Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Community Schools
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages

- Part C: Parent Communications and Engagement
- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Ashley Rougier	Principal or Designee*	
Britteny Balkaran	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Chevon Martin	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
None	District Council 37 (DC 37) Representative (staff), if applicable	
Yonaira Griffin	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Rynesha Hanzer	Member/ Parent	
Charmaine Green	Member/Teacher/Chair	
Christina Cadeau	Member/Teacher	
	Member/Parent/Title 1	
Diana Sanchez	Member/Teacher	
Wendy Atherly	Member/Teacher/Secretary	
Brenda Villanueva	Member/Parent	
Stephanie Gaffney	Member/Parent	
Angeli Copeland	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At PS/IS 155, our mission is to foster a supportive and inclusive learning environment built on collaboration, resilience, and an enjoyment for learning to nurture students' unique potential by equipping them with knowledge, skills, and confidence in their academic endeavors.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

At PS / IS 155K, we are dedicated to the well-being of our students. We have a comprehensive support system in place, which includes two Guidance Counselors, two Social Workers, one School Psychologist, one Occupational Therapist, one Physical Therapist, and two Speech-Language Pathologists. This team is committed to ensuring our students' mental and physical health.

Our student population reflects a rich diversity: 0% Native Americans, 2% Asians, 3% Caucasians, 47% African Americans, and 47% Hispanics. Additionally, 30% of our students are classified as English Language Learners (ELL), and 20% are Students with Disabilities (SWD). We are proud to achieve equal gender representation, with 50% male and 50% female students. Our growing transient population currently stands at 34%.

As a Community School, we employ a Community School Director who works closely with our students to oversee after-school programs, extended learning time, attendance monitoring, and parent engagement. Through our partnership with the community-based organizations (CBOs) Vision ED Inc (K-2) and Elite Learners (3-8), our students have had opportunities to participate in activities such as Martial Arts, Dance, and Robotics.

Programs such as Steel Pan Band, Violin, Art, and mentorship for middle school males are offered to support our students during the school day. This program allows students to explore their interests, develop new skills, and gain additional support for their academic and personal growth.

Our students are the heart of everything we do, embodying a diverse community of learners. We craft our programs to meet their unique needs, prioritizing a differentiated curriculum that ensures every student receives a high-quality, student-centered education. At PS/IS 155, our mission is to foster a supportive and inclusive learning environment built on collaboration, resilience, and an enjoyment for learning to nurture students' unique potential by equipping them with knowledge, skills, and confidence in their academic endeavors.

Briefly summarize the key initiatives your school will implement this school year.

This school year, we will incorporate more real-life applications through STEAM-related activities, including a Hydroponic Lab, 3D printing, various art activities, and College and Career opportunities through AVID, as well as other in-person activities.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
HMH Into Reading (Kindergarten- 5th Grade), HMH Into Literature (6th Grade- 8th Gtrade),	Kindergarten-8th Grade	Print/ Digital	Spanish Versions
EnVisions Math	Kindergarten-8th Grade	Print/ Digital	Spanish Versions
Estrellita, Arriba La Lectura Dual Language	Kindergarten -2nd Grade	Print	Spanish
Fundations	Kindergarten -2nd Grade	Print/ Digital	
Heggerty	Kindergarten - 2nd Grade	Print/ Digital	Spanish Versions
English 3D	Kindergarten - 8th Grade		

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-2025 Early Childhood EOY Acadience Data: Kindergarten- 12% Proficient 1st Grade - 36% Proficient 2nd Grade - 14% Proficient EOY 2024- 2025 i-Ready ELA Assessments revealed 44% proficiency school-wide (K- 38%; 1st Grade - 35%; 2nd Grade- 21%; 3rd Grade 47%; 4th grade 5%; 5th grade 11%; 6th grade 39%; 7th grade 69% and 8th Grade 57%).	Teachers need training in the science of reading, foundational literacy skills, comprehension, and support across various areas: curriculum implementation, data collection, progress-monitoring systems, explicit instructional methods, and differentiation strategies to effectively serve diverse learners.	Enhance teachers' knowledge with professional development focused on foundational literacy skills, comprehension, explicit instruction, differentiated instruction, and progress monitoring.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	21%	By June, 2026, literacy for All Students will improve, as measured by a 11% Increase, from 21% to 32%, of students scoring on and above grade level on the Acadience assessment results.
All Students	44%	By June, 2026, literacy for All Students will improve, as measured by a 11% Increase, from 44% to 55%, of Percentage of students who on or above grade level on the I-Ready ELA Assessment.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Our main strategy is to build a data-driven professional learning system focused on the science of reading, foundational literacy skills, and comprehension for students in grades 3K–8, including dual-language/ELL integration. A key emphasis is strengthening students' ability to determine central ideas and themes, explain how they develop, and summarize key details in both literature and informational text.

Role of Targeted PLCs
Targeted Professional Learning Communities (PLCs) turn literacy data into actionable instruction. Weekly meetings allow educators to review current student performance, identify skill gaps, and adjust instruction immediately, ensuring timely and targeted support.

These PLCs promote a culture of continuous improvement by using structured inquiry cycles. Teachers consistently refine instruction to support students' understanding of central ideas, themes, and supporting details in grade-level literature and informational texts, rather than waiting for long-cycle assessment data.

Concrete Instructional Adjustments
Phonological Awareness

Data: Students struggle with blending CVC words.
Adjustment: Reteach blending through explicit modeling and guided small-group practice.

Data: Students can segment phonemes but struggle with more complex tasks.
Adjustment: Advance to phoneme manipulation (adding, deleting, substituting sounds).

Phonics and Decoding
Data: Students decode words in isolation but not in connected text.
Adjustment: Increase use of decodable texts aligned to current phonics patterns.

Data: Students use inconsistent decoding strategies.
Adjustment: Implement structured error-correction routines and regular fluency practice.

Dual-Language/ELL Adjustments

Data: Students struggle with English phonemes not present in their home language.
Adjustment: Use contrastive analysis, visual supports, and additional targeted practice.

Data: Students decode accurately but still have difficulty understanding text.
Adjustment: Pre-teach key academic vocabulary, activate background knowledge, and integrate structured oral-language routines.

Fluency
Data: Slow reading impedes comprehension.
Adjustment: Implement repeated reading cycles, partner reading, and fluency routines tied to grade-level text.

Comprehension Skills: Elementary & Middle School
Focus on Central Ideas, Themes, Supporting Details & Summarization
(Across Literature & Informational Text)

Elementary Comprehension Skills
Data: Students cannot identify the main idea of informational texts.
Adjustment: Teach explicit main-idea and key-detail routines using graphic organizers and text-dependent questions.

Data: Students retell stories but omit essential events or the central message.
Adjustment: Use structured retell tool (story maps) to highlight themes and important details.

Data: Summaries contain too many irrelevant details.
Adjustment: Model how to distinguish important vs. interesting information and practice concise, objective summaries.

Middle School Comprehension Skills
Data: Students struggle to determine the central idea of complex informational texts.
Adjustment: Teach annotation strategies that highlight repeated concepts, topic sentences, and supporting evidence.

Data: Students identify themes in literature but cannot explain how they develop across a text.
Adjustment: Use theme-development trackers and guided discussions that link plot, character actions, and author craft to deeper meaning.

Data: Summaries are vague or overly long.
Adjustment: Teach summarization frameworks that emphasize central ideas/themes, key supporting details, and objective language.

The PLC Cycle: From Data to Growth
Data Analysis: Teachers review decoding, fluency, and comprehension data—including students' ability to identify central ideas/themes and key details in both literature and informational texts.
Instructional Adjustments: Teams implement targeted, evidence-based strategies aligned to the needs identified in the data.
Progress Monitoring: New data is collected within 1–2 weeks to measure the effectiveness of instructional shifts.

Feedback Cycles: PLCs examine progress, celebrate growth, and address remaining challenges.
Accountability: Clear expectations for student mastery and instructional responsiveness ensure consistent, high-quality implementation.
This system builds a strong, coherent literacy culture where data-driven decision-making and standards-aligned instruction.

Root Cause Addressed:

Teachers need training in the science of reading, foundational literacy skills, comprehension, and support across various areas: curriculum implementation, data collection, progress-monitoring systems, explicit instructional methods, and differentiation strategies to effectively serve diverse learners.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development Plan for K–8 Teachers Early Elementary (3K–3rd Grade): Provide training on Heggerty phonemic awareness and Fundations foundational skills, including strategies for supporting English Language Learners (ELLs) and promoting native-language transfer. Embed Science of Reading principles to strengthen early literacy instruction, focusing on phonological awareness, decoding, oral language, and comprehension. Integrate dual language components by aligning English and Spanish phonics routines (e.g., Fundations and Estrellita) and emphasizing cross-linguistic connections that support comprehension and vocabulary development. K-3rd Grade: Integrate Heggerty phonemic awareness activities with Fundations English phonics and Estrellita Spanish phonics, designed to support dual language learners and build foundational literacy skills. Focus on developing comprehension through vocabulary-building strategies, oral language practice, and phonics instruction in both languages. Implement reading strategies to strengthen understanding of story structure, key details, and main ideas. 3rd Grade: Implement systematic phonics instruction using Fundations, combined with HMH Arriba La Lectura to support dual language development, while focusing on reading comprehension strategies such as identifying key ideas, making inferences, and summarizing texts. Strengthen academic vocabulary acquisition through explicit teaching of academic words in context, supported by both English and Spanish texts. Provide targeted strategies to enhance reading fluency, accuracy, and expression in both languages, ensuring comprehension through repeated practice and structured support. Foster skills in writing to express ideas clearly, with an emphasis on organizing thoughts, using proper conventions, and expanding vocabulary. Elementary (3rd-5th Grade): Leverage HMH academic language development tools alongside Fundations fluency practices to enhance students' understanding of complex texts, while reinforcing the use of academic vocabulary in both English and Spanish. Develop strategies to help students analyze and synthesize information from multiple texts, encouraging critical thinking and comparative analysis. Implement comprehension strategies such as making connections, identifying themes, understanding the author's purpose, and evaluating evidence. Focus on improving writing skills by promoting organization, coherence, and clear expression of ideas with appropriate vocabulary choices, aimed at both narrative and expository writing. Middle Grades (6th-8th Grade): Use HMH disciplinary literacy programs to support content area learning (e.g., science, social studies, and math), with a focus on developing reading comprehension strategies specific to academic disciplines, such as understanding complex texts, interpreting graphs, and analyzing arguments. Continue language support while fostering the development of sophisticated academic language skills, including formal writing, argumentation, and critical analysis. Promote cross-linguistic connections, supporting students in comparing academic language structures between languages to enhance comprehension and communication. Focus on building advanced writing skills, including research-based writing, summarization, and text analysis, while integrating complex vocabulary and disciplinary-specific terms. Develop strategies to help students engage in collaborative discussions, focusing on listening skills, peer feedback, and present arguments with evidence. Training Components Provide specialized training on integrating Heggerty, Fundations, Estrellita (K–2), HMH, English 3D, Arriba La Lectura to

ensure cohesive and effective dual language instruction. Train teachers to use all curriculum-based assessment tools to evaluate language learners comprehensively and support ongoing progress monitoring. Roles and Responsibilities Administrators Weekly: Ensure PLCs meet as scheduled. Support teachers through coaching cycles and model instructional adjustments. Monthly: Ensure staff attend district PLC meetings by content area. Analyze trends across grade levels and recommend instructional adjustments. Ongoing: Train teachers in data analysis, progress-monitoring tools, and assessment administration. Provide side-by-side coaching for teachers implementing new strategies. Collect and organize data for PLC meetings. Document PLC decisions, action steps, and outcomes in the shared tracker. Teachers Weekly: Attend PLCs and implement instructional adjustments consistently. Every 1–2 Weeks: Administer progress-monitoring probes. Monthly: Review individual student progress and differentiate instruction accordingly. ENL Teachers Participate in PLCs with significant ELL populations. Provide ongoing support, co-teaching, and instructional guidance as needed. District Support Staff / Literacy Specialists Support schools with curriculum and assessment implementation. Train teachers in data analysis, progress-monitoring tools, and assessment administration. Model instructional adjustments in classrooms. Provide side-by-side coaching during the rollout of new strategies. Collect and organize data for PLC meetings and document decisions in the shared tracker. Report implementation progress to principals.

Family Engagement Develop family engagement protocols that incorporate resources from Heggerty, Fundations, and HMH, and provide materials in multiple languages. Teachers will be able to offer in-person parent and student workshops.

Phase 1: (September) Early September: Launch PLCs with initial teacher training (data protocols, assessment tools) Mid-September: First cycle of baseline assessments administered (phonological awareness, phonics, fluency) Phase 2: Launch and Refinement (October - December) Weekly: PLCs meet to analyze data and plan adjustments Bi-weekly: Progress monitoring data collected Monthly: Administration review of implementation fidelity December: First quarterly district-level data review; identify successes and areas for support Phase 3: Deepening Practice (January - March) January - March: Mid-year benchmark assessments; PLCs analyze growth trajectories Ongoing: Continue weekly PLC cycles, with increased focus on students who are not responding to adjustments.tments Phase 4: Evaluation and Planning (April - June) April-May: End-of-year assessments; PLCs analyze year-long growth May-June: Teachers complete reflection surveys on PLC effectiveness

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Walkthrough Specifications

Frequency: Monthly (minimum one walkthrough per teacher per month)
Duration: 15-20 minutes per classroom observation
Focus: Curriculum-specific fidelity protocols for Heggerty, Fundations, Estrellita, HMH, and Arriba La Lectura

Participants and Their Roles
Administrative Team (Principals, Assistant Principals) -
Lead all walkthroughs using curriculum-specific fidelity rubrics
Observe lesson delivery, student engagement, and instructional materials usage
Document findings in a standardized observation tool
Provide immediate affirmative feedback to teachers
Identify teachers needing coaching or additional support
Make all determinations about implementation fidelity
Schedule follow-up observations for teachers with low fidelity ratings
Aggregate building-level data monthly
Take corrective action when implementation is insufficient

Instructional Coaches:

May accompany administrators on walkthroughs to provide technical curriculum expertise
Answer questions about curriculum expectations or lesson components
Provide follow-up coaching to teachers identified by administrators as needing support
Do not evaluate or rate implementation - this is solely an administrative responsibility

Curriculum Specialists (District-level literacy coordinators, dual language coordinators):

Participate in walkthroughs quarterly with building administrators for calibration purposes
Provide training for administrators on curriculum-specific fidelity indicators
Analyze aggregate walkthrough data across the district (data provided by administrators)
Make recommendations for curriculum adjustments or additional resources

Focus Areas and Fidelity Indicators Monitored
Heggerty (3K-2) Fidelity Indicators:

Lesson occurs daily for 10-15 minutes
The teacher follows the scripted lesson plan with fidelity
All eight phonemic awareness skills are practiced weekly (rhyming, segmentation, blending, deletion, addition, substitution)
Students actively engaged with multisensory responses (clapping, arm tapping, counting)
Intervention groups identified and receiving supplemental Heggerty practice

Fundations (K-3) Fidelity Indicators:

Daily 30-minute whole group lesson plus slight group differentiation
Explicit, systematic instruction in phonemic awareness, phonics, vocabulary, and fluency
Use of Fundations materials (letter cards, magnetic boards, sound cards, decodable texts)
Adherence to lesson components: Warm-Up, New Learning, Word of the Day, dry-erase activities
Unit assessments are administered on schedule; data are used for grouping
Students reading decodable texts aligned to skills taught

Estrellita (K-2) Fidelity Indicators:

Daily Spanish phonics instruction for a designated time (30-40 minutes)
Explicit teaching of Spanish syllable types and phonics patterns
Use of Estrellita materials (syllable cards, word lists, stories)
Cross-linguistic connections are made explicit between Spanish and English phonics.
Progress monitoring in Spanish literacy skills

HMH (K-8) Fidelity Indicators:

Students accessing digital platform weekly (minimum usage targets met)
Teachers using HMH assessment data to inform small group instruction
Core curriculum modules are being taught in sequence
Vocabulary and comprehension strategies explicitly modeled
Text complexity is increasing appropriately across grade levels

Arriba La Lectura (3-8) Fidelity Indicators:

Dual language students receive instruction in both languages. The Spanish literacy block includes explicit instruction in reading comprehension strategies
Cultural responsiveness is evident in text selection and discussions
Academic language development strategies are embedded

Instructional Quality Indicators (Across All Curricula):

Explicit Instruction Delivery: Clear learning objectives stated, teacher modeling, guided practice, independent practice, error correction

Cultural Responsiveness: Use of students' cultural and linguistic backgrounds as assets; multilingual resources visible and utilized
Student Engagement: Active participation rates, on-task behavior, and students demonstrating understanding
Differentiation Strategies: Evidence of small group instruction, flexible grouping based on data, scaffolding, and folded support for ELLs

Data Collection Tools

Curriculum-Specific Fidelity Rubrics for each program
Walkthrough Platform (Google Forms) capturing:

Teacher name, date, grade, curriculum observed
Fidelity ratings for each indicator
Evidence/examples of what was observed
Commendations and areas for growth
Action steps (coaching, resources, follow-up observation)

Monthly Responsibilities
Building Administrators:

Conduct curriculum implementation walkthroughs
Facilitate PLC reviews and submit quarterly reports
Complete follow-up walkthroughs to verify action items

All Staff:
Analyze monthly student achievement data
Participate in PLC reviews and complete efficacy surveys

Data-Driven Action Protocol
Weekly Response
When: Individual students show skill deficits or don't respond to core instruction

Actions:

Teachers adjust interventions (grouping, intensity, strategy)
Data teams modify instructional strategies
Administrators reallocate resources and verify implementation

Documentation: Weekly data team protocol; progress monitored within 1-2 weeks
Monthly Adjustments
When: Classroom-wide patterns emerge (e.g., 60% of teachers struggling with a specific curriculum component)

Actions:
Coaches provide model lessons and co-teaching support
Administrators assign intensive coaching, provide resources, and conduct follow-up walkthroughs
District leadership provides additional building support as needed

Make curriculum adoption decisions
Modify resource allocation and professional development

Update policies and procedures
Implement equity-focused initiatives

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family and Community Engagement Family Literacy Night	Vision ED & Elite Learners, Metalogic
09/04/2025	06/26/2026	Feedback Surveys Home-school communication frequency and quality measures	Vision ED & Elite Learners
09/04/2025	06/26/2026	Student showcase participation and celebration documentation	Vision ED & Elite Learners
09/04/2025	06/26/2026	Develop family engagement protocols incorporating resources from Heggerty, Fundations, and HMH, providing materials in multiple languages so parents and guardians can come and experience what students are learning in the classroom..	Vision ED & Elite Learners

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Human

Instructional Resources

Instructional l materials, consumable supplies, technology, as needed.

Schedule Adjustments

N/A

Other Resources Needed

Per Session training, Per Diem for teachers and supervisors as needed.

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, the OORs system has recorded a total of 36 incidents classified as Level 4 to Level 5.	Staff needs more professional development around Restorative practices to foster an environment where students can successfully develop emotional regulation and coping skills essential for academic success.	Development of a Comprehensive Social- Emotional Support System

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36	By June, 2026, physical and mental wellness for All Students will improve, as measured in the Online Occurrence Reporting System (OORS) by a Decrease of 26, Level 4-5 incidents from 36 to10 reported incidents.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

These key strategies represent best practices for addressing our school priority needs.

Distributed Ownership: Everyone in the building is a Tier 1 Interventionist; every staff member takes responsibility for student social-emotional well-being.

High Quality Universal Tier 1- includes explicit culturally responsive SEL instruction embedded throughout the day, trauma-informed classroom management, and restorative practices that build community.

Healing-Centered Engagement- Trauma-informed care that builds student agency and collective well-being. This includes restorative circles and SEL instruction that support and validate students' stressors.

Community School Integration- centering the school as a hub for wraparound services, establishing partnerships with agencies, creating resources ,and designating staff to coordinate across systems and navigate resources with families

Student Voices matter-students participate in identifying their needs, facilitating peer support, and joining meetings about their cases.

Staff SEL Work-ongoing professional development, coaching, and training on examining their own biases, staff wellness initiatives, and opportunities for educators to process their own experiences.

Root Cause Addressed:

Staff need more professional development around Restorative practices to foster an environment where students can successfully develop emotional regulation and coping skills essential for academic success.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Building Internal Capacity: To implement our MTSS framework effectively, we need to focus on protective factors, healing, and minimizing institutional harm. Provide professional development for staff in trauma-informed practices, de-escalation techniques, and social-emotional learning strategies. Hire additional staff with specialized training in counseling, social work, or behavioral intervention.
Expanding External Partnerships: Our MTSS framework must extend beyond indivdual interventions to mitigate the structural harm while building protective factors. This means assessing the needs like housing, food insecurity, and safely and connecting families to social service agencies, food pantries, medical facilities through community partnerships and positioning the school as a hub. It requires examining how our practices my retraumatize students through punitive discipline. Establish formal partnerships with local mental health organizations and therapy providers Develop referral systems and care coordination protocols with community resources Seek grants or funding specifically for social-emotional support services
Systemic Improvements: Implement comprehensive screening tools to identify student social-emotional needs early in the enrollment process Create individualized support plans for students with complex needs Develop tiered intervention systems that match support levels to student needs.
Immediate Support Measures: We cannot simply fix students when the actual challenges are food deserts and inadequate housing. However, our work must support individual students while organizing collectively to transform the conditions they are in. Establish clear protocols for crisis intervention and emergency situations Create temporary support structures while building long-term capacity Tier 1-Every student receive trauma-informed instruction, culturally responsive teaching practices, and SEL instruction recognizes the trauma each student face. Classroom management does not rely solely on compliance and control. The curriculum incluse healing-centered practices such as restorative circle and mindfulness. Tier 2- students showing signs of distress , interventions are based on what happening in the classroom and anchored with mentorship groups. social skills groups that are culturally grounded. Tier 3- students engage in individual or small group, crisis intervention and care coordination with outside providers.
Implement peer support programs and restorative practices to supplement professional services

Key Strategy 2 (Optional):

N/A

Root Cause Addressed:

N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Monthly or Bi-weekly Meeting of the Multi-Disciplinary Review Team: These meetings include administrators, counselors, social workers, teachers, and external partners. The team reviews progress data, assesses implementation fidelity, and adjusts strategies as needed.

2. Data Dashboard System: This real-time tracking system displays key performance indicators, with formal reviews conducted quarterly and progress updated provided monthly.

Specific Data Collection and Evidence:
Process Indicators (Implementation Progress):
The number of staff completing trauma-informed practice training.
Frequency of external partnership utilized and referral completion rates.
Outcome Indicators (Student Impact):
Reduction in disciplinary referrals and suspension rates.
Improvement in student attendance rates, particularly for high-need students.
Academic performance data (grades, standardized test scores) for students receiving support services.
Assessments of student social-emotional competency using validated screening tools.
Metrics on the frequency of crisis intervention and their effectiveness.
Instructional Impact Measures:
Teacher-reported improvements in classroom behavior and engagement levels.
Reduction in classroom disruptions and time lost due to behavioral interventions.
Increased instructional time availability due to a decrease in crisis incidents.
Teacher confidence surveys regarding their ability to support students with social-emotional needs.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/07/2025	06/26/2026	Workshop and Training Engagement to support families with social emotional support	Elite Learners and Vision Ed

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	33%	P.S. /I.S. 155 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Students scoring on or at grade level will Increase by 10% from 33% to 43%, for All Students, as measured by I- Ready Math results .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Data-Driven Mathematical Instruction and Assessment System

This key strategy includes:

Restructing the Teacher Team to Data Evidence Based PLC using Tuning and Atlas Protocol, identifying implications for teacher and student.
Development of Mathematical Data Literacy - Enhancing teachers' ability to collect, analyze, and interpret mathematical assessment data.
Evidence-Based Mathematical Instruction - Utilizing data insights to inform differentiated teaching practices in mathematical.
Systematic Monitoring of Mathematical Progress - Implementing ongoing assessment procedures and response protocols.
Collaborative Culture Mathematical Improvement - Establishing structures for shared analysis of mathematical data and joint instructional planning.

