Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

P. S. 89Q - The Jose Peralta School of DREAMers

District Borough Number (DBN):

24Q089

Grades Served:

K-5

School Address:

85-28 Britton Avenue, Elmhurst, NY 11373

Phone Number:

(718) 898-2230

Fax:

(718) 672-3066

School Contact Person:

Laura La Sala

School Contact Person Email Address:

llasala2@schools.nyc.gov

Principal:

Laura La Sala

United Federation of Teachers (UFT) Chapter Leader:

Andrea Doremus

Parents' Association President:

Barbara Marek

SLT Chairperson:

Andrea Doremus

Title I Parent Advisory Council Chairperson (PAC):

Carla Velez

Student Representative(s) Middle /High School:

N/A

Student Representative(s) Middle /High School:

N/A

Community Based Organization (CBO) Representative:

Emmanuel Moreira

School-Based Students in Temporary Housing (STH) Liaison:

Ramses Malpica

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Laura La Sala	Principal or Designee*	
Andrea Doremus	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Barbara Marek	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Carla Velez	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
Emmanuel Moreira	CBO Representative, if applicable	
Doris Juela	Member/Parent	
Ana Jiminian	Member/Parent	
Petra Rivera	Member/Parent	
Suada Selmani	Member/Teacher	
Gabrielle Stephan	Member/Teacher	
Ryan Matruski	Member/Teacher	
Fancy Hung	Member/Teacher	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

PS 89 Vision
We envision the Jose Peralta School of Dreamers to be a school community that exemplifies the best in empowering students with the necessary skills to be true leaders. We encourage all students to lead with a positive mindset, embrace diversity, be critical thinkers and use their individual strengths to be responsible members of our society and to achieve their dreams.

PS 89 Mission
Every student at P.S. 89 will receive a well-rounded foundation for learning through rigorous, high quality, Next Generation Standards aligned in all areas of instruction. We will build a community of learners where staff, students, and families are actively engaged in the educational process. With innovative programming we will be able to carry out more individualized instruction, using a culturally responsive academic approach that includes social studies, science, technology, the arts, and SEL. Through Leader In Me we will build critical thinking, problem solving and communication skills. We will provide a positive, supportive educational environment that will develop all students into life-long learners, ready for college, career and beyond.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 89 has been a fixture of the Elmhurst, Queens community for over 100 years. Renamed, "The Jose Peralta School of DREAMers" in 2022, our school community celebrates our culturally diverse student population where 56% percent of our approximately 1,050 students are current Multilingual Learners. We pride ourselves on being a supportive and child-centered learning environment in partnership with "The Leader in Me", our Social Emotional Learning program over the past 9 years where we were awarded their highest honor, "Lighthouse Status" June of 2023. We believe, "Everyone can be a leader," and that is evidenced through our staff, student, and parent action teams working together. Recent highlights include the design and painting of new interior and exterior murals with the NYC non-profit organization "Thrive Collective" and being awarded funding for a hydroponics lab from the City Council Member Shekar Krishnan through a discretionary spending vote. As a CS4All School, all classes participate in various computer science initiatives including LEGO Robotics, 3D printing, Makerspace and coding programs Scratch & Scratch Junior which are presented to families and visitors during CS4All Week. Our Dual Language (DL) Spanish Program is a cornerstone of our school's identity, designed to develop bilingualism and biliteracy in both English and Spanish, while fostering cultural appreciation and academic excellence. Students in the DL program engage in rigorous instruction across content areas, alternating languages to build proficiency and confidence. This model not only supports our Spanish-speaking families but also empowers English-dominant students to thrive in a globalized world. In addition to language development, our school is committed to preparing students for the future by promoting STEM classes that participate in hands-on, inquiry-based learning that sparks curiosity and

innovation. An inaugural member of the NYC DOE's Lighthouse Collaborative in 2022 and having completed our second year, P.S. 89 joined a cohort with 3 other DOE elementary schools from Brooklyn, Queens, and the Bronx to participate in inquiry cycles focused on how to support our multilingual learners and open our doors twice a year to showcase best practices and what makes 89 shine. Although the Lighthouse initiative was discontinued, we are looking forward to joining the Innovative Spotlight. This initiative looks to "Spotlight effective practices by identifying educational strategies and approaches that deliver measurable results in classrooms".

This year, we are proud to share that our school was approved to become a PROSE (Progressive Redesign Opportunity Schools for Excellence) school. This designation allows us greater flexibility to redesign structures like scheduling, professional learning, and teacher collaboration in ways that are responsive to our students' needs. As a PROSE school, we aim to deepen instructional alignment, expand time for interdisciplinary projects, and create more meaningful opportunities for student voice and social-emotional learning. This shift directly benefits our students and families by fostering a more engaging, inclusive, and student-centered learning environment—one that reflects the strengths of our multilingual and culturally diverse community. Becoming a PROSE school is not just a designation; it's a commitment to reimagining what's possible when educators, families, and school leaders innovate together.

While our school already maintains a strong attendance rate of over 93%, we are committed to going even further to ensure every student is present, supported, and engaged. Improving student attendance continues to be a top priority, and we've taken innovative steps to strengthen our efforts. For the past two years, we have developed our own internal attendance portal that allows us to closely monitor not only daily attendance but also excused absences and emerging trends across grade levels. This tool has helped us respond more proactively to student and family needs with targeted outreach and support. In addition, we've launched several before-school programs, such as Early Bird Cheerleading, Chorus, and Sports Clubs, to create positive incentives for students to arrive on time and start their day with purpose and joy. These initiatives are grounded in our belief that strong attendance is a shared responsibility—and by working in partnership with families and the broader community, we are empowering our students to build the habits and leadership skills they'll need for a successful future.

We have a long standing partnership with the Child Center of NY (CCNY). This community based organization (CBO) provides after school, vacation and summer programs for our students. The program offers homework help, academic support, and enrichment activities such as dance, drama, and arts and crafts. They also provide workshops for parents and counseling referrals to families in need. The site director from CCNY sits on the School Leadership Team, and she works closely with the principal and administrators to develop and align programs that meet our students' needs.

Briefly summarize the key initiatives your school will implement this school year.

In alignment with NYC Reads and the citywide Literacy Shifts, our school is excited to continue deepening our understanding of the Science of Reading as we enter Year 3 of implementing HMH Into Reading across all K–5 classrooms and Really Great Reading phonics in Grades K–3. A major focus for the upcoming year will be improving student writing. To support this, we will begin implementing targeted strategies from The Writing Revolution. While our science and social studies teams began piloting these practices this year, our goal is full K–5 implementation next year.
In alignment with NYC Solves and the citywide Math Shifts, we will continue our schoolwide implementation of Illustrative Math 360 in Grades K–5, supported by best practices drawn from our Instructional Leadership Team's professional book study, Building Thinking Classrooms.
Our ENL department will continue bridging the implementation of English 3D to meet the needs of our Multilingual Learners (MLLs), ensuring that language development is embedded across content areas.
Additionally, through our ongoing participation in the Lighthouse Collaborative, we are using Teaching Advanced Literacy Skills by Nonie Lesaux and Emily Galloway to strengthen Tier 1 instruction. This work is grounded in four key

hallmarks:
Working with a variety of texts that feature big ideas and rich content,
Engaging in academic discussions to build language and knowledge,
Studying a small set of high-utility vocabulary words, and
Using schoolwide protocols to support reading, writing, speaking, and listening.
Across all subject areas, we strive to create cross-curricular connections between literacy, math, science, and social studies, with an emphasis on repeated exposure to academic vocabulary and interdisciplinary tasks. Our unit planning process continues to prioritize alignment and coherence, ensuring all students have access to rigorous, meaningful learning experiences.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading/Arriba la Lectura	
ELA	K-3	Heggerty (English/Spanish)	
ELA	K-3	Really Great Reading	
ELA	K-5	English 3D (ENL)	
Math	K-5	Illustrative Math 360	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Grades K-2 saw a 17%, 16%, and 6% increase respectively on mCLASS scores from BOY to EOY in 24-25. In addition, the mCLASS data shows growth in student literacy performance across both school years student improvement. In 2023–2024, scores increased from 39% at the Beginning of Year (BOY) to 47% at the End of Year (EOY), reflecting an overall gain of 8%. Similarly, in 2024–2025, scores rose from 40% BOY to 47% EOY, demonstrating a 7% increase. These results indicate consistent year-to-year improvement in student performance as measured by mCLASS.	-Professional learning in Science of Reading and NYC Reads Literacy Shifts. -Year 2 Implementation of HMH -Reading and Really Great Reading. -Use of mCLASS assessment with instructional groupings and	Students need daily, systematic phonics and fluency practice because 2024–25 mCLASS results showed larger BOY to EOY growth where mCLASS groupings/lessons were used. We will protect a 60-minute literacy block with explicit foundational skills and small-group instruction for Kinder and consider expanding it to 1st and 2nd. In addition, we will continue implementing our MOSL data

	targeted skill lessons.	drive meetings (AP and classroom teacher) as well as the targeted progress monitoring. Lastly, we will reinforce cross-linguistic approaches for MLLs.
Grades 3 and 5 saw a 1% and 11% increase respectively in mCLASS scores from BOY to EOY in 24-25, Grade 4 saw a 2% decrease in mCLASS scores. For the MLL subgroup, the data shows varied growth patterns from BOY to MOY across the past three school years. In 2023–2024, 29% of students remained at the same performance level from BOY to MOY. In 2024–2025, this figure was 21%, and in 2025–2026 there was a measurable improvement with a 3% increase, rising from 17% to 20%. For students with disabilities (SWD), the trend also reflects steady progress. In 2023–2024, 27% of students remained at the same level from BOY to MOY; in 2024–2025, there was a 4% increase, moving from 26% to 30%; and in 2025–2026, growth continued with a 6% increase from 20% to 26%.	-24-25 was Year 2 of Really Great Reading in Grade 3 however a schoolwide phonics/foundational skills program does not exist for Grades 4 & 5. -Teachers have been utilizing a mix of Heggerty, HMH Grammar Lessons, and HMH Foundational Skills but this was not meeting student needs.	Students—especially in Grade 4—need consistent, language-rich literacy instruction because 2024–25 mCLASS ELA decreased in Grade 4 and was uneven across upper grades. We will implement English 3D schoolwide (K–5), continue mCLASS skill-based small groups, and phase out ENL ALT to align services for MLLs (push-in/standalone per plan). In addition, we will continue implementing our MOSL data drive meetings (AP and classroom teacher) as well as the targeted progress monitoring. Lastly, we will reinforce cross-linguistic approaches for MLLs.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	By June, 2026, literacy for All Students will improve, as measured by a 10% points Increase, from 36% to 46%, of Students performing at or above benchmark on the mCLASS composite score.
English Language Learners (ELL)	17%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 10% points Increase, from 17% to 27%, of At or above benchmark on the mClass composite score.
Students with Disabilities (SWD)	22%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 10% points Increase, from 22% to 32%, of at or above benchmark on the mClass composite score.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-English 3D will be implemented through the ENL teachers for grades K through 5.

Root Cause Addressed:

-Professional learning in Science of Reading and NYC Reads Literacy Shifts.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue structured phonics instruction in Grades K–3 using HMH Into Reading and Heggerty Decodables to build fluency and decoding skills through daily routines.
Integrate support for NYC Reads, Science of Reading-aligned practices, and the integration of phonics during Team Meeting/ Monday PD sessions.
Conduct informational sessions with classroom teachers and other staff to highlight the connections between HMH and English 3D as well as how these work together to support student literacy
Use mClass reports and HMH assessments to develop data-Informed small group instruction
SOR Classroom libraries

Key Strategy 2 (Optional):

Crosslinguistic Practices beyond Bilingual Education will be implemented

Root Cause Addressed:

24-25 was Year 2 of Really Great Reading in Grade 3 however a schoolwide phonics/foundational skills program does not exist for Grades 4 & 5.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Remind all staff that mClass supports the crosslinguistic approach and there are resources available to use
Include Crosslinguistic strategies in Team Meetings for all grades and departments

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Conduct universal screening assessments 3x a year using mCLASS Literacy (DIBELS 8) of all students.
-For those students scoring Below or Well-Below Benchmark, establish a progress monitoring schedule of 1x or 2x a month respectively.
-Turnkey and implement AP1 initiatives to improve student performance.
-In addition, our school will work alongside district coaches to support instruction and best practices.
-Coaches and admin will conduct walkthroughs and schedule intervisitations to showcase best practices.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Invite Families into the building for End of Module Celebrations	Parent coordinator and parent volunteers
09/04/2025	06/26/2026	Digitally share HMH Family Letters and information about how families can support their child in reading at home	Parent coordinator
09/04/2025	06/26/2026	Generate progress reports before our parent teacher conference know student progress before report cards/Parent Teacher Conferences	Data Specialist

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Coaches (K-2, 3-5, Dual Language, Special Education Liaison)

Instructional Resources

HMH Curriculum, English 3D, Really Great Reading Curriculum, Heggerty Phonemic Awareness Curriculum and Decodables

Schedule Adjustments

Team Meeting Days

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to OORS reports, our total number of incidents in the school year 2024-2025 was 309. These are the highest categories per level; Disrupting the educational process (Level 1) 85, Inappropriate or Unwanted physical contact (Level 2) 186, Minor altercation (Level 3) 103. Levels 4 & 5 combined are 26 incidents. The months with the highest number of cases are September, October and November.	-Level 2 categories are; inappropriate or unwanted physical contact, profane/vulgar language or gestures, misusing property belonging to others. -Students are getting used to the routines during the spike of these incidents. -Students are learning the expectations of the school.	Out of the 309 incidents reported, 258 were Level 2 infractions (Inappropriate or unwanted physical contact)

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	309	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 5% Decrease, in the number of incident reports from 309 to 293, per the OORS reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Use SEL practices and groups to address behavior and self-regulation

Root Cause Addressed:

-Level 2 categories are; inappropriate or unwanted physical contact, profane/vulgar language or gestures, misusing property belonging to others.
-Students are getting used to the routines during the spike of these incidents.
-Students are learning the expectations of the school.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Our SEL provider will lead PD on modeling respectful communication, using restorative language, and reinforcing SEL concepts throughout K-5.
Train staff (specially de-escalation team, SPED and Paras) on how to guide student reflections, de-escalate situations, and track patterns for early intervention.
School climate coordinators will provide staff and school aids with supervision protocols and “active scanning” strategies to prevent escalation and reinforce expectations.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-During Safety and Crisis meetings the School Climate coordinators and SEL provider will communicate implementation.
-During Safety meetings the OORS reports and levels will be shared.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Share strategies with families during Tea on Tuesdays SEL strategies	Parent Coordinator and parents
09/04/2025	06/26/2026	SEL provider will present to parents strategies on self-regulation, emotions and best practices (parent-child)	SEL Coordinator
09/04/2025	06/26/2026	Parent Workshops on student conduct and Chancellor's regulations	Parent Coordinator

Priority 2 Budget and Resources

Budget and Resources

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to our MapGrowth data 24-25 our students improved by 5% (from 29%-34%) from MOY to EOY while using Illustrative Math	Student centered; You do, We do, I do	-Adjustment to new IM curriculum -Continue reinforcing the mathematical shifts -Implementation of Building Thinking Classrooms practices -Implementation K-5 of VNPS (Vertical Non-permanent Surfaces) -Math AP+1 Implementation
According to our MapGrowth data 23-24 our students improved by 2% (from 29% to 31%) from BOY to EOY while using Envisions Curriculum	Focus on I do, we do, you do	-Math Shifts

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	42%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Average, High Average and High level will Increase by 10% points from 42% to 52%, for All Students, as measured by MapGrowth Math.
English Language Learners (ELL)	28	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Average, High Average and High level will Increase by 5% points from 28 to 33, for English Language Learners (ELL), as measured by MapGrowth Math.
Students with Disabilities (SWD)	19%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the Average, High Average and High level will Increase by 5% points from 19% to 24%, for Students with Disabilities (SWD), as measured by MapGrowth Math.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-Continue implementation of Imagine Learning Math (IM) with fidelity across all grades.
-Implementation of NYC Solves

Root Cause Addressed:

Implement the NYC Math shifts to improve math instruction.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Continue implementation of Imagine Learning Math (IM) with integrity across all grades.
Expand intervisitations with elementary schools that have successfully implemented IM for two or more years, allowing teachers to observe best practices in real time.
Maintain support from the District 24 Math Representative, including coaching cycles, model lessons, and planning sessions tailored to IM.
Align IM lessons with grade-level Math Standards.
The City is focusing on Shift 1 (Begin with sensemaking) and Shift 2 (shared low floor, high ceiling tasks) this year.

Conduct regular math-focused walkthroughs to norm instructional practices, provide real-time feedback, and ensure consistency in how IM and math routines are implemented schoolwide.
Introduce and encourage use of Vertical Non-Permanent Surfaces (VNPS) from the Building Thinking Classrooms model.
Our coaches will support the key strategy by communicating a cohesive message during our team meetings to all grades and departments about NYC Solves, AP+1 turnkey, D24 Principal's meeting and other city and district requests.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

-Math walkthroughs throughout the year focusing on: math routines, VNPS (Vertical Non-Permanent Surfaces), and math shifts.
-Correlation between IM assessments and MAP Growth
-Norm mathematical routines and practices
-Shifting from I do, We do You do model to You do, We do, I do.
-Implement IM Curriculum with integrity
-Implement Math AP1 initiatives

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Admin led workshop on mathematical shifts	Parent Coordinator and parents
09/04/2025	06/26/2026	Parent Workshop on how to support students in Math (coach led)	Instructional Coaches
09/04/2025	06/26/2026	Encourage parent visits during end of unit math celebrations	Parents

Priority 3 Budget and Resources

Budget and Resources

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to the Save for College Program Report, we have 622 total students who have completed Building Block 1 in grades 1-5	Kinder focus on Parent Involvement which includes NYCSA parent account and parent participation	Increase the number of students that take advantage of KIDS RISE

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	225	<School Name> will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the number of students enrolled in the program for All Students will Increase by 10% from 225 to 337 as measured by NYC KIDS RISE Save for College Program portal.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Our school has several action teams (LIM) that offer students outlets and ways to interact with staff and other students outside academics, however, we do not have a	Lack of a centralized system to record and analyze student	Develop and integrate a Student Engagement Profile within the school portal to track participation by category; CCNY, Residencies (during the school day), After

system to record how many students are impacted by these activities.	participation in extracurricular and leadership programs.	School CASA, Project Pivot, LIM Action Teams, CARES and Dream Squad.
According to LIM Coordinator, last year approximately 340 students participated in LIM Action Teams.	Limited coordination among action teams to share student rosters or identify overlaps/gaps in engagement.	Use participation data to identify students not involved in any activities and connect them with tailored supports.
According Arts Supervisor, 562 students participated in residencies during the school day and 141 students participated in before school and after school programs.	No established process for monitoring or supporting students not connected to any school-based activity.	Strengthen family communication systems so parents are aware of and can access extracurricular offerings in their home language.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	350	PS89Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the number of students participating in teams and programs our school offers will Increase by 30% from 350 to 467 as measured by Student Engagement Portal.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop a centralized system to record student participation in extracurricular activities, with clear categorization and duplicate removal.

