Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps

and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.
Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature

Elisa Gomez	Principal or Designee*	
Susan O'Sullivan	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Maria Romero	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Lorena Perez	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Doris Elisa Ruiz Marquez	Member/Parent	
Ernestina Ramos	Member/Parent	
Jasmine Ortega	Member/Parent	
Melissa Santisteban	Member/UFT Member	
Claudia Curatolo	Member/UFT Member/Chairperson	
Melissa Silverberg	Member/UFT Member/Secretary	
Monica Youssef	Member/UFT Member	
Maria Tixe	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

We believe that all children can learn. We believe that all children have great potential to be happy and successful. We will provide students with a safe and loving school environment so that they are free of worry and able to focus on discovering, exploring and learning. Through highly-qualified teachers, rigorous instruction, structured play, parental involvement and ongoing support, our children will become life-long learners and excellent problem-solvers of the future!

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 110Q is special, because we are a community that shows love and respect for everyone no matter their race or skin color. Everyone understands what our school values are and uses that to drive their instruction to meet the needs of all of our students. Even though our enrollment are 51% females and 49% males, our ethnic population of students are mainly made up of 95% Hispanic or Latino, with 4% of Asian or Native Hawaiian, and 1% white. To accommodate the 59% of English Language Learners we have enrolled in our school, we have opened up dual language for all grades (K-5) and transitional bilingual classes for grades 2 through 5. The dual language program teaches students in two languages; English and Spanish. The goal of this program is to have students develop the ability to read, write, and speak in both languages along with developing an appreciation for other cultures. There are two types of ENL programs that we have in our school: Integrated ENL where students receive core content areas (ELA, Math, Social Studies, Science, etc.), and English language development instruction including home language supports and scaffolds AND Stand-Alone ENL where students receive English language development instruction taught by a New York State certified TESOL teacher in order to acquire the English language needed for success in core content areas. The ENL program allows students to build their speaking, writing, reading, and listening skills in English using supports in the students' home language. This is to help students become more English proficient.

When students are put in either transitional bilingual, dual language or self-contained ENL class they are given the opportunity to embrace their culture along with receiving more visual supports to target the skills needed to advance their education. Our school also has population of students that are a combination of being an ENL student as well as a student with a disability, so we have opened up the Bilingual Self-Contained Special Education bridge program across grades. This is a specialized program for students who require an Integrated Co-Teaching (ICT) or Special Class (SC) with a language of instruction other than English. These programs are intended to support English Language Learners (ELLs) who benefit from culturally and linguistically responsive instruction that addresses cognitive, academic and linguistic needs. On top of all of the educational support we provide for our students, our school also supports the community emotionally and physically. Our school has created the outreach program run by staff members to support the 86% economically disadvantaged population of our school as well as the 14% homeless population. We support

our community by holding recurring clothing and food drives across the year as well the caring closet. The community is given an opportunity to come and pick out clothes and food to bring home to their loved ones.

Briefly summarize the key initiatives your school will implement this school year.

One key initiative the school will implement this school year is implementing the Writing Revolution within the curriculum to support struggling writers. All ENL teachers, science clusters and TBE teachers will be trained and execute Writing Revolution strategies within their instruction.

Another key initiative the school will implement is having our AIS providers use SPIRE Sound Sensible. Through the use of SPIRE Foundations: Sounds Sensible, it will provide hands-on instruction in phonological awareness, alphabet knowledge, and understanding letter-sound relationships, as well as handwriting for beginning or striving readers.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	Advancing Literacy	Up the Ladder
ELA	K-5	HMH Into Reading	
ELA	K-3	FUNdations	
ELA	K-2	Heggerty	
ELA	K-2	Estrellita	
Math	K-5	GoMath	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The average rate of all students, in Grades 3-5, meeting and exceeding standards on the NYS ELA test was 38%.	Students have a lack of phonemic awareness and understanding of phonics that impairs their ability to read with accuracy and fluency.	Increase in students knowledge of phonemic awareness to help with decoding
The average rate of English Language Learners, in Grades 3-5, meeting and exceeding standards on the NYS ELA test was 0%.	Students having a lack of knowledge on decoding due to instruction and language acquisition that impacts their ability to read with accuracy and fluency.	Increase in students language acquisition and vocabulary to help with decoding
The average rate of Students with Disabilities, in Grades 3-5, meeting and	Students having language based learning disabilities that make it difficult for the students	Increase in students knowledge of decoding

exceeding standards on the NYS ELA test was 24%.	to bridge the gap between their current level and grade level.	based on their current grade level

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	38%	By June, 2026, literacy for All Students will improve, as measured by a 5% Increase, from 38% to 43%, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.
English Language Learners (ELL)	0%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 3% Increase, from 0% to 3%, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.
Students with Disabilities (SWD)	24%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 3% Increase, from 24% to 27%, of percentage of students scoring at Levels 3 & 4 on the NYS ELA exam results.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Teachers will pull small groups of all students to focus on phonemic awareness beginning with phoneme isolation for all students. Teachers will use Heggerty: Bridge the Gap for English Language Learners and Special Education students to inform their instruction and assess students.

AIS providers will pull small groups of students, based on the ROAR assessment, and use Phonics for Reading to stretghten students phonemic and phonological awareness.

Root Cause Addressed:

Students have a lack of phonemic awareness and decoding that impairs their ability to read with accuracy and fluency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teacher training of Heggerty Bridge the Gap and Phonics for Reading which is an intervention curriculum with embedded teacher support & targeted assessments
Assessing students using Heggerty and the Phonics for Reading placement test to target what skills students need to work on
Teachers using the data to plan and execute targeted small groups

Key Strategy 2 (Optional):

Teachers will use a Phonic Decoding assessment (by the Reading and Writing Project Network, LLC.) for English Language Learners and Students with Disabilities to determine which level of phonics instructions to focus on within small groups.

Root Cause Addressed:

Students having a lack of knowledge on decoding due to instruction and language acquisition that impacts their ability to read with accuracy and fluency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development where teachers learn how to administer the phonics assessment.
Teachers using a data tracker to note which phonics concepts students mastered and what they need to work on.
6 week cycle of small groups before reassessing the students.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

After the beginning of year assessment through the use of mCLASS, teachers will give students that have sufficient knowledge of letter sounds (over 18) a phonics assessment.

Teachers will use the data gathered from the phonics assessment, to formulate small groups based on the targeted phonic skills the students need to work on.

After a 6 week cycle, where teachers meet with the students at least twice a week, the students will be reassessed to determine their need. After the assessment, teachers will use the data to move students into new groups based on

need.

The cycles will continue until the Middle of the Year assessment is given in mCLASS. This cycle will continue until the End of Year assessment.

The Literacy Coach will monitor the teachers' implementation of the cycles through data collection and classroom visits.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/22/2025	06/22/2026	Parent Workshops that teach parents the typical sequence of reading skill development and how they can help their child at home depending on where they are in their development	Amplify

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Administration, Teachers, Instructional Coaches

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
During the 2024-2025 school year, 120 reports were placed on OORS. (OORS Report 2024-2025)	Limited SEL skill development	Limited SEL skill development among students is contributing to elevated behavior incidents, indicating a need for more systematic, explicit SEL teaching and reinforcement.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	120	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 20 Decrease, in number of incidents reported on OORS from 120 to 100, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the rise in behavior incidents linked to limited SEL skill development, the school will strengthen Tier 1 SEL instruction through consistent weekly lessons, daily routines such as morning meetings, and the use of shared regulation language across all classrooms. SEL skills will be reinforced through aligned PBIS expectations, positive recognition systems, and access to regulation tools like calm corners and coping strategies. Targeted Tier 2 supports—including small-group SEL instruction and Check-In/Check-Out—will be implemented for students with ongoing needs. Staff will receive ongoing training in SEL integration, de-escalation, and trauma-informed practices to ensure consistent and supportive responses. Progress will be monitored using OORS and SEL data, and families will be engaged through regular communication and resources that extend SEL strategies into the home. This coordinated approach aims to build students' self-regulation and interpersonal skills, resulting in reduced incidents and improved school climate.

Root Cause Addressed:

Limited SEL skill development among students.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Strengthen Tier 1 SEL Instruction
2. Reinforce SEL Through PBIS Systems
Provide Targeted Tier 2 Supports
Build Staff Capacity and Family Engagement

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/22/2025	06/16/2026	Parent workshops that will cover supporting their child after an incident, preventing conflicts, understanding their rights, and navigating the parent portal. Hands-on activities and Q&A sessions will help them feel more confident and informed.	N/A

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administration, teachers, Parent Coordinator, Guidance Counselors

Instructional Resources

N/A

Schedule Adjustments

N/A

Other Resources Needed

N/A

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
An average of 35% of all students that scored proficient on the End of Year Math Map Growth Assessment (MAP Growth, 2025)	Unfamiliar with computer based testing	All students learning how to use technology to take computer based assessments
An average of 33% of English Language Learners that scored proficient on the End of Year Math Map Growth Assessment (MAP Growth, 2025)	Language Barriers and students not being able to read/understand English or their native language	Strengthening the decoding skills of English Language Learners in order to help them read math word problems
An average of 30% of Students with Disabilities that scored proficient on the End	Misunderstanding of word problems/lack of reading	Strengthening the comprehension skills of Students with Disabilities in

of Year Math Map Growth Assessment (MAP Growth, 2025)	comprehension	order to help them understand math word problems

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	35%	PS110Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at proficiency will Increase by 5% from 35% to 40%, for All Students, as measured by MAP Growth EOY Math results.
English Language Learners (ELL)	33%	PS110Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at proficiency will Increase by 5% from 33% to 38%, for English Language Learners (ELL), as measured by MAP Growth EOY results .
Students with Disabilities (SWD)	30%	PS110Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at proficiency will Increase by 5% from 30% to 35%, for Students with Disabilities (SWD), as measured by MAP Growth EOY results.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To help prepare students to take the MAP Growth assessment, which is computer based, students will take their GoMath end of chapter on a device. This will give students ample practice on using a device to take a math test.

Root Cause Addressed:

unfamiliar with computer based testing

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The math coach will make the end of Chapter GoMath tests computer based to help mirror the Math Map Growth Assessment
Cycle of teacher workshops on how to prepare students for computer based assessment, including how to document their work
Math coach will track data across the assessments

Key Strategy 2 (Optional):

The math coach will make the end of Chapter GoMath tests computer based to help mirror the Math Map Growth Assessment using the DataMate platform. In addition, there will be a cycle of teacher workshops on how to prepare students for computer based assessment, including how to document their work on scrap paper as well as on the computer.

In order to see the students' growth, the math coach will track data across the assessments and revise the exams where needed.

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The data from the End of Chapter GoMath tests will be tracked on a spreadsheet and compared with the work students are doing on scrap paper. This inquiry work will help teachers determine what computer based skills need to be targeted within small groups.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/29/2025	06/22/2026	Parent Workshops that gives parents an insight on what the Math Map Growth assessments and computer based testing looks like and how they can have students practice those skills at home	N/A

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
93% of parents of all students agreed and/or strongly agreed that the school provides resources to me and my child to prepare my child for college, career, and success in life after high school which is a 1% decrease from last year. (NYC School Survey, 2024)	Lack of communication between parents and teachers, language barriers, and economic gaps	Helping parents of all students understand how the school prepares students for college and career readiness

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	93%	PS110Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of parents of all students that agree and/or strongly agree that the school helps to prepare their child for college, career, and success in life after high school. for All Students will Increase by 3% from 93% to 96% as measured by NYS School Survey .

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Career Week Overview
To help students explore future careers, the school will host a Career Week. Parents are invited to see how the school supports college and career readiness.

Career Week Goals

Introduce students to a variety of careers

Spark curiosity and excitement about the future

Connect school subjects to real-world jobs

Encourage students to dream big and explore interests

Root Cause Addressed:

Helping students and parents of all students understand how the school prepares students for college and career readiness

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Assigning roles for who will be responsible for the newsletter monthly
Ensuring it is translated in all languages that meets the needs of the families in the community

Finding people to present at Career Week
Gathering the Read Alouds that will be presented to students

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Digital Analytics (Newsletters)

Use a digital platform to track open and click-through rates.

Monitor which sections get the most engagement (e.g., Student Spotlight, Career of the Month).

How it helps:

Shows how often families engage with school communication.

Identifies content families care about most.

Highlights demand for academic resources or events, helping guide instructional support.

Printed Copies (Return Slips)

For hard-copy newsletters, include a quick return slip (sign-and-return or response form) and track how many are returned.

How it helps:

Ensures access for families without internet.

Measures how well communication reaches all households.

Higher return rates often reflect stronger family involvement, which supports attendance and academic progress.

Parent Surveys (Language Access & Satisfaction)

At the first PTA meeting, survey families to determine preferred languages.

Give surveys every two months to gather feedback on satisfaction and college/career readiness.

How it helps:

Ensures all families receive information in a language they understand.

Provides direct feedback on instructional effectiveness and student support.

Tracks trends in parent confidence and helps evaluate school programs over time.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
During the 2024-2025 school year, there were 4 workshops offered to parents regarding the school curriculum and how parents can help their children at home.	Scheduling and Accessibility Challenges – Finding times that work for parents with diverse work schedules, transportation needs, or language barriers can be difficult.	Increasing the number of parent workshops given regarding school curriculum

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	4	PS110Q will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the number of workshops given to parents will Increase by 4 from 4 to 8 as measured by Parent Coordinator Activity Reports (PCAR).

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To make school workshops and meetings accessible for all parents, we will offer multiple session times, including mornings, evenings, and weekends, and provide virtual participation and recorded sessions. We will address transportation challenges by hosting events in convenient locations and sharing transit options, and support language needs with interpretation and translated materials. Clear communication and ongoing feedback will help us continuously adjust to meet parents' diverse schedules and needs.

Root Cause Addressed:

Scheduling and Accessibility Challenges – Finding times that work for parents with diverse work schedules, transportation needs, or language barriers can be difficult.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct a quick survey to identify parents' preferred meeting times, language preferences, and transportation constraints.
Provide multiple session times (morning, evening, weekends) for workshops and meetings.
Offer virtual participation via Zoom, Google Meet, or other platforms.
Offer translation or interpretation services during live sessions.
Share schedules well in advance via multiple channels: email, text, school apps, flyers, and calls.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will monitor the implementation of key strategies through regular team check-ins, classroom observations, and review of student performance data. Stakeholder feedback from teachers, students, and parents will be collected via surveys and interviews, while implementation logs and dashboards will track action step completion. Quarterly data review cycles will analyze all evidence to measure impact on instruction, student learning, and achievement, and guide necessary adjustments to ensure continuous improvement.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/29/2025	06/16/2026	We will offer parent workshops that provide clear insights into our curriculum, helping families understand what students are learning, why it matters, and how to support learning at home. Workshops will be offered at flexible times, with virtual options and translated materials to ensure accessibility for all parents.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teacher, Guidance Counselors, Administration, Instructional Coaches, Interpreters

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
The percentage of Students with Disabilities that were chronically absent for the school year was 23% as compared to General Education students which was 15%. (New Visions Chronic Absenteeism Reports, 2024-2025)	Weak Student-Adult Relationships: Students without strong connections to any adult in the building are less likely to prioritize attendance.	Motivating students to come to school and decrease their absenteeism

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	23%	By June, 2026, the Chronic Absenteeism Rate for Students with Disabilities (SWD) will decrease by 5%, from 23% to 18%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

As a school, we will implement The NYC Success Mentor Corps which is a research-based, data-driven mentoring model that seeks to improve attendance, behavior, and educational outcomes for at-risk students in low-income communities citywide. Success Mentors are trained to serve as advisors, motivators, connectors, confidence-builders, and early warning systems for chronically absent students at risk of getting off track – both in school and in life.

The Success Mentors will target Students with Disabilities that were chronically absent for the 2024-2025 school year. Mentors will track student attendance weekly and reach out to parents if a student is absent.

Root Cause Addressed:

Weak Student-Adult Relationships: Students without strong connections to any adult in the building are less likely to prioritize attendance.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will meet with the Guidance Counselors to learn how to be a Success Mentor
Success Mentors will check in with their student mentee daily to build a strong connection that will help students feel supported at school
Success Mentors will reach out to families of their mentee to work together to help students decrease absenteeism
Success Mentors will track their mentees attendance weekly

Guidance Counselors will track the data across the school

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Data will be collected by the Success Mentors weekly through a Google Form. This data will include the students' attendance for the week. If the student is absent, the Success Mentor will reach out to the families to see the reason for the student's absence and document that on the Google Form. All communication with parents will be logged by the Success Mentor.

The Attendance Team will look at the data during their monthly meetings in order to determine if strategies are being carried out with fidelity.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	06/22/2026	Create a Parent Learning Series Develop a series of short, interactive learning modules (in person or online) covering:The role of parents in attendance, Building routines at home,Identifying and addressing barriers (e.g., transportation, health issues), and Offer incentives for completion, such as certificates or school recognition. Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
73% of the Recommended Programs and Services are strongly aligned with the PLOP (IEP Management Reporting Progress on Annual Goals 2025)	General education teachers, specialists, and related service providers not collaborating	IEP Development and Fidelity of Implementation

	effectively during IEP development.	
N/A	N/A	Transition Planning and Compliance
82% of the annual goals were specific to the individual needs of the student as identified in the PLOP. (IEP Management Reporting Progress on Annual Goals 2025)	Time constraints, high caseloads, or lack of oversight can lead staff to re-use goals that are not individualized.	Referral Process and Equity
91% of IEPs written provided strong evidence that the student needs and annual goals provide the rational for Recommended Programs and Services. (IEP Management Reporting Progress on Annual Goals 2025)	Goals are too broad, vague, or generic, and do not link to specific needs identified in the PLOP.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	73%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Recommended Programs and Services are strongly aligned with the PLOP by a 2% Increase, from 73% to 75%, as measured by IEP Management Reporting Progress on Annual Goals.
Students with Disabilities (SWD)	82%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve annual goals were specific to the individual needs of the student as identified in the PLOP by a 3% Increase, from 82% to 85%, as measured by IEP Management Reporting Progress on Annual Goals 2025.
Students with Disabilities (SWD)	91%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve IEPs written provided strong evidence that the student needs and annual goals provide the rational for Recommended Programs and Services by a 3% Increase, from 91% to 94%, as measured by IEP Management Reporting Progress on Annual Goals 2025.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To address the lack of effective collaboration during IEP development, we are implementing a targeted action plan focused on improving communication and shared responsibility among general education teachers, specialists, and related service providers. Key steps include clarifying team roles, providing professional development on collaborative IEP writing, and introducing structured planning protocols to ensure all team members contribute meaningfully before meetings. We will also pilot collaborative IEP prep sessions, conduct regular quality reviews using a standardized rubric, and celebrate best practices across teams. By building a culture of shared ownership and accountability, we aim to ensure IEPs are truly individualized, data-driven, and aligned with student needs. Progress will be monitored through IEP audits, staff surveys, and increased participation in planning processes.

Root Cause Addressed:

General education teachers, specialists, and related service providers not collaborating effectively during IEP development.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Define and communicate the responsibilities of general education teachers, specialists, and related service providers in the IEP process.
Provide joint professional development on collaborative IEP development
Implement a standardized IEP Meeting Planning Protocol
Require pre-meeting input from all IEP team members
Pilot collaborative IEP prep meetings

Key Strategy 2 (Optional):

To combat time constraints, high caseloads, and limited oversight that often result in reused, non-individualized IEP goals, we will streamline the IEP development process with customizable goal-writing templates and efficient data tools. Targeted professional development and coaching will equip staff to write personalized goals more confidently and quickly. We will advocate for manageable caseloads and allocate dedicated time for collaborative IEP planning.

Additionally, regular goal quality audits and strengthened oversight will ensure goals are truly individualized and aligned with student needs. Together, these strategies will support staff in delivering high-quality, tailored IEPs that drive meaningful student progress.

Root Cause Addressed:

Time constraints, high caseloads, or lack of oversight can lead staff to re-use goals that are not individualized.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide staff with user-friendly templates that prompt individualization based on student data.
Use software or digital platforms that help link PLOPs to tailored goal suggestions.
Conduct training sessions focused on writing specific, measurable goals efficiently and provide ongoing coaching support.
Promote collaboration between special educators, general educators, and support staff to share the IEP writing workload.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To effectively monitor the implementation of key strategies, we will use a multi-faceted approach that includes regular IEP audits to assess goal individualization and alignment with student needs, tracking staff participation and growth from professional development, and ensuring compliance with collaborative IEP meeting protocols.

Caseloads and dedicated planning time will be monitored to support staff capacity. We will analyze goal reuse patterns to target support where needed and, importantly, link these efforts to student progress data, including goal attainment and academic performance. Collectively, these measures will help us evaluate and enhance instruction, student learning, and achievement.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/22/2025	06/22/2026	Parent Workshops that help parents understand each stage of the IEP cycle, who should be involved, and how their input influences goal setting and service recommendations.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs. Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	The student shows minimal or no improvement despite receiving targeted Tier 1 and Tier 2 supports for their reading skills.	Phonics for Reading	Small group	During	no
Tier 3	The student shows minimal or no improvement despite receiving targeted Tier 1 and Tier 2 supports for letter recognition, letter sound, and decoding.	Spire Sound Sensible	Small group	During	no
Tier 2	The student scores well below or below benchmark on their mCLASS.	mCLASS	Small group	During	no

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Small group counseling Tier 2	Students identified by teachers, counselors, or other staff due to observed social, emotional, or behavioral challenges affecting learning or peer relationships.	Provide structured opportunities for students to practice new skills in a safe environment using role-playing and real-life scenarios.	Small Group	During	no
Individual counseling or therapy sessions Tier 3	Students exhibiting intense or persistent issues such as anxiety, depression, trauma-related symptoms, severe behavioral problems, or other mental health concerns impacting daily functioning.	Create an individualized therapeutic plan tailored to the student's specific challenges, strengths, and goals.	one-to-one	during	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

As a school, we will introduce MTSS during back-to-school events, conferences, and family engagement nights, providing a positive message about how they support all students. We will utilize visuals and flowcharts to explain the tiered approach and share resources like informational sheets or infographics that summarize the intervention process. Also, we will keep families informed about classroom and school activities through regular updates via email, newsletters, or parent portals.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families will receive monthly updates from the providers to discuss their child's progress. Data will be shared with the parents to show their child's progress and providers will give parents resources for use at home.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Families are actively involved in decision-making regarding their child's Tier 3 intervention progress through communication, participation in problem-solving teams, and providing input on strategies. They have the right to receive written notice, independent evaluations, and provide informed consent for services. The school collaborates with families to ensure interventions are tailored to the student's specific needs and that progress monitoring is regularly conducted.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

204 students are in Temporary Housing
- 18 Kindergarten Students
-32 First Grade students
-46 Second Grade Students
-26 Third Grade Students
-46 Fourth Grade Students
-35 Fifth Grade Students

7 students are in shelters
197 students are doubled up

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Our data shows that 27% of students in temporary housing as chronically absent compared to the 19% of students who are not in temporary housing. This information can help us support those families in temporary housing with their children's attendance rate. We can use this information to provide those families with MetroCards if traveling from a distance or help with getting their child bussing.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

In order to support students in temporary housing (STH), PS 110 plans to provide several services. To start off, we have conducted and will continue to conduct the caring closet. The caring closet is a program run by the outreach program at our school that receive donations of clothes by the staff. The families in our community are given selected dates to come to our school and look for clothes for their loved ones to bring home. We also have multiple food drives throughout the school year, especially around the holidays, to help families enjoy holiday meals. In continuation of things that are done periodically throughout the school year, we can provide extra lunches to children each day and they can either eat it in school or have the option to bring it home. Sometimes with the younger children, parents need to bring their child to school using public transportation, in order to alleviate the financial burden, we can provide a full fare metro card to parents. During remote learning we provided families with technology, so their child does not miss out on any learning and does not fall behind. At the beginning of the year and sporadically throughout the school year, we provide school supplies to families that do not bring in the supplies needed for the school year to assist with their child's learning. In order to educate the staff on how to assist the STH population, staff developments can be given by the guidance counselors on how to better serve our students.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

0

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

N/A

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

N/A

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

N/A

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS110Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

PS110Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families.

Support for Parents and Family Members of Title I Students

PS110Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS110Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

PS 110 hires staff with a committee comprised of school administration and members of the teaching staff. In the search for qualified staff, our focus are teachers with multiple certifications (i.e. CB + SE, ESL + CB , BIL + SE). We look for teachers who are willing to learn and are expected to continue to acquire and apply different teaching techniques along with learning a different teaching approach. In order for teachers to modify instruction to meet the needs of their students, they will self-evaluate lessons and have discussions. Teachers are expected to demonstrate the ability to actively listen to others and express their thoughts clearly with adults and children. On top of effectively communicating with one another, teachers will work within their grade and across grade colleagues in developing curriculum, special projects, assemblies, whole school activities, etc. Teachers will show initiative in actualizing the school's vision and helping students perform to the best of their ability along with being able to take on multiple roles to support the school's vision (i.e.: classroom teacher and service provider, classroom teacher and grade leader, etc.) We expect our teachers to conduct themselves in a professional manner (i.e: dress code, speaking tone, punctuality, open to critique, etc.) When in search for qualified staff, we meet with potential candidates at an Open House that we hold. We invite some candidates back for an interview and demo. This demo is planned on the spot, using materials that we supply. In order for our teachers to continue acquiring and applying different teaching techniques, we send teachers to PD on dual language, Teachers College, Special Education, Danielson Framework and have two full time coaches working with our teachers in cohorts. We are continuously conducting formal and informal observations and provide feedback to the teachers on an on-going basis.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At P.S.110Q, we make every effort to make the transition into Kindergarten a smooth one for all parents and students. To that end, the following activities/events are in place: pre-school visits, Kindergarten Orientation, Dual Language Program Visits, Head Start Visit, CSE (Committee on Special Education) Orientation, Transitional Planning for Turning 5 Evaluations.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated. For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	570,667	X	Section 8
Title I, School Improvement 1003(a)	Federal	N/A	N/A	N/A
Title II, Part A	Federal	N/A	N/A	N/A
Title III, Part A	Federal	47,566	X	Section 4
Title III, Immigrant	Federal	N/A	N/A	N/A
Title IV, Part A	Federal	N/A	N/A	N/A
Tax Levy (Fair Student Funding)	Local	7,426,204	X	Section 4 and Section 5

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Elisa Gomez
Assistant Principal (Where Applicable)*	Emmalene Gilchrist
English as a New Language (ENL) Teacher*	Jennifer Suarez
Teacher (if school has a bilingual program must be a bilingual teacher)*	Angelique Ramos
Parent/Guardian*	Maria Romero
Teacher	Melissa Santisteban
Parent Coordinator	Miriam Sosa
School Counselor	Katherine Ortega
Related-Service Provider	Chelsea Lynch
Assistant Principal	Brandi Passantino
ELL Coordinator	Hilda Elisa Martinez
Literacy Coach	Claudia Curatolo
Math Coach	Monica Youssef

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

5

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

15

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

10

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

4

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

NA

Total number of teachers with LOTE certification providing World Language instruction:

NA

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

NA

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

799

Total number and percentage (%) of current ELLs:

471-58.9%

Total number and percentage (%) of former ELLs:

52-6.5%

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

395-83.5%

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

78-16.5%

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0-0%

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0-0%

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

108-22.8%

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	GE	Spanish/English	2024/2025	0	0	.5	.5	.5	.5								2.0
TBE	GE	Spanish/English	2025/2026	0	0	0	0	.5	.5								1.0
TBE																	0
DLBE	GE	English	2025/2026	1	1	1	1	1	1								6
DLBE	GE	Spanish	2025/2026	1	1	1	1	1	1								6
DLBE																	0
				total: 2	total: 2	total: 2.5	total: 2.5	total: 3.0	total: 3.0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

In order to continuously support the language acquisition needs of MLs/ELLs at PS 110, teachers of ENL instruction understand the importance of amplifying lessons being taught. They do so by simplifying language and entry points to make learning accessible without simplifying content. This allows for equity for our MLs/ELLs.

