Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Michael Swirsky	Principal or Designee*	
Lisa Firrincieli	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Nicole Galia	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
Areti Tsimounis	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Lea Famigletti	Teacher	
Amanda Hannigan	Teacher	
Emily Veronese	Teacher	
Mei Li Stanton	Teacher	
Lucy Quirindongo	Assistant Principal	
Nora Lin	Parent	
Grace Andrea Torres Pineda	Parent	
Karen Escobar	Parent	
Sandra Ortega	Parent	
Erica Cuerbo	Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

At P.S. 21, we provide high-quality, differentiated instruction that develops foundational skills and deepens critical thinking, problem-solving, and real-world application. Through research-based curricula and a commitment to holistic development—nurturing creativity through the arts, teamwork, emotional intelligence, and civic responsibility—we ensure students are supported academically, emotionally, and physically. Our goal is to create a welcoming, safe, and respectful environment where ALL students feel supported by their teachers, receive extra help when needed, and are empowered to thrive. By integrating technology, we prepare students to navigate and excel in the 21st century.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 21 is a large Pre-K–5 elementary school in northern Flushing, Queens, serving approximately 1,085 students. The student body is 51% male and 49% female, with a diverse population: 56.5% Asian, 35% Hispanic/Latinx, 5.2% White, 1% Black, and 1.7% Multiracial, 0.7% are American Indian/Nat. Alaskan. Among our students, 32% are Multilingual Learners, 15% are Students with Disabilities (SWDs), and 10% face housing insecurity.

Despite its size and complexity, P.S. 21 fosters a safe, inclusive, and supportive environment where students thrive, families are valued, and staff are committed to continuous improvement.

Family Engagement

Families are vital to our school community. We prioritize clear communication and inclusive practices, offering:

- Monthly Parent University workshops with the principal, parent coordinator, and presenting teachers
- Workshops on school programs
- Participation in the School Leadership Team (SLT)
- Translated notices and interpreter support

In 2025-2026, we will expand family engagement through more school-wide events, continue Parent University and Family Fun Day: inviting parents/guardians into classrooms for learning activities at least three times a year. Read-Aloud Tuesdays will continue for ELL families.

Dual Language & Special Education Programs

To better serve our bilingual community:

- The Spanish Dual Language program will expand to include 3rd grade.
- Spanish bilingual special education will continue with two bridge classes: K–1 and 2–3.
- We will continue and sustain the Mandarin Dual Language Program K–5

Instructional Focus & Professional Learning

Our instructional approach is grounded in data-driven decision-making and professional development in:
-Amplify Desmos Math
- Mind-Up
- HMH Into Reading
- i-Ready Reading and Math
- FUNdations
- Heggerty
- District 25 Professional Learning opportunities

Teachers use diagnostic tools like i-Ready and Acadience to personalize instruction and monitor progress. Decodable texts will continue to be a key initiative enabling our youngest readers to begin to read fluently.

Students identified as at-risk (Levels 1–2 on i-Ready) receive targeted support through Response to Intervention (RtI) from classroom and AIS teachers.

Social-Emotional Learning & School Culture

Our mission emphasizes knowing students academically, socially, and emotionally. We promote a positive school culture through:

- Daily mindfulness and brain breaks
- Community-building events (e.g., Respect for All march, spirit days)
- Recognition programs like “Student of the Month” based on Lion-Hearted traits: supportive, persistent, thoughtful, dependable, and outstanding
- Civics education through programs like Project SoapBox

Enrichment & Partnerships

We nurture student interests through enrichment in the arts, math, science, literacy, music, and physical education. We partner with:

- Flushing Town Hall
- Carnegie Hall
- Ballet Tech
- Inside Broadway

Technology & Digital Learning

All classrooms are equipped with interactive Promethean boards, and each student has a device (Chromebook or iPad). Students engage in project-based learning in our STEAM lab and use digital platforms to support and enrich what they learn in class:

- i-Ready

- HMH Into Reading
- IXL - Unlimited Math Practice
- Epic

After-School Program

In partnership with Common Point, we offer a free, on-site after-school program for about 150 students, selected by lottery.

Briefly summarize the key initiatives your school will implement this school year.

Key Initiatives for 2025–2026

-P.S. 21 will continue successful initiatives from last year while launching new programs to strengthen academic, social-emotional, and family engagement efforts:

-Amplify Desmos Math - Grades 4 & 5 will be take on a new math program for the 2025-2026 school year.

-Parent University: Families will participate in hands-on workshops focused on academic and SEL curricula. Participants will earn certificates for their involvement.

-Dream Squad: A new team dedicated to fostering a welcoming, inclusive environment for multilingual, immigrant, and undocumented students and families.

-MindUp SEL Program: Staff will deepen their understanding of MindUp through professional learning. The program supports emotional regulation, positive relationships, and aligns with our ongoing RULER implementation.

-HMH Into Reading: All students will engage in this Tier 1 curriculum, which integrates standards-based instruction, assessments, and digital tools.

-Heggerty Digital Curriculum (Grades K–2): Focused on phonemic awareness, this program supports decoding and encoding skills through consistent, structured instruction.

-Family Fun Days: Returning in November 2025, families will join students in classrooms three times a year for interactive learning experiences.

-Read-Aloud Tuesdays: Monthly events where ENL teachers read to families and model strategies for supporting literacy at home, followed by a collaborative activity.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Digital Resources
Math	K-3	SAVVAS Realize Envision	Digital

			Resources/Platform
Creative Curriculum	Pre-K	Creative Curriculum	Digital Resources
Math	Pre-K	Building Blocks	Digital Resources
Math	4-5	Amplify Desmos Math	Digital Resources/Platform
ELA	K-2	Fundations	Digital Resources
ELA	K-2	Heggerty	Digital Resources

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Based on the 2024–2025 i-Ready Reading Diagnostic, 66% of students at PS 21 The Edward Hart School are performing at Mid or Above Grade Level or Early On Grade Level. This indicates that a majority of students are meeting or approaching grade-	-Inconsistent Differentiation: While core instruction is generally strong, differentiation for students performing below grade level varies across classrooms, limiting the effectiveness of support. -Limited Small Group Instruction: Opportunities for targeted small group instruction are limited, reducing the ability to address individual student needs effectively within the classroom setting. -Limited Time for Intervention: Intervention blocks may be insufficient in duration or inconsistently implemented, restricting the support available for struggling readers. -Gaps in Foundational Skills: Some students, particularly in upper grades, continue to exhibit foundational reading deficits that	Implement consistent small-group instruction in K–2 to strengthen Tier 1 literacy practices and build a stronger foundation for Tier 2 and 3 supports.

level expectations in reading. However, 34% of students remain below grade level, highlighting a persistent achievement gap.	are not being adequately addressed through current instructional practices. Variability in Instructional Practices: Differences in teacher experience, training, and use of data-driven instruction contribute to uneven implementation and student outcomes.	
According to the 2024–2025 i-Ready Reading Diagnostic, only 36% of Students with Disabilities (SWD) are performing at or above grade level. This reveals a 30-point gap between SWD and the general student population, highlighting a significant equity concern.	-Inconsistent Differentiation and Scaffolding: While core instruction is effective for many students, SWD may not be receiving consistent, targeted support aligned to their IEP goals. -Limited Access to Intensive Interventions: Intervention time and staffing may be insufficient to meet the needs of students performing significantly below grade level. -Gaps in Foundational Skills: Many SWD may have persistent deficits in phonemic awareness, decoding, and fluency that are not being adequately remediated.	1. Strengthen Inclusive Instruction and Foundational Literacy: Build staff capacity to support diverse learners through inclusive practices and targeted literacy interventions, including effective IEP implementation. 2. Use Data to Drive Equity-Focused Instruction: Analyze subgroup data to inform instruction and close learning gaps.
According to the 2024–2025 i-Ready Reading Diagnostic, 36% of English Language Learners (ELLs) are performing at Mid or Above Grade Level or Early On Grade Level.	-Language Barriers in Literacy Instruction: ELLs may struggle with academic vocabulary and comprehension due to limited English proficiency, especially in content-heavy texts. -Inconsistent Scaffolding and Supports: Not all classrooms may be consistently using language supports such as visuals, sentence frames, and structured oral language practice. -Limited Time for Explicit Language Development: Instructional time may prioritize reading content over targeted English language development. -Variability in Teacher Training: Teachers may have varying levels of experience and training in supporting ELLs through integrated language and literacy instruction. -Family Engagement Challenges: Language and cultural barriers may limit communication and collaboration with families to support literacy at home.	1. Strengthen Language-Integrated Literacy Instruction: Embed language development into reading instruction and expand targeted supports for ELLs through small group interventions and consistent use of scaffolds. 2. Use Data and Family Partnerships to Support ELL Growth: Monitor ELL progress with disaggregated data and engage families through multilingual resources that promote literacy at home.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	66%	By June, 2026, literacy for All Students will improve, as measured by a 5 point Increase, from 66% to 71%, of percentage of students scoring at or above proficienc on the I-Ready Reading Diagnostic results.
Students with Disabilities (SWD)	36%	By June, 2026, literacy for Students with Disabilities (SWD) will improve, as measured by a 5 points Increase, from 36% to 41%, of percentage of students scoring at or above proficiency on the I-Ready Reading Diagnostic.
English Language Learners (ELL)	36%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 5 point Increase, from 36% to 41%, of percentage of students scoring at or above proficiency on the I-Ready Reading Diagnostic.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement consistent small-group instruction in K–2 to strengthen Tier 1 literacy practices and build a stronger foundation for Tier 2 and 3 supports.

Root Cause Addressed:

Inconsistent implementation of differentiated, data-driven literacy instruction across classrooms, leading to uneven student progress and persistent achievement gaps.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development on Differentiated Literacy Instruction for ALL students Timeline: September - October 2025 Action: Provide training for all instructional staff on using i-Ready, Acadience data and HMH Into Reading data to plan differentiated reading instruction aligned to student needs. Responsible: Instructional Coach, Literacy Lead Outcome: Teachers demonstrate increased use of small group instruction and targeted supports in lesson plans.
Schoolwide Data Cycles and Collaborative Planning Timeline: October 2025–June 2026 (monthly) Action: Implement regular data meetings to analyze i-Ready and Acadience results and plan responsive instruction. Responsible: Grade Teams, Admin Team Outcome: Instruction is adjusted based on student performance trends, leading to improved outcomes.
Classroom Walkthroughs with Feedback on Literacy Practices (Explicit Instruction) Timeline: October 2025–June 2026 Action: Conduct monthly walkthroughs focused on literacy instruction, followed by coaching and feedback

sessions. Responsible: Admin Team, Instructional Coach Outcome: Increased consistency and quality of Tier 1 instruction across classrooms.
Targeted Support for Below-Grade-Level Students Timeline: October 2025–June 2026 Action: Provide Tier 2 and Tier 3 interventions using research-based programs for students identified through i-Ready diagnostics and Acadience. Responsible: Interventionists, Support Staff Outcome: Accelerated growth for students performing below grade level.
Family Literacy Engagement Events Timeline: November 2025, February 2026, May 2026 Action: Host events to equip families with strategies to support reading at home and understand i-Ready reports. Responsible: Parent Coordinator, ILET Outcome: Increased family involvement in literacy development.

Key Strategy 2 (Optional):

Implement a Multi-Tiered System of Supports (MTSS) with a Focus on Inclusive Practices and Data-Driven Literacy Interventions using NYC Reads approved literacy intervention programs.

Root Cause Addressed:

-Inconsistent Differentiation and Scaffolding: While core instruction is effective for many students, SWD may not be receiving consistent, targeted support aligned to their IEP goals.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Build Staff Capacity for Inclusive Instruction Actions: Schedule PD sessions on differentiation, scaffolding, and co-teaching strategies. Create model classrooms or peer observation cycles to showcase inclusive practices. Develop co-teaching teams with clear roles and planning time. Timeline: September–October Responsible Parties: Administration/Special Education Coordinator Success Indicators: Increased use of inclusive strategies in lesson plans and walkthroughs
Strengthen Literacy Instruction and IEP Implementation in Upper Grades Actions: Administer Acadience assessments to identify literacy gaps in grades 3–5. Group students by need and implement Phonics for Reading in small groups. Audit IEPs for alignment with literacy goals and ensure service delivery matches student needs. Provide PD on evidence-based literacy practices for upper-grade teachers. Timeline: September–November Responsible Parties: Special Education Team, AP Success Indicators: Improved Acadience scores, fidelity of IEP implementation, student growth in phonics

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures:
Instructional Walkthroughs and Observations
Frequency: Monthly
Focus: Evidence of differentiated instruction, use of data to inform grouping, and integration of literacy strategies across content areas.
Evidence Collected: Walkthrough forms, observation notes, teacher feedback, and instructional snapshots.

Data Team and Grade-Level Meetings
Frequency: Biweekly or Monthly
Focus: Review of i-Ready Reading data, formative assessments, and student work to adjust instruction and groupings.
Evidence Collected: i-Ready BOY, MOY, EOY reports; HMH Into Reading module data results; meeting agendas and notes.

Student Progress Monitoring
Frequency: Monthly
Focus: Tracking student growth in reading fluency, comprehension, and vocabulary.
Evidence Collected: Progress monitoring logs from Acadience and intervention tracking sheets.

Frequency: Quarterly
Focus: Monitoring family participation in literacy events and communication about student progress.
Evidence Collected: Attendance logs from literacy nights, parent-teacher conference notes, and communication records.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/20/2025	12/19/2025	Parent University - Literacy and Data Workshops for Families - Interactive, grade specific workshops where families learn how to support literacy at home using decodable texts, strategies from evidence-based programs, etc. Incorporated in these sessions are opportunities for families to interpret student data and understand progress.	N/A
09/04/2025	05/29/2026	Multilingual Family Learning Series with a focus on literacy development, IEP understanding, and navigating school resources - translated materials will be provided and live interpretation to ensure participation and engagement.	N/A

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom teachers, Instructional coaches, Special education staff, Paraprofessionals, School leadership team

Instructional Resources

Core curriculum materials

Schedule Adjustments

N/A

Other Resources Needed

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2024–2025 Student SEL Survey Results -Agreement with "MindUP Brain breaks help me manage my emotions" slightly declined from 47% (Fall) to 45% (Spring). -Disagreement increased from 16% to 18%, and uncertainty remained high (37% to 38%).	-Lack of consistent implementation: Variability in how brain breaks and lessons are delivered may reduce their effectiveness. -Insufficient student understanding: Students may not clearly recognize or articulate the benefits of SEL practices. -Limited teacher training or buy-in: Educators may need more support to integrate SEL meaningfully into daily routines.	1. Strengthen SEL Instruction and Student Ownership: Build staff capacity to deliver engaging SEL instruction and empower students through reflection, voice, and self-assessment. 2. Integrate and Monitor SEL Practices Schoolwide: Embed MindUP across routines and subjects, using real-time feedback and observations to ensure fidelity and impact.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	45% (Spring 2025)	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 55% Increase, in percentage of students who respond “Yes” to the statement “MindUP Brain breaks help me manage my emotions” from 45% (Spring 2025) to 10%, per the Student SEL Survey Results.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a schoolwide SEL reinforcement initiative that deepens student understanding and engagement with MindUP practices through consistent, reflective, and interactive experiences.

Root Cause Addressed:

Students' limited understanding and internalization of SEL practices, particularly how MindUP brain breaks and lessons help them manage emotions and make better choices.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Development for Staff: Based on the end of year staff SEL survey, teachers & paraprofessionals will participate in differentiated PD on RULER, MindUp, and their implementation as well as advanced uses during instruction and throughout the school day. Timeline: September - November 2025 Action: Provide refresher training on effective SEL facilitation, student reflection strategies, and integrating MindUP into daily routines. Responsible: MindUp trained staff, administration, school counselors
Student Reflection Journals - Teachers will learn about how to lead students in be journaling about the impact that brain breaks and MindUp lessons have on their emotions and choices Timeline: October 2025 launch Action: Introduce weekly SEL journals for students to reflect on how brain breaks and lessons impact their emotions and choices. Responsible: Classroom Teachers - grade 4, C.A.S.E. Team

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Monitoring Progress
-Monthly C.A.S.E. Team Meeting focus on MindUp
-Review implementation fidelity of MindUP practices.
-Analyze student and teacher feedback.
-Adjust strategies based on real-time observations.

Classroom Walkthroughs and Observations
-Use a standardized SEL observation rubric to assess consistency and quality of brain breaks and SEL lessons.
-Student Reflection Journals Review

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	05/29/2026	Parent University SEL Family Engagement based on parent survey/interests - Host family workshops 4 times a year and distribute RULER/Mindup monthly newsletters to help with reinforcing SEL strategies at home (available in Spanish, Mandarin, Korean and English)	
10/06/2025	05/29/2026	"MindUP at Home" Parent University series to help families reinforce practices at home and build stronger school-home connections. Also, offering a MindUp at home tool kit. Topics to be covered - MindUP and the Brain, Mindful Breathing & Focus Strategies, Gratitude Practices at Home, Managing Big Emotions, among other topics.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Classroom Teachers, School Counselors, Parent Coordinator, School Leadership Team, C.A.S.E. Team

Instructional Resources

MindUP Curriculum and materials, SEL Reflection Journals, SEL observation rubrics

Schedule Adjustments

Monthly SEL family engagement events, Dedicated time for student focus groups and journal reviews

Other Resources Needed

Technology for virtual workshops and surveys

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Data Source: i-Ready Math Diagnostic, 2024–2025 School Year Key Finding: 66% of students are performing at Mid or Above Grade Level and Early On Grade Level combined. Trend Analysis: This indicates that approximately one-third of students (34%) are performing below grade level in math.	-Inconsistent Tier 1 Instruction: Variability in instructional quality may lead to uneven student outcomes. -Limited Differentiation: Students below grade level may not be receiving targeted support aligned to their specific skill gaps. -Insufficient Use of Data: Teachers may not be consistently using i-Ready data to inform small group instruction or interventions. -Gaps in Foundational Skills: Students may be advancing without mastering prerequisite math concepts. -	1. Strengthen Tier 1 Math Instruction: Ensure all students receive high-quality, standards-aligned instruction that builds conceptual understanding and skill mastery through enVision strategies, spiral review, and differentiated supports. 2. Use Data to Drive Targeted Interventions: Leverage i-

	Professional Development Needs: Teachers may need more support in using adaptive tools and scaffolding strategies effectively.	Ready diagnostics and progress monitoring to identify learning gaps, personalize instruction, and build foundational skills for below-grade-level learners.
Data Source: i-Ready Math Diagnostic, 2024–2025 School Year Key Finding: -Only 42% of SWDs are performing at or near grade level in math, meaning 58% are below grade level. Trend Analysis: -This performance is significantly lower than the overall student population (66%), indicating a performance gap of 24 percentage points. This suggests that SWDs are not making comparable progress in math and may require more targeted supports and differentiated instruction.	Lack of Differentiated Instruction: --General education math instruction may not be sufficiently adapted to meet the diverse learning needs of SWDs. -Inconsistent Implementation of IEP Accommodations: Supports outlined in IEPs may not be consistently applied during math instruction. -Limited Access to Specialized Interventions: SWDs may not be receiving targeted, research-based math interventions aligned to their skill gaps. -Professional Development Gaps: Teachers may need more training in inclusive math practices and scaffolding strategies.	1. Strengthen Inclusive Math Instruction and IEP Implementation: Ensure math instruction is accessible and differentiated for students with disabilities, with consistent use of accommodations and modifications. 2. Expand Targeted Math Interventions and Staff Capacity: Use i-Ready data to guide small-group or 1:1 support, and build staff expertise through PD on UDL, scaffolding, and adaptive tools.
Data Source: i-Ready Math Diagnostic, 2024–2025 School Year Key Finding: -Only 44% of ELLs are performing at or near grade level in math, meaning 56% are below grade level. Trend Analysis: -ELLs are performing 22 percentage points lower than the overall student population (66%), indicating a significant achievement gap. This suggests that language barriers may be impacting ELLs' ability to access and demonstrate understanding of math content.	-Language-Heavy Instruction: Math instruction may not be sufficiently scaffolded for students still developing English proficiency. -Limited Use of Visuals and Manipulatives: Instruction may lack supports that help ELLs access abstract math concepts. -Insufficient Integration of Language and Content: Math vocabulary and language structures may not be explicitly taught. -Lack of Differentiated Supports: ELLs may not be receiving targeted small-group instruction aligned to both math and language needs. -Professional Development Gaps: Teachers may need more training in strategies for supporting ELLs in content areas.	1. Strengthen Language-Integrated Math Instruction: Embed vocabulary, visuals, and scaffolding strategies into daily math lessons to support ELLs' conceptual and language development. 2. Expand Targeted Supports and Teacher Capacity: Use i-Ready data to guide small-group interventions and build staff expertise in culturally responsive and sheltered instruction.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	66%	PS 21 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency, will Increase by 5 points from 66% to 71%, for All Students, as measured by “i-Ready Math results.
Students with Disabilities (SWD)	42%	PS 21 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 5 points from 42% to 47%, for Students with Disabilities (SWD), as measured by i-Ready Math results.
English Language Learners (ELL)	44%	PS 21 will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring at or above grade-level proficiency will Increase by 5 points from 44% to 49%, for English Language Learners (ELL), as measured by i-Ready Math results,.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a tiered, data-driven math intervention system that includes differentiated instruction, targeted small-group support, and integrated language scaffolds for ELLs and SWDs.