Root Cause Addressed:

Teachers require enhanced professional development in several key areas, including designing mathematical assessments, interpreting data, and utilizing evidence-based instructional strategies. This training will help them effectively use mathematical performance data to identify student learning progressions, differentiate tasks, and implement responsive teaching practices that cater to diverse mathematical learning needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Action Step 1: Professional Development in Mathematical Assessment and Data Analysis Provide intensive training on designing Mathematical Assessment aligned to grade-level standards and Mathematical practices. Train teachers on how to interpret mathematical diagnostic assessments, formative evaluations, and summative measures. Develop skills in analyzing mathematical thinking patterns, misconceptions, and learning progressions. Establish protocols for mathematical data collection and systematic review cycles. Create templates for mathematical data analysis templates and decision-making frameworks. Timeline: Implementation September 2025 implementation, with ongoing weekly monitoring.
Action Step 2: Implementation of a Mathematical Progress Monitoring System Train teachers on tools and techniques for curriculum-based mathematical measurement. Implement weekly protocols for monitoring mathematical progress across all grade levels. Establish systems for tracking mathematical growth and processes for setting student goals. Create inventions based on progress monitoring data. Develop enrichment protocols for accelerated learners Timeline: Implementation in September 2025, with ongoing weekly monitoring until June 2026.
Action Step 3: Framework for Differentiated Mathematical Instruction Provide professional development on flexible mathematical grouping strategies based on assessment data. Train teachers on tiered mathematical tasks and scaffolding techniques to enhance their instructional approaches. Implement progression strategies that transition from concrete to representational to abstract learning for diverse learners. Create intervention menus that are aligned with specific skill gaps and learning needs. Develop support strategies for mathematical discourse and reasoning, particularly for English Language Learners (ELL). Timeline: October 2025 rollout, ongoing coaching support until June 2026
Action Step 4: Collaborative System for Mathematical Data Analysis Establish a weekly grade-level meeting for mathematical data teams. Implement structured protocols for analyzing student work and assessment results. Host vertical alignment meetings to track and advance learners. Establish peer observation cycles focused on data-driven mathematical instruction. Timeline: Launch in September 2025 with ongoing weekly meetings until June 2026.
Action Step 5: Integration of Technology for Data Management in Mathematics Train teachers on digital assessment platforms and data visualization tools for mathematics. Implement portfolio systems for tracking student growth and achievement in math. Create data dashboards for real-time monitoring of progress. Establish communication systems for families to share in students' mathematical progress and growth. Develop goal-setting and reflection processes involving students in their mathematics learning. Timeline: Implementation in September 2025, with ongoing system refinement.
Action Step 6: Implementation of Mathematical Intervention and Enrichment Create systematic intervention protocols based on the analysis of assessment data. Implement small group instruction focused on targeted skill-building activities. Establish systems for mathematical tutoring and peer support. Develop enrichment opportunities for advanced learners in mathematics. Create family engagement activities that supporting home learning Timeline: November 2025 launch, ongoing implementation

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Weekly Grade-Level Data Teams (45 min)
Focus: Math conceptual understanding, fluency development, and intervention effectiveness
Participants: Grade-level teachers, Math coach, ELL/SPED specialists, admin
Key Discussion Points:
Review Envision Topic Test and Quick Check data
Analyze success on key standards and mathematical practices (e.g., problem-solving, reasoning)
Discuss pacing fidelity using Envision suggested Lesson Plans
Adjust intervention groups using Reteach to Build Understanding and Enrichment tools

2. Monthly Math Walkthroughs (Curriculum Fidelity Observations)
Observers: Admin and math instructional coach
Focus: Fidelity of Envision implementation across classrooms
Walkthrough Tools Might Include:
Lesson alignment to priority standards
Use of Visual Learning Bridges and 3-Act Math tasks
Student engagement in productive struggle
Math discourse and vocabulary precision
Use of digital platform (Savvas Realize) for assessments and instruction

3. Monthly PLC Reviews (Cross-Grade Collaboration)
Purpose: Vertical coherence and instructional reflection

Participants: Teachers across K–8, content specialists, admin
Activities:
Share common misconceptions by domain (e.g., fractions, expressions)
Analyze fluency trends across grade bands
Review student growth in math conceptual understanding using benchmark tools
Discuss culturally responsive math tasks and real-world application

4. Monthly Coaching Cycles
Participants: Teachers + Math Coaches
Focus: Differentiation, manipulatives usage, digital supports, formative assessment use
Supports Provided:
Co-teaching or lesson modeling in Envision components (Number Sense Routines, Visual Models, Small-Group Instruction)
Reflection tools (implementation logs, video reviews)

Student Learning Evidence:
Envision Topic Tests (mastery of major standards)
Math fluency assessments (automaticity tracking)
Standards-based interim assessments
Math journals (justification and strategy use)
Student work analysis protocols (error patterns, misconceptions)
Growth data from universal screeners (e.g., i-Ready Math, Acadience Math)
ELL & Equity Monitoring:
Language scaffolds and math discourse structures observed
Sentence frames, visual supports, and manipulatives noted
Data disaggregated by subgroup (ELL, SWD, economically disadvantaged)
Culturally responsive problem contexts

Progress Monitoring Timeline
Frequency
Focus Areas
Weekly Data team reviews, lesson pacing checks, intervention group adjustments
Monthly Math instructional walkthroughs, coaching feedback implementation
Quarterly Student achievement data analysis, vertical alignment, PLC outcomes
Annually Strategic plan updates, resource audits, stakeholder feedback, PD impact

Data-Driven Decision Protocols
Immediate (Weekly)
Swap out intervention materials or groupings
Re-teach high-priority math concepts using Envision Visual Learning support
Short-Term (Monthly)
Adjust PD scope based on walkthrough trends
Provide targeted family engagement sessions on supporting math at home
Long-Term (Quarterly/Annually)
Analyze math performance trends for curriculum enhancements
Revise pacing guides, instructional focus areas, or district-wide PD priorities

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/01/2025	06/26/2026	Organize family nights centered around mathematics, aimed at promoting data-driven learning at home.	I-Ready, Elite Learners, SLT and Title 1
10/01/2025	06/26/2026	Provide training for families on how to interpret mathematics mathematical progress reports and support their children's mathematical growth.	I-Ready, Elite Learners, SLT and Title 1

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

P.S./I.S. 155 Staff, administrators, Math coaches, NTN Coach, I-Ready

Instructional Resources

Instructional materials, consumable supplies, technology, as needed.

Schedule Adjustments

N/A

Other Resources Needed

Per Session, training rate, Per Diem, for teachers and supervisors as needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of June 2025, the AVID Secondary Coaching and Certification Instrument (CCI) shows that 59% of components in the instruction domain fall below full implementation standards. The breakdown across implementation levels reveals that 5 indicators do not meet AVID implementation expectations, while 8 indicators meet elective implementation expectations. Additionally, 19	Many teachers have not received ongoing and comprehensive professional development opportunities specifically designed to improve	Teachers need professional development to effectively create and implement comprehensive study units that incorporate essential skills and

indicators are at the emerging schoolwide level, 21 have achieved full schoolwide implementation, and 11 indicators demonstrate sustained schoolwide implementation. The data indicates that most components (30 out of 64 total indicators) are operating at emerging or higher schoolwide levels, though a significant portion still requires development to reach optimal AVID implementation standards.	their understanding and application of the College and Career Readiness (CCR) framework. This framework is crucial for equipping students with the skills they need to succeed in their future educational and career paths.	knowledge for college and career readiness (CCR). These training sessions ensure that teachers are equipped with innovative strategies and resources to prepare students for future academic and professional challenges.

N/A	N/A	N/A

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	8	P.S. /I.S. 155 will address Priority 4: By June, 2026, the number of components rated as "meeting AVID standards" based on the CCI tool will Increase by 12 from 8 to 20.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

It is essential to leverage the AVID' Site team members to support the implementation plan, including continuous Professional development for all staff members working closely with the leadership team to set and achieve AVID goals, and ensure the school culture is reflective of AVID schoolwide expectations.

Root Cause Addressed:

Many teachers have not received ongoing and comprehensive professional development opportunities specifically designed to improve their understanding and application of the College and Career Readiness (CCR) framework. This framework is crucial for equipping students with the skills they need to succeed in their future educational and career paths.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Survey teachers to identify gaps in understanding how College and Career Readiness (CCR) applies to younger learners and their foundational skill development.
Form a school SITE team that includes administration, guidance counselors, and teachers from elementary and middle school.
Create "Career Connection" bulletin boards that showcase how current learning connects to future opportunities.

Train teacher leaders to facilitate discussions on developmentally appropriate career exploration and college awareness activities.
Establish grade-level teams to align CCR concepts with existing curricula in literacy, math, science, and social studies.
Establish monthly "College and Career Days" featuring age-appropriate guest speakers and hands-on activities.
Create partnerships between elementary and middle school teachers to ensure continuity of CCR concepts during transitions.
Host workshops on incorporating career exploration into elementary reading themes and project-based learning in middle school.
Organize training sessions that foster a growth mindset, perseverance, and academic goal-setting in young learners.
Provide professional development on connecting elementary foundational skills to future academic and career success.
Facilitate sessions on age-appropriate college vocabulary and exposure activities for elementary students.

Key Strategy 2 (Optional):

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Quarter 1: Foundation Building (September - November)

Site Team Development

During the first faculty meeting, teachers complete a brief survey to assess their comfort level with AVID Career and College Readiness (CCR) concepts for young learners. Following this assessment, the principal establishes an AVID site team, comprising various stakeholders who have received AVID training. Each team member's roles and responsibilities are clearly defined, and the team develops communication protocols and meeting schedules to ensure effective collaboration.

The site team participates in comprehensive initial training that includes an in-depth exploration of AVID philosophy and methodology, a thorough review of AVID standards and expectations, and a goal-setting workshop focused on establishing year-long objectives. Once the training is complete, the team meets bi-weekly during planning periods to review AVID strategies, evaluate current implementation practices, and monitor progress using the AVID CCI self-evaluation tool. This structured approach ensures consistent implementation and continuous improvement of the AVID program throughout the school year.

Months 3-4: Initial AVID Training and Early Implementation

During this period, the AVID site team conducts 45-minute AVID after-school workshops to help teachers integrate career connections into their existing lessons. Teachers begin making small changes right away. For example, elementary teachers introduce monthly career lessons, while middle school teachers incorporate weekly "career connections" into their assignments. One instance includes a second-grade teacher discussing community helpers and posing the question, "What skills do postal workers need?" Additionally, a sixth-grade math teacher relates fractions to careers in the culinary field.

Months 5-7: Full AVID Classroom Integration
Teachers fully integrate comprehensive AVID CCR practices into their daily routines. Elementary classrooms feature career-themed dramatic play and vocabulary walls, while middle school teachers incorporate career research into existing projects. During monthly faculty meetings, teachers dedicate 15 minutes to share successful activities and begin peer observations during planning periods.

Months 8-10: AVID Assessment, Sharing, and Planning
The AVID site team collects student work samples to demonstrate increased career awareness and academic connections. Teachers participate in "gallery walks" during professional development days to view each other's AVID CCR displays and student projects. The final month is focused on documenting successful practices, creating a resource collection for the following year, and planning refinements for the summer.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/25/2025	06/26/2026	The school will provide 3 parent workshops for parents and families, focused on highlighting the college and career initiatives that the students are experiencing. Monthly parent newsletters will be distributed, highlighting CCCR events and activities, with special sections for students and families contributors (with translated versions, as needed).	ELITE Learners & Metalogic
09/25/2025	06/26/2026	By the end of June 2026, the school will ensure that families of the school community are aware of college planning, and deepen their knowledge of financial literacy through a series of family events, parent workshops, student programs, and field trips. Monthly parent newsletters will be distributed, highlighting CCCR events and activities, with special sections for students and family contributors (with translated versions, as needed).	Metalogic Junior Achievement Partnership With Children

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School administrators, teachers, guidance counselors, parent coordinator, and various vendors

Instructional Resources

instructional materials, consumable supplies, technology, as needed

Schedule Adjustments

N/A

Other Resources Needed

per session, per diem, training rate, as needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the (Parent	Families often hesitate or struggle to participate in multiple school meetings,	Flexible, Family-Centered Scheduling Offer multiple time slots (e.g., early morning, late

Attendance Tracker) 423 Parents/Guardians participated in an at least one function during the 2024-2025 school year.	classroom visits, and events due to several interconnected barriers. Concerns related to immigration create anxiety among families who may fear exposure or documentation issues when engaging with institutional settings. Additionally, many parents face practical scheduling conflicts, as they typically work during traditional school hours, making daytime meetings and events inaccessible. Language barriers further complicate participation, particularly for families who primarily speak Russian, Arabic, or Haitian Creole. The lack of interpretation services and translated materials in these languages creates environments where families cannot engage meaningfully with school communications, understand meeting content, or effectively advocate for their children. This linguistic isolation deepens their disconnection from the educational system.	evening, and Saturday options). Provide hybrid access (Zoom/recordings + in-person), ensuring key content is available asynchronously. Publish a quarterly event calendar so families can plan ahead. Clear, Multilingual, Multi-Channel Communication Consolidate to 2–3 channels max (e.g., SMS text, flyers, Instragram) Use bilingual (English/Spanish + any prevalent languages) Visuals: one-page flyers, short video invites, and 48-hour reminder texts. State the benefit in every invite (e.g., “Leave with a 3-step plan to support ELA at home” or “Free resources + raffle”). Remove Practical Barriers (Childcare, Transportation) Provide on-site childcare or a supervised activity table. Offer light refreshments, MetroCard raffles, or travel stipends when possible. Use family ambassadors (trusted parents, community partners) to co-host and personally invite families.

N/A	N/A	N/A

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	423	By June, 2026, P.S./ I.S. 155 will double parent engagement by reaching 876 total parent attendances at school functions, fostering stronger school-community connections and family involvement from 423 to 876 as measured by Parent Coordinator Activity Report.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Create a Family Support System That Grows with Students from 3K to 8th Grade. Build a comprehensive support network that helps families engage with their children's education throughout their entire time at school.

Root Cause Addressed:

Families often hesitate or struggle to participate in multiple school meetings, classroom visits, and events due to several interconnected barriers. Concerns related to immigration create anxiety among families who may fear exposure or documentation issues when engaging with institutional settings. Additionally, many parents face practical scheduling conflicts, as they typically work during traditional school hours, making daytime meetings and events inaccessible.

Language barriers further complicate participation, particularly for families who primarily speak Russian, Arabic, or Haitian Creole. The lack of interpretation services and translated materials in these languages creates environments where families cannot engage meaningfully with school communications, understand meeting content, or effectively advocate for their children. This linguistic isolation deepens their disconnection from the educational system.

Adding to these immediate barriers are deeply rooted generational attitudes toward educational institutions. Historical negative experiences with schools—stemming from cultural misunderstandings, language barriers, or perceived discrimination—have led to lasting skepticism that gets passed down from parents to children. This intergenerational mistrust often results in avoidance, causing families to view school engagement as potentially problematic rather than beneficial.

The combination of these factors—fears related to immigration, conflicts with work schedules, language accessibility issues for non-English speakers (such as those who speak Russian, Arabic, and Haitian Creole), and inherited distrust in institutions—creates a cycle in which families remain disconnected from their children's educational experiences. This disconnection ultimately impacts student success and hinders community building within the school environment.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide translation and interpretation services in Spanish, Russian, Arabic, and Haitian Creole for school activities
Offer flexible meeting times (evenings, weekends) and childcare to accommodate working parents.
Partner with trusted community organizations and cultural centers to reach families where they feel comfortable.
Create mentorship programs where experienced families help newcomers navigate the school system.
Adapt support services to meet families' changing needs as their children grow from preschool through middle school.
Use technology and multiple communication methods to keep families informed and connected.
Address safety concerns for immigrant families while building trust over time.

Key Strategy 2 (Optional):

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1. Monthly tracking of family attendance at school meetings, events, and parent-teacher conferences, organized by grade level and language group.
2. Quarterly measurement of families utilizing interpretation services and accessing multilingual materials.
3. Biannual assessment of family satisfaction with school communication and engagement opportunities.
4. Annual tracking of family retention and engagement rates as students progress from 3K to 8th grade.
5. Monthly tracking of attendance at evening and weekend events compared to daytime activities.
6. Quarterly monitoring of childcare service usage during school events.
7. Bi-annual assessment of virtual participation rates and technical support effectiveness.
8. Annual review of transportation and location accessibility for family engagement activities.

Priority 5 Family and Community Engagement

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to Insight 2025 data: of our 281students, we are currently at an 87% school year attendance rate, 51% of students are at risk of being chronically absent (189 students), 51% of students are considered chronically absent, having already missed 10% or more of the school year (142 out of 281).	Our students often face significant challenges that make regular school attendance difficult. Many students encounter difficult family situations, such as ongoing medical issues requiring attention, safety concerns at home that create an unstable environment, and housing insecurity that forces them to move frequently. Additionally, some students must take on the responsibility of translating for family members. These circumstances can be overwhelming and understandably hinder their ability to focus on their education and pursue their dreams. We recognize the burden of these obstacles and are committed to supporting them every step of the way.	Address Attendance Barriers Through Wraparound Support Services.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	51%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 36%, from 51% to 15%, as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen a comprehensive, school-wide attendance support system by combining proactive family engagement, targeted interventions, and positive student incentives to address the root causes of absenteeism and ensure all students maintain consistent attendance.

Root Cause Addressed:

Our students often face significant challenges that make regular school attendance difficult. Many students encounter difficult family situations, such as ongoing medical issues requiring attention, safety concerns at home that create an unstable environment, and housing insecurity that forces them to move frequently. Additionally, some students must take on the responsibility of translating for family members. These circumstances can be overwhelming and understandably hinder their ability to focus on their education and pursue their dreams. We recognize the burden of these obstacles and are committed to supporting them every step of the way.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Early Identification and Monitoring- Use Insight to generate weekly attendance reports
Flag students at risk of chronic absenteeism (missing 5+ days early in the year).
Share attendance dashboards with grade teams and administrators during weekly data meetings.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures:
Weekly Data Meetings: Attendance dashboards from Insight/ATS will be reviewed with grade teams and administrators to identify trends and students at risk. SLT & Attendance Team Meetings: Monthly meetings will monitor progress, discuss barriers, and adjust interventions.

Family Engagement Logs: Documented outreach (calls, texts, home visits, workshops) will be reviewed biweekly to ensure consistent family communication.
Incentive Tracking: Records of student recognition (certificates, rewards, grade-level competitions) will be maintained to monitor participation and impact.
Student Support Services: Social workers, counselors, and mentors will track intervention plans for at-risk students, with updates shared during progress reviews.

Data/Evidence Collected:
Weekly Attendance Reports (Insight) showing daily, weekly, and cumulative student attendance.

Chronic Absenteeism % by subgroup (ELLs, SWDs, STH, Economically Disadvantaged) reviewed monthly.

Family Outreach Logs (documented phone calls, home visits, workshops).

Student Incentive Records (participation rates, improvement recognition).

Individual Attendance Improvement Plans for Tier 2/Tier 3 students.

Expected Impact:
Improved daily attendance rates across all grades.

Reduction in the number of students identified as chronically absent each marking period.

Increased family participation in attendance-related workshops and interventions.

Stronger student engagement through recognition and incentives, leading to improved learning outcomes.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Workshops, Family Events, Community Partnership, and building throughout the school year during flexible hours and through various forms of communication and languages.	Metalogic
09/04/2025	06/26/2025	Offer sessions on supporting literacy, math, and social-emotional learning at home. Establish multiple channels (phone calls, text messages, ClassDojo/Remind, email, flyers) to share attendance updates, academic progress, and upcoming events.	Metalogic

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team (Assistant Principal, Parent Coordinator, Guidance Counselors, Social Workers, Teachers) to lead data monitoring and interventions. School Aides & Attendance team to track daily attendance, support communication with families, and manage data entry. CBO partners to provide mentoring, after-school programming, and wraparound family services. Parent Coordinator to conduct outreach, home visits, and family engagement workshops. School Safety Agent to support safe arrival/dismissal routines.

Instructional Resources

SEL Curriculum to address social-emotional needs that contribute to absenteeism. Intervention Programs (tutoring, after-school academic supports, Saturday Academy) to re-engage students who have missed instructional time. Attendance Incentive Programs (school store, certificates, celebrations, grade/class competitions).

Schedule Adjustments

Weekly attendance data review during grade team meetings. Monthly Attendance Team meetings to monitor chronic absenteeism trends and interventions. Morning check-ins / mentoring sessions for at-risk students. Family engagement events scheduled during flexible times (evenings, weekends) to maximize participation.

Other Resources Needed

Title I Funding to support extended learning opportunities and family engagement activities. School-Based Budget allocations for attendance incentives, recognition events, and family workshops. Grants / CBO Partnerships to provide supplemental resources such as transportation passes, food assistance, or uniforms.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
39.3% of students annual goals were not properly progress monitored for the 2024-2025 school year.	Teachers needed more support in understanding what and how to progress monitor students' IEP goals.	IEP Development and Fidelity of Implementation
Based off of prior IEP and referrals process	The teachers and special education	Transition Planning

for the 2024-2025 year there were no practice for implementing or conducting transitional plan.	committee more professional development in creating and implementing transitional plan for students.	and Compliance
There were numerous referrals of ELL students for Special Education for the 2024-2025 school year.	Teachers need more professional development in creating a more structured referral process.	Referral Process and Equity
20% of students with Disabilities were suspended for the 2024-2025 school year, according to the 2024-2025 Oors report.	Teachers need additional training and support on restorative practice with students with disabilities.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	60.7%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Higher-quality IEPs that better support student progress through stronger goals and bettter progress monitoring by a 10 Increase, from 60.7% to 70.7%, as measured by Seiss .

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a comprehensive IEP goal-management system and provide targeted professional development to ensure all special education teachers demonstrate proficient progress-monitoring practices by the 2025–26 school year.

Root Cause Addressed:

Teachers needed more support in understanding what and how to progress monitor students' IEP goals.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
System Development and Implementation Create standardized documentation templates and procedures for progress monitoring Develop data collection protocols with clear timelines and responsibilities Implement quality assurance checkpoints and review cycles
Professional Development and Capacity Building Assess Current Knowledge Gaps Conduct a needs assessment survey to identify specific areas where teachers need support Review current IEP goals to identify common issues Analyze existing progress monitoring practices to pinpoint inconsistencies
Deliver Targeted Training Provide professional development on writing measurable, observable IEP goals Train teachers on data collection methods, frequency, and documentation requirements Teach analysis skills for interpreting progress data and making instructional adjustments Offer hands-on practice with the new management system and tools
Monitor data collection quality metrics Collect teacher feedback on training effectiveness and ongoing needs Review student outcomes to measure impact on IEP goal achievement Monitor Progress of the system and provide additional support as needed

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Phase 1: Foundation Building (Months 1-2)
System Infrastructure
Month 1: Form team, design assessment survey
Month 2: Create templates and analyze current practices

Phase 2: Training and Rollout (Months 3-5)
Professional Development and Launch
Month 3: Deliver foundational training and begin rollout
Month 4: Hands-on training for developing quality goal and progress monitoring.
Month 5: Ongoing data analysis training.

