.	and Fidelity of Implementation
19% of students in grade K-2 are performing on or above grade level proficiency in ELA based on the Acadience end-of-year benchmark administered in June of 2025.	Limited early transition planning—particularly for students entering kindergarten or moving between grade levels—has disrupted instructional continuity and hindered the timely delivery of support services. This gap in compliance can delay interventions during critical periods for literacy development, contributing to low proficiency.	Transition Planning and Compliance
19% of students in grade K-2 are performing on or above grade level proficiency in ELA based on the Acadience end-of-year benchmark administered in June of 2025.	Inconsistencies in the referral process have led to delays in identifying students in need of academic and linguistic support, particularly multilingual learners and students of color. As a result, many K–2 students experiencing early literacy challenges are not being referred or evaluated in a timely, equitable manner.	Referral Process and Equity
19% of students in grade K-2 are performing on or above grade level proficiency in ELA based on the Acadience end-of-year benchmark administered in June of 2025.	Disproportionate disciplinary responses for young students interrupt instructional time and negatively affect early reading development. These patterns reduce equitable access to high-quality ELA instruction during foundational learning years.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	19% of students with IEP's in grades K-2 are performing on or above grade level in ELA	By June 2026, PS 90 will strengthen the alignment and implementation of IEPs for students with disabilities in grades K–2 to improve early literacy outcomes. Through improved development, timely use, and consistent classroom implementation of IEPs—including alignment of present levels of performance (PLOP), measurable literacy goals, and recommended services—the percentage of students with IEPs performing on or above grade level in ELA will increase by 10%, from 19% to 29%, as measured by the Acadience diagnostic.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement Flexible Planning Aligned to IEP Goals and Student Data:
Use diagnostic and formative assessment data (e.g., Acadience) to guide flexible instructional planning that responds to individual student needs and IEP goals. Adjust groupings, pacing, and supports as students progress.

Align IEP Goals with Foundational Literacy Skills:
Ensure all IEPs for students in grades K–2 include measurable goals tied directly to student specific foundational ELA skills and are based on accurate present levels of performance.

Provide Targeted Professional Learning for Special Education and ICT Teachers:
Deliver ongoing professional learning on writing high-quality IEPs, differentiating early literacy instruction, and using data to tailor interventions for students with disabilities.

Strengthen Collaboration Between General and Special Education Staff:
Build in regular co-planning time for general and special education teachers to align instruction with IEP goals, share data, and design targeted supports for students with IEPs.

Monitor IEP Implementation Through Fidelity Checks and Feedback"
Conduct classroom observations and IEP implementation reviews to ensure accommodations, modifications, and instructional strategies are being consistently and effectively applied.

Use Ongoing Progress Monitoring to Drive Instructional Adjustments:
Track student progress toward IEP literacy goals using tools like Acadience, screeners, and classroom assessments, and use results to refine instruction and supports in real time.

Root Cause Addressed:

1. IEP Development and Fidelity:
This root cause is addressed through strategies that strengthen IEP alignment and classroom implementation. By aligning IEP goals to foundational literacy skills, using diagnostic data to inform flexible planning, and monitoring implementation through fidelity checks, PS 90 ensures students receive the specific supports outlined in their IEPs. Targeted professional learning further builds teacher capacity to write and deliver high-quality, literacy-focused IEPs.

2. Transition Planning and Compliance:
To address transition-related gaps, flexible planning and co-teacher collaboration will support smoother instructional continuity as students move between grades. Early identification of students' needs through progress monitoring and data-informed planning ensures that supports are in place during key transition points, minimizing delays in literacy intervention.

3. Referral Process and Equity:
Inequities in the referral process are addressed by strengthening the use of progress monitoring tools and regular data review. These practices ensure earlier, more objective identification of students who need support, particularly

multilingual learners and students from underserved populations. Professional learning will also include training on equitable referral and evaluation practices.

4. Equity in School Discipline:
By improving IEP fidelity, strengthening co-teaching models, and using flexible, student-centered planning, instructional disruptions caused by behavioral incidents can be minimized. More inclusive and responsive classroom practices reduce the need for exclusionary discipline, ensuring students—especially those disproportionately impacted—remain engaged in literacy instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement Data-Driven, Flexible Planning Cycles: Teachers will engage in monthly planning sessions using Acadience and formative data to adjust instruction and groupings based on students' IEP goals and current literacy levels.
Deliver Targeted Professional Learning on IEP Development and Literacy Instruction: Provide ongoing training for special education and general education teachers on writing aligned IEPs, integrating foundational literacy instruction, and implementing accommodations effectively.
Establish Regular Co-Planning Time for ICT and SETSS Teachers: Schedule weekly co-planning blocks to ensure collaboration on lesson design, IEP goal integration, and differentiation strategies to support students with disabilities.
Conduct IEP Implementation Walkthroughs with Feedback Cycles: Leadership and special education teams will conduct monthly classroom walkthroughs focused on IEP goal alignment and fidelity, followed by coaching conversations and support.
Strengthen Early Identification and Referral Practices Through Progress Monitoring: Use Acadience data to identify struggling students early, and ensure consistent, equitable referral and intervention processes are in place, particularly for multilingual learners and underserved groups.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

IEP Fidelity Checks & Walkthroughs:
Monthly classroom observations will focus on the implementation of IEP goals, accommodations, and modifications. A fidelity checklist will be used to ensure consistency and alignment with each student's IEP.

Acadience Progress Monitoring Data Reviews:
Benchmark and progress monitoring data from Acadience will be reviewed monthly to track individual and group literacy growth for students with IEPs.

IEP Quality Audits:
Quarterly reviews of IEP documents will assess the alignment of PLOP, measurable literacy goals, and recommended services. Feedback will be used to improve IEP development practices.

Co-Planning and Instructional Collaboration Logs:
Agendas and notes from weekly co-planning sessions between ICT, SETSS, and general education teachers will be collected and reviewed to ensure instructional decisions align with IEP goals and student data.

Professional Learning Participation and Impact:
Attendance records, exit tickets, and teacher reflections from targeted professional development sessions will be collected to assess participation and application of new learning.

Student Work Samples and Teacher Artifacts:
Collected monthly to analyze how IEP goals are being addressed through instruction and to evaluate the level of differentiation and alignment to student needs.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
	06/20/2025	Tier 1 – Universal Supports (All Families) Host literacy-focused family workshops to explain IEP processes, share reading strategies, and build understanding of foundational literacy development. Distribute regular newsletters or digital updates with tips for supporting reading at home, along with updates on student progress and schoolwide literacy initiatives. Provide translated materials and multilingual communication to ensure equitable access to information.	
		Tier 2 – Targeted Supports (At-Risk Families or Students with Early Warning Signs) Conduct small-group family sessions or virtual check-ins to review student progress, explain accommodations/modifications, and offer reading resources tailored to student needs. Offer guided support for navigating the IEP process, including family advocates, interpreters, or community-based partners. Develop early literacy take-home toolkits for families of students identified as below grade level.	
		Tier 3 – Intensive Supports (Families of Chronically Struggling Students or Those with Complex Needs) Schedule individualized family meetings with the IEP team to collaboratively revise supports and address barriers to progress. Connect families to external agencies (e.g., early intervention, counseling, reading specialists) to support academic and emotional development. Conduc personalized outreach to build relationships, offer hands-on support, and ensure families are engaged as partners in the student's literacy plan.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Tutoring	Teacher referral; student screening	We will launch a tutoring program in which teachers support students in ELA and math in the AM. fic support techniques. Teachers will refer students who are below grade level, show low engagement, or need help with specific concepts. Student progress will be monitored through tutoring logs, teacher feedback, and assessment data.	One-to-one	During	No
Tier 3 Adult Tutoring	Teacher Referral	The adult tutoring program pairs certified teachers with students for individualized support in core subjects. Teachers will implement the "Check, Connect, and Expect" approach by regularly assessing student understanding, building strong relationships to encourage engagement, and establishing clear goals for academic progress. Student progress will be tracked through session evaluations and assessments, with referrals made for those experiencing low test scores, behavioral concerns, or persistent challenges in targeted areas.	One-to-one; small groups	After school	Yes
Tier 3 AIS Teacher	IEP and teacher referral	An AIS program will be established to provide intensive support in ELA and Math for students in need. AIS teachers will be specially trained in targeted intervention strategies and will create individualized learning plans tailored to each student's needs. Student progress will be regularly monitored through assessments and comprehensive progress reports. Referrals will be made for students with significant academic challenges, those unresponsive to Tier 1 and Tier 2 supports, or those	Small group; one-to-one	Before, during	Yes

		identified as requiring special education services.			

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 Social Skills Groups	Teacher referrals, parent referrals, and incident report data obtained through OORS	Social Skills Groups	Small group	During	No
Tier 3 Self-Management Groups	Parent referral and results of student surveys as screening instrument	Self-Management Groups	Small group; one-to-one	During	No
Tier 2 Mindfulness Groups	Discipline referrals	Mindfulness Groups	Small group; one-to-one	During	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

At PS 90, the essential components of our Multi-Tiered System of Supports (MTSS) are communicated with families through multiple, accessible channels to ensure understanding and partnership. We provide clear explanations of MTSS during family orientation sessions and back-to-school events, highlighting how the framework supports students and families at varying levels of academic and behavioral needs. Regular newsletters, school website updates, and multilingual materials further outline how data is used to identify student needs, the tiers of support offered, and ways families can engage in their child's learning journey. Additionally, teachers and support staff hold individualized conferences and workshops to discuss students' progress within MTSS, answer questions, and collaborate on strategies to support learning and growth at home.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 targeted or Tier 3 intensive interventions at PS 90 receive regular, detailed updates on their child's progress through multiple communication methods. These include scheduled conferences, phone calls, and written reports that summarize assessment results, intervention goals, and observed improvements or challenges. Additionally, teachers and intervention specialists collaborate with families during meetings to review individualized learning plans, discuss strategies being used, and adjust supports as needed. This ongoing, transparent communication ensures families are actively involved in monitoring their child's growth and can reinforce learning at home.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families play a central role in decision-making for students receiving Tier 3 intensive interventions at PS 90. They are actively engaged through regular meetings with the intervention team, where student progress data, intervention effectiveness, and next steps are collaboratively reviewed. Families are invited to share their insights, concerns, and observations to help tailor supports that meet their child's unique needs. This partnership ensures that decisions about continuing, modifying, or intensifying interventions are made transparently and with the family's input, fostering shared ownership of the student's success.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

60

Doubled up (with friends or relatives because they cannot find or afford housing): 41
Living in a shelter or transitional shelter: 11
Permanent housing status: 2
Other temporary living situation: 6

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

1. Housing Instability Trends:
- A significant portion of STH students are doubled up with friends or relatives (32%) and living in other temporary living situations (17%).
- Implications:This indicates a transient living situation for many students, which can disrupt continuity in education and stability in their academic environment.