Strategies tailored specifically to the proficiency level of students are also essential for ENL instruction that supports the language acquisition needs of MLs/ELLs at PS 110. When planning ENL instruction, teachers consider student academic and social emotional challenges, and teaching strategies that have proven to be best practices for each proficiency level.

To support the acculturation that students are facing, teachers create a safe climate of acceptance, respect and rapport. This is true for students who are at the Entering language proficiency level, especially Newcomers. In addition, teachers model and require physical responses such as pointing, drawing and gestures, provide repetition and establish routines. For their Entering students teachers also scaffold instruction and allow students to use their Home Language when appropriate as an asset and entry point.

For students who are at the Emerging language proficiency level, teachers may continue to use some of the Entering teaching strategies as needed, while adding new ones. For example, teachers build on student's prior knowledge and incorporate more scaffolds when teaching reading and writing skills. Teachers also increase the use of advanced organizers and thinking maps since we are a thinking maps school. Teachers also know that it is important to list and review clear instructions for their MLLs/ELLs at this and each level.

For students who are at the Transitioning language proficiency level, teachers continue to use Entering and Emerging teaching strategies as needed, while adding new ones. For example, teachers provide more opportunities for oral and written academic language development by having students ask and answer more how and why questions. Teachers also provide meaningful feedback to promote student goal setting and self reflection of those goals.

For students who are at the Expanding language proficiency level, teachers continue to use Entering, Emerging, and Transitioning strategies while expecting more academic independence on their grade level and encouraging students to present their work. Teachers at this level also present students with opportunities to continue to develop both oral and written cognitive academic language.

For students who are at the Commanding language proficiency level, teachers continue to monitor student academic progress and provide extra support as needed. Teachers also continue to assign grade level tasks that offer opportunities for both oral and written language academic development. Commanding students may also continue to need teacher support in grammar, figurative language and idioms.

There is an extreme urgency to use data and best practices to support our MLs/ELLs at P.S. 110 due to the influx of

Newcomers in the recent years. We first take into account who our Newcomers are, whether their English proficiency level is Entering, Emerging, Transitioning or Expanding and take the time to really hone in on their background knowledge, experiences and preferences to create a warm and welcoming environment. In the Stand-alone ENL program we service students according to the number of mandated minutes calculated by their NYSESLAT scores and CRPart 154. Students who score Entering on the NYSITELL or NYSESLAT will receive a total of 180 minutes of stand alone ENL, emerging will receive a total of 90 stand alone minutes. Transitioning and expanding students will receive a total of 180 minutes of integrated ENL.

Some of the best instructional practices for teaching our MLs/ELLs in a stand-alone setting include:
The use of visuals since visual aids can help reinforce spoken and written words. Speaking slowly and clearly as MLs/ELLs need to hear the initial and ending sounds of words to add them to their vocabulary. Avoiding idioms and figurative language is also important since these phrases can be confusing for MLs/ELLs and lead to literal translations that don't make sense. Use of gestures can add emphasis, especially when exaggerated. Providing multiple opportunities for interaction, especially small group interactions, can help MLs/ELLs practice speaking and listening in a low-risk environment. Reviewing texts for confusing language before exposing ELLs to potentially confusing material, reviewing texts to identify and build background knowledge is always beneficial. Incorporating high-frequency vocabulary words throughout all content areas is also crucial. Providing instructions in multiple formats, such as writing, examples, and explicit modeling with an opportunity for students to engage leads to success. Connecting students' cultures and incorporating lessons with content that is familiar to MLs/ELLs is always a best practice. Last but not least, waiting longer for responses is important since researchers have found that waiting three to five seconds after asking a question leads to higher quality responses.

Commanding level students also receive two years of integrated ENL for 90 minutes a week for two years after they pass the NYSESLAT. Stand-alone ENL for entering level MLs/ELLs will be primarily pull-out to target language needs of students in consecutive grades. Integrated ENL is push-in to English language arts or a content area class.

Whenever possible, ENL providers and classroom teachers use one of the Co-teaching models as a best practice to better support our MLs/ELLs. Students are grouped in classes by mixed proficiency levels. Classroom teachers and ENL providers plan their small groups taking into consideration students proficiency levels and specific areas of need as per our most recent NYSESLAT data. We have self-contained ENL classrooms on each grade and ENL teachers that provide push in and pullout services as per students proficiency levels, for those classes whose teachers do not possess TESOL certification.

Integrated ENL:

Integrated ENL:

Teachers of integrated ENL instruction at P.S. 110 carefully select strategies, scaffolds and tools to make learning accessible in order to support MLs/ELLs' language acquisition needs and content knowledge. This is done via data driven flexible grouping using the English proficiency levels entering, emerging, transitioning, expanding and commanding. Sometimes the students will be grouped homogeneously and others heterogeneously depending on the activity. This variety will allow students to engage with peers at their same proficiency level as well as with peers that are more advanced and therefore can model language in all four of the modalities.Furthermore, teachers provide a space for students’ home language use throughout units such as using it to activate prior knowledge, including key vocabulary, anchor charts, rubrics and instructions in both languages. By providing this safe space for students, teachers are also helping their MLs/ELLs to understand the content, build their confidence as learners and validate

their cultural identities. This provides students the opportunity to use their Home Language as an asset rather than ever seeing it as a deficit, which is an essential step towards their academic success.

At PS 110 we also understand that all teachers are teachers of MLs/ ELLs and need to plan accordingly, as per our NYSESLAT data. This is necessary in order to design and deliver instruction that is culturally and linguistically responsive for all diverse learners. In some cases they use a co-teaching model, they do so by planning strategically to provide integrated language and content instruction to support language development through language-focused scaffolds. This collaboration is done purposefully and consistently with other teachers to promote academic achievement in all content areas. Teachers also use assessments, materials and instructional resources that are linguistically and grade appropriate and are aligned to the Next Generation Learning Standards.

The Integrated ENL program is also data driven at P.S. 110, paying close attention to those who may be Newcomers at various English proficiency levels and may require more than just scores from assessments to receive the adequate support that they need. We service students according to the number of mandated minutes calculated by their NYSESLAT scores and CRPart 154. Students who score entering on the NYSITELL or NYSESLAT will receive a total of 180 minutes of ENL, emerging will receive a total 270 minutes of integrated ENL, Transitioning and expanding students will receive a total of 180 minutes of integrated ENL.
Commanding level students also receive two years of integrated ENL for 90 minutes a week for two years after they pass the NYSESLAT. Integrated ENL for entering level MLs/ELLs will be primarily push in to target language needs of students in consecutive grades. Integrated ENL is push-in to English language arts or a content area class.

Students are grouped in classes by mixed proficiency levels. Classroom teachers and ENL providers plan their small groups taking into account students proficiency levels and specific areas of need as per our most recent NYSESLAT data. We have self contained ENL classrooms on each grade and ENL teachers that provide push in and pullout services as per students proficiency levels, for those classes whose teachers do not possess TESOL certification. Teachers are provided with the NYSESLAT results at the beginning of the school year so that when they are planning lessons they can take their students' proficiency levels into account. It is highly recommended that when planning both small group and whole class lessons teachers keep the proficiency levels of their students in mind. Knowing this informs them of which scaffolds, vocabulary and strategies they need to carefully select, to meet their English Language Learner's needs.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

Transitional Bilingual Education- For the 2025-2026 school year we are excited to continue to have three sections of TBE SC and two sections of TBE GE- grades 2 and 3 and grades 4 and 5 bridge classes. About 20 bilingual students who speak Spanish will be serviced. Students are grouped heterogeneously by mixed proficiency levels. Instruction in this program is delivered in English and Spanish as per proficiency levels of the students. The TBE Language Allocation is as follows and percentages are adjusted as per the progress made during the year. The TBE Language Allocation is expected to change as ML/ELLs students acquire proficiency and are assessed by the teacher, utilizing formal and informal assessments, such as, Mclass in English and Spanish. In addition, other assessment tools, such as reading and writing rubrics, and unit assessments throughout HMH modules will be used.
* Entering = 25% English / 75% Spanish model is used
* Emerging = 40% English /60% Spanish model is used
* Transitioning = 50% English / 50% Spanish model is used

* Expanding = 75% English / 25% Spanish model is used
ML/ELL students in the TBE program also receive 1 HLA class across all English proficiency levels. Bilingual instruction in Math and Social Studies/Science is delivered across all English proficiency levels, with a change from 2 to 1 content area subject, once students reach the transitioning and advanced/expanding levels.

Dual Language Bilingual Education (DLBE):

For the 2025-2026 school year we are also excited to continue our Dual Language program from Kindergarten to fifth grade. For our K-5 Dual Language classes, there are 2 teachers in each grade with their own class, side by side; one Spanish speaking and one English speaking. There are about 50 students between the two sections. The makeup is a mixture of English and/or Spanish dominant speaking students. MLs/ELLs are heterogeneously grouped; both classes contain students of various proficiency levels. MLs/ELLs receive ENL services from a certified ENL teacher, which may be the classroom teacher of the English component.

In the two-way Dual Language programs at PS 110 the language of instruction percentages are 50%-50%. This includes both native English speakers and MLs/ELLs. The teachers in this side by side model provide instruction in both English and in the home language. The students receive half of their instruction in their home language and the remainder of their instruction in English. The goal of the program is for students to develop literacy and proficiency in English and in the home language which is Spanish. In our program students alternate classrooms every other day. Curriculum is taught continuously, and not repeated in the respective languages.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

To ensure all mandated minutes of MLs/ELLs instruction are provided on a day to day basis, PS110 implements a combination of strategies including: dedicated ESL classes, integrated language support within content areas, monitoring student progress, utilizing specialized curriculum, assigning qualified teachers, and closely tracking instructional time allocated to MLs/ELLs through lesson plans, language objectives and student data analysis. We also ensure that there are rare interruptions to programming. ENL providers always prioritize mandated minutes that our MLs/ELLs are entitled to by closely planning schedules taking into consideration that they do not conflict with other providers.

ENL teachers coordinate with classroom teachers to provide mandated minutes through a combination of collaborative scheduling, targeted instruction models, and data-driven groupings. Students are grouped based on their English language proficiency level and grade level, with a maximum allowable grade span of two contiguous grades. This allows ENL teachers to deliver targeted instruction to students with similar language needs. For Integrated ENL, the ENL teacher and a general education or content-area teacher collaboratively plan and deliver content-area instruction within the general classroom. ENL teachers meet with their grades regularly to design lessons, differentiate instruction, and create language-focused scaffolds to help MLs/ELLs access content. For Stand-alone ENL, the certified ENL teacher provides targeted English language development, either by pulling students out of their general classroom or pushing into the classroom for small group instruction. This is especially important for students at the Entering and Emerging proficiency levels.

We make sure that the mandated number of instructional minutes is provided in each program model at PS110. We program them and support them based on the student's NYSESLAT scores. They are given a proficiency level of: entering, emerging, transitioning, expanding, or commanding. Students who score as entering receive 180 minutes of standalone ENL and 180 minutes of integrated ENL. Students who score emerging receive 180 minutes of standalone ENL and180 minutes of integrated ENL. Transitioning and expanding students receive 180 minutes of integrated ENL, and commanding receive 90 minutes of integrated ENL for two years after passing the NYSESLAT.
ENL instruction is provided by certified ENL teachers in the ENL, TBE and Dual Language programs. ELA instruction is provided by the classroom teacher. HLA instruction is provided by the classroom teachers within the dual language program. 50% percent of instruction in DL is Spanish, students receive approximately 200-300 minutes of HLA weekly.
Students are grouped heterogeneously by mixed proficiency levels in the self-contained freestanding ENL classes. In Freestanding ENL classes that are serviced by a push-in ENL specialist, students are grouped homogeneously by NYSESLAT proficiency levels in order to provide the mandated units of ENL service. All instruction in this program is delivered in English.
For proficiency level entering, Integrated and standalone ENL delivery equals a total of 360 minutes per week with 180 minutes each for Standalone and Integrated ENL/ELA.
For proficiency level emerging, ENL equals a total of 360 minutes per week: Standalone = 90 minutes, Integrated ENL = 180 minutes, and a Flexible 90 minutes which can be used with Standalone, Integrated ENL/ELA or any other content area.
For proficiency level transitioning, ENL equals 180 minutes per week: Integrated ENL/ELA = 90 minutes and a Flexible 90 minutes which can be used with Standalone, Integrated ENL/ELA or any other content area.
For proficiency level expanding, ENL equals 180 minutes per week all in Integrated ENL/ELA or other content area.
For proficiency level commanding, ENL equals 90 minutes per week all in Integrated ENL/ELA or other content area.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

ENL instruction is provided by certified ENL teachers in the ENL, Dual Language and Transitional Bilingual Education programs. ELA instruction is provided by the classroom teacher. HLA instruction is provided by the classroom teachers within the dual language and Transitional Bilingual Education programs. 50% percent of instruction in DL is Spanish, students receive approximately 200-300 minutes of HLA weekly.
Students are grouped heterogeneously by mixed proficiency levels in the self-contained freestanding ENL classes. In Freestanding ENL classes that are serviced by a push-in ENL specialist, students are grouped homogeneously by NYSESLAT proficiency levels in order to provide the mandated units of ENL service. All instruction in this program is delivered in English.
For proficiency level entering, Integrated and standalone ENL delivery equals a total of 360 minutes per week with 180 minutes each for Standalone and Integrated ENL/ELA.
For proficiency level emerging, ENL equals a total of 360 minutes per week: Standalone = 90 minutes, Integrated ENL = 180 minutes, and a Flexible 90 minutes which can be used with Standalone, Integrated ENL/ELA or any other content area.
For proficiency level transitioning, ENL equals 180 minutes per week: Integrated ENL/ELA = 90 minutes and a Flexible 90 minutes which can be used with Standalone, Integrated ENL/ELA or any other content area.
For proficiency level expanding, ENL equals 180 minutes per week all in Integrated ENL/ELA or other content area.
For proficiency level commanding, ENL equals 90 minutes per week all in Integrated ENL/ELA or other content area.

About 20 bilingual students who speak Spanish will be serviced in each TBE class. Students are grouped heterogeneously by mixed proficiency levels. Instruction in this program is delivered in English and Spanish as per proficiency levels of the students. The TBE Language Allocation is as follows and percentages are adjusted as per the progress made during the year. The TBE Language Allocation is expected to change as MLs/ELLs students acquire proficiency and are assessed by the teacher, utilizing formal and informal assessments, such as mCLASS in English and Spanish. In addition, other assessment tools, such as reading and writing rubrics, and unit and module assessments will be used.
* Entering = 25% English / 75% Spanish model is used
* Emerging = 40% English /60% Spanish model is used
* Transitioning = 50% English / 50% Spanish model is used
* Expanding = 75% English / 25% Spanish model is used
ML/ELL students in the TBE program also receive 1 HLA class across all English proficiency levels. Bilingual instruction in Math and Social Studies/Science is delivered across all English proficiency levels, with a change from 2 to 1 content area subject, once students reach the transitioning and advanced/expanding levels.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

At PS 110 the Dual Language model that is implemented is the side- by- side model. For kindergarten through fifth grade dual language classes, there are two teachers, each with their own classrooms: one English speaking and one Spanish speaking. The side-by-side model will be used to provide instruction to approximately 50 students between the two sections. Classes are composed of a mixture of English dominant and Spanish dominant students. MLs/ELLs are heterogeneously grouped; both classes contain students of various proficiency levels.
MLs/ELLs receive ENL services from an ENL certified English language teacher (PiPo). Content areas are taught in both English and Spanish. English proficient students and MLs/ ELLs are integrated every day for the entire day for all subjects when the classroom teacher is ENL certified. If the classroom teacher is not ENL certified, an ENL certified teacher pushes in and therefore English proficient students and MLs/ELLs also remain integrated for the entire day for all subjects.

b. In which language(s) is each core content area taught?

Students receive alternated days of language instruction in Spanish and English in the Dual Language program at P.S. 110. That is, every other day is a full day of instruction in one language, then the next day is a full day of instruction in the other language. Instruction is continuous and never repeated.

In our TBE program, The TBE Language Allocation is expected to change as ML/ELL students acquire proficiency and are assessed by the teacher, utilizing formal and informal assessments, such as, Mclass in English and Spanish. In addition, other assessment tools, such as reading and writing rubrics, and unit assessments throughout the HMH modules will be used.

* Entering = 25% English / 75% Spanish model is used
* Emerging = 40% English /60% Spanish model is used
* Transitioning = 50% English / 50% Spanish model is used
* Expanding = 75% English / 25% Spanish model is used

TBE content area breakdown- ELA & Social Studies- English Instruction Math/Science-Spanish instruction

As students improve in language acquisition based on ongoing assessments, teachers in the TBE setting take this improvement into consideration in addition to the proficiency levels of students when planning, to incorporate the gradual release of language instruction within a lesson. This may be done via different parts of the lesson during the share, within a small group or during conferences as per student data.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

It is expected as the year progresses that there be a gradual release of the Home Language depending on the individual student's progress of English language acquisition across core content areas. This is done at certain points of the mini lesson, via small group instruction, lifting of scaffolds and through vocabulary being introduced in both languages. The TBE Language Allocation is expected to change as ML/ELL students acquire proficiency and are assessed by the teacher, utilizing formal and informal assessments, such as, mCLASS in English and Spanish. In addition, other assessment tools, such as reading and writing rubrics, and unit assessments throughout HMH modules will be used.

ELA & Social Studies-predominantly taught in English, using the TBE Language Allocation as described below. Math & Science- predominantly taught in Spanish, using the TBE Language Allocation as described below.
* Entering = 25% English / 75% Spanish model is used
* Emerging = 40% English /60% Spanish model is used
* Transitioning = 50% English / 50% Spanish model is used
* Expanding = 75% English / 25% Spanish model is used

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

The composition of the ELL subgroups at PS 110 is as follows as per the most current data:

Former ELLs-11.06%
Developing ELLs-16.5%
Long-term ELLs-0%
SIFE-0%
ELLs with IEPs-27.98%
Newcomers- 63.10%

At PS 110 we understand that Newcomers, no matter what their English language proficiency level, bring a wealth of knowledge and experience in their Home Language. For this reason we ensure that effective services for Newcomers differ from those provided to Developing or Long-Term MLs/ELLs. Their cultural backgrounds and prior knowledge provide a foundation for new learning. Recognizing that the Home Language is an asset allows teachers at PS 110 to provide purposeful academic and social emotional supports and opportunities for further skill developments which offer Newcomers the opportunity to achieve at very high levels. Teaching Newcomers is focused on students' goals, rather than students' deficits. Teachers provide supports that help students develop new understandings and skills, understand complex concepts, think analytically, and communicate ideas effectively in both social and academic situations. Teachers do so by giving students authentic opportunities to develop language and discourse in academic subjects such as mathematics, science, and social studies. This will help students begin to improve their self-confidence and autonomy as learners. Teachers also scaffold newcomer students' participation to enable them to access grade level complex ideas. Ongoing assessment followed by providing feedback about how a student's language development is progressing is also important for Newcomers.

For the last few years, we have seen an increase in Newcomers registering at P.S.110. Based on Newcomer's proficiency levels, just like any of our MLs/ELLs, instruction is tailored to their specific needs. For example, a Newcomer who is Entering or Emerging, will receive more tailored instruction, as well as more minutes of instructional support. Compared to an ML/ELL with the same proficiency level, a Newcomer will receive more one to one support, until he/she becomes more independent and acclimates to our environment. In addition, teachers are asked to do extensive assessments of each Newcomer's background knowledge but more importantly of their social emotional

wellbeing.

Additional support for Newcomers-
*Peer mentoring by voluntary staff members for students at risk due to chronic absenteeism.
*Encourage with the assistance of the Parent Coordinator, that parents attend ML/ELL Parent Conferences within the school.
• Hold several Parent Orientation meetings to inform parents of different Programs within the school and what their options are.
• Hold a Parent Orientation before school starts in September to familiarize parents and students with the school building, schedule/routine, and services.
• Newcomer classes
• Assess whether new students are SIFE (if in grades 3 -5)
• Pair student with a buddy
• Saturday Academy, including a class for Newcomers
• Guidance intervention where necessary

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

SIFE-0%

At P.S. 110 we currently do not have any ELLs that are SIFE.

In the event that we receive students that are SIFE, to meet their needs actions would be taken. We also use the mClass screeners in English and Spanish to identify and address any gaps noted in students' foundational skills. This data is also used for cross linguistic transfer since students could then build on strengths from the other language. We would ensure that leveled libraries in the classrooms range from two levels below to one level above the SIFE student's identified reading level. Guidance Counselors would provide an emotional as well as affective factors profile of the SIFE student. SIFE students may be screened for learning disabilities after appropriate interventions have been implemented. Cultural and family background would be addressed for a complete picture of the SIFE student, including social-emotional screening via the school's guidance counselor, Katherine Ortega. In addition, differentiated instruction – grouping by ability, need(s), and targeted skills and services by ENL and the RTI Tiered Intervention would be provided.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Long-Term ELLs-0%

If we were to have long-term ELLs at PS 110, we would look at their data, working with the teacher to identify trends across subject areas. The team would then plan targeted, repeated and differentiated instruction to move them along the learning progression. Developing MLs/ELLs would have the same type of research, but would receive more scaffolded and spiraled instruction, instead of repeated instruction.
Additional Support for Long-Term ELLS (In the event we receive)
• RTI Tiered interventions
• Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)
• Saturday Academy for MLs/ELLs in the Content Areas and NYSESLAT prep

• Joy School English and Reflex Math, Finish Line, etc.
• ENL push-in model within a small group instructional setting, using research-based ENL methodology

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Former ELLs-11.6%

At PS 110 we provide services to students who are former MLs/ELLs and build a supportive and engaging learning environment by acknowledging their valuable background knowledge. We also understand the supports needed for rigorous academics and a positive transition to the status of a former ML/ELL. Practices within our school community include smooth and supportive transitions both academically and socio-emotionally. For many Former MLs/ELLs, their days are spent with multiple teachers. This occurs sometimes through a co-teaching model such as Integrated CoTeaching (ICT), or because the mandated time for ENL support is with a TESOL/Bilingual certified teacher who is not their classroom teacher. Time for co-planning, co-teaching, co-assessing, and reflecting are all impactful parts of the process for Former MLs/ELLs at our school. Many former MLs/ELLs stay in Dual bilingual settings for the remainder of their time at our school. The families of Former MLs/ELLs, also receive support during this transition from bilingual or ENL programming to at times general education. Especially during these first two years of transition, we make sure to keep parents informed and assured of the continued support that their children will continue to receive by holding informational meetings with them. At our school Former ELLs that test proficient continue to receive explicit ML/ELL instruction when placed in a self-contained standalone ENL classroom. Former ELLs will continue to receive support for the following two years. Such supports include testing accommodations as per NYSED on City and State exams, as well as in- classroom assessments. In addition, as per the CR-Part 154, former ELLs will be entitled to ENL services for the following two years after passing the NYSESLAT. These students will receive .5 units per week (2 periods/per week) of ENL in ELA which is equivalent to 90 minutes. They are also invited to the After school and Saturday academic programs, targeting Literacy and Math.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

For the last few years we have noticed a trend of an increase in students transferring and getting discharged from P.S. 110. This is due to inconsistent living arrangements as we have 207-52.67% MLs/ELLs living in temporary housing, This is true especially for our Newcomers which make up 63.10% and it negatively impacts them academically. These students are trying to acculturate and moving around from one school to another makes it difficult to do so.
For our Former ELLs who scored a 1 or 2 last year on the ELA, we provide small group instruction targeting their specific needs in literacy. We use the RADD strategy (Restate, Answer, Detail, Detail) across all grades for practice in the listening, speaking, reading, and writing modalities.
After noting trends in the DESSA report and daily attendance tracking for the last three years, we have worked with the Guidance Counselors closely through a Success Mentor Program DOE initiative to prevent students that were flagged as potentially at risk of obtaining chronic absenteeism. The relationship between ML/ELL students with at-risk proficiency levels and their lack of attendance during the regular school day, after school, and Saturday Academy was noted. Some trends that were found in our attendance data were that high absenteeism led to both learning and language loss. Poor attendance impeded our MLs/ELLs from improving in proficiency levels because of the lack of participation in class discussions and independent practice during the school day, after school and Saturday Academy. ML/ELLs with poor attendance that are at risk at our school lack the skills and strategies being taught that are necessary to improve in all areas.
This initiative to mentor and support our at-risk students will continue since it is known that lack of attendance creates a wider achievement gap and decreases the opportunity for students to acquire skills needed to advance in

proficiency levels. Fortunately, we have noticed some improvement in this mentor program. Our goal is to increase this positive impact on student attendance each year.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Some trends noted about the at-risk levels of Former ELLs at our school in our latest EDAT is that there was not a significant increase in English Language Proficiency growth by exiting ELL status. 10.7% of former ELLs at our school met progress by exiting ELL status on our Spring 2024 EDAT while 11.5% of former ELLs met progress by exiting ELL status on our Spring 2025 EDAT report.
For these ML/ELLs identified as Former ELL's, the following actions will be taken in order to meet their needs: (Former MLs/ELLs up to two years after exiting ELL status) *Former ELLs that test Commanding, continue to receive explicit ML/ELL instruction when placed in a self- contained freestanding ENL classroom.
*Former ELLs receive, for the next two years, testing accommodations as per NYSED on City and State exams as well as in classroom assessments.
*Now, with the amendments made to the CR-Part 154, former ELLs will also be entitled to ENL services for the next two years since passing the NYSESLAT.
*These students will receive .5 units per week (2 periods/per week) of ENL in ELA. *They are also invited to the After school and Saturday Academy programs targeting Literacy and Math.
In addition, teachers ensure leveraging home language practices and using bilingualism as a resource. Rather than having Former MLL/ELL students suppress aspects of their language during most of their days, teachers can incorporate and build on home language practices into daily lessons. It can include building a multilingual environment in the classroom, a process in which Former MLs/ELLs can take an active role, taking advantage of teachable moments for strategies such as a turn-and-talk with a partner, or utilizing bilingual glossaries and multilingual word walls. Former MLs/ELLs can also benefit greatly from strategic pairings and groupings within a diverse class. Building communities of practice is essential to allowing these students opportunities for leadership, collaborations and additional support. Former MLs/ELLs may be more advanced than some classmates in any given content area, or in need of more support. Because of this, teachers can plan for Former MLs/ELLs to take on different roles within a group, depending on the focus of a given task. There may be instances in which they work with a classmate on or near their level. At other times they may support a newcomer classmate who is at the beginning stages of language learning. Former MLs/ELLs can also be grouped or partnered with more advanced students to learn from those students' linguistic expertise. Overall, Former MLs/ELLs should be given the opportunity to take up different roles within their learning communities so they can both learn from their classmates and contribute their own expertise. For the families of Former MLs/ELLs, a transition from bilingual or ENL programming to general education may mean a move to a more monolingual English teacher environment. This could be a new obstacle for families that did not experience when their student was an MLL/ELL in a bilingual or more multilingual setting. Therefore, especially during these first two years of transition, it is vital for schools to invest in creative ways to include families of Former MLs/ELLs, both in classrooms and in schools. For this reason, these parents are always invited to workshops focusing across all content areas.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language of ELLs with the largest representation at our school is Spanish. For this reason, we are one of the pilot schools using Mclass as a bilingual screener in English and in Spanish when appropriate. mCLASS is an all-in-one system for Science of Reading-based universal screening, progress monitoring, and instruction for grades K-6. The

data collected from Mclass is very helpful especially in our Dual Language and Transitional Bilingual programs as it allows for targeted instruction for our MLs/ELLs.

