Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 107Q- Thomas Dooley School

District Borough Number (DBN):

25Q107

Grades Served:

Pre-K - 5

School Address:

167-02 45th Avenue Flushing, New York 11358

Phone Number:

718 762 5995

Fax:

718 467 4989

School Contact Person:

Lori Cummings

School Contact Person Email Address:

Lcummings2@schools.nyc.gov

Principal:

Lori Cummings

United Federation of Teachers (UFT) Chapter Leader:

Cara Jacofsky

Parents' Association President:

Christy Pi

SLT Chairperson:

Rickey Tuttle

Title I Parent Advisory Council Chairperson (PAC):

Student Representative(s) Middle /High School:

NA

Student Representative(s) Middle /High School:

NA

Community Based Organization (CBO) Representative:

NA

School-Based Students in Temporary Housing (STH) Liaison:

Maribel Valentin

District Information

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Lori Cummings	Principal or Designee*	
Cara Jacofsky	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Maria Ventura	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
N/A	District Council 37 (DC 37) Representative (staff), if applicable	
Janet Ciminelli	Title I Parent Advisory Council Chairperson (or alternate)	
N/A	Student Representative (Required for middle and high schools)	
N/A	Student Representative (Required for middle and high schools)	
N/A	CBO Representative, if applicable	
Jennifer Kirsh	Member/ Staff - Teacher	
Christopher Fasulo	Member/ Staff - Teacher	
Amanda Giorgetti	Member/Staff - Teacher	
Rickey Tuttle	Member/Staff - Teacher	
Charles Drannbauer	Member/Staff - Assistant Principal	
Emalyn Santiago	Member/ Parent	
Christy Pi	Member/Parent	
Ethel Liang	Member/Parent	
Samantha Hegarty	Member/Parent	
Charles Shen	Member/Parent	
Reina Belmonte	Member/Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

As an elementary school, PS 107 recognizes it is our responsibility to provide a solid foundation that will support our students in gaining the academic, social, and emotional skill sets that are essential in paving the way for college and career readiness. We recognize the individuality of each of our learners as well as the potential within all of our students. We, therefore, insist on setting high expectations for all students. It is our mission to provide learning experiences that embed rich and engaging opportunities that foster critical/analytical thinking, problem solving, and student autonomy for all of our students. At PS 107, we recognize the significance of literacy to student success. It is therefore our mission to ensure student mastery of composite (foundational) literacy skills and to integrate the Hallmarks of advanced literacy across content areas. At PS 107 we also recognize the importance of creating a supportive and nurturing environment that is inclusive of all members of the PS 107 community. We acknowledge the diversity of learners at PS 107 and insist on setting high expectations for all students. We are, therefore, committed to utilizing data to determine student entry points in order to support all students in making favorable gains in achievement. In addition to our commitment to the core subjects, PS 107 is committed to providing experiences that will develop college and career readiness skills/traits. For this reason, learning opportunities at PS 107 extend beyond the classroom walls. Through arts and enrichment activities our students gain life skills/qualities such as commitment, perseverance, and collaboration that we believe are critical for achievement.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 107 is a diverse learning community. Approximately 48% of the student population is Asian, 45% Hispanic, and 3% Caucasian. In addition to diversity in cultures and backgrounds, PS 107 is composed of a wide range of learners with varied instructional needs. 14% of the student population are students with disabilities and 42% of the students are English language learners. To support the success of all students, a wide variety of services and programs are provided. Services offered at PS 107 include, multiple Special Education Services (Integrated Co-Teaching, Special Education Teacher Support Services, monolingual and bilingual 12:1:1, and Academic Career and Essential Skills programs). In addition, varied English as a New Language Services are available. These include push in/pull out ESL, Spanish Dual Language, and Transitional Bilingual Mandarin services. On each grade from K-5, at least one teacher in the general education classrooms is dually certified in Teaching English to Students of other Languages and Common Branch/Early childhood. In addition, to these specialized programs and licenses our staffing includes paraprofessionals that support the inclusivity and integration of students in all learning environments.

To accomplish the mission of developing the whole child and setting a strong foundation, PS 107 established the following partnerships and initiatives:

Grants & Residencies:
* Materials for the Arts
* Music and the Brain
* Inside Broadway
* Musical IQ
* Cool Culture
* Project Soapbox
*Participatory Budgeting

School Initiatives:
*Student of the Month
*Citizen of the Month
*Go Green Recycling Initiative
* Lunch Leaders – 5th graders volunteer time in the cafeteria to help their younger peers
* Random Acts of Kindness –Bucket Filling through kindness
* Student Government Officers
*Civics for All Point
* Fundraising/Donating for Causes through: Penny Harvest, Denim and Pink Lemonade sale, Valentine's for Vets, Toy Drive etc.
* Senior and Junior Glee Clubs
*Dance Troupe
*Cheerleading
*Basketball Team
*Soccer Team
*Volleyball Team
* Theater Club
*Photography Club
* Coding Club
*Sustainability Club
*Music in the Air school wide end of year musical production

Briefly summarize the key initiatives your school will implement this school year.

Key Initiatives of 2025-2026:

1) PS 107 will engage in the third year of the Chancellor's "NYC Reads" initiative. As such we will deepen our planning and implementation of the HMH reading curriculum. Teachers and administrators will continue to delve into the unit modules and will utilize the NYC Reads HMH Implementation Guidelines to align planning and implementation. The PS 107 staff will be engaging in professional learning cycles to strengthen pedagogy within literacy for both whole group and small group instruction with a focus on the body of a lesson.

2) PS 107 will further explore literacy centers to ensure that students are engaging in activities that require them to retrieve and rehearse the skills learned across the strands of Scarborough's Reading Rope.

3) PS 107 will focus on using assessment to drive instruction. This will go beyond implementing monthly grade-wide assessments in literacy. In the 25-26 school year, teachers will study the module assessments to

a) Determine and identify question- standard alignment.

b) Strengthen systems and structures for staff to analyze data and make revisions to student learning experiences based on

student strengths and needs in both whole and small group instruction

c) Utilize progress monitoring tools to more frequently track and monitor the progress of students.

4) PS 107 will continue to focus on school-wide Social Emotional Learning practices to ensure that we are creating classroom environments that are characterized by optimism, compassion and engagement. PS 107 will continue to implement the "Mind Up" curriculum in order to "promote resilience and foster expressions of gratitude, empathy, and connections to others" (https://mindup.org/mindup-for-schools). In the 2025-2026 school year there will be an emphasis on the implementation of the curriculum with regards to implementing, "Connections".

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	
MATH	K-4	Envisions Mathematics	Adaptations to increase the depth and exposure of all students to rich tasks utilizing the philosophies set forth in Algebra for All including the Reverse Workshop.
MATH	Pre-K	Building Blocks Mathematics	
ELA	Pre-k	Creative Curriculum	
MATH	Grade 5	Amplify Desmos Mathematics	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
53% of students are exhibiting proficiency one or more levels below grade level (I-Ready 24-25 EOY ELA Assessment) 37% of students did not meet the annual typical growth named in I-Ready ELA from the BOY to EOY in 2024-2025. 74% of ELLs/MLLs are exhibiting proficiency in ELA at one or more grades below their grade level. 42% of ELLs/MLLs did not meet the typical growth	Prior to 24-25 the literacy curricula did not include all components of Scarborough's Rope. Consequently, gaps had previously surfaced in students acquiring literacy across all strands of literacy.	Overall literacy proficiency

established within I-Ready from the BOY to EOY in ELA Of the 37% of students that did not meet annual typical growth, 57% of these students were ELLs.		
36% of students are at least one grade level below in Phonics (I-Ready 24-25 EOY ELA Assessment) 24% of Kindergarten students, 49% of 1st grade students, and 49% of 2nd grade students are performing one or more levels below grade level as per 24-25 EOY I Ready ELA Assessment. 33% of grade 5 students, 27% of grade 4 students, and 36% of grade 3 students continue to perform at least one level below grade level in phonics (I-Ready 24-25 EOY ELA Assessment) 54% of ELLs/MLLs in grades K-4 are performing one or more levels below grade level within the area of phonics as per the I-Ready 24-25 EOY ELA Assessment	Gaps in phonics acquisition surfaced during previous school years when phonics instruction was limited in effectiveness due to remote instruction. Students in Grades 3, 4 & 5 continue to show deficits in Phonics acquisition. Some of these gaps stem from the remote delivery of phonics instruction in the early stages of foundational literacy learning that these students experienced. Deficits in phonics acquisition in grades 3-5 can also be attributed to the increase in English language learners at the entering and emerging stages of language development in the upper grades. Core instruction in these grades does not include phonics instruction. While supplemental programs were introduced, all teachers in grades 3-5 have not received training in teaching phonics through research based best practices that will expedite language acquisition. In grades K-2 Fundations assessments were given, however the results of these assessments were not regularly used to determine intervention (formerly, "double dosing") and/or to make decisions in planning that would address the gaps in mastery of concepts that were surfacing.	Acquisition of Phonics

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	64	By June, 2026, all students will improve in literacy, as measured by a 16% increase, from 64% to 80%, of students meeting annual typical growth per the I-Ready ELA Assessment.
English Language Learners (ELL)	46%	By June, 2026, English Language Learners (ELL) will improve in literacy, as measured by a 24% increase, from 46% to 70%, of the percentage of ELLs/MLLs performing early on, at, or above grade level in the area of phonics on the i-Ready Reading Diagnostic

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

I-Ready ELA Assessment

Enter a Key Performance Indicator

percentage of all students meeting annual typical growth

Baseline:

64%

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By November of 2025, 100% students will have an identified typical annual growth measure

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By February of 2026, at least 65% of students will show 50% or more progress towards their typical annual growth measure.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

By June of 2026, at least 80% of students will show 100% or more progress towards their typical annual growth measure.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

I-Ready ELA Assessment

Enter a Key Performance Indicator

percentage of ELLs/MLL achieving early on, at or above grade level in Phonics

Baseline:

46% of ELLs/MLLs are performing early on, at, or above grade level within the area of phonics

Enter the date for the baseline data:

June 2025

Enter Period 1: Beginning of Year (BOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

35% of ELLs/MLLs will perform early on, at, or above grade level in phonics

Enter Period 2: Middle Of Year (MOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

50% of ELLs/MLLs will perform early on, at or above grade level in phonics

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

70% of ELLs/MLLs will perform early on, at, or above grade level in phonics

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Utilize Phonics assessments/data to plan and implement Phonics instruction that will address student needs.

Strengthen teacher content knowledge and pedagogy in Phonics with a focus on small group instruction, center activities, and the use of decodable texts

Increase opportunities for students to engage with Phonics concepts taught

Root Cause Addressed:

Students in grades 4 & 5 have deficits/gaps in Phonics that have surfaced as a result of having remote Phonics instruction during the early stages of their foundational literacy learning.

PS 107 has had an increased enrollment in English Language Learners / Multi-Lingual Learners that are at the entering and emerging stages of English language development. These students demonstrate a need in foundational literacy skills, including phonological and phonemic awareness, that are not taught as part of Core instruction in the Upper Grades. While supplemental programs that expedite learning in these areas has been purchased and implemented, the implementation is not yet consistent and with the fidelity of the program.

Teachers in Grades 3-5 have not received training structured and systemic training to a research-based approach to teaching Phonics at the entering and emerging level of language development that their students are at.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional learning to staff on how to facilitate, analyze and use Phonics assessments to plan both whole group and small group instruction that is purposeful and will address deficits that are surfacing so as to close gaps and/or prevent gaps from developing.
Continue to provide professional learning on the implementation of Phonics for Reading including assessing Phonics needs and monitoring student progress for teachers in grades 4 & 5.
Purchase decodable texts and provide professional learning aligned to using decodable texts to support the retrieval and rehearsal of Phonics skills taught.
Strengthen Center activities to include opportunities for students to engage in activities that are aligned with the Phonics taught in the week through both Phonics Games/Practice Sheets and time to engage with decodable texts.
Provide Supplemental Programs, both during and outside of school hours, to support students that are showing gaps in Phonics achievement at Grade Level (ie students performing 1 or more levels below grade level).

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

The ILET team will conduct walkthroughs of plans, practice, and student data to assess the professional learning that was provided and the impact that they is seen in student outcomes. School created checklists/walkthrough

tools will be developed that are specific to the professional learning provided within a cycle and previous cycles of learning. Analysis of Diagnostic Data, Fundations Unit Assessments, I Ready Activity proficiency in Phonics, and Acadience Progress Monitoring (where applicable) will be conducted in regular intervals (ie at the close of each Fundations unit in grades K-3 and every approximately every 4 weeks in grades 4 & 5) to determine the effectiveness of the professional learning on student outcomes and to monitor student progress.
The MTSS Team will meet weekly to analyze data and determine needs at both the teacher level and the student level. The MTSS Team will provide targeted support for teachers that are not yet implementing or meeting the expectations set forth in the professional learning in order to strengthen the Tier 1 instruction which in theory should help prevent gaps from forming.
The administrative cabinet will meet weekly. Each week 1-2 priorities will be on the Agenda. During cabinet meetings the Lead Administrative Liaison of the identified priority for on the week's agenda will update the school's principal on the current status of implementation, impact, and student achievement. The administrative cabinet will determine revisions and/or next steps if needed.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Host workshops specific to Phonics for families. These workshops will provide families with the instructional techniques that the school is using and provide families with familiarity of the activities that students engage with. A focus will also be on decodable texts and ensuring that families have an understanding of the importance and value of their child(ren) reading these texts at home as well.	
09/04/2025	06/26/2026	Teachers to host meetings with parents of individualized students that have been identified as being 1 or more grade levels below in the area of phonics. These meetings will take place in cycles during the weekly parent engagement time. During the meeting teachers will: 1) Inform parents of their child's current Phonics goals 2) Inform parents of their child's progress in meeting previous and/or existing goals 3) Provide families with techniques and activities that they can use at home.	
09/04/2025	06/26/2026	Phonics newsletters will be sent home to families at the start of each new unit. The newsletters will include the Fundations and Heggerty parent letters and will include copies or links of the decodable texts that families can use with their children aligned to that unit and previous units.	
09/04/2025	06/26/2026	"Phonics Fun" Nights will be hosted every other month in order to provide opportunities for families to interact with their children in fun activities around Phonics.	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Administrators, Teachers, Paraprofessionals, Parents

Instructional Resources

Fundations and Heggerty Curricula Materials including family newseltters, decodable texts, and student durables. Professional texts on structured literacy and phonics will also be utilized.

Schedule Adjustments

Schedules will include common planning time for grade teams and for Lead Teams to meet. Schedules will also include additional coverages for students in the Arts and/or PE that will result in the availability of teachers to provide targeted support for students that are performing well below grade level in Phonics.

Other Resources Needed

N/A

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024-2025 school year, 149 incidents were reported into OORs. Of the 149 incidents, 100 were level 3, 4, and 5 infractions. Of these 100 incidents, 57% of the incidents occurred during less structured time. Specifically, 4 incidents occurred in the bathroom, 4 incidents occurred in the hallway, 3 on the staircases, 12 incidents occurred in the cafeteria, 26 incidents occurred at recess, 6 incidents in the gymnasium, 1 incident on the bus, 1 incident in close proximity to the school. The majority (88%) of the level 3,4,5 incidents that occurred were infractions that involved altercations, physical agression, threats, and/or bullying.	Students are reacting to conflict in the moment. There is a greater student to adult ratio at recess. Recess activities are not facilitated and are left to student choice. Students are not able to self regulate during unstructured time. Lunch/Recess staff training in Social Emotional Learning is limited.	Create a physically and emotionally safe environment

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	100	By June, 2026, physical and emotional safety for All Students will improve, as measured by a decrease of 15 level 3-5 incidents, from 100 to 85 incidents, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Online Occurrence Reporting Tool

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase student emotional intelligence and mindfulness in order for them to better resolve conflict during recess/lunch.

