Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

State Street School

District Borough Number (DBN):

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Debra Errico	*Principal or Designee	
Christina Kaidas	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Pei Fei Hom	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
	District Council 37 (DC 37) Representative (staff), if applicable	
Karen Saca-Mosquera	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for high schools)	
	Student Representative (Required for high schools)	
	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Suzann Valenzuela	CSA representative

Albert Lee	Parent

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The mission of P.S. 32 is to provide our children with educationally sound programs to broaden their horizons and maximize their abilities, so that they may fulfill their potential and become productive members of our society. Each member of our educational family fosters respect, support, and encouragement. We promote increased parent involvement and participation. As a result, we anticipate that parents will join with the staff and students to share in the responsibility of their child's education. As each member of our educational community sets high expectations for our student, we must also build each child's confidence and self esteem, support individualized thinking, encourage critical thinking, and foster a love of learning.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Starting in the 2-25-2026 school year, P. S. 32 will be a Pre-K-5 PROSE. P.S. 32 is located in Queens. In 2024-25, P.S. 32 had 833 students enrolled which includes the two biggest subgroups; Asian and Hispanic. There were 155 multilingual learners and 149 special education students. We have the only Korean Dual Language classes (K-5) on the entire Eastern Seaboard inclusive of all of NYCPS. We also host one Gifted and Talented class on each grade, as well as a full continuum of special education services including, but not limited to, a minimum of one Integrative Collaborative Teaching (ICT) class and one special education self-contained class on each grade level (K-5).

Teachers are engaged in professional development including HMH Into Reading, MindUp, and IM K-5 and Amplify Math (Grades 4 and 5). Teachers are continuing to utilize the tools they have received from these meetings to plan and prepare lessons and enhance their pedagogical practices. Teachers have time embedded in their schedules to allow for common planning. There is a lead teacher on each grade level to act as the liaison between the work of ILET (Instructional Leadership Equity Team) and grade-level teams. There are two instructional coaches on site (1 UFT teacher center coach and 1 building coach) to facilitate learning in classrooms through models and cycles of feedback. Professional development is turn-keyed by teachers who are attending outside professional learning as well. Administration engages in cycles of professional learning with district colleagues in order to model best practices and engage in transformational leadership practices.

School leaders ensure that rigorous tasks and higher-order thinking skills are emphasized in curricula which promotes college and career readiness for all students. This emphasis requires that all students demonstrate their own understanding to help create student agency. Student work products and discussions reflect high levels of critical thinking and understanding of content, participation, and ownership. Teachers at P. S. 32 collaborate on grade-level teams weekly. The C.A.S.E team (Culturally responsive, Attendance, Social Emotional) was formed to support family and community ties. The team analyzes the school's attendance data to identify students who are chronically absent or have a pattern of absences that may lead to chronic absences, and partner with families and

the student to create a positive intervention protocol. The ILET (Instructional Leadership Team) meets to discuss data and trends and make instructional decisions based on the findings. The School Leadership Team (SLT) meets monthly to align the school budget and resources to meet the goals outlined in the Comprehensive Educational Plan (CEP). In addition, PS 32 has a partnership with Civics for All, including Project Soapbox and Participatory Budgeting. Lastly we have a PS 32 Debate Team. All of these teams strengthen instructional capacity and increase student achievement.

Briefly summarize the key initiatives your school will implement this school year.

-Explicit Instruction Professional Learning Initiative:
- Aligned to District 25 Goal
- Based on needs assessment (Advance Data/Danielson), Professional Learning survey, class walkthroughs)
- Utilize research-based articles (Anita Archer) to inform

-Grade-level meetings weekly for collaborative planning initiative:
- Built into schedules for weekly planning time
- Facilitated by instructional coaches

-Beginner ENL class:
- to support new-comer students in learning academic and social language
- fluid class that allows for entering and exiting based on progress monitoring of language skills

-Parent Engagement:
-promote parent engagement through teacher feedback to parents
-allow for up-close look at teaching and learning to support home-school connection

-Project Based learning
-District support
-Connect Civics for All and HMH Into Reading

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
Math	K-3	Illustrative K-5	
ELA	K-5	HMH Into Reading	
ELA	K-2	Fundations & Heggerty	
Math	4-5	Amplify	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
66% Overall Proficiency on iReady Grades 3-5 based on the 2024-2025 End of the Year data.	Lack of consistency in planning (limited Lack of consistency on what it means to understand a text deeply or respond effectively to comprehension questions. Clarity on how success looks like for a task. Coherence within and across grades in guiding student understanding. Promote student ownership of their learning.	Consistency of Explicit Instruction, Coherence on Success Critera
82% of Students Performing on Grade Level within the Phonics	Phonemic Awareness Deficiency: Students cannot isolate or manipulate individual sounds in words. Awareness Domain based on the 2024-2025 End of the Year data.	effort, leaving little to no fluency or automaticity. Students' limited knowledge of basic letter-sound correspondences.	support students who "fall behind".
15% of MLL/ELL Overall on iReady based on the 2024-2025 End of the Year data.	Students learning a new language and could be at different component of Literacy Rope. Phonemic Awareness Deficiency: Students cannot isolate or manipulate individual sounds in words. Limited exposure to oral language play (in particular to rhyming, and syllables). Students are decoding letter by letter word by word with effort, leaving little to no fluency or automaticity.	Consistency in Heggerty and Fundations (data collection for targeted small group) Coherence on how to support students who "fall behind". Focusing on intentional planning of students

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	66%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 66% to 76%, of Percentage of students performing on or above grade level on the Overall Proficiency Level on iReady .
All Students	82%	By June, 2026, literacy for All Students will improve, as measured by a 10% Increase, from 82% to 92%, of Percentage of students performing on or above grade level on the Proficiency Level on Phonics Domain.
English Language Learners (ELL)	5%	By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 25% Increase, from 5% to 30%, of Grade Level Proficiency as seen on the iReady.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit Phonological Awareness Instruction

Teach skills like rhyming, syllable segmentation, blending, and phoneme manipulation.

Use visual, auditory, and kinesthetic activities (chopping, tapping out sounds).

Systematic Phonics Instruction

Reinforce letter-sound correspondence through repetition and guided practice.

Build fluency with familiar texts through repeated readings.

Pair students for echo reading or choral reading to build confidence and prosody.

Focusing on the 16 Components of Explicit Instruction with a focus on the implementation of Success Criteria.

Use gradual release of responsibility (I Do, We Do, You Do) for strategy use.

Teachers will recieve professional learning on Phonological Awareness, Phonics and Comprehension - after professional learning, teachers will apply their learning and assess their learning through student work to monitor student growth.

Root Cause Addressed:

Lack of consistency on what it means to understand a text deeply or respond effectively to comprehension questions.
Clarity on how success looks like for a task.
Coherence within and across grades in guiding student understanding.
Lack of foundational phonics skills
Limited vocabulary exposure

Limited English proficiency (for MLL/ELL students)
Promote student ownership of their learning.
Students unable to isolate sounds.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will participate in professional learning focused on key components of the reading rope, including phonemic awareness, phonics, and comprehension.
Teachers will be provided time to plan in alignment with best practices shared during professional learning, giving them the opportunity to bridge theory to practice by implementing learned strategies with students and monitoring their effectiveness through the P.D.S.A. cycle.
Teachers will study student work and develop small groups based on the needs of the students.
Data will be analyzed and groups will be create for Ter 3 based on data and student growth.
MLL/ELL students, along with those performing below grade level in phonics and phonological awareness, will receive targeted instruction based on their individual needs. Following professional learning, teachers will identify students requiring support and deliver differentiated instruction aligned to those specific needs. Progress will be monitored.

Key Strategy 2 (Optional):

We will focus on implementing MTSS with targeted, prescribed interventions for the lowest-performing 20% of students. Teachers will receive support in analyzing data and developing instructional plans to drive student growth.

Root Cause Addressed:

Phonemic Awareness Deficiency: --Students cannot isolate or manipulate individual sounds in words.
Limited exposure to oral language play (in particular to rhyming, and syllables).
Students are decoding letter by letter word by word with effort, leaving little to no fluency or automaticity.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Every teacher will receive a list of students in their lowest-performing 20%. These students will receive intensive support during the core instructional periods using a prescribed intervention program.
After 6 weeks, students will be progress-monitored to see if students have demonstrated growth.
Data chats will be conducted, based on their growth, we will determine next steps—whether to continue the current plan, adjust the instruction, change the program, or consider more intensive Tier 3 support.
MLL/ELL newcomers will receive targeted instruction to build background knowledge and vocabulary, along with an additional dose of Fundations to support foundational literacy skills.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Students receiving Tier 2 supports within their classrooms will also be progress monitored. Small groups will be formed based on diagnostic assessment data, classroom data, and assessment - the small groups will provide targeted instruction aligned to student needs and progress monitored to track student success.

After six weeks of intensive, prescribed support, students receiving Tier 3 instruction will be progress monitored using the Acadience Dashboard. Following each progress monitoring period, data chats will be conducted to review student progress, adjust instruction or interventions as needed, and determine if Tier 3 support is warranted.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	10/24/2025	Teachers will be reaching to parents to schedule one-on-one conferences. These meetings are an opportunity for teachers to get to know their students well and develop a relationship to support their learning and growth.	
09/04/2025	06/26/2026	Parents will actively engage in classroom activities designed to build foundational literacy skills, including phonological awareness, phonics, and comprehension. These activities will mirror the instructional strategies teachers are using as part of our targeted professional learning. In addition, providing families with a hands-on understanding of how these skills are taught. Parents will be invited to attend professional learning sessions that directly connect to the instructional practices they observe. These sessions will equip families with practical tools and strategies to reinforce learning at home, strengthen the school-to-home connection, and support student growth in alignment with our literacy goals.	
09/04/2025	06/26/2026	Once a month during "Pan-Tas-Tic Fridays", parents will be invited into their child's classroom to participate in targeted learning experiences focused on either social-emotional development or academic skills. These sessions will align with classroom instruction and provide families with meaningful opportunities to engage in their child's learning.	
09/04/2025	06/26/2026	Teachers will contact parents three times a year to discuss their child's progress. Following each assessment, parents will also receive progress indicators called "hearts" and "footprints" to help illustrate their student's growth. Parents will be offered ways to help "bridge the gap".	
09/04/2025	06/26/2026	Home to School Connection: Parents will receive regular newsletters that share what students are learning in the classroom, along with helpful strategies and resources to support learning at home.	
09/04/2025	06/26/2026	We will track students who are chronically absent and regularly monitor their attendance. Efforts will be made to ensure parents	

		understand the importance of consistent school attendance and how it directly impacts student achievement and outcomes.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Coach

Instructional Resources

HMH Into Reading, iReady, Heggerty, FUNdations, SPIRE, Really Great Reading, Great Leaps.

Schedule Adjustments

AIS Support Staff Scheduled to pull Tier 2 and 3 students, 1:1 support and grade level planning support.

Other Resources Needed

NA

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
74% students overall agree or strongly agree on student SEL Survey Report Grades 3-5 (physical and mental wellness).	Students don't feel connected to a staff member other than their teacher	Wellness, Kindness, Community

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	an	By June 2026, physical and mental wellness for All Students will improve with a 10% increase from 71% to 81% of overall students who agree or strongly agree on the Grade 3-5 SEL Survey.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Classroom charters
Friday- "Pan-tastic" Friday
Staff Members will be matched up with students to build relationships

Root Cause Addressed:

Students don't feel like they have other staff members to go to other than their teacher

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Classroom Charters- students and Parents
Mind UP lessons monthly
Buddy Classes
Teacher and student buddy system

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

We will use the Social Emotional Survey to monitor the impact of our work.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	"Pan-tastic" Fridays- Clubs with different teachers chosen by parents	
09/04/2025	06/26/2026	"Pan-tastic" Fridays- Once a month parents come in to engage in an activity with the classroom	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrative Team; Teacher Teams; School Counselor and Support Staff

Instructional Resources

Mind-Up and Ruler Tools

Schedule Adjustments

PROSE school calendar - 1 Friday per month for academic or social emotional parent in house; scheduling of buddy classes

Other Resources Needed

NA

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
34% of all students are performing below grade level in math proficiency	Overemphasis on Procedures - Lack of opportunity for student exploration; explicit instruction (employing the "I Do, We Do, You Do" from Literacy to Math instead of "You Do, We Do, I Do" - Students learn the "how" (procedural) without the "why": Instruction focuses on steps and algorithms rather than reasoning or meaning.	Build conceptual understanding

level based on the EOY iReady data 2025		
66% of our ENL students are performing below grade level proficiency in math based on the EOY iReady data 2025	1. Language Obscures the Math Concepts - Math vocabulary is unfamiliar: Words like difference, product, or greater than are confusing when students are still learning English. - Everyday words used differently in math: Terms like table, mean, or scale have different meanings in math contexts, leading to misunderstanding. - Dense academic language in word problems: ENL students may grasp the math concept but struggle to decode the problem's language. 2. Overreliance on Procedural Teaching - "simplifying" things for ENL students sometimes focus only on procedures and steps, avoiding conceptual explanations or discussion. - This limits students' deep understanding and leaves them unable to explain why something works—even if they can get the right answer.	Build conceptual understanding
68% of our students with disabilities are performing below grade level proficiency in math based on the iReady data 2025	1. Processing deficits: - Many students with IEPs have disabilities affecting working memory, processing speed, or executive functioning. These impact retaining multi-step information, making connections between concepts, and understanding abstract ideas. 2. Overemphasis on Procedures - This "skill-and-drill" approach may help short-term performance but hinders conceptual growth. 3. Lack of Access to Grade-Level Content - Some students are over-remediated or only given simplified material, never encountering age-appropriate math concepts.	Build conceptual understanding