Root Cause Addressed:

Lack of a centralized system to record and analyze student participation in extracurricular and leadership programs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Develop a document where teachers can record student participation (not attendance) periodically; November, February and June.
Feed the data from the previous document into the portal for teachers to see what activities are students participating in and the category; CCNY, Arts, SEL, etc.
Generate a report that showcases students participating in more than 2 extracurriculars as well as students not participating in any activity.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers in charge of programs will be asked to complete the participation form in November, February and June.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Overall Chronic Absenteeism: By the end of the 2024–2025 school year, 6.5% of our students were categorized as severely chronically absent.	Medical Reasons/Conditions: A significant number of students with severe chronic absenteeism are affected by health-related issues. Early identification and intervention for these students can help address the root causes.	Early Identification of At-Risk Students: Develop systems to identify students at risk of severe chronic absenteeism early on and provide targeted interventions.
Grade-Level Breakdown: The Kindergarten cohort had the highest proportion of severely chronically absent students, with 1.75% of students in this grade category	Family Travel/Vacation: Family-related absences, particularly vacations, contribute to chronic absenteeism. Some families may not be aware of the impact of	Support for Families Outside of School Services: Provide resources or referrals to support families dealing with non-school-related issues

missing a significant number of school days.	frequent travel on attendance or may not know how to report these absences.	such as housing, transportation, and other special circumstances that affect attendance.
Subgroup Breakdown: English Language Learners (ELLs): 4.17% of ELL students were severely chronically absent. Students with Disabilities (SWD): 1.36% of SWD students were severely chronically absent. Students in Temporary Housing (STH): 2.04% of students in temporary housing faced severe chronic absenteeism.	Differentiating Excused vs. Unexcused Absences: Lack of clarity or consistent tracking of excused versus unexcused absences may contribute to miscommunication between families and the school. This inconsistency can affect accurate reporting and follow-up.	Clear Communication on Absences: Ensure clear communication and support for families to better differentiate excused and unexcused absences, providing guidance on the impact of frequent absences.
Overall our school attendance for the year 24-25 was 92.42%	Staff training and parent workshops about attendance and the attendance portal implementation.	Keep our schoolwide attendance above 90%

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	92%	By June, 2026, the percentage of student attendance for All Students will increase by 1% points, from 92% to 93%, as measured by the PS89Q Attendance Tracker using ATS reports.
All Students	6.5%	By June, 2026, the percentage of chronic absenteeism for All Students will increase by 2.4% points, from 6.5% to 4.1%, as measured by the PS89Q Attendance Tracker using ATS reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

-We will generate the list of severely chronically absent students and enlist our CCNY support team to do outreach.
-We will discuss severely chronically absent students during our Attendance Meetings and develop action plans.
-We will use the ATS automatic text messages/emails to notify guardians about attendance.

Root Cause Addressed:

Identifying the reasons why students are absent and provide support accordingly.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Update the attendance portal on a daily basis vs. weekly
Send an email to teachers and supervisors to be aware of the students that are struggling with attendance on a monthly basis
Using CCNY support team as outreach
Using ATS automatic message to communicate absences in a timely manner
Parent coordinator will send communications about attendance to parents

Key Strategy 2 (Optional):

Using LIM practices to monitor schoolwide attendance practices

Root Cause Addressed:

Maintaining attendance above 90%

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
LIM binder: Students and classes are tracking their attendance on a daily and monthly basis
Attendance bulletin board: Every month the grade with the best attendance is showcased
Perfect Attendance Certificates are provided to students along with a prize

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Our data specialist has developed an attendance tracker using ATS attendance reports to monitor attendance for our school. This includes disaggregated groups as well as percentages. During our attendance meetings which are weekly and/or biweekly, the attendance team will analyze and evaluate the data presented in the attendance portal

SWD incidents have risen		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	85%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Timeliness of IEP completion by a 5% Increase, from 85% to 90%, as measured by SESIS Compliance Report.
Students with Disabilities (SWD)	46%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve more students on grade level and reduce referrals. This will place students in the least restrictive environment (LRE) by a 14% Increase, from 46% to 60%, as measured by mainstreaming tracker.
Students with Disabilities (SWD)	295	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve improved social interaction by a 10% Decrease, from 295 to 265, as measured by Incident reports.

Section Sheet Incentive

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of key strategies and action steps, we will use in house forms, data collection, and compliance reports. Progress will be measured by the consistent use of instructional strategies, improved instructional quality, and increased student engagement. Impact will be determined through growth in student learning outcomes, proficiency on assessments, and overall achievement gains across all student groups.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/29/2025	06/01/2026	Meet and Greet with related service providers	Meet and Greet with related service providers Parent Coordinator, IEP Teacher, Special Ed Liaison, Related Service Providers, AP of Special Ed
10/29/2025	06/01/2026	Parent Workshop (How to navigate your child's IEP)	Parent Coordinator, IEP Teacher, Special Ed Liaison, AP of Special Ed

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 1	All Students utilizing NWEA MAP Growth Screener Placement	Edmentum Exact Path	One to One	During/After School	Yes
Tier 2	< 40th percentile on mCLASS - DIBELS & MAP Growth Reading, Really Great Reading Assessments, NYSESLAT & NYS Scores	mClass intervention lessons	Small Group	During	No
Tier 2	< 40th percentile on mCLASS - DIBELS & MAP Growth Reading, Really Great Reading Assessments, NYSESLAT & NYS Scores	Heggerty Phonemic Awareness "Bridge the Gap"	Small Group, 1:1	During School	No
Tier 3	< 40th percentile on mCLASS - DIBELS & MAP Growth Reading, MLL Status, State Test Scores, Teacher Observation, PPC Referral	Sounds Sensible	Small Group	During School	No
Tier 3	< 40th percentile on screener, MLL Status, State Test Scores, Teacher Observation, PPC Referral	SPIRE	Small Group	During School, After School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 1	All Students	Leader In Me SEL Curriculum	Whole Group	During School	No
Tier 2	Teacher Referral	Pull-Out SEL Lessons	Small Group	During School	No
Tier 3	Teachers, Crisis Team Referral, Parent Referral	CCNY Therapy Provider	1:1	During School	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Information regarding our RTI and MTSS process will be shared at a Fall PTA Meeting. The slide deck will be published on the Parent Page of our School Website and in our Parent Coordinator's "Parents Weekly". Parents receive physical letters informing them of their child's starting/stopping MTSS Tier 2 & 3 services.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive updates on the progress of their children who receive Tier 2 or Tier 3 interventions through printed reports every 6 weeks noting results of Progress Monitoring and Benchmark results.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

At our MTSS meetings, AIS & At-Risk SETSS providers meet with SBST and other applicable staff to discuss the progress of students receiving Tier 2 and Tier 3 interventions. When a student in Tier 3 is noted as not making progress after a period of intense intervention and multiple rounds of progress monitoring, a meeting is scheduled with family, service provider, and classroom teacher to discuss next steps and a possible recommendation for special education evaluation.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

Number of students in temporary housing who are:
Doubled up (with friends or relatives because they cannot find or afford housing): 161
Living in a shelter or transitional shelter: 8
Living in a hotel/motel: S
Living in a car, bus, or train: N/A
Living in a park or public place: N/A
Living in an abandoned building: N/A
Temporary Housing: 5

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The number of STH has increased over the last few years and in response to this we now have a full time school counselor dedicated to Newcomer students and STH. He meets with families to see what they need and develop a plan. We will begin using the STH Title 1 Survey to get a more accurate picture of individual student and family needs.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Clothing

Offer a PALS/Social Skills After School Program

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

1

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students in foster care are prioritized for counseling check-ins and academic monitoring. Our school team works to minimize disruption during transitions by ensuring prompt transfer of records, consistent communication and access to basic needs and resources such as clothing/school supplies. These interventions promote both emotional stability and academic success.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Students in foster care often experience a higher rate of chronic absenteeism and social-emotional challenges. Students will receive counseling support which will assist in improving attendance and classroom engagement.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

SEL provider, and school counselors maintain regular communication with classroom staff to reinforce SEL strategies in daily routines.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS89Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS89Q - The Jose Peralta School of Dreamers will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.
- providing parent workshops such as literacy and targeted new arrival workshops

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS89 - The Jose Peralta School of Dreamers in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Laura La Sala
Assistant Principal (Where Applicable)*	Pablo Schelino
English as a New Language (ENL) Teacher*	Lulu Lin
Teacher (if school has a bilingual program must be a bilingual teacher)*	Fancy Hung
Parent/Guardian*	Leidy Garcia
Teacher	Suada Selmani
Parent Coordinator	
School Counselor	
Related-Service Provider	
Assistant Principal	Brandon Mayer
Teacher	Johannarose Tan

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

17

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

14

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1033

Total number and percentage (%) of current ELLs:

576 (55.8%)

Total number and percentage (%) of former ELLs:

79 (7.6%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

457 (79.3%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

119 (20.7%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0.0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 (0.0%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

125 (21.7%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	ICT Bilingual	Spanish	2023	1	1	1											3
TBE	SC	Spanish	2023	1	.5	.5											2.0
TBE																	0
DLBE	Dual Language	Spanish	2004	2	2	2	2	2	2								12
DLBE	Dual Language																0
DLBE																	0
				total: 4	total: 3.5	total: 3.5	total: 2	total: 2	total: 2	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At P.S. 89Q, English as a New Language (ENL) instruction for Multilingual Learners (MLs)/English Language Learners (ELLs) in grades K–5 continues to align with the New York State Bilingual Common Core Progressions and the New York State Next Generation Learning Standards for English Language Arts (ELA) and content areas. The ENL program provides consistent, rigorous academic instruction across subject areas and is primarily delivered through an integrated model in accordance with the mandated instructional time outlined in CR Part 154.2. According to the Spring 2025 NYSESLAT Data, of our 629 ELLs, 15% are Entering, 18% are Emerging, 21% are Transitioning, 23% are Expanding, and 22% are Commanding.

Most ELLs are placed in heterogeneously grouped classrooms that include students at the Entering, Emerging, Transitioning, Expanding, and Commanding proficiency levels. However, 2 classrooms are homogeneously grouped, consisting primarily of students at the Transitioning, Expanding, and Commanding levels and have classroom teachers holding both ESL and Common Branch licenses.

Per CR Part 154.2, Stand-alone ENL instruction is provided by certified ENL teachers using a combination of materials from HMH Into Reading, and English 3D. Additionally, students receive targeted support through the K-5 literacy program “mClass”. Based on results from the NYSESLAT or NYSITELL assessments, students at the Entering and Emerging levels receive a minimum of 180 minutes per week, respectively, of ENL instruction focused on vocabulary development, listening, speaking, foundational reading, and writing skills. All of these servicing minutes are completed by ENL licensed teachers.

Instructional strategies include Total Physical Response (TPR), the Natural Approach, the Language Experience Approach, modeling, and cooperative learning. Teachers also employ repetition, paraphrasing, slower speech, visual aids, realia, digital media, and interactive technology to build academic English proficiency. Where applicable, native language supports such as translation services and home language resources are used to reinforce comprehension of key vocabulary and concepts.
In the 2025–2026 school year, the school will continue to offer a New Arrivals Program to support recently arrived students with their social-emotional adjustment and initial integration into a new school environment. This full-day program provides instruction in “survival” English, daily access to a certified bilingual guidance counselor, and orientation to school routines within a sheltered setting alongside other newcomer peers. During this time, teachers engage with families to understand students' needs and provide transitional support. After approximately 2 to 6 weeks, students move into their general education classrooms, where they begin receiving both integrated and stand-alone ENL services. Upon their transition, classroom teachers are provided with a binder containing student assessments and background information to ensure a smooth handoff and continued academic support.

In the 2025–2026 school year, the school will continue to offer a New Arrivals Program to support recently arrived students with their social-emotional adjustment and initial integration into a new school environment. This full-day program provides instruction in “survival” English, daily access to a certified bilingual guidance counselor, and orientation to school routines within a sheltered setting alongside other newcomer peers. During this time, teachers

engage with families to understand students' needs and provide transitional support. After approximately 2 to 6 weeks, students move into their general education classrooms, where they begin receiving both integrated and stand-alone ENL services. Upon their transition, classroom teachers are provided with a binder containing student assessments and background information to ensure a smooth handoff and continued academic support.

Integrated ENL:

In the Integrated English as a New Language (ENL) program at P.S. 89Q, a certified ENL teacher collaborates with the classroom teacher to co-teach during the mandated instructional minutes outlined in CR Part 154.2. Multilingual Learners (MLs)/English Language Learners (ELLs) at the Entering and Emerging levels receive 180 minutes per week of integrated ENL/ELA instruction. Students at the Transitioning and Expanding levels also receive 180 minutes per week, while recently Proficient/Commanding students (Former ELLs) are supported with 90 minutes per week of integrated ENL/ELA instruction. Grades K-5 are mostly grouped heterogeneously (Entering-Commanding, + General Education Students) with the exception of two classes where they are 100% ELL, with proficiency ranges of Transitioning to Commanding. These two teachers teach 3rd and 4th grade, respectively. Commanding students will participate in homogeneously "Project Based Learning" groups on Fridays for 90 minutes. These groups will be facilitated by a certified ESL teacher.

ENL and classroom teachers engage in collaborative planning to design and deliver lessons that promote both language acquisition and academic success. Integrated ENL/ELA instruction is embedded within the English Language Arts and Literacy Skills block and is delivered through differentiated instruction and small group learning structures tailored to students' language development levels.
Instruction is grounded in ENL methodologies such as the Natural Approach, Language Experience Approach, Cooperative Learning, and Project-Based Learning. These strategies are designed to build academic language, increase engagement, and facilitate access to grade-level content. Scaffolds are systematically incorporated into each lesson and may include modeling, explicit instruction of key vocabulary and concepts supported by visuals, gestures, and realia. Home language translation, multimedia content, and internet resources—including those available in students' home languages—are also used to build background knowledge and enhance comprehension across content areas.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

We will have a Kindergarten, 1st and 2nd grade ICT TBE program this year. We will grow this program by one grade per year. This class will be run by two teachers who are certified bilingual special education teachers. The goal of the program is to teach English while using the home language for support as described in the student IEPs. The program follows New York State guidelines providing one content area, mathematics, in the home language as well as providing a home language arts period. Providing Math in Spanish supports students by allowing them to learn in their language while they are still in the process of acquiring English. In addition, students will receive science instruction in the home language which serves the same purpose . Furthermore, students receive support in their home language as needed and are able to work in the language they need to as they transition to using more English. Teachers monitor student's English progress through formative assessments and adjust how much English a child can use as the year goes on in order to ensure they are able to apply their new English in their learning.

Dual Language Bilingual Education (DLBE):

The organizational model in our Spanish Dual Language Program at P.S. 89Q is self-contained, with ENL instruction provided by the Bilingual/ENL certified classroom teacher and/or by an integrated ENL teacher. There are two bilingual teachers for each grade level. At least one teacher in a grade partnership is a certified Bilingual and/or ENL teacher. All ELLs are receiving instruction as mandated by CR Part 154.2.

For School year 2025-2026, there will be two Dual Language classes in each grade from grades K-5. Beginning two years ago we shifted our Kindergarten and first grade cohorts to an 80/20 and 70/30 language allocation and our 2nd grade to a 60/40. As these cohorts progress through the program, we will have a gradual increase of 10% more English each year until we reach 50/50. In grades 3-5, all Dual Language students are offered fifty percent English Language Arts, and fifty percent Spanish Language Arts. Students in these grades alternate daily between classrooms, and all content areas are taught in the classroom language. For example, a child in the English classroom on Monday will receive all literacy and content area instruction in English on that day, and on Tuesday that child would be in the Spanish classroom and would receive all literacy and content area instruction in Spanish. English Proficient students (EPs) and ELLs are integrated at all times from Kindergarten to Fifth grade. The exception to this is cluster classes which are all in English with some home language and ENL support offered for those students. This year, pending funding, we intend to provide at least one additional content area in Spanish. The goal of our program is for students to stay in the program through 5th grade and to continue on to Dual Language programs in Middle school. Our goal is for them to become fully bilingual and biliterate by grade 5. Additionally, we are slated to open a new Bengali dual language program pending funding. The program will follow a 50/50 self- contained model. The teacher would alternate between English and Bengali on a daily basis. We will begin with one Kindergarten in the 25-26 school year and add a grade per year until we have a K-5 program.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

At P.S. 89Q, all English Language Learners (ELLs) receive English as a New Language (ENL) instruction in full alignment with CR Part 154.2 regulations. ENL services are provided based on students' English language proficiency levels as determined by the NYSESLAT or NYSITELL assessments.

ENL Instruction by Proficiency Level:

Entering Level:
- 180 minutes of stand-alone ENL instruction per week
- 180 minutes of integrated ENL/ELA instruction per week
  Total: 360 minutes per week

Emerging Level:
- 90 minutes of stand-alone ENL instruction per week
- 180 minutes of integrated ENL/ELA instruction per week
- 90 minutes of integrated ENL instruction in ELA or another content area
  Total: 360 minutes per week

Transitioning Level:
- 90 minutes of integrated ENL/ELA instruction per week
- 90 minutes of stand-alone ENL or integrated ENL in a content area
  Total: 180 minutes per week

Expanding Level:
- 180 minutes of integrated ENL instruction in ELA or content area per week
  Total: 180 minutes per week

Commanding Level (Former ELLs):
- 90 minutes of integrated ENL instruction per week (for two years after testing out)

Additional Programming:
- Newcomer Support:
  A supplemental ENL Newcomer Program is in place for students at the Entering and Emerging levels in grades K–5. These students
  receive additional ENL support two times per week to help them adjust both linguistically and socially.

- Commanding Level Pilot Program:
  For the 2025–2026 school year, P.S. 89Q is piloting a Project-Based Learning (PBL) curriculum tailored for students at the Commanding
  level. This initiative aims to continue building academic language skills through collaborative, real-world projects.

Instructional Model:
The ENL program is primarily delivered through an integrated/co-teaching model:
- Entering and Emerging Students
  180 minutes per week of stand-alone ENL instruction from certified ENL teachers

  More than 180 minutes per week of integrated ENL instruction in ELA and/or content areas (e.g., Math), delivered by classroom
  teachers

Transitioning and Expanding Students
- 45 minutes of ENL instruction, four times per week, provided by licensed ENL teachers

A minimum of 90 minutes per day of integrated ENL instruction during ELA and/or other content areas

Former ELLs (Commanding Level)
Continue to receive 90 minutes per week of integrated ENL instruction in ELA or content areas as mandated

All ENL services at P.S. 89Q are intentionally designed to comply with CR Part 154.2 while promoting students' English language development and ensuring equitable access to grade-level curriculum across all academic subjects.

Transitional Bilingual Education Program

The TBE will have an integrated ENL provider who will provide in class support and fulfill the mandated minutes as needed. This will take place primarily through small group instruction.

Dual Language Program

The Spanish/English Dual Language program in grades 3-5 is implemented using a 50/50, side-by- side model. All Dual Language students in grades 3-5 are offered fifty percent English Language Arts, and fifty percent Spanish Language Arts. Students alternate daily between classrooms, and all content areas are taught in the classroom language. In these grades the bilingual certified teacher provides ENL through a combination of integrated ENL, small group targeted sessions, and in content areas as well. For this year we intend on adding certified ENL teachers to support as well.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL

At P.S. 89Q, Multilingual Learners/English Language Learners (MLLs/ELLs) in grades K–5 receive English as a New Language (ENL) instruction in accordance with CR Part 154.2 regulations. The ENL program is delivered through a combination of stand-alone ENL and integrated ENL/ELA or ENL/content area instruction, based on each student's English language proficiency level as determined by the NYSESLAT or NYSITELL.