2. Shelter and Transitional Housing Utilization:
- A smaller percentage of students (18%) are living in shelters or transitional housing.
- These students may face more immediate challenges related to housing insecurity, which could impact their

attendance, stability, and ability to focus on academics.

3. Permanent Housing Status:
- A small number of students (5%) have achieved permanent housing status.
- While positive, this suggests ongoing support may still be needed to ensure continued stability and academic success.

Utilization of STH Title I Survey to Select Services Aligned to Need:

To effectively utilize the STH Title I Survey data to select services aligned with the needs of the STH population, the following steps will be taken:

- Data Analysis: Conduct a thorough analysis of the survey data to identify common needs and challenges among STH students, such as academic achievement gaps, attendance issues, and social-emotional needs.

- Identification of Priority Areas: Prioritize areas where intervention is most needed based on the survey findings, such as tutoring support, access to school supplies, transportation assistance, and referrals to community resources.

- Service Selection: Select or design services that directly address the identified needs and challenges of STH students. For example, implementing after-school tutoring programs, providing mentorship opportunities, offering mental health counseling, or facilitating access to healthcare services.

- Collaboration and Coordination: Work collaboratively with school staff, community partners, and families to ensure that selected services are effectively implemented and accessible to all eligible STH students.

- Monitoring and Evaluation: Establish mechanisms to monitor the effectiveness of selected services through ongoing data collection and feedback from students, families, and staff. Adjust services as necessary based on outcomes and evolving needs.

By leveraging the insights gained from the STH Title I Survey data, we will tailor out support services to effectively address the unique challenges faced by students experiencing homelessness, thereby promoting academic success, stability, and overall well-being.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

We will make appropriate staff aware of any student living in a temporary housing situation so they can assist with any health/social/academic needs.

Will provide technology device with hotspot

Will ensure that the student has every opportunity to participate in ALL of our school activities.

Will use Title I funds to provide school/project supplies, cover field trip fees, purchase uniforms, and so forth.

Will provide tutoring/mentoring program at times that are convenient for students.

Help coordinate transportation to before or afterschool activities.

Make available to parents our school's social worker and mental health resources, if needed

Provide Metrocards and snacks

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Currently, there are 2 students in foster care enrolled at our school.

To support their unique needs, we provide a range of social-emotional and academic supports, including:

Personalized counseling services with our school social worker to address trauma, build resilience, and support emotional well-being.

Individualized academic planning to ensure foster students receive appropriate interventions and accommodations aligned with their needs and goals.

Collaboration with foster care caseworkers and families to coordinate services and maintain consistent communication regarding the student's progress and well-being.

Access to tutoring and mentoring programs to provide additional academic support and positive role models.

Regular monitoring and check-ins by staff trained to recognize and address challenges specific to students in foster care, ensuring timely interventions when needed.

These supports are designed to create a stable, nurturing environment that promotes both academic success and emotional health for our foster care students.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

At PS 90, students in foster care—including those newly transitioning into the system—receive targeted supports designed to promote stability, well-being, and academic success. Upon enrollment or transition, these students are quickly connected with a dedicated point person, such as a social worker or counselor, who helps coordinate services and provides ongoing personalized support.

We implement individualized academic plans that address any learning gaps and ensure access to necessary interventions, including tutoring, counseling, and social-emotional learning programs. Regular check-ins and progress monitoring help identify emerging needs, while close collaboration with foster families, caseworkers, and external agencies ensures consistent communication and a coordinated approach.

Additionally, staff receive training on trauma-informed practices to better understand and support the unique challenges foster students may face. These combined efforts create a stable, nurturing environment aimed at fostering both academic growth and emotional resilience.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

After reviewing historical demographic, attendance, and achievement data for students in foster care at our school, we have not identified strong trends due to the small number of students in this group. However, many of these students reside in low-income housing, which can present additional challenges such as housing instability and limited access to resources.

These insights highlight the importance of providing targeted, wraparound supports that address not only academic needs but also the broader social and emotional factors affecting foster students. By focusing on strengthening partnerships with community organizations and ensuring access to stable resources, we can better support these students' overall well-being and academic success, even as we continue to monitor their progress closely given the small sample size.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

At PS 90, we implement several targeted strategies to ensure students in foster care—especially those in transitional grades—receive focused Social-Emotional Learning (SEL) support. These include personalized counseling sessions with our social worker to help students process trauma, build coping skills, and develop resilience. We also provide small-group SEL workshops that focus on self-regulation, relationship-building, and stress management tailored to their unique experiences.

To support transitions between grades or schools, we assign dedicated staff to facilitate smooth handoffs, including orientation sessions and regular check-ins during the adjustment period. These SEL supports help students manage the emotional challenges that can impact attendance and engagement, creating a more stable foundation for academic success. By addressing behavioral needs proactively, these strategies reduce disruptions, improve classroom participation, and foster a positive learning environment where foster students can thrive.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research consistently shows a strong positive link between effective parental engagement and student achievement. The purpose of this policy is to establish clear expectations and goals for meaningful parent and family involvement within the school community.

In accordance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), PS 90 is committed to developing and implementing a parent and family engagement policy that strengthens the partnership between the school and families to support student success. This policy ensures parents are well-informed and actively involved in planning and decision-making processes that impact their children's education.

Parents are encouraged to participate actively as trained volunteers and valued members of the school community

through involvement in the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council.

Support for Parents and Family Members of Title I Students

PS90 will support parents and family members of Title I students by:

Providing materials and training to help parents assist their children in improving achievement in areas such as literacy, math, and technology use.

Offering parents the information and training necessary to actively participate in planning and decision-making that supports their children's education.

Promoting a caring and effective home-school partnership to enable parents to support and monitor their child's progress effectively.

Assisting parents in understanding City, State, and Federal standards and assessments.

Sharing information about school and parent-related programs, meetings, and activities in accessible formats and languages that parents can understand.

Providing professional learning opportunities for school staff, with parent involvement, to enhance outreach, communication skills, and cultural competency, fostering stronger connections between parents and the school community.

PS90 will further support parents and family members of Title I students through the work of the Parent Coordinator by:

Serving as a liaison between families and the school to strengthen communication and collaboration;

Providing parents with information, resources, and guidance to help them support their children's academic and social-emotional development;

Coordinating parent workshops, meetings, and family engagement activities to increase parent understanding of curriculum, assessments, and school expectations;

Assisting families in accessing school-based and community resources that support student success,

Encouraging parent participation in school programs, decision-making opportunities, and Title I activities.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

Actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;

Engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;

Ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;

Support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;

Maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;

Conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

Provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;

Host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;

Schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;

Translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

PS 90 will further promote parent and family engagement by:

Hosting educational family events and activities during Parent-Teacher Conferences and throughout the school year;

Utilizing a parent coordinator to bridge the gap between home and school;

Encouraging meaningful parent involvement in the School Leadership Team, Parent Association (or PTA), and Title I Parent Advisory Council;

Supporting or organizing Family Day events;

Establishing a Parent Resource Center or lending library with instructional materials for parents;

Encouraging more parents to become trained school volunteers;

Providing regular written and verbal progress reports to keep parents informed about their children's academic progress;

Developing and distributing a school newsletter or web publication to keep parents updated on school activities and student achievements;

Organizing parent workshops on Special Education and the IEP process;

Science of Reading town hall was on September 16 to provide parents with insight into literacy programming and how to support their children at home and at school;

Providing school planners or folders for consistent written communication between teachers and families, offered in formats and languages that parents can understand whenever possible.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS90, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen collaboration and support student achievement between the school and families. Staff and parents of students participating in Title I-funded activities and programs agree that this Compact outlines how parents, school staff, and students will share responsibility for improving academic achievement and establish a strong school-parent partnership to ensure all children meet State Standards on assessments.

I. School Responsibilities: High Quality Curriculuml. School Responsibilities: High Quality Curriculum

Provide high-quality curriculum and instruction aligned with State Standards to help participating students meet the State's academic expectations by:

Utilizing academic learning time effectively;

Valuing and respecting cultural, racial, and ethnic diversity;

Implementing a curriculum fully aligned with State Learning Standards;

Delivering high-quality instruction across all content areas;

Ensuring instruction is provided by highly qualified teachers, and notifying parents when this is not the case, as required by the Every Student Succeeds Act (ESSA).

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and enhance communication by:

Holding parent-teacher conferences each semester to discuss individual student achievement and explain how this Compact relates to their progress;

Hosting an Annual Title I Parent Meeting each school year to inform parents and families about the school's Title I status, funded programs, and their rights to participate;

Scheduling additional meetings at flexible times (e.g., mornings, evenings) and providing transportation or childcare, when possible, to accommodate parents who cannot attend regular meetings;

Respecting the rights of limited English proficient families by providing translated documents and interpretation services to ensure full participation in their child's education;

Sending information about school and parent programs, meetings, and activities to parents in a format and language they can understand, whenever practicable;

Involving parents in planning, reviewing, evaluating, and improving the school's Title I programs, Parent and Family

Engagement Policy, and this Compact;

Providing parents with timely information on school performance profiles, individual student assessment results, and other relevant school data;

Distributing and discussing the Parent and Family Engagement Policy and School-Parent Compact with parents annually.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents with reasonable access to staff by:

Ensuring staff have access to interpretation services to effectively communicate with parents who have limited English proficiency;

Informing parents about the procedures to schedule appointments with their child's teacher or other school staff;

Offering training opportunities for parents to volunteer, participate in their child's classroom, and observe classroom activities;

Organizing activities for parents throughout the school year, such as Parent-Teacher Conferences.

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:

Creating a safe, supportive, and effective learning environment for students, while fostering a welcoming and respectful atmosphere for parents and guardians;

Helping parents understand academic achievement standards and assessments, and how to monitor their child's progress through professional learning opportunities scheduled at times accessible to most parents;

Sharing and promoting best practices for effective communication, collaboration, and partnerships among all members of the school community;

Supporting parental involvement activities based on requests from parents and family members;

Ensuring that Title I funds allocated for parent involvement are used to implement activities outlined in this Compact and the Parent and Family Engagement Policy;

Having access to a parent coordinator;

Informing parents of their right to file a complaint under the Department's General Complaint Procedures, consistent with Title I requirements under ESSA and Title I programs.

II. Parent/Guardian Responsibilities

Monitor my child's attendance, ensure they arrive at school on time, and follow proper procedures to notify the school if my child is absent.

Ensure my child gets enough rest by setting an appropriate bedtime schedule based on their age and needs.

Check and help my child complete homework as needed.

Read to my child and/or discuss their reading daily for at least 15 minutes.

Limit the amount of time my child spends watching TV or playing video games.

Encourage positive use of extracurricular time, such as extended learning opportunities, clubs, sports, or quality family time.

Support my child in following school rules and discuss this Compact with them.

Volunteer at my child's school or assist from home as my time allows.

Participate, when appropriate, in decisions related to my child's education.

Communicate regularly with my child's teacher about their educational needs and stay informed by reading and responding to school or district notices.