At PS 110 we have staff, structures, and processes in place to support communication and learning that values our students' home languages. As soon as our ML/ELL students enter our building they are received with a warm and safe welcome. If they need a coat, shoes, bookbag, supplies, food or anything, someone will assist.

Student cultures are represented in the curriculum by incorporating diverse literature, history, and art, and by making lessons relevant to students' real-world experiences. In order to integrate culture into the curriculum, teachers choose instructional materials, texts, and resources that reflect the cultural diversity of their classroom. Diverse perspectives in discussions, activities, and assignments are also included so students see themselves represented and valued. Curriculum is also connected to real-world problems and empower students to seek solutions, this makes children feel that they could be part of a change.

Culturally Responsive-Sustaining Education (CRSE) best practices to support learning and value home languages are important at PS 110. These CRSE practices for home language support include reading materials in students' home languages, inviting families to share traditions, and adapting instruction to connect with students' home and community cultures. Teachers include activities such as sharing songs in different languages and creating a classroom environment where diverse languages are a norm, not a barrier. Teachers also are responsive to families' language barriers and their work schedules so that they are able to participate in school events. Believing that all students are capable of academic success and creating an environment that is both rigorous and differentiated for diverse learning styles is another best practice at our school.

We are very fortunate and proud to be an all hands on deck type of school. Anyone that works with our ML/ELL population is constantly trained on how to support the delivery of home language on a daily basis, this includes teachers and any support staff that our students encounter. Professional development and seminars are used. Staff that speak Spanish, Chinese and Arabic are utilized to translate documents and notices that go home, as well as translators during student and parent meetings.

Our school also celebrates cultures represented, and teachers invite families to be a part of the celebrations. Parents often contribute cultural dishes and enjoy these events. The PTA also collaborates by holding Mother's Day, Father's Day and Cinco de mayo celebrations among others.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The racial and ethnic classifications of MLs/ELLs at PS 110 are the following:

Spanish-384
Chinese-6
Bengali-1
Nepali-1
Hindi-1

During planning and delivery of Culturally Responsive and Sustaining Education (CR-SE) at PS 110, MLs/ELLs are included throughout the process. Read alouds with opportunities for discourse, art projects and writing extensions are

carefully chosen for the planning and delivery of culturally responsive sustaining education. ML/ELL students are given opportunities to share topics of interest and of their cultural backgrounds. Teachers request books on those topics, and they are purchased for the classrooms. We have different CR-SE school-wide approaches at PS 110. Teachers are trained on implementing CR-SE within curriculum and daily instruction, through the unit planning with instructional coaches.
ML/ELL student's interests, cultural backgrounds and home languages are considered when carefully selecting classroom libraries. These libraries are then to be used during read alouds, small group instruction and are made available for students to read independently.
Students are encouraged to share topics of interest, emotions and hobbies through show and tells and cooperative learning projects. Many of these topics and hobbies are charted, so that they can be used as instructional topics for teachers to keep MLs/ELLs engaged throughout the units of study across all content areas. Both teachers and students give their cultural input, and it is a great way to foster a safe and warm environment for all of our students. In this way students feel a sense of ownership and pride not only of their classroom libraries but of their learning as well.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

After reviewing English Language Proficiency growth at PS 110 in the summary of students' most recent NYSESLAT results we found that 93 students met ELP sufficient progress and 176 students did not meet ELP progress out of the 269 Progress Eligible Students. Furthermore, out of the 93 students that made sufficient progress, a little more than half, 47 students, did so by meeting their annual progress target, 31 students met progress by exiting ELL status which increased from last year and 15 met safe harbor cumulative growth which also increased from last year. Upon receiving the EDAT for the 2024/2025 school year we anticipate to see even more progress.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

After reviewing the most recent results of the New York State English as a Second Language Achievement Test,what stands out for P.S. 110, is that students scored especially well in the Speaking and Listening modalities. Although students did not score as well in the other modalities of Reading and Writing, the ENL team has noticed some improvement while working with students, especially with the use of the RADD strategy. This strategy is accompanied by an anchor chart used throughout our school building in all classrooms, especially those including MLs/ELLs. We created this anchor chart in English and Spanish so that students could have access to it and build upon it from grades Kindergarten through fifth grade.
We foresee that this success will grow and will continue to implement the RADD/ADD- Restate, Answer, Detail, Detail, strategies starting in Kindergarten (ADD) through fifth grade. We have been incorporating these strategies for the last three years as a whole school initiative throughout the day and across all content areas through read alouds, shared reading, student discourse and then transferring it to writing. When administering the Speaking modality of the Spring NYSESLAT, teachers noticed improvement in student responses where they were answering in complete sentences and using examples to add details to their response. We are continuing the schoolwide RADD strategy initiative and plan to impact not just the Speaking modality but the Writing as well.
The most recent year's NYSESLAT data also showed some gains in proficiency levels besides those students who scored Commanding. The data reveals that our focus on read alouds, writing and language objectives across content areas has had a positive impact on some student academic achievement, specifically our MLs/ELLs, as measured by the NYSESLAT. The data also revealed that students are still lacking in the areas of reading and writing, perhaps still due to the language loss during and after the pandemic.
The large number of Newcomers that we continue to register in recent years also contributes to these trends noted. For this reason, we are supporting our Newcomers by creating a safe and engaging environment, where student's

confidence improves when we value the cultural diversity that they offer through use and validity of their Home Language. Areas of focus will continue to be read alouds , with opportunities for listening, speaking and writing to help improve our students proficiency levels. In addition, we continue to support our students in Reading and Writing, through small group inquiry across all subject areas. We will be adding on more writing opportunities using RADD/ADD strategies across all subjects as well, since the data revealed these areas in need of improvement. The end goal in Reading is for students to read grade-level academic texts to determine information and develop ideas. The end goal in Writing is for students to use grade-appropriate language to structure thoughts and ideas in writing about literary and informational texts and topics. By amplifying lessons, tools and texts we will make learning content accessible to our MLs/ELLs and to all learners.
The continuation of the Title III Saturday Academy for all of our ELLs from grades Kindergarten through second and the Newcomers class from grades three to five will also help support this initiative. In addition, our ENL and content teachers will continue its study group of the Writing Revolution in order to comprise strategies to help students build those complex sentences necessary to increase language proficiency for their students.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

When comparing the results of students' performance on the most recent NYSESLAT and other state assessments such as the ELA assessment and the Math assessment, students at PS 110 perform better in Math. For the Math state examinations, the Department provides written translations, MLs/ELLs may use both English and an alternative language edition of the test simultaneously. Students are allowed to answer the open responses in their Home Language. However, they should be instructed to record all of their responses in only one of the two languages. The alternative language edition used by the student should be indicated on the student's answer sheet. However, when it comes to the NYSESLAT and the ELA there are no translations or use of bilingual dictionaries allowed. Although students performed better in Math, we also saw gains in ELA.
In order to evaluate and inform next steps within the ML/ELL programs at P.S. 110, students' performance on the NYSESLAT, ELA, and Math state exams data are all used. The EDAT (ELL Data Analysis Tool) informs us by predicting student outcomes as well as to determine areas of need. We also continue the use of informal teacher assessments, writing samples, peer conversations and feedback, conferring with the teacher, end of unit and module HMH assessments, Mclass in English and Spanish to track student progress and program viability.
We continue to note data trends to inform our instruction and plans of action for our MLs/ELLs. Among these assessments we saw some improvement in Listening and Speaking and found a need for improvement in Reading and Writing. A Professional Development provided for the ENL team, at the beginning of the year by the ENL Assistant Principal, Mrs. Emmalene Gilchrist and the ELL Coordinator, Mrs. Hilda Elisa Martinez, will assist in doing so. During this professional development each ENL provider examines the data of their students closely. The team discusses trends noted which could then be used for planning their ENL instruction in collaboration with the classroom teachers. A focus on Read Aloud's, shared reading and ample opportunities for discourse and writing using the RADD/ADD strategies across grade level content areas will provide access for our MLs/ELLs to acquire language.
Another trend noted in the EDAT for this school year was that the number of scale points needed for students to have scored at the next higher proficiency level on the most recent NYSESLAT only ranged mostly within 1-10 and 11-20 points. These most recent NYSESLAT data trends will be the focus of planning for the year for impactful strategies. Such strategies include those that foster students' Home Language as an asset and tool and not as a deficit and a major focus on vocabulary building which HMH modules lend themselves to.
Our school started HMH instruction two years ago in two classrooms per grade. Since the 2024-2025 school year, the entire school has been implementing it. The program has a big focus on vocabulary building and routines for reading comprehension strategies that spiral across all grades. We will also implement tabletop mini lessons specifically tailored to our ELLs needs that will help close this achievement gap and show improvement in their language proficiency levels and consequently in ELA and Math.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Since noting improvement in Listening and Speaking, the need to focus on ELA, specifically in Reading and Writing, are trends that are reflected using the most recent NYSESLAT results of the subgroup of MLs/ELLs with IEPs. Currently PS 110 does not have any students in the ELL subgroup of SIFE. Since the pandemic, now that we have had in person instruction, we are seeing some improvement in the Speaking modality. Following up with parents is also improving which makes us hopeful that each year we will continue to see progress in language acquisition in this subgroup.
Other trends found within this subgroup of MLs/ELLs with IEPs is that the children are showing a lack of the ability to elaborate in their writing. As a result of our findings, our area of focus will continue to always be Speaking but also Listening, Reading, and Writing. This will be done using read aloud's with ample opportunities for discourse and writing extension activities. With our entering and emerging MLs/ELLs we use Fundations and monitor progress through end-of-unit reading and writing assessments. This data is then used to make curricular adjustments as needed.
With our developing and transitioning ML/ELLs, guided reading is implemented during RTI time, through the use of Mclass in English and Spanish, we monitor this data in order to make curricular adjustments. Literacy and math AIS periods will be in place this year as well, with the primary focus being the use of guided reading and math cycles with an emphasis on listening, speaking, reading and writing using the RADD/ADD strategies. This focus will provide this subgroup access to grade level texts and to opportunities for acquisition of the English language in all four of the modalities. We are anticipating that the study group in which all ENL providers and content teachers will participate in, of “The Writing Revolution” will also have a great impact. All participants will work together to comprise strategies that will foster independence for our MLs/ELLs in writing the complex sentences that are needed for language acquisition.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

At PS 110 teachers provide MLs/ELLs with a high-quality academic experience that leads to deeper learning. They do so by ensuring all students access to the general education curriculum and appropriate ENL supports based on language development levels. Research based rigorous instruction is provided through the development of our teachers so that they could learn to plan not just for our MLs/ELLs but for all our students.
Via culturally responsive instruction, student engagement is focused on time on-task and active learning which supports more oral language development and academic language development. This reduces teacher directed instructional talk. All teachers working with these students including the ENL teachers collaborate to bring together their expertise. We make sure to look at the whole child and use the tiered system of support, universal screening, and progress monitoring to develop positive instruction. In addition, when necessary, an intervention in social and academic behavior based on social-emotional history is implemented. This in turn will all be conducive to deeper learning experiences.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's leadership team considers MLs/ELLs in the school's instructional design by considering the various language proficiency levels at P.S. 110, when planning core instruction. Strategies to access content include those that foster students' Home Language as an asset and tool and not as a deficit and a major focus on vocabulary building. Our school also started HMH instruction two years ago in two classrooms per grade and since the 2024-2025 school year, the entire school implements HMH. One of the things that were noted after full implementation of the HMH curriculum was the need to make the complex grade level texts accessible for our MLs/ELLs.

After reflecting from the NYSESLAT results, a great need for improvement in reading and writing was noted and the SLT took this into consideration while creating a plan for ELL instruction. To make complex HMH texts accessible to our MLs/ELLs teachers use best practices such as use of pre-reading strategies like pre-teaching vocabulary and activating background knowledge through visuals or graphic organizers as a first step. Vocabulary is explicitly pretaught and practiced. In addition before reading students' prior knowledge and experiences are activated through the use of charts, visuals or short video clips. Students are then encouraged to share in their home language or

through drawings. During reading, teachers scaffold comprehension with interactive read-alouds, breaking the text into smaller sections, and providing sentence frames. When conducting interactive read-alouds teachers pause during reading to ask questions, allow students to discuss the text, and build their oral language fluency. The use of "chunking" to divide long texts into smaller, more manageable sections can be done by drawing lines between sentences, increasing space between paragraphs, or presenting sections on different slides.Providing sentence starters and frames to help students formulate responses and participate in discussions without the added pressure of figuring out complex grammar from scratch is also helpful. It is especially essential to model expectations by showing students what successful reading and writing look like by modeling the thinking process aloud and providing examples of writing at different proficiency levels. After reading, teachers facilitate discussion and practice through partner work, role-playing, and multimodal activities to reinforce understanding and oral language skills. Teachers facilitate peer collaboration through structured partner and group work to give students authentic opportunities to practice using new vocabulary and concepts with their peers. Allowing MLs/ELLs to demonstrate their understanding through drawing, labeling, or other visual aids in addition to verbal and written responses is also beneficial.

The HMH program has a big focus on vocabulary building and routines for reading comprehension strategies that spiral across all grades. We also implement tabletop mini lessons specifically tailored to our ELLs needs that will help close this achievement gap and show improvement in their language proficiency levels and consequently in all content areas. In addition, a study group in which all ENL providers and content teachers will participate in, of “The Writing Revolution” will also have a great impact on all of our students. All participants will work together to comprise strategies that will foster independence for our MLs/ELLs in writing the complex sentences that are needed for language acquisition.
The school implements an RTI model that consists of small group instruction throughout the school day (AIS). All students (including MLs/ELLs) were screened based on end-of year Mclass English and Spanish levels and performance on the MOSL writing task. Students targeted for RTI receive services by teachers identified to provide tier two and three support to struggling learners in reading and/ or writing. Our RTI model uses Fundations to target early readers and guided reading for higher-level readers. Within these small groups students engage in lessons that provide them with the vocabulary, tools and scaffolds to access grade level text in English as well as books at their own independent level.

Using Mclass in English and Spanish and on-demand writing samples, teachers plan accordingly taking into account proficiency levels and providing and removing scaffolds as they monitor students’ progress. Interventions related to language supports will be put into place to support language during concentrated small group instruction. Vocabulary and comprehension will be addressed through tier one instruction using vocabulary instruction, read alouds, and guided reading.

According to our initial findings using MOSL data, Mclass in English and Spanish, teacher observation, and last year's NYSESLAT results, our area of focus will be listening, reading and writing. Our MLs/ELLs area of need is ELA, specifically listening, reading and writing.
With our entering and emerging MLs/ELLs, we use Fundations and Heggerty and monitor through end-of-unit and HMH modules assessments. This data is then used to make curricular adjustments as needed. With our developing and transitioning MLs/ELLs guided reading is implemented during RTI time, through the use of Mclass in English and Spanish we monitor this data in order to make curricular adjustments.

MLs/ELLs in need of intervention services in math, meet with our RTI teacher and/or instructional coach to hone in on specific skills based on teacher observation, assessments, and math MOSL data. A pre and post test are used to measure progress.
Bilingual staff are utilized as much as possible in RTI to provide home language support in content areas.
 A schoolwide initiative which we have already noticed making an impact especially on the speaking modality while working with students is the use of the RADD/ADD strategies from kindergarten through fifth grade during lessons for discourse, reading comprehension and writing. In addition, literacy and math coaches have RTI periods built into their coaching schedules.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

At PS110 for MLs/ELLs to meet the demands of Next Generation Learning Standards, instructional approaches and methods to make language comprehensible in each program model are carefully selected. In addition, the Home Language is used to amplify lessons in order to make content accessible. Each program model at P.S. 110 delivers core content and also ensures that instructional approaches and methods are used which foster language development. To begin with, teachers are aware that all teachers are teachers of MLs/ELLs and therefore need to plan accordingly. This is necessary to design and deliver instruction that is culturally and linguistically responsive for all diverse learners, provide integrated language and content instruction to support language development through language-focused scaffolds and collaborate purposefully and consistently with other teachers to promote academic achievement in all content areas. It is especially essential that teachers use materials and instructional resources that are linguistically and age/grade appropriate and are aligned to the Next Generation Learning Standards.
By providing a safe and inclusive learning environment that recognizes and respects the languages and cultures of all students we are setting all our students up for success. MLs/ELLs are instructed in their classrooms using the same instructional materials as their English proficient peers: HMH Into Reading, HMH in Spanish- Arriba La Lectura, Teacher's College-(is only used for the Writing), Fundations, Heggerty and Go Math. Go Math in Spanish is used in our dual language and bilingual programs and Amplify materials are translated into Spanish by a staff member. Students have access to Spanish language materials through their ENL, bilingual or Spanish teacher as well as the school library.

MLs/ELLs are also supported whenever possible through technology, Joy School English is used for grades Kindergarten through second grade and for Newcomers in grades three to five. MLs/ELLs specifically are supported through instruction using thinking maps, explicit vocabulary instruction and language supports to target transitioning and expanding level MLs/ELLs.

In our ENL programs, core content is delivered through specific models which include Push-in (co-taught with a general education teacher in the mainstream classroom), ENL Classroom (a separate classroom for English language development and content), Dual Language (instruction in both English and Spanish), and Bilingual (in which teachers provide instruction and support in a student's home language). All models use comprehensible input strategies like visuals, cooperative learning, and sentence starters, while Dual Language and Bilingual models also explicitly use the home language to support English acquisition.

In our Integrated ENL, core content is delivered in the mainstream classroom with a certified ENL teacher co-teaching and collaborating with the content area teacher. The language of instruction is primarily English, with the ENL teacher providing language support within the English content lesson. Some instructional approaches include co-planning lessons that focus on both content and language objectives and collaboration between the general education and the ENL teacher. Strategies used include visuals, graphic organizers, and simplified language. Teachers also separate students into small groups within the classroom to work on specific language or content skills, based on need for differentiated instruction.

In our ENL classroom core content is delivered by having students in a separate ENL classroom for English language development and some content instruction. This model is often used for students with various different home languages. The language of instruction is English. Some support may be provided in the home language to facilitate comprehension. Some instructional approaches and best practices include explicit instruction which focuses on English language acquisition needed for academic success, content-based in which content area instruction is delivered in a sheltered environment to make it more accessible, and the use of strategies like visuals, sentence frames, and word banks to make content accessible.

In our Dual Language model core content is taught in two languages, English and Spanish. Both English and the students' home language are used for instruction throughout the day, and the goal is for students to become proficient in both. Some best practices include explicit instruction in reading, writing, and speaking in both languages, using the home language to support English language development and content understanding, and integrated learning in which students learn core content and language skills simultaneously in both languages.

In our Bilingual models core content is delivered by leveraging the home language to teach English and content. Instruction is provided in the students' home language which in our case is Spanish and in English. Some best practices include use of the home language to support learning English, gradually shifting to more English instruction as students' English proficiency increases as in our Transitional Bilingual and Bilingual Special Education classes. Eventually, students transition out of the program and into mainstream instruction. In addition, bilingual teachers can make complex concepts and texts more accessible by explaining them first in the students' home language. The preview, view, review strategy is especially helpful in making content more accessible for our MLs/ELLs.

The following are ML/ELL materials used by Integrated ENL, ENL Classroom, Dual Language and Bilingual Teachers: Language used is specified and Subgroups are identified in parenthesis:
• Joy School English (All MLs/ELLs K-2, Newcomers 3-5).
• HMH Into Reading, HMH in Spanish- Arriba La Lectura
• Finishline, Ready, Set, Go! Newcomers, TEAM NYSESLAT Prep books in English (All MLs/ELLs)
• Benchmark leveled readers (Spanish and English) (Dual Language, Special Education and Bilingual MLs/ELLs)
• Test Ready English Language Arts (Rally!) (All MLs/ELLs)
• Test Ready Math test preparation in English (Rally!) (All MLs/ELLs)
• Estrellita/Lunita in Spanish (MLs/ELLs as needed in Dual Language)
• DRA Spanish Assessments (Dual Language, Special Education and Bilingual MLs/ELLs)
• Fountas & Pinnell in English and in Spanish (Dual Language, Special Education and Bilingual MLs/ELLs)
• Wilson Program in English (Special Education and Bilingual MLs/ELLs)
• RAZ kids, in English and in Spanish (All MLs/ELLs)
• Amplify Science – with Spanish supports as needed (All MLs/ELLs)

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

All ML/ELL subgroups at P.S. 110 are instructed using grade-level materials and are provided with targeted intervention programs in ELA, Math and other content areas as necessary. We have Go Math, Amplify Science and Passport for Social Studies kits for teaching the core content areas in addition to the previous list of materials and programs. The following are instructional strategies that teachers of MLs/ELLs use to provide access to academic content areas and accelerate English language development for all of the ML/ELL subgroups. Newcomers, Developing ELLs, Former ELLs, Long-Term ELLs and ELL's with IEP's.
Teachers of MLs/ELLs in all subgroups make content accessible by providing language supports for students. Grade-level HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing and Go Math curriculum are supported with vocabulary instruction, and language structure supports such as sentence starters or linguistic frames, and thinking maps that support understanding and support oral and written language development. Technology is incorporated whenever possible, so students can participate in Promethean board activities, use computers and iPADs

to research, watch videos, and note-take. Some of the programs used in school are also accessible from home.

Administration, ENL teachers and the IEP/ SETSS teacher meet on a bimonthly basis to review IEPs of ML/ELL SWD students to ensure all students are receiving all services. Teachers of all subgroups, including ELLs with IEPs, have access to big books and guided reading books in Spanish to supplement instruction in the first language as needed. When students are mandated bilingual special education services, alternate placement paras are assigned as needed and work with the children to meet their needs. Ongoing communication exists between the home and school through the Guidance Counselors, Parent Coordinator, teachers, ENL providers, ELL Coordinator, Administration and SBST personnel. Pacing calendars and unit planning that will help teachers target instruction for MLs/ELLs in all subgroups including MLs/ELLs with IEPs through scaffolds, modification of the curriculum and differentiation are also ongoing throughout the entire year for all units of study, across all content areas.

For MLs/ELLs identified as having Special Needs/Students with Disabilities, the following strategies and grade-level materials are utilized:
• In 2025-2026, six self-contained Special Education classes with MLs/ELLs.
• Twelve ICT classes containing MLs/ELLs with IEPs
*Three Transitional Bilingual Special Education classes
• SETSS intervention in reading and mathematics within a small group instructional setting as well as RTI Tiered Interventions
• ENL push-in with small group instructional setting using research-based ENL methodology
*Use of technology such as Promethean Board, iPads, videos and software (Joy School English).
• Extended Day Program (Wednesdays - Thursdays)
• Saturday Academy
• One-to-One tutoring
• Peer assisted tutoring
• Familiarization with students IEP to be aware of students learning disabilities and modifications
• Regular ongoing conferring with Speech and other related service personnel that student receives services from to better track student's progress and target needs are also addressed through differentiated instruction using TCRWP and GoMath.
• Ongoing communication between the home and school through Guidance Counselor, Parent Coordinator and SBST personnel.
*Pacing calendars and unit planning that will help teachers target instruction for MLs/ELLs with IEPs through scaffolds, modification of the curriculum and differentiation.
*Calendar days focusing on professional development geared towards Bilingual Special Education are ongoing.

