Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

The John Golden Elementary School

District Borough Number (DBN):

26Q162

Grades Served:

PreKindergarten through Fifth Grade

School Address:

201-02 53rd Avenue, Oakloand Gardens, NY 11364

Phone Number:

718.423.8621

Fax:

929-267-5077

School Contact Person:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Eve Sci	Principal or Designee*	
Jeanine Careccia	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Elena Toumaras	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
	District Council 37 (DC 37) Representative (staff), if applicable	
	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
	Member/Parent	
Mahwish Minhas	Member/Parent	
Elena Tampouras	Member/Parent	
Saddiqa Saleem	Member/Parent	
	Member/Parent	
Jennifer Man	Member/Teacher	
Cally Stefanidis	Member/Teacher	
Kathleen Renner	Member/Teacher	
Andrea Cassidy	Member/Teacher/Recording Secretary	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The PS 162 John Golden Vision:

To create a learning environment where students learn who they are, and who they need to become, in order to be the socially conscious, creative and innovative thinkers of the 21st century.

The PS 162 John Golden Mission:

All members of the learning community will support rigorous and socially relevant learning opportunities that provide students with the academic and social skills needed to find innovative and creative solutions to complex problems and communicate their solutions to the broader community.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

P.S. 162Q John Golden Elementary school, is in the central part of school district 26. The school has been experiencing a steady decrease in enrollment due to a wide range of factors such as new schools opening in the nearby neighborhood and families In the 2019-2020 school year there were 643 students enrolled; now register predictions for 2025-26 school year is approximately 325 students. Our deliberate focus on fostering a school culture where students and families feel welcomed, supported, and engaged has dubbed our learning community as "The John Golden family." The impact of our inclusive and welcoming culture is apparent in our attendance is marked with overall attendance increased from 94.4% in 2021-2022 to 95.0% in 2023-2024, while chronic absenteeism decreased from 16.7% to 15.5%. For students with disabilities, attendance rose from 93.2% to 94.8%, with chronic absenteeism rates dropping from 21.9% to 17.4%. Among Asian students, attendance consistently exceeds 95.9%, while chronic absenteeism remains among the lowest subgroups at just 9.4% for 2023-2024.

The most recent School Quality Guide shows PS 162 as an ethnically and culturally diverse student population with the student body identifying themselves as Hispanic (11%), Asian (73.9%), Black (1.3%), White (11.7%), Native American (0.5%), and multi-racial (1.5%). Approximately 48.4% are female and 51.6% are male.

Eighteen percent of students are identified as Students with Disabilities (SWDs), who have Individualized Education Plans (IEPs) and receive mandated services. . We have one Integrated Co-teaching class in every grade 1- 5. Additionally, we have three bridge 12:1 or 12:1:1 class, grades K, 2/3, and 4/5, to further increase support to students who thrive in settings with a lower student to teacher ratio. We believe strongly in supporting the population with

specific needs in programmatic decisions through flexible programming, targeted interventions, and teacher planning. We are strongly committed to having students remain in the least restrictive environment to the greatest extent possible. We work to ensure that all student support is effectively aligned with the student's individual need, as outlined in the Present Level of Performance (PLOP) on the student's IEP.

For the 2022-23 school year, we have introduced a Multi-Tiered Student Support system. This practice continues to grow the each grade 1-5 has one period a day designed to provide targeted instruction to meet the students' individual needs. Block programing of this period allows for Tier 2 and 3 interventions to be provided systematically without interrupting grade level core instruction. For this academic year, tier 2 and 3 supports will focus on increasing the number of students reading on grade level through systematic phonics instruction through Fundations Double Dose, SPIRE, and Rewards programs. For the 2025-26 school year, we will continue strengthen this program by including structures for progress monitoring to track the effectiveness of interventions.

The school's priority is to decrease the number of students needing Tier 2 and 3 intervention supports through strengthening core instruction. We will implement with consistency and fidelity Heggerty Instruction 15 minutes a day in addition to the Fundations Phonics program in Grades k-3. Through conversations grounded in student work, with a lens of MLL and SWDs we will examine how to strengthen transference of phonics skills to writing across all subject areas.

PS 162 has approximately 170 students who are English Language Learners (ELLs) or Multilingual Learners (MLLs). These students are supported through a combination of pull-out and push-in instruction depending on the student's proficiency level. For the 2025-26 school year we are introducing a strong Core Instruction ELL program: English 3D and Language Launch for our standa alone instruction. The school also offers a dual language program where students receive core instruction 50% of the time in English and 50% of the time in Mandarin. This program uniquely fits the need of a student population where 73.9% of the families identify as Asian, with Mandarin being the most frequently cited home language other than English. To ensure students have opportunities to experience rigorous instruction in real world context, there is an after-school STEM program for ELL/MLL students. Students in the program explore building shelters for animals and building lighting systems for the theater. Each of these instructional programs will culminate with a field trip that demonstrates the scientific concepts in the real world.

The John Golden School has 32 classroom teachers on staff, 100% of whom are fully licensed. Other staff members consist of specialty clusters (5), ELL teachers (3), SETSS/IEP teacher, parent coordinator, guidance counselor, school psychologist, social worker, speech therapists (3), occupational therapist, school nurse, secretaries (2), school aides (5), safety agent, custodial and School Foods staff.

Our Parent Teacher Association (PTA) is devoted to the success of all school activities and plays an active role in the success of our students through fundraising for field trips that support the HMH units of study. The PTA co-presidents collaborate with the administration to develop workshops for parents, plan activities and network with all members of the community to support and generate a successful climate within the school.

With respect to fostering collaborative teachers and effective school leadership, we have a dedicated staff that rises to the occasion of "distributive leadership" which is promoted by the administration. Teachers have taken on leadership roles in ICT team meetings, Civics for All instruction, Mega Math district professional learning, No Place for Hate partnerships with the Antidefamation League (ADL). Also, all grades have common planning periods plus Monday afternoons to engage in professional learning facilitated by teacher colleagues.

To provide an opportunity for all students to "learn who they are and who they want to be" we have initiated Elective Clusters for grades 3-5. Students have an opportunity to select their own cluster periods in a subject that they have a particular interest in. These clusters include Broadway musicals, drums, guitar, ribbon dancing and origami. All cluster activities must result in the students completing a unique and individual project to be shared at the semester's end. This cluster is in addition to weekly Physical Education, Music, Visual Arts, and computer instruction.

We are proud of our accomplishment of being officially recognized with a "No Place for Hate" award, which is due to our dedicated staff. Monthly ceremonies are facilitated to recognize students as Great Citizens and MVP. Student recipients of these awards are recognized for their dedication and effort to demonstrate the social emotional components. We have implemented four key tools for student self-reflection on their emotions and study/work skills: Mood Meter, Intensity Scales, Shark-Owl-Turtle conflict animals, and the Participation Rubric. Two periods per week are dedicated to explicit SEL instruction. During the first period of the week, teachers work with students to identify an SEL/Work goal for the class to support each other in achieving. Throughout the week, students earn points as they demonstrate evidence of achieving the goal. The last period of the week, teachers reflect with their students on the success of the goal, opportunities for growth, and celebrations of success. Depending on the level of success during the week, students will have opportunities to participate in a shared reward that was identified in the initial goal setting meeting. This welcomes students into creating a positive class culture and strengthens their ownership in the learning process.

Briefly summarize the key initiatives your school will implement this school year.

1. Increase the number of students reading on grade level in grades K-2 through strong phonics based approach and progress monitoring structures.

2. Close the achievement gap between ENL, in particular Hispanic students, and their grade level peers by strenthening core instruction in stand alone program and providing differentiated supports during HMH lessons.

3. Strengthen mathmatical dialog by incorporating NYC shifts into core instruction through the increased use of manipulatives and math routines.

4. Improve communication of student progress to families through parent workshops, revision of the grading policy, HMH parent letters, and family invitations to classroom lessons.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
English Language Arts	K-5	HMH	Wilson, Spire, and Sounds Sensible, Heggerty, and Rewards will be used for additional support
Mathematics	K-5	EnVisions 2.0	Use NYCDOE's Algebra for All practices
Phonics	k-3	Fundations	
Phonemic Awareness	K-2	Heggerty	
ENL stand alone	k-5	Language Launch and English 3D	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
40% of the students in grades k-2 during the 2024-25 school year showed "below" or "well below" progress levels.	MTSS systems pick up students who are 2-3 years below grade level; this won't identify at risk students in early grades.	Need to increase progress monitoring systems in k-2 to address phonics issues at a quicker pace and provide data backed interventions at a sooner.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	40%	By June, 2026, literacy for All Students will improve, as measured by a 10 Decrease, from 40% to 30%, of 40% of students in grades k-2 measures as "below or well below" progress on the Progress level indicator from ALO platform.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the gap in early identification of at-risk readers, PS 162 will implement a structured phonics progress monitoring system in grades K–2 during the 2025–26 school year. The goal is to detect reading risk within the first month of instruction and deliver targeted, data-driven interventions throughout the year—before students fall multiple grade levels behind.

The first step will occur during summer 2025, when school leaders and the literacy team will use Acadience assessments to
establish benchmark cut-points to flag students at risk for decoding and phonemic awareness challenges. By the end of September 2025, the screener will be administered schoolwide in K–2 classrooms. Within one week of administration, teachers and grade teams will meet to review the results and flag students who require immediate Tier 2 intervention. Beginning in October, identified students will be monitored every 2 weeks using the ALO progress monitoring protocol (e.g., letter-sound fluency, nonsense word fluency) to track their progress over time. These results will be discussed in grade-level data meetings, and groupings or interventions will be adjusted accordingly.

Throughout the year, Tier 2 and Tier 3 supports will be fluid: students may enter or exit groups based on real-time data rather than static benchmarks. The MTSS team will regularly review student-level data to determine if interventions are having an impact and whether instructional intensity needs to increase. Mid-year (January 2026) and end-of-year (June 2026) reviews will take place to evaluate the overall effectiveness of the progress monitoring system. These reviews will include analysis of how many students remained “below” or “well below” in their reading progress compared to baseline levels in September.

Root Cause Addressed:

This plan addresses the root cause by replacing delayed, reactive MTSS identification with a proactive system that flags phonics and decoding difficulties within the first month of school. Through the use of biweekly progress monitoring and data-driven decision-making, students receive timely, targeted interventions before falling significantly behind—ensuring early reading risk is addressed during the critical K–2 window when foundational skills are most effectively developed.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Use Acadience screener assessments to identify students who show signs of at risk for low performance.
Review attendance data to identify students who are at-risk for chronic attendance issues and begin family outreach to support improved attendance.
Expand the MTSS process to include monitoring students in K-2 who are not 2-3 years below grade level.
Have grade level data dive days to give teachers time to review screener data and adjust groups/plans to meet new student needs.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

School will use the ALO platform to track the frequency of progress monitoring to ensure all identified students are assessed every two weeks.

MOY and EOY data will be used to determine the number of students who are "below or well below" for rate of progress. The goals is to have 35% and 30% of students in that category for the MOY and EOY respectively.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	05/31/2026	Family events to highlight grade-level expectations. Having a family event allows parents to better understand what is expected from the child in the classroom.	The parent teacher association (PTA), will collaborate with school administration to organize a series of events for parents and students to be sure information is accessible and events are well attended.

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers will plan and delivered aligned instruction.

Instructional Resources

ALO assessments, HMH decodables, Fundations Geodes

Schedule Adjustments

W.I.N. periods will be programmed

Other Resources Needed

professional learning time dedicated to data analysis and common planning

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
While classroom safety incidents have decreased significantly from 43% to 20% (thanks to intentional SEL work), lunch period safety incidents remain inconsistent, fluctuating from 19 to 27 to 14 back to 27 over the past four years.	SEL classroom practices have not extended to nonstructured spaced and activities.	Provide additional support for recess staff to transfer SEL instruction to lunch and recess.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	27	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 25% Increase, in Number of incidents reported in OORS that occured in the cafeteria, recess yard, or auditorium. from 27 to 20, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter Period 3: End of Year (EOY) Progress Target:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

1. SEL Practices (Mood Meters, Participation Rubrics, Conflict Resolution Tools):
These tools can be extended into lunch and recess settings through signage, peer mediators, and consistent adult facilitation.