Instructional services are aligned with the New York State Bilingual Common Core Progressions and the Next Generation Learning Standards. ENL instruction supports language development while providing access to grade-level academic content through co-teaching, differentiation, and scaffolding.

Instructional Minutes by Proficiency Level:

Entering Level:
- 180 minutes/week stand-alone ENL
- 180 minutes/week integrated ENL/ELA
Total: 360 minutes/week

Emerging Level:

- 90 minutes/week stand-alone ENL
- 180 minutes/week integrated ENL/ELA
- 90 minutes/week integrated ENL in another content area
  Total: 360 minutes/week

Transitioning Level:
- 90 minutes/week integrated ENL/ELA
- 90 minutes/week stand-alone ENL or integrated ENL in a content area
  Total: 180 minutes/week

Expanding Level:
- 180 minutes/week integrated ENL in ELA or other content areas
  Total: 180 minutes/week

Commanding Level (Former ELLs):
- 90 minutes/week integrated ENL in ELA or content area (for two years post-proficiency)

Program Delivery and Supports:
- ENL instruction is delivered through an push-in/integrated co-teaching model and stand-alone ENL classes, depending on student needs.
- Certified ENL teachers co-plan and co-deliver instruction with classroom teachers to support both language development and content mastery.
- Instruction during the ELA block is differentiated and includes small group instruction to address varied proficiency levels.
- ENL methodologies include the Natural Approach, Language Experience Approach, Cooperative and Project-Based Learning, Total Physical Response, and more.
- Scaffolds such as visuals, realia, gestures, multimedia, and native language supports (e.g., translation and bilingual resources) are used to promote comprehension and access to content.
- A Newcomer Program provides support for new arrivals and additional ENL instruction twice weekly for students at the Entering and Emerging levels.
- For 2025–2026, P.S. 89Q is piloting a Project-Based Learning (PBL) curriculum for Commanding-level students to extend academic language development.

ICT TBE

We will be using “Into Reading” and “Arriba la lectura” for our ELA/HLA periods in the TBE BIL class and the breakdown will be based on the English proficiency of our students. Implementation of this curriculum will assist in meeting or exceeding the instructional minutes In ELA and Home Language Arts instruction. The curriculum is available in both languages and provides resources and units that integrate and allow instruction in ELA with HLA support as needed by the students in the class. In addition, students will receive science instruction in the home language in order to align to the requirements of TBE BIL.

DUAL LANGUAGE

As per the district, we are using “Arriba La Lectura” bilingual curriculum again for this year. Implementation of this curriculum will assist in meeting or exceeding the instructional minutes In ELA and Home Language Arts instruction, since it is an integrated bilingual curriculum. The curriculum is in both languages and provides resources and units that integrate and provide opportunities for equal instruction in both languages. Our K-2 model purposefully has more HLA minutes to build a foundation in the target language. In grades 3-5 the instruction is split evenly between the target language and English while implementing this curriculum.
Our Bengali program will be providing half the instruction in Bengali so they will exceed the minimums.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Currently, there are two Dual Language classes in each grade from kindergarten to fifth grade. Our program has shifted to an 80/20 Language allocation where the majority of instruction is in Spanish in Kindergarten and shift by 10 % each grade until they reach 50% in each language by grade 3. This has shifted the model to self-contained (in grades k-2) from our former side-by-side. The classroom teacher is now instructing in both Spanish and English. ELLs will be integrated for the majority(85%) of the day with the exception of stand-alone ENL services. Grades 3-5 remain a side by side model with switching of languages on alternate days.

b. In which language(s) is each core content area taught?

Beginning in third grade, all Dual Language students are offered fifty percent (50%) English Language Arts, and fifty percent (50%) Spanish Language Arts. Math and SEL are also taught in both English and Spanish. Students alternate daily between English and Spanish classrooms. In K-2 math is taught in Spanish with bridging to English. In K-2, a science cluster teachers will provide instruction to Dual Language classes in Spanish while instruction in these areas will be exclusively in English for grades 3-5.
In our Bengali program the core content will be taught in both Bengali and English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

This year we have an ICT bilingual program in Kindergarten and first grade. Both ELA and Math will be taught bilingually with differentiation based on individual student needs. Student IEPs will guide how much Spanish instruction students will receive. The goal will be to move students to English with Spanish used to support their English learning.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

About 79 percent of ELLs at PS89Q are considered Newcomers. Newcomers are defined as ELLs who have received ELL service for 0 to 3 years, including all students in Kindergarten through 2nd Grade in addition to students in other grades who have arrived in the US public school system within the last 3 years.

In order to provide effective instruction to ELLs at every acquisition level, the ESL teachers, classroom teachers, and content area teachers at PS 89 work collaboratively to plan and implement lessons, making sure to utilize evidence-based scaffolds that build background knowledge, target vocabulary development, increase access to grade level texts, use the home language as a resource, build student agency, and use peer interactions to support learning.

PS 89Q seeks to promote a safe and welcoming environment that considers the academic and social emotional well-being of Newcomer students by providing a Stand-Alone class focused on basic English, foundational skills, and classroom routines within the first 4-6 weeks of arrival to assist these students with their transition into regular Stand-Alone and Integrated ENL instruction. During integrated instruction, teachers carefully consider the scaffolds necessary for their instructional goals for each lesson, making sure to focus on building foundational listening and speaking skills and providing an introduction to basics reading and writing in English. Newcomer ELLs are placed in intentional but flexible partnerships and generally given more guidance and scaffolding to assist them with their learning than Developing (4-6 yrs service) ELLs.

Unlike Newcomer ELLs, Developing ELLs receive instruction with a greater focus on academic language development, delivered through content aligned with grade level subject areas. The instruction is designed to assist Developing ELLs with strengthening reading comprehension and writing fluency as well as preparing them for standardized assessments and transitioning to full mainstream integration. ESOL licensed teachers plan with classroom teachers to ensure that lessons are fully aligned with classroom curriculum and the NTS Next Generation Learning Standards.

While there are no Long-Term ELLs at PS 89Q, instruction for students in the category rests on careful assessment to determine areas of challenge so that instruction can be tailored each student's needs. Consideration would be made to invigorate student engagement and motivation.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, there are no SIFE students at PS89Q. However, SIFE students would receive many of the instructional supports that Newcomer ELLs receive at an age-appropriate level. Instruction for SIFE students would prioritize foundational literacy starting with phonemic awareness and decoding, with support from the home language and acknowledge the unique social emotional needs of students impacted by migration and interrupted education.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

There are no Long-term ELLs (7+ years of service - not applicable in a K-5 school) at PS 89. While there are no Long-Term ELLs at PS 89Q, instruction for students in the category rests on careful assessment to determine areas of challenge so that instruction can be tailored to each student's needs. Likely areas of focus would be on academic language and building increase competence in reading and writing. Consideration would be made to invigorate student engagement and motivation.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Almost 8% of students at PS89Q are former ELLs. Most of these students receive their mandated ENL instruction through Integrated ENL in ELA services. In school year 2024-2025, PS89Q piloted a project-based learning program for some former ELLs. This program will continue in 2025-2026.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Trends indicate that the at-risk indicators of greatest concern remain the same from the 2023-2024 school year to the 2024-2025 school year. Among the at-risk indicators that affect current ELLs/MLLs, the indicators of greatest concern are that:

1) 79.3% of ELLs at PS 89 are Newcomers, with less than 3 years of service. This number includes all K-2 ELLs who have been in elementary school less than 3 years. Newcomers that have been in the US longer than 1 year receive the same supports as developing ELLs. Newcomers that have been in the US less than 1 year receive additional instruction in a Stand-Alone class focused on basic English, foundational skills, and classroom routines. This class provides sheltered instruction to students transition into the classroom.

2) 69.9% of ELLs did not demonstrate sufficient English Language Proficiency (ELP) progress on the Spring 2024 NYSESLAT, with 13.9% exiting ELL status and 12.3 percent meeting annual growth targets. These students receive targeted ENL instruction in all modalities, with a focus on academic language development, delivered through content aligned with grade level subject areas. The instruction is designed to assist with strengthening reading comprehension and writing fluency as well as preparing students for standardized assessments and transitioning to

full mainstream integration. ESOL licensed teachers plan with classroom teachers to ensure that lessons are fully aligned with classroom curriculum and the NTS Next Generation Learning Standards.

3) 25.2% of ELLS in the school live in temporary housing. Students in this category are monitored by school counselors and provided with counseling services to address any social emotional challenges. Counselors ensure that there is family outreach and wraparound services are provided when possible. Additionally, teachers may provide flexible scheduling and additional homework supports.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

For former ELLs, the at-risk indicators of greatest concern are that 29.1% of these students scored a level of 1 or 2 on the state ELA exams while 17.7% of these students scored 1 or 2 in the State Math exams. Trends indicate that the at-risk indicators of greatest concern remain the same from the 2023-2024 school year to the 2024-2025 school year.

This indicates that these students may struggle with academic language and comprehension, even after exiting ELL services. Instruction for these students will focus on literacy interventions particularly in academic vocabulary and text structure and continued integrated instruction with ENL and content teachers to co-teaching to scaffold grade-level material, with ongoing formative assessment to monitor progress. Students in this category receive instruction based on careful formative assessment to determine areas of challenge.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

P.S.89Q is a diverse, multicultural school community, where many different languages are spoken among the families of our students. Currently, 88% of ELLs speak Spanish, making it the most common language of our ELLs, followed by Bengali (6%), and Chinese (3%). Other languages represented are Nepali, Thai, Urdu, Indonesian, Albanian, Gujarati, and Tibetan.

Many teachers and other staff members in the school community speak more than one language. In instruction, teachers carefully consider the appropriate use of students' home languages in providing learning scaffolds and encourage student responses in home languages when necessary. Home language support is provided across all areas to help ELLs including Newcomer ELLs, in learning and/or adapting to the new school environment. Instruction in mathematics, science, social studies, and content vocabulary is supported with students' home languages, where appropriate, to build/activate background knowledge and increase students' conceptual understanding and engagement. For example, teachers may provide multilingual anchor charts, translated texts, and dual-language assignments to support comprehension during instruction. Teachers also utilize multimedia precious and anticipation guides that incorporate multilingual elements to activate prior knowledge and build background. ELLs at the Entering and Emerging level are encouraged to jot down ideas in the home language, whenever needed, before writing in English or to complete tasks in the home language when necessary. The English/Spanish bilingual Oxford Picture Dictionary for kids, English/Chinese Oxford Picture Dictionary and bilingual glossaries in 39 different languages are available to classroom teachers and students. During the school year, teachers model how to use bilingual dictionaries during reading and writing tasks, encouraging independent vocabulary acquisition. In the classroom, ELL Newcomers are supported in a buddy system using triads, or partnerships with students who speak the home language so that students may receive peer language support. In addition, the school library contains

multicultural books in different languages such as Spanish, Chinese, Bengali, Urdu, etc. All students, including ELLs, are provided with the access to borrow books from the school library and their classroom library.

As mandated by school and city policy, written and spoken communications are given in the parents' preferred languages whenever possible. A translation team composed of teachers and paraprofessionals is established at Ps89QI; a staff member working in the main office speaks both English and Spanish; important information and/or parent notifications are translated into languages most commonly used in our school community. In addition, a telephone messenger service in different community languages is utilized to notify and remind parents of important school events. Over- the -Phone Interpretation Services for Schools are also available to all teachers. Translation services are provided for all parent meetings including PTA meetings, Parent-Teacher conferences and workshops by bilingual staff and/or interpreters from the DOE contracted Translation Agency.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

According to the Spring 2025 EDAT, 88% of ELLs at PS 89 identified ethnically as Hispanic/Latino, with the majority identifying as racially Native American (78.7%) or white (17.8%). Among the roughly 12% of ELLs that identified as ethnically Non-Hispanic, the majority identified as racially Asian (87%).
In order to ensure all ELLs' educational needs are being met, grade level representatives trained at district-wide CR-SE meetings have turn-keyed ways to integrate the CR-SE Framework into daily instruction to the teachers of the school. In their instruction, teachers have focused on helping ELLs to develop a stronger sense of belonging in the classroom, take ownership of their own learning, and feel like their ideas are invited and respected. Students are placed in flexible partnerships where each member is assigned a different role, such as Speaker, Listener, and Builder and provided with appropriate sentence frames. Because these routines are used across grades, students will become familiar with the procedures as they advance each year and build on their discussion skills.

Teachers deliver rigorous instruction using high quality instructional materials (HQIM) as seen in the Literacy Shifts. Teachers focus on explicit instruction in ELA and provide "sense-making" in math. ELLs are included in instructions as they set goals to monitor their progress throughout a unit and use rubrics to self-assess and provide feedback to their peers. Students work in small groups that are strategic, targeted and flexible to meet their needs.

PS 89Q's philosophy is to create student-centric classrooms where all students have opportunities for leadership roles. As such, our school is recognized as a Leader in Me Lighthouse School. At PS 89, students have the opportunity to create, select, and join Action Teams to address needs within the school community. Examples of Action Teams in the school are: Safety Squad, Gardening Club, Beautification Group, Newsroom, and Sustainability Group. Action Teams that highlight the work of ELLs in PS 89 are the Kindness Club, which pairs students in mentorship roles and Celebration Team, in which Entering and Emerging ELLs, along with ELL providers, welcome and engage Newcomers with school activities. ELLs participate in the decision-making at all levels of Action Team activities from their creation through implementation. This year, PS 89 is piloting Project Pivot, where the student body, including ELLs, select vendors and community partnerships to help host and lead the program.

PS89 has also created a Newcomer Program to help entering and emerging ELLs transition socially and academically in school. For their first two to six weeks at PS 89, Newcomers learn basic conversations and build foundational phonics skills. During this time, they are also taught about basic school day routines and their families are introduced to our school's parent coordinator and guidance counselors for support. The program's goal is to ensure that students and families feel welcomed and informed in their new school, city and country. Once students have developed the skills necessary to work independently in their classes, they receive further English language

support in their grade-level classrooms with support by their ENL teacher.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

At P.S. 89Q, English Language Proficiency (ELP) growth data from the 2024 NYSESLAT indicated that out of 432 English Language Learners (ELLs), 100 students (30%) met sufficient ELP progress targets, while 332 students (69.9%) did not. Although the majority of students did not meet sufficient progress, data trends show a slight improvement compared to the 2023 NYSESLAT results, where 72.4% of ELLs had not met progress targets. This indicates that, while gains have been made, sustained and targeted instructional adjustments are still necessary to accelerate language growth across proficiency levels.

To address these outcomes, P.S. 89Q has taken several structured actions grounded in the NYSED Blueprint for ELL/MLL Success. All teachers are supported as teachers of Multilingual Learners (MLs) and receive ongoing professional development on language acquisition strategies embedded within content instruction. Rigorous, scaffolded instruction is prioritized so that MLs engage in grade-level learning while receiving linguistic supports such as sentence frames, visuals, and structured academic discourse. Home language is leveraged as an asset to deepen comprehension and facilitate cross-linguistic transfer, and progress is closely monitored through NYSESLAT data, formative assessments, and teacher-created language rubrics.

Under ESSA-driven accountability measures, NYSESLAT data and ELP indicator scores are analyzed to identify students who have not met growth targets. Intervention plans are developed and integrated into the school's MTSS framework, ensuring ELLs are represented in school improvement initiatives. These plans include diagnostic assessments that target specific language domains—listening, speaking, reading, and writing—so instruction can be differentiated accordingly.

To further strengthen outcomes, targeted instruction and interventions have been implemented. ENL teachers provide small-group instruction using content-based language development strategies that integrate academic vocabulary, reading fluency, and writing conventions. Co-teaching models are employed to align language supports with core curriculum goals, and students with the greatest language gaps receive additional support through before-, during-, and after-school Title III-funded programs such as SPIRE and English 3D.

Finally, progress monitoring is conducted using validated tools such as NYSESLAT and LAS Links to track growth across language domains and ensure instructional responsiveness. Data from these assessments are reviewed collaboratively by ENL and classroom teachers to adjust supports in real time. Longitudinal progress is communicated with families through translated reports, and instructional teams use these insights to refine lesson design, ensuring that all ELLs continue progressing toward full English proficiency and academic success.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Data from the 2024 NYSESLAT results at PS 89Q shows that there are more ELLs in the Transitioning (29.8%) and Expanding (35.9%) levels and fewer ELLs in the Entering (6.1%) and Emerging (18.3%) levels despite the high number of Newcomers at PS89Q.
While ELLs were spread more evenly across the top three proficiency levels on the 2023 NYSESLAT, more students reached the Transitioning and Expanding levels on the 2024 NYSESLAT. The trend across several years indicates

more ELLs reaching the Expanding level each year.
Analysis of 2024 NYSESLAT data by modality shows that the trends remain similar to 2023. The greatest area of strength for ELLs at PS 89 was in Speaking, though the results were mixed. While a high number of ELLs scored high in speaking, a notable number also did not, indicating that ELLs at PS89 were distributed at both ends of the spectrum. Meanwhile, ELLs were generally strong in Listening, with many students scoring high in the modality. The results in Reading were more mixed, while the area of greatest need is in Writing.
Of note in the results is that many ELLs at the end of Kindergarten score high in Reading. These results are likely due to the difference in test design and reading expectations between the kindergarten reading test and all other grades. Similarly, there is a pronounced increase in the number of ELLs who score poorly in Writing at the end of first grade. Again, this is probably due to the difference in test design and writing expectations between kindergarten and first grade. The results have shown a similar trend among kindergarten and first-grade ELLs every year.
Overall, however, the modality with the largest concentration of students who score below 15% remains Writing. Because this data matches data gathered from other formative and summative assessments, PS89 continues to focus on improving writing instruction.
To address the modality-specific needs identified in Writing, instruction is being tailored through increased emphasis on structured writing routines and explicit modeling of written language features. Teachers are implementing scaffolded writing strategies such as sentence frames, paragraph organizers, and shared writing experiences that explicitly connect oral language development to written expression. Writing instruction integrates vocabulary and syntax instruction tied to grade-level content, ensuring that students have both the linguistic and academic tools necessary to produce extended written responses. Ongoing formative assessments, including writing rubrics aligned to NYSESLAT criteria, are used to monitor progress and adjust instruction in real time. Professional development sessions also emphasize the connection between speaking and writing modalities, promoting the use of oral rehearsal and peer dialogue as precursors to writing. These efforts are designed to build stamina, coherence, and accuracy in student writing while addressing the specific language domains where gaps persist.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Among ELLs at PS89 that took the Spring 2024 NYSESLAT, only students who were Commanding also scored 3 on the NYS ELA exam. Expanding ELLs scored 1 or 2 with slightly more scoring 1 than 2. All Entering, Emerging and Transitioning ELLs received a 1 on the NYS ELA exam. Five Commanding ELLs also received a 1 on the ELA exam.

Of the ELLs that took the NYS Math exam, 26% across all proficiency levels scored 3, with more Expanding and Commanding level students achieving the result. Among Commanding students 54.2% scored 3, 33.3% scored 2, and 12.5% scored 1. Most Expanding level students scored 2 (48%) while 23.1% scored 3 (23.1%) and 28.8% scored 1. 39.3% and 45.5% of Transitioning ELLs scored 1 and 2 respectively, while 15.2% scored 3. Most Emerging students scored 1 (56.3%) and roughly half as many scored 2 (25%) or 3 (33.3%). All entering students but one scored 1 on the NYS Math exam.