For MLs/ELLs identified as Newcomers, in addition to the strategies and programs mentioned above, the following actions will be taken in order to meet their needs: *Encourage with the assistance of the Parent Coordinator, that parents attend MLs/ELL Parent Conferences within the school to learn about content and expectations across all subjects.
*Hold several Parent Orientation meetings to inform parents of different Programs within the school and what their options are.
*Hold a Parent Orientation before school starts to familiarize parents and students with the school building, schedule/routine, expectations across all content areas and services.
*Two Guidance counselors focusing on developing a personal profile of students. Colete Lopez (K-2) and Katherine Ortega (3-5)
* A Social Worker focusing on developing the social emotional learning of students. Nazly Jordan (K-5)
*Newcomer classes
*Assess whether new students are SIFE (if in grades 3 -5)
*Pair student with a buddy
*Saturday Academy, with specific classes by grade level and for Newcomers in grades 3-5 and Extended Day programs (Wednesdays - Thursdays)
*Guidance intervention where necessary
*NYSESLAT preparation books geared specifically towards Newcomers used in class and during Afterschool and

Saturday Programs

For MLs/ELLs identified as Developing, in addition to the strategies and programs mentioned above, the following actions will be taken in order to meet their needs:
*AIS in reading and mathematics within small group instructional setting
*Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)
*Saturday Academy for MLs/ELLs in the Content Area and TEAM NYSESLAT preparation books
*ENL push-in model within a small group instructional setting using research-based ENL methodology
*Leveled Libraries in English and home language across all content areas
*Reading/Writing/ Mathematics Portfolios to track progress
*Peer Assisted tutoring
*Readers/Writers Workshop models for MLs/ELLs in Bilingual, Dual Language Classrooms and in Freestanding ENL classrooms-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing
*Technology based listening activities in the computer lab
*Two Guidance counselors focusing on developing a personal profile of students. Colete Lopez (K-2) and Katherine Ortega (3-5)
* A Social Worker focusing on developing the social emotional learning of students. Nazly Jordan (K-5)
*Parent Coordinator, Miriam Sosa, focuses on developing and maintaining communication between the school and parents

For MLs/ELLs identified as Long term ELL's, in addition to the strategies and programs mentioned above, the following actions will be taken in order to meet their needs:
*Long term goal setting and tracking in all areas with periodic revisions by teachers, ENL provider and administration
*AIS in reading and mathematics within small group instructional setting
*Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)
*Saturday Academy for MLs/ELLs in the Content Area and TEAMS NYSESLAT preparation books.*ENL push-in model within a small group instructional setting using research-based ENL methodology
*Leveled Libraries in English and home language across all content areas *Reading/Writing/ Mathematics Portfolios to track progress
*Peer Assisted tutoring
*Readers/Writers Workshop models for MLs/ELLs in Bilingual, Dual Language Classrooms and in Freestanding ENL classrooms-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing
*Technology based listening activities in the computer lab
*Guidance counselors focus on developing a personal profile of students
* A Social Worker focusing on developing the social emotional learning of students. Nazly Jordan (K-5)
*Parent Coordinator focuses on developing and maintaining communication between the school and parents

For ML/ELLs identified as Former ELL's, in addition to the strategies and programs mentioned above, the following actions will be taken in order to meet their needs: (Former MLs/ELLs up to two years after exiting ELL status)
*Former ELLs that test Commanding, continue to receive explicit ML/ELL instruction when placed in a self- contained freestanding ENL classroom.
*Former ELLs receive, for the next two years, testing accommodations as per NYSED on City and State exams as well as in classroom assessments.
*Now, with the amendments made to the CR-Part 154, former ELLs will also be entitled to ENL services for the next two years since passing the NYSESLAT.
*These students will receive .5 units per week (2 periods/per week) of ENL in ELA.
*They are also invited to the After school and Saturday Academy programs targeting Literacy and Math.

b. SIFE

b. SIFE

The following actions will be taken in order to meet the needs of students identified as SIFE:
*Leveled libraries in the classrooms that range from two levels below to one level above the SIFE student's identified reading level

*Guidance Counselor will provide an emotional as well as affective factors profile of the SIFE student

*SIFE students may be screened for learning disabilities after appropriate interventions have been implemented

*Cultural and family background will be addressed for a complete picture of SIFE student, including social-emotional screening via the school's guidance counselor, Katherine Ortega

*Differentiated instruction – grouping by ability, need(s), and targeted skills

*Serviced by ENL and the RTI Tiered Interventions

c. Newcomers

By providing language supports for students teachers of Newcomer MLs/ELLs make content accessible. In addition, we have Go Math, Amplify Science and Passport for Social Studies kits, with supports in Spanish as needed for teaching the core content areas. Whenever possible, vocabulary, rubrics, checklists, strategies and process charts are made available in the home language. Having books in their home language readily available whenever possible will also have a positive impact on their English language acquisition, even if only for parts of the day, since they do not have the stamina yet in English. Grade-level TCRWP for Writing, HMH- Into Reading, HMH-Arriba la Lectura- for Reading and Go Math curriculum are supported with vocabulary instruction, and language structure supports such as sentence starters or frames, and thinking maps that support understanding and support oral and written language development.

Screeners such as the mCLASS in English and in Spanish, provide targeted instruction for newcomer MLs/ELLs by first establishing a baseline of their skills in literacy, phonological awareness, and language proficiency through a combination of English and home language assessments. This data, alongside other information like home language use and formal schooling history, is used to identify specific needs. Teachers then use these results to tailor interventions that simultaneously support language development and academic content, adjusting support levels based on performance to help students meet grade-level goals.

We first administer the initial screening to establish a baseline and identify needs and assess foundational literacy skills (e.g., phonological awareness, letter knowledge, word reading) in both English and in Spanish. We then gather additional data such as home language use, previous formal schooling, and English language proficiency scores to get a complete picture of the student's background and analyze the data to distinguish between students who may have low skills due to lack of English proficiency versus those who have more significant learning challenges in reading.

Next we develop targeted interventions to address both English language and literacy skills at the same time. For example, if a student struggles with letter sounds, provide both targeted instruction on letter-sound correspondence and incorporate new vocabulary into the lesson based on the students' needs.This could range from additional time practicing letter names and sounds to more intensive phonological awareness or fluency instruction. Instruction should not be delayed. Interventions should simultaneously build English language skills and help students access grade-level content.

Lastly we monitor progress and adjust accordingly by the use of formative assessments to monitor the student's

reading progress over time.We also track data to see trends and to help determine if interventions are working. We use the progress monitoring data to make informed decisions about the student's next steps, which could include continuing the current intervention, adjusting the support, or adding new resources.

Technology is incorporated whenever possible, so students can participate in Promethean board activities, use computers and iPADs to research, watch videos, and note-take. Administration, teachers and ENL providers meet on a bimonthly basis to ensure all students' needs are being met and that they are receiving all services. Teachers of Newcomer MLs/ELLs have access to big books and guided reading books in Spanish to supplement instruction in the home language as needed. Students who have been identified as SIFE will receive response to intervention services as well as extra minutes of ENL where possible. Instruction of newcomer MLs/ELLs is differentiated by grouping students during literacy with ENL services providers to focus on beginner language skills. Instruction for developing MLs/ELLs includes continued support in basic language skills and explicit vocabulary and language instruction in content areas.

Newcomer - In order to meet their needs, the following actions will be taken in addition to the above mentioned:

*Encourage with the assistance of the Parent Coordinator, that parents attend ML/ELL Parent Conferences within the school to learn about content and expectations across all subjects.

*Hold several Parent Orientation meetings to inform parents of different Programs within the school and what their options are.

*Hold a Parent Orientation before school starts in September to familiarize parents and students with the school building, schedule/routine, expectations across all content areas and services.

*Newcomer classes

*Assess whether new students are SIFE (if in grades 3 -5)

*Pair student with a buddy

*Saturday Academy and Extended Day programs (Wednesdays - Thursdays)

*Guidance intervention where necessary

d. Long Term ELLs

The following actions will be taken in order to meet the needs of long term ELLs:
*Long term goal setting and tracking in all areas with periodic revisions by teachers, ENL provider and administration

*At PS110 we have been looking closely at our NYSESLAT, ELA and Math data and working specifically with developing ELLs (years 4-6) to ensure that they do not become Long Term ELLs.

*AIS in reading and mathematics within small group instructional setting

*Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)

*Saturday Academy for MLs/ELLs in the Content Area and TEAM preparation for the NYSESLAT books

*ENL push-in model within a small group instructional setting using research-based ENL methodology

*Leveled Libraries in English and home language across all content areas

*Reading/Writing/ Mathematics Portfolios to track progress

*Peer Assisted tutoring

*Readers/Writers Workshop models for MLs/ELLs in Bilingual, Dual Language Classrooms and in Freestanding ENL classrooms-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing

*Technology based listening activities in the computer lab

*Guidance counselor focuses on developing a personal profile of students

*Parent Coordinator focuses on developing and maintaining communication between the school and parents

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

At P.S. 110 we strive to enable MLs/ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment. MLs/ELLs with IEPs are serviced through self-contained ENL and Integrated ENL whenever possible to keep students in their classroom, with a special education certified teacher. Instruction is differentiated according to the needs of the student as identified on their IEPs.
In addition, as per their IEP, the curriculum is scaffolded to support students while maintaining alignment to the Next Generation Learning Standards. During stand alone instruction MLs/ELLs with IEPs are grouped with non SWD MLs/ELLs to maximize time spent in diverse settings. During bimonthly special education /ENL meetings we discuss and explore flexible program options for students to ensure students are in their least restrictive environment and meet their individual needs. Additionally, to enable MLs/ELLs with IEPs to achieve their IEP goals, ENL teachers and Special Education teachers co-plan according to their students' proficiency levels and IEP specifications. Goals are tracked periodically by teachers and all providers and revised as necessary based on their progress or data based needs.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Since the home language of ELLs with the largest representation at our school is Spanish, we are one of the pilot schools using mCLASS as a bilingual screener in English and in Spanish when appropriate. mCLASS is an all-in-one system for Science of Reading-based universal screening, progress monitoring, and instruction for grades K-6. The data collected from mCLASS is very helpful especially in our Dual Language and Transitional Bilingual programs as it allows for targeted instruction for our MLs/ELLs.

There is a gradual release of home language supports in each program model on English language acquisition progress at P.S. 110. Home language support is delivered and assessed in the ENL program model using translations when necessary and home language instructional materials. In Dual Language students receive literacy and content instruction in Spanish. Home language support is delivered according to the NYS mandates.

TBE: Math and Science are delivered in a student's home language (Spanish) with an ongoing emphasis on reading and writing. Depending on students' literacy levels and needs, a model of 2 days English and 3 days Spanish is implemented with a shift to 3-4 days English and 1-2 days Spanish as the year progresses.

DL: A 50-50 program model is followed. Home language (Spanish) is delivered on a full day basis depending on the cohort's schedule.

ENL: Delivered when classroom teacher and/or Integrated ENL teacher speaks the home language of the student.

Home language is also supported through home language in-classroom libraries and dictionaries across all content areas. We have a healthy library that includes nonfiction and fiction texts in home languages for teachers and students to access.
Curriculum and unit letters to parents are translated and available in Spanish and Chinese. Whenever possible, unit checklists, rubrics, vocabulary and other tools are also made available in the home language for support as well as process charts .

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

NA

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

We understand the importance of developing a common understanding of the definition of Co-Teaching at PS 110, which is two teachers collaborating to deliver instruction. Many definitions of co-teaching exist depending on the purpose of the collaboration and the context of the instruction. Especially in our ENL programs, collaboration is essential between the general education or content teacher and the English as a New Language teacher to co-plan, co-deliver, and individualize instruction for all students in a class to co-teach effectively. At our school partner teams work together creatively to accommodate the language proficiencies, cultural diversity and educational backgrounds of the students in the class. These colleagues must bring their expertise to the table to overcome instructional challenges constructively.
Administration is aware of such possible challenges and therefore makes sure to provide professional development at the beginning of the year to the entire staff to inform them of what co-teaching is and is not. The staff is also presented with the different possible models, and of the administrative and district level support that they can depend on.
At our school we begin by helping teachers develop a common understanding of what Co-teaching for MLs/ELLs is not. One teacher planning and delivering all instruction, just an extra set of hands, an ENL teacher only working with MLs/ELLs while the general education teacher only works with nonELLs , or an ENL teacher working with a small group of MLs/ELLs apart from the general class, are not examples of co-teaching. Instead, successful co- teaching implementation includes shared planning time, shared delivery of instruction, mutual responsibility and ownership of class, style of co-teaching is dynamic and adapting as necessary based on content delivered and student needs.
Administration is aware that their role is to carefully select and support partner teachers, frequently communicate with staff, provide appropriate training for all teachers involved in the model, facilitate planning and scheduling and to

provide adequate resources to ensure successful implementation. Time is set aside for teachers to plan together during Monday PD times and during grade meetings with the literacy and math coaches in which ENL providers attend the meetings for their grades.

Successful models at our school that work for ICT, Dual Language and General Education classes where the classroom teacher is not ENL certified so therefore integrated co-teaching is best practice include one lead teacher, one “teaching on purpose”, parallel teaching and the most effective model of co-teaching which is team teaching.

In the one lead teacher, one “teaching on purpose” model we have one heterogeneous group of students, the lead teacher delivers whole class instruction, and the second teacher purposefully provides individualized instruction. In this model mini-lessons or conferences are delivered for individuals or small groups and the teachers switch roles throughout the lesson,

During a parallel teaching model, we have two (or more) heterogeneous equal groups of students, and each teacher instructs one group covering the same content. This model provides additional opportunities for student interaction and monitoring of student learning,

The most effective model of co-teaching which is what we are striving for at our school especially with the increase of MLs/ELLs in our building is team teaching. In this model Teacher A & B co-lead instruction, are seen as equals by all students in the class, share the responsibility and have time to plan and develop appropriate materials, supports and scaffolds for their MLs/ELLs, struggling learners and higher achieving students. In this model, the teachers are equals and students benefit by having two instructional professionals in the classroom.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At P.S.110 we understand the importance of incorporating professional learning specifically related to the academic and social emotional needs of MLs/ELLs. The professional development sessions are designed for all staff; teachers, the assistant principals, para professionals, psychologists, guidance counselors, speech teachers, and OT/PT providers. PDs are aimed at new teachers, and non-ENL teachers to introduce them to the terminology and identification process of English language services and programs. The PDs will also introduce strategies and teaching methodologies that benefit MLs/ELLs. In addition, it will focus on scaffolding, using thinking maps, the importance of activating prior knowledge, home language as an asset and explicit vocabulary instruction.

Another part of the PD series will focus on tier II vocabulary instruction. Teachers will identify what tier II words are, why they are important, how to provide opportunities for students to practice the words, and the importance of multiple exposure to new words.
Staff will also participate in professional development, which focuses on determining the differences between language acquisition stages and learning disabilities, in an effort to curtail the request for evaluations of MLs/ELLs.

Teachers will be given opportunities to attend PD throughout the school year. As part of our support for the growing dual language and TBE programming, we will be scheduling inter-visitations to schools with existing programs as a form of professional development and support for the teachers.

During daily PD time, training will be provided around meeting the needs of MLs/ELLs by the ELL coordinator along with administration, where TBE and dual language teachers work together to provide differentiated PD to the entire staff, including paras, speech and OT/ PT providers.

Teachers at P.S. 110 also attend weekly meetings with the literacy coaches to discuss reading and writing instruction that is aligned to the Next Generation Standards. Development is focused on MLs/ELLs as a subgroup. They will be targeted for continued literacy development, and teachers will be trained to focus on scaffolding HMH modules (for Reading) and TCRWPn(for Writing) units of study to meet the needs of MLs/ELLs.

For example, incorporating thinking maps into reading and writing mini-lesson; using thinking maps to teach academic vocabulary; incorporating sentence starters and linguistic frames to build genuine conversation.

Our goal is to provide quality training to all instructional and support personnel that will lead to improved teaching and student learning in all subject areas through staff development. Ongoing training will be provided to all teachers of ML/ELL students, including teachers with non-ELLs in their classrooms, in the use of proven instructional strategies, methods and techniques that will support MLs/ELLs. We believe that these strategies and techniques benefit all students especially since our school has a large percentage of English proficient students who are former MLs/ELLs.

The following topics will be addressed during staff development days for all teachers:

• Utilizing Data (mCLASS in English and Spanish), DRA, Conference notes, pre & post unit assessments, Periodic Assessments) to target specific modalities in Listening, Speaking, Reading and Writing.

• Best practices for teaching ELA and Mathematics to English language learners.

• Informal Assessments for evaluating limited English proficient/English language learners' progress through Imagine Learning and GoMath unit assessments

• Using language goals in all content areas.

• Implementing the different components of the Reader's and Writer's Workshop for Dual Language and TBE classrooms. HMH (for Reading) and TCRWP (for Writing) for standalone ENL.

• Think Central Training to individualize student's instruction through a web based program.

• Implementation of the Joy School English Program in Self Contained ENL and Bilingual classes.

• In addition, some teachers will continue to be a part of CRSE Professional Development Series in which the focus is on equity curriculum planning.

• All classes will be implementing the HMH program for Reading, which has tabletop minilessons specific to different levels for MLs/ELLs.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

We are committed to meeting the required percentage of professional development hours for teachers of MLs/ELLs and teachers in other areas of licensing each year at P.S. 110. Half of all professional development will be devoted to

topics specific to MLs/ELLs. PD will be differentiated by content and sub-group (MLs/ELLs and Special Education). We will also be taking into consideration teachers' years of experience to support them. PD on the district wide FURBY Tool initiative will also be presented to staff to assist teachers in honing in on specific student needs as per the most recent NYSESLAT results.

In the staff handbook teachers, including those who teach ENL, Dual Language and Bilingual Special Education, can submit professional development interest forms so teachers may request topics that they have an interest in or areas they would like to focus on. PD for teachers by teacher is an opportunity for teachers to serve as leaders in an area they feel is a strength to support their colleagues. All PDs are aligned to the Danielson framework, Next Generation Standards, and city-wide instructional expectations. Agendas and attendance are kept for all professional development activities. There are three professional developments planned for teachers of MLs/ELLs for the 2025-2026 school year. Teachers, the assistant principals, paraprofessionals, psychologists, guidance counselors, speech teachers, and OT/PT providers will be in attendance. One PD is aimed at new teachers, and non-ENL teachers to introduce them to the terminology and identification process of English language services and programs. The second PD will introduce strategies and teaching methodologies that benefit MLs/ELLs. The PD will focus on scaffolding, using thinking maps, the importance of activating prior knowledge, and explicit vocabulary instruction. The third in the series of ML/ELL PD will focus on tier II vocabulary instruction. Teachers will identify what tier II words are, why they are important, how to provide opportunities for students to practice the words, and the importance of multiple exposure to new words.

Staff will also participate in professional development which focuses on determining the differences between language acquisition stages and learning disabilities in an effort to curtail the request for evaluations of MLs/ELLs. Teachers, including those who teach ENL, Dual Language and Bilingual Special Education, will be given opportunities to select and attend PD throughout the school year. As part of our support for the dual language program and growing Bilingual Special Education Program we will be scheduling inter-visitations to schools with existing programs as a form of professional development and support for the teachers.

During Monday PD time, PD is provided around meeting the needs of MLs/ELLs by the ELL coordinator along with administration. Dual language teachers work together to provide differentiated in house PD to the entire staff, including paras, and OT/ PT providers. The Bilingual Special Education teachers, ELL Coordinator and ENL Assistant Principal also attend a BSE Professional Learning Series. SY2025-26. This monthly/bimonthly professional learning series increases the teachers' and school administrators' understanding of the foundations of BSE programs and the steps required to prepare and implement effective programs. This year we are excited to have our teachers participate in advanced topics that focus on academic vocabulary, project based learning, and specially designed instruction. These topics will be covered at each virtual session (2:00-3:30pm) on the following dates:

October 27, 2025,
November 17, 2025,
December 8 , 2025,
January 12, 2026,
February 2, 2026,
February 23, 2026,
March 9, 2026,
March 23, 2026
April 13, 2026

Teachers at P.S. 110 also attend weekly meetings with the literacy coach to discuss reading and writing instruction aligned to the Next Generation Standards. Development is focused on MLs/ELLs as a subgroup, we are targeting for continued literacy development. Meetings will focus on scaffolding HMH (for Reading) and TCRWP (for Writing) units of study to meet the needs of MLs/ELLs. For example, incorporating thinking maps into reading and writing minilesson; using thinking maps to teach academic vocabulary, and incorporating sentence starters and linguistic frames to build genuine conversation. In addition, we are aiming for cohesiveness not only for our MLs/ELLs but also schoolwide by

utilizing the same tools, charts and strategies from grades kindergarten to fifth grade such as discussion prompts, math and reading and writing. These are all translated in the Home Language of the students whenever possible and available to all classroom teachers.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

To evaluate and inform student success in mathematics within the ML/ELL programs at P.S. 110 to guide instructional planning for our MLs/ELLs, MAP Growth is used. This screener predicts student outcomes and determines areas of need in mathematics. Additionally, informal teacher assessments, high ceiling and low floor along with other task samples, peer conversations, conferring with the teacher, end of Go Math chapter tests are used to track student progress and program viability. These assessments are used to guide instructional planning for our MLs/ELLs and use the data to address interventions in the following way:
1. We assess using MAP Growth to find out what students' skills are now and if students are on track to becoming successful in their mathematical skills.
• Determine present level of skill via benchmark assessment
• Identify high-priority instructional targets
• Starting point for setting goals
2. We use MAP Growth to find out if students are making progress toward important outcomes.
• Use MAP Growth Benchmarks to set individual learning goals.
3.We then plan to use progress monitoring and use the data to provide interventions accordingly.
-To implement progress monitoring, the student's current levels of performance are determined and goals are identified for learning that will take place over time.
-The student's academic performance is measured on a regular basis (weekly math tasks, end of chapter tests, last year's released Math State Test questions for mock testing, Show What You Know at the beginning of the chapter).
-Progress toward meeting the student's goals is assessed and based on these assessments, teaching and individual and small group intervention is adjusted as needed.
For literacy when evaluating and informing student success within the ML/ELL programs at P.S. 110 to guide instructional planning for our MLs/ELLs, MClass is used. This screener predicts student outcomes and determines areas of need in English and Spanish. Additionally, informal teacher assessments, writing samples, peer conversations, conferring with the teacher, end of unit for Writing (Teacher's College) and HMH end of module assessments, are used to track student progress and program viability. These assessments are used to guide instructional planning for our MLs/ELLs and use the data to address interventions in the following way:
1. We assess using MClass to find out what students' skills are now and if students are on track to becoming successful in their academic skills in English and in Spanish.
• Determine present level of skill via benchmark assessment
• Identify high-priority instructional targets
• Starting point for setting goals
2. We use MClass to find out if students are making progress toward important outcomes.
• Use MClass Reading Benchmarks and Pathways of Progress to set individual learning goals.
3.We then plan to use progress monitoring and use the data to provide interventions accordingly.
-To implement progress monitoring, the student's current levels of performance are determined and goals are identified for learning that will take place over time.
-The student's academic performance is measured on a regular basis (weekly or monthly).

-Progress toward meeting the student's goals is assessed and based on these assessments, teaching and intervention is adjusted as needed.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

We offer targeted intervention programs by content at P.S.110 for all of the ML/ELL subgroups, Newcomers, Developing ELLs, Former ELLs, Long-Term ELLs and MLs/ELLs with IEP's.
Some of these interventions and programs in place include the following:

•SPIRE Sounds Sensible is used, which is an intensive reading intervention program for nonreaders and struggling readers and it is available in both print and digital formats. This program is a structured literacy program designed to teach foundational reading skills to beginning or struggling readers. It focuses on phonological awareness, alphabet knowledge, letter-sound relationships, and handwriting through a sequence of hands-on, 5-step lessons. Key features of Sounds Sensible are that it uses a structured, systematic, and multi-sensory approach, each lesson consists of activities for listening, rhyming, and segmentation to build phonological awareness and the program directly teaches key foundational skills.The program specifically focuses on content by helping students master 20 consonants and the short "a" sound. For implementation it comes with blackline masters blackline masters, making it easy to use in individual, small group, or whole-class settings.

•Lexia Core 5 is used, which identifies skill gaps early on and minimizes the need for further intervention. Lexia Core5 Reading is a comprehensive, adaptive literacy program for students in preschool through 5th grade that builds foundational reading skills through personalized learning. It focuses on six key areas of reading—phonological awareness, phonics, fluency, vocabulary, comprehension, and structural analysis—and uses data from its adaptive platform to provide individualized online activities and real-time reports for teachers to use in their instruction. Some key features of the program are that it uses an adaptive placement to determine a student's starting point and adjusts the difficulty of activities based on their performance, providing support for all reading levels. The program creates a unique learning path for each student, ensuring they receive targeted instruction on the specific skills they need to develop. It also provides teachers with real-time data on student progress, allowing them to make informed decisions about how to best support their students. Students can monitor their own progress and work through different levels, earning certificates as they complete computer-based activities following teacher-led instruction and hands-on activities to create a well-rounded approach to literacy.

∗Edmentum is used in Math. It provides K-12 curriculum, assessments, and support services to schools and students. The curriculum uses a mastery-based approach, which means students focus on mastering concepts before moving on to the next topic. The platform offers tools for educators to monitor progress, provide grades, and support students. It also gives students tools to take ownership of their learning.

Administration, ENL teachers and the IEP/ SETSS teacher meet on a bimonthly basis to review IEPs of ML/ELL SWD students to ensure all students are receiving all services and interventions. Teachers of all subgroups, including MLs/ELLs with IEPs, have access to big books and guided reading books in Spanish to supplement instruction in the

first language as needed. When students are mandated bilingual special education services, alternate placement paras are assigned as needed and work with the children to meet their needs. Ongoing communication exists between the home and school through the Guidance Counselors, Parent Coordinator, teachers, ENL providers, ELL Coordinator, Administration and SBST personnel.
In addition pacing calendars and unit planning that will help teachers target instruction for MLs/ELLs in all subgroups including MLs/ELLs with IEPs through scaffolds, amplifying of the curriculum and differentiation are also ongoing throughout the entire year for all units of study and modules, across all content areas.