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	66%	PS32Q will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the overall placement of students performing on or above grade level will Increase by 10% from 66% to 76%, for All Students, as measured by iReady Math Diagnostic Assessment.
English Language Learners (ELL)	34%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the overall placement off ELL performing on or above grade level will Increase by 12% from 34% to 46%, for English Language Learners (ELL), as measured by iReady DIagnostic Assessment.
Students with Disabilities (SWD)	19.6%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the overall placement performing on or above grade level will Increase by 12% from 19.6% to 31.6%, for Students with Disabilities (SWD), as measured by iReady Diagnostic Assessment.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen math instruction through...
- NYC Solves Mathematical Shifts in their planning
- Embedding the 5 Practices in Math
- Implementing the 3 Reads Protocol when solving tasks

Root Cause Addressed:

- Overemphasis on procedures
- Language obscures the math concepts
- Overreliance on procedural teaching
- Processing deficits

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will engage in cycles of Professional Learning with a focus on math instruction. These cycles will include: the "You Do, We Do, I Do" model in order to provide students the opportunity to explore and use what they already know to make sense of a new problem and also experience in first hand. Through this approach, students are encouraged to actively engage with the mathematics they are learning, build their own understanding, and make connections before being shown formal methods and representations (such as algorithms, formulas, or visual models).
Teachers will watch a model of the 5 Practices in action in order to see how to utilize the practices and guide students

in deepening their mathematical understanding and engage in meaningful discussions. These practices are crucial for fostering a productive classroom environment and supporting student learning. In addition, the 5 practices create a dynamic, responsive, and inclusive math classroom where all students are involved, heard, and challenged to grow in their mathematical thinking.
Teachers will watch a model of the 3 Reads Protocol in action in both whole class and small group setting. This strategy help students better understand and approach word problems/tasks in mathematics and encourages careful reading, thoughtful interpretation, and organized problem-solving. It encourages students to slow down and focus on understanding the problem in a structured way. It breaks down the problem into manageable parts, reducing the chances of missing important details. Students learn to identify key information and avoid getting overwhelmed by complex wording or unnecessary details.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Develop a clear and systematic approach which involves establishing primary structures for collecting and analyzing data. This will help assess whether the teaching strategies are effective and whether they lead to improved student learning and achievement. By systematically progress monitoring the implementation of the 5 Practices, 3 Reads Protocol, and the Exploratory Approach, teachers can ensure that their instructional strategies are effective and aligned with students' needs. Collecting and analyzing data from various sources, including student work, classroom

observations, assessments, and student reflections, will allow you to make data-driven decisions to improve instruction and enhance student learning

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent Workshops: Provide content to families about math shifts, curriculum, and how math instruction supports all learners. We will provide specific strategies for how families can support their children at home, such as asking open-ended questions, playing math games, or connecting math to everyday life. All materials will be translated as needed, and sessions will be offered in multiple formats (in-person, virtual, recorded) to ensure accessibility for all families.	
09/04/2025	06/26/2026	Parent Engagement: See math instruction in action and engage in the math learning with the students. We will invite families into classrooms where they can: - Observe students engaged in mathematical discussions and problem-solving routines. - Participate in hands-on math tasks with their children, experiencing the types of reasoning-based, concept-focused instruction we prioritize. - Reflect with teacher on what they observed, ask questions, and gain insight into how they can support similar thinking and learning at home.	
09/04/2025	06/26/2026	Parent Dashboard: Padlet. Provides overview of the curriculum by grade level, standards, vocabulary, unit goals, etc. This resource will serve as an at-your-fingertips tool for parents to better understand what their child is learning, how it's being taught, and how they can reinforce learning at home.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Math staff developer, District math lead, Curriculum consultants

Instructional Resources

Amplify Desmos Math Curriculum, IM K-5 Curriculum

Schedule Adjustments

Vertical team meetings, weekly grade level meetings, one on one meetings structured to support teacher needs.

Other Resources Needed

N/A

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
21% of students engaged in	Growing learning across the school Collaboration between classroom teachers and Civics for All Leads	Instructional Planning Support Time and resources for teachers to plan, adapt, and align Civics for All lessons with their grade-level content. Professional Development Targeted

Civics for all 2024-2025 schools year	leads Inconsistent implementation of Civics for All lessons and projects	training on Civics for All strategies, lesson implementation, and how to facilitate student-led civic discourse and action.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	n	At PS 32 by June 2026, Grades 4 and 5 will participate in a minimum of 10 CFA lessons and 1 Project Soapbox along with Grade 5 engaged in a Take Action Project
All Students	49%	PS 32 will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By June, 2026, the percentage of active NYC RISE college saving accounts for All Students will Increase by 20% from 49% to 69% as measured by NYC Kids Rise Save for College Program.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Grades 4–5 will implement a minimum of 10 Civics for All lessons throughout the school year.

At least two grade levels will participate in a Soapbox project

Grade 5 will go a step further by developing and executing a Take Action project.

Root Cause Addressed:

Growing learning across the school

Collaboration between classroom teachers and Civics for All Leads leads

Inconsistent implementation of Civics for All lessons and projects

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
A minimum of 34% of classes will engage in Civics for All Lessons, Soap Box
Teacher Leads will support the expansion of the Civics for All initiative by facilitating professional learning and providing time to engage with lesson implementation.

Each Gifted and Talented and Dual Language class will immersed in PBL with the support the Social Studies Enrichment cluster.
One additional class per grade will also engage in PBL with the Staff Developer's and District support.

Key Strategy 2 (Optional):

This school year we will be implementing project based learning that integrates Civics for All content (Including Passports to Social Studies) and content learned within HMH Into Reading. The school will begin by rooting the work in essential questions that will anchor the learning in real-world relevance, encouraging students to explore civic themes through multiple lenses all while integrating the reading skills learned within HMH.

We will begin the support of implementation of PBL by working with our Dual Language, Gifted Classes and one additional class per grade. Classes will be working with support of our District to target the learning of the students to ensure they are actively learning, integrating their deeper content knowledge as well as using their critical thinking, collaboration, creativity, and developing their communication skills.

Root Cause Addressed:

Growing learning across the school

Collaboration between classroom teachers and Civics for All Leads leads

Inconsistent implementation of Civics for All lessons and projects

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Providing workshops for families and watch parties about Save for College
Parent Square posts in different languages about Save for College
At all School- wide events will always have flyers about Save For College to get more parent involvement

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Civics:
Monitor implementation of :
10 Civics for All lessons throughout the school year.

At least two grade levels will participate in a Soapbox project

Grade 5 will go a step further by developing and executing a Take Action project.

Save For College:

Providing workshops for families and watch parties about Save for College

Parent Square posts

School- wide events will always have flyers about Save For College to get more parent involvement

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/02/2025	06/30/2026	Parent Engagement in Project Based Learning. Engagement in the classroom throughout the school year. In addition learning labs with the parents throughout the school year.	
10/01/2025	10/31/2025	Virtual workshop for families to learn about Save for College	
11/01/2025	12/26/2025	Representatives from Kids Rise will be coming to on our Parent Cafes to answer questions	
09/05/2025	06/26/2026	Continuing to send flyers how and post about Save for College	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Civics for all leads, Save For College, Civics/Social Studies teachers, Staff Developers, Save for College

Instructional Resources

HMH Into Reading, Civics for All, Passports to Social Studies, Save For College, Mind Up

Schedule Adjustments

CFA Meeting time, planning periods for the school Civics Lead, Save For College

Other Resources Needed

NA

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
94% of families say that they have communicated with their child's teacher about their child's performance - 2023-24 School Quality Snapshot	Families feel like they are not being provided feedback from their teachers except during parent teacher conferences	Outreach to parents at designated times of the year beyond parent teach conferences

Parent Survey 2025 - 96% of families say there is outreach to parents	Families feel like they are not being provided feedback from their teachers except during parent teacher conferences	More outreach and parent engagement activities

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	10%	PS 32 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, 100% of the teachers will provide meaningful and specific feedback to families, 2 times during the school year, using hearts and footprints as measured by the Parent Engagement Form.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Parent Engagement/Google Form

Enter a Key Performance Indicator

Baseline:

0% of the teachers sent "hearts and hoofprints" one time for parents

Enter the date for the baseline data:

September

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

0% of the teachers sent "hearts and footprints" one time for parents

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

100% of the teachers sent "hearts and footprints" a second time for parents

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

100% of the teachers sent "hearts and footprints" a third time for parents

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To ensure consistent, timely, and meaningful communication with families through a structured feedback system using hearts (positive feedback) and footprints (areas for growth or next steps).

Outcomes:
-Improved family-school communication
-Stronger student motivation and ownership
-A more consistent and equitable approach to feedback

Root Cause Addressed:

Outreach to parents - they will understand the purpose of the heart and "hoof" print system, how and when feedback will be shared, and what “hearts” and “hoofprints” represent

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create a school-wide calendar showing designated “feedback windows”
Send a school-wide letter or email explaining the: Purpose of the heart and footprint system and how and when feedback will be shared
Standardize the use of “hearts” (positive traits, achievements) and footprints (growth areas, behaviors to watch).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will be given designated times to complete the Hearts and "Hoof" prints and Admininstration will check for timely completion of feedback

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/06/2025	06/26/2026	Parents will receive hearts and footprints for their child designated times during the school year- 3 times	
09/06/2025	06/26/2026		

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
D25 Dashboard- 2024-2025- 66% of chronically absent students are Hispanic (59/89)	Transportation barriers and academic challenges	Hispanic

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Hispanic Students	66 chronically absent students are Hispanic	By June, 2026, the Number of Chronically Absent Students for Hispanic Students will increase by decrease 10 students, from 66 chronically absent students are Hispanic to 56, as measured by the New Visions Chronic Absenteeism Reports.
All Students	11%	By June, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 3%, from 11% to 8%, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Reach our to Hispanic families with someone who speaks Spanish - Workshop/Parent Understanding of Chronic Absenteeism

Root Cause Addressed:

Language Barrier- Hispanic largest subgroup of chronically absent

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Send home a letter and/or call all parents of Chronically Absent students from the 24-25 school year in September asking what supports they need
Parent Workshop- Attendance- Meet the Teacher Night
Monthly CASE Meetings- Monitor attendance
Point Person for each grade on CASE team to make phone calls- touch base and support
Reach of to Families of Hispanic chronically absent families directly with Spanish speaking staff member

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

New Vision Portal will be used to progress monitor

CASE team agenda and minutes

Attendance/Chronic Absenteeism Family and Community Engagement

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
About 62% of IEP's reflect student voice through quotes and statements by the student in the	Either teachers are not discussing with students their vision of success for themself or teachers are forgetting to input student statements into the IEP.	IEP Development and Fidelity of Implementation

PLOP (Quality IEP Review 2024-2025)		
There is no evidence of student participation in transition planning (Quality IEP Review 2024-2025)	Teachers are unaware of the importance of the students input or they do not have the self-reflection tools accessible to them	Transition Planning and Compliance
8 out of 11 students referred this year for special education services were Hispanic students (SESIS Initial Referrals report June 2025)	Most of these students first language is Spanish and more than half of them receive ENL services. They are all struggling academically in school and parents were willing to provide any help necessary.	Referral Process and Equity
3 out of 10 suspensions this year were students with IEP's (OORS Report June 2025)	These students had infractions that required actions to be taken. Investigations lead us to believe that these students needed support so that these occurrences wouldn't happen again the future.	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	62%	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve to have well developed, thoughtful and students specific PLOP's in IEP's that include not only parent and teacher input on students strengths, areas of needs and how they learn best but also student input as well by a 18% Increase, from 62% to 80%, as measured by Quality IEP review process.
All Students	n/a	By June, 2026, we will enhance the effectiveness of general education instruction and provide affective TIER II intervention, to reduce the need for special education referrals for Hispanic students by a 20% decrease, from 72% to 52%, as measured by SESIS initial referral report.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

The school Implementation Team (SIT) will start off the year by meeting with all required staff to discuss the CEP goals and explain the plan for achieving this goal. We will provide professional learning on collecting information from students using observation, questionnaires, survey's, etc. We will then model for the teachers how to include this information in an IEP and where it should be included.

Root Cause Addressed:

We are addressing this root cause by providing professional development. Using questionnaires and surveys to learn about students vision of success for themselves will help teacher to decided what information is relevant to include in the IEP.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
School Implementation Team will meet with staff to discuss goal and plan for achieving goal.
School Implementation Team will provide professional learning collecting information from students using observation, questionnaires, survey's, etc.
We will then model for the teachers how to include this information in an Individualized Education Plan and where it should be included.
We will continue to check in with teacher throughout the year and review their Individualized Education Plans. We will provide feedback and next steps on how to continue to improve in this area.

Key Strategy 2 (Optional):

With the support of our ENL department we will provide professional development on language acquisition, since most of our Hispanic students are ELL's and how that can impact students academic progress in school. We will

look at our data and identify students that have academic needs. We would discuss ways we could provide target instruction to these students in the classroom and how to progress monitor their progress.

Root Cause Addressed:

Most of the students that were referred this year were ENL students whose first language is Spanish. They are all struggling academically in school and parents were willing to provide any help necessary. We are addressing these root causes by educating our teachers on ENL learners and also how to provide effective targeted instruction along with progress monitoring.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with staff to discuss goal and plan for achieving goal.
Provide professional learning on English as a New Language learners, how to provide targeted instruction and progress monitor growth.
Identify Hispanic learners in needs, develop a plan to support then and monitor their progress.
Review data and bring students who are still in need of support to Planning and Placement Team (PPT) to discuss next steps such as Multi-Tier Support System (MTSS).
Continue to review data and support the Hispanic students and their teachers.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

For our first goal we will:
Review IEPs quarterly to evaluate if teachers are including in the PLOP quotes and statements that reflect student voice using standardized rubrics.