Overall, the data shows that achievement in the NYSESLAT is tied more closely with that on the State ELA exams than on the State Math exams, in that only students that achieved Commanding on the NYSESLAT scored 3 on the State ELA exam. In contrast, ELLs at all proficiency levels scored 1, 2, or 3. Data, also hows, however, that there were Commanding students that scored 1 or 2 In both the State ELA and Math exams, which suggests that these students need more support transitioning out of the ENL program as well as a greater focus on the academic language necessary to meet the standards for the state exams.

To address these trends, instructional planning has been refined to ensure that academic language instruction is strengthened across content areas, particularly for students transitioning out of ENL services. Teachers are explicitly embedding academic vocabulary instruction and content-specific language structures into lessons,

providing students with opportunities to engage in scaffolded reading and writing tasks that require the use of discipline-appropriate language. Lessons are designed to integrate language objectives with content objectives, ensuring that students build both linguistic proficiency and conceptual understanding simultaneously. Writing instruction emphasizes the use of transition words, academic sentence starters, and extended response tasks aligned with state standards. Teachers are also supporting students' transition out of ENL services through targeted small-group instruction focused on the advanced academic language and discourse patterns required for independent success in ELA and Math. These practices are being supported through ongoing professional learning to ensure that all educators can effectively integrate language development within rigorous, content-rich instruction.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

A total of 70 ELLs with IEPs took the Spring 2024 NYSESLAT. The results were as follows: 2.5% achieved the Entering level, 21.5% achieved the Emerging level, 32.9% achieved the Transitioning level, 36.7% achieved the Expanding level, and 6.3% achieved the Commanding level. A larger percentage of ELLs without IEPs (10.7%) achieved Commanding than students with IEPs (6.3%). Among students with IEPs and students without IEPs, most students continue to be concentrated at the Transitioning and Expanding levels.

To address the instructional gaps between ENL and special education services for ELLs with IEPs, intentional structures have been put in place to strengthen collaboration and individualized support. During Team Meeting "Alignment Time," ENL teachers meet with their cooperating general education and special education teachers to review IEPs, discuss students' specific IEP goals, and plan how these goals will impact instructional delivery and ENL servicing. Co-planning sessions focus on aligning language objectives with IEP academic goals, ensuring that instruction meets both linguistic and developmental needs.

Targeted supports for ELLs with IEPs include the use of modified materials and scaffolded tasks that promote access to grade-level content while supporting language acquisition. Teachers work collaboratively to adapt reading and writing assignments, incorporate visual and linguistic supports, and design differentiated small-group lessons that target specific skill deficits. Individualized language goals are also developed based on both NYSESLAT data and IEP benchmarks to monitor progress across modalities—particularly in writing and reading, which have been identified as areas of need.

Additionally, ENL and special education teachers engage in ongoing progress monitoring using formative assessments and classroom-based data to ensure that interventions are effective and responsive. Professional learning opportunities are embedded into grade-level and department meetings to build teacher capacity in strategies that support ELLs with disabilities, including explicit vocabulary instruction, sentence frames for writing, and strategies for building comprehension through language scaffolds. These coordinated efforts aim to bridge instructional gaps, ensure equitable access to content, and strengthen language development for ELLs with IEPs.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

P.S. 89Q provides Multilingual Learners/English Language Learners (MLLs/ELLs) with a high-quality academic experience that promotes deeper learning through a Multi-Tiered System of Supports (MTSS) with a strong emphasis on Tier 1 culturally and linguistically responsive core instruction. Instructional practices are grounded in the belief that all students can access grade-level content with the appropriate scaffolds and language supports. The school implements the Into Reading curriculum, which provides all students, including MLLs/ELLs, with exposure to rich, grade-level texts that highlight big ideas, diverse perspectives, and interdisciplinary connections. This is paired with explicit vocabulary instruction, development of academic discussion protocols, and strategic scaffolding to ensure that language development is embedded within content instruction. Teachers receive support in implementing extended writing protocols, a key focus for the 2025–2026 school year, to strengthen students' written expression and critical thinking across content areas.

To strengthen the connection to deeper learning, instructional practices at P.S. 89Q are intentionally designed to promote critical thinking, interdisciplinary connections, and academic discourse. Through text-based inquiry, students are encouraged to analyze, infer, and synthesize ideas across content areas, linking language development with conceptual understanding. Interdisciplinary units provide authentic contexts for problem-solving and exploration, allowing MLLs/ELLs to apply academic vocabulary and communication skills in meaningful ways. Structured academic discussions and writing tasks guide students in articulating complex ideas, building arguments, and engaging in reflective dialogue with peers — essential components of deeper learning. These practices not only advance English proficiency but also cultivate higher-order thinking and collaboration skills aligned with the Next Generation Learning Standards.

Integrated ENL instruction is co-delivered during the ELA block by certified ENL teachers and classroom teachers through a co-teaching model aligned with CR Part 154.2. These lessons are differentiated and structured to promote both language development and access to rigorous, grade-level content. Instructional strategies include Total Physical Response, the Natural and Language Experience Approaches, Project-Based Learning, and Cooperative Learning, along with multiple scaffolds such as visuals, realia, gestures, native language translation, and interactive digital tools.

To further support students at the Entering and Emerging levels, P.S. 89Q is going to continue to implement a stand-alone ENL model during the 2025–2026 school year using the HMH "English 3D" program, specifically "Language Launch" for 4th and 5th grade students and "English 3D" for K–3 students. This model provides additional targeted instruction in a small group setting, allowing for a more structured and supportive environment tailored to the

linguistic and academic needs of early-stage English learners. These students will continue to receive integrated ENL instruction in their classrooms in accordance with their mandated instructional minutes, ensuring a balance of inclusive learning and specialized support.
Moreover, the school continues to operate a Newcomer Program that provides full-day support for recent arrivals, including "survival" English, orientation to the school environment, access to a certified bilingual guidance counselor, and intentional family engagement. Students transitioning out of the program receive binders with background information and assessment data to support their integration into general education classrooms.
This comprehensive approach ensures that all MLLs/ELLs at P.S. 89Q benefit from rigorous, linguistically accessible Tier 1 instruction that builds both content knowledge and English language proficiency, while fully adhering to CR Part 154.2 regulations.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

At P.S. 89Q, the school leadership team—including the Instructional Leadership Team (ILT), ENL coordinator, instructional coach and administration—ensures that all Multilingual Learners/English Language Learners (MLLs/ELLs) have equitable access to high-quality, standards-aligned core instruction through an integrated system of collaborative planning, data-driven decision-making, and ongoing instructional support.
The ILT uses a range of assessment tools to monitor and support instructional access for ELLs, including:
HMH Into Reading module assessments
Into Reading Performance Tasks
MAP Growth data (Math)
mClass Data (Literacy/ELA)
NYSESLAT/NYSITELL testing outcomes
ENL service delivery schedules aligned to CR Part 154.2
Grade-level ILT members analyze this data to identify trends and needs specific to MLLs/ELLs. Instructional goals are developed and documented in a shared Grade-Level Needs Assessment, with a clear focus on language access, small-group differentiation, and instructional scaffolds. These goals inform decisions around:
Enhancing ENL integrated and stand alone service models (including the use of the English 3D curriculum for stand alone instruction)
Increasing the use of visuals, realia, multimedia, and home language resources during core instruction
Embedding language objectives and academic vocabulary into ELA and content-area lessons
Ensuring targeted support for Entering and Emerging level students through the Newcomer Program and supplemental small-group instruction
The ILT meets regularly to assess progress and update goals as needed. Instructional decisions are shared with teachers during weekly collaborative Unit Planning meetings, where general education and ENL teachers co-develop lessons that integrate language supports and align with Next Generation ELA Standards and New York State Bilingual Common Core Progressions.
To ensure continuity and compliance, the leadership team also monitors ENL scheduling and service minutes, providing teachers with updated guidance and training to align Tier 1 instruction with the language development needs of their MLLs/ELLs. In 2025–2026, additional emphasis is placed on extended writing, project-based learning for former ELLs (Commanding level), and strategic use of co-teaching protocols to ensure that ENL students are fully accessing and engaging with core academic content. In addition, the administration will conduct instructional walks to ENL classrooms, with the instructional ENL Coach, to ensure that all ELLs are receiving rigorous and tier 1 instruction, using the English 3D curriculum and English Language Development Into Reading Lesssons. ENL teachers will receive targeted feedback from both administration and the instructional ENL coach, which will not support individual teachers, but also will be used globally to discuss positives and next steps for the department as a whole.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

ENL CORE CONTENT

At P.S. 89Q, core content is delivered to Multilingual Learners/English Language Learners (MLLs/ELLs) through a combination of integrated co-teaching, stand-alone instruction, and targeted small-group support, all aligned with the Next Generation Learning Standards and the New York State Bilingual Common Core Progressions. Instruction is differentiated based on students' NYSESLAT proficiency levels to ensure both language development and content mastery.

Instructional Delivery by Proficiency Level:

- Entering and Emerging Level Students receive both:
  > Stand-alone ENL instruction (e.g., using the English 3D HMH curriculum) focused on foundational English development across
  domains—listening, speaking, reading, and writing.
  > Integrated ENL instruction through integrated or co-taught ELA lessons, as well as content-area instruction in science and social studies, where language supports are embedded into the curriculum.

- Newcomer students (recently arrived MLLs/ELLs) participate in a structured Newcomer Stand-Alone Program, which delivers foundational language instruction in a sheltered environment. Instruction is rooted in "survival English", vocabulary building, and basic comprehension, often embedded within science, social studies, and ELA themes to provide context and build content knowledge. Certified bilingual guidance counseling is also offered to support emotional adjustment and social integration.

- Transitioning and Expanding Level Students receive:
  > Integrated ENL instruction in ELA and content areas such as math, science, and social studies, with ENL teachers and classroom teachers co-planning and co-delivering instruction
  > Continued scaffolds such as visuals, modeling, graphic organizers, sentence frames, and realia to bridge language and content gaps.

- Commanding Level (former ELLs) continue to receive 90 minutes of integrated ENL support per week for two years post-exit, including participation in a new Project-Based Learning (PBL) curriculum launching in 2025–2026. This model extends academic language and content knowledge through authentic, collaborative tasks that reinforce reading, writing, and oral presentation skills.

Instructional Sequencing and Differentiation:
Instruction across ENL models is intentionally sequenced using a gradual release approach that moves from modeling and guided practice to independent application, ensuring alignment between language and content goals. Each lesson begins with explicit instruction in academic vocabulary and language structures needed to access the content. Scaffolded supports—such as visuals, gestures, sentence frames, and guided questioning—are gradually reduced as students demonstrate proficiency. Lessons are differentiated by grouping students strategically based on language proficiency, readiness levels, and linguistic needs. Teachers plan backwards from both the content standard and language function (e.g., describe, compare, explain), integrating listening, speaking, reading, and writing tasks that build toward mastery of both. Frequent formative assessments are used to adjust instruction in real time, ensuring that students progress along the language development continuum while deepening their understanding of grade-level content.

Instructional Methods and Language Supports:

To meet the demands of the Next Generation Learning Standards and accelerate English language acquisition, teachers implement research-based ENL methodologies, including:

- Total Physical Response (TPR)
- Language Experience Approach (LEA)
- Natural Approach
- Cooperative and Project-Based Learning
- Modeling and Structured Oral Language Practice
- Visuals, gestures, realia, and multimedia content
- Use of native/home language supports (e.g., translation tools, bilingual glossaries, and culturally relevant texts)

Through these instructional approaches, ENL teachers work in partnership with classroom educators to ensure that all MLLs/ELLs are engaged in meaningful, language-rich academic experiences that foster deeper learning and prepare them to meet grade-level expectations.

DUAL LANGUAGE CORE CONTENT (NEW DO NOT ERASE dual and TBE)

As per the district, we are using “Arriba La Lectura” bilingual curriculum again for this year. Implementation of this curriculum will assist in meeting or exceeding the instructional minutes In ELA and Home Language Arts instruction, since it is an integrated bilingual curriculum. The curriculum is in both languages and provides resources and units that integrate and provide opportunities for equal instruction in both languages. Our K-2 model purposefully has more HLA minutes to build a foundation in the target language. In grades 3-5 the instruction is split evenly between the target language and English while implementing this curriculum.
For Math we are using the Illustrative Math(IM) Curriculum in K-5. The curriculum provides resources and text in both English and Spanish so it integrates into our daily teaching flawlessly. Some grades already implemented this curriculum last year while some only piloted a unit. This year all grades will be using the IM Curriculum for math.
Finally for literacy skills we will be using Heggerty in both languages as well as Estrellita in Kindergarten and part of Grade 1 Spanish. The other lessons come from our HMH/Arriba La Lectura curriculum.
Lastly, the science curriculum (Amplify) will be used by a cluster teacher in Kindergarten, 1st and 2nd. This will support the additional content area in the home language.
Teaching in Spanish and English teachers use translanguaging strategies and take advantage of cross- linguistic transfer opportunities to use the stronger language to support learning in the other.

TBE CORE CONTENT

We will be using “Into Reading” and “Arriba La Lectura”, a bilingual curriculum. Implementation of this curriculum will assist in meeting or exceeding the instructional minutes In ELA and Home Language Arts instruction. The curriculum is in both languages and provides resources and units that integrate and allow instruction in English and HLA with support in both languages.
For Math we are using the Illustrative Math(IM) Curriculum in K-5. We will be using the curriculum in Spanish as our home language content area.
Finally for literacy skills we will be using Heggerty in both languages based on the specific needs of the students. Centers and activities from mClass will be implemented in small groups to support English language acquisition. The other lessons come from our HMH/Arriba La Lectura curriculum.
Lastly, the science curriculum (Amplify) will be used by a cluster teacher in Kindergarten, 1st and 2nd. This will support the additional content area in the home language.
Teaching in Spanish and English teachers use translanguaging strategies and take advantage of cross- linguistic transfer opportunities to use the stronger language to support learning in the other.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

ELLs/MLs and ELLs with IEPs are provided with ENL instructional strategies and grade-level materials that support language development across academic core content areas. For example, the Newcomer Stand-Alone program utilizes the Rigor and Hello! programs to build foundational English language and foster grade level ELA skill development for both Newcomers and Students with Limited or Interrupted -Formal Education (SLIFE). For the Integrated Programs, ENL teachers utilize the Into Reading HMH platform and the HMH English 3D curriculum. Here, they have access to leveled texts and reading and writing skill building activities that support the HMH curricula. To further support the usage of specialized curricula and online tools, ENL teachers use multiple instructional strategies, such as picture support, "table topper" supports, vocabulary instruction, TPR, activating and building on prior knowledge, first language support.

In addition, ENL and special education staff collaborate through intentional co-planning and ongoing progress monitoring to ensure alignment between language development and IEP goals. ENL teachers are provided designated "alignment" periods—two sessions every two weeks—with their classroom teacher counterparts to discuss students' IEP and language development goals, instructional expectations, and targeted strategies to meet both sets of objectives. During these sessions, teachers collaboratively review student data, modify instructional materials, and align scaffolds to ensure that students are supported academically and linguistically within the general education setting. ENL teachers are also assigned specific students for targeted instructional focus and meet with their supervisor every six weeks to review progress toward both IEP and language goals. This structured, collaborative approach ensures cohesive, data-driven support that promotes measurable growth in both language proficiency and academic achievement.

b. SIFE

The Newcomer Stand-Alone program provides Students with Limited or Interrupted Formal Education (SLIFE) with support in both English language and grade level skill development. ENL Teachers utilize the Rigor program as an intervention program for striving readers at preliterate and primary reading levels. Age-appropriate texts at a range of levels, plus explicit instruction, support language development and content understanding. To further support students in their general education curricula , ENL teachers use multiple instructional strategies, such as picture support, vocabulary instruction, TPR, activating and building on prior knowledge, first language support, scaffolding, and differentiation.

Foundational instruction is intentionally integrated with grade-level content to ensure that SIFE students develop core literacy and language skills while accessing rigorous academic material. ENL teachers strategically embed phonemic awareness, phonics, fluency, vocabulary, and comprehension skills within content-based lessons that align with the HMH Into Reading and English 3D curricula. This integrated approach allows SIFE students to build foundational literacy skills in the context of meaningful, standards-aligned content. Progress is tracked across language domains—listening, speaking, reading, and writing—through ongoing formative assessments, unit-based benchmarks, and teacher-created language performance tasks. Data from these measures are used during alignment meetings and supervisor conferences to adjust instruction, refine scaffolds, and ensure that each SIFE student's growth in foundational literacy and content mastery is closely monitored and continuously supported.

c. Newcomers

The Newcomer Stand-alone program focuses on building foundational English language instruction through topics in science, social studies and ELA. Newcomers have multiple opportunities to engage in conversations, reading and writing exercises while learning grade appropriate content. Students then have access to topics and themes that are applicable to grade level content.

ENL teachers use a variety of instructional strategies to support Newcomers in the content areas mentioned above. For example, Newcomer students received picture and video support for reading, writing and math to ensure they can activate or build onto background knowledge. For writing, students receive differentiated vocabulary word walls and sentence frames to support comprehension and overall language development. Furthermore, students receive support with the use of graphic organizers in both reading and writing.

In addition to this program newcomers enter the Bienvenidos program when they are new arrivals. Bienvenidos supports our new arrivals through an SEL lens where scaffolds are put in place to help them interact and function in a new school and new classroom environment.

From an academic perspective they are acquiring the tools they will need to function in a classroom setting with limited English while supported with translanguaging and ENL strategies. Students can be in Bienvenidos anywhere from 2- 6 weeks depending on their needs and school readiness. The team consists of our parent coordinator, guidance counselor and specialized ENL teacher who sees these students every day for 2 periods a day and also acts as the primary parent liaison for her students

d. Long Term ELLs

Currently no ELLs are identified in the category. A proactive plan is also in place to address the needs of Long-Term English Language Learners (LTELLs), even though none are currently identified at P.S. 89Q. The ENL team, in collaboration with classroom teachers and instructional leadership, has developed readiness measures to support any students who may meet LTELL criteria in the future. These include ongoing analysis of NYSESLAT performance trends, formative assessment data, and classroom-based language samples to identify students who may be at risk of stagnation in language growth. If LTELLs are identified, teachers will implement targeted interventions such as increased academic language instruction through content-based discussions, explicit writing development, and individualized vocabulary expansion. ENL and classroom teachers will co-plan to adjust instructional scaffolds, monitor domain-specific progress, and incorporate additional opportunities for structured oral language practice. This forward-looking approach ensures the school is prepared to meet the linguistic and academic needs of potential LTELLs with a coordinated and responsive instructional plan.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

IEPs are tailored to each student's unique needs through the use of specially designed instruction. IEPs for ELLs may include specific language goals, strategies for English language development, and modifications to accommodate language differences. SDI strategies include explicit language instruction, vocabulary development activities, and opportunities for language practice. Additionally, instruction emphasizes activating background knowledge, presenting material and lessons orally, and increasing the use of visuals, graphic organizers, manipulatives, and hands-on learning experiences.