For MLs/ELLs identified as Newcomers, in addition to the interventions mentioned above, the following actions will be taken in order to meet their needs:
*Encourage with the assistance of the Parent Coordinator, that parents attend ML/ELL Parent Conferences within the school to learn about content and expectations across all subjects.
*Hold several Parent Orientation meetings to inform parents of different Programs within the school and what their options are.
*Hold a Parent Orientation before school starts to familiarize parents and students with the school building, schedule/routine, expectations across all content areas and services.
*Assess whether new students are SIFE (if in grades 3 -5)
*Saturday Academy and Extended Day programs (Wednesdays - Thursdays)
*Guidance intervention where necessary

For MLs/ELLs identified as Developing, in addition to the interventions mentioned above, the following actions will be taken in order to meet their needs:
*AIS in reading and mathematics within small group instructional setting
*Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)
*Saturday Academy for MLs/ELLs in the Content Area and Getting Ready for the NYSESLAT
*Integrated ENL within a small group instructional setting using research-based ENL methodology
*Leveled Libraries in English and home language across all content areas *Reading/Writing/ Mathematics Portfolios to track progress
*Peer Assisted tutoring
*Readers/Writers Workshop models for MLs/ELLs in Bilingual, Dual Language Classrooms and in Standalone ENL classrooms-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing
*Two Guidance counselors focusing on developing a personal profile of students. Colete Lopez (K-2) and Katherine Ortega (3-5) for intervention as necessary

For MLs/ELLs identified as Long term ELL's, in addition to the interventions mentioned above, the following actions will be taken in order to meet their needs:
*Long term goal setting and tracking in all areas with periodic revisions by teachers, ENL provider and administration
*AIS in reading and mathematics within small group instructional setting
*Extended Day Programs for MLs/ELLs (Wednesdays - Thursdays)
*Saturday Academy for MLs/ELLs in the Content Area and Getting Ready for the NYSESLAT
*integrated ENL within a small group instructional setting using research-based ENL methodology
*Leveled Libraries in English and home language across all content areas *Reading/Writing/ Mathematics Portfolios to track progress
*Peer Assisted tutoring
*Readers/Writers Workshop models for MLs/ELLs in Bilingual, Dual Language Classrooms and in Freestanding ENL classrooms-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing
*Guidance counselor focuses on developing a personal profile of students when intervention is necessary

For MLs/ELLs identified as Former ELL's, in addition to the interventions mentioned above, the following actions will be taken in order to meet their needs:
(Former ELLs up to two years after exiting ML/ELL status)
*Former ELLs that test Commanding, continue to receive explicit ML/ELL instruction when placed in a self-contained Stand Alone ENL classroom-HMH Arriba la lectura/Into Reading for Reading and Teacher's College for Writing

*Former ELLs receive, for the next two years, testing accommodations as per NYSED on City and State exams as well as in classroom assessments.
*Now, with the amendments made to the CR-Part 154, former ELLs will also be entitled to ENL services for the next two years after passing the NYSESLAT.
*These students will receive .5 units per week (2 periods/per week) of ENL in ELA. *They are also invited to the After school and Saturday Academy programs targeting Literacy and Math.

For MLs/ELLs identified as having Special Needs/Students with Disabilities, the following strategies, interventions and grade-level materials are utilized in addition to the interventions mentioned above:
• In 2025-2026, six self-contained Special Education classes with MLs/ELLs.
• Twelve ICT classes containing MLs/ELLs with IEPs
• SETSS intervention in reading and mathematics within a small group instructional setting as well as RTI Tiered Interventions
• Integrated ENL with small group instructional setting using research-based ENL methodology. Also, use of technology such as Promethean Board, iPads, videos and software (Joy School English).
• Extended Day Program (Wednesdays - Thursdays)
• Saturday Academy
• One-to-One tutoring
• Peer assisted tutoring
• Familiarization with students IEP to be aware of students learning disabilities and modifications
• Regular ongoing conferring with Speech and other related service personnel that student receives services from to better track student's progress and target needs are also addressed through differentiated instruction using TCRWP and GoMath.
• Ongoing communication between the home and school through Guidance Counselor, Parent Coordinator and SBST personnel.
*Pacing calendars and unit planning that will help teachers target instruction for ML/ELLs with IEPs through scaffolds, amplifying of the curriculum and differentiation.

• In addition, some teachers will continue to be a part of CRSE Professional Development Series in which the focus is on equity curriculum planning.
• All classes will be implementing the HMH program for Reading, which has tabletop minilessons specific to different levels for MLs/ELLs and Teachers's College Units for Writing.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

At P.S. 110, our current MTSS plan, district approved screeners, and research based interventions are specific to the needs of individual students. mCLASS for literacy in English and in Spanish for our Dual Language and Newcomers who have been in the country for less than 5 months, and Map Growth for Math are used to evaluate and inform student success within the ML/ELL programs at P.S. 110 and to guide instructional planning. We use this diagnostic and screener to predict student outcomes as well as to determine areas of need, to ensure that all students have

access to core instruction. Additionally, informal teacher assessments, writing samples, peer conversations, conferring with the teacher, end of unit writing assessments (Teacher's College), and HMH end of module reading assessments are used to track student progress and program viability. These assessments are used to guide instructional planning for our MLs/ELLs and use the data to address interventions in the following way:

1. For Literacy we assess using mCLASS to find out what students' skills are now and if students are on track to becoming successful in their academic skills.
• Determine present level of skill via benchmark assessment
• Identify high-priority instructional targets
• Starting point for setting goals
2. We use mCLASS to find out if students are making progress toward important outcomes.
• Use mCLASS Reading Benchmarks and Pathways of Progress to set individual learning goals.
3.We then plan to use progress monitoring and use the data to provide interventions accordingly.

For those MLs/ELLs that demonstrate a lack of phonemic awareness, fluency, or comprehension, Guided reading and strategy small group lessons are designed to target specific needs. For students that demonstrate a lack of the ability to successfully write, elaborate or edit and revise a grade level written piece, strategy small group lessons are designed to target specific needs. Students targeted for RTI receive services by teachers identified to provide tier two and three supports to struggling learners in reading and/ or writing. Our RTI model uses SPIRE Sounds Sensible to target early readers and guided reading for higher-level readers. Students' progress is monitored using ongoing assessments and on-demand writing samples. As these assessments are collected and analyzed, student's goals for intervention are revised accordingly.

For Tier 1- Core Instruction high-quality, explicit, and differentiated ELA instruction for all students in the general education classroom is delivered via whole-group lessons that build foundational skills, vocabulary, and reading comprehension. Early literacy screeners and teacher-administered formative assessments (like exit tickets or quick checks) are used at the beginning of the year and at regular intervals to identify students who may need additional support beyond the core. Students are grouped based on these data and their English language proficiency levels to receive in-the-moment differentiation and support. Interventions used include curriculum-aligned resources, and for foundational skills, programs like SPIRE Sounds Sensible are used to explicitly teach phonics, phonemic awareness, and decoding skills. For progress monitoring ongoing formative assessments, such as daily or weekly checks, are used to monitor how students are responding to instruction. Teachers adjust instruction accordingly based on performance, such as providing more examples, re-teaching a concept, or offering supplemental activities for those who need it.

For Tier 2 -Targeted Intervention consists of small-group interventions for students who have not met grade-level benchmarks in Tier 1, but who do not require intensive, individual support. This is delivered via small-group instruction (typically 3-5 students) for 20-30 minutes, 3-5 times per week, in addition to their Tier 1 instruction. Students are grouped based on data from initial screeners and formative assessments, which identify specific skill gaps. Interventions used include research-based, targeted interventions that are more intensive and explicit than Tier 1. Examples include using the SPIRE program for students struggling with phonics or word-level deficits, and/or using targeted phonics and decoding lessons to address specific gaps identified through diagnostics. Progress is monitored more frequently, often weekly or bi-weekly, through specific intervention-based assessments to ensure students are making progress. If a student is not responding to the intervention, the teacher or interventionist will adjust the intervention by increasing the intensity, altering the delivery method, or re-evaluating the specific skill deficit based on ongoing progress monitoring data.

For Tier 3 intensive and individualized support is provided for students who are not making adequate progress in Tier 2, and who have significant skill deficits. Instruction is delivered to one or a few students, daily or almost daily, for longer periods (e.g., 30-45 minutes). Students are moved to Tier 3 based on their lack of response to Tier 2 interventions and data from a comprehensive diagnostics assessment. Interventions used include highly intensive, individualized interventions that are directly tied to the specific skill deficit. The SPIRE program can also be used

1. For Math we assess using Map Growth to find out what students' skills are now and if students are on track to becoming successful in their academic skills.
• Determine present level of skill via benchmark assessment
• Identify high-priority instructional targets
• Starting point for setting goals
2. We use Map Growth to find out if students are making progress toward important outcomes.
• Use Map Growth Benchmarks to set individual mathematical learning goals.
3.We then plan to use progress monitoring and use the data to provide interventions accordingly.

At PS 110, as per the Multi-Tiered Systems of Supports (MTSS) framework, math support is delivered through three tiers of increasingly intensive, evidence-based instruction and intervention. Universal screeners are administered to all students 1-3 times per year (fall, winter, spring). These quick, standardized assessments identify students who are at risk for poor academic outcomes and establish performance benchmarks for tier placement. Teacher formative assessments are ongoing in the classroom (e.g., quick checks for understanding, observations, KWL charts, student artifacts) to gather real-time data on student learning, guide day-to-day instruction, and identify students who may need additional support beyond Tier 1. For grouping, data from screeners and formative assessments are reviewed by a Data Analysis Team which includes teachers, coaches, and administrators to determine the appropriate level of support and group students with similar needs and English language proficiency levels. This ensures students receive targeted, skill-specific support.

For Tier 1-Core Instruction includes high-quality, universal math instruction delivered to all students in the general education classroom. This includes best practices, differentiation, and a rigorous core curriculum. Some interventions used are integrated strategies within Tier 1 which include using manipulatives to make abstract concepts tangible, incorporating visual and verbal supports, and differentiating instruction within whole-class settings. Progress monitoring generally involves universal screening results and review of classroom data every 4-6 weeks to assess the effectiveness of core instruction for most students. If a large percentage of students struggle in Tier 1, the core instructional practices may need adjustment at the school or grade level.

For Tier 2 - Targeted Group Interventions are used for some students who do not respond adequately to Tier 1 instruction and therefore receive supplemental support in small groups (3-6 students) in addition to core instruction. This is often delivered during a dedicated "What I Need" (WIN) time. Research-based interventions are skill-specific and targeted to address identified gaps. In math, interventions focus on areas such as number sense, place value, or operations. Math interventions at this stage might involve specific programs such as Edmentum, focusing on foundational number sense using manipulatives, visual aids, and extra practice. Progress monitoring occurs more frequently than Tier 1, typically weekly or bi-weekly, using quick, reliable, skill-based assessments to monitor responsiveness to the intervention.The Data Analysis Team evaluates effectiveness every 6 weeks. Adjustment is based on progress, the intervention may be continued, modified (e.g., increased frequency or different strategy), or the student may exit the intervention if they meet benchmarks.

For Tier 3- Intensive, individualized interventions are for the small percentage of students who do not make sufficient progress in Tier 2. Tier 3 provides intensive, highly individualized support, often one-on-one or in very small groups with a specialist. Students in Tier 3 continue to receive Tiers 1 and 2 supports. Support is more intense, frequent, and longer in duration. The interventions are highly specific to the student's unique needs, often using a "wrap-around" approach that might involve specialists or external services. Progress monitoring is the most frequent at this tier, typically occurring weekly to ensure rapid response to intervention effectiveness. The team regularly reviews intense progress data. Adjustments are made based on the data. If a child is still not making adequate progress in Tier 3, despite high-fidelity, intensive interventions, the next step is often a referral for a special education evaluation to determine if a learning disability or other condition is present.

The use of Map Growth for Math and mCLASS data for literacy guides instruction at PS 110 for MLs/ELLs within MTSS/RTI/AIS. We then implement an RTI model that consists of small group instruction throughout the school day (AIS). All students (including MLs/ELLs) were screened based on end of year mCLASS and performance on the MOSL writing task.

Universal screeners establish a baseline of student performance and identify students who are not making academic progress at the expected rate. If an ML/ELL is flagged as at-risk in a particular skill, that student receives targeted instruction to improve that area. Classroom and ENL teachers take into consideration the student's ML/ELL status, language competencies in the home language and English, and student's schooling history. ML/ELL students receive support in English and their home language where necessary. In addition to all of these supports, we offer Title III Saturday Academy classes for ML/ELLs in Kindergarten through grade two and for first and second year Newcomers in grades three to five.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

At P.S. 110 we use a variety of formative assessments to inform and drive instruction. Literacy skills of students K-5 are assessed using mCLASS in English and Spanish, sight word identification, and letter name and sound identification. In addition, pre and post unit assessments are administered in both English and in Spanish to further inform and drive instruction from HMH-at the end of each reading module, TCRWP-at the end of each writing unit and GoMath-at the end of each chapter. For Reading, Writing and Math students will also take pre and post assessments at the beginning, middle and end of the year to support data driven instruction throughout the year.

As per AP Plus One meetings, our Math Coach and Assistant Principal have created a Math All-Star Vertical Planning Team from grades Kindergarten through fifth grade. The team meets on Mondays during PD time to learn about math language and instructional routines, low floor, high ceiling tasks and open middle tasks. These allow for students to use various strategies when problem solving and for rich conversations, which are so important in language development, especially for our large percentage of MLs/ELLs. The team has developed a teacher created shared drive in which they can add these math tasks and routines to across all grades to use within the Math Workshop, as they plan data driven differentiated instruction.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

At P.S. 110, in order to identify their home language skills when they are first identified as MLs/ELLs, Spanish speakers are tested using the Spanish LAB exam. For beginner MLs/ELLs, Spanish is used, as necessary, to assess understanding of content orally and written, where possible. Student's Spanish reading skills are evaluated using mCLASS in English and Spanish in the dual language program, assessing fluency, accuracy, comprehension, sight word knowledge and phonemic awareness. The kindergarten and first grade dual language classes also use Estrellita which evaluates student's early literacy skills in Spanish. The upper grades use Lunita to continue to evaluate literacy skills.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

At P.S.110, to evaluate the effectiveness of our ML/ELL programs and to inform instructional and curricular decisions, the most recent NYSESLAT, ELA and Math State tests are used. We also note trends on the EDAT around these summative assessments. In literacy we noticed that students showed improvement in the modalities of speaking and listening, but not enough progress in reading and writing. For this reason, we are incorporating schoolwide best practices such as Read alouds and shared reading with accountable talk and writing extensions. Specifically, we use the RADD/ADD strategy in grades Kindergarten through fifth grade, beginning in the lower grades with a heavier focus on listening and speaking using the strategy and then eventually everyone applying it to text-based writing. In Math a trend that we noted was that students performed better in computational problems versus word problems. As a schoolwide best practice, we are incorporating numberless word problems in grades Kindergarten through fifth grade. This is also a best practice that helps students think about the concepts and big ideas in math before even beginning to work on the computational aspects. Anchor charts for literacy (RADD), and Math (CUBES), are cohesive in grades Kindergarten through fifth grade, translated into Spanish, and made available to every classroom so that students can build upon them each year. These charts are available for everyone, even cluster teachers, this way the students internalize their use in all content areas.

We use formal assessments as well as informal assessments such as checklists and rubrics for each unit of study to accurately evaluate our MLs/ELLs progress. The state assessments that we analyze for trends to inform instructional design and curricular decisions are the NYSESLAT, ELA and MATH state tests. However, summative assessments are also used to evaluate the effectiveness of our ML/ELL programs and to inform curricular decisions. Through these interim assessments we evaluate students' progress by noting which students have met unit objectives and use the data to inform instruction.

In addition, we use NYSESLAT results to evaluate the success of our programs for MLs/ELLs, and mCLASS to monitor progress in English and Spanish. Math benchmark assessments are also used quarterly to determine progress and area of need. Benchmark assessments also reveal that Math is a content area that continues to require students to learn specific academic language. The quarterly assessments provide a measure of where MLs/ELLs struggle as well as where they excel.

We will also use the information provided to guide specific instruction and professional development for staff. We recently noticed an urgency for task based and numberless word problem group work in the preliminary results of this year's Math state test. For this reason, that will be an area of focus from grades Kindergarten through fifth grade so that students can build upon this knowledge.

Other trends were noted when analyzing the data. For instance, the NYSESLAT results showed that our students need support in the areas of Reading and Writing specifically in focus and elaboration. The Math state exam and ELA state exams both showed that in Writing students lacked volume. In addition, The ELA state exam showed that in Reading students lacked stamina which also resulted in needs for support in decoding, fluency, and comprehension. Therefore, to support these areas of need for our MLs/ELLs, ongoing collaboration between Administrators, ELL Coordinator, Math, Literacy, ENL, and Special Education Coaches, Classroom Teachers and all providers involved, is a frequent occurrence at PS 110.

Social Emotional Learning lessons have been and will continue to be a vital part of everyday schedules, not only for the counselors and providers, but for classroom teachers as well. Discourse around SEL topics as well as read aloud and team building activities have been and will continue to be infused throughout each school day. Incorporated into these lessons are writing extension opportunities to further enable students to have access to content. Joy School English is used for MLs/ELLs in grades kindergarten through second and Newcomers in grades three to five. This is a digital program that uses speech recognition technology to teach English and character-building values to young children while incorporating social and emotional learning.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

We have established an “all hands on deck” process which includes a well thought out plan at PS 110 to ensure that all MLs/ELLs continue to receive mandated services during the testing period as often as possible. That is, all classroom teachers and out of classroom certified teachers, including coaches, attend the turnkey training so that all classes could be tested in a timely manner and mandated services can resume. This NYSESLAT administration plan includes the ELL Coordinator and ENL certified teachers, and other certified teachers, which will administer and score the assessment after attending the training necessary and debriefing to norm protocols that need to be in place. We make sure to follow the guidelines in the NYSESLAT administration manual and to carefully plan to meet the deadlines for administering and scoring each section.
In addition, Administration, ELL Coordinator, IEP Coordinator and the ENL team with the help of teachers and coaches plan to make sure that accommodations are included for students with IEP's as per the NYSESLAT administration manual. Administration and the ELL Coordinator then schedule classes in groups to be tested by ENL providers. The schedule and plan with very detailed guidelines and instructions are shared with the staff, so that everyone involved is aware that the NYSESLAT will be administered in our school building. Once the NYSESLAT is administered, the ENL team attends a scoring training and practice with sessions to be scored following the NYSESLAT administration manual making sure that rules are followed. For example, not scoring your own students Writing and splitting the scoring of each Writing section amongst three trained pedagogues.

The following are details describing further the structures in place for NYSESLAT administration at PS 110:

*Rooms must be covered of all charts (including alphabet charts). Desks should be separated, opening should be faced away from the students and all other distractible items should be put away. Students are reminded to either bring in their eyeglasses the day of the test or to leave them in school if they do not need them at home.

*Staff is reminded to please not enter these classrooms and keep noise in the hallways to a minimum.

*Staff is made aware that the NYSESLAT is designed specifically for MLs/ELLs. No English Language Learner is exempt from the NYSESLAT, including NYSAA students.

*It is also shared that in general, students with disabilities must be provided with the testing accommodations specified in their IEPs or 504 Plans when taking these tests.
• For the Writing subtest, students may not receive assistance with or have their responses corrected for spelling, grammar, paragraphing, or punctuation.

The Listening Subtest is presented to K–2 students via a script included in the Directions for Administration (DFA), and for Class 3–12 students, the Listening Subtest is presented utilizing audio streaming files.

*Staff is made aware that all NYSESLAT materials are secure. Proctors and administrators must carefully safeguard the test materials before, during, and after test administration. The materials must be kept secure, and no one may make copies of them. Likewise, no one may make notes on or about any of the test questions.

*Staff is instructed to please make sure to return all testing materials including the Directions for Administration after

each administration to ENL Administrator, Ms. Gilchrist and/or ELL Coordinator, Ms. Hilda Martinez in room 421.

At the conclusion of the test staff is instructed to please do the following:
•Place the attendance in the front inside of the envelopes
•Grades K-2: Please return booklets in alphabetical order
•Grades 3-5: Please separate grids and booklets and return in alphabetical order

*Proctors are also instructed to check their devices for audio streaming in the testing room prior to administering the test, to make sure it works and can be heard clearly throughout the room. Proctors may use a Smartboard/Promethean Board or a computer to play the audio files. In addition, Directions for Administration must be read prior to administration of each section of the test each day.

*Staff is also reminded that students cannot have any communications device, including a cell phone, with them during this exam or during any breaks.

*In addition to all of the personnel assisting to administer the NYSESLAT at a faster pace, administration hired ENL certified substitute teachers to ensure that students continue to receive their mandated minutes during testing.

*To ensure that each session of the NYSESLAT is administered effectively by all, teachers receive a checklist to guide them and are asked to initial it once everything is fulfilled.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

We understand that testing accommodations remove barriers to the test-taking process so that students with disabilities and Multilingual/English language learners (MLLs/ELLs) are able to demonstrate their knowledge and skills at P.S.110. Testing accommodations do not change the content or skills that a test measures.

MLLs/ELLs and Former ELLs may receive the following testing accommodations on New York State and New York City assessments as per their IEP:
• Flexible setting (1:1 or small group; separate location)
• Bilingual glossary: direct word translations, not definitions.
• Test form: use of English and alternate language test forms at the same time- for Math and Science state tests.
• Changes to the format of the test: a test can be provided in large print or Braille; a test may also be read aloud via a human reader, audio or digital format
• Changes to the way students record their answers: Answers may be typed rather than handwritten, or answers can be recorded in the
test booklet, in which case the proctor transfers the answers from the test booklet to the answer sheet
• Flexible timing or scheduling: extended time, breaks
• Flexible location or setting: a separate location with a smaller group of students

Staff is made aware that the NYSESLAT is designed specifically for MLs/ELLs. Therefore, testing accommodations ordinarily permitted for English language learners taking other State Tests are not permitted for the NYSESLAT. No English Language Learner is exempt from the NYSESLAT, including NYSAA students.

It is also shared that in general, students with disabilities must be provided with the testing accommodations specified in their IEPs or 504 Plans when taking these tests, with two exceptions:
• The Reading subtest may not be read to any student.
• For the Writing subtest, students may not receive assistance with or have their responses corrected for spelling, grammar, paragraphing, or punctuation.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At P.S. 110, we host an ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models at the beginning of every school year. These programs include Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language, regardless of whether the school currently has either type of bilingual program. At this orientation, we also take the opportunity to provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners. We share parent guides for the NYSITELL and NYSESLAT assessments and a booklet that will help them better understand how the Next Generation Learning Standards affect English Language Learners.
We inform the parents that the purpose of the NYSITELL is to assess the English language level of new students whose home or primary language is other than English. We also inform them that their child's score on the NYSITELL (Entering, Emerging, Transitioning, Expanding, or Commanding) determines if he or she is entitled to receive English Language Learner (ELL) services and will determine the level of English language support. We share with parents that the results also help teachers plan the best strategies for their child based on his or her strengths and needs in listening, speaking, reading, and writing in English.

We share the ELL Parent Orientation video, which runs approximately twelve minutes, describes the English Language Learner identification and assessment process and outlines in detail various available program options. It also describes the differences between English as a New Language and the various Bilingual Education program models. We explain that they can view it at our school and that it is available online for them to view again and share with

others if they wish to. We also inform parents that the video is currently available in Arabic, Bengali, English, French, Haitian, Traditional Chinese, Simplified Chinese, Russian, Spanish, and Urdu with more translations to come! Since the majority of our families are Spanish speaking, we view it in Spanish. Whenever we have someone who would prefer one of the other available languages, someone from our ENL team has a laptop readily available to accommodate them.

We also inform parents that the NYSESLAT is given to all students each year in the Spring who are identified as English Language Learners (ELLs) and Multilingual Learners (MLs) by the New York State Identification Test for English Language Learners (NYSITELL). We also share the purpose of the NYSESLAT, which is to annually assess the English language proficiency level of MLs/ELLs enrolled in Grades K–12 in New York State schools. The test gives the state, schools, parents, and teachers important information about the English language development of MLs/ELLs.

To follow up with families that do not attend we send multiple reminder notices, do robocalls via school status which include translated emails, calls and texts and we offer alternate dates including Saturdays for parents who can't make it during the school day hours. The school ensures that parents that can not attend receive the same information and materials by posting the information and video on Google classroom.

We also share with parents that in 2017, the New York State Board of Regents adopted the Next Generation Learning Standards to make sure that all children succeed once they graduate from high school. This guide is designed to help parents understand how the standards will affect their child, what changes they will see, and what they can do at home to help their child succeed in the classroom. We share the importance of the Next Generation Learning Standards in helping all children – no matter who they are – learn the same skills. These standards create clear expectations for what children should know and be able to do in key areas: reading, writing, speaking and listening, language and mathematics. If parents know what these expectations are, then they can work with the teacher and help their child prepare. We further explain that The Next Generation Learning Standards are the educational goals for all of New York State's students from prekindergarten through grade 12 in English Language Arts and Mathematics. The standards were revised to ensure they are appropriate for students' grade levels and reflect what students should know and be able to do in math and ELA. Full implementation of the NYS Next Generation Learning Standards began during the 2022-2023 school year for prekindergarten through grade 8. Finally, we share with parents that while teachers assess standards daily in their classrooms, students will also be assessed on the Next Generation Learning Standards in the Spring on the Grades 3-8 New York State ELA and Mathematics Assessments. Parents can learn more about the NYSESLAT and the Next Generation ELA and Mathematics Learning Standards by talking to their child's teacher, and by attending Parent Workshops that we offer throughout the year.
Spanish and Chinese interpreters are available upon request using the request system in place as stated in our Language Interpretation and Translation Policy document. Invitations with responses including morning and afternoon options and attendance sign in sheets are filed and kept by the ELL Coordinator, Mrs. Hilda Martinez.

In the ELL Coordinator's office there are color coded pocket folders per program type and class for kindergarten/newcomer newly registered students holding the HLIS on one side and the signed PO's on the other. This is a best practice because when students transfer it makes the forms accessible when the new school requests them so that they can receive them in a timely manner.

The ENL team then makes copies of the invitations and saves the sign in sheets for all MLs/ELLs parent meetings and the ELL Coordinator files them each year in her office as evidence that these meetings are occurring. In addition, at the end of the year, these copies and sign in sheets are stored in a designated closet in a box labeled by year with other pertinent ENL information for the year, again making them readily available should we need them.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this

meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

At P.S.110, individual annual mandated meetings are planned for all parents of MLs/ELLs. Families will be invited to meetings with their child's ENL, bilingual or dual language teacher to discuss goals of their program. Teachers will explain the student's NYSESLAT results from the previous year, show parents the language goals the student is expected to achieve in the current school year, and provide information about ways parents can support their MLs/ELLs at home.