Phase 3: Support and Continuous Improvement
Support and Continuous Improvement
Ongoing coaching, peer mentoring, and monthly data reviews

Monitoring Framework
IEP goal quality scores (measurability checklist)

Progress monitoring data collection timeliness
Teacher proficiency growth through observations and Feedback
Student IEP goal achievement rates
Teacher proficiency ratings in progress monitoring

Parent satisfaction
Data Collection and Review Process
Monthly Monitoring and Meetings
Individual coaching for teachers needing support

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Tier 1 – Universal Supports (Schoolwide / All Families) Regular Communication: Weekly newsletters, automated phone calls, emails, and text messages to share attendance, academic updates, and upcoming events. Family Workshops: Monthly sessions on supporting literacy, math and social-emotional learning at home. School Events: Open houses, cultural celebrations, literacy/STEM nights, and schoolwide recognition ceremonies. Tier 2 – Targeted Supports (At-Risk Families/Students) Personalized Outreach: Phone calls, emails, and home visits for students missing multiple days or showing academic gaps. Small Group Workshops: Focused sessions on helping families support students with learning challenges or behavioral concerns. Mentoring Programs: Pair at-risk students with staff or community mentors to support engagement and learning at home. Tier 3 – Intensive Supports (Individualized / High-Need Families) Family Conferences & IEP Support: One-on-one meetings for families of students with chronic absenteeism or disabilities to review progress and set goals. Wraparound Services: Connect families to social services, housing assistance, mental health resources, and community-based programs. Individualized Action Plans: Develop personalized family engagement plans aligned with student goals and progress monitoring.	Elite Learning, Metalogic

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Teachers (ICT, SETSS, Nest Provider, Related Service Providers): Deliver differentiated, inclusive instruction and implement progress monitoring procedures. Teacher Leaders: Provide coaching on co-teaching, Universal Design for Learning (UDL), and progress monitoring. School Administrators & Assistant Principals: Oversee implementation of the IP Goal Management System and ensure compliance with IEP progress monitoring requirements. Counselors / Social Workers: Provide social-emotional support and assist with student engagement and family communication. Parent Coordinators / Family Liaisons: Support family engagement and workshops to increase understanding of IEPs and student progress.

Instructional Resources

SEISS: Digital infrastructure for tracking and monitoring student IEP goals and progress. Assessment Tools: Formative and summative assessments, and progress-monitoring checklists aligned to IEP goals. Assistive Technology: Devices and software such as text-to-speech, speech-to-text, audiobooks, and adaptive learning platforms. Professional Development Materials: Guides, modules, and resources for teachers on writing measurable goals, data collection, and progress monitoring.

Schedule Adjustments

Dedicated PD Days and Workshops: For staff training on progress monitoring and inclusive practices. Regular Data Review Meetings: Monthly Special Education Team meetings to review progress monitoring data and adjust interventions. Co-Planning / Collaboration Time: Weekly grade-level or co-teaching team meetings to align instruction and discuss student progress. Family Engagement Events: Evening or weekend workshops, conferences, and training sessions to accommodate family schedules.

Other Resources Needed

Per Session, training rate, Per Diem, for teachers and supervisors as needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Students performing one grade below level	WIN, Wilson, Fundations, Lexia and English 3D Program for ELL's,	Targeted intervention, small groups, one on one, peer tutoring push-in, pull-out	During school and after school	yes
Tier 3	Students performing 2 or more grades below level	Intensive and Strategic Interventions through WIN, AIS, Intervene K-12 tutoring, progress monitoring, Double Dose of Fundation, and support for foundational skills utilizing PAST and vocabulary development strategies for upper elementary and middle school students.	one on one, small group, peer tutoring, push-in, pull-out	During school and after school	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2-Classroom Observation	Based on observations from the Social Emotional Team Parent/guardian reports Teacher anecdotal DESSA/ DECA results	Harmony SEL & PBIS	Small Group and Individual one-on-one check -ins	During the school day	Yes
Tier 2-Group Counseling	Observations from SEL DESSA results Parent/Guardian input Moderate mental health, needs	Harmony SEL, Social Skills Group, Check-Ins, Mentoring, Community Supports,	Small group interventions Relaxation Groups	During the school day	Yes
Tier 3-Individualized support	Tier 1 and Tier 2 not effective High need from assessments Request for intensive support	Harmony SEL, PBIS, Counseling, Assessment, Community based organization,	Wrap Around Services, Individual and family Counseling	After school	Yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Transparent Communication of MTSS Framework

Provide families with accessible guides, workshops, and newsletters explaining MTSS tiers (academic, social-emotional, and behavioral).

Share information in multiple languages and formats (print, digital, and virtual) to ensure equity and accessibility.

Family Workshops & Trainings

Host parent workshops on literacy, numeracy, and social-emotional strategies that families can reinforce at home.

Provide resources and training on the use of technology-based platforms so parents can track student progress.

Collaborate with local community-based organizations (CBOs), after-school programs, and mental health providers to expand Tier 2 and Tier 3 supports.

Invite families to participate in school-community events that highlight MTSS resources and supports.

Establish feedback loops (surveys, listening sessions, parent focus groups) to understand family perspectives on interventions.

Involve family representatives on the School Leadership Team (SLT) to help monitor the effectiveness of MTSS practices.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Family Updates on Student Progress (Tier 2 & Tier 3 Interventions)
Families of students receiving Tier 2 targeted or Tier 3 intensive interventions receive consistent communication and updates through multiple channels to ensure transparency and collaboration:

Regular Progress Monitoring Reports

Families receive written reports every 4–6 weeks that summarize academic, behavioral, or social-emotional progress, including attendance data and intervention outcomes.

Parent-Teacher/Support Staff Conferences

Scheduled conferences are held with teachers, intervention specialists, and counselors to review student progress, discuss strategies, and adjust interventions as needed.

Ongoing Communication

Teachers and support staff maintain ongoing contact with families through phone calls, emails, and digital platforms (e.g., ClassDojo, Google Classroom, Remind).

Bilingual communication is provided to ensure accessibility for all families.

Data Dashboards and Technology Access

Families are provided with access to attendance and intervention tracking dashboards when available, enabling them to view real-time progress.

Training is offered so parents understand how to use technology-based programs (Lexia, English 3D, Harmony, etc.) to support learning at home.

Individualized Support for Tier 3

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are included in the creation of the student's intervention plan, which may involve:

Specific academic or behavioral targets

Strategies used at home to support learning

Tools or accommodations the child responds well to

This shared planning ensures continuity between school and home.

Families receive frequent progress reports—often biweekly or monthly.

Reports may include:

Data from progress monitoring (e.g., reading fluency scores, behavioral logs)

Notes from interventionists or specialists

Adjustments made to the intervention plan

Communication happens through emails, phone calls, parent portals, or in-person meetings.

Families are involved when determining whether:

The student should continue Tier 3 interventions

Adjustments are needed

The student has met goals and can return to Tier 2

A special education evaluation may be appropriate (with informed parental consent)

Their input is critical when assessing readiness to transition or escalate support.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Ninety-eight students in our school are currently experiencing housing instability. Thirty-four are doubled up, staying temporarily with friends, family, or acquaintances. The other sixty-four are living in emergency shelters or transitional housing facilities.

Our school serves 98 students whose nights are spent in shelters or doubled up with friends and family. These children wake each morning not knowing if today's commute will be the same as yesterday's, yet they continue to show up, carrying both the weight of uncertainty and remarkable resilience.
The faces in our hallways tell a concentrated story of community impact. Ninety-four percent of our STH students are Hispanic, and every single one is learning English while navigating housing instability, a challenge that requires extraordinary strength from both children and families. They span from our youngest kindergarteners to eighth-graders preparing for high school, with the heaviest concentration in elementary grades, where foundational learning habits are formed.
The attendance data reveals the toll this instability takes. On average, each STH student misses nearly 25 days of school,—more than a month of instruction. Fifty-eight percent are chronically absent, missing 18 or more days, while six students have missed a quarter of the school year or more. Yet within this challenge lies an unexpected discovery: our eight students with IEPs actually have better attendance than their peers, averaging 15 days absent compared to 26 days for other STH students. This suggests that when children receive intensive, individualized support and their families feel truly known and supported by school staff, even housing instability doesn't have to derail education.

3. Our school has built a comprehensive support network that recognizes students in temporary housing need more

than just academic instruction; they need to feel valued, cared for, and part of the school community. We provide essential basic needs support through our food pantry, ensuring families have groceries to take home, and regular clothing giveaways that help students feel confident and prepared for school. Understanding that access to clean clothes can be a barrier to attendance, we distribute laundry cards so families can maintain their dignity while addressing practical needs. Beyond meeting basic necessities, we create opportunities for joy and cultural enrichment through educational trips and special experiences, such as Broadway shows, recognizing that our STH students deserve the same memorable childhood experiences as their housed peers. These experiences serve multiple purpose, they build excitement about learning, create positive associations with school, strengthen the bond between families and our school community, and remind these resilient children that their current housing situation doesn't define their worth or limit their possibilities. Through this holistic approach, we demonstrate that supporting students in temporary housing means addressing both their immediate survival needs and their long-term dreams.

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Our school currently serves 98 students experiencing homelessness, with approximately two-thirds residing in shelters and one-third in doubled-up situations. While this population demonstrates notable resilience with over half maintaining attendance rates of 90% or higher significant disparities emerge when examining housing status more closely.

The most concerning trend centers on chronic absenteeism patterns among shelter-based students. Nearly one-third of students residing in shelters struggle to maintain 80% attendance, compared to zero chronic absenteeism among doubled-up students. This contrast suggests unique systemic barriers to consistent school engagement, likely related to transportation challenges, shelter curfews and regulations, family displacement patterns, and the psychological toll of institutional living. These attendance gaps directly threaten academic progress and social-emotional development during critical developmental years.

Achievement data, though limited in scope, reveals troubling academic outcomes. Less than one-third of STH students have current state assessment scores on record, indicating either high mobility rates, recent enrollment, or systemic gaps in testing participation. Among those tested, proficiency rates hover around 27% in both ELA and Math, with mean scores of 2.60 and 2.43 respectively. These results underscore the compounding effects of housing instability on academic performance and highlight the urgent need for intensive, trauma-informed instructional support.

These trends inform several critical service priorities for our comprehensive plan. First, we must develop targeted interventions specifically addressing the attendance barriers faced by shelter-based students, including enhanced transportation coordination, morning wellness programming, and direct partnership with shelter providers. Second, comprehensive case management must become the cornerstone of our STH support model, ensuring each student receives individualized attention addressing housing stability, attendance barriers, academic needs, and trauma-responsive services. Third, we need aggressive academic recovery initiatives paired with proactive assessment outreach to both increase testing participation and provide data-driven interventions for students performing below proficiency.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

The STH students will be provided with advocacy to ensure that they are entitled to the same education as permanently housed students. This will be done by providing ongoing training for staff on how to manage students coping with trauma, loss, and grief. Also, teachers, staff, parents, and stakeholders are informed of the McKinney-Vento Homeless Assistance Act. Students will be provided with individual and group counseling, support with transportation issues to ensure a seamless arrival to school daily. STH students will be provided with supplies, i/e bookbags, uniforms and learning tools to allow them to meet the same standards as their stably housed counterparts. Parents/Guardians will be provided with support and resources for mental health services, employment and food assistance. Also, as our migrant families and students are faced with adjusting to a new country. The focus is providing support and assistance with occupational, educational, health, and social emotional needs.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

Our school currently serves four students in foster care, a population that requires specialized, trauma-informed support to address the unique challenges associated with child welfare involvement and placement instability. Recognizing that students in foster care face significantly elevated risks for academic underachievement, social-emotional difficulties, and school mobility, we have established a comprehensive support framework designed to promote stability, healing, and academic success.

Social-Emotional Supports:
Students in foster care receive priority access to individual and group counseling services provided by our school-based mental health team. Our Licensed Clinical Social Worker provides trauma-informed therapeutic interventions and emotion regulation skills. These students are closely monitored through our tiered behavioral support system, with immediate connection to Tier 2 and Tier 3 interventions as needed.

Academic Supports:
Academically, students in foster care receive individualized support plans developed collaboratively with their educational decision-makers and child welfare team. These students receive priority placement in small group instruction, extended learning time programs, and individualized tutoring services targeting specific skill deficits. Our special education team expedites evaluations when learning disabilities or educational delays are suspected, ensuring timely classification and service provision.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Social-Emotional Supports

Dedicated school counselor or social worker: Trained in trauma-informed care to help foster youth with transitions, loss, or behavioral challenges.

Mentorship programs: Pair students with a consistent adult or peer mentor to build trust and stability.

Trauma-informed practices: Staff receive training to recognize signs of trauma and respond appropriately.

Behavioral supports and intervention plans: Personalized supports to help with self-regulation, stress, or behavior issues related to trauma.

Academic Supports

Tutoring or academic intervention: Additional help during or after school

Support with transitions: For students entering or exiting foster care placements, including a transition plan for education continuity.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Social-Emotional and Mental Health Support:

Increase access to school counselors, social workers, and mental health services.

Offer trauma-informed professional development for teachers and staff.

Create safe spaces within schools where students can decompress or receive services discreetly.

Family and Community Engagement:

Partner with community organizations to provide housing, food, and health resources.

Employ family liaisons or advocates who are trained in McKinney-Vento provisions.

Offer parent education around navigating school systems and accessing support.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Trauma-Informed SEL Curriculum- Supports emotional regulation and relationship-building, helps with trauma recovery.
Mentorship Programs - Provides consistent adult guidance, emotional support, and role modeling.
Daily or Weekly SEL Check-Ins - Creates a space for students to reflect on their emotions and challenges.

Behavioral Data Tracking - Identifies early behavioral issues, allows for timely interventions.
Community and Family Engagement - Reinforces SEL strategies at home and in the community for holistic support.
PBIS and Restorative Practices - Encourages positive behaviors and conflict resolution through restorative methods.
Technology-Enhanced SEL Tools - Provides interactive, self-paced SEL learning for independent students.

Expanded Learning Time (ELT) Support

The ELT program aligns with Multi-Tiered Systems of Support (MTSS) and will be offered to all eligible students who are considered at-risk of not meeting state standards. Note: Receivership schools must commit to 200 student contact hours of ELT.

Describe how your school will utilize ELT to offer opportunities for enrichment and additional learning before, during, after school, on weekends and/or during the summer to actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.

Utilizing ELT to Address Unique Learning Needs and Interests

Our school operates a comprehensive 21st Century Community Learning Centers (21st CCLC) Program, serving as an Expanded Learning Team (ELT). This program offers academic support and enrichment activities for all students, catering to various learning styles and actively addressing the unique needs and interests of every student—especially those who may benefit from non-traditional classroom experiences. The program is strategically designed to increase instructional time, enhance academic achievement, improve test scores, and close learning gaps.

During-School Programming: Throughout the regular school day, students receive intensive intervention support tailored to their individual learning needs. Additionally, students have the opportunity to participate in martial arts, which provides physical education and character development through an alternative approach that emphasizes discipline, focus, and self-confidence.

After-School Programming: From 2:30 PM to 4:00 PM, three days a week, students receive academic instruction focusing on core content areas aligned with the regular school curriculum. This extended learning time allows students to work at a differentiated pace, receive individualized support, and master skills through alternative instructional methods. Recreational activities occur from 4:00 PM to 5:30 PM, four days a week. These activities provide opportunities for social-emotional development, physical fitness, and creative expression, complementing traditional academic instruction. Students can also participate in fencing after school, which offers an additional athletic and strategic learning experience.

Before-School Programming: In addition to the 21st CCLC Program, our school collaborates with Vision Ed, Inc. through the Extended Day School Violence Prevention Program, which provides learning opportunities before the traditional school day begins. This program serves students from 7:30 AM to 8:30 AM on Mondays, Tuesdays, and Fridays, offering mentorship for at-risk students who benefit from additional guidance and support.

Weekend Programming: To further extend learning opportunities, students can participate in Saturday Academy, which provides additional academic support and enrichment activities. Students also engage in educational and recreational trips on weekends, offering experiential learning opportunities that connect classroom concepts to real-world experiences and broaden horizons beyond the school environment.

Enrichment Opportunities: Our school features the ELITE After School Program, which includes a diverse range of extracurricular activities such as Robotics, Culinary Arts, Dance, and Step. These activities allow students to explore their interests, develop new skills, and engage in hands-on learning experiences that may not be available during the regular school day.

Additionally, we partner with the Science of Music Program, which offers instruction in violin and steelpan during the regular school day and on some afternoons. This program provides students with artistic and cultural experiences that enhance their educational journey and offer alternative pathways for learning and self-expression.

Together, these complementary ELT programs create a comprehensive support system that extends learning before school, during school, after school, and on weekends. By providing programming across multiple time frames and through various enrichment activities, we offer students—particularly those who thrive with diverse learning styles—numerous opportunities to strengthen their academic skills, explore their interests, and develop as well-rounded learners.

Describe how your school will meet the requirement of ensuring that ELT instruction is delivered under the supervision of a teacher who is NYS certified in that content area.

Our school meets the requirement to provide Extended Learning Time (ELT) instruction under the supervision of a New York State-certified teacher in the appropriate content area, as ensured by a clearly defined staffing and supervisory structure.

All academic components of the ELT program are delivered by New York State-certified teachers in their designated subject areas. This guarantees that instruction in core subjects such as Mathematics and English Language Arts, as well as other academic areas, is led by qualified educators with the necessary certification and expertise.

The recreational components of the program are delivered by both New York State-certified teachers and instructors from our Community-Based Organization (CBO) partner. This site supervisor is familiar with the students being served and ensures that all instruction, whether academic or recreational, aligns with school goals and meets the needs of our learners.

The supervisor ensures compliance with certification requirements while providing continuity and consistency across all program components. We maintain strong connections between the ELT program and the regular school day, ensuring that all activities support our students' academic and developmental growth.

Describe how your school will meet the requirement of ensuring the alignment of ELT instruction with core academic subject area instruction offered during the regular school day.

Our school ensures strong alignment between Expanded Learning Team (ELT) instruction and core academic subject area instruction through several integrated strategies.

The ELT program is taught by the same NYS-certified teachers who provide instruction during the regular school day. This continuity ensures that extended learning time directly reinforces and builds upon the curriculum and skills taught in core classes. Teachers use ELT sessions to assess for learning gaps, reteach concepts not yet mastered, and provide additional practice opportunities. Students benefit from a slower, more individualized pace that allows them to strengthen foundational skills and work toward mastery.

Additionally, targeted students receive academic support and intervention through pull-out sessions during the school day, led by trained Tier 2 and 3 Instructors. This layered approach ensures consistent support throughout both regular and extended learning time.
To maintain instructional coherence, NYS-certified classroom teachers and trained Tier 2 and 3 Instructors meet weekly during Teacher Team meetings to collaborate on student needs, analyze progress data, and plan instruction accordingly. Student data is shared with teachers through multiple channels, including teacher team meetings, conferences, and a shared data dashboard. All teachers have access to students' progress and next steps through

their progress monitoring platform, ensuring that instruction remains data-driven and responsive to individual learner needs.

Through these coordinated efforts—utilizing the same certified instructors, providing consistent intervention support, engaging in regular collaborative planning, and maintaining transparent data sharing systems—our ELT program functions as a seamless extension of the regular school day rather than a separate or disconnected initiative.

Provide a description of the materials purchased to support implementation of ELT.

To effectively implement our Expanded Learning Team initiatives, we have acquired a comprehensive suite of research-based instructional materials and technology resources to enhance student learning across multiple grade levels.

For students in grades 3-8, we purchased IXL subscriptions for both Mathematics and English Language Arts. These adaptive learning platforms offer personalized practice and skill-building opportunities, providing immediate feedback and comprehensive reporting to help educators track student progress and identify areas needing additional support.

To strengthen foundational literacy skills in our youngest learners, we secured Fundations curriculum materials for grades K-2. This structured, multisensory program offers systematic phonics and word study instruction, helping students develop critical reading and spelling skills during these crucial early years.

Additionally, we invested in I-Ready diagnostic and instructional software, which delivers adaptive assessments and targeted instruction across grade levels. This platform enables our educators to identify each student's specific learning needs and provide individualized pathways for growth in both reading and mathematics.

Finally, recognizing that access to technology is essential for using these digital learning tools, we purchased devices to ensure that all students can fully participate in the program. These devices facilitate seamless access to the online platforms and support equitable learning opportunities for all students in the Expanded Learning Team program.

Together, these materials create an integrated system of support designed to accelerate student achievement and provide targeted interventions where they are most needed.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Our Parent and Family Engagement Policy outlines how our school will plan and implement effective activities and strategies to strengthen family engagement and improve student academic achievement. Grounded in educational research—and aligned with the requirements of Section 1116 of Title I, Part A of ESSA—our policy is designed to foster meaningful collaboration between families and the school community.

To ensure that parents are well-informed and actively involved in their children's education, our school implements a variety of comprehensive initiatives:
Encouraging Parental Participation: We actively encourage parents to take part in important decision-making bodies within the school community. This includes opportunities to serve on the School Leadership Team, engage with the Parent Association (PA), and participate in the Title I Parent Advisory Council. These platforms allow parents to voice

their opinions, contribute ideas, and collaborate with school leadership to enhance the educational experience.

Providing Ongoing Communication: We recognize the importance of clear and effective communication with all families. Therefore, we ensure that information is shared regularly through newsletters, emails, and community meetings. To accommodate our diverse school population, we provide translated materials and interpretation services, ensuring that language barriers do not hinder any family from accessing important school information and participating fully in school activities.

Creating Engagement Opportunities: We create a variety of opportunities for families to engage actively in the planning, reviewing, and improvement of school programs designed to support student achievement. This includes workshops, focus groups, and feedback sessions where families can share their insights, experiences, and suggestions. We believe that involving families in these processes leads to more effective programs tailored to the needs of our students.

Building Staff Capacity: Our commitment to effective communication with multilingual families is supported by ongoing professional development for our staff. We provide training that focuses on culturally responsive practices and effective communication strategies, equipping educators with the skills needed to connect with all families in a meaningful way. This ensures that staff members are prepared to understand and respect the diverse backgrounds of our school community.

Through these dedicated efforts, our school reflects a strong commitment to creating a welcoming and inclusive environment. We honor and value families as essential partners in their children's education, believing that collaboration between families and educators is vital to student success.

Support for Parents and Family Members of Title I Students

Nicholas Herkimer School, will support parents and family members of Title I students by:
Providing materials and training that help parents support their children’s academic growth, including literacy, math, and technology resources.
Offering information and training that enable parents to participate effectively in planning and decision-making related to their children’s education.
Fostering a caring and effective home–school partnership so parents can confidently support and monitor their child’s progress.
Assisting parents in understanding City, State, and Federal academic standards and assessments.
Sharing information about school and parent-related programs, meetings, and activities in accessible formats and in languages families can understand.
Providing professional learning for school staff, with input from parents, to strengthen outreach, communication skills, and cultural competency, thereby building stronger home–school relationships.
Maintaining a welcome and information center for newly arrived immigrant families to support a smooth transition into the school community.
Offering technology training to help parents navigate digital tools used for communication and learning.
Engaging community partners to support families in need and expand available resources.

