Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget
- Title III Immigrant Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 60 - The Woodhaven School

District Borough Number (DBN):

27Q060

Grades Served:

3K - 5

School Address:

91-02 88th Avenue Woodhaven, NY 11421

Phone Number:

(718) 441-5046

Fax:

(718) 805-1487

School Contact Person:

Elizabeth Orsini-Fox

School Contact Person Email Address:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Elizabeth Orsini-Fox	*Principal or Designee	
Jose Cruz	*United Federation of Teachers (UFT) Chapter Leader or Designee	
Cassandra Regan/Mellisa Sandoval	*Parents' Association (PA)/ Parent-Teacher Association (PTA) President or Designated Co-President	
Kim Andrews	District Council 37 (DC 37) Representative (staff), if applicable	
Claudia Durand-Aldoy	Title I Parent Advisory Council Chairperson (or alternate)	
Andrea MIdy	Title I Parent Advisory Council Chairperson(or alternate)	
	Student Representative (Required for high schools)	
Damaris Carrasco	CBO Representative, if applicable	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
	Student Representative (Required for CSI, TSI, Receivership Middle Schools)	
Danielle Miranti	Staff or Parent	
Cassandra Regan	Staff or Parent	
Rosa Elina Munoz Cervantes	Staff or Parent	
Claudia Durand-Aldoy	Staff or Parent	
Andrea Midy	Staff or Parent	
Erika Morales	Staff or Parent	
	Staff or Parent	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Name	Position and Constituent Group Represented	Signature
Principal-Elizabeth Orsini-Fox	Team Leader- Instructional Leadership Team	
Guidance Counselor-Megan Stirpe	Team Leader - Attendance Team	
Parents-Claudia Durand-Aldoy/ Andrea Midy	Title 1 PAC Chairperson - Parent Advisory Committee	

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

P.S. 60 Mission Statement
Our mission at P.S. 60 is to empower our entire student community to cultivate a culturally responsive and inclusive learning environment that champions educational equity and success for all our diverse learners. We are committed to building a safe and trusting community where ever every individuals feels welcomed and supported, encouraging them to take academic and personal risks with confidence, both in and out of the classroom.

P.S. 60 Vision Statement
At P.S.60, all students thrive academically, socially, and emotionally in a positive learning environment where social and emotional learning cultivates self-awareness, empathy, and resilience. We celebrate each student's cultural identity and talents, preparing them to be compassionate and productive citizens in a diverse world.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

Public School 60, The Woodhaven School, is a school that services students in grades 3K-5 in Woodhaven, New York. Our school is located in District 27. Public School 60 has a diverse population of students and incorporates the celebration of cultures and customs into areas of instruction within the building. Our population consists of 18.5% Asian or Native Hawaiian/other, Pacific Islander, 4% Black Students, 71.5% Hispanic or Latinx students, 2% Native American or Alaska Native students, 3% White students. The student population consists of 52% male students and 48% female students. Within the student population, 29% of students are English Language Learners and 17% of the student population are Students with disabilities. Public School 60 knows that attendance for all students and teachers is a vital component for student success. Our student attendance rate is 91%. The attendance for teachers in the school building is 97%. Public School 60 is rated as "Local Support and Improvement (LSI)" by New York State Education Department (NYSED). Public School 60 is now designated as a Math Ambassador school in District 27.

Briefly summarize the key initiatives your school will implement this school year.

To ensure success for all students, we will continue to focus on progress monitoring where we will implement Tier 2 and Tier 3 interventions based on data obtained from Acadience, iReady, CommonLit, IXL Learning, and benchmark assessments to promote student growth. We will continue to build instructional capacity by conducting intervisitations with our Master Teacher. We will ensure there is a strong implementation of phonics instruction based on the Science of Reading and evidence-based practice. We will continue to work with teacher teams to refine instruction and examine performance tasks based on Next Generation Learning Standards. An initiation of school-wide monthly themed safety lessons will be implemented in September.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
EnVision Math 2.0 (Mathematics)	K-4	Savaas Realize - Digital and Print	
HMH Into Reading - (English Language Arts)	K-5	HMH Into Reading - Digital and Print	
Fundations (ELA Phonics)	K-2	Wilson Fundations - Print	
Heggerty (ELA Phonemic Awareness)	K-2	Digital and Print	
Letrs	Pre K- K	Print	
IXL Learning	Pre K - 5	IXL Digital Learning Platform	
iReady Math	5	iReady- digital nd Print	

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
As per the Acadience Spring 2025, Composite data indicates that 77% students are below level in foundational reading skills aligned with phonemic awareness, phonics, fluency, vocabulary, and comprehension.	ELA achievement for students in grades K-2 is below proficiency for phonological awareness and decoding skills.	Students need strong foundational support in early literacy skills, targeted small-group instruction, and consistent progress monitoring.
As per Acadience Data Spring 2025 33% of all K-2 students are performing at or above benchmark.	Overall ELA achievement is below proficiency in foundational reading skills.	Students need to improve with word attack skills by Identifying initial sounds in words and read real words accurately and quickly.
As per the MapGrowth Spring 2025 Projections	Overall ELA achievement	Students in grades 3-5 need

42.1% of students projected to score 1 25.4% of students projected to score 2 21.7% of students projected to score 3 10.8% of students projected to score 4	for All students in grades 3-5 is below proficiency in reading comprehension.	additional support in building oral fluency and reading comprehension skills.

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	36% (122)	By June, 2026, literacy for All Students will improve, as measured by a 10% (33) Increase, from 36% (122) to 46% (155), of students performing at or above benchmark on the Acadience EOY Benchmark Assessment .
All Students	62% (245)	By June, 2026, literacy for All Students will improve, as measured by a 10% (42) Increase, from 62% (245) to 72% (287), of percentage of students scoring at Levels 3 & 4 on the ELA State Exam.
All Students	73% (539)	By June, 2026, literacy for All Students will improve, as measured by a 10% (56) Decrease, from 73% (539) to 63% (483), of percentage of all K-5 students below grade level on the Acadience & iReady screeners.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Acadience

Enter a Key Performance Indicator

Percentage of all students in grades K-2 performing at or above level on Acadience Benchmark

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit instruction will be embedded in reading, phonics, and vocabulary lessons.

Root Cause Addressed:

Students have challenges with word attack skills and using grade-level decoding strategies resulting in limited fluency.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement a foundational phonics (FUNdations) and phonemic awareness (Heggerty) curriculum for grades K-2.
Using decodable texts to practice skills learned during explicit instruction
Ongoing professional development focused on explicit instruction
Implement Tier 2 and Tier 3 supports to improve student performance by giving them what they need
Progress monitoring using Acadience in grades K-2.
Virtual Saturday program focused on foundational skills for ENL students in grades K-1

Key Strategy 2 (Optional):

To support reading comprehension in grade 3-5, we utilize the HMH Into Reading curriculum along side iReady to deviled targeted, individualized instruction. Additionally, regular mock exams and progress monitoring using iReady screeners ensures students are prepared for grade level expectations.

Root Cause Addressed:

Overall ELA achievement for All students in grades 3-5 is below proficiency in reading comprehension.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Rise and Read morning program for ENL students in grades 3-5
MTSS/AIS support for students performing below grade level
Ongoing grade team data dives using iReady and ROAR screener data to drive instruction
Small group (Tier 2 and Tier 3) targeted instruction
Teachers will reflect on and refine instruction based on student needs
Students help create concrete success criteria to establish ownership over their learning
Classroom teachers will use Phonics for Reading as a Tier 3 intervntion during the WIN period to provide students with instruction in foundational skills

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Ongoing Acadience (for grades K-2) and iReady (for grades 3-5) progress monitoring will be used to assess students' phonological awareness and oral reading fluency. Teachers will identify students performing below benchmark (strategic or intensive risk levels) and group them according to specific skill deficits such as decoding, fluency, phonemic awareness, vocabulary and comprehension. Tier 3 students will recieve interventions during the WIN period within thier classrooms. In addition to Acadience and iReady data, student achievement will also be tracked using various technological platforms that provide individualized learning paths and measure skill

proficiency based on real-time student performance.

As of the middle of the year assessment window we are almost on track to meet our K-2 reading goal, 34% of students in grades K-2 are performing on grade level in reading as per the acadience screener. This is a 2% decrease from the beginning of the year Acadeince screener (36%).
As of the middle of the year assessment window we are on track to meet our 3-5 reading goal, 31% of students in grades 3-5 are performing on grade level in reading as per the iReady. This is a 12% increase from the beginning of the year iReady screener (19%).
As of the middle of the year assessment window we are on track to meet our MTSS goal, curerntly 67% of students are performing below grade level in reading. This is a 6% decrease from the beginning of the year screeners (73%).

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	School Leadership Team SLT Parent Teacher Association PTA	
09/08/2025	06/26/2026	Parent Engagement	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Fair Student Funding, Title IV, Title III

Instructional Resources

IXL, Amira, Sound Reading Solutions

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
89.5% of teachers taught between 6-10 safety lessons, as per an anonymous Google Form.	Time constraints to teach the lessons. There was a decrease mid-year, due to middle of the year testing requirements and teacher illnesses.	K-5 classes should receive an equitable amount of safety lessons.
22 High Level Safety Incident Reports (OORS 2025)	Limited number of SEL opportunities and/or resources/support	K-5 students be provided with a variety of resources: teachers, digital resources, books, tangible items, etc.

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	2	By June, 2026, physical and mental wellness for All Students will improve, as measured by a 100% increase, from two to four assemblies, every grade should have access to a planned safety assembly at least four times per year from 2 to 4, per the School Data To Track Assemblies and Community Visitors.
All Students	22 Level 4 (0 Level 5)	By June, 2026, physical and mental wellness for All Students will improve, as measured by a decrease in OORS K-5 High Level Safety Incidents by 15%, from 22 to 18 incidents across the school year.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

The Safety goal data from last year's CEP indicate a need for more specific, moderated safety instruction. Periodically throughout the year, teachers, visitors, and community guests can provide assemblies specifically for safety. This will ensure an equitable amount of safety lessons provided for each grade. Every grade will have access to a planned safety assembly at least four times annually.

Scheduled for November 2025 - Department of Transportation safety lessons. NYC's Director of Education and Program Planning | Safety Education & Outreach in conjunction with Family Life Theater Programs will provide the November 2025 safety assembly.

Root Cause Addressed:

Lack of instructional time for teachers to implement all safety lessons. Assemblies also ensure that K-5 grades will have access to safety lessons, even if teachers are absent and/or attending meetings/trainings.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers and administrators will collaborate to develop safety assemblies for teachers and students.
Local community members can contribute to assemblies, ex; DOT, FDNY, NYPD, etc.

Key Strategy 2 (Optional):

Teacher-Student mentor partnerships with students whose actions resulted in a Level 4/5 HLSI.
Collaboration between two classes to improve student relationships in the form of Buddy Classes
Collaborate with school's dean to develop interventions, as needed.
Crisis Team meetings to develop holistic plans that include input from multiple disciplines (ex: academic, behavioral, language, etc.).
Embed Social-Emotional Learning lessons during the day, like Mind Up and The Word of The Week
Utilize the Sensory Hallway and floor-stable Boxing Bag when students feel overstimulated and/or frustrated.
Provide noise-cancelling headphones after parental approval and offers for "quiet breaks."
On-going Professional Learning sessions (ex: Language Matters)
At-risk Counseling offered

Root Cause Addressed:

Students experiencing negative emotions/frustration need guidance on how to appropriately communicate their feelings and improve peer relationships.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers will embed SEL lessons within the curricula
Teachers will collaborate to suggest appropriate pairing of students for Buddy Classes
Guidance Counselor will offer at-risk Counseling to students who demonstrate a need to improve frustration tolerance
On-going staff PL & Crisis Team meetings

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine

progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Goal 1:Progress monitoring to ensure implementation of annual goal will be documented on a Google Sheet or an Excel Sheet. Columns will provide data for assembly dates and subjects. Subsequently, teachers will be given opportunities to provide resources/materials as extension lessons or follow up activities. Lesson implementation data will be collected via a Google Form. *Form updated to reflect Department of Transportation Safety Lesson

Goal 2: Progress monitoring of incidents (OORS), data collected during team meetings to reflect collaboration and plans to address students in need of assistance.

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	05/29/2026	Local community members will be invited to participate in school safety assemblies	Possible outreach to NYDS, NYPD, FDNY, NYC Parks, and/or Lifeguards
09/08/2025	05/29/2026	PTA to provide opportunities for parents to learn how support their children's social-emotional needs.	Mind Up

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Local community members - volunteers

Instructional Resources

Digital files or manual files, fliers, and handouts as needed.

Schedule Adjustments

K-5 assemblies scheduled to ensure all students may participate.

Other Resources Needed

Title I Funds, if needed

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
43% of our students in grades 3-4 are below or approaching proficiency in Math based on the Spring 2025 NYS Math Exam	Improve math academic outcomes students in grades 3-4	Teachers need more targeted training and support in teaching of math, planning and preparation and progress monitoring.

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	49.8% (134)	By June, 2026, the percentage of students, in grades 3-5, achieving level 3 & level 4 on the NYS Math Exam will Increase by 10% from 74% (306 students) to 84% (340 students), as measured by NYS Math Assessment.
All Students	89% (680 students)	By June, 2026, the percentage of all K-5 students below grade level will Decrease by 10% from 89% (680 students) to 79% (601 students), for All Students, as measured by i-Ready Math Screener.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Math Ambassadors will support teachers in the Math shifts.

Root Cause Addressed:

Teachers need targeted training and support in teaching of math, planning and preparation and progress monitoring.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Math ambassadors will turnkey instructional strategies and protocols during professional learning.
Math ambassadors will facilitate intervisits and model best practices.
Teachers will incorporate math fluency centers.
Teachers will embed number talks throughout daily math routines.
Students will receive Tier 2 support, through AIS, to better support their math fluency.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will utilize formal and informal assessment data to progress monitor student proficiency levels and growth. iReady data at the beginning, middle, and end of the year will drive instruction and flexible grouping to meet the needs of all students. School net benchmarks throughout the school year will also be utilized. Teachers will analyze and break down data based on grade level standards and subgroups. Additionally, teachers will utilize unit exams to progress monitor students' math proficiency and growth in grade level standards. Data driven instruction along with best practices will enhance student learning and achievement amongst all grade levels. Lastly, individual student data charts along with immediate feedback will support and guide students towards setting academic goals and allow successful progress monitoring of their individual learning paths.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/26/2026	Parent Workshop	Parent Workshop School Leadership Team (SLT) Parent Teacher Association (PTA)

Other Resources Needed

Math Ambassadors, Schoolnet

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024/2025 school year, 24% (184 out of the 772) K-5 students in PS 60 have taken part in CS instruction via Scratch/Scratch Jr.	Students require instruction on how to use basic coding programs like Scratch and Scratch Jr.	Few K-5 students in PS 60 have been exposed to CS instruction for coding.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	23.8% (184 students)	By June, 2026, teachers will show an increase of utilizing Scratch and Scratch Jr. lessons during classroom instruction. The number of students using Scratch/Scratch Jr. will increase by 26% (202 students) from 23.8% (184 students) to 50% (386 students) as measured by a Teacher Survey.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a Scratch Jr. lesson once a week in 2 STEM classes in grades K-2.

Root Cause Addressed:

Students require instruction on how to use basic coding programs like Scratch and Scratch Jr.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement a Scratch Jr. lesson once a week in 2 STEM classes in grades K-2.

Key Strategy 2 (Optional):

Implement a Scratch Jr. lesson once a week in 2 STEM classes in grades 3-5.

Root Cause Addressed:

Students require instruction on how to use basic coding programs like Scratch and Scratch Jr.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Implement a Scratch Jr. lesson once a week in 2 STEM classes in grades 3-5.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Teachers will create a year long calendar of Scratch/Scratch Jr. lessons. Attendance sheets with student hours logged in Scratch/Scratch Jr. will be kept by teachers. A survey will periodically be completed by teachers to confirm the number of students engaged in coding lessons via Scratch/Scratch Jr. Survey data will be reviewed to update goals.