Root Cause Addressed:

Insufficient differentiation and targeted support in math instruction for students performing below grade level, particularly Students with Disabilities (SWDs) and English Language Learners (ELLs).

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch Tiered Math Intervention Groups Timeline: October 2025 Action: Use i-Ready diagnostic data to identify specific math skill gaps among students with disabilities and English Language Learners. Group students by need and provide targeted small-group or 1:1 instruction during WIN (What I Need) blocks, using scaffolded strategies and adaptive tools. Responsible: Math Team, Special Education Teachers, ENL Teachers
Deliver Targeted PD on Differentiation and Language Supports in Math Timeline: September – November 2025 Action: Provide professional development focused on differentiating math instruction for students with disabilities and embedding language supports (e.g., vocabulary development, sentence frames, visuals) for ELLs. Include modeling of scaffolding strategies and culturally responsive practices. Responsible: Math Team, ENL Coordinator
Implement Math Progress Monitoring and Data Cycles Timeline: Every 6–8 weeks Action: Analyze i-Ready progress monitoring data to evaluate student growth, adjust intervention groups, and refine instructional strategies—especially

for students with disabilities and ELLs. Use findings to inform planning during grade-level data meetings.
Responsible: Instructional Cabinet, Grade-Level Teams

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Structures for Monitoring Progress

Math Team Meetings

-Frequency: Monthly
-Purpose: Review implementation of tiered math instruction and co-teaching models.
-Evidence Collected: Teacher feedback, Implementation checklists, Walkthrough observation notes

Data Team/Instructional Cabinet Cycles

-Frequency: Every 6–8 weeks
-Purpose: Analyze i-Ready diagnostic and progress monitoring data to assess student growth and adjust interventions.
Evidence Collected: i-Ready growth reports, Student grouping adjustments, Intervention logs

Family Engagement Feedback

-Frequency: After each event (quarterly)
-Purpose: Evaluate the impact of Family Math Nights and home support strategies.
-Evidence Collected: Attendance logs, Family surveys, Reflections from staff and families

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	05/29/2026	Ongoing - Family Math Engagement Nights - Family Info Sessions: Host workshops explaining WIN time, how students are grouped, and how interventions support learning. -Progress Updates: Share regular, easy-to-read updates on student growth and goals. - Home Connection Activities: Provide simple math games or practice aligned to intervention skills. -Multilingual Communication: Ensure materials and updates are available in families' home languages.	
03/02/2026	04/06/2026	"Math in Our World" Family Photo Challenge - families to participate in a month-long challenge where they take photos of real-life math in action—like measuring ingredients while cooking, counting change at a store, or identifying shapes in architecture. Families submit photos with short captions explaining the math concept.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Math Team, Parent Coordinator, Grade-Level Teams, ENL (English as a New Language) Teachers

Instructional Resources

i-Ready Math Diagnostic and Instructional Tools, Grade-level math curriculum, Manipulatives and visual aids, Math vocabulary supports, and anchor charts

Schedule Adjustments

Designated intervention blocks during the school day, Additional time for team meetings and progress monitoring,

Other Resources Needed

Flexible scheduling for family engagement events

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As of the 2024–2025 school year,	Lack of Awareness: Many families are unaware of the program or do not understand its benefits, especially in non-English-speaking households.	Family Engagement and Education: Implement targeted outreach campaigns in multiple languages to educate families

only 36% of families have completed Building Block 1 of the NYC Kids RISE Save for College Program	Digital Access Barriers: The process often requires online engagement, which can be a barrier for families without reliable internet or digital literacy. Trust and Privacy Concerns: Families may be hesitant to share personal information due to concerns about data privacy or immigration status.	about the program's benefits and how to participate. Technology Access Support: Provide in-school or community-based digital access points and assistance for families to complete the required steps.
As of the 2025-2026 school year only 67% of the grade bands in the school receive Civics for All lessons.	Due to a shortage of trained staff in CIvics for All and currently prioritizing other instructional goals has limited the immediate integration of Civics for All across all grade levels.	1. Moving forward, our focus will be on supporting staff through targeted training and working collaboratively to create space in the schedule for Civics for All lessons. 2.To ensure effective implementation of the Civics for All program, key priorities include equipping staff with appropriate training and allocating instructional time within the existing schedule

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36%	PS 21 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college savings accounts for All Students will Increase by 10% from 36% to 46% as measured by NYC RISE enrollment reports.
All Students	67%	PS 21 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of students exposed to Civics for All lessons for All Students will Increase by 10% from 67% to 77% as measured by Participation in Civics for All Lesson/Activities.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a school-wide, multilingual family engagement initiative that combines financial literacy education with hands-on support for completing Building Block 1 of the Save for College program. This strategy will leverage trusted community partners, school staff, and digital access points to reduce barriers and increase participation.

Root Cause Addressed:

Lack of Awareness: Many families are unaware of the Save for College program or do not understand its benefits.
Language Barriers: Non-English-speaking households may struggle to access or understand program materials.
Digital Access and Literacy: Some families lack the tools or skills to complete the online components of Building Block 1.
Trust and Privacy Concerns: Families may be hesitant to engage due to concerns about data privacy or immigration status.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Train school staff on how to support families with account activation and Building Block 1 completion - Sept 2025
Send monthly reminders and progress updates to families via text, email, and backpack letters Oct 2025–June 2026
Celebrate milestones (e.g., 50% completion) with school-wide recognition events - Jan & May 2026

Key Strategy 2 (Optional):

P.S. 21 will embed civics education into core instruction through a coordinated approach that includes curriculum alignment, teacher capacity building, and ongoing monitoring.

Root Cause Addressed:

Some teachers may require additional support in implementing Civics for All lessons effectively, particularly if they have not yet received sufficient professional development or access to aligned instructional resources. Additionally, competing curricular demands may impact the consistency of integration across classrooms.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Collaboratively map Civics for All resources to ELA and Social Studies units to ensure vertical and horizontal alignment.
Identify opportunities to embed civics themes in writing assignments, reading comprehension, current events discussions, and project-based learning.
Design a school-wide Civics Integration Calendar that outlines key lessons and civic engagement activities by grade level and month.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly Family Engagement Logs
-Track number, type, and language of outreach events (e.g., workshops, info sessions).
-Monitor attendance and participation rates by demographic group.

-Staff Implementation Check-ins

Monthly team meetings to review progress on outreach and support efforts.
-Use implementation rubrics to assess fidelity to the strategy.
-Digital Completion Dashboard

Use NYC Kids RISE data to track real-time Building Block 1 completion rates by class, grade, and subgroup.
-Identify trends and adjust support accordingly.
-Feedback Mechanisms

Collect family feedback through surveys and focus groups (available in multiple languages). Use feedback to refine communication and support strategies.

Implementation Monitoring:

To monitor the implementation of key strategies aimed at increasing student exposure to Civics for All lessons from 67% to 77% by June 2026, P.S. 21 will utilize the following primary structures:

1. Civics Integration Calendar Review
Monthly reviews of the school-wide Civics Integration Calendar will ensure that grade-level teams are implementing the planned lessons and civic engagement activities. Adjustments will be made based on feedback and observed instructional needs.

2. Grade Level Lesson Planning
Administrators will conduct meetings to discuss lesson plans to verify the integration of Civics for All resources into ELA and Social Studies units. These meetings will focus on vertical and horizontal alignment and the presence of civics themes in writing, reading comprehension, and project-based learning.

3. Classroom Observations and Walkthroughs
Targeted classroom observations will be conducted using a civics integration checklist to assess the fidelity of implementation and identify areas for support. Observational data will be used to inform coaching cycles and professional development.

4. Teacher Feedback and Surveys
Teachers will complete quarterly surveys to provide feedback on the effectiveness of civics integration, access to resources, and professional development needs. This data will help refine support structures and resource allocation.

5. Student Work Analysis
Samples of student writing, projects, and discussion artifacts will be collected and reviewed to assess the depth of civics understanding and engagement. This will serve as evidence of instructional impact.

6. Progress Monitoring via PRT in iPlan Portal
Implementation Progress Checks will be documented in the Progress Reporting Tool (PRT) within the iPlan Portal. These checks will include quantitative data (e.g., percentage of students exposed to Civics for All lessons) and qualitative evidence (e.g., examples of integrated instruction and student outcomes).

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/15/2025	11/21/2025	Launch multilingual family workshops to explain the Save for College program and Building Block 1	
12/01/2025	03/27/2026	Pathways to College: Saving Starts Now - Educate families on the importance of early college savings. Provide hands-on support to complete Building Block 1. Connect families with financial literacy tools and community resources.	
06/15/2026	P.S.21 will highlight what students have learned in civics in our school newsletter, website, or social media.		

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, PTA, School Aides, administrators, Civics for All leads

Instructional Resources

Civics for ALL curriculum and curricular resources, NYC Kids RISE Toolkits: Multilingual guides, videos, and handouts for families. Financial Literacy Curriculum: Integrated into advisory or family engagement sessions. Digital Access Stations: School-based kiosks or tablets for families to complete enrollment steps.

Schedule Adjustments

Monthly Family Nights: Dedicated time for Save for College workshops. Professional Learning Time: Staff PD sessions on program implementation and family engagement strategies.

Other Resources Needed

Translation and Interpretation Services: For all outreach materials and events. Incentives for Participation: Light refreshments, raffles, or recognition for families who complete Building Block 1. Data Dashboard Tools: To track completion rates and identify students/families needing support.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
On the 2025 NYC School Survey, 94% of families say the school creates	Families may feel they do not receive timely or clear information about school events, academic expectations, or student progress. Additionally, engagement events may not	Build trust through Consistent Communication Use

opportunities for parents to be involved in school activities and in their child's learning.	be accessible due to work schedules, childcare needs, or transportation challenges or communication is not consistently available in families' home languages,	multilingual newsletters, texts, and Parent Square to share updates.

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	94%	PS 21 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of parents/families indicating that they are satisfied with their Parent Involvement in School will Increase by 5% from 94% to 99& as measured by NYC School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Build trust through consistent communication by: using multilingual newsletters, texts, and apps to share updates. Create a monthly “Family Snapshot” with key dates, student highlights, and learning tips.

Root Cause Addressed:

Families may feel they do not receive timely or clear information about school events, academic expectations, or student progress.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Professional Learning for Staff PD on effective family engagement strategies and tools for sharing student learning. Highlight best practices and success stories during the session. September PD Ongoing: Monthly tech support sessions.
Weekly “Work of the Week” Communication Student-Facing Activity: Students select a piece of work to share with families, accompanied by a teacher note. Rollout: November: Begin weekly sharing via folders or email. Staff Support: Provide templates and sample feedback blurbs.
Ongoing Professional Learning Topics: Family engagement strategies. Culturally responsive communication. Using student work to drive conversations. Format: Monthly PLCs (Professional Learning Communities). Peer-led workshops and best practice shares.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of the “Learning Showcase System,” the Instructional Leadership Equity Team (ILET) will take an active role in setting clear benchmarks and ensuring consistent follow-through. Each ILET member will serve as a liaison to specific grade levels, supporting teachers and tracking progress. Monthly ILET meetings will include a standing agenda item to review implementation data, such as the frequency of student work uploads to digital portfolios, completion of monthly “Learning Snapshots,” and participation in classroom showcase events. A shared monitoring tool or dashboard will be used to log these metrics and identify trends. ILET members will also conduct periodic classroom walkthroughs and digital portfolio reviews to ensure student work is current, reflective, and aligned to instructional goals. Feedback from both teachers and families will be gathered regularly to assess the clarity, usefulness, and impact of the system. This data will inform ongoing reflection and adjustments, allowing the ILET to celebrate successes, address challenges, and continuously improve the visibility of student learning for families.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
11/03/2025	05/29/2026	Monthly family engagement nights focused on academics, SEL, and cultural celebrations. Include hands-on activities like math games, read-alouds, or SEL stations to make events engaging.	
11/03/2025	05/29/2026	Monthly Family Learning Showcases - by grade level - Invite families to attend monthly classroom or schoolwide events where students present their work. Include interactive elements such as student-led tours, Q&A sessions, and hands-on activities.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Leadership Equity Team, Parent Coordinator

Instructional Resources

Curriculum-Aligned Project Templates: To guide student work that is shared with families. Multilingual Materials: To ensure accessibility for all families.

Schedule Adjustments

Dedicated Time for Monthly Showcases: Built into the school calendar. Quarterly conference days.

Other Resources Needed

Printing and Supplies: For physical student work displays and take-home materials.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
15% of students are identified as chronically absent, meaning they have missed 10% or more of instructional days.	Limited engagement strategies that make students feel connected to school.	Increase Student Engagement: Create a welcoming, inclusive school climate and offer incentives for improved attendance.
17% of ELLs are chronically absent, exceeding both the schoolwide rate (15%) and the NYCPS target. Trend Analysis: This indicates that ELLs are disproportionately affected by chronic absenteeism. This trend may be	Language and communication barriers between school and families may limit awareness of attendance expectations and supports. Cultural or logistical challenges (e.g., recent	Enhance School Belonging for ELLs: Create inclusive environments that make ELL students feel seen, supported, and motivated to attend.

contributing to lower academic performance in math (only 44% of ELLs are at or near grade level per i-Ready data).	immigration, housing instability, family responsibilities). Limited engagement strategies that reflect the cultural and linguistic diversity of ELL families.	
23% of SWDs are chronically absent, significantly higher than the schoolwide rate of 15% and well above the NYCPS target. Trend Analysis: -This indicates that nearly 1 in 4 SWDs are missing 10% or more of the school year, which likely contributes to lower academic performance (only 42% of SWDs are at or near grade level in math). -Chronic absenteeism among SWDs may be linked to both academic and non-academic barriers.	-Limited individualized attendance supports for SWDs with complex needs. -Inconsistent communication with families about the importance of attendance and available supports. -Barriers related to health, transportation, or services that are not proactively addressed. -Lack of inclusive school climate that fosters belonging and motivation for SWDs to attend regularly.	1. Strengthen Individualized Attendance Supports: Integrate attendance goals into IEPs and conduct regular family check-ins to address barriers for students with disabilities. 2. Enhance Wraparound Services and Inclusive Culture: Collaborate with service providers and promote belonging through inclusive practices and student voice initiatives to improve attendance.

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	15%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 5%, from 15% to 10%, as measured by the New Visions Chronic Absenteeism Reports.
Students with Disabilities (SWD)	23%	By June, 2026, the “Percentage of Chronically Absent for Students with Disabilities (SWD) will decrease by 5%, from 23% to 16%, as measured by the New Visions Chronic Absenteeism Reports.
English Language Learners (ELL)	17%	By June, 2026, the Percentage of Chronically Absent Students for English Language Learners (ELL) will decrease by 5%, from 17% to 12%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a multi-tiered attendance support system tailored to the unique needs of SWDs, integrating family engagement, individualized supports, and inclusive school culture practices.

Root Cause Addressed:

Limited individualized attendance supports for SWDs with complex needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Individual Attendance Plans (IAPs): Develop personalized attendance plans for SWDs with chronic absenteeism, including goals, supports, and progress monitoring.
Family Partnership Meetings: Host meetings with families of chronically absent SWDs to co-create solutions and connect them with community resources.
Revise current Classroom Incentives: Implement classroom-based attendance recognition systems that are accessible and motivating for SWDs.
Launch with a professional development session introducing the multi-tiered attendance framework, emphasizing equity and the unique needs of SWDs.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of the multi-tiered attendance support system for Students with Disabilities (SWDs), the C.A.S.E. team will lead a structured progress monitoring process aligned with the goal of increasing student engagement. This process will include tracking key metrics such as daily and monthly attendance rates, chronic absenteeism, and the number of students receiving Tier 2 and Tier 3 supports. A Google Sheets form will serve as the data dashboard, allowing the team to disaggregate attendance data by tier level and grade for targeted analysis and responsive planning. Staff will document the delivery and effectiveness of interventions through simple logs to ensure fidelity and consistency. The C.A.S.E. team will review this data during monthly meetings to identify trends, assess the impact of interventions, and determine next steps. Additionally, student and family feedback will be collected through surveys and check-ins to better understand barriers to attendance and perceptions of school climate. Progress will be celebrated through recognition programs and incentives, reinforcing positive attendance behaviors and supporting a welcoming, inclusive school culture.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
10/06/2025	06/05/2026	Collaborative Problem-Solving Workshops Purpose: Address systemic barriers with family input. Format: Small group sessions with families, counselors, and service providers Use real attendance data to guide discussion Develop action steps together	
10/06/2025	11/14/2025	Building Routines for School Success Offer tips on morning routines, sleep schedules, and transportation planning Include hands-on activities like creating a family attendance calendar	
01/08/2026	02/13/2026	Navigating Supports for Students with Disabilities Explain how IEPs can include attendance goals Introduce related service providers and how they support attendance	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Special Education Teachers, School Social Worker, Parent Coordinator, Success Mentors, School Counselor, Attendance Teacher

Instructional Resources

Student attendance tracking system (e.g., ATS, STARS), IEP management platform for integrating attendance goals, Family communication tools (e.g., ParetnSquare)

Schedule Adjustments

Monthly Attendance Review Team meetings, Monthly PLC time for inclusive practice reflection

Other Resources Needed

Recognition materials for attendance incentives (certificates, bulletin boards)

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
In the 2024-2025 school year, according to the IEPs Not Completed by IEP Meeting Date	The IEPs were undergoing revaluations that were in the late spring causing evaluations to go into the summer where there is limited staff.	IEP Development

report 2% who have an IEP went out of compliance.		and Fidelity of Implementation
N/A	N/A	Transition Planning and Compliance
In October 2025, 85% of referrals were initiated by the parents writing a letter.	The children are unable to keep up with grade level work even with AIS supports in place	Referral Process and Equity
In the 2024–2025 school year, Special Education (SE) students accounted for 49% of all disciplinary infractions at P.S. 021 Edward Hart (22 out of 45 total incidents). This is disproportionate considering SE students typically represent a smaller percentage of the total student population. Source: OORS-SUSPENSION REPORT by RACE, GENDER, & IEP-DBN.	Inadequate inclusive practices: SE students may not be receiving sufficient behavioral and emotional support within general education settings. Limited staff training: General education teachers and support staff may lack professional development in trauma-informed practices, de-escalation strategies, and differentiated behavior interventions. Insufficient access to proactive supports: There may be a lack of early intervention systems (e.g., PBIS, SEL programs) tailored to the needs of SE students. Communication gaps: Inconsistent collaboration between special education and general education staff may hinder the implementation of IEP behavior goals.	Equity in School Discipline
N/A	N/A	N/A

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	98%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Timeliness of IEP completion. by a 1% Increase, from 98% to 99%, as measured by IEPs Not Completed by IEP Meeting Date Report.
Students with Disabilities (SWD)	49%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Disproportionate suspensions by a 20% Decrease, from 49% to 29% , as measured by OORs school disciplinary incident reports.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Implement a schoolwide Inclusive Behavior Support Framework that integrates trauma-informed practices, proactive behavioral supports, and collaborative planning to ensure Students with Disabilities (SWDs) receive equitable, supportive discipline within general education settings.

Root Cause Addressed:

Disproportionate disciplinary infractions among Special Education (SE) students due to insufficient inclusive behavioral supports and collaboration.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Root Cause Analysis (September 2025) The Crisis team will analyze disciplinary data from the past two years to identify patterns in behavior incidents involving SE students. This includes examining when and where incidents occur, the nature of infractions, and any recurring student needs. The findings will guide the development of targeted supports.
Implementation of Targeted Behavior Supports (November 2025–June 2026) Based on the data analysis, the Crisis will coordinate the implementation of individualized behavior supports for SE students with frequent infractions. These may include check-in/check-out systems, behavior contracts, and social-emotional learning (SEL) interventions. Staff will monitor and document student progress.
Strengthening Collaboration Between SE and GE Staff (Ongoing) General and special education teachers will engage in regular co-planning sessions to align classroom practices with students' behavioral and academic needs. The Crisis team will facilitate these meetings and ensure that strategies are consistently applied across settings.
Ongoing Monitoring and Adjustment (Monthly) The Crisis will review disciplinary data monthly to assess progress toward the goal. Adjustments to interventions will be made based on trends and feedback. Progress will be shared with staff and families to promote transparency and collective accountability.
N/A

Key Strategy 2 (Optional):

Teachers will fill out a SIT form to initiate a revaluation for students to move to a LRE/MRE, receive additional related services, removal of mandated services, and/or removal of special education, prior to April 15th.

Root Cause Addressed:

The IEPs were undergoing revaluations that were in the late spring causing evaluations to go into the summer where there is limited staff.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Staff Training & Awareness (November–December) Conduct a professional development session to review: Purpose and process of SIT forms and the school's RTI form Criteria for initiating reevaluations Timelines and responsibilities
Distribution of SIT Guidelines (January) Share a step-by-step SIT submission guide with all instructional staff. Include deadlines, required documentation, and contact information for support.
Ongoing Support & Monitoring (January–March) Support teachers in completing forms Review submissions for completeness Track progress toward the April 15th deadline Hold check-ins with grade teams to identify students who may need reevaluation.
Final Data Review & Decision-Making Prior to the Revaluation Deadline (March–April)
N/A

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To ensure the successful implementation of strategies aimed at reducing disciplinary infractions among Special Education (SE) students, P.S. 021 Edward Hart will rely on several key structures and sources of evidence. The Crisis will serve as the central body for monitoring progress. Once a month, Crisis members will review updated disciplinary data, disaggregated by subgroup, to assess the effectiveness of interventions and identify any emerging trends. These meetings will also include a review of behavior intervention logs and notes from student support sessions to ensure that supports are being implemented with fidelity.