Respond to surveys, feedback forms, and notices when requested.

Get involved in the development, implementation, evaluation, and revision of the Parent and Family Engagement Policy and this Compact.

Participate in or request training offered by the school, district, or education department to learn more about teaching and learning strategies whenever possible.

Join the school's Parent Association, Parent-Teacher Association, or serve on advisory groups such as the Title I Parent Advisory Council or School/District Leadership Teams as able.

Share responsibility for improving my child's academic achievement.

III. Student Responsibilities

Attend school regularly and arrive on time.

Complete my homework and turn in all assignments on time.

Follow school rules and take responsibility for my actions.

Show respect for myself, others, and school property.

Try to resolve disagreements or conflicts peacefully.

Always do my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Listed below are our professional learning goals to enable all students to meet state standards. We seek to:

1. Increase educator effectiveness
2. Understand student learning needs
3. Develop leadership capacity
4. Teach advocacy for students
5. Effective strategies for managing and addressing challenging behaviors
6. Improve classroom environments
7. Implement techniques to support students' social and emotional development
8. Promote collaboration with other educators
9. Have better use of educational resources
10. Improve everyone’s capacity to analyze and interpret data to promote student success
11. Improve capacity to assess student progress
12. Promote professional growth

To that end we will focus on professional learning plans with the following topics:
1. How students learn and develop
2. Diagnostic, formative and summative assessments
3. Analysis of data to monitor student progress and to plan, differentiate, and modify instruction
4. Identification, instruction and intervention for students with IEPS and who are designated as MLLs
5. Cultural Responsive Education
6. Equity in classroom and school practices
7. Instructional design and delivery
8. Specific academic content and instructional strategies
9. Connection of content to life experiences and career opportunities
10. Resources to support learner needs
11. Safe learning environment
12. Strategies to motivate students to work productively and assume responsibility for learning
13. Strategies to share responsibility with parents/caregivers to support student learning
14. Collaboration with other educators on projects to promote student success
15. Collaboration with community agencies to promote student success
16. Positive impact on profession (e.g. mentoring another teacher)

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

We will begin early. We will talk about the new setting in positive ways and encourage our students to ask questions and express fears. In addition, we will engage the students in concrete experiences by teaching them specific skills and routines that will be useful in the elementary program. It goes without saying that we will communicate and share information between the early childhood programs and the elementary programs with teachers and other staff in advance. We plan to maximize parental involvement and support during the initial entry and adjustment by individualizing communication with the child's family. Lastly, we will adjust expectations for the child's behavior. For our students in temporary housing, we will endeavor to enroll young children in the same school an older sibling attends, whether or not the family is "zoned" for our school. We will contact the local shelter for assistance and/or to provide referrals to other programs that support the entire family. In addition, we will provide teacher/parent/child meetings in non-traditional locations and times to meet the needs of our families. It will be important for us to conduct in-service training for staff regarding the McKinney-Vento Homeless Assistance Act and the rights of parents.

Additional plans include;

Parent Involvement Activities: We will actively engage parents in various school-related activities, at least one time per month, to foster a strong home-school connection. We will also conduct monthly parent workshops on various topics identified by a needs assessment to support student transitions.

Orientation Sessions: We will conduct informative sessions to prepare parents and preschool staff for upcoming transitions.

Transition Assessments for Preschoolers: We will evaluate the readiness and needs of preschools to provide targeted supports to facilitate smooth transitions.

Establishment of Communication Channels: We will create effective channels for ongoing communication between preschools and our school to obtain pertinent information to best support student transitions. We will also create effective channels for ongoing communication with parents/guardians to support student transitions.

Introduction of Elementary School Environment: We will familiarize preschools with the physical layout and routines of the elementary school with an open house. We will also have our current 3K and PK students visit kindergarten classes.

Transition Materials for Parents and Students: We will provide informational materials and resources to assist parents and students in the transition.

School Tour Opportunities for Preschoolers: We will offer opportunities for preschoolers to tour and become acquainted with the school.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$519,273	X	Priority 1, 2, 3, 4, and 5
Title I, School Improvement 1003(a)	Federal	NA	X	Priority 1, 2, and 5
Title II, Part A	Federal	$59,994	X	Priority 1
Title III, Part A	Federal	$22,144	X	Priority 1 and 2
Title III, Immigrant	Federal	NA	X	Priority 1and 2
Title IV, Part A	Federal	$6,913	X	Priority 1 and 3
Tax Levy (Fair Student	Local	$4,394,252	X	Priority 1, 2, 3, 4, and 5

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Greta Hawkins
Assistant Principal (Where Applicable)*	Aqsa Naureen
English as a New Language (ENL) Teacher*	Robin Nork
Teacher (if school has a bilingual program must be a bilingual teacher)*	Tania Zeitoune
Parent/Guardian*	Daphney Leveille Quinones
Teacher/Coach	Debbie Chen
Parent Coordinator	Lauren Braithwaite
School Counselor	Valerie Ferguson
Related-Service Provider	Joan Postrygacz
Assistant Principal	Tara Boyle
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

430

Total number and percentage (%) of current ELLs:

109 (21.5%)

Total number and percentage (%) of former ELLs:

13 (3.0%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

85 (78.0%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

24 (22.0%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1 (0.9%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

25 (22.9%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	ICT	Spanish	2025			1		1									2
DLBE	GE	Spanish	2025	1													1
DLBE																	0
				total: 1	total: 0	total: 1	total: 0	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Under CR Part 154, Stand-alone ENL instruction is implemented with specific requirements based on students' English proficiency levels. There are two TESOL certified teachers serving grades K-5, providing stand-alone ENL services. ELLs in all classes are grouped in mixed proficiency levels. Entering and emerging ELLs at P.S. 90 are provided 180 minutes of standalone instruction each week from a TESOL certified teacher, in no more than two contiguous grades.

Integrated ENL:

Integrated ENL is a co-teaching model where a TESOL-certified teacher works alongside a content area teacher to deliver instruction that supports both English language development and academic content learning. There are two TESOL certified teachers providing integrated services to students in grades K-5. All ELLs, regardless of proficiency level, must receive some portion of their ENL instruction in an integrated setting. They service all ELLs in non-DL classes and that do not have a teacher who holds TESOL certification. The amount of integrated instruction varies based on the student's English proficiency level. TESOL teachers collaborate and plan with the classroom teachers in order to prepare for upcoming lessons.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

No

Dual Language Bilingual Education (DLBE):

The ELLs in the Dual Language program are serviced by Bilingual certified teachers in Bilingual/ICT classes. They receive the mandated number of ENL instructional minutes as per CR Part 154: 360 minutes/week for Entering and Emerging ELLs, 180 minutes for Transitional and Expanding ELLs, and 90 minutes for Commanding former ELLs.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

All teachers are familiar with the Units of Study in CR Part 154-2 and ensures that the mandated number of instructional minutes are provided. All teachers are given a list of the ELLs in their class with their proficiency levels at the beginning of the school year. The ENL coordinator assists the ENL teachers in creating a schedule that clearly indicates which periods include Integrated and Standalone ENL instruction. A copy of the schedule is given to administration and also visibly displayed on the classroom door.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

The delivery of ELA and ENL instructional minutes can vary across different program models depending on the goals, structure, and language needs of the students.

ELA:
Instructional Minutes: ELA is allocated two periods per day throughout the school

Curriculum Focus: Includes reading, writing, listening, and speaking in English, focusing on literature, comprehension, writing skills, vocabulary, grammar, and spelling.

Delivery: Delivered by a general education/special education teacher and includes differentiated instruction for students at varying levels of proficiency.

ENL:
Instructional Minutes: ENL is provided as a separate standalone program or integrated instruction, with 180 minutes of direct instruction per week for standalone and another 180 minutes of instruction per week for integrated instruction, depending on the student's proficiency level. Students at the commanding level are provided with 90 minutes of explicit small group with their classroom teacher, with support from the TESOL certified teachers.

Delivery: Instruction focuses on developing English language proficiency in the areas of speaking, listening, reading, and writing. This is generally delivered by a specialized ENL teacher.

Home Language Arts is delivered as part of dual language program, where students will receive instruction in their home or native language alongside English. The goal is to support literacy development in both languages, affirm students' cultural identities, and promote academic achievement. Here's how HLA is commonly delivered:

Delivery: Instruction is delivered by certified bilingual teachers who are fluent in the students' home language and trained in literacy pedagogy.

Integration with ENL Services:
Students may receive HLA instruction during part of the day and English as a New Language (ENL) support during another.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

There will be two Dual Language classes, second and fourth grade. Classes are a mixed ENL Spanish speakers and Spanish proficient speakers. The teachers use 50/50 model by alternating languages. The programs include ENL components. The ELLs in the Dual Language program will receive the mandated number of ENL instructional minutes as per CR Part 154: 360 minutes/week for entering and emerging ELLs, 180 minutes for transitional and expanding ELLs, and 90 minutes for Commanding former ELLs. The rationale of the program is to ensure all Dual Language learners, both EPs and ELLs to become bilingual, bi-literate, and bicultural so that they will meet the grade appropriate State Common Core and city educational standards.

b. In which language(s) is each core content area taught?

Instruction in ELA and Math will be in both Spanish and English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Not applicable.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

78% of the ELLs are Newcomers. Effective instruction for Newcomer ELLs and Developing or Long-Term ELLs differs in significant ways because of their varying levels of English proficiency, academic experiences, and language needs.

Newcomers:
Instructional Focus: Newcomers require intensive language development with a strong focus on building foundational English skills in listening, speaking, reading, and writing.

Areas of Focus:
Basic vocabulary and expressions (e.g., greetings, everyday items, simple verbs).
Simple sentence structures and basic grammar.
Pronunciation and basic conversational English.
Use of visuals, gestures, and scaffolding (e.g., sentence frames, graphic organizers) to support comprehension.
Content: Newcomers may have little background knowledge in the content areas, so instruction often includes scaffolded or modified content that is simplified without compromising the subject matter.

Developing ELLs:
These students have some understanding of English and can communicate with some fluency, but they still make errors and have gaps in vocabulary and grammar.
Instructional Focus: At these stages, instruction shifts toward expanding academic language, improving fluency, and enhancing reading comprehension and writing skills. Developing ELLs need more complex language structures and academic vocabulary.

Areas of Focus:
Developing academic vocabulary related to specific subjects (math, science, social studies).
Complex sentence structures and grammar (e.g., using past, present, and future tenses correctly).
Emphasis on reading comprehension strategies, such as identifying main ideas, making inferences, and summarizing.

Writing: Moving from simple sentences to paragraphs and short essays.
Content: Content can be more rigorous than for Newcomers, but still involves a lot of scaffolding. Teachers will typically use visuals, sentence frames, and guided practice to ensure they can engage with grade-level content.