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Per our 2025 Spring Parent Survey, 90% of 137 parents responded favorably to the	Low parent response to Parent Engagement survey questions.	Encouraging parents to actively participate in school-

parent engagement questions.		created forms/surveys.
Per our 2025 Spring Parent Survey, 137 parents out of 950 students of P.S. 60 parents responded favorably to the parent engagement question, "I have attended a general meeting or school event."	Events/meetings are held at times that are not conducive to parents schedules and/or do not provide engaging opportunities for parents to want to attend. As a result, parents have a lack of understanding of school-wide data and instructional practices	Low turnout of parents attending general/informational meetings, including PTA meetings and workshops.
In the 2024 2025 school year, only 81.5% of parents were connected to the school's Remind account.	In addition to sending out print copies (invitations, notices, etc.), the school communicates heavily via digital resources, such as the Remind app. However, all parents are not connected to the classroom teacher's account or to the school's account. As a result, many parents do not receive the regular reminders about events and activities and say they were unaware of or forgot about the events/activities.	Overall parent engagement /attendance at school-wide activities/events is low (class, grade, and school-wide)

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	37%	SMART Goal: By June, 2026, the percentage of families who participate in the survey stating they have attended a school event will Increase by 23% from 37% to 60% as measured by In House School Survey.
Parents of All Students	30%	PS 60 will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the percentage of families completing the parent survey form will Increase by 70% from 30% to 100% as measured by completion of the 2026 Parent Survey.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Regularly survey parents to gather feedback on their needs and preferences, and use this information to improve engagement strategies.

Utilize Remind and our school Instagram to keep families informed about our survey goals and the current status of responses. We will encourage and motivate students to remind their families to complete the survey, as classes that reach 100% participation will earn a class prize.

To further support participation, all parents who complete the survey will receive a raffle ticket, providing an additional incentive to help us reach our goal of 100% family participation.

Root Cause Addressed:

Parents demonstrate lack of understanding to school-wide data, expectations, and structures.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Host more teacher-led parent workshops focusing on digital platforms used within the classroom and at home by students.
Volunteer opportunities for parents to encourage involvement in the school community
Monthly school-wide newsletter and calendar translated into parents' home language to share information and

upcoming events within the school community.
Remind App used to provide parents with actionable information and inform parents about upcoming events and instructional activities, translated into parents' home languages.
School Based Support Team and Guidance counselor will work together with families to align home and school life and assist in setting up the home for learning support.
Ensure all communication is accessible in multiple languages and formats to cater to diverse parent populations.
Digitally log parent attendance (via a Google form) when they attend any general school meeting, PTA meeting, or school event.
Send out daily reminds on social media Instagram.
Set up parent tables to support online log in for completion.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Ongoing parent attendance data will be collected and tracked through the use of Google forms and hard copies of parent attendance amongst all grades. Parent surveys will be given out at the beginning, middle, and end of the year to track parent connections.

Daily check-ins to see response rate on Panorama Education.

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/08/2025	06/26/2026	Parent Workshops	School Leadership Team SLT Parent Teacher Association PTA
09/08/2025	06/26/2026	Parent Engagement	Teachers/Parents
09/16/2025	09/19/2025	Parent Meet the Teacher Event	Parents/Teachers
10/15/2025	10/31/2025	Halloween Health Walk	Parent/Teachers
12/18/2025	12/23/2025	Reindeer Run	Parents, Teachers
01/01/2026	01/31/2026	Lunar New Year Celebration	Parents/Guardians/Teachers

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
Analyzed Attendance Report YTD attendance data on Insight SY 2024-2025 (monthly) Analyzed attendance data on Portal by New	Possible causes of the current absenteeism occurring at P.S. 60 include: Students may be absent due to unstable living such as moves/ shelter transfers or long commutes from shelter to school. Students may not have regular access to healthcare which can lead to untreated illnesses and students miss school. Students may not have adequate clothing, appropriate outdoor gear or school supplies leading to absences. Students may feel disconnected to school because of their absences which leads to limited participation in after school and support programs.	Chronic absenteeism for students in Temporary Housing in P.S. 60 is the highest percentage subgroup according to our most recent YTD attendance data.

Visions SY 2024-2025		
Analyzed Attendance Report YTD attendance data on Insight SY 2024-2025 (monthly) Analyzed attendance data on Portal by New Visions SY 2024-2025	The need to identify students who are at-risk of being chronically absent and to implement positive and supportive engagement strategies such as positive comments, announcements, incentives, a mentor/buddy, etc. The need to actively speak to parents when their children are flagged to be at risk.	Identify "why" students are at risk to be chronically absent targeting the ELLs, SWDs and students in temporary housing.
Analyzed Attendance Report YTD attendance data on Insight SY 2024-2025 (monthly) Analyzed attendance data on Portal by New Visions SY 2024-2025	The need to improve community understanding of the importance of attendance having a direct impact on academic success. The need to have increased family involvement in school activities.	Increase parent involvement SY 2025- 2026

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	91%	By June, 2026, the Attendance Rate for All Students will increase by 2% (19 students) from 91% (879 students) to 93% (898 students), as measured by the Insight Attendance Reports.
All Students	36%	By June, 2026, the Student Chronic Absenteeism Rate for All Students will decrease by 2% (20 students), from 36% (348 students) to 34% (328 students) as measured by the Insight Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

From October 1st to December 19th, District 27 and P.S. 60 are launching an Attendance Challenge for all students. Our goal is for every student to maintain 93%–100% attendance. Students who meet this goal will be recognized and celebrated for their commitment to showing up and learning each day.

Root Cause Addressed:

Students may feel disconnected to school because of their absences which leads to limited participation in school activities, after school activities and support programs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify and monitor all students absences using Insight and ATS weekly.
Launch an Attendance Challenge for all students
Perfect Attendance Bulletin Board
A message on Remind or a phone call the first day a student approaching chronic absenteeism is absent.
A message on Remind or phone call to parents the second day all students are absent.

Embed social-emotional learning competencies within the curriculum
Attendance Matters Spirit Week
Encourage cultural awareness and inclusion by celebrating diverse holidays to build community and improve student engagement.
Quarterly Attendance Flyers (Importance of Good Attendance)
Engage in an "Every Day in School Before Thanksgiving Counts!" initiative
Lucky Duck initiative, each week students with perfect attendance are placed in a raffle and a winner on each grade is drawn on a random day during the week. The students are recognized with an announcement and they receive a prize.
Engage in a "No child eats alone" initiative, a school-based program focused on ending social isolation and promoting a culture of inclusion and belonging among students

Key Strategy 2 (Optional):

Students identified as approaching chronic absenteeism will be incentivized to improve attendance through weekly rewards, such as an ice cream ticket redeemable during lunch for perfect weekly attendance.

Root Cause Addressed:

Students may feel disconnected to school because of their absences which leads to limited participation in school activities, after school activities and support programs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Identify and monitor all students absences using Insight and ATS weekly.
Launch an Attendance Challenge for all students
Perfect Attendance Bulletin Board
A message on Remind or a phone call the first day a student approaching chronic absenteeism is absent.
A message on Remind or phone call to parents the second day all students are absent.

Embed social-emotional learning competencies within the curriculum
Attendance Matters Spirit Week
Encourage cultural awareness and inclusion by celebrating diverse holidays to build community and improve student engagement.
Quarterly Attendance Flyers (Importance of Good Attendance)
Engage in an "Every Day in School Before Thanksgiving Counts!" initiative
Lucky Duck initiative, each week students with perfect attendance are placed in a raffle and a winner on each grade is drawn on a random day during the week. The students are recognized with an announcement and they receive a prize.
Engage in a "No child eats alone" initiative, a school-based program focused on ending social isolation and promoting a culture of inclusion and belonging among students

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

In order to progress monitor the implementation of key strategies and action steps, the attendance team will be analyzing the attendance data weekly and monthly from New Visions. They will target all students and implement key strategies to maintain
good and improved attendance.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
IEP goal progression D27 Progress Monitoring Data from May 2025:16.7% of SWDs not making progress toward one or more goals.	Inconsistent goal progress monitoring updates on SESIS	IEP Development and Fidelity of Implementation

27 anticipated Grade 5 students will transition to middle school as per SESIS projection list for 2025-2026 school year	Need more professional learning and/or Special Education grade meetings for teachers to improve PLOP information for transition to middle school.	Transition Planning and Compliance
35 Initial IEPs finalized with 13 more in the initial process, a potential for 48 in total	More teachers need to be trained in RTI	Referral Process and Equity
Office of School Safety and Youth Development Student Accused And Victim and Recidivist Report: SWD accused incidents accounted for 41% of the school's data.	Student emotional dysregulation due to disability classifications and lack of proper intervention training for school staff	Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	20% of SWD who are not demonstrating progress towards one or more IEP goals	By May, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Increased progression towards achieving IEP goals by a 4% Decrease, from 20% of SWD who are not demonstrating progress towards one or more IEP goals to 16%, as measured by IEP goal progress monitoring run by the District Office (data available in the Special Education Data Folder).
Students with Disabilities (SWD)	20%	By May, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve student-specific and individualized PLOP information to support a smooth transition of needs from elementary school to middle school by a 10% Increase, from 20% to 30%, as measured by Peer Review of Finalized Grade 5 IEPs.
Students with Disabilities (SWD)	35	By May, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will reduce number of initial referrals by a 27% Decrease, from 48 to 35, as measured by Initial data from a shared Google Sheet created by the school psychologist.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Goal 1: Routine, scheduled progress monitoring time embedded into the special education teacher's weekly schedule to ensure goals are being worked on during small group instruction.

Goal 2: Peer review of every grade 5 IEP to ensure transition language is present for middle school.

Goal 3: Train additional teachers in Tier-2 reading/phonics intervention to implement with consistency and with fidelity with progress monitoring.

Priority Need 4 Equity in School Discipline - have at least one school staff member trained in behavioral interventions.

Root Cause Addressed:

Goal 1: Lack of progress towards meeting annual IEP goals

Goal 2: More transition language and information needed for IEPs into middle school.

Goal 3: A need for additional teachers to be trained in RTI.

Priority Need 4 Equity in School Discipline - a need for at least one teacher to be trained in behavioral interventions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Goal 1 - Pending administrative approval, special education teachers will be able to use one period a week to address IEP goals and document progress monitoring with students. Documentation will be keep up to date to reflect goal progress monitoring.
Goal 2 - Grade 5 teachers will be instructed to have a peer or the special education interventionist teacher review the draft IEP for evidence of transitional plans into middle school. The PLOP should reflect what needs to be put in place to ensure a smooth transition into middle school; this may even include a change of programming/services.
Goal 3 - As of May 2025 only the Special Education Interventionist Teacher is trained in SPIRE. More teachers are in the process of being trained to be able to implement research-based interventions to reduce the initial referral rate.

Priority Need 4 - There is a 2025-2026 school year goal for training at least one staff member in behavioral intervention.

Key Strategy 2 (Optional):

Mid Year -

Goal 1 - teachers have been routinely progress monitoring goals to adjust flexible grouping skills for the students to make adequate progress towards goals (ultimately, achieving the goal).

Goal 2- peer review has been successful - evidence of skills needed for successful transition to middle school are routinely input in the PLOP.

Goal 3 - more teachers have signed up for SPIRE training, which they can use for the WIN periods to provide RTI to reduce the initial referral rates

Priority Need 4 - a teacher with D75 training and behavioral intervention experience was hired. She is providing on-going support to special education staff members.

Root Cause Addressed:

Goal 1: Lack of adequate progress towards meeting annual IEP goals

Goal 2: More transition language and information needed for IEPs into middle school.

Goal 3: A need for additional teachers to be trained in RTI.

Priority Need 4 Equity in School Discipline - a need for at least one teacher to be trained in behavioral interventions.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers are given time to document goal progression via progress monitoring of students
Continued peer review of grade 5 IEP drafts to ensure transition-to-middle-school skills are present
Select teachers are in the process of being trained in NYC DOE-approved RTi (ex: SPIRE, Sounds Sensible, etc)
A D75 trained special education teacher is supporting teachers in need of support in behavioral interventions

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Goal 1 - Ensure special education teachers are given a weekly period to document goal progress monitoring for their students. Teachers will document progress either manually or digitally so that the data can be reviewed to determine its impact on instruction, student learning, and achievement. The district's special education data folder will update the progression of IEP goals.

Goal 2 - Grade 5 special education teachers will be instructed to have their draft IEPs reviewed for transitional evidence into middle school. Teachers will have a professional learning meeting to inform them that they must include this information in the IEPs of students who will be attending middle school the following year.

Goal 3 - Ensure at least one other teacher is trained in a research-based Tier2 or Tier 3 intervention to be able to give RTI to students in need to reduce the initial referral rate.

Priority Need 4 - Ensure at least one staff member is trained in behavioral intervention.

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
09/08/2025	05/29/2026	Resources relevant to the home will be shared with families	NYC approved staff and/or sponsors

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Trained teachers (intervention)

Instructional Resources

MTSS/RTI programs

Schedule Adjustments

Flexibility in grouping/scheduling for MTSS

Other Resources Needed

Increased NYC DOE offerings to train teachers in RTI

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
SPIRE (Levels 1, 2, & 3) Tier 2 and Tier 3	Acadience Benchmark & Progress Monitoring Amira	Phonics, Decoding, Sight Words, Orthography	Small group and/or one-to-one	During school	No
Great Leaps (Binder Version) Tier 3	Data collected by teacher (ex: flexible grouping notes) Amira Acadience Benchmarks & Progress Monitoring Great Leaps SLOSSON data	Oral Reading Fluency, Letter identification fluency, segmenting and blending, and sight word recognition; short passages that include phonics and sight words	One-to-one	During school	No
Sounds Sensible (Tier 2 and Tier 3)	Data collected by teacher (ex: reading conference notes) Acadience Benchmark	Phonemic awareness	Small group and/or one-to-one	During school	No
Sound Reading Solutions (Tier 3)	Data collected by teacher (ex: reading conference notes) Amira Acadience Benchmarks	Auditory Processing and reading	one-to-one	During school	Yes
Tier 2	Data collected by teacher from Map Growth and from formative and summative assessments	EnVision Math 2.0 Reteach	Small group, one-to-one	During School	No
Tier 3	Assessment Data	Technological Programs such as Mobyymax,Raz-	individual	During and After	Yes

		kids, Amira and IXL		School	
REWARDS Intermediate Intervention (Tier 2 and Tier 3)	Benchmark Data MAP Growth Amira HMH	Targets students who can decode but who need additional support in decoding more complex, multisyllabic words; focuses on prefixes, suffixes, and syllables	Small group, one-to-one	During school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Social-emotional learning competencies are embedded in core curriculum.	The need to build self-awareness,social awareness, relationship and decision making skills within the school community.	Online Programs, journal writing, checkins, strategies embedded in lessons	Whole group, small group and partner	group and partner during school	Yes

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

68

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

The trend we notice when analyzing the STH attendance rate on Insight SY 2023-2024, is that 44% of our 68 students are chronically absent. We plan to implement an action plan to specifically focus on these students to promote and improve good attendance in school.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students living in temporary housing receive school supplies, back packs, and clothing items such as school uniform and shoes. Counseling services are available. Eyeglasses are provided to students who need them.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. P.S. 60, in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

P.S. 60 will support parents and family members of Title I students by:
- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:
- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational accountability grade-level curriculum and assessment expectations; literacy, accessing community and support

services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, NYC School Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

The school will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

P.S. 60, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- inform a trusted adult in school if I need help with something related to my school or home life;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

Priority 1: School Instructional Leadership Team, Master Teacher, Lead teachers, and administrators will evaluate curriculum resources and provide professional learning for all teachers of literacy, while ensuring that the curriculum includes culturally responsive texts, and SEL resources. We will continue to build instructional capacity by conducting inter-visitations with our Master Teacher. We will ensure there is a strong implementation of phonics instruction based on the Science of Reading and evidence-based practice. We will continue to work with teacher teams to refine instruction and examine performance tasks based on Next Generation Learning Standards.
Priority 2: Implement professional learning opportunities for educators to learn about community and culture while also building a partnership of trust with families.
Priority 3: Host professional learning sessions that provide educators with the tools necessary to engage students in rigorous instruction across all content areas.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

P.S. 60 has a diverse student body and incorporates the celebration of cultures and customs into areas of instruction. We ensure there is a strong implementation of phonics instruction based on the Science of Reading and evidence based practice by utilizing the Heggerty and Letters program. Students are moved up into the elementary school with with a buddy to ease the transition.

