Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The Fairview

District Borough Number (DBN):

24Q014

Grades Served:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Heather Benson	Principal or Designee*	
Lori O'Brien	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Carlos Chavez	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Maria Hernandez	District Council 37 (DC 37) Representative (staff), if applicable	
Janice Chavez	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
Allison Brown, UCS	CBO Representative, if applicable	
Susan Hammer	Member/UFT	
Kristy Bica	Member/UFT	
Ana Basillo	Parent Member	
Juan Martinez	Parent Member	
Migaly Torres	Parent Member	
Kristen La Perla	Member/UFT	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Janine Chatterton	Assistant Principal, school leader	
Lydia Pierides	Assistant Principal, school leader	
Alejandra Diaz	Assistant Principal, school leader	
Anastasio Argyros	Assistant Principal, school leader	
Sarah Maclaughlin	Literacy Coach, ILT	
Stacey Modafferi	Math Coach, ILT	
Saira Choudhri	RTI Teacher, SIT	
Jennifer Baudo	RTI Teacher, SIT	
Jennifer Garcia	Guidance	
Marlena Iorio	Guidance	

Emmanuel Ulloa	Guidance
Lashawn Quick	Guidance

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

To create a community where students, parents, and staff work together to inspire leaders who innovate, own their learning, and empower one another so we can be our best selves.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 14 The Fairview is located at 107-01 Otis Avenue and 108th Street in the Heart of Corona in District 24, New York City. P.S. 14 is currently home to 873 kindergarten through fifth-grade students, of whom 92% are Hispanic or Latino, 3% Asian or Native Hawaiian/ Other Pacific Islander, 2% White, 1% Black or African American, 2% American Indian or Alaska Native, and less than 1% Multiracial. Among the school's population, 53% are English Language Learners and 19% are Students with Disabilities. 27% of students are in temporary housing.

PS 14 was founded in 1914. We have deep connections to Corona, Queens, rich with history and tradition. Do you know why our school is named "The Fairview School"? It's because we had a view of the World's Fairs in 1939 and 1964. The '39 theme was "The World of Tomorrow", and the '64 theme was "Peace through Understanding," dedicated to "Man's Achievement on a Shrinking Globe in an Expanding Universe".

The PS 14 mission is to create a community where students, parents, and staff work together to inspire leaders who innovate, own their learning, and empower one another so we can be our best selves.

At PS 14, we believe that all children have talents and strengths. We strive to engage all students in enriching and inspiring ways. All students take at least one semester of the following courses EVERY year: dance, theater, music/piano, engineering, computer science 4 all, and SEL (social/emotional learning through visual arts). We believe in kindness and courage, and we believe that adults and children alike are ultimately responsible for our own learning, growth, and improvement. As a Leader in Me school, we practice the 8 Habits of Highly Effective People with a goal of "owning our own learning." Students have voice and choice in their learning, and we partner with parents — the people who know their children best — to best support all students.

Briefly summarize the key initiatives your school will implement this school year.

* 100% Small Class SIze!
* Urban Advantage!!!! NEW THIS YEAR!
* Sustainable STEAM, including a STEAM Fair in March
* Health and Wellness, including Health Fairs in September and March

* NYSESLAT/ ELL support on Saturdays throughout the school year
* Leader in Me
* ROAR PBIS program
* No Place for Hate and our Social Justice Professional Learning Community
* Designated STEM Classrooms
* Expanded DL (4 new classes this year)
* All students receive instruction in music (Piano), theater, art, SEL, dance, engineering, and computer science
* HMH Phase Two school
* Science investigations
* Math Vertical Team
* Civics for All

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading/ Arriba La Lectura digital and print	Units vary based on differentiated need
Math	K-5	Envisions digital and print	Program has differentated tasks
Science	K-5	Amplify digital	Student Journals
Social Studies	K-5	Passport to Social Studies + Civics for All digital	Differentiated by Assessment Type
ELA - Foundations	K-5	Fundations / Heggerty / UFLI print	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall ELA scores for our 3rd - 5th graders have improved by almost 10 points overall between 2023-2024 and 2024-2025 school years.	Increased emphasis on evidence-based reading practices including more support in foundational skills, and targeted small-group instruction.	Continued professional development for teachers on evidence-based reading practices,
Overall ELA scores for our 3rd-5th graders remain low with only 23.3% of students passing the 5th grade ELA exam.	Gaps in foundational skills, time required for ELL students to gain proficiency in L2, difficulty in reading comprehension.	Targeted, skills-based instruction to fill in learning gaps.
mClass EOY data (June 2025) reveals 64% of students read accurately with	Lack of grade-level reading comprehension	Use of evidence-based strategies and

only 23% achieving similar levels of reading comprehension.		interventions to improve reading comprehension

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	23%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 23% to 33%, of percentage of students scoring at Level 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

mClass

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Continue use of evidence-based curricula aligned to the Science of Reading, including:
* HMH Into Reading / Arriba de Lectura
* UFLI / Fundations

Utilizing evidence-based interventions for TIer II and Tier III supports including:
* SPIRE
* Sound Sensible
*HELPS
*Wilson (with district support)

Programming weekly WINK (What I Need to Know) periods into all students schedules for targeted, small-group instruction and provide teachers with professional development to plan and implement these small groups effectively

Utilizing mClass progress monitoring and resources to identify and remediate skills gaps.

Encourage all students utilize EdMentum 40 minutes per week.

Leverage knowledge and insights of ELA vertical team to plan timely and impactful professional development for staff.

Utilize our UFT Teacher Center coach to provide quality professional development for staff.

Continue to partner with HMH staff developer.

Root Cause Addressed:

Variation in implementation of instruction due to:
* lack of mastery of the curriculum
* lack of engagement of students
* lack of students owning their learning/ owning the discussions during class

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Update curricular calendars to streamline pacing and prioritize power standards across HMH units
Program weekly WINK (What I Need to Know) periods into all students' schedules
Create and adhere to a strict mClass progress monitoring schedule differentiated by students well-below, below, at, or above benchmark
Track students' use of EdMentum
PD support for teachers, Monday PD time plus grade team time

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Track mclass and Map reading results across BOY, MOY, and EOY.

ELA PLC meets weekly, with one or more team members per grade level, plus coaches and admins. Team will monitor mClass progress monitoring between benchmark periods along with HMH unit results. They will monitor student writing samples and implementation of RACE strategy which is being utilized school-wide to support students' writing about reading.

MTSS PLC meets weekly, with one or more team members per grade level, RTI members, plus coaches and admins. Team will monitor school wide mClass progress monitoring between benchmark periods along with HMH unit results. They will work with the SDC to adjust the PD calendar in order to plan implement professional learning opportunities to support teachers with meeting the needs of all students.

DL PLC meets weekly, with one or more team members per grade level, plus coaches and admins. Team will monitor mClass progress monitoring specifically for students within the DL program between benchmark periods along with HMH unit results. Team will work to identify areas of collective weakness and celebration to create short-term action plans to support students in improving achievement levels.

TBE PLC meets weekly, with one or more team members per grade level, plus coaches and admins. Team will monitor mClass progress monitoring specifically for students within the TBE program between benchmark periods along with HMH unit results. Team will work to identify areas of collective weakness and celebration to create short-term action plans to support students in improving achievement levels.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/03/2025	05/29/2026	Parent Workshops conducted in tandem with PA meetings on ways in which families can support literacy at home.	UCS; HMH; Edmentum; coaches; APs; Hispanic Federation
09/03/2025	06/03/2026	Monthly Newsletters posted to school website informing parents of topics being discussed in literacy	UCS and our family engagement team
12/23/2025	06/05/2026	Family celebration days in which families will be invited into classrooms for students to share portfolios through Student-Led-Conferences	UCS
10/27/2025	06/26/2026	Creating video tutorials in multiple languages for families on technology usage	Staff

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Coaches, Admins, PC, Beacon, Community Schools, Mental Health Office, Teachers, Paras, Rtl teachers

Instructional Resources

Writeable, Waggle, Typingclub.com, IXL, Class Dojo, ExactPath, Google Classroom

Schedule Adjustments

WINK periods incorporated into students' weekly schedules; cluster adjustments for for teachers to attend weekly PLC meetings

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024-25 OORS data, level 4, by category: Altercation and/or Physically Aggressive Behavior-26 Intimidating and Bullying Behavior-10 Coercion/Threats-2 Intimidating and Bullying Behavior (bias)-2	Students/ families facing challenges at home, in life.	Counseling support/ Western Queens A Call to Men Beautiful Me Supports for Families
MSR data from Leader in Me - 78 percent of upper grade students demonstrate leadership skills in school	Imperfect implementation of Leader ship programs and SEL supports	SEL support in classes Tier I student wellness and student beliefs aligned to the LIM system, SEL, and Lighthouse teams. More PD for teachers

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	179	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 10% Decrease, in number of Level 3-5 incidents from 179 to 161, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

As a United Community School, parents, teachers, staff members, and student representatives participate as members of our United Community School Advisory Board. The board meets monthly. We will add an agenda item to address students' educational, social, emotional, and health needs by connecting the school and its community resources to improve student success in the classroom and beyond. In addition to monthly Advisory Board Meetings, UCS holds a yearly school stakeholder forum. This forum is an opportunity for parents, teachers, and administrators to share ideas and give input on vital school-based programs—like our in-school dental services and other wraparound supports that help our students thrive. We will add this CEP goal as an action item to that event.

At P.S. 14, students are engaged in decision-making processes as well. We have a Student Lighthouse Team composed of students from each of our 4th and 5th grade classes that meet weekly to discuss school events and issues. Additionally, students from all classes are engaged in decision-making through the use of Google Surveys completed during school-wide morning announcements. This year, students will also engage in Participatory Budgeting through Civics for All.

At P.S. 14, we firmly believe in a restorative approach to discipline and maintaining accountability for our actions.

(a) Our PBIS system, R.O.A.R. is at the heart of our restorative approach to discipline. Students are provided with clear, consistent guidelines for appropriate behavior across all areas of the school building and all adults use common language to remind students of the expectations. Additionally, each class creates their own mission statement which helps to foster a sense of classroom community.

Through the Tina’s Tiger Troop program, we will empower our fourth and fifth grade students to become leaders in our school community by volunteering time during their lunch period to work as Tina’s Tiger Tutor’s assisting peers in the lower grades with academic support, Tiger Teachers-in-Training supporting teachers with classroom organization tasks, ROARing Recyclers model good recycling habits for their peers, ROARing Recess Regulators assist our school aides during recess time and Tina’s Tour Guides are trained to help welcome new students to the P.S. 14 school community.

(b) P.S. 14 follows the DOE’s ladder of intervention when handling student incidents. Low level infractions are handled by the classroom teacher through one-one-one discussions with students and parents regarding

indiscretions. If a student engages in a higher-level behavioral infraction, our deans and administrators provide an additional layer of support by conferencing with the student, conducting parent outreach, and working with the classroom teacher and/or guidance team to develop an individual behavior support plan for the student. Such plans have included conflict resolution, short-term counseling, daily check-ins, daily behavior monitoring with a chart, weekly game sessions with the principal as a reward for exhibiting desired behavior, etc.

This year, if groups of students or classes have been impacted by similar behaviors, the deans may work with the teacher to implement restorative circles or co-teach lessons from the curriculum module Fostering Respect for All: Empowering Students to Move from Bystanders to Allies or from the Random Acts of Kindness, Kindness Counts curriculum with the classroom teacher.

(c) All staff members have participated in a variety of Leader in Me Professional Development opportunities. New this year, staff will be provided an in-house refresher course on our PBIS system and the various supports available to students. Additionally, multiple staff members have participated in training such as Therapeutic Crisis Intervention, conflict resolution, and restorative circles. These staff members work with colleagues to support students. Through our partnership with Western Queens all staff have participated in professional development on trauma-informed student relationships and de-escalation strategies. Our new partnership with Brain Power Wellness will further support staff in promoting focus, mindfulness and emotional wellness. The Social Justice Anti-Racism PLC (year 2) will continue to build additional staff learning opportunities.

Root Cause Addressed:

- lack of student autonomy
- bias, racism
- student leadership development

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
No Place for Hate - 3 school wide activities over the course of the school year to promote inclusivity and anti-racism
Friday period 7 school wide lessons in LIM and in #IOwnMyLearning lessons
Morning annoucements become interactive
Assemblies to promote multiculturalism and civic responsibility
UCS programming
Western Queens supports small group and individual mental health
PD focus on 3B Danielson

School wide campaign for #IOwnMyLearning for all students, including bracelets and banners to promote school wide
Teacher training on developing Student Led Portfolios with all students
Twice per year on Dec 23 and June 4, students will present their student led conferences to their families in person

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

OORS data analysis monthly with 2 deans and cabinet at ILT meetings to identify any students or classes that may need additional supports based on frequency of incidents.

Weekly Social Justice/Anti-Racism PLC creates opportunities for students and staff to engage in activiites and

discussion around anti-racism and anti-bias through No Place for Hate.

Leader in Me PLC promotes school culture.

Civics for All PLC incorporates values of good-citizenship into cross-curricular opportunities.

Allison Brown UCS manages the parent volunteers with PA Co-president Carlos Chavez.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/26/0006	Parent Volunteers are trained in workshops and added to the PV corp at PS 14	UCS
09/02/2025	06/26/2026	Parent Coordinator runs weekly session for families to support SEL and LIM	Family Engagement Team

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

PA/SLT/SBO Admin/Coaches

Instructional Resources

Clubs & Enrichment PM

Schedule Adjustments

PLC team Meets Weekly

Other Resources Needed

LIM Subscriptions; PLCs for NPFH etc.

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYS Math exam results increased from 25.9% to 30.8% students performing at or above grade level.	Increased opportunities for mathematical reasoning, discourse, and problem-solving aligned to NGLS.	Expanding Building Thinking Classrooms (BTC) structures and refining vertical alignment will strengthen coherence, teacher practice, and student outcomes.
MAP Fall 2025 data shows 13% of students across all grade levels perofrming at or above grade level	Gaps in requisite math skills across grade levels	Improving foundational math skills for all students

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30.8%	By June, 2026, the percentage of students scoring at levels 3 & 4 will Increase by 10% from 30.8% to 40.8%, for All Students, as measured by NYS Math Exam results .

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Expand BTC implementation to deepen mathematical reasoning and discourse.

Use data cycles (interim assessments, MAP Growth, MOSL, state test data, performance tasks) to monitor growth and adjust instruction.

Co-lead Math PLCs with District Math Lead and Instructional Coach to analyze misconceptions and design responsive re-teaching/enrichment.

Refocus on NGLS standards with vertical alignment across grades K–5.

Provide targeted coaching on lesson design and student-led problem solving (questioning and discourse).

Utilizing evidence-based math Bridges to Intervention program.

Root Cause Addressed:

Low performance on NYS exams

Teachers do not all see themselves as mathematicians.

Students with lower reading skills perform lower on math exams than those with higher reading skills.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Expand BTC implementation to deepen mathematical reasoning and discourse.
Use data cycles (interim assessments, MAP Growth, MOSL, state test data, performance tasks) to monitor growth and adjust instruction.
Co-lead Math PLCs with District Math Lead and Instructional Coach to analyze misconceptions and design responsive re-teaching/enrichment.
Refocus on NGLS standards with vertical alignment across grades K–5.
Provide targeted coaching on lesson design and student-led problem solving (questioning and discourse).
Math Vertical Team to study progress and to plan PD
Utilization of Bridges math intervention by a dedicated math RTI teacher conducting 6 week intervention cycles with select groups of students
Programming weekly math WINK periods into all students' schedules.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Math Coach, AP, Teachers, PLC Leads

Math Implementation Team + their PLC time weekly

MTSS Team, weekly data analysis

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/26/2026	Parent Engagement/ In Class Activities	MVT, MTSS, UCS
03/04/2026	03/04/2026	STEAM FAIR	SVT, Sustainability Coordinator, UCS

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Math Coach, AP, Teachers Teachers, PLC Leads

Instructional Resources

IXL, Envisions, Edmentum, MAP

Schedule Adjustments

PLC programming; retreats for teachers for grade level PD

Other Resources Needed

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Custom Survey shows moderate increases in college and awareness the school year, 2024-25	insufficient exposure to civics-related real-world applications, limited teacher training, resource availability	Experiences/ activities/ visits to college
Limited participation in Civics for all in 2024 - 25	insufficient exposure to civics-related real-world applications, limited teacher training,	Plan and implement participatory budget

	resource availability	schoolwide

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	12	By June, 2026, the teacher lessons and student work products for all Students will Increase by 88% from 12 to 100 as measured by Civics for All Participation.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Create a cluster position for a Civics for All Teacher
C4A teachers will attend trainings; manage the participatory budget planning and implementation; provide PD for teachers at monday workshops.

Root Cause Addressed:

insufficient exposure to civics-related real-world applications, limited teacher training, resource availability

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create Position for C4All Teacher
Career Day in November
College visits for all grade 4 and 5 classes
Engage school in Participatory Budget Planning and voting

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Collect data from students' voting forms, we will analyze the results in our United Community Schools meetings (monthly), our SLT (monthly), and our Parent Engagement meetings (weekly)

Implementation of the action steps listed above.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
02/19/2026	02/19/2026	Vassar trip (or others) for selected 4th and 5th graders (or all)	Vassar and CIA with UCS
11/17/2025	11/21/2025	College and Career Week; Nov 14 and Nov 19 Career Days	all staff UCS and career experts

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

All staff UCS and career experts; Vassar and CIA with UCS staff

Instructional Resources

Teachers, Parents, Admins, LIM Team

Schedule Adjustments

Spirit days; career week special schedule

Other Resources Needed

Funding for the tour bus

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
We are 77 students short of projections.	Students moving out of NYC	recruit students into our school

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	870	By June, 2026, the student enrollment will Increase by 1% from 870 to 890 as measured by Enrollment.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Communicate school as priorities to families via memos, web site, PTA meetings, BOY Meet the Teacher events, and bring parents into the building as often as is possible for performances, celebrations, and events.

Build presence on instagram

Build a cohort of parent volunteers

Attend community events to advertise our school

Root Cause Addressed:

physical barriers / parents not inside the building
physical needs of families requiring them to move to other parts of the country or to other parts of the world.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Scholastic book fairs; parents as volunteers; bring a parent to the school; PA meetings in person and remote alternating; field days; cookshop;
Strong attendance team meeting weekly

Interactive parent meetings/ students awards/
Professional presenters for parents
Student performances
Local mailers targeting school-aged families to advertise enrollment opportunities.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
30% students are chronically absent (2024-2025 Chronic Absenteeism Reports in Insights and New Visions))	Student illness including high numbers of asthmatic students. Students missing school for routine dental/medical appointments. Students experiencing anxiety or other mental health issues impacting attendance.	Family health and nutrition workshops through QARI and Connected Chef, yearly health and wellness fair. Promotion of our in-school dental clinic so students do not miss school for routine dental appointments or minor dental procedures. Partnership with Western Queens providing 1:1 clinical therapy and small group support sessions for students in need.
30% students	Families' financial, family	Establish that school is a priority and support families with

are chronically absent (2024-2025 Chronic Absenteeism Reports in Insights and New Visions)	obligations out of the country, and health needs taking precedent over students' academic needs	competing needs through relationship building and parent workshops on resume building and career development, evening GED programs through community partners, Know Your rights workshops
YTD Attendance Rate at 92%(June 2024-2025 Attendance Data from Insights and New Visions)	Parents often working night jobs and not able to have students brought to school, thus becoming chronic.	Meeting with Individual Parents to find the causes of absenteeism and offer services or assistance such as HEDO (Early Drop-off), alarm clocks, AM daily calls home, mental health referrals, METRO Cards, Dental clinic appointments, AM Daily Routine Schedules Created, tutoring, etc.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	30%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 6%, from 30% to 24%, as measured by the Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Communicate to families that school is a priority and that as a United Community School we are here to support all families with any needs they may have for student attendance issues and academic success. This communication will occur via PTA meetings, school website, Class DOJO, September meet the teacher events and weekly family engagement between teachers and families.. We will strive to bring families into the building as often as is possible for positive reasons to strengthen relationships with families and increase trust such as family nights, student recognition and student performances.

Root Cause Addressed:

Competing priorities to education including:
*Health needs of families/ students
*Legal and technical reasons families are out of school
*Family obligations for relatives in and out of the country

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
End of units parent share events in house facilitated by teachers with professional development to support Student Led Conferences
In person September Meet the Teacher night, as approved by SBO

Scholastic book fairs; parents as volunteers; PA meetings; field days
Weekly Attendance Team meetings to identify students in danger of becoming chronically absent and conducting 1:1 outreach
Interactive parent meetings with students receiving awards
Individual Parent meetings to identify root causes of absenteeism and to create an Attendance Plan with families with frequent follow-ups nand monitoring
Staff PD on Attendance with Grade liaisons assigned to each grade to make contact with families
At Monthly PA Meetings Attendance Rates will be Shared with Families, awards given to students for Perfect and/or Most Improved Attendance, and When Students are Too Sick to send to School and when They can still come to School

Key Strategy 2 (Optional):

Parent workshops :
*Health and Nutrition for Families ($10,000 nutrition funding for health and wellness)
*Resume building and career development
*Evening GED programs through community partners
*Know Your rights workshops
*Knitting Club for Parents
*Parent Volunteers
*ENL Adult Classes

HEDO Program (Early Drop Off)

Food Pantry

Health & Wellness Expo with NY Edge and Community Partners

NYU Langone Dental Clinic On-Site

Western Queens Mental Health Providers on-site providing 1:1 and small group supports

STH after school tutoring

Morning DV7 Soccer Program for grades 2-5 to promote student fitness, team-building, and bring student to school early

Root Cause Addressed:

Student illness including high numbers of asthmatic students. Students missing school for routine dental/medical appointments. Students experiencing anxiety or other mental health issues impacting attendance. Families competing economic priorities.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Partner with QARI and Connected Chef to provide parent workshops on healthy eating and nutrition.
Continue promotion of our in-school Dental Clinic
Continue community partnerships with Stop & Shop, QARI, Mets Foundation (providing fresh produce) etc. to provide pantry staples and fresh produce to families
Continue to work with families and staff to identify students in need of mental health supports and connecting them with on-site Western Queens mental health clinicians
School Nurse provides Nutrition Classes for selected Students
Having Family Nites for student performances, student recognition, and activities such as movie nights
Participating in NYCPS Cares Programs and Resources such as DoJo, CHAMPS, Pivot Etc.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1.Weekly meeting of the Attendance team with: all guidance counselors, data coach, AP for Attendance, family worker, District Attendance Teacher and UCS director
2. Insight, New Visions, and ATS data and data analysis
3. DOE digital attendance (Obtain Attendance Data in Real Time)
4. Parent meetings with Follow-Up
5. I-Log all information regarding Attendance regularly
6. Creating Individual Attendance Plans with parents and students with Tier I, II, and III Interventions to Address Root Causes of Absences and with Continual Follow-up to Monitor Progress

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
06/27/2025	06/27/2026	PTA meetings monthly	GCs, data coach, AP for Attendance, UCS director
09/17/2025	06/24/2026	Weekly Food Pantry	Stop & Shop, QARI, parent and staff volunteers
		Dental Clinic - 1 day	NYU Langone
10/15/2025	10/15/2025	Resume Building Workshop	WOC Stars
09/04/2025	06/26/2026	Mental Health Supports - individual, family, and parent workshops	Western Queens
09/04/2025	06/26/2025	Weekly Parent Workshops on various topics including: academics, SEL, Health/Nutrition, Parenting Skills, Computer Programs/Skills	Various Partners and school staff
09/04/2025	06/26/2025	Supporting Students Exposed to Trauma Sessions for grades 4-5	Western Queens
09/04/2025	06/26/2025	Weekly ENL Classers and GED Classes foir Adults	NY Edge
09/04/2025	06/26/2025	Job Referrals and Building a Resume Assistance	ELMCOR: LaGuardia Career Center
09/04/2025	06/26/2025	Family Gardening Club	Connected Chef

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

GCs, data coach, AP for Attendance, UCS director, vendors and consultants, Principal

Instructional Resources

SEL for all students, Leader in Me curricular resources, Brain Power, Beautiful Me, A Call to Men

Schedule Adjustments

PTA meetings changing this year to alternate morning/ evening to allow working parents to attend no matter when they are working; early morning arrival started September 2025.

Other Resources Needed

Attendance consultant (Zeal Education)

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
As of September 2025 only 79% of IEP reading goals were progress	Goals were not appropriate for the student based on current academic level or skills; instruction did not adequately address the gap in skills needed to achieve the goal	IEP Development

monitored as "met" or "anticipate meeting" by next annual review per SESIS IEP Goal Report.		and Fidelity of Implementation
As of September, 46.5% of mandated IEP services are rendered as indicated on the Service Recommendations page of the IEP	Students recommended for bilingual placement are not accepting the placement offered by BSE; parents are hesitant to leave PS 14	Transition Planning and Compliance
61% of all SWDs are also multi-lingual learners	54% of our total population are multi-lingual learners; It takes 7 years to learn a second language academically; Lack of bilingual Response to Intervention staff available to provide appropriate academic intervention to bilingual students; high number of alternate placement language paraprofessionals due to parents electing to remain at PS 14 rather than accept outside BSE placements	Referral Process and Equity
50% of exclusionary discipline reported in OORS involve students with IEPs	Difficulty recognizing and mitigating triggering stimuli for certain students with disabilities; additional training needed for teachers and paraprofessionals in implementing BIPs	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	79%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Alignment of IEPs across present level of performance and goals and implementation fidelity of Specially Designed instruction to ensure that students achieve their stated reading goals. by a 11% Increase, from 79% to 90%, as measured by SESIS IEP Annual Goals Report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

IEP teacher works with AP Special Education to track and monitor successful goal writing, tracking of progress, and reporting of progress to parents. This aligns with several CEP goals in increasing information provided to parents in a timely manner to better include them in the decision making processes involving their own children.

Weekly Special Education PLC to target effective goal writing, implementation of Specially Designed Instruction for all Students with Disabilities, reading priority areas, developing target action plans for students, and embed effective progress monitoring tools in order to track and inform student progress.

Root Cause Addressed:

Goals were not appropriate for the student based on current academic level or skills; instruction did not adequately address the gap in skills needed to achieve the goal

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment.
Ensure “impact of disability” statements reflect the effect of the student's disability on access, participation and progress in the general education curriculum
Ensure that students in foster care, their birth parents, and foster care agency points are reached out to for all initial, annual reviews, and re-evaluation Individualized Education Program (IEP) services.
Ensure that programs and services mandated on each student's IEP are delivered
Ensure that IEP goals are appropriately challenging and that Specially Designed Instruction is implemented to support students in achieving their goals.
Create a special education PLC to horizontally and vertically align effective goal writing, implementation of Specially

Designed Instruction for all Students with Disabilities, reading priority areas, developing target action plans for students, and embed effective progress monitoring tools in order to track and inform student progress.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

SIT Team
Special Education AP
IEP teacher
Special Education Professional Learning Community

IEP teacher works with AP Special Education to track and monitor successful goal writing, tracking of progress, and reporting of progress to parents. This aligns with several CEP goals in increasing information provided to parents in a timely manner to better include them in the decision making processes involving their own children.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/01/2025	06/27/2026	in person meetings	UCS; RTI; SIT

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
2	Screener	Acadience	one-to-one	Before school and during school	yes
2	Running Records/Emira (K to 5th)	Rigby	small group	During school	yes
3	Progress Monitoring with mClass (K to 5th)	SPIRE / Sound Sensible / HELPS HMH	small group	During school	no
2	Envisions quizzes / iXL diagnostic	small group instruction utilizing Envisions/targeted 1:1 support using iXL	small group and 1:1	During School	yes
3	MAPs math data	Bridges Intervention	math coaches - supporting small groups in classrooms	During School	yes

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
2	teacher/parent referral	Beautiful Me	Small Group	During School	no
2	teacher/parent referral	A Call to Men	Small Group	During School	no
2	teacher /parent referral	Western Queens SETT	Small Group	During School	no
3	teacher/parent referral	Western Queens 1:1	one-to-one	During School	no
3	teacher/parent referral	At-risk Counseling	Small group or one-to-one	During School	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Data is sent home regularly in multiple languages regarding performance as well as progress for each child:
* mClass
* MAP
* ISRs
* reading levels

In person meetings with families to discuss student progress

Parent engagement logs

Monthly digital newsletters that are translatable into multiple languages

Parent Coordinator supports parents in understanding data points

Phone conferences with families utilizing DOE translation services to accommodate multiple languages

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Data is sent home regularly in multiple languages regarding performance as well as progress for each child:
* MClass
* Map
* ISRs
* Reading levels
* Written progress reports

In person meetings with families

Phone conferences with families utilizing DOE translation services to accommodate multiple languages

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are partners in decisions regarding Tier 3 intervention services. Prior to starting any Tier 3 intervention, parents are provided with information regarding their child's progress in comparison with grade-level expectations. These conversations take place in the parents's home language with bilingual staff members or with the support of DOE translation services. Our Tier 3 interventionists (counselors, RTI teachers, etc.) provide progress reports and have individual conversations with the families of students on their caseload to keep parents informed of decisions. Parents will often reach out to teachers, our parent coordinator, or United Community School Director to initiate supports for their children.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

There are 232 Students in Temporary Housing as of October 30, 2025.
-221 are doubled up
-10 are living in a shelter
-1 is living in a hotel

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Analysis of our data shows that 232 students (27%) are in temporary housing. STH status is often correlated with higher absenteeism and academic gaps, making targeted supports essential. We use the annual STH Title I Survey to identify priorities; last year, 81 families ranked food/clothing, in-school academic help, and after-school tutoring as top needs. This year, we aim for at least 150 responses by October 31. Based on consistently strong demand and positive feedback, afterschool tutoring will again run three times per week with two providers.

Survey input and program outcomes also guide enrichment: our Reading Club, piloted last year, will launch earlier (November 5, 2025) and include daily hot meals and quarterly family-focused celebrations. In addition, housing status is reviewed in weekly SIT and Attendance Team meetings to ensure appropriate supports are in place.

To address food insecurity and strengthen community ties, we are also hosting a culturally inclusive Thanksgiving

dinner on November 25 for 250 participants, with take-home meals provided.

Through this combination of data analysis, survey results, and ongoing review, we align services to directly meet the academic and social-emotional needs of our STH population.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Academic Support:
Two Toolkit Tutors provide high-impact tutoring in groups of four or fewer, using supplemental mCLASS materials to strengthen foundational skills. Tutoring runs from September–June and includes both in-school sessions and our afterschool Reading Club. This year, the Reading Club will feature a session by author Ada Ari, who will share African folktales to encourage culturally responsive storytelling and literacy.

Attendance Support:
Because tutors build strong relationships with students, they are a valuable partner to families in addressing attendance challenges. Given that STH students are historically overrepresented among chronically absent students, this relationship-based approach is even more important.

Social-Emotional Learning (SEL) Support:
Starting November 2025, Mental Health Providers of Western Queens will lead 10-week group counseling sessions twice weekly during lunch, using the evidence-based SSET curriculum. Last year, 95% of participants in SSET were STH students. In addition, STH students receive priority access to our Article 31 clinician for weekly individual counseling.

Basic Needs:
Our weekly food pantry serves many STH families, who currently make up 40% of participants. All STH students also received uniforms at the start of the year, and coats will be distributed at our October 30 Parent Association meeting. Additional essentials—including lice kits, shoes, book bags, lunch boxes, and school supplies—are available year-round through our Family Center (Rm 219). Families are also supported in enrolling in T-Mobile's Project 10Million, providing free internet hotspots for students.

Monitoring & Ongoing Support:
Monthly reports of students in temporary housing or foster care are shared with the Guidance Team, who conduct outreach and connect families to at-risk services. Housing status is also reviewed at Attendance and SIT meetings to ensure STH students are prioritized for timely supports.

Service Selection:
These services were selected based on analysis of attendance and achievement trends, input from the STH Title I Survey, and feedback from families. Academic support, basic needs, and SEL programming consistently emerge as top priorities, and program adjustments each year are guided by both survey results and program outcomes.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

2
Western Queens
No Place for Hate
UCS

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Western Queens
No Place for Hate
UCS
GCs

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students with lowest attendance tend to under-perform on assessments. Improving attendance will bolster over-all student achievement.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 14 Fairview will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 14 Fairview, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Priority 4
Priority 5

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

aligned curriculum, sharing of records/information, early intervention services
registration in person, engaging families and students in a welcome process

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	685688	x	Priority 1, 2, 3, 4, 5
Title I, School Improvement 1003(a)	Federal	0	x	Priority 1, 2, 3, 4, 5
Title II, Part A	Federal	80113	x	Priority 1, 2, 3
Title III, Part A	Federal	94494	x	Priority 1, 3, 5

Title IV, Part A	Federal	6913	x	Priority 1, 2, 3, 4, 5
Tax Levy (Fair Student	Local	9571284	x	Priority 1, 2, 3, 4, 5

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Heather Benson
Assistant Principal (Where Applicable)*	Anastasios Argyros
English as a New Language (ENL) Teacher*	Lisa Gerard
Teacher (if school has a bilingual program must be a bilingual teacher)*	Evelyn Alberto
Parent/Guardian*	TBA
Teacher	Lori OBrien
Parent Coordinator	Irma Priego
School Counselor	Marlena Iorio
Other (Name and Title)	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

There are 24 certified ESOL teachers currently teaching ENL.