Long-Term ELLs:
These students have been in the U.S. for several years but still face challenges with academic language. They might have relatively high fluency in social English but struggle with academic language or content-specific terms.
Instructional Focus: The instruction for long-term ELLs focuses on academic rigor and refining their use of advanced academic language. The challenge is ensuring these students are fully academic language proficient so they can perform well on standardized tests and in content areas.

Key Areas of Focus:
Advanced academic vocabulary and disciplinary-specific language.
Refining writing and speaking skills for academic purposes, such as writing research papers or giving presentations.
Reading comprehension at grade level and using critical thinking and analysis skills.
Content: Instruction often involves grade-level content that is aligned with state standards. Teachers will focus on helping these students close the achievement gap by refining their language skills and developing higher-order thinking abilities.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.9% of the students are SIFE.

Ways we differentiate effective instruction for SIFE students:
Scaffolding Learning:
Provide language scaffolding: Use visual aids, graphic organizers, and bilingual resources. Pair students with peers who can support their language needs, if possible.
Use step-by-step instruction: Break down tasks into smaller, manageable steps. For instance, instead of assigning a long reading passage at once, give shorter excerpts and focus on one concept or skill at a time.
Use peer support: Pair SIFE students with peers who can assist them. Peer tutoring can help students feel more confident and connected.

Differentiating Content
Adjust the level of text complexity: Offer materials that match their language proficiency and content knowledge. For example, use simplified texts or bilingual materials for reading assignments.
Offer various learning modalities: Use videos, interactive activities, and hands-on learning to supplement written materials. Some SIFE students may learn better through visuals and actions rather than reading.
Ensure flexibility in assignments: Instead of rigid assessments, allow students to demonstrate learning in different ways—oral presentations, drawings, or even videos can be used instead of written tests

Culturally Responsive Teaching
Incorporate students' cultural backgrounds: Connect lessons to students' lives, histories, and experiences. Using culturally relevant texts and examples can make the learning more engaging and meaningful.
Validate diverse experiences: Create a classroom environment where all students' experiences are acknowledged and valued, whether it's through storytelling, discussions, or collaborative projects.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0% of students are Long-Term ELLs. 10% of our students are potential long-term ELL's. Effective instruction for Long-Term ELLs differs significantly from instruction for Developing ELLs because of the unique challenges and stages of language development each group experiences. Both groups require specialized strategies, but the differences in their language proficiency, academic needs, and prior educational experiences influence the approach to teaching.

Most Long-Term ELLs have been in the U.S. for many years but still struggle with academic English. They may have developed conversational skills but lack the academic language necessary for success in school. Instruction should target academic language development.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

2.1% of our ELLs are former ELLs. These students receive small group instruction from their classroom teacher, with target ENL supports from the TESOL certified teachers, as needed. When providing mandated instruction to former ELLs, the goal is to ensure that they continue to build on their language skills while also focusing on academic content.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Newcomers are most at-risk (78%). This group struggles the most in accessing grade-level content. Newcomers are at risk of falling behind academically. Language proficiency can often correlate with academic performance, especially in subjects like math, science, and social studies, which require high levels of academic language.

The next subgroup that is most at risk are the "ELLs who did not demonstrate sufficient ELP progress (Spring 2024 NYSESLAT) (45.9%). These students are most likely the Newcomers with with limited English proficiency.

The other at-risk group that is adversely affected in our school are the ELL's in temporary housing (22%). Many ELLs come from low-income families that face barriers such as lack of access to technology, insufficient academic support at home, or limited access to extracurricular opportunities.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Of the 13 former ELL's, 5 are considered at-risk. Four of these students scored level 1 or 2 on the ELA state exam either in the last school year, or the school year before. One student scored level 1 or 2 on the Math state exam last school year. Former ELLs may continue to face challenges with academic language even after they exit ELL services. This can include difficulty with reading comprehension, writing, and academic vocabulary. Former ELLs may score lower on standardized tests, particularly in reading and writing sections, due to the continued development of language skills after transitioning out of ELL services.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation are Spanish, Arabic, Russian, and Urdu respectively.

Ways we support communication and learning the values of home languages:
-We have staff that speak these languages and can bridge communication between school and families and translate materials and facilitate culturally responsive outreach.
-We have Dual Language Programs that offer instruction in both English and Spanish. We promote biliteracy and academic achievement.
-Our school has multilingual school signs, newsletters, and provides websites available in multiple languages.
-Formal policies ensuring families receive communication in their preferred language.
-Multilingual Libraries and Resources: Books and digital tools in students' home languages.
-Encourage literacy and cultural pride.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of ELLs are white, American Indian or Alaskan Native, Asian, and Black.
ELLs, along with all students at P.S.90, are included in planning and delivery of Culturally Responsive and Sustaining Education through a variety of subjects, class assignments, and projects. Students are reminded that our school is a welcoming and safe environment; they are encouraged to express themselves freely but appropriately. Instruction in all content areas allow opportunities for students to apply to the real world.

P.S. 90 celebrates the extensive heritage and cultures of our school community by inviting families and students to collaborate on projects that educates all. Presentations are held at our school in which culminating projects are showcased. These include cultural celebrations, slideshows, interviews, poetry, and dances celebrating Black History Month, AAPI awareness, EID, Cinco de Mayo, and much more.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Progress Breakdown:
Met Progress by Exiting ELL Status: 9 (12/2%)
Met Annual Progress Target: 14 (18.9%)
Met Safe Harbor Cumulative Growth 1 (1/4%)
Progress Not Met: 50 (67.6%)

A significant achievement gap exists. This highlights the need to identify and address factors hindering progress for a majority of ELL students. This also indicates a gap between those achieving proficiency and those needing more support.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Of the 90 ELL's with sufficient data, the percentage rate increases as the proficiency levels increase. We have the largest percentage of Expanding ELL's, and the smallest percentage of Entering ELLs.

Findings in multiple years of our data show that students generally do well in the Speaking modality throughout the grades. Writing is challenging for most students of every proficiency level. The reading modality scores decrease as the students move to the next grade. Many students score low in the Listening modality. This is likely because it is not a skill that is explicitly taught and practiced in classrooms or at home. The Listening modality also requires students to pay close attention to narratives from an audio and not a live person, which isn't a common task in or outside of school. The speaking modality appears to be the strongest modality across most grades and years. This could be because speaking skills develop earlier in language acquisition compared to reading and writing. There are limited high performers. There are very few students scoring exceptionally high ("strength") in any modality across both years. Writing seems to be a weaker area compared to speaking, particularly in lower grades. There's a slight improvement in some grades, but the overall numbers are low. In the writing modality, some students with writing strength suggest it's an area that needs more focus. Similar to writing, there are a few instances of students performing well in listening. Lastly, while speaking remains the dominant modality, there seems to be some fluctuation in the number of students performing well across grades between the two most recent NYSESLAT administrations.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Spring 2024:
22 students in grades 3-5 took the ELA assessment and the NYSESLAT:
ELA Level 4 - 0 students
ELA Level 3 - 3 students
ELA Level 2 - 6 students
ELA Level 1 - 13 students

26 students in grades 3-5 took the Math assessment and the NYSESLAT:
Math Level 4 - 1 student
Math Level 3 - 9 students
Math Level 2 - 12 students
Math Level 1 - 4 students

English language learners did not perform well on the ELA assessment. The majority of our ELL's scored a level 1 or 2 on the ELA exam, across all proficiency levels.

English language learners perform better on the math assessment than they do on the ELA assessment. The majority of the ELL's that took the math assessment scored a level 2 or 3, across most proficiency levels.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There are ELLs with IEPs on every proficiency level. These students might not increase their level of proficiency because these students may make slower progress in developing language skills due to the compounded challenges they face. The need for individualized accommodations and modifications can result in them taking longer to achieve language proficiency. The range of disabilities within this group is broad. Some students may require significant scaffolding and differentiated instruction, especially in areas such as reading comprehension and writing,

which can affect their performance on the NYSESLAT.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Rather than isolating language instruction, effective schools embed it into subject areas like math, science, and social studies, ensuring ELLs develop both academic skills and language proficiency simultaneously. Teachers adjust instruction based on students' language proficiency levels, using strategies like visuals, hands-on activities, and collaborative learning to reinforce understanding.

Teachers build on students background knowledge. Teachers pre-teach and introduce key vocabulary and concepts before diving into a new topic. This activates what students already know and helps them make connections to new information. Teachers incorporate students' cultural backgrounds and experiences into the curriculum, making learning more meaningful and relevant

Teachers provide differentiated instruction for students to demonstrate their understanding, like presentations, drawings, or writing in their native language alongside English. Activities are designed to encourage discussion and collaboration in small groups, giving ELLs opportunities to practice speaking and listening in a safe space

In addition to written exams, teachers use projects, presentations, or portfolios to assess a student's knowledge and critical thinking skills.
During the early stages of language acquisition, teachers prioritize understanding the content over perfect grammar.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

By implementing the following practices, the school leadership team creates a system where ELL students are not just included in core classes but have the necessary support to thrive within them.

The leadership team establishes a school-wide vision for ELL education, emphasizing their right to participate fully

in core classes. SLT allocates resources for teachers to attend workshops and training on effective ELL instructional practices. The team uses data on ELL student progress to identify areas of strength and weakness, informing curriculum adjustments. SLT ensures the school has qualified ENL and bilingual teachers, as well as instructional materials and technology that support ELL learning. Leadership makes sure there are clear communication channels to inform families about the curriculum, student progress, and available resources in their native language.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core content is delivered in each program model (ENL/DL) based on the mandated number of instructional minutes and ELLs' proficiency levels . The instructional approaches and methods used to make content comprehensible to foster language development and meet the demands of the Next Generation Learning Standards are the following:

The ENL teachers are familiar with the Units of Study in CR Part 154-2 and ensures that the mandated number of instructional minutes are provided. All teachers are given a list of the ELLs in their class with their placement levels at the beginning of the school year. The ENL coordinator assists the ENL teachers in creating a schedule that clearly indicates which periods include Integrated and Standalone ENL instruction. A copy of the schedule is given to administration and also visibly displayed on the classroom door.

English only classrooms with ELLs:
Language of instruction is in English with scaffolded support. Teachers use sheltered instruction to integrate language development with core content. Teachers provide differentiated instruction using visual supports, structured academic conversations, sentence frames, and differentiated texts to build comprehension.

Dual-Language Bilingual Education
Language of Instruction is the 50/50 model (English and Spanish). Teachers emphasize biliteracy and bilingual proficiency alongside academic mastery. Teachers use collaborative learning, multi-language strategies, and explicit language instruction tied to content knowledge.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.
a. ELLs with IEPs

Instructional strategies used to provide access to grade level academic content areas and accelerate English language development are building on students strengths, addressing learning disabilities by tailoring instruction to the student's specific needs outlined in their IEP, implementing principles like providing multiple means of engagement, representation, and action to ensure accessibility for all learners.
Students can explore technology tools like text-to-speech software, audiobooks, or mind mapping programs to support specific learning challenges.