Language objectives are embedded within IEPs by aligning English language development goals with students'

academic and functional needs. Instructional teams collaborate to ensure that these objectives are measurable and directly connected to the language domains of listening, speaking, reading, and writing. Services are adjusted based on ongoing student data, including formative assessments, NYSESLAT performance, classroom work samples, and teacher observations. When data indicates a need for additional support or modification, instructional teams—including ENL and special education staff—revisit the IEP to refine goals, adjust service delivery models, and incorporate new instructional strategies that promote both language acquisition and content mastery.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In dual language and our ICT bilingual programs, the home Language is currently assessed using MClass as well as regular assessments included in our new curriculum," Arriba La Lectura", which includes assessments for reading, writing and literacy skills. These are administered throughout the year (depending on the assessment) and results are used to plan home language instruction and differentiate for individual students. Additionally, the Mclass assessment assists teachers with planning for cross-linguistic transfer lessons.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Within the ENL program, ENL teachers receive 2 planning periods in each 8-day cycle in order to co-plan and collaborate with classroom teachers. Depending on the goals of the lesson and the student population, teachers determine the integrated co-teaching model that best fits the needs of each lesson. In addition to this time, all teachers are given time to collaborate with their ENL teacher on Monday afternoons.

Dual language teachers have common preps scheduled so they may communicate with their partners to plan, and they also have a full day of professional development once per 8 day cycle which is time for collaboration as well.

Collaboration outcomes are tracked through shared lesson plans, formative assessment data, and progress monitoring logs that document student growth in both language proficiency and content mastery. During co-planning sessions, ENL and classroom teachers analyze student data, reflect on instructional effectiveness, and identify next steps to address language and academic goals. Supervisors and instructional coaches review co-teaching artifacts, including planning templates and observation notes, to ensure alignment with schoolwide instructional priorities. The co-teaching model promotes instructional consistency by allowing both educators to share responsibility for lesson delivery, scaffolding, and differentiation. This collaborative approach results in improved student outcomes, as MLLs/ELLs experience coherent instruction that builds on prior learning, reinforces academic vocabulary, and deepens conceptual understanding across content areas.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

ENL teachers, Special Education teachers and General Education teachers will participate in professional development during Department Team meetings which are held ~2 times a month. During these collaborative meetings, teachers, coaches, and administration will work together to plan both rigorous and remedial lessons to meet the needs of our diverse English language learners. Collective formal and informal data will be used to target our instruction for both whole group learning and small group learning. Weekly grade level meetings and ENL meetings are scheduled to run throughout the school year. The agenda to these meetings will be based on staff needs as determined by classroom observations, student data, and staff feedback. Meetings will include curriculum planning and sharing out instructional best practices around Literacy, Social Studies, Science, Math, mClass, and HMH's ELA curriculum and English 3D. Additional topics that support our instructional vision are: analyzing formal Running Records, periodic Benchmark Assessments, and informal conferring notes. ENL teachers will also conduct workshops focusing on topics such as language acquisition, ELL strategies, differentiated instruction for ELLs, and on how to use NYSESLAT scores to help move our struggling readers and writers. Needs assessments are also created to plan accordingly for our ENL students.

Furthermore, ENL Data teams are facilitated by K-2 and 3-5 lead teachers. During data teams, ENL teachers come together by grade level to analyze NYSESLAT, mClass, ELA State Assessment, and local assessment data. The data reflects student performance in the NYS Targets of Measurement and gives ENL teachers the information needed to modify instruction based on students' performance in these standards. Teachers are then given time to create scaffolds and small group lessons in reading and writing that support the mainstream ELA curriculum.

The effectiveness of professional development is measured through multiple forms of evidence, including teacher surveys, classroom observation data, and student performance trends. This feedback is reviewed by instructional coaches and administrators to identify emerging needs and guide the planning of future PD cycles. Trends in student achievement data, particularly in language growth as evidenced by NYSESLAT and formative assessments, are also analyzed to evaluate whether PD initiatives are translating into improved instructional outcomes. Adjustments to PD priorities are made collaboratively, usually every two weeks on Friday mornings, ensuring that professional learning remains responsive, differentiated, and aligned to both school goals and teacher needs.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Teachers at PS 89 will receive extensive ELL-specific professional training. Teachers will regularly be provided with professional development on topics including English as a new language acquisition and Integrated ENL/ELA instructional strategies. Records will be maintained for professional development attendance by the presenter. Instructional Coaches will also attend a professional coaching group learning cycle where best practices for teaching and mentoring are studied. All coaching group information will be shared with staff to further support all teachers, staff and students. During data teams, ENL teachers come together by grade level to analyze Mock NYSESLAT data. The data reflects student performance in the NYS Targets of Measurement and gives ENL teachers the information needed to modify instruction based on students' performance in these standards. Teachers are then given time to create scaffolds and small group lessons in reading and writing that support the mainstream ELA

curriculum.

Outside organizations such as the Center for Applied Linguistics will be brought in depending on the availability of funding to support topics pertaining to MLLs for CTLE hours. Teachers will be surveyed to determine the topic.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Teachers use a variety of data to identify ELL student's learning needs, modify instruction, and/or design interventions for students at-risk. To assess students' knowledge of letter names and sounds, phonemic awareness, reading fluency and comprehension, the mClass with DIBELS 8th Edition assessment is used in grades K-5. mClass Lectura is also used to assess Spanish speaking ELLs' knowledge of letter names and sounds, phonemic awareness, reading fluency and comprehension in the Spanish language. For grades K-3, diagnostic assessments from the Really Great Reading program will be used to plan instruction focused on students' phonemic awareness and phonics skills. For mathematics, the MAP Growth assessment is given to measure all K-5 students' performance in grade level standards.

Teachers are given instructional planning time with their grade levels and departments to review the programs' data and modify instruction accordingly.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

PS89Q recognizes that our ELLs may need additional time and assistance to reach their potential. Targeted interventions are planned and occur when ELLs do not meet the grade level expectations (i.e. benchmarks) that are necessary for academic progress.

ELLs who are not reaching grade level benchmarks will receive targeted interventions in both math and ELA. Some of these targeted interventions are integrated ENL services, and the Alternate teaching program and afterschool programs such as our LevelUp/Saturday Program (exclusively for ELLs), NYSESLAT Test Prep, and the K-2 Saturday Academy.

For the ENL integrated intervention program, ENL teachers work collaboratively with the classroom teachers during these ELA periods to ensure students are receiving support that is aligned to the curricula. For example, students who are performing below grade level ELA standards will receive an increase in servicing time for small group instruction. During small groups, students will receive targeted instruction in guided reading, strategy groups and shared writing that contain embedded language structures. In order for all ELLs with IEPs to have access to and engage with grade level content, ENL teachers use targeted small groups during the integrated intervention program. These groups support grade level content with target language embedded into all instructions. Both special education and ENL teachers work collaboratively to ensure their targeted small groups are consistently aligned. For example, differentiated centers in ELA are used in order for students to have access to grade level skills and linguistic support with multiple entry points. After ELLs with IEPs learn with the special education teacher in a center, the ENL teacher will re-teach the skill and embed it within a grammar lesson. This strategy ensures that all

ELLs with IEPs have access to and can engage in grade level content. To further support students in their general education curricula , ENL teachers use multiple instructional strategies, such as picture support, vocabulary instruction, TPR, activating and building on prior knowledge, first language support, scaffolding, and differentiation.

For the newcomer stand-alone intervention program, students are pulled out of their ELA periods to receive targeted language support that fosters foundational English language development and provides students with content themes that are aligned to their ELA curriculum. Students leave the newcomer intervention program with tools such as word walls, thematic leveled books, and anchor charts to use during their mainstream content lessons.

For the after school programs, ELL (EN-EX) students participate in After School and Saturday Academies. Instruction is based on an analysis of state test data and geared towards filling gaps identified through targeted instruction on specific skills and includes native language instruction. Groups are less than 12 students per teacher and students are assessed for progress at the beginning and the end of the program.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS89Q recognizes that our ELLs may need additional time and assistance to reach their potential. Targeted interventions are planned and occur when ELLs do not meet the grade level expectations (i.e. benchmarks) that are necessary for academic progress.

ELLs who are not reaching grade level benchmarks will receive targeted interventions in both math and ELA. Some of these targeted interventions are integrated ENL services, and the Alternate teaching program and afterschool programs such as our LevelUp/Saturday Program (exclusively for ELLs), NYSESLAT Test Prep, and the K-2 Saturday Academy.

For the ENL integrated intervention program, ENL teachers work collaboratively with the classroom teachers during these ELA periods to ensure students are receiving support that is aligned to the curricula. For example, students who are performing below grade level ELA standards will receive an increase in servicing time for small group instruction. During small groups, students will receive targeted instruction in guided reading, strategy groups and shared writing that contain embedded language structures. In order for all ELLs with IEPs to have access to and engage with grade level content, ENL teachers use targeted small groups during the integrated intervention program. These groups support grade level content with target language embedded into all instructions. Both special education and ENL teachers work collaboratively to ensure their targeted small groups are consistently aligned. For example, differentiated centers in ELA are used in order for students to have access to grade level skills and linguistic support with multiple entry points. After ELLs with IEPs learn with the special education teacher in a center, the ENL teacher will re-teach the skill and embed it within a grammar lesson. This strategy ensures that all ELLs with IEPs have access to and can engage in grade level content. To further support students in their general education curricula , ENL teachers use multiple instructional strategies, such as picture support, vocabulary instruction, TPR, activating and building on prior knowledge, first language support, scaffolding, and differentiation.

For the newcomer stand-alone intervention program, students are pulled out of their ELA periods to receive targeted language support that fosters foundational English language development and provides students with content themes that are aligned to their ELA curriculum. Students leave the newcomer intervention program with tools such as word walls, thematic leveled books, and anchor charts to use during their mainstream content lessons.

For the after school programs, ELL (EN-EX) students participate in After School and Saturday Academies. Instruction is based on an analysis of state test data and geared towards filling gaps identified through targeted instruction on specific skills and includes native language instruction. Groups are less than 12 students per teacher and students are assessed for progress at the beginning and the end of the program.

MTSS decisions and adjustments are systematically documented through progress monitoring logs, intervention tracking forms, and shared data dashboards that capture both academic and language growth. Instructional teams, including ENL, general education, and special education teachers, meet regularly 1 period per during Team Meeting "Alignment" time to review benchmark data, formative assessments, and student work samples to make data-driven decisions in real time. In addition, each ENL teacher is assigned students in their caseload (usually 5-8 students) to track their mClass progress and create specific learning and language goals which is reviewed and tracked by them and their supervisor. They have a "check-in" meeting every 6 weeks. When students are not making adequate progress, supports are adjusted immediately by increasing small-group instruction, modifying scaffolds, or providing additional targeted interventions. These decisions, along with student response to interventions, are recorded to ensure continuity of support and to guide future instructional planning. This structured process ensures that all ELLs, including those with IEPs or newcomer status, receive timely, responsive, and aligned interventions that promote both language development and mastery of grade-level content.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments are used to guide instructional planning for our students throughout the units of study in both ELA and Math. In grades K-2 ELA, teachers use Progress Monitoring within mCLASS for formative assessment data to inform their instruction and next steps. Progress Monitoring is on-going throughout the year with 'well-below' students being tested 2x a month and 'below' students are tested 1x a month. Teachers also use data from Really Great Reading Playground, mCLASS Boost and anecdotal notes to create a personal action plan for each student. In grades K-2 Math, our Core Curriculum program, IM Math, has Cool Downs after each lesson which are similar to exit tickets and provide important data and instructional next steps. IM Math also has 'Checkpoints' after each section within a unit that is used to formatively assess students and track their understanding as they progress through the unit. IM digital centers, anecdotal notes and conference notes are other ways in which teachers use formative assessment in Math.

For ELA, formative assessments are used to guide instructional planning for our students throughout the units of study. In grades K-2, Really Great Reading weekly assessments are an efficient method of assessing readers in letter naming, letter/sound recognition, sight words, decoding, reading comprehension and fluency. This tool is used to identify patterns in student's reading behaviors and student's strengths and weaknesses in the area of reading, and places students in the most appropriate instructional and independent level of reading texts. In grades 3-5, teachers use the HMH weekly assessments, which measure comprehension and other grade level reading skills. Weekly assessments are also used to embed ELA test prep and assess foundational skills. Ongoing assessments such as teacher-student conferences, unit assessments, checklists and exit slips also provide effective information and feedback from students about their learning strengths and needs, which teachers use to inform their instructional decisions.

The Dual Language Spanish program assesses students' Spanish language acquisition through mClass Lectura, El Sol, and Estrellita in addition to the above assessments in English. Teachers utilize the assessment results to monitor

student performance and guide instructional planning for the ELLs in the program.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Research and studies have shown that students learning to read in a second language are able to transfer many skills and knowledge from the first language to facilitate their acquisition of reading skills in the second language. Incorporating the use of ELL's home language when needed to support them in academic learning helps increase ELL's academic achievement. PS89Q recognizes home language skills of ELLs as an important educational resource. Students in the Dual Language Program are assessed using EL SOL in kindergarten,as well as MClass and regular assessments included in our new curriculum "Arriba La Lectura", which includes assessments for reading, writing and literacy skills.

Students whose home language and/or dominant language is other than English are administered the New York State Identification Test for English Language Learners (NYSITELL) to determine their entitlement for additional support in learning English language skills. Students whose home language is Spanish are further assessed with Spanish LAB for their proficiency in Spanish if they score below Commanding level in NYSITELL. Student's Spanish LAB results are used to support our instructional planning for Spanish/English Dual Language Program. ELL's home language support is incorporated in lessons, where appropriate, to foster their English language development and active learning.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

To accurately identify student's progress and areas of needs, PS 89Q uses a variety of summative assessments. For ELA, HMH module assessments are given to K-5 students every 6 weeks measuring comprehension and foundational reading skills. mClass assessments are given to students in grades 3-5 three times per year to measure progress across comprehension and grade level reading skills. Furthermore, to accurately measure writing skills, HMH Into Reading performance tasks are done after units to assess progress across grade level writing skills.

State tests such as the New York State English as a Second Language Achievement Test (NYSESLAT), New York State English Language Arts Exam and New York State Mathematics Exam are given at the end of each school year to measure overall progress. Teachers carefully review the item skills analysis of student's performance in NYS ELA and NYS Math exams and use the data to form needs-based groups, and tailor instruction to match student's needs.

For the NYSESLAT, teachers analyze student's performance in each modality (Speaking, Listening, Reading and Writing) to identify student's areas of strength and needs. Teachers of ELLs/MLLs use the data to plan for instruction at the beginning of the year. Students are flexibly grouped according to their needs and provided with small group/differentiated instruction.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

The NYSESLAT Speaking test will be administered to students individually and scored by an English as a New Language (ENL) teacher who is not the student's teacher of English as a New Language, Bilingual teacher or English Language Arts. Listening/Reading/Writing components will be administered to all ELLs in grades K-5 over 3 days by certified ENL teachers and other pedagogues. Make-ups will be administered during the make-up window. The Testing Coordinator monitors new enrollment of any students in consultation with the English as a New Language Coordinator to ensure that all ELLs enrolled at the time of the NYSESLAT are tested. During the testing administration period, all MLs/ELLs and former ELLs will continue to receive ENL mandated services. The testing administration will be scheduled as to not conflict with instructional time by having ENL teachers conduct a majority of the speaking testing on state testing days where we follow a separate testing schedule. Families are notified of the NYSESLAT schedule by letter in the Spring. The ENL department also provides a Parent Workshop about the NYSESLAT in the Spring each year.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Each year, a list of former and current ELLs and their accommodations is kept and maintained by the Testing Coordinator at PS89. The type of accommodation provided to each ML/ELL is identified through consultation with classroom teachers, ENL teachers, IEP reports and verified by the Testing and the ENL Coordinators. The list is monitored and updated throughout the year by the Testing Coordinator as IEPs are updated. During the testing season, the Testing Coordinator ensures that each student receives the accommodations, such as extended time, alternate language translations or one-to-one glossaries, that s/he is entitled to. These accommodations are utilized during the school year for classroom assessments as well, ensuring that students know how to use the tools that are provided to them. The Testing Coordinator provides a training on how to implement accommodations once a year.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At the beginning of the school year, after the first ten days in which potential ML/ELLs are identified through the process mandated by the Department of Education, parents are invited to attend an ELL Program Orientation, by phone and in writing via an Entitlement Letter. At the meeting, parents view the parent orientation video in either the language of their choice, if provided by NYSED, or in English with an accompanying transcript in the language of their choice. Over the phone interpretation is provided at parents' request for low incidence languages. Parents also receive information about the Next Generation Learning Standards, assessments, and school expectations for English Language Learners, as well as the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE) and English as a New Language (ENL). Parents are then invited to complete the Parent Survey and to choose a program for their child. In addition to the initial orientation, the ENL department also conducts workshops at the beginning of the school year with a greater focus on standards, assessment, and expectations as well as ways parents can help their children. Interpretation for all meetings are provided by bilingual school staff or, occasionally, through over-the-phone interpretation services. Attendance for Orientations and Workshops are taken and kept on file with other ENL critical documents by the ENL Coordinator.

While the ELL Program Orientation is provided multiple times at the beginning of the school year, parents who are unable to attend are invited to complete the orientation in a one-on-one meeting with the ENL coordinator by appointment. If they are still unable attend, parents are requested, by phone, to watch the orientation video and to

complete the Parent Program Survey Form at home before returning it to the school.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

In addition to the initial parent orientation, parent teacher conferences, and several parent workshops, ENL providers make multiple attempts to schedule individual meetings throughout the year with the parents of the students they service. To facilitate attendance, the meetings can take place in person, over the phone, or via remote conference at a time that is convenient to both parties.

At the meeting, teachers and parents discuss:
1) The goals of the ELL program by talking about expectations that teachers have for each student;
2) Their child's language development progress by sharing data about current student performance;
3) English language proficiency assessment results by breaking down NYSESLAT results by modality; and
4) Language development needs in all content areas by relaying information about student progress and needs in content area classes such has math, science, social studies, etc.

To document attendance, parents sign the meeting invitation, which is placed in each student's cumulative record file. The meeting dates, format, and all communication attempts are also centrally recorded in a digital application maintained by the ENL Coordinator along with other ENL critical files.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All communications issued to families are provided in the main languages spoken by families at PS 89. The school utilizes the DOE messaging app and the Class Dojo App to communicate with parents. These systems provide simultaneous translation for all messages so that parents can initiate communication in the language of their choice.

Signage informing parents of translation services are posted in high-traffic areas of the school so that parents are aware they have a right to receive interpretation aid from bilingual staff or through OTI services provided by the DOE. Parents who speak a language other the English receive OTI interpretation or interpretation from bilingual staff on site.

PS 898Q ensures that communications are accurate by utilizing DOE issued translations and DOE approved vendors for translation whenever possible. Additionally, PS 89 conducts a survey each year to assess translation needs and receive feedback from parents.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At the beginning of each year, the Parent Coordinator conducts a survey of families to determine the needs of the school community. This data is used to develop programming and services for families for the school year. Depending on the needs that have been identified, the school partners with community groups and teachers to develop workshops or provide other services.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

PS 89 understands that families are more likely to engage in family leadership opportunities when parents are invited to participate in activities alongside their children. As such, meetings such as the Parent Association are often programmed alongside useful workshops as well as student awards events. PS 89 disseminates information about leadership opportunities at PTA meetings and through flyers and messages sent home.