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal			
Title I, School Improvement 1003(a)	Federal			
Title II, Part A	Federal			
Title III, Part A	Federal			
Title III, Immigrant	Federal			
Title IV, Part A	Federal			
Tax Levy (Fair Student	Local			

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Elizabeth Orsini-Fox
Assistant Principal (Where Applicable)*	Lisa Kelly
English as a New Language (ENL) Teacher*	Kelly Rojas
Teacher (if school has a bilingual program must be a bilingual teacher)*	Liliana Urena
Parent/Guardian*	Candy Acosta
Parent Coordinator	Maria De Cardona Salgado
School Counselor	Megan Stirpe
Related-Service Provider	Wendy Gutierrez
Coach	Diana Marzigliano-Hines
Teacher/ENL	Maria Themelis
Teacher/ENL	Melissa Onorato
Teacher/ENL	Melany Caceres
Teacher/ENL	Danielle Sinnona
Teacher/Common Branch	Christina DeCiantis

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

5

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

0

Number of certified ESOL teachers not currently teaching ENL:

3

Number of teachers who hold both content area/common branch and ESOL certification:

7

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

1

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

1

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

1

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

815

Total number and percentage (%) of current ELLs:

275 (33.7%)

Total number and percentage (%) of former ELLs:

51 (6.3%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

253 (92%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

22 (8%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

2 (0.7%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

52 (18.9%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	24-25	1	1												2
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Through the Stand-Alone ENL program model, our ELL/MLL students receive instruction from a certified TESOL teacher. Stand-alone instruction is provided by an ESOL certified teacher. Entering students receive 180 minutes (1 unit of study) in Stand-alone ENL Instruction. Emerging students receive 90 minutes (.5 unit of study) or 180 minutes (1 unit of study) in Stand-alone ENL. Transitioning students may receive 90 minutes in Stand-alone instruction. Expanding and Commanding ML/ELL students do not receive Standalone ENL.
During Stand-Alone ENL instruction, students are homogeneously grouped in order to best address their areas of need. Instruction includes home language support such as translated vocabulary, supplemental texts, and using cognates to develop comprehension in English. Instructional approaches and methods are tailored to meet the needs of our ELL/MLL students and foster language development.
Instruction is differentiated based on NYSITELL, NYSESLAT, Amira and informal and formal assessments. Students receive ENL in the Stand-Alone program model in a separate classroom where they can focus on foundational skills. During Stand-Alone instruction teachers use explicit instruction and the Reteach Strategy. While progress monitoring, teachers identify and can plan accordingly to address the specific areas where students are struggling. The objective is to ensure students continue to learn, even if they need additional support.
Curriculum maps and instruction embeds CRSE to promote student motivation, academic engagement, pride in identity, self-efficacy to foster positive academic outcomes.
Class assignments ensure that students receive the mandated number of minutes (as outlined in Part 154 of CR regulations). MLLs are placed in ENL classes based on their grade and proficiency level. This ensures that the ENL teacher is able to provide the appropriate amount of both standalone and integrated minutes. The EDUR is used to ensure the ENL identification process is properly completed and all newly enrolled ENL students are assigned to the appropriate class setting to meet the mandated instructional minutes. The ENL team collaborates closely with the administration during STARS programming and master teacher scheduling to ensure that stand-alone ENL and integrated services are appropriately programmed based on students' English proficiency levels, units of study, and staffing requirements. All teacher schedules, including ENL teacher service schedules, are kept in a centralized location in the main office.

Integrated ENL:

Within the Integrated ENL Model, our ELL/MLL students receive instruction from a certified TESOL teacher, in addition to a certified Content Area Teacher. Instruction takes place within the student's grade-level classroom. The ENL teacher and the classroom teacher, co-teach during ELA or another content area. Entering students receive 180 minutes of Integrated Instruction. Emerging students receive between 180-270 minutes. Transitioning students may receive between 90-180 minutes. Expanding students receive 180 minutes and Commanding ML/ELL students receive 90 minutes of Integrated ENL instruction or or small group instruction provided by their Common Branch certified teacher

For content area instruction, students are grouped heterogeneously in order to provide opportunities for students to

engage in quality interactions, build on each other's thoughts and learn from one another. Integrated ENL instruction is provided by dually certified teachers (ESOL and Common Branch K-6) or 2 individually certified teachers- a certified ESOL teacher and a K-6 certified elementary teacher (co-teaching). The ENL teachers co-teach during ELA, science, social studies or math periods. The ENL teacher and classroom teacher collaborate on planning in order to determine the best co-teaching model for each content lesson/unit.The ENL and general education teacher progress monitor by collecting and analyzing formative and summative data to continue to meet the students needs within the general education class with grade level content.

Class assignments ensure that students receive the mandated number of minutes (as outlined in Part 154 of CR regulations). MLLs are placed in ENL classes based on their grade and proficiency level. This ensures that the ENL teacher is able to provide the appropriate amount of both standalone and integrated minutes. The EDUR is used to ensure the ENL identification process is properly completed and all newly enrolled ENL students are assigned to the appropriate class setting to meet the mandated instructional minutes. The ENL team collaborates closely with the administration during STARS programming and master teacher scheduling to ensure that stand-alone ENL and integrated services are appropriately programmed based on students' English proficiency levels, units of study, and staffing requirements. All teacher schedules, including ENL teacher service schedules, are kept in a centralized location in the main office. To effectively monitor the success of our ENL program, we analyze data trends using Acadience and iReady. Co-teaching or push-in models are built into the integrated ENL periods, particularly for ELA and content areas. Teachers have common periods to co-plan. ILT teams meet monthly and discuss data inquiry and literacy with a focus on subgroups such as MLLs. Teacher Team grade meetings are held weekly, and teachers discuss student performance and grade trends based on formative assessment data. The whole school meets weekly on Monday afternoons as a staff. During this time, teachers take part in various professional development sessions. ENL teachers often turnkey information from district-provided professional learning sessions to ensure the staff is informed and up-to-date on the best practices.

b. Bilingual Education (If applicable)

Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

For the 25-26 school year, P.S. 60 will be implementing a one-way Dual Language Spanish program in kindergarten and first grade.The program will include instruction in both English and Spanish with the goal of helping multilingual and heritage learners achieve academic success in both English and Spanish.The program aims to create bilingual, biliterate, and bicultural students through explicit instruction in both languages.These heritage Spanish-speaking students will continue to build on their native language while also learning English.The program will be homogeneously grouped by native language (Spanish) and follow the side-by-side model.
To ensure that our MLL students receive their mandated minutes as per CR part 154 in the self-contained one-way Dual Language Program, we follow the ENL units of study and Staffing Requirements chart. Students receive stand-alone and integrated ENL services. MLLs receive 360 minutes of ENL instruction per week. 180 stand-alone minutes and 180 minutes in integrated ENL/ELA. Students are grouped into heterogeneous, mixed proficiency levels. Students receive their mandated stand-alone minutes with a certified bilingual teacher. In addition, students receive at least 4 periods per week of ENL/ELA integrated instruction following a dual language self-contained model provided by a certified bilingual teacher. The standalone component is aligned to the kindergarten-level content and standards. By implementing the HMH Into Reading curriculum, we can expose the students to texts with rich language content that leverages the overarching instructional goals of the unit of study and meets the ELA Next

Generation Learning Standards. Within the instruction period, students are engaged in listening, speaking, reading, and writing activities that align with the curriculum but hone in on the language of the content.
Additionally, students receive 5 periods a week of HLA from a certified bilingual teacher. Students are grouped heterogeneously, in mixed proficiency levels. To ensure students are developing language and literacy skills in their native language and acquired language, we implement the ELA Next Generation Learning Standards through the curriculum of HMH, Arriba la lectura. The HMH curriculum plan is designed to bridge the listening, speaking, reading, and writing across ELA and HLA to ensure the students are forming strong biliteracy skills in both English and Spanish through the incorporation of authentic texts that maintain the cultural aspects, language, and literacy of the native language (Spanish) and English.
The teachers will also be flexible, especially during new content instruction, and allow for the use of the home language (Spanish) to provide clarification and scaffolds when necessary.
Our DBLE program is progress monitored through the use of screeners (Acadience and iReady) during the beginning, middle, and end-of-year benchmark periods. The bilingual teachers periodically monitor student progress in reading fluency through the use of Acadience.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

Students receive the mandated number of instructional minutes in an ENL Stand-Alone program model and/or an Integrated model, based on their proficiency level. Our school ensures students receive level specified minutes using the R-LAT report, which displays NYSITELL and NYSESLAT proficiency levels. Students are programmed in STARS to meet their mandated minutes. In addition, our school utilizes the EDUR to ensure all eligible students, including former ELLs are programmed accurately in STARS for the minimum amount of mandated minutes to receive ENL services. The MLLs in the Dual language Program in kindergarten and first grade will have their mandated minutes for Stand Alone instruction met by the bilingual classroom teacher. To ensure that our MLL students receive their mandated minutes as per CR part 154 in the self-contained one-way Dual Language Program, we follow the ENL units of study and Staffing Requirements chart. Students receive stand-alone and integrated ENL services. MLLs receive 360 minutes of ENL instruction per week. 180 stand-alone minutes and 180 minutes in integrated ENL/ELA. When possible, additional support for entering and emerging MLLs in these classrooms will be provided by one of the ENL teachers. We strive to provide additional support beyond the required instructional minutes to address the individual needs of each student, especially for SIFE. School administration monitor schedules to ensure mandated minutes are adhered to and reflected in student and staff schedules.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

To ensure that our MLL students receive their mandated minutes as per CR part 154 in the self-contained one-way Dual Language Program, we follow the ENL units of study and Staffing Requirements chart. Students receive stand-alone and integrated ENL services. MLLs receive 360 minutes of ENL instruction per week. 180 stand-alone minutes and 180 minutes in integrated ENL/ELA. Students are grouped heterogeneously, with mixed proficiency levels. Students receive their mandated stand-alone minutes with a certified bilingual teacher. Students receive at least 4 periods per week of ENL/ELA integrated instruction following a dual language self-contained model provided by a certified bilingual teacher. Additionally, students receive 5 periods a week of HLA by a certified bilingual teacher. The program's self-contained model allows for alternating languages from day to day to adhere to the CR Part 154 requirements. The goal of the self-contained program is to offer students the opportunity to become bilingual, biliterate, and bicultural while improving their academic abilities.
Our school ensures all students receive the specific mandated units of study based on their proficiency level which can be accessed using the RLAT. Entering and Emerging ELLs receive mandated services in both the Stand-Alone and Integrated program models. During Stand-alone students are grouped by proficiency level and receive instruction in a separate location outside of their normal classroom by a certified ENL teacher. The Stand-Alone model allows for explicit language support in small group instruction. The ENL teacher delivers specialized English proficiency instruction that is complementary to core instruction. In an Integrated classroom model, instruction is provided by both a certified ENL teacher and Content teacher. Students are provided with the tools that allow them to successfully access grade level content. ENL scaffolds are embedded within the lesson to support language acquisition while developing literacy skills congruently. In order for ELLs to successfully access phonemic awareness, phonics, fluency, vocabulary and comprehension, ENL teachers ensure these components are modified to meet their linguistic and cultural needs. Commanding students receive Integrated ENL/ELA instruction during small group targeted instruction provided by their classroom teacher. The classroom teacher and ENL teacher meet in order to discuss the commanding students' progress and address any areas of concern. All teachers have access to an ENL toolkit, which contains information on the MLL/ENL instructional moves. In addition, ENL minutes are delivered by the Bilingual education teacher within the DLBE classroom setting. The ENL teachers will provide additional support for the Entering and Emerging students within the DLBE class.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language Bilingual Education model implemented is a self-contained one-way dual language program. On English instruction days, English proficient students and ELLs are integrated 86% of the academic day, and the other 14% of the academic day is a standalone period. On Spanish instruction days, English proficient students and ELLs are integrated 100% of the academic day.

b. In which language(s) is each core content area taught?

Each core content area (ELA, Math, Science, Social Studies) will be taught in both Spanish and English. Specials (gym, art, STEAM, health) will be taught in English.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

N/A

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

92% of ELLs are newcomers. Effective instruction for newcomers differs from instruction provided to developing or long-term ELLs. ENL instruction is differentiated based on each student's proficiency level and individual needs. Instruction for our most recently arrived newcomers is focused on providing several meaningful opportunities for listening to the English language and then producing spoken language after the silent period. We begin with a focus on developing Tier 1 vocabulary and Basic Interpersonal Communication Skills (BICS) in an inclusive learning environment. Newcomers are also introduced to unfamiliar sounds and are provided with explicit and systematic phonics instruction. While we provide the additional support required for newcomers to develop foundational skills, we expose them to decodable-meaningful texts to develop higher-order thinking and Cognitive Academic Language Proficiency (CALP). Materials used for newcomers are age and grade appropriate.
To provide targeted, effective instruction to our newcomer and developing ELLs, our ENL and classroom teachers progress monitor using Acadience and HMH Growth Measure and module assessments. These data sources provide our staff with the most up-to-date data on our ELLs' current performance and allow us to target their areas of need. ENL teachers utilize progress monitoring data to make informed instructional decisions designed to improve student outcomes.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

0.7% of our ELL population are SIFE students. We differentiate effective instruction for our SIFE students by incorporating best practices and resources that will accelerate not only their language development but also meet the needs of the whole child. We utilize the initial interview, NYSITELL, and Multilingual Literacy SIFE Screener results to assess each student's strengths and needs to plan academic instruction in addition to social-emotional learning. Effective instruction for students with interrupted formal education includes, but is not limited to, emphasis on instructional protocols and routines, collaborative hands-on learning experiences, and discussion protocols that encourage use of home language & new language and making explicit connections using prior knowledge to extend their thinking.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

0% of our ELL population are Long-Term ELLs. Currently, we do not have any Long-Term ELLs in our school. However, services for Long-Term ELLs might focus on supporting their linguistic, academic, and social-emotional needs as well as determining effective academic intervention services/RTI.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

6.3% of our ELL population are former ELLS. Our school provides mandated instruction to former ELLs by having the classroom teacher supply 90 minutes of small group instruction on a weekly basis. In addition, ENL teachers continuously check in with the classroom teacher to monitor the progress and tailor instruction to address areas of need. During group work, flexible seating allows former ELLS to collaborate with Non-ELL students to learn from those students' linguistic expertise. In addition, former ELLs should also be given the opportunity to take on a leadership role to contribute their own expertise.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