During the required mandatory annual individual meeting with families of English Language Learners (ELLs), teachers discuss the student's educational plan and progress, covering several key areas. This meeting serves as a crucial point of communication, ensuring families are informed and involved in their child's education. The school explains the specific program offered to the student. This includes the program's primary goal of enabling the ELL student to become proficient in English in all of the modalities- listening, speaking, reading, and writing and to meet the same challenging academic standards established for all students. The discussion covers how the program is designed to develop literacy and core academic skills, and how integrated English Language Development instruction will be provided. The student's progress in developing English proficiency over the past year is reviewed. This involves discussing growth in all four language proficiency areas of speaking, listening, reading, and writing. Teachers and staff explain how the student is making progress towards their English language proficiency goals. Specific results from the most recent assessment such as NYSITELL or NYSESLAT are shared and interpreted for the family. The meeting clarifies the student's current proficiency level in each language modality and explains what these scores mean in terms of their academic and social language use. This data helps families understand where their child stands on the path to becoming English proficient. The discussion extends beyond the student's language needs within general education content areas such as math, science, and social studies. Teachers and staff describe specific instructional supports and strategies used in the classroom to make grade-level content accessible while the student is still acquiring English. The meeting outlines any specific individualized instruction or support services the student may need to access content successfully.
The school also ensures that these meetings are conducted in the family's home language whenever possible, using translation or interpretation services, to guarantee full understanding and meaningful participation. Families are given the opportunity to ask questions, provide input, and make informed decisions about their child's education.

The school ensures that parents that can not attend receive an additional invitation which includes a virtual option via Zoom where they will receive the same information and have the same opportunity to ask questions.

Translated materials will be made available to parents. Meetings are conducted in English and Spanish. Staff that will conduct these meetings include the ELL Coordinator, Mrs. Hilda Martinez and the following ENL providers:
Ms. Butler
Mrs. Hejzyk
Mrs. Marta Martinez
Mr. Sanchez
Mrs. Wohlrab

The tentative dates for holding our annual mandated parent ENL meetings for MLs/ELLs on Tuesdays and Wednesdays in grades K -5 are the following:
January 6,7,13,14,20,21 and 27, 2026.

Spanish and Chinese interpreters are available upon request using the request system in place as stated in our Language Interpretation and Translation Policy document. Language development progress, and language proficiency assessment results, are shared during parent engagement time in addition to at home strategies to support MLs/ELLs.

Invitations with responses including morning and afternoon options and attendance sign in sheets are filed and kept by the ELL Coordinator, Mrs. Hilda Martinez.

The ENL team makes copies of the invitations and saves the sign in sheets and the ELL Coordinator files them each year in her office as evidence that these meetings are occurring. In addition, at the end of the year, these copies and sign in sheets are stored in a designated closet in a box labeled by year with other pertinent ENL information for the year.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

We understand the importance of strong and effective communication and engagement with our student's families at P.S. 110. Strong communication is essential for the families, because it increases the quality of families' home involvement with their children's learning and provides families with different ideas on how to help and support their children. It also benefits students because it raises student academic achievement, increases student motivation for learning, improves student behavior, student attendance and student attitudes about homework and school in general. It also empowers students to be part of their learning. Effective communication with families also benefits our teachers. It allows teachers to focus more on the task of teaching children, helps teachers learn more about students' needs and home environment which is information they can apply toward better meeting those needs.

For these reasons we ensure that we guide teachers on how to partner with families to make home an extension of school. We use a variety of ways to communicate with families: e.g., phone, email, monthly newsletters, web platforms such as School Status, automated calls, backpack notes, and they are all translated. School Status is most effective since it gives you multiple options to send information at once such as message, text and email all translated as per the parents selected language. We also offer help for families to learn to use online communication technology and tools, such as student grade portals, so they can stay on top of their children's schoolwork.

Technology workshops are also provided for families who are unfamiliar with technology to support their children at home. Should a parent need technological or any assistance, our Parent Coordinator, SPOC team and school aides are always available and able to translate if needed.

During workshops, parent teacher conferences or anytime parents come in for assistance, families have the opportunity to ask questions and seek any type of support. Translation is readily available upon request in their preferred language to provide a meaningful opportunity to participate in and have access to programs and services critical to their child's education. Families can initiate critical communication with accuracy in their home language by writing emails, calling the school, handwriting a note, via school status always having means of translation available upon request. To ensure accuracy in communication school status automatically translates texts and emails using the home language on file. These include in person translators whenever possible. If a family requires a language that no one in our staff speaks we offer language interpretation services using the phone translation or translating device.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Any programs offered are directly linked to feedback we have received from parents at P.S. 110. Workshop topics are also decided by the parent survey, and in the past have included technology, child abuse, bullying, TCRWP workshops, HMH workshops, Next Generation Learning Standards for parents, and others.
Our school staff works carefully to foster relationships with parents so that they are comfortable expressing their needs to staff. Parents are invited to participate in open school week where they can visit their student's classroom, they are invited on field trips with their child's class, and they are invited to events held throughout the school year

such as the Hispanic Heritage month, mothers and fathers day activities, parent panels, Student of the Month and Quill Awards, and ENL, literacy and math parent workshops.
For the upcoming school year plans include implementation of interactive parent visits; whether virtual or in person and by grade. Each grade will choose a date each month where parents are invited to participate in a classroom activity aligned to what students are currently learning.
Dual language teachers will also hold meetings to discuss upcoming units of study, and ways to support their learners at home in two languages. All families, including parents of MLs/ELLs, are invited to Winter and Spring concerts, and to participate as volunteers in the school.
In the past years, we have worked with Maspeth Town Hall to offer adult ENL classes to parents of MLs/ELLs. We will continue to research other CBOs to collaborate with throughout the upcoming school year.

The school tracks participation of families by using sign in sheets and the School Status platform that is used automatically keeps a record of any communication with the families. Feedback collected via parent surveys by the parent coordinator guides our plans for future activities and parent workshops.

In addition, in the past, the Parent Coordinator, the ELL Coordinator, and the literacy and math coaches have facilitated monthly parent workshops with translators. During Parent Engagement, teachers collaborate to regularly provide workshops for parents on attendance, literacy, math and social-emotional topics. The following is a tentative schedule for these monthly workshops to continue:

September 16, 2025 (Social emotional check in strategies, the importance of attendance and technology support *this will be ongoing on a daily basis*)
October 17, 2025 (Social emotional strategies and school wide expectations in literacy)
November 19, 2025 (Social emotional strategies and strategies to meet school wide expectations in literacy and prepare for the ELA State Exam)
December 15, 2025 (Social emotional check in and strategies to meet school wide expectations in mathematics and prepare for the Math State Exam)
January 20, 2026 (Social emotional check in and strategies to support ENL students and prepare for the NYSESLAT State Exam)
February 13, 2026 (Social emotional check in and homework support strategies)
March 17, 2026 (Social emotional check in and strategies to help decrease stress regarding the upcoming ELA State Test)
April 14, 2026 (Social emotional check in and strategies to help decrease stress regarding the upcoming Math State Test)
May 6, 2026 (Social emotional follow up and strategies to support ENL students and parents in understanding the components of the NYSESLAT State Exam)
June 10, 2026 (Social emotional follow up and strategies for avoiding the summer slide in Reading)

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

We ensure that families of MLs/ELLs are aware of family leadership opportunities at P.S. 110 (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC). We encourage ML/ELL family participation in leadership opportunities through targeted outreach like hosting culturally relevant events, providing information in multiple languages, and offering flexible meeting times and formats. We also build trust by first creating welcoming, one-on-one connections and identifying common goals to foster stronger family-school partnerships through our PTA and meet the teacher nights. We plan culturally relevant events that celebrate students' diverse backgrounds to foster a sense of belonging. We provide all communications, including information about leadership opportunities, in languages spoken by families. Use emails and text through the School Status platform, phone calls, and in-person conversations to reach families through their preferred methods. We build relationships by participating

in community events and engaging with local businesses to better understand the community and share the school's vision. We also build relationships and trust by sharing stories about their child and actively listening to their experiences and concerns with empathy. Having conversations with families to learn about their goals, skills, and challenges also helps the school identify common ground and create partnerships that are responsive to their needs. We also created a dedicated family corner in the school with resources and information to make the school feel more welcoming and accessible. To encourage participation in leadership we organize activities that are more accessible for busy families, such as virtual options or providing technology training to parents of our MLs/ELLs.

PS 110 supports families in understanding leadership roles through clear, consistent, two-way communication, such as workshops, parent meetings, surveys, and online platforms such as School Status, ensuring families know who leaders are and how to engage. Participation is monitored via the School Status platform as well as feedback mechanisms like surveys, engagement tracking in leadership teams or volunteer activities with the PTA, and analysis of collaborative processes, all aimed at fostering transparency and ensuring families are recognized as valued partners in school governance and student success.

After providing outreach and promoting MLs/ELLs parent empowerment and involvement we will support parents and family members of our students by:
• providing materials and workshops to help parents work with their children to improve their achievement level in literacy, math and use of technology.
• providing parents the opportunity to attend PTA, SLT and CEC meetings with the information and training needed to effectively become involved in planning and decision making in support of the education of their children.
• fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress
• aiding with parents in understanding City, State and Federal standards and assessments
• sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand
• providing professional learning opportunities for school staff with the assistance of parents via the PTA, SLT, and CEC to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We have many culturally and linguistically responsive partnerships in place at P.S.110 to support the needs of our school community. Our P.S. 110 PTA also supports our families in many ways including breakfasts for special occasions and celebrations, orientations and parent workshops. They also always keep our school beautiful by decorating for special occasions and throughout the different seasons and cultural holidays.

Teachers at our school will continue to be a part of a CRSE Professional Development Series in which the focus is on equity curriculum planning. Teachers that are a part of this learning community co-plan and are a part of class intervisitations that are followed by a debrief. A focus has been on culturally responsive read alouds with discourse and writing extensions which enable teachers and students to develop a sense of safety and community.

In addition to partnerships with our Principal, Elisa Gomez, and Assistant Principal, Brandi Passantino, The SJOT (Social Justice Outreach Team), led by our Assistant Principal, Mrs. Gilchrist, holds the following events-

SJOT together with the Social Worker were able to order coats, bookbags and hygiene products for our Newcomers.

SJOT also puts together a Food Pantry for members of our community in need with donations from Ideal Supermarket.

We have had three successful Annual Family Health Fairs and plan to continue to hold them each Spring. SJOT and many organizations come together for this event with various healthy activities for our community to enjoy. This year we had a barbecue, fun stations that included face painting, temporary tattoos, carnival games, bouncy houses and a raffle with donated toys. We also had services to our community from lawyers, food stamps, insurance, food and nutrition-Fans for kids, and fire safety.

Francisco Moya who is the District Councilman, donates his time and effort to support our school community in many ways. Some of his contributions include Thanksgiving baskets, gifts for Three Kings Day and Graduation awards for our school community.

American Dance and Drama company-Focuses on SEL for our students and helps to prepare them for Kindergarten and fifth grade graduation presentations.

Alley Pond- Tied with non fiction units in first, second and fourth grade.

Thalia Theatre-taught our students the history of Mexican and Spanish history.

Tutoring-Focused on second grade to bridge the gap before sending them to third grade.

Chess- For the past few years our third graders have been receiving instruction in Chess and this year two of our students were able to compete in the citywide tournament.

After school clubs-Included cheerleading, arts and crafts, coding, crochet, yoga, tennis soccer, arts and gardening, salsa, Zumba, coding, and cricket clubs, after the test prep after school program ended.

Our Parent Coordinator teamed up with the Hall of Science to have two session Science clubs for grades one through five.

Ajna Dance Company-Parents are invited to see our students perform folklore dances and modern music from India they've learned through our partnership with the Ajna Dance Company. Students were also taught the history of folklore and modern music in India. The presentation takes place in our school's gymatorium and they even have had the chance to perform on a Saturday at the District 24 Fair in the past.

Our Literacy Coach together with the two Physical Education teachers also get together with the New York Mets to do the programs You Gotta Read and Mets On The Move. Teachers together with parents encourage students to read more and to be more active to earn enough points to get Mets themed prizes.

Our school evaluates these partnerships by collecting surveys with feedback and observations related to student identity and achievement. We then use this feedback to ensure ongoing professional learning for staff to adapt to community needs while also celebrating success.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

With the influx of Newcomers, new admits, transfer students and discharges due to temporary housing issues, we understand the extreme urgency for support for our MLs/ELLs at P.S. 110. This is especially true with the language loss that they are still experiencing post-pandemic. As a learning community, we are always also working towards identifying and addressing the needs of MLs/ELLs with IEPs to provide them with rigorous and tailored instruction. To this end, all teachers will participate in ongoing professional development (in-house, district-wide, and city-wide). We are very proud of our MLs/ELLs teacher teams who are constantly sharing best practices and planning together to meet the needs of all our students across all grades, not just their own! We continue to search for highly qualified teachers who can provide research-based second language acquisition strategies to MLs/ELLs as well as provide workshops for parents and professional development for teachers, as a growing school community.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Members of our ML/ELL team at PS 110, who are part of the ELL identification process in place year-round include our Principal, Assistant Principals, ELL Coordinator, TESOL certified teachers and trained licensed pedagogues that are certified teachers. The LPT includes our Assistant Principals, ELL Coordinator, and related services provider. Our team works seamlessly to ensure that upon the start of the registration process at our school, our students and their families are welcomed with warmth, understanding and assistance of any kind to set them up for success as MLs/ELLs and immigrants, which is the makeup of most of our school.

At our school once the parents complete the Home Language Survey; the school staff administers the NYSITELL test and Spanish Lab when applicable. The ENL team interprets and scores tests and conducts any additional interviews as necessary. This includes HLIS for any new admits, Parent Option meetings after the NYSITELL and ensure that all proper documentation is filed in students' cumulative folders accordingly. Our school administrator and ELL Coordinator oversee the process. ENL providers are involved in ongoing observation and subsequent support for identified ELLs.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

We have structures in place which are proactively planned for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs at P.S. 110. These include registration with our Pupil Secretary who then contacts the ELL Coordinator and five members of the ENL team, to immediately begin the ELL identification process starting with the HLIS. The ELL Coordinator or one of the five ENL providers complete the HLIS and student questionnaire. The five ENL providers rotate to administer the NYSITELL and Spanish Lab. There are also designated ENL providers assigned to complete entitlement and non entitlement letters and others to copy and deliver ELL compliance documentation for the students cumulative folders. Once it is found that the student is entitled to ENL services, the family is informed of the program options, they come

in for an orientation, receive a letter of Entitlement for services and the child is programmed for the mandated minutes of ENL services as per their English proficiency level. Should the child not require ENL services, the family is also informed via a Non entitlement letter and the identification process ends.

All students must go through an identification process to determine if they can be formally classified as an English Language Learner (ELL) and therefore, are entitled to receive ELL supports and services. The ELL Identification Process includes eight mandated steps for all students enrolling in grades kindergarten to 12. These steps include the administration of the Home Language Identification Survey (HLIS) by qualified personnel (licensed and trained pedagogue) , a mandated documented individual interview with the student and parent to determine the student's home language, including a review of the student's abilities and/or work samples , determination of eligibility to take the New York State Identification Test for English Language Learners (NYSITELL) , for incoming students with an IEP, this includes convening respective Language Proficiency Teams (LPTs) and completion of the LPT Parent Questionnaire and NYSITELL determination form ,the administration of the NYSITELL to eligible students, and , the administration of the Spanish Language Assessment Battery (Spanish LAB) to newly identified ELLs whose home language is Spanish, parent notification and mandated parent orientation in their preferred language and placement into an ELL program.

We proactively plan for the ELL identification process by completing initial screening before enrollment in early May , using qualified staff to conduct interviews, and ensuring that the identification process for new students doesn't disrupt instruction for existing students by having a streamlined, multi-step process with clear timelines. For new and former ELLs, ongoing support like differentiated instruction, strategic group pairings, and targeted interventions can bridge any gaps until official identification or reclassification is finalized

As previously mentioned we have structures in place to avoid any disruption with students receiving their mandated services for additional incoming registrants once the school year begins. Ongoing communication exists year-round via email and a live document to keep track of the intake of students and every team member is aware of their role. To ensure that intake does not interrupt mandated instruction our Principal hires ENL certified substitutes to assist with the registration process and to provide students with their mandated services as necessary.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Elisa Gomez

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.
We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they

attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Miriam	Sosa	Parent Coordinator - Annual	02/05/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Surveys conducted by your school,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
BENGALI (BANGLA IN BANGLADESH)	1	0.11%	1	0.11%	0	0
CHINESE ANY	14	1.6%	13	1.49%	0	0
MANDARIN	0	0.00%	1	0.11%	0	0
NEPALI	3	0.34%	3	0.34%	0	0
ENGLISH	98	11.2%	96	10.97%	15	30
SPANISH	757	86.51%	759	86.74%	15	30
URDU	2	0.21%	2	0.21%	0	0

Arabic	1	0.11%	1	0.11%	0	0
Hindi	1	0.11%	1	0.11%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Parent Teacher Conferences announcements	We use the DOE Info Hub templates for covered languages; we use schools-based personnel and/or translation vendor for non-covered languages
Newsletters	We use schools-based personnel and/or translation vendor for non-covered languages. Newsletters will be backpacked/emailed/posted on website to all parents in their preferred language.
Letters from the Principal	We use schools-based personnel and/or translation vendor for non-covered languages.
Event letters	We use schools-based personnel and/or translation vendor for non-covered languages.
IEP's	We use schools-based personnel and/or translation vendor for non-covered languages.
Letters specific for a child	We use schools-based personnel and/or translation vendor for non-covered languages
Parent workshop offering	We use the DOE vendor for non-covered language. Parent workshop offerings are sent home with child/emailed/posted on website, Operoo platform, in their preferred language. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff member
End of the year/Welcome back letter	We use schools-based personnel and/or translation vendor for non-covered languages.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Association	We use the DOE vendor for non-covered languages. PTA meeting are backpack with the student & emailed & posted on website, Operoo platform in their language. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff members.
School Leadership Team	We use the DOE vendor for non-covered languages. PTA meeting are backpack with the student & emailed & posted on website, Operoo platform in their language. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff members.
Title I (PAC)	We use the DOE vendor for non-covered languages. PTA meeting are backpack with the student & emailed & posted on website, Operoo platform in their language. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff members.
Parent workshop offering	We use the DOE vendor for non-covered language. Parent workshop offerings are sent home with child/emailed/posted on website, Operoo platform in their preferred language. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff member.
School Celebrations	We use the DOE vendor for non-covered languages. School celebrations are sent home with child/emailed/posted on website, school messenger and Operoo. We use school based personnel whenever possible. Online translating program such as Google translate will be used whenever necessary. After using google translate it is proof read by a staff member.
Parent Engagement Meeting	We use the over the phone interpretation service and staff members are available.
Kindergarten Dual Language Orientation	We use the on-site/remote DOE interpretation vendor for all parent preferred languages at our school as well as school personnel whenever necessary. We use parent volunteers when necessary.
Registration	We use the over the phone interpretation services: bilingual school personnel. Registration is done on site in the mornings.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

All staff members are provided with the Language Translation and Interpretation over-the phone information. regarding translation and interpretation services, translated into their home languages. An electronic version of the Guide is provided to all staff via email and hardcopy (we laminate it). E-mail Staff- Chancellor's Regulation A-663 Hard copies and e-versions -Over the phone interpretation Desk Aid Staff Training- Language Access Handbook

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents.

Ensuring Training Completion and Familiarity with Best Practices:

* Mandatory Training: The NYC Department of Education (DOE) emphasizes that training of field staff is critical for successful language access initiatives. Training includes requirements of Chancellor's Regulation A-663 and resources available to comply with these requirements.
*Utilize WeLearnNYC: Since WeLearnNYC is the online learning portal for NYC DOE adults offering self-paced courses, the school can designate the platform as the mandatory method for completing the asynchronous Language Access Training.
*Track Progress: The school can leverage the WeLearnNYC platform to monitor completion rates for the training. This allows them to identify staff who haven't completed the training and follow up.
*Reinforce Best Practices: Integrate the "Best Practices for When to Provide Translation of Critical Written Communications to Parents" and "Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents" into school-wide professional development sessions. Discuss case studies or scenarios to ensure staff understands when and how to implement these practices effectively.
*Reference Materials: Ensure staff have easy access to the official NYCPS Language Access Policy, including information about the critical documents that need translation and interpretation services.

Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

* Galaxy-Designated LAC Role: The Galaxy-designated Language Access Coordinator (LAC) is a key figure in ensuring compliance with language access requirements.
* Leverage InfoHub: The NYCPS InfoHub is a vital resource for staff, and the LAC can utilize it to disseminate language access resources and updates. This could include:
Posting translated documents and forms.

Providing links to helpful resources from the Office of Language Access (OLA).
Sharing updates on language access policies and guidelines.

* Internal Communication: The LAC can utilize school-wide communication channels (email, staff meetings, newsletters) to announce new resources and updates.
* Annual Review Trainings: The LAC can provide annual review trainings on language services and the use of interpretation equipment.
* Maintain Contact: The LAC can also facilitate communication channels with the Office of Language Access (OLA) for ongoing support and clarification.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Ps110Q The Tiffany School has a wide range of ways to communicate parents in their language

School Website: Information about language access services are available on the school website.

Posters and Signage: Multilingual posters providing instructions on how to obtain interpretation services are posted throughout the school.

Direct Communication: We identify parents who need language assistance, even if their child is proficient in English.

Parent Coordinator/School Staff: Parents can request language assistance services at any time by contacting the school's parent coordinator or office staff.

Post flyer next to all landline phones a interpretation for staff to use.

Translated Documents: Schools will provide translated versions of vital documents such as:
Enrollment forms
Information about language assistance programs
Special education and related services
Report cards
Parent handbooks
Health and safety information
Notices of nondiscrimination

We use the teachhub DOE messaging and school status operoo.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

"I Speak" cards are used to communicate the need for language assistance.

Personalized follow-up: Parent coordinators or bilingual staff will conduct one-on-one phone calls or in-person check-ins with parents to discuss their experiences with language services, especially after significant interactions like parent-teacher conferences or IEP meetings.

"Listening Nights" and focus groups: The school will host dedicated events, such as "Listening Nights" or small focus groups, where parents can share their concerns and ideas in a comfortable setting with the support of a competent interpreter.

Translated feedback forms and suggestion boxes: Hard copies of short, simple feedback forms will be available in the main office, parent room, and at school events, with secure, anonymous drop-off boxes. These forms will be translated into all major school languages.

Dedicated email and phone line: A specific, widely-advertised email address and phone extension will be established for parents to provide feedback or report difficulties in obtaining language assistance services.

Integration into existing communication: A standing invitation for feedback will be included in all school communications sent to parents in their home language (e.g., in email footers, newsletters, and on the school website).

SJOT Program: The school will train and leverage parent leaders as "ambassadors" to reach out to families in their shared language and cultural background, collecting qualitative feedback and encouraging participation from those who may be harder to reach through formal channels.

Feedback at events: Interpretation services will be provided at all school events (e.g., PTA meetings, workshops), allowing parents to ask questions and provide real-time feedback

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Expand multilingual learning materials: Dedicate resources to translating more student workbooks and supplementary learning materials beyond vital documents, based on parent feedback.

Enhance teacher training: Implement a new, intensive teacher training program focusing on co-teaching strategies and scaffolding techniques specifically designed for classrooms with diverse language needs.

Streamline central office communication: Improve the responsiveness and clarity of the central administration's communication regarding critical issues, ensuring all communication is translated in a timely manner.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Total number of ELLs to be served in this program:

110

Grades to be served in this program. Select all that apply.

,1,2,3,4,5,K

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

10

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**
- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**

- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The following is a description of the Title III program at P.S. 110Q for the 2025-26 school year that will take place on Saturdays from 9:30 to 12:30. P.S.110Q will target 110 MLs/ELLs in grades Kindergarten through fifth grade with a NYSESLAT level of entering, emerging, transitioning, and expanding including newcomer subgroups, according to the most recent NYSESLAT and 2025 NYSITELL scores. The program will be supervised by our Principal, Ms. Gomez and will be at cost to Title III ELL funds each Saturday from 9:00-1:00. The program will focus on oral language, and digital storytelling.

Grades Kindergarten to fifth grade will use the TEAM NYSESLAT preparation program and Joy School English. Newcomers in grades 3, 4, & 5 will also use Ready, Set, Go!

Program 1: TEAM/NYSESLAT Preparation Program (Grades K-5) & Joy School English software program
Total Students: 110
Kindergarten: 40 students (2 groups of 20 students each)
First Grade: 30 students (3 groups of 10 students each)
Second Grade: 25 students (2 groups of 12 & 13 students each)
Third Grade: 5 students; Fourth Grade: 5 students; Fifth Grade: 5 students: (15 students total in 1 group)

Curriculum: Team by Continental Press
Focus: Foundational literacy skills across all four modalities as per CR Part 154

Curriculum: Joy School English by Alegra Learning (Software program)
Focus: Oral language production aided by cutting-edge speech recognition technology, and a value-teaching curriculum that fosters character building (SEL)

Program 2: Ready, Set, Go Newcomer Program (Grades 3-5)
Total Students: 15 ELLs in 1 Group
Third Grade: 5 students; Fourth Grade: 5 students; Fifth Grade: 5 students: (15 students total in 1 group)

Curriculum: Ready, Set, Go Newcomer Program by Continental Press
Focus: Intensive language supports for students with 0-3 years of service per CR Part 154 Newcomer requirements

Program Schedule:
Days: Saturdays only
Time: 9:30 am – 12:30 pm (3 hours of instruction)
Total Sessions: 23 Saturdays from October 4, 2025 – May 30, 2026
Supervision Hours: 9:00 am – 1:00 pm

Teachers also use a variety of materials such as big books, culturally responsive read alouds and various computer programs such as Joy School English which focuses on oral language development via SEL and character-building strategies. Joy School English will also include new software which will specifically target the needs of our Newcomers.