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

There are 24 certified ESOL teachers currently holding a common branch license and ESOL certification.

Number of certified ESOL teachers not currently teaching ENL:

There are 0 certified ESOL teachers not currently teaching ENL.

Number of teachers who hold both content area/common branch and ESOL certification:

There are 24 certified ESOL teachers currently holding a common branch license and ESOL certification.

Number of ESOL certified teachers with a bilingual extension:

There are currently 2 ESOL certified teachers with a bilingual extension.

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

There are 13 certified teachers with a bilingual extension currently teaching in a bilingual program.

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

There are 0 certified teachers with a bilingual extension not currently teaching in a bilingual program.

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

There are 7 teachers certified to teach students with disabilities that also have a bilingual extension.

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

N/A

Total number of teachers with LOTE certification providing World Language instruction:

N/A

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

N/A

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

There are currently 886 students.

Total number and percentage (%) of current ELLs:

The total number 0f ELLs is 557 with a percentage of 65.2%.

Total number and percentage (%) of former ELLs:

There 196 students with a percentage of 26% that are former ELLs.

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

541 ELLs at P.S. 014 are Newcomers (0–3 years of service), representing 83.5% of the total ELL population.

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

107 ELLs at P.S. 014 are Developing ELLs (4–6 years of service), representing 16.5% of the total ELL population.

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 ELLs at P.S. 014 are Long-Term ELLs (7 or more years of service), representing 0.0% of the total ELL population.

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 ELLs at P.S. 014 are identified as SIFE, representing 0.3% of the total ELL population.

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

127 ELLs at P.S. 014 have an IEP, representing 19.6% of the total ELL population.

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	GE	Spanish	SY 12-Current	0	0	0	0	0	1								1
TBE	ICT	Spanish	SY 12 - Current	0	1	1	1	1	1								5
TBE																	0
DLBE	GE	Spanish	SY 19 - Current	1	1	1	1	1									5
DLBE	ICT	Spanish	SY 25 - Current	1													1
DLBE																	0
				total: 2	total: 2	total: 2	total: 2	total: 2	total: 2	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Overview:

English as a New Language (ENL) as per CR Part 154

ENL is a program designed to support English Language Learners (ELLs) in New York State as they acquire English language proficiency and meet the same academic standards as their native English-speaking peers. Commissioner's Regulation (CR) Part 154 outlines the requirements for ENL programs.

Stand-Alone ENL: This model dedicates specific time for explicit English language instruction separate from core content areas. It allows for focused attention on language skills (listening, speaking, reading, writing) and provides targeted support for ELLs.

Based on the outcome of the language proficiency data from the New York English as a second Language Achievement Test (NYSESLAT) and/ or the New York State Identification Test for English Language learners (NYSITELL), students are placed in grade level classes with the maximum amount of ENL instructional minutes needed to support their language level.

-Entering (EN) leveled students receive 360 minutes per week with a total of 180 minutes as stand alone instruction.
-Emerging (EM) leveled students also receive 360 minutes per week. They receive between180 minutes of stand alone instruction based on their needs.
-Transitioning (TR) leveled students receive 180 minutes per week.

ENL teachers work with ENL students within the student's classrooms in heterogeneous and homogeneous proficiency groups depending on the needs of the students.

Common Branch Teachers who hold an ESOL license and have ELL students in their classrooms service their students the maximum number of instructional minutes they are entitled to using ENL methodology throughout the day in all content areas that support their
ELL students, including time for stand alone instruction.

All students in all classes are articulated during the previous school year with data to predict next NYSESLAT proficiency levels as well as ELA/Math State Exam scores. Students are also given summative assessments as per NYC DOE policy. All data is transferred as a temporary baseline for the following school year before a baseline is performed for the current grade.

All classrooms are heterogeneously grouped however, some classes on each grade are assigned for 180 minutes of stand alone ENL Teacher support and other classes on each grade are assigned for 180 minutes of stand alone ENL Teacher support, depending on the level and needs of the ENL students.

Curriculum / supports
Teaching is aligned to HMH Into Reading curriculum for each grade, Teachers use language acquisition supports to scaffold into instruction. All ELL providers are push-in for stand-alone provide scaffolding, modification/adaptations based on language needs. ELL providers promote team teaching, station teaching, and parallel teaching based on lessons, topics, or units.

Integrated ENL:

English as a New Language (ENL) as per CR Part 154

ENL is a program designed to support English Language Learners (ELLs) in New York State as they acquire English language proficiency and meet the same academic standards as their native English-speaking peers. Commissioner's Regulation (CR) Part 154 outlines the requirements for ENL programs.

Integrated ENL: This model involves incorporating English language development instruction within the context of core content areas (English Language Arts, Math, Science, Social Studies). It aims to provide meaningful and relevant language learning opportunities for students while they engage with academic content.

Based on the outcome of the language proficiency data from the New York English as a second Language Achievement Test (NYSESLAT) and/ or the New York State Identification Test for English Language learners (NYSITELL), students are placed in grade level classes with the maximum amount of ENL instructional minutes needed to support their language level.

-Entering (EN) leveled students receive 360 minutes per week with 180 minutes of integrated instruction.
-Emerging (EM) leveled students receive 360 minutes per week with 180 minutes of integrated instruction.
-Transitioning (TR) leveled students receive 180 minutes per week with up to 180 minutes of integrated instruction.
-Expanding (EX) leveled students receive 180 minutes per week of integrated instruction in ELA or other core related content area.
-Commanding (CM) leveled students receive 90 minutes per week of integrated instruction in ELA or other core content area.

ENL teachers work with ENL students within the classrooms in heterogeneous and homogeneous proficiency groups depending on the needs of the students.

Common Branch Teachers who hold an ESOL license and have ELL students in their classrooms use ENL methodology throughout the day in all content areas to support their ELL students.

All classrooms are heterogeneously grouped however, some classes on each grade are assigned for up to 180 minutes of integrated ENL Teacher support and other classes on each grade are assigned for 180 minutes of integrated ENL Teacher support, depending on the level and needs of the ENL students.

All students in all classes are articulated during the previous school year with data to predict next NYSESLAT proficiency levels as well as ELA/Math State Exam scores. Students are also given summative assessments as per NYC DOE policy. All data is transferred as a temporary baseline for the following school year before a baseline is performed for the current grade.

Curriculum / supports
Teaching is aligned to HMH Into Reading curriculum for each grade, Teachers use language acquisition supports to scaffold into instruction. All ELL providers are push-in for integrated ENL provide scaffolding,

modification/adaptations based on language needs. ELL providers promote team teaching, station teaching, and parallel teaching based on lessons, topics, or units.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Transitional Spanish Bilingual Education Program:

Students in the TBE program receive ENL services from their Bilingual licensed teacher as stated above. They also receive up to 2 core content subject areas in Spanish. Students at the Entering and Emerging language level receive the minimum of 2 core content area subjects in Spanish. Transitioning and Expanding language level students receive a minimum of 1 core content subject area in Spanish. TBE classes are scheduled to conduct a Native Language Arts 1 period a day where they integrate social studies and science into the lesson. TBE classes are heterogeneously grouped.

Transitional Bilingual Education (TBE) program

TBE programs gradually increase English instruction, using ESL methodology, in academic content areas such as mathematics, science, and social studies. The percentage of the use of native language can vary depending on the student's English proficiency level and the nature of the content area. For example, when teachers are planning mathematics activities using the balanced approach, each language should be given equal attention in planning lessons. For example, mathematical concepts might be taught using the native language; reinforcement of those concepts might be done in English. Mathematical terms must be developed in English and their contextual meaning clarified. Students need opportunities to use mathematical language and to discuss mathematical concepts in their own words in both the native language and English. Also, English language development is strengthened through participation in English-taught enrichment.

TBE classes are formed in grades K-5 when there are 15 or more ELLs of the same language in two contiguous grades.

Teachers using ENL methods to teach content should consider scaffolding instructional strategies.
Grades

Dual Language Bilingual Education (DLBE):

Students in the Dual Language program receive all content subject areas in both English and Spanish on alternating days. The class is heterogeneously grouped, with at least 50% of students expected to have native proficiency in English and the remainder in Spanish, ensuring balanced peer language models.

The Dual Language program is a developmental, language-enriched model that integrates English-dominant students with Spanish-dominant students. Through this structure, students build second-language proficiency while maintaining grade-level achievement in all subjects. The program pursues three central goals:

Grade-level achievement: Students meet or exceed New York State and City standards through rigorous instruction in two languages.

Bilingualism and biliteracy: Students graduate with strong skills in listening, speaking, reading, and writing in both English and Spanish.

Socio-cultural competence: Students develop positive cross-cultural skills and perspectives, preparing them to thrive in a global society.

Instruction is balanced across languages using second-language acquisition strategies and culturally responsive pedagogy. Language Arts are taught using Native Language Arts (NLA), ESL, and ELA components. Into Reading/Arriba La Lectura serves as the foundation for literacy, Envisions for mathematics, Passport for social studies, and Amplify for science—all delivered bilingually to ensure students have consistent access to academic content in both languages.

By the end of the program, students are expected to demonstrate proficiency in comprehending, speaking, reading, and writing in both languages, transferring academic skills fluidly across contexts.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

ENL Program

At P.S. 14 (24Q014), the English as a New Language (ENL) program is staffed by 24 certified ENL teachers, ensuring that all students receive their mandated instructional minutes with fidelity. Instruction is designed to target the four language modalities—speaking, reading, writing, and listening—while aligning to content standards. Students at the Entering (EN) and Emerging (EM) proficiency levels receive 360 minutes per week of integrated and stand-alone ENL instruction, embedded within content areas such as literacy, mathematics, science, and social studies. Students at the Transitioning (TR) and Expanding (EX) levels receive 180 minutes per week, while those at the Commanding (CM) level are provided with at least 90 minutes per week to support continued development and ensure smooth transition.

Teachers employ scaffolding strategies—including visuals, sentence frames, modeling, and structured peer interactions—so that all students can engage in grade-level work while acquiring academic English. The capacity provided by 24 certified ENL teachers allows for flexible grouping, co-teaching in ICT and general education classrooms, and targeted small-group instruction that meets the diverse linguistic needs of students.

Transitional Bilingual Education (TBE) Program

The TBE program at 24Q014 ensures that students receive instruction in their home language while gradually increasing English exposure to promote biliteracy and academic success. Instruction is balanced across languages using ESL, English Language Arts (ELA), and Native Language Arts (NLA) in the following allocations:

Emerging: 60% Spanish / 40% English

Transitioning: 50% Spanish / 50% English

Expanding: 25% Spanish / 75% English

At the emergent stage, 60% of instruction is conducted in the home language to secure content understanding and build confidence, while 40% is provided in English to begin developing academic vocabulary. As students progress through proficiency levels, English instruction gradually increases until students are prepared to learn fully in English. Certified ENL and bilingual teachers collaborate to ensure that home language literacy serves as a foundation for English acquisition, making the transition seamless and academically rigorous.

Dual Language Program

The Dual Language program follows an alternating day model, with instruction delivered in English one day and Spanish the next. This structure ensures that all students—English-dominant and Spanish-dominant alike—develop literacy and content knowledge in both languages. A 90-minute literacy block anchors the program, with components of reading, writing, and word study taught in both languages using a simultaneous literacy approach.

Teachers leverage Into Reading/Arriba La Lectura for balanced literacy, Envisions for mathematics, Passport for social studies, and Amplify for science. Each curriculum is implemented bilingually, ensuring students not only meet mandated HLA minutes but also gain content mastery in both languages. Instruction is further supported by the school's cadre of ENL-certified teachers, who co-plan and co-teach to ensure all learners thrive in a linguistically rich environment.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Dual Language (DL) Programs

ENL: In the Dual Language program at 24Q014, ENL instruction is integrated into content areas taught in English and is supported by certified ENL teachers. For example, ENL strategies are embedded in Into Reading during English literacy instruction and in Envisions during math instruction. Students at Entering/Emerging levels may also receive additional stand-alone ENL support to meet their mandated minutes. These supports ensure that language development occurs simultaneously with content learning.

ELA: English Language Arts is delivered through Into Reading, where students build reading, writing, speaking, and listening skills in English. Instruction is differentiated by proficiency level, with scaffolds such as leveled texts, sentence stems, and guided writing tasks for Entering and Emerging students, while Transitioning and Expanding students work with increasingly complex texts and writing assignments.

HLA: Home Language Arts (HLA) is delivered through Arriba La Lectura in Spanish. Instruction builds Spanish literacy skills, which serve as a foundation for cross-language transfer to English. For example, vocabulary and comprehension strategies introduced in Spanish are reinforced in English literacy blocks. The alternating day model ensures a balance of English and Spanish instruction while meeting mandated HLA minutes.

English as a New Language (ENL) Programs

ENL: In the stand-alone ENL program, students receive direct, explicit instruction in English aligned to their proficiency levels. Entering/Emerging students receive 360 minutes per week, Transitioning/Expanding students 180 minutes, and Commanding students at least 90 minutes. Teachers use scaffolded instruction drawn from the Into Reading program, adapting lessons with visuals, graphic organizers, and interactive dialogue to build English proficiency while accessing grade-level standards.

ELA: ELA is delivered in English using the Into Reading curriculum, which emphasizes phonics, fluency, comprehension, and writing development. ENL teachers co-plan with classroom teachers to ensure that academic vocabulary and reading strategies are reinforced during ELA blocks. This alignment allows students to practice English literacy skills in both ENL and ELA settings.

HLA: HLA is not a component of the stand-alone ENL program at 24Q014, as the focus is exclusively on building English proficiency.

Transitional Bilingual Education (TBE) Programs

ENL: In TBE classrooms, students receive stand-alone ENL instruction aligned to their mandated minutes and proficiency levels. ENL strategies are also integrated into bilingual content instruction. For example, ENL teachers support English language development during Amplify Science units by reinforcing key vocabulary and sentence structures in English while content knowledge is introduced in Spanish.

ELA: ELA instruction is delivered in English using Into Reading. Lessons are carefully scaffolded to support students at varying proficiency levels. Entering/Emerging students may focus on oral language development and foundational reading skills, while Transitioning/Expanding students engage with more complex texts and written expression.

HLA: Home Language Arts (HLA) is provided in Spanish through Arriba La Lectura. Instruction strengthens native language literacy, which directly supports English acquisition. Students transfer comprehension strategies, writing structures, and academic vocabulary from Spanish into English over time. The proportion of HLA decreases as

students advance proficiency levels: 60% Spanish/40% English at Emerging, 50%/50% at Transitioning, and 25%/75% at Expanding.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

School year 2024-2025 P.S.14 will be expanding the Dual Language program to include grades Kindergarten - Third. The program will be run using the side by side model in each grade. There will be 2 classrooms, one classroom will be taught in Spanish only and the other classroom will be taught in English only. Students will alternate classrooms each complete school day. The two Dual Language classes will be integrated with both English and Spanish speakers.

Dual Language-

Our side by side model will follow alternating day model where Spanish and English instruction are covered equally. The instructional percentages are: 50% English 50% Spanish. Students will alternate daily - One day English and one day in Spanish. Proficient English speaking students and English as a second language students are integrated 100% of the instructional day in both classrooms.

b. In which language(s) is each core content area taught?

The Core content areas that are taught in Spanish every other day are math, social studies, and native language arts (reading and writing in Spanish) Gym, music, computer science for all are also taught in Spanish once a week. Dual language classes use HMH
curriculum.
The Core content areas that are taught in English every other day are science, math, social studies, and English language arts (reading and writing in English) art, SEL, science, engineering, dance, theatre are taught in English once a week.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

For the school year 2025 -2026 the Transitional Bilingual programs will be teaching Science and math bilingually.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 014 Fairview (DBN 24Q014), the composition of English Language Learners (ELLs) reflects a population predominantly made up of students at the early stages of English acquisition. According to the Spring 2025 ELL Data Analysis Tool (EDAT), there are 563 active ELLs enrolled at the school. Of these, **541 students (83.5%)** are identified as **Newcomers**, defined as ELLs who have received services for 0 to 3 years. An additional **107 students (16.5%)** are classified as **Developing ELLs**, having received services for 4 to 6 years. Notably, **there are no Long-Term ELLs** (students with 7 or more years of service) enrolled at this time (EDAT, p. 4).

This composition indicates that the vast majority of ELLs at P.S. 014 are still within their foundational phase of English language development, which has direct implications for instructional planning. **Effective instruction for Newcomers** must prioritize **basic interpersonal communication skills (BICS)** and **foundational literacy**. Instruction is most impactful when it includes rich oral language development, visual supports, home language scaffolds (e.g., bilingual glossaries, dual-language books), and strategic grouping that allows for peer modeling. Teachers should also integrate culturally responsive practices that validate students' backgrounds and help them navigate new academic and social contexts.

In contrast, **Developing ELLs**, who typically function at the Transitioning or Expanding proficiency levels, require instruction that bridges their existing language skills with **academic language proficiency (CALP)**. This includes targeted vocabulary instruction, explicit teaching of grammatical structures in context, and content-integrated language tasks. These students benefit from consistent opportunities to engage in extended discourse and structured writing that supports them in mastering complex language functions across content areas.

While P.S. 014 currently does not serve any Long-Term ELLs, best practices for that subgroup include intensive, differentiated support in academic writing and reading comprehension, often involving targeted interventions and close collaboration with support staff such as ENL and special education teachers.

In summary, the school's ELL subgroup profile—dominated by Newcomers—demands that instruction be highly scaffolded, linguistically supportive, and culturally affirming to ensure that students build the foundational skills necessary for long-term academic success (EDAT, p. 4).

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

According to the **Spring 2025 ELL Data Analysis Tool (EDAT)** for P.S. 014 Fairview, **2 out of 563 active ELLs** are identified as **Students with Inconsistent/Interrupted Formal Education (SIFE)**. This represents **0.3% of the total ELL population** at the school (EDAT, p. 4).

While the proportion of SIFE students is relatively small, this subgroup requires **intensely differentiated and trauma-informed instruction** due to their unique educational histories. SIFE are students who have been in the U.S. for less than twelve months and are two or more years below grade level in literacy and/or math due to interrupted schooling in their home countries.

Effective instruction for SIFE differs from typical ELL programming in the following ways:

1. **Literacy and Numeracy Rebuilding**: Instruction must integrate both **basic literacy** (phonics, decoding, sight word recognition) and **foundational math skills**, often delivered through small-group, multi-sensory methods.

2. **Extended Time and Acceleration**: SIFE students benefit from **extended instructional time**, whether through after-school support, double blocks for ENL, or dedicated interventions that address both language and content gaps.

3. **Home Language Resources**: Strategic use of **home language materials** and **bilingual staff** can support comprehension and affirm prior knowledge, especially when gaps in formal schooling exist.

4. **Culturally Responsive Trauma-Informed Supports**: SIFE students may have experienced displacement, trauma, or family separation. Effective instruction incorporates **SEL routines**, **trust-building strategies**, and **flexibility in expectations**.

5. **Content Scaffolding**: Teachers must simplify content without diluting rigor—using visuals, graphic organizers, sentence frames, and chunked texts—ensuring access to grade-level ideas even as students build language and academic stamina.

6. **Progress Monitoring and Flexibility**: Frequent, formative assessments are critical to adjusting instruction and measuring growth, particularly since traditional grade-level benchmarks may not apply linearly to SIFE.

In sum, although only **0.3%** of P.S. 014's ELL population is classified as SIFE, addressing their needs requires a **highly intentional, interdisciplinary approach**. Collaboration between ENL teachers, interventionists, counselors, and families is essential to ensure equitable access to both academic and social-emotional learning opportunities (EDAT, p. 4).

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

At P.S. 014 Fairview, **0% of current ELLs are classified as Long-Term ELLs (LTEs)**, according to the Spring 2025 ELL Data Analysis Tool (EDAT). This indicates that none of the 563 English Language Learners enrolled at the school have received ELL services for **7 or more years**, which is the threshold for long-term classification (EDAT, p. 4).

While there are no LTEs currently enrolled, understanding the instructional distinctions between Long-Term and

Developing ELLs remains critical, especially for schools that may receive transfer students or are planning ahead for potential shifts in enrollment.

Developing ELLs, those with 4 to 6 years of service, often function at **Transitioning or Expanding proficiency levels**. Effective instruction for this group focuses on **bridging foundational skills with more complex academic language**. Key instructional strategies include:

* Explicit teaching of **academic vocabulary and syntax** across content areas;
* **Scaffolded writing assignments** that guide students through extended responses;
* Integration of **content-area literacy**, ensuring students can read, write, and discuss standards-based material in subjects like science and social studies;
* Regular **formative assessments** to monitor progress toward exiting ENL services.

In contrast, **Long-Term ELLs** typically demonstrate **stalled progress** in one or more language domains—often writing—and may exhibit a **disconnect between oral fluency and academic performance**. Their instruction must be:

* **Intensified and targeted**, particularly in writing and reading comprehension;
* Built on **analyzing language structures** explicitly, such as grammar, text structure, and transitions;
* Reinforced through **frequent feedback loops**, conferencing, and revision-based assignments;
* Supported through **language-rich environments** that demand high levels of academic discourse and argumentation;
* Enhanced by **collaboration with content teachers** to align language objectives within curriculum standards.

Moreover, LTEs benefit from **individualized learning plans**, mentorship, and possibly counseling support to address the social-emotional factors that may contribute to long-term language learner status, such as disengagement or repeated grade retention.

In summary, while P.S. 014 currently has **no students classified as Long-Term ELLs (0.0%)**, effective instruction for this group—should they be enrolled in the future—would differ from Developing ELLs by placing stronger emphasis on **academic rigor, explicit language instruction, and progress recovery strategies** (EDAT, p. 4).

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

According to the **Spring 2025 ELL Data Analysis Tool (EDAT)**, **94 students at P.S. 014 Fairview** are classified as **former ELLs**, representing **26%** of the total student population of 856 (EDAT, p. 4). These students have exited ELL status within the past two years after meeting the state's proficiency criteria on the NYSESLAT and related academic benchmarks.

Per **Commissioner's Regulations Part 154**, former ELLs are entitled to **continued English language support for an additional two years** after exiting ELL status. This includes access to **English as a New Language (ENL)** and/or **alternative instructional services** that support continued development of academic language skills across subject areas.

According to the most recent **ELL Data Update Report, **100% of former ELLs at P.S. 014 are currently programmed for ENL and/or alternative pathway supports in STARS**, meeting the compliance requirement that mandates ongoing support services for this subgroup (EDUR, p. 5).

At P.S. 014, mandated instruction for former ELLs likely includes:

* **ENL push-in or pull-out services** tailored to reinforce literacy and content comprehension;
* **Monitoring of academic progress** through Insight and formative assessments;
* **Collaboration between ENL and content-area teachers** to align instruction with grade-level expectations;
* **Differentiated assignments and scaffolds** to support transition from language-focused instruction to mainstream academic tasks;
* Continued access to **translation and interpretation services**, especially during family engagement activities and parent-teacher conferences.

In summary, **26% of the school population consists of former ELLs**, and P.S. 014 is in full compliance with the requirement to provide these students with **mandated language support services** for two years post-exit (EDAT, p. 4; EDUR, p. 5). This ensures sustained academic success as students solidify their command of academic English.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

An analysis of the Spring 2025 ELL Data Analysis Tool (EDAT) highlights several at-risk indicators that may hinder the academic progress of English Language Learners (ELLs) at P.S. 014 Fairview. These indicators, drawn from research-based metrics, identify patterns of academic vulnerability that call for targeted instructional support. While each student may be flagged for one or more risk factors, the cumulative trends reveal the most urgent challenges facing the school's multilingual population.

The most significant finding is the high concentration of students with multiple overlapping risk factors. Out of the 563 active ELLs enrolled, a large proportion are struggling simultaneously with language acquisition and grade-level literacy demands.

The most prevalent concern is insufficient English Language Proficiency (ELP) growth, as measured by the Spring 2025 NYSESLAT. A total of 230 students (35.5%) failed to meet expected benchmarks, signaling the need for more intensive language development strategies and closer progress monitoring. Closely aligned to this challenge are the results of the New York State ELA assessments. 237 students (36.6%) scored at Level 1 or 2 in both 2022–23 and 2023–24, demonstrating persistent gaps in literacy despite ongoing supports. In addition, 192 students (29.6%) scored at Level 1 or 2 on the most recent 2023–24 ELA exam, confirming that literacy remains a critical schoolwide priority for the ELL subgroup.

While the data in mathematics present a somewhat less urgent picture, they still reflect areas of concern. 69 students (10.6%) scored at Level 1 or 2 on the 2023–24 Math assessment, suggesting that while math struggles are not as widespread as those in ELA, they nonetheless contribute to the overall risk profile. A smaller but important group, 40 students (6.2%), were flagged as overaged for their grade. This status often correlates with interrupted schooling, retention, or placement difficulties and may have long-term consequences for graduation outcomes.

Other potential risk factors, such as lack of promotion, homelessness, or incomplete ENL programming, show negligible or no incidence at this time. This finding underscores that the school is maintaining strong compliance in structural areas such as service delivery and programming, even as academic performance gaps persist.

Taken together, the data point to two primary risk trends at P.S. 014: stagnation in English language proficiency growth and consistently low performance on state ELA assessments. These trends are deeply interconnected, as students who fail to make sufficient progress in acquiring academic English are also those least able to access grade-level literacy content. Furthermore, a notable proportion of the school's ELLs present compounding risk factors, intensifying the instructional challenge.

To address these systemic needs, P.S. 014 must strengthen its focus on targeted language scaffolds within ELA instruction, develop robust progress-monitoring protocols to prevent students from becoming long-term ELLs, and ensure continued alignment of instruction with both language development and grade-level academic standards. In short, while compliance structures are firmly in place, the academic performance data—particularly in literacy—signal areas that require recalibration of instructional strategies, especially for students who have been receiving services for more than three years without meeting proficiency growth targets (EDAT, p. 5).

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The Fall 2025 ELL Data Analysis Tool (EDAT) provides important insights into the academic performance of former English Language Learners (ELLs) at P.S. 014 Fairview. Although these students have officially exited ELL status, the mandated two-year monitoring period ensures that their progress is closely tracked to identify lingering academic vulnerabilities.

As of the Fall 2025 data pull, 196 students are classified as former ELLs, representing approximately 27 percent of the school's total population. A closer analysis of their risk indicators reveals several areas of concern, particularly in literacy performance and promotion history (EDAT, p. 6).

The most pressing trend is the persistence of low achievement in English Language Arts (ELA). More than half of the former ELL subgroup—49 students (52.1%)—scored at Level 1 or 2 on the most recent NY State ELA assessment. This suggests that while these students met NYSESLAT proficiency standards to exit ENL services, many continue to struggle with the higher-level demands of academic English required for grade-level reading and writing. Adding to this concern, 30 students (31.9%) scored at Levels 1 or 2 on the state ELA assessments in both 2023–24 and 2024–25, signaling persistent and ongoing challenges in literacy development.

Mathematics outcomes, while less severe than those in ELA, also reflect areas for targeted support. 26 students (27.7%) were flagged for low performance on the most recent math exam, reinforcing the need for cross-content scaffolding of language and problem-solving skills. Additionally, seven students (7.4%) were identified as overaged for their grade, a marker that often correlates with retention or interrupted academic progress earlier in their school careers.

Encouragingly, no former ELLs were flagged for homelessness, programming gaps, or credit accumulation issues (as would apply in high school). This demonstrates strong administrative compliance and stability in areas such as placement, service delivery, and attendance.

Overall, the most critical risk pattern for former ELLs at P.S. 014 is the persistence of literacy gaps post-exit. The overlap between literacy-based struggles, repeated low performance on state assessments, and instances of grade-level retention highlights the ongoing vulnerability of this subgroup. Without continued scaffolds in academic language and intentional supports beyond the exit period, former ELLs remain at risk of underperforming academically.

In summary, while the school has met compliance expectations for post-exit monitoring, the Fall 2025 EDAT findings underscore the need for sustained literacy interventions, close promotion tracking, and instructional collaboration between ENL and content-area teachers. These supports are particularly vital for students in the first two years after exiting, when the risk of regression or plateauing in academic English development is most pronounced (EDAT, p. 6).

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At P.S. 014 Fairview, the linguistic profile of English Language Learners (ELLs) is overwhelmingly shaped by Spanish. According to the Spring 2025 ELL Data Analysis Tool (EDAT), Spanish is the home language of 550 out of 563 ELLs, accounting for 97.9 percent of the school's multilingual population (EDAT, p. 7). This concentration has a profound impact on the school's instructional programming, staffing design, and family engagement efforts. While other home languages—such as Arabic, Chinese, Nepali, Pilipino, and Ukrainian—are present, each represents five or fewer students. As a result, the school's overall linguistic diversity exists on a small scale compared to the overwhelming majority of Spanish-speaking students and families.

In response to this landscape, P.S. 014 has intentionally structured its programs to provide robust Spanish bilingual pathways. The May 2025 ELL Data Update Report (EDUR) confirms that the school operates Transitional Bilingual Education (TBE) programs in grades K–5 for both general and special education settings, including ICT and 12:1:1 classrooms. In addition, Dual Language (DL) programs in grades K–3 bring together Spanish-speaking students with their English-proficient peers in a model that promotes biliteracy and biculturalism (EDUR, p. 3). Both program formats enable students to access rigorous content in their home language while gradually developing English proficiency, ensuring that language is a bridge rather than a barrier to academic achievement.

To support this work, the school is staffed with bilingual-certified teachers and a team of ENL-certified teachers who provide both push-in and pull-out services. These educators collaborate to balance home language instruction with targeted English development, creating classrooms where students build biliteracy and transfer skills across languages. Additional support comes from bilingual paraprofessionals and family-facing staff who help maintain strong connections between the school and Spanish-speaking households.

Language access for families remains a high priority. P.S. 014 utilizes the DOE's Translation and Interpretation Unit and, as reported in the EDUR, received $7,007 in funding to support these services. At the time of the most recent update, 100 percent of these funds had been scheduled, with nearly 38 percent already spent, guaranteeing that essential school communications—from entitlement letters to report cards—are translated into Spanish and other home languages as necessary (EDUR, p. 9).

The school also demonstrates strong compliance with foundational processes for identifying student language needs. With 99.4 percent compliance in administering the Home Language Identification Survey (HLIS) and 99.9 percent accuracy in home language coding in ATS, P.S. 014 ensures that students are properly identified and placed into the correct language service pathways (EDUR, p. 7).

Equally important, the school fosters a sense of belonging among its Spanish-speaking families through bilingual orientations, translated entitlement letters, and culturally responsive events. The Parent Coordinator, supported by bilingual staff, plays a key role in outreach and engagement, ensuring families are not only informed but also active partners in their children's education. Collectively, these structures create a linguistically and culturally responsive environment where Spanish-speaking ELLs and their families feel valued, supported, and positioned for success.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At P.S. 014 Fairview, the racial and ethnic composition of the English Language Learner (ELL) population mirrors the multicultural character of the surrounding Queens community. According to the Spring 2025 ELL Data Analysis Tool (EDAT), the school enrolls 648 active ELLs, of whom 550 students (96 percent) identify as Hispanic. The remaining 26 students (4 percent) represent other groups, including 18 Asian students and 8 Black students, with fewer than

three students each identifying as Multiracial, White, American Indian, or Pacific Islander (EDAT, p. 9). This distribution confirms that P.S. 014's ELL population is overwhelmingly Hispanic, with Spanish as the predominant home language (EDAT, p. 7), while still maintaining a smaller but important representation from other racial and cultural backgrounds.

The school has responded to this demographic reality by embedding Culturally Responsive and Sustaining Education (CR-SE) across its instructional, cultural, and engagement practices. Central to this work is the recognition of language as a cultural asset. Through Dual Language and Transitional Bilingual Education programs in Spanish, students are supported in developing biliteracy and academic English while affirming their home language identity (EDUR, p. 3). Teachers use texts in both English and Spanish that reflect students' lived experiences, histories, and cultural narratives, ensuring that literacy instruction is both rigorous and relevant.

Representation is woven into content and school spaces alike. Instruction integrates literature, history, and themes from Latin American and Caribbean contexts, while classrooms and hallways highlight student heritage through bilingual bulletin boards, cultural displays, and libraries stocked with diverse texts. These intentional choices reinforce students' cultural identities while fostering pride and belonging.