In addition to data reviews, the school will track collaboration between general and special education teachers through co-planning logs and meeting notes. These documents will provide insight into how well instructional teams

are aligning their practices and implementing behavior-related supports outlined in students' IEPs. The Crisis team will use this information to identify areas where additional coaching or support may be needed.

Student progress will be monitored using behavior tracking tools, such as daily check-in/check-out forms, SEL group attendance logs, and student self-monitoring checklists. These tools will help staff assess how individual students are responding to interventions and whether adjustments are necessary. To ensure families are engaged in the process, communication logs will be maintained to document outreach efforts and gather feedback on the effectiveness of supports from a caregiver perspective.

Finally, the school will conduct quarterly data reviews to evaluate overall progress toward the annual goal. These reviews will compare current disciplinary data to the baseline established in the 2024–2025 school year and will be used to determine whether the school is on track to achieve the targeted 20% reduction in SE infractions. Adjustments to strategies and supports will be made based on these findings, ensuring a responsive and data-driven approach to implementation.

SIT - Implementation Monitoring

To ensure effective implementation of the SIT form process for reevaluation of special education services prior to April 15th, the following structures will be used to monitor progress and impact:

Primary Monitoring Structures

SIT Submission Tracker

A centralized digital tracker will log all SIT form submissions, including date, student name, teacher, and reason for reevaluation.
Updates will be reviewed by the special education coordinator and team.

SIT Meeting Logs

Meeting minutes will document decisions made, next steps, and timelines for each student discussed.
These logs will be used to verify follow-through and ensure timely action.

Staff Check-Ins

Grade-level teams and special education staff will participate in check-ins to identify students in need of reevaluation and monitor form completion progress.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
11/03/2025	12/19/2025	Behavior Supports at Home and School - Focus: Shares strategies for managing behavior at home, understanding school supports, and collaborating with staff Format: Interactive sessions with role-playing and Q&A	
01/19/2026	03/13/2026	Social-Emotional Learning (SEL) and Mental Health- Focus: Introduces SEL practices used in school and how families can reinforce them at home; includes mental health resources and referrals	
11/14/2025	03/31/2026	Building Home-School Partnerships Title: "Partnering for Progress: Supporting Your Child's Learning Journey" Focus: Strategies for communication with teachers and service providers How to share observations and concerns effectively Tools for tracking progress at home Format: Interactive workshop with role-play and resource sharing	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education and General Education Teachers, School Counselors, Interpreters and Bilingual Liaisons

Instructional Resources

Behavior Tracking Tools: Check-in/check-out forms, behavior contracts, and progress monitoring templates.

Schedule Adjustments

Monthly Crisis Meetings: Built into the school calendar for data review and intervention planning. Workshop Time: Scheduled after school or during family engagement nights for parent workshops.

Other Resources Needed

Technology support for data tracking and communication platforms

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	far below grade level in reading based on iReady Diagnostic Assessment & Acadience	Spire	small group	during school	Yes
Tier 2	below grade level in reading based on iReady Diagnostic Assessment Acadience Benchmark Survey	Spire, Sound Sensible	small group	during school/after school	Yes
Tier 2 and 3	Consistent below grade level results in ELA or Mathematics	Spire, Sound Sensible,Building Fact Fluency	Individual	during school	Yes
Tier 2 and 3	below grade level in basic mathematic computations	Building Fact Fluency	small group	during school	Yes
Tier 2	below grade level in math based on iReady Diagnostic Assessment	iReady Math Instructional Grouping	small group	during school/ after school	Yes
Tier 2 and 3	below grade level in I-Ready Math and basic math computation	Do the Math	small group	during school	Yes
Tier 2 and 3	Students below grade level and ELLs	Spire, Sound Sensible Phonics for reading	small group	during school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	mandated	counseling	small group	during	no
Tier 2	at-risk	counseling	small group	during	no
Tier 3	mandated and at risk	Child Mind Institute: SCP-SEL	small group	during	no
Tier 3	Attendance	Success Mentors	small group	before, during, after	no

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

The school introduces MTSS during Back-to-School Night and family orientation sessions, where staff explain how the framework supports all students through three tiers of academic, behavioral, and social-emotional interventions. Visuals and translated handouts are provided to ensure families with limited English proficiency can fully engage.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Families of students receiving Tier 2 or Tier 3 supports are invited to student support meetings, where interventions are discussed, progress is reviewed, and next steps are co-developed. These meetings ensure that families are not only informed but also actively involved in decision-making.

To maintain ongoing communication, the school uses digital platforms (e.g., ParentSquare) and translated progress reports to update families on their child's response to interventions. This includes updates on behavior goals, academic progress, and SEL development.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

When a student is identified as needing Tier 3 support—typically due to persistent academic, behavioral, or social-emotional challenges despite Tier 1 and Tier 2 interventions—the School-Based Support Team (SBST) initiates a collaborative process that includes the family from the outset. Families are invited to participate in student support meetings, where the team reviews data on the student's progress, discusses the nature and intensity of the challenges, and co-develops a plan for individualized interventions.

During these meetings, families are encouraged to share insights about their child's strengths, needs, and experiences outside of school. This input is used to tailor interventions that are culturally responsive and aligned with the student's home environment. The school provides interpreters and translated materials to ensure that families with limited English proficiency can fully participate in the process.

Once interventions are in place, families receive regular updates—often biweekly or monthly—on their child's progress. These updates may include behavior tracking summaries, academic progress reports, and notes from counseling or SEL sessions. Families are also given opportunities to meet with staff to review progress and adjust the intervention plan as needed.

This ongoing, two-way communication ensures that families are not passive recipients of information but active decision-makers in their child's educational journey, especially when intensive supports are required.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

-Total STH 103
-Doubled Up: 98
-Living in a shelter or transitional shelter: 4
-Temporary Housing:1

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Sixteen percent of STH are chronically absent. Forty-nine percent of STH are on or above grade level on the i-Ready Reading Diagnostic assessment as of June 2025. Sixty of STH are on or above grade level on the i-Ready Math Diagnostic Assessment as of June 2025.

After a careful analysis of historical demographic, attendance, and achievement data for the Students in Temporary Housing (STH) population, several key trends emerge that can guide the development of targeted supports. One of the most pressing concerns is that 16% of STH students are chronically absent. This level of absenteeism suggests that many students in temporary housing face significant barriers to consistent school attendance, such as transportation challenges, housing instability, or health-related issues. These barriers can disrupt learning continuity and contribute to academic gaps.

In terms of academic performance, the data from June 2025 shows that 49% of STH students are on or above grade level in reading, while 60% are on or above grade level in math, based on the i-Ready Diagnostic assessments. While the math performance is relatively stronger, both figures indicate that a substantial portion of the STH population is performing below grade level, particularly in reading. This suggests a need for intensified literacy interventions and supports tailored to the unique needs of students experiencing housing instability.

These trends point to the importance of a multi-tiered support system that addresses both academic and non-academic barriers. Attendance interventions should be paired with outreach efforts that connect families to community resources, while academic supports should include targeted small-group instruction, tutoring, and access to high-quality instructional materials. Additionally, trauma-informed practices and social-emotional learning must be embedded into daily instruction to support the whole child. By responding to these trends with intentional, equity-driven strategies, the school can better meet the needs of its STH students and improve both engagement and achievement outcomes.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

To meet the needs of the Students in Temporary Housing (STH) population at P.S. 021 Edward Hart, the school is implementing a comprehensive set of services that address both academic and non-academic barriers to student success. These services were selected based on historical data trends, staff input, and feedback from the STH Title I Survey, which helped identify the most urgent needs from families' perspectives.

One of the core services is attendance outreach, led by a designated liaison who works directly with families to identify and address barriers to consistent attendance. This includes connecting families with transportation assistance and community-based supports. In response to academic data showing that only 49% of STH students are on or above grade level in reading and 60% in math, the school will provide targeted tutoring and small-group instruction, both during and after school, with a focus on foundational skills.

Importantly, the school operates a school pantry that provides food and essential toiletries to families in need. This resource helps address basic needs that directly affect student attendance, focus, and readiness to learn. The pantry is available to all families, with special outreach to those in temporary housing.

All of these services were prioritized based on the STH Title I Survey, which highlighted the need for academic support, mental health resources, and access to basic necessities. The survey also emphasized the importance of clear communication and culturally responsive engagement, which the school is committed to maintaining throughout the year.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

We have 2 students who are in foster care enrolled at PS 21. Both students receive at risk counseling as well as Academic Intervention Services.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Both School Counselors are the Foster Care Point of Contact who ensure coordination between the school and child welfare agencies. School counselors provide trauma-informed care and social-emotional support.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

To support students in foster care who are significantly behind in reading, our school uses programs like SPIRE (Specialized Program Individualizing Reading Excellence) program. SPIRE is a research-based, multisensory reading intervention designed specifically for students with reading difficulties, including those with dyslexia or who are performing well below grade level. Our school's Success Mentors who support chronically absent students and their families are available to support students in foster care with attendance issues.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these

strategies help address academic and behavioral challenges?

At our school, we implement a multi-layered support system to ensure that students in foster care—particularly those in transitional grades—receive targeted Social-Emotional Learning (SEL) support that addresses both academic and behavioral challenges. Our C.A.S.E. team) plays a central role in coordinating supports, monitoring attendance, and ensuring SEL interventions are responsive to individual student needs. We also have two school counselors trained in trauma-informed practices, who provide targeted SEL instruction, small group counseling, and individualized support. Additionally, we are a MindUP school, integrating mindfulness-based SEL practices into daily instruction to help students build self-awareness, emotional regulation, and resilience. Together, these strategies create a supportive, inclusive environment that helps foster youth thrive both socially and academically.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

The goal of this policy is to develop a parent/guardian and family engagement policy that will establish expectations and objectives for meaningful parent/guardian and family engagement in the P.S. 21Q Edward Hart, hereafter "P.S. 21Q," community.

Educational research shows a positive correlation between effective parental engagement and student achievement. With this in mind, P.S. 21Q, in compliance with Section 1116 of Title I, Part A, of the federal education law titled Every Student Succeeds Act (ESSA), in collaboration with the P.S. 21Q Title I Parent Advisory Council is responsible for creating and implementing a Title I Parent/guardian and Family Engagement Policy, hereafter the "PFEP," to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents/guardians informed by actively involving them in planning and decision-making in

support of the education of their children. P.S. 21Q parents/guardians are encouraged to actively participate on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council as volunteers, who will receive training through the school or the district in their volunteer roles, and are welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 21Q will support Title I parents/guardians and other family members of Title I students by:

-providing materials and training to help parents/guardians work with their children to improve their achievement level, e.g., literacy, math, use of technology, etc.;

providing parents/guardians with the information and training needed to effectively become involved in planning and decision-making in support of the education of their children;

-fostering a caring and effective home-school partnership to ensure that parents/guardians can effectively support and monitor their child's progress;

-providing assistance to parents/guardians in understanding city, state, and federal standards and assessments;

-sharing information about school and parent/guardian-related programs, meetings, and other activities in a format and in languages that parents/guardians can understand;

-providing professional learning opportunities for school staff to improve outreach, communication skills, and cultural competency in order to build stronger ties between parents/guardians and other members of the school community;

-providing professional learning opportunities for parents/guardians to build stronger ties between parents/guardians and other members of the school community.

Parental Involvement and School Quality

The P.S. 21Q PFEP was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The P.S. 21Q school community will conduct an annual evaluation of the content and effectiveness of this PFEP with the meaningful involvement of P.S. 21Q Title I parents/guardians and family members to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents/guardians and family members and enhance P.S. 21Q's Title I program. This information will be maintained by the school.

In developing the P.S. 21Q PFEP, Title I families were consulted on the proposed PFEP and were surveyed for additional input. To increase and improve parent/guardian involvement and school quality, P.S. 21Q will:

-translate all critical school documents and provide interpretation during meetings and events as needed;

-actively involve and engage parents/guardians and family members in the planning, review, and evaluation of the effectiveness of the school's Title I program as outlined in the school's Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;

-engage all parents/guardians in discussion and decisions regarding the required Title I - 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills; As a result of parent a parent survey, families chose to attend the Queens Zoo as an educational family engagement experience for our families.

-ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's PFEP, the School-Parent Compact, and the CEP;

-support school-level committees that include parents/guardians who are members of the School Leadership Team, the Parent-Teacher Association, and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning;

-maintain a parent coordinator to serve as a liaison between the school and families with assistance from the Title I PAC Chairperson, whose role is defined as being the conduit between Title I families and SLT, or the Title I PAC Alternates, or other parent volunteers on the Title I PAC.

-ensure that Title I PAC Chairperson, the Title I PAC Alternates, or other parent volunteers on the Title I PAC will collaborate with the parent coordinator to provide parent workshops based on the assessed needs of the parents/guardians of children who attend P.S. 21Q. Further, they will work to ensure that the school environment is welcoming and inviting to all parents/guardians. The parent coordinator will also maintain a log of events and activities planned for parents/guardians each month and file a report with the central office;

•conduct parent workshops with topics that may include:
- •parenting responsibilities to support their child academically and social-emotionally
- •understanding educational accountability
- •attendance impacting student learning
- -grade-level curriculum and assessment expectations
- •literacy supports
- •accessing community and support services
- •technology training to build parents'/guardians' capacity to help their children at home
- •other matters to help parents/guardians with supporting their child at home.

•provide opportunities for parents/guardians to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;

•host the required Annual Title I Parent/Guardian Meeting each school year to Title I families to advise them about the P.S. 21Q Title I funded programs, their right to be involved in the programs, and the parent and family engagement requirements under Title I, Part A, Section 1116, and other applicable sections under ESSA;

-collaborate with the Title I Parent Advisory Council in hosting family meetings throughout the school year to advise and update Title I families about the P.S. 21Q Title I funded programs, and in receiving parental input or feedback about the P.S. 21Q Title I programs;

-schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents/guardians to provide suggestions;

-CRSE information

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:

•hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;

•encouraging meaningful parent/guardian participation on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council;

•establishing a Parent Resource Center/Area or lending library; instructional materials for parents/guardians, depending on the availability of resources for this information outlet;

•encouraging more parents/guardians to become trained school volunteers;

•providing written and/or verbal progress reports at the end of each marking period to keep parents/guardians informed of their child's progress;

•developing and maintaining the school website designed to keep parents/guardians informed about school activities and academic expectations, depending on the availability of resources for this information outlet.

•providing school planners/folders for regular written communication between teacher and the home in a format, and to the extent practicable, in the languages that parents/guardians can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

Edward Hart School PS 21, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- be my best self and be ready to learn each day
- take a meta-moment when necessary
- practice self regulation using the mood meter and mindfulness
- use tools that will best support my learning
- be responsible for completing homework and class assignments on time
- ask for help when feeling unsure about my learning
- do daily work that reflects my best effort
- be respectful to all school members and to school property
- take ownership in my own learning by collaborating and having academic discussions with my peers
- show kindness to everyone around me
- strive to be Lion Harted

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Schoolwide SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

With our growing population of MLLs and ELLs we plan our professional development to support all school staff on how to best meet the needs of this special population.

The Instructional Leadership Equity Team Professional development is offered to our staff to support best practices in vocabulary and adhering to focusing on the Priority Standards with a focus on Strengthening Core Instruction

Our staff professional development is offered to all teachers and administrators that specifically addresses the needs for ELLs.

Our ENL staff and classroom teachers will continue to engage in cycles of learning dedicated to language acquisition, supporting academic vocabulary and discussion techniques in alignment with content area instruction. Teachers focus on ENL and Co-teaching integrating content into instruction to best meet the needs of our ELLs. All of our professional learning opportunities provided with content area training continue to focus on special populations. Such as ELLs and ELLs with IEP's. Our ENL staff and administrators meet monthly to support planning and engaging in Inquiry based practices to support our ELLs. All of our professional learning opportunities provided with content area training continue to focus on special populations. Such as ELLs and ELLs with IEP's.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Shared/joint professional development and collaboration between pre-k teachers and elementary school teachers. Parents are invited to visit classrooms to support in activities. The Building Blocks curriculum aligns with the Bank Street math professional learning K-2 teachers have participated in.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal		X	
Title I, School Improvement 1003(a)	Federal		X	
Title II, Part A	Federal		X	
Title III, Part A	Federal		X	
Title III, Immigrant	Federal		X	
Title IV, Part A	Federal		X	
Tax Levy (Fair Student	Local		X	

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Michael Swirsky
Assistant Principal (Where Applicable)*	Jennifer Nigro
English as a New Language (ENL) Teacher*	Lerna Karanfiloglu
Teacher (if school has a bilingual program must be a bilingual teacher)*	Wanting Ruan
Parent/Guardian*	
Teacher	Luisa Ghiozzi
Parent Coordinator	Maria Herandez
School Counselor	Lisa Hamada
Related-Service Provider	Lisa Calabrese
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

8

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

8

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

8

Number of ESOL certified teachers with a bilingual extension:

9

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

10

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

3

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

1064

Total number and percentage (%) of current ELLs:

32.3

Total number and percentage (%) of former ELLs:

9.5

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

84.6

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

15.4

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0.0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0.0

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

24.4

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	MGC	Spanish	2022-2026	.5	.5	.5	.5										2.0
TBE	N/A	N/A	N/A														0
TBE	N/A	N/A	N/A														0
DLBE	GE	Spanish	2024-2026	1		1	1										3
DLBE	GE	Chinese	2021-2026	1	1	1	1	1	1								6
DLBE	N/A	N/A	N/A														0
				total: 2.5	total: 1.5	total: 2.5	total: 2.5	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

At P.S. 21, we have seven dually certified (TESOL and Common Branch) teachers to provide services through self contained ENL classes and seven TESOL certified teachers to provide Stand Alone/Integrated services. Servicing students in grades K-5.

Newcomers will be receiving additional stand alone support in order to develop their vocabulary and skills necessary to communicate with others.

Five of our self contained classes are heterogeneously formed to include non-ELLs and ELLs with mixed proficiency levels from Entering to Commanding. For our general education classes the make-up is one third to one half ELLs and the remainder of the class is composed of fluent English speaking students to serve as good models of the English language. Our Kindergarten G&T, Second, Third and Fifth grade Self-Contained classes are provided ENL services through dually certified classroom teachers. Entering and Emerging students receive ENL instruction through the ELA content area by grade level.

Our dual language programs continuously grow each year. We will have 7 one way dual language classes in Chinese and Spanish.
Our Chinese dual language classes will be in grades K-5 and Spanish dual language will be in grades K-2.

Our ENL (Entering and Emerging) students who receive Stand Alone 180 minutes (four periods a week) are in mixed groupings across classrooms. SPIRE and decodable texts are used in grades K-2. Phonics for Reading along with decodable texts are used in grades 3-5. Currently we are assigned as a pilot school for HMH English 3D. WIN periods are used for small group instruction by service providers as well as teachers with TESOL certification.

Our ELLs not placed in self contained classes receive services through Stand Alone and Integrated ENL. The makeup of these classes are composed of ELLs with various proficiency levels as well as fluent English speaking students that serve as good models of the English language. Entering and Emerging students receive 180 minutes of Stand Alone from a TESOL certified teacher.

All ELL instruction utilizes technology to support interactive lessons and platforms to engage in supporting the four modalities. Utilizing HMH reading program, instruction will support Priority Standards with a focus on Instructional Priority Area 1, Strengthening our Core Instruction. Instruction includes daily writing, discussion techniques, engaging texts to support close reading skills with a focus on high quality vocabulary instruction.

Our Long Term ELLs will receive their mandated minutes based on proficiency levels. The students will receive supports through utilizing research based programs such as The Wilson Reading System, Fundations, Heggerty, and iReady to support literacy skills.

Research based intervention programs such as SPIRE, Rewards and Sounds Sensible will be used for all our ELLs as needed.

Integrated ENL:

For Integrated ENL services for our MLLs, TESOL certified teachers deliver 180 minutes in a co-teaching model with classroom teachers. For our Entering and Emerging students instruction is provided during ELA. All other proficiency levels (Transitioning-Commanding) instruction is often provided in the content areas such as math, science or social studies.

ENL integrated minutes are provided within the content areas of Science, Social Studies and Math by grade level with mixed proficiency levels. In an Integrated setting, our ELL providers utilize co-teaching and parallel teaching models aligned with current units of study within each class and grade level. Our classrooms servicing ELLs are of smaller size to ensure we afford space for newly arrived students and to allow for smaller group instruction.

All ELL instruction utilizes technology and UDL principles to support interactive lessons and platforms to engage in supporting the four modalities and Project Based Learning. Utilizing the HMH reading program, instruction will support Hallmark 1 of Advanced Literacy. Instruction includes daily writing, discussion techniques, engaging texts to support close reading skills with a focus on high quality vocabulary instruction.