Root Cause Addressed:

Students are reacting to conflict without thinking of their peers and/ or consequences (intended and/or unintended) of their actions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
The CASE Team will continue to provide professional learning to staff in the Mind Up & Harmony curricula. The Case Team will identify specific expectations in each cycle of learning and will conduct walkthroughs to ensure schoolwide implementation. The CASE Team will also develop student and staff facing surveys in order to gain insight and make revisions to the implementation of the Mind Up curriculum. The focus in the upcoming year is fidelity to establishing and maintaining a Mind Up classroom including establishing and implementing a community agreement, brain breaks, and classroom connections daily.
The CASE Team will train school aides and lunch/recess staff in Mind Up Curricula. A Community Agreement for the cafeteria and outdoor play spaces will be developed and implemented. PE teachers will provide workshops to the school aides to support them in developing and monitoring stations at recess. The Case Team will provide support to the school aides and recess/lunch staff in best practices for monitoring students and holding students accountable to

behavioral expectations as per the citywide behavioral code. A training provided by an external agency will be provided to both the CASE Team and staff that supervise recess.
A school-wide positive behavior plan will be developed for unstructured time. This plan will include positive incentives for classes and individuals.
A Kindness Committee will be established. This committee will include students, parents, and staff. The Kindness Committee will help establish the positive behavior plan and will develop the incentives. The Kindness Committee will work with the CASE team to survey and
Students with a history of repeated infractions and/or an individualized need for social and/or emotional support will be assigned a staff member as a mentor.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

1) Training and Implementation of SEL Curricula
The CASE Team will be expected to develop a professional learning plan for the next phase of PS 107s implementation of the Mind Up curricula. The CASE Team will develop checklists with the specific criteria of implementation from the professional learning of the SEL Mind Up and Harmony Curricula. Walkthroughs will be conducted by the CASE Team, utilizing the criteria named, to monitor implementation. During the assigned weeks (2x per month, every other week) of the Administrative Cabinet Meeting, the Lead Liaison of the CASE Team will report on the implementation and impact of the SEL curricula. This includes the data of walkthroughs, staff/student surveys and the data from the Online Occurrence Reporting System.

2) Training for School Aides
The CASE Team will develop expectations and routines for school aides. Each lunch period will have an administrator and/or administrative intern assigned to help support and supervise the implementation of the Mind Up routines/expectations that were developed. Checklists will be used and data gathered will be shared at the Cabinet Meetings 1x per month.

3) Individual/Group Positive Behavior & Peer Interaction Support
The CASE Team will identify students that have a history of level 3-5 infractions and will develop a tool that can be used to create a plan for the student. This tool will be used to name the plan, the type of supports/activities provided, and the days that the supports were provided. The Administrative Cabinet will review this tool during the Cabinet Meetings in order to Monitor implementation.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	06/26/2026	Parent Coordinator in conjunction with the CASE Team will host Quarterly workshops for families specific to PS 107's SEL curricula. These workshops will offer parents information and techniques of the SEL curricula. The goal of the workshops is to bridge the implementation from school to home to increase student utilization of the strategies learned	
09/08/2025	06/26/2026	Parent Newsletters to share SEL learning for the Month. Strategies and suggested activities for home will be included in the implementation.	
09/08/2025	06/26/2026	Staff assigned to individual students will provide outreach to the families of students with individualized plans will be made monthly. The outreach will: 1) Inform the parent of the individual plan of support 2) Inform of the plan including the goals set for the student 3) Provide update on progress 4) Name revisions (if necessary to the plan) 5) Provide strategies for continued implementation in the home	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Parent Coordinator, CASE Team, Teachers, Paraprofessionals, School Aides, Kindness Committee Members

Instructional Resources

Mind Up Curricula, Connection Cards (included with Mind Up), Peaceful Playground Resources,

Schedule Adjustments

Schedules will be adjusted in order to make CASE Team members available for meetings. PE teacher schedules to reflect time to support the implementation of structured play during recess. Teacher schedules to include common planning time. Parent Engagement time to be used to develop parent Newsletter.

Other Resources Needed

Chimes for Brain Breaks

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per the end of year I Ready Diagnostic in Mathematics, 44% of all students are performing early on, at or above grade level in mathematics. 21% of English Language Learners are performing early on, at, or above grade level in Mathematics as per the end of year I-Ready Diagnostic Assessment in Mathematics	A focus on literacy has caused PS 107 to lose sight of the best practices that were being explored in previous years Implementation of mathematics varies across classrooms. There are variations in the instructional models used and varied degrees of student exploration within mathematics.	Students need to meet the standards of their grade level in mathematics

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44%	By June, 2026, the Students performing early on, at, or above grade level in Mathematics will Increase by 11% from 44% to 55%, for All Students, as measured by iReady Diagnostic Assessment
English Language Learners (ELL)	21%	By June, 2026, the Students performing early on, at, or above grade level in Mathematics will Increase by 29% from 21% to 50%, for English Language Learners (ELL), as measured by iReady Screener Assessments.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop a schoolwide instructional model for mathematics that includes increased opportunities for students to explore mathematics and engage in mathematical discourse

Develop schoolwide routines including number/math talks to increase number sense and deepen conceptual understanding

Provide supplemental supports before, during, and after school to students that are performing below grade level

Deepen the content knowledge and pedagogy of staff within mathematics

Strengthen teacher pedagogy with ways to provide access to math content with a focus on vocabulary and text structures of number stories for English Language Learners

Root Cause Addressed:

A focus on literacy caused PS 107 to lose sight of the school-wide routines, instructional models, and expectations that were previously established in Mathematics

Gaps in mathematics have been present, however a greater focus in the school has been on literacy. As a result, supplemental programs did not target mathematics in the same way that the supplemental programs targeted literacy.

Number stories in mathematics include academic vocabulary and syntax. Plans and practices across classrooms are not consistent or coherent in addressing these areas.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Offer Math PL sessions to refamiliarize staff with Daily Math Talk routines, the development of engaging tasks and ways/protocols to increase discussions within classrooms across all subject areas.
Offer supplemental supports within mathematics for students. These supplements will be both during and outside of school hours. Admin and school staff will utilize data to determine student needs and offer opportunities accordingly.
Provide professional learning opportunities to support staff in analyzing data in order to target learning for all students
Create cycles for data chats for the school level, grade, and individual in order to keep a pulse on the current reality and to make modifications as necessary based on student outcomes.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Walkthrough tools will be created to accumulate the learning within Mathematics and make clear the expectations for implementation. Walkthroughs and Observations of practice will be conducted utilizing the tool developed. At the administrative cabinet meetings, each administrator will share their findings from observations and/or walkthroughs in order to assess implementation and make shifts to the professional learning and/or support based on the results.

Weekly Administrative cabinet meetings will be held. On the named week (ie every 3rd week), the parent coordinator will report the school's progress in implementing the parent engagement aspects of the plan. The results of the school made survey on parent outreach as well as parent feedback forms from workshops will be reviewed at this time as well. Shifts in actions taken will be made (if necessary) based on parent feedback .

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/01/2025	06/26/2026	Math workshops/Family events to be hosted on alternating months. Workshops to include topics such as: 1) Math Talks - Engaging in Mathematical Discourse 2) Vocabulary and Academic Language - Reinforcing content specific vocabulary with our children 3) Making Math Fun - Math mats and other activities to support mathematical fluency	
09/01/2025	06/26/2026	Monthly newsletters to be sent to families sharing a synopsis of the learning for the current unit and offering quick strategies that can be done at home to support the learning	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principals, Assistant Principals, Parent Coordinator, Teachers, and paraprofessionals

Instructional Resources

Math Curriculum resources including family letters, Math Mats (Math & Movement), Professional Texts to support best practice sin mathematics

Schedule Adjustments

Prep schedules for teachers will reflect common planning time for grade teams to meet.

Other Resources Needed

NA

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Civics for All Lessons logged 1, Save for College Building Block 1 Completion: 32%, District PL's attended 2	Prioritization was inconsistent resulting in limited lesson implementation, low Building Block completion, and partial participation in district professional learning	Increase teacher participation and ensure Civics for All is prioritized by focusing on attending districtwide professional learning, increasing the percentage of lessons taught, and engaging students in Take Action Projects.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	1 lesson logged, Save for College Building Block 1 Completion: 32%, 2 District-wide professional learnings attended.	By June 2026, at least 50% of students in grades 3–5 will participate in Project Soapbox or a student-led Take Action Project. The school will log a minimum of 10 civics lessons per grade in the Civics for All tracker and increase Building Block 1 completion from 32% to at least 60%, demonstrating schoolwide integration of civic learning.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

D25 CFA Lesson/Project Taught Form and Save for College Program Monthly District Report for District 25

Enter a Key Performance Indicator

School-wide evidence of implementation, e.g., Take Action projects, and engaging in Soapbox activities.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen civic learning in grades 3–5 by embedding Project Soapbox and Take Action Projects into core instruction, leveraging the support of the Civics for All Liaison, and using the Civics for All tracker to monitor implementation and ensure consistent lesson delivery, student engagement, and progress toward Save for College Building Block completion.

Root Cause Addressed:

Civic learning hasn't been a consistent schoolwide focus, so it's not yet fully built into everyday instruction.

Not all staff have had the chance to participate in Civics for All professional learning, which has led to different levels of comfort and familiarity with the program.

The Civics for All tracker hasn’t been used consistently, making it hard to measure what’s been taught and where support is needed.

Civic projects like Soapbox and Take Action aren’t yet highly visible or student-driven, which limits excitement and ownership.

There hasn’t been a dedicated structure or team to guide and support civics work, making it harder to keep things coordinated and on track.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Launch Civics Implementation Team (September 2025)
Professional Learning & Planning Support (September 2025 – June 2026)
Increase Project Soapbox Participation (Fall 2025 – Spring 2026)
Launch Student-Led Take Action Projects (Winter – Spring 2026)
Track and Monitor Progress (Quarterly, September 2025 – June 2026)

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

A school created implementation checklist will be utilized to monitor key indicators of Civics ffor All Implementation. The checklist will be used quarterly as to monitor the timeliness and success of implementation.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/27/2026	Parent Workshops to be held to inform families Civics Initiative in the school. Quarterly workshops and newsletters to share civics updates and take action projects happening at PS 107.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Adminsitrators, School Councelor, Civics for All Implementation Team, Student Government

Instructional Resources

Civics for All curricula, Project Soapbox

Schedule Adjustments

schedules will be adjusted for staff to meet in order to plan and implement the Civics for All curricula into student learning. Schedules will also allow time for the Implementation Team to train and support staff with the implementation.

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
2025 School Survey indicates an overall favorable response rate of 88% in the area of Parent Involvment. 83% of families (a decrease	There are limited opportunites for parent involvment both at the school level and at the class level. Communication of the availability	Increase parent communications

of 7 from 2024) agreed to some degree that they have attended a meeting, including parent teacher conferences, either at the school or virtually. 87% of families responded favorably with regards to having been in communication with their child's school with regards to their child's performance.	of teachers each week for remote parent engagement may not have been messaged clearly. Messaging of events may be uneven due to lack of parent contacts in the NYCSA system. Clear expectations for staff around communication with families have been established loosely.	and involvement in meetings

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	88%	By June, 2026, the percentage of PS 107 families indicating favorable responses within the area of "Parent Involvement In School" will Increase by 7% from 88% to 95% as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase the number of opportunities for parents to become involved in their child's learning at both the school and class level.

Root Cause Addressed:

Limited opportunities for parents to become involved.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Set expectations for communication with regards to the curricula for each new unit of study (September 2025)
Family Newletters to be sent home Monthly to inform families of the learning for that month and to support families with strategies for the new learning (September 2025-June 2026)
Parent Workshops/events to be held every month. Workshops/events will include both academic and non academic opportunites for parents to become involved in their child's school (September - June 2026)
Establish monthly classroom visits for families "Family Fridays" or "Walk in Wednesdays" for parents to get to experience the learning first hand along side their child.
Communicate individual student goals and progress to families every other month

Key Strategy 2 (Optional):

Increase the number of families registered into the NYCSA account and/or teacher/Doe messaging systems.

Root Cause Addressed:

Communication lists and parent enrollemnt in NYCSA is incomplete

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host Parent Workshops for parents to learn about NYCSA and to sign up for their account
Create a system for registration where the parent coordinator or staff aiding in the registration process ensure that the family of an enrolling student has access to their NYCSA. Upon registration staff will confirm or assist in the registration of NYCSA for students with pre-existing OSIS numbers.
Teachers to ensure they have a means to communicate with 100% of their families via a platform that translates into the preferred home language.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Parent coordinator will develop a survey that emulates the questions of the NYC school survey with regards to parent outreach. The survey will be given to families 4x in the year (October, January, March, and May). The survey will be used to monitor implementation of the expectations set forth regarding parent communication and to make shifts in communications based on family input. The parent coordinator will be responsible to distribute and collect survey results.

At weekly administrative cabinet meetings, the parent coordinator will report the status of communications (parent workshops, family events, staff outreach, etc). On named dates, the parent coordinator will report the school's progress towards the goals based on the survey results.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	NYCSA Workshops- Quarterly (September, November, February, June)	
09/04/2025	06/26/2026	Monthly Workshops in ELA and Mathematics	
09/04/2025	06/26/2026	Monthly Family letters to communicate upcoming learning and offer strategies for parents to use to support the learning at home	
09/04/2025	06/26/2026	Monthly 1-1 meetings/communications with families about their child's progress in academic, social, and emotional leaarning	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Principal, Assistant Principals, Parent Coordinator, Teachers, and paraprofessionals

Instructional Resources

Curricula materials in Literacy and Mathematics, Family outreach components from curricula, Literacy and Mathematics Mats for interactive family events

Schedule Adjustments

Parent Engagement time to be used by staff to develop and make outreach to families, Parent coordinator time start/end times to be shifted in order to compensate for availability in the evening events

Other Resources Needed

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
20% of all students (131) in grades pre-k through 4 at PS 107 were chronically absent as of June 2025. 72% of the students that were chronically absent are Hispanic. 30% of all Hispanic students are chronically	1. Families do not have another adult/friend to bring their child(ren to school or to pick them up if/when: a) one child in the family is sick, b)an emergency happens within the family, c) there is a problem with transportation. 2. Families are not aware of the impact of attendance on student outcomes 3. Families are not aware/mindful of the accumulated absences until they receive a report card in November, March, and June. 4. Some students are newcomers and are acclimating to school. This may result in them not wanting to come to school.	Increase the attendance of Hispanic Students at PS 107

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Hispanic Students	30%	By June, 2026, the Percentage of Chronically absent Hispanic students will decrease by 10%, from 30% to 20%, as measured by the Insight Chronic Absenteeism Report.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Increase family awareness on the importance of attendance and student outcomes through workshops and individualized meetings

Root Cause Addressed:

Knowledge of families with regards to the impacts of attendance on student achievement will be developed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
September 2025, November 2025, March 2026, and May 2026 host family workshops on the importance of attendance on student outcomes in all major languages of PS 107. Parents of students with chronically absent students will receive direct invitations to the workshop.
Attendance letters to be sent out to chronically absent families. Letters will include the total absences and student performance. Letters will be translated in the preferred language of the family. Letters will be distributed in September, November, January, March, and May
Host individualized meetings with families to discuss student's past and/or current attendance. Meetings to be held monthly by the classroom teacher. Data (attendance and academic progress) to be provided by Assistant Principal assigned to Attendance Committee.
Ensure families are linked to the New City School Account (NYCSA) and provide workshops for parents to explore the

information that is available to them. Host workshops that are specific to the attendance feature in NYSCA.
Create schoolwide "theme" days and/ or supplemental learning experiences (ie. parties, guest events, etc) that will encourage student attendance and build student comfort within school. Theme days and learning experiences will be selected/booked based on current and historical trends in absences identified by the attendance (ie. Fridays, days leading into a holiday, etc)
Success mentors will be assigned to students that have been chronically absent in 2024- 2025 and to students in the 2025-2026 school year that are chronically absent (4 or more by October, 8 or more absences by December, 12 or more by February, 15 or more by April)

Key Strategy 2 (Optional):

Create a welcoming environment that will encourage student attendance.

