

2025-2026 COMPREHENSIVE EDUCATIONAL PLAN (CEP)

DBN
28Q354

SCHOOL NAME
The Jermaine L. Green STEM Institute of Queens

PRINCIPAL
Emmanuela Remy

Comprehensive Educational Plan Outline

Table of Contents

Main Sections (Customized Based on School Accountability Status):

- Section 1: Overview of Comprehensive Education Planning
- Section 2: School Information
- Section 3: CEP SLT/Stakeholder Signature Page
- Section 4: School Summary
- Section 5: Priority 1 – All students learn to read well
- Section 5: Priority 2 – All students are physically and emotionally safe
- Section 5: Priority 3 – All students have a high-quality academic experience
- Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security
- Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools
- Section 5: Attendance/Chronic Absenteeism
- Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities
- Section 6: Multi-Tiered Systems of Support (MTSS)
- Section 7: Parent and Family Engagement Policy and School-Parent Compact
- Title I Program Information
- Submission Assurances
- Language Allocation Policy Outline
- Part I: School ML/ELL Profile
- Part II: Bilingual Programs
- Part III: ML/ELL Programming
- Part IV: Data Analysis
- Part V: ML/ELL Instruction
- Part VI: Family Partnership
- Part VII: Additional Information
- Part VIII: ELL Identification Attestation and Principal Certification
- Part IX: LAP Assurances
- LTI Overview and Part A: Designation of a LAC
- Part B: Parents' Preferred Languages
- Part C: Parent Communications and Engagement

- Part D: Staff Awareness
- Part E: Parental Notification
- Part F: Monitoring
- Title III Outline
- Part A: School Information
- Part B: Direct Instruction Supplemental Program Information
- Part C: Professional Development
- Part D: Family Engagement Activities
- Part E: Budget

Appendices (Reflecting Additional Requirements for Specific Groups of Schools):

F

Section 1: Overview of Comprehensive Education Planning

Overview of Comprehensive Education Planning

Comprehensive Education Planning (CEP) is a structured, data-driven process that guides schools in assessing their needs, identifying areas for growth, setting strategic goals and implementing targeted actions to improve student outcomes. Collaboratively developed by the School Leadership Team (SLT) in accordance with the requirements of Chancellor's Regulation A-655, the CEP meets New York State Education Department (NYSED) requirements under the Every Student Succeeds Act (ESSA) and aligns with NYC Public Schools' (NYCPS) system-wide priorities. By engaging all stakeholders—school leaders, teachers, families, students and community members—schools can create a data-informed, equity-focused roadmap for student success and continuous improvement.

Schools should focus their CEP on the five system-wide priorities below, connecting their planning to the data discussions and conversations with stakeholders held as part of the school's needs assessment:

- Priority 1: All students learn to read well
- Priority 2: All students are physically and emotionally safe
- Priority 3: All students have a high-quality academic experience
- Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security
- Priority 5: All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

The Education Planning Process

The CEP follows an equity-driven, continuous improvement cycle, rooted in the system-wide priorities. This begins with a comprehensive needs assessment of the school's most current data to identify priority needs and root causes. Next, the SLT establishes **s**pecific, **m**easurable, **a**ttainable, **r**elevant, and **t**imely—SMART goal(s) aligned to each priority and determines targets to measure progress toward meeting the annual goals.

The SLT and instructional leaders define key evidence-based key strategies, professional learning activities and parent, family and community empowerment efforts. They monitor the implementation of those strategies and activities and track progress through measurable targets. Then, the SLT aligns the school-based budget with human and instructional resources to support action plans.

As schools set goals, develop key strategies, and plan action steps, they provide opportunities for all children to meet NYSED's proficient and advanced levels of student academic achievement. These include evidence based instructional strategies that address the educational needs of historically underserved populations and tackle structural inequities. Schools indicate how the plan addresses the needs of Multilingual/English Language Learners (ML/ELL) through development of the school's Language Allocation Policy (LAP) & Title III Application (if applicable) and the Language Translation and Interpretation (LTI) Plan, that are required as part of the CEP. Schools also address the needs of Students with Disabilities (SWD) through the High Quality Inclusive & Accessible Learning for Students with Disabilities section of the plan. SLTs also develop a plan to improve attendance and reduce chronic absenteeism.

Guidance on Conducting a Comprehensive Needs Assessment

Directions: Conduct a comprehensive needs assessment for each Priority. The information below provides guidance for reviewing and analyzing student and school performance trends to uncover root causes for low student achievement.

1. Review Multiple Data Sources: Use the most current and available information including, but not limited to, the following sources of formative and summative data, as applicable:

- Qualitative and quantitative data, including enrollment and class size trends
- 2024-25 ESSA Accountability Data
- Instructional Leadership Framework (ILF), Supportive Environment Framework (SEF) Inventories, and NYC School Survey results
- Quality Review Reports, NYSED and NYCPS CSI or A/TSI Support Visits, Receivership Quarterly Reports, and Diagnostic Tool for School and District Effectiveness Framework (DTSDE)
- NYC School Quality Guide, Insight, New Visions, NWEA MAP and/or other formative assessment data, IEP Review Survey Data, Progress on IEP Goals Data, Program (SESIS-STARS Linkage) Reports, Mandated (Related) Services Reports, and NYCPS Tools for Understanding Your Data for student subgroup information

2. Analyze Data Trend(s) to Identify Areas of Strength and Need: Identify data trends by grade, cohort, and content area(s) to surface gaps and inequities. Compare data sets to identify instructional and school practices that are impacting student performance. Guiding questions to consider:

- What does the data reveal about improving and declining student performance trends within grades, cohorts, and student subgroups?
- What inequities are evident between highest and lowest performing student subgroups? Which subgroup(s) scored at Level 1 based on NYSED ESSA accountability indicators?
- What does the data suggest regarding the effectiveness (or ineffectiveness) of current school programs, practices, and/or strategies/initiatives? What areas may need to be strengthened?
- Are there any differences in student performance between program delivery models for ML/ELL and SWD? (e.g., for special education: special class, ICT, SETSS, related services only; for ML/ELL: Transitional Bilingual Education (TBE) vs. Dual Language, etc.)
- How does delivery of instruction factor into data trends? What are the implications for teacher quality and professional learning?
- What inequities in special education referral and school disciplinary practices (e.g. suspensions, removals) are evident between student subgroups with IEPs?

3. Identify Root Cause(s): After analyzing the data, engage in a process for uncovering root causes or contributing factors for low student and school performance. Develop theories or hypotheses to explain

why these needs exist and why your school is getting its current outcomes. Root causes could be related to gaps and inequities in areas such as curriculum & instruction, school systems & structures, student support services, school climate & safety, and family & community engagement. Focus on the causes, rather than the symptoms. Use the 5 Whys Method or other methods for identifying root causes. Consider the questions below:

- What theories or hypotheses explain the current student and school outcomes?
- Are there root causes specific to certain subgroups, grades, cohorts, or content area(s)?

Additional resources and supports are available below.

- Use this CEP Needs Assessment Worksheet to help your SLT and stakeholders identify appropriate data sources, data trends, root causes and priority needs.
- For guidance and best practices on engaging stakeholders in a comprehensive needs assessment and root cause analysis, see this deck.
- A current list of all CEP/Title I resources can be found on the iPlan Portal Public Resources Page.

Section 2: School Information

School Information

School Name:

PS 354Q - The Jermaine L. Green STEM Institute of Queens

District Borough Number (DBN):

28Q354

Grades Served:

3K - 5

School Address:

126-10 Bedell Street Jamaica NY 11434

Phone Number:

718-276-1348

Fax:

718-276-2498

School Contact Person:

Dr. Emmanuela Remy

School Contact Person Email Address:

eremy@schools.nyc.gov

Principal:

Dr. Emmanuela Remy

United Federation of Teachers (UFT) Chapter Leader:

Jose Lago

Parents' Association President:

Katherine Rogers

SLT Chairperson:

Dr. Emmanuela Remy

Title I Parent Advisory Council Chairperson (PAC):

Student Representative(s) Middle /High School:

n/a

Student Representative(s) Middle /High School:

n/a

Community Based Organization (CBO) Representative:

Yanick Beckwith

School-Based Students in Temporary Housing (STH) Liaison:

Section 3: CEP SLT/Stakeholder Signature Page

School Leadership Team (SLT) Signature Page

All School Leadership Team (SLT) members are expected to sign this page to confirm their participation in the development of this Comprehensive Education Plan (CEP) and that they have been consulted regarding the alignment of the school-based budget to support this school's educational program, which includes annual goals and action plans, Multi-Tiered Systems of Support (MTSS), the Parent and Family Engagement Policy (PFEP) and the School-Parent Compact (SPC). The SLT must include an equal number of parents and staff and have a minimum of 10 and a maximum of 17 members, in accordance with Chancellor's Regulation A-655. The SLT also serves as the Core Community Engagement Team (CET) for Receivership Schools. Additional information and resources are available on the School Leadership Team Resources page. Under the Federal Every Student Succeeds Act (ESSA), NYS Education Law and Commissioner's Regulations, stakeholder participation in the development of the CEP must include multiple constituencies who represent the school community. Note: Stakeholders participating in the development of the CEP who are not listed on the SLT page sign the section below entitled Additional Stakeholder Participation on CEP Development.

Directions: List the names of each SLT member in the first column on the chart below.

- Specify the position and constituent group represented, e.g., parent-PTA, staff-UFT, student. Note: Two student minimum required for high schools; SED requires Middle Schools identified for the CSI/ATSI/TSI support model to have student representation.
- Community Based Organization (CBO), and any position held by the team member. Core mandatory SLT members are indicated by an asterisk*. Note: The Core SLT members also serve as the CET for Receivership schools.
- SLT members should review this document and sign in the Signature If an SLT member does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of SLT member indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.
- Schools may modify their SLT bylaws as needed to address additional school and/or ESSA requirements for stakeholder engagement.

SLT Member Name	Position and Constituent Group Represented	Signature
Dr. Emmanuela Remy	Principal or Designee*	
Jose Lago	United Federation of Teachers (UFT) Chapter Leader or Designee*	
Katherine Rogers	Parents' Association (PA)/Parent-Teach Association (PTA) President or Designated Co-President*	
Alberitta Rodriguez	District Council 37 (DC 37) Representative (staff), if applicable	
Amelia Manning	Title I Parent Advisory Council Chairperson (or alternate)	
	Student Representative (Required for middle and high schools)	
	Student Representative (Required for middle and high schools)	
	CBO Representative, if applicable	
Rameshwari Baichu	Member/parent	
Shanee Lebron	Member/parent	
	Member/parent	
Danielle Hernandez	Member/parent	
	Member/staff	
Deanna Graham	Member/staff	
Vanessa Ramsingh	Member/staff	
	Member/	
	Member/	

Additional Stakeholder Signature Page

Directions: Stakeholders participating in the development of the CEP who are not listed on the SLT page may sign below. Additional stakeholders may include, but not be limited to, school and district leaders, school staff, parents/families/guardians, students, community organizations, additional Core Community Engagement Team (CET) members (if applicable), members of the School Implementation Team (SIT), and/or school-based staff development committee that serves as the Instructional Leadership Team (ILT) tasked to improve instructional practice across the school. Go to NYSED's guidance on Assembling Your Team to learn more.

- List the names of additional stakeholders in the first column on the chart below.
- Specify the individual's position and constituent group represented.
- Stakeholders should review this document and sign in the Signature column. If the stakeholder does not wish to sign this plan, the member must check the box under the column "Opt Out of Signing, if applicable" and may provide the principal with a written explanation in lieu of a signature, which must be maintained on file at the school and uploaded in iPlan with the original SLT signature page. Note: Signature of the additional stakeholders indicates participation in the development of the CEP, not approval.
- The original signed copy, along with any written/electronic communications pertaining to this page, is to remain on file in the principal's office and be made available upon written request.

Section 4: School Summary

Accountability Status

Accountability Status: **LSI**

School Summary

Directions: Complete this CEP Summary to serve as the "at-a-glance" narrative that provides contextual information about your school's unique characteristics. This summary and the entire Comprehensive Education Plan (CEP) should be shared with your school community. Please note that this summary and the CEP will be made available to the public through the iPlan Portal, an online space where school stakeholders can go to collaborate in the development of the school's education plans.

Provide your school's mission statement:

The PS 354Q school community seeks to provide academic and social emotional support to our students, families, and community both virtually and in person. Students are challenged to think critically, independently and collaborate with each other in a supported and risk-free environment. Students engage in hands-on and inquiry-based tasks, cross-curricular and STEM-based activities, and exploratory lessons to support student agency, student advocacy and conceptual understanding. Student voices are amplified to empower decision-making through critical thinking and problem solving. We use data to support individualized learning and to be responsive to the evolving needs of students and families so that all learners will be ready and able to contribute to the society of their time.

Develop a narrative summary that includes contextual information about your school's community and its unique/important characteristics and partnerships:

Include demographic information about your school's student population.

PS 354Q - The Jermaine L. Green STEM Institute of Queens is an elementary school located in the heart of Rochdale Village in District 28 serving students from 3K to Grade 5, representing the diversity of Queens. The school was originally founded as a K to 2 school by Jermaine L. Green in 2011. Mr. Green had a vision for students to become strong readers, writers, and thinkers as well as to be technologically savvy and sound. Since then, PS 354Q has grown to include students in 3K through Grade 5. Since his passing in 2013, PS 354Q have been committed to continuing Mr. Green's vision by providing students with opportunities to engage in critical thinking through science, technology, engineering, arts and math. Additionally, students utilize these skills to amplify their voices and become leaders for their time.

Our students engage in a rigorous, challenging and supportive curriculum that encompasses targeted supports for groups of students as well as individual students. We offer students opportunities to become self-sufficient and independent thinkers through collaborative discussions, cross-curricular activities and STEM activities. Our students partner with community organizations to attain skills applicable to the current society in which they live. In the 2022/2023 school year, we welcomed a NEST class in Kindergarten. For the upcoming 2024/2025 school year, we will be welcoming a third NEST class for second grade as well as a second dual language class.

Our community consists of dedicated, dynamic, creative, and experienced educators and staff from all walks of life. Our staff makes it their mission to ensure that our students are reaching their full potential through collaboration, data analysis, and inquiry work. Our diverse staff speak many languages including Spanish, Haitian Creole, and Bangla.

Children learn best when they are in a nurturing environment where they feel loved, safe, encouraged, heard, and understood. This will create a space where students are empowered to practice a growth mindset, engage positively

with their community , and foster a love of learning.

PS 354 Core Values:
Secure within Self: We empower our students to be confident in their thoughts, feelings, and actions.
Teamwork: We encourage our students to work collaboratively to discuss various approaches to a task.
Resilience: We encourage and celebrate our students in reaching their goals and overcome obstacles/barriers to achieve them.
Inquiry: We have our students engage in peer questioning and discussions to reach new understandings.
Dedication: We teach our students to continuously challenge themselves and stay the course in the face of adversity.
Empathy: We care about others and strive to understand and share their feelings.
Self-Control: We teach our students how to express their feelings, beliefs, and ideas in a positive manner.

The school's student demographics are 81% Black, 10% Hispanic/Latinx, and under 9% identify as Native American, Pacific Islander or White. Additionally, 3% of our students are currently English Language Learners. This number is expected to increase. We also have 17% of our students who have special needs. Sixty-six percent (66%) of student families are economically disadvantaged.

We are a school in "good standing" with partnerships with Marquis Studios, Civics for All and Computer Science for All. We believe in health and wellness and in addition to our dynamic physical education teachers, we leverage our hydroponic labs and outdoor gardens to sustain our partnership with NY Sunworks. We also have partnerships with NAACP STEM Alliance, Girls Who Game, Teaching Matters, and Sound Partners.

Briefly summarize the key initiatives your school will implement this school year.

PS 354Q will continue to implement practices and activities that focus on student agency. We will have a focus on STEM activities across content areas to support critical thinking and problem solving and continue implementing STEM majors for our Grade 4 and Grade 5 students in the areas of coding, fashion design, natural disasters, financial literacy, and engineering. We hope to have partnerships with STEM companies and various high schools to focus on CTE careers.

What are the primary digital and/or print curricula/programs used for ELA and Math:

Indicate the content area, grade band and any adaptations made.

Content Area (Indicate ELA and Math Only)	Grade Band	Digital and/or Print Curricula/Program	Adaptations
ELA	K-5	HMH Into Reading	Inclusion of more CRSE
Math	K-5	Envisions 2.0	Inclusion of more CRSE
FUNdations	K-2	FUNdations	N/A

Section 5: Priority 1 – All students learn to read well

Priority 1 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
30% of all students in kindergarten through fifth grade performed one or more grade levels below in the vocabulary domain on the iReady End of Year Performance Assessment.	-Teachers are not teaching into the understanding of word parts (like prefixes and suffixes), semantic relationships between words	Focus on generative vocabulary instruction
31% of all students in kindergarten through fifth grade performed one or more grade levels below in the	-Teachers have difficulty understanding all of the skills associated within each ELA standard and how the standard unfolds across the instructional modules -Students may have a	-Focus on unpacking priority NGLS ELA literature standards and understanding each of the associated skills -Further

Literature domain on the iReady End of Year Performance Assessment.	lack of understanding of varied uses of language structures such as dialogue	unpacking of the strands on Scarborough's reading rope
31% of all students in kindergarten through fifth grade performed one or more grade levels below in the Informational domain on the iReady End of Year Performance Assessment.	-Teachers have difficulty understanding all of the skills associated with each ELA standard and how the standard unfolds across the instructional modules -Lack of background knowledge often impacts understanding of informational texts	-Focus on unpacking priority NGLS ELA informational standards and understanding each of the associated skills -Further unpacking of the strands on Scarborough's reading rope
Fundations Tracker Data for K-2 shows inconsistency in proficiency in foundational skills in phonics	Teachers are teaching foundational skills in isolation with lack of consistent transfer to text	Further professional learning around the use of decodable readers to transfer foundational skills

Priority 1

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for literacy outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Literacy

- Implement the strategies outlined in NYC Reads, including foundational phonics curriculum for grades K-2
- Implement dyslexia screening, professional learning, and program pilots (as applicable)
- Support literacy development through the integration of culturally responsive-sustaining texts and content

Priority 1 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	20	By June, 2026, the percentage of students scoring on or above grade level in literacy will increase by 35% points from beginning of year to end of year for all students as measured by the I Ready EOY Diagnostics.
English Language Learners (ELL)	3	By June, 2026, the percentage of students scoring on or above grade level in literacy will increase by 3% points from beginning of year to end of year for all English Language Learners as measured by the I Ready EOY Diagnostics.By June, 2026, literacy for English Language Learners (ELL) will improve, as measured by a 3% Increase of percentage of students performing at proficiency on the I-Ready EOY Diagnostics.
All Students	5	By June, 2026, proficiency in NGLS standards R1 and R2 for all students will improve by 30% points for all students scoring on or above grade level on the HMH Module Assessments.

Priority 1 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

40

Priority 1 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Explicit teaching of all parts of the priority NGLS Reading literature and informational standards

Root Cause Addressed:

-Teachers have difficulty understanding all of the skills associated with each ELA standard and how the standard unfolds across the instructional modules

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
All pedagogical staff will engage in professional learning related to the Next Generation Learning Standards for ELA
All pedagogical staff who teach literacy will engage in professional learning related to NYC Reads Shifts and the Science of Reading connected to Scarborough's Reading Rope to determine where the connections are to the NGLS Standards
All pedagogical staff will utilize the HMH Pacing calendar and ELA curriculum maps to make sense of how the NGLS standards and correlating skills unfold and spiral across the school years
Data Analysis of determined priority standards across each HMH module in which they are assessed

Key Strategy 2 (Optional):

Use of decodable readers and HMH Start Right Readers in K-2 small group instruction and with ELLs in grades 3-5

Root Cause Addressed:

Teachers are teaching foundational skills in isolation with lack of consistent transfer to text

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Teachers in K-2 and teachers of ELLs in grades 3-5 will engage in professional learning series focused on understanding the use of decodable readers in small group instruction to transfer the use of foundational skills
K-2 grade teams, joined by teachers of ELLs in grades 3-5 will collaborate in teams to make connections between Acadience assessments and Fundations in order to plan small group instruction using decodable readers.
K-2 Teachers and teachers of ELLs in grades 3-5 will use decodable readers for small group instruction
Teachers will engage in data meetings with administration to analyze class baselines and diagnostic assessments on I-Ready and Acadience data to examine performance of all students and subgroups

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

All teacher teams, Instructional Focus Data Team and vertical teams will track meeting minutes of action on a rolling agenda within the PS 354 grade team google drive. Administrators will make comments and offer feedback and/or next steps. Data will be monitored after BOY, MOY, and EOY to note impact of teaching strategies and practices implemented as a result of professional learning and various team meetings. Analysis of HMH module assessments focused on progress monitoring of priority standards across the school year. A focus on the data for the vocabulary, informational and literal comprehension will be at the forefront of analysis along with foundational skills proficiency as indicated by Fundations data trackers and Acadience. Subgroups of SWDs and ELLs will be closely monitored.