Our Long Term ELLs will receive their mandated minutes based on proficiency levels and learning models of Integrated and Stand-Alone. The students will receive supports through utilizing research based programs such as The Wilson Reading Program, Fundations, Heggerty and iReady to support literacy skills.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

We currently have Mixed Group Classes in Spanish Bilingual Self Contained Special Education in grades K/1 and 2/3. Children within this classroom have IEP's with language of service in Spanish and are MLLs. The teachers servicing these classes hold a Special Education license and a bilingual extension.

Dual Language Bilingual Education (DLBE):

We have a kindergarten through fifth grade Dual Language Chinese program and a Dual Language kindergarten through second grade Spanish program. We are expanding the programs to meet the needs of our students and families by adding a fifth grade Dual Language class and a second grade Spanish Dual Language class for the 2024-2025 school year.

Students are placed into the programs heterogeneously based on their NYSITELL results of varying proficiency levels and parent surveys. The class make-up includes native English speakers with a Chinese/ Spanish home language code and native speakers of the Mandarin/Spanish language who are learning English. Our classroom teachers hold common branch licenses and Chinese/Spanish bilingual extensions. The teachers provide ENL services to students based on the mandated minutes per CR 154-2.

Our goal of the dual language emersion is to establish strong literacy skills in English and Mandarin/English and

Spanish. The classroom teachers alternate between Mandarin and English/Spanish and English each day through all content areas. Language development is supported through the use of translated programs materials such as Envisions, Illustrative Math and Passport to Social Studies. Translated digital texts are used to support reading instruction as well as listening and speaking skills.

Students and families are strongly encouraged to remain in the program to ensure success in being bilingual, biliterate and bicultural.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The mandated number of instructional minutes is provided according to students' developmental learning needs as well as language proficiency levels in both languages (English and Chinese/English and Spanish)for a self-contained Dual Language model. Scores are reviewed and teachers are assigned by grade level. Approximately 50% of the students are ELLs in a Dual Language program. Students are of varying proficiency levels entitled to receive the number of ENL minutes. Students receive core content area and English language development instruction including home language supports and appropriate ELL scaffolds, such as visual supports, vocabulary, peer translators that give students access to the core curriculum. The teaching and learning of reading, writing, speaking, and listening in the students' native language is aligned to the standards for English Language Arts. Fifty percent of the instruction is taught in the ELLs native language on alternating days.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In all bilingual education classes, instructional minutes are delivered by the classroom teacher. Fifty percent of instruction in ELA is delivered in the home language in Chinese/Spanish.

In our Dual Language classes, there are supports in both languages through the use of HMH ELA modules and lessons. Teachers use a rollercoaster model. Language of instruction shifts within the same day. The morning begins with instruction in the home language and in the afternoon language of instruction is in English. The next day, the language of instruction in the morning is English and it is in the home language in the afternoon.

For TBE classes, one period a day is provided for HLA using Arriba la lectura.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

A Dual Language model is implemented to allow students to master academic content to become bilingual, bi-literate and bicultural. The instruction is structured to implement approximately 50% of the instructional time to meet the needs of both languages (English and Mandarin/ English and Spanish). Teachers use a rollercoaster model. Language of instruction shifts within the same day. The morning begins with instruction in the home language and in the afternoon language of instruction is in English. The next day, the language of instruction in the morning is in English and it is in the home language in the afternoon.

Opportunities for students to integrate language and content instruction is intentional and carefully planned with high academic expectations for all students. Both English proficient students and ELLs spend 50% of the instructional time learning in the target language (Chinese/Spanish) and 50% of the instruction in English. All ELLs are provided ongoing exposure to both languages and have access to standard aligned high-quality translated curriculum materials across the content areas.

b. In which language(s) is each core content area taught?

All content area instruction for our dual language program are taught through alternating days between English and Mandarin/English and Spanish.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

We have Mixed Group Classes in Spanish Bilingual Self Contained Special Education in grades K/1 and 2/3. Math, Social Studies and Science are taught bilingually.

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

Based on the ELL Data Analysis Tool, 32.3% of our student population are English Language Learners (ELLs). Among these students:

- 84.6% are classified as Newcomers
- 15.4% are classified as Developing ELLs
- 0% are classified as Long-Term ELLs
- 9.5% of our Multilingual Learners (MLLs) are Former ELLs

Our instructional approach for Newcomers emphasizes integrated language development through academic content rather than isolated language instruction. Students acquire English language skills by engaging with rigorous, content-rich lessons that incorporate their cultural backgrounds and native language foundations. Instruction is designed to support both academic growth and social-emotional well-being.

To facilitate language acquisition, students are immersed in vocabulary-rich environments and benefit from strategies such as Universal Design for Learning (UDL) and Total Physical Response (TPR). Instruction is scaffolded using tools like picture dictionaries, audio-visual aids, and translated materials to support comprehension and literacy development. Shared reading and writing activities, along with explicit modeling, are central to our instructional practices.

We implement targeted phonemic awareness and phonics instruction using programs such as *Heggerty* and *Fundations*. Decodable texts are used consistently to reinforce phonics skills and build reading fluency. These texts provide students with accessible, meaningful reading experiences that align with their current level of phonetic understanding, helping to bridge the gap between decoding and comprehension.

Additionally, the 3Ls framework by Maryann Cucchiara is used to enhance close reading skills and content understanding.

Our ELL students also benefit from digital resources, including HMH ELL tools and platforms like i-Ready, which

support progress monitoring in areas such as decodable words, sight words, reading comprehension, spelling, grammar, academic vocabulary, and listening comprehension. Teachers use this data to inform targeted, tiered instruction.

Developing ELLs receive differentiated instruction through multimodal lessons that incorporate writing, reading, speaking, drawing, and listening. Technology is leveraged to activate prior knowledge and deepen content understanding across the curriculum. A multidisciplinary approach ensures that diverse learning styles are addressed.

To further support language development, students engage in structured discourse and writing activities using sentence frames, academic vocabulary games, and Project-Based Learning (PBL) experiences.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

We currently do not have any SIFE students.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We currently do not have any Long-Term ELL's.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

Approximately 9.5% of our MLLs are Former ELLs. These students receive two years of mandated continued support, which includes:

- 90 minutes of instruction weekly, delivered through:
  - Alternative Pathways: Small group instruction and Project-Based Learning (PBL) led by classroom teachers.
  - Integrated ENL Services: Co-teaching and parallel teaching models with ENL providers to support both language development and academic content mastery.

Instruction is differentiated and multimodal, incorporating writing, speaking, reading, drawing and listening. Technology is used to activate prior knowledge and deepen understanding across disciplines

ENL Scaffolds and Strategies to Support Instruction
To ensure equitable access to the curriculum, the following ENL scaffolds and strategies are embedded into daily instruction:

- Sentence Frames and Stems: To support academic discourse and structured writing.
- Academic Word Play: To build vocabulary in engaging, meaningful ways.
- Project-Based Learning (PBL): To promote collaboration, critical thinking, and real-world application of language

skills.
- Multidisciplinary Instruction: Lessons are designed to support various learning styles and integrate content areas.
- Formative Assessment and Feedback: Regular checks for understanding guide instructional adjustments and interventions.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Nearly 85% our at-risk English Language Learners (ELLs) are Newcomers who have received ELL services for three years or less. Sixteen percent of our students also live in temporary housing, which contributes to instability and impacts their ability to engage consistently in school. One of the most pressing challenges among this group is chronic absenteeism. Poor attendance is a recurring issue and has a direct influence on their academic progress. These students often remain at Level 1 in English Language Arts (ELA) and Math for at least one academic year, with some continuing at this level for two years or more.

A key trend observed is the limited development of foundational language skills, which significantly hinders their reading and writing abilities. Without strong language proficiency, these students struggle to access grade-level content, express their understanding in writing, and comprehend complex texts. This language gap not only affects their performance in ELA but also impacts learning across all subject areas.

Among students who are both Multilingual Learners (MLs) and Students with Disabilities (SWDs), there is a particularly concerning pattern of severe chronic absenteeism.

These patterns highlight the need for targeted language development support, consistent attendance interventions, and services that address both academic and social-emotional needs.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Eleven percent of our former ELLs are in temporary housing. Former English Language Learners (ELLs) at our school continue to face several at-risk factors that may hinder their academic success, even after exiting formal language support services. One of the most prominent concerns is their ongoing struggle to meet grade-level standards, particularly in reading and writing. Although these students have achieved a level of English proficiency that allows them to exit ELL status, many still require targeted, small-group instruction to fully develop the academic language necessary for success across content areas.

A key trend observed is that former ELLs often experience gaps in foundational language skills, which can slow their progress in literacy and content comprehension. These gaps may not be immediately visible through general assessments but become apparent in classroom performance, especially when students are expected to engage with complex texts or produce extended written responses.

Additionally, former ELLs may not always receive the same level of language-focused support as current ELLs, which can lead to a gradual decline in academic performance if their needs are not continuously monitored. This highlights the importance of sustained instructional support, even after students have exited ELL programs.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

At P.S. 021 Edward Hart, we are committed to building strong partnerships with families by fostering inclusive and accessible communication. Our school serves a diverse population of English Language Learners (ELLs), with the largest representation coming from Asian and Hispanic backgrounds. The most commonly spoken home languages are Spanish, Chinese, and Korean. To support these communities, we have a dedicated team of ENL teachers, classroom teachers, and paraprofessionals many of whom are bilingual and provide direct language support in these languages. Our bilingual Spanish-English Parent Coordinator plays a key role in the registration process, supported by ENL teachers who assist families.

We have established multiple structures and processes to ensure that all families receive school information in their preferred language. Staff members across roles including teachers, paraprofessionals, guidance counselors, and an assistant principal offer language assistance to families. We use Parent Square, a communication platform that automatically translates messages, ensuring that academic updates and school announcements are accessible to all. Parent surveys are regularly conducted to gather feedback and better understand the linguistic needs of our community.

To further support communication, our staff is trained to use the NYC DOE Translation Line, a vital resource that allows real-time interpretation during phone calls and meetings with families who speak languages not covered by our in-house staff. This ensures that no family is left out of important conversations about their child's education. All outreach including conferences, phone calls, and written communication—is conducted in families' home languages. Informational notices, program invitations, and IEP documents are translated accordingly. Teachers also have access to a Virtual Student Profile spreadsheet that includes students' home language information, allowing for personalized and culturally responsive communication.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At PS21, we proudly serve a diverse and vibrant student body, including 343 English Language Learners (ELLs). Among these students, the largest racial and ethnic groups represented are Asian (169 students) and Latino (160 students), followed by smaller populations of Native American, White, and Multiracial students. This diversity enriches our school community and informs how we plan and deliver instruction to meet the needs of all learners.

Our instructional planning is intentionally aligned with the racial and ethnic makeup of our student population. We recognize that students' cultural identities are central to their learning experiences. To ensure instruction is inclusive and equitable, our educators incorporate culturally relevant materials and practices into their teaching. For example, classroom libraries are stocked with literature that reflects the backgrounds of our largest ethnic groups, allowing students to see themselves in the texts they read and connect their cultural experiences to academic content. This representation helps build prior knowledge and fosters deeper engagement.

PS21 is committed to the principles of Culturally Responsive-Sustaining Education (CRSE). Our teachers design literacy modules and ENL lessons that reflect students' cultural perspectives and learning styles. Through student interviews and surveys, educators gain insight into each learner's background, which informs differentiated instruction. Strategies such as learning stations, student-friendly vocabulary, and the use of cognates are used to ensure all students, including ELLs, can access rigorous, real-world learning experiences.

ELLs are included in CRSE planning, where students' voices, experiences, and cultural knowledge are seen as assets in the classroom. Instruction encourages students to read, write, and speak in their native languages,

connecting language and culture to academic learning. This approach supports the development of higher-level academic skills while affirming students' identities.

To further support this work, PS21 has established a dedicated CRSE team that leads schoolwide initiatives celebrating cultural diversity and promoting equitable teaching practices. This team ensures that all students and families feel welcomed, respected, and represented in the school community.

By aligning instructional planning with the racial and ethnic diversity of our ELLs and embedding CRSE principles into daily practice, PS21 continues to create a learning environment where every student can thrive academically, socially, and emotionally.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

In reviewing English Language Proficiency (ELP) growth at our school, several important trends emerge that highlight both progress and opportunities for growth.

We are proud to report that 43 students successfully exited ELL status, and an additional 25 students met their Annual Progress Targets, with 6 more achieving Safe Harbor Cumulative Growth. This means that 74 students demonstrated sufficient ELP progress, reflecting the effectiveness of our instructional strategies and the resilience of our learners.

At the same time, 120 students did not meet sufficient ELP progress, with a significant amount of students (95) in grades 2 through 4. Importantly, 70 of these students are Newcomers, many of whom are still adjusting to a new language and educational environment. The majority of these Newcomers are identified with an at-risk factor of 2 or 3, indicating the need for continued targeted support.

These trends show the importance of early intervention, differentiated instruction, and culturally responsive teaching. While we celebrate the progress made.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

A total of 271 students participated in the NYSESLAT. One of the most notable strengths is in the Speaking modality, particularly in grades 3 and 4, where students performed the best. This trend is consistent across grades 2 through 5, where students have shown steady growth and strength in Speaking over the past two years. This reflects the success of our instructional strategies that emphasize oral language development and classroom engagement.

In Grade 1, students have demonstrated strong performance in Reading, achieving the highest scores in this modality for two consecutive years. This suggests that early literacy initiatives and foundational reading instruction are having a positive impact.

However, the data also highlights areas for continued focus. The Writing modality remains a consistent area of need across all grade levels. Additionally, the 2024 NYSESLAT data shows a decline in Reading scores from grades 1 through 5, indicating a need to revisit and strengthen reading comprehension strategies and supports.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Among our ELL population, 90 students took the ELA exam and 106 students took the Math State Exam. A clear trend emerges among these students who scored at the "Commanding" level on the NYSESLAT consistently performed well on both the ELA and Math assessments, with the majority achieving Levels 3 and 4.

Students at the "Expanding" level showed a pattern. While many scored at Levels 1 or 2 on the ELA, they performed better in Math, with a significant number reaching Levels 2 and 3. This indicates that while language demands may still impact reading and writing performance, these students are increasingly able to access and demonstrate an understanding of Mathematical Practices.

"Transitioning" students tended to score at Level 1 in ELA, but showed a wider range of performance in Math, from Levels 1 to 3.

For students at the "Entering" and "Emerging" levels, ELA scores were consistently at Level 1, which is expected given their early stage of English acquisition. However, their Math scores ranged from Levels 1 to 3.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

Among our ELL population, 70 students are identified with disabilities, and 62 of these students are performing at the Emerging, Transitioning, or Expanding levels on the NYSESLAT. This indicates that while many are progressing in their English language development, they continue to need support within the modality of reading comprehension, where students are often two to three levels below grade level. This gap impacts their ability to fully access academic content and demonstrate proficiency across modalities.

Several factors are influencing these outcomes. Many of our ELLs with IEPs require intensive, targeted instruction that addresses both their academic and social-emotional learning needs. These students often need additional support in L1 literacy skills, particularly in raising reading levels and developing writing fluency. To meet these needs, we implement a range of evidence-based interventions, including Fundations, SPIRE, Rewards, Sound Sensible, and the Wilson Reading System.

Instruction is further enhanced through the use of Universal Design for Learning (UDL) principles, small group instruction, and real-time data from tools like i-Ready to monitor progress and adjust instruction.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

NA

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

NA

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

NA

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

NA

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school is committed to providing English Language Learners (ELLs) with a high-quality academic experiences to deepen learning and long-term success.

Our classroom and ENL teachers are highly qualified and continuously engaged in professional growth. Through ongoing professional development, collaborative co-teaching models, and educator book clubs, our staff remains current with best practices in language acquisition and culturally responsive teaching.

A cornerstone of our approach is addressing the social-emotional well-being of our students. We recognize that when students feel safe, supported, and valued, they are more motivated and ready to learn. This foundation allows us to implement Universal Design for Learning (UDL) strategies that ensure equitable access to content for all learners through explicit instruction.

To promote deeper learning, our teachers
-Build background knowledge and connect new content to students' lived experiences
-Pre-teach academic vocabulary using visuals, Total Physical Response (TPR), and word play
-Use graphic organizers to support comprehension and critical thinking
-incorporate project-based learning to make learning relevant and engaging
-Targeted Instruction Using Phonics-Based Programs
For ELLs who need foundational literacy support, we implement a range of phonics-based programs tailored to individual student needs, including:
-Fundations and Sound Sensible for early decoding and phonemic awareness
-SPIRE and Rewards for students needing structured, multisensory reading intervention

Wilson Reading System for intensive, systematic instruction in phonics and fluency
These programs are delivered in small groups to allow for personalized instruction and immediate feedback.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The ILET actively supports our Multilingual Learners (MLs)/ELLs by promoting the use of shared, inclusive curriculum materials that are aligned with grade-level standards. Through regular analysis of NYSESLAT results, State Exams, HMH, Acadience and i-Ready data, the team identifies academic strengths and areas for growth, allowing for data-driven decisions that directly impact instructional planning and student outcomes.

To ensure that all educators are equipped to meet the needs of ELLs, the ILET provides ongoing support in understanding and implementing core curriculum materials, scaffolding techniques, and Universal Design for Learning (UDL) strategies. These efforts help ensure that lesson planning is inclusive of all four language modalities-listening, speaking, reading, and writing, and that students are supported in developing both oral language and academic writing skills.

Our instructional design emphasizes curriculum mapping, which encourages collaboration among teachers to share best practices and resources. This ensures that all students, including ELLs, have access to grade-level content through:

-Authentic learning tasks that reflect real-world, problem-based learning
-Project-based learning and the use of digital platforms and interactive resources
-High-quality texts that are culturally relevant and linguistically accessible
-Close reading strategies and academic discourse techniques like Think-Pair-Share to build vocabulary and comprehension.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Our school implements a vertically aligned English as a New Language (ENL) curriculum in grades K–5, grounded in the Next Generation Learning Standards (NGLS). Instruction is delivered through multiple program models—Stand-Alone ENL, Integrated ENL, Dual Language (DL), and Transitional Bilingual Education (TBE). Each designed to meet the diverse linguistic and academic needs of English Language Learners (ELLs) while fostering language development and academic achievement.

Stand-Alone ENL Instruction
Instruction is delivered in English, with a strong emphasis on scaffolding to support content comprehension and language acquisition. Teachers employ strategies such as: Total Physical Response (TPR) Visual aids, realia, and multimedia resources, Songs, chants, poems, and speaking prompts to build oral language fluency. Foundational literacy is supported through programs like Fundations, Heggerty, Wilson Reading System, Sound Sensible, Phonics for Reading, Spire, and decodable texts, which target phonemic awareness, sight word recognition, fluency, and comprehension. Shared reading and writing practices further reinforce language development.

During Stand Alone instruction, SPIRE and decodable texts are used with grades K-2. Phonics for Reading and decodable texts are used in grades 3-5. Our school has also been chosen as a pilot school for HMH 3D, which will be used during Stand Alone instruction 4 times a week.

Integrated ENL Instruction
In content-area classrooms, ELLs receive language support embedded within instruction. Teachers: Build background knowledge using images and videos. Pre-teach academic vocabulary through word-play, dramatization, and semantic mapping. Use sentence deconstruction and reconstruction to develop syntax and comprehension.

Provide sentence frames to support responses to comprehension questions (e.g., the 5 W's) The HMH Into Reading "English Learner Support" component is used to deliver explicit instruction in language and literacy within content areas.

Dual Language (DL) Program
The DL program serves both ELLs and non-ELLs who share the same home language. Instruction is delivered 50% in English and 50% in the home language (Mandarin or Spanish), alternating by day or week. Key features include: Clear language separation in print and instruction. Literacy and content instruction in both languages. Emphasis on the Five Pillars of Literacy: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Scaffolded instruction tailored to students' language proficiency levels. Project-based learning to promote meaningful language use and interaction.

Transitional Bilingual Education (TBE) – Special Education Mixed Groups
In TBE classes (K–1 and 2–3), instruction begins with 70% in Spanish and transitions to 30% by year's end, gradually increasing English exposure. Instructional strategies mirror those in DL, with a focus on: Literacy development in the home language. Gradual integration of English through scaffolded content instruction. Alignment with the Five Pillars of Literacy and NGLS

Mathematics Instruction
Math instruction across all models uses Envisions and Illustrative Mathematics, with materials translated into Chinese, Spanish, and English to ensure accessibility and comprehension.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

For foundational literacy, programs such as Fundations, Heggerty, the Wilson Reading System, Spire, and Phonics for Reading are used to build phonemic awareness, decoding skills, fluency, and comprehension. In English Language Arts, HMH Into Reading is used extensively, particularly its "English Learner Support" component, which offers online resources, scaffolded texts, and interactive activities to support vocabulary, grammar, and comprehension development. In mathematics, programs like Envisions and Illustrative Mathematics are used with translated materials in Spanish and Chinese to ensure accessibility. Science and social studies instruction incorporates multilingual glossaries, interactive notebooks, and close reading of complex texts with vocabulary and sentence-level support.