Root Cause Addressed:

Students may not feel comforatble in their learning environment

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Expectations of establishing a warm and welcoming environment to be communicated with the staff. These include practices such as: greeting each child by name when they arrive, including a calming/cozy space in the classroom, including student pictures in the environment, including community connections into morning routines, utilizing translation tools as applicable to communicate with children. An environment checklist will be created and shared with the class to ensure implementation of non-negotiables. Walkthroughs will be conducted to ensure expectations are being and held to support implementation where needed.
Assigning special "jobs" (ie watering a plant, feeding a fish, etc) to students so as to give them a purpose and incentive for coming to school.
Assign Mentors to students

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

To monitor the implementation of key strategies and action steps, biweekly meetings will be held with the attendance team to review progress on the plan, assess next steps, and identify any additional supports needed. These meetings will be supported through follow-up leadership check-ins to ensure alignment and address any resource gaps.

Weekly cabinet meetings will include a recurring agenda item titled “Priority Check-Ins.” Each week, one or two of the Chancellor’s Priorities named in the CEP will be reviewed. The designated lead for each goal will report on recent actions, share updates on data, and highlight progress toward outcomes. A school-developed template will be used to document action steps taken, analyze relevant data, and monitor overall implementation.

Additionally, CASE team meetings are scheduled weekly and serve as a standing structure to review student-specific attendance concerns and interventions. These meetings include key staff and are used to review trends, align supports, and adjust strategies based on student needs.

Progress monitoring data will include:

Attendance rates (overall and by subgroup)

Frequency and follow-up of outreach interventions

Implementation status of action steps (tracked through a school-designed monitoring template)

Qualitative feedback from staff and family engagement efforts

Student perception survey results (administered in February) to assess engagement and belonging

These structures and data sources will ensure that the implementation of the attendance improvement plan is continuously reviewed, adjusted, and supported to drive student success.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/17/2025	06/26/2026	4 Family Attendance Workshops provided in afternoon and evening sessions aligned to the dates of citywide parent conferences for elementary schools. These workshops to address the importance of student attendance and the impact of absences on student outcomes	
09/04/2025	06/26/2026	The Attendance/CASE team will host individualized meetings with families four times per year to review student attendance, with supporting data on attendance and academic progress	
09/04/2025	06/26/2026	Monthly family activities (non academic) to support community building/connections	
09/17/2025	06/27/2026	Family Workshops hosted 4 times (September, November, March, May) to support the enrollment and navigation of the New York City School Account (NYCSA)	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator, Attendance Committee, Classroom Teachers, Administration

Instructional Resources

Mind Up & Harmony SEL curricula to implement community connections amongst students and families

Schedule Adjustments

Compensatory time for parent coordinator, classroom schedules to be adjusted if needed for school shows/assemblies, Attendance committee schedules to be adjusted in or to maintain availability for bi-weekly meetings

Other Resources Needed

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
SIT Meetings/IEP Reviews from the 2024-2025 School Year reveal that there is a lack of assessment data (at the teacher level) informing Present Levels of Performance on the IEP. 25% of IEPs	Use of Screeners/Diagnostic Tools is a relatively new focus for	IEP Development

reviewed fully captured classroom, state, local, and supplemental assessment data for students. Similarly, 39% of IEPs reviewed contained goals that explicitly described how the student's performance or demonstration of skills will be assessed. 75% of IEPs reviewed reflect moderate alignment of PLOP, Annual Goals, Recommended Programs/Services.	all teachers; new teachers not familiar with the battery of assessment tools available, including secondary screeners. Among staff, there is a developing understanding with regard to a systematic approach to Progress Monitoring of foundational skills in literacy.	and Fidelity of Implementation
		Transition Planning and Compliance
61% of current students with disabilities are multilingual learners, while 42% of the overall population of students are multilingual learners, demonstrating an overrepresentation of multilingual learners in Special Education. Of the students referred for Special Education during the school year, % were multilingual learners. When considering the continuum of Special Education services, 70% of SWD in 12:1:1 programs (most restrictive) are multilingual learners while 48% of SWD receiving the support of Related Services and/or SETSS only (Speech, OT, PT, Counseling) (less restrictive) are multilingual learners. This demonstrates an overrepresentation of multilingual learners in more restrictive programs. 58% of SWD receiving ICT supports are also multilingual learners.	Some educators may not have the necessary training to differentiate between language acquisition difficulties and learning disabilities in Multilingual learners. This can lead to misinterpretations of a student's academic struggles.	Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	33% of SWD demonstrating a pathway of progress that is favorable (typical or above)	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Alignment of IEPs across present level of performance (PLOP), goals, and recommended programs and services, directly resulting in stronger Specifically Designed Instruction, which will directly impact student progress by a 27% Increase, from 33% of SWD demonstrating a pathway of progress that is favorable (typical or above) to 60% of SWD demonstrating a pathway of progress that is favorable (typical or above) , as measured by Acadience Benchmark Assessment.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Ensure program and service recommendations are appropriate for each student and provide access to the student's least restrictive environment.

Develop appropriately rigorous standards-aligned annual goals.

Root Cause Addressed:

Some educators may not have the necessary training to differentiate between language acquisition difficulties and learning disabilities in Multilingual learners. This can lead to misinterpretations of a student's academic struggles.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monthly SIT team meetings and Quality IEP Reviews
Next Generation Standards Review & Professional Learning to develop Quality Student Goals
Professional learning to address key differences between language acquisition difficulties and learning disabilities.
Professional learning cycles with grade teams to address high quality Tier I and Tier II instruction, so that all tiers of the MTSS framework are utilized prior to seeking a referral for Special Education.
Professional learning cycles with teacher teams to support implementation of a systematic approach to Progress Monitoring through Acadience, so that a student's Response to Intervention can be assessed, providing more nuanced information regarding areas of strength, as well as gaps in student skill acquisition.

Key Strategy 2 (Optional):

Ensure students' strengths and areas of need are properly identified through sophisticated use of assessment, including secondary screeners. Ensure that these assessments and the information they provide are documented on the IEP, providing a rationale for the specific types of Specially Designed Instruction, as well as as academic goals and recommended programs/services.

Ensure accommodations are aligned to student need, as documented on the IEP. Ensure student accommodations are implemented with fidelity.

Root Cause Addressed:

Use of Screeners/Diagnostic Tools is a relatively new focus for all teachers; new teachers not familiar with the battery of assessment tools
available, including secondary screeners.
Among staff, there is a developing understanding with regard to a systematic approach to Progress Monitoring of foundational skills in literacy.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Monthly SIT team meetingsand weekly MTSS team meetings.
Monthly Progress Monitoring meetings with grade teams to support Progress Monitoring efforts.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Continuation of Quality IEP Reviews by team that includes Special Education Teachers representing different programs/supports (12:1:1, ICT, SETSS, RS), general education teacher(s), ENL teachers, School Psychologist, AP, IEP Teacher. SBST will meet with member of Admin Team to review Special Education referrals. SIT (School Implementation Team) to continue to meet to plan enhanced supports and progress monitoring efforts for students not demonstrating progress with current IEP supports/services. MTSS team will continue to meet weekly in order to review data and ensure that interventions and supports are implemented in an equitable way.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Family and parent Meetings to support "Understanding Your Child's Acadience/i-Ready Report"	
09/04/2025	06/26/2026	Family and parent meetings to support Progress of Measurable Annual Goals.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Intervention Teacher/SBST/UFT Teacher Center Coach

Instructional Resources

Fundations, Wilson, Spire, Phonics for Reading, Acadience Progress Monitoring

Schedule Adjustments

Other Resources Needed

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Phonemic/phonological Support (Tier 2)	Students identified as not achieving minimum for unit assessment	Fundations Intervention	Small Group	During school day by classroom teacher	No
Phonemic/Phonological Support (Tier 3)	Students continuing to show gaps in phonics after having had consistent Tier 2 support for a period of time	SPIRE	One-to-One or very small group (no more than 3 to 1).	During the school day. Provided by IEP teacher (Spire certified)	No
Phonemic / Phonological (Tier 3)	Students scoring in the bottom 30th percentile of Kindergarten and/or grade 1 on Fundations Screener	Fundations Intervention	Small pull out group	During the school day by the AIS teacher	No
Reading Comprehension Support (Tier 2)	Students not meeting comprehension on Fountas and Pinnell Running Records that are below grade benchmark	Guided Reading/ Targeted Strategy Groups	Small group by classroom teacher	During the school day in the classroom	No
Phonemic/Phonological Support (Tier 2)	Grade 3-5 students that are showing proficiency at 2 or more levels below their current grade level in Phonics	Phonics for Reading	Small group	During the school day by the classroom teacher	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Attendance (Tier 2)	Students exhibiting	BOKS		Before School and After School	No
Attendance (Tier 3)	Students chronically absent in the previous year and students with 3 or more months of chronic absenteeism	Success Mentors	One -to - one or small group	Before, During and/or after school	No
Crisis Interventions (Tier 2)	Students whose behaviors have escalated to crisis less than 3 times in a month or have experienced trauma	SEL Groups	Small Group with counselor or success mentors	Before and/or During the school day	No
Crisis Intervention (Tier 3)	Students who regularly escalate into crisis (greater than 4 times in the month) and/or who have made statements indicating trauma or crisis (ie. abuse, suicidal ideation, etc)	Individualized Support	one to one	During the school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

An initial letter is shared with families with regards to MTSS. This letter introduces the tiers of instruction and identifies the level of tiered support that an individual will recieve. If a parent writes a letter to initiate an evaluation, then the principl's designated staff, reach out to the family and explain the components of MTSS to the family. The family is then able to make an informed decision about whether or not they want to continue with an evaluation or first have their child receive tiered interventions.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Teachers providing Tier 2 or Tier 3 interventions progress monitor student outcomes weekly. Every 4-6 weeks, meetings are held in which the parent/guardian of the student receiving intervemtion is invited. During these meetings, student outcomes are shared and progress is reported to families. The acadience progress monitoring platform is used for families to see the trajectory of prgress for their child.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Parents are provided the visual representation of their child's progress. Discussions on what the data is revealing (progress, stall, or decline) are held to ensure that the parent understands the data and what is being presented. This transparency of student data through the progress monitoring tool, supports families and the team in making informed decisions about next steps.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

There are currently 85 students in Temporary Housing attending PS 107.

Below is a breakdown of the number of students that are living in the varied types of temporary housing classifications:

Doubled up (with friends or relatives because they cannot find or afford housing): 92
Living in a shelter or transitional shelter: 6
Living in a hotel/motel: 0
Living in a car, bus, or train: 0
Living in a park or public place: 0
Living in an abandoned building 0

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

In analyzing historical data for Students in Temporary Housing trends in attendance and achievement surfaced. The attendance rate of Students in Temporary housing was 95.86% in comparison to the school's overall rate of attendance at 93.8% As such the rate of attendance for Students in Temporary housing was favorable. Student achievement data however, did not reveal the same. The End of Year I Ready- Reading Screener revealed that 93.6%

of Students in Temporary Housing that are currently attending PS 107 and took the screener last year, showed achievement at least one grade below their grade level. Similarly in Mathematics, 81.6% of Students in Temporary Housing achieved at least one level below grade level. These trends indicate that complementary supports to target student learning within small groups will be critical in closing any gaps in achievement that are/have surfaced. In addition to complementary supports within the school day, additional supplementary supports could be provided before and/or after school.

The STH Title I survey was administered to all of the families of students in temporary housing. The survey is being collected and the input of the survey is being used to determine the needs of the families in order to spend the money according to what our families desire/need.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students in temporary housing are provided with supplies and materials that they need in order to be successful in school. In addition, the students in temporary housing are provided with opportunities to meet with the counselor individually and/or in small groups. Students play games such as Uno or Chess as an outlet to engage with peers in a non-academic setting. Academic supports in before/after school settings are also provided to students in temporary housing. These supports are determining through the analysis of student achievement data. Specifically, i-Ready screeners are reviewed and used to determine the specific areas of need within literacy and/or mathematics so as to provide supplemental support that will help to close gaps in achievement for these students by prioritizing the identified stemming source of these gaps. Currently, I-Ready ELA data is surfacing a need in Phonics instruction for students in temporary housing. As such, students in temporary housing whose achievement level is below grade level in Phonics will be invited to either a morning or afternoon program to support their growth in these targeted areas using research based approaches for Phonics.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

There are currently 3 students in foster care that are enrolled at PS 107. Each of these students has social and emotional support provided by the school counselor via mandated or at risk services. In addition, each child has multiple adults in the building that check in with them to provide outlets for their social/emotional needs and to ensure that they feel school to be a warm and welcoming environment. Academic supports are available to the students based on student need. Targeted small group instruction is available to the students via their classroom teacher and/or an MTSS teacher. Before school and/or after school programs are also offered to these students. These programs include academic and enrichment opportunities.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

Students in Foster care are provided targeted support with respect to social/emotional growth by the school counselor. The counselor meets with these students, to offer support that is specific to a student's need. For students that do not have a mandate of counseling, at risk serviecs are provided. The targeted social / emotional support offered varies. In some cases the supoort is individualized where in other cases the support is within a small group in which the student works on interactions with other students. If/when a student is exemplfying adverse behaviors, a behavioral plan is developed and a positive incentive approach is taken.