Students will be grouped for instruction in 9 heterogeneous groups of approximately 15 MLLs/ELLs per classroom. Each class will have one teacher certified in TESOL, Bilingual Education and some will also be certified in Special Education, to meet our students' needs. In addition, three paraprofessionals will assist classes, especially for those classes containing MLs/ELLs who are also students with disabilities. Since our most recent NYSESLAT data demonstrates that students need to improve especially in the areas of reading and writing instruction during our Title III program, in addition to listening and speaking, instruction will mainly focus on these areas of need. Teachers will ensure that students have the opportunity to practice writing extension activities to go with reading each day.

Teachers will be providing direct instruction, including Home Language supports whenever possible, via flexible groupings as per data and ongoing conferences and observations. Once teachers get to know their MLLs/ELLs well, lessons will be taught making sure to enunciate language properly, use gestures, body language, and vocabulary including in their Home Language when feasible, with visual representations to get across the meaning. In addition, when teaching content, teachers will make lessons more accessible by guiding students to access prior knowledge about topics and by including graphs, maps, photographs, drawings and charts to teach new concepts.

During the Title III Program MLLs/ELLs will engage in activities such as culturally responsive read alouds with ample opportunities for academic discourse and writing extensions that promote language in all four modalities, reading, writing, listening and speaking in both English and in their Home Language for Dual Language and our other bilingual students.

Word study activities will also be included to practice specific sounds and grade level sight words that the data demonstrates that students lack. Fundations, Joy School English, RazKids, BrainPOP and BrainPOP Espanol for Dual Language students, are some of the resources used.

MLLs/ELLs will engage in shared reading activities with comprehension questions to promote literacy in both English and their Home Language especially for our Dual Language and other bilingual students. The RADD strategy (Restate, Answer, Detail, Detail) will also be incorporated when assigning writing extensions to help students improve their writing since this is one of the modalities that our most recent NYSESLAT data shows that students need most improvement in.

Title III teachers will also use the TEAM preparation program and Joy School English in grades Kindergarten to fifth grade. Newcomers will also use Ready, Set, Go! These books were chosen because they meet our students' needs since they come in different levels and are broken up into sections that each focus on one of the four English language modalities, reading, writing, listening and speaking. The teachers will use their students' data to inform their whole group, small group, paired and individual instruction when choosing the modality to work on each day. Home Language supports such as scaffolds and pre taught vocabulary before each lesson will be provided for students. In addition, bilingual culturally responsive libraries, dictionaries and iPads to look up terms in Spanish will be readily available. In our grades three to five Newcomer classes and Kindergarten through second grade classes, students will be given tools and scaffolds in their home language when applicable. This will ensure that MLLs/ELLs are in a safe environment where their culture is valued and seen as an asset, which in turn will make content accessible to them.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Title III program at P.S. 110Q for the 2025-26 school year will provide the much needed support MLs/ELLs in grades Kindergarten through five based on the most recent NYSESLAT and 2025 NYSITELL scores. In addition, there will be a major focus on reading and writing as per trends noted during the administration of last year's NYSESLAT that proved an urgency for this focus as well as continuing to work on the listening and speaking modalities. The purpose of the program is to build language and vocabulary orally, and then transfer those skills to literacy, while incorporating technology.

After taking a closer look at our P.S. 110Q data from the most recent NYSESLAT and our EDAT the best practices recommended for MLs/ELLs are being used to target those trends in both needs and strengths that we noticed. The needs will be met using different methodologies while at the same time using students' Home Language as an asset rather than a deficit. The data showed gains in the Speaking modality; therefore, we will continue to use accountable talk during read alouds and shared reading to discuss comprehension questions on complex texts. Academic discourse will also be used to retell orally after reading, then for planning writing both on paper and digitally, and to plan, think, pair, share assignments. This will be done strategically in partnerships or triads keeping students' language proficiency levels in mind when planning discussion and questioning techniques.

In addition, the Home Language will be used whenever possible to access content, vocabulary and grade level texts and to make students, especially Newcomers, channel their background knowledge in order to make learning more accessible. An abundance of research shows that welcoming and respecting students' home languages will get all learners engaged and involved in their own learning and more importantly more willing to participate in their classroom. Using students' home language as an asset also improves their self confidence since their culture is being valued.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

The Title III program for the 2025-26 school year at P.S.110Q will target 110 MLLs/ELLs in grades Kindergarten through fifth grade with a NYSESLAT level of entering, emerging, transitioning, and expanding, including developing as well as newcomer subgroups from grades three to five. According to the most recent NYSESLAT and 2025 NYSITELL scores, the program will focus on oral language, and digital storytelling.
The program will focus on oral language, and digital storytelling. Grades Kindergarten to fifth grade will use the TEAM NYSESLAT preparation program and the Newcomers in grades 3, 4, & 5 will also use Ready, Set, Go! The breakdown of students in the program is as follows: 40 Kindergarten students, 30 first grade students, 25 second grade students and 15 Newcomers in grades third through fifth grade. Teachers also use a variety of materials such as big books, culturally responsive read alouds and various computer programs such as Joy School English which focuses on oral

language development via SEL and character-building strategies. Joy School English will also include new software which will specifically target the needs of our Newcomers.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Title III program will be held on Saturdays from 9:30a.m. - 12:30p.m. It will serve students in all ENL subgroups per CR Part 154 such as Newcomer ELLs, Developing ELLs, and ELLs -SWD.
Each day ten ENL and bilingually certified teachers will provide instruction to approximately 110 students from grades K-5. Bilingual teachers will also provide home language support in Spanish as needed. The Title III program will run from October 4th, 2025 until May 30th, 2026 for a total of 23 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

In addition to teaching in English, teachers will also provide home language support in Spanish, as needed due to the increase in Newcomers, new admits and transfers enrolling into our school building in recent years. Students will be exposed to various methods of digital storytelling and will be able to choose what they want to use to publish their own stories. ENL/Bilingual and content area teachers will be providing direct instruction through various co-teaching models, such as team teaching, parallel teaching, and small flexible groups. Keeping the value of students' home language and background knowledge in mind, teachers will create a welcoming and safe environment for our MLs/ELLS which in turn will promote academic success.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The ten teachers for our Title III funded program are bilingually certified teachers, teachers certified to teach students with disabilities, common branches, or TESOL certified. Bilingual teachers will also provide home language support in Spanish as needed for our MLLs/ELLs. The program will have ten groups of students: four kindergarten, three 1st, two 2nd grade , and one 3rd/4th/5th grade groups of Newcomers. There will be approximately 15 students per group. Instruction will focus on English oral language development through drama, technology, and balanced literacy. Students will participate in digital storytelling through narration, animation, and filmmaking. Instructional strategies

and methodologies will be used for language development during direct instruction. Teachers will demonstrate content directly to the class, which is important when teaching MLs/ELLs to keep them engaged and focused. They will use direct instruction to introduce new or unfamiliar concepts, when students need additional review, to clarify confusing information, and to demonstrate key ideas and vocabulary. For instance, when introducing food-related, or vocabulary on any other topic to the class, they will confine the direct instruction of the lesson to vocabulary only to keep their direct instruction as focused as possible. Joy School English, an online component which focuses on oral language development via SEL and character building lessons will be utilized. In addition, Joy School English will be adding a software that is tailored specifically to the needs of Newcomers which will make language learning more accessible.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

All the materials for our program are at cost to the Title III ELL funds. Title III teachers will use the TEAM (Teaching ELLs for Academic Language Mastery) by Continental Press, books in grades Kindergarten to second grade and the Newcomers will use the Ready, Set, Go! Newcomers, also by Continental Press, in addition to the TEAM books for grades three to five. These materials will be kept in the Saturday school classrooms on the second floor in a designated area. The extra books for newly registered students will be kept in the book room which is conveniently located on the second floor for easy access.Direct instruction will be accompanied by other teaching methodologies and strategies for language development that require more student involvement. When teaching MLs/ELLs, it's important to not spend too much time using direct instruction. Any ENL lesson should include plenty of practice and interaction. For example, students will be given ample opportunities for discussions that will follow or lead to writing about reading or listening to content rich and culturally diverse literature.
Students will begin storytelling by adapting familiar material digitally, such as folktales and other authentic children's literature, and will gradually be guided to create original material. Activities students will be engaged in include the following: By the end of the program students will create two to three projects: a blog, an animated script, and a reader's theater presentation. The blog will retell a familiar story by creating diary entries from a character's perspective. Student's animated piece will be an adaptation of a familiar story, where students can change the setting, characters, or resolutions to make the story their own. The short reader's theater presentation, which students will direct and edit, will be an original story.

There will be an online component to the program, Joy School English, exclusively for Title III; that will target instruction for our lowest levels across grades. Money will be allocated for materials such as: online subscriptions, student texts for read aloud, guided, shared and independent reading practice and art supplies. Other Online subscriptions will also be included such as BrainPOP, BrainPOP Jr. and BrainPOP Espanol. Title III teachers will take attendance daily on class lists. Records will be maintained such as student attendance and program notification in parents' preferred languages by the ELL Coordinator. Progress will be monitored through conference notes and ongoing assessments during whole class and small group instruction. Title III teachers will also receive their students' proficiency levels to plan accordingly. They will do so using a gradual release approach, with heavier scaffolds and supports at the beginning of the program that will be lifted as the students acquire more of the English language. This in turn will allow for automaticity across content areas as the year progresses.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The anticipated number of students to attend sessions for the Title III Saturday Academy are approximately 110 students. Our MLs/ELLs families will receive backpacked invitations that are also permission slips that will include all relevant information of the Saturday Academy and all dates for the school year bilingually. Parents will then receive congratulations letters of acceptance which will also include pertinent information about the program, dates, and the name of their child's color coded class and teacher, for the Saturday Academy bilingually.

The ELL Coordinator will maintain attendance, invitations and signed permission slips to attend. Parent notification for all events will be sent home bilingually and virtually. In addition, our Parent Coordinator will do robocalls and School Status messages to remind parents.
There will be an online component to the program; Joy School English, that will target instruction for our lowest levels across grades. Money will be allocated for materials such as: online subscriptions, student texts for read aloud, guided, shared and independent reading practice and art supplies. Title III teachers will also use the TEAM preparation program in grades Kindergarten to third grade and the Newcomers will use the Ready, Set, Go! Newcomers preparation program. These books were chosen because they meet our students' needs since they come in different levels and are broken up into sections that each focus on one of the four English language modalities, reading, writing, listening and speaking. The teachers will use their students' data to inform their whole group, small group, paired and individual instruction when choosing the modality to work on each day. Home Language supports such as scaffolds and pre taught vocabulary before each lesson will be provided for students. In addition, bilingual culturally responsive libraries, dictionaries and ipads to look up terms in Spanish will be readily available. The Procurement Secretary will maintain copies of all purchase orders and invoices to date of such materials accordingly as per guidance from the Policy and Reference Guide for Multilingual/English Language Learners..

Title III teachers will take attendance daily on class lists. A list with teacher certifications for teachers supporting the program will be kept by the ELL Coordinator and Procurement Secretary. Records will also be maintained such as student attendance and program notification in parents' preferred languages by the ELL Coordinator in her office, in a file cabinet labeled Title III Saturday Academy records. Progress will be monitored through conference notes and ongoing assessments during whole class and small group instruction. In addition, the students will take a Benchmark assessment on Joy School English, which will enable the teachers to not only monitor students' progress but also use the data to inform instruction. Title III teachers will also receive their students' proficiency levels to plan accordingly.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

All professional development for our Saturday program will be at cost to the Title III ELL funds. Trends noted in the most recent data from the most recent NYSESLAT, EDAT and 2025 NYSITELL will support our rationale of our focus on reading and written language development since this is where our students showed the least gains. In addition, we will focus on continuing improvement in speaking and listening which were the areas where our students showed the most strengths.

In support of this rationale, all Title III teachers and other teachers of MLs/ELLs at P.S. 110Q will attend a series of virtual professional development meetings focused on promoting opportunities for reading, writing, questioning and discussion among MLs/ELLs. The PD's will be held during Monday professional development time and presented by two ENL or bilingually certified teachers. Teachers will use data to guide instruction and for grouping purposes, to more positively impact the progress of MLs/ELLs. Teachers of MLs/ELLs will also attend a series of virtual professional developments to learn how to analyze TOMs, Targets of Measurement and the bilingual common core progressions in order to better integrate them into classroom activities. Meetings will be held in September, November, and January after school, and will be facilitated by an ENL teacher who will take attendance on a sign in sheet. Records will be maintained such as attendance and agendas by the ELL Coordinator in her office, in a binder labeled ENL meetings.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Since our most recent NYSESLAT, ELA state assessments and EDAT all show the urgency for improvement in reading and writing in addition to the continuation of our focus on oral language and listening, these will be our main goals during the Title III Saturday Academy as well as during the regular school days. All teachers of MLs/ELLs at P.S. 110Q will attend a series of virtual professional development meetings focused on best practices for teaching MLs/ELLs such as promoting questioning to improve reading comprehension and discussion among ELL students.

Other best practices that will be presented include a focus on academic language and vocabulary, which our HMH and Go Math Curriculum lend themselves to. Linking background knowledge and culture to learning, promoting classroom interaction and stimulating higher order thinking skills among others are other best practices at our school that we continue during the Saturday Academy and after during the week. Strategies to get our students to strengthen their writing stamina will also be covered. Incorporating the RADD strategy in conjunction with shared reading in grades Kindergarten through fifth grade, has proven to be effective so we will continue this schoolwide protocol not only during the regular schooldays but on Saturdays as well. In addition, our ENL team along with our content clusters are a part of a new study group that will continue this upcoming school year with its focus on The Writing Revolution- by Judith C Hochman and Natalie Wexler, which is a guide to advancing thinking through writing in all subjects and grades.

The PDs will be held during Monday professional development time and presented by two ENL or bilingually certified teachers. Before the start of the Title III Saturday Academy teachers met for a PD with the ELL Coordinator to plan for Saturdays using the most recent NYSESLAT scores via the Furby Tool. Teachers used this tool to plan whole group and small group lessons that will hone in on specific modality needs noted for their students. All attendance logs and agendas will be filed and kept by the ELL Coordinator in her office, in a binder labeled ENL meetings.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers of the Title III Saturday school program in addition to all teachers of MLs/ELLs, will also attend professional development meetings once a month on Mondays during PD time. Meetings will be facilitated by ENL or bilingually certified teachers.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**

- **Days of sessions, and**
- **Time and duration of sessions.**

Title III ELL professional development meetings will be one session long, held on Mondays on September 15th , November 3rd, and January 12th after school from 2:30-3:30, each will be and will be facilitated by an ENL teacher. Teachers will participate in PDs, such as Joy School English, HMH Modules and Units of Study in ELA, and Units of Study in Math. Teachers also have the opportunity to request PDs they are interested in. Specifically for ENL/Bilingual teachers, they will continue to participate in in-house PDs, facilitated by ENL/Bilingual coach, ENL/DL Administrator, and teacher leaders. These meetings will also be held during the 80 minute professional work time sessions. There are 12 Dual Language teachers, 4 Transitional Bilingual Education teachers, and 7 self contained ENL teachers that attend/will attend. Money for the professional development meetings will be allocated for per session by Title III ELL funds. Agendas and attendance will be taken for all professional development and meetings and kept by the ELL Coordinator in her office, in a binder, labeled ENL meetings.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Teachers will participate in Title III ELL professional developments which are expected to have positive outcomes since they are in alignment with students' needs as per most recent data analyzed. The focus of these PD's will be on HMH Modules and Units of Study in ELA and this year we are very excited to also be able to continue Joy School English. In addition to already providing activities that focus on SEL and character building while learning English, Joy School English has added a software to benefit and target Newcomers specifically.

- Units of Study and HMH Modules in ELA PD-During this time teachers will be presented with strategies, tools and scaffolds to enable MLs/ELLs to access content in reading, writing, listening and speaking using the home language as an asset to make learning accessible in all content areas.
- Joy School English PD- During this time teachers will be presented with an overview of lessons, assessments and follow up activities that will benefit our MLs/ELLs language acquisition and confidence when speaking English.

This is going to make an impact on the language acquisition not only for our existing MLs/ELLs in Dual Language but especially for our Newcomers. All of this professional development will enable teachers to provide our MLs/ELLs ample opportunities to progress in their language development. In addition, our Bilingual Special Education teachers will be attending a Professional Learning Series, to gain a greater understanding of methodologies and strategies to help our MLs/ELLs with IEP's, progress in their language development. Meetings will be used to create oral language assessments for students and review data such as anecdotals, reading pre and post module assessments and writing samples from students in the Title III program.

Teachers will use data to guide instruction and for grouping purposes, to more positively impact the progress of ML/ELL students in our Title III Saturday Academy.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Title III ELL professional development meetings will be facilitated on those designated Mondays during PD time by ENL or bilingually certified teachers. These include Hilda Martinez, Daniel Sanchez, Jennifer Butler, Izabela Hejzyk, Marta Martinez, and Erika Wohlrab.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

All documentation of professional development at P.S. 110 provided using Title III ELL funds will be kept and maintained by the ELL Coordinator in her office, in a binder labeled ENL meetings. Expenditure related paperwork will be filed and maintained by the Procurement Secretary.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

There is an urgency for parent engagement activities provided as support for the families of MLs/ELLs at P.S. 110Q, as per the results of our school's ELLs parents needs assessment, the high intake of Newcomers, new admits and transferring students, and hardships due to temporary housing. This includes continuous supports for social emotional learning, language acquisition and access to academic content in all areas, and assistance with technology. Our students have suffered huge language, learning and social emotional loss, and these activities will increase the chances for our MLs/ELLs to be impacted with higher achievements.

To strengthen the home school connection, parents will be invited to attend workshops in person with virtual options, held throughout the year in December, February and April to promote oral language development at home to continue the work we are doing during the Title III Saturday Academy. Workshops will be one hour each, conducted bilingually in Spanish and English by two or more ENL or bilingually certified teachers. The teachers will be paid per session using Title III ELL funds.

SPECIFIC TOPICS for SESSIONS: overview of curriculum, health and wellness for families, social- emotional support for families, and technology support (this will be ongoing on a daily basis). The anticipated number of sessions is 10; one per month. The ELL Coordinator will maintain attendance, invitations and agendas. Parent notifications for all events will be sent home bilingually both digitally on our monthly P.S. 110Q calendar and in students' backpacks. All of our ENL families will be invited to join these sessions, with an anticipation of 100 actually joining.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Research shows that parent engagement in schools is closely related to better student behavior, higher academic achievement, and enhanced social skills. More importantly, as educators we know firsthand, that parent involvement in their child's school also makes it more likely that children will want to come to school and be motivated to learn, therefore resulting in better attendance.

After conducting surveys and as per the results of our school's ELLs parents needs assessment, we aim to meet the needs of our families by providing the specific supports that they need.

Some needs noted were an overview of curriculum, health and wellness for families, social- emotional support for families, and technology support which will be ongoing on a daily basis especially when preparing to meet the teacher and for parent engagement workshops for our MLLs/ELLs.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The following are tentative dates for the hour long one time sessions for each Title III ELL family engagement activity during the school day accompanied with topics to be covered:

September 16th, 2025-8:15-9:15 (Social emotional check in strategies, the importance of attendance and technology support *this will be ongoing on a daily basis during the school day)

October 7th, 2025-8:15-9:15 (Social emotional strategies and school wide expectations in literacy during the school day)

November 18th, 2025-12:30-1:30 (Social emotional strategies and strategies to meet school wide expectations in literacy and prepare for the ELA State Exam during the school day)

December 16th, 2025 -12:30-1:30 (Social emotional check in and strategies to meet school wide expectations in mathematics and prepare for the Math State Exam during the school day)

January 13th, 2026 -8:15-9:15 (Social emotional check in and strategies to support ENL students and prepare for the NYSESLAT State Exam during the school day)

February 24th, 2026-12:30-1:30 (Social emotional check in and homework support strategies during the school day)

March 17th, 2026-8:15-9:15 (Social emotional check in and strategies to help decrease stress regarding the upcoming ELA State Test during the school day)

April 14th, 2026-12:30-1:30 (Social emotional check in and strategies to help decrease stress regarding the upcoming Math State Test during the school day)
May 12th, 2026-8:15-9:15 (Social emotional follow up and strategies to support ENL students and parents in understanding the components of the NYSESLAT State Exam during the school day)

June 2nd, 2026-8:15-9:15 (Social emotional follow up and strategies for avoiding the summer slide in Reading during the school day)

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

We aim to gain positive outcomes in meeting the needs of our families at P.S.110 by providing the specific supports noted as per the results of our school's ELLs parents needs assessment which will in turn help parents support their MLLs/ELLs learning.

The following are examples of topics to be covered as per needs noted which were an overview of curriculum, health and wellness for families, social- emotional support for families, and technology support which will be ongoing on a daily basis especially when preparing for meet the teacher and parent engagement workshops:

- Parents will be presented with social emotional check in strategies and the research highlighting the importance of attendance for student academic success to take place.
- Parents will be presented with social emotional strategies and school wide expectations in literacy. Tools and strategies to promote literacy will also be shared with families to help parents in supporting their MLLs/ELLs learning.
- Parents will be presented with social emotional strategies and strategies to meet school wide expectations in literacy and prepare for the ELA State Exam. Families will see samples of past ELA questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and strategies to meet school wide expectations in mathematics and ways to support their MLLs/ELLs learning and prepare for the Math State Exam. Families will see samples of past Math State exam questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and strategies to support ENL students and prepare for the NYSESLAT State Exam. Families will see samples of past NYSESLAT questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and homework support strategies to help decrease stress regarding the upcoming ELA State Test. Families will receive a checklist of how to prepare students the night before to destress and have the confidence needed to be test ready.
- Parents will be presented with social emotional check in and strategies to help decrease stress regarding the upcoming Math State Test. Families will receive a checklist of how to prepare students the night before to destress and have the confidence needed to be test ready.
- Parents will engage in a social emotional follow up and strategies to support ENL students and parents in

understanding the components of the NYSESLAT State Exam. Families will receive a checklist of how to prepare students the night before to destress and have the confidence needed to be test ready.

- Parents will engage in a social emotional follow up and strategies for avoiding the summer slide in Reading. Families will be presented with research demonstrating the importance of continuing to read and practice important literacy and math skills over the summer. In addition, tools and resources will be shared with families to use with their child over the summer.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshop providers are our ENL teachers and ENL, Literacy and Math coaches; 2 or more per session. As meetings are planned, they will take place during various times of the day, to accommodate parents and their work schedules. Parents will also be invited to celebrations of published student work at least twice throughout the school year. Money for parent engagement activities will be allocated for per session from the Title III ELL funds. Such activities will include ENL adult classes facilitated by our ENL staff and other workshops facilitated by our instructional coaches, guidance counselors and parent coordinator.

- Parents will be presented with social emotional check in strategies and the research highlighting the importance of attendance for student academic success to take place by the parent coordinator, Miriam Sosa and guidance counselor, Colette Lopez.
- Parents will be presented with social emotional strategies and school wide expectations in literacy. Tools and strategies to promote literacy will also be shared with families to help parents in supporting their MLLs/ELLs learning by the parent coordinator, Miriam Sosa and the literacy coach, Claudia Curatolo.
- Parents will be presented with social emotional strategies and strategies to meet school wide expectations in literacy and prepare for the ELA State Exam by the parent coordinator, Miriam Sosa and the literacy coach, Claudia Curatolo. Families will see samples of past ELA questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and strategies to meet school wide expectations in mathematics and ways to support their MLLs/ELLs learning and prepare for the Math State Exam by the math coach, Monica Yousseff and the Parent Coordinator, Miriam Sosa. Families will see samples of past Math State exam questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and strategies to support ENL students and prepare for the NYSESLAT State Exam by the ELL Coordinator, Hilda Martinez and ENL provider, Izabela Hejzyk. Families will see samples of past NYSESLAT questions to become familiar with the test format and what types of questions the students may see.
- Parents will be presented with social emotional check in and homework support strategies to help decrease stress regarding the upcoming ELA State Test by the literacy coach, Claudia Curatolo and the parent coordinator, Miriam Sosa. Families will receive a checklist of how to prepare students the night before to destress and have the confidence needed to be test ready.
- Parents will be presented with social emotional check in and strategies to help decrease stress regarding the upcoming Math State Test by the math coach, Monica Yousseff and the parent coordinator, Miriam Sosa. Families will receive a checklist of how to prepare students the night before to destress and have the confidence needed to be test ready.
- Parents will engage in a social emotional follow up and strategies to support ENL students and parents in understanding the components of the NYSESLAT State Exam. Families will receive a checklist of how to prepare

students the night before to destress and have the confidence needed to be test ready from the ELL Coordinator, Hilda Martinez and ENL provider, Izabela Hejzyk.

- Parents will engage in a social emotional follow up and strategies for avoiding the summer slide in Reading. Families will be presented with research demonstrating the importance of continuing to read and practice important literacy and math skills over the summer by the literacy coach, Claudia Curatolo, the math coach, Monica Yousseff, and the parent coordinator, Miriam Sosa. In addition, tools and resources will be shared with families to use with their child over the summer.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

The anticipated number of sessions for the Title III ELL family engagement activities is 10; one per month. The ELL Coordinator will maintain attendance, invitations and agendas in her office, in a binder labeled ENL meetings. Parent notification for all events will be sent home bilingually and virtually. In addition, our Parent Coordinator will do robocalls and School Status messages to remind parents. All our ENL families will be invited to join these sessions, with an anticipation of 100 actually joining in.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

For family engagement activities funded by Title III, P.S. 110 will document outreach, attendance, and interpretation services by maintaining detailed records in a physical binder. The school's ELL Coordinator will be responsible for keeping records of meeting agendas, communication attempts, sign-in sheets, interpreter services, and any materials provided to families.?The school will maintain evidence of all efforts to inform families about engagement opportunities and services. Examples of documentation include a copy of all flyers, invitations, or newsletters sent to families. All written materials also show they were translated into the parents' preferred languages. In addition, records showing the date and time of calls or emails, which staff member made contact, and the outcome of the communication. This log is also a digital record on the School Status platform that we use to inform MLLs/ELLs families. To prove participation in events, the school will collect and file attendance records for meetings and workshops. For in-person events, dated sign-in sheets will be collected with attendees' printed names and signatures. These will be stored in the designated ENL meetings binder. For remote events, the school will use logs or screenshots from the virtual platform (such as a list of attendees from a Zoom meeting) to confirm participation.?