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy is designed to meet the needs of all parents and guardians, including those of Multilingual Learners/English Language Learners (ML/ELL) and students with disabilities. Each year, the school community, in collaboration with parents and family members, will conduct an evaluation of the policy's content and effectiveness. This assessment will aim to improve the school's academic quality, with input

gathered through school surveys and feedback forms. The results will inform strategies to better support parents and family members and enhance the school's Title I program. The school will keep a record of this information.
In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, members of the school's Parent Association (or Parent-Teacher Association), and parents on the School Leadership Team were consulted. They were encouraged to survey their members for additional feedback. To increase parent involvement and improve school quality, the school will:

- Actively involve and engage parents and family members in planning, reviewing, and evaluating the effectiveness of the Title I program, as outlined in the School Comprehensive Education Plan, including implementing the Title I Parent and Family Engagement Policy and the School-Parent Compact.
- Engage all parents in discussions and decisions regarding the required Title I, 1% set-aside funds, which are allocated to supplement activities for parent and family engagement, such as family literacy and parenting skills.
- Ensure that Title I funds designated for parent and family engagement are used to implement activities and strategies as described in the Parent and Family Engagement Policy and the School-Parent Compact.
- Support school-level committees that include parents from the School Leadership Team, the Parent Association (or Parent-Teacher Association), and the Title I Parent Advisory Council. This support will include providing technical assistance and ongoing professional development, particularly in developing leadership skills.
- Maintain a Parent Coordinator (or a dedicated staff member) to serve as a liaison between the school and families. The Parent Coordinator will offer workshops based on the needs of parents and work to ensure the school environment is welcoming. They will also keep a log of monthly events and activities for parents and submit a report to the central office.
- Conduct parent workshops on topics such as parenting skills, understanding educational accountability, grade-level curriculum, assessment expectations, literacy, accessing community and support services, and technology training to help parents support their children at home.
- Provide opportunities for parents to understand the accountability system (e.g., ESSA/State accountability system), student proficiency levels, the Annual School Report Card, School Quality Report, Quality Review Report, and the Learning Environment Survey Report.
- Host the required Annual Title I Parent Meeting each school year to inform parents about the Title I-funded programs, their rights to be involved, and the parent and family engagement requirements under Title I, Part A, Section 1116, and other relevant sections under ESSA.
- Schedule additional parent meetings, such as quarterly meetings, at flexible times (morning or evening) to share information about the school's educational programs and other initiatives from the Chancellor, while allowing parents to provide suggestions.
- Translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

Nicholas Herkimer School, will enhance parent and family engagement at the school level by:

- Hosting educational family events and activities during Parent-Teacher Conferences and throughout the school year.
- Encouraging meaningful parent participation on School Leadership Teams, the Parent Association (or Parent-Teacher Association), and the Title I Parent Advisory Council.
- Supporting or hosting Family Day events.
- Establishing a Parent Resource Center and lending library with instructional materials for parents.
- Encouraging more parents to volunteer at the school by providing training opportunities.
- Providing written and verbal progress reports to keep parents informed about their children's academic progress on a regular basis.
- Developing and distributing a school newsletter or web publication to update parents on school activities and student progress.

- Providing school planners or folders for consistent written communication between teachers and families, using language formats that parents can understand whenever possible.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Nicholas Herkimer School, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school/parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

To ensure that participating children meet State Standards and Assessment requirements, we will provide high-quality curriculum and instruction that aligns with these standards by:

- Using academic learning time efficiently.
- Respecting cultural, racial, and ethnic differences.
- Implementing a curriculum that is aligned with State Learning Standards.
- Offering high-quality instruction across all content areas.
- Providing instruction by highly qualified teachers. If this is not possible, we will notify parents as required by the Every Student Succeeds Act (ESSA).

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and enhance communication by:

- Conducting parent-teacher conferences each semester to discuss each child's achievements and how this Compact is connected to their education.
- Hosting an Annual Title I Parent Meeting each school year for parents and family members of students in the Title I program. This meeting will inform them about the school's Title I status, funded programs, and their rights to be actively involved.
- Arranging additional meetings at flexible times, such as mornings or evenings, and providing transportation or child care (when possible and funding allows) for parents who may have difficulty attending regular meetings.
- Respecting the rights of families with limited English proficiency by providing translated documents and interpretation services to ensure their participation in their child’s education.
- Sending information related to school and parent programs, meetings, and activities to the parents of participating children in a format that is understandable and, to the extent possible, in a language they can comprehend.
- Involving parents in the planning process to review, evaluate, and improve existing Title I programs, the Parent and Family Engagement Policy, and this Compact.
- Providing parents with timely information regarding performance profiles, individual student assessment results for each child, and other relevant information about the school.
- Ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year.
- Hiring additional support staff to strengthen home-school relationships.
- Offering curriculum resource materials to enhance the home/school connection.

- Developing a better communication system or platform for all parents to access information in real time, available in multiple languages.

I. School Responsibilities: Providing Parents Reasonable Access to Staff

To ensure parents have reasonable access to school staff, the following measures will be implemented:

- Staff will have access to interpretation services to effectively communicate with parents who have limited English proficiency.
- Parents will be informed about the procedures for scheduling appointments with their child's teacher or other school staff members.
- Opportunities will be arranged for parents to receive training that enables them to volunteer and participate in their child's classroom, as well as observe classroom activities.
- Activities will be planned throughout the school year for parents, such as Parent-Teacher Conferences and Parent Workshops.

I. School Responsibilities: Providing General Support to Parents

Nicholas Herkimer School, is dedicated to building strong relationships with families and providing the necessary support for meaningful engagement in their children’s education. To accomplish this, the school will:

- Create a welcoming environment where families feel valued and respected.
- Provide clear communication about school events, academic expectations, and student progress.
- Ensure translation and interpretation services for critical information and events.
- Offer workshops and sessions to help parents support learning at home.
- Clarify academic standards and school policies, providing translated materials as needed.
- Designate a Parent Coordinator to assist families and address language needs.
- Encourage parent participation in leadership and decision-making roles.
- Respond promptly to parent inquiries and concerns, ensuring culturally responsive communication.
- Collaborate with community organizations to enhance support services for families.

These commitments aim to strengthen communication, ensure equitable access to information, and empower families in their children’s education.

II. Parent/Guardian Responsibilities

-Monitor my child's attendance and ensure that they arrive at school on time. Follow the appropriate procedures to inform the school when my child is absent.
- Ensure that my child comes to school rested by setting a bedtime schedule based on their needs and age.
- Check and assist my child with homework tasks when necessary.
- Read to my child and discuss what they are reading each day for a minimum of 15 minutes.
- Set limits on the amount of time my child spends watching television or playing video games.
- Encourage positive use of extracurricular time, such as extended learning opportunities, clubs, team sports, and quality family time.
- Encourage my child to follow school rules and regulations, and discuss this Compact with them.
- Volunteer at my child's school or assist from home as time permits.

- Participate in decisions regarding my child's education when appropriate.
- Communicate with my child's teacher about their educational needs and stay informed about their education by promoting reading and responding to all notices received from the school or district.
- Respond to surveys, feedback forms, and notices when requested.
- Get involved in the development, implementation, evaluation, and revision of the Parent and Family Engagement Policy and this Compact.
- Participate in or request training offered by the school, district, or State Education Department to learn more about teaching and learning strategies whenever possible.
- Take part in the school's Parent Association or Parent-Teacher Association, or serve on advisory groups such as the Title I Parent Advisory Council or School/District Leadership Teams as much as possible.
- Share the responsibility for the improved academic achievement of my child.
- Check and sign homework on a daily basis.

III. Student Responsibilities

Attend school regularly and arrive on time.
- Complete my homework and submit all assignments on time.
- Follow the school rules and take responsibility for my actions.
- Show respect for myself, others, and property.
- Try to resolve disagreements or conflicts peacefully.
- Always do my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Teachers will have opportunities to grow as professionals through ongoing professional development provided by the District Academic Interventionist Specialist, Teaching Matters Coach, NTN, formal Social-Emotional Learning (SEL) providers, and participation in various professional learning opportunities, as well as through collaboration within vertical and horizontal teacher teams. All teachers are engaged in staff development opportunities to ensure they are trained in aligning their instruction with the Common Core State Standards (CCSS) and the Next Generation Science Standards (NGSS).

Through this work, teachers will:

* Develop skills in describing and analyzing student learning using evidence and examples.
* Identify learning gaps among the student population and create action plans to address student learning loss.
* Self-assess and identify the professional learning needed to build effective teaching practices.
* Develop strong questioning and discussion techniques to deepen student understanding.
* Provide students with diverse learning platforms to give them a competitive edge.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

The Pre-K staff holds an annual parent meeting in September, where families receive a comprehensive overview of Pre-K expectations. Throughout the year, Pre-K teachers, the Early Childhood Social Worker, and the school nurse host quarterly meetings to educate parents about student expectations and the developmental stages that Pre-K students experience during their academic journey.

Teachers screen all students using the ESI-R assessment to identify developmental learning delays, giftedness, and the need for English Language acquisition support. This screening tool also helps teachers tailor their instruction to meet individual student needs and enhance their learning abilities. When necessary, teachers collaborate with parents and the Social Worker to make referrals to the Committee on Special Education for possible early intervention services.

To ensure a developmentally appropriate learning environment, we utilize the Early Childhood Environmental Rating Scale-Revised (ECERS-R). Teachers regularly meet with their administrators to review the ECERS-R report, ensuring that the Pre-K program lays a solid foundation of skills and knowledge necessary for students' future success in college and careers.

Additionally, Pre-K teachers are being trained in the Work Sampling System (WSS). The WSS is an authentic, performance-based assessment that provides a framework for teachers to strategically document students' behavior, knowledge, and approaches to learning. Teachers are trained to observe their individual students to ensure that instruction meets the needs of all learners.

Finally, Pre-K classroom teachers invite parents to participate in special performances and classroom visits, giving them opportunities to extend learning at home.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	471,775	X	
Title I, School Improvement 1003(a)	Federal	0	X	
Title II, Part A	Federal	43,216	x	
Title III, Part A	Federal	20,000	X	
Title III, Immigrant	Federal	10,899	X	
Title IV, Part A	Federal	17,701	X	
Tax Levy (Fair Student	Local	2,365,927	X	

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Community Schools

Community School Partners

NYC Community Schools are committed to advancing equity by organizing resources and sharing leadership with community partners to support the whole child. Each Community School is different and reflects the strengths and needs of its students, families, and local community. The most successful Community Schools share common features, which are integrated into the fabric of the school and drive student learning. These features are Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Embedded throughout the work is a focus on incorporating anti-racist practices and differentiating supports, including attendance supports, for special populations. Since all school operations and actions are in service of improving the academic and non-academic achievement of its students, the annual schoolwide goals should be informed by the students, their achievement, and the opportunities provided to them. The school should develop these goals after a realistic and comprehensive analysis of its data, paying specific attention to the achievement of its subgroups and disproportionality.

Directions: Identify the partnerships with Community-Based Organizations (CBOs) that will support the achievement of annual goals through implementation of the Community School Core Features: Collaborative Leadership and Practice, Family and Community Engagement, Expanded Learning Time (ELT), and Wellness and Integrated Supports. Identify the target student population(s), provide a summary of the scope of the services and indicate the Priority or section(s) of the plan.

CBO Partners	Target Population	Scope of Service	Priority/section(s) and Annual Goal
PS/IS155 K (Arete)	Grades K-8	In-school and after-school academic and extra-curricular enrichment activities. Parent and Teacher Development workshops. Attendance Supports Wellness and Integrated Supports.	Expanded Learning Time, Family Empowerment, Extra-curricular supports and community outreach.
C.A.R.E LLC	Grades 2-8	Extended Day School /Violence Prevention Program	Wellness, music and Integrated support along with mentorship for six graders and targeted students.
ROBOTICS	Grades 3-8	After School STEAM Program	Science, Technology Engineering and Math

			Exposure. Expanded learning time

Implementation of Community School Core Features & Components

Collaborative Leadership and Practice: Describe how the CBO will share leadership and engage in collaborative planning with the Community School to achieve the school's annual goals.

The School Leadership Team will meet at least once per quarter with the Arete Program, C.A.R.E., and Robofun to analyze school data, conduct needs survey, adjust goals, align community school funds based on the data analyses. The Community School Director, as the primary representative of the lead CBO (Arete Program), will work collaboratively with the SLT and other significant teams (Attendance Team, SEL Team, Safety Team, etc.) to achieve annual goals.

Family and Community Engagement: Describe how your Community School will develop authentic school-family partnerships, and create the conditions for families and community members to participate in decision-making, hold leadership roles that drive school change, and serve as partners in students' holistic development.

The Arete Program in collaboration with other CBO partners, the parent coordinator and Administration will survey parent needs and establish family and community empowerment goals.

The Parent Coordinator will work with the Community school Director to plan and execute monthly family literacy and parental engagement activities to heighten and encourage stronger parental participation.

The Community School Director and Parent Coordinator will facilitate at least one Community School Forum per year to gain formal feedback from families and community members. The Community School Director and Parent Coordinator will coordinate and facilitate 5-10 family engagement and/or family literacy programs to empower family voice and leadership.

Implementation of Community School Core Features & Components

Wellness and Integrated Supports: Describe how your Community School will address out-of-school barriers to learning through partnerships with social and health service agencies and providers to help students attend school regularly and engage in learning through the provision of programs such as social emotional learning, conflict resolution training, and restorative justice.

The SEL Team will lead school-wide initiative to enhance and institutionalize best practices with concern to social emotional learning for staff, students and their families.

The Arete Program, as lead CBO, ensures that the Community School Director and all teaching artists continue to engage in PD focused on SEL and Health and Wellness, and how to effectively integrate these practices into all activities.

To narrow the student learning and achievement gaps , the CBOs will work collaboratively with the school leadership and families to implement quality extended learning day programs. To ensure the success of the extended learning program, the class sizes and quality of instructors will be given consideration. During the expanded school day, students will receive exposure to quality academic supports in mathematics, ELA and Science taught by certified teachers.

These include:
-Targeted small group intervention/tutoring for students who are performing below grade level proficiency done during the school day.
- After-school academic supports for all students (Expanded Learning day for students at all academic levels.)
-After-school extra-curricular Supports for all students
-Regents Algebra courses for 8th grade scholars
-Science technology and Math after-school activities to encourage and support the student's preparedness for the 21st Century.
-Mid-winter and Spring Academies to promote test readiness

Every Student, Every Day: Describe how your Community School will work with CBO partners to meet weekly and use data from DOE systems and New Visions for Public Schools to monitor trends in attendance, assign personalized interventions–including Success Mentors–to chronically absent students, and draw on community resources for support with removing barriers to attendance.

For support, you may access strategies here.

The Community School Director will lead the Attendance Team. The team will analyze attendance data to identify and establish overall attendance goals for the school. They will also focus on identifying students who were chronically absent last school year and those who have exhibited patterns of chronic absenteeism over the past three years. After identifying these students, the team will meet to:

Plan beginning-of-the-year learning opportunities for staff, students, and families around the importance of attendance and starting strong.

Identify and assign success mentors to our at-risk students.
Train success mentors on how to effectively engage students.
Meet bi-weekly with mentors to monitor the students' progress.
Plan monthly recognition activities for perfect or improved attendance.
Organize targeted attendance improvement literacy and engagement activities for families.
Plan a culminating trip for the students with perfect or improved attendance to motivate continued success.

Special Populations: Describe how your Community School will work with your partners to ensure students receive differentiated and culturally responsive supports. Describe how your Community School's systems and structures will be optimized to work for <u>all</u> students, including students in temporary housing, Multilingual Learner/English Language Learner (ML/ELL), and Students with Disabilities.

The community school director will work collaboratively with our STH provider, ML/ELL coordinator, SWD coordinators, and school leaders to assess needs. The workshops provided by the CBO will address the concerns of all stakeholders and reflect the needs of all students.

The extended learning day activities will be accessible to ALL students, including necessary IEP provisions.
The resources and activities selected for the extended day programs will be representative of our community's diversity and responsive to its needs.

Expanded Learning Time (ELT)

Describe how your Community School will offer opportunities for enrichment through after-school, weekend, and summer programs, as well as additional instruction, individualized academic support, and enrichment activities that emphasize real-world learning and community problem solving.

Refer to the Multi-Tiered Systems of Support (MTSS) section of the CEP for the ELT program description indicating how the school's ELT program is offered to all eligible students considered to be at-risk of not meeting state standards.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Ashley Rougier
Assistant Principal (Where Applicable)*	Johane Bryant
English as a New Language (ENL) Teacher*	Ursula Obando
Teacher (if school has a bilingual program must be a bilingual teacher)*	Anna Rosa
Parent/Guardian*	Chevon Martin
Teacher	Josefina Gomez
Parent Coordinator	Anna Quinnerly
School Counselor	Santa Duran
Related-Service Provider	Britney Morris
Angel Andino	Psychologist
Jessica Ashworth	SETTS

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

2

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

2

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

2

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

3

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

248

Total number and percentage (%) of current ELLs:

68 (26.53%)

Total number and percentage (%) of former ELLs:

13(5.31%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

51 (8.57%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

1(0.40 %)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

1

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

3

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

9

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	Dual language Bilingual Education	Spanish	2025-2026	1	1	1	1										4
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In the Stand-alone model students who are at the Entering and Emerging levels receive the mandated minutes of ENL instruction in a separate classroom with the ENL teacher. The amount of minutes each student receives is determined by their level of language proficiency. These units of service are scheduled in Stars Classroom. Instruction in this model requires ENL teachers to design unit plans that align to learning standards. Instruction in the Standalone Model requires ENL teachers to group students according to their needs and levels of proficiency. Students are grouped into two groups; elementary and middle school grades.Teachers create groups that have a wide range of proficiency levels. This way, more proficient students can help and model for the entering and emerging students.
Elementary (grades 4th and 5th) ELLs will receive Stand-alone instruction in English by the ENL teacher. Stand Alone ENL instruction will consist of reading skill specific passages, watching documentaries with the intent of engaging as many language modalities as possible. The levels of proficiency are used to assign reading passages which will consist of read aloud or passages assigned on web sites that contain audio. Each reading or documentary will target specific skills (inference, cause and effect, character traits). Teachers will employ visuals, word banks, glossaries, cognates, and user-friendly definitions of vocabulary words required for the readings. Students will interact with each reading by answering high order thinking questions while sharing their responses with their peers. Students will use a variety of tools and methods of representation to record their responses such as graphic organizers, audio recordings, drawings, or short paragraphs. The way in which students respond will vary according to their level of proficiency.
In the stand-alone model teachers will ensure that students read a variety of texts that expose them to current and relevant topics. Students will receive ongoing feedback as they work on their assignments and even after they complete them. All lessons will address the four language modalities that ELLs need to develop in order to be fluent in the target language and to be successful in the State Standardized exams as well as the NYSESLAT exam.
All lessons include scaffolds, hands on activities, total physical response, language experience approach, and projects that require students to read, speak, listen, and write. The strategies used in the Stand-alone Model teach students skills that can be used by ELLs in all content areas. When necessary the teacher makes use of the student's home language to draw from their culture, and prior experiences as a way to build prior knowledge in lessons. For this purpose dictionaries, glossaries, maps, documentaries, artifacts, pairing with same language students or with English dominant student, are all strategies used to engage children. Students are homogeneously grouped and the ENL services they required are programmed into STARS in collaboration with the classroom teacher.
Our Middle School grades (6 through 8) is departmentalized. The Standalone Model for Middle School focusses on developing and augmenting writing skills, reading comprehension strategies, content specific vocabulary, and test sophistication in order to advance long term ELLs towards their academic goals, and to prepare all students for the standardized exams. The program looks to expand our students' skills in all four language modalities that is why we implement thematic units that address listening, speaking, reading, and writing skills. As with the Elementary School the ENL teachers for the Middle School use dictionaries, glossaries, maps, documentaries, artifacts, pairing with same language students or with English dominant student to engage students. Stop and notice for comprehension

where students chunk the text. They read parts of the text and discuss what surprised them, connections they made and predictions about the text.

Integrated ENL:

Transitioning and expanding students are programmed in Stars Classroom according to their level of language proficiency. When implementing the Integrated Model, ENL teachers and content area teachers work together to develop lessons and activities that guide children with clear content and language objectives. Integrated ENL instruction is implemented for Entering, Emerging, Transitionining, and Expanding ELLs according to the minutes prescribed by their language acquisition level.The ENL teacher pushes into the the students' classrooms and works collaboratively with the general education teacher. During the lesson the ENL teacher will pre-teach vocabulary, and the grammatical aspects of the lesson. The ENL teacher will use scaffolds such as sentence frames, vocabulary games, visual aids with pictures pertaining to the lesson, and graphic organizers to record important parts of a reading passage or important point of the lesson. All students will be provided with opportunities to develop their English proficiency by using and producing language through reading, writing, listening, and speaking.
The ENL and content area teachers will develop tasks that provide appropriate scaffolds and multiple tools and methods of representation. The ENL teacher will focus on vocabulary and word study assignments that will help children gain a greater understanding of the assigned text. Lessons will be designed using Near Pod where vocabulary flashcards and activities are generated for the lesson. Also, the home language must be used with newcomers and entering students. Teachers can translate the slides into any language on Google Slides, PearDock, or Nearpod.
Lessons will incorporate the target standards while also addressing the needs for the various levels of proficiency. This will translate into leveled reading assignments, previewing the reading and directly teaching skills that are needed to understand the text (synonyms and antonyms, past tense, future, past tense, main idea, inferencing, etc.) In the Integrated model the ENL teacher will provide children with activities that enhance the skills learned in the ELA lesson.
Content specific vocabulary will be taught with AVID graphic organizers and strategies. All lessons will be developed with the children’s proficiency levels and academic goals in mind and all lessons will include scaffolds, hands on activities and projects that require students to read, speak, listen, and write.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our school has a K-2 Dual Language Program. The K-2 are heterogeneous. This program uses core subject textbooks for math and science. Phonics and phonemic awareness for both languages is taught using Fundations and Estrellita. Arriba la Lectura and Into Reading are used daily as they contain Science and Social Studies units of study required for each grade. Big picture books are used to introduce each unit of study; these books are in both languages. The classrooms are equipped with bilingual libraries that include fiction and non-fiction books as well as content areas books that the students are using in their classes. Teachers use pictures, toys, and real objects to aid in helping students understand language in which they are not fully proficient or to elicit language from students who are reluctant to speak. The teachers conduct shared story telling, total physical response, dialogues, simulations, and songs to encourage dialogue and students' responses.
Lessons incorporate the target standards while also addressing the needs for the various levels of proficiency. This

will translate into leveled reading assignments, previewing the reading and directly teaching skills that are needed to understand the text (synonyms and antonyms, past tense, future, past tense, main idea, inferencing, etc.) In the Integrated model the ENL teacher will provide children with activities that enhance the skills learned in the ELA lesson.
Dual Language teachers will use scaffolds such as sentence frames, vocabulary games, visual aids with pictures pertaining to the lesson, and graphic organizers to record important parts of a reading passage or important point of the lesson. All students will be provided with opportunities to develop their English proficiency by using and producing language through reading, writing, listening, and speaking.
Content specific vocabulary will be taught with AVID graphic organizers and strategies. All lessons will be developed with the children's proficiency levels and academic goals in mind and all lessons will include scaffolds, hands on activities and projects that require students to read, speak, listen, and write.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

ENL teachers must identify the proficiency levels of ELL students enrolled in the school. Students are administered the HLIS to determine their language code. This helps our staff determine if the incoming student is eligible to be administered the NYSITELL. Interview with the student in both in English and their home language to determine if they are eligible for NYSITELL is also conducted. If the child is eligible to take the NYSITELL, a trained pedagogues will administer the test. The NYSITELL results provide teachers with the level of proficiency needed to assign each child the units of service they need. The level of proficiency determines the amount of mandated instructional minutes. Entering and Emerging students receive 360 minutes in total of Standalone, Integrated and Flexible instruction, Transitioning and Expanding 180 minutes of Standalone, Integrated and Flexible instruction. Commanding students receive 90 minutes of Integrated instruction. The instructional minutes and schedule are entered in STARS by the ENL teacher.
The ENL teacher and classroom teacher collaborate to generate a schedule that incorporates and reflects the ENL instructional time as Standalone and Integrated. These schedules are then posted on the classroom doors of both teachers, distributed to administrators, service providers, and the students. During Integrated instruction the ENL teacher and classroom teacher work together using ENL methodology to support students' language development and academic progress. Teachers and administrators work together to schedule all ELLs according to the Units of minutes they must get. All ELLs are scheduled on Stars and assigned the minutes of services they are entitled to receive.
At the Entering, Emerging, and Transitioning levels students receive instruction in phonics and phonemic awareness, vocabulary development, communication skills, writing using sentence frames, reading different genres, and grammar. ELLs at the expanding level focus on close reading strategies, writing with purpose, self-editing, oral language, and listening skills. The aim of the program is to prepare students with skills and tools they can use in other content areas as to equip them with communication skill that with aid with their social and linguistically development.
Former ELLs that exit the program are considered commanding and receive 90 minutes of support for two years after they exit the program. These students receive all instructional support through Integrated instruction. All ELL students including Commanding Students who exited the program are included in all after school activities provided by the Title III and Immigrant Program. Moreover, all ELLs are taken to our literacy center for an additional 45 minute period on Fridays for vocabulary development, phonemic awareness, and listening skills. Additionally, the teachers develop lessons that incorporate the writing process (prewriting, drafting, revising, editing, publishing). Teachers use the writing process approach to encourage students to write daily . Teachers use this method to provide opportunities to write for different audiences, for different purposes, and to write in many domains or genres, including stories, letters, biographical pieces, and persuasive essays. All ENL lessons are aligned with the curriculum and are structured to address all four modalities of language (listening, speaking, reading, and writing).