Priority 1 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/05/2026	Monthly newsletters shared on Classdojo, on school website and through email to be shared with families	
09/04/2025	06/05/2026	Monthly literacy parent workshops to support families in understanding literacy skills and tools to support students at home	
09/04/2025	06/05/2026	Having a parent/child literacy program that is centered around STEM as well as hosting a Family and Wealth Math Collaborative and Managing Adolescent Transitions for Academic Success	

Priority 1 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Teachers, parent coordinator, assistant principal, and district support personnel

Instructional Resources

I-ready, Acadience, HMH Into Reading, NGLS Standards and Fundations

Schedule Adjustments

Utilizing one teacher from each ICT partnership during their Fundations period to work with small groups of students on literacy skills

Other Resources Needed

Section 5: Priority 2 – All students are physically and emotionally safe

Priority 2 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
In the 2024–2025 school year, PS354 recorded 69 Level 3–5 incidents, with the most frequent	Limited Social-Emotional Learning (SEL) Integration: SEL practices are inconsistent across classrooms, and students lack regular opportunities to build self-regulation, conflict resolution, and emotional awareness. Gaps in Trauma-Informed Approaches: Staff may not have sufficient training to respond constructively to student behaviors stemming from trauma or mental health challenges. Underutilized Behavior Intervention Systems: Positive behavior recognition systems (e.g., PBIS) are in place but are not uniformly implemented or understood by all staff. Limited Student Voice and	Provide staff with training and support for daily integration and culturally responsive practices. Train staff in restorative circles, de-escalation, and trauma-sensitive communication. Launch student wellness

incident types including altercation and/or physically aggressive behavior.	Leadership: Students have few structured opportunities to express concerns, participate in solution design, or take ownership of the school culture.	councils or peer mentoring groups.
According to the 2025 NYC Survey, 42% of teachers shared that "At this school, students harass, bully or intimidate other students" none of the time or rarely.	Inconsistent implementation of social-emotional learning (SEL) and behavior expectations: Students may not be regularly taught or reinforced in skills like empathy, conflict resolution, and emotional regulation. Limited staff capacity to intervene or monitor peer interactions: Teachers and school staff may lack time, training, or clear protocols to consistently address and de-escalate bullying behaviors. Expectations around positive behavior may not be clearly defined, modeled, or upheld across all settings Students may not have structured opportunities to report concerns, engage in peer mediation, or rebuild trust after conflict.	Strengthen schoolwide culture and climate to promote safety, inclusion, and student well-being. Implementing consistent SEL curriculum and behavior norms Providing professional development on trauma-informed and anti-bullying practices Building restorative systems and peer leadership models to mediate conflict

Priority 2

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for physical and emotional safety** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for Physical and Emotional Safety

- Develop safety infrastructure and systems, including staff training, collaboration with external partners, and implementation of safety and security best practices
- Expand social emotional and mental health supports via restorative justice, Project Pivot, screeners, and other district or school-based initiatives (as applicable)
- Expand implementation of physical and mental wellness supports, including Physical and Health Education that meets NYSED requirements and related initiatives
- Improve supports and outcomes for socially vulnerable student populations (Students in Temporary Housing, Students in Foster Care)

Priority 2 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	69	By May, 2026, physical and mental wellness for All Students will improve, as measured by a 15% Decrease, in number of Level 3-5 incidents from 69 to 59, per the Online Occurrence Reporting System (OORS) reports.

Priority 2 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 2 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Positive Behavior Supports and Restorative Practices to replace reactive discipline practices with proactive, inclusive approaches that build trust and community.

Progressive Action Steps:

Provide schoolwide training in PBIS and restorative practices, including circles and conflict resolution.

Relaunch a tiered behavior rubric, visual reminders, and schoolwide incentives for safe/respectful behavior.

Pilot restorative circles in targeted settings during Conflict Resolution.

Expand restorative approaches to Tier 3 interventions for students involved in repeated incidents.

Elevate Student Voice and Engagement in School Culture to foster belonging and empower students to co-create a safe, respectful school environment.

Progressive Action Steps:

Launch Student Wellness Council representing diverse voices from each grade.

Conduct student focus groups and climate surveys to inform SEL, behavior, and wellness planning.

Train peer mediators and host student-led forums on inclusion, empathy, and school pride.

Root Cause Addressed:

Root Causes Addressed:

Inconsistent behavior management systems across classrooms and grade levels, leading to unpredictable

responses to student behavior.

Over-reliance on punitive discipline rather than proactive, relational approaches.

Lack of student tools for emotional regulation and conflict resolution, contributing to repeated behavioral incidents.

Insufficient training for staff in trauma-informed and restorative responses, limiting their ability to de-escalate situations effectively.

Minimal student ownership or input in shaping school climate, rules, and wellness initiatives.

Limited opportunities for students to lead, advocate, or mediate, leaving gaps in peer accountability and belonging.

Disconnect between adult-led systems and student experiences, contributing to mistrust or disengagement.

Underutilization of students as partners in building a safe, inclusive school environment.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Relaunch a schoolwide behavior matrix outlining clear expectations across all school settings (classrooms, hallways, cafeteria)
Implement daily recognition systems for students meeting behavior expectations through Class Dojo
Facilitate restorative circles weekly in Conflict Resolution periods to build community, discuss current issues, and repair harm when needed.
Create a "Reflection Room" or Wellness Space for Tier 2/3 students to reset and engage in restorative conversations with trained staff.
Professional Learning Session for staff on Positive Behavioral Interventions and Supports (PBIS) and Restorative Practices, with breakout sessions for role-play and classroom applications.
Monthly “Behavior Briefings” as part of staff meetings to review behavior data and share de-escalation strategies.
Provide follow-up coaching and modeling in classrooms to support consistent implementation.
Monitor data, provide coaching, and adjust interventions as needed.
Establish a Student Wellness & Leadership Council to provide input on climate initiatives and lead wellness campaigns.
Host "Voice It" Forums each semester where students can safely share perspectives and propose solutions.

School surveys to capture student feedback

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Behavior & Wellness Data Team - Conflict Resolution Committee (Monthly Meetings) Cross-functional team (admin, counselors, social workers) will review incident trends, student support plans, and implementation fidelity of behavior and SEL practices.

Classroom Observations and Learning Walks Admin and ILT members will conduct routine observations to assess SEL integration, restorative practices, and classroom climate.

Student Support Team (SST) Case Reviews Regular meetings to track Tier 2 and Tier 3 student wellness referrals, behavior plans, and follow-up interventions.

Student and Staff Climate Surveys Administered twice per year to gauge perceptions of safety, wellness, and effectiveness of support systems.

PD Reflection and Application Logs Teachers complete brief self-reflection forms following professional learning, noting how practices were applied and with what results.

Data to be collected:

OORS incident reports (Level 3–5) to identify student behavior trends

Student & staff surveys to gauge school climate

PD attendance, exit tickets, coaching notes to gauge staff readiness and practice and inform follow-up coaching and practice sharing

Conflict Resolution tracker, teacher reflections, classroom observations to assess fidelity and identify supports needed

Priority 2 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
		Monthly Family Wellness Workshops Topics include social-emotional learning at home, managing student stress, and positive behavior reinforcement.	
		Parent Communication Toolkits Distribute materials (e.g., conversation starters, emotion vocabulary, conflict resolution guides) that empower families to support mental health at home.	
		For students requiring Tier 2/3 interventions, include families in structured meetings to co-design support plans and follow up on progress.	
		Bring in community-based clinicians to provide student counseling, staff PD, and family workshops.	

Priority 2 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

School Counselors and Social Workers: Provide SEL instruction, 1:1 and small group supports, and crisis response. Peer Wellness Leaders: Trained students who co-lead activities, peer mediation, and outreach campaigns. Parent Coordinator: Coordinates communication, wellness events, and family-school partnerships. Professional Development Facilitators: Internal or external trainers for restorative practices, SEL, trauma-informed care, and culturally responsive strategies.

Instructional Resources

Digital Tools: OSYD dashboard (OORS tracking), digital behavior logs, Teacher Reflection Tools: SEL integration checklists, behavior norming rubrics

Schedule Adjustments

Dedicated SEL Advisory Time - Conflict Resolution Block. PD Time: Embedded in monthly staff meetings or early-release days for wellness training and strategy calibration. Tier 2/3 Wellness Check-Ins: Monthly time carved out for student support planning. Family Workshop Hours: Morning sessions to engage caregivers in the wellness framework.

Other Resources Needed

Funding for Incentives: Recognition materials for positive behavior systems (e.g., certificates, school swag). Mindfulness & Sensory Materials: For wellness rooms, calm corners, and regulation spaces. Evaluation Tools: Surveys (Panorama, student-developed)

Section 5: Priority 3 – All students have a high-quality academic experience

Priority 3 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
40% of all students in kindergarten through fifth grade performed one or more grade levels below in the Number and Operations domain on the iReady End of Year	- Students may have started kindergarten without strong foundational number sense, affecting their ability to grasp more complex math concepts later. - The instructional approach based on the curriculum may not be fully aligned with the developmental levels of students or their learning styles. - Some students may require more personalized support or additional practice opportunities tailored to their specific needs indicating an insufficient amount of differentiation and targeted intervention. - There may be limited use of hands-on, conceptual learning strategies and a greater focus on procedural math. - There is a	Number and Operations

Performance Assessment.	variability in how math concepts are taught from one grade level to the next. - Instructional time for math may be limited, where students may not receive adequate reinforcement in Number and Operations.	
43% of all students in kindergarten through fifth grade performed one or more grade levels below in the Algebra and Algebraic Thinking domain on the iReady End of Year Performance Assessment.	- Students may have weak foundational number sense or difficulties with basic number relationships and operations. - Students may not have adequate exposure to pattern recognition in earlier grades. - Students may not be regularly encouraged to explain their thinking and justify their solutions. - Classrooms may demonstrate an absence of visual supports for students - Students may receive instruction on algebra in isolation rather than forging a connection to prior math topics - Inconsistent use of student data may result in students not receiving sufficient intervention support.	Algebra and Algebraic Thinking
54% of all students in kindergarten through fifth grade performed one or more grade levels below in the Measurement and Data domain on the iReady End of Year Performance Assessment.	- Students may not have had enough opportunities to work with rulers, scales, clocks, or other measurement tools - If students struggle with basic number understanding, they may find measurement and data concepts, such as unit conversions, comparisons, or estimation, more challenging - Many measurement concepts are embedded in real-world word problems, and may prove challenging for students who struggle with reading comprehension - Students may have limited exposure to graphing, analyzing trends, and drawing conclusions from data - Measurement and data may not have received enough focus in the curriculum compared to other math domains due to their placement at the end of the curriculum - Struggling students may not have received personalized support or scaffolding	Measurement and Data
56% of all students in kindergarten through fifth grade performed one or more grade levels below in the Geometry domain on the iReady End of Year Performance Assessment.	- Students may not have had enough opportunities to work with physical shapes, manipulatives, or real-world geometric applications. - Geometric concepts may be taught through text rather than visuals like diagrams, models, or digital tools - Geometry is often taught separately from other math areas, such as algebra or measurement, making it challenging for students to see connections. - Geometry receives less emphasis in curriculum pacing, therefore, students may not have sufficient time to develop deep understanding and proficiency. - students may find it difficult to understand and apply key geometric terms, which can impact their ability to answer questions accurately.	Geometry
At least 42% of all students in kindergarten performed one or more grade levels below in Beginning/Advanced Quanitity	- Students may not have had sufficient practice comparing numbers in various contexts - Early numeracy skills, such as counting and subitizing may not have been fully developed. - Concrete materials like counters, number lines, and manipulatives, may not have been used frequently in instruction. - Students may not have encountered number comparisons in everyday situations (e.g., discussing prices, sizes, or amounts)	Beginning/Advanced Quantity Discrimination

Discrimination domain on the Acadience End of Year Performance Assessment.		
48% of all students in kindergarten performed one or more grade levels below in Number Identification Fluency domain on the Acadience End of Year Performance Assessment.	-Students may not have had frequent, structured opportunities to see, hear, and interact with numbers before entering kindergarten. - Recognizing and associating numbers with quantities, may not have been fully developed. - Limited use of manipulatives, number charts, games, and other interactive strategies may contribute to slower number recognition.	Number Identification Fluency
At least 46% of all students in kindergarten and first grade performed one or more grade levels below in Next Number Fluency domain on the Acadience End of Year Performance Assessment.	- Students may not have developed a strong understanding of number sequences and counting principles. - Limited use of manipulatives, number charts, games, and other interactive strategies may contribute to students struggling with fluency development. - students may be able to engage in rote counting but struggle with understanding how numbers progress in a sequence.	Next Number Fluency
At least 60% of all students in first grade performed one or more grade levels below in the Computation domain on the Acadience End of Year Performance Assessment.	- A lack of understanding of how numbers relate to each other (such as composing and decomposing numbers) - Lack of manipulatives or visual supports including hands-on tools, such as counters, number lines, and ten frames - Students may not have regular opportunities to practice computation skills	Computation

Priority 3

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for high-quality academics** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Academics

- Strengthen mathematics instruction, including via screener administration and Multi-Tiered Systems of Support (MTSS)
- Embed culturally responsive-sustaining texts and content (e.g., Hidden Voices, Black Studies Curriculum, etc.) in history, literature, and arts curricula to deepen civic engagement, enhance understanding of diverse cultures and provide relevant and affirming interventions in literacy development
- Ensure multilingual language learners (MLLs) are served and progressing in appropriate settings; expand bilingual programming and professional learning for educators who support MLLs
- Ensure students with disabilities are served and progressing in the least restrictive and most appropriate settings; improve delivery of mandated services and expand specialized programs
- Ensure that Students in Temporary Housing (STH) and Students in Foster Care access opportunities to receive tutoring and are purposefully engaged in new programs developed in the school
- Elevate health and physical education and activities for a reimagined and engaged student academic experience promoting social, emotional, and physical wellness and wellbeing
- Ensure teachers attend Physical Education and Health Education professional learning in order to provide quality instruction to be able to support and address the physical, mental, social, and emotional needs of the whole child in a safe and supportive learning environment
- Strengthen Early Childhood Education program utilization, quality, and ability to serve all students
- Elevate arts and civics for a reimagined and more engaged student academic experience
- Increase school staff diversity and retention
- Create new programs/schools in response to community need; expand high quality seats

Priority 3 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	7%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring on or above grade level will Increase by 30% points from beginning of year to end of year for All Students, as measured by i-Ready Math assessments.
Students with Disabilities (SWD)	38%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the the percentage of students scoring at on or above grade level will Increase by 5% for Students with Disabilities (SWD), as measured by i-Ready Math assessments.
English Language Learners (ELL)	25%	<School Name> will address Priority 3: All students have a high-quality academic experience with the following SMART Goal: By June, 2026, the percentage of students scoring on or above grade level will Increase by 5% , for English Language Learners (ELL), as measured by i-Ready Math assessments.

Priority 3 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 3 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Strengthen Foundational Number Sense in Early Grades by implementing daily number talks and hands-on activities that build numerical understanding.

Root Cause Addressed:

- The instructional approach based on the curriculum may not be fully aligned with the developmental levels of students or their learning styles.

- There is a variability in how math concepts are taught from one grade level to the next.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Conduct workshops on facilitating number talks and guiding student discourse in mathematics. Provide teachers with resources and structured question prompts to encourage mathematical thinking.
Offer professional learning on using manipulatives to build conceptual understanding. Model strategies for engaging students in interactive problem-solving discussions.
Establish grade-level meetings to align instructional approaches and pacing for number sense development. Establish ongoing coaching and support for teachers to refine math instructional practices.

Engage teachers in learning walks to observe best practices in other classrooms.

Key Strategy 2 (Optional):

Ensure Vertical Alignment of Math Instruction Across Grade Levels by facilitating collaborative planning between grade-level teams to establish consistency in instructional approaches.

Root Cause Addressed:

- The instructional approach based on the curriculum may not be fully aligned with the developmental levels of students or their learning styles.

- There is a variability in how math concepts are taught from one grade level to the next.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Assemble a cross-grade math leadership team.
Conduct an audit of current instructional strategies and math language used across grade levels. Develop a shared framework for aligned math instruction.
Schedule monthly cross-grade planning sessions for teachers to align math instructional approaches. Facilitate discussions on key math concepts, common misconceptions, and best practices.
Develop a unified curriculum map that highlights essential skills and strategies across grade bands. Ensure lesson structures are cohesive so students transition smoothly between grades.
Conduct quarterly instructional walkthroughs with feedback loops where teachers analyze and refine instruction based on aligned strategies. Provide coaching and modeling sessions for teachers to enhance implementation.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Primary Monitoring Structures -

Ongoing Classroom Observations & Feedback Cycles
- Conduct scheduled observations focused on daily number talks and hands-on activities.
- Provide targeted feedback to teachers on student engagement, discourse quality, and effective use of manipulatives.

Teacher Reflection & Collaborative Data Review
- Request that teachers document insights from number talks, noting strategies that work and areas needing refinement.
- Establish grade-level meetings for teachers to analyze student responses, identify trends, and adjust instruction.

Formative Assessments & Student Work Samples
- Utilize short, skill-based assessments to measure student growth in number sense.
- Collect and review student math journals or response logs to track conceptual understanding over time.

Learning Walks & Peer Observations
- Facilitate structured learning walks where teachers observe best practices in other classrooms.
- Encourage reflection discussions post-observation to reinforce alignment and effective instructional strategies.

Professional Learning Communities (PLCs) & Coaching Support
- Conduct monthly PLC sessions to focus on instructional improvement and address challenges.
- Provide ongoing coaching support for teachers implementing number talks and hands-on strategies.

Priority 3 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/19/2026	Monthly School Leadership Team Meetings	
10/17/2025		Family Math Night - Host interactive events where students demonstrate number talks and play math games with parents using manipulatives (counters, number lines, dice).	
09/04/2025		Bimonthly Parent Workshops - Offer short sessions on how to support math language development and number sense at home, including everyday math opportunities (e.g., cooking, shopping).	
09/04/2025		“What’s Ahead in Math” Communication: Give families a preview of next year’s expectations and how this year’s learning connects to future skills.	

Priority 3 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Grade-Level Team Leaders to facilitate collaborative planning sessions and share best practices, MTSS Intervention teachers to deliver small-group, differentiated instruction and progress monitor student growth, Paraprofessionals to support implementation of math stations and individualized support in early grades

Instructional Resources

iReady Math Program for diagnostic assessments and individualized learning paths, Curriculum-Aligned Math Manipulatives such as number lines, ten frames, base-ten blocks, and counters, Daily Number Talk Guides(TBD) and structured routines, Pacing Guides to support alignment of instructional practices and language across grade levels

Schedule Adjustments

Biweekly Common Planning Time for grade-level and cross-grade math planning

Other Resources Needed

Family Engagement Materials such as Math-at-Home kits, newsletters, and take-home activities to reinforce learning. Learning Walk Protocols and collaboration tools for peer observation and feedback

Section 5: Priority 4 – All students graduate college and career ready and have a strong plan and pathway to economic security

Priority 4 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:
1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
NYC Staff Survey 2023/2024 Staff Survey Teachers are unsure if they provide students with opportunities to explore multiple career paths. PS354 Spring 2025 Survey, most students indicated	Student surveys do not forge a connection between student interests and strengths to careers.	Bridging the gap between student interests & strengths to careers.

that they would like to attend college.		
The 2023–2024 NYS ELA and Math scores show improvement compared to the 2022–2023 school year, reflecting stronger academic performance. Additionally, results from the PS 354 Spring 2025 Student Survey reveal that most students expressed a desire to pursue college after graduation.	Many students are unaware of how their strengths in ELA and Math can connect to real-world opportunities. They have limited exposure to careers that integrate both subject areas, and college and career pathways are not regularly highlighted during core instruction time. While students have broad access to vocational and higher education options in general, there's a need to better connect those opportunities to their academic talents in ELA and Math.	Allow students to explore different vocational education opportunities as well as colleges and universities that align with their academic progress and personal interests.
2024-2025 SY Review of current catalog of student curricula	Curriculum planning sessions were tailored to incorporate Universal Design for Learning, differentiation, ENL strategies, and Specially Designed Instruction; however, they lacked components that introduced students to career pathways aligned with the curriculum content.	Curriculum will be customized to give students meaningful exposure to their areas of interest and access to learning opportunities backed by research.

Priority 4

Directions: After conducting a comprehensive needs assessment by analyzing school data trends, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas for **college and career readiness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for College and Career Readiness

- Expand career pathways and work-based learning, opportunities for early college credit and industry credentials, and college/career advising and awareness, including via the Career Readiness Modern Youth Apprenticeship and FutureReadyNYC (as applicable)
- Schools serving students in early childhood, elementary, and middle school settings should consider how they expose students to and prepare them for advanced (Regents-level) coursework, Specialized High School Admission Test (SHSAT) preparation, college awareness, career studies, etc.
- Integrate historical and contemporary contributions of culturally diverse professionals, scholars, and entrepreneurs into career readiness programs, ensuring students see diverse pathways to success
- Incorporate lessons on wealth-building strategies, cooperative economics, and financial independence to equip students with tools for long-term economic security
- Ensure the implementation of specialized support programs tailored for Students in Temporary Housing and/or Foster Care, addressing their unique educational needs and challenges

Priority 4 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	44	PS354Q will address Priority 4: All students graduate college and career ready and have a strong plan and pathway to economic security with the following SMART Goal: By May, 2026, the percentage of all students enrolled in enrichment programs for All Students will Increase by 10% from 44 to 49 as measured by Enrollment in Enrichment Programs.

Priority 4 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Enter a Measurement Tool:

Reminder: Actual results will be entered in the Progress Reporting Tool (PRT).

Priority 4 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

A broader range of enrichment programs will be developed to increase student access and participation before, during, and after the school day.

Students will be given multiple opportunities to share their career interests through structured surveys.

Students will recommend careers they would like to see represented during Career Day programming.

Students will be invited to join Instructional Leadership Team meetings, where they will have a platform to contribute their ideas and perspectives.

Root Cause Addressed:

Many students lack access to structured, interest-based activities outside of core instruction.

Existing programs may be too narrow in scope, not aligned to diverse student interests, or limited by scheduling barriers.

Students have few structured opportunities to express their interests or influence programming related to future pathways.

Career Day and related initiatives may not reflect the lived experiences, aspirations, or cultural contexts of the student body.

Leadership opportunities for students are often limited, reducing engagement and ownership.

Instructional planning teams may not systematically include student feedback or perspectives when designing programs or setting goals.