For our second goal we will:
We will look at our referral data and track the number of Hispanic student referrals we receive during this school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
10/14/2025	06/19/2026	Workshop-Creating meaningful IEP goals for students	Offer goal-writing sessions or conferences where families can collaborate with staff to develop meaningful goals for their children
10/14/2025	06/19/2026	Workshop-Promoting Positive Behavior in Young Children	Inform parents on the importance of teaching social skills and discuss how to implement positive behavior systems at home and provide samples that can be used at home

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

TEAMS- School Bases Support Team, School Implementation Team

Instructional Resources

N/A

Schedule Adjustments

N/A

Other Resources Needed

N/A

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 3	Baseline assessment and placement inventory	phonics/phonemic awareness	One-to-one	During school	Progress monitoring are technology based
Tier 2/3	Baseline assessment and placement inventory	foundational skills	Small-Group or One-to-one	During school	No
Tier 3	Baseline assessment and placement inventory	phonics, phonemic awareness, fluency	Group of 3	During school	Progress monitoring are technology based
Tier 3	Placement inventory	fluency and comprehension	One-to-one	During school	Yes
Tier 2	Baseline assessment and placement inventory	phonics	Group of 5	During School	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Teacher recommendations and OORS data	behavioral supports	Small group	During school	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Parents are provided a letter if their child qualifies for MTSS services. The letter explains why their child require services, what area they will be given service in, what program, durations, tier level, group size and teacher. The teacher reaches out to families directly to introduce themselves and give a little explanation of activities and skills that will be worked on during their meetings.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

The teacher reaches out to the families in about six to eight weeks with updates on progress in targeting areas. This communication with the families continues throughout the entire school year. The teacher will use their progress monitoring data to help lead the discussion. They will discuss areas on growth and areas they will continue to target.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

A meeting is held with families to discuss student data and tier 2 interventions that have been provided. Parent are informed of tier 3 interventions, their purpose and the goal behind providing tier 3 interventions.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

47

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

After analysis of the STH Title I Survey we have identified select services aligned to the students needs. We have purchased materials such as school supplies, items for our pantries (clothes, nonperishable items, detergent and other necessities). We held a clothing shop for items needed for winter months (clothes, shoes, winter accessories and coats). In addition we provided babysitting services for parents to engage in learning initiatives without interruptions to strengthen the Home to School Connections.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

In order to support our students in temporary housing, we provide our students with school supplies to ready them for the start of the school year. Students are supported through the purchasing of school tools at the beginning of

the school year (notebooks, folders, etc.) and are provided with resources for test preparation and curriculum development as needed. When needed, clothing and toiletries are bought for STH.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 32Q-State Street School, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent-Teacher Association, and Title I Parent Advisory Council (PAC) as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 32Q -State Street School will support parents and family members of Title I students by:

- providing materials and training to help parents/caregivers work with their children to improve their achievement level, e.g., literacy, math, and use of technology;
- providing parents/caregivers with the information and training needed to effectively become involved in planning and decision-making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents/families can effectively support and monitor their child's progress;
- providing assistance to parents/caregivers in understanding City, State, and Federal standards and assessments;
- sharing information about school and parent-related programs, meetings, and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents/families to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the PS 32 school community;

Parental Involvement and School Quality

Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational

accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

The State Street School (25Q032) is in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

SWP Title I

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

At PS 32 High Quality and Ongoing Professional Learning is a priority to support all of our staff in order to best serve our students. All of our staff members are engaged in weekly professional learning during the designated contractually mandated professional learning time. During these cycles of learning staff has been taking LETRS online learning modules in this year's focus pillar on Vocabulary. We have also been using this time to learn more about HMH and tailoring small group instruction and best practices in MTSS.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$382,374	X	Priorities 1-5
Title I, Supplemental Support	Federal	$406,823	X	Priorities 1-5
Title II, Part A	Federal	$34,870	x	Priorities 1-3
Title III, LEP	Federal	$15,520	X	Priorities 1-5 ENL subpopulation
Title III, LEP Carryover	Federal	$10,376	x	Priorities 1-5 ENL subpopulation
Title I, SWP (STH)	Federal	$37,249	x	Priorities 1, 2, 3, 4b
Tax Levy (Fair Student	Local	$6,737,764	X	Priority 1-5

Funding)				
TL Civics for All	Local	$2,260	x	Priority 4a

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Debra Errico
Assistant Principal (Where Applicable)*	Suzann Valenzuela
English as a New Language (ENL) Teacher*	Melanie Paingankar
Teacher (if school has a bilingual program must be a bilingual teacher)*	
Parent/Guardian*	Pei Fei Hom
ENL Teacher	Rebecca Archodis
ENL Teacher	Christina Kaidas
ENL Teacher	Evelyn Kokoronis
Parent Coordinator	Maura Jagoda
School Counselor	Rikki Kein
Related-Service Provider	Jean Lee

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

4

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

4

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

4

Number of ESOL certified teachers with a bilingual extension:

7

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

6

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

829

Total number and percentage (%) of current ELLs:

151 (18.2%)

Total number and percentage (%) of former ELLs:

82 (9.9%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

135 (89.4%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

16 (10.6%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 (1.3%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

42 (27.8%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	DL	Korean	2002	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

ENL teachers work with students who are grouped heterogeneously within the Stand Alone program. The students that are in this program have Entering and Emerging proficiency levels. At times, students that have a proficiency level of Transition are also included in the Stand Alone program. Students are supported by their ENL teachers based on their language proficiency. In doing so, students feel comfortable participating in discussions with their peers and feel successful in completing tasks. In providing a supportive environment, students feel more confident to take risks in their abilities to share their thoughts and opinions. Students that are in the Transitioning Proficiency Level become a role model to their peers. By working in heterogenous groups, teachers have the opportunity to provide feedback that is relevant and appropriate for the students current level of understanding.
In the Stand Alone ENL program, students work in small groups with an ENL teacher to build vocabulary, literacy and communication skills. The Instruction provided is designed to build background knowledge, target vocabulary development and increase access into grade level texts by supporting students with the skill sets they need to be successful. Our Stand Alone time allows for meaningful interactions amongst students and gives students time to practice their speaking, listening, reading and writing skills in a smaller setting. In the event of remote instruction, students will be using google classroom/google meet to ensure the mandated number of minutes are met within the school year.

Stand Alone instruction also includes supporting early and struggling readers within the Multi-Tiered System of Supports (MTSS) framework such as Sound Sensible, Spire and Phonics for reading. The intervention focuses on developing foundational literacy skills, including phonemic awareness, phonics, and handwriting, through explicit, hands-on, multisensory lessons to accelerate student growth and achieve reading success for students.

Integrated ENL:

ENL teachers push in to classes to provide the mandated minutes for integrated instruction. ENL teachers work collaboratively with the classroom teacher using one of the seven co-teaching models, which includes co-teaching or parallel teaching . Students receive English language support through the core content areas (i.e., English Language Arts, Math, Science, or Social Studies). Differenting HMH instruction to adjust tasks based on language proficiency. For example, use simplified vocabulary lists or sentence frames.
Flexible Grouping: Group students by skill level for focused support or mix levels to encourage peer modeling. Use Visual Supports by incorporating anchor charts, graphic organizers, and timelines to help students grasp abstract concepts.

Incorporate anchor charts, graphic organizers, and timelines to help students grasp abstract concepts.
The student's home language is taken into consideration during instruction as an entry point into the lesson. Students are given various scaffolds to further support access into the core content curriculum. These scaffolds include visuals supports, translations and sentence frames. Instruction is provided explicitly and uses the explicit

instruction model of I Do/We Do/ You Do. Content of lessons are centered around authentic texts with rich content and language. Tier 2 vocabulary is highlighted and taught. Students work in a flexible heterogenous group and when possible are partnered with a peer that speaks the same language. Students are also pulled for small group instruction taking their proficiency level into consideration and looking at both formative and summative data to drive the instruction. In the event of remote instruction, students will be served using google classroom/google meet to ensure the mandated number of hours are met for the school year.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

Our Dual Language classes are composed of an equal number of Korean speaking and English-speaking students who are learning in both languages. The language of instruction is alternated daily by the teacher. One day is taught in English and the next day Korean. Time is split equally, 50/50 between Korean and English (the target language). The DL teachers provide the mandated minutes for the ELLs in their class. The language instruction is delivered through core content subjects such as a ELA, Social Studies and Science. Our Dual language teachers teach content in both languages (Korean and English) ensuring students develop subject matter alongside language skills. Dual language classes are grouped age-appropriately by grade level. Dual language teachers meet the mandated minutes for all of their ELL students by incorporating Integrated and Stand Alone instruction within their classroom. Students are grouped by proficiency level. By using the native language as a scaffold during Integrated instruction, ELLs are able to accelerate their academic language development. DL teachers meet with small groups of Entering and Emerging students to provide Stand Alone instruction. During this time, EN and EM ELLs are given multiple opportunities to practice speaking, listening, reading and writing in English.

Both native English speakers and native speakers of the partner language learn together. Promotes biliteracy, bilingualism, and cultural competence. HMH materials are used in both languages, often with authentic texts and scaffolded vocabulary instruction. HMH materials have been aligned to match language goals.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Before students begin the school year, students are placed into classes based on their NYSESLAT scores. Students eligible to receive services are placed in classes that have an ENL teacher that provided the mandated number of ELL instructional minutes. Dual language students are placed in DL classrooms that are taught by certified bilingual teachers. DL teachers provide the integrated and stand alone minutes for their students and provide HLA instruction using the 50:50 model. Special Education students are placed in accordance with their IEP and receive ENL services through the Push-in or Pull-out model. Students who are at the commanding level continue to receive ENL services for 2 years. These students receive their 90 minutes a week for by their common branch licensed teacher. These students are monitored to ensure they are making progress. A daily school template is used by the ENL teacher to ensure students recieve their mandated mintues. Supervisors review teachers' programs and schedules to ensure the number of mandated instructional minutes of ENL, is in accordance with CR Part 154 mandates. To ensure that all students are fully serviced we combine students according to proficiency levels across two sequential grades for Stand Alone. Students have been strategically placed during reorganization to enable efficient scheduling.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

Students receive the NYS mandated ENL, ELA, and HLA in accordance with CR Part 154 mandates based on student proficiency level. Entering level students receive 360 minutes of ENL instruction. 180 of those minutes are integrated ENL/ELA and 180 of those minutes are stand alone. Emerging level students receive 360 minutes of ENL instruction. 180 of those minutes are integrated ENL/ELA and 90 of those minutes are standalone. The remainder of those 90 minutes is flexible in either stand alone or integrated minutes. Transitioning level students receive 180 minutes of ENL instruction. 90 of those minutes are integrated ENL/ELA and the other 90 of those minutes are flexible in either stand alone or integrated minutes. Expanding level students receive 180 minutes of ENL instruction. All 180 of those minutes is integrated ENL/ELA or other content area instruction. Commanding level students receive 90 minutes of ENL instruction. All 90 of those minutes are in integrated ENL/ELA or other content area instruction.

In the DL program teachers teach 50% of the time in Korean HLA in all subject areas. The teachers have their bilingual extensions and service their ELLs. Instruction is delivered for their integrated ELA instruction and stand alone within their classroom via the ELA curriculum.

Teachers use HMH, Decodables, Fundations and Heggerty to teach literacy in grades K-2. In grades 3-5 HMH is the program used for literacy instruction. Teachers use strategies from the Science of Reading to support their students with decoding and building fluency.

For Social Studies and Science, it is the 3L's framework that is used to integrate purposeful language and literacy development.

The Reading Rescue program is used for ELLs who need additional intervention, as well as Sound Sensible and Spire. ELL students receive instruction in vocabulary development focusing on building academic language based on the research of Dr. Lily Wong Filmore and Maryann Cuchiarra.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

A self contained dual language model is used. 50% of the time the target language, Korean, is used for EPs and ELLS in each grade. EPs and ELLs are integrated all day. All content areas are taught together. This includes reading, writing, mathematics, science, social studies, art, drama, computer, physical education, and music. English and Korean are used to teach core content on alternating days. Emergent literacy is taught in both languages simultaneously.

b. In which language(s) is each core content area taught?

All content areas are taught 50% in English and 50% in Korean. English and Korean are used to teach core content on alternating days.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

89.4% are newcomers. Newcomers are provided with visual vocabulary prompts based on a unit of study of a thematic unit. The program used is Benchmark Hello. The program's goal is to focus on helping students build foundational English language skills, social-emotional awareness and academic readiness. These students require instruction that is highly scaffolded and repetitive. The focus is on basic communication so that they can understand and respond to simple spoken English. They practice speaking in complete sentences using linguistic frames and learn vocabulary. Their instruction is highly visual with a focus on oral language development and foundational literacy skills. L1 is sometimes used to support students at this level, honoring their silent period and allowing newcomers to feel comfortable in their environment. Students learn letter sounds and basic phonics and develop vocabulary through thematic units. They build sight word recognition and decoding skills and practice early writing skills. There is a strong focus on adjusting to a new culture and community building and the program prepares students to transition into grade-level ENL classrooms.

Developing or Long Term ELLs require support in their language and literacy development. They benefit from having explicit instruction and clear expectations. They need scaffolds and support in Academic vocabulary. Pre-teaching vocabulary and providing students with linguistic frames and giving them opportunities to practice their language with peers as well as English proficient students helps to improve their language. These students require less emphasis on cultural adjustment. They have been in the country and school system longer and are more familiar with the social and school culture. They rely less on L1 but still may use it.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.7% are SIFE

The SIFE Oral interview Questionaire is an instrument designed to help gather more information about potential SIFE and provides the school with an opportunity to learn more about the student's family and home background, educational history, and literacy practices.

The Mulitiligual SIFE screener is also used to inform teachers and administrators of the home-language literacy skills their students bring with them when they begin schooling. The MLS diagnostic reflects current literature-based curricula in the students' home language.