The at-risk indicators that adversely affect the most ELLs in our school include newcomer status (3 or fewer years of service), which affects 92% of our ELLs; temporary housing, which affects 15.6% of our ELLs; ELLs who did not demonstrate sufficient ELP progress, which affects 26.2% of our ELLs; potential long-term ELLs, which affects 4% of our ELLs; and SIFE, which affects 0.7%. Based on the data, most ELLs at our school are at relatively low risk, with the majority showing only 1 or 2 at-risk indicators. Specifically, 51.3% of ELLs have just one indicator, and 30.2% have 2, meaning over 80% of students fall into this lower at-risk category.
Based on the Spring 2025 EDAT results, our school would prioritize the at-risk indicator for English Language Learners within the Newcomer subgroup, as 92% of our ELL population falls into this category. Given their limited time in U.S. schools and the foundational skills needed for long-term success, our focus would be on strengthening early literacy development. This includes building reading fluency and providing explicit instruction in phonics and vocabulary, which are critical for language acquisition and comprehension. By targeting these areas, we can better support our newcomer students in developing the academic language and literacy skills necessary to access grade-level content and make meaningful progress across subjects.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Though these ELLs are making progress in terms of language acquisition and exiting the ENL program, they are still struggling to achieve proficiency on the state exams. ELLs at our school received a level 1 or 2 on the ELA (39.2%) or Math (15.7%) 2024 State Exams. Another contributing factor may be the difference in the format of the questioning seen on the ELA versus the NYSESLAT exam. Students work with the ENL teachers towards constructing personal narratives that best help them prepare for the writing portions of the NYSESLAT exam, while the ELA state exam requires students to analyze and often compare two different pieces of text. Another contributing factor is that though the former ELLs have shown language acquisition proficiency, they still require an additional two years of academic support. Our school provides this support by having these students receive at least 90 minutes of small group instruction from their general education classroom teacher or additional AIS support.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Spanish and Chinese are the home languages of ELLs with the largest representation at our school. It is a priority in our school that all teachers create an inclusive environment for all students, especially ELLs. It is our responsibility to not only support their English language acquisition, but to also emphasize the value of our students' home languages. In order to support communication and learning that values these home languages we provide access to multilingual resources. Access to these resources creates an open forum for students to share special cultural traditions and for students to build appreciation for diverse languages.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

47.9% of Hispanic ELLs are American Indian or Alaskan Native Ethnicity. 38.8% of Hispanic ELLs identify as White. 6.6% of Hispanic ELLs identify as Multiracial. 3.3% identify as Hawaiian or other Pacific Islander. 2.9% of Hispanic ELLs identify as Black. 0.4% of Hispanic ELLs identify as Asian. 90.9% of Non Hispanic ELLs identify as Asian. 3% of Non Hispanic ELLs identify as White. 3% of the Non Hispanic ELLs identify as black. 3% of Non Hispanic ELLs identify as multi-racial. In order to create an inclusive school community, it is essential to design an engaging curriculum that represents the multicultural perspectives of our students. With Culturally Responsive and Sustaining Education (CR-SE) in mind, instruction includes print rich resources that represent our student population with varied ethnic and linguistic backgrounds. In addition, all content areas include CR-SE instructional strategies that elicit students' prior knowledge, increase student engagement, deepen academic discussion, and provide opportunity for self-reflection.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

18.1% of our ELL population met progress by exiting the ENL program. 24.3% met the Annual Progress Target and 7.6% met the Safe
Harbor Cumulative Growth. However, data suggests students demonstrated ELP growth, with nearly a quarter meeting progress through Method 2, which shows steady improvement. While 18% of students successfully exited the program. Although 50% of students did not meet ELP sufficient progress, this points to opportunities for targeted support to further boost ELP. Overall, the data reveals movement with clear areas for continued growth.

Many students are within 10–20 points of the next proficiency level. This is a critical growth zone where targeted instruction can make a big impact. Favorably, there's a significant decrease in students needing 51+ points. The data reveals that over half of the students in each proficiency level are close to progressing to the next level, which indicates a high potential for growth with continued support.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

Upon analysis of the results on the 2024 NYSESLAT, the majority of students (36.4%) are at the Expanding proficiency level, while only 10% scored at an Entering level. According to the 2023 and 2024 NYSESLAT, the common modality of need across all grade levels is writing. An area of strength in grades 2-5 is speaking.

To strengthen our schools' instructional approach in the modalities, our ENL and classroom teachers use data from progress monitors, including Acadience and HMH Growth Measure, as well as module assessments. These data sources provide our staff with the most up-to-date data on our ELLs' current performance and allow us to target their areas of need. ENL teachers utilize progress monitoring data to make informed instructional decisions designed to improve student outcomes around the modalities.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

The relationship between students' performance on the NYSESLAT and other state assessments, such as the ELA and Math exams, is as follows: Only Commanding ELLs scored a 3 or 4 on the ELA exam. Students who received a 2 on the ELA are comprised of our Expanding and Commanding ELLs. Students that scored a level 1 include ELLs from each proficiency level.

Students that scored a level 4 on the NYS Math exam consist of Transitioning, Expanding and Commanding proficiency levels. Students that scored a level 3 include ELLs from each proficiency level. Students that scored a level 2 is comprised of all proficiency levels, except Entering. Students that scored a 1 include all proficiency levels expect Commanding.

Additional data sources to deepen our reflection include data from district- and school-created ELA and math mock assessments, which offer insight into students' performance on standards-aligned tasks. Other data sources include teacher-collected formative assessment data gathered through classroom observations, as well as progress monitoring tools. These sources provide a more comprehensive picture of student growth, language development, and academic readiness, allowing for more targeted instructional planning and support.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

We noticed on the 2024 NYSESLAT for the ELLs with IEPs subgroup scored at the following proficiency levels:20% of these students scored Emerging, 36% scored at a transitioning level, 36% at the Expanding level, and 7% at the Commanding level. In addition, 50% of our SIFE ELL subgroup achieved the Entering level, and 50% achieved the Emerging level. There are many factors that contribute to the trends we noticed for both subgroups. Some of these factors may include oral/written language disorders, specific reading comprehension deficits, lack of home language literacy, attendance rates, social-emotional well-being, and socioeconomic disadvantage.
In order to understand the impact these results are having on the students in our subgroups, our school utilizes data from sources such as Acadience, MapGrowth, and Module assessments from HMH IntoReading. For ELLs with IEPs, our school could use data from IEP progress reports and goal tracking to cross-reference trends reflected in the NYSESLAT.

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:
a. How many ELLs are on-track towards graduation?

N/A

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

N/A

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

N/A

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

N/A

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

Our school provides ELLs with a high-quality academic experience that leads to deeper learning by aligning instruction with Next Generation Learning Standards. In order to make grade level content accessible to all our diverse learners all pedagogues provide scaffolds and differentiation within instruction. Professional Learning provided by the district is turn keyed by our ENL team and implemented throughout the school. Science of Reading based best practices along with language based instructional moves and linguistic accelerators are used to push our ELLs toward academic success. Access to grade level content and rich multi-cultural texts give our ELL students the opportunity to apply their home language skills and prior knowledge to meet grade level standards and language proficiency. Our teachers provide high quality Instruction by utilizing best teaching practices, creating positive and supportive learning environments and ensuring that all instruction is standards-based. Teachers plan lessons with a variety of activities and differentiation in order to promote student engagement and academic success. Our curriculum is culturally responsive and standards based. Lesson plans are data-driven to provide students with the academic and linguistic supports required to achieve a deeper understanding of grade level content and standards.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The school's leadership team considers our large ML/ELL population in the school's instructional design. CEP goals are created with specific action plan steps in mind for MLLs/ELLs and are presented and discussed at ILT/SLT meetings. The EDAT: Instructional Priority Area Inventory is utilized to gather both school and grade wide data on our ELL/MLL students which provides an important insight into the needs of these students. We identify the early warnings for ELLs (At-Risk Indicators), which provides the categories and decide on the most targeted support. During SLT meetings parents have the opportunity to ask questions and provide feedback to better enhance the home-school connection and relationships. Progress of MLLs/ELLs is monitored and instruction is designed and differentiated based on our students' academic needs and cultural and linguistic backgrounds. Instructional supports, scaffolds and services that support our MLLs/ELLs to meet the same grade level standards as all other students are included in the school's instructional design. After reviewing our school's Spring EDAT, it has been determined that the category which will need the most targeted support is the Newcomer ELLS. As of April 2025 92% of our ELLS are categorized as Newcomers. The ELL and MLL students in our school will have access to the

same core curriculum (HMH Into Reading) as the monolingual students. The ENL teachers provide differentiated and scaffolded instruction that follows the same scope and sequence of core curriculum.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

Through Integrated ENL, our ELL/MLL students receive core content area (i.e., English Language Arts, Math, Science, or Social Studies) and English language development instruction within the Freestanding ENL Program at P.S. 60. Language of instruction is English with home language support such as translated vocabulary/supplemental texts, and using cognates to develop comprehension in English. Curriculum maps and instruction embeds CRSE to promote student motivation, academic engagement, pride in identity, self-efficacy to foster positive academic outcomes. Appropriate scaffolds and home language support are carried out by a combination of ESOL and content certified teachers (co-teaching model) or by dually certified teachers (pull-out model). Instructional approaches and methods are tailored to meet the needs of our ELL/MLL students and foster language development. During Stand Alone instruction ENL teachers and classroom teachers are focusing on Phonemic Awareness and phonics in order to greater improve language development. Some instructional strategies used for our ELLs include explicit instruction of new vocabulary, building background knowledge, providing visual aids, realia, and manipulatives, scaffolded activities such as differentiated graphic organizers, sentence frames, sentence starters, and word banks. Students are provided with several opportunities for quality interactions during both whole group and small group discussions. Students develop basic conversational skills and higher order thinking and reasoning skills through the use of instructional routines that are embedded in HMH Into Reading. Instructional routines include: Think Pair Share, Turn & Talk, Literacy Centers, Interactive Word Wall, Knowledge Maps, etc. In addition, ENL teachers utilize HMH English Language Development Tabletop Minilessons for small group instruction. Implementing language objectives in addition to content objectives can help ensure that MLL students have equal access to the curriculum even though they are not fully proficient in English. Success criteria is utilized to provide students with a road map to achieving the goal of the lesson. Students contribute to the creation of the success criteria and are provided with individualized checklists that they can refer to throughout the lesson. During instruction teachers incorporate language accelerators to enhance language learning and the MLLs use of academic language. Teachers utilize the Rigor and Relevance Framework to ensure lessons are both complex and have real-world and personal relevance to our student population. To better foster language development and meet the demands of the NGLS our school is taking an Inquiry-based approach to learning. This approach helps promote language development by allowing students to build their vocabulary and explore the grammatical elements of the English language. Teachers help guide students in generating and answering questions on a given topic. They work together to identify what they know about the topic (access prior knowledge/build background) which provides a base for all inquiry based activities. As a class, the students work together to generate a question around what they want to know. While teachers provide guidance with these tasks, we aim to move towards more self-directed questioning. Teachers encourage peer collaboration and discussion by grouping students and providing peer-to-peer scaffolding. Students are given opportunities to share information and ideas, which enhances the learning and language development experience.Through the research phase our goal is to improve our students' speaking, listening, writing, and reading comprehension skills. Teachers facilitate group work and encourage independent thinking while using core content curriculum and modeled scaffolds with gradual release based on student progress.In alignment with the current shift in literacy instruction, our school is focusing on data-driven, systematic, explicit instruction to improve reading fluency.

In the ENL stand-alone setting, content is delivered with a primary focus on English language development. Instruction targets the four language domains—listening, speaking, reading, and writing—through explicit lessons in vocabulary, phonics, grammar, and language structures. Teachers use scaffolds such as visuals, sentence frames,

and modeled dialogue to help students build foundational skills and confidence in English. The lessons are aligned to grade-level standards but are adapted to meet students where they are in their language acquisition journey.
In the ENL integrated classroom, content and language instruction are delivered simultaneously. The ENL teacher co-teaches or pushes into the general education setting, supporting English learners as they engage with grade-level curriculum in ELA, math, science, and social studies. Instruction includes scaffolding strategies, differentiated tasks, and intentional focus on academic vocabulary and language structures within the context of subject content. The goal is to ensure that English learners can access rigorous grade-level material while continuing to develop their language proficiency in authentic, content-rich contexts.

In our one-way dual language program, the core content is delivered in Spanish for the social studies and science class periods. Our math content is delivered in English. Our daily instruction is designed to implement a 50/50 language approach as we alternate between English and Spanish days. We include our stand-alone periods during our English days. We include our social studies and science class periods during our Spanish days, and math is taught daily in English with the support of translanguaging throughout the week. To meet the HLA curriculum, we implement the HMH program entitled Arriba La Lectura. Arriba a lectura is based on authentic Spanish written literature. To complement language arts on English days, we implement an HMH program entitled "Into Reading." During the phonological awareness class period, we implement the Into Reading phonics curriculum on English days and the Arriba la lectura phonics curriculum on Spanish days through the HMH program. Science is taught in Spanish, and we use the Amplify Science digital curriculum platform, which is available in Spanish. Social studies is taught in Spanish, and we use the Passport to Social Studies curriculum available in Spanish. Math is taught in English through the Envision Math platform. Our educational program incorporates authentic text and multimedia resources to push vocabulary and language acquisition in both languages. Students engage in explicit learning and cooperative critical thinking activities to develop complex problem-solving skills and oral communication. All students are actively engaged in the next generation standards-based curriculum. The curriculum is designed to be culturally responsive by embedding text that is reflective of our students within the dual language program as well as embodying students' culture, language, and life experiences. Additionally, during HLA, students are provided with Spanish authors who maintain the authenticity of the Spanish language through the HMH literature platform. Furthermore, to promote language and literacy development, we adhere to next-generation standards by incorporating instructional protocols such as think-partner-share, centers, and small group work to promote discussions and collaboration across content areas in English and Spanish. Supplementary resources such as IXL and Bilingual Amira are offered as additional support for fluency and literacy skill building.

In the ENL stand-alone setting, content is delivered with a primary focus on English language development. Instruction targets the four language domains—listening, speaking, reading, and writing—through explicit lessons in vocabulary, phonics, grammar, and language structures. Teachers use scaffolds such as visuals, sentence frames, and modeled dialogue to help students build foundational skills and confidence in English. The lessons are aligned to grade-level standards but are adapted to meet students where they are in their language acquisition journey.
In the ENL integrated classroom, content and language instruction are delivered simultaneously. The ENL teacher co-teaches or pushes into the general education setting, supporting English learners as they engage with grade-level curriculum in ELA, math, science, and social studies. Instruction includes scaffolding strategies, differentiated tasks, and intentional focus on academic vocabulary and language structures within the context of subject content. The goal is to ensure that English learners can access rigorous grade-level material while continuing to develop their language proficiency in authentic, content-rich contexts.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Pedagogical staff implement instructional strategies that support academic and language support. For example, Give one-Get One is an instructional strategy that utilizes leveled-chunked texts for differentiated groups making academic content accessible for all students with IEPs. Students are encouraged to exchange responses with other students to promote discussion for accelerated language development. SPIRE & Great Leaps are supplemental materials that trained instructional staff use to provide academic intervention services. In addition, HMH offers access to technology to help English Language Learners (ELLs) with IEPs understand grade-level content and improve their English proficiency. "Get Curious Videos' build interest and background knowledge. Digital HMH slides give interactive lessons with extra support. Ebooks let students read textbooks online with tools like read-aloud and translation. "Close-Read Screenshots" help students dive deeper into the text. This digital tool models a discussion between a teacher and student. It highlights reading fluency, discussion prompts & follow up higher order questioning. These tools make learning easier and more accessible for ELLs with special needs.

b. SIFE

Strategies to support our students with interrupted formal education include extensive scaffolds, differentiation and small group instruction. An example of an instructional strategy used in small group instruction is a Picture Theme Mosaic activity that supports comprehension using visuals. In addition, students receive Academic Intervention Services as needed. An online educational program that SIFE students utilize is IXL. This curriculum is built on 9,000+ skills that are finely scaffolded to help teachers target specific areas of need. Covering 4 core subjects, IXL is aligned to the Next Generation Learning Standards. Wherever a student is in their personal learning journey, IXL has the right content to support them.

To help our SIFE students grasp grade-level material and advance their English language skills, HMH also provides access to technology. "Get Curious Videos" pique curiosity and provide context. Interactive lessons with additional assistance are provided by digital HMH slides. With features like read-aloud and translation, e-books enable students to access textbooks online. "Close-Read Screenshots" assist ELLs in reading the material more closely. This online resource simulates a teacher-student conversation. It emphasizes follow-up higher order questions, discussion starters, and reading fluency. For SIFE with particular needs, these resources not only address their personal needs but also support students to access grade level content.

c. Newcomers

Across all grade levels, our school uses the HMH program and specific instructional strategies in both the Integrated and Stand-Alone programs to access grade-level content. The use of integrated technology resources also exposes students to grade-level content, develops reading and writing skills, and utilizes explicit phonics instruction. End of Module Assessments are used to monitor progress, areas of strength and weakness.