A top-down approach to decision-making may lead to initiatives that don't fully resonate with student needs or interests.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Interest Surveys Administered Quarterly to all students to identify evolving interests and inform programming.
Launch New Clubs and Courses that align with student passions and future pathways(Technology, Dance)
Professional Learning sessions on designing interest-driven, culturally relevant enrichment opportunities.
Peer Ambassadors and Enrichment Mentors from current clubs to encourage broader participation.
Partnerships with Industry Professionals for virtual visits, mentorship, or project coaching.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

- Enrichment Program Review Meetings

Led by an Enrichment Committee, including teachers, enrichment leads, and administration.

Review of enrollment data to inform responsive outreach strategies by grade and subgroup.

Review participation trends, student feedback, and implementation progress of new offerings.

- Quarterly Leadership Data Reviews

School leadership team analyzes overall program enrollment, student subgroup data, and links to academic outcomes.

- Student Voice Panels & Surveys

Conduct surveys and focus groups each semester to gather student input on interest, relevance, and barriers to participation.

- Teacher Professional Learning Reflections

After each professional learning session, teachers submit reflections or plans outlining how they will apply strategies to their enrichment planning or promotion.

- Digital Enrichment Tracking System

Maintain a running log or database that tracks individual student participation, frequency, and program type.

Data to be collected:

Enrollment & participation: Total number and percentage of students enrolled in enrichment programs, disaggregated by grade, subgroup, and time slot

Student Feedback: Interest surveys, satisfaction surveys, exit tickets

Staff Practice: PD attendance logs, implementation plans, classroom observations

Priority 4 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/18/2026	Host sessions to introduce families to available enrichment programs, how they connect to college and career readiness, and how students can enroll.	
		Feature a rotating spotlight on existing programs with student/family testimonials, schedules, and sign-up information in Bedell Newsletter	
		Invite parents and guardians to share ideas for new enrichment programs based on student and community interests.	
05/14/2026	05/14/2026	Invite family members and community professionals to speak about their careers and help students see real-world connections to enrichment.	

Priority 4 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

- Enrichment Program Coordinators and Club Advisors to plan, lead, and promote activities aligned with student interests. Counselors and Support Staff to conduct student interest surveys, encourage enrollment, and provide targeted outreach. Instructional Leadership Team Members to integrate enrichment opportunities into schoolwide planning and monitor alignment with college and career readiness goals. Parent Coordinator to manage communication and logistics with families regarding programming.

Instructional Resources

Curricula for Expanded Offerings, including financial literacy, creative arts, robotics, coding. Survey Platforms (e.g., Google Forms, Panorama) to collect and analyze student interests and feedback.

Schedule Adjustments

Dedicated Time for Enrichment Offerings during lunch periods, after school, and through special schedules during advisory or flex blocks. Protected Time in Staff Schedules for professional learning and cross-disciplinary planning related to enrichment.

Other Resources Needed

Funding Sources (e.g., Title I, arts and STEM grants, community foundation mini-grants) to support program expansion and materials. Promotional Materials (flyers, digital signage, newsletters) to increase student and family awareness. Technology & Equipment such as Chromebooks, microphones, cameras, robotics kits, and art supplies.

Section 5: Priority 5 – All districts and schools are more inclusive and responsive for parents and families, including having more families choose NYC Public Schools

Priority 5 Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs

Priority 5

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal for this Priority informed by the identified priority needs and the relevant systemwide focus areas **for parent, family, community and system responsiveness** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Focus Areas for System Responsiveness to Parents, Families and Communities

- Engage more deeply with families to understand their needs and plan new, high-quality programs
- Build community trust and bolster engagement, including via improved language access and increased family engagement and participation
- Implement the newly updated NYCPS School Wellness Policy, which provides a framework for all members of the school community, including families and students, to come together and assess and coordinate wellness efforts for their community
- Implement and lead strategies that support community involvement and increase Minority and Women Owned Business Enterprises (MWBE) utilization

Priority 5 SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Parents of All Students	97	<School Name> will address Priority 5: All districts and schools are more inclusive and responsive for Parents of All Students with the following SMART Goal: By June, 2026, the the percentage of parents/families indicating that there are opportunities for parents to be involved in school activities will Increase by 2 from 97 to 99 as measured by NYC School Survey Results.

Priority 5 Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

Priority 5 Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Develop hybrid (virtual/in-person) family events to improve access and attendance.

Host “Community Culture Days” or “Parent-Led Interest Series” where families can share traditions, talents, or professions.

Ensure family voice drives the creation of programs that are reflective of community culture and values.

Root Cause Addressed:

Limited variety in event formats or times may unintentionally exclude working parents or caregivers with non-traditional schedules.

Communication may be inconsistent or overly reliant on a single channel (Class Dojo), which might not reach all families effectively.

Some families may not perceive current events as meaningful or aligned with their interests, culture, or needs.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Partner with SLT and PTA to craft and complete community engagement survey.
Pilot at least one hybrid-accessible event and collect feedback.

Host first “Community Culture Day” with multilingual promotion.
Evaluate participation data across events

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Develop a real-time internal dashboard to track event attendance, demographics, and feedback from family engagement activities.

Share results with the SLT & PTA for ongoing refinement.

Identify adjustments to outreach or programming based on participation data and family voice.

Analyze trends in family feedback surveys, event reflection forms, and translated response forms.

Collect teacher feedback on whether enhanced parent engagement has led to increased classroom participation, improved student behavior, or improved home-school communication.

Integrate these reflections into instructional team meetings or professional development sessions.

Data Collection:

Event Attendance Logs

Post-Event Feedback Surveys

Teacher Reflections or Surveys on observed impact of family involvement on student motivation, work completion, or home-school collaboration.

Parent Participation in Leadership Roles (tracked across PTA, SLT, committees, and event planning)

Priority 5 Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/18/2026	Offer increased Meet and Greet events with administration and teachers to build trust and relationships	
		Invite parents and guardians—across all household types—to help co-design school events, ensuring activities reflect diverse voices and interests.	
		Include evening and weekend meetings to increase accessibility.	
		Offer multilingual sessions on helping with homework, understanding grading, navigating school systems (IEPs, parent portals), and supporting students' emotional wellness.	
		Invite parents, guardians, and community members to share skills, professions, or cultural traditions during in-school or after-school learning sessions.	

Priority 5 Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Parent Coordinator : to lead outreach and support parent participation, Family Partnership Innovation Team: consisting of SLT and PTA: to co-design and evaluate strategies. , Multilingual Staff and Interpreters: to support inclusive communication and engagement. School Counselors and Social Workers: to connect with hard-to-reach families and support trauma-informed outreach, especially for foster families

Instructional Resources

Culturally Responsive Curriculum Materials to support family-led education sessions or culture nights, NYC DOE Family and Community Engagement Toolkit and translated resources, Digital Platform - CLassDojo

Schedule Adjustments

Flexible meeting times (morning/evening/weekends) to accommodate parent schedules , Built-in feedback collection windows after each event to assess impact and inform next steps

Other Resources Needed

School Facilities (gym, library, cafeteria): for hosting community forums, culture nights, or workshops, Childcare and Transportation Stipends (anticipated funding or grants): to reduce access barriers, Translation Equipment and Multilingual Flyers

Section 5: Attendance/Chronic Absenteeism

Attendance/Chronic Absenteeism Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.
2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?
3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs
According to New Visions Portal (June 17, 2025), number of students living in a shelter had a year to date attendance record of 85%, 6% lower than the school wide percentage	Some students may be missing 10% or more of the school year due to unstable housing	Development of a Tiered Attendance Intervention System
According to New Visions Portal (June 17, 2025), students in grade 3 had the lowest overall attendance at 90%, 1% lower than the school wide percentage.	Families may not fully understand the impact of frequent absences on academic success.	Strengthen Family-School Partnerships
According to New Visions Portal (June 17, 2025), students in grade 3 had the lowest overall attendance	Students who feel less connected to peers or classroom activities may not	Enhance School Culture and

at 90%, 1% lower than the school wide percentage.	see school as a meaningful, welcoming place.	Student Engagement
According to New Visions Portal (June 17, 2025), number of students deemed Chronically Absent is 33%.	Teachers may lack a clear early warning system to identify at-risk students before absences become chronic.	Staff Training on Early Indicators and Responsive Supports

Attendance/Chronic Absenteeism

Directions: After conducting a comprehensive needs assessment by analyzing the school data, exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop at least one outcome-focused SMART goal aligned to our systemwide focus on improving attendance and **reducing chronic absenteeism**.

Systemwide Focus Area for Attendance/Chronic Absenteeism: Develop and implement strengthened practices to improve attendance, combat chronic absenteeism and center equity. Note: For ESSA accountability purposes, NYSED will replace the Chronic Absenteeism indicator with the Attendance indicator, beginning in the 2025-26 school year. Learn more about the new Attendance indicator by reviewing this Fact Sheet.

Attendance/Chronic Absenteeism SMART Goal(s)

Target Population	Baseline Data	SMART Goal
All Students	32	By May, 2026, the Percentage of Chronically Absent Students for All Students will decrease by 2%, from 32 to 30, as measured by the New Visions Chronic Absenteeism Reports.

Attendance/Chronic Absenteeism Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Attendance/Chronic Absenteeism Action Plan

Directions: Identify the key strategy and progressive action steps your school will take to address the specific priority needs and root causes identified for this goal(s). More than one strategy can be indicated if multiple and/or differentiated needs for this priority have been identified.

- Key strategies should be key levers for success and may represent something that is new to the school.
- Action steps to operationalize key strategies should focus on new activities or initiatives and/or modifications to current initiatives (e.g., expanded to reach a wider audience or refined for greater impact on students).

Note: Routine activities your school does every year should not be included.

Key Strategy 1 (Required):

Implement a Tiered Attendance Intervention System, expanding supports to include additional staff members

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Tier 1: Launch a schoolwide attendance campaign with classroom competitions, monthly recognition awards, and positive messaging during morning announcements.
Tier 2: Assign Attendance Support Mentors (including expanded staff such as social workers, guidance counselor, and school aides) to students identified with 5–9% absenteeism. Conduct weekly student check-ins and track attendance goals using iLog.
Tier 3: Host individual problem-solving meetings with students and families to create personalized plans.
Train all staff during September professional development on recognizing early signs of absenteeism and implementing tiered interventions.
Bimonthly collaborative planning meetings to review attendance data and adjust interventions by grade level.

Key Strategy 2 (Optional):

Strengthen Family Partnerships Through Engagement and Communication

Root Cause Addressed:

Lack of consistent, clear, and culturally responsive communication between school and home. This includes:

Families not fully understanding the impact of frequent absences on academic progress

Language and accessibility barriers that limit engagement

Inconsistent outreach practices by staff

Limited trust or connection between families and the school community

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Students will participate in “Attendance Ambassador” roles, helping to spread awareness and welcome families at events.
Host monthly family info sessions (in multiple languages) on the importance of daily attendance and how families can support routines at home.
Partner with PTA and community orgs to co-host Family Breakfasts and open dialogue sessions about attendance barriers and solutions.
Provide PD on culturally responsive communication, trauma-informed practices, and conducting empathetic outreach conversations.

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Attendance Review & Monitoring Structures:

- Biweekly Attendance Team Meetings Review attendance trends by grade, subgroup, and tier level to identify students needing escalation or celebration.

- Bimonthly Collaborative Planning Meetings Grade-level staff, support personnel, and administration meet to adjust strategies, share patterns, and ensure interventions are consistent and responsive.

- Mid-Year and End-of-Year Reflection Sessions Analyze chronic absenteeism rates, student movement across tiers, and identify any gaps in tiered supports.

Data/Evidence to Be Collected:

Track weekly check-ins in iLog, mentor sessions, and goal-setting updates for Tier 2 & 3 students in bimonthly Attendance Meeting sessions

Measure daily, monthly, and year-to-date attendance rates for individuals and subgroups with bimonthly data pulls

Monitor the number of students at each tier and movement across tiers over time

Track communication frequency and quality with families of at-risk students

Ensure all staff are trained in early warning signs and intervention procedures

Indicators of Progress and Impact:

- Decrease in the number/percentage of chronically absent students (target: from 33% to 30%).

- Increased number of Tier 2 students returning to Tier 1 status over the year.

- Improved staff confidence and consistency in executing early interventions (measured through feedback forms and implementation checks).

- Increased parent participation in intervention plans and follow-up meetings.

Attendance/Chronic Absenteeism Family and Community Engagement

Family and Community Engagement

Directions: Indicate the strategies/activities that will be implemented to support and engage families (including foster and birth parents) and community collaboration in the implementation of this action plan.

Start Date	End Date	Strategies to Support Family & Community Engagement	Partners/CBOs Leveraged
09/04/2025	06/25/2026	Family Attendance Kickoff Letter & Calendar Introduce families to the campaign and monthly themes, including ways they can help reinforce attendance goals at home.	
09/04/2025	06/25/2026	Mentor-Family Communication Logs Attendance Mentors will maintain regular, personalized communication with parents/guardians about attendance goals, progress, and challenges.	
09/04/2025	06/25/2026	Translation & Advocacy Support Provide bilingual materials and interpreters to ensure families of all backgrounds feel informed and included.	
09/04/2025	06/25/2026	Partner with Local Organizations Work with CBOs, faith-based groups, and shelters to share attendance resources and host joint events that increase access and trust.	

Attendance/Chronic Absenteeism Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Human Resources

Attendance Team Members: Expanded to include social workers, guidance counselors, school aides, and administrative staff.Parent Coordinator or Family Engagement Liaison: Assisting with outreach and event coordination. School Leadership Team: Overseeing progress monitoring and implementation timelines

Instructional Resources

iLog: Used by staff to document Tier 2 and 3 interventions and monitor student progress. Professional Development Modules: Focused on culturally responsive outreach, trauma-informed practices, and tiered intervention implementation. Multilingual Family Communication Tools: Outreach letters tailored to reflect school language demographics. Attendance Campaign Materials: Posters, certificates, and incentives to support schoolwide awareness.

Schedule Adjustments

Bimonthly Planning Meetings: Built into weekly schedules to support regular data reflection and strategy revision. Dedicated Time for Family Events: Morning breakfasts, early evening sessions, or weekend events supported by flexible staffing.

Other Resources Needed

Local Business Partnerships: For small incentives or sponsorship of recognition events. Translation/Interpretation Services: To ensure family participation and understanding across languages. Title I Funds (where applicable): To support attendance incentives

Section 5: High Quality Inclusive & Accessible Learning for Students with Disabilities

High Quality Inclusive & Accessible Learning for Students with Disabilities Data Trends, Root Causes and Priority Needs

Priority Needs and Root Causes

Directions: After conducting your comprehensive needs assessment for this Priority use the chart below to:

- **Summarize the data trends (gaps in student and school performance) for each priority. Use the most current data available and cite the data sources and years.**
- **Identify the root causes (and/or contributing factors, theories, hypotheses) that explain the current student and school outcomes.**
- **Indicate the high leverage priority needs determined by your school that, if resolved, will advance equity and result in measurable, positive impact on student outcomes.**

Guiding Questions:

1. Data Trends: What did you see as you analyzed data trends? Cite data sources and years, including those available from NYCPS and NYSED.

2. Root Causes: What do you believe are the reasons within the school's control that are leading to these outcomes?

3. Priority Needs: What are the most important needs identified after completing your needs assessment?

1. Data Trend(s) (Cite Data Source & Year)	2. Root Cause(s)	3. Priority Needs (NYCPS Systemwide Needs for all schools noted below.)
Progress monitoring data shows students with IEPs making slower academic growth compared to general education peers	Teachers may not receive adequate training on how to write measurable goals, analyze student needs, or implement services aligned with the IEP.	IEP Development

(e.g., iReady, Acadience, formative assessments).		and Fidelity of Implementation
		Transition Planning and Compliance
Common patterns include referrals following dissemination of promotion in doubt or retention decisions sometimes without adequate implementation of Tier 1 and Tier 2 interventions.	Teachers may need more training on how to identify learning differences, disaggregate cultural/linguistic differences from disabilities, and implement accommodations before referral.	Referral Process and Equity
Students with disabilities are overrepresented in discipline referrals and removals according to OSYD Level 3-5 incidents	Limited training on trauma for staff -informed practices, de-escalation, and alternatives to traditional discipline. Limited Student Voice and Advocacy When students don't have a say in shaping behavior expectations or resolving conflict, discipline systems can feel imposed rather than co-owned.	Equity in School Discipline
Analysis of multiple data sources from the 2024–2025 school year—including iReady, Acadience, and mock Math and ELA assessments—reveals that students with disabilities are performing at lower levels than their general education peers.	New teachers often face challenges in recognizing the root skill deficits needed to craft effective IEP goals that directly target students' learning needs.	To align IEP goals to address underlying skill deficits.

High Quality Inclusive & Accessible Learning for Students with Disabilities

Directions: After conducting a comprehensive needs assessment by analyzing school data trends including IEP Review Surveys; exploring your school vision/values/aspirations, and listening to students to surface priority needs and identify root causes, develop outcome-focused SMART goals for identified priority need(s) and the relevant systemwide focus areas for **High Quality Inclusive & Accessible Learning for Students with Disabilities** outlined below. Use the SMART Goal builder in iPlan for support in developing your goal.

Systemwide Focus Areas for High Quality Inclusive and Accessible Learning for Students with Disabilities:

- IEP Development and Implementation
- Transition Planning and Compliance
- Referral Process and Equity
- Equity in School Discipline

High Quality Inclusive & Accessible Learning for Students with Disabilities SMART Goal(s)

Target Population	Baseline Data	SMART Goal
Students with Disabilities (SWD)	54	By June, 2026, to strengthen the quality and implementation of IEPs for Students with Disabilities (SWD), we will improve Alignment of IEPs across present level of performance (PLOP) by a 10% Increase, from 54 to 64, as measured by IEP Reviews.

High Quality Inclusive & Accessible Learning for Students with Disabilities Progress Measures and Targets

Directions: It is expected that progress monitoring, based on interim outcome data, occurs at three progress monitoring periods during the school year. Identify what your school would expect to see at the end of each period to know if you are on track to reach the identified goal(s). The progress monitoring targets can be a percentage or a number and should reflect a sufficient improvement in outcomes to meet the goal. Note that all schools are required to enter results in the Progress Reporting Tool (PRT) on the iPlan Portal.

High Quality Inclusive & Accessible Learning for Students with Disabilities Action Plan

Key Strategy 1 (Required):

Strengthen Professional Development on IEP Development
- Provide targeted professional development on writing high-quality, standards-aligned PLOPs that reflect accurate data, functional performance, and clear connections to goals and services.

Establish Collaborative IEP Planning Structures
- Create dedicated co-planning time for general and special educators to review data, write aligned PLOPs, and ensure consistency across IEP sections.

Implement IEP Quality Monitoring Cycles
- Use school-based IEP Review checklist on a quarterly basis to evaluate alignment and provide actionable feedback to teachers.

Provide Instructional Coaching and Modeling
- Assign IEP coordinator to support teachers in unpacking data and translating it into meaningful narratives in the PLOP.

Root Cause Addressed:

Inconsistent teacher understanding of how to analyze data and translate it into coherent PLOP statements. Many case managers—especially new or general education teachers—may lack understanding in connecting assessment data, classroom performance, and functional needs to IEP components. This leads to vague or misaligned PLOPs that impact the quality and effectiveness of the entire IEP.

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps
Launch a professional learning session on writing high-quality, standards-aligned PLOPs grounded in multiple data sources (e.g., iReady, Acadience, classroom work samples, progress monitoring).
Provide coaching sessions and peer review opportunities for special educators and support staff to collaborate and calibrate.
Train teams to use a shared IEP quality checklist focused on PLOP coherence

Invite special education teachers to join IEP quality review team (administrators, coaches, specialists) to audit a sample of IEPs using a quality IEP checklist.

Key Strategy 2 (Optional):

Root Cause Addressed:

Action Steps:

Indicate what your school will do specifically to implement each strategy to achieve this annual goal. Include both student-facing activities and professional learning for staff. Be sure to indicate how action steps will be introduced and rolled out.

Action Steps

Implementation Monitoring: Indicate your primary structures to progress monitor implementation of key strategies and action steps. Include specific data/evidence you will collect and use to determine progress and impact on instruction, student learning, and achievement.

Note: Implementation Progress Checks will be conducted in the Progress Reporting Tool (PRT) in the iPlan Portal for the 2025-26 school year.

Quarterly IEP Quality Review Team (administrators, special education leads, related service providers) reviews a random sample of IEPs using a calibrated rubric focused on PLOP alignment.

Coaching & Feedback Cycles facilitated by Special Education Teacher, providing targeted support based on rubric results and teacher implementation evidence (lesson plans, progress monitoring samples).

Student Progress Monitoring Alignment Checks - Review alignment between documented PLOPs, IEP goals, and ongoing student progress data to ensure instructional relevance and responsiveness.

Data to be collected:
IEP review rubric scores to measure growth in alignment and coherence

Professional development reflections, implementation plans to track staff feedback and next steps

Goal progress data, work samples to evaluate effect of improved PLOP alignment on learning

High Quality Inclusive & Accessible Learning for Students with Disabilities Family and Community Engagement

Family and Community Engagement

Directions: Indicate the multi-tiered supports (strategies & activities) that will be implemented to support and engage families (including foster parents, birth parents, and families with limited English proficiency) and plans for community collaboration in the implementation of this action plan, surrounding the four priority needs. Include:

1) a description of the school's supports and processes for students with disabilities;
2) a coherent mechanism is implemented for updating families on their child's progress towards measurable annual and post-secondary transition goals;
3) a procedure to ensure families are involved during decision-making for IEP development and implementation.

Start Date	End Date	Multi-tiered Supports to Engage Family & Community	Partners/CBOs Leveraged
		Provide all families with a Family-Friendly Special Education Handbook outlining timelines, services, and key contacts.	
		Host quarterly workshops on IEP basics, student rights, and accessing related services—offered in multiple languages.	
		IEP Progress Reports sent home in tandem with report cards and translated into families' preferred languages.	