2. Student Leadership & Ownership:
Structures like Student Council, Civics, and No Place for Hate create ideal opportunities to empower students to co-create behavior norms and run peer-led restorative conversation tables to set norms of behavior and methods for communicating this to the school.

3. Family & Community Engagement:
Engage families in norm-setting conversations, and even partner with parent volunteers to model and reinforce expected behaviors during transitions or shared spaces.

4. Train lunch supervisors and paraprofessionals alongside teachers in consistent SEL approaches.

Root Cause Addressed:

This plan addresses the root cause—the lack of consistent behavioral expectations, adult facilitation, and student ownership during unstructured times—by extending the same intentional, successful SEL systems used in classrooms into lunch and recess settings. By leveraging SEL tools, empowering student leadership to co-create norms, involving families in reinforcing behavior expectations, and ensuring all adults are trained in consistent SEL approaches, the plan creates a cohesive, schoolwide culture of safety and respect that doesn't disappear once students leave the classroom. It builds shared language, accountability, and support across all stakeholders—students, staff, and families—ensuring behavioral expectations are taught, reinforced, and owned by the whole community.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Have the Guidance Counselor train the recess staff on the SEL tools.
Have the student council create bulletin boards in the cafeteria and by the bathrooms to highlight best practices for behavior.
Send communication to families regarding the expectations for lunch/recess behavior.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Monthly safety meetings will review the data and have community discussions for addressing the issues as they resolve.

Priority 2 Family and Community Engagement

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In grades 3-5, 22% of ENL students are not reading on grade level	Too much emphasis on phonics instruction for stand alone students	Strengthen core instruction for stand alone students.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
English Language Learners (ELL)	22	By June, 2026, the percent of students reading at or above grade level will Increase by 13% from 22 to 35, for English Language Learners (ELL), as measured by i-REady Reading assessments.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Language Launch program from HMH will serve as the foundation for strengthening language development and reading comprehension for ENL students in grades 3–5, addressing the current overemphasis on phonics and the lack of robust language instruction in core classrooms. To ensure effective implementation, all ENL and classroom teachers will participate in targeted professional development on the Language Launch program, focusing on embedding vocabulary routines, structured oral language practice, and scaffolded comprehension strategies into daily instruction. Monthly collaborative planning sessions will be held to align Language Launch with ELA content, and ENL teachers will regularly share strategies with classroom teachers to support integrated language instruction during Tier 1. A coaching model will support implementation through classroom modeling and co-teaching. To strengthen the home-school connection, a parent engagement component will be launched, including bilingual workshops and take-home materials that help families support oral language and reading development at home using simple strategies drawn from Language Launch routines.

Root Cause Addressed:

This plan directly addresses the core issue: that ENL instruction has been overly focused on phonics in isolation, while language development during core instruction has been weak or inconsistent. By repositioning Language Launch as a shared instructional tool—not just for ENL teachers, but across the instructional day—the plan ensures that students are consistently engaging in rich, purposeful oral language, vocabulary, and comprehension tasks aligned to grade-level content.

The professional development component ensures that all teachers understand how to implement Language Launch with fidelity and how to integrate its language routines into both ENL and general education classrooms. This breaks down the silo between ENL and core instruction, ensuring that language development isn't happening in a vacuum. The co-planning and coaching structures give teachers practical, ongoing support to embed language scaffolds into daily reading instruction—meaning ENL students are not just decoding words but engaging in meaning-making across the curriculum.

The addition of a parent component addresses another critical gap: students often lack exposure to academic language and vocabulary outside of school. By equipping families with accessible strategies and take-home

materials aligned with Language Launch, the plan extends language learning into the home, reinforcing the school's efforts and increasing exposure.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide ENL teachers with the professional learning needed to implement the plan with fidelity
Provide classroom teachers with the names of the ENL students who are targeted for reading support
Provide time for teachers to collaborate with ENL teachers to strengthen their supports for reading during core instruction
Provide opportunities for parents to learn about language development and how they can help their child succees.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Teacher perception of the quality of discussions has decreased.	Lack of instructional strategies to foster discussion	Provide professional development for teachers.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	58%	StudnetBy June, 2026, the Quality of Student Discussion for All Students will Increase by 12% from 58% to 70 as measured by NYC School Survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the decline in student discourse as indicated in the 2024 NYC School Survey, our school will implement a targeted, research-informed action plan to strengthen classroom talk, specifically focusing on students' ability to build on each other's ideas, use evidence in discussion, and provide peer feedback.

The first step will be to establish a clear baseline understanding of current student discourse practices. In August and September 2025, administrators and instructional coaches will conduct classroom walkthroughs using a simple observation tool aligned to Danielson 3b. This tool will focus on the frequency and quality of peer-to-peer discussion, use of academic language, and student engagement in building and responding to ideas.

Following this diagnostic phase, we will launch a series of professional learning sessions beginning in September 2025, focused on instructional strategies that promote meaningful student talk. These sessions will introduce and revisit practices such as accountable talk, equity sticks, sentence stems, and structured discussion protocols (e.g., fishbowl, Socratic seminar, and math congress). Teachers will collaboratively explore ways to scaffold discourse for all learners and reflect on how their questioning techniques either invite or inhibit deeper thinking.

To make these practices visible and consistent across classrooms, all teachers will co-create and post anchor charts of academic discourse sentence stems by October 2025. These charts will be co-developed with students and will include language for agreeing, disagreeing respectfully, citing evidence, and extending thinking. This visual support will serve as both a cue and a norm-setting tool to reinforce student-led discussion.

Additionally, grade teams will engage in collaborative planning during weekly meetings, with a focus on embedding discourse routines into existing lessons. Coaches and lead teachers will model high-leverage strategies during planning and instructional rounds. Teachers will have opportunities to observe each other and collect student work samples that reflect deeper talk and reasoning.

To monitor progress, we will administer a mid-year student perception survey in January 2026. This brief, targeted survey will mirror language from the NYC School Survey and provide real-time feedback on whether students perceive improvements in classroom discourse. The data will be analyzed collaboratively to identify bright spots and next steps.

Finally, we will build momentum and ownership by celebrating classroom exemplars. Each month, during staff

meetings, we will showcase student voice clips, video segments, or teacher reflections highlighting moments when students successfully built on peer ideas or cited evidence. This celebration will help normalize academic risk-taking and reinforce a culture of feedback and intellectual exchange.

Root Cause Addressed:

This action plan directly addresses the root causes behind the declining quality of student discussion by creating the conditions, scaffolds, and expectations necessary for meaningful academic talk. Many students have not been explicitly taught how to engage in respectful, evidence-based dialogue, and classrooms may lack the structures to support this kind of talk. To counter this, the plan focuses on building teacher capacity through professional learning on discourse strategies, including accountable talk, sentence stems, and structured discussion routines. Teachers will embed these strategies into their daily practice, using tools like anchor charts and peer feedback protocols to make academic talk accessible and visible to all learners.

Additionally, the plan tackles classroom norms and culture, recognizing that equitable participation and intellectual risk-taking require intentional cultivation. By incorporating walkthroughs to establish baseline data, co-planning lessons with discourse opportunities, and gathering student voice through mid-year surveys, the plan creates a continuous feedback loop for improvement. Publicly celebrating strong examples of student discourse reinforces a shared vision and raises the status of academic conversation. Together, these actions transform student talk from a passive exercise into a core learning practice—where students are taught, expected, and supported to build on each other's ideas and use evidence to deepen their thinking.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Provide professional learning opportunities for teachers on instructional strategies that foster meaningful student dialog.
Provide parent workshops to foster discussion at home.
Schedule student perception surveys to measure the impact of new strategies
Conduct interclass visitations to examine practices of student discussion and guide professional learning.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Provide parent workshops on fostering discussion with your child	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Instructional Resources

Schedule Adjustments

Other Resources Needed

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC School Survey - Parents feel teachers help them understand how they can support thier child academically.	Insufficient communication regarding specific academic mandates	Increased communication with parents

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	89%	PS 162 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the Question: My child's teacher helps me understand how I can help my child improve. will Increase by 5 from 89% to 94% as measured by NYC School Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To address the need for deeper academic partnership with families, PS 162 will launch a "Family as Co-Teacher" initiative during the 2025–26 school year. This initiative is designed to equip families with practical, easy-to-use strategies that align with classroom instruction, particularly in foundational literacy and math. Beginning in September, the school will create and distribute multilingual strategy guides that offer clear, grade-appropriate ways families can support decoding, number sense, and writing development at home. Monthly family learning workshops will provide hands-on modeling of instructional practices—such as phonics routines, math games, or reading discussion prompts—so families can build confidence applying these strategies outside of school.

In addition, the school will offer at least three “Learning in Action” classroom events throughout the year where families are invited to participate in lessons alongside their children and observe academic expectations in real time. To ensure ongoing connection, teachers will send home monthly “academic check-in prompts” tied to current units, and the school will administer short mid-year and end-of-year surveys to measure changes in family confidence and instructional engagement. By centering this work on two-way communication, transparency, and culturally responsive practices, PS 162 will strengthen the bridge between home and school—ensuring families feel not just informed, but empowered as full partners in their children’s learning.

Root Cause Addressed:

This strategy addresses the root cause—a lack of systematic opportunities for families to learn how to support academic learning at home—by moving beyond general communication and creating intentional, structured pathways for family learning. Through monthly workshops, multilingual strategy guides, classroom co-learning experiences, and consistent academic prompts, families gain concrete tools and firsthand exposure to classroom practices. This empowers them to reinforce key skills at home with greater confidence and clarity. By aligning home support with instructional goals, the school closes the gap between family engagement and instructional impact, ensuring that all families—not just those with prior knowledge or access—can serve as effective partners in their child’s academic success.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Create guides for families (translated into multiple languages) with strategies in reading, phonics, and math that mirror classroom practices.
Offer hands-on, interactive sessions (in person and virtual) for families to learn and practice how to support decoding, number talks, or writing feedback at home.
Invite families to observe lessons and participate in co-learning with students, with debriefs on how to continue the learning at home.
Provide simple questions or activities families can do at home (e.g., reading reflection starters, math practice routines) that tie to current units.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

To reduce the number of students who are chronically late—68 students with more than 10 late arrivals in 2024–25—the school will implement a focused plan that addresses the primary root causes: inconsistent family communication and the impact of housing instability or chronic stress. The attendance team will begin by analyzing data to identify students at risk of chronic lateness and initiate early outreach. Using supportive, non-punitive language, staff will contact families through phone calls or home visits to understand barriers and offer help. A key priority will be connecting families to community resources, transportation support, and social services through the school social worker and community school coordinator.

To ensure families are informed and engaged, the school will implement a clear and consistent communication plan. This includes multilingual attendance commitment letters, monthly progress updates, and "Attendance Celebration Mornings" that recognize students and families showing improvement. The school will also work to improve the arrival experience for students through warm greetings, engaging morning routines, and classroom activities that create a sense of belonging from the moment students enter the building.

Ongoing progress monitoring will be built into monthly attendance team meetings, where data will be reviewed and next steps identified for students who continue to struggle with lateness. Interventions will be intensified as needed, including assigning mentors, adjusting support plans, or increasing family check-ins. Through this plan, the school aims to reduce chronic lateness by 30% by June 2026, while reinforcing that attendance is a shared responsibility supported through relationships, trust, and care.