In the Stand-Alone program, ENL teachers bridge classroom content to explicit language instruction. The Stand-

Alone program reinforces learned skills in their regular classroom with an added emphasis on language development. ENL teachers continue to use instructional strategies such as chunking, front loaded vocabulary and the Re-Teach Model to explicitly re-teach instruction and support mastery of skills. Through a blend of focused language development and reading and writing practice, this curriculum supports ELL students in strengthening their foundational skills while gradually transitioning to more complex language use in reading and writing. Writing instruction is presented systematically using the writing process with modifications

Students in an Integrated class, in grades K-2, also use Fundations & Heggarty for further support to address unfamiliar sounds. Both programs build foundational literacy skills through systematic, teacher-led and reinforced practice. Modeling correct pronunciation and providing opportunities for repetition, allows our students to practice sounds in a safe space. In grades 3-4, teachers use HMH embedded phonics instruction to address unfamiliar sounds. Explicit phonics and phonemic awareness are a key instructional tool. In addition, exposure to cognates helps ELLs make connections between sounds and meaning. Differentiated strategies are used to meet the needs of varied language proficiency levels. Integrated instruction incorporates grade-level content and sound practice, using meaningful, decodable texts to further support students' understanding of how sounds fit into everyday language.

More specifically, some examples of instructional protocols used in both the Stand-Alone and Intergraded programs, include extensive scaffolds, differentiation and small group instruction. An example of an instructional strategy used in small group instruction is VTS (Visual Thinking Strategy) which elicits background knowledge and vocabulary to develop a written response. Teachers utilize various materials and technology to better assist Newcomers. Students are provided with tablets and laptops to access interactive resources from HMH. These resources provide sound practice, allowing ELLs to hear and practice unfamiliar sounds in an engaging way. In addition, to enhance communication, teachers of ELLs are provided a "Pocket Talk" device. This allows the teacher to translate and clarify directions and instruction, as well as provide a means of communication between the teacher and student. ESOL teachers and general education classroom teachers were given professional learning on how to appropriately use Microsoft Translator and Google Image/Document Translator to provide newcomer MLLs with translated versions of texts for reference. These translated versions of the text are also used to help the students build background knowledge on the topic being discussed.

d. Long Term ELLs

N/A

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

The ENL teachers collaborate with the Special Education teachers to create instructional activities that enable ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment. The ENL teacher provides Stand-Alone ENL instruction that is tailored to students' individual linguistic needs. ENL and Special Education teachers scaffold content area instruction and implement instructional strategies that will allow our IEP students to achieve academic success and English language proficiency. ENL teachers work with related service providers when scheduling instruction in order to ensure that the ELLs with IEPs are receiving all mandated services in order to achieve their IEP goals and English Language Proficiency.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

Teachers of ELLs and MLLs provide students with glossaries, bilingual dictionaries and books in their native languages. Students may be provided with translated content area texts in order to support comprehension. Each grade has access to a pocket translator to assist in communicating and delivering instruction to ELLs. Spanish speaking students in grades K-5 have access to NWEA MapGrowth math assessments in their home language, which can be used to assess their understanding of grade level math content in their home language. Teachers can utilize the data from the S-Lab for newly arrived students to gauge their instructional level in their home language. For students who are not first time ELLs, teachers have access to several digital platforms (Amira, HMH Growth Measure) that can be given in the students' home language and used to assess their grade level abilities. In the DLBE program students home language abilities will be assessed using HMH and Heggerty Spanish assessments and translated versions of the EnVisions topic and benchmark math assessments.

In the DLBE program, the home language is assessed through the end-of-unit assessments provided as part of the HMH Arriba la lectura platform for phonological awareness and reading skills. In addition, home language is assessed throughout the year with the Acadience Learning platform. The Acadience Learning platform identifies children at risk for reading difficulties and provides weekly monitoring support for students at risk.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models include professional development and common instructional planning time. ENL teachers provide professional development focused on ENL best practices and instructional strategies. The ILT discusses and analyzes peer reviewed case studies about ever evolving effective instructional moves to turnkey to staff. Professional learning opportunities encourage teachers to reflect on their craft. It also creates an open forum for collaboration and the sharing of ideas. Common planning periods improve instruction and are essential for the success of a co-teaching model. Teachers are given common planning periods to analyze student data to identify trends and modify instruction as needed. The Dual language teachers participate in common planning periods with the general education teachers on their perspective grades to ensure collaboration and consistency within the different program models. The Dual Language teachers also work in collaboration with the ENL teachers to stay up to date on the most recent strategies for language acquisition.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

The master teacher provides weekly professional development geared towards expanding teachers' pedagogical skills.Our certified ENL teachers participate in professional learning provided by the Queens South ELL/MLL

Department and turnkeythe information/strategies with all staff. After the ENL teachers model specific strategies and protocols to their colleagues, the teachers have the opportunity to engage in said protocols/academic experiences in order to ensure their understanding and ability to implement them in their own classroom. The staff is provided with resources and strategies specifically related to the academic and social-emotional needs of MLs. Teachers engage in professional development specifically relating to social emotional learning and implement strategies that address the SEL competencies (self-management, responsible decision-making, relationship skills, social awareness, and self-awareness).ENL teachers partake in CRS workshops that focus on bridging cultures and increasing family engagement.Our ENL teachers are also members of the D27's professional learning opportunities on the ENL instruction community on Teams to keep up to date on best practices and professional learning opportunities.Additionally, our ENL teachers, along with the classroom teachers, take part in professional learning around understanding and utilizing data from both Acadience & iReady.
Some possible learning activities could include unpacking the Key Advancements as a school, an overview of the LAP (what it is and how it is used), a review of English language proficiency levels, and how to use these to inform instruction.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

The ENL teachers attend meetings to receive professional development on the second language acquisition process and strategies in alignment with next generation standards and advanced literacies, including a focus on best practices for co teaching and integrating language and content instruction for MLs. The school's Professional Development Plan focuses on MLs as well as the CEP goals. The ENL teachers are members of the Queens South ML/ELL Policy Team as well as the D27 ML/ELL Educators' Professional Learning Team to stay up to date on the most current professional learning opportunities. Teachers attend PLs on foundational skills, which include LETRS training as well as trainees specific to our schools tier 1 instruction phonics program, Fundations and Heggerty.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

Scores from each modality of the NYSITELL and/or NYSESLAT are used to identify areas of strength and weakness and guide instructional planning for our ELLs. Screening Assessments being used to guide instructional planning for our ELLs K-2 include Acadience for Reading and Map Growth Achievement in Math, in grades 3-5 screening assessments include Map Growth Achievement in math and reading, SPIRE's initial placement assessment, and Sound Reading Solutions placement test. Acadience helps teachers identify children at risk for reading difficulties and determine the skills to target for instructional support. Individual student data is used to plan and differentiate instruction for each student. The HMH Growth measure is another beneficial digital assessment that provides an accurate view of the students' reading performance across an established set of key standards that are appropriate for each subject and grade level. Teachers use the data from this assessment to plan for individual students' needs and addresses any gaps in understanding. Newcomers are assessed using LETRS Phonics for World Reading Survey for a foundational skills baseline. In addition, Spanish speakers are administered the standard screeners in their native language to obtain a baseline.

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

In order to provide access to grade level academic content and accelerate English language development, teachers use HMH-Into Reading, Fundations and Heggerty Phonics as core ELA programs. EnVisions is implemented as the core math program. Each curriculum has interventional lessons and instructional resources to support the needs of struggling students, embedded within instruction. The use of success Criteria and Progress Monitoring also drive targeted instructional instruction. In addition, the implementation of Amira allows students to choose from several appropriately difficult and engaging texts to read. With each reading session, Amira provides reports with detailed data on students' progress. Using this data teachers are able to focus in on areas of weakness to implement individualized intervention. The focus on reading skills provides teachers with the most up-to-date and effective instructional tools. Teachers have access to valuable data that drives instruction by identifying areas in need of intervention and enrichment. When providing small group targeted/differentiated instruction teachers use Sound Reading Solutions. Such programs tailor lessons/tasks to each student's current academic strengths and needs.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

Our school uses data to guide instruction for ELLs with a Multi-Tiered System of Supports (MTSS). To strengthen our instructional core (Tier 1) our school is taking a targeted instruction approach to support and reinforce the skills taught in the core instructional program. ENL teachers provide professional development and collaborate with classroom teachers to design whole group and targeted small group instruction based on data collected through progress monitoring. Our school utilizes data from universal screeners such as, MAP Growth Achievement, Acadience, and NYSESLAT for modality and proficiency level. Teachers collaborate during teacher team meetings to refine and reflect on instructional protocols using student work samples and grade level data. Students are grouped for small groups based on need and lessons are tailored to their individual skill sets. In using formative and summative data teachers are able to discover where students need help, provide more cohesive instruction to make grade level work more accessible. Teachers in all grades are honing in on phonemic awareness and phonics instruction in order to build our newcomers prerequisite skills. In grades K-2, classroom and ENL teachers are using explicit instruction (Heggerty and FUNdations) in these areas to increase student proficiency that fosters more fluent and autonomous readers. We have ML/ELL students in Tier 2 Intervention (SPIRE) or Tier 3 Intervention (Great Leaps). The interventionist periodically emails progress reports to the teachers so that they may adjust and differentiate their plans for their students. Student progress is closely monitored and analyzed in order to determine continuation or removal of intervention services. All students, including MLLs have access to their Tier 1 support of Amira, which tailors reading lessons to students individual needs. Teachers assess students throughout the EnVisions math lesson in order to create small groups for targeted instruction. Envisions provides teachers with a Performance Assessment to breakdown/reteach areas of difficulty. Progress monitoring is used to track student performance in order to modify Tiers of interventions that can either be amplified in response to levels of need or decreased in response to improvement. Teachers weave social emotional learning into daily lessons and utilize the focused monthly competency activity to build student understanding and application of these important skills to address any behavioral challenges that may interfere with academic success.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

Formative assessments that are used to inform and drive instruction include HMH growth assessments, EnVisions Topic Assessments in Math, Sound Reading Solutions Placement Test and Progress Monitoring. Beginning of the Year, Middle of the Year, and End of the Year ELA and Math benchmarks are administered and utilized to guide lesson planning and instruction. In addition, teacher created assessments in all content areas are differentiated and/or translated for ELL students in order to accurately measure student progress and inform instruction as needed. In order to identify student deficiency areas in foundational skills, ENL teachers analyze writing samples/assessments. IXL and Amira are also used to assess student strengths and needs, while also providing teachers with valuable data that is used to inform and drive instruction.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

Students are given math textbooks and math assessments in Spanish. Instruction occurs in English, however, glossaries and texts in students' native language are provided as necessary to aid comprehension. Students are given opportunities to answer verbally or provide a written response in their native language to assess their understanding while navigating a new language. MapGrowth benchmark math assessments are given in the students native language for newcomer ELLs.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

Summative assessments used to evaluate the effectiveness of our ML/ELL programs include the NYSESLAT and State ELA and Math assessments. Curriculum and instructional modifications are based on analyzed state assessment data. The breakdown of data through the lens of NGLS guides instructional planning, such as designing/differentiating instruction and formulating flexible grouping. Our ELL/ML teachers analyze the scores of the 4 modalities of the NYSESLAT in order to determine students' strengths and weaknesses. An ENL student data tracker highlighting each students modality of strength and modality most in need of support, will be used by both ENL and classroom teachers to ensure students are receiving individualized instruction. Based on these assessment results, teachers self-reflect to determine effective instructional practices to drive student progress. By using this summative data from the NYSESLAT, our school is ensuring that our instructional design and curricular decisions are tailored to meet the instructional needs of our students. Classroom and ENL teachers collaborate to plan Tier 1 writing lessons around the core content being delivered. Teachers will aim to focus on both the writing process and craft of writing weekly through writable and teacher created materials. Teachers in grades K-2 are using a systematic-explicit instructional approach for addressing student needs in the areas of phonological and phonemic awareness, vocabulary and sentence structure to help students become more fluent writers.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Certified ENL teachers will administer the NYSESLAT to their respective grades. Trained special education teachers administer the NYSESLAT to students with IEPs in a separate location ensuring that all testing accommodations are provided. Trained and certified ENL teachers score the assessment. In order to ensure that ELLs continue to receive mandated services during the testing period, groups are combined to satisfy the 90, 180, or 360 minute requirement. FormerELLs receive small group/differentiated instruction from their classroom teacher.

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

Students' IEPs are throughly reviewed prior to any state assessment by both the IEP teacher, testing coordinator and special education teacher. Students are then homogeneously grouped with students who share the same grade level and testing accommodations to ensure all accommodations are being met.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

At the beginning of each school year, parents of newly identified ELLs are invited to attend our ELL program orientation assembly. The ENL team with the support of administration, the parent coordinator and teacher translators provide parents with detailed information about the ELL program model options offered within New York City Public Schools which include, Dual Language Bilingual Education, Transitional Bilingual Education and English as a New language. The NYC DOE Parents Orientation video is shown (in all languages of parents present at the meeting) and the ENL team provides additional information and answers any clarifying questions that may arise in terms of the goals and requirements of each program model. ENL teachers share the school expectations, which focus on academic progress and language acquisition. The goal is to support ELLs to succeed in academic content and language development. Teachers discuss information regarding the NYSESLAT & the four language modalities. The team also reviews the programs offered within the P.S. 60 community (freestanding ENL and Dual Language Bilingual Education) and the school-specific expectations for MLLs. The New York State Education Department's Parent's Guide to the Next Generation Learning Standards and the Parents' Bill of Rights for New York State ELLs/MLLs are printed and distributed. The ENL team and additional support staff present the information, then work with the parents individually to complete the parent survey in their home language. Parent attendance is recorded and kept on file. The ENL team reviews each parent survey, and the ENL coordinator logs each parent's preference on ATS. Several of these assemblies are held throughout the month of September to ensure all parents of newly identified ELLs have the opportunity to attend and receive all the necessary information. After September, newly registered students that are identified as ELLs are scheduled for a 1:1 meeting with a member of the ENL team. During this individual meeting, the ENL teacher reviews the same information presented at the initial parent

orientation assembly. As needed, a staff member fluent in the child's home language is present during the meeting to support the ENL teacher.
Our school takes multiple steps to ensure families receive the translation and interpretation support needed to fully engage in orientations. During these sessions, members of our multilingual ENL team provide live translation of the entire meeting in Spanish, which is the most prominent language in our school community. In addition, we use the Microsoft Translator app in Converse Mode, allowing parents to select their preferred language so they can follow along with real-time audio translation. To further meet linguistic needs, previously identified multilingual staff members are strategically freed from other responsibilities during orientations so they are available to provide direct interpretation support to families. Orientations are offered on a variety of dates and on an individual basis if needed. These practices help ensure that all parents, regardless of language background, feel welcomed, informed, and empowered to participate meaningfully in their child’s school experience.
To support family attendance, orientations are scheduled at varied times, including both morning and afternoon sessions, to accommodate work schedules. We also provide ample notice through multiple communication channels (REMIND messages, translated flyers) so families can plan ahead. This flexibility helps maximize participation and ensures families have the opportunity to engage.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note: this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

We hold annual individual meetings with the parents or guardians of our English language learners at least once per year to discuss the goals of the program, their child's language development progress, their NYSITELL and NYSESLAT scores, and language development needs in all content areas. Teachers maintain an annual individual meeting log that includes parent/guardian name, date, mode of communication. These meetings include school staff and when applicable a qualified interpreter/translator to effectively communicate with parents/guardians. A monthly newsletter is sent to parents notifying them of current and ongoing programs and activities in both Spanish, Chinese and English. We address the needs of parents and invite them to participate in our monthly PTA meetings and parent activities. The parent coordinator is available to translate for our non-English speaking parents. Parents are also invited to speak with the teachers after school hours to discuss progress and strategies/skills to work on at home.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:
a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