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL students receive ENL instruction based on the instructional minutes dictated by their language acquisition level. Instructional minutes are provided by the ENL teacher in the classroom (push-in) integrated instruction and in stand alone (pull-out). The ENL and general education teacher collaborate and plan lessons that are incorporate scaffolding, small group instruction, and hand on activities. When working with students in stand alone the teacher provides with instruction that promote conversation to obtain information, to express feelings and emotions, and exchange opinions. ENL students receive ELA-ENL Integrated and Stand Alone ENL instruction as stipulated by their Language level and the mandated minutes that correspond to each level.
Students in the Dual language model receive ELA instruction and Home Language instruction in their classroom with their Bilingual teacher. Dual Language Bilingual Education teachers reinforce and further their students knowledge of other disciplines through the foreign language.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The model we follow is 80:20 Dual Language Immersion.English proficient students and ELL Spanish speaking students are integrated 100% of the time in a self-contained class. Given that more than half of the students in the Kindergarten, First and Second grade class are Spanish speakers we are considered "One way Immersion". A critical feature of our program is monolingual instruction, where only one language is used at a time. This establishes motivation for student language use. The foreign language (Spanish) is used for a minimum of 20% of the time and English is used 80% of the time. The teacher uses Foundations, HMH and Heggerty for literacy programming in all English , other content ares are taught in Spanish in an alternating method.

b. In which language(s) is each core content area taught?

English Language Arts is taught in English using Into Reading, Heggerty and Fundations. Math, Science and social studies are taught in English. Students receive Spanish Language Arts Education twice per week.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

We do not have a Transitional Bilingual Education Program at this time.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

51 (20.81%) of our ELL population are considered newcomers. Instruction for newcomer students focuses on creating a welcoming environment, utilizing their home language, and various strategies like visual aids, peer support, and culturally relevant materials. This includes learning names, providing one-on-one assistance, and fostering a positive classroom culture.
Instruction for Newcomers is different because the ENL teachers and Bilingual educators are aware of the needs these children have. Educators are aware that establishing clear routines and schedules can help ease anxiety so visual schedules are posted in plain view and reviewed daily. Educators also recognize and incorporate students' cultures into classroom materials and activities. To provide peer support instructors pair newcomers with friendly classmates who can help them navigate the school and classroom environment.
Additionally, our educators offer translation of key materials and provide opportunities for students to express themselves in their native language. Moreover, we provide books and materials in the student's native language to support reading comprehension and language development. As part of the classroom environment we incorporate visuals, diagrams, and real objects to help connect language to concept and simplify explanations. Teachers know the importance of academic success for newcomers therefore they focus on developing academic vocabulary by incorporating word walls, vocabulary lists and sentence frames. Finally, a crucial aspect of our instruction for newcomers involves accessing our students' prior knowledge, thus we encourage newcomers to represent their culture through drawings, collages, stories, draw, or simply by using their native language and/or translation apps.
To effectively support Developing ELL our teachers focus on creating a welcoming environment and incorporate diverse learning strategies. Developing ELL instruction includes the use of visual aids that include pictures, diagrams, videos to enhance comprehension and reinforce learning. Teachers also pre-teach vocabulary, explicitly teach key terms before introducing new concepts to ensure students have a foundation for understanding.
Developing ELLs have the opportunity to practice their English skills through speaking activities, such as role-playing and discussions. Moreover, teachers use a variety of reading strategies such as close reading, graphic organizers, and sentence frames , to develop reading comprehension and writing skills. For developing ELLs it is important to incorporate authentic materials and real life scenarios to make learning relevant and engaging.
The strategies used for long term ELLs include explicit language instruction, and academic language instruction. Our instructors provide long term ELLs with sentence frames, class discussion that implement academic discourse. Students receive explicit vocabulary instruction focusing on academic vocabulary is crucial which is why teachers

must provide visual examples, and non-examples to clarify meaning. Educators encourage small group reading and provide opportunities for long term ELLs to practice reading aloud with peers. The teacher focus on academic reading and writing expository texts to build academic language and literacy skills.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

6 (8.3 %) are SIFE. Differentiated instruction for SIFE students involves tailoring teaching methods, content, and assessments to meet their unique needs and learning styles. Teachers acknowledge that SIFE have varying levels of prior knowledge, literacy skills, and language proficiency, requiring individualized support to bridge the gaps in their education. Some of the strategies our educators use are flexible grouping (whole class, small groups, partners) that are changed often to meet targeted goals. Tiered assignments that offer work with different levels of complexity, permitting students to choose assignments that match their abilities. Choice boards with a selection of activities or tasks to choose from, allowing students to pursue their interest and engage with material in ways that engage their learning style. Teachers also use learning stations in the classroom where students can engage in various learning activities at their own pace and with different levels of support. Instruction for SIFE involves using a range of teaching strategies such as visual aids, audio-visual materials, and hands-on activities, to accommodate different learning styles. Teachers also ensure to include materials that are translated, or otherwise adapted to specific needs of SIFE students. In addition, teachers create personalized learning goals that are measurable, achievable, relevant and time bound, these goals consider the unique needs and learning styles of each student.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We have 1 (0.40 %) Long Term ELL. The strategies used for long term ELLs include explicit language instruction, and academic language instruction. Our instructors provide long term ELLs with sentence frames, class discussion that implement academic discourse. Students receive explicit vocabulary instruction focusing on academic vocabulary is crucial which is why teachers must provide visual examples, and non-examples to clarify meaning. Educators encourage small group reading and provide opportunities for long term ELLs to practice reading aloud with peers. The teachers focus on academic reading and writing expository texts to build academic language and literacy skills. To effectively support Developing ELL our teachers focus on creating a welcoming environment and incorporate diverse learning strategies. Developing ELL instruction includes the use of visual aids that include pictures, diagrams, videos to enhance comprehension and reinforce learning. Teachers also pre-teach vocabulary, explicitly teach key terms before introducing new concepts to ensure students have a foundation for understanding. Developing ELLs have the opportunity to practice their English skills through speaking activities, such as role-playing and discussions. Moreover, teachers use a variety of reading strategies such as close reading, graphic organizers, and sentence frames , to develop reading comprehension and writing skills. For developing ELLs it is important to incorporate authentic materials and real life scenarios to make learning relevant and engaging.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

13 (5.31 %) students are former ELLs. To support former ELLs our educators provide them with continued academic support. Teachers acknowledge our students multilingualism and provide opportunities for their native language to be used thus fostering an atmosphere where former ELLs feel comfortable participating and expressing themselves.
Former ELLs continue to receive academic support from their ENL teachers who provide instruction in academic

vocabulary, grammar, and writing skills. In addition, teachers utilize scaffolding techniques such as breaking down complex tasks into manageable steps. We also create opportunities for student to practice reading and writing in a variety of genres.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

51 (20.81%) of our ELLs are newcomers, 50 (69.4%) live in temporary housing. These at-risk indicators are a stark reminder to us all that before instruction we must ensure that all basic needs like food, clothing, school supplies are met. We must also keep in mind that many of these children may not have the appropriate conditions to complete homework assignments, or special projects at home. For some of these children school work may not be a priority. These children are faced with frequent transfers, lack of transportation, lack of fixed address for enrollment, and fear of homelessness.
For newcomer ELLs living in temporary housing this means they have to face twice as many obstacles adjusting to the country, the school culture, and even to the their community.
Some ways that teachers and schools can help is by offering flexible assignments and assessment options. We must identify their academic needs and learning styles in order to provide them with direct and explicit instruction. Scaffolding strategies such a visuals, audio, diagrams, graphic organizers and sentence frames can be used in the lessons. Additionally brief summaries of reading material, audio version of reading materials can be used to help them catch up in case they absent.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

4 (1.63%)of former ELLs scored level 1 or 2 in ELA last year (2025-2025).
Of those 4 students, one cored a level 1 in Math, two scored a level 2, and one scored a level 3.
Of the at risk levels, chronic absenteeism and lateness are a problem.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish with 116 families, Haitian Creole with 3 families, French with 2 students, Arabic with 1 family, Russian with 1 family. Our ENL teachers and parent coordinator are fluid in Spanish, additionally, the PTA has bilingual members that also assist with parents. We also have Haitian Creole bilingual administrators and teachers that assist with those families. Arabic and Russian parents we use the Department of Education interpretation services as well as translation devices purchased by administration and google translate.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

16.7% of our ELL population consider American Indian (Aztec, Maya descent), 11.1 % consider themselves black, 50% consider themselves islanders, and 19.4% consider themselves white.
Our curriculum reflects the diversity of our students' cultures and linguistic backgrounds while ensuring they have access to rigorous and equitable learning opportunities. Our school, classrooms and teaching practices are

welcoming and affirming. The classroom environment in our school is student centered where we draw from our students' needs, and backgrounds. Our educators foster a sense of learning. our educators actively seek to understand and utilize knowledge, skills, and experiences that students bring to the classroom.
Our teachers are provided with opportunities to learn about culturally sustaining education and to develop the skills and the knowledge necessary to implement it effectively.
Students and families have agency in the design and implementation of school policies and practices and practices.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In 2024-2025 school year 72 ELLs took the NYSESLAT
Of the 72 students tested 61.8 % of students showed growth, 20 % showed no growth, and 18.2 % of the students tested showed a decline.
For students that made no growth, or that showed a decline we must provide one to one targeted instruction.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Based on the NYSESLAT 2024- 2025 test results reading and listening were the skills were students performed the best. Writing was the skill where most students failed to produce a response followed by listening. ENL teachers and classroom teachers must consider these test results when lesson planning and ensure to provide ELLs opportunities for writing, and for verbal self expression. Sentence starters for writing and speaking, group work, oral presentations.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

When students do well on the NYSESLAT they also do well in the ELA and Math. At the point where students become transitioning and expanding they are capable of scoring high or even passing the ELA and Math because at that point their academic vocabulary, sentence structure, reading comprehension are approaching grade level.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

There 5 ELLs with IEP students.
2 entering, 2 emerging, 1 commanding
IEP students will need additional scaffolding, and one to one instruction. IEP students struggle with listening comprehension and written response. These students need practice with listening comprehension, read aloud, guided reading and writing.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

We understand that our diverse school population has diverse needs. Our school goals embrace diversity and collaboration and aim to support all learners to achieve social, emotional, academic success. Our teachers work in collaborative teams that are comprised of general education teachers, special education teachers, and subject area specialists in conjunction with school administrators to provide feedback in collaborative settings and activities. Teachers are part of the decision making process regarding assessments, curriculum, organization of classes, and implementation of school wide initiatives and changes. Teachers of bilingual classes and ENL teachers act as advocates for our diverse learners' socio-emotional needs and academic goals.

Administrators work in conjunction with the ENL coordinator and bilingual teachers promote teacher collaboration and the participation in professional learning opportunities for all staff. All staff is mandated to participate in ENL methodology and best practices.
Our administrators and teachers of special education, subject area specialists, bilingual teachers and ENL teachers participate scheduled collaborative planning and in regular team meetings to go over data, assessments, and lesson planing. At this meetings the ENL teachers and bilingual teachers share effective resources. At these meetings the general education teachers are able to guide the ENL teachers to adapt content for their ELL students and the ENL and bilingual teachers can guide classroom teachers to set appropriate expectations for ELL students in class activities. The ENL teachers sets specific language learning for the students encourages general education teachers to incorporate language learning into their daily lessons.
During push in periods the ENL teacher co-teaches part of the lesson using ENL methodology and best practices and brings in resources for the general education teachers to use in other lessons or for a follow up lesson.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

Our school population consists of 245 active students, 65 of which are ELLs at different levels of language proficiency and 5 former ELLs. The Instructional Leadership Team makes curricular and school wide decisions with this in mind. When curriculum and school wide initiatives are implemented we do it with our students in mind. Our

ILT works to find online resources for our students and teachers. This team is also responsible for identifying trends in data and tests scores and using that data to pinpoint gaps in student learning and solutions to address the needs of our subgroups (ENL, special education, Newcomers).
ILT and Administrators work together to provide all staff members with professional learning opportunities that will model culturally responsive lessons, scaffolding strategies, and teaching strategies that can help MLs/ELLs advance their academic and language goals. Moreover, our students receive AVID instruction as part of their daily schedule. AVID trained pedagogues work with students on writing, critical thinking, class dialogue and research. All staff has received training on how to implement the gradual release of responsibility in our lessons, this method is implemented in all classrooms.
The ILT has also identified trends based on the NYSESLAT and Math exams, recent NYSESLAT scores, and EDAT and developed a school wide plan to train teachers in developing writing and vocabulary lessons, and strategies to solve multistep Math problems. Our team members conduct classroom visits to identify good practices that can be used used school -wide. This team also provides teachers with feedback to incorporate scaffolding strategies in their lessons to support ELLs and students with special needs.
The ILT schedules and encourages other teachers to conduct inter-visitations and share strategies that worked. Our ILT members provide feedback to guide teachers into the development and implementation of lessons that addressed the school focus based on the most recent test scores and data available.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The ENL program at our school is implemented using the Standalone and Integrated Instruction models, all instruction is delivered in English using ENL Methodology.
When following the Integrated Model ENL teachers and classroom teachers' work together to develop lessons that guide children with clear content and language objective. All students are provided with opportunities to develop their English proficiency by using and producing language through reading, writing, listening, and speaking.
Our program puts emphasis on the development and expansion of academic vocabulary by introducing and teaching content vocabulary. The ENL and content area teachers implement lessons that promote meaningful language learning opportunities and carefully formulating questions that drive quality classroom discussions. Pair and share, guided questions, holding children responsible for expressing the ideas stated by a partner or watching documentaries with a set of questions promote listening with a purpose.
A conversational approach is particularly well suited to English learners who after a few years in school frequently find themselves behind their peers in most academic areas because of low reading skills. In the Integrated model both teachers model academic language use, use content vocabulary appropriately through think-aloud. All lessons are developed with the children proficiency levels and academic needs in mind.
In the Standalone Model teachers group students based on their proficiency levels. The ENL instructor prepares project based units that require all students to communicate with their partners. The Content Vocabulary is taught at the beginning to provide practice time for entering and emerging ELLs. Students use a variety of media to conduct research, to record and organize their ideas and to finally publish the end result.
Focus on oral language development and background building are essential to enhance comprehension. Teachers incorporate extensive oral language development opportunities to practice reading, check comprehension, and consolidate text knowledge through summarization.
Teachers collaborate with each other to determine the needs of the students and to develop an instructional plan that will advance them to the next proficiency level.
ENL teachers adhere to the curricula used school wide. Reading passages from Into Reading and Into Literature are used in Stand-alone ENL and in the Integrated Model. Additional materials are chosen according to he discretion of the teachers accompanied with lessons that address the NYS standards.
ENL teachers will support Content Area instruction in ELA, Social Studies, Math, and Science. However, both teachers modify lessons to address the proficiency levels of ELLs as per CR Part 154. Conscious decisions will be

made to teach content vocabulary, and to provide scaffolds that will help students of all levels access the curricula specific to their grade. Students' levels of proficiency are used to determine grouping, tasks, scaffolds, assessments and methods used to deliver lessons (prerecorded videos, slide presentations, live lessons using Peardeck, etc).
Elementary grades ELLs will receive Stand-alone instruction in English by the ENL teacher. Stand Alone ENL instruction will consist of reading skill specific passages, watching documentaries, all with the intent of engaging as many language modalities as possible. The levels of proficiency are used to assign reading passages which will consist of live reading with the teacher on Google Meet, or prerecorded readings, or passages assigned on sites that contain audio. Each reading or documentary will target specific skills (inference, cause and effect, analyzing character traits).
Teachers will employ visuals, words banks, and user-friendly definitions of vocabulary words required for the readings. Students will interact with each reading by answering high order thinking questions while sharing their responses with their peers. Students will use a variety of tools and methods of representation to record their responses such as graphic organizers, audio recordings, drawings, or short paragraphs, their home language on google slides and docs. The way in which students respond will vary according to their level of proficiency. In the stand-alone model teachers will ensure that students read a variety of texts that expose them to current and relevant topics. Students will receive ongoing feedback as they work on their assignments and even after they complete them.
All readings and documentary assignments as well as the word banks and vocabulary will be previewed in introductory lessons delivered with Pear Deck. This will ensure interaction with the text with teacher's guidance and it will give the teacher an opportunity to assess children's understanding.
Teachers will make use of technology and online resources and will assign reading passages that are at the level of proficiency of the students. Some of the online tools that will be used in the Stand alone model will be Engage New York, Newsela, Freckle, Kids A-Z, PBS Learning Media, Myon, I-ready, Read Works, Brain Pop, Edpuzzle, Pear Deck, Google Slides, and Vooks, Kahoot, and virtual trips to the city's museums and aquarium. Every Assignment will address the Common Core Standards and will look to develop oral and written language, and to expand students' content area vocabulary, as well as their reading and comprehension strategies.
All lessons will engage the four language modalities that ELLs need to develop in order to be fluent in the new language. All lessons will include scaffolds, interactive work and projects that require students to read, speak, listen, and write. With the ENL teacher students are exposed to different text genres found in subject area classes such as textbook chapters, online articles, laboratory directions, math word problems, and primary source materials. ENL teachers explicitly instruct students on the writing process (planning, drafting, editing, and revising written work). By doing this students are allowed to express their ideas at their level of proficiency with teacher feedback. The strategies used will vary according to the needs and proficiency levels of the children but they should include scaffolded writing tools, partially completed graphic organizers for prewriting sentences, ample opportunities for students to clarify key concepts, grouping configurations that sup[port the lesson language objective, frequent opportunities for interaction with discussion between teachers and students, encouraged elaborated responses about the lessons, sufficient wait time when asking questions.
When implementing the Integrated Model, ENL teachers and content area teachers will work together to develop lessons and activities that guide children with clear content and language objectives. All students will be provided with opportunities to develop their English proficiency by using and producing language through reading, writing, listening, and speaking.
The ENL and content area teachers will develop tasks that provide appropriate scaffolds and multiple tools and methods of representation. The ENL teacher will create the vocabulary and word study assignments that will help children gain a greater understanding of the assigned text. Lessons will be designed using Nearpod where vocabulary flashcards and activities are generated for the lesson. Also, the home language must be used with newcomers and entering students. Teachers can translate the slides into any language on Google Slides or lessons presented on Google doc.
Lessons will consider the students' levels of proficiency of all students. This will translate into leveled reading assignments, previewing the reading and directly teaching skills that are needed for to understand the text (synonyms and antonyms, past tense, future, past tense, main idea, inferencing, etc.) In the Integrated model the ENL teacher will provide children with activities that enhance the skills learned in the ELA lesson.
Content specific vocabulary will be taught with AVID graphic organizers and strategies. All lessons will be developed

with the children’s proficiency levels and academic goals in mind and all lessons will include scaffolds, hands on activities and projects that require students to read, speak, listen, and write.
Dual language Program Spanish-English is Self Contained. Spanish is used for instruction 20% of the time and English is used 80% for instruction of the time. The teacher uses Estrellita to teach Spanish phonics, Arriba la Lectura is used to teach reading, Spanish syllables, and to introduce students to reading comprehension, graphic organizers for note taking and basic sentence structures. Envision Math materials are in English and Spanish, Fundations is used to teach English phonics, Into Reading is used to teach grammar, and to introduce students to the use of organizers for note taking. Social studies and Science are embedded in Into Reading and Arriba la Lectura. The classroom has two libraries each containing books for each of the languages taught in the classroom. Arriba La Lectura and Into Reading contain thematic units that serve to develop academic language and also support the acquisition of specific content area skills and knowledge. The Dual Language teacher will employ all the strategies that all ENL teachers use such asa teaching of cognates, repetition of key vocabulary, give students "wait time" to interpret questions and formulate a response, and check frequently on students' understanding.
Our school has a K-3 Dual Language Program. The K-3 are heterogeneous groups. This program uses core subject textbooks for math and science. Phonics and phonemic awareness for both languages is taught using Fundations and Estrellita. Arriba la Lectura and Into Reading are used daily as they contain Science and Social Studies units of study required for each grade. Big picture books are used to introduce each unit of study; these books are in both languages. The classrooms are equipped with bilingual libraries that include fiction and non-fiction books as well as content areas books that the students are using in their classes. Teachers use pictures, toys, and real objects to aid in helping students understand language in which they are not fully proficient or to elicit language from students who are reluctant to speak. The teachers conduct shared story telling, total physical response, dialogues, simulations, and songs to encourage dialogue and students' responses.
Lessons will incorporate the target standards while also addressing the needs for the various levels of proficiency. This will translate into leveled reading assignments, previewing the reading and directly teaching skills that are needed to understand the text (synonyms and antonyms, past tense, future, past tense, main idea, inferencing, etc.) In the Integrated model the ENL teacher will provide children with activities that enhance the skills learned in the ELA lesson.
Content specific vocabulary will be taught with AVID graphic organizers and strategies. All lessons will be developed with the children’s proficiency levels and academic goals in mind and all lessons will include scaffolds, hands on activities and projects that require students to read, speak, listen, and write.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs with IEPs need concrete examples in order to comprehend instruction and new ideas. Some of the strategies used to provide access to academic content areas are demonstrations and modeling, use of manipulatives and realia, use of visuals and graphic aids, film, video, or multimedia presentations, and allow students to work in groups.