High Quality Inclusive & Accessible Learning for Students with Disabilities Budget and Resources

Budget and Resources

Directions: Indicate available and anticipated resources that will be leveraged to achieve this annual goal and implement this action plan, including human resources, instructional resources (e.g., curricula, programs), schedule adjustments, other. Use N/A if not applicable and/or indicate other resource needs.

Schools are encouraged to think critically and strategically when considering resources that can support progress towards CEP goals for students with IEPs. This includes utilizing Title I funding for at-risk speech and/or counseling services, all-staff training in supporting students with autism, sensory materials, summer institute geared at the development of executive functioning skills, and/or inclusion coaching support. Schools may also consider utilizing Title II funds to reduce the ratio of students with IEPs to typically developing peers in ICT classes.

Human Resources:

Special Education Teacher: To provide targeted coaching on PLOP writing and IEP alignment across content areas. Related Service Providers (Speech, Counseling, OT/PT): To contribute data and support for crafting meaningful, individualized IEPs. General and Special Education Teacher Co-Planning Teams: To support collaborative IEP development and instructional alignment. IEP Review Team: to conduct quality audits and provide feedback cycles.

Instructional Resources

PLOP & IEP Goal Writing Rubrics: To calibrate expectations and provide clear guidance to staff. Standards-Aligned Benchmarking Tools (e.g., iReady, Acadience, curriculum-based assessments): To anchor academic data in PLOPs.

Schedule Adjustments

Dedicated IEP Planning Time built into the school calendar, Time Allocated for PD & IEP Calibration Rounds to ensure feedback and continuous learning.

Other Resources Needed

Title I: To support at-risk SWDs through supplemental counseling, speech/language services, and family workshops. IDEA Funds: To support staff training, instructional materials, and services outlined in IEPs.

Section 6: Multi-Tiered Systems of Support (MTSS)

Academic Support

NYCPS Multi-Tiered Systems of Support (MTSS) align with NYSED guidelines for providing Academic Intervention Services (AIS) to students who have not yet met state standards or are considered to be at-risk of not meeting state standards. The Multi-tiered Systems of Support (MTSS) framework, organizes **supports** into three tiers:

Tier 1 provides schoolwide, high-quality programming for all students, including SWDs;

Tier 2 offers data informed small-group interventions for at-promise students; and

Tier 3 delivers intensive, individualized support for students with persistent needs.

This facilitates the strategic planning and necessary resource alignment to ensure their school community appropriately and adequately serves all students well, in partnership with students and families.

MTSS identifies the academic support services to be provided and ensures that students receive Response to Intervention (RtI) and Positive Behavioral Interventions and Support (PBIS) strategies as needed. See NYSED's memo to view the criteria for determining AIS services. The Supportive Environment Framework (SEF) offers a wide range of evidence-based Tier 2 and Tier 3 interventions and supports for student social-emotional, behavioral, physical and mental wellness, with particular attention to the unique needs of students in Temporary Housing and/or Foster Care, who may face additional challenges related to school stability, trauma and access to educational resources. A culturally responsive-sustaining approach to intervention embeds culturally relevant texts and historical narratives into literacy and social studies interventions, ensuring students receive the support that reflects their identities and lived experiences, increasing engagement and achievement.

Use the charts below and a Multi-Tiered System of Support (MTSS) to match academic, social/emotional, behavioral and instructional resources with student needs to provide targeted support for all learners, especially at-risk students who experience difficulty meeting state standards, including those living in Temporary Housing and/or residing in Foster Care placements. Indicate specialized materials, technology-based tools and/or extra instruction, including Expanded Learning Time that supplement school-wide systems & supports and/or classroom level supports. Ensure that interventions address the unique social-emotional, behavioral and academic challenges faced by culturally and linguistically diverse students, as well as those impacted by housing instability and child welfare system involvement.

Directions: Complete the chart and identify Tier 2 or 3 MTSS Academic supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Academic Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2 and 3	Benchmark screeners(Level 1), secondary diagnostics	SPIRE or targeted instruction on specified skill	Small grouping, Small group pull out and one on one	During School	No
Tier 3	Benchmark screeners(Level 1)	Sound Partners	One on one services	During School	No
Tier 2	Reading iReady screener(Below and or Well Below), Acadience screener(Below and Well Below), Fundations tracker(Far Below & Below Level Performance Levels)	Circular 6 Period	Small group with targeted skill	During School	No
Tier 2	Math iReady screener, Acadience Math screener (Far Below & Below Level Performance Levels)	Circular 6 Period	Small group with targeted skill	During School	No
Tier 2	Math iReady screener, Acadience Math screener (Far Below & Below Level Performance Levels)	Ready Math Intervention	Tutoring	Saturday Academy	No
Tier 2	Mock Math Exam #1 based on NYS Math Exam (Level 1 & 2)	New York Next Generation Math	Tutoring	Learning Festival - after school	No

Student Social/Emotional Support

Directions: Complete the chart and identify Tier 2 or 3 MTSS Student Social/Emotional supports. Any Tier 2/3 interventions should be in addition to the foundational work being done at Tier 1.

Student Social/Emotional Support Indicate Tier 2 or 3	Criteria for Determining Service	Program Type or Strategy	Service Delivery Model (Small group, one-to-one, tutoring, etc.)	When is Service Provided? (Before, during or after school)	Technology-Based Tool (Indicate Yes or No)
Tier 2	Individualized based on circumstances	Social Worker	Small Group	During the school day	No
Tier 2 and 3	At risk and brought up at grade band meetings, Crisis Team meetings and/or PPT - based on multiple incidents (2 or more) logged in OSYD portal	At risk counseling	Small group	During the school day	No
Check In - Tier 2	Repeated minor behavior referrals, teacher referral (2 or more logged in OSYD portal)	Positive behavior reinforcement, goal setting	One to tone, daily briefings	During the school day	No
Behavior Intervention Plans (BIPs)	FBA results, chronic disruptive behavior	Behavior contracts, individualized support	One to one	During the school day	No
Restorative Circles - Tier 2	Conflict with peers, teacher/staff referrals related to relationships (at least one incident logged in Reporting Incident Portal)	Conflict resolution and reflection	Small group	During the school day	No
Crisis Intervention - Tier 3	Emotional distress, loss, or trauma	Safety planning, counseling support	One to one with school counselor/social worker	During the school day	No

Family and Community Engagement Around MTSS

Describe how the school's essential components of MTSS are shared with families.

Parent Workshop - Host session (in-person or virtual) where school staff walk families through the MTSS framework, criteria for tiered supports, and how progress is monitored. This session will offer Q&A time and encourage two-way dialogue.

Teachers and intervention teams proactively communicate with families when Tier 2 or Tier 3 supports are initiated for their child. Updates may include progress monitoring data, strategies being used, and how families can support at home. Utilize multilingual tool like ClassDojo to ensure consistent access.

Involve families in the decision-making process when intervention plans are created or adjusted.
Share student strengths as well as concerns, and seek family input on strategies that align with home supports or preferences.

During conferences, educators review data such as behavior tracking, academic performance, and intervention outcomes. These meetings provide a structured opportunity to discuss student progress, clarify MTSS processes, and plan next steps collaboratively.

Next steps are shared with families as additional supports are/aren't needed any longer.

Describe how families receive updates on the progress of their child(ren) who receive Tier 2 targeted, or Tier 3 intensive interventions.

When a student is identified for Tier 2 or Tier 3 intervention, families are invited to a meeting to discuss goals, support strategies, and how progress updates will be shared. Agreements are made around preferred communication methods.

Families receive progress monitoring updates on a consistent schedule which may include observational notes from interventionists. Written reports may be shared which will be written in family-friendly language with transportation.

Intervention review conferences are scheduled regularly by guidance counselor or social worker to review data with families and discuss adjustments.

Families are invited to help set goals, reflect on progress, and co-plan supports at home.

If the student meets intervention goals and is exited from Tier 2/3 services, families receive verbal/written documentation

Staff maintain open channels for questions or concerns, encouraging families to share observations from home.

Describe how families are involved during decision making regarding the progress of students receiving Tier 3 intensive intervention.

Educators present data (academic or behavioral) in clear, accessible terms while families contribute valuable insight into the student's home experiences, strengths, and stressors.

Families participate in frequent review sessions, to examine progress monitoring data to assess what's working and decide what to modify.

If the team is considering a shift in services—such as referral for special education evaluation or transition between tiers—families are fully included in those conversations. Team members ensure families understand the implications, available options, and their rights before any decisions are finalized.

Communication is tailored to each family’s preferences and home language, reinforcing that they are part of the team, not just observers.

Create conditions where families can openly ask questions, express concerns, and suggest strategies.

Students in Temporary Housing (STH) Support

As included in your school's Office of School and Youth Development Consolidated Plan-STH Section and in accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students living in temporary housing (STH). All Title I and non-Title I schools receive a Title I allocation for STH students. The Students in Temporary Housing (STH) website provides guidance on STH pupils and how these funds can be used to meet their needs, as well as restrictions. For more information on acceptable uses of the mandated Title I, Part A set-aside to support your STH population, please refer to the Title I STH Funds Toolkit.

Identify the number of Students in Temporary Housing who are currently attending your school and provide a breakdown of their temporary housing status. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

Number of students in temporary housing who are:

- Doubled up (with friends or relatives because they cannot find or afford housing):
- Living in a shelter or transitional shelter:
- Living in a hotel/motel:
- Other

*Note: In keeping with established practices regarding personally identifiable information, use the letter "s" to identify a number less than five (5).

61 students in temporary housing as of 6/25/25

Doubled Up - 50
Permanent Housing - 1
Shelter - 8
Other Temporary Living Situation - 2
Students coded H in RATH - 0

After a careful analysis of historical demographic, attendance and achievement data for your STH population, what trends do you notice, and how can these trends inform the services and support provided for this population?

Many of our STH students have chronic absenteeism and this may be due to lack of transportation and familial support. We will follow up with families to identify transportation barriers or other barriers that affect their school performance. The STH Title 1 survey was sent out last year to determine what families are requested.

There may be elevated referrals for counseling or behavioral supports, sometimes stemming from trauma, anxiety, or lack of a stable support system.

Limited Family Engagement: Engagement from families in temporary housing may be inconsistent, possibly due to

shelter policies, work constraints, or limited internet/device access for virtual outreach.

Implications for Services and Support

- Transportation and Attendance Support: Provide MetroCards and designate an STH liaison to track attendance in real time and conduct outreach when patterns of absenteeism emerge.

Trauma-Informed Care and Social-Emotional Learning: Ensure school staff are trained in trauma-sensitive practices. Prioritize access to counseling and create calming spaces in school that offer emotional regulation tools.

Dedicated STH Point Person: School social worker serves as a liaison who coordinates communication with shelters, ensures access to services (hygiene kits, clothing, food pantries), and builds trusting relationships with families.

Use bilingual outreach to invite families into the school partnership.

Describe the services you are planning to provide to the STH population. How were those services selected to best meet students' needs? How will you (or did you) utilize the STH Title I Survey to select services aligned to need?

Students in Temporary Housing will be provided with academic and social emotional support. All students will be provided with resources to support them in their classroom environment. Services for the STH population will include but are not limited to additional school supplies and materials for students and families. Family bags are provided with school uniforms and hygiene materials.

MetroCards or transportation assistance, plus proactive outreach from the school attendance team.

Designated STH Family Liaison to support consistent communication between home, school, and shelter.

Intake and welcome process for newly identified STH students to ensure quick access to services without delay.

Prioritizing Students in Foster Care

As included in your school's Office of School and Youth Development Consolidated Plan-Child Child Abuse and Neglect Intervention and Prevention School Plan and in accordance with the federal Education Law 3244 – Education of Children in Foster Care (Effective 2018) establishes the rights of students placed, or moved, in foster care to:

- Continue attending school of origin if determined to be in their best interest, or, if not, attend school near foster care placement,
- Immediate enrollment, and
- Transportation, if necessary to attend school of origin

Please respond to the questions below.

How many students in foster care are currently enrolled at your school? Provide a detailed breakdown of the social-emotional and academic supports available to them.

From last year's data and two new student this year- 12 students

Social-emotional/academic supports available

Students receive weekly check-ins. Students have access to trauma informed counseling services, group support and mediation, assistance with middle school applications and summer rising, and services provided through IEP if eligible. Uniform, hygiene, and other clothing items are available upon request. Students receive MTSS support. Students are also encouraged to join clubs, sports, and/or arts.

Guidance counselor and school social worker meet with case planners, ACS, or education specialists to ensure students are receiving services that reflect their needs.

What targeted supports are in place for students in foster care, including those newly transitioning into the foster care system? How does your school ensure these students receive the necessary interventions to promote stability and success?

A designated staff member (e.g., guidance counselor, social worker) serves as the primary liaison to support smooth communication between the school, foster families, and child welfare agencies.

Academic intervention: MTSS supports (Tier 2 or Tier 3) activated as needed without delay.

Trauma-informed counseling services available through school mental health team

Proactive outreach to involve students in clubs, sports, or arts to build connection and confidence.

Monitoring and Adjusting Intervention:

- Student Support Teams meet monthly to review academic, behavioral, and attendance data for students in foster care.

- Case collaboration with ACS (Administration for Children's Services) ensures services reflect evolving needs.

- Invite shared decision making through family conferences

After analyzing historical demographic, attendance, and achievement data for students in foster care, what trends have emerged? How can these insights be used to improve the services and support provided to this population?

Frequent transfers between schools often disrupt continuity of instruction, services, and peer relationships.

Performance data may show lower proficiency in core academic areas, particularly ELA and math, often linked to interrupted instruction and unaddressed learning gaps.

Higher rates of behavior referrals or social-emotional flags may reflect trauma

Design smooth intake and transition protocols (welcome plans) to reduce disruption and ensure students access academic and SEL supports immediately.

Attendance liaisons to monitor attendance closely and intervene with personalized outreach and transportation solutions.

Provide regular access to trauma-informed counselors and small-group SEL sessions.

Give foster students opportunities to shape their support plans, articulate their interests, and advocate for what they need to thrive.

What specific strategies does your school implement to ensure students in foster care, particularly those in transitional grades, receive targeted Social-Emotional Learning (SEL) support? How do these strategies help address academic and behavioral challenges?

Trauma-Informed SEL Groups - Small group sessions facilitated by counselor/social workers that focus on identity, resilience, and coping skills. This helps students process transitions or loss, which in turn reduces behavioral escalations and boosts classroom engagement.

Student Voice Circles - Spaces for foster youth to share experiences, give feedback, and propose ideas for school climate improvements. This empowers students to feel seen and heard, which boosts their sense of belonging—a key factor in both behavior and achievement.

SEL Skill-Building - Conflict resolution, tailored for students experiencing transitions or instability.
This teaches practical skills for navigating conflict, anxiety and changes - crucial for students adjusting to new environments.

Section 7: Parent and Family Engagement Policy and School-Parent Compact

Parent and Family Engagement Policy

Directions: The Parent and Family Engagement Policy should describe how your school will plan and implement effective parent and family engagement activities and/or strategies to improve student academic achievement and school performance. The School-Parent Compact (SPC) is a component of the Parent and Family Engagement Policy (PFEP) that outlines how parents, the entire school staff, and students will share this responsibility.

The activities and/or strategies included in your school's Parent and Family Engagement Policy should align with current Comprehensive Education Plan (CEP) goals for improving student achievement and should be developed or updated with input and feedback from parent leaders and the Parent Coordinator. In addition, if the school community will be engaged in central parent engagement initiatives, such as Parent Academy, which will provide training for school communities to help strengthen family-school partnerships, please be sure to include these activities in the school's policy.

In Title I schools, the Title I Parent Advisory Council (PAC) represents the Title I parent community in supporting parent and family engagement. The Title I PAC Chairperson will serve in a consultative role with the SLT representing the school's Title I parents. Schools are encouraged to use the sample Parent and Family Engagement and SPC templates below (which meet federal Title I parent and family engagement requirements) as guidance for updating the school's current policy.

Parent and Family Engagement Policy

Educational research shows a positive correlation between effective parental engagement and student achievement. The overall aim of this policy is to develop a parent and family engagement policy that will establish expectations and objectives for meaningful parent and family engagement in the school community. [School Name], in compliance with Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is responsible for creating and implementing a parent and family engagement policy to strengthen the connection and support of student achievement between the school and the families. The school's policy is designed to keep parents informed by actively involving them in planning and decision-making in support of the education of their children. Parents are encouraged to actively participate on the School Leadership Team, Parent Association (or Parent-Teacher Association), and Title I Parent Advisory Council as trained volunteers and welcomed members of the school community.

Support for Parents and Family Members of Title I Students

PS 354Q - The Jermaine L. Green STEM Institute of Queens will support parents and family members of Title I students by:

- providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
- providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
- fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child's progress;
- providing assistance to parents in understanding City, State and Federal standards and assessments;
- sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;
- providing professional learning opportunities for school staff with the assistance of parents to improve outreach, communication skills and cultural competency in order to build stronger ties between parents and other members of the school community;

Parental Involvement and School Quality

PS 354Q - The Jermaine L. Green STEM Institute of Queens' Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners (ML/ELL), and students with disabilities. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with Title I parents to improve the academic quality of the school. The findings of the evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title I program. This information will be maintained by the school.

In developing the Title I Parent and Family Engagement Policy, parents of Title I participating students, parent members of the school's Parent Association (or Parent-Teacher Association), as well as parent members of the School Leadership Team, were consulted on the proposed Title I Parent and Family Engagement Policy and asked to survey their members for additional input. To increase and improve parent involvement and school quality, the school will:

- actively involve and engage parents and family members in the planning, review and evaluation of the effectiveness of the school's Title I program as outlined in the School Comprehensive Education Plan, including the implementation of the school's Title I Parent and Family Engagement Policy and School-Parent Compact;
- engage all parents in discussion and decisions regarding the required Title I, 1% set-aside funds, which are allocated directly to the school to supplement parent and family engagement activities, including family literacy and parenting skills;
- ensure that the Title I funds allocated for parent and family engagement are utilized to implement activities and strategies as described in the school's Parent and Family Engagement Policy and the School-Parent Compact;
- support school-level committees that include parents who are members of the School Leadership Team, the Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council. This includes providing technical support and ongoing professional learning, especially in developing leadership skills;
- maintain a Parent Coordinator (or a dedicated staff person) to serve as a liaison between the school and families. The Parent Coordinator or a dedicated staff person will provide parent workshops based on the assessed needs of the parents of children who attend the school and will work to ensure that the school environment is welcoming and inviting to all parents. The Parent Coordinator will also maintain a log of events and activities planned for parents each month and file a report with the central office.;
- conduct parent workshops with topics that may include: parenting skills, understanding educational

accountability grade-level curriculum and assessment expectations; literacy, accessing community and support services; and technology training to build parents' capacity to help their children at home;
- provide opportunities for parents to help them understand the accountability system, e.g., ESSA/State accountability system, student proficiency levels, Annual School Report Card, School Quality Report, Quality Review Report, Learning Environment Survey Report;
- host the required Annual Title I Parent Meeting each school year to advise parents of children participating in the Title I program about the school's Title I funded program(s), their right to be involved in the program and the parent and family engagement requirements under Title I, Part A, Section 1116 and other applicable sections under ESSA;
- schedule additional parent meetings, e.g., quarterly meetings, with flexible times, such as meetings in the morning or evening, to share information about the school's educational program and other initiatives of the Chancellor and allow parents to provide suggestions;
- translate all critical school documents and provide interpretation during meetings and events as needed.

Encouraging School-Level Parental Involvement

PS 354Q - The Jermaine L. Green STEM Institute of Queens will further encourage school-level parent and family engagement by:
- hosting educational family events/activities during Parent-Teacher Conferences and throughout the school year;
- encouraging meaningful parent participation on School Leadership Teams, Parent Association (or Parent-Teacher Association) and Title I Parent Advisory Council;
- supporting or hosting Family Day events;
- establishing a Parent Resource Center/Area or lending library; instructional materials for parents;
- encouraging more parents to become trained school volunteers;
- providing written and verbal progress reports that are periodically given to keep parents informed of their children's progress;
- developing and distributing a school newsletter or web publication designed to keep parents informed about school activities and student progress;
- providing school planners/folders for regular written communication between /teacher and the home in a format, and to the extent practicable in the languages that parents can understand.

School-Parent Compact (SPC)

School-Parent Compact (SPC)

PS 354Q - The Jermaine L. Green STEM Institute of Queens, in compliance with the Section 1116 of Title I, Part A of the Every Student Succeeds Act (ESSA), is implementing a School-Parent Compact to strengthen the connection and support of student achievement between the school and the families. Staff and parents of students participating in activities and programs funded by Title I, agree that this Compact outlines how parents, the entire school staff and students will share responsibility for improved academic achievement and the means by which a school-parent partnership will be developed to ensure that all children achieve State Standards on assessments.