Our school utilizes the Remind App that allows parents to receive information and initiate communication in their native language. When necessary, school staff and pedagogues are also available to assist with interpretation on a rotating basis. In recognition of our school's multifaceted diversity, our staff consists of Spanish, Chinese, Bengali, Italian, Greek, Polish and Arabic proficient speakers. To further enhance communication and promote inclusivity, the ENL team and staff were provided with a professional development opportunity to explore various translation tools, including the Microsoft PowerPoint live translation feature. This feature was introduced to PTA board members, with assistance provided to help them utilize it during meetings. In our PTA meetings, parents are now able to select their preferred language, allowing them to access presentations, slides, and other relevant information through the tool, which provides real-time translated captions as the speaker talks. This technological enhancement complements the live interpretation services provided by staff, ensuring clear communication and fostering greater inclusivity. The PTA also received positive feedback from parents, who appreciated the tool's ability to facilitate more meaningful participation and engagement in the meetings.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

Our school determines the needs of our community by taking into account the cultural, linguistic and socioeconomic diversities of the families in our community. Based on these needs, our school offers activities, workshops and shares special community events throughout the year to ensure families feel included and empowered, despite linguistic barriers or socioeconomic challenges. By making families feel welcome, parents feel empowered to become involved in the school community. Such activities and community events include participation in the Community Education Council, Town Hall Events with Chancellor Melissa Aviles-Ramos, Book Festivals, the LEOS CLUB, Kindness Carnival, Family Movie Night, Clothing and Toy Collection for those in need. Also, seeing as 92% of our ELLS come from Spanish speaking homes, we spearheaded a collection of books in Spanish to donate to students year round. Students have been receiving these books to keep and read with their families. Reading these books at home allows parents to not only stimulate their child's cognitive, linguistic, and social development but also provides families with a way to be involved in their child's education despite the language barrier. Having parents involved in their child's education and participating in activities and events creates an inclusive environment that empowers families to be active members of our school community.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

Our school ensures families of MLs/ELLs are aware of leadership opportunities and involvement in the PTA, SLT and CEC. Our school distributes notices, virtual invitations and reminders to attend informational sessions about parent involvement. The digital invitations and reminders are sent out via the Remind app, which are sent in the parents'

prefered language. At these meetings parents are informed of upcoming elections and opportunities for family members to take on leadership roles within the school community. These meetings are interpreted into both Spanish and Chinese (the most highly represented languages in our school) to ensure all attendees are informed and involved.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

One of the key culturally and linguistically responsive partnerships we've developed is with our school's PTA, where we've made intentional efforts to include multilingual and multicultural families. With Spanish being the most widely spoken home language in our community, we provide live Spanish translation at PTA meetings and send home bilingual flyers, ensuring families stay informed and feel welcomed. Additionally, we collaborate with the PTA on events such as our Lunar New Year celebration, which is organized in partnership with parents from the community. This year, we also created a dedicated PTA office space to give families a welcoming and accessible location where they can seek support, ask questions, and build relationships. The vision for this space is to serve as a hub for resources, workshops, and peer support. Through our PTA partnership, we also work with local community organizations to help families access essential resources, including adult ENL classes, food and clothing drives, and immigration support and information. Beyond the PTA, we work closely with our ENL team and bilingual support staff to ensure that English language learners receive both academic and emotional support. Our School-Based Support Team and Guidance Counselor collaborate with families to align home and school life, assisting in creating a supportive home environment for learning. We host family workshops to help parents understand academic expectations and offer insights on how they can support their children at home. To ensure that communication is accessible, we provide a monthly school-wide newsletter and calendar, both translated into parents' home languages, keeping them informed about upcoming events and activities. We also utilize the Remind App, which delivers translated, actionable information about school events, instructional activities, and other important updates. This suite of initiatives helps strengthen the partnership between families, the school, and the broader community.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

At P.S. 60, we're excited to highlight our Spanish Dual Language Bilingual Education (DLBE) program. To meet the needs of the P.S.60 community our school launched a DLBE Kindergarten class for the previous 2024-2025 school year. Based on its success and strong support from parents who have expressed a desire for continued expansion of the program, our school has added a DLBE first grade class for the 20205-2026 school year. It is our goal to ensure we work in partnership with the families of our MLLs to continue to make this program a success. It is a priority at P.S.60 that students and families feel valued and represented while also creating bilingual, biliterate and bicultural MLL students. The program focuses on teaching students both their home language and English, while also promoting cultural pride and awareness. Through open communication and family engagement, we're committed to creating a space where students and families are empowered, and where bilingualism is seen as a valuable asset for both personal and academic growth.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

Our ELL identification team includes our ESOL certified teachers, leadership, an assistant principal and other trained pedagogues that are available when ESOL teachers are providing mandated instruction. ESOL teachers rotate availability for registration according to their non teaching periods. The parent coordinator and secretarial staff members are involved in the ELL identification process as translators.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The ELL Identification Process is completed within 10 school days of enrollment for all eligible students (20 school days for students entering with IEPs). Upon registration and enrollment, the HLIS is completed by the parent/guardian in the preferred language with a licensed and trained pedagogue. To ensure the process does not interrupt mandated instructional minutes, ESOL teachers rotate availability for the registration process according to their non-teaching periods. If ESOL teachers aren't available, other trained pedagogues are utilized.Translation services are provided by a bilingual staff member or the over-the-phone translation services. The administration of the HLIS includes an interview with the student to determine the student's home language. The home language code is determined by the licensed and trained pedagogue and is based on a combination of the informal interview with the parent and child and the parent's responses on the HLIS. If the home language is English, then the student is not an ELL and screening for ELL identification stops. The HLIS is placed in the student's cumulative record. If the home language is other than English, an individual in-depth interview must take place to determine NYSITELL eligibility. This more in-depth interview must be conducted in English and the student's home language by qualified personnel. The interview should include a review of the student's prior work in both languages if available and/or writing samples/exercises completed at the time of interview. Some of this information may be used to determine if a student is a potential Student with Inconsistent/Interrupted Education (SIFE). If the home language is other than English or the student's primary language is other than English, as determined via the in-depth interview, then the

student may be an ELL. If the student does not have an IEP, the NYSITELL is administered. The NYSITELL is administered within 10 school days of the student's initial enrollment. If the student is identified as an ELL and the home language is Spanish, the student is administered the Spanish LAB to determine native language proficiency. To determine if a student is SIFE, qualified personnel will administer the SIFE Oral questionnaire and diagnostic tools to determine SIFE status and ascertain the student's home language literacy level. Prior to students' placement in an ELL/MLL program, an orientation session is provided where parents/guardians can view the ELL Parent Orientation Video which explains the three program options and is available in 13 languages. The agenda, attendance records, staff members present, and languages used at the orientation must be recorded. The parent orientation session must be in a language that the parent/guardian best understands and must also provide a high-quality orientation section on the Next Generation Learning Standards and assessments, school expectations for English language learners, program goals, and requirements. After parents/guardians are informed of all three program models at the parent orientation, they are provided with a Parent Survey and Program Agreement Form in the parents' preferred language, where they indicate their program choice. The parent/guardian must return the completed and signed form within 5 school days and will then receive the Placement Letter in their preferred language to confirm their child's placement in an ELL program.

The Language Proficiency Team (LPT) determines if a student with an IEP may have second language acquisition needs and should take the NYSITELL. If the LPT recommends to the principal that the student with an IEP does not have second language acquisition needs, the principal notifies the superintendent and parents/guardians, and the superintendent has 10 days to agree or disagree. Parents are notified within 5 school days of the final determination. If the results of the NYSITELL determine that the student is in need of bilingual/ENL services, the parent/guardian will receive an Entitlement Letter in the indicated preferred language within 5 school days. The Entitlement letter will include the student's English proficiency level, the parent/guardian's right to seek a review of ELL Identification/Entitlement Determination, and information regarding the parent orientation session. If the student's language proficiency is commanding, as measured by the NYSITELL, then the student is not an ELL and the parent/guardian will receive a Non-Entitlement letter. If re-identification is requested by a parent or guardian, the LPT meets to review all documents related to the re-identification process. After review of the students' work in both English and the home language, the student may be administered the NYSITELL if it had not been previously administered. Qualified school personnel meet with the parent and administer alternative assessments to determine the child's proficiency in English in speaking, listening, reading, and writing. If necessary, the LPT team meets with the IEP team to determine if a disability is impacting the student's abilities in English. All information is provided to the principal, who makes the determination whether to change the student's ELL status. The principal then enters this decision into the RQSA screen in ATS for superintendent review. Written notification of the decision is sent from the superintendent to the principal, parent, guardian, and student (if he/she is 18 years of age or older) in the parent's preferred language within 10 school days of receipt of documentation from the principal. Superintendent's (or designee's) decision is entered into the RQGA screen in ATS. If the decision is to not change the ELL status, no further action is necessary. If the decision is to change the ELL status, the student's program must be modified accordingly. Our school then obtains all notifications and documents in both the student's cumulative record and the centrally located ENL binder.

The ELL identification process begins when families first meet the pupil accounting secretary, who initiates the child’s school registration. The secretary then contacts the ENL team, who sends an available trained pedagogue from the ELL Identification Team to conduct the identification process. The ENL teacher, along with a translator if necessary, explains the purpose of the Home Language Identification Survey (HLIS) and guides the family through completing it. Next, the ENL teacher interviews the student using a question sheet kept in the main office to gather additional information to assess the student’s language abilities. Based on the parent responses on the HLIS and the student interview, the ENL teacher or trained pedagogue fills in the home language code and decides if the student is eligible for the NYSITELL. To ensure smooth implementation, our school maintains a structure that guarantees a trained ENL pedagogue is always available to conduct interviews and support families throughout the process. Additionally, ENL teachers proactively plan their schedules to ensure a member of the team is available during a non-teaching period to prevent any interruption of mandated ENL or bilingual instruction for current, former, and potential ELLs, ensuring all students receive consistent and uninterrupted support.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Elizabeth Orsini Fox

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Maria Del Pila	Cardona Salgado	Parent Coordinator - Annual		
Damaris	Carrasco	School Secretary	11/15/2023	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),Automate The System (ATS) reports / Next Generation Student Information System (NGSIS)

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	13	0.80%	13	0.80%	1	1
BENGALI (BANGLA IN BANGLADESH)	31	1.91%	31	1.92%	3	3
CHINESE ANY	113	6.98%	109	6.75%	1	1
CANTONESE	0	0.00%	2	0.12%	1	1
DARI/FARSI/PERSIAN	1	0.06%	1	0.06%	0	0
FRENCH	4	0.25%	4	0.25%	0	0
MANDARIN	0	0.00%	8	0.50%	1	1

ENGLISH	704	43.48%	694	42.95%	All	All
SPANISH	746	46.08%	746	46.16%	20	20
TIBETAN	0	0.00%	1	0.06%	0	0
URDU	6	0.37%	6	0.37%	2	2
UKRAINIAN	1	0.06%	1	0.06%	0	0

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
Report Cards	Available in DOE languages by the DOE vendor LinguaLinx Translation
Exam Notifications	Letters are translated by school personnel
School Closure Written Notification	Google classroom and Remind posting in parents preferred language choice
Progress reports	Translated by Parent Coordinator and school personnel
Overview of curriculum	Translated by Parent Coordinator and school personnel
Section 504 Guidelines for the provisional health services and/or Section 504 accommodations for students	Language of choice DOE vendor LinguaLinx Language Solutions
Requests for administration of medication for students	Language of choice DOE vendor LinguaLinx Language Solutions
AAMAF, AMAF, DMAF Health Forms	NYC DOE health forms available in DOE languages or DOE vendor LinguaLinx for non-covered languages
Bed Bug Fact Sheet/Notification Letter	Translated through Translation and Interpretation Unit
Lice Fact Sheet/Notification Letter	Translated through Translation and Interpretation Unit

Immunization information	NYC DOE health forms, available in DOE languages DOE vendor LinguaLinx Language Solutions
Title III Program Invitation and Permission Slip	Translated by Parent Coordinator and school personnel
Discovery Day Flyer	Translated by Parent Coordinator and school personnel
Parent Workshop Flyers	Translated by Parent Coordinator and school personnel
PTA Meeting Notifications	Translated by Parent Coordinator and school personnel
Monthly School calendar	Translated by Parent Coordinator and school personnel
Monthly Newsletter	Translated by Parent Coordinator and school personnel
English as a New Language (ENL) Letters: NYSESLAT Score, Entitlement Letter, Continued entitlement Letter, Proficiency Letter,Parent Selection and Student Placement Letters	Translated copies available in preferred language can be found on the T&I Unit's public website and on the T&I Unit's InfoHub
New York State testing dates and information	Translated by Parent Coordinator and school personnel
IEPs	Available in DOE languages by the DOE vendor LinguaLinx Translation

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
Parent Teacher Conferences	Interpretation will be provided by the Parent Coordinator, school staff or hired interpreters through DOE vendor
Monthly PTA meetings	Interpretation by Parent Coordinator, school staff or Geneva (virtual or in-person) for languages not spoken by staff
Monthly school leadership meetings	Interpretation by Parent Coordinator, staff members or Geneva (virtual or in-person)for languages not spoken by staff
Individualized Education Plan (IEP) meetings	Interpretation by PS 60 staff and bilingual psychologist or Geneva (virtual or in-person) for languages not spoken by staff
Informal/formal interactions and meeting with the school guidance	Interpretation by the Parent Coordinator, PS 60 staff or Geneva (virtual or in-person) for languages not spoken by staff

counselor	
Parent outreach/meetings	Teachers will set up an appointment with the parent coordinator, use school provided Pocketalk devices or Geneva (virtual or in-person) for languages not spoken by staff.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

In the event of an emergency or if a parent needs to contact the school in an emergency our school will use office staff who are readily available to provide interpretation. The staff will also have access to Pocketalks to assist parents in their preferred language during an emergency situation.
Our school will utilize our parent communication platform, Remind, to inform parents of an emergency (lock down or fire drill) situation via text message or voice message in their preferred language. School staff will use the over-the-phone interpretation line to contact parents who speak languages not spoken by our bilingual staff.
If a parent has an emergency they can contact the classroom teacher directly through Remind or Google Classroom in their preferred language. The teacher can set up a virtual or in person meeting using Geneva (virtual or in-person) for languages not spoken by staff. Teacher can also use the Interpretation line provided by Language Line Solutions to communicate with parents quickly over the phone.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

All staff members are given the number for the Department of Education Translation and Interpretation Unit. Posters are displayed in the main lobby and office with the phone number and directions on how to utilize these services. We also have staff members available to translate for face to face parent meetings. Staff members are also given a list of members of the school staff who speak different languages and are available for translation.

Our school has put in place a systematic monitoring and communication procedure to guarantee that all employees finish the mandatory asynchronous NYCPS Language Access Training for School-Based Staff on the WeLearnNYC platform. Staff meetings are used to explain the training need, and follow-up emails with detailed instructions, due dates, and links to the training modules are used to reinforce it. Employees are given individualized reminders and assistance if they run into technical issues if they haven't finished the training by the deadline.
Our school makes sure that staff members are knowledgeable about the Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents and Best Practices for When to Provide Translation of Critical Written Communications to Parents, in addition to keeping track of training completion. We implement these best practices into our communication procedures and discuss them during professional development workshops. For continued access, reference copies of the documents are placed in common planning spaces and/or distributed digitally. Through the implementation of efficient language support strategies, we hope to advance equity and access for all families by fusing centralized tracking, professional development, and clear expectations.