To supportt SIFE students there a number of stratgies provided to keep them engaged and not overwhelmed due to new social norms and a different enviornment . We provide a print rich enviornment - visuals that correspond to text (maps, charts, signs, posters with motivational phrases, the alphabet in print and script, etc.). Include appropriate texts that are written at a basic reading level, high interest/low ability books, native language materials, and bilingual glossaries. Increase wait time, because students will need extra time to process questions. As well as, allowing students to work in cooperative groups this gives them the opportunityto teach the necessary social skills they need to interact productively with one another, norming skills such as getting into groups, taking turns, and encouraging one another provide the foundation for higher-order thinking in collaborative groups.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently, 0% of our English Language Learners (ELLs) are classified as Long-Term ELLs (LTELLs).
Instruction for Long-Term ELLs focuses on maintaining academic progress while addressing specific gaps in language and literacy. These students benefit from explicit instruction, clear expectations, and individualized support informed by data such as i-Ready assessments. Strategies include pre-teaching vocabulary, providing sentence frames, offering detailed feedback on writing, and making accommodations like extended time and alternative ways to demonstrate learning. Social-emotional support is also emphasized, with regular check-ins and family engagement to reinforce goal-setting and motivation.
In contrast, Developing ELLs require more foundational support in language acquisition and academic vocabulary. Instruction includes explicit teaching of language structures, scaffolding, and opportunities for structured peer interaction to practice English. While they are generally familiar with the school and cultural environment, they still benefit from strategic use of their first language and targeted language development strategies.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

9.9% are Former ELLs.
Classroom teachers are providing language support through HMH. Giving student access into the curriculum through guided reading and providing academic vocabulary support. Former MLLs/ELLs can benefit greatly from strategic pairings and grouping within a diverse group. Allowing students opportunities for leadership, collaboration, and additional support. ENL Teachers continue to guide classromm teachers with resources and materials to support HMH, ELA/core content areas for the mandated number of minutes required.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk indicators in the ELL subgroups that are significant are Newcomers at 89.4%, students who did not demonstrate ELP progress on the NYSESLAT-spring 24.5%, and ELL in temporary housing 24.5%. All of theses at risk indicators directly affect ELLs and need targeted intervention. The trend in the data shows that English Language Learners facing the greatest challenge such as being new to the country, experiencing housing instability, or not showing progress in English proficiency are significantly more at risk. This suggests that the more vulnerable

an ELL student's circumstances, the greater the likelihood they will struggle academically without targeted support. The consistent 24.5% at-risk rate for both lack of progress on the NYSESLAT and students in temporary housing, along with the striking 89.4% for Newcomers, indicates that external stressors and limited time in the U.S. strongly correlate with higher risk levels among ELLs making acquiring proficiency in English more challenging.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At our school, there are a few significant at-risk indicators that could negatively impact former English Language Learners (ELLs). Specifically, 18.3% of former ELLs scored at level 1 or 2 in English Language Arts (ELA), indicating that a substantial portion of these students struggle with reading, writing, and overall literacy skills. This is a clear signal that many former ELLs are not fully proficient in English, which can limit their ability to excel academically across subjects. Furthermore, 7.3% of these students scored at level 1 or 2 in Math, highlighting that while fewer students face challenges in math compared to ELA, there is still a noticeable gap in mathematical proficiency. The trends suggest that former ELLs may face unique challenges in language acquisition, which can have an effect on their overall academic performance. These at-risk indicators point to the need for targeted support, especially in strengthening language skills and providing additional resources in math to ensure these students are equipped for academic success.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages of ELLs with the largest representation at our school are Spanish with a total of 72 students, Chinese with a total of 53 and Korean with a total of 19 students.

To support communication and learning that values these home languages, our school has several key structures in place. Many of our staff members are bilingual, fluent in Spanish, Chinese, Korean, and other languages, which allows them to provide translation services and facilitate communication with families who speak these languages. Additionally, our bilingual paras offer in-class support to help ELL students succeed academically while easing their transition into English.

We also offer a Dual Language Program, which provides instruction in both English and Korean. This program fosters bilingualism and biliteracy, allowing students to excel in academics while maintaining their cultural identity.

In addition, our school uses ParentSquare, a platform that automatically translates messages and information sent home, ensuring that parents receive communications in their preferred language. This helps keep families informed about school events, meetings, and their child's academic progress.

To further support our ELL students, we hold cultural celebrations that allow students and their families to share their cultural traditions, customs, and food with the wider school community. These celebrations not only highlight the rich diversity of our students but also promote inclusivity and respect for different cultures.

Our school also places a strong emphasis on community engagement, hosting bilingual workshops, and parent-teacher meetings with translators that allow families to stay involved in their child's education and build relationships with school staff. These initiatives create a welcoming and supportive environment where every student and family feels valued, regardless of their home language.

Through these efforts, we aim to ensure that all students thrive academically and personally.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

At our school, the English Language Learner (ELL) population is diverse, with various racial and ethnic classifications. The largest ethnic group of ELLs consists of Asian students at 49.7%. This is followed by American Indian/Alaskan Native at 49.7%, White at 6.6%, Black at 3.3 , Multiracial at 1.3% and Native Hawaiian/Other Pacific Islander also at 3.3%. In regard to race, 52% are non-Hispanic while 48% are Hispanic. This diversity represents a wide range of cultural and linguistic backgrounds, which is an important factor in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE) at our school.
To ensure inclusivity and culturally responsive practices, ELLs are actively involved in the planning and delivery of CR-SE. Teachers and administrators work collaboratively to incorporate diverse perspectives and experiences into the curriculum, ensuring that it reflects the backgrounds of our ELLs. For instance, we use materials that are representative of the cultures and languages of the students in our school, and instructional strategies are adapted to meet their specific linguistic needs. Additionally, professional development opportunities are provided to educators on how to implement CR-SE effectively, which includes understanding the cultural contexts of our ELLs, leveraging their linguistic strengths, and creating an inclusive learning environment.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

A notable 45.8% of students made sufficient progress in their ELP, which indicates that nearly half of the ELLs are advancing toward proficiency in English. This is a positive sign of growth, suggesting that our instructional strategies and interventions may be effectively supporting a significant portion of our ELL population.

However, there is also a concerning trend, as 38.5% of students did not meet the expected progress in ELP. This indicates that nearly 40% of ELLs are struggling to make the necessary gains in language proficiency. These students may need additional support or differentiated strategies to help them achieve the linguistic milestones necessary for academic success.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

In reviewing the NYSESLAT results, several trends stand out across the four modalities: speaking, listening, reading, and writing. Speaking and listening emerge as relative strengths, particularly when compared to reading and writing, and this pattern holds consistently across grade levels. Listening, in particular, is not identified as an area of need in any grade, indicating that students are consistently performing well in this modality.

However, writing continues to be a clear area of need across all grades, suggesting that students require more targeted support in developing their written English proficiency. Additionally, although speaking is generally a strength, there are indicators that some students still need support in this area. Overall, while receptive skills like listening remain strong, productive skills—especially writing—require continued instructional focus and support.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

In our school, we see a clear correlation between a student's level of proficiency on the NYSESLAT and their performance on the ELA assessment. Their English proficiency level is directly tied to their performance on other state assessments.

Based on the data provided, students who are still in the Entering and Emerging levels of English proficiency tend to perform at a 1 on the ELA assessment. This is because their limited proficiency in English impacts their ability to understand and respond to the questions on the ELA exam. The Transitioning and Expanding level students, who are making progress in their English language development but are not yet fully proficient, also scored a 1 on the ELA exam, indicating that they continue to struggle with language comprehension and academic language required for success in ELA. These students might have enough language skills to understand some content, but not enough to consistently perform well on state exams that require higher levels of reading and writing ability in English.

For students at the Commanding level—those who are near or fully proficient in English—their performance is more varied. Some Commanding level students still scored a 1 on the ELA assessment, which suggests that other factors, such as test-taking strategies, content knowledge, or perhaps individual challenges (like test anxiety), may be influencing their performance. However, 4 Commanding-level students scored a 2 on the ELA, and 4 Commanding-level students scored a 3, showing that these students are more likely to score higher as their English proficiency improves. This aligns with the expectation that higher proficiency in English allows for better performance on the ELA exam, which focuses heavily on language skills.

The performance of students on the Math assessment is a bit different. Since math is less language-dependent compared to ELA, we often see ELL students perform better on the math assessment relative to the ELA exam. This is because math problems often rely on universal concepts and fewer language skills than the reading and writing required in the ELA assessment. Therefore, students at the Entering and Emerging levels of the NYSESLAT still perform better in math compared to ELA, because of they have hom elanguage supports though their scores may still reflect their level of academic language proficiency.

Overall, the relationship between NYSESLAT performance and state assessments is clear: students with lower English proficiency, as indicated by their NYSESLAT level, generally perform lower on the ELA exam. However, students who are Commanding in their English language skills are more likely to achieve higher scores on the ELA, though variations can still occur based on other factors. The Math exam tends to be less influenced by language proficiency, so ELL students may perform relatively better in math than in ELA, regardless of their NYSESLAT scores.

This pattern underscores the importance of ongoing support for ELL students, especially in language development, so they can continue to improve their English proficiency and succeed across all state assessments.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

When examining the trends reflected in the NYSESLAT results for ELL subgroups, a clear pattern emerges: students without Individualized Education Plans (IEPs) are performing better across all proficiency levels compared to their peers with IEPs. This trend is consistent, indicating that students with IEPs are facing greater challenges in language acquisition compared to their peers without special education needs.

This performance gap is likely impacted by a variety of factors. First, students with IEPs often require additional support and accommodations, which may not always be fully aligned with the specific language learning needs of English Language Learners (ELLs). The complexity of addressing both language acquisition and the diverse needs

of students with disabilities can create significant challenges in their overall academic performance, particularly on assessments like the NYSESLAT.

Additionally, the subgroup of students with interrupted formal education (SIFE) may also face unique obstacles that contribute to their lower proficiency levels. These students often have gaps in their educational background, which can impede their ability to catch up in both language proficiency and academic content. For SIFE, the compounded difficulties of adjusting to a new language and catching up on missed education likely play a significant role in their performance on the NYSESLAT.

In summary, the trends from the NYSESLAT results suggest that students without IEPs are making better progress in language proficiency, while those with IEPs and SIFE face additional challenges that impact their language growth.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Providing high-quality academic experiences for English Language Learners that lead to a deeper understanding involves various strategies and approaches. The objective is to support their language development in order to obtain academic success. The strategies implemented include creating a language-rich environment that exposes ELLs to academic language through meaningful interactions, visuals and vocabulary-rich materials.In order to meet the diverse needs of ELLs, instruction is tailored by including scaffolds such as visual aids, hand-on activities, and linguistic frames to provide opportunities for language development. It is critical to incorporate culturally responsive teaching practices that value and build upon the culture and linguistic assets that ELLs bring to the classroom to support and foster academic growth. It is important to teach explicit instruction in language skills such as vocabulary development, grammar and academic language to support ELLs in understanding and expressing complex ideas which in turn will foster deeper learning for ELL students. The incorporation of technology tools and specific resources that support language development will enable a deeper understanding of content. The utilization of language learning apps, multimedia resources and online language practice platforms will foster ELL students to obtain the skills needed to achieve academic success.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's ILET has focused on expectations for utilization of resources for centers in alignment with Tier 1 curricular materials (HMH and Fundations). As well as, acknowledging the need for alignment between small

groups, centers, and data. Utilizing resources from HMH and Fundations that previously had not been explored during the launch in alignment with skills and standards. Ells are given the time for repetition and reinforcement of learned material during the module through centers. In addition, all materials are translated for access into the curriculum and a deeper understanding for the students.

Teachers have also engaged in LETRS professional development that provides knowledge and tools that teachers can use to assess student language development for prevention and intervention. LETRS provides in depth knowledge on the Simple View of Reading for teachers to be able to know what, when, and how language skills need to be taught. It accelerates teachers knowledge to be able to deliver effective instruction to meet all their students' needs. By applying the SVR (Simple View of Reading) model to understanding and instructing ELLs, teachers can assure that students' progress will be directly related to their proficiency with oral language comprehension and expression. Also, it will foster their ability to recognize printed words rapidly and accurately.

This year ILET focused on developing uniformity across classroom instruction with regard to providing students with clear, explicit learning targets and success criteria. This effort is to foster clear expectations of students.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The core content for each program model is provided in various ways. Throughout the ENL program and our dual language program, HMH is used. ENL teachers and staff developers support teachers in adapting the curriculum to make it more accessible for our ELLs. Teachers work closely with students during independent reading and writing time by pulling small groups to reinforce skills and strategies taught in the lesson. In addition , teachers work in the framework of one to one conferences where they help to foster language for beginner students. A conference is outlined to provide the student with visual support and teacher feedback to ensure that the child understands the lesson. All students are given opportunities to expand their language by having been pre-taught Tier II words. This effort enhances background knowledge. Additionally, teachers model the incorporation of academic vocabulary. Students are given ample time to turn and talk with their partners. Students are provided with linguistic frames to strengthen their conversations and allow an entry point for beginners. Linguistic frames can also be utilized to give structure and help prompt academic conversations. ENL teachers push in during literacy blocks to support the student with instruction being taught. In the Korean Dual Language program, decodable books are provided for students in both English and Korean.

During Social Studies and Science, the 3Ls are used to teach students how to make a complex text accessible. Students are introduced to an essential question that is referred to throughout the unit. The teachers carefully choose complex and compelling texts that align with the essential question and then guide their students in reading the text closely. Teachers motivate students to engage in the text through the use of a framed motivation to build background knowledge. The students then will participate in word play activities to incorporate phonics and new academic vocabulary. Students also deconstruct juicy sentences, that are embedded with rich language. is included in the text. The end of the unit concludes with a differentiated task that relates back to the essential question.