I. School Responsibilities: High Quality CurriculumI. School Responsibilities: High Quality Curriculum

Provide high quality curriculum and instruction consistent with State Standards to enable participating children to meet the State's Standards and Assessments by:

- using academic learning time efficiently;
- respecting cultural, racial and ethnic differences;
- implementing a curriculum aligned to the State Learning Standards;
- offering high quality instruction in all content areas;
- providing instruction by highly qualified teachers and when this does not occur, notifying parents as required by the Every Student Succeeds Act (ESSA);

I. School Responsibilities: Supporting Home-School Relationships

Support home-school relationships and improve communication by:

- conducting parent-teacher conferences each semester during which the individual child's achievement will be discussed as well as how this Compact is related;
- convening an Annual Title I Parent Meeting each school year for parents and family members of students participating in the Title I program to inform them of the school's Title I status and funded programs and their right to be involved;
- arranging additional meetings at other flexible times, e.g., morning, evening and providing (if necessary and funds are available) transportation or child care for those parents who cannot attend a regular meeting;
- respecting the rights of limited English proficient families to receive translated documents and interpretation services in order to ensure participation in the child's education;
- providing information related to school and parent programs, meetings and other activities is sent to parents of participating children in a format and to the extent practicable in a language that parents can understand;
- involving parents in the planning process to review, evaluate and improve the existing Title I programs, Parent and Family Engagement Policy and this Compact;
- providing parents with timely information regarding performance profiles and individual student assessment results for each child and other pertinent individual school information;
- ensuring that the Parent and Family Engagement Policy and School-Parent Compact are distributed and discussed with parents each year;

I. School Responsibilities: Providing Parents Reasonable Access to Staff

Provide parents reasonable access to staff by:
- ensuring that staff will have access to interpretation services in order to effectively communicate with limited English speaking parents;
- notifying parents of the procedures to arrange an appointment with their child's teacher or other school staff member;
- arranging opportunities for parents to receive training to volunteer and participate in their child's class, and to observe classroom activities;
- planning activities for parents during the school year, e.g., Parent-Teacher Conferences;

I. School Responsibilities: Providing General Support to Parents

Provide general support to parents by:
- creating a safe, supportive and effective learning community for students and a welcoming respectful environment for parents, and guardians;
- assisting parents in understanding academic achievement standards and assessments and how to monitor their child's progress by providing professional learning opportunities (times will be scheduled so that the majority of parents can attend);
- sharing and communicating best practices for effective communication, collaboration and partnering with all members of the school community;
- supporting parental involvement activities as requested by parents and family members;
- ensuring that the Title I funds allocated for parent involvement are utilized to implement activities as described in this Compact and the Parent and Family Engagement Policy;
- advising parents of their right to file a complaint under the Department's General Complaint Procedures and consistent with the Title I requirement for Every Student Succeeds Act (ESSA) and Title I programs;

II. Parent/Guardian Responsibilities

- monitor my child's attendance and ensure that my child arrives to school on time as well as follow the appropriate procedures to inform the school when my child is absent;
- ensure that my child comes to school rested by setting a schedule for bedtime based on the needs of my child and his/her age;
- check and assist my child in completing homework tasks, when necessary;
- read to my child and/or discuss what my child is reading each day (for a minimum of 15 minutes);
- set limits to the amount of time my child watches television or plays video games;
- promote positive use of extracurricular time such as, extended day learning opportunities, clubs, team sports and/or quality family time;
- encourage my child to follow school rules and regulations and discuss this Compact with my child;
- volunteer in my child's school or assist from my home as time permits;
- participate, as appropriate, in the decisions relating to my child's education;
- communicate with my child's teacher about educational needs and stay informed about their education by prompting reading and responding to all notices received from the school or district;
- respond to surveys, feedback forms and notices when requested;
- become involved in the development, implementation, evaluation and revision to the Parent and Family Engagement Policy and this Compact;
- participate in or request training offered by the school, district, central and/or State Education Department to learn more about teaching and learning strategies whenever possible;
- take part in the school's Parent Association or Parent-Teacher Association or serve to the extent possible on

advisory groups, e.g., Title I Parent Advisory Council, School or District Leadership Teams;

- share responsibility for the improved academic achievement of my child;

III. Student Responsibilities

- attend school regularly and arrive on time;
- complete my homework and submit all assignments on time;
- follow the school rules and be responsible for my actions;
- show respect for myself, other people and property;
- try to resolve disagreements or conflicts peacefully;
- always try my best to learn.

Title I Program Information

Part 1: Title I Program Type

Title I Requirements and Strengthening Title I Parent Involvement: Under USDOE's Every Student Succeeds Act (ESSA), Title I schools are required to address professional learning and parent and family engagement in the Comprehensive Education Plan (CEP). To strengthen parent leadership in Title I schools, and increase the involvement of all parents of Title I eligible children in improving students' academic outcomes, all Title I schools are required to establish a Title I Parent Advisory Council (PAC) that will serve as the consultative and representative body for all Title I parents in the school to provide voice into the spending of Title I funds.

The SLT is responsible for facilitating consultation with the Title I Parent Advisory Council regarding the joint development of the CEP, Parent and Family Engagement Policy, School Parent Compact (SPC) and the use of the 1% parent involvement set-aside in Title I schools. The Title I Parent Advisory Council (PAC) Chairperson (or alternate) is expected to attend all regular meetings of the School Leadership Team (SLT). Title I parents, as represented by the Title I PAC Chairperson, must be consulted regarding the use of the Title I 1% set-aside for parent and family engagement. The Title I 1% set-aside funding is used to supplement parent and family engagement activities as described in the school's Parent and Family Engagement Policy and must be aligned with student achievement goals as outlined in the CEP. For additional guidance on the Title I Parent Advisory Council (PAC), go to the Protocols and Timeline for Title I Parent and Family Engagement Activities document.

Directions:

- All schools must indicate their Title I status in Part 1.
- All elements of the All Title I Schools section must be completed in Part 2.
- All Targeted Assistance (TA) Schools must also complete the TA Schools Only section in Part 3.
- All Schoolwide Program (SWP) schools must also complete the SWP Schools Only section in Part 4.
- If a required component is addressed elsewhere in this plan, you may refer to the section or Priority where the response can be found.
- For additional information, visit the Title I Program Description (US Department of Education).

Your school's Title I Program

Title I SWP

Part 2: All Title I Schools

High Quality and Ongoing Professional Learning: Please list below the Priority or section(s) that indicate strategies and activities for high quality professional learning for teachers, principals, staff, and paraprofessionals to enable all students to meet state standards.

All classrooms are equipped with technology with which students can engage either individually or collaboratively. There are daily strategic reading groups and guided math instruction as well as standard-aligned and data-informed lessons. There is ongoing professional development in literacy and math as well as Danielson Domains.

Part 4: Schoolwide Program (SWP)

Transition Plans to Assist Preschool Children (Elementary Schools Only): Describe the transition plans used to assist preschool children from early childhood programs to the elementary school program (e.g. aligned curriculum, joint PD & parent involvement activities, sharing of records/information, early intervention services, etc.).

Our early childhood department have vertically aligned planning time with the Kindergarten team. At orientation for Kindergarten, school staff invite families to come and learn with their child as well as conduct a brief screener on the student to see if interventions or supports will be needed in the Fall. It provides teachers with the knowledge needed to best plan for the students in front of them

Part 5: “Conceptual” Consolidation of Funds in SWP Schools

Directions: All Schoolwide Program (SWP) schools in NYC are conceptually consolidating their Federal, State, and Local funds, even though the Galaxy system reports the allocations in separate accounting codes1. To be eligible for the flexibility consolidation of Federal funds, a Schoolwide Program school must identify in its Schoolwide plan (CEP) which programs are included in its consolidation and the amount each program contributes to the consolidated Schoolwide pool. Additionally, the school plan must document that it has met the intent and purposes of each program whose funds are consolidated2. **On the chart below**, indicate which Federal, State, and/or local Tax Levy program funds that are consolidated in your school’s Schoolwide Program, the amount each program contributes to the consolidated Schoolwide pool, and verification that the school has met the intent and purposes of each program whose funds are consolidated.
For the last two columns of this table: Place an (X) in Column A below to verify that the school has met the intent and purposes of each program whose funds are consolidated. Indicate in Column B, the Priority or section that references where a related program activity has been described in this plan.

Program Name	Fund Source (i.e. Federal, State or Local)	Funding Amount: Indicate the amount contributed to Schoolwide pool. (Refer to Galaxy for school allocation amounts)	Column A Verify with an (X)	Column B Section/Priority Reference(s)
Title I, Part A (Basic)	Federal	$301,830	X	
Title I, School Improvement 1003(a)	Federal	$		
Title II, Part A	Federal	$0		
Title III, Part A	Federal	$0		
Title III, Immigrant	Federal	$12193	x	
Title IV, Part A	Federal	$0		
Tax Levy (Fair Student	Local	$3,360,048		

Funding)				

Explanation/Background

1. Explanation/Background:

Title I Schoolwide Program schools are expected to use the flexibility available to them to integrate services and programs with the aim of enhancing the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, Schoolwide Program schools may combine most Federal, State and local funds to provide those services. By consolidating funds from Federal, State, and local sources, a Schoolwide Program school can address its needs using all its available resources. This gives a school more flexibility in how it uses available resources to meet the identified needs of all its students.

Consolidating funds in a Schoolwide Program means that a school treats the funds it is consolidating like they are a single "pool" of funds. In other words, the funds from the contributing programs in the school lose their individual identity and the school has one flexible pool of funds. The school uses funds from this consolidated Schoolwide pool to support any activity of the Schoolwide Program without regard to which program contributed the specific funds used for a particular activity – so long as the use of funds meets the intent and purposes of the programs from which the funds originate. To consolidate funding in a Schoolwide Program, the school does not literally need to combine funds in a single account or pool with its own accounting code. Rather, the word "pool" is used conceptually to convey that a Schoolwide Program school has the use of all consolidated funds available to it for the dedicated function of operating a Schoolwide Program without regard to the identity of those funds.

Consolidating Federal funds in a Schoolwide Program has the following additional advantages:

- Consolidating Federal funds eases the requirements for accounting for funds from each specific program separately, because a Schoolwide school is not required to distinguish among funds received from different sources when accounting for their use.
- A school that consolidates Federal funds in its Schoolwide Program is not required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidation (e.g., semi-annual time and effort reporting for Title I). However, the school must ensure that it meets the intent and purposes of the Federal programs included in the consolidation so that the needs of the intended beneficiaries are met.

2. The intent and purposes of the Federal programs indicated on the chart above (Part 4c of this section) are as follows:

- **Title I, Part A – Schoolwide Programs:** To upgrade the entire educational program in the school in order to improve the academic achievement of all students, particularly the lowest-achieving students. This includes provision of services for Students in Temporary Housing (STH).
- **Title I 1003(a), School Improvement: Comprehensive Support and Improvement (CSI), Additional Targeted Support and Improvement (ATSI) and Targeted Support and Improvement (TSI) Funding:**

Support implementation of school improvement plans that aims to improve instruction and address the identified needs

Title II, Part A: Supplementary funding to improve student academic achievement by reducing class size in grades K, 1, 2, and 3, with an emphasis on grades with an average register greater than 20. If space is not available to form additional classes, funds may support push-in teacher(s) to supplement the instructional program. For schools that choose to reduce class size, priority must be given to reducing class size in general education settings and must demonstrate the following:

- Reduce class sizes to 15-18 students or fewer (including the use of co-teaching and floating teachers that bring the student to teacher ratio to one teacher per 15-18 students);
- Be accompanied by a rigorous curriculum, effective teachers, and a sustained, job-embedded professional development plan.

- **Title III, Part A:** To help ensure that children with limited English proficiency become proficient in English, develop high academic attainment in English, and meet the same challenging State academic content and achievement standards in the core academic subjects that all other children are expected to meet. Another purpose of this program is to increase the capacity of schools to establish, implement and sustain high-quality language instruction programs and English language development programs that assist schools in effectively teaching students with limited English proficiency. Title III, Part A is also designed to promote the participation of parents and communities of limited English proficient children in English language instruction programs.
- **Title III Immigrant**: Supplementary and enhanced services to immigrant students, in the areas of English language acquisition and content area achievement. Immigrant children and youth are defined as individuals who are aged 3 through 21, have not been attending school in any one or more states for more than three (3) full academic years, and were not born in any state. "State" means the 50 states of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. Children born to U.S. citizens abroad, the U.S. Virgin Islands, or any other U.S. territory that is not D.C. or Puerto Rico are to be considered immigrants.
- **Title IV, Part A**: Title IV funds are for schools that are among those with the greatest needs, have the highest numbers of students from low-income families, are identified for CS, ATSI or TSI, or are identified as persistently dangerous public schools. Allowable uses of funds under well-rounded education, safety and health, and educational technology include direct services for students, professional development for teachers and administrators, and supplemental educational resources. School allocations have been provided for well-rounded education, social emotional learning, cultural responsiveness awareness, professional development to support implementation of technology and blended learning environments, and community coordinators in schools with high rates of students in temporary housing

- Students in Temporary Housing (STH): Schools must describe their use of Title I STH funds in their consolidated application.

Important Note: The following funds may not be consolidated:

- **Title I Parent Involvement Set-aside:** Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the Parent and Family Engagement Policy and aligned with student achievement goals in the school comprehensive educational plan.
- **IDEA:** To ensure that all children with disabilities have available to them a free appropriate public education designed to meet their individual needs.
- **Grant funds awarded via a competitive process:** These funds must be used for the purposes specified by the Grantor, as described in the school's approved grant application.

Submission Assurances

Submission Assurances

- ☐ The Comprehensive Education Plan (CEP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
- ☐ As part of the root cause analysis process, the school reviewed inequities, including resource inequities within the school, and investigated areas of low performance to identify strategies to address inequities within the school and promote improved student outcomes.
- ☐ The CEP School Leadership Team (SLT)/Stakeholder Signature Page will be printed, scanned, and submitted with the signatures of those that participated in the development of the CEP. DocuSign may also be used to secure electronic signatures for the CEP SLT/Stakeholder Signature Page. If the school was unable to obtain a signature of an individual that participated in the development of the CEP, the school has written “Addendum Attached” and provided supplemental documentation to explain why the school was unable to obtain the individual’s signature.
- ☐ The CEP will be implemented no later than the beginning of the first day of regular student attendance.
- ☐ Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Language Allocation Policy Outline

Language Allocation Policy Outline

2025-26 Language Allocation Policy (LAP)

This submission form supports schools with organizing a well-conceived school-based Language Allocation Policy (LAP) that describes high quality programs for Multilingual Learners/English Language Learners (MLs/ELLs). This is an annual plan of how your school will support the linguistic and academic needs of MLs/ELLs and must be completed yearly. The Language Allocation Policy (LAP) is a part of schools' Comprehensive Education Plan (CEP).

This is a living document. Any school-wide changes involving the instruction of MLs/ELLs, such as the addition or expansion of a Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE) program, should be updated in this form.

Agenda, minutes of LAP meetings, and LAP team members' attendance at meetings should be kept readily available on file in the school with all other ML/ELL critical documents. When preparing your school's submission, provide extended responses in the available spaces.

For additional information, refer to the NYC DOE Policy and Reference Guide for MLs/ELLs. For additional support with ML/ELL policy, please reach out to your respective ML/ELL Director or ELL Compliance Performance Specialist; for support with ML/ELL instruction, please contact your ML/ELL Services Administrator.

Part I: School ML/ELL Profile

This section should reflect the school's demographics for the 2025-26 school year. If completing before the 2025-26 school year begins, questions should be based on the anticipated population served by the school.

A. Language Allocation Policy Team Composition

The members of the school's LAP team are listed below. A school's LAP team must consist of at least one: principal, assistant principal (where applicable), an English as a New Language (ENL) teacher, an additional teacher (bilingual teacher if the school has a bilingual program or a teacher from a content area other than bilingual education or ENL) and a parent/guardian.

Required LAP team members are denoted with an asterisk (*) below. Please do not leave any fields blank. If a role is not represented on the LAP team, include "N/A" below.

Member Title	Name
Principal*	Emmanuela Remy
Assistant Principal (Where Applicable)*	Wendy Davis
English as a New Language (ENL) Teacher*	Magda Samuels
Teacher (if school has a bilingual program must be a bilingual teacher)*	Evelyn Florentino
Parent/Guardian*	Brittney Falcon-Otero
Teacher	Amanda Clarke
Parent Coordinator	Janell Tomblin
School Counselor	
Related-Service Provider	
Teacher	Samantha Jodha
Other (Name and Title)	

B. Teacher Qualifications

Please review all certifications for all staff members at your school, and indicate the number of certified staff for each category.

1. English to Speakers of Other Languages (ESOL) Certified Teacher

Number of ESOL certified teachers currently teaching ENL:

1

Number of teachers currently teaching a stand-alone ENL class who hold both a common branch license and ESOL certification [applicable to grades K–6]:

1

Number of certified ESOL teachers not currently teaching ENL:

0

Number of teachers who hold both content area/common branch and ESOL certification:

1

Number of ESOL certified teachers with a bilingual extension:

0

2. Certified Teachers with a Bilingual Extension

Number of certified teachers with a bilingual extension currently teaching in a bilingual program:

2

Number of certified teachers with a bilingual extension not currently teaching in a bilingual program:

0

Number of teachers certified to teach students with disabilities that also have a bilingual extension:

0

3. Language Other than English (LOTE)/World Language Certified Teachers:

Total number of teachers with LOTE certification:

0

Total number of teachers with LOTE certification providing World Language instruction:

0

Total number of teachers with LOTE certification providing Home Language Arts (HLA) to students in bilingual programs:

0

C. Student Demographics

Please review the student demographics at your school and complete the number and percentage for each category.

Total number of students (excluding pre-K):

461

Total number and percentage (%) of current ELLs:

35 (7.6%)

Total number and percentage (%) of former ELLs:

1 (0.2%)

Total number and percentage (%) of ELLs who are Newcomers (0-3 years of service):

33 (94.3%)

Total number and percentage (%) of ELLs who are Developing ELLs (4-6 years of service):

2 (5.7%)

Total number and percentage (%) of ELLs who are Long-Term ELLs (7 or more years of service):

0 (0%)

Total number and percentage (%) of ELLs who are Students with Inconsistent/Interrupted Formal Education (SIFE):

1 (2.9%)

Total number and percentage (%) of ELLs with an Individualized Education Program (IEP):

5 (14.3%)

Part II: Bilingual Programs

Does your school have a bilingual program (Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)?

Yes

Provide the number of classrooms for each bilingual program, by grade, at your school for the 2025-26 school year. If submitted before the 2025-26 school year begins, this should be the anticipated number of classrooms based on anticipated enrollment. Each language and program model--Transitional Bilingual Education (TBE) or Dual Language Bilingual Education (DLBE)--is considered a separate program. In the second column, please indicate if the program is General Education (GE), Integrated Co-Teaching (ICT) special education, Special Class (SC), or Mixed-Group Class (MGC) special education. If a classroom bridges two grades, list as 0.5 classrooms for both grades.
Please include the total number of classrooms for each bilingual program in the last column.

	Program Type	Language	School Yr Opened	k	1	2	3	4	5	6	7	8	9	10	11	12	Totals
TBE																	0
TBE																	0
TBE																	0
DLBE	GE	Spanish	23-24	1	1	1											3
DLBE																	0
DLBE																	0
				total: 1	total: 1	total: 1	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	total: 0	

Part III: ML/ELL Programming

Please refer to New York State **Commissioner's Regulation (CR) Part 154 Units of Study Tables** as you describe academic programming for MLs/ELLs at your school below. Please do not leave any fields blank and indicate "N/A" for any fields that are not applicable.

Describe your English as a New Language (ENL), and if applicable Dual Language Bilingual Education (DLBE), and Transitional Bilingual Education (TBE) programs. For each program, include:

- How stand-alone ENL is implemented as per CR Part 154
- How integrated ENL is implemented as per CR Part 154
- How students are grouped (e.g., block [class travels together as a group], ungraded [all students regardless of grade are in one class], heterogeneous [mixed proficiency levels], homogenous [proficiency level is the same in one class]).

a. English as a New Language (ENL)
Stand-alone ENL:

Groups in the STAND ALONE program are Entering and Emerging ELLS. and are grouped homogeneously by grade and proficiency as per NYSESLAT. These students are also placed in the same homeroom class to aid in simplifying the pullout program for our ENL provider. Entering and Emerging students receive 180 minutes in the Standalone setting through the pull out program with the ENL teacher using various instructional resources including but not limited to HMH Adaptations and Read 180. The primary goal of the stand alone program is language development in connection to core content and standards. This is in alignment with all of our instructional Absolutes which focus on student led assessment and feedback, questioning and discussion and academic vocabulary with writing. Student progress is assessed in conjunction with our benchmark diagnostics 3x per year by creating reporting groups in I-Ready as well as through accessing the Screener Results Dashboard for ELL subgroup data. This data, along with action plan items, are discussed at ILT meetings at least once per month and at monthly language team meetings.

Integrated ENL:

ELLS of all proficiency levels receive ENL support through the integrated model. Students receive integrated ELA instruction in their regular classroom. Entering, Emerging and Transitioning students will receive 180 minutes and commanding students will receive 90 minutes. Both the core ELA teacher and the ENL teacher collaborate to design lessons that allow ELLS to access grade level content. The ENL teacher will provide additional support to ENL students in order to meet the intended learning targets for the lesson, as well as to provide specific language objectives. The overall focus for our integrated model is to support both language needs AND content knowledge. ENL students on one grade level are grouped together in one class. ENL teacher collaborates with the core teacher to deliver instruction using relevant scaffolds and supports that may be teacher created or are taken from HMH resources. The ENL teacher and core ELA teacher mostly follow an alternate teaching ICT model where both teachers work in alignment with all of our instructional Absolutes which focus on student led assessment and feedback, questioning and discussion and academic vocabulary with writing. The core ELA teacher provides lesson plans ahead of time so the ENL provider can plan accordingly. In addition, the ENL teacher plans with teachers during weekly collaborative planning time during the designated OPW time.

b. Bilingual Education (If applicable)
Transitional Bilingual Education (TBE):

N/A

Dual Language Bilingual Education (DLBE):

The Dual Language program uses the self contained model to support sequential biliteracy in both English and Spanish. The DLBE program is currently one class in K, 1, 2. The dual language classes have one teacher each who provides instruction in both languages at separate times. The classroom contains instructional materials in both languages and is organized so that the language of instruction is clearly designated by color. The schedule follows a roller coaster model where the language of instruction is alternated between English and Spanish on a day by day basis. All ELLs in the dual language program are in a heterogeneous single-grade class.