Technology plays a vital role in supporting language and content learning. Digital platforms such as Imagine Learning, BrainPOP ELL, and i-Ready provide personalized instruction and practice. Tools like speech-to-text and text-to-speech assist students in reading and writing, while audiobooks and videos model fluent reading and correct pronunciation. These tools are especially beneficial for ELLs with IEPs, who may also require tactile learning materials, explicit step-by-step instruction, and visual supports to meet their individualized goals. Teachers provide access to audiobooks, speech-to-text tools, and visuals to support comprehension and expression. Instruction is often delivered in smaller, more manageable segments, and graphic organizers are used to help students structure their thoughts and ideas clearly.

Overall, this integrated and differentiated approach ensures that all ELLs, including those with disabilities, receive the support they need to succeed academically while developing English language proficiency. Instruction is aligned with both language development standards and academic content standards, ensuring that students are prepared for success across all subject areas.

b. SIFE

Students with Interrupted Formal Education (SIFE) are supported through a comprehensive, culturally responsive, and emotionally supportive approach that acknowledges their educational progress. These students are placed in welcoming classroom environments that honor their cultural backgrounds and prioritize their social-emotional well-being. Recognizing the challenges SIFE students may face due to gaps in prior schooling, schools ensure that they receive the mandated minutes of English as a New Language (ENL) instruction in accordance with CR Part 154.

ENL teachers and classroom educators collaborate to implement a variety of instructional strategies designed to close learning gaps and make grade-level content accessible. These strategies include the use of visuals, Total Physical Response (TPR), realia, and educational videos to build background knowledge and support comprehension. Language is scaffolded throughout instruction, and academic vocabulary is explicitly pre-taught to help students engage meaningfully with new content. Teachers provide targeted differentiation based on students' language proficiency and academic readiness, ensuring that instruction is both accessible and rigorous.

To further support language development and content understanding, SIFE students are given access to graphic organizers and sentence frames, which help them structure their thoughts and responses. Small group instruction is frequently used to provide more individualized support and allow for increased interaction and feedback. Whenever possible, students are paired with peers who share the same home language and cultural background, fostering a sense of belonging and peer support. Additionally, when available, ENL teachers who speak the student's home language serve as service providers, enhancing communication and instruction.
Beyond the classroom, SIFE students are encouraged to participate in after-school programs that focus on building both academic skills and English language proficiency in a supportive, low-stress environment. These extended learning opportunities provide additional time for language practice, content reinforcement, and social integration.

c. Newcomers

Newcomer English Language Learners (ELLs) are supported through a thoughtfully designed, inclusive instructional model that addresses both their academic and language development needs. These students are placed in classrooms with teachers who have experience working with beginner ELLs and who understand the unique challenges and stages of early language acquisition. Instruction is delivered through a combination of Integrated and Stand-Alone ENL services, provided by certified ENL teachers in accordance with CR Part 154.

Classroom and ENL teachers collaborate to embed ENL strategies into daily instruction. These include Total Physical Response (TPR), the use of visuals to activate prior knowledge, peer tutoring, and multiple entry points to differentiate instruction. Bilingual glossaries are made available across content areas to support vocabulary development and comprehension. Students are also partnered with peers who speak the same home language to help them navigate both academic and social settings. When needed, translation applications are used to facilitate communication in both instructional and informal interactions.

To support literacy development, the "English Learner Supports" embedded in the HMH Into Reading program are used to enhance language comprehension and content understanding. Teachers conduct tabletop mini-lessons in small groups to introduce and practice language functions, focusing on oral language development and academic vocabulary. For students in grades 3–5 who are brand new to English and have scored at the Entering level on the NYSITELL, the Ready, Set, Go! program is implemented to build foundational English language skills.

All instructional materials and tools are made accessible to students. These include anchor charts, checklists, rubrics, graphic organizers, linguistic frames, and sample or mentor texts. These resources help students engage with content and express their understanding in structured and supported ways. In addition, digital literacy programs such as i-Ready provide personalized instruction in both language and content areas, allowing students to work at their own pace and readiness level. Students also have access to digital libraries like RazKids and Epic Books, which offer a wide range of leveled texts to support reading development.

Communication with families is a key component of the newcomer support model. Teachers use platforms such ParentSquare, and phone calls to maintain regular contact with parents and caregivers in their home languages, ensuring that students have access to technology and are engaging with available resources. This home-school connection helps create a strong learning network that supports student success.

Throughout the school year, newcomer ELLs are invited to participate in after-school programs designed to further develop their language proficiency and academic skills in a supportive and engaging environment. This comprehensive approach ensures that newcomer students are not only welcomed into the school community but are also equipped with the tools and support they need to thrive both linguistically and academically.

d. Long Term ELLs

Currently, we do not have any long term ELLs.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

To ensure that English Language Learners (ELLs) with Individualized Education Programs (IEPs) achieve both their IEP goals and English language proficiency, our school provides a comprehensive, collaborative, and inclusive support system grounded in the principles of equity, access, and high expectations. Our commitment is to deliver rigorous, grade-level instruction within the least restrictive environment (LRE), while addressing the unique linguistic and academic needs of each student.

ELLs with IEPs receive targeted support from a team of professionals, including classroom teachers, ENL teachers, special educators, and related service providers. Instruction is guided by each student's IEP, with a focus on their Present Levels of Performance, individualized goals, and management needs. This ensures that instruction is not only standards-aligned but also responsive to the student's specific learning profile. Teachers use small group instruction, station teaching, and flexible groupings to differentiate instruction and provide multiple entry points for learning. Linguistic frames are embedded across content areas to support oral and written language development, enabling students to engage in academic discourse and express their understanding effectively.

Universal Design for Learning (UDL) strategies and explicit instruction are implemented to promote access and engagement. These strategies include the use of visual supports, scaffolded tasks, and interactive learning tools that help students build content knowledge, develop vocabulary, and gain confidence in their abilities. Students have access to a wide range of instructional materials, including decodable texts, anchor charts, checklists, rubrics, graphic organizers, and mentor texts, all of which are available both in the classroom and digitally.

All educational decisions for ELLs with IEPs are made collaboratively through our school's Multi-Tiered System of Supports (MTSS). Our Child Study Support (CSS) Team comprising members of the RTI, SIT, and PPT teams meets on a four-week cycle to review student progress, analyze assessment data, and ensure that instructional plans are aligned with both academic and social-emotional needs. This team-based approach ensures that students are receiving the appropriate supports and services in the LRE and that programming remains flexible and responsive.

ENL instruction is delivered through both Stand-Alone and Integrated models, with a strong emphasis on co-teaching and parallel teaching. ENL teachers work closely with classroom and special education teachers to embed language development strategies into content instruction. This collaborative model ensures that students are immersed in grade-level curriculum while receiving the scaffolds necessary to access and engage with the material. ENL providers also have full access to students' IEPs and use this information to tailor instruction and monitor progress toward both language and IEP goals.

Technology plays a key role in supporting instruction and progress monitoring. Students engage with interactive, curriculum-based tasks and digital tools that reinforce learning and track growth. Programs such as i-Ready and other digital platforms are used to support both content mastery and language development at each student's pace and proficiency level.

Additionally, our school benefits from bilingual ENL providers who support students in both their native language and English, further enhancing comprehension and language acquisition. For students in self-contained special education settings, ENL instruction is provided by dually certified teachers in both ENL and Special Education, ensuring continuity and coherence in instructional delivery.

Through this integrated, student-centered approach, our school ensures that ELLs with IEPs are supported in achieving their academic and language goals within the least restrictive environment, while fostering their confidence, independence, and long-term success.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

In the Dual Language Bilingual Education (DLBE) program, students receive instruction in both English and their home language, Mandarin or Spanish on a rotating schedule. Home language development is assessed daily through formative assessments embedded in content-area instruction. Teachers evaluate students' understanding and use of academic language in both languages, ensuring balanced bilingualism and biliteracy. These assessments are aligned with grade-level standards and are used to inform instruction and monitor progress in both languages.

In the Transitional Bilingual Education (TBE) program, students begin with a higher percentage of instruction in their home language (typically Spanish) and gradually transition to more English instruction over time. Home language assessments are used to evaluate students' foundational skills and content knowledge in their native language, ensuring that they can access grade-level curriculum while developing English proficiency. These assessments help determine the appropriate level of support and the pace of transition to English instruction.

In the ENL program, home language support is provided based on individual student needs. While instruction is primarily in English, bilingual ENL providers, classroom teachers, and paraprofessionals fluent in Spanish and Chinese support students by assessing their understanding and progress in their home language when appropriate. This is especially important for students who are new to the English language or who may benefit from clarification in their native language to access content.

All ELLs, regardless of program model, are initially assessed using the New York State Identification Test for English Language Learners (NYSITELL) to determine their English proficiency level. This assessment informs placement and instructional planning. Throughout the school year, students' language development is monitored using screeners and benchmark assessments, including the i-Ready diagnostic, which is administered three times annually. Based

on these results, students receive individualized learning paths in both English Language Arts and Math to support their academic growth.

For ELLs with IEPs, language paraprofessionals are assigned to support instruction in the student's home language. These paraprofessionals assist in evaluating language acquisition and progress in both English and the home language, ensuring that students can access the general education curriculum and meet their IEP goals. Instructional decisions are made collaboratively by ENL teachers, special educators, and related service providers, with a focus on maintaining the least restrictive environment.
Additionally, New York State Math and Science summative assessments are available in students' home languages, allowing for a more accurate evaluation of content knowledge without the barrier of language proficiency. This ensures that students are assessed fairly and that their academic progress is accurately measured.

Through these comprehensive and culturally responsive assessment practices, our school ensures that all ELLs across DLBE, TBE, and ENL models receive the support they need to make progress academically and linguistically.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

n/a

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At our school, co-teaching and collaboration are foundational practices across all English Language Learner (ELL) program models, including Integrated ENL, Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE). These systems are intentionally designed to ensure that all students, especially ELLs receive high-quality, inclusive instruction that supports both language development and academic achievement.

Co-teaching is a school-wide focus, and all staff members, including teachers and paraprofessionals, participate in ongoing professional development to strengthen collaborative instructional practices. Throughout the year, classroom teachers and ENL providers engage in structured cycles of professional learning that emphasize co-teaching models, culturally responsive pedagogy, and strategies for differentiating instruction for multilingual learners. These professional development sessions are aligned with our school's instructional goals and are designed to build capacity for effective collaboration.

To support meaningful co-teaching, ENL teachers are purposefully paired with classroom teachers based on student needs, language proficiency levels, and instructional strengths. These partnerships are supported with dedicated co-planning time built into the school schedule. During this time, teachers collaboratively design lessons, analyze student data, and develop scaffolds to ensure that instruction is accessible and engaging for all learners. This intentional planning fosters shared ownership of student outcomes and promotes consistency in instructional delivery.

In our Integrated ENL model, ENL teachers co-teach alongside general education teachers in content-area classrooms. They use a variety of co-teaching approaches, including parallel teaching, station teaching, and team teaching, to provide targeted language support while maintaining access to grade-level curriculum. Instruction is scaffolded using visuals, linguistic frames, and small group instruction to meet the diverse needs of ELLs, including those with IEPs.

In the Dual Language Bilingual Education (DLBE) program, co-teaching and collaboration are also central. For example, in grades 4 and 5, our Chinese dual language teachers work in partnership, sharing students and responsibilities for teaching ELA/Social Studies and Math/Science. This model allows for balanced instruction in both Mandarin and English, while promoting bilingualism, biliteracy, and cross-cultural understanding. Teachers in DLBE programs collaborate closely to align instruction across languages and ensure that students are developing content knowledge and language proficiency in both languages.

Additionally, language paraprofessionals and bilingual staff play a key role in supporting co-teaching efforts, particularly for ELLs with IEPs. These staff members assist in delivering instruction, providing home language support, and helping assess students' progress in both English and their native language. Their involvement ensures that students receive consistent, linguistically appropriate support across settings.

Overall, our school's systems and structures for co-teaching are grounded in collaboration, professional growth, and a shared commitment to equity. By fostering strong partnerships among educators and providing the time and tools needed for effective co-planning and instruction, we ensure that all ELLs regardless of program model are supported in reaching their full academic and linguistic potential.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our school's annual professional learning plan is intentionally designed to ensure that all staff including administrators, and teachers, are equipped to meet the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs). Recognizing that all educators are teachers of ELLs, our plan emphasizes inclusive, culturally responsive, and linguistically appropriate practices that support student success across all program models.

A key component of our professional learning structure is the implementation of instructional cycles that include grade-level planning sessions. Each grade is assigned an ENL provider who collaborates with teachers to ensure that ELLs' language development needs are addressed through appropriate strategies, scaffolds, and the use of translated materials. These cycles also include embedded professional development sessions focused on integrating language and content instruction, co-teaching strategies, and culturally responsive education. Staff developers work closely with ENL and classroom teachers to model and support various co-teaching models, such as parallel teaching and team teaching, to enhance instructional delivery and student engagement.

Administrators participate in district-led professional development to ensure that programming, curriculum materials, and instructional practices are aligned with the needs of ELLs and support their academic progress. These sessions also help school leaders evaluate and refine instructional programs to ensure they are equitable and effective.

Throughout the year, all staff engage in ongoing professional development aligned with the Next Generation Learning Standards. Topics include best practices for scaffolding instruction, supporting oral language development, early literacy strategies, and writing instruction for ELLs. The HMH Into Reading curriculum provides additional professional learning resources specifically designed to help teachers support language learners in accessing grade-level content. ENL providers and classroom teachers collaborate regularly to co-plan lessons that reflect the 3Ls approach, language, literacy, and learning ensuring that instruction is rigorous and responsive.

Our ILET and CSS teams, along with ENL providers, offer targeted professional development to support special

populations, including ELLs with IEPs. The Case Team and Culturally Responsive-Sustaining Education (CRSE) Team provide training to ensure that staff are meeting the social-emotional and cultural needs of our diverse student population. These sessions emphasize trauma-informed practices, relationship-building, and strategies for fostering inclusive classroom environments.

To support data-driven instruction, staff receive training on interpreting and using i-Ready diagnostic data, which is administered three times a year. This data informs targeted instruction and intervention planning for ELLs. Teachers use this information to create individualized learning paths and adjust instruction to meet students' readiness levels.

Professional development is also offered through district initiatives, interactive workshops, and before and after-school office hours. These sessions provide flexible opportunities for staff to deepen their understanding of ENL instruction, explore authentic tasks that promote real-world language use, and strengthen their ability to support students through the Multi-Tiered System of Supports (MTSS) and RTI/AIS intervention services.

Finally, ENL staff receive specialized training to support stand-alone ENL instruction using research-based programs such as Fundations, Phonics for Reading, SPIRE, and decodable texts. These programs are used to build foundational literacy skills and are closely monitored to track student progress.

Through this comprehensive and collaborative professional learning plan, our school ensures that all staff are prepared to support the academic achievement and well-being of ELLs, fostering a school culture that values equity, inclusion, and excellence for all learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school's professional development plan is designed to meet the Continuing Teacher and Leader Education (CTLE) requirements outlined in CR Part 154 and CR Part 80, ensuring that all certified staff receive the mandated hours of ELL-specific training. This includes the requirement that 15% of total CTLE hours for all certified faculty—such as classroom teachers, educational leaders, and Level III teaching assistants—be dedicated to supporting English Language Learners (ELLs), and that 50% of CTLE hours for bilingual and ENL-certified educators focus specifically on ELL instruction.

To meet these requirements, we provide ongoing, differentiated professional learning opportunities throughout the school year. These sessions are embedded into our instructional cycles and are designed to address the academic and social-emotional needs of our multilingual learners. Each grade level is assigned an ENL provider who collaborates with teachers during planning time to integrate language development strategies, scaffold instruction, and ensure access to translated materials. These collaborative planning sessions also serve as a platform for embedded professional development, where staff engage in learning around co-teaching models, Universal Design for Learning (UDL), and integrating language and content instruction.

Our professional learning plan emphasizes the 3Ls framework—language, literacy, and learning—by focusing on co-teaching strategies, targeted instruction, authentic learning tasks, and scaffolding techniques to support writing and oral language development across content areas. These sessions are designed to improve instructional planning and practice, ensuring that all students, especially ELLs, are engaged in rigorous, standards-aligned instruction.

Bilingual teachers, ENL teachers, and administrators regularly attend district-level professional development sessions that support curriculum development and instructional planning. These district offerings are aligned with CTLE requirements and provide opportunities for staff to earn CTLE hours while deepening their understanding of effective practices for ELLs. Additionally, our bilingual program staff participate in monthly district-led professional learning series focused on literacy development in Spanish and Mandarin for Dual Language programs, as well as targeted sessions for Transitional Bilingual Education (TBE) classes offered through the Bureau of Bilingual Special Education (BSE).

Within the school, staff developers provide job-embedded professional learning and coaching to support the implementation of research-based instructional programs such as Fundations, Phonics for Reading, SPIRE, and the use of decodable texts. These programs are used in both stand-alone and integrated ENL settings to build foundational literacy skills and are supported by ongoing progress monitoring.

To further support staff development, our school offers and district provide professional learning opportunities through office hours, allowing teachers to engage with relevant topics at their convenience. These sessions often focus on using data such as i-Ready diagnostic results to drive instruction and tailor interventions for ELLs through our Multi-Tiered System of Supports (MTSS) and RTI/AIS frameworks.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

To effectively meet the academic and language development needs of English Language Learners (ELLs), our school uses a comprehensive screening system that includes multiple data sources to guide instructional planning and intervention. Two primary screeners i-Ready Diagnostic and Acadience are used to assess student performance, identify learning gaps, and support data-driven decision-making within our Multi-Tiered System of Supports (MTSS).

The i-Ready Diagnostic is administered three times a year and serves as a key tool for evaluating students' proficiency in both reading and mathematics. This adaptive assessment provides detailed insights into each student's strengths and areas for growth, allowing teachers to create targeted small groups and tailor instruction to meet individual needs. For ELLs, this screener is particularly valuable in identifying specific skill gaps that may be related to language development or content understanding. The data from i-Ready also informs our Response to Intervention (RTI) process, ensuring that students receive timely and appropriate tiered supports.

In addition to i-Ready, our school uses Acadience benchmark assessments in grades K–2. These assessments are also administered three times per year and are designed to monitor foundational literacy skills. Acadience is especially useful for progress monitoring, as it allows educators to track student growth over time and adjust instruction accordingly. For ELLs, this tool helps pinpoint specific areas of need in early literacy, such as phonemic awareness, decoding, and fluency, which are essential for language acquisition and academic success.

Together, these screeners provide a structure for identifying student needs, planning targeted instruction, and monitoring progress. They support our school-wide goals to using data to inform practice and ensure that all students, including ELLs, receive the support they need to thrive academically and linguistically.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

To meet the diverse academic and language development needs of English Language Learners (ELLs) across all grades, our school implements a comprehensive, data-driven intervention system that is aligned with our Multi-Tiered System of Supports (MTSS). This system ensures that ELLs including those with IEPs receive targeted, research-based instruction in English Language Arts (ELA), Math, and other core content areas, with appropriate language supports and interventions tailored to their proficiency levels and learning profiles.

Our Child Study Support (CSS) team oversees the RTI/AIS process for ELLs through our digital MTSS platform. Students are progress monitored on 8–12 week cycles using multiple data sources, including classroom assessments and results from research-based programs. Teachers complete RTI data forms for students who are not making adequate progress, and these are reviewed by the CSS team to determine next steps for tiered intervention. This collaborative process ensures that instructional decisions are informed, targeted, and responsive to each student's academic and linguistic needs.

In ELA, Tier 1 interventions are delivered by classroom teachers using the HMH Into Reading curriculum, which integrates Universal Design for Learning (UDL) principles, explicit instruction, and scaffolded strategies. Teachers focus on close reading of complex texts, sentence deconstruction, linguistic frames, and academic vocabulary development across content areas such as Science and Social Studies. In grades K–3, Fundations and decodable texts are used as Tier 1 supports, with a "double dose" of Fundations provided as a Tier 2 intervention for students needing additional phonics and decoding support.

For Tier 2 and Tier 3 interventions, our school uses a variety of research-based programs delivered by AIS providers, ENL teachers, and special educators. These include i-Ready, Sound Sensible, SPIRE, Phonics for Reading, Wiley Blevins' decodable texts, and Wilson Reading System. These programs are designed to build foundational literacy skills and are selected based on individual student needs. Progress is closely monitored to ensure that interventions are effective and aligned with grade-level expectations.

In Mathematics, students receive targeted support through i-Ready Math, Envisions, Illustrative Math, Touch Math, and Let's Talk Math. These programs are used to address specific skill gaps and support conceptual understanding, with instruction differentiated based on diagnostic data and classroom performance.

To support ELLs' language development across all content areas, students are provided with home language resources, including translated assessments, bilingual glossaries, translated program materials, and the use of digital translation tools such as Google Translate. These supports ensure that students can access content while continuing to develop English proficiency.

Instruction is delivered in English, with home language supports available in Spanish and Chinese, depending on student needs. This dual-language support is especially critical for ELLs with IEPs, who receive services from a team that includes ENL providers, special educators, and paraprofessionals trained in delivering linguistically appropriate interventions.

Through this multi-tiered, collaborative approach, our school ensures that all ELLs receive the targeted, language-rich instruction they need to succeed academically while progressing toward English language proficiency.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and

MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school implements a data-driven Multi-Tiered System of Supports (MTSS) to meet the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs) across all grade levels. This system is guided by the principles outlined in the Instructional Leadership Tool for MLs and ELLs and the MTSS Guide for MLs and ELLs, ensuring that our practices are aligned with research-based strategies and state expectations.