The designated LAC will update staff members on additional trainings or resources as they become available via email or general school announcement.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

Translation service funds provided by the DOE will be used for in-house interpreters to translate at PTA meetings and parent teacher conferences or to hire an outside vendor to perform the services needed. This will allow equal access to information on standardized exams, informal assessments, and to notify parent of individual student progress. All important documents are provided in translated form. They are distributed from the main office and the parent coordinator also maintains a file of these documents in her office. Parental notices will be sent in English and other target languages informing parents of the availability of translation and interpretation services at the school. In addition, a copy of such notice will be posted in a prominent location near the main office of the school. Teachers and school staff utilize Remind to relay messages to parents. These messages are translated into targeted languages. Parents also have the option to choose the language in which their messages are to be delivered, giving them autonomy over their language preferences.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

Our school has gathered feedback from parents via in person requests following formal/informal meetings and workshops on the quality and availability of services. In the even that parents need further clarification/interpretation we are able to schedule appointments to privately discuss the content of the meetings. At PTA and school leadership meetings, parents and educators discuss and gather feedback from
parents on the quality and use of such services.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

It has been requested that we support all language preferences during PTA meetings and school provided workshops. As a result many of our staff members have received training in 'in the moment' interpretation services available through Microsoft and Google platforms. Our staff has also created parent forms and surveys that have been translated to parents preferred language to allow more equal access to information. Additional Pocketalk devices have been purchased for monolingual teachers to use during both informal and formal parent meetings.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School,Saturday Academy

Total number of ELLs to be served in this program:

150

Grades to be served in this program. Select all that apply.

,3,4,5,2,1,K

Total number of teachers in this program:

11

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

3

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

8

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

In order to increase the overall academic achievement of our Multilingual Learners in grades 3-5, students will participate in a morning program, focusing on building fluency in reading, writing and math. Second grade students will participate in this program after school on Wednesday's from 2:25-3:25. By providing this program in the morning for 3rd-5th graders, it is our hope that lateness and overall attendance improve for these students. PS 60 will have a morning program before school 2 days a week from 7:00 to 7:50 on Tuesdays and Wednesdays and an afterschool program for second grade students held on Wednesdays from 2:25-3:25pm. We will also host a Saturday morning fluency program for our learners in grade K and 1. The Saturday program will run from 8:30-10:30 and be held virtually. These programs will be open to our ELL, ELL-SWD, Former ELL students who need to improve their academic performance, with emphasis on meeting the Next Generation Learning Standards.
There will be a total of 11 certified teachers, 3 of which are certified ENL teachers or teachers with a bilingual extension. There will be 6 classes in grades 3-5, 1 or 2 on each grade depending on the number of students in attendance, with 20-25 students in each class. There will be 1 class of approximately 20-25 second grade students in the afterschool program. For grades K and first, there will be two virtual classes of approximately 20 students in each group. The students will be placed based on NYSESLAT levels and performance on the beginning of the year periodic assessment. The morning and afternoon program will begin on November 19th 2025 and end on April 30th 2026. There will be a total of 40 sessions for students in grades 3, 4 and 5 and 20 sessions for grade 2. The Saturday program will begin on January 24th and there will be a total of 12 sessions. The students will be formally invited to participate in the program, with parent consent required. The teachers will keep attendance records on a goggle form throughout the entirety of each program.
The morning and afterschool program will be supervised by the on duty assistant principal and will be at no additional cost to the Title III ELL funds. This program will be extend to Kindergarten and first grade students virtually on Saturday's starting on January 24th, 2026 and continue through April 25th 2026. These students will attend a total of 12 sessions. An assistant principal will supervise the Title III Saturday virtual fluency program for students in grades K–1. The assistant principal's regular work hours are Monday through Friday from 7:30 a.m.–3:15 p.m. or 7:00 a.m.–2:45 p.m., so this Saturday assignment is outside of their normal schedule. The assistant principal will therefore be compensated at the per-session rate at the cost of the Title III funds for supervising the program on Saturdays from 8:30 a.m. to 10:30 a.m.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

During the 2025–2026 school year, PS 60 will offer a supplemental morning / after school enrichment program two days a week for 2nd–5th grade English Language Learners (ELLs). This program is based on quantitative data from

the EDAT, focusing on English Language Proficiency (ELP) growth. ELP data is valuable because it shows how well students are progressing in language proficiency. Data shows that 50% of students did not meet expected progress, highlighting the need for extra support. The program aims to give these students targeted support to strengthen their language acquisition skills in order to improve their proficiency level. In addition to quantitative data, qualitative data is also used to support the need for the morning program. This includes student feedback, samples of student work, and teacher observations. These sources provide insight into students' language development, engagement, and areas of struggle that may not be fully reflected in test scores. These findings reinforce the need for a structured morning enrichment program.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Newcomer ELL, Developing ELL, SWD-ELL & Former ELL students in grades 2-5 will be invited to participate in the morning program. The program will host approximately 150 ELLs with the support of 11 teachers, 8 content area teachers and 3 TESOL/bilingual teachers. There will be two classes on each grade level with 20-25 students in each class. The class will be taught by a content area teacher with the support of an ENL certified teacher. The ENL teacher will push into each classroom for approximately 30 minutes on a rotating basis. The Saturday program will consist of one group of approximately 20 Kindergarten students and one group of approximately 20 first grade students. The sessions will be held virtually by a content area or dually certificed content/TESOL teacher.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

Students in grades 3, 4 and 5 will attend the morning program from November 19th, 2025 to April 30th, 2026. They will attend a total of 40 sessions from 7am to 7:50 am on Tuesday and Wednesday mornings. Students in 2nd grade will attend the after school program from November 19th through April 30th. They will attend a total of 20 sessions on Wednesday afternoons from 2:25-3:25. The program will be extended to Kindergarten and first grade students, to be held remotely on Saturdays, starting January 24th 2026 and running till April 30th 2026. These students will attend a total of 12 sessions.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

The language of instruction used in this program will be English. In order to provide home language support the teachers will have access to supplemental materials available in Spanish through our core curriculum Into Reading from HMH, as well as HMH online platforms accessed in Clever and Teachhub. These teachers will receive training in leveraging current translation apps and digital tools. This training will allow them to provide real-time translation for students, ensuring clear communication and comprehension.

Furthermore, teachers will learn to utilize these tools to transform learning materials, making them more accessible and comprehensible for MLLs. This includes adapting content, creating visually supported instructions, and providing resources that bridge language gaps. By equipping our teachers with these essential skills, we're creating an inclusive and supportive environment where every MLL can thrive. Program invitations, letters and any other additional communication will be translated into the students' home language.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

There will be a total of 11 teachers, 3 of which are TESOL/bilingual certified. The ENL and content teachers will be providing direct instruction mostly through the team-teaching model. There will be two content teachers on each grade level and the ENL teachers will support the content teachers by providing both small group and team-taught direct instruction. The ENL teacher will spend 30 minutes in each classroom on a rotating basis. ENL teachers will also provide direct instruction through flexible grouping, based on the needs of each individual student. Teachers will use data from the 2025 NYSESLAT and the beginning of the year periodic assessment to provide targeted instruction and push these students towards grade level standards. There will be a significant focus on all students using the NYSESLAT modalities of challenge or NYSITELL levels to differentiate the instruction to meet the needs of the individual student.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The teachers will use the ELL support material from HMH Into Reading and Envision 2020 which are at no additional cost to the Title III LEP funds. Supplemental materials will be purchased from Sadlier (From Phonics to Reading) as well as digital platforms utilized NYCDOE Teachhub and Clever. These materials are supplemental and distinct from those used for daily instruction. All instructional materials will be supplemented with appropriate supports and

scaffolds such as visual aids, realia, digital resources and explicit vocabulary instruction. The students will engage in both reading, writing and math activities to promote progress and overall academic growth and achievement.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

The ENL department will send invitations to parents, notifying them that their child is eligible to attend the morning program. A digital record will be maintained to document the students invited to the morning program, along with parent consent forms. Parents will be notified of relevant updates in their preferred language through the Remind app and translated paper notices. Each teacher will maintain a program attendance folder to record daily student attendance, which will be submitted to the administration each day. Additionally, ELL teachers will provide monthly professional development sessions to content area teachers participating in the morning program, ensuring they are equipped with effective strategies to support English language learners throughout the duration of the program. A record will be maintained of all professional development sessions conducted and attended. Purchase orders and invoices to date are kept on record in the main office.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Teachers who apply for, and receive, one of the positions will receive professional development on an ongoing basis. The content area teachers of this program will meet with Kelly Rojas, Maria Themelis, Danielle Sinnona, Melissa Onorato, and Melany Caceres, our certified ENL teachers. These trainings will take place on the following Fridays: October 3rd, February 13th and April17th for 1 hour beginning at 7 a.m. In an effort to make adjustments to the implementation of instructional strategies used throughout this program the professional development topics will include; New York State's Blueprint for English Language Learners Success, Stages of Language Acquisition, The Keys to Advance Language and Literacy and Scaffolding. During these professional learning sessions, teachers will focus on using translation apps and digital translation tools to enhance instruction. They will also work on creating meaningful language and content learning targets with language objectives and clear success criteria. Additional areas of focus include incorporating NYSESLAT modalities, identifying appropriate entry points and scaffolds for each stage of language acquisition, and building academic vocabulary and foundational skills in our Multilingual Learners (MLLs). The content teachers will also have the opportunity to discuss the performance and progress of the students in the program, with the certified ENL teachers (Kelly Rojas, Maria Themelis, Danielle Sinnona, Melissa Onorato, and Melany Caceres). The ENL teachers and administration will create agendas and handouts for the professional development sessions. The professional development provided will be at cost to the Title III ELL funds, as the teachers involved in training/development will receive per-session for work outside of school hours.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

The rationale for providing professional development is to provide instructional support to teachers of ELLs using New York State's Blueprint for English Language Learners Success, in addition to data analysis. Ongoing professional learning throughout the year encourages collaboration, shared experiences and effective strategies. As per teacher observation, teachers of ELLs would benefit from additional support in understanding of stages of language acquisition and how to make instruction more accessible to ELLS at each level. Professional development is focused on culturally responsive teaching and learning, differentiated instruction and instructional strategies. Professional development takes place in the form of workshops, teacher conferences, peer coaching and grade level professional learning communities. Teachers engage in qualitative and quantitative data analysis which highlights the need for professional development focused on English Language Learners. Examples of quantitative data analysis used are demographic trends, NYSESLAT scores by modality and ELA & Math scores/trends. Statistical data comparing ELLs and their native English speaking peers highlights the need for targeted professional development to help close the achievement gap. In addition, qualitative data includes classroom observations and teacher feedback such as interviews & surveys. Integrating both quantitative and qualitative data ensures that professional development is informed by both the measurable needs of ELLs and the experiences of educators. Professional development will positively impact the progress of ELLs by leading to improved teaching strategies, enhanced understanding of language acquisition, and effective assessment practices.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

All teachers that will be working the program will receive ongoing training through the duration of the program.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

The Professional Development sessions will take place as scheduled below:
Friday October 3rd, 2025 6:50am -7:50am
Friday February 13th, 2026 6:50am -7:50am
Friday April17th, 2026 6:50am -7:50am

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Topics to be included during ELL professional development activities will focus on providing teachers with best practices to address the needs of our ELL population. Professional development will be offered by our certified ENL teachers in collaboration with our literacy coach. Targeted topics will provide teachers with necessary tools to foster a more inclusive and supportive learning environment where every MLL can thrive. The following professional development activities are listed below:

-Differentiated instruction/Scaffolding techniques: techniques to modify/adjust lessons to meet diverse language proficiency levels, including a focus on creating meaningful language/content objectives and success criteria. Strategies to support ELLs as they develop language skills and content knowledge.

-Building Academic Vocabulary: techniques for explicit instruction of content-specific academic vocabulary

-Foundational Skills: integrating explicit, systematic foundational skill instruction into the curriculum

-Understanding Language Acquisition and Language Proficiency Levels: This includes understanding the stages of language development and the four modalities of language and how to best support each level/modality.

-Culturally Responsive Teaching: focusing on strategies to engage students from diverse cultural backgrounds to create an inclusive classroom community

-Technology Integration: integrated the use of laptops and iPads to access digital tools such as language learning apps, direct translation apps and digital translation tools for adapting content, creating visually supported instructions, and providing resources that bridge language gaps.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Kelly Rojas, certified ENL teacher
Maria Themelis, certified ENL teacher
Danielle Sinnona, certified ENL and Students with Disabilities teacher
Melissa Onorato, certified ENL teacher
Melany Caceres, certified ENL teacher

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Professional Development records will be documented physically and digitally. Agendas, training materials and other resources will be shared on our school Google Drive and will be accessible to all staff. Attendance will be recorded on a physical document. Teacher made artifacts will be collected and displayed.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

P.S. 60 will implement a series of family engagement workshops designed to support and empower multilingual families. Sessions will include interpretation services or the distribution of translated digital and/or printed materials to ensure accessibility. The workshops will focus on equipping parents with the tools needed to support their children's education including technology use and translation tools, navigating the U.S. public school system, understanding and preparing for assessments, and strategies to support learning at home. These sessions aim to strengthen school-family partnerships and promote equitable access to educational resources. The Parent/Family Engagement activities will be at no additional cost to the Title III ELL funds as they will take place during school hours. There will be no additional vendor costs for these programs. These engagement activities for families of our English Language Learners will take place on four separate occasions and be funded by the Title III ELL funds. Additionally throughout the year, the parent coordinator sends community engagement events via REMIND app and free books are offered in the lobby as well as in classrooms for students.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

Building a strong relationship with the families of our ELL students is crucial for creating a supportive educational environment, promoting academic success and social emotional well-being, and fostering a sense of belonging within the school community.
Activities will be designed and implemented based on quantitative and qualitative data. Quantitative data includes understanding the demographics of our ELL population, data analysis of our ELLs' academic performance, using the 2024 Spring EDAT and 2025 NYSESLAT to identify areas where families can support their children, and parent surveys to gather quantitative data on preferred times and types of activities. Qualitative data includes interviews

with families to gain insight into their needs and concerns and parent feedback on previous engagement activities. PTA requests and informal feedback from parent teacher conferences highlighted families' desire for more accessible information on school expectations, assessment preparation and digital tools used in classrooms. The topics for these workshops, therefore, were selected to directly address these concerns.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

Parent Workshops will take place on a quarterly basis, starting in November and running through April 2026. Each session will last approximately 1 hour from 8:30-9:30am. A tentative schedule of dates are listed below:
September 12, 2025
December 18, 2026
March 11, 2026
May 15, 2026

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

For the 2025-2026 school year parents will be invited to parent/child activities and parent workshops, focusing on academic achievement and other family concerns. Parents will receive training regarding ideas for enhancing their child's academic experience and how to support their child's education at home. Workshops will also be conducted for parents on how to monitor their child's progress, how to work with educators, NYSESLAT Readiness and preparation and understanding/supporting your child's Language Acquisition progress. The goal of one session will be to invite parents into the classroom to take part in a parent/child class activity. Parents of students participating in the Title III LEP program are invited to attend the Title III parent engagement activities.

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops will be provided by various staff throughout the course of the year on a monthly basis, including certified ENL teachers, Maria Themelis, Kelly Rojas, Melissa Onorato, Melany Caceres, Danielle Sinnona- a special education

and ENL certified teacher, and the parent coordinator, Maria Cardona.

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

Parents will be notified of events/workshops through the following means; Remind, monthly calendars, and parent notification letters/flyers in their selected home language, exterior display board, interior electronic display board, and PTA general meetings. School staff translators will be available for all activities and any handouts pertaining to the meetings will be available in their home language. These programs will be open to all parents/guardians of ELL students and will be delivered virtually and in person.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

Family engagement activities and family notifications are critical to foster communication and collaboration with families, ensuring that all parents feel welcome and involved. Invitations are sent out in multiple languages summarizing event details. Our school maintains documentation using agendas that provide date, time ,location and topics to discussed. We provide the agenda in families' native languages. To track attendance we use sign-in sheets and ask for parent/student name and contact information. Materials, resources and information are provided during the event and can also be accessed through the REMIND Application.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Allocation Amount ($):

$45,784

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.