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

The students in foster care at PS 107 tend to have a favorable attendance. However, these students also have exhibited gaps in either developmentally appropriate behaviors and/or academics. This insight supports us in developing a plan for students within the population that is proactive as opposed to reactive. The MTSS teacher works with students in foster care to ensure that they have an adult that they are comfortable with as well as gain targeted support. The MTSS teacher conducts positive affirmations with students to support student confidence and self worth. The MTSS teacher also works with students to develop literacy skills.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

All classrooms conduct tier 1 social emotional learning, In addition, the school counselor and/or the behavioral specialist provided targeted social-emotional learning supports to

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 107Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 107Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

PS 107 is committed to High Quality professional learning aligned to our mission. As such, as a school we are engaged in professional learning that will support our content knowledge and pedagogy. This year PS 107 will continue to engage students in developing Tier 1 Instructional practices in order to ensure that all students are receiving a research based approach to learning that has proven favorable outcomes for all students. Specifically, PS 107 will be engaging in in-depth professional learning cycles that will explore explicit instruction. The learning cycles will study the components of explicit instruction and provide a clear set of expectations for the planning and implementation of this success oriented model of instruction. In addition to supporting teacher content knowledge and pedagogy within explicit instruction, we have partnered with outside resources to provide professional learning that will support our mission of embedding all students in rich and engaging learning opportunities that foster critical/analytical thinking, problem solving, and student autonomy. The following are professional learning opportunities that we are engaged in. These opportunities are held in a series and in cycles throughout the year. The expectations for staff and administration that attend is that they will help to support the school-wide planning and implementation of these practices across their grades and content area cohorts.

Professional Learning Opportunities:
1- Mind-Up Professional Development- Professional Learning to support the adoption and implementation of the Mind Up Social/Emotional Learning Curriculum
2- Civics for All- Professional learning for administration and staff to support student engagement in civics based projects
3- Soap Box- Professional learning to support staff in developing opportunities for our students to engage action-research projects that will allow student voices to project a change to the greater good or the school/community.
4- I Ready professional Learning to support all staff in identifying student strengths and needs in order to best support all students in making favorable gains in achievement levels.
5- ESL/MLL Professional Learning- An external consultant will be contracted to provide teachers that are not ESL/MLL certified an opportunity to engage in learning best practices and techniques to support English Language Learners in their classroom.
6- District Level Professional Learning- Administration and staff will engage in professional learning opportunities offered by District 25 to support student achievement. The professional learning opportunities will provided across content areas, including but not limited to, Phonics, ELA, Mathematics, Social Studies, Science, Civics for All, and Social Emotional Learning.
7- Teacher Coaching- An external consultant, vended by the DOE, will provide coaching support for the teachers of PS 107 within literacy with a direct support in the planning and implementation of the HMH curriculum.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

At PS 107 all teachers engage in professional learning and the implementation of this learning into practice that is aligned to our instructional priority. As such, the students within our pre-k programs are already immersed in the expectations of PS 107 and are better able to transition into Kindergarten. In addition, at the close of the year, Kindergarten teachers meet with the families of the pre-k students. This supports families in getting familiarized with the expectations of Kindergarten in order to support their children with the transition. In addition, in June student records are transferred from the pre-k teachers to the kindergarten teachers. This support the Kindergarten teachers in being able to identify student strengths and begin to plan for the students that they will have in September. As a feeding site in the summer, we also message to our families that they should come to eat at the school (when feeding is permitted in the cafeteria) so that the pre-k students can become familiarized and acclimated with the cafeteria which can be overwhelming for them in September considering that the pre-k students do not eat in the cafeteria during the school year. For students that require intervention services, often a service provider from PS 107 is able to provide the early intervention. When these students transition to Kindergarten we try to keep the same provider with the student.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$590,595	x	Section 5: Priority 1, Priority 2, Priority 3, Priority 4 and Priority 5 Section 5: Chronic Absenteeism Section 6: Multi-tiered Systems of Support Title I Program
Title I, School Improvement 1003(a)	Federal	NA	NA	NA
Title II, Part A	Federal	$39,043	x	Section 5: Priority 1, Priority 2, Priority 3, Priority 4 and Priority 5 Section 5: Chronic Absenteeism Section 6: Multi-tiered Systems of Support Title I Program
Title III, Part A	Federal	$35,693	x	Section 5: Priority 1, Priority 2, Priority 3, Priority 4 and Priority 5 Section 5: Chronic Absenteeism Section 6: Multi-

				tiered Systems of Support Title I Program
Title III, Immigrant	Federal	NA	NA	NA
Title IV, Part A	Federal	NA	NA	NA
Tax Levy (Fair Student Funding)	Local	$6,287,776	x	Section 5: Priority 1, Priority 2, Priority 3, Priority 4 and Priority 5 Section 5: Chronic Absenteeism Section 6: Multi-tiered Systems of Support Title I Program

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Lori Cummings
Assistant Principal (Where Applicable)*	Sara Cangelosi
English as a New Language (ENL) Teacher*	Lanna Ardolino
Teacher (if school has a bilingual program must be a bilingual teacher)*	Crystal Ponce
Parent/Guardian*	Martha Carrera
Teacher	
Parent Coordinator	Jennifer Colon
School Counselor	Kelly Marino
Related-Service Provider	
Other (Name and Title)	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

13

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

10

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

13

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

12

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

2

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

813

Total number and percentage (%) of current ELLs:

419 of 813 students are ELLs (52%)

Total number and percentage (%) of former ELLs:

57 of 813 students are former ELLs (7%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

285 of 813 students are Newcomers (35%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

88 of 813 students are Developing ELLs (10%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 students are Long Term ELLs

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 students with Inconsistent/Interrupted Formal Education

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

55/813 Students are ELLs with Individualized Education Plans (IEPs)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE	General Education	Mandarin	2017-2018	1	0	1	1	1									4
TBE	SC	Mandarin	2017-2018	.33	.33	.33	.33	.33	.33								1.98
TBE																	0
DLBE	General Education	Spanish	2017-2018	1	1	1	1	1	1								6
DLBE																	0
DLBE																	0
				total: 2.33	total: 1.33	total: 2.33	total: 2.33	total: 2.33	total: 1.33	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Stand alone instruction is provided either by the dually certified classroom teacher (Common Branch & ESOL or Common Branch with bilingual extension) in the classroom or by a pull out/push in Dually certified teacher (ESOL & Common Branch). In the classroom of a dually certified teacher, the teacher works with students from within the class in a small group to provide stand alone instructional minutes. These students are of the same grade level however they are of mixed proficiency levels ranging from entering to emerging. In the pull out model of service, students are grouped homogenously (by proficiency level, either entering or emerging) and may be of mixed grade levels (no more than two grade levels combined).

Integrated ENL:

In classrooms with dually certified teachers(Common Branch and ESOL), the classroom teacher provides the integrated service to the students. In addition, the dually certified teachers work with an additional class on their grade to provide integrated instruction within a content area. For example, a dually certified teacher may teach social studies to another class on that grade. During this swap of classes, the dually certified teacher provides integrated instruction within content area learning to heterogenous groups of students ranging in proficiency levels (transitioning to commanding). In addition to the dually certified teachers, 2 push in pull out teachers work with ENL students. Both teachers team teach alongside the classroom teacher in order to provide integrated instruction. In some classrooms, the classroom teacher does not remain in the classroom for instruction and the push in teacher provides integrated instruction since they are dually certified (common branch & ESOL).

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

PS 107 has four Mandarin transitional bilingual education (TBE) classrooms (grades K,1, 3, & 4) and two 12:1:1 BSE Mandarin programs (grades K-2 & 3-5). Instruction is provided by one dually certified teacher within each of the TBE Mandarin classrooms. The teacher uses student data to determine the amount of instruction that is needed in the home language and in English. While students are grouped by the same grade level as a class, the teachers work with small groups within the class to offer the appropriate amount of home language and/or English to the students. Materials including classroom libraries, text books/workbooks, charts, and the like are available to the students in both languages.

Dual Language Bilingual Education (DLBE):

Dual Language Program- PS 107 has 6 Dual Language Spanish classrooms (grades K-5). The classes are taught by teachers that hold a certification in early childhood and/or common branches with the bilingual extension for teaching Spanish. The teachers provide instruction in a self-contained model, where the one teacher teachers Spanish and English to the students. The language of instruction is alternated every other day, resulting in the core subjects being taught in English and Spanish for an equal amount of time throughout the year. ENL services for students that are at English proficiency levels of transitioning through commanding receive their integrated instruction by their classroom teacher with the bilingual extension. Students that require stand alone service (English proficiency levels of entering and emerging) are provided English instruction by their classroom teacher for a total of 180 minutes per week through small group instruction. During this time, students that do not require this level of English instruction are engaged in independent and/or small collaborative group activities.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

When articulating students into classrooms, proficiency levels for students are taken into consideration in order to ensure that classrooms remain heterogeneous while still considering students with like needs of service. At the start of the school year, all classroom teachers with English Language Learners, are provided with the English proficiency levels for their students. TESOL certified teachers, including those that are dually certified, are provided with the required minutes of service for the students within their given proficiency levels. Administration works closely with the ENL team to develop programming that will ensure that all mandated minutes of service, both stand alone and integrated, are provided to the students.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In classrooms where English Language Learners are serviced by their dually certified (Common Branch/TESOL) teacher, the classroom teacher is able to provide integrated ENL instruction/support throughout the day in both ELA and/or the content areas. In these classrooms, the classroom teacher works with Entering and Emerging ELLs to provide stand alone English Instruction. During small groups, the classroom teacher focuses on phonics, vocabulary, and/or grammar to support the acquisition of English for students. While the classroom teacher is working with English Language Learners, the other students are engaged in literacy centers and/or independent activities to support the retrieval and rehearsal of the skills that they are working on.

In classrooms that do not have a Dually Certified Teacher (Common Branch/TESOL) and are not classrooms designated for Bilingual Education, a push in/pull out teacher is assigned to provide the appropriate instructional minutes based on the level of language acquisition for the students in the classroom. Specifically, for students that require stand alone minutes, an ENL teacher pulls the students out of the classroom 4 periods per week (this is equivalent to 200 minutes). During this time, the teacher focuses on English Instruction (foundational literacy skills, vocabulary, and grammar). The ESL teacher also pushes into these classrooms. The number of periods that the ESL teacher pushes in and the subject that the teacher pushes in for is dependent on the level of language acquisition of the the students in each classroom. In some classrooms, where the students require ELA integrated instruction, the ENL teacher pushes into the classroom during an ELA period and co-teaches with the classroom teacher in order to provide the required minutes. This is up to 4 periods per week based on the level of language of the students within that classroom.

In transitional bilingual programs, teachers use student data to begin the transition of home language instruction to English language instruction. Teachers in all classrooms work with students in small groups in order to provide the appropriate number of minutes in either the language of support or through the type of instruction required (stand alone vs. integrated). HLA is provided daily to students for one period per day by the classroom teacher in the Mandarin Transitional Bilingual Classes. In these classes, the teachers provide Home Language Arts through literacy activities such as Read Alouds, Shared Reading, and Close Reading of texts in the Home Language.

In the Dual Language Programs, the classroom teacher provides the ENL instructional minutes. The classroom teacher provides integrated ENL instruction/support throughout the day in both ELA and/or the content areas. In these classrooms, the classroom teacher works with Entering and Emerging ELLs to provide stand alone English Instruction. During small groups, the classroom teacher focuses on phonics, vocabulary, and/or grammar to support the acquisition of English for students. In the Spanish Dual Language Program both ELA and HLA are provided by the classroom teacher on alternating days. On each day, approximately two hours of instructional time are dedicated to

ELA or HLA.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The model that we have adapted is a two way dual language bilingual education program. We have adopted the self-contained teaching model where students one classroom learn entirely in one language throughout the day and then alternate to the other language on the following day. As a result of this model, English Language Learners and Students that are English Proficient are integrated for 100% of the day.

b. In which language(s) is each core content area taught?

All content areas are taught in both English and in Spanish on alternating days

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

Mathematics, Social Studies, Science, and Language Arts (HLA & ELA alternating)

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

There are 419 Current English Language Learners (ELLs) at PS 107. 68% (285/419) of these ELLs are considered newcomers (1-3 years of English instruction). Approximately 35% of the entire PS 107 student population are considered Newcomers.
Effective instruction for Newcomers includes Tier 1 ENL instruction with an emphasis on foundational skills in literacy, vocabulary, and grammar instruction when Newcomers are at the entering, emerging, and transitioning stages of language development. In addition to both stand alone and integrated support provided by the teacher, instructional materials to support language acquisition are purchased and made available to newcomers and their families. As an example, Reading Eggs is a computer based program used to support language development for newcomers.
Classroom teachers and ENL teachers of Newcomers use data to monitor student progress. If students are showing a stall or not making the typical/anticipated gains in language acquisition, then additional tier 2 supports/supplemental instruction is provided. These supports are based on the gaps that are surfacing within language development. Fundations intervention, Wilson, Phonics for Reading, Great Leaps, and/or Spire are some of the programs that are used to address targeted areas of need.
In recent years we have had an increase in student enrollment of Newcomers in the upper grades. In some instances, students are enrolling in a US school for the first time as a 5th grader. As a school we recognize that the experience in learning for this student is different. The curricula assumes that students within the upper grades already have foundational literacy skills mastered. To address this, Newcomers in Grades 3-5, will be provided an additional Phonics program. The program purchased (Phonics for Reading) is designed specifically to address phonics development in older students (grades 3 and above).

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

Currently, 0% of ELLs are considered Students with Inconsistent/Interrupted Formal Education (SIFE). In the event that a student with interrupted formal education enrolls at PS 107, the classroom teacher, MTSS Team, and ENL team would work closely to determine the student(s) present levels of performance and would develop an

instructional plan to best address the student(s) entry points. This would involve the MTSS teachers providing small group and/or 1:1 instructional supports. Foundational Skills in literacy and mathematics would be the focal point of instruction within small group/individualized opportunities. Individualized instruction would be provided to SIFE at a minimum of 3x per week by support staff of the MTSS team (SETSS Teacher, AIS Teacher, or IEP teacher).