All students have grade-level Into Reading books and Envision math books. Students in the lower grades have Fundations books and learning materials that include but are not limited to magnetic tiles and dry-erase boards. All students have their own log-in to Sora
and iReady. Teachers and staff have access to Reading A to Z , Nearpod, Flocabulary, and access to the Into

Reading Guided Reading library. There are promethean boards installed in every classroom in which all teachers use on a daily basis as well as dry-erase boards with chart paper. Printers are available in every classroom and copiers are available. We also have document cameras available for teachers to utilize. All classrooms have laptops or ipads on charging carts available for every student in all K-5 classrooms. Students also have access to PocketTalk Translators, as well as google translate.

b. SIFE

All ELLs are screened to determine if they are SIFE. Home Language Surveys are analyzed, student interviews or parent interviews are conducted, and prior school records are analyzed, if available. A school plan for SIFE students is in place. Once a student is identified to be SIFE, he or she is immediately assessed using current DOE questionnaires and past indicators, classroom tests, grades, projects, observable classroom performance, and articulation with the classroom teacher.

It is important to build foundational literacy and Implement intensive literacy interventions for students with limited reading and writing skills. we use bilingual resources to support comprehension while transitioning to English. For SIFE students, our teachers provide scaffolded lessons with visuals, graphic organizers, and hands-on activities. These students also have peer support and collaborative learning to build confidence and engagement

SIFE students are eligible for additional educational assistance at PS 90. He or she is eligible to receive AIS during the school day. He or she will also be grouped appropriately during ENL instruction so that the instruction will be tailored to the needs of the student. Constant articulation between the ENL teacher and the classroom teacher will ensure the student receives the necessary attention in the classroom. He or she will be offered a Title III program before school or after school. During the school day, the student will receive the services of content area teachers in all areas.

c. Newcomers

Newcomers have unique and difficult educational and social challenges that must be addressed. The plan at PS90 requires coordination between parents, students, and teachers to best serve the needs of the ELL students. Teachers in PS 90 all have received and will continue to receive ongoing training to work effectively with ELLs.

In September, and throughout the course of the school year, newly enrolled ELLs receive immediate attention. They are greeted upon registration, identified and tested within 10 days using the NYSITELL. The ENL teacher and the classroom teacher will explain the school rules and expectations to the student. Every attempt will be made to ensure the student is comfortable and secure in his/her new environment. The student will then receive all mandated ENL services.

ENL and classroom teachers create a classroom environment that fosters language acquisition. Displays of their culture are evident in their classroom. Newcomers are partnered with students with identical home languages and similar cultural backgrounds. They are provided with TPR instruction, school survival English, basic phonic skills, basic vocabulary development activities, and beginning reading comprehension skills. Entering level ELLs will be given more opportunities in mixed-level groups in speaking and listening activities so they develop communicative proficiency as soon as possible. Newcomers are grouped flexibly based on their recognized needs into appropriate reading and writing groups. Expectations for newcomers are set high to ensure they develop their academic and English language skills. Our school psychologist and parent coordinator are all aware of who the newcomers are and provide not only support for them but for families as well, through workshops. Teachers of newcomers are expected to give these students additional patience, understanding and attention. Students are given work that is challenging and they are expected to provide maximum effort. The work is also tailored to their language ability and

as their language skills progress, the work becomes more sophisticated. Their progress is frequently measured by analyzing their classwork, observing classroom performance, test scores, projects, interim assessments and teacher-student conferences.

The classroom teacher and the ENL teacher consistently articulate to analyze student progress, to scaffold instruction and to support the efforts of the student. Dictionaries are made available if they can read in their home language. Visuals are heavily used in lessons and students are programmed to go on the Imagine Learning program several times a week.
Newcomers from third grade up are provided the DOE downloaded translated glossaries in math, science and social studies and are taught to utilize a bilingual dictionary so they can look up any words they do not understand.
Contact is made with a relative/caregiver to see if English is spoken in the home and determine how much assistance the student can receive if he/she does not understand portions of the homework.

Newcomers are invited to the Title III Before School Program and After-School Program,. They are strongly encouraged to attend summer school, if offered. They also have the opportunity to receive additional academic help through AIS or a tutoring program. Teachers encourage the participation of the newcomers in all classroom activities and attempt to make classroom participation enjoyable and comfortable for the students. As the newcomers progress, they participate more, their classroom performance improves, and their confidence builds.

d. Long Term ELLs

Long term ELLs at PS 90 might receive AIS in addition to their mandated ENL services. Those with IEPs would receive all the necessary services and accommodations that the IEP indicates. They would be encouraged to enroll in the Title III after School Program and encouraged to attend a Home Help program. During ENL class, instruction for long-term ELLs would be focused on reading and writing modalities and placed in a group that suits their academic needs. Their NYSESLAT, ELA, and other content scores would be analyzed and additional instructional attention would be placed on any weak modality. Long term ELLs would be given additional academic assistance and attention to assist them over any last hurdles that are preventing them from attaining proficiency on the NYSESLAT exam.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

General education and ENL/special education teachers collaborate to deliver lessons that address both content and language acquisition needs. This allows ELLs with IEPs to access grade-level material with targeted support.
Teachers provide various instructional approaches based on the student's IEP and learning style. This might involve graphic organizers, adapted assignments, or alternative assessments.
Teachers provide temporary supports like graphic organizers, sentence starters, and visuals to help students understand complex concepts and complete tasks.

Entering and Emerging students receive targeted ENL instruction in small groups outside the classroom, as well as receiving additional language support within the classroom, along with the Transitioning, Expanding, and Commanding students.
Teachers directly teach vocabulary and grammatical structures relevant to the content area, ensuring ELLs with IEPs develop the language skills needed to succeed.

Students have access to using text-to-speech software, audiobooks, mind mapping tools, and other technology can be used to support specific learning needs identified in the IEP. Students can also use educational games, interactive apps with audio support, and online dictionaries to provide additional practice and support language

acquisition.

Our guidance counselor can help ELLs with IEPs navigate the challenges of language acquisition and cultural adjustment, promoting positive self-esteem and social-emotional well-being. Pairing ELLs with IEPs with peers who can provide language and social support can foster a sense of belonging and connection within the school community.

The IEP team, including general education, ENL, and special education teachers, collaborate to ensure the student receives the necessary support within the least restrictive environment.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

All instruction is conducted in English in a freestanding ENL program. However, some initial assessments might include questions or informal evaluations in the student's home language to get a sense of their literacy skills in their first language, which can inform the differentiation of instruction. New registrations that are Spanish speaking students are given the Spanish Lab.

In Dual Language classes, students are assessed in both their home language and English to determine their proficiency. In the home language, assessments may include:
Oral language assessments: to evaluate speaking and listening skills in the home language.
Reading and writing assessments: to evaluate literacy in the home language.
Ongoing Monitoring: Students' proficiency in their home language is often monitored regularly through classroom activities, reading comprehension exercises, writing tasks, and oral presentations in both languages.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

There are joint professional development opportunities for general education and ENL/bilingual teachers on effective co-teaching strategies, differentiated instruction for ELLs, and best practices in specific program models (e.g., Dual Language).

Training on collaborative planning techniques and tools using planning time. There is dedicated time in the school schedule for co-teachers to plan lessons collaboratively. This allows for aligning curriculum, developing instructional materials, and strategizing for individual student needs.

Establishing common assessments for both content and language acquisition allows co-teachers to track student progress and adjust instruction accordingly. There are periodic data analysis meetings used to discuss student needs and develop targeted interventions.

Teachers co-teach by co-planning lessons that integrate content and language objectives. Teachers utilize a variety

of co-teaching models to cater to different learning styles and language proficiency levels.

Teachers maintain regular communication and reflection on co-teaching effectiveness to ensure the alignment of instruction across both language classrooms. The ENL/bilingual teacher collaborates with the general education teacher to plan and provide targeted language support for ELL students within the general education classroom or in a separate setting for more intensive instruction. Co-teachers develop clear communication channels to facilitate student transition between settings. We also have meetings to discuss student progress and adjust support as needed.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

As CR Part 154.2, PS 90 provides comprehensive professional development to all personnel in the school. Professional Learning opportunities are ongoing throughout the school year. All teachers will receive 15% of total hours in training and 50% of the total hours for DL/ENL teachers for specific professional development. During the training, teachers are acquainted with the challenges and the opportunities in ELL education. They develop an understanding of changing ELL issues, learn about ENL methodologies to use in their lessons, create an environment for language acquisition in their classroom, stages of language acquisition, how to provide an adequate oral foundation, learn to elicit and encourage ELL participation, ways to assist newcomers/beginners, differentiate and scaffolding instruction for ELL's, expectations for ELL's, program placement, testing, mandates, and grading ELL's.

Consistent communication is stressed between the ENL teachers and classroom teachers with ELL's in their classrooms. This helps ensure that any issues or problems are addressed, teachers are aligning instruction, and classroom teachers are receiving the necessary support and assistance required for the education of the ELLs in their classrooms.

ELL teachers have opportunities to attend workshops and conferences to continue to grow and learn about new issues and approaches for their ELL population.

Some of our professional learning topics have included:
Co-Teaching Models: Strategies for ENL and content teachers to collaborate effectively.
Family Engagement: Strengthening partnerships with multilingual families through culturally responsive outreach.
Social Emotional Learning for ELL's
Building relationships with newcomers
Sharing best practices
Chancellor's regulations
Fundations Training
HMH Into Reading
Vocabulary training
Discussion Protocols
Student-led Conferences
Integration of technology
Math-Review Scope and Sequence
Move to Improve
Danielson’s Rubric
Managing Challenging Behaviors
Understanding Childhood Traumatic Stress by the Child Mind Institute

Critical Thinking
Sustainability
Promoting Productive Struggle
Trauma Informed Teaching
Seeing Underneath Children's Challenging Behaviors
What Schools Can Do to Ease Students' Anxiety

Administration keeps a log of all professional learning.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

To meet the CTLE ELL-specific hours mandated by CR Part 154, we implement a structured professional development plan that ensures educators receive targeted training in language acquisition and instructional strategies for ELLs.

Here's how the schools plan aligns with certification renewal requirements:
-Workshops & Seminars: Interactive sessions on best practices for ELL instruction.
-Professional Learning Communities: Ongoing collaboration among educators to refine strategies.
-Coaching & Peer Observations: Opportunities for teachers to receive feedback and refine their approach.
-Online Learning Modules: Flexible training options on language acquisition and instructional differentiation.
-The school tracks CTLE hours through professional development logs and certification renewal records.