PS89 utilizes a multi-pronged approach to ensure families of Multilingual Learners (MLs) and English Language Learners (ELLs) are aware of family leadership opportunities like Parent Association (PA), School Leadership Team (SLT), and Community Education Council (CEC). They leverage existing communication channels to spread the message. During the "Tea on Tuesdays" remote meetings, a dedicated segment highlights these opportunities with explanations to address any questions. Social media platforms like Facebook, Instagram, and ClassDojo see regular posts about leadership roles. The weekly newsletter includes visuals and links to informative resources. Finally, PS89 collaborates with the parent coordinator to send targeted emails in the families' preferred languages, detailing

these leadership opportunities. Recordings of PTA meetings, both morning and evening sessions, ensure even families with scheduling conflicts can stay informed about these leadership possibilities.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

PS 89 partners with various organizations to provide programs that support the needs of the school community. The Child Center of New York provides afterschool programs for students and counseling support for our students and families. They offer their services in multiple languages to meet community needs. Additionally, the following organizations have also supported the school by leading classes and workshops for children and families: Calpulli Dance Company, Cookshop, La Fuerza da Familias Latinas, Casa Queens Theater, and Casa Museo del Barrio.

The Parent Coordinator assesses the effectiveness of school partnerships by conducting a survey of families to determine the needs of the school community. This data is used to develop programming and services for families for the school year. Depending on the needs that have been identified, the school partners with community groups and teachers to develop workshops or provide other services.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

n/a

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ELL identification team consists of the ELL Coordinator, Lulu Lin, select ENL teachers, who have ENL or bilingual licenses, and other bilingual staff who provide interpretation support

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ELL status of all students seeking to enroll for the first time in the NYC school system are identified in accordance with NYSED and NYCDOE guidance. During the enrollment process, guardians and students are administered the Home Language Identification Survey (HLIS) through an in-person interview. The interview is conducted in English or in the parents' preferred language with support from bilingual staff or over-the-phone translation services. The licensed pedagogue determines the student's home language and his/her eligibility for New York State Identification Test for English Language Learners (NYSITELL). Students with an Individualized Education Plan (IEP) are referred to the Language Proficiency Team (LPT) for further evaluation and determination of NYSITELL eligibility status.

An ENL teacher administers the NYSITELL to students who are determined to be eligible for the assessment. If a student does not score Commanding on the NYSITELL, the student is entitled to ELL services. An Entitlement Letter in the parent's preferred language is sent home to inform the parent and invite the parent to attend an orientation meeting, where the parent selects which ELL program the student should be placed into.

Parent orientation meetings are conducted by our ELL Coordinator and/or ENL teachers in the parent's preferred language and/or English. Translation & interpretation are provided to students' families whenever needed. The entire process is completed and students are placed into an appropriate program within 10 days of enrollment.

Newly identified ELLs whose home language is Spanish are also administered a Spanish LAB to evaluate their native language proficiency.

The entire ELL identification process is completed and students are placed into an appropriate program within 10 days of enrollment, unless the student has an IEP, in which case an LPT made up of administrators, Special Education teachers, and ENL teachers will make a program recommendation and place the student within 20 days of enrollment. A Placement Letter in the parent's preferred language is sent home to inform the parents.

If a student is re-entering an NYC public school after two (2) years outside the NYS school system, the student is re-administered the entire ELL Identification Process.

In order to ensure the enrollment process does not interrupt the delivery of mandated services, some of the steps are conducted in the summer prior to the start of the school year or done by the ENL Coordinator during designated, non-instructional periods.

In addition to the identification team, PS 89 also has a dedicated team working with our new arrival families. The team consists of a teacher (Ms. Park), a guidance counselor (Mr.Malpica), the parent coordinator (Ms. Garcia) and the supervising Assistant principal (Mr. Schelino). The team addresses families when they come in; assessing needs and ensuring they are fully informed and the intake process is carefully managed.

After the initial enrollment period in September of each year, the ENL Coordinator, with occasional assistance from the ELL identification team, administers the HLIS to all families who are enrolling in the NYC school system for the first time during the school year. Families are also given the parent orientation in the form of a one-on-one meeting, where parents are able to choose their preferred ENL program. The ENL Coordinator has designated, non-instructional periods for HLIS administration in order to ensure that the ELL identification process does not interrupt the provision of mandated ENL instruction.

At the start of the year, current and former ELLs receive a Continued Entitlement or a Non-Entitlement letter informing families of their student's ELL status. ENL teachers are assigned to service each ML/ELL student and begin providing services when school begins in September.

Newly enrolled ELL families are welcomed to their own information session with ENL teachers on Meet the Teacher Night. During this meeting, families are provided with an overview of what to expect emotionally from their child as they transition to an English-speaking school, an explanation of our ENL program (standards, assessments, and expectations), and resources they can use at home to support their children.

Throughout the year, events are held by the Newcomer ENL Teacher to help newcomer students and their families feel acclimated to their new community. For instance, there is a field trip to the local library so that students can sign up for library cards. In addition, a community recreation representative comes to the school to inform families of sports teams students can join in the spring and summer. Workshops are also held throughout the year for families of all current and former ML/ELLs as well. The workshops are developed and conducted by ENL teachers or partner organizations in collaboration with the Parent Coordinator. The workshops focus on topics such as how to help students at home, the middle school enrollment process, or the NYSESLAT exam.

Our parent coordinator is also able to help support families when they have concerns, such as how they can find job postings or food distribution centers. When students are struggling to adjust, our bilingual school guidance counselor can meet with them to ensure they feel comfortable in our school.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Lulu	Lin	Teacher - Regular Grades	11/06/2024	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Student Emergency Contact cards,New York City Schools Account (NYCSA) Student Profile

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	2	0.16%	2	0.16%	3	3
BENGALI (BANGLA IN BANGLADESH)	54	4.37%	52	4.22%	3	3
CHINESE ANY	33	2.67%	28	2.27%	1	5
GUJARATI	1	0.08%	1	0.08%	0	2
HINDI	1	0.08%	1	0.08%	1	3
INDONESIAN	1	0.08%	1	0.08%	1	1

(AKA BAHASA)						
MANDARIN	1	0.08%	4	0.32%	1	3
NEPALI	4	0.32%	4	0.32%	0	1
ENGLISH	324	26.19%	319	25.89%	Most staff	Most staff
SPANISH	815	65.89%	819	66.48%	32	35
UKRAINIAN	1	0.08%	1	0.08%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Handbook	We will utilize the Office of Language Access
Parent Bill of Rights	Parents received the DOE documents in the provided languages. The QR code is also displayed in high-traffic areas.
NYC DOE Communications	Parents receive these documents in the DOE provided languages. Parents are also directed to the web-based versions of these documents.
Parent Teacher Conference Notices	We will utilize DOE InfoHub templates for covered languages as well as bilingual staff
IEPs	Bilingual staff provide translation for covered languages. Other languages will be submitted to the Office of Language Access for translation

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Meet the Teacher Night	Bilingual Staff are on call to act a interpreters. Teachers also utilize over-the-phone interpretation services.
Parent Teacher Conferences	Bilingual Staff are on call to act a interpreters. Teachers also utilize over-the-phone interpretation services.
Parent Workshops	We will utilize bilingual staff
Tea on Tuesdays	We will utilize bilingual staff
Kindergarten Open House	We will utilize bilingual staff
Newcomer Open House	We will utilize bilingual staff
Special Education Open House	We will utilize bilingual staff
Prospective Students Open House	We will utilize bilingual staff

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

During a school-wide emergency, the school will contact parents by utilizing the DOE provided messaging system which calls, emails and text messages in the available languages in addition to the Class Dojo app, which provides translation.

Static communications such as the school website and Facebook are browser-based, and will be translated throughout the website.

When parents contact the school, their preferred languages will be identified. The school will utilize bilingual staff and over-the-phone interpretations services for support with communication in the preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All staff members will receive the written documents for review during professional development designated periods before December 2025. Staff will also be notified of the NYCPS language Access Training for School Based Staff and asked to attest to training completion via a Google form which will be monitored by administrators.

Future language access resources and updates will be disseminated to all staff via email by the LAC.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

All OLA provided signage and brochures regarding parental rights to information in a preferred language are displayed prominently near the school entrance in high-traffic areas.

Additionally, families are informed of their rights during the registration process, Open School Night and during PTA meetings. Additionally, every weekly newsletter provided by the Parent Coordinator contains notice of available language assistance services.

PS 89 utilizes DOE provided messaging applications as well as the Class Dojo App which all provide translation. Additionally, the parent coordinator and teachers assist parents with getting the necessary over-the-phone translation services or identifying available bilingual staff.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

The school gathers anecdotal feedback about language services from teachers, the PTA, SLT, and title 1 PAC committees in order to determine language translation needs. Parents are also encouraged to respond to the Parent Access Survey every May.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

In the 2024-2025 school year, PS89Q worked to improve language assistance services by making greater efforts to notify parents of available interpretation and translation services in order to increase awareness and utilization of available resources.

In the 2025-2026 school year, PS89Q will be working to obtain more resources, such as translation devices, to increase the number of options parents have for translation help, especially for languages that are less commonly represented in the school population.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Total number of ELLs to be served in this program:

After School-50, Saturday Day School-160

Grades to be served in this program. Select all that apply.

,3,4,5,1,2

Total number of teachers in this program:

20

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

15

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

5

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The goal of our Title III program is to enhance and/or accelerate literacy and English language skills for our English language learners through differentiated instruction and accelerated learning to support them in their academic learning and help to ensure that they are on track to become college and career ready as described in the Chancellor's initiatives and the Learning Standards.
The following supplementary programs and materials have been carefully reviewed and selected to target the needs of our ELLs. We purchased all these materials using school funds. Title III funds have been used only to pay teachers per session. To support our lowest proficiency ELLs, we will utilize our Saturday Program, servicing a total of 10 classes (2 per grade 1st-5th).

Saturday Academy-This program will be supervised by AP Brandon Mayer and AP Emily Kraft who will not be paid using Title 3 funds. This program will range from January 10th-April 25th where there will be 10 sessions, from 8-12:30, where remediation, small group instruction, station learning, and language support will be provided to our ELLs that have accepted a seat in the program with a primary focus on test preparation for the State ELA and Math assessments.. For Math remediation will be a part of the station learning intervention. This will constitute 160 ELLs in grades 1-5. Our cohorts of students will be named the following:
1st/2nd Grade: Reading Stars
3rd/4th/5th Grade: Power Up Programs "PUPS"

After School Program-
After School Program "Level Up"-
This program will be supervised by AP Pablo Schelino who will not be paid with Title 3 funds.
We will analyze data from the 24-25 state tests to select 4th and 5th grade Ells who performed within .6 of a level 3. These students will be in our title 3 after school program to focus on specific standards they need support with. Once we have those students, we analyze the data by standard to see what specific standards those students struggled with. The teachers then design specific lessons to address deficits. One important aspect of the program is that we select bilingual teachers who can support students in their native language in order to take advantage of cross- linguistic transfer and allow students to gain a deeper understanding of content in their native language. This will constitute 50 4th/5th grade ELLs. Our students have been divided into four groups of 10-14 students each. The groups are based on whether needs are in reading, math or both. Instruction in after school is teacher led and is responsive to student needs based on a baseline assessment consisting of released state test questions. Teachers are engaging in brief whole group instruction, individual, and group instruction. Groups are flexible based on language needs, or standards being addressed.

Supervisory Funding for both After School and Saturday Academy will be funded using non Title 3 funds.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

In addition to other in-building measurements for monitoring ELL progress, PS 89Q utilizes NYSESLAT data and the ELL data analysis tool (EDAT) to track the academic growth and achievement of all students, including relevant ELL subgroups. The data yielded from the EDAT helps us to analyze student progress in several academic areas including English as a New Language (ENL) and allows teachers to design effective instructional programs and/or interventions to address the needs of English Language Learners.

According to the NYSESLAT data, the results for enrolled students who took the Spring 2025 NYSESLAT were as follows: 62 students achieved the Commanding level (15%) ; 145 ELLS reached the Expanding level (25%); 134 students tested at the Transitioning level (23%), 111 ELLS attained the Emerging level (19%); and 97 ELLs were at the Entering level (17%). The results show that about one in three ELLs that took the NYSESLAT in Spring 2024 tested at the Entering or Emerging levels.
We also use state testing data for ELA and Math to determine which Ells are below grade level. Our previous experience has demonstrated that targeted support of students within .6 of the grade level has resulted in half of those students achieving grade level in at least one area(ELA or Math).
Based on this data analysis, the goal of our Title III program is to provide enhanced literacy instruction and to accelerate English language acquisition through differentiated and targeted instruction designed to support our ELLs in their academic and content area learning and to ensure that they are on track to become college and career ready as described in the Chancellor's initiatives and the Learning Standards.

Parents will be notified of the programs through the DOE provided messaging system. All notifications will be translated in parent preferred languages with the help of in-house staff. In addition, when offered these remedial classes, rationale will be provided in the letter.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

ELLs at the lowest proficiency levels and Newcomers at PS 89Q will receive additional support through our After School and Saturday Academy, which consists of:
After School-50 students
The after school program will serve 25 5th grade students and 24 4th grade students of varying proficiency levels who have been identified using state test data from the 2025 New York State ELA test.

Saturday Academy-160 students
3rd-5th Grade PUPs (EN-EM students who are preparing for the ELA and Math State Assessments
2nd-5th Grade NYSESLAT Test Prep (All ENL students in 2nd-5th Grade Self-Servicing classes)
1st/2nd Reading Stars (EN-TR students in need of literacy remediation)

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Saturday Academy-This program will range from January 10th-April 25 where there will be 10 sessions, from 8-12:30 on Saturdays

After School Program-Will run from 12/18/25 through 04/29/26. Students will be in the session for 2 hours on Wednesdays and 2 hours Thursdays for a total of 32 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The primary language of instruction will be English, with supplemental help provided in student home languages (Spanish, Bengali, and Chinese). Preference will be given to teachers, paraprofessionals, and school aides who are bilingual in the position postings for the program.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be a total of 20 (4 ENL/bilingual teachers, 16 classroom teachers) teachers providing instruction in the Saturday Academy, the after school program, and the Morning Program. All teachers will be required to hold a NYS teaching license though preference and retention rights will be given to teachers holding a license in Bilingual Education, TESOL or SWD. Additionally, 1 bilingual school counselors will provide extended counseling and 2 paraprofessionals will provide support to SWD ELLs.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Saturday Academy:
Types of materials: New York Next Generation Standards Aligned Materials – Print & Digital
Titles/Publishers: “New York Next Generation - ELA” & “New York Next Generation - Math” by Continental
Location where materials will be stored: Supply Room
Materials purchased by Title III Funds: iReady, Physical Texts + Teacher Guides

In the Power Up Program (3-5) and Reading Stars (1-2), students in Grades 1-5 will receive remediation in identified deficit areas assessed at the beginning/middle/end of year by the Universal Screener via small group instruction and station learning with embedded language and vocabulary support through computer adaptive software (iReady) and school created materials. Students in Grades 1-2 will receive reinforcement in phonemic awareness and phonics through Heggerty, HMH Foundational Skill Activities, and Amplify’s Phonics Boost computer based program. Students in Grades 3-5 will utilize the print edition of “Next Generation - ELA & Math” by Continental which will be stored in AP Kraft’s office. Materials purchased utilizing Title III funds will be iReady teacher/student accounts and “Next Generation - ELA & Math” student books plus teacher manuals.

All materials used with Title III funding for the After School Program and Saturday Program will only be used during these Programs.

Implementation Plan and Maintaining Records

- **Describe your school’s plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school’s Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

We will create an Attendance Sheet for teachers to track attendance created by our data specialist. Attendance will shared and monitored by administration for both ELL attendance and also for servicing efficiency and additional opportunities for other ELLs

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The goal of our Title III program is to develop and/or accelerate English literacy skills for our ELLs. Therefore, our professional Development program will focus on providing teachers with methods for scaffolding and differentiated instruction for teaching English Language Learners. It will also focus on how to prepare ELLs to meet and exceed the NYS Performance and Learning Standards and achieve higher scores on all upcoming state assessments. Brandon Mayer, Assistant Principal of ENL Department, Pablo Schelino Assistant Principal of Dual Language, and Emily Kraft Assistant Principal of Grades 1, and 3-5 will facilitate the professional development sessions. Teachers attending the PD will sign in and attendance will be kept on file.

For the Saturday Academy Program, we will be offering the following PDs on 12/20/25 from 8:00-12:30 remotely. This will be facilitated by AP Mayer and AP Kraft and will be funded using Title iii Funds.

For the After School Programs, we will be offering the following PDs on 12/10/25 and 12/11/25 in Room 105 from 2:20-4:20. This will be facilitated by AP Schelino and will be funded using Title iii Funds.

In both professional developments, teachers will be presented with the philosophy and goals of each program and review of the posting that the teachers applied for, logistics, and on-hand inquiry work of the selected ELL demographics. The remaining time (Day 2) will be provided for planning differentiated lessons and customize instruction as determined through the inquiry. The staff meeting will have an agenda and sign in sheet for record purposes.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The goal of our Title III program is to develop and/or accelerate English literacy skills for our ELLs. Therefore, our professional development (PD) program is intentionally designed to provide teachers with research-based methods for scaffolding and differentiated instruction to support English Language Learners. PD will also focus on preparing ELLs to meet and exceed the NYS Learning Standards and achieve higher scores on all upcoming state assessments.

Data-driven rationale for PD is aligned to the specific needs of each Title III program—After School and Saturday Academies. For example, initial program planning uses MAP and mClass assessment data to determine which students require targeted support in whole group and small group instruction. The FURBY spreadsheet tool will be used to analyze actionable strategies and guide instructional planning for improving student performance on the 2025 NYSESLAT. Additionally, English 3D summative assessment results, along with mClass 24-25 EOY and 25-26 BOY assessments, will be used to inform PD needs, including identifying areas of literacy and language development that require additional teacher support. Local math assessment data will also be reviewed to identify ELLs who require targeted language and content support across subjects. By linking PD directly to these specific data sources, teachers receive targeted training that is responsive to real student needs in each program.

The SPIRE program will be integrated into the Saturday Title III programs to provide structured, evidence-based reading intervention for ELLs who require foundational literacy support. Teachers selected to implement SPIRE will hold ENL licenses and will receive specialized SPIRE training. These positions will be posted specifically for teachers who will lead SPIRE instruction, ensuring that staff members are prepared and fully equipped to deliver high-quality intervention.

Through this structured, data-driven approach, PD is continuously aligned to student performance and program goals. Teachers are supported in planning, scaffolding, and delivering instruction that is responsive to the needs of ELLs across all Title III settings, thereby maximizing student language development, literacy growth, and overall academic achievement.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers participating in the Saturday Academy and After-School Program will also engage in a mid-program professional development session designed to review program progress, assess student performance, and identify areas of strength and need. During this session, staff will analyze student work and outcome data to make informed adjustments to instructional practices and supports. Teachers involved will also track and monitor their ELLs' progress through ongoing data collection and analysis, including a review of each student's FURBY during professional development time to ensure alignment between instructional goals, student needs, and language development benchmarks. This ongoing, reflective approach to professional learning ensures that educators remain equipped with practical, evidence-based strategies that enhance student achievement and promote sustained academic and language growth. These professional learning opportunities for both After School and Saturday

Academy will be funded with Title III ELL Funds.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

For the Saturday Academy Programs, we will be offering the initial professional development on 12/20/25 remotely and pull out, floating PD opportunities during the course of the Saturday program. This will begin on 2/7/26 and will conclude on 2/28/26. This will be facilitated by AP Mayer and AP Kraft. In total, there will be 3 professional development opportunities for the duration of the Saturday Academy.