Root Cause Addressed:

This plan directly addresses the root causes of chronic lateness—unclear communication with families and the impact of housing instability—by shifting from a punitive approach to one centered on trust, partnership, and support. Through proactive, empathetic outreach and multilingual communication, the school ensures that families understand expectations and feel respected and included in the problem-solving process. By connecting families to transportation assistance, social services, and mental health supports, the plan tackles the structural and emotional barriers that often interfere with timely arrival. Additionally, welcoming morning routines and recognition of progress help reframe school as a safe, responsive environment worth arriving to on time, reinforcing both accountability and

care.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Shift morning arrival procedures to begin school wide morning meeting at 8:00 am
Start incentive plan to encourage on-time behavior
Improve communication to families regarding on-time expectations and the impact of lateness on academic progress.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
		IEP Development and Fidelity of Implementation
		Transition Planning and Compliance

93% of teachers surveyed stated that they can distinguish between linguistic issues and learning disabilities.	Teachers need more professional development on learning disabilities, culture, and language development.	Referral Process and Equity
		Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	93	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve referral process and equity by a 5% Increase, from 93 to 98, as measured by NYC School Survey.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

To support teachers in distinguishing between ENL students struggling with language development and those who are multilingual learners with a disability, the school will implement a targeted professional learning plan grounded in both research and student-centered practice. Beginning in the fall, ENL teachers, special educators, and classroom teachers will participate in joint professional development sessions focused on understanding the typical trajectory of second language acquisition and how it can sometimes mimic or mask signs of a learning disability.Teachers will also engage in collaborative data reviews using multiple sources—observations, formative assessments, language proficiency levels, and cultural context—to build a more accurate picture of each student's learning profile.

In addition to professional learning, the school will establish regular consultation time between ENL teachers, special education staff, and classroom teachers to discuss students of concern using a shared problem-solving protocol. This structure ensures that decisions about referral to special education are thoughtful, collaborative, and based on multiple forms of evidence over time—not assumptions or early academic struggle. Teachers will also receive tools to support instructionally responsive strategies for both groups of learners, including scaffolds for language acquisition and inclusive supports for students with IEPs. By strengthening staff knowledge and promoting interdisciplinary collaboration, the school ensures that all multilingual learners receive the right supports, at the right time, for the right reasons.

Root Cause Addressed:

This plan addresses the root cause—teachers' difficulty distinguishing between language acquisition challenges and learning disabilities—by building their knowledge of how second language development unfolds and how it can sometimes resemble academic delays or processing issues. Without this understanding, well-meaning teachers may over-refer ENL students to special education or, conversely, delay referral for students who truly need services. By providing focused professional development and structured collaboration between ENL, special education, and classroom teachers, the plan equips staff with the tools, language, and shared decision-making protocols needed to make accurate, equitable determinations. In doing so, it ensures that students are not misidentified and that they receive supports that align with their actual learning needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Meet with ENL team to plan a professional learning session on the natural develoment of language
Refine the RTI referral process to clarify the data needed to justify the need for an IEP

Plan collaborative data dives with classroom and ENL teachers to identify areas that need to be addressed
Use W.I.N. periods to provide targeted instruction for ENL students below grade level.
Use progress monitoring to identify areas that cannot be effectively addressed through small group instruction alone

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Provide parent workshops on the IEP process and the process of language development.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

all teachers for professional learning and collaborative data dives and planning

Instructional Resources

n/a

Schedule Adjustments

Schedule periodic data dive days

Other Resources Needed

per diem funds to hire substitute teachers for data dive days

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	iReady, Acadience assessment result	Phonics: FUNdations double dose	one-to-one or small group	during school day	No
Tier 2 and 3	iReady, Acadience ORF assessment result	Fluency: Great Leaps HMH Readers Theater	one-to-one or small group	during school day	Yes
Tier 2 and 3	Acadience assessment result FSF, NWF	Phonemic Awareness: Sound Sensible	one-to-one or small group	during school day	No
Tier 2 and 3	iReady, Acadience assessment result	Phonics: SPIRE	one-to-one or small group	during school day	No
Tier 2	iReady, Math baseline assessment at level 1 or 2,	In-class at-risk intervention by classroom teacher	one-to-one or small group	during school day	No
Tier 3	iReady number sense strand - fact fluency	Great Leaps Math	one-to-one or small group	during school day	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Informal Behavior Intervention Plan (BIP) (Tier 2)	Teacher observation/ written anecdotes	Behavioral modifications	one-to-one	During school day	Yes, if applicable
Individualized Crisis Management Plan (ICMP) (Tier 2)	If informal behavior intervention plan is resulting in reduced challenges.	Discuss social history with parent, identify triggers, daily check in and check out	one-to-one	During school day	Yes, if applicable
At-risk counseling (Tier 2)	If ICMP does not work or used in tandem with ICMP.	Counseling	one-to-one or small group	During school day	No
Mandated counseling (Tier 3)	Progress monitoring data from BIP	Counseling	one-to-one or small group	During school day	No
Behavior Intervention Plan, per IEP (Tier 3)	Progress monitoring data from informal BIP & FBA	Behavior modifications	one-to-one	During school day	Yes, if applicable

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

TBD

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Ongoing attendance monitoring and support.
Ongoing support with bussing and counseling, if needed.
Provide school supplies and other resources.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. PS 162Q, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 162Q will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

P.S. 162Q's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;

- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

P.S. 162Q will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 162Q, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

Parent/Guardian Responsibilities:
- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;

- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;
- share responsibility for the improved academic achievement of my child;
- provide a school wide planner for families to reference and monitor child's homework, and communicate with teachers;

III. Student Responsibilities

Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

The school is currently focused on providing professional development to teachers in the area of vocabulary development and phonics instruction. All members of the learning community participate in professional learning sessions provided by the ENL team, Catapult coaches, and district support staff.

Part 5: "Conceptual" Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school's Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single “pool” of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word “pool” is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Eve Sci
Assistant Principal (Where Applicable)*	Richard Schnabel
English as a New Language (ENL) Teacher*	Elfrida Yu
Teacher (if school has a bilingual program must be a bilingual teacher)*	Yiyi Li
Parent/Guardian*	Monley Lin
ENL Teacher	Erica Choi
Parent Coordinator	Maria Malo
School Counselor	Tanelle Sanchez
IEP Teacher	Allison Solano
Teacher	
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

6

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

3

Number of certified ESOL teachers not currently teaching ENL:

1

Number of teachers who hold both content area/common branch and ESOL certification:

6

Number of ESOL certified teachers with a bilingual extension:

1

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

4

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

441

Total number and percentage (%) of current ELLs:

148 (33.6%)

Total number and percentage (%) of former ELLs:

64 (14.5%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

125 (84.5%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

23 (15.5%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

0 (0%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

30 (20.3%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Mandarin Chinese	2017-2018		1	1	1	1	1								5
DLBE																	0
DLBE																	0
				total: 0	total: 1	total: 1	total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

The MLs/ELLs at P.S. 162 Q receive their mandated units of services through a Freestanding English as a New Language (ENL) program model. The Freestanding English as a New Language program provides instruction in English with home language support; with emphasis on English language acquisition. Stand-alone ENL provides students with instruction to acquire and develop English language skills. The students are grouped heterogeneously according to proficiency level as determined by the NYSESLAT, NYSITELL and current grade level. Students with English proficiency levels at Entering and Emerging receive 180 minutes of stand-alone ENL instruction. The maximum allowable grade span for English as a New Language grouping in grades K-12 is two contiguous grades. All levels of MLs/ELLs will be serviced based on the prescribed mandated units of service as per CR Part 154-2 requirements for English as a New Language. All students are served by dually certified (ESOL and common branch) teachers.

Integrated ENL:

The MLs/ELLs at P.S. 162 Q receive their mandated units of services through a Freestanding English as a New Language program model. The Freestanding English as a New Language program provides instruction in English with home language support; with emphasis on English language acquisition. Integrated ENL provides students with instruction to build English language skills through content area. Integrated ENL can be delivered in two different ways: the first is from a dually certified ENL teacher and the second is from an ENL certified teacher working in collaboration with a content area teacher. The ENL teachers collaborate with the general education classroom teachers to develop and provide instruction for language acquisition and vocabulary support. Both methods of integrated ENL include content area subject matter and English language development using ELL strategies.

The students are grouped heterogeneously according to proficiency level as determined by the NYSESLAT, NYSITELL and current grade level. Students with English proficiency levels at Entering and Emerging receive 180 minutes of integrated ENL/ELA; for a total of 360 minutes of ENL services per week. Students with English proficiency level at Transitioning receive 180 minutes of integrated ENL/ELA. Expanding level students receive 180 minutes of integrated ENL/ELA or other content area. Students at the Commanding level receive 90 minutes of integrated ENL/ELA or other content area for two years. The maximum allowable grade span for English as a New Language grouping in grades K-12 is two contiguous grades. All levels of MLs/ELLs will be serviced based on the prescribed mandated units of service per CR Part 154-2 requirements for English as a New Language. All students are served by dually certified teachers.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

Dual Language Bilingual Education (DLBE):

The MLs/ELLs in Dual Language Bilingual Education program will receive half of their instruction in English and half of their instruction in Chinese/Mandarin. Language will be taught through content areas as well as through literacy. In the DLBE program, language proficiency, along with academic levels will be considered when students are grouped in different lessons and subject areas. Our school will use the alternating-day model in which language used for content areas alternate from day to day. To help with retention and language acquisition, students will practice word study every day in Chinese and English. Pinyin (the Chinese phonics system) is utilized to support students in language acquisition across content areas. ELLs will receive ENL instruction from ENL providers based on their English proficiency levels as determined by the NYSITELL or NYSESLAT. Former ELLs will receive their mandated minutes through the use of alternate pathways. For students receiving integrated services, the ENL provider will push in. Classroom teachers will work closely with ENL providers on scheduling and planning lessons with content and language objectives to support the ELL students. Stand-alone ENL services will be provided on a pull out basis. No more than two contiguous grades will be grouped together. All services will adhere to the guidelines as prescribed in the Commissioner's Regulations (CR) Part 154.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

MLs/ ELLs are programmed heterogeneously. Preferably, each grade will be serviced on its own. However, when necessitated, for scheduling reasons, two contiguous grades are combined for integrated ENL (as per amended CR Part 154-2 mandates) and will be serviced by a dually certified (ESOL and Common Branch) teacher. MLs/ELLs are required to receive all or part of their ENL services through an integrated model, which refers to a unit of study or its equivalent in which students receive core content area (i.e., English language arts, math, science, or social studies) and English language development instruction that includes home language supports and appropriate ML scaffolds. The integrated ENL, along with a subject area taught, are dependent upon the student's proficiency level.

In grades K through 5, Entering-level students must receive a total of 360 minutes (eight 45-minute periods) of ENL instruction, with 180 minutes (4 periods) as stand-alone ENL and 180 minutes (4 periods) as integrated ENL. Integrated ENL means that either one of our ENL teachers who are dually-certified in ENL and childhood education pushes in and co-teaches or parallel-teaches with the classroom teacher; alternatively, the three dually-certified ENL teacher may pull ENL students out to service them in both ENL and ELA. Emerging-level students must receive a total of 360 minutes (8 periods) of ENL instruction, with a minimum of 90 minutes (2 periods) as stand-alone, a minimum of 180 minutes (4 periods) of integrated ENL and ELA, and a choice of 90 minutes (2 periods) as either stand-alone ENL or integrated ENL/ELA/content area. Transitioning-level students must receive a total of 180 minutes (4 periods) of ENL instruction, with a minimum of 90 minutes (2 periods) as integrated and a choice of 90 minutes (2 periods) of standalone ENL or integrated ENL/ELA/content area. Expanding-level students must receive a total of 180 minutes (4 periods) of ENL instruction, and all 180 minutes must be integrated ENL/ELA/content area. Commanding-level students receive 90 minutes (2 periods) of integrated ENL/ELA/content area as well as MLL/ELL testing accommodations for two years after testing out of the NYSESLAT. They will receive their mandated services by the use of alternate pathways.

P.S. 162 Q would ensure that students receive mandated minutes during periods of state assessment by utilizing flexible scheduling. ENL teachers will adjust their schedules around the times of testing.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

In the ENL program model, home language support is provided through the use of bilingual dictionaries, picture dictionaries, glossaries, and devices (when available). Additionally, students will receive ML/ELL testing accommodations in accordance with NYS CR Part 154.2. They are entitled to take the NYS Mathematics and NYS Science Assessments in their home languages.