b. SIFE

As mentioned in CR Part 154-2 amended requirements 2015-2016 we thoroughly identify and service SIFE students. We have 8 identified SIFE in different grade levels. These students were administered the Spanish LAB, SIFE

Language Battery, NYSITELL, and the Home Language Survey (HLIS). All tests showed these students to be two or more grade levels below in literacy in their home language and Mathematics. In order to address the learning gaps these students practice English skills with learning apps like Duolingo, and Lexia. SIFE students often times require direct instruction in phonemic awareness, phonics, fluency, vocabulary.
ENL and content area Instructors use English language Depth of Knowledge approach to develop verbal, listening, speaking, and writing skills. Ongoing collaborative practices between ENL and general education students is necessary to develop content area vocabulary. The ENL teacher and classroom teacher must include grammar practice in context, provide children time to practice.
SIFE progress is monitored through yearly reports of NYSESLAT, iready assessments, and classroom assessments. Students are also encouraged to self-evaluate their progress using rubrics at the start of each performance task.

c. Newcomers

Newcomers are students who are newly enrolled in United States Schools for less than 3 years. Newcomers may also be students born in the United States who upon taking the NYSITELL may have been placed at emerging, transitioning, or higher levels of language acquisition. Our school currently has 51 (20.81%) Newcomers. These students will receive ENL instruction based on their language level. At the Entering and Emerging levels students receive instruction through Standalone and Integrated ENL model. Lessons focus on content vocabulary, development of oral and social skills, phonics and phonemic awareness, close passages, and graphic organizers. The ENL teachers incorporate technology by allowing children to explore cyber libraries at their own pace. Some of the sites employed at our classrooms are: Google Translate, Lexia, English 3D, Iready, These sites provide children with many opportunities to read and explore new ideas. In addition all ENL lessons seek to develop academic terms that will get students ready for their content area subjects. In both models of instruction, Standalone and Integrated, the ENL teacher and classroom teachers prepare students for classroom immersion by building academic language through standards – based content in math, Science, Social Studies and ELA. Newcomers' progress is monitored by yearly reports of NYSESLAT and classroom assessments. Students are also encouraged to self-evaluate their progress using rubrics at the start of each performance task.

d. Long Term ELLs

Our goal for long term ELLs is to include them in Academic Intervention Services (AIS), Saturday Programs, Midwinter Academy, Spring Academy, and all academic After School programs offered by the Tittle III, and Immigrant Program. Additionally, the ENL teacher will concentrate on test sophistication strategies, expansion of vocabulary, developing a writing style, and grammar. Long Term ELLs' students' progress is monitored by yearly reports of NYSESLAT and classroom assessments. Students are also encouraged to self-evaluate their progress using rubrics at the start of each performance task.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At PS/IS 155 we understand that all students have different needs and all learn at different rates, that is why the ENL and classroom teachers modify curriculum, instructional materials and strategies. In order to reach all students we use different strategies that engage all senses and that address the four language modalities (listening, speaking, reading, and writing). Our ELLs and ELLs with IEP are scheduled in the least restrictive environment and according to their IEP stipulations and academic and socio-emotional needs. Some ELLs with IEPs require ICT classes and other required Self Contained classes, and other are placed in General Education classes with Related Services. The placement of students with IEP is determined by their IEP stipulations.

All ELLs are programmed in STARS according to their level of language acquisition as determined by the most recent testing NYSESLAT or NYSITELL. 360 minutes of instructional times is devoted to ENL students at the Entering and Emerging levels. Both Entering and Emerging ELLs receive 180 minutes of Integrated instruction. Entering ELLs receive 180 minutes of Standalone instruction. Emerging ELLs receive 90 minutes of Standalone and 90 minutes of Flexibility in any other content area.
Transitioning ELLs receive 90 minutes integrated ENL/ELA and 90 minutes Flexibility with ELA or any other content area for a total of 180 minutes instructional time. Expanding ELLs receive a full 180 minutes of integrated ENL/ELA or other content area. Commanding ELLs receive 90 minutes Integrated ENL/ELA o other content area for two years of support.
Our ENL teachers use the existing curriculum in the general education classroom and adjust the methods and ways of delivering instruction to suit students' needs and IEP foals. Implementing differentiated instruction techniques , using adaptive technologies, changing the student's physical environment, and integrating culturally responsive language and content into curriculum are all examples of curriculum enhancement used by our teachers.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Our ENL program provides dual language Spanish, Arabic, Haitian-Creole, French libraries, and dictionaries. We also use cultural informational videos and documentaries to expose children to a variety of music and cultures. When appropriate ELL lessons include the teaching of cognates and reference is always made to children's native language and culture to build prior knowledge. The ENL classroom labels commonly used items in the classroom with the languages relevant to the population being serviced.
Students are paired with a buddy that speaks the same language and all are encouraged to used their native language as a way to extend dialogue. Students are afforded time to share and interact is small groups to discuss their interest in particular topics. ELL classrooms include newspapers, magazines, and technology to expand students' knowledge of their own culture and heritage. The home language is assessed using the Spanish LAB-R, and SIFE. These assessments identify the strengths of ELLs in their native language and guide the ENL teacher and general education teachers to design lessons that target those strengths and weaknesses.
Furthermore, Newcomers, SIFE, and all ELLs that have not achieved reading fluency are provided with the translated versions of content area exams in Mathematics and Science, where they are permitted the use of glossaries. During exams ELLs are given word to word dictionaries.
The test coordinator, the classroom teachers, and other content area teachers are informed of the ELLs home language and the language they must be tested in. ELLs identified as needing to be tested in another language are tested by the ENL teachers or a pedagogue that speaks their home language; we have French, and Haitian Creole speaking pedadogues.
ELLs in the Dual language programs are identified and tested by the Spanish bilingual ENL coordinator. Dual language students receive instruction in two languages therefore they are tested in each of those languages to assess progress in each of languages.
When students speak a language other than Spanish we have French, and Haitian Creole speaking pedagogues to help administer the HLIS and student interview. When NYS Math and Science exam are administered students get tested in their native language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

We offer Spanish as an elective to Middle School students. 6th through 8th grade students receive Spanish with hybrid style curriculum. Students will learn Spanish grammar, practice communication skills in small group assignments, create presentations where they are encouraged to incorporate concepts learned in class. Children

read and learn about Spanish speaking countries, their culture, authors, historical events, and their contributions to the world community .

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Administrators work in conjunction with the ENL coordinator and bilingual teachers to promote teacher collaboration and the participation in professional learning opportunities for all staff. All staff is mandated to participate in ENL methodology and best practices training provided on line, through the district, and at the school.
Our administrators and teachers of special education, subject area specialists, bilingual teachers and ENL teachers participate scheduled collaborative planning and in regular team meetings to go over data, assessments, and lesson planing. At this meetings the ENL teachers and bilingual teachers share effective resources. At these meetings the general education teachers are able to guide the ENL teachers to adapt content for their ELL students and the ENL and bilingual teachers can guide classroom teachers to set appropriate expectations for ELL students in class activities. The ENL teachers sets specific language learning for the students encourages general education teachers to incorporate language learning into their daily lessons.
During push in periods the ENL teacher co-teaches part of the lesson using ENL methodology and best practices and brings in resources for the general education teachers to use in other lessons or for a follow up lesson.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At PS/IS 155 we are committed to offering current and relevant Professional Development to all Staff. We believe that all teachers are teachers of ELLs must be equipped to deliver lessons that address the social emotional needs of MLs/ELLs. So our administrators have assigned our in house Single Shepherd staff to provide professional development opportunities that demonstrate deescalating strategies, the positive benefits of Restorative Circles and how to implement in the classroom. Additionally, our school counselor, psychologist and family working provide learning opportunities that highlight Self Management, Self Awareness, Social Awareness, Relationship Skills, and Responsible Decision Making. All teachers are expected to assist to the workshops. needs because of ENL teachers, general education teachers and administrators are invited to all ENL workshops.
Our school counselor, the school psychologist, family worker, and Single Shepherd staff visit classroom and conduct lessons where they teach social emotional skills such as active listening, conversation, the importance of having personal and professional goals, as well a life skills like budgeting. Students also meet in separate classrooms in small groups for one on one sessions. Additionally, parents and caregivers al invited to assist to learning opportunities provided by our team of professionals to learn to handle stress, to manage High School Applications and to decide the best path for their child. All staff is invited to attend webinars, and live events that provide tips on how to incorporate Social Emotional Learning in the classroom. Staff has access to OTIS where a wealth of resources is at their disposal.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom

teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

All teachers will receive 15 % ELL specific professional development dedicated to language acquisition in alignment with core content area instruction, best teaching practices, and content instruction for ELLs. The ENL coordinator along with the bilingual education teachers will design workshops to engage all teachers and to provide them with applicable strategies and ideas. ELL/LAP team members and the Assistant Principal will review, update, and maintain training records for participants. Records of these Professional Developments will be kept in school files.
ENL teachers and other non-pedagogic staff participate in the annual SABE Professional Development seminars, which also afford teachers the opportunity to learn about current effective practices. All bilingual education and ENL teachers are expected to attend the NYS/NYC Regional Bilingual Education Resource Network (RBERN) learning series offered at Fordham University, in addition to all the training and workshops offered by Brooklyn North, live events and tips on OTIS. Also Bilingual education and ENL teachers attend conferences offered throughout the school year at the Instituto Cervantes endorsed by the Spanish Government and New York university. Conferences include meeting published authors, best teaching practices, and home language support through interdisciplinary approaches.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Our school uses NYSITEL, NYSESLAT, Student Interview done by the ENL teacher, the Spanish LAB, and the SIFE screener. Other screenrs utilized at our school include: iReadi Math, Acadience, Foundations end of unit assessmente, Envision math end of unit assessment. Once data has been gathered, our ELL teachers in collaboration with classroom teachers meet on Mondays to discuss data and plan of action to improve instruction and help students.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

The targeted intervention programs offered at our school include Winter Academy (3-8 grade), Spring Academy (3-8 grade), Saturday Academy (3-8 grade), Speech and Language After School Additional support to those that need it (3-8 grade), MTSS for ELLs (3-8 grade) during school hours, SETTs After School Additional Support for all Title III students (3-8 grade), Small group tutoring during the school day (3-8 grade), and After School Extra Curricular (dance, music, soccer). The language of instruction for all intervention programs is English.
All these programs give ELLs the chance to practice their oral skills, guided reading, work in small groups, and to receive one to one targeted instruction in ELA and Math.
MTSS is offered to ELLs, and monolinguals during the day and all students can benefit form RTI are all included in all MTSS programs. Teachers differentiate by using data obtained from classroom assessments, formative and summative assessments.
Data is used to identify the exact reading levels of students, their specific skills in Math and ELA that are on level or below grade level. Also by performing a battery of assessments we can also determine if the learning difficulties a child presents are due to new language acquisition, or learning disability.
For ELLs the NYSITELL helps determine the kind of support students need by pinpointing their proficiency level.
For Spanish speaking ELLs they are administered the LAB-R which helps determine their proficiency in their Native language as wells as the possible need for bilingual or transitional services as requested by parents based on ELPC.
During the Home Language Survey and Individual Interview possible SIFE students are identified and later administered MLS and writing screener .

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

MTSS a proactive preventative framework that uses data and instruction to provide support students that below performance levels. The data that our school uses includes but is not limited to Home Language Questionnaire, the student interview, NYSETELL, and NYSESLAT. Data is analyzed and used to determine the level of language proficiency and amount of mandated minutes students must receive.

Following the MTSS approach of using data to problem solve, our school uses the information gathered to match instruction to the needs of students. Our collaborative teacher teams consider the amount and type of instruction students received in the past which means we must determine the SIFE status of any child. We also consider home language and wether or not a child is literate in their home language. This leads to the next consideration of the impact of language and culture on instruction and learning. To ensure that our plan of action works we keep the family abreast of all procedures, assessments, data and next steps.
Teacher, school counselors, social workers, family workers, and the attendance team work to identify trends in attendance, academic success, social emotional needs and struggles at school and at home. We collaborate with families to help find solutions to problems that may affect our students attendance or academic performance.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Assessments and assessment analysis are crucial in the teaching/learning process of our children. As teachers we must be aware of what our children need in order to advance in their academic goals. As a result teachers must create lessons that incorporate assessments to measure progress and understanding. The assessments must be fair, and the purpose must be clear to the children. The formative assessment tools our school uses to guide instructional planning for ELLs is as follows:
• Pre and Post Reading assessments
• MAP Assessments and ELA and Mathematics Measures of Student Learning (MOSL)
• Fryword daily assessnments
• Fundations of Reading K-1
• Fauntas and Pinnell assessment administered to students three times a year
• Journals, Essays
• Teacher-student conference
Online Assessments that proved to be effective for our population :
* Classsroom discussions
* Exit and and admit slips
* Graphic organizers and visual representations of a topic
* Projects and presentations
* Oral presentations
* Peer Evaluations
* Self - evaluations
* End of a lesson exit tickets, response to questions, and lesson follow-up
Self-assessments by asking children to reflect on their strengths, and weakness and what they have made towards their language goals.
These formative assessments will help guide instructions by:
• Providing objective data
• Accurately identifying the entry language level of ELLs
• Accurately identifying the language needs and goals of ELLs
• Modifying teaching strategies
• Assist with grouping, planning, and delivery of instruction to differentiate

- Teaching and reteaching of skills and concepts
- Determine levels of phonemic and phonic awareness
- Set realistic expectations for students
- Students create and adjust their language goals

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Our MLs/ELLs take the translated versions of content area exams in Mathematics and Science and are allowed to use glossaries, and word to word dictionaries. Students also use dual language libraries and engage in accountable talk in their native language.
ENL Teachers and schools personnel use the Home Language Identification Survey to identify possible ELLs and their language needs. After identifying possible ELLs ENL teachers proceed to administer the NYSITELL , SIFE Language Battery Test, and finally the Student Interview. This process permits ENL teachers to identify the language needs and of our students.
Some of the assessments used by our teacher throughout the year are Oral Presentations or performance, portfolios containing students' best work, written assessments, and interviews. Additionally, our teacher provide children with books, passages, stories, inn their native languages with guided reading questions, and tasks to complete. Students are taught to use the google translate, and the translation features in google doc and slides. This is useful for students who are shy and prefer to write instead of doing oral presentations.
Classroom Informal assessments are created in the students native language when needed, anticipatory guides, unit reviews, exit tickets, and oral presentations are done in the students' native language when needed. Google docs and slides are used i the classroom to help students create their presentations in their home language and then have them translated into English.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSITELL,NYSESLAT, and MAP
- New York State Alternate Assessment (NYSAA)
- New York State Standardized Exam ELA and MATH
- SIFE Battery Language Assessment
- End of Unit Performance Tasks, and final projects are organized into individualized portfolios
- New York State Science inquiry assessments
- Social Studies Performance tasks, presentations, exit projects
- Book reports, Performance Tasks for Expeditionary learning and Ready Gen
- EnVision Math Performance Tasks and Unit Tests

All Assessment data is used to determined the needs of the needs and what teaching strategies should be used for each group and the individual students. Grouping of students, Units of service, materials, Lessons, materials are determined by assessment data. Data also helps teacher determine what strategies are working. When teachers look at the data they learn the gaps and strengths of each students and what they need to succeed. This helps our teacher create a learning profile for each child and to create targeted instruction focusing on specific skills.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Following the time line established by the state is our school priority. Testing starts in April and ends in June. All documents are uploaded to ATS as soon as all students are tested. Scoring is done by our bilingual certified personnel.Once grading of the written component of the test is completed the ENL teachers transcribe the speaking and written scores on to the answer documents. The ENL teacher is responsible for uploading all documents to ATS and for packaging and returning used and used testing materials. Our Administrators allow for flexibility in the ENL teachers' schedule on testing days. Children are tested in the morning and receive their ENL services after lunch or on the last two periods of the day. Scoring, transcribing and packaging are done as per session hours in the afternoon within the testing period. Scoring is done in-house.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing coordinator, classroom teacher, and ENL teachers work collaboratively to identify all ELLs, former ELLs, ELLs with IEPs. After identifying the students the testing accommodations are assigned according to their needs. Glossaries, tests in their home language, extended time, testing in separate location, scribe, all needed accommodations are determined before each state assessments.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Upon registration the HLIS is administered and students are interviewed. If it is determined that the child will require ENL services parents are informed of the services provided by our school Dual language K-2 and ENL 3-8. They are given the opportunity to decide if one of those programs is what they want for their child. They are also shown the NYSED video in their preferred language. informed of Parents are informed they are entitled to choose the program they consider the best fit for their child.
Once parents decide, they are informed about the the NYSITELL and NYSELAT Tests. Parents are asked to return for an Orientation meeting where more details about the NYSESLAT and NYSITELL are provided. At the meeting they are informed about the purpose of those exams. Parents also receive information about the school expectations, and school resources and they complete the Parent Survey.
Parents' attendance is taken and stored in ENL records.
The ENL coordinator and registration staff work collaborative to register new ELLs and to identify transfers. New families and transfer families receive ELL Program Orientation on the same day they register. We provide families with IPADS and headphones and show them the orientation video in their language. After watching the video they have an opportunity to ask questions. The ENL coordinator who is present at registration explains what programs our schools offers and how they have a choice. If the ENL coordinator cannot be present another trained pedagogue is present to ensure all parents receive appropriate information. Parents are given information in their language about our school's expectations, NYSITELL and NYSESLAT assessments as well as the state exams. Parents receive leaflets in their language with the information provided to them at the orientation. Throughout this process parents are encouraged to ask questions or voice their concerns. After the orientation parents receive the parent survey in

their language to complete before they leave.
If needed parents are given a appointment for a later date to receive the the Orientation.
To ensure that all families receive translation and interpretation and that they are active participants in the registration process we have purchased voice and text translators for our main office staff and ENL coordinator.
When pertinent we also make use of the NYC Public Schools Office of Language Access OPI services.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Parents meet annually with the ENL teacher to discuss the goals and progress of their child. The ENL teacher discusses the language proficiency level of the child and the next steps needed to advance a level. On parent teacher conference, both the ENL and general classroom teacher discuss the language goals of the student and ways parents and family can help at home. Parents are provided with online resources to support their child at home. Attendance is kept by the ENL coordinator as part of the child's ENL records.
The annual individual meeting is conducted in the parents' preferred language with assistance of our bilingual staff (Spanish, Haitian Creole). For French and Russian speaking parents we use the NYC Office of Language Access number for over the phone interpretation.
When sending written communication we send letters in parents' preferred language.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Families receive all communications in the language of their choice as indicated in the HLIS. When needed we translate documents using our own bilingual staff members (Haitian, French, Spanish) or we use google translate. Additionally all staff have app accounts for Class Dojo or Remind where they can post information in various languages. Through these apps parents can ask questions and communicate with the classroom teacher.
If parents wish to come to the school we have bilingual staff on site or use the voice the translator. NYC Public Schools Office of Language Access OPI services is another resource we use to assist parents.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Every year at the start of each school year the PTA invites all parents to come for breakfast. At this breakfast parents are given information about the role of the PTA and how each year PTA elections are held. Parents receive a survey asking them about information, workshops, and activities they would like to participate in.
Every two months the principal invites parents to tea, breakfast and chat to discuss new school initiatives, to hear parents' concerns and ways to resolve those concerns. Additionally, our school's PTA and Parent Coordinator work to provide informational workshops that address the needs expressed by the parents. These workshops include the school counselors, attendance coordinator, the reading couch, community leaders, health professionals.
We also offer English for adult classes, hold monthly family night activities, and invite parents to join teachers on all school trips.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Every year at the start of each school year the PTA invites all parents to come for breakfast. At this breakfast parents are given information about the role of the PTA and how each year PTA elections are held. Parents receive a survey asking them about information, workshops, and activities they would like to participate in. All parents receive information about the PTA elections, the results, initiatives, activities, and meetings in their language. All PTA members have access to NYC Public Schools Office of Language Access OPI services to assist parents. They also make use of the voice translators, google translate, Class Dojo, Remind, and the bilingual staff to assist paretns.
The school principal works collaboratively with the Parent Association/Teacher Association President (and the additional members elected by the parents), and with the UFT chapter leader to develop our school's CEP.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school has partnered with Third Street Music to enhance and enrich the Pre-K-8 school curriculum with art and music. Our students have benefited from music classes, dance classes, puppetry, mask making, and mural projects.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

N/A

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of the ELL identification team are:

Ursula Obando (ENL Teacher- Bilingual Extension)
Carla McKenzie (ENL Teacher)
Ana Rosa (Common Branches- Bilingual Extension)
Maria Bergamini (Early Childhood- Bilingual Extension

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ENL teachers Mrs. Obando and Mrs. Mckenzie are the ones responsible for administering the HLIS and the students interview. They In case any of them is absent or both are absent Mrs. Rosa or Mrs. Bergamini are trained to administer the HLIS and student survey if needed.
The ENL teachers identify English Language Learners through a multistep process that begins with a Home Language Identification Survey (HLIS). The ENL teachers administer the Student Interview in the language they feel most comfortable. Print out the NYSITELL and the Spanish LAB. Also if deemed necessary the ENL teachers administer the MLS (multilingual Literacy Screener) SIFE. The ENL teachers program the students in Stars Classroom and assigned the child the minutes and Push In/ Pull out services required.
However, if the student is a transfer from a NYS public school all we have to do is request the HLIS, LAB-R score and proficiency level, NYSITELL score and proficiency level, NYSESLAT score and proficiency level, and SIFE status.
The ENL teacher informs the parents of the students NYSITELL about the score and proficiency level through writing and must invite the parent to come for an orientation meeting informing them about the ENL programs offered at the school. Parents select an ENL program and complete the program agreement and survey form. The ENL teachers must then access ATS and record the parent agreement on the ELPC screen. The following step is to inform the

parents through writing about the the student's placement. All communications are in the parent's prefered language of communication.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Ashley Rougier

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Ursula	Obando	Teacher - Special Ed Line 3101	12/05/2024	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	0.54%	1	0.27%	0	0
FRENCH	1	0.27%	1	0.27%	0	0
FULANI	1	0.27%	1	0.27%	0	0
HAITIAN CREOLE	3	0.81%	5	1.36%	3	3
ENGLISH	177	47.71%	174	47.15%	4	4
SPANISH	187	50.40%	187	50.68%	4	4