At the core of our MTSS framework is the Child Study Support (CSS) team, which includes bilingual educators, ENL teachers, classroom teachers, and support staff. This team meets regularly to analyze multiple sources of student data including diagnostic assessments, classroom performance, and teacher observations to identify students who may be at risk academically or linguistically. Once identified, the team develops individualized support plans that are responsive to each student's specific needs.

Students who require additional support are placed into Tier 2 or Tier 3 interventions, depending on learning gaps. These interventions are targeted and research-based, focusing on specific skill deficits in areas such as reading comprehension, phonics, vocabulary development, and math fluency. Instruction is delivered in small groups by trained staff, including ENL providers, AIS teachers, and special educators, and is often supplemented with home language supports when appropriate.

To ensure that interventions are effective and responsive, we progress monitor students on a biweekly basis. This frequent monitoring allows the CSS team to track student growth, adjust instructional strategies, and determine whether students are meeting their academic and language development goals. Data from tools such as i-Ready, Acadience, and classroom-based assessments are used to inform these decisions.

Importantly, our MTSS process is not solely academic. We also prioritize the social-emotional well-being of our MLs/ELLs throughout the intervention process. The CSS team considers factors such as cultural background, and language acquisition when designing support plans. This holistic approach ensures that students feel safe, supported, and have the skills and strategies needed to succeed.

By using data to drive instruction and intervention, and by maintaining a collaborative, student-centered approach, our school ensures that all MLs/ELLs receive the support they need to thrive academically, linguistically, and emotionally.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

To effectively support instruction for English Language Learners (ELLs), our school uses a variety of formative assessments that provide ongoing, actionable data to guide instructional planning and ensure students are making progress toward academic and language development goals. These assessments are embedded across content areas and are aligned with grade-level standards and the specific needs of our multilingual learners.

We utilize multiple sources of data, including digital assessments and baseline diagnostics, to establish individualized learning paths for students. This data-driven approach allows teachers to tailor instruction, form small groups, and provide one-on-one targeted support based on each student's strengths and areas for growth. These formative assessments are essential in helping us monitor progress, adjust instruction in real time, and support

school-wide academic goals.

One of our primary tools is the i-Ready Diagnostic for both Literacy and Math. Administered three times a year, i-Ready provides detailed insights into students' skill levels and automatically places them on personalized learning paths. This tool supports continuous progress monitoring and helps teachers identify specific areas where ELLs need additional support in reading comprehension, vocabulary, and foundational math skills.

In addition, we use Acadience Benchmark Assessments in grades K–2to assess foundational literacy skills. These assessments are administered three times a year and are used to monitor progress in areas such as phonemic awareness, decoding, and fluency, components of early reading development for ELLs.

Within our core literacy program, HMH Into Reading, teachers administer weekly assessments, end-of-selection assessments, and end-of-module assessments. These formative checks help evaluate students' comprehension, vocabulary acquisition, and ability to apply reading strategies. Teachers also use Fundations assessments to measure phonological awareness, phonics, and high-frequency word recognition, particularly in the early grades.

In mathematics, teachers use Envisions and Illustrative Mathematics unit assessments to monitor student understanding of key math concepts. These assessments help identify misconceptions and guide re-teaching or enrichment opportunities. Similarly, in Science and Social Studies, students are given end-of-unit assessments that allow teachers to evaluate content knowledge and language use in academic contexts.

Together, these formative assessments provide a comprehensive assessment of student learning and language development. They enable educators to make informed instructional decisions, differentiate effectively, and ensure that ELLs are supported in accessing grade-level content while progressing in English proficiency.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

To ensure that Multilingual Learners (MLs)/English Language Learners (ELLs) are appropriately evaluated in their home languages throughout the school year, our school implements a comprehensive and culturally responsive assessment approach. This process is designed to support accurate understanding of students' academic and linguistic development while honoring their linguistic backgrounds.

Throughout the year, bilingual ENL providers, classroom teachers, and paraprofessionals work collaboratively to monitor students' progress in both English and home languages. Regular student conferences are conducted to assess oral language fluency, comprehension, and academic vocabulary development. These informal assessments are essential for capturing students' language use in authentic contexts and guiding instructional decisions.

To support equitable access to content and accurate assessment, students are provided with translated assessments in their native languages, particularly in Spanish and Mandarin. These assessments are used across content areas to evaluate students' understanding without the barrier of limited English proficiency. In our Dual Language programs, students are evaluated in both English and their home language (Mandarin or Spanish) across all subject areas, ensuring balanced development of bilingualism.

Additionally, students have access to translated digital platforms, literature, and instructional programs that support home language development. These tools not only reinforce content knowledge but also allow educators to monitor progress in both languages. Scaffolds such as bilingual glossaries, translated texts, and visual supports are integrated into instruction and assessment to promote engagement and facilitate the transfer of skills between

languages.

This ongoing, multi-faceted approach ensures that MLs/ELLs are assessed in a way that reflects their full linguistic and academic potential, while also informing targeted instruction that supports their growth in both English and their home language.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

To evaluate the effectiveness of our Multilingual Learner (ML)/English Language Learner (ELL) programs and inform instructional design and curricular decisions, our school uses a variety of summative assessments in alignment with state requirements and best practices. These assessments include the New York State Identification Test for English Language Learners (NYSITELL), the New York State English as a Second Language Achievement Test (NYSESLAT), and the New York State ELA and Math assessments.

A key component of our assessment strategy is the use of the ELL Data Analysis Tool (EDAT). This tool allows us to analyze student performance data across multiple domains, reading, writing, speaking, and listening and track progression levels over time. By examining this data, we are able to identify trends, strengths, and areas of need for individual students and subgroups, including ELLs with IEPs and students in temporary housing.

The NYSITELL is used upon entry to determine students' initial English proficiency levels and appropriate program placement. The NYSESLAT, administered annually, is our primary tool for measuring English language development and determining whether students are making adequate progress toward proficiency. We use NYSESLAT results to evaluate the effectiveness of our ENL and bilingual programs, particularly in the areas of reading and writing, which continue to be areas of challenge for many of our ELLs. Our student strengths in speaking and listening are leveraged to support growth in literacy through integrated instructional strategies.

Data from the ELA and Math State assessments is also critical in evaluating how well our ELLs are accessing and mastering grade-level content. These assessments help us determine whether our instructional materials and teaching strategies are effectively supporting ELLs in meeting the Next Generation Learning Standards. When students consistently perform below grade level, we use this data to adjust curriculum pacing, increase scaffolding, and implement targeted interventions.

Our CSS team and instructional leadership team regularly review summative assessment data to develop and refine instructional plans, especially for students at risk of becoming long-term ELLs. This includes designing interventions that are responsive to students' linguistic and academic needs, and ensuring that instructional materials are aligned with students' proficiency levels. For example, students who show limited progress on the NYSESLAT receive additional support in writing and reading through targeted programs and small group instruction, while continuing to build on their strengths in oral language.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our school has developed a comprehensive and structured plan to ensure the successful administration of the New York State English as a Second Language Achievement Test (NYSESLAT), while maintaining compliance with all state mandates and ensuring that English Language Learners (ELLs) continue to receive their required instructional services throughout the testing period.

The NYSESLAT is administered over the course of three days, with a carefully coordinated schedule that minimizes disruption to students' regular instruction. ENL providers are responsible for administering the assessment to students within the same grade bands, ensuring consistency and familiarity for the students. For students in self-contained ELL programs, their classroom teachers, who are familiar with their academic and language needs, administer the assessment directly.

To support the scoring process, a team of trained staff including ENL providers, the IEP teacher, and AIS providers collaborate to score the assessments. Our school also offers per-session opportunities for staff to assist with scoring, which helps maintain instructional continuity and ensures that students continue to receive their mandated ENL minutes.

To further support this effort, dual-certified classroom teachers assist with NYSESLAT administration during their professional periods. This collaborative approach allows us to manage the large number of ELLs in our school while ensuring that no student misses their required instructional time.

A detailed testing schedule is created in advance to ensure equitable access to both classroom instruction and ENL services. This schedule includes rotations for testing and scoring, allowing ENL providers to adjust their instructional times without compromising service delivery. The plan is designed to uphold the integrity of the assessment process while prioritizing the academic and language development needs of our ELLs.

By leveraging the expertise of our staff and maintaining a flexible, student-centered approach, our school ensures that all ELLs are tested annually with the NYSESLAT and continue to receive high-quality instruction throughout the testing window.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The testing team reviews student accommodations and preferences prior to state assessments. Accommodations and support staff are assigned accordingly. Current and Former ELLs receive bilingual glossaries, flexible setting and oral translations if needed.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

To ensure that families of newly identified English Language Learners (ELLs) are fully informed and supported, our school has developed a comprehensive and welcoming ELL Program Orientation plan. This orientation is designed to build strong relationships with families and provide them with clear, accessible information about the ELL program models available, Dual Language Bilingual Education (DLBE), Transitional Bilingual Education (TBE), and English as a New Language (ENL) regardless of whether all models are currently offered at our school. Once a student is identified as an ELL, families are invited to attend an orientation meeting with ENL teachers. in the beginning of the year, orientation is offered on multiple days and at different times of the day to give families options and opportunities to be able attend. As new students are admitted throughout the school year, one on one orientation is provided after NYSITELL administration. During the meetings, we explain the goals, structure, and requirements of each program model, including how they support language development and academic achievement. We also provide detailed information about the student's English proficiency level, grade-level expectations, the Next Generation Learning Standards, and upcoming state assessments such as the NYSESLAT and content-area exams. To support families in fostering language development at home, we share best practices and resources that align with classroom instruction. Recognizing the diverse needs of our families, we offer flexible meeting times throughout the day and provide one-on-one sessions when needed. All communication, including invitations and follow-up calls, is conducted in the family's preferred language. Interpretation services are available through bilingual staff or phone-based translation to ensure full understanding and engagement. This inclusive and informative orientation process ensures that families are provided with program information to make informed decisions to support their child's education.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Our school is committed to maintaining strong, ongoing communication with families of English Language Learners (ELLs) through our Annual Individual Meetings, which are held separately from the mandated ELL Program Orientation and DOE-scheduled parent-teacher conferences. These meetings are a vital part of our support system for ELLs, providing families with a dedicated opportunity to engage in meaningful dialogue about their child's language development and academic progress.

Each year, Annual Individual Meetings are scheduled for every ELL student and are conducted no later than January. Families are invited through translated invitations, phone calls, and Parent Square messages to ensure accessibility and inclusivity. Meetings are held in person at a time that best accommodates the family's schedule, and multiple attempts are made to support in-person attendance. If a family is unable to attend, ENL staff document the outreach and provide alternative methods of communication, such as phone calls or virtual meetings, to ensure the family remains informed and involved.

During these meetings, ENL providers and classroom teachers review and discuss the student's language proficiency assessment results, including the NYSESLAT, as well as state exam results in ELA and Math. The team shares insights into the student's current language proficiency level, academic progress across content areas, and any identified language development needs. The conversation also includes strategies and resources that families can use at home to support their child's continued language acquisition and academic success.

In collaboration with the parent or guardian, the team sets individualized goals and next steps for the student, ensuring alignment with both academic standards and language development benchmarks. These goals are documented, and meeting notes are placed in the student's cumulative folder to maintain a clear record of progress and planning.

In addition to these individual meetings, our school hosts school-wide parent events twice a year focused on providing families with tools and strategies to support home language development and curriculum understanding. These events further strengthen the home-school connection and empower families to play an active role in their child's education.

Through this structured and supportive approach, our Annual Individual Meetings ensure that families are informed, engaged, and equipped to support their child's growth as a multilingual learner.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school is committed to ensuring that all families receive clear, accessible communication in the language they best understand. During the registration process, families complete the Home Language Identification Survey (HLIS), where they indicate their preferred language for both written and oral communication. This information is recorded and used to guide all future interactions with the family.

To support effective communication, all notices and documents sent home are translated into the family's preferred language. This ensures that families can fully understand important school information, including academic updates, event notices, and policy changes.

For in-person or virtual meetings, we provide multilingual staff members to assist with interpretation. When a staff member who speaks the family's language is not available, we utilize the NYC DOE Translation and Interpretation Unit's hotline to ensure accurate and timely communication.

Additionally, we use Parent Square, a digital communication platform that allows for daily two-way communication between school staff and families. Parent Square automatically translates messages into the family's preferred language and allows families to respond in their home language. This tool empowers families to initiate communication, ask questions, and stay actively involved in their child's education without language barriers.

Through these systems and supports, we ensure that all families regardless of their home language are informed, engaged, and able to communicate effectively with our school community.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school is deeply committed to fostering family empowerment and engagement, particularly for the families of Multilingual Learners (MLs)/English Language Learners (ELLs). We believe that strong partnerships between home and school are essential to student success, and we actively create opportunities for families to feel welcomed, informed, and involved in their children's academic and social-emotional development.

To better understand and respond to the needs of our community, our Parent Coordinator distributes a parent survey at the beginning of the year. This survey collects information about families' preferred languages for communication and identifies areas where parents may need support whether academic, social-emotional, or related to navigating the school system. The results of this survey guide the planning of family engagement activities and ensure that all communication is accessible and culturally responsive.

We offer a variety of monthly and seasonal events designed to empower families and strengthen their role in their child's education. One such initiative is our monthly Read Aloud Day, held after school hours. Families of ELLs are invited to listen to a read-aloud led by a teacher and learn how to use higher-order thinking questions to support reading comprehension at home. Following the read-aloud, families participate in a collaborative activity related to the book, which is selected to reflect the social-emotional needs and cultural diversity of our students. Each child

receives a copy of the book and a bookmark with guiding questions to continue the learning at home.

Our Title III after-school programs, such as Inside Broadway, give parents the opportunity to engage in their children's language development and cultural enrichment. Through performances, families experience firsthand how the arts support English acquisition and build community.

Additionally, we host Family First events three times a year on Friday mornings. These school-wide gatherings center around a themed story and include a hands-on activity that families complete together, promoting literacy and family time helping to support the Home-School connection.

To celebrate and honor the rich cultural backgrounds of our school community, we organize Multicultural Night and a Cultural Dance Festival. These events bring families together to share traditions, food, music, and dance, fostering a sense of pride and belonging while promoting cross-cultural understanding.

Information about all events is shared through translated notices, Parent Square, and personal outreach to ensure accessibility for all families. Meetings and events are scheduled at various times to accommodate different work schedules, and interpretation services are provided as needed.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school is committed to ensuring that families of Multilingual Learners (MLs)/English Language Learners (ELLs) are fully informed and actively encouraged to participate in school and district-level leadership opportunities. We believe that family engagement leads to student success, and we work hard to create inclusive pathways for families to contribute their voices and leadership to our school community.

To promote awareness and participation, our Parent Coordinator sends out weekly school updates and announcements about upcoming monthly events, including School Leadership Team (SLT) meetings, Parent Association (PA) meetings, and Community Education Council (CEC) events. These updates are shared through Parent Square, a communication platform that allows for automatic translation into families' preferred languages, ensuring accessibility for all.

In addition to digital communication, a monthly school calendar is sent home with important dates and events clearly outlined. For families who are unable to attend meetings, school meeting minutes are made available upon request, allowing them to stay informed and engaged even if they cannot be present in person.

All leadership meetings and events offer translation services, either through bilingual staff or interpretation support, to ensure that language is never a barrier to participation. The Parent Coordinator also provides personal outreach to notify families about district-level meetings and community events, encouraging them to take part in broader educational conversations and decision-making processes.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school is proud to maintain several culturally and linguistically responsive partnerships that enrich the educational experiences of our students and support the diverse needs of our school community. These partnerships are thoughtfully selected to reflect and celebrate the cultural identities of our multilingual learners while promoting academic, artistic, and social-emotional growth.

We have a long-standing collaboration with Inside Broadway, which brings live theater experiences and arts education into our classrooms. This partnership not only exposes students to the performing arts but also supports language development through storytelling, performance, and interactive workshops that are accessible to English Language Learners (ELLs).

Our partnership with Carnegie Hall's Musical Explorers program provides students with opportunities to explore music from around the world, connecting them to diverse cultures and traditions. Through this program, students learn songs in multiple languages, engage with musicians from various cultural backgrounds, and develop a deeper appreciation for global music traditions fostering both cultural pride and cross-cultural understanding.

We also work closely with Flushing Town Hall, a community-based arts organization that offers multicultural performances, artist residencies, and family engagement events. Their programming aligns with our commitment to culturally responsive education by highlighting global art forms and providing students with hands-on experiences that reflect their own cultural heritage and that of their peers.

Additionally, our partnership with Union Plaza Nursing Home supports intergenerational learning and community engagement. Students participate in activities that promote empathy, communication, and cultural exchange with residents, many of whom share linguistic and cultural ties with our students' families. These interactions help build a sense of community and belonging while reinforcing language and social skills in meaningful, real-world contexts.

Together, these partnerships play a vital role in supporting our school's mission to provide a culturally and linguistically responsive education. They enhance our curriculum, strengthen community ties, and empower our multilingual learners to see their identities reflected and valued in their learning experiences.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our school is deeply committed to supporting Multilingual Learners (MLs)/English Language Learners (ELLs) through a wide range of culturally and linguistically responsive practices that extend beyond the classroom. We provide numerous initiatives and partnerships that enhance academic achievement, promote cultural pride, and foster strong family and community engagement. One of our key strategies is empowering student voice through leadership opportunities such as student council, peer mentoring, and classroom ambassador roles. These experiences help build confidence and encourage authentic language use in meaningful contexts.

Our curriculum is intentionally designed to reflect the diverse cultural backgrounds of our students. Teachers integrate multicultural texts, global perspectives, and culturally relevant themes across all content areas to ensure students see themselves represented in their learning. Professional Learning Communities (PLCs) allow teachers to collaborate regularly, analyze student work, and co-plan lessons that integrate language development with academic content. We also host family literacy and language nights, where families engage in interactive activities and receive strategies to support language development at home.

Technology plays a vital role in our instructional approach. Students use digital tools such as Raz-Kids, Epic Books, i-Ready, and Google Translate to support reading, vocabulary acquisition, and content comprehension. These platforms are personalized to meet students' language proficiency levels and are integrated into daily instruction. For newly arrived ELLs, we offer a structured newcomer support program that includes orientation, peer buddies, and additional language development sessions to ease their transition and accelerate their integration into the school community.

We celebrate the linguistic and cultural diversity of our students through events such Heritage Month activities, and student-led cultural showcases. These events affirm students' identities and promote a sense of belonging. Instructional planning is data-driven, using tools like NYSESLAT, i-Ready, and classroom assessments to differentiate instruction and monitor progress. Our bilingual and multilingual staff, including paraprofessionals and ENL teachers, provide translation, interpretation, and instructional support in students' home languages to ensure full access to learning.

Additionally, we maintain strong partnerships with organizations such as Inside Broadway, Carnegie Hall's Musical Explorers, Flushing Town Hall, and Union Plaza Nursing Home. These partnerships provide students with enriching experiences in the arts, music, and community engagement, all while reinforcing language development and cultural appreciation. Together, these initiatives reflect our school's commitment to providing a high-quality, inclusive education for all MLs/ELLs.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

ELL identification team members include:

Lerna Karenfiloglu- ENL provider
Dawn Guzman-ENL provider
Sarah Jingleman-ENL provider
Vicki Schwartz- ENL/Special Education provider
Lisa Calabrese- IEP Teacher
Ying Chen-ENL provider
Beth Hecht-ENL provider
Sunny Kim-ENL provider
Judy Mun-AIS provider

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Our school has established a clear and structured process for the year-round identification of English Language Learners (ELLs), in full alignment with the NYC DOE Policy & Reference Guide for Multilingual Learners (MLs)/ELLs. This process ensures that all incoming students, including those with Individualized Education Plans (IEPs), are appropriately identified without disrupting the mandated instructional services for current, former, or potential ELLs.

To proactively manage the identification process, our school has created a weekly schedule that designates specific compliance periods for key team members involved in ELL identification. This scheduling ensures that the identification process does not interfere with the delivery of ENL or bilingual instruction. By assigning dedicated time for this work, we maintain continuity of services for all students while efficiently managing new identifications.

The identification process begins as soon as a new student enrolls. The ENL provider initiates the process by reviewing the student's Home Language Identification Survey (HLIS) and, if necessary, administering the NYSITELL (New York State Identification Test for English Language Learners). If the student has an IEP, the ENL provider and the IEP teacher collaborate to determine whether the student's language needs are distinct from or related to their disability classification. This collaborative approach ensures that students are not misidentified and that their language development needs are accurately assessed.

Once the initial steps are completed, the same team member who began the identification process follows it through to completion, ensuring consistency and accountability. Further steps in the identification process are carried out in collaboration with a multidisciplinary team that includes an administrator, ENL provider, and IEP teacher. This team-based approach ensures that all relevant academic, linguistic, and developmental factors are considered before a final determination is made.

To ensure that all ELLs and former ELLs continue to receive their mandated instructional services, our ENL staff and classroom teachers coordinate closely to adjust schedules as needed. Instructional time is protected and prioritized, and any changes to service delivery are carefully documented and communicated to families.