Each core content area is taught in English because English is the primary mode of instruction. If there are newcomers who speak the same language as the ENL teachers (Korean, Mandarin, Cantonese and Spanish), the home language may be used at times to clarify and to expand students' understanding of new material. At times, electronic translations by methods like Google Translate or Microsoft Translator may be used with newcomers to clarify and to expand students' understanding of new material.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

Our school has a Two-Way Dual Language Program that implements the alternating day model. English proficient students and ELLs stay together for the whole day, every day. In grade 1, the self contained model is utilized. The students in the self contained dual language bilingual education class remain in one classroom with one teacher who provides instruction in English and Chinese/Mandarin throughout the year. In grades 2-5, the side-by-side model is utilized for instruction. For the side-by-side model, there is a classroom designated for English and a classroom designated for Chinese. The students will alternate between classrooms every other day.

b. In which language(s) is each core content area taught?

In the Dual Language Program, all core content is taught as follows. Half of their instruction in English, and half of their instruction in Chinese/Mandarin.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

At P.S. 162 Q, 84.5% of ELLs are Newcomers. This is the largest ELL subgroup within our school community. Newcomer ELLs are defined as ELLs with 0-3 years of service. In order to best support this subgroup, effective instruction must include basic interpersonal communication skills (BICS) and cognitive academic language proficiency (CALP). For students that are new to the United States, it is pertinent that American culture be embedded into instruction. Effective instruction for newcomers include, but are not limited to, phonemic awareness, phonics, vocabulary and grammar through high-quality academic curricula.

Developing ELLs are defined as ELLs with 4-6 years of service. P.S. 162 Q's developing ELLs are in the upper elementary grades. 15.5% of P.S. 162 Q's ELL population are considered developing ELLs. ELLs within this subgroup possess BICS and are struggling with CALP. The instruction differs from newcomer ELLs because the main goal of instruction is to help develop reading comprehension, written expression and academic language across all content areas.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

At present, there are no ELLs identified as Students with Inconsistent/interrupted Formal Education (SIFE) within the P.S. 162 Q community. However, if there were, effective instruction for SIFE students begins with building a supportive environment conducive to responding to students' immediate social and cultural needs. This practice includes identifying the students' strengths, talents and interests to connect to and scaffold all content areas.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

P.S. 162 Q is a K-5 school. We currently do not have any Long-Term ELLs. However, if we were to have Long-Term ELLs in our school community, our plan is as follows. In order to provide effective instruction, multiple entry points will be utilized to address the academic and linguistic needs of this subgroup. Long term ELLs would be invited to attend after school Title III programs when available. Any student classified as a Long-Term ML/ELL will be brought to the attention of the MTSS Team to determine what additional support is needed, if any, and can be given. The team will also determine whether further evaluation will be needed to assess if the student's inability to make adequate academic progress is due to a reason other than second language acquisition. This recommendation will then be brought to the school's Pupil Personnel Team (PPT) for final approval.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

At P.S. 162 Q, the former ELLs comprise 14.5% of the school population. Former ELLs will receive services for two 45 minute sessions per week for two years by alternate pathways. Former ELLs will continue to utilize the linguistic strategies taught to master the nuances of the English language. Though labeled Commanding, the subtle nuances and figurative language in English prove to be a challenge. Former ELLs will continue to receive testing accommodations, including extended time and separate location on state test when possible.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

At P.S. 162 Q, 62.2% of our English Language Learner (ELL) community possess at least one at-risk indicator. The most prevalent trend among these students is that they are classified as Newcomer ELLs, having received ELL services for 0–3 years. Within this group, 2% have scored a 1 or 2 on the New York State (NYS) English Language Arts (ELA) Exam for one year.

Among our ELL population, 23.0% exhibit two at-risk indicators. The most common trend within this subgroup is that they are Newcomer ELLs who have not demonstrated sufficient English Language Proficiency (ELP) progress, accounting for 44.1% of this group. Additionally, 26.5% of these students are Newcomers currently residing in temporary housing. Another significant trend is that 14.7% of students with two at-risk indicators scored a 1 or 2 on the NYS ELA exam for one year and did not demonstrate sufficient ELP progress.

A smaller subset, 4.7% of our ELL population, possess three at-risk indicators. The most common pattern among these students is that they scored a 1 or 2 on both the NYS ELA and NYS Math assessments for one year and did not demonstrate sufficient ELP progress. Historically, students who score at these levels on both assessments tend to struggle with ELP progress.

Within our ELL community, 4.1% have four at-risk indicators. While students in this group do not all share the same four indicators, common trends emerge. All students in this category scored a 1 or 2 on the NYS ELA exam for one year, and the majority also scored a 1 or 2 on the NYS Math exam for one year. Their third shared at-risk indicator is insufficient ELP progress.

Additionally, 3.4% of our ELL population possess five at-risk indicators. Similar to the previous group, these students do not all share the same five indicators. However, the majority have scored a 1 or 2 on the NYS ELA and NYS Math assessments for two consecutive years and have not demonstrated sufficient ELP progress. This places them at risk of becoming Long-Term ELLs.

Finally, 2.7% of our ELL population exhibit six at-risk indicators. These students primarily fall within the Developing

ELL and ELLs with Disabilities (ELLs SWD) subgroups. A common trend among them is that they have scored a 1 or 2 on the NYS ELA and NYS Math assessments for two years and have not demonstrated sufficient ELP progress. As a result, they are also at risk of becoming Long-Term ELLs.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

At P.S. 162 Q, the former ELLs (FELLs) comprise 14.5% of the school population. Within that population, 7.8% of former ELLs possess one at-risk indicator. A common trend amongst these students was that on the NYS ELA assessment, they received a score of 1 or 2 for 1 year.

Amongst our FELLs, 10.9% have 2 at-risk indicators. Majority of these students received a score of 1 or 2 on the NYS ELA assessment for 2 years.

Currently, 3.1% of our FELL population have 4 at-risk indicators. A common trend amongst these students is they received a score of 1 or 2 on the NYS ELA and NYS Math assessment for 2 years.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

The home language of ELLs with the largest representation at P.S. 162 Q is Chinese (inclusive of Mandarin, Cantonese and any other Chinese dialects). Of the 148 ELLs, 109 ELLs (73.6%) have their home language listed as Chinese. The next largest representation is Spanish with 20 ELLs (13.5%). The rest of the population (12.9%) speak other languages at home with only 5 or less speakers per language.

Home Language support at P.S. 162 Q is provided through the use of bilingual content area glossaries in Math, Science and Social Studies, bilingual picture dictionaries and access to online bilingual resources. In addition, we have one Chinese (both Cantonese and Mandarin) speaking ENL teacher and one Korean speaking ENL Teacher. Within our school community, we have multilingual staff members who speak Korean, Chinese, Spanish, Italian, Hebrew, Bengali, Hindi, Urdu, French and Greek to lend support whenever needed. At the beginning of each school year, the parent coordinator compiles a new list of staff members who speak and/or write in another language and distributes this list to all staff. Parent correspondence is sent home in their preferred language through the use of GAMA and School Messenger.

Due to the large Chinese demographic in our school community, P.S. 162 Q has a Dual Language Bilingual Education (DLBE) Program. Home Language support in the DLBE Program is provided through a licensed Chinese Mandarin Bilingual teacher. Bilingual books in Chinese and English have been purchased and placed within the DLBE classroom libraries. In addition, the Dual Language program provides home language support for families who need help in English or Chinese.

In addition to the aforementioned structures to provide home language support at P.S. 162 Q, both the Math and Social Studies workbooks are available and provided in Chinese or Spanish when needed. Texts are chosen that represent a range of perspectives for language and knowledge-building, and represent various ability, cultural, racial, and ethnic groups to ensure a culturally responsive orientation to teaching.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

The largest racial and ethnic classifications of ELLs at our school are Asian and Hispanic. ELLs at P.S. 162 Q are afforded all opportunities that all other students have. We have a welcoming and affirming environment that includes high expectations and rigorous instruction for all. Our ELLs are included in the planning and delivery of Culturally Responsive and Sustaining Education (CR-SE). At P.S, 162 Q, conflict resolution animals (shark, owl and turtle), mood meters, intensity scale and participation rubrics are displayed, taught, utilized and implemented in every classroom. Moreover, P.S. 162 Q formed a No Place for Hate team within the school community. In addition, texts are chosen that represent a range of cultural, racial, and ethnic groups to ensure a culturally responsive orientation to teaching.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

At P.S. 162 Q, 35.1% of our ELL population have no previous NYSESLAT history. Therefore, there was insufficient data for these students to show growth. Of our eligible ELL population, 61% demonstrated sufficient English Language Proficiency (ELP) growth. "ELLs can demonstrate sufficient progress, or a threshold of student growth on the NYSESLAT, in one of three ways: (1) exiting ELL status by scoring commanding on the NYSESLAT or Expanding on the NYSESLAT and either 3 or above on NYS ELA or 65 or above on English Regents Exam; (2) meeting the annual ELP progress target between the two most recent NYSESLAT exams, or (3) meeting the safe harbor criteria for cumulative progress between the most recent year and their initial NYSESLAT English language proficiency level." Lastly, 38.9% of our ELL population did not demonstrate sufficient ELP growth. These students did not meet the three criteria needed to show ELP growth. Majority of the students that did not demonstrate sufficient ELP growth fell under the Newcomer subgroup. This does not indicate that the students did not move within the ELL proficiency level, however, solely indicates that they did not move up proficiency levels.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

When looking at the 2024 New York State English as a Second Language Achievement Test (NYSESLAT) results, 35.3% of current ELLs at P.S. 162 Q tested on the Expanding proficiency level. When looking by modality, the ELLs strengths lie within Listening and Speaking. The modality with the lowest numbers of ELLs scoring above 90% is Writing. An area of need for the ELLs at PS 162Q is Writing. This modality was the highest number of ELLs that scored less than 15%.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Our analysis of our MLs/ELLs in grades 3, 4 and 5 indicates that they need more exposure to engaging texts with rich content to develop reading comprehension and writing skills. Our MLs/ELLs in grades 3, 4 and 5 tend to perform better on numerical expressions versus the word problems on the NYS Math exams. Performance on math word problems is strongly related to performance in reading comprehension. Many word problems involve considerable reading demands. Mathematical word problems are presented in written (rather than symbolic) formats, with significant unraveling and decoding of the English language needed to extract relevant relations.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

At this time we do not have any SIFE students that took the 2024 NYSESLAT. Analysis of the exam data for this demographic (MLs/ELLs SWDs) indicates that additional instruction in writing mechanics and reading comprehension skills is needed. These goals, along with goals in their IEPs, will be accomplished through the following strategies: The MLs/ELLs will be immersed in a wide range of activities to promote reading comprehension and written expression. Language function, language structures and vocabulary lessons will be planned to align with each unit of content area instruction. Instruction will be differentiated to create multiple entry points to meet each MLs/ELLs learning and language needs. Such strategies include Thinking Maps, Sentence Frames, Sentence Starters, Paragraph Frames, technology and hands on activities to engage students in all four modalities. Many of our ELLs with IEP's receive speech and language services due to a delay in their first language. This often has an impact on acquisition of a new language.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

P.S. 162 Q provide ELLs with a high-quality academic experience that leads to deeper learning by utilizing the Houghton Mifflin Harcourt (HMH) Into Reading curriculum, FUNdations and Heggerty for phonics, enVisions for mathematics, Amplify for science, and Passport for Social Studies. Each program and curriculum listed above addresses one or more pillars of literacy.

Houghton Mifflin Harcourt Into Reading English Language Arts curriculum is utilized in grades K-5. HMH provides core instruction for Reading and Writing. There is a strong vocabulary component and ENL supports embedded into each lesson. The units within the curriculum are aligned to real world themes. This allows the school community to make connections that provide opportunities for meaningful language acquisition and development. HMH curriculum provides ELLs with a wide variety of texts with character from diverse backgrounds and experiences. Prior to each passage, new content vocabulary can be frontloaded to provide students with understanding of the academic words they will encounter in the passage. HMH provides vocabulary cards with visuals and an interactive online interface for students to practice the new words. After each reading passage, students have the opportunity to respond to collaborative discussion questions. These collaborative discussion questions provide students with the opportunity to practice all four language modalities to help deepen their understanding of the text. After each unit, HMH provides an extended writing response, allowing students to refer back to the passages from the unit, make text-to-text connections and think critically.