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

Currently 0% of the students at PS 107 are considered long term Ells. For long term Ells, services would include individualized support (Tier 3). In addition to NYSESLAT data, academic screeners, and I Ready data would be used to
determine student (s)' strengths and areas for growth. During the school day, individualized instruction would be provided
within the targeted areas of need. In addition, supplemental programs are offered before and/or after school to provide additional supported in the identified areas of need.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

57 students are consider Former ELLs. This equates to about 7% of the entire student population. Former Ells receive integrated service from their dually certified teacher within their classrooms. The teachers utilize data and provide students with supports based on their identified needs within their content learning. The support is provided to ensure that all students have access to grade level expectations and can engage in the activities that are standards aligned. The dually certified teachers may support learners through shared and close reading of texts and/or helping to provide frames to support written responses if/when warranted.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at Risk Levels that are prevalent at PS 107 include:
1- Newcomers (323, 82.4%)
2- ELLs Who Did Not Demonstrate Sufficient ELP Progress based on Spring 2024 NYSESLAT, (144 , 36.7%)
3- ELLs in Temporary Housing (81, 20.7%)

In examining the Spring 2025 EDAT, the following were noted as trends in student achievement.
1- 144/392 ELLs currently enrolled in PS 107 did not demonstrate sufficient English language proficiency progress on the Spring 2024 NYSESLAT.
2- 82/290 (28%) Newcomers currently enrolled in PS 107 (ELLs in grades K-4 on 2024 EDAT report) did not demonstrate sufficient English language proficiency progress on the Spring 2024 NYSESLAT.
3- 82/114 (71%) of students that did not demonstrate sufficient English language proficiency progress were Newcomers.
4- 21/68 (30%) ELLs living in Temporary Housing (currently enrolled in grades K-4) did demonstrate sufficient English language proficiency progress

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

The at Risk Levels that are prevalent to Former ELLs at PS 107 include:
1- Former ELLs Who Scored Level 1 or 2 in ELA in the 2023- 2024 School Year (27.3%)
2- Former ELLs Who Scored Level 1 or 2 in Mathematics in the 2023-2024 School Year (21.8%)
3- Former ELLs in Temporary Housing (10.9%)

In examining the Spring 2024 EDAT report, the following were noted as trends in student achievement.
1- There are currently 6 Former ELLs who scored a level 1 or 2 in ELA in 2023-2024
2- There are currently 7 Former ELLs who scored a level 1 or 2 in Mathematics in 2023-2024
3- Of the above Former ELLs, 4 scored a level 1 or 2 in both ELA and Math
4- Of the 11 Former ELLs that scored a 1 or 2 in ELA and/or Mathematics, 0 are students in temporary housing.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home languages with the largest representation at PS 107 are Mandarin and Spanish. In order to support communication and learning we have opened bilingual programs in both Mandarin and Spanish within our school. In addition, we have increased the hiring of bilingual staff (including paraprofessionals, teachers, and aides). We have a Bilingual Spanish School Based Support Team and have support services within the school that are provided in Mandarin and/or Spanish. Our paraprofessionals support the teachers and parent coordinator with the translation and interpretation of messages, emails, telephone conversations, and meetings. In addition, PS 107 utilizes the translation/interpretation resources provided by the DOE for interpretation needs. Staff are provided the dial in number and are trained to use this resource to make outreach via phone or when hosting in person meetings so that communication to the family is made in the preferred language of the parent/guardian.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The vast majority of ELLs at PS 107 are of Asian or Hispanic ethnic classifications. To include all students in the planning and delivery of culturally responsive and sustaining education, PS 107 has dedicated resources to purchase a greater selection of texts that include a variety of cultures and backgrounds for every classroom library. PS 107 has also adopted the Mind Up and Harmony Social Emotional Curricula. As part of the curricula students are engaged in activities to share their cultures and backgrounds with their peers. In units of study, teachers are asked to take inventory of their students interests, cultures, and backgrounds so that these can be included within lessons. Through our CRSE professional learning, both the administration and teachers are learning ways to create more inclusive environments that help to establish a warm and welcoming environment for all learners.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

The Spring 2025 EDAT report reflects the following with regards to English Language Proficiency growth:

1) Of the 328 currently enrolled ELLs (Students in grades K-4 of the Spring 2025 EDAT), 214 demonstrated sufficient English language proficiency progress
2) Of the 328 ELLs, 114 did not demonstrate sufficient progress in English language proficiency
3) 59/114 of the ELLs that did not demonstrate sufficient progress were Hispanic (51.75%).
4) 54/114 of the ELLs that did not demonstrate sufficient progress were Asian (47%).
5) There is an over representation of Hispanic students not meeting ELP.
6) 19/328 ELLs met the Annual ELP Growth, 309 ELLs did not meet the Annual ELP Growth

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

2024 NYSESLAT data reflects approximately 35% of ELL students having demonstrated proficiency or nearing proficiency of the English language. Of the 301 students that took the 23-24 NYSESSLAT exam from PS 107 , 18 of the students (6%) evidenced a Commanding level of English proficiency and 85 students (28%) evidenced an Expanding proficiency level. The number of students at the earlier stages of English proficiency are approximately 10% more. 48 students (16%) exhibited an entering level of proficiency and 73 students (24%) exhibited an emerging
level of proficiency. In comparing this data to the previous year's NYSESSLAT results, it appears that the percentage of students exemplifying an expanding or commanding level of English language proficiency was greater in 2023 (44%) than in 2024. Conversely, the number of students exemplifying English proficiency at the entering and emerging stages was 10% less at the close of 2023 than 2024.
A closer look at the data surfaced additional trends within modalities. Specifically, an analysis of scale scores above 60 within each modality revealed Listening and Speaking modalities to be similar in student proficiency and to be the modality of greater acquisition. Within the both the modality of Listening and Speaking, 56% of students scored above a scale score of 60.In the modality of Reading, 47.5 % scored a scale score above 60. This is nearly 10% fewer students than that of Listening and Speaking. Writing, as in past years, showed the least number of students demonstrating near proficiency with a scale score above 60. In Writing, only 37% of students achieved a scale score above 60. This is approximately 10% lower than the modality of Reading and nearly 20% below the modalities of Speaking and Listening. As such, it is evident that the areas of reading and writing are areas for continued growth amongst our English Language Learners.
While the modalities of reading and writing surfaced as areas of focus for all ELLS, data also revealed that it is essential to continue to have a great focus on speaking for entering ELLs. Specifically, when looking at the modalities across proficiency levels, the data revealed that 48 students were in the entering phase of language proficiency. 43/48 students (90%) had scored the minimum scale score of 30 points in the speaking portion of the assessment.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Student performance on the NYS Math assessment and the NYS ELA assessment show a similar results within written/constructed responses. Specifically, on the 2025 NYS ELA all grades (3-5) scored 10% or more below the Average percent of points possible scored across NYC on the constructed (written responses). Similarly, in Mathematics, the percent of points possible achieved possible on constructed responses was below that of NYC. In grades 3 & 4 the percentage of possible points achieved was 12 and 13 percent respectively.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

The NYSESLAT results for ELL subgroups reflect that ELLs of Hispanic ethnicity and ELLs with IEPs show gaps in achievement in comparison to ELLs that are not within these subgroups. A greater percentage Hispanic ELLs and ELLs with IEPs evidence reading below grade level benchmarks. These results may be impacted by a variety of factors including the economic status of students and the availability of additional and outside resources for support.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

PS 107 provides ELLs with a rich academic experience that supports content knowledge and the acquisition of advanced literacy skills. Specifically, at PS 107 a literacy curriculum that engages students in the strands of literacy learning while deepening content knowledge has been adopted. To further encourage literacy development, PS 107 has implemented school wide protocols that require the implementation of the Hallmarks of Advanced Literacy: Exposing students to engaging and rich texts, encouraging talk/discussion, implementing writing that builds language and knowledge, and building vocabulary and academic language. Specifically, across classrooms rich texts are utilized that support the theme/topic of the module. These texts are explored as read alouds, shared readings, and/or close readings guided by the teacher. The texts are also offered as independent readers for students to read on their own. In addition to the availability and exposure of rich texts, talk and discussion protocols have been established school-wide. The "Think, Rehearse, Share" routine has been named as a school-wide protocol in order to provide all students, especially ELLs, with the time needed to process and respond to the questions posed. This routine also establishes the expectation that all students will have the opportunity to engage in talk. To further support discussion, structures/routines for partners have been named, so as to encourage partners in countering a response of their own. In addition to the school expectations for talk, PS 107 has established expectations regarding written responses. As part of the daily reading and math lessons, written responses from students are required. Within reading, writing prompts and/or responses to the reading are part of the daily activities. In Mathematics, students are required to explain their thinking in writing. In conjunction with the above hallmarks of advanced literacy, PS 107 has studied best practices and established student learning experiences that build student vocabulary with high leverage/utility words. These routines include multiple exposures to tier to words. To further support the usage of tier two words and academic language, teachers include tier two words and academic language within prompts for students so as to ensure that students are using the vocabulary/academic language in written and oral language.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's Instructional Leadership & Equity Team (ILET) is focused on developing advanced literacy skills for all students including MLs/ELLs. Through the study of the work of Nonie Lesaux and Emily Phillips Galloway, the

Instructional Leadership Team utilizes data from assessments and surveys from staff and students to determine areas of priority focus within the 4 Hallmarks of advanced literacy (Engaging Texts, Talk/Discussion, Frequent Writing, and Academic Vocabulary and Language). All staff receive professional learning within these areas so that all teachers are aware of best practices to support students in acquiring advanced literacy. The Tesol push in/pull out teachers also attend professional learning specified to the Hallmark of focus and support the ILT in adapting curricula and practices in the classroom to support students in achieving advanced literacy. In addition, a member of the ILT is a Tesol push in pull out teacher who brings to the team ML/ELL best practices in addition to the ML/ELL data from the ELL inquiry sub committee that she leads. This supports the team in tracking and monitoring the progress of MLs/ELLs based on the shifts in curricula and pedagogy that the team has implemented for the school.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Integrated Learning Model- Unless otherwise specified by parent choice of service for ELLs/MLs, Ells/Mls are placed in integrated learning environments where they receive core instruction in English along side non-ELL peers. Most classrooms that include ELLs/MLs are taught by a dually certified teacher (Common Branch and TESOL). In classrooms where the teacher is not dually certified, a Tesol or Dually certified teacher pushes into the room and team teaches with the classroom Common Branch and/or Special Education Teacher (for the number of periods/minutes and subjects indicted by CR-154). If stand alone sevices are required, the TESOL certified teacher pulls students out and works with these students across the grade(s) (no more 2 consecutive grades in a group). In literacy the workshop model of instruction is utilized to support students in learning strategies that will help them develop the skills needed to be successful readers and writers. In mathematics, a reverse workshop model approach is taken. In all subjects discussions are a key part of the learning, To support students in engaging in discussions, structures to support discussions (ie think time, rehearsal time, and talk time) and linguistic frames are provided. In addition, a concentration on the use of academic language and vocabulary is encouraged and reinforced. The Listening, Speaking, and Language Standards of the Next Generation Learning Standards are utilized as a resource to support the development of the discussion activities and rubrics developed within lessons and units across all content areas.

Dual Language Model- Our Spanish Dual Language program is a self contained model. There is one Dually certified Teacher (Spanish and Early Childhood/Common Branch) teaches who teaches both English and Spanish. The program follows an alternating day schedule of English and Spanish instruction for the entire day. As in the integrated learning model, Literacy follows the workshop model of instruction and Mathematics follows the reverse workshop model. All subjects include students engaging in discussions. In planning independent/group activities and discussions, the teacher uses the Listening Speaking and Language Standards of the Next Generation Learning Standards to ensure that students engage in activities that are aligned to the expectation of the standards. ML/ELL students receive their integrated instruction by their Dually Certified Teacher. Stand Alone instruction is provided to Entering and emerging MLs/ELLs through either a pull out Tesol certified teacher or by their Dually certified teacher.

Transitional Bilingual Model - Our Mandarin Transitional Bilingual programs are taught by one dually certified teacher. The teacher utilizes NYSITEL and NYSESSLAT data to determine the appropriate percentage of time of instruction for the students within the Home Language and English in accordance with the guidance of CR-154. Workshop models of instruction (including the reverse workshop in mathematics and content areas) are implemented. Independent/Group activities are included in all lessons to support student engagement. Additionally, discussions are a large part of all lessons. Structures for discussion, linguistic frames, and vocabulary are embedded in activities in order to support students in acquiring advanced literacy skills. Next Generation Learning Standards are utilized in planning activities and discussions in order to ensure that all students are engaging in the expectations of the standards for their grade. MLs/ELLs receive their respective minutes of integrated instruction (as per CR 154) by either their dually certified classroom teacher or a Tesol certified Teacher who provides pull out

stand alone instruction.

Across all programs and content areas, the Hallmarks of advanced literacy are embedded. Specifically, activities require: 1 students to engage in oral and written expression to make their thinking visible 2 Students to engage in discussions within small groups and as a whole class 3 Students to engage with texts (both grade level and their own independent level) 4. To learn and utilize academic language and vocabulary. Prompts across content areas focus on the Listening and Speaking and Language Standards to support students in meeting the expectations of the Next Generation Standards.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of ELLs with IEPs use audio and visual tools to support students access to grade level academic content. These tools include books read aloud or translated, Google translation tools to support a child in articulating their ideas and then translating them for them to be able to participate and show their understanding of content, vocabulary supports posted throughout the room and within lessons in both English and languages of need to support ELLs.

b. SIFE

For students with Interrupted formal education, ELL teachers support the classroom teachers through integrated learning opportunities in which teacher team teach to support students in achieving the expectations of the grade. The teachers collaborate and plan together to ensure that all students will have access to the learning. Teachers are supported with professional learning to provide them with the skill set needed to incorporate strategies that are best practices into their lessons and activities. As an example, if a student with interrupted formal education is unable to read grade level text, the teachers plan in a way that will support the student in accessing the content of the text. This can be through close reading, shared reading, translated versions of texts (if/when appropriate), read alouds, etc. In providing students with access to grade level texts, the students can then engage in the opportunities for discussion and making their thinking visible.

c. Newcomers

For newcomers, the school provides both integrated and stand alone services to support the students in both language learning as well as accessing the grade appropriate content. If/when translated materials of the curricula are available, the teachers provide students with these versions of the grade level material. In this way, newcomers (especially those that are literate in their home language) can access and explore the grade level content. Newcomers are encouraged to respond in their home language across content areas so that they too can engage in the learning activities. Google translate is used and/or students of the same home language may be partnered so that the new comer can be included in the rich activities that promote thinking and student autonomy. English specific learning targeted to the students level of English language acquisition is provided to ensure language development as well.

d. Long Term ELLs

Long term ELLs are included in grade level classes that hold to the expectations of the standards. In addition, these students are provided with supplemental intervention services in order to support their acquisition of language. These interventions are based on the identified areas in need of improvement from formative and summative assessments.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The school enables ELLs with IEPs to achieve their IEP goals and attain English Language Proficiency within the least restrictive environment by ensuring that the services indicated on each student's IEP are provided by the appropriately certified pedagogues. In hiring, the school seeks dually certified teachers (Tesol and Common Branch and/or Special Education) in order to ensure that students across classrooms are able to receive the services that are specified by both CR 154 and an individual's IEP. Specifically, of the 6 ICT classes within the school, 3 of the sections have a dually certified special education teacher. As such, the students with ICT specified instruction are provided with both the required English Language Instruction as well as the mandated special education services within the subject area. For those ICT or self contained classrooms that do not have a dually certified teacher, a dually certified Tesol teacher pushes into the classroom in order to ensure both the special education and the English language learning mandates are met. In addition, on each grade their is at least one general education classroom with a teacher that is Dually certified in Common Branch/Early Childhood and Tesol. When a student' s IEP reflects General Education Instruction in a given subject, the student is flexibly programmed into a general classroom for the specified subjects. In the case where the student is an ELL the child would be placed into the classroom on the grade with the Dually certified teacher during the specified subjects on the IEP. This ensures that we maintain the least restrictive environment and the Language mandates as specified in CR Part 154. In the Mandarin Transitional Bilingual Special education program students that require a flexible program have the opportunity to be programmed into the General Mandarin Transitional Bilingual Program.

Across the school all classrooms (other than 12:1:1 Specialized ACES program) follow the same curricula and the same instructional models. Across a grade the teachers plan together and follow the same pacing (with modifications based on class needs). The consistency and coherency of curricula, instructional models, and pacing across the grades supports the flexible programming of students from one class into the next. Teachers that are involved in flexible programming of students work together to match schedules for the specified subject(s) that the student(s) IEP(s) mandate.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Upon intake at registration TESOL certified teachers meet with families and students to determine the families home language. The TESOL certified teachers survey the students to determine student levels of English proficiency. If the level of English proficiency is limited, the TESOL certified teacher also asks student the questions in his/her home language. This supports the teacher in assessing the home language level. The teacher that is present at intake shares these findings with the students classroom teacher.