Integrated ENL for ELLS in the Dual language program is provided by the bilingual certified common branch teacher. Integrated ENL will take place during the ELA block. Students will receive native language supports and language scaffolds to facilitate content acquisition. In the 2025-2026 school year, entering and emerging Ells in the DL program will be provided Stand alone ENL through the pull out model. To provide 180 minutes of ENL, the ENL teacher will add the entering and emerging students from the DL program to the groups of general education ELLs and ELLs with IEP's.

All DL classes use Heggerty, Fundations, HMH Into Reading and Envision math for English instruction. For Spanish instruction, DL classes use Estrellita, HMH Arriba la Lectura and Envison Matematicas. The grade 2 class also uses the Spanish foundational skills materials from HMH in lieu of Estrellita. All curricular resources are used in alignment with all of our instructional Absolutes which focus on student led assessment and feedback, questioning and discussion and academic vocabulary with writing.

2. How does your school ensure the mandated number of instructional minutes are provided according to students' English language proficiency levels in each program model?

The administration and ENL teachers work together to design a schedule to ensure that all students are being serviced for their mandated number of instructional minutes for both Stand Alone and Integrated Program. Administration and ENL teachers collaboratively maintain a digital hub of all relevant information for the ELL subgroup by grade. This hub is a living document and updated as needed to track what class ELLs are in, their proficiency levels, mandated minutes required, exemption details and language required for Math testing. ELLs are placed in the same homeroom classes on each grade to support easier scheduling of their Stand Alone minutes in the pull out setting. When necessary, multi-grade out pull Stand Alone groups are created based on student language proficiency levels. Stand Alone ENL in the Dual language Program occurs during a small group setting where ELL students are grouped together to receive targeted instruction focused on language development. This takes place 4 days a week for a minimum of 180 minutes a week. In addition, the ENL teacher pulls out the ELLs in the DL program for pull out services. Integrated ENL takes place as a push in support during the ELA block when ELL methodologies and strategies are applied to facilitate content acquisition. Having all ELLs in the same homeroom also ensures that the integrated program can be scheduled more seamlessly. In addition, as each EDUR report gets shared, the ENL providers, in collaboration with the Assistant Principals, ensure all modifications or updates are made in a timely fashion.

3. How are ENL, English Language Arts (ELA) and if applicable, Home Language Arts (HLA) instructional minutes delivered in each program model?

All Integrated ENL is occurring for ELA with the ENL teacher coteaching with the GE teacher during the ELA block for 180 minutes per week with entering/ emerging and transitioning students. The ENL teacher pushes in to the classroom and assists with following the goals of the literacy block as well as language objectives. Commanding/ Fomer ELLs are programmed for 90 minutes of integrated ELA or small group instruction within the literacy block. In our Dual Language program, students follow the roller coaster model and get instruction in English and/or Spanish on alternating day. At least 50% of their literacy instruction is in the Home language of spanish through use of Estrellita and Arriba la Lectura.

4. For schools with Dual Language Bilingual Education (DLBE) programs:

a. Which Dual Language Bilingual Education model is implemented? Explain how much of the instructional day (percentage) English proficient students and ELLs are integrated.

The Dual Language program is a two-way program with both ELLs and English proficient students. The program follows a roller coaster model and language allocation is 50:50. English proficient students and ELLs are integrated for most of the school day, except when entering and emerging ELLS receive their daily stand alone instruction through the pull out model by the ENL teacher.

b. In which language(s) is each core content area taught?

In the Dual Language classroom, the target language alternates by day with a full day of instruction in one language, followed by a full day of instruction in the other language. This alternates on a daily basis following the roller coaster model so that students receive instruction in both ELA and Math in both English and Spanish across the instructional week using Fundations, Estrellita, HMH Into Reading, Arriba la Lectura and Envision Matematicas. ELL students receive their required mandated integrated instructional minutes during the day when English is the targeted language for that day -at least 180 minutes per week. Visuals are used in both languages while the teacher may also repeat content in both languages for students to make the connection between both English and Spanish. Students work in small groups throughout the day to enable students to use both languages regularly. In addition, Social Studies is taught in Spanish during Spanish instructional periods through cross curricular connections in the Literacy program in conjuction with Passport to Social Studies.

5. For schools with Transitional Bilingual Education (TBE) programs:

a. Which core content areas are taught bilingually?

n/a

Part IV: Data Analysis

Data Analysis

After reviewing and analyzing school demographic and assessment data, answer the following questions. The ELL Data Analysis Tool (EDAT) provided by the Office of Multilingual Learners can assist with identifying these data points.

For additional information, refer to Data Analysis Professional Learning Module and ELL Data Analysis Tool (EDAT) Professional Learning Module.

1. What is the composition of the ELL subgroups at your school?
What percentage of ELLs are Newcomers? How does effective instruction for Newcomers differ from those provided to Developing or Long-Term ELLs?

33 (94.3% of Current ELLs) are newcomers. Out of this group 1 student is a SIFE student. Effective services for newcomers include : using visuals and modeling, pictures, diagrams, gestures, and realia (real-life objects), practicing vocabulary, using materials that support students' cultures. . Each lesson should connect new content to students' prior experiences. Lessons should focus on the development of the four modalities of language. Services for developing ELLS entail using expanding vocabulary, providing sentence frames as well as developing conceptual understanding and expanding literacy through content.

What percentage of ELLs are Students with Inconsistent/Interrupted Formal Education (SIFE)? How do you differentiate effective instruction for SIFE?

One student has been designated as SIFE- (2. 9%). Students who are categorized as SIFE may require additional strategies to adjust to stress and trauma while learning a new language. Effective instruction for SIFE students begins with using informal assessments to understand literacy, numeracy, and content knowledge.It should focus on building literacy across the curriculum by focusing on basic literacy skills and integrating leveled readers , visuals, and audio support into all subjects. It's also important to integrate life skills and real-world content into everyday lessons.

What percentage of ELLs are Long-Term ELLs? How does effective instruction for Long-Term ELLs differ from instruction designed for Developing ELLs?

We have no long term ELLS at P.S 354. However, the integrated model can support long term ells in navigating grade level curriculum and skills, and helps ells develop their writing and reading comprehension skills by working in collaboration with English proficient students. In doing so, the ENL teacher provides scaffolds such as comprehension prompts and alternative graphic organizers.

What percentage of students are former ELLs? How is your school providing mandated instruction to former ELLs?

1 ELL- 0.2 % of students are former Ells. This student is scheduled for a small group instruction of at least 90 minutes per week.

2. Examine all at-risk levels that might adversely affect ELLs at your school. What trends do you notice about the at-risk levels of ELLs at your school?

Current ELLs (At-Risk):
18 Ells-51% have 1 at risk indicator.
7- 20% show 2 at risk indicators.
6-17.1% show 3 risk indicators.
This data shows that the highest number of ELLS with risk indicators are in grades one and two. (18 and 7 students respectively). Out of this group 94.35% of students are newcomers. New immigration status and temporary housing situations have a significant impact on this group's wellbeing and school performance.

3. Examine all at-risk levels that might adversely affect former ELLs at your school. What trends do you notice about the at-risk levels of former ELLs at your school?

Currently there is only one student at P.S 354 with a former ELLs status and he has no risk indicators.

4. What are the home languages of ELLs with the largest representation at your school? What staff, structures, and processes does your school have to support communication and learning that values these home languages?

Currently Spanish and Haitian Creole speaking Ells constitute the largest group of ELLs in P.S354. Bilingual staff including Creole speaking Principal and Spanish speaking Assistant Principal are effective and impactful resources for our diverse students and their families. Additionally, all of our students have access to i-pads and chromebooks which facilitate interpretation and translations within the classroom setting. English proficient students regularly use those tools to communicate with their ELL peers. We also use CLASS DOJO as an effective way to communicate with parents and guardians as this online platform enables instant translations of messages and announcements. In addition, we translate all school flyers and calendars into both Spanish and Haitian Creole..We make every effort to make sure that students feel that their home languages and backgrounds are valued and appreciated.

5. What are the racial and ethnic classifications of ELLs at your school? How are ELLs being included in planning and delivery of Culturally Responsive and Sustaining Education (CR-SE)?

Non-Hispanic Ells:
Black- 9 students
Multracial-2 students
White-3 students
Hispanic Ells
American Indian or Alaskan Native-10
Black-3

Multiracial-1
White-7.

P.S 354 is determined to cultivate the principles of Culturally Responsive and Sustaining Education by creating student- centered learning environments that affirm cultural identities. We fully implement the Culturally Responsive and Sustaining Education in our literacy program which reflects literary texts featuring diverse voices and multitude of perspectives. Our instructional planning emphasizes the importance of small group instruction during which ELLs can work in student centered activities and projects that are often culturally relevant.

6. What trends do you notice in reviewing English Language Proficiency (ELP) growth at your school? How many students met ELP sufficient progress? How many students did not meet ELP sufficient progress?

Spring 2024 NYSESLAT overview:
Met ELP Progress: 1 exited ELL status;
2-25% met annual progress targets;
1-12.5% met safe harbor criteria.
Progress Not Met: 4 students-50%
This data reveals the trend of special education students (4 students who did not meet their ELP goals) especially those in self contained classes failing to show their ELP growth. For those students, learning disabilities coupled with low language proficiency students impact their performance on NYSESLAT.

7. When you look at the results of the New York State English as a Second Language Achievement Test (NYSESLAT), what stands out? What trends are there for each modality?

NYSESLAT Modality Strengths and Needs Analysis
Strengths:
1st Grade: All students (100%) demonstrated strong reading skills.
2nd Grade: Half of the students (50%) showed strength in both listening and speaking.
3rd Grade: Strengths were evenly distributed, with 30% of students excelling in reading, listening, and speaking respectively.
4th Grade: No particular modality showed a clear strength.
5th Grade: Half of the students (50%) showed strengths in listening and speaking.
Needs:
1st Grade: A significant majority (80%) of students showed need in writing.
2nd Grade: 50% of students demonstrated needs in both speaking and writing.
3rd Grade: Needs were equally distributed, with 30% of students needing support in writing, speaking, and listening.
4th Grade: Half of the students (50%) showed need in writing, while the other half (50%) needed support in speaking.
5th Grade: The majority (65%) of students showed need in writing, and 35% showed need in speaking.

What stands out from the data is that in 2024 speaking and writing were the NYSESLAT modalities in which students scored the lowest. Students across the grades scored well on the listening and reading modality of NYSESLAT.

8. What is the relationship between students' performance on the NYSESLAT and other state assessments such as the ELA assessment, the Math assessment, and the Regents exams?

Two students classified as Expanding on the NYSESLAT scored a Level 1 on the 2024 ELA exam.
It also points to the importance of providing language scaffolds and math-specific support to help ELLs fully access math content and demonstrate their knowledge.
Math performance shows a varied relationship with English language proficiency:
One student at the Entering level and one at the Emerging level on NYSESLAT scored Level 1 on the Math state exam.
One student at the Emerging level and one at the Expanding level scored Level 2 on the Math exam.
Notably, one Expanding student achieved a Level 3 on the Math exam.
This indicates that math proficiency can sometimes develop independently of English language proficiency, with some students demonstrating stronger math skills despite lower English proficiency as they are able to take translated version of the math assessments. It also points to the importance of providing language scaffolds and math-specific support to help ELLs fully access math content and demonstrate their knowledge.

9. What are trends reflected in the NYSESLAT results of ELL subgroups such as ELLs with IEPs and SIFE? What do you think is impacting the results for these subgroups?

2024 NYSESLAT demonstrates that one student with IEPS scored emerging on NYSESLAT, one student scored on a transitioning level and two students tested Expanding. A SIFE student scored Emerging on 2024 NYSESLAT. Lack of foundational phonics skills often prevents students with IEPS from succeeding in decoding the text in the reading and writing portion of the test. Additionally this group of students might remain on one particular level for a number of years with no ELP growth. Strategic small group instruction in the classroom, MTSS and Iready support those students during the day

10. (For grades 9-12 only) Please review your data in the Insight Tool and STARS to answer the following questions:

a. How many ELLs are on-track towards graduation?

b. How many ELLs in grades 11-12 have a documented postsecondary plan in STARS or ATS?

c. What targeted strategies and interventions are in place to support ELLs who are currently off-track to graduate in four years?

d. What specific strategies, engaging approaches, and interventions are implemented to support and retain students who are not on track to graduate within four years, ensuring they remain enrolled and are guided towards a successful graduation in the future?

Part V: ML/ELL Instruction

Tier 1: Core Instruction

For additional information, refer to ML/ELL Instruction Professional Learning Module.

Tier 1 Core Instruction

1. How does your school provide ELLs with a high-quality academic experience that leads to deeper learning?

All ELLs are included in grade level instruction within the classroom in all content areas. A strong focus on vocabulary is present that includes an image with the associated word. Tasks for ELLs may be modified to allow for students to make their thinking visible in many ways including through pictures and labels. Technology is accessible for students to translate between languages. Translated versions of HMH texts are available for students through Teachhub. In addition, both the classroom teacher and the ENL provider utilize the Adaptations resources in HMH which allows access to the same grade level texts as their peers. Teachers also utilized the English Development Resources tabletops from HMH. Where possible, ELLs are partnered with bilingual students who speak both English and the home language. In bilingual settings, previous school experiences and background knowledge is activated to make connections to curriculum.

2. How does your school's leadership team ensure ELLs have access to core instruction/curriculum?

The SLT closely analyzes multiple sources of data to recognize the needs of all learners, with ELLs specifically designated as a subgroup. This data includes BOY, MOY and EOY I-Ready Diagnostics, Acadience data and Fundations data. This subgroup is looked at closely to determine needs and next steps. The SLT then collaborates with grades and departments to engage in inquiry work and to come up with action plans to support the specific needs of MLs/ELLs. Through data analysis, classroom walk-throughs, collaborative planning, inquiry, and professional learning, the SLT leads the team and departments in providing the most appropriate support to students.

3. Describe how core content is delivered in each program model. Specify language, and the instructional approaches and methods to foster language development and meet the demands of the Next Generation Learning Standards.

The delivery of content is centered on the development and implementation of advanced literacies through engaging texts, rich student discussions, frequent writing and focused academic vocabulary. Each lesson whether

in the Dual language or ENL setting is broken into four parts : Explore, Explain, Engage and Examine. This student centered practice enables students to engage in complex real world and inquiry based tasks that foster and extend critical thinking and problem solving skills. This approach is applied both in the integrated model as well as the pull out model. In addition, while following the roller coaster model and alternating languages, this approach is still applied regardless of language. Within the general classroom and the dual language classroom, opportunities for students to engage within all 4 modalities is also emphasized in order to provide repeated experiences with listening, speaking, writing, and reading. Teachers in grades 3-5 also utilize Writable in the Ed Platform to support practice in NYSESLAT.

4. What instructional strategies and grade-level materials, including technology, do teachers of MLs/ELLs use to provide access to grade level academic content areas and accelerate English language development? Include core content area and language materials with consideration to specific ELL subgroups.

a. ELLs with IEPs

Classrooms are equipped with SMARTboards, ipads and/or laptops. Literature-based materials-including library books- a listening center with audio books, and photo dictionaries are some of the materials used. All classrooms have vast genre based libraries that also include decodable readers across all grade levels. There is access to multicultural books within the classroom libraries. Students that are literate in their native language are provided with content specific glossaries in their native language. Entering and emerging students are provided with a peer buddy and use their native language to discuss texts and tasks in the classroom. Resources from HMH-Arriba la Lectura are also available for Spanish speaking students and their teachers. Students who may struggle with vocabulary are pre-taught word meanings to ensure comprehension of the lesson and are provided with individual word walls that contain visuals. Transitioning and expanding students are given graphic organizers, visual aids, and audio/video versions of texts to promote clear understanding of the language and content. For ELLs with IEPs, the content area teacher and ENL teacher review the IEP to provide Specially Designed Instruction for students aligned with their IEP goals including: individual anchor charts, graphic organizers and explicit modeling.

b. SIFE

During initial intake we identify unique and individual needs of this group of students and we plan accordingly for their most effective instructional program. ELLs are provided instruction which aligns with their appropriate grade's curriculum. All instructional materials and resources support their learning in order for them to meet the same standards as all other students of the same age. Instruction is differentiated within each group in order to meet the needs and proficiency levels of the students. Lessons are also designed to target the learning standards that each student is working towards. The school budget is managed to ensure that additional resources can be provided if we identify additional materials or programs are needed.

c. Newcomers

ENL and classroom teachers help newcomers acclimate to their new country, community and school. Standalone ENL classes focus on English Language Acquisition from conversational English to Academic English as students progress through the proficiency levels. In Integrated ENL/ELA (or other Content Area where flexible), the ENL teacher employs ENL strategies like scaffolding, questioning techniques, visuals, repetition, etc. to facilitate the comprehension of content area materials and the production of work with increasing complexity in academic English. Newcomers are also invited to participate in a Saturday Academy that takes place on Saturdays. Our school

also promotes newcomers to utilize the I-Ready platform to complete lessons on their rising skills which they can use in school and at home to help accelerate their English language acquisition.

d. Long Term ELLs

Depending on the needs of the student, teachers will either use Acadience Progress Monitoring or Growth Reports on I-Ready to help close the gap in English proficiency and reading comprehension. Targeted follow-up lessons are then delivered through collaboration among the Content Area teacher and the ENL teacher.

5. What supports does your school provide to ELLs with IEPs to achieve their IEP goals and attain English language proficiency within the least restrictive environment?

If permitted on their IEPs, Entering and Emerging ELL-SWDs are scheduled for stand-alone ENL with their non-SWD peers according to grade and English proficiency level. If not permitted, an ENL licensed teacher pushes into their content area class to provide ENL instruction in the back/side of the classroom. All ELL-SWDs can also access their I-ready accounts to promote English content acquisition in reading and Math. ELL teacher and SE teachers frequently discuss student progress and make determinations as to whether any lack of progress may be attributed to a language issue or learning issue. ELLs with IEPs may also be programmed for MTSS pull out programs if intensive supports are needed.

6. How is home language assessed in each program model (DLBE, TBE, and ENL)?

P.S. 354 has a Spanish Dual language program. Our ELLs in this program receive 50% of their instruction in their home language-Spanish. What is learned in English is mirrored and reinforced in Spanish, and learning materials are provided in both languages. Spanish Language assessments are administered in the Dual Language program. This includes the use of Estrellita assessments for foundational skills. Assessments for ELLs outside of the Dual language program are conducted in English with the exception of the initial Spanish Lab screening for native speakers of this language.

7. (For grades 6-12 only) What language electives are offered to MLs/ELLs? How is your school preparing MLs/ELLs to obtain the New York State Seal of Biliteracy?

N/A

8. Describe systems and structures for supporting co-teaching and collaboration among teachers for all ELL program models available at your school (e.g. integrated co-teaching, Dual Language Bilingual Education teacher partnerships, etc.).

Common planning periods are provided for each grade level a minimum of 3x per week and During bi-monthly grade team meetings. During the common planning periods and bi-monthly grade team meetings, teachers of ELLs are able to collaborate with their grade teams to brainstorm strategies and instructional practices that may be suitable for both ELLs, SWI's or struggling GE students within their classrooms. The ENL teacher also meets regularly with teachers of ELLs to discuss student progress and plan instruction. In addition, the ENL teacher accesses student

data in Acadience and in I-Ready to ensure awareness of student performance and progress. Furthermore, this allows both the classroom teacher and ENL teacher to collaborate on decision making around student data. This also happens 3x per year during individual teacher data chats after our benchmark assessments.

9. Describe how your overall, annual professional learning plan ensures that all staff – including administrators, teachers and -non-pedagogical staff – incorporates learning specifically related to the academic and social emotional needs of MLs/ELLs. Professional learning topics might include co-teaching strategies, or integrating language and content instruction.

P.S 354 places high importance on addressing academic and social emotional needs of all students. Guidance counselor works closely with a social worker to design and implement a series of workshops for teachers and non pedagogical staff on ways to promote mental awareness for both staff and students. This practice alerts teachers and staff to students who struggle emotionally and might be in need of additional support from the guidance counselor or social worker. In addition, district-led PL opportunities are provided to various staff members regarding how to modify teaching and learning with MLLs/ELLs in mind. At all PL sessions that are planned and facilitated by PS 354 staff members, there is always a portion that guides staff to consider what the implications of said topic are for ELLs.

10. Describe your school's professional development plan in order to meet the mandated Continuing Teacher and Leader Education (CTLE) ELL specific hours for certification renewal as per CR Part 154 (15% of total hours for all certified faculty [holders of professional certificates in the classroom teaching service, educational leadership service and level III teaching assistant certificate holders] and 50% of total hours for bilingual education/ENL teachers receive ELL-specific professional development).

Our school is committed to providing ongoing, up-to-date and relevant professional development for all staff. The ENL teacher works closely with administration to ensure that the academic and social emotional needs of MLs/ELLs are considered when designing professional learning. The ENL coordinator and supervising Assistant Principal of ENL regularly attends district professional learning sessions. A minimum of 15% of all professional development for teachers and administrators will focus on ELL-related topics. For the school's ENL and dual language teachers, a minimum of 50% of professional development will be ELL focused. In-school professional development includes up-to-date best practices for ELLs/MLs both academically and socially/emotionally. Staff also receive professional learning through district/network PD, and UFT. ENL and bilingual teacher attend ELL-related PDs and turnkey the information to staff. The ENL teacher also regularly attends grade meetings to ensure that the instruction is designed with ELLs/MLs in mind. Teachers are also scheduled to attend ENL focused PL sessions through Election Day offerings. Teachers are also encouraged to attend various PL sessions as offered and coverage for their classes is provided.

Assessment

SCREENERS

11. Which screening assessments (e.g.iReady, MAP Growth, Acadience, or STAR Reading) does your school use to guide instructional planning for your ELLs?