Heggerty is a research based phonemic awareness program. This program is utilized in grades K-1 to provide instruction in phonemic awareness. This program assists in developing auditory acuteness to compose phonemes into words and decompose words into phonemes. Heggerty provides ELLs with an understanding of letter sounds that will lead to reading success.

FUNdations program is embedded in the schedule for grades K-3. FUNdations is a scientifically proven phonics development program use to help students build a relationship between letters and sounds in written language. It is a multimodality program that allows multiple entry points for students to understand the structure of words and language development. FUNdations helps all students, including MLs/ELLs, build a firm foundation with phonics which will lend itself to lifelong literacy.

enVisions is a mathematics curriculum utilized in grades K-5. It is a combination of mathematical fluency and problem solving. Students are encouraged to use manipulatives and visual models as entry points to understanding mathematical concepts.

Amplify is a science curriculum utilized in grades K-5. Amplify combines hands-on investigations, literacy-rich activities, and interactive digital tools to empower students to think, read, write, reason, explain and justify like real scientists.

Passport to Social Studies curriculum is utilized in grades K-5. This curriculum was informed by and integrates aspects of the NYSED Social Studies Framework, Understanding by Design, and reflects the Next Generation Learning Standards. Passport to Social Studies was designed by New York City public school educators, historians, and other experts. It incorporates principles of quality social studies instruction, diversity, multiple perspectives, and the importance of inquiry with the objective of preparing students for a global community. This curriculum provides thinking tools and strategies for students to engage with the content. Passport to Social Studies provides texts and other resources to aid in instruction. In addition to the curriculum, there are several companion resources that can be utilized to enrich instruction.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The School Leadership Team (SLT) considers MLs/ELLs in the school's instructional design in an inclusive manner. MLs/ELLs will partake in a shared and inclusive curriculum. The team's goals for all students in the school, including MLs/ELLs, is to strengthen core instruction and to know every student well. While working on strengthening core instruction, we will simultaneously affirm racial and cultural identities, and foster positive academic outcomes. We will develop students' ability to connect across cultures, and empower students as agents of social change. Texts will be chosen that represent a range of perspectives for language and knowledge-building, and represent various ability, cultural, racial, and ethnic groups to ensure a culturally responsive orientation to teaching. Whenever possible a student will be provided a text in their home language as a scaffold to access the grade level text. Both enVisions Math and Passport to Social Studies workbooks have been made available in Chinese and Spanish.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

In the Freestanding English as a New Language program (ENL), the instruction is delivered in English. To foster language development and meet the demands of the New York State Next Generation Learning Standards, whenever possible, the teachers will translanguage using the student's home language to make content accessible and comprehensible. Within the Freestanding ENL Program, stand-alone and integrated ENL approaches are utilized to meet the needs of MLs/ELLs on different proficiency levels. Stand-Alone ENL is an instructional approach in which the students' foundational linguistic needs are met. Collaboration amongst MLs/ELLs is encouraged to promote English language acquisition. Integrated ENL is an instructional approach that engages MLs/ELLs to develop grade-level content area knowledge, academic skills and increased English language proficiency. Multiple entry points are offered in order to scaffold academic language to support English Language Arts assignments and promote student participation within the content area lessons. Activities are developed to connect new content to students' prior knowledge. Strategic partnerships are utilized to encourage discourse and provide students with additional linguistic input. To assist English language acquisition within core content areas, scaffolds including sentence starters, sentence frames, paragraph frames, visual aids, smart board technology, total physical response, and graphic organizers are provided. To meet the students' needs at their proficiency levels, frontloading vocabulary before reading any text through explicit vocabulary instruction is provided so students are able to conceptualize the information they need to learn. When the aforementioned scaffolds are adapted into lessons, they spiral through the

various curriculum to suit MLs/ELLs English language needs. Moreover, ongoing collaboration with classroom teachers is practiced to provide students with the appropriate scaffolds needed to foster language development.

In the Two-Way Dual Language program, students receive half of their instruction in English, and half of their instruction in Chinese/Mandarin. Language is taught through content areas as well as through literacy. Language and content instruction in Chinese and English are aligned to the Next Generation Learning Standards. Our school uses the alternating-day model in which language used for content areas alternates from day to day. All dual language classrooms have leveled libraries in English and Chinese. All programs, including the DL program, offer Freestanding ENL instruction alongside all aforementioned supports.

Within all the program models at PS 162 Q, bilingual dictionaries and/or glossaries are provided to promote independence and ownership of learning with MLs/ELLs in grades 3-5. Additionally, MLs/ELLs in all program models will be immersed in rich academic language that will help them meet the demands of the New Generation Learning Standards. This will be achieved by using the aforementioned scaffolds within each program alongside rich and engaging books and texts.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Teachers of MLs/ELLs with IEPs use a variety of instructional strategies and grade-level materials, including technology, to provide access to academic content areas, accelerate English language development and meet student's individual needs. Such strategies include Total Physical Response (TPR), Sentence Frames, Sentence Starters, Paragraph Frames, and hands on activities to engage students in all four modalities. These materials include, but are not limited to: iReady, Acadience, Houghton Mifflin Harcourt Into Reading, National Geographic Reach: In the USA, RAZkids ELL Edition, iPad/Laptops, SMART Board and Google Classroom. Houghton Mifflin Harcourt Into Reading has an online interface that teachers can utilize to provide MLs/ELLs with access to academic content. HMH Into Reading provides audio clips that accompany the passages, so MLs/ELLs can have access to grade-level texts as well as additional linguistic input. Additionally, HMH Into Reading has literacy centers designed to provide different activities for all students including MLs/ELLs with IEPs to access grade level academic content while accelerating English language development. These centers provide MLs/ELLs with multiple entry points that align with the unit of study. The centers include but are not limited to: Reader's Theater, Independent Reading, Creative Writing, and Project Based Learning. RAZkids ELL Edition is used with all students. It provides students with the opportunity to access books at their level which aids language development. Each book has 3 tasks. Students must listen to the book. Then read the book independently. Finally, there is a short quiz about what they read. This program provides students with linguistic input and measures their comprehension and understanding. It also helps students learn new vocabulary and how to pronounce the new words. National Geographic Reach is used to support MLs/ELLs with IEPs in Stand Alone ENL when appropriate. This program allows students to accelerate English Language development. There are many activities and strategies within the program that addresses all four language modalities. The program contains many visuals that help scaffold language learning. All classrooms have a print rich environment that includes labeling of classroom items. Books are selected that are highly predictable, have repetitive patterns and strong picture support. Language function, language structures and vocabulary lessons are integrated in all content area lessons. Google Classroom is utilized in case of closures. All teachers in the building have Google Classroom set up with all students enrolled in case of an emergency. On Google Classroom teachers will provide visual and audio aids to help MLs/ELLs access grade-level content and accelerate English language development.

b. SIFE

At this time there are no Students with Interrupted Formal Education (SIFE) in our school community. Our working plan for future ELLs in this subcategory is to bridge the academic gap through rigorous instruction. It is important to place SIFE within New York State mandates for ENL as well as content area classrooms. PS 162 ENL Team will work collaboratively with PPT to identify and address the needs of SIFE in a timely manner, which will include the assessment of literacy and numeracy skills. The school has 12 months to make a determination of SIFE status. Initial Identification is made within the first 30 days of the enrollment date and can be modified within a year. We will administer NYSED multilingual literacy SIFE screeners for students with the Home Language of Arabic, Bengali, Chinese, French Haitian Creole, or Spanish. When the student scores at the Transitioning level or higher on the NYSESLAT, the SIFE status will be removed.

The use of high-interest libraries is incorporated to foster and build upon their existing linguistic repertoire; as well as introduce reading skills. Moreover, SIFE students will also have access to Benchmark Decodables electronically through Teach Hub. In addition to the mandated ENL services, SIFE students are entitled to participate in any after school programs appropriate for their grade level. These students will be presented to MTSS to receive at risk services during the school day to help bridge the gap. In addition, ENL teachers will also hold online or in person parent workshops in preferred language to introduce online resources, such as Microsoft Translation which provides accessibility to translation.

c. Newcomers

All P.S. 162's newcomer MLs/ELLs are afforded the same strategies and materials that are provided to the MLs/ELLs with IEPs. In addition, newcomer MLs/ELLs are paired in the classroom with a peer who speaks their native language. Classroom teachers are given teaching strategies specific to MLs/ELLs. Teachers pull students in small groups after mini lessons to reinforce and scaffold lessons and skills taught. NYSED bilingual content area glossaries will be used to facilitate language acquisition. Whenever possible a student will be provided a text in their home language to act as a scaffold to access the grade level text. In addition, iPads have been purchased for newcomer MLs/ELLs to translate text across all content areas. Both Envisions math and Passport to Social Studies workbooks have been made available in Chinese and Spanish. The school has leveled libraries for grades 1-5 in Chinese. Bilingual picture dictionaries will be made available for students to access. For ELLs that have been here for more than one year and are required to take the New York State ELA exam, a rigorous curriculum that is used by their monolingual counterparts will be implemented to enhance their academic performance. Test accommodations, including extended time and separate location are used for state tests. For the State Math test and Science test students will receive the test in their preferred language if available.

d. Long Term ELLs

At this time there are no Long Term ELLs in our school community. For long term MLs/ELLs, multiple entry points will be utilized to address the academic and linguistic needs of students. Such strategies include Thinking Maps, Sentence Frames, Sentence Starters, Paragraph Frames, and hands on activities to engage students in all four modalities. Whenever possible a student will be provided a text in their home language to act as a scaffold to access the grade level text. Both Envisions math and Passport social studies text books have been made available in Chinese and Spanish. The school has leveled libraries for grades 1-5 in Chinese. Bilingual content area glossaries will be provided for students to use. To better prepare ELLs for the New York State ELA Exam, they will be provided with Integrated ENL instruction that is aligned with the ELA curriculum and on pace with their respective grades. For the State Math test and Science test students will receive the test in their preferred language if available. Test accommodations, including extended time and separate location are used for state tests. Long term ELLs would be invited to attend after school Title III programs when available. Any student classified as a Long-Term ML/ELL will be

brought to the attention of the MTSS Team to determine what additional support can be given. The team will also determine whether further evaluation will be needed to assess if the student's inability to make adequate academic progress is due to a reason other than second language acquisition. This recommendation will then be brought to the school's Pupil Personnel Team (PPT) for final approval.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

All MLs/ELLs who have been identified as having special needs will be serviced per their IEPs in collaboration with the Special Education teachers and classroom teachers. Grade level materials and specific instructional strategies will be differentiated to provide multiple points of entry for students to access academic content and accelerate English language development. In collaboration with all service providers and classroom teachers of ML/ELL-SWDs, flexible scheduling is utilized to meet their diverse needs. Since many of our MLs/ELLs receive speech and language services, these professionals are enlisted to help provide strategies that can be applied to a classroom setting to further language skills. ML/ELL-SWDs are grouped by their proficiency level on the NYSESLAT or NYSITELL, grade level for ENL instruction, and recommended setting as per their IEPs. The pupil personnel team (PPT) meets monthly to evaluate the progress of each student.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Native Language support in the ENL Program is provided through the use of bilingual content area glossaries in Math, Science and Social Studies, bilingual picture dictionaries and access to online bilingual resources. In addition, we have one Chinese speaking ENL Teacher and one Korean speaking ENL Teacher. Other school staff members who speak Korean, Chinese, Spanish, Italian, Hebrew, and Greek lend support whenever needed. Parent correspondence is sent home in their preferred language. Native Language support in the Dual Language Program will be provided through a licensed Chinese/Mandarin Bilingual teacher. Leveled libraries will be purchased in both English and Chinese. Guides to using the Google Translate extension are made available in ten languages. In addition, the Dual Language program provides home language support for families who need help in English or Chinese. Whenever possible a student will be provided a text in their home language to act as a scaffold to access the grade level text. Both Envisions math and Passport to Social Studies workbooks have been made available in Chinese and Spanish. In the spring, home language support is assessed through the New York City Department of Education Chinese Reading Test (CRT) for students in the 3rd to 5th grade Dual Language Program.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

PS 162 is a K-5 school.