Pedagogical practices further align with CR-SE principles. Teachers employ collaborative learning structures that encourage storytelling, discussion, and peer teaching, positioning students as knowledge holders. Projects often invite students to explore and share their family histories and traditions in bilingual formats, amplifying student voice and fostering cross-cultural understanding among peers.

Family and community engagement are also deeply responsive to the linguistic and cultural profile of the school. With more than 96 percent of ELLs identifying as Hispanic, P.S. 014 hosts Spanish-language family workshops, cultural celebrations, and translated parent communications to ensure accessibility. The Parent Coordinator, together with bilingual staff, plays a pivotal role in bridging home and school, offering families consistent support and guidance that respects cultural practices and strengthens trust.

Finally, teachers and staff engage in ongoing professional learning to sustain CR-SE practices. Training in implicit bias, culturally affirming pedagogy, and equitable language policies—often in partnership with the Office of Multilingual Learners and community organizations—ensures that instructional practices remain aligned with student needs. Educators are encouraged to reflect critically on grading practices, language use, and classroom interactions to ensure equity for ELLs across all proficiency levels.

In summary, while the ELL population at P.S. 014 is predominantly Hispanic, the school has developed a comprehensive approach that values linguistic and cultural identity as central to academic success. Through bilingual programming, culturally relevant curricula, inclusive pedagogy, and intentional family engagement, ELLs are both supported in their language development and affirmed as cultural contributors within the school community.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

A review of English Language Proficiency (ELP) growth at P.S. 014 Fairview, based on the Fall 2025 ELL Data Analysis Tool (EDAT), provides important insights into how students performed on the Spring 2024 NYSESLAT and where instructional refinements may be needed in the current school year. This analysis offers a forward-looking perspective, highlighting areas where intensified support can help shift more students toward proficiency by the end of the 2025 cycle.

Out of the 648 active ELLs enrolled, 368 students had sufficient data to measure growth across one of the three allowable methods. Of this group, only 138 students (37.5 percent) demonstrated sufficient progress. Within this subset, 161 students (25 percent) met progress by exiting ELL status, either through a Commanding score or a qualifying combination of results. Another 169 students (25 percent) met their annual growth target, while 20 students (5.4 percent) qualified under the Safe Harbor cumulative growth method (EDAT, p. 10).

The majority—230 students (62.5 percent)—did meet sufficient progress. This represents a significant proportion of the school's multilingual learners and signals an urgent need for instructional recalibration. Despite full compliance with mandated ENL programming (EDUR, p. 5), many students are not advancing through proficiency levels at the expected pace.

Several key trends emerge from this analysis. First, the exit rate remains relatively low, with only 26 percent of eligible students transitioning out of ELL status. This suggests that while foundational language supports are in place, greater emphasis is needed on developing the academic English skills required for mastery on state assessments. Second, a large portion of the ELL population continues to cluster within the Entering and Emerging proficiency levels (EDAT, p. 11). Unless these students receive targeted scaffolds across subject areas, their progression is likely to stall. Third, the data raise a potential long-term risk: students who are already in their fourth to sixth year of service are in danger of becoming Long-Term ELLs if their growth trajectory does not accelerate in the next one to two years.

Taken together, the Fall 2025 EDAT findings underscore both strengths and challenges in the school's ELL program. While nearly 140 students met sufficient progress, the fact that more than 60 percent of students with valid data did not indicates a pressing need to strengthen instructional strategies in writing, academic vocabulary, and content-based language development. Collaborative planning between ENL and content-area teachers, alongside consistent progress monitoring, will be critical in shifting more students toward proficiency and preventing long-term identification.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

The Fall 2025 ELL Data Analysis Tool (EDAT), reflecting results from the Spring 2024 NYSESLAT and state ELA assessments, shows that P.S. 014 Fairview has made remarkable progress in advancing English Language Learners (ELLs) toward proficiency. The data not only illustrate year-over-year growth but also confirm that targeted instructional strategies and schoolwide supports are yielding significant gains.

Growth in ELA Proficiency

Across Grades 3–5, the percentage of students scoring at Level 3 or 4 in ELA increased substantially from 2024 to 2025. In Grade 3, proficiency rose from 15.1% to 23.6%; in Grade 4, from 11.4% to 25.4%; and in Grade 5, from 14.9% to 20.6%. Overall, the schoolwide percentage of students achieving proficiency nearly doubled, climbing from 13.8% in 2024 to 23.3% in 2025. These gains underscore the effectiveness of the school's focus on language-rich literacy instruction, targeted small-group supports, and scaffolded writing and reading practice.

Commanding Student Outcomes

Another major success is reflected in the number of students reaching Commanding proficiency on the NYSESLAT. After steady but modest increases from 27 students in 2022 to 71 in 2023, and then a dip to 62 in 2024, the 2025 results show a dramatic leap: 161 students achieved Commanding status. This represents not only the highest number of Commanding students in recent years but also clear evidence that instructional practices are effectively moving students toward full English proficiency.

Performance Levels Distribution

The 2025 NYSESLAT performance distribution confirms a balanced upward shift across proficiency levels. Out of the total tested population, 169 students (31.3%) scored at Expanding and 161 students (29.8%) reached Commanding, together representing over 60% of the ELL population performing at higher levels. Meanwhile, the percentages at the lower levels have decreased: only 25 students (4.6%) remain at Entering, while 101 (18.7%) are at Emerging and 84 (15.6%) at Transitioning. This distribution illustrates a positive trajectory, with more students steadily advancing through the proficiency continuum.

Trends and Implications

The combined data tell a story of success and acceleration. ELLs at P.S. 014 are not only moving into higher proficiency levels at unprecedented rates but are also demonstrating growth in ELA state exam outcomes, which historically have been areas of challenge. The rise in both Expanding and Commanding students signals that the school's emphasis on writing development, academic vocabulary instruction, and cross-curricular language supports is paying dividends. At the same time, the narrowing percentage of Entering students shows that newcomers are being integrated effectively and moving forward with the right scaffolds.

Conclusion

The Fall 2025 EDAT review confirms that P.S. 014 is achieving measurable and meaningful results for its multilingual learners. Gains in ELA proficiency, dramatic increases in Commanding students, and a strong performance distribution across levels demonstrate that the school's instructional systems are working. These results are a clear indicator that P.S. 014's ELLs are not only being well-served but are also thriving academically, setting the stage for continued success in 2026 and beyond.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

An analysis of the Spring 2024 NYSESLAT results in conjunction with the New York State ELA and Math exams reveals a strong alignment between English Language Proficiency (ELP) levels and student performance at P.S. 014 Fairview. According to the Fall 2025 ELL Data Analysis Tool (EDAT), students who scored lower on the NYSESLAT also consistently underperformed on content-area state assessments. Conversely, students advancing to the Expanding and Commanding levels demonstrated marked improvements across subjects, highlighting the direct relationship between academic English proficiency and overall achievement.

NYSESLAT and ELA Performance (Grades 3–5)

The 2025 data show significant progress in ELA performance across all tested grades. The percentage of students achieving proficiency (Levels 3 and 4) rose from 13.8% in 2024 to 23.3% in 2025, nearly doubling schoolwide. Grade-level gains were even more striking:

Grade 3 improved from 15.1% to 23.6%,

Grade 4 jumped from 11.4% to 25.4%, and

Grade 5 grew from 14.9% to 20.6%.

These results illustrate that as students advance through NYSESLAT proficiency levels, their ELA outcomes rise

correspondingly. Oral fluency (Listening and Speaking), already an area of strength, is beginning to translate into stronger literacy outcomes, particularly reading comprehension and extended writing.

NYSESLAT and Math Performance (Grades 3–5)

The link between language proficiency and math achievement also remains evident. Students at the Entering and Emerging levels continue to show the greatest difficulty, particularly in solving word problems and applying mathematical vocabulary. However, the 2025 NYSESLAT performance distribution shows a growing concentration of students at Expanding (169 students, 31.3%) and Commanding (161 students, 29.8%). These students are demonstrating more consistent success on the Math assessments, suggesting that as academic English develops, mathematical reasoning and test performance improve.

Alignment Across Proficiency Levels

The 2025 performance breakdown underscores this alignment:

Commanding and Expanding students (61.1% combined) are the most likely to meet or approach proficiency on both ELA and Math state exams.

Transitioning students (15.6%) show some progress but remain vulnerable, particularly in writing-intensive tasks.

Emerging (18.7%) and Entering (4.6%) students overwhelmingly scored at Levels 1 and 2 on state tests, confirming that limited academic English continues to restrict access to grade-level standards.

Implications

The Fall 2025 EDAT findings confirm a clear trend: as ELLs at P.S. 014 progress through the NYSESLAT proficiency continuum, their performance on state ELA and Math exams improves. The dramatic increase in Commanding students—from 62 in 2024 to 161 in 2025—demonstrates that targeted language-integrated instruction is working. At the same time, the data highlight the need for sustained literacy development, explicit academic vocabulary instruction, and scaffolded supports in math problem-solving to ensure that students at the lower proficiency levels are not left behind.

In summary, P.S. 014 is not only closing gaps in ELP but also translating these gains into stronger academic outcomes. The school's continued focus on language-rich, content-integrated instruction is essential to maintain this momentum and ensure that ELLs can thrive across all subject areas.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The Fall 2025 ELL Data Analysis Tool (EDAT), based on the Spring 2024 NYSESLAT results, provides critical insight into performance trends for key subgroups of multilingual learners at P.S. 014 Fairview—particularly ELLs with Individualized Education Programs (IEPs) and Students with Interrupted/Inconsistent Formal Education (SIFE). While the overall data show historic gains in proficiency—with 61.1% of students now performing at Expanding or Commanding levels—these subgroups continue to demonstrate significant challenges, underscoring the need for targeted supports.

Trends in NYSESLAT Performance for ELLs with IEPs

Of the 648 total ELLs, 127 students (19.6%) are dually identified as having an IEP (EDAT, p. 4). Their performance on

the NYSESLAT indicates that a disproportionate number remain concentrated in the Entering and Emerging proficiency levels. This subgroup contributed notably to the 230 students (62.5%) who did not meet sufficient ELP progress benchmarks in 2024 (EDAT, p. 10).

The data confirm that ELLs with IEPs face compounded demands: acquiring English while also navigating cognitive, academic, or emotional disabilities. While P.S. 014 has demonstrated strong compliance with ENL programming and has expanded co-teaching models, challenges persist in fully integrating language and special education services. For instance, gaps can emerge if ENL and special education staff are not jointly planning lessons that address both linguistic and disability-related needs. Ensuring consistent collaboration and differentiated, bilingual special education supports will be key to moving more of these students beyond the early proficiency stages.

Trends in NYSESLAT Performance for SIFE Students

Although only two students (0.3%) are currently identified as SIFE (EDAT, p. 4), their results highlight the unique challenges of this subgroup. Both students scored at the Entering level across most modalities, particularly Reading and Writing, which demand sustained academic exposure. Neither student met sufficient ELP growth benchmarks, underscoring the difficulty of catching up without targeted interventions.

Several factors contribute to these outcomes, including:

Gaps in foundational literacy skills due to disrupted schooling,

Limited exposure to academic language in both English and the home language, and

Socio-emotional and resettlement challenges, which may affect attendance and focus.

Addressing these barriers requires intensive, specially designed programming. Key supports include increased instructional time focused on literacy acceleration, trauma-informed practices to support engagement, and biliteracy approaches that leverage the home language as a foundation for English development. Even with their small representation in the student population, the needs of SIFE students must remain a high instructional priority given their vulnerability to long-term underperformance.

Conclusion

The Fall 2025 EDAT shows that P.S. 014 has made historic progress overall, with record numbers of students reaching Expanding and Commanding proficiency. However, ELLs with IEPs and SIFE students remain disproportionately represented in the lower proficiency bands. These findings reinforce the importance of expanding integrated ENL-special education collaboration, ensuring access to bilingual special education resources, and developing intensive, trauma-informed programming for SIFE learners. With these targeted strategies, P.S. 014 can continue to close gaps for its most vulnerable multilingual learners while sustaining its momentum of success.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Targeted Language Instruction:

Integrated and Stand-Alone ENL Instruction: Provide both integrated ENL within content areas and dedicated ENL classes to address specific language skills and needs.
Scaffolding and Differentiation: Tailor instruction to ELLs' language proficiency levels, offering support such as visual aids, sentence frames, and adapted texts.
Explicit Vocabulary and Grammar Instruction: Teach academic vocabulary and grammar explicitly to build a strong foundation for comprehension and expression.
Language-Rich Environment: Create a classroom environment where students have ample opportunities to use and practice English in meaningful contexts.

Culturally Responsive Pedagogy:

Valuing Cultural Backgrounds: Recognize and celebrate students' diverse cultural backgrounds and experiences.
Building on Prior Knowledge: Connect new learning to students' existing knowledge and experiences.
Incorporating Culturally Relevant Materials: Use texts, images, and resources that reflect students' cultures and interests.
Creating a Safe and Inclusive Classroom: Foster a sense of belonging and community where all students feel valued and respected.

Rigorous and Engaging Instruction:

High Expectations: Set high expectations for all ELLs and believe in their ability to succeed.
Challenging Curriculum: Provide access to rigorous academic content that promotes critical thinking, problem-solving, and creativity.
Authentic Tasks: Engage students in authentic tasks that have real-world relevance and connect to their lives.
Collaborative Learning: Encourage students to work together, share ideas, and learn from each other.

Assessment and Feedback:

Multiple Measures: Use a variety of assessments to gauge students' progress, including formative and summative assessments, observations, and performance tasks.
Formative Feedback: Provide timely and constructive feedback that helps students understand their strengths and areas for improvement.
Goal Setting: Help students set realistic and achievable goals for their language development and academic growth.

Family and Community Engagement:

Communication: Establish clear and open communication channels with families to share information about their child's progress and provide resources for supporting their learning at home.
Partnerships: Partner with community organizations to provide additional resources and support for ELLs and their families.

Professional Development:

Culturally Responsive Teaching: Provide ongoing professional development for teachers on culturally responsive teaching practices, language acquisition, and differentiation strategies.
Data-Driven Instruction: Equip teachers with the tools and skills to analyze data and use it to inform instructional decisions.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's instructional leadership team considers MLs/ELLs in all of our schools instructional design from kindergarten to 5th grade.

To ensure the development and maintenance of an effective school environment for ELLs, the leadership team reviews the quality of the learning environment for the school as a whole. The goal is to ensure that teaching and learning activities are well–structured and culturally and linguistically engaging while allowing all students to be active participants within the lesson as well as acquisition of the English language and academic content.

The following curricula is used at P.S. 14: HMH Into Reading, HMH Arriba a Lectura, Envision, Amplify Science, and the Department of Education Civics for all Curriculum.

This extends to theater, art, STEAM engineering, Science, dance, music, and SEL. This also covers the 4 domains of learning a language -- speaking, listening, reading, and writing.

Teacher's lessons and presentations are honored in home languages across the grades. Teachers are trained in CRSE and Leader in me.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Core Content Delivery Across Program Models

At P.S. 014, core content is delivered through intentional integration of the four language modalities—speaking, listening, reading, and writing—across all subject areas. Instructional planning ensures that English Language Learners (ELLs) can access grade-level content while simultaneously building language proficiency. Teachers

embed scaffolds such as sentence starters, graphic organizers, bilingual glossaries, and visuals to support comprehension. Vocabulary instruction is purposefully integrated into every lesson and reinforced through content-specific language routines. Approaches like the Micro-lab Protocol or The Three Whys provide structured opportunities for students to deepen discussion skills and engage collaboratively with peers, positioning English-proficient classmates as natural language models. Project-based learning further contextualizes academic language by requiring students to apply knowledge to real-world, student-centered tasks.

This design is aligned with the Next Generation Learning Standards (NGLS), which emphasize both content mastery and literacy practices. For example, when addressing the ELA standard RI.4.3 (Explain events, procedures, ideas, or concepts in a historical text), teachers scaffold by previewing key vocabulary in both English and Spanish, using visuals and guided questioning. Similarly, in Math (NGLS 4.OA.3: Solve multistep word problems), teachers employ sentence frames and bilingual word banks so that language does not obstruct problem-solving.

Dual Language (Spanish-English Program)

In the Dual Language program, core content is delivered in both English and Spanish on an alternating-day model. Instructional strategies include translanguaging practices, where students use their full linguistic repertoire to process and express understanding, and cognate recognition activities, which help students make cross-linguistic connections between Spanish and English academic vocabulary.

Teachers make content comprehensible by layering supports: anchor charts in both languages, leveled texts from Into Reading/Arriba La Lectura, and bilingual math vocabulary walls aligned to Envisions. Lessons are planned with clear language and content objectives that are shared with students. For instance, in science (aligned to NGLS 4-PS3-2: Energy transfer), students may investigate heat transfer through a hands-on experiment while discussing observations in Spanish one day and writing their findings in English the next. This approach ensures biliteracy development while maintaining rigorous grade-level expectations.

Transitional Bilingual Education (TBE – Spanish)

In the Transitional Bilingual Education program, core content is delivered in both English and Spanish, except for ELA, which is taught exclusively in English. Instruction begins with a 60% Spanish / 40% English ratio and gradually shifts to 40% Spanish / 60% English as students progress. This gradual release model supports English acquisition while preserving home-language literacy as a foundation for transfer.

Teachers use explicitly stated language and content objectives, aligned to the NGLS, to provide clarity and direction. For example, in social studies (aligned to NGLS 4.6: Civic participation and engagement), teachers may introduce a concept such as voting rights in Spanish, ensure comprehension through visuals and collaborative discussion, and then transition into English for reinforcement and extended writing. Scaffolds such as short video clips in both languages, sentence frames, and guided practice help ensure content mastery while developing proficiency in English.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Instructional Supports for ELLs with IEPs

At P.S. 014, instructional supports are intentionally designed to address the intersection of language development

and disability-related needs for ELLs with IEPs. Strategies focus on making content accessible while fostering both English proficiency and individualized learning goals.

Building on Background Knowledge

Supports such as videos, images, and pre-reading in the home language provide multimodal entry points for students who may struggle with decoding or comprehension due to a disability. For example, pre-reading with audio support in the home language allows students to access content without being limited by reading difficulties.

See-Think-Wonder routines are scaffolded to help students move from concrete visuals to abstract reasoning, an approach that benefits ELLs with disabilities by explicitly modeling the thought process and encouraging structured participation in discussions.

Vocabulary Development

Teachers pre-select high-utility words and pair them with visual cues, bold print, or highlighted text so students with attention or processing challenges can focus on the most essential terms.

Cognates are explicitly taught to bridge home and English languages, supporting students with working memory difficulties by making meaningful linguistic connections.

Picture dictionaries, glossaries, and word banks are used as accessible reference tools, giving students with IEP accommodations the ability to revisit language supports independently during tasks.

Supporting Grade-Level Content

Graphic organizers are tailored to disability needs (e.g., color-coded charts for students with executive functioning challenges).

Chunking text and using sentence stems for turn-and-talk ensure that students who struggle with expressive language or organization can still actively participate.

Previewing texts in the home language provides a foundation for students with reading disabilities, ensuring they enter lessons with accessible background knowledge.

Collaborative Learning Structures

Groups are formed intentionally using both language proficiency data and IEP goals (e.g., pairing a student working on expressive language skills with peers who can model sentence frames).

Structured routines (like reciprocal teaching or role-based group work) provide predictability, which benefits students with autism spectrum disorders, ADHD, or other disabilities requiring clear expectations.

Leveraging the Home Language as a Resource

Teachers strategically use the home language for clarification, directions, or concept reinforcement, ensuring that disability-related challenges in English decoding or processing do not prevent access to rigorous content.

Building Student Agency

Lessons are designed around student choice and interest, motivating ELLs with IEPs who may require additional engagement strategies.

Opportunities for small-group collaboration allow students with varying proficiency and ability levels to contribute at their own pace, while still being exposed to grade-level language models.

Teachers explicitly elicit and validate prior knowledge, affirming student strengths and creating a sense of ownership that is especially important for students who may struggle academically.

b. SIFE

Teachers of Multilingual Learners/English Language Learners (MLs/ELLs) at P.S. 014 use a range of instructional strategies, grade-level materials, and technology tools to ensure that all students can access academic content while accelerating English language development. Special consideration is given to Students with Interrupted/Inconsistent Formal Education (SIFE), whose unique needs require carefully designed, targeted supports.

Core Content and Language Materials

In ELA, SIFE students work with Into Reading/Arriba La Lectura, supplemented by leveled texts, bilingual glossaries, and visual storyboards to build early literacy and comprehension. Instruction often emphasizes phonemic awareness, decoding, and oral storytelling to strengthen foundational skills before moving into complex texts.

In Mathematics, teachers use Envisions alongside hands-on manipulatives, visuals, and bilingual math word banks to make content comprehensible. SIFE students benefit from scaffolded lessons that explicitly teach math vocabulary and problem-solving language.

In Science and Social Studies, programs such as Amplify and Passport are adapted with graphic organizers, sentence frames, and pre-teaching of key vocabulary to ensure that language is not a barrier to content mastery.

Instructional Strategies for SIFE

Small-group instruction is central for SIFE students, focusing on early reading readiness, decoding, and oral fluency. Teachers integrate explicit routines and rituals into lessons to help students build the academic habits and classroom behaviors they may not have experienced due to interrupted schooling.

Translanguaging and home-language supports are used intentionally, allowing students to draw on their first language as a bridge to English. For example, teachers preview texts in Spanish (or other home languages) before moving into English instruction.

See-Think-Wonder routines, sentence stems, and collaborative discussion structures support the transition from concrete visuals to abstract academic reasoning. These structures help SIFE students practice oral English in meaningful, low-stakes ways.

Graphic organizers and chunked texts are provided to scaffold comprehension, with frequent teacher check-ins to monitor understanding and address gaps in background knowledge.

Technology Integration for SIFE

SIFE students use Imagine Learning, Lexia, and Raz-Plus for literacy acceleration, with adaptive pathways that target decoding, vocabulary, and comprehension.

Bilingual e-dictionaries, text-to-speech tools, and translation applications provide immediate language support, allowing students to engage with grade-level tasks while building independence.

Parents of SIFE students are also given access to remote technology platforms, ensuring that families can support literacy development and language learning at home.

Wraparound Supports for SIFE

SIFE students are regularly reviewed in Student Intervention Team (SIT) meetings, where teachers collaborate to determine whether additional assessments, resources, or social-emotional supports are required.

Instruction is often trauma-informed, recognizing that interrupted schooling may be tied to migration, resettlement, or displacement challenges. Teachers create supportive classroom environments that prioritize trust, routine, and consistency.

Where possible, biliteracy approaches are integrated so that SIFE students can build on strengths in their home language while acquiring English.

c. Newcomers

At P.S. 014, Newcomers are defined as English Language Learners who have been receiving ENL services for 0–3 years. This group is not limited to Entering/Emerging students; it also includes Transitioning learners who, despite progressing in proficiency, are still developing the academic English needed to fully access grade-level content.

Teachers hold Newcomers to the same Next Generation Learning Standards (NGLS) in Mathematics, English Language Arts, Science, and Social Studies as their monolingual peers, but instruction is strategically scaffolded to provide equitable access. Instructional planning emphasizes the home language as an instructional tool, allowing students to leverage their full linguistic repertoire to build content understanding and transfer skills into English.

Instructional Strategies

Planning Beyond HMH Scaffolds: While programs like Into Reading/Arriba La Lectura, Into Math, Amplify, and Passport provide baseline scaffolds, teachers at P.S. 014 intentionally plan additional supports, recognizing that the embedded modifications are insufficient for Newcomers. For example, before introducing an Into Reading text, teachers pre-teach academic vocabulary with visuals, use bilingual glossaries, and provide sentence frames tailored to the unit's essential questions.

Explicit Instruction and Modeling: Teachers integrate direct modeling of both language and content. This includes teacher think-alouds, peer modeling, and structured turn-and-talks with sentence starters. Writing tasks are scaffolded with graphic organizers and rubrics simplified into step-by-step expectations that still align with grade-level standards.

Vocabulary Development: Academic vocabulary is reinforced through visuals, cognate connections, word banks, and bilingual anchor charts. Teachers frequently build connections between English and Spanish, highlighting linguistic similarities to deepen comprehension.

Collaborative Learning: Students participate in cooperative structures such as jigsaw reading, reciprocal teaching, and peer-led discussions, where English-proficient peers serve as language models. These structures allow Newcomers to engage in authentic academic discourse while building confidence.

Multimodal Supports: Technology tools like Nearpod, Flipgrid, and Peardeck are integrated with immersive readers and translation features, giving Newcomers access to both oral and written supports across content areas. Teachers also embed short videos, images, and home-language texts to build background knowledge before engaging in complex lessons.

Core Materials by Content Area

ELA: Into Reading/Arriba La Lectura supplemented with leveled readers, bilingual glossaries, and teacher-created sentence frames to scaffold text-based responses.

Math: Into Math/Envisions supported with manipulatives, bilingual word walls, and chunked problem-solving routines that explicitly address math vocabulary.

Science: Amplify paired with pre-lab vocabulary previews, graphic organizers for observations, and bilingual sentence starters for claims, evidence, and reasoning.

Social Studies: Passport supplemented with primary source visuals, bilingual timelines, and structured debates/discussions using sentence stems.

Progress Monitoring and Data Use
To track growth, teachers use Exact Path, mCLASS, and MAP Growth in Math. Results are analyzed collaboratively to identify students requiring intervention. Supports are then delivered in English, Spanish, or the student's home language, depending on the area of need, ensuring both language development and content mastery.

d. Long Term ELLs

As per the Policy and Reference Guide for SY 24-25, Long-term ELLs (completed 6+ years) are given an additional one-on-one intervention in the modality that is needed. Since an elementary school cannot have Long Term ELLs (LITELs) by definition, the goal is to adjust learning so that there are no longer students who are not receiving the support necessary to overcome language barriers and need to learn. PS. 14 has included RTI support in specifically targeted classrooms where an additional ESOL provider supports small-group instruction. To understand the benefits of this additional resource, ESOL teachers monitor student growth; we are using Exact Path, mCLASS, and MAPS Math to monitor student growth. We then will use this data to support through various intervention systems in English, Spanish, or the student's Home language.

The implementation of an ENL RTI system that uses real-world data, co-planning, and co-teaching, where small group instruction is underway, allows for strategic placement of learning and activities where students can productively struggle and acquire the necessary language skills to grow in the all content areas.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At P.S. 014, ENL teachers are fully aware of students' IEP goals and integrate them into daily lesson planning and instruction. Prior to service delivery, ENL providers review each student's IEP to identify specific academic, social-emotional, and language-based objectives. This ensures that English language development activities are not isolated, but directly support students' progress toward their individualized learning targets.

Collaborative Co-Planning
ENL teachers co-plan regularly with special education teachers to align lesson objectives, scaffolds, and

assessments. During co-planning, teams discuss:

How to embed IEP goals (e.g., expressive/receptive language, decoding, written expression) into ENL lessons,

Which instructional strategies (e.g., guided reading, writing frames, speech-to-text technology) best support both language acquisition and IEP progress,

How to adapt grade-level HMH core materials (Into Reading, Into Math, Amplify, Passport) so that they remain rigorous yet accessible.

This collaboration ensures that students receive consistent supports across settings and that ENL instruction meaningfully contributes to their overall IEP progress.

Instructional Strategies in ENL Sessions
ENL instruction for IEP students is delivered both in integrated and stand-alone settings within homeroom classrooms so students do not miss core instruction. Supports are tailored to IEP goals and language needs, including:

Picture labeling and visual supports to aid comprehension and recall,

Sentence stems and structured dialogues to strengthen expressive language,

Graphic organizers and color-coded texts to build comprehension and support executive functioning skills,

Chunking texts and guided reading to address decoding and fluency goals,

Video clips and visuals to build background knowledge and strengthen vocabulary acquisition,

Small-group and guided instruction to allow for targeted intervention aligned with both ENL and IEP objectives.

Collaboration in Practice
For example, if a student's IEP goal is to improve written expression, the ENL and special education teachers co-design writing tasks where the ENL teacher scaffolds academic vocabulary and sentence structure while the special education teacher addresses mechanics and organization. If a student is working on oral communication, ENL providers embed structured turn-and-talk routines with sentence starters, while the special education teacher monitors progress toward expressive language benchmarks.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the Dual Language (DL) program, the home language (Spanish) is assessed systematically to ensure balanced literacy development across both Spanish and English. Teachers administer the following assessments in Spanish:

Arriba La Lectura Benchmark Assessments are used to measure students' reading levels, fluency, and comprehension in Spanish. Results guide teachers in grouping students for small-group instruction, planning guided reading lessons, and selecting leveled texts for independent reading.

mCLASS by Amplify (Spanish literacy measures) are used for foundational skill checks, such as phonemic

awareness, phonics, and oral reading fluency. Data from mCLASS help teachers identify decoding gaps and plan phonics mini-lessons in Spanish that transfer into English literacy.

Exact Path by Edmentum provides adaptive diagnostics in Spanish. Teachers use growth reports to align targeted practice with students' areas of need in vocabulary and comprehension.

Aprendo Leyendo is administered to track Spanish reading fluency and comprehension progress. Data are used to reinforce biliteracy goals, ensuring that students build parallel skills in both languages.

Instructional planning leverages these assessments to balance Spanish Language Arts (SLA) with English Language Arts (ELA). For example, a student struggling with fluency in Spanish but strong in decoding in English may receive targeted fluency work in Spanish, while transferring comprehension strategies into English through translanguaging routines.

Transitional Bilingual Education (TBE) Program

In the TBE program, Spanish home-language assessment ensures that students maintain literacy in their first language while gradually transitioning to English. Teachers administer:

Arriba La Lectura Benchmark Assessments to monitor growth in Spanish reading, writing, and phonics. Results inform small-group NLA instruction and help teachers scaffold ELA lessons using students' Spanish literacy strengths.

mCLASS by Amplify (Spanish measures) to assess phonological awareness, phonics, and early fluency. Teachers use these results to plan foundational skills instruction in Spanish that supports early literacy while bridging to English.

Exact Path by Edmentum to provide adaptive, individualized support in Spanish literacy. Reports allow teachers to target skill gaps in vocabulary and comprehension, then design interventions that align with NLA and ELA standards.

Assessment data in TBE are explicitly tied to planning for the Spanish-to-English transition. For instance, if a student demonstrates strong comprehension in Spanish but struggles in English, teachers plan parallel lessons that first reinforce concepts in Spanish and then use English-language scaffolds (e.g., cognates, bilingual glossaries) to transfer the skill.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At P.S. 014, co-teaching and collaboration among ENL and content teachers are essential to providing comprehensive, equitable support for English Language Learners (ELLs). Structures are in place to ensure that instruction is intentional, aligned to program models, and reflective of students' language and academic needs.

1. Establishing Shared Vision and Goals
Teachers working with ELLs share a unified understanding of program expectations, student needs, and the role of collaboration in advancing both academic achievement and English language development. Norms for co-teaching are developed collaboratively so that roles, responsibilities, and communication channels are clearly defined.

2. Professional Development and Training
Ongoing professional learning supports teachers in strengthening co-teaching practices. Topics include integrated instructional strategies, scaffolding aligned to Next Generation Learning Standards (NGLS), and culturally responsive teaching. Teachers also engage in peer observations and feedback cycles to refine collaborative practices.

3. Instructional Delivery Models

Integrated Instruction: ENL and content teachers co-plan and co-teach within the classroom. Instruction is jointly delivered through approaches such as parallel teaching, station teaching, or one teach/one support, depending on lesson objectives. Both teachers share responsibility for instruction and assessment, ensuring that content and language objectives are met.

Stand-Alone Instruction: ENL teachers provide direct language development instruction within the classroom setting, often working with small groups. These sessions focus on targeted language skills, literacy development, and academic vocabulary that directly support grade-level content learning.

Dual Language Bilingual Education (DLBE): In DLBE classrooms, the bilingual teacher and English-speaking partner teacher collaborate to ensure that instruction is balanced across both languages. Planning is intentionally aligned so that concepts taught in Spanish are reinforced in English and vice versa.

4. Collaborative Planning Time
Dedicated time for ENL and content teachers to co-plan is built into the school schedule. Grade teams and ENL staff meet during weekly common planning periods to:

Align language objectives with content objectives,

Analyze student performance data and IEP goals where applicable,

Co-develop scaffolds and instructional strategies that ensure access to grade-level material,

Adjust pacing and groupings based on ongoing progress monitoring.

This time is protected and prioritized, ensuring that collaborative planning is consistent and meaningful rather than ad hoc.

5. Leveraging Technology and Resources
Co-teachers use shared digital planning platforms (Google Docs, Drive, and Classroom) to co-create lessons and share resources. Language-support tools such as Immersive Reader, bilingual glossaries, and Exact Path are integrated into planning to accelerate language development and reinforce core instruction.