Within the Dual Language Classes, students are assessed in both English and the Home Language (Spanish). This is across all subject areas. In addition, HLA is assessed by either a program based assessment such as Estrelita assessments or by a teacher made assessment that is aligned to the home language learning of the unit.

Likewise within the TBE classes, based on the level of language acquisition, assessments may be given in the home

language (Mandarin). HLA is assessed through teacher made assessments that are aligned to the home language learning of the unit.

In ENL classes, assessments may be provided in a students home language in order to decipher between a students content understanding and language ability. In order to support students with accessing assessments in English, students are provided with glossaries in their home language and may be permitted to use Google translate.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

NA

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

At PS 107 common planning time for teachers is built into grade-wide schedules with at least one common prep period per week. In addition, each Monday, from 2:20-3:20 , is designated for professional learning and planning for staff. At this time, teachers are able to apply the professional learning and work together to plan. ENL teachers that co-teach with Common Branch and/or SE licensed teachers are expected to plan with their colleagues at this time. In addition to common prep periods and Monday time, planning time is designated at least 1 x per month for teachers to work together to plan the unit modules. During this time, ENL teachers work alongside the classroom teachers to plan the modules and offer additional strategies/scaffolds to embed in the lessons for ELLs.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

At PS 107 our professional learning plan is centered on developing Advanced Literacy Skills for all students. As such the Hallmarks of Advanced Literacy are the cornerstone of our professional learning. Across the year all staff are engaged in professional learning that is focused on strengthening teacher content knowledge and pedagogy around the indicators of Hallmark 2: Talk and discussion and Hallmark 4: Academic Language and Vocabulary. The professional learning plan includes opportunities for teachers to learn the content knowledge and then implement the learning into their practice. The expectation is that across all classrooms, plans and practice will reflect activities that include the indicators studied within each of these Hallmarks so as to ensure that all students will acquire advanced literacy skills. Professional development for all staff includes exploring research based best practices in language development.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders]

and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Each Monday teachers will engage in 60 minutes of professional learning. This professional learning is centered on Advanced Literacies. The learning will take place in 6-8 week cycles in which new content related to the Hallmarks of Advanced Literacy will be explored, staff will have the opportunity to plan and implement the learning into their instructional practices, and then a reflection on student outcomes as a result of the shifts in pedagogy that they have made will close the cycle. Each cycle will focus on a specific indicator within either Hallmark 2 or Hallmark 4 and will include the study of researched based professional texts. TESOL certified teachers will be included in this professional learning. In addition, TESOL certified teachers will attend professional learning hosted by District 25, the Borough Office and Central. The professional learning opportunities will support the development of their content knowledge and pedagogy in best practices to support ELLs. Tesol; certified teachers will be expected to turnkey information and collaborate with teachers across the school in implementing the professional learning into the plans and practices of the school.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

PS 107 uses I-Ready to screen students in order to determine specific areas of strength and deficit for students within literacy and mathematics. These assessments are provided throughout the year in order to not only diagnose but then to continuously reevaluate student growth. At the start of the year the students are all given the I Ready diagnostic assessment in ELA and Mathematics. The school then analyzes these results to determine student needs. When a need is seen across the school, the Instructional Leadership Team, works together to create a plan that will support teachers in making shifts in curricular plans to address these deficits for all students. A closer look at student data by grade teams and then individual teachers is then conducted to determine specific targeted needs for students. In additional, student data is reviewed to determine trends and patterns for ELLs. Interventions are then implemented based on the identified need. For example, students that are scoring two or more levels below grade level in phonics are provided with double dosing of Fundations. Students that are showing deficits in reading comprehension are provided with a small group reading instruction that targets comprehension skills.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

Entering and Emerging ELLs in Grades K-2 are provided with targeted intervention using the Reading Eggs program to help support their English Language development. In addition, Entering and Emergent ELLs and/or students in Grades 2-5 that scored one or more levels below grade level in the Areas of Phonological Awareness and Phonics on the Iready Assessment receive targeted instruction in Fundations or Wilson. ELLs performing one or more levels below grade level in either literal or informational comprehension within the Iready diagnostic are provided with targeted support in comprehension through Fountas and Pinnell's Leveled Literacy Intervention (LLI). In Mathematics, across all grade levels, targeted interventions for ELLs are provided using the Iready Diagnostic to determine the levels of students and the specific areas within mathematics that they are showing to be one or more levels below grade level. Iready Instruction is then used to provided targeted interventions and activities for students in the areas of need that are identified by the diagnostic assessment. All of the above interventions are offered in the English language.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 107 utilizes data to determine the instructional levels for all students including ELLs. Screeners, assessments, and unit based pre-assessments are used to make instructional decisions for students. Teachers use assessments to determine tier 1 support, or the whole class instruction. If assessment data reflects a class need, the teacher's planning reflects a shift in the strategies for the unit to ensure that the students are receiving the instruction and content that they are in need of in order to help all students, including ELLs achieve the expectations of the standards. When students have been provided strong tier 1 instruction and
assessment data still reflects a need for instruction, then tier 2 or 3 interventions are provided. Interventions at the Tier 2 level may be conducted by the classroom teacher, an ELL provider and/or another teacher who has been trained in the decided upon intervention. This may include targeted small group instruction within guided reading or within a targeted strategy group, double dosing of Fundations, targeted interventions through Iready Instruction or Imagine Learning, Leveled Literacy Intervention, Great Leaps, and/ or Reading Eggs. The size of the group is determined by the level of intervention needed and the type of intervention is determined by the area of targeted need as determined by assessment data and student work samples.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

To start, screeners are used to identify identify student strengths and areas of need. In grades K-2 Acadience is used as a screener within ELA and Iready is used for Mathematics. In Grades 3-5 I-Ready is used for both ELA and Mathematics. In addition to the screener, Fountas and Pinnell Running Records are used to determine student reading levels and to identify areas with reading that should be of focus for both the class and then for individual students. Across content areas, unit pre-assessments are used as well as post assessments to inform instruction specific to the unit of study. Throughout the year these formative assessments are used. This helps teachers inform whole class, small group, and individual instruction. It also helps teachers to monitor student progress and growth.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

In order to ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year teachers utilize the NYSSLAT levels to identify students whose language acquisition level may impact his/her outcome on an assessment due to their mastery of the English language. In such cases translation glossaries and/or google translate is used to support students in having access to the test materials (If the test is not available in the home language of the student). In doing this we can assure that we have a better understanding of the students mastery of the content as opposed to a skewed understanding of the level of content because of the inability to access content due to limited language proficiency. Students are encouraged to respond to written responses in their home language and then teachers have the student responses translated.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

New York state exams including the NYSSESLAT are used to evaluate the effectiveness of ML/ELL programs. These exams are used to determine school-wide goals and priorities. As a school, we analyze the data from these exams to notice patterns and trends that we may see amongst our students and within our subgroups, including subgroups within our ELL subgroup. As an example, patterns and trends have surfaced at PS 107 with regards to the written responses of students on both the NYS ELA and MATH exam. A look at the NYSSLAT data revealed that ELL students are reflecting lower scores within the written responses as well. As a result, PS 107 has made shifts to instructional design to ensure that lesson and activities encourage student talk/discussion in order to develop oral language that will then support written language. Linguistic frames and scaffolds to support structure in written responses have been adopted into curricula in order to support students and help them achieve the expectations of the standards within written responses.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

In order to administer the NYSSESLAT in an efficient way that limits the interruption of student services, teachers across grade levels are trained to conduct the NYSSESLAT. As such multiple classrooms and teachers are assessing students (similar to the way that NYS ELA and MATH exams are administered). A Team of teachers then works to score the exams during Monday and or Tuesday sessions. Contingent upon funding, money may be set aside for the scoring of exams in order to reduce the amount of professional learning time and/or planning time that is dedicated to assessing the NYSSESLAT.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

The school's IEP Teacher, Testing Coordinator, and ELL Coordinator work together to ensure that all accommodations are provided. Specifically, the IEP teacher downloads the report from SESIS for accommodations. The Testing coordinator ensures that the teachers and/or the facilitators of the assessments are aware of the accommodations required. The ELL Coordinator ensures that the teachers of ELLs without IEPs/504s that require glossaries in their home language and/or have extended time on assessments are informed of the accommodations and are provided the appropriate materials for use on all assessments. Training is provided to the staff to ensure that all teachers are familiar with accommodations and facilitate assessments accordingly.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

The ELL identification team includes a team of 2 ENL teachers (Lanna Ardolino and Yuk Mui Dong), the IEP teacher (Natasa Mijatovic), the school psychologist (Leonela Mateo), and an assistant principal (Sara Cangelosi). The process in place for intake begins at the counter with the pupil personnel secretary. If a family indicates that a language other than English is spoken, then one of the 2 TESOL teachers are scheduled to meet with the family and conduct the home language survey and the student interview in order to determine NYSITELL eligibiity. If the student is determined to be NYSITELL eligible, then the ESOL certified teaches schedule the student for the exam. If a translation is needed for the family, paraprofessionals and/or
the DOE translation service is used. If a child has an IEP, then the LPT reviews the case. This includes an ESOL certified teacher (Lanna Ardolino), the IEP teacher, a special education certified teacher (Natasa Mijatovic), the bilingual school psychologist (Yomari Haynes) and an assistant principal (Sara Cangelosi).

Additionally, at the start of the year, all teachers host an orientation event for their families. At this time the teachers review the curricula, the design of his/her specific ELL program (ie DL, TBE, ENL). During this orientation night, the ENL team also meets with families to describe their specific role in their child's language development and the way that their program services go. Throughout the year during parent teacher conferences and other parent engagement events, parents are informed of their child's progress and are provided with strategies to support their children in continuing to make gains. Additionally, at the close of the year, PS 107 offers parent meetings to introduce

students to the expectations of the upcoming school year. To discuss programmatic changes that are forthcoming and to discuss student progress and future goals.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Teachers are provided 1 hour of parent engagement per week. During this time teachers are expected to make communication with parents. Teachers with ELLs make outreach to families regarding student progress, assessment results and language development needs so as to partner with families to support students in reaching their goals.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Communications are sent using platforms that have translation features. When communications are sent via hard copy, PS 107 staff translate the letters/documents. Translated versions are then backpacked home with families. When communications are made through telephone, the interpretation unit contracted by the DOE is used.
Parent communications are welcomed in the parents preferred language. When parents send written communication in a language other than English, the parent coordinator, teachers, and/or paraprofessionals will translate the communications to the addressed staff member. If when a parent communicates verbally, in person or by telephone, the DOE contracted interpretation service is used.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

At PS 107 we engage families of all students in a variety of ways. The main goal of these events is:

1) Build parent content knowledge by offering workshops around curricula and best practices so as to enable our families to feel empowered to actively support their children in their learning. These workshops include opportunities to explore talk and discussion, questioning techniques, ways to increase academic language / vocabulary, and the like.

2) Build Community and make connections- Some parent engagement opportunities are not curricula aligned but instead are
activities that encourage social interactions amongst families and students. These activities include events such as craft making, game nights, and family fun days. These events unite all families and students at PS 107 in fun and risk free events.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Leadership Opportunities are shared with all parents of the PS 107 community. Translations of the communications are made available via electronic platforms with translation features and/or by bilingual staff and/or parents (PTA issued communications). When DOE communications regrading leadership opportunities are sent, the links, pdfs, and/or hard copies of the translated versions are also sent to families.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Supplemental supports are also provided at PS 107 in order to support MLs/ELLs. The programs offer support to students and/or families. As an example, PS 107 offers an after school program that supported students in acquiring foundational literacy skills. Once per week, families were invited to play foundational literacy games with their child. Programs as such provide both student support and family support in multiple ways. In addition to supporting the academic needs of students, the program supported families with English language acquisition as well. In addition to offering language support, programs of this nature help establish community. The families had the opportunity on a regular basis to interact with other families, their child, and the after school teacher.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ELL identification team includes a team of 2 ENL teachers (Lanna Ardolino and Yuk Mui Dong), the IEP teacher (Natasa Mijatovic), the school psychologists (Leonela Mateo), the AIS teacher (Cara Jacofsky) and an assistant principal (Sara Cangelosi). The process in place for intake begins at the counter with the pupil personnel secretary. If a family indicates that a language other than English is spoken, then one of the 2 TESOL teachers are scheduled to meet with the family and conduct the home language survey and the student interview in order to determine NYSITELL eligibility. If the student is determined to be NYSITELL eligible, then the ESOL certified teaches schedule the student for the exam. If a translation is needed for the family, paraprofessionals and/or the DOE translation service is used. If a child has an IEP, then the LPT reviews the case. This includes an ESOL certified teacher (Lanna Ardolino), the IEP teacher, a special education certified teacher (Natasa Mijatovic), the bilingual school psychologist (Leonela Mateo) and an assistant principal (Sara Cangelosi).

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

Appointments are set for new enrollment of students throughout the year. The appointments are scheduled during the first period (8-8:50am) or last period of the day. The appointments are scheduled in alignment to the preparation periods of the push in/pull out ESL Teacher and/or other member of the ELL Identification Team. During the enrollment process one of the push in/pull out ENL teachers conducts the ELL identification process. A missed prep coverage is paid to compensate the teachers for the time that was taken from their preparation period.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Lori Cummings

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Lanna	Ardolino	Teacher - Regular Grades	02/05/2025	
Jennifer	Colon	Parent Coordinator - Annual	02/13/2025	

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	3	0.21%	3	0.21%		
ARABIC	5	0.35%	5	0.35%		
CHINESE ANY	451	31.17%	426	29.44%		
CANTONESE	0	0.00%	1	0.07%		
INDONESIAN (AKA BAHASA)	1	0.07%	1	0.07%		
KOREAN	33	2.28%	33	2.28%		
MANDARIN	1	0.07%	29	2.00%		
ENGLISH	418	28.89%	413	28.54%		
PILIPINO (A.K.A.	2	0.14%	2	0.14%		

TAGALOG)						
SLOVAK	0	0.00%	1	0.07%		
SPANISH	531	36.70%	531	36.70%		
URDU	2	0.14%	2	0.14%		

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,After School

Total number of ELLs to be served in this program:

200

Grades to be served in this program. Select all that apply.

,2,3,4,5,1,K

Total number of teachers in this program:

10

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

10

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

0

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

1) Morning "Fun" Program - Fundations Intervention Morning Program. Program will take place on Wednesday, Thursday, and Friday Mornings from 7:20 am-7:55am. The program will focus on the acquisition of foundational literacy skills including, Phonological Awareness, Phonics, and high frequency words. Students will engage in activities that will reinforce foundational skills and will have additional opportunities to retrieve and apply these skills through the use of decodable texts and Fundations Practice materials. The program will be offered to ELL students that are 1 or more levels below grade level in Phonics as per the I Ready Fall Assessment. Students will be grouped with students with similar Phonics needs as indicated in I-Ready. Each group will span no more than 2 grade levels (ie. K-1, 2-3, 4-5). I Ready and Acadience data will be used to group students based on their identified Phonics need. Instruction will be provided by a single teacher who is dually certified (TESOL and Common Branch/Early Childhood) and/or has a bilingual extension. The program will not require supervision at the cost of the Title III ELL program since the program is within the regular hours of a building administrator.