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

PS 162 Q encourages collaboration and partnerships amongst teachers within all ELL program models. Within the Freestanding ENL program model, integrated co-teaching is utilized. ENL teachers will attend grade team meetings

when possible to coordinate with co-teachers in order to plan for the week and the unit. Teachers will remain in constant communication and correspondence within the duration of the school year to help meet the needs of the ELLs.

Within the Dual Language Bilingual Education program model, the DLBE teacher partnerships collaborate to ensure that the curriculum is taught to fidelity within an alternate day schedule. Every partnership in DLBE coordinates their classroom environment. Classes are labeled by colors to show distinction between two languages. English class is blue; Chinese class is red (borders, baskets, seat sacks). In addition, backing paper for each subject is the same for both room (example: orange is writing, green is reading). Lastly, Anchor charts are mirrored (class charter, goals, jobs) - translated into the appropriate language. DLBE partnerships collaborate to communicate with families by the use of one class dojo account shared by both teachers. All notices sent home are in English and Chinese. Lesson planning is done yearly, monthly, and weekly to ensure meeting goals and standards (math, science and social studies lessons are done in a sequential manner alternating between both languages; reading skills are taught in both languages; writing genres re written in both languages). All decisions that are made that directly impact student achievement are discussed in order to be on the same page and doing what is best for specific students.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The three ENL teachers attend professional learning meetings which are turnkeyed to all staff members on Monday afternoons during the PD sessions. These meetings incorporate learning specifically related to the academic and social emotional needs of MLs/ELLs. All staff can register for professional learning opportunities from District 26 Office. These professional learning opportunities support teachers in delivering instruction aligned to the Next Generation Learning Standards within the 4 language modalities. By using the reading, writing, listening and speaking standards of the Next Generation Learning Standards to lesson plan and deliver rigorous instruction, MLs/ELLs will be able to succeed academically and be college and career ready. The tentative Professional Learning Opportunities that ENL Teachers will attend and turnkey that will also support the transition to and from remote learning activities in order the academic and social needs of MLs/ ELLs are as follows: ELL Liaison Meetings in District 26, PD on Language Allocation Policy, Division of Multilingual Learners Community Chat, Nuts and Bolts of ELL Related Items for New Coordinators, Language Access Coordinator Training Online webinars from the Division of Multilingual Learners such as Culturally Responsive-Sustaining Family Engagement. In five years, school staff will receive more than 15% of their mandated 100 PD hours in ML-related content. In addition, professional development hours can be done through in-person training and meetings as well as through online learning. Videos can be found on the NYSED's Bilingual Education and English As A New Language webpage at http://www.nysed.gov/bilingual-ed/new-york-states-essa-plan-growth-english-languageproficiency-elp-webinar.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Each school must provide professional development to all teachers and administrators that specifically addresses the needs of Multi-lingual/English language learners. A minimum of fifteen percent of the required professional

development hours for all teachers prescribed by CR Part 154-2 must be dedicated to language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for Multi-lingual/English language learners. For all bilingual and English as a new language teachers, a minimum of fifty percent of the required professional development hours must be dedicated to language acquisition in alignment with core content area instruction.

PS 162 has a professional development plan for all ML/ELL personnel and all teachers participate in their professional learning on Monday afternoons. Agendas and attendance sheets are kept for all meetings. The ENL teachers attend ENL workshops and professional learning opportunities offered through the District 26 Office and/or DOE's Division of Multilingual Learners where attendance is taken and agendas are given out. These opportunities are also offered to classroom teachers. Additionally, for the workshops teachers attend, they maintain their own records, and certificates and agendas are kept on file. Additionally, teachers have access to edWeb.net, which provides professional learning webinars.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Acadience is the screener we use which provides educators with standards for gauging the progress of all students in grades K-2 for Reading. Acadience subtests measure critical skills and abilities that are necessary for reading success and most offer both benchmark and progress-monitoring forms. Teachers can use students' performance to identify students who will most benefit from intensive instruction, strategic instruction, or core instruction alone. This screener identifies students at different levels of risk, the letter-naming fluency (LNF), phonemic segmentation fluency (PSF), nonsense word fluency (NWF), and word reading fluency (WRF) subtests support item analyses that can suggest next instructional steps. Acadience will be administered 3 times a year (beginning of the year, middle of the year and end of the year) to measure student progress as well as identify areas of needs. These results will guide our MTSS groups to better help support our K-2 students.

iReady is the screener we use to provide educators with standards for gauging the progress of all students in grades 3-5 for Reading and Grades K-5 for Math. iReady is a computer adapted assessment designed to find a student's instructional level, not necessarily mastery. This screener offers benchmarks and progress monitoring. iReady has individualized students pathways determined by the data received from the diagnostics. These pathways provides students with personalized instruction, including, but not limited to additional practice for skills they need to reach grade level. iReady Reading for 3-5 and Math for K-5 will be administered 3 times a year (beginning of the year, middle of the year and end of the year) to measure student progress as well as identify areas of needs. These results will guide our MTSS groups to better help support our students.

Based on the analysis of the data, the following programs have been implemented: The FUNdations Program is used to teach, reinforce and strengthen phonics skills. SPIRE is used in small group settings to build phonics skills, vocabulary and comprehension. Great Leaps is used in a small group setting to assist students in Oral Reading Fluency. Guided reading is implemented to scaffold decoding and comprehension needs on a mini lesson basis. Sounds Sensible is also used to provide hands-on instruction in phonological awareness, alphabet knowledge, and understanding letter-sound relationships. It is used in helping students master the 20 consonants and short vowel sounds. Rewards is implemented in a small group setting for 4th graders needing additional strategies for decoding multisyllabic words in order to improve fluency and reading comprehension. Lastly, based on the screeners, there is an intervention group to support students that need additional instruction in fluency and comprehension. This group utilizes DIBELS Daze to progress monitor their fluency and reading comprehension.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

A school wide protocol is in place consisting of a monthly RtI meeting which includes support staff, classroom teachers and administrators. At this meeting individual intervention plans are formulated based on the individual

student's needs. At-risk services will be provided by either the IEP teacher, speech teacher, or the guidance counselor. The intervention programs utilized by the school are Sound Sensible (to address phonological and phonemic awareness), SPIRE (to address phonics), Great Leaps (to address reading fluency), FUNdations, and Rewards. For Newcomer ELLs in grades K-2 who tested more than one year below grade level in phonics, double dose of FUNdations is provided as an intervention. Students who do not make adequate progress after six to eight weeks of interventions are brought up in the monthly Pupil Personnel Team (PPT) meeting to discuss possible evaluation to better address their needs. At this time the intervention services are provided by English speaking teachers. However, if intervention is for math or social studies a student will be provided a text in their home language to act as a scaffold to access the grade level text. Both Envisions math and Passport social studies workbooks are made available in Chinese or Math to the students.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

PS 162 Q uses benchmark data from school-wide universal screeners (iReady and Acadience) to identify the individual needs of all students, including ELLs, and guide instruction within a Multi-Tiered System of Supports (MTSS). Students are grouped according to the data and grade level. Interventionists utilizes various scientifically proven programs to teach and address the specific needs of each group. Student progress with be tracked regularly by the interventionists. The MTSS team will meet regularly to evaluate the progress of all students, including ELLs.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

There are assessments embedded within the Houghton Mifflin Harcourt Into Reading (HMH) curriculum. At the end of each module in HMH Into Reading, the module assessment will be administered to students in grades K-5. The data provides valuable insight into our students' needs. It allows for evaluation, teaching and intervention, while monitoring and supporting their academic needs. Each students' instructional level for reading is determined, and in turn, effective instruction is designed to support student achievement. The results of the assessment indicate areas of needs in vocabulary and reading comprehension. Additionally, in grades K-3, FUNdations End of Unit tests are administered. These assessments provide data that informs teachers of student mastery of the skill taught which in turns drive instruction. Lastly, Envisions End of Topic Assessment and Performance Assessment is utilized in grades K-5 for Math.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

MLs/ELLs in the Dual Language Bilingual Education classes will be evaluated in their home language by teacher-made assessments. Additionally, at the end of the year, students in 3-5 DLBE class must take the Chinese Reading

Test.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

The summative assessments used to identify progress and areas of need are NYSESLAT, HMH Assessments, and the yearly EDAT (a tool that combines data to assist teachers in identifying areas of need). Embedded in the Houghton Mifflin Harcourt Curriculum, there are end-of-module assessments. Based on the end-of-module assessment, an area of need for MLs/ELLs is organization of thoughts and ideas, as well as grammar. Moreover, based on the NYSESLAT and the yearly EDAT (combination of data), another area of need is that our upper grade MLs/ELLs with IEPs perform lower on the listening sub-test than their peers. Additionally, our newcomer MLs/ELLs score lower on the expressive skills vs receptive skills. Finally, based on the data gathered, most of our students continue to need intervention in writing skills.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Our NYSESLAT administration plan is to have the three out of classroom ENL teachers working together to administer the NYSESLAT to all ELLs.

The Speaking modality is administered individually. Each teacher administers the speaking test with the ELLs they have been servicing that year while another ENL teacher scores the responses.

The Listening, Reading and Writing Sessions may be administered in group settings. The sessions will be administered by the three out of classroom ENL teachers in separate classrooms.

As for scoring the NYSESLAT, several trained ENL teachers from different schools within the same district will meet to score the assessments. The students' constructed-responses to the Writing prompts must be scored by a committee of teachers. No teacher who is the student's English as a New Language, Bilingual Education, or English Language Arts teacher may score any of the constructed response questions in that student's test booklet. The task of scoring student responses must be divided among a minimum of 3 scorers, so that no one teacher scores more than three writing tasks (for Kindergarten) and more than one constructed responses (for grades 1-12) per student.

Our Former MLLs/ELLs will continue to receive 90 minutes of integrated ENL through the classroom teacher as per alternate pathways. We would ensure that students receive mandated minutes during periods of state assessment through flexible scheduling.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

P.S. 162 Q's testing coordinator collaborates with the ELL coordinator to ensure that the current and former ELLs receive necessary accommodations for state assessments. The testing coordinator, who is also the Assistant Principal, and the ELL coordinator identifies all the current and former ELLs that are eligible to take the state assessments (ELLs with less than a year in the country are exempted from the NYSELA). Then the coordinators will look at the list to determine which of the current ELLs and FELLs use a bilingual glossary on the state assessments and which require and will utilize a translated copy for the NYS Math and Science assessments. Finally, the testing coordinator reviews the IEPs of ELLSWD to identify, accommodate and prove the testing accommodations they receive according to their IEPs.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At registration, NYSITELL determination is made based on the HLIS and the student interview. Once all the students have taken the NYSITELL and the answer documents are scanned into ATS, a RELC report is generated to identify the new MLs/ELLs and their proficiency levels. Using the data provided in the RELC, entitlement letters will be sent home in the parents/guardians preferred language (as stated in the RAPL) inviting them to an ELL Program Orientation to introduce the programs available in New York City, in our district and in our school. Second notices and calls will be made to those who missed the first orientation. The ELL Program Orientations will be conducted in the parents preferred languages, as stated in the RAPL, by bilingual school staff. Attendance will taken and kept with the ELL Compliance documents. The ENL teachers at PS 162Q also speak several of the home languages present within the school community: Chinese, Spanish, Greek and Korean. If there is a language that is not met by the school staff, the over-the-phone translation and interpretation hotline will be utilized. Remote ELL Program Orientations will also be offered for the parents that are unable to attend the in-person orientations. A sign in sheet will be available at the in-person and virtual parent orientation meetings to ensure all parents attended the required orientation. During the the orientation, the NYS ELL Parent Orientation video is shown in the parents' preferred language of communication. After the viewing of the state video, the ENL teachers will review the ELL Parent Survey and Agreement Form. Within the ELL Parent Survey and Agreement Form, the ENL teachers will introduce the available programs within the district and within the school. Parents/guardians are encouraged to ask questions about the programs offered. They are informed that the program of choice is for the entire school year, so they are encouraged to take a day or two to decide on the appropriate ELL Program for their child. The parents/guardians have five school days to complete and return the form. If they do not return the form within the five days, their child

will automatically be placed in the default program. However, if the parents/guardians However, if the parents/guardians is able to chose the ELL Program of choice at the meeting, they will complete the ELL Parent Survey and Program Agreement Form at the orientation. The ENL teachers will review the form and ensure that it is completed correctly. After receiving all the ELL Parent Survey and Program Agreement Forms, placement letters in the parents' preferred languages will be sent home. After the process is completed, all attendance forms, agendas and parent paperwork is collected and stored in boxes labeled by year. There is a designated ENL closet where the boxes for each year are stored for a minimum of 5 years.