Federal guidelines require providing language access services to parents of English learners. The school will document all provided interpretation services including a record for each interpreted event that details the date, time, language used, and the name of the interpreter. Notes from interpreted conversations, such as parent-teacher

conferences, will indicate that an interpreter was present and copies of any interpreter request forms submitted by staff members.

The school will also document feedback to evaluate the effectiveness of its programs by using anonymous surveys translated into appropriate languages.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

7

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

For the 2025-26 school year, the Title III Immigrant program at P.S. 110Q is an extension of our Saturday Academy, which targets 100 MLs/ELLs, most of whom come from immigrant families, in grades Kindergarten through five.

Students will be divided into 5 groups of 20 students each (approximately 15-18 immigrant ELLs per group). These students scored a NYSESLAT level of entering, emerging, transitioning, or expanding. This group of students also includes a Newcomer subgroup. This newcomer class consists of 16 students- 5 third graders, 4 fourth graders, and 7 fifth graders. These students have been identified as being in the US between 1 and 3 years.

Activities the students will engage in enhance instructional opportunities for immigrant students by focusing on how to bridge the gap between their existing knowledge and new U.S. academic environments. Some examples of cultural

adjustment support include activities to enhance learning by creating a safe, predictable environment that reduces anxiety:

-Ownership of Space: Use Flashcards or Visual Tours of the classroom to build a sense of ownership and familiarity. Validating Identity: Incorporate Culturally Responsive Decor and materials that reflect students' home languages and heritages to foster belonging.

-Peer-Mediated Activities: Structure group work and peer buddy systems to provide low-stakes social interaction, helping students navigate new social norms while learning.

Activities to build background knowledge will also be included since for students new to U.S. schools, these must explicitly connect to the curriculum:

-Experiential Learning: Use hands-on Demonstrations, and Experiments to provide a shared experience that serves as a common reference point for all students.

-Multicultural Literature: Introduce literature and folktales from their home countries to anchor new concepts in familiar narrative structures.

The program is currently being taught by one of our Kindergarten Dual Language teachers who also has had experience teaching in the Transitional Bilingual Education program at our school. We aim to have teachers who have vast experience with teaching MLs/ELLs through explicit direct instruction, particularly in this subgroup. We have also provided a Bilingual Paraprofessional to assist.

The program focuses on oral language development, with a focus on the modalities of Reading, Writing and Listening in both English and their Home Language Spanish. Students have access to a variety of texts in both languages, as well as tools that we use school wide for the sake of cohesiveness across grades. Some examples are CUBES, RADD, and accountable talk stems. All of these tools have been created in both languages to especially support our Immigrant Newcomers, not only at our Saturday Academy, but also throughout the school week. Our Title III teachers have also been trained to implement the TEAMS preparation books to supplement their Saturday instruction.
As extra support we have also provided our Newcomer Immigrant class with a "Ready, Set, Go! Newcomers" book from the Continental Company.
The Saturday program will run from October 25, 2025 to May 30, 2026 from 9:30 am-12:30 pm, with a total of 22 sessions.
The program is supervised by our Principal, Ms. Elisa Gomez from 9:00-1:00.
Her supervision will not be at cost to Title III Immigrant funds.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

In order to extend our Title III Saturday Academy program at P.S. 110Q for the 2025-26 school year, the Title III LEP Immigrant funds will be used. The need for the program was identified using the following quantitative data:

The majority of our students, about 99%, are immigrants, more than half, 55%, are also MLLs/ELLs and 60 of them are at the Entering level on the NYSESLAT. We have extended the program by adding one more class. This newcomer class consists of 16 students- 5 third graders, 4 fourth graders, and 7 fifth graders. These students have been identified as being in the US between 1 and 3 years.

The program is currently being taught by one of our Kindergarten Dual Language teachers who also has had experience teaching in the Transitional Bilingual Education program at our school. We aim to have teachers who have vast experience with teaching MLs/ELLs through explicit direct instruction, particularly in this subgroup. We have also provided a Bilingual Paraprofessional to assist.

This program supports mostly Newcomer Immigrant MLs/ELLs and their families by helping them not only academically, but also to acclimate to the overall routines and ways of life here in the United States of America. We always strive to keep in mind that for many of our students, the norms in their native countries differ from American norms.

According to the 2025 NYSESLAT and NYSITELL scores, our students need to improve in all modalities in order to be successful at the acquisition of the English language. In addition, as per trends noted during the administration of the 2025 NYSESLAT, we have an urgency to focus especially on Listening, Reading and Writing. Therefore, the purpose of this year's Saturday program is to 'Build oral academic English language through listening, reading and writing activities.' Regarding our newcomers, we understand that we have to also address the need for formal Spanish language acquisition. The bilingually certified teacher provides instruction to the 16 students via whole class, flexible small grouping and individual conferences as needed. All teachers receive their student's ENL proficiency levels to hone in on specific language acquisition needs and then provide direct explicit instruction accordingly. In addition, the teacher in the Newcomers class uses the students' home language as an asset, using it to activate students' prior knowledge and to access content. We know that these funds are well spent because the students are happy to be here on Saturdays and we see improvement in their confidence that they did not always have. Parents are also very grateful and eager for the opportunity of having their child attend the Saturday program once they learn about it.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The Title III Immigrant supplemental program at 24Q110 serves 100 MLLs and Newcomers from Kindergarten to fifth grade. The majority of our students, about 99%, are immigrants and more than half, 55%, are also MLLs/ELLs. We have extended the program by adding one more class. This newcomer class consists of 16 students- 5 third graders, 4 fourth graders, and 7 fifth graders. These students have been identified as being in the US between 1 and 3 years.

The program is currently being taught by one of our Kindergarten Dual Language teachers who also has had experience teaching in the Transitional Bilingual Education program at our school. We aim to have teachers who have vast experience with teaching MLs/ELLs through explicit direct instruction, particularly in this subgroup. We have also provided a Bilingual Paraprofessional to assist. This newcomer class consists of 16 students- 5 third graders, 4 fourth graders, and 7 fifth graders. These students have been identified as being in the US between 1 and 3 years. These students have the following English proficiency level as per the 2025 NYSESLAT: Entering, Emerging, Transitioning or Expanding. The program focuses on oral language, and digital storytelling.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Title III Immigrant supplemental program at 24Q110 is held on Saturdays from 9:30a.m - 12:30p.m. Each day our bilingually certified Dual Language teacher provides instruction to approximately 16 students from grades 3-5. The bilingual teacher also provides home language support in Spanish as needed. The Title III Immigrant supplemental program will run from October 25th, 2025 until May 30th, 2026 for a total of 22 Saturdays.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

In addition to teaching in English, as needed, the bilingual teachers in the Title III Immigrant supplemental program use the student's home language to enhance student's language acquisition and learning. The teachers use students' home language as an asset by building on student's prior knowledge and strengths that they already have. Students are exposed to various methods of digital storytelling, and are able to choose what they want to use to publish their own stories. They also engage in other activities in both languages around holidays, seasons and other writing themes that hold their interest. The bilingual teacher provides direct instruction through various models, such as, whole class instruction, small flexible groupings and individual conferences. They also make sure to provide the scaffolds necessary for their Newcomer Immigrant ML/ELL students to access the content each day. The PREVIEW-VIEW-REVIEW protocol is a practice being implemented throughout the normal school day and during Saturday classes to enable the students to use their home language to access new content in English. By students first being exposed to texts, vocabulary and conversation prompts in their home language, teachers assist them in activating their prior knowledge about concepts. When they then view the content in English, they are familiar with some background and are able to then gradually gain an understanding of the content. They then review the content with the teacher and choose to summarize in either their home language or in English when they feel ready.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

We have 1 of our bilingually certified teachers who is one of our Dual Language kindergarten teachers working the Title III Immigrant supplemental program. He has experience working with MLLs/ELLs and values students' experiences and home language strengths, which he uses as leverage in his instruction. The teacher has a class of students ranging from grades 3-5, with a total of 16 students in the class. Instruction focuses on English oral language development through academic discourse, technology, and components of balanced literacy. Students participate in whole class and partnership discussions, and storytelling through the arts. During direct instruction, strategies and methodologies are used for language development.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

In the Title III Immigrant supplemental program, students are exposed to language while learning to use different types of media and materials, such as digital resources, NYSESLAT preparation books, read alouds, and materials for the arts. By adapting familiar material, such as folktales and other authentic children's literature, students are gradually guided to create their own written responses. Strategies for language development that require more student involvement when teaching MLLs/ELLs are essential. It's important to balance the time using direct instruction, but also making sure that students get ample opportunities to practice in order to access content learning. Therefore, our teachers practice gradual release of scaffolds and encourage their students towards independence. Materials and activities students are engaged in include the following: Joy School English Software, that targets instruction for our students at the Entering and Emerging proficiency levels across grades. Funding was allocated for materials, such as, online subscriptions, student texts for reading aloud, guided, shared and independent reading practice and art supplies. As extra support, we have also provided this Newcomer Immigrant class with a "Ready, Set, Go! Newcomers" book by the company Continental, that we purchased for each student. These were not purchased using Title III Immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

For the Title III Saturday Immigrant supplemental program students are based on their ENL level. These invitation letters are backpacked to parents at least a month before the program begins. Letters and all other communication are sent home in both English and Spanish. The parent notification in preferred languages with dates, student attendance records by date with immigrant student names are kept in physical binders in the Assistant Principal's office. The list of teachers with certification types, and purchase orders and invoices are kept in physical binders in the Procurement Secretary's office.

The invitation includes a brief description of the program and what we offer, as well as the time and dates across the entire school year. If the parent grants permission through a signed return slip, they receive a congratulatory acceptance letter with a reminder of the dates and time. Throughout the program, parents also receive reminders regarding days when the Saturday program will not be in session; specifically during breaks and holiday weekends. These communication notices are usually backpacked and followed up through email notifications via School Status, our school wide digital communication platform.
The Title III Immigrant supplemental program teacher takes attendance at the beginning of each session using class lists created on Google sheets. These attendance sheets are usually updated if there are students being added to the program after its initial start; depending on registration and ELL needs of new admits to our school. These are all maintained by the ELL Coordinator and Assistant Principal assigned to the ENL Department. The payroll secretary keeps copies of Saturday teacher timesheets for the purpose of effective payroll. In addition, purchase orders and invoices to date are maintained by the procurement secretary.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

All teachers enrolled in the Title III Saturday Academy at 24Q110, will attend a professional development session to be supported in the effective implementation and planning of the program. This PD will be funded by Title III funds and will focus on promoting opportunities for writing, questioning and discussion, and other key instructional goals for our students. The PDs will be held the Saturday before the students begin the program. This professional development will be presented by the ELL Coordinator and Assistant Principal. We will continue the rationale of focusing on oral and written language development and English acquisition, due to trends noted in the most recent data from the 2025 NYSESLAT and NYSITEL examinations. Using the Furby Tool, we target the progress of language development for our Newcomer Immigrant MLs/ELLS where the teacher will use this data to guide instruction and facilitate the access of content and grouping purposes for students. These PD's will not be at cost to Title III Immigrant funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

An urgency to focus on content areas, oral language, listening, reading and writing is a continuous trend noted by all teachers of MLs/ELLs at 24Q110 when analyzing our 2025 NYSESLAT data using the FURBY Tool. This is especially true for our Newcomer Immigrant students in both their Home Language and in English. Therefore, the bilingual teacher of the newcomer class that was added to our Saturday Academy along with the other teachers of the Saturday Academy will attend professional development focused on promoting questioning and discussion around texts and content in both languages. Strategies to get our students to strengthen their writing stamina will also be covered, since this is an area that teachers noticed as a high need when looking at the data.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teachers of the Title III Immigrant supplemental program in addition to all teachers of MLs/ELLs, the whole staff will attend professional development meetings to continue to plan using data to drive instruction on multiple Mondays during PD time from 2:30-3:30. Meetings will be facilitated by ENL and bilingually certified teachers. We also have Jorge Silva from Fordham University who will support our teachers by presenting a series focusing on analyzing NYSESLAT data using the FURBY Tool,for the purpose of informing instruction.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Approximately 6 meetings were scheduled and planned for our teachers. They will be held in October, December, January and February during Monday PD times from 2:30-3:30pm for the duration of one hour. Theywill be facilitated by an ENL or bilingually certified teacher, an Assistant Principal and Jorge Silva from Fordham University. In addition PDs focusing on MLL strategies and NYSESLAT Test Prep will be included.

The following are the PD's and dates with some to be determined:

October 6, 2025, 2:30-3:30-Analyzing NYSESLAT data using the FURBY Tool for grades K-2-Jorge Silva
October 27, 2025, 2:30-3:30-Analyzing NYSESLAT data using the FURBY Tool for grades 3-5-Jorge Silva
December 1, 2025, 2:30-3:30-Analyzing NYSESLAT data follow up and MLL Considerations-Transitional Bilingual Education, Bilingual Special Education and Dual Language teachers-ELL Coordinator, Assistant Principal
January 5, 2026, 2:30-3:30- Follow Up Analyzing NYSESLAT data using the FURBY Tool for grades 3-5 and Content teachers-Jorge Silva
January 12, 2026, 2:30-3:30-NYSESLAT 2025-26 Test Prep PD-Transitional Bilingual Education, Bilingual Special Education, Dual Language teachers, Self contained ENL classroom teachers and standalone and integrated ENL providers-ELL Coordinator, Assistant Principal
January 26, 2026, 2:30-3:30-Follow Up Analyzing NYSESLAT data and Translanguaging- Transitional Bilingual Education, Bilingual Special Education and Dual Language teachers -Jorge Silva

February 9, 2026, 2:30-3:30-Follow up Analyzing NYSESLAT data and MLL strategies- Transitional Bilingual Education, Bilingual Special Education and Dual Language teachers-Jorge Silva
February 23, 2026, 2:30-3:30 -The Writing Revolution - MLL/ELL Strategies for improving writing-Teachers in grades K-5-Literacy Coach, ELL Coordinator
March 2, 2026, 2:30-3:30-Revisiting Bloom's Taxonomy to improve questioning techniques-Math Coach, Literacy Coach, ELL Coordinator

Teachers also have the opportunity to request PDs from the district and outside the school that they are interested in participating in. In addition, in-house PDs, facilitated by ENL/Bilingual coach, ENL/DL Administrator, Literacy and Math coaches and teacher leaders are also provided. Agendas and attendance will be taken for all professional development and meetings.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Meeting sessions will be used to plan for the urgency of strategies needed for our immigrant MLs/ELLs, create oral language assessments for Newcomer Immigrant students in the Title III Immigrant supplemental program and review data such as anecdotals, reading levels, and writing samples from students. The teachers will use data to guide instruction and for grouping purposes, to more positively impact the progress of our Newcomer Immigrant ML/ELL students. The teachers will also attend a series of professional developments to learn how to analyze NYSESLAT data using the FURBY Tool in order to better integrate them into classroom activities during the Saturday Academy and throughout the regular school week. The goal is to make an impact on language acquisition; not only for our existing MLs/ELLs in Dual Language and Transitional Bilingual Programs but especially for our Newcomer Immigrant students. Familiarizing themselves with the modalities and expectations of the NYSESLAT is also important in order to further meet the needs of our MLs/ELLs. All of this professional development will enable the teachers to provide our MLs/ELLs ample opportunities to progress in their language development, including in their home language. We cannot stress enough the urgency for all of these learning opportunities not only for our existing MLs/ELLs, but mostly for our first through third year Newcomer Immigrant students as they adjust to learning in their new homes and at our school.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Meetings will be facilitated by ENL or bilingually certified teachers, ELL Coordinator, Assistant Principal and other presenters. These include Hilda Martinez, Emmalene Gilchrist, and Jorge Silva.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

At 24Q110, the ELL Coordinator maintains a folder containing records of all professional development including agendas, attendance sheets and artifacts from meetings. These activities are not funded by Title III immigrant funds.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds.
Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Support for the families of MLs/ELLs at 24Q110 is needed more than ever due to the frequent discharges and transfers of students in and out of our school. The same urgency noted for teacher PDs for our Newcomer Immigrant MLs/ELLs is the same urgency for the need of parent engagement activities for our immigrant families. Providing support for family empowerment, social emotional learning, language acquisition and access to academic content in all areas is a must. Our students have suffered huge language, learning and social emotional loss, and these activities will increase the chances for our Newcomer Immigrant MLs/ELLs to be impacted with higher achievements. To strengthen the home school connection, parents will be invited to attend workshops which will also be given as a virtual option, and held throughout the year each month beginning in September. Workshops will also include opportunities for family empowerment, academic content area, and technological support.

The goal of these workshops is to promote oral language development in both the Home Language Spanish, and English. Workshops will be one hour each, conducted bilingually in Spanish and English by our Parent Coordinator, Principal, Assistant Principal, ELL Coordinator, Math and Literacy coaches, Guidance Counselors or ENL and/or bilingually certified teachers.

Some topics that families will engage in are as follows:
-Health and wellness for families and social-emotional support are top priority, especially for Newcomer Immigrant families.
-Technological support (this will be ongoing on a daily basis, should a parent need technological or any assistance, our Parent Coordinator, SPOC team and school aides are always available.)
- Empowerment support-Kindergarten, Middle School, College and Career Planning and Project Open Arms awareness will be made available to families.

Parents are also invited to attend adult English classes at our school on Monday and Tuesday mornings from 8:30-10:00 a.m. These classes are led by our Parent Coordinator and Ms. Stella Kostopolous beginning in November and ending in February.

-Academic support in all content areas.-Workshops are offered to inform parents of the grade specific standards and expectations in Math and ELA, in addition to strategies tailored for our MLLs/ELLs and tips for avoiding the summer slide that some students experience.

Workshops offered are a direct result of feedback we have received from parents at P.S. 110. Workshop topics are also developed based on parent interest surveys.In the past have included technology, child abuse, bullying, TCRWP workshops, HMH workshops, Next Generation Learning Standards for parents, and more.
Our school staff works carefully to foster relationships with parents so that they are comfortable expressing their needs. Parents are invited to participate in open school week where they can visit their child's classroom. They are also invited to accompany their children on field trips, and they are invited to events held throughout the school year such as the Hispanic Heritage month, mothers and fathers day activities, parent panels, Student of the Month, Quill Awards, ENL, literacy and math parent workshops.
Plans also include implementation of interactive parent visits; whether virtual or in person and by grade. Each grade will choose a date each month where parents are invited to participate in a classroom activity aligned to what students are currently learning.
Dual language teachers will also hold meetings to discuss upcoming units of study, and ways to support their learners at home in two languages. All families, including parents of MLs/ELLs, are invited to Winter and Spring concerts, and to participate as volunteers in the school.
During Parent Engagement, teachers collaborate to regularly provide workshops for parents on attendance, literacy, math and social-emotional topics.
These activities will not be at cost of the Title III Immigrant funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Parents of our Newcomer Immigrant MLs/ELLs in our Title III Immigrant supplemental program will be invited to attend workshops which will include a virtual option for those that are unable to attend in person. As per the majority of parental preference, most workshops occur in person in the morning shortly after they drop off their children at our school. We also offer the same information as virtually and as an evening option. These workshops are held throughout the school year beginning in September. The goal of each workshop is to empower our families to promote oral language, academic and social emotional development at home and school. Workshops will be one hour each, conducted bilingually in Spanish and English by our Parent Coordinator, ELL Coordinator, Math and Literacy coaches or ENL and/or bilingually certified teachers. This post pandemic support for the families of Newcomer Immigrant MLs/ELLs at 24Q110 is more urgent than ever. It is only by providing these supports that our children will be able to gain the confidence and will allow them to access academic content in all areas, as well as acquire language skills successfully.

When looking at our EDAT NYSESLAT, Math and ELA scores we noticed the need to communicate with parents the grade specific standards and expectations in all content areas. Any workshops offered, times and whether in person or virtual are directly linked to feedback we have received from parents at P.S. 110. Workshop topics are also decided by the parent survey.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The following are dates and times for some of the hour long one time (if multiple times dates will be included) in person and virtual Parent Workshop sessions accompanied with topics to be covered:

-September 9, 2025, 8:30:9:30- Social emotional check in strategies, the importance of attendance-Parent Coordinator
-September 16, 2025, 8:30-9:30- Need help with your NYCSA account?-Parent Coordinator
-September 26, 2025, 9:30-10:30-Zoom- College and Career Planning-Parent Coordinator
-September 30, 2025, 9:30-10:30-Zoom- Project Open Arms-Parent Coordinator
-October 1, 2025, 9:30-10:30- Zoom-New York Kids Rise Save for College Parent Workshop-Parent Coordinator
-October 14, 2025, 8:30-9:30-Strategies for success and school wide expectations in literacy-Literacy Coach
-October 28, 2025, 8:30-9:30-Metro Plus Parent Workshop Breast Cancer Awareness-Parent Coordinator
-October 29, 2025, 9:30-10:30- Zoom-Understanding your child's grades-Parent Coordinator,Literacy and Math Coach
-November 5, 2025, 8:30-9:30-Need help with your Google Classroom? Parent Coordinator, SPOC Team
-November 7, 14,18, 21, and 25, 2025, 8:30-9:30-Need help with applying to Middle School? Parent Coordinator, Guidance Counselors
-November 26, 2025, 9:30-10:30-Zoom-Raising Bilingual kids and its Benefits-Parent Coordinator, ELL Coordinator
-December 12, and 19, 2025, 8:30-9:30-Need help applying for Kindergarten? Parent Coordinator, ELL Coordinator, SPOC Team
-January 7,14, 21, and 28 , 2026, 8:30-9:30 or 2:30-3:30-How to help your child with your Chrome Book- Parent Coordinator, SPOC Team
-January 16, 2026, 9:30-10:30-Zoom-Time management Parent Workshop- Parent Coordinator
-January 20, 2026, 8:30-9:30-Social emotional check in and strategies to support ENL students and prepare for the NYSESLAT State Exam, ELL Coordinator and ENL teachers
-January 22, 2026, 9:00-10:00-Zoom-Shop Healthy and Save Parent Workshop- Parent Coordinator, School Counselors
-February 13, 2026, 8:30-9:30-Social emotional check in and homework support strategies-Parent Coordinator, ELL Coordinator
-March 17, 2026, 8:30-9:30- Social emotional check in and strategies to help decrease stress regarding the upcoming ELA State Test-Literacy Coach, Math Coach, ELL Coordinator
-March 14, 2026 , 8:30-9:30, Social emotional check in and strategies to help decrease stress regarding the upcoming Math State Test-Math Coach, Literacy Coach, ELL Coordinator
May 22, 2026, 8:30-9:30- Social emotional follow up and strategies to support ENL students and parents in understanding the components of the NYSESLAT State Exam -ELL Coordinator and ENL teachers
June 10, 2026, 8:30-9:30-Social emotional follow up and strategies for avoiding the summer slide in Reading-Parent Coordinator, ELL Coordinator

-Technology support will be ongoing on a daily basis, should a parent need assistance with technology or any other assistance. Our Parent Coordinator, SPOC team and school aides are always available.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Below are some of the topics that will be covered for Newcomer Immigrant MLs/ELLs families of the Title III Immigrant supplemental program, which include an overview of curriculum, empowerment, health and wellness for families, social-emotional support for families, and technology support.
The following are examples of topics to be covered:
-The importance of empowerment by staying informed about Project Open Arms, healthy eating and strategies to decrease stress and issues with time management among others.
-The importance of social emotional check ins, attendance and technology support for Chrome Book and Google Classroom use, Kindergarten and Middle School application processes and any other technological issues that may arise. (this will be ongoing on a daily basis during the school day)
- Social emotional check in and strategies to support ENL students in preparation for content and language acquisition as well as state tests.
-Social emotional strategies and strategies for ENL students to meet school wide expectations in all subject areas, especially in literacy and to avoid the summer slide that some students experience.
- Social emotional check in and strategies to support ENL students to meet school wide expectations, especially in Math.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The workshops for the parents of our ML/ELL Newcomer Immigrant students, in the Title III Immigrant supplemental program providers are our Administration who oversee the plans and welcome parents. In addition, the following staff also provide support-ENL teachers, ELL Coordinator, coaches, some of the SPOC team members, counselors and Parent Coordinator. As meetings are planned, they will take place during various times of the day with a remote option to accommodate parents and their work schedules. Parents will also be invited to celebrations (based on DOE guidelines) of published student work at least twice throughout the school year.

Providers:
Elisa Gomez-Principal
Emmalene Gilchrist-Assistant Principal (ENL Programs)
Brandi Passantino-Assistant Principal (Special Education Programs)
Miriam Sosa-Parent Coordinator
Daniel Sanchez-ENL Teacher
Marta Martinez- ENL Teacher Erika Wohlrab- ENL Teacher
Izabela Hejzyk-ENL Teacher
Jennifer Butler-ENL Teacher
Erika Wohlrb-ENL Teacher
Hilda Elisa Martinez-ELL Coordinator/Coach
Claudia Curatolo-Literacy Coach
Monica Youssef-Math Coach
Katherine Ortega-Counselor
Colette Lopez-Counselor
Melissa Santisteban, Yozo Horuchi-SPOC team members

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Parent notification for all events will be sent home in bilingual letter form, as well as digitally. In addition, our Parent Coordinator will do robocalls and school status messages via text and email translated in the parents registered preferred language. All of our ENL families of Newcomer Immigrant students will be invited to join these sessions.

As per NYC DOE guidelines we ensure translated activity notifications and event interpretation by leveraging the Office of Language Access (OLA). We provide written translations for key documents in covered languages like Spanish (which accounts for the majority of our students), Chinese, Arabic, and other languages as needed. We also offer interpreters (in-person/virtual/phone) for events, meetings, and critical communications. We make the information accessible for our families by contacting school staff or the OLA, ensuring parents understand information in their preferred language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

In addition to all of the scheduled visits, our staff at 24Q110 is available daily to support our immigrant and all of our families with their social emotional, technological and academic needs! Particularly, our Parent Coordinator, Miriam Sosa has great communication with our parents as well.
The Parent Coordinator, ELL Coordinator and Staff documents family engagement through dedicated parent engagement logs. Parent Coordinators maintain event logs and reports, and physical/digital records for meeting materials (attendance, agendas, sign-in sheets) filed in school-specific folders. These logs detail planned and executed parent workshops and events.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)