This comprehensive and collaborative identification plan ensures that all MLs/ELLs, including those with IEPs, are accurately identified and supported from the moment they enter our school, while maintaining uninterrupted access to high-quality language instruction.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Michael Swirsky

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maria	Hernandez	Parent Coordinator - Annual	05/21/2025	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school,New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	8	0.43%	8	0.43%	0	0
BENGALI (BANGLA IN BANGLADESH)	4	0.21%	4	0.21%	0	0
BURMESE	2	0.11%	1	0.05%	0	0
CHINESE ANY	666	35.56%	313	16.72%	10	10
CANTONESE	0	0.00%	2	0.11%	3	3
DARI/FARSI/PERSIAN	2	0.11%	4	0.21%	0	0

GUJARATI	0	0.00%	4	0.21%	0	0
GREEK	1	0.05%	1	0.05%	3	3
HINDI	3	0.16%	0	0.00%	2	2
ITALIAN	4	0.21%	4	0.21%	1	1
KOREAN	52	2.78%	55	2.94%	4	4

SPANISH	439	23.44%	441	23.56%	12	15
URDU	2	0.11%	5	0.27%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Welcome Letters and School Handbooks	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Parent-Teacher Conference Notices and Schedules	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Report Card Guides and Grading Policies	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
School Calendars and Monthly Newsletters	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Permission Slips for Trips and Events	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
IEP Meeting Invitations and Summaries (for ELLs with IEPs)	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Progress Reports and Assessment Results (e.g., NYSESLAT, i-Ready)	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Parent Surveys and Feedback Forms	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Notices for School Leadership Team (SLT), Parent Association (PA), and Community	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication

Education Council (CEC) Meetings	
Health and Safety Notices (e.g., immunization updates, emergency protocols)	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
After-School Program Information and Registration Forms	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Annual ELL Program Orientation and Individual Meeting Invitations	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication
Special Event Flyers (e.g., Multicultural Night, Read Aloud Day)	Home Language Identification, Translation Services, Bilingual Staff Support, Square, Printed Materials Follow-Up Communication

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent-Teacher Conferences	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
Individualized Education Program (IEP) Meetings	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
Back-to-School Night	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
Parent-Teacher Association (PTA) Meetings	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
English Language Learner (ELL) Parent Meetings	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
Parent Workshops	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square
Family Events	In-person interpretation at school events and meetings. Over-the-phone interpretation.nVirtual interpretation for online meetings and conferences. Parent Square

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

To ensure effective communication with parents who speak a language other than English during emergencies, schools utilize a combination of multilingual resources and structured processes. These include bilingual staff members and on-call interpreters who are trained to assist in urgent situations such as lockdowns, fires, or medical incidents. Schools also rely on real-time translation technology and multilingual communication platforms like TalkingPoints or SchoolMessenger, which allow alerts and updates to be sent in the parent's preferred language. Emergency notifications are typically distributed through texts, calls, and emails using pre-translated templates for common scenarios. When a parent needs to contact the school during an emergency, multilingual hotlines or front office staff can connect them with interpreters. Additionally, school nurses and administrators use interpreter services to communicate health-related information and obtain consent when necessary. Attendance notifications and welfare checks are also conducted in the family's preferred language. To support these efforts, staff receive annual training on using translation tools and accessing interpreter services, and emergency drills include protocols for non-English-speaking families. These measures ensure that all parents, regardless of language, are informed and supported during critical situations.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure that all staff members are equipped to effectively communicate with families in their preferred languages, our school will provide time during after-school professional development sessions for staff to complete the required NYCPS Language Access Training. This training is essential for helping staff understand and implement best practices for translating critical written communications and providing interpretation for oral communications with families. By integrating this training into our professional development schedule, we are reinforcing our commitment to inclusive and accessible communication.

Our Parent Coordinator, who serves as the school's designated Language Access Coordinator (LAC), will be responsible for disseminating all future language access resources and updates. These will be shared with staff through both email and printed memos placed in their school mailboxes. This dual method of communication ensures that all staff members receive timely and consistent information, supporting our collective efforts to maintain a linguistically inclusive school environment.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

To ensure that all families are aware of the language assistance services available to them, schools implement a variety of strategies to communicate this information in parents' preferred languages. Translated signage is prominently displayed throughout the school building, including at entrances, main offices, and parent resource centers, clearly indicating where and how to access language support. Additionally, brochures, flyers, and welcome letters are distributed at the beginning of the school year and during enrollment, all translated into the most commonly spoken languages in the school community. These materials outline the types of language services offered, such as interpretation during meetings and translation of school documents.

Parent engagement events, such as PTA meetings, back-to-school nights, and international parents' nights, also serve as key opportunities to highlight language assistance services. During these events, interpreters are available, and presentations often include information on how families can request language support. Furthermore, schools use multilingual messaging applications like TalkingPoints, Parent
square to send regular updates and reminders in families' preferred languages, ensuring ongoing awareness and accessibility. These combined efforts help create an inclusive environment where all parents feel informed and empowered to engage with their child's education.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

In addition to the feedback collected through the NYCPS Office of Language Access (OLA)'s Translation & Interpretation Feedback Survey, our school will implement several additional strategies to gather meaningful input from parents regarding the language assistance services they receive. We will distribute brief, translated surveys during key events such as parent-teacher conferences, curriculum nights, and PTA meetings, allowing families to provide feedback on the quality and effectiveness of interpretation and translation services. To offer a more accessible option, we will also place multilingual feedback forms.

To further increase accessibility, we will use messaging platforms like Parent Square to send out digital feedback forms in families' preferred languages. These mobile-friendly forms will make it easier for parents to respond on their own time. Additionally, we will host small focus groups and listening sessions with multilingual families, supported by interpreters, to gather more in-depth, feedback. Our Parent Coordinator, who also serves as the school's Language Access Coordinator (LAC), will be available for one-on-one conversations with families to discuss their experiences and concerns. These informal interactions often provide valuable insights that may not be discussed through formal surveys. By using a combination of written, digital, and in-person methods, we aim to continuously improve our language access services and ensure that all families feel supported and respected in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Our school has taken several steps to improve its language assistance services, with a focus on accessibility, responsiveness, and family engagement. We continue to expanded the visibility of language services by posting multilingual signage throughout the building and distributing translated flyers and letters that inform families of their right to interpretation and translation. We also integrated language access information into all major parent events, such as curriculum nights and PTA meetings, where interpreters were available to support communication.

Looking ahead to the upcoming school year, we plan to further enhance our language access efforts by implementing a more structured feedback system, including digital surveys sent and a suggestion box in the main office. We will also provide additional professional development for staff on cultural responsiveness and effective communication with multilingual families. Our Language Access Coordinator (LAC) will continue to share updates and resources with staff regularly, ensuring that language access remains a school-wide priority. These efforts

reflect our ongoing commitment to creating an inclusive environment where every family can fully participate in their child's education.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

50

Grades to be served in this program. Select all that apply.

,3,5,1,2,4

Total number of teachers in this program:

2

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The Inside Broadway program will be offered as an after-school enrichment opportunity for English Language Learners (ELLs), taking place on Tuesdays and Thursdays from 2:20 PM to 4:15 PM. The program will run for a total of 32 sessions—16 in the Fall and 16 in the Spring. It is designed to support Newcomer, Entering, Emerging, and Transitioning ELLs, with students in grades 3 and 5 participating in the Fall, and students in grades 1 and 2 participating in the Spring. Each semester will include two groups of 25 students, totaling four groups and serving 100 ELLs across the school year. All students and families will receive notifications for the program through Parent Square allowing for program information and permission slips to be translated in the students home language.

Students will engage in a variety of musical theatre-based activities, including singing, dancing, choreography, costume and set design, voice projection, and script and lyric writing. These activities are designed to enhance students' English language development by building vocabulary, improving oral language fluency, and strengthening reading and writing skills. The program supports all four language modalities—Listening, Speaking, Reading, and Writing—while also fostering social-emotional growth and confidence in using English in creative and collaborative settings. Students will also participate in the writing process by drafting, revising, and editing their own contributions to the final performance. Translated versions of scripts/brochures are used to help students and families understand songs/storylines. Stories and musicals are used to reflect the cultural backgrounds of the students.

Instruction will be delivered in English using a team-teaching model, with each group led by a certified teacher and a professional teaching artist. The program will be supervised by a designated program coordinator, whose supervision will be funded through Title III ELL funds. The supervisor work hours are from 7:30 to 3:15 and will be compensated with per-session for program supervision until 4:30.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

English Language Learners (ELLs) require targeted support to develop both receptive (listening and reading) and expressive (speaking and writing) oral language skills in English. Analysis of NYSESLAT data from the most recent testing cycle indicates that a significant number of ELLs are performing below proficiency in the writing modality, with average scores falling below 50% on the writing component. "Modalities of Need for ELLs and Former ELLs who took NYSESLAT 2025", the two modalities with the greatest need across the reported grade levels (1 through 4) are: Writing – This modality consistently shows the highest number of students in need across all grades and Speaking – This modality also shows high need, especially in the lower grades. The data highlights a critical need for programs that strengthen expressive language development in engaging and meaningful contexts.

The Inside Broadway program addresses this need by providing ELLs with a creative, performance-based learning environment that integrates music, movement, and storytelling. Through activities such as singing, dancing, script writing, and theatrical performance, students are given authentic opportunities to practice and refine their English language skills. These activities promote vocabulary acquisition, oral fluency, and confidence in public speaking, while also supporting reading comprehension and writing development through the study and creation of narrative structures.

Qualitative observations from previous program cycles show that students participating in Inside Broadway demonstrate increased engagement, improved peer collaboration, and greater willingness to take linguistic risks. These outcomes align with the goals of Title III to enhance instructional opportunities and accelerate English language acquisition.

Student selection for the program is based on NYSESLAT and NYSITELL scores, ensuring that those with the greatest need for language development are prioritized. The integration of arts-based instruction with language learning provides a culturally responsive and emotionally supportive environment that fosters both academic and social growth.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Students and Grade Levels to be Served:

The after-school program funded by Title III ELL will serve the following students:

-Total Number of ELLs: 50
-Grade Levels: Grades 1,2,3,5
-ELL Subgroups and Proficiency Levels:
-Newcomer Students
-Students at the Entering, Emerging and transitioning levels of English proficiency

These students have been identified as needing targeted support in the areas of English language acquisition, including:

-Understanding and following directions
-Expressing needs and ideas
-Developing social and academic communication skills in English

Instructional strategies will include scaffolding, access to essential vocabulary, and language supports that simplify language without reducing content rigor. These approaches are designed to help students build confidence and competence in both social and academic English.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Schedule and Duration

The Title III ELL after-school program will be implemented in two cycles during the 2025–2026 school year:

Cycle 1:

Start Date: November 2025
End Date: January 2026
Days of the Week: Tuesdays and Thursdays
Time: 2:30 PM – 4:15 PM
Total Number of Sessions: 16

Cycle 2:

Start Date: February 2026
End Date: April 2026
Days of the Week: Tuesdays and Thursdays
Time: 2:30 PM – 4:15 PM
Total Number of Sessions: 16

Each cycle will conclude with a culminating activity where families will be invited to attend and celebrate student learning. During this event, students will showcase their progress by performing songs, skits, or presentations that highlight their developing English language skills.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Language of Instruction

The primary language of instruction for the Title III ELL after-school program is English. The program is designed to support English language acquisition through engaging activities that build students' confidence and improve their storytelling and writing skills.

Home Language Support

To ensure accessibility and comprehension, home language support is integrated in the following ways:

-Google Classroom Materials: Instructional materials and announcements are posted in Google Classroom and translated into students' home languages using translation tools to support understanding and family engagement.
-Translated Songs and Lyrics: Songs used in the program are translated to help students comprehend the meaning of the lyrics, supporting both language development and cultural connection.
-Multimodal Instructional Strategies: Teachers use a combination of visuals, auditory cues, and Total Physical Response (TPR) techniques to reinforce vocabulary and concepts. These strategies help bridge language gaps and support comprehension for students at the Entering and Emerging proficiency levels.

This approach ensures that students are immersed in English while still receiving the necessary support in their home language to access content and participate meaningfully in the program.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Number and Types of Certified Teachers

The program will be staffed by two certified ENL (English as a New Language) teachers. Both educators hold valid New York State certification in English as a New Language and have experience working with Multilingual Learners (MLLs) at the elementary level. Their expertise ensures that instruction is developmentally appropriate and supports the language acquisition needs of Entering and Emerging level students.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Types of Materials

The Inside Broadway after-school program will utilize a variety of creative and instructional materials to support English language development through the arts. These materials include:

--Types of Materials:
Chart paper, writing paper, markers, crayons, sketchbooks, paint, and paintbrushes.

--Titles and Publishers of Main Supplemental Materials:
While the program primarily uses general art and writing supplies, any supplemental instructional materials (e.g., vocabulary-building resources or visual aids) will align with ENL instructional goals.

--Storage Location:
All purchased materials will be stored in the classroom where instruction will take place and accessible to program staff.

--Use of Title III ELL Funds:
These materials will be purchased using Title III ELL funds and will not exceed 20% of the total allocation, in compliance with funding guidelines.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Implementation Plan and Maintaining Records

Program Implementation and Parent Notification:
Entering and Emerging ELLs will be invited to participate in the Inside Broadway after-school program, which runs twice a week. Parents and guardians will be notified of the program through multilingual letters and digital announcements shared via email, Google Classroom, and school messaging platforms. Notifications will be provided in families' preferred languages to ensure accessibility and engagement.

Record-Keeping Procedures
To ensure compliance and transparency, the school will maintain comprehensive records related to the Title III ELL funded program, including:

-Parent Notification: Copies of all parent communication, including translated invitations and consent forms, will be stored digitally and organized by language and date.
-Student Attendance: Attendance records are maintained by ENL staff and stored securely in a shared Google Drive folder accessible to program coordinators and administrators.
-Student Rosters: A list of participating students is updated regularly and stored alongside attendance logs.
-Parent Engagement Activities: Records of culminating events, including invitations, sign-in sheets, and photos or videos of student performances, will be maintained as evidence of family involvement.
-Professional Development: Logs of any professional development activities related to the program, including agendas, sign-in sheets, and materials, will be archived.
-Financial Documentation: All purchase orders, receipts, and invoices related to Title III expenditures will be tracked and stored in accordance with district and Title III guidelines.

These procedures ensure that the program is implemented with fidelity and that all required documentation is readily available for monitoring and reporting purposes.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional Development Summary
As part of our Title III ELL program, our school will implement a comprehensive professional development (PD) plan designed to strengthen instructional practices for Multilingual Learners (MLLs), particularly those at the Entering and Emerging proficiency levels.

Professional Development to Be Provided
The PD will focus on collaborative planning, differentiated instruction, and the integration of language development strategies across content areas. ENL teachers will work alongside Common Branch teachers to co-plan instruction using student data, implement co-teaching models, and ensure that instruction is both rigorous and accessible to MLLs.

Activities and Topics
Teachers will engage in the following professional learning activities:

Collaborative Planning and Co-Teaching

Training on effective co-teaching models
Strategies for integrating language objectives into content instruction
Joint lesson planning using student data
Data-Driven Instruction

Using formative and summative assessments to inform instruction
Differentiating tasks based on language proficiency levels
Implementation of HMH English 3D

Training for ENL teachers and providers on using HMH English 3D
Supporting students across all proficiency levels during the school day and after school
Dual Language Support

- Using advanced scaffolding techniques and explicit instruction for classrooms with a wide range of English proficiency levels in content areas

Designing tiered assignments and using flexible grouping
Incorporating peer language supports and student-led learning

Peer observations with structured feedback protocols
Teacher-led PD sessions and learning walks
Reflective journals and video analysis to support continuous improvement
Funding Source
Professional development activities will be funded in part by Title III ELL funds:

All PD sessions will be documented with agendas, sign-in sheets, and session materials. Records will be maintained for compliance and reporting purposes.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Rationale for Professional Development
The professional development (PD) provided under the Title III ELL program is grounded in both qualitative and quantitative data that highlight the need for continued support in differentiated instruction, co-teaching, and language development strategies for Multilingual Learners (MLLs), particularly those at the Entering and Emerging proficiency levels.

Data-Driven Justification

Multiple data sources have informed the design of this PD plan:

-Teacher Observation Data (MOTP): Implementation of co-teaching models has led to improved teacher effectiveness ratings, particularly in the domains of planning and instruction.
-Student Achievement Data: Analysis of State Exam results shows positive trends in student progress when co-teaching and scaffolded instruction are in place.
-Teacher Feedback: In-house surveys and collaborative planning reflections indicate a need for deeper support in differentiating instruction for mixed proficiency levels and integrating language development into content areas.
-Program-Specific Needs: ENL teachers supporting the Inside Broadway after-school program will collaborate with teaching artists to plan scaffolded, age-appropriate dance and song activities that align with language acquisition goals.

Professional Development Focus Areas

Based on these findings, the PD will focus on:

Collaborative Planning and Co-Teaching
-Enhancing co-teaching partnerships between ENL and Common Branch teachers
-Aligning instruction with language and content objectives
-Differentiation for Mixed Proficiency Levels

Advanced scaffolding strategies for classrooms with diverse language needs
-Tiered assignments, flexible grouping, and peer-supported learning
-Use of formative assessments to guide instruction
-Implementation of HMH English 3D

Supporting consistent use of the program during the school day and after school
-Ensuring alignment with students' language proficiency levels

Dual Language Support
-Providing HMH professional learning for Mandarin and Spanish dual language classrooms

Integrating Technology to Support Language Learning
-Training on digital platforms such as Flip, Book Creator, and Google Read&Write
-Creating multimodal assignments and using accessibility tools effectively

Reflective Practice and Peer Coaching
-Peer observations with structured feedback protocols
-Teacher-led PD sessions and learning walks
-Reflective journals and video analysis to support continuous improvement

Implementation and Facilitation
-PD sessions will be held monthly in person and will include ongoing support from the District 25 Teacher Development & Evaluation Coach to guide implementation, provide feedback, and support teacher growth.
-Teaching artists from Inside Broadway will meet with ENL teachers twice per cycle to co-plan integrated arts-based language instruction.

This professional development plan is designed to build teacher capacity, improve student outcomes, and ensure that MLLs receive equitable access to high-quality, language-rich instruction.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers participating in the Title III ELL program will receive ongoing, targeted professional development to support the academic and language development of Multilingual Learners (MLLs), particularly those at the Entering and Emerging proficiency levels. This includes ENL teachers, Common Branch teachers working in co-teaching settings, and dual language teachers in Mandarin and Spanish programs. The professional development will focus on differentiated instruction, co-teaching strategies, and integrating language development into content instruction.

Training will be delivered by the District 25 Teacher Development & Evaluation Coach and the MLL Services Administrator. Sessions will be held monthly in person and will include opportunities for collaboration, reflection, and classroom application, ensuring that all staff involved in the Title III ELL program are equipped to provide high-quality, language-rich instruction.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration
The professional development activities for the Title III ELL program will take place from September 2025 through June 2026. These sessions are designed to support ENL and Common Branch teachers in collaboratively planning and delivering differentiated instruction that meets the needs of Multilingual Learners (MLLs), particularly those at the Entering and Emerging proficiency levels.

--Start Date: September 2025
--End Date: June 2026
--Total Number of Sessions: 10 sessions (one per month)
--Days of Sessions: Mondays
--Time and Duration: 3:00 PM – 4:00 PM (1 hour per session)

During these monthly sessions, teachers will engage in collaborative planning, reflect on instructional strategies learned, and share student outcomes. The focus will be on applying co-teaching models, scaffolding techniques, and language development strategies to ensure high-quality, accessible instruction for MLLs.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to Be Covered

1. Stand Alone instruction using HMH 3D

2. Advanced scaffolding strategies for diverse language learners
Tiered assignments and flexible grouping
Peer language supports and student-led learning
Dual Language Instructional Support

3. Strategies for supporting Mandarin and Spanish dual language classrooms
Language development across content areas in bilingual settings
Integrating Technology to Support Language Learning

These topics are designed to build teacher capacity, improve instructional quality, and ensure that Multilingual Learners receive equitable, language-rich instruction across all learning environments. All topics will support both mandated and Tier 1 instruction for all MLLs.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Teaching Labs coach, District 25 Teacher Development & Evaluation Coach and the MLL Services Administrator.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Maintaining Records

Our school will maintain thorough documentation of all professional development activities provided as part of the Title III ELL program. This includes both in-person and collaborative planning sessions held throughout the 2025–2026 school year.

For each session, the following records will be collected and securely stored:

-Agendas outlining session objectives, topics covered, and facilitators
-Attendance sheets signed by participating staff
-Presentation materials and handouts used during the sessions
-Reflections or feedback forms completed by participants
-Meeting notes or planning artifacts from collaborative sessions

All documentation will be organized by date and stored digitally in a secure, shared drive accessible to school and district leadership. A separate folder will be maintained to clearly identify which sessions were funded by Title III ELL funds.