2) Afternoon ELL/MLL Program - Language Development Across Modalities (Listening, Speaking, Reading and Writing). This program will focus on furthering language development for students. Through close reading of complex texts, teachers will provide instruction within vocabulary, sentence/text structures, and comprehension. In addition, teachers will provide opportunities for students to engage in academic discussions that will support the development of oral and consequently written language. Finish Line New York ELLs and I-Ready Instruction materials will be used. The program will be offered 2 days per week on Tuesday and Wednesday. The program will run from 2:25 pm - 3:25 pm. All ELLs will be invited to participate in this program. Students will be grouped by grade level. Grades K-2 will have no more than 20 students in each group. Grades 3-5 will have no more than 25 students in a group. Instruction will be provided by a single teacher who is dually certified (TESOL and Common Branch/Early Childhood) and/or has a bilingual extension. Each group will be staffed with an additional paraprofessional who will help monitor and support small group activities within the larger group. The program will require supervision at the cost of the Title III ELL program for the time that is after the official end time of a building administrator. The latest regular workday schedule of the building administrators is 7:30am - 3:15pm, Monday -Friday. An administrator will need to be paid from 3:16- 3:40pm.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

1) I-Ready data revealed that students were two or more levels below their grade level in Phonological Awareness and Phonics. As a result of these deficits, these students are not achieving grade level standards and gaps in their reading achievement are increasing. In order to address this, a Fundatons Morning Program will be provided in which students across all subgroups that are identified as being one or more levels below the grade level will be selected to receive targeted double dosing of Fundations, based on their Fundations Assessment and identified areas of deficit.

2) An analysis of 2024-2025 data and historical data of PS 107Q revealed that student written responses reflect the lowest area of proficiency. This is seen through both the NYSESLAT data and NY State ELA data. As research suggests, oral language development usually leads to written development. Discussion and academic vocabulary are also recognized as a hallmarks to acquiring advanced literacy skills. As such the afternoon program will offer an opportunity for small groups of students to engage in close reading and shared reading of texts where they will explore vocabulary, sentence/text structures, and engage in discussions followed by opportunities to respond to texts in writing.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

1) ELL Students across grades K-5 will be invited and will be grouped across no more than 2 years span. As such there will be a grade K-1 band, grade 1-2 band, grade 2-3 band and a grade 4-5 band. Within each of the grade bands, the students will be grouped by their Phonics grouping as identified in the i-Ready Fall Diagnostic Assessment. Therefore, there will be a minimum of two groups for each band, one group being one level below grade level and the other being two levels below grade level, as reflected by the I Ready Data. Each group will have targeted and identified goals to meet based on the students Fundations Screening Assessment or Phonics for Reading Inventory (Grades 4-5)

2) English Language Learners across grades K-5 will be grouped by grade and then in smaller cohorts that are represented by similar strengths and needs within the Listening, Speaking, Reading, and Writing areas as presented by 2024-20245 NYSSESLAT data (Grades 1-5). TESOL certified teachers will put an emphasis on the targeted area of need (as indicated by NYSESLAT data) in order to further support student growth in language development as a whole.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**

- **Time and duration of sessions.**

1) Morning Program
One 10 week cycle and two 7 week cycles. Three 30 minute morning sessions per week W, TR, F from 7:25am-7:55am

Progress monitoring conducted after 7 weeks to identify students that will remain or exit from the program. Shifts in student grouping may also be made based on identified student needs

Cycle Start and End Dates:
Cycle 1: November 5, 2025 - January, 30 2026
Cycle 2: February 4, 2026 - April 1, 2026
Cycle 3: April 15, 2026- June 3, 2026

2) Afternoon Program- Two 60 minute sessions per week on Tuesday and Wednesday from 2:25pm - 3:25pm
Cycle I (Expnading ELLs with a focus on writing)
November 4 - December 17, 2025

Cycle II- (ALL ELLs)
January 6 - April 29, 2026

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Both programs will be provided in English Instruction. The Morning program will utilize Fundations Intervention and/or Phonics for Reading. The afternoon program will utilize NY ELLs Finish Line by Continental Press for Close Reading of texts and to support oral and written language development.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

A minimum of 6 dual certified Common Branch/ESOL or bilingual teachers will be providing instruction for the Fundations Morning Program. A minimum of 8 dual certified Common Branch/ESOL teachers and/or bilingual teachers will teach the after-school language development program.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

For the morning program, student and teacher instructional resources will come from the Wilson Fundations program and/or Phonics for Reading. The materials of both of these programs include pre-assessment and progress monitoring assessments. For the afternoon program, Finish Line NY ELLs second Edition by Continental Press will be used. In addition to the text for this program, teachers will use teacher made resources to help students break down complex texts and academic language/vocabulary. These materials include the use of index cards for vocabulary, smartborads to put words into context with visual/auditory support, and professional resources such as "Bringing Words to LIfe" by Isabel Beck, Margaret McKeown, and Linda Kucan. The materials utilized within these programs are supplemental to the curricula. As such, the materials will need to be purchased outside of the Core materials ordered. Title III funds will be used to purchase any materials that are unavailable within the school. If the cost of materials exceeds the Title III Funding that is remaining after staffing, then, Title I Funds will also be used to supplement the costs.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

Records of parent outreach, student attendance and materials/resources purchased will be maintained. Teachers will be responsible for taking student attendance for each session. Outreach to parents will be made in which parents will indicate whether their child will participate in the program or not. An electronic spreadsheet will be created in which parent responses regarding their child's participation will be entered. The paper forms will be maintained on file in addition to the electronic spreadsheet. The spreadsheet will also include information regarding students including the students' current grade, language acquisition and literacy levels, (NYSESLAT & ELA I-Ready data), the Teacher assigned and an area for teachers to record assessment results from progress monitoring.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Professional learning for the entire school will be focused on explicit instruction and the work of Anita Archer. The work of Nonie Lesaux that was previously explored will be tied to the structures implemented to ensure that instruction is explicit and promotes student engagement with the identified learning target(s). These approaches to learning are each tied to research intended to promote language and literacy skills for all students. Based on school walkthroughs and an analysis of the 2024-2025 NYSESLAT exam, it is evident that student written responses are an area to focus on. It is known that the development of oral language will lead to success with the written language. PS 107 will therefore, promote student talk and discussions in order to support the development of written language. Professional Learning will also focus on strengthening Core Instruction by developing teacher pedagogy within foundational skills of literacy. An analysis of PS 107's ELL students through the I-Ready Diagnostic Screener revealed that the majority of our students that fell two or more levels below grade level in foundational skills were ELLs/MLLs. Gaps also surfaced with regards to demographics within our ELL/MLL subgroups. Specifically, our Hispanic/LatinX ELLs demonstrated greater gaps in achievement within foundational skills. In order to address this, professional learning will be conducted in cycles. The cycles will focus on using data to identify student needs, implementing best practices for teaching foundational skills for students, especially those that are beyond the foundational years, learning to progress monitor and make instructional shifts based on the data gathered. Title III Funds will be utilized to purchase workshops from external sources, such as Wilson Language Training and/or CITE teacher workshops for language development.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

A triangulation of assessment data, student samples of oral and written expression, teacher and student surveys, and classroom walkthroughs, it has been determined that in order to develop advanced literacy skills for our students, student need increased opportunities to retrieve and rehearse the concepts/skills learned. Increased opportunities of independent practice, partnered with additional opportunities for student talk and/or discussions using academic language, will increase student application of the skills taught and their overall understanding of the content explored. As such, professional learning for the entire school will be focused on the work of Anita Archer and Nonie Lesaux whose research has focused on promoting language and literacy skills for all students.

Furthermore, analysis of both the 2023-2024 and the 2024- 2025 NYC Literacy Screeners (IReady and Acadience) identify foundational literacy skills as being far below grade level and as a flag for many of our students, especially English and Multi Language Learners. As such, professional learning cycles focused on foundational skills will be continued.

The number of English Language Learners at PS 107 has increased. Consequently, number of English Language Learners that are in classrooms with teachers that do not hold the TESOL certification has also increased. While ELLs in these classrooms receive the number of units of language instruction/support required, we acknowledge that having the support of a teacher with familiarity with best practices in supporting English Language Learners throughout the day is critical. As such, teachers that are not TESOL certified will be provided professional learning that will raise content knowledge and pedagogy in the area of supporting English Language Learners through a series of professional workshops through a contracted vendor. The following topics will be explored:

*Stages of Language Acquisition & Strategies for Each Stage
*Planning with ELLs in Mind
*Questioning/Discussion Techniques for ELLs
*Differentiating/Scaffolding Instruction for ELLs
*Teaching Vocabulary & Writing to ELLs

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All Teachers will receive professional learning in the areas of explicit instruction and embedding the hallmarks of advanced literacy into student opportunities. Additionally, all teachers will be provided with professional learning that is focused on Phonics. Lower grade teachers (K-2), including dually certified in Tesol/Common Branch , Bilingual teachers, and ENL push in/pull out service providers will receive professional learning to support their pedagogy within Phonics and Phonological Awareness. Fundations and Heggerty training with a focus on utilizing the assessments to assess, progress monitor, and make instructional decisions will be conducted. Upper Grade teachers (3-5) will engage in professional learning that will raise their content knowledge and strengthen their pedagogy in teaching phonics to older students. Upper grade teachers, including those dually certified in TESOL/Common Branch , Bilingual teachers, and ENL push in/pull out teachers, will receive professional learning to support their implementation of Phonics for Reading. In addition to the professional learning tied to program implementation, these teachers will receive professional learning to support the use of the assessments tied to the phonics program. This professional learning will support teachers to make instructional decisions that will target student needs.

In addition, to the above professional development, teachers that are not TESOL certified will be provided professional learning that will raise content knowledge and pedagogy in the area of supporting English Language Learners through a series of professional workshops provided by a contracted vendor.

For teachers that teach in the supplemental programs, training will be provided prior to the start of the supplemental learning opportunities. This professional learning will provide training to the teachers that is specific to the programs that they will be implementing, including using the assessments and progress monitoring. These teachers will be provided targeted support by members of the MTSS team.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Professional Learning will Begin on September 2, 2025 and will end on June 26, 2026.
Professional learning will take place on Monday afternoons for 60 minutes. The professional learning will take place in 6-8 week cycles. These cycles will include the exploration of new content/concepts, the planning and application of the learning, and walkthroughs by the Instructional Leadership and Equity Team to provide feedback and support the implementation of the professional learning into practice.

The cycles are scheduled as follows:

1. September 2025 through November 2025
2. Late November 2025 through the end of January 2026
3. February 2026 through April 2026
4. Mid April 2026- June 2026

Professional learning aligned to the supplemental programs offered for ELLs will be provided on the Monday prior to the program implementation for each cycle. 1:1 coaching will be provided to teachers during the program's implementation. This coaching will be conducted 2-3 times per cycle (to be determined by teacher need).

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Professional learning will focus on strengthening literacy instruction through the study and adoption of methodologies that are structured, systemic and effective for all learners, especially language learners. The professional learning will develop staff content knowledge and pedagogy in areas of focus for our language learners.
Professional development topics include:

I. Exploring Explicit Instruction
1) Overview of Explicit Instruction & a Deeper Dive into "The Teach" (I Do)
2) The "Guided Practice" (We Do) & the application of advanced literacy skills in student opportunities
3) The "Independent Practice" (You do) - providing opportunities for independent practice of the learning target that require advanced literacy skills within independent activities and learning centers

II. Developing Content Knowledge & Pedagogy within Phonics
1) Review best practices in Phonics/Phonological Awareness
2) Explicit instruction in Phonics (I Do, We Do, You Do)
3) Using assessments to determine instruction within whole group and small group learning
4) Progress Monitoring

III. ELL Workshops to support Common Branch Teachers without a TESOL certification
1) Stages of Language Acquisition & Strategies for Each Stage
2) Planning with ELLs in Mind
3) Questioning/Discussion Techniques for ELLs
4) Differentiating/Scaffolding Instruction for ELLs
5) Teaching Vocabulary & Writing to ELLs

IV. Professional Learning for Title III Supplemental Programs
1) Program Specific Training (Fundations, Phonics for Reading, Finish Line ELL)
2) Progress Monitoring Student Learning
3) 1:1 targeted coaching support

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Sessions will be provided by administration and staff members who have studied and/or attended professional learning opportunities of the topics and/or best practices that are being presented. Professional Learning will be provided by PS 107 staff that are certified trainers of foundational programs (ie Fundations, Sound Sensible, Wilson). Recorded webinars with professional learning facilitated by Anita Archer will also be viewed. These webinars will cover explicit instruction and the implementation of Phonics for Reading. The MTSS Team (Natasa Mijatovic, Cristina Mondelli, Cara Jacofsky) will support professional learning and the implementation of best practices within Fundations, Wilson, and Phonics for Reading. The team will also provide both group and 1:1 coaching to identified staff. I-Ready professional developers will support the school in using data to identify and support student needs. CITE will be contracted to provide a series of ELL support workshops to teachers that do not hold a TESOL certification. Additional supports will be provided by District 25 liaisons. Danielle Bergman will support the implementation of Foundational Skills, Michelle Lee will support bilingual education, Anna Arrigo and the DOE contracted literacy coach will support literacy and the implementation of explicit instruction.

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

A professional learning plan will be developed and maintained electronically. The plan will include links to resources used, including presentation slides, video links, and reading materials. The plan will include supplemental materials such as tools of support and/or accountability that were developed in alignment with the professional learning. An electronic attendance sheet will be maintained. The attendance sheet will include the date and topic covered.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Throughout the 2025-2026 school year, parent engagement activities aligned to the school-wide focus of building foundational and advanced literacy skills will be hosted by PS 107. Specifically, workshops will be offered to strengthen parent understanding with the curricula, assist parents with the implementation of practices, and to provide parents with ways that they can partner with the school to support their child's continued growth in school. Workshops aligned to Foundational literacy skills, advanced literacies, and mathematics will be hosted. In addition to parent workshops, parent engagement opportunities that include parents as partners in their child's learning will be offered. As an example, literacy and math nights will be hosted on alternating months. During these events families will have the opportunity to engage in fun activities that reinforce the skills that their children are learning within the classroom. In addition, monthly family Fridays will be hosted. During these Friday's parents will have the opportunity to engage with and participate in authentic learning experiences alongside their child.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Research has shown that the acquisition of academic language and vocabulary has direct correlations to student academic achievement. An analysis of school wide data from the 2025 Beginning of Year I-Ready Screeners in grades K-5 reveals vocabulary to be an area of focus for students at PS 107, especially for our English/multilingual learners (ELLs/MLLs) and former ELLs/MLLs. Additionally, foundational literacy skills show to be a gap for our English Language Learners across grades K-5. When analyzing data of the Academic Screeners in Literacy

(Acadience, Grades K-2 and I-Ready, Grades 3-5), over 95% of the ELL/MLL students of PS 107 that are achieving in the 20th percentile of NYC Public Schools, are performing at least one level below their current grade level in Phonics. In order to strengthen these areas, a school-wide focus on Academic Language/Vocabulary and foundational literacy skills has been initiated. In order to better support our families and further advance the acquisition of both foundational and advanced literacy skills for our students, PS 107 is partnering with parents by offering family workshops in these named areas. These topics have been decided in collaboration with families based on family input from surveys, including the NYC School Survey and school created surveys. Topics were also decided based on the input of both families and teachers through the SLT and PTA.