6. Inclusive School Culture
The school fosters a culture that values collaboration, cultural diversity, and shared accountability. Successful partnerships are highlighted, and teachers are encouraged to reflect on practice, celebrate student successes, and continually refine their co-teaching approaches.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Creating an annual professional learning plan that ensures all staff—including administrators, teachers, ENL teachers, and non-pedagogical staff—develops expertise related to the academic and social-emotional needs of Multilingual Learners (MLs) or English Language Learners (ELLs) is crucial for fostering an inclusive and supportive learning environment. The plan must be comprehensive and collaborative in order to effectively address the diverse needs of MLs/ELLs.

1. Needs Assessment and Goal Setting

Conduct a thorough needs assessment to identify specific areas where staff require professional development related to MLs/ELLs.

Set measurable goals for the professional learning plan, aligning them with school and district improvement priorities.

2. Inclusive Planning Team

Establish a planning team that includes classroom teachers, ENL teachers, counselors, administrators, and other relevant staff members.

Ensure the team reflects the cultural and linguistic diversity of the school community.

3. Professional Learning Topics

Identify key topics such as:

Co-teaching strategies for ENL and content teachers,

Integrating language and content instruction,

Culturally responsive and sustaining education (CR-SE),

Data-driven instruction and assessment practices for MLs/ELLs,

Social-emotional learning supports specific to MLs/ELLs,

Parent and family engagement strategies.

4. Differentiated Learning Opportunities

Provide multiple professional learning formats: workshops, seminars, online courses, peer coaching, and PLCs.

Differentiate sessions based on staff experience levels with MLs/ELLs.

5. Ongoing Support and Resources

Offer staff access to curated resources such as research articles, webinars, model lesson plans, and assessment

tools.

Maintain a digital repository for sharing best practices, sample scaffolds, and ENL resources.

6. Collaboration and Peer Learning

Foster professional learning communities (PLCs) where ENL and content teachers collaborate, share insights, and problem-solve.

Hold structured meetings to review student work and align language and content objectives.

7. Observation and Feedback

Build a culture of collaborative observation, where staff observe colleagues' lessons and reflect on strategies for supporting MLs/ELLs.

Use structured feedback protocols to help teachers refine their use of scaffolds and differentiation.

8. Culturally Responsive Pedagogy

Emphasize CR-SE practices in all professional development.

Use case studies and student examples to highlight strategies that affirm linguistic and cultural identities while advancing grade-level learning.

9. Assessment and Evaluation

Monitor the impact of the professional learning plan on both teacher practice and student outcomes.

Adjust annually based on feedback, performance data, and emerging needs.

10. Celebrating Successes

Recognize staff members who demonstrate exceptional practice in supporting MLs/ELLs.

Share success stories and examples of impactful co-teaching or differentiated instruction across the school.

11. Sustainability

Develop a long-term plan to ensure continuity of professional learning initiatives, embedding ML/ELL support into the school's culture beyond a single year.

12. Parent and Community Engagement

Include strategies for strengthening partnerships with parents and community organizations.

Provide parents with workshops and translated resources to help them support their children's learning at home.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154

(15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Meeting the mandated Continuing Teacher and Leader Education (CTLE) ELL-specific hours for certification renewal, as outlined in CR Part 154, is essential for ensuring that all certified faculty are fully prepared to meet the academic and social-emotional needs of English Language Learners (ELLs) at P.S. 014. Our professional development plan is intentionally designed to satisfy these requirements while also building staff capacity in language acquisition, instructional practices, and culturally responsive pedagogy.

1. Needs Assessment

Conduct a comprehensive needs assessment to determine faculty's ELL-related professional learning priorities.

Review teacher certification records to calculate the ELL-specific CTLE hours required by general education, bilingual education, and ENL teachers.

2. Annual CTLE Allocation

Ensure that 15% of all CTLE hours are allocated for ELL-specific training for general education teachers.

Ensure that 50% of CTLE hours are allocated for bilingual education and ENL teachers.

PD sessions will be designed and facilitated in partnership with state-accredited CTLE providers, ensuring that all hours earned count toward certification renewal.

3. ELL-Specific Professional Development Topics
Topics are aligned to both teacher needs and CR Part 154 requirements, and will include:

ENL instructional strategies and integrated co-teaching models.

Language assessment practices and proficiency benchmarks.

Culturally Responsive-Sustaining Education (CR-SE) practices.

Differentiation for newcomers, SIFE, and ELLs with IEPs.

Parent and family engagement strategies tailored for multilingual households.

4. Diverse Learning Formats
Professional learning will be delivered through workshops, seminars, webinars, in-service sessions, and online courses led by state-approved CTLE providers. Flexibility in format ensures that staff can participate in ways that fit their schedules while still earning accredited hours.

5. Differentiated Training for ENL and Bilingual Teachers
Recognizing their higher CTLE requirement, ENL and bilingual education teachers will receive targeted training aligned to their instructional roles. Specialized sessions will address biliteracy instruction, translanguaging strategies, and program model implementation (DL, TBE, and stand-alone ENL).

6. Coaching and Mentoring

Experienced ENL teachers will serve as peer mentors, providing job-embedded coaching to colleagues. This approach allows teachers to translate theory into practice while working toward both language objectives and CTLE credit accrual.

7. Monitoring and Compliance
Teacher participation will be tracked through the school's PD management system to ensure that required CTLE hours are completed. ENL and bilingual teachers' 50% allocation will be carefully monitored to maintain compliance with CR Part 154.

8. Evaluation and Feedback
Feedback will be collected at the end of each PD session to assess quality, relevance, and impact. Data will be used to refine future professional learning offerings, ensuring that CTLE-accredited sessions remain practical and responsive to staff needs.

9. Documentation and Reporting
The school will maintain detailed CTLE hour records and provide staff with documentation from state-accredited providers, ensuring all hours can be applied toward certification renewal.

10. Ongoing Support
Beyond formal training, teachers will have access to a resource hub of CTLE-accredited materials and ongoing support from ENL leadership staff to embed strategies into daily practice.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

mCLASS by Amplify is an assessment and data analysis platform that can be a valuable tool for guiding instructional planning for English Language Learners (ELLs) and addressing data through targeted interventions. Here's how you can use mCLASS for this purpose:

Using mCLASS to Guide Instructional Planning for ELLs:

1. **Initial Assessment:**
   - Administer mCLASS assessments to ELLs to assess their language and literacy skills. These assessments may cover areas like phonemic awareness, phonics, fluency, vocabulary, and comprehension.

2. **Data Collection and Analysis:**
   - Collect and analyze the assessment data to identify each ELL's specific strengths and weaknesses in language and literacy.
   - Use the data to determine the proficiency levels of ELLs in various skill areas.

3. **Proficiency Level Identification:**
   - mCLASS often categorizes students into proficiency levels (e.g., below benchmark, approaching benchmark, on benchmark, above benchmark). Use this information to understand where each ELL stands in relation to grade-level benchmarks.

4. **Individualized Learning Goals:**
   - Based on the assessment data and proficiency level, set individualized learning goals for each ELL. These goals should address the specific areas where they need improvement.

5. **Tailored Instructional Strategies:**
   - Select instructional strategies and materials that are aligned with the identified needs of ELLs.
   - Adapt curriculum materials and lessons to provide targeted support in areas of weakness.

Addressing Data through Interventions for ELLs:

1. **Progress Monitoring:**
   - Regularly assess ELLs using mCLASS to monitor their progress toward their individualized goals.
   - Track their movement across proficiency levels to evaluate the effectiveness of interventions.

2. **Data-Driven Decision-Making:**
   - Use mCLASS data to make informed decisions about the need for interventions. If ELLs are not making expected progress, it may be time to implement interventions.

3. **Intervention Planning:**
   - Identify specific interventions or strategies that are appropriate for addressing the needs of ELLs. Interventions may include:
     - Small-group instruction focused on targeted skills.
     - One-on-one tutoring or support.
     - Use of research-based intervention programs.
     - Additional time for language and literacy development.

4. **Differentiation:**
   - Differentiate instruction within the regular classroom based on ELLs' needs and mCLASS data.
   - Provide varying levels of support, scaffolding, and resources to meet individual needs.

5. **Regular Progress Monitoring:**
   - Continuously assess ELLs to track their response to interventions.
   - Adjust and modify interventions as needed based on ongoing data analysis.

6. **Communication and Reporting:**
   - Communicate progress and intervention outcomes to ELLs, their parents or guardians, and other relevant stakeholders.
   - Share data reports generated by mCLASS to demonstrate growth and inform decision-making.

7. **Professional Development:**
   - Utilize mCLASS data to identify areas where educators may need additional training or professional development to better support ELLs.
   - Offer targeted professional development opportunities to enhance teachers' capacity to address ELLs' needs effectively.

By consistently using mCLASS to assess, monitor, and analyze data, educators can make data-driven decisions to guide instructional planning and provide timely and appropriate interventions to support the language and literacy development of ELLs. This approach helps ensure that ELLs receive the individualized support they need to succeed academically.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Our school uses Heggerty phonemic awareness program for grades K-2.
S.P.I.R.E, Recipe for Reading, Logic of English, and Bridging the Gap (Heggerty) are used with the upper grades for phonics, phonemic awareness.
Our math program has their own Rti math activities and reteaching is embedded into its program. This year there will be specific teachers conducting Rti throughout the school year for any students who exhibit the need for support. They will be using Sound Sensible, Heggerty, and passport for the 3rd - 5th grades.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At P.S. 14 we use data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS) framework in a systematic and comprehensive way, as outlined in the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs. This approach involves using data to inform decisions at all tiers of instruction and intervention, ensuring that ELLs receive the appropriate support to meet their individual needs.

Tier 1: Universal Instruction

Universal Screening: Administer universal screening assessments in both English and the student's home language, if available, to identify ELLs who may be at risk for academic difficulties.
Formative Assessment: Use ongoing formative assessments to monitor ELLs' progress and adjust instruction as needed. This includes observations, classroom activities, and quizzes.
Data Analysis: Analyze data from universal screening and formative assessments to identify areas of strength and need for ELLs as a whole and for individual students.
Differentiated Instruction: Use data to differentiate instruction for ELLs, providing scaffolding, language supports, and various learning modalities to ensure access to the curriculum.

Tier 2: Targeted Interventions

Progress Monitoring: Regularly monitor ELLs' progress in Tier 2 interventions using curriculum-based measures (CBMs) or other appropriate assessments.
Data-Based Decision Making: Use progress monitoring data to determine the effectiveness of interventions and make adjustments as needed.
Intensive Language Support: Provide intensive language support to ELLs who are not making sufficient progress in Tier 2 interventions, focusing on specific language skills and academic vocabulary.

Tier 3: Intensive Interventions

Individualized Support: Develop individualized learning plans for ELLs who require Tier 3 interventions, based on their specific needs and strengths.
Frequent Progress Monitoring: Monitor ELLs' progress in Tier 3 interventions more frequently (e.g., weekly) to ensure that they are responding to the intensified support.
Data-Based Individualization: Use progress monitoring data to individualize instruction and interventions further, adjusting the frequency, duration, and intensity of support as needed.

Additional Considerations:

Cultural and Linguistic Responsiveness: Ensure that data collection and analysis consider ELLs' cultural and linguistic backgrounds.
Collaboration: Foster collaboration among teachers, administrators, and support staff to share data, discuss student progress, and make informed decisions about instruction and intervention.
Professional Development: Provide ongoing professional development for teachers on data analysis, differentiated instruction, and culturally responsive teaching practices.
By using data to guide instruction for ELLs within an MTSS framework, schools can ensure that all students receive the support they need to succeed academically and linguistically.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At P.S. 014, teachers implement a comprehensive formative assessment system aligned with the current HMH Into Reading curriculum to monitor student progress and guide instructional decisions for English Language Learners (ELLs). Teachers use a variety of assessment tools that move beyond traditional running records and provide a clearer picture of students' growth in both content knowledge and language development.

HMH Into Reading Assessments include:

Pre-module assessments that provide baseline data on students' comprehension, vocabulary, and background knowledge prior to each new unit.

Weekly reading assessments based on the literature and informational texts taught during the week, ensuring alignment to grade-level standards and the Next Generation Learning Standards (NGLS).

End-of-book assessments that measure cumulative understanding of literary elements, comprehension strategies, and text-based analysis.

Writing assessments that focus on vocabulary use, sentence structure, grammar, and application of writing conventions.

End-of-module writing assessments that require extended responses and evidence-based writing aligned to module themes.

Teacher-Created and Differentiated Assessments: Teachers adapt assessments to reflect students' English proficiency levels. For example, sentence frames, bilingual glossaries, or visuals may be embedded into reading comprehension tasks. Writing assessments may be scaffolded to allow students to demonstrate mastery of content while progressing in English proficiency.

Running Records: While no longer the primary measure of reading progress, teachers may still administer running records as a supplementary tool for specific students, particularly newcomers or students with IEPs, to provide individualized insights into fluency, decoding, and accuracy.

These assessment structures ensure that teachers have ongoing, actionable data to inform instructional planning, identify areas for targeted intervention, and monitor English language development while maintaining access to grade-level content.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Bilingual teachers assess their students in their home language of Spanish at the beginning, middle, and end of the school year each year. They also administer unit math tests in Spanish. All teachers use rubrics and performance criteria to asses their student's work. These rubrics are based on language proficiency and academic progression through student work such as presentations, written assignments, and or reading activities. Students also perform oral presentations, written assessments, and portfolios, Teachers assess their students through role-plays, interviews, oral reports, and summarizing/paraphrasing a piece of text. Students also set their own learning goals, and reassess them as they reach them. Furthermore, with the addition of mCLASS by Amplify, students who are in TBE and DL language programs will be assessed in their home language (Spanish) as well as in English at least three

times for periodic purposes, then progress will be monitored over the course of the school year before, during, and at the end of each unit of study.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

We test all our ELLs with the NYSESLAT in the Spring. All students 3-5th grade are administered the State ELA and Math tests each year unless the student is a newcomer; then, they are exempt for their first year on the ELA. When this Language Policy Plan is completed, NYS Grade's 3-8 tests have not been turned over for evaluation/review of scores. When scores are provided, administrators and teachers are all given areas to discuss creating appropriate instructional design and curriculum decisions. To do this, grade teams, admin teams, and professional learning communities do a deep dive and do an analysis on summative assessments that plays a crucial role in informing instructional design and curricular decisions for English Language Learners (ELLs). Summative assessments are typically administered at the end of a learning period or course to evaluate students' learning. Here's how the analysis of these assessments can inform instructional planning and curriculum choices for ELLs:

1. Identifying Learning Gaps:
- Analyzing summative assessment data allows educators to identify specific areas where ELLs may have knowledge or skill gaps.
- It helps pinpoint which concepts or skills were not mastered, indicating where additional instruction is needed.

2. Understanding Proficiency Levels:
- Summative assessments can provide insights into ELLs' proficiency levels in various content areas.
- This understanding helps educators tailor instruction to meet the language and academic needs of ELLs at their specific proficiency levels.

3. Assessing Language Proficiency:
- Summative assessments can reveal ELLs' language proficiency levels, including their ability to comprehend and produce academic language.
- This information informs decisions about language development support and language-rich instruction.

4. Identifying Common Misconceptions:
- Summative assessment analysis can uncover common misconceptions or challenges that ELLs face in understanding content.
- This knowledge guides teachers in addressing these misconceptions through targeted instruction.

5. Informing Curriculum Adaptations:
- Based on the assessment data, educators can adapt or modify the curriculum to better suit the needs of ELLs.
- Curriculum adaptations may involve incorporating additional scaffolding, visuals, real-world connections, or simplified language.

6. Differentiation Strategies:
- Summative assessment results help in the differentiation of instruction.
- Teachers can identify ELLs who need more support and design interventions or enrichment activities accordingly.

7. Aligning Instructional Resources:
- Assessment data can inform decisions about the selection of instructional materials and resources.
- Teachers can choose resources that align with the specific content and language needs of their ELLs.

8. Targeted Professional Development:
- For educators working with ELLs, the analysis of summative assessments can highlight areas where they may need professional development.
- Training can focus on strategies for teaching ELLs in specific content areas or addressing common challenges.

9. Monitoring Progress Over Time:
- Summative assessment data can be used to track ELLs' progress over time, helping educators evaluate the effectiveness of instructional strategies and interventions.

10. Adjusting Instructional Strategies:
- Teachers can use assessment data to adjust their instructional strategies, such as modifying teaching methods, providing additional practice opportunities, or incorporating formative assessments to gauge ongoing progress.

11. Individualized Learning Plans:
- Assessment data may lead to developing individualized learning plans for ELLs, outlining specific goals and strategies to address their unique needs.

12. Data-Driven Decision-Making:
- Overall, the analysis of summative assessments promotes data-driven decision-making, ensuring that instructional choices are based on evidence of student learning.

In summary, the analysis of summative assessments for ELLs is a valuable tool for tailoring instruction, curricular decisions, and support strategies to meet their unique language and academic needs. It empowers educators to make informed decisions to improve ELLs' learning outcomes and foster their academic success.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

PS14Q's NYSESLAT administration plan:

ENL coordinator will organize the students to test by creating a rotating testing schedule so that teachers can continue to service their students during the NYSESLAT testing window.
ENL teachers will have a rotating schedule during the Speaking component of the NYSESLAT. Teachers of the grade level that they teach are instructed that they cannot administer any parts of the exam on their own students that they service.
All teachers with a TESOL license and bilingually certified teachers will administer their own NYSESLAT in their classrooms.

An ENL provider will test Students who need accommodations in an alternate location.

The ENL Testing team consists of the following Teachers:

List of Testing Candidates:
Ms. Hammer

Ms. MacBride
Ms. Russo
Ms. Gerard
Ms. Labrey
Ms. Yeung
Ms. Barger
Ms. Casale
Ms. Russi
Ms. Massoulo
Ms. Polanco
Ms. Lopez
Ms. Paez
Ms. Brady
Ms. Roman
Ms. Oliveres
Ms. Grosso
Ms. Guiterierez
Ms. Alvarez
Ms. Mateiko
Ms. Rivera
Ms. Sifuentes
Ms. Salazar
Ms. Alberto
Ms. Guisti
Ms. Diaz
Ms. Manrique
Mr. Flynn

Teachers will provide services to current and former ELLs throughout the week by providing a testing schedule where teachers are not proctoring for more than two sessions a day and where teachers return back to their designated sections. Testing will happen outside of integrated and stand-alone time.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At P.S. 014 Fairview, ensuring that current and former English Language Learners (ELLs) receive all required accommodations on state assessments is a structured, collaborative process grounded in CR Part 154, NYSED testing guidelines, and the school's internal accountability systems. These accommodations are implemented consistently to ensure equitable access to grade-level assessments while accurately measuring student achievement.

1. Identification and Documentation of Accommodations

All current ELLs are reviewed prior to each assessment window to ensure that accommodations mandated under CR Part 154 are in place. This includes extended time, separate locations, bilingual glossaries, translated test directions, and use of the home language where permitted.

For former ELLs in the mandated two-year monitoring period, testing accommodations continue as required. Student records are carefully cross-checked in ATS and NYSESLAT histories to ensure eligibility.

For ELLs with IEPs, ENL and special education teachers co-plan to ensure that language-related accommodations and IEP-mandated testing accommodations (e.g., scribing, text-to-speech, reduced-distraction settings) are fully aligned.

2. Integration of Home Language Supports

In Dual Language (DL) and Transitional Bilingual Education (TBE) classrooms, teachers leverage home-language assessments and resources to prepare students for bilingual testing options. Assessments such as Arriba La Lectura benchmarks, mCLASS (Spanish measures), Exact Path, and Aprendo Leyendo provide data to identify whether students should test in Spanish or English, and to guide targeted supports in both languages.

Teachers intentionally plan for cognate instruction, translanguaging, and bilingual glossaries, so students are familiar with accommodations they will encounter on state assessments.

3. Instructional Preparation and Formative Assessment

Formative assessments embedded in the HMH Into Reading curriculum (pre-module assessments, weekly reading checks, end-of-book and end-of-module writing assessments) prepare ELLs for the structure and rigor of state exams. Assessments are differentiated using visuals, sentence stems, and home-language resources so students are consistently exposed to scaffolded versions of grade-level tasks.

Math (Into Math/Envisions), Science (Amplify), and Social Studies (Passport) modules are planned with language objectives aligned to content objectives, ensuring that language supports are embedded in the instruction leading up to state assessments.

4. Collaborative Planning and Professional Development

Weekly common planning periods are built into the master schedule for ENL, content, and special education teachers to co-plan. During these meetings, teachers align accommodations with lesson delivery, ensuring consistency between classroom practice and state testing conditions.

Professional development for staff—including administrators, teachers, and paraprofessionals—emphasizes assessment accommodations for MLs/ELLs, and is delivered by state-accredited CTLE providers. Sessions cover how to integrate language scaffolds into daily instruction and how to support students with testing accommodations such as oral translations, extended time, or bilingual glossaries.

5. Monitoring and Compliance

A testing accommodations checklist is maintained by the ENL compliance team to ensure every current and former ELL is correctly coded and receives their entitled supports.

The Student Intervention Team (SIT) and grade-level PLCs review progress-monitoring data (Exact Path, mCLASS, MAP Growth) to identify at-risk ELLs and former ELLs and ensure that accommodations are not only in place but also aligned to students' demonstrated needs.

Accommodations implementation is monitored during testing by the testing coordinator, ENL supervisor, and proctors trained in administering assessments to multilingual learners.

6. Subgroup Considerations (IEPs, SIFE, Newcomers, Former ELLs)

ELLs with IEPs: ENL teachers are fully aware of IEP goals and co-plan with special education teachers to ensure that testing accommodations reflect both language needs and disability-related supports.

SIFE students: Prior to assessments, SIFE students receive additional small-group instruction targeting foundational literacy, vocabulary development, and academic routines, supported by technology (Imagine Learning, Lexia, Raz-Plus). Accommodations such as extended time and separate locations are emphasized to reduce stress and allow processing time.

Newcomers (0–3 years of service): Teachers scaffold assessments with visuals, bilingual glossaries, and simplified rubrics throughout the year so that testing accommodations mirror instructional supports.

Former ELLs: All former ELLs in their two-year monitoring period continue to receive full testing accommodations as required, ensuring continuity of access during this critical transition phase.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school is committed to fulfilling the requirements of CR Part 154 regarding family meetings for English Language Learners (ELLs). The following plan outlines our approach to ensuring these meetings are conducted effectively, with necessary translation/interpretation supports, scheduling considerations, and proper documentation.

Translation/Interpretation Supports:

Identification of Language Needs: Upon enrollment, we administer a Home Language Survey to determine the primary language spoken at home and the family's preferred mode of communication.
Qualified Interpreters/Translators: We maintain a roster of qualified interpreters and translators who are fluent in the languages spoken by our ELL families.
Advance Notice and Scheduling: We provide families with ample notice before meetings, including the date, time, location, purpose, and the availability of interpretation services.
Multiple Communication Channels: We offer interpretation services through various channels, including in-person, phone, and video conferencing, to accommodate diverse preferences and needs.
Written Translations: We ensure that all essential documents, such as meeting agendas, notices, and summaries, are translated into the family's preferred language.
Scheduling Considerations:

Flexible Scheduling: We offer flexible scheduling options for meetings, including evenings and weekends, to

accommodate families' work schedules and other commitments.
Childcare: We provide childcare services during meetings, if needed, to encourage family participation.
Reminders and Follow-up: We send reminders before meetings and follow up with families who are unable to attend to reschedule or provide alternative communication options.
Evidence of Meetings:

Meeting Documentation: We maintain detailed records of all meetings, including attendance rosters, minutes or summaries, and copies of translated documents.
Parent/Guardian Signatures: We obtain parent/guardian signatures on meeting documents to confirm their attendance and understanding of the information presented.
Electronic Records: We store all meeting records electronically in a secure and organized manner, ensuring easy access for review and reporting.
Compliance with NYC DOE Policy: We adhere to the documentation requirements outlined in the NYC DOE Policy and Reference Guide for MLs/ELLs, ensuring that our records are accurate, complete, and up-to-date.

Specific Meeting Requirements:

Initial Meeting: Within 30 days of the student's enrollment, we hold an initial meeting to discuss the student's language assessment results, program options, and parental rights.
Annual Meetings: We conduct annual meetings to review the student's progress in the ENL program, discuss any concerns or questions, and make any necessary adjustments to the student's language support plan.
Exit Meeting: Upon exiting the ENL program, we hold a meeting to discuss the student's language proficiency, transition to mainstream classes, and continued support options.
By following this comprehensive plan, our school ensures that families of ELLs are fully informed and engaged in their child's education, receiving the necessary support and resources to make informed decisions and advocate for their child's success.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Purpose of the Annual Individual Meeting

The required annual individual meeting is designed to provide parents/guardians of English Language Learners (ELLs) with a comprehensive update on their child’s language development and academic progress. This meeting is distinct from the ELL program orientation and DOE parent-teacher conferences, and it serves as a dedicated opportunity to:

Review the Goals of the ENL Program:

Teachers explain how the school’s English as a New Language (ENL) program supports English language development while ensuring that students meet grade-level expectations in all content areas.

Families learn how program goals—such as building biliteracy, promoting academic achievement, and developing socio-emotional skills—connect to their child’s individual learning plan.

Discuss Language Development Progress:

Teachers share updates on the student’s progress across all four domains—listening, speaking, reading, and writing

—using classroom evidence and formative assessments (e.g., HMH Into Reading assessments, writing samples, vocabulary checks).

Parents are shown specific examples of student work to illustrate growth, and areas needing improvement are clearly identified.

Explain English Language Proficiency Assessment Results:

Families receive the student's most recent NYSESLAT results or other proficiency data (e.g., mCLASS, Exact Path). Teachers explain the student's proficiency level, describe what that level means in practical terms, and outline next steps for continued growth.

Comparisons to previous results are used to show progress over time and to highlight whether the student is on track toward achieving Commanding status.

Identify Language Development Needs in All Content Areas:

Teachers and families collaboratively review the student's performance in ELA, Math, Science, and Social Studies to identify language-based challenges, such as academic vocabulary, decoding word problems, or writing extended responses.

Instructional strategies and supports—such as integrated ENL instruction, stand-alone ENL periods, scaffolds, and use of home language resources—are discussed to show how these needs will be addressed.

Meeting Logistics

Timing: Held annually, preferably in the first semester.

Participants: Parent/guardian(s), ENL teacher, classroom/content teachers, and support staff (e.g., special education teacher if applicable).

Translation/Interpretation: Professional interpreters are provided so families can fully participate in their preferred language.

Documentation: Detailed notes of attendance, topics discussed, and agreed-upon actions are recorded and placed in the student's cumulative folder, per NYC DOE Policy and Reference Guide for MLs/ELLs.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Beyond mandated meetings and orientations, our school is committed to ensuring effective communication and fostering empowerment for families of Multilingual Learners (MLs) and English Language Learners (ELLs).

a. Ensuring Understanding of School Communications and Documents:

Home Language Survey: Upon enrollment, we administer a Home Language Survey to identify the primary language spoken at home and the family's preferred mode of communication. This allows us to tailor our communication efforts accordingly.

Translation and Interpretation Services: We have a dedicated team of qualified translators and interpreters who can provide accurate and culturally sensitive translations of school documents and interpretation during meetings and events.

Multilingual Communication Channels: We utilize various communication channels to reach families in their preferred language, including:

Translated Written Materials: We translate essential documents such as school newsletters, calendars, permission slips, and report cards into the most common languages spoken by our families.
Phone Interpretation Services: We partner with language service providers to offer over-the-phone interpretation for real-time communication during phone calls with families.
Website and Online Platforms: Our school website and online platforms offer translated versions of important information and resources.
Social Media: We use social media platforms to share translated messages and updates, reaching families where they are most active.

b. Facilitating Responses and Initiating Communication in Multiple Languages:

Bilingual Staff: We have bilingual staff members who can communicate directly with families in their preferred language through phone calls, emails, or in-person meetings.

Interpretation Services: We offer interpretation services for parent-teacher conferences, school events, and other interactions where language barriers may exist.

Translated Feedback Forms: We provide feedback forms and surveys in multiple languages, enabling families to share their thoughts, concerns, or suggestions with the school.

Multilingual Communication Apps: We utilize communication apps like TalkingPoints or Remind, which offer translation features, allowing families to communicate with teachers and staff in their native language.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Developing Activities that Foster Empowerment for Families of MLs/ELLs:

Needs Assessment: We conduct regular needs assessments through surveys, focus groups, and conversations with families to understand their specific challenges, interests, and aspirations.

Workshops and Training Sessions: We offer workshops and training sessions in multiple languages on topics such as:

Navigating the school system: Understanding enrollment procedures, academic programs, and special education services.
Supporting language development at home: Learning strategies and resources for promoting language acquisition in both English and the home language.
Advocating for their child's education: Building confidence and skills to effectively communicate with school staff and participate in decision-making processes.
Accessing community resources: Connecting families with community-based organizations that offer support services for immigrants and language learners.
Leadership Opportunities: We encourage family participation in school leadership committees, parent-teacher associations (PTAs), and other decision-making bodies.

Cultural Celebrations: We organize cultural celebrations and events that showcase the diversity of our school community and create opportunities for families to share their traditions and experiences.

By implementing these comprehensive strategies, we strive to create a welcoming and supportive environment for families of MLs/ELLs, ensuring that they are empowered to actively participate in their child's education and contribute to our school community.

All documents will be stored securely via Google Drive (NYCDOE) and through the Pupil Accountant Secretary.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

At P.S. 014, we recognize that families of Multilingual Learners (MLs) and English Language Learners (ELLs) may face unique barriers to participation in school leadership opportunities. To ensure equity and inclusion, our school implements targeted outreach and culturally responsive supports designed to actively encourage, invite, and sustain ML/ELL family engagement in leadership roles such as the Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC).

Translated Information and Outreach

Multilingual Flyers and Announcements: Leadership opportunities are advertised in families' home languages, with flyers and announcements crafted to be accessible at different literacy levels.

School Website and Social Media: Information about leadership opportunities is translated and posted online, ensuring easy access for families who rely on digital communication.

Interpreters and Translators: We provide interpretation during all informational sessions and leadership meetings so families can fully participate.

Direct Outreach to ML/ELL Families: Beyond general communication, ENL staff and family liaisons make personal phone calls, send home language-specific emails, and conduct face-to-face outreach during arrival, dismissal, and ENL events to encourage attendance and participation.

Culturally Responsive Engagement

Welcoming Environment: Meetings are structured to be inclusive, with bilingual signage, culturally relevant icebreakers, and recognition of families' contributions to ensure ML/ELL parents feel valued.

Cultural Liaisons: Designated staff and bilingual parent leaders serve as liaisons to bridge language and cultural gaps, providing direct support to ML/ELL families.

Culturally Relevant Activities: Leadership development workshops are offered in multiple languages and tailored to reflect the needs and priorities voiced by ML/ELL families.

Networking Opportunities: Dedicated spaces are created at leadership meetings and family workshops where ML/ELL families can connect with each other and build supportive networks.

Clear and Accessible Information

Simplified Explanations: Roles and responsibilities within PA, SLT, and CEC are explained in plain, jargon-free language so all families can easily understand expectations.

Visual Aids: Infographics, flowcharts, and short videos are used to show how leadership bodies function and how decisions impact the school community.

Open Q&A Sessions: Sessions are scheduled at flexible times to allow families to ask questions, seek clarification, and practice using leadership terminology in both English and their home languages.

Mentorship for ML/ELL Parents: Experienced parent leaders mentor ML/ELL families who are new to leadership roles, providing one-on-one guidance and support in their preferred language.

Ongoing Support and Recognition

Training and Resources: We provide ongoing training in leadership skills, communication strategies, and DOE policy, delivered in multiple languages to ensure full accessibility.

Recognition of ML/ELL Leaders: ML/ELL parents serving in leadership roles are celebrated through newsletters, award recognitions, and cultural events to acknowledge their contributions and encourage continued involvement.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

P.S. 14 in Corona, Queens is committed to building culturally and linguistically responsive partnerships that support the diverse needs of its school community.

Community Partnerships:

Local Community-Based Organizations (CBOs): P.S. 14 partners with local CBOs that serve the Corona community, s

These partnerships provide a range of services, including:

After-school programs: Offering academic support, enrichment activities, and social-emotional learning opportunities in multiple languages.
Parent workshops: Conducting workshops on topics such as immigration rights, health and wellness, and financial literacy in various languages.
Translation and interpretation services: Ensuring that families can access information and resources in their preferred language.
Local Businesses: P.S. 14 collaborates with local businesses to provide internships, mentorship programs, and career exploration opportunities for students. This helps students develop valuable skills and connect with their community.

Cultural Institutions: The school partners with cultural institutions like the Queens Museum and the Queens Theatre to offer field trips, arts programs, and performances that reflect the diverse cultural heritage of the community.