For the After School Programs, we will be offering the following PDs on 12/10/25 and 12/11/25 in Room 105 from 2:20-4:20 and pull out, floating PD opportunities during the course of the After School program. This will begin on 2/3/26 and will conclude on 2/26/26. This will be facilitated by AP Schelino. In total, there will be 4 professional development opportunities for the duration of the Saturday Academy.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

To ensure alignment with the Title III program outline, professional development (PD) activities will be ongoing, multi-session events rather than one-day workshops or short-term conferences. These activities will be designed to support language development, English and home language instruction, and high academic achievement across all core content areas. PD topics will include strategies for scaffolding instruction, differentiating lessons for ELLs at varying proficiency levels, integrating literacy and language supports into math and content-area instruction, and implementing cross-linguistic transfer strategies to leverage students' home language for academic growth. Additionally, ongoing PD will address instructional approaches for chronically absent students, targeted intervention strategies for small group and whole group instruction, and preparation for the NYSESLAT and state assessments. A mid-program PD session will also be held to evaluate the strengths and weaknesses of the program, review student production and outcomes, and make data-informed adjustments to instructional strategies and supports. This sustained and reflective PD model ensures that teachers are continuously equipped with actionable strategies that directly impact student learning and foster long-term academic and language development.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Saturday Academy: AP Mayer and AP Kraft will facilitate the professional development sessions.
After School Program: AP Schelino will facilitate the professional development sessions.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Staff will be required to sign on a sign in sheet to the training for PD Attestation purposes.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S.89 values the communication with parents and families of all students. Parent's strong support and active involvement in their child's education plays a vital role in the child's success both in and outside school. Teachers and school leadership at our school keep close contact with parents through a variety of communication channels such as the school website, emails, letters/notes, phone calls, Facebook, Twitter, Instagram, ClassDojo, Google Classroom and Forms, and Padlets as well as teacher-parent conferences. Parents are notified regularly about meetings and educational workshops via home letters, monthly calendars, telephone calls, emails, school phone messenger, the DOE messaging system, community bulletin boards (Padlets), signs and flyers. All written communication is provided in English, and translated in the covered languages of the community including Spanish, Chinese, Bengali, etc. Furthermore, a translation team has been established to help provide parents with the utmost support and assistance. Interpreters are available for all workshops and meetings conducted at school.

Our Parent Coordinator, Leidy Garcia, is instrumental in presenting and organizing workshops for parents. Workshops on different topics such as nutrition, cooking, cyber bully/internet safety, active parenting, school attendance and punctuality, transportation safety awareness, immigration, dance, etc. are regularly offered to parents. To keep families informed of all school events, Ms. Garcia sends a weekly newsletter of all school and district activities using the DOE messaging system. In addition, Ms. Garcia has created an informative Padlet for the school community in English, Spanish, and Mandarin. Attendance of all parent workshop activities is tracked through a combination of sign-in sheets and on-line digital sign-in records. All records including announcements and agendas are stored and saved per DOE record-keeping guidelines in the Parent Coordinator's office.

Additionally, teachers and other school staff conduct various parent workshops and community engagement events to promote parent involvement in student learning, to acquaint families with the school system, and to introduce non-native families to local customs. Workshops are in topics such as literacy, mathematics skills, and Leader in Me. Other school-wide and grade level events include Halloween Read Aloud, Fall Festival, Winter Wonderland, Parent-Student Painting Activities, and also, but not limited to the 4th Grade "Read the Weather" Gallery Walk and Special Person's Week, etc. These events are held quarterly (during regularly functioning school operations). Classroom teachers also frequently invite parents to come to classrooms to see and celebrate their child's learning and achievement (during regularly functioning school operations). Attendance for all events is tracked through a combination of Google classroom and sign-in sheets which are kept, with agendas and announcements, by school administration.

Finally, ENL teachers conduct several workshops during the school year about ENL programs, NYS Learning

Standards, Assessment tools for ELLs, including NYSESLAT, and strategies that parents can use at home to support their child's social, emotional, and academic growth. Teachers of ELLs also meet with parents individually to discuss their child's language acquisition and academic progress and needs during Parent Outreach time each day. ENL workshop announcements, agendas and attendance, which is tracked through a combination of digital tracking apps and paper sign-in sheets, are stored and kept per DOE record-keeping guidelines by the ENL Coordinator.

PS 89Q also promotes parent and school collaboration. Our parents are actively involved in the school's decision-making processes. The Title 1 Parent Advisory Council (PAC) regularly meets to develop and evaluate Title I services; parents are also members of the School Leadership Team and participate in scheduled meetings; they provide input on the selection of curriculum, instructional materials for students, and assist in aligning the budget. The parent attendance rate at our monthly Parents' Association meetings, Open School Night and Open School Week is extremely high.

Moreover, in order to foster active parent involvement in their child's education and accommodate the needs of working parents, the Bienvenidos Program, will continue to be offered to the parents of our ELLs and Newcomers in the school year of 2025-2026 where parents learn basic computer skills such as creating an email account, navigating the school website, internet, word processing, etc. and many technology based interactive educational programs and resources. The Bienvenidos Program not only helps parents improve their skills in technology, but also empower them to support their child's learning at home. In addition, parents develop and/or improve their English vocabulary, oral language, reading and writing skills through the interactive and hands-on learning.

Our parents remain actively involved in the school's decision-making process. The Title 1 Parent Advisory Council (PAC) regularly meets to develop and evaluate Title I services; parents are also members of the School Leadership Team and participate in scheduled meetings; they provide input on the selection of curriculum, instructional materials for students, and assist in aligning the budget. The parent attendance rate at our monthly Parents' Association meetings, Open School Night and Open School Week is extremely high. Our parent coordinator, Leidy Garcia will provide an agenda and attendance sheet for each meeting.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

About 65% of the student population at PS 89 are identified as ENL students. Because PS89 has seen a marked increase in families newly arrived from other countries, the school strives to provide information to help families to become familiar with life in the United States as well as to navigate through the NYC school system. Programs and workshops at PS89 offer resources and activities to promote community engagement as well as family involvement with student learning. Because most students at PS 89 come from families where Spanish is spoken in the home, followed by Chinese and Bengali, family communications and workshops are provided in the aforementioned languages as well as in English.

A Parent Needs Survey is conducted in order to assess the needs of the school-wide community and further inform administrators and school staff of parent engagement needs in the Fall. PS 89 also utilizes data from the 2024 NYC DOE School Survey, anecdotal parent feedback, school-wide data, and teacher and Parent Coordinator observations

in order to make decisions on school engagement activities and workshops for the community.

According to the 2024 NYC DOE School Survey, about 16% of parents expressed concerns about the meal options provided by the school. Thirteen percent of parents expressed concern about student progress in Reading, and increase of four percentage points from 2023 and 12% of parents expressed concern about student progress in Math, unchanged since 2023. PS 89 offers many workshops to address the issues.

In the 2024-2025 school year, only about 40% of families were connected to their DOE provided student accounts. Due to a major drive to increase parent engagement and connection with technological resources in the 2023-2024 school year, 90% of families at PS89Q were connected to their DOE students accounts. The Parent Coordinator, Ms. Garcia, is working to increase engagement to 100%.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The following is a schedule of Parent Outreach programs and workshops provided at PS 89

September:
Meet the Teacher (in person), before the start of the school year, during the school day
Meet the Teacher Night (remote), evening
ENL Parent Workshop (remote), evening
Departmental Introductions (Counseling, Special Ed, Climate Coordinators, etc.), 1x/month during PTA meetings
Tea on Tuesdays with the Principal (remote), during school day throughout the school year

October:
Internet Safety Workshop (remote), evening
Middle School Applications Workshop (in person), evening
Halloween Read Aloud (in person), afternoon
Nutrition Workshop (in person, 1x/wk, 10 sessions), during school day
Classroom Leaders Parent Training (in person), during school day

November:
Positive Parenting Workshop (remote), evening
Promoting Social Emotional Well-Being, (in person), evening
Fall Festival (in-person), afternoon
Mommy and Me Workshop (in-person), mornings 1x/wk

December:

Winter Wonderland (in person), during the school day
Cookshop for Families (in person 1x/month, 6 sessions), during school day

January:
Reading Night (in-person), evening
ABCs of Technology, mornings, 1x/wk, thru May
Bienvenidos Program, mornings. 1x/wk, thru May

February:
Immigration Workshop (in-person), evening

March:
Literacy Night (in-person), evening
Zumba Classes (in person), during the school day, thru May
Paint Days with Parents (in person), during the school day

April:
NYSESLAT Workshop (remote), evening
Math Game Night (in-person), evening

May
Mother's Day Event (in-person), during school day

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

A brief description of the scheduled activities for the year are as follows:

Meet the Teacher - Families are invited to drop off school supplies, visit classrooms and meet teachers before the school year begins.
Meet the Teacher Night - Parents are introduced to routines and expectations for the school year.
ENL Parent Workshop - Parents are introduced to the ENL identification process, the ENL program at the school, Standards and expectations for the school year, and tips for helping students at home.
Departmental Introductions - Representatives from various departments within the school (Counseling, Special Ed., Climate Coordinators, etc.) introduce the work of their department and answer parent questions.
Tea on Tuesdays with the Principal - Weekly principal office hours for addressing parent concerns.
Internet Safety Workshop - Guidance for navigating the internet and social media in a safe and responsible manner
Middle School Application Workshop - Instruction and support for middle school application process
Halloween Read Aloud - Parents are invited to conduct a Halloween read aloud in the classroom in order to celebrate the holiday and promote parent engagement
Nutrition Workshop - builds participants' knowledge and skills about how and why to prepare healthy meals
Classroom Leaders Parent Training - training course preparing parents to volunteer in the school
Positive Parenting Workshop - Advice to help families with communicating with and nurturing children in a positive

manner
Promoting Social-Emotional Wellbeing - Tips and strategies for how to create a positive home environments where children are validated in their emotional experiences and given the tools to cope effectively through times of anxiety or stress.
Fall Festival - parents are invited to participate in activities celebrating the season
Mommy and Me Workshop - instruction on activities families can do in the home to promote learning before children enroll in school
Winder Wonderland - parents are invited to participate in activities celebrating the season
Cookshop for Families - Engaging whole families in making healthy choices
Reading Night - parents their students are invited to learn about and participate in activities that promote reading and comprehension in the home.
ABCs of Technology - parents learn basic computer skills such as creating an email account, navigating the school website, internet, word processing, etc. and many technology based interactive educational programs and resources. The ABC's of Technology Program not only help parents improve their skills in technology, but also empower them to support their child's learning at home. In addition, parents develop and/or improve their English vocabulary, oral language, reading and writing skills through the interactive and hands-on learning.
Bienvenidos Program - The primary goals of the "Bienvenidos“ Program are to:
-support ENL parents in navigating and utilizing the technology that their children will be using in and out of the classroom;
-to give our ENL students' parents the tools and skills they need to support their children at home with grade level literacy skills and their grade level expectations.
-support our ENL parents in navigating and utilizing the technology that their children will be using in and out of the classroom;
-to give our ENL students' parents the tools and skills they need to support their children at home with grade level literacy skills and their grade level expectations.
Immigration Workshop - Tips and guidance for navigating the immigration system
Literacy Night - parents their students are invited to learn about and participate in activities that promote literacy and decoding in the home.
Zumba Classes - fitness workshop to promote healthy living
Paint Days with Parents - Parents are invited to participate in an art activity in the school.
NYSESLAT Workshop - Introduction to the NYSESLAT exam and guidance for helping students to be successful at the NYSESLAT exam
Math Game Night - parents their students are invited to learn about and participate in mathematics games and activities they can also engage in at home to promote mathematics learning.
Mother's Day Event - parents are invited to participate in a craft for honoring an important family member on for this holiday.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops and parent communications are conducted by all teachers, administration, and the parent coordinator.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Teachers and school leadership at our school keep close contact with parents through a variety of communication channels such as school website, emails, letters/notes, phone calls, Facebook, Twitter, Instagram, Remind, Google Classroom and Forms, and Padlets as well as teacher-parent conferences. Parents are notified regularly about meetings and educational workshops via home letters, monthly calendars, telephone calls, Class Dojo, emails, school phone messenger, community bulletin boards (Padlets), signs and flyers. All written communication is provided in English, and translated in the covered languages of the community including Spanish, Chinese, and Bengali, etc. Furthermore, a translation team has been established to help provide parents with the utmost support and assistance. Interpreters are available for all workshops and meetings conducted at school.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

During all parent engagement events, Parent Coordinator Leidy Garcia has parents sign in on a sign in sheet which she then shares with administration.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

50560

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		
Educational Software (Object Code 199)		
Travel		
Other		
TOTAL		

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,Before School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

17

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

The goal of our Title III program is to enhance and/or accelerate literacy and English language skills for our English language learners through differentiated instruction and accelerated learning to support them in their academic learning and help to ensure that they are on track to become college and career ready as described in the Chancellor's initiatives and the Learning Standards.
The following supplementary programs and materials have been carefully reviewed and selected to target the needs of our ELLs. We purchased all these materials using school funds. Title III funds have been used only to pay teachers per session. To support our lowest proficiency ELLs, we will utilize our Saturday Program, servicing a total of 10 classes (2 per grade 1st-5th).

Saturday Academy-This program will range from January 10th-April 25th, 2026 where there will be 10 sessions,

from 8-12:30, where remediation, small group instruction, station learning, and language support will be provided to our ELLs that have accepted a seat in the program with a primary focus on test preparation for the State ELA and Math assessments. For Math remediation will be a part of the station learning intervention. Our cohorts of students will be named the following:
1st/2nd Grade: Reading Stars
3rd/4th/5th Grade: Power Up Programs “PUPS”

Supervision:
The Saturday Academy will be overseen by Assistant Principal Brandon Mayer.

Attendance will be tracked based on a school made "attendance portal" using Google Sheets. Administration and the Parent Coordinator will track absences during each session and paraprofessionals and the Parent Coordinator will conduct outreach after arrivals. Using summative assessments, progress monitoring will take place monthly with the data specialist and student progress will be shared with the teachers monthly.

After School Program (Titled LEVELUP)-
We will analyze data from the 24-25 state tests to select 4th and 5th grade Ells who performed within .6 of a level 3 . These students will be in our title 3 after school program to focus on specific standards they need support with. Once we have those students, we analyze the data by standard to see what specific standards those students struggled with. The teachers then design specific lessons to address deficits. One important aspect of the program is that we select bilingual teachers who can support students in their native language in order to take advantage of cross- linguistic transfer and allow students to gain a deeper understanding of content in their native language. Teachers will take them through practice ELA and Math test questions (depending on their deficit) and support students with Academic vocabulary as well as specific test taking vocabulary necessary to understand questions. Skills and content will be addressed as needed through small group or individual instruction. The goal will be to have 10- 12 students per teacher with 6 groups of students in total.
The program will take place 2 days per week for 2 hours each day

Supervision:
The After School program will be overseen by Assistant Principal Pablo Schelino but will be funded through other funds.

Attendance will be tracked based on a school made "attendance portal" using Google Sheets. Administration and the Parent Coordinator will track absences during each session and paraprofessionals and the Parent Coordinator will conduct outreach after arrivals. Using summative assessments, progress monitoring will take place monthly with the data specialist and student progress will be shared with the teachers monthly.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

In addition to other in-building measurements for monitoring ELL progress, PS 89Q utilizes NYSESLAT data and the ELL data analysis tool (EDAT) to track the academic growth and achievement of all students, including relevant ELL subgroups. The data yielded from the EDAT helps us to analyze student progress in several academic areas

including English as a New Language (ENL) and allows teachers to design effective instructional programs and/or interventions to address the needs of English Language Learners.
According to the NYSESLAT data, the results for enrolled students who took the Spring 2025 NYSESLAT were as follows: 63 students achieved the Commanding level (14%), 134 ELLs reached the Expanding level (31%), 119 ELLs tested at the Transitioning level (27%), 77 ELLs attained the Emerging level (18%), and 41 ELLs were at the Entering level (9%). The results show that about 21% of ELLs that took the NYSESLAT in Spring 2025 tested at the Entering and Emerging levels.

Based on this data analysis, the goal of our Title III program is to provide enhanced literacy instruction and to accelerate English language acquisition through differentiated and targeted instruction designed to support our ELLs in their academic and content area learning and to ensure that they are on track to become college and career ready as described in the Chancellor's initiatives and the Learning Standards.
For the LevelUP after school program we sorted our ELA and Math test data and have found that we have 51 Ells who scored between a 2.4 and a 2.99 on the ELA State test last year. We will analyze the data further using the item analysis to then determine more detailed needs. We found last year that when teachers addressed deficits through targeted instruction in small groups most students in this range progressed to grade level as measured by our benchmark assessment consisting of sample state test questions. One important aspect of the program is that we select bilingual teachers who can support students in their native language in order to take advantage of cross-linguistic transfer and allow students to gain a deeper understanding of content in their native language. Teachers will take them through practice ELA and Math test questions (depending on their deficit) and support students with Academic vocabulary as well as specific test taking vocabulary necessary to understand questions. Skills and content will be addressed as needed through small group or individual instruction.
Parents will be notified of the programs through the DOE provided messaging system. All notifications will be translated in parent preferred languages with the help of in-house staff. In addition, when offered these remedial classes, rationale will be provided in the letter.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

ELLs at the lowest proficiency levels and Newcomers at PS 89Q will receive additional support through our After School and Saturday Academy, which consists of:
After School--51 students
The Level UP after school program will serve approximately 50 4th and 5th grade students of varying proficiency levels who were identified using state test data.

Saturday Academy-160 students
3rd-5th Grade PUPs 90 students (EN-EM students who are preparing for the ELA and Math State Assessments)
2nd-5th Grade NYSESLAT Test Prep 30 students (All ENL students in 2nd-5th Grade Self-Servicing classes)
1st/2nd Reading Stars 40 students (EN-TR students in need of literacy remediation)

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Saturday Academy-This program will range from January 10th-April 25, 2026 where there will be 10 sessions, from 8-12:30 on Saturdays

After School Program-Depending on funds this program would start as early as November 2025 and go through the end of March 2026. Students will be in the session for 2 hours on Wednesdays and 2 hours Thursdays.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The primary language of instruction will be English, with supplemental help provided in student home languages (Spanish, Bengali, and Chinese). Preference will be given to teachers, paraprofessionals, and school aides who are bilingual in the position postings for the program.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There will be a total of 17 (11 ENL/bilingual teachers, 5 classroom teachers) teachers providing instruction in the Saturday Academy (6 ENL/bilingual teachers, 5 classroom teachers) and the After School Program (5 ENL/bilingual teachers). All teachers will be required to hold a NYS teaching license though preference and retention rights will be given to teachers holding a license in Bilingual Education, TESOL or SWD.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Types of materials: New York Next Generation Standards Aligned Materials – Print & Digital, New York State Released Test Questions
Titles/Publishers: “New York Next Generation - ELA” & “New York Next Generation - Math” by Continental
Location where materials will be stored: Supply Room
Materials purchased by Title III Funds: iReady, Physical Texts + Teacher Guides

In the Power Up Program (3-5) and Reading Stars (1-2), students in Grades 1-5 will receive remediation in identified deficit areas assessed at the beginning/middle/end of year by the Universal Screener via small group instruction and station learning with embedded language and vocabulary support through computer adaptive software (iReady) and school created materials. Students in Grades 1-2 will receive reinforcement in phonemic awareness and phonics through Heggerty, HMH Foundational Skill Activities, and the Edmentum computer based program. Students in Grades 3-5 will utilize the print edition of “Next Generation - ELA & Math” by Continental which will be stored in AP Kraft’s office. Materials purchased utilizing Title III funds will be iReady teacher/student accounts and “Next Generation - ELA & Math” student books plus teacher manuals.