In math, students use Illustrative Mathematics. The math curriculum is supplemented with math tasks that engage students in solving real world situations. Students build language by discussing their math tasks using linguistic frames. students share what they notice and wonder about the math task presented to them in order to have deeper meaning of the assignment. Students first engage in conversation about the task and seek information before they work on a solution. This process allows ELLs and all students to meet the Next Generation Learning Standards. This gives students the opportunity to think critically about real world problems that are presented. Their discussion or "math talk" fosters language development as they seek solutions to the problems.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of ML/ELLs use a variety of instructional strategies and grade level materials, including technology, to provide access to grade level academic content areas and accelerate English language development. Some strategies and materials include:
1. Teachers use instructional techniques that make content more accessible by using visual aids and providing hands-on activities. This helps students understand grade-level academic content while developing their English language skills.

2. Teachers adapt their instruction to meet the diverse needs of ML/ELLs, providing various materials and activities at different proficiency levels. This allows students to access grade level content while building language skills at their own pace.

3. Teachers use visual aids such as charts, diagrams, graphic organizers, and pictures to enhance comprehension and facilitate understanding of academic content. Visual supports help students make connections between concepts and vocabulary.

4. Teachers incorporate language development activities into their lessons, focusing on vocabulary building, sentence structure and grammar. They may use language games, group discussions, role-plays, and language-focused tasks to actively engage students in using English.

5. Teachers use authentic grade-level materials such as books, articles, videos, and websites that align with the academic content areas. These materials expose ML/Ells to real-world language and help them connect with the subject matter.

6. Teachers utilize technology tools and resources to enhance language development and access to grade-level content. This may include online language platforms, multimedia presentations and interactive websites.

7. Teachers encourage ML/ELLs to work collaboratively with their peers, promoting language practice and social interaction. Pairing students with native English speakers or other ML/EKKs can provide opportunities for language exchange and support.

Specific instructional strategies and materials may vary depending on the grade level, individual student needs, and available resources. Effective teaching for ML/ELLs involves a combinations of approaches tailored to support both language development and content mastery.

b. SIFE

A plan is in place for SIFE students. These students require additional assistance to meet state standards in ELA, mathematics, science, and social studies. They are provided with targeted instruction in listening, speaking, reading

and writing. Classroom teachers and ENL teachers tailor instruction based on the SIFE's individual assessed needs. SIFEs receive targeted instruction in the content areas. Intensive guidance services are provided to assist SIFEs who experience affective domain issues that impact on their ability to achieve academically.

SIFE students early literacy skills are supported through the use of decodable texts. By engaging with texts that follow phonics principles regularly, SIFE students build both their reading fluency, vocabulary, leading to stronger overall literacy skills and confidence.

c. Newcomers

A plan is in place for newcomers. Parents of newcomers are consulted to determine the extent of education in the language and the students' previous exposure to English. Classroom teachers of newcomers are provided with training and materials that best serve the needs of these students. This training includes methods of adapting core curricula for use with newcomers. Peer language Buddies and Learning Leaders are assigned to further assist newcomers. Instruction focuses on Basic Interpersonal Communication Skills. Strategies such as Total Physical Response are used to engage students in learning.

Newcomers will be pulled out of their classrooms and receive instruction using the research based curriculum Hello English as well as the use of decodable texts. Decodable texts repeat certain word families or phonics patterns, which reinforces the learning of these patterns. Repetition helps newcomer ELLs become more comfortable with the English language structure, making it easier for them to identify words in new contexts. As newcomer ELLs encounter words that follow consistent patterns within the text, they can begin to recognize these words in both reading and speaking. This exposure helps students internalize vocabulary in meaningful ways, particularly those words they may encounter frequently in English.

d. Long Term ELLs

In the event we have long term ELLs we will focus our instruction on small group intervention that will include repetition, meaningful interactions with other. The instruction for these students will be structured and use explicit modeling with multiple opportunities for student to practice the skill being taught. There will be formal and informal assessments aligned with instruction given regularly in order to pinpoint their individual needs. Additionally, Long Term ELLs will be given access to Imagine Learning a Language and Literacy program that uses engaging technology that tailors its instruction to the individual needs of the student based on their performance. Data from this program will also be used to drive instruction. This allows for ongoing planning and reflection.

Decodable texts will be used with long term ELLs. Fluency can be an area of challenge for long-term ENL students, as they may still struggle with reading speed and accuracy. By providing texts that align with the phonics skills they are learning, decodable texts allow for consistent practice that improves reading fluency. This also leads to better comprehension as students can focus on meaning rather than decoding every word.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

SETSS teachers, classroom teachers and ENL teachers collaborate to plan instruction. Instruction for these students is modified according to individual assessed needs. These modifications include individualized and/or small group instruction, pre teaching vocabulary, preferential seating, use of multimedia, reteaching and redirection, as well as, allowing students the appropriate wait time to respond. Incorporating challenging concepts should be in a diagraph or supported with pictures, modeling the steps of a process and showing students the finished product, allowing students to reflect on their work. Literacy and math blocks in each grade facilitate mainstreaming ELL-SWDs to ensure the least restrictive environment for each curriculum area. Language paras are assigned to students whose first language is other than English and who have special education needs.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Teachers in DL and ENL provide home language support and engage all English language leaners in rigorous instruction.
DL and ENL teachers have both content and language specific objectives.

-Students are taught targeted academic vocabulary, high frequency words, phonics skills throught the use of decodables. Futhermore, students are taught fluency and comprehension skills to become better readers.

-Students are given multiple opportunities throughout the day to discuss content and problem solve with their classmates in their language with their peers. This allows for students to feel comfortable in their learning environment. Teachers/ bilingual paras listen in to these conversations in order to informally assess their knowledge on the topic.

-Teachers use research based instruction such as linguistic frames, framed motivation and the deconstruction/reconstruction of juicy sentences during close reading to allow English language learners to access the content.

-Students in both DL and ENL have access to dual language glossaries and dictionaries in their home language that can be used in the classroom, at home or on any exam.

- DL teachers assess students and monitor their progress in both languages. For example, asking comprehension questions to assess their understanding of Korean texts.

- Bilingual paras are used as an entry point for students who are more comfortable speaking in their L1.
-Teachers encourage students to write in their HL and translations by the teacher will be done as necessary.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Periods are aligned for teachers to meet and collaborate on planning, instruction, and assessment for ELL programs. These shared periods provide opportunities for teachers to share best practices, resources, and strategies for supporting ELLs. Teachers are also given the opportunity during common planning times to use data to identify the specific needs of ELLs and to monitor their progress. The collaboration of data analysis will be used to inform instructional decisions and differentate instruction for ELL students. By implementing these structures to support intergrated co-teaching, Dual Language Education and ELL programs, our school has created a more inclusive and supportive learning environment.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

Our annual professional learning plan is comprehensive and inclusive, ensuring that all staff—administrators, classroom teachers, paraprofessionals, and non-pedagogical personnel—engage in targeted learning experiences that address both the academic and social-emotional needs of Multilingual Learners (MLs)/English Language Learners (ELLs).

All instructional staff participate in ongoing professional development aligned to the Next Generation Learning Standards, with a focus on supporting ELLs across content areas. ENL teachers play a key role in this work by articulating principles of effective instruction for ELLs and collaborating with classroom teachers to examine curricula and refine instructional strategies. They also introduce and model the use of short videos and Framed Motivation strategies to promote culturally responsive-sustaining education (CR-S) and social-emotional learning (SEL).

Professional development on literacy is provided by our literacy coach, who offers training on HMH and models lessons that demonstrate differentiation and academic interventions for ELLs. This training explicitly incorporates SEL practices in both whole-class and small-group settings. Math lead teachers at both the primary and upper grade levels offer training on strategies that create multiple entry points for ELLs in math instruction, including modifications to Illustrative Math. ENL and dual language teachers receive additional support and training from district staff.

Curriculum Vertical Teams, which include representatives from every grade level as well as ENL and special education teachers, meet regularly to ensure alignment of the HMH curriculum for all learners, including ELLs and students with disabilities.

To support students' social-emotional development, staff have received training in the "Mind Up" SEL program. SEL talking time is embedded in daily schedules to give students regular opportunities to engage in meaningful peer conversations, helping to build communication skills and emotional awareness.

In addition, this year's professional learning has emphasized the use of decodable readers and the principles of explicit instruction, aligned with district expectations. Teachers are receiving training in the 16 elements of explicit instruction, with lessons modeled by our coach. LETRS training has also continued, offering deep insights into the science of reading. This training has enhanced our understanding of how foundational reading skills apply specifically to ELLs, helping educators more effectively support both newcomers and developing English learners.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154

(15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Teachers attend professional development online using LETRS for the school year 2025-2026. Additionally, in house workshops are held by our Teacher Center teacher using HMH on Monday professional learning time which are CTLE approved. Teacher center training has included collaboration with the ENL department to plan and present a series of workshops on Engaging ELLs in Learning. This plan incorporates targeted training on decodables, English as a New Language (ENL) resources, and ENL strategies that guide lesson planning and instruction for teachers of ELLs.

One core component of our professional development plan is training teachers on how to effectively use decodable texts. These texts are designed to support early literacy by providing students with opportunities to practice phonics and decoding skills in a context that reinforces their growing language proficiency. Teachers are trained on how to integrate decodables into their daily lessons, ensuring that students have the foundational skills they need for reading success. This also includes understanding how to differentiate these texts based on students' individual language levels and reading abilities.

In addition to decodables, our professional development plan emphasizes the importance of using ENL resources and strategies. Teachers are introduced to a variety of ENL materials, such as visual aids, bilingual dictionaries, and language-building activities that can be seamlessly integrated into content-area instruction. These resources help scaffold language learning and make academic content more accessible for ELLs.

By incorporating decodables, ENL resources, and ENL strategies into our professional development plan, we are ensuring that our educators are well-prepared to meet the needs of ELLs and comply with CTLE requirements, while fostering an inclusive and supportive learning environment for all students.

The ENL team participates in instructional workshops as well as compliance workshops such as monthly Liaison meetings, ELL Nuts and Bolts, NYSESLAT training, STARS programming for ELLs etc. which meets the 50% of total hours of ENL professional learning. Information from these meetings are turn keyed to the staff during PD time to share best practices.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

I-Ready is used to assess students and guide instructional planning for English Language Learners (ELLs). The data from I-Ready helps in forming instructional groups and identifying specific learning gaps. Strategy lessons are tailored to address these gaps based on students' performance during diagnostic screenings. Teachers and administrators regularly meet for "data chats" to review I-Ready results and make informed decisions about whole-class, small group, and individual instruction.

For students not performing at grade level in each domain or standard, next steps are discussed, planned, and implemented. If necessary, RTI supports are provided. In addition to I-Ready, the school uses several other assessment tools, including NYC Performance Tasks for ELA and Math, ELL Periodic Assessments, Acadience, Imagine Learning, RAZ Kids, and ECAM. Data from these assessments guide the planning of strategy lessons, guided reading, and small group instruction.

For newcomer ENL students, the MLS screener is administered to assess their strengths in their home language. This baseline information helps teachers understand their current grade level and academic strengths, allowing them to leverage these strengths as the students develop English language skills.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Sound Sensible is used for students in grades K-2 who struggle with phonemic awareness. Phonics for Reading is used in grades 3-5 to build letter recognition and develop the ability to recognize and manipulate phonemes, which is essential for decoding written words.

Targeted intervention programs for ELLs in ELA, math, and other curriculum areas include an at-risk resource room program, at-risk guidance, and/or at-risk speech and language support. These programs are offered bilingually when possible. We have a Spanish bilingual speech therapist and a Chinese bilingual speech therapist on staff.

An after-school ENL test prep program provides additional support for ELLs. ENL teachers, speech and language therapists, SETSS teachers, and literacy coaches push into classrooms during ELA, math, and other content area lessons. This helps reduce student-teacher ratios and provides teachers with strategies to differentiate instruction for targeted ELLs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Various data sources such as Acadience, i-Ready, are collected to assess the needs of ELLs, also, including language proficiency assessments, academic performance data, attendance records, and behavior observations. The focus is on strengthening a high-quality, culturally and linguistically responsive Tier 1 instructional core with scaffolded supports. Class-wide measures are taken every 6 weeks, considering both strengths and needs in students' home languages and English.

If students do not meet benchmark levels based on the data, teachers identify and analyze their strengths and needs. Additional support is then provided through Tier 2 interventions, focusing on targeted skill areas. These interventions are progress-monitored 1-2 times per month, with adjustments made as needed.

For ELLs who continue to struggle despite targeted interventions, more intensive Tier 3 supports may be required. These supports could include a structured literacy approach, foundational math concepts, and/or a program in the student's home language, if available. Progress monitoring assessments for Tier 3 are administered weekly or bi-weekly to ensure adequate progress.

If difficulties persist, the data is analyzed by a team to identify trends, patterns, and areas of need. Interventions may be adapted, intensified, or removed as necessary, such as by reducing group sizes or increasing the frequency of support.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

I-Ready and Acadience data are used to inform and guide literacy instruction, alongside Fundation assessments and the Phonics and Word Reading Survey. Ongoing low-stakes formative assessments, such as entry slips, exit slips, and Kahoot quizzes, are used for regular check-ins. Additionally, HMH weekly assessments are used to drive small group instruction. Self-assessments and informal chats with students also help gauge their understanding, which informs instructional decisions.

For upper-grade students, ELL Periodic Assessments are administered. These periodic assessments provide up-to-date insights into what each student knows, helping us tailor instruction to meet the unique learning needs of every child. Instruction is driven by the Four Modalities: Speaking, Listening, Reading, and Writing.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

ELLs in the Dual Language Program are assessed in both Korean and English. Korean DL teachers administer a foundational skills assessment in Korean, along with a spelling inventory using Korean letters. Comprehension is assessed through questioning in Korean, and students are tested in content areas in their home language.

When available, ELLs are offered translated versions of state exams, with oral translations provided as needed for both state and classroom assessments. Additionally, many teachers use Google Translate to assist in translating core subject areas for students.