Parent Opportunities will include:
1) An introduction to Fundations Literacy Program
2) Ways to support foundational literacy skills at home
3) How to elevate Language and increase discussions with our children
4) Monthly visits within their child's classroom to see the learning in action

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent Engagement Opportunities will be offered monthly throughout the 2025-2026 school year in two sessions (am and pm). Each session will last 60-90 minutes.

1) Family Fridays, each first Friday of the Month beginning in October (8:30am -9:30am). Each class will be expected to host at least 4 Family Fridays in the year.

2) Monthly Family events held on the third Thursday of each month from October 2025- May 2026. The events will be scheudled from 6:00pm - 7:30pm. These events will include instructional support and opportunities for student/parent interactions with the learning. There will be 8 Title III family workshops hosted.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

In order to partner with families and assist them in supporting their child's academic success at home, family engagement opportunities will align to the focus of the implemented strategies that the staff and students are exploring. Topics to be covered include:

1) Foundational Literacy Skills- What are foundational literacy skills and how can we support our children with practicing these at home?
2) Advanced Literacy Skills- What are the advanced literacy skills and how can we encourage advanced literacy

skills outside of school?
3) Talk and Discussions- How can we increase oral language development through discussions outside of school?
4) Vocabulary and Academic Language- What are best practices for building vocabulary and academic language outside of school?

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The parent workshops will be offered by the parent coordinator (Jennifer Colon) alongside the administration (Lori Cummings and/or Sara Cangelosi). In addition to the core members of family engagement, staff that have been trained and/or are versed in the topics (Natasa Mijatovic, Cara Jacofsky, Cristina Mondelli, Anita Faizy, Lanna Ardolino, and Cindy Dong).

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of these engagement opportunities through flyers, emails, and the school's auto messaging system. All correspondence will be sent in multiple languages and meetings will include staff to offer translation for families. The school calendar will also include the family engagement events.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

An electronic file will be kept to maintain documentation of the events. The file will include the materials related to the events. As such, the notification of the events, the slides from the presentation, attendance sheets of participants, and any additional resources/supplements provided will be included in the electronic file.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

6

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

"Fun" & Games After-School Program (February 3, 2026- May 21, 2026)
Days of the week: Tuesday, Wednesday, Thursday
Times: Tuesday and Wednesday, from 2:25- 3:55pm, Thursday from 2:25-4:25pm

Students will engage in activities to reinforce foundational literacy skills. Specifically, students will be grouped in grade bands (K-1, 2-3, & 4-5 and by phonics placement level). Fundations/Wilson materials & Phonics for Reading Materials will be used to reinforce phonics skills of focus as indicated by assessment data. Each grade will receive 30 minutes of small group instruction within an area of need as indicated on i-ready assessment data, Acadience, and/or Fundations unit assessments. When not working directly with the teacher, students will engage in foundational skill games that will reinforce the concepts that they are learning. A paraprofessional will be assigned to

instructional group. While the classroom teacher is providing small group instruction, the paraprofessional will work with a group of students to guide students as they engage in the phonics activities/games. These activities and rotations within grade bands will happen Tuesday, Wednesday and Thursday from 2:25-3:55pm. On Thursdays, from 3:55pm - 4:25pm, a parent/guardian or caretaker of each student will be invited to participate in the program. During this time, the students and teachers will share with the families the letter/sound drills and will play phonics games with the families. This will support Immigrant students and their families both academically and socially. By involving families in the learning each week, families can feel more confident in supporting their children at home and can begin to immerse themselves into the school community in a fun way.

Progress monitoring assessments and surveys will be used to determine student growth and the effectiveness of the program. A school administrator will be assigned to schedule assessment collections and to review data with teachers. This data will be used to reassign groupings with cohorts if needed, based on student growth. Family surveys will be used to make modifications to activities based on family input.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

Acadience Data and I-Ready Data indicates that the majority of our immigrant students are at least one level below grade level in phonics. In grades 3, 4, and 5 the majority of immigrant students are two or more levels below grade level in phonics. While classroom teachers are providing instruction during the school day to support students in their targeted areas of need, additional opportunities for reinforcement have been suggested by both teachers and families. Many immigrant families have expressed the need and/or have requested for additional support from the school within English instruction. Our families have shared that they do not feel confident in supporting their children within phonics because for most of our Immigrant families, the language spoken at home is other than English. This program will therefore support students with the reinforcement of phonics that families and teachers are seeking and will simultaneously support our families in learning the skills that their children are learning.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

All 129 qualifying students from grades K-5 will be invited to participate in this program. Each grade band, K-1, 2-3, 4-5 will be separated into instructional groups based on similar Phonics acquisition levels. The groups will have approximately 20 students in each group. These students will all be students who are achieving at least one level below grade level within the area of phonics. As described above, the majority of immigrant students at PS 107 are English Language Learners. The groupings of students will not be impacted by language development but by targeted need within specific phonics skills. As such, each grade band will include approximately 20 students that range from non-ELLs to language learners at the entering stage of language acquisition. Within each instructional group, the teacher of will divide students into smaller groups, so as to drill down to more specific skills needed and therefore, provide targeted instruction/activity rotations for the students to engage.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

Start Date: February 3, 2026
End Date: May 21, 2026

Days of Sessions: Tuesday, Wednesday, and Thursday
Tuesday & Wednesday from 2:25 - 3:55pm
Thursday from 2:25- 4:25 pm

Total number of sessions:
14 -1.5 hour sessions (Tuesdays & Wednesdays, exclusive of holidays/vacations)
11 - 2 hour sessions (Thursdays, exclusive of holidays/vacations and parent teacher conference days)

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

The language of Instruction for this program will be English

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

6 Certified Teachers will be needed to carry out this program. The certification of teachers implementing this program will NYS certified teachers holding either a Common Branch, TESOL, and/or bilingual

certification/extension.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

The Fun and Games afternoon program will require access to the Fundations teacher charts and durable materials (ie. letter tiles, magnetic boards, gel boards, etc). For students that do not have these materials as part of their daily lessons, Fundations durable sets will need to be purchased. We are anticipating to need to purchase at least 50 durable sets for students. Phonics for Reading books will also be purchased for students in grades 3-5.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

Spreadsheets will be created with student cohorts by grade bands and Phonics acquisition level. Attendance will be taken for these students within the spreadsheet. Additional information on student assessment and progress will also be maintained in a spreadsheet. This will support the teachers in grouping flexibly as students shift from one small group to another. Teachers will be responsible to plan for targeted phonics instruction for students and to assign activities/games that will coincide with the teaching. At the close of each month, teachers will assess the growth for students and revise grouping/instruction as needed. A school administrator will monitor program implementation including facilitation of assessment and the planning of targeted instruction. A school administrator will support the family engagement portion on Thursdays by encouraging family participation and acquiring staff that can support language translation/interpretation on these days.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

In order to support pedagogy of teachers that service immigrant students, professional development will be provided. Since the majority of immigrant students at PS 107 are performing at least one or more grade levels below in phonics , professional learning will focus on targeting instruction in the name of student acquisition of foundational literacy skills. This professional learning will be held in cycles focused on the following:
I. How do I use assessment data to determine student needs and plan targeted instruction? (2 weeks)
a. Grades K-3- Utilizing Fundations Assessments to drive instruction (whole class and small group)
b. Grades 4-5- Utilizing I-Ready data to drive small group instruction

II. What are best practices for Teaching Phonics? (2 weeks)
a. Grades K-3- Using Fundations Intervention to plan and teach. Using Iready as follow up activities
b. Grade 4-5- Phonics for Reading. Planning and teaching Phonics to students in upper grades. Using Iready as follow up activities

III Using decodable text to reinforce the learning and provide opportunities for practice (4 weeks)
a. Grades K Using Fundations Readers - Alphabet Readers and decodable texts
b. Grade 1 Using Fundations Readers - The use of Decodables in small groups and centers
c. Grades 2-5 Using decodables with students that are well below in phonics in alignment with small group instruction

IV Progress Monitoring (2 weeks)
a. Grades K-3- Using Fundations Progress Monitoring and I -Ready activities to monitor student growth.
b. Grades 4-5- Using I-Ready activities to monitor student progress

Professional Learning in the above topics will be provided to teachers teaching the Title III program for immigrant students. The teachers teaching this program will engage in a review of a webinar delivered by Anita Archer through Curricula Associates that supports best practices to teaching phonics to upper grade students. Per session funds will be needed in order to compensate the teachers that are being trained for the Title III Immigrant Fund student program. As such approximately 12 hours will be needed to compensate teachers for their time and attendance in the PL prior to the start of the program 2 hrs per teacher x 6 teachers). An additional 10 hours of professional learning will be needed to provide professional learning to teachers to ensure the use of assessment to drive instruction and progress monitor student outcomes. The 2 hours of initial training will be conducted on January 28, 2026 from 2:25pm - 4:25pm. The remaining sessions will be held every other Thursday (or third Thursday if/when the Thursday program is not in session) from 4:25pm-5:25pm starting on February 12, 2026.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

The majority of Immigrant students at PS 107 reflect Phonics and/or Phonological awareness to be below grade level by at least one year as per I-ready and/or Acadience data. A reflection of teaching and learning at PS 107 revealed that Phonics instruction is occurring in the lower grades (K-2 in the past, K-3 as of 23-24 school year), however it is not prevalent in the upper grades, even when student data is indicating the need for phonics instruction. Likewise, a reflection on professional learning revealed that while lower grade teachers have all had Fundations training and support, upper grade teachers have not had professional learning to address phonics and phonological awareness. Furthermore, teachers across the lower grades received support in Fundations that focused on whole class pedagogy and fidelity of the implementation with whole group instruction. Limited time was provided to ensuring that lower grade teachers are facilitating the assessments and then using these assessments to make instructional decisions for both the whole class instruction and targeted small group instruction. In a walkthrough of small group instruction and in notes from observations of small group instruction, less than 50% of teachers utilized the Fundations intervention plans to provide targeted instruction to students within phonics.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teachers working in the Title III Immigrant program will receive professional development that addresses Teaching phonics to immigrant students. The teachers will engage in a webinar prior to the start of the program. In addition, the teachers teaching the Title III Immigrant program will receive ongoing professional development, every other Thursday, starting on February 12th and ending on May 14, 2026. This professional development will focus on using assessments to monitor student progress and make revisions to instructional practices accordingly.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

The initial professional development will take place prior to the launch of the program. The professional development will be held on January 28, 2026 from 2:25 - 4:25pm. This professional development will include a review of a webinar from Anita Archer with a focus on best practices in phonics instruction.

Additional Professional development will be held on Thursday, February 12, 2026, March 12, 2026, and March 26, 2026, April 23, 2026, and May 14, 2025 from 4:25pm - 5:25pm. This professional development will focus on progress monitoring for the students in the Immigrant Program and making adjustments to instructional practices based on data.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

Professional development will cover understanding phonics instruction and learning best practices for teaching phonics to students. Professional development will also cover progress monitoring and utilizing student data to make revisions to instructional practice accordingly. Specifically, the professional development will cover the following:

I. Explicit Instruction within Phonics-

a. How do we explicitly teach students in Phonics - (video of what this looks like and sounds like from Anita Archer Webinar)

b. How do we ensure we are requiring students to retrieve and rehearse their learning? (practice through activities including decodable texts)

c. How do we ensure that we are assessing and providing corrective feedback within our teaching (Anita Archer Webinar with a focus on listening in and providing corrective feedback in the moment)

II. Progress Monitoring

a. What assessments can we use to progress monitor?

b. Acadience Progress Monitoring tool - How to administer

c. Acadience Progress Monitoring tool - Understanding the results and the implications for instruction

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Professional development will be facilitated by the administrator in charge of the Title III Immigrant program. The first professional development sessions held in March will be provided through a Webinar from Curricula Associates that is hosted by Anita Archer. The professional development that follows around assessment and progress monitoring will be provided through I-Ready and Fundations Webinars as well as through the MTSS team with regards to using Acadience for progress monitoring.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

All professional development sessions will include an agenda and teacher sign in. These documents will be uploaded to an electronic file for record keeping. Links to webinars will be included on the Agendas for each session.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

As part of the instructional program of the Title III Immigrant Program families will be invited to share in their child's learning and engage in a "game day". Each Thursday, the parent or caretaker of the students involved in the program will be invited from 3:55-4:25pm to play Phonics games with the students. The teacher would facilitate the game day. The teacher would first reinforce the drills (letters and sounds) that were taught that week in the program. The students would become teachers to their adult at this time. After reviewing the sounds/concepts, the students and their adult would play a game that reinforces the skill or concept. These games may be played in teams where the families would have the opportunity to interact with one another. As such, the families would also be immersing into the PS 107 community.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

Diagnostic Assessment data for the Title III Immigrant students shows a need for Phonics instruction. Parents of these students have requested for support from both teachers and administration on ways to help their children at home. Families of Title I students have also shared their need for additional support for their children in Phonics because English is not their first or preferred language. In order to support students beyond school level, we believed that opportunities to engage families in the learning would have an even greater impact. Since events at PS 107 that receive the most participation are those that are held within the child's classroom and/or activities that are fun like craft making, we created activities that would be a support to literacy (for both parents and students) through a fun way (games). We felt that including play/games as part of the engagement will increase the likelihood of participation as these do not feel as overwhelming and are inclusive of everyone. Students and their families can engage with one another as they play the phonics games. Since all students that participate in the program will get picked up from school by an adult at 3:55pm on Tuesdays and Wednesdays, we felt that hosting the engagement

opportunities on Thursdays from 3:55-4:25pm would get us the most participation, since parents/care providers are already in the routine of coming to the school at this time to pick their child up.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

Family engagement will be held for 30 minutes on each Thursday of the Title III Immigrant program, exclusive of holidays and/or vacation days. The Parent Engagement will happen from 3:55pm - 4:25pm. There will be a total of 11 30 minute Parent Engagement activities held throughout this program. The dates are listed below:

February 5, 2026
February 12, 2026
March 12, 2026
March 19, 2026
March 26, 2026
April 16, 2026
April 23, 2026
April 30, 2026
May 2, 2026
May 14, 2026
May 21, 2026

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Each Friday the Family engagement activities will focus on the Phonics concepts taught. Families will learn how the phonics instruction is taught and fun ways to reinforce the phonics concepts that are learned in the program with their children. In addition to the academics, families will engage with other families of the PS 107 community.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

The teachers working the Title III Immigrant Program will be carrying out the parent engagement within the classrooms that they are hosting the instruction. In classrooms where the teacher is monolingual, bilingual Paraprofessionals will also be available to support with translation/interpretation needs of the families participating.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families will be notified of the Title III Immigrant family engagement activities in multiple ways throughout the program.
To start in the initial invitation for Immigrant students to participate in program, parents will be informed and strongly encouraged to participate in the family engagement portion on Thursdays from 3:55-4:25pm. This notification will be through both email and a backpacked hard copy that would go home with the students that are invited.

On a weekly basis the teachers of the program will use Class dojo to remind the families of the Friday engagement. In addition, the administrator of the program will also email the families to remind and encourage family participation. The school's communication system will also be used in which messages to the specific families involved will be sent.

All communications (memos, emails and dojo communications) will be translated in the preferred language of the family.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

The school will send memos to families regarding the family engagement. These memos will be kept in an electronic file. The school will also collect sign in sheets for parents that participate in the program on Thursday afternoons from 3:55 4:25pm. These forms will be uploaded and saved in the same electronic file.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