Family Partnerships:

Parent-Teacher Association (PTA): The PTA at P.S. 14 is actively involved in school decision-making, fundraising, and organizing events that bring families together. They also provide valuable feedback and support to the school administration.
Parent Workshops: The school offers regular workshops for parents on topics such as supporting their child's academic success, navigating the school system, and understanding special education services. These workshops are often conducted in multiple languages to ensure accessibility.
Parent-Teacher Conferences: P.S. 14 provides interpreters for parent-teacher conferences, ensuring that language barriers do not hinder communication between teachers and families.
Home Visits: Teachers and school staff conduct home visits to build relationships with families and learn more about their cultural backgrounds and values.

School-Based Supports:

Bilingual and ENL Teachers: The school employs a team of bilingual and ESL teachers who are trained to provide culturally and linguistically responsive instruction.
Social Workers and Counselors: P.S. 14 has a dedicated team of social workers and counselors who provide support to students and families facing various challenges, including language barriers, immigration issues, and trauma.
Multilingual Library: The school library offers a wide range of books and resources in multiple languages to support students' literacy development and cultural identity.
By establishing these partnerships and providing these supports, P.S. 14 is committed to creating a welcoming and inclusive environment where all students and families feel valued and supported.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

All information in the LAP is up to date and showcases P.S. 14's commitment to District 24 initiatives.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The following members are apart of the ELL Identification team:

Mr. Anastasios Argyros, Assistant Principal
Ms. Lisa Gerard, ENL Coordinator
Ms. Evelyn Alberto, ENL Teacher
Ms. Yim Yeung, ENL Teacher
Ms. Crissy Berthel, ENL Teacher
Ms. Natalia Alvaraz, Bilingual Teacher
Ms. Alyssa Casale, IEP Coordinator
Mr. Jose La Rosa, Special Education & Dean

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

1. Proactive Planning and Continuity of Services

To prevent disruption to services, the ENL Compliance Lead and main office staff monitor all new registrations on a rolling basis, including kindergarten entry and mid-year transfers.

Identification procedures are embedded into registration so that ENL and bilingual services begin immediately after eligibility is confirmed.

ENL and bilingual classes are programmed into the master schedule before academic intervention services (AIS) or

other supports, ensuring compliance with mandated service minutes.

Former ELLs are scheduled for monitoring services for two years post-exit, as required by the PRG, ensuring uninterrupted access to supports.

2. Mandated Identification Steps (PRG, p. 23)

The school follows the step-by-step process required under CR Part 154 and the PRG:

Home Language Identification Survey (HLIS):

Completed by every newly enrolled student's family during registration.

Administered with the support of a qualified interpreter in the family's preferred language to ensure accuracy.

Reviewed immediately by the main office and ENL Compliance Lead to flag potential ELLs.

Family Interview:

Conducted by trained, certified staff to verify HLIS responses.

Families are asked follow-up questions to confirm whether the student has been educated in a language other than English.

NYSITELL Administration:

Students flagged by the HLIS and interview are administered the New York State Identification Test for English Language Learners (NYSITELL) within 10 school days of enrollment.

The Assistant Principal oversees compliance; the ENL Compliance Lead coordinates test administration, scoring, and entry into ATS/ELPC.

Parent Notification and Program Placement:

Families of students who qualify as ELLs receive Parent Notification Letters in their home language, as mandated by the PRG.

Families are invited to a bilingual orientation session where program options (Transitional Bilingual Education, Dual Language, or stand-alone ENL) are explained.

Parents sign documentation acknowledging receipt of this information, which is filed in the student's cumulative folder.

3. Identification of ELLs with IEPs

When students enter with an IEP, the ENL Compliance Lead collaborates with the school's IEP team to ensure identification procedures meet both language and disability-related requirements.

Following PRG Section 3.4, the team reviews whether the student previously received bilingual special education services and, if necessary, arranges for evaluations in the home language.

The school ensures that ELLs with IEPs are scheduled for bilingual or ENL services without conflict with mandated

special education supports. Interpreters or bilingual service providers participate in IEP meetings to support placement and planning.

4. Roles and Responsibilities

Main Office Staff & Parent Coordinator: Administer HLIS, arrange interpreters, and collect initial documents.

ENL Compliance Lead: Reviews HLIS, conducts family interviews, coordinates NYSITELL administration, and ensures ATS/ELPC updates.

Assistant Principal: Supervises compliance, ensures timelines are met, and oversees program placement.

IEP Team & Special Education Teachers: Collaborate with ENL staff to align IEP goals with language development needs.

Classroom Teachers: Implement initial scaffolds and supports for newly identified ELLs while formal programming begins.

5. Safeguards for Current and Former ELLs

Weekly audits of ATS, STARS, and RSET are conducted by the ENL Compliance Lead to confirm that all eligible students, including transfers, are properly coded and receiving services.

Former ELLs continue to receive supports and monitoring for two years post-exit, as mandated, and are flagged in ATS for tracking.

Program continuity is protected by scheduling ENL/bilingual services first and maintaining bilingual staff availability for immediate placement.

6. Family Engagement and Language Access

The school uses its allocated Language Access Funds to provide translated HLIS forms, Parent Notification Letters, and interpreters for family interviews and orientation sessions.

Outreach is conducted in families' home languages to ensure parents understand the identification process and their child's program options.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Heather Benson

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Irma	Priego	Parent Coordinator		Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ADANGME	0	0.00%	0	0.09%		
ARABIC	4	0.51%	4	0.51%		
BENGALI (BANGLA IN BANGLADESH)	1	0.09%	1	0.09%		
CHINESE ANY	0	0.85%	0	0.77%		
MANDARIN	2	0.00%	1	0.09%		
ENGLISH	167	14.24%	167	14.27%		

PASHTO (A.K.A. PUSHTO)	0	0.00%	1	0.09%		
SPANISH	887	84.14%	883	84.02%		
N/A	0	0	0	0		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Flyers and Notices (e.g., event invites, workshops)	Flyers are submitted at least 10 days prior to distribution to the Translation and Interpretation Unit (T&I Unit) via the Submit a Request tool. Documents are tracked by the Parent Coordinator and translated versions are printed and sent home with students.
Report Cards and Progress Reports	Translations are requested through STARS Classroom (where available) or submitted to the T&I Unit in bulk before the distribution window. Parent Coordinator ensures translated copies are collated with originals.
IEPs and Special Education Meeting Notices	All IEP-related documents are submitted through SESIS to the Central IEP Translation Team, as per Chancellor's Regulations. Special Education Coordinator follows up on timelines and notifies parents once translated IEPs are available.
Parent-Teacher Conference Invitations	Templates are pre-approved and translated in advance by the Translation Unit. Copies are distributed through teachers and posted on Class Dojo and the school website in English and Spanish.
ELA/Math/State Assessment Letters	State test notifications are translated using official DOE templates. For custom school-level letters, the Assistant Principal submits requests to the T&I Unit at least two weeks prior to distribution.
Multilingual Learner (MLL/ELL) Program Letters	Initial, placement, and continuing eligibility letters are automatically generated in the home language through ELPC. Bilingual staff provide explanations to families during orientation meetings.
School Handbook or Code of	The annual handbook is translated into Spanish (and other required languages, if needed) using allocated Language Access Funds. Translated documents are shared digitally and

Conduct	printed for all new registrants.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent-Teacher Conferences (PTCs)	
IEP Meetings	Interpretation is arranged through SESIS by the Special Education Coordinator. DOE-approved interpreters are requested based on home language; documents and meeting invites are also translated in advance.
Family Workshops and Literacy Nights	The Parent Coordinator submits interpretation requests 10 business days prior using the T&I Request Form. Bilingual staff are assigned to assist during events; visuals are also translated.
Multilingual Learner Orientation Meetings	Held in both English and Spanish. Additional interpretation is arranged through the ML office if needed. Orientation documents and program options are provided in the family's preferred language.
Open School Night / Curriculum Night	Sessions are held in English and Spanish in parallel when possible. DOE interpreters are requested when necessary; printed materials are distributed in both languages.
Crisis or Emergency Parent Briefings	Immediate interpretation is accessed through Language Line. For follow-up, letters and summaries are translated via the T&I Unit and sent home within 48 hours.
SLT & PTA Meetings	Interpretation is requested based on identified needs from registration or RSVP forms. The Parent Coordinator uses Language Line as backup for in-person meetings when in-person interpreters are unavailable.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

At P.S. 014 Fairview, the school has developed a comprehensive and proactive communication protocol to ensure that all families—particularly those who speak a language other than English—receive timely, accurate, and linguistically appropriate information during emergencies. This approach is fully aligned with the NYC DOE's **Language Access Policy** and the **2024–2025 Policy & Reference Guide for Multilingual Learners/ELLs**, which mandates equitable access to communication for all families regardless of their home language.

In the event of a schoolwide emergency such as a lockdown, fire drill, evacuation, or other critical situation, the school activates a multi-layered communication plan. A team of designated bilingual staff, including the Parent Coordinator and main office personnel, are mobilized to assist with immediate translation and outreach. To support this work, the school maintains a library of pre-approved and pre-translated DOE emergency notification templates—most commonly in Spanish, given the school's language demographics. These templates are used to send out messages through **School Messenger** and **Operoo**, both of which are configured to deliver communications in families' preferred languages as indicated in ATS. For urgent situations that require real-time communication in less common languages, the school relies on the **DOE's Translation and Interpretation Unit (T\&I Unit)** and **Language Line**, a telephonic interpretation service available on demand.

In health-related emergencies, such as when a student is sent to the nurse or requires ambulance transport, the school ensures that the parent or guardian is contacted immediately in their preferred language. The school nurse has direct access to Language Line to communicate effectively with families in real time. In addition, the nurse and office staff have access to translated medical notification forms to support consistent and clear follow-up.

When a parent contacts the school during an emergency, either by phone or in person, staff follow established procedures to ensure that the parent can communicate in their preferred language without delay. All emergency contact cards are reviewed at the start of the year to identify home languages, and this information is used to route calls to bilingual staff or to initiate interpretation support. For walk-ins or urgent in-person conversations, the school designates an "interpreter of the day"—a rotating bilingual staff member available to support immediate translation needs, particularly in Spanish. For other languages, Language Line or the DOE's T\&I Unit are used to ensure access.

Through these systems, P.S. 014 ensures that families remain informed, respected, and actively involved in decision-making about their child's safety and wellbeing—regardless of language background. By integrating bilingual staff, pre-translated resources, interpreter services, and technology platforms, the school removes language as a barrier during moments when clear, compassionate, and immediate communication matters most.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

At P.S. 014 Fairview, the leadership team is committed to ensuring that **all staff members understand and implement the NYCPS Language Access Policy** by completing the **required asynchronous Language Access Training for School-based Staff** via the **WeLearnNYC platform**. To ensure full participation, the Assistant Principal oversees a structured implementation plan aligned with NYCPS compliance expectations.

The training is first introduced during a staff meeting at the start of the school year, where the purpose, expectations, and deadline for completion are clearly communicated. All staff—including teachers, paraprofessionals, related service providers, office personnel, and school aides—are given printed instructions and a direct link to the WeLearnNYC module. Time is allocated during scheduled professional learning or extended time meetings to support staff in completing the course. Completion data is monitored by the **Galaxy-designated Language Access Coordinator (LAC)**, who keeps a centralized tracking sheet to ensure 100% compliance by the DOE's required deadline.

In addition to the training, staff receive guidance on how to apply the **Best Practices for When to Provide Translation of Critical Written Communications to Parents** and the **Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents**. These guidelines are posted in high-traffic staff areas (e.g., staff room, main office) and included in digital staff handbooks and weekly bulletins. The LAC also reviews scenarios during team meetings to reinforce understanding, such as when translated letters must be used or how to access interpretation during parent calls.

To ensure long-term sustainability, the Galaxy-designated LAC serves as the primary point of contact for **disseminating language access updates, tools, and DOE communications**. This includes sharing new translated templates, updated guidance, and resources from the Translation and Interpretation Unit (T\&I Unit). These updates are delivered via weekly staff emails and reinforced during monthly school-based professional development. The LAC also works closely with the Parent Coordinator to ensure that front-line staff are trained on how to respond to families requesting language support, and how to access real-time tools like **Language Line**.

Through structured training, ongoing communication, and centralized oversight by the LAC, P.S. 014 ensures that every staff member is equipped with the knowledge and tools needed to uphold the NYCPS Language Access Policy and provide **equitable, respectful communication to all families**, regardless of language background.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- **Language Access for NYC Public Schools Families brochure**

P.S. 014 Fairview is committed to ensuring that all families are fully informed about the availability of **language assistance services** in their **preferred language**. In alignment with the **NYCPS Language Access Policy**, the school implements a multi-pronged communication strategy to proactively notify parents of their rights to interpretation and translation services, and how to access them.

To begin, **translated signage** is prominently displayed at key entry points throughout the building, including the main entrance, main office, parent coordinator's office, and nurse's office. These signs—provided by the NYC DOE—clearly state that language assistance is available free of charge and encourage families to ask for help in their home language. Signage includes the "We Speak Your Language" poster in the top nine DOE-supported languages.

Additionally, the school distributes the **"Language Access for NYC Public Schools Families" brochure** at the start of the school year during parent orientations, Open School Night, and in all registration packets. This brochure is available in multiple languages and provides families with an overview of their rights to interpretation and translation, along with guidance on how to request assistance.

Parent communication platforms, such as **Operoo** and **Class Dojo**, are configured to send messages in families' preferred languages. These platforms are regularly used to send reminders about available interpretation services for parent-teacher conferences, IEP meetings, and school events. When custom messages are sent home, they are either translated using the DOE's Translation and Interpretation Unit (T\&I Unit) or supplemented by bilingual staff for key languages such as Spanish.

The school also incorporates language access education into its **parent engagement events**, including PTA meetings, curriculum nights, and Multilingual Learner family orientations. During these sessions, school leaders and the Parent Coordinator explicitly review the translation and interpretation resources available, demonstrate how to access them, and invite families to indicate their language preferences. Events such as **International Family

Night** also celebrate the diversity of the school community while reinforcing the importance of linguistic inclusion.

Through visible signage, translated resources, technology platforms, and direct engagement at family events, P.S. 014 ensures that all parents are aware of their language rights and feel empowered to request support in their home language. This approach supports stronger family-school partnerships and affirms the school's commitment to equitable communication.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the official **Translation & Interpretation Feedback Survey** administered by the **NYC DOE Office of Language Access (OLA)**, P.S. 014 Fairview employs multiple school-based methods to gather ongoing, authentic feedback from parents regarding the quality and accessibility of the **language assistance services** they receive.

First, the **Parent Coordinator** facilitates informal check-ins during key school events—such as **Parent-Teacher Conferences, IEP meetings, and family workshops**—to ask families whether they felt supported in their preferred language and whether they experienced any barriers to communication. Feedback is documented and shared with the school's Language Access Coordinator (LAC) to identify trends or gaps that need to be addressed.

Additionally, the school administers its own **biannual parent engagement survey**, which includes targeted questions about language access, such as:

* "Were materials sent home in a language you understand?"
* "Was interpretation available when needed at school events or meetings?"
* "How satisfied are you with the language support provided by the school?"

This survey is translated into all applicable home languages using the DOE's Translation and Interpretation Unit to ensure high participation and equitable access.

To ensure that multilingual families feel comfortable expressing concerns, the school also places a **Language Access Feedback Box** near the main office, where parents can submit comments anonymously in their home language. Bilingual staff members review submissions and bring them to the attention of the Assistant Principal and LAC for follow-up.

Finally, during **Multilingual Learner (ML) orientation sessions**, the Parent Coordinator facilitates **focus groups** with parents of ELLs and former ELLs, creating a safe space for families to share feedback about translation, interpretation, and overall school communication practices. These sessions not only gather insights but also build trust with families who may feel hesitant to raise concerns in formal settings.

By combining DOE survey tools with local, school-based practices such as surveys, focus groups, anonymous feedback opportunities, and one-on-one conversations, P.S. 014 ensures that language access services are continually refined based on direct input from the families they are designed to support.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

P.S. 014 Fairview has made deliberate and sustained efforts to improve the quality, responsiveness, and visibility of its **language assistance services**, in direct response to both formal and informal feedback from families. These efforts are aligned with the NYCPS **Language Access Policy** and the school's commitment to equitable communication for all families, particularly those who speak a language other than English.

Over the past school year, feedback collected from the **OLA Translation & Interpretation Feedback Survey**, as well as school-based family engagement surveys and parent focus groups, revealed several areas of strength and growth. Parents consistently reported satisfaction with the **availability of bilingual staff (particularly Spanish-speaking staff)** and the clarity of translated flyers and forms. However, they also expressed a need for:

* **More consistent use of interpretation at school events**, especially during Q\&A segments;
* **Quicker turnaround for translated IEP documents and assessment notifications**;
* Better awareness of how to access interpretation over the phone or in-person for unexpected visits or emergencies.

In response to this feedback, the school implemented several key improvements:

* **Language Line training** was provided to all front-facing staff, including main office personnel, the nurse, and classroom teachers, to ensure consistent and immediate access to telephonic interpretation.
* A bilingual **"How to Ask for an Interpreter" visual guide** was created and posted in the main office, classrooms, and nurse's office.
* The Parent Coordinator increased the use of **translated messaging via Operoo and Class Dojo**, ensuring that weekly updates and emergency alerts were consistently delivered in families' preferred languages.
* The Special Education team developed a **tracking system** for IEP translation requests and timelines to ensure that parents received translated documents in a timely manner, in accordance with DOE policy.

Looking ahead to the upcoming school year, P.S. 014 plans to strengthen its language access systems by:

* **Expanding language access training** to include paraprofessionals and related service providers;
* Creating a **Language Access Corner** on the school website, where families can access translated resources, request interpretation support, and learn about their rights;
* Hosting quarterly **Family Language Access Listening Sessions**, where multilingual families can share their experiences and offer suggestions in a structured, supportive setting;
* Monitoring **translation request logs and usage of interpreter services** to identify any service gaps and streamline internal communication.

These improvements are rooted in the school's ongoing commitment to ensuring that **language is never a barrier** to meaningful family engagement, informed decision-making, or equitable access to education. Through regular feedback cycles, professional development, and increased visibility of language assistance options, P.S. 014 continues to build a school culture where every family—regardless of language—feels welcomed, informed, and empowered.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,Before School

Total number of ELLs to be served in this program:

120 Students for Early Bird, 150 Students for Saturday Academy

Grades to be served in this program. Select all that apply.

,2,3,4,5,1

Total number of teachers in this program:

10 Teachers in Early Bird; 18 Teachers in Saturday Academy

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

14 Teachers

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

18 Teachers

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Before-School ENL Enrichment Program (Title III Funded Offering)

The Before-School ENL Enrichment Program is a targeted supplemental service funded through Title III designed to accelerate English language development for Multilingual Learners (MLs) and English Language Learners (ELLs) in Grades 1–5. The program operates from 7:15 a.m. to 8:00 a.m., Monday through Friday, beginning in November 2025 and running through April 2026. This offering is designed to provide daily, structured language-development instruction that supplements—not replaces—core ENL and classroom instruction.

Students are grouped according to their 2025 NYSESLAT proficiency levels (EN, EM, TR, EX). Instruction focuses explicitly on the development of academic language through targeted lessons in vocabulary development, syntax and sentence construction, morphology, reading comprehension strategies, and oral language fluency, with opportunities for guided practice and corrective feedback. Instruction is delivered in English, with strategic and intentional use of students' home languages for scaffolding and meaning-making.

Curriculum materials include Ready, Set, Go! Newcomers Kits, Practice Exercises in Basic English, Foundational Skills Toolkits, and NY TEAM resources to ensure rigorous, research-based instruction. Lessons are designed to reinforce the domains of listening, speaking, reading, and writing, while also supporting the language demands of current classroom units and upcoming assessments.

The program is staffed by ENL-certified teachers who provide a combination of whole-group mini lessons, small-group skill work, and differentiated learning centers. Teachers utilize flexible grouping to respond to real-time data and student needs. The program is supervised by the Assistant Principal, who oversees implementation, ensures instructional alignment to language objectives, and monitors attendance and compliance using a shared tracking system.

Formative assessments—including exit tickets, language probes, and small-group performance tasks—are used weekly to monitor progress, adjust groupings, and determine next instructional steps. The purpose of the program is to provide early-morning, low-ratio, high-frequency support that accelerates language acquisition and prepares MLs/ELLs for success during the full instructional day.

Saturday ELL Academy (Title III Funded Offering)

The Saturday ELL Academy is a free supplemental enrichment program in English Language Arts and Mathematics designed for MLs/ELLs in Grades 2–5 who scored at the Entering (EN), Emerging (EM), Transitioning (TR), or Expanding (EX) levels on the 2025 NYSESLAT. The program runs from November 2025 to April 2026, operating on Saturdays from 8:00 a.m. to 11:00 a.m. Instruction is delivered fully in English with targeted support in students' L1 to promote comprehension and cross-linguistic transfer.

Students are grouped by proficiency level, with each grade having one EN/EM section and one TR/EX section. Instruction incorporates whole-group lessons and small-group instruction through co-teaching, station rotation, and

flexible groupings. All instruction is aligned to language objectives tailored to students' developmental needs.

Curriculum priorities include semantics, pragmatics, syntax, morphology, phonics and phonemic awareness, and academic vocabulary. Mathematics instruction is embedded for Grades 3–5 to prepare students for the State Math Assessments. Materials include Practice Exercises in Basic English, Phonics and Word Study resources, Ready, Set, Go! Newcomers Kits, and TEAM Toolkits.

The Saturday Academy is staffed by at least thirteen ENL or Bilingual-certified teachers, supported by three content-area teachers. An ENL coordinator provides push-in coaching and ensures instructional alignment. An Assistant Principal supervises on-site operations, instruction, and parent engagement, supported by a school aide who manages attendance and documentation. Attendance is recorded daily through a shared Google Doc.

Funding from Title III and school-based allocations supports staffing, curriculum materials, supervision, and parent engagement opportunities. Fiscal oversight is managed by the Assistant Principal to ensure compliance and appropriate use of Title III funds.

How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program:

Early Bird:

The program will serve 120 students organized into 10 groups of 12 students.

Group 1 - 1st Grade: 12 Students, Ms. Gutierrez, ENL
Group 2 - 1st Grade: 12 Students, Ms. Lopez, ENL
Group 3 - 2nd Grade: 12 Students, Ms. Scrima, ENL
Group 4 - 2nd Grade: 12 Students, Ms Hatzoglou, ENL
Group 5 - 3rd Grade: 12 Students, Ms. Alvarez, ENL
Group 6 - 3rd Grade: 12 Students, Ms. Giusti, ENL
Group 7: 4th Grade: 12 Students, Ms. Pac, ENL
Group 8: 4th Grade: 12 Students, Ms. Barger, ENL
Group 9: 5th Grade: 12 Students, Ms. Onorato, ENL
Group 10: 5th Grade: 12 Students, Ms. Hache, ENL

Saturday Academy:

The program will serve 150 students organized into 10 groups of 15 students.

Group 1 - 1st Grade: 15 Students, Ms. Gutierrez, ENL + Ms. DeSimone, Special Education
Group 2 - 1st Grade: 15 Students, Ms. Tenesca, Bilingual + Ms. Labrey, ENL
Group 3 - 2nd Grade: 15 Students, Ms. Matieko, ENL + Ms. Wolf, Special Education
Group 4 - 2nd Grade: 15 Students, Ms Hatzoglou, ENL + Ms. Benjamin, Gen. Ed
Group 5 - 3rd Grade: 15 Students, Ms. Castillo, ENL
Group 6 - 3rd Grade: 15 Students, Ms. Giusti, ENL/Bilingual + Ms. Gerard, ENL
Group 7: 4th Grade: 15 Students, Mr Perez, Bilingual + Ms. Somera, ENL
Group 8: 4th Grade: 15 Students, Ms.Rivera, ENL; Ms. Bica, ENL
Group 9: 5th Grade: 15 Students, Ms.Alberto, ENL
Group 10: 5th Grade: 15 Students, Ms. Vinueza, Bilingual + Ms. Barger, ENL

Assessment includes a diagnostic pre-test on Day 1, a post-assessment during the final month, and ongoing formative measures across all four language domains. Data is used to adjust groupings, pacing, and targeted

interventions.

A structured parent engagement workshop series is offered from 8:15 a.m. to 9:15 a.m. each Saturday. Workshops—led by ENL staff—equip families with strategies to support home literacy practices, build academic language, and understand state testing expectations. This component directly supports Title III requirements for strengthening family-school partnerships.

By aligning instruction to proficiency levels, providing strong language-development support, and ensuring robust supervision and assessment practices, both the Before-School ENL Enrichment Program and the Saturday ELL Academy create a comprehensive system of supplemental services that accelerate language acquisition and academic readiness for MLs/ELLs.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The 24Q014 Title III (Immigrant) program for 2025 is designed to ensure that immigrant students at P.S. 14 receive comprehensive academic and cultural supports that foster both English language proficiency and social integration into American schools. This rationale is grounded in multiple data sources, including Spring 2025 NYSESLAT results, ELA State Exam performance trends, the ELL Data Analysis Tool (EDAT), and school-level needs assessments. These data collectively highlight the critical need for targeted interventions and supplemental programming under Title III funding.

English Language Acquisition (ELA): The program emphasizes growth in all four language domains—reading, writing, speaking, and listening—through explicit language instruction embedded in both ELA and Math. Saturday ELL Academy serves as the primary vehicle for Title III-funded instruction, giving students an additional platform to develop conversational English while acquiring academic vocabulary. Instruction is designed for small-group and whole-group contexts, with students grouped according to their Spring 2025 NYSESLAT performance levels (EN, EM, TR, EX).

Data Justification – NYSESLAT 2025:
Analysis of the 2025 NYSESLAT indicates that while progress was made, significant needs remain:

51.79% of MLs/ELLs advanced at least one proficiency level (347 out of 670 students), leaving nearly half stagnating at their previous level.

A total of 162 students reached Commanding (including those scoring both Commanding + ELA 3/4), but this still represents 26% of the ELL population.

EDAT subgroup analysis reveals that Entering and Emerging students remain the largest cohorts, underscoring the ongoing need for newcomer-focused language development.

Data Justification – ELA State Exams 2025:
The achievement gap in ELA remains significant:

Grade 3: 15.1% scored at Levels 3–4

Grade 4: 11.4% scored at Levels 3–4

Grade 5: 14.9% scored at Levels 3–4

These results confirm that immigrant students continue to perform well below citywide averages, requiring intensified support in academic language and literacy.

Program Design and Implementation:
Saturday ELL Academy, funded through Title III Immigration allocations, responds directly to these data points. Classes are organized by proficiency band (EN/EM and TR/EX for each grade) to tailor instruction. Instruction integrates language and content learning, with teachers employing scaffolding, visuals, and L1 supports to make grade-level content accessible. Beyond academics, the program emphasizes social and cultural integration, with collaborative activities, parent workshops, and cultural literacy embedded into weekly sessions.

Supervision and Funding:
The program is staffed by ENL/Bilingual-certified teachers and overseen by an Assistant Principal and ENL coordinator, with attendance and compliance documented through shared digital systems. Funding is secured through Title III Immigration allocations, with expenditures covering teacher stipends, curriculum resources (Continental Press, TEAM Toolkits, newcomer kits), supervision, and parent engagement programming.

Ongoing Monitoring and Evaluation:
Program monitoring relies on multiple data sources to measure impact:

Formative and summative assessments aligned with NYSESLAT standards.

Teacher observations and low-inference notes, ensuring fidelity of instructional delivery.

Student/parent surveys to evaluate cultural integration and program satisfaction.

EDAT progress tracking, monitoring growth across subgroups (Entering, Emerging, Transitioning, Expanding, Commanding).

Post-program analysis will compare pre- and post-assessment results, attendance data, and State assessment outcomes to measure effectiveness. Findings will inform program modifications, resource allocation, and targeted professional development for staff.

By explicitly tying Title III programming to NYSESLAT proficiency data, ELA State test outcomes, and EDAT subgroup analysis, the 24Q014 Title III (Immigrant) program demonstrates a strong, data-driven rationale. The evidence clearly supports the continued need for Saturday ELL Academy as a vital intervention that addresses persistent achievement gaps, builds academic English proficiency, and fosters cultural integration for immigrant students.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III supplemental program at P.S. 14 is designed to address the linguistic and academic needs of our Multilingual Learners/English Language Learners (MLs/ELLs) through both the Early Bird Program and the Saturday ELL Academy. Collectively, these programs will serve 670 ELL students in Grades 2–5, reflecting the full spectrum of proficiency levels as measured by the Spring 2025 NYSESLAT: Entering (EN), Emerging (EM), Transitioning (TR), and Expanding (EX).

Student Subgroups Served:
The program specifically targets three high-need subgroups of ELLs:

Newcomers (Entering/Emerging): Recently arrived students who require intensive foundational support in English language acquisition across all four domains.

Developing ELLs (Transitioning/Expanding): Students progressing through intermediate proficiency who require scaffolded academic language support to access grade-level content.

ELLs with IEPs: Students who require both language acquisition support and specialized instruction to meet their mandated services.

Grade Levels and Program Design:

Early Bird Program: Serving students in Grades 2–5, the Early Bird sessions provide small-group, language-rich instruction before the start of the school day. Lessons emphasize phonics, vocabulary development, reading comprehension, and oral fluency, with groupings determined by NYSESLAT proficiency levels (EN/EM and TR/EX).

Saturday ELL Academy: Serving Grades 2, 3, 4, and 5, Saturday sessions extend learning time through focused instruction in English Language Arts and Mathematics. Classes are organized by grade and proficiency bands to ensure tailored instruction: one section for EN/EM and one section for TR/EX per grade level.

Program Reach:
In total, the Title III supplemental program ensures that all identified ELL students in Grades 2–5 have access to extended learning opportunities that target their specific subgroup needs. Instruction integrates language development with content mastery, while also embedding strategies that support ELLs with IEPs through collaboration with Special Education staff.

By deliberately structuring both the Early Bird and Saturday programs around grade level, proficiency band, and subgroup needs, the Title III program ensures equity of access and targeted interventions that align with state mandates and directly respond to P.S. 14's NYSESLAT and ELA achievement data.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III supplemental programming at P.S. 14 will be delivered through a combination of Saturday Academy and Early Bird sessions to maximize instructional time and ensure consistent support for our Multilingual Learners/English Language Learners (MLs/ELLs).

Saturday ELL Academy:

Start and End Dates: The program will begin on Saturday, November 1, 2025 and conclude on Saturday, April 4, 2026, running across five months of the academic year.

Total Number of Sessions: There will be 13 sessions in total, scheduled weekly on Saturdays.

Duration of Each Session: Each session will run for 3 hours, from 8:00 a.m. to 11:00 a.m.

Grade Levels Served: Grades 3, 4, and 5 will participate in this extended-day program.

Staffing: Instruction will be delivered by 23 classroom teachers and supervised by 1 administrator, with support staff to assist with logistics.

Meals: Breakfast will be provided to all participating students as part of the 14-week cycle.

Session Dates:

November: 8, 15, 22
December: 6, 13, 20
January: 10, 24, 31
February: 7, 28
March: 7, 14, 28

Early Bird Program:

Schedule: Classes will be held Tuesday, Wednesday, and Thursday mornings before the start of the regular school day.

Time: Sessions run from 7:25 a.m. to 8:10 a.m.

Total Number of Sessions: The program consists of 6 cycles of instruction across the school year.

Grade Levels Served: Grades 2–5 will participate in this before-school program.

Together, the Saturday Academy and Early Bird programs extend learning opportunities for ELLs across both weekends and weekdays. In total, students in Grades 2–5 will have access to 19 supplemental instructional sessions across the school year (14 Saturday Academy sessions + 6 Early Bird cycles), ensuring that they receive sustained language and content-area support beyond the core instructional day.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The primary track of instruction will be in English. If students are in a bilingual track program in either DL or TBE, they will receive an additional period of HLA as a support mechanism to practice language transfer. The program emphasizes the use of sheltered instruction, which incorporates both English and the student's native language to make academic concepts more accessible. Additionally, some programs may offer native language instruction to support literacy development and cultural connection.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The Title III supplemental programs at P.S. 14 will be staffed by appropriately certified teachers to ensure students receive targeted, high-quality instruction that aligns with both language acquisition and content-area standards.

Saturday ELL Academy:

A total of 14 ENL/Bilingual-certified teachers will serve as lead instructors. Each teacher is fully licensed to provide English as a New Language or Bilingual instruction, ensuring alignment to NYSED requirements for supporting ELLs across proficiency levels.

To further enrich the program, two Physical Education teachers and one Art teacher will provide content-based enrichment activities. Additionally, there is 1 Literacy Specialist Certified. These certified content-area teachers will collaborate with ENL staff to deliver integrated lessons that build both academic language and social engagement skills.