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
School Activities	In-house translation by bilingual staff for Spanish, English, and Haitian Creole, for French, Arabic, and Russian, we use the NYCDOE Office of Language Access.
School Newsletter	How Our School Will Provide Language Assistance for Languages Outside of OLA's Scope: Our school recognizes that some families may speak languages outside the Office of Language Access's (OLA) scope of services or capacity. To ensure these families still receive meaningful language assistance, we have established the following procedures: Primary Resources: We use Google Translate as an immediate resource for basic communication when OLA services are not available for a particular language. Staff members are trained to use Google Translate for: Translating brief written communications such as notes home, permission slips, and basic announcements Facilitating basic conversational exchanges during in-person meetings Providing quick translations of urgent messages that require immediate parent notification While we recognize that automated translation has limitations, particularly for complex or nuanced communications, it serves as a valuable tool for ensuring timely communication when professional services are unavailable. NYC DOE Office of Language Access: We maintain direct communication with the NYC DOE Office of Language Access to: Consult on best practices for serving families who speak less common languages Request guidance on alternative resources and solutions Explore options for contracted interpretation services when needed Stay informed about expanding language services and new resources that may become available Additional Strategies: Community Resources: We identify and maintain relationships with community-based organizations and cultural centers that may be able to provide volunteer interpreters or translation assistance for specific language communities Bilingual Staff and Family Members: When appropriate and with proper consent, we may utilize bilingual staff members or trusted family members to assist with interpretation, particularly for less critical communications Documentation: We carefully document language assistance needs for languages outside OLA's scope to help advocate for expanded services and to track our school community's evolving needs

	Advance Planning: For scheduled meetings such as parent-teacher conferences or IEP meetings involving these languages, we reach out to OLA well in advance to explore all possible options for professional interpretation services Commitment to Quality: While using these alternative methods, we remain committed to providing the highest-quality language assistance possible and continuously work with the NYC DOE Office of Language Access to identify solutions that ensure all families have equitable access to information and meaningful engagement opportunities, regardless of their preferred language.
Graduation	Google translate documents and Bilingual staff.
IEP, Report Card, Documents	Translation Process Implementation: Our school has established a systematic translation process to ensure timely delivery of translated documents to parents through clear procedures and designated resources: Procedures for Translation: 1. Identification of Documents Requiring Translation: The Language Access Coordinator (LAC), in collaboration with the Parent Coordinator, ENL teachers, and school secretary, will identify all critical written communications that require translation based on the Best Practices for When to Provide Translation of Critical Written Communications to Parents. Document Types Requiring Translation: Academic Records: Report cards, progress reports, transcripts Special Education Documents: IEP notices, evaluation reports, meeting invitations, consent forms Enrollment and Registration Materials: Registration forms, student information cards, enrollment packets Parent Communications: Parent flyers, newsletters, school announcements, event invitations Emergency and Safety Information: Emergency notifications, school safety plans, health alerts, and evacuation procedures Policy Documents: Parent handbooks, code of conduct, attendance policies, grading policies Testing Information: Standardized test notifications, state assessment information, testing schedules Medical and Health Forms: Medication authorization forms, health screening notices, immunization requirements Financial Documents: Free and reduced lunch applications, fee notifications, fundraising information School Events: Back-to-School Night invitations, parent-teacher conference schedules, PTA meeting notices, International Parents' Night announcements 2. Translation Request Process: Staff members submit translation requests to the designated LAC using a standardized request form that includes: Document type (from the categories above) Document title Target languages needed based on school demographics Deadline for distribution Level of urgency (emergency, urgent, or standard) Number of pages Requests are prioritized based on urgency, document type, and impact on families The. LAC maintains a tracking system (spreadsheet or database) to monitor all translation requests from submission through delivery Priority Levels by Document Type: Emergency Priority: Emergency notifications, safety alerts, urgent health information High Priority: IEP documents, report cards, enrollment materials, testing notifications Standard Priority: Parent flyers, event invitations, newsletters, general announcements 3. Utilization of NYC DOE Office of Language Access: Submit translation requests to the NYC DOE Office of Language Access for professional translation services Allow adequate lead time based on document type: Emergency documents: Immediate request with follow-up IEPs and special education documents: 3-4 weeks minimum Report cards and progress reports: 3-4 weeks before distribution Parent flyers and event notices: 2-3 weeks before event date Policy documents and handbooks: 4-6 weeks before distribution Follow up on submitted requests to ensure timely completion Maintain a log of all submissions with tracking numbers and expected completion dates 4. Quality Review: ENL teachers and/or bilingual staff members review translated documents when possible to ensure accuracy and clarity Verify that formatting, layout, and visual elements are preserved in translated versions .Special attention to culturally appropriate language and terminology for different document types Resources to Ensure Timely Delivery: Human Resources: Galaxy-designated Language Access Coordinator (LAC): Oversees the entire translation process, manages the document tracking system, and serves as liaison with the Office of Language Access ENL Teachers: Provide expertise on language needs, review translations for quality, assist with distribution, and advise on culturally appropriate communication Parent Coordinator: Identifies parent communication needs, ensures translated

materials reach families, and collects feedback on translation effectiveness School Secretary: Supports administrative tasks related to document processing and distribution, and maintains records of translated documents Technology and Systems: Google Translate: Used for brief, non-critical communications that require immediate translation (e.g., quick parent flyers, simple announcements) Translation tracking database: Monitors the status of all translation requests by document type, language, and deadline WeLearnNYC platform resources: Access to language access training materials and guidelines ClassDojo and Remind apps: Utilize built-in translation features for real-time parent communications and notifications about available translated documents School website: Dedicated multilingual section organized by document type for easy parent access Physical Resources: Pre-translated template library organized by document type: Standard permission slips Common parent flyers (field trips, dress code, school supplies) Recurring event notices (parent-teacher conferences, report card distribution) Frequently used forms Translated brochures and flyers from the Office of Language Access, including the Language Access for NYC Public Schools Families brochure Multilingual signage throughout the building directs parents to language assistance services. Timeline and Delivery Procedures by Document Type: Planning Phase: Create an annual calendar identifying documents that will need translation, organized by document type and expected distribution dates: September: Back-to-school materials, parent handbooks, enrollment forms October/November: First progress reports, parent-teacher conference notices December/January: Report cards, mid-year IEP notices February/March: Testing notifications, re-enrollment materials April/May: Spring progress reports, summer program information June: Final report cards, promotional materials, summer safety information Submit anticipated translation requests at the beginning of each semester to allow maximum lead time. Urgent/Time-Sensitive Documents: Emergency communications (safety alerts, urgent health notifications): Utilize Google Translate immediately while simultaneously requesting professional translation from OLA Distribute via ClassDojo, Remind, robocalls, and email within hours Follow up with professional translation within 24-48 hours Urgent but non-emergency items (IEP meeting notices, unexpected schedule changes): Clearly mark as "expedited" when submitting to OLA Follow up within 48 hours Target 5-7 day turnaround Standard Documents by Type: IEPs and special education documents: Submit 4 weeks before meeting date Report cards and progress reports: Submit 3-4 weeks before the distribution deadline Parent flyers and event invitations: Submit 2-3 weeks before the event Policy documents and handbooks: Submit 4-6 weeks before distribution Testing notifications: Submit 3 weeks before the testing window Enrollment materials: Maintain pre-translated versions, update annually each spring Build in buffer time for quality review and any necessary revisions Distribution Methods by Document Type: Digital Distribution: Email translated documents directly to parents using their preferred language on file Post translated documents on the school website in a dedicated "Multilingual Resources" section, organized by document type Use ClassDojo and Remind apps to notify parents when new translated materials are available, with direct links when possible. Share urgent notifications via multiple platforms simultaneously. Physical Distribution: Report cards and progress reports: Provide in student backpack mail, ensuring each family receives their preferred language version IEP documents: Hand-deliver or mail with signature confirmation Parent flyers and event notices: Distribute through backpack mail and display in main office Enrollment materials: Available in the main office, the parent coordinator's office, and at registration tables Emergency information: Post on bulletin boards and send home in multiple languages Make all translated documents available in the main office and principals' office to organized by document type for easy retrieval Monitoring and Accountability: Tracking System: Maintain comprehensive records, including: Document type and title Languages requested Date submitted to OLA Expected completion date Actual completion date Distribution date Distribution method Number of families receiving each language version Regular Review: Monthly review of translation requests to identify bottlenecks and improve processes Analyze turnaround times by document type to improve planning Collect parent feedback on the timeliness and quality of translated communications Quarterly reports to school leadership on translation service usage and effectiveness by document type Track which document types are most frequently requested to improve pre-translation efforts Continuous Improvement: Expand the pre-translated template library

	based on the most frequently requested document types. Regular communication with the Office of Language Access to stay updated on new resources and best practices Professional development for staff on translation procedures, timelines, and document type prioritization Annual review and refinement of the translation process based on data and feedback Update the annual calendar based on the previous year's challenges and successes. By implementing these comprehensive procedures organized by document type and leveraging available resources, our school ensures that all families receive critical information in their preferred language promptly, promoting equitable access and meaningful engagement for our entire school community.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Back-to-School Night / Curriculum Night	Our school conducts various meetings with parents throughout the year, and we are committed to providing interpretation services to ensure all families can meaningfully participate. Below is a comprehensive list of typical meetings and our interpretation plans: Beginning of School Year (September - October): Format: In-person Interpretation Plan: Provide interpretation services in the top languages spoken by our school community Offer both simultaneous interpretation for large group presentations and consecutive interpretation for smaller classroom sessions Request interpreters from the NYC DOE Office of Language Access at least 3-4 weeks in advance Distribute translated materials (agendas, curriculum overviews) in advance
School Leadership Team (SLT) Meetings	Format: In-person and virtual options Interpretation Plan: Provide interpretation based on the language needs of parent representatives. Utilize remote interpretation services for virtual attendees Ensure translated meeting minutes are distributed within one week
Parent Association (PA) Meetings	Format: In-person, held monthly Interpretation Plan: Survey families to determine language needs for each meeting Request interpreters from OLA at least 2-3 weeks before each meeting Use the ClassDojo app to notify parents that interpretation will be available Provide translated agendas and key materials
Parent-Teacher	Format: In-person and virtual options Interpretation Plan: Identify language needs during conference scheduling process Request interpreters from OLA 3-4 weeks in advance Offer

Conferences (Fall)	telephone interpretation for scheduled virtual conferences Coordinate with ENL teachers and Parent Coordinator to ensure interpreters are available during all conference time slots Use Google Translate for brief communications if professional interpreters are unavailable for less common languages
Individualized Education Program (IEP) Meetings	Format: In-person and virtual, held throughout the year as needed Interpretation Plan: Request professional interpreters from OLA at least 4 weeks before scheduled meetings Confirm interpreter availability when scheduling with families Provide pre-translated IEP documents in the family's preferred language For emergency or rescheduled meetings, utilize telephone interpretation services Follow up with written translated summaries of meeting outcomes
Parent Workshops and Information Sessions	Format: In-person and virtual (topics may include literacy, technology, college readiness, etc.) Interpretation Plan: Assess language needs when promoting workshops Request interpreters from OLA 2-3 weeks in advance Offer workshops in multiple languages when demand is high Provide translated handouts and resources
Title I Annual Parent Meeting	Format: In-person Interpretation Plan: Request interpreters for all languages represented in Title I population Translate all required Title I documents and presentations Ensure compliance with federal interpretation requirements
Individual Parent Meetings with Teachers	Format: In-person and virtual, as needed Interpretation Plan: Teachers notify the Parent Coordinator when interpretation is needed Utilize bilingual staff when available for brief meetings Request telephone interpretation from OLA for scheduled meetings Use Google Translate for quick communications while arranging professional interpretation

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Ensuring Staff Completion of Required Training:
Our school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform through a systematic approach. All staff working with parents and providing services to parents are mandated to attend the asynchronous NYCPS Language Access Training for school-based staff on the WeLearnNYC learning platform.

To monitor compliance, we will:

Set clear deadlines for training completion at the beginning of each school year
Track staff progress through the WeLearnNYC platform's reporting features
Send regular reminders to staff who have not yet completed the training
Include training completion as part of staff professional development requirements
Schedule dedicated time during professional development sessions for staff to complete the training if needed

Familiarization with Best Practices:
The ENL teachers, Parent Coordinator, and school secretary are responsible for attending these training sessions and informing teachers and administrators about best practices based on their training. These key staff members will serve as language access champions who will:

Share critical takeaways from the training during staff meetings
Guide on when translation of critical written communications is required
Advise colleagues on when interpretation for critical oral communications with parents is necessary
Serve as a resource for questions regarding language access protocols

Dissemination of Future Resources and Updates:
Our Galaxy-designated Language Access Coordinator (LAC) will disseminate future language access resources and updates to all staff members through multiple channels:

Regular email updates highlighting new resources and policy changes
Dedicated agenda items during faculty and staff meetings

Posted resources in staff common areas and on the school's internal communication platform
Collaboration with the ENL teachers, Parent Coordinator, and school secretary to ensure information reaches all departments
Maintaining an accessible repository of language access materials and updates

This multi-tiered approach ensures accountability, accessibility, and ongoing support for language access compliance across our school community.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

How Our School Will Inform Parents About Available Language Assistance Services:

Our school is committed to ensuring that all parents are fully informed about available language assistance services in their preferred language through multiple, accessible channels:

Translated Signage: To inform parents about available language assistance services in their preferred language, we use translated signage from the NYC DOE Office of Language Access. These signs are prominently displayed throughout the school building, including at the main entrance, main office, parent coordinator's office, and other high-traffic areas where parents frequently visit. The signage clearly communicates parents' rights to language assistance services in the languages most commonly spoken by our school community.
Brochures, Flyers, and Letters: We use brochures and flyers provided by the Office of Language Access of NYC DOE to inform families about their language access rights. We distribute the Language Access for NYC Public Schools Families brochure during key moments such as:
School registration and enrollment
Parent-teacher conferences
Report card distribution
Back-to-School Night and other major school events

Additionally, we inform parents of their language access rights upon registration, ensuring that families understand available services from their very first interaction with our school.
Parent Engagement Events: Our school PTA informs our parents of their language access rights during regular meetings and events. Language assistance services are highlighted at:
PTA meetings, where interpretation services are provided as needed
International Parents' Night and multicultural celebrations
Parent workshops and information sessions

Back-to-School Night and Open House events
Parent-teacher conferences, where interpreters are available upon request
Messaging Applications: We use ClassDojo, which offers translation features, to communicate with parents. These platforms allow us to:
Send real-time messages in parents' preferred languages
Share important announcements and updates with automatic translation capabilities
Maintain ongoing communication that is accessible to all families
Provide two-way communication so parents can respond in their home language

Additional Communication Strategies:
Information included in student registration packets in multiple languages
Announcements on the school website highlighting language assistance services
Robocalls and emails in parents' preferred languages when critical information needs to be shared
Regular reminders throughout the school year about the availability of interpretation and translation services

By utilizing these diverse communication methods, we ensure that all families—regardless of their preferred language—are aware of and can access the language assistance services available to them, promoting meaningful engagement and partnership in their children's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Our school will use a multifaceted system to gather meaningful feedback on language assistance services in families' preferred languages.

Survey-Based Feedback
The parent coordinator and Parent Association will administer brief surveys in multiple languages to assess translation quality, timeliness, clarity, and overall satisfaction with language support. Surveys will be available both on paper and online, allowing families to respond conveniently from home and increasing participation rates.

Interactive Parent Forums
The Parent Association will hold periodic meetings—supported by interpreters—to gather parent input on language services and school programs. These forums create a welcoming space for families to share experiences, suggest improvements, and discuss how language barriers may affect engagement.

Anonymous Feedback Options
Multilingual suggestion boxes will be placed throughout the building for parents who prefer to provide anonymous feedback on translation, interpretation, communication, or any challenges they face.

Integrated Feedback in Existing Platforms
ClassDojo messages will periodically include short prompts asking parents whether recent language assistance met their needs. This real-time feedback helps us adjust services quickly and effectively.

Documentation and Response
All feedback will be collected and documented in the Title III After-School Binder. The parent coordinator will review and analyze trends quarterly, sharing summary reports with school leadership and the Parent Association to guide improvements and resource decisions.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has implemented a series of initiatives to strengthen language assistance services for our multilingual families:
Designated and trained a Galaxy-approved Language Access Coordinator (LAC) to oversee all language access

efforts and serve as the central point of contact.

Ensured that ENL teachers, the Parent Coordinator, and the school secretary completed the NYCPS Language Access Training, positioning them as schoolwide language access champions.
Increased the availability of translated materials for critical documents, including report cards, emergency notifications, and school policies.

Expanded interpretation services for parent-teacher conferences, IEP meetings, and other key family engagement events.
Improved multilingual signage throughout the building to reflect the languages spoken in our school community.
Enhanced communication systems by documenting families' preferred languages in our database to support more efficient outreach.

Feedback Results
Surveys, parent meetings, and informal feedback show:
Parents appreciate receiving communications in their home languages.
Families feel more welcomed and included when interpretation services are readily available.

Staff report increased confidence when interacting with multilingual families after receiving training.
Areas for improvement remain, including occasional delays in document translation and the need for more proactive communication about available language services.

Plans for Further Improvements
Enhanced Training: Achieve 100% compliance with WeLearnNYC Language Access Training and offer refresher sessions on best practices.
Proactive Communication: Develop a comprehensive communication plan that automatically triggers translation and interpretation for all critical messages.

Family Engagement: Establish a multilingual parent advisory group to provide ongoing input on language access needs.
Resource Expansion: Build a library of pre-translated, frequently used documents to reduce turnaround time.

Technology Integration: Explore and implement translation technology tools to supplement human translation services.

Staff Development: Provide professional learning on culturally responsive communication strategies.
Assessment and Monitoring: Conduct quarterly reviews of language access services, incorporating feedback from both families and staff to ensure continued improvement.

These efforts reflect our ongoing commitment to ensuring equitable access to information and meaningful engagement for all families, regardless of their preferred language.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

67

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5,6,7,8

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

4

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

In the school year 2025-2026, our Title III LEP Program will provide our K-8th ELL students with opportunities to work with digital materials aligned with New York State learning Standards. Based on end-of-year assessments and Classroom Assessment results, we have concluded that a large majority of our ELLs scored low in vocabulary and reading comprehension. The subgroups included in the Title III LEP program are Newcomers, Developing, Long-Term ELLs, Former ELLs, SIFE, and ELLs with IEP. Our students have academic needs and are at various levels of language acquisition. As a result, they would benefit from small-group instruction to enhance their reading comprehension and math skills.

Our ELLs need support in the four modalities in the NYSESLAT: Listening, Speaking, Reading, and Writing. This program will provide our ELL students with the support they need in vocabulary and reading comprehension. We will incorporate lessons that promote cultural awareness and that celebrate differences in traditions and beliefs. This will promote Respect For All and will encourage socio-emotional learning. Our lessons will provide each student with opportunities to practice and engage in meaningful discussions and AVID strategies.

All Title III LEP teachers will employ the following materials and resources: English 3D, AVID ELL support interactive lessons, Nearpod and Peardeck interactive lessons, Vocabulary Workshop, ReadWorks, I-Ready, RAZ Kids, Connect (Vocabulary), BrainPop ELL, Storyline Online Multicultural Stories online, Starfall.com, National Geographic Kids (Culturally Responsive lessons), and Epic.com.
One of the benefits of Vocabulary Workshop is its many engaging, interactive features, which can be accessed online.

No more than 20% of Title III LEP allocations will be used for program materials and supplies.

*Our Title III LEP After School Program will be offered twice a week on Tuesdays and Wednesdays in person from 2:30-4:00 pm. It will start on October 7th, 2025, and it will end on April 1st, 2026.

*The language of instruction will be English with native language support as needed.

There will be five groups of students, each served by five certified teachers. There will be 15 to 16 students in a group.

The students will be grouped by grade bands as follows:

Kindergarten Content Area
1-2 grade Content Area
3- 4 grade Content Area
5-6 grade Content Area
7- 8 grade Content Area

*The ENL teacher will co-teach with content area teachers in their groups to support teachers with ENL strategies,

22 1/2 minutes to assist with instruction, and support with ENL strategies.

*We will offer the program twice per week, on Tuesdays and Wednesdays, from 2:30 pm to 4:00 pm.

*Attendance for students will be taken during each session by each teacher and will be kept by the ENL Coordinator in the Title III LEP binder.

The program starts on October 7th, 2025, and will end on April 1st, 2026.

The principal and Assistant principal will supervise the Title III LEP program at no cost to the Title III LEP funding.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

Qualitative Data Analysis Supporting Program Need

Cultural and Linguistic Barriers: English as a New Language (ENL) students face daily challenges as they navigate an educational environment where instruction is in a language they are still acquiring. These students require specialized support that acknowledges their home languages and cultural backgrounds as assets rather than deficits. The intimidating experience of learning a new language can significantly affect students' willingness to participate, self-esteem, and overall academic engagement.
Social-Emotional Needs: ENL students often experience isolation, cultural adjustment stress, and identity challenges that extend beyond academic concerns. They need safe, supportive environments where their diverse backgrounds are valued and where they can develop both linguistically and socio-emotionally while maintaining connections to their home cultures.

Quantitative Data Analysis Supporting Program Need
Significant Achievement Gaps (NYS 2024-2025 Exams):
English Language Arts Performance

ELL Students (n=42 assessed): Only 2.38% achieved proficiency (Levels 3-4), compared to 22.88% of non-ELL students
Achievement Gap: 20.5 percentage points below non-ELL peers
Below Proficiency: 16.67% of ELL students scored at Levels 1-2, indicating they are significantly below grade-level standards.

Mathematics Performance
ELL Students (n=42 assessed): Only 7.14% achieved proficiency (Levels 3-4), compared to 26.27% of non-ELL students
Achievement Gap: 19.13 percentage points below non-ELL peers
Below Proficiency: 50% of ELL students scored at Levels 1-2, demonstrating substantial difficulties with grade-level mathematics content.

Critical Findings

The 42 ELL students who took the state assessment revealed:
ELL students are performing significantly below their non-ELL peers in both content areas
The proficiency rates for ELL students are critically low (under 8% in both subjects)
A majority of ELL students require intensive intervention to reach grade-level standards.
Data Sources Used to Justify Program Need

New York State Standardized Assessments (2024-2025): Statewide exams in ELA and Mathematics providing objective measures of student achievement across proficiency levels (1-4)
Disaggregated Student Performance Data: Comparative analysis between ELL and non-ELL student populations to identify achievement gaps and specific areas of need
Student Assessment Participation Data: Documentation of 42 ELL students who completed state assessments, establishing the scope and scale of program requirements

Program Impact Goals
The Title III LEP Program addresses these documented needs through:
Culturally responsive instruction and materials that honor students' home languages and backgrounds
Targeted academic support to close the significant achievement gaps in ELA and Mathematics
Social-emotional learning opportunities that build self-esteem and engagement

Safe, supportive learning environments that encourage student participation and risk-taking in language acquisition
The quantitative data demonstrates an urgent need for intensive, specialized services, while the qualitative understanding of ENL student experiences guides the program's culturally responsive, asset-based approach to instruction.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

See above.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

See above.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

See above.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

See above.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

All Title III teachers will employ the following materials and resources: English 3D, AVID ELL support interactive lessons, Nearpod and Peardeck interactive lessons, Vocabulary Workshop, ReadWorks, I-Ready, RAZ Kids, Connect (Vocabulary), BrainPop ELL, Storyline Online Multicultural Stories online, Starfall.com, National Geographic Kids (Culturally Responsive lessons), and Epic.com.

One of the benefits of Vocabulary Workshop is its numerous engaging interactive features, which are available online. Twenty percent of the budget will be allocated for supplies and materials. All materials will be used exclusively by multilingual learners (MLLs) and are intended to supplement the resources used during the regular school day.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Program Implementation and Parent Notification
Parents and guardians will be informed about the Title III ELL program through multiple communication channels to ensure comprehensive outreach. Initial notification letters will be sent home in families' preferred languages, providing detailed information about program goals, schedule, and student eligibility. To reinforce this communication and provide ongoing updates, reminders, and announcements, they will be regularly posted on ClassDojo and Remind, platforms that allow for immediate, accessible communication with families.