1. Screening assessments that have been used to guide instructional planning are:
Acadience
I-Ready

These assessments are used to address students who:
- are not making adequate progress on areas of foundational reading
- Place below grade in specific subject areas such as math and reading (I-Ready)
- Are struggling with a specific skill/domain in math or reading (i-Ready)

12. For all grades, list and describe your targeted intervention programs for ELLs in ELA, Math, and other core content areas (specify ELL subgroups targeted). Include the language(s) in which the intervention services are offered.

At all grade levels, MTSS in English is provided to any ELLs who are 2 or more grade levels behind in ELA or Math on multiple data points as a pull out program in groups of no more than 4-6 students. Depending on the grade level, resources used for the MTSS program include and are not limited to Fundations, Spire and Focused Intervention Reading/Math. In addition, small group instruction in the classroom and/or in MTSS pull out may include the use of I-Ready Tools for Instruction based on the Instructional Groupings report.

13. For all grades, describe how your school uses data to guide instruction for ELLs within a Multi-Tiered System of Supports (MTSS). Refer to the Instructional Leadership Tool for MLs and ELLs and MTSS Guide for MLs and ELLs to help in the development and implementation of your school's plan for MLs/ELLs.

BOY diagnostic data in both I-Ready and Acadience (K-2 only) is used to determine students who may be at risk for reading proficiency. Data is analyzed to determine which components of literacy are an area of need, whether it be phonemic awareness, phonics, vocabulary, comprehension, or fluency. Students are grouped based on need rather than grade level or performance level. The MTSS cycle lasts between 8-10 weeks at which time, student progress is assessed and determinations are made as to whether the students will remain in the next MTSS cycle with the same skill focus, move to a new skill focus or will be removed from MTSS. The data analysis of MOY diagnostic data leads to further adjustments of MTSS groupings and/or skill focus. In addition, students who are grouped as AT-Risk as per Acadience are enrolled in the progress monitoring function to attend to foundational literacy skills.

FORMATIVE

14. Which formative assessments (e.g. NYC performance Tasks, ELL Periodic Assessment, HLA Assessment, DRA, teacher-created assessments, etc.) are used to inform and drive instruction?

We continue to use IReady assessments as well as Acadience at BOY, MOY and EOY to assess all students' growth in Mathematics and/or Reading. In addition, progress on Fundations assessments will be used for K-2 students. In addition, we utilize reports from the Ed Platform to analyze HMH Module assessement data. Through those assessments, we are able to determine priority standards for subgroups of students. Based on the most current state test scores and baseline data we are collecting now with these programs, Intervention, or MTSS, periods will be built into students' schedules. These periods will specifically be used to provide extra support to students who need it in ELA and/or Math. Intervention services are offered in English with home language support built into the lessons. At the beginning of each academic year, our instructional leadership team analyzes NYSESLAT, NYS ELA and Math scores to provide a broad context for identifying student trends and targeted needs for intervention. This analysis provides teachers a baseline to work off of at the beginning of the school year. The baseline is adjusted after the first administration of the iReady Reading and Math assessments. The second and third administration of the iReady assessments provide benchmark and summative data for ongoing planning throughout the year and for placement purposes in the Spring.

15. How do you ensure that MLs/ELLs are appropriately evaluated in their home languages throughout the year?

While the STAND ALONE ENL program is conducted entirely in English, students are given native language supports such as picture dictionaries, native language books, and unit vocabulary in both English and their native language. Bilingual staff within the building are also able to provide students with directions for classwork and homework in their native language. Students are also given the opportunity to use their native language in classroom discussion. In addition, students are assessed through Estrellita for foundational literacy skills and M-Class will be administered this school year.

SUMMATIVE

16. Which summative assessments (e.g. NYSESLAT, ELA, Math, Regents, etc.) are used to evaluate the effectiveness of your ML/ELL programs and how does it inform instructional design and curricular decisions? (Refer to the ELL Data Analysis Tool).

NYSELAT scores serve as our baseline of student success for ELL students. Additionally, the baseline assessments that we use are I-ready and Acadience assessments (3 times per year), and our school-wide NYS MOCK practice exams are in place for students in grades 3-5. Students who receive additional MTSS services, related services and ELL supports are assessed based on their progress towards meeting their goals quarterly. In addition, our students in K-2 engage in Fundations assessments at the conclusion of each unit as part of our phonics instruction for foundational skills.

17. What is your NYSESLAT administration plan? How does your school ensure that all ELLs are tested with the NYSESLAT annually? Include the titles of the staff that will administer and score the

assessment. Please describe your plan to ensure that all ELLs and former ELLs continue to receive mandated instruction during the testing period.

Upon receiving guidance from the state, the supervising Assistant Principal of the ENL department and the ENL teacher begin planning for the administration of NYSESLAT. We prepare a detailed schedule for each of the NYSESLAT portions to be administered across the testing window. Those schedules are subsequently shared with all members of staff. In order to ensure that ELLS/ MLLS receive their mandated minutes during the NYSESLAT testing window, we ensure the training of other staff members in its administration. Scoring of NYSESLAT is divided between three licensed teachers who are fully trained in holistic scoring of written responses

18. How does your school ensure that current and former ELLs receive necessary accommodations for state assessments, including the Specialized High School Admissions Test (SHSAT) if applicable?

At the beginning of the year the ENL teacher creates a spreadsheet of all the students who will be taking state assessments. The spreadsheet includes a list of accommodations applicable to each student. All ELLS and former Ells test in a separate location with appropriate time extensions. They are also permitted to use bilingual glossaries with word for word translations. First year ELLs are exempt from the Ela assessments but they take math and science assessments in their native language.

Part VI: Family Partnership

Family Partnership

Required Meetings Under CR Part 154

Describe your schools' plan to ensure families of ELLs are provided with the required meetings specified below as per CR Part 154. Include:

- Topics discussed during these meetings
- How your school ensures families receive necessary translation/interpretation supports to meaningfully engage in the meetings
- How your school schedules these meetings to facilitate attendance, and how your school maintains evidence of these meetings as required per the NYC DOE Policy and Reference Guide for MLs/ELLs.

a. ELL Program Orientation to inform parents/guardians of newly identified ELLs of ELL program options, including the program goals and requirements for all three ML/ELL program models: Dual Language Bilingual Education, Transitional Bilingual Education and English as a New Language regardless of whether the school currently has either type of bilingual program and provide a high-quality orientation section on the Next Generation Learning Standards, assessments, and school expectations for English Language Learners.

After the administration of NYSITELL and ELL status identification parents receive an Entitlement Letter with information about the orientation meeting. Those meetings are usually organized after school or if preferred-remotely. During the orientation parents are presented with information about NYC programs available for MLL students. We explain the specifics of each program so that parents have a clear understanding of options available to them within the NYC schools. Finally, we go over the standards, assessment and policies regarding MLLS. Interpreters are always present for translated services and documents are available in all necessary translated languages for families. Lastly, parents sign the program Selection form which is subsequently kept in the student cumulative folder and a copy is held by the ENL teacher. School orientations are first scheduled via parent notification letters after the NYSITEL. These notification letters are sent home or backpacked with students. A couple of days later the ENL teacher will reach out to the parent via phone call or email to remind them about the orientation meeting and answer any questions they might have. In case a parent does not pick up, we send a text message via class dojo or talking paints up restating the time, place and the purpose of the orientation.

b. Annual Individual Meeting to discuss goals of the program, language development progress, language proficiency assessment results, and language development needs in all content areas. Note:

this meeting is separate from and does not include the mandated ELL program orientation meeting and DOE-scheduled parent-teacher conferences.

Annual individual meetings with ELL parents begin as soon as our ENL staff examines NYSESLAT, state test and iReady (from first administration) results. Meetings will generally be set up during remote parental contact time but our ENL teacher will also meet with parents during the day to accommodate our ELL parents' working schedules. For parents who are unable to come to the school, a phone conference will be set up. Prior to each meeting, the ENL teacher contacts the student's core content teachers for their observations on the student's needs in terms of language development. This information is then combined with the data from different reports (e.g. risk level, score in each modality of the NYSESLAT, state test scores, attendance percentage, and anecdotal) on a form to be signed by both the parent and the ENL teacher conducting the meeting. For interpretation and translation, we have multiple teachers and paraprofessionals who speak Spanish or Haitian Creole. When necessary, Linguistica, NYCDOE translation services, is used to facilitate communication between the teacher and the parent/guardian. The ENL teacher maintains a folder of all signed paperwork from said meetings. In addition to the discussion of the results of the beginning of the year assessments and benchmarks, the ENL teacher discusses the goal of the ENL program and the type of service a student might receive: standalone, and integrated or integrated only. The specifics of classes and subjects during which a student receives support are also discussed. In addition, the ENL teacher presents the L2PR report with a parent. This report specifies the strength and weakness areas that need to be addressed in order to improve students' next year's NYSESLAT score. Depending on the modality the teacher suggests the ways students can work at home to address the area of need.

Family Engagement

2. Beyond the mandated meetings and orientations, describe how your school:

a. Ensures families receive all school communications and documents in the language they best understand. How are families able to respond or initiate communications in languages other than English?

All correspondence from the school to families, including calendars and flyers are shared in English, Spanish and Haitian Creole. We utilize Classdojo for all school wide communication where families are able to have messages translated into the language of their choice. In addition, families are able to initiate conversations with all staff members in the language of their choice through Class Dojo. Families who arrive in person and require translation support are able to communicate through one of our many staff members and/or parent volunteers who speak other languages. In addition, our school website has translation functionality. Lastly, we utilize information from the RCPL report in ATS to track the preferred language of the parent. This information is also stored on our in house digital file for ENL related information.

b. Develops activities that foster empowerment for families of MLs/ELLs. Include how your school determines the needs of your community.

All parent workshops and events are scheduled for 8:30 am when we have Spanish and Haitian Creole translation services available for families. In addition, in looking for trends in the EDUR, we are able to offer supports as needed for families. For example, if trends indicate transportation issues, we are able to offer assistance with bussing options. If families express need for pick up or drop off support, we are able to reach out to the school community to advertise for family support being needed. In addition, our support staff including social workers and guidance counselors are present at arrival and dismissal to offer family support and inquire as to any supports needed.

c. Ensures families of MLs/ELLs are aware of family leadership opportunities (such as Parent Association (PA), School Leadership Team (SLT), Community Education Council (CEC), etc.)

All correspondence regarding such opportunities are provided in multiple languages to share with the community. Active, bilingual members of the school community are often utilized to recruit and engage with non-English speaking families and offer assistance. We utilize our former PTA secretary who is bilingual in English and Spanish to communicate with and advocate for our ENL families.

3. What culturally and linguistically responsive partnerships do you currently have that support the needs of your school community?

Through our partnership with Marquis Studios, we are able to provide culturally relevant experiences across various art forms that connect to both the cultures represented within our school community and more. We carefully curate our residencies with this partnership to expose students and their families to various cultures and languages such as Latin Dances around the World, African Percussion, Architecture of Haiti and more.

Part VII: Additional Information

Additional Information

Include any additional information that is relevant to your LAP and would further explain and highlight how your school supports MLs/ELLs. This form does not allow graphics and charts to be pasted.

As a school, we feel a unique sense of responsibility for our ELLs and know and understand that lack of proficiency in the English language does not determine intelligence or ability. We look to celebrate all growth in our ELLs and to reinforce that the learning of our ELLs is the responsibility of all staff, not solely the ENL provider. Our staff is comprised of a large number of 1st and or 2nd generation immigrants who also have English as a second language and we actively look to hire new staff that continues to diversify our school. These staff members understand and relate to the complexities of life in school for families who may be intimidated to enter, and students who are struggling to learn and acclimate.

Part VIII: ELL Identification Attestation and Principal Certification

Identification Plan

For additional information, refer to ELL Identification Attestation Professional Learning Module.

1. What are the titles of the members of your ELL identification team? Note: Members of the ELL identification team must be pedagogues.

The ENL teacher, IEP coordinator and Dual Language teachers are responsible for the intake and identification process of ELLs. For students with IEPs, the LPT assembles within 10 days of enrollment to determine NYSITELL eligibility.

2. Describe the structures and process in place for identification of ELLs year-round as required by the NYC DOE Policy & Reference Guide for MLs/ELLs, including your school's identification plan for any incoming students with an Individualized Education Plan (IEP). Include:

- **How your school proactively plans for the ELL identification process so that it does not interrupt the provision of mandated ENL and/or bilingual instruction to current, former and potential ELLs,**
- **Who is responsible for each step of the ELL identification process, and**
- **School's plan for ensuring ELLs and former ELLs will continue to receive mandated instruction.**

The identification process starts at the main office where the school secretary is the first person that a new family meets. On top of our ENL teacher we have a number of dual language teachers in grades 1-2 who are trained in the language identification process. The schedules of those teachers and their availability is available to the secretary who makes a decision about who to call. The trained pedagogue comes down to conduct an interview with the family and fill out the HLIS in their preferred language. In case a family needs an interpreter we call up bilingual members of our staff or the DOE Translation and Interpretation unit to interpret the interview between the trained pedagogue and the family. The pertinent information is then imputed into the ATS.

Principal Certification

In accordance with New York State's Commissioner's Regulations Part 154 as outlined and implemented in the NYC DOE Policy and Reference Guide for MLs/ELLs, I, attest that the following ELL identification procedures and activities are adhered to, and staff are trained on the items listed below.

- The ELL Identification Process is completed for each student within 10 school days of enrollment (20 school days for students entering with IEPs).
- Enrollment status of each newly admitted student is determined:
  a. If a student has been in New York State public schools within the past 2 years, our school contacts the previous school to obtain ELL status, relevant assessment scores, and English language proficiency level.
  b. If a student has been outside of New York State public schools for more than 2 years, our school administers the ELL Identification Process as part of reentry.

- The home language of the student is determined by a trained and licensed pedagogue.
  a. The parent completes the Home Language Identification Survey in the parent's preferred language; translation services are provided by a bilingual staff member, the DOE's over-the-phone translation services, or an alternative, high quality translation service.

- An interview with parents and students in English and the home language is conducted. This includes reviewing documents, prior assessments, and academic experience. An assessment of the student's abilities and/or work samples determines the student's literacy and math level in his/her home language.
- Eligibility for the NYSITELL is determined.
  a. If the newly enrolled student is entering with an IEP, the school's Language Proficiency Team (LPT) recommends eligibility to the principal, who obtains final approval from the superintendent.

- Students are administered the NYSITELL, if eligible.
- Notification letters are sent to the parent/guardian in their preferred language.
  a. Parent is notified of their child's ELL status and results of the NYSITELL.

- If the student is identified as an ELL and the student's home language is Spanish, the student is administered the Spanish Language Assessment Battery (LAB).
- Student with Interrupted/Inconsistent Formal Education (SIFE) status is determined using New York State's resources.
- If a student is a newly identified ELL, the parent is invited to the parent orientation meeting.
  a. The parent orientation meeting provides parents/guardians with an explanation of each ELL program model offered in NYC; the parent video describing the three programs is presented (in parent's preferred language); parents/guardians are encouraged to ask questions so that they are

informed about all ELL programs; translation and interpretation services are provided throughout the meeting.

- ELL is placed in the ELL program that the parent selected.
  a. If the bilingual program that the parent selected is not available, the parent is offered a transfer to a school with that bilingual program in accordance with NYC DOE transfer policies.
  b. If the ELL remains in the school, the ELL is placed in English as a New Language and our school keeps track of parent selection so that when minimum thresholds are met, we can open the ELL program of choice.

- Parents are notified that they have 45 days to appeal the ELL status of their child (ELL Re-identification Process).
- If the ELL Re-identification Process is implemented for any student, the principal reviews the decision of any student whose ELL status was changed because of the ELL Re-identification Process within 6 to 12 months.
- Copies of documentation regarding ELL identification, including letters and parent notifications are kept in the students' cumulative files.

Principal Name:

Dr. Emmanuela Remy

Part IX: LAP Assurances

LAP Assurances Page

For additional information, refer to LAP Assurances Professional Learning Module.

Download a blank LAP assurances page.

LTI Overview and Part A: Designation of a LAC

Chancellor's Regulation A-663 establishes procedures for ensuring that Limited-English-Proficient (LEP) parents of students enrolled in the New York City public schools are provide with a meaningful opportunity to participate in and have access to programs and services critical to their child's education. To this end, schools must review and complete the annual LTI Plan to address its language assistance needs consistent with the requirements of this regulation.

The LTI Plan requires information on the following:

- Name of person designated as the Language Access Coordinator (LAC).
- Identification and assessment of LEP parent population.
- Identification of Critical Communications and standing, in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.
- Plan to ensure staff awareness of language access requirements and available resources.
- Provision of notice to parents on the available language assistance services.

Methods for the school to solicit and implement feedback on its provision of language assistance services.

Office of Language Access (OLA) Contact:

- **Contact Information:**
  - **Cunneely Elena, ECunneely@schools.nyc.gov**
  - **Rivera Ricardo, RRivera60@schools.nyc.gov**
  - **Williams Robert. RWilliams32@schools.nyc.gov**

Please do not edit

Robert Williams

Designation of a LAC
Name of person designated and trained as the LAC.
At the start of each school year, each principal is required to designate at least one staff member to serve as the Language Access Coordinator (LAC), responsible for overseeing language assistance services within the school.

We have pre-populated the following information based on our records. Please confirm that the designated staff member(s) are your school's Galaxy-designated LAC(s) and provide the date(s) they attended the OLA Language Access Coordinator Training. Note that this training is in addition to the mandatory asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform. If any information is missing, please provide the requested details.

As a reminder, LACs are internal staff designations and are not meant to serve as the primary point of contact for families regarding language access-related matters. The Parent Coordinator, or another designated staff member, should remain the main contact for families regarding all issues, including language access.

First Name	Last Name	Title	Date attended OLA Language Access Coordinator Professional Learning Opportunity	Confirmed (Y/N)
Wendy	Davis	Assistant Principal 10 Month	12/05/2024	Y
Magdalena	Samuels	Teacher - Regular Grades	11/15/2023	Y

Part B: Parents' Preferred Languages

Parents' Preferred Languages

Language identification and assessment of parent population.

1. Check the resources your school staff uses to identify parents' preferred languages:

,Part III of the Home Language Identification Survey (HLIS),New York City Schools Account (NYCSA) Student Profile,Student Emergency Contact cards,Automate The System (ATS) reports / Next Generation Student Information System (NGSIS),Surveys conducted by your school

If Other was selected, describe the resource here:

2. We have pre-populated the following information from the Parent's Preferred Language Report (RCPL) in ATS. For the last two columns, please indicate the number of school staff members who are comfortable using their language skills to communicate with parents and regularly assist other staff members and families with translation and/or interpretation. If none, enter "0".

Language (Description within RCPL)	Written Preferred Count	Written Preferred Percentage	Oral Preferred Count	Oral Preferred Percentage	No. of Staff to Help with Written Translation	No. of Staff to Help with Oral Interpretation
ARABIC	2	0.31%	2	0.34%	0	0
BENGALI (BANGLA IN BANGLADESH)	5	0.78%	5	0.8%	0	0
CHINESE ANY	2	0.33%	1	0.17%	0	0
FRENCH	5	0.78%	6	0.96%	0	4
HAITIAN CREOLE	15	2.34%	14	2.24%	4	4

ENGLISH	561	87.66%	547	87.38	85	85
SPANISH	50	6.73%	50	87.38%	5	5

Part C: Parent Communications and Engagement

Parent Communication and Engagement

Identification of written critical communications and in-person meetings throughout the school year that require language assistance services and how the school plans to respond to these needs.

1. List the documents your school typically distributes each year that require translation, along with your plan for translating these documents.

Document Type (e.g. parent flyers, IEPs, etc.)	How do you plan to implement the translation process? Please include procedures and resources to ensure the timely delivery of translated documents to parents.
ELL Orientation/Kindergarten Orientation Letters	We translate documents through the use of DOE intranet translated templates, school staff, and/or DOE Translation Unit. We also use Google Translate
Parent Teacher Conference Flyers	We translate documents through the use of DOE intranet translated templates, school staff, and/or DOE Translation Unit. We also use Google Translate
All Parent Flyers	We translate documents through the use of DOE intranet translated templates, school staff, and/or DOE Translation Unit. We also use Google Translate
ELL Parent Survey and Program Agreement, ELL Entitlement/Non Entitlement/Continuation letters	We use the DOE intranet letters

2. List the meetings, both in-person and virtual, that your school typically holds with parents throughout the school year, along with your plans for providing interpretation services at those meetings.

Meeting Type (e.g. parent workshops, PTCs)	How do you plan to offer interpretation services? Please outline the procedures and resources in place to ensure timely access to interpretation for parents.
K Registration/Home Language Survey Interview/ ENL Parent Orientation	Bilingual school staff are available to assist with providing interpretations.
Parent Teacher Conferences	We use a bilingual paraprofessional for individual meetings with parents. She or he joins the meeting to facilitate the interpretation between the parent and teacher.
IEP Meetings/PTA Meetings	We use the phone interpretation service.
Parent Workshops	All slide presentations are translated into our 3 main languages (english, spanish, french) In addition, we schedule bilingual staff to be in attendance to support translation needs.
Graduation/Step Up Ceremonies	School staff translates as needed
ENL Annual Parent Meetings	We utilize bilingual staff to translate at meetings as needed or utilize the google translate app.

3. Describe the resources and processes your school will use to communicate with parents who speak a language other than English during an emergency (e.g., lockdown, fire, student attendance, nurse/hospital visit, etc.), or when a parent needs to contact the school in an emergency, ensuring communication is in their preferred language.

To reach limited English proficient families in the event of a school-wide emergency, we use our bilingual or multilingual school staff members or the over the phone interpretation system to communicate with families. We also use Class Dojo notifications to share information about emergency situations or events as families are able to read the message in any language they choose. In addition, we use the GAMA system and the multilingual messenger service which disseminates messages to families in all preferred languages within minutes. Lastly, we update our school website with landing page ticker tape messages as well as our digital message board in the front marquee of the school in multiple languages.