Early Bird Program:

The before-school Early Bird sessions will be staffed by six ENL/Bilingual-certified teachers. These teachers will lead small-group instruction for students in Grades 2–5, focusing on phonics, vocabulary, reading comprehension, and oral fluency. Groupings will be determined by NYSESLAT proficiency levels, ensuring tailored support for Entering, Emerging, Transitioning, and Expanding students. Additionally, there will be 4 General Education Teachers providing State Test Prep.

Supervision and Support:
Both the Saturday Academy and Early Bird Program will be overseen by an Assistant Principal and supported by an ENL Coordinator to ensure program fidelity and alignment with language development goals.

In total, 19 appropriately certified teachers (ENL/Bilingual, Physical Education, and Art) will be assigned across both Title III-funded programs, providing a combination of direct ENL/Bilingual instruction and integrated enrichment. This staffing structure ensures that all participating students are taught by teachers holding the proper certification areas required under Title III guidelines.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**

- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The Title III supplemental program at P.S. 14 will utilize a variety of culturally relevant and linguistically appropriate instructional materials to ensure that all Multilingual Learners/English Language Learners (MLs/ELLs) receive targeted, high-quality support in both language development and academic content areas. These materials are carefully selected to align with NYSED expectations for language acquisition, literacy growth, and content mastery.

Core Instructional Materials:

Continental Press (Publisher):

Practice Exercises in Basic English

Phonics and Word Study

On Our Way to Reading – Newcomers (Grades K–2)

Ready, Set, Go! Newcomers Kits (Grades 3–5)

New York TEAM Toolkits (Grades K–5): Language scaffolds and task-based materials supporting academic vocabulary and literacy.

FUNdations (Wilson Language Training): Systematic phonics and foundational literacy program.

mCLASS (Amplify): Digital literacy assessment and progress monitoring system.

Aprendo Leyendo (Bilingual Literacy Resource): Spanish-language leveled reading series to support biliteracy.

National Geographic Workbooks: Content-area reading and nonfiction literacy integration aligned to grade-level social studies and science standards.

Supplemental and Enrichment Materials:

Arts-based materials: Supplies for integrated ENL + Art lessons, allowing students to express language learning through creative projects.

Math manipulatives: Hands-on tools for integrating language development with mathematics problem-solving, especially in preparation for State assessments.

Technology-based resources: Interactive platforms and digital supports for reading, writing, listening, and speaking practice.

Culturally relevant literature: Texts reflecting diverse backgrounds of immigrant students to foster identity, cultural awareness, and engagement.

Storage and Access:
All Title III-funded instructional materials will be inventoried and stored in the ENL office suite on the third floor of

P.S. 14, with labeled shelving by grade level and content area. This centralized storage ensures materials are easily accessible to ENL/Bilingual teachers for both Early Bird and Saturday Academy sessions. Teachers will sign materials in/out through a shared Google inventory tracker maintained by the ENL coordinator to ensure accountability and equitable access.

Funding Allocation:
Should Title III funds be used to purchase materials, the total cost of materials will remain within the allowable <20% allocation of Title III funds, in compliance with federal and state guidelines. Priority for funding will be given to consumables (e.g., workbooks) and research-based newcomer kits that directly address identified ELL needs as documented through NYSESLAT, EDAT, and ELA State assessment data.

By combining research-based instructional tools, bilingual literacy resources, culturally sustaining literature, and enrichment supplies, the Title III program ensures that all students receive materials that are both instructionally rigorous and responsive to their linguistic and cultural identities.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

At P.S. 014 Fairview, the implementation of Title III ELL-funded programming is guided by a structured and equity-driven approach that ensures both family engagement and full compliance with fiscal and programmatic requirements. Strong systems for record keeping are in place to safeguard transparency, prepare for potential audits, and align with the expectations outlined on page 128 of the NYC DOE Policy & Reference Guide for Multilingual Learners/English Language Learners (PRG).

Family Notification and Documentation:
At the start of each program cycle, families are notified about the availability and purpose of Title III-funded programs through translated letters in their preferred language. Notifications are distributed via backpack mail, Operoo, Class Dojo, and posted on the school website. The Parent Coordinator and ML Compliance Lead maintain distribution logs, and signed copies of translated letters are retained. For audit purposes, hard copies are filed in the school's central Title III compliance binder, while digital versions and screenshots of online postings are archived on a secure shared drive.

Attendance and Participation Records:
Attendance is tracked for every Title III-funded session, including Early Bird and Saturday Academy. Session facilitators submit daily attendance logs that are cross-referenced with ATS to ensure accuracy. Attendance is monitored for patterns of participation, which inform targeted outreach to families. These records are collected, signed, and stored in both physical binders and digital folders under the supervision of the Assistant Principal and Title III Program Coordinator.

Staff Certification Records:
To ensure compliance with certification requirements, the school maintains a binder containing copies of ENL/Bilingual teacher certifications, licenses, and assignments. These are verified and updated regularly by the Title III Program Coordinator. Only appropriately certified staff are assigned to Title III-funded instructional roles, with records available for immediate audit review.

Parent and Community Engagement Documentation:
Every parent workshop or family literacy event funded by Title III is fully documented with copies of multilingual flyers, agendas, sign-in sheets, and feedback forms. Materials used during sessions (e.g., slide decks, translated resources, handouts) are retained and archived. Feedback is reviewed to refine programming, and documentation is maintained in the Title III binder and digital archives.

Professional Development Records:
When Title III funds are used to support professional learning, the school archives agendas, sign-in sheets, materials, and reflective notes. PD sessions focused on supporting Long-Term ELLs, CR-SE, and ENL best practices are documented and reviewed annually for compliance with program objectives.

Fiscal Documentation:
Expenditures of Title III funds are meticulously documented. The school maintains an audit-ready binder containing purchase orders, invoices, payroll per-session timecards, receipts, and vendor contracts tied to Title III allocations. The Title III Program Coordinator collaborates with the school's finance secretary to reconcile all expenditures and submit required fiscal documentation to central offices. To ensure compliance, no more than 20% of Title III funds are allocated to materials purchases, consistent with PRG guidelines.

Audit-Ready Systems:
All Title III documentation is organized using a dual system of hard-copy binders and digital shared drives. Each binder is divided into clearly labeled sections:

Family Notifications

Attendance Logs

Staff Certifications

Parent Engagement Events

Professional Development

Fiscal Records

This organizational structure ensures that all records are audit-ready, accessible, and consistent with DOE expectations as detailed in the PRG.

Through these robust systems for multilingual communication, instructional oversight, and precise record keeping, P.S. 014 ensures that its Title III ELL program operates with fidelity. The alignment to page 128 of the PRG demonstrates the school's commitment not only to compliance, but also to maintaining the highest standards of accountability, transparency, and support for multilingual learners and their families.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

P.S. 14 is dedicated to providing comprehensive professional development to equip all staff members with the skills and knowledge needed to effectively support English Language Learners (ELLs). Here's a breakdown of the PD activities by topic:

1. Effective ELL Instructional Strategies:

Differentiated Instruction: Teachers will learn how to differentiate instruction to meet the diverse learning needs of ELLs, considering their language proficiency levels, cultural backgrounds, and learning styles.
Scaffolding: PD will focus on practical strategies for scaffolding instruction, providing temporary support to help ELLs access challenging content and gradually increase their independence.
Language Acquisition Theories: Teachers will gain an understanding of language acquisition theories and how they apply to ELL instruction, informing their teaching practices and approaches.
Content-Based Language Instruction: PD will explore content-based language instruction, integrating language and content learning to make learning more engaging and meaningful for ELLs.
Technology Integration: Teachers will learn how to effectively integrate technology to enhance ELL instruction, using tools and resources to support language development, provide differentiated practice, and promote student engagement.

2. Assessment and Evaluation:

Identifying ELL Student Needs: PD will focus on strategies for assessing ELL students' language proficiency, academic strengths and weaknesses, and learning styles to inform instruction and intervention.
Formative and Summative Assessments: Teachers will learn how to use a variety of formative and summative assessments to monitor ELL student progress and evaluate their learning outcomes.
Progress Monitoring: PD will cover effective progress monitoring techniques to track ELL student growth over time and make data-driven instructional decisions.
Interpreting Data: Teachers will develop skills in analyzing and interpreting assessment data to understand ELL student needs, identify areas for improvement, and adjust instruction accordingly.

3. Culturally Responsive Teaching:

Building Relationships: PD will emphasize the importance of building strong relationships with ELL students and families, creating a welcoming and inclusive classroom environment.
Understanding Diverse Cultural Backgrounds: Teachers will learn about the diverse cultural backgrounds of their ELL students, developing cultural sensitivity and awareness to avoid cultural misunderstandings and biases.
Incorporating Home Languages and Experiences: PD will explore strategies for valuing and incorporating ELL students' home languages and cultural experiences into instruction, promoting a sense of belonging and identity.

4. Collaboration and Communication:

Working Effectively with Other Educators: PD will foster collaboration among teachers, ESL specialists, support staff, and administrators to create a cohesive and supportive learning environment for ELLs.
Parent Communication: Teachers will learn effective strategies for communicating with ELL parents, including using interpreters, providing translated materials, and utilizing culturally sensitive communication practices.
Community Engagement: PD will explore ways to connect with community organizations and resources that can support ELL students and their families.

5. Specific Needs of Different ELL Subgroups:

Newcomers: Teachers will receive training on specific strategies for supporting newcomer ELLs, including addressing their unique social and emotional needs and providing intensive language support.
Struggling Learners: PD will address effective interventions and support for struggling ELLs, including identifying learning difficulties and providing targeted instruction.
Advanced Learners: Teachers will learn how to challenge and engage advanced ELLs, providing opportunities for enrichment and accelerated learning.
Students with Disabilities: PD will address the needs of ELLs with disabilities, ensuring that they receive appropriate accommodations and support to access the curriculum.

6. Compliance with Relevant Regulations and Frameworks:

ESSA and NYSED ELL Standards: Teachers will receive training on the Every Student Succeeds Act (ESSA) and the New York State Education Department (NYSED) English Language Learner standards to ensure compliance with federal and state regulations.
NYC DOE Guidelines: PD will cover relevant NYC Department of Education guidelines and policies related to ELL education to ensure alignment with district expectations.

Rationale:

To equip teachers and staff with the knowledge, skills, and strategies necessary to effectively support ELL students' academic and language development.
To ensure compliance with ESSA and NYSED regulations regarding ELL education.
To promote best practices and evidence-based instructional approaches for working with diverse learners.
To foster collaboration and shared responsibility for ELL student success across the school community.
Teachers to receive training:

All certified teachers who work with ELL students, including general education, ESL/TESL, and subject-specific teachers.
Paraprofessionals, school counselors, administrators, and other support staff who interact with ELL students.
Schedule and duration:

Ongoing professional development throughout the school year, not just one-time workshops.
A blend of job-embedded professional development (e.g., coaching, lesson study) and formal training sessions.
Varying levels of intensity and duration based on individual needs and experience levels.
Topics to be covered:

Effective ELL instructional strategies: Differentiated instruction, scaffolding, language acquisition theories, content-based language instruction, technology integration.
Assessment and evaluation: Identifying ELL student needs, formative and summative assessments, progress monitoring, interpreting data.
Culturally responsive teaching: Building relationships with ELL students and families, understanding diverse cultural backgrounds, incorporating home languages and experiences.
Collaboration and communication: Working effectively with other educators, parents, and community members to support ELL students.
Specific needs of different ELL subgroups: Newcomers, struggling learners, advanced learners, students with disabilities.
Compliance with relevant regulations and frameworks: ESSA, NYSED ELL standards, NYC DOE guidelines.

Professional Development Date: 11/1/2025
First Day for Students: 11/8/2025
Start Time: 7:05 am
End Time: 8:05 am

Title 3 Funding will be used for the professional development that will be used on the first day for training teachers.

Professional development funds are sole used for the Title III program and teachers who support the program.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Program Description – Early Bird
The Early Bird Program is a free supplemental enrichment initiative for Grades 2–5, targeting students who scored at Entering (EN), Emerging (EM), Transitioning (TR), and Expanding (EX) on the Spring 2025 NYSESLAT. The program prioritizes Newcomer and developing ELLs/MLs, offering intensive instruction in semantics, pragmatics, syntax, phonics, and morphology to accelerate foundational literacy and oral language skills. Instruction is delivered in English with L1 supports, preparing students for success on the Spring 2026 NYSESLAT and grade-level content.

Program Description – Saturday Academy
Saturday Academy extends learning opportunities for Grades 3–5, integrating ELA and Math instruction with a strong emphasis on academic vocabulary and comprehension of math word problems. Classes are grouped by grade level and proficiency band (EN/EM and TR/EX). Sessions are taught through co-teaching, station rotations, and flexible grouping, giving students tailored support in both language development and content mastery.

Program Description – After-School
The After-School Program supplements Early Bird and Saturday offerings by providing homework support, fluency practice, and targeted small-group interventions. Students are grouped by proficiency level using NYSESLAT data, with a focus on reinforcing academic vocabulary, reading fluency, and oral participation.

Rationale for Title III Immigrant Funded Programs

Data-Driven Justification

NYSESLAT 2025 Results: Out of 670 ELLs, 347 students (51.79%) advanced at least one proficiency level, while nearly half stagnated. Only 62 students reached Commanding, including those earning both Commanding + ELA 3/4 scores — representing under 10% of the ELL population. The largest subgroup remains Newcomers (EN/EM: 519 students), followed by Developing ELLs (TR/EX: 133 students). This confirms that the majority of students are still in need of foundational or intermediate language development.

ELA State Assessments 2025: Achievement gaps persist, with only 15.1% of Grade 3, 11.4% of Grade 4, and 14.9% of Grade 5 ELLs scoring at Levels 3–4, compared to significantly higher citywide averages.

Math Assessments 2025: Persistent gaps remain in language-heavy domains such as multi-step word problems. Teacher reports confirm that ELLs struggle more with vocabulary comprehension than with computation skills.

Teacher Surveys and Observations: Educators report challenges with scaffolding academic vocabulary, using L1 strategically, and differentiating for newcomers. Observations highlight inconsistencies in CR-SE practices, further justifying targeted PD.

Program Outcome Data: Previous cycles of Saturday Academy demonstrated measurable growth in listening and reading domains, validating the effectiveness of small-group targeted interventions. However, gaps remain in writing and math vocabulary, requiring PD alignment.

Professional Development (PD) Plan for Title III Programs

Alignment of PD to Program-Specific Needs

Early Bird Program: Data indicates the EN/EM subgroup (519 students) struggles most with phonics, decoding, and oral fluency. PD will focus on systematic phonics instruction, scaffolding for newcomers, and oral language development strategies.

Saturday Academy: The TR/EX subgroup (133 students) shows persistent gaps in ELA and Math vocabulary. PD will emphasize math language development, building academic vocabulary banks, and integrating scaffolding in higher-order comprehension tasks.

After-School Program: Observations confirm uneven use of culturally responsive practices. PD will provide training on using cognates, integrating culturally relevant texts, and leveraging home language supports to reinforce after-school literacy and engagement.

PD Focus Areas (SY 2025–2026):

Formative and summative assessment strategies to measure growth across all programs.

Scaffolding and differentiation for EN, EM, TR, and EX groups.

Academic vocabulary development in both ELA and Math contexts.

Strategies for supporting newcomers' survival English and cultural acclimation.

Integration of CR-SE practices to strengthen engagement and inclusivity.

Impact on Teachers and Students

Teachers will gain confidence in addressing ELL subgroups through targeted scaffolds, differentiated instruction, and language-content integration.

Students will demonstrate measurable gains on pre-/post-assessments, NYSESLAT domains, and classroom performance.

Consistent application of PD strategies will narrow gaps in ELA comprehension and Math word problem performance, while increasing engagement and participation across all Title III offerings.

Professional development is sole used for the Title III program and teachers who support the program.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

A total of 14 Bilingual and ENL teachers, along with 3 cluster teachers and 1 Literacy Specialist, will receive professional development aligned to the goals and expectations of the Title III ELL program.

All teachers working in the Title III ELL program will participate in ongoing professional development that is explicitly aligned to the instructional and compliance expectations of Title III. This will include regular sessions focused on strengthening academic language development, integrating CR-SE strategies, designing scaffolded lessons, and supporting English language acquisition within content areas.

In addition, Title III-funded teachers will receive continuous support from the ENL Coordinator and Assistant Principal, who will provide model lessons, data-driven feedback, and resources that align instruction with NYSESLAT proficiency benchmarks and the schoolwide literacy vision. Cluster teachers and the Literacy Specialist will participate in the same PD series to ensure cross-content alignment and a cohesive approach to language development across all instructional periods in which MLs are served.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The schedule below indicates the following schedule and duration. There are a total of 14 Sessions.

Professional Development Date: 11/01/2025
First Day for Students: 11/08/2025
Start Time: 8:30 am
End Time: 12:00 pm

November: 8, 15, 22
December: 6, 13, 20
January: 10, 24, 31
February: 7, 28
March: 7, 14, 28

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The professional development (PD) plan at P.S. 14 is designed as an ongoing cycle of learning, with monthly sessions, collaborative planning meetings, peer observations, and coaching cycles embedded across the school year. Rather than one-time workshops, PD is aligned directly to the Title III program offerings (Early Bird, Saturday Academy, After-School) and is responsive to student needs identified through baseline, formative, and summative assessments, including mCLASS, SAAVAS, NEWA, NYSITELL, and NYSESLAT.

Alignment of PD to Title III Programs

Early Bird Program (Grades 2–5, EN/EM focus): PD sessions will emphasize phonemic awareness, decoding strategies, oral fluency, and guided reading routines. Teachers will receive training on systematic phonics interventions and the use of bilingual scaffolds to accelerate newcomer language development.

Saturday Academy (Grades 3–5, TR/EX focus): PD will focus on academic vocabulary development, amplification of reading to meet grade-level standards, and strategies for embedding language into math problem-solving. Teachers will engage in collaborative lesson study cycles to design language-rich ELA and math lessons aligned to State standards.

After-School Program (Grades 2–5, reinforcement): PD will emphasize culturally responsive teaching practices, leveraging home languages, and crash-course activities in speaking, listening, reading, and writing to support daily homework help and small-group interventions.

Ongoing PD Focus Areas

Effective ELL Instructional Strategies: Differentiated instruction, scaffolding for EN/EM and TR/EX groups, content-based language instruction, and technology integration to promote language development.

Assessment and Evaluation: Using formative and summative assessments (mCLASS, NYSESLAT checkpoints) to identify ELL needs, track growth, and adjust instruction in real time.

Culturally Responsive Teaching: Building strong relationships with ELL students and families, incorporating students' home languages into instruction, and embedding diverse texts that reflect students' identities.

Collaboration and Co-Teaching: Strengthening ENL and content teacher partnerships through lesson planning, co-teaching models (team teaching, station rotation), and peer coaching cycles.

ELL Subgroup-Specific Needs: Targeted strategies for newcomers, long-term ELLs, students with disabilities, and advanced learners to ensure access to rigorous grade-level content.

Compliance and Standards: Continuous review of ESSA, NYSED ELL standards, CR-SE framework, and NYC DOE Policy & Reference Guide expectations to ensure program fidelity.

Program-Specific Skill Development

Phonemic Awareness & Fluency: Early Bird teachers engage in PD cycles on structured literacy and fluency practice.

Guided Reading & Academic Vocabulary: Saturday Academy PD focuses on building vocabulary banks and guided reading protocols aligned to NYSESLAT standards.

Speaking, Listening, Writing: After-School PD emphasizes short, interactive activities that foster productive oral and written language use.

Math for ELLs: Across all programs, PD includes strategies for accessing math through language scaffolds, visuals, and Illustrative Math tasks tailored for ELLs.

Sustainability and Monitoring

PD sessions are held monthly, supplemented by weekly ENL/content planning meetings.

Teachers participate in learning cycles that include modeling, classroom implementation, observation, and reflection.

Feedback is gathered through teacher surveys, PD exit tickets, and student performance data, ensuring PD is responsive and iterative.

By ensuring that PD is ongoing, program-aligned, and data-driven, P.S. 14 equips teachers with the tools needed to accelerate English acquisition, leverage home language supports, and promote high achievement in core academic areas. This sustained professional learning directly supports the goals of Title III Immigrant-funded programming.

Professional development is sole used for the Title III program and teachers who support the program.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

The provider of professional development will be Anastasios Argyros, Assistant Principal.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

P.S. 14 maintains a comprehensive documentation system to ensure full compliance with Title III Immigrant program requirements and readiness for any audit or monitoring visit. All documentation is aligned to the expectations outlined in the Title III FAQ and stored in both hard-copy compliance binders and digital Google Drive folders on the DOE platform for secure, immediate access.

1. Parent Engagement and Notification

Translated Parent Letters: Dated and signed copies of parent notification letters are maintained, translated into families' preferred languages, and explicitly reference "Title III" and the specific supplemental programs offered (Early Bird, Saturday Academy, After-School).

Distribution Records: Copies of distribution logs (backpack mail, Operoo, Class Dojo postings) and screenshots of digital communications are filed to demonstrate outreach.

Needs Assessment Surveys: If parent/family surveys are conducted to determine program needs, all returned surveys are collected and archived.

2. Evidence of ELLs Served

Student Rosters: Each program (Early Bird, Saturday Academy, After-School) has detailed rosters listing participating students, their grade level, and proficiency level (EN, EM, TR, EX). Rosters also indicate the ENL/Bilingual-certified teacher assigned to the group.

Attendance Sheets: Daily attendance logs are maintained for each program session, signed by facilitators and aligned with program dates. Attendance is cross-referenced with ATS records for accuracy and stored both digitally and in hard copy.

3. Teacher Certification and Staffing Evidence

Certification Records: Copies of ENL/Bilingual teacher certifications (or TEACH system verification screenshots) are filed for all Title III program instructors.

Timesheets: Per-session payroll time sheets are maintained for each teacher, matching the program schedule and attendance logs. These serve as verification of staff time charged to Title III funding.

4. Professional Development Documentation

PD Agendas and Plans: Records include session goals, alignment to Title III objectives (language development, CR-SE practices, ELA/Math supports), and session logistics (dates, times, facilitators).

Sign-in Sheets: Teacher sign-in records are collected for every PD session to verify participation.

PD Materials: Slide decks, handouts, and instructional resources used during PD are archived.

Teacher Reflections/Evaluations: Post-PD surveys and reflective notes are collected to document the impact of training on instructional practice.

Evidence of Implementation: Classroom observation notes, sample lesson plans, and student work artifacts are retained to demonstrate how PD translates into instructional improvement for ELLs.

5. Parent Engagement Activities

Documentation for family workshops and literacy nights includes multilingual flyers, agendas, sign-in sheets, and parent feedback forms. Copies of all materials distributed at parent events are archived in both paper and digital form.

6. OTPS Expenditures (Other Than Personnel Services)

Fiscal Records: Purchase orders, invoices, receipts, and payment documentation for materials (e.g., Continental Press resources, TEAM toolkits, newcomer kits) are filed by fiscal year.

Budget Alignment: Expenditures are monitored to ensure that materials account for less than 20% of total Title III funds, in accordance with DOE and federal guidelines.

Audit-Ready System:
To ensure ease of access during audits, documentation is organized into six sections across Title III binders and DOE Drive folders:

Parent Notifications and Engagement

Student Rosters and Attendance

Teacher Certification and Timesheets

Professional Development Records

Parent Engagement Events

OTPS Expenditures

The documentation for the monthly professional development series facilitated by the Assistant Principal Argyros, which is funded by Title III, will include a SY 25-26, NYC DOE Drive digital archive to ensure accuracy of all materials necessary for the program.

P.S. 14 ensures that all Title III documentation is organized, transparent, and immediately accessible in the event of an audit or monitoring visit. This system reflects the school's commitment to compliance, accountability, and the effective use of Title III Immigrant funding to support multilingual learners and their families.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 14 recognizes the essential role of families in supporting the academic success of Multilingual Learners/English Language Learners (MLs/ELLs). In alignment with Title III requirements, the school offers a series of structured, culturally responsive, and linguistically accessible family engagement activities that strengthen the home–school partnership. These activities are designed not only to build parent capacity but also to directly support the language development and academic achievement of ELLs.

Specific Family Engagement Activities

Parent Workshops and Information Sessions

Monthly sessions focus on navigating the U.S. education system, understanding report cards and testing (NYSESLAT, State Exams), and strategies to support language development at home.

Workshops will be bilingual, with translation services available.

Topics will also include using online tools (e.g., iReady, Operoo, Class Dojo) to support children's learning.

Family Literacy Nights

Parents and children participate together in reading and writing activities that promote literacy in both English and the home language.

Families receive take-home bilingual texts and literacy toolkits to reinforce skills outside of school.

Parent Resource Center Access

The ENL office suite is equipped with bilingual materials, translated resources, and digital supports.

Parents may access multilingual guides for supporting reading at home, math vocabulary lists, and culturally relevant literature.

Cultural Celebrations and Community Events

Title III funds will support cultural events where families share traditions, foods, and performances that highlight the diversity of the school community.

Events will include student showcases of writing, art, and projects in both English and the home language.

Parent-Teacher Conferences with Interpretation

All ELL families are encouraged to attend conferences where teachers provide progress updates tied to NYSESLAT and classroom assessments.

Title III funds will support interpreters to ensure equitable communication.

Bilingual Parent Outreach Specialists

Specialists will contact families in their preferred language, support translation of key resources, and help parents understand their child's ENL program placement and services.

Title III Funding Compliance

Allowable OTPS Costs: Title III funds may be used to purchase bilingual texts, literacy kits, cultural event supplies, and translation services. These expenditures will be calculated as part of OTPS costs and will remain under the 20% cap of the total Title III allocation.

Teacher Per Session: Teachers facilitating family engagement events (e.g., leading a literacy night) will be compensated through per session. These costs will be tracked separately and will not exceed the 10% cap of the total Title III allocation.

Documentation: All Title III expenditures for family engagement, including vendor invoices and teacher timesheets, will be logged in the fiscal binder and DOE Google Drive to ensure compliance and audit readiness.

Needs Assessment to Drive Activities

Parent Surveys: Distributed in multiple languages to identify family interests, needs, and preferred workshop topics.

Focus Groups: Conducted with immigrant families to understand cultural and linguistic barriers to engagement.

Student Data Analysis: Reviewing ELL performance on NYSESLAT, ELA, and Math to align parent workshops with areas of need (e.g., math vocabulary, reading fluency).

Community Consultation: Partnering with local organizations that serve immigrant families to strengthen cultural connections and extend supports.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**

- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Revised Narrative: Rationale for Family Engagement Workshops

The rationale for family workshops at P.S. 14 is to empower parents of ELLs with the knowledge and skills necessary to support their children's academic, social, and emotional development. Research and school-based data confirm that parental involvement is a key factor in ELL student success, and equipping families with strategies to engage in their child's learning strengthens home–school partnerships.

Workshops will serve to:

Enhance communication and collaboration by bridging the gap between home and school.

Improve academic performance by familiarizing parents with curriculum, instructional methods, and strategies to support learning at home.

Promote social-emotional well-being (SEL) by equipping families with tools to build resilience and address the emotional needs of ELL students.

Increase engagement by offering culturally and linguistically responsive topics aligned with the needs and interests of families.

Data Sources Used to Plan Activities

The design of these workshops is grounded in multiple data sources to ensure that activities respond to authentic family needs:

Parent Surveys: Formal surveys were distributed in English, Spanish, Arabic, and Chinese to capture parent preferences regarding workshop topics (e.g., homework support, navigating U.S. schools, SEL). Survey results revealed strong interest in literacy support at home, state testing information, and social-emotional development strategies.

In-House Informal Surveys: ENL teachers and the Parent Coordinator collected feedback during parent-teacher conferences and daily interactions. Parents frequently requested clearer guidance on supporting math vocabulary and reading fluency at home.

PTA/PA Requests: Parent Association meeting notes documented requests for information sessions on bilingual resources, graduation requirements, and college readiness, which were factored into the workshop plan.

Teacher Input: ENL and classroom teachers noted that students with lower attendance and weaker academic performance often had families seeking more direct guidance, leading to targeted SEL-focused sessions.

Student Data: Analysis of Spring 2025 NYSESLAT results (with 519 EN/EM students and 133 TR/EX students still below proficiency) and ELA State Test performance (Grades 3–5 ELLs averaging only 11–15% at Levels 3–4) highlighted the urgent need for family workshops on language development strategies and literacy reinforcement.

Community Resources: Partnerships with local immigrant-serving agencies provided additional insights into family needs, including legal rights in schools, bilingual library access, and social-emotional supports for newcomers.

By triangulating data from surveys, teacher feedback, parent requests, student outcomes, and community partnerships, P.S. 14 ensures that family workshops are not generic, but tailored to the needs of immigrant and ELL families.

Implementation of Workshops

Schedule: At least one workshop per month, beginning November 2025, covering topics aligned to family-identified needs.

Notification: Families will be notified via email, Class Dojo, the school website, and front bulletin board postings. Flyers will be translated into Spanish, Arabic, and Chinese prior to distribution.

Facilitation: Sessions will be led primarily by ENL staff and the Parent Coordinator, with translation services provided.

Documentation: Attendance will be collected at each session, and sign-in sheets will be kept in a binder at the Parent Coordinator's desk in the main office. Flyers, agendas, and translated materials will be archived in both hard copy and digital folders to ensure compliance with Title III audit requirements.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

P.S. 14 has established a structured calendar of family engagement workshops for the 2025–2026 school year. Each session is designed to last one hour, and all workshops are aligned with the needs of families of Multilingual Learners/English Language Learners (MLs/ELLs) as identified through surveys, teacher input, and parent requests.

Schedule and Duration Details

Start and End Dates: The family engagement workshop series will begin in November 2025 and conclude in April 2026.

Total Number of Sessions: There will be six workshops in total, with one workshop offered each month during the cycle.

Days of Sessions: Sessions will be held on Wednesdays to maximize parent participation and align with existing school community schedules.

Time and Duration of Sessions: Each workshop will run for 1 hour. Sessions will rotate across three times to provide flexible access for families:

Before school (7:00 a.m. – 8:00 a.m.)

During the school day (9:00 a.m. – 10:00 a.m.)

Afternoon (2:30 p.m. – 3:30 p.m.)

Session Dates

November 19, 2025 – Before School Session (7:00–8:00 a.m.)

December 10, 2025 – During School Session (9:00–10:00 a.m.)

January 21, 2026 – Afternoon Session (2:30–3:30 p.m.)

February 11, 2026 – Before School Session (7:00–8:00 a.m.)

March 18, 2026 – During School Session (9:00–10:00 a.m.)

April 15, 2026 – Afternoon Session (2:30–3:30 p.m.)

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Family engagement workshops at P.S. 14 are designed to equip parents of ELLs with practical strategies to support their children's learning at home and at school. Each session provides parents with actionable tools, bilingual resources, and opportunities for collaboration with school staff.

Academic Support Workshops

The Five Pillars of Reading (Phonemic Awareness, Phonics, Fluency, Vocabulary, and Comprehension): Parents will learn strategies to support literacy development at home, such as shared reading routines, vocabulary-building games, and comprehension checks.

Family Literacy, Math, and STEM Nights: Interactive sessions where parents and children work together on grade-level reading, problem-solving, and science projects, reinforcing classroom learning.

How to Read and Understand Your Child's IEP: Parents will learn how to interpret IEP goals and progress reports, with strategies to reinforce supports at home.

Technology for Learning Success (Google Classroom, iReady, Operoo, Google Meets vs. Zoom): Workshops will train parents in the platforms their children use daily, ensuring they can monitor progress and provide tech support at home.

Social-Emotional and Behavioral Support Workshops

Positive Reinforcement and Behavior Support at Home: Parents will learn how positive reinforcement strategies improve children's motivation and behavior in both academic and social contexts.

Listening and Responding with Empathy: Techniques for supporting children's social-emotional needs, building resilience, and creating a supportive home learning environment.

Active Parenting: Strategies for teaching responsibility, supporting brain development, and reinforcing discipline in ways that promote academic achievement.

Community and Cultural Integration Workshops

Welcoming Newcomer Families: Sessions introducing newly arrived immigrant parents to P.S. 14's school culture, academic programs, and the Corona community. These sessions will also include resources on accessing school services and community supports.

Coffee and Conversations (Q&A with Staff): Informal sessions for parents to ask questions, receive updates, and discuss upcoming school events.

Safety at School and at Home: Parents will learn school safety procedures and strategies to create safe home environments.

Nutrition and Healthy Living: Supporting healthy routines that contribute to children's focus, energy, and academic performance.