The Multilingual Screener (MLS) is an online, assessments designed to evaluate home language literacy and math skills and
identify students who are two or more grade levels below in reading or math. Reading Comprehension also measures literacy in the student's home language includes audio instructions and examples in the selected language. MLS screener helps designing appropriate instruction for multilingual learners. This assessment is done BOY, MOY, EOY.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSESLAT

English Language Arts Exam- Upper Grades

Math State Exam - Upper Grades

I-Ready (All grades)

ELL Periodic Assessments

Korean HLA Assessment

Imagine Leaning

Acadience

HMH End of Module Assessments

The EDAT is a tool that we also use to inform our instructional design.

Based on the data from our analysis of the four modalities assessed on the NYSESLAT we found that writing

continues to be a clear area of need across all grades, suggesting that students require more targeted support in developing their written English proficiency. Additionally, although speaking is generally a strength, there are indicators that some students still need support in this area. Overall, while receptive skills like listening remain strong, productive skills—especially writing—require continued instructional focus and support.Based on the data collected in the EDAT, our ELL service providers will support ELL students in the Writing domain by pushing into classrooms during scheduled writing blocks. Students will also receive instruction using the 3 Ls (Language, Literacy and Learning) in order to support the students in becoming more proficient readers and writers.

All of the assessments listed are used to monitor student progress made, assess their knowledge of the learning standards and to pinpoint where the gaps in learning are. From this data we plan our instructional focus. We are focusing on explicit instruction. We have revised our curriculum maps and plans to include clear learning targets with explicit success criteria to highlight expectations. This will support students in all modalities because they will have a clear understanding of what they need to do to succeed. Teachers provide focused, intensive small group instruction for ELL students at risk. Students are reading decodables in small groups. Additionally, Reading Rescue is offered to students by trained staff. The intervention includes the five pillars of reading: phonemic awareness, phonics, fluency, vocabulary and comprehension. Multi-tiered systems of support are in place to support core curriculum. This includes AIS and RTI. Monthly PPT meetings are held to discuss the interventions being used and their effectiveness.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

All identified ENL students in grades K-5 are assessed in each modality of the NYSESLAT: Speaking, Listening, Reading, and Writing. Speaking assessments are conducted individually by two certified teachers, while Listening, Reading, and Writing assessments are administered in small groups, in a separate location, and during separate sessions. These groups consist of students with varying proficiency levels. Each session is untimed.

Students with disabilities (SWD) receive testing modifications according to their IEPs. During NYSESLAT testing, schedules for both students and teachers are adjusted to ensure that ELLs and former ELLs receive the mandated ENL service minutes.

The certified teachers who administer and score the NYSESLAT include: Rebecca Archodis, Christina Kaidas, Evelyn Kokoronis, Melanie Paingankar, and Antonia Batsilas.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The ELL leads collaborate with the testing coordinator to ensure that translations of exams, which do not assess reading comprehension, are provided to ELL and former ELL students. Students have the option to answer questions on these exams in their home language. Some students use the translated edition as a reference while answering questions in English, while others choose to respond in their home language.

All ELL and former ELL students are provided with bilingual glossaries for all exams, including ELA. If an ELL student has an IEP with a testing accommodation for a "test read," the test is read to the student in their home language. ELL

students are also given separate testing locations and are untimed.

If a translation is unavailable in the student's home language, oral translation of the test is provided. First-year ELLs are exempt from the ELA exam. During NYSESLAT testing, students with disabilities who have testing accommodations on their IEP or 504 plan receive the appropriate accommodations. Additionally, alternate assessment ELLs take the NYSESLAT exam.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

Our school sends out an entitlement letter to all newly identified ELLs. The letter sent is translated into their preferred language and has the date for Parent Orientation highlighted on the letter. We also send out a reminder message via Parent Square. The message sent via Parent Square is in the parents preferred language. A phone call is made by bilingual staff members to follow up with any families who did not attend orientation. During Orientation we take attendance and save the attendance sheet in our files for our records. If there are any families that were not able to attend we call them to schedule a one on one meeting at a time that is convenient for the family.

During the Orientation we have families view the Parent Orientation Video from NY State that explains the different program options for ELLs (ENL, TBE and DL). Families view the orientation video in their home language. We organize parents by home language so that each table has an interpreter to explain and answer any questions the family may have about the process. The interpretors we use are from our school building and includes classroom bilingual paras, the bilingual school secretary and bilingual school social worker. We explain to families that if their program choice isn't available in our school building that they have the option of transferring to a school in the district that offers it. Every year we update the list of schools in our district that offer TBE And DL programs so that parents know what is available. The list includes general education and special education bilingual programs. During this time families fill out the ELL Parent Survey and Program Agreement in their preferred language. If there are families that are unable to attend the date scheduled for Orientation then we reach out to the families to schedule a one on one meeting time that is convenient for the family. During Orientation we explain the different proficiency levels (EN, EM, TR, EX). We also describe the different program models and how ELLs are supported

using Integrated ELA and Stand Alone instruction. Our Orientation also includes an overview of the curriculum taught and what families can do to support their child at home. We tell parents that e each year we assess students using the NYSESLAT to determine their eligibility for receiving ENL services for the following year.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

ELL teachers will meet with families of ELL students to discuss their progress in the four modalities (listening, speaking, reading and writing) .The topics discussed will include the student's current language proficiency and an explanation as to where the student stands in terms of the modalities and what their strengths and next steps or goals are in the areas of vocabulary acquisition, grammar and conversational skills. Suggestions for how parents can support language learning at home is shared.

Other topics discussed at these meetings are how the student is performing across content areas. Assessment data will be shared with parents so they have a snapshot of their child's performance across subject areas. The child's strength will be shared as well as areas in which the student needs more support. We will share the strategies we use to support their child in content areas and suggest ways for parents to support their child at home. Lastly, we discuss how their child is adjusting culturally and socially, especially if they are new to the school or country. These meetings will take place during parent engagement time in the month of January. These meetings will be held virtually, via telephone or in person. Language interpretation services will be used during phone calls and for in person meetings if a translator is not available pocket talks or google translate will be used. The ENL department will document on a spreadsheet the date the meetings were held as well as have a log of what was discussed at the meeting.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

The school secretary sends a spreadsheet out to teachers with the parent's preferred language of communication so that all classroom teachers, cluster teachers and support staff are aware of what language is preferred by families. Additionally, our school secretary shares a list of which staff members are bilingual and what language they speak. The digital communication system used at PS 32 is Parent Square This application allows messages to be sent home in the parent's preferred language of communication. Using the application on their telephone parents are alerted of upcoming events in real time. Parents are able to have direct communication with their child's teacher and other staff members in the school. Parents are able to initiate communication via this app in their preferred language.

Families are able to call the school and speak with our bilingual secretaries. Our main office staff members speak Mandarin and Spanish. When meeting with families in person they use the over the phone translation and interpretation unit services if it is a language other than Spanish or Mandarin and no school based personnel is available. Google translate is also used. Additionally we use DOE messaging to send messages home in families preferred language. During live events at the school headsets are used by interpreters so that families can listen to the information in their preferred language. Depending on the size of the event sometimes families are organized by their preferred language and a bilingual staff member interprets.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school determines the trends of our community from many data sources including enrollment records, conducting informal interviews with parents and students during registration, and student surveys conducted by classroom teachers. This data is then analyzed to identify patterns and trends that inform decision-making across the school. For example, enrollment records help track demographic shifts, classroom sizes, and resource needs. Informal interviews provide insight into family backgrounds, expectations, and potential barriers to student success. The surveys help teachers understand learning styles and student interests or needs, allowing them to tailor instruction, adjust classroom strategies, and provide more personalized support. Collectively, this data is used to guide curriculum planning, allocate resources effectively, and strengthen engagement between the school and its community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Information is shared using Parent Square. Parent Square messages are translated into the parents preferred language so that they can access the information being shared.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Our school actively engages with diverse community organizations, cultural centers and local leaders to build connections and foster. understanding. This includes hosting events, workshops and cultural celebrations that promote inclusivity and highlight the diverse backgrounds within our school community. Our Dual Language collaborated with YDCA which is a non-profit organization that comes to the school to celebrate the Korean Tradition of Children's Day. The Bank of Hope supports this partnerships by distributing goodies bags to the event. This collaboration celebrates and teachers students about Korean culture. Additionally, the KCS (The Korean Community Services of Metropolitan NY) supports the learning of many cultural arts such as TaeKwondo, Puppet Dance, Solo Dance, Mask Dance, K-Pop Dance, Drum Fan Dance and Jegichagi. Classes work with instructors from the organization to learn about and engage in different art forms. We establish programs that encourages the involvement of parents and families from diverse cultural and linguistic backgrounds. This includes providing translation services, organizing parent workshops on educational topics, and creating a welcoming environment that respects and values different perspectives. Our Student Council collaborates with parents to create a dragon to celebrate Lunar New Year. A parent volunteer comes in and explains the significance of the dragon and does a show and tell with the instruments used in the parade. The students make crafts, share about how they celebrate Lunar New Year and participate in a school-wide parade. In addition, we offer language support services which includes bilingual staff members, translation of important documents and interpretation services during parent teacher conferences or school events that helps bridge communication gaps and ensure that all families can actively participate in their child's education.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Our MLs/ELLs will be supported this year, in a more tailored way, allowing for a fluid beginner class that supports newly arrived ELLs to get support with basic academic language learning. This is in addition to the stand alone /intergrated models already supporting serviceable hours ENL teachers and the work of our classroom teachers to support MLs/ELLs with strategies of Advanced Literacies and TPR.
Co-Planning time ensures ENL and content teachers have time to align objectives and scaffold lessons. Language Objectives pair with content objectives with explicit language goals. Differentiated materials such as, visuals, sentence frames, and bilingual glossaries are made avaiable.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Rebecca Archodis, ENL Teacher
Christina Kaidas, ENL Teacher
Evelyn Kokoronis, ENL Teacher
Melanie Paingankar, ENL Teacher
Lillian Son, Teacher

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Early identification of ELLs is critical to ensuring that students are provided with the appropriate supports from the moment they enter the school. Our proactive identification plan includes the following.

We begin the identification process prior to the start of the school year by reviewing all incoming student data, including language survey responses, registration forms, and any relevant documentation from previous schools. This helps us identify potential ELLs in advance.

During registration, all new families are asked to complete a Home Language Questionnaire (HLQ). Interviews are conducted. If any response indicates a language other than English is spoken at home, an interview is conducted in English and the Home Language. We have a schedule in the office of translators and members of the ELL registration team and their availability to ensure that someone is always available to meet with the child and their families during registration. If there a new student admit an appointment will be made to meet with an pedagogue. This will ensure all mandated mintues are recieved for all ENL students.

New students who are flagged through the Home Language form are assessed using the New York State Identification Test for English Language Learners (NYSITELL) within the first 10 days of enrollment. This ensures that we quickly determine if they meet the criteria for being eligible to receive ELL services. Families are then sent notification letters home regarding their performance. The families come in for an orientation where we show the NY

State multilingual learner video that explains the different program options for their child. The parents fill out the parent survey and then we send out placement letters. All ELLs receive their mandated services by licensed teachers and are programmed into STARS accordingly. Former ELLs are serviced by their classroom teachers who work with them in small groups to support them. Their progress throughout the year is monitored by ELL teachers using I-ready data. Any Commanding level ELLs who are not making progress are then supported by a licensed ENL teacher.

For incoming students with an Individualized Education Plan (IEP), the special education team works closely with the ENL team to ensure that language services are integrated with any additional special education needs. They also ensure that students with IEPs receive both language support and any accommodations necessary for their specific disabilities. If a child comes in with an IEP a member of the ELL Identification team notifies the school support team to ensure that they are aware of the child's IEP.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maura	Jagoda	Parent Coordinator	05/21/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
CHINESE ANY	367	25.36%	288	19.90%	7	7
DARI/FARSI/PERSIAN	5	0.35%	4	0.28%	0	0
FRENCH	0	0.00%	1	0.07%	0	0
HINDI	3	0.21%	4	0.28%	0	0
JAPANESE	3	0.21%	3	0.21%	0	0
KOREAN	146	10.09%	141	9.74%	10	10
MANDARIN	0	0.00%	71	4.91%	7	7

ENGLISH	696	48.10%	714	49.34%	ALL	ALL
PASHTO (A.K.A. PUSHTO)	3	0.21%	1	0.07%	0	0
RUSSIAN	4	0.28%	2	0.14%	0	0
SPANISH	220	15.20%	214	14.79%	9	9
URDU	0	0.00%	4	0.28%	1	1

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
IEPs	Through the use of a translation service, we are able to have families understand their child's goals and progress more efficently in the language that they are most comfortable understanding.
Progress Reports	Bilingual Staff Members, Translation Services, Parent Square, DOE Messaging, Pocketalk
Celebration Flyers with QR Codes for Translation	Bilingual Staff Members, Translation Services, DOE Messaging, Pocketalk
Curriculum Overview	Bilingual tools provided for parents prefered language, DOE Messaging, Pocketalk
ENL Documentation	DOE provides material in multiple languages for parents preffered, Pocketalk
Blue Cards	Translation Services
Orientation Folders	Translation Services
Parent Teacher Conference Materials	Translation Services, Pocketalk

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
ELA/Math State Parent Workshops	Staff Members are used for translation when needed. If not available, a translation services will be provided.
Annual ENL Parent Meetings	Staff Members are used for translation when needed. If not available, a translation services will be provided.
ENL Workshops	Staff Members are used for translation when needed. If not available, a translation services will be provided.
Parent Teacher Conferences	Staff Members are used for translation when needed.If not available, a translation services will be provided.
PTA Meetings	Staff Members are used for translation when needed. If not available, a translation services will be provided.
Family Fun Night	Staff Members are used for translation when needed. If not available, a translation services will be provided.
Kindergarten Orientation	Staff Members are used for translation when needed. If not available, a translation services will be provided.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

School Aides and other staff members are available to translate in many different languages. Translation services are provided by the Translation and Interpretation Unit. In addition, all fire drills and emergency procedures are posted via a blast messaging services through the DOE as well as Parent Square.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

We provide staff the dedicated time and tools during prep and PL to learn how the best way is to communicate with families in various ways in various languages.