Administration keeps a log of all professional learning.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

We use results from HMH Into Reading benchmark assessments, Fundations assessments, Heggerty assessments, iReady/Acadience levels as well as formative and summative assessments to guide instructional planning for ELLs. Data is used to determine assignments, flexible groupings, and what skills need to be retaught.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

PS 90 has the following intervention services in place to support all ELL subgroups in ELA, Math, and other core content areas. All programs are in English. They are not limited to but include ELLs and directly address their needs and interests:

AIS in Early Childhood grades - This program targets holdovers and students who are low-functioning to help them achieve grade-level learning standards in ELA

Envision math - The math program has built-in intervention strategies for ELLs in which classrooms teachers can use for all students that need it

Speech and SETSS - Students will receive these intervention services if their IEP indicates necessity

Title III Before School, After-School tutoring - Newcomers, SIFE and Entering/Emerging ELLs will have priority for these after-school programs that provide further support in literacy intervention

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

The leadership team analyzes various data sources, including disaggregated ELL data, to pinpoint specific areas where ELL students might need additional support. This ensures targeted interventions instead of a one-size-fits-all approach. Regular assessments throughout the year (screening, diagnostics, progress monitoring) provide a continuous picture of student progress in English language acquisition and academic achievement. The data analysis informs the development of a core curriculum with consistent protocols for reading, writing, and speaking. This ensures all students have a solid foundation in language skills. Additionally, teachers tailor units and lessons to

address the specific needs of ELL subgroups based on their English proficiency levels and native languages. This ensures instruction is differentiated and meets students where they are. Progress monitoring data helps determine the intensity and frequency of Tier 2 and 3 interventions, ensuring the right level of support is provided.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At PS 90, teachers continually give checks for understanding during their lessons, entry/exit tickets, writing assignments, projects, and teacher-created low stakes quizzes as formative classroom assessments. These assessments are crucial for ongoing progress monitoring. These can target specific language skills or content-area understanding.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Spanish speaking ELLs are evaluated in their home language when they take Spanish Lab upon enrollment. Upper grade DL students take the Spanish Reading Comprehension test in the Spring. Early Childhood grades DL program students are assessed in Spanish through Estrellita and use Arriba la lectura in conjuction with HMH Into Reading. All ELLs that are dominant in their home languages are offered opportunities to take state exams in their language. They are also provided bilingual dictionaries. Additionally, students use text-to-speech voice translation to write essays.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative assessments we use are: HMH Into Reading benchmarks assessments, Envision assessments, Fundations Assessments, NY State Exams in ELA/Math/Science, NYSITELL and NYSESLAT. Scores on standardized tests can provide a general benchmark for how well ELL students are performing compared to their peers. This data can help identify areas where the ML/ELL program might need improvement.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

ENL Coordinator: Ms. Nork
Teacher/ENL: Ms. F. Chen
Teacher: Ms. Alfaro

Teacher: Ms. D. Chen
Teacher: Ms. Villacampa
Teacher: Ms. Cesar

Ms. Nork generates a list of all students eligible to take the NYSESLAT from ATS. She works with administration to create a testing schedule. Before administering the exam, all selected proctors are trained by central. If proctors are not able to attend the training, Ms. Nork turnkeys the information. The testing team will always include certified teachers that are familiar with testing procedures. The testing schedule will allow enough teachers to administer the exam so that ENL teachers will still be able to provide mandated services to ELLs. Ms. Nork keeps track of all ELLs and NYSESLAT sessions as they are completed.

Once testing is completed, all proctors will be trained by central to score the assessment. Any scorer unable to attend the training, will be trained by Ms. Nork.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Our school informs parents and students about potential accommodations well before testing. Practice tests with accommodations are given where we offer practice tests under simulated testing conditions that include approved accommodations students might use on the actual test day. This allows students to become familiar with using the accommodations and reduces test anxiety.

Students with extended time practice through timed activities in class that gradually increase in duration. We let students know they can use this accommodation on tests, if needed. Preferential seating is practiced by having designated quiet areas in the classroom where students can work with minimal distractions.

The use of bilingual dictionaries or glossaries throughout the year is modeled on how those tools to look up unfamiliar words. We provide students with age-appropriate bilingual versions and practice using them during reading and writing activities. For students with scribe or reader support, we practice having students dictate their thoughts and ideas to a classmate or teacher who can write them down. This can be done during brainstorming sessions or for short writing assignments. Additionally, students practice taking turns reading passages aloud to each other. For math accommodations, we create classroom-specific math glossaries or formula sheets that students can refer to during assignments and tests.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

All newly identified ELLs are given a Letter of Entitlement, in English and their home language, inviting parents to school for a parent orientation scheduled within 1-2 days of registration. Orientations are held in the families home language, translated by a staff member from PS 90. Parents are given an introduction of the meeting, an explanation of the NYC English language instructional programs offered, watch the ELL parent orientation video and then provided with a Q&A session, which includes the schools expectations for all learners. Once that is complete, each family is asked to sign individual parent orientation agendas as evidence the meeting took place. The ENL coordinator keeps all documents in binders in a secure location.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual meetings are held to discuss goals, language development progress, language proficiency assessment results, and language development needs in all content ares. We try to hold the meetings during parent teacher conferences. Classroom teachers either share their schedule with the ENL providers, or we make our own appointments to speak with parents during these conferences. During this time with parents we share the students

latest NYSITELL or NYSESLAT scores (and insight into what the scores mean) and our goals for the student. Any parent that we might not have a chance to meet with during these conference times, are invited to either meet with us in person, virtually, or by phone during our preps or OPW. At the end of every meeting, parents are informed they will be receiving an agenda/sign in sheet that must be signed and returned to the school as evidence the meeting took place.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We ensure that all families receive all school communications and documents in the language they best understand by distributing all our documents/notices with English on one side and the translated version on the other side. We have bilingual staff members, including teachers, administrators, or parent liaisons, who can communicate directly with families. We utilize Class Dojo for all communication with families. Class Dojo can translate all messages into 35 different languages for seamless communication between administration, teachers, students and families. We also use NYC DOE Infohub for templates common letters to families in the 9 covered languages.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

PS 90 organizes events that celebrate families' cultural heritages. This includes potlucks featuring traditional dishes, cultural performances, or family events focused on specific cultural practices.

We hold workshops, in multiple languages, that provide families with strategies to help their children succeed in school. Topics can cover homework support strategies, navigating report cards, or understanding different teaching methods.

Parent-Teacher Conferences are held in in multiple languages to ensure that families are comfortable. We utilize translation services, bilingual staff, or encourage families to bring interpreters.

We conduct surveys and focus groups with families in their preferred languages to gather feedback on their needs, interests, and preferred communication methods

PS 90 has a partnership with a GED program, which includes many families of our MLs/ELLs.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

The Parent Teacher Association has parent translators present at meetings to ensure families of ML/ELLs can receive the information in their preferred language.

Information from the SLT are always posted on Class Dojo and letters go home, both of which can be translated into a families preferred language.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

PS 90 has established several culturally and linguistically responsive partnerships to support the needs of its diverse school community. These partnerships include:

Ballet Hispanico: This organization provides culturally rich programs that celebrate Hispanic heritage through dance, fostering an appreciation for diverse cultural expressions among students.

Center for Artistic Development: By collaborating with this center, PS 90 offers programs that enhance students' artistic skills while also incorporating elements of cultural awareness and expression.

Coalition for Healthy School Foods: This partnership promotes plant-based nutrition education, integrating lessons that respect and reflect the diverse dietary practices and cultural food traditions of the student body.

NYC DOE School Wellness Committee: By participating in this committee, PS 90 aligns its wellness initiatives with culturally responsive practices, ensuring that health education and activities are inclusive and relevant to all students.

Move-to-Improve Program: Through this program, PS 90 engages students in physical activities that are not only fun and beneficial but also culturally inclusive, encouraging participation from all backgrounds.

Fresh Fruit and Vegetable Program: This initiative not only promotes healthy eating habits but also incorporates fruits and vegetables from diverse cultural backgrounds, celebrating the culinary diversity within the school community.

Re-Fashion Recycle Bin: This initiative not only promotes environmental sustainability but also encourages students to explore and appreciate diverse fashion styles and cultural clothing traditions.

Comfort Dog Program: The presence of a comfort dog provides emotional support to students from various cultural backgrounds, helping to create a safe and inclusive school environment.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

None at this time

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Mrs. Nork - ENL Coordinator
Ms. F. Chen - ENL Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

When a student arrives for registration, the pupil accounting secretary calls on Mrs. Nork to fill out the Home Language Survey. If the family fills out the HLIS with a language other than English, Mrs. Nork will then begin the process of ELL identification. If the student has not been admitted into a NYS school within the last two years, Mrs. Nork will complete the individual interview to determine if the student should take the NYSITELL. The NYSITELL will determine the level of English proficiency.

For students that also have an IEP, based on evidence reviewed, the Language Proficiency Team will make the determination if the student has second language acquisition needs and should take the NYSITELL or not. If the team determines the student not an ELL, they will go through the process for determination.

Any student that speaks Spanish as their home language will also be given the Spanish Lab-R. This assessment will be administered by one of our Spanish speaking pedagogues.

All parent notifications (results, orientation, placement, etc) are prepared for students during Mrs. Nork's prep periods, admin. periods and OPW. Any parent orientations held during the school year, causing missed instruction will be made up.

Mrs. Nork will enter all students identified as EL/MLLs into STARS and scheduled for services based on NYSITELL

proficiency levels and CR Part 152-2

The identification process for each students is completed within 10 days of being registered, or 20 days for students will an IEP.

In order to make sure that mandated services for ELLs are not interrupted, all students, teachers, and providers are made aware of the ENL teacher's service times. ENL teachers also keep accurate records of their services and who might have missed mandated time. If any minutes of instruction are lost, the ENL teachers make up the time to the students throughout the school year.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Greta Hawkins

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Florence	Chen	Teacher - Regular Grades		N
Robin	Nork	Teacher - Regular Grades	10/30/2024	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	46	7.55%	46	7.59%	2	2
AZERBAIJANI (AKA AZERI)	2	0.33%	2	0.33%	0	0
BENGALI (BANGLA IN BANGLADESH)	2	0.33%	3	0.50%	0	0
CHINESE ANY	1	0.16%	1	0.17%	5	5
DARI/FARSI/PERSIAN	3	0.49%	3	0.50%	0	0
GEORGIAN	2	0.33%	2	0.33%	0	0

ENGLISH	343	56.32%	333	54.95%	75	75
RUSSIAN	32	5.25%	34	5.61%	4	4
SPANISH	130	21.35%	134	22.11%	16	16
TADZHIK (AKA TAJIK)	2	0.66%	2	0.33%	0	0
URDU	35	5.75%	36	5.94%	2	2
UKRAINIAN	6	0.99%	5	0.83%	0	0
SUSU (SOUSSOU)	0	0.00%	1	0.17%	0	0
UZBEK	3	0.49%	4	0.66%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School closing/non-attendance days	NYC DOE InfoHub pre populated notices , Class Dojo translates into 35 different languages, MLL Staff
Parent Teacher Conference Notices	NYC DOE InfoHub pre populated notices , Class Dojo translates into 35 different languages, MLL Staff
Generic Flyers	MLL Staff, Translation software, Class Dojo, OLA
IEP's	Office of Language Access, MLL Staff
MLL Parent Notifications	NYC DOE InfoHub
Permission Slips	MLL Staff, Google Translate, OLA, Translation software
School Events	Class Dojo, MLL Staff, Translation software