Part D: Staff Awareness

Staff Awareness

Plan to ensure staff awareness of language access requirements and available resources.

1. Describe how your school will ensure that all staff members complete the required asynchronous NYCPS Language Access Training for School-based Staff on the WeLearnNYC learning platform, and are familiar with the Best Practices for When to Provide Translation of Critical Written Communications to Parents and Best Practices for When to Provide Interpretation for Critical Oral Communications with Parents. Additionally, explain how your Galaxy-designated LAC will disseminate future language access resources and updates to all staff members.

To ensure that all staff members complete the required training and are familiar with best practices, time will be allocated for training and this information will be shared with staff during the initial faculty conference at the beginning of each school year. School staff will have access to emergency contact cards for every student in the school to identify the preferred language of communication, both written and spoken. In addition, staff will also have access to the RAPL report to understand the preferred language of communication. Lastly, our internal school information portal, Bedell Buzz Central, will include a tab solely for MLL resources and updates where all relevant language access resources will be housed for ease of access.

Part E: Parental Notification

Parental Notification

Provision of notice to parents on the available language assistance services.

1. Describe how your school will inform parents about available language assistance services in their preferred language. Include any of the following:

- **Translated signage**
- **Brochures, flyers, or letters shared with parents**
- **Parent engagement events where language assistance services are highlighted (e.g., PTA meetings, international parents' night, etc.)**
- **Messaging applications**

- Language Access for NYC Public Schools Families brochure

The Multilingual Welcome poster will be posted in a prominent position in the library near the security desk, as well as in the main office for parents to view upon arrival. The office staff will ask parents for their preferred language upon arrival. The PC will distribute multilingual brochures, flyers and letters to parents throughout the school year. Parents will always be asked for preferred language when signing up to attend any meetings or workshops. The parent's Bill of Rights and Guide to Language Access will be sent home at the beginning of the year. Parents will also be provided with the NYC DOE Family Website and Public Facing Info hub for access to links and translated documents.

Part F: Monitoring

Monitoring

Methods for soliciting and implementing feedback on language assistance services.

1. In addition to the feedback received from parents via OLA's Translation & Interpretation Feedback Survey, describe the methods your school will use to gather feedback from parents regarding the language assistance services they receive in their preferred language.

A link to google forms with pertinent questions will be sent via Class Dojo to parents so they can provide feedback around language services they receive.

2. How has your school worked to improve its language assistance services? Share any feedback results and outline your plans for further improvements in the upcoming school year.

After receiving feedback from parents, we have improved language services by providing translation on all materials. In addition, prior to meetings or workshops, we have families complete a form to indicate if they require translation services in order to attend and make arrangements for that based on need.

Title III Outline

Title III Supplemental Program for ELLs for SY 2025-26

REQUIREMENTS

Title III supplemental services for English Language Learners (ELLs) must include the following three components:

- **Direct instruction** activities must be used to support language development, English and home language instruction, high academic achievement in math, and/or high academic achievement in other core academic areas. The Title III supplemental instructional services must be based on student need. These supplemental services should complement core bilingual and ENL services required under CR Part 154. Direct supplemental services should be provided for before school, after school, and Saturday programs. Teachers providing the services must be bilingual education and/or English for Speakers of Other Languages (ESOL) certified teachers.
- High quality **professional development** that is "of sufficient intensity and duration to have a positive and lasting impact on the teachers' performance in classrooms." Professional development activities should be well-planned, ongoing events rather than one-day or short-term workshops and conferences.
- **Parent engagement and supports** must ensure that there are appropriate translation and interpretation services to meet community needs. These are in addition to mandated activities, such as parent orientation during ELL identification process or annual ELL parent meetings.

Note: The Title III ELL program planning ratio is as follows: 60% to direct instruction, 10% to professional development (if funded using Title III ELL funds), 10% to parent engagement (if funded using Title III ELL funds), and 20% to OTPS (if funded using Title III ELL funds).

For more information on Title III requirements, please see the School Allocation Memo or contact your ML/ELL Director or ELL Compliance and Performance Specialist. Any updates or revisions to this plan must be made through the iPlan portal.

Part A: School Information

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Part B: Direct Instruction Supplemental Program Information

The direct instruction component of the program will consist of (select all that apply):

,Saturday Academy,After School

Total number of ELLs to be served in this program:

27

Grades to be served in this program. Select all that apply.

,K,1,2,3,4,5

Total number of teachers in this program:

4

Number of certified bilingual education or ESOL teachers (include teachers that are dually certified with TESOL certification/bilingual extension & common branch/content area certification):

2

Number of content area teachers (i.e., teachers that have common branch/content area licenses only):

2

Title III ELL Summary

Provide a summary of each program funded under Title III ELL for SY 25-26: For each program, describe:

- **When the program takes place (i.e., after school, before school, Saturday academy)**

- **Activities ELLs will engage in and how these activities will enhance instructional opportunities for ELLs**
- **How ELLs will be grouped for instruction and specify the number of student groups. Include total number of student groups and total number of ELLs in each group, for each program**
- **How instruction will be delivered (e.g., team teaching, parallel teaching, etc.)**
- **How the program will be supervised and whether this will be funded by Title III ELL. Please note: If supervision will be funded using Title III ELL funds, you must include the supervisor's regular work day hours and the hours the supervisor will get paid per session.**

The early childhood program will take place on Saturdays running simultaneously with our current Saturday Academy Program. There will be two student groups for this program. One group will consist of ELLs in grades K-2 who are entering or emerging which is currently a total of 5 students. The second group will consist of ELLs in grades K-2 who are Transitioning and expanding which is currently a total of 8 students. This program will focus on foundational literacy skills, including phonemic awareness and phonics for the entering and emerging ELLs in K-2 in order to increase letter naming fluency, first sound fluency, phoneme segmentation and vocabulary acquisition. In addition, it will focus on providing opportunity to enhance time spent on the speaking modality in a setting with like peers as data indicates this is an area of need. The program will run in a team teaching and/or Parallel teaching model where students rotate through various activities connected to the four modalities with teacher. The program will be supervised by Assistant Principals and Title III funds will be used towards per session for teaching staff ONLY.

The upper grade program will take place after school during our current Learning Festival Program up to 3x per week. All ELLs in grades 3-5 who are transitioning, expanding, or commanding will be included in the program and grouped together. The current total based on enrollment is 14 students. This program will focus on direct instruction of reading comprehension skills in various formats, such as reader's theatre as a way to enhance all four modalities using both a team teaching and/or parallel teaching model. The program will be supervised by Assistant Principals and Title III funds will be used towards per session for teaching staff ONLY.

Rationale for Title III ELL Funded Programs

Describe the rationale for each Title III ELL funded program. For each program, include:

- **Qualitative and quantitative data analysis that support the need for program, and**
- **Data sources used to justify the need for the program**

The Saturday Academy for early childhood ELLs is being established based upon a review of student results on I-Ready Diagnostics and Acadience. Based on that data, 33% of entering and emerging Kindergarten students are one grade level below, 83% of the entering and emerging grade 1 students are one grade below level, and 63% of entering and emerging grade 2 students are one level below. For all of these students, they are demonstrating below level proficiency in the areas of phonemic awareness and phonics.

The after school Learning Festival for upper grade ELLs is being established based upon a review of student results on I-Ready Diagnostics. Based on that data, the transitioning and commanding grade 3 students are all one grade level below, the transitioning and commanding grade 4 students are one grade level below, and the transitioning and commanding grade 5 students are all two or more levels below. For all of these students, they are demonstrating

below level proficiency in the areas of vocabulary and literal/informational comprehension.

Students and Grade Levels to be Served

For each Title III ELL funded program, describe the students that will be served. Include:

- **Total number of ELLs for each program,**
- **Grade levels for ELLs in program, and**
- **ELL Subgroups (e.g., Newcomer) and/or proficiency levels (e.g., Entering, Emerging, etc.).**

Saturday Academy for K-2 students will consist of 2 groups of ELLs. One group is for students who are entering and emerging. The other group is for students who are expanding and Transitioning. This will reach a total of 13 students.

Learning Festival for 3-5 students will consist of one group of ELLs who are transitioning, expanding and commanding. This will reach a total of 14 students.

There will be one ESOL or bilingual extension teacher and a common branch teacher working with the K-2 group and a teacher with ESOL bilingual extension and a common branch teacher working with the 3-5 group.

Schedule and Duration

For each Title III ELL funded program, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of the week the program will be offered, and**
- **Time and duration of sessions.**

The Saturday Academy for K-2 students will run approximately 16 weeks on Saturdays beginning January 24, 2026 through May 30, 2026. Each session will run for 2 hours beginning at 9 am and ending at 11 am.

The Learning Festival for 3-5 students will run approximately 16 weeks on Tuesdays, Wednesdays and Thursdays beginning the week of January 19, 2026 through May 16, 2026. This will run 2 hours per day from 2:30pm-4:30 pm. This program does not run on the same days as our Monday PL sessions therefore, we have teaching staff available to teach.

Language of Instruction

For each Title III ELL funded program, include language of instruction and how home language support is provided.

Each program will be instructed in English with ELL supports as provided by the instructor. Home language support will be provided by way of translated documents, use of ipad, word walls and visuals.

Number and Types of Certified Teachers

For each Title III ELL funded program, include number and type(s) of certified teachers (e.g., ESOL, bilingual, content area):

The K-2 Saturday Academy will include 1 ESOL or bilingual teacher and a common branch teacher. The 3-5 Learning Festival will include 1 bilingual teacher or ESOL teacher and 1 common branch teacher.

Types of Materials

For each Title III ELL funded program, include:

- **Types of materials,**
- **Titles and publishers of main supplemental materials,**
- **Location where purchased materials will be stored, and**
- **Whether materials will be purchased using Title III ELL funds. Please note: If materials are purchased using Title III ELL funds, they cannot exceed 20% of the total allocation.**

The K-2 Saturday Academy will utilize supplemental IRLA foundational toolkits and Benchmark Education Reader's Theatre materials . The 3-5 Learning Festival program will utilize supplemental National Geographic Materials from Core Curriculum as well as Voyager Passport and Benchmark Reader's Theatre. These materials are at no cost to the Title III funds as the school already has them.

Implementation Plan and Maintaining Records

- **Describe your school's plan for implementation (e.g. when and how parents/guardians will be notified about the program(s)).**
- **Describe how your school will maintain records of your school's Title III ELL funded program, including evidence of parent notification in their preferred languages, student attendance records, evidence of teacher certifications for teachers supporting the program, record of parent engagement activities, records of professional development activities, purchase orders and invoices to date. For additional information, please refer to the Title III ELL FAQ.**

We will communicate plans for the program to families through ClassDojo as well as by email paper invitation approximately 2 weeks prior to the start of each program. All forms of communication will be provided in the language required by the family based on the home language survey. We will track attendance and participation in the program on a weekly basis on an in-house google excel sheet. This excel sheet will also contain student data on BOY and MOY ELA I-Ready and/or Acadience by domain and/or testing measure. This will be updated with EOY data to note progress and impact of the programs. We will also have individual folders for each student participating in the program to compile a portfolio of work. Student progress will be translated in the needed languages to provide to families.

All pertinent organizational information associated with each program will be included on a Program Plan excel sheet that will include schedules, assigned staff information and any pre-service training that takes place.

The Saturday Program and the Learning Festival will be supervised by an assistant principal at no cost to Title III funds as it will be running simultaneously with another program.

Part C: Professional Development

Professional Development Summary

Provide a summary of your school's plan for professional development under your Title III ELL program. Please make sure to describe:

- **Professional development to be provided,**
- **Activities that teachers will engage with by topic, and**
- **Whether the professional development provided will be funded by Title III ELL funds. Please note: If PD will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of PD and must not exceed 10% of the total allocation.**

Because of our growing ELL population, we are looking to support our teaching staff with opportunities to learn strategies and practices to support our ELLs in both literacy and math instruction. Teachers who work in our Dual Language program as well as those who have ELLs in their classes will be prioritized to received this professional development. The professional development plan will include sessions on the following: utilizing translation and accessibility tools for ELLs, using Writables in HMH for NYSESLAT preparation, using Adaptations in HMH for small group instruction, understanding each proficiency level and what students at each of those levels CAN do using the Can Do Descriptors by Domain, Proficiency Level, and Key Use of Language, how to incorporate language objectives into literacy lessons, and how to provide supports and scaffolds to ELL students. These professional learning sessions will be provided by the ENL teacher and/or our MLL District Liaison. PD will be at no cost. Where applicable, outside professional learning sessions offered by the city such as "Cross-Linguistic Practices" may be attended by the teachers during the school day. If this occurs, Title III funds will be used to cover costs of per diem.

Rationale for Professional Development

Describe the rationale for the professional development to be provided. For each activity, include:

- **Qualitative and quantitative data analysis (e.g., patterns and trends identified) that support the need for the professional development, and**
- **Data sources (e.g., school survey teacher responses, in-house teacher surveys, teacher observation data) used to justify the professional development.**

In previous years, the teachers of ELLS in the general education setting mostly had informal professional learning about ELL instruction through collaborating with our ELL teacher and limited or infrequent formal school led or outside professional learning focused solely on ELLS. As a result of 2024-2025 school year efforts, teachers have begun to make intentional planning decisions for ELLs, both in core instruction and in small group instruction and

have inquired about how to maximize the use of HMH resources to teach ELLs. In other conversations with teachers about ELLs or during teacher observations, it has been noted that ELLs need more opportunities to engage in other modalities that they will be assessed on in NYSESLAT. One pitfall has been that teachers do not all understand expectations for each of the modalities or how to pinpoint a focus area for small group instruction based on their NYSESLAT data and the modalities. Time spent expanding this learning would benefit teachers. Lastly, teachers are many times unsure of how to meet the needs of their ELLs in order to access grade level content. In addition, according to EOY I-Ready data, 9/33 of our ELLs placed on grade level, 18/33 of our ELLS placed one grade level below and 5/33 placed two or more grade levels below. Progress is being made as last year only 2 of our ELLS placed on grade level at EOY therefore continued PL will allow further growth.

Teachers to Receive Professional Development

Include information on the teachers to receive professional development. Please specify how all teachers working in the Title III ELL program will receive ongoing professional development related to the Title III ELL program.

Teachers who work in our Dual Language program and our ESOL teachers, as well as those who have ELLs in their classes will be prioritized to received this professional development as . In addition, any teacher who works the Saturday Academy for K-2 ELLs or Learning Festival for 3-5 ELLs will be included in the professional learning.

Schedule and Duration

For each Title III ELL professional development activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

From October through January, professional learning will be held on Mondays during our school wide professional learning time 1-2 times a month and will be built into our PL calendar. These initial 8 sessions will run for 60 minutes each time. During February through May, the subsequent 8 professional learning sessions will be geared towards the staff who will be teaching the Saturday Academy for K-2 ELLS and Learning Festival for 3-5 ELLs to design and plan program instruction applying the learning from October through January into their plans.

Topics to be covered

For each Title III ELL professional development activity, include topics to be covered.

Understanding each proficiency level and what students at each of those levels CAN do using the Can Do Descriptors by Domain, Proficiency Level, and Key Use of Language, how to incorporate learning objectives into literacy lessons, and how to provide supports and scaffolds to ELL students. Exploration of resources to be used in

the Saturday Academy program and Learning Festival and to learn how these resources can be used to teach into the modalities.

Name(s) and Title(s) of Provider(s)

For each Title III ELL professional development activity, include name(s) and title(s) of provider(s).

Magdalena Samuels, ENL Teacher
Ermenita Aleko, ENL Teacher
Wendy Davis, Assistant Principal
Evelyn Florentino, DL Teacher
Amanda Clarke, Teacher
Samantha Jodha, Teacher

Maintaining Records

Describe your school's plan for maintaining documentation (e.g., agendas, attendance sheets) of all professional development provided as part of your Title III ELL plan; please specify which activities were funded by Title III ELL funds.

Our professional development plan will be documented on our school wide professional learning calendar. This will include all dates, topics and facilitators for the sessions. Attendance for participants will be tracked on a google form. In addition, all google slide presentations and resources will be linked to our professional learning calendar and will be archived in our Professional Learning library in our school hub, Bedell Buzz Central.

Part D: Family Engagement Activities

Family Engagement Summary

Provide a summary of your school's family engagement activities under your Title III ELL program. Describe the activities that families of ELLs will engage with by topic. Please make sure to include whether the activities will be funded by Title III ELL funds.
Please note: If family engagement activities will be funded by Title III ELL funds, vendor cost is calculated as part of OTPS and must not exceed 20% of the total allocation; teacher per-session is calculated as part of family engagement and must not exceed 10% of the total allocation.

The overall aim of our school is to establish clear expectations and objectives for meaningful parent and family engagement in the school community. PS 354, is responsible for creating and implementing parent and family engagement opportunities to strengthen the connection and support of student achievement for our ELLs and their families. We intend to create 1-2 Bilingual Parent Liaisons who can be in attendance at all assemblies, parent workshops and meetings as a support for families of English Language Learners.

The school will provide parent workshops for parents to promote their learning of the English language as well as family events to learn about and engage with their child on foundational literacy skills using both Estrellita (for spanish speaking families) and Fundations. Both of these activities will equip the families with a better command on the English language as well as strategies to practice foundational literacy skills with their child. This will be at cost for Title III funds as we will pay ESOL and bilingual teachers per session to facilitate the sessions.

Rationale for Family Engagement Activities

Describe the rationale for the family engagement activities to be provided: For each activity, include:

- **Qualitative and quantitative data analysis (e.g., reasons for topics, time activities will be offered), and**
- **Data sources (e.g., parent survey responses, in-house parent surveys, PTA/PA request, etc.) used to justify the need for activities.**

The connection between home and school is vital for students to make academic progress. ELLs are at a disadvantage in making progress in the English language and reading proficiency if their guardians are not English proficient as they are not as equipped to support their child and rely on the school for instruction. In review of ELL parent attendance at current workshops, attendance continues to be minimal despite advertising in multiple languages and offering translation services. Therefore, by designing opportunities for families of ELLs only, participation and attendance by that subgroup may increase. Parent workshops and family engagement opportunities would support our families in becoming more English proficient themselves, which would in turn

support student outcomes. The parent workshops would be scheduled for weekday mornings when we have multiple staff members available for translation. Family engagement events would be held after school and/or on Saturdays after pick up from our Saturday Academy for K-2 and Learning Festival for 3-5.

The school's Parent and Family Engagement Policy was designed based upon a careful assessment of the needs of all parents/guardians, including parents/guardians of Multilingual Learners/English Language Learners. The school community, with the meaningful involvement of parents and family members, will conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy with the SLT to improve the academic quality of the school. The findings of the
evaluation through school surveys and feedback forms will be used to design strategies to more effectively meet the needs of parents and family members and enhance the school's Title III program. This information will be maintained by the school.

Schedule and Duration

For each Title III ELL family engagement activity, include:

- **Start and end dates/months,**
- **Total number of sessions,**
- **Days of sessions, and**
- **Time and duration of sessions.**

PS 354 would hold a maximum of 2 parent workshops per school term after school and 2 family engagement events during the Saturday Academy/Learning Festival time frame. Each workshop and family engagement opportunity would run for 90 minutes. The parent workshop for Saturday Academy is tentatively scheduled for Saturday, March 7, 2026 from 9:00 am-10:30 am. The parent workshop for the Learning Festival program is tentatively scheduled for Wednesday, March 11, 2026 from 3:00 pm-4:30 pm.

Topics to be Covered

For each Title III ELL family engagement activity, include topics to be covered.

- NYSESLAT composition with a focus on supporting the improvement of listening, speaking, reading and writing skills while studying themes or content areas as our ENL students do in standalone instruction. Themes may vary. For example, workshops might focus on the theme of school, learning the words for different areas in the school, the people who work in the school, and the language for describing different subjects being learned in school.
•providing materials and training to help parents work with their children to improve their achievement level, e.g., literacy, math and use of technology;
•providing parents with the information and training needed to effectively become involved in planning and decision making in support of the education of their children;
•fostering a caring and effective home-school partnership to ensure that parents can effectively support and monitor their child’s progress;
•providing assistance to parents in understanding City, State and Federal standards and assessments;
•sharing information about school and parent related programs, meetings and other activities in a format, and in languages that parents can understand;

Name(s) and Title(s) of Provider(s)

For each Title III ELL family engagement activity, include name and title of provider(s) (e.g., vendor, community-based organization, school staff name in charge of facilitating the parent engagement activities described in this section).

Magdalena Samuels, ENL teacher
Ermenita Aleko, ENL teacher
Evelyn Florentino, Dual Language teacher
Wendy Davis, Assistant Principal
Amanda Clarke, teacher
Samantha Jodha, teacher

Family Notification of Activities and Translation and Interpretation Supports:

Describe:

- **How families will be notified of Title ELL family engagement activities (e.g., phone calls, emails),**
- **How notification of activities will be translated into parent/guardians' preferred language, and**
- **How interpretation supports will be provided at events.**

All ELL family engagement opportunities are advertised by flyers which are translated into both Spanish and Haitian-Creole. In addition, these flyers are posted on Class Dojo with messages that families may read in their native language. Translation services will be provided at each event by utilizing bilingual staff to provided on site translation. The title III funds will be used to pay them per session.

Maintaining Records

Describe how your school will maintain documentation (e.g. agendas, attendance sheets) of family engagement activities and notifications to families.

In the PS 354 ENL folder in the shared google drive, we will maintain copies of all flyers for Title III Family Engagement events, all pertinent presentations and supporting resources, as well as attendance sheets.

Part E: Budget

FOR SCHOOLS NOT CONCEPTUALLY CONSOLIDATED ONLY. Ensure that your Title III ELL budget matches your Title III ELL Plan as described in Parts B, C, and D.

This school is (select one):

Conceptually consolidated (skip part E Budget below)

Allocation Amount ($):

20,000