Additionally, at Back-to-School Night, P.S. 162 Q will invite parents of ELLs to a special meeting with administrators and the ENL Team to review the Next Generation Learning Standards, assessments they will be taking and school expectations for all learners.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

P.S. 162 Q will conduct Annual Individual Meetings during Parent Engagement time to discuss goals and progress. These meetings will be held separate from the mandated ELL Program Orientation meeting and DOE-scheduled parent-teacher conferences. At this meeting, ENL teachers will discuss the goals of the program, language development progress, English language proficiency assessments results, and language development needs in all content areas. Each teacher keeps an excel spreadsheet listing parent's name, student's name, student's class, method of outreach, date, focus of discussion, possible outcomes of meetings. This spreadsheet is saved electronically in the teacher's private hard drive. In addition, a hardcopy will be placed in the ENL files located in the ENL closet. To ensure families receive necessary translation/interpretation supports to meaningfully engage in the annual individual meeting, we have multilingual ENL teachers and staff to provide the necessary translation/interpretation. However, if the parents' preferred language is other than what is provided on the school level, over the phone interpretation is utilized.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

To ensure families receive all school communications and documents in the language they best understand, P.S. 162 Q utilizes the GAMA communication platform where emails are sent directly to families in multiple languages as identified in the HLIS and RAPL. The Parent Coordinator utilizes GAMA to send weekly updates and announcements to families about upcoming events within the school community. Parents/Guardians are encouraged to reply vis email if they have any questions or concerns. Parents/Guardians are able to respond or reach out to the school in their home language if needed. The school staff will find someone to translate or use software (Google Translate or Microsoft Translate) available to translate the message. Upon entering the main office, families will see the NYCDOE Speak Your Language sign on the counter. All parents are greeted and asked their preferred language upon arrival. We have staff on hand that speak Mandarin, Korean, Spanish, Greek, Hindi and Urdu. Translation devices and APPs are used to answer quick questions. Should lengthier conversations be required, the translation hotline is used for low incident languages. PTA members also act as liaisons for families to bridge communication gaps with members speaking Mandarin, Korean, Spanish and Greek.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

P.S. 162 Q fosters empowerment for families of MLs/ELLs through numerous activities. All parents/guardians, including those of MLs/ELLs, are invited to join the PTA and participate in PTA events. P.S. 162 Q's parent coordinator and guidance counselor host "Chat and Chew" sessions to update families about the ongoing events within the school community. At "Chat and Chew", timely issues relevant to the diverse cultural groups within our school community are discussed. In addition to "Chat and Chew", P.S. 162 Q hosts monthly MVP and Great Citizen assemblies. These assemblies highlight student achievements. Families are encouraged to attend to support and celebrate their children as they receive the awards. P.S. 162 Q also offers parent academy that foster empowerment for all families, including those of MLs/ELLs. From discussions at Chat and Chew and PTA meetings topics for the parent academy meetings are derived. At parent academy, parents are brought in for informational sessions while students will participate in a hands-on activity facilitated by a teacher. P.S. 162 Q also hosts an annual Art Show lead by the art teacher. To encourage attendance, a paint night is scheduled for families to partake in before the Art Show. This paint night is lead by the art teacher to empower families to join in the school community. P.S. 162 Q also offers Title III Weekend Trips for families of MLs/ELLs. These trips are opened to the families of students that attend the Title III after school program. Each trip is aligned with the curriculum that was taught during after school to bring real-world experiences to our ELLs and their families. Families are encouraged to raise concerns with the principal at SLT and PAC meetings where data is reviewed and time is provided for parents to ask questions/raise concerns/make suggestions to address the needs of the community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

P.S. 162 Q ensures families of MLs/ELLs are aware of family leadership opportunities through GAMA, WeChat and the school website. The school reviews the school survey parent response portion to determines areas of increased need for parent support. Attendance, academic, and OORS data is reviewed periodically to identify areas where concerns for school climate may arise. Depending on the need noted, concerns will be brought to the appropriate subcommittee. i.e. OORS data concerns will be addressed at the safety team meeting which has staff, administration, and parents as members. Discussions are had with a cross section of parents, teachers and school administrators at PTA Meetings, SLT and Chat & Chews to determine what events and activities the parents want and need. A calendar of in-person and remote events are created based off the response.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

We work with community leaders and elected officials to bring enrichment programs to the school. Enrichment programs represent a variety of cultures. We have Lunar New Year performance, African American children's book author visits, Hip Hop dance residencies, monthly culture food celebrations at Chat and Chews. For our Lunar New Year Performance, we have partnered up with a local Korean Church to become more inclusive of all cultures that celebrate. P.S. 162 Q partnered with CITE to create and offer parents workshops. CITE provided resources for encourage reading at home in English and in the families' home languages. They also offered a workshop on academic and personal behaviors to support student success. Marquis Studios partnered with P.S. 162 Q to provide cultural events that highlights the cultures represented in our school community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The members of the ELL identification team are Elfrida Yu and Erica Choi (Dually-certified common branch and ESOL teachers).

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

P.S. 162 Q provides a variety of activities to assist newly enrolled MLs/ ELLs before the start of the school year.

For our incoming kindergarten students, there is an orientation to welcome new families to the P.S. 162 Q school community in the preceding June. At this orientation, interpreters are provided for the parents of the incoming MLs/ELLs. A handbook is distributed which includes kindergarten expectations and curriculum. To meet the majority of our incoming ML/ELL population needs, the handbook has been translated into Chinese. At the kindergarten orientation, the parent coordinator compiles a list of parent email addresses in order to disseminate information to the parents. Additionally, key staff members are in attendance to answer any questions or concerns parents may have before their child begin kindergarten in September. ENL teachers and school staff collaborate to facilitate a smooth registration process. Interpreters and bilingual staff members are available to assist families during this process, when needed.

The process for identification of ELLs year-round is as follows:

1. The school secretary will inform the ENL teachers that a new student has been registered and provide background information about the student (grade, DOB, previous school, previous ELL status (if applicable) and contact information). If the student has left the NYS public school system for more than two years, they must be re-administered the entire ELL Identification Process from step 1.

2. Using the information provided, the ENL teachers will contact the parents/guardians and make an appointment to complete page 2 of the Home Language Identification Survey in person at the school. Once completed, the ENL teachers will conduct a one-on-one informal interview with the student to gather more information.

3. After the parent survey and student interview, the ENL teachers will meet as a team to review the information collected. The ENL team will then determine whether the newly enrolled student needs to take the NYSITELL. If the decision is to test the student, the NYSITELL is administered.

4. Upon receipt of the scores, notification letters in preferred languages are sent home informing parents of the results of the NYSITELL, ELL status and their right to seek review of this determination.

5. The newly identified ELLs whose home language is Spanish must be administered the Spanish LAB within the first 10 days of school (or 20 days if the incoming student has an IEP).

6. ELLs who have attended a United States school for less than twelve months and are two years below grade level in both literacy and mathematics in their home language, may be identified as Students with Interrupted/Inconsistent Formal Education (SIFE). P.S. 162 Q has 30 school days from initial enrollment to make a preliminary SIFE determination. The timeline for SIFE determination begin after completing the Home Language Identification Survey. P.S. 162 will still conduct ELL identification as listed above. However, if during the ELL Identification process, there are indications showing a students has interrupted or inconsistent formal education, the SIFE Identification Process will begin. Students can only be identified as SIFE in grades 3-9.

7. If the student qualifies for ENL services, the Entitlement letter will provide parents with a date and time to meet for a Parent Orientation. Additional dates will be provided if the parent is unable to make it. However, if the parents have work conflicts, a remote meeting will be offered. Parents are welcomed to bring their own interpreters, however, interpreters will also be available through the means of bilingual staff members or NYCDOE Office of Language Access. At the end of Parent Orientation, the ENL teachers will go over the ELL Parent Survey and Program Agreement Form. Parents have the opportunity to choose a program at the orientation, However, if they require additional time to think about the program they want their child to participate in, they have give school days to complete the agreement form. If they do not return the survey and agreement form within five days, a default program letter will be sent home.

8. As the ENL Team receives the Parent Survey and Program Agreement Forms, the principal will be made aware of the families that requested a bilingual program. If we have availability in our Dual Language Bilingual Education class and the parent wishes their child partake in the program, the child will be moved to the desired program of choice. Afterwards, schools must send home a Placement Letter informing parents the program in which their child has been placed.

9. Newly enrolled students that have gone through the ELL Identification Process may undergo the ELL Re-Identification Process. This process allows schools and parents who believe that the student was misidentified, to undergo the ELL Identification Process again. They have 45 days from the initial determination to make this request in written form.

10. Between six to twelve months, if ELL status was reversed during a re-identification process, the school must review all related documents and data pertaining to the student. This review is to ensure that the student's is progressing academically and the reversal did not adversely affect the student.

Whenever a new ML/ELL enrolls throughout the school year the ENL teachers conduct an oral interview with the parent and student, and have the parent view the program choice videos in their home language. Their names are added to the parent coordinator's email list. Any special needs are referred to the appropriate support staff.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Elena Cunneely

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maria	Malo	Parent Coordinator - Annual	02/13/2025	y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ALBANIAN	1	0.15%	1	0.15%	N/A	N/A
ARABIC	1	0.15%	0	0.00%	N/A	N/A
CHINESE ANY	298	45.22%	159	24.13%	8	8
CHECHEN	1	0.15%	1	0.15%	N/A	N/A
CANTONESE	0	0.00%	6	0.91%	3	3
GREEK	2	0.30%	2	0.30%	2	2
KOREAN	24	3.64%	25	3.79%	3	3
MANDARIN	0	0.00%	141	21.40%	8	8

ENGLISH	287	43.55%	281	42.64%	50	50
PASHTO (A.K.A. PUSHTO)	1	0.15%	1	0.15%	0	0
RUSSIAN	4	0.61%	4	0.61%	N/A	N/A
SPANISH	39	5.92%	36	5.46%	4	4
(AMERICAN) SIGN LANGUAGE	0	0.00%	1	0.15%	N/A	N/A
TURKISH	1	0.15%	1	0.15%	N/A	N/A

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Informational Flyers and Administrator's letters	All of the communications are sent via GAMMA which has a translating feature to provide access to all families.
Information teachers send to parents to clarify daily assignments or activities	Teachers use Class Dojo that has a translation feature to provide classroom reminders for families.

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g.	How do you plan to offer interpretation services? Please outline the procedures and

parent workshops, PTCs)	resources in place to ensure timely access to interpretation for parents.
Chat and Chew	We use paraprofessionals or teachers to provide interpretation as needed at the meetings.
Individual parent meetings	We use translation earbud devices to support translation for 1:1 communication for all languages for which we do not have personal translators.
IEP meetings	We use translation hotline services.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of an emergency, our school's communication strategy to reach whose home language is other than English is to utilize bilingual staff members in our school building as well as using the DOE Over-the-phone Interpretation Services.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All required professional learning session will be facilitated during Monday professional learning time.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

All NYCDOE brochures and signs are posted in the office and lobby. All flyers are sent through a translated messaging system.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

We will continue to increase parent outreach efforts to improve parent participation in NYC School Survey by backpacking translated letters with directions for accessing the survey. We use the NYC School survey results that had a 61% participation rate. There was a 98% favorable rating for the question: My child's school communicates with me in a language I can understand.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

Plans for Further Improvement

1. Continued Use of Technology
We plan to further integrate technology into our language support services by expanding the use of apps that support language learning, as well as enhancing the accessibility of translation tools for students and their families.