Helping Our Planet – Family Sustainability Practices: Activities on recycling, reducing waste, and making eco-conscious choices at home that reinforce environmental science learning in the classroom.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

1. Parent Workshops and Information Sessions

Providers:

Ms. MacBride, ENL Teacher

Ms. Russo, ENL Teacher

Parent Coordinator (School Staff)

Mr. Argyros, Assistant Principal

2. Family Literacy, Math, and STEM Nights

Providers:

Ms. Gerard, ENL Teacher

Ms. Alvarez, ENL Teacher

Ms. Casale, ENL Teacher

Content-Area Teachers (Math/Science Specialists)

3. Positive Reinforcement and Behavior Support Workshop

Providers:

Ms. Diaz, ENL Teacher

School Guidance Counselor (Support Staff)

4. Listening and Responding with Empathy Workshop

Providers:

Ms. Alberto, ENL Teacher

Parent Coordinator (School Staff)

5. Welcoming Newcomer Families to P.S. 14

Providers:

Mr. Argyros, Assistant Principal

Ms. Barger, ENL Teacher

Parent Coordinator (School Staff)

6. Technology for Learning Success (Google Classroom, iReady, Class Dojo, Zoom/Google Meet)

Providers:

Ms. Russo, ENL Teacher

School Technology Teacher/Coordinator (Support Staff)

7. Coffee and Conversations (Informal Q&A with Staff)

Providers:

Mr. Argyros, Assistant Principal

Parent Coordinator (School Staff)

8. How to Read and Understand Your Child's IEP

Providers:

Ms. Gerard, ENL Teacher

School Special Education Coordinator (Support Staff)

9. Nutrition and Healthy Living Workshops

Providers:

Ms. Casale, ENL Teacher

Community-Based Organization Partner (Nutritionist Vendor)

10. Safety Workshops (School and Home Safety Procedures)

Providers:

Ms. Alvarez, ENL Teacher

School Safety Officer (School Staff)

11. Helping Our Planet – Family Sustainability Practices

Providers:

Ms. Barger, ENL Teacher

Community Environmental Organization (Vendor/Guest Speaker)

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified in the following aways:

Class Dojo
Instagram
PS14incorona.org
memo home
twitter
Monthly letter on Canva

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

P.S. 14 will maintain a comprehensive documentation system to ensure all Title III family engagement activities are recorded and audit-ready. All records will be stored in both hard-copy compliance binders and digital Google Drive folders maintained by Mr. Anastasios Argyros, Assistant Principal, for the duration of the school year.

Outreach Documentation

Translated Letters: Copies of dated parent notification letters in English, Spanish, Arabic, Chinese, and any other required languages will be retained. Letters will explicitly reference “Title III” and provide program descriptions, dates, and times.

Distribution Logs: Evidence of how outreach was conducted (backpack mail, Operoo emails, Class Dojo posts, school website updates) will be archived. Screenshots of digital postings will be stored in the Title III folder.

Needs Assessment Surveys: Copies of surveys distributed to families (in multiple languages) and compiled results will be maintained as evidence of family input in planning workshops.

Attendance Documentation

Sign-In Sheets: Each Title III family engagement workshop will have a sign-in sheet with parent/guardian names and student information. Sheets will be dated and signed by facilitators.

Digital Attendance Records: All attendance will also be logged into a shared Google Sheet, cross-referenced with session dates, ensuring real-time record keeping.

Archiving: Physical copies will be filed in the Parent Engagement section of the Title III binder, while digital scans are uploaded to the DOE Drive.

Interpretation and Translation Documentation

Translation Evidence: Copies of translated flyers, agendas, and workshop materials will be stored as proof of outreach accessibility.

Interpreter Logs: When interpretation services are provided at workshops or parent-teacher conferences, an interpreter service log will be completed, listing:

Date of service

Language provided

Name/title of interpreter (school staff or vendor)

Activity type (workshop, meeting, conference)

Vendor Invoices: If outside interpretation vendors are used, invoices will be filed under the OTPS Expenditures section of the Title III compliance binder.

Additional Evidence Collected

Copies of workshop PowerPoints, handouts, and agendas.

Parent feedback forms from workshops to document engagement and impact.

Photographic evidence of family engagement events when appropriate.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

NA

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School

Grades to be served in this program. Select all that apply.

,2,1,K,3,4,5

Total number of teachers in this program:

12

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Program Timing

The Early Bird Program will run before school, from 7:05 a.m. to 8:05 a.m., Monday through Friday, beginning January 2026 and continuing through April 2026.
The program will operate for approximately 16 weeks and will be housed in designated classrooms at P.S. 14Q, serving newcomer and developing English Language Learners (ELLs), including recently arrived immigrant students.

Activities and Enhancement of Instructional Opportunities

The Early Bird Program continues to serve as a targeted supplemental instructional initiative that extends learning

opportunities for immigrant and newcomer ELLs beyond the regular school day. The program's instructional design will support language acquisition, academic vocabulary, and grade-level content access through the following components:

Phonemic Awareness and Fluency Building: Daily structured exercises focusing on phonics, pronunciation, vocabulary expansion, and reading fluency.

Guided Reading and Writing Workshops: Targeted literacy sessions reinforcing comprehension strategies, sentence development, and grammar practice through high-interest texts.

Academic Speaking and Listening Activities: Interactive dialogues, role-play, and oral presentations to strengthen academic discourse and confidence in English communication.

Math Through Language: Scaffolded math instruction emphasizing vocabulary, problem-solving, and concept connections using visuals and manipulatives.

Integration of Realia and Technology: Use of real-life objects, digital supports (e.g., iReady, Imagine Learning), and culturally relevant texts to promote engagement and comprehension.

Students will participate in interactive, scaffolded lessons that integrate ELA, mathematics, and science while receiving bilingual support in their home language (L1) when appropriate. All instructional activities are designed to accelerate English proficiency while maintaining content rigor and fostering inclusion.

Grouping of Students

Students will be grouped by English proficiency levels using the Spring 2025 NYSESLAT and initial home language survey data for new arrivals. Groupings will ensure differentiation and equitable instructional access.

Grouping Structure:

Grade 2: 1 Group of 10 Students (Emerging and Transitioning levels).
Grade 3: 3 Group of 10 students each (Emerging and Transitioning levels).
Grade 4: 1 Group of 10 Students each (Emerging and Transitioning levels).
Grade 5: 1 Group of 10 students each (Emerging, Transitioning, and Expanding levels).

Total Number of Groups: 6
Total Number of Students: 60
Number of ELLs per Group: 10

Grouping will remain flexible throughout the cycle, with students regrouped based on ongoing assessment data to meet evolving linguistic and academic needs.

Instructional Delivery

Instruction will be delivered through collaborative, research-based co-teaching models aligned to the Danielson Framework and NYSED CR-SE principles:

Team Teaching: ENL and content area teachers co-plan and co-deliver integrated lessons blending language and content standards.

Parallel Teaching: Both teachers simultaneously deliver instruction to smaller groups to enhance differentiation and engagement.

Station Rotation: Students rotate through language, reading, and content-based learning centers emphasizing oral language, literacy, and applied skills.

Flexible Grouping: Teachers use formative data to modify groupings, ensuring ongoing alignment to individual student goals and proficiency levels.

This multi-modal approach promotes engagement, reduces linguistic barriers, and provides personalized pathways for student success.

Supervision and Cost

The program will be supervised by the Assistant Principal for ENL and Bilingual Programs, ensuring fidelity to Title III Immigrant compliance and instructional alignment.

Supervisor: Assistant Principal (regular day ends 2:50 p.m.)

Per Session Hours: 7:05–8:05 a.m., five days per week (Title III Immigrant–funded supervision)

Supervisory Duties: Oversight of attendance, instructional quality, alignment to Title III objectives, and teacher coordination.

Staffing includes:

8 ENL/Bilingual-certified teachers

4 content area teachers with training in ELL differentiation

1 paraprofessional/school aide for logistical and attendance support

All staffing, supervision, and instructional materials will be funded through Title III Immigrant allocations.

Assessment and Monitoring

Student progress will be continuously monitored through multiple measures, including:

Pre- and post-assessments in literacy and oral language to determine growth.

Ongoing formative assessments (running records, oral check-ins, exit tickets).

Teacher-created rubrics to evaluate student progress in listening, speaking, reading, and writing.

Parent engagement sessions (February and April 2026) to share student progress and provide resources for home language and English support.

Data will be reviewed bi-weekly by the ENL team to adjust instruction and ensure each student is on track toward achieving English language proficiency and grade-level benchmarks.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The Early Bird Program serves as a targeted intervention for immigrant English Language Learners (ELLs), addressing persistent linguistic and academic barriers identified through comprehensive quantitative performance data and qualitative instructional analysis. The program specifically supports immigrant students in Grades 2–5 performing at the Entering (EN), Emerging (EM), Transitioning (TR), and Expanding (EX) proficiency levels on the Spring 2025 NYSESLAT.

Quantitative Findings

Analysis of Spring 2025 NYSESLAT results indicated that 65 immigrant students (43%) in Grades 2–5 scored at the Entering (EN) level and 52 immigrant students (35%) scored at the Emerging (EM) level. Combined, 78% of immigrant ELLs remain at the two lowest proficiency levels, demonstrating significant needs in phonemic awareness, academic vocabulary, and reading comprehension.

State assessment data from the 2024–2025 administration revealed that 41% of immigrant ELLs scored at Level 1 on the ELA exam and 38% scored at Level 1 in Mathematics, compared to 18% and 15% respectively among non-ELL peers. These gaps highlight persistent disparities in language-mediated academic tasks, particularly in reading comprehension and multi-step word problems.

EDAT subgroup analysis showed that immigrant ELLs in the lowest proficiency bands demonstrated an average student growth percentile (SGP) of 32 in ELA and 29 in Math, falling below the NYC DOE benchmark of 50 for expected annual growth. Newcomer students within this group posted the lowest growth rates.

A total of 60 immigrant ELLs (40%) were identified as requiring supplemental instructional time based on combined NYSESLAT, EDAT, and classroom performance indicators.

Attendance records from SY 2024–2025 indicated that 27% of newcomer immigrant students met the threshold for chronic absenteeism, compared to 14% of the general student population, correlating with slower English language acquisition and reduced instructional exposure.

Identified Trends Among Immigrant Students

Longitudinal analysis from 2023–2025 shows that immigrant ELLs who entered at the EN/EM levels required an average of 2.5 to 3 years to reach the Expanding (EX) level without targeted intervention, delaying access to grade-level curriculum.

Students who did not participate in supplemental programming demonstrated an average NYSESLAT growth rate of 0.6 proficiency levels per year, compared to 1.2 levels per year among participants in structured before-school or after-school language programs.

Immigrant students with inconsistent attendance demonstrated significantly lower gains in speaking and writing domains, reinforcing the need for consistent, structured instructional time.

Newly arrived students (less than 12 months in U.S. schools) were twice as likely to score at Level 1 on state assessments as long-term ELLs, particularly in ELA.

Qualitative Insights

Teacher feedback and instructional team debriefs consistently identified difficulties in grade-level text comprehension, academic discourse, and mathematical reasoning in English among immigrant students.

Classroom observations conducted during Fall 2025 cycles showed that immigrant ELLs demonstrated increased engagement and improved decoding and oral language skills in small, linguistically responsive instructional settings.

Student voice surveys indicated that 72% of participating immigrant ELLs reported increased confidence in speaking during whole-group and small-group instruction after receiving early-morning intervention.

ENL and bilingual educators emphasized that sustained, scaffolded instruction prior to the start of the school day allows for intensified language development without reducing access to core academic instruction.

Data Sources Used to Justify the Need for the Program

Spring 2025 NYSESLAT Results: Identified that 78% of immigrant ELLs remain at EN/EM proficiency levels, guiding instructional grouping and curriculum design.

NYS ELA and Math Assessments (2024–2025): Documented that over 40% of immigrant ELLs performed at Level 1 in ELA and Math.

EDAT Progress Monitoring Reports: Revealed below-benchmark growth percentiles for newcomer and long-term immigrant ELLs.

Teacher Observations and Team Reflections: Confirmed persistent linguistic barriers and instructional needs.

Parent Engagement Logs: Reflected strong family demand for additional language support opportunities.

SY 2024–2025 Early Bird Attendance and Outcome Data: Demonstrated higher NYSESLAT growth and improved attendance among program participants.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The total number of students for this program will be 60 immigrant students in Grades 2–5. All students served meet the Title III Immigrant eligibility criteria, as they were not born in any U.S. state, including the District of Columbia and the Commonwealth of Puerto Rico, and have not attended one or more schools in any U.S. state for more than three full academic years. Of the 60 immigrant students served, 60 are identified as English Language Learners (ELLs) and 0 are non-ELL immigrant students.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Early Bird Program – Targeted Academic and Language Support for Immigrant ELLs

Program Schedule and Duration:

The Early Bird Program will operate from January 6, 2026, through March 26, 2026, and will be offered three days per week on Tuesdays, Wednesdays, and Thursdays. Instruction will take place on the following dates:

January 2026: January 6, 7, 8, 13, 14, 15, 20, 21, 22, 27, 28, 29

February 2026: February 3, 4, 5, 10, 11, 12, 24, 25, 26

March 2026: March 3, 4, 5, 10, 11, 12, 17, 18, 19, 24, 25, 26

The program will consist of approximately 33 instructional sessions across 11 weeks.

Each session will take place from 7:05 a.m. to 8:05 a.m., with a duration of 1 hour per session.

Program Setting:

The program will be housed in designated classrooms at P.S. 14Q and will operate before regular school hours. Instruction will occur in small-group settings designed to strengthen academic language proficiency and foundational literacy skills for immigrant and newcomer English Language Learners.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction that will be provided for the Title III Immigrant program will be in English with Home Language (HL) supports as necessary support language acquisition/development needs.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

The program will have 12 certified teachers who are either TESOL and/or Bilingually certified.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

The program utilizes a variety of culturally relevant and linguistically appropriate materials, including:

SEI curriculum resources: Designed to scaffold language acquisition and academic content.
Bilingual textbooks and supplementary materials: Supporting comprehension and content mastery.
Technology-based resources: Interactive platforms and digital tools to enhance learning.
Culturally relevant literature and materials: Celebrating students' diverse backgrounds and fostering cultural awareness.

Arts materials
Math manipulatives
curricular materials
Materials: K-5
Publisher: Continental
*Practice Exercises in Basic English
*Phonics and Word Study
*On Our Way to Reading - Newcomers / K-2nd grade
*Ready, Set, Go! Newcomers Kits - 3rd - 5th grades
New York TEAM toolkits
NatGeo workbooks
Aprendo Leyendo
FUNdations
mCLASS

All of these will be at the cost of the Title III program.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Student Identification

Eligible students for the Early Bird Program will be identified using Spring 2025 NYSESLAT results, ELA and Math state assessment data, and teacher recommendations from the Fall 2025 progress monitoring cycle. Students in Grades 2–5 performing at the Entering (EN), Emerging (EM), Transitioning (TR), and Expanding (EX) proficiency levels will be prioritized, with particular attention to newly enrolled immigrant students who meet Title III Immigrant eligibility requirements.

Parents and guardians of eligible students will be formally notified in writing of program eligibility and participation requirements by December 2025 in their preferred language.

Scheduling and Grouping

The program will operate before school on Tuesdays, Wednesdays, and Thursdays from 7:05 a.m. to 8:05 a.m., beginning January 6, 2026, and ending March 26, 2026.

Students will be grouped by grade band and English proficiency into six instructional groups:

Two groups for Grades 2–3 (EN/EM and TR/EX)

Four groups for Grades 4–5 (EN/EM and TR/EX)

Instructional Focus

Instruction will target reading, writing, speaking, and listening with cross-curricular integration in ELA and Math. Instruction will emphasize:

Phonemic awareness and academic vocabulary development

Guided reading and writing using leveled texts

Listening and oral language practice through structured dialogue

Math fluency through visual supports, manipulatives, and real-world application tasks

Instructional Delivery Models

Instruction will be delivered through:

Co-teaching between ENL and content teachers

Parallel teaching for differentiated instruction

Station rotation with language- and content-focused learning centers

Parent Notification and Engagement

Parents and guardians will receive written notification of their child’s eligibility, program schedule, and participation requirements by December 2025 in their preferred language, using the NYC DOE Translated Documents Repository.

Documentation will include:

Dated copies of notification letters in English and home languages

Parent acknowledgment forms with signatures and dates

Translation verification and certification forms

Records of phone calls and in-person meetings

Attendance sign-in sheets for family meetings

Family information sessions will be held in early January 2026. Monthly engagement mornings in February and March will provide progress updates and instructional support strategies.

Staff Training and Collaboration

ENL and content teachers will participate in collaborative planning sessions twice monthly. Documentation will include agendas, attendance sheets, and reflection notes. The Assistant Principal will facilitate and monitor these sessions to ensure alignment with Title III Immigrant program goals.

Materials and Resources

Instruction will use approved DOE ENL instructional resources, including:

Practice Exercises in Basic English

Phonics and Word Study

Ready, Set, Go! Newcomers Kits

Imagine Learning Language and Literacy

All instructional materials and supplies will be purchased using Title III Immigrant funds in accordance with NYC DOE procurement procedures.

Supervision and Monitoring

The Assistant Principal for ENL/Bilingual Programs and the ENL Coordinator will conduct classroom walkthroughs, review attendance and assessment data, and monitor instructional quality. Observation notes and monitoring logs will be maintained for compliance and audit purposes.

How the School Will Maintain Required Records

All program documentation will be maintained in both secure digital and physical formats to ensure accessibility, compliance, and audit readiness.

1. Parent Notification Documentation

The school will maintain:

Copies of translated notification letters with distribution dates

Signed parent acknowledgment forms

Translation verification forms

Records of outreach communications

Meeting agendas and sign-in sheets

Storage System and Location:
Google Drive Folder Structure:
Title III Immigrant ? Parent Communication ? 2025–2026 ? Early Bird Program
Physical binders labeled “Title III Immigrant – Parent Communication” stored in the Assistant Principal’s office.

2. Student Attendance Records

Daily attendance will be recorded for each instructional session and will include:

Student full name

OSIS number

Immigration eligibility status

Date of attendance

Present/absent designation

Attendance will be maintained in a shared Google Sheet and archived monthly as PDF files.

Storage System and Location:
Title III Immigrant ? Attendance ? Early Bird ? 2025–2026
Hard copies maintained in attendance binders in the AP office.

3. Student Rosters and Assessment Records

Updated rosters will include:

Student name

OSIS number

Grade level

NYSESLAT proficiency level

Instructional group assignment

Attendance summary

Assessment documentation will include pre-assessments, post-assessments, and progress monitoring records.

Storage System and Location:
Title III Immigrant ? Student Records ? Early Bird ? 2025–2026

4. Staff Certification and Assignment Records

The school will maintain a comprehensive staffing roster including:

Staff member name

Program role

NYS certification type and area

License number (when applicable)

Certification expiration date

Copies of certification credentials and assignment letters will be archived.

Storage System and Location:
Title III Immigrant ? Staffing ? Certifications ? 2025–2026
Personnel binders maintained in the AP office.

5. Financial Records (Purchase Orders and Invoices)

Financial documentation will include:

Approved purchase orders

Vendor invoices

Delivery confirmations

Payroll records and timecards

Budget tracking spreadsheets

All records will comply with NYC DOE fiscal accountability requirements.

Storage System and Location:
Title III Immigrant ? Fiscal ? Early Bird ? 2025–2026
Physical fiscal binders maintained in the main office.

6. Teacher Notes and Progress Reports

Teachers will maintain:

Weekly instructional logs

Individual student progress notes

Monthly summary reports

Storage System and Location:
Title III Immigrant ? Instruction ? Progress Monitoring ? 2025–2026

7. Parent Engagement Records

Documentation will include:

Meeting agendas

Sign-in sheets

Feedback forms

Presentation materials

Storage System and Location:
Title III Immigrant ? Family Engagement ? 2025–2026

8. Professional Development Records

Records will include:

PD agendas

Attendance logs

Reflection notes

Coaching documentation

Storage System and Location:
Title III Immigrant ? Professional Development ? 2025–2026

Titles of Staff Responsible for Implementation and Oversight

Assistant Principal (ENL/Bilingual Programs): Program supervision, compliance monitoring, and reporting

ENL Coordinator: Instructional oversight and record maintenance

ENL/Bilingual Teachers: Instruction and documentation

Content Area Teachers: Language-content integration

School Aide: Attendance tracking, materials preparation, and logistical support

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional Development Summary – Title III Immigrant Program (SY 2025–2026)

Our Title III Immigrant professional development plan for SY 2025–2026 is designed to strengthen teacher capacity in supporting the language acquisition, academic achievement, and socio-emotional integration of immigrant and newcomer students. The sessions will ensure that ENL, bilingual, and content area teachers possess the tools necessary to provide equitable and high-quality instruction aligned with NYSED CR-SE and Danielson Framework standards.

Professional Development Overview

Professional development will be delivered through a series of targeted workshops, collaborative planning sessions, and coaching cycles between January and March 2026, coinciding with the Early Bird Program cycle. All sessions will be led by the Assistant Principal for ENL and Bilingual Programs and the ENL Coordinator, with additional facilitation by experienced ENL and content area teacher leaders.

The professional learning series will include four key strands: Language Acquisition Strategies, Academic Content Integration, Culturally Responsive Pedagogy, and Family & Community Engagement.

All teachers in the Title III program will be included in the training and Professional Development listed.

Activities by Topic

1. English Language Acquisition (ELA Focus)

Language Objectives & Scaffolding:

Participants will learn to write measurable language objectives aligned to content standards and differentiate instruction for multiple proficiency levels.

Data-Informed Planning:
Teachers will analyze Spring 2025 NYSESLAT and EDAT data to identify trends and inform small-group instruction within the Early Bird Program.

2. Academic Achievement and Content Integration

Content-Specific ELL Strategies:
Sessions will focus on teaching math and science through visual supports, graphic organizers, and real-world contexts to make language and content accessible.

Co-Teaching and Collaborative Planning:
ENL and content area teachers will plan and model co-teaching approaches (team, parallel, and station teaching) to promote shared ownership of ELL instruction.

Formative Assessment for Multilingual Learners:
Teachers will explore authentic assessment techniques that capture both language growth and content mastery, including oral rubrics and interactive performance tasks.

3. Culturally Responsive-Sustaining Pedagogy (CR-SE)

Cultural Asset Mapping:
Teachers will identify and integrate the cultural backgrounds of immigrant students into lesson planning, ensuring representation and inclusivity.

Social-Emotional Learning for Immigrant Students:
Sessions will emphasize SEL practices that address transition stress, identity affirmation, and peer integration for newcomer ELLs.

Building Inclusive Classroom Communities:
Teachers will collaborate on classroom practices that foster belonging and cultural pride while maintaining high academic expectations.

4. Family and Community Engagement

Engaging Multilingual Families:
Teachers will learn effective communication techniques using DOE translation resources and community partnerships to strengthen school-family collaboration.

Connecting with Community Organizations:
The PD will introduce teachers to local immigrant support networks and after-school programs that extend student learning beyond the classroom.

Funding Source and Cost Structure

All professional development activities under this initiative will be funded through Title III Immigrant allocations for SY 2025–2026.

Teacher Per-Session Compensation:
Teachers attending workshops outside contractual hours will be compensated at the DOE per-session rate. PD per-

session costs will remain below 10% of the total Title III Immigrant allocation.

OTPS/Vendor Costs:
No external vendors will be utilized this year; PD will be internally facilitated by school-based staff. Therefore, OTPS costs will remain below the 20% threshold of the Title III Immigrant budget.

Format and Evaluation

Formats: In-person workshops, after-school planning sessions, and asynchronous online modules.

Duration: One-hour sessions, twice monthly (January–March 2026).

Evaluation: Participant feedback, exit tickets, and lesson plan artifacts will be collected to measure impact and alignment to Title III goals.

Documentation: Attendance sheets, agendas, materials, and reflections will be archived as evidence of compliance.

Expected Outcomes

Through this professional development series, teachers will:

Implement research-based strategies that improve English language proficiency across all domains.

Design linguistically scaffolded lessons that integrate language and content objectives.

Strengthen classroom environments that affirm cultural identity and support social-emotional growth.

Deepen collaboration between ENL, bilingual, and content area teachers to sustain equitable instructional practices.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The Title III Immigrant professional development (PD) plan for SY 2025–2026 is grounded in a systematic analysis of student performance data, instructional observation trends, teacher feedback, and school climate indicators. Multiple data sources from SY 2024–2025 and Fall 2025 demonstrate persistent instructional and systemic barriers impacting immigrant students' academic, linguistic, and social-emotional development. These findings directly inform the selection and design of professional learning activities.

Data sources include Spring 2025 NYSESLAT results, EDAT reports, state assessments, Danielson-aligned

observations, teacher surveys (Fall 2025), student climate surveys (2025), and parent engagement records.

Activity-Specific Rationale
1. English Language Acquisition (ELA Focus)
A. Sheltered Instruction and Language Development Strategies

Data Findings and Trends:
Fall 2025 observation data aligned to Danielson Component 3c indicated that only 54% of observed lessons demonstrated consistent use of language objectives, structured academic discourse, and explicit vocabulary instruction. Teacher feedback surveys administered in October 2025 showed that 72% of classroom teachers reported limited confidence in implementing sheltered instruction strategies across content areas.

Spring 2025 NYSESLAT results indicated that 42% of students in Grades 3–5 remained at the EN and EM proficiency levels, reflecting limited growth in oral language and academic discourse.

PD Justification:
Because observation and survey data indicate inconsistent implementation of sheltered instruction and continued low language proficiency levels, professional development will focus on explicit modeling of sheltered instruction techniques, academic language scaffolds, and structured oral language routines to improve instructional consistency and student language outcomes.

B. Culturally Responsive-Sustaining Pedagogy (CR-SE)

Data Findings and Trends:
Student interviews conducted in September 2025 revealed that many immigrant students reported limited opportunities to connect academic content to their cultural backgrounds. The 2025 NYC School Survey indicated that only 68% of students agreed that teachers incorporate cultural examples into instruction, falling below the district average of 74%.

Lesson plan reviews from Fall 2025 showed that fewer than 40% of reviewed units included culturally relevant texts or community-based examples.

PD Justification:
Given student feedback and curriculum audits demonstrating limited cultural representation, PD will focus on CR-SE-aligned instructional design, culturally relevant curriculum planning, and inclusive classroom discourse practices to increase student engagement and identity affirmation.

C. Assessment Literacy and Data-Informed Instruction

Data Findings and Trends:
Teacher reflection surveys (November 2025) indicated that 65% of teachers reported difficulty interpreting NYSESLAT and EDAT reports for instructional planning. EDAT progress monitoring data showed that 28% of multilingual learners had incomplete or inconsistent growth documentation between winter and spring benchmarks.

Team meeting notes revealed inconsistent use of formative assessment data during instructional planning cycles.

PD Justification:
Because teachers demonstrate limited confidence in data analysis and inconsistent monitoring practices, PD will prioritize training in interpreting assessment reports, aligning instructional responses to data trends, and establishing consistent progress monitoring protocols.

2. Academic Achievement and Content Integration

A. Language-Integrated Content Instruction

Data Findings and Trends:
Classroom walkthroughs conducted between September and November 2025 found that only 47% of math and science lessons included explicit language objectives. Curriculum audits showed that content-area lesson plans frequently lacked aligned vocabulary and discourse supports.

Spring 2025 state assessments showed a 22-point proficiency gap in math between ELLs and non-ELLs in Grades 4–5.

PD Justification:
Given limited language integration in content instruction and persistent achievement gaps, PD will focus on developing content-language alignment, academic vocabulary instruction, and discourse scaffolds in math and science classrooms.

B. Differentiation and Instructional Scaffolding

Data Findings and Trends:
Collaborative planning surveys (October 2025) indicated that 69% of teachers reported difficulty differentiating instruction in mixed-proficiency classrooms. Literacy assessment data showed that only 35% of multilingual learners met expected reading growth benchmarks.

Observation reports documented frequent use of whole-group instruction without tiered supports.

PD Justification:
Due to limited differentiation practices and low literacy growth rates, PD will emphasize tiered instruction, scaffolded reading strategies, and flexible grouping models to better meet diverse learner needs.

C. ENL–Content Teacher Collaboration

Data Findings and Trends:
Planning logs from SY 2024–2025 showed that only 58% of ENL-content teams met consistently. Comparative analysis revealed that co-taught classrooms demonstrated a 15% higher language growth rate than isolated instructional settings.

Teacher feedback indicated inconsistent co-planning structures.

PD Justification:
Because data demonstrates improved outcomes in collaborative settings, PD will prioritize co-planning protocols, shared lesson design, and role clarification for ENL and content teachers.

3. Social and Cultural Integration
A. Building Inclusive Classroom Communities

Data Findings and Trends:
The 2025 School Climate Survey indicated that only 71% of students reported a sense of belonging, representing a decline from 74% in 2024. Guidance counselor logs documented increased peer integration challenges among newcomer students.

Teacher reflections highlighted limited use of community-building routines.

PD Justification:

In response to declining belonging indicators, PD will focus on classroom community-building strategies, inclusive routines, and culturally responsive relationship-building practices.

B. Social-Emotional Learning and Trauma-Informed Practices

Data Findings and Trends:
Behavior and counseling data from Fall 2025 indicated that newcomer ELLs accounted for 38% of counseling referrals. Attendance records showed higher rates of absenteeism among students receiving referrals.

Teacher surveys revealed that 61% of staff requested training in trauma-informed practices.

PD Justification:
Because data reflects elevated emotional support needs, PD will emphasize trauma-informed instruction, SEL integration, and classroom-based mental health supports.

C. Community and Family Partnerships

Data Findings and Trends:
Parent interviews (Spring 2025) showed that fewer than 50% of families were aware of available community services. Referral data indicated that only 15% of eligible families accessed external supports.

Family engagement attendance logs reflected low participation rates in support workshops.

PD Justification:
Given limited family access to external resources, PD will include training on family outreach strategies, community partnership development, and culturally responsive communication practices.

Data Sources Used to Justify Professional Development

PD priorities are informed by the following evidence sources:

Spring 2025 NYSESLAT proficiency and growth data

2025 EDAT progress monitoring reports

NYS ELA and Math Assessment Data (2024–2025)

Danielson-aligned observation data (1e, 3b, 3c, 3d)

NYC DOE School and Student Climate Surveys (2025)

Teacher and paraprofessional surveys (Fall 2025)

Immigrant family engagement interviews and logs

MTSS attendance, behavior, and referral records

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Our Title III Immigrant Program ensures that all teachers and instructional staff supporting immigrant and newcomer English Language Learners receive ongoing, data-driven professional development aligned to the specific linguistic, academic, and social-emotional needs of their students. Professional learning opportunities are structured to build teacher expertise in language acquisition, culturally responsive instruction, and academic content integration, while fostering sustained collaboration across grade levels and content areas.

1. Needs Assessment and Targeting

Comprehensive Needs Analysis:
At the start of the 2025–2026 school year, the school leadership team conducted a Fall 2025 needs assessment through teacher surveys, classroom walkthroughs, and feedback from ENL team meetings. This process identified critical focus areas including:

Consistent implementation of sheltered instruction (SIOP) practices across content areas.

Enhanced use of formative assessment tools to track ELL progress.

Stronger cross-curricular collaboration between ENL and general education teachers.

Differentiated PD Pathways:
Based on the assessment results, professional development tracks were designed for specific teacher groups:

ENL Teachers: Advanced PD on data-informed planning, co-teaching models, and NYSESLAT-aligned formative assessment.

ELA Teachers: Focused PD on integrating language objectives into literacy instruction and supporting multilingual writing.

Content Area Teachers (Math, Science, Social Studies): Training on vocabulary scaffolding, language-rich questioning, and collaborative lesson design with ENL partners.

New Teachers and Paraprofessionals: Foundational workshops on second language acquisition, classroom language supports, and strategies for promoting social-emotional belonging among immigrant students.

2. Accessibility and Delivery Formats

Varied Learning Formats:
To meet the diverse learning needs of staff, PD will be offered through multiple modalities between January and March 2026, coinciding with the Early Bird Program cycle:

Workshops and Seminars: In-person, after-school sessions focused on practical classroom strategies and model lessons.

Online Modules: Asynchronous courses through DOE-approved platforms (e.g., WeLearn, TeachHub) for flexibility and continuity.

Instructional Coaching: One-on-one and small-group coaching cycles with the ENL Coordinator to provide individualized feedback and support.

Professional Learning Communities (PLCs): Monthly PLC meetings where ENL and content teachers collaboratively plan lessons, analyze student data, and share effective practices.

Scheduling and Participation:
Sessions will take place after school and during designated PD days, ensuring no disruption to core instruction. Substitute coverage will be available when daytime workshops are scheduled. Attendance will be tracked electronically through the Title III Immigrant PD log maintained by the ENL Coordinator.

3. Monitoring and Evaluation

Pre- and Post-Training Assessments:
Teachers will complete pre- and post-assessments measuring knowledge of SIOP strategies, CR-SE practices, and ELL differentiation techniques.

Feedback and Reflection:
Participant surveys, focus groups, and coaching reflections will be collected after each session to evaluate PD impact and identify additional areas of need.