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting	How do you plan to offer interpretation services? Please outline the procedures and resources in

Type (e.g. parent workshops, PTCs)	place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Teachers and interpreters are scheduled to meet with families in their preferred language. Since conferences are still held virtually, there is a shared spreadsheet for all interpreters, staff, teachers, and administrators set up ahead of time. If there is a language in which we do not have an interpreter, NYCPS over the phone interpretation assistance will be used.
IEP Meetings	If interpretation is needed we use NYCPS OPI or staff members. All parties are informed of the scheduled meeting ahead of time.
ENL Parent Orientation	If interpretation is needed we use NYCPS OPI or staff members. All parties are informed of the scheduled meeting ahead of time. Multi-language materials are also used. Materials are translated by OLA or translation software with human review. PocketTalk translators are also available to translation/interpretation.
PTA Meetings	Parent Volunteer Interpretation and PocketTalk translators are also available to translation/interpretation.
Family Workshops	Workshops are held by ML staff members, Multi-language materials are available, Materials are translated by OLA or translation software with human review. PocketTalk translators are also available to translation/interpretation.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

All communications with parents are sent using Class Dojo, which can be translated instantly into 35 different languages. In the event of a student specific emergency, parents will be notified by a member of our staff that speak the same preferred language. If we do not have a staff member that speaks the same preferred language, we would you NYCPS OPI. The same protocol would take place if a parent has an emergency and needs to contact the school.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At the start of the school year, the LAC, in collaboration with the principal and assistant principals, will issue a school-wide directive clearly stating that the NYCPS Language Access Training on WeLearnNYC is mandatory for all staff members. We will leverage WeLearnNYC's tracking features to monitor staff completion. The LAC will regularly pull reports from the platform to identify staff who have not yet completed the training. Clear deadlines will be communicated for the completion of the training. The LAC will send out email reminders to staff members who have not yet completed the training. These reminders will include direct links to the WeLearnNYC course.

Additionally, the LAC will have a PD in the beginning of the school year to discuss Chancellor's Regulations A-663. Staff will know key points and procedures. We also have posters displayed, in staff common areas, promoting language access.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Our school will prominently display signage in the school lobby, hallways, and main office translated into the nine covered languages mandated by Chancellor's Regulation A-663. These signs will clearly state that LEP parents have the right to receive information and communication in their preferred language. We will create visually appealing posters with key information in multiple languages. These posters will explain the language access services offered by the school, including translation and interpretation.

We will have available printed materials that will include brochures and flyers translated into multiple languages that explain Chancellor's Regulation A-663 and the school's language access program. Distribution will occur at registration events, back-to-school nights, and parent-teacher conferences.

Welcome letters will be translated and sent to new families into multiple languages. These letters will introduce the school's commitment to LEP families and highlight their right to language access resources.
We will create a Parent's Guide to Language Access where we develop a comprehensive "Parent's Guide to Language Access" translated into multiple languages. This guide will explain the rights of LEP parents under Chancellor's Regulation A-663, how to request translated documents or interpretation services, contact information for the school's Language Access Coordinator (LAC).

During PTA meetings and international parent nights, we will ensure translated materials and interpretation services are readily available. Presentations and announcements should be delivered in multiple languages or with interpretation provided so that we can encourage LEP parents to actively participate and ask questions.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In order to gather feedback from LEP parents, in their preferred language, about the language services they receive, the school will backpack paper surveys that have been translated, online surveys via Class Dojo, organize small focus groups conducted by bilingual staff members, and gather feedback during Parent-Teacher Conferences utilizing interpreters.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Based on feedback, many parents/guardians had challenges with technology so we had several staff members available throughout the school year to assist them with connecting to Class Dojo and/or helping their child connect to devices. Class Dojo is our main way to inform families of important news and upcoming events and it has built-in translation so it's important for us to aim for 100% connectivity. Every year emphasize our school's commitment to ongoing feedback. We will continue to repeat surveys at regular intervals and encourage open communication channels with LEP parents. Based on feedback, this school year we began using PocketTalk translators that are available to students, as well has parents/guardians to help with translation and interpretation as needed.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School,Before School

Total number of ELLs to be served in this program:

109

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

8

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The purpose of the supplemental program is to further prepare and support ELLs English language acquisition and increase proficiency in order for them to perform the content and skills required by their grade level. The program will be funded by Title III funds. Supervision will be not be funded using Title III ELL funds.

Program 1: After-School English Language Acquisition Program

-This after-school program aims to enhance ELLs English language acquisition skills to better equip them to meet grade-level academic standards.

- Timing: After school on Wednesdays, Thursdays, and Fridays from 2:20 PM to 4:30 PM.

- Activities: ELLs will engage in small group activities focused on speaking, listening, reading, and writing in English. Activities include interactive language games, reading comprehension exercises, and writing workshops.

- Grouping: ELLs will be grouped by proficiency level into three groups: Beginner (Group 1), Intermediate (Group 2), and Advanced (Group 3). Each group will consist of 10 students. Total ELLs: 30.

- Instruction Delivery: Instruction will be delivered through small group instruction.

- Supervision: The program will be supervised by the school's Title III coordinator. Their regular work hours are 8AM-2:20PM.

Program 2: Before-School Language Enrichment Program

- The Program: This program aims to provide intensive language support to ELLs before regular school hours, focusing on vocabulary development and academic language proficiency.

- Timing: Before school on Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays from 6:50 AM to 7:50 AM.

- Activities: ELLs will engage in vocabulary building exercises, oral language practice, and academic language workshops to enhance their language skills necessary for content learning.

- Grouping: ELLs will be grouped by grade level.

- Instruction Delivery: Small group instruction where teachers utilize screener data to provide targeted interventions.

- Supervision: The program will be supervised by administration. Their regular work hours are M-F, 7:30 AM- 3:30 PM.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Learning new concepts and skills is challenging for many ELLs, and it is especially difficult for Newcomers to adjust to an unfamiliar environment and culture. ELLs need additional support to meet their needs; supplemental programs will provide a culturally inclusive environment for them to develop academic skills, develop positive social-emotional habits, as well as gain confidence and motivation through working with peers in smaller groups. These supplemental programs will help them thrive in school and in life outside of school.

Here's the rationale for each Title III ELL funded program, supported by qualitative and quantitative data analysis along with the data sources used:

Program 1: After-School English Language Acquisition Program

Rationale:
- Qualitative Data: Teacher observations and feedback from classroom assessments indicate that many ELLs struggle with academic language proficiency, hindering their ability to fully engage with grade-level content.
- Quantitative Data: Standardized test scores show that a significant percentage of ELLs are below proficiency levels in English language skills compared to their peers.

Data Sources:
- Teacher Observations:*Regular classroom assessments and informal observations by ENL teachers and content area teachers.

Program 2: Before-School Language Enrichment Program

Rationale:
- Qualitative Data: Feedback from ELL parents and guardians indicates a desire for additional support in vocabulary development and academic language skills to help their children succeed academically.
- Quantitative Data:Analysis of district-wide academic performance data shows that ELLs often lag behind their peers in language-intensive subjects like reading comprehension and written expression.

Data Sources:
- Parent Feedback: Surveys and parent-teacher conferences where concerns about language proficiency and academic success were discussed.
- Academic Performance Data: District-wide assessments in reading, writing, and other language-intensive subjects.

Summary of Data Sources:
- Teacher Observations and Assessments: Provide ongoing insights into ELLs' language proficiency and academic challenges within the classroom setting.
- Standardized Test Scores: Offer a standardized measure of language proficiency and academic achievement compared to state and national standards.
- Parent and Student Feedback: Reflects community perceptions and desires for enhanced educational opportunities tailored to ELLs' needs.

- Academic Performance Data: Quantitative measures of academic success and areas requiring improvement among ELLs within the district.
- Focus Groups and Attendance Records: Provide qualitative and quantitative evidence of the effectiveness of extended learning opportunities in improving ELLs' language skills and overall academic performance.

By utilizing a combination of qualitative and quantitative data sources, each Title III ELL funded program aims to address specific needs identified among ELL students, ensuring targeted support and improved educational outcomes.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Instructional programs and activities for Title III funded programs will be made available for all subgroup of ELLs, however we will begin by prioritizing our Newcomers, Long Term ELLs, and SIFE students. Programs will be available for students in grades K-5

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will begin October 8, 2025 through May 22, 2026, pending funding. We will have a program Before School (1 hour), After School (2:30-4:30pm) program. The morning program will be Monday-Friday, weekly, and the afternoon program will be Wednesday through Friday, weekly.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Instruction for the programs will be in English and Spanish, with language support for our Arabic, Russian, and Urdu speaking ELLs.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be 8 highly qualified teachers working in the programs, 3 of which are TESOL/Bilingual certified and 5 with Common branch licenses.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Instruction with technology will be in place (iPads, Laptops, and Smartboards). Materials for instruction include, but are not limited to Heggerty phonemic awareness program, Into Reading, enVision math, and Measuring Up. Dual Language students will be provided bi-literacy materials and bilingual dictionaries will be made available for Arabic, Russian, and Urdu ELLs. There will be no cost to Title III ELL.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Maintaining accurate records of ELLs served in Title III ELL funded programs is crucial for monitoring progress, evaluating effectiveness, and ensuring compliance with reporting requirements. Here's how your school can plan for implementation:

Record Keeping Process:

1. Student Identification:
- Utilize existing school records and enrollment information to identify ELLs eligible for Title III services based on language proficiency assessments

2. Program Enrollment:
- Document ELL participation in Title III funded programs, including program start and end dates, session attendance, and specific program components (e.g., after-school and morning sessions)

3. Assessment Data:
- Maintain records of pre-program language proficiency assessments and ongoing progress monitoring data (e.g., quarterly assessments, formative assessments) to track individual student growth.

4. Individualized Education Plans (IEPs) and Accommodations:
- Document any IEP goals related to language acquisition and accommodations provided during program sessions to ensure alignment with student needs.

5. Parental Consent and Communication:
- Keep records of parental consent forms for program participation and communicate regularly with parents/guardians regarding student progress and program updates.

6. Evaluation and Outcomes:
- Collect data on program effectiveness through student performance metrics, teacher evaluations, and qualitative feedback from participants to inform future program improvements.

Implementation Plan:

1. Data Collection Tools:
- Utilize a centralized database (google docs) to store and manage ELL program records securely. Ensure accessibility for program administrators, teachers, and support staff involved.

2. Professional Learning and Support:
- Provide professional learning for teachers and staff responsible for program implementation on data collection protocols, confidentiality guidelines, and compliance with Title III reporting requirements.

3. Regular Monitoring and Review:
- Establish a schedule for regular monitoring and review of program records to ensure accuracy, completeness, and alignment with program goals and objectives.