2. Focus on Family Engagement
We understand the importance of involving families in their children's education. Moving forward, we will continue to offer more resources and events that cater specifically to non-English-speaking parents, ensuring they feel more empowered to support their children's academic journeys.

3. Ongoing Staff Training
We plan to increase the frequency of professional development workshops, focusing more on strategies that address specific language barriers within the classroom. Additionally, we aim to incorporate more training on culturally responsive teaching practices to enhance the overall educational experience for ELL students.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

NOT conceptually consolidated (must complete part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,After School

Total number of ELLs to be served in this program:

75

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

three

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

three

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

three

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

P.S. 162 Q's Title III After-school program will supplement our mandated program for English Language Learners. We will invite ELLS in grades K-5. Students will be grouped according to their grade level and/or their NYSESLAT and NYSITELL proficiency levels. Three mixed grade classes, consisting of Transitioning and Expanding students, will be created: K and Grade 1, Grades 2 and 3, Grades 4 and 5.

This school year, P.S. 162 Q is excited to continue an afterschool program that engages MLs/ELLs in problem-based STEM activities that elicit higher order thinking and are aligned with the school's vision statement: "To create the space where all students learn who they are and who they need to be to become the creative and innovative problem solvers of the 21st century." The goal of this program is to have students explore scientific concepts through group projects that promote communication and problem-solving skills which can transfer into real world applications to ensure the students are college and career ready. Teachers will scaffold this work using various ENL (English as a New Language) instructional strategies. The MLs/ELLs will be immersed in a wide range of activities to promote reading comprehension, written expression, listening comprehension, and speaking language skills. The Language Experience Approach will be utilized to extend listening and speaking into reading and writing and to validate the student's own language in a natural setting. Thematic picture word walls, graphic organizers, paragraph frames, pictures, sentence frames, TPR, modeling, role playing, and the use of SMART board technology are incorporated to encourage students to participate in class activities. Critical thinking skills are emphasized through the creation of group projects that vary according to the unit of study.

The materials used are supplemental, distinct from those used for daily instruction, and provide students with multiple entry points. Parents will be notified in both English and their preferred languages. Records of each student's attendance will be kept by the teachers. Both copies of parent notifications and attendance records will be kept in a binder for compliance purposes. At the conclusion of the afterschool program, students will have an opportunity to share their work with the school community. As a culminating project, students and a family member will be offered an opportunity to take advantage of the rich cultural environment that surrounds our community by participating in a field trip that incorporates the science of the curriculum in the real world. During the field trip, students will be able to observe how the curriculum they learned is applied in a real world setting.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

This after school program is designed to promote and assist English language acquisition and improve English language skills through knowledge-based STEM units of study. Strategies will be implemented to foster community,

confidence, independence and engagement. Students will participate in standards-based group activities that will create opportunities for career connected learning and pathways for students to expand their understanding of careers. Data sources used to justify the need for the program include, NYSITELL, NYSESLAT, state exams, iReady (Grades 3-5), and Acadience (Grades K-2).

Based on our NYSITELL and NYSESLAT scores, 79.2% of our ELL demographic tested on transitioning and expanding proficiency levels. For this reason, our Title III After School program will be geared towards these students.

Additionally, our 2024-2025 End of Year Data is as follows:

Acadience Data (K-2)

K: 65% of all students are at or above benchmark and 42% of ELLs are at or above benchmark
1: 66% of all students are at or above benchmark and 38% of ELLs are at or above benchmark
2: 59% of all students are at or above benchmark and 20% of ELLs are at or above benchmark

iReady Data (K-5)
K: 78% of all students are at or above benchmark and 63% of ELLs are at or above benchmark
1: 57% of all students are at or above benchmark and 26% of ELLs are at or above benchmark
2: 66% of all students are at or above benchmark and 40% of ELLs are at or above benchmark
3: 62% of all students are at or above benchmark and 20% of ELLs are at or above benchmark
4: 52% of all students are at or above benchmark and 8% of ELLs are at or above benchmark
5: 65% of all students are at or above benchmark and 0% of ELLs are at or above benchmark

According to this data set, ELLs in the upper grades have a bigger gap to bridge than ELLs in the lower grades. The results will show that they are approaching and not yet at or above benchmark. By utilizing knowledge-based STEM units of study, P.S. 162 Q hope to assist ELLs in bridging the academic gap the students face as they move up grade levels.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

P.S. 162 Q's Title III After School Program will supplement our mandated program for English Language Learners (ELLs). Transitioning and Expanding ELLs within the Newcomer and Developing ELL subgroups will be offered the opportunity to participate in the Title III After School Program. Three mixed grade classes will be create: Kindergarten and Grade 1, Grades 2 and 3, Grades 4 and 5.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The program will be offered as 2-hour sessions, after school, on Tuesdays and Wednesdays from October 14, 2025 through January 20, 2026.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Title III After-school Program will be delivered in English. Home language will be utilized to introduce new academic vocabulary within the units of study. Bilingual glossaries and translated texts will be used when needed.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

One English/Chinese speaking teacher with TESOL certification

Two English speaking teachers with TESOL certification

We will invite 25 Transitioning or Expanding students in each grade band (K-1, 2-3 and 4-5).

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

Instructional STEM units created by Engineering is Elementary (EiE) will be purchased to explore three different scientific areas in ways that promote collaboration and communication skills. These materials are exclusively for Title III and are distinct from what is being used during the regular school day.

K/1- Designing Animal Shelters

2/3 - Designing Lighting Systems

4/5 - Designing Parachutes

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

P.S. 162 Q's Title III After-school will notify parents by sending out notices. Records of each student's attendance will be kept by the teachers. Both copies of parent notifications and attendance records will be kept in a binder for compliance purposes. We will invite ELLS in grades K-5.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

The professional learning opportunities will be centered around language acquisition through the use of HMH English 3D and Language Launch. We are noticing a trend within our ELL community at P.S. 162 Q. Currently, majority of our ELL community are newly arrived newcomer ELLs. In order to better support these students, all three ENL teachers will participate in the following professional learning opportunities: 2 hour long Live Online Getting Started Training for HMH English 3D and Language Launch, and 1hour Follow Up Training Session for HMH HMH English 3D and Language Launch. These sessions will be provided by HMH, an approved vendor for the DOE (#vendor). The professional development provided will be at cost to the Title III ELL Funds.

With our growing population of newcomer ELLs, P.S. 162 Q will assist teachers on becoming well versed in data analysis. To be understand our growing population, P.S. 162 Q will conduct data dives amongst grade teams and hire substitute teachers to cover classes. During these data dives, teachers will notice trends and create groups based on the needs of the newcomer ELLs.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

In order to support the four domains of language acquisition, ENL teachers will attend the HMH training on English 3D and Language Launch. These programs are there to support the newly arrived students to help bridge the learning gap amongst the newcomer ELL subgroup.

Additionally, the data dives will be used to drive instruction for our ELLs within all subgroups and proficiency levels. We will be using Acadience and iReady data. The data is as follows:

Acadience Data (K-2)

K: 65% of all students are at or above benchmark and 42% of ELLs are at or above benchmark
1: 66% of all students are at or above benchmark and 38% of ELLs are at or above benchmark
2: 59% of all students are at or above benchmark and 20% of ELLs are at or above benchmark

iReady Data (K-5)
K: 78% of all students are at or above benchmark and 63% of ELLs are at or above benchmark
1: 57% of all students are at or above benchmark and 26% of ELLs are at or above benchmark
2: 66% of all students are at or above benchmark and 40% of ELLs are at or above benchmark
3: 62% of all students are at or above benchmark and 20% of ELLs are at or above benchmark
4: 52% of all students are at or above benchmark and 8% of ELLs are at or above benchmark
5: 65% of all students are at or above benchmark and 0% of ELLs are at or above benchmark

According to the data set above, we noticed that as we move up in grade levels, the gap becomes greater. We need more support for newcomer ELLs in fourth and fifth grade to help bridge the gap. Which is why it is imperative for all teacher to analyze and utilize data to better support this demographic.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

The 3 teachers who will be facilitating the afterschool program are dually certified in both ESOL and Common Branches. They all have several years of teaching experience and have taught across various grades.

All three ENL teachers will participate in the following professional learning opportunities: 2 hour long Live Online Getting Started Training for HMH English 3D and Language Launch, and 1hour Follow Up Training Session for HMH HMH English 3D and Language Launch.

The professional learning is designed to support the after-school program. The STEM instructional units require students to collaborate with each other. Using graphic organizers will help the students to structure their writing in order to create a group project. In addition to collaboration, the afterschool program has a strong family support component. The sessions will provide insight into the importance of, and ways to connect to, families and their cultural/language backgrounds.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**

- **Days of sessions, and**
- **Time and duration of sessions.**

HMH:

live online $800 2 hours
1 follow up $700 1 hour

rest use for per session common planning grade with ENL teacher

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

In addition, the ENL teachers will be attending professional learning opportunities given by the district office, as well as HMH.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Houghton Mifflin Harcourt is an approved vendor for the DOE ().

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Any materials provided during the professional development sessions, including agenda and attendance sheets will be kept in teacher files.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

Three times a year, coinciding with student report cards/assessment windows, teachers will facilitate parent workshops for families to discuss topics such as:

November/December 2025 - One hour session
· Sharing online ELL resources such as iReady individualized instructional path.
· What questions to ask teachers during Parent Teacher Conferences
- SEL instruction and behavior supports for children

March 2026 - One hour session
· Getting ready for the NYSESLAT
-What is the Promotion in Doubt Process? How can I continue to support my child ?

May/June 2026 - One hour session
· Resources and suggestions to continue language learning over the summer

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

To include parents as a partners in their child's education, the following workshops will be provided by the ENL teachers and administrators. Parents will be better equipped to help their children at home. Sharing online ELL

resources, Getting ready for the NYSESLAT, and Resources and suggestions to continue language learning over the summer.

The Getting Ready for the NYSESLAT workshop will be held multiple times in different languages based on preferred language of the ELL parents/guardians. Additionally, to ensure that parents have the opportunity to ask questions, they will be divided up into grade bands.

Translators will be provided if available.

Letters will be sent out in the parent's preferred language based on the RAPL report.

Based on our parent surveys 95% stated that they have had a conversation with their child's teacher about academic performance. Therefore, our parent workshops and activities are designed to provide engaging parent/child experiences to build better community where parents will feel more comfortable having conversations about academic progress.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Three times a year, coinciding with student report cards/assessment windows, teachers will facilitate parent workshops for families to discuss topics such as:

November/December 2025 - One hour session
· Sharing online ELL resources such as iReady individualized instructional path.
· What questions to ask teachers during Parent Teacher Conferences
- SEL instruction and behavior supports for children

March 2026 - One hour session
· Getting ready for the NYSESLAT
-What is the Promotion in Doubt Process? How can I continue to support my child ?

May/June 2026 - One hour session
· Resources and suggestions to continue language learning over the summer

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

November/December 2025- One hour session
· Sharing online ELL resources such as iReady individualized instructional path.
· What questions to ask teachers during Parent Teacher Conferences
- SEL instruction and behavior supports for children

March 2026 - One hour session

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

PS 162 ENL teachers: Elfrida Yu, Erica Choi , and Cally Stefanidis.

DL Teams: Karen Qu, Jacqueline Daidone, Yiyi Li

Parent Coordinator: Maria Malo

Administration: Eve Sci and Richard Schnabel

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

School messenger service and Dojo translates all messages into parents preferred language. ENL teachers will be sending letters home in parent's preferred language in the child's Take Home Folder. Parents are invited to bring their own interpreters to events if they so wish. However, bilingual staff members will be available to provide interpretation support if needed. For low incident languages, P.S. 162 Q will provide devices for translation needs.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

All agendas, attendance sheets and invitations in parents preferred languages will be maintained in ENL files.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
Professional salaries (schools must account for fringe benefits):-Per session -Per diem		
Purchased services -High quality staff and curriculum development contracts.		
Supplies and materials -must be supplemental -additional curricula, instructional materials -must be clearly listed.		
Educational Software (Object Code 199)		
Parent Engagement Events