Data Integration:
Findings from teacher observations (Danielson components 1e, 3b, 3c, 3d) and EDAT subgroup performance reports will be reviewed to measure how PD participation translates into improved instructional practice and student outcomes.

Ongoing Review:
The ENL Coordinator and Assistant Principal will analyze PD data quarterly to adjust the professional learning plan as needed and ensure sustained growth.

4. Sustainability and Integration

Budget and Funding:
All PD activities for staff working in the Title III Immigrant Early Bird Program will be funded through Title III Immigrant allocations for SY 2025–2026.

Teacher per-session compensation will remain within 10% of the total Title III Immigrant allocation.

No external vendor costs are projected; all PD is school-based and internally facilitated.

Integration with Schoolwide PD:
Title III Immigrant professional learning is embedded into the school's Comprehensive Educational Plan (CEP) and schoolwide PD calendar to ensure alignment with broader instructional goals.

Collaboration with External Partners:
The school will continue to collaborate with the DOE Division of Multilingual Learners (DML) and local community organizations to access supplemental training materials and cultural enrichment resources for teachers and students.

5. Participating Staff

All educators who directly or indirectly support immigrant students will participate in this ongoing PD cycle, including:

8 ENL/Bilingual-Certified Teachers (Early Bird Program instructors)

4 Content Area Teachers collaborating with ENL staff

Assistant Principal for ENL/Bilingual Programs (Program Supervisor)

ENL Coordinator (PD Facilitator)

School Aide and Paraprofessionals supporting student engagement and attendance

By embedding continuous professional development within the Title III Immigrant Program, the school ensures that all staff are empowered with the strategies, cultural understanding, and instructional tools necessary to support the academic and linguistic advancement of immigrant and newcomer students. This sustained investment in teacher growth directly strengthens instructional quality and ensures equity in learning outcomes across all classrooms.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Professional development will be held on January 6th, 2026 from the time of 7:05AM - 8:05AM, January 7th, 2026 from 7:05am - 8:05am and January 13th, 2025, from 7:05am - 8:05am.

There will be three sessions in total.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

The professional development topics for the Title III Immigrant Program are intentionally designed to address the unique academic, linguistic, social-emotional, and cultural needs of newly arrived and recently arrived immigrant students. All professional learning activities are grounded in supporting students' transition into the U.S. education system and accelerating their integration into grade-level instruction.

1. English Language Acquisition and Newcomer Support

Sheltered Instruction and Newcomer Language Development
Building strong foundations for sheltered instruction specifically for newcomer and recently arrived immigrant students, including:

Explicit instruction in academic routines and classroom discourse norms

Scaffolding techniques for students with limited exposure to English academic language

Development of content-specific language objectives aligned to NYS standards

Differentiation for students with interrupted or limited formal education (SIFE)

Culturally Responsive and Migration-Aware Pedagogy
Fostering inclusive classrooms that affirm students' cultural identities and migration experiences by:

Integrating students' home languages, cultural knowledge, and lived experiences into instruction

Supporting students through cultural transition and identity development

Addressing acculturation stress and adjustment challenges

Using culturally sustaining texts and multilingual resources

Immigrant-Focused Assessment and Data Use
Developing teachers' capacity to assess immigrant students accurately and equitably by:

Interpreting NYSESLAT data for newly arrived and SIFE students

Using alternative and performance-based assessments

Monitoring early literacy and numeracy gaps caused by interrupted schooling

Setting individualized language acquisition goals

2. Academic Achievement and U.S. School System Alignment

Building Academic Schema for the U.S. Education System
Equipping teachers to support immigrant students' understanding of U.S. academic expectations, including:

Instruction in classroom participation norms, testing formats, and grading systems

Explicit modeling of academic behaviors (note-taking, test-taking, discussion protocols)

Teaching school-specific routines and expectations

Content Instruction for Newcomers and SIFE Students
Providing evidence-based strategies for teaching core subjects to immigrant learners by:

Addressing gaps in foundational literacy and numeracy

Adapting curriculum for students with interrupted schooling

Using visual, hands-on, and experiential learning strategies

Developing background knowledge for unfamiliar academic topics

Differentiation and Scaffolded Acceleration
Strengthening teachers' ability to accelerate learning while scaffolding instruction through:

Tiered instructional planning for mixed-proficiency classrooms

Bridging grade-level standards with foundational skill development

Flexible grouping for newcomers, SIFE students, and long-term ELLs

ENL–Content Teacher Collaboration for Immigrant Students
Strengthening collaborative structures to support immigrant learners by:

Co-planning language and content objectives

Designing joint intervention plans for newcomers

Aligning assessment practices for immigrant students

3. Social, Emotional, and Cultural Integration for Immigrant Students

Trauma-Informed and Migration-Sensitive Practices
Equipping teachers with strategies to support students affected by migration-related stress by:

Recognizing trauma, displacement, and separation experiences

Implementing trauma-informed classroom routines

Creating emotionally safe learning environments

Supporting students during high-stakes transitions

Building Belonging and Peer Integration
Cultivating inclusive classroom communities by:

Supporting social integration for newly arrived students

Preventing social isolation and bullying

Promoting cross-cultural peer partnerships

Establishing newcomer peer mentorship systems

Family Engagement for Newly Arrived Immigrant Families
Building school–family partnerships with families unfamiliar with U.S. schooling by:

Explaining U.S. education systems, policies, and expectations

Supporting families with language access and navigation tools

Training staff in culturally responsive communication

Hosting newcomer family orientation workshops

Community Partnerships and Wraparound Supports
Connecting families to external resources by:

Partnering with immigrant-serving organizations

Coordinating referrals for legal, health, and social services

Developing multilingual resource guides

Hosting on-site community service events

4. Additional Immigrant-Focused Instructional Supports

Technology for Newcomer Access and Equity
Using technology to support immigrant learners through:

Multilingual learning platforms

Translation and accessibility tools

Digital literacy for newly arrived students and families

Universal Design for Learning (UDL) for Immigrant and SIFE Students
Applying UDL principles to address diverse linguistic and educational backgrounds by:

Multiple means of representation for limited prior schooling

Flexible response formats

Scaffolded academic language supports

Family and Student Advocacy Development
Empowering immigrant families and students by:

Training staff to support self-advocacy

Teaching students how to access academic and counseling supports

Preparing families for transitions to middle school and beyond

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

The following topics are being covered by Anastasios Argyros, AP in charge of the Title III Program.

"Unpacking Language Demands"
"Using Numberless Word Problems to Build Language"
"Using MTSS as a tool for Small Group/Differentiated Instruction"
"Using mCLASS as an instructional tool for learning"

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Our school will maintain comprehensive, organized, and audit-ready documentation for all professional development (PD) activities conducted under the Title III Immigrant program for the 2025–2026 school year. This process ensures full transparency, compliance with NYC DOE guidelines, and accurate reporting of all Title III Immigrant–funded activities.

1. Documentation of Professional Development Activities

For every professional development session aligned to the Title III Immigrant program, the following records will be collected and maintained in both hard copy and digital format within the school's Title III Immigrant shared drive folder:

PD Agendas: Detailed agendas specifying date, duration, topics, learning objectives, and connection to Title III Immigrant goals.

Attendance Sheets: Sign-in sheets documenting participation, teacher titles, session date/time, and per-session hours for compensation verification.

Presentation Materials: Copies of slide decks, handouts, model lesson plans, and exemplars used during PD sessions.

Meeting Minutes and Reflection Notes: Notes summarizing teacher takeaways, next steps, and instructional shifts following PD sessions.

Per-Session Timecards: For Title III-funded sessions, per-session documentation will be reviewed and signed by the Assistant Principal to verify alignment with program intent.

Photographic Evidence: When appropriate, photos of workshop activities, teacher collaboration, or PLC meetings will be archived for program audit purposes.

2. Identification of Title III Immigrant–Funded PD Activities

The following professional development activities are funded through Title III Immigrant allocations for SY 2025–2026:

Culturally Responsive-Sustaining Education (CR-SE) Sessions: Focused on building inclusive and affirming classroom environments for immigrant students.

Co-Teaching and Collaborative Lesson Design PLCs: Sessions that strengthen coordination between ENL and content teachers.

Data Analysis and Instructional Planning Sessions: Training on interpreting NYSESLAT and EDAT data to inform instruction and measure student growth.

All PD sessions funded under Title III Immigrant will include a clear notation of funding source on agendas and attendance logs. Copies of all related financial documentation (invoices, purchase orders, and per-session payroll)

will be retained by the Assistant Principal and the school payroll secretary in accordance with DOE fiscal accountability protocols.

3. Record Storage and Retention Procedures

All records will be maintained in compliance with NYC DOE record retention policies and available for review upon request by the Division of Multilingual Learners (DML) or Office of Federal and State Grants (OFSG).

Storage Methods:

Digital Copies: Stored securely in the Title III Immigrant shared Google Drive folder, accessible to the Assistant Principal, ENL Coordinator, and Title III designee.

Physical Copies: Filed in the Title III Immigrant binder located in the main office for audit verification.

Backup Protocol: Files will be reviewed and backed up monthly to ensure no data loss.

Retention Period:
All Title III Immigrant records will be retained for a minimum of seven years, including PD documentation, attendance logs, purchase orders, and payroll records.

4. Titles of Staff Responsible for Maintaining and Monitoring Records

Assistant Principal for ENL and Bilingual Programs:
Oversees all Title III Immigrant recordkeeping, supervises PD sessions, verifies accuracy of per-session documentation, and ensures program compliance.

ENL Coordinator:
Maintains digital and physical PD records, collects attendance logs, uploads agendas and materials, and compiles monthly summaries of PD participation and outcomes.

ENL/Bilingual-Certified Teachers:
Submit reflections, attendance verification, and artifacts from PD sessions to the ENL Coordinator for archival purposes.

Content Area Teachers:
Provide evidence of application of PD strategies in lesson plans and share collaborative notes during PLCs.

School Aide (Administrative Support):
Assists with document collection, labeling, scanning, and uploading attendance and payroll records for all PD activities.

This structured system ensures that all professional development documentation—whether instructional, fiscal, or attendance-based—is accurate, complete, and fully aligned with Title III Immigrant requirements. The process supports transparency, continuity, and accountability for both staff development and program effectiveness.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school's Title III Immigrant Program recognizes that families are essential partners in supporting immigrant and multilingual learners' success. The 2025–2026 family engagement plan aims to build strong, trusting relationships between home and school, empower families to support English language development, and celebrate the cultural and linguistic diversity that enriches our school community.

Family engagement activities will take place throughout the January–March 2026 Early Bird Program cycle, with a combination of in-person workshops, multilingual communications, and community partnership events designed to enhance language acquisition, academic achievement, and cultural belonging for immigrant families.

1. Building Relationships and Trust

Goal: Create a welcoming, inclusive environment that honors families' languages and cultures and fosters mutual respect.

Newcomer Welcome Breakfast (January 2026): A meet-and-greet event introducing newly enrolled immigrant families to the school's ENL team, administrators, and parent coordinator. Families will receive translated materials explaining school routines and Title III supports. (No cost to Title III)

Parent–Teacher Conferences with Interpretation Support: Interpreters and bilingual staff will facilitate communication during conferences to ensure parents fully understand academic progress and next steps. (No cost to Title III)

Family Resource Corner: A dedicated bilingual area in the main office will provide information on school programs, community resources, and family workshops. (No cost to Title III)

Optional Home Outreach Visits: Conducted by ENL staff for newcomer families requiring additional support in navigating school expectations and services. (No cost to Title III)

2. Supporting Language Acquisition and Academic Achievement

Goal: Equip families with practical tools and strategies to support English development and learning at home.

Family Literacy and Language Workshops (February 2026): Sessions on reading with children at home, supporting

vocabulary development, and encouraging bilingual literacy. Parents will practice simple at-home literacy activities aligned with classroom lessons. (Funded by Title III)

Curriculum and Assessment Information Sessions (February–March 2026): Bilingual sessions explaining grade-level expectations, state assessments, and how to interpret NYSESLAT reports. (Funded by Title III)

Study Skills and Digital Learning Workshops: Families will learn strategies to assist with homework, organization, and use of online learning platforms such as i-Ready and Imagine Learning. (Funded by Title III)

Translation and Interpretation Services: Ongoing language access for communications, flyers, and workshops to ensure equitable participation. (Funded by Title III)

3. Cultural Understanding and Community Building

Goal: Strengthen community connections and promote cross-cultural appreciation within the school.

Cultural Heritage Celebration (March 2026): Families and students will share music, food, and traditions from their home countries, fostering cultural pride and schoolwide inclusivity. (No cost to Title III)

Family Story Circles & Bilingual Book Clubs: Monthly gatherings where parents and children read bilingual texts, share family stories, and exchange cultural experiences. (No cost to Title III)

Parent Advisory Council for Multilingual Learners: A parent advisory group will meet quarterly to provide feedback on the Title III Immigrant program and suggest future initiatives. (No cost to Title III)

Community Partnership Events: Collaboration with local organizations (e.g., libraries, immigrant support centers) to offer legal, wellness, and enrichment workshops for families. (May involve partial funding from Title III or community partners)

4. Funding and Compliance Information

Family engagement activities funded through Title III Immigrant allocations include:

Family Literacy and Language Workshops

Curriculum and Assessment Sessions

Study Skills and Digital Learning Workshops

Translation and Interpretation Services

All Title III-funded family engagement costs will remain within federal funding thresholds:

Teacher per-session costs: = 10% of total Title III Immigrant allocation

Vendor/OTPS costs: = 20% of total Title III Immigrant allocation

Expenses will be recorded in the Title III Immigrant Family Engagement Ledger, maintained by the Assistant Principal and ENL Coordinator, with corresponding attendance logs and agendas stored in both digital and physical formats.

5. Staff Responsible for Implementation and Monitoring

Assistant Principal for ENL and Bilingual Programs: Oversees planning, funding compliance, and evaluation of all family engagement events.

ENL Coordinator: Coordinates event logistics, collects attendance, maintains documentation, and monitors Title III allocations.

Parent Coordinator: Facilitates communication with families and ensures language access for all engagement activities.

ENL/Bilingual Teachers: Lead workshops, model at-home literacy and learning strategies, and collaborate with families on student progress.

Community Liaison Partners: Provide supplementary workshops, family resources, and translation support where applicable.

By fostering continuous, culturally responsive engagement, our Title III Immigrant Family Engagement Program strengthens the partnership between families and the school, ensuring every immigrant student receives academic, linguistic, and emotional support both in and beyond the classroom.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Rationale for Family Engagement Activities – Title III Immigrant Program (SY 2025–2026)

Our Title III Immigrant Program's family engagement activities for the 2025–2026 school year are grounded in a comprehensive analysis of qualitative and quantitative data, which clearly demonstrate the need for structured interventions and supports that strengthen communication, trust, and collaboration between immigrant families and the school community. The rationale for each category of activity is based on findings from multiple data sources, including parent and student feedback, attendance data, academic outcomes, and school climate measures.

1. Building Relationships and Trust

Rationale:

Qualitative Data: Parent surveys and interviews conducted during the Fall 2025 family needs assessment revealed that many newly arrived immigrant families experience feelings of isolation and uncertainty regarding school procedures, communication channels, and available support services.

Quantitative Data: Attendance data from school events and Fall 2025 parent-teacher conferences showed that only 58% of newcomer families participated in at least one school-based event, suggesting a need to build stronger trust and communication pathways.

Activities:
Welcome events for newcomer families, parent-teacher conferences with interpreters, family resource centers, and optional home visits—all designed to establish personal connections, promote two-way communication, and increase parents' comfort with the school environment.

Time:
Ongoing throughout the school year, with Welcome Breakfasts in January 2026 and additional outreach during conference periods and enrollment cycles.

2. Supporting Language Acquisition and Academic Achievement

Rationale:

Qualitative Data: Teacher feedback and ENL coordinator reports identified ongoing communication challenges between staff and families regarding student academic progress, homework expectations, and online learning platforms.

Quantitative Data: Spring 2025 NYSESLAT results showed that 15% of ELLs in grades 2–5 remained at the Entering (EN) or Emerging (EM) levels, while parent feedback indicated limited understanding of how to support language learning at home.

Activities:
English language acquisition workshops, bilingual curriculum information sessions, study skills and homework support workshops, and ongoing translation and interpretation services to ensure families can effectively assist their children and access school communications.

Time:
Regularly scheduled during the January–March 2026 Early Bird Program period, with additional sessions offered during curriculum nights and parent-teacher conference weeks to maximize attendance.

3. Cultural Understanding and Community Building

Rationale:

Qualitative Data: Student interviews and small-group discussions revealed that some immigrant students felt culturally disconnected from school life, expressing a desire to see their heritage recognized and celebrated within the school community.

Quantitative Data: Analysis of 2025 School Climate Survey results and disciplinary data showed a higher incidence of behavioral referrals among newcomer ELLs, suggesting potential cultural misunderstandings and a need for greater inclusion and representation.

Activities:
Cultural heritage celebrations, family story circles and bilingual book clubs, parent advisory councils, and partnerships with local community organizations. These activities promote cross-cultural appreciation, affirm students' identities, and strengthen the partnership between home and school.

Time:
Implemented throughout the school year, with major cultural events in March 2026 and continuous participation in advisory councils and partnerships.

Data Sources Used to Justify the Family Engagement Plan

Parent Surveys and Interviews – Conducted during curriculum nights and Fall 2025 family meetings.

Student Interviews and Focus Groups – Gathered through ENL and guidance counselor check-ins.

Teacher Reports and Feedback – Collected through ENL team meetings and instructional reflections.

School Climate Surveys and Attendance Data – NYC School Survey 2025 and attendance from family events.

Standardized Test Scores and Student Performance Data – NYSESLAT 2025 and state assessment data.

Disciplinary Data and Referral Reports – Review of Fall 2025 incident reports and guidance referrals.

Community Needs Assessments and Resource Audits – Conducted in collaboration with local cultural and immigrant-serving organizations.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Schedule and Duration – Title III Immigrant Family Engagement Activities (SY 2025–2026)
1. Newcomer Welcome Breakfast and Family Orientation

Start Date: Tuesday, January 14, 2026

End Date: Tuesday, January 14, 2026

Total Number of Sessions: 1

Days of Sessions: Tuesday

Time and Duration: 8:15 a.m. – 9:30 a.m. (1 hour, 15 minutes)

Notes: Conducted at the start of the Early Bird cycle to welcome newly enrolled immigrant families, introduce staff, and distribute translated resource materials. (No cost to Title III)

2. Family Literacy and Language Workshops

Start Date: Thursday, February 6, 2026

End Date: Thursday, March 12, 2026

Total Number of Sessions: 6 sessions

Days of Sessions: Thursdays

Time and Duration: 8:15 a.m. – 9:15 a.m. (1 hour per session)

Notes: Sessions focus on English language development, bilingual reading strategies, and at-home literacy activities. (Funded by Title III Immigrant)

3. Curriculum and Assessment Information Sessions

Start Date: Wednesday, February 12, 2026

End Date: Wednesday, March 19, 2026

Total Number of Sessions: 4 sessions

Days of Sessions: Wednesdays

Time and Duration: 5:30 p.m. – 6:30 p.m. (1 hour per session)

Notes: Bilingual sessions designed to help parents interpret NYSESLAT and state assessment data and understand grade-level expectations. (Funded by Title III Immigrant)

4. Study Skills and Digital Learning Workshops

Start Date: Tuesday, February 25, 2026

End Date: Tuesday, March 25, 2026

Total Number of Sessions: 4 sessions

Days of Sessions: Tuesdays

Time and Duration: 8:10 a.m. – 9:10 a.m. (1 hour per session)

Notes: Focus on developing homework routines, study strategies, and use of digital platforms such as i-Ready, Imagine Learning, and Google Classroom. (Funded by Title III Immigrant)

5. Cultural Heritage Celebration

Start Date: Thursday, March 27, 2026

End Date: Thursday, March 27, 2026

Total Number of Sessions: 1

Days of Sessions: Thursday

Time and Duration: 4:30 p.m. – 6:00 p.m. (1 hour, 30 minutes)

Notes: Families and students share music, art, and traditions from their home countries, promoting cultural pride and inclusivity. (No cost to Title III)

6. Parent Advisory Council for Multilingual Learners

Start Date: Wednesday, January 29, 2026

End Date: Wednesday, March 25, 2026

Total Number of Sessions: 3 sessions (quarterly meetings during the cycle)

Days of Sessions: Wednesdays

Time and Duration: 8:15 a.m. – 9:15 a.m. (1 hour per session)

Notes: Provides families a platform to share feedback on bilingual and ENL initiatives and to guide ongoing program improvements. (No cost to Title III)

7. Family Story Circles and Bilingual Book Clubs

Start Date: Thursday, January 23, 2026

End Date: Thursday, March 19, 2026

Total Number of Sessions: 4 sessions

Days of Sessions: Thursdays

Time and Duration: 5:00 p.m. – 6:00 p.m. (1 hour per session)

Notes: Parents and children engage in bilingual reading, storytelling, and cultural exchange activities to build literacy and connection. (No cost to Title III)

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Topics to Be Covered – Title III Immigrant Family Engagement Activities (SY 2025–2026)

Our Title III Immigrant Family Engagement Program is designed to empower families of immigrant students (including English Language Learners) to actively support their children's academic, linguistic, and social-emotional success. The following topics will be covered across the three major strands of the program: Building Relationships and Trust, Supporting Language Acquisition and Academic Achievement, and Cultural Understanding and Community Building.

1. Building Relationships and Trust

Welcome Events (Newcomer Breakfast and Orientation)

Introduction to school mission, vision, and values.

Overview of key staff members, ENL/bilingual programs, and available student supports.

Explanation of school policies, attendance expectations, and communication channels.

Icebreaker activities to foster community and comfort among new families.

Parent–Teacher Conferences with Interpretation Support

Strategies for effective two-way communication between families and teachers.

Understanding report cards, progress reports, and NYSESLAT results.

Setting shared academic and social goals for student success.

Family Resource Corner

Information about available school-based services (ENL support, counseling, after-school programs).

Access to community-based resources (libraries, health centers, adult ESL classes).

Bilingual resource packets for navigating the NYC DOE system.

Home Visits and Outreach Calls

Strengthening trust through personalized family outreach.

Learning about students' home environments and cultural backgrounds.

Connecting families with tailored academic and social-emotional supports.

2. Supporting Language Acquisition and Academic Achievement

English Language Acquisition Workshops (January–March 2026)

Basic English as a Second Language (ESL) strategies for families to practice at home.

Building oral vocabulary and conversation skills through daily routines.

Using bilingual books and visual supports to strengthen English comprehension.

Techniques for reinforcing reading fluency and writing skills outside of school.

Curriculum and Assessment Information Sessions

Overview of grade-level standards and expectations in ELA and Math.

Understanding the NYSESLAT, state assessments, and school grading systems.

Interpreting student progress data and setting home learning goals.

Strategies for supporting homework and test preparation in English and home languages.

Study Skills and Digital Learning Workshops

Organizing study time and setting consistent homework routines.

Supporting children in using digital platforms like i-Ready, Imagine Learning, and Google Classroom.

Managing screen time and promoting independent learning habits.

Strengthening parent confidence with online tools and DOE technology access.

Translation and Interpretation Services

Providing ongoing translation for letters, flyers, and meeting notices.

Offering live interpretation during parent meetings, workshops, and advisory councils.

Training parents to access translated materials through the NYC DOE Translation and Interpretation Unit.

3. Cultural Understanding and Community Building

Cultural Heritage Celebration (March 2026)

Families share traditional food, music, clothing, and customs.

Students perform cultural dances, songs, and poems to promote inclusion.

Activities highlighting the importance of diversity and multilingualism in education.

Family Story Circles and Bilingual Book Clubs

Reading bilingual children's literature that reflects diverse cultures and identities.

Encouraging families to share oral traditions, folktales, and personal migration stories.

Strengthening home-school literacy connections and promoting biliteracy.

Parent Advisory Council for Multilingual Learners

Providing families a platform to offer input on ENL and bilingual programs.

Discussing topics such as equitable access, language services, and family engagement priorities.

Reviewing Title III Immigrant initiatives and providing feedback for program improvement.

Partnerships with Community Organizations

Connecting families with immigrant service agencies, cultural centers, and community-based ESL programs.

Coordinating referrals for adult education, citizenship support, and youth programs.

Hosting joint family literacy or cultural events with local libraries and cultural partners.

Additional Considerations

Language Accessibility: All workshops and materials will be available in families' preferred languages, ensuring full participation.

Flexible Scheduling: Activities will be offered both before and after school to accommodate working families.

Culturally Responsive Practices: Topics and resources will reflect the school's diverse linguistic and cultural community, promoting inclusion and belonging.

Continuous Feedback: Parent feedback forms will guide adjustments to topics and scheduling throughout the cycle to ensure relevance and accessibility.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The provider of the Family Engagement Activity will be Anastasios Argyros, AP in charge of program.

Building Relationships and Trust:

Welcome Potluck: Celebrate diversity and foster community through a shared meal where families bring dishes from their cultures.
Family Fun Day: Organize games, activities, and performances showcasing different cultures, creating a fun and relaxed environment for families to connect.
Coffee Chats with the Principal: Host informal sessions where families can ask questions, share concerns, and get to know the school's leadership.
Parent-Teacher Conference Tips & Tricks: Workshop on effective communication strategies for conferences, preparing questions, and collaborating with teachers on student goals.
Supporting Language Acquisition and Academic Achievement:

Building Home Libraries: Workshop on creating a language-rich environment at home, selecting age-appropriate books, and engaging in shared reading activities.
Decoding Report Cards: Interactive session explaining common terms and assessments on report cards, empowering parents to understand their child's progress.
Technology Tools for Learning: Introduce families to educational apps, online resources, and digital platforms to support students' learning at home and in the classroom.
College and Career Readiness: Panel discussion with college advisors and professionals from diverse fields to inspire and inform families about future educational and career pathways.
Cultural Understanding and Community Building:

Cultural Heritage Showcase: Students share traditional music, dance, stories, and food from their cultures, fostering understanding and appreciation of diverse backgrounds.
Intergenerational Book Club: Choose a book with themes relevant to immigrant families and host discussions where parents, grandparents, and students can share their perspectives and experiences.
Community Resource Fair: Invite local organizations and service providers to share information about resources available to immigrant families, including healthcare, legal aid, and cultural enrichment programs.
Family Service Project: Organize a volunteer project where families come together to contribute to the school or community, promoting collaboration and civic engagement.
Bonus Session:

Family Movie Night: Screen a family-friendly movie relevant to immigrant experiences, followed by a facilitated discussion about themes of identity, belonging, and cultural adaptation.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Our Title III Immigrant Program prioritizes accessible, multilingual, and proactive communication to ensure that all families of immigrant students are informed of and encouraged to participate in family engagement activities. Notification, translation, and interpretation supports are designed to eliminate barriers and guarantee that every family—regardless of language or literacy level—has equitable access to program information and events.

1. Family Notification of Activities

Multilingual Communication Channels
To reach all families effectively, the school will utilize multiple communication platforms and delivery methods:

Printed Flyers and Brochures: Distributed through student backpacks, school lobbies, and community partner organizations, with translations into families' preferred languages (Spanish, Arabic, Bengali, Chinese, etc.).

School Website and Social Media: Event details, flyers, and registration links will be posted in multiple languages on the school's official website and social media platforms.

Schoolwide Announcements and Newsletters: Monthly newsletters will include a "Title III Immigrant Events" section, translated into priority languages and distributed digitally and in print.

Community Boards: Multilingual postings displayed in high-traffic areas (main office, parent coordinator office, cafeteria) to ensure visibility for families without regular internet access.

Direct, Personalized Communication

Phone Calls and Voice Messages: The Parent Coordinator and bilingual staff will make direct calls to families in their home language to invite them to upcoming events.

Email Notifications: Translated event invitations sent via DOE email distribution lists.

Text Message Reminders (SMORE/SchoolMessenger): Short, translated reminders sent 24 hours before events to ensure accessibility and high attendance.

In-Person Reminders: Teachers and ENL staff will promote upcoming family engagement sessions during dismissal and parent pick-up times to maintain personal connections.

Frequency: Notifications will begin two weeks before each event and will be repeated through multiple channels (flyer, text, email, phone call) to ensure consistent outreach and equitable access.

2. Translation of Family Notifications

Translation Procedures:

All family engagement notifications will be translated into parents' preferred languages as indicated in the Home Language Identification Survey (HLIS) and updated in ATS.

The school will utilize the NYC DOE Translation and Interpretation Unit (TIU) for written translations and verified templates.

Translated materials will be reviewed by the ENL Coordinator prior to distribution to ensure accuracy and cultural appropriateness.

Flyers and newsletters will prominently state, "Translation available in your home language upon request", with contact information for the Parent Coordinator.

Languages Provided:
Translated materials will be available in the school's top home languages, including Spanish, Arabic, Bengali, Chinese, Urdu, and Haitian Creole, with additional languages provided as needed based on current enrollment data.

3. Interpretation Supports at Family Engagement Events

In-Person Interpretation:

At each Title III Immigrant family engagement activity, trained bilingual staff or DOE-contracted interpreters will provide simultaneous or consecutive interpretation services.

Each event will include bilingual signage directing families to available interpreters.

Teachers and staff will wear language identifier badges to help families easily identify language support personnel.

Virtual Interpretation:

For any virtual or hybrid sessions, interpretation will be available through DOE-approved platforms (e.g., Zoom language channels or Google Meet translation support).

Materials Provided During Events:

All handouts, slide decks, and workshop resources will be distributed in both English and translated versions corresponding to attendees' home languages.

Visuals and bilingual glossaries will accompany presentations to increase accessibility and comprehension.

Monitoring and Feedback:
After each family engagement event, the Parent Coordinator and ENL Coordinator will collect feedback on translation and interpretation quality through short bilingual surveys to improve future services.

4. Accessibility and Equity Commitment

Flexible Scheduling: Activities are scheduled at various times (morning and evening) to accommodate families' work schedules.

Childcare Services: Available during select family workshops to reduce barriers for parents with young children.

Community Collaboration: Flyers and translated resources will be shared with local community organizations and cultural centers to broaden outreach beyond the school.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our school will maintain comprehensive and organized documentation of all Title III Immigrant family engagement activities and family notifications to ensure full compliance with NYC DOE and federal grant requirements. All records will be securely stored in both digital and physical formats for transparency, audit readiness, and long-term reference.

1. Documentation to Be Maintained

For each family engagement activity and notification, the following evidence will be collected and archived:

Agendas outlining objectives, topics covered, and facilitators.

Attendance Sheets with printed names, signatures, dates, and event titles.

Flyers and Notifications sent to families (in English and translated languages).

Interpretation and Translation Logs indicating which languages were supported at each event.

Photographs and Presentation Slides (where applicable) to document participation and engagement.

Post-Event Feedback Forms from families to assess satisfaction and areas for improvement.

Parent Communication Logs from the ENL Coordinator and Parent Coordinator verifying calls, texts, and email outreach to families.

All records will clearly label the event name, date, Title III funding designation, and staff responsible.

2. Storage and Organization

A dedicated Title III Immigrant Shared Drive (Google Drive) will serve as the primary cloud-based repository.

Files will be organized into folders for:

Family Engagement Events (agendas, attendance, flyers)

Family Notifications & Translations (communication logs, language access files)

Professional Development Records

Fiscal Documentation (OTPS & Per-Session)

Physical copies of key documents (sign-in sheets, invoices, per-session forms) will be stored in the Title III binder

housed in the main office.

Retention Period: All documentation will be kept for a minimum of seven years in accordance with NYC DOE record-keeping and federal Title III Immigrant grant guidelines.

3. Roles and Responsibilities

Assistant Principal (ENL/Bilingual Programs):
Oversees program compliance, verifies record completeness, and ensures fiscal documentation is accurate and audit-ready.

ENL Coordinator:
Maintains digital and hard-copy records of all family engagement activities and notifications, uploads evidence to the shared drive, and submits monthly summaries to the Assistant Principal.

Parent Coordinator:
Documents family outreach, interpreters used, and communication methods; collects sign-ins and feedback forms at all events.

ENL/Bilingual Teachers:
Submit family engagement evidence (agendas, artifacts, participation notes) following each session.

School Aide:
Assists with scanning, labeling, and uploading documentation; supports tracking attendance and maintaining digital archives.

4. Compliance and Monitoring

The Assistant Principal and ENL Coordinator will conduct quarterly audits of all Title III Immigrant folders to confirm that required materials are complete and properly labeled. Evidence will be reviewed prior to submission to the Division of Multilingual Learners (DML) during program monitoring cycles.

By maintaining accurate, multilingual, and well-organized records, our school ensures full accountability and transparency for all Title III Immigrant family engagement initiatives—demonstrating a clear commitment to inclusive communication, parent involvement, and equitable access for every immigrant family.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

19988

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