Teachers are provided at the beginning of the school year a list of preferred languages of the families as well as new staff members and the languages they speak.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

During the registration process, the parents are made aware of the preferred languages they can receive from the school by given Language Access Guides and the Public School guidebook which is also provided in our main office throughout the year. Parents are also set up in our communication system known as Parent Square. In addition, classroom teachers are given a list of all preferred languages so they can effectively communicate with parents. When there are important announcements, trip permission slips or school events, parents receives flyers that are automatically translated in their preferred language by taking them to Parent Square which helps them see all these important information in their language.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Parents receive a survey at the end of the year to provide to us how they felt the communication level they received through out the year in their preferred language - both in oral and verbal form. We then take the feedback provided and will use to help us assist in improvement going forward next year.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

With the addition of pocket talks and headsets it has helped those who need to communicate with families who are not familiar with their preferred language, communicate directly.

We have also been culturally relevant by sending out flyers, messages and events to make families feel even more apart of the community.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

70

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

6

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

3

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

Our afterschool program for ELLs is designed to improve performance on listening, speaking, reading, and writing skills in addition to preparing children for NYS tests in Science, ELA, and Mathematics. The student subgroups include newcomers, ELLs, SIFE and SWD. This program was designed based on a data analysis of the NYSESLAT, i-Ready, and baseline ELL Assessments. We examined data from the ELL Data Analysis Tool (EDAT). According to the 2025 NYSESLAT it reveals that speaking is a modality of strength and an area of progress in grades 3, 4 and 5 and, according to the EDAT, writing was the modality of need for most NYSESLAT test takers. In addition, we will be utilizing the most recent data from our ELA and Math State Exams. Currently in ELA, 18% of our ELL students scored at Level 3 or above. This indicates that a vast majority of ELL students are performing at Levels 1 or 2 (82%) below grade-level proficiency. The program will support the students not only with language acquisition but also provide scaffolds to access grade level reading and writing tasks. In Math, 37% of our ELL students are scoring a 3 on the state exam. The Math afterschool program will further support students in acquiring the math prerequisites needed to build their math knowledge.

This program, taught by licensed ENL/Bilingual teachers, will be offered to 70 students and will take place on Wednesday and Thursday afternoons from 2:30 pm to 4:00 pm from April- May. this program will be supervised by one of our current administrators. Office hours will be provided for parents to help support their child's English acquisition needs. Program will be supervised by one of the Administrators.

All student will receive a license for Imagine Learning. Imagine Learning is a customized program including a baseline assessment in order to create a customized pathway and ultimately meeting each student where they are at academically. The language of instruction will be English with 3 ENL teachers. Teachers will monitor progress through the program to drive instruction. These materials are supplemental and distinct from those used for daily instruction. Students are grouped by grade and language proficiency. In addition, ENL teachers will meet one hour each week to share best practices in ELL instruction and to plan curriculum.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

We examined data from the ELL Data Analysis Tool (EDAT) and i-Ready. These data sources reveal that speaking is a modality of strength across in grades 3, 4 and 5 and, according to the EDAT, writing was the modality of need for most NYSESLAT test takers. As the year progresses, we will continue to analyze i-Ready data and through classroom observations we will gain deeper insight and we will adjust the program accordingly to meet the needs of our students.

Qualitative data also support the identified need. Teacher observations indicate that while students can verbally

explain their thinking, many struggle to transfer those ideas into writing without significant scaffolds. Students work samples show limited use of academic vocabulary, incomplete sentence structure, and difficulty producing extended writing responses. Ell students rely heavily on sentence starters, vocabulary supports, and modeled writing in order to begin independent tasks. In math, students understand basic concepts but struggle to explain their reasoning due to limited math vocabulary.

Currently, we are utilizing the EDAT, last year's i Ready data and State Exams. Our NYS ELA data shows that 18% of our ELL students scored at Level 3. This indicates that a vast majority of ELL students are performing at Levels 1 or 2, below grade-level proficiency. The program will support the students not only with language acquisition but also provide scaffolds to access grade level reading and writing tasks. In Math, 37% of our ELL students are scoring a 3 on the state exam. The Math afterschool program will further support students in acquiring the math prerequisites needed to build their math knowledge.

Title III funds will continue to provide interventions, bilingual supports, and explicit vocabulary instruction to further support the individualized needs of our students.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

This program, taught by licensed ENL teachers, will be offered to 70 students in grades 3-5. The student subgroups include ELL's- newcomers, entering, emerging, transitioning and expanding ,as well as, SWD.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

This program will take place on Wednesday and Thursday afternoons from 2:30 pm to 4:00 pm from April - May. Office hours will be provided for parents to help support their child's English acquisition needs. This program will take place for the 2025-26 school year.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction that will be used is English. We will provide texts, glossaries, and directions in both English and the student's home language. Peer support is encouraged to pair students with bilingual peers for collaborative tasks and allowing students to use their home language to brainstorm, take notes, or discuss before producing work in English. Using visuals, diagrams, and body language to support comprehension. We also use "Pocketalks" to translate in real time in on demand scenarios to aid in understanding. Families are contacted to share resources and updates in the home language to involve families in learning.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

Total number of teachers in this program is 6.
Total number of certified ESOL/Bilingual teachers is 3.
Total number of content area teachers is 3.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The materials and instructional resources used in the Title III program are both linguistically appropriate and aligned to students' age and grade levels. These resources will be stored in the ENL (English as a New Language) closet for organized and easy access and will be labeled Title III resources. We will utilize New York State-approved books that align with ELA and Math grade-level standards, as well as the NYSESLAT.

Instruction will be delivered using explicit instruction strategies. Students will receive targeted supports throughout lessons, including the use of linguistic frames, vocabulary development, and phonics instruction to support language acquisition and content understanding.

To enhance instruction, iPads will be used as instructional tools across various activities. In addition, newcomer students will receive supplemental support through Imagine Learning. Imagine Learning English adapts in real-time to each student's proficiency level, ensuring that instruction is just right for their current skills.
Newcomers are assessed early in the program to determine their English language baseline, and the program then tailors lessons accordingly. The program supports growth in all key language domains:
tasks.
Imagine Learning supports newcomer students by strengthening all four language modalities—listening, speaking,

reading, and writing—through engaging, adaptive instruction.
Listening: Modeled conversations, read-alouds, and audio support help students understand spoken English.
Speaking: Voice recognition allows students to practice oral language and build confidence.
Reading: Leveled texts with embedded vocabulary support strengthen comprehension.
Writing: Scaffolded tasks, sentence building, and grammar practice develop written communication.

Explicit instruction of academic and high-utility vocabulary helps newcomers understand and use the words they need for both social and academic settings. Visual supports, translations, and first-language scaffolds (in supported languages) aid comprehension and retention. The interactive, game-like design keeps students motivated and willing to take risks with language. Success in small steps helps build confidence, which is essential for newcomers adjusting to a new language and culture. It's a powerful supplemental tool to reinforce classroom instruction and provide consistent language exposure.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Teachers will be monitoring progress of students as they move through the program. This information will be recorded on the school-wide Student Achievement Module spreadsheet. There will be attendance taken during each after school session. ENL and Bilingual teachers will be given planning time during the course of the program so that the can make their language targets align with the Next Generation Learning Standards.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

At this time, Professional Development will not be funded by Title III funds. However, every Monday from 2:20pm-3:20pm, Teachers/Title III teachers participate in professional development to support ELL students. Professional Development is funded by the Title III program.

Teaching staff (Literacy coach, ENL specialists, IEP teacher, SETSS teachers, Dual-Language teachers, and cluster teachers) are a part of this ongoing professional development on using targeted instruction to address the needs of ELLs Professional development topics
include:
*Phonemic Awareness vs. Phonics
*Building Background Knowledge
*Vocabulary and Comprehension
*Differentiating instruction for newcomers vs. developing ELLs
*Family engagement and cultural responsiveness

In addition, ELL teachers, Title III teachers and Dual Language teachers receive professional development in HMH that provides options for differentiation to meet students' needs for targeted support in small groups. All teachers are given ongoing Professional Development and receive continuous training to develop their cultural competence and learn effective strategies for culturally responsive teaching. ELL teachers, alongside Title teachers III will utilize tabletop minilessons to support English Language Development based on data from i-Ready, NYSESLAT, and the ELA/Math State tests. HMH also supports social-emotional development.

Also, ENL teachers and Dual Language teachers in the Title III program will participate in study groups to examine curricula, classroom teaching strategies, and assessments to improve student learning during weekly meetings. Weekly grade meetings take place from September to June. This professional development will be provided by ENL specialists (including ENL teachers and Dual language teachers who participate in the Title III program). The supervisor of the program will maintain agendas and attendance sheets for PD.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

Data analysis to support the program include EDAT, NYSESLAT proficiency compared to that of the ELA and MAth scores ,as well as,
IEP/ SIFE Flags. Teachers can learn about students' feelings regarding language learning, classroom participation, and support systems by using interviews, observations, and reflective activities

Qualitative Data Analysis: Teachers expressed a need for professional development in differentiated instruction to better meet the diverse learning needs of their students. Focus groups highlighted challenges in adapting lessons for students with varying abilities.
According to the 2025 NYSESLAT it reveals that speaking is a modality of strength and an area of progress in grades 3, 4 and 5 and, according to the EDAT, writing was the modality of need for most NYSESLAT test takers. In addition, we will be utilizing the most recent data from our ELA and Math State Exams. Currently in ELA, 18% of our ELL students scored at Level 3. This indicates that a vast majority of ELL students are performing at Levels 1 or 2, below grade-level proficiency (82%).The program will support the students not only with language acquisition but also provide scaffolds to access grade level reading and writing tasks. Teachers need differentiated strategies based on proficiency levels. PD can help educators use home language strategically to scaffold learning.

Quantitative Data Analysis: Assessment data revealed significant achievement gaps with in the four modalities, specifically within the domain of writing. Teachers will participate in professional development so that they can apply the SVR (Simple View of Reading) model to understanding and instructing ELLs. This way teachers can assure that students' progress will be directly related to their proficiency with oral language comprehension and expression and their ability to recognize printed words rapidly and accurately. HMH Professional development supports all four targeted modalities (listening, speaking, reading and writing) and being taught through explicit instruction. Additionally, it has an SEL component. Which allows students to recognize their own emotions, thoughts, values and understand their own behavior. This fosters self confidence and the ability to recognize their strength. Teachers can use student interviews, surveys, or family input to understand their strengths and needs.

After-school programs provide structured opportunities for reinforcing vocabulary and grammar. Practicing reading, writing, speaking, and listening in a low-pressure environment. Builds confidence in conversational English and encourages cultural exchange and inclusion, reducing isolation.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Continuous support through instructional coaching, peer observations, and collaborative planning sessions. All teachers listed are working in the program.Teachers will receive ongoing support through coaching and mentoring

programs. Experienced educators and specialists will work closely with teachers to provide feedback, model effective teaching practices, and help implement new strategies in the classroom. Teachers will be encouraged to join professional learning communities where they can collaborate with peers, discuss challenges, and share successful strategies. Access to online resources, including webinars, and instructional videos, will be provided. Teachers with particular subgroups such as SIFE, SWD's and ELL's will receive ongoing professional development on using targeted instruction to address the needs of ELLs.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

All professional development is done during contractual work hours, Mondays 2:20-3:20. Title III funds will not be utilized for professional development.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

The topics covered include Foundational Skills, Vocabulary, Content Area Reading, Reading Comprehension, Writing, Communication and Social Emotional Learning. Teachers are being trainined in HMH Reading and Writing curriculum through explicit instruction. HMH includes background knowledge with supports of maps and videos. As well as small group work that can be used to reinforce skills and strategies that were taught during previous lessons. Teachers will also be instructed to use the 3L's approach to Literacy with a focus on writing as the culminating activity for each focus question.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Teaching experts, (Literacy coach, ENL specialists, IEP teacher, SETSS teachers, Dual-Language teachers, science clusters and social studies liaisons) provide classroom teachers with ongoing professional development on using targeted instruction to address the needs of ELLs.

Antonia Batsilas- Literacy Coach-Provider
Melanie Paingankar-ENL Teacher-Provider
Rebecca Arcodis- ENL Teacher-Provider
Christina Kaidas- ENL Teacher-Provider

Evelyn Kokoronis_ENL Teacher-Provider
Serena Graustein- IEP/SETSS Teacher-Provider
DL Teachers-
Sarah Song
Semi Park
Anna Han
Sarah Cho
Keren Woo
Chelsea Kim
Science Clusters- Jessica Ring, Nicole Awad, Lynda Stewart

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Agendas are created for each meeting and will be filed in a folder labeled Title III in the main office file cabinet.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

ENL teachers and Gerneral Education Teachers conduct parent workshops twice a year in addition to parent orientation to inform them about the NYS Testing Program and Next Generation Learning Standards and discuss how parents of ELLs can become more effective partners in their child's education. In addition to ENL Parent meeting to inform parents of their child's ENL goals within the program. The ENL and Dual Language teachers offer strategies that the parents can use to help their child with their English development. Additionally, the parent coordinator hosts chats with parents of ELLs as an open forum which allows parents to bring forth any questions or concerns they have about their child's education. This helps to foster relationships amongst ELL parents who speak a common language. Building this sense of community amongst parents has led them to participate in more events and activities at the school.

The Parent Coordinator organizes parent chats, parent cafe meetings, which will continue to take place throughout the year for 2025/2026 school year. The tentative dates are as follows: October 7th- Parent Watch Party: Save for College.", November 10th-" Parent Cafe: Learnng about Language Access Services", December 9th-"Peer Mentoring Program."
Workshops will take place 8:30-9:30 am upon student arrival. Meetings will not be funded by Title III Funds.