All materials used with Title III funding for the After School Program and Saturday Program will only be used during these Programs.

Implementation Plan and Maintaining Records

- **Describe your school’s plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school’s Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

We will create an Attendance Sheet for teachers to track attendance created by our data specialist. Attendance will shared and monitored by administration for both ELL attendance and also for servicing efficiency and additional opportunities for other ELLs.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

The goal of our Title III program is to develop and/or accelerate English literacy skills for our ELLs. Therefore, our professional Development program will focus on providing teachers with methods for scaffolding and differentiated instruction for teaching English Language Learners. It will also focus on how to prepare ELLs to meet and exceed the NYS Performance and Learning Standards and achieve higher scores on all upcoming state assessments. Brandon Mayer, Assistant Principal of ENL Department, Pablo Schelino Assistant Principal of Dual Language, and Emily Kraft Assistant Principal of Grades 1, and 3-5 will facilitate the professional development sessions. Teachers attending the PD will sign in and attendance will be kept on file.

For the Saturday Academy Programs, we will be offering the following PDs on 12/19/25 remotely. This will be facilitated by AP Mayer and AP Kraft.

For the After School Programs, we will be offering the following PDs on 12/3/25 and 12/4/25 in Room 105 from 2:20-4:20. This will be facilitated by AP Schelino and AP Carranza-Wolff

In both professional developments, teachers will be presented with the philosophy and goals of each program and review of the posting that the teachers applied for, logistics, and on-hand inquiry work of the selected ELL demographics. The remaining time (Day 2) will be provided for planning differentiated lessons and customized instruction as determined through the inquiry. The staff meeting will have an agenda and sign in sheet for record purposes. These professional learning opportunities for both After School and Saturday Academy will be funded with Title III ELL Funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The goal of our Title III program is to develop and/or accelerate English literacy skills for our ELLs. Therefore, our professional development (PD) program is intentionally designed to provide teachers with research-based methods for scaffolding and differentiated instruction to support English Language Learners. PD will also focus on preparing ELLs to meet and exceed the NYS Learning Standards and achieve higher scores on all upcoming state assessments.

Data-driven rationale for PD is aligned to the specific needs of each Title III program—After School and Saturday Academies. For example, initial program planning uses MAP and mClass assessment data to determine which students require targeted support in whole group and small group instruction. The FURBY spreadsheet tool will be used to analyze actionable strategies and guide instructional planning for improving student performance on the 2025 NYSESLAT. Additionally, English 3D summative assessment results, along with mClass 24-25 EOY and 25-26 BOY assessments, will be used to inform PD needs, including identifying areas of literacy and language development that require additional teacher support. Local math assessment data will also be reviewed to identify ELLs who require targeted language and content support across subjects. By linking PD directly to these specific data sources, teachers receive targeted training that is responsive to real student needs in each program.

The SPIRE program will be integrated into the Saturday Title III program to provide structured, evidence-based reading intervention for ELLs who require foundational literacy support. Teachers selected to implement SPIRE will hold ENL licenses and will receive specialized SPIRE training. These positions will be posted specifically for teachers who will lead SPIRE instruction, ensuring that staff members are prepared and fully equipped to deliver high-quality intervention.

Through this structured, data-driven approach, PD is continuously aligned to student performance and program goals. Teachers are supported in planning, scaffolding, and delivering instruction that is responsive to the needs of ELLs across all Title III settings, thereby maximizing student language development, literacy growth, and overall academic achievement.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teachers participating in the Saturday Academy and After-School Program will also engage in a mid-program professional development session designed to review program progress, assess student performance, and identify areas of strength and need. During this session, staff will analyze student work and outcome data to make informed adjustments to instructional practices and supports. Teachers involved will also track and monitor their ELLs' progress through ongoing data collection and analysis, including a review of each student's FURBY during professional development time to ensure alignment between instructional goals, student needs, and language

development benchmarks. This ongoing, reflective approach to professional learning ensures that educators remain equipped with practical, evidence-based strategies that enhance student achievement and promote sustained academic and language growth. These professional learning opportunities for both After School and Saturday Academy will be funded with Title III ELL Funds.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

For the Saturday Academy Programs, we will be offering professional development on 12/19/25 and pull out, floating PD opportunities during the course of the Saturday program. This will begin on 2/7/26 and will conclude on 2/28/26 This will be facilitated by AP Mayer and AP Kraft.

For the After School Programs, we will be offering the following PDs on 12/3/25 and 12/4/25 in Room 105 from 2:20-4:20. This will be facilitated by AP Schelino and AP Carranza-Wolff.

These professional learning opportunities for both After School and Saturday Academy will be funded with Title III ELL Funds.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

To ensure alignment with the Title III program outline, professional development (PD) activities will be ongoing, multi-session events rather than one-day workshops or short-term conferences. These activities will be designed to support language development, English and home language instruction, and high academic achievement across all core content areas. PD topics will include strategies for scaffolding instruction, differentiating lessons for ELLs at varying proficiency levels, integrating literacy and language supports into math and content-area instruction, and implementing cross-linguistic transfer strategies to leverage students' home language for academic growth. Additionally, ongoing PD will address instructional approaches for chronically absent students, targeted intervention strategies for small group and whole group instruction, and preparation for the NYSESLAT and state assessments. Targeted training in SPIRE and Sounds Sensible will be incorporated into this PD cycle to strengthen teachers' capacity to deliver structured, multisensory literacy instruction aligned with the science of reading. Teachers will engage in hands-on sessions focused on phonemic awareness, decoding, and fluency strategies designed to support both ELLs and students with decoding deficits. Follow-up coaching and collaborative planning sessions will be provided to ensure implementation fidelity and to integrate these tools into existing literacy and intervention blocks.
A mid-program PD session will also be held to evaluate the strengths and weaknesses of the program, review student production and outcomes, and make data-informed adjustments to instructional strategies and supports. This sustained and reflective PD model ensures that teachers are continuously equipped with actionable strategies that directly impact student learning and foster long-term academic and language development.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Saturday Academy: AP Mayer and AP Kraft will facilitate the professional development sessions.
After School Program: AP Schelino and AP Carranza-Wolff will facilitate the professional development sessions.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Staff will be required to sign on a sign in sheet to the training for PD Attestation purposes.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 89 prioritizes effective communication with the families of all students. We recognize that strong support and active involvement from parents are essential to their children's success in both academic and extracurricular endeavors. Our teachers and school leadership are committed to maintaining open lines of communication through a variety of channels, including the school website, email correspondence, letters, phone calls, as well as social media platforms such as Facebook, and Instagram. We also utilize ClassDojo, Google Classroom, Forms, Padlets, and conduct teacher-parent conferences to ensure meaningful engagement.

Parents are regularly informed about meetings and educational workshops via home letters, monthly calendars, telephone notifications, emails, the school phone messaging system, the DOE messaging system, community bulletin boards (Padlets), and printed materials such as signs and flyers. All written communication is provided in English and translated into the primary languages spoken within our community, including Spanish, Chinese, and Bengali. Furthermore, a dedicated translation team has been established to offer comprehensive support to parents. Interpreters are available for all workshops and meetings conducted at the school to ensure inclusivity for all families.

Leidy Garcia, our Parent Coordinator, plays an essential role in the development and organization of workshops for parents. These workshops address a range of important topics, including nutrition, cooking, internet safety, cyberbullying, active parenting, school attendance and punctuality, transportation safety awareness, immigration, and dance. To ensure families are well-informed about school events, Ms. Garcia distributes a weekly newsletter that details all school and district activities through the Department of Education's messaging system. Furthermore, she has developed an informative Padlet for the school community, which is available in English, Spanish, and Mandarin. Attendance for all parent workshop activities is meticulously tracked through both sign-in sheets and online digital records. All relevant documentation, including announcements and agendas, is maintained in accordance with the Department of Education's record-keeping guidelines in the Parent Coordinator's office.

Additionally, teachers and other school staff conduct various parent workshops and community engagement events to promote parent involvement in student learning, to acquaint families with the school system, and to introduce non-native families to local customs. Workshops are in topics such as literacy, mathematics skills, and Leader in Me. Other school-wide and grade level events include Halloween Read Aloud, Fall Festival, Winter Wonderland, Parent-Student Painting Activities, and also, but not limited to the 4th Grade "Read the Weather" Gallery Walk and Special Person's Week, etc. These events are held quarterly (during regularly functioning school operations). Classroom teachers also frequently invite parents to come to classrooms to see and celebrate their child's learning and achievement (during regularly functioning school operations). Attendance for all events is tracked through a

combination of Google classroom and sign-in sheets which are kept, with agendas and announcements, by school administration.

Finally, ENL teachers conduct several workshops during the school year about ENL programs, NYS Learning Standards, Assessment tools for ELLs, including NYSESLAT, and strategies that parents can use at home to support their child's social, emotional, and academic growth. Teachers of ELLs also meet with parents individually to discuss their child's language acquisition and academic progress and needs during Parent Outreach time each day. ENL workshop announcements, agendas and attendance, which is tracked through a combination of digital tracking apps and paper sign-in sheets, are stored and kept per DOE record-keeping guidelines by the ENL Coordinator.

PS 89Q is committed to fostering collaboration between parents and the school. Our parents play an integral role in the school's decision-making processes. The Title I Parent Advisory Council (PAC) convenes regularly to develop and assess Title I services. Furthermore, parents serve as members of the School Leadership Team, participating in scheduled meetings where they contribute valuable insights on curriculum selection, instructional materials, and budget alignment. We are pleased to note a high attendance rate at our monthly Parents' Association meetings, as well as during Open School Night and Open School Week, reflecting strong engagement from our parent community.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

About 52% of the student population at PS 89 are identified as ENL students. Because PS89 has seen a marked increase in families newly arrived from other countries, the school strives to provide information to help families to become familiar with life in the United States as well as to navigate through the NYC school system. Programs and workshops at PS89 offer resources and activities to promote community engagement as well as family involvement with student learning. Because most students at PS 89 come from families where Spanish is spoken in the home, followed by Chinese and Bengali, family communications and workshops are provided in the aforementioned languages as well as in English.

A Parent Needs Survey is conducted in order to assess the needs of the school-wide community and further inform administrators and school staff of parent engagement needs in the Fall. PS 89 also utilizes data from the 2024 NYC DOE School Survey, anecdotal parent feedback, school-wide data, and teacher and Parent Coordinator observations in order to make decisions on school engagement activities and workshops for the community.

According to the 2024 NYC DOE School Survey, about 16% of parents expressed concerns about the meal options provided by the school. Thirteen percent of parents expressed concern about student progress in Reading, and increase of four percentage points from 2024 and 12% of parents expressed concern about student progress in Math, unchanged since 2023. PS 89 offers many workshops to address the issues.

In the 2024-2025 school year, only about 95% of families were connected to their DOE provided student accounts. Due to a major drive to increase parent engagement and connection with technological resources in the 2025-2026 school year, the Parent Coordinator, Ms. Garcia, is working to increase engagement to 100%.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The following is a schedule of Parent Outreach programs and workshops provided at PS 89

September:
Meet the Teacher (in person), before the start of the school year, during the school day
Meet the Teacher Night (remote), evening
ENL Parent Workshop (remote), evening
Departmental Introductions (Counseling, Special Ed, Climate Coordinators, etc.), 1x/month during PTA meetings
Tea on Tuesdays with the Principal (remote), during school day throughout the school year
NYC Kids Rise save for college program(in person), during school day every Wednesday

October:
Middle School Applications Workshop (in person), evening
Halloween Read Aloud (in person), afternoon
Related Service Parent Open House (K-2) and (3rd- 5th), (in person, 2 sessions) during school day
Nutrition Workshop (in person, 1x/wk, 10 sessions), during school day
Classroom Leaders Parent Training (in person), during school day

November:
Positive Parenting Workshop(remote), evening
Promoting Social Emotional Well-Being, (in person), evening
Learn about Leader in Me workshop (in person), during school day
Fall Festival (in-person), afternoon
Play and Learn Family math Games(in person), during school day

December:
Winter Wonderland (in person), during the school day
Tips for Healthy Eating Workshop (remote), evening
Newcomer Open House(in person), during school day
Family Paint Night (K-2) (in person), evening

January:
Reading Night (in-person), evening
ABCs of Technology, Saturday Academy, 1x/wk, thru April
Cookshop for Families(in person) 1x/month,(6 sessions) during school day
Computer Lab for Families (in person) 1x/ wk, during school day throughout the school year
Bienvenidos Program (in person) 1x/wk,(6 sessions) during school day

February:
Immigration Workshop (in-person), evening
Understanding the IEP Process Workshop(in person), during the school day
Book Club for Parents (in person) 1x/ wk, 6 sessions)

March:
Literacy Night (in-person), evening
Zumba Classes (in person), during the school day, thru May
Paint Days with Parents 3rd -5th (in person), during the school day

April:
NYSESLAT Workshop (remote), evening
Math Game Night (in-person), evening

May
Mother's Day Event (in-person), during school day
CPR/AED and BFA Course for Families (in person), during the school day

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

A brief description of the scheduled activities for the year are as follows:

Meet the Teacher - Families are invited to drop off school supplies, visit classrooms and meet teachers before the school year begins.
Meet the Teacher Night - Parents are introduced to routines and expectations for the school year.
ENL Parent Workshop - Parents are introduced to the ENL identification process, the ENL program at the school, Standards and expectations for the school year, and tips for helping students at home.
Departmental Introductions - Representatives from various departments within the school (Counseling, Special Ed., Climate Coordinators, etc.) introduce the work of their department and answer parent questions.
Tea on Tuesdays with the Principal - Weekly principal office hours for addressing parent concerns.
NYC Kids Rise save for college program-NYC Kids RISE is a nonprofit that offers a Save for College Program to help New York City families save for their children's education. The program empowers families, schools, and communities to work together in building college savings for public school students.
Middle School Application Workshop - Instruction and support for middle school application process.
Halloween Read Aloud - Parents are invited to conduct a Halloween read aloud in the classroom in order to celebrate the holiday and promote parent engagement
Related Service Parent Open House (K-2) and (3rd- 5th)-This event aims to connect parents and caregivers with service providers, offering insights into speech therapy, occupational therapy, physical therapy, and counseling, and their roles in supporting students' academic and social development.
Nutrition Workshop - builds participants' knowledge and skills about how and why to prepare healthy meals.
Classroom Leaders Parent Training - training course preparing parents to volunteer in the school
Positive Parenting Workshop - Advice to help families with communicating with and nurturing children in a positive manner.
Promoting Social-Emotional Wellbeing - Tips and strategies for how to create a positive home environment where children are validated in their emotional experiences and given the tools to cope effectively through times of anxiety or stress.
Learn about Leader in Me workshop- This engaging workshop introduces parents to the Leader in Me framework, inspired by Stephen Covey's 7 Habits of Highly Effective People. Designed to strengthen the partnership between families and schools, this session will show how leadership principles can help children thrive both at home and at school.
Fall Festival - parents are invited to participate in activities celebrating the season
Mommy and Me Workshop - instruction on activities families can do in the home to promote learning before children enroll in school
Play and Learn Family math Games- A fun, hands-on workshop where families discover engaging games and

activities to make math enjoyable at home. Learn practical ways to teach counting, addition, and problem-solving using everyday items, board games, and simple tools. Strengthen family bonds while building math confidence through play.
Winter Wonderland - parents are invited to participate in activities celebrating the season.
Tips for Healthy Eating Workshop -Support your family's well-being by participating in our Healthy Eating Workshops for Parents. These interactive sessions offer practical tips and tools for making nutritious choices.
Newcomer Open House -The Newcomer to School Open House is an event that welcomes students and families new to the school community, helping them feel comfortable and informed as they transition into their new environment.
Paint Days with Parents (K-2nd) - Parents are invited to participate in an art activity in the school.
Reading Night - parents and their students are invited to learn about and participate in activities that promote reading and comprehension in the home.
ABCs of Technology - parents learn basic computer skills such as creating an email account, navigating the school website, internet, word processing, etc. and many technology based interactive educational programs and resources. The ABC's of Technology Program not only help parents improve their skills in technology, but also empower them to support their child's learning at home. In addition, parents develop and/or improve their English vocabulary, oral language, reading and writing skills through the interactive and hands-on learning.
-support ENL parents in navigating and utilizing the technology that their children will be using in and out of the classroom;
-to give our ENL students' parents the tools and skills they need to support their children at home with grade level literacy skills and their grade level expectations.
-support our ENL parents in navigating and utilizing the technology that their children will be using in and out of the classroom;
-to give our ENL students' parents the tools and skills they need to support their children at home with grade level literacy skills and their grade level expectations.
Cookshop for Families - Engaging whole families in making healthy choices.
Computer Lab for Families- The Family Computer Lab is a welcoming and inclusive space designed to provide families with access to technology, internet, and digital resources. Equipped with modern computers, educational software, and high-speed Wi-Fi, the lab serves as a hub for learning, communication, and skill-building.
Bienvenido Program- will continue in 2024-2025, helping parents of ELLs and Newcomers build computer and English skills to support their child's learning at home.
Immigration Workshop - Tips and guidance for navigating the immigration system
Understanding the IEP Process Workshop - This workshop is designed to empower parents and caregivers by providing a clear understanding of the Individualized Education Program (IEP) process.
Book Club for Parents- A welcoming space for parents to connect and share experiences through inspiring books! This club focuses on parenting, education, self-improvement, and family life, fostering meaningful conversations and community building.
Literacy Night - parents and their students are invited to learn about and participate in activities that promote literacy and decoding in the home.
Zumba Classes - fitness workshop to promote healthy living
Paint Days with Parents (3rd -5th)- Parents are invited to participate in an art activity in the school.
NYSESLAT Workshop - Introduction to the NYSESLAT exam and guidance for helping students to be successful at the NYSESLAT exam
Math Game Night - parents and their students are invited to learn about and participate in mathematics games and activities they can also engage in at home to promote mathematics learning.
Mother's Day Event - parents are invited to participate in a craft for honoring an important family member on for this holiday.
CPR/AED and BFA Course for Families- This hands-on workshop equips families with essential life-saving skills. Participants will learn to recognize and respond to emergencies, perform CPR, use an AED, and administer basic first aid. Whether you're a parent or caregiver, this course will help you act confidently during critical moments. Join us to ensure the safety of your loved ones.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops and parent communications are conducted by all teachers, administration, and the parent coordinator.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Teachers and school leadership at our school keep close contact with parents through a variety of communication channels such as school website, emails, letters/notes, phone calls, Facebook, Twitter, Instagram, Google Classroom and Forms, and Padlets as well as teacher-parent conferences. Parents are notified regularly about meetings and educational workshops via parents newsletter, monthly calendars, telephone calls, ClassDojo, emails, school phone messenger, community bulletin boards (Padlets), signs and flyers. All written communication is provided in English, and translated in the covered languages of the community including Spanish, Chinese, and Bengali, etc. Furthermore, a translation team has been established to help provide parents with the utmost support and assistance. Interpreters are available for all workshops and meetings conducted at school.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

An attendance sheet will be signed by all participating parents to be kept as a record
Notifications will be sent via email, text and DOE Messenger
A survey will be created at the end of each session to get feedback from parents

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Allocation Amount ($):

$12, 284

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