This documentation will support program monitoring, ensure accountability, and provide evidence of alignment with Title III goals and allowable expenditures.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As part of the 2025–2026 Title III ELL program, our school will implement a series of family engagement activities designed to foster strong partnerships between families and educators in support of Multilingual Learners (MLLs). Families will be invited to participate in monthly "Read Aloud Tuesday" sessions from October 2025 through January 2026, held on Tuesday mornings from 9:30–10:30 AM and afternoons from 2:30–3:30 PM. During these sessions, ENL and classroom teachers will model interactive read-alouds, demonstrate how to ask open-ended questions, and guide families through related literacy activities. In addition, families will be encouraged to share books, stories, or cultural artifacts with their child's class once a month to promote cultural awareness and inclusivity. Each grade will focus on a specific Culturally Responsive Curriculum book that highlights themes of diversity and acceptance. Communication with families will be maintained through Parent Square, Google Classroom, and email, with all invitations and materials translated into families' home languages. Parent engagement will also include regular communication about student progress and learning goals. At the conclusion of each Inside Broadway after-school program cycle, families will be invited to attend a culminating performance, with recordings shared digitally for those unable to attend in person. All invitations, permission slips, and attendance records will be stored in a designated Google Drive folder. These family engagement activities will be supported in part by Title III ELL funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Rationale for Family Engagement Activities
Our family engagement activities under the Title III ELL program are designed to strengthen the home-school

connection and support the academic and language development of Multilingual Learners (MLLs) by actively involving families in their children's learning. The decision to offer monthly "Read Aloud Tuesday" sessions from October 2025 to January 2026 during Tuesday afternoon parent engagement time is based on feedback from in-house parent surveys and informal conversations during PTA meetings, which indicated a strong interest in literacy-focused activities and flexible scheduling that accommodates working families. These sessions provide families with strategies to support reading at home, including how to ask open-ended questions and engage in meaningful discussions around texts. Additionally, the inclusion of culturally responsive read-alouds reflects parent interest in celebrating and sharing their cultural backgrounds, as expressed in school climate surveys and family engagement forums. Communication about these events will be provided in families' home languages via Google Classroom, Parent Square, and email to ensure accessibility. These activities are designed to promote literacy, cultural pride, and family involvement, and are supported in part by Title III ELL funds.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Schedule and Duration
The Title III ELL family engagement activities will take place from October 2025 through January 2026. These events are designed to foster meaningful connections between families and the school community while supporting the language and literacy development of Multilingual Learners (MLLs).

Start Date: October 2025
End Date: January 2026
Total Number of Sessions: 4 sessions (one per month)
Days of Sessions: Tuesdays
Time and Duration: Two time slots will be offered each session to accommodate family schedules:
Morning Session: 9:30 AM – 10:30 AM
Afternoon Session: 2:30 PM – 3:30 PM
These sessions will include "Read Aloud Tuesday" events and opportunities for families to share stories or cultural artifacts with their child's class. All sessions will be supported in part by Title III ELL funds.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

Topics to Be Covered
The Title III ELL family engagement activities for the 2025–2026 school year will focus on building literacy skills, promoting cultural awareness, and strengthening the home-school connection. Topics will include:

Interactive Read-Aloud Strategies

Modeling how to read aloud with expression and engagement
Demonstrating how to ask open-ended questions to support comprehension
Encouraging families to replicate these strategies at home
Culturally Responsive Literacy

Exploring books that reflect diverse cultures, languages, and experiences
Promoting acceptance and appreciation of cultural identity through literature
Encouraging families to share stories, traditions, and artifacts from their own cultures
Supporting Language Development at Home

Providing tips for supporting English language development in everyday routines
Sharing strategies for reinforcing vocabulary and oral language skills
Offering multilingual resources and tools for home use
Celebrating Student Learning

Inviting families to culminating performances from the Inside Broadway after-school program
Highlighting student growth in language and confidence through arts-integrated presentations
Sharing recordings and reflections to include families who cannot attend in person

These topics are designed to empower families as partners in their children's education and are supported in part by Title III ELL funds.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Inside Broadway
Lerna Karanfiloglu - ENL Teacher

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Family Notification of Activities and Translation and Interpretation Supports
Families will be notified of all Title III ELL family engagement activities—including monthly "Read Aloud Tuesday" sessions and culminating events such as the Inside Broadway share sessions—through multiple communication channels. These include Parent Square, Google Classroom, and email, ensuring that families receive timely and accessible information. Notifications will be sent in advance of each event and will include details such as the date,

time, location, and purpose of the activity.

To ensure equitable access, all notifications will be translated into families' preferred home languages. This includes invitations, permission slips, and follow-up communications. Translations will be managed by the ENL Coordinator in collaboration with school-based translation services.

For in-person events, interpretation support will be provided as needed, based on the language needs of participating families. This may include bilingual staff and/or interpretation headsets ensure that all families can fully engage in the activities. Additionally, for families unable to attend events in person, final sessions—such as the Inside Broadway performance—will be recorded and shared via Google Classroom.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

PS 21 will maintain all documentation, including invitations, permission slips, attendance records, and interpretation logs, in a designated Google Drive folder managed by the ENL Coordinator for compliance and reporting purposes.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

4

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

After-School Program Summary

The program will run Tuesdays and Thursdays from 2:20 PM to 4:00 PM for 16 sessions. It will serve Developing ELL immigrant students in grades 3–5 at the Transitioning, Expanding, and Commanding levels.

Students will participate in activities that integrate language development with the arts, including literature-based learning, song creation, and dance with language scaffolds. These activities support all four language modalities—listening, speaking, reading, and writing—while providing social-emotional support.

Instruction will be delivered through a co-teaching model by 4 licensed ENL teachers and 2 Inside Broadway

teaching artists. Students will be grouped into 4 cohorts of 10–12 students each, ensuring individualized attention.

The program will be supervised by a designated program supervisor, who will meet weekly with staff to monitor implementation. If funded through Title III Immigrant, supervisor compensation will reflect hours worked beyond the regular workday.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Quantitative analysis of NYSESLAT results shows that a significant number of immigrant ELL students in grades 3–5 are at the Transitioning, Expanding, and Commanding levels, with listening and speaking modalities scoring in the lower percentiles:

Grade 3: 30 out of 52 students
Grade 4: 32 out of 57 students
Grade 5: 29 out of 51 students

Qualitative data from teacher observations and classroom feedback indicate that these students struggle with oral language confidence, collaborative communication, and vocabulary development. These gaps hinder their ability to fully engage in literacy instruction and progress through proficiency levels.

Data Sources Used

NYSESLAT scores for language proficiency levels and growth trends.
Teacher feedback and classroom observations highlighting oral language challenges.
School literacy performance data showing the need to strengthen speaking and listening skills to support HMH Into Reading implementation.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

Students served through the program support grade levels 3-5. Students selected are immigrant ELL's that are transitioning, expanding and commanding.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will begin in on January 2026 and will conclude in March 2026. The program is designed with 16 sessions on Tuesday and Thursday afternoons from 2:20- 4:00 PM. At the end of the program, families will be invited to attend a culminating performance by the students who participated.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for the Inside Broadway program will be in English.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There will be 4 ENL certified teachers.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**

- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials for Students

Printed scripts and storyboards for acting and storytelling activities.
Songwriting journals or notebooks for composing lyrics and documenting ideas.
Art supplies (markers, colored pencils, poster boards) for visual components of performances.
Musical instruments (basic percussion instruments such as drums, tambourines, shakers) for rhythm creation.
Audio equipment (microphones, speakers) for rehearsals and performances.
Costume accessories (scarves, hats, simple props) to support acting and role-play.
Copies of culturally diverse literature to inspire storytelling and song creation.

Materials for Staff

Lesson plans and curriculum guides provided by Inside Broadway.
Language scaffolding resources (sentence starters, vocabulary lists) for ELL support.
Digital devices (laptops/tablets) for music composition and audio playback.
Performance space setup (chairs, stage markers) for rehearsals.
Assessment tools (rubrics for oral language, creativity, and collaboration).

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

All program records, including invitations, permission slips, and attendance will be maintained in Google Drive and a physical binder by the ENL supervisor. Teachers will participate in professional development sessions with Inside Broadway teaching artists and receive planning time prior to program launch. The principal and assistant principals will monitor program implementation to ensure compliance and quality.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Professional Development to Be Provided
Teachers will participate in professional development sessions with Inside Broadway teaching artists prior to the program's start. These sessions will focus on integrating performing arts with language instruction for ELLs.

Activities Teachers Will Engage In (By Topic)

Storytelling and Acting Techniques: Strategies to foster oral language development and student confidence.
Songwriting and Music Integration: Methods for guiding students in creating rhythms and composing lyrics to build vocabulary.
Language Scaffolding in Arts-Based Instruction: Tools for supporting ELLs across all four modalities (listening, speaking, reading, writing).
Collaborative Planning: Co-teaching approaches and lesson design with teaching artists.

Funding Source
The professional development sessions will not be supported through the Title III Immigrant funds for the program and teacher per-session.

Rationale for Professional Development
Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**

- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Analysis of NYS ELL data results indicates that immigrant students in grades 3–5 at the Transitioning, Expanding, and Commanding levels require targeted support to strengthen oral language proficiency and academic vocabulary. While quantitative data (e.g., NYSESLAT scores) show progress in reading and writing, qualitative observations reveal gaps in speaking confidence and collaborative communication skills. These findings justify the need for professional development focused on arts-integrated strategies that promote verbal expression and social-emotional growth.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

All teachers working in the Title III Immigrant program will receive ongoing professional development designed to enhance instruction for ELLs and align with the school's literacy program, HMH Into Reading. Professional development will be provided by Inside Broadway teaching artists in collaboration with ENL supervisors and will occur prior to program implementation and throughout the program cycle.

Arts-Integrated Language Instruction: Strategies for using storytelling, acting, and songwriting to build oral language skills and vocabulary.
Language Scaffolding Techniques: Incorporating sentence frames, vocabulary supports, and structured dialogue to strengthen speaking and writing.
Connecting Arts to Literacy: Aligning activities with HMH Into Reading by reinforcing comprehension, fluency, and writing through creative expression.
Collaborative Planning: Co-teaching models and lesson design with teaching artists to ensure integration of language objectives and literacy standards.

This professional development equips teachers to embed language objectives into arts-based activities, fostering engagement and confidence for immigrant ELLs. By linking creative tasks—such as composing songs and performing stories—to HMH Into Reading themes and texts, teachers reinforce vocabulary, comprehension, and writing skills in authentic, meaningful contexts.

Quantitative: NYSESLAT results identifying students at Transitioning, Expanding, and Commanding levels who need oral language and vocabulary support.

Qualitative: Teacher observations and feedback showing gaps in speaking confidence and collaborative communication.
These data confirm the need for PD that integrates language development with performing arts to address both academic and social-emotional growth.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Analysis of NYS ELL data (NYSESLAT) shows that immigrant students in grades 3–5 at the Transitioning, Expanding, and Commanding levels need targeted support in oral language development and vocabulary acquisition.

Quantitative Data: NYSESLAT scores indicate students are progressing in reading and writing but show slower growth in speaking and listening.
Qualitative Data: Teacher observations and classroom feedback reveal gaps in speaking confidence, collaborative communication, and engagement during literacy activities.

These findings justify professional development that equips teachers with strategies to integrate performing arts into language instruction, fostering verbal expression and social-emotional growth.

Data Sources Used

NYSESLAT results for language proficiency levels and growth trends.
Teacher feedback and classroom observations highlighting oral language challenges.
Program participation records from previous enrichment activities showing positive impact of arts-based learning on engagement.
Professional development will train teachers to use Inside Broadway's arts-integrated approach to strengthen oral language skills while reinforcing literacy objectives from HMH Into Reading.

Teachers will learn to connect storytelling, acting, and songwriting to reading comprehension and writing tasks aligned with HMH texts.
Activities such as composing songs and performing stories will build vocabulary, fluency, and confidence in speaking, supporting all four language modalities.

All ENL teachers and teaching artists working in the Title III Immigrant program will participate in:

Ongoing collaborative planning meetings throughout the program cycle.
Weekly check-ins with the ENL supervisor to refine strategies and ensure alignment with literacy goals.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

All teachers participating in the Title III Immigrant program will receive ongoing professional development prior to and during program implementation. The sessions will be delivered collaboratively by Inside Broadway teaching artists and the ENL supervisor. Topics include:
Using storytelling, acting, and performance to build oral language skills and confidence. Strategies for encouraging verbal and social-emotional risk-taking among ELLs. Guiding students in creating rhythms and composing lyrics to expand vocabulary. Connecting music activities to cultural awareness and language development.
Language Scaffolding for ELL-Incorporating sentence starters, vocabulary lists, and structured dialogue.
Supporting all four language modalities: listening, speaking, reading, and writing.

Alignment with Literacy Program (HMH Into Reading)
Linking arts-based activities to HMH texts and themes.
Reinforcing comprehension, fluency, and writing through creative expression.

Collaborative Planning and Co-Teaching
Designing lessons with teaching artists to integrate language objectives and literacy standards.
Implementing team-teaching strategies for small-group instruction.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

All professional development sessions for the Title III Immigrant program will be delivered collaboratively by:

Inside Broadway Teaching Artists – Specialists in arts-integrated instruction, focusing on storytelling, acting, and songwriting techniques to build oral language skills and confidence.
ENL Supervisor – Provides guidance on language scaffolding strategies, alignment with NYS ELL standards, and integration with the school's literacy program (HMH Into Reading).

Topics Covered by Providers:
Arts-Integrated Language Instruction
Provider: Inside Broadway Teaching Artists
Focus: Using performance-based activities to enhance speaking, listening, and vocabulary development.

Songwriting and Music Integration
Provider: Inside Broadway Teaching Artists
Focus: Guiding students in creating rhythms and lyrics to reinforce language acquisition and cultural awareness.

Language Scaffolding and Literacy Alignment
Provider: ENL Supervisor
Focus: Strategies for supporting ELLs across all four modalities and connecting arts-based activities to HMH Into Reading.

Collaborative Planning and Co-Teaching
Provider: Inside Broadway Teaching Artists & ENL Supervisor
Focus: Designing lessons that integrate language objectives with performing arts and literacy standards.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All documents will be maintained by the principal and/or designee.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Our school prioritizes family engagement as a key component of student success. Under the Title III Immigrant program, families of immigrant students (including ELLs) will participate in activities designed to strengthen literacy and support language development.

Read Aloud Tuesday
Frequency: Once a month on Tuesday afternoons, three times per year (March, April, May 2026).
Description: Parents attend with their child for a read-aloud session led by classroom and ENL teachers. Teachers model asking open-ended questions and guide families through an activity based on the book.
Support: Families receive invitations via Parent Square and flyers in their home language. Each family will receive a copy of the text to encourage reading at home.
Topic: Building literacy skills through shared reading and questioning strategies.

Literacy Workshops on HMH Into Reading and Decodable Texts
Timeline: October January 2026 – May 2026.
Description: Families learn about the school's literacy curriculum and strategies to support students at home.
Topic: Understanding HMH Into Reading and phonics-based instruction to reinforce classroom learning.

These family engagement activities will be funded by Title III Immigrant funds, ensuring equitable access for all families and alignment with program goals.

There will be one evening event, in May to celebrate the different cultures in our community. Families will be invited to attend performances, perform and present activities from their culture and attend workshops presented by teachers.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Quantitative analysis of NYSESLAT results shows that a significant number of immigrant ELL students in grades 3–5 are at the Transitioning, Expanding, and Commanding levels, with listening and speaking modalities scoring in the lower percentiles. These gaps indicate the need for family engagement to reinforce oral language and literacy skills at home.
Qualitative data from teacher observations and parent feedback reveal that students demonstrate greater progress when families actively participate in literacy activities. Parents expressed interest in learning strategies to support reading and comprehension during in-house parent surveys and PTA/PA meetings, confirming the need for structured family engagement opportunities.

Data Sources Used

NYSESLAT scores identifying proficiency levels and areas of need (speaking and listening).
Parent survey responses indicating a desire for literacy workshops and home support strategies.
PTA/PA requests for more opportunities to participate in school-based literacy activities.
Teacher observations noting improved student performance when families engage in reading activities.

Reason for Topics and Timing

Topics: Literacy-focused activities such as Read Aloud Tuesday and workshops on HMH Into Reading were chosen to align with school literacy goals and address oral language gaps.
Timing: Sessions scheduled for March, April, and May 2026 and workshops from January 2026 – May 2026 provide consistent engagement throughout the academic year, supporting ongoing progress.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Title III Immigrant Family Engagement Activities – Schedule Details
Activity 1: Read Aloud Tuesday

Start and End Dates: March 2026 – May 2026
Total Number of Sessions: 3 sessions
Days of Sessions: One Tuesday per month (March, April, May)
Time and Duration: 2:30 PM – 3:30 PM (1 hour)

Description: Parents and students participate in a read-aloud led by ENL and classroom teachers, model questioning strategies, and complete an activity based on the book. Families receive a copy of the text.

Activity 2: Literacy Workshops on HMH Into Reading and Decodable Texts

Start and End Dates: January 2026 – May 2026
Total Number of Sessions: 6 sessions (one per month)
Days of Sessions: Scheduled monthly on weekday afternoons
Time and Duration: 2:30 PM – 3:30 PM (1 hour)

Description: Families learn about the HMH Into Reading curriculum and strategies to support literacy at home, including phonics and comprehension techniques.

Funding: All family engagement activities will be funded by Title III Immigrant funds to ensure equitable access for families.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Title III Immigrant Family Engagement Activities – Topics Covered
Activity 1: Read Aloud Tuesday

Start and End Dates: March 2026 – May 2026
Total Sessions: 3 (one per month)
Days and Time: Tuesdays, 2:30 PM – 3:30 PM
Topics Covered:

Modeling effective read-aloud strategies for parents.
Asking open-ended questions to build comprehension and oral language.
Completing a literacy-based activity connected to the book.
Encouraging home reading practices to reinforce classroom learning.

Activity 2: Literacy Workshops on HMH Into Reading and Decodable Texts

Start and End Dates: January 2026 – May 2026
Total Sessions: 6 (monthly)
Days and Time: Weekday afternoons, 2:30 PM – 3:30 PM
Topics Covered:

Overview of HMH Into Reading curriculum and its components.
Strategies for supporting phonics and decoding at home.
Building vocabulary and comprehension through family reading routines.
Using decodable texts to strengthen foundational literacy skills.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Title III Immigrant Family Engagement Activities – Providers and Details
Activity 1: Read Aloud Tuesday

Start and End Dates: March 2026 – May 2026
Total Sessions: 3 (one per month)
Days and Time: Tuesdays, 2:30 PM – 3:30 PM
Topics Covered:

Modeling effective read-aloud strategies
Asking open-ended questions to build comprehension
Literacy-based activity connected to the book
Providers: ENL Teachers – Certified ENL teachers
Classroom Teachers

Activity 2: HMH Parent Workshops
Start and End Dates: January 2026 – May 2026
Total Sessions: 6 (monthly)
Days and Time: Weekday afternoons, 2:30 PM – 3:30 PM
Topics Covered:

Overview of HMH Into Reading curriculum
Strategies for phonics and decoding at home
Building vocabulary and comprehension

Providers:
Classroom Teachers

Activity 3: Parent University

Start and End Dates: Throughout the school year
Topics Covered:
Supporting literacy and language development at home
Understanding school resources and curriculum

Providers:
P.S. 21 Classroom Teachers

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will receive invitations and notifications through Parent Square and printed flyers. Notifications will include all relevant details such as dates, times, and topics for each activity.
Translation of Notifications:
All invitations and flyers will be translated into the parent/guardian's preferred language to ensure accessibility and

understanding. Parent Square supports multilingual communication, and printed materials will be provided in both English and the home language.
Interpretation Supports at Events:
Interpretation services will be available during all family engagement activities. Bilingual staff and/or interpreters will assist families to ensure full participation and understanding of the content presented.

Family Engagement Activities – Providers and Details
Read Aloud Tuesday

Dates: March – May 2026
Sessions: 3 (one Tuesday per month)
Time: 2:30 PM – 3:30 PM
Topics: Read-aloud modeling, open-ended questioning, literacy activity
Providers: Certified ENL Teachers & Classroom Teachers

HMH Parent Workshops

Dates: January 2026 – May 2026
Sessions: 6 (monthly)
Time: 2:30 PM – 3:30 PM
Topics: HMH Into Reading curriculum, phonics, vocabulary strategies
Providers: Classroom Teachers

Parent University

Dates: Throughout the school year
Topics: Supporting literacy and language development at home
Providers: P.S. 21 Classroom Teachers

Family Fun Days

Dates: Scheduled during the school year
Topics: Interactive family activities promoting language and literacy
Providers: P.S. 21 Staff

Multicultural Night

Date: Spring 2026
Topics: Celebrating cultural diversity through music, storytelling, and performance
Providers: P.S. 21 Staff & Inside Broadway Teaching Artist

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Our school will maintain thorough documentation for all Title III Immigrant family engagement activities to ensure compliance and accountability.

Parent Coordinator will be responsible for maintaining all records.

Documentation will include:

Attendance for each session
Attendance sheets signed by participants
Copies of notifications sent to families (Parent Square messages and flyers)

Records will be stored in both Google Drive and a physical binder for easy access and audit purposes.
Notification and Language Access
Families will be notified of activities through Parent Square and printed flyers.
All notifications will be translated into the parent/guardian's preferred language to ensure accessibility.
Interpretation supports will be provided at events by bilingual staff or interpreters to facilitate full participation.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

NA

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