Title III Immigrant Outline

Title III Application for Immigrant Funding

REQUIREMENTS

Title III, Part A - Immigrant Funds can be used for activities that provide enhanced instructional opportunities for immigrant students, which include:

- Identification and acquisition of curricular materials, educational software and technologies to be used in the program.
- Family literacy, parent outreach and training activities designed to assist parents in becoming active participants in the education of their children and understand their rights and the benefits of multilingualism.
- Support for personnel, including teacher aides, parent coordinators, and school counselors who have been specifically trained, or are being trained, to provide services to immigrant students and families.
- Provision of tutorials, mentoring, and academic or career counseling for immigrant students, as well as engagement in pre-college and work-based learning experiences.
- Basic instructional services directly attributable to the aforementioned school districts, including costs for additional classroom supplies, transportation costs, or other costs directly attributable to such services.
- Other instructional services that are designed to assist immigrant students to achieve in elementary schools and secondary schools in the United States, such as programs of introduction to the educational system and civics education.
- School activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist families of immigrant students by offering comprehensive community services.

Funding follows similar guidelines for Title III funds established by the Office of Multilingual Learners (OML) and can only be used to provide **supplementary services** to immigrant students, who may or may not be English Language Learners (ELLs).

Please note: Immigrant students are not necessarily English Language Learners (ELLs), and ELLs may or may not be immigrants. For the purpose of this funding, immigrant students are defined as individuals who were not born in any U.S. state (this includes the District of Columbia and the Commonwealth of Puerto Rico); and have not been attending one or more schools in any one or more states for more than three full, academic years (the months need not be consecutive).

Priority areas for the use of Title III, Part A - Immigrant Funds are as follows:

- Extended day programming (e.g., before school, after school, Saturday program) to provide targeted, small-group instruction, credit recovery support, and postsecondary preparation.
- Implementing strong student supports to increase graduation rates.
- Community-based and school-based programming (e.g., before school, after school, Saturday program) to strengthen partnerships between immigrant families and schools.
- Developing new and/or enhancing existing programs for newcomers (meeting criteria defined above).
- Supplementing the opening or growth of Transitional Bilingual Education programs and/or Dual Language Bilingual Education programs serving immigrant students.
- Professional learning on meeting the needs of immigrant students, creating a welcoming and inclusive school environment, and effective instructional practices.

For more information on Title III requirements, refer to NYSED's guidance on allowable and unallowable expenditures for Title III. For specific allocation amounts per school, see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist.

DIRECTIONS

Please complete the application below. Schools must use the funds to support their immigrant students by developing a plan that has each of the following components:

- Direct instruction, supplemental program for immigrant students,
- Professional development that bolsters the instructional practice of teachers of immigrant students, and
- Family engagement activities that support families of immigrant students.

Completed applications must be submitted in iPlan for review and approval. Please refer to the respective School Allocation Memo. Schools are not permitted to use funds until they submit a plan and receive notification of its approval.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip Part E of this document)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Before School

Grades to be served in this program. Select all that apply.

,3,4,5,2,1,K

Total number of teachers in this program:

8

Provide a summary of each program funded under Title III immigrant for SY 25-26:

For each program, describe:

- When the program takes place (i.e., after school, before school, Saturday academy).
- Activities the students will engage in and how these activities will enhance instructional opportunities for immigrant students (including ELLs).
- How students will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program.
- How instruction will be delivered (e.g., team teaching, parallel teaching, etc.).
- How the program will be supervised and whether this is at cost to Title III Immigrant. **Please note:** If supervision will be funded using Title III Immigrant funds, you must include the supervisor's regular workday hours and the hours the supervisor will get paid per session.

Immigrant, English Language Learners and SWDs will be attending The Academic/Clubs Morning Program on Thursday and Friday mornings from 7:00-7:50am.

The Academic/Clubs Morning Program, funded through Title III Immigrant funds, is designed to support the unique social, emotional, and academic needs of our immigrant students. Through engaging art and Mighty Milers clubs, the program provides opportunities for students to build confidence, develop interpersonal and communication skills, and strengthen their sense of belonging within the school community. Both the physical and creative activities are intentionally connected to academic goals, promoting language development, collaboration, and self-expression. By fostering these skills in a supportive, culturally responsive environment, the program helps students thrive both socially and academically. The Academic/Clubs Morning Program will also focus on ELA and Math academic skills

and activities. The goal is to provide instructional support during the morning program in which teachers will use resources from our Tier 1 curriculum programs HMH and math through the EnVisions curriculum and integrate them through the arts and physical education. All instruction will be in English with translation on an as needed basis.

The Academic/Clubs program will be held on Thursday and Friday mornings from 7:00am to 7:50am from February 5th, 2026 to April 30th, 2026, with a total of 18 sessions. We will have a total of 8 teachers responsible for the Kindergarten-5th grade students attending the program. There will be 18 sessions as follows, February 5th, 6th, 12th, 13th, 26th, 27th and March 5th, 6th, 12th, 13th, 19th, 26th, 27th and April 16th, 17th, 23th, 24th, and 30th. There will be one Mighty Milers class for students grades K-5, one Art class for students in grades K-2 and one Art class for students in grades 3-5 with a total of 100 students attending the program. Activities and instruction will be delivered in whole group and small group settings, giving students time to work in groups, with a partner and individually. The teachers will use the support material available from our Core Curriculum, specifically, HMH Into Reading and Envision 2020.

An on staff school administrator will supervise the program to collect and maintain attendance on Google Docs at no additional cost to the Title III Immigrant Funds.

Rationale for Title III Immigrant Funded Programs

Describe the rationale for each Title III Immigrant funded program:

For each program, include:

- Qualitative and quantitative data analysis that support the need for program, and
- Data sources used to justify the need for the program

PS 60 has approximately 211 students born in countries other than the US and a majority of those students have a Home Language other than English. This information is taken from the RBOP report on ATS. During the 2025-2026 school year, PS 60 will be conducting a supplemental Academic/Clubs Morning program for our Immigrant students, English Language Learners and SWDs. We want the students and their families to gain knowledge of PS 60's school culture and develop a relationship that will ensure success. The Academic/Clubs Morning program will focus on art and Mighty Milers clubs to help improve student attendance, social-emotional wellness and tardiness as well.

The data indicates that after two years of ENL instruction, our ELL students reach advanced and/or proficient levels in listening and speaking, but they still show deficiency in reading and writing. On the 2025 NYSESLAT we had approximately 27% of Immigrant ENL students reach commanding and an additional 12.7% of Immigrant ENL students make progress in level growth.

The goal of the program is to push our Immigrant, ELL, and ELL-SWD students towards academic growth in line with the next generation learning standards and support their unique social, emotional, and academic needs of our. The teachers will use support materials from our Core Curriculum, specifically, HMH Into Reading and Envision 2020.

Students and Grade Levels to be Served

For each Title III Immigrant funded program, describe the students that will be served:

Include:

- Total number of students for each program,
- Grade levels for students in program, and
- If ELLs are also included in these programs, (e.g., Newcomer).

The Academic/Clubs Morning program will have total of 100 students, approximately 20 students per grade (K-5) attending the program. The ELL subgroups included in this program include, Newcomers and Developing ELLs. This program will also involve immigrant students and students with disabilities.

Schedule and Duration

For each Title III Immigrant funded program, include:

- Start and end dates/months,
- Total number of sessions,
- Days of the week the program will be offered, and
- Time and duration of sessions.

The Academic/Clubs program will be held on Thursday and Friday mornings from 7:00am to 7:50am from February 5th, 2026 to April 30th, 2026, with a total of 18 sessions. There will be 18 sessions as follows, February 5th, 6th, 12th, 13th, 26th, 27th and March 5th, 6th, 12th, 13th, 19th, 26th, 27th and April 16th, 17th, 23th, 24th, and 30th.

Language of Instruction

For each Title III Immigrant funded program, include language of instruction and how home language support is provided:

All instruction will be in English and translation will be on an as needed basis. Teachers will also have the use of Pocket Talk for on demand translations.

Number and Types of Certified Teachers
For each Title III Immigrant funded program, include number and type(s) of certified teachers.

There will be a total of 8 teachers working the program, all teachers are certified Common Branch and 1 of those teachers hold a TESOL license. A paraprofessional for grades K-2 will also work the program to support with transitions, routines, materials, and behavior regulation. The paraprofesssional will ensure student safety and supports positive engagement.This staffing structure aligns with best practices for early childhood English learner

programs and supports equitable access for immigrant students. This position will be at cost of the TItle III Immigrant funds.

Types of Materials

For each Title III Immigrant funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III Immigrant funds. Please note: If materials are purchased using Title III Immigrant funds, they cannot exceed 20% of the total allocation.**

The teachers will use the support material from our Core Curriculum, specifically, HMH Into Reading and Envision 2020, these materials will be at no additional cost to the Title III Immigrant program. Clubs supplies will be obtained from an authorized DOE vendor and stored in a central location at the cost of the Title III Immigrant funds.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III Immigrant funded program, including evidence of parent notification in their preferred languages, student attendance records, teachers that support the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III Immigrant FAQ.**

The students that qualify to attend the program will receive an invitation and permission slip. Once the parent or guardian gives permission for the child to attend, signed permission slips will be kept in the ENL office. Each teacher will receive a folder with a copy of the permission slips so they can maintain a class list and parent contact information.

PS 60's on duty principal and/or assistant principals will supervise the program. A Google Doc will be used to take and maintain attendance for the entirety of the program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III Immigrant program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III Immigrant funds. Please note: If PD will be funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Please make sure to describe:

- Professional development to be provided
- Activities that teachers will engage with by topic
- Whether the professional development provided will be at cost to Title III Immigrant funds

Teachers who apply for and receive one of the positions, will receive professional development on an ongoing basis, teachers will discuss students' needs, performance, and progress. They will meet with ENL teachers to discuss what immigrant students and English Language Learners need for a successful academic career. In an effort to use the ELL support curriculum and make adjustments to the implementation of instructional strategies, professional development on using the Stages of Language Acquisition and scaffolding instruction for MLLs. Teachers will also be provided professional development on the Modalities of the NYSESLAT by a certified ENL teacher. Teachers will be paid the per session rate to attend the 3 professional learning sessions at the cost of the Title III Immigrant funds.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

For each activity include:

- Qualitative and quantitative data analysis that support the need for the professional development
- Data sources used to justify the professional development

Teachers in this program would greatly benefit from the professional learning sessions because understanding the Stages of Language Acquisition helps them identify where each multilingual learner is developmentally and tailor instruction accordingly. Training on scaffolding for MLLs equips teachers with concrete strategies to make content accessible while still promoting rigorous language development. Additionally, learning the modalities of the NYSESLAT strengthens teachers' ability to plan lessons that intentionally build students' listening, speaking, reading, and writing skills. Together, these sessions give teachers the tools needed to better support language growth, increase student engagement, and accelerate academic progress for all learners in the program.
The quantitative data used to support the need for these activities include the percentage of MLL/ELL students performing at Entering or Emerging on the NYSESLAT, data from iReady and Acadience screeners that show gaps in vocabulary, decoding and comprehension. The qualitative data includes teacher observations that indicate students refrain from speaking or show a lack of participation during small group or whole class discussions.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III Immigrant program will receive ongoing professional development related to the Title III Immigrant program.

Teachers who apply for and receive one of the positions, will receive professional development on an ongoing basis, teachers will discuss students' needs, performance, and progress. They will meet with ENL teachers to discuss what new immigrant students and English Language Learners need for a successful academic career. In an effort to use the ELL supports curriculum and make adjustments to the implementation of instructional strategies professional development on using the Stages of Language Acquisition, and how to provide scaffolds for grade level content will be provided. Teachers will also be given professional development on the Modalities of the NYSESLAT by a certified ENL teacher. Teachers will be paid the per session rate to attend the 2 professional learning sessions.

Schedule and Duration

For each Title III Immigrant professional development activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

There will be a total of 2 professional learning sessions for teachers working the programs. The professional learning sessions will take place at PS 60 on Monday, February 2nd, and Monday, March 2nd. Each session will begin at 7:20 am and end at 7:50 am.

Topics to be Covered

For each Title III Immigrant professional development activity, include topics to be covered.

In an effort to correctly use the ELL supports acorss all content areas from our current curriculum and make adjustments to the implementation of instructional strategies as needed by providing professional development using Stages of Language Acquisition, and using scaffolds to provide access to grade level materials. Teachers will also be provided professional development on the Modalities of the NYSESLAT by a certified ENL teacher.

Name(s) and Title(s) of Provider(s)

For **each** Title III Immigrant professional development activity, include name(s) and title(s)of provider(s).

Danielle Sinnona, a certified ENL teacher and Lisa Kelly, Assistant Principal, will proved the professional development.

Maintaining Records

Describe your school's plan for maintaining of all professional development (e.g., agendas, attendance sheets) provided as part of your Title III Immigrant plan; please specify which activities were funded by Title III Immigrant funds.

Including your school's plan for maintaining documentation of professional development provided using Title III Immigrant funds.

PS 60 will maintain professional development plan which will include agendas and attendance. This information will be held in a Title III Immigrant Program binder in the assistant principal's office.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III Immigrant program. Describe the activities that families of immigrant students (including ELLs) will engage with by topic. Please make sure to include whether the activities will be funded by Title III Immigrant funds. Please note: If family engagement activities will be at funded by Title III Immigrant funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

PS 60 will provide parent engagement activities for families of our Immigrant students on two separate occasions. Parents will be invited to parent workshops, focusing on academic achievement, health, and other family concerns. Parents will receive training regarding ideas for enhancing their child's academic experience and how to support their child's education at home, such as how to monitor their child's progress and how to work with educators.. They will be trained in how to navigate online DOE platforms and school specific applications. Teachers who conduct these activities will do so during the school day and will be at no additional cost to the Title III Immigrant funds.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided:

For each activity, include:

- Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and
- Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request) used to justify the need for activities.

PS 60 is providing family engagement based on results of parent surveys and parent outreach. Parents new to the country and the school will receive training on how to assist with their children's education success. We will also provide community resources to assist in their acclimation to the community.

Schedule and Duration

For each Title III Immigrant family engagement activity, include:

- Start and end dates/months,
- Total number of sessions,
- Days of sessions, and
- Time and duration of sessions.

PS 60 will provide parent engagement activities for families of our Immigrant students on two separate occasions. Parent Workshops will take place during the program, starting in February and running through April 2026. Each session will last approximately 1 hour from 8:30-9:30am.

A tentative schedule of dates are listed below:
February 3rd, 2026
April 14th, 2026

Topics to be Covered

For each Title III Immigrant family engagement activity, include topics to be covered.

Parent workshops will focus on academic achievement, health, and other family concerns. Parents will receive training regarding ideas for enhancing their child's academic experience and how to support their child's education at home. Workshops will also be conducted for parents on how to monitor their child's progress and how to work with educators.

Name(s) and Title(s) of Provider(s)

For each Title III Immigrant family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Workshops will be provided by various staff, including certified ENL teachers, Kelly Rojas, Danielle Sinnona- a special education and ENL certified teacher, and the parent coordinator, Maria Cardona.

Family Notification of Activities and Translation and Interpretation Supports

Describe:

- How families will be notified of Title III Immigrant family engagement activities (e.g., phone calls, emails),
- How notification of activities will be translated into parent/guardians' preferred language, and
- How interpretation supports will be provided at events.

Families of students attending the Title III Immigrant Program will be invited to attending workshops and club celebrations. Invitations will will be sent home with their child. They will also be sent via Remind and be on the monthly school calendar. All communications will be sent in English and the parent's home language.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

An agenda and sign in sheet will be kept in the Title III Immigrant Binder for each parent engagement activity. The binder will be kept in the Assistant Principals office.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III Immigrant budget matches your Title III Immigrant plan as described in Parts B, C, and D above.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

$13,681

Budget Category	Budgeted Amount	Explanation of expenditures in this category as it relates to the program narrative for this title.