This multi-tiered approach ensures that all families receive timely information, regardless of their preferred communication method, while using preferred languages demonstrates our commitment to meaningful parent engagement and accessibility.
Record-Keeping and Documentation System

Our school will maintain comprehensive records of the Title III ELL-funded program through an organized documentation system centered on the Title III After-School Binder. This centralized record-keeping approach will include:
Student Attendance and Participation: Attendance will be taken daily and documented in the Title III After School Binder, providing a clear record of student participation and program engagement throughout the year.

Parent Communication Records: All communication sent to parents and guardians, including notification letters in preferred languages, ClassDojo messages, and Remind announcements, will be maintained in the Title III After School Binder. This documentation serves as evidence of parent notification and our commitment to language accessibility.

Teacher Certification Documentation: Copies of all instructors' certifications and qualifications supporting the Title III program will be filed and maintained, ensuring compliance with program requirements and demonstrating that students are receiving instruction from qualified educators.

Parent Engagement Activities: Records of all parent engagement events, including sign-in sheets, meeting agendas, materials distributed, and photographs or summaries of activities, will be documented to demonstrate family involvement and program impact.
Professional Development Records: Documentation of all professional development activities related to ELL instruction, including certificates of completion, attendance rosters, agendas, and training session materials, will be systematically organized to demonstrate ongoing educator capacity-building.

Financial Documentation: Purchase orders and invoices will be maintained in chronological order with clear coding to Title III funding, ensuring transparent fiscal management and facilitating audits or program reviews.

This comprehensive record-keeping system ensures accountability, supports program evaluation, and provides evidence of compliance with all Title III requirements while maintaining accessibility and transparency for all stakeholders.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional Development Plan for the 2025-2026 School Year

Overview:
In the school year 2025-2026, all staff professional development (PD) will be funded by Title III LEP funds at no cost to participants. All teachers, including those working in the Title III LEP program, will participate in these professional development sessions.

At P.S. 155, we believe that enhancing our staff's knowledge and skills will ultimately benefit our students. These PD sessions are designed to accelerate the academic literacy achievement of our English Language Learners (ELLs). Our professional development aims to familiarize all staff members with the academic and language needs of ELLs.

Attendance Policy:
Attendance will be taken during each PD session, and records will be maintained by supervisors and the ENL coordinator.

Topics Covered:
The following topics will be addressed in the PD sessions:

1. Benefits of bilingualism
2. Differentiating instruction for ELLs
3. Using Total Physical Response to engage entering and emerging ELLs, as well as for all levels
4. Developing lessons that cater to various levels of language acquisition in Math and ELA

These PD sessions aim to provide our school community with a toolkit of teaching strategies that support, develop, and enhance ELLs' home language and culture.

Schedule:
The PD sessions for the 2025-2026 school year will be held once a month on Mondays from 2:30 to 3:30 PM. All

teachers and administrators will attend the workshops during our regular PD sessions. The specific dates are as follows:

- October 16, 2025: Cognitive Benefits of Bilingualism (Presented by Mrs. Obando and Mrs. McKenzie)
- November 20, 2025: Differentiated Instruction for ELLs (Presented by Mrs. Obando and Mrs. McKenzie)
- December 18, 2025: Total Physical Response (Presented by Mrs. Obando and Mrs. McKenzie)
- January 8, 2026: Developing Math Lessons According to ELL's Levels of Language Acquisition (Presented by Mrs. Obando and Mrs. McKenzie)

Training Providers:
Teachers participating in the Title III LEP After School Program will provide the training. Each PD session will last 60 minutes, and the providers will include ENL teachers and bilingual teachers from our staff, specifically Mrs. Obando and Mrs. McKenzie.

Ongoing Professional Development:
Additionally, the ELL coordinator will participate in monthly, all-day ongoing professional development sessions focused on policy and teaching strategies.

We look forward to an enriching PD experience that will benefit both our staff and students!

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

At P.S 155 we believe that relevant professional shows that we care about our teachers and students. Providing professional development training opportunities allows our staff to build confidence in dealing with our ever expanding diverse demographics. It also allows our staff to continue to gain new skill sets. We believe that if we provide engaging professional development will allow us to learn and apply new knowledge while improving our students' academic performance.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

*In the school year 2025-2026, our PD schedule is once a month on Mondays from 2:30 to 3:30 pm.
*All teachers and administrators will attend the workshops during our regular PD sessions.

These PD will be offered as follows:

1. Monday October 13th, 2025- Cognitive Benefits of Bilingualism (Presented by Mrs. Obando)
2. Monday November 10th, 2025- Differentiated Instruction for ELLs (Presented by Mr. Obando)
3. Monday December 15th, 2025- Total Physical Response (Presented by Ms. Augustine)
4. Monday January 5th, 2026-Developing Math lessons according to ELL's levels of Language Acquisition (Mrs. Obando ENL Teacher)

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

*In the school year 2025-2026, our PD schedule is month on Mondays from 2:30 to 3:00 pm. All teachers and administrators will attend the workshops during our regular PD sessions. The PDs will be offered on these dates: Monday October 13th, 2025 Monday November 10th, 2025 Monday December 15th, 2025 and Monday January 5th, 2026.
Teachers participating in the Title III After School Program will provide the training. Each PD will last 60 minutes and the providers will include ENL and Bilingual teachers from our own staff. The names of the PD providers are: Mrs. Obando and Mrs. McKenzie.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Teachers participating in the Title III LEP After School Program will provide the training. Each PD will last 60 minutes and the providers will include ELL and Bilingual teachers from our own staff. The names of the PD providers are: Mrs. Obando and Mrs. McKenzie
 These PDs will be at no cost to Title III and will be offered as follows:

1. October 13th- Cognitive Benefits of Bilingualism (Presented by Mrs. Obando and Mrs. Mckenzie)
2. November 10th- Differentiated Instruction for ELLs (Presented by Mr. Obando and Mrs. McKenzie)
3. December 15th- Total Physical Response (Presented by Mrs. Mrs. Obando and Mrs. McKenzie)
4. January 5th-Developing Math lessons according to ELL's levels of Language Acquisition (Mrs. Obando and Mrs. McKenzie)

*Attendance will be taken at each meeting and will be kept by the ENL Coordinator and program supervisors.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Each PD will last 60 minutes and the providers will include ELL and Bilingual teachers from our own staff. The names of the PD providers are: Mrs. Obando and Mrs. McKenzie.

Teachers participating in the Title III LEP after school program will be provided with the training.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All records of involving Title III PDs and attendance will be kept in the Title III binder in a secure location. The school principal and assistant principal will keep a copy for their records as well.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

*In the school year 2025-2026 all parent engagement activities will be at no cost to Title III LEP funding.

Our ENL Team, our Parent Coordinator, and our Literacy Coach will collaborate designing workshops that address the needs of the diverse population we serve. Parents will be invited to virtual workshops that enrich their school experiences as well as provide them with tools to help their children succeed in school.

*In the school year 2025-2026 workshops will take place on Mondays from on the following dates; October 3rd, November 21st, December 19th, April 17th. The providers of these workshops will be Mrs. U. Obando (ENL Coordinator) and Ana Kinerly (Parent Coordinator).

*All workshops will be at no cost to Title III monies.

*The workshops listed below will be open to parents and staff.
* The topics to be covered will be: a) online resources for parents, families, and students, b) reading strategies for parents to use at home with children, c) reading couch shares books and questioning techniques to enhance comprehension, d) using arts and crafts to bond and have fun.
*Notices will be posted on Google Classroom, school's Facebook page, phone calls, and sent home by mail.

The workshops will be offered as follows:
1. October 3rd - Exploring websites that provide support for Multilingual Families and Ell students (Colorin Colorado -Resources in all languages (Presented by ENL Mrs. Obando)
2. November 21st - A Call to Action-Ways Parents Can Help Children at Home (Presented by our Parent Coordinator Ana Kinerly, and Mrs. Obando)
3. December 19th - Literacy Workshop For Parents (Presented by ENL Team in collaboration with our Literacy Coach L. Trim)
4. April 17th -Arts and Crafts to Stress Less (ENL Team in collaboration with our Parent Coordinator Ana Kinerly)
All invitations and information pertaining tot he workshops will be distributed in the parents preferred language. Translation will be provided in each workshop utilizing our own school staff or/and translation and interpretation unit.

*Attendance for parents will be taken during each information session and Parent Workshops will be kept by supervisors and ENL coordinator.

* These information sessions and workshops will take place throughout the day in the morning and afternoon to accommodate parents' work schedules.

*Letters for Title III Immigrant program will be sent home to inform parents about the program. The letters will be sent in the parents' preferred language.
 *Attendance and agenda will be kept in the Title III binder.
Class Dojo and remind will also be used to sent reminders to parents.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Parent engagement in our school is considered a corner stone to the advancement of our curriculum and to the academic progress of our students. It is this belief that guides us when we design parent learning opportunities. We know that reaching out to engage parents in meaningful ways can lead to greater parent commitment and increased support for children. This relationship between parents, schools, and parents cuts across and reinforces children's socio-emotional health and learning. When this relationship is strong the impact on students is seen in improved behavior, high academic achievement, and enhanced social skills. We keep this in mind when we plan our Parent Learning Opportunities and include parents in our academic plans.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

1. October 3rd- Exploring websites that provide support for Multilingual Families and Ell students (Colorin Colorado -Resources in all languages (Presented by ENL Team)
2. November 21st- A Call to Action-Ways Parents Can Help Children at Home (Presented by our Parent Coordinator Ana Kinnerly, Mrs. Obando)
3. December 19th- Literacy Workshop For Parents (Presented by ENL Team in collaboration with our Avid Specialist)
4. April 17th -Arts and Crafts to Stress Less (ENL Team in collaboration with our Parent Coordinator)

All invitations and information pertaining tot he workshops will be distributed in the parents preferred language, posted on Google Classroom, Class Dojo, and Remind. Translation will be provided in each workshop utilizing our own school staff or/and translation and interpretation unit.
*Attendance for parents will be taken in various ways. We will post exit tickets which attending parents and staff

must complete before signing out. We will also use the Google Meeting report which states the names of all meeting attendees.
*In order to make parents feel welcomed and to assist them in becoming active members of our school community, our Title III invites all parents to join Moving Into English, where newcomer parents learn English in a fun and engaging way with one of our teachers. Moving Into English for Parents will focus on teaching parents grammar and usage in everyday circumstances.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

1. October 3rd- Exploring websites that provide support for Multilingual Families and ELL students (Colorin Colorado -Resources in all
languages, DOE INFOHUB, Duolingo, Brain POP, MyOn and other resources available for students and parents. (Presented by ENL Team)
2. November 21st- A Call to Action-Ways Parents Can Help Children at Home - How to use voice to text on phones and computers,
Google translate for parents, exploring educational youtube videos for Math lessons, and ELA lessons (Presented by our Parent
Coordinator Ana Kinnerly)
3. December 19th- Literacy Workshop For Parents - Reading strategies and follow up questions for parents when reading for and with
children at home. (Presented by ENL Team in Collaboration with Avid Specialist)
4. April 17th -Arts and Crafts to Stress Less-Painting class guided by Mrs. Ryan and assisted by Mrs. Obando and Mr. Taylor (Mrs. Ryan
Art Teacher and ENL Team in collaboration with our Parent Coordinator Ana Kinnerly)

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

These Parent Learning Opportunities will be provided in conjunction with our Mrs. Ashworth Avid teacher, our Parent Coordinator Ana Kinnerly, Mrs. L. Ryan Art teacher, and Mrs. Obando ENL coordinator.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**

- **How interpretation supports will be provided at events.**

All invitations and information pertaining tot he workshops will be distributed in the parents preferred language, posted on Google Classroom, Class Dojo, and Remind. Translation will be provided in each workshop utilizing our own school staff or/and translation and interpretation unit.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All records of family engagement activities and the attendance will be kept in the Title III Binder in a secure location. Copies of the attendance will be kept at the PTA office and by the coordinator.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem	NA	NA
Purchased services -High quality staff and curriculum development contracts.	NA	NA
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.	NA	NA
Educational Software (Object Code 199)	NA	NA
Travel	NA	NA
Other	NA	NA
TOTAL	NA	NA

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5,6,7,8

Total number of teachers in this program:

6

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

In the school year 2025-2026 our Title III Immigrant Program will provide our K-8th immigrant ELL students with the opportunity to develop proficiency in the four language modalities in order to succeed academically.

*The Title III Immigrant Program will start on January 5, 2026 and will end on June 1, 2026.

*Title III Immigrant Program will take place after school on Tuesdays and Wednesdays from 2:30pm to 4:00pm

*Some of the activities students will participate in are:

a.Students will read a wide range of print and non-print texts to build an understanding of texts and of themselves.

b.Read and listen to a a wide range of literature from many periods in many genres to build an understanding of the many dimensions of human experience.
c.Apply a wide range of strategies to comprehend, interpret, evaluate and appreciate texts.
d.Conduct research on issues and interests by generating ideas and questions and by posing questions.
e. Use spoken, written, and visual language to learn, communicate, enjoy and exchange communication and sharing of ideas and knowledge.

These activities will promote exposure and acquisition of vocabulary and grammatical skills. They will also promote group work and collaboration among students as well as problem solving skill. All students will develop oral language, and enhance their cultural knowledge through reading and interacting with peers from different cultures.

*Since all our immigrant ELL students are at different stages of the language acquisition process all groups will have various levels proficiency.

*The program will consist of 5 grade bands:

Grade K and 1 -15 students
Grade 2- 15 students
Grade 3 and 4 -15 Students
Grade 5 - 15 Students
Grade 6, 7 and 8 - 15 students

*The language of instruction will be English.

*There will be 5 groups of students serviced by 5 teachers. There will be 15 to 16 students in a group.

* The language of instruction will be English.

*The school's Principal and Assistant Principal will supervise the program at no additional cost to the Title III Immigrant Program.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

In the school year 2025-2026 our Title III Immigrant Program will provide our our K-8th immigrant ELL students with the opportunity to work with digital materials that align to New York State learning Standards. Based on the MAP fall assessments, and Classroom Assessments results, we have concluded that a large majority of our ELLs and immigrant ELLs scored low in vocabulary and reading comprehension. According to the results of the NYSITELL and the NYS ELA exam many of our students would benefit from vocabulary development, exposure works of fiction. Most of our ELLs are at the entering and emerging level and need help with basic communication and vocabulary. The Title III Immigrant Program would provide our immigrant ELL students the additional support they need to

advance their academic goals.

Our school firmly believes in family as the root and basis of our students success. We believe that parent involvement in our school community is an indicative of how well our scholars will perform throughout their academic career

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Students participating in the program will include:
Never ELL immigrant students
Former ELLs who are immigrants
Immigrant SIFE students
Immigrant newcomers
Immigrant ELLs
Current ELLs

Students will be at different levels of language proficiency.
Teachers will plan accordingly and will provide differentiation in lessons and activities presented to students.

*The program will consist of 5 grade bands:

Grade K and 1 -15 students
Grade 2- 15 students
Grade 3 and 4 -15 Students
Grade 5 - 15 Students
Grade 6,7 and 8 - 15 students

The language of instruction will be English.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

*The Title III Immigrant Program will start on January 5, 2026 and will end on June 1, 2026.

*There will be a total of 44 sessions.

*Each session will be 1.5 hours long.

*Title III Immigrant Program will take place after school on Tuesdays and Wednesdays from 2:30pm to 4:00pm

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

*The language of instruction for all programs will be English.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

*There will be 6 teachers working with our students.

*The type of certified teachers is listed below:

K-1 Content Area
2nd grade Content Area
3rd and 4th Content Area
5th grade Content Area
6th, 7th and 8th grade Content Area

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

*The materials that will be used for the Title III Immigrant Program After School are:
AVID ELL, English 3D,
Picture books, big books, bilingual/multilingual books, magazines, newspapers, picture dictionaries, activity books, grammar books,
Reading A-Z, Lexia English, computers and IPads, Chapter Books, Edpuzzle, Pear Deck, graphic organizers, iReady, Kahoot.

*Materials used for Title III Immigrant Program will be at no additional cost to the Title III Immigrant Program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

*The School will send parents Title III Immigrant Program notifications letters. When parents return those letters they will be placed in the Title III Immigrant Program binder.
* Attendance will be taken by each teacher and will be kept in the Title III Immigrant Program binder.

Implementation will be as follows:

*The Title III Immigrant Program will start on January 5, 2026 and will end on June 1, 2026.

*Title III Immigrant Program will take place after school on Monday, Tuesday, Wednesday, and Thursday from 2:30pm to 4:30pm

*The language of instruction will be English.

*There will be 5 groups of students serviced by 6 teachers.

*There will be 15 to 16 students in a group.

*The school's Principal and Assistant Principal will supervise the program at no additional cost to the Title III Immigrant Program.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

*In the school year 2025-2026 all staff professional development will be at no cost to Title III Immigrant funds.
*All teachers including teachers working in the Title III Immigrant program will participate in the PDs.

*At P.S. 155 we believe that if our staff learns and improves our students will benefit. These PDs will accelerate the academic literacy achievement of our ELLs.

*All our professional development is intended to familiarize all staff members with the academic and language needs of English Language Learners.

*Attendance will be taken during each PD and records will be kept by supervisors and ENL coordinator.

*The topics to be covered will be:

a) Benefits of bilingualism,
b) Differentiating instruction for ELLs,
c) How to develop lessons that include the various levels of language acquisition and their needs in Math and ELA.

Our PDs aim to provide a tool kit for our school community where they learn teaching strategies for the different levels of language acquisition and the advantages of supporting, developing and enhancing ELLs home language and culture.

*In the school year 2025-2026, our PD schedule is once a month on Mondays from 2:30 to 3:00 pm. All teachers and administrators will attend the workshops during our regular PD sessions. The PDs will be offered on these dates:
*The PDs will be offered on these dates: December 1st 2025, and January 5th 2026, February 23rd, 2026, March 11th, 2026.

*Teachers participating in the Title III Immigrant Program will provide the training. Each PD will last 30 minutes and the providers will include ELL and Bilingual teachers from our own staff. The names of the PD providers are: Mrs. K. Augustine (Bilingual Special Education teacher), Mrs. U. Obando (Bilingual Special Education).

*These PDs will be at no cost to Title III Immigrant Program.

These PD will be offered as follows:
1. December 2nd, 2025- Cognitive Benefits of Bilingualism (Presented by Mrs. Obando)
2. January 5, 2026- Differentiated Instruction for ELLs (Presented by Mrs. Obando)
3. February 23rd, 2026-Developing Math lessons according to ELL's levels of Language Acquisition (Mrs. Obando ENL Teacher)
4. March 9th, 2026-Effective Scaffolds for ELLs (Mrs. Obando)

*Attendance will be taken during each session and records will be kept by ENL coordinator and program supervisors.

* The ELL coordinator participates in monthly on going professional development that focuses on policy and teaching strategies. This professional development is an all day event.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

*At P.S. 155 we believe that if our staff learns and improves our students will benefit. These PDs will accelerate the academic literacy achievement of our ELLs.

*All our professional development is intended to familiarize all staff members with the academic and language needs of English Language Learners. Our ELL population has grown exponentially in the last two years, we now have 107 ELLs and immigrant students school wide which means that every classroom in our school has at least 107 ELLs and immigrant students. This means that all teachers must implement lessons that meet the language needs of those students. By providing teachers with strategies, and models to follow we hope to develop a common language amongst our staff and a shared philosophy of how teach and work with ELLs.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the

Title III Immigrant program.

*All teachers including teachers working in the Title III Immigrant program will participate in the PDs.

*In the school year 2025-2026, our PD schedule is once a month on Mondays from 2:30 to 3:00 pm.
*All teachers and administrators will attend the workshops during our regular PD sessions.
*The PDs will be offered on these dates: December 2 , 2025, January 5, 2026, February 23, 2026, March 9, 2026
*ENL Teachers participating in the Title III Immigrant After School Program will provide the training.
*Each PD will last 30 minutes and the providers will include ELL and Bilingual teachers from our own staff. The names of the PD providers are: Mrs. U. Obando (ENL and Bilingual Special Education teacher), Mrs. Carla McKenzie (ENL).

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

*In the school year 2025-2026, our Title III Immigrant Program PD schedule is once a month on Mondays from 2:30 to 3:00 pm.

*Each session will last 30 minutes.

*All teachers and administrators will attend the workshops during our regular PD sessions.

*The PDs will be offered on these dates: December 2 2025, January 5 2026, February 23, 2026, and March 9th 2026

*Attendance will be taken and kept in the Title III Immigrant binder.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

*The topics to be covered will be:

a) Benefits of bilingualism,
b) Differentiating instruction for ELLs,
c) How to develop lessons that include the various levels of language acquisition and their needs in Math and ELA.
d) Effective Scaffolds for ELLs.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The professional development activities and providers are:

These PD will be offered as follows:
1. December 2 2025- Cognitive Benefits of Bilingualism (Presented by Mrs. Obando)
2. January 5 2026- Differentiated Instruction for ELLs (Presented by Mrs. Obando)
3. February 23 2026-Developing Math lessons according to ELL's levels of Language Acquisition (Mrs. Obando ENL Teacher)
4. March 9 2026- Effective Scaffolds for ELLs (Mrs. Obando)

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

*Agendas will be created for each session. Attendance will be taken each session.
*Records of agenda and attendance, Title III letters, and notices will be kept in the Title III binder.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school focus is to create welcoming environment where all families feel heard and valued that is why we will offer the following family engagement activities:

1) Reading Readiness
2)Math Readiness
3)Budgeting
4)ELA Worshop
5)Health awareness/Healthy cooking habits
6)NYS testing workshop, what you need to know and how to get ready
7)Cyber Bullying/Internet safety
8)Summer Rising

These activities will be at no cost to Title III Immigrant.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Research shows (youth.gov), that parent engagement in schools contributes to positive student outcomes such as improved child student achievement, decreased disciplinary issues, and improved school environment. We believe that when families feel supported and engaged we can work in full partnership to achieve better outcomes for our

students. Working collaboratively increases the likelihood of identifying families unique needs and strengths. Our workshops are meant to engage parents while providing them with tools to help their children at home.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

*All activities will be held on Fridays from 8:30am-9:00am
*Each session will last 30 minutes
*There will be a total of 6 sessions
*The start date is January 7 and end date is April 15

January 7: ELA Workshop
January 20: Reading Readiness
February 17: Math Readiness
March 10: Health awareness
March 24: NYS testing workshop
April 15: Cyber bullying/Internet safety

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Reading Readiness : reading apps, tests results, the meaning behind reading levels
Math Readiness; math apps, tests results, test scores
ELA Workshop: how to help children at home with reading, questions to ask after reading, diary writing
Health awareness: healthy cooking, mental health, where to get mental help
NYS testing workshop: tips to prepare for the test, study techniques, stress management before the test
Cyber bullying/Internet safety: parent involvement, parental controls on devices and how to set them up

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Mrs. Obando ENL teacher

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

School will send immigrant parents of ELL, families of immigrant students, families of immigrant SIFE, and families if immigrant newcomers Title III Immigrant Program notifications letters. When parents return those letters they will be placed in the Title III Immigrant binder.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Agendas will be created for each of the sessions.
Attendance will be taken for each meeting.
Agenda and attendance records will be kept in the Title III Immigrant binder.
Title III Immigrant Program notifications letters and documents will be kept in the Title III Immigrant binder.