Parent engagement activity focused on engaging parents of ELLs and T3 program are bilingual workshops to discuss the transition to middle school. Schools support staff this is included in the workshops are the Guidance Councler, Social Worker and ENL teachers. Agendas, attendance sheets and invitations in the parents' preferred languages are maintained by administration.

General Education teachers have scheduled Parent engagement time every Tuesday from 7:20-8:00 or 2:20-3:00 throughout the school year. This is a weekly check-in to discuss the students progress and have parents learn strategies that can help their child at home.
Specifically a parent workshop will be held before the T3 program begins. An explaination of the program will be modeled for parents. As well as a Q& A session.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Offering activities to parents of ELLs helps to strengthen the communication between parents and the school and gives them an opportunity to be active participants in their child's education. Need for parent workshops is based on parent requests and needs of the school from the Parent Survey.

Strengthening the communication between families of ELLs and staff members will allow for the families to be aware of their child's individual strengths and next steps. This will also give staff members an opportunity to connect with the families and create lessons that are culturally responsive.

Data from reading assessments indicate that students who engage in reading activities at home show significant improvement in their literacy skills. Parent and Student Feedback, surveys and focus groups have highlighted the importance of cultural representation and the desire for more inclusive school events. Cultural heritage helps build a sense of community and respect for diversity. These events will include cultural performances, food, and activities that reflect the diverse backgrounds of the student population.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Parent Coordinator organizes parent chats , parent cafe meeting, which will continue to take place throughout the year for 2025/2026 school year. The tentative dates are as follows: October 7th- Parent Watch Party: Save for College.", November 10th-" Parent Cafe: Learnng about Language Access Services", December 9th-"Peer Mentoring Program."
Workshops will take place 8:30-9:30 am upon student arrival.

In addition, teachers will schedule Parent engagement time remotely throughout the school year. This will be a weekly check-in to discuss the students progress and have parents learn strategies that can help their child at home.
Parent Engagement is on a 55 minute flexiable time period throughout each week.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

The Parent coordinator serves as a liaison to CBOs to provide workshops or services to ELL parents. In addition, a plan is in place to address communication with non-English speaking parents through translations and interpretation. Parent chats will continue to take place throughout the year. Written and oral translations are provided in the most dominant languages of Korean, Spanish, and Chinese of documents such as PTA notices, open school invitations, and activity announcements. Translators attend parent workshops, special events and parent-teacher conferences. ENL teachers conduct parent workshops twice a year to inform about the NYS Testing Program and Next Generation Learning Standards and discuss how parents of ELLs can become more effective partners in their child's education. The ENL and Dual Language teachers will explain strategies that the parents can use to help their children with homework, how to improve writing skills, vocabulary development, literacy, math, social studies and science, and how to effectively communicate with their child's teachers.
In addition, teachers will model a 3L's lesson and unpack the HMH curriculum for parents. This will give parents an insight in the importance of phonics and vocabulary develpment. Parents will also gain knowlegde of how the 3L's is built around close reading and writing.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

ELL Teachers, Bilingual parent coordinator and dual language teachers. Additional school staff are used as translators and interpreters.

Melanie Paingankar- ENL Teacher-Provider
Rebecca Archodis ENL Teacher-Provider
Christina Kaidas- ENL Teacher-Provider
Evelyn Kokoronis- ENL Teacher-Provider

Angie Liang-Hsu Para- Chinese Translator
Hyun Hwa-Para- Korean Translator
Yalixa Solano-Para- Spanish Translator

Dual Language Teachers
Sarah Song
Semi Park
Anna Han
Sarah Cho
Keren Park
Chelsea Kim

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**

- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents are notified using Parent Square as well as notices that are sent home in the dominant languages of our school. Additional languages are translated when necessary and possible. Parent Square offers translation. Parents have the opportunity to have ongoing communication with staff through this platform. In addition, the Parent Coordinator provides outreach to parents of ELLs and parents of immigrants, serving as a resource for parents. She maintains materials in different languages that can assist parents in understanding all school services and programs, including ENL services and programs.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Parent Coordinator maintains all records of family engagement activities and all notifications to families are archived on Parents Square.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,3,4,5

Total number of teachers in this program:

6

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Our after school program for Immigrant Students is designed to address language acquisition, cultural integration and academic needs. The goal of the program is to improve performance in Listening, Reading and Writing skills and to foster a supportive environment. The program will also incorporate resources to help student navigate educational technology systems such as Imagine Learning and Amira. The students will be grouped based on their i-Ready data/ language proficiency level. Student groups will range from 10-20 students. Students will engage in Reading, Speaking, Listening, and Writing activities including but not limited to reading complex texts with a focus on phonics, language acquisition and vocabulary. Teachers will use linguistic frames and teach academic vocabulary. Instruction will be delivered via parallel teaching/ team teaching by a licensed ENL teacher, common branch teacher or bilingual certified teacher. This program will be taught after school and will be supervised by a licensed administrator.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

The data sources used to support the need for this program is i-Ready.Qualitative data also includes one-on-one interviews which provides insight into their learning experiences, interests, and motivations of immigrant students, helping educators tailor instruction to individual needs. Teachers also analyze educational history as well as observing the students learning styles. NYSITELL data as well as Spanish Lab data is used to drive instruction. Spanish Lab data helps us indicate how well student can use L1 when Speaking, Listening and Reading. After analyzing the iReady data for the upper grade students, the area of strength is phonemic awareness. The data shows that students are below level in phonics and have a limited vocabulary. They will need more intensive instruction to develop decoding skills. In order to read for meaning these students will need to become efficient decoders. Explicit phonic instruction will be needed to support these students in Reading.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

40 students are in this program from grades 3, 4 and 5 in the program.
The student subgroups include Immigrant Students, Newcomer ELLs, Developing ELL, Long-term ELLS, ELLs with IEPs, and students with
Inconsistent/Interrupted Formal Education (SIFE).

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The program will start in March, 2026 and will end in May, 2026. There will be a total of 15 sessions on Wednesdays and Thursdays including two planning sessions. Each session will be from 2:20-4:20.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of instruction for the Title III immigration program will be English.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

Total number of teachers for direct instruction in this program is 6.
Total number of certified ESOL/Bilingual teachers is 3.
Total number of ENL teachers is 3.

Types of Materials
For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

Materials and instructional resources that are used for the Tittle III program are linguistically and age/grade appropriate and are aligned to the Next Generation Learning Standards. The complex texts used are a variety of genres including informational texts. These texts are filled with academic language and vocabulary making them complex and compelling. Many of the texts used connect to real-world issues, which supports motivation and engagement. I-pads are being used to support instruction. The newcomers will be supported by Imagine Learning licenses. Amira licenses will be purchased for students in grades 3-5. Amira will provide intervention aligned to the Science of Reading to support early readers in mastering foundational reading skills.

20% of funds used for OTPS will be used to purchase AMIRA license. Amira will help early readers to achieve reading mastery with scaffolded activities and help support their language acquisition.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Teachers will be given student rosters, proficiency levels, and attendance sheets to monitor student activity within the program. Each teacher will be given an attendance sheet reflective of the dates of the program. Both the principal and assistant principal will monitor the program.
3 TESOL/Bilingual teachers.
3 ENL teachers.

Part C: Professional Development

Professional Development Summary
Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Teachers participate in LETRS professional development to support ELL students. LETRS provides knowledge and tools that teachers can use to assess student language development for prevention and intervention. LETRS provides in-depth knowledge on the Simple View of Reading for teachers to be able to know what, when, and how language skills need to be taught. It accelerates teachers' knowledge to be able to deliver effective instruction to meet all their students' needs. Teaching staff (Literacy coach, ENL specialists, IEP teacher, SETSS teachers, Dual-Language teachers, and cluster teachers) are a part of this ongoing professional development on using targeted instruction to address the needs of ELLs. PDs are every Monday from 2:20-3:20.

In addition, ELL teachers and Dual Language teachers receive professional development in HMH that provides options for differentiation to meet students' needs for targeted support in small groups. ELL teachers will utilize tabletop minilessons to support English Language Development based on data from i-Ready, NYSESLAT, and the ELA/Math State tests. HMH also supports social-emotional development.

Also, ENL teachers and Dual Language teachers in the Title III program will participate in study groups to examine curricula, classroom teaching strategies, and assessments to improve student learning during PD after school. This professional development will be provided by ENL specialists (including ENL teachers and Dual language teachers who participate in the Title III program). The supervisor of the program will maintain agendas and attendance sheets for PD.

The weekly PD will be at no cost to the Title III Immigrant Fund, however, planning and preparation for direct instruction will be provided.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Based on student I-Ready data it is clear that there are many students below grade level in reading. Classroom teachers need to provide small group instruction to target individual student needs. In order for teachers to effectively do this they have to have a strong
background in teaching early literacy skills. Therefore LETRS professional learning which is a research based program will help to support this area of need. Many of the Immigrant Students are ELLs. The after school study groups with the ENL and DL teachers will help to drive instruction that will be taught in the after school immigrant program.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teaching experts, (Literacy coach, ENL specialists, IEP teacher, SETSS teachers, Dual-Language teachers, science clusters and social studies liaisons) provide classroom teachers with ongoing professional development on using targeted instruction to address the needs of ELLs.

Antonia Batsilas- Literacy Coach
Melanie Paingankar-ENL Teacher
Rebecca Archodis- ENL Teacher
Christina Kaidas- ENL Teacher

DL/BL Teachers-
Semi Park
Keren Park
Odalia Skeete
Teachers will participate in professional development so that they can apply the SVR (Simple View of Reading) model to understanding and instructing ELs. This way teachers can assure that students' progress will be directly related to their proficiency with oral language comprehension and expression and their ability to recognize printed words rapidly and accurately. HMH Professional development supports all four targeted modalities (listening, speaking, reading and writing). Additionally, it has an SEL component. Which allows students to recognize their own emotions, thoughts, values and understand their own behavior. This fosters self confidence and the ability to recognize their strength.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Professional Development will take place on Monday during PD at no cost of the Title III Immigrant Fund, however, planning and preparation for direct instruction will be provided. 2:20-3:30- March 4th and April 8th.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Teachers will participate in professional development so that they can apply the SVR (Simple View of Reading) model in order to understand and instruct students. The topics covered will include Phonics Instruction, Oral Language and Vocabulary. Teachers will be asked to apply the strategies learned to their day to day instruction. Subsequently, Teachers will select three focus students to track progress and support student growth. Focus students are encouraged to be students that are in the immigrant/ELL subgroup. This way teachers can assure that students' progress will be directly related to their proficiency with oral language comprehension and expression and their ability to recognize printed words rapidly and accurately.

HMH Professional development supports all four targeted modalities (listening, speaking, reading and writing). Teachers will participate in professional learning that will support the use of linguistic frames, centers and additionally, it has an SEL component. This allows students to recognize their own emotions, thoughts, values and understand their own behavior. This fosters self confidence and the ability to recognize their strength.

The after school Immigrant Program professional learning sessions will be supported by the ENL teachers. The PD will be targeted towards individual student needs therefore the topics may vary. They may include but not be limited to building vocabulary knowledge, background knowledge, oral language proficiency and reading comprehension.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Antonia Batsilas- Staff Developer
Gladdys Bourn-Staff Developer
Melanie Paingankar-ENL Teacher
Rebecca Archodis- ENL Teacher
Christina Kaidas- ENL Teacher

Teachers will work collaboratively to provide PD for each session.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

Record of each professional development activity such as attendance sheets, dates, times, duration of session. Material used for each PD session.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

ENL teachers and General Education Teachers conduct parent workshops twice a year in addition to parent orientation to inform parents about the NYS Testing Program and Next Generation Learning Standards. Teachers discuss how parents of ELLs can become more effective partners in their child's education. The ENL and Dual Language teachers offer strategies that the parents can use to help their child with their English development. Additionally, the bilingual parent coordinator hosts chats with parents of ELLs as an open forum which allows parents to bring forth any questions or concerns they have about their child's education. This helps to foster relationships amongst ELL parents who speak a common language. Building this sense of community amongst parents has led them to participate in more events and activities at the school. Another parent engagement activity focused on engaging parents of ELLs are bilingual workshops to discuss the transition to middle school. Agendas, attendance sheets and invitations in the parents' preferred languages are maintained by administration. Also, all General Education teachers schedule Parent engagement meetings weekly.
These sessions are at no cost to the program.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Family engagement activities are provided to help navigate families through the curriculum. Family Engagement/Parent Workshops are being offered throughout the school day. Additional discussions with parents are done during parent engagement appointments and Parent Teacher Conferences. Data sources to drive family engagement include the iReady, imagine Learning, HMH Module Assessments/Spelling Inventory. As well as each individual students SEL growth within the school and classroom environment. Included in the discussion with parents will be the implementation of the program Mind-up which gives students the opportunities to learn, reflect and practice strategies to help manage stress at home and within our school community.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Family engagement activities are being provided and will inform parents how to build fundational learning supports at home.
Dates of session are December 7 and December 14 for a total of two sessions.
Each sessions will take place from 8:00am to 10:00am.

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

For each session parents will learn how to build foundational supports for their child at home.

A presentation on Foundations and Heggerty will be provided to help parents, so they can learn how to support their child at home. In addition, parents will have the opportunity to create an instructional "make and take" so they have a take away they can implement with their child.

Our school has also provided a Padlet on-line that parents can access. The information in the Padlet includes, Next Generation Standards, accessing HMH online, an explanation of each Module and when the assessments are given. Parents will be given an opportunity to ask questions during the PD sessions.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Staff Developers
Antonia Batsilas
Gladdys Bourn

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families are notified about family engagement activities through Parent Square.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All parent letters are up to date and reflective of current school year.
Copies of dated, translated letters and description of Title III Immigration program reflective of the approved plan.
Record of each activity including attendance sheets, invitations, translations, and presentation materials.