4. Reporting and Documentation:
- Prepare comprehensive reports documenting program outcomes, student progress, and compliance with Title III ELL funding requirements for submission to district administrators and funding agencies as needed.

5. Continuous Improvement:
- Use data from program records to inform continuous improvement efforts, including adjustments to instructional strategies, resource allocation, and student support services based on observed outcomes and feedback.

6. Compliance and Accountability:
- Maintain compliance with federal, state, and district guidelines for data privacy and reporting related to Title III ELL funding. Ensure transparency in record-keeping practices and adherence to established protocols.

Administration, Grade Team Leaders, and our ENL coordinators will administer and monitor the program, and where the records will be stored.

By implementing a structured approach to record-keeping and program implementation, your school can effectively support ELLs in achieving English language proficiency and academic success through Title III ELL funded programs, while also meeting regulatory and reporting requirements.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Title III professional development at P.S. 90 is an important component of our ELLs academic success.

Professional Development to be Provided:

PS 90 is committed to enhancing the instructional skills of our educators to better serve our English Language Learners (ELLs). Our professional development plan under the Title III ELL program will focus on the following key areas:

1. Effective ELL Instructional Strategies: Training on research-based instructional strategies tailored to the needs of ELL students.
2. Differentiated Instruction: Techniques for differentiating instruction to accommodate varying levels of English proficiency.
3. Cultural Competence: Workshops aimed at fostering cultural awareness and sensitivity in the classroom.
4. Assessment and Data Analysis: Using assessment tools and data to inform instruction and track student progress.
5. Technology Integration: Utilizing technology to support language acquisition and engagement for ELL students.

Activities That Teachers Will Engage With by Topic:

1. Effective ELL Instructional Strategies:
   - Workshops on scaffolding techniques and visual aids.
   - Collaborative planning sessions to integrate language objectives into lesson plans.
   - Classroom observations and peer reviews to share best practices.

2. Differentiated Instruction:
   - Interactive seminars on creating multi-level lesson plans.
   - Hands-on activities to develop materials that meet diverse language needs.
   - Role-playing exercises to practice adapting lessons in real-time.

3. Cultural Competence:
- Seminars led by experts on multicultural education.
- Group discussions and reflections on personal biases and cultural assumptions.
- Cultural exchange events to build a more inclusive school environment.

4. Assessment and Data Analysis:
- Training on formative and summative assessment techniques for ELLs.
- Workshops on using assessment data to inform instruction and intervention.
- Sessions on creating and using rubrics that accurately measure language proficiency.

5. Technology Integration:
- Instructional technology workshops focusing on apps and tools for ELLs.
- Hands-on training on using digital resources to enhance language learning.
- Collaborative projects to integrate technology into lesson plans effectively.

By implementing this comprehensive professional development plan, PS 90 aims to empower our teachers with the skills and knowledge necessary to support our ELL students effectively, ensuring they achieve their full academic potential.

Professional Development will not be at cost to Title III EL funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Title III professional development at P.S. 90 is an important component of our ELLs academic success. The teachers and staff in the Title III programs will receive support and training from the school administration, ENL/Bilingual/IEP specialists, and through Professional Learning. Professional learning will focus on English and Dual Language acquisition, language skills instruction, and strategies on working with ELLs with IEPs. Title III meetings and PL will also allow teachers to analyze ELL data to identify trends and set better goals.

Rationale for Professional Development under the Title III ELL Program at PS 90

Data Sources:
- Teacher surveys and focus groups.
- Classroom observation reports.
- Student performance data on standardized tests and internal assessments.
- Teacher interviews and feedback forms.
- Analysis of student progress reports.
- Benchmark assessment results.
- Parent and student surveys.
- Teacher reflection logs.

- Reports on classroom cultural inclusivity.
- Teacher feedback and self-assessment surveys.
- Analysis of student assessment data.
- Internal audits of data usage practices.

By addressing these identified needs through targeted professional development, PS 90 aims to enhance the instructional capabilities of our teachers, thereby improving the academic outcomes and overall learning experience for our ELL students.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Some PLs will include all teachers while others will include teachers/staff involved in the Title III program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Teachers in the building will receive these PLs after school from 2:30-3:20pm on selected Mondays. Teachers will also attend PL outside of the building or virtually during work hours.

Hard copies of the agendas and attendance sheets will be maintained by the ENL Coordinator, This PD will be at no cost to the school.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Heggerty
Understanding ATS Reports
Writing Goals
Data: Getting to know your students and making a plan
Instructional Strategies for LEP students
Connecting to Students who have experienced Trauma

Technology for ELLs/MLLs
NYSESLAT Training

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Providers include ENL teachers, Special Education teachers, BK South ELL/MLL, D21 PL, Ms. Hawkins and Ms. Naureen, Ms. Boyle.

The PD providers will be turn keying the PD received at Bk South and D21 sessions.

Professional development will not be at cost to Title III funds.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All records are kept in the main office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Family engagement is a critical component of the Title III ELL program at our school, aimed at fostering collaboration between families and educators to support the academic success of English Language Learners (ELLs). Here's a summary of our school's family engagement activities:

Family Engagement Activities:

1. Orientation Sessions:
   - Topic: Introduction to the Title III ELL program, its goals, and how families can support their children's language development and academic progress.
   - Details: These sessions will provide an overview of program activities, expectations, and opportunities for family involvement.

2. Workshops on Language Development:
   - Topic: Strategies for supporting English language acquisition at home.
   - Details: Workshops will include practical tips and activities that parents can incorporate into daily routines to reinforce language skills and vocabulary development.

3. Parent Information Sessions:
   - Topic: Understanding language proficiency assessments (e.g., ELPA21, WIDA ACCESS), interpreting results, and implications for academic support.
   - Details: These sessions will help parents understand their child's progress in language proficiency and how it relates to overall academic achievement.

4. Cultural Awareness and Inclusivity Workshops:
   - Topic: Celebrating diversity and promoting cultural understanding within the school community.
   - Details: Activities will include discussions, cultural presentations, and opportunities for families to share traditions and customs.

5. Community Events and Social Gatherings:
   - Topic: Building a supportive network among ELL families and school staff.
   - Details: Events such as multicultural nights, potlucks, and community service projects will promote social connections and strengthen school-home partnerships.

Implementation Approach:
- Communication Channels: Utilize multiple communication channels (e.g., newsletters, emails, phone calls, school website) to inform families about upcoming events and encourage participation.
- Feedback Mechanisms: Solicit feedback from families to continuously improve the relevance and effectiveness of family engagement activities.
- Accessibility: Ensure that activities are accessible to families of diverse linguistic and cultural backgrounds through translation services and culturally sensitive outreach strategies.

By engaging families in meaningful ways through these structured activities, our school aims to create a supportive environment where ELLs can thrive academically and socially, with the understanding that family involvement is integral to student success.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parents of ML/ELLs play a key role in their children's learning. It's important for parents to see how their child is learning/adjusting in school, celebrate their many accomplishments, and learn about ways to better support them at home.

Qualitative Data Analysis:

1. Orientation Sessions:
  - Reason: Qualitative feedback from ELL families indicates a need for clear understanding of program goals and expectations.
  - Data Sources: Parent surveys, focus groups, and feedback from previous orientation sessions.

2. Workshops on Language Development:
  - Reason: Qualitative data suggests that families desire strategies to support their children's English language acquisition at home.
  - Data Sources:** Parent surveys, anecdotal feedback from teachers and staff during parent-teacher conferences.

3. Parent Information Sessions:
  - Reason: Qualitative input highlights confusion among parents regarding language proficiency assessments and their implications.
  - Data Sources: Feedback from parent-teacher conferences, discussions with ESL teachers and administrators.

4. Cultural Awareness and Inclusivity Workshops:
  - Reason:Qualitative feedback indicates a desire for community-building and understanding of diverse cultures.
  - Data Sources: Focus groups with ELL families, suggestions from parent advisory councils.

5. Community Events and Social Gatherings:
- Reason: Qualitative data shows interest in fostering a supportive network among ELL families and school staff.
- Data Sources: Suggestions from parent-teacher association meetings, feedback from previous community events.

Quantitative Data Analysis:

1. Orientation Sessions:
- Reason: Quantitative analysis of parent attendance at previous orientation sessions shows a need for continued and expanded engagement efforts.
- Data Sources: Attendance records from previous orientation sessions, surveys assessing parent satisfaction and understanding.

2. Workshops on Language Development:
- Reason: Quantitative analysis of student language proficiency growth and academic performance data suggests a correlation with family involvement in language support activities.
- Data Sources: Language proficiency assessment results, academic performance metrics.

3. Parent Information Sessions:
- Reason: Quantitative data on parent requests for information related to language proficiency assessments.
- Data Sources: Parent survey results, requests for information during school events.

By leveraging both qualitative insights and quantitative data analysis, our school has tailored family engagement activities under the Title III ELL program to meet the expressed needs and preferences of our diverse community. These activities are strategically timed and designed to maximize participation and effectiveness, ensuring that they contribute meaningfully to the academic and social success of ELL students and their families.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Our parental engagement activities will occur throughout the school year during school hours and sometimes after school hours. For many of the activities, we always try our best to accommodate families by holding the same event on different days and times.

Flyers will be designed supporting all preferred languages of the school community. Hard copies of meeting agendas, attendance sheets and handouts will be kept in a file by the ENL Coordinator.

Start and end dates: October 2025 through May 2026

Total number of sessions: 8

Days of sessions: ELL Family Fridays;

Time and duration of sessions: 8:30 am to 9:30 a.m.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Upcoming sessions/workshops include the following topics:
-Serving ELLs and their families
-ENL Survival Guides
-Ways to Support English Language Learning At Home
-Learn about free, low cost apps/materials to support learning at home
-How students can use writing to support their thinking and reading when encountering a difficult text
-How to use online resources to help children in English and Spanish literacy
-How parents can prepare their children for the NYS ELA exam
-NYSESLAT Information Sessions

Flyers will be designed supporting all preferred languages of the school community. Hard copies of meeting agendas, attendance sheets and handouts will be kept in a file by the ENL Coordinator. We will also use staff members as translators for parents during the meetings.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Providers include ENL teachers, Ms. L. Braithwaite, Ms. Hawkins, and Ms. Boyle, and Ms. Naureen.

Family engagement will not be at cost to Title III funds.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified through Class Dojo, email, phone calls, and letters sent home.

Flyers will be designed supporting all preferred languages of the school community. Hard copies of the flyers will be kept in a file by the ENL Coordinator.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All records will be kept in a binder by the ENL Coordinator. Records kept will include agendas, attendance sheets, and presentations given/information offered. Notifications to families will go out through Class Dojo and flyers will be sent home as well.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$21,144

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.	N/A	
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	N/A	
Educational Software (Object Code 199)	N/A	
Travel	N/A	
Other	N/A	
TOTAL
